# Car Sharing program offered

Enterprise Rent-A-Car is partnering with St. Norbert College to offer car sharing for students, faculty and staff. Enterprise CarShare is a membership-based, automated car rental option that offers a sustainable, efficient and cost-effective transportation alternative. Registered members will have access to two Nissan Altima cars parked on campus in Lot 6, near the south side of the Mulva Library.

SNC students 18 and older are eligible for membership, through which they will have around-the-clock access to hourly, daily and overnight rentals. Members reserve a vehicle online, then access the vehicle using a membership card, later returning it to the same location. Fuel, insurance against basic physical damage to the vehicle and state-required liability protection are included in the standard rate plan.

Campus car-sharing programs like this one are especially popular with students because they provide a solution to traditional car rental age restrictions, as well as the financial concerns associated with having a car on campus.
