Correction to: *Communications Physics* <https://doi.org/10.1038/s42005-020-0324-4>, published online 26 March 2020.

The Data availability statement of this article has been modified to add the accession link to the raw data. The old Data availability statement read “Materials and data that support the findings of this research are available within the paper. All data are available from the corresponding author upon request”. This has been replaced by “Materials and data that support the findings of this research are available within the paper. The raw data have been deposited at <https://zenodo.org/record/4589484#.YEoEOy1Y7Sd>”.

This has been corrected in both the HTML and PDF version of the article.
