MID-WESTERN EDUCATIONAL RESEARCHER

• Official Publication of the Mid-Western Educational Research Association •

The Ohio State University — College of Education and Human Ecology

Inspiring innovation in learning and living

On the cover
The Ohio State University—New College, New Vision

The new College of Education and Human Ecology at The Ohio State University was established in July 2007, creating a deep talent pool to solve some of the world's most complex problems. We are building a rigorous, comprehensive, multi-faceted program enlivened by a global perspective.

Our combined resources are available to solve societal issues that affect quality of life. With our college's wide range of academic strengths, we have the ability to spark new solutions through research and outreach, and to imagine new possibilities for schools, consumers and communities.

Our visionary, holistic approach, particularly in urban settings, in turn will aid schools in providing outstanding educational experiences. We are leveraging our tradition of embracing diversity and our strengths in teaching, nutrition, early childhood development, family sciences and housing.

Call for Manuscripts

The *Mid-Western Educational Researcher* is a scholarly journal that publishes research-based articles addressing a full range of educational issues. The journal also publishes literature reviews, theoretical and methodological discussions that make an original contribution to the research literature, and feature columns. There are four issues of the journal published annually.

The journal is accepting manuscripts for review and possible publication. Manuscripts are submitted to blind reviews by three researchers with knowledge of the literature in the appropriate area. The editors will review the manuscript and make the final decision. The review process requires approximately four months.

Manuscripts are accepted from faculty, students, and professionals working in educational or non-educational settings. Membership in the MWERA is not required in order to submit a manuscript for review. The editors encourage the submission of revised papers that have been presented at the annual meetings of the MWERA, AERA, and other professional organizations.

Manuscripts may be submitted for review electronically. Submit the manuscript to Deborah Bainer Jenkins, Co-Editor, at mer@westga.edu as an email attachment. Indicate in the subject line that this is a MWERJ manuscript. Manuscript should be formatted as a MS Word document using 12 point Times New Roman font. Manuscripts should conform to the style and format described in the *Publication Manual of the American Psychological Association, 5th edition*. All manuscripts should be typed, double-spaced, with 1 ½ inch margins on all sides, and contain page numbers. An abstract of less than 100 words should accompany the manuscript. The author's name, contact information, and affiliation should appear on the title page only. Submissions typically are less than 20 pages in length, including references, title page, and abstract.

All manuscripts will be acknowledged electronically upon receipt. Please note that authors are responsible to submit manuscripts that are free of grammatical and mechanical errors. Manuscripts will be initially screened for format and fit for the journal by the editors. Appropriate manuscripts will be submitted to blind review. The editors reserve the right to make minor modifications in order to produce a more concise and clear article. Contributors acknowledge by virtue of their submission to the journal that they will consent to have their work available internationally through the EBSCO portal, as part of an agreement with the MWERA.

Questions regarding the journal should be directed to the co-editors listed below.
