Dear folks,

I took my last shot awhile ago and was d proud to get through with them. I have took seven in little over a weeks time. we have to take shots every six months and so I am through for awhile.

Today or a year ago I hitch-hiked home from Goodman. we will probably have to fly tomorrow the fourth. Every day is just alike in the army.

I haven't got any news to write I d want to wash out a few things.

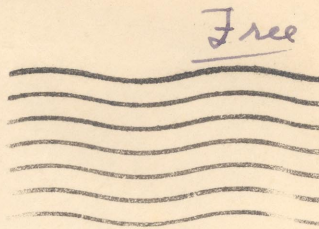

Love,  
James

If I should happen to be sent over seas any time soon I may not be able to tell you where I am at. I am sure you all would like to know about where I am at. I am going to write the different countries that I might be sent to. By each country I will put down the name of a person. Somewhere in the letters I will write, I will write this sentence. How is John getting along? you can look at this copy and see what country is opposite John and then you can tell about where I am.
