621 West State Street
Jacksonville, Florida

Gentlemen:

We have your letter of May 4th stating that Mrs. Carrie Walker advised you that the insurance would bear the expenses in connection with the burial of Arthur Walker. This is to inform you that the only communication we made to Mrs. Walker was to the effect that we understood that the beneficiary of the insurance policy would take care of these expenses. As to whether this will be done or not we are not in a position to state. We shall, however, pass your charge to the beneficiary at the proper time for such attention as she may desire to give it.

Yours truly,

WEIRTON STEEL COMPANY

Assistant Treasurer
