This Front Matter is brought to you for free and open access by the Journals at ScholarWorks@BGSU. It has been accepted for inclusion in Mid-Western Educational Researcher by an authorized editor of ScholarWorks@BGSU.

The University of Missouri—St. Louis

MWERA 2007 Conference Retrospective

Keynote Addresses

Call for Proposals for Fall Conference 2008

On the Cover

The University of Missouri St. Louis was established in 1963 as one of four statewide campuses of the University of Missouri system. UM-St. Louis is the largest university in the area and third largest in Missouri. For more than 40 years, the College of Education at UM St. Louis has continued its commitment to preparing high quality professional educators. More than 70 full-time faculty teach in the College, including an unprecedented 14 endowed professors and 11 faculty who share appointments in both the College of Arts and Sciences and the College of Education. The College's award-winning Technology and Learning Center, dedicated solely to serving education students and professionals, offers unmatched opportunities for faculty, students and practicing teachers to use state-of-the-art technologies that improve communications and learning. More than 200 partnerships through research grants and community engagement programs connect students, faculty, teachers, counselors, and parents with local resources, national initiatives and global outreach.

Call for Manuscripts

The Mid-Western Educational Researcher is a scholarly journal that publishes research-based articles addressing a full range of educational issues. The journal also publishes literature reviews, theoretical and methodological discussions that make an original contribution to the research literature, and feature columns. There are four issues of the journal published annually.

The journal is accepting manuscripts for review and possible publication. Manuscripts are submitted to blind reviews by three researchers with knowledge of the literature in the appropriate area. The editors will review the manuscript and make the final decision. The review process requires approximately four months.

Manuscripts are accepted from faculty, students, and professionals working in educational or non-educational settings. Membership in the MWERA is not required in order to submit a manuscript for review. The editors encourage the submission of revised papers that have been presented at the annual meetings of the MWERA, AERA, and other professional organizations.

Graduate Student Section: MWERA and the editors of MWER are committed to mentoring graduate student scholars as they enter their chosen fields. For this reason, MWER has devoted space to publishing accepted manuscripts on which graduate students are the sole or first author. Students submitting manuscripts for the Graduate Student Section should indicate this in the cover letter to their submission. This does not preclude graduate student manuscripts from appearing outside the Graduate Student Section. Graduate student manuscripts undergo the same blind review process as all manuscripts.

All manuscripts must be submitted for review electronically. Submit the manuscript to Dr. Julia Matuga, Submissions Co-Editor, at mer@bgsu.edu as an email attachment. Indicate in the subject line that this is a MWER manuscript. Manuscripts should be formatted as an MS Word document using 12 point Times New Roman font. Manuscripts should conform to the style and format described in the Publication Manual of the American Psychological Association, 5th edition. All manuscripts should be typed, double-spaced, with 1½ inch margins on all sides, and include page numbers. An abstract of fewer than 100 words should accompany the manuscript. The author's name, contact information, and affiliation should appear on the title page only. Submissions typically are less than 20 pages in length, including references, title page, and abstract.

All manuscripts will be acknowledged electronically upon receipt. Please note that authors are responsible to submit manuscripts that are free of grammatical and mechanical errors. Manuscripts will be initially screened for format and fit for the journal by the editors. Appropriate manuscripts will be submitted to blind review. The editors reserve the right to make minor modifications in order to produce a more concise and clear article. Contributors acknowledge by virtue of their submission to the journal that they will consent to have their work available internationally through the EBSCO portal, as per agreement with the MWERA.

Questions regarding the journal should be directed to the Submissions Co-Editor:
