13 EAST 41ST STREET, NEW YORK 17, N. Y.

To the Librarian:

"Public Accounting as a Career", the pamphlet sent to you with this letter, has been prepared by the American Institute of Accountants as an information source for students, including veterans, who are faced with the problem of choosing their life careers. It is also intended as a guide to counselors, teachers, members of library staffs and others who might be called upon to advise those students.

Problems calling for attention in the future as results of the war create new opportunities for well-qualified young men and women to enter and succeed in the public accounting profession. For the guidance of those who see in this profession the promise of a useful and interesting career, this pamphlet is published.

You are requested to accept "Public Accounting as a Career" as an addition to that section of your library devoted to vocational advice reference material. We will send additional copies if you need them.

Very truly yours,

Educational Director

T. W. Leland..1
