17:00-18:30	CFA Physiotherapy Group Physiotherapy Forum			

Thursday 15 June 2023

7:00	Breakfast Session - Risky business - Building a unified approach to assessing UTIs risks factors Presented by Kylie Wicks	
	Sponsored by  Coloplast	
8:30	Welcome to Country	
8:40	Opening and welcome	
Plenary Session 1 - New Frontiers Chairpersons - Eric Chung, Ashani Couchman		
9:00	Angela Rantell - STATE OF THE ART - Female incontinence, change in practice with lack of mesh	
9:20	Alexandra Mowat UGSA LECTURE Options in a meshless era 	
9:40	Paul Hodges - Male continence mechanism - a research update in 2023	
9:55	Howard Goldman - Male incontinence surgery: An update on the 7th International Consultation on Incontinence	
10:15	Q&A	
10:30	Morning Tea with Industry (Exhibition Hall)	
Concurrent Session 2A: Ageing - Considerations In Continence Chairpersons - Leigh Pretty, Michael Wishaw		
11:00	Michael Murray - Note to my younger self	
11:20	Lewis Chan - The ageing bladder- implications for clinical practice USANZ Lecture 	
11:40	Amanda Chung - Histological and ultrastructural changes to the lower urinary tract with ageing	
11:55	Howard Goldman - STATE OF THE ART OAB and anticholinergics: Does treating the bladder put the brain at risk	
12:20	Treasure McGuire - Management of the older person: identifying harm from polypharmacy	
12:30	Lunch with Industry, including e-Poster presentations commencing at 1.00pm (Exhibition Hall)	
Concurrent Session 2B: Male LUTS Chairpersons - Anna Lawrence, Vincent Tse		
11:00	Francisco Martins - Advances in urogenital trauma and reconstruction	
11:20	Janelle Brennan: Over and underactive bladder: Is BPE the culprit and what can be done	
11:35	Debate: Surgical treatment for an 80g prostate in a 50 yr old sexually active male INTRO	
11:40	Mariolyn Raj - Urolift	
11:50	James Aspinall - Rezum	
12:00	Eric Chung - Apical-sparing TURP	
12:10	Debate findings and vote	
Concurrent Session 3A: Neurogenic Bladder and Bowel Dysfunction Chairpersons - Samantha Pillay, Janie Thompson		
13:30	Jalesh Panicker - STATE OF THE ART Nocturia and nocturnal polyuria in neurological patients: from epidemiology to treatment. A systematic review of the literature	
13:50	Angela Khera - Behavioural treatment/physio for functional bowel symptoms in inflammatory bowel disease.	
14:05	Phil Dinning - The Role of neuromodulation in bowel dysfunction	
14:20	Angela Rantell - The role of Botox in neurogenic detrusor overactivity	
Concurrent Session 3B: Male Plumbing 101 - New evidence Chairpersons - Stephen Brough, Elizabeth Dally		
13:30	Francisco Martins - Posterior urethral obstruction: Lower urinary tract reconstruction 101	
13:50	Irmna Nahon - Role of pelvic floor physiotherapist in male pelvic dysfunction	
14:05	Selma van Diest - Chronic male pelvic pain syndrome - a psychologist's perspective	
14:20	Q&A	

14:40	Jalesh Panicker - LUTS in Parkinson's Disease	14:25	Debate: Surgical treatment for a post-prostatectomy incontinent male with a 24-hour pad weight of 500ml (What does the MASTER trial tell us?)
		14:30	Giovanni Losco - Male sling
		14:45	Sophie Plagakis - Artificial urinary sphincter
15:00	Afternoon Tea with Industry (Exhibition Hall)		
	Plenary session 4 - Male Pelvic Floor and Enlarged Prostate Chairpersons - Hayley Irving, Giovanni Losco		
15:30	Eric Chung - Minimal invasive prostate surgery: Hype or hope for BPH patients?		
15:40	Paul Hodges - Male pelvic floor: Diagnostic assessment and pelvic physiotherapy		
15:50	Andrew Fuller - Robotic Surgery for the enlarged prostate		
16:00	Kerry Santoro - The bladder - beyond medical or surgical therapy: Role of a nurse		
16:10	Panel Case discussion		
16:40	Abstract Podium Presentation - Alanna Barwood - Testing the convergent validity of the Pelvic Pain Psychological Screening Questionnaire (3PSQ): An observational, cross-sectional study.		
16:47	Abstract Podium Presentation - Giovanni Losco - Suprapubic catheter usage - A simple catheter usage - A simple procedure, but is it so?		
17:00	Welcome Reception (Exhibition Hall)		

Friday 16 June 2023

7:00 Breakfast Session - Sacral Neuromodulation Therapy for Functional Urology
Presented by Chris Rosewarne

Sponsored by **Medtronic**

Plenary Session 5 - Female Pelvic Floor & POP Chairperson - Tory Toogood, Ian Tucker

8:30 Helena Frawley - Pelvic Floor Assessment 101

8:45 Warren Lo - Clinical assessment and diagnosis of POP : Implications on treatment options

9:05 Angela Rantell - Best practice in the use of vaginal pessaries for POP - the international perspective

9:20 Trish Neumann - Pessary guidelines and Management - the Australian perspective

9:35 Vincent Tse - Surgical management of prolapse

9.55 Howard Goldman - Complication of prolapse surgery

10:20 Q&A

10:30 Morning Tea with Industry (Exhibition Hall)

Concurrent session 6A
Transition - Considerations and Challenges
Chairpersons - Ashani Couchman, Terri Poulton

11:00 Howard Goldman - Neurophysiology of micturition and its clinical implications in teenagers

11:25 Lisa Naeher - Teenage Spinal Cord injury - the teenager in the wheelchair

11:40 Ashani Couchman - How to decide when to operate?

11:55 Katelin Gunn - Consumer story

12:15 Stephanie Kotes - Lessons learned or could have learnt - are we exposed to enough adolescent urology?

12:30 Lunch with Industry, including e-Poster presentations commencing at 1.00pm (Exhibition Hall)

Concurrent session 7A - Pelvic Floor Pot Pourri
Chairpersons - Helena Frawley, Christine Murray, Jenny Phillips

13:30 Abstract Podium Presentation - Kevin Yinkit Zhuo - How to prevent urinary tract infections: what is online video content teaching our patients?

13:37 Abstract Podium Presentation - Bernadette Dellar - A novel method to assess female voiding.
Is transpubic sonography a reliable assessment of functional voiding in asymptomatic females?

13:44 Abstract Podium Presentation - Oliver Daly - Clinical practice trends in pelvic floor procedures: survey results from the Australasian Pelvic Floor Procedure Registry

Concurrent session 6B
- FUS 'Decision Time !'
Chairpersons - Dominic Lee, Audrey Wang

11:00 Sophie Plagakis - Should I offer concomitant Botox and SUJ procedures in women ?

11:15 Ailsa Wilson-Edwards: Drug refractory OAB - SNM or Botox or both ?

11:30 Q&A

11:40 Francisco Martins - Female BOO from urethral stricture: Surgical options

11:55 Howard Goldman - Is urodynamics indicated prior to female and male sling surgery?

12:10 Q&A

12:20 Abstract Podium Presentation - Judith Thompson - Evaluating the content validity of the 3PSQ in people with persistent pelvic pain: A mixed method cross-sectional study.

12:27 Abstract Podium Presentation - Christian Moro - Are muscarinic agonists and acetylcholinesterase inhibitors effective for the treatment of underactive bladder?

Concurrent session 7B - FUS: Surgical Masterclass
Chairpersons - Lewis Chan, Sophie Plagakis

13:30 Howard Goldman - STATE OF THE ART - Management of transvaginal mesh erosion into the urethra

13:51	Abstract Podium Presentation - Frances Harley - Early experience of transabdominal and novel transvaginal robot-assisted laparoscopic removal of transvaginal mesh	13:50	Dominic Lee - Robotic sacrocolpopexy and Re-Do : Caveats and pearls
13:58	Abstract Podium Presentation - Robyn Brennan - Feasibility of pelvic floor muscle training delivered via telehealth to treat urinary and/or faecal incontinence after gynaecological cancer surgery: a single cohort feasibility study		
14:05	Abstract Podium Presentation - Amelia Mardon - What pain science concepts are important to females with persistent pelvic pain? A reflexive thematic analysis	14:05	Henry Yao - Open bladder neck reconstruction after prostate cancer treatment
14:12	Abstract Podium Presentation - Jodie Dakic - Experience of playing sport/exercising for women with pelvic floor symptoms: A Qualitative study	14:15	Q&A
14:19	Abstract Podium Presentation - Robyn Brennan - The natural history of pelvic floor disorders before and after hysterectomy for gynaecological cancer		
14:26	Abstract Podium Presentation - Amelia Mardon - What pain science education concepts for persistent pelvic pain: an e-Delphi study of expert clinicians	14:22	Francisco Martins - Managing the Male AUS cuff erosion in radiated patients - When to salvage and when to divert?
14:33	Abstract Podium Presentation - Alexandra Emerson - Functional outcomes 12 months post full mesh removal – a retrospective analysis of a single centre		
14:40	Abstract Podium Presentation - Melissa Harris - Australian health care practitioners providing pessaries for women with pelvic organ prolapse: a survey of practice.	14:37	Ashani Couchman - Mitrofanoff - A Lost art? - Surgical pearls
14:47	Abstract Podium Presentation - Nives Zerafa - Benefits of co-design with consumers to develop a no-language resource on incontinence		
14:54	Abstract Podium Presentation - Ruth Snider - An Australasian primary care clinical practice pathway for uncomplicated recurrent urinary tract infections in women	14:52	Q&A
15:00	Afternoon Tea with Industry (Exhibition Hall)		
Plenary session 8 - Pearls of Pain Chairpersons - Patricia Neumann, Judith Thompson			
15:30	Susan Evans - Neuroimmune connections between pelvic visceral organs including the bladder and the central nervous system		
15:45	Tonia Mezzini - Pearls of sexual pain		
16:00	Irina Hollington - Chronic pain specialist approach: insights into prescribing and interventional procedures for pelvic pain		
16:15	Sonia Scharfbillig - Pearls of physiotherapy management of pelvic pain		
16:30	Case base discussions (Susan Evans, Tonia Mezzini, Irina Hollington, Sonia Scharfbillig)		
17:00	Close		
19:00-23:00	Gala Dinner (Adelaide Convention Centre)		

Saturday 17 June 2023

Plenary session 9 - UTI and Gut Microbiome, Antibiotic Stewardship

Chairpersons - Christian Moro, Michael Murray

9:00	Angela Rantell - How can we improve investigation, prevention and treatment for recurrent urinary tract infections - ICI-RS 2018
9:25	Patricia Kaazan - Constipation and defecatory disorders
9:40	Ashani Couchman - UTI risk in SPI: A Retrospective Review
9:55	Q&A
10:00	Morning Tea & Exhibition

Plenary session 10 - Radiology/ Oncology Chairpersons - Liza Lau, Ian Tucker

10:30	Francisco Martins - Complex urinary fistulae conditions in males: State of the Art Management
10:55	Bridgid Connolly - MRI of the Pelvic Floor
11:10	Lewis Chan - Pelvic Floor mesh assessment with ultrasound
11:25	Kerry Santoro - Cancer Survivorship - Challenges for the oncological nurse
11:40	Q&A
11:45	Closure of NCOI program and announcements of awards
12:00	Lunch

Plenary session 11 - FUS Program - Research Science Chairpersons - Jang Kim, Vincent Tse

13:00	Yao-Chi Chuang - PPCS Lecture New Frontiers of Extracorporeal Shock Wave Medicine in Urology from Bench to Clinical Studies 
13:20	Luke Grundy - Nerves, Channels, Receptors - The Bladder Pain Story
13:35	Betty Exintaris - Oxytocin and Lower Tract Function
13:50	Russ Chess-Williams - How does psychological stress influence the micturition pathway and the bladder itself?
14:05	Q&A
14:20	Henry Yao - Systematic Review of Management of Apical Prolapse
14:35	Lewis Chan - Longitudinal changes in urinary symptoms and continence in ageing men - data from the CHAMP study
14:50	Amanda Chung - Does structure Correlate with Function : A study on the Underactive Detrusor
15:05	Nishal Patel: The Vesicourethral-Pubic Symphysis Fistula
15:20	Vincent Tse - Long-term Follow-up of Mesh Use in POP Repairs in the Elderly - Outcome Report up to 15 years
15:35	Q&A
15:45	Closing and adjourn
