On the Cover

Bowling Green State University (BGSU) has been noted for the quality of its teacher preparation programs since it was founded as a normal college to train teachers in 1910. From the early graduates who taught in one-room school-houses to more recent alumni who are fully prepared to utilize the most modern instructional technologies, BGSU has a distinguished tradition of preparing professional educators who are passionate about what they do.

Today, the College of Education & Human Development (EDHD) offers one of the most comprehensive teacher education programs available in the country. BGSU is fully accredited at all levels by the National Council for the Accreditation of Teacher Education (NCATE), with 8 nationally-ranked teacher education programs. In addition, all of EDHD's programs are fully approved for license granting by the Ohio Department of Education.

EDHD is comprised of the Schools of Teaching and Learning, Intervention Services, Leadership and Policy Studies, Family & Consumer Sciences, and Human Movement Sport and Leisure Studies. With more than 44 undergraduate majors, 25 graduate specializations, and 38 programs leading to State of Ohio licensure, EDHD ranks as the leading provider of initial teacher licensures and total education degrees in Ohio, and is ranked 14th in the number of total education degrees granted in the US. For more information, please visit www.bgsu.edu/colleges/edhd.

Call for Manuscripts

The *Mid-Western Educational Researcher* is a scholarly journal that publishes research-based articles addressing a full range of educational issues. The journal also publishes literature reviews, theoretical and methodological discussions that make an original contribution to the research literature, and feature columns. There are four issues of the journal published annually.

Manuscripts are accepted from faculty, students, and professionals working in educational or non-educational settings. Membership in the MWERA is not required in order to submit a manuscript for review. The editors encourage the submission of revised papers that have been presented at the annual meetings of the MWERA, AERA, and other professional organizations.

In addition, the editors encourage quality graduate student submissions through a devoted section, "Graduate Student Research," for papers authored by graduate students (as either sole or first author). This does not preclude manuscripts authored by graduate students from appearing in the main section of the journal. The submission, review, and publication of manuscripts in this section conform to the descriptions and standards of the journal outlined below. Manuscripts should be submitted electronically with *MWER Graduate Student Manuscript* as the subject line. It is essential to identify yourself as a graduate student to be considered for the Graduate Student Section. Verification of graduate student status will be required if the manuscript is accepted for publication in *MWER*.

All manuscripts must be submitted electronically for review to Dr. Julia Matuga, Submissions Co-Editor, at mer@bgsu.edu as an email attachment. Indicate in the subject line that this is a MWER manuscript. Manuscripts should be formatted as an MS Word document using 12 point Times New Roman font. Manuscripts should conform to the style and format described in the *Publication Manual of the American Psychological Association, 5th edition*. All manuscripts should be typed, double-spaced, with 1½ inch margins on all sides, and include page numbers. An abstract of fewer than 100 words should accompany the manuscript. The author's name, contact information, and affiliation should appear on the title page only. Submissions typically are fewer than 20 pages in length, including references, title page, and abstract.

All manuscripts will be acknowledged electronically upon receipt. Please note that authors are responsible to submit manuscripts that are free of grammatical and mechanical errors. Manuscripts will be screened initially for format and fit for the journal by the editors. Appropriate manuscripts will be submitted to blind review. The editors reserve the right to make minor modifications in order to produce a more concise and clear article. Contributors acknowledge by virtue of their submission to the journal that they will consent to have their work available internationally through the EBSCO portal, as per agreement with the MWERA.

Questions regarding the journal should be directed to the Submissions Co-Editor:
