Americans With Disabilities Act Amendments Act

The Americans with Disabilities Act Amendments Act (ADAAA) requires the provision of "reasonable accommodations" to those qualified individuals with disabilities by providing equal, non-discriminatory program access in the academic setting.

Students need to take the verifying documentation to the Dean of Students Office, where it will be kept confidential and private to the extent possible. In most cases, verifying documents can be obtained from doctors, licensed psychologists or other professionals licensed to determine the existence, severity of and characteristics of the disability or disabilities. This documentation should include the functional impact of the disability or disabilities. It is the student's responsibility to request documentation from such professionals, and to request a record of accommodations received at any other educational institution. Appropriate documentation for learning disabilities should be provided with adult norms; typically assessment during high school years will meet this requirement. If accommodations are needed by the student, the student should provide the information and documentation in a reasonably early manner after admission to allow time for the development and arrangement of appropriate accommodations. In some cases, as when books on tape or sign language interpreters need to be requested, documentation should be provided several weeks prior to the beginning of each semester so accommodation arrangements can be made in a timely manner. A copy of Southwestern Oklahoma State University's documentation guidelines are on the Dean of Students' website or office, room 214, Gen. Thomas P. Stafford Center, (580) 774-3767.

Affirmative Action Compliance Statement

Southwestern Oklahoma State University in compliance with Title VI and Title VII of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972, Section 504 of the Rehabilitation Act of 1973, Section 402 of the Readjustment Assistance Act of 1974, Americans With Disabilities Act Amendments Act of 2009, and other Federal laws and regulations does not discriminate on the basis of race, color, national origin, sex, age, religion, disability, sexual orientation, genetic information, or status as a veteran in any of its policies, practices, or procedures. This includes but is not limited to admissions, employment, financial assistance, and educational service.

About the University

Historical Background

Southwestern Oklahoma State University is located conveniently just off of I-40, an important interstate route. SWOSU is authorized to offer curricula in arts and sciences, business, teacher education, and health sciences. The additional location at Sayre, also off I-40, is authorized to provide Associate of Science and Associate of Applied Science degrees in both general and specialized areas of study, as well as career and technical education.

SWOSU was established by an act of the Oklahoma Territorial Legislature in 1901 as the Southwestern Normal School, authorized to offer two years of training for public school teachers. The first classes met in 1903. Initially, four years of preparatory work for pre-college students were offered.

In 1920, the preparatory (academy) courses were eliminated and two additional years of college work in teacher training were added. The State Legislature approved a change of name to Southwestern State Teachers College. The first baccalaureate degrees were awarded in May 1921. Other changes in name and purposes occurred in 1939 when the institution was designated as Southwestern State College of Diversified Occupations, and in 1941, when it became Southwestern Institute of Technology. During this two-year period, the college added a school of pharmacy, degree work in the arts and sciences, and trade schools.

In 1949, the Oklahoma State Legislature changed the name of the institution to Southwestern State College, and in 1974, to Southwestern Oklahoma State University, without altering its purposes and objectives. On July 1, 1987, Sayre Junior College was merged with Southwestern Oklahoma State University as a branch campus designated Southwestern Oklahoma State University at Sayre.

Southwestern Oklahoma State University at Sayre was founded as Sayre Junior College in 1938 under legislative authorization which permitted public high schools to add a 13th and 14th year

of study to their curricula. Nineteen public schools took this step. In 1940, the college name was changed to Oklahoma Western Junior College; however, the original name was soon adopted again, and in May 1940 the first degrees were conferred. In 1956, Sayre Junior College moved from facilities occupied jointly with Sayre High School to its present location on old Highway 66. The merger with Southwestern Oklahoma State University marked the end of the Oklahoma community college system, since Sayre Junior College was the only such institution remaining of the original nineteen.

The Sayre campus is located 60 miles west of Weatherford. Its primary service area is western Oklahoma. It offers open admission to high school graduates as well as to students who do not hold a high school diploma.

Southwestern Oklahoma State University offers nine graduate degrees. The Master of Teaching Degree was offered during the period 1953-1969. The Master of Education degree was inaugurated in 1969. Graduate programs leading to the following degrees have been added since 1969: Master of Business Administration, 1977; Master of Music, 1981; the professional doctorate, the Doctor of Pharmacy (PharmD), 1998; the Master of Science in Management, 2007; the Master of Science in Community Counseling, 2009; the Master of Science in Healthcare Information Management, 2014; the Specialist in Education (Ed.S.), 2015; and the Master of Science in Nursing in 2016.

Mission, Values and Vision

Southwestern Oklahoma State University is one of twenty-five institutions in the Oklahoma State System of Higher Education (Oklahoma Constitution, Article XIII-A, Section 1). The Oklahoma State Regents for Higher Education is the legal structure for public education at the collegiate level and is the coordinating board of all state institutions for higher education. Southwestern is one of six state-supported regional universities governed by the Regional University System of Oklahoma. Southwestern Oklahoma State University provides access to higher education for all individuals without discrimination on the basis of race, national origin, gender, or disability status.

Mission Statement

Southwestern Oklahoma State University supports students and community through its integration of effective teaching, scholarly and creative endeavors, and civic engagement.

Values Statement

In pursuing the university's mission, SWOSU faculty and staff are guided by a shared commitment to:

1. **students**, by providing high-quality instruction, involvement, services, scholarly endeavors, creative activities, and service learning.
2. **achievement**, by establishing a foundation for student success.
3. **knowledge**, by pursuing the exchange of ideas, research, and leadership for the public good.

4. **respect**, by fostering a safe, healthy, and diverse intellectual, cultural, and social environment that encourages emotional well-being.

Vision Statement

SWOSU will foster an inclusive environment that inspires intellectual excellence, responsible citizenship, professional development, and personal growth.

University Information

Research Facilities

Southwestern Oklahoma State University possesses supporting facilities for learning and research. The Al Harris Library has 275,000 bound volumes and subscribes to 1,400 periodicals. The collection is expanded by one million microform units. The library is both a U.S. Government and state document depository and has 40,000 U.S. government documents. The library provides access to several electronic databases and to the Internet. The library provides electronic access to SWOSU's catalog and to other university library catalogs in Oklahoma and throughout the world. Additional facilities on campus include a computer center; microcomputer labs; various tele-learning resources; research laboratories in physics, chemistry, biology, pharmacy, psychology, business, health sciences and educational administration.

Financial Services

Students who need financial assistance should contact Student Financial Services (STF 224, 580-774-3786) to determine eligibility for assistance. Most financial assistance at the graduate level is limited to individuals who are enrolled at least as half-time students and who can demonstrate a financial need. Eligible students may apply for student loans and work study. Graduate assistantships are available through academic departments.

Veterans Affairs

The University's education programs are approved for use with VA education benefits by the Oklahoma Department of Veterans Affairs State Approving Agency (ODVA SAA). The VA Education Programs at the University are coordinated through Veteran and International Student Services (Hays Administration Building, Room 102, 580-774-3004).

Housing and Food Service

Room and board is available in University residence halls. Applications for campus housing and information about University housing may be obtained from the Residence Life Office (southwest corner of Neff Hall, 580-774-3024).

Admission Policy

Southwestern Oklahoma State University takes into account the following nonacademic criteria in admitting first-time, transfer or readmission students: (a) whether applicants have been expelled, suspended or denied admission, or denied readmission by any other educational institution; (b) whether the applicants have been convicted of a felony or convicted of a lesser crime involving moral turpitude; and (c) whether the applicant's conduct has been such that if the applicant was a student at the time of the conduct in question, the conduct would have been grounds for expulsion, suspension, dismissal, or denial of readmission at the university.

Tuition and Fees

Tuition and other fees are established by the Oklahoma State Regents for Higher Education. ***The charges listed in this catalog are those in effect at the time of publication and are subject to change*** (refer to SWOSU website for current fees). A student's registration is complete only when all fees are paid or when payment arrangements have been made with the Business Office (ADM 111, 580-774-3018).

**Students with a 3.0 undergraduate grade point average (GPA) are eligible for resident tuition. Students must maintain a 3.0 graduate GPA to continue their eligibility.

Special Fees:

Special fees may be found on the SWOSU website at [SWOSU website tuition page](#).

Refunds:

Complete Withdrawal from SWOSU -

100 percent refund for dropping all courses before the courses begin. In order to receive a refund for courses shorter in duration than four weeks, the student must drop the course before the course begins.

85 percent refund for dropping all courses during the first 10 class days for a regular term course, first five class days of a regular summer or eight-week course, or first two class days of a four-week course.

No refund for students withdrawing after the tenth class day for a regular term course, after the fifth day of a regular summer or eight-week course, or after the second class day of a four-week course. For interim-seminar courses, there is no refund if the student drops after the course begins.

Schedule Adjustments (DROP) –

100 percent refund for dropping class(es) during the first 10 days of a regular term course, during the first five days of a summer or eight-week course during the first two days of a four-week course, or prior to the first class meeting of a course less than four weeks in length.

No refund for dropping class(es) after the tenth day of a regular term course, after the fifth day of a summer or eight-week course, or after the second day of a four-week course. Courses shorter in duration than four weeks must be dropped before the course starts in order to receive a refund.

Refunds are based upon the day the classes are dropped or the official student withdrawal is completed, not on the date that the student stopped attending classes. To officially withdraw from all courses, student must contact the Office of Academic Records in person or by their SWOSU email.

Tuition refunds will not be processed until after the tenth class day of each semester or fifth class day of the summer. Refunds are disbursed to students via Higher One.

For schedule adjustments (not complete withdrawals)

16 week classes – 10 days to drop for a refund

8 week classes – 5 days to drop for a refund

4 week classes – 2 days to drop for a refund

Interim/seminar courses (courses less than 4 weeks) – prior to the first day of class.

Placement Services

Placement Service is available at Southwestern Oklahoma State University to all graduating seniors, graduate students, and alumni. Individuals may file credentials, obtain job information, and schedule campus employment interviews at the Office of Academic Advising Services, (580) 774-3233. Information concerning job openings in business, industry, government, and education is available upon request.

Release of Information

Southwestern Oklahoma State University complies with all provisions of the Family Educational Rights and Privacy Act of 1974. The administration of educational records at SWOSU is consistent with provisions of the Act.

Academic and Admission Policies

Admission to Graduate Degree Program

1. A bachelor's degree from a college or university accredited by a regional accrediting association is required. SWOSU students who plan to graduate with a bachelor's degree in a given semester may be considered for admission for the following semester if all admission materials (other than an official transcript) are submitted prior to the appropriate deadline.
2. Submit an application for admission and provide proof of required immunizations submitted to Student Health Services.
3. Official transcript(s) of all credit earned should be submitted.
4. International admissions: Students for whom English is a second language wishing to be considered for admission must provide proof of English Language ability by submitting results of TOEFL with a minimum score of 79 (iBT) or IELTS with a minimum score of 6.5.
5. An international student must complete a Certification of Financial Resources Form showing sufficient resources to provide for the student's program of study and living expenses while at Southwestern Oklahoma State University. If a bachelor's degree was completed in another country, the transcript and diploma must be evaluated by a credential evaluation service such as WES (World Education Services) or ECE (Educational Credential Evaluators) or GCE (Global Credential Evaluators.)
6. Refer to the specific degree program for GRE requirements and other admission criteria.
7. Submit recommendation forms as required by individual degree programs.
8. When completed credentials are on file with the Graduate Office, the file will be evaluated by the program's admissions committee to determine admissibility to a graduate program.
9. All application materials must be submitted by the following deadlines in order to be considered for admission that semester. Applications submitted after these deadlines will not be considered until the following semester.
 - Spring Semester Admission – November 1st
 - Summer Semester Admission – April 1st
 - Fall Semester Admission – July 1st (June 1st for the following: Community Counseling, LPC, School Counseling, School Psychometry, School Psychology)
10. Incomplete application files will not be kept longer than two years.
11. Specific admission requirements for each program are found on their program pages.

General Information

Seniors and Graduate Study

A senior student may enroll in a maximum of **nine (9)** graduate hours during the final undergraduate year if a full course load is not required to complete requirements of the bachelor's degree. The total undergraduate and graduate enrollment should not exceed sixteen (16) hours during a semester and nine (9) hours during a summer term. Graduate work may not be used to meet undergraduate requirements, but it may be applied toward professional certification in some instances.

Advisement and Enrollment

Each student admitted to a degree program is assigned an advisor in his/her major area of interest when the application for admission to a graduate program is approved. Advisors are available to assist students with enrollments and to provide general program information.

The student, however, has the final responsibility of insuring that program requirements are met. Exceptions to requirements outlined in the *Graduate Catalog* must be approved by the advisor, chair, associate dean (where applicable), the dean of the academic unit, and the Graduate Dean.

Graduate students may enroll on any of the enrollment dates or during regular registration listed in the class schedule (located on the SWOSU website: [link](#)) by calling the Office of Academic Records (580-774-3008).

Academic Load

Standard Term: Any course(s) that meets a full 16 weeks during the fall and spring semesters and 8 weeks for the summer. All *full-time students* are enrolled in a minimum of nine (9) hours per semester and four (4) hours during a summer term. *Three quarter-time students* are enrolled in a minimum of seven (7) hours per semester and three (3) hours during a summer term. *Half time students* are enrolled in a minimum of five (5) hours per semester and two (2) hours during a summer term.

Non-Standard Term: Any term that does not meet the 16 week requirement stated above. All full-time students are enrolled in a minimum of four (4) hours per eight (8) week classes and two (2) hours per 4 week term. Three quarter-time students are enrolled in a minimum of three (3) hours per eight (8) week classes and one point five (1.5) hours per 4 week term. Half time students are enrolled in a minimum of two (2) hours per eight (8) week classes and one (1) hour per 4 week term.

Enrollments that exceed sixteen (16) hours during the fall and spring semester and nine (9) hours during the summer term are exceptions and must be approved by the advisor and Graduate Dean. Additional credit may be earned via interim courses.

Course Numbering

Graduate courses are limited to a course number of 5000 or above.

Grading System

A grade is given as recognition of certain levels of accomplishment in a course and is to be interpreted as follows:

- A (4.0), Excellent
- B (3.0), Average
- C (2.0), Below Average
- D (1.0), not acceptable toward a degree
- F (0.0), Failure
- S (0.0), Satisfactory
- U (0.0), Unsatisfactory

Incomplete—An incomplete grade may be used at the instructor’s discretion to indicate that additional work is necessary to complete a course. To receive an “I” grade, the student should have satisfactorily completed a substantial portion of the required coursework for the semester. The time limit to satisfy the “I” will be at the discretion of the instructor. “I” grades not changed by the instructor to a credit-bearing grade or an “F” within the specified time limit will remain as a permanent “I” and not contribute to the student’s GPA.

Withdrawal—Students may withdraw during the first eleven (11) weeks of class work in a regular semester or during the first four weeks of class in a summer semester and receive a grade of “W.” Students may also withdraw officially any time prior to and including Friday of the week before final examinations begin and receive a “W” for courses in which they are doing passing work. Students who withdraw from a course in which they are failing will receive an “F” if the withdrawal occurs during the last five weeks of a regular semester or the last four weeks of a summer semester. Students who leave school without officially withdrawing will receive grades of “F” for courses in which they were enrolled. A grade of “W” has no effect on a student’s grade-point average.

Repeated Courses—When a course is repeated, both grades are used in computing the grade-point average, but only one course may be applied toward degree requirements.

Retention

A minimum graduate grade point average of 3.0 (B) is required in all master’s degree programs. No grade lower than a “B” on applied music courses will be accepted toward

requirements of the Master of Music degree. A maximum of six semester hours of “C” may be applied toward requirements of the Master of Business Administration, Master of Science in Management, and the Master of Education degrees.

After being admitted to a graduate program, a student will be placed on academic probation if the graduate grade point average falls below 3.0 (B) after the completion of twelve (12) semester hours, including transfer credit. During the first probation semester, a student must have a cumulative GPA and/or semester GPA of 3.0. If neither the cumulative nor semester GPA is a 3.0, the student will be allowed to register only as a part-time student (i.e., a maximum of five hours and three hours during the regular and summer term, respectively) until a cumulative GPA of 3.0 is achieved. If a student during a second semester of probation does not earn a 3.0 semester average, s/he will be dismissed from their graduate program. An academic reprieve is not applicable to graduate programs.

Transfer of Credits

A maximum of **nine (9)** applicable semester hours of graduate credit from accredited colleges and universities may apply toward requirements of a graduate degree at Southwestern Oklahoma State University (SWOSU). Only coursework with grades of “A” and “B” is eligible for transfer. **All applicable graduate credit earned at SWOSU prior to admission into a degree program is considered as transfer credit.**

Unclassified Graduate Students

Students who have previously completed a Master’s Degree at Southwestern, or who do not wish to pursue a graduate degree, may be admitted as unclassified graduate students. These students must follow the graduate studies admission procedures. A maximum of nine hours taken as an unclassified student may transfer into a degree program. The nine-hour transfer policy includes any hours taken at another university, as well as hours taken at SWOSU before admission to a degree program.

Unclassified graduate students in the School of Business will be permitted to enroll in up to 9 hours of graduate classes provided their undergraduate GPA is at least 3.0. School of Business students will not be allowed to enroll in more than 9 hours without being formally admitted to the MBA/MS program. For more information contact the MBA Advisor.

Degree Completion Time

Graduate courses taken more than six (6) years prior to graduation do not count toward the total number of credit hours required for a master’s degree. Courses that are more than six (6) years old may count as degree requirements as recommended by the academic unit in which the master’s degree is offered and approved by the Graduate Dean.

Individual Study/Directed Reading

Graduate students may enroll in an individual study in areas not available in conventional classes. A maximum of **six (6) semester hours** of individual study may be applied toward requirements of the master’s degree upon approval of advisor.

Application for Graduation

Candidates for the master's degree are responsible for filing an application for graduation in [Self-Service](#). Students are strongly encouraged to file this application during the first two weeks of the semester in which they plan to graduate.

GRADUATE PROGRAM CHECKLIST

Sequential Steps to Be Followed in a Master's Degree Program -- A Self-Help Guide—

1. Admission to Graduate Degree Program

- ✓ File health history and submit proof of required immunizations to Student Health Services.
- ✓ File Application for Admission to Graduate Studies with the Graduate Office.
- ✓ Provide official transcript(s) of all previous college work not already on file with the Office of Academic Records at SWOSU.
- ✓ Provide other credentials (GRE scores, references, etc.) as required by the degree program for which you are applying.
- ✓ Submit Portfolio – M.Ed. in Educational Administration requires an e-portfolio; M.Ed. in School Counseling and M.Ed. in School Psychometry-(requires a paper portfolio or e-portfolio) – see advisor or department contact person for more information.

2. Following Admission to a Degree Program

- ✓ Meet with your advisor during your semester of admission and complete a Plan of Study.
- ✓ Enroll or pre-enroll on enrollment dates listed in the class schedules.

3. Admission to Degree Candidacy

- ✓ Master of Education, Master of Science in Community Counseling and Specialist in Education students must complete the Capstone Experience during their final semester (with the exception of certain programs-check program pages for details). Students must enroll in the Capstone Experience class.
- ✓ Each M.B.A. graduate must complete the Educational Testing Service (ETS) Major Field Test in Business during their last semester of their M.B.A. program.
- ✓ File an Application for Graduation. Candidates for the master's degree are responsible for filing an application for graduation in [Self-Service](#). Students are strongly encouraged to file this application during the first two weeks of the semester in which they plan to graduate.
- ✓ Pick up a cap and gown at University Bookstore.

4. Summary Checklist

- ✓ Required number of semester hours for the degree.
- ✓ All required courses completed.
- ✓ An overall grade point average of at least 3.0 (B) on graduate work.
- ✓ The Master of Music degree program with no *Applied Music* grades below "B" that count toward degree requirements.
- ✓ No grades below "C" applied toward degree requirements.
- ✓ Not more than six (6) semester hours of "C" applied toward the degree.

- ✓ Not more than six (6) semester hours of individual study/directed reading applied toward the degree.
- ✓ No correspondence study credit applied toward the degree.
- ✓ Graduate credits completed beyond six (6) years not applicable for semester hours required but may meet course requirements in a degree program.
- ✓ Not more than nine (9) approved semester hours of transfer credit. This includes courses from accredited institutions, as well as courses taken at SWOSU, prior to admission into a degree program. **Only courses with a grade of “A” or “B” may be transferred.**

**BUSINESS ADMINISTRATION -
Master of Business Administration
(BUSAD.MBA)**

The Master of Business Administration degree is accredited by the Accreditation Council for Business Schools and Programs. It is designed for those who:

- desire an immediate continuation of an advanced program in business commensurate with their career objectives,
- desire to update their professional training,
- desire advanced specialized experiences to anticipate and solve the challenge of individual occupational responsibilities (entrepreneurs and managers), and
- require an advanced degree.

The MBA program will satisfy the Oklahoma educational requirements to sit for the CPA exam provided 30 hours of Accounting classes are taken beyond Principles of Financial and Managerial Accounting.

ADMISSION REQUIREMENTS FOR SWOSU

1. Bachelor's degree from a college or university accredited by a regional accrediting association is required.
2. The University Application for Admission or Readmission (available online): [SWOSU application weblink](#)
3. International admissions: students for whom English is a second language wishing to be considered for admission to Graduate Studies must provide proof of English Language ability by submitting a minimum TOEFL score report of 79 (iBT) or a minimum IELTS score report of 6.5. See Graduate Studies pages for other international requirements.

ADMISSION REQUIREMENTS FOR THE GRADUATE SCHOOL

The following steps should be completed online:

1. [Application for Graduate Admission](#)
2. **Official** transcript(s) of all credit earned
3. Résumé
4. Complete the MBA Inbound CPC-based Comprehensive Exam.
Students are required to complete the MBA Inbound CPC-based Comprehensive Exam prior to enrolling in any graduate courses. Applicants will be responsible for the cost of the Inbound CPC Exam. The cost of the exam is \$40.00; it does not require any study preparation. A link and password to access the exam will be provided once your application for graduate admission is complete. Once you have registered for the test, you will have 48 hours to finish and only three (3) log-in attempts are allowed (initial registration counts as one, plus 2 other log-ins).
 - Applicants will be evaluated on both the overall score and on the individual subject area scores.
 - Students who attain a **satisfactory score** can then proceed with their MBA application with no additional preparatory or prerequisite coursework.

- Students who do not attain a satisfactory overall score will need to complete the 15-Module Academic Leveling Course. An email will be sent with further information on registering for the ALC at the time of score notification.
 - Students must pay for all costs for the Academic Leveling Course (currently \$400). College credit will not be given for this course.
 - This self-paced course is designed to be a primer to the student without an undergraduate degree in business or as a refresher course for the returning business major who has been out of school for a period of time.
 - Students who have to complete the Leveling Course will need to pass a minimum of 10 of the 15 modules before they can proceed past their initial semester.
 - Students who do not attain a satisfactory score on an individual subject area(s) will be required to successfully complete the corresponding learning module(s) in the Academic Leveling Course.
 - The cost per learning module is \$49.
 - The learning module is designed to be a primer for students in a specific subject area. No college credit will be given.
5. After application and satisfactory completion of the MBA Inbound CPC exam or the **Masters Academic Leveling Course**, students will work with the Dobson School of Business and Technology Director of Graduate Programs to complete a tentative **Plan of Study**.

COURSE OFFERINGS

The MBA program can be completed in: two academic years including two summers, taking classes only at night; one academic year, taking both day, night and web classes; or, over a more extended period, depending upon the student's own needs and situation.

MBA GRADUATION REQUIREMENTS

1. **Completion** of an approved 33 hour program of required and elective courses.
2. **Maintenance** of a grade point average of 3.0 (4.0 scale) with no more than six hours of "C" grade accepted toward degree requirements.
3. File an Application for Graduation Candidates in [Self-Service](#). Students are strongly encouraged to file this application during the first two weeks of the semester in which they plan to graduate.
4. Each MBA graduate must complete the **MBA Outbound CPC-based Comprehensive Exam** during their capstone course in the MBA program.

Master of Music Degree Information

The Master of Music degree program provides advanced studies in music education, as well as solo and ensemble performance. Graduate programs in music are for those students who hold a baccalaureate degree in music. Objectives of the program are:

- To improve the quality of the student's musical performances through instruction and supervised experience in public performance;
- To improve the student's proficiency in composing and analyzing music;
- To expand student knowledge and skills necessary to teach music in public schools and universities;
- To provide advanced music therapy training that addresses knowledge and skills in accordance with (1) the Advanced Competencies of the American Music Therapy Association, and (2) the development as well as management of clinical practice capable of training future entry-level music therapy practitioners.
- To foster respect for the integral role music plays in contemporary society and in education and to develop the ability of professional musicians to communicate that role to the general public; and
- To broaden student understanding in music research, music literature, music history, and music theory.

Admission

In addition to the University and graduate studies admission requirements listed, applicants for the Master of Music degree must meet the following multiple measures for admission to the degree program:

1. Two letters of recommendation from individuals qualified to rate the applicant's academic aptitude and motivation.
2. Advisory exams, administered by the department in music history and music theory, to be completed during the first period of enrollment. Additionally, students entering a Master of Music, Choral Music Education or Performance degree must demonstrate competency in Language Diction if equivalent coursework was not completed at the undergraduate level
3. An audition is required for all Master of Music degrees.
 1. For performance majors: An audition consisting of some or all of the following: Two complete pieces of standard repertoire for your instrument (all movements of a concerto or sonata, for example), an etude of sufficient difficulty to demonstrate graduate-level readiness, demonstration of all major and minor scales, and sight-reading.
 2. For music education majors: An audition consisting of some or all of the following: One complete piece of standard repertoire for your instrument (all movements of a concerto or sonata, for example), an etude of sufficient difficulty to demonstrate graduate-level readiness, demonstration of all major and minor scales, and sight-reading. A recorded or video-taped audition may be

considered in rare circumstances when a candidate is unable to schedule a live audition. brief performance audition in the major applied area.

3. For music therapy majors: An audition on piano, guitar, or another primary instrument. A performance audition on piano or guitar will test Functional Skills. The audition will include an oral interview covering basic understanding of music therapy techniques and their theoretical orientation, clinical skills in assessment, treatment and discharges.
4. A bachelor's degree in music, music education, music performance or the equivalency from an accredited institution (NASM or similar).

Information about exams and the graduate program in Music may be obtained from the Director of Graduate Studies in the Department of Music.

General Requirements

Candidates for the Master of Music degree must complete a minimum of 32 hours of approved course work and maintain a minimum graduate grade point average of 3.0. Only applied music grades of "A" or "B" will count toward requirements for the degree. The student must remove all deficiencies identified by advisory examinations. The deficiencies may be removed by satisfactorily completing additional coursework in deficiency areas as directed by the Graduate Committee. All candidates for the Master of Music degree must pass comprehensive exams. Performance majors must present at least one public recital. The recital content and length must be approved by the Graduate Committee.

THE THERAPY The student must remove all deficiencies identified by advisory examinations. The deficiencies may be removed by satisfactorily completing additional coursework in deficiency areas as directed by the Graduate Committee.

All candidates for the Master of Music degree must pass comprehensive exams. Additionally, all M.M. degree programs require a final project:

1. Performance majors must present a recital with significant program notes.
2. Music Education majors are to present a thesis paper or lecture recital.
3. Music Therapy majors may choose between a multi-chapter thesis paper or three clinical case studies.

Graduate Committee

The Director of Graduate Studies in the Department of Music with approval of the chair and advisement of the faculty, shall appoint for each student a Graduate Committee of not fewer than three faculty members from the Music Department. Members of the committee should represent the various areas of applied music, music theory, music history, music therapy and music education. The committee will review the candidate's advisory examinations, construct and approve a final form of the program, and administer the final comprehensive examination.

SCHOOL PSYCHOLOGY - Specialist in Education (SCPSY.EDS)

Admission Requirements for Graduate Degree Program in School Psychology

The School Psychology graduate program is a two-tiered entry-level professional training program comprised of the M.Ed. School Psychometry and Ed.S. School Psychology. Admission into the Ed.S. School Psychology Program requires completion of the M.Ed. Psychometry Program or equivalent coursework and training. In addition candidates must be approved for admission by the Education Department. Department bases its decision in part on the candidate's overall performance in the M.Ed. School Psychometry Program. For those students with psychometry degrees from other universities, a departmental interview is required, in addition to the University and Graduate Studies admission requirements. (See p. 43 for information regarding admission to the M.Ed. School Psychometry program)

I. Required Professional Education and Psychology Core (15 hours)

COUN	5893	Ethical/Legal/Professional Standards
COUN	5593	Advanced Tests and Measurements
EDPSY	5433	Introduction to School Psychology
EDPSY	5723	Advanced Psychology of Learning
EDPSY	5743	Life Span Development

II. Required School Psychometry Specialization Core (18 hours)

COUN	5423	Multicultural Concepts
EDPSY	5563	Special Diagnostic Methods
EDPSY	5613	Binet/Woodcock Johnson
EDPSY	5703	Behavioral Intervention Strategies
EDPSY	5713	Wechsler Intelligence Scale
EDPSY	5783	Practicum School Psychometry

III. Capstone Experience

EDUC	5950	Graduate Capstone Experience (must be successfully completed during final semester of School Psychometry: may only be repeated once.)
------	------	---

IV. Total Required for the Master's in Education School Psychometry Degree - 33 Hours

V. Required School Psychology Specialization Core (33 hours)

COUN	5543	Theories/Techniques of Counseling
COUN	5553	Theories/Techniques of Group Counseling
EDPSY	5133	Crisis Intervention Techniques
EDPSY	5143	Research Methods
EDPSY	5223	Techniques of Psychotherapy
EDPSY	5713	Consultation & Collaboration
EDPSY	5633	Advanced Abnormal Psychology
EDPSY	5783	Advanced Psychological Testing
EDPSY	5423	Practicum in School Psychology
EDPSY	5513	Internship in School Psychology I

EDPSY 5523 Internship in School Psychology II

VI. Capstone Experience

Consists of (1) case studies and (2) Praxis II School Psychology exam (must be successfully completed during final semester of School Psychology; may only be repeated once.)

VII. Total Required for Specialist in Education School Psychology Degree –66 Hours

For Certification requirements for School Psychology, contact the Oklahoma State Department of Education [link to the Oklahoma State Department of Education](#)

See the Master of Education in School Psychometry Program for information regarding program requirements.

NOTE: Meeting the minimum standards does not guarantee acceptance into the program.

NOTE: Completion of the Ed.S. Degree in School Psychology is applicable towards academic eligibility requirements for the Licensed Professional Counselor (LPC) act. See the LPC Curriculum Program for information regarding application and LPC coursework requirements.

Upon completion of all requirements,

- a. if candidates are adding this as an additional area to their current teaching certificate, candidates will process their application online with the Oklahoma State Department of Education Single Sign On System at this link [OK State Department of Education Single Sign on System link](#)

SPORTS MANAGEMENT - Master of Education in Education

Non-Certification Track

(SPMNG.MED)

- I. Prerequisites: Completion of 24 undergraduate semester hours in Parks and Recreation Management (PRM), Health and Physical Education (HPE), Kinesiology (KINES), Athletic Training Education Program (ATEP), Business Management (MNGMT), Marketing (MRKTG), General Business (GEBUS), or related areas.

- II. Required Professional Education and Psychology Core (9 hours)

EDUC	5113	Introduction to Research
EDPSY	5723	Advanced Psychology of Learning
PSYCH	5233	Advanced Psychology of Sports

- III. Required Courses in Sports Management
 - A. Required Sports Management Core (5 hours)

SPRTM	5912	Directed Readings in Sports Management
SPRTM	5113	Internship in Sports Management

 - B. Sports Management Electives (15 hours)

PRM	3663	Recreation Management
PRM	3882	Recreational Areas and Facilities Management
PRM	4012	Recreational Sports History
SPRTM	4152	Recreation and Sports Management Statistics
PRM	4113	Risk Management in Recreation
PRM	4163	Community Recreation
SPRTM	5001-4	Individual Study in Sports Management
SPRTM	5011-4	Seminar in Sports Management
SPRTM	5503	Advanced Sports Management
SPRTM	5513	Advanced Finance of Sports
SPRTM	5523	Advanced Leadership in Sports
SPRTM	5533	Advanced Sports Information Management
SPRTM	5543	Advanced Olympism Theory
SPRTM	5553	Advanced Fitness & Wellness Program Design
SPRTM	5563	Advanced Nutrition for Athletes
SPRTM	5573	Advanced Group Dynamics in Sports
SPRTM	5583	Advanced Strategic Planning in Sports
SPRTM	5593	Advanced Ethics in Sports Management

 - C. Required Sports Management Research Capstone (3 hours)

SPRTM	5213	Research in Sports Management: Required graduate capstone project to be determined by candidate in conjunction with the SPRTM graduate advisor. The graduate project may be a theoretical or applied research effort.
-------	------	---

- IV. Approved coursework to make a total of 32 semester hours

- VI. Combined undergraduate and graduate work in approved Sports Management and related courses must total at least 44 semester hours.

- VII. A graduate student must complete the nine hours of the “Required Professional Education and Psychology Core” before allowed to enroll in the “Internship in Sports Management” course. It is recommended that the graduate student wait until at least ½ of the coursework is complete before internship.

COURSE DESCRIPTIONS

COLLEGE OF ARTS AND SCIENCES

F = Classes offered in the Fall, S = Classes offered in the Spring, SU = Classes offered in the Summer,
O = Odd years, E = Even years, I = Interim (between semesters), D = Classes offered upon Demand,

Department of Art, Communication & Theatre

ART 5001-4 INDIVIDUAL STUDY IN ART (TOPIC)

Individual study of specified topic for graduate students. Credit 1 to 4 semester hours. **Prerequisite: Admission to the Graduate Program. D**

ART 5011-4 SEMINAR IN ART (TOPIC)

Group study of specified topic in art for graduate students. Credit 1 to 4 semester hours. **Prerequisite: Admission to the Graduate Program. D**

ART 5113 WATERCOLOR STUDIO

Study and practice of traditional transparent watercolor technique, and experimentation with contemporary methods. Emphasis on composition, color, process and technique. **Prerequisites: ART 1123 and ART 1133. D**

ART 5253 APPLIED DESIGN

A studio course involving the design, execution and the study of contemporary trends in crafts. **Prerequisites: ART 1123 and ART 1133. SO**

ART 5313 PAINTING STUDIO

An exploration of opaque painting techniques and processes. The development of pictorial form and content is emphasized. **Prerequisites: ART 1123 and ART 1133. D**

ART 5333 STUDIO DRAWING

Studio Drawing will explore creative and expressive approaches to drawing with an emphasis on diversity of techniques. Experiences utilizing a variety of media will be used to develop fundamental and advanced drawing concepts. **Prerequisites: ART 1123 and ART 1133. S**

ART 5353 CLAY STUDIO

A study in ceramic design using both hand built and wheel methods of construction. Firing and glazing procedures will also be covered. **F, S, SU**

ART 5363 MODERN ART HISTORY

This course, continuing the survey of art begun in ART 3613 and ART 3653, investigates the history of painting, sculpture and architecture from the late nineteenth century through World War II. Symbolism, Post-Impressionism, Cubism and Expressionism are among the trends discussed, as are the art of Picasso, Duchamp, Klimt and Dali. **D**

ART 5383 MIXED MEDIA

Students draw upon a wide range of materials Such as paper, metal, clay, plaster, wax, plastic and found objects while incorporating various techniques in the fabrication of 3-D works. Students incorporate materials and technical skills that they may already possess. **D**

ART 5393 ART HISTORY SINCE 1945

This survey, completing the series begun with ART 3613, 3653 and 4353, traces the development of art from the rise of the New York School to the present day. Among the topics discussed are Abstract Expressionism, Pop and Op Art, and the art of Jackson Pollock, Mark Rothko, Andy Warhol and Keith Haring. **D**

ART 5452 CONTENT, METHODS AND MATERIALS IN ELEMENTARY SCHOOL ART

Current methods of applying Discipline-Based Art Education will be used to explore ways to integrate the visual arts into the elementary grades. **Prerequisite: Admission to Teacher Education Program. F, S**

ART 5483 PRINTMAKING STUDIO

Printmaking by hand transfer and with the press. Composition and personal expression are emphasized. Intaglio and relief methods are explored. **Prerequisites: ART 1123 and ART 1133. F, S**

ART 5513 INTERMEDIATE GRAPHIC DESIGN I

Introduction to web design using Dreamweaver and Flash programs. **Prerequisites: ART 1123, ART 1133 and ART 2133. F, S**

ART 5553 TEACHERS' COURSE IN ART

This course explores methods of teaching visual art at the secondary level. In-depth attention will be given to the application of Discipline-Based Art Education assignments at this level. **Prerequisites: Art major or endorsement and admission to the Teacher Education Program. D**

ART 5651 GRADUATE EXHIBIT

Students will prepare and present a body of work produced as a graduate. Emphasis will be on professionalism in presentation as well as artwork selected.

ART 5753 LIFE DRAWING

Observational drawing with an emphasis on composition. Various techniques and subjects will be explored. **Prerequisites: ART 1123 and ART 1133. D**

Department of Biological Sciences

BIOL 5001-4 INDIVIDUAL STUDIES IN BIOLOGY (TOPIC)

Individual study of specified topic for graduate students. Credit 1 to 4 semester hours. **Prerequisite: Admission to the Graduate Program. F, S, SU**

BIOL5011-4 SEMINAR IN BIOLOGY (TOPIC)

Group study of specified topic for graduate students. Credit 1 to 4 semester hours. **Prerequisite: Admission to the Graduate program. F, S, SU**

BIOL 5021-4 SPECIAL TOPICS IN BIOMEDICAL SCIENCES

Provides special topics in biomedical sciences with variable topics for 1-4 credit hours. May include laboratory. May be repeated for a maximum of 4 credit hours. Enrollment by signature only. **Prerequisites: Admission to the Graduate Program. D**

BIOL 5031-4 SPECIAL TOPICS IN MICROBIOLOGY

This course is offered with variable topics in microbiology for 1 to 4 credit hours. A maximum of 4 credit hours may be applied toward the graduate degree. **Prerequisites: Admission to the Graduate Program. D**

BIOL 5041-4 SPECIAL TOPICS IN ENVIRONMENTAL AND ORGANISMAL BIOLOGY

Provides special topics in environmental biology and the biology of organisms with variable topics for 1-4 credit hours. May include laboratory. May be repeated for a maximum of 4 credit hours. Enrollment by signature only. **Prerequisites: Admission to the Graduate Program. D**

BIOL 5154 DEVELOPMENTAL BIOLOGY

The exploration of synthesis of vertebrate and invertebrate organisms. Cellular and molecular aspects of animal development will be covered as well as medical implications of developmental biology. By signature only. **Corequisite: BIOL-5154L. Prerequisite: Admission to the Graduate Program.**

BIOL 5213 IMMUNOLOGY

The study of the body's immune system and its relationship to health and disease. By Signature Only. **Prerequisite: Admission to Graduate program.**

BIOL 5284 PARASITOLOGY

Overview of viral, fungal, bacterial and eukaryotic parasites infecting humans. Lab includes collection, isolation, cultivation, and identification of parasites. By signature only. **Corequisite: BIOL-5284L. Prerequisite: Admission to Graduate Program.**

BIOL 5343 APPLIED MICROBIOLOGY

This covers topics including medical applications of gene therapy and therapeutic agents, industrial microbiology and fermentation, agricultural applications, microbial ecology, and food microbiology. Includes laboratory demonstrations in lecture. By signature only. **Prerequisite: Admission to Graduate Program.**

BIOL 5404 PATHOGENIC MICROBIOLOGY

Provides an overview of microbial physiology, molecular genetic mechanisms of pathogenicity, disease pathology, and clinical diagnosis procedures. Emphasis is placed on specific bacterial and viral pathogens. **Corequisite: BIOL-5404L. Prerequisite: Admission to Graduate Program.**

BIOL 5463 VIROLOGY

A study of bacterial and animal viruses, including virion structure, cultivation, molecular genetics, and mechanisms of infection. Attention is given to viral diseases, their pathology, control, and prevention. By signature only. **Prerequisite: Admission to Graduate Program.**

BIOL 5503 MICROBIAL PHYSIOLOGY

This course involves the physiological and biochemical activities of bacteria with emphasis on structure, function, and molecular control mechanisms. Pathogenic and non-pathogenic bacteria are considered. By signature only. **Prerequisite: Admission to Graduate Program.**

BIOL 5523 ENVIRONMENTAL MICROBIOLOGY

Lecture and laboratory instruction on microbe-microbe and microbe-environment interactions. Areas of study will be air, water, wastes, soil and special environments such as industrial and domestic wastes. Two hours of lecture and two hours of laboratory per week. By signature only. **Corequisite: BIOL-5523L. Prerequisite: Admission to Graduate Program.**

BIOL 5703 INFECTIOUS DISEASE EPIDEMIOLOGY

A study of the distribution patterns of infectious diseases within and across populations. Includes topics in population studies, disease and injury determinants, behavioral factors, and environmental factors. Lecture only. **By Signature Only. Prerequisite: Admission to Graduate Program.**

BIOL 5864 HUMAN GENETICS

A study of human genetics that focuses on human molecular genetics including genetic factors causing diseases; changes in gene expression during development, differentiation, and pathogenesis; recombinant DNA; gene therapy; clinical genetics; genetic epidemiology; immunogenetics; cytogenetics; and genetics of specific disorders and diseases. Enrollment is by signature only. **Corequisite: BIOL-5864L. Prerequisite: Admission to the Graduate Program.**

BIOL 5914 GENERAL AND COMPARATIVE PHYSIOLOGY

A study of the principles of comparative animal physiology with emphases on morphological, physiological, and behavioral adaptations. Examples taken from humans, familiar animals, and uncommon animals that represent elegant solutions to survival problems and illustrate physiological concepts. The course covers the major organ systems of the body and their interactions with each other and the environment presented in an evolutionary and ecological context. Enrollment by

signature only. **Corequisite: BIOL-5914L. Prerequisite: Admission to Graduate Program.**

BIOL 5935 CELL AND MOLECULAR BIOLOGY

A study of the cellular and molecular basis for the structure and organization of the cell with emphases on control of the cell cycle, transport of information and materials, and signaling. The laboratory emphasizes cellular and molecular tools and techniques and includes research and presentation of a cell/molecular biology question. By signature only. **Corequisite: BIOL-5935L. Prerequisite: Admission to Graduate Program.**

BIOL 5944 NEUROSCIENCE

A study of the molecular, structural, physiologic, cognitive, and behavioral aspects of the brain and nervous system. Includes molecular and cellular neuroscience, brain science, anatomy and physiology of the central nervous system, molecular and biochemical basis for information processing, and applications to clinical sciences and biomedical engineering. By Signature Only. **Corequisite: BIOL-5944L. Prerequisite: Admission to Graduate Program.**

BIOL 5974 HISTOLOGY

A study of the microanatomy and functional aspects of normal animal tissues. By Signature Only. **Corequisite: BIOL-5974L. Prerequisite: Admission to Graduate Program.**

BIOLOGY CREDIT FOR SUMMER ACTIVITIES

Students who attend summer courses at the Gulf Coast Marine Research Laboratory (with which SWOSU is affiliated), the University of Oklahoma Biological Station, or other institutions of higher education, may be able to use those courses toward their biology degree. Likewise, students may earn college credit for some summer research positions and internships. Students who are considering such courses should meet with the Department Chair, prior to enrolling, to determine if these courses may be used toward their degree.

Department of Chemistry and Physics

Chemistry

CHEM 5001-4 INDIVIDUAL STUDY IN CHEMISTRY

Individual study of specified topic for graduate students. Credit one to four semester hours. **D**

CHEM 5011-4 SEMINAR IN CHEMISTRY (TOPIC)

Group study of specified topic for graduate students. Credit one to four semester hours. **Prerequisite: Admission to the Graduate Program. D**

CHEM 5052 BASIC TOPICS IN CHEMISTRY

A course for secondary school teachers on the fundamental principles of chemistry. Selected topics are studied in considerable depth.

Prerequisite: Admission to the Graduate Program. D

CHEM 5124 BIOCHEMISTRY

An introductory course involving the study of the physical and chemical properties of compounds associated with the chemistry of life processes and an introduction to metabolism, especially carbohydrate degradation and nucleic acid and protein biosynthesis. **Corequisite: CHEM-5124L. Prerequisite: Admission to Graduate Program.**

CHEM 5673 ADVANCED METABOLISM

Advanced Metabolism provides an in-depth study of the pathways and related metabolic disorders associated with the catabolism and anabolism of carbohydrates, amino acids, lipids, and nucleotides. The course will specifically focus on the mechanisms, energetics, regulation, and coordination of the following metabolic pathways: glycolysis; the pentose phosphate pathway; the citric acid cycle; B-oxidation of fatty

acids; ketone body formation; amino acid oxidation and the urea cycle; oxidative phosphorylation; carbohydrate biosynthesis; lipid biosynthesis; and nitrogen metabolism in the biosynthesis of amino acids and nucleotides. **Prerequisite: CHEM-4124 and Admission to Graduate Program.**

PHYSICS

PHY 5000-4 INDIVIDUAL STUDY IN PHYSICS

Individual study of specified topic in Physics for graduate students. Credit 1 to 4 semester hours.

PHY 5010-4 PHYSICS SEMINAR

Group study of specified topic in physics for graduate students. Credit 1 to 4 semester hours. **Prerequisite: Admission to the graduate program.**

SCIENCE FOR ELEMENTARY TEACHERS

SCI 5001-4 INDIVIDUAL STUDY IN SCIENCE

Individual study of specified topic for graduate students. Credit one to four semester hours. **D**

SCI 5010-4SCIENCE SEMINAR(TOPIC)

Group study of a specified topic in science education for graduate students. Credit: One to four semester hours.

Department of Language and Literature

English

ENGL 5001-4 INDIVIDUAL STUDY IN ENGLISH (TOPIC)

Individual study of specified topic for graduate students. Credit one to four semester hours. **Prerequisite: Admission to the Graduate Program. D**

ENGL 5011-4 SEMINAR IN ENGLISH (TOPIC)

Group study of specified topic for graduate students. Credit one to four semester hours. **Prerequisite: Admission to the Graduate Program. D Literature**

Literature

Department of Mathematics

MATH 5001-4 INDIVIDUAL STUDY IN MATHEMATICS (TOPIC)

Independent study of specified topic in mathematics for graduate students. Credit one to four semester hours. **Prerequisite: Admission to the Graduate Program. D**

MATH 5013 SEMINAR IN MATH

Group study of specific topic in mathematics for graduate students. Credit 1 to 4 semester hours. **D**

MATH 5453 MATHEMATICAL STATISTICS

Classical probability theory, discrete and continuous random variables and their probability distributions, properties of expectation, moment generating functions, sampling distributions and the central limit theorem are some of the topics. **Prerequisite: MATH 2834. FO**

MATH 5473 INTRODUCTION TO PROBABILITY

Basic concepts of discrete probability are discussed, such as counting techniques, independence, conditional probability, Bayes' Rule, random variables, random walks, and Markov chains. . **Prerequisite: MATH 2834. SO**

MATH 5612 LINEAR ALGEBRA FOR SECONDARY SCHOOLS

Understanding of the techniques of matrix algebra in the solutions of systems of linear equations and elementary transformations.

Prerequisite: Admission to the Graduate Program and MATH 2834. D

MATH 5632 ABSTRACT ALGEBRA FOR SECONDARY SCHOOLS

Understanding of the algebraic concepts of homomorphism, isomorphism, decomposition and operators. **Prerequisites: MATH 3834 and admission to the Graduate Program. D**

MATH 5712 CURRENT TRENDS IN SECONDARY SCHOOL GEOMETRY

Modern teaching techniques of secondary school geometry.

Prerequisite: MATH 2834 and Admission to the Graduate Program. D

MATH 5753 INTRODUCTION TO METRIC AND NON-METRIC GEOMETRY

Undefined terms, definitions, postulates, and theorems of a logical system, and Euclidean geometry. Introduction to coordinate and vector geometries. **Prerequisite: Admission to the graduate program. D**

MATH 5812 REAL NUMBERS

The development of the real numbers. Peano's Postulates, natural numbers, relations, integers, rational numbers, real numbers, and extensions of the real number field. **Prerequisites: MATH 2834 and admission to the Graduate Program. D**

Department of Music

All required courses for the M. M. and M. Ed. degrees are offered according to three (3) year rotation schedule. These courses have been marked with an asterisk (*). Please consult the *Graduate Course Offering Schedule* on the Music Department website.

MUSIC 5001-4 INDIVIDUAL STUDY IN MUSIC (TOPIC)

Independent study of a specific topic in music for graduate students. Credit one to four semester hours. **Prerequisite: Admission to the Graduate Program. D**

MUSIC 5011-4 SEMINAR IN VOCAL MUSIC

Group study of specified topic in vocal or instrumental music for graduate students. Credit one to four semester hours.

MUSIC 5011-4 SEMINAR IN INSTRUMENTAL MUSIC (TOPIC)

Group study of a specified topic in instrumental music for graduate students. Credit one to four semester hours. **Prerequisite: Admission to Graduate Program. D**

MUSIC 5100 FINAL COMPREHENSIVE EXAMINATION

The final comprehensive examination for graduate students in music. Enrollment by permission of the chair. **F, S, SU**

MUSIC 5102 FORMS AND ANALYSIS

A course which provides the basic tools for the analysis of music from any style period. Emphasis of study is upon forms developed by common practice in western music from 1700 to the present. **Prerequisite: MUSIC 1314. SE ***

MUSIC 5112 INTRODUCTION TO MUSIC RESEARCH

An introduction to the techniques of research and writing in the various sub-specialties of music and music education. *

MUSIC 5122 MASTER'S THESIS

An elective research document for students in the Master of Music program. Enrollment by permission of the Department of Music Graduate Coordinator. **F, S, SU**

MUSIC 5141 SEMINAR IN MUSIC THERAPY: CLINICAL SUPERVISION

Group study on skills in music therapy clinical supervision to partially meet the AMTA Advanced Competencies in Clinical Practice, College/University Teaching and Professional Development, including identifying the clinical concerns proactively communicating the concerns, effectively evaluating students' progress, and strategically designing and implementing action plan to help students reach clinical objectives.

Prerequisite: Admission to Graduate Program and completion of 1200 hours Clinical Experience. F, S

MUSIC 5153 ADVANCED THEORETICAL ORIENTATIONS & CLINICAL TECHNIQUES IN MUSIC THERAPY

Advanced studies on theoretical orientations in music therapy and clinical techniques associated with each theoretical orientation appropriate for different diagnoses, age groups, and clinical settings to meet the AMTA Advanced Competencies in Theory, Clinical Practice, Research and Professional Development. **Prerequisite: Admission to Graduate Program and Completion of 1200 hour Clinical Experience. F**

MUSIC 5172 MUSIC OF THE BAROQUE

A study of musical styles of the seventeenth and early eighteenth century. *

MUSIC 5221 ADVANCED FIELD STUDIES

Advanced clinical experiences to meet the AMTA Advanced Competencies in Professional Practice, and Professional Development: applying theories and associated techniques into practice, developing treatments for emerging clientele, and translating the clinical results into a meaningful research hypothesis/employing appropriate research design to examine the clinical results following ethical guidelines. **Prerequisite: admission to Graduate Program and completion of 1200 hour Clinical Experience. F, S, SS**

MUSIC 5233 HISTORY & CONTEMPORARY GLOBAL/CULTURAL ISSUES IN MUSIC THERAPY

Advanced survey to meet the AMTA Advanced Competencies in Theory and Professional Development via the review of music for healings in various historical eras and cultures, music therapy development as a profession in different political and cultural entities, and the challenges as well as promise of music therapy in a global context. **Prerequisite: MUS 3181, FE**

MUSIC 5243 ADVANCED STUDIES IN MUSIC THERAPY AND ADULTS

Advanced studies on the implementation and research of music therapy treatments to address diagnoses, classifications, and other clinical conditions related to adults, fulfilling the AMTA Advanced Competencies in Professional Practice: Theory, Clinical Practice, University/College Teaching, Research, and Professional Development. **Prerequisite: Admission to Graduate Program and completion of 1200 hour Clinical Experience. FE**

MUSIC 5252 INSTRUMENTAL PROBLEMS

An advanced study of teaching techniques for the various instruments of the band and orchestra. **Prerequisite: Admission to the Graduate Program. ***

MUSIC 5263 LEGISLATIVE & BUSINESS ISSUES IN MUSIC THERAPY PRACTICES

A preparatory class to address the AMTA Advanced Competencies in all areas by (1) surveying the legislative actions related to music therapy certification, licensures, service provision, and insurance coverage/reimbursement in the US and international communities, and (2) business skills required to initiate and expend the music therapy practice. **Prerequisite: MUS 3181, S**

MUSIC 5273 ADVANCED MUSIC THERAPY IMPROVISATIONS AND SONG WRITING

A music making class detailing techniques for clinically appropriate compositions and improvisational experience to address AMTA Advanced Competencies in Clinical Practice and Professional Development. **Prerequisite: MUS 4011, FO**

MUSIC 5283 QUALITATIVE & QUANTITATIVE RESEARCH IN MUSIC THERAPY

An advanced research class to further extend skills in the research development of descriptive, historical, philosophical, applied behavioral and experimental studies incorporating qualitative and quantitative methods, including the utilization of statistical analysis software for fulfilling the AMTA Advanced Competencies in Theory, Clinical Practice, Research and Professional Development. **Prerequisite: Admission to Graduate Program and completion of 1200 hour Clinical Experience. S, SS every 3 years**

MUSIC 5302 MUSIC PROGRAM ADMINISTRATION

The study of administrative procedures of the public school, university, or professional music directors. **Prerequisite: Admission to the Graduate Program. ***

MUSIC 5352 MARCHING BAND TECHNIQUES

Study of techniques and styles for marching bands, including pageantry, precision drill, dance steps and parade. **Prerequisite: Admission to the Graduate Program. ***

MUSIC 5362 TOPICS IN JAZZ HISTORY

MUSIC 5402 SEMINAR IN ADVANCED INDIVIDUAL INSTRUMENTAL TECHNIQUES

The advanced study of techniques for playing and teaching orchestral instruments. **Prerequisite: Admission to the Graduate Program. ***

MUSIC 5452 ARRANGING FOR MARCHING BAND

An advanced study of techniques of arranging for the marching band. **Prerequisites: MUSIC 3303 and MUSIC 4232 or equivalent, and admission to the Graduate Program. ***

MUSIC 5482 ADVANCED INSTRUMENTAL LITERATURE

An advanced study of music literature written for instrumental ensembles. The review will include music for solo winds and full band. **Prerequisite: Admission to the Graduate Program. ***

MUSIC 5512 ADVANCED VOCAL METHODS

An advanced and detailed study of the various approaches to teaching solo and ensemble singing, with review of music literature suitable for secondary level students in the public schools. **Prerequisite: Admission to the Graduate Program. ***

MUSIC 5542 ADVANCED CHORAL LITERATURE AND SCORE STUDIES

A study of criteria for the evaluation and selection of choral music including the review of a variety of choral music. **Prerequisite:** Admission to the Graduate Program. *

MUSIC 5572 CHORAL ARRANGING

A study of the problems and techniques of voice leading and sonority in arranging music for the various choral music ensembles. **Prerequisite:** Admission to the Graduate Program. D

MUSIC 5652 MUSIC OF RENAISSANCE

D

MUSIC 5702 MUSIC OF THE CLASSIC ERA

Western musical style and literature from 1720 to 1820. *

MUSIC 5752 MUSIC OF THE ROMANTIC ERA

A survey of the development of western musical forms and styles from 1820 to 1920. *

MUSIC 5762 ADVANCED CONDUCTING

The study and analysis of problems and procedures connected with conducting ensembles of all kinds. Emphasis is on problems of technique and communication. **Prerequisite:** Admission to the Graduate Program. *

MUSIC 5782 LANGUAGE DICTION

Detailed study of the pronunciation of Latin, Italian, French, and German as they apply in both speech and singing. **Prerequisite:** Admission to the Graduate Program. *

MUSIC 5802 MUSIC OF THE TWENTIETH CENTURY

Musical styles and literature from 1880 to the present. D

MUSIC 5882 FOUNDATIONS OF MUSIC EDUCATION

A survey of the various specialties within music education, and a detailed study of the various philosophies and rationales which support music programs in public schools and universities. **Prerequisite:** Admission to the Graduate Program. SO

MUSIC 5971 GRADUATE RECITAL

A public recital elective for students in the Master of Music in Music Education degree. Enrollment by permission of applied music teacher. F, S, SU

MUSIC 5972 GRADUATE RECITAL

A public recital required of students in the Master of Music in Performance degree. Enrollment by permission of Graduate Committee, after completing a successful recital hearing. F, S, SU

MUSIC 5982 THESIS

A required document in a form of thesis or clinical portfolio to partially fulfill the Master of Music in Music Therapy. **Prerequisite:** Completion of Curricular Requirements for MM in Music Therapy and Passing the Comprehensive Examination for Master of Music in Music Therapy. F, S, SS

MUSIC INDIVIDUAL MUSIC LESSONS (APPLIED MUSIC)

Individual lessons in piano, voice, organ, guitar, or any of the orchestral instruments. Students enrolled in one hour's credit will receive twenty-five minutes of instruction each week. Students enrolled in two hour's credit will receive fifty minutes of instruction each week. All enrollments by signature from the chair of the music department. Enrollment in individual lessons is by permission of the department. Non-majors may apply for individual lessons, but music majors, minors, and endorsement students in good standing hold a higher priority for teacher assignment. F, S, SU

Department of Social Sciences

Criminal Justice

CRMJS 5163 SOCIOLOGY OF DEVIANT AND CRIMINAL JUSTICE

A general study of causes, effects and the nature of deviant behavior; special attention is given to criminal behavior as a type of deviance. F

CRMJS 5243 COMPARATIVE CRIMINAL JUSTICE SYSTEMS

A trans-national study of criminal justice systems focusing on law enforcement, adjudication, and corrections for comparison with U.S. system. S

CRMJS 5353 THE CRIMINAL MIND

This course will explore the mind of those who commit criminal acts and attempt to understand their motives, backgrounds, and psyches. Additional topics discussed in the course will include the mind of the murderer, the stalker, the terrorist, the sex offender, the rapist, and the cyber stalker. D

CRMJS 5523 CRIMINOLOGY

The study of the etiology, classification, social control and theoretical analysis of criminal behavior. D

CRMJS 5803 PRIVATIZATION OF CRIMINAL JUSTICE

A study of the historical and contemporary involvement of citizens and business and industry (i.e., non-government) in law enforcement, investigation, security, surveillance, detention, corrections, and treatment. D

CRMJS 5012 SEMINAR IN CRIMINAL JUSTICE

Intensive study on selected topic in criminal justice. May be repeated with change of subject. D

CRMJS 5013 SEMINAR IN CRIMINAL JUSTICE

Intensive study on selected topic in Criminal Justice. D

CRMJS 5103 JUVENILE JUSTICE

The study of delinquency and agencies of delinquency control; juvenile courts, probation, institutions and community organizations. S

CRMJS 5143 CRITICAL ISSUES IN CRIMINAL JUSTICE

Analysis of selected critical issues facing the criminal justice system. D

CRMJS 5153 U.S. CORRECTIONS

A study of corrective social responses to adult criminal behavior; focuses largely on the process of institutionalization, along with alternative treatment strategies. F

CRMJS 5333 VICTIMOLOGY

A sociological analysis of victimization, the social response to victimization, and the victim movement. D

CRMJS 5903 DIRECTED READINGS IN CRIMINAL JUSTICE

Scope of project determined by instructor. May be repeated for a total of 6 hours. Permission required. D

Economics

School of Nursing and Allied Health Sciences

Allied Health

ALHLT 5000-4 INDIVIDUAL STUDY IN ALLIED HEALTH

These courses provide the opportunity for the student to become involved research activities. The student is given the opportunity to participate in an area of personal interest or an area selected by the faculty. Sound research design and data collection and interpretation are emphasized. The overall objective of the activity is to make it a learning activity which benefits the student.

ALHLT 5143 HEALTH STATISTICS

Intended for graduate students in health sciences, and not majoring in statistics. Applies statistical techniques and methodologies to health-related questions. Develop skill sets to make appropriate inferences from the data relative to chance, make valid estimates of population parameters, and determine which statistical technique should be used in a valid and feasible manner to maximize information obtained from scientific studies. Be able to read and understand statistics in research literature. Develop coding skills in order to apply statistical methodologies to data sets. **Online, F, S**

ALHLT 5293 EPIDEMIOLOGY

Intended for graduate students in health sciences, and not majoring in epidemiology. Provides an in-depth introduction to the epidemiologic perspective on health and disease. Focus is on the principles and methods used to describe and evaluate patterns of illness/injury/disease in communities and populations. Methods and research designs are presented. Students will develop skill sets to review and assess epidemiologic peer-reviewed scientific journal articles. Navigating and understanding the IRB process will also be covered and students will be expected to develop an epidemiologic study. **Online, F, S, SU**

The School of Nursing and Allied Health Sciences offers the MHIIM program and Master's in Nursing as on-line degree programs with no on-campus component. Students utilize SWOSU's course management system via the Internet to attend classes, complete assignments, and interact with classmates and faculty members. Full-time or part-time attendance is available to students so that they may continue to work full-time and complete the programs.

The School of Nursing and Allied Health Sciences has collaborated with the Everett Dobson School of Business and Technology to offer an area of specialization in Healthcare Informatics for the Master of Science Degree in Management. Certain Health Information Management (HIM) courses below provide the potential for expanded graduate level opportunities culminating in a Master of Science in Management with the option of Healthcare Informatics.

Health Information Management Professional Health Information Management Courses

HIM 5011-4 SEMINAR IN HIM

Group study of a specified topic in Health Information Management for the graduate HIM student.

HIM 5223 ADVANCED ELECTRONIC HEALTH RECORDS

This course is designed for graduate students interested or currently involved in EHRs. Graduate students will achieve a general understanding of the importance of EHRs in this course. The EHR is the "bridge to everywhere." Not only does it bridge disparate information systems, it also bridges the process of healthcare from departmental islands to the view of an institution of multiple institutions. Graduate students must complete a graduate project throughout the semester. Two hours of lecture per week. **Corequisite: HIM 5223L. Prerequisite: HIM 3122 only offered in Spring. Online, F**

HIM 5233 CORPORATE COMPLIANCE AND QUALITY DATA MANAGEMENT IN HEALTHCARE

Course explains the growing need to adequately train healthcare leaders in the field of compliance. In today's fast paced healthcare world, employees face new information, increased responsibilities and rapidly changing technology. In order to sort through and adapt to it all, while maintaining high levels of performance, employees must capitalize on valuable resources. The course addresses both the managerial and quality data aspects of corporate compliance. Students receive the knowledge and skills necessary to understand how a formal compliance program is implemented at a healthcare facility. **Online, F**

HIM 5243 HEALTHCARE INFORMATICS RESEARCH METHODS

This course provides an in-depth perspective for research in health informatics with distinct discussion of research and design methods particularly relevant to the healthcare field. Methods will focus on research questions development, data collection, and statistical approaches that translate data to information. This course includes grant writing process, as well as the organization and management of research protocol of health related data. Students with background knowledge in Epidemiology and Health Statistics would be beneficial, but these are not required **Prerequisites. Online, F, S**

HIM 5253 LEGAL AND PRIVACY ISSUES IN HEALTH INFORMATICS

This course will review the legal and privacy issues related to healthcare informatics. As the healthcare industry adopts information technologies to provide fast, efficient and cost effective healthcare, ethical, legal and privacy issues will arise. These must be addressed and properly understood. Course work will be used to discuss the importance of understanding the legal health record within a healthcare facility. Students will learn about concepts related to: E-HIM, legal EHR, E-Discovery, and litigation response planning. **Online, SU**

HIM 5263 HEALTHCARE VOCABULARIES & CLINICAL TERMINOLOGIES

Develop an understanding of how clinical data is represented through medical vocabularies and clinical classifications. Emphasis will be on learning and understanding standard clinical technologies, including the appropriate use and application within various health information systems in order to enhance communication across the healthcare industry. **Online, F**

HIM 5283 HEALTHCARE DECISION SUPPORT SYSTEMS

Offers an understanding of foundational terminologies, concepts, models, processes and tools associated with decision support and knowledge management systems. Emphasizes the techniques and strategies used to apply information and knowledge based systems, including decision analysis techniques within the context of healthcare organizational settings. Students will learn how to take information and turn it into knowledge to be used by clinical and administrative healthcare leaders. **Online, F,S,SU**

HIM 5213 HEALTHCARE INFORMATION MANAGEMENT

This course is intended to explore the wide array of Health Information Management concepts, principles, and practices to enable the student to understand the vast information in the health information arena. The course will cover Data Content, Standards, and Governance; Revenue Management and Compliance; Health Informatics; and Analytics and Data Use as it pertains to Health Information Management. **Online, F, S**

HIM 5293 LEADERSHIP FOR THE HEALTHCARE PROFESSIONAL

This course combines the classical knowledge of leadership theory with the best practices and outcomes associated with the skills and applications practiced by healthcare leaders. Emphasis will be on developing a systems-based way of thinking about leadership, understanding how individuals function in the healthcare workplace; self-assess leadership thinking and behavior; and establish goals for leading people and managing resources into the future. **Online, F, S**

HIM 5313 HEALTHCARE REVENUE MANAGEMENT

This course examines the healthcare revenue cycle, specifically the revenue cycle management process and utilization of an interdisciplinary approach to gain significant improvements on the timely flow of revenue. Students will learn how charges become revenue and gain insight into cost analysis, payer contracts, patient access, documentation and charge capture, record completion and coding and claims management. **Online S, SU**

HIM 5323 ENTERPRISE INFORMATION MANAGEMENT AND GOVERNANCE

From a strategic perspective, data governance (DG) and information governance (IG) initiatives must be linked with major business and organizational strategic goals and be supported by a business case. The purpose of this course is to distinguish the differences and synergy between DG and IG and to provide a high-level overview of the, organizational structure and communication, measurement, and control processes that must be put in place. **Online, F**

HIM 5333 HEALTHCARE STRATEGIC PLANNING

This course focuses on the role of strategic thinking and planning within a healthcare organization. Emphasis will be placed on learning the strategic planning process, including developing and implementing the mission, vision, goals and objectives. Students will analyze different healthcare provider, payer, and consumer markets, and assess how each impacts the viability of a strategic plan. Focused areas will be on strategic planning, and leading and managing change for success in turbulent times. The course centers on the theme that healthcare is going through rapid changes and uncertainty and innovation is an expected reality in healthcare. **Online, S**

HIM 5373 CAPSTONE PROJECT 1

Working with an assigned capstone project advisor, the student completes a rigorous project focused on a real-world health information management project and prepares a project report to be submitted to the department for final approval. The goal of the capstone project is to increase students' problem solving methods and cognitive sophistication through an activity that requires reading, thinking, and writing, to only further the student's education, and make a meaningful contribution to HIM practice. Oral and written reports are required, including an oral presentation and defense of project. **Online F, S, SU**

HIM 5363 CAPSTONE PROJECT 2

The Professional Practice Experience (PPE) will require 160 onsite hours in the areas of health information management, health informatics or health information systems. The student will observe and experience day-to-day HIM management and leadership operations, provide documentation and/or recommendations in workflow and complete special graduate projects with supervision. **Online F, S, SU**

NURS 5023 -NURSE AS SCHOLAR

Students evaluate and apply research to nursing practice, developing an evidence-based practice approach. Skills in quantitative reasoning and statistics are strengthened by a critical review of research design and statistical data. Best practices are discovered from a systematic application of current research to health care scenarios and delivery systems with a goal of improving patient outcomes and increasing safety. **Prerequisites: admission to SWOSU MSN program.**

NURS 5033 GLOBAL HEALTH AND ADVANCED PRACTICE NURSING

Emphasizes global health concerns and equips students with tools to navigate and serve as a caring advocate in the world of international/global health. Focuses on interdisciplinary care, global health care, poverty, and health indicators. **Prerequisite: NURS 5023**

NURS 5043 TRANSITION TO ADVANCED PRACTICE ROLES

Students explore organizational and systems leadership and challenges to effective leadership, including leadership strategies and decision-making at both the practice-level and systems-level of nursing. Emphasis is placed on the role of advanced-practice nurses in improving quality and cost-effectiveness of care with sensitivity to a variety of organizational cultures and populations. **Prerequisite: NURS 5023**

NURS 5053 QUALITY IMPROVEMENT, SAFETY, AND ETHICS

Applying an interdisciplinary approach, students focus on continuous quality improvement, emphasizing the relationship among healthcare law, global business, ethics, social responsibility, advocacy, and management within diverse healthcare organizational systems. **Prerequisite: NURS 5023**

NURS 5063 Information and Healthcare Technology

Students explore an interdisciplinary approach to electronic healthcare delivery. Topics include the professional role of the nurse in relation to information technology and clinical applications such as the use of electronic health records, and the delivery of healthcare information, education, and healthcare reimbursement. Issues of privacy, security, and legality will also be discussed. **Prerequisite: NURS 5023**

NURS 5073 PRINCIPLES OF NURSING MANAGEMENT

Students analyze the concepts required for effective performance of the nurse administrator's role in an organization as a function of the total organizational system. Students critique organizational designs and interpersonal relationships within healthcare organizations with an emphasis on quality improvement of outcomes and interpersonal dynamics. **Prerequisite: NURS 5023**

NURS 5083 BUSINESS COMMUNICATION IN HEALTHCARE

Students explore professional communication: written, oral, and technical. Students apply skills in communication styles such as memos, email, research reports, proposals, presentations, and interviews with a focus on communication with a variety of health care stakeholders, interdisciplinary teams, and healthcare consumers. **Prerequisite: NURS 5023**

NURS 5093 PERFORMANCE STANDARDS AND PERSONNEL

Students apply best practices in use of human and financial resources, conflict resolution, and organizational development, including the development, design, measurement, and evaluation of performance standards. **Prerequisite: NURS 5023**

NURS 5103 HEALTHCARE BUDGETING

Students analyze the budget process for health care organizations, improving their understanding of the budget process as it applies to health care organizations. Students explore long range planning, operating budgets, capital budgets, fixed and variable costs, zero based budgeting, cost estimation and forecasting, break-even analysis,

Nursing

performance budgeting, flexible budget variance analysis and capital budgeting. A nursing unit's operating budget is examined in detail.

Prerequisite: NURS 5023

NURS 5113 MANAGEMENT PRACTICUM

This practicum experiences exposes students to the role of the nurse administrator in different settings, allowing students to apply knowledge previously gained in the program to an administrative project. Course includes weekly discussion checkpoints. **Prerequisite:** NURS 5023

NURS 5123 COACHING AND MENTORING IN NURSING LEADERSHIP

Students will analyze theories of coaching and mentoring, executive coaching, team coaching, peer coaching, subordinate coaching throughout career phases, and personal career coaching. Multiple models for nurse leadership coaching and mentorship are investigated through learning activities and discussion and the use of case studies. **Prerequisite:** NURS 5023

NURS 5133 GRANT WRITING, ACADEMIC WRITING, AND PUBLISHING

This course will guide students in developing strong academic writing skills. Topics include identification of potential grant sources, skills needed to write competitive grant proposals successfully, typical grant components (including a statement of need/rationale, implementation strategies, outcomes, personnel, evaluation, budget, attachments, and an executive summary), the publication process (including peer review), and peer presentations. **Prerequisite:** NURS 5023

NURS 5143 ONLINE NURSING EDUCATION

Students apply the tools needed to successfully teach an online course. Strategies are provided to maximize faculty time while ensuring that the learning styles of students are in a student-centered, vibrant online environment. Participants will work individually and collaboratively to explore various means of creating an online learning community.

Prerequisite: NURS 5023

NURS 5173 FACILITATING STUDENT LEARNING

Students apply skills as a nurse educator in this introduction to teaching at the pre-licensure level. Students explore techniques for effective facilitation in the classroom or nursing laboratory setting, including syllabus creation, role modeling and mentoring for students, and developing effective lessons based on identified student learning outcomes and competencies. Students will implement various strategies, technologies, to meet diverse learning styles by designing learner-centered instructional activities and lessons.

Prerequisite: NURS 5023

NURS 5183 CLINICAL TEACHING AND EVALUATION

Students develop professional skills as a clinical nurse educator at the pre-licensure level. Students will learn to work with didactic faculty, ensuring congruence of clinical education with course outcomes, applying evidence-based practice, and developing effective pre- and post-conference activities based on identified learning outcomes and competencies. Topics include evaluating the progress of diverse learners, grading of care plans and other clinical assignments, evaluation of safety, assessment of student achievement of clinical learning objectives, ethical considerations, formative and summative evaluation, and engaging learners with the use of technology. **Prerequisite:** NURS 5023

NURS 5193 INSTRUCTIONAL DESIGN, CURRICULUM DEVELOPMENT, AND CHALLENGES

Students evaluate principles of adult learning, curriculum/course planning, and course design. Learners will apply the principles of course design to the development of a course, from the creation of a syllabus to lesson planning to learning activities, to ensure alignment from student learning outcomes to course outcomes to learning and assessment methods. Topics also include faculty roles and responsibilities, scholarship of teaching, leadership in nursing education, diversity, and legal and ethical issues. **Prerequisite:** NURS 5023

NURS 5203 ASSESSMENT AND EVALUATION IN NURSING EDUCATION

Students review existing literature on assessment principles and methods. Students apply knowledge to design a variety of formative and summative assessment methods. Students will use case studies to apply knowledge of test construction and item analysis as well as ethical considerations associated with assessment and evaluation. Course content also includes the use and development of rubrics. **Prerequisite:** NURS 5023

NURS 5213 NURSING EDUCATION PRACTICUM

This course involves a guided experience project for the classroom, simulation lab, online, or clinical teaching and evaluation, plus an on-line discussion forum. During the practicum, students will apply prior knowledge of instructional methods to the design, implementation, and evaluation of course/class/clinical content. Other content includes designing a teaching portfolio and weekly discussion checkpoints. **Prerequisite:** NURS 5023

NURS 5283 TECHNOLOGY SOLUTIONS FOR HEALTHCARE AND HEALTHCARE INFORMATION

Students focus on the rapid changes in information technology. The course examines current trends in nursing informatics and technology, including software, hardware, research, economics, healthcare consumer education and interaction, and the need for health information exchanges (HIE), including the data they manage and the services they offer (improvement of health) as well as challenges posed to privacy.

Prerequisite: NURS 5023

NURS 5293 CLINICAL INFORMATION SYSTEMS DESIGN, IMPLEMENTATION, AND COMMUNICATION

Students evaluate the nurse informaticist's role in selecting, implementing, managing, and supporting healthcare information systems in various professional settings. Students evaluate the process of selecting a system, managing a system change, communicating and leading change, securing clinician buy-in, and training staff. Other topics include system security, the evaluation of system performance, and the use of data gathered to guide business and patient care decisions, and regulatory and HIPAA standards related to system design and implementation. **Prerequisite:** NURS 5023

NURS 5303 HEALTHCARE SYSTEMS DATABASES

Students evaluate the theory and application of decision modeling in health care. Students will learn and apply skills in probabilistic reasoning, analyzing decisions, presentation of knowledge, and use of rule-based systems. Course content will also include an examination of system architecture as it supports clinical decision-making and the nursing and medical domain standards within information systems. **Prerequisite:** NURS 5023

NURS 5313 INTERACTIVE TECHNOLOGY AND COGNITIVE INFORMATICS

Students examine human-computer interactions, including the design, evaluation, and implementation of interactive computing systems. Emphasis is given to how people and computers communicate, the human ability to use computers, concerns that arise in designing and building interfaces, and design trade-offs. Particular emphasis is placed on practical design and user interfaces and the use of interactive strategies and technologies to enhance health care delivery to consumers, especially underserved populations. **Prerequisite:** NURS 5023

NURS 5323 NURSING INFORMATICS PRACTICUM

Students create a final project that demonstrates the application of theoretical and practical aspects of nursing informatics, with a focus on leadership within the healthcare system. The project will incorporate integration of evidence-based practice, interdisciplinary collaboration, legal, and ethical issues. Students will have weekly discussions to serve as project checkpoints. **Prerequisite:** NURS 5023

School of Behavioral Sciences and Education

Department of Education

Counseling

COUN 5000-4 INDIVIDUAL STUDY IN COUNSELING

COUN 5011-4 SEMINAR IN COUNSELING (TOPIC)

Group study of specified topic. One to four credit hours. **Prerequisite:** By permission only and Admission to Graduate Program.

COUN 5213 COMMUNITY COUNSELING

A course for prospective community counselors designed to investigate the special characteristics and functions of community counseling.

Prerequisite: Admission to Graduate Program. **SU**

COUN 5373 THEORIES/TECHNIQUES OF FAMILY COUNSELING

A survey of family counseling theories and techniques with special emphasis on family relationships, assessment, intervention, and treatment. **Prerequisite:** Admission to Graduate Program. **S**

COUN 5423 MULTICULTURAL CONCEPTS

This course is designed to prepare individuals for multicultural competence in a global society. The curriculum will engage students in theoretical, experimental, and research-oriented experiences in order to develop a comprehensive multicultural understanding that will lead to effective and ethical practice. **Prerequisite:** Admission to Graduate Program. **S, F**

COUN 5503 DEVELOPMENT OF SCHOOL GUIDANCE PROGRAM

Designed for prospective school counselors to improve interpersonal skills, investigate the characteristics and functions of school counseling and program development. **Prerequisite:** Admission to Graduate Program. **S, SU**

COUN 5513 INTRODUCTION TO COUNSELING AND GUIDANCE

Introduction to guidance programs in community counseling centers and the elementary and secondary school as it involves the teacher, counselor, and administrators. **F, S, SU**

COUN 5523 CAREER COUNSELING

A course designed for counselors, teachers, guidance directors, school assistance, vocational, and life planning and development areas. Course information is oriented relative to educational and world-of-work opportunities including knowledge relative to labor market information & including current and projected economic trends. **Prerequisite:** Admission to Graduate Program. **S, SU**

COUN 5543 THEORIES AND TECHNIQUES OF COUNSELING

Designed to teach individual counseling theories and techniques. Application to community and public school counseling programs is stressed. **Prerequisite:** Admission to Graduate Program. **F, S**

COUN 5553 THEORIES AND TECHNIQUES OF GROUP COUNSELING

Designed to teach group counseling techniques appropriate to group counseling. Application to agency and public school counseling programs stressed. **Prerequisite:** Admission to Graduate Program. **SU**

COUN 5563 PRACTICUM IN COUNSELING

Course includes practical application of knowledge and techniques learned in previous course work to be applied in schools and/or community agency settings. Requires 150 hours of field experience and a grade of "B" or better for successful completion. **Prerequisites:** Admission to Graduate Program and IPAC approval. **F, S**

COUN 5593 ADVANCED TESTS AND MEASUREMENTS

A course designed to give educators and counselors advanced understanding of tests and measurement issues, design and development for diagnosis and/or educational purposes. **F, S**

COUN 5613 INTERNSHIP IN COUNSELING

An organized practicum/internship of 300 clock hours with planned counseling experiences which provide classroom, community and other field experiences for the professional counselor. All experience/activities are under the supervision of college or university approved counseling professionals. **Prerequisite:** Admission to Graduate Program and IPAC approval. **F, S**

COUN 5713 CLINICAL SUPERVISION

This course introduces models of counseling supervision. Students will become familiar with the Oklahoma LPC Supervision requirements and be acquainted with the research in counselor training and supervision. Video-recording of individual supervision sessions with practicum/internship students is required. This course fulfills the requirements set forth by the Oklahoma LPC Rules and Regulations as satisfying the requirement for a course in clinical supervision in order to become as LPC supervisor. **Fall Only**

COUN 5893 ETHICAL, LEGAL AND PROFESSIONAL STANDARDS

Reading

RDNG 5000-5004 INDIVIDUAL STUDY IN READING

Individual study of specified topic for graduate students. Credit three semester hours. **Prerequisite: Admission to Teacher Education and/or Graduate School.**

RDNG 5123 THE TEACHING OF READING I

Basic principles of reading instruction; techniques and materials for teaching reading; a study of readiness, word recognition skills, comprehension, critical reading, study skills, and vocabulary development. **Prerequisite: Admission to Graduate Program**

RDNG 5128 ANALYSIS OF READING SYSTEMS

Exploration of complex differences among the roles literacy specialists have encompassed throughout history and in today's educational systems guides candidates to understand appropriate professional development practices aligned to identified needs. Analysis of essential components of literacy programs and how to best assist teachers and districts in evaluating, developing, and implementing programs that encompass dynamic assessment practices to influence curriculum and instructional decision-making. Development of literacy environments and practices that are socially rich, extend beyond the classroom, and incorporate digital tools are emphasized.

RDNG 5132 THE TEACHING OF READING II

A continuation of RDNG 3423, with emphasis on word recognition, vocabulary, and comprehension. **Prerequisites: Admission to Graduate Program and RDNG 3423**

RDNG 5143 DIAGNOSTIC PRACTICES IN TEACHING OF READING

Practice course with actual reading disability cases with whom the techniques of diagnosis and treatment of reading difficulties are used. **Prerequisites: Admission to Graduate Program and RDNG 3423, RDNG 3432**

RDNG 5183 ANALYSIS OF READING SYSTEMS

Basal readers, language experience, individualized, augmented alphabet, phonic, linguistic, programmed and interdisciplinary approaches are examined, discussed, and reviewed. **Prerequisite: Admission to Graduate Program.**

RDNG 5413 FOUNDATIONS OF READING

A comprehensive study of the major models and theories of reading and literacy learning. Comparisons of classical thinking and more contemporary cognitive, social learning, physiological, and affective perspectives encourage development of candidates' abilities to make connections between theories and practice, make more informed decisions, and critically evaluated their own assumptions, educational philosophies, and practices.

Prerequisite: Admission to Graduate Program

RDNG 5423 DIAGNOSIS AND REMEDIATION OF READING I

A study of the nature and causes of various difficulties experienced during literacy acquisition. There is emphasis on the administration, scoring, and interpretation of individualized reading assessments which inform literacy curriculum and tiered instructional practices. Study of research-based intervention practices and engagement in action research with avenues for exploration of publication exist within the course. Analysis of adult learning needs and appropriate methods for guiding colleagues in analysis of literacy assessment and intervention practices develop candidates' leadership abilities.

Prerequisite: Admission to Graduate Program

RDNG 5433 DIAGNOSIS AND REMEDIATION OF READING II

A study of the nature and causes of various difficulties experienced during literacy acquisition. Application of researched-based assessment and intervention practices are required within a dynamic field experience project spanning multiple grade levels. Collaboration with colleagues to select students for intensive assessment and intervention is required. Continued collaboration with colleagues throughout the intervention sessions as well as development and implementation of professional development on assessment practices and intervention allows for literacy leadership and coaching practice. Individualized student plans for improvement in literacy are developed and shared with stakeholders. **Prerequisite: Admission to Graduate Program and RDNG 5413.**

RDNG 5443 PRACTICUM IN READING-INDIVIDUAL

The thirty-hour practicum experience in this course places candidates in the role of literacy specialist as interventionist and literacy coach. Through collaborative coaching sessions, the candidate and cooperating teacher select focus students for assessment, intervention and progress monitoring, review students' progress, and explore possible instruction, curricula, and assessments to improve literacy learning. Specific and purposeful exploration of the research literature base unique to the goals and needs established through collaborative coaching sessions guides the leadership development of the candidate and professional learning of the cooperating teaching. Evaluation and monitoring of the candidate's ability to achieve intended goals are provided by the cooperating teacher and the university mentor, instructor.

Prerequisite: Must be Graduate student.

RDNG 5453 PRACTICUM IN READING--GROUP

This course guides reading specialist candidates in the development, implementation, and critique of direct instruction in reading, writing, and language through the completion of a thirty-hour practicum experience. Assessment tools are selected to identify students' literacy strengths and needs, inform instruction across contexts, and monitor learning. Candidates engage in recording and evaluating their instructional practices across contexts with supervision and mentoring from the university faculty. Candidates engage in learning to acquire new knowledge related to intervention strategies based on current and relevant research and practices in the field.

Prerequisite: Admission to Graduate Program

RDNG 5463 ORGANIZATION AND SUPERVISION OF READING

Approaches to developing and analyzing school-wide literacy programs and communities that are inclusive, affirming, and responsive to diverse student bodies and student abilities are developed through the analysis of research, case examples, and reflective, application writing. Emphasis on understanding of the various roles of literacy specialists and other school specialists enhances candidate's abilities to foster collaborative cultures which positively influence effective literacy programs and practices.

Prerequisite: Admission to Graduate Program and RDNG 5413.

RDNG 5953 READING CAPSTONE EXPERIENCE

A thorough literature review is conducted to explore research-based effective practices related to reading motivation and motivation programs, inclusion of choice, and approaches to independent reading to establish literacy cultures at the classroom, building, district, and community levels. Connections to current practices and action steps for change and growth in future practices are supported through literature. Avenues for continued learning and contributions to the field through publication and engagement in professional communities are explored and strongly encouraged.

Prerequisite: Admission to Graduate Program and RDNG 5423, RDNG 5433, RDNG 5443, and RDNG 5453.

Special Education

SPCED 5000-4 INDIVIDUAL STUDY IN SPECIAL EDUCATION

A problem, topic, or issue in the field of special education to more effectively meet the needs of learning disabled students. Credit 1 to 3 semester hours. Prerequisites: SPCED 3132 Exceptional Children, SPCED 3223 Introduction Learning Disabilities, and Admission to the Graduate Program. Credit 1 to 4 semester hours.

SPCED 5113 STRATEGIES FOR TEACHING THE LEARNING DIS

Graduate component of certification requirement in special education (LD). Discussion of various curriculum, instructional strategies, and techniques for teaching children and adolescents with learning disabilities. COMSC 5023 DATABASE FOUNDATIONS FOR ANALYTICS

This course introduces the fundamental concepts and techniques used in databases for analytics. The course will cover the design and implementation of databases, data modeling, relational algebra, and SQL. The course will also cover indexing and query optimization, as well as data warehousing, data mining, and data visualization. The course will emphasize the importance of data quality and data governance and will explore the challenges and trade-offs associated with managing large datasets. Students will learn how to use databases to support decision-making processes and will gain hands-on experience in using SQL to query and manipulate data. By the end of the course, students will have a solid understanding of database management systems and will be able to design and implement databases for analytics purposes. They will also be able to use SQL to extract and analyze data. **Prerequisite:** Approval of the supervising faculty, graduate advisor, and Chair. **D**

COMSC 5033 DATA VISUALIZATION

Every data has a story to tell. Students will learn the importance of the audience's role in the creation of visualizations, the correct visualizations for the data type, and how to draw the audience's attention to the important aspects of the story. Students will also learn how to interpret what the data is saying and how to communicate the story it has to tell. **Prerequisite:** Graduate advisor approval. **D**

COMSC 5043 GEOGRAPHIC INFORMATION SYSTEMS

Fundamental concepts of Geographic Information Systems (GIS), elements of GIS, analysis of spatial information, real-world applications, map creation and analysis. Primary objective is to investigate interactive GIS application rather than develop expert users. **Prerequisite:** Graduate advisor approval.

COMSC 5513 BUSINESS INTELLIGENCE

Provides a managerial perspective to a business analytics continuum beginning with descriptive analytics (e.g., the nature of data, statistical modeling, data visualization, and business intelligence), moving on to predictive analytics (e.g., data mining, text/web mining, social media mining), and then to prescriptive analytics (e.g., optimization and simulation), concluding with future trends, privacy, and managerial considerations. AI, deep learning, robotics, chatbots, IoT, and Web/Internet-related enablers are highlighted as emerging technologies throughout the course. **Prerequisite:** Graduate advisor approval.

COMSC 5923 INTERNSHIP IN COMPUTER SCIENCE

Directed experience working in an organization at a level requiring professional duties and responsibilities. Student must complete at least 250 hours of directed experience. A detailed journal and term report are required. **Prerequisite:** Approval of the supervising faculty, graduate advisor, and Chair. **D**

Department of Engineering Technology

MFET 5183 STATICS AND STRENGTHS

The study of force systems in two dimensions, equilibrium, moments, bending, stress, and strain. **Corequisite:** MFET 5183L.

MFET 5433 AUTOMATION & CONTROL SYSTEMS

A survey of automated manufacturing and related activities.

Prerequisite: Graduate advisor approval. **F**

MFET 5443 MATERIAL HANDLING AND FACILITY PLANNING

A study of the factors influencing location, layout, and planning of industrial facilities.

TECH 5000-4 INDIVIDUAL STUDY IN TECHNOLOGY (TOPIC)

Individual study of specified topic in technology for graduate students.

Credit one to four semester hours. **Prerequisite:** Graduate advisor approval. **D**

TECH 5010-4 SEMINAR IN TECHNOLOGY (TOPIC)

Group study of specified topic in technology for graduate students. Credit one to four semester hours. **Prerequisite:** Graduate advisor approval. **D**

TECH 5113 INDUSTRIAL SAFETY

Course emphasizes the recognition and prevention of unsafe working conditions. OSHA regulations are emphasized.

TECH 5123 INDUSTRIAL SUPERVISION

Principles and practice of industrial supervision and leadership are presented. Topics include the duties and responsibilities of the supervisor in an industrial setting. Specifically communication, group dynamics, employee behavior, ethics, current training techniques, health and safety, labor relations, and the supervisor's for productivity and quality are addressed. **Prerequisite:** Graduate advisor approval. **SO**

TECH 5173 ENVIRONMENTAL REGULATIONS

A study of the significant acts of environmental legislation, the role of various federal agencies, the history of environmental regulation and other environmental concerns. **Prerequisite:** Graduate advisor approval. **SE**

TECH 5213 2D CAD

A study of computer techniques for drafting including drawing, editing and plotting commands. AutoCAD software is used to produce orthographic, schematic, pictorial and architectural drawings. 3D drawing concepts are introduced. **Prerequisite:** Graduate advisor approval. **Corequisite:** TECH 5213L.

TECH 5243 3D CAD SOLIDWORKS

An advanced course in 3D computer applications. Parametric model drawings, assembly, presentation and detail drawings are produced using a variety of software packages. **Prerequisite:** Graduate advisor approval. **F, S**

TECH 5373 ECONOMIC DECISION ANALYSIS

The course is designed to provide the student with an understanding of methods and practices for evaluating the economic impact of decisions concerning products and processes and an ability to analyze financial documents used to assess organizational performance. **Prerequisite:** MATH 1513 and graduate advisor approval. **S**

TECH 5513 MATERIALS TESTING AND ANALYSIS

Testing materials for compression, tension and shear, using modern testing and measuring equipment. **Prerequisite:** MATH 1513 or MATH 1613 and Graduate advisor approval. **D**

TECH 5823 INDUSTRIAL ELECTRONICS

A study of machine controls and processes. Topics include solenoids, relays, sensors, contactors, switches, timers, counters, analog control and introductory Programmable Controllers. **Prerequisite:** TECH 2713 and graduate advisor approval. **FE**

TECH 5833 COMMUNICATION ELECTRONICS

A study of wireless techniques for communicating voice, data, and visual information. The course covers AM, FM, UHF, and microwave techniques. **Prerequisite:** TECH 2713 and graduate advisor approval. **Corequisite:** MATH 2823F

TECH 5843 PROGRAMMABLE LOGIC CONTROLS

A study of programmable logic controllers including the design of ladder programs, HMI application programs, and hardware installation. Students will practice their projects on Rockwell's SLC 500, RSLogix 5000 and PanelView. **Prerequisite:** TECH 2713 and graduate advisor approval. **Corequisite:** TECH 5843L.

TECH 5863 ELECTRONIC TROUBLE SHOOTING

A study of the knowledge and skills necessary to service microcomputer operating systems, including installation and configuration. This course focuses on the COMP/TIA A+ OS competencies. **Corequisite:** TECH 5863L. **Prerequisite:** TECH 1713.

TECH 5913 MANUFACTURING ENTERPRISES

A study of the manufacturing industry that emphasizes planning and production aspects. Students will establish a manufacturing corporation then develop, produce and market a product. **Prerequisite:** Graduate advisor approval. **D**

TECH 5923 PROJECT DEVELOPMENT IN TECHNOLOGY EDUCATION

A study of project development, design, drawing and construction with emphasis on modern and technological trends. **Prerequisite:** Admission to the graduate program.

TECH 5953 CURRICULUM CONSTRUCTION IN TECHNOLOGY ED

Plan systematically the logical steps and procedures for the development of a curriculum in technology education. **Prerequisite:** Admission to the graduate program.

TECH 5983 EVAL IN TECH SUBJECTS

The application of available measuring instruments to technology subject matter areas. Design and criticism of instructor-made tests. Development and use of evaluation techniques. **Prerequisite:** Admission to the Graduate Program.
