Sponsored by Dr. Poskozim, it has three main aims. First, it gives its members an opportunity to prepare for their futures by talking with working scientists. Also, through guest lecturers, movies, seminars, and tours, the student remains up-to-date with the current scientific discoveries. Second, the club attempts to plan activities that will be of service to the school, to the community, and to the other institutions. Third, the Chemistry Club promotes social activities for the enjoyment of club members.

## FRENCH CLUB

The French Club is open to all students who wish to increase their proficiency in the French language and become acquainted with the various cultures of French-speaking peoples throughout the world.

Programs such as the riot report, (**Paris 1968: Riot or Revolution?**), films, slides, singing, guest speakers, a skit contest, and the French Club banquet (le Casse-Crouete), actively involve the student in the ways and ideas that make up French culture while encouraging him to express himself in French. For the future French teacher, programs such as **But Why French?** present information concerning the professional organizations which are open to him.

The French Club tutoring program serves the twofold purpose of helping the beginner in French and providing the future French teacher with opportunities to become acquainted with the methods and problems involved in language learning.

The French Club also joins the other foreign language clubs on campus for such activities as the Foreign Language Clubs' Picnic and the Foreign Language Clubs' Christmas Party.

## GADFLY COMMITTEE

The Gadfly Committee is an officially constituted committee of Northeastern Illinois State College. Its membership is composed of students, faculty, and administrative personnel. It is Everyman's grievance committee.

## GEOGRAPHY CLUB

First formed on January 30, 1964, the Geography Club works to acquaint students interested in geography with events and problems occurring on the world scene in the realm of geography.

Mainly concerned with arranging field trips to places of interest, the Geography Club has visited the Kettle Moraine in Wisconsin, the U. S. Steel Mill, a Milwaukee brewery and a cheese factory. Future outings include plans for a weekend in the Ozarks, The Wisconsin Dells, or Porcupine Mountains.

In addition to these tours, the members attend monthly dinners at restaurants specializing in foreign cuisine.

Sponsored by Mr. Robert Easton, the Geography Club attempts to have at least one short trip per trimester, a weekend trip for the spring, as well as the monthly dinners.

While promoting educational, cultural, and social activities which make it possible for students to improve their efficiency in the German language, the German Club provides opportunities for personal contact between the students and people of German-speaking countries. Besides these activities, the organization also aides the future German teacher by providing programs and information of special interest to him.

During the course of the year, the German Club, sponsored by Mrs. Frederike Wiedemann, holds an occasional 'singkreis' (a German Hoote-nanny). In addition, the members attend various German plays and movies. At the present time, the club is in the midst of plans for a trip to Germany.

Originating in the Fall of 1968, the Women's Gymnastic Club provides an opportunity for women to learn about and compete in gymnastic competitions.

Having only completed the DGWS (Division of Girls' and Womens' Sports) Compulsory Routines, the members nonetheless have attended three meets this year. At the First meet at Wheaton College, the club took three first places, one second, and four third places. The second meet, the Northern Sectional Gymnastics Meet, held at Concordia College, resulted in a first place and a third for the team scores. The final and annual meet which was the State Compulsory Meet, took place at Illinois State University in Normal.

As these scores show, the Gymnastic Club, with the guidance of their sponsor, Miss Betty Meyers, has exhibited great skill. Plans for the next year include the formation of a Women's Gymnastics Team from members in the Gymnastics Club. This would enable the women to host their own events and compete in optional as well as compulsory routines.

## HUMAN CAUCUS

The Human Caucus consists of people from all strata of college life at Northeastern who are interested in change whenever change is necessary. The group's approach to change is guided by reason and human dignity; they plan to work within the existing power structure—its offices, councils, committees, and departments.

In their dealings they, as human beings, attempt to confront others as human beings.

They have been described and sometimes laughingly so, as idealists. However, while the members admit to being idealists, they describe their work as "idealism in action."

Motto: There is nothing wrong with human nature that a little involvement will not cure.

Illustration compliments of Human Caucus.

Membership is open to anyone on campus who is willing to work and contribute to Interpreter's Theatre. Those with an interest in acting, writing, or directing are especially urged to employ their talents and join this group.

Comedy through tragedy is the range for shows, plays, and readings sponsored by the organization for all to enjoy.

# K.L.A.L.

Having felt a need for a Jewish organization on campus, a group of students organized KLAL in September of 1968.

KLAL, through social and cultural programs—such as social get-togethers and stimulating lectures and discussions, seeks to awaken and strengthen each member's personal awareness and identification with Jewish life.

Throughout this past year, KLAL has sponsored weekly "talk-ins" where students as a group worked out their mutual "Hang-ups" on all aspects of Judaism.

Under the guidance of Mrs. Berniece Zimmerman, Associate Dean of Students, the Mentors attempt to make the first trimester of college life easier for the incoming freshmen. Feeling that many of the difficulties which are encountered during freshman year are due to lack of knowledge of college procedure, the Mentors hold weekly orientation sessions with small groups of first-trimester students.

During these meetings the students discuss the problems they are facing and each of the Mentors, with his own individual group, tries to aid the new collegians.

The first few months of college life can be bewildering and the Mentors have succeeded in alleviating much of the strain and have left the freshmen better prepared to handle the various complications that may arise during their future trimesters at Northeastern.

The purpose of Psi Chi is to advance the science of psychology, and to encourage, stimulate, and maintain scholarship of the individual members. Founded in New Haven, Connecticut in September, 1929, Psi Chi serves two major goals—one immediate and visibly rewarding to the individual member; the other slower and more difficult to accomplish, but offering greater rewards in the long run. The first of these is the Society's obligation to provide academic prestige to its initiates by the mere fact of membership, the Psi Chi membership card and key are badges of merit attesting to the member's ability. The second is the obligation of each local chapter to nurture the spark of that ability by offering a climate congenial to its creative development.

## T.K.E. SWEETHEART DANCE 1969

The largest national fraternity with chapters in Canada and the United States, Tau Kappa Epsilon offers opportunities that cannot be provided by local organizations. Lambda Pi, the campus chapter and the oldest Greek organization at Northeastern, participates in such school activities as intramurals, homecoming, ushering, and athletic competitions with the other fraternities. TKE also sponsors the annual Sweetheart Dinner-Dance which is the only formal dance given each year.

With members whose interests and activities cover a wide variety of areas, the fraternity has adopted and supports a Korean orphan, Kim, with whom the TKE brothers exchange monthly letters.

In addition to their other activities, TKE also supports an athletic program for the Chicago Parental Home which is adjacent to the N.I.S.C. campus. To supplement the opportunities and experiences provided by the college itself, Tau Kappa Epsilon hopes to give its members a well-rounded and active college career.

Along with the birds and the bees, spring heralds in grass-stained uniforms, worn mitts, and the wild-eyed enthusiasms of a sport called baseball. Since baseball first came to Northeastern in 1967, it has, with every year, enjoyed an increasing amount of popularity on campus.

This year's season proved to be the most exciting one in the team's short history. With a record ten wins, the team shows great promise.

On February 28, 1969, the Northeastern Golden Eagles played the St. Mary's of Mundelein Lakers.  
 Homecoming excitement erupted Friday evening with a colorful review of floats created by many of the clubs at Northeastern. Friendly rivalry had been mounting for weeks as each club strived to design a winning exhibit. Revolving around the theme of King Arthur's Court, papier mache eagles, knights in foil armor, and court ladies paraded past the judges and spectators.

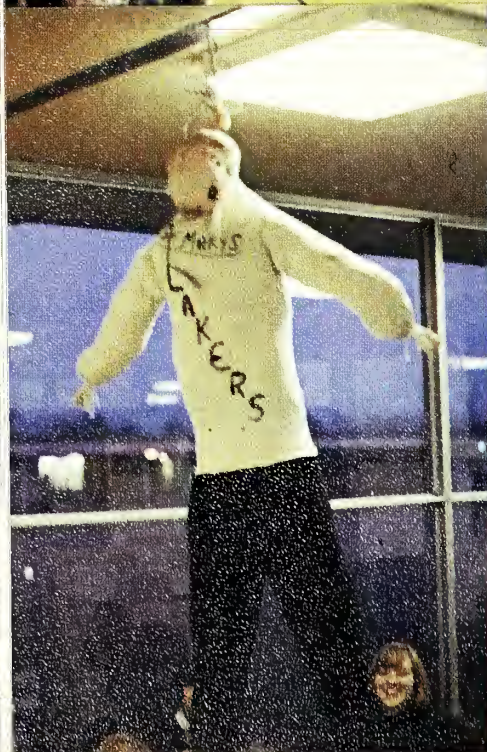

Moving on to the gym, the unusually large crowd impatiently awaited opening tip-off.

Once the game was underway, it soon became apparent that our Eagles were soaring to the heights of victory. With hopes of winning completely dashed by half-time, the Lakers escaped from the court for a temporary reprieve.

Among the half-time activities was the announcement of the float competition winners. Lambda Sigma Alpha with their gay court ladies won first place while Newman Club Came in second. Gaily attired as court jesters, the Pom Pom Girls performed their sprightly dance across the Gym floor.

Also during half-time, the Eagles presented each of the cheerleaders with corsages to show the team's appreciation of the girls' enthusiastic support throughout the year.

Mr. Gerald Butler, the Golden Eagles' popular coach, was honored as well. Taking a team that was inexperienced and building it up to the point where it proudly stands today, Coach Butler will be greatly missed by both the team and the school when he leaves Northeastern to continue his education.

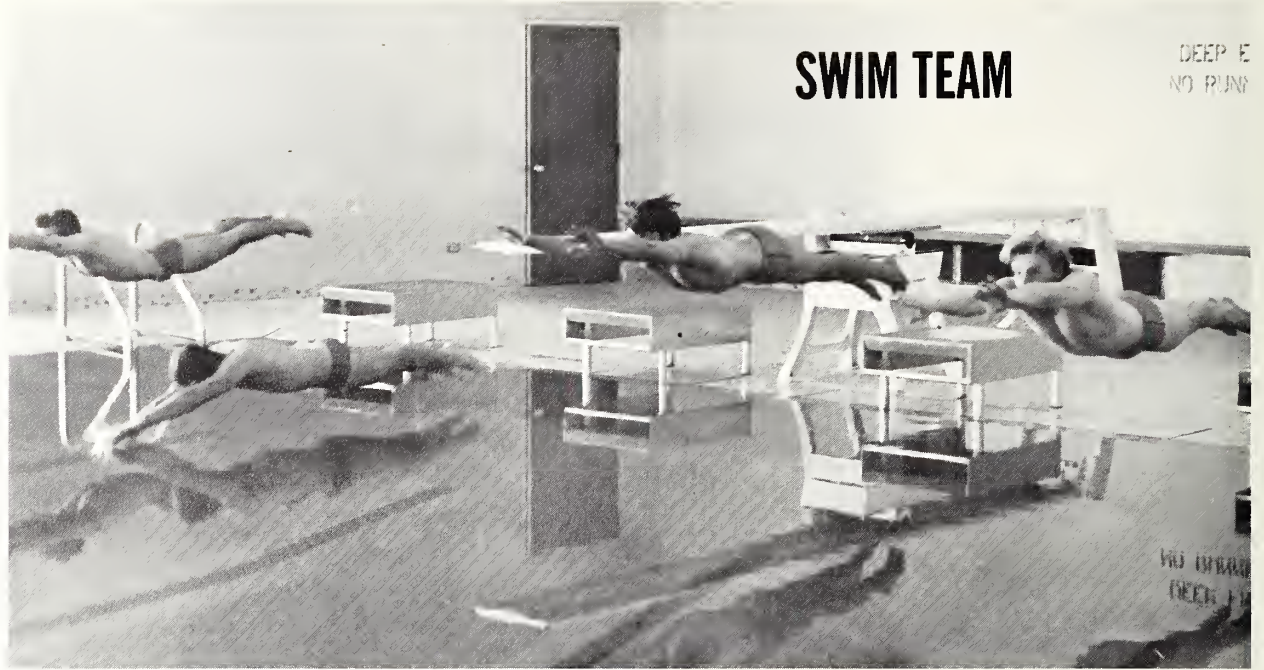

Returning to the game, the Lakers' plight worsened. Seemingly able to predict every move of their opponents, the Eagles thwarted every effort of the Lakers to close the widening gap in the score. Basket after basket the Eagles made as the Lakers finally surrendered any attempt to win the game and merely worked to prevent the Eagles from making too many points. In the end, to the joy of the spectators, the Eagles crushed the Lakers 113 to 73.

After the game, the exuberant Northeasterners listened to the music of the rock group, **The Fadeaways**, who performed for the Homecoming dance held that night in the Gym.

## **PRESIDENT SACHS**

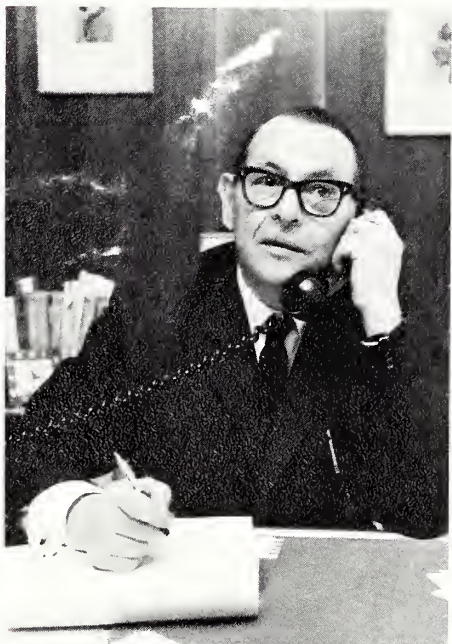

In his third year as President of Northeastern Illinois State College, Dr. Jerome M. Sachs has now given eight years of service to this college. With the school when it was founded in 1961 as Chicago Teachers College-North, Dr. Sachs has seen our college grow into a bustling, active state college. With his guidance and wisdom Northeastern is successfully making the transition from a city teachers college to a state liberal arts college.

In the past eight years, Dr. Sachs has served as Dean of Academic Studies, Executive Dean, Dean of the College and as President of the College.

Northeastern has greatly profited from the leadership of Dr. Sachs. For this leadership we are grateful. Here is to Dr. Sachs, may he continue with us for many more years.

During the April 1969 trimester break, several dozen Northeastern students worked together to aid the residents of Fulton, Illinois in preventing the banks of the Mississippi River from overflowing and destroying their town. As the river's height reached the third highest flood crest in the history of Illinois, the Northeasterners and Fulton residents feverishly filled sandbags and built up dikes to retain the river within its banks. In recognition of their contribution to the successful retention of the Mississippi River, these Northeastern students were presented with a commendation from the Illinois Office of Civil Defense in May of 1969.

## BAND CONCERT

Throughout the year, the Northeastern Band has provided the college with a wide variety of musical compositions. With pieces to suit everyone's tastes, the band, under the direction of Dr. Edgar Gangware, has given the students many pleasurable evenings. Soloists through the year have included Roseann Del George, soprano, William McClellan, trumpeter, John Priola, trumpeter, Carol Sandberg, soprano, and John Steffen, clarinetist. Dr. Harold Harmon, professor of music and Mrs. Maxyne Scott, Northeastern's new woodwind instructor, have also played an active part in the Band concerts.

## BYRON JANIS

"Mr. Janis glitters with the best of our time. A virtuoso performance to send shivers up and down audience spines." Anyone who attended the Byron Janis Concert here at Northeastern knows what Thomas Willis of the **Chicago Tribune** is talking about.

Mr. Janis is always in complete command of his piano, his music and his audience. He plays music as if he owns it; as he performs, a spell is cast and Mr. Janis soon owns the audience, too.

Born in McKeesport, Pennsylvania, Byron Janis was discovered by his kindergarten teacher and started piano lessons soon after. When he was nine years old, he played his first public recital in Pittsburgh's Carnegie Hall.

Young Byron came under the distinguished tutelage of Josef and Rosina Lhevinne, Adele Marcus and Vladimir Horowitz at the age of eight. He won scholarships at the Columbia Grammar School while in New York. He also studied at the Chatham Square Music School, then under the direction of NBC Music Director Samuel Chotzinoff. At fifteen, Byron appeared as a soloist with the NBC Symphony. At twenty, he started touring the Americas and in 1952 made his European debut in Amsterdam.

In 1960 and again in 1962 Byron Janis was sent by the State Department to perform in the Soviet Union as part of the Cultural Exchange Program.

In 1961 the Boston Symphony and Paris' Orchestre de la Conservatoire chose Mr. Janis to highlight their celebrations of the 150th anniversary of Liszt's birth.

In 1964 Mr. Janis won the Coveted French Grand Prix du Disque for his recordings made while on tour in the Soviet Union with the Moscow Philharmonic. In 1965 the French government made the pianist "Chevalier dans l'Ordre des Arts et des Lettres".

Mr. Janis creates poetry at the keyboard, and Northeastern is proud to have hosted this brilliant pianist.

## YOUNG UCK KIM

Young Uck Kim entertained the Evening Concert Series this past year with an outstanding performance. Though only twenty years of age, he possesses the ability to understand music and the power to communicate. As Sidney Fields of the **New York Daily News** wrote: "He played with eloquence, maturity and such intensity that there seemed to be no world beyond his bow."

Young Uck Kim began piano studies at the age of five. Two years later he switched to violin and was barely eight years old when he won his first prize in an important contest.

Kim came to the United States in 1961 as a student of Ivan Galamian and is continuing his studies under him. Subsequent appearances with the National Symphony Orchestra brought him to the attention of Leonard Bernstein. Mr. Bernstein introduced him at the Young People's Concert as a "GENIUS", adding "And I do not use that word lightly." Since then, invitations for guest appearances have been extended by over forty recital centers and orchestras, including major engagements at Ravinia and the Hollywood Bowl.

Young Uck Kim can be truly classified as a "GENIUS" after hearing his performance at Northeastern.

**THE MAUDS**

## PETER NERO

### Concert Series

The Peter Nero concert was one of the most popular concerts of the season. Mr. Nero, who is recognized as being the foremost pianist in his field, gave a splendid performance. His style is strictly his own, encompassing everything from pure jazz to an ingenious use of the classics. He is the possessor of a masterful technique which he uses to create a rainbow of emotion from warm pathos to delightful humor. In addition to his piano artistry, Peter is an excellent arranger and arranges all the music that he plays. He is also an accomplished composer and his concerts and record albums include many of his own compositions. His artistry has earned him two "Grammy" awards as well as fame all over the world.

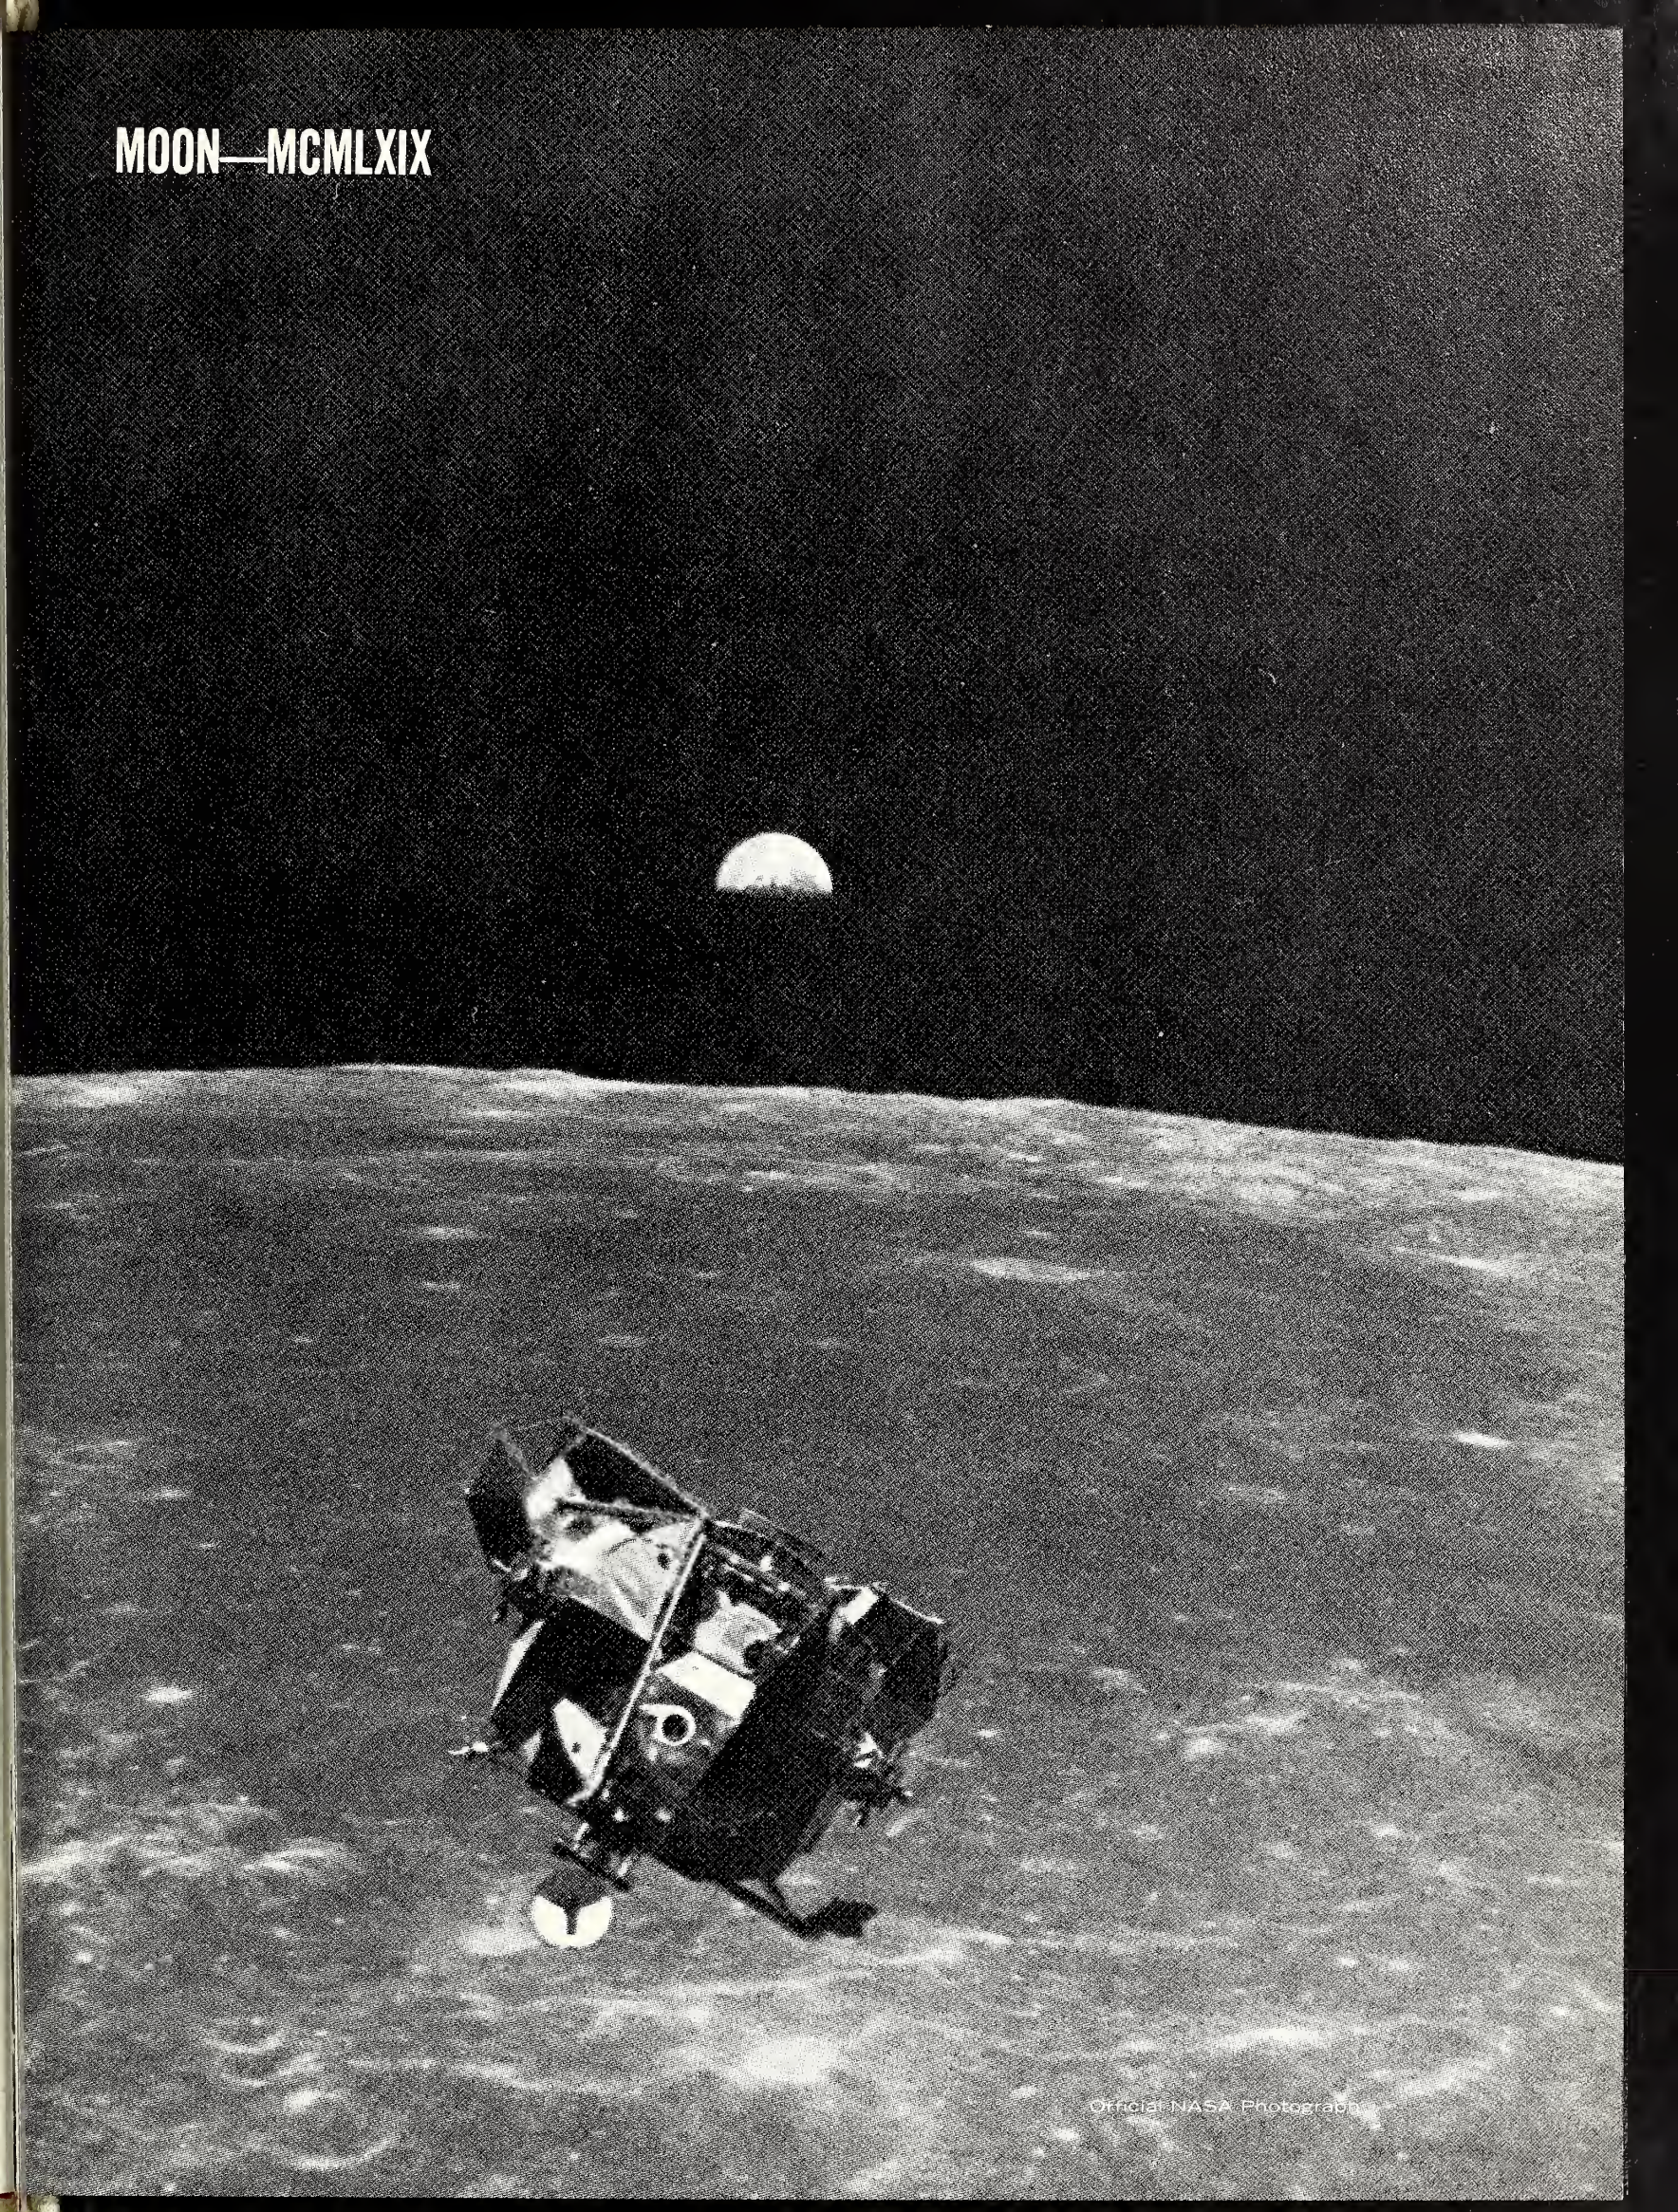

Mr. Speller and Odetta share a smile with our photographer after her brilliant performance.

## ODETTA

Beautiful, dynamic Odetta rendered a premier performance from her repertoire of soulful folk songs on October 17, was honored with a banquet sponsored by the Black Heritage Club and the Black Caucus.

Odetta is primarily a black folk singer famous for her singing which magnifies power, drama and varied ranges of emotions and effects. She first entered professional folk music through singing for various youth organizations and club functions.
