# IN MEMORY OF ...

**OSCAR CASTAÑEDA**

*The memories of Oscar are so vivid that we sometimes expect to see him walk through the door of the Counseling Center. What a memorial to his life to have those left behind still feel his warmth and attempt to perpetuate what he began! So although he is gone and we mourn our loss, his presence remains, and in that there is solace.*

**MARGIE NAJERA**

*Friendly, happy, smart, funny, kind ... all synonymous of Margie. The loss is acute and the recovery slow when it involves one so full of life! Yet because of her vivacious personality, she will never be forgotten, but rather always remembered for her winning ways.*

Paula Abdul is a big hit. The dancer-choreographer turned vocalist hasn't left the top 40 pop charts for a year. Not bad at all for one-time valley girl cheerleader. She is one of the hot pop princess of the moment. The 28 year old singer has made the pop charts, the black charts, the dance music charts and it's not over yet. Her latest album hit is "Forever Your Girl."

Aerosmith has been around for a long time and they have a history of good times and bad times. But 1990 may have been their best yet. In concert, this hard rock/heavy metal group can kick-start an audience and never let up. The leader of the group, Steve Tyler, moves around the stage like a possessed gymnast. Their latest album, "Pump," has been on the charts for all of 1990.

The B-52's weren't doing much since one of the members of the group died in 1985. Enter record producer Don Was. The group was looking for a producer who was sympathetic to goofy dance music. The album "Cosmic Thing" was born. It was a triple platinum hit.

Rock superstar Phil Collins started out as a drummer in the hit British group Genesis. He revived the group's career in 1976 by stepping forward as vocalist and then he became a major rock soloist. And he still is. His latest album "... But Seriously," has been on the charts for dozens of weeks and his single, "Something Happened on the Way to Heaven," will be around for many more weeks.

Public Enemy is one of the nation's most popular and controversial rap groups. They do their music and, earlier this year, they were accused of being antisemitic. But it all seems to have simmered down and the group raps on. Their latest hit album is "Fear of a Black Planet." Flavor Fav is pictured here with Matsuda Seiko, one of the hottest Japanese entertainers.

The group is called New Kids on the Block. They sing, dance, break and rap together. The Boston-based group is a heavy-hitter on any stage. To date they have sold a cumulative and commanding 17 million albums and have sold had five Top singles, of which three have made it to No. 1. Also, the collections of New Kids videos have turned over 3.3 million copies. These guys are hot. They are show here backstage with their two awards at the 17th annual American Music Awards. Jordan Knight, 20, is considered by many to be the hunk of the bunch. The others in the group are his brother, Jonathan 21; Danny Wood, 21; Donnie Wahlberg, 20; and Joseph McIntyre, 17.

When it comes to Roxette, what some people really want to know has nothing to do with the Swedish duo's hit album, "Look Sharp," or its string of Top 10 singles. Most of those inquiring minds want to know the details about the relationship between the lead singer Marie Fredriksson, 32, and her partner, Per Gessle, 31 who writes the music and play guitar. "We're just friends who have a musical and a business relationship," say Fredriksson. The group might still be playing exclusively for Swedish audiences if it hadn't been for an exchange student from Sweden who brought their album to Minneapolis and it became a local hit. The rest, as they say, is history.

The all-female group In Vogue are stars. Seen here during a recent performance, the entertaining dynamos sing the dance music that put their latest album, "Born To Sing," on the charts for many months' and their single, "Hold On," is also doing well.

The three guys who call themselves Bell Biv DeVoe rolled onto the music scene this year in a big way. Their album "Poison" hit the charts near the top and haven't moved from there. And their single "Do Me" is bestseller.

In grade school, Michael Bolton played the guitar and took requests from classmates to perform their favorite songs. When he was 12 he wrote his first song and three years later he signed with Epic Records. And now he is a Grammy winner. Bolton poses here with the award he won for the best Male Pop Vocal category. His latest album, "Soul Provider," is also high on the charts.

M.C. Hammer is a 27 year old rapper from Oakland, Calif., who is really hot. His second album, "Please Hammer Don't Hurt 'Em," sold close to 5 million copies and is one of a few rap albums in history to land at the top of the pop charts. And when Hammer puts on a show, it's an extravaganza, complete with 32 performers, cutting-edge costumes and some of the flashiest footwork being done on stage today. He's an entertainer, no doubt about it.

Janet Jackson skyrocketed to the top in 1990. She hit it big with "Rhythm Nation 1814." Born in the mid-'60s in Gary, Indiana, five of her brothers have risen to nationwide fame as the Jackson Five. It didn't take her long to find her place in the entertainment world. In her late teens she joined the cast of the syndicated television series "Fame" and the rest is history.

When Billy Joel sings, it seems like everyone listens. The man with the golden voice and winning songs played to stand-room-only around the world this year. His latest album, "Stormfront" has been a solid seller for almost a year.

When you're hot, and the golden girl Madonna has been hot for a long time. The actress, singer and 'material girl' has had hit after hit on the charts. As the 1990-91 school year began, Madonna's latest album, "I'm Breathless" was high on the list, and over the Top 100 Singles list, "Hanky Panky" continued its appearances.

Richard Marx was back-up singer and song writer before he landed a solo recording contract in 1986. His first album, aptly titled "Richard Marx" spawned four hit singles and earned him a Grammy nomination. Even though it took Marx until 1989 to release his second album, "Repeat Offender," his music continues to be extremely popular.

Sinead O'Connor is something else. The 23 year old Irish singer with her shaved head and immense eyes has been topping the charts all year. Her latest album is "I Do Not Want What I Have'nt Got." And to top of her year of success, she won the best video of the year by a female and the seventh annual MTV Music Video Awards. She won for her avant-garded "Nothing Compares 2 U."

Lisa Stansfield is one of the very few performers who sings soul music very well and is from England — near Manchester in Northern England, to be exact. Most of the critics were enthralled with her soulful approach in her debut album "Affection." The dark-haired singer has been receiving more and more media attention. Her album has sold nearly 4 million copies.

2-Live Crew is a group that made hit songs and big headlines this year. The police in Florida considered their album "As Nasty As You Wanna Be." to be obscene, and a record store owner was found guilty of selling it. And, it seems that there legal problems aren't over yet. They just keep moving along.

# WORLD EVENTS

Pro Democracy Rally, Prague

It was a time of change in Eastern Europe. Communism no longer ruled that part of the world. Demonstrators demanding an end to Communist Party domination lit candles and placed flowers on bloodstained sidewalks where police attacked protesters in the largest such rally in 20 years. Thousands of students marched for five hours to commemorate student Jan Opletal, killed by Nazis 50 years ago. When demonstrators tried to reach central Wenceslas Square, police attacked them with tear gas, dogs and clubs.

After months of debate and years of struggle, East Germany and West Germany became the Federal Republic of Germany on Oct. 3. The new country will have a total population of nearly 78 million people and will occupy 137, 743 square miles, or about half the size of Texas. Five East German states joined West Germany 11 and Berlin became the capital. Bonn is the seat of government.

Empty Shelves, Moscow

Food has become a scarce commodity in the Soviet Union. As shoppers grumbled, even bread — cheap and always plentiful — joined a growing list of hard-to-get items that included tobacco, paper and gasoline. Anatoly Znamensky, a 66-year-old retired taxi driver said: "Vegetables, fruit, cheese, butter, meat — they appear and disappear. But with bread there was never a problem, until now." Russia is finding it difficult to feed itself.

The rain in Texas came in the Spring of 1990. And one of the hardest hit areas of the country was Texas and parts of the Southeast. In this photo a group of people are seen standing on a half-submerged bridge near Dallas. Thousands of families in the hardest-hit north and north central Texas counties of Liberty, Bowie, Brown and Dallas watched the rain-swollen Bravos, Trinity and Red rivers wash away their homes and chunks of their lives.

Nelson Mandela

Nelson Mandela was given a life sentence in 1962 for plotting to overthrow the South African government. He became one of the world's most influential prisoners. But in February, 1990 at the age of 71, Nelson Mandela was released after lengthy negotiations with President F.W. de Klerk.

President George Bush and President Mikhail Gorbachev of the Soviet Union met several times during 1990 — on economic matters, on nuclear matters and on the matter of a possible war in the Persian Gulf. (Both leaders joined together in condemning Iraq's invasion of Kuwait.) The Cold War between the two super powers had ended and an era of cooperation has begun.

Miss America 1991  
Marjorie Judith Vincent

There she is, Miss America. Marjorie Judith Vincent, Miss Illinois, is a pianist of Haitian descent who wants to practice international law. Miss America 1991 is 25 years old and is a third-year law student at Duke University who graduated from DePaul University in 1988 with a degree in music.

The 'savings and loan' business hit a brick wall in 1990. It is estimated that the losses — through bad management, bad loans and bad people — will be in the billions of dollars. One of the good guys in all this is L. William Seidman, the chairman of the Federal Savings & Loan Insurance Corp., better known as the FDIC. Short and stout and in his late 60s, Seidman has his work cut out for him. The S&Ls are in so much trouble that the FDIC has been refunding money to people who lost their savings in failed S&Ls.

FDIC Chairman

Nolan Ryan

Nolan Ryan can still put plenty of heat on his fastball. And at the old age of 43 — in a game dominated by guys half his age — that says something about his lasting abilities. He holds more than 40 major league records, including most no-hitters, most one-hitters and most strikeouts. He got his name in the record books while playing for the New York Mets, the California Angles, the Houston Astros and the Texas Rangers.

In August, 1990 a 34 year old football player named Joe Montana made history. He negotiated one of the richest contracts in NFL history with the San Francisco 49ers. He would be paid \$13 million over four years to play football. Montana led the 49ers to their fourth Super Bowl victory in the previous season. He has been called the greatest quarterback in the history of football. Now, he will be paid more than any quarterback in the history of football. Shown here leading the 49ers to another victory, Montana has become the standard by which all other quarterbacks are measured.

Jean Baumgartner Eckhoff  
March 15, 1928 — July 09, 1991  
In Memoriam

Jean Eckhoff, educational pioneer and reformer and Secretary of the Texas Southmost College Board of Trustees, ended a lifelong career in public service the evening of July 9 in her childhood hometown of Litchfield, Minnesota. She had been ill with leukemia since 1989.

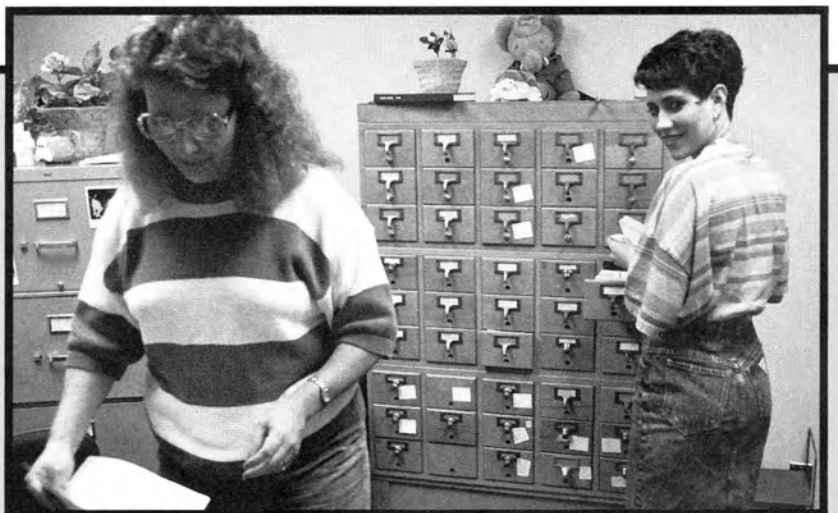

Having learned early the value of hard work and the beauty and generosity of nature as a child on her parents' farm, she graduated from Litchfield High in 1944 and moved on to the University of Minnesota. There she met her husband, Russell Eckhoff, and was married on September 2, 1949.

After moving to Brownsville, Mrs. Eckhoff was an elementary school teacher for 14 years, spending most of those early years at Los Ebanos Elementary School, now known as Sharp Elementary. Mrs. Eckhoff became principal of the school in 1963 and was recognized for her efforts by the Brownsville Citizens Committee as the recipient of the 1970 Outstanding Educator of Brownsville Award.

In 1974, Mrs. Eckhoff retired from her position as principal, but within a year was teaching once again as an art teacher at Texas Southmost College. For the next eight years, she spent time "teaching how to teach" art and planting flowers, saying "the ambience of the learning environment teaches as much as the printed lesson, perhaps more."

In 1978, Mrs. Eckhoff was recruited to serve on the TSC Self-Study Steering Committee; in 1981 she received the President's Award for teaching Excellence from Texas Southmost College. That same year she retired from teaching once again.

But she never stopped teaching. She ran for the position of Trustee on the TSC Board in 1982 and was re-elected for a second term in 1988. During her tenure on the Board as Secretary, Chairman of the Physical Facilities Committee, and Chairman of the Policy Committee, Mrs. Eckhoff continued to teach us all of the importance of truth, of commitment, and of the pursuit of excellence in all we do. Impeccable ethics, total dedication to all in which she believed, Mrs. Eckhoff's credo is echoed through the words of Albert Schweitzer on the plaque on the fountain in the Endowment Courtyard that reads . . . "There is no higher religion than human service. To work for the common good is the greatest creed."

## The w

By Anna Rivas  
Staff Writer

As a result of a bond election first approved in December 1987, renovations have been under way at Texas Southmost College. The improvements and the new facilities were funded by the voters and taxpayers of the TSC district who not only agreed to sell bonds, but to also raise taxes in order to help raise the necessary funds for the improvements.

Due to the confusion created by the on-site construction and the expansion of the Student Center, students have deviated away from that facility and towards a new "hangout" at the courtyard between the North and South buildings, where a majority of the TSC classrooms are located. Consequently, a lack of communication has arisen between those who schedule the activities and those who participate in them.

In the past the Student Center provided most of the information concerning clubs, sports events, and other activities. "Many activities are now being held in the newly renovated Student Center to help bring back students to the Center and to get them more involved," said Lilia Covio-Calzada, Director of Student

## ds of change kick up dust

Construction crews take a break from

There are still other factors contributing to the lack of student participation in TSC activities: TSC is a commuter college; some students attend classes only three days out of the week. About 10% of TSC's student body attends school at night.

Unfortunately, these factors do not leave much time for school activities and have further added to the lack of communication between the administrators and students. It is going to have to appeal to the students who are interested enough in participating

time to get involved.

"In the last couple of years, Lilia Covio-Calza, TSC Student Activities Director, did a good job of finding new activities and events," said Dr. Wayne Moore, vice-president for Administrative Affairs. "If they did not attend an activity two years ago, she eliminated that activity and tried something else."

In addition to the current construction, a Project Team has begun looking into the need for athletic fields for TSC's baseball

relocated to the newly renovated Tandy building: Admissions/Registrars, Financial Aid, Business Office, Job Placement, Personnel, Counseling Center and Dean of Student Services.

Other administrative offices will be temporarily relocating to the Cavalry Building when renovation of the Gorgas Building

## ACKNOWLEDGEMENTS

As we come to the close of another year, it only seems appropriate to reflect on the Progressions we have made. It was a fun year and now we look forward to another more exciting year.

Special thanks to the Administration, Faculty, Staff, and students of Texas Southmost College for their unending support.

Exceptional Thanks go to Arturo Lozano, Martin Padilla, Norma Maldonado, Claudia Hernandez, and Leticia Garza for their dedication and hard work. Once again, they have gone the extra mile to make this yearbook possible.

A most gracious and heartfelt appreciation goes to our Editor, Angelica Cortez. Through many days and nights of creativity and hard work she has accomplished a major goal in her life. Her talent has certainly come through, once again. Thank you, Angie, for your devotion to T.S.C.

Sincerely,

Lilia Covio-Calzada, Sponsor
