To the Alumni:

The 1959 commencement weekend was a good one. The weather was June at its best. The convocation speakers were admirable. Dr. Harry E. Paisley was in attendance for the fifty-second consecutive year. Hundreds of alumni were on campus for reunions on Saturday and 167 seniors joined their ranks on the following Monday.

As I shook hands with the alumni in the Library and with the graduates in the gymnasium, there came to my mind the statement Dr. McClure made to the 1958 graduating class that "no two of you have had precisely the same experience at Ursinus or have benefited in precisely the same degree or will carry away precisely the same memories of life here."

Liberal education is not precise. No two good colleges offer quality education in precisely the same way. Our college as a community of teachers and students generates a distinctive educational atmosphere without envy or imitation of other good colleges. This atmosphere is something that cannot be exactly reproduced on any other college campus. One of the strengths of the American educational system is that all institutions have different things to give it, for all the colors of the spectrum must be blended to make the bright white light of learning.

I hesitate to offer an opinion on the ends of a liberal education because of the danger of adding to the confusion developing from the examination by the experts of the educational pattern. Because I know many of our alumni personally and have read the records of hundreds that I have never met, I do not hesitate to conclude that despite the inexact nature of an Ursinus education there is a standard of character in all Ursinus graduates. It influences us to work with men of good-will everywhere. We are proud of this standard and of it we may boast. I am certain that the members of the Class of 1959 will meet the standard. They will demonstrate their knowledge and their courage, and will contribute to the world's goodness and progress.

July 1959.

DONALD L. HELFFERICH

the COLLEGE

Dr. Donald L. Helfferich is congratulated upon receipt of the honorary degree of Doctor of Laws by Dr. Millard E. Gladfelter and President Robert L. Johnson of Temple University.

D. L. Helfferich Received LL.D.

At the seventy-third Annual Commencement Exercises of Temple University on June 11, held in Philadelphia's Convention Hall, President Helfferich was the recipient of the honorary degree of Doctor of Laws. The degree was presented by Dr. Millard E. Gladfelter and conferred by President Robert L. Johnson.

In the citation, Dr. Helfferich was commended for being the President of one of the great small liberal arts colleges, for his work in the field of education, and for his service on the State Council of Education and the National Board of National Council of Churches.

Among the other prominent men honored by Temple were David L. Lawrence, Governor of Pennsylvania, and Hugh Scott, U.S. Senator from Pennsylvania. Governor Lawrence, the principal speaker for the day, addressed the graduates on the topic "Educational Goals for Pennsylvania."

172 Graduate at 90th Commencement

At the 90th annual Commencement Convocation held June 8th, Ursinus awarded 172 undergraduate and three honorary degrees. President Donald L. Helfferich presented the diplomas individually to the members of the Class of 1959.

The graduating class this year consisted of 87 members who received the Bachelor of Arts degree, 76 members who received the Bachelor of Science degree and 9 students from the Ursinus Evening School who were awarded an Associate in Business Administration.

Honored for outstanding achievement were the class valedictorian, William Leigh Godshalk, and the salutatorian, Richard Henry Menkus. The valedictorian graduated Magna Cum Laude and five other members of the class were graduated Cum Laude; two graduates received departmental honors; these were William L. Godshalk for the preparation of a paper in the field

of English and Carol Ruth LeCato for work in the field of mathematics.

The three recipients of the Honorary Degrees were Lewis Harrison Ludwig, Doctor of Divinity; Jerry William Trexler, Doctor of Divinity, and Paul Miller, Doctor of Laws.

Dr. Paul Miller- Commencement Speaker

Paul Miller, internationally known journalist, and President of The Gannett Newspapers, delivered the commencement address at Ursinus College, Monday, June 8, and was awarded the honorary degree of Doctor of Laws in recognition of his achievement as one of the outstanding newspaper executives in the nation.

Dr. Donald L. Helfferich, President of Ursinus College, awarded the degree at Commencement exercises in the college gymnasium at 11:00 a.m. Mr. Miller is Editor and Publisher of the Rochester, (N. Y.) Times-Union and The Democrat and Chronicle, and is president of the Gannett organization which operates 23 newspapers and five radio and television stations in New York, Connecticut, Illinois, and New Jersey.

In announcing the award, Dr. Helfferich said that the college is honoring Mr. Miller for his personal achievements as an Associated Press editor and executive, and for the outstanding record of accomplishment of the newspaper organization he directs "in the finest traditions of devoted community service and the American way-of-life."

Mr. Miller, a native of Oklahoma, helped pay his way through Oklahoma Agricultural and Mechanical College as a news reporter, and after graduation in 1932, worked for the Associated Press in Salt Lake City, Harrisburg, Philadelphia, Kansas City, and New York before moving to Washington in 1942, as Chief of Bureau, when that city was the news capital of the world.

He advanced to Assistant General Manager of the world's largest news gathering organization, and in 1947 joined the Gannett Newspapers as Executive Assistant to the President. In

Dr. "Sieb" Pancoast Resigns as Ursinus Dean of Men

Recently the entire student body received the news that Dr. G. Sieber Pancoast, Dean of Men, and professor of political science, is retiring from the position. Dr. Pancoast, who became Dean in 1947, has been an example to every student who has had occasion to speak to him. "Sieb", as he is fondly called by everyone, has been tireless in performing his job as Dean. There has never been an occasion when he has not had the time to sit down and speak to a student, offering whatever advice was necessary. Those students who have had the occasion to be admonished by him, have come away feeling only respect for Dr. Pancoast. His manner and personality are those which lend honor and respect to any position.

Dr. Pancoast received his undergraduate degree here at Ursinus in 1937. He received his master's degree in 1940 from the University of Pennsylvania, and his Doctorate degree in 1956. Dr. Pancoast has been teaching here at Ursinus for twenty-two years—since 1937. Busy as he was with his duties as Dean and with his teaching tasks, Dr. Pancoast still found time to be the baseball coach, a job which he undertook in 1947, and the faculty advisor to Pi Gamma Mu, the honorary social science fraternity, and the Men's Student Government.

Dr. Pancoast has this to say about the student body at Ursinus, "I have found that the boys and girls are all nice. They like to have fun, but basically they are well behaved. They have been little trouble." It is this philosophy that has made "Sieb" so well admired and respected by all of the students here at Ursinus.

Admissions Office Expects 250 Freshmen in '63 Class

The Admissions Office has announced that the incoming freshman class will have an estimated 250 to 265 members. Of this number 110 to 115 will be women and 140 to 150 will be men. This class, arriving in September before the other returning students, is a relatively large one.

Eight members of the Class of 1963 have received open scholarships.

Mr. Wilcox Received Doctorate From Penn

Alfred M. Wilcox, head of Ursinus' Romance Languages Department, received his Doctor of Philosophy degree from the University of Pennsylvania on June 10. His thesis was a criticism of Monchrestieu, a sixteenth century French poet.

Dr. Alfred M. Wilcox

Mr. Wilcox, who is a Spanish, French, and Italian professor, is the sponsor of the Spanish Club here on campus. He has been an editor of the Philadelphia Synod paper. He received his B.A. from Wesleyan and his M.A. from Brown. Mr. Wilcox, who lives on College Ave., is married and the father of two children. His son, John, is a student at Juniata and his daughter, Ann, is a high school freshman.

DR. PAUL MILLER

(Con't from Page 3)

1951, he was named Executive Vice-President, and in 1957 was made president of the organization, pledging himself to continue to operate the newspapers, radio and television stations in the finest traditions of their founder, the late Frank E. Gannett.

Rev. Jerry William Trexler- Speaker at Baccalaureate

Ursinus College held its annual Baccalaureate Service at 10:45 a.m., Sunday, June 7, in Bomberger Hall on the Ursinus Campus. Officiating was the Rev. Jerry William Trexler, Senior Minister of the Congregational Church of San Mateo, Calif.

The Rev. Mr. Trexler, who received the honorary degree of Doctor of Divinity at Ursinus College Commencement on Monday, June 8, was born in Tampa, Florida, and was educated in the public schools of Akron, Ohio, Akron University and Hiram College, from which he received his Bachelor of Arts degree in 1941. He received his Bachelor of Divinity degree from Oberlin Graduate School of Theology, Oberlin, Ohio, in 1942 and was ordained at Chesterland Church in June, 1941. He was Minister of the First Congregational Church of Holyoke, Massachusetts, from 1949 to 1956 and is now Senior Minister of the Congregational Church of San Mateo, California.

Dr. Alfred Creager adorns Paul Miller with the academic hood as Dr. Helfferich confers the degree of Doctor of Laws.

Dean Camilla B. Stahr Retires - Dean of Women Since 1938

A devoted worker for Ursinus, Miss Camilla B. Stahr, Dean of Women, is retiring this spring. Dean Stahr came to Ursinus as preceptress at Glenwood Hall in 1933 and was appointed Dean of Women in 1938. She lived and maintained her office in Shreiner Hall until last year when she moved to more comfortable quarters in Paisley Hall. Miss

Dean Camilla B. Stahr

Stahr attended Oley Academy and received her B.A. degree from Wilson College where she chose German as her major study. On November 10, 1957, Miss Stahr was presented with the degree of Doctor of Letters by Ursinus College.

Following her retirement, Miss Stahr plans to reside with her sister in Oley, Pa. She then plans to do some of the things which up till now she has not had time to do including traveling. Miss Stahr further commented that she will watch with interest the futures of the Ursinus girls when they graduate.

One of the most fitting tributes to Miss Stahr is from one of her girls, the present editor of the Weekly in an editorial.

THANK YOU.

Having been informed of the resignation of Miss Camilla B. Stahr, we find that we have probably never fully appreciated the time and effort and concern that such a woman as Miss Stahr has given to her job. None of us has ever found Miss Stahr too busy or too unconcerned to help with a problem, be it a personal or an administrative one. She has always been accommodating, cheerful, and helpful. Moreover,

Miss Stahr deals with the men and women of Ursinus as adults. They are not charges to her, but they are people.

Miss Stahr has always had the welfare of the women of Ursinus at heart. Her sole concern is for their good. And someone who did not care for the women could never have done the wonderful job Miss Stahr has done. Dean Stahr is firm, but she is loving, wise, and sympathetic. No one can impute unfairness to Miss Stahr, and no one can impute unkindness to her. Miss Stahr is respected and admired, and is an example for all Ursinus women.

Those of us who know Miss Stahr best regard her as a true friend. Not only the student body but the administration finds in her a woman of great strength of character and wisdom. She is devoted and she is charming.

Furthermore, Miss Stahr's concern for the women of Ursinus does not end when they have graduated. She follows the courses of the women as they go out into life. And in most instances she has had an effect on the women whom she has served as Dean. From the moment a freshman woman arrives at Ursinus, Miss Stahr knows her name, and immediately makes her feel at home. Miss Stahr works quietly, as modest people do, and accomplishes many things.

The gratitude that we owe to Miss Stahr is something which just cannot be rendered fully enough. For it is always the great things which cannot be rewarded or totaled up. Her service is something for which there can never be payment. We only hope that she will accept our humble thanks for her being such a wonderful person and serving Ursinus so devoutly.

Ralph Strassburger Leaves Half of His Estate To Charity

Ralph Beaver Strassburger, former diplomat, and publisher of the Norristown Times-Herald, left half of his estate to his wife, and the other half to charity, his will disclosed.

Mr. Strassburger died in Paris, France, on February 26. He was 76. He had lived at Normandy Farms, Gwynedd Valley, until he moved to France in 1947.

In the will filed at Norristown, Strassburger left half his estate and Normandy Farms to his wife. At her death, the farm goes to their son, Johann A. P. Strassburger. At his death,

the farm is to be sold and the money added to the general fund for charity.

Of the half for charity, two-tenths goes to Phillips Academy, Exeter, N. H., a preparatory school attended by Strassburger; one-tenth to Montgomery County Hospital, Norristown, and one-tenth to Ursinus College, Collegeville, "for a scholarship in memory of my father's college."

Ruth H. Rothenberger, '36 - New Dean of Women

Dr. Donald L. Helfferich has announced the appointment of Miss Ruth H. Rothenberger of the class of 1936 at Ursinus as the new dean of women.

Miss Rothenberger was dean at Lasell Junior College, was active on the National Girl Scout Council. She took her master's degree at Columbia. Miss Rothenberger has taught in the public schools, is a member of the National Dean's Association, and is a member of the American Association of University Women.

Ursinus College Has Outstanding Loyalty Fund Record

In a survey of annual giving campaigns, conducted by the American Alumni Council for the past year's campaign, Ursinus alumni have established an enviable record. In the report it is shown that among 68 institutions in the entire U.S. falling into the category of small, private, co-educational colleges, Ursinus is second for its record of percentage participation of its alumni in the annual giving campaign. At Ursinus, annual giving is called the Loyalty Fund Campaign. The Ursinus 40.5% participation record for the 68 colleges in the class was beaten only by Bates College.

ALUMNI ACTIVITIES

Rev. Richard Schellhase

'45 - New Alumni Exec. Sec.

Rev. Richard T. Schellhase, '45, Assistant Professor of Religion at Ursinus, was named Alumni Executive Secretary at the annual Alumni Business meeting on June 6. He succeeded Dr. Roger P. Staiger.

Mr. Schellhase attended Mercersburg Academy, Ursinus College, Lancaster Theological Seminary, and has studied one year at the University of Edinburgh, Scotland. He has served as pastor of the E. and R. Church at Pillow, Pa., and for two years as a Navy Chaplain. He came to Ursinus to teach Religion and English in 1956. Mr. Schellhase is now taking advanced work at the Lutheran Theological Seminary in Philadelphia. He has been active in alumni work for many years and is looking forward to expanding the Association's activities.

Dr. Staiger is relinquishing his office of Alumni Secretary to return to full time work in the field of his profession, chemistry. He feels that in this era of technological expansion to remain a scientist he must return to science. The chemistry department has been undergoing simultaneous expansion with the Alumni Office to a point where he felt he could be of greater value to the college and students by developing new course work, conducting research programs and writing for scientific publications. The chemistry department and the physics department are planning a joint program to introduce work with radioactive materials into existing courses through the placement of a request for a grant for materials from the A.E.C.

The retiring Alumni Secretary wishes to thank all alumni for their kind cooperation during his five years in office, and he is particularly grateful for the most efficient work and help from his office staff. Dr. Staiger looks forward to the continuing growth of the Alumni Association under the able hand of the Rev. Richard Schellhase, who will be able to devote more time to the Association's activities.

Festive Alumni Day Brings Large Crowd

Saturday, June 6, with bright fair skies overhead, saw a banner turnout on campus for Alumni Day. The plans worked out by the Alumni Day Chairman, Dick Wentzel, and his committee worked smoothly. Those in attendance, in general, went away pleased with themselves and the institution which shared four years of their lives.

Starting the day with registration under a gayly decked circus tent, the visitors were pleasantly guided on tours through the new women's dormitories by Ursinus co-eds. At lunch the former students were treated to the grand Smorgasbord prepared by the College Steward and his staff. During the luncheon period, various groups entered into singing with Leo Brailer and his string trio.

In the afternoon, President Helfferich greeted the alumni at his reception in the Alumni Memorial Library and at 4:30 p.m., the annual Alumni Business Meeting was conducted in Bomberger Hall. At this time reports of Alumni Committees were received and the group passed unanimously on the revisions to the constitution.

The day was completed by the re-unioning classes gathering off campus for individual class dinners.

Five honored guests of the day were two from the Class of 1889, celebrating their 70th reunion, Mrs. Flora Rahn Lentz, and Mr. Henry W. Spare. Dr. Thomas M. Gilland, Mrs. Margaret Fryling Harmon, and Mr. Roland Umstead represented the Class of '09 to celebrate their 50th Reunion.

Reports received indicate another successful Alumni Day has been completed.

Paul I. Guest Reelected Alumni President

The election committee composed of Jane P. Shinehouse, '52, Kay Ethel Kerper, '57, William Van Horn, '52, and Chairman C. Arthur George, '24, tabulated the results of the April election for the new alumni officers.

The new officers for a two year term are:

- President Paul I. Guest, '38
- Vice President
- Miriam V. Ludwig, '28
- Alumni-at-Large
- Joseph Harley Hunter, '23
- Donald G. Stauffer, '51
- Faculty Representative
- Blanche B. Schultz, '41
- Alumni Director
- Jesse Heiges, '35

The new officers were introduced to the Alumni Body at the Annual Business Meeting in Bomberger Hall on Alumni Day, June 6.

"The only trouble with our reunions is that you either wind up with an insurance policy, a personal analysis, or find out how far behind you are on your T.V. programming."

New York Regional Alumni Elect New Officers

President Mildred Munroe (Mildred Mitman, '22) welcomed 58 members and guests of the New York and Metropolitan Area Chapter to the annual dinner on Friday evening, May 1st. The main table at the Walnut Room of Schraffts Fifth Avenue was decorated with a black May-pole, flying red and old gold streamers. Ursinus colors were also carried out in the covers of the song sheet. The decorations were in the hands of Secretary Evelyn Ross (Evelyn Scharf, '53).

The friendly group was treated to a few words from Mrs. Helfferich, and later on in the evening, Dr. Helfferich spoke on the strengths of Ursinus College. He concluded by citing the essential core of our school—great teaching.

The meeting also enjoyed an address by Mr. Geoffrey Dolman, Director of the College Admissions Office. The Alumni Association Executive Secretary, Dr. Roger Staiger, spoke to the group and then introduced his successor, Rev. Richard Schellhase.

The new officers for 1960 are as follows:

President	Emily Laber '34
Vice President	Richard Gradwohl, '50
Secretary	Beverly Tyrrell Crane, '55
Treasurer	James Wilbur Clayton, '28

The Collegeville Summer Assembly

Each summer many Alumni and other friends of the College attend the Summer Assembly, "a Christian Conference for laymen and ministers of all denominations." This year will mark the fifty-second session of this conference; among the featured speakers will be the Rev. Dr. Fred Hoskins, co-president of the United Church of Christ, the Rev. Dr. Norman Paullin, professor at the Eastern Baptist Theological Seminary, and two visitors from Wales, the Rev. Dr. Ian Phillips and the Rev. Calvin Thomas.

The conference begins at 6 p.m. on August 3 and concludes at 9 a.m. on August 10. Total expenses for the week are \$21.50 per adult; \$10.00 for children from six to twelve years of age. There is no charge for children under six. For further information write to the Secretary of the Assembly, the Rev. Richard T. Schellhase.

May Day

With bright, blue skies over the green-swarthed campus, many parents and alumni enjoyed a variety of activities at the annual May Day festivities held this year on May 9.

At noon in the library 150 attended the luncheon sponsored by the Ursinus Women's Club; the early afternoon found visitors thronging the girls' dormitories.

May Queen—Jackie Robbins

The pageant, "Beneath the Sea," written by Barbara Tucker, '59, who acted as the manager and who also wrote the 1958 pageant, was produced by Mrs. Connie Poley, '49. Jackie Robbins, '59, daughter of Mr. and Mrs. Jack Robbins (Rena Grim), '33, reigned over her court as the zestful and colorful dancers performed against an undersea back drop.

After a delicious buffet supper served on the lawn in front of Freeland Hall, the band presented a concert in Bomberger under the direction of Samuel Fogal, '59.

The Curtain Club, under its new director, Dr. I. B. Leaman, presented Teichman and Kaufman's "The Solid Gold Cadillac" to an appreciative and enthusiastic full-house.

Overseas Job Opportunities

The International Cooperation Administration, a government organized and operated agency, is receiving applications from qualified men, ages 28 to 35, for challenging assignments in overseas missions in Africa, South America, the Near East, and the Far East. Opportunities are available for those who have two years professional experience in one of the following fields: Education, Industry, Agriculture, Public

Health, Community Development, Engineering, and Public Administration.

Selected candidates are given one year of training—two months at Wash., D. C., and ten months at one of 60 ICA overseas missions. Candidates successfully completing the two-year foreign assignment will be offered continued ICA employment.

Starting salary will range from \$5610 to \$8030 per year, plus allowances which vary according to the country of assignment.

Candidates for this program are urged to send their credentials to Mr. Robert W. Hill, Chief of Employment, International Cooperation Administration, Box CB-1, Washington 25, D. C.

Ursinus Women's Club Activities

The April card party held in the Recreation room of Paisley Hall was a financial success, and anyone with any luck at all went home with a bottle of Zippy Starch or a bag of potatoes as a souvenir, with one lucky person needing only a bag of string beans to finish off a ham dinner.

The Luncheon in the Library on May Day has a greater attendance each year, with the opportunity to meet friends on campus and to enjoy a delicious smorgasbord.

The Executive Board will meet in the early fall to make plans for 1959-1960, and to announce the details of the Christmas Luncheon, December 5, at Gimbel's.

Class '59 Elects Permanent Officers

On May 7 the Alumni Association played host to the class of 1959 at a banquet held in Freeland Hall. Ray Gurzynski, toastmaster, introduced the newly-elected class officers: Allan Daniels, Pittsburgh, president; Diana Vye, Havertown, secretary-treasurer; Sam Fogal, Womelsdorf, loyalty fund chairman; and Merrill Anderson, Dresher, reunion chairman.

Each of these officers spoke of his pleasure at being chosen to serve the class, and all out-lined their respective duties.

Other speakers at this gala occasion were Paul Guest, president of the Alumni Association, Glenn Eshbach, chairman of the Loyalty Fund, Dr. D. L. Helfferich, president of the College, and Dr. Staiger, Alumni Secretary.

College Teachers Recognized

The 4400 alumni of Ursinus College will get a special dividend in this month's issue of the Alumni Journal.

A special survey 16 pages long inserted in the issue deals with the college teacher and his importance to society.

The alumni magazines of 249 colleges, universities and private secondary schools throughout the United States and Canada are publishing the report. This means the supplement will reach more college alumni than any previous periodical in the history of American publishing. The total circulation of the survey will be 2,250,000 copies.

The special report is entitled "The College Teacher, 1959." It shows the problems and rewards of those who teach in higher education. Among other things, the report demonstrates that it is actually the college teacher himself who underwrites the cost of higher education through a low income far out of proportion to current living costs. At the same time, through the eyes of a typical professor, it shows the reason so many people choose the profession. And it shows what alumni can do to assure that their colleges can continue to equip young people with the tools of future leadership.

The survey was prepared by 19 alumni magazine editors from all types of educational institutions. Its sponsor was the American Alumni Council, an international organization devoted to increasing alumni support of higher education. The editorial expenses were met in part by a grant from the Carnegie Corporation of America.

A similar project undertaken by a group of these editors won immediate acclaim last year. It was a 32-page report entitled "American Higher Education, 1958." Your Journal was one of those which published it. In all, last year's report appeared in 153 alumni magazines with a combined circulation of 1,350,000 copies.

Again this year, Ursinus is proud to be one of the institutions helping to sponsor this timely topic.

NOTICE TO ALUMNI—No one but the officials of Ursinus College, Richard Schellhase, Alumni Executive Secretary, and the Ursinus Women's Club is authorized to solicit or receive gifts for the College. Alumni should send their gifts to the Alumni Secretary.

SPORTS

Baseball 1959

The Ursinus baseball team again completed a very successful season with a record of 12 victories and 5 losses. The squad missed winning the Southern Division Championship of the Middle Atlantic Conference by one day. Temple University won with a record of 9 and 2 on the cut-off date. Ursinus's record was also 9 and 2 the following day.

Carrying the team through an intensive campaign were several seniors who will be hard to replace. Captain Wally Christ capably handled Ursinus teams from behind the plate for four years. A clever keystone combination, Inky Wagner at short and Doc Lim at second, executed a dozen double plays. Wayne Williams and Jack Strunk covered the outfield in fine fashion and batted well with Wayne leading the team in hitting. Jack Haag pitched one victory and served in relief on several occasions. All have joined the Alumni Association.

The nucleus of next year's squad will be built around a strong pitching staff of Lin Drummond, Elmer Haigh, and Terry Shaner. Jim Wenbold, hard-hitting first baseman, and George Armstrong, dependable third baseman, are returning. Ed Sabastio and Ted Kirshner form a hard-hitting combination of fly chasers.

This year's graduates won two out of every three baseball games in which they played for Ursinus.

1959 Track Season

The 1959 track season ended with a record of two wins and five losses in dual meet competition and a third place in a triangular meet. Lack of depth again hampered the Bears but the performances of several outstanding men added considerable luster to the season.

The score of the meets this year were much closer than those of the past several years indicating somewhat better balance and depth. Since only three men will be lost from the team through graduation, a fine nucleus remains for the 1960 season. In addition, there are a number of fine prospects who will be

eligible for competition next year, who were not eligible in 1959. Additional men should be present in the incoming freshman class.

Sophomore Vernon Morgan was the top scorer with 121 points. This represents the greatest point scoring in one season in Ursinus track history. Some of his accomplishments follow: running in the Penn Relays Vern established a new college two mile record of 9:59.4. He had previously broken the old record of 10:34.0 set by Irv. Sutin in 1930.

In the Middle Atlantic Championships at the mile in the College Class section by winning in 4:28.9. He had previously broken Lee Lawhead's 4:37.8 mile record set in 1957, on several occasions with 4:32.0 and 4:31.2 clockings.

Running the half-mile in the same championship meet, he again set a new record with a 2:00.9. This erased the 2:01.9 record of another great Ursinus trackman, Lee Lawhead who set his record in 1957.

In addition to these outstanding performances, Vern was undefeated in the mile during the entire season, and in the half-mile during the regular season. He won the two mile five times and placed second three times in the eight regular season meets. On five occasions then he won the mile, and two mile

Ursinus Girls Complete Undefeated Spring

For the first time in over 15 years, the Ursinus girls were victorious in all three spring sports. The lacrosse, softball and tennis teams eliminated their opposition by racking up 20 wins and no losses.

LACROSSE

Led by All American Alice Irwin a powerful lacrosse aggregate overwhelmed their opposition by scoring seventy-one goals while allowing only twelve. The attack players illustrated a perfect scoring breakdown as follows: left attack wing Judy Brinton—11 goals, right attack wing Alice Irwin—11 goals, first home Tama Williams—15 goals, second home Lynn Crosley—18 goals, third home Ann Sansenbach—13 goals. The rest of the scoring was completed by center Liz Wheeler and a dependable combination of defense wings Louise Sperber and Gail Rice and third man Faye Bardman, Coverpoint Sue Wagner and Point Luey Magness. The three freshmen who fought their way to the varsity were Lynn Crosley, Ann Sansenbach, and goalie Janet Schneider. All three girls are graduates of Haverford High School.

The Ursinus team, ably coached by Marge Watson demonstrated skill, teamwork and most especially enthusiasm. An inexperienced defense developed throughout the season and proved itself against staunch competition. Congratulations girls! Keep the goals going in next year.

NATIONAL HONORS FOR CROSLY

Three of the team members participated in the National lacrosse tournament over Memorial Day weekend. Tama Williams and Susie Wagner were members of Philadelphia II team while freshman Lynn Crosley represented All Philadelphia I and eventually placed on the All American Reserve Team—an unusual honor for a freshman.

Vern Morgan, sensational sophomore distance man runs well ahead of the Haverford opponents in the mile run.

SOFTBALL

The softball team coached by Eleanor Snell and led by Gail Snyder played a five game schedule defeating all their opponents. The secret of the team's success lay in an experienced infield and the improvement of pitcher Elaine Emenheiser. The diamond was controlled by first baseman Lynn Crosley, second baseman Luey Magness, third baseman Gail Snyder and shortstop Faye Bardman. Pitcher Elaine Emenheiser was handled by Susie Wagner. The infield was ably backed up by veterans Ingie Reiniger, Liz Wheeler, and Weezy Sperber. New to the lineup this year were stand-out freshman Sue Schnabel of Souderton, Pa., and freshman Ann Sansenbach and Gloria Burgoon.

The "big guns" for Ursinus were Susie Wagner, Lynn Crosley, Faye Bardman, Ingie Reiniger and Luey Magness (captain-elect). The game of the year was a thrilling 3-1 win over

TENNIS

For the third year the Ursinus girls finished an undefeated tennis season to extend their streak to twenty-two consecutive victories. Led by Carol LeCato and coached by Jen Shillingford, an experienced team felt the loss of the two Alexander sisters and graduate Rene Rawcliffe. Nevertheless, their closest match was a 3-2 win over Bryn Mawr. The team produced a potent one-two punch in first singles Carol LeCato and second singles Carol Heffelfinger. The

third singles slot was shared by Sandy Rinehart, Freshman Joan Fry of West Chester and Sandy Stevens.

The doubles teams were composed of veterans Jeanne LeCato-Sandy Rinehart (co-capt. elect), and Carol Williamson-Georgia Alexander with freshman Winnie Miller of Elkins Park and Joanne Scholl filling in.

For the third time in four years, Carol LeCato was runnerup in the Intercollegiate tournament while in the quarter finals her unseeded teammate, Carol Heffelfinger disposed of the second seeded player, Bonny Menscher of New York. This proved to be the upset of the tournament.

Congratulations girls!! May next year be as successful.

on the same day, and on three other occasions, won the mile, half-mile, and placed second in the two mile. This is all the more remarkable because the half-mile and the two mile are separated only by the 220 yard dash, which allows fifteen to twenty minutes for recovery. This is a great tribute to his phenomenal condition, stamina, and spirit.

Vern also established a new Patter-

son Field record of 4:33.7 for the mile and new meet records as follows: new half-mile, mile and two mile records with Franklin and Marshall; new mile and two mile standards with Muhlenberg; new half-mile, mile, and two mile records with Washington College; new mile and half-mile records with Swarthmore; and new half mile and mile records with P.M.C.

One of the greatest tributes that can be paid to this fine athlete is that he is a real team man. He passed up many opportunities to establish records and ran only fast enough to win in order to conserve his energy for the ensuing races. The greatest coaching problem was to keep him from working too hard.

His teammates rewarded him by electing him the most valuable trackman for which he received an appropriate trophy at the Varsity Club banquet.

Another great competitor, team man and tireless worker was Al Walton. Al ranks with "Skip" Ruth as the best weight man in Ursinus history. Throwing the shot, discus and javelin, he tied the previous all-time Ursinus high jumps for one season of 95 set b

As the result of an extra-curricular project of the head of the biology department of Dickinson College, *Elmer C. Herber*, Ph. D., and one of his students, a former William Penn High quarterback from Harrisburg, a lot more is known today about the disease of trichinosis.

Dr. Irwin S. Leinbach

Based on the cases of six residents of an upper Dauphin County borough who were hospitalized late last year and a number who did not require hospitalization, a seven-page report on the findings as to cause of the illness and how to avoid it has been prepared by Dr. Herber.

Associated with him in the investigation was *Richard Magill*. Magill, besides attending classes during the daytime at Dickinson, works nights in the office of the Polyclinic Hospital. It was through his contacts in the hospital with the half-dozen trichinosis patients that the professor-student team launched the study in their spare time.

It wasn't exactly a new field for Dr. Herber. He has been teaching parasitology for 25 years at the College and, back in 1939, discovered a new parasite, a fluke that is parasitic in birds.

That discovery brought the professor a reputation as a parasitologist that spread abroad and requests for reprints of his papers on the subject came from scientists in a number of countries including England,

Japan, Brazil, Canada, India, China, the Philippines, Palestine, and France, according to the college's alumni magazine.

Judson Hoover, pharmaceutical chemist and germinator of ideas, works where two worlds meet. His task, with his fellow-scientists in Pharmaceutical Product Development at Wyeth, is to find ways to convert the discoveries of research into useful quantity drugs for medical practice.

Since 1932, Judson Hoover has worked out the dose forms and processing techniques of many a compound that has become a standby in medicine.

To extend this formula to prescription use, Hoover plots (and often modifies) its reaction characteristics. He gives it stability under trying conditions of pressure, light, temperature, humidity, and physiology. He solves problems of incompatibility. He determines what dose forms are possible, and develops them. Where gastrointestinal absorption is a factor, he provides answers. Frequently, to oral preparations, he adds color and flavor to overcome difficulties of patient acceptance.

When all this and more is done, Mr. Hoover standardizes the ingredients and specifies the directions for manufacture. He chooses the process and the equipment. Here again, he readily innovates. A new development in tableting machines owes much to his ingenuity. Producing multilayered tablets, it permits the pressing of incompatible substances without degradation. Like many other scientists at Wyeth, Judson Hoover is credited for ideas that have become an anonymous part of medical practice.
