Fundamentals of navigation, mapping, and high-precision positioning using the Navstar Global Positioning System. Topics include datum definition and transformation, map projections, autonomous and differential positioning using both code and carrier processing, and analysis of errors. Prerequisite: GEOS 3543 or GEOS 5543. (Typically offered: Fall)

GEOS 4653. GIS Analysis and Modeling. 3 Hours.
Unlike conventional GIS courses that focus on studying "where", this course will teach students to address beyond "where" using various GIS analysis and modeling techniques to explore "why" and "how". The course will provide theoretical and methodological reviews of the principles of cartographic modeling and multi-criteria decision-making. (Typically offered: Spring)

GEOS 4663. Low-Temperature Geochemistry of Natural Waters. 3 Hours. Covers the low-temperature geochemistry of waters and their associated minerals at Earth's surface. Examines the controls on the chemical composition of natural waters and the minerals precipitated from them. Topics covered will include water-rock interactions, pH , redox, the carbonate-water system, clay minerals and exchange, heavy metals, and a brief introduction to stable isotopes and geomicrobiology. Prerequisite: CHEM 1121L, CHEM 1123, GEOS 1113, and GEOS 1111L. (Typically offered: Fall)

GEOS 4686. Geology Field Camp. 6 Hours.
A professional course taught off campus emphasizing occurrence, description, mapping, and interpretation of major rock types. May not be taken for graduate credit. Prerequisite: GEOS 3413 and GEOS 3514. (Typically offered: Summer)

## GEOS 4693. Environmental Justice. 3 Hours.

This course deals with the ethical, environmental, legal, economic, and social implications of society's treatment of the poor, the disenfranchised, and minorities who live in the less desirable, deteriorating neighborhoods, communities, and niches of our country. The class integrates science with philosophy, politics, economics, policy, and law, drawing on award-winning films, current news, and case studies. (Typically offered: Spring)

GEOS 4783. Geography of Europe. 3 Hours.
Geographic regions of the area with emphasis on their present development. Prerequisite: Junior standing. (Typically offered: Irregular)

GEOS 4793. Geospatial Unmanned Aircraft Systems. 3 Hours.
Geospatial unmanned aircraft systems (UAS) are becoming key technologies in a number of disciplines. This course will introduce safe and legal operation of UAS in aerial photography, multispectral, thermal and LIDAR applications, geodetic control, photogrammetric and computer vision processing, and the creation of accurate 2D and 3D digital information products. Pre- or Corequisite: GEOS 3213 or GEOS 4593 or equivalent. (Typically offered: Fall)

GEOS 4813. Geography of Eurasia. 3 Hours.
Introduction to the culture, society, and politics of Eurasia using the organizing concept of empire from the moment of its consolidation in 1945 to its dissolution in 1991. Focuses on places that have emerged from this order and emphasizes experience and memory at each of these different times and places. Prerequisite: Junior standing. (Typically offered: Spring Even Years)

GEOS 4924. Earth System History (ACTS Equivalency = PHSC 1104). 4 Hours. Physical and biological events that form the history of the earth from its formation to the beginning of the historical era. Corequisite: Lab component. Prerequisite: GEOS 3413 and (GEOS 4223 or GEOS 4333) and GEOS 3514. (Typically offered: Spring)

GEOS 4933. Ancient Forest Science and Sustainability. 3 Hours.
Ancient forests preserve beautiful habitat with high ecological integrity. This course will examine the development, spatial distribution, and ongoing destruction of ancient forests worldwide, and how science can contribute to the understanding and sustainable management of these valuable resources. (Typically offered: Spring)

## GEOS 4972H. Senior Honors Course I. 2 Hours.

Special honors research in geology. Two hours of credit each semester.
Prerequisite: Junior honors. (Typically offered: Fall, Spring and Summer)
GEOS 4982H. Senior Honors Course II. 2 Hours.
Special honors research in geology. Two hours of credit each semester.
Prerequisite: Junior honors. (Typically offered: Fall, Spring and Summer)

GEOS 4993. Dynamics of Sediment Transport. 3 Hours.
This is a course focused on how fluids transport sediment and construct stratigraphy. Lectures will develop environmental fluid mechanics and sediment transport from first principles so they can be used to evaluate sedimentological and stratigraphic problems. This framework will be applied to a sedimentological problem using original data and analysis. Pre- or Corequisite: GEOS 4223. Prerequisite: GEOS 3413. (Typically offered: Fall Odd Years)

## Economics (ECON)

## Raja Kali

Chair of the Department
402 Business Building
479-575-ECON (3266)
Department of Economics Website (https://walton.uark.edu/departments/ economics/)

Students in Fulbright College may pursue one of two degree plans leading to a Bachelor of Arts degree in economics. The first is a traditional major in business economics and the second includes a concentration international business and economics.

The concentration in business economics is intended for those students who are interested primarily in business, but at the same time have a desire to understand the more advanced tools of economic analysis. Such a background is excellent preparation for careers in corporate research and planning, as well as careers with government and regulatory agencies, for graduate study in business and economics, and for law school.

The international economics and business concentration is intended for students who wish to learn more about the international aspects of economics and business. It provides preparation for a broad range of careers in business, including management, marketing, and finance.

## University of Arkansas and Fulbright College of Arts and Sciences Requirements for a Bachelor of Arts in Economics

The following credit hour requirements must be met (see Degree Completion Program Policy for additional information). In addition, the Fulbright College Writing Requirement may be satisfied by completing a paper in any ECON course numbered 3000 -level or higher. The student must inform their professor in writing by the end of the second week of class that they would like to use a particular course to fulfill this requirement. Work cannot involve a group project, and students must have senior standing. Completion of an honors thesis will also satisfy this requirement.

State minimum core (p.81) requirements may vary by individual, based on placement and previous course credit earned. Once all core requirements are met, students may substitute with general electives in consultation with their academic advisor.

| State Minimum Core |  | 35 |
| :---: | :---: | :---: |
| COMM 1313 | Public Speaking (ACTS Equivalency = SPCH 1003) | 3 |
| Select one of the following MATH options: ${ }^{1}$ |  | 4-6 |
| MATH 2043 <br> \& MATH 2053 | Survey of Calculus (ACTS Equivalency $=$ MATH 2203) <br> and Finite Mathematics |  |
| -or- |  |  |

${ }^{1}$ It is strongly recommended that economics majors who plan to continue their studies at the graduate level take at least two semesters of calculus (MATH 2554C and MATH 2564C) and linear algebra (MATH 3083).

Writing Requirement: Students may satisfy their senior writing requirement with a paper in any 3000 or 4000 -level ECON class. A student must inform their professor in writing by the end of the second week of class that they would like to use a particular course to fulfill this requirement. Work cannot involve a group project, and students must have senior standing. Completion of an honors thesis will also satisfy this requirement.

## Eight-Semester Degree Plan for a Bachelor of Arts in Economics

Students enrolling in the eight-semester degree plan should review the Eight-Semester Degree Completion Policy (p. 67).

State minimum core requirements may vary by individual, based on placement and previous credit granted. Once all core requirements are met, students may substitute with general electives in consultation with their academic advisor.

| First Year | Units |  |
| :---: | :---: | :---: |
|  | Fall | Spring |
| ENGL 1013 Composition I (ACTS Equivalency = ENGL 1013) (Satisfies General Education Outcome 1.1) ${ }^{1}$ | 3 |  |
| MATH 1203 College Algebra (ACTS Equivalency = MATH 1103) (Satisfies General Education Outcome 2.1) ${ }^{1}$ | 3 |  |
| COMM 1313 Public Speaking (ACTS Equivalency = SPCH 1003) (Satisfies General Education Outcomes 1.2 and 5.1) ${ }^{1}$ | 3 |  |
| A world language or world region course (as approved by advisor) | 3 |  |
| State Minimum Core-U.S. History (Satisfies General Education Outcome 4.2) ${ }^{1}$ | 3 |  |
| ENGL 1023 Composition II (ACTS Equivalency = ENGL 1023) ${ }^{1}$ |  | 3 |
| MATH 2043 Survey of Calculus (ACTS <br> Equivalency = MATH 2203) <br> or MATH 2053 Finite Mathematics <br> or MATH 1284C Precalculus Mathematics (ACTS <br> Equivalency $=$ MATH 1305) <br> Note: Students should enroll in MATH 1284C only if planning to take MATH 2554C Calculus I. |  | 3 |
| ECON 2013 Principles of Macroeconomics (ACTS Equivalency = ECON 2103) (Satisfies General Education Outcome 3.3) ${ }^{1}$ or ECON 2023 Principles of Microeconomics (ACTS Equivalency $=$ ECON 2203) |  | 3 |
| A world language or world region course (as approved by advisor) |  | 3 |
| State Minimum Core-Fine Arts (Satisfies General Education Outcome 3.1) |  | 3 |
| Year Total: | 15 | 15 |
| Second Year |  | Units |
|  | Fall | Spring |
| MATH 2043 Survey of Calculus (ACTS <br> Equivalency = MATH 2203) <br> or MATH 2053 Finite Mathematics <br> or MATH 2554C Calculus I (ACTS Equivalency = MATH 2405) | 3 |  |
| BUSI 1033 Data Analysis and Interpretation or STAT 2303 Principles of Statistics (ACTS Equivalency $=$ MATH 2103) | 3 |  |
| ECON 2013 Principles of Macroeconomics (ACTS Equivalency = ECON 2103) or ECON 2023 Principles of Microeconomics (ACTS Equivalency = ECON 2203) | 3 |  |
| State Minimum Core-Science with corequisite lab (Satisfies General Education Outcome 3.4) ${ }^{1}$ | 4 |  |
| General Electives | 2 |  |
| ECON 3033 Microeconomic Theory or ECON 3133 Macroeconomic Theory |  | 3 |
| State Minimum Core-Science with corequisite lab |  | 4 |
| State Minimum Core-Social Science (non-ECON) (Satisfies General Education Outcome 4.1) |  | 3 |

General Electives 5

Year Total: 15

## Third Year

## ECON 3033 Microeconomic Theory

or ECON 3133 Macroeconomic Theory
Any ECON course numbered 3000-level or higher
State Minimum Core—Humanities (Satisfies
General Education Outcome 3.2)
Any UA-Fayetteville credit hours numbered 3000level or higher
General Electives ${ }^{1}$ 15

ECON 4743 Introduction to Econometrics or ECON 4753 Forecasting
or ECON 3143 Economics of Poverty and Inequality
Any ECON course numbered 3000 -level or higher
Any UA-Fayetteville credit hours numbered 3000-
level or higher
General Electives (Satisfies General Education
Outcome 4.2) ${ }^{1}$
Year Total:

| Fourth Year | Units |  |
| :---: | :---: | :---: |
|  | Fall | Spring |
| ECON 4743 Introduction to Econometrics or ECON 4753 Forecasting or ECON 3143 Economics of Poverty and Inequality | 3 |  |
| Any ECON course numbered 3000-level or higher | 3 |  |
| General Electives (Satisfies General Education Outcome 6.1) ${ }^{1}$ | 9 |  |
| Any ECON course numbered 3000-level or higher |  | 3 |
| General Electives |  | 12 |
| Year Total: | 15 | 15 |

## Total Units in Sequence:

120
${ }^{1}$ Students must complete the State Minimum Core (https:// nam11.safelinks.protection.outlook.com/?url=http\%3A\%2F \%2Fcatalog.uark.edu\%2Fundergraduatecatalog\%2Fgened \%2Fstateminimum\%2F\&data=04\%7C01\%7Crcc003\%40uark.edu\%7C92f936f375f845bf930708d8e3ec5fa1\%7C79c742c4e61c4fa5be89a3cb\%7CTWFpbGZsb3d8eyJWIjoiMC4wLjAwMDAiLCJQljoiV2luMzliLCJBTil6lk\%7C1000\&sdata=ZHBCul1Vytd
\%2FCnZSMgcmPS5ZljYEvtv2HPmN6hSxflk\%3D\&reserved=0) and the requirements of their major(s) as outlined in the Catalog of Studies. These courses also fulfill many, if not all, of the General Education Requirements (https://nam11.safelinks.protection.outlook.com/?url=http \%3A\%2F\%2Fcatalog.uark.edu\%2Fundergraduatecatalog\%2Fgened \%2Fgeneraleducation\%2F\&data=04\%7C01\%7Crcc003\%40uark.edu \%7C92f936f375f845bf930708d8e3ec5fa1\%7C79c742c4e61c4fa5be89a3cb!

COMM 1313 Public Speaking (ACTS Equivalency = SPCH 1003) (prereq for WCOB 2053) who meet the requirements of the Fulbright College area studies programs in Asian Studies, Middle East Studies, Latin American and Latino Studies, or European Studies will be considered to have fulfilled this requirement.

MATH 2043 Survey of Calculus (ACTS Equivalency = MATH
\& MATH 2053 2203)
and Finite Mathematics
MATH 2554 Calculus I (ACTS Equivalency = MATH 2405)
\& MATH 2564 and Calculus II (ACTS Equivalency = MATH 2505)
\%7C1000\&sdata=r35av68n3oEQW9FsllqBgmbsTnUENpJF7EoP4AD4Bks \%3D\&reserved=0). Please visit these pages in the links provided and
consult with your academic advisor when making course selections to fulfill these requirements.

## Requirements for a Major in Economics with Concentration in International Economics and Business

In addition to the University Core requirements (http://catalog.uark.edu/ undergraduatecatalog/academicregulations/universitycore/) and the Fulbright College of Arts and Sciences Graduation Requirements (p. 273), the following course requirements must be met. Bolded courses from the list below may be applied to portions of the University Core requirements.

Thirty Semester Hours of Courses, including:

| ECON 2013 | Principles of Macroeconomics (ACTS <br> Equivalency = ECON 2103) | 3 |
| :--- | :--- | ---: |
| ECON 2023 | Principles of Microeconomics (ACTS <br> Equivalency = ECON 2203) | 3 |
| ECON 3033 | Microeconomic Theory | 3 |
| ECON 3133 | Macroeconomic Theory | 3 |
| ECON 4633 | International Trade | 3 |
| ECON 4643 | International Macroeconomics and Finance | 3 |
| Twelve hours of international economics and business electives that |  |  |
| may be selected from: ${ }^{1}$ |  |  |
| ECON 3843 | Economics of the Developing World | 3 |
| ECON 3853 | Emerging Markets | 3 |
| ECON 3933 | The Japanese Economic System | 3 |
| ECON 410V | Special Topics in Economics | $1-6$ |

Course pre-requisites for non-economics international business courses will count toward this 12-hour requirement and include FINN 3703, MGMT 4583, MKTG 4633 and SCMT 3643. Thus, if a student wants to take MKTG 4633 as an international economics and business elective, the student must also take the prerequisite MKTG 3433. These two courses would then satisfy 6 hours of the elective requirement.
9 hours of upper-division course work in Fulbright College that 9 focuses on a country or region of the world related to the foreign language, which might include upper-division courses in the same language, which should emphasize literature or cultural topics. Courses must be approved by the departmental adviser. Students

BUSI 1033 Data Analysis and Interpretation
or STAT 230Principles of Statistics (ACTS Equivalency $=$ MATH 2103)

## ACCT 2013 Accounting Principles

And one of the following:
ACCT 2023 Accounting Principles II
SEVI 2053 Business Foundations
ECON 4743 Introduction to Econometrics
ECON 4753 Forecasting
(Students must also complete WCOB 1120, ISYS 1123 or equivalent.)
Six hours of a World Language at the intermediate level, or above. ${ }^{2} 6$
Three hours of upper-division world language in the same language 3
covering business communications, or equivalent. Any student whose minimum 6-hour requirement under (\#6) above includes an upperdivision course may choose to include business communications among the 6 hours of required Univer-sity course work in the world language.
Total Hours
1 Course pre-requisites for non-economics international business courses will count toward this 12 -hour requirement. Thus, if a student wants to take MKTG 4633 Global Marketing as an international economics and business elective, he/she also must take the prerequisite MKTG 3433 Introduction to Marketing Strategy. These two courses will satisfy 6 hours of the elective requirement,
2 This is usually accomplished through completion of a sequence of world language courses: 1013 Elementary II, 2003 Intermediate I and 2013 Intermediate II.
Note: It is strongly recommended that economics majors who plan to continue their studies at the graduate level take at least two semesters of calculus (MATH 2554 and MATH 2564) and linear algebra (MATH 3083).

Writing Requirement: Students may satisfy their senior writing requirement with a paper in any 3000 or 4000 -level ECON class. A student must inform their professor in writing by the end of the second week of class that they would like to use a particular course to fulfill this requirement. Work cannot involve a group project, and students must have senior standing. Completion of an honors thesis will also satisfy this requirement.

## Economics B.A. with Concentration in International Economics and Business <br> Eight-Semester Degree Program

Students wishing to follow the eight-semester degree plan should see the Eight-Semester Degree Policy (p.67) for university requirements of the program.

| First Year | Units <br> Spring |  |
| :--- | ---: | ---: |
| ENGL 1013 Composition I (ACTS Equivalency $=$ <br> ENGL 1013) | 3 |  |
| MATH 2053 Finite Mathematics $3-4:: 3$ | 3 |  |
| or MATH 2554 Calculus I (ACTS Equivalency = |  |  |
| MATH 2405) | 3 |  |
| 1013 Elementary II World Language course | 3 |  |
| University/state core U.S. history requirement <br> COMM 1313 Public Speaking (ACTS Equivalency <br> = SPCH 1003) | 3 |  |

ENGL 1023 Composition II (ACTS Equivalency = ENGL 1023)
MATH 2043 Survey of Calculus (ACTS
Equivalency $=$ MATH 2203) ${ }^{1}$
or MATH 2564 Calculus II (ACTS Equivalency = MATH 2505)
ECON 2023 Principles of Microeconomics (ACTS
Equivalency = ECON 2203) ${ }^{1}$
ACCT 2013 Accounting Principles 3
2003 Intermediate I World Language course 3
Year Total: 15

| Second Year | Units |  |
| :---: | :---: | :---: |
|  | Fall | Spring |
| 2013 Intermediate II World Language Course | 3 |  |
| ECON 2013 Principles of Macroeconomics (ACTS Equivalency = ECON 2103) ${ }^{1}$ | 3 |  |
| BUSI 1033 Data Analysis and Interpretation or STAT 2303 Principles of Statistics (ACTS Equivalency $=$ MATH 2103) | 3 |  |
| ACCT 2023 Accounting Principles II or SEVI 2053 Business Foundations | 3 |  |
| General Elective | 3 |  |
| Advanced Level Elective ${ }^{1}$ |  | 3 |
| ECON 3033 Microeconomic Theory ${ }^{1,2}$ or ECON 3133 Macroeconomic Theory |  | 3 |
| Upper Division World Language ${ }^{1,2}$ |  | 3 |
| University Core Fine Arts or Humanities requirement |  | 3 |
| University Core Social Science requirement (nonECON course) |  | 3 |
| Year Total: | 15 | 15 |

Third Year Units

Upper Division Foreign Language or 3000+
Fulbright College elective ${ }^{1,2}$
Upper Level Area Studies from ARSC ${ }^{1,2}$
University Core Science Lecture with Corequisite 4
Lab requirement
Year Total:
16

## Units

ECON 3133 Macroeconomic Theory ${ }^{1,2} 3$
or ECON 3033 Microeconomic Theory Upper Division World Language ${ }^{1,2}$
University Core Humanities or Fine Arts ..... 3
requirement
University Core Science Lecture with Corequisite ..... 4
Lab requirement
General Elective ..... 3
ECON 4633 International Trade ${ }^{1,2}$

NOTE: ECON 2013 and/or ECON 2023, or ECON 2143, are prerequisites to all economics courses numbered above 3000 .

Requirements for Departmental Honors in Economics: The Departmental Honors program provides upper-division students the opportunity to engage in independent study or research under the guidance of an individual member of the faculty. In addition to satisfying the general college requirements for the bachelor's degree with honors, honors candidates in economics are required to complete and orally defend an honors thesis based upon independent study under ECON 399VH (for 3 to 6 hours) and to have a minimum grade-point average of 3.5 . Outstanding student achievement will be recognized by awarding the bachelor's degree with the distinction "Economics Scholar Cum Laude." Higher distinctions may be awarded to truly outstanding students based upon the whole of their academic program and quality of honors research.

Some courses in the Walton College of Business are given credit toward an economics major for the B.A. degree. See departmental adviser for designation.

## Economics (B.A.) Social Studies Teacher Licensure Requirements:

Please refer to the Secondary Education Requirements for Fulbright College Students (p. 276). Students wanting to teach social studies in middle school should consult with a middle level adviser in the College of Education and Health Professions.

## Faculty

Bhattacharya, Puja, Ph.D., M.A. (Ohio State University), M.S. (Indian Statistical Institute), B.S. (Presidency College), Assistant Professor, 2019.
Brownback, Andrew P., Ph.D. (University of California, San Diego), B.A. (Kansas State University), Associate Professor, 2015, 2021.
Celik, Bilal, Ph.D. (University of Tennessee), M.S. (University of Illinois), B.A. (Ege University), Teaching Assistant Professor, 2023. Civelli, Andrea, Ph.D., M.A. (Princeton University), B.A. (Bocconi University, Milan), Associate Professor, 2010, 2017.
Embaye, Abel, Ph.D. (Georgia State University), M.A. (Tilburg University), B.A. (University of Asmara), Clinical Assistant Professor, 2010.

Farmer, Amy Lynn, Ph.D., M.A. (Duke University), B.S. (Purdue University), University Professor, Margaret Gerig and R.S. Martin Jr. Chair in Business, 1999, 2003.
Ferrier, Gary D., Ph.D. (University of North Carolina-Chapel Hill), B.A.
(University of Wisconsin-Madison), University Professor, Lewis E. Epley Jr. Professorship in Economics, 1993, 2012.
Gaduh, Arya, Ph.D. (University of Southern California), M.Phil.
(Cambridge University), B.A. (University of California-Berkeley), Associate Professor, 2013, 2019. Assistant Professor, 2022.
Hossain, Md Amzad, Ph.D., M.A. (University of Virginia), B.S.S.
(University of Dhaka), Assistant Professor, 2022.
Jaduh, Arva, Ph.D. (University of Southern California), M.Phil.
(Cambridge University), B.A. (University of California, Berkeley), Assistant Professor, 2013.
Jung, Hyunseok, Ph.D. (Syracuse University), M.A. (Korea Development Institute), B.A. (Seoul National University), Assistant Professor, 2018.
Kali, Raja, Ph.D., M.A. (University of Maryland University College), B.S.C. (University of Calcutta), Professor, ConocoPhillips Chair in International Education, 1999, 2013.
Koh, Dongya, Ph.D. (Washington University-St. Louis), M.A. (Boston University), B.A. (Keio University), Assistant Professor, 2014.
Li, Xin "Sherry", Ph.D. (University of Michigan), M.A. (Syracuse University), M.A., B.A. (Renmin People's University of China), Professor, 2018.

Littrell, Rita, Ph.D. (University of Kansas), Ed.S., M.Ed., B.S.E. (University of Arkansas), Visiting Assistant Professor, 1997.
Liu, Andrew Yizhou, Ph.D., M.A. (University of California, Santa Barbara), B.A. (Nanjing University), Assistant Professor, 2020.
Mao, Ruoyun, Ph.D. (Indiana University), B.A. (Sun Yat-sen University), Assistant Professor, 2023.
McGee, Peter J., Ph.D. (Ohio State University), B.S. (Tulane University), Associate Professor, 2014, 2018.
Miller, Logan, Ph.D., M.S., B.A. (University of Arkansas), Teaching Assistant Professor, 2023.
Park, Doyoung, Ph.D., M.A. (University of Colorado) B.S. (Sogang University, Seoul), Assistant Professor, 2019.
Rahman, Muhammad, Ph.D. (Indiana University), M.S., B.S. (University of Dhaka), Clinical Assistant Professor, 2014.
Stapp, Robert Bruce, Ph.D., M.S. (Oklahoma State University), B.S.B.A. (Oklahoma City University), Clinical Professor, 1995, 2012.
Sude, Yujie, Ph.D., M.A. (University of Arkansas), M.Ed. (Beijing Normal University), LL.B. (Peking University), Clinical Assistant Professor, 2018.
Swanson, Shawn, Ph.D. (University of Colorado Boulder), M.A.
(University of Colorado Boulder, University of Wisconsin-Milwaukee), B.S. (University of Wisconsin-Madison), Teaching Assistant Professor, 2021. White, Jessica, , Visiting Assistant Professor, 2021.

## Courses

ECON 2013. Principles of Macroeconomics (ACTS Equivalency = ECON 2103). 3 Hours.
Macroeconomic analysis, including aggregate employment, income, fiscal and monetary policy, growth and business cycles. Credit will be allowed for only one of ECON 2013 and AGEC 2103. Prerequisite: MATH 1203 or higher, or a score of 26 on the math component of the ACT exam, or 600 on the math component of the old SAT or 620 on the math component of the new SAT. (Typically offered: Fall, Spring and Summer)
This course is cross-listed with AGEC 2103.
ECON 2013H. Honors Principles of Macroeconomics. 3 Hours.
Macroeconomic analysis, including aggregate employment, income, fiscal and monetary policy, growth and business cycles. Credit will be allowed for only one of ECON 2013H and AGEC 2103. Prerequisite: MATH 1203 or higher or a score of 26 on the math component of the ACT exam, or 600 on the math component of the old SAT or 620 on the math component of the new SAT, and honors standing. (Typically offered: Fall)
This course is cross-listed with ECON 2013, AGEC 2103.
ECON 2023. Principles of Microeconomics (ACTS Equivalency = ECON 2203).

## 3 Hours.

Microeconomic analysis, including market structures, supply and demand, production costs, price and output, and international economics. Credit will be allowed for only one of ECON 2023 and AGEC 1103. Prerequisite: MATH 1203 or higher, or a score of at least 26 on the math component of the ACT exam, or a score of at least 600 on the math component of the old SAT or 620 on the math component of the new SAT. (Typically offered: Fall, Spring and Summer) This course is cross-listed with AGEC 1103.

ECON 2023H. Honors Principles of Microeconomics. 3 Hours.
Microeconomic analysis, including market structures, supply and demand, production costs, price and output, and international economics. Credit will be allowed for only one of ECON 2023H and AGEC 1103. Prerequisite: MATH 1203 or higher, or a score of 26 on the math component of the ACT exam, or 600 on the math component of the old SAT or 620 on the math component of the new SAT, and honors standing. (Typically offered: Spring)
This course is cross-listed with ECON 2023, AGEC 1103.

## ECON 2143. Basic Economics: Theory and Practice. 3 Hours.

Surveys basic micro, macro principles and analytical tools needed to study contemporary economic problems such as inflation, unemployment, poverty, and pollution. Walton College majors are not eligible to register for the course. No degree credit for Walton College majors. (Typically offered: Fall, Spring and Summer)

ECON 2143H. Honors Basic Economics: Theory and Practice. 3 Hours.
Surveys basic micro, macro principles and analytical tools needed to study contemporary economic problems such as inflation, unemployment, poverty, and pollution. Not open to students majoring in Economics or Business Administration. (Typically offered: Fall, Spring and Summer)
This course is equivalent to ECON 2143.

## ECON 3033. Microeconomic Theory. 3 Hours.

Nature, scope, and purpose of economic analysis; theories of demand, production, cost, firm behavior, allocation of resources, etc., in a market-oriented system.
Prerequisite: (ECON 2013 and ECON 2023) or (ECON 2143) and (MATH 2043 or MATH 2554). (Typically offered: Fall, Spring and Summer)
ECON 3053. Economics for Elementary Teachers. 3 Hours.
For students who plan to become teachers in elementary schools. Acquaints students with basic concepts and functioning of the American economic system. Walton College majors are not eligible to register for the course. No degree credit for Walton College majors. Recommended to be completed in the fall semester of junior year. Prerequisite: 40 hours of completed course work. (Typically offered: Fall)

ECON 3063. Economics for Secondary Educators. 3 Hours.
Economics for Secondary Educators teaches basic economics understandings equipping students to make sound economics decisions as consumers, investors, voters and savers. Lessons and activities appropriate for secondary classes will be demonstrated. The course will survey materials available for government, economics, world and U.S. history, environmental science, language arts, business education, personal finance and entrepreneurship classes. Walton College majors are not eligible to register for the course. No degree credit for Walton College majors. Recommended to be completed in the fall semester of junior year. Prerequisite: 40 hours of completed course work. (Typically offered: Irregular)

## ECON 3133. Macroeconomic Theory. 3 Hours.

Theoretical determinations of national aggregate employment, income, consumption, investment, price level, etc. Prerequisite: (ECON 2013 and ECON 2023) or ECON 2143) and ((MATH 2043 or MATH 2554)). (Typically offered: Fall and Spring)
ECON 3143. Economics of Poverty and Inequality. 3 Hours.
This course provides the study of how labor markets work and how economic institutions and policy affect labor market outcomes. Topics include changes to the modern economy including forces like globalization and technical advances and how such forces have altered incomes, wealth and social mobility. The course will provide a clearer understanding of the trends, the reasoning behind the trends, and the impact of social policy on the welfare of the American worker. Prerequisite: (ECON 2013 and ECON 2023) or ECON 2143. (Typically offered: Fall)
ECON 330V. Economics Study Abroad. 3-6 Hour.
Open to undergraduate students studying abroad in officially sanctioned programs in Economics in the Walton College. Topics vary by location of study abroad opportunities. To be eligible for credit, students must have junior standing and Walton College majors must have completed all pre-business requirements prior to studying abroad. Prerequisite: Departmental consent, Junior standing and completion of pre-business course requirements, each with a grade of $C$ or better, a pre-business cumulative GPA of 2.5 or better and an overall GPA of 2.5 or better. (Typically offered: Irregular)

## ECON 3333. Public Economics. 3 Hours.

Governmental functions, revenues; tax shifting, incidence; public expenditures, their effects; and fiscal policy. Prerequisite: (ECON 2013 and ECON 2023) or ECON 2143. (Typically offered: Irregular)

## ECON 3433. Money and Banking. 3 Hours.

Financial history; theory and practice of financial institutions; monetary policy in theory and practice. Prerequisite: (ECON 2013 and ECON 2023) or ECON 2143. (Typically offered: Irregular)

## ECON 3533. Labor Economics. 3 Hours.

Economic analysis of labor markets. Topics include analysis of labor demand and supply; human capital investment; wage differentials; discrimination; economic effects of labor unions and collective bargaining; public sector labor markets; unemployment; and labor market effects on inflation. Prerequisite: (ECON 2013 and ECON 2023) or ECON 2143. (Typically offered: Irregular)

## ECON 3633. Economics of Advertising. 3 Hours.

An examination of how economists define and categorize types of products and advertising campaigns. Alternative views of advertising -- persuasive vs. informative -- are discussed. Models of the relationship between advertising and sales, profits, market structure, product quality, and price are examined. Prerequisite: ECON 2023 or ECON 2143. (Typically offered: Irregular)
ECON 3843. Economics of the Developing World. 3 Hours.
Examine theories and patterns of economic development in emerging economies. The role of the World Bank and IMF as multilateral lenders and examination of their success and failures in fostering development. Measures of poverty and inequality and their implications for economic development. Prerequisite: (ECON 2013 and ECON 2023) or ECON 2143. (Typically offered: Fall and Spring)

## ECON 3853. Emerging Markets. 3 Hours.

An analysis of the business and economic environment in emerging countries; focusing in Latin America, South East Asia and Transition Economies. The topics and issues covered include market structure and market failures, financial and legal background, current institutions and political economy issues, and current business opportunities. Prerequisite: ECON 2143; or ECON 2013 and ECON 2023. (Typically offered: Fall)

ECON 3933. The Japanese Economic System. 3 Hours.
This class presents essential facts about the Japanese economy and then subjects them to modern economic analyses. Japanese institutions and policies are contrasted with their American counterparts, and these economies are compared in terms of performance. Current issues including contemporary economic conditions and US - Japanese trade relations are also examined. Pre- or Corequisite:
ECON 2023. Prerequisite: ECON 2013 or ECON 2143. (Typically offered: Spring)
ECON 399VH. Honors Course. 1-3 Hour.
Honors thesis research and writing under the direction of a faculty member in the department. (Typically offered: Irregular) May be repeated for up to 6 hours of degree credit.

## ECON 4003H. Honors Economics Colloquium. 3 Hours.

Explores events, concepts and/or new developments in the field of Economics. Prerequisite: Senior standing. (Typically offered: Fall)

ECON 410V. Special Topics in Economics. 1-6 Hour.
Covers special topics in economics not available in other courses. Prerequisite: (ECON 2013 and ECON 2023) or ECON 2143. (Typically offered: Irregular) May be repeated for up to 6 hours of degree credit.

ECON 410VH. Honors Special Topics in Economics. 1-6 Hour.
Covers special topics in economics not available in other courses. Prerequisite: (ECON 2013 and ECON 2023) or ECON 2143. (Typically offered: Irregular) May be repeated for up to 6 hours of degree credit.
This course is equivalent to ECON 410 V .

## ECON 4173. Nation Model United Nations. 3 Hours.

This class is designed to prepare students for their participation in a Nation Model United Nations (NMUN) Conference. The NMUN Conference is sponsored by The National Collegiate Conference Association (NCCA), which is the largest collegelevel Model United Nations conference. This course is designed to advance the research skills of the students by requiring extensive background position papers covering various economic and social issues of their assigned committee and ultimately preparing resolution documents they develop during the conference. They will present their positions via speeches and in caucus settings. This course will broaden the students' international perspective while they gain a thorough understanding of the primary activities of the United Nations. Prerequisite: Junior standing and departmental consent. (Typically offered: Fall)

ECON 4333. Economics of Organizations. 3 Hours.
An economic perspective on the design of organizations. Applies developments in game theory and contract theory to analyze the role of information and incentives within and between firms. Covers the boundaries of firms, integration and outsourcing, authority and incentives, and alternative organizational structures in an evolving business environment. Prerequisite: ECON 3033. (Typically offered: Fall)

## ECON 4423. Behavioral Economics. 3 Hours.

Both economics and psychology systematically study human judgment, behavior, and well-being. This course surveys attempts to incorporate psychology into economics to better understand how people make decisions in economic situations. The course will cover models of choice under uncertainty, choice over time, as well as procedural theories of decision making. Prerequisite: ECON 3033. (Typically offered: Fall)

## ECON 4433. Experimental Economics. 3 Hours.

The course offers an introduction to the field of experimental economics. Included are the methodological issues associated with developing, conducting, and analyzing controlled laboratory experiments. Standard behavioral results are examined and the implications of such behavior for business and economic theory are explored. Prerequisite: ECON 2023 or ECON 2143. (Typically offered: Spring)

ECON 450V. Independent Study. 1-6 Hour.
Permits students on individual basis to explore selected topics in economics. (Typically offered: Irregular) May be repeated for up to 6 hours of degree credit.

## ECON 4633. International Trade. 3 Hours.

Problems of the international economy from a microeconomic perspective. Topics include analysis of the pattern and content of trade; trade in factors of production; and the applications of trade theory to the study of trade barriers such as tariffs and quotas. Prerequisite: (ECON 2013 and ECON 2023) or ECON 2143. (Typically offered: Fall and Spring)

## ECON 4643. International Macroeconomics and Finance. 3 Hours.

Problems of the international economy from a macroeconomic perspective. Topics include national income accounting and the balance of payments; exchange rates and the foreign exchange markets; exchange rate policy; macroeconomic policy coordination; developing countries and the problem of 3rd world debt; and the global capital market. Prerequisite: (ECON 2013 and ECON 2023) or ECON 2143. (Typically offered: Fall and Spring)

## ECON 4743. Introduction to Econometrics. 3 Hours.

Introduction to the application of statistical methods to problems in economics. Prerequisite: ((ECON 2013 and ECON 2023) or ECON 2143) and ((MATH 2043 or MATH 2554 or higher)) and (BUSI 1033 or STAT 2303). (Typically offered: Spring)

## ECON 4753. Forecasting. 3 Hours.

The application of forecasting methods to economics, management, engineering, and other natural and social sciences. The student will learn how to recognize important features of time series and will be able to estimate and evaluate econometric models that fit the data reasonably well and allow the construction of forecasts. Prerequisite: (ECON 2013 and ECON 2023) or (ECON 2143) and (MATH 2043 or MATH 2554) and (BUSI 1033 or STAT 2303). (Typically offered: Fall)

## ECON 4763. Economic Analytics. 3 Hours.

This course provides an overview of modern statistical learning methods, including Machine Learning, for senior economics or business majors, along with handson experience of in-depth analytics projects using real data. Students will use the most advanced Machine Learning libraries available in Python, R and MATLAB to gather and organize data as well as to train, validate and test their empirical models. Knowledge of statistical software is recommended. Pre- or Corequisite: ECON 4743 or ISYS 4193. (Typically offered: Fall)

## English (ENGL)

Yajaira Padilla
Department Chair
331 Kimpel Hall
479-575-4301
Email: engl@uark.edu
Department of English Website (http://fulbright.uark.edu/departments/ english/)

The Department of English offers a major in English with three concentrations as well as two minors in English.

Contrary to popular opinion, English majors do quite well on the general job market. Businesses know that in addition to being good communicators, English majors are trained to approach problems creatively and from multiple angles. Through careful course selection,
the student may prepare for postgraduate work in literature and language; meet the English requirements for secondary teaching licensure; develop writing skills; or receive preparation for careers outside academia (including law and business). Within the major, a student may explore many areas of special interest, such as composition pedagogy, creative writing, gender studies, literature of the American south, film as text, folklore, postcolonial literature, and literature in English by Native American, African American, Arab American, and Latino/Latina American authors, as well as the more traditional historical fields of English and American literature. All of these areas help students develop the broad, deep, flexible understanding of human expression that will help them for the rest of their lives - both culturally and in practical terms.

## Requirements for B.A. in English with Creative Writing Concentration

## University and College Requirements for a Bachelor of Arts in

English: In addition to the Fulbright College of Arts and Sciences Graduation Requirements (see under Degree Completion Program Policy), the following course requirements must be met. Bolded courses from the course list below may be applied to portions of the state minimum core (p. 81).

State minimum core

## World language up to the Intermediate II level

| WLIT 1113 | World Literature: Beginnings to 1650 CE (ACTS <br>  <br> WLIT 1123 | Equivalency $=$ ENGL 2113) |
| :--- | :--- | :--- |
|  | World Literature: 1650 CE to Present (ACTS <br> Equivalency = ENGL 2123) | 3 |

or any 3000-level or higher literature course taught in the Department of World Languages, Literatures \& Cultures.
A minimum of 57 credit hours in English courses from the requirements below.

| ENGL 1103 | Reading Literature | 3 |
| :--- | :--- | :--- |
| ENGL 2043 | Rethinking Literature | 3 |
| ENGL 3103 | Approaches to Critical Thinking About Literature |  |
| and Culture | 3 |  |
| Transatlantic Literature Surveys | 12 |  |

| ENGL 2053 | Transatlantic Literature from Beginnings to 1640 |
| :--- | :--- |
| ENGL 2063 | Transatlantic Literature from 1640 to 1865 |
| ENGL 2073 | Transatlantic Literature from 1865 to 1945 |
| ENGL 2083 | Transatlantic Literature from 1945 to Present |

Diversity Requirement - choose one course from the following: 3
ENGL 3543 Topics in U.S. Latino/Latina Literature and Culture
ENGL 3553 Topics in Native American Literature and Culture
ENGL 3573 Special Topics in Diversity
ENGL 3583 Topics in Arab American Literature and Culture
ENGL 3593 Topics in Gender, Sexuality, and Literature
ENGL 3853 Topics in African-American Literature and Culture
ENGL 4523 Studies in U.S. Latino/Latina Literature and Culture
ENGL 4553 Studies in Native American Literature and Culture
ENGL 4583 Studies in Arab American Literature and Culture
ENGL 4593 Studies in Gender, Sexuality, and Literature
ENGL 4853 Studies in African American Literature and Culture
12 credit hours in ENGL courses numbered 3000-level or higher, with 12 at least 9 credit hours from these ENGL courses numbered 4000level or higher. Students must complete a minimum of 6 credit hours covering periods of study before the year 1800 and 6 credit hours covering periods of study after the year 1800. ${ }^{1}$
Concentration hours
General Electives

Students who are pursuing any concentration other than Creative Writing must complete 3 credit hours numbered 3000 -level or higher within their General Electives towards the University Residency Requirement (see Degree Completion Program Policy).
Total Hours 120
${ }^{1}$ Department listings for courses each semester will identify the period of study that each course satisfies.

Transfer Credit: In order to receive a B.A. in English from the University of Arkansas, a student must complete at least 24 credit hours in ENGL courses numbered 3000 -level or higher from the English department.

## Requirements for Creative Writing Concentration

| ENGL 2023 | Creative Writing I (ACTS Equivalency = ENGL 2013) | 3 |
| :---: | :---: | :---: |
| ENGL 3013 | Creative Writing II | 3 |
| ENGL 3203 | Poetry | 3 |
| ENGL 3213 | Fiction | 3 |
| $\begin{aligned} & \text { ENGL } 4013 \\ & \text { or ENGL } 4023 \end{aligned}$ | Undergraduate Poetry Workshop Undergraduate Fiction Workshop | 3 |
| ENGL 4303 | Introduction to Shakespeare | 3 |
| Any ENGL or WLI | IT course number 3000-level or higher. ${ }^{1}$ | 3 |
| Total Hours |  | 21 |
| ${ }^{1}$ Students are encouraged to take both Undergraduate Poetry Workshop and Undergraduate Fiction Workshop, or to retake these workshops with a different faculty member, for this requirement. |  |  |

Writing Requirement: All upper-division English courses require a research or an analytical paper except ENGL 4003 and the courses in creative writing (ENGL 3013, ENGL 4013, ENGL 4023). For this reason all students who fulfill the requirements for a major in English thereby fulfill the Fulbright College writing requirement. In addition, 4000 -level courses (except for those noted above) require more intensive research by, and more active participation from, students than 3000 -level courses do and require each student to complete a paper that can be included as a writing sample with applications to graduate programs or professional schools.

Assessment Requirement: Every senior English major must take the program assessment exam administered by the department each spring semester to graduate. Exam results will not affect GPA, although the student's score will be noted on his or her permanent academic record. This requirement may be waived in extraordinary circumstances by the department's Director of Undergraduate Studies. Contact your adviser for more information.

Students wishing to follow the eight-semester degree plan should see the Eight-Semester Degree Policy (p. 67) in the Academic Regulations
chapter for university requirements of the program as well as Fulbright College requirements.

State minimum core (p.81) requirements may vary by individual, based on placement and previous credit granted. Once all core requirements are met, students may substitute with general electives. Students should consult with their academic advisor.

| Second Year |  | Units |
| :---: | :---: | :---: |
|  | Fall | Spring |

1 The Social Sciences Elective courses which satisfy General Education Outcome 3.3 include:
AGEC 1103, AGEC 2103, ANTH 1023, COMM 1023, ECON 2013, ECON 2023, ECON 2143, EDST 2003, HDFS 1403, HDFS 2413, HDFS 2603, HIST 1113, HIST 1113H, HIST 1123, HIST 1123H, HIST 2003, HIST 2013, HIST 2093, HUMN 1114H, HUMN 2114H, INST 2813, INST 2813H, PLSC 2003, PLSC 2013, PLSC 2203, PLSC 2813, PLSC 2813H, PSYC 2003, RESM 2853, SOCI 2013, SOCI 2013H, or SOCI 2033.
2 The Fine Arts Elective courses which satisfy General Education Outcome 3.1 include: ARCH 1003, ARHS 1003, COMM 1003, DANC 1003, LARC 1003, MLIT 1003, MLIT 1003H, MLIT 1013, MLIT 1013H,MLIT 1333, THTR 1003, THTR 1013, or THTR 1013H.
3 Students must complete a minimum of 6 credit hours covering periods of study before the year 1800 and 6 credit hours covering periods of study after the year 1800.
4 ENGL 3603 and ENGL 4903 may be retaken for up to 9 credit hours total towards this requirement.

## Requirements for B.A. in English with Topical Concentration

## University and College Requirements for a Bachelor of Arts in

 English: In addition to the Fulbright College of Arts and Sciences Graduation Requirements (see under Degree Completion Program Policy), the following course requirements must be met. Bolded courses from the course list below may be applied to portions of the state minimum core (p. 81).State minimum core

35

World language up to the Intermediate II level

| WLIT 1113 | World Literature: Beginnings to 1650 CE (ACTS | 3 |
| :--- | :--- | :--- |
|  | Equivalency = ENGL 2113) |  |
| WLIT 1123 | World Literature: 1650CE to Present (ACTS | 3 |
|  | Equivalency = ENGL 2123) |  |

or any 3000-level or higher literature course taught in the
Department of World Languages, Literatures \& Cultures.
A minimum of 57 credit hours in English courses from the requirements below.
ENGL 1103 Reading Literature 3
ENGL 2043 Rethinking Literature 3

| ENGL 3103 | Approaches to Critical Thinking About Literature and Culture | 3 |
| :---: | :---: | :---: |
| Transatlantic Literature Surveys |  | 2 |
| ENGL 2053 | Transatlantic Literature from Beginnings to 1640 |  |
| ENGL 2063 | Transatlantic Literature from 1640 to 1865 |  |
| ENGL 2073 | Transatlantic Literature from 1865 to 1945 |  |
| ENGL 2083 | Transatlantic Literature from 1945 to Present |  |
| Diversity Requirement - choose one course from the following: |  | 3 |
| ENGL 3543 | Topics in U.S. Latino/Latina Literature and Culture |  |
| ENGL 3553 | Topics in Native American Literature and Culture |  |
| ENGL 3573 | Special Topics in Diversity |  |
| ENGL 3583 | Topics in Arab American Literature and Culture |  |
| ENGL 3593 | Topics in Gender, Sexuality, and Literature |  |
| ENGL 3853 | Topics in African-American Literature and Culture |  |
| ENGL 4523 | Studies in U.S. Latino/Latina Literature and Culture |  |
| ENGL 4553 | Studies in Native American Literature and Culture |  |
| ENGL 4583 | Studies in Arab American Literature and Culture |  |
| ENGL 4593 | Studies in Gender, Sexuality, and Literature |  |
| ENGL 4853 | Studies in African American Literature and Culture |  |
| 12 credit hours in ENGL courses numbered 3000 -level or higher, with 12 at least 9 credit hours from these ENGL courses numbered 4000level or higher. Students must complete a minimum of 6 credit hours covering periods of study before the year 1800 and 6 credit hours covering periods of study after the year 1800. ${ }^{1}$ |  |  |
| Concentration hours |  | 21 |
| General Electives |  | 10 |
| Students who Writing must higher within Residency R | are pursuing any concentration other than Creative omplete 3 credit hours numbered 3000 -level or heir General Electives towards the University quirement (see Degree Completion Program Policy). |  |

## Total Hours

${ }^{1}$ Department listings for courses each semester will identify the period of study that each course satisfies.

Transfer Credit: In order to receive a B.A. in English from the University of Arkansas, a student must complete at least 24 credit hours in ENGL courses numbered 3000 -level or higher from the English department.

## Requirements for Topical Concentration

12 credit hours in courses from a Topical area of focus. ${ }^{1} 12$
9 hours of general electives. Students should consult with a faculty mentor when choosing general electives in order to select courses (or a supplementary minor or degree) that best support their professional goals and concentration focus.

## Total Hours

${ }^{1}$ The department will maintain a list of current Topical areas and will note on course descriptions which courses will meet a given topical area's focus in any given semester.

Writing Requirement: All upper-division English courses require a research or an analytical paper except ENGL 4003 and the courses in creative writing (ENGL 3013, ENGL 4013, ENGL 4023). For this reason all students who fulfill the requirements for a major in English thereby fulfill the Fulbright College writing requirement. In addition, 4000 -level courses
(except for those noted above) require more intensive research by, and more active participation from, students than 3000 -level courses do and require each student to complete a paper that can be included as a writing sample with applications to graduate programs or professional schools.

Students wishing to follow the eight-semester degree plan should see the Eight-Semester Degree Policy (p. 67) in the Academic Regulations chapter for university requirements of the program as well as Fulbright College requirements.

State minimum core ( p .81 ) requirements may vary by individual, based on placement and previous credit granted. Once all core requirements are met, students may substitute with general electives. Students should consult with their academic advisor.

| First Year | Units |  |
| :---: | :---: | :---: |
|  | Fall | Spring |
| ENGL 1103 Reading Literature | 3 |  |

Units

Total Units in Sequence:
120
${ }^{1}$ The Social Sciences Elective courses which satisfy General Education Outcome 3.3 include:
AGEC 1103, AGEC 2103, ANTH 1023, COMM 1023, ECON 2013, ECON 2023, ECON 2143, EDST 2003, HDFS 1403, HDFS 2413, HDFS 2603, HIST 1113, HIST 1113H, HIST 1123, HIST 1123H, HIST 2003, HIST 2013, HIST 2093, HUMN 1114H, HUMN 2114H, INST 2013, INST 2813, INST 2813H, PLSC 2003, PLSC 2013, PLSC 2203, PLSC 2813, PLSC 2813H, PSYC 2003, RESM 2853, SOCI 2013, SOCI 2013H, or SOCI 2033.
2 The Fine Arts Elective courses which satisfy General Education Outcome 3.1 include:
ARCH 1003, ARHS 1003, COMM 1003, DANC 1003, LARC 1003, MLIT 1003, MLIT 1003H,
MLIT 1013, MLIT 1013H, MLIT 1333, THTR 1003, THTR 1013, or THTR 1013H.
${ }^{3}$ Students must complete a minimum of 6 credit hours covering periods of study before the year 1800 and 6 credit hours covering periods of study after the year 1800 .
${ }^{4}$ The department will maintain a list of current Topical areas and will note on course descriptions which courses will meet a given topical area's focus in any given semester.

## Minor in English

additional hours chosen from English (ENGL) courses and/or World Literature (WLIT) courses numbered 3000 -level or higher.

## Minor in Rhetoric and Writing Studies

The minor in Rhetoric and Writing Studies provides non-English majors with advanced instruction in rhetorical studies and document design. Students will learn to examine the roles of language, writing, and communication in different social and professional settings. In addition to receiving practical instruction in effective writing, students will also develop analytical tools for understanding language as social action.

## Requirements for a minor in Rhetoric and Writing Studies

| Students must complete 15 hours from among the following courses: | 15 |  |
| :--- | :--- | :--- |
| ENGL 2003 | Advanced Composition |  |
| ENGL 2013 | Essay Writing |  |
| ENGL 2173 | Literacy in America |  |
| ENGL 3053 | Technical and Professional Writing (ACTS <br>  <br>  <br> Equivalency = ENGL 2023) |  |
| ENGL 3603 | Topics in Rhetoric and Composition |  |
| ENGL 4003 | Style and Grammar for Professional Writers |  |
| ENGL 4903 | Studies in Rhetoric and Composition |  |
| Total Hours |  | $\mathbf{1 5}$ |

## Honors in English

Requirements for Graduation with Honors in English: Both the College and the Departmental Honors Program in English allow upperdivision undergraduates to strengthen their study of English and adapt it to their interests. Honors candidates enroll in special courses and do directed independent study and research. In addition to the college and departmental requirements for the major in English and the general college requirements for the B.A. degree, each honors candidate in English must

1. Be accepted as an honors candidate by the department (requiring a minimum, cumulative grade-point average of 3.5 in all course work),
2. Complete at least nine hours of non-thesis honors course work, at least three hours of which must be in English,
3. Enroll in at least three hours of Senior Thesis ENGL 498 V and write an honors thesis (either a critical study or a creative writing project) under the direction of a faculty member in the Department of English, and
4. Defend the candidate's entire honors program in an oral examination.

Candidates may petition to enroll in a departmental graduate seminar.
To complete the required thesis successfully, candidates should choose an honors thesis adviser as early as possible. An adviser should be selected, and an Honors Agreement completed, no later than the first semester in a candidate's junior year. Candidates who complete the honors program with merit will graduate with the distinction "English Scholar Cum Laude." The distinctions of Magna Cum Laude and Summa

Cum Laude will be awarded only for exceptional work and will be based on the candidate's entire honors program.

## English (B.A.) Teacher Licensure Requirements

Please refer to the Secondary Education Requirements (https://teachereducation.uark.edu/licensure/) for Fulbright College Students.

Students wanting to teach English in middle school should consult with a middle-level adviser in the College of Education and Health Professions.

## Faculty

Bailey, Constance, Ph.D., M.A. (University of Missouri-Columbia), B.A. (Alcorn State University), Assistant Professor, 2016.
Blunschi, Jane, M.F.A. (University of Arkansas), B.A. (University of Louisiana at Lafayette), Instructor, 2018.
Booker, M. Keith, Ph.D. (University of Florida), M.S., M.A. (University of Tennessee), B.A. (Vanderbilt University), Professor, 1990, 1997.
Brock, Geoffrey Arthur, Ph.D. (University of Pennsylvania), M.F.A. (University of Florida), M.A. (University of Pennsylvania), B.A. (Florida State University), Distinguished Professor, 2005, 2020.
Burris, Sidney J., Ph.D., M.A. (University of Virginia), B.A. (Duke University), Professor, 1986, 2002.
Candido, Joseph D., Ph.D. (Indiana University at Bloomington), M.A. (University of New Hampshire), B.A. (Colby College), Professor, 1979, 1997.

Cochran, Robert Brady, Ph.D. (University of Toronto), M.A., B.S. (Northwestern University), Professor, 1976, 1987.
Davis, Geffrey, Ph.D., M.F.A., M.A. (Penn State University), B.A. (Oregon State University), Associate Professor, 2014, 2019.
Dempsey, Sean A., Ph.D., M.A. (Boston University), B.A. (Connecticut College), Associate Professor, 2009, 2022.
Gray, Laura Virginia, M.F.A. (University of Arkansas), M.A. (University of Montevallo), B.A. (University of North Alabama), Instructor, 2000, 2004.
Hallett, LewEllyn, M.F.A. (Bowling Green State University), B.A. (University of New Mexico), Instructor, 2013.
Hinrichsen, Lisa, Ph.D., M.A. (Boston University), B.A. (Wellesley College), Associate Professor, 2008, 2015.
Hurt, Bryan M., Ph.D. (University of Southern California), B.A. (Ohio State University), Assistant Professor, 2019.
Jensen, Toni, Ph.D. (Texas Tech University), M.A., B.A. (University of South Dakota), Associate Professor, 2014, 2019.
Kahf, Mohja, Ph.D., B.A. (Rutgers State University-New Brunswick), Professor, 1995, 2019.
Kayser, Casey Lee, Ph.D. (Louisiana State University), M.A. (University of Missouri-Columbia), B.A. (Westminster College), Associate Professor, 2012, 2022.
Long, Mary Beth, Ph.D., M.A. (University of Massachusetts, Amherst), B.A. (Ouachita Baptist University), Assistant Professor, 2014.

Madison, Karen L., Ph.D., M.A., B.A. (University of Arkansas), Instructor, 2013.

Madison, Robert D., Ph.D. (Northwestern University), M.A. (Clark University), B.A. (University of Rhode Island), Instructor, 2016.
Marren, Susan M., Ph.D., M.A. (University of Michigan-Ann Arbor), B.A. (Cornell University), Associate Professor, 1995, 2002.
McCombs, Davis, M.F.A. (University of Virginia), A.B. (Harvard), Professor, 2002, 2018.
Padilla, Yajaira, Ph.D. (University of California, San Diego), B.A. (University of California, Santa Cruz), Professor, 2013, 2022.
Pope, Adam, Ph.D. (Purdue University), M.A. (University of Arkansas),
B.A. (Freed-Hardeman University), Assistant Professor, 2013.

Pritchard, Eric, Ph.D., M.A., (University of Wisconsin-Madison), B.A. (Lincoln University in Pennsylvania), Associate Professor, 2021.
Quinn, William A., Ph.D., M.A. (The Ohio State University), B.A. (Xavier University), Distinguished Professor, 1979, 2018.
Raines, Anne, M.A., B.A. (University of Arkansas), Instructor, 2019. Roberts, Robin, Ph.D., M.A. (University of Pennsylvania), B.A. (Mount Holyoke College), Professor, 2011.
Smith, Joshua Byron, Ph.D., M.A. (Northwestern University), B.A. (University of Illinois at Chicago), Associate Professor, 2011, 2019.
Sparks, Leigh Pryor, Ph.D. (University of Arkansas), M.A., B.A. (Stanford University), Instructor, 2009, 2019.
Stephens, Dorothy Anne, Ph.D. (University of California-Berkeley), M.A. (University of Illinois-Chicago), B.A. (Northwestern University), Professor, 1992, 2008.
Szwydky-Davis, Lissette López, Ph.D., M.A. (Penn State University), B.A. (University of Miami), Associate Professor, 2013.

Teuton, Sean Kicummah, Ph.D., M.A. (Cornell University), B.A. (University of Colorado-Boulder), Professor, 2013, 2018.
Viswanathan, Padma, M.F.A. (University of Arizona), M.A. (Johns Hopkins University), B.A. (University of Alberta), Professor, 2010, 2022. Walsh, Lora, Ph.D. (Northwestern University), M.Sc. (University of Edinburgh), B.A. (Pepperdine University), Assistant Professor, 2014. Yandell, Kay, Ph.D., M.A. (Cornell University), B.A. (University of Arkansas), Associate Professor, 2013, 2018.

## Courses

ENGL 0001. Writing Lab. 1 Hour.
Required corequisite course with ENGL 1013 for students with scores below 19 in ACT English or below 470 in SAT Verbal. Writing labs, practice in study skills and time management, and mentorship from instructor. Credit not applied to hours required for degree. Corequisite: ENGL 1013. (Typically offered: Fall and Spring)

ENGL 1013. Composition I (ACTS Equivalency = ENGL 1013). 3 Hours. Teaches writing strategies for varied contexts, methods of research and integrating sources, and processes for drafting and revision. Pre- or Corequisite: ENGL 0001 or 19 or above on ACT English; or 490 or above on SAT Evidence-Based Reading and Writing; or 80 or above on Compass Writing Skills; or 83 or above on Accuplacer Sentence Skills; or above 255 on Accuplacer Next Generation Writing; or High School GPA of 3.2 or above. (Typically offered: Fall, Spring and Summer)

ENGL 1013H. Honors Composition I. 3 Hours.
Composition I offered at an Honors level, with the same textbooks and major assignments. Prerequisite: ACT English scores of 28 or above or SAT EvidenceBased Reading and Writing scores of 630 or above and honors student. (Typically offered: Fall)
This course is equivalent to ENGL 1013.
ENGL 1023. Composition II (ACTS Equivalency = ENGL 1023). 3 Hours. Builds on the skills, tools, and concepts presented in ENGL 1013 Composition I. Students will gain a rhetorical understanding of writing and composing genres in order to respond to different audience needs, contexts, and purposes. Prerequisite: ENGL 1013 or the equivalent. (Typically offered: Fall, Spring and Summer) This course is cross-listed with ENGL 1023H, ENGL 1033.
ENGL 1023H. Honors Composition II. 3 Hours.
Composition II offered at an Honors level, with the same textbooks and major assignments. Prerequisite: ENGL 1013 or the equivalent, ACT English scores of 28 or above or SAT Evidence-Based Reading and Writing scores of 630 or above and honors student. (Typically offered: Fall and Spring)
This course is cross-listed with ENGL 1023, ENGL 1033.

ENGL 1033. Technical Composition II (ACTS Equivalency = ENGL 1023). 3 Hours.
Composition II for Engineering and Business students, or any other students who are interested. Focuses on learning technical writing conventions and genres, such as definitions, instructions, correspondence, and proposals. Fulfills Core Curriculum requirement for ENGL 1023 Composition II. Prerequisite: ENGL 1013 or the equivalent. (Typically offered: Fall and Spring)
This course is cross-listed with ENGL 1023, ENGL 1023H.
ENGL 1033H. Honors Technical Composition II. 3 Hours.
Technical Composition II offered to Engineering and Business students, or any other students who are interested, at an Honors level, with the same textbooks and major assignments. Prerequisite: ENGL 1013 or the equivalent, ACT English scores of 28 or above or SAT Evidence-Based Reading and Writing scores of 630 or above and honors student. (Typically offered: Irregular)
This course is cross-listed with ENGL 1023, ENGL 1023H, ENGL 1033.
ENGL 1103. Reading Literature. 3 Hours.
Introduces students to close-reading strategies for analyzing texts with scholarly care and attention. Readings will vary based on instructor expertise and interest. (Typically offered: Fall and Spring)

## ENGL 1213. Introduction to Literature. 3 Hours.

Approaches to reading and writing about fiction, drama, and poetry at the college level. (Typically offered: Fall and Spring)

ENGL 1213H. Honors Introduction to Literature. 3 Hours.
Approaches to reading and writing about fiction, drama, and poetry at the college level. Prerequisite: Honors standing. (Typically offered: Fall and Spring) This course is equivalent to ENGL 1213.
ENGL 2003. Advanced Composition. 3 Hours.
Review course in English composition. Exemption for this course may be granted for certain majors that require it by a grade of at least a "B" in ENGL 1013 and ENGL 1023 (or equivalent courses from an accredited institution), by achieving a score of 4 or 5 on the AP Language and Composition Examination and the AP Literature and Composition Examination, or by achieving a 6 HL or 7 HL on the IB Examination in English. Cannot be counted toward a major in English. Prerequisite: ENGL 1013 and ENGL 1023. (Typically offered: Fall, Spring and Summer)

## ENGL 2013. Essay Writing. 3 Hours.

Through assignments in Creative Nonfiction, from memoir to personal journalism, students will learn how form affects content, and develop their personal voice and their ability to use rhetorical techniques and strategies in all forms of writing. Prerequisite: ENGL 1013 and (ENGL 1023 or ENGL 1033 or equivalent). (Typically offered: Fall and Spring)
ENGL 2023. Creative Writing I (ACTS Equivalency = ENGL 2013). 3 Hours. Beginning level workshop course in which students write original poems and stories. Reading and detailed discussion of poems and stories in anthologies is required. Designed to teach the student the fundamental techniques of fiction and poetry. Prerequisite: ENGL 1013 and ENGL 1023. (Typically offered: Fall and Spring)

ENGL 2043. Rethinking Literature. 3 Hours.
Introduces students to groupings of texts that are not usually discussed in traditional English classes, asking why some texts are considered Literature while others are not. Readings will vary based on instructor expertise and interest. Prerequisite: ENGL 1023. (Typically offered: Fall and Spring)
ENGL 2053. Transatlantic Literature from Beginnings to 1640. 3 Hours. A critical and historical survey of transatlantic literature from its beginnings to 1640, with attention to identifying cultural and/or historical trends of the period. Readings will vary based on instructor expertise and interest. Prerequisite: ENGL 1023. (Typically offered: Fall and Spring)

ENGL 2063. Transatlantic Literature from 1640 to 1865. 3 Hours.
A critical and historical survey of the development of transatlantic literature from 1640 to 1865 , with attention to identifying cultural and/or historical trends of the period. Readings will vary based on instructor expertise and interest. Prerequisite: ENGL 1023. (Typically offered: Fall and Spring)

ENGL 2073. Transatlantic Literature from 1865 to 1945. 3 Hours.
A critical and historical survey of the development of transatlantic literature from 1865 to 1945 , with attention to identifying cultural and/or historical trends of the period. Readings will vary based on instructor expertise and interest. Prerequisite: ENGL 1023. (Typically offered: Fall and Spring)
ENGL 2083. Transatlantic Literature from 1945 to Present. 3 Hours.
A critical and historical survey of the development of transatlantic literature from 1945 to the present, with attention to identifying cultural and/or historical trends of the period. Readings will vary based on instructor expertise and interest. Prerequisite: ENGL 1023. (Typically offered: Fall and Spring)

ENGL 2173. Literacy in America. 3 Hours.
A course that examines the myriad definitions of literacy (and illiteracy) and their connections to issues of social class, occupational status, economic and political structures, educational institutions, cultural organizations, and the media. (Typically offered: Spring)
ENGL 2303. English Literature from the Beginning through the 17th Century (ACTS = ENGL 2673). 3 Hours.
A critical and historical survey of the development of literature in the British Isles from its beginnings to the end of the seventeenth century. Prerequisite: ENGL 1013 and ENGL 1023. (Typically offered: Fall and Spring)

ENGL 2303C. English Literature from the Beginning through the 17th Century (ACTS = ENGL 2673). 3 Hours.
A critical and historical survey of the development of literature in the British Isles from its beginnings to the end of the seventeenth century. Lecture and drill.
Prerequisite: ENGL 1013 and ENGL 1023. (Typically offered: Fall)
This course is equivalent to ENGL 2303.
ENGL 2313. Survey of English Literature from 1700 to 1900 (ACTS Equivalency = ENGL 2683). 3 Hours.
A critical and historical survey of the development of literature in the British Isles from 1700 to 1900. Prerequisite: ENGL 1013 and ENGL 1023. (Typically offered: Fall and Spring)
ENGL 2323. Survey of Modern and Contemporary British, Irish, and Postcolonial Literature. 3 Hours.
A survey of modern and contemporary literature in English written in Great Britain, Ireland, Africa, Asia, and the Caribbean. Prerequisite: ENGL 1013 and ENGL 1023. (Typically offered: Fall and Spring)

ENGL 2343. Survey of American Lit from the Colonial Period through Naturalism (ACTS Equiv=ENGL 2653). 3 Hours.
A survey of major American writers from the colonial period to 1900. Prerequisite: ENGL 1013 and ENGL 1023. (Typically offered: Fall and Spring)

ENGL 2353. Survey of Modern and Contemporary American Literature (ACTS Equivalency = ENGL 2663). 3 Hours.
A survey of American writers after 1900. Prerequisite: ENGL 1013 and ENGL 1023. (Typically offered: Fall and Spring)

## ENGL 2413. Introductory Topics in English. 3 Hours.

Students will understand concepts and issues of theme, form, and motif in literary works about the designated topic. Students will improve in their abilities to read literary works carefully and critically and to write about literature correctly and cogently. Topics and content will vary from semester to semester. (Typically offered: Irregular)

## ENGL 3013. Creative Writing II. 3 Hours.

Laboratory course for students who wish to attempt original work in the various literary forms. Prerequisite: ENGL 2023 or equivalent. (Typically offered: Fall and Spring)

ENGL 3053. Technical and Professional Writing (ACTS Equivalency = ENGL 2023). 3 Hours.

Intensive practice in such types of writing as processes, descriptions of mechanism, abstracts, and laboratory and research reports. The criteria for effective written exposition in the scientific areas, including agriculture and engineering. Prerequisite: ENGL 1013 and ENGL 1023 or equivalent. (Typically offered: Fall and Spring)

ENGL 3083. Professional Topics. 3 Hours.
Specialized topics related to professional issues in the humanities, e.g. academic and alternative-academic job searches, publication workshops, public humanities, and/or teaching of humanities disciplines at various levels. (Typically offered: Irregular) May be repeated for up to 9 hours of degree credit.
This course is cross-listed with HUMN 3083.
ENGL 3103. Approaches to Critical Thinking About Literature and Culture. 3 Hours.
Introduces students to a selection of critical methods for studying literature and culture, emphasizing careful reflection on methodological choices. Readings will vary based on instructor expertise and interest. (Typically offered: Fall and Spring)

ENGL 3113. Folklore. 3 Hours.
Popular literature (ballads, folktales, etc.). Prerequisite: Junior standing. (Typically offered: Irregular)

ENGL 3123. Folk and Popular Music Traditions. 3 Hours.
Introduction to folk and popular music studies. Emphasis on American traditions. (Typically offered: Irregular)

## ENGL 3173. Introduction to Linguistics. 3 Hours.

Introduction to language study with stress upon modern linguistic theory and analysis. Data drawn from various languages reveal linguistic universals as well as phonological, syntactic, and semantic systems of individual languages. Related topics: language history, dialectology, language and its relation to culture and society, the history of linguistic scholarship. Prerequisite: Junior standing. (Typically offered: Irregular)
This course is cross-listed with COMM 3173, WLLC 3173.
ENGL 3203. Poetry. 3 Hours.
A critical introduction to the genre. (Typically offered: Fall and Spring)
ENGL 3213. Fiction. 3 Hours.
A critical introduction to the genre. (Typically offered: Fall and Spring)
ENGL 3223. Drama. 3 Hours.
The companion course of Theatre in London Study Abroad which immerses scholars in the world of theatre and culture in Britain. Students spend four weeks in London with excursions to Stratford-upon-Avon, Oxford and Bath. Literature, performance, design and history are all explored through lectures, field trips and writing prompts. (Typically offered: Summer)

ENGL 3253. The Latinx Image in Media. 3 Hours.
Exploration of the image and experience of Latinx populations as represented in visual and print media, including film, television, news journalism, and art. Topics related to U.S. Latinx history, culture, politics, and socioeconomics will be examined in the analyses of these mediated depictions. (Typically offered: Irregular)

ENGL 3263. African Americans in Film. 3 Hours.
A survey of the history of images of African Americans in film, especially as these images are examined in the context of stereotypical renditions and/or realistic representations of African American experiences. Issues of African American history, culture, and socio-political context will be addressed in the analyses of these films. Prerequisite: ENGL 1023 and advanced standing. (Typically offered: Irregular) This course is cross-listed with AAST 3263, JOUR 3263, COMM 3263.

ENGL 3283. Topics in Popular Culture and Popular Genres. 3 Hours.
Survey of a broad topical area in popular culture and popular genres, such as science fiction or detective fiction. Content varies. (Typically offered: Irregular) May be repeated for up to 9 hours of degree credit.

ENGL 3433. Introduction to Chaucer. 3 Hours.
Course designed primarily for undergraduates. Extensive reading in Chaucer's major works. (Typically offered: Irregular)

ENGL 3443. Topics in Literature, Medicine, and Science. 3 Hours. Examines the intersections between medical and scientific topics and literature, with attention to specific theories, themes, genres, authors, historical moments, literary movements, or other organizing principles. Prerequisite: ENGL 1013 and ENGL 1023, or equivalent in both. (Typically offered: Spring Odd Years) May be repeated for up to 9 hours of degree credit.

ENGL 3543. Topics in U.S. Latino/Latina Literature and Culture. 3 Hours. The study of works of U.S. Latino/Latina literature, with attention to particular themes, genres, authors, literary movements, historical moments, or other organizing principles. Content varies. (Typically offered: Irregular) May be repeated for up to 9 hours of degree credit.

ENGL 3553. Topics in Native American Literature and Culture. 3 Hours.
The study of works of Native American literature, with attention to particular themes, genres, authors, literary movements, historical moments, or other organizing principles. Content varies. (Typically offered: Irregular) May be repeated for up to 9 hours of degree credit.

## ENGL 3573. Special Topics in Diversity. 3 Hours.

The study of literature and culture with specific focus on issues of diversity, inclusion, and equality. Courses may be organized around specific theories, themes, genres, authors, historical moments, artistic movements, comparative and intersectional approaches, or other organizing principles. Content varies. (Typically offered: Irregular) May be repeated for up to 9 hours of degree credit.

ENGL 3583. Topics in Arab American Literature and Culture. 3 Hours. The study of works of Arab American literature, with attention to particular themes, genres, authors, literary movements, historical moments, or other organizing principles. Content varies. No knowledge of Arabic necessary. (Typically offered: Irregular) May be repeated for up to 9 hours of degree credit.

ENGL 3593. Topics in Gender, Sexuality, and Literature. 3 Hours.
The study of gender or sexuality and literature, with attention to specific theories, themes, genres, authors, historical moments, literary movements, or other organizing principles. Content varies. (Typically offered: Irregular) May be repeated for up to 9 hours of degree credit.

## ENGL 3603. Topics in Rhetoric and Composition. 3 Hours.

The study of special topics in the field of Rhetoric and Composition. Content will vary. (Typically offered: Irregular) May be repeated for up to 9 hours of degree credit.

ENGL 3623. The Bible as Literature. 3 Hours.
The several translations of the Bible; its qualities as great literature; its influence upon literature in English; types of literary forms. (Typically offered: Irregular) This course is cross-listed with WLIT 3623.

ENGL 3633. Writing on Social Issues. 3 Hours.
The study and application of writing on a range of social issues. Content will vary. (Typically offered: Irregular) May be repeated for up to 9 hours of degree credit.

ENGL 3713. Topics in Medieval Literature and Culture. 3 Hours.
Study of the languages, literature, and civilization of the British Isles from approximately 500 to 1500 CE (including Old English, Middle English, Latin, Celtic, Anglo-Norman, and Scandinavian). Content varies. (Typically offered: Irregular) May be repeated for up to 9 hours of degree credit.

ENGL 3713H. Honors Topics in Medieval Literature and Culture. 3 Hours.
Study of the languages, literature, and civilization of the British Isles from approximately 500 to 1500 CE (including Old English, Middle English, Latin, Celtic, Anglo-Norman, and Scandinavian). Content varies. Prerequisite: Honors standing. (Typically offered: Irregular) May be repeated for up to 9 hours of degree credit. This course is equivalent to ENGL 3713.
ENGL 3723. Topics in Renaissance Literature and Culture. 3 Hours.
The study of literary works of the English Renaissance, with attention to particular themes, genres, authors, literary movements, historical moments, or other organizing principles. Course content varies. (Typically offered: Irregular) May be repeated for up to 9 hours of degree credit.
ENGL 3723H. Honors Topics in Renaissance Literature and Culture. 3 Hours. The study of literary works of the English Renaissance, with attention to particular themes, genres, authors, literary movements, historical moments, or other organizing principles. Course content varies. Prerequisite: Honors standing. (Typically offered: Irregular) May be repeated for up to 9 hours of degree credit. This course is equivalent to ENGL 3723.
ENGL 3733. Topics in Restoration and Eighteenth-Century Literature and Culture. 3 Hours.
The study of Restoration and eighteenth-century literature, with attention to particular themes, genres, authors, literary movements, historical moments, or other organizing principles. Content varies. (Typically offered: Irregular) May be repeated for up to 9 hours of degree credit.
ENGL 3743. Topics in Nineteenth-Century British Literature and Culture. 3 Hours.
The study of literature of the 19th century, with attention to particular themes, genres, authors, literary movements, historical movements, or other organizing principles. Course content varies. (Typically offered: Irregular) May be repeated for up to 9 hours of degree credit.

## ENGL 3753. Topics in Modern and Contemporary British Literature and

 Culture. 3 Hours.The study of a special topic in the field of modern and contemporary British literature and culture. Content varies. (Typically offered: Irregular) May be repeated for up to 9 hours of degree credit.
ENGL 3833. Topics in American Literature and Culture to 1900. 3 Hours. The study of American literature and culture to 1900, with attention to particular themes, genres, authors, or other organizing principles. Content varies. (Typically offered: Irregular) May be repeated for up to 9 hours of degree credit.

ENGL 3843. Topics in Modern and Contemporary American Literature and Culture. 3 Hours.
The study of a special topic in the field of modern and contemporary American literature and culture. Content varies. (Typically offered: Irregular) May be repeated for up to 9 hours of degree credit.
ENGL 3853. Topics in African-American Literature and Culture. 3 Hours.
The study of works of African American literature, with attention to particular themes, genres, authors, literary movements, historical moments, or other organizing principles. (Typically offered: Irregular) May be repeated for up to 9 hours of degree credit.
This course is cross-listed with AAST 3853.
ENGL 3863. Topics in Literature and Culture of the American South. 3 Hours. The study of works of literature of the American South, with attention to particular themes, genres, authors, literary movements, historical moments, or other organizing principles. Content varies. (Typically offered: Irregular) May be repeated for up to 9 hours of degree credit.

ENGL 3873. Seminar in Medical Humanities. 3 Hours.
Combines literary and critical texts that lead students to consider the ways in which literature and the humanities enrich and inform medical education and practice. Students will practice critical analysis and reflection to instill in them a commitment to compassionate, community responsive, and culturally competent medical care. (Typically offered: Spring)
ENGL 3873H. Honors Seminar in Medical Humanities. 3 Hours.
Combines literary and critical texts that lead students to consider the ways in which literature and the humanities enrich and inform medical education and practice. Students will practice critical analysis and reflection to instill in them a commitment to compassionate, community responsive, and culturally competent medical care. (Typically offered: Spring)
This course is equivalent to ENGL 3873.
ENGL 3903. Special Topics. 3 Hours.
Survey of a broad topical area related to literature and culture but not otherwise encompassed by the curriculum. Content varies. (Typically offered: Irregular) May be repeated for up to 9 hours of degree credit.
ENGL 3923H. Honors Colloquium. 3 Hours.
Covers a special topic or issue. Offered as part of the honors program. Prerequisite: honor candidacy (not restricted to candidacy in English). (Typically offered: Irregular) May be repeated for degree credit.

ENGL 4003. Style and Grammar for Professional Writers. 3 Hours.
Study of English style and grammar at an advanced level for students who plan to teach writing or practice as professional or technical writers. (Typically offered: Fall Odd Years)

## ENGL 4013. Undergraduate Poetry Workshop. 3 Hours.

Gives close attention to individual manuscripts in a workshop environment.
Prerequisite: ENGL 3013 or equivalent. (Typically offered: Irregular) May be repeated for up to 6 hours of degree credit.
ENGL 4023. Undergraduate Fiction Workshop. 3 Hours.
Gives close attention to individual manuscripts in a workshop environment. Prerequisite: ENGL 3013 or equivalent. (Typically offered: Irregular)
ENGL 4113. Undergraduate Independent Study. 3 Hours.
Undergraduate original research and writing. Prerequisite: 'B' average and twothirds (21 hours) of regular requirements for English major completed. Departmental approval and instructor approval required. (Typically offered: Irregular) May be repeated for up to 3 hours of degree credit.

ENGL 4133. Writing Nature. 3 Hours.
Study of writings about nature, both scientific and literary. Examination of the basis of each author's relationship with (and definition of) the natural world while examining the literary/aesthetic aspects of that experience. Prerequisite: ENGL 1023. (Typically offered: Spring) May be repeated for up to 9 hours of degree credit.

## ENGL 4133H. Honors Writing Nature. 3 Hours.

Study of writings about nature, both scientific and literary. Examination of the basis of each author's relationship with (and definition of) the natural world while examining the literary/aesthetic aspects of that experience. Prerequisite: ENGL 1023. (Typically offered: Spring) May be repeated for up to 9 hours of degree credit.
This course is equivalent to ENGL 4133.
ENGL 4143. American Film Survey. 3 Hours.
A survey of major American genres, major directors, and films that have influenced the development of motion pictures. (Typically offered: Irregular)
This course is cross-listed with COMM 4143.

ENGL 4193. Undergraduate Internship in English. 3 Hours.
Internship changes depending on availability and student interest. Prerequisite: Junior standing and department consent. (Typically offered: Irregular) May be repeated for up to 6 hours of degree credit

ENGL 4303. Introduction to Shakespeare. 3 Hours.
Extensive reading in Shakespeare's comedies, histories, tragedies, and nondramatic poetry. (Typically offered: Fall)

ENGL 4503. Introduction to Literary Theory. 3 Hours.
A historical survey of literary theory from Plato onwards. (Typically offered: Irregular)
ENGL 4513. Studies in Literary Criticism and Theory. 3 Hours.
A survey of contemporary trends in literary criticism. Emphasis will be placed on engaging the practices of a particular theory. Content varies. (Typically offered: Irregular) May be repeated for up to 9 hours of degree credit.

ENGL 4523. Studies in U.S. Latino/Latina Literature and Culture. 3 Hours.
The study of works of U.S. Latino/a literature, with attention to particular themes, genres, authors, literary movements, historical moments, or other organizing principles. Content varies. At least one major research paper will be required. (Typically offered: Irregular) May be repeated for up to 9 hours of degree credit.

ENGL 4553. Studies in Native American Literature and Culture. 3 Hours.
The study of works of Native American literature, with attention to particular themes, genres, authors, literary movements, historical moments, or other organizing principles. Content varies. At least one major research paper will be required. (Typically offered: Irregular) May be repeated for up to 9 hours of degree credit.

ENGL 4563. Studies in Major Authors. 3 Hours.
The concentrated study of works by one or more major authors. At least one major paper will be required. Content varies. (Typically offered: Irregular) May be repeated for up to 9 hours of degree credit.

ENGL 4573. Studies in Major Literary Movements. 3 Hours.
This course focuses on the literature either of a major literary movement such as Romanticism or Modernism or of a more specific topic such as Utopianism in twentieth-century writing. Content varies. (Typically offered: Irregular) May be repeated for up to 9 hours of degree credit.

ENGL 4583. Studies in Arab American Literature and Culture. 3 Hours.
The study of works of Arab American literature, with attention to particular themes, genres, authors, literary movements, historical moments, or other organizing principles. Content varies. Research paper required. No knowledge of Arabic necessary. (Typically offered: Irregular) May be repeated for up to 9 hours of degree credit.

## ENGL 4593. Studies in Gender, Sexuality, and Literature. 3 Hours.

The study of gender or sexuality and literature, with attention to specific theories, themes, genres, authors, historical moments, literary movements, or other organizing principles. Content varies. At least one major research paper will be required. (Typically offered: Irregular) May be repeated for up to 9 hours of degree credit.

ENGL 4603. Special Studies. 3 Hours.
Concentrated study of a specific topical area related to literature and culture but not otherwise encompassed by the curriculum. Content varies. (Typically offered: Irregular) May be repeated for up to 3 hours of degree credit.

ENGL 4603H. Honors Special Studies. 3 Hours.
Concentrated study of a specific topical area related to literature and culture but not otherwise encompassed by the curriculum. Content varies. (Typically offered: Irregular) May be repeated for degree credit.
This course is equivalent to ENGL 4603.

ENGL 4673. Special Studies in Diversity. 3 Hours.
The study of literature and culture with specific focus on issues of diversity and inclusion. May be organized around specific theories, themes, genres, authors, or other organizing principles. At least one major research paper will be required. Content varies. (Typically offered: Irregular) May be repeated for up to 9 hours of degree credit

ENGL 4713. Studies in Medieval Literature and Culture. 3 Hours.
Study of the languages, literature, and civilization of the British Isles from approximately 500 to 1500 CE (including Old English, Middle English, Celtic, AngloNorman, and Scandinavian). Content varies. At least one major research paper will be required. (Typically offered: Irregular) May be repeated for up to 9 hours of degree credit.

ENGL 4723. Studies in Renaissance Literature and Culture. 3 Hours.
The study of literary works of the English Renaissance, with attention to particular themes, genres, authors, literary movements, historical moments, or other organizing principles. Course content varies. At least one major research paper will be required. (Typically offered: Irregular) May be repeated for up to 9 hours of degree credit.

ENGL 4733. Studies in Restoration and Eighteenth-Century Literature. 3 Hours. The study of Restoration and eighteenth-century literature, with attention to particular themes, genres, authors, literary movements, historical moments, or other organizing principles. Content varies. At least one major research paper will be required. (Typically offered: Irregular) May be repeated for up to 9 hours of degree credit.

## ENGL 4743. Studies in Nineteenth-Century British Literature and Culture. 3

 Hours.The study of literature of the nineteenth century, with attention to particular themes, genres, authors, literary movements, historical movements, or other organizing principles. Course content varies. At least one major research paper will be required (Typically offered: Irregular) May be repeated for up to 9 hours of degree credit.

ENGL 4753. Studies in Modern and Contemporary British Literature and Culture. 3 Hours.
The study of modern and contemporary British literature and culture. Content varies. At least one major research paper will be required. (Typically offered: Irregular) May be repeated for up to 9 hours of degree credit.

ENGL 4833. Studies in American Literature and Culture to 1900. 3 Hours. The study of American literature and culture to 1900, with attention to particular themes, genres, authors, or other organizing principles. Content varies. At least one major research paper will be required. (Typically offered: Irregular) May be repeated for up to 9 hours of degree credit.

ENGL 4843. Studies in Modern and Contemporary American Literature and Culture. 3 Hours.
The study of modern and contemporary American literature and culture, with attention to particular themes, genres, authors, or other organizing principles. Content varies. At least one major research paper will be required. (Typically offered: Irregular) May be repeated for up to 9 hours of degree credit.

ENGL 4853. Studies in African American Literature and Culture. 3 Hours.
The study of works of African American literature, with attention to particular themes, genres, authors, literary movements, historical moments, or other organizing principles. At least one major research paper will be required. (Typically offered: Irregular) May be repeated for up to 9 hours of degree credit.

This course is cross-listed with AAST 4853.
ENGL 4863. Studies in Literature and Culture of the American South. 3 Hours.
The study of works of literature of the American South, with attention to particular themes, genres, authors, literary movements, historical moments, or other organizing principles. Content varies. At least on major research paper will be required. (Typically offered: Irregular) May be repeated for up to 9 hours of degree credit.

ENGL 4903. Studies in Rhetoric and Composition. 3 Hours.
Concentrated study of a specific topical area related to Rhetoric and Composition. Content varies. (Typically offered: Irregular) May be repeated for up to 9 hours of degree credit.

ENGL 4933. Studies in Popular Culture and Popular Genres. 3 Hours.
The study of a focused topical area in popular culture and popular genres, such as science fiction or detective fiction. Content varies. At least one major research paper will be required. (Typically offered: Irregular) May be repeated for up to 9 hours of degree credit.

ENGL 498V. Senior Thesis. 1-6 Hour.
Honors thesis under the direction of a faculty member in the Department of English. (Typically offered: Irregular) May be repeated for up to 6 hours of degree credit.

## Gender Studies (GNST)

Lisa Corrigan
Director of Studies
417 Kimpel Hall
479-575-3046
Gender Studies Website (https://fulbright.uark.edu/programs/genderstudies/)

The gender studies minor introduces students to the ways that various academic disciplines have examined women's and men's differing participation in work, the family, political systems, and creative endeavors. Courses explore sex and gender differences and such concepts as masculinity and femininity, essence and performance; distributions of power, work, and resources; and the symbolic representation of gender and identity in literature, religion, and art. The minor is often chosen by students interested in investigating materials previously neglected by scholars and in fresh perspectives on traditional subject matter.

Requirements for a Minor in Gender Studies. Students must complete 15 credit hours from the list below, including six credit hours numbered at the 3000-level or higher.

| GNST 2003 | Introduction to Gender Studies | 3 |
| :--- | :--- | ---: |
| or GNST 2003Honors Introduction to Gender Studies |  |  |

| ENGL 3853 | Topics in African-American Literature and Culture (topic must be related to gender studies and approved by the program director) |
| :---: | :---: |
| ENGL 4523 | Studies in U.S. Latino/Latina Literature and Culture (topic must be related to gender studies and approved by the program director) |
| ENGL 4593 | Studies in Gender, Sexuality, and Literature |

## Total Hours

## Courses

GNST 2003. Introduction to Gender Studies. 3 Hours.
This course explores cultural constructions of gender and sexuality using a variety of media, including literature, film, and architecture. (Typically offered: Fall and Spring)

GNST 2003H. Honors Introduction to Gender Studies. 3 Hours.
This course explores cultural constructions of gender and sexuality using a variety of media, including literature, film, and architecture. (Typically offered: Fall and Spring) This course is equivalent to GNST 2003.

GNST 2123. Gender, Bodies, and Technologies. 3 Hours.
Explores the relationship between gendered bodies and technology while engaging with theories of the body and its interactions/intersections with technology. Examines theories of power and technologies of self to better understand the relationship between gender, bodies, and technology. (Typically offered: Fall Odd Years)

## GNST 2223. Race, Gender, and Sport. 3 Hours.

Addresses the relationship between race, gender and sport by examining how sport gives meaning to racial and gender identity and the ways that sport works as a setting in which political struggles around race and gender are imagined and expressed. (Typically offered: Spring Odd Years)
GNST 2403. Dissecting Gender in Science. 3 Hours.
Examines the role of gender in science. Explores how perceptions of masculinity and femininity have been informed by science and how science's answers to questions of gender have been historically impaired by social understandings of gender. (Typically offered: Fall Odd Years)

GNST 3103. The Queer U.S. South. 3 Hours.
Presents queer perspectives on the U.S. South. Focuses on autobiographical, historical, and critical-qualitative analyses that attest to the innovative or inventive ways LGBTQ+ communities have survived and thrived in southern areas often deemed antithetical to a liberatory gender/sexual political agenda. (Typically offered: Spring Even Years)

## GNST 3203. Gender and the Environment. 3 Hours.

Explores how "gendered frames" animate public, technical, and private discourse about the environment. Conduct qualitative research about gender, the environment, and popular rhetoric. Emphasizes the application of decolonial theory, critical race theory, and queer theory to gender studies research in the environmental humanities. (Typically offered: Fall Even Years)
GNST 3213. Deflowering: Gender, Sexuality, and Plants in World Culture. 3 Hours.
Discusses the intersection of plants and gender, involving a variety of disciplines, including: literature, art, agriculture, history, anthropology, and botany. Explores connections between gender and plants and considers how our botanical understandings of plant sex/gender affect cultural knowledge of plants worldwide. (Typically offered: Spring Odd Years)
GNST 3303. Gender and Pop Culture. 3 Hours.
Introduces various mediums of popular culture and analyzes the role of gender, race, sexuality, class, and identity in these texts. Explores critical and rhetorical theories related to popular culture. (Typically offered: Fall and Summer)

GNST 3403. Gender, Sexuality, and Animality. 3 Hours.
Explores the long list of language and imagery tying women to animals using examples in marketing, film, art, and comic books. Examining the connections between women, animals, and oppression through an intersectional lens. (Typically offered: Fall Even Years)
GNST 4133. Italian Women from the Middle Ages to the Early Modern Period. 3 Hours.
Examines the various representations of women through diverse genres, by both male and female authors, from the Middle Ages to the Early Modern period in Italy. Taught in English. (Typically offered: Spring)
This course is cross-listed with ITAL 4133, MRST 4133.
GNST 4223. Gender and Justice in the U.S.. 3 Hours.
Provide students with a historic and contemporary overview of the laws, policies, and politics surrounding gender, citizenship, and justice in the United States. Explores how law and public policy have affected the lives of marginalized sex and gender groups in the United States as well as the political dynamics surrounding gender and sexuality law. (Typically offered: Spring Even Years)
This course is cross-listed with PLSC 4223.

GNST 4333. Gender, Sexuality, and Archival Research. 3 Hours.
Studies in intersectional feminist, queer, and trans perspectives on archival research. Focuses on employing methodologies in a range of archival contexts, emphasizing the politics of archiving and the implicit gendered, racialized, and classbased biases that permeate archival inquiry. (Typically offered: Fall Odd Years)

GNST 4443. Queer Theor(ies). 3 Hours.
Introduction to the complex history and evolution of Queer Theory into Queer Theor(ies) from Foucault to the Present. (Typically offered: Irregular)
This course is equivalent to WLIT 4443.
GNST 490V. Independent Study. 1-6 Hour.
An exploration of gender studies topics studied independently with the supervision of a faculty member. Credit arranged with instructor. Prerequisite: GNST 2003 or GNST 2003H or instructor consent. (Typically offered: Irregular) May be repeated for up to 6 hours of degree credit.

## GNST 4983. Special Topics in Gender Studies. 3 Hours.

This course covers gender topics that are not usually offered in-depth in regularly offered courses. (Typically offered: Irregular) May be repeated for up to 6 hours of degree credit.

## Geography (GEOG)

The Geography Program offers an undergraduate major leading to a Bachelor of Arts in geography. Students may choose either the normal geography degree program or the concentration in cartography and remote-sensing GIS. The program also offers two minors: geography and historic preservation.

Undergraduates who wish to major in geography should identify themselves to the department as soon as possible in order that they may develop a meaningful sequence of courses and take part in departmental activities.

Those interested in the graduate program should consult the Graduate School Catalog (http://catalog.uark.edu/graduatecatalog/programsofstudy/ geosciencesdepartmentofgeos/).

Requirements for a Major in Geography: In addition to the University Core requirements (http://catalog.uark.edu/undergraduatecatalog/ academicregulations/universitycore/) and the Fulbright College of Arts and Sciences Graduation Requirements (p. 273), the following course requirements must be met. Bolded courses from the list below may be applied to portions of the University/state minimum core requirements.

| GEOS 1123 | Human Geography (ACTS Equivalency = GEOG <br> 1113) | 3 |
| :--- | :--- | :---: |
| GEOS 2003 | World Regional Geography (ACTS Equivalency = <br> GEOG 2103) | 3 |
| GEOS 1113 | Physical Geology (ACTS Equivalency = GEOL <br> \& GEOS 1111L | 1114 Lecture) <br> and Physical Geology Laboratory (ACTS |
| GEOS 1133 | Equivalency = GEOL 1114 Lab) |  |
| \& GEOS 1131L | Earth Science (ACTS Equivalency = GEOL 1124 <br> Lecture) <br> and Earth Science Laboratory (ACTS Equivalency <br> = GEOL 1124 Lab) | 4 |

Six hours in a single world language at the 1013 Elementary II level 6 or higher. ${ }^{1}$
GEOS 3023 Introduction to Cartography 3
GEOS 3543 Geospatial Applications and Information Science 3

In addition, students must complete a minimum of 15 hours of GEOS at the 3000-level or above, classes must include one technical, two regional and two topical courses.

## Total Hours

${ }^{1}$ World language courses taken are dependent on placement level in sequence.

Students who expect to enter graduate school are encouraged to register for GEOS 410V their senior year. Electives in closely related fields are considered a part of the program and, upon prior approval of the department, six hours may be counted toward the major. Those planning to teach in secondary schools should note that they can both earn their degree in geography and qualify for a teaching certificate; they should consult with the department as early as possible.

Writing Requirement: The college writing requirement is to be met by completion of a term paper deemed satisfactory by the student's adviser and instructor of an upper-level geoscience course. The college writing requirement may also be met by the completion of an honors thesis.

## Geography B.A. <br> Eight-Semester Degree Program

Students wishing to follow the eight-semester degree plan should see the Eight-Semester Degree Policy (p.67) for university requirements of the program. Core requirement hours may vary by individual, based on placement and previous credit granted. Once all core requirements are met, students may substitute a three-hour (or more) general elective in place of a core area.

| First Year | Fall | Units |
| :---: | :---: | :---: |
|  |  | Spring |
| GEOS 1123 Human Geography (ACTS | 3 |  |
| Equivalency = GEOG 1113) |  |  |
| ENGL 1013 Composition I (ACTS Equivalency = ENGL 1013) | 3 |  |
| MATH 1203 College Algebra (ACTS Equivalency = MATH 1103) (or any higher level math) | 3 |  |
| 1013 Elementary II World Language Course | 3 |  |
| University/State Core Fine Arts, Humanities or U.S. History requirement | 3 |  |
| GEOS 1113 Physical Geology (ACTS Equivalency = GEOL 1114 Lecture) <br> \& GEOS 1111L Physical Geology Laboratory <br> (ACTS Equivalency $=$ GEOL 1114 Lab) |  |  |
| ENGL 1023 Composition II (ACTS Equivalency = ENGL 1023) |  | 3 |
| 2003 Intermediate I World Language Course (or higher) |  | 3 |
| University/State Core Humanities, U.S. History, or Fine Arts requirement (as needed) |  | 3 |
| General Elective |  | 3 |
| Year Total: | 15 | 16 |
| Second Year |  | Units |
|  | Fall | Spring |
| GEOS 2003 World Regional Geography (ACTS Equivalency = GEOG 2103) | 3 |  |

GEOS 1133 Earth Science (ACTS Equivalency =
GEOL 1124 Lecture)
\& GEOS 1131L Earth Science Laboratory (ACTS Equivalency = GEOL 1124 Lab)
University/State Core U.S. History, Fine Arts, or 3
Humanities Course (as needed)
University/State Core Social Science requirement 3
(non-GEOS course)
General Elective 3
GEOS 3000 Level or Above Elective ${ }^{2} 3$
Advanced Level Elective ${ }^{1} \quad 3$
General Electives 9
$\begin{array}{lll}\text { Year Total: } & 16 & 15\end{array}$

${ }^{1}$ Meets 40-hour advanced credit hour requirement. See College Academic Regulations (p. 273).
2 Meets 24-hour rule (24 hours of 3000-4000 level courses in Fulbright College), in addition to meeting the 40-hour rule. See College Academic Regulations (p. 273).

## B.A. in Geography with Cartography/Remote Sensing GIS Concentration

Requirements for a Major in Geography: In addition to the University Core requirements (http://catalog.uark.edu/undergraduatecatalog/ academicregulations/universitycore/) and the Fulbright College of Arts and Sciences Graduation Requirements (p. 273), the following course
requirements must be met. Bolded courses from the list below may be applied to portions of the University/state minimum core requirements.

| GEOS 1123 | Human Geography (ACTS Equivalency = GEOG <br> 1113 ) | 3 |
| :--- | :--- | :--- |
| GEOS 2003 | World Regional Geography (ACTS Equivalency = <br> GEOG 2103) | 3 |
| GEOS 1113 | Physical Geology (ACTS Equivalency = GEOL | 4 |
| \& GEOS 1111L | 1114 Lecture) <br> and Physical Geology Laboratory (ACTS |  |
| GEOS 1133 | Equivalency = GEOL 1114 Lab) |  | | Earth Science (ACTS Equivalency = GEOL 1124 |
| :--- |$\quad 4$

Six hours in a single world language at the 1013 Elementary II level 6 or higher. ${ }^{1}$

| GEOS 3023 | Introduction to Cartography | 3 |
| :--- | :--- | :--- |
| GEOS 3543 | Geospatial Applications and Information Science | 3 |

In addition, students must complete a minimum of 15 hours of GEOS 15 at the 3000-level or above, classes must include one technical, two regional and two topical courses.

Total Hours
${ }^{1}$ World language courses taken are dependent on placement level in sequence.

Students who expect to enter graduate school are encouraged to register for GEOS 410 V their senior year. Electives in closely related fields are considered a part of the program and, upon prior approval of the department, six hours may be counted toward the major. Those planning to teach in secondary schools should note that they can both earn their degree in geography and qualify for a teaching certificate; they should consult with the department as early as possible.

Requirements for a Major in Geography with Cartography/Remote Sensing Concentration:This program gives students an opportunity to develop expertise in (1) cartography, map design and computer-assisted map production, (2) remote sensing and image interpretation, including photographic systems, sensor systems, and digital image processing, and (3) geographic information systems, including data sources, analytical techniques, and hardware/software systems.

To complete the concentration, a student is required to fulfill certain course requirements.

## Required Courses

| GEOS 3023 | Introduction to Cartography | 3 |
| :--- | :--- | :--- |
| GEOS 3213 | Principles of Remote Sensing | 3 |
| GEOS/ANTH | Geospatial Applications and Information Science | 3 |
| 3543 |  |  |

## Elective Courses

Select three of the following: 9
GEOS 4523 Cartographic Design and Production
GEOS/ANTH Introduction to Raster GIS
4553
GEOS/ANTH Enterprise and Multiuser GIS
4583

| $\begin{aligned} & \text { GEOS/ANTH } \\ & 4593 \end{aligned}$ | Introduction to Global Positioning Systems and Global Navigation Satellite Systems |
| :---: | :---: |
| STAT 3003 | Statistical Methods (or other approved statistics course) |
| CVEG 2053 | Surveying Systems (or other approved surveying course) |
| Total Hours |  |

Writing Requirement: The college writing requirement is to be met by completion of a term paper deemed satisfactory by the student's adviser and instructor of an upper-level geoscience course. The college writing requirement may also be met by the completion of an honors thesis.

Requirements for a Minor in Geography: 15 credit hours in geography to include GEOS 1123 Human Geography and GEOS 2003 World Regional Geography or honors equivalents, with at least six credit hours numbered at the 3000 -level or above that includes any combination of physical, climate, regional, and/or geographic information science (GIScience) courses.

Requirements for Departmental Honors in Geography: Admission to the Departmental Honors Program in Geography is open to geography majors with a minimum grade-point average of 3.5 in all their work. All honors candidates must take 12 hours, which may include 6 hours of thesis, in Honors Studies. During the fall semester of either the junior or senior year the candidate will enroll in GEOS 399VH (no more than three hours of credit), an undergraduate seminar in geographical philosophy and methodology. During the senior year the honors candidate will complete the program by writing a senior honors paper under GEOS 399VH (no more than three hours of credit). Successful completion of the requirements will be recognized by the award of the distinction "Geography Scholar Cum Laude" at graduation. Higher degree distinctions are recommended only in truly exceptional cases and are based upon the whole of the candidate's program of honors studies.

## Courses

GEOS 1111L. Physical Geology Laboratory (ACTS Equivalency = GEOL 1114 Lab). 1 Hour.
Laboratory exercises concerning the identification of rocks and minerals, use of aerial photographs and topographic maps, and several field trips. Pre- or Corequisite: GEOS 1113. (Typically offered: Fall, Spring and Summer)

GEOS 1111M. Honors Physical Geology Laboratory. 1 Hour.
Survey of geological processes and products and their relationships to landforms, natural resources, living environments, and human beings. Lecture 3 hours, laboratory 2 hours per week. Corequisite: GEOS 1113H. (Typically offered: Fall) This course is equivalent to GEOS 1111L.

GEOS 1113. Physical Geology (ACTS Equivalency = GEOL 1114 Lecture). 3 Hours.
Survey of geological processes and products, and their relationships to landforms, natural resources, living environments and human beings. Corequisite: GEOS 1111L. (Typically offered: Fall, Spring and Summer)

## GEOS 1113H. Honors Physical Geology. 3 Hours.

Survey of geological processes and products and their relationships to landforms, natural resources, living environments, and human beings. Lecture 3 hours, laboratory 2 hours per week. Corequisite: GEOS 1111M. (Typically offered: Irregular)
This course is equivalent to GEOS 1113.

GEOS 1123. Human Geography (ACTS Equivalency = GEOG 1113). 3 Hours.
Basic course in human geography stressing the interrelationships between the natural factors of the environment and man's activities, especially the role of geography in the understanding of social problems and economic and political activities. (Typically offered: Fall and Spring)

## GEOS 1123H. Honors Human Geography. 3 Hours.

Basic course in human geography stressing the interrelationships between the natural factors of the environment and man's activities, especially the role of geography in the understanding of social problems and economic and political activities. Prerequisite: Honors candidacy. (Typically offered: Fall and Spring) This course is equivalent to GEOS 1123.
GEOS 1131L. Earth Science Laboratory (ACTS Equivalency = GEOL 1124 Lab). 1 Hour.
Laboratory exercises concerning human interactions with the physical environment including the study of earthquakes, volcanoes, flooding, erosion, mass wasting, water supply and contamination, and waste disposal. (Typically offered: Fall and Spring)
GEOS 1133. Earth Science (ACTS Equivalency = GEOL 1124 Lecture). 3 Hours. The application of earth science principles and knowledge of problems created by human occupancy and exploitation of the physical environment. (Typically offered: Fall and Spring)
GEOS 1154. Introduction to Geology for Science Majors. 4 Hours.
Survey of geological processes and materials and their relationships to landforms, natural resources, environments, and human beings. Students will understand the principles of physical geology, Earth's internal structure, plate tectonics, and geologic time. Students may not receive degree credit for both GEOS 1113/GEOS 1111L and GEOS 1154. Corequisite: Lab component. Prerequisite: Freshman or sophomore standing, or by instructor consent. (Typically offered: Fall)

GEOS 2003. World Regional Geography (ACTS Equivalency = GEOG 2103). 3 Hours.
Survey of problems, development potential, and physical and human resources of the developing and developed world. (Typically offered: Fall and Spring)

## GEOS 2003H. Honors World Regional Geography. 3 Hours.

Survey of problems, development potential, and physical and human resources of the developing and developed world. Prerequisite: Honors candidacy. (Typically offered: Fall and Spring)
This course is equivalent to GEOS 2003.

## GEOS 2313. Mineralogy. 3 Hours.

General principles of mineralogy, study and identification of common minerals, igneous \& metamorphic rocks using hand samples. Prerequisite: (GEOS 1113 or GEOS 1154) and CHEM 1103. Corequisite: Lab component. (Typically offered: Fall)

## GEOS 2813. Digital Earth. 3 Hours.

This course introduces the fundamental concepts and practical geospatial techniques of the digital earth initiative. Students will learn how digital geographical information is produced (also referred to as geospatial data) and utilized in a variety of economic, environmental, and scientific applications. The class will concentrate on how digital geospatial data are produced, integrated and applied in daily life and will review a variety of environmental and socioeconomic applications. (Typically offered: Fall)

## GEOS 2813H. Honors Digital Earth. 3 Hours.

This course introduces the fundamental concepts and practical geospatial techniques of the digital earth initiative. Students will learn how digital geographical information is produced (also referred to as geospatial data) and utilized in a variety of economic, environmental, and scientific applications. The class will concentrate on how digital geospatial data are produced, integrated and applied in daily life and will review a variety of environmental and socioeconomic applications. Prerequisite: Honors standing. (Typically offered: Fall)
This course is equivalent to GEOS 2813.

GEOS 3013. Foundations of Geospatial Data Analysis. 3 Hours.
Basic mathematical tools applied in geospatial technology, including trigonometry in mapping, linear algebra in remote sensing, optimization in spatial decision support, and graph theory in routing. Course develops the framework for spatial data analysis and decision support. Students may receive credit for the course through testing. Prerequisite: GEOS 3543. (Typically offered: Fall and Spring)

## GEOS 3023. Introduction to Cartography. 3 Hours.

Students learn basic principles of map design, cartographic theory and field surveying to produce a variety of computer-generated maps. An introductory course designed for students in a variety of different disciplines using AutoCad software and various new technologies. Field trips may be required. (Typically offered: Fall)

## GEOS 3043. Sustaining Earth. 3 Hours.

Theory and growth of conservation and sustainability, the wise use of the major natural resources of the United States. This course meets the requirement in conservation and sustainability for teachers. Prerequisite: Junior standing. (Typically offered: Fall)

## GEOS 3043H. Honors Sustaining Earth. 3 Hours.

Theory and growth of conservation and the wise use of the major natural resources of the United States. This course meets the requirement in conservation for teachers. Prerequisite: Junior standing. (Typically offered: Fall)
This course is equivalent to GEOS 3043.
GEOS 3063. Geology of Arkansas. 3 Hours.
A survey of the distribution, genesis, and age of the rocks, fossils, structures, landforms and geological processes of Arkansas. Equivalent to two hours of lecture per week. Field trips required. Prerequisite: (GEOS 1113 or GEOS 1113H or GEOS 1154). (Typically offered: Spring)
GEOS 3103. Geospatial Technologies Computational Toolkit. 3 Hours. Basic computational tools and processes applied in geospatial software, related computer hardware components, systems and applications software, and spatial database fundamentals. Python, including SciPy and NumPy, geospatial implementations will be emphasized. No programming experience is required. Students may receive credit for the course through testing. Prerequisite:
GEOS 3543. (Typically offered: Fall and Spring)
GEOS 3213. Principles of Remote Sensing. 3 Hours.
Fundamental concepts of remote sensing of the environment. Optical, infrared, microwave, LIDAR, and in situ sensor systems are introduced. Remote sensing of vegetation, water, urban landscapes, soils, minerals, and geomorphology is discussed. The course includes laboratory exercises in GIS software and field spectroscopy. (Typically offered: Fall)

## GEOS 3333. Oceanography. 3 Hours.

The sea, its landforms; its winds and currents as related to the atmosphere, world climates, and world trade; its basin as avenues for continental drift; its waters as habitat for plant and animal life; its marine and submarine resources as presently and potentially useful to man. Offered as physical science. Prerequisite: Junior standing. (Typically offered: Fall)
GEOS 3413. Sedimentary Geology. 3 Hours.
An introductory study of sedimentary rocks from the standpoint of classification, field and laboratory description, genesis, and preservation. Lecture 2 hours, laboratory 2 hours per week. Corequisite: Lab component. Prerequisite: GEOS 2313. (Typically offered: Spring)
GEOS 3514. Structural Geology. 4 Hours.
Survey of deformational features and their geological significance in the crust of the earth. Lecture 3 hours per week. Corequisite: Lab component. Prerequisite: GEOS 1113 or GEOS 1154. (Typically offered: Spring)

GEOS 3543. Geospatial Applications and Information Science. 3 Hours.
An introduction to the methods and theory underlying the full range of geographic information science and collateral areas - including GNSS, remote sensing, cadastral, spatial demographics and others. (Typically offered: Fall and Spring) This course is cross-listed with ANTH 3543.

GEOS 3553. Spatial Analysis Using ArcGIS. 3 Hours.
Applications of analysis of spatial data using ArcGIS tools in map design, on-line mapping, creating geodatabases, accessing geospatial data, geo-processing, digitizing, geocoding, spatial analysis including basic spatial statistics, analysis of spatial distributions and patterning and 3D application using ArcGIS 3D Analyst. Prerequisite: GEOS 3543. (Typically offered: Fall and Spring)

## GEOS 3563. Geospatial Data Mining. 3 Hours.

Basic tools for analyzing, summarizing and visualizing geospatial data. Exploratory data and spatial data analysis, probability distributions and application, single and multivariate analysis and hypothesis testing, and spatial smoothing and interpolation. Emphasis will be on problem solving in geospatial settings using the $R$ statistical language. Prerequisite: GEOS 3543 and (GEOS 3013 or MATH 2554 or MATH 2043 or DASC 2594) and (GEOS 3103 or DASC 1104 or DASC 2113). (Typically offered: Fall and Spring)

## GEOS 3593. Introduction to Geodatabases. 3 Hours.

Fundamental concepts and applications of geospatial databases. Schema development and spatial data models for geodata. Spatial and attribute query and optimization, properties and structures of relational and object-oriented geodatabases. Spatial extensions of SQL, spatial indexing, measurement, and geometry. Prerequisite: GEOS 3543 and (GEOS 3013 or MATH 2554 or MATH 2043 or DASC 2594) and (GEOS 3103 or DASC 1104 or DASC 2113). (Typically offered: Fall and Spring)

GEOS 360V. Undergraduate Special Problems. 1-6 Hour.
Library, laboratory, or field research in different phases of geology. (Typically offered: Fall, Spring and Summer) May be repeated for up to 6 hours of degree credit.

GEOS 3733. Geospatial Data Science in Public Health. 3 Hours.
Introduction to geospatial data science, including geographic information systems (GIS) and related technologies, with an emphasis on their practical applications in the fields of public health, global health, healthcare analytics, healthcare administration, and other health-related fields. (Typically offered: Fall)

## GEOS 3873. Geological Data Analysis. 3 Hours.

Quantitative methods and techniques for analysis and interpretation of geological data. Corequisite: Lab component. Pre- or corequisite: MATH 2564. (Typically offered: Spring)
GEOS 3901. Junior Honors Course. 1 Hour.
Special honors research in geology. One hour credit each semester. Prerequisite: Junior standing. (Typically offered: Fall, Spring and Summer)

## GEOS 3911. Junior Honors Course. 1 Hour.

Special honors research in geology. One hour credit each semester. Prerequisite: Junior standing. (Typically offered: Fall, Spring and Summer)
GEOS 399VH. Honors Course. 1-6 Hour.
Honors course. Prerequisite: Junior standing. (Typically offered: Irregular) May be repeated for up to 6 hours of degree credit.

## GEOS 4033. Hydrogeology. 3 Hours.

Occurrence, movement, and interaction of water with geologic and cultural features. Lecture 3 hours per week. Corequisite: Lab component. Prerequisite: MATH 2043 or MATH 2554, and GEOS 3514. (Typically offered: Spring)

## GEOS 4043. Geography of the Middle East. 3 Hours.

Physical and cultural landscapes, natural and cultural resources, art and architecture, land use, political history, OPEC, and current problems of North Africa and the Middle East region west of Afghanistan are discussed. Class participation, discussions, slides and films, and student presentations will round out the class. Prerequisite: Junior standing. (Typically offered: Fall)

## GEOS 4043H. Honors Geography of the Middle East. 3 Hours.

Physical and cultural landscapes, natural and cultural resources, art and architecture, land use, political history, OPEC, and current problems of North Africa and the Middle East region west of Afghanistan are discussed. Class participation, discussions, slides and films, and student presentations will round out the class.
Prerequisite: Junior standing. (Typically offered: Irregular)
This course is equivalent to GEOS 4043.
GEOS 4053. Geomorphology. 3 Hours.
A quantitative, mechanistic overview of surface processes and landscape evolution. Lecture 2 hours, laboratory 3 hours per week. One to two field trips on weekends (2 day total) are required during the semester. Corequisite: Lab component.
Prerequisite: GEOS 3873 or instructor consent. (Typically offered: Spring)

## GEOS 4063. Principles of Geochemistry. 3 Hours.

Introduction to fundamental principles of geochemistry from historic development to modern concepts. Prerequisite: CHEM 1121L, CHEM 1123 and GEOS 2313. (Typically offered: Fall)

## GEOS 4073. Urban Geography. 3 Hours.

Areal patterns of modern urban regions and the focus shaping these patterns. Emphasis is placed on American urban areas and their evolution and functional areas. Field work. Prerequisite: Junior standing. (Typically offered: Spring)
GEOS 4083. Economic Geology. 3 Hours.
Introduction to mineral deposits used as economic resources. Covers basic geology and geochemistry of mineral deposit formations and the formation of major classes of deposits. Examines the relationship between the distribution of ores, oil, gas, coal, and Plate Tectonics. Explores environmental issues associated with the extraction of earth resources. Prerequisite: GEOS 2313. (Typically offered: Irregular)

## GEOS 4093. History and Philosophy of Geography. 3 Hours.

This course familiarizes students with the history of geography, the contributions of geographers to scientific thought and theory, and research techniques that are used in geography. Emphasis is given to the integration of statistical and spatial analysis, and their applications in field research. The course includes short fieldbased projects in and around Northwest Arkansas. (Typically offered: Spring Even Years)

GEOS 410V. Special Problems in Geosciences. 1-6 Hour.
Designed to meet the needs of students who wish to study one particular geographic topic in some detail. Prerequisite: Junior standing. (Typically offered: Fall) May be repeated for up to 6 hours of degree credit.

## GEOS 410VH. Honors Special Problems in Geosciences. 1-6 Hour.

Designed to meet the needs of students who wish to study one particular geographic topic in some detail. Prerequisite: Junior standing. (Typically offered: Fall) May be repeated for up to 6 hours of degree credit.
This course is equivalent to GEOS 410 V .

## GEOS 4113. Global Change. 3 Hours.

Examines central issues of global change including natural and human induced climate change, air pollution, deforestation, desertification, wetland loss urbanization, and the biodiversity crisis. The U.S. Global Change Research Program is also examined. (Typically offered: Spring)

## GEOS 4113H. Honors Global Change. 3 Hours.

Examines central issues of global change including natural and human induced climate change, air pollution, deforestation, desertification, wetland loss urbanization, and the biodiversity crisis. The U.S. Global Change Research Program is also examined. Prerequisite: Honors candidacy. (Typically offered: Spring)
This course is equivalent to GEOS 4113.
GEOS 4153. Karst Hydrogeology. 3 Hours.
Assessment of ground water resources in carbonate rock terrains; relation of ground water and surface water hydrology to karst; quantification of extreme variability in karst environments; data collection rationale. Field trips required. Prerequisite: GEOS 4033. (Typically offered: Irregular)

## GEOS 4223. Stratigraphy and Sedimentation. 3 Hours.

Introductory investigation of stratigraphic and sedimentologic factors important to the study of sedimentary rocks. Lecture 2 hours, laboratory 3 hours per week. A required weekend, two-day field trip will be conducted during the semester. Corequisite: Lab component. Prerequisite: GEOS 3413. (Typically offered: Fall)

GEOS 4233. Geography of Religion \& Sacrality. 3 Hours.
Explores the spatial nature of the World's major faiths and religious institutions, focusing on the distribution and origins of these religions. Examines the religious beliefs, rituals, architecture, demographics, and art in different societies, cultures, and countries. Considers the tenets and practices of what is sacred and/or spiritual, held in common by a group or community. Prerequisite: Junior or senior standing. (Typically offered: Irregular)

GEOS 4243. Political Geography. 3 Hours.
Contemporary world political problems in their geographic context. Development of the principles of political geography with emphasis upon the problems of Eastern Europe, Africa, and Southeast Asia. Prerequisite: Junior standing. (Typically offered: Fall Odd Years)

## GEOS 4253. Petroleum Geology. 3 Hours.

Distribution and origin of petroleum. Lecture 2 hours, laboratory 2 hours per week. Corequisite: Lab component. Prerequisite: Geology major and senior standing. (Typically offered: Fall)

GEOS 4263. Geospatial Data Science - Sources and Characteristics. 3 Hours.
Covers the wide range of geospatial data sources and characteristics with emphasis on data science applications through hands-on experience recognizing the unique requirements of major sources. Techniques for the integration of disparate, heterogeneous data sets will be covered. Corequisite: GEOS 3563. Prerequisite: GEOS 3543. (Typically offered: Fall)

## GEOS 430V. Internship in Physical Geography. 3-6 Hour.

Supervised experience in municipal, county, state or private natural resource management agency, or any other such organization approved by instructor. (Typically offered: Fall, Spring and Summer)

GEOS 4333. Igneous and Metamorphic Petrology. 3 Hours.
Elementary to advanced study of the origin and evolution of igneous and metamorphic rocks in a variety of plate tectonics settings. Lecture 2 hours, Laboratory 2 hours per week. Corequisite: Lab component. Prerequisite: GEOS 2313. (Typically offered: Spring)

## GEOS 4353. Meteorology. 3 Hours.

Examination of the atmospheric processes that result in multifarious weather systems. Offered as physical science. Prerequisite: Junior standing. (Typically offered: Fall)

GEOS 4363. Climatology. 3 Hours.
Fundamentals of topical climatology followed by a study of regional climatology. Offered as physical science. Prerequisite: GEOS 1133 or GEOS 4353. (Typically offered: Spring)

GEOS 437V. Geology Field Trip. 1-2 Hour.
Camping field trip to areas of geologic interest, usually conducted during Spring Break. (Typically offered: Spring) May be repeated for up to 4 hours of degree credit.

GEOS 4383. Hazard \& Disaster Assessment, Mitigation, Risk \& Policy. 3 Hours.
Comprehensive introduction to interdisciplinary approaches to natural and environmental hazards and risk. Hazards and disaster assessment, mitigation, and policy are the focus of the class. Prerequisite: Junior or senior standing. (Typically offered: Spring) May be repeated for up to 6 hours of degree credit.

## GEOS 4383H. Honors Hazard \& Disaster Assessment, Mitigation, Risk \& Policy. 3 Hours.

Comprehensive introduction to interdisciplinary approaches to natural and environmental hazards and risk. Hazards and disaster assessment, mitigation, and policy are the focus of the class. Prerequisite: Junior or senior standing. (Typically offered: Spring)
This course is equivalent to GEOS 4383.

## GEOS 4393. American Public Lands \& Policy. 3 Hours.

The course examines the role of American federal public lands in 19th-21st century geography, history, policy, and art. It investigates the growth of conservation, preservation, and management movements in the US by looking at America's national parks, forests, dams, wildlife refuges, wilderness areas, managed and agricultural lands. Prerequisite: Junior or senior standing. (Typically offered: Irregular)

## GEOS 4393H. Honors American Public Lands \& Policy. 3 Hours.

The course examines the role of American federal public lands in 19th-21st century geography, history, policy, and art. It investigates the growth of conservation, preservation, and management movements in the US by looking at America's national parks, forests, dams, wildlife refuges, wilderness areas, managed and agricultural lands. Prerequisite: Honors standing and Junior or senior standing. (Typically offered: Irregular)
This course is equivalent to GEOS 4393.
GEOS 4433. Geophysics. 3 Hours.
Derivation from physical principles, of the geophysical methods for mapping the Earth. Computational methods of converting gravity, magnetic, radiometric, electrical, and seismic data into geologic information. Lecture 3 hours, laboratory 2 hours per week. Corequisite: Lab component. Prerequisite: MATH 2564 and PHYS 2033 and PHYS 2031L and GEOS 3514. (Typically offered: Irregular)

## GEOS 4473. Applied Climatology. 3 Hours.

Applied climatology involves the use of climatic data to solve a variety of social, economic and environmental problems, such as for clients in agriculture, water and energy management. The basic purpose of applied climatology is to help society, at all scales and levels, to achieve a better adjustment to the climatic environment. (Typically offered: Fall)

## GEOS 4493. Geography of Political Violence. 3 Hours.

This seminar focuses on the rise of civil conflict in the post-World War II world. We are particularly interested in understanding the institutional challenges facing countries that experience such conflict. The class will develop a contextually informed understanding of the international system and how it is shaped by civil war. Prerequisite: Junior or senior standing. (Typically offered: Fall Even Years) This course is cross-listed with INST 4103H.

## GEOS 4493H. Honors Geography of Political Violence. 3 Hours.

This seminar focuses on the rise of civil conflict in the post-World War II world. We are particularly interested in understanding the institutional challenges facing countries that experience such conflict. The class will develop a contextually informed understanding of the international system and how it is shaped by civil war. Prerequisite: Junior or senior standing and honors standing. (Typically offered: Fall Even Years)
This course is cross-listed with GEOS 4493, INST 4103H.

GEOS 4523. Cartographic Design and Production. 3 Hours.
This course addresses advanced cartographic concepts (i.e. visual hierarchy, aesthetics, image cognition) and production techniques as they relate to computerassisted mapping. Students produce a variety of maps using Adobe Illustrator (CS $4-6)$ software to build a map portfolio. Field trips may be required. Prerequisite: GEOS 3023. (Typically offered: Spring)

## GEOS 4533. Introduction to Petroleum Geophysics. 3 Hours.

Introduction to seismic wave propagation and petroleum seismology with particular emphasis on seismic events, elastic waves, and seismic survey design. Prerequisite: MATH 2564, (PHYS 2033 or PHYS 2074), and GEOS 3514 or instructor consent. (Typically offered: Fall)

## GEOS 4533H. Honors Introduction to Petroleum Geophysics. 3 Hours.

Introduction to seismic wave propagation and petroleum seismology with particular emphasis on seismic events, elastic waves, and seismic survey design. Prerequisite: MATH 2564, (PHYS 2033 or PHYS 2074), and GEOS 3514 or instructor consent. (Typically offered: Fall)
This course is equivalent to GEOS 4533.
GEOS 4553. Introduction to Raster GIS. 3 Hours.
Theory, data structure, algorithms, and techniques behind raster-based geographical information systems. Through laboratory exercises and lectures multidisciplinary applications are examined in database creation, remotely sensed data handling, elevation models, and resource models using boolean, map algebra, and other methods. Prerequisite: GEOS 3543 or ANTH 3543. (Typically offered: Fall) This course is cross-listed with ANTH 4553.

## GEOS 4563. Geology of Our National Parks. 3 Hours.

This course examines the underlying geology responsible for selected parks, and explores the interplay of geology, biology, climate, topography, and humans to evaluate the value of the parks, and to anticipate the problems they will face in the near and long-term. Prerequisite: GEOS 1113. (Typically offered: Fall)

## GEOS 4583. Enterprise and Multiuser GIS. 3 Hours.

GIS practice that's typical of collaborative team-based geospatial organizations. Solve real-world problems through end-to-end GIS design and implementation using ArcGIS Enterprise, extensive federal, state, and local repositories, and high quality software documentation. Includes relevant training in geospatial provenance and metadata, and in enterprise and multiuser GIS administration. (Typically offered: Spring)

GEOS 4593. Introduction to Global Positioning Systems and Global Navigation Satellite Systems. 3 Hours.
Fundamentals of navigation, mapping, and high-precision positioning using the Navstar Global Positioning System. Topics include datum definition and transformation, map projections, autonomous and differential positioning using both code and carrier processing, and analysis of errors. Prerequisite: GEOS 3543 or GEOS 5543. (Typically offered: Fall)

## GEOS 4653. GIS Analysis and Modeling. 3 Hours.

Unlike conventional GIS courses that focus on studying "where", this course will teach students to address beyond "where" using various GIS analysis and modeling techniques to explore "why" and "how". The course will provide theoretical and methodological reviews of the principles of cartographic modeling and multi-criteria decision-making. (Typically offered: Spring)

GEOS 4663. Low-Temperature Geochemistry of Natural Waters. 3 Hours.
Covers the low-temperature geochemistry of waters and their associated minerals at Earth's surface. Examines the controls on the chemical composition of natural waters and the minerals precipitated from them. Topics covered will include water-rock interactions, pH , redox, the carbonate-water system, clay minerals and exchange, heavy metals, and a brief introduction to stable isotopes and geomicrobiology. Prerequisite: CHEM 1121L, CHEM 1123, GEOS 1113, and GEOS 1111L. (Typically offered: Fall)

## GEOS 4686. Geology Field Camp. 6 Hours.

A professional course taught off campus emphasizing occurrence, description, mapping, and interpretation of major rock types. May not be taken for graduate credit. Prerequisite: GEOS 3413 and GEOS 3514. (Typically offered: Summer)

## GEOS 4693. Environmental Justice. 3 Hours.

This course deals with the ethical, environmental, legal, economic, and social implications of society's treatment of the poor, the disenfranchised, and minorities who live in the less desirable, deteriorating neighborhoods, communities, and niches of our country. The class integrates science with philosophy, politics, economics, policy, and law, drawing on award-winning films, current news, and case studies. (Typically offered: Spring)

## GEOS 4783. Geography of Europe. 3 Hours.

Geographic regions of the area with emphasis on their present development.
Prerequisite: Junior standing. (Typically offered: Irregular)

## GEOS 4793. Geospatial Unmanned Aircraft Systems. 3 Hours.

Geospatial unmanned aircraft systems (UAS) are becoming key technologies in a number of disciplines. This course will introduce safe and legal operation of UAS in aerial photography, multispectral, thermal and LIDAR applications, geodetic control, photogrammetric and computer vision processing, and the creation of accurate 2D and 3D digital information products. Pre- or Corequisite: GEOS 3213 or GEOS 4593 or equivalent. (Typically offered: Fall)
GEOS 4813. Geography of Eurasia. 3 Hours.
Introduction to the culture, society, and politics of Eurasia using the organizing concept of empire from the moment of its consolidation in 1945 to its dissolution in 1991. Focuses on places that have emerged from this order and emphasizes experience and memory at each of these different times and places. Prerequisite: Junior standing. (Typically offered: Spring Even Years)
GEOS 4924. Earth System History (ACTS Equivalency = PHSC 1104). 4 Hours. Physical and biological events that form the history of the earth from its formation to the beginning of the historical era. Corequisite: Lab component. Prerequisite: GEOS 3413 and (GEOS 4223 or GEOS 4333) and GEOS 3514. (Typically offered: Spring)

GEOS 4933. Ancient Forest Science and Sustainability. 3 Hours.
Ancient forests preserve beautiful habitat with high ecological integrity. This course will examine the development, spatial distribution, and ongoing destruction of ancient forests worldwide, and how science can contribute to the understanding and sustainable management of these valuable resources. (Typically offered: Spring)

## GEOS 4972H. Senior Honors Course I. 2 Hours.

Special honors research in geology. Two hours of credit each semester.
Prerequisite: Junior honors. (Typically offered: Fall, Spring and Summer)
GEOS 4982H. Senior Honors Course II. 2 Hours.
Special honors research in geology. Two hours of credit each semester.
Prerequisite: Junior honors. (Typically offered: Fall, Spring and Summer)
GEOS 4993. Dynamics of Sediment Transport. 3 Hours.
This is a course focused on how fluids transport sediment and construct stratigraphy. Lectures will develop environmental fluid mechanics and sediment transport from first principles so they can be used to evaluate sedimentological and stratigraphic problems. This framework will be applied to a sedimentological problem using original data and analysis. Pre- or Corequisite: GEOS 4223. Prerequisite: GEOS 3413. (Typically offered: Fall Odd Years)

## Geology (GEOL)

The Department of Geosciences offers the Bachelor of Science degree in geology and the Bachelor of Science degree in earth science (http://catalog.uark.edu/undergraduatecatalog/collegesandschools/ jwilliamfulbrightcollegeofartsandsciences/earthsciences/). It is emphasized that students wishing to become practicing professional geologists should hold the Bachelor of Science degree in geology at a minimum. It is further
recognized that practicing professional geologists typically hold a Master of Science degree. The education of students pursuing the Bachelor of Science in earth science degree should reflect general education in the liberal arts with emphasis in geology.

The goal of the program leading to the Bachelor of Science degree in geology is to provide students with a broad spectrum of the various subdisciplines of geology, while at the same time honoring an emphasis in the traditional areas of mineralogy, igneous, metamorphic and sedimentary petrology, structural geology and stratigraphic principles. This curriculum will prepare students to enter graduate programs without deficiencies at the University of Arkansas or other established programs.

Along with the normal degree program, the department offers a B.S. in geology with a concentration in geophysics.

For requirements for the M.S. degree in geology, see the Graduate School Catalog.

## B.S. in Geology

Requirements for a Major in Geology leading to the B.S. Degree: In addition to the state minimum core (p. 81) and the Fulbright College of Arts and Sciences Graduation Requirements (p.273), the following course requirements must be met. Bolded courses from the list below may be applied to portions of the University Core requirements.

| State Minimum Core |  | 35 |
| :---: | :---: | :---: |
| CHEM 1103 <br> \& CHEM 1101L | University Chemistry I (ACTS Equivalency = CHEM 1414 Lecture) <br> and University Chemistry I Laboratory (ACTS Equivalency = CHEM 1414 Lab) | 4 |
| CHEM 1123 <br> \& CHEM 1121L | University Chemistry II (ACTS Equivalency = CHEM 1424 Lecture) <br> and University Chemistry II Laboratory (ACTS Equivalency = CHEM 1424 Lab) | 4 |
| MATH 2554 | Calculus I (ACTS Equivalency = MATH 2405) | 4 |
| MATH 2564 | Calculus II (ACTS Equivalency = MATH 2505) | 4 |
| Select one physics sequence from the following: |  | 8 |
| PHYS 2013 \& PHYS 2011 | ```College Physics I (ACTS Equivalency = PHYS L2014 Lecture) and College Physics I Laboratory (ACTS Equivalency = PHYS 2014 Lab)``` |  |
| PHYS 2033 <br> \& PHYS 2031 | ```College Physics II (ACTS Equivalency = PHYS L2024 Lecture) and College Physics II Laboratory (ACTS Equivalency = PHYS 2024 Lab)``` |  |
| or |  |  |
| PHYS 2054 | University Physics I (ACTS Equivalency = PHYS 2034) |  |
| PHYS 2074 | University Physics II (ACTS Equivalency = PHYS 2044 Lecture) |  |
| World language up to the Elementary II level |  | 6 |
| A science elective 3000-level or higher as approved by advisor |  | 3 |
| A minimum of 45 credit hours of geology courses to include: |  | 45 |
| \& GEOS 1111L1114 Lecture) <br> and Physical Geology Laboratory (ACTS <br> Equivalency = GEOL 1114 Lab) |  |  |
| GEOS 2313 | Mineralogy |  |
| GEOS 3413 | Sedimentary Geology |  |

| GEOS 3514 | Structural Geology |
| :--- | :--- |
| GEOS 3873 | Geological Data Analysis |
| GEOS 4053 | Geomorphology |
| GEOS 4063 | Principles of Geochemistry |
| or GEOS 4433 eophysics |  |
| GEOS 4223 | Stratigraphy and Sedimentation |
| or GEOS 33 |  |
| GEOS 4686 | Geology Field Camp |
| GEOS 4924 | Earth System History (ACTS Equivalency = PHSC |
|  | 1104) |

Nine credit hours of geology courses chosen from GEOS electives 3000-level or higher

| General Electives | $7-18$ |
| :--- | :--- |

Total Hours
Writing Requirement: A scholarly writing assignment will be included in all geoscience courses numbered 2000 and above. Those papers submitted in geoscience courses 3000 and above will fulfill the Fulbright College writing requirement. The college writing requirement may also be met by the completion of an honors thesis.

## Geology B.S. <br> Nine-Semester Degree Program

State minimum core requirements may vary by individual, based on placement and previous credit granted. Once all core requirements are met, students may substitute with general electives. Students should consult with their academic advisor.

This program requires a summer field camp after the junior year.

| General Electives |  | 1 |  | GEOS electives | 000-level or higher |  | 3 |  |

## Total Hours

Writing Requirement: A scholarly writing assignment will be included in all geoscience courses numbered 2000 and above. Those papers submitted in geoscience courses 3000 and above will fulfill the Fulbright College writing requirement. The college writing requirement may also be met by the completion of an honors thesis.

## Eight-Semester Degree Plan for a Bachelor of Science in Geology with a Concentration in Geophysics

Students enrolling in the eight-semester degree plan should review the Eight-Semester Degree Completion Policy (p. 67).

State minimum core requirements may vary by individual, based on placement and previous credit granted. Once all core requirements are met, students may substitute with general electives in consultation with their academic advisor.

| First Year | Units |  |  |
| :---: | :---: | :---: | :---: |
|  | Fall | Spring | Summer |
| ENGL 1013 Composition I (ACTS Equivalency = ENGL 1013) (Satisfies General Education Outcome 1.1) ${ }^{1}$ | 3 |  |  |
| MATH 2554 Calculus I (ACTS Equivalency = MATH 2405) (Satisfies General Education Outcome 2.1) ${ }^{1}$ | 4 |  |  |
| PHYS 2054 University Physics I (ACTS Equivalency $=$ PHYS 2034) (Satisfies General Education Outcome 3.4) ${ }^{1}$ | 4 |  |  |
| CHEM 1103 University Chemistry I (ACTS Equivalency = CHEM 1414 Lecture) <br> \& CHEM 1101L University Chemistry I Laboratory (ACTS Equivalency = CHEM 1414 Lab) | 4 |  |  |
| ENGL 1023 Composition II (ACTS Equivalency = ENGL 1023) (Satisfies General Education Outcome 1.1) ${ }^{1}$ |  | 3 |  |
| PHYS 2074 University Physics II (ACTS Equivalency = PHYS 2044 Lecture) |  | 4 |  |

## Minor in Geology

Requirements for a Minor in Geology: A minor in geology shall be awarded upon completion of the following course work:

| GEOS 1113 <br> \& GEOS 1111L | Physical Geology (ACTS Equivalency = GEOL <br> and Physical Geology Laboratory (ACTS <br> Equivalency = GEOL 1114 Lab) | 4 |
| :--- | :--- | :---: |
|  | Earth Science (ACTS Equivalency = GEOL 1124 | 4 |
| GEOS 1133 |  |  |
| \& GEOS 1131L | Lecture) <br> and Earth Science Laboratory (ACTS Equivalency <br> = GEOL 1124 Lab) |  |
| GEOS 2313 | Mineralogy | 3 |
| Two GEOS Courses at the 3000-level | 6 |  |
| One GEOS Course at the 4000-level | 3 |  |

## Total Hours

20Students are advised to consult with a geology faculty member to develop the course work program that best complements their major area of study.

Requirements for Departmental Honors in Geology: The Departmental Honors Program in Geology provides upper-division undergraduate students with an opportunity to formally participate in geologic research activities. Honors candidates carry out independent study and research under the guidance of the geology faculty. Outstanding student achievement will be recognized by awarding the distinction "Geology Scholar Cum Laude" at graduation. Higher degree distinctions may be awarded to truly outstanding students based upon the whole of their academic program and quality of honors research.

Honors candidates in geology must do the following:

1. Satisfy departmental and college requirements for a bachelor's degree with honors,
2. Become a candidate no later than the second semester of their junior year,
3. Enroll in six hours of honors research GEOS 3901, GEOS 3911, GEOS 4972 H , GEOS 4982 H ,
4. Take 12 hours in Honors Studies, which may include 6 hours of thesis,
5. Complete junior and senior honors courses GEOS 3901, GEOS 3911, GEOS 4972 H , GEOS 4982 H , and
6. Achieve a cumulative grade-point average of 3.30 in geology courses. 66a80d1\%7C0\%7C0\%7C637509951644018253\%7CUnknown

Students interested in pursuing a minor in STEM Education or Secondary Teacher Licensure in mathematics, biology, chemistry, physics, or computer science at the undergraduate level should consult with a STEM Education faculty adviser, teach@uark.edu. Another option to obtain secondary teacher licensure is to complete the one-year Master of Arts in Teaching (http://catalog.uark.edu/undergraduatecatalog/

## Geosciences (GEOS)

Christopher L. Liner
Chair of the Department
216 Gearhart Hall
479-575-3355
Department of Geosciences Website (http://fulbright.uark.edu/ departments/geosciences/)

The Department of Geosciences offers three majors, two leading to a Bachelor of Science and one leading to a Bachelor of Arts:

- Earth Science (p. 393), B.S.
- Geography (p. 418), B.A.
- Geology (p. 424), B.S.

The department also offers coursework leading to a Geospatial Technologies Certificate.

- Certificate in Geospatial Technologies, the requirements of which are in the tab on this page.

## Requirements for Geospatial Technologies Certificate

The Department of Geosciences also offers an online Geospatial Technologies Certificate through the University of Arkansas Global Campus (http://globalcampus.uark.edu). The certificate is designed for working professionals who wish to develop basic skills in the emerging field of geospatial technologies. Instruction prepares these individuals for employment in the geosciences and collateral disciplines as well as providing a foundational skill set for additional advanced work if desired. The certificate will also benefit students in two-year associate degree programs as well as undergraduates in four-year programs who wish to strengthen their skills.

Requirements for admission: Candidates should posses an associate's degree, two years of college, or equivalent work experience.

Requirements for a Geospatial Technologies Certificate: Students must complete the following 18 credit hours, but it is possible to waive GEOS 3013 and GEOS 3103 (up to 6 credit hours) through successful completion of proficiency exams.

| GEOS 3543 | Geospatial Applications and Information Science | 3 |
| :---: | :---: | :---: |
| or GEOS 3733 | Geospatial Data Science in Public Health |  |
| GEOS 3013 | Foundations of Geospatial Data Analysis | 3 |
| GEOS 3103 | Geospatial Technologies Computational Toolkit | 3 |
| GEOS 3553 | Spatial Analysis Using ArcGIS | 3 |
| GEOS 3563 | Geospatial Data Mining | 3 |
| GEOS 3593 | Introduction to Geodatabases | 3 |
| Total Hours |  | 18 |

## Faculty

Aly, Mohamed H., Ph.D. (Texas A\&M), M.S., B.S. (Zagazig University), Associate Professor, 2013, 2020.
Anderson, Paula, M.S., B.S. (University of Arkansas), Instructor, 2014. Befus, Kevin, Ph.D. (University of Texas at Austin), M.S. (University of Colorado Boulder), B.S. (Wheaton College), Assistant Professor, 2020. Boss, Steve K., Ph.D. (University of North Carolina at Chapel Hill), M.S. (Utah State University), B.S. (Bemidji State University), University Professor, 1996, 2022.
Cheng, Linyin, Ph.D. (University of California, Irvine), M.S. (Clarkson University), B.S. (Sichuan University), Assistant Professor, 2018.
Cothren, Jackson David, Ph.D., M.S. (The Ohio State University), B.S. (United States Air Force Academy), Professor, Leica Geosystems Chair in Geospatial Imaging, 2004, 2020.
Covington, Matthew D., Ph.D. (University of California-Santa Cruz), B.A. (University of Arkansas), Associate Professor, 2012, 2018.
Davidson, Fiona M., Ph.D., M.A. (University of Nebraska-Lincoln), B.A. (Newcastle Upon Tyne Polytechnic), Associate Professor, 1992, 1998. Dumond, Gregory, Ph.D. (University of Massachusetts), M.S. (Texas Tech University), B.S. (University of Texas El Paso), Associate Professor, 2010, 2018.
Feng, Song, Ph.D., M.S. (Chinese Academy of Sciences), B.S. (Yunnan University), Associate Professor, 2013, 2018.
Fernandes, Katia de Avila, Ph.D. (Georgia Institute of Technology), M.S. (Instituto Nacional de Pesquisas Espaciais, Brazil), B.S. (Universidade Federal de Pelotas, Brazil), Assistant Professor, 2019.
Hays, Phillip D., Ph.D., M.S. (Texas A\&M University), B.S. (University of Arkansas), Assistant Professor, 2017.
Holland, Edward C., Ph.D., M.A. (University of Colorado, Boulder), B.A. (Princeton University), Associate Professor, 2016, 2022.
Huang, Xiao, Ph.D. (University of South Carolina), M.S. Georgia Institute of Technology (2016), B.S. (Wuhan University), Assistant Professor, 2020.

Lamb, Andrew P., Ph.D. (Boise State University), M.S. (Florida Institute of Technology), B.S. (University of Dublin, Trinity), Assistant Professor, 2017.

Liner, Christopher L., Ph.D. (Colorado School of Mines), M.S.
(University of Tulsa), B.S. (University of Arkansas), Professor, 2012.
Marshall, Jill A., Ph.D. (University of Oregon), M.S. (San Francisco State University), B.S. (California State University, Hayward), Assistant Professor, 2017.
Paradise, Thomas R., Ph.D. (Arizona State University), M.Sc. (Georgia State University), F.G.A. (Goldsmith Hall Gem-A, London), G.G.
(Gemological Institute of America), B.S. (University of Nevada), University Professor, 2000, 2016.
Potra, Adriana, Ph.D. (Florida International University), M.S., B.S. (University of Babes-Bolyai, Romania), Associate Professor, 2012, 2019.
Sharman, Glenn R., Ph.D. (Stanford University), B.S. (Wheaton College), Associate Professor, 2017.
Shaulis, Barry J., Ph.D., M.S., B.S. (University of Houston), B.B.A.
(University of Georgia), Research Associate, 2016.

Shaw, John B., Ph.D. (University of Texas at Austin), B.A. (Oberlin College), Associate Professor, 2014, 2019.
Stahle, David William, Ph.D. (Arizona State University), M.A. (University of Arkansas), B.A. (University of Arizona), Distinguished Professor, 1982, 2005.

Suarez, Celina A., Ph.D. (University of Kansas), M.S. (Temple
University), B.S. (Trinity University), Associate Professor, 2012, 2018.
Theiss, Hank, Ph.D. (Purdue University), M.S. (Purdue University), B.S. (Virginia Tech), Research Associate Professor, 2020.
Tullis, Jason A., Ph.D., M.S. (University of South Carolina), B.S.
(Brigham Young University), Professor, 2004, 2018.
Turner, Henry L., Ph.D., M.S. (University of Arkansas), B.S. (University of Oregon), Instructor, 2008.
Warn, Seth A., Ph.D. (University of Arkansas), B.S. (Columbia College), Research Assistant Professor, 2019.

## Geosciences Courses

GEOS 1111L. Physical Geology Laboratory (ACTS Equivalency = GEOL 1114 Lab). 1 Hour.
Laboratory exercises concerning the identification of rocks and minerals, use of aerial photographs and topographic maps, and several field trips. Pre- or Corequisite: GEOS 1113. (Typically offered: Fall, Spring and Summer)
GEOS 1111M. Honors Physical Geology Laboratory. 1 Hour.
Survey of geological processes and products and their relationships to landforms, natural resources, living environments, and human beings. Lecture 3 hours, laboratory 2 hours per week. Corequisite: GEOS 1113H. (Typically offered: Fall) This course is equivalent to GEOS 1111L.

GEOS 1113. Physical Geology (ACTS Equivalency = GEOL 1114 Lecture). 3 Hours.
Survey of geological processes and products, and their relationships to landforms, natural resources, living environments and human beings. Corequisite: GEOS 1111L. (Typically offered: Fall, Spring and Summer)

## GEOS 1113H. Honors Physical Geology. 3 Hours.

Survey of geological processes and products and their relationships to landforms, natural resources, living environments, and human beings. Lecture 3 hours, laboratory 2 hours per week. Corequisite: GEOS 1111M. (Typically offered: Irregular)
This course is equivalent to GEOS 1113.
GEOS 1123. Human Geography (ACTS Equivalency = GEOG 1113). 3 Hours. Basic course in human geography stressing the interrelationships between the natural factors of the environment and man's activities, especially the role of geography in the understanding of social problems and economic and political activities. (Typically offered: Fall and Spring)
GEOS 1123H. Honors Human Geography. 3 Hours.
Basic course in human geography stressing the interrelationships between the natural factors of the environment and man's activities, especially the role of geography in the understanding of social problems and economic and political activities. Prerequisite: Honors candidacy. (Typically offered: Fall and Spring) This course is equivalent to GEOS 1123.
GEOS 1131L. Earth Science Laboratory (ACTS Equivalency = GEOL 1124 Lab). 1 Hour.
Laboratory exercises concerning human interactions with the physical environment including the study of earthquakes, volcanoes, flooding, erosion, mass wasting, water supply and contamination, and waste disposal. (Typically offered: Fall and Spring)

GEOS 1133. Earth Science (ACTS Equivalency = GEOL 1124 Lecture). 3 Hours.
The application of earth science principles and knowledge of problems created by human occupancy and exploitation of the physical environment. (Typically offered: Fall and Spring)

## GEOS 1154. Introduction to Geology for Science Majors. 4 Hours.

Survey of geological processes and materials and their relationships to landforms, natural resources, environments, and human beings. Students will understand the principles of physical geology, Earth's internal structure, plate tectonics, and geologic time. Students may not receive degree credit for both GEOS 1113/GEOS 1111L and GEOS 1154. Corequisite: Lab component. Prerequisite: Freshman or sophomore standing, or by instructor consent. (Typically offered: Fall)
GEOS 2003. World Regional Geography (ACTS Equivalency = GEOG 2103). 3 Hours.
Survey of problems, development potential, and physical and human resources of the developing and developed world. (Typically offered: Fall and Spring)

GEOS 2003H. Honors World Regional Geography. 3 Hours.
Survey of problems, development potential, and physical and human resources of the developing and developed world. Prerequisite: Honors candidacy. (Typically offered: Fall and Spring)
This course is equivalent to GEOS 2003.

## GEOS 2313. Mineralogy. 3 Hours.

General principles of mineralogy, study and identification of common minerals, igneous \& metamorphic rocks using hand samples. Prerequisite: (GEOS 1113 or GEOS 1154) and CHEM 1103. Corequisite: Lab component. (Typically offered: Fall)

## GEOS 2813. Digital Earth. 3 Hours.

This course introduces the fundamental concepts and practical geospatial techniques of the digital earth initiative. Students will learn how digital geographical information is produced (also referred to as geospatial data) and utilized in a variety of economic, environmental, and scientific applications. The class will concentrate on how digital geospatial data are produced, integrated and applied in daily life and will review a variety of environmental and socioeconomic applications. (Typically offered: Fall)

## GEOS 2813H. Honors Digital Earth. 3 Hours.

This course introduces the fundamental concepts and practical geospatial techniques of the digital earth initiative. Students will learn how digital geographical information is produced (also referred to as geospatial data) and utilized in a variety of economic, environmental, and scientific applications. The class will concentrate on how digital geospatial data are produced, integrated and applied in daily life and will review a variety of environmental and socioeconomic applications. Prerequisite: Honors standing. (Typically offered: Fall)
This course is equivalent to GEOS 2813.
GEOS 3013. Foundations of Geospatial Data Analysis. 3 Hours.
Basic mathematical tools applied in geospatial technology, including trigonometry in mapping, linear algebra in remote sensing, optimization in spatial decision support, and graph theory in routing. Course develops the framework for spatial data analysis and decision support. Students may receive credit for the course through testing. Prerequisite: GEOS 3543. (Typically offered: Fall and Spring)
GEOS 3023. Introduction to Cartography. 3 Hours.
Students learn basic principles of map design, cartographic theory and field surveying to produce a variety of computer-generated maps. An introductory course designed for students in a variety of different disciplines using AutoCad software and various new technologies. Field trips may be required. (Typically offered: Fall)

GEOS 3043. Sustaining Earth. 3 Hours.
Theory and growth of conservation and sustainability, the wise use of the major natural resources of the United States. This course meets the requirement in conservation and sustainability for teachers. Prerequisite: Junior standing. (Typically offered: Fall)

GEOS 3043H. Honors Sustaining Earth. 3 Hours.
Theory and growth of conservation and the wise use of the major natural resources of the United States. This course meets the requirement in conservation for teachers. Prerequisite: Junior standing. (Typically offered: Fall)
This course is equivalent to GEOS 3043.
GEOS 3063. Geology of Arkansas. 3 Hours.
A survey of the distribution, genesis, and age of the rocks, fossils, structures, landforms and geological processes of Arkansas. Equivalent to two hours of lecture per week. Field trips required. Prerequisite: (GEOS 1113 or GEOS 1113H or GEOS 1154). (Typically offered: Spring)
GEOS 3103. Geospatial Technologies Computational Toolkit. 3 Hours. Basic computational tools and processes applied in geospatial software, related computer hardware components, systems and applications software, and spatial database fundamentals. Python, including SciPy and NumPy, geospatial implementations will be emphasized. No programming experience is required. Students may receive credit for the course through testing. Prerequisite: GEOS 3543. (Typically offered: Fall and Spring)

## GEOS 3213. Principles of Remote Sensing. 3 Hours.

Fundamental concepts of remote sensing of the environment. Optical, infrared, microwave, LIDAR, and in situ sensor systems are introduced. Remote sensing of vegetation, water, urban landscapes, soils, minerals, and geomorphology is discussed. The course includes laboratory exercises in GIS software and field spectroscopy. (Typically offered: Fall)
GEOS 3333. Oceanography. 3 Hours.
The sea, its landforms; its winds and currents as related to the atmosphere, world climates, and world trade; its basin as avenues for continental drift; its waters as habitat for plant and animal life; its marine and submarine resources as presently and potentially useful to man. Offered as physical science. Prerequisite: Junior standing. (Typically offered: Fall)

## GEOS 3413. Sedimentary Geology. 3 Hours.

An introductory study of sedimentary rocks from the standpoint of classification, field and laboratory description, genesis, and preservation. Lecture 2 hours, laboratory 2 hours per week. Corequisite: Lab component. Prerequisite: GEOS 2313. (Typically offered: Spring)

## GEOS 3514. Structural Geology. 4 Hours.

Survey of deformational features and their geological significance in the crust of the earth. Lecture 3 hours per week. Corequisite: Lab component. Prerequisite: GEOS 1113 or GEOS 1154. (Typically offered: Spring)
GEOS 3543. Geospatial Applications and Information Science. 3 Hours.
An introduction to the methods and theory underlying the full range of geographic information science and collateral areas - including GNSS, remote sensing, cadastral, spatial demographics and others. (Typically offered: Fall and Spring) This course is cross-listed with ANTH 3543.

## GEOS 3553. Spatial Analysis Using ArcGIS. 3 Hours.

Applications of analysis of spatial data using ArcGIS tools in map design, on-line mapping, creating geodatabases, accessing geospatial data, geo-processing, digitizing, geocoding, spatial analysis including basic spatial statistics, analysis of spatial distributions and patterning and 3D application using ArcGIS 3D Analyst. Prerequisite: GEOS 3543. (Typically offered: Fall and Spring)

## GEOS 3563. Geospatial Data Mining. 3 Hours.

Basic tools for analyzing, summarizing and visualizing geospatial data. Exploratory data and spatial data analysis, probability distributions and application, single and multivariate analysis and hypothesis testing, and spatial smoothing and interpolation. Emphasis will be on problem solving in geospatial settings using the R statistical language. Prerequisite: GEOS 3543 and (GEOS 3013 or MATH 2554 or MATH 2043 or DASC 2594) and (GEOS 3103 or DASC 1104 or DASC 2113). (Typically offered: Fall and Spring)

GEOS 3593. Introduction to Geodatabases. 3 Hours.
Fundamental concepts and applications of geospatial databases. Schema development and spatial data models for geodata. Spatial and attribute query and optimization, properties and structures of relational and object-oriented geodatabases. Spatial extensions of SQL, spatial indexing, measurement, and geometry. Prerequisite: GEOS 3543 and (GEOS 3013 or MATH 2554 or MATH 2043 or DASC 2594) and (GEOS 3103 or DASC 1104 or DASC 2113). (Typically offered: Fall and Spring)

GEOS 360V. Undergraduate Special Problems. 1-6 Hour.
Library, laboratory, or field research in different phases of geology. (Typically offered: Fall, Spring and Summer) May be repeated for up to 6 hours of degree credit.

## GEOS 3733. Geospatial Data Science in Public Health. 3 Hours.

Introduction to geospatial data science, including geographic information systems (GIS) and related technologies, with an emphasis on their practical applications in the fields of public health, global health, healthcare analytics, healthcare administration, and other health-related fields. (Typically offered: Fall)

GEOS 3873. Geological Data Analysis. 3 Hours.
Quantitative methods and techniques for analysis and interpretation of geological data. Corequisite: Lab component. Pre- or corequisite: MATH 2564. (Typically offered: Spring)

GEOS 3901. Junior Honors Course. 1 Hour.
Special honors research in geology. One hour credit each semester. Prerequisite: Junior standing. (Typically offered: Fall, Spring and Summer)

GEOS 3911. Junior Honors Course. 1 Hour.
Special honors research in geology. One hour credit each semester. Prerequisite: Junior standing. (Typically offered: Fall, Spring and Summer)

GEOS 399VH. Honors Course. 1-6 Hour.
Honors course. Prerequisite: Junior standing. (Typically offered: Irregular) May be repeated for up to 6 hours of degree credit

## GEOS 4033. Hydrogeology. 3 Hours

Occurrence, movement, and interaction of water with geologic and cultural features. Lecture 3 hours per week. Corequisite: Lab component. Prerequisite: MATH 2043 or MATH 2554, and GEOS 3514. (Typically offered: Spring)

GEOS 4043. Geography of the Middle East. 3 Hours.
Physical and cultural landscapes, natural and cultural resources, art and architecture, land use, political history, OPEC, and current problems of North Africa and the Middle East region west of Afghanistan are discussed. Class participation, discussions, slides and films, and student presentations will round out the class. Prerequisite: Junior standing. (Typically offered: Fall)

GEOS 4043H. Honors Geography of the Middle East. 3 Hours.
Physical and cultural landscapes, natural and cultural resources, art and architecture, land use, political history, OPEC, and current problems of North Africa and the Middle East region west of Afghanistan are discussed. Class participation, discussions, slides and films, and student presentations will round out the class.

Prerequisite: Junior standing. (Typically offered: Irregular)
This course is equivalent to GEOS 4043.
GEOS 4053. Geomorphology. 3 Hours.
A quantitative, mechanistic overview of surface processes and landscape evolution. Lecture 2 hours, laboratory 3 hours per week. One to two field trips on weekends (2 day total) are required during the semester. Corequisite: Lab component. Prerequisite: GEOS 3873 or instructor consent. (Typically offered: Spring)

GEOS 4063. Principles of Geochemistry. 3 Hours.
Introduction to fundamental principles of geochemistry from historic development to modern concepts.Prerequisite: CHEM 1121L, CHEM 1123 and GEOS 2313. (Typically offered: Fall)

GEOS 4073. Urban Geography. 3 Hours.
Areal patterns of modern urban regions and the focus shaping these patterns. Emphasis is placed on American urban areas and their evolution and functional areas. Field work. Prerequisite: Junior standing. (Typically offered: Spring)

## GEOS 4083. Economic Geology. 3 Hours.

Introduction to mineral deposits used as economic resources. Covers basic geology and geochemistry of mineral deposit formations and the formation of major classes of deposits. Examines the relationship between the distribution of ores, oil, gas, coal, and Plate Tectonics. Explores environmental issues associated with the extraction of earth resources. Prerequisite: GEOS 2313. (Typically offered: Irregular)

## GEOS 4093. History and Philosophy of Geography. 3 Hours

This course familiarizes students with the history of geography, the contributions of geographers to scientific thought and theory, and research techniques that are used in geography. Emphasis is given to the integration of statistical and spatial analysis, and their applications in field research. The course includes short fieldbased projects in and around Northwest Arkansas. (Typically offered: Spring Even Years)

GEOS 410V. Special Problems in Geosciences. 1-6 Hour.
Designed to meet the needs of students who wish to study one particular geographic topic in some detail. Prerequisite: Junior standing. (Typically offered: Fall) May be repeated for up to 6 hours of degree credit.

## GEOS 410VH. Honors Special Problems in Geosciences. 1-6 Hour.

Designed to meet the needs of students who wish to study one particular geographic topic in some detail. Prerequisite: Junior standing. (Typically offered: Fall) May be repeated for up to 6 hours of degree credit.
This course is equivalent to GEOS 410 V .
GEOS 4113. Global Change. 3 Hours.
Examines central issues of global change including natural and human induced climate change, air pollution, deforestation, desertification, wetland loss urbanization, and the biodiversity crisis. The U.S. Global Change Research Program is also examined. (Typically offered: Spring)

## GEOS 4113H. Honors Global Change. 3 Hours.

Examines central issues of global change including natural and human induced climate change, air pollution, deforestation, desertification, wetland loss urbanization, and the biodiversity crisis. The U.S. Global Change Research Program is also examined. Prerequisite: Honors candidacy. (Typically offered: Spring) This course is equivalent to GEOS 4113.

## GEOS 4153. Karst Hydrogeology. 3 Hours.

Assessment of ground water resources in carbonate rock terrains; relation of ground water and surface water hydrology to karst; quantification of extreme variability in karst environments; data collection rationale. Field trips required. Prerequisite: GEOS 4033. (Typically offered: Irregular)

GEOS 4223. Stratigraphy and Sedimentation. 3 Hours.
Introductory investigation of stratigraphic and sedimentologic factors important to the study of sedimentary rocks. Lecture 2 hours, laboratory 3 hours per week. A required weekend, two-day field trip will be conducted during the semester. Corequisite: Lab component. Prerequisite: GEOS 3413. (Typically offered: Fall)

## GEOS 4233. Geography of Religion \& Sacrality. 3 Hours.

Explores the spatial nature of the World's major faiths and religious institutions, focusing on the distribution and origins of these religions. Examines the religious beliefs, rituals, architecture, demographics, and art in different societies, cultures, and countries. Considers the tenets and practices of what is sacred and/or spiritual, held in common by a group or community. Prerequisite: Junior or senior standing. (Typically offered: Irregular)

## GEOS 4243. Political Geography. 3 Hours.

Contemporary world political problems in their geographic context. Development of the principles of political geography with emphasis upon the problems of Eastern Europe, Africa, and Southeast Asia. Prerequisite: Junior standing. (Typically offered: Fall Odd Years)

## GEOS 4253. Petroleum Geology. 3 Hours.

Distribution and origin of petroleum. Lecture 2 hours, laboratory 2 hours per week. Corequisite: Lab component. Prerequisite: Geology major and senior standing. (Typically offered: Fall)

GEOS 4263. Geospatial Data Science - Sources and Characteristics. 3 Hours.
Covers the wide range of geospatial data sources and characteristics with emphasis on data science applications through hands-on experience recognizing the unique requirements of major sources. Techniques for the integration of disparate, heterogeneous data sets will be covered. Corequisite: GEOS 3563. Prerequisite: GEOS 3543. (Typically offered: Fall)

GEOS 430V. Internship in Physical Geography. 3-6 Hour.
Supervised experience in municipal, county, state or private natural resource management agency, or any other such organization approved by instructor. (Typically offered: Fall, Spring and Summer)

GEOS 4333. Igneous and Metamorphic Petrology. 3 Hours.
Elementary to advanced study of the origin and evolution of igneous and metamorphic rocks in a variety of plate tectonics settings. Lecture 2 hours, Laboratory 2 hours per week. Corequisite: Lab component. Prerequisite:
GEOS 2313. (Typically offered: Spring)
GEOS 4353. Meteorology. 3 Hours.
Examination of the atmospheric processes that result in multifarious weather systems. Offered as physical science. Prerequisite: Junior standing. (Typically offered: Fall)

## GEOS 4363. Climatology. 3 Hours.

Fundamentals of topical climatology followed by a study of regional climatology. Offered as physical science. Prerequisite: GEOS 1133 or GEOS 4353. (Typically offered: Spring)

GEOS 437V. Geology Field Trip. 1-2 Hour.
Camping field trip to areas of geologic interest, usually conducted during Spring Break. (Typically offered: Spring) May be repeated for up to 4 hours of degree credit.
GEOS 4383. Hazard \& Disaster Assessment, Mitigation, Risk \& Policy. 3 Hours.
Comprehensive introduction to interdisciplinary approaches to natural and environmental hazards and risk. Hazards and disaster assessment, mitigation, and policy are the focus of the class. Prerequisite: Junior or senior standing. (Typically offered: Spring) May be repeated for up to 6 hours of degree credit.

GEOS 4383H. Honors Hazard \& Disaster Assessment, Mitigation, Risk \& Policy. 3 Hours.
Comprehensive introduction to interdisciplinary approaches to natural and environmental hazards and risk. Hazards and disaster assessment, mitigation, and policy are the focus of the class. Prerequisite: Junior or senior standing. (Typically offered: Spring)
This course is equivalent to GEOS 4383.
GEOS 4393. American Public Lands \& Policy. 3 Hours.
The course examines the role of American federal public lands in 19th-21st century geography, history, policy, and art. It investigates the growth of conservation, preservation, and management movements in the US by looking at America's national parks, forests, dams, wildlife refuges, wilderness areas, managed and agricultural lands. Prerequisite: Junior or senior standing. (Typically offered: Irregular)

GEOS 4393H. Honors American Public Lands \& Policy. 3 Hours.
The course examines the role of American federal public lands in 19th-21st century geography, history, policy, and art. It investigates the growth of conservation, preservation, and management movements in the US by looking at America's national parks, forests, dams, wildlife refuges, wilderness areas, managed and agricultural lands. Prerequisite: Honors standing and Junior or senior standing. (Typically offered: Irregular)
This course is equivalent to GEOS 4393.

## GEOS 4433. Geophysics. 3 Hours.

Derivation from physical principles, of the geophysical methods for mapping the Earth. Computational methods of converting gravity, magnetic, radiometric, electrical, and seismic data into geologic information. Lecture 3 hours, laboratory 2 hours per week. Corequisite: Lab component. Prerequisite: MATH 2564 and PHYS 2033 and PHYS 2031L and GEOS 3514. (Typically offered: Irregular)

## GEOS 4473. Applied Climatology. 3 Hours.

Applied climatology involves the use of climatic data to solve a variety of social, economic and environmental problems, such as for clients in agriculture, water and energy management. The basic purpose of applied climatology is to help society, at all scales and levels, to achieve a better adjustment to the climatic environment. (Typically offered: Fall)

## GEOS 4493. Geography of Political Violence. 3 Hours.

This seminar focuses on the rise of civil conflict in the post-World War II world. We are particularly interested in understanding the institutional challenges facing countries that experience such conflict. The class will develop a contextuallyinformed understanding of the international system and how it is shaped by civil war. Prerequisite: Junior or senior standing. (Typically offered: Fall Even Years) This course is cross-listed with INST 4103H.

GEOS 4493H. Honors Geography of Political Violence. 3 Hours.
This seminar focuses on the rise of civil conflict in the post-World War II world. We are particularly interested in understanding the institutional challenges facing countries that experience such conflict. The class will develop a contextuallyinformed understanding of the international system and how it is shaped by civil war Prerequisite: Junior or senior standing and honors standing. (Typically offered: Fall Even Years)
This course is cross-listed with GEOS 4493, INST 4103H.
GEOS 4523. Cartographic Design and Production. 3 Hours.
This course addresses advanced cartographic concepts (i.e. visual hierarchy, aesthetics, image cognition) and production techniques as they relate to computerassisted mapping. Students produce a variety of maps using Adobe Illustrator (CS $4-6$ ) software to build a map portfolio. Field trips may be required. Prerequisite: GEOS 3023. (Typically offered: Spring)
GEOS 4533. Introduction to Petroleum Geophysics. 3 Hours.
Introduction to seismic wave propagation and petroleum seismology with particular emphasis on seismic events, elastic waves, and seismic survey design. Prerequisite: MATH 2564, (PHYS 2033 or PHYS 2074), and GEOS 3514 or instructor consent. (Typically offered: Fall)

GEOS 4533H. Honors Introduction to Petroleum Geophysics. 3 Hours.
Introduction to seismic wave propagation and petroleum seismology with particular emphasis on seismic events, elastic waves, and seismic survey design. Prerequisite: MATH 2564, (PHYS 2033 or PHYS 2074), and GEOS 3514 or instructor consent. (Typically offered: Fall)
This course is equivalent to GEOS 4533.

GEOS 4553. Introduction to Raster GIS. 3 Hours.
Theory, data structure, algorithms, and techniques behind raster-based geographical information systems. Through laboratory exercises and lectures multidisciplinary applications are examined in database creation, remotely sensed data handling, elevation models, and resource models using boolean, map algebra, and other methods. Prerequisite: GEOS 3543 or ANTH 3543. (Typically offered: Fall) This course is cross-listed with ANTH 4553.
GEOS 4563. Geology of Our National Parks. 3 Hours.
This course examines the underlying geology responsible for selected parks, and explores the interplay of geology, biology, climate, topography, and humans to evaluate the value of the parks, and to anticipate the problems they will face in the near and long-term. Prerequisite: GEOS 1113. (Typically offered: Fall)

## GEOS 4583. Enterprise and Multiuser GIS. 3 Hours.

GIS practice that's typical of collaborative team-based geospatial organizations. Solve real-world problems through end-to-end GIS design and implementation using ArcGIS Enterprise, extensive federal, state, and local repositories, and high quality software documentation. Includes relevant training in geospatial provenance and metadata, and in enterprise and multiuser GIS administration. (Typically offered: Spring)

GEOS 4593. Introduction to Global Positioning Systems and Global Navigation Satellite Systems. 3 Hours.
Fundamentals of navigation, mapping, and high-precision positioning using the Navstar Global Positioning System. Topics include datum definition and transformation, map projections, autonomous and differential positioning using both code and carrier processing, and analysis of errors. Prerequisite: GEOS 3543 or GEOS 5543. (Typically offered: Fall)

## GEOS 4653. GIS Analysis and Modeling. 3 Hours.

Unlike conventional GIS courses that focus on studying "where", this course will teach students to address beyond "where" using various GIS analysis and modeling techniques to explore "why" and "how". The course will provide theoretical and methodological reviews of the principles of cartographic modeling and multi-criteria decision-making. (Typically offered: Spring)
GEOS 4663. Low-Temperature Geochemistry of Natural Waters. 3 Hours.
Covers the low-temperature geochemistry of waters and their associated minerals at Earth's surface. Examines the controls on the chemical composition of natural waters and the minerals precipitated from them. Topics covered will include water-rock interactions, pH , redox, the carbonate-water system, clay minerals and exchange, heavy metals, and a brief introduction to stable isotopes and geomicrobiology. Prerequisite: CHEM 1121L, CHEM 1123, GEOS 1113, and GEOS 1111L. (Typically offered: Fall)

## GEOS 4686. Geology Field Camp. 6 Hours.

A professional course taught off campus emphasizing occurrence, description, mapping, and interpretation of major rock types. May not be taken for graduate credit. Prerequisite: GEOS 3413 and GEOS 3514. (Typically offered: Summer)

## GEOS 4693. Environmental Justice. 3 Hours.

This course deals with the ethical, environmental, legal, economic, and social implications of society's treatment of the poor, the disenfranchised, and minorities who live in the less desirable, deteriorating neighborhoods, communities, and niches of our country. The class integrates science with philosophy, politics, economics, policy, and law, drawing on award-winning films, current news, and case studies. (Typically offered: Spring)
GEOS 4783. Geography of Europe. 3 Hours.
Geographic regions of the area with emphasis on their present development. Prerequisite: Junior standing. (Typically offered: Irregular)

GEOS 4793. Geospatial Unmanned Aircraft Systems. 3 Hours.
Geospatial unmanned aircraft systems (UAS) are becoming key technologies in a number of disciplines. This course will introduce safe and legal operation of UAS in aerial photography, multispectral, thermal and LIDAR applications, geodetic control, photogrammetric and computer vision processing, and the creation of accurate 2D and 3D digital information products. Pre- or Corequisite: GEOS 3213 or GEOS 4593 or equivalent. (Typically offered: Fall)
GEOS 4813. Geography of Eurasia. 3 Hours.
Introduction to the culture, society, and politics of Eurasia using the organizing concept of empire from the moment of its consolidation in 1945 to its dissolution in 1991. Focuses on places that have emerged from this order and emphasizes experience and memory at each of these different times and places. Prerequisite: Junior standing. (Typically offered: Spring Even Years)

GEOS 4924. Earth System History (ACTS Equivalency = PHSC 1104). 4 Hours. Physical and biological events that form the history of the earth from its formation to the beginning of the historical era. Corequisite: Lab component. Prerequisite: GEOS 3413 and (GEOS 4223 or GEOS 4333) and GEOS 3514. (Typically offered: Spring)

## GEOS 4933. Ancient Forest Science and Sustainability. 3 Hours.

Ancient forests preserve beautiful habitat with high ecological integrity. This course will examine the development, spatial distribution, and ongoing destruction of ancient forests worldwide, and how science can contribute to the understanding and sustainable management of these valuable resources. (Typically offered: Spring)

## GEOS 4972H. Senior Honors Course I. 2 Hours.

Special honors research in geology. Two hours of credit each semester. Prerequisite: Junior honors. (Typically offered: Fall, Spring and Summer)

## GEOS 4982H. Senior Honors Course II. 2 Hours.

Special honors research in geology. Two hours of credit each semester. Prerequisite: Junior honors. (Typically offered: Fall, Spring and Summer)

## GEOS 4993. Dynamics of Sediment Transport. 3 Hours.

This is a course focused on how fluids transport sediment and construct stratigraphy. Lectures will develop environmental fluid mechanics and sediment transport from first principles so they can be used to evaluate sedimentological and stratigraphic problems. This framework will be applied to a sedimentological problem using original data and analysis. Pre- or Corequisite: GEOS 4223. Prerequisite:
GEOS 3413. (Typically offered: Fall Odd Years)

## Graphic Design (GDSB)

Marty Maxwell Lane
Director of the School of Art
Studio \& Design Center, 696 W. Praxis Lane
479-575-5202
School of Art Website (https://fulbright.uark.edu/departments/art/)
The Bachelor of Fine Arts degree in Graphic Design — often also referred to as visual design, visual communication design or visual communication - will prepare students to be proficient makers and thoughtful problem seekers and solvers in a four-year professional degree program. Students will work seamlessly across a range of media, working to identify appropriate solutions for audience and context. Students will be exposed to a rigorous curriculum covering research, theory, critical thinking, professional practices, conceptual idea-making, all while asking them to formally experiment and refine. The Graphic Design degree focuses on: typography, interactivity, branding and design research, each identified as strongly connected to the design industry, while incorporating the university research initiatives of the School of Art at the University of Arkansas.

## Requirements for Admission to the Bachelor of Fine Arts Degree in Graphic Design

For admission to the B.F.A. in Graphic Design, students must be a declared Art major in the School of Art and successfully complete the art foundation course sequence of ARTS 1919C Studio Foundation I and ARTS 1929C Studio Foundation II. Students must have a 3.0 cumulative GPA plus submit an application and portfolio for review.

University and College Requirements for a Bachelor of Fine Arts in Graphic Design

In addition to the Fulbright College of Arts and Sciences Graduation Requirements (see under Degree Completion Program Policy), the following course requirements must be met.

| State Minimum PHIL 2003 list completing bo | ore (The Humanities requirement is satisfied by below. The Fine Arts requirement is satisfied by RHS 2913 and ARHS 2923 listed below.) |
| :---: | :---: |
| PHIL 2003 | Introduction to Philosophy (ACTS Equivalency = PHIL 1103) |
| ARTS 1919C | Studio Foundation I |
| ARTS 1929C | Studio Foundation II |
| GDES 2313 | Design Tools and Concepts |
| GDES 3313 | Typographic Systems 1 |
| GDES 3323 | Typographic Systems 2 |
| GDES 3383 | User Experience |
| GDES 3393 | Identity Systems 1 |
| GDES 4303 | Professional Development and Seminar |
| GDES 4313 | Interactive Language |
| GDES 4323 | Technology in Context |
| GDES 4343 | Identity Systems 2 |
| GDES 4353 | Human Centered Design |
| GDES 4363 | Design for Complexity |
| GDES 4373 | Typographic Systems 3 |
| GDES 4383 | Degree Project |
| Nine credit hours in studio art (ARTS) courses |  |
| Three credit hours in any School of Art course (ARED, ARHS, ARTS or GDES), excluding ARHS 1003. |  |
| 15 credit hours | t history, to include: |

| ARHS 2913 | Art History Survey I (ACTS Equivalency = ARTA <br> 2003) |
| :--- | :--- |
| ARHS 2923 | Art History Survey II (ACTS Equivalency = ARTA <br> 2103 ) |
| ARHS 4823 | History of Graphic Design |
| Six credit hours in art history (ARHS) courses numbered at the |  |
| 3000-level or higher |  |

Students are required to take one interdisciplinary elective for three credit hours numbered at the 3000 -level or higher in a program outside the School of Art. It must have a clear connection to design and/or to the student's chosen topic for their Degree Project. The course can be taken at any time, but it is recommended during the final year. Interdisciplinary electives require approval by the program director.
General Electives $\quad 1$

## Graphic Design B.F.A. <br> Eight-Semester Degree Plan

Students selecting the eight-semester degree plan should review the Eight-Semester Degree Completion Policy (p. 67).

State minimum core requirements may vary by individual, based on placement and previous credit granted. Once all core requirements are met, students may substitute with general electives in consultation with their academic advisor.

| First Year | Units |  |
| :---: | :---: | :---: |
|  | Fall | Spring |
| ENGL 1013 Composition I (ACTS Equivalency = ENGL 1013) (Satisfies General Education Outcome 1.1) ${ }^{1}$ | 3 |  |
| MATH 1313 Quantitative Reasoning (ACTS Equivalency $=$ MATH 1113) (Satisfies General Education Outcome 2.1) ${ }^{1}$ <br> or MATH 1203 College Algebra (Satisfies General Education Outcome 2.1) ${ }^{1}$ or any MATH course numbered higher than MATH 1203 (Satisfies General Education Outcome 2.1) ${ }^{1}$ | 3 |  |
| ARTS 1919C Studio Foundation I <br> ENGL 1023 Composition II (ACTS Equivalency = ENGL 1023) (Satisfies General Education Outcome 1.1) ${ }^{1}$ | 9 | 3 |
| ARHS 2913 Art History Survey I (ACTS <br> Equivalency $=$ ARTA 2003) <br> or ARHS 2923 Art History Survey II (ACTS <br> Equivalency = ARTA 2103) |  | 3 |
| ARTS 1929C Studio Foundation II |  | 9 |
| Year Total: | 15 | 15 |
| Second Year | Fall | Units <br> Spring |
| State Minimum Core-Science with corequisite lab (Satisfies General Education Outcome 3.4) ${ }^{1}$ | 4 |  |
| ARHS 2913 Art History Survey I (ACTS <br> Equivalency = ARTA 2003) <br> or ARHS 2923 Art History Survey II (ACTS <br> Equivalency = ARTA 2103) | 3 |  |
| GDES 2313 Design Tools and Concepts | 3 |  |
| GDES 3313 Typographic Systems 1 | 3 |  |
| Studio Art (ARTS) course | 3 |  |
| State Minimum Core-Science with corequisite lab (Satisfies General Education Outcome 3.4) ${ }^{1}$ |  | 4 |
| PHIL 2003 Introduction to Philosophy (ACTS Equivalency = PHIL 1103) (Satisfies General Education Outcomes 3.2 and 5.1) ${ }^{1}$ |  | 3 |
| ARHS 4823 History of Graphic Design |  | 3 |
| GDES 3323 Typographic Systems 2 |  | 3 |
| GDES 3383 User Experience |  | 3 |
| Year Total: | 16 | 16 |

| Third Year | Units |  |
| :---: | :---: | :---: |
|  | Fall | Spring |
| State Minimum Core-U.S. History or Government (Satisfies General Education Outcome 4.2) ${ }^{1}$ | 3 |  |
| GDES 3393 Identity Systems 1 | 3 |  |
| GDES 4313 Interactive Language | 3 |  |
| Art History (ARHS) course numbered at the 3000level or higher | 3 |  |
| Studio Art (ARTS) course | 3 |  |
| State Minimum Core-Social Sciences (Satisfies General Education Outcome 3.3 and 4.1) ${ }^{1}$ |  | 3 |
| State Minimum Core-Social Sciences (Satisfies General Education Outcome 3.3 and 4.1) ${ }^{1}$ |  | 3 |
| GDES 4303 Professional Development and Seminar |  | 3 |

Please visit these pages in the links provided and consult with your academic advisor when making course selections to fulfill these requirements.

## Honors Requirements

As part of the Honors Studies Program of the Fulbright College of Arts and Sciences, the School of Art provides the opportunity for academically superior junior- and senior-level students to acquire broader and deeper knowledge and skills in graphic design. This is accomplished through independent research projects in design under the direction of the graphic design faculty. Outstanding achievement is recognized by awarding the distinction "Art Scholar Cum Laude."

## Project Requirements

- Design artifact
- Written research report
- Final presentation/exhibition
- Thesis document based on research report with expanded analytical component -address contextual impact of the design artifact and broader implications of the research
- Thesis defense with committee (separate from final presentation/ exhibition)

## Courses

| ARHS 4823H | Honors History of Graphic Design | 3 |
| :--- | :--- | ---: |
| GDES 490VH | Honors Thesis in Graphic Design | $1-6$ |
| GDES 4383H | Honors Degree Project | 3 |

## Timeline

## Sophomore year

- ARHS 4823H Honors History of Graphic Design (3 hours, required, spring semester)
- Declare honors prior to the start of spring semester sophomore year

## Junior year

- GDES 490VH Honors Thesis in Graphic Design (1-6 hours, optional, fall or spring semester)
- Define thesis project
- Thesis proposal due in March

## Senior year

- GDES 4383H Honors Degree Project (3 hours, required, spring semester)
- Form thesis committee in fall semester (2 people from School of Art, 1

To graduate with honors distinction, a student must maintain a cumulative grade-point average of 3.5 in all college course work, complete and defend an honors thesis, and take 12 hours of honors credit (which may include the required GDES honors courses listed above). Higher degree distinctions take into consideration the student's entire academic career and are recommended for only those students whose honors projects and
programs of study demonstrate a truly exceptional degree of creativity and scholarship.

## Courses

## GDES 2313. Design Tools and Concepts. 3 Hours.

Introduces Graphic Design students to design concepts with a concentration on professional industry tools. Emphasizes development of visual problem solving while creating well-crafted solutions. Prerequisite: ARTS 1919C and ARTS 1929 C. (Typically offered: Fall)

## GDES 3313. Typographic Systems 1. 3 Hours.

Examination of letterform construction, including anatomy and architecture. Analysis through a historical lens, exploring technological and cultural contexts. Typographic nuance and connotation. Introduction of the grid as a means to understand layout and organize typography. Prerequisite: ARTS 1919C and ARTS 1929C and Bachelor of Fine Arts in Graphic Design majors only. (Typically offered: Fall)
GDES 3323. Typographic Systems 2. 3 Hours.
Will introduce the complexity of adding imagery, both photographic and illustrative, into typographic layout. Management of hierarchy in a more advanced way through grid usage. Artifacts will span print to web, exploring how typography must always adapt to new contexts and audiences. Prerequisite: GDES 2313 and GDES 3313 and Bachelor of Fine Arts in Graphic Design majors only. (Typically offered: Spring)

## GDES 3383. User Experience. 3 Hours.

Prepare students to design with usability and function at the forefront of their decision making. Personas, user scenarios and research to guide the design process. Exploration of the field of information architecture in order to clearly structure information and experience. Introduction to HTML, CSS, and other interactive languages. Prerequisite: GDES 2313, GDES 3313 and Bachelor of Fine Arts in Graphic Design majors only. (Typically offered: Fall and Spring)
GDES 3393. Identity Systems 1. 3 Hours.
Beginning identity design course, focusing on theory and application of semiotics, through creation of icon sets and small scale applications. Emphasis placed on connotation, creating messaging and formal development. Prerequisite: GDES 3323 and Bachelor of Fine Arts in Graphic Design majors only. (Typically offered: Fall)

GDES 4303. Professional Development and Seminar. 3 Hours.
Preparation of students for professional practice and job seeking. Development of online and print portfolio and other collateral. Contemporary design practice through discussions, reading, writing, guest speakers and studio visits. Emphasis on assisting each student in preparing for their unique future. Prerequisite: GDES 3383 and GDES 3393 and Bachelor of Fine Arts in Graphic Design majors only. (Typically offered: Spring)

## GDES 4313. Interactive Language. 3 Hours.

Advanced course utilizing interactive languages to create responsive experiences for the web, touch screens. Exploration of the intersection of linear and non-linear design experiences in the application of motion to web. Prerequisite: GDES 3323 and GDES 3383 and Bachelor of Fine Arts in Graphic Design majors only. (Typically offered: Fall and Spring)

## GDES 4323. Technology in Context. 3 Hours.

Advanced course focusing on speculative explorations in the world of interaction design. Much of the work will be touch and gesture based and dealing with the built environment. Application of knowledge about proper workflow and execution in an advanced way. Prerequisite: GDES 4303 and GDES 4313 and Bachelor of Fine Arts in Graphic Design majors only. (Typically offered: Fall)
GDES 4333. Special Topics in Graphic Design. 3 Hours.
Topics dealing with trends, movements, and new elements within the design field, such as entrepreneurship, diversity, sustainability, critical issues, and data. (Typically offered: Fall and Spring) May be repeated for up to 12 hours of degree credit.

## GDES 4343. Identity Systems 2. 3 Hours.

Advanced identity design course emphasizing creating cohesive messaging systems that cover a wide range of media. Creation of identity systems that are based on research and appropriate to content, context and audience. Media may span environmental, motion, print, web and packaging. Prerequisite: GDES 3393 and GDES 4313 and Bachelor of Fine Arts in Graphic Design majors only. (Typically offered: Fall and Spring)

## GDES 4353. Human Centered Design. 3 Hours.

Research-based studio introducing design methods that focus on an audience centric process. Exposure to communication theory, modes of persuasion, sustainability, how to design for niche audiences. Prerequisite: GDES 4303 and GDES 4313 and Bachelor of Fine Arts in Graphic Design majors only. (Typically offered: Fall)

GDES 4363. Design for Complexity. 3 Hours.
Providing opportunity to address problems existing outside of the classroom with the focus shifting between design for good initiatives. Collaboration, research, problem seeking and solving will be addressed. Prerequisite: GDES 4323, GDES 4343, GDES 4353, and Bachelor of Fine Arts in Graphic Design majors only. (Typically offered: Fall and Spring)

## GDES 4373. Typographic Systems 3. 3 Hours.

Culminating typography course, exploration of typography at an advanced level through a variety of projects. Projects may range from type design to type in motion to complex publication design. Exhibition of the utmost professional ideation, process, execution and craft expected. Prerequisite: GDES 4303, GDES 4343, and Bachelor of Fine Arts in Graphic Design majors only. (Typically offered: Fall and Spring)

## GDES 4383. Degree Project. 3 Hours.

Capstone course requiring completion of a self-directed project through in-depth research, writing and making, offering an opportunity to specialize prior to entering the job market. Prerequisite: GDES 4323, GDES 4343, GDES 4353, and Bachelor of Fine Arts in Graphic Design majors only. (Typically offered: Spring)

## GDES 4383H. Honors Degree Project. 3 Hours.

Capstone course requiring completion of a self-directed project through indepth research, writing and making, offering an opportunity to specialize prior to entering the job market. Prerequisite: Honors standing, GDES 4323, GDES 4343, GDES 4353, and Bachelor of Fine Arts in Graphic Design majors only. (Typically offered: Spring)
This course is equivalent to GDES 4383.

## GDES 439V. Special Problems in Graphic Design. 1-6 Hour.

Advanced individual projects in graphic design. Prerequisite: Any 4000 level GDES visual design course except GDES 4343. (Typically offered: Fall and Spring) May be repeated for up to 6 hours of degree credit.

## GDES 490VH. Honors Thesis in Graphic Design. 1-6 Hour.

Thesis hours for honors students completing an honors thesis. Prerequisite: Honors standing. (Typically offered: Fall and Spring)

GDES 494V. Graphic Design Internship. 1-6 Hour.
Credit for practical experience gained through internship in graphic design. Report required form intern and field supervisor on progress and significant accomplishments. 3 credit hours per semester. Prerequisite: Any 4000 level GDES visual design course except GDES 4343. (Typically offered: Fall, Spring and Summer) May be repeated for up to 6 hours of degree credit.

## History (HIST)

Laurence Hare
Department Chair
416 Old Main
(479) 575-5890
lhare@uark.edu
History Department Website (http://fulbright.uark.edu/departments/ history/)

The Department of History offers an undergraduate major leading to a Bachelor of Arts in history as well as a minor in history.

The Department of History offers specialized study of world societies and their evolution to the present. Students may concentrate on areas such as Africa, the Middle East, Latin America, Asia, Europe, or the history of the United States. Undergraduate majors and minors prepare students for careers in government service, law, publishing, teaching, business school, diplomacy, journalism, archival management, communications, or graduate studies.

The Department of History also offers a highly competitive graduate program. Graduate faculty members direct both seminars and specialized training leading to the Master of Arts and Doctor of Philosophy degrees. The Department of History also offers junior and senior history majors an opportunity to secure valuable experience working in the field of history. Previous interns have worked for the Washington County Historical Society and the Arkansas Historical Association.

For requirements for advanced degrees in history, see the Graduate School Catalog (http://catalog.uark.edu/graduatecatalog/programsofstudy/ historyhist/).

For information regarding departmental scholarships, visit the History Department's scholarships page (http://fulbright.uark.edu/departments/ history/undergraduate/scholarships.php).

## Requirements for B.A. in History with Histories of Conflict, Justice and Peace Concentration

The following credit hour requirements must be met (refer to Degree Completion Program Policy (http:// catalog.uark.edu/undergraduatecatalog/collegesandschools/ jwilliamfulbrightcollegeofartsandsciences/) for additional information). In addition, the Fulbright College Writing Requirement may be satisfied by completing at least three credit hours of HIST 4893, HIST 4893H, HIST 498 V , or HIST 498 VH with a grade of B or better. With approval of the department, students may also meet the Fulbright College Writing Requirement by submitting a substantive research paper completed in a course in the Department of History at the 3000-level or higher and earning a grade of $B$ or better.

State minimum core (p. 81) requirements may vary by individual, based on placement and previous course credit earned. Once all core requirements are met, students may substitute with general electives in consultation with their academic adviser.

## State Minimum Core

## Foundations in History

HIST 1001 Perspectives in History (Perspectives in History) or HIST 10011Hbnors Perspectives in History
Choose three courses from the following. Courses applied to this requirement may not be used to satisfy other requirements in the major.
Choose one world civilization survey course:
HIST 1113 Institutions and Ideas of World Civilizations I
(ACTS Equivalency $=$ HIST 1113)

| HIST 1123 Institutions and Ideas of World Civilizations II <br> (ACTS Equivalency = HIST 1123) <br> Choose one United States history survey course:  |  |
| :--- | :--- |
| HIST 2003 | History of the American People to 1877 (ACTS <br> Equivalency = HIST 2113) |
| HIST 2013 | History of the American People, 1877 to Present <br> (ACTS Equivalency = HIST 2123) |
| Choose one additional world civilization survey course, or one United |  |
| States survey course, or one of the topical courses below: |  |

Methods in History
Choose one of the following courses. Courses applied to this requirement may not be used to satisfy other requirements in the major.

HIST 3013 Ancient Historians
HIST 3713 Issues in Public History
HIST 3963
HIST 3973 Historical Methods (Historical Methods) or HIST 397:Honors Historical Methods
HIST 4693 Approaching Global History

## History Electives

Complete six credit hours in history (HIST) electives, including at least three credit hours numbered at the 3000-level or higher. Credit hours applied to this requirement may not be used to satisfy other requirements in the major.

Concentration

Applications in History
HIST 4901 Applying History (Applying History)
Complete at least six credit hours from the following three options.
Credit hours applied to this requirement may not be used to satisfy other requirements in the major.

Up to three credit hours in HIST 491V Internship in History, or up to three credit hours from a history (HIST) course numbered at the 3000-level or higher or equivalent approved by the department that is either part of an approved study abroad or designated servicelearning program.
HIST 4893 History Seminar
or HIST 4893\#bnors History Seminar
Up to three credit hours of HIST 498V Senior Thesis/HIST 498VH Senior Thesis.
Any UA-Fayetteville credit hours numbered at the 3000-level or
higher
Any credit hours numbered at the 3000-level or higher, or any 10
2000-level credit hours that have a course prerequisite
General Electives

| Total Hours | 120 |
| :--- | :--- |

In consultation with an academic adviser, students are encouraged to design a program of study with both breadth and depth. All history majors
are also recommended to take courses leading to a minor or additional major suited to the student's academic and career goals.

## Concentration Requirements:

Complete 12 credit hours from the following:

| HIST 3063 | Military History | 3 |
| :--- | :--- | :--- |
| HIST 3093 | Women in U.S. History | 3 |
| HIST 3133 | History of Sports in Africa | 3 |
| HIST 3203 | Colonial Latin America | 3 |
| HIST 3233 | African American History to 1877 | 3 |
| HIST 3243 | African American History Since 1877 | 3 |
| HIST 3253 | The History of Sub-Saharan Africa | 3 |
| HIST 3263 | History of the American Indian | 3 |
| HIST 3273 | Agricultural and Rural History of the United States | 3 |
| HIST 3333 | LGBTQ+ Histories | 3 |
| HIST 3373 | Rise of the American Empire: War, Migration and | 3 |
|  | Expansion, 1789-1917 | 3 |
| HIST 3383 | Arkansas and the Southwest | 3 |
| HIST 3453 | Modern Terrorism | 3 |
| HIST 3473 | Palestine and Israel in Modern Times | 3 |
| HIST 3533 | World War II | 3 |
| HIST 3543 | Russia to 1861 | 3 |
| HIST 3553 | Russia Since 1861 | 3 |
| HIST 3573 | World War I | 3 |
| HIST 3583 | The United States and Vietnam, 1945-1975 | 3 |
| HIST 3603 | Colonial and Revolutionary America, 1600-1789 | 3 |
| HIST 3623 | Black Movements and Messiahs | 3 |
| HIST 3693 | Europe in the 20th Century | 3 |
| HIST 4003 | Democratic Athens | 3 |

## Requirements for B.A. in History with Histories of Global Cultures and Societies Concentration

The following credit hour requirements must be met (refer to Degree Completion Program Policy (http:// catalog.uark.edu/undergraduatecatalog/collegesandschools/ jwilliamfulbrightcollegeofartsandsciences/) for additional information). In addition, the Fulbright College Writing Requirement may be satisfied by completing at least three credit hours of HIST 4893, HIST 4893H, HIST 498 V , or HIST 498 VH with a grade of B or better. With approval of the department, students may also meet the Fulbright College Writing Requirement by submitting a substantive research paper completed in a course in the Department of History at the 3000-level or higher and earning a grade of $B$ or better.

State minimum core (p.81) requirements may vary by individual, based on placement and previous course credit earned. Once all core requirements are met, students may substitute with general electives in consultation with their academic adviser.

## State Minimum Core <br> Foundations in History 10

HIST 1001 Perspectives in History (Perspectives in History) or HIST 10011 +bnors Perspectives in History
Choose three courses from the following. Courses applied to this requirement may not be used to satisfy other requirements in the major.
Choose one world civilization survey course:

| HIST 1113 | Institutions and Ideas of World Civilizations I <br> (ACTS Equivalency = HIST 1113) |
| :---: | :--- |
| HIST 1123 | Institutions and Ideas of World Civilizations II <br> (ACTS Equivalency = HIST 1123) |
| Choose one United States history survey course: |  |
| HIST 2003 | History of the American People to 1877 (ACTS <br> Equivalency = HIST 2113) |
| HIST 2013 | History of the American People, 1877 to Present <br> (ACTS Equivalency = HIST 2123) |

Choose one additional world civilization survey course, or one United
States survey course, or one of the topical courses below:

| HIST 1203 | History of Football |
| :--- | :--- |
| HIST 1223 | History of Business in America |

| HIST 1233 | History of Race and Medicine |
| :--- | :--- |
| HIST 2203 | History of Tomorrow: Global Visions of the Future <br> (History of Tomorrow: Global Visions of the Future) |
|  | HIST 2093 |

## Methods in History

Choose one of the following courses. Courses applied to this requirement may not be used to satisfy other requirements in the major.

| HIST 3013 | Ancient Historians |
| :---: | :---: |
| HIST 3713 | Issues in Public History |
| HIST 3963 |  |
| HIST 3973 or HIST | Historical Methods (Historical Methods) :Honors Historical Methods |
| HIST 4693 | Approaching Global History |

## History Electives

Complete six credit hours in history (HIST) electives, including at least three credit hours numbered at the 3000-level or higher. Credit hours applied to this requirement may not be used to satisfy other requirements in the major.

## Concentration

Applications in History
HIST 4901 Applying History (Applying History)
Complete at least six credit hours from the following three options.
Credit hours applied to this requirement may not be used to satisfy other requirements in the major.

Up to three credit hours in HIST 491V Internship in History, or up to three credit hours from a history (HIST) course numbered at the 3000-level or higher or equivalent approved by the department that is either part of an approved study abroad or designated servicelearning program.
HIST 4893 History Seminar
or HIST 4893\#bnors History Seminar
Up to three credit hours of HIST 498V Senior Thesis/HIST 498VH Senior Thesis.
Any UA-Fayetteville credit hours numbered at the 3000-level or 5 higher
Any credit hours numbered at the 3000-level or higher, or any 10 2000-level credit hours that have a course prerequisite
General Electives

## Total Hours

In consultation with an academic adviser, students are encouraged to design a program of study with both breadth and depth. All history majors are also recommended to take courses leading to a minor or additional major suited to the student's academic and career goals.

Complete 12 credit hours from the following:

| HIST 3003 | History of Christianity | 3 |
| :--- | :--- | :--- |
| HIST 3033 | Islamic Civilization | 3 |
| HIST 3043 | History of the Modern Middle East | 3 |
| HIST 3073 |  | 3 |
| HIST 3083 |  | 3 |
| HIST 3103 | European Integration and Globalization | 3 |
| HIST 3133 | History of Sports in Africa | 3 |
| HIST 3193 | The Making of the Modern Caribbean | 3 |

| HIST 3203 | Colonial Latin America | 3 |
| :---: | :---: | :---: |
| HIST 3213 | Modern Latin America | 3 |
| HIST 3253 | The History of Sub-Saharan Africa | 3 |
| HIST 3293 | History of Popular Culture | 3 |
| HIST 3303 | U.S. Immigration History | 3 |
| HIST 3313 | Latinos and Latinas in the U.S. | 3 |
| HIST 3363 | The Atlantic World, 1400-1850 | 3 |
| HIST 3373 | Rise of the American Empire: War, Migration and Expansion, 1789-1917 | 3 |
| HIST 3393 | The Ozarks: People, Place, and Time | 3 |
| HIST 3423 | British History, 1688-Present | 3 |
| HIST 3433 | Twentieth Century Britain through Film | 3 |
| HIST 3523 | Modern China | 3 |
| HIST 3533 | World War II | 3 |
| HIST 3573 | World War I | 3 |
| HIST 3593 | The 1960s: A World Transformed | 3 |
| HIST 3633 | Modern Japan | 3 |
| HIST 3763 | History of Central Asia | 3 |
| HIST 3883 | Modern Italy and the World, 1861-Present | 3 |
| HIST 4013 | Alexander the Great and the Hellenistic World | 3 |
| HIST 4033 | Roman Empire | 3 |
| HIST 4043 | Late Antiquity and the Early Middle Ages | 3 |
| HIST 4073 | Renaissance and Reformation, 1300-1600 | 3 |
| HIST 4083 | Early Modern Europe, 1600-1800 | 3 |

15 Requirements for B.A. in History with Histories of Statemaking and the Limits of Power Concentration
The following credit hour requirements must be met (refer to Degree Completion Program Policy (http:// catalog.uark.edu/undergraduatecatalog/collegesandschools/ jwilliamfulbrightcollegeofartsandsciences/) for additional information). In addition, the Fulbright College Writing Requirement may be satisfied by completing at least three credit hours of HIST 4893, HIST 4893H, HIST 498V, or HIST 498VH with a grade of B or better. With approval of the department, students may also meet the Fulbright College Writing Requirement by submitting a substantive research paper completed in a course in the Department of History at the 3000-level or higher and earning a grade of $B$ or better.

State minimum core (p. 81) requirements may vary by individual, based on placement and previous course credit earned. Once all core requirements are met, students may substitute with general electives in consultation with their academic adviser.

State Minimum Core 35

## Foundations in History

HIST 1001 Perspectives in History (Perspectives in History) or HIST 10011 Hb nors Perspectives in History
Choose three courses from the following. Courses applied to this requirement may not be used to satisfy other requirements in the major.
Choose one world civilization survey course:

| HIST 1113 | Institutions and Ideas of World Civilizations I <br> (ACTS Equivalency = HIST 1113) |
| :---: | :--- |
| HIST 1123 | Institutions and Ideas of World Civilizations II <br> (ACTS Equivalency = HIST 1123) |
| Choose one United States history survey course: |  |

Choose one additional world civilization survey course, or one United
States survey course, or one of the topical courses below:

| HIST 1203 | History of Football |
| :--- | :--- |
| HIST 1223 | History of Business in America |

## Methods in History

Choose one of the following courses. Courses applied to this requirement may not be used to satisfy other requirements in the major. major.
${ }^{1}$ Students must complete the State Minimum Core (https:// nam11.safelinks.protection.outlook.com/?url=http\%3A\%2F \%2Fcatalog.uark.edu\%2Fundergraduatecatalog\%2Fgened \%2Fstateminimum\%2F\&data=04\%7C01\%7Crcc003\%40uark.edu \%7C92f936f375f845bf930708d8e3ec5fa1\%7C79c742c4e61c4fa5be89a3cb. \%7CTWFpbGZsb3d8eyJWIjoiMC4wLjAwMDAiLCJQljoiV2luMzliLCJBTil6lk1. \%7C1000\&sdata=ZHBCul1Vytd \%2FCnZSMgcmPS5ZljYEvtv2HPmN6hSxflk\%3D\&reserved=0) and the requirements of their major(s) as outlined in the Catalog of Studies. ## Requirements for a Minor in History

A student must notify the department of his or her intent to minor. Requirements are 18 semester hours to include the following:

| Select two of the following courses |  |
| :---: | :---: |
| HIST 1003 or HIST 100: |  |
| HIST 1113 <br> or HIST <br> or HUMN | Institutions and Ideas of World Civilizations I (ACTS Equivalency $=$ HIST 1113) <br> आ\#bnors Institutions and Ideas of World Civilizations I FHDthors Roots of Culture to 500 C.E. |
| HIST 1123 <br> or HIST <br> or HUMN | Institutions and Ideas of World Civilizations II (ACTS Equivalency $=$ HIST 1123) <br> :Honors Institutions and Ideas of World Civilizations II <br> Honors Birth of Modern Culture 1600-1900 |
| HIST 1203 | History of Football |
| HIST 2003 | History of the American People to 1877 (ACTS Equivalency = HIST 2113) |
| HIST 2013 | History of the American People, 1877 to Present (ACTS Equivalency $=$ HIST 2123) |
| HIST 2093 | Animals in World History |

In addition, complete 12 hours of upper-level credit, at least 6 hours 12 of which must be at the 4000-level.

Total Hours
Requirements for Departmental Honors in History: The College and the Departmental Honors Programs in History provide undergraduates with an opportunity to carry out independent study and research under the guidance of history faculty and to participate in special honors courses, seminars, and colloquia. Admission to the Fulbright Honors Program is open to history majors with a minimum cumulative GPA of 3.5 in all courses. Candidates for Departmental Honors in History must complete a minimum of 12 credit hours in honors courses, including at least three hours chosen fromHIST\#3973H HIST 4893H, or HIST 498VH. To complete the required thesis, honors candidates should choose a faculty thesis director as early as possible but no later than the first semester of the student's junior year. Honors candidates must meet the college's requirements for an honors degree.\# Students graduating with honors typically graduate with the distinctioncum laude. Higher distinctions (summa\#cum laude magna\#cum laud\& are awarded by the Honors Council in truly exceptional cases and are based upon the whole of the candidate's program of honors studies.

Social Studies Teacher Licensure Requirements: Students interested in teaching Social Studies Education leading to licensure for 7-12 instruction should pursue both a BA in History and a Bachelor of Arts in Teaching (BAT) in Social Studies Education (p. 806) concurrently.

Students interested in licensure should discuss options with the Office of Teacher Education (p. 806).

## Courses

HIST 1001. Perspectives in History. 1 Hour.
Introduction to the history major and to college life, emphasizing essential collegiate academic skills and the methods and techniques of the professional historian.
Designed for history majors, history minors, and those with an interest in learning skills relevant to history, other humanities, or other social sciences. (Typically offered: Irregular)

HIST 1001H. Honors Perspectives in History. 1 Hour.
Introduction to the history major and to college life, emphasizing essential collegiate academic skills and the methods and techniques of the professional historian.
Designed for history majors, history minors, and those with an interest in learning skills relevant to history, other humanities, or other social sciences. Prerequisite:
Honors standing. (Typically offered: Irregular)
This course is equivalent to HIST 1001.
HIST 1113. Institutions and Ideas of World Civilizations I (ACTS Equivalency = HIST 1113). 3 Hours.
Introduces the major civilizations of the world in their historical context to 1500. (Typically offered: Fall and Spring)
HIST 1113H. Honors Institutions and Ideas of World Civilizations I. 3 Hours.
Study of Western and non-Western civilizations. (Typically offered: Irregular) This course is equivalent to HIST 1113.
HIST 1123. Institutions and Ideas of World Civilizations II (ACTS Equivalency = HIST 1123). 3 Hours.
Introduces the major civilizations of the world in their historical context, since 1500. (Typically offered: Fall and Spring)

HIST 1123H. Honors Institutions and Ideas of World Civilizations II. 3 Hours.
Study of Western and non-Western civilizations. (Typically offered: Irregular) This course is equivalent to HIST 1123.

## HIST 1203. History of Football. 3 Hours.

Explores the history of football in America from its invention in the nineteenth century, through its meteoric growth in the twentieth century, to the most recent developments. Examines the ways that the game has both reflected broader social and economic trends in America, and catalyzed them. (Typically offered: Irregular)
HIST 1223. History of Business in America. 3 Hours.
Surveys the evolution of American business enterprises, with emphases on entrepreneurs, technology and corporate structures, the role of governments and markets, and the challenges these businesses faced. (Typically offered: Fall Odd Years)

## HIST 1233. History of Race and Medicine. 3 Hours.

Examines history of western biomedicine on the intersection of science, medicine, and race to trace origins of current racial disparities. Examples from the United States and other international developments. (Typically offered: Irregular) This course is cross-listed with AAST 1233.
HIST 2003. History of the American People to 1877 (ACTS Equivalency = HIST 2113). 3 Hours.

A history of American life encompassing constitutional, political, social, intellectual and economic development from prior to European colonization to 1877. (Typically offered: Fall, Spring and Summer)

HIST 2013. History of the American People, 1877 to Present (ACTS Equivalency = HIST 2123). 3 Hours.
A history of American life encompassing constitutional, political, social, intellectual and economic development from Reconstruction to the present. (Typically offered: Fall, Spring and Summer)

## HIST 2093. Animals in World History. 3 Hours.

Survey of the interrelationship between human and nonhuman animals in comparative historical settings. The course is interdisciplinary by design and draws from social history, cultural studies, religious history, literature, film, and visual culture to gain a deeper sense of how animals have been integral to human societies. (Typically offered: Fall and Spring)

## HIST 2203. History of Tomorrow: Global Visions of the Future. 3 Hours.

 Survey of cultural visions of the distant future in the modern era as represented in architecture, art, literature, popular culture, and religious practice. Emphasis on the articulation of future vision in the context of cross-cultural encounters, conflict and war, globalization, modernization, and technological development. (Typically offered: Irregular)HIST 3003. History of Christianity. 3 Hours.
This course surveys the theological, political, and cultural history of Mediterranean Christianity, c. 30-600 CE. Special topics include patristics, Christianity and Empire, and the formation of Christian sacred space. (Typically offered: Irregular)

## HIST 3013. Ancient Historians. 3 Hours.

Survey of ancient historiography from Herodotus (5th c BCE) to Ammianus Marcellinus (4th c CE). Topics covered include the development of ancient history, historical causality, rhetoric and history, military history, historical biography, use of polemic, Roman adaptations of Greek models, and the portrayal of the "other" in history. (Typically offered: Fall)

## HIST 3033. Islamic Civilization. 3 Hours.

A survey of the foundation, evolution, and distinctive character of Islam, with attention to religion, literature, art, architecture, science, and political society. Particular attention given to the development of Islamic doctrines, sectarian movements, and systematic theology. Concludes with a look at Islamic resurgence movements and their place in the contemporary world. (Typically offered: Irregular)

## HIST 3043. History of the Modern Middle East. 3 Hours.

Examines the history of the Islamic Middle East from the rise of the Ottoman and Safavid Persian empires up to World War I and then concludes with the issues and patterns of 20th century Middle Eastern political and socio-economic life. Topics include Islam and politics, Arab nationalism, Western imperialism, the Arab-Zionist conflict, petroleum politics, and modernization vs. traditionalism. (Typically offered: Irregular)

## HIST 3063. Military History. 3 Hours.

Survey of the basic principles and problems of strategy, tactics, and military organization from Alexander the Great to the present. Special attention will be given to the operation of these factors in the American Revolution, the Napoleonic Wars, the American Civil War, and World War II. (Typically offered: Irregular)

## HIST 3093. Women in U.S. History. 3 Hours.

Examines women in U.S. History from the early encounters of North American colonization to the gendered experiences of American women in the present day. (Typically offered: Irregular)

A survey of political, social, and economic issues from the late antebellum period through Reconstruction. Emphasis is placed on the causes of the Civil War and the problems of postwar America. A brief examination of the Civil War is included. (Typically offered: Irregular)

## HIST 4673. The American Civil War. 3 Hours.

An intensive study of the political, social, military, and economic aspects of the American Civil War period. (Typically offered: Fall)

## HIST 4693. Approaching Global History. 3 Hours.

Explores theoretical perspectives on global history through a treatment of the historiographical development of the field, readings of landmark texts, and selected case studies of global themes. (Typically offered: Irregular)
This course is cross-listed with INST 4693.

## HIST 4703. Emergence of Modern America, 1876-1917. 3 Hours.

A survey of the impact of the Industrial Revolution, Imperialism, and progressivism upon American life and institutions. (Typically offered: Fall Odd Years)

HIST 4713. Women, Gender, and Sexuality in Colonial Latin America. 3 Hours. This course examines women, gender, and sexuality in colonial Latin America. It explores the lives of indigenous, Spanish, African, and mixed-race women from all social ranks. A central question is: does the current status of women in Latin America stem from a colonial legacy of gender oppression and sexual repression? (Typically offered: Irregular)
This course is cross-listed with LALS 4713.
HIST 4723. America Between the Wars, 1917-1941. 3 Hours.
The impact of World War I, the 1920s, and the Great Depression upon American society and culture. (Typically offered: Spring Even Years)

## HIST 4733. Recent America, 1941 to the Present. 3 Hours.

A general survey of American history since World War II with emphasis upon the presidency, reform movements, the Cold War, and cultural developments. (Typically offered: Irregular)

HIST 4743. The Cold War in Latin America: Revolutions, Violence, and Politics. 3 Hours.
This course will trace the rise of the ideological and political struggles over social and economic development and the security regimes designed to thwart socialist revolution and political mobilization. The influence of the United States in Latin
American security regimes and "containment" activities will receive special attention. (Typically offered: Irregular)
This course is cross-listed with LALS 4743.

HIST 4763. Diplomatic History of the United States, 1900-1945. 3 Hours. America's development as a world power. The course examines U.S. relations with Europe, Latin America, and East Asia, plus America's first approach to the Middle East. Particular emphasis is placed on America's involvement in World War I and World War II. (Typically offered: Spring Odd Years)

HIST 4773. Diplomatic History of the US, 1945 to Present. 3 Hours.
U.S. involvement in world affairs since WWII. The Cold War from an international perspective, including strategies, nuclear deterrence, conflicts, economic developments, cultural relations among allies and adversaries. Post-Cold War scenarios, including war on terrorism. (Typically offered: Irregular)

## HIST 4783. History of Modern Mexico. 3 Hours.

This course examines the history of Mexico from the wars of independence to the present. Emphasis will be placed on the turbulent nineteenth century and the Mexican Revolution. Themes covered include colonial legacies, national identities, popular culture, emigration, and relations with the United States. (Typically offered: Irregular)

HIST 4793. Colonial India, 1758-1948. 3 Hours.
Examines the course of Indian history from the 1758 Battle of Plassey to eventual independence from Great Britain in 1948. Special attention is given to India's place within the British Empire, particularly the East Indian Company, the Indian Mutiny, the Raj, the rise of Gandhi, and India's independence movement. (Typically offered: Irregular)

## HIST 4803. Modern Scandinavia. 3 Hours.

Examines the history of the Nordic lands, including Denmark, Finland, Iceland, Norway, and Sweden, from 1500 to the present. (Typically offered: Irregular)

HIST 4813. Africans and Slavery in Colonial Latin America. 3 Hours.
Explores the diverse experiences of slaves and free Blacks in colonial Spanish and Portuguese America from 1500 to around 1888, demonstrating that bondage and the practice of African slavery was a pillar of political authority in colonial Latin America. (Typically offered: Irregular)
This course is cross-listed with AAST 4813, LALS 4813.
HIST 4823. Black Freedom in the Age of Emancipation. 3 Hours.
This course centers on the comparative study of Atlantic World freedom movements from the perspective of the African Diaspora. It focuses on the histories, meanings, legacies of the various types of black emancipation in the Atlantic World and the cultural technologies that enabled them. (Typically offered: Spring) This course is cross-listed with AAST 4823.

## HIST 4843. Global History of Soccer. 3 Hours.

Prompts students to explore the various historical processes related to the global diffusion of and engagement with soccer. Examines the ways soccer has reflected the broader, ongoing process of globalization, with players, ideas, tactics, and wealth circulating throughout the globe. (Typically offered: Irregular)

HIST 4863. From Hiroshima to Fukushima: Nuclear Security in Asia. 3 Hours. History of nuclear security in Asia from the end of World War II to the nuclear meltdown at Fukushima. Analyzes environmental and human aspects involved in the production and testing of nuclear weapons, the building of nuclear facilities, and the impact of nuclear disasters on the region. (Typically offered: Irregular)

## HIST 4873. Germany since 1945. 3 Hours.

Examines the history of Germany since the end of the Second World War including political division and economic recovery, dissident movements in East Germany and alternative cultures in West Germany, reunification in 1990, and the legacy of Nazism and the Holocaust. (Typically offered: Irregular)
HIST 4883. Health and Disease: 1500 to the Present. 3 Hours.
Explores the emergence of epidemics against the backdrop of the nation state and anxieties over women, the lower classes, and other marginalized groups. The rise of modern health programs illuminates the cultural construction of medicine, the biases of scientific inquiry, and the tensions among paternalism, liberty, and prejudice.
(Typically offered: Irregular)

HIST 4893. History Seminar. 3 Hours.
Advanced study of selected historical topics, with emphasis on the application of historical research methods and writing skills to produce a substantial research paper or thesis. (Typically offered: Fall and Spring) May be repeated for up to 6 hours of degree credit.

## HIST 4893H. Honors History Seminar. 3 Hours.

Advanced study of selected historical topics, with emphasis on the application of historical research methods and writing skills to produce a substantial research paper or thesis. Prerequisite: Honors Standing. (Typically offered: Fall and Spring) May be repeated for up to 6 hours of degree credit.
This course is equivalent to HIST 4893.
HIST 4901. Applying History. 1 Hour.
Study of the ways in which historians apply knowledge in their discipline to advance research, preserve the past, and address contemporary issues. Reflection on student learning in history and possibilities for post-baccalaureate study and employment. (Typically offered: Fall and Spring)

HIST 4901H. Honors Applying History. 1 Hour.
Study of the ways in which historians apply knowledge in their discipline to advance research, preserve the past, and address contemporary issues. Reflection on student learning in history and possibilities for post-baccalaureate study and employment. Prerequisite: Honors standing. (Typically offered: Fall and Spring) This course is equivalent to HIST 4901.

HIST 491V. Internship in History. 1-3 Hour.
Work experience related to history arranged by the student under the guidance of a faculty member. Paper required. (Typically offered: Fall, Spring and Summer) May be repeated for up to 6 hours of degree credit.
HIST 4943. U.S. Labor History, from 1877-present. 3 Hours.
This course will examine the changing nature of work in U.S. history from 1877 until the present. It will pay particular attention to the ways that workers--individually and collectively--understand the meanings of their labor and to the ways that notions of class, gender, ethnicity, and race inform these understandings. (Typically offered: Irregular)

HIST 4953. The Global 1860s. 3 Hours.
Explores the pivotal decade of the 1860s, from its roots in the events revolving around the 1848 Revolutions in Europe to its developments up to the end of the 1870s. Shows the connections between the Americas, Europe, South Asia and parts of the Caribbean and the Pacific. (Typically offered: Irregular)
HIST 4963. Third World Underdevelopment and Modernization. 3 Hours. Examines key issues related to societal change in the Third World, including various views and theories of international development and modernization. Other major issues explored include social inequalities, food and hunger, population, environment, trade and globalization, international aid, and the roles of state, market, and civil society. (Typically offered: Irregular)
This course is cross-listed with AAST 4963.
HIST 4973. The Civilization of the Renaissance in Italy. 3 Hours.
Important trends in Italian culture between the 14th and 16th centuries, including the birth of humanism, new understandings of the past, "new" political ideologies, scientific innovation, and famous art produced in the Western tradition. (Typically offered: Irregular)

HIST 498V. History Thesis. 1-6 Hour.
Advanced research and writing supporting the development of a substantive research thesis in history. (Typically offered: Fall, Spring and Summer) May be repeated for up to 6 hours of degree credit.

## HIST 498VH. Honors History Thesis. 1-6 Hour.

Honors history thesis. Prerequisite: Junior standing and honors standing. (Typically offered: Fall, Spring and Summer) May be repeated for up to 6 hours of degree credit.
This course is equivalent to HIST 498V.

HIST 4993. History of the Ottoman Empire, 1300-1923. 3 Hours.
History of the Ottoman Empire from its emergence as frontier principality in Anatolia ca. 1300, through its heyday as a major imperial power on three continents in the fifteenth through the eighteenth centuries, ending with its encounter with western imperialism and nationalism in the nineteenth and early twentieth centuries. (Typically offered: Irregular)

## Humanities (HUMN)

Trish Starks
Director of Humanities
419 Old Main
479-575-7592
tstarks@uark.edu (\%E2\%80\%8Btstarks@uark.edu)
Humanities Program Website (https://fulbright.uark.edu/programs/ humanities-program/)

The Humanities Program supports the Honors Humanities Project (H2P) and promotes humanistic scholarship and inquiry, innovative and interdisciplinary teaching, and humanities scholarship to the wider community.

## Courses

HUMN 1114H. Honors Roots of Culture to 500 C.E.. 4 Hours.
This course constitutes the first segment of a four-semester interdisciplinary study of the Egyptian Book of the Dead, the Torah, the Roman Colosseum, Hinduism, and Confucianism. Open to first-year Honors students by invitation only. Corequisite: Drill component. (Typically offered: Fall)

## HUMN 1124H. Honors Equilibrium of Cultures 500-1600. 4 Hours.

This course constitutes the second segment of a four-semester sequence focusing on world cultures. Semester 2 may include the interdisciplinary study of Islam, early Byzantium, Gothic architecture, Heian Japan, and the ancient Maya. Open to firstyear Honors students by invitation only. Corequisite: Drill component. (Typically offered: Spring)

## HUMN 2013. Introduction to Buddhism. 3 Hours.

Beginning with an analysis of the fundamental principles that underlie all Buddhist thought and practice, students will proceed through the major precepts that have historically distinguished the traditions of Southern and Northern Asia. Attention will also be given to Buddhism's spread through Europe and North America in the twentieth century. (Typically offered: Fall)

## HUMN 2114H. Honors Birth of Modern Culture 1600-1900. 4 Hours.

This course constitutes the third segment of a four-semester sequence focusing on world cultures. Semester 3 may include the interdisciplinary study of Renaissance Venice, feudal Japan, Moghul India, Jefferson's Monticello, and Darwinism. Open to second-year Honors students by invitation only. Corequisite: Drill component. (Typically offered: Fall)

## HUMN 2213. Introduction to World Religions. 3 Hours.

A survey of major religious traditions, including--but not limited to--Hinduism, Buddhism, Judaism, Christianity, and Islam. (Typically offered: Spring and Summer)

## HUMN 301V. Internship in Humanities. 1-3 Hour.

Work experience in the Arkansas Humanities Center or other humanities entity or organization. Project required. (Typically offered: Fall, Spring and Summer)

## HUMN 3083. Professional Topics. 3 Hours.

Specialized topics related to professional issues in the humanities, e.g. academic and alternative-academic job searches, publication workshops, public humanities, and/or teaching of humanities disciplines at various levels. (Typically offered: Irregular) May be repeated for up to 9 hours of degree credit. This course is cross-listed with ENGL 3083.

## HUMN 3923H. Honors Colloquium. 3 Hours.

Treats a special topic or issue offered as a part of the Honors Program. Prerequisite: Honors candidacy. (Typically offered: Irregular) May be repeated for degree credit.

HUMN 425V. Colloquium. 1-6 Hour.
An interdisciplinary, value-oriented discussion course. (Typically offered:
Irregular) May be repeated for up to 6 hours of degree credit.
HUMN 425VH. Honors Colloquium. 1-6 Hour.
An interdisciplinary, value-oriented discussion course. (Typically offered:
Irregular) May be repeated for up to 6 hours of degree credit.
This course is equivalent to HUMN 425V.

## Indigenous Studies (INDS)

## Sean Teuton

Director of Indigenous Studies
479-575-6000
Kimpel Hall 333
steuton@uark.edu
The Indigenous Studies minor invites discovery of alternative world views, ecological relationships, societies, religions, arts, and governments of indigenous peoples in North America and beyond from antiquity to the present. Immersed in this inherently interdisciplinary field of study, students have the opportunity to master and employ its many theories and methodologies, debates and issues, in often comparative contexts. Such exposure and training prepares those who achieve the minor for graduate work in the humanities, business, law, and the sciences as they pertain to indigenous peoples, but also for any career that requires a supple knowledge of cultural difference between Arkansas and an increasingly global world.

## Requirements for a Minor in Indigenous Studies

Students seeking the minor in Indigenous Studies must complete three courses, one from each of three core groups: Culture, History and Literature. Students then complete two additional elective courses from the list below for a total of 15 credit hours. Other courses not listed below may serve the requirements, although only as approved by the Indigenous Studies program director. Only 6 credit hours can count toward requirements of other majors or minors.

| Culture |  |  |
| :--- | :--- | :--- |
| ANTH 3213 | Indigenous Peoples of North America: <br> Anthropological Perspectives | 3 |
| ANTH 3473 | North American Prehistory | 3 |
| ANTH 3533 | Medical Anthropology | 3 |
| ANTH 4143 | Ecological Anthropology | 3 |
| History |  | 3 |
| HIST 3263 | History of the American Indian |  |
| Literature |  | 3 |
| COMM 3983 | Special Topics | 3 |
| ENGL 3553 | Topics in Native American Literature and Culture | 3 |
| ENGL 4553 | Studies in Native American Literature and Culture | 3 |
| WLLC 4043 | The Early French in North America ${ }^{2}$ | 3 |
| WLLC 3053 | The Colonial French in the Mississippi Valley ${ }^{2}$ | 3 |

[^6]including the Arkansas area, respectively, combining ethnohistory and literary study of accounts found in original documents. Taught in English language.

## Interdisciplinary Studies (IDST)

Robert Brady

Program Director
Kimpel Hall 417
479-575-3048
rbrady@uark.edu
The Interdisciplinary Studies Program is targeted toward highly motivated students whose interests, needs, and talents are not reflected or met by existing majors. It is a major in which students will pursue coursework from two or more traditional disciplines in sufficient depth and breadth to prepare them for employment or graduate/professional study. The major will lead to a Bachelor of Arts in interdisciplinary studies.

The Interdisciplinary Studies Program is targeted toward highly motivated students whose interests, needs, and talents are not reflected or met by existing majors. It is a major in which students will pursue coursework from two or more traditional disciplines in sufficient depth and breadth to prepare them for employment or graduate/professional study. The major will lead to a Bachelor of Arts in Interdisciplinary Studies.

There are three options for students who wish to pursue a B.A. in Interdisciplinary Studies:

- Option 1 - Construction of an Interdisciplinary Studies major consisting of three thematically linked minors, at least one of which from the Fulbright College of Arts and Sciences. Students will follow the specific program requirements as specified by each minor. For Option 1, Thematically Linked Coursework must contain a minimum of 45 credit hours with a maximum number of hours dependent on which group of three minors are selected.
- Option 2 - Construction of an Interdisciplinary Studies major consisting of a thematically linked set of coursework primarily selected from, but not limited to, courses in Fulbright College. For Option 2, Thematically Linked Coursework must contain a minimum of 45 credit hours with a maximum of 21 hours of course work from a single discipline. Thirty credit hours of the proposed coursework must be numbered at the 3000-level or higher. At least two-thirds of the advanced level coursework must be completed on the UA-Fayetteville campus.
- Option 3 - Construction of an Interdisciplinary Studies major consisting of three to five thematically linked minors, certificates and microcertificates, at least one of which from the Fulbright College of Arts and Sciences. Students will follow the specific program requirements as specified by each minor, certificate, and/or microcertificate. For Option 3, Thematically Linked Coursework must contain a minimum of 45 credit hours with a maximum number of hours dependent on which minors, certificates or microcertificates are selected.

In addition to the Plan of Study, students wishing to pursue the interdisciplinary studies major must also submit a narrative statement that (1) expresses how the proposed coursework (or group of minors) fit together thematically; (2) expresses why the student's interests and needs are not met by existing degree programs; and (3) expresses how the interdisciplinary studies major contributes to the student's career goals and post-graduate opportunities.

## Interdisciplinary Studies Program Requirements:

Students must maintain a GPA of 2.5 or better on coursework constituting the major (e.g., Options 1, 2, or 3) for continuation in the program and in order to graduate with an Interdisciplinary Studies major. Should a student's GPA in the major fall below 2.5 , he or she will have one semester to bring the GPA back to an acceptable level.

In addition to the Fulbright College of Arts and Sciences Graduation Requirements (see under Degree Completion Program Policy), the following course requirements must be met.

State minimum core requirements may vary by individual, based on placement and previous credit granted. Once all core requirements are met, students may substitute with general electives in consultation with their academic advisor.

| State Minimum Core | 35 |
| :--- | ---: |
| IDST Requirement | 6 |
| IDST $2003 \quad$ Introduction to Interdisciplinary Studies |  |
| IDST $4013 \quad$ Senior Capstone | $45-57$ |
| Thematically Linked Coursework ${ }^{1}$ |  |
| Option 1 - Three minors |  |
| Option 2 - Thematically linked set of coursework |  |
| Option 3 - Minors/certificates/microcertificates |  |
| General Electives ${ }^{2}$ | $\mathbf{2 2 - 3 4}$ |
| Total Hours | $\mathbf{1 2 0}$ |

${ }^{1}$ Thematically Linked Coursework approved by the IDST program is considered to meet College Residency and Major Residency requirements.
${ }^{2}$ Students must present for degree credit at least 40 credit hours of work in courses numbered 3000 and above. Included in these 40 hours can be courses numbered 2000 if each has a specific course designated as a prerequisite. If Thematically Linked Coursework is not sufficient to satisfy the 40 credit hour rule, general electives must be used as needed to meet this requirement.

Writing Requirement: To complete the Fulbright College writing requirement, students must submit one of the following:

1. Complete at least one upper-division course that satisfies the College Writing Requirement in one of the disciplines contributing to the student's course plan (Option 1 or Option 2).
2. Submit to the program director a research paper that is no less than 12 pages in length, includes 10 references, and is written in an upperdivision course in one of the disciplines contributing to the student's course plan (Option 1 or Option 2).

## Interdisciplinary Studies B.A. Eight-Semester Degree Plan

Students wishing to follow the eight-semester degree plan should see the Academic Regulations chapter for university requirements. University Core requirements may vary by individual, based on placement and previous credit granted. Once all University Core requirements are met, students may substitute a 3-hour (or more) general elective in place of a core area.

Students in the Interdisciplinary Studies Program develop individualized course plans. These courses are referred to in the plan below as IDST Course Plan hours.

| First Year | Units |  |
| :---: | :---: | :---: |
|  | Fall | Spring |
| ENGL 1013 Composition I (ACTS Equivalency = ENGL 1013) | 3 |  |
| MATH 1203 College Algebra (ACTS Equivalency = MATH 1103) (or higher if appropriate for IDST individual plan)) | 3 |  |
| Approved science core lecture requirement with corequisite lab requirement. | 4 |  |
| Elementary II world language course (recommended) | 3 |  |
| Fine Arts core requirement | 3 |  |
| ENGL 1023 Composition II (ACTS Equivalency = ENGL 1023) |  | 3 |
| Approved science core lecture with corequisite lab requirement |  | 4 |
| Intermediate I world language course (recommended) or other Humanities core course requirement |  | 3 |
| HIST 2003 History of the American People to 1877 (ACTS Equivalency $=$ HIST 2113) or HIST 2013 History of the American People, 1877 to Present (ACTS Equivalency $=$ HIST 2123) or PLSC 2003 American National Government (ACTS Equivalency = PLSC 2003) |  | 3 |
| General Elective |  | 3 |
| Year Total: | 16 | 16 |

| Second Year | Fall | Units <br> Spring |
| :--- | ---: | ---: |
| Social Science core requirement | 3 |  |
| IDST Course Plan | 12 |  |

# International and Global Studies (INST) 

Ka Zeng
Program Director
517 Old Main
479-575-5890
International and Global Studies Website (https://fulbright.uark.edu/area-studies/international-studies/)

The International Studies Program offers a major leading to a Bachelor of Arts degree. The program offers three concentrations:

- European and Transatlantic Affairs
- Peace, Security and Human Rights
- Global South

The Fulbright College of Arts and Sciences is strongly committed to the study of global interactions, and this program offers students a strong foundation for more advanced study as well as preparation for careers in an increasingly global economy and society. The degree offers a broad interdisciplinary course of study with a strong intercultural and international focus. Intensive language study and study abroad are especially encouraged.

Students who major in international and global studies are encouraged to pursue a minor or second major. Recommended fields include anthropology, economics, geography, history, political science, sociology, or world languages. Students may not earn both a major in International Studies and a minor in Global Studies.

## B.A. in International and Global Studies with European and Transatlantic Affairs Concentration

University and College Requirements for a Bachelor of Arts in International and Global Studies. In addition to the Fulbright College of Arts and Sciences graduation requirements (see under Degree Completion Program Policy), the following course requirements must be met.

| State minimum core |  | 35 |
| :---: | :---: | :---: |
| INST 2813 | Introduction to International Relations and Global Studies | 3 |
| or PLSC 2813 | Introduction to International Relations and Global Studies |  |
| ECON 2143 | Basic Economics: Theory and Practice (recommended) ${ }^{1}$ | 3 |
| or ECON 2013 | Principles of Macroeconomics (ACTS Equivalency = ECON 2103) |  |
| or ECON 2023 | Principles of Microeconomics (ACTS Equivalency = ECON 2203) |  |
| World Culture Requirement |  | 6 |
| Choose two courses from below: |  |  |
| AAST 1003 | Introduction to African and African American Studies |  |
| ANTH 1023 | Introduction to Cultural Anthropology (ACTS Equivalency = ANTH 2013) |  |
| GEOS 2003 | World Regional Geography (ACTS Equivalency = GEOG 2103) |  |

HIST 1123 Institutions and Ideas of World Civilizations II (ACTS Equivalency = HIST 1123)
HUMN 2114H Honors Birth of Modern Culture 1600-1900
LALS 2013 Introduction to Latin American and Latino Studies
MEST 2013 Introduction to Middle East Studies
PLSC 2013 Introduction to Comparative Politics
World Language Requirement
Six credit hours of 3000-level or higher modern world language instruction in one of the following languages: Arabic, Chinese, French, German, Italian, Japanese, Russian, or Spanish. Students completing the European and Transatlantic Affairs Concentration must select a language from French, German, Italian, Russian, or Spanish. Students completing the Global South Concentration must select a language from Arabic, French, Portuguese, or Spanish. This requirement cannot be fulfilled with 3 credits in one language and three credits in another language. Students may need to fulfill prerequisites in a world language at the 1003, 1013, 2003, or 2013 levels, depending on placement in that language. Students may meet this requirement with the study of other languages with permission of the International and Global Studies director.
Applied Global Studies Requirement
Choose at least two different courses from the list below for a total of six credit hours. Selected courses may not apply to other parts of the major.
INST 300V Internship in International Studies
INST 3613 Research Methods
INST 399VH Honors Thesis
INST 4003 Special Topics in International and Global Studies or INST 4003\#bnors Special Topics in International and Global Studies
INST 4913 International Studies Seminar or INST 491‘Honors International Studies Seminar
INST 493V Global Changemakers: Social Innovation Abroad Note: With approval of the program director, students may apply up to 12 credit hours toward the major from any course related to International and Global Studies completed through a study abroad experience.
Concentration Requirements
Any 3000-level or higher credit hours or any 2000-level credit 10 hours which have a course prerequisite
General Electives
Total Hours 120

1 Students are encouraged to take ECON 2143, which will satisfy the prerequisite for most upper-level ECON courses. Students who select either ECON 2013 or ECON 2023 to meet the Economics Requirement for the major will have to complete both ECON 2013 and ECON 2023 if they wish to take upper-level ECON courses.

## Capstone Experience and Fulbright College Writing

Requirement: The Fulbright College writing requirement is fulfilled by completing at least one course satisfying the Applied Global Studies Requirement with a grade of $B$ or better, or by submitting an acceptable research /analytical paper from an advanced course in international and global studies to the program director for approval at least four weeks prior to graduation.

## Additional Requirements for the European and Transatlantic Concentration

| INST 3303 | European Integration and Globalization |
| :---: | :---: |
| Global Topics Requirement |  |
| Choose one course from the following: |  |
| ECON 3843 | Economics of the Developing World |
| GEOS 3043 | Sustaining Earth |
| GEOS 4113 | Global Change |
| GEOS 4243 | Political Geography |
| HIST 3453 | Modern Terrorism |
| HIST 4473 |  |
| HIST 4843 | Global History of Soccer |
| HIST 4963 | Third World Underdevelopment and Modernization |
| INST 3603 | Universal Human Rights: History and Practice since 1945 |
| INST 3673 | Social Entrepreneurship |
| INST 3903 | Crossing Borders: Transnationalism and Intercultural Transfer |
| INST 406V | Independent Study in International Studies |
| INST 4603 | Peace Studies: Approaches and Theory |
| INST 4653 | International Food Security and Food Sovereignty |
| $\begin{aligned} & \text { INST/HIST } \\ & 4693 \end{aligned}$ | Approaching Global History |
| INST 4793 | Eugenics in Global Perspective |
| INST/COMM $4873$ | International Communication and Globalization |
| INST 4893 | International Negotiation and Mediation |
| INST 493V | Global Changemakers: Social Innovation Abroad |
| PLSC 3683 | International Conflict and National Security Policy |
| PLSC 3803 | International Organization |
| PLSC 3813 | International Law |
| $\begin{aligned} & \text { PLSC/INST } \\ & 4893 \end{aligned}$ | International Negotiation and Mediation |

European and Transatlantic Topics Requirement
Chose four courses from below. With the exception of INST courses, no more than two courses may come from the same discipline.
ECON 4173 Nation Model United Nations
ECON 4633 International Trade
GEOS 4783 Geography of Europe
GERM 4013 Germany and the Holocaust: The Significance of the Holocaust in Differentiated Contexts
HIST 3363 The Atlantic World, 1400-1850
HIST 3423 British History, 1688-Present
HIST 3433 Twentieth Century Britain through Film
HIST 3533 World War II
HIST 3543 Russia to 1861
HIST 3553 Russia Since 1861
HIST 3573 World War I
HIST 3683 Europe in the 19th Century
HIST 3693 Europe in the 20th Century
HIST 3883 Modern Italy and the World, 1861-Present

| HIST 4133 | Society and Gender in Modern Europe |
| :--- | :--- |
| HIST 4143 | Intellectual History of Europe Since the <br> Enlightenment |
| HIST 4183 | Great Britain, 1707-1901 |
| HIST 4193 | Great Britain,1901-2001 |
| HIST 4203 | History of the Holocaust |
| HIST 4213 | The Era of the French Revolution |
| HIST 4223 | France Since 1815 |
| HIST 4243 |  |
| HIST 4253 | Germany, 1918-1945 |
| HIST 4303 | Transatlantic Relations, 1919-Present |
| HIST 4803 | Modern Scandinavia |
| HIST 4873 | Germany since 1945 |
| INST 300V | Internship in International Studies |
| INST 399VH | Honors Thesis |
| INST 406V | Independent Study in International Studies |
| PHIL 4033 | Modern Philosophy-17th and 18th Centuries |
| PHIL 4043 |  |
| PHIL 4063 |  |
| PLSC 3553 | Western European Politics |
| PLSC 4563 | Government and Politics of Russia |
| RUSS 4133 | Survey of Russian Literature Since the 1917 <br> Revolution |

## Total Hours

## B.A. in International and Global Studies with European and Transatlantic Concentration

Students wishing to follow the eight-semester degree plan should see the Eight-Semester Degree Policy (p. 67) in the Academic Regulations chapter for university requirements of the program as well as Fulbright College requirements.

State Minimum Core (p. 81) requirements may vary by individual, based on placement and previous credit granted. Once all core requirements are met, students may substitute with general electives. Students should consult with their academic adviser.

## B.A. in International and Global Studies with Global South Concentration

## University and College Requirements for a Bachelor of Arts in

 International and Global Studies. In addition to the Fulbright College of Arts and Sciences graduation requirements (see under Degree Completion Program Policy), the following course requirements must be met.State minimum core

| INST 2813 | Introduction to International Relations and Global <br> Studies | 3 |
| :---: | :--- | :---: |
| or PLSC 2813 | Introduction to International Relations and Global <br> ECON 2143 | Studies |
| Basic Economics: Theory and Practice <br> (recommended) $^{1}$ | 3 |  |

or ECON 2013 Principles of Macroeconomics (ACTS Equivalency = ECON 2103)
or ECON 2023 Principles of Microeconomics (ACTS Equivalency = ECON 2203)
World Culture Requirement 6
Choose two courses from below:
AAST 1003 Introduction to African and African American Studies
ANTH 1023 Introduction to Cultural Anthropology (ACTS Equivalency = ANTH 2013)
GEOS 2003 World Regional Geography (ACTS Equivalency = GEOG 2103)
HIST 1123 Institutions and Ideas of World Civilizations II (ACTS Equivalency = HIST 1123)
HUMN 2114H Honors Birth of Modern Culture 1600-1900
LALS 2013 Introduction to Latin American and Latino Studies
MEST 2013 Introduction to Middle East Studies
PLSC 2013 Introduction to Comparative Politics
World Language Requirement 6

| European and Transatlantic Topics Requirement | 3 |  |
| :--- | ---: | ---: |
| Any 3000-level or higher credit hours or any 2000- | 3 |  |
| level credit hours which have a course prerequisite |  |  |
| General Electives ${ }^{1}$ | 4 |  |
| Year Total: | 15 | 13 |

1 Students must complete the State Minimum Core (p. 81) and the requirements of their major(s) as outlined in the Catalog of Studies. These courses also fulfill many, if not all, of the General Education Requirements (https://nam11.safelinks.protection.outlook.com/?url=http fulfill these requirement.

都

Six credit hours of 3000 -level or higher modern world language instruction in one of the following languages: Arabic, Chinese, French, German, Italian, Japanese, Russian, or Spanish. Students completing the European and Transatlantic Affairs Concentration must select a language from French, German, Italian, Russian, or Spanish. Students completing the Global South Concentration must select a language from Arabic, French, Portuguese, or Spanish. This requirement cannot be fulfilled with 3 credits in one language and three credits in another language. Students may need to fulfill prerequisites in a world language at the 1003, 1013, 2003, or 2013 levels, depending on placement in that language. Students may meet this requirement with the study of other languages with permission of the International and Global Studies director.

## Applied Global Studies Requirement

Choose at least two different courses from the list below for a total of six credit hours. Selected courses may not apply to other parts of the major.
INST 300V Internship in International Studies
INST 3613 Research Methods
INST 399VH Honors Thesis
INST 4003 Special Topics in International and Global Studies
or INST 4003Hbnors Special Topics in International and Global Studies
INST 4913 International Studies Seminar
or INST 491:Honors International Studies Seminar
INST 493V Global Changemakers: Social Innovation Abroad
Note: With approval of the program director, students may apply up to 12 credit hours toward the major from any course related to International and Global Studies completed through a study abroad experience.
Concentration Requirements ..... 18
Any 3000-level or higher credit hours or any 2000-level credit ..... 10
hours which have a course prerequisite
General Electives33
Total Hours ..... 120

1 Students are encouraged to take ECON 2143, which will satisfy the prerequisite for most upper-level ECON courses. Students who select either ECON 2013 or ECON 2023 to meet the Economics Requirement for the major will have to complete both ECON 2013 and ECON 2023 if they wish to take upper-level ECON courses.

## Additional Requirements for the Global South Concentration

Students complete 18 credit hours from the following:

| INST 3503 | Issues in the Global South | 3 |
| :--- | :--- | :--- |
| Global Topics Requirement | 3 |  |
| Choose one course from the following: |  |  |
| ECON 4173 | Nation Model United Nations |  |
| ECON 4633 | International Trade |  |
| ECON 3853 | Emerging Markets |  |
| ECON 3843 | Economics of the Developing World |  |
| GEOS 3043 | Sustaining Earth |  |
| GEOS 4113 | Global Change |  |

| GEOS 4233 | Geography of Religion \& Sacrality |
| :---: | :---: |
| GEOS 4243 | Political Geography |
| ENGL 3763 |  |
| HIST 3363 | The Atlantic World, 1400-1850 |
| HIST 3443 | Modern Imperialism |
| HIST 4473 |  |
| HIST 4963 | Third World Underdevelopment and Modernization |
| INST 3303 | European Integration and Globalization |
| INST 3603 | Universal Human Rights: History and Practice since 1945 |
| $\begin{aligned} & \text { INST/SEVI } \\ & 3673 \end{aligned}$ | Social Entrepreneurship |
| INST 3903 | Crossing Borders: Transnationalism and Intercultural Transfer |
| INST 406V | Independent Study in International Studies |
| INST 4103H | Honors Geography of Political Violence |
| INST 4603 | Peace Studies: Approaches and Theory |
| INST 4653 | International Food Security and Food Sovereignty |
| INST 4693 | Approaching Global History |
| INST 4793 | Eugenics in Global Perspective |
| INST 4873 | International Communication and Globalization |
| INST 4893 | International Negotiation and Mediation |
| INST 493V | Global Changemakers: Social Innovation Abroad |
| PLSC 3683 | International Conflict and National Security Policy |
| PLSC 3803 | International Organization |
| PLSC 3813 | International Law |
| PLSC 3853 | American Foreign Policy |

Area Studies Requirement
Four Area Studies courses at the 3000 level and higher chosen from the approved catalog of courses in African and AfricanAmerican Studies, Latin American and Latino Studies, and Middle East Studies. Students must choose courses from at least two area studies programs. Students are encouraged to choose courses with an international focus.

## Total Hours

## B.A. in International and Global Studies with Peace, Security and Human Rights Concentration

## University and College Requirements for a Bachelor of Arts in International and Global Studies. In addition to the Fulbright College of Arts and Sciences graduation requirements (see under Degree Completion Program Policy), the following course requirements must be met.

## State minimum core

INST 2813 Introduction to International Relations and Global 3 Studies
or PLSC 2813 Introduction to International Relations and Global Studies
ECON 2143 Basic Economics: Theory and Practice (recommended) ${ }^{1}$
or ECON 2013 Principles of Macroeconomics (ACTS Equivalency = ECON 2103)
or ECON 2023 Principles of Microeconomics (ACTS Equivalency = ECON 2203)

## World Culture Requirement

Choose two courses from below:
AAST 1003 Introduction to African and African American Studies
ANTH 1023 Introduction to Cultural Anthropology (ACTS Equivalency = ANTH 2013)
GEOS 2003 World Regional Geography (ACTS Equivalency = GEOG 2103)
HIST 1123 Institutions and Ideas of World Civilizations II (ACTS Equivalency $=$ HIST 1123)
HUMN 2114H Honors Birth of Modern Culture 1600-1900
LALS 2013 Introduction to Latin American and Latino Studies
MEST 2013 Introduction to Middle East Studies
PLSC 2013 Introduction to Comparative Politics

## World Language Requirement

Six credit hours of 3000-level or higher modern world language instruction in one of the following languages: Arabic, Chinese, French, German, Italian, Japanese, Russian, or Spanish. Students completing the European and Transatlantic Affairs Concentration must select a language from French, German, Italian, Russian, or Spanish. Students completing the Global South Concentration must select a language from Arabic, French, Portuguese, or Spanish. This requirement cannot be fulfilled with 3 credits in one language and three credits in another language. Students may need to fulfill prerequisites in a world language at the 1003, 1013, 2003 , or 2013 levels, depending on placement in that language. Students may meet this requirement with the study of other languages with permission of the International and Global Studies director.

## Applied Global Studies Requirement

Choose at least two different courses from the list below for a total of six credit hours. Selected courses may not apply to other parts of the major.
INST 300V Internship in International Studies
INST 3613 Research Methods
INST 399VH Honors Thesis
INST 4003 Special Topics in International and Global Studies
or INST 4003Hbnors Special Topics in International and Global Studies
INST 4913 International Studies Seminar
or INST 491'Honors International Studies Seminar
INST 493V Global Changemakers: Social Innovation Abroad
Note: With approval of the program director, students may apply up to 12 credit hours toward the major from any course related to International and Global Studies completed through a study abroad experience.
Concentration Requirements 18
Any 3000-level or higher credit hours or any 2000-level credit 10 hours which have a course prerequisite
General Electives 33

## Total Hours

1 Students are encouraged to take ECON 2143, which will satisfy the prerequisite for most upper-level ECON courses. Students who select either ECON 2013 or ECON 2023 to meet the Economics Requirement
for the major will have to complete both ECON 2013 and ECON 2023 if they wish to take upper-level ECON courses.

## Capstone Experience and Fulbright College Writing

Requirement: The Fulbright College writing requirement is fulfilled by completing at least one course satisfying the Applied Global Studies Requirement with a grade of $B$ or better, or by submitting an acceptable research /analytical paper from an advanced course in international and global studies to the program director for approval at least four weeks prior to graduation.

## Additional Requirements for the Peace, Security and Human Rights Concentration

Students complete 18 credit hours from the following:

| INST 3603 | Universal Human Rights: History and Practice <br> since 1945 |
| ---: | :--- |
| or INST 4603 | Peace Studies: Approaches and Theory |

Area Studies Requirement
Choose one course from the following:
INST 3303 European Integration and Globalization
INST 3503 Issues in the Global South
Any course at the 3000 level or higher chosen from the approved catalog of courses in African and African-American Studies, Asian Studies, Latin American and Latino Studies, Middle East Studies, or the European and Transatlantic Concentration in International Studies. Students are encouraged to choose courses with an international focus.

## Topical Requirement

Choose four topical courses from among the following. With the exception of INST courses, no more than two courses may come from the same discipline.
ECON 3843 Economics of the Developing World
ECON 3853 Emerging Markets
ECON 4173 Nation Model United Nations
ECON 4633 International Trade
GEOS 3043 Sustaining Earth
GEOS 4113 Global Change
GEOS 4243 Political Geography
HIST 3033 Islamic Civilization
HIST 3063 Military History
HIST 3443 Modern Imperialism
HIST 3453 Modern Terrorism
HIST 3533 World War II
HIST 3573 World War I
HIST 3583 The United States and Vietnam, 1945-1975
HIST 3593 The 1960s: A World Transformed
HIST 4203 History of the Holocaust
HIST 4303 Transatlantic Relations, 1919-Present
HIST 4323 Wars of Religion: From the Crusades to 9/11
HIST 4333 Modern Islamic Thought
HIST 4473
HIST 4753
HIST 4763 Diplomatic History of the United States, 1900-1945
HIST 4773 Diplomatic History of the US, 1945 to Present

World Culture Requirement 3

| INST 3673 | Social Entrepreneurship |
| :--- | :--- |
| INST 3903 | Crossing Borders: Transnationalism and <br> Intercultural Transfer |
| INST 399VH | Honors Thesis |

or INST 4913 4 bnors International Studies Seminar
PLSC 3803 International Organization
PLSC 3813 International Law
INST 493V Global Changemakers: Social Innovation Abroad PLSC/INST International Negotiation and Mediation 4893

## Intercultural Requirement

Choose from one of two options.

## Option 1

Three courses of language instruction in a single world language, including at least two courses at the 3000-level or higher taught in the target language.

## Option 2

Any combination of the following:
3 -hour course of language instruction in any world language at the 2003 level or higher.
Up to three Area Studies Electives listed in the undergraduate catalog as approved electives for one of the following: African and African-American Studies, Asian Studies, Latino and Latin American Studies, Middle East Studies, or the European and Transatlantic Concentration in International Studies. At least one course must be at the 3000-4000 level.
Six credit hours in an approved international experience, such as a study abroad program, international internship, or international research experience. The six credit hours may not be applied to other requirements of the minor.

## Total Hours

## Honors Requirements

Admission to the Fulbright Honors Program is open to majors in the international and global studies program who have a minimum cumulative grade-point average of 3.5 in all of their coursework. College and Departmental Honors candidates must complete a minimum of 12 hours in honors courses and complete an honors thesis.

To complete the required thesis, honors candidates should choose a faculty thesis director as early as possible but no later than the first semester of the student's junior year. Honors candidates must meet the college's requirements for an honors degree. Students graduating with honors typically graduate with the distinction cum laude. Higher distinctions (magna cum laude, summa cum laude) are awarded by the Honors Council in truly exceptional cases and are based upon the whole of the candidate's program of honors studies.

## Courses

INST 2813. Introduction to International Relations and Global Studies. 3 Hours.
An interdisciplinary survey of the state system, the role of non-state actors, and the processes and outcomes of globalization. Topics include theories of international conflict and peace, international norms and ethics, international law and organizations, global cultural interactions, and contemporary transnational challenges. (Typically offered: Fall and Spring)

INST 2813H. Honors Introduction to International Relations and Global Studies. 3 Hours.
An interdisciplinary survey of the state system, the role of non-state actors, and the processes and outcomes of globalization. Topics include theories of international conflict and peace, international norms and ethics, international law and organizations, global cultural interactions, and contemporary transnational challenges. Prerequisite: Honors standing. (Typically offered: Fall and Spring) This course is equivalent to INST 2813.

INST 300V. Internship in International Studies. 1-6 Hour.
Internship in international studies-related agency or organization, arranged by the student and/or faculty member, under the guidance of a faculty member. (Typically offered: Summer) May be repeated for up to 6 hours of degree credit.

INST 3303. European Integration and Globalization. 3 Hours.
Interdisciplinary study of the cultural, economic, and political processes of modern European integration in the context of a changing relationship between Europe and the wider world during the 20th and 21st centuries. (Typically offered: Fall Even Years)
This course is cross-listed with HIST 3103.

## INST 3503. Issues in the Global South. 3 Hours.

Interdisciplinary study of salient historical and contemporary issues of the Global South, including the cultural, economic, and political forces that shape and/or emerge from societies or political subjects that historically experienced underdevelopment and colonialism. (Typically offered: Fall Odd Years)

INST 3603. Universal Human Rights: History and Practice since 1945. 3 Hours. Study of the development and growth of the universal human rights movement since the end of the Second World War. Emphasis on using human rights as a lens to understand and assess global affairs in the late 20th and early 21st centuries. Creates space for INST 3603 to be offered as part of a study abroad program. (Typically offered: Spring Even Years)

## INST 3613. Research Methods. 3 Hours.

Focuses on critical-thinking skills and information literacy needed for the interdisciplinary areas of study that comprise international and global studies: anthropology, economics, geography, history, and political science. Focuses on thesis-development, writing skills, methodological issues, and research strategies. Prerequisite: INST 2813. (Typically offered: Fall and Spring)

## INST 3673. Social Entrepreneurship. 3 Hours.

Explores notions of social entrepreneurship at both the global and local levels. Multiple case studies are analyzed to show the possibilities of participating in a market economy while promoting sustainable development. Students will undertake projects combining sound business practices with sustainable approaches to social challenges. Prerequisite: Junior standing. (Typically offered: Fall and Spring)

## INST 3803. International Organization. 3 Hours.

Addresses how state and non-state actors try to organize the international system to help manage crucial issues such as the development and use of force, the efficiency and fairness of markets, and the realization and protection of human rights and environmental health. (Typically offered: Spring)
This course is cross-listed with PLSC 3803.
INST 3843. Economics of the Developing World. 3 Hours.
Examines theories and patterns of economic development in emerging economies, the role of the World Bank and IMF as multilateral lenders and examination of their success and failures in fostering development, and measures of poverty and inequality and their implications for economic development. Prerequisite: ECON 2143 or (ECON 2013 and ECON 2023). (Typically offered: Fall and Spring)

INST 3853. Emerging Markets. 3 Hours.
Analysis of the business and economic environment in emerging countries, focusing on Latin America, South East Asia and Transition Economies. Topics include market structure and market failures, financial and legal background, current institutions and political economy issues, and current business opportunities. Prerequisite: ECON 2143 or (ECON 2013 and ECON 2023). (Typically offered: Fall)

INST 3903. Crossing Borders: Transnationalism and Intercultural Transfer. 3 Hours.
Study of Transnational Theory and the concept of Intercultural Transfer Studies. Focuses on intercultural transfers of ideas, concepts, and models for political, social, economic, and cultural advancement. (Typically offered: Irregular)

INST 399VH. Honors Thesis. 1-6 Hour.
To be used for completing an International Studies Honors Thesis. Prerequisite: Junior standing. (Typically offered: Fall, Spring and Summer) May be repeated for up to 6 hours of degree credit.

## INST 4003. Special Topics in International and Global Studies. 3 Hours.

Intensive study of key global issues or aspects of international affairs. Prerequisite: INST 2813 or PLSC 2813. (Typically offered: Fall and Spring) May be repeated for up to 6 hours of degree credit.

## INST 4003H. Honors Special Topics in International and Global Studies. 3

 Hours.Intensive study of key global issues or aspects of international affairs. Prerequisite: INST 2813 or PLSC 2813 and honors standing. (Typically offered: Fall and Spring) May be repeated for up to 6 hours of degree credit.
This course is equivalent to INST 4003.
INST 406V. Independent Study in International Studies. 1-6 Hour. Independent study in international studies. Arranged in agreement and under the guidance of a faculty member. (Typically offered: Irregular) May be repeated for up to 6 hours of degree credit.

## INST 4103H. Honors Geography of Political Violence. 3 Hours.

This seminar focuses on the rise of civil conflict in the post-World War II world. We are particularly interested in understanding the institutional challenges facing countries that experience such conflict. The class will develop a contextuallyinformed understanding of the international system and how it is shaped by civil war. Pre- or Corequisite: INST 2813. Prerequisite: Junior or senior standing and honors standing. (Typically offered: Fall Even Years)
This course is cross-listed with GEOS 4493.
INST 4603. Peace Studies: Approaches and Theory. 3 Hours.
Exploration of key theories, concepts, and methodological approaches within the interdisciplinary field of peace studies. Emphasis on historical and contemporary concepts of peace, conflict, violence, and justice; the institutions, legal frameworks, and intercultural norms facilitating peace; and the practical application of theory to strategic peace building. (Typically offered: Spring Odd Years)
INST 4653. International Food Security and Food Sovereignty. 3 Hours. Explores the concepts of food security and food sovereignty and the ways in which humans have addressed issues related to hunger. Focus on the contemporary international cultural, social, and political discussion of future problems and solutions. (Typically offered: Irregular)

INST 4693. Approaching Global History. 3 Hours.
Explores theoretical perspectives on global history through a treatment of the historiographical development of the field, readings of landmark texts, and selected case studies of global themes. (Typically offered: Irregular)
This course is cross-listed with HIST 4693.
INST 4793. Eugenics in Global Perspective. 3 Hours.
Exploration of Social Darwinist thought and eugenics policy as global phenomena in the nineteenth and twentieth centuries. (Typically offered: Irregular)

INST 4873. International Communication and Globalization. 3 Hours.
Examines aspects of international communication and the impact of globalization on the production, dissemination, and consumption of media technology and messages. (Typically offered: Irregular)

## INST 4893. International Negotiation and Mediation. 3 Hours.

This course examines international negotiations and mediation. International negotiation refers to the processes and methods by which state and non-state actors reach agreements through persuasion and similar non-violent means. This course analyzes the processes, methods, and mechanisms, and challenges of international negotiations and the growing use of mediation. (Typically offered: Irregular) This course is cross-listed with PLSC 4893.
INST 4913. International Studies Seminar. 3 Hours.
Intensive study of key global issues and aspects of international affairs, culminating in a research project. Prerequisite: Junior standing. (Typically offered: Fall and Spring)

## INST 4913H. Honors International Studies Seminar. 3 Hours.

Intensive study of key global issues and aspects of international affairs, culminating in a research project. Prerequisite: Honors and junior standing. (Typically offered: Fall and Spring)
This course is equivalent to INST 4913.
INST 493V. Global Changemakers: Social Innovation Abroad. 3-6 Hour. Exploration of selected global issues and social innovation techniques through collaborative engagement with domestic and international entities. Focus on initiatives addressing global issues at the local or regional level. (Typically offered: Irregular) May be repeated for up to 12 hours of degree credit.

INST 493VH. Honors Global Changemakers: Social Innovation Abroad. 3-6 Hour.
Exploration of selected global issues and social innovation techniques through collaborative engagement with domestic and international entities. Focus on initiatives addressing global issues at the local or regional level. Prerequisite: Honors standing. (Typically offered: Irregular) May be repeated for up to 6 hours of degree credit.
This course is equivalent to INST 493V.

## Jewish Studies (JWST)

Jennifer Hoyer
Director of Jewish Studies
Kimpel Hall 425
479-575-2951
jhoyer@uark.edu
Jewish Studies Website (https://fulbright.uark.edu/programs/jewishstudies/)

The Jewish Studies minor introduces students to Jewish history, thought, and lifeways, through the millennia and around the globe. Students take courses introducing them to the basic tenets of Judaism, to fundamentals of Jewish languages (Aramaic, Biblical Hebrew, Modern Hebrew, and Yiddish), and to major strands in European, American, and Middle Eastern Jewish thought. Affiliated courses will cover Jewish literature; religious dialogue and history; current politics; ancient, medieval, early modern, and modern Jewish history; and discourse on gender, multiculturalism, and social justice. Jewish Studies offers a broad interdisciplinary context of coursework that can complement most programs of study.

Requirements for a Minor in Jewish Studies: Students who minor in Jewish Studies will take JWST 2003 Introduction to Judaism, a 3-credit hour introductory interdisciplinary course that lays out historical, religious, cultural, linguistic, and philosophical foundations and questions critical
to any exploration of any branch of Jewish Studies. Students must take an additional 12 hours of elective coursework from among options listed below. Other courses with significant Jewish Studies-related content and the possibility for an additional Jewish Studies project (for example Religious Studies courses, Middle East Studies courses, or appropriate literature or cinema courses), subject to approval by the chair of the Jewish Studies program, will also be considered.

| JWST 2003 | Introduction to Judaism | 3 |
| :--- | :--- | ---: |
| Choose 12 hours from the following: |  |  |
| GERM 4013 | Germany and the Holocaust: The Significance of <br> the Holocaust in Differentiated Contexts |  |
| GREK 4093 | Biblical and Patristic Greek |  |
| GREK 2003 | Intermediate Ancient Greek I |  |
| HIST 3043 | History of the Modern Middle East |  |
| HIST 3473 | Palestine and Israel in Modern Times |  |
| HIST 4143 | Intellectual History of Europe Since the |  |
| HIST 4203 | Enlightenment |  |
| HIST 4493 | Religion in America to 1860 the Holocaust |  |
| HUMN 425V | Colloquium (The Land of Israel in Jewish Thought) |  |
| HUMN 425V | Colloquium (Jewish-Christian Relations) |  |
| HUMN 425V | Colloquium (Intensive Biblical Hebrew) |  |
| JWST 3103 | Introduction to Jewish Languages |  |
| JWST 4003 | Modern Jewish Thought |  |
| JWST 4013 | Contemporary Jewish Thought |  |
| JWST 470V | Special Topics in Jewish Studies |  |
| JWST 475V | Independent Investigations in Jewish Studies |  |
| MRST 3013 | Special Topics in Medieval Studies |  |

Total Hours
15

## Courses

JWST 2003. Introduction to Judaism. 3 Hours.
An introduction to the practices, teachings, and scriptures of Judaism, focusing on the post-Biblical period up to the present. (Typically offered: Fall Odd Years)

## JWST 3103. Introduction to Jewish Languages. 3 Hours.

An introduction to the alphabet, grammar, syntax, and basic vocabulary of Hebrew, Jewish Aramaic and Yiddish. (Typically offered: Fall Even Years)

## JWST 4003. Modern Jewish Thought. 3 Hours.

A survey of the main trends in Jewish thought from the seventeenth through the nineteenth century. (Typically offered: Irregular)
This course is cross-listed with PHIL 4103.

## JWST 4013. Contemporary Jewish Thought. 3 Hours.

A survey of trends in Jewish thought in the twentieth and twenty-first centuries, focusing on the ways in which Jewish thinkers have responded to the events affecting Jews and the conditions of Jewish life in from approximately 1900 to the present. (Typically offered: Spring Odd Years)
This course is cross-listed with PHIL 4313.
JWST 470V. Special Topics in Jewish Studies. 1-3 Hour.
Irregular course offerings that focus on a specialized area of Jewish Studies not covered in depth in regular JWST or affiliated courses. (Typically offered: Irregular) May be repeated for up to 6 hours of degree credit.

## JWST 475V. Independent Investigations in Jewish Studies. 1-3 Hour.

This course can be offered to allow a student to pursue reading and research on a topic of interest not covered in regular JWST courses. Prerequisite: Instructor consent. (Typically offered: Irregular) May be repeated for up to 6 hours of degree credit.

## Journalism and Strategic Media (JOUR)

## New Location

The undergraduate program in journalism has moved to a new page (http://catalog.uark.edu/undergraduatecatalog/collegesandschools/ jwilliamfulbrightcollegeofartsandsciences/journalism-strategic-media/). Please update your bookmark.

# Latin American and Latino Studies (LALS) 

Yajaira M. Padilla
Director of Studies
723 Kimpel Hall
479-575-4301

Latin American and Latino Studies Website (https://fulbright.uark.edu/ area-studies/latin-american-and-latino-studies/)

Students interested in Latin America and wishing to maximize their potential for academic, business, professional, or government careers related to the area, may earn a second major or a minor in Latin American and Latino studies together with a primary major in another discipline in Fulbright College. Advice on appropriate combinations of Latin American and Latino studies with other primary majors as well as individual approval of such combinations may be obtained from the Latin American and Latino studies program director. New students in this program must officially declare both majors and notify the Latin American and Latino studies program director. Degree checks must also be cleared with the program director. Freshmen and sophomores considering this program are advised to begin their study of Spanish or Portuguese as early as possible.

## Requirements for a Second Major in Latin American and Latino Studies

In addition to the requirements of a primary departmental major, students pursuing a second major in Latin American and Latino Studies must complete the following:

Language Competence: The student must complete SPAN 2013, PORT 2013, or equivalent. Provisions are available for recognition of language skills gained by other means than formal course work taken at the University of Arkansas: See information under the entry in the department of world languages. Further functional work in Spanish or Portuguese as well as study and residence in a Latin American nation can serve to strengthen language competence and are encouraged.

Colloquium: The student must complete at least three hours in the interdepartmental colloquium, LALS 4003. The Colloquium may be repeated, with the adviser's approval, provided the topic is different.

Electives: The student must complete 18 hours, in addition to LALS 4003, in courses with specific Latin American or Latino content, or individualized study options under instructors teaching Latin American or Latino Studies. Students choosing to take individualized readings or
directed research courses must obtain the approval of the director of the area studies program. In the selection of the electives, the following conditions apply:

1. Courses must be selected from at least three different departments,
2. A maximum of nine hours may be submitted from courses taken in any one department.

The following courses and individualized study options may be taken in fulfillment of elective requirements:

Anthropology

| ANTH 2013 | Introduction to Latin American Studies | 3 |
| :--- | :--- | :--- |
| ANTH 3553 | Religion in Latin America | 3 |
| ANTH 4263 | Identity and Culture in the U.S.-Mexico | 3 |

Art History

| SPAN 5943 | U.S. Latino/a Literatures and Cultures | 3 |

## Requirements for a Minor in Latin American and Latino Studies:

Students wishing to minor in Latin American and Latino Studies must fulfill the Colloquium (LALS 4003) and the language requirements described in the combined major, and must complete at least 12 hours from among the electives listed in the combined major. Electives must include courses from at least two different academic departments. Included in the 12 hours may be 3 additional hours of LALS 4003, provided the topic is different.

Requirements for Honors in Latin American and Latino Studies: The Honors Program in Latin American and Latino Studies gives junior and senior students of high ability the opportunity to enroll in enriched courses and conduct independent research culminating in an honors thesis. In addition to satisfying the general Fulbright College requirements for graduation and the basic eligibility requirements for honors as established by the Honors Council, candidates for honors in Latin American and Latino Studies must complete 12 hours of honors credit in partial satisfaction of requirements for the co-major. One to six of these may be thesis hours (LALS 399VH). The preferred method for satisfying the remaining hours is to enroll in the colloquium at least once for honors credit (LALS 4003H) and to take relevant honors colloquia or graduate courses (with permission) in one of the departments contributing to this interdisciplinary area study. The thesis committee shall include a representative from the major discipline (in the case of multiple majors, from the discipline contributing most significantly to the topic). Successful completion of these requirements will be recognized by the award of the distinction "Latin American and Latino Studies Scholar Cum Laude" at graduation. Higher degree distinctions are recommended only in exceptional cases and are based upon the whole of the candidate's program of honors studies.

## Courses

LALS 2013. Introduction to Latin American and Latino Studies. 3 Hours.
Provides an interdisciplinary introduction to Latin America and the Latino United States. Drawing on Latin American and/or Latino literature, film, art, history, sociology, anthropology, and political science, this course examines the broad forces that have shaped the region and/or the U.S. Latino experience. (Typically offered: Fall and Spring)

LALS 3013. Special Topics in Latin American and Latino Studies. 3 Hours. Courses with a varying disciplinary focus on topics related to Latin American and Latino Studies. (Typically offered: Irregular) May be repeated for up to 9 hours of degree credit.

## LALS 3203. Colonial Latin America. 3 Hours.

An introduction to the social, cultural, political and economic formation of Latin America, during the period from 1492 to the movements for independence. (Typically offered: Fall Odd Years)
This course is cross-listed with HIST 3203.

## LALS 3213. Modern Latin America. 3 Hours.

An investigation of the varying courses of modernization in Latin America, covering popular revolution, urban populism and military dictatorship. (Typically offered: Spring Even Years)
This course is cross-listed with HIST 3213.
LALS 3253. The Latinx Image in Media. 3 Hours.
Exploration of the image and experience(s) of Latinx populations in the United States as represented in visual and print media, including film, television, news journalism, and art. Topics related to US Latinx history, culture, politics, and socioeconomics will be examined in the analyses of these mediated depictions. (Typically offered: Irregular)
This course is equivalent to ENGL 3253.

## LALS 3283. U.S. Latinos and Latinas through Film. 3 Hours.

This course will examine the portrayal of U.S. Latinos and Latinas in Hollywood films and how those images have changed over time. While coverage will extend to the early years of the twentieth century, the chosen films will place particular emphasis on the century's second half, from the Cold War to the modern day. (Typically offered: Spring)
This course is cross-listed with COMM 3283, HIST 3283.
LALS 3303. U.S. Immigration History. 3 Hours.
Examines the migration of ethnic groups into the United States from geographical areas that include Europe, Asia, Africa, and Latin America. Special emphasis will be given to cultural history, and will trace the impact of industrialization, urbanization, class formation, and popular culture on various ethnic groups. (Typically offered: Irregular)
This course is cross-listed with HIST 3303.
LALS 3313. Latinos and Latinas in the U.S.. 3 Hours.
Examines the emergence and growth of the Latino population of the United States. A broad survey of the Latino experience will complement more specific case studies focusing on cultural identity and the generational process of acculturation into the American mainstream. (Typically offered: Fall)
This course is cross-listed with HIST 3313.
LALS 3373. Rise of the American Empire: War, Migration and Expansion, 1789-1917. 3 Hours.
Explores the history of U.S. expansion and imperialism from the nation's founding to the start of World War I. It proceeds both chronologically and thematically, considering the evolution of U.S. imperialism and its various manifestations territorial, political, economic, and cultural. (Typically offered: Irregular)
This course is cross-listed with HIST 3373.

LALS 3543. Topics in U.S. Latino/Latina Literature and Culture. 3 Hours. The study of works of U.S. Latino/Latina literature, with attention to particular themes, genres, authors, literary movements, historical moments, or other organizing principles. Content varies. (Typically offered: Irregular) May be repeated for up to 9 hours of degree credit.
This course is equivalent to ENGL 3543.

## LALS 3553. Religion in Latin America. 3 Hours.

Examines contemporary implications of Latin America's unique religious heritage. An exploration of multiple Latin American religious traditions, with sustained focus on key theoretical concerns: conversion, vernacular vs. orthodox expressions, the blending of indigenous and European cosmologies, devotion and ritual, and the articulation of ethnic, gendered, and religious identities. (Typically offered: Irregular) This course is cross-listed with ANTH 3553.

LALS 399VH. Honors Thesis. 1-6 Hour.
Honors thesis research hours. Prerequisite: Junior standing. (Typically offered: Fall and Spring)

LALS 4003. Latin American Studies Colloquium. 3 Hours.
An interdepartmental colloquium with an annual change in subject of investigation, required of all Latin American studies majors. Prerequisite: Sophomore standing for Latin American and Latino Studies majors. (Typically offered: Spring) May be repeated for up to 6 hours of degree credit.

## LALS 4003H. Honors Latin American Studies Colloquium. 3 Hours.

An interdepartmental colloquium with an annual change in subject of investigation. Prerequisite: Sophomore standing and honors standing for Latin American and Latino Studies majors. (Typically offered: Spring) May be repeated for up to 6 hours of degree credit.
This course is equivalent to LALS 4003.
LALS 4263. Identity and Culture in the U.S.-Mexico Borderlands. 3 Hours. An exploration of the interplay between Latino/a, Mexican, Anglo, and Native American identities and cultures along the U.S.-Mexico border. Course examines identity formation, hybridity, social tension, marginalization, race and gender, from an anthropological perspective, paying special attention to the border as theoretical construct as well as material reality. (Typically offered: Irregular)
This course is cross-listed with ANTH 4263.
LALS 4443. Frontiers and Borderlands in Colonial Latin America. 3 Hours. This course examines frontiers and borderlands in colonial Latin America and focuses on the regions of California, New Mexico, Texas, Brazil, and the Río de la Plata. It demonstrates that frontiers and borderlands are defined by the absence of a hegemonic European power and associated with the prevalence of Indigenous norms. (Typically offered: Irregular)
This course is cross-listed with HIST 4443.
LALS 4523. Studies in U.S. Latino/Latina Literature and Culture. 3 Hours. The study of works of U.S. Latino/a literature, with attention to particular themes, genres, authors, literary movements, historical moments, or other organizing principles. Content varies. At least one major research paper will be required. (Typically offered: Irregular) May be repeated for up to 9 hours of degree credit. This course is equivalent to ENGL 4523.

LALS 4713. Women, Gender, and Sexuality in Colonial Latin America. 3 Hours. This course examines women, gender, and sexuality in colonial Latin America. It explores the lives of indigenous, Spanish, African, and mixed-race women from all social ranks. A central question is: does the current status of women in Latin America stem from a colonial legacy of gender oppression and sexual repression? (Typically offered: Irregular)
This course is cross-listed with HIST 4713.

LALS 4743. The Cold War in Latin America: Revolutions, Violence, and Politics. 3 Hours.
This course will trace the rise of the ideological and political struggles over social and economic development and the security regimes designed to thwart socialist revolution and political mobilization. The influence of the United States in Latin American security regimes and "containment" activities will receive special attention. (Typically offered: Irregular)
This course is cross-listed with HIST 4743.
LALS 4813. Africans and Slavery in Colonial Latin America. 3 Hours. Explores the diverse experiences of slaves and free Blacks in colonial Spanish and Portuguese America from 1500 to around 1888, demonstrating that bondage and the practice of African slavery was a pillar of political authority in colonial Latin America. (Typically offered: Irregular)
This course is cross-listed with AAST 4813, HIST 4813.

## LALS 4853. Latin American Landscapes. 3 Hours.

This course studies the shaping of urban Latin American Landscapes by investigating, problematizing, and analyzing their diverse social, cultural, economic, and environmental conditions as reflected in the built realm. The main scope of study is the conception, origins, meaning, function, and performance of public spaces and landscapes in the continent. (Typically offered: Spring)
This course is cross-listed with LARC 4853.

## Mathematical Sciences (MASC)

## Matt Clay

Chair of the Department
309 Science Engineering Building
479-575-5195
Department of Mathematical Sciences Website (http://fulbright.uark.edu/ departments/math/)

The Department of Mathematical Sciences is committed to high-level mathematics instruction, preparing students for careers in secondary education, actuarial science and industry, and for entrance into graduate studies in mathematics and statistics. The department offers two majors, one leading to a Bachelor of Arts degree and a second leading to a Bachelor Science degree.

The Bachelor of Arts degree is often sought by future secondary education majors or by students wishing a broader exposure to the humanities. The Bachelor of Science degree is sought by students who intend to go on to graduate studies or who would like a deeper and broader understanding of higher mathematics. The Department of Mathematical Sciences is committed to the values of a broad, interdisciplinary education, highlighting the utility and value of the mathematics degree in a wide variety of careers and disciplines.

Enrollment in or completion of any course at the level of MATH 2554 or higher is required to enter into the mathematics program.

Requirements for a Major in Mathematics, B.A. Degree: Students must complete 120 degree credit hours to include the minimum University Core requirements (http://catalog.uark.edu/undergraduatecatalog/ academicregulations/universitycore/), the Fulbright College of Arts and Sciences Graduation Requirements (p. 273), and the following course requirements. Bolded courses from the list below may be applied to portions of the University Core requirements.

Eight hours from the following science courses:
ANTH 1013 Introduction to Biological Anthropology
\& ANTH 1011L and Introduction to Biological Anthropology Laboratory

| ASTR 2003 <br> \& ASTR 200 | Survey of the Universe (ACTS Equivalency = PHSC 1204 Lecture) <br> and Survey of the Universe Laboratory (ACTS <br> Equivalency = PHSC 1204 Lab) |
| :---: | :---: |
| BIOL 1543 <br> \& BIOL 1541L | Principles of Biology (ACTS Equivalency = BIOL 1014 Lecture) <br> and Principles of Biology Laboratory (ACTS <br> Equivalency = BIOL 1014 Lab) |
| BIOL 1603 <br> \& BIOL 1601L | Principles of Zoology (ACTS Equivalency = BIOL 1054 Lecture) <br> and Principles of Zoology Laboratory (ACTS Equivalency = BIOL 1054 Lab) |
| BIOL 1613 <br> \& BIOL 1611L | ```Plant Biology (ACTS Equivalency = BIOL 1034 Lecture) and Plant Biology Laboratory (ACTS Equivalency = BIOL 1034 Lab)``` |
| BIOL 2013 <br> \& BIOL 2011L | General Microbiology (ACTS Equivalency = BIOL 2004 Lecture) <br> and General Microbiology Laboratory (ACTS <br> Equivalency = BIOL 2004 Lab) |
| CHEM 1103 <br> \& CHEM 1101L | University Chemistry I (ACTS Equivalency = LCHEM 1414 Lecture) and University Chemistry I Laboratory (ACTS Equivalency = CHEM 1414 Lab) |
| CHEM 1123 <br> \& CHEM 1121L | University Chemistry II (ACTS Equivalency = LCHEM 1424 Lecture) <br> and University Chemistry II Laboratory (ACTS Equivalency = CHEM 1424 Lab) |
| GEOS 1113 <br> \& GEOS 1111L | ```Physical Geology (ACTS Equivalency = GEOL 1114 Lecture) and Physical Geology Laboratory (ACTS Equivalency = GEOL 1114 Lab)``` |
| GEOS 1133 <br> \& GEOS 1131L | ```Earth Science (ACTS Equivalency = GEOL }112 LLecture) and Earth Science Laboratory (ACTS Equivalency = GEOL 1124 Lab)``` |
| PHYS 2054 | University Physics I (ACTS Equivalency = PHYS 2034) |
| PHYS 2074 | University Physics II (ACTS Equivalency = PHYS 2044 Lecture) |

An approved course with substantial programming experience, 3-4 typically satisfied by CSCE 2004. Other courses may be applied towards this requirement with prior departmental approval.
Completion of a minor other than in Mathematics or Statistics,15-30+ completion of the STEM Education minor, completion of an additional major or completion of the Four-Year Fulbright Honors Core for a Bachelor of Arts. Hours required will vary.
Major Course Requirements

| MATH 2574 | Calculus III (ACTS Equivalency = MATH 2603) <br> (MATH 2554 and MATH 2564 are prerequisites) | 4 |
| :--- | :--- | :--- |
| MATH 2803 | Transition to Advanced Mathematics | 3 |
| MATH 3093 | Abstract Linear Algebra | 3 |
| MATH 3113 | Introduction to Abstract Algebra I | 3 |
| MATH 3513 | Elementary Analysis | 3 |
| MATH 4933 | Mathematics Major Seminar ( ) | 3 |

Twelve semester hours of courses in mathematics selected from 12 MATH 2584, CSCE 4133 or MATH and STAT courses numbered at the 3000-level or higher.

The completion of a senior writing project under the direction of a faculty member. This is typically carried out in MATH 4933, or is satisfied by an honors thesis.
It is recommended that MATH 2803 be taken as early as possible in the program.

## Mathematics B.A.

## Eight-Semester Degree Program

Students wishing to follow the eight-semester degree plan should see the Eight-Semester Degree Policy (p. 67) for university requirements of the program. Core requirement hours may vary by individual, based on placement and previous credit granted. Once all core requirements are met, students may substitute a three-hour (or more) general elective in place of a core area.

| First Year | Units |  |
| :---: | :---: | :---: |

120
${ }^{1}$ Meets 40 -hour advanced credit hour requirement. See College Academic Regulations (p. 273).
${ }^{2}$ Students have demonstrated successful completion of the learning indicators identified for learning outcome 2.1, by meeting the prerequisites for MATH 2554.
${ }^{3}$ The Fine Arts Elective courses which satisfy General Education Outcome 3.1 include: ARCH 1003, ARHS 1003, COMM 1003, DANC 1003, LARC 1003, MLIT 1003, MLIT 1003H, MLIT 1013, MLIT 1013H, MLIT 1333, THTR 1003, THTR 1013, or THTR 1013 H.
${ }^{4}$ The Humanities Elective courses which satisfy General Education Outcome 3.2 include: AAST 2023, ANTH 1033, ARCH 1013, CLST 1003, CLST 1003H, CLST 1013, COMM 1233, DANC 1003, ENGL 1213, GNST 2003, HIST 1113, HIST 1113H, HIST 1123, HIST 1123H, HIST 2003, HIST 2013, HUMN 1124H, HUMN 2213, LALS 2013, MRST 2013, MUSY 2003, MUSY 2003H, PHIL 2003, PHIL 2003C, PHIL 2003H, PHIL 2103, PHIL 2103C, PHIL 2303, THTR 1003, THTR 1013, THTR 1013H, WLIT 1113, WLIT 1123, or intermediate-level world language (usually 2003-level).

Meets 24-hour rule (24 hours of 3000-4000 level courses in Fulbright College), in addition to meeting the 40-hour rule. See College Academic Regulations (p. 273).
7 The Social Sciences Elective courses which satisfy General Education Outcomes 3.3 and 4.1 include: ANTH 1023, COMM 1023, HDFS 1403, HDFS 2413, HIST 1113, HIST 1113H, HIST 1123, HIST 1123H, HIST 2093, HUMN 1114H, HUMN 2114H, INST 2013, INST 2813, INST 2813H, PLSC 2013, PLSC 2813, PLSC 2813H, RESM 2853, SOCI 2013, SOCI 2013H, or SOCI 2033.
${ }^{8}$ The Social Sciences Elective courses which satisfy General Education Outcomes 3.3 and 5.1 include: HDFS 1403, HDFS 2603, HIST 2093, HUMN 1114H, HUMN 2114H, INST 2013, INST 2813, INST 2813H, PLSC 2813, or PLSC 2813H.

## Requirements for a Major in Mathematics, B.S. Degree:

Students must complete 120 degree credit hours to include the minimum University Core requirements (http://catalog.uark.edu/ undergraduatecatalog/academicregulations/universitycore/), the Fulbright College of Arts and Sciences Graduation Requirements (p. 273), and the following liberal arts and major course requirements. Bolded courses from the list below may be applied to portions of the University Core requirements.

Eight total hours from one of the following natural science sequences:

## Biology:

BIOL 1543 Principles of Biology (ACTS Equivalency = \& BIOL 1541L BIOL 1014 Lecture)
and Principles of Biology Laboratory (ACTS Equivalency = BIOL 1014 Lab)
and choose one of the following:
BIOL 1603 Principles of Zoology (ACTS Equivalency = \& BIOL 1601L BIOL 1054 Lecture) and Principles of Zoology Laboratory (ACTS Equivalency = BIOL 1054 Lab)
BIOL 1613 Plant Biology (ACTS Equivalency = BIOL 1034
\& BIOL 1611L Lecture)
and Plant Biology Laboratory (ACTS
Equivalency = BIOL 1034 Lab)
BIOL 2013 General Microbiology (ACTS Equivalency = \& BIOL 2011L BIOL 2004 Lecture)
and General Microbiology Laboratory (ACTS Equivalency = BIOL 2004 Lab)
Chemistry:
CHEM 1103 University Chemistry I (ACTS Equivalency = \& CHEM 1101LCHEM 1414 Lecture)
and University Chemistry I Laboratory (ACTS
Equivalency = CHEM 1414 Lab)
and

| CHEM 1123 <br> \& CHEM 1121 | University Chemistry II (ACTS Equivalency = LCHEM 1424 Lecture) <br> and University Chemistry II Laboratory (ACTS Equivalency = CHEM 1424 Lab) |
| :---: | :---: |
| Geology: |  |
| GEOS 1113 <br> \& GEOS 1111L | ```Physical Geology (ACTS Equivalency = GEOL L1114 Lecture) and Physical Geology Laboratory (ACTS Equivalency = GEOL 1114 Lab)``` |
| and |  |
| GEOS 1133 \& GEOS 1131L | ```Earth Science (ACTS Equivalency = GEOL 1124 LLecture) and Earth Science Laboratory (ACTS Equivalency = GEOL 1124 Lab)``` |
| Physics: |  |
| PHYS 2054 | University Physics I (ACTS Equivalency = PHYS 2034) |
| and |  |
| PHYS 2074 | University Physics II (ACTS Equivalency = PHYS 2044 Lecture) |

Completion of eight additional hours at the 3000-level or higher 8-30+ not in Mathematics or Statistics chosen with department approval, completion of the UAteach curriculum, or completion of the Fulbright Four Year Honors Core for a Bachelor of Science degree. (Hours required will vary.)

As a part of the requirements for a B.S. degree with a major in mathematics, the student must also complete the following 27 hours:

## Concentration 1 (Applied)

A program for the student who wishes to prepare for either applied work in mathematics or graduate work in mathematical sciences or some other field. Requirements:

| STAT 3013 | Introduction to Probability | 3 |
| :--- | :--- | :--- |
| MATH 4423 | Introduction to Partial Differential Equations | 3 |
| or MATH 3583 Foundations of Applied Mathematics |  |  |
| MATH 4353 | Numerical Linear Algebra | 3 |
| MATH 4363 | Numerical Analysis | 3 |

Two MATH or STAT electives numbered 3000 or higher (students 6 may also take CSCE 4133)

## Total Hours

## Mathematics, B.S., Concentration 1 (Applied) Eight-Semester Degree Program

Students wishing to follow the eight-semester degree plan should see the Eight-Semester Degree Policy (p.67) for university requirements of the program.

Core requirement hours may vary by individual, based on placement and previous credit granted. Once all core requirements are met, students may substitute a three-hour (or more) general elective in place of a core area.

| First Year | Fall | Units <br> Spring |

| and |  |
| PHYS 2074 | University Physics II (ACTS Equivalency = PHYS 2044 Lecture) |

Completion of eight additional hours at the 3000-level or higher 8-30+ not in Mathematics or Statistics chosen with department approval, completion of the UAteach curriculum, or completion of the Fulbright Four Year Honors Core for a Bachelor of Science degree. (Hours required will vary.)

As a part of the requirements for a B.S. degree with a major in mathematics, the student must also complete the following 27 hours:

| MATH 2574 | Calculus III (ACTS Equivalency = MATH 2603) | 4 |
| :--- | :--- | :--- |
| MATH 2584 | Elementary Differential Equations | 4 |
| MATH 2803 | Transition to Advanced Mathematics | 3 |
| MATH 3093 | Abstract Linear Algebra | 3 |
| MATH 3113 | Introduction to Abstract Algebra I | 3 |
| MATH 4513 | Advanced Calculus I | 3 |
| MATH 4933 | Mathematics Major Seminar | 3 |
| CSCE 2004 | Programming Foundations I | 4 |
| And the completion of a senior writing project under the direction of a <br> faculty member. | 3 |  |
| It is recommended that MATH 2803 be taken as early as possible in  <br> the program.  |  |  |

1 This is typically carried out in MATH 4933 or satisfied with an honors senior thesis.

## Concentration 3 (Statistics)

A program for the student who wishes to emphasize statistics or who intends to study statistics at the graduate level. Requirements:

| STAT 3013 | Introduction to Probability | 3 |
| :--- | :--- | :---: |
| STAT 3113 | Introduction to Mathematical Statistics | 3 |
| STAT 3003 | Statistical Methods | 3 |
| STAT 3001L | Statistics Methods Laboratory | 1 |
| or STAT 4101 Lntroduction to R |  |  |
| STAT 4033 | Nonparametric Statistical Methods | 3 |

Two MATH or STAT electives numbered 3000 or higher (students 6 may also take CSCE 4133).

## Total Hours

A 2.00 cumulative grade-point average on all work completed in the department of mathematical sciences will be required for graduation with a B.A. or B.S. degree.

## Mathematics, B.S., Concentration 3 (Statistics)

## Eight-Semester Degree Program

Students wishing to follow the eight-semester degree plan should see the Eight-Semester Degree Policy (p. 67) for university requirements of the program.

Core requirement hours may vary by individual, based on placement and previous credit granted. Once all core requirements are met, students may substitute a three-hour (or more) general elective in place of a core area.

| First Year | Units |  |
| :---: | :---: | :---: |
|  | Fall | Spring |
| ENGL 1013 Composition I (ACTS Equivalency = ENGL 1013) (Satisfies General Education Outcome 1.1) | 3 |  |
| MATH 2554 Calculus I (ACTS Equivalency = MATH 2405) (Satisfies General Education Outcome 2.1) ${ }^{1,2}$ | 4 |  |
| Science State Minimum Core lecture with corequisite lab requirement (Satisfies General Education Outcome 3.4) | 4 |  |
| Social Sciences State Minimum Core requirement (Satisfies General Education Outcome 3.3) ${ }^{3}$ | 3 |  |
| ENGL 1023 Composition II (ACTS Equivalency = ENGL 1023) (Satisfies General Education Outcome 1.1) |  | 3 |
| MATH 2564 Calculus II (ACTS Equivalency = MATH 2505) ${ }^{1}$ |  | 4 |
| MATH 2803 Transition to Advanced Mathematics ${ }^{1}$ |  | 3 |
| Science State Minimum Core lecture with corequisite lab requirement (Satisfies General Education Outcome 3.4) |  | 4 |
| Year Total: | 14 | 14 |

Second Year | Units |
| ---: |
| Fall |

MATH 2574 Calculus III (ACTS Equivalency =

## Total Units in Sequence:

${ }^{1}$ Meets 40 -hour advanced credit hour requirement. See College Academic Regulations (http://catalog.uark.edu/undergraduatecatalog/ collegesandschools/jwilliamfulbrightcollegeofartsandsciences/).
${ }^{2}$ Students have demonstrated successful completion of the learning indicators identified for learning outcome 2.1, by meeting the prerequisites for MATH 2554.
3 The Social Sciences Elective courses which satisfy General Education Outcome 3.3 include: AGEC 1103, AGEC 2103, ANTH 1023, COMM 1023, ECON 2013, ECON 2023, ECON 2143, EDST 2003, HDFS 1403, HDFS 2413, HDFS 2603, HIST 1113, HIST 1113H, HIST 1123, HIST 1123H, HIST 2003, HIST 2013, HIST 2093, HUMN 1114H, HUMN 2114H, INST 2813, INST 2813H, PLSC 2003,

## Requirements for a Minor in Mathematics

A grade of C or better in the following courses:

| MATH 2564 | Calculus II (ACTS Equivalency = MATH 2505) | 4 |
| :---: | :---: | :---: |
| MATH 2603 <br> or MATH 2803 <br> or MATH 4423 <br> or MATH 3583 | Discrete Mathematics <br> Transition to Advanced Mathematics Introduction to Partial Differential Equations Foundations of Applied Mathematics | 3 |
| 3 courses select | d from the following: | 9-12 |
| MATH 2574 | Calculus III (ACTS Equivalency $=$ MATH 2603) |  |
| MATH 2584 | Elementary Differential Equations |  |
| Any MATH cou hours each. | urses at the 3000-level or higher of at least 3 credit |  |

## Total Hours

## Requirements for a Minor in Statistics:

Coursework used toward the mathematics major may not be applied toward a statistics minor.

| MATH $2554 \quad$ Calculus I (ACTS Equivalency $=$ MATH 2405) | 4 |
| :--- | ---: | ---: |
| 12 hours of STAT courses, including 9 hours in courses numbered | 12 |
| 3000 and above. |  |
| Total Hours | $\mathbf{1 6}$ |

Requirements for Departmental Honors in Mathematics: The
Departmental Honors Program in Mathematics is designed for the superior student and is intended to help the student develop a more comprehensive view of the nature of mathematics. The program provides
a vehicle for the recognition of the achievements of work beyond the usual course of study and earns the student the distinction "Mathematics Scholar Cum Laude" at graduation. Higher degree distinctions are recommended only in truly exceptional cases and are based upon the whole of the candidate's program of honors studies.

Graduation with honors: The candidate must satisfy the requirements set forth by the Honors Council. The candidate must also obtain at least a 3.50 grade-point average in CSCE 2004 and all 2000-level or higher MATH/STAT courses required for the degree. In addition, a grade of "D" or "F" in any other course offered by the department disqualifies a student for honors.

Candidates must take 2-4 hours of MATH 498V at least one semester before the student's graduating semester. This course will require significant progress toward an honors thesis to be presented and defended before the student's honors committee. The quality of this paper and its defense, along with the execution of the rest of the student's honors program and overall academic performance, will be used in determining the distinction between Honors and High Honors.

## Mathematics Teacher Licensure Requirements:

Students interested in pursuing a minor in STEM Education or Secondary Teacher Licensure in mathematics, biology, chemistry, physics, or computer science at the undergraduate level should consult with a STEM Education faculty adviser, teach@uark.edu. Another option to obtain secondary teacher licensure is to complete the one-year Master of Arts in Teaching (http://catalog.uark.edu/undergraduatecatalog/ collegesandschools/jwilliamfulbrightcollegeofartsandsciences/ mathematicalsciencesmasc/graduatecatalog/programsofstudy/ teachereducation/).

## Faculty

Arnold, Mark E., Ph.D., B.S. (Northern Illinois University), A.S. (Rock Valley College), Associate Professor, 1993, 1999.
Barton, Ariel, Ph.D., M.S. (University of Chicago), B.S. (Harvey Mudd College), Associate Professor, 2016, 2021.
Bergdall, Joohn, Ph.D. (Brandeis University), B.S. (University of Minnesota), Assistant Professor, 2022.
Bradshaw, Zachary, Ph.D. (University of Virginia), B.S. (Virginia
Commonwealth University), Associate Professor, 2017, 2022.
Brewer, Dennis W., Ph.D., M.A. (University of Wisconsin), B.A. (Sterling College), Professor, 1975, 1990.
Chakraborty, Avishek, Ph.D (Duke University), M.S., B.S. (Indian Statistical Institute), Associate Professor, 2014, 2020.
Clay, Matt, Ph.D., M.S. (University of Utah), B.S. (University of Oregon), Associate Professor, 2012, 2015.
Day, Matthew B., Ph.D., M.S. (University of Chicago), B.S. (University of Texas), Associate Professor, 2011, 2016.
Del Barco, Celia, M.S. (Georgia Institute of Technology), B.A. (Instituto Politecnio Nacional), Instructor, 2013.
Dick, Raymond, M.S. (Texas Tech University), B.S. (Bethany College), Instructor, 2014.
Dickerson, Elizabeth B., M.S. (University of Arkansas), B.S. (Mississippi State University), Instructor, 2013.
Dingman, Shannon Wayne, Ph.D., M.S. (University of MissouriColumbia), M.S. (Pittsburg State University), Professor, 2007, 2020.
Fatema, Jinat, M.S. (Sam Houston State University), B.S. (University of Dhaka), Instructor, 2014.
Feldman, William A., Ph.D. (Queen's University), M.S. (Northwestern University), B.S. (Tufts University), Professor, 1971.

Girshner, Joshua M., M.A., B.A. (University of Arkansas), Instructor, 2012.

Goodman-Strauss, Chaim, Ph.D., B.S. (University of Texas at Austin), Professor, 1994, 2006.
Harrington, Phil, Ph.D., M.S. (University of Notre Dame), B.S. (Whitworth College), Professor, 2009, 2019.
Harriss, Edmund O., Ph.D. (Imperial College, London), M.M. (University of Warwick), Assistant Professor, 2010, 2022.
Hood, Shanda, Ph.D. M.S. (University of Arkansas), B.S. (University of Arkansas-Fort Smith), Teaching Assistant Professor, 2013.
Johnson, Mark, Ph.D. (Michigan State University), M.S. (Purdue University), B.S. (City University of New York, Brooklyn College), Professor, 1995, 2015.
Kaman, Tulin, Ph.D. (Stony Brook University), M.S. (Istanbul Technical University), B.S. (Yildiz Technical University), Assistant Professor, 2017. Kruse, Audrey, M.S. (Arkansas State University), B.S. (Brigham Young University), Instructor, 2014.
Luecking, Daniel H., Ph.D., M.S., B.A. (University of Illinois-UrbanaChampaign), Professor, 1981, 1990.
Mantero, Paolo, Ph.D. (Purdue University), M.Sc., B.Sc. (University of Genova, Italy), Associate Professor, 2015, 2021.
Miller, Lance E., Ph.D. (University of Connecticut), M.S. (New Mexico State University), Associate Professor, 2013, 2019.
Namakshi, Nama, Ph.D., M.Ed. (Texas State University), B.S. (Angelo State University), Teaching Assistant Professor, 2016.
Niu, Wenbo, Ph.D. (University of Illinois at Chicago), M.S., B.S. (Fudan University, China), Associate Professor, 2015, 2021.
Padgett, Joshua, Ph.D. (Baylor University), B.S. (Gardner-Webb University), Assistant Professor, 2020.
Petris, Giovanni, Ph.D., M.S. (Duke University), B.S. (Universita degli Studi di Milano, Italy), Professor, 1999, 2015.
Plummer, Sean, Ph.D., M.S. (Texas A\&M University), B.S. (North Carolina State University), Assistant Professor, 2022.
Raich, Andrew Seth, Ph.D., M.A. (University of Wisconsin-Madison), B.A. (Williams College), Professor, 2008, 2018.

Raoux, Katherine, Ph.D. (Brandeis University), B.A. (New College of Florida), Assistant Professor, 2022.
Rickard, Brian, Ph.D., M.Ed., B.S. (University of Arkansas), Teaching Associate Professor, 2015.
Rieck, Yo'av, Ph.D. (University of Texas at Austin), B.A. (Israel Institute of Technology), Professor, 2000, 2010.
Robinson, Samantha, Ph.D., M.S., B.S. (University of Arkansas),
Teaching Associate Professor, Julia A. Hicks Chair, 2015, 2022.
Ryan, John, Ph.D. (University of York), M.Sc. (University of Warwick), B.A. (University of York, Britain), Distinguished Professor, 1990, 2019.

Ryburn, Tori, M.S. (University of Arkansas), B.S. (University of ArkansasMonticello), Instructor, 2013.
Schroeder, Melinda, M.A. (University of Arkansas), B.S. (Northeastern State University), Instructor, 2016.
Scroggin, Sloan, M.S. (University of Arkansas), B.B.A. (University of Arkansas-Little Rock), Instructor, 2013.
Stephenson, Barbara C., M.S. (West Virginia University), Instructor, 2004.

Tipton, John, Ph.D., M.S., B.S., (Colorado State University), Assistant Professor, 2017.
Tjani, Maria, Ph.D. (Michigan State University), M.S. (Purdue University), B.S. (University of Ioannina, Greece), Professor, 2003, 2020.

Van Horn-Morris, Jeremy, Ph.D. (University of Texas at Austin), B.S. (University of Oregon), Associate Professor, 2012, 2018.
Whitmire, Daniel, Ph.D. (University of Texas), M.S. (University of Texas at El Paso), B.S. (Midwestern State University), Instructor, 2013.

Woodland, Janet C., Ph.D., M.A. (State University of New York at Stony Brook), B.A. (King's College), Teaching Assistant Professor, 1993.
Zhang, Qingyang, Ph.D. (Northwestern University), M.S. (Loyola
University-Chicago), B.S. (Beijing Normal University), Associate Professor, 2015, 2021.

## Courses

## MATH 0001L. College Algebra Laboratory I. 1 Hour.

This course provides additional support and instruction for students enrolled in MATH 1203 who are required to take it based on the placement requirements stipulated for that course. Credit earned in this course will not be applied to the total hours required for a degree. One lab hour. (Typically offered: Fall, Spring and Summer)

## MATH 0002L. College Algebra Laboratory II. 2 Hours.

This course provides additional support and instruction for students enrolled in MATH 1203 who are required to take it based on the placement requirements stipulated for that course. Credit earned in this course will not be applied to the total hours required for a degree. Two lab hours. (Typically offered: Fall, Spring and Summer)
MATH 0131L. Quantitative Reasoning Laboratory. 1 Hour.
This course provides additional support and instruction for students enrolled in MATH 1313 who are required to take it based on the placement requirements stipulated for that course. Credit earned in this course will not be applied to the total hours required for a degree. One lab hour. (Typically offered: Fall, Spring and Summer)

MATH 1203. College Algebra (ACTS Equivalency = MATH 1103). 3 Hours.
Topics include the solution and application of linear and quadratic equations and inequalities; functions, graphs, and theory of equations; matrix solutions of systems of equations and basic properties of matrices. Prerequisite: A score of at least 46 on ALEKS, at least 22 on the math component of the ACT exam, at least 540 on the math component of the new SAT or old SAT, at least 63 on the Accuplacer Classic College Math, at least 263 on the Accuplacer Next Generation QAS, at least 254 on the Accuplacer NG AAF, or at least 66 on the Compass Algebra. Students who score at least 30 on ALEKS, at least 19 on the math component of the ACT exam, at least 510 on the math component of the new SAT or 460 on the math component of the old SAT, at least 42 on the Accuplacer Classic College Math, at least 255 on the Accuplacer Next Generation QAS, at least 235 on the Accuplacer NG AAF, or at least 41 on the Compass Algebra must also register for MATH 0001L as a corequisite. Students who score below 30 on ALEKS, below 19 on the math component of the ACT exam, below 510 on the math component of the new SAT or 460 on the math component of the old SAT, below 42 on the Accuplacer Classic College Math, below 255 on the Accuplacer Next Generation QAS, below 235 on the Accuplacer NG AAF, or below 41 on the Compass Algebra must also register for MATH 0002L as a corequisite. (Typically offered: Fall, Spring and Summer)

MATH 1213. Plane Trigonometry (ACTS Equivalency = MATH 1203). 3 Hours. Basic topics in trigonometry including identities, formulas, and polar coordinate system. Credit will be allowed for only one of either MATH 1213 or MATH 1284C. Prerequisite: MATH 1203 or MATH 1204 with a grade of C or better, or a score of at least 60 on the Math Placement Test, or a score of at least 26 on the math component of the ACT exam, or a score of at least 600 on the math component of the old SAT or 620 on the math component of the new SAT. (Typically offered: Fall, Spring and Summer)

MATH 1284C. Precalculus Mathematics (ACTS Equivalency = MATH 1305). 4 Hours.
Topics in algebra and trigonometry. To be taken by students who expect to take MATH 2554. Corequisite: Drill component. Prerequisite: MATH 1203 with a grade of $C$ or better, or a score of at least 60 on the Math Placement Test, or a score of at least 26 on the math component of the ACT exam, or a score of at least 600 on the math component of the old SAT or 620 on the math component of the new SAT. (Typically offered: Fall, Spring and Summer)

## MATH 1313. Quantitative Reasoning (ACTS Equivalency = MATH 1113). 3

 Hours.Reasoning about quantitative information, and the use of mathematical tools and models as citizens, consumers, entrepreneurs and employees in today's complex technological society. Topics include modeling with functions; quantity, measurement and indices; finance; counting, probability, odds and risk. Prerequisite: A score of at least 40 on ALEKS, at least 19 on the ACT exam, at least 510 on the math component of the newSAT, at least 460 on the math component of the old SAT, at least 42 on the Accuplacer Classic College Math, at least 255 on the Accuplacer Next Generation QAS, at least 235 on the Accuplacer Next Generation AAF, or at least 41 on Compass Algebra. Students who score below 40 on ALEKS, below 19 on the math component of the ACT exam, below 510 on the math component of the new SAT, below 460 on the math component of the old SAT, below 42 on the Accuplacer Classic College Math, below 255 on the Accuplacer Next Generation QAS, below 235 on the Accuplacer Next Generation AAF, or below 41 on Compass Algebra must also register for MATH 0131L as a corequisite. (Typically offered: Fall and Spring)

## MATH 1514. Calculus with Algebra and Trigonometry I. 4 Hours.

Topics in algebra, trigonometry and precalculus are integrated with elementary differential calculus. Part of a two semester sequence with MATH 2514; these two courses together are equivalent to MATH 1284C and MATH 2554C. MATH 1514 BY ITSELF NOT EQUIVALENT TO EITHER MATH 1284C OR MATH 2554C. This course must be taken with MATH 2514. Intended for students who place into MATH 1284C, but who would profit from an earlier exposure to calculus concepts. Closed to students with credit for MATH 2554C. Prerequisite: MATH 1203 with a grade of $C$ or better, or a score of at least 60 on the Math Placement Test, or a score of at least 26 on the math component of the ACT exam, or a score of at least 600 on the math component of the old SAT or 620 on the math component of the new SAT. (Typically offered: Fall)
MATH 2043. Survey of Calculus (ACTS Equivalency = MATH 2203). 3 Hours. Selected topics in elementary calculus and analytic geometry for students in business, agriculture, and social sciences. Credit will be allowed for only one of MATH 2043 and MATH 2554. Prerequisite: MATH 1203 or MATH 1204 or MATH 1213 or MATH 1284C or MATH 2053 with a grade of C or better, or a score of at least 60 on the Math Placement Test, or a score of at least 26 on the math component of the ACT exam, or a score of at least 600 on the math component of the old SAT or 620 on the math component of the new SAT. (Typically offered: Fall, Spring and Summer)

## MATH 2053. Finite Mathematics. 3 Hours.

Selected topics in probability and statistics, review of algebraic matrices, and graphic analysis of linear programming for students in business, agriculture, and social sciences. Prerequisite: MATH 1203 or MATH 1213 or MATH 1284C or MATH 2043 with a grade of $C$ or better, or a score of at least 60 on the Math Placement Test, or a score of at least 26 on the math component of the ACT exam, or a score of at least 600 on the math component of the old SAT or 620 on the math component of the new SAT. (Typically offered: Fall, Spring and Summer)

MATH 2183. Mathematical Reasoning in a Quantitative World. 3 Hours.
Mathematical and statistical reasoning are required in contexts of growing complexity and sophistication. The purpose of this course is to cause students to possess the power and habit of mind to search out quantitative information, critique it, reflect upon it, and apply it in their public, personal and professional lives. Prerequisite: MATH 1203, or MATH 1313, or a score of at least 60 on the Math Placement Test, or a score of at least 26 on the math component of the ACT exam, or a score of at least 600 on the math component of the old SAT or 620 on the math component of the new SAT. (Typically offered: Fall and Spring)

MATH 2213. Survey of Mathematical Structures I. 3 Hours.
Sets and logic, systems of numerations, number systems and operations, and elementary number theory. Prerequisite: $A$ grade of $C$ or better in any of MATH 1203, MATH 1213, MATH 1284C, MATH 1313, MATH 2043, MATH 2053, MATH 2183 or MATH 2554, or a score of at least $80 \%$ on the University of Arkansas Mastery of Algebra Exam, or a score of at least 26 on the math component of the ACT exam, or a score of at least 600 on the math component of the old SAT or 620 on the math component of the new SAT. (Typically offered: Fall, Spring and Summer)
MATH 2223. Survey of Mathematical Structures II. 3 Hours.
Geometry and measurement, and statistics and probability. Prerequisite: A grade of C or better in MATH 2213. (Typically offered: Fall, Spring and Summer)
MATH 2445. Calculus I with Review (ACTS Equivalency = MATH 2405). 5 Hours. Derivative of functions of one variable, applications of the derivative, introduction of the integral, and applications. Credit will be allowed for only one of MATH 2445, MATH 2554 or MATH 2043. Prerequisite: MATH 1213 with a grade of $C$ or better, or MATH 1284C with a grade of $C$ or better, or a score of at least 70 on the Math Placement Test, or a score of at least 28 on the math component of the ACT exam, or a score of at least 640 on the math component of the old SAT or 660 on the math component of the new SAT, or a score of at least 2 on the Calculus AB or BC Advanced Placement Exam. (Typically offered: Fall, Spring and Summer) This course is equivalent to MATH 2554.

## MATH 2514. Calculus with Algebra and Trigonometry II. 4 Hours.

Continuation of MATH 1514. Topics in algebra, trigonometry and precalculus are integrated with elementary differential and integral calculus. Completion of MATH 1514 and MATH 2514 is equivalent to completion of MATH 1284C and MATH 2554C. This course is meant exclusively for students who have previously taken MATH 1514. MATH 2514 BY ITSELF NOT EQUIVALENT TO EITHER MATH 1284C OR MATH 2554C. Closed to students with credit for MATH 2554C. Prerequisite: MATH 1514 with a grade of C or better. (Typically offered: Spring)
MATH 2554. Calculus I (ACTS Equivalency = MATH 2405). 4 Hours.
Derivative of functions of one variable, applications of the derivative, introduction of the integral, and applications. Credit will be allowed for only one of MATH 2554 and MATH 2043. Prerequisite: MATH 1213 with a grade of $C$ or better, or MATH 1284C with a grade of $C$ or better, or a score of at least 76 on the Math Placement Test, or a score of at least 28 on the math component of the ACT exam, or a score of at least 640 on the math component of the old SAT or 660 on the math component of the new SAT, or a score of at least 2 on the Calculus AB or BC Advanced Placement Exam. (Typically offered: Fall, Spring and Summer)

## MATH 2554C. Calculus I (ACTS Equivalency = MATH 2405). 4 Hours.

Derivative of functions of one variable, applications of the derivative, introduction of the integral, and applications. Credit will be allowed for only one of MATH 2554 and MATH 2043. Corequisite: Drill component. Prerequisite: MATH 1213 with a grade of $C$ or better, or MATH 1284C with a grade of $C$ or better, or a score of at least 76 on the Math Placement Test, or a score of at least 28 on the math component of the ACT exam, or a score of at least 640 on the math component of the old SAT or 660 on the math component of the new SAT, or a score of at least 2 on the Calculus AB or BC Advanced Placement Exam. (Typically offered: Fall, Spring and Summer) This course is equivalent to MATH 2554.

## MATH 2554H. Honors Calculus I. 4 Hours.

Topics in analytic geometry and calculus presented in a rigorous manner suitable for an honors student. Students may not receive credit for both MATH 2043 and MATH 2554. Prerequisite: Honors standing or departmental consent; and a score of at least 30 on the math component of the ACT exam, or a score of at least 680 on the math component of the old SAT or 710 on the math component of the new SAT. (Typically offered: Fall and Spring)
This course is equivalent to MATH 2554.

## MATH 2564. Calculus II (ACTS Equivalency = MATH 2505). 4 Hours.

Integral calculus of one variable and infinite series. Prerequisite: MATH 2554 with a grade of C or better. (Typically offered: Fall, Spring and Summer)

## MATH 2564C. Calculus II. 4 Hours.

Integral calculus of one variable and infinite series. Three hours of lecture and two hours of drill (recitation) per week. Corequisite: Drill component. Prerequisite: MATH 2554 with a grade of C or better. (Typically offered: Fall, Spring and Summer) This course is equivalent to MATH 2564.
MATH 2564H. Honors Calculus II. 4 Hours.
Integral calculus of one variable and infinite series. Prerequisite: MATH 2554 with a grade of A, or MATH 2554 H with a grade of A or B, or a score of 5 on the AP AB Calculus Exam. (Typically offered: Spring)
This course is equivalent to MATH 2564.
MATH 2574. Calculus III (ACTS Equivalency = MATH 2603). 4 Hours.
Differential and integral calculus of several variables, and vector calculus. Prerequisite: MATH 2564 with a grade of $C$ or better. (Typically offered: Fall, Spring and Summer)

## MATH 2574C. Calculus III. 4 Hours.

Differential and integral calculus of several variables, and vector calculus. Three hours of lecture and two hours of drill (recitation) per week. Corequisite: Drill component. Prerequisite: MATH 2564 with a grade of C or better. (Typically offered: Fall, Spring and Summer)
This course is equivalent to MATH 2574.

## MATH 2574H. Honors Calculus III. 4 Hours.

Differential and integral calculus of several variables, and vector calculus. Prerequisite: MATH 2564 with a grade of A, or MATH 2564 H with a grade of A or B, or a score of 5 on the AP BC Calculus exam. (Typically offered: Fall and Spring) This course is equivalent to MATH 2574.

## MATH 2584. Elementary Differential Equations. 4 Hours.

First and second order ordinary differential equations, the Laplace transform, and matrix systems of ordinary differential equations. Prerequisite: MATH 2564 or MATH 2564C with a grade of C or better. (Typically offered: Fall, Spring and Summer)

## MATH 2584C. Elementary Differential Equations. 4 Hours.

First and second order ordinary differential equations, the Laplace transform, and matrix systems of ordinary differential equations. Three hours of lecture and two hours of drill (recitation) per week. Corequisite: Drill component. Prerequisite: MATH 2564 or MATH 2564C with a grade C or better. (Typically offered: Fall, Spring and Summer)
This course is equivalent to MATH 2584.

## MATH 2584H. Honors Elementary Differential Equations. 4 Hours.

Topics in ordinary differential equations, systems of differential equations and the Laplace transform presented with an emphasis on modeling. Prerequisite: MATH 2564 with a grade of A, or MATH 2564 H with a grade of A or B, or a score of 5 on the AP BC Calculus exam. (Typically offered: Irregular)
This course is equivalent to MATH 2584.
MATH 2603. Discrete Mathematics. 3 Hours.
Introductory study of sets, relations, logic, proofs, algorithms, counting methods, graph theory, trees, and Boolean algebras. Prerequisite: MATH 2554 with a grade of C or better or the equivalent. (Typically offered: Fall, Spring and Summer)

MATH 2801L. Transition to Advanced Mathematics Laboratory. 1 Hour. Introduction to mathematical software and application to career opportunities in mathematics. Pre- or corequisite: MATH 2803. (Typically offered: Fall and Spring)

MATH 2803. Transition to Advanced Mathematics. 3 Hours.
An introduction to concepts encountered in advanced mathematics. Emphasis is placed on developing the student's problem solving skills and ability to correctly communicate abstract concepts. Topics to include set theory, logic, relations, functions and mathematical induction presented in the context of intriguing mathematical problems. Pre- or Corequisite: MATH 2801L and (MATH 2554 or MATH 2554C). (Typically offered: Fall and Spring)
MATH 2903. Functions, Foundations and Models. 3 Hours.
An in-depth study of topics from secondary school mathematics, emphasizing the development of the concept function, function patterns in data sets, connections among the main topics associated with a secondary school curriculum, and the appropriate use of technology. Pre- or Corequisite: MATH 2564 or MATH 2564C. (Typically offered: Fall and Spring)

MATH 3013. Introduction to Probability. 3 Hours.
A calculus-based introduction to probability. Discrete probability spaces and counting techniques, discrete and continuous probability distributions, random variables, random samples, law of large numbers, central limit theorem. Prerequisite: MATH 2564 or MATH 2564C. (Typically offered: Fall, Spring and Summer) This course is cross-listed with STAT 3013.

## MATH 3083. Linear Algebra. 3 Hours.

Systems of linear equations, vector spaces, linear transformations, matrices, and determinants. Only one of MATH 3083 and MATH 3093 will count for credit. Prerequisite: MATH 2554 or MATH 2043, with a grade of C or better. (Typically offered: Fall, Spring and Summer)

## MATH 3093. Abstract Linear Algebra. 3 Hours.

A proof-based course on vector spaces, linear transformations, matrices, determinants, eigenspaces and eigenvalues, with applications. Recommended for mathematics majors. Only one of MATH 3083 and MATH 3093 may be counted for credit. Pre- or Corequisite: MATH 2564 with a C or better. Prerequisite: MATH 2803 with a C or better. (Typically offered: Fall and Spring)
MATH 3103. Combinatorics. 3 Hours.
Basic combinatorial techniques including the study of the principle of inclusion and exclusion and generating functions. Additional topics may include modular arithmetic, algebraic coding theory, Polya's method of enumeration, and an introduction to abstract algebraic structures. Prerequisite: MATH 2603 or MATH 2803. Pre- or Corequisite: MATH 3083 or MATH 3093. (Typically offered: Fall and Spring)
MATH 3113. Introduction to Abstract Algebra I. 3 Hours.
Introduction to algebraic structures with emphasis on rigorous justification of results. Prerequisite: MATH 2803 with a grade of C or better; and MATH 3083 or MATH 3093 with a grade of C or better. (Typically offered: Fall and Spring)

## MATH 3133. History of Mathematics. 3 Hours.

Survey of the development of mathematical ideas from the ancient to the modern times. Prerequisite: MATH 2554, and MATH 2603 or MATH 2803, both with a grade of $C$ or better. (Typically offered: Spring)

## MATH 3203. Number Theory. 3 Hours.

Topics in elementary number theory. Prerequisite: MATH 2554, and MATH 2603 or MATH 2803, both with a grade of C or better. (Typically offered: Irregular)

MATH 3513. Elementary Analysis. 3 Hours.
A first rigorous course in analysis. The formal basis of the real number system, sequences and series, the Bolzano-Weierstrass Theorem, limits and continuity, the Intermediate Value Theorem, Rolle's Theorem, differentiation, the Mean Value Theorem and its consequences, Taylor's Theorem, L'Hopital's rules, convexity, Riemann integration, the Fundamental Theorem of Calculus. Only one of MATH 3513 and MATH 4513 may be counted for credit toward the major. Prerequisite: A grade of C or better in each of MATH 2554 or MATH 2554C, MATH 2564 or MATH 2564C, MATH 2574 or MATH 2574C, MATH 3083 or MATH 3093, and MATH 2803. (Typically offered: Fall)

## MATH 3583. Foundations of Applied Mathematics. 3 Hours.

Introduction to the derivation and analysis of physical models. Topics include dimensional analysis, perturbation methods, the method of characteristics, continuum mechanics, and elastic, material and fluid equations. Case studies come from biology, fluid dynamics, engineering, chemistry and other areas. Prerequisite: MATH 2574 and MATH 2584. (Typically offered: Fall)

MATH 3773. Foundations of Geometry I. 3 Hours.
Axiomatic method; Euclidean geometry; non-Euclidean geometry. Prerequisite: MATH 2554, and MATH 2603 or MATH 2803, each with a grade of $C$ or better. (Typically offered: Fall)

MATH 399VH. Honors Mathematics Course. 1-6 Hour.
Honors thesis research and writing under the direction of a faculty member in the department. Prerequisite: Departmental consent. (Typically offered: Fall, Spring and Summer) May be repeated for up to 12 hours of degree credit.
MATH 400V. Directed Readings. 1-7 Hour.
Directed readings. Prerequisite: Departmental consent. (Typically offered: Fall, Spring and Summer) May be repeated for up to 7 hours of degree credit.

## MATH 405V. Internship in Professional Practice. 1-3 Hour.

Professional work experience involving significant use of mathematics or statistics in business, industry or government. Prerequisite: Departmental consent. (Typically offered: Fall, Spring and Summer) May be repeated for up to 3 hours of degree credit.

## MATH 4103. Advanced Linear Algebra. 3 Hours.

Linear functionals, matrix representation of linear transformations, scalar product, and spectral representation of linear transformations. Prerequisite: MATH 3083 or MATH 3093. (Typically offered: Irregular)
MATH 4113. Introduction to Abstract Algebra II. 3 Hours.
Topics in abstract algebra including finite abelian groups, linear groups, factorization in commutative rings and Galois theory. Prerequisite: MATH 3113. (Typically offered: Spring)

## MATH 4153. Mathematical Modeling. 3 Hours.

Mathematical techniques for formulating, analyzing, and criticizing deterministic models taken from the biological, social, and physical sciences. Techniques include graphical methods, stability, optimization, and phase plane analysis. Prerequisite: MATH 2584. (Typically offered: Irregular)
MATH 4163. Dynamic Models in Biology. 3 Hours.
Mathematical and computational techniques for developing, executing, and analyzing dynamic models arising in the biological sciences. Both discrete and continuous time models are studied. Applications include population dynamics, cellular dynamics, and the spread of infectious diseases. Prerequisite: MATH 2554. (Typically offered: Irregular)
This course is cross-listed with BIOL 4163.

## MATH 4253. Symbolic Logic I. 3 Hours.

Rigorous analyses of the concepts of proof, consistency, equivalence, validity, implication, and truth. Full coverage of truth-functional logic and quantification theory (predicate calculus). Discussion of the nature and limits of mechanical procedures (algorithms) for proving theorems in logic and mathematics. Informal accounts of the basic facts about infinite sets. Prerequisite: MATH 2603, MATH 2803, or PHIL 2203. (Typically offered: Fall)
This course is cross-listed with PHIL 4253.

## MATH 4303. Ordinary Differential Equations. 3 Hours.

Existence, uniqueness, stability, qualitative behavior, and numerical solutions.
Prerequisite: MATH 2584 and (MATH 4513 or MATH 3513). (Typically offered: Fall)

## MATH 4343. Introduction to Scientific Computing. 3 Hours.

Provides an understanding of a diverse set of problems, as well as algorithms for solving them and implementing the algorithms using high performance computing resources and environments. The emphasis is on problem solving and offers multiple projects concerning applications in science and engineering. Prerequisite: MATH 3083 or MATH 3093. (Typically offered: Spring)
MATH 4353. Numerical Linear Algebra. 3 Hours.
Numerical methods for problems of linear algebra, including the solution of very large systems, eigenvalues, and eigenvectors. Prerequisite: MATH 3083 or MATH 3093. (Typically offered: Spring)

MATH 4363. Numerical Analysis. 3 Hours.
General iterative techniques, error analysis, root finding, interpolation, approximation, numerical integration, and numerical solution of differential equations. Prerequisite: MATH 2584. (Typically offered: Fall)

MATH 4373. Finite Element Methods and Solution of Sparse Linear Systems. 3 Hours.
Provides an in-depth understanding of numerical methods for the solution of partial differential equations using Finite Element Methods, Direct and Iterative Methods for the Sparse Linear Systems. Prerequisite: MATH 4353. (Typically offered: Spring)

## MATH 4403. Numerical Linear Algebra II. 3 Hours.

Provides an in-depth understanding of numerical methods for the solution of large scale eigenvalue problems arising in science and engineering applications including theory, implementation and applications. Prerequisite: MATH 4353. (Typically offered: Fall)

MATH 4423. Introduction to Partial Differential Equations. 3 Hours.
Separation of variables, Fourier transform, and Laplace transform methods for the solution of partial differential equations. Topics include Fourier series, Fourier-Bessel series, orthogonal expansions, and the error function. Prerequisite: MATH 2584 or MATH 2584C with a grade of C or better; and MATH 2574 with a grade of C or better. (Typically offered: Fall, Spring and Summer)

## MATH 4443. Complex Variables. 3 Hours.

Complex analysis, series, and conformal mapping. Additional applications for graduate credit. Prerequisite: MATH 2603 or MATH 2803, and MATH 2584 or MATH 2584C. (Typically offered: Fall)
MATH 4503. Differential Geometry. 3 Hours.
Topics include: classical differential geometry of curves and surfaces in 3-space, differential forms and vector fields. Prerequisite: MATH 2574 or MATH 2574C. (Typically offered: Irregular)

## MATH 4513. Advanced Calculus I. 3 Hours.

The real and complex number systems, basic set theory and topology, sequences and series, continuity, differentiation, and Taylor's theorem. Emphasis is placed on careful mathematical reasoning. Only one of MATH 3513 and MATH 4513 may be counted for credit toward the major. Prerequisite: MATH 2574, MATH 2803 and MATH 3083 or MATH 3093. (Typically offered: Fall and Spring)

MATH 4523. Advanced Calculus II. 3 Hours.
The Riemann-Stieltjes integral, uniform convergence of functions, Fourier series, implicit function theorem, Jacobians, and derivatives of higher order. Prerequisite: MATH 4513. (Typically offered: Spring)

## MATH 4703. Introduction to Point-Set Topology. 3 Hours.

A study of topological spaces including continuous transformations, connectedness and compactness. Prerequisite: MATH 4513. (Typically offered: Irregular)

## MATH 4933. Mathematics Major Seminar. 3 Hours.

Weekly seminars on topics of historical or cross-disciplinary interest, designed to address students' mathematical knowledge, problem-solving and communication skills, in which student presentations play a part. Also serves as a forum for sharing information about career opportunities and preparation for employment. Prerequisite: Senior standing and a mathematics major, or departmental consent. (Typically offered: Spring)
MATH 498V. Senior Thesis. 1-6 Hour.
Senior thesis. (Typically offered: Fall, Spring and Summer)
MATH 499V. Research Topics in Mathematics. 1-3 Hour.
Current research interests in mathematics, at an advanced undergraduate or beginning graduate level. Prerequisite: Departmental consent. (Typically offered: Irregular) May be repeated for up to 12 hours of degree credit.

## Medical Humanities (MEDH)

Casey Kayser, program director
ckayser@uark.edu
479-575-2512
Kimpel Hall 707
The medical humanities minor is designed to give students an overview of the ways in which various disciplines in the humanities inform, intersect with, and apply to understandings of the medical arts and sciences. The medical humanities minor is beneficial for students preparing for careers in health care, social services, and health-related fields, especially those who wish to understand how cultural, social, ethical, religious, literary, artistic, and other such perspectives can enrich conceptualizations and approaches to patient care.

Approaching medicine from a humanistic perspective will help future health care and social service practitioners view patients and individuals with greater empathy and awareness, as well as provide them with the tools to critically analyze their own experiences. The minor is also appropriate for students from disciplines within the humanities and social sciences interested in researching and practicing in such areas related to the historical, social, and cultural dynamics that have informed medical institutions and treatment; patient advocacy; medical law and ethics; narrative medicine; and art, music, or narrative therapies.

## Requirements for Minor in Medical Humanities

A minimum of 18 hours consisting of the following:
Choose one introductory course:
ANTH 1023 Introduction to Cultural Anthropology (ACTS
Equivalency = ANTH 2013)
COMM 1023 Communication in a Diverse World
HIST 1123 Institutions and Ideas of World Civilizations II
(ACTS Equivalency = HIST 1123)
PHIL 2103 Introduction to Ethics (ACTS Equivalency = PHIL 1003)

PSYC 2003 General Psychology (ACTS Equivalency = PSYC 1103)

| SOCI 2013 | General Sociology (ACTS Equivalency $=$ SOCI 1013) |
| :---: | :---: |
| SOCI 2033 | Social Problems (ACTS Equivalency = SOCI 2013) |
| GNST 2003 | Introduction to Gender Studies |
| PBHL 1303 | Introduction to Human Sexuality |
| Nine credit hours from the following core courses or committeeapproved special topics courses (taken from two different departments) |  |
| ANTH 3533 | Medical Anthropology |
| ANTH 3563 | Culture and Medicine |
| CHLP 310V | Health Coaches I |
| CHLP 320V | Health Coaches II |
| CHLP 330V | Health Coaches III |
| CIED 3023 | Survey of Exceptionalities |
| COMM 3763 | Health Communication |
| COMM 3923H | Honors Colloquium (Topic: Patient-Provider Communication) |
| ENGL 3873 | Seminar in Medical Humanities |
| GNST 2123 | Gender, Bodies, and Technologies |
| HIST 1233 or AAST 123 | History of Race and Medicine Blistory of Race and Medicine |
| HIST 3923H | Honors Colloquium (Topic: History of Addiction) |
| HIST 4883 | Health and Disease: 1500 to the Present |
| PBHL 2663 | Terminology for the Health Professions |
| PBHL 4643 | Multicultural Health |
| PHIL 3123 | Bioethics |
| SCWK 3163 | On Death and Dying |
| SOCI 3413 | Special Topics (Topic: Sociology of Medicine) |
| SOCI 4013 | Special Topics in Sociology (Topic: Mental Health \& Illness) |
| SPAN 4583 | Advanced Spanish for Health Professions |
| Study Abroad: or Belize. Only toward the min | Health-focused trips to Puebla, Ireland, Sweden, three credit hours from study abroad may count or. |

Six credit hours from the elective courses list below. Core courses listed above may also count toward this requirement if not already being used.

| ANTH 3583 | Body and Identity |
| :--- | :--- |
| COMM 2323 | Interpersonal Communication |
| COMM 4343 | Intercultural Communication |
| COMM 4763 | Health Communication Campaigns |
| HDFS 1403 | Life Span Development |
| HDFS 2413 | Family Relations |
| HDFS 2433 | Child Development |
| HDFS 3463 | The Hospitalized Child: Child Life Programming |
| HDFS 3423 | Adolescent Development |
| HDFS 3443 | Families in Crisis |
| HDFS 3453 | Parenting and Family Dynamics |
| HDFS 4423 | Adult Development |
| HIST 3333 | LGBTQ+ Histories |
| PHIL 3103 | Ethics and the Professions |
| PHIL 4093 | Special Topics in Philosophy (Topic: Philosophy of |
| PHIL 4213 | Race and Gender) |

| PSYC 3013 | Social Psychology |
| :--- | :--- |
| PSYC 3023 | Abnormal Psychology |
| PSYC 3093 | Developmental Psychology (ACTS Equivalency = <br> PSYC 2103) |
| PSYC 3103 | Cognitive Psychology |
| SCWK 4143 | Addiction and the Family |
| SOCI 3193 | Race, Class, Gender, and Sexuality |
| SOCI 3723 | Deviant Behavior |
| SOCI 4153 | Race and Society |
| Total Hours |  |

At least nine credit hours must be in courses numbered 3000 or higher. A maximum of six credit hours will be allowed from any one department.

Students may petition the Medical Humanities Steering Committee to have other courses accepted as requirements for the minor. Additionally, the committee intends to update these elective options if and when relevant new courses become available.

## Courses

MEDH 3223. Special Topics in Medical Humanities. 3 Hours.
Examines the intersections between medical and health topics with humanities or social science fields. (Typically offered: Spring Odd Years) May be repeated for degree credit.

## Medical Sciences and Dentistry

See under Combined Academic and Medical or Dental Degree (p. 273) and also the discussion of the pre-medical programs and the pre-dental program under the section on Health Related Professions (p. 276).

## Medieval and Renaissance Studies (MRST)

Joshua Byron Smith, Director

Timothy Nelson, Assistant Director
333 Kimpel Hall
479-575-4301

Medieval and Renaissance Studies Website (https://fulbright.uark.edu/ programs/medieval-and-renaissance-studies/)

The Medieval and Renaissance studies program is administered by the Humanities program. This program offers a minor that encourages undergraduate students to pursue an interdisciplinary study of all aspects of the Middle Ages and Renaissance as a complement to their major field of study.

Requirements for a Minor in Medieval and Renaissance Studies (MRST): (15-16 credit hours) Students must take MRST 2013 or HIST 1113 or HIST 1113H, or HUMN 1124H and complete at least 12 additional credit hours selected from the courses listed below. Other courses covering the chronological period between 500 C.E. and 1700 C.E. may also be accepted if approved by the program director or codirector. A maximum of 6 hours may be presented from courses taken in the student's designated major.

## Required Core Course

Select one of the following:
MRST 2013 Introduction to Medieval and Renaissance Studies
or HIST 1113nstitutions and Ideas of World Civilizations I (ACTS Equivalency = HIST 1113)
or HIST 1113 Hbnors Institutions and Ideas of World Civilizations I
or HUMN 1124dthors Equilibrium of Cultures 500-1600
Twelve hours to be chosen from the following (a maximum of
six hours may be presented from courses taken in the student's
major department):
MRST 2013 Introduction to Medieval and Renaissance Studies (Note: MRST 2013/2013H may only satisfy either the MRST core course requirement or 3 credits of the additional MRST-approved coursework requirement, but not both.)
MRST 3013 Special Topics in Medieval Studies
or MRST 30 Honors Special Topics in Medieval Studies
MRST 3023 Special Topics in Early Modern Studies
MRST 4003 Medieval and Renaissance Studies Colloquium
ARHS 4843 Medieval Art
ARHS 4853 Italian Renaissance Art
ARHS 4863 Northern Renaissance Art
ARCH 2233 History of Architecture I
ARCH 4023 Advanced Architectural Studies
ENGL 3433 Introduction to Chaucer
ENGL 4303 Introduction to Shakespeare
ENGL 4713 Studies in Medieval Literature and Culture
SPAN 5203 Medieval Spanish Literature
HIST 3033 Islamic Civilization
HIST 4043 Late Antiquity and the Early Middle Ages
HIST 4053 Late Middle Ages
HIST 4073 Renaissance and Reformation, 1300-1600
HIST 4163 Tudor-Stuart England, 1485-1714
HIST 4393 Early Modern Islamic Empires, 1300-1750
HUMN 3923H Honors Colloquium (when offered as an approved MRST course)
HUMN 425V Colloquium (when offered as an approved MRST course)
MUHS 3703 Music in Western Civilization
PHIL 4023
Total Hours
15-16

## Courses

MRST 2013. Introduction to Medieval and Renaissance Studies. 3 Hours.
An interdisciplinary introduction to the major historical and cultural developments in northern Europe and the Mediterranean basin from approximately 500 to 1600 C.E. (Typically offered: Fall Even Years)

## MRST 3013. Special Topics in Medieval Studies. 3 Hours.

In-depth study of some topic or period of medieval literature, art, history and philosophy. Prerequisite: Sophomore standing. (Typically offered: Irregular) May be repeated for up to 12 hours of degree credit.

## MRST 3013H. Honors Special Topics in Medieval Studies. 3 Hours.

In-depth study of some topic or period of medieval literature, art, history and philosophy. Prerequisite: Sophomore standing. (Typically offered: Irregular) May be repeated for up to 9 hours of degree credit.
This course is equivalent to MRST 3013.

MRST 3023. Special Topics in Early Modern Studies. 3 Hours.
In-depth study of some topic or period of Early Modern literature, art, history and philosophy. (Typically offered: Irregular) May be repeated for up to 12 hours of degree credit.
MRST 4003. Medieval and Renaissance Studies Colloquium. 3 Hours.
Advanced study of some more narrowly focused aspect of medieval and/or Renaissance studies. Prerequisite: Sophomore standing. (Typically offered: Spring Odd Years) May be repeated for up to 6 hours of degree credit.

MRST 4113. Italian Fairy Tales in Literature, Visual Arts, and Cinema. 3 Hours. Explores different typologies of fables and examines the evolution of the genre from the Middle Ages to contemporary times. Taught in Italian. Prerequisite: ITAL 3113 or ITAL 3123 or instructor's consent. (Typically offered: Spring Even Years) This course is cross-listed with ITAL 4113.
MRST 4133. The Power of Women: Representations of from Italian Women from Middle Ages to Early Modern Period. 3 Hours.
Examines the various representations of women through diverse genres, by both male and female authors, from the Middle Ages to the Early Modern period in Italy. Taught in English. (Typically offered: Spring)
This course is cross-listed with GNST 4133, ITAL 4133.

## Middle East Studies (MEST)

Shirin Saeidi
Director, King Fahd Center for Middle East Studies
202 Old Main
479-575-2175
mest@uark.edu
Middle East Studies Website (https://fulbright.uark.edu/area-studies/ middle-east-studies/)

Students interested in the Middle East and North Africa and wishing to maximize their potential for academic, business, professional, or government careers related to the area, may earn a second major in Middle East studies with a required primary major in an approved area in Fulbright College such as anthropology, economics, world languages, geography, history, journalism, and political science. New students entering the program are required to notify both the major adviser and the MEST director of their intention to participate. Freshmen and sophomores considering this program are advised to begin their study of a Middle East language as early as possible. Students may also earn a minor in Middle East studies.

Requirements for a Combined Major in Middle East Studies: In order to add a combined major in Middle East Studies, students are required to select a primary major in one of the following approved fields: anthropology, Arabic, communication, economics (B.A.), French, geography, history, international studies, journalism, political science, sociology, or Spanish. Up to nine credit hours in the primary major may count toward the combined major in Middle East Studies with the permission of the program director.

| MEST 2013 | Introduction to Middle East Studies | 3 |
| :---: | :---: | :---: |
| $\begin{gathered} \text { MEST } 4003 \\ \text { or MEST } \end{gathered}$ | Middle East Studies Colloquium Honors Middle East Studies Colloquium | 3 |

18 credit hours in additional Middle East Studies (MEST) or related courses from the list below, to be chosen from at least two disciplines, with no fewer than nine credit hours from one discipline. MEST 4003/ MEST 4003 H may be repeated for up to six credit hours and count toward this requirement.

| ANTH 3903 | Topics in Anthropology (Topic must be related to <br> Middle East Studies and approved by the program |
| :--- | :--- |
|  | director.) |
| ANTH 3923H |  | | Honors Colloquium (Topic must be related to |
| :--- |
|  |
|  |
| Middle East Studies and approved by the program |
| director.) |

or MEST 420VH
PLSC 3523 Politics of the Middle East
PLSC 390V Special Topics (Topic must be related to Middle East Studies and approved by the program director.)
PLSC 400V Special Topics (Topic must be related to Middle East Studies and approved by the program director.)
PLSC 4523 Introduction to Gender and Politics in the Middle East
PLSC 4593 Islam and Politics
PLSC 4633 Citizenship in the Middle East
PLSC 4843 The Middle East in World Affairs
WLIT 3523 The Quran as Literature
WLIT 3713 Literature of Spain
WLIT 3983 Special Studies (Topic must be related to Middle East Studies and approved by the program director.)
or other courses such as individualized readings, directed research courses, or courses in a second Middle Eastern language with the approval of the program director.

Total Hours

## Requirements for a Minor in Middle East Studies:

Students must complete 18 hours:

## Required Courses

MEST 2013 Introduction to Middle East Studies 3
MEST 4003 Middle East Studies Colloquium 3

ARAB 1016 Immersive Arabic I (or its equivalent) 6
Middle East Studies Core Courses 6
Students must complete an additional 6 hours of MEST core courses supervised by faculty participating in the program. Students choosing to take individualized reading or directed research courses as a part of the minor must obtain the approval of the Middle East Studies director and their major adviser.

## Total Hours

## Requirements for Honors in MEST:

The Honors Program in Middle East Studies gives junior and senior students of high ability the opportunity to enroll in enriched courses and conduct independent research culminating in an honors thesis. In addition to satisfying the general Fulbright College requirements for graduation and the basic eligibility requirements for honors as established by the Honors Council, candidates for honors in Middle East Studies must complete 12 hours of honors credit in partial satisfaction of requirements for the co-major. One to 6 of these hours may be thesis hours (MEST 399V).

The preferred method for satisfying the remaining hours is to enroll in the colloquium at least once for honors credit (MEST 4003H) and to take relevant honors colloquia or graduate courses (with permission) in one of the departments contributing to this interdisciplinary area study. The thesis committee shall include a representative from the major discipline (in the case of multiple majors, from the discipline contributing most significantly to the topic). Successful completion of these requirements will be recognized by the award of the distinction "Middle East Studies

Scholar Cum Laude" at graduation. Higher degree distinctions are recommended only in exceptional cases and are based upon the whole of the candidate's program of honors studies.

## Faculty

Antov, Nikolay Atanasov, Ph.D. (University of Chicago), M.A. (Bilkent University, Turkey), B.A. (American University in Bulgaria), Associate Professor, Department of History, 2011, 2017.
Ghadbian, Najib, Ph.D. (City University of New York), M.A. (City University of New York), M.A. (Rutgers University), B.Sc. (United Arab Emirates University), Associate Professor, Department of Political Science, 1999, 2005.
Gordon, Joel Samuel, Ph.D. (University of Michigan-Ann Arbor), B.A. (University of Illinois), Professor, Department of History, 1999, 2007.
Haydar, Adnan Fuad, Ph.D. (University of California-San Diego), M.A., B.A. (American University of Beirut), Professor, Department of World Languages, Literatures and Cultures, 1993.
Haydar, Paula Marie, Ph.D., M.F.A. (University of Arkansas), M.Ed., B.S. (University of Massachusetts), Associate Professor, Department of World Languages, Literatures and Cultures, 2006, 2023.
Kahf, Mohja, Ph.D., B.A. (Rutgers State University-New Brunswick), Professor, Department of English, 1995, 2019.
Mahmoud, Rania, Ph.D. (University of Washington), M.A. (Old Dominion University), B.A., (University of Alexandria, Egypt), Assistant Professor, Department of World Languages, Literatures and Cultures, 2017.

## Courses

MEST 2003. Introduction to Islam. 3 Hours.
This course introduces Islam as a global religion and world civilization, including study of the Qur'an, prophet Muhammad, ritual and community practices, metaphysics, mysticism, art, literature, and sacred and critical history. (Typically offered: Irregular)

## MEST 2003H. Honors Introduction to Islam. 3 Hours.

This course introduces Islam as a global religion and world civilization, including study of the Qur'an, prophet Muhammad, ritual and community practices, metaphysics, mysticism, art, literature, and sacred and critical history. (Typically offered: Irregular)
This course is equivalent to MEST 2003.
MEST 2013. Introduction to Middle East Studies. 3 Hours.
This course is designed to provide students with fundamental building blocks for understanding the contemporary Middle East/Islamic World. Students will be introduced to a variety of disciplinary approaches to the study of the geo-cultural region, including history, politics, arts and literature, religions and cultures, social geography, and economics. (Typically offered: Fall)

MEST 3003. Islam: Beliefs and Practices. 3 Hours.
Explores the relationship between teachings, norms, customary practices and Muslim perception of Islam. Examines theoretical concepts and practices, such as war and peace, democracy, pluralism, modernity, human rights, environment, gender, Islamic law, nation-state, and citizenship in addition to the basic tenets of Islam. (Typically offered: Spring)

MEST 3003H. Honors Islam: Beliefs and Practices. 3 Hours.
Explores the relationship between teachings, norms, customary practices and Muslim perception of Islam. Examines theoretical concepts and practices, such as war and peace, democracy, pluralism, modernity, human rights, environment, gender, Islamic law, nation-state, and citizenship in addition to the basic tenets of Islam. Prerequisite: Honors standing. (Typically offered: Spring) This course is equivalent to MEST 3003.
MEST 340V. MEST Independent Study. 1-3 Hour.
An exploration of varied topics related to the Middle East and North Africa studied independently with the supervision of a faculty member. Credit arranged with instructor. Prerequisite: Instructor consent and junior standing (Typically offered: Fall and Spring) May be repeated for up to 9 hours of degree credit.

## MEST 340VH. Honors MEST Independent Study. 1-3 Hour.

An exploration of varied topics related to the Middle East and North Africa studied independently with the supervision of a faculty member. Credit arranged with instructor. Prerequisite: Instructor consent, junior standing and honors standing. (Typically offered: Fall and Spring) May be repeated for up to 9 hours of degree credit.
This course is equivalent to MEST 340 V .

## MEST 399V. MEST: Honors Thesis. 1-6 Hour.

Middle East Studies Honors research, readings and thesis. Prerequisite: Junior standing. (Typically offered: Irregular) May be repeated for up to 6 hours of degree credit.

## MEST 4003. Middle East Studies Colloquium. 3 Hours.

An interdepartmental colloquium with an annual change in subject required of all students in the Middle East studies program. Prerequisite: Sophomore standing. (Typically offered: Spring) May be repeated for up to 6 hours of degree credit.

## MEST 4003H. Honors Middle East Studies Colloquium. 3 Hours.

Honors colloquium. (Typically offered: Spring) May be repeated for up to 3 hours of degree credit.
This course is equivalent to MEST 4003.
MEST 4103. Special Topics in Middle East Studies. 3 Hours.
Courses in lecture or seminar format to be offered in a variety of disciplines relating to the history, culture, politics, geography, languages, literature, arts, and religions of the Middle East, North Africa, and/or Islamic world. (Typically offered: Irregular) May be repeated for up to 12 hours of degree credit.

## Music (MUSC)

Lia Uribe
Department Chair
201 Music Building
479-575-4138
Email: luribe@uark.edu
music@uark.edu
Department of Music Website (https://fulbright.uark.edu/departments/ music/)

The Department of Music offers three majors, one music major leading to a Bachelor of Music and a second leading to a Bachelor of Arts, and a third, music education, leading to a Bachelor of Music degree. The department also offers a minor in music. The Bachelor of Music offers a variety of concentrations as well as a program with elective studies in business.

The music department strives to enrich and inspire the human mind and spirit through the pursuit of excellence in creative activity, research, teaching, and service. The University of Arkansas is an accredited institutional member of the National Association of Schools of Music. The
requirements for entrance and for graduation as set forth in this catalog are in accordance with the published regulations of that Association.

## General Music Requirements

To achieve junior standing in the curriculum leading to the Bachelor of Arts degree with a major in music and the Bachelor of Music degree, the student must have completed 56 hours and must have maintained a cumulative grade average of " C " in all music courses, with the exception of ensemble, by the end of the fourth semester. The student must also have earned a grade average of not less than " B " in the major applied field of study during the sophomore year. This standing is prerequisite to all 3000-level courses and above in music.

Pursuant to enrolling in applied music courses, all music majors must audition for the music department faculty. Private study of the primary voice/instrument for music majors requires the successful completion of an audition for the instructor and consent of the Department of Music. Music majors are expected to own their own instruments. Some instruments are provided for student use only in certain circumstances and at the discretion of the music department.

All music majors, with exceptions noted below, are required to enroll in MUEN 1411 Razorback Chorus I or MUEN 1591 Treble Chorus I during the first year of residence. Exceptions to the requirement would include all students pursuing the Bachelor of Music (B.M.) degree for whom voice or piano is the major applied area.

Piano Proficiency Requirement: Students pursuing a Bachelor of Music degree must pass a piano proficiency examination upon entering the University of Arkansas or must register in piano classes until this requirement is met. Students with previous piano training may take a piano placement exam and be advised to omit one or more semesters of Class Piano (MUAC 1221, MUAC 1231, MUAC 2221). Students will receive college credit for the omitted class piano courses if they validate their higher placement by passing an advanced piano course with a grade of " $B$ " or better.

On the basis of prior study in music, a student may be advised to omit one or more semesters of Aural Perception (MUTH 1621, MUTH 1631, MUTH 2621). Students will receive college credit for the omitted aural perception courses when they have validated their higher placement by passing the course in which they are placed with a grade of " B "or better.

Writing Requirement: Students can meet the Fulbright College writing requirement by submission of a satisfactory term paper for MUED 4112 (music education majors) or MUHS 4253 (all other music majors).

## Requirements for a Major in Music leading to a Bachelor of Arts Degree

This program is for undergraduates who wish to major in music as part of a liberal arts program. In addition to the state minimum core (p. 81) and the Fulbright College of Arts and Sciences Graduation Requirements (p. 273), the following course requirements must be met.

| State Minimum Core Requirements including: | 35 |
| :--- | ---: | ---: |
| MLIT 1013 Music and Society |  |
| A World Language Course at the 1013 Elementary II Level. | 3 |

## Music B.A. <br> Eight-Semester Degree Program

Students wishing to follow the eight-semester degree plan should see the Eight-Semester Degree Policy (p.67) for university requirements of the program, and should consult their music adviser for an eight-semester plan that is specific to their vocal, instrumental or theoretical emphasis area in music. Core requirement hours may vary by individual, based on placement and previous credit granted. Once all core requirements are met, students may substitute a three-hour (or more) general elective in place of a core area.

## Total Hours

${ }^{1}$ All students must complete two semesters of MUAP 110 V with a grade of "A" or "B" and two semesters of MUAP 210 V with a grade of "A" or " B " before enrolling in MUAP 310V.

## Music B.M., with Elective Studies in Business Eight-Semester Degree Program

Students wishing to follow the eight-semester degree plan should see the Eight-Semester Degree Policy (p. 67) for university requirements of the program, and should consult their music adviser for an eight-semester plan that is specific to their vocal, instrumental or theoretical emphasis area in music. Core requirement hours may vary by individual, based on placement and previous credit granted. Once all core requirements are met, students may substitute a three-hour (or more) general elective in place of a core area.

## Music B.M., Guitar Performance Concentration Eight Semester Degree Program

Students wishing to follow the eight-semester degree plan should see the Eight-Semester Degree Policy (p. 67) for university requirements of the program, and should consult with their music adviser about the requirements in their concentration's eight-semester plan. Music core requirement hours may vary, based on placement and previous credit granted. If a music core requirement is met without taking a class, students will substitute an elective for the core class.

Ensemble (7 Hours; See adviser for ensemble selections) 7

## Voice/Diction

MUEN 1411 Razorback Chorus I 1
or MUEN 1591 Treble Chorus I
Additional Concentration Credits
Students must select a track that specifies their instrument.

## MUTH 4612 Orchestration

MUTH Upper-level Electives (6 Hours)
MUTH 498V Senior Thesis (3 Hours)
Music Electives (determined in consultation with adviser) (5 credits)
Electives (7 credits)
Total Hours

1 Students majoring in Theory must receive a grade of "B" or higher in MUTH 1603, MUTH 2603, and MUTH 3613.
2 Demonstration of piano skills appropriate for a composer; see Piano Proficiency Requirement above.

## Music B.M., Music Theory Concentration Eight Semester Degree Program

Students wishing to follow the eight-semester degree plan should see the Eight-Semester Degree Policy (p. 67) for university requirements
of the program, and should consult with their music adviser about the requirements in their concentration's eight-semester plan. Music core requirement hours may vary, based on placement and previous credit granted. If a music core requirement is met without taking a class, students will substitute an elective for the core class.

## Total Units in Sequence:

120
${ }^{2}$ Meets 24-hour rule (24 hours of 3000-4000 level courses in Fulbright College), in addition to meeting the 40 -hour rule.
${ }^{3}$ The Social Sciences Elective that satisfies General Education Outcomes 3.3 and 5.1 include: CLST 1003, CLST 1003H, CLST 1013, HUMN 1124H, PHIL 2003, PHIL 2003C, PHIL 2003H, PHIL 2103, or PHIL 2103C.

## Woodwind, Brass, or Percussion Performance Concentration

University Core Requirements including:
MLIT 1013 Music and Society (Counts as supporting music course)
MUSY 2003 Music in World Cultures
or WLIT 1113Norld Literature: Beginnings to 1650 CE (ACTS Equivalency = ENGL 2113)
HIST 1113 Institutions and Ideas of World Civilizations I (ACTS Equivalency $=$ HIST 1113)
HIST 1123 Institutions and Ideas of World Civilizations II (ACTS Equivalency = HIST 1123)
A World Language Course at the 1013 Elementary II Level.

## Music Theory

MUTH 1003 Basic Musicianship (if required based on placement test, see adviser)
MUTH 1603 Music Theory I 3

MUTH 2603 Music Theory II 3
Select two of the following: 6

| MUTH 3603 | 18th Century Counterpoint |
| :---: | :--- | :--- |
| MUTH 3623 |  |
| MUTH 477V | Special Topics in Music Theory |
| MUTH 3723 | Jazz Analysis |

## Total Hours

## Music B.M., Music Woodwind, Brass, Percussion Performance Concentration Eight-Semester Degree Program

Students wishing to follow the eight-semester degree plan should see the Eight-Semester Degree Policy (p. 67) for university requirements of the program, and should consult with their music adviser about the requirements in their concentration's eight-semester plan. Music core requirement hours may vary, based on placement and previous credit granted. If a music core requirement is met without taking a class, students will substitute an elective for the core class.

| Electives | 5 |
| Total Hours |  |
| Stage I: Complete an Evaluation for Internship |  |
| 1. Declare the major in music education in the Fulbright Advising Center. |  |
| 2. Obtain a " $C$ " or better in the following pre-education courses: CIED 3023 Survey of Exceptionalities, CIED 3033 Classroom Learning Theory (PSYC 2003 is a prerequisite). |  |
| 3. Obtain a C or better in all MUED courses. |  |
| 4. Obtain clearance through the Office of Teacher Education upon completion of the MUED 2012 Introduction to Music Education course. (Clearance includes passing scores on accepted basic skills assessments and cleared background checks). For admission requirements and application go to the Teacher Education website. |  |
| 5. Complete coursework with a cumulative GPA of 2.75 or higher. |  |
| 6. Obtain departmental clearance through successful GPA and coursework requirements, an advising interview with the Music Education Internship Coordinator, and any other requirements specified by the music education program. |  |

All requirements in Stage I must be met to be cleared for the internship. Please contact the Director of Field Placement and Licensure, Peabody Hall Room 109, College of Education and Health Professions for more information.

## Stage II: Internship

1. Complete the one-semester internship at an approved site.
2. Complete the PRAXIS Music Content Knowledge Exam (5113) and PRAXIS Principles of Learning and Teaching Exam (PLT 5623 or PLT 5624) if planning to apply for Arkansas Licensure (recommended, but not required for degree completion). See your adviser for completion dates.

Students should always consult the Licensure Officer, Peabody Hall Room 109, for any licensure requirement changes. Students will not be licensed to teach in Arkansas until they have met all requirements for licensure as set forth by the Division of Elementary \& Secondary Education - Arkansas Department of Education.

Licensure or certification in another state is facilitated by first receiving a license in Arkansas. An application must be made directly to that state's department of education by the student. In many instances the applications are referred to the Licensure Officer, Peabody Hall Room 109.

## Choral Concentration Courses

Students must select a track that specifies their instrument.

## Requirements

Electives 5
Total Hours

## Stage I: Complete an Evaluation for Internship

1. Declare the major in music education in the Fulbright Advising Center.
2. Obtain a " $C$ " or better in the following pre-education courses: CIED 3023 Survey of Exceptionalities, CIED 3033 Classroom Learning Theory (PSYC 2003 is a prerequisite).
3. Obtain a C or better in all MUED courses.
4. Obtain clearance through the Office of Teacher Education upon completion of the MUED 2012 Introduction to Music Education course. (Clearance includes passing scores on accepted basic skills assessments and cleared background checks). For admission requirements and application go to the Teacher Education website.
5. Complete coursework with a cumulative GPA of 2.75 or higher.
6. Obtain departmental clearance through successful GPA and coursework requirements, an advising interview with the Music Education Internship Coordinator, and any other requirements specified by the music education program.

All requirements in Stage I must be met to be cleared for the internship. Please contact the Director of Field Placement and Licensure, Peabody Hall Room 109, College of Education and Health Professions for more information.

## Stage II: Internship

1. Complete the one-semester internship at an approved site.
2. Complete the PRAXIS Music Content Knowledge Exam (5113) and PRAXIS Principles of Learning and Teaching Exam (PLT 5623 or PLT 5624) if planning to apply for Arkansas Licensure (recommended, but not required for degree completion). See your adviser for completion dates.

Students should always consult the Licensure Officer, Peabody Hall Room 109, for any licensure requirement changes. Students will not be licensed to teach in Arkansas until they have met all requirements for licensure as set forth by the Division of Elementary \& Secondary Education - Arkansas Department of Education.

Licensure or certification in another state is facilitated by first receiving a license in Arkansas. An application must be made directly to that state's department of education by the student. In many instances the applications are referred to the Licensure Officer, Peabody Hall Room 109.

## Instrumental Concentration Courses

Students must select a track that specifies their instrument.

${ }^{1}$ The Social Sciences Elective courses that satisfy General Education Outcomes 3.3 and 5.1 include: HDFS 1403, HDFS 2603, HIST 2093, HUMN 1114H,HUMN 2114 H , INST 2013, INST 2813, INST 2813H,PLSC 2813, or PLSC 2813H.

## Requirements for a Minor in Music

A minimum of 18 semester hours in music courses to include MLIT 1013, MUTH 1603, MUTH 2603, and either MUHS 3703 or MUHS 3713; other courses to be determined by the student in consultation with a music faculty adviser. The student must notify the Department of Music of his/ her intent to minor.

For requirements for advanced degrees in music, see the Graduate School Catalog.

## Requirements for a Certificate of Proficiency in Music Industry

This program is designed to prepare students from a large variety of backgrounds for careers in many aspects of the music industry. Because the music industry is a vast, diverse, and global business, this certificate includes a wide range of courses and multiple options for capstone projects appealing to music creators, entrepreneurs, and those looking to work in major music industry firms. The certificate format allows broad access to this program by students in any major and can additionally serve the working professional music community in Arkansas by providing
music industry training. Specifically, this certificate intends to prepare students for careers that include but are not limited to:

- Major and independent labels: artist development, promotion, and marketing,
- Music law: copyright, intellectual property rights publishing, and music clearing
- Music technology: recording, production, gaming, and audio software
- Music management: booking, live production, branding, digital promotion

## Requirements for Departmental Honors in Music

The Departmental Honors Program in Music provides upper-division undergraduate students an opportunity to participate formally in scholarly, creative, or performance music activities. Honors candidates carry out independent study, research and performance under the guidance of the music faculty and participate in special honors classes and seminars. They must take 12 hours (which may include 6 hours of thesis) in Honors Studies.

Each honors student will be required to select an honors committee. The committee will be comprised of the honors thesis adviser (a Music Department faculty member and major teacher in the area of the honors project), a second faculty member from the Music Department chosen by the student, a member from outside the music department chosen by the student, and a member of the Honors Council appointed by the Honors College. This committee is responsible for hearing and seeing the work of the student in the area of the honors project and will administer the oral examination to the candidate at the end of the last semester of the student's work. The committee then recommends to the Honors Council whether or not the student receives honors in music. Outstanding student achievement will be recognized by awarding the distinction "Music Scholar Cum Laude" at graduation. The award of higher degree distinctions is
recommended only in truly exceptional cases and is based upon the whole of the candidate's program of honors studies.

The student may elect to do the honors project in one of six areas: performance, music history and literature, theory, composition, music education, or ethnomusicology. Honors work may be done in an area other than the student's major area that is, a student majoring in voice performance may elect to do honors work in music history, theory, or composition, etc.

If a student wishes to devise his or her own honors project in consultation with a supervising professor and with the permission of the department chair, he or she may be granted honors. If a student wishes to combine work in more than one field and if the committee approves, he or she may be granted honors in more than one area, although the designation on the diploma will read "in music."

The requirements for work in each area are as follows:

## 1. Performance

a. 2 semesters of MUAP 310VH or MUAP 410 VH , with concurrent registration in MUAP 3201H and MUAP 4201H
b. Other music department honors courses are recommended, see honors adviser. (A program file representing the student's range of performance activities during the junior and senior years will be maintained for the department file and for the Honors Council. Compact discs of the junior and senior recitals will be filed with the Honors Office.)
2. History and Literature
a. Junior year: MUHS 5973 Seminar in Bibliography and Methods of Research
b. Senior year: MUSC 490VH Honors Essay
3. Theory
a. Junior year: MUHS 5973 Seminar in Bibliography and Methods of Research
b. Senior year: MUSC 490VH Honors Essay
4. Composition
a. At least six hours of MUTH 364 VH Honors Composition III or MUTH 464VH Honors Composition IV
b. A full program of original compositions or equivalent.
5. Music Education
a. Junior year: MUED 5513 Seminar: Resources in Music Education
b. Senior year: MUSC 490VH Honors Essay
6. Ethnomusicology
a. Junior year: MUHS 5973 Seminar in Bibliography and Methods of Research
b. Senior year: MUSC 490VH Honors Essay

## Faculty

Abrahams, Daniel, Ph.D. (Oakland University), M.M. (University of Nebraska at Omaha), B.M.E. (Temple University), Associate Professor, 2016, 2022.
Allen, Jeremy L., D.M.A. (Cleveland Institute of Music), M.M. (University of Kentucky), B.S. (John Brown University), Instructor, 2018, 2021.
Armstrong, asher, D.M.A. (University of Toronto), Teaching Assistant Professor, 2020.
Baranello, Micaela, Ph.D., M.A. (Princeton University), B.A. (Swarthmore College), Assistant Professor, 2017.
Becqué, Helen, (Hochschule München für Musik und Theater), Instructor, 2020.

Bentley, Christa, Ph.D., M.A. (University of North Carolina at Chapel Hill), B.A., (Texas Christian University), Assistant Professor, 2022.
Burson, Claudia, , Lecturer, 1998, 2012.
Caldwell, Stephen E., D.M.A. (Rutgers State University-New Brunswick), M.M. (Temple University), B.M.E. (University of Northern Colorado), Associate Professor, 2012, 2019.
Cholthitchanta, Nophachai, D.M.A. (University of Missouri-Kansas City), M.M. (University of Northern Colorado), B.M. (Chulalongkorn University, Thailand), Associate Professor, 2001, 2009.
Clare, Lauren N., M.M. (Oklahoma City University), Instructor, 2021.
Collett, Jesse, M.M. (University of Arkansas), Lecturer, 2021.
Delaplain, Theresa R., D.M.A. (University of Cincinnati), M.M. (Bowling
Green State University), B.M. (University of Michigan), Teaching Assistant Professor, 1997, 2019.
Eskitch, Paolo, M.M. (Brooklyn College), Lecturer, 2012.
Gosman, Alan R., Ph.D. (Harvard University), Associate Professor, 2014.
Green-Turner, Amanda Lenora, D.M.A. (University of Michigan), Teaching Assistant Professor, 2021.
Halbert, Katey, D.M.A. (University of lowa), M.M. (Ohio State University), B.M. (Bowling Green State University), Visiting Assistant Professor, 2021.

Hammel, Alice, D.M.A. (Shenandoah University), M.M. (Florida State University), B.M. (Shenandoah University), Instructor, 2016.
Hertzog, Jacob, Ph.D. (University of Arkansas), M.M. (Manhattan School of Music), B.M. (Berklee College of Music), Assistant Professor, 2022.
Herzog, Jacob, M.M. (Manhattan School of Music), B.M. (Berklee College of Music), Instructor, 2016.
Hunter, Justin R., Ph.D. (University of Hawai'i at M\#noa), M.M., B.A. (University of Arkansas), Instructor, 2017.
Jones, Chase, M.M., B.M. (University of Arkansas), Instructor, 2022.
Jones, Garret, B.M. (University of Arkansas), Lecturer, 2022.
Kahng, Er-Gene, D.M. (Northwestern University), A.D., M.M. (Yale University), B.A. (University of California-Los Angeles), Associate Professor, 2007, 2012.
Kashiwagi, Tomoko, D.M.A. (University of Texas at Austin), M.M., B.M. (Indiana University), Associate Professor, 2012, 2022.
Kim, Hyun, Ph.D., D.M.A. (University of Colorado), M.M. (University of Cincinnati), M.M. (Sung-Shin Women's University), B.M. (Chung-Ang University), Visiting Assistant Professor, 2018.
Knighten, Chris, D.M.A., M.M. (University of Colorado), B.M. (Baylor University), Associate Professor, 2009.
Knighten, Janet Whitman, M.M., B.M. (East Carolina University), Assistant Professor, 2009.
Lau, Wing, Ph.D. University of Oregon), M.M. (Indiana University), Instructor, 2016.
Lorenzo, Benjamin, D.M.A., M.M. (University of Texas), B.M. (Florida International University), Assistant Professor, 2015.
MacDuff, Timothy, D.M.A. (University of Maryland), Lecturer, 2021.
Mains, Ronda M., D.M.A. (University of Oregon), M.A., B.M. (Boise State University), Professor, 1987, 2002.
Malis, David H., M.M. (University of Cincinnati), B.M. (Mars Hill College), Associate Professor, 2002, 2013.
Mertens, Nathan, D.M.A., M.M. (University of Texas at Austin), B.M., B.A. (Hastings College), Teaching Assistant Professor, 2022.
Mihalka, Matthew W., Ph.D. (University of Minnesota), M.A. (University of Minnesota-Duluth), M.A. (University of Minnesota-Twin Cities), Instructor, 2011.

Misenhelter, Dale D., Ph.D. (Florida State University), M.A. (University of Wyoming), B.M. (Florida State University), Professor, 2002, 2014.
Mixdorf, Cory, D.M.A., M.M. (Indiana University), B.A. (University of Northern lowa), Assistant Professor, 2013.
Montgomery, Mike, D.M.A. (University of Miami), M.M., B.M. (University of Southern Mississippi), Lecturer, 2017.

Montgomery, Scott, D.M.A. (University of Illinois), Lecturer, 2022. Montgomery, Scott, D.M.A. (University of Illinois), Lecturer, 2022. Mueller, Robert K., D.M.A. (University of Cincinnati), M.M. (Bowling Green State University), B.A. (Northern Michigan University), Professor, 1988, 2004.
Murdock, Jeffrey A., Ph.D. (University of Memphis), M.M., B.M. (University of Southern Mississippi), Assistant Professor, 2015.
Na, Dominic K., D.M.A. (University of North Texas), A.D. (Southern Methodist University), Instructor, 2016.
Ortega, Catalina, M.M. (University of Arkansas), B.A. (Pontificia Universidad Javeriana, Colombia), Instructor, 2014.
Panayotova, Miroslava Saifur, Ph.D. (University of Arizona), Instructor, 2014.

Park, Joon, Ph.D. (University of Oregon), M.A., B.M. (Eastman School of Music), Assistant Professor, 2016.
Park, Moon-Sook, D.M.A. (University of Cincinnati), M.M. (Staatliche Hochschule fur Musik in Freiburg), B.M. (University of Seoul National), Associate Professor, 2012, 2017.
Perkins, Asher, M.M. (University of Arkansas), Lecturer, 2020.
Pierce, Benjamin J., D.M.A., M.M. (University of Michigan-Ann Arbor), B.M. (Bowling Green State University), Professor, 2003, 2015.

Radan, Nikola, M.M., B.M. (University of Belgrade), Lecturer, 2018.
Radan, Nikola, M.M., B.M. (University of Belgrade), Instructor, 2018.
Ragsdale, Chal, M.M. (East Carolina University), B.S. (Auburn
University), University Professor, 1975, 2013.
Riley, Nastassja, M.M. (Florida State University), Lecturer, 2014.
Rulli, Richard J., D.M.A. (University of Wisconsin-Madison), M.M. (Ithaca College), B.M. (University of Northern Colorado), Associate Professor, 2003, 2009.
Runkles, Henry S., M.M. (University of Arkansas), Instructor, 2002.
Salonen, Rick, Ed.D., M.M. (University of Arkansas), B.M. (Central Michigan University), Instructor, 2008.
Singer, Pecos, D.M.A. (University of Maryland), M.M. (San Francisco
Conservatory), B.M. (University of Oregon), Instructor, .
Stinson, Jonathan, D.M.A. (University of Cincinnati), Teaching Assistant Professor, 2020.
Summers, Jeffrey P., D.M.A. (University of Miami), Instructor, 2020.
Troiano, Eric, D.M.A., M.M. (Michigan State University), B.M. (Ithaca College), Teaching Assistant Professor, 2016, 2021.
Uribe, Lia, D.M.A. (University of Kansas), M.M. (University of Arkansas), B.M. (Universidad Nacional de Colombia, Bogotá), Associate Professor, 2013, 2018.
Valencia, Fernando, M.M. (University of Arkansas), B.M. (Universidad Javeriana), Instructor, 2014.
Vansteenburg, Jessica, Ph.D. (University of Colorado), D.M.A.
(University of Nebraska), M.M. (Ohio University), B.A. (Luther College), Visiting Instructor, 2022.
Warren, W. Dale, M.M. (University of Kentucky), B.S. (Austin Peay State University), Professor, 1991.
Watanabe, Susumu, D.M.A. (University of Nebraska-Lincoln), M.F.A.
(City University of New York), B.M. (Berklee College of Music), Lecturer, 2021.

## Applied Music (Class) Courses

MUAC 1121. English and Italian Diction for Singers. 1 Hour.
Training in proper pronunciation and inflections of English and Italian as applied to singers. Two meetings per week. (Typically offered: Fall)

MUAC 1141. German and French Diction for Singers. 1 Hour.
Training in proper pronunciation and inflection of German and French as applied to singing. Two meetings per week. Prerequisite: MUAC 1121. (Typically offered: Spring)

MUAC 1161. Class Instruction in Piano for Non-Music Majors. 1 Hour.
Beginning instruction in piano. Does not fulfill the class piano requirement for music majors. (Typically offered: Fall, Spring and Summer)
MUAC 1221. Piano Class for Music Majors I. 1 Hour.
Training in functional piano skills for music majors. Two meetings per week. Prerequisite: Music major and MUTH 1003. (Typically offered: Spring)

## MUAC 1231. Piano Class for Music Majors II. 1 Hour.

A continuation of MUAC 1221. Two meetings per week. Upon successful completion of MUAC 1231 with a grade of B or better, credit for MUAC 1221 will also be given. Prerequisite: MUAC 1221 and a music major pursuing a degree of Bachelor of Arts or Honors Bachelor of Arts or Bachelor of Music or Honors Bachelor of Music. (Typically offered: Fall)

## MUAC 1321. Class Instruction in Guitar. 1 Hour.

Beginning class instruction in guitar. Students must provide their own instruments. (Typically offered: Fall and Spring)
MUAC 1381. Class Instruction in Voice. 1 Hour.
Fundamentals of vocalization and singing of English songs, including breathing, vowel clarity, and pronunciation of consonants. (Typically offered: Fall and Spring)
MUAC 2112. Music Technology. 2 Hours.
Introduces skills for transcribing music using music notation software and sound reinforcement systems. Covers MIDI sequencing and audio recording and editing software to produce accompaniment tracks and create compact discs of music and multimedia projects. Prerequisite: Music major pursuing a Bachelor of Music or Honors Bachelor of Music degree, and sophomore standing. (Typically offered: Fall, Spring and Summer)

## MUAC 2221. Piano Class for Music Majors III. 1 Hour.

A continuation of MUAC 1231. Two meetings per week. Upon successful completion of MUAC 2221 with a grade of B or better, credit for MUAC 1221 and MUAC 1231 will also be given. Prerequisite: MUAC 1231 and a music major pursuing a degree of Bachelor of Arts or Honors Bachelor of Arts or Bachelor of Music or Honors Bachelor of Music. (Typically offered: Spring)
MUAC 2231. Piano Class for Music Major IV. 1 Hour.
A continuation of MUAC 2221. Two meetings per week. Upon successful completion of MUAC 2231 with a grade of B or better, credit for MUAC 1221, MUAC 1231, and MUAC 2221 will also be given. Prerequisite: MUAC 2221 and a music major pursuing a degree of Bachelor of Arts or Honors Bachelor of Arts or Bachelor of Music or Honors Bachelor of Music. (Typically offered: Fall)

MUAC 2321. Guitar Class Intermediate. 1 Hour.
Continues the development of several skills on the guitar such as rhythm playing, chord formations, sheet music reading, and melody presentation. Includes significant solo and group playing experiences. Prerequisite: MUAC 1321 or Instructor Consent. (Typically offered: Fall and Spring)
MUAC 3401. Jazz Improvisation I. 1 Hour.
This course is the first in a four-semester sequence on the study of jazz improvisation with a linguistic approach. The class will cover the vocabulary and grammar of jazz, as well as rhetoric, story-telling and emotional performance. Each week students will be expected to be proficient in technical drills, harmonic and rhythmic vocabulary, and repertoire related to the four fundamental forms encompassed by the course. Transcriptions and writing assignments will also be given, and students will work with the Contrast Method of Improvisational Concepts, self-listening and analysis, performing the topics in class, group performance, and artistic development. (Typically offered: Fall)

## MUAC 3411. Jazz Improvisation II. 1 Hour.

This course is the second in a four-semester sequence on the study of jazz improvisation with a linguistic approach. The class will cover the vocabulary and grammar of jazz, as well as rhetoric, story-telling and emotional performance. Each week students will be expected to be proficient in technical drills, harmonic and rhythmic vocabulary, and repertoire related to the four fundamental forms encompassed by the course. Transcriptions and writing assignments will also be given, and students will work with the Contrast Method of Improvisational Concepts, self-listening and analysis, performing the topics in class, group performance, and artistic development. Prerequisite: MUAC 3401. (Typically offered: Spring)

## MUAC 4371. Teaching the High School Percussionist. 1 Hour.

A study of solo literature and small and large ensemble literature appropriate for the high school percussionist. Emphasis on advanced snare drum and marimba lit., timpani and the broad range of percussionist instruments. Includes study of high school band, orchestra and percussion ensemble scores. Prerequisite: MUED 1371. (Typically offered: Irregular)

## MUAC 4401. Jazz Improvisation III. 1 Hour.

This course is the third in a four-semester sequence on the study of jazz improvisation with a linguistic approach. The class will cover the vocabulary and grammar of jazz, as well as rhetoric, story-telling and emotional performance. Each week students will be expected to be proficient in technical drills, harmonic and rhythmic vocabulary, and repertoire related to the four fundamental forms encompassed by the course. Transcriptions and writing assignments will also be given, and students will work with the Contrast Method of Improvisational Concepts, self-listening and analysis, performing the topics in class, group performance, and artistic development. Prerequisite: MUAC 3411. (Typically offered: Fall)

## MUAC 4411. Jazz Improvisation IV. 1 Hour.

This course is the fourth in a four-semester sequence on the study of jazz improvisation with a linguistic approach. The class will cover the vocabulary and grammar of jazz, as well as rhetoric, story-telling and emotional performance. Each week students will be expected to be proficient in technical drills, harmonic and rhythmic vocabulary, and repertoire related to the four fundamental forms encompassed by the course. Transcriptions and writing assignments will also be given, and students will work with the Contrast Method of Improvisational Concepts, self-listening and analysis, performing the topics in class, group performance, and artistic development. Prerequisite: MUAC 4401. (Typically offered: Spring)

MUAC 4421. Advanced Studies in Improvisation. 1 Hour.
Extends the techniques built in the improvisation course sequence (MUAC 3401, MUAC 3411, MUAC 4401, MUAC 4411) with specialized topics in a variety of improvisatory traditions. Sections may include "Free Jazz", "Coltrane and Chromaticism" "Atonal Improvisation", "Baroque Improvisation" and "World Music Improvisation". Prerequisite: MUAC 4411 or instructor consent. (Typically offered: Irregular) May be repeated for up to 2 hours of degree credit.

## Applied Music (Private Inst) Courses

MUAP 100V. Applied Secondary-Level Voice/Instrument I. 1-2 Hour.
Private study of secondary voice/instrument. Prerequisite: Instructor consent. (Typically offered: Fall and Spring) May be repeated for up to 4 hours of degree credit.

## MUAP 110V. Applied Major Voice/Instrument I. 1-4 Hour.

Private study of the primary voice/instrument for music majors. Admission to MUAP 110V requires the successful completion of audition for the instructor. Prerequisite: Music major. (Typically offered: Fall and Spring) May be repeated for up to 8 hours of degree credit.

MUAP 130V. Applied Skills Voice/Instrument I. 1-4 Hour.
Private study of the primary voice/instrument for music majors. Continued development of fundamental musical and technical skills introduced in MUAP 110V. Prerequisite: Music major; recommendation of instructor. (Typically offered: Fall and Spring) May be repeated for up to 8 hours of degree credit.

MUAP 200V. Applied Secondary-Level Voice/Instrument II. 1-2 Hour. Continued private study of secondary voice/instrument. Instructor permission required to enroll. Prerequisite: Two semesters of MUAP 100V and recommendation of the instructor. (Typically offered: Fall and Spring) May be repeated for up to 4 hours of degree credit.

## MUAP 210V. Applied Major Voice/Instrument II. 1-4 Hour.

Continued private study of the primary voice/instrument for music majors. Prerequisite: Two semesters of MUAP 110V with grades of B or better or MUAP 130 V with a grade of B or better. (Typically offered: Fall and Spring) May be repeated for up to 8 hours of degree credit.

## MUAP 230V. Applied Skills Voice/Instrument II. 1-4 Hour

Private study of the primary voice/instrument for music majors. Continued development of fundamental musical and technical skills introduced in MUAP 210V. Prerequisite: Two semesters of MUAP 210V and recommendation of instructor. (Typically offered: Fall and Spring) May be repeated for up to 8 hours of degree credit.

MUAP 300V. Applied Secondary-Level Voice/Instrument III. 1-2 Hour. Advanced private study of secondary voice/instrument. Prerequisite: Two semesters of MUAP 200V and recommendation of the instructor. (Typically offered: Fall and Spring) May be repeated for up to 4 hours of degree credit.

MUAP 310V. Applied Major Voice/Instrument III. 1-4 Hour.
Continuation of MUAP 210V. Private study of the primary instrument/voice for music majors at the advanced level. Admission requires approval of the faculty committee of the area of study (voice, piano, woodwind, brass, percussion). Mastery of fundamental/technical skills sufficient to prepare for a recital must be observable by the committee. Prerequisite: Two semesters of MUAP 210 V with grades of $B$ or better or MUAP 230V with a grade of B or better. (Typically offered: Fall and Spring) May be repeated for up to 8 hours of degree credit.

MUAP 310VH. Honors Applied Major Voice/Instrument III. 1-4 Hour.
Continuation of MUAP 210V. Private study of the primary voice/instrument for honors music majors at the advanced level. Admission requires approval of faculty committee of the area of study (voice, piano, woodwind, brass, percussion). Mastery of fundamental/technical skills sufficient to prepare for a recital must be observable by the committee. Prerequisite: Two semesters of MUAP 210 V with grades of B or better or MUAP 230V with a grade of B or better; honors standing. (Typically offered: Fall and Spring) May be repeated for up to 8 hours of degree credit.
This course is equivalent to MUAP 310 V .
MUAP 3201. Applied Recital I. 1 Hour.
Preparation and performance of a public recital of a minimum of 25 minutes of music. (Typically offered: Fall and Spring) May be repeated for degree credit.

MUAP 3201H. Honors Applied Recital I. 1 Hour.
Preparation and performance of a public recital of a minimum of 50 minutes of music. Corequisite: MUAP 310VH. (Typically offered: Fall and Spring) May be repeated for degree credit.
This course is equivalent to MUAP 3201.
MUAP 330V. Applied Skills Voice/Instrument III. 1-4 Hour.
Private study of the primary voice/instrument for music majors at the advanced level. Continued development of musical and technical skills introduced in MUAP 310V. Prerequisite: Two semesters of MUAP 310V and recommendation of instructor. (Typically offered: Fall and Spring) May be repeated for up to 8 hours of degree credit.

MUAP 400V. Applied Secondary-Level Voice/Instrument IV. 1-2 Hour. Continued advanced private study of secondary voice/instrument. Instructor permission required to enroll. Prerequisite: Two semesters of MUAP 300V and recommendation of the instructor. (Typically offered: Fall and Spring) May be repeated for up to 4 hours of degree credit.

## MUAP 410V. Applied Major Voice/Instrument IV. 1-4 Hour.

Continuation of MUAP 310V. Private study of the primary voice/instrument for music majors at the advanced level. Prerequisite: Two semesters of MUAP 310V with recommendation of instructor. (Typically offered: Fall and Spring) May be repeated for up to 8 hours of degree credit.

MUAP 410VH. Honors Applied Major Voice/Instrument IV. 1-4 Hour.
Continuation of MUAP 310VH. Private study of the primary voice/instrument for honors music majors at the advanced level. Prerequisite: Two semesters of MUAP 310 VH , recommendation of instructor and honors standing. (Typically offered: Fall and Spring) May be repeated for up to 8 hours of degree credit.
This course is equivalent to MUAP 410 V .

## MUAP 415V. Applied Skills Voice/Instrument IV. 1-4 Hour.

Private study of the primary voice/instrument for music majors at the advanced level in preparation for recital. Continued development of musical and technical skills introduced in MUAP 410V. Prerequisite: Two semesters of MUAP 410V and recommendation of instructor. (Typically offered: Fall and Spring) May be repeated for up to 8 hours of degree credit.
MUAP 4201. Applied Recital II. 1 Hour.
Preparation and performance of a public recital of a minimum of 50 minutes of music. Prerequisite: MUAP 3201. (Typically offered: Fall and Spring) May be repeated for degree credit.

## MUAP 4201H. Honors Applied Recital II. 1 Hour.

Preparation and performance of a public recital of a minimum of 50 minutes of music. Corequisite: MUAP 410VH. (Typically offered: Fall and Spring) May be repeated for degree credit.
This course is equivalent to MUAP 4201.
MUAP 4301. Composition Recital. 1 Hour.
Preparation and performance of a public recital of a minimum of 50 minutes consisting of original musical compositions. (Typically offered: Fall and Spring) May be repeated for degree credit.

## Ethnomusicology Courses

MUSY 2003. Music in World Cultures. 3 Hours.
Provides an overview of music from around the world. Examines the role of music in different social and cultural contexts. A variety of indigenous, folk, religious, popular, and art music traditions will be explored, along with the people and cultures that create them. (Typically offered: Fall and Spring)

MUSY 2003H. Honors Music in World Cultures. 3 Hours.
Provides an overview of music from around the world. Examines the role of music in different social and cultural contexts. A variety of indigenous, folk, religious, popular, and art music traditions will be explored, along with the people and cultures that create them. (Typically offered: Fall and Spring)
This course is equivalent to MUSY 2003.

## Music Education Courses

MUED 1371. Teaching the Beginning Percussionist. 1 Hour.
A study of the pedagogy and techniques needed to instruct middle school and junior high percussionists. Emphasis on elementary snare drum and marimba performance. Study of junior high band and orchestra methods, solos and ensemble music. Prerequisite: MUEDBM major. (Typically offered: Fall and Spring)
MUED 2012. Introduction to Music Education. 2 Hours.
A course designed to provide early experiences for the prospective music teacher. Students will become familiar with professional trends, music classroom organizational and management issues, and principles of effective education. Emphases will include basic psychological and philosophical orientation, as well as observations in public school classrooms. Required of all prospective Music Education majors. (Typically offered: Spring)

MUED 2532. Class Instruction in Woodwind Instruments. 2 Hours.
Familiarizes students with elementary and intermediate skills, techniques and pedagogy needed to teach woodwind instruments--flute, clarinet, saxophone, oboe, and bassoon--in a class setting. Corequisite: Lab component. Prerequisite: MUEDBM major. (Typically offered: Fall and Spring)

MUED 2542. Class Instruction in Brass Instruments. 2 Hours.
Familiarizes students with elementary and intermediate skills, techniques and pedagogy needed to teach brass instruments--trumpet, French horn, trombone, euphonium, and tuba--in a class setting. Corequisite: Lab component. Prerequisite: MUEDBM major. (Typically offered: Fall and Spring)

MUED 2552. Class Instruction in Orchestral String Instruments. 2 Hours. Familiarizes students with elementary and intermediate skills, techniques and pedagogy needed to teach orchestral stringed instruments in a class setting. Includes a lab that specifically focuses on peer teaching of concepts and skills related to teaching stringed instruments. Corequisite: Lab component. Prerequisite: MUEDBM major. (Typically offered: Fall and Spring)

MUED 3021. Supervised Practicum in Teaching Musical Skills. 1 Hour. Provides for supervised teaching opportunities with public school students in instrumental, choral, and elementary classes. Prerequisite: MUEDBM major and MUED 2012. (Typically offered: Spring)
MUED 3833. Music Education in the Elementary School. 3 Hours. Concepts of elementary music education; methods, materials, curriculum design, and supervision in elementary school music. Prerequisite: MUED 2012. (Typically offered: Fall and Spring)

MUED 3911. Classroom Instruments in Music Education. 1 Hour.
The study of instruments utilized in the general music classroom, including but not limited to the Orff Instrumentarium, pitched and unpitched hand-held percussion, frame and various ethnic drums, guitar, and recorder. Elementary and secondary general music classroom preparation with an emphasis on orchestration, composition, and improvisation with instruments commonly utilized in required music classes in public schools. Open to music education majors or with instructor's consent. Pre- or Corequisite: MUED 3833. Prerequisite: MUED 2012. (Typically offered: Fall)

MUED 4031. Seminar for Professional Entry into Music Education. 1 Hour. A seminar offered during student teaching semester to prepare the student for the role of a professional educator. Content includes professional ethics and conduct, classroom management, evaluation and grading, and application for employment. (Typically offered: Fall and Spring)

## MUED 4112. Pedagogy in Music Education. 2 Hours.

A course presenting broad music teaching concepts and specific teaching behaviors. Students will experience the pedagogical teaching situation through the construct of effective communication practice. Emphases will be on providing a laboratory environment representative of public school classrooms. Required of all Music Education majors. Prerequisite: MUED 3833. (Typically offered: Fall)

MUED 4273. Methods for Teaching String Instruments. 3 Hours.
Methods and materials for students preparing to teach orchestral instruments and ensembles in the public schools. Prerequisite: MUED 1371, MUED 2012, MUED 2532, MUED 2542, MUED 2552, and MUED 3021. (Typically offered: Fall Odd Years)

## MUED 4283. Teaching Vocal Music. 3 Hours.

Methods and materials used in teaching secondary choral music. Prerequisite: MUED 2012 . (Typically offered: Irregular)
MUED 4293. Instrumental Methods. 3 Hours.
Problems of teaching instrumental music in the public schools. Prerequisite: MUED 1371, MUED 2012, MUED 2532, MUED 2542, MUED 2552, and MUED 3021. (Typically offered: Fall)

## MUED 451V. Student Teaching: Elementary Music. 4-8 Hour.

A minimum of five weeks and a maximum of ten weeks will be spent in an offcampus school, where the student will teach under supervision in the elementary classroom and will participate in other activities involving the school and community. Enrollment requirement is for a total of 12 hours and 15 weeks involvement in MUED 452 V and MUED 451V. Successful completion of a criminal background check is required prior to beginning student teaching. Corequisite: MUED 452V. Prerequisite: Bachelor of Music degree in Music Education. (Typically offered: Fall and Spring)

## MUED 452V. Student Teaching: Secondary Music. 4-8 Hour.

A minimum of five weeks and a maximum of ten weeks will be spent in an offcampus school, where the student will teach under supervision in the elementary classroom and will participate in other activities involving the school and community. Enrollment requirement is for a total of 12 hours and 15 weeks involvement in MUED 452V and MUED 451V. Successful completion of a criminal background check is required before beginning student teaching. Corequisite: MUED 451V. Prerequisite: Bachelor of Music degree in Music Education. (Typically offered: Fall and Spring)

## MUED 4743. Characteristics of Special Needs Students in the Music

## Classroom. 3 Hours.

Provides an overview to special needs students in the music classroom.
Explores the characteristics of special needs students in six domains: cognitive, communicative, emotional, behavioral, and medical and physical. Requires outside class time working with special needs students. Prerequisite: Instructor's consent. (Typically offered: Fall)

## MUED 477V. Special Topics in Music Education. 1-4 Hour.

Subject matter not covered in other sources. With permission, may be repeated for credit if topics are different. (Typically offered: Irregular) May be repeated for degree credit.

## Music Ensemble Courses

MUEN 1211. Latin American Ensemble I. 1 Hour.
Plays music of Latin America with particular focus on Afro-Caribbean music and its performance practices. Students perform, improvise, arrange and compose in a variety of styles such as Son, Danzon, Cha-Cha-Cha, Mambo, Latin Jazz, Salsa, and Timba. (Typically offered: Fall and Spring) May be repeated for up to 2 hours of degree credit.

## MUEN 1221. World Music Ensemble I. 1 Hour.

Study music and practices from a variety of musical cultures, while simultaneously acquiring solid grounding in music theory, musicianship skills, music history, and literature. (Typically offered: Fall and Spring) May be repeated for up to 2 hours of degree credit.

## MUEN 1231. Songwriters' Ensemble I. 1 Hour.

A combined songwriting course and contemporary music ensemble. Students build a portfolio of original songs while studying elements of modern songwriting including harmony, lyrics, form, arranging, production and style. The class acts as an ensemble to present a recital of original music for the final performance. (Typically offered: Fall) May be repeated for up to 2 hours of degree credit.

MUEN 1241. Beginning Jazz Combo. 1 Hour.
Introductory ensemble experience offering a repertoire-based approach to learning basic improvisation skills and the performance of common jazz styles. Open to both music and non-music majors. (Typically offered: Spring)

MUEN 1251. Arkansas Soul Band I. 1 Hour.
Perform historical and contemporary popular music from the African American tradition. These genres include, but are not limited to, soul, blues, funk, R\&B, and hip-hop. Students will develop arranging and musical direction skills, as well as analysis of performance, arrangements, and compositions/songwriting in these styles. (Typically offered: Spring) May be repeated for up to 2 hours of degree credit.

MUEN 1261. Intermediate Jazz Combo I. 1 Hour.
Intermediate small jazz ensemble focused on improvisation in the context of bebop, free jazz, fusion, and related styles. (Typically offered: Fall and Spring) May be repeated for up to 2 hours of degree credit.

## MUEN 1271. Advanced Jazz Combo I. 1 Hour.

Advanced small jazz ensemble focused on improvisation in the context of bebop, free jazz, fusion, and related styles. (Typically offered: Fall and Spring) May be repeated for up to 2 hours of degree credit.

## MUEN 1281. Vocal Jazz Ensemble I. 1 Hour.

Presents the opportunity for vocal students interested in jazz to perform music as an ensemble. Prerequisite: Instructor consent. (Typically offered: Fall and Spring) May be repeated for up to 2 hours of degree credit.

MUEN 1401. Opera Theatre I. 1 Hour.
Study of opera through performances of scenes, chamber and major operatic production. Admission with director's approval. (Typically offered: Fall and Spring) May be repeated for up to 2 hours of degree credit.

## MUEN 1411. Razorback Chorus I. 1 Hour.

Performance-based choral ensemble designed to improve individual and collective vocal skills, develop sight-reading skills, improve the individual's grasp of the essential elements of music, and expose students to choral repertory in the tenorbass range. Admission is open to any student on campus that can sing in the tenorbass range. (Typically offered: Fall and Spring) May be repeated for up to 2 hours of degree credit.

## MUEN 1421. Inspirational Chorale I. 1 Hour.

Performance of African American literature with particular emphasis on Negro spirituals, traditional/contemporary gospel music, and sacred world music. Rehearsal 3 hours per week. (Typically offered: Fall and Spring) May be repeated for up to 2 hours of degree credit.

## MUEN 1431. Symphony Orchestra I. 1 Hour.

Large, select orchestral ensemble setting with a focus on the study and performance of a range of symphonic literature. Emphasis on high artistic standards through style and interpretation. Enrollment limited to more experienced players; by audition only. Prerequisite: Director's consent. (Typically offered: Fall and Spring) May be repeated for up to 2 hours of degree credit.

## MUEN 1441. Marching Band I. 1 Hour.

Large ensemble performs at football games. Emphasis on high performance standards and a variety of performing styles. Rehearsal 8 hours per week. (Typically offered: Fall) May be repeated for up to 2 hours of degree credit.

## MUEN 1451. Schola Cantorum I. 1 Hour.

Large, select choral ensemble with focus on the study and performance of a range of choral literature. Emphasis on high artistic standards through style and interpretation. Enrollment limited to more experienced singers; by audition only. Prerequisite: Director's consent. (Typically offered: Fall and Spring) May be repeated for up to 2 hours of degree credit.

## MUEN 1461. Wind Symphony I. 1 Hour.

Large ensemble setting with emphasis on performing wind band literature and enhancing the musicianship of members. Focus on performance standards through style and interpretation. Concerts of high artistic merit which serve the campus community and general public are required. Admission by audition. Prerequisite: Director's consent. (Typically offered: Fall and Spring) May be repeated for up to 2 hours of degree credit.

## MUEN 1471. Jazz Orchestra. 1 Hour.

Training in the various styles of jazz and popular music. Rehearsal 3 hours per week. Admission by audition. Prerequisite: Instructor consent. (Typically offered: Fall and Spring) May be repeated for up to 2 hours of degree credit.

MUEN 1481. Campus Band I. 1 Hour.
Large ensemble setting with emphasis on performing wind band literature and enhancing the musicianship of members. Focus on performance standards through style and interpretation. Concerts of artistic merit which serve the campus community and general public may be required. Admission is by audition or special approval. Corequisite: Lab component. (Typically offered: Spring) May be repeated for up to 2 hours of degree credit.

MUEN 1491. Concert Band I. 1 Hour.
Large ensemble setting with emphasis on performing wind band literature and enhancing the musicianship of members. Focus on performance standards through style and interpretation. Concerts of artistic merit which serve the campus community and general public may be required. Admission is by audition or special approval. (Typically offered: Spring) May be repeated for up to 2 hours of degree credit.

## MUEN 1501. Chamber Music I. 1 Hour.

Performance of small ensemble music for any combination of instruments and/ or voice. Rehearsal 3 hours per week. (Typically offered: Fall and Spring) May be repeated for up to 2 hours of degree credit.

MUEN 1511. Symphonic Band I. 1 Hour.
Large ensemble setting with emphasis on performing wind band literature and enhancing the musicianship of members. Focus on performance standards through style and interpretation. Concerts of artistic merit which serve the campus community and general public are required. Admission is by audition or special approval. Prerequisite: Director's consent. (Typically offered: Spring) May be repeated for up to 2 hours of degree credit.

## MUEN 1521. Woodwind Quintet I. 1 Hour.

Study and performance of music for woodwind quintet. Weekly coaching will emphasize intonation, blend, stylistic awareness, and ensemble precision. Repertoire ranges from the 18th to the 20th centuries. 3 hours of rehearsals weekly. (Typically offered: Fall and Spring) May be repeated for up to 2 hours of degree credit.

## MUEN 1541. Accompanying I. 1 Hour.

Piano accompanying of vocal and instrumental soloists. Rehearsal 2 hours per week. Pre- or Corequisite: MUAP 110V. (Typically offered: Fall and Spring) May be repeated for up to 2 hours of degree credit.

## MUEN 1551. Percussion Ensemble I. 1 Hour.

Study and performance of ensemble music for multiple percussion instruments. Rehearsal 2 hours per week. (Typically offered: Fall and Spring) May be repeated for up to 2 hours of degree credit.

MUEN 1561. Musical Theater Orchestra I. 1 Hour.
Instrumental ensemble with focus on the preparation and performance of musical theater pit orchestra music, in conjunction with UA Theater's mainstage musical. Admission by audition or director's approval. (Typically offered: Irregular) May be repeated for up to 2 hours of degree credit.

## MUEN 1581. Chamber Choir I. 1 Hour.

Study and performance of vocal chamber music. Rehearsal 2 hours per week for 1 hour of credit. (Typically offered: Fall and Spring) May be repeated for up to 2 hours of degree credit.

## MUEN 1591. Treble Chorus I. 1 Hour.

Performance-based choral ensemble designed to improve individual and collective vocal skills, develop sight-reading skills, improve the individual's grasp of the essential elements of music, and expose students to choral repertory in the treble range. Admission is open to any student on campus that can sing in the treble range. (Typically offered: Fall and Spring) May be repeated for up to 2 hours of degree credit.

## MUEN 1691. Wind Ensemble I. 1 Hour.

Large ensemble setting performing orchestral wind and symphonic band literature with emphasis on high performance standards through style and interpretation. Concerts of high artistic merit which serve the campus community and general public are required. Admission is by audition. (Typically offered: Fall and Spring) May be repeated for up to 2 hours of degree credit.

MUEN 1721. Clarinet Ensemble I. 1 Hour.
Study and performance of music for multiple clarinets, including trios, quartets, quintets, and clarinet choir. Rehearsal 2 hours per week. (Typically offered: Fall and Spring) May be repeated for up to 2 hours of degree credit.
MUEN 1731. Saxophone Ensemble I. 1 Hour.
Study and performance of music for multiple saxophones, including trios, quartets, quintets, and saxophone choir. Rehearsal 3 hours per week. (Typically offered: Fall and Spring) May be repeated for up to 2 hours of degree credit.

## MUEN 1741. Chamber Orchestra I. 1 Hour.

Explores the string orchestra literature with a focus on proficient string orchestra performance practices and effective music preparation strategies. Explores balance, blend, articulation, style, and rehearsal technique that is inherent to a string ensemble or a string section. Prerequisite: Instructor consent. (Typically offered: Fall and Spring) May be repeated for up to 2 hours of degree credit.

## MUEN 1761. New Music Ensemble I. 1 Hour.

Small, select ensemble with emphasis on music written in the last hundred years, especially by important living composers. Focus on audience engagement through high performance standards, unconventional settings, and programs unique to the region. Off-campus appearances and outreach activities are required. Admission by consent. (Typically offered: Fall and Spring) May be repeated for up to 2 hours of degree credit.

## MUEN 1771. Trombone Ensemble I. 1 Hour.

Study and performance of music for multiple trombones, including trios, quartets, quintets, and trombone choir. Rehearsal 2 hours per week. (Typically offered: Fall and Spring) May be repeated for up to 2 hours of degree credit.

## MUEN 2211. Latin American Ensemble II. 1 Hour.

This ensemble plays music of Latin America with particular focus on Afro-Caribbean music and its performance practices. Students will have an opportunity to perform, improvise, arrange and compose in a variety of styles such as Son, Danzon, Cha-Cha-Cha, Mambo, Latin Jazz, Salsa, and Timba. The ensemble will perform at least one concert per semester and occasionally will perform at other activities on and off campus. (Typically offered: Fall and Spring) May be repeated for up to 2 hours of degree credit.

MUEN 2221. World Music Ensemble II. 1 Hour.
Students in the World Music Ensemble will closely study music and practices from a variety of musical cultures, while simultaneously acquiring solid grounding in music theory, musicianship skills, music history, and literature. (Typically offered: Fall and Spring) May be repeated for up to 2 hours of degree credit.

## MUEN 2231. Songwriters' Ensemble II. 1 Hour.

A combined songwriting course and contemporary music ensemble. Students build a portfolio of original songs while studying elements of modern songwriting including harmony, lyrics, form, arranging, production and style. The class acts as an ensemble to present a recital of original music for the final performance. (Typically offered: Fall) May be repeated for up to 2 hours of degree credit.

## MUEN 2251. Arkansas Soul Band II. 1 Hour.

Perform historical and contemporary popular music from the African American tradition. These genres include, but are not limited to, soul, blues, funk, R\&B, and hip-hop. Students will develop arranging and musical direction skills, as well as analysis of performance, arrangements, and compositions/songwriting in these styles. (Typically offered: Spring) May be repeated for up to 2 hours of degree credit.

## MUEN 2261. Intermediate Jazz Combo II. 1 Hour.

Intermediate small jazz ensemble focused on improvisation in the context of bebop, free jazz, fusion, and related styles. (Typically offered: Fall and Spring) May be repeated for up to 2 hours of degree credit.

## MUEN 2271. Advanced Jazz Combo II. 1 Hour.

Advanced small jazz ensemble focused on improvisation in the context of bebop, free jazz, fusion, and related styles. (Typically offered: Fall and Spring) May be repeated for up to 2 hours of degree credit.

## MUEN 2281. Vocal Jazz Ensemble II. 1 Hour.

Presents the opportunity for vocal students interested in jazz to perform music as an ensemble. Prerequisite: Instructor consent. (Typically offered: Fall and Spring) May be repeated for up to 2 hours of degree credit.

MUEN 2401. Opera Theatre II. 1 Hour.
Continuation of Opera Theatre I. Study of opera through performances of scenes, chamber and major operatic production. Admission with director's approval. Prerequisite: Sophomore standing. (Typically offered: Fall and Spring) May be repeated for up to 2 hours of degree credit.

## MUEN 2411. Razorback Chorus II. 1 Hour.

Performance-based choral ensemble designed to improve individual and collective vocal skills, develop sight-reading skills, improve the individual's grasp of the essential elements of music, and expose students to choral repertory in the tenorbass range. Admission is open to any student on campus that can sing in the tenor-bass range. Prerequisite: Sophomore standing. (Typically offered: Fall and Spring) May be repeated for up to 2 hours of degree credit.

## MUEN 2421. Inspirational Chorale II. 1 Hour.

Continuation of Inspirational Chorale I. Performance of African American literature with particular emphasis on Negro spirituals, traditional/contemporary gospel music, and sacred world music. Rehearsal 3 hours per week. Admission with director's approval. Prerequisite: Sophomore standing, audition and approval of director. (Typically offered: Fall and Spring) May be repeated for up to 2 hours of degree credit.

## MUEN 2431. Symphony Orchestra II. 1 Hour.

Continuation of Symphony Orchestra I. Large, select orchestral ensemble setting with a focus on the study and performance of a range of symphonic literature. Emphasis on high artistic standards through style and interpretation. Enrollment limited to more experienced players; by audition only. Prerequisite: Sophomore standing and director's consent. (Typically offered: Fall and Spring) May be repeated for up to 2 hours of degree credit.

## MUEN 2441. Marching Band II. 1 Hour.

Continuation of Marching Band I. Large ensemble performs at football games. Emphasis on high performance standards and a variety of performing styles. Rehearsal 8 hours per week. (Typically offered: Fall) May be repeated for up to 2 hours of degree credit.

## MUEN 2451. Schola Cantorum II. 1 Hour.

Continuation of Schola Cantorum I. Large, select choral ensemble with focus on the study and performance of a range of choral literature. Emphasis on high artistic standards through style and interpretation. Enrollment limited to more experienced singers; by audition only. Prerequisite: Sophomore standing and director's consent (Typically offered: Fall and Spring) May be repeated for up to 2 hours of degree credit.

## MUEN 2461. Wind Symphony II. 1 Hour.

Continuation of Wind Symphony I. Large ensemble setting with emphasis on performing wind band literature and enhancing the musicianship of members. Focus on performance standards through style and interpretation. Concerts of high artistic merit which serve the campus community and general public are required. Admission by audition. Prerequisite: Sophomore standing and director's consent. (Typically offered: Fall and Spring) May be repeated for up to 2 hours of degree credit.

## MUEN 2471. Jazz Orchestra II. 1 Hour.

Continuation of Jazz Performance Laboratory II. Training in the various styles of jazz and popular music. Rehearsal 3 hours per week. Admission by audition. Prerequisite: Sophomore standing. (Typically offered: Fall and Spring) May be repeated for up to 2 hours of degree credit.

## MUEN 2481. Campus Band II. 1 Hour.

Continuation of Campus Band I. Large ensemble setting with emphasis on performing wind band literature and enhancing the musicianship of members. Focus on performance standards through style and interpretation. Concerts of artistic merit which serve the campus community and general public may be required. Admission is by audition or special approval. Corequisite: Lab component. Prerequisite: Sophomore standing. (Typically offered: Spring) May be repeated for up to 2 hours of degree credit.

MUEN 2491. Concert Band II. 1 Hour.
Continuation of Concert Band I. Large ensemble setting with emphasis on performing wind band literature and enhancing the musicianship of members. Focus on performance standards through style and interpretation. Concerts of artistic merit which serve the campus community and general public may be required. Admission is by audition or special approval. Prerequisite: Sophomore standing. (Typically offered: Spring) May be repeated for up to 2 hours of degree credit.
This course is equivalent to MUEN 1491.
MUEN 2501. Chamber Music II. 1 Hour.
Continuation of Chamber Music I. Performance of small ensemble music for any combination of instruments and/or voice. Rehearsal 3 hours per week. Prerequisite: Sophomore standing. (Typically offered: Fall and Spring) May be repeated for up to 2 hours of degree credit.

## MUEN 2511. Symphonic Band II. 1 Hour.

Continuation of Symphonic Band I. Large ensemble setting with emphasis on performing wind band literature and enhancing the musicianship of members. Focus on performance standards through style and interpretation. Concerts of artistic merit which serve the campus community and general public are required. Admission is by audition or special approval. Prerequisite: Sophomore standing; director's consent. (Typically offered: Spring) May be repeated for up to 2 hours of degree credit.

## MUEN 2521. Woodwind Quintet II. 1 Hour.

continuation of Woodwind Quintet I. Study and performance of music for woodwind quintet. Weekly coaching will emphasize intonation, blend, stylistic awareness, and ensemble precision. Repertoire ranges from the 18th to the 20th centuries. 3 hours of rehearsals weekly. Prerequisite: Sophomore standing. (Typically offered: Fall and Spring) May be repeated for up to 2 hours of degree credit.

## MUEN 2541. Accompanying II. 1 Hour.

Continuation of Accompanying I. Piano accompanying of vocal and instrumental soloists. Rehearsal 2 hours per week. Pre- or Corequisite: Sophomore standing and MUAP 210V. (Typically offered: Fall and Spring) May be repeated for up to 2 hours of degree credit.

## MUEN 2551. Percussion Ensemble II. 1 Hour.

Continuation of Percussion Ensemble I. Study and performance of ensemble music for multiple percussion instruments. Rehearsal 2 hours per week. Prerequisite: Sophomore standing. (Typically offered: Spring and Summer) May be repeated for up to 2 hours of degree credit.

## MUEN 2561. Musical Theater Orchestra II. 1 Hour.

Instrumental ensemble with focus on the preparation and performance of musical theater pit orchestra music, in conjunction with UA Theater's mainstage musical. Admission by audition or director's approval. Prerequisite: Sophomore standing. (Typically offered: Irregular) May be repeated for up to 2 hours of degree credit.

## MUEN 2581. Chamber Choir II. 1 Hour.

Continuation of Chamber Choir I. Study and performance of vocal chamber music.
Rehearsal 2 hours per week for 1 hour of credit. Prerequisite: Sophomore standing. (Typically offered: Fall and Spring) May be repeated for up to 2 hours of degree credit.

## MUEN 2591. Treble Chorus II. 1 Hour.

Continuation of Women's Chorus I. Performance-based choral ensemble designed to improve individual and collective vocal skills, develop sight-reading skills, improve the individual's grasp of the essential elements of music, and expose students to choral repertory in the treble range. Admission is open to any student on campus that can sing in the treble range. Prerequisite: Sophomore standing. (Typically offered: Fall and Spring) May be repeated for up to 2 hours of degree credit.

## MUEN 2691. Wind Ensemble II. 1 Hour.

Large ensemble setting performing orchestral wind and symphonic band literature with emphasis on high performance standards through style and interpretation. Concerts of high artistic merit which serve the campus community and general public are required. Admission is by audition. Prerequisite: Sophomore standing. (Typically offered: Fall and Spring) May be repeated for up to 2 hours of degree credit. This course is equivalent to MUEN 1691.

## MUEN 2721. Clarinet Ensemble II. 1 Hour.

Continuation of Clarinet Ensemble I. Study and performance of music for multiple clarinets, including trios, quartets, quintets, and clarinet choir. Rehearsal 2 hours per week. Prerequisite: Sophomore standing. (Typically offered: Fall and Spring) May be repeated for up to 2 hours of degree credit.

## MUEN 2731. Saxophone Ensemble II. 1 Hour.

Continuation of Saxophone Ensemble I. Study and performance of music for multiple saxophones, including trios, quartets, quintets, and saxophone choir. Rehearsal 3 hours per week. Prerequisite: Sophomore standing. (Typically offered: Fall and Spring) May be repeated for up to 2 hours of degree credit.

## MUEN 2741. Chamber Orchestra II. 1 Hour.

Explores the string orchestra literature with a focus on proficient string orchestra performance practices and effective music preparation strategies. Explores balance, blend, articulation, style, and rehearsal technique that is inherent to a string ensemble or a string section. Prerequisite: Sophomore standing and instructor consent. (Typically offered: Fall and Spring) May be repeated for up to 2 hours of degree credit.

## MUEN 2761. New Music Ensemble II. 1 Hour.

Continuation of New Music Ensemble I. Small, select ensemble with emphasis on music written in the last hundred years, especially by important living composers. Focus on audience engagement through high performance standards, unconventional settings, and programs unique to the region. Off-campus appearances and outreach activities are required. Admission by consent. Prerequisite: Sophomore standing. (Typically offered: Fall and Spring) May be repeated for up to 2 hours of degree credit.

## MUEN 2771. Trombone Ensemble II. 1 Hour.

Continuation of Trombone Ensemble I. Study and performance of music for multiple trombones, including trios, quartets, quintets, and trombone choir. Rehearsal 2 hours per week. Prerequisite: Sophomore standing. (Typically offered: Fall and Spring) May be repeated for up to 2 hours of degree credit.

## MUEN 2781. Tuba Ensemble II. 1 Hour.

Continuation of Tuba Ensemble I. Study and performance of music for multiple combinations of tuba and euphonium, including trios, quartets, quintets, and low brass choir. Rehearsal 2 hours per week. Prerequisite: Sophomore standing. (Typically offered: Fall and Spring) May be repeated for up to 2 hours of degree credit.

## MUEN 3211. Latin American Ensemble III. 1 Hour.

This ensemble plays music of Latin America with particular focus on Afro-Caribbean music and its performance practices. Students will have an opportunity to perform, improvise, arrange and compose in a variety of styles such as Son, Danzon, Cha-Cha-Cha, Mambo, Latin Jazz, Salsa, and Timba. The ensemble will perform at least one concert per semester and occasionally will perform at other activities on and off campus. (Typically offered: Fall and Spring) May be repeated for up to 2 hours of degree credit.

## MUEN 3221. World Music Ensemble III. 1 Hour.

Students in the World Music Ensemble will closely study music and practices from a variety of musical cultures, while simultaneously acquiring solid grounding in music theory, musicianship skills, music history, and literature. (Typically offered: Fall and Spring) May be repeated for up to 2 hours of degree credit.

## MUEN 3231. Songwriters' Ensemble III. 1 Hour.

A combined songwriting course and contemporary music ensemble. Students build a portfolio of original songs while studying elements of modern songwriting including harmony, lyrics, form, arranging, production and style. The class acts as an ensemble to present a recital of original music for the final performance. (Typically offered: Fall) May be repeated for up to 2 hours of degree credit.

## MUEN 3251. Arkansas Soul Band III. 1 Hour.

Perform historical and contemporary popular music from the African American tradition. These genres include, but are not limited to, soul, blues, funk, R\&B, and hip-hop. Students will develop arranging and musical direction skills, as well as analysis of performance, arrangements, and compositions/songwriting in these styles. (Typically offered: Spring) May be repeated for up to 2 hours of degree credit.

## MUEN 3261. Intermediate Jazz Combo III. 1 Hour.

Intermediate small jazz ensemble focused on improvisation in the context of bebop, free jazz, fusion, and related styles. (Typically offered: Fall and Spring) May be repeated for up to 2 hours of degree credit.

## MUEN 3271. Advanced Jazz Combo III. 1 Hour.

Advanced small jazz ensemble focused on improvisation in the context of bebop, free jazz, fusion, and related styles. (Typically offered: Fall and Spring) May be repeated for up to 2 hours of degree credit.

## MUEN 3281. Vocal Jazz Ensemble III. 1 Hour.

Presents the opportunity for vocal students interested in jazz to perform music as an ensemble. Prerequisite: Instructor consent. (Typically offered: Fall and Spring) May be repeated for up to 2 hours of degree credit.

## MUEN 3401. Opera Theatre III. 1 Hour.

Continuation of Opera Theatre II. Study of opera through performances of scenes, chamber and major operatic production. Admission with director's approval. Prerequisite: Junior standing. (Typically offered: Fall and Spring) May be repeated for up to 2 hours of degree credit.

## MUEN 3411. Razorback Chorus III. 1 Hour.

Continuation of Men's Chorus II. Performance-based choral ensemble designed to improve individual and collective vocal skills, develop sight-reading skills, improve the individual's grasp of the essential elements of music, and expose students to choral repertory in the tenor-bass range. Admission is open to any student on campus that can sing in the tenor-bass range. Prerequisite: Junior standing. (Typically offered: Fall and Spring) May be repeated for up to 2 hours of degree credit.

## MUEN 3421. Inspirational Chorale III. 1 Hour.

Continuation of Inspirational Chorale II. Performance of African American literature with particular emphasis on Negro spirituals, traditional/contemporary gospel music, and sacred world music. Rehearsal 3 hours per week. Prerequisite: Junior standing. (Typically offered: Fall and Spring) May be repeated for up to 2 hours of degree credit.

## MUEN 3431. Symphony Orchestra III. 1 Hour.

Continuation of Symphony Orchestra II. Large, select orchestral ensemble setting with a focus on the study and performance of a range of symphonic literature. Emphasis on high artistic standards through style and interpretation. Enrollment limited to more experienced players; by audition only. Prerequisite: Junior standing; director's consent. (Typically offered: Fall and Spring) May be repeated for up to 2 hours of degree credit.

## MUEN 3441. Marching Band III. 1 Hour.

Continuation of Marching Band II. Large ensemble performs at football games. Emphasis on high performance standards and a variety of performing styles.
Rehearsal 8 hours per week. (Typically offered: Fall) May be repeated for up to 2 hours of degree credit.

## MUEN 3451. Schola Cantorum III. 1 Hour.

Continuation of Schola Cantorum II. Large, select choral ensemble with focus on the study and performance of a range of choral literature. Emphasis on high artistic standards through style and interpretation. Enrollment limited to more experienced singers; by audition only. Prerequisite: Junior standing and director's consent. (Typically offered: Fall and Spring) May be repeated for up to 2 hours of degree credit.

## MUEN 3461. Wind Symphony III. 1 Hour.

Continuation of Wind Symphony II. Large ensemble setting with emphasis on performing wind band literature and enhancing the musicianship of members. Focus on performance standards through style and interpretation. Concerts of high artistic merit which serve the campus community and general public are required. Admission by audition. Prerequisite: Junior standing and director's consent. (Typically offered: Fall and Spring) May be repeated for up to 2 hours of degree credit.

## MUEN 3471. Jazz Orchestra III. 1 Hour.

Continuation of Jazz Performance Lab II. Training in the various styles of jazz and popular music. Rehearsal 3 hours per week. Admission by audition. Prerequisite: Junior standing. (Typically offered: Fall and Spring) May be repeated for up to 2 hours of degree credit.

## MUEN 3481. Campus Band III. 1 Hour.

Continuation of Campus Band II. Large ensemble setting with emphasis on performing wind band literature and enhancing the musicianship of members. Focus on performance standards through style and interpretation. Concerts of artistic merit which serve the campus community and general public may be required. Admission is by audition or special approval. Corequisite: Lab component. Prerequisite: Junior standing. (Typically offered: Spring) May be repeated for up to 2 hours of degree credit.

## MUEN 3491. Concert Band III. 1 Hour.

Continuation of Concert Band II. Large ensemble setting with emphasis on performing wind band literature and enhancing the musicianship of members. Focus on performance standards through style and interpretation. Concerts of artistic merit which serve the campus community and general public may be required. Admission is by audition or special approval. Prerequisite: Junior standing. (Typically offered: Spring) May be repeated for up to 2 hours of degree credit.
This course is equivalent to MUEN 1491.
MUEN 3501. Chamber Music III. 1 Hour.
Continuation of Chamber Music II. Performance of small ensemble music for any combination of instruments and/or voice. Rehearsal 3 hours per week. Prerequisite: Junior standing. (Typically offered: Fall and Spring) May be repeated for up to 2 hours of degree credit.

## MUEN 3511. Symphonic Band III. 1 Hour.

Continuation of Symphonic Band II. Large ensemble setting with emphasis on performing wind band literature and enhancing the musicianship of members. Focus on performance standards through style and interpretation. Concerts of artistic merit which serve the campus community and general public are required. Admission is by audition or special approval. Prerequisite: Junior standing and director's consent. (Typically offered: Spring) May be repeated for up to 2 hours of degree credit.
MUEN 3521. Woodwind Quintet III. 1 Hour.
Continuation of Woodwind Quintet II. Study and performance of music for woodwind quintet. Weekly coaching will emphasize intonation, blend, stylistic awareness, and ensemble precision. Repertoire ranges from the 18th to the 20th centuries. 3 hours of rehearsals weekly. Prerequisite: Junior standing. (Typically offered: Fall and Spring) May be repeated for up to 2 hours of degree credit.

MUEN 3541. Accompanying III. 1 Hour.
Continuation of Accompanying II. Piano accompanying of vocal and instrumental soloists. Rehearsal 2 hours per week. Pre- or Corequisite: Junior standing and MUAP 310V. (Typically offered: Fall and Spring) May be repeated for up to 2 hours of degree credit.

## MUEN 3551. Percussion Ensemble III. 1 Hour.

Continuation of Percussion Ensemble II. Study and performance of ensemble music for multiple percussion instruments. Rehearsal 2 hours per week. Prerequisite: Junior standing. (Typically offered: Fall and Spring) May be repeated for up to 2 hours of degree credit.

## MUEN 3581. Chamber Choir III. 1 Hour.

Continuation of Chamber Choir II. Study and performance of vocal chamber music. Rehearsal 2 hours per week for 1 hour of credit. Prerequisite: Junior standing. (Typically offered: Fall and Spring) May be repeated for up to 2 hours of degree credit.

## MUEN 3591. Treble Chorus III. 1 Hour.

Continuation of Women's Chorus II. Performance-based choral ensemble designed to improve individual and collective vocal skills, develop sight-reading skills, improve the individual's grasp of the essential elements of music, and expose students to choral repertory in the treble range. Admission is open to any student on campus that can sing in the treble range. Prerequisite: Junior standing. (Typically offered: Fall and Spring) May be repeated for up to 2 hours of degree credit.

MUEN 3691. Wind Ensemble III. 1 Hour.
Continuation of Wind Ensemble II. Large ensemble setting performing orchestral wind and symphonic band literature with emphasis on high performance standards through style and interpretation. Concerts of high artistic merit which serve the campus community and general public are required. Admission is by audition. Prerequisite: Junior standing. (Typically offered: Fall and Spring) May be repeated for up to 2 hours of degree credit.
This course is equivalent to MUEN 1691.
MUEN 3721. Clarinet Ensemble III. 1 Hour.
Continuation of Clarinet Ensemble II. Study and performance of music for multiple clarinets, including trios, quartets, quintets, and clarinet choir. Rehearsal 2 hours per week. Prerequisite: Junior standing. (Typically offered: Fall and Spring) May be repeated for up to 2 hours of degree credit.

## MUEN 3731. Saxophone Ensemble III. 1 Hour.

Continuation of Saxophone Ensemble II. Study and performance of music for multiple saxophones, including trios, quartets, quintets, and saxophone choir. Rehearsal 3 hours per week. Prerequisite: Junior standing. (Typically offered: Fall and Spring) May be repeated for up to 2 hours of degree credit.

MUEN 3741. Chamber Orchestra III. 1 Hour.
Explores the string orchestra literature with a focus on proficient string orchestra performance practices and effective music preparation strategies. Explores balance, blend, articulation, style, and rehearsal technique that is inherent to a string ensemble or a string section. Prerequisite: Junior standing and instructor consent. (Typically offered: Fall and Spring) May be repeated for up to 2 hours of degree credit.

MUEN 3761. New Music Ensemble III. 1 Hour.
Continuation of New Music Ensemble II. Small, select ensemble with emphasis on music written in the last hundred years, especially by important living composers. Focus on audience engagement through high performance standards, unconventional settings, and programs unique to the region. Off-campus appearances and outreach activities are required. Admission by consent. Prerequisite: Junior standing. (Typically offered: Fall and Spring) May be repeated for up to 2 hours of degree credit.

## MUEN 3771. Trombone Ensemble III. 1 Hour.

Continuation of Trombone Ensemble II. Study and performance of music for multiple trombones, including trios, quartets, quintets, and trombone choir. Rehearsal 2 hours per week. Prerequisite: Junior standing. (Typically offered: Fall and Spring) May be repeated for up to 2 hours of degree credit.

MUEN 3781. Tuba Ensemble III. 1 Hour.
Continuation of Tuba Ensemble II. Study and performance of music for multiple combinations of tuba and euphonium, including trios, quartets, quintets, and low brass choir. Rehearsal 2 hours per week. Prerequisite: Junior standing. (Typically offered: Fall and Spring) May be repeated for up to 2 hours of degree credit.

MUEN 4211. Latin American Ensemble IV. 1 Hour.
This ensemble plays music of Latin America with particular focus on Afro-Caribbean music and its performance practices. Students will have an opportunity to perform, improvise, arrange and compose in a variety of styles such as Son, Danzon, Cha-Cha-Cha, Mambo, Latin Jazz, Salsa, and Timba. The ensemble will perform at least one concert per semester and occasionally will perform at other activities on and off campus. (Typically offered: Fall and Spring) May be repeated for up to 2 hours of degree credit.

## MUEN 4221. World Music Ensemble IV. 1 Hour.

Students in the World Music Ensemble will closely study music and practices from a variety of musical cultures, while simultaneously acquiring solid grounding in music theory, musicianship skills, music history, and literature. (Typically offered: Fall and Spring) May be repeated for up to 2 hours of degree credit.

## MUEN 4231. Songwriters' Ensemble IV. 1 Hour.

A combined songwriting course and contemporary music ensemble. Students build a portfolio of original songs while studying elements of modern songwriting including harmony, lyrics, form, arranging, production and style. The class acts as an ensemble to present a recital of original music for the final performance. (Typically offered: Fall) May be repeated for up to 2 hours of degree credit.

## MUEN 4251. Arkansas Soul Band IV. 1 Hour.

Perform historical and contemporary popular music from the African American tradition. These genres include, but are not limited to, soul, blues, funk, R\&B, and hip-hop. Students will develop arranging and musical direction skills, as well as analysis of performance, arrangements, and compositions/songwriting in these styles. (Typically offered: Spring) May be repeated for up to 2 hours of degree credit.

## MUEN 4261. Intermediate Jazz Combo IV. 1 Hour.

Intermediate small jazz ensemble focused on improvisation in the context of bebop, free jazz, fusion, and related styles. (Typically offered: Fall and Spring) May be repeated for up to 2 hours of degree credit.

## MUEN 4271. Advanced Jazz Combo IV. 1 Hour.

Advanced small jazz ensemble focused on improvisation in the context of bebop, free jazz, fusion, and related styles. (Typically offered: Fall and Spring) May be repeated for up to 2 hours of degree credit.

MUEN 4281. Vocal Jazz Ensemble IV. 1 Hour.
Presents the opportunity for vocal students interested in jazz to perform music as an ensemble. Prerequisite: Instructor consent. (Typically offered: Fall and Spring) May be repeated for up to 2 hours of degree credit.

## MUEN 4311. Latin American Ensemble V. 1 Hour.

This ensemble plays music of Latin America with particular focus on Afro-Caribbean music and its performance practices. Students will have an opportunity to perform, improvise, arrange and compose in a variety of styles such as Son, Danzon, Cha-Cha-Cha, Mambo, Latin Jazz, Salsa, and Timba. The ensemble will perform at least one concert per semester and occasionally will perform at other activities on and off campus. (Typically offered: Fall and Spring) May be repeated for up to 2 hours of degree credit.

## MUEN 4321. World Music Ensemble V. 1 Hour.

Students in the World Music Ensemble will closely study music and practices from a variety of musical cultures, while simultaneously acquiring solid grounding in music theory, musicianship skills, music history, and literature. (Typically offered: Fall and Spring) May be repeated for up to 2 hours of degree credit.

## MUEN 4331. Songwriters' Ensemble V. 1 Hour.

A combined songwriting course and contemporary music ensemble. Students build a portfolio of original songs while studying elements of modern songwriting including harmony, lyrics, form, arranging, production and style. The class acts as an ensemble to present a recital of original music for the final performance. (Typically offered: Fall) May be repeated for up to 2 hours of degree credit.

## MUEN 4351. Arkansas Soul Band V. 1 Hour.

This ensemble performs historical and contemporary popular music from the African American tradition. These genres include but are not limited to soul, blues, funk, R\&B, and hip-hop. Students will develop arranging and musical direction skills as well as analysis of performance, arrangements and compositions/songwriting in these styles. (Typically offered: Spring) May be repeated for up to 2 hours of degree credit.

## MUEN 4361. Intermediate Jazz Combo V. 1 Hour.

Intermediate small jazz ensemble focused on improvisation in the context of bebop, free jazz, fusion, and related styles. Prerequisite: Two semesters of MUEN 4261. (Typically offered: Fall and Spring) May be repeated for up to 2 hours of degree credit.

## MUEN 4371. Advanced Jazz Combo V. 1 Hour.

Advanced small jazz ensemble focused on improvisation in the context of bebop, free jazz, fusion, and related styles. (Typically offered: Fall and Spring) May be repeated for up to 2 hours of degree credit.

MUEN 4401. Opera Theatre IV. 1 Hour.
Continuation of Opera Theatre III. Study of opera through performances of scenes, chamber and major operatic production. Admission with director's approval.
Prerequisite: Senior standing. (Typically offered: Fall and Spring) May be repeated for up to 2 hours of degree credit.

## MUEN 4411. Razorback Chorus IV. 1 Hour.

Continuation of Men's Chorus III. Performance-based choral ensemble designed to improve individual and collective vocal skills, develop sight-reading skills, improve the individual's grasp of the essential elements of music, and expose students to choral repertory in the tenor-bass range. Admission is open to any student on campus that can sing in the tenor-bass range. Prerequisite: Senior standing. (Typically offered: Fall and Spring) May be repeated for up to 2 hours of degree credit.

## MUEN 4421. Inspirational Chorale IV. 1 Hour.

Continuation of Inspirational Chorale III. Performance of African American literature with particular emphasis on Negro spirituals, traditional/contemporary gospel music, and sacred world music. Rehearsal 3 hours per week. Prerequisite: Senior standing. (Typically offered: Fall and Spring) May be repeated for up to 2 hours of degree credit.

## MUEN 4431. Symphony Orchestra IV. 1 Hour.

Continuation of Symphony Orchestra III. Large, select orchestral ensemble setting with a focus on the study and performance of a range of symphonic literature. Emphasis on high artistic standards through style and interpretation. Enrollment limited to more experienced players; by audition only. Prerequisite: Senior standing; director's consent. (Typically offered: Fall and Spring) May be repeated for up to 2 hours of degree credit.
MUEN 4441. Marching Band IV. 1 Hour.
Continuation of Marching Band III. Large ensemble performs at football games. Emphasis on high performance standards and a variety of performing styles.
Rehearsal 8 hours per week. (Typically offered: Fall) May be repeated for up to 2 hours of degree credit.

## MUEN 4451. Schola Cantorum IV. 1 Hour.

Continuation of Schola Cantorum III. Large, select choral ensemble with focus on the study and performance of a range of choral literature. Emphasis on high artistic standards through style and interpretation. Enrollment limited to more experienced singers; by audition only. Prerequisite: Senior standing and director's consent. (Typically offered: Fall and Spring) May be repeated for up to 2 hours of degree credit.

## MUEN 4461. Wind Symphony IV. 1 Hour.

Continuation of Wind Symphony III. Large ensemble setting with emphasis on performing wind band literature and enhancing the musicianship of members. Focus on performance standards through style and interpretation. Concerts of high artistic merit which serve the campus community and general public are required. Admission by audition. Prerequisite: Senior standing and director's consent. (Typically offered: Fall and Spring) May be repeated for up to 2 hours of degree credit.

MUEN 4471. Jazz Orchestra IV. 1 Hour.
Continuation of Jazz Performance Lab III. Training in the various styles of jazz and popular music. Rehearsal 3 hours per week. Admission by audition. Prerequisite: Senior standing. (Typically offered: Fall and Spring) May be repeated for up to 2 hours of degree credit.

## MUEN 4481. Campus Band IV. 1 Hour.

Continuation of Campus Band III. Large ensemble setting with emphasis on performing wind band literature and enhancing the musicianship of members. Focus on performance standards through style and interpretation. Concerts of artistic merit which serve the campus community and general public may be required. Admission is by audition or special approval. Corequisite: lab component. Prerequisite: Senior standing. (Typically offered: Spring) May be repeated for up to 2 hours of degree credit.

## MUEN 4491. Concert Band IV. 1 Hour.

Continuation of Concert Band III. Large ensemble setting with emphasis on performing wind band literature and enhancing the musicianship of members. Focus on performance standards through style and interpretation. Concerts of artistic merit which serve the campus community and general public may be required. Admission is by audition or special approval. Prerequisite: Senior standing. (Typically offered: Spring) May be repeated for up to 2 hours of degree credit.
This course is equivalent to MUEN 1491.
MUEN 4501. Chamber Music IV. 1 Hour.
Continuation of Chamber Music III. Performance of small ensemble music for any combination of instruments and/or voice. Rehearsal 3 hours per week. Prerequisite: Senior standing. (Typically offered: Fall and Spring) May be repeated for up to 2 hours of degree credit.

## MUEN 4511. Symphonic Band IV. 1 Hour.

Continuation of Symphonic Band III. Large ensemble setting with emphasis on performing wind band literature and enhancing the musicianship of members. Focus on performance standards through style and interpretation. Concerts of artistic merit which serve the campus community and general public are required. Admission is by audition or special approval. Prerequisite: Senior standing and director's consent. (Typically offered: Spring) May be repeated for up to 2 hours of degree credit.
MUEN 4521. Woodwind Quintet IV. 1 Hour.
Continuation of Woodwind Quintet III. Study and performance of music for woodwind quintet. Weekly coaching will emphasize intonation, blend, stylistic awareness, and ensemble precision. Repertoire ranges from the 18th to the 20th centuries. 3 hours of rehearsals weekly. Prerequisite: Senior standing. (Typically offered: Fall and Spring) May be repeated for up to 2 hours of degree credit.

MUEN 4541. Accompanying IV. 1 Hour.
Continuation of Accompanying III. Piano accompanying of vocal and instrumental soloists. Rehearsal 2 hours per week. Pre- or Corequisite: Senior standing and MUAP 410V. (Typically offered: Fall and Spring) May be repeated for up to 2 hours of degree credit.

## MUEN 4551. Percussion Ensemble IV. 1 Hour.

Continuation of Percussion Ensemble III. Study and performance of ensemble music for multiple percussion instruments. Rehearsal 2 hours per week. Prerequisite: Senior standing. (Typically offered: Fall and Spring) May be repeated for up to 2 hours of degree credit.
MUEN 4561. Musical Theater Orchestra IV. 1 Hour.
Instrumental ensemble with focus on the preparation and performance of musical theater pit orchestra music, in conjunction with UA Theater's mainstage musical. Admission by audition or director's approval. Prerequisite: Senior standing. (Typically offered: Irregular) May be repeated for up to 2 hours of degree credit.

## MUEN 4581. Chamber Choir IV. 1 Hour.

Continuation of Chamber Choir III. Study and performance of vocal chamber music. Rehearsal 2 hours per week for 1 hour of credit. Prerequisite: Senior standing. (Typically offered: Fall and Spring) May be repeated for up to 2 hours of degree credit.

## MUEN 4591. Treble Chorus IV. 1 Hour.

Continuation of Women's Chorus III. Performance-based choral ensemble designed to improve individual and collective vocal skills, develop sight-reading skills, improve the individual's grasp of the essential elements of music, and expose students to choral repertory in the treble range. Admission is open to any student on campus that can sing in the treble range. Prerequisite: Senior standing. (Typically offered: Fall and Spring) May be repeated for up to 2 hours of degree credit.

## MUEN 4601. Opera Theatre V. 1 Hour.

Continuation of Opera Theatre IV. Study of opera through performances of scenes, chamber and major operatic production. Admission with director's approval.
Prerequisite: Two semesters of MUEN 4401. (Typically offered: Fall and Spring) May be repeated for up to 2 hours of degree credit.

## MUEN 4631. Symphony Orchestra V. 1 Hour.

Continuation of Symphony Orchestra IV. Large, select orchestral ensemble setting with a focus on the study and performance of a range of symphonic literature. Emphasis on high artistic standards through style and interpretation. Enrollment limited to more experienced players; by audition only. Prerequisite: Two semesters of MUEN 4431. (Typically offered: Fall and Spring) May be repeated for up to 2 hours of degree credit.

## MUEN 4651. Schola Cantorum V. 1 Hour.

Continuation of Schola Cantorum IV. Large, select choral ensemble with focus on the study and performance of a range of choral literature. Emphasis on high artistic standards through style and interpretation. Enrollment limited to more experienced singers; by audition only. Prerequisite: Two semesters of MUEN 4451. (Typically offered: Fall and Spring) May be repeated for up to 2 hours of degree credit.

## MUEN 4661. Wind Symphony V. 1 Hour.

Continuation of Wind Symphony IV. Large ensemble setting with emphasis on performing wind band literature and enhancing the musicianship of members. Focus on performance standards through style and interpretation. Concerts of high artistic merit which serve the campus community and general public are required. Admission by audition. Prerequisite: Two semesters of MUEN 4461. (Typically offered: Fall and Spring) May be repeated for up to 2 hours of degree credit.

MUEN 4671. Jazz Orchestra V. 1 Hour.
Continuation of Jazz Performance Laboratory IV. Training in the various styles of jazz and popular music. Rehearsal 3 hours per week. Admission by audition. Prerequisite: Two semesters of MUEN 4471. (Typically offered: Fall and Spring) May be repeated for up to 2 hours of degree credit.

## MUEN 4691. Wind Ensemble IV. 1 Hour.

Continuation of Wind Ensemble III. Large ensemble setting performing orchestral wind and symphonic band literature with emphasis on high performance standards through style and interpretation. Concerts of high artistic merit which serve the campus community and general public are required. Admission is by audition. Prerequisite: Senior standing. (Typically offered: Fall and Spring) May be repeated for up to 2 hours of degree credit.
This course is equivalent to MUEN 1691.
MUEN 4721. Clarinet Ensemble IV. 1 Hour.
Continuation of Clarinet Ensemble III. Study and performance of music for multiple clarinets, including trios, quartets, quintets, and clarinet choir. Rehearsal 2 hours per week. Prerequisite: Senior standing. (Typically offered: Fall and Spring) May be repeated for up to 2 hours of degree credit.

## MUEN 4731. Saxophone Ensemble IV. 1 Hour.

Continuation of Saxophone Ensemble III. Study and performance of music for multiple saxophones, including trios, quartets, quintets, and saxophone choir. Rehearsal 3 hours per week. Prerequisite: Senior standing. (Typically offered: Fall and Spring) May be repeated for up to 2 hours of degree credit.

MUEN 4741. Chamber Orchestra IV. 1 Hour.
Explores the string orchestra literature with a focus on proficient string orchestra performance practices and effective music preparation strategies. Explores balance, blend, articulation, style, and rehearsal technique that is inherent to a string ensemble or a string section. Prerequisite: Senior standing and instructor consent. (Typically offered: Fall and Spring) May be repeated for up to 2 hours of degree credit.

## MUEN 4761. New Music Ensemble IV. 1 Hour.

Continuation of New Music Ensemble III. Small, select ensemble with emphasis on music written in the last hundred years, especially by important living composers. Focus on audience engagement through high performance standards, unconventional settings, and programs unique to the region. Off-campus appearances and outreach activities are required. Admission by consent. Prerequisite: Senior standing. (Typically offered: Fall and Spring) May be repeated for up to 2 hours of degree credit.

## MUEN 4771. Trombone Ensemble IV. 1 Hour.

Continuation of Trombone Ensemble III. Study and performance of music for multiple trombones, including trios, quartets, quintets, and trombone choir. Rehearsal 2 hours per week. Prerequisite: Senior standing. (Typically offered: Irregular) May be repeated for up to 2 hours of degree credit.

MUEN 4781. Tuba Ensemble IV. 1 Hour.
Continuation of Tuba Ensemble III. Study and performance of music for multiple combinations of tuba and euphonium, including trios, quartets quintets, and low brass choir. Rehearsal 2 hours per week. Prerequisite: Senior standing. (Typically offered: Fall and Spring) May be repeated for up to 2 hours of degree credit.

MUEN 4801. Chamber Music V. 1 Hour.
Continuation of Chamber Music IV. Performance of small ensemble music for any combination of instruments and/or voice. Rehearsal 3 hours per week. Prerequisite: Two semesters of MUEN 4501. (Typically offered: Fall and Spring) May be repeated for up to 2 hours of degree credit.

## MUEN 4811. Symphonic Band V. 1 Hour.

Continuation of Symphonic Band IV. Large ensemble setting with emphasis on performing wind band literature and enhancing the musicianship of members. Focus on performance standards through style and interpretation. Concerts of artistic merit which serve the campus community and general public are required. Admission is by audition or special approval. Prerequisite: Two semesters of MUEN 4511 and director's consent. (Typically offered: Spring) May be repeated for up to 2 hours of degree credit.

MUEN 4831. Concert Band V. 1 Hour.
Continuation of Concert Band IV. Large ensemble setting with emphasis on performing wind band literature and enhancing the musicianship of members. Focus on performance standards through style and interpretation. Concerts of artistic merit which serve the campus community and general public may be required. Admission is by audition or special approval. Prerequisite: Two semesters of MUEN 4491. (Typically offered: Spring) May be repeated for up to 2 hours of degree credit. This course is equivalent to MUEN 1491.

MUEN 4861. Wind Ensemble V. 1 Hour.
Continuation of Wind Ensemble IV. Large ensemble setting performing orchestral wind and symphonic band literature with emphasis on high performance standards through style and interpretation. Concerts of high artistic merit which serve the campus community and general public are required. Admission is by audition. Prerequisite: Two semesters of MUEN 4691. (Typically offered: Fall and Spring) May be repeated for up to 2 hours of degree credit.
This course is equivalent to MUEN 1691.
MUEN 4881. Chamber Choir V. 1 Hour.
Continuation of Chamber Choir IV. Study and performance of vocal chamber music. Rehearsal 2 hours per week for 1 hour of credit. Prerequisite: Two semesters of MUEN 4581. (Typically offered: Fall and Spring) May be repeated for up to 2 hours of degree credit.

## MUEN 4891. Women's Chorus V. 1 Hour.

Continuation of Women's Chorus IV. Select performance-based choral ensemble designed to improve individual and collective vocal skills, develop sight-reading skills, improve the individual's grasp of the essential elements of music, and expose students to repertory of the greater treble chorus canon. Admission by audition or director's consent. Prerequisite: Two semesters of MUEN 4591. (Typically offered: Fall and Spring) May be repeated for up to 2 hours of degree credit.

MUEN 4941. Marching Band V. 1 Hour.
Continuation of Marching Band IV. Large ensemble performs at football games. Emphasis on high performance standards and a variety of performing styles. Rehearsal 8 hours per week. Prerequisite: Two semesters of MUEN 4441. (Typically offered: Fall) May be repeated for up to 2 hours of degree credit.

## Music History Courses

MUHS 3503. Jazz History. 3 Hours.
This course includes overviews of major jazz styles, significant musicians, related historical events, and critical approaches in the field of jazz studies. Students will build skills in active listening, transcription, and academic reading and writing while expanding their familiarity with musical techniques and the cultural history of jazz. Prerequisite: MLIT 1013 or MLIT 1013H. (Typically offered: Fall)

MUHS 3703. Music in Western Civilization. 3 Hours.
Introduction to the study of Western music, history, scholarship, and research methods. Analyzes musical monuments as aesthetic objects and considers their relation to such issues as exoticism, politics and religious belief, as well as the status of this canon in the early twenty-first century. Prerequisite: (MLIT 1013 or MLIT 1013H) and MUTH 1603 or instructor's consent. (Typically offered: Fall and Spring)

## MUHS 3713. Topics in Musicology. 3 Hours.

Topics in Western, world, and popular musics. Prerequisite: ((MLIT 1013 or MLIT 1013H) and MUTH 1603) or instructor consent. (Typically offered: Fall and Spring) May be repeated for up to 6 hours of degree credit.

## MUHS 4253. Capstone Project Seminar. 3 Hours.

Develop a project related to a specific area of musical study. Options include musicological research papers, music theoretical analyses, music cognition research projects, performance lecture recitals, and recording projects with a written component. Prerequisite: MUHS 3703 and MUHS 3713. (Typically offered: Fall and Spring)

## MUHS 4253H. Honors Capstone Project Seminar. 3 Hours.

Develop a project related to a specific area of musical study. Options include musicological research papers, music theoretical analyses, music cognition research projects, performance lecture recitals, and recording projects with a written component. Prerequisite: MUHS 3703 and MUHS 3713 and honors standing. (Typically offered: Spring)
This course is equivalent to MUHS 4253

## MUHS 4623. Music History Review. 3 Hours.

Review of the central data and concepts of music history, with emphasis on individual periods as needed by students enrolled. Credit in this course may not count toward the Master of Music or Master of Education degree. (Typically offered: Fall)

## MUHS 4703. Survey of String Literature. 3 Hours.

A survey of solo and chamber music literature involving stringed instruments. Prerequisite: MUAP 110V and MUTH 3613. (Typically offered: Fall Even Years)

MUHS 4733. Survey of Symphonic Literature. 3 Hours.
A survey of the symphonic literature from its beginning to the present. (Typically offered: Fall Odd Years)

MUHS 4763. Survey of Vocal Literature I. 3 Hours.
A survey of concert literature for the solo voice. (Typically offered: Fall Even Years)
MUHS 4773. Survey of Vocal Literature II. 3 Hours.
A survey of concert literature for the solo voice. Prerequisite: MUHS 4763. (Typically offered: Spring Odd Years)

MUHS 4793. Band Literature. 3 Hours.
A study of literature written for performance by concert band, symphonic band, and wind ensemble, representative of the following five periods in Music History: Renaissance (1420-1600), Baroque (1600-1750), Classical (1750-1820), Romantic (1820-1900), and Contemporary (1900-present). (Typically offered: Irregular)

## MUHS 4803. Survey of Keyboard Literature I. 3 Hours.

A survey of the piano works of outstanding composers. Prerequisite: MUAP 110V. (Typically offered: Fall Even Years)

## MUHS 4813. Survey of Keyboard Literature II. 3 Hours.

A survey of the piano works of outstanding composers. Prerequisite: MUHS 4803. (Typically offered: Spring Odd Years)

MUHS 489V. Seminar in Music History. 1-4 Hour.
Subject matter not covered in other courses. With permission, may be repeated for credit if topics are different. (Typically offered: Irregular) May be repeated for degree credit.

## Music Industry Courses

MUIN 2011. Contemporary Commercial Songwriting. 1 Hour.
Introduction to the songwriting craft and profession by studying songwriting techniques, creating original songs, and exploring business aspects of the songwriting component of the music industry. No prior music courses or experience required. Instrumental, vocal, or music technology skills encouraged. (Typically offered: Fall, Spring and Summer)

## MUIN 3213. 21st Century Music Industry. 3 Hours.

An overview of the 21st-century music industry focusing on history, current developments, and foundational concepts. Includes an in-depth examination of the publishing, recording, and live entertainment components of the music industry as well as contemporary entrepreneurial pathways. (Typically offered: Fall and Spring)

MUIN 3313. The Art of Music Production. 3 Hours.
Foundational skills used in creating, editing, mixing, producing recordings using digital production techniques. Topics include properties of sound, tools of the audio trade, philosophy and methodology of recording, and how to manipulate sound in a variety of ways once captured. (Typically offered: Fall and Spring)

## MUIN 3403. Composing for Film and Television. 3 Hours.

Develop the tools needed to create original music for visual media. Focuses on the aesthetics, procedures, and technical aspects of scoring for film and television. Completion of MUTH 3613 Form and 20th Century Techniques or MUTH 3723 Jazz Analysis is recommended. Prerequisite: (MUAC 2112 and MUTH 2603) or instructor consent. (Typically offered: Fall and Spring)

MUIN 405V. Independent Study in Music Industry. 1-3 Hour.
Students will complete a research project, a business or entrepreneurship project, or an artistic project working closely with faculty from multiple music industry disciplines. Prerequisite: MUIN 3213 and Instructor Consent. (Typically offered: Fall and Spring) May be repeated for up to 3 hours of degree credit.

MUIN 4103. Legal Aspects of the Music Industry. 3 Hours.
Presents an in-depth look at the many types of legal agreements and concepts in the music industry commonly utilized by artists, composers, and corporations. Topics include copyright, trademark, recording contracts, management, publishing and licensing. (Typically offered: Fall and Spring)

MUIN 4553. Live Music Business. 3 Hours.
The applied component of the live music business corresponding to the studentrun record label services project in the department of music. Incorporates live music project cycles, digital marketing of live music, booking venues, routing tours, creating showcase events for student-run record label artists. Corequisite: Lab component. (Typically offered: Fall)

## MUIN 4563. Artist Development. 3 Hours.

The applied component of the artist development side of the music department's student-run label services project. Students will work on project cycles involving selecting artists, recording and producing music, organizing music releases and media campaigns, creating online promotional strategies, and mapping the development of musical artists' careers. Corequisite: Lab component. (Typically offered: Spring)

## Music Literature Courses

MLIT 1003. Experiencing Music (ACTS Equivalency = MUSC 1003). 3 Hours. Examines how music reflects and impacts culture while familiarizing students with various musical styles, forms and ideas. Develops listening skills and introduces basic music vocabulary and fundamentals. (Typically offered: Fall, Spring and Summer)

## MLIT 1003H. Honors Experiencing Music. 3 Hours.

Examines how music reflects and impacts culture while familiarizing students with various musical styles, forms and ideas. Develops listening skills and introduces basic music vocabulary and fundamentals. (Typically offered: Fall and Spring) This course is equivalent to MLIT 1003.

MLIT 1013. Music and Society. 3 Hours.
Introduction to academic study of Western art music, jazz, popular music, and world music. Students will gain experience in guided listening and in reading, writing, and critical thinking about musical cultures and their roles in society. Required for music majors. Prerequisite: Music major or music minor or instructor consent. (Typically offered: Spring)

## MLIT 1013H. Honors Music and Society. 3 Hours.

Introduction to academic study of Western art music, jazz, popular music, and world music. Students will gain experience in guided listening and in reading, writing, and critical thinking about musical cultures and their roles in society. Required for music majors. Prerequisite: Music major or music minor and honors standing or instructor consent. (Typically offered: Fall)
This course is equivalent to MLIT 1013.
MLIT 1333. Popular Music. 3 Hours.
Covers the history of popular music during the 20th and 21 st centuries within its social and cultural contexts. Examines the origins, evolution, and stylistic features of prominent popular genres, such as country, rock, blues, hip hop, and soul. (Typically offered: Fall and Spring)

## Music Pedagogy Courses

MUPD 3801. Conducting I. 1 Hour.
A study of the elementary techniques of conducting instrumental and choral groups. Prerequisite: MUTH 2603. (Typically offered: Fall)

MUPD 3811. Conducting II: Instrumental Music. 1 Hour.
Continuation of study of the technique of conducting instrumental music groups. Prerequisite: MUPD 3801. (Typically offered: Spring)

MUPD 3861. Conducting II: Vocal Music. 1 Hour.
Continuation of study of conducting with emphasis on techniques of choral conducting. Prerequisite: MUPD 3801. (Typically offered: Spring)

## MUPD 3871. Reed-Making. 1 Hour.

The making of reeds for oboe, bassoon, or clarinet, including the processing of cane from tubes. (Typically offered: Fall) May be repeated for up to 2 hours of degree credit.

MUPD 3883. Jazz Pedagogy. 3 Hours.
This course will provide future teachers with a sequenced method and resource materials to teach jazz songs, style, and improvisation by ear and from sheet music in instrumental and vocal ensembles. The course will also address ensemble rehearsal techniques and teaching individual students. The teaching content includes a variety of songs from the jazz tradition appropriate for students in middle school, high school, and college, along with tools for assessment of student progress. (Typically offered: Irregular)

## MUPD 477V. Special Topics in Pedagogy. 1-6 Hour.

Subject matter not covered in other sources. With permission, may be repeated for credit if topics are different. (Typically offered: Irregular) May be repeated for degree credit.

## MUPD 481V. Conducting. 1-4 Hour.

Private lessons of $1 / 2$ hour, and one hour conducting laboratory each week. Development of skills in conducting symphony, opera, oratorio, ballet and band repertoire. (Typically offered: Fall and Spring) May be repeated for degree credit.

## MUPD 4863. Piano Pedagogy. 3 Hours.

Analytical study and discussion of the various approaches to piano pedagogy and its application in individual/class instruction. Involves demonstration of principles through actual teaching of beginning, intermediate and upper level students. (Typically offered: Spring Even Years)

## Music Theory Courses

MUTH 1003. Basic Musicianship. 3 Hours.
Introductory-level studies in music theory and aural perception for students not prepared for MUTH 1603 or MUTH 1621. (Typically offered: Fall)
MUTH 1603. Music Theory I. 3 Hours.
A study of diatonic harmonic practice. Includes part-writing and analysis.
Prerequisite: A grade of C or better in MUTH 1003 or instructor consent. (Typically offered: Spring)
MUTH 1621. Aural Perception I. 1 Hour.
Development of aural perception through ear training, sight singing, and keyboard harmony. Meets 2 hours per week. (Typically offered: Spring)
MUTH 1631. Aural Perception II. 1 Hour.
Continued development of aural perception through ear training, sight singing, and keyboard harmony. Meets 2 hours per week. Prerequisite: $A$ grade of $C$ or better in MUTH 1621. (Typically offered: Fall)
MUTH 164V. Composition I. 1-4 Hour.
Private lessons of one-half hour, and one hour of composition laboratory session each week. Development of skills in creative musical expression. Specifically for composition-theory majors. Others admitted by consent. Prerequisite: Music theory or composition major. (Typically offered: Fall and Spring) May be repeated for up to 8 hours of degree credit.

## MUTH 2603. Music Theory II. 3 Hours.

A continuation of MUTH 1603. Also includes chromatic harmony. Prerequisite: A grade of C or better in MUTH 1603. (Typically offered: Fall)

## MUTH 2621. Aural Perception III. 1 Hour.

A continuation of MUTH 1631. Two hours per week, one hour credit. Prerequisite: A grade of C or better in MUTH 1631. (Typically offered: Spring)

## MUTH 2631. Aural Perception IV. 1 Hour.

A continuation of MUTH 2621. Two hours per week, one hour credit. Prerequisite: A grade of C or better in MUTH 2621. (Typically offered: Fall)

## MUTH 264V. Composition II. 1-4 Hour.

Continuation of Composition I. Private lessons of one-half hour, and one hour of composition laboratory session per credit hour each week. Continued development of skills in creative musical expression. Specifically for composition-theory majors. Others admitted by consent. Prerequisite: Two semesters of MUTH 164V with grades of "B" and recommendation of instructor. (Typically offered: Fall and Spring) May be repeated for up to 8 hours of degree credit.

## MUTH 3603. 18th Century Counterpoint. 3 Hours.

A study of 18 th century counterpoint. Writing and analysis of inventions, canons, fugues, etc. Three hours per week. Prerequisite: $A$ grade of $C$ or better in MUTH 2603. (Typically offered: Spring)
MUTH 3613. Form and 20th Century Techniques. 3 Hours.
A study of the harmonic and melodic trends of the 20th century. Three hours per week. Prerequisite: A grade of C or better in MUTH 2603. (Typically offered: Fall)

## MUTH 364V. Composition III. 1-4 Hour.

Continuation of Composition II. Private lessons of one-half hour, and one hour of composition laboratory session per credit hour each week. Continued development of advanced skills in creative musical expression. Specifically for composition-theory majors. Others admitted by consent. Prerequisite: Two semesters of MUTH 264V with grades of $B$ and recommendation of instructor. (Typically offered: Fall and Spring) May be repeated for up to 8 hours of degree credit.

## MUTH 364VH. Honors Composition III. 1-4 Hour.

Continuation of Composition II for honors students. Private lessons of onehalf hour, and one hour of composition laboratory session per credit hour each week. Continued development of advanced skills in creative musical expression. Specifically for honors composition-theory majors. Prerequisite: Two semesters of MUTH 264 V with grades of " B ", recommendation of instructor and honors standing. (Typically offered: Fall and Spring) May be repeated for up to 8 hours of degree credit.
This course is equivalent to MUTH 364 V .

## MUTH 3723. Jazz Analysis. 3 Hours.

This course is an introduction to jazz analysis. Course content will include lead sheet symbols, jazz progressions, lead sheet analysis, improvisation, phrasing and meter, and aural skills. Prerequisite: A grade of C or better in MUTH 2603. (Typically offered: Irregular)

## MUTH 3733. Functional Jazz Piano. 3 Hours.

This course is intended for both jazz pianists and non-pianists and provides methods for common jazz piano voicings. Through practical applications and drills, the students will be familiar with a variety of common voicings techniques, including (but not limited to): 1) "shell" voicing, 2) two-note critical tone voicings (both with roots and rootless), 3) three-note left-hand voicings, and 4) four-part "drop 2" voicings. Also, this course will provide basic techniques for improvisation. Prerequisite: MUTH 1603 and MUTH 1621, both with grades of C or better. (Typically offered: Irregular)

## MUTH 3742. Jazz Arranging. 2 Hours.

This course introduces students to techniques in arranging for small and large jazz ensembles. Students will analyze representative examples of various jazz styles, learn technical features of common jazz instruments, experiment with common approaches to arranging, and write their own arrangements of jazz standards for small ensemble and big band. Prerequisite: MUTH 2603. (Typically offered: Irregular)

## MUTH 4322. Score Reading. 2 Hours.

A conductor's approach to the technique of score reading and analysis of orchestra, band, and choral scores for the purpose of preparing composition for rehearsal and performance. (Typically offered: Fall)

MUTH 4612. Orchestration. 2 Hours.
A continuation of study of the capabilities of the various orchestral and band instruments and their use in arrangement for ensembles, band, and orchestra. Scoring for orchestra. Prerequisite: MUTH 3613. (Typically offered: Spring)

## MUTH 462V. Music Theory Review. 1-3 Hour.

A continuation and intensification of undergraduate music theory. (May not count for credit toward the Master of Music degree.) (Typically offered: Fall)

## MUTH 464V. Composition IV. 1-4 Hour.

Continuation of Composition III. Private lessons of one-half hour and one hour of composition laboratory session per credit hour each week. Continued development of advanced skills in creative musical expression. Specifically for composition-theory majors. Others admitted by consent. Prerequisite: Two semesters of MUTH 364V with grades of "B" and recommendation of instructor. (Typically offered: Fall and Spring) May be repeated for up to 8 hours of degree credit.

## MUTH 4703. Writing Music Analysis. 3 Hours.

Analysis of music with an emphasis on analytical writing skills and the use of library source materials. Prerequisite: MUTH 3603. (Typically offered: Spring)

MUTH 477V. Special Topics in Music Theory. 1-4 Hour.
Subject matter not covered in other courses. Prerequisite: Instructor consent. (Typically offered: Irregular) May be repeated for degree credit.

MUTH 477VH. Honors Special Topics in Music Theory. 1-4 Hour.
Subject matter not covered in other courses. (Typically offered: Irregular) May be repeated for up to 8 hours of degree credit.
This course is equivalent to MUTH 477V.

MUTH 498V. Senior Thesis. 1-18 Hour.
Senior Thesis. (Typically offered: Fall, Spring and Summer)

## Music Courses

MUSC 3923H. Honors Colloquium in Music. 3 Hours.
Covers a special topic or issue offered as part of the honors program. Prerequisite: Honors candidacy (not restricted to candidacy in Music). (Typically offered:
Irregular) May be repeated for up to 9 hours of degree credit.
MUSC 490VH. Honors Essay. 1-6 Hour.
An honors research paper in Music History or literature, Ethnomusicology, Music Theory, or Music Education. Open to seniors in honors. (Typically offered: Irregular)

## Philosophy (PHIL)

Edward Minar

Department Chair
313 Old Main
479-575-8712
phildept@uark.edu
Philosophy Department Website (https://fulbright.uark.edu/departments/ philosophy/)

The Department of Philosophy offers an undergraduate major in philosophy as well as a combined major in philosophy and African and African American studies, both of which lead to a Bachelor of Arts degree. The department also offers a minor in philosophy.

The problems of philosophy include some of the deepest, most interesting, and most challenging questions that the human mind can raise. What is the difference between appearance and reality? What are the sources and limits of human knowledge? Does God exist? What is the origin of evil? Can computers think or have feelings? Do we have freedom of the will? Why be moral, and how is morality related to law? What is the proper scope of governmental authority? What is scientific explanation and why does it work? How does science differ from art? What is truth? What is the meaning of a word?

Philosophy cannot claim to have discovered fully adequate answers either to these questions or to the other questions that fall within its scope, but it has developed fruitful ways of addressing them, and it has found a number of partial answers that are both useful and exciting. Although the department's bent is generally analytic, our course offerings cover a broad range and include every major period in the history of western philosophy and most of the major subfields of contemporary philosophy. Our areas of special concentration are the philosophy of mind, epistemology, and philosophy of religion.

For requirements for advanced degrees in philosophy, see the Graduate School Catalog (http://catalog.uark.edu/graduatecatalog/programsofstudy/ philosophyphil/).

## Requirements for a Major in Philosophy

Students must complete 120 degree credit hours to include the minimum University Core requirements (http://catalog.uark.edu/ undergraduatecatalog/academicregulations/universitycore/), the Fulbright College of Arts and Sciences Graduation Requirements (p. 273), and following course requirements for the major. Bolded courses from the list below may be applied to portions of the University/state minimum core requirements.

Select one of the following:
CLST 1003 Introduction to Classical Studies: Greece

| HIST 1113 | Institutions and Ideas of World Civilizations I (ACTS Equivalency = HIST 1113) |  |
| :---: | :---: | :---: |
| HIST 1123 | Institutions and Ideas of World Civilizations II (ACTS Equivalency = HIST 1123) |  |
| 33 Semester Hours in Philosophy to include: |  |  |
| PHIL 2003 | Introduction to Philosophy (ACTS Equivalency = PHIL 1103) | 3 |
| PHIL 2203 or PHIL 4253 | Logic (ACTS Equivalency $=$ PHIL 1003 $)$ Symbolic Logic I | 3 |
| PHIL 4003 | Ancient Greek Philosophy | 3 |
| PHIL 4033 | Modern Philosophy-17th and 18th Centuries | 3 |
| and |  |  |
| 18 additional hours in PHIL electives |  | 18 |
| and either |  |  |
| PHIL 4983 | Capstone Course for Philosophy Majors | 3 |
| Or a successfully defended honors thesis in philosophy. |  |  |

## Total Hours

Writing Requirement: The writing requirement can be satisfied either by completion of an acceptable thesis or by approval of a research/analytical paper from any 4000-level course in philosophy submitted by the student to the Philosophy Department's Undergraduate Committee.

## Philosophy B.A. <br> Eight-Semester Degree Program

Students wishing to follow the eight-semester degree plan should see the Eight-Semester Degree Policy (p. 67) in the Academic Regulations chapter for university requirements of the program as well as College requirements (p. 273). Core requirement hours may vary by individual, based on placement and previous credit granted. Once all core requirements are met, students may substitute a three-hour (or more) general elective in place of a core area.

| First Year |  | Units |
| :---: | :---: | :---: |

## Total Units in Sequence:

${ }^{1}$ The Fine Arts Elective courses which satisfy General Education Outcome 3.1 include: ARCH 1003, ARHS 1003, COMM 1003, DANC 1003, LARC 1003, MLIT 1003, MLIT 1003H, MLIT 1013, MLIT 1013H, MLIT 1333, THTR 1003, THTR 1013, or THTR 1013H.
2 The Social Sciences Elective courses which satisfy General Education Outcome 3.3 include (choose one not taken yet): AGEC 1103, AGEC 2103, ANTH 1023, COMM 1023, ECON 2013, ECON 2023, ECON 2143, EDST 2003, HDFS 1403, HDFS 2413, HDFS 2603, HIST 1113, HIST 1113H, HIST 1123, HIST 1123H, HIST 2003, HIST 2013, HIST 2093, HUMN 1114H, HUMN 2114H, INST 2013, INST 2813, INST 2813H, PLSC 2003, PLSC 2013, PLSC 2203, PLSC 2813, PLSC 2813H, PSYC 2003, RESM 2853, SOCI 2013, SOCI 2013H, or SOCI 2033.
${ }^{3}$ Meets 40 -hour advanced credit hour requirement. See College Academic Regulations (p. 273).
${ }^{4}$ Meets 24-hour rule (24 hours of 3000-4000 level courses in Fulbright College), in addition to meeting the 40 -hour rule. See College Academic Regulations (p. 273).

## Requirements for a Minor in Philosophy

The minor requires 18 semester hours in philosophy to include PHIL 2203 or PHIL 4253, and either PHIL 4003 or PHIL 4033. A student may earn either a minor or a combined major in philosophy but not both. A student must notify the department of his or her intent to minor.

Requirements for Honors in Philosophy: Both the College and the Departmental Honors Program in Philosophy provide undergraduate students with the opportunity to participate formally in scholarly philosophical activities, and allow for greater maturity in dealing with philosophical ideas through independent study. Admission to the Fulbright Honors Program is open to philosophy majors with a minimum, cumulative grade point average of 3.5 in all of their coursework. Honors candidates must complete a minimum of 12 hours of honors courses, which may include up to 6 hours of thesis. Honors candidates carry out independent study and research under the guidance of the philosophy faculty and participate in special honors classes, seminars, and colloquia. To successfully complete the required thesis, students should choose an honors thesis adviser as early as possible. An adviser should be selected, and an Honors Agreement completed, no later than the first semester in a student's junior year.

Honors candidates must meet the college's requirements for an honors degree. Students graduating with honors typically graduate with the distinction "Philosophy Scholar Cum Laude" at graduation. Higher degree distinctions (magna cum laude, summa cum laude) are awarded by the Honors Council, are recommended only in truly exceptional cases, and are based upon the whole of the candidate's program of honors studies.

## Faculty

Adler, Jacob, Ph.D., A.B. (Harvard University), Associate Professor, 1984, 1991.
Barrett, David A., Ph.D., M.A. (University of Arkansas), B.A. (Hendrix College), Instructor, 2014.
(Princeton University), B.A. (University of Michigan), Instructor, 2018.
Lee, Richard N., Ph.D. (Stanford University), B.A. (Luther College), Associate Professor, 1982, 1988.
McMullen, Amanda, Ph.D. (University of Miami), B.A. (Stetson University), Assistant Professor, 2019.
Minar, Edward H., Ph.D., A.M., A.B. (Harvard University), Professor, 1994, 2013.
Purdy, Ashley, Ph.D. (University of Pittsburgh), B.A. (State University of New York-Binghamton), Visiting Assistant Professor, 2022.
Reece, Bryan, Ph.D. (University of Toronto), M.St. (University of Oxford), M.A. (University of Oklahoma), B.A. (Oklahoma Baptist University), Assistant Professor, 2020.
Senor, Thomas D., Ph.D., M.A. (University of Arizona), B.S. (University of Oregon), Professor, 1989, 2012.
Stevens, Christopher W., Ph.D. (University of Maryland College Park), M.A. (City University of New York-The Graduate Center), B.A. (Humboldt State University), Instructor, 2015.
Ward, Barry M., Ph.D. (Rutgers State University-New Brunswick), M.Sc., B.A.Mod. (Trinity College, Dublin), Professor, 2002, 2022.

## Courses

PHIL 1003. Critical Reasoning: Discovery, Deduction, and Intellectual SelfDefense. 3 Hours.
This is a practical, "hands-on" course in sound reasoning, critical thinking, and the careful evaluation of evidence and argument. The course will utilize a range of realworld sources (television, Internet, magazines, etc.) and will be informed in content and method by the psychology of human judgment. (Typically offered: Irregular)
PHIL 2003. Introduction to Philosophy (ACTS Equivalency = PHIL 1103). 3 Hours.
An examination of such basic philosophical topics as the existence of God, the nature of the human mind, the relationship between appearance and reality, the forms and limits of human knowledge, freedom of the will, and standards of right and wrong. Includes both historical and contemporary readings. (Typically offered: Fall, Spring and Summer)
PHIL 2003C. Introduction to Philosophy. 3 Hours.
An examination of such basic philosophical topics as the existence of God, the nature of the human mind, the relationship between appearance and reality, the forms and limits of human knowledge, freedom of the will, and standards of right and wrong. Includes both historical and contemporary readings. Corequisite: Drill component. (Typically offered: Fall and Spring)
This course is equivalent to PHIL 2003.

## PHIL 2003H. Honors Introduction to Philosophy. 3 Hours.

An examination of such basic philosophical topics as the existence of God, the nature of the human mind, the relationship between appearance and reality, the forms and limits of human knowledge, freedom of the will, and standards of right and wrong. Includes both historical and contemporary readings. (Typically offered: Fall, Spring and Summer)
This course is equivalent to PHIL 2003.
PHIL 2103. Introduction to Ethics (ACTS Equivalency = PHIL 1003). 3 Hours. Basic concepts of moral philosophy, including historical and contemporary literature concerned with such issues as ethical relativism vs. objectivism, duty, happiness, freedom of the will and responsibility, facts and values, individual liberty and society. Application of theories to substantive questions. (Typically offered: Fall, Spring and Summer)

PHIL 2103C. Introduction to Ethics (ACTS Equivalency = PHIL 1003). 3 Hours. Basic concepts of moral philosophy, including historical and contemporary literature concerned with such issues as ethical relativism vs. objectivism, duty, happiness, freedom of the will and responsibility, facts and values, individual liberty and society. Application of theories to substantive questions. Corequisite: Drill component. (Typically offered: Irregular)
This course is equivalent to PHIL 2103.
PHIL 2203. Logic (ACTS Equivalency = PHIL 1003). 3 Hours.
Traditional and modern methods of deductive and inductive inference. (Typically offered: Fall, Spring and Summer)
PHIL 2203C. Logic (ACTS Equivalency = PHIL 1003). 3 Hours.
Traditional and modern methods of deductive and inductive inference. Corequisite: Drill Component. (Typically offered: Fall and Spring)
This course is equivalent to PHIL 2203.

## PHIL 2303. Human Nature and the Meaning of Life. 3 Hours.

Examination of important views on human nature, the meaning of human existence, the value and significance of different human activities and projects, and on what philosophy, religion, art, and literature have to teach us on these topics. Reading may be drawn from a variety of philosophical, literary, and religious writings. (Typically offered: Irregular)

## PHIL 2503. Philosophical Explorations. 3 Hours.

Explores topics in philosophy that are not currently covered in lower-level philosophy courses. (Typically offered: Irregular)

PHIL 3103. Ethics and the Professions. 3 Hours.
After a survey of the standard theories of moral obligation, justice, and rights, the course focuses on specific moral problems that arise within engineering, business, and the professions. (Typically offered: Fall, Spring and Summer)

PHIL 3113. Environmental Ethics. 3 Hours.
The course addresses ethical questions about nature and the natural environment. Topics of discussion include anthropocentric and biocentric ethics, population control, obligations to future generations, animal rights, moral considerability, Leopold's land ethic, deep ecology, and ecofeminism. (Typically offered: Irregular) This course is cross-listed with ENSC 3933.

## PHIL 3123. Bioethics. 3 Hours.

This course examines ethical dilemmas that arise in biological research, medical research, medical practice, and healthcare policy. Topics may include such things as abortion, assisted reproduction, cloning \& genetic engineering, assisted suicide \& voluntary euthanasia, organ donation, research ethics, patient autonomy, and healthcare policy. (Typically offered: Irregular)
PHIL 3203. Philosophy and the Christian Faith. 3 Hours.
This course will deal with philosophical issues that arise in Christian theology. Topics to be discussed may include the doctrines of the Incarnation, the Trinity, Atonement, and Hell, as well as the nature of God and the relationship between faith and reason. (Typically offered: Irregular)

## PHIL 3443. Animal Minds. 3 Hours.

This course explores questions about thinking, consciousness, emotion, and communication in non-human animals; about the differences between human and non-human animals; and about implications for our treatment of animals. (Typically offered: Irregular)
PHIL 390V. Readings. 1-6 Hour.
Readings on topics of research interested or those not typically offered in regular classes, by arrangement with Professor. (Typically offered: Fall, Spring and Summer) May be repeated for up to 12 hours of degree credit.

PHIL 3923H. Honors Colloquium. 3 Hours.
Treats a special topic of issue offered as part of the honors program. Prerequisite: honors candidacy (not restricted to candidacy in philosophy). (Typically offered: Irregular) May be repeated for degree credit.

PHIL 3943. Philosophy and Physics. 3 Hours.
Examination of the metaphysical and epistemological implications of specific physical theories with an emphasis on twentieth-century physics. Topics covered may include the nature of space and time (particularly as described in relativity theory), the nature of the quantum mechanical world, and the temporal asymmetries found in thermodynamics and other areas of physics. (Typically offered: Irregular)

PHIL 399VH. Honors Course. 1-6 Hour.
Honors thesis research and writing under the direction of a faculty member in the department. Prerequisite: Junior standing. (Typically offered: Fall, Spring and Summer) May be repeated for up to 12 hours of degree credit.

## PHIL 4003. Ancient Greek Philosophy. 3 Hours.

Pre-Socratics, Socrates, Plato, and Aristotle. Prerequisite: 3 hours of philosophy. (Typically offered: Fall)

## PHIL 4033. Modern Philosophy-17th and 18th Centuries. 3 Hours.

British and Continental philosophy, including Bacon, Descartes, Spinoza, Leibniz, Hobbes, Locke, Berkeley, Hume, and Kant. (Typically offered: Spring)

## PHIL 4093. Special Topics in Philosophy. 3 Hours.

This course will cover subject matter not covered in regularly offered courses. Course cannot be repeated when the topic is the same as one in which the student is previously enrolled. (Typically offered: Irregular) May be repeated for degree credit.

## PHIL 4093H. Honors Special Topics in Philosophy. 3 Hours.

This course will cover subject matter not covered in regularly offered courses. Course cannot be repeated when the topic is the same as one in which the student is previously enrolled. Prerequisite: Honors standing. (Typically offered: Irregular) May be repeated for degree credit.
This course is equivalent to PHIL 4093.

## PHIL 4103. Modern Jewish Thought. 3 Hours.

A survey of the main trends in Jewish thought from the seventeenth through the nineteenth century. (Typically offered: Irregular)
This course is cross-listed with JWST 4003.

## PHIL 4113. Social and Political Philosophy. 3 Hours.

Selected philosophical theories of society, the state, social justice, and their connections with individuals. (Typically offered: Irregular)

## PHIL 4123. Classical Ethical Theory. 3 Hours.

Study of classical texts in the history of philosophical ethics from Plato to Nietzsche. Philosophers covered may include Plato, Aristotle, Butler, Hume, Kant, and Mill. Prerequisite: 3 hours of philosophy. (Typically offered: Irregular)

## PHIL 4133. Contemporary Ethical Theory. 3 Hours.

A study of contemporary texts in philosophical ethics from G.E. Moore to the present. Philosophers covered may include Moore, Stevenson, Hare, Foot, and Rawls. Prerequisite: 3 hours of philosophy. (Typically offered: Irregular)

## PHIL 4143. Philosophy of Law. 3 Hours.

A philosophical consideration of the nature of law, theory of adjudication, concepts of legal responsibility, liberty and the limits of law, and selected moral-legal issues (abortion, affirmative action, punishment, etc.). (Typically offered: Irregular)

## PHIL 4193. Existentialism. 3 Hours.

Explores texts by major existentialist philosophers including Kierkegaard, Nietzsche, Heidegger, Sartre, and relevant literary works. Topics may include critiques of traditional views of human nature, the self, the meaning of life and existing authentically. (Typically offered: Irregular)
PHIL 4203. Theory of Knowledge. 3 Hours.
An examination of skepticism, the nature and structures of knowledge and epistemic justification, human rationality, and the justification of religious belief. Prerequisite: 3 hours of philosophy. (Typically offered: Irregular)

## PHIL 4213. Philosophy of Science. 3 Hours.

Examination of issues related to scientific explanation, empirical foundations of science, observation and objectivity, nature of laws and theories, realism and instrumentalism, induction and confirmation, models, causation, and simplicity, beginning with historical survey set in the context of the history of science but emphasizing works from the 1930s to the current period, often including issues in recent physics. (Typically offered: Irregular)

PHIL 4233. Philosophy of Language. 3 Hours.
A survey of mainstream philosophical theories of meaning, reference, truth, and logical form. Attention given to the views of such figures as Frege, Russell, Tarski, Searie, Dumett, and the advocates of possible world's semantics. (Typically offered: Irregular)

## PHIL 4253. Symbolic Logic I. 3 Hours.

Rigorous analyses of the concepts of proof, consistency, equivalence, validity, implication, and truth. Full coverage of truth-functional logic and quantification theory (predicate calculus). Discussion of the nature and limits of mechanical procedures (algorithms) for proving theorems in logic and mathematics. Informal accounts of the basic facts about infinite sets. Prerequisite: PHIL 2203 or MATH 2603. (Typically offered: Fall)
This course is cross-listed with MATH 4253.

## PHIL 4303. Philosophy of Religion. 3 Hours.

Types of religious belief and critical examination of their possible validity, including traditional arguments and contemporary questions of meaning. (Typically offered: Irregular)

## PHIL 4313. Contemporary Jewish Thought. 3 Hours.

A survey of trends in Jewish thought in the twentieth and twenty-first centuries, focusing on the ways in which Jewish thinkers have responded to the events affecting Jews and the conditions of Jewish life from approximately 1900 to the present. (Typically offered: Irregular)
This course is cross-listed with JWST 4013.

## PHIL 4323. Philosophy of Race and Gender. 3 Hours.

Examines the metaphysical, ethical, aesthetic, political, and legal dimensions of race and gender. Topics include theories of race and gender, Latinx feminism, the ethics of racist humor and removing historical monuments, misogyny and misandry, transgender and nonbinary identities, and the role of self-interpretation in sexual orientation. (Typically offered: Irregular)

## PHIL 4333. Feminist Philosophy. 3 Hours.

Explores feminist contributions in traditional philosophical areas such as ethics, political philosophy, and epistemology. Topics include feminist analyses of the family, pornography, sexual harassment, violence against women, and race relations; and ways different schools of feminist thought describe women's oppression, its causes, and resistance to it. (Typically offered: Irregular)

## PHIL 4403. Philosophy of Art. 3 Hours.

Varieties of truth and value in the arts and aesthetic experience, focusing on the creative process in the art and in other human activities. (Typically offered: Spring)

## PHIL 4423. Philosophy of Mind. 3 Hours.

An examination of such topics such as the relationship between mind and body, the mentality of machines, knowledge of other minds, the nature of psychological explanation, the relationships between psychology and the other sciences, mental representation, the nature of the self, and free will and determinism. (Typically offered: Irregular)

## PHIL 4433. Philosophy of Psychology. 3 Hours.

Explores philosophical issues concerning the domain, foundations and methodology of psychology, and the relation of psychological explanations to other scientific and philosophical investigations of the mind. Topics include cognitive architecture and the evolution of minds, extended or embodied cognition, perception and introspection, consciousness and attention, social cognition, thought and language. (Typically offered: Irregular)
This course is cross-listed with PSYC 4433.

## PHIL 4603. Metaphysics. 3 Hours.

Theory and critical analysis of such basic metaphysical problems as mind and body, universals and particulars, space and time, determinism and free will, self-identity and individualism, with emphasis on contemporary perspectives. Prerequisite: 3 hours of philosophy. (Typically offered: Irregular)

PHIL 4983. Capstone Course for Philosophy Majors. 3 Hours.
An undergraduate seminar to be taken in the student's final spring semester. The content will vary with the instructor. The objective is for the student to sharpen his or her philosophical skills by, e.g., writing short papers, giving class presentations, and writing a substantial final essay. Prerequisite: 21 hours of philosophy. (Typically offered: Spring)

## Physics (PHYS)

William Oliver
Chair of the Department
226 Physics Building
479-575-7932
physics@uark.edu
Department of Physics Website (https://fulbright.uark.edu/departments/ physics/)

The Department of Physics offers two undergraduate majors, one leading to a Bachelor of Science degree in physics and a second leading to a Bachelor of Arts degree in physics.

Physicists ask questions and try to find answers to almost everything. If you have wondered about rainbows, thunderstorms, why stars shine, the colors of beetles, why curve balls curve, how the universe began, or how quarks and leptons interact - if you like to explore and figure out why things are the way they are - you might want to become a physicist.

The Bachelor of Science degree program is designed for students interested in professional employment or who want to pursue graduate work in physics or closely related fields such as astronomy, engineering, laser technology, or computational science. It offers the option of one of seven concentrations.

The Bachelor of Arts degree program provides a broad background in the physics and technology of today and tomorrow. Training in physics provides students with a unique background, the usefulness of which transcends the boundaries of the professional disciplines.

In our increasingly technological society, scientific literacy is ever more important for the successful employee. Physics, the most fundamental science, gives students the fascination of studying the deepest principles of the universe while preparing them for a wide range of practical employment.

For information on advanced degrees in physics, see the Graduate School Catalog (http://catalog.uark.edu/graduatecatalog/programsofstudy/ physicsphys/).

## Requirement for B.S. Degree with a Major in Physics

University and College Requirements for a Bachelor of Science in Physics: In addition to the Fulbright College of Arts and Sciences Graduation Requirements (see under Degree Completion Program Policy), the following course requirements must be met. Bolded courses from the course list below may be applied to portions of the University/ state minimum core (http://catalog.uark.edu/undergraduatecatalog/ academicregulations/universitycore/)requirements.

| University/State Minimum Core |  |  |
| :--- | :--- | :--- |
| Students must complete the following: |  |  |
| PHYS 2054 | University Physics I (ACTS Equivalency = <br> PHYS 2034) | 45 |
| PHYS 2074 | University Physics II (ACTS Equivalency = <br> PHYS 2044 Lecture) | 4 |
| PHYS 2094 | University Physics III | 4 |
| PHYS 3453 | Electromagnetic Theory I | 3 |
| PHYS 3613 | Modern Physics | 3 |
| PHYS 4073 | Introduction to Quantum Mechanics | 3 |
| PHYS 4991 | Physics Senior Seminar 1 | 3 |
| Mathematics Courses: | 1 |  |
| MATH 2554 | Calculus I (ACTS Equivalency = MATH 2405) | 4 |
| MATH 2564 | Calculus II (ACTS Equivalency = MATH 2505) | 4 |
| MATH 2574 | Calculus III (ACTS Equivalency = MATH 2603) | 4 |
| MATH 2584 | Elementary Differential Equations | 4 |
| MATH 3083 | Linear Algebra ${ }^{2}$ | 4 |

## Additional Science

At least 8 hours of other science chosen from:
CHEM 1103 University Chemistry I (ACTS Equivalency = \& CHEM 1101LCHEM 1414 Lecture) and University Chemistry I Laboratory (ACTS Equivalency = CHEM 1414 Lab)
CHEM 1123 University Chemistry II (ACTS Equivalency = \& CHEM 1121LCHEM 1424 Lecture) and University Chemistry II Laboratory (ACTS Equivalency = CHEM 1424 Lab)
CSCE 2004 Programming Foundations I
CSCE 2014 Programming Foundations II
BIOL 1543 Principles of Biology (ACTS Equivalency $=$ BIOL
\& BIOL 1541L 1014 Lecture)
and Principles of Biology Laboratory (ACTS Equivalency = BIOL 1014 Lab)
BIOL 1584 Biology for Majors (ACTS Equivalency = BIOL 1014 Lecture)
GEOS 1113 Physical Geology (ACTS Equivalency = GEOL
\& GEOS 1111L1114 Lecture)
and Physical Geology Laboratory (ACTS
Equivalency = GEOL 1114 Lab)
GEOS 1133 Earth Science (ACTS Equivalency = GEOL 1124
\& GEOS 1131LLecture)
and Earth Science Laboratory (ACTS Equivalency = GEOL 1124 Lab)
Concentration Requirements
16-24

Physics B.S. majors must complete all the requirements for one of seven available concentration areas. All concentrations consist of 16 credit hours with the exception of the Geophysics concentration, which requires 24.
University Residency Requirement Electives (See Degree Completion 1 Program Policy)
General Electives 11-19

Total Hours
1 Majors must propose participation in a research experience project no later than the end of their junior year of study. A written report of the results must be submitted during Senior Seminar (PHYS 4991).
${ }^{2}$ CSCE 3513, CSCE 4423, MEEG 2703, or GEOS 4223 can be substituted for MATH 3083 with the adviser's approval.

## Astronomy Concentration

| PHYS $3544 \quad$ Optics | 4 |
| :--- | :---: | :---: |
| 6 semester hours of ASTR courses numbered 3000 or above | 6 |
| (ASTR 4033, ASTR 4043, ASTR 4073, ASTR 4083) |  |
| 6 additional hours numbered 3000 and above in physics or astronomy | 6 |
| Total Hours | $\mathbf{1 6}$ |

Writing Requirement: Students majoring in physics may satisfy the Fulbright College writing requirement by means of a senior thesis (PHYS 498 V ), an honors thesis submitted in fulfillment of the requirements of the honors program (), or by means of a paper submitted as part of PHYS 4991 or any physics or astronomy course numbered 3000 or above. Students electing the last route must obtain approval of the instructor during the first three weeks of the semester. The research/ analytical paper should demonstrate competency in the use of word processing software and also at least one computer analytical tool such as a spreadsheet, mathematical or graphics program, or an original program written by the student.

Assessment of Student Learning: In accordance with state, University, and college requirements, all students must have learning assessed before graduation. Students majoring in physics will be assessed in the course PHYS 4991, which must be taken in the year prior to graduation.

## Physics B.S. with Astronomy Concentration Eight-Semester Degree Program

Students wishing to follow the eight-semester degree plan should see the Eight-Semester Degree Policy (p. 67) in the Academic Regulations chapter for university requirements of the program as well as Fulbright College requirements.

University/state minimum core requirements may vary by individual, based on placement and previous credit granted. Once all core requirements are met, students may substitute with general electives. Students should consult with their academic advisor.

| First Year | Fall | Units <br> Spring |

        & GEOS 1111L1114 Lecture)
        and Physical Geology Laboratory (ACTS
        Equivalency = GEOL 1114 Lab)
        GEOS 1133 Earth Science (ACTS Equivalency = GEOL 1124
        & GEOS 1131LLecture)
        and Earth Science Laboratory (ACTS Equivalency
        = GEOL 1124 Lab)
```

Concentration Requirements

Physics B.S. majors must complete all the requirements for one of seven available concentration areas. All concentrations consist of 16 credit hours with the exception of the Geophysics concentration, which requires 24.
University Residency Requirement Electives (See Degree Completion 1 Program Policy)
General Electives
11-19

## Total Hours

1 Majors must propose participation in a research experience project no later than the end of their junior year of study. A written report of the results must be submitted during Senior Seminar (PHYS 4991).
${ }^{2}$ CSCE 3513, CSCE 4423, MEEG 2703, or GEOS 4223 can be substituted for MATH 3083 with the adviser's approval.

## Electronics Concentration

| PHYS 3213 | Electronics in Experimental Physics (also fulfills <br> Junior Laboratory requirement) | 3 |
| :--- | :--- | ---: |
| PHYS 4333 | Thermal Physics |  |

Total Hours 16

Writing Requirement: Students majoring in physics may satisfy the Fulbright College writing requirement by means of a senior thesis (PHYS 498V), an honors thesis submitted in fulfillment of the requirements of the honors program (), or by means of a paper submitted as part of PHYS 4991 or any physics or astronomy course numbered 3000 or above. Students electing the last route must obtain approval of the instructor during the first three weeks of the semester. The research/ analytical paper should demonstrate competency in the use of word
processing software and also at least one computer analytical tool such as a spreadsheet, mathematical or graphics program, or an original program written by the student.

Assessment of Student Learning: In accordance with state, University, and college requirements, all students must have learning assessed before graduation. Students majoring in physics will be assessed in the course PHYS 4991, which must be taken in the year prior to graduation.

## Physics B.S. with Electronics Concentration Eight-Semester Degree Program

Students wishing to follow the eight-semester degree plan should see the Eight-Semester Degree Policy (p. 67) in the Academic Regulations chapter for university requirements of the program as well as Fulbright College requirements.

University/state minimum core requirements may vary by individual, based on placement and previous credit granted. Once all core requirements are met, students may substitute with general electives. Students should consult with their academic advisors.

| First Year | Units |  |

CLST 1003, CLST 1003H, CLST 1013, HUMN 1124H, PHIL 2003, PHIL 2003C, PHIL 2003H, PHIL 2103, or PHIL 2103 C.

4 The Social Sciences Elective courses which satisfy General Education Outcomes 3.3 and 4.1 include: ANTH 1023, COMM 1023, HDFS 1403, HDFS 2413, HIST 1113, HIST 1113H, HIST 1123, HIST 1123H, HIST 2093, HUMN 1114H, HUMN 2114H, INST 2013, INST 2813, INST 2813H, PLSC 2013, PLSC 2813, PLSC 2813H, RESM 2853, SOCI 2013, SOCI 2013H, or SOCI 2033.
5 The Social Sciences Elective courses which satisfy General Education Outcome 3.3 include: AGEC 1103, AGEC 2103, ANTH 1023, COMM 1023, ECON 2013, ECON 2023, ECON 2143, EDST 2003, HDFS 1403, HDFS 2413, HDFS 2603, HIST 1113, HIST 1113H, HIST 1123, HIST 1123H, HIST 2003, HIST 2013, HIST 2093, HUMN 1114H, HUMN 2114H, INST 2013, INST 2813, INST 2813H, PLSC 2003, PLSC 2013, PLSC 2203, PLSC 2813, PLSC 2813H, PSYC 2003, RESM 2853, SOCI 2013, SOCI 2013H, or SOCI 2033.
6 Meets 40-hour advanced credit hour requirement. See College Academic Regulations.
7 Meets 24-hour rule (24 hours of 3000-4000 level courses in Fulbright College), in addition to meeting the 40-hour rule. See College Academic Regulations.
8 Any PHYS or ASTR classes numbered 3000 or above.

## Requirement for B.S. Degree with a Major in Physics

University and College Requirements for a Bachelor of Science in Physics: In addition to the Fulbright College of Arts and Sciences Graduation Requirements (see under Degree Completion Program Policy), the following course requirements must be met. Bolded courses from the course list below may be applied to portions of the University/ state minimum core (http://catalog.uark.edu/undergraduatecatalog/ academicregulations/universitycore/)requirements.

| University/State Minimum Core | 35 |
| :--- | :--- |
| Students must complete the following: |  |

Students must complete the following:

| PHYS 2054 | University Physics I (ACTS Equivalency = <br> PHYS 2034) | $\mathbf{4}$ |
| :--- | :--- | :--- |
| PHYS 2074 | University Physics II (ACTS Equivalency = <br> PHYS 2044 Lecture) | $\mathbf{4}$ |
| PHYS 2094 | University Physics III | 4 |
| PHYS 3453 | Electromagnetic Theory I | 3 |
| PHYS 3613 | Modern Physics | 3 |
| PHYS 4073 | Introduction to Quantum Mechanics | 3 |
| PHYS 4991 | Physics Senior Seminar ${ }^{1}$ | 1 |

Mathematics Courses:
MATH 2554 Calculus I (ACTS Equivalency = MATH 2405) 4

MATH 2564 Calculus II (ACTS Equivalency = MATH 2505) 4
MATH 2574 Calculus III (ACTS Equivalency = MATH 2603) 4
MATH 2584 Elementary Differential Equations 4
MATH 3083 Linear Algebra ${ }^{2} 3$

## Additional Science

At least 8 hours of other science chosen from: 8
CHEM 1103 University Chemistry I (ACTS Equivalency =
\& CHEM 1101LCHEM 1414 Lecture)
and University Chemistry I Laboratory (ACTS
Equivalency = CHEM 1414 Lab)

| CHEM 1123 <br> \& CHEM 1121L | University Chemistry II (ACTS Equivalency = LCHEM 1424 Lecture) <br> and University Chemistry II Laboratory (ACTS Equivalency $=$ CHEM 1424 Lab) |
| :---: | :---: |
| CSCE 2004 | Programming Foundations I |
| CSCE 2014 | Programming Foundations II |
| BIOL 1543 <br> \& BIOL 1541L | ```Principles of Biology (ACTS Equivalency = BIOL 1014 Lecture) and Principles of Biology Laboratory (ACTS Equivalency = BIOL 1014 Lab)``` |
| BIOL 1584 | $\begin{aligned} & \text { Biology for Majors (ACTS Equivalency = BIOL } \\ & 1014 \text { Lecture) } \end{aligned}$ |
| GEOS 1113 <br> \& GEOS 1111L | $\begin{aligned} & \text { Physical Geology (ACTS Equivalency = GEOL } \\ & \text { L1114 Lecture) } \\ & \text { and Physical Geology Laboratory (ACTS } \\ & \text { Equivalency = GEOL } 1114 \text { Lab) } \end{aligned}$ |
| GEOS 1133 <br> \& GEOS 1131L | ```Earth Science (ACTS Equivalency = GEOL 1124 Lecture) and Earth Science Laboratory (ACTS Equivalency = GEOL 1124 Lab)``` |

Concentration Requirements
Physics B.S. majors must complete all the requirements for one of seven available concentration areas. All concentrations consist of 16 credit hours with the exception of the Geophysics concentration, which requires 24.
University Residency Requirement Electives (See Degree Completion 1
Program Policy)
General Electives $\quad 11-19$

Total Hours
1 Majors must propose participation in a research experience project no later than the end of their junior year of study. A written report of the results must be submitted during Senior Seminar (PHYS 4991).
${ }^{2}$ CSCE 3513, CSCE 4423, MEEG 2703, or GEOS 4223 can be substituted for MATH 3083 with the adviser's approval.

## Geophysics Concentration

| PHYS 3113 | Analytical Mechanics |
| :--- | :--- |
| GEOS 1113 | Physical Geology (ACTS Equivalency = GEOL <br> \& GEOS 1111L |
|  | 1114 Lecture) <br> and Physical Geology Laboratory (ACTS <br> Equivalency = GEOL 1114 Lab) |
| GEOS 2313 | Mineralogy |
| GEOS 3413 | Sedimentary Geology |
| GEOS 3514 | Structural Geology |
| GEOS 4223 | Stratigraphy and Sedimentation |
| GEOS 4924 | Earth System History (ACTS Equivalency = PHSC <br> 1104) |
| Completion of GEOG 3383 Principles of Landscape Evolution <br> and GEOL 4666 Geology Field Camp in addition to the stated <br> requirements for a physics-geophysics major will enable a student to <br> complete the requirements for a double major in physics and geology. |  |

## Total Hours

24
requirements of the honors program (), or by means of a paper submitted as part of PHYS 4991 or any physics or astronomy course numbered 3000 or above. Students electing the last route must obtain approval of the instructor during the first three weeks of the semester. The research/ analytical paper should demonstrate competency in the use of word processing software and also at least one computer analytical tool such as a spreadsheet, mathematical or graphics program, or an original program written by the student.

Assessment of Student Learning: In accordance with state, University, and college requirements, all students must have learning assessed before graduation. Students majoring in physics will be assessed in the course PHYS 4991, which must be taken in the year prior to graduation.

## Physics B.S. Geophysics Concentration Eight-Semester Degree Program

Students wishing to follow the eight-semester degree plan should see the Eight-Semester Degree Policy in the Academic Regulations chapter for university requirements of the program as well as Fulbright College requirements.

Core requirement hours may vary by individual, based on placement and previous credit granted. Once all core requirements are met, students may substitute a three-hour (or more) general elective in place of a core area. Students should consult their advisers.

15

| Fourth Year | Units <br> Spring |  |
| :--- | ---: | ---: |
| PHYS 4073 Introduction to Quantum Mechanics | 3 |  |
| Any PHYS or ASTR course numbered 3000 or <br> higher | 3 |  |
| General Electives | 9 |  |
| PHYS 4991 Physics Senior Seminar (Satisfies |  | 1 |

General Education Outcomes 1.2 and 6.1)
Any PHYS or ASTR course numbered 3000 or higher (if needed). Otherwise, take General Electives.
General Electives 11
Year Total: 15

## Total Units in Sequence:

120
${ }^{1}$ Students have demonstrated successful completion of the learning indicators identified for learning outcome 2.1, by meeting the prerequisites for MATH 2554.
${ }^{2}$ The Fine Arts Elective courses which satisfy General Education Outcome 3.1 include: ARCH 1003, ARHS 1003, COMM 1003, DANC 1003, LARC 1003, MLIT 1003, MLIT 1003H, MLIT 1013, MLIT 1013H, MLIT 1333, THTR 1003, THTR 1013, or THTR 1013H.
${ }^{3}$ The Humanities Elective courses which satisfy General Education Outcomes 3.2 and 5.1 include: CLST 1003, CLST 1003H, CLST 1013, HUMN 1124H, PHIL 2003, PHIL 2003C, PHIL 2003H, PHIL 2103, or PHIL 2103C.
${ }^{4}$ The Social Sciences Elective courses which satisfy General Education Outcomes 3.3 and 4.1 include: ANTH 1023, COMM 1023, HDFS 1403, HDFS 2413, HIST 1113, HIST 1113H, HIST 1123, HIST 1123H, HIST 2093, HUMN 1114H, HUMN 2114H, INST 2013, INST 2813, INST 2813H, PLSC 2013, PLSC 2813, PLSC 2813H, RESM 2853, SOCI 2013, SOCI 2013H, or SOCI 2033.
${ }^{5}$ The Social Sciences Elective courses which satisfy General Education Outcome 3.3 include: AGEC 1103, AGEC 2103, ANTH 1023, COMM 1023, ECON 2013, ECON 2023, ECON 2143, EDST 2003, HDFS 1403, HDFS 2413, HDFS 2603, HIST 1113, HIST 1113H, HIST 1123, HIST 1123H, HIST 2003, HIST 2013, HIST 2093, HUMN 1114H, HUMN 2114H, INST 2013, INST 2813, INST 2813H, PLSC 2003, PLSC 2013, PLSC 2203, PLSC 2813, PLSC 2813H, PSYC 2003, RESM 2853, SOCI 2013, SOCI 2013H, or SOCI 2033.

## Requirements for a B.A. Degree with a Major in Physics:

This track is for students desiring a broader program in the arts, sciences, and social sciences while majoring in physics. This program is recommended for pre-medical, journalism, pre-business, pre-law and other students planning careers in fields for which a physics education would be beneficial. For B.A. students seeking teaching licensure, see the Teacher Licensure Requirements below. This program requires a total of 120 semester hours. The student must present 24 semester hours in physics or astronomy, including:

| PHYS 2013 <br> \& PHYS 2011L | ```College Physics I (ACTS Equivalency = PHYS 2014 Lecture) and College Physics I Laboratory (ACTS Equivalency = PHYS 2014 Lab)``` | 4 |
| :---: | :---: | :---: |
| PHYS 2033 <br> \& PHYS 2031L | ```College Physics II (ACTS Equivalency = PHYS 2024 Lecture) and College Physics II Laboratory (ACTS Equivalency = PHYS 2024 Lab)``` | 4 |
| PHYS 3603 <br> \& PHYS 360VL | Introduction to Modern Physics and Introduction to Modern Physics Laboratory | 4-6 |
| PHYS 4991 | Physics Senior Seminar | 1 |

1 Eleven semester hours chosen from any physics or astronomy 11 courses at the 3000 level or above.
3 The student must also present:

MATH 1284C | Precalculus Mathematics (ACTS Equivalency $=$ | 4 |
| :--- | :--- |
| MATH 1305) |  |

or MATH 1203 College Algebra (ACTS Equivalency = MATH 1103)
or MATH 1213 Plane Trigonometry (ACTS Equivalency = MATH 1203)

MATH $2554 \quad$ Calculus I (ACTS Equivalency $=$ MATH 2405) 4
or MATH 2043 Survey of Calculus (ACTS Equivalency = MATH 2203)
and two additional courses at the 2000 level or above in mathematics 6-8 or statistics

An additional 9 semester hours at the 3000-level or above must be taken from a single special emphasis area chosen with the adviser's approval. The special emphasis area may be chosen in any single degree-granting department at the University of Arkansas. For B.A. students seeking teacher licensure, the special emphasis area may involve courses from more than one degree-granting department at the University of Arkansas with the approval of their adviser.

## Total Hours

Writing Requirement: Students majoring in physics may satisfy the Fulbright College writing requirement by means of a senior thesis (PHYS 498 V ), an honors thesis submitted in fulfillment of the requirements of the honors program (), or by means of a paper submitted as part of PHYS 4991 or any physics or astronomy course numbered 3000 or above. Students electing the last route must obtain approval of the instructor during the first three weeks of the semester. The research/ analytical paper should demonstrate competency in the use of word processing software and also at least one computer analytical tool such as a spreadsheet, mathematical or graphics program, or an original program written by the student.

Assessment of Student Learning: In accordance with state, University, and college requirements, all students must have learning assessed before graduation. Students majoring in physics will be assessed in the course PHYS 4991, which must be taken in the year prior to graduation.

## Physics B.A. <br> Eight-Semester Degree Program

Students wishing to follow the eight-semester degree plan should see the Eight-Semester Degree Policy (p. 67) in the Academic Regulations chapter for university requirements of the program as well as the Fulbright College requirements. Core requirement hours may vary by individual, based on placement and previous credit granted. Once all core requirements are met, students may substitute a three-hour (or more) general elective in place of a core area.

The Physics B.A. program includes requirements for a special emphasis area. In this case, journalism was used as an example. Journalism courses indicated below are recommended by the Department of Journalism as the foundation needed for science reporting. It is recommended that the free electives be chosen in a second science, or in journalism.

| First Year | Fall | Units <br> Spring |
| :--- | ---: | ---: |
| ENGL 1013 Composition I (ACTS Equivalency = |  |  |
| ENGL 1013) <br> Select one of the following: <br> JOUR 1023 Media and Society (required for <br> journalism sequence) | 3 |  |
| $\quad$General Elective | 3 |  |
| MATH 1203 College Algebra (ACTS Equivalency = <br> MATH 1103) <br> or MATH 1284C Precalculus Mathematics (ACTS | $3-4$ |  |
| Equivalency = MATH 1305) <br> University/State Core Fine Arts or Humanities or <br> US History requirement <br> General Elective | 3 | 3 |
| ENGL 1023 Composition II (ACTS Equivalency $=$ <br> ENGL 1023) | 3 | 3 |

| PHYS 360VL Introduction to Modern Physics |  | 1-3 |
| :---: | :---: | :---: |
| Laboratory |  |  |
| PHYS/ASTR Group A ${ }^{1,2}$ |  | 3 |
| Select one of the following: |  | 3 |
| JOUR 3013 Editing ${ }^{\text {1,2,3 }}$ |  |  |
| Other Special Emphasis Area ${ }^{4}$ |  |  |
| 3000+ Advanced Level Elective ${ }^{1}$ |  | 3 |
| General Electives |  | 6 |
| Year Total: | 15 | 16 |
| Fourth Year |  | Units |
|  | Fall | Spring |
| PHYS/ASTR Group ${ }^{1,2}$ | 2-4 |  |
| PHYS/ASTR Group A ${ }^{1,2}$ | 3-4 |  |
| Fulbright College 3000+ Elective (as needed) ${ }^{1,2}$ | 3 |  |
| Advanced level elective ${ }^{1}$ | 6 |  |
| PHYS 4203 (or other PHYS/ASTR Group A) ${ }^{1,2}$ |  | 3 |
| PHYS 4991 Physics Senior Seminar ${ }^{1,2}$ |  | 1 |
| 3000+ Advanced level elective (as needed) or General Elective ${ }^{1}$ |  | 3 |
| General Electives (as needed to total 120 degree credits) |  | 6 |
| Year Total: | 14 | 13 |

## Total Units in Sequence:

| 1 | Meets 40-hour advanced credit hour requirement. See College <br> Academic Regulations. |
| :--- | :--- |
| 2 | Meets 24-hour rule (24 hours of 3000-4000 level courses in <br> Fulbright College), in addition to meeting the 40-hour rule. See |
| 4 | College Academic Regulations. <br> Required for journalism emphasis. |
| Additional 9 semester hours at 3000 level or above from a |  |
| single emphasis area chosen with adviser approval. This |  |
| requirement is automatically fulfilled by the bold-faced upper- |  |
| level journalism courses. |  |
| Eleven semester hours chosen from: Any PHYS or ASTR |  |
| classes numbered 3000 or above. |  |

Requirements for a Minor in Physics: Students wishing to obtain a minor in physics must take either:

Select one of the following:
8
Plus at least seven additional hours of physics courses numbered
3000 or above. 3000 or above.

Total Hours
A student must notify the department of his or her intent to minor.
Requirements for Departmental Honors in Physics: The Departmental Honors Program in Physics provides upper-division undergraduate students with an opportunity to formally participate in scholarly physics activities. Honors candidates carry out independent study and research under the guidance of the physics faculty and participate in special honors classes, seminars, and colloquia. Outstanding student achievement will be recognized by awarding the distinction "Physics Scholar Cum Laude" at graduation. Higher degree distinctions are recommended only in truly exceptional cases and are based upon the whole of the candidate's program of honors studies. In addition to satisfying the general college requirements for the bachelor's degree with honors, an honors candidate in physics must

1. Become a candidate no later than the first semester of the junior year of study,
2. Enroll in honors sections of physics courses when available,
3. Complete a minimum of 12 hours of honors coursework to include: Six hours of honors research PHYS 399VH and Three hours of physics honors colloquium PHYS 3923H,
4. Complete and orally defend an honors thesis based upon the project carried out in PHYS 399VH,
5. Achieve a cumulative grade-point average of 3.125 in physics, and
6. Maintain a 3.50 grade-point average overall.

## Physics Teacher Licensure Requirements:

Students interested in pursuing a minor in STEM Education or Secondary Teacher Licensure in mathematics, biology, chemistry, physics, or computer science at the undergraduate level should consult with a STEM Education faculty adviser, teach@uark.edu. Another option to obtain secondary teacher licensure is to complete the one-year Master of Arts in Teaching (http://catalog.uark.edu/undergraduatecatalog/ collegesandschools/jwilliamfulbrightcollegeofartsandsciences/ mathematicalsciencesmasc/graduatecatalog/programsofstudy/ teachereducation/).

## Faculty

Barraza-Lopez, Salvador, Ph.D. (University of Illinois-UrbanaChampaign), B.S. (Instituto Politecnico Nacional de Mexico), Associate Professor, 2011, 2016.
Bellaiche, Laurent, Ph.D., M.S., B.S. (University of Paris VI, France), Distinguished Professor, 1999, 2016.
Churchill, Hugh O.H., Ph.D., A.M. (Harvard University), B.A. (Oberlin College), B.M. (Oberlin Conservatory of Music), Associate Professor, 2015, 2021.
Fu, Huaxiang, Ph.D., M.S. (Fudan University), B.S. (University of Science and Technology of China), Professor, 2002, 2017.
Gea-Banacloche, Julio R., Ph.D. (University of New Mexico), Licenciado en Ciencias Fisicas (Universidad Autonoma de Madrid), Professor, 1989, 2000.

Harter, William G., Ph.D. (University of California-Irvine), B.S. (Hiram College), Professor, 1986.
Hu, Jin, Ph.D. (Tulane University), B.S. (University of Science and Technology of China), Assistant Professor, 2017.
Joffe Minor, Tacy Marie, Ph.D. (Northwestern University), M.A., B.S. (University of Arkansas), Teaching Assistant Professor, 2011, 2018.

Kennefick, Daniel John, Ph.D., M.A. (California Institute of Technology), B.S. (University College Cork, Ireland), Professor, 2003, 2021.

Kennefick, Julia Dusk, Ph.D. (California Institute of Technology), B.S. (University of Arkansas), Associate Professor, 2003, 2014.
Kumar, Pradeep, Ph.D. (Boston University), M.Sc. (Indian Institute of Technology, Mumbai, India), Associate Professor, 2013, 2019.
Leftwich, Matthew, Ph.D., M.S. and B.S. (University of Arkansas), M.B.A. (Webster University), Research Professor, 2021.
Lehmer, Bret Darby, Ph.D. (Pennsylvania State University), B.S.
(University of lowa), Associate Professor, 2015, 2021.
Li, Jiali, Ph.D., M.S. (The City College of the City University of New York), M.S. (University of Science and Technology of China), B.S. (Hei Long Jiang University), Professor, 2002, 2016.
Manasreh, Bothina H., Ph.D., M.Sc. (University of Jordan), Research Assistant Professor, 2017.
Nakamura, Hiroyuki, Ph.D., M.S., B.S. (University of Tokyo), Assistant Professor, 2019.
Oliver, William, Ph.D., M.S. (University of Colorado-Boulder), B.S. (University of Arizona), Associate Professor, 1992, 1998.
Prosandeev, Sergey, Ph.D., M.S. (Rostov State University), Research Professor, 2005, 2016.
Salamo, Gregory J., Ph.D. (City University of New York), M.S. (Indiana University-Purdue University-Indianapolis), B.S. (City University of New York, Brooklyn College), Distinguished Professor, 1975, 2005.
Shew, Woodrow L., Ph.D. (University of Maryland-College Park), B.A. (College of Wooster), Associate Professor, 2012, 2017.
Singh, Surendra P., Ph.D., M.A. (University of Rochester), M.Sc., B.Sc. (Banaras Hindu University, India), University Professor, 1982, 2016.
Skinner, Stephen R., M.S., B.S. (University of Arkansas), Instructor, 1998.

Snyder, Tamara D., M.S. (University of Arkansas), B.S. (University of California-Los Angeles), Teaching Assistant Professor, 2004.
Thibado, Paul M., Ph.D. (University of Pennsylvania), B.S. (San Diego State University), Professor, 1996, 2005.
Vyas, Reeta, Ph.D. (State University of New York at Buffalo), M.S., B.S. (Banaras Hindu University), Professor, 1984, 2002.
Wang, Yong, Ph.D., M.S. (University of California, Los Angeles), B.S. (University of Science and Technology of China), Assistant Professor, 2016.

Xiao, Min, Ph.D. (University of Texas at Austin), B.S. (Nanjing University), Distinguished Professor, 1990, 2004.

## Astronomy Courses

ASTR 2001L. Survey of the Universe Laboratory (ACTS Equivalency = PHSC 1204 Lab). 1 Hour.
Daytime and nighttime observing with telescopes and indoor exercises on selected
topics. Pre- or Corequisite: ASTR 2003. (Typically offered: Fall, Spring and Summer)

## ASTR 2001M. Honors Survey of the Universe Laboratory. 1 Hour.

An introduction to the content and fundamental properties of the cosmos. Topics include planets and other objects of the solar system, the sun, normal stars and interstellar medium, birth and death of stars, neutron stars, and black holes. Pre- or Corequisite: ASTR 2003 or ASTR 2003H. (Typically offered: Fall)
This course is equivalent to ASTR 2001L.
ASTR 2003. Survey of the Universe (ACTS Equivalency = PHSC 1204 Lecture). 3 Hours.
An introduction to the content and fundamental properties of the cosmos. Topics include planets and other objects of the solar system, the Sun, normal stars and interstellar medium, birth and death of stars, neutron stars, pulsars, black holes, the Galaxy, clusters of galaxies, and cosmology. Corequisite: ASTR 2001L or ASTR 2001M. (Typically offered: Fall, Spring and Summer)

ASTR 2003H. Honors Survey of the Universe. 3 Hours.
An introduction to the content and fundamental properties of the cosmos. Topics include planets and other objects of the solar system, the Sun, normal stars and interstellar medium, birth and death of stars, neutron stars, pulsars, black holes, the Galaxy, clusters of galaxies, and cosmology. Corequisite: ASTR 2001M. (Typically offered: Fall)
This course is equivalent to ASTR 2003.
ASTR 4033. Astrophysics I: Stars and Planetary Systems. 3 Hours.
An introduction to astrophysics covering stellar structure and evolution, the properties of the solar system, and extrasolar planetary systems. Prerequisite: PHYS 3613 or CHEM 3504. (Typically offered: Fall Odd Years)

ASTR 4043. Astrophysics II: Galaxies and the Large-Scale Universe. 3 Hours. An introduction to astrophysics covering the interstellar medium, the Milky Way galaxy, extragalactic astronomy, and introduction to cosmology. Prerequisite: ASTR 4033. (Typically offered: Spring Even Years)

ASTR 4073. Cosmology. 3 Hours.
An introduction to modern Big Bang cosmology. The course covers the origin, evolution, and structure of the Universe, based on the Theory of Relativity. Prerequisite: PHYS 3613 or CHEM 3504. (Typically offered: Spring Odd Years)
ASTR 4083. Data Analysis and Computing in Astronomy. 3 Hours.
Study of the statistical analysis of large data sets that are prevalent in the physical sciences with an emphasis on astronomical data and problems. Includes computational lab 1 hour per week. Corequisite: Lab component. Prerequisite: PHYS 3613. (Typically offered: Fall Even Years)

## Physics Courses

PHYS 1021L. Physics and Human Affairs Laboratory. 1 Hour.
Laboratory 2 hours per week. Pre- or Corequisite: PHYS 1023. (Typically offered: Fall, Spring and Summer)

PHYS 1021M. Honors Physics and Human Affairs Laboratory. 1 Hour.
Laboratory 2 hours per week. Pre- or Corequisite: PHYS 1023H. (Typically offered: Fall, Spring and Summer)
This course is equivalent to PHYS 1021L.

## PHYS 1023. Physics and Human Affairs. 3 Hours.

The great ideas of physics, together with their philosophical and social impact. Scientific topics include cosmology, relativity, quantum mechanics. Philosophical and social topics include methods and values of science, problems related to energy sources, and implications of modern weapons. Non-mathematical. Designed for non-science majors. Along with PHYS 1021L, can be used to satisfy a 4-year physical science requirement for a B.A. degree. Students who have received credit in PHYS 2013 and PHYS 2033, or PHYS 2054 and PHYS 2074 cannot also receive degree credit in this course. Corequisite: PHYS 1021L. (Typically offered: Fall, Spring and Summer)

## PHYS 1023H. Honors Physics and Human Affairs. 3 Hours.

The great ideas of physics, together with their philosophical and social impact. Scientific topics include cosmology, relativity, quantum mechanics. Philosophical and social topics include methods and values of science, problems related to energy sources, and implications of modern weapons. Non-mathematical. Designed for non-science majors. Along with PHYS 1021L, can be used to satisfy a 4-year physical science requirement for a B.A. degree. Students who have received credit in PHYS 2013 and PHYS 2033, or PHYS 2054 and PHYS 2074 cannot also receive degree credit in this course. Corequisite: PHYS 1021M. (Typically offered: Fall, Spring and Summer)
This course is equivalent to PHYS 1023.

PHYS 1034. Physics for Elementary Education Majors. 4 Hours.
For elementary education majors. Physical science concepts based on state frameworks are explored in a mixed lecture/lab environment. The inquiry-based lab activities can be transferable for school classroom use. Topics covered include: scientific inquiry, motion and forces, conservation of energy, heat, light, electricity and simple circuits, and magnetism. Prerequisite: Elementary education major. Corequisite: Lab component. (Typically offered: Spring)

PHYS 1044. Physics for Architects I. 4 Hours.
Algebra-based physics covering forces and motion with emphasis on architectural structural support systems such as beams, cables, columns, and trusses. Topics include physical concepts such as linear motion, position, velocity, acceleration, forces, free-body diagrams, rotational motion, torque, center of gravity, impulse, oscillations, equilibrium, stability, balance, stress, strain, and material strength. Corequisite: Lab component. Prerequisite: Major in architecture or interior design or agricultural education communication \& technology. (Typically offered: Fall)

## PHYS 1054. Physics for Architects II. 4 Hours.

Algebra-based physics covering thermal materials, fluid flow, acoustics, electricity, and optics with emphasis on architectural design. Topics include physical concepts such as potential and thermal energy, heat pumps, water pressure, fluid dynamics, sound waves, loudness, electrical systems, direct and alternating current, series and parallel circuits, optical instruments, reflection, and refraction. Corequisite: Lab component. Prerequisite: Major in architecture or interior design or agricultural education communication \& technology. (Typically offered: Spring)

PHYS 2011L. College Physics I Laboratory (ACTS Equivalency = PHYS 2014 Lab). 1 Hour.
Laboratory 2 hours per week. Corequisite: PHYS 2013. (Typically offered: Fall and Summer)

PHYS 2013. College Physics I (ACTS Equivalency = PHYS 2014 Lecture). 3 Hours.
A non-calculus survey of the principles of physics including mechanics, heat and sound. Lecture 3 hours per week and drill 1 hour per week. Corequisite: Drill component and PHYS 2011L. Prerequisite: (MATH 1203 and MATH 1213) or (MATH 1284C or MATH 2043 or MATH 2554) or a score of at least 26 on the math component of the ACT exam, or a score of at least 600 on the math component of the old SAT, or 620 on the math component of the new SAT. (Typically offered: Fall and Summer)

PHYS 2031L. College Physics II Laboratory (ACTS Equivalency = PHYS 2024 Lab). 1 Hour.
Laboratory 2 hours per week. Corequisite: PHYS 2033. (Typically offered: Summer)
PHYS 2033. College Physics II (ACTS Equivalency = PHYS 2024 Lecture). 3 Hours.

Continuation of PHYS 2013. Topics include electricity and magnetism, light, relativity, quantum mechanics, atomic and nuclear structure. Lecture 3 hours, drill 1 hour per week. Corequisite: Drill component and PHYS 2031L. Prerequisite: PHYS 2013 or PHYS 2054 or PHYS 2054H. (Typically offered: Spring and Summer)

PHYS 2054. University Physics I (ACTS Equivalency = PHYS 2034). 4 Hours.
Introduction to the principles of mechanics, wave motion, temperature and heat, with calculus. Lecture three hours per week and practicum two hours a week (included in lab component). Corequisite: Lab component. Prerequisite: MATH 2554. (Typically offered: Fall, Spring and Summer)

## PHYS 2054H. Honors University Physics I. 4 Hours.

Introduction to the principles of mechanics, wave motion, temperature and heat, with calculus. Lecture three hours per week and practicum two hours a week (included in lab component). Corequisite: Lab component. Prerequisite: MATH 2554. (Typically offered: Fall, Spring and Summer)

This course is equivalent to PHYS 2054.

PHYS 2074. University Physics II (ACTS Equivalency = PHYS 2044 Lecture). 4 Hours.
Continuation of PHYS 2054. Topics covered include electricity, magnetism, light and geometric optics. Lecture three hours per week and practicum two hours per week. Corequisite: Lab component. Prerequisite: PHYS 2054 and MATH 2564. (Typically offered: Fall, Spring and Summer)

## PHYS 2074H. Honors University Physics II. 4 Hours.

Continuation of PHYS 2054H. Topics covered include electricity, magnetism, light and geometric optics. Lecture three hours per week and practicum two hours per week. Corequisite: Lab component. Prerequisite: (PHYS 2054 or PHYS 2054H) and MATH 2564. (Typically offered: Spring)

This course is equivalent to PHYS 2074.
PHYS 2094. University Physics III. 4 Hours.
A continuation of PHYS 2054 and PHYS 2074. Topics include waves, physical optics, thermodynamics, kinetic theory, and an introduction to quantum mechanics Lecture 3 hours per week and practicum 2 hours per week (included in lab component). Pre- or Corequisite: MATH 2574. Corequisite: Lab component. Prerequisite: PHYS 2074. (Typically offered: Fall)

## PHYS 306V. Projects. 1-3 Hour.

Individual experimental or theoretical research problems for advanced undergraduates. Prerequisite: Instructor consent. (Typically offered: Irregular) May be repeated for up to 3 hours of degree credit.

PHYS 3113. Analytical Mechanics. 3 Hours.
Newton's laws of motion applied to particles, systems of particles, and rigid bodies. Introduction to Hamilton's and Lagrange's equations. Pre- or Corequisite: MATH 2584. (Typically offered: Fall)

PHYS 3213. Electronics in Experimental Physics. 3 Hours.
DC \& AC electronics, semiconductors, operational amplifiers, and digital logic circuits with lab applications in experimental physics. Corequisite: Lab component. Prerequisite: PHYS 2094 or instructor consent. (Typically offered: Spring Odd Years)

PHYS 3273. Inquiry and Modeling in Science Education. 3 Hours.
Study of science practices with emphasis on modeling and inquiry for learning/ teaching. Includes practical, philosophical, cognitive, and disciplinary specific dimensions of doing science in academic and nonacademic settings. Includes planning and implementing multiple scientific inquiries, engaging in reflective practices, writing and presenting scientific information. Safety and ethical issues are included. Corequisite: Drill component. Prerequisite: 8 hours of PHYS courses. (Typically offered: Fall)
This course is cross-listed with CHEM 3273, BIOL 3273.

## PHYS 3453. Electromagnetic Theory I. 3 Hours

Basics of Electromagnetic Theory, focusing on statics and introducing Maxwell's equations. Topics covered are: vector calculus and the solution of partial differential equations by separation of variables, electrostatics, dielectric media, electric currents, magnetic fields, magnetic properties of matter, electromagnetic induction, force and energy in electrodynamics, and Maxwell's equations. Pre- or Corequisite: MATH 2584. Prerequisite: MATH 2574 and PHYS 2074. (Typically offered: Spring)

PHYS 3463. Electromagnetic Theory II. 3 Hours.
Basics of Electromagnetic Theory, focusing on dynamical aspects. Topics to be covered include: Time-varying electric and magnetic fields including propagation of electromagnetic plane waves in vacuum and in matter, reflection, refraction, and guided wave propagation, radiation from point charges and dipoles, and relativity and the relativistic formulation of electrodynamics. Prerequisite: PHYS 3453. (Typically offered: Fall)

PHYS 3544. Optics. 4 Hours.
Elements of geometrical, physical, and quantum optics. Lecture 3 hours, laboratory 2 hours. Corequisite: Lab component. Prerequisite: PHYS 2074 and MATH 2564. (Typically offered: Fall)

## PHYS 3603. Introduction to Modern Physics. 3 Hours.

An introduction to the basic ideas of 20th century physics, with an emphasis on those that form the foundations of modern technology: quantum theory and its application to atomic, nuclear, optical and condensed matter physics. No credit is given toward a B.S. degree in physics. Prerequisite: PHYS 2033 and MATH 2043 or MATH 2554. (Typically offered: Fall)

PHYS 360VL. Introduction to Modern Physics Laboratory. 1-3 Hour.
Experiments illustrating the development and concepts of modern physics. No credit given toward a B.S. major in physics. Prerequisite: PHYS 3603. (Typically offered:

## Fall)

PHYS 3613. Modern Physics. 3 Hours.
Introduction to special relativity, statistical physics, quantum physics, and a survey of molecules, solids, and statistical physics. Prerequisite: PHYS 2074. (Typically offered: Fall, Spring and Summer)

PHYS 361VL. Modern Physics Laboratory. 1-3 Hour.
Advanced experiments, projects, and techniques in atomic, nuclear, and solid state physics. Pre- or corequisite: PHYS 3613. (Typically offered: Fall) May be repeated for up to 3 hours of degree credit.

## PHYS 3923H. Honors Colloquium. 3 Hours.

Covers a special topic or issue, offered as part of the honors program. No more than 3 hours may be offered toward fulfillment of the requirements for the B.S. or B.A. degree in Physics. Prerequisite: Honors candidacy (not restricted to candidacy in physics). (Typically offered: Spring) May be repeated for degree credit.
PHYS 399VH. Honors. 1-6 Hour.
Independent study for physics students enrolled in the honors program. Prerequisite: Junior standing. (Typically offered: Fall, Spring and Summer) May be repeated for up to 6 hours of degree credit.

PHYS 4073. Introduction to Quantum Mechanics. 3 Hours.
A survey of quantum mechanics from the wave mechanical point of view including the application of quantum mechanics to the simple harmonic oscillator, angular momentum, and the hydrogen atom. Required course for B.S. Physics majors. Prerequisite: PHYS 3613, MATH 2574, and MATH 2584. (Typically offered: Fall)
PHYS 4083. Advanced Quantum Mechanics. 3 Hours.
Advanced topics in introductory quantum mechanics including identical particles, approximation methods; time-independent perturbations theory, variational principle, time-dependent perturbations theory, and scattering. Prerequisite: PHYS 4073, MATH 2574, and MATH 2584. (Typically offered: Spring)

## PHYS 4113. Physics in Perspective. 3 Hours.

Human implications of physics, including life's place in the universe, the methods of science, human sense perceptions, energy utilization, social impacts of technology, and the effect of physics on modern world views. Prerequisite: PHYS 3613. (Typically offered: Irregular)

## PHYS 4213. Physics of Devices. 3 Hours.

Principles of physics applied in a selection of technologically important devices in areas including computing, communications, medical imaging, lasers, and energy utilization. Students will utilize technical journals. Prerequisite: PHYS 3613. (Typically offered: Irregular)

## PHYS 4333. Thermal Physics. 3 Hours.

Equilibrium thermodynamics, statistical physics, and kinetic energy. Prerequisite: PHYS 3613. (Typically offered: Spring)

PHYS 4613. Introduction to Biophysics and Biophysical Techniques. 3 Hours. Origins of biophysics, biological polymers and polymer physics, properties of DNA and proteins, techniques to study DNA and proteins, biological membrane and ion channels, biological energy, experimental techniques to study single DNA and proteins. Two experiments are included: (1) DNA Gel electrophoresis; (2) Measurement of double-stranded DNA melting point. Prerequisite: PHYS 3613 or consent. (Typically offered: Spring)

PHYS 4653. Subatomic Physics. 3 Hours.
Nuclear structure and nuclear reactions. Nature and properties of elementary particles and resonances, their interactions and decays. Phenomenological theory and discussion of experimental evidence. Prerequisite: PHYS 3613. (Typically offered: Fall Odd Years)

## PHYS 4713. Solid State Physics. 3 Hours.

Crystal structure, diffraction and symmetry. Lattice vibrations, elasticity and optical properties. Electronic structure, band theory, transport and magnetism. Course emphasizes applications and current topics in semiconductors, optics and magnetism. Pre- or Corequisite: PHYS 4073. (Typically offered: Spring Even Years)
PHYS 4734. Introduction to Laser Physics. 4 Hours.
A combined lecture/laboratory course covering the theory of laser operation, laser resonators, propagation of laser beams, specific lasers such as gas, solid state, semiconductor and chemical lasers, and laser applications. Prerequisite: PHYS 3544. (Typically offered: Spring)

PHYS 4773. Introduction to Optical Properties of Materials. 3 Hours.
A course covering crystal symmetry optical transmission and absorption, light scattering (Raman and Brillouin) optical constants, carrier mobility, and polarization effects in semi-conductors, quantum wells, insulators, and other optically important materials. Prerequisite: PHYS 3544. (Typically offered: Spring)
PHYS 498V. Senior Thesis. 1-6 Hour.
Senior Thesis. (Typically offered: Fall, Spring and Summer)

## PHYS 4991. Physics Senior Seminar. 1 Hour.

Student mastery of the principles of physics are assessed by means of a research paper, a presentation on the research topic, and a reflection essay over coursework completed as part of the physics degree. A quantitative assessment examination will also be administered. Satisfies the Fulbright College writing requirement. (Typically offered: Fall, Spring and Summer)

## Political Science (PLSC)

William D. Schreckhise
Department Chair
428 Old Main
479-575-3356
Email: schreckw@uark.edu
Department of Political Science Website (http://fulbright.uark.edu/ departments/political-science/)

The Department of Political Science offers a major leading to a Bachelor of Arts degree, three combined majors, also leading to Bachelor of Arts degrees, and two minors, one in legal studies and a second interdisciplinary minor in urban planning. Political science is the traditional undergraduate degree choice for those considering law school. It is also ideal preparation for a career in government service, including internationally-oriented paths like the foreign service, intelligence, and foreign aid/development agencies, and domestic political careers like consulting, research, polling, and policy/campaign staff.

For requirements for the M.A. degree in political science, the M.P.A degree, or the dual J.D./M.A. and J.D./M.P.A. degrees, see the Graduate School Catalog.

University and College Requirements for a Bachelor of Arts in Political Science: In addition to the state minimum core (p. 81) and the Fulbright College of Arts and Sciences Graduation Requirements (see under Degree Completion Program Policy), the following course requirements must be met.

| State minimum co |  | 35 |
| :---: | :---: | :---: |
| PLSC 2003 | American National Government (ACTS Equivalency = PLSC 2003) | 3 |
| PLSC 2013 | Introduction to Comparative Politics | 3 |
| PLSC 2813 <br> or PLSC 3103 | Introduction to International Relations and Global Studies <br> Public Administration | 3 |
| 18 credit hours in 3000-level or high PLSC 300V, PLS | political science (PLSC) courses numbered her. No more than 9 credit hours may come from C 394V, PLSC 498V, or PLSC 499VH. | 8 |

| Total Hours |  | 120 |
| ${ }^{1}$ Students pursuing Requirement A must complete a different Humanities state minimum core (p. 81) course in addition to the Intermediate I level course of a world language, which otherwise would normally count toward this requirement. <br> ${ }^{2}$ Students pursuing Requirement B must complete a different Humanities state minimum core (p. 81) course in addition to either PHIL 2003 or PHIL 2203, which otherwise would normally count toward this requirement. |  |  |
|  |  |  |

Writing Requirement: The college writing requirement is fulfilled by submitting an acceptable research/analytical paper to the department for approval at least four weeks prior to graduation. The paper may be derived from completion of an honors essay (PLSC 499VH), a senior thesis (PLSC 498V), or some other advanced course in political science. The student is urged to consult with his or her faculty adviser no later than early in the first semester of the senior year.

Students wishing to follow the eight-semester degree plan should see the Eight-Semester Degree Policy (p. 67) in the Academic Regulations
chapter for university requirements of the program as well as Fulbright College requirements.

State minimum core (p. 81) requirements may vary by individual, based on placement and previous credit granted. Once all core requirements are met, students may substitute with general electives. Students should consult with their academic adviser.

|  |  |  |

THTR 1013H, WLIT 1113, WLIT 1123, or intermediate-level world language (usually 2003-level).

## Requirements for the Combined Major in Journalism and Political Science

All university students must fulfill the minimum University Core requirements (http://catalog.uark.edu/undergraduatecatalog/ academicregulations/universitycore/). A minimum of 72 hours in nonjournalism courses must be applied toward the 120 hours required by the college for a Bachelor of Arts degree. Bolded courses from the list below may be applied to portions of the University Core requirements.

Select one of the following: 3

| MATH 2043 | ```Survey of Calculus (ACTS Equivalency = MATH 2203)``` |
| :---: | :---: |
| MATH 2053 | Finite Mathematics |
| MATH 2183 | Mathematical Reasoning in a Quantitative World |
| or Higher Level MATH |  |
| STAT 2303 | ```Principles of Statistics (ACTS Equivalency = MATH 2103)``` |
| Intermediate I (course number 2003) of a World Language ${ }^{1}$ |  |
| Select one of the following: |  |
| WLIT 1113 | World Literature: Beginnings to 1650 CE (ACTS Equivalency = ENGL 2113) |
| WLIT 1123 | World Literature: 1650CE to Present (ACTS Equivalency = ENGL 2123) |
| An Advanced Literature Course |  |
| A Language Literature Course |  |
| Select one of the following: |  |

PHIL 2003 Introduction to Philosophy (ACTS Equivalency $=$ PHIL 1103)
PHIL 2103 Introduction to Ethics (ACTS Equivalency = PHIL 1003)
Any Philosophy Course at the 3000-level or higher (recommended: PHIL 3103 Ethics and the Professions)

| PLSC 2003 | American National Government (ACTS |
| :--- | :--- | :--- |
|  | Equivalency = PLSC 2003) |

A second PLSC course (the following are recommended options): 3
PLSC 2813 Introduction to International Relations and Global Studies
PLSC 3233 The American Congress
PLSC 4233 The American Chief Executive
ECON 2143 Basic Economics: Theory and Practice 3-6
or ECON 2013 Principles of Macroeconomics (ACTS Equivalency
\& ECON 2023 = ECON 2103) and Principles of Microeconomics (ACTS Equivalency = ECON 2203)
COMM $1313 \quad$ Public Speaking (ACTS Equivalency $=$ SPCH 3 1003)

3000-4000 Level HIST Course * 3
3 hours of cultural/diversity studies to be selected from the following 3 or as approved by the School of Journalism and Strategic Media. Select one of the following:

ANTH 4533 Middle East Cultures
COMM 4343 Intercultural Communication

| HIST 3233 | African American History to 1877 * |
| :--- | :--- |
| HIST 3243 | African American History Since 1877 |
| HIST 3263 | History of the American Indian * |
| SCWK 3193 | Human Diversity and Social Work |
| JOUR 3263 | African Americans in Film ** |
| JOUR 4923 | History of the Black Press ** |
| SOCI 3193 | Race, Class, Gender, and Sexuality |

Other cultural/diversity-related topics as approved by the School of Journalism and Strategic Media

1 The number of credit hours taken to complete this level of proficiency depends on placement level in the language course sequence.

* A cultural/diversity-approved HIST course is allowed to also satisfy the major's 3000-4000 level HIST course requirement.
** A cultural/diversity-approved JOUR course is also allowed to satisfy a JOUR elective.

## Political Science Requirements

The political science requirement for the combined major may be satisfied by 24 semester hours of courses, including PLSC 2003, PLSC 2013, PLSC 4373, and either an additional 15 hours of advanced political science courses elected entirely from American political affairs courses:

## American Political Affairs

| PLSC 3103 | Public Administration | 3 |
| :--- | :--- | ---: |
| PLSC 4153 | Public Policy | 3 |
| PLSC 3223 | Arkansas Politics and the Nation | 3 |
| PLSC 3233 | The American Congress | 3 |
| PLSC 3243 | The Judicial Process | 3 |
| PLSC 3253 | Urban Politics | 3 |
| PLSC 3603 | Scope and Methods of Political Science | 3 |
| PLSC 3853 | American Foreign Policy | 3 |
| PLSC 3923H | Honors Colloquium | 3 |
| PLSC 394V | Readings in Political Science | $1-3$ |
| PLSC 3983 | Politics in Literature | 3 |
| PLSC 4193 | Administrative Law | 3 |
| PLSC 4203 | American Political Parties | 3 |
| PLSC 4213 | Campaigns and Elections | 3 |
| PLSC 4253 | The U.S. Constitution I | 3 |
| PLSC 4283 | Federalism and Intergovernmental Relations | 3 |

Or an additional 15 hours of advanced political science courses elected entirely from foreign affairs courses:

## Foreign Affairs

| PLSC 3503 | Governments and Politics of East Asia | 3 |
| :--- | :--- | :--- |
| PLSC 3523 | Politics of the Middle East | 3 |
| PLSC 3573 | Governments and Politics of Latin America | 3 |
| PLSC 3603 | Scope and Methods of Political Science | 3 |
| PLSC 3803 | International Organization | 3 |
| PLSC 3813 | International Law | 3 |
| PLSC 3823 | Theories of International Relations | 3 |
| PLSC 3853 | American Foreign Policy | 3 |
| PLSC 3923H | Honors Colloquium | 3 |

| PLSC 394V | Readings in Political Science | $1-3$ |
| :--- | :--- | ---: |
| PLSC 4513 | Creating Democracies | 3 |
| PLSC 4563 | Government and Politics of Russia | 3 |
| PLSC 4573 | Gender and Politics | 3 |
| PLSC 4593 | Islam and Politics | 3 |
| PLSC 4803 | Foreign Policy Analysis | 3 |
| PLSC 4843 | The Middle East in World Affairs | 3 |

## Journalism Requirements

The journalism requirement may be satisfied by a minimum of 24 semester hours of JOUR courses, including JOUR 1023, JOUR 1033, and JOUR 3633. The remaining hours are filled from the following options.

All majors and minors must complete the Grammar, Spelling and Punctuation (GSP) requirement as a prerequisite or co-requisite to JOUR 1033 Media Writing by completing one of these two options: 1) Pass JOUR 1003 Journalistic Writing Skills with a grade of $C$ or better; or 2) Pass JOUR 1100 Grammar Spelling Punctuation Requirement with a Satisfactory (S) grade by scoring a $75 \%$ or better on the GSP test that is administered through the class. Once you officially declare a Journalism major or minor, you will obtain access to the GSP Blackboard course for Option 2. Students who do not complete both the GSP requirement and JOUR 1033 with a C or better cannot enroll in any courses for which JOUR 1033 is a prerequisite. The GSP test is only administered a certain number of times each semester. Students must request a GSP test time a minimum of two weeks before they plan to take the test. There is no guarantee that GSP testing slots will be open when desired, so students must schedule well in advance.

Those wishing to emphasize Political Advertising and Promotion take the following courses:

## Advertising/Public Relations Concentration, Political Advertising and Promotion Track:

| ADPR 3723 | Advertising Principles | 3 |
| :---: | :---: | :---: |
| ADPR 3743 | Public Relations Principles | 3 |
| JOUR 4043 | Government and the Media | 3 |
| Six hours of Advanced Journalism Courses. |  | 6 |
| Students should check course prerequisites. |  |  |
| Those wishing to pursue the Public Affairs Reporting track can choose from either news/editorial or broadcast concentration: |  |  |
| Broadcast Concentration, Public Affairs Reporting Track: |  |  |
| JOUR 2032 <br> \& JOUR 2031L | Broadcast News Reporting I and Broadcast News Reporting I Laboratory | 3 |
| JOUR 3072 <br> \& JOUR 3071L | Broadcast News Reporting II and Broadcast News Reporting II Laboratory | 3 |
| JOUR 4043 | Government and the Media | 3 |
| JOUR 4863 | Television News Reporting I | 3 |
| JOUR 4873 | Television News Reporting II | 3 |

## News/Editorial Concentration, Public Affairs Reporting Track:

| JOUR 2013 | News Reporting I | 3 |
| :--- | :--- | :--- |
| JOUR 3013 | Editing | 3 |
| JOUR 3023 | News Reporting II | 3 |
| or JOUR 4503 | Magazine Writing |  |

JOUR $4043 \quad 3$
One additional Journalism course
Journalism/Political Science B.A.
Eight-Semester Degree Program
Students wishing to follow the eight-semester degree plan should see
the Eight-Semester Degree Policy (p. 67) for university requirements of
the program. Core requirement hours may vary by individual, based on
placement and previous credit granted. Once all core requirements are
met, students may substitute a three-hour (or more) general elective in
place of a core area.

PLSC course from selected concentration or PLSC 3
4373 Political Communication (as needed) ${ }^{\dagger \ddagger}$
3 JOUR course from selected concentration or $\dagger \ddagger$ JOUR 3633 Media Law(as needed) ${ }^{\dagger \ddagger}$
3 General Electives (1 hour of non-JOUR electives might be needed to reach a minimum of 72 hours of non-JOUR coursework required by the major) Year Total:

## Combined Major

Political Science and Journalism: The combined major in political science and journalism is recommended for those students who have a strong interest in the reporting of public affairs as a career. For requirements, please refer to the combined major in Journalism and

Political Science (p. ). Students should consult with their adviser in each department.

## Minor in Political Science

A total of 18 credit hours in PLSC courses to include PLSC 2003 and PLSC 2013, with at least 9 credit hours numbered 3000 or above. Students should consult with the political science advisor in Fulbright College for the selection of appropriate courses

## Minor in Legal Studies

This minor introduces undergraduate students to the study and application of law by taking law-related courses in a number of disciplines. It provides a focus for students who are interested in the law, whose careers will require a measure of legal knowledge, or for those considering entering law school.

Requirements for a Minor in Legal Studies: 15 credit hours from the following:

| AGEC 3503 | Agricultural Law I | 3 |
| :--- | :--- | :--- |
| BLAW 3033 | Commercial Law | 3 |
| CRIM 2043 | Sociology of Criminal Law | 3 |
| CRIM 3503 | Criminal Procedures | 3 |
| CRIM 3513 | Criminal Evidence | 3 |
| COMM 4113 | Legal Communication | 3 |
| FDSC 3202 | Introduction to Food Law | 2 |
| JOUR 3633 | Media Law | 3 |
| OMGT 4313 | Law and Ethics | 3 |
| PHIL 4143 | Philosophy of Law | 3 |
| PLSC 3203 | Introduction to Legal Studies | 3 |
| PLSC 3213 | The South and the Law: Race, Gender, and | 3 |
|  | Citizenship | 3 |
| PLSC 3243 | The Judicial Process | 3 |
| PLSC 3813 | International Law | 3 |
| PLSC 4193 | Administrative Law | 3 |
| PLSC 4253 | The U.S. Constitution I | 3 |

Students should consult with their adviser each semester.

The departments of Landscape Architecture and Political Science collaboratively offer an interdisciplinary minor in Urban and Regional Planning.

## Requirements for Urban and Regional Planning Minor

A student who is interested in the Urban and Regional Planning minor should notify either the Departments of Landscape Architecture or Political Science and consult with their academic advisor. The minor consists of 18 hours of required and elective courses and subdivided into three tiers: core courses, tier-one electives and tier-two electives. The minor's required and elective courses include:

## Required Core Courses:

| PLSC 4103 | Introduction to Urban Planning | 3 |
| :--- | :--- | ---: |
| LARC 5493 | Environmental Land Use Planning | 3 |
| Tier-One Electives |  | $\mathbf{6 - 1 2}$ |

Select 6-12 hours from the following:
LARC-approved design studio focused on planning (may only
count once)
LARC Advocacy Module focused on planning
ANTH 5113

| PLSC 4173 | Anthropology of the City |
| :--- | :--- |
| PLSC 390V | Special Topics |
| HDFS 4603 | Environmental Sociology |
| GEOS 4073 | Urban Geography |
| PLSC 3253 | Urban Politics |
| LARC 4753 | Incremental Sprawl Repair |
| LARC 402 V | Special Studies |
| SOCI 3153 | Urban Sociology |

Tier-Two Electives (up to six hours of electives may come from 0-6 the following options)

| LARC 4033 | Landscape Architecture Theory |
| :--- | :--- |
| GEOS 3043 | Sustaining Earth |
| GEOS 4393 | American Public Lands \& Policy |
| GEOS 4693 | Environmental Justice |
| LARC 5053 | Historic Landscape Preservation |
| ANTH 4443 | Cultural Resource Management I |
| ANTH 4603 |  |
| ENSC 3223 | Ecosystems Assessment |
| ENSC 3221L | Ecosystems Assessment Laboratory |
| ENSC 3933 | Environmental Ethics |
| ENSC 3413 | Principles of Environmental Economics |
| PLSC 4283 | Federalism and Intergovernmental Relations |
| ARCH 5493 | History of Urban Form |
| SCMT 3443 | DELIVER: Transportation and Distribution |
|  | Management |

## Total Hours

18
Requirements for Graduation with Honors in Political Science: Both the College and the Departmental Honors Program in Political Science provide undergraduate students the opportunity to participate in directed independent study and scholarly activity. Admission to the Fulbright Honors Program is open to Political Science majors with a minimum cumulative grade point average of 3.5 in all their coursework. Honors candidates must complete at least 12 hours of honors courses, which includes 6 hours of PLSC 499VH Honors Essay.

Honors candidates carry out independent study and research under the guidance of political science faculty and participate in special honors classes and colloquia. To successfully complete the required thesis, students should choose an honors thesis adviser as early as possible. An adviser should be selected and an Honors Agreement completed no later than the first semester in a student's junior year.

Honors candidates must meet the College's requirements for an honors degree. Students graduating with honors typically graduate with the distinction cum laude. Higher degree distinctions (magna cum laude, summa cum laude) are awarded by the Honors Council, are recommended only in truly exceptional cases, and are based on the whole of the candidate's program of honors studies.

Political Science (B.A.) Social Studies Teaching Licensure
Requirements:

Please refer to the Secondary Education Requirements (p. 276) for Fulbright College Students.

Students wanting to teach social studies in middle school should consult with a middle level adviser in the College of Education and Health Professions.

## Faculty

Adam, Thomas, Ph.D., M.A. (University of Leipzig), Professor, 2020, 2022.

Ayala, Jose Transito, M.A., B.A. (University of Arkansas), Lecturer, 2021.

Baptist, Najja K., Ph.D. (Howard University), M.A. (Jackson State University), B.A. (North Carolina Central University), Assistant Professor, 2020.

Barkat, Sophia, Ph.D., M.A. (Northern Arizona University), B.A. (Mount Holyoke College), Visiting Assistant Professor, 2021.
Bayram, A. Burcu, Ph.D. (Ohio State University), M.I.S. (North Carolina State University), B.A. (Middle East Technical University), Associate Professor, 2016, 2021.
Campos, Alejandra, Ph.D. (University of Notre Dame), M.A., B.A. (University of Arkansas), Assistant Professor, 2023.
Conge, Patrick J., Ph.D. (University of Texas at Austin), M.A., B.S.
(Arizona State University), Associate Professor, 1995, 2002.
Crawford, Cory, J.D. (University of Arkansas), Lecturer, 2019.
Diallo, Anne B., Ph.D., M.P.A., B.A. (University of Arkansas), Lecturer, 2012.

Dowdle, Andrew J., Ph.D. (Miami University), M.A. (University of Iowa), B.A. (University of Tennessee), Professor, 2003, 2015.

Evans, Matthew James, Ph.D. (Northern Arizona University), M.A, B.A. (University of Louisville), Lecturer, 2022.
Ghadbian, Najib, Ph.D. (City University of New York), M.A. (City
University of New York), M.A. (Rutgers University), B.Sc. (United Arab Emirates University), Associate Professor, 1999, 2005.
Hill, Kennedy, Ph.D., M.P.A., B.A. (University of Arkansas), Lecturer, 2022.

Huett, Briana Marie, Ph.D., M.S., M.P.A. (University of Arkansas), B.A. (Davidson College), Lecturer, 2021.
Hunt, Valerie H., Ph.D., J.D., B.A. (University of Arkansas), Associate Professor, 2005, 2014.
Johnson, Alex, M.S., B.A. (University of Arkansas), Lecturer, 2020.
Kerr, Brinck, Ph.D. (Texas A\&M University), B.A. (University of Texas at Austin), University Professor, 1994, 2021.
Kim, Seokeun, Ph.D. (University of Georgia), M.P.A. (lowa State University), B.P.A. (University of Seoul), Visiting Assistant Professor, 2022.

Looney, Nathan C., J.D. (University of Arkansas at Little Rock), M.P.S. (University of Arkansas Clinton School of Public Service), B.A. (University of Arkansas), Lecturer, 2012.
Maxwell, Angie, Ph.D., M.A. (University of Texas at Austin), B.A. (University of Arkansas), Professor, Diane D. Blair Professor of Southern Studies, 2008, 2022.
Mitchell, Joshua Lee, Ph.D. (Southern Illinois University), M.P.A., B.S. (Murray State University), Associate Professor, 2010, 2019.
Moyer, Rachael M., Ph.D., M.S., M.A. (University of Arkansas), B.A. (University of Missouri), Lecturer, 2020.
Nastasi, Angelina, M.P.A. (University of Arkansas), B.A. (Texas State University), Lecturer, 2021.
Overstreet, Tyler, M.A. (University of Illinois), B.S. (Missouri Southern State University), Lecturer, 2022.
Parry, Janine A., Ph.D., M.A. (Washington State University), B.A.
(Western Washington University), University Professor, 1998, 2021.

Renteria, Kimberly, J.D. (University of Arkansas at Little Rock), B.S. (Arkansas Tech University), Lecturer, 2023.
Riggs, Chloe B., M.P.A., B.A. (University of Arkansas), Lecturer, 2021.
Ryan, Jeffrey J., Ph.D., M.A. (Rice University), B.A. (Colorado State University), Associate Professor, 1990, 1996.
Saeidi, Shirin, Ph.D. (University of Cambridge, United Kingdom), M.A. (George Mason University), B.A. (University of Maryland-College Park), Assistant Professor, 2018.
Schreckhise, William D., Ph.D., M.A., B.A. (Washington State University), Professor, 1998, 2020.
Sebold, Karen Denice, Ph.D., M.A. (University of Arkansas), B.S. (Campbell College), B.S. (Rogers State University), Assistant Professor, 2011, 2020.
Shields, Todd G., Ph.D., M.A. (University of Kentucky), B.A. (Miami University), Professor, 1994, 2005.
Song, Geoboo, Ph.D. (University of Oklahoma), B.A. (Korea University), B.A. (Hanyang University), Associate Professor, 2012, 2019.

Stewart, Patrick A., Ph.D., (Northern Illinois University), M.A., B.A. (University of Central Florida), Professor, 2008, 2021.
Sullivan, W. Curt, M.A. (University of Arkansas), B.A. (Harding University), Lecturer, 2015.
Tucker, Mary Honore, J.D., B.C.L. (Louisiana State University), M.Ed. (University of Arkansas), B.S. (Tulane University), Lecturer, 2019.
Tumlison, Creed, Ph.D., M.A. (University of Arkansas), B.S. (Arkansas State University), Visiting Assistant Professor, 2020.
Villalonga, Patrick, Ph.D., M.S., B.A. (Florida International University), Visiting Assistant Professor, 2022.
Woehr, Summer Dawn, M.A. (University of Arkansas), B.S. (Campbell University), Lecturer, 2020.
Young, Wes, M.P.A. (University of Arkansas), B.S. (University of Phoenix), A.S. (Ashworth University), Lecturer, 2022.
Zeng, Ka, Ph.D. (University of Virginia), M.A. (Virginia Polytech Institute and State University), B.A. (Foreign Affairs College, Beijing), Distinguished Professor, 2000, 2022.

## Courses

PLSC 1003H. Honors Perspectives in Political Science. 3 Hours.
This course takes a topical approach to introducing first-year students to the academic skills essential to success in college and the methods of the political science discipline. The course emphasizes the transition to the UA and universitylevel work by addressing topics such as the advising process and civic engagement. Prerequisite: Honors standing. (Typically offered: Fall and Spring)
PLSC 2003. American National Government (ACTS Equivalency = PLSC 2003). 3 Hours.
Survey of the history, basic ideas, structure, and political processes of the national government of the United States, including the fundamental relationships of the federal system. Required of all political science majors. (Typically offered: Fall, Spring and Summer)
PLSC 2003H. Honors American National Government. 3 Hours.
Survey of the history, basic ideas, structure, and political processes of the national government of the United States, including the fundamental relationships of the federal system. Prerequisite: Honors standing. (Typically offered: Fall) This course is equivalent to PLSC 2003.

PLSC 2013. Introduction to Comparative Politics. 3 Hours.
An introductory survey of comparative political systems. (Typically offered: Fall, Spring and Summer)

PLSC 2203. State and Local Government (ACTS Equivalency = PLSC 2103). 3 Hours.
Organization and functions of state and local governments in the United States, intergovernmental relations, administration, adjudication, and the organization and function of political parties on state and local levels. (Typically offered: Fall Even Years; Summer)

PLSC 2813. Introduction to International Relations and Global Studies. 3 Hours.
An interdisciplinary survey of the state system, the role of non-state actors, and the processes and outcomes of globalization. Topics include theories of international conflict and peace, international norms and ethics, international law and organizations, global cultural interactions, and contemporary transnational challenges. (Typically offered: Fall and Spring)
This course is equivalent to INST 2813.
PLSC 2813H. Honors Introduction to International Relations and Global Studies. 3 Hours.
An interdisciplinary survey of the state system, the role of non-state actors, and the processes and outcomes of globalization. Topics include theories of international conflict and peace, international norms and ethics, international law and organizations, global cultural interactions, and contemporary transnational challenges. Prerequisite: Honors standing. (Typically offered: Fall and Spring) This course is equivalent to INST 2813.
PLSC 300V. Internship in Public Affairs. 1-6 Hour.
Work experience in a public sector agency arranged by the student under the guidance of a faculty member. Written assignment required. Can be taken remotely through Global Campus. (Typically offered: Fall, Spring and Summer) May be repeated for up to 6 hours of degree credit.

PLSC 3103. Public Administration. 3 Hours.
Trends and organization of public administration, dynamics of management; fiscal and personnel management; administrative powers and responsibility. Prerequisite: PLSC 2003. (Typically offered: Spring)

## PLSC 3203. Introduction to Legal Studies. 3 Hours.

An examination of the legal profession, legal writing, and the substantive areas of law in the U.S. Prerequisite: PLSC 2003. (Typically offered: Fall and Spring)
PLSC 3213. The South and the Law: Race, Gender, and Citizenship. 3 Hours. Examines the experience of racial and ethnic minorities, as well as women, in the post-Civil War South. Explores legal ramifications and tracks cultural and political legacies of landmark cases and/or legislative acts. (Typically offered: Fall)

PLSC 3223. Arkansas Politics and the Nation. 3 Hours.
An examination of Arkansas Politics including the political process, public policies, social problems, political behavior, governmental structure, and contemporary issues with an emphasis on the historical, regional, and national context. Prerequisite: PLSC 2003. (Typically offered: Spring)
PLSC 3233. The American Congress. 3 Hours.
Thorough examination of the constitutional role of the legislative branch under the Constitution; the internal procedures and personalities of the Senate and House; the central place of Congress in shaping domestic and foreign policy. Prerequisite: PLSC 2003. (Typically offered: Fall)

PLSC 3243. The Judicial Process. 3 Hours.
The structure and operation of the state and national court systems. Emphasis is upon the role of the judiciary in the American political system and the political aspects and consequences of judicial decision-making. Prerequisite: PLSC 2003. (Typically offered: Fall)
PLSC 3253. Urban Politics. 3 Hours.
Analysis of comparative urban systems, including political process, public policy, social problems, governmental structure, and voter behavior. Prerequisite: PLSC 2003. (Typically offered: Spring)

## PLSC 3263. Latino Politics. 3 Hours.

An overview of Latino political behavior that analyzes the social, economic, and political issues impacting the Latino/Hispanic community in the United States. The course focuses on understanding relationships of power and interaction within the institutional contexts that shape diverse Latino experiences. (Typically offered: Fall)

## PLSC 3293. Black Politics. 3 Hours.

This is a survey course is designed to provide students with a comprehensive overview of Black political participation in the United States and throughout the diaspora. In addition to analyzing important events in Black politics in the U.S., the course also examines evolving patterns of diasporic political participation throughout the world. Prerequisite: PLSC 2003. (Typically offered: Fall)
This course is cross-listed with AAST 3293.

## PLSC 3393. Civil Rights Policy and Politics. 3 Hours.

This course will draw from linkages between the protest phase of the civil rights and American political institutions. The course explores the institutional impact of the civil rights movement on the presidency, congress, the courts, administrative regulatory agencies, and civil rights advisory organizations. Prerequisite: PLSC 3293. (Typically offered: Spring)
This course is cross-listed with AAST 3393.

## PLSC 3503. Governments and Politics of East Asia. 3 Hours.

Comparative analysis of structures, processes, and problems of the political systems of the Democratic Republic of Vietnam, Japan, and the Peoples Republic of China.
Prerequisite: PLSC 2013. (Typically offered: Fall)
This course is cross-listed with AIST 3503.

## PLSC 3523. Politics of the Middle East. 3 Hours.

Survey of the unity and diversity in the political development of the Middle East, as evident in historical legacies, state formation, civil society, social class, and political identity. (Typically offered: Fall)

## PLSC 3543. Introduction to Citizenship Studies. 3 Hours.

Introduction to the field of citizenship studies with a focus on theoretical and empirical illustrations. Covers citizenship in the Middle East, Latin America, and contemporary Africa. Theoretically grounded in comparative politics, students should develop understanding of the complex debates and real-time challenges which shape this sub-field of political science. (Typically offered: Spring)

## PLSC 3553. Western European Politics. 3 Hours.

Comparative analysis of Western European parliamentary systems with special attention to political traditions, constitutional arrangements, socio-economic structure, and the political and legislative processes in countries such as Britain, France, and Germany. Prerequisite: PLSC 2003 or PLSC 2013. (Typically offered: Irregular)
PLSC 3573. Governments and Politics of Latin America. 3 Hours.
Comparative survey of Latin America political forces and institutions with special attention to patterns and problems of political change and development in that area. Prerequisite: PLSC 2013. (Typically offered: Irregular)

## PLSC 3603. Scope and Methods of Political Science. 3 Hours.

The basic principles and assumptions of political inquiry (methodology) and research techniques for gathering and analyzing data about political phenomena. Prerequisite: PLSC 2003. (Typically offered: Fall, Spring and Summer)

PLSC 3683. International Conflict and National Security Policy. 3 Hours.
This course examines international conflict and national security policy. The first part of the course analyzes the causes and consequences of international conflict and mechanisms for conflict resolution. The second part examines the formulation and implementation of national security in comparative perspective and U.S. national security policy. Prerequisite: PLSC 2813. (Typically offered: Fall Even Years)

PLSC 3803. International Organization. 3 Hours.
This course is about how state and non-state actors try to organize the international system to help manage crucial issues such as the development and use of force, the efficiency and fairness of markets, and the realization and protection of human rights and environmental health (Typically offered: Spring)
This course is cross-listed with INST 3803.

## PLSC 3813. International Law. 3 Hours.

Analysis of the traditional principles of public international law including the law of war, the law of sea and air, and the legal nature of statehood; and analysis of selected principles of private international law relevant to such topics as the multinational corporation, international arbitration, commerce with Communist states, and the expropriation of foreign property. Prerequisite: Junior standing. (Typically offered: Fall)

PLSC 3823. Theories of International Relations. 3 Hours.
Analysis of major intellectual traditions in the field of international relations, including realism, liberalism, and social constructivism. Emphasis will be placed on how they help us to understand war, revolution, global capitalism, nationalism, peace, and other significant international phenomena. Prerequisite: PLSC 2003 and PLSC 2013. (Typically offered: Spring)

## PLSC 3853. American Foreign Policy. 3 Hours.

The structure and process for making and implementing the foreign policy of the United States, and an evaluation of current policies in the contemporary international milieu. Prerequisite: PLSC 2003 or PLSC 2013. (Typically offered: Fall)
PLSC 390V. Special Topics. 1-3 Hour.
Special topics in political science. (Typically offered: Fall, Spring and Summer) May be repeated for degree credit.
PLSC 3923H. Honors Colloquium. 3 Hours.
Covers a special topic or issue, offered as part of the honors program. Prerequisite: Honors candidacy. (Typically offered: Irregular) May be repeated for degree credit.
PLSC 394V. Readings in Political Science. 1-3 Hour.
For advanced students who wish to study some field of political science beyond the course offering available in that field. Prerequisite: Junior standing. (Typically offered: Fall, Spring and Summer) May be repeated for up to 6 hours of degree credit.

## PLSC 394VH. Honors Readings in Political Science. 1-3 Hour.

For advanced students who wish to study some field of political science beyond the course offering available in that field. Prerequisite: Junior standing and honors standing. (Typically offered: Fall, Spring and Summer) May be repeated for up to 6 hours of degree credit.
This course is equivalent to PLSC 394 V .

## PLSC 3983. Politics in Literature. 3 Hours.

Analysis of political theories and issues through extensive reading and discussion of selected works of literature. Prerequisite: PLSC 2003 or PLSC 2013. (Typically offered: Spring)

## PLSC 400V. Special Topics. 1-3 Hour.

Topics in political science not usually covered in other courses. (Typically offered: Irregular) May be repeated for degree credit.

PLSC 406V. Independent Study in Political Science. 1-3 Hour.
Independent study in political science. Arranged in agreement and under the guidance of a faculty member. (Typically offered: Irregular) May be repeated for up to 6 hours of degree credit.
PLSC 4083. Portrayals of Hitler in Film. 3 Hours.
Introduction to the construction and deconstruction of Hitler's image in fictional movies produced in the United States, the United Kingdom, and Germany after 1945, through a lens of postmodern thought and cultural theory. (Typically offered: Irregular)

PLSC 4093. Politics and Policy on Film. 3 Hours.
An examination of the ways in which politics, government, policymakers, and public policy issues are portrayed on film. Selections vary, but may include historic and contemporary works, independent films and blockbusters, fictional works, biopics, and documentaries. Heavy emphasis on independent research and informed discussion, focused on the context in which the works were made and the ways they were received by audiences. (Typically offered: Irregular)
PLSC 4103. Introduction to Urban Planning. 3 Hours.
Reviews the many forms, functions, and purposes of American cities. Covers basic planning theories, surveys the various sub-fields of planning, discusses trends in the planning field, and utilizes computer simulations. (Typically offered: Fall)

## PLSC 4113. Introduction to Urban Planning II. 3 Hours.

Advanced analysis of comparative urban systems, including political process, public policy, social problems, governmental structure, and voter behavior. Prerequisite: PLSC 4103 or instructor consent. (Typically offered: Irregular)

## PLSC 4143. U.S. Environmental Politics and Policy. 3 Hours.

Surveys recent patterns of environmentalism in the U.S. and explores the nature of policy making with regard to environmental and economic development issues. Topics may include conservation vs. preservation, multiple use vs. sustainability, intergovernmental policy implementation, incentives, and free market environmentalism. Prerequisite: PLSC 2003. (Typically offered: Spring and Summer)

## PLSC 4153. Public Policy. 3 Hours.

A study of public policy formulation, implementation, and evaluation at various levels of government. Prerequisite: PLSC 2003. (Typically offered: Fall)

## PLSC 4173. Community Development. 3 Hours.

Encompasses the political, economic, and social issues that shape contemporary communities. This class examines substantive issues in community development, related theories and techniques. A major focus of the course will be on low-income and minority neighborhoods and efforts to create more inclusive communities in the United States and abroad. Prerequisite: Junior standing. (Typically offered: Fall)

## PLSC 4183. The Evolution of Nonprofits and Philanthropy. 3 Hours.

Introduction to the history of philanthropy. Examines philanthropy at the intersection of anthropological theories of giving, social theories related to types of capital and capital exchanges, and economic theories about the role of philanthropy for national economies. (Typically offered: Irregular)

## PLSC 4193. Administrative Law. 3 Hours.

Legal aspects of the administrative process and the effect of legal principles and processes upon administrative decision-making. Emphasis is given to the limitation of administrative discretion and the judicial review of administrative decisions. Prerequisite: PLSC 2003. (Typically offered: Spring)

## PLSC 4203. American Political Parties. 3 Hours.

The nature, function, and history of political parties in the United States with emphasis on party membership, organization, campaign techniques, finance and electoral alliances. Prerequisite: PLSC 2003. (Typically offered: Irregular)

## PLSC 4213. Campaigns and Elections. 3 Hours.

This course examines the American electoral process. It is an empirical course that provides opportunities for original analysis of survey data and election returns. Emphasis is placed on the most recent federal election. Prerequisite: PLSC 2003 (Typically offered: Irregular)

## PLSC 4223. Gender and Justice in the U.S.. 3 Hours.

Provide students with a historic and contemporary overview of the laws, policies, and politics surrounding gender, citizenship, and justice in the United States. Explores how law and public policy have affected the lives of marginalized sex and gender groups in the United States as well as the political dynamics surrounding gender and sexuality law. (Typically offered: Spring Odd Years)
This course is cross-listed with GNST 4223.

PLSC 4233. The American Chief Executive. 3 Hours.
Offices and roles of the President and state governors of the United States focusing on the evolution of the offices in terms of responsibilities and political leadership. Prerequisite: PLSC 2003. (Typically offered: Spring)

## PLSC 4243. Minority Politics. 3 Hours.

Reviews political action and concepts of political activity by minority groups, focusing on contemporary political behavior. Prerequisite: PLSC 2003. (Typically offered: Spring)

## PLSC 4253. The U.S. Constitution I. 3 Hours.

United States Supreme Court decisions involving the functions and powers of Congress, the Supreme Court, and the President and federalism. Prerequisite: PLSC 2003. (Typically offered: Spring)

PLSC 4263. The U.S. Constitution II. 3 Hours.
United States Supreme Court decisions interpreting the political, economic, and civil rights of individuals and groups. Prerequisite: PLSC 2003. (Typically offered: Irregular)

## PLSC 4273. Political Psychology. 3 Hours.

Examines role of the individual in the polity including basic psychological constructs of relevance to political action, the formulation and maintenance of stable political orientations, the patterns linking the individual to the polity, and major modes of inquiry. Prerequisite: PLSC 2003. (Typically offered: Irregular)

## PLSC 4283. Federalism and Intergovernmental Relations. 3 Hours.

Analysis of changes in intergovernmental relations in the American federal system. Discussions will focus on political, economic/fiscal and administrative aspects of policy changes of the pre-and post-Reagan eras. (Typically offered: Spring Even Years)

## PLSC 4303. History of Political Parties in the U.S. 1789-1896. 3 Hours.

Origin and development of the American party system from the implementation of the Constitution to the election of McKinley. (Typically offered: Fall Even Years) This course is cross-listed with HIST 4503.

## PLSC 4313. History of Political Parties in the United States Since 1896. 3

## Hours.

Response of the party system to America's emergence as an industrial nation and world power from the election of 1896 to present. (Typically offered: Spring Odd Years)
This course is cross-listed with HIST 4513.
PLSC 4323. Racial Identity, Politics, and Public Policy. 3 Hours.
Examines how race and perceived racial differences affect political discourse, mobilization, representation, and political outcomes. Prerequisite: PLSC 3293 or AAST 1003 or Junior standing. (Typically offered: Spring Even Years)
This course is cross-listed with AAST 4323.
PLSC 4333. Southern Politics. 3 Hours.
Evaluates the significance of the southern region within the national political scene, as well as discusses the unique political history and workings of the region. Explores the various groups within the region that continue to fight for political influence and power. (Typically offered: Spring)

PLSC 4343. Money and Politics. 3 Hours.
Familiarizes students with the world of money and politics in the United States. Examines the function of money in elections, the legal aspects, and the consequences of the regulatory environment. Provides a means to gain analytic computer skills and a strong foundation for further study of political science.
(Typically offered: Fall)
PLSC 4373. Political Communication. 3 Hours.
Study of the nature and function of the communication process as it operates in the political environment. (Typically offered: Spring Even Years)
This course is cross-listed with COMM 4373.

PLSC 4513. Creating Democracies. 3 Hours.
Analyses of the creation of democracies in Europe, South America, Asia, Africa, the Middle East, East Europe, and the former Soviet Union. Prerequisite: PLSC 2013. (Typically offered: Fall Even Years)

PLSC 4523. Introduction to Gender and Politics in the Middle East. 3 Hours. Introduces the complexities of women's political lives in the Middle East by studying gender roles, relations and how identities are constructed during different political moments. (Typically offered: Fall)

PLSC 4533. China's Foreign Trade and International Order: History, Policy, and Theory. 3 Hours.
This interdisciplinary course explores China's foreign trade and international order by introducing students to the historical context and economic theory necessary for understanding China's role in the international trading system from the ancient past to the contemporary era. (Typically offered: Irregular)

## PLSC 4563. Government and Politics of Russia. 3 Hours.

Study of Russian and Soviet politics after 1917 and of the democratization of Russia and the other successor states. Prerequisite: PLSC 2003 or PLSC 2013. (Typically offered: Spring Even Years)

## PLSC 4573. Gender and Politics. 3 Hours.

Examines the significance of gender in politics. Includes discussion of the women's movement and feminist theory, but emphasizes the content and process of public policy as it relates to women and men. Focus is on the U.S. but final third is devoted to comparative topics. Prerequisite: PLSC 2003 or PLSC 2013. (Typically offered: Irregular)

## PLSC 4583. Political Economy of East Asia. 3 Hours.

Development strategies and policies of major economies in East Asia. Topics include theories for East Asia's economic growth, dynamics and process of East Asian political and economic developments, strengths and limits of the East Asian development model, Asian values and their implications for Asian-style democracy, and dynamics of regional cooperation. (Typically offered: Spring)

## PLSC 4593. Islam and Politics. 3 Hours.

Compares contemporary Islamist political movements. Seeks to explain causes, debates, agendas, and strategies of Islamists in the political realm. Addresses sovereignty, the rule of law, visions of the good state and society, and relations between nationalism, religion and political development. Focus on Middle East with comparative reference to other cases. (Typically offered: Fall)

## PLSC 4613. Social Network Analysis. 3 Hours.

Introduces the fundamentals of Social Network Analysis (SNA), and its applications for research in various social science fields. Prerequisite: SOCI 2013. (Typically offered: Fall)
This course is cross-listed with SOCI 4183.

## PLSC 4633. Citizenship in the Middle East. 3 Hours.

Explores citizenship in the Middle East and North Africa (MENA) with a focus on theoretical and empirical illustrations. Theoretically grounded in comparative politics, and empirically engaged with case studies on citizenship formation, students will develop an understanding of the complex debates and challenges which shape this sub-field of political science. (Typically offered: Fall Odd Years)

## PLSC 4793. Latino/Hispanic Political Thought. 3 Hours.

A survey course designed to examine the development of Latino/Hispanic political thought from Iberian and Latin American political culture and philosophy to contemporary US political ideology/thought. (Typically offered: Spring)

PLSC 4793H. Honors Latino/Hispanic Political Thought. 3 Hours.
A survey course designed to examine the development of Latino/Hispanic political thought from Iberian and Latin American political culture and philosophy to contemporary US political ideology/thought. Prerequisite: Honors standing. (Typically offered: Spring)
This course is equivalent to PLSC 4793.

PLSC 4803. Foreign Policy Analysis. 3 Hours.
Comparative analysis of foreign policy, with attention paid to explanations at a variety of levels, such as the individual, group, organizational, societal, systemic. (Typically offered: Irregular)

## PLSC 4813. Chinese Foreign Policy. 3 Hours.

Provides an introduction to Chinese foreign policy. Key topics covered include the historical, domestic, and international contexts of Chinese foreign policy, China's relations with key partner countries, security strategies, foreign economic relations, and evolving role in global governance. (Typically offered: Fall)

## PLSC 4823. Foreign Policy of East Asia. 3 Hours.

This course provides an introduction to the international relations of two major East Asian states, China and Japan. Key topics include: China and Japan's interaction with the world political and economic systems; domestic sources of international behavior and major dimensions of foreign policy in the 1980s and 1990s. (Typically offered: Spring)
This course is cross-listed with AIST 4823.
PLSC 4833. International Political Economy. 3 Hours.
This course provides an analysis of the interaction between politics and markets in the world economy. Its central objective is to illustrate how political and state actions have shaped and been shaped by the development of the global economy. (Typically offered: Fall)

## PLSC 4843. The Middle East in World Affairs. 3 Hours.

An analysis of geo-political and socio-economic characteristics of Middle Eastern societies and their impact on world economic and political order. Special attention to such issues as the Arab-Israeli conflict, the promotion of lasting peace in the region, impact of oil on world politics, the involvement of superpowers, rehabilitation of Palestinian refugees and the role of the United Nations. (Typically offered: Spring)
PLSC 4853. International Norms and Corporate Social Responsibility. 3 Hours. This course focuses on the interplay between international social expectations and business strategy. How norms prevail and why norms emerge will be observed from a business vantage point. Pre- or corequisite: PLSC 2003 or PLSC 2013. (Typically offered: Spring)

## PLSC 4863. Political Psychology and International Relations. 3 Hours.

Examines psychological approaches to international relations and examines how these perspectives advance the study of world politics. (Typically offered: Irregular)

PLSC 4883. Politics of International Law. 3 Hours.
This course examines the interaction between law and politics in the international system, focusing on international law. (Typically offered: Irregular)

## PLSC 4893. International Negotiation and Mediation. 3 Hours.

This course examines international negotiations and mediation. International negotiation refers to the processes and methods by which state and non-state actors reach agreements through persuasion and similar non-violent means. This course analyzes the processes, methods, and mechanisms, and challenges of international negotiations and the growing use of mediation. (Typically offered: Irregular) This course is cross-listed with INST 4893.
PLSC 4913. International Studies Seminar. 3 Hours.
Intensive study of key global issues and aspects of international affairs, culminating in a research project that meets the Fulbright College writing requirement. (Typically offered: Fall and Spring) May be repeated for up to 6 hours of degree credit. This course is equivalent to INST 4913.

## PLSC 4913H. Honors International Studies Seminar. 3 Hours.

Intensive study of key global issues and aspects of international affairs, culminating in a research project that meets the Fulbright College writing requirement.
Prerequisite: Honors standing. (Typically offered: Fall and Spring) May be repeated for up to 6 hours of degree credit.
This course is equivalent to INST 4913.

PLSC 4933. African American Political Ideology. 3 Hours.
A survey course designed to identify and examine characteristics and functions of several variants of black political ideology/thought. (Typically offered: Spring Odd Years)
This course is cross-listed with AAST 4933.
PLSC 498V. Senior Thesis. 1-6 Hour.
Senior Thesis. (Typically offered: Fall, Spring and Summer)
PLSC 499VH. Honors Essay. 1-6 Hour.
To be used for completing a Political Science Honors Thesis. (Typically offered: Fall, Spring and Summer) May be repeated for up to 6 hours of degree credit.

## Psychology (PSYC)

Douglas A. Behrend
Chair of the Department
216 Memorial Hall
479-575-4256
Email: psycapp@uark.edu
Department of Psychological Science Website (https://fulbright.uark.edu/ departments/psychological-science/)

The Department of Psychological Science offers a major leading to a Bachelor of Arts in psychology. Psychologists are the scientists of human behavior and mental processes. They approach these areas from a variety of perspectives.

Clinical psychologists seek to identify the causes of abnormal behavior and to change these behaviors so their clients can live more satisfying and rewarding lives. Cognitive psychologists are interested in how knowledge and behavior are acquired, retained, and retrieved. Developmental psychologists study physical, cognitive, and social changes that occur throughout an individual's life. Neuroscientists are concerned with the biological bases of behavior. Social psychologists investigate Social psychologists study our thoughts and feelings about ourselves and other people. Each of these perspectives is represented by members of the faculty in the Fulbright College Department of Psychological Science.

The Department of Psychological Science is one of the largest and most productive departments in the university in many ways. Our faculty members are active researchers who bring their scientific excitement and curiosity into the classroom. In addition the faculty is deeply committed to providing individualized training to our students, which is accomplished through experience in a faculty member's lab, or perhaps doing an honors project. We are one of the largest undergraduate majors, and our graduates pursue graduate training in many areas, including counseling, psychology, business, law, and medicine. Other graduates enter the workforce in diverse areas, including human and social services, business, banking, and non-profit organizations.

For requirements for advanced degrees in psychology, see the Graduate School Catalog.

## Requirements for B.A. Degree with a Major in Psychology

Students must complete 120 degree credit hours to include the minimum University Core requirements (http://catalog.uark.edu/ undergraduatecatalog/academicregulations/universitycore/), the Fulbright College of Arts and Sciences Graduation Requirements (p. 273), and following course requirements for the major. Bolded courses from the list below may be applied to portions of the University Core requirements.

A minimum of 42 semester hours, including:
2003 Intermediate I of any World Language. ${ }^{1}$

| PHIL 2003 | Introduction to Philosophy (ACTS Equivalency <br> o PHIL 1103) |
| ---: | :--- |
| or PHIL 2103 | Introduction to Ethics (ACTS Equivalency = PHIL <br> 1003 ) |

Select one of the following. Must complete with a grade of "C" or 3-4 better:

| MATH 2043 | Survey of Calculus (ACTS Equivalency $=$ MATH <br> 2203) |
| :---: | :--- |
| MATH 2053 | Finite Mathematics |

MATH 2053 Finite Mathematics
MATH 2554 Calculus I (ACTS Equivalency = MATH 2405)
33 semester hours in psychology to include:

| PSYC 2003 | General Psychology (ACTS Equivalency = PSYC 1103) | 3 |
| :---: | :---: | :---: |
| PSYC 2013 | Introduction to Statistics for Psychologists | 3 |
| PSYC 3073 | Research Methods | 3 |
| Select two of the following: |  | 6 |
| PSYC 3013 | Social Psychology |  |
| PSYC 3023 | Abnormal Psychology |  |
| PSYC 3093 | Developmental Psychology (ACTS Equivalency = PSYC 2103) |  |
| PSYC 4053 | Psychological Tests |  |
| PSYC 4063 | Psychology of Personality |  |
| Select two of the following: |  | 6 |
| PSYC 3103 | Cognitive Psychology |  |
| PSYC 4073 | Psychology of Learning |  |
| PSYC 4123 | Perception |  |
| PSYC 4143 | History and Systems of Psychology |  |
| PSYC 4183 | Behavioral Neuroscience |  |
| PSYC 4193 | Comparative Psychology |  |
| Select three hours from one of the following: |  | 3 |

$$
\begin{array}{ll}
\text { PSYC } 4083 & \text { Advanced Research } \\
\text { PSYC } 4283 & \text { Advanced Seminar }
\end{array}
$$

Nine hours of electives and may be chosen from any psychology
course in this catalog, with no more than a total of six hours in PSYC 206V, PSYC 207V, and PSYC 399VH combined.
A grade of "C" or better is required in all psychology courses used to satisfy the 33 hours of psychology courses. In addition, a 2.00 cumulative grade-point average is required on all work completed in the Department of Psychology.

## Total Hours

42-46
1 This is usually accomplished through completion of a sequence of two language courses: 1013 and 2003.

Students who want to pursue graduate training in psychology are advised to begin preparations early in their undergraduate careers. Grade-point average, scores on the Graduate Record Examinations, effective communications skills, preparation in the natural sciences and mathematics, and research experience (e.g., honors project, directed readings, laboratory experience) are the major criteria considered by admissions committees. To gain this research experience students are strongly encouraged to take the advanced research course, PSYC 4083.

Students with applied, paraprofessional, or human-service interests who plan to enter the job market with a B.A. in psychology are strongly encouraged to take relevant courses in other areas of interest, including, but not limited to, anthropology, sociology, social work, human development and family studies, education, and business administration.

Students interested in business applications of psychology (e.g., marketing, management) are similarly encouraged to take related courses in the Sam M. Walton College of Business; minors are also available in several areas of business. For more information concerning psychology as a major or careers in psychology and related fields, please contact the Psychology Advising Coordinator, Memorial Hall, room 203.

Writing Requirement: Students majoring in psychology will satisfy the Fulbright College writing requirement by successful completion (a grade of at least a "C") in either PSYC 4083 or PSYC 4283, each of which requires a final research paper written in American Psychological Association style.

## Psychology B.A. <br> Eight-Semester Degree Program

Students wishing to follow the eight-semester degree plan should see the Eight-Semester Degree Policy (p. 67) in the Academic Regulations chapter for university core requirements of the program. Courses in psychology groups A, B and Capstone courses are listed after the program plan.

| First Year | Fnits |
| :--- | ---: | ---: |
| Spring |  |

PSYC 2013 Introduction to Statistics for Psychologists ${ }^{1}$
or PSYC 2003 (if not taken earlier)
Science State Minimum Core Lecture with

| PSYC 4183 | Behavioral Neuroscience |
| PSYC 4193 | Comparative Psychology |

## PSYC Capstone Courses

Three hours required with a grade of "C" or higher.

```
    PSYC 4083 Advanced Research
    PSYC 4283 Advanced Seminar
```

## Requirements for a Minor in Psychology

Minimum of 18 hours in psychology including:

| PSYC 2003 | General Psychology (ACTS Equivalency = PSYC <br> 1103) | 3 |
| :--- | :--- | ---: |
| PSYC 2173 | Research Literacy in Psychological Science | 3 |
| PSYC Electives |  | 12 |

A maximum of three hours of PSYC 206V and/or PSYC 207V can be counted toward meeting the minor requirement.

## Total Hours

A grade of "C" or better is required in all psychology courses used to satisfy the 18 hours of the minor. In addition, a 2.00 cumulative gradepoint average is required on all work completed in the Department of Psychology. Students must consult with, and obtain the signature of, the Director of Undergraduate Studies in the department in order to declare a minor.

Requirements for Graduation with Honors in Psychology: Both the College and the Departmental Honors Program in Psychology provide undergraduate students with an opportunity to formally participate in scholarly psychology activities. Honors candidates carry out independent study and research under the guidance of the Psychological Science faculty and participate in special honors classes, seminars, and colloquia. Admission to the Fulbright College Honors Program is open to psychology majors with a minimum, cumulative grade point average of 3.5 in all coursework. Honors candidates must complete a minimum of 12 hours of honors courses, which may include up to 6 hours of thesis. In addition to satisfying the general college honors requirements, honors candidates in psychology are required to complete and orally defend an honors thesis based upon the independent study carried out in PSYC 399VH. To complete the required thesis successfully, students should choose an honors adviser as early as possible. An adviser should be selected, and an Honors Agreement completed, no later than the first semester in a student's junior year. Students must register for, and complete, a minimum of 6 hours of PSYC 399VH. PSYC 399VH may be taken for 1 to 6 hours of credit each semester and repeated for a maximum of 12 hours.

Nine hours are ordinarily needed to complete the research project and to prepare the honors thesis.

College honors candidates must meet the college's requirements for an honors degree. Departmental honors candidates in psychology are encouraged to enroll in as many honors classes, seminars, and colloquia as possible, or as required by the honors program in which they are enrolled. Students graduating with honors typically graduate cum laude. Higher degree distinctions (magna cum laude, summa cum laude) are awarded by the Honors Council, recommended only in truly exceptional cases, and are based upon the whole of the candidate's program of honors studies.

## Psychology (B.A.) Teacher Licensure in Social Studies Requirements:

Please refer to the Secondary Education Requirements (p. 276) for Fulbright College Students.

Students wanting to teach social studies in middle school should consult with a middle level adviser in the College of Education and Health Professions.

## Faculty

Alwood, Nancy D., Ph.D., M.S. (University of Arkansas), Instructor, 2012. Behrend, Douglas A., Ph.D. (University of Minnesota), B.A. (Kalamazoo College), Professor, 1989, 2009.
Beike, Denise R., Ph.D., B.A. (Indiana University), Professor, 1995, 2010.
Bridges, Ana Julia, Ph.D. (University of Rhode Island), M.S. (Illinois State University), B.S. (University of Illinois-Urbana-Champaign), Professor, 2007, 2019.
Brown, Mitchell J., Ph.D. (University of Southern Mississippi), M.A. (University of Dayton), B.A. (Lake Erie College), Instructor, 2022.
Cavell, Timothy A., Ph.D. (Louisiana State University), M.S. (Texas A\&M University), B.A. (Louisiana State University), Professor, 2002.
Chapman, Kate M., Ph.D., M.S. (Penn State University), B.A. (New Florida College), Teaching Assistant Professor, 2016.
Ditzfeld, Christopher, M.S. (University of Oklahoma), Instructor, 2011. Dopp, Alex R., Ph.D., M.A. (University of Missouri), B.A. (University of Michigan), Assistant Professor, 2016.
Eidelman, Scott H., Ph.D. (University of Kansas), B.A. (University of Wisconsin-Madison), Associate Professor, 2008, 2013.
Feldner, Matthew T., Ph.D. (University of Vermont), M.A. (West Virginia University), B.S. (University of Wisconsin-Stevens Point), Professor, 2005, 2015.

Forscher, Patrick, Ph.D. (University of Wisconsin), B.A. (Macalester College), Assistant Professor, 2017.
Ham-Holm, Lindsay S., Ph.D., M.A., B.A. (University of NebraskaLincoln), Associate Professor, 2007, 2012.
Holm, Jeremy, M.A., B.S. (University of Nebraska), Instructor, 2008.
Judah, Matt, Ph.D., M.S. (Oklahoma State University), B.A. (Ozark Christian College), Assistant Professor, 2020.
Lamm, Connie, Ph.D., M.A. (University of Toronto, Canada), B.A. (University of Waterloo), Assistant Professor, 2016.
Lampinen, James Michael, Ph.D., M.S. (Northwestern University), B.S. (Elmhurst College), Distinguished Professor, 1998, 2016.
Leen-Feldner, Ellen Winifred, Ph.D. (University of Vermont), M.A. (West Virginia University), B.A. (University of Notre Dame), Professor, 2005, 2017.

Leong, Josiah, Ph.D. (Stanford University), B.A. (University of California, Berkeley), Assistant Professor, 2020.
Levine, William H., Ph.D., M.S. (State University of New York at Binghamton), B.S. (DePaul University), Associate Professor, 2001, 2007.

Makhanova, Anatasia, Ph.D. (Florida State University), B.A. (Hendrix College), Assistant Professor, 2019.
Parks, Nathan A., Ph.D., M.S. (Georgia Institute of Technology), B.A. (University of Virginia), Assistant Professor, 2012.
Quetsch, Lauren, Ph.D., M.S. (West Virginia University), B.A.
(Georgetown University), Assistant Professor, 2019.
Shields, Grant, Ph.D., M.A. (University of California, Davis), B.A.
(Simpson College), Assistant Professor, 2020.
Vargas, Ivan, Ph.D. (University of Michigan), B.S. (Notre Dame University), Assistant Professor, 2019.
Veilleux, Jennifer Celene, Ph.D., M.A. (University of Illinois at Chicago), B.A. (Macalaster College), Associate Professor, 2011, 2017.

Zabelina, Darya, Ph.D. (Northwestern University), Assistant Professor, 2017.

Zamboanga, Byron L., Ph.D., M.A. (University of Nebraska), B.A. (University of California, Berkeley), Professor, 2020.
Zies, Brenda June, Ph.D., M.A. (University of Arkansas), B.S. (East Texas State University), Teaching Assistant Professor, 2005.

## Courses

PSYC 2003. General Psychology (ACTS Equivalency = PSYC 1103). 3 Hours.
An introduction to the field of Psychology, including the investigation of the biological bases of behavior; learning and cognitive processes; developmental and social psychology; and personality, psychopathology, and the treatment of psychological disorders. Students will be expected to complete a research requirement. (Typically offered: Fall, Spring and Summer)

## PSYC 2003H. Honors General Psychology. 3 Hours.

An introduction to the field of Psychology, including the investigation of the biological bases of behavior; learning and cognitive processes; developmental and social psychology; and personality, psychopathology, and the treatment of psychological disorders. Students will be expected to complete a research requirement. (Typically offered: Fall and Spring)
This course is equivalent to PSYC 2003.

## PSYC 2013. Introduction to Statistics for Psychologists. 3 Hours.

Introduction to the descriptive and inferential statistics commonly used by psychologists. A grade of C or better in PSYC 2013 is required as a prerequisite for PSYC 3073. Corequisite: Drill component. Prerequisite: PSYC 2003 and MATH 2043 or MATH 2053 or MATH 2554, with a grade of $C$ or better, and a Psychology major. (Typically offered: Fall, Spring and Summer)
PSYC 2043. The Psychology of Health and Well-being. 3 Hours.
Introduces students to the application of psychological science to healthy, meaningful living across the age span. Explores key research findings related to issues in modern living, including social connections, emotional adjustment, romantic relationships, parenting and schooling, family life, and work life. Prerequisite: PSYC 2003. (Typically offered: Spring)
PSYC 206V. Directed Readings. 1-4 Hour.
For undergraduate majors in psychology. Prerequisite: Six hours of psychology; Instructor's permission. (Typically offered: Fall, Spring and Summer) May be repeated for up to 6 hours of degree credit.

## PSYC 207V. Laboratory Experience. 1-4 Hour.

Laboratory experience in psychology obtained by working as part of a faculty member's research team. Prerequisite: PSYC 2003 and Instructor's permission. (Typically offered: Fall, Spring and Summer) May be repeated for up to 12 hours of degree credit.

PSYC 2173. Research Literacy in Psychological Science. 3 Hours.
Training in critical evaluation of research in psychological science, including understanding statistics and research methods used by psychologists. Prerequisite: PSYC 2003 and a psychology minor. (Typically offered: Fall and Spring)

PSYC 3013. Social Psychology. 3 Hours.
Theories and representative research in social psychology, emphasizing the influence of the social world on human behavior. Introduction to the problems, theories, and experiments of social psychology. Prerequisite: PSYC 2003. (Typically offered: Fall and Spring)

PSYC 3023. Abnormal Psychology. 3 Hours.
Theories and representative research about the causes and treatment of the major forms of abnormal behavior. Prerequisite: PSYC 2003. (Typically offered: Fall and Spring)

## PSYC 3063. Psychology of Diversity. 3 Hours.

Introduction to the psychology of diversity, including historical perspectives, biological and social bases of bias, individual differences, social identity, intergroup interactions, and power and privilege. Prerequisite: PSYC 2003. (Typically offered: Fall Even Years)

## PSYC 3073. Research Methods. 3 Hours.

Training in execution and interpretation of experiments using the classical experimental designs. Limited enrollment. Prerequisite: PSYC 2013 and (MATH 2043, or MATH 2053, or MATH 2554) with a grade of "C" or better and a psychology major. (Typically offered: Fall and Spring)
PSYC 3093. Developmental Psychology (ACTS Equivalency = PSYC 2103). 3 Hours.
Theories and representative research in the psychological factors influencing development, including both hereditary and environmental influences, from conception through adolescence. Prerequisite: PSYC 2003. (Typically offered: Fall and Spring)

## PSYC 3103. Cognitive Psychology. 3 Hours.

Introduction to theories and research in cognition including memory, language, and problem-solving. Prerequisite: PSYC 2003. (Typically offered: Spring)

## PSYC 3173. Biopsychology. 3 Hours.

An introduction to the biological basis of behavior. Lectures cover current research about the neural correlates underlying sensory, motor, cognitive, and emotional processes. Prerequisite: PSYC 2003. (Typically offered: Spring)

## PSYC 3923H. Honors Colloquium. 3 Hours.

Treats a special topic or issue, offered as part of the honors program. May be repeated when the content is changed. Prerequisite: honors candidacy (not restricted to candidacy in psychology). (Typically offered: Irregular) May be repeated for degree credit.

## PSYC 399VH. Honors Course. 1-6 Hour.

Honors course. Prerequisite: Junior standing and instructor's permission. (Typically offered: Fall, Spring and Summer) May be repeated for up to 12 hours of degree credit.
PSYC 4033. Educational Psychology. 3 Hours.
Psychological theories and concepts applied to the educational process. Investigates the learner and instructional variables in a wide range of educational settings. Prerequisite: Six hours of psychology, not including PSYC 2013. (Typically offered: Irregular)

## PSYC 4053. Psychological Tests. 3 Hours.

Nature and theory of individual and group tests of intelligence, personality, interests, and attitudes. Prerequisite: Nine hours of psychology, including a C or better in PSYC 2013. (Typically offered: Irregular)

## PSYC 4063. Psychology of Personality. 3 Hours.

Theories and representative research concerning the development and nature of the normal personality. Prerequisite: Six hours of psychology, not including PSYC 2013. (Typically offered: Irregular)

## PSYC 4073. Psychology of Learning. 3 Hours

Theories and representative research on basic principles of learning and memory in both animals and humans. Prerequisite: Six hours of psychology, not including PSYC 2013. (Typically offered: Spring)

## PSYC 4083. Advanced Research. 3 Hours.

A lecture/laboratory course covering research in a specialized area of psychology. Provides experience with design, conduct, analysis, and presentation of research projects related to class topics. Successful completion of the class, including a formal paper in APA style, with a grade of $C$ or better will fulfill the senior writing requirement. Prerequisite: Eighteen hours of psychology including a grade of at least a C in PSYC 3073 and senior standing. (Typically offered: Fall and Spring)

## PSYC 409V. Psychology Seminar. 1-3 Hour.

Provides intensive coverage of specialized psychological topics. Prerequisite: Six hours of psychology, not including PSYC 2013. (Typically offered: Irregular) May be repeated for up to 18 hours of degree credit.

## PSYC 4123. Perception. 3 Hours.

Theories and representative research in the areas of sensation and perception. Prerequisite: Six hours of psychology, not including PSYC 2013. (Typically offered: Irregular)

PSYC 4143. History and Systems of Psychology. 3 Hours.
Examination of the concepts, methods, and systems which have contributed to the development of modern psychology. Prerequisite: Fifteen hours of psychology and senior standing. (Typically offered: Irregular)

## PSYC 4183. Behavioral Neuroscience. 3 Hours.

Examination of the biological basis of behavior. Surveys the anatomy, physiology and pharmacology of the mammalian brain and examines brain mechanisms underlying a wide range of behaviors and cognitive processes. Prerequisite: Six hours of psychology, not including PSYC 2013. (Typically offered: Fall)

PSYC 4193. Comparative Psychology. 3 Hours.
Analysis of animal behavior from an evolutionary perspective, with emphasis on the role of the environment and interactions with other animals in shaping the evolution of behavior within a species, and the evolution of differences in behavior between species. Prerequisite: Six hours of psychology, not including PSYC 2013. (Typically offered: Spring)

## PSYC 4283. Advanced Seminar. 3 Hours.

A seminar/discussion class covering research in specialized areas of psychology. Students will read original sources and present their ideas and conclusions several formats. Successful completion of the class, including a formal paper in APA style, with a grade of C or better will fulfill the senior writing requirement. Prerequisite: Eighteen hours of psychology including a grade of at least a C in PSYC 3073; senior standing. (Typically offered: Fall and Spring)

## PSYC 4433. Philosophy of Psychology. 3 Hours.

Explores philosophical issues concerning the domain, foundations and methodology of psychology, and the relation of psychological explanations to other scientific and philosophical investigations of the mind. Topics include cognitive architecture and the evolution of minds, extended or embodied cognition, perception and introspection, consciousness and attention, social cognition, thought and language. (Typically offered: Irregular)
This course is cross-listed with PHIL 4433.

## Religious Studies (RLST)

Nikolay Antov
Director of Religious Studies
503 Old Main
479-575-5882

Religious Studies Website (https://fulbright.uark.edu/programs/religiousstudies/)

Minor Program Requirements: Students must complete at least 15 credit hours for the minor. Of those 15 credit hours, only 3 credit hours may be from the introductory courses listed below. The remaining 12 hours must come from upper-level courses (3000-4000) selected from the 3 areas of emphasis listed below. Students must take at least one course in each area of emphasis. A maximum of 6 credit hours from the student's major may be applied toward the minor. Students may petition the Director of Religious Studies to count toward the minor special topics courses or Honors colloquia not listed below but containing significant religious studies content.

## Introductory Courses

Choose one course:
HUMN 2013 Introduction to Buddhism
HUMN 2213 Introduction to World Religions
JWST 2003 Introduction to Judaism
MEST 2003 Introduction to Islam
Areas of Emphasis
Choose at least one course from each area of emphasis and a fourth 12 from any of the areas

## History

| ARHS 4843 | Medieval Art |

PHIL 4023
PHIL 4303 Philosophy of Religion
Total Hours

Topics Courses/Seminars/Honors Colloquia: Students may also choose "topics/seminar" classes or an Honors colloquium in any

Department or Program approved by the director as having a religious studies focus.

## Rhetoric and Writing Studies (RHET)

The minor in Rhetoric and Writing Studies provides non-English majors with advanced instruction in rhetorical studies and document design. Students will learn to examine the roles of language, writing, and communication in different social and professional settings. In addition to receiving practical instruction in effective writing, students will also develop analytical tools for understanding language as social action.

## Requirements for a minor in Rhetoric and Writing Studies

| Students must complete 15 hours from among the following courses: | 15 |
| :--- | :--- |
| ENGL 2003 | Advanced Composition |
| ENGL 2013 | Essay Writing |
| ENGL 2173 | Literacy in America |
| ENGL 3053 | Technical and Professional Writing (ACTS |
|  | Equivalency = ENGL 2023) |
| ENGL 3603 | Topics in Rhetoric and Composition |
| ENGL 4003 | Style and Grammar for Professional Writers |
| ENGL 4903 | Studies in Rhetoric and Composition |

Total Hours

## Social Work (SCWK)

Yvette Murphy-Erby, Director of the School of Social Work Sara Collie, Graduate Program Director
Carly Franklin, Undergraduate Program Director
Ananda Rosa, Field Education Program Director
106 SCSW
479-575-5039
School of Social Work Website (https://fulbright.uark.edu/departments/ social-work/)

The School of Social Work offers an undergraduate major leading to a Bachelor of Social Work degree. The principal objective of the undergraduate social work program is to prepare students for beginning generalist social work practice.

Social work is the professional activity of helping individuals, groups, or communities enhance or restore their capacity for social functioning and creating societal conditions favorable to this goal. Social work is a gratifying career for people who care about others, want to relieve human suffering, like a challenge, and want their work to make a difference in the world. The profession is dedicated to assisting individuals, families, groups, organizations, and communities in reaching their full potential.

Social work is particularly concerned with achieving social and economic justice for vulnerable populations and respecting and valuing human diversity. The School of Social Work at the University of Arkansas reflects the profession's fundamental concerns in its educational goals and objectives. In order to achieve its basic purposes, the school faculty, students, staff, and agency field instructors are involved in a variety of teaching, research, and outreach activities.

## Accreditation

The social work program is fully accredited at the baccalaureate and graduate level by the Council on Social Work Education (CSWE).

## Requirements for B.S.W. in Social Work Pre-Social Work (PSCWK)

The pre-social work program identifies that a student has declared social work as a major but has not yet been accepted into the professional social work core. Students classified as pre-social work are completing the course requirements necessary to qualify for admission into the professional social work core. As members of the School of Social Work, pre-social work students are encouraged to participate in events, opportunities and activities sponsored the School of Social Work in accordance with the student's progress in the program. Once a student is accepted into professional social work core, the student's designation will change to Social Work major.

## Criteria for Admission to B.S.W. Program and Professional Social Work Core

Students may declare themselves as pre-social work at any point, however formal admission to the professional core is required before a student is allowed to take the following courses that comprise the professional social work core:

| SCWK 4073 | Social Work Research and Technology I | 3 |
| :--- | :--- | :--- |
| SCWK 4103 | Human Behavior and the Social Environment II | 3 |
| SCWK 4333 | Social Work Practice I | 3 |
| SCWK 4343 | Social Work Practice II | 3 |
| SCWK 4733 | Social Work Practice III | 3 |
| SCWK 4434 | Social Work Internship I | 4 |
| SCWK 4412 | Field Seminar I | 2 |
| SCWK 4444 | Social Work Internship II | 4 |
| SCWK 4422 | Field Seminar II | 2 |

Each student must meet the following minimum academic course requirements and complete the application process outlined below.

## Minimum Academic Course Requirements

- Maintain a cumulative GPA of 2.5.
- Complete the following 9 courses, each with a grade of " C " or better.

| COMM 1313 | Public Speaking (ACTS Equivalency = SPCH <br> 1003) | 3 |
| :--- | :--- | :---: |
| ENGL 1013 | Composition I (ACTS Equivalency = ENGL 1013) | 3 |
| PLSC 2003 | American National Government (ACTS <br> Equivalency = PLSC 2003) | 3 |
| PSYC 2003 | General Psychology (ACTS Equivalency = PSYC <br> 1103) | 3 |
| SCWK 2133 | Introduction to Social Work | 3 |
| SCWK 3193 | Human Diversity and Social Work | 3 |
| SCWK 4093 | Human Behavior and the Social Environment I | 3 |
| SCWK 4153 | Social Welfare Policy | 3 |
| SOCI 2013 | General Sociology (ACTS Equivalency = SOCI 3 <br>  1013) |  |

Complete BIOL 1543/BIOL 1541L Principles of Biology and Lab or ANTH 1013/ANTH 1011L Biological Anthropology and Lab with a grade of "D" or better.

Students must have at least a 2.5 GPA in the 10 courses listed above.

## Application Process

The application process must be completed by the announced application deadline prior to the semester in which the student will enroll in SCWK 4333 Social Work Practice I. The application packet includes the following materials:

Application Form. This form becomes the cover sheet for the application packet. Application forms are available from the online B.S.W. Student Handbook or from the social work webpage (https://fulbright.uark.edu/ departments/social-work/undergraduate/admissions.php).

Volunteer/Work Experience Form. This form provides documentation of satisfactory completion of the volunteer experience assignment in SCWK 2133 Introduction to Social Work or equivalent and submission of a positive "Supervisor's Reference Form" from the supervisor of the experience. A minimum of 30 hours of work or volunteer experience are required for admission to the Social Work Professional Core. (See appendices of B.S.W. Student Handbook (https://fulbright.uark.edu/ departments/social-work/undergraduate/) for forms).

Personal Statement. This narrative statement should include: motivation for becoming a social worker; relevant work, volunteer or life experiences; strengths and limitations for effective social work practice; personal commitment and agreement to abide by the values and ethics of the social work profession; career goals and indication of fields of practice preference or areas where one would not feel comfortable working.

Ethical Principles/Guidelines for University of Arkansas Social Work Students. By signing this statement you are acknowledging that you have read, understand and agree to abide by and behave in accordance with the "Ethical Principles/Guidelines for Social Work Students." This statement is contained in the admissions packet, and is available from the online B.S.W. Student Handbook (https://fulbright.uark.edu/departments/ social-work/undergraduate/) (see appendices) or from the social work office. A copy of this signed statement will be included in the student's advising file.

Professional Habits Reference Form. This form must be completed by two Social Work professors. These references need to be from SCWK 4153 Social Welfare Policy and SCWK 4093 Human Behavior and the Social Environment I (HBSE I) unless both courses were taken online. If this is the case, the student will choose another Social Work professor they have had in a face-to-face class along with their choice of either their SCWK 4093 or SCWK 4153 professor. If the student has had all Social Work courses in person, they will use both their Policy and HBSE I professors as references. It is the student's responsibility to request the reference from the professors via email. The email should include the student's full name and student ID\#. The instructor will submit the form directly to the B.S.W. Director. If one or both of these courses (SCWK 4093 or SCWK 4153) were successfully completed at another institution, please see the B.S.W. Director for further instructions. In addition, students should be aware that feedback from other faculty will be taken into account during the admission process. Students may view the professional habits reference form in the online B.S.W. Student Handbook (see appendices).

Documentation of Completion of Pre-Professional Courses. Students applying to the professional core must have completed the following courses:

| BIOL 1543 | $\begin{aligned} & \text { Principles of Biology (ACTS Equivalency = BIOL } \\ & 1014 \text { Lecture) } \end{aligned}$ | 3 |
| :---: | :---: | :---: |
| or ANTH 1013 | Introduction to Biological Anthropology |  |
| COMM 1313 | ```Public Speaking (ACTS Equivalency = SPCH 1003)``` | 3 |
| ENGL 1013 | Composition I (ACTS Equivalency = ENGL 1013) | 3 |
| PLSC 2003 | American National Government (ACTS Equivalency = PLSC 2003) | 3 |
| PSYC 2003 | $\begin{aligned} & \text { General Psychology (ACTS Equivalency = PSYC } \\ & \text { 1103) } \end{aligned}$ | 3 |
| SCWK 2133 | Introduction to Social Work | 3 |
| SCWK 3193 | Human Diversity and Social Work | 3 |
| SCWK 4093 | Human Behavior and the Social Environment I | 3 |
| SCWK 4153 | Social Welfare Policy | 3 |
| SOCI 2013 | $\begin{aligned} & \text { General Sociology (ACTS Equivalency }=\text { SOCI } \\ & \text { 1013) } \end{aligned}$ | 3 |

All courses above must be successfully completed with a "C" or better, with the exception of BIOL 1543 or ANTH 1013. Note: Students must have at least a 2.5 GPA in the pre-professional courses listed above.

There are University and College requirements for general education and the Social Work degree in addition to those listed in Items 5 above. Consult your University Catalog, Social Work Student Handbook or your adviser if you have questions about these. The statistics requirement must be taken prior or during SCWK 4073 Social Work Research and Technology I.

Copy of current transcript documenting the minimum academic course requirements listed above.

The above materials are submitted to the B.S.W. Program Director and reviewed by the B.S.W. Admission Committee. If the Admissions Committee has any questions concerning the content of the materials, the student may be asked to interview with a faculty member to resolve any questions or to provide additional information.

Upon completion of the materials review and interview (if necessary), the student will be informed in writing by the B.S.W. Program Director of his or her admission status.

There are three possible admission decisions:
Unconditional Admission: These students have demonstrated through their application materials (and interview, if required) that they have the motivation and potential for competent professional social work practice and that they agree to uphold and conduct themselves in accordance with the values and ethics of professional social work practice. In addition, these students have at least a 2.5 GPA in the pre-professional courses and have an overall GPA of 2.5 .

Conditional Admission: Students with deficiencies related to the admission criteria may be granted conditional admission to the major. Students must resolve any pending issues within the time frame identified by the admission committee. Students will receive a letter that outlines the deficiencies and a plan to resolve the concerns. The letter will include specific deadlines and must be signed by both the student and the B.S.W. director. The student will be unconditionally admitted once they have met
the conditions outlined by the plan. Conditional admission may be granted for low GPA or non-GPA concerns such as writing skills, assertiveness, stress management, or working with diverse populations.

Non-acceptance: A decision of non-acceptance will be made when the student is found to be unsuited for professional social work practice. There are two criteria for non-acceptance: 1) the lack of acceptable academic performance necessary to successfully complete the requirements of the social work program, and/or 2) the inability to demonstrate commitment to social work values and ethics as they are reflected in the "Ethical Principles and Guidelines for UA Social Work Students" document that is available on-line in the B.S.W. Student Handbook and included with the forms for applying to the professional social work core (see Appendices). A decision of non-acceptance will result in the student's inability to progress in the social work program. In the event of non-acceptance, assistance with a transfer to another major will be provided upon request.

## Criteria for Retention and Continuation

In addition to the admission process, the B.S.W. Program also has requirements for retention and continuation in the major.

## Retention

Maintenance of an overall GPA of 2.5 .
Maintenance of a 2.5 GPA in social work courses.
Students must abide by and behave in accordance with the "Ethical Principles/Guidelines for UA Social Work Students".

Social work students should not engage in any activity or behavior which, according to university policy or regulations, would result in dismissal from the university community. Such activity or behavior includes, but is not limited to, sexual harassment, physical or sexual assault, and academic dishonesty. (See Undergraduate Studies Catalog for description of Academic Dishonesty, and Undergraduate Studies Catalog, Appendix C: Student Handbook for details).

## Continuation and Grading Policies

A grade of $C$ or better must be earned in all social work courses. If a student receives a grade of $D$ or $F$ in one of the professional social work core courses, the course must be retaken with a grade of $C$ or better prior to taking the course for which that course serves as a prerequisite.

1. Once matriculated into the B.S.W. program, B.S.W. students who earn a D or $F$ will be allowed to repeat this course one time. Students can repeat up to two different social work courses.
2. A student may repeat a course from which they earned a W no more than one time.
3. Any professional social work core course in which the student receives a grade of I (Incomplete) must be satisfactorily completed (with a grade of C or better) prior to entering the course for which the course receiving the Incomplete is a prerequisite.
4. Any core social work course in which the student receives a grade of 'l' (Incomplete) must be satisfactorily completed (with a grade of C or better) prior to entering the course for which the course receiving the Incomplete is a prerequisite. For example, a student receiving an 'l' in SCWK 4093 may not take SCWK 4103 or SCWK 4333 until SCWK 4093 is completed with a final grade.
5. If the student's core and/or overall GPA falls below the 2.5 GPA required for retention, the student may remain in the B.S.W. program
and take up to an additional 15 credit hours to raise their GPA to the required level. Failure to do so within these parameters will result in dismissal from the B.S.W. program. Students will be referred to the Fulbright Advising Center to change their major course of study.

## Criteria for Termination

Students may be terminated from the B.S.W. Program for the following reasons:

1. Failure to maintain minimum GPA requirements ( 2.5 cumulative overall, 2.5 for all social work courses). See item 5 under Continuation and grading policies.
2. Failure to earn a C or better in a professional social work core course after the second attempt.
3. Engaging in any activity or behavior which, according to university policy or regulations, would result in dismissal from the university community. Such activity or behavior includes, but is not limited to, sexual harassment, physical or sexual assault, and academic dishonesty.
4. Engaging in any activity or behavior incompatible with the "Standards for Social Work Education" via the process outlined in the Three Levels of Review (Section 3.2 of "Standards for Social Work Education").

Students engaging in any activity or behavior incompatible with the "Standards for Social Work Education" (available online and with the materials for application to the professional social work core; see Appendices) will result in a review by the School of Social Work's Student Retention and Success Committee. Details of the referral process for a review by the Student Retention and Success Committee can be found online in the B.S.W. Student Handbook and in the Standards for Social Work Education document.

The School of Social Work utilizes a level system to address student activity and behaviors that constitute a violation of the "Standards for Social Work Education." A Level 1 referral includes an intervention provided by an individual instructor. A Level 2 referral is made if continued issues arise after a Level 1 referral or if a student's actions take place outside of the classroom setting. Level 2 referrals require a remediation plan to address concerns and a meeting with the appropriate Program Director (B.S.W. or Field Directors). A Level 3 referral is made in cases in which a remediation plan has not been successful, or the action/behavior constitutes a serious violation. A Level 3 referral is reviewed by the Student Retention and Success Committee. If a referral is made to the Student Retention and Success Committee, this may result in termination by the School of Social Work or a decision that continuation is contingent upon completion of a corrective action plan specified by the School.

Students who disagree with these decisions may appeal. Procedures for this entire process are found in the Standards for Social Work Education. Students in the field program are governed by the UA School of Social Work Field Manual and the UA student handbook. Note: Students that have been terminated from the B.S.W. Program as a result of the having engaged in any activity or behavior incompatible with the "Standards for Social Work Education" are not eligible to re-apply for admission to the program.

## Requirements for a Major in Social Work

In addition to the state minimum core (p. 81) and the Fulbright College of Arts and Sciences Graduation Requirements (http:// catalog.uark.edu/undergraduatecatalog/collegesandschools/ jwilliamfulbrightcollegeofartsandsciences/), the following cognate and
major course requirements must be met. Bolded courses from the list below may be applied to portions of the state minimum core requirements.

| BIOL 1543 <br> \& BIOL 1541L | Principles of Biology (ACTS Equivalency = BIOL 1014 Lecture) <br> and Principles of Biology Laboratory (ACTS Equivalency $=$ BIOL 1014 Lab) |
| :---: | :---: |
| or ANTH 1013 \& ANTH 1011L | Introduction to Biological Anthropology Land Introduction to Biological Anthropology Laboratory |
| COMM 1313 | $\begin{aligned} & \text { Public Speaking (ACTS Equivalency }=\text { SPCH } \\ & \text { 1003) } \end{aligned}$ |
| $\begin{aligned} & \text { ENGL } 2003 \\ & \text { or ENGL } 2013 \end{aligned}$ | Advanced Composition Essay Writing |
| HIST 1113 | Institutions and Ideas of World Civilizations I (ACTS Equivalency = HIST 1113) |
| HIST 1123 | Institutions and Ideas of World Civilizations II (ACTS Equivalency = HIST 1123) |
| PHIL 2003 | Introduction to Philosophy (ACTS Equivalency = PHIL 1103) |
| or PHIL 2103 | ```Introduction to Ethics (ACTS Equivalency = PHIL 1003)``` |
| PLSC 2003 | American National Government (ACTS Equivalency = PLSC 2003) |
| PSYC 2003 | General Psychology (ACTS Equivalency = PSYC 1103) |
| SOCI 2013 | ```General Sociology (ACTS Equivalency = SOCI 1013)``` |

One Statistics Course
Six hours of 3000- or 4000-level courses from AAST, ANTH, COMM,
GEOS, HESC, PLSC, PSYC, SOCI and courses applicable to gender studies as approved by the School of Social Work
Six hours of a single world language beginning at the $1013 \quad 6$
Elementary II level or higher. ${ }^{1}$
And 45 semester hours of social work courses including:

| SCWK 2133 | Introduction to Social Work | 3 |
| :--- | :--- | :--- |
| SCWK 3193 | Human Diversity and Social Work | 3 |
| SCWK 4073 | Social Work Research and Technology I | 3 |
| SCWK 4093 | Human Behavior and the Social Environment I | 3 |
| SCWK 4103 | Human Behavior and the Social Environment II | 3 |
| SCWK 4153 | Social Welfare Policy | 3 |
| SCWK 4333 | Social Work Practice I | 3 |
| SCWK 4343 | Social Work Practice II | 3 |
| SCWK 4412 | Field Seminar I | 2 |
| SCWK 4422 | Field Seminar II | 2 |
| SCWK 4434 | Social Work Internship I | 4 |
| SCWK 4444 | Social Work Internship II | 4 |
| SCWK 4733 | Social Work Practice III | 3 |
| Two Social Work | Electives | 6 |

${ }^{1}$ World language courses at the 1003 Elementary I level cannot be used to satisfy any part of the social work major's six-hour world language requirement.

Students must adhere to requirements cited for each social work course. A grade of " $C$ " or better must be earned in all core social work courses. If
a student receives a grade of " $D$ " in a core social work course, the course must be retaken with a grade of " $C$ " or better prior to taking the course for which that course serves as a prerequisite.

Writing Requirement: Social work students complete the research/ analytical writing requirement by passing SCWK 4073 with a C or better.

## Social Work B.S.W. <br> Eight-Semester Degree Program

Students wishing to follow the eight-semester degree plan should see the Eight-Semester Degree Policy (p. 67) for university requirements of the program. State minimum core (p. 81) hours may vary by individual, based on placement and previous credit granted. Once all core requirements are met, students may substitute a three-hour (or more) general elective in place of a core area.

| First Year |  | Units <br> Spring |
| :--- | ---: | ---: |
| ENGL 1013 Composition I (ACTS Equivalency | 3 |  |
| = ENGL 1013) (Satisfies General Education |  |  |
| Outcome 1.1) |  |  |
| Satisfies General Education Outcome 2.1: |  |  |
| MATH 1203 College Algebra (ACTS Equivalency = | 3 |  |
| MATH 1103) (either math 1203 or Math 1313) |  |  |
| or MATH 1313 Quantitative Reasoning (ACTS |  |  |
| Equivalency = MATH 1113) |  |  |
| Select one of the following (Satisfies General | 3 |  |
| Education Outcome 3.3): |  |  |
| PLSC 2003 American National Government |  |  |
| (ACTS Equivalency = PLSC 2003) |  |  |
| PSYC 2003 General Psychology (ACTS |  |  |
| Equivalency = PSYC 1103) |  |  |
| SOCI 2013 General Sociology (ACTS |  |  |
| Equivalency = SOCI 1013) |  |  |
| State Minimum Core Fine Arts Course (Satisfies |  |  |
| General Education Outcome 3.1) |  |  |
| 1013 Elementary II World Language Course (or |  |  |
| higher level, depending on placement) |  |  |

| SCWK 3633 | Child Welfare: 21st Century Perspectives |
| SCWK 4643 | Child Advocacy IV: Global Issues in Child Welfare |

## Requirements for a Minor in Social Work

18 hours including SCWK 2133, SCWK 3193, and SCWK 4153 (required) and any other nine hours of social work electives. A student must notify the department of his or her intent to minor. The social work minor is not preparation for social work practice and is not recognized by the CSWE.

## Requirements for a Minor in Substance Use Disorders

The minor in substance use disorders is designed to educate students in various aspects of substance use disorders. Students must notify the School of Social Work of intention to pursue this minor.

18 hours are required for the minor.
Students must pass the following three courses with a C or better:

| SCWK 4143 | Addiction and the Family | 3 |
| :--- | :--- | :--- |
| SCWK 4213 | The Diagnosis and Treatment of Substance Use <br> Disorders | 3 |
| SCWK 4243 | Impact of Policy on Addiction | 3 |
| Choose three of the following courses and pass each one with a C or | 9 |  | better:

| SCWK 3163 | On Death and Dying |
| :--- | :--- |
| SCWK 3233 | Contemporary Issues in Juvenile Justice |
| SCWK 3013 | Child Advocacy I: Perspectives on Child <br> Maltreatment and Child Advocacy |
| SCWK 4013 | Child Advocacy II: Professional and System <br> Responses to Child Maltreatment |
| SCWK 4023 | Child Advocacy III: Responding to the Survivor of <br> Child Abuse |
| SCWK 4093 | Human Behavior and the Social Environment I |
| SCWK 4153 | Social Welfare Policy |
| SCWK 3633 | Child Welfare: 21st Century Perspectives |
| SCWK 3193 | Human Diversity and Social Work |

Total Hours

## Requirements for a Child Advocacy Studies Training Undergraduate Certificate

The Child Advocacy Studies Training online certificate program is designed to better prepare future child protection workers, law enforcement officers, and other child-serving professionals in child welfare. Students may only receive credit for the minor or the certificate, but not both. Admission requirements for the Child Advocacy Studies Training online certificate program:

- Meet the admission requirements for the University of Arkansas.
- Complete 60 semester hours of credit from a regionally accredited institution of higher education.

Course requirements for an undergraduate certificate in Child Advocacy Studies Training (CHAS) include 9 credit hours:

SCWK 3013
SCWK 4013
SCWK 4023

Child Advocacy I: Perspectives on Child Maltreatment and Child Advocacy
Child Advocacy II: Professional and System Responses to Child Maltreatment
Child Advocacy III: Responding to the Survivor of Child Abuse

Requirements for Departmental Honors in Social Work: The Departmental Honors Program in Social Work is an upper-division course of study with an independent investigation on a topic in social work. Students work closely with an adviser of their choice to define the goals of an honors project and to develop it to completion. They must take 12 hours (which may include 6 hours of thesis) in Honors Studies. In developing the project, students are encouraged to take honors courses, participate in honors colloquia, and do extensive background reading. The honors thesis may entail a library research project, a social work intervention project to be conducted in the field, or a policy analysis project. A research study that requires original data collection and analysis is preferred. In any case, the honors work is a serious long-term undertaking that should have direct value in supplementing the student's regular departmental academic program. Enrollment in SCWK 399VH takes place after the student has done background reading and has actually begun a project. Students normally enroll in this course for three hours of credit. The course may be repeated for an additional 3 hours of credit if the student's project is an extensive one. Regardless of the type of project, it is presented in written form and defended at an oral examination before an Honors Council Committee. Projects of extraordinarily high quality may be designated High Honors by the Committee. Successful completion of the requirements will be recognized by the award of the distinction "Social Work Scholar Cum Laude" at graduation. Higher degree distinctions are recommended only in truly exceptional cases and are based upon the whole of the candidate's program of honors studies.

## Faculty

Allbright, Sara, M.S.W (University of Arkansas), B.S. (John Brown University), Lecturer, 2018.
Atwood, Casey, B.S.W. (University of Arkansas), Lecturer, 2013.
Barnett, Tracey, PhD. (University of Texas at Arlington), M.S.W. (University of Alabama), Assistant Professor, 2018.
Bennett, Marion, Ph.D. (University of North Carolina at Chapel Hill), M.S.W. (University of Pennsylvania), B.S.W (Hampton University), Assistant Professor, 2023.
Bostian-Neal, Elisabeth, M.S.W., B.S.W. (University of Arkansas), Lecturer, 2020.
Bryson, Sarah J., M.S.W. (Colorado State University), Lecturer, 2014. Christy, Kameri, Ph.D., M.S.W. (University of Kansas), B.A. (University of Missouri-Kansas City), Professor, 2003, 2013.
Clingan, Shelley Diane, M.S.W. (University of Arkansas at Little Rock), Lecturer, 2014.
Collie, Sara J., M.S.W. (University of Arkansas at Little Rock), B.A.
(University of Arkansas), Associate Professor, 2011.
Dickson, Ernestine, M.S.W. (Florida State University), B.S.W. (University of Florida), Lecturer, 2020.
Elliot, Jonathan, M.S.W. (University of Texas at Austin), B.S.W. (University of Alabama), Lecturer, 2019.
Ferguson, Alishia Juanelle, Ph.D., M.S., B.A. (University of Texas Arlington), Clinical Associate Professor, 2008, 2022.
Fields, Lashawnda, Ph.D., M.S.W. (Washington University), Assistant Professor, 2020.

Franklin, Carly T.S., M.S.W. (University of Arkansas), Clinical Associate Professor, 2014, 2021.
Freeman, Katherine, M.S.W. (University of Georgia), B.A. (University of Arkansas), Lecturer, 2017.
Gallagher, John M., Ph.D., M.S.W. (Arizona State University), B.A. (State University of New York at Plattsburgh), Associate Professor, 2016, 2022.
Hurd, Debra, Ph.D., M.P.A., B.A. (University of Arkansas), Clinical Professor, 1992, 2012.
Long, Christiane, Ph.D. (Our Lady of the Lake University-San Antonio), M.S.W. (University of Arkansas at Little Rock), B.S. (University of Central Arkansas), Assistant Professor, 2022.
Moore, Brian, M.S.W, B.S.W (University of Arkansas), Lecturer, 2004.
Murphy-Erby, Yvette, Ph.D. (University of North Carolina at Greensboro), M.S.W. (University of North Carolina, Chapel Hill), B.A. (University of North Carolina, Charlotte), Professor, 2004, 2013.
Nolen, Erin, Ph.D. (University of Texas at Austin), M.S.W., B.S.W. (Baylor University), Assistant Professor, 2023.
Page, Patricia, J.D. (University of Arkansas at Little Rock), M.S.W. (Florida State University), B.S.W. (University of Arkansas), Lecturer, 2014. Parker, Betty, M.S.W., B.S.W. (University of Arkansas), Lecturer, 2013, 2017.

Payne, Whitney, M.S.W (University of Arkansas), B.S.W (University of Alaska-Anchorage), Clinical Assistant Professor, 2013, 2014.
Plassmeyer, Mark P., Ph.D. (University of Denver), M.S.W. (University of Pittsburg), B.A (Fort Lewis College), Assistant Professor, 2019.
Rosa, Ananda, M.S.W. (University of Arkansas at Little Rock), B.A.
(University of Arkansas), Clinical Associate Professor, 2010, 2022.
Scott, Adrienne R., M.S.W. (University of Texas, Arlington), B.A.
(University of Arkansas), Clinical Assistant Professor, 2014, 2022.
Shobe, Marcia A., Ph.D. (University of Kansas), M.S.W. (University of Hawaii at Manoa), B.A. (State University of New York at Plattsburgh), Professor, 2007, 2012.
Spears, Kari R., M.S.W., B.A. (University of Arkansas), Instructor, 2016.
Stauss, Kim, Ph.D. (University of Utah), M.S.W. (California State University at Sacramento), B.S. (Stephen F. Austin State University), Associate Professor, 2006, 2012.
Stephens, Mary Paige, M.S.W., B.A. (University of Missouri-Columbia), Lecturer, 2013.
Thomas, Johanna, Ph.D., M.S.W. (Louisiana State University), B.A. (University of Akron), Associate Professor, 2015, 2022.
Thomas, Stephanie, M.S.W. (University of Maryland at Baltimore), B.S. (Old Dominion University), Lecturer, 2017.
Torres, Maria, M.S.W., B.S.W. (University of Arkansas), Lecturer, 2020.
Tyler, Susan, M.S.W., B.S.W (University of Arkansas), Clinical Assistant Professor, 2018.
Valandra, Ph.D., M.S.W. (University of Minnesota), M.B.A., B.S. (University of Nebraska at Omaha), Associate Professor, 2013, 2019.
Woodruff, Emily, M.S.W., B.S. (University of Illinois at Urbana-
Champaign), Clinical Assistant Professor, 2022.

## Courses

SCWK 2133. Introduction to Social Work. 3 Hours.
Introduction to social work as a profession and to social welfare institutions from the perspective of the generalist, entry level social worker. Emphasis on empowerment function of social work. (Typically offered: Fall, Spring and Summer)
SCWK 3013. Child Advocacy I: Perspectives on Child Maltreatment and Child Advocacy. 3 Hours.
Introductory course in child advocacy studies training. Covers the history, comparative perspectives, legal framework, responses to child maltreatment, skills necessary to do the work, other pertinent issues pertaining to child maltreatment and child advocacy. (Typically offered: Fall)

SCWK 3163. On Death and Dying. 3 Hours.
Reviews the theory and humanistic importance of the concepts of death and dying in society. An experimental option and interdisciplinary faculty presenters will be part of the format. (Typically offered: Irregular)

## SCWK 3193. Human Diversity and Social Work. 3 Hours.

An introduction to information basic concepts related to human diversity and social work. Provides content on differences and similarities in the experiences, needs, and beliefs of people distinguished by race, ethnicity, culture, class, gender, sexual orientation, religion, physical or mental ability, age or national origin. Prerequisite: On-campus sections for Social Work major, minor, or Pre-SCWK students only; Online sections are open to all majors. (Typically offered: Fall, Spring and Summer)
SCWK 3233. Contemporary Issues in Juvenile Justice. 3 Hours.
This course is designed as a discussion of contemporary issues in juvenile justice. The focus is on the child and family system, including various theories related to underlying causes for involvement in the juvenile courts. This course will also describe the current workings of the juvenile court system and implications for the future. (Typically offered: Fall, Spring and Summer)
SCWK 3633. Child Welfare: 21st Century Perspectives. 3 Hours.
Study of the needs of deprived children with some attention to methods and standards of care. Cultural competence and family-centered practice are emphasized. (Typically offered: Irregular)
SCWK 399VH. Honors Course. 1-18 Hour.
Honors course. Prerequisite: Junior standing. (Typically offered: Irregular) May be repeated for up to 12 hours of degree credit.

SCWK 4013. Child Advocacy II: Professional and System Responses to Child Maltreatment. 3 Hours.
Continuation of Child Advocacy Studies I. Focuses on the responses of professionals to allegations of child maltreatment. Covers competency-based skills training including forensic interviewing and documentation. Prerequisite: SCWK 3013. (Typically offered: Spring)
SCWK 4023. Child Advocacy III: Responding to the Survivor of Child Abuse. 3 Hours.
Continuation of Child Advocacy Studies II. Provides training to recognize the effects of child maltreatment and to develop intervention strategies for children and their families. Outside experiential activities for this course involve court room observations. Prerequisite: SCWK 3013 and SCWK 4013. (Typically offered: Summer)

## SCWK 405V. Special Topics in Social Work. 1-6 Hour.

Comprehensive study of various topics of importance in contemporary social welfare and social work practice. Prerequisite: Junior standing. (Typically offered: Irregular) May be repeated for degree credit.
SCWK 4073. Social Work Research and Technology I. 3 Hours.
An overview of forms and sources of social work research including existing social data, techniques for collecting original social data, and techniques of organization, interpretation, and presentation of data. Students will also become proficient in the use of current technology for social work research and practice. Pre- or Corequisite: One of the following: STAT 2303, SOCI 3303 and SOCI 3301L, PSYC 2013, or ESRM 2403. Prerequisite: SCWK 4093 and SCWK 4153. (Typically offered: Fall and Spring)
SCWK 4093. Human Behavior and the Social Environment I. 3 Hours.
Provides a conceptual framework for knowledge of human behavior and the social environment with a focus on individuals. Social systems, life-course, assets, and resiliency-based approaches are presented. Special attention is given to the impact of discrimination and oppression on the ability to reach or maintain optimal health and well-being. Prerequisite: COMM 1313, PSYC 2003, SOCI 2013, SCWK 2133, and SCWK 3193 and (BIOL 1543 and BIOL 1541L, or ANTH 1013 and ANTH 1011L). (Typically offered: Fall and Spring)

SCWK 4103. Human Behavior and the Social Environment II. 3 Hours.
This course applies the basic framework for creating and organizing knowledge of human behavior and the social environment acquired in HBSE I to the understanding of family, group, organizational, community, and global systems. Attention is given to discrimination, oppression, the impact of technology, and poverty at each system level. Prerequisite: SCWK 4093 and SCWK 4153. (Typically offered: Fall and Spring)

## SCWK 4143. Addiction and the Family. 3 Hours.

Introduction to the biophysical basis of chemical and behavior compulsions with special focus on family impacts. Childhood development within addictive families is also examined. Social work intervention with substance abusing families is highlighted. (Typically offered: Irregular)

## SCWK 4153. Social Welfare Policy. 3 Hours.

Describes and analyzes the policies and services rendered by local, state, regional, national, and international agencies as well as the policy implications for social work practice. Students prepare to advocate social policy changes designed to improve social conditions, promote social and economic justice, and to empower at-risk populations. Prerequisite: COMM 1313, PLSC 2003, SCWK 2133, and SCWK 3193. (Typically offered: Fall and Spring)
SCWK 4163. African American Perspectives of Trauma, Loss, and Recovery. 3 Hours.
Explores dimensions of trauma, loss, and recovery within the lived experiences of African American individuals, families, and communities in the United States. Prerequisite: Junior standing or instructor consent. (Typically offered: Fall) This course is cross-listed with AAST 4163.
SCWK 4173. Social Work with African American Families. 3 Hours.
An overview of historical and contemporary issues of African American families using culturally competent and strengths based frameworks. Focuses on the Black family as a social institution. Covers current trends affecting Black families, historical influences, evaluation of social policies, and programs of today. Prerequisite: Junior standing or instructor consent. (Typically offered: Irregular)
This course is cross-listed with AAST 4173.
SCWK 4183. Social Work With Elders. 3 Hours.
Survey of theories of gerontology, service programs and unmet needs of the aging citizen. (Typically offered: Irregular)
SCWK 4213. The Diagnosis and Treatment of Substance Use Disorders. 3 Hours.
Explores the use and abuse of drugs and alcohol with an emphasis on evidencebased treatment approaches to help engage and treat chemically dependent clients. Best practices to be reviewed will include Motivational Interviewing (MI), Cognitive Behavioral Therapy (CBT), harm reduction approaches, Medication Assisted
Treatment (MAT), and Dialectical Behavioral Therapy (DBT). (Typically offered: Fall, Spring and Summer)

## SCWK 4243. Impact of Policy on Addiction. 3 Hours.

Explores the history of drug policy in the United States, focusing on the relationship between people, drugs, and the criminalization of certain substances. Examines how other countries have developed and utilized harm reduction and decriminalization approaches and policies. (Typically offered: Fall, Spring and Summer)
SCWK 4253. Spirituality and Social Work Practice. 3 Hours.
This course prepares students to respond competently and ethically to diverse spiritual and religious perspectives. Utilizing social work ethics and values as a guide, students will develop a comparative, critically reflective approach to practice. Prerequisite: SCWK 3193 or instructor consent. (Typically offered: Fall and Spring)

## SCWK 4333. Social Work Practice I. 3 Hours.

This is the first in the sequence of practice courses introducing students to the generalist approach to micro social work. This course focuses on developing a solid foundation for practice with individuals, including learning basic communication and helping skills, values, principles, and the connection of theory to practice. Pre- or Corequisite: SCWK 4103. Prerequisite: SCWK 4093 and SCWK 4153. (Typically offered: Fall and Spring)

## SCWK 4343. Social Work Practice II. 3 Hours.

This is the second course in the social work practice sequence, emphasizing theories, models, and techniques related to generalist practice with families and groups. The course elaborates on system theory as it impacts groups and families, and use of experiential teaching methods. Prerequisite: SCWK 4103 and SCWK 4333. (Typically offered: Fall and Spring)

## SCWK 4412. Field Seminar I. 2 Hours.

An integrative seminar to assist students in comparing their practice experiences, integrating knowledge acquired in the classroom, and expanding knowledge beyond the scope of the practicum setting. Corequisite: SCWK 4434 and social work majors only. (Typically offered: Fall, Spring and Summer)

## SCWK 4422. Field Seminar II. 2 Hours.

An integrative seminar to assist students in comparing their practice experiences, integrating knowledge acquired in the classroom, and expanding knowledge beyond the scope of the practicum setting. Corequisite: SCWK 4444. Prerequisite: Social Work majors only. (Typically offered: Fall, Spring and Summer)

## SCWK 4434. Social Work Internship I. 4 Hours.

Arranged in connection with social service agencies. Credit is based on completion of all course objectives, including a minimum of 220 hours of field work under the supervision of a licensed social worker. Corequisite: SCWK 4412. Prerequisite: Social work major, SCWK 4073, SCWK 4103, and SCWK 4333. (Typically offered: Fall, Spring and Summer)

## SCWK 4444. Social Work Internship II. 4 Hours.

Arranged in connection with social service agencies. Credit is based on completion of all course objectives, including a minimum of 220 hours of field work under the supervision of a licensed social worker. Corequisite: SCWK 4422. Prerequisite: SCWK majors only, SCWK 4343, SCWK 4733 and SCWK 4434. (Typically offered: Fall, Spring and Summer)

## SCWK 4523. Ethics and Aging. 3 Hours.

Explores the complexities of aging and ethical decision making with older adult clients. Students learn to identify ethical dilemmas and to appreciate structured ethical decision making, generalizing the information learned across all populations served. (Typically offered: Irregular)
SCWK 4643. Child Advocacy IV: Global Issues in Child Welfare. 3 Hours.
Prepares students to identify, assess, and respond to the various historical and contemporary factors impacting the welfare of children around the world and focuses on factors such as health, maltreatment, culture, policy, education, and social advocacy. (Typically offered: Fall, Spring and Summer)

SCWK 4733. Social Work Practice III. 3 Hours.
Students acquire and practice the skills, knowledge, and values necessary for culturally competent generalist social work practice with organizations and communities. Special attention is given to the implications of discrimination and oppression for attaining social and economic justice. Pre- or Corequisite: SCWK 4103 and SCWK 4343. Prerequisite: SCWK 4333. (Typically offered: Fall and Spring)

## SCWK 4753. Grantwriting. 3 Hours.

Provides advanced theoretical and practical approaches to program planning and development in order to write grant applications. Emphasis is placed on the importance of developing the practice skills of program planning, understanding program performance, identifying funders, responding to requests for proposals and writing successful grant proposals. (Typically offered: Irregular)

SCWK 496V. Independent Study. 1-6 Hour.
Independent Study designed to meet the particular needs of individual students. (Typically offered: Irregular) May be repeated for up to 6 hours of degree credit.

## Sociology (SOCI)

Shauna Morimoto
Department Chair
211 Old Main
479-575-3205
Department of Sociology and Criminology Website (http:// fulbright.uark.edu/departments/sociology/)

The Department of Sociology and Criminology offers a major leading to a Bachelor of Arts degree in sociology. Sociology is a comprehensive liberal arts degree that provides an excellent foundation and springboard for working in today's diverse social, organizational and business environments. The Sociology major provides marketable skills in research, theory, and data analytics and knowledge related to social institutions, interactions, cultures, social inequality, and organizations. We offer robust undergraduate internship opportunities (https:// fulbright.uark.edu/departments/sociology/internships/) that help sociology students develop a better understanding of a prospective career and determine whether their interests match a chosen career path, while simultaneously gaining experience with professionals in the field.

The department also offers a major in criminology (p. 364), double major in sociology and criminology, a minor in sociology (https:// fulbright.uark.edu/departments/sociology/undergraduate-programs/ minor-in-sociology.php) and a fully online minor in criminal justice (https:// online.uark.edu/programs/minor-criminal-justice.php). Our students also may pursue a dependent major in sociology and African and African American studies (p. 288).

For requirements for an M.A. degree in sociology, including criminology concentration, see the Graduate School Catalog (http://catalog.uark.edu/ graduatecatalog/programsofstudy/sociologyandcriminologysoci/).

## University and College Requirements for a Bachelor of Arts in Sociology

In addition to the Fulbright College of Arts and Sciences Graduation Requirements (see under Degree Completion Program Policy), the following course requirements must be met.

State minimum core requirements may vary by individual, based on placement and previous credit granted. Once all core requirements are met, students may substitute with general electives in consultation with their academic advisor. Courses marked with an asterisk may also count toward the State Minimum Core.

| State Minimum Core <br> Select one course from the following: | 35 |  |
| :--- | :--- | ---: |
| MATH 2043 | Survey of Calculus (ACTS Equivalency = MATH <br> 2203) | $3-4$ |
| MATH 2053 | Finite Mathematics * |  |

World language up to the Elementary II level (1013) or higher
31 credit hours hours in sociology (SOCI) courses listed below. 31

| SOCI 2013 | ```General Sociology (ACTS Equivalency = SOCI 1013)``` |  |
| :---: | :---: | :---: |
| SOCI 3193 | Race, Class, Gender, and Sexuality |  |
| SOCI 3223 | Social Psychology |  |
| SOCI 3301L | Social Data and Analysis Laboratory |  |
| SOCI 3303 | Social Data and Analysis |  |
| SOCI 3313 | Social Research |  |
| SOCI 3423 | Social Theory |  |
| SOCI 4043 | Seminar in Sociology |  |
| Nine credit hours in sociology (SOCI) courses numbered 3000level or higher |  |  |
| Any UA offered credit hours 3000-level or higher |  | 2 |
| Any 3000-level or higher credit hours or any 2000-level credit hours that have a course prerequisite. |  | 7 |
| General Electives |  | 36 |
| Total Hours |  | 120 |

Writing Requirement: To fulfill the Fulbright College writing requirement, each sociology major will submit, prior to graduation, a substantial research or analytical paper, with a grade of "A" or "B" from an upper-division sociology course (3000-, 4000-, or 5000-level) to their departmental adviser. Satisfactory completion of an honors project or a senior thesis may fulfill this requirement.

## Sociology B.A. Eight-Semester Degree Program

Students enrolling in the eight-semester degree plan should review the Eight-Semester Degree Completion Policy (p. 67).

State minimum core requirements may vary by individual, based on placement and previous credit granted. Once all core requirements are met, students may substitute with general electives in consultation with their academic advisor.

| First Year | Units <br> Spring |  |
| :--- | ---: | ---: |

Requirement (Satisfies General Education
Outcomes 1.2 and 6.1) ${ }^{1,2}$
SOCI 4043 Seminar in Sociology 3
General Electives
Year Total:
15 15

Requirements for a Minor in Sociology: 18 semester hours in sociology to include SOCI 2013, SOCI 3313, SOCI 3423 and at least nine hours of 3000-level classes or above, of which no more than three hours can come from CRIM. A student must notify the department of her or his intent to minor.

## Requirements for Departmental Honors in Sociology: The

 Departmental Honors Program in Sociology is an upper-division course of study based on independent investigation on a scholarly topic of sociological interest. To be eligible for sociology honors candidacy, students normally will have completed 28 semester hours and not more than 85 semester hours with a minimum cumulative grade-point average of 3.5 . They must take 12 hours in Honors Studies, which may include 6 hours of thesis. In the junior year, three hours of directed reading, planning, or other work on a research problem should be selected from the following courses:| SOCI 399VH | Honors Course | $1-6$ |
| :--- | :--- | ---: |
| SOCI 403V | Individual Study in Sociology | $1-3$ |
| SOCI 4043 | Seminar in Sociology | 3 |

In the senior year, the student will complete an honors project for up to six hours of credit in SOCI 399VH Honors Course. This honors research project will normally consist of an empirical investigation but may, with the approval of the honors director and the other departmental representatives, be intensive library research on a topic. All candidates
must pass an oral examination given by an Honors Council Committee. Successful completion of the requirements will be recognized by the award of the distinction "Sociology Scholar Cum Laude" at graduation. Higher degree distinctions are recommended only in truly exceptional cases and are based upon the whole of the candidate's program of honors studies.

## Sociology (B.A.) Teacher Licensure in Social Studies Requirements:

Please refer to the Secondary Education Requirements (p. 276) for Fulbright College Students.

Students wanting to teach social studies in middle school should consult with a middle level adviser in the College of Education and Health Professions.

## Faculty

Adams, Douglas James, Ph.D., M.A. (University of Arizona), Associate Professor, 1995, 2002.
Allison, Kayla, Ph.D., (Indiana University-Bloomington), M.A. (University of Arkansas), B.A. (Indiana University-Bloomington), Assistant Professor, 2020.

Angton, Alexia, Ph.D., M.S., B.A. (lowa State University Ames), Assistant Professor, 2022.
Bustamante, Juan Jose, Ph.D. (Michigan State University), M.S., B.A. (University of Texas Pan American), Associate Professor, 2012, 2018.
Drawve, Grant R., Ph.D. (University of Arkansas at Little Rock), M.A.,
B.A. (Southern Illinois University), Associate Professor, 2016, 2021.

Engen, Mindy Sue, Ph.D., M.A. (Pennsylvania State University), B.S. (Georgia State University), Professor, 2005, 2017.
Engen, Rodney L., Ph.D. (University of Washington), M.S., B.S. (University of Wisconsin-Milwaukee), Associate Professor, 2009.
Fitzpatrick, Kevin M., Ph.D. (State University of New York at Albany), M.A. (University of South Carolina at Columbia), B.A. (Susquehanna University), University Professor, Bernice Jones Chair in Community, 2005, 2014.
Gruenewald, Jeffrey A., Ph.D. (Michigan State University), Professor, 2019, 2022.
Harris, Casey Taggart, Ph.D., M.A. (Pennsylvania State University), B.S. (Texas A\&M University), Professor, 2011, 2023.
Holyfield, Lori C., Ph.D. (University of Georgia), M.A., B.S.E. (University of Arkansas), Professor, 1995, 2012.
Morimoto, Shauna, Ph.D., M.S. (University of Wisconsin-Madison), B.A. (University of Pittsburgh), Professor, 2008, 2023.
Niño, Michael D., Ph.D. (University of North Texas), M.A., B.S. (West Texas A\&M University), Assistant Professor, 2020.
Paez, Rocio Alejandra, Ph.D., M.A., B.A. (University of Arkansas at Little Rock), Teachinig Associate Professor, 2018, 2023.
Sabon, Lauren, Ph.D. (University of Tennessee-Knoxville), M.S/M.A. (Marshall University), B.S., B.A. (West Virginia University), Teaching Associate Professor, 2014, 2017.
Shields, Christopher A., Ph.D., J.D., M.A., B.A. (University of Arkansas), Teaching Associate Professor, 2003, 2017.
Thomas, Shaun A., Ph.D., M.A. (Louisiana State University), B.A. (University of Akron), Professor, 2015, 2023.
Worden, Steven K., Ph.D. (University of Texas at Austin), M.A., B.A. (Portland State University), Associate Professor, 1986.
Yang, Song, Ph.D., M.S. (University of Minnesota-Twin Cities), M.A. (Nankai University, China), B.A. (Branch College of Nankai, China), Professor, 2002, 2016.
Zajicek, Anna, Ph.D. (Virginia Polytechnic Institute and State University), M.S., B.S. (University of Silesia, Poland), Professor, 1994, 2006.

Zhang, Meredith, Ph.D., M.A. (The Ohio State University), B.A. (Susquehanna University), Assistant Professor, 2022.

## Courses

SOCI 2013. General Sociology (ACTS Equivalency = SOCI 1013). 3 Hours.
Applies a sociological perspective and develops critical thinking. Focuses on culture, identity, race, ethnicity, gender, class inequality, crime, deviance, globalization, social change, and social institutions. Overview of sociological theories and methods for systematic understanding of society. (Typically offered: Fall, Spring and Summer)

## SOCI 2013H. Honors General Sociology. 3 Hours.

Develops critical thinking, writing, and research skills by applying a sociological perspective. Focuses on culture, identity, race, ethnicity, gender, class inequality, collective behavior, crime, deviance, globalization, social change, and social institutions. Overview of sociological theories and methods for systematic understanding of society. (Typically offered: Fall, Spring and Summer) This course is equivalent to SOCI 2013.

SOCI 2033. Social Problems (ACTS Equivalency = SOCI 2013). 3 Hours. Sociological analysis of major social problems, with emphasis placed on social justice, poverty and economic inequality, racial and ethnic relations, gender, crime, education, and other contemporary issues. Develops critical thinking. (Typically offered: Irregular)
SOCI 3001L. Social Science Data Analytics Lab. 1 Hour.
Provides opportunities to implement social science data analytics skills through completing a series of data modules. The course prepares students to interpret data meaningfully within a variety of future employment fields. Students gain familiarity working with a number of marketable datasets, such as those generated by big data. Prerequisite: SOCI 2013. (Typically offered: Fall and Spring)

SOCI 3011. Special Topics. 1 Hour.
Designed to develop the tools to write effectively in the social sciences, including skills related to organizing manuscripts, writing problem statements, identifying and synthesizing research, and revising and editing. Prerequisite: SOCI 2013 or CRIM 2003. (Typically offered: Fall and Spring) May be repeated for up to 3 hours of degree credit.
This course is cross-listed with CRIM 3011.

## SOCI 3023. Criminological Theory. 3 Hours.

Advanced survey of theories of crime causation. Examines broad sociological paradigms, as well as both individual and aggregate-level explanations of crime causation. Applies criminological theories to contemporary issues associated with crime and criminal justice. Prerequisite: SOCI 2013. (Typically offered: Fall and Spring)
This course is equivalent to CRIM 3023.

## SOCI 3053. Serial Crime. 3 Hours.

Exploration of the historical development of criminal profiling related to serial homicide, serial sex crimes, serial stalking, and serial arson. Examination of behavioral and criminological theories, focusing on different profiling techniques and their strengths and challenges. Case studies and published research on serial crime will be used whenever possible. Prerequisite: SOCI 2013. (Typically offered: Irregular)
This course is cross-listed with CRIM 3053.
SOCI 3063. Victimology. 3 Hours.
Introduction to the scientific study of victimization. Examines conceptual boundaries of victimology research, covers theories, statistics and trends relevant to victimology; reviews the victim blaming and defending perspectives; explores practical applications of victimology, and evaluates the social, legal, and criminological issues that stem from concern over victims. Prerequisite: SOCI 2013. (Typically offered: Fall and Spring)
This course is cross-listed with CRIM 3063.

## SOCI 3153. Urban Sociology. 3 Hours.

Examines growth of cities, urban inequalities, politics, social movements, built environment, ecology, sustainability, cultural identity, global cities, and immigration. Implications considered for policy and planning. Prerequisite: SOCI 2013. (Typically offered: Irregular)

## SOCI 3173. Latinos, Migration, and the U.S. South. 3 Hours.

Examines social, economic, and population changes in the U.S. South, including shift of Latinos' settlement patterns, actions taken by policy makers to adapt to new demographic context, and mechanisms immigrants use to facilitate their induction into the southern community. Prerequisite: SOCI 2013. (Typically offered: Fall)
SOCI 3193. Race, Class, Gender, and Sexuality. 3 Hours.
A critical examination of the layers of the global systems that shape and construct social inequalities. Overview of sociological theories and research on how race, class, gender, and sexuality intersect and function separately to organize systems of inequality. Prerequisite: SOCI 2013. (Typically offered: Fall and Spring)

SOCI 3193H. Race, Class, Gender, and Sexuality in America. 3 Hours.
A critical examination of the layers of the global systems that shape and construct social inequalities. Overview of sociological theories and research on how race, class, gender, and sexuality intersect and function separately to organize systems of inequality. Prerequisite: Honors candidacy, SOCI 2013 or SOCI 2013H and junior standing. (Typically offered: Fall and Spring)
This course is equivalent to SOCI 3193.

## SOCI 3203. Corrections and Social Control. 3 Hours.

Overview of correctional systems and punishment. Focuses on theories of correctional philosophies, practices, and procedures, along with the historical development and modern practices of corrections, sentencing, facilities, and issues facing correctional populations. Also examines principles and practices of treatment and rehabilitation in correctional settings. Prerequisite: CRIM 2003. (Typically offered: Fall and Spring)
This course is cross-listed with CRIM 3203.

## SOCI 3223. Social Psychology. 3 Hours.

A sociological approach to the study of the interaction between society and the self with an emphasis upon reference groups such as the family, friends, work, lifestyle, and deviance. Prerequisite: SOCI 2013. (Typically offered: Fall and Spring)

## SOCI 3263. Families and Social Change. 3 Hours.

A sociological analysis of the diversity and inequality that exists among families, and the ways in which families have and continue to change over time. Topics discussed include sex, gender, and sexuality, race, ethnicity, and immigration, class and economic transformations. Prerequisite: SOCI 2013. (Typically offered: Spring)

## SOCI 3273. Sociology of China. 3 Hours.

Examines many aspects of Chinese people, their cultures, and practices, and also looks at Chinese Americans in the U.S. both historically and currently. Prerequisite: SOCI 2013. (Typically offered: Irregular)
This course is cross-listed with AIST 3273.

## SOCI 3301L. Social Data and Analysis Laboratory. 1 Hour.

The lab is an extension of the lecture in SOCI 3303. Using a variety of computer packages, the lab provides practical experience in managing and analyzing social data. Corequisite: SOCI 3303. (Typically offered: Fall and Spring)

SOCI 3301M. Honors Social Data and Analysis Laboratory. 1 Hour.
The lab is an extension of the lecture in SOCI 3303. Using a variety of computer packages, the lab provides practical experience in managing and analyzing social data. Corequisite: SOCI 3303H. Prerequisite: Honors candidacy. (Typically offered: Fall and Spring)
This course is equivalent to SOCI 3301 L .

SOCI 3303. Social Data and Analysis. 3 Hours.
Introduction to descriptive and inferential statistics, with special emphasis on common techniques in social research. Course focuses on the practical usage of data and application to real-world issues. Corequisite: SOCI 3301L. Prerequisite: SOCI 2013 and junior standing. (Typically offered: Fall and Spring)

SOCI 3303H. Honors Social Data and Analysis. 3 Hours.
Introduction to descriptive and inferential statistics, with special emphasis on common techniques in social research. Course focuses on the practical usage of data and application to real-world issues. Corequisite: SOCI 3301L. Prerequisite: Honors candidacy, SOCI 2013 and junior standing. (Typically offered: Fall and Spring)
This course is equivalent to SOCI 3303.
SOCI 3313. Social Research. 3 Hours.
Study and experience in implementing a methodological "toolbox," including theorizing, designing, measuring, sampling, collecting, interpreting, and reporting empirical results for real-world social research applications. Prerequisite:
SOCI 2013. (Typically offered: Fall and Spring)
SOCI 3313H. Honors Social Research. 3 Hours.
Study and experience in implementing a methodological "toolbox," including theorizing, designing, measuring, sampling, collecting, interpreting, and reporting empirical results for real-world social research applications. Prerequisite: Honors candidacy, SOCI 2013 and junior standing. (Typically offered: Fall and Spring) This course is equivalent to SOCI 3313.

## SOCI 3413. Special Topics. 3 Hours.

Offerings vary; check for particular course topics offered. Designed to cover specialized topics in greater depth than regular survey courses provide. Prerequisite: SOCI 2013. (Typically offered: Irregular) May be repeated for up to 6 hours of degree credit.

## SOCI 3413H. Honors Special Topics. 3 Hours.

Offerings vary; check for particular course topics offered. Designed to cover specialized topics in greater depth than regular survey courses provide. Prerequisite: Honors candidacy and SOCI 2013 or SOCI 2013H. (Typically offered: Irregular) May be repeated for up to 6 hours of degree credit.
This course is equivalent to SOCl 3413.

## SOCI 3423. Social Theory. 3 Hours.

Examines the philosophical underpinnings of sociology; introduces notable classical and contemporary social theorists; develops an appreciation for the ways classical works continue to form the basis for contemporary social thought. Prerequisite: SOCI 2013. (Typically offered: Fall and Spring)

## SOCI 3423H. Honors Social Theory. 3 Hours.

Examines the philosophical underpinnings of sociology; introduces notable classical and contemporary social theorists; develops an appreciation for the ways classical works continue to form the basis for contemporary social thought. Prerequisite: Honors standing and SOCI 2013. (Typically offered: Fall and Spring)
This course is equivalent to SOCI 3423.
SOCI 3453. Immigration and Crime. 3 Hours.
Provides a comprehensive foundation of the relationship between immigration, one of the most powerful forces that influences a nation's social fabric, and crime. Focuses not only on U.S. immigration but also crime in the global context. Prerequisite: SOCI 2013. (Typically offered: Fall) This course is cross-listed with CRIM 3453.

## SOCI 3513. Criminal Evidence. 3 Hours.

Examination of how evidence is collected, processed, and presented in court, with an emphasis on the competing interests of crime control and individual liberties.
Prerequisite: CRIM 2003. (Typically offered: Fall)

## SOCI 3723. Deviant Behavior. 3 Hours.

Sociological overview of disconcerting conduct: its definition, theoretical understandings and research. Specific topics may include: interpersonal violence, self-destructive disorders, controversial lifestyles, substance abuse, as well as the relationship between inequality and disturbing acts. Prerequisite: SOCI 2013. (Typically offered: Fall and Spring)
This course is cross-listed with CRIM 3723.
SOCI 399VH. Honors Course. 1-6 Hour.
Honors. Prerequisite: Junior standing. (Typically offered: Fall and Spring) May be repeated for up to 12 hours of degree credit.

SOCI 4003. Internship in Sociology. 3 Hours.
Supervised experience in municipal, county, or state agencies, or any other agency which is approved by the instructor. Prerequisite: SOCI 2013. (Typically offered: Fall, Spring and Summer) May be repeated for up to 6 hours of degree credit.

## SOCI 4013. Special Topics in Sociology. 3 Hours.

Offerings vary; check for particular course topics offered. Designed to cover specialized topics in greater depth than regular survey courses provide. Prerequisite: SOCI 2013. (Typically offered: Fall and Spring) May be repeated for up to 6 hours of degree credit.

## SOCI 4013H. Honors Special Topics in Sociology. 3 Hours.

Offerings vary; check for particular course topics offered. Designed to cover specialized topics in greater depth than regular survey courses provide. Prerequisite: Honors candidacy and SOCI 2013 or SOCI 2013H. (Typically offered: Fall and Spring) May be repeated for up to 6 hours of degree credit.
This course is equivalent to SOCI 4013.

## SOCI 403V. Individual Study in Sociology. 1-3 Hour.

In-depth individual or group study with a faculty member on advanced sociological readings and/or participation in supervised research as an experience-based course. Faculty permission required in advance of enrollment. (Typically offered: Fall, Spring and Summer) May be repeated for up to 6 hours of degree credit.

## SOCI 4043. Seminar in Sociology. 3 Hours.

Capstone course in sociology. This course is intended to apply and demonstrate the knowledge and skills developed over a college career. Sociological theory and current research findings are applied to everyday life. Emphasis is given to personal, professional and career development. Prerequisite: Senior standing. (Typically offered: Fall and Spring)

## SOCI 4063. Organizations in Society. 3 Hours

Review of literature on work and organizations, with focus on race, class, gender inequalities, and interactions between society and organizations; discussion of topics related to white collar crime and deviant behavior inside modern corporations. Prerequisite: SOCI 2013. (Typically offered: Spring)
This course is cross-listed with CRIM 4063.
SOCI 4143. Juvenile Justice. 3 Hours.
Examination of juvenile justice system and juvenile crime, including historical development of the system and treatment of juvenile delinquents along with legal, correctional, and treatment processes and philosophies. Emphasis on current issues facing delinquents, the system, and delinquency prevention in addition to trends in juvenile crime. Prerequisite: CRIM 2003. (Typically offered: Fall and Spring) This course is cross-listed with CRIM 4143.

## SOCI 4153. Race and Society. 3 Hours.

Sociological study of race within the U.S., with an emphasis on understanding how race operates within contemporary social institutions. Critical engagement and discussion of topics relating to race will be encouraged. Prerequisite: SOCI 2013 or AAST 1003 or AAST 2023. (Typically offered: Fall)
This course is cross-listed with AAST 4153.

## SOCI 4183. Social Network Analysis. 3 Hours.

Introduces the fundamentals of Social Network Analysis (SNA), and its applications for research in various social science fields. Prerequisite: SOCI 2013. (Typically offered: Fall)

This course is cross-listed with PLSC 4613.
SOCI 4233. Death Penalty. 3 Hours.
Examines problems and social issues related to the death penalty in the U.S., including the history of capital punishment, Supreme Court decisions, how various jurisdictions seek the death penalty, the comparative costs of incarceration and execution, miscarriages of justice, and how the criminal justice system responds to these issues. Prerequisite: CRIM 2003 or SOCI 2013. (Typically offered: Irregular) This course is cross-listed with CRIM 4233.

SOCI 4253. Social Impact of Data Analytics. 3 Hours.
Teaches students to assess social science data by raising awareness regarding the social impacts of data analytics. Particular attention is paid to the ethical issues involved in the potential benefits and risks across each of the four phases of the data cycle: data collection, consolidation, analytics, and use. Prerequisite: SOCI 2013. (Typically offered: Spring)

## SOCI 4263. Sociology of Mental Health and IIIness. 3 Hours.

Develops critical thinking, writing, and research skills by applying a sociological perspective to studying mental health and illness, including definitions, theories, measurements, and social correlates. Prerequisite: SOCI 2013. (Typically offered: Fall and Spring)

SOCI 4263H. Honors Sociology of Mental Health and IIIness. 3 Hours.
Develops critical thinking, writing, and research skills by applying a sociological perspective to studying mental health and illness, including definitions, theories, measurements, and social correlates. Prerequisite: SOCI 2013. (Typically offered: Fall and Spring)

This course is equivalent to SOCI 4263.

## SOCI 4603. Environmental Sociology. 3 Hours.

The course provides a social perspective on environmental issues. It examines the linkage between society, ecological systems and the physical environment. It provides conceptual framework(s) for analyzing environmental issues, considers the role of humans in environmental issues, and enhances understanding the complexity of the relationship between societal organization and environmental change. Prerequisite: Junior or above standing. (Typically offered: Spring)
This course is cross-listed with HDFS 4603, SUST 4603.

## Southern Studies (SOST)

Angie Maxwell
Director of Southern Studies
Old Main 506A
479-575-6007
amax@uark.edu
The Southern Studies minor is designed to provide students with a thorough, interdisciplinary grounding in the major themes, issues, and theoretical assumptions concerning southern history, literature, and politics. Students who secure a southern studies minor will be prepared to pursue careers in business, education, law, and in post-graduate work in history, literature, or political science, particularly as it relates to the Southern region of the United States.

Requirements for a Minor in Southern Studies: Students wishing to minor in Southern Studies must take SOST 2003 Introduction to Southern Studies, a 3-credit hour interdisciplinary course that explores the history, politics, literature, and culture of the U.S. South from the colonial era to the present. Students must also take an additional 15 elective credit hours
( 5 courses) from among numerous options listed below. Only 6 hours can count toward the requirements of another major or minor.

## Select five courses:

AAST 3233 African American History to 1877
or HIST 323:African American History to 1877
AAST 3243 African American History Since 1877 or HIST 3243African American History Since 1877
AAST 4093
or HIST 409:
AAST 3293 Black Politics
or PLSC 329Black Politics
AAST 4383 The American Civil Rights Movement or HIST 438: The American Civil Rights Movement
AAST 4933 African American Political Ideology
or PLSC 493African American Political Ideology
ENGL 3113 Folklore
ENGL 3853 Topics in African-American Literature and Culture
ENGL 3863 Topics in Literature and Culture of the American South
HIST 4503 History of Political Parties in the United States, 1789-1896
HIST 4563 The Old South, 1607-1865
HIST 4573 The New South, 1860 to the Present
HIST 4583 Arkansas in the Nation *
or HIST 338:Arkansas and the Southwest
HIST 4593 The Colonial French in the Mississippi Valley or WLLC 305Bhe Colonial French in the Mississippi Valley
HIST 4653 Antebellum America, 1828-1850
HIST 4663 Rebellion to Reconstruction, 1850-1877
HIST 4673 The American Civil War
PLSC 3213 The South and the Law: Race, Gender, and Citizenship
PLSC 3223 Arkansas Politics and the Nation ${ }^{1}$
PLSC 4333 Southern Politics
SOCI 3173 Latinos, Migration, and the U.S. South
SOST 399V Special Topics in Southern Studies ${ }^{2}$

## Total Hours

1 A maximum of 6 hours can be taken in Arkansas-specific courses.
2 A maximum of 6 hours of SOST 399V Special Topics in Southern Studies may be taken.

## Courses

SOST 2003. Introduction to Southern Studies. 3 Hours.
A three credit hour interdisciplinary course that explores the history, politics, literature, and culture of the U.S. South from the colonial era to the present. Students who minor in Southern Studies will be required to take Introduction to Southern Studies. (Typically offered: Fall Odd Years)

SOST 399V. Special Topics in Southern Studies. 1-3 Hour.
Topics that explore the American South which are not usually presented in depth in regular courses. (Typically offered: Irregular) May be repeated for up to 6 hours of degree credit.

## Statistics (STAT)

Giovanni Petris

Director of Statistics Program
314 Science-Engineering Building

## Requirements for a Minor in Statistics:

Coursework used toward the mathematics major may not be applied toward a statistics minor.

MATH $2554 \quad$ Calculus I (ACTS Equivalency $=$ MATH 2405) 4
12 hours of STAT courses, including 9 hours in courses numbered 12 3000 and above.

## Total Hours

## Courses

STAT 2303. Principles of Statistics (ACTS Equivalency = MATH 2103). 3 Hours.
A problem-oriented course with applications from many fields. Emphasis on understanding the nature of statistical orderliness implied by probability laws. Statistical analysis is treated as a means of decision making in the face of uncertainty. Prerequisite: MATH 1203 with a grade of C or better, or MATH 1313 with a grade of $C$ or better, or a score of at least 50 on the Math Placement Test, or a score of at least 26 on the math component of the ACT exam, or a score of at least 600 on the math component of the old SAT or 620 on the math component of the new SAT. (Typically offered: Fall, Spring and Summer)

## STAT 2823. Biostatistics. 3 Hours.

An introductory course in biostatistics emphasizing methods for collecting, graphing, and understanding data. Special emphasis is placed upon available methods for both exploratory and confirmatory data analysis. Particular attention is given to statistical methods for data sets with discrete variables. Pre- or Corequisite: MATH 2554. Corequisite: Lab component. (Typically offered: Spring)

## STAT 3001L. Statistics Methods Laboratory. 1 Hour.

Introduction to the statistical software SAS, including its use for common statistical analyses. A practical complement to the statistical methodology covered in STAT 3003. (Typically offered: Fall and Spring)

## STAT 3003. Statistical Methods. 3 Hours.

Describing Data, Basic Probability, Random variables, Uniform, Normal and Binomial Distributions, Sampling Distributions, Confidence Intervals, Hypothesis testing, Correlation and Regression, Contingency table, Comparing two populations, ANOVA. Prerequisite: MATH 2554 or MATH 2554C. (Typically offered: Fall and Spring)

STAT 3013. Introduction to Probability. 3 Hours.
A calculus-based introduction to probability. Discrete probability spaces and counting techniques, discrete and continuous probability distributions, random variables, random samples, law of large numbers, central limit theorem. Prerequisite: MATH 2564. (Typically offered: Fall, Spring and Summer)
This course is cross-listed with MATH 3013.

## STAT 3113. Introduction to Mathematical Statistics. 3 Hours.

A calculus-based introduction to mathematical statistics, revolving around estimation, hypothesis testing, and Bayesian inference. Emphasis is given to the unifying mathematical and decision-theoretical principles that provide a justification to different estimation and testing procedures. Prerequisite: STAT 3013 or departmental consent. (Typically offered: Spring)

## STAT 4013. Statistical Forecasting and Prediction. 3 Hours.

Provides an in depth look at the theory and practice of applied modeling of temporal data for data science, including model building, selection, autocorrelation, autoregression and moving averages, and prediction for correlated data. Students will gain experience using statistical software to learn from data using applied time series and models. Prerequisite: STAT 3003 or department consent. (Typically offered: Fall)

STAT 4023. Bayesian Methods. 3 Hours.
Provides an introductory look at the theory and practice of applied Bayesian modeling for data science: including model building, selection, regularization, classification and prediction. Students will gain experience using statistical software to learn from data using applied Bayesian models. Prerequisite: STAT 3003 or department consent. (Typically offered: Spring)

STAT 4033. Nonparametric Statistical Methods. 3 Hours.
Goodness-of-fit tests, nonparametric inference in one-sample and two-sample location model, one-way and two-way ANOVA, nonparametric measures of association, Empirical distribution function, Bootstrap and Jackknife, Kernel density estimation. Prerequisite: STAT 2823 or STAT 3003 or departmental consent. (Typically offered: Fall)

## STAT 4043. Sampling Techniques. 3 Hours.

Considers optimum techniques of simple random, stratified random, cluster, systematic and multistage sampling from finite populations subject to cost precision constraints. Wide range of applications. Prerequisite: STAT 3003 or department consent. (Typically offered: Fall, Spring and Summer)

STAT 405V. Internship in Professional Practice. 1-3 Hour.
Professional work experience involving significant use of mathematics or statistics in business, industry or government. Prerequisite: Departmental consent. (Typically offered: Fall, Spring and Summer) May be repeated for up to 3 hours of degree credit.

STAT 4101L. Introduction to R. 1 Hour.
A hands-on introduction to R software, a free and open-source computing environment used for data manipulation and analysis across a broad spectrum of subject areas. Intended for new users. Content begins with simple data manipulation, then complex data structures and common statistical procedures are covered. (Typically offered: Fall)

## STAT 4333. Analysis of Categorical Responses. 3 Hours.

Statistical tools to analyze univariate and multivariate categorical responses. Emphasis is given to Generalized Linear Models, including logistic regression and loglinear models. Prerequisite: STAT 3003 or departmental consent. (Typically offered: Spring)

## STAT 4373. Experimental Design. 3 Hours.

Topics in the design and analysis of planned experiments, including randomized block, Latin square, split plot, and BIB designs, use of fractional factorial replication, and repeated measures. Prerequisite: STAT 3003 or department consent. (Typically offered: Spring)

## Theatre (THTR)

Michael Riha
Chair of the Department
619 Kimpel Hall
479-575-2953
Department of Theatre Website (http://fulbright.uark.edu/departments/ theatre/)

The Department of Theatre offers the Bachelor of Arts (B.A.) degree in Theatre, a broad spectrum program in the context of a liberal arts education, and the Master of Fine Arts (M.F.A.) degree in six concentrations: Acting, Directing, Playwriting, Costume Design, Scene

Design and Lighting Design. (Please see the Graduate Catalog for information regarding the M.F.A. Theatre degree (http://catalog.uark.edu/ graduatecatalog/programsofstudy/theatrethtr/).) Classes at both undergraduate and graduate levels are focused on providing a strong, professional orientation to theatre performance and technology in conjunction with appropriate research-based course work to address the required foundations in theatre history, dramatic literature and dramatic criticism.

The educational objectives of the Department of Theatre are centered on producing graduates prepared to enter the competitive world of professional play production as well as a variety of teaching and research fields. In addition a background in Theatre has proven to be a valuable asset to those wishing to pursue a wide range of corporate and industrial occupations.

The play production program is the "laboratory" for study in Theatre. To that end the department produces an average of 10 plays each year involving students in virtually all aspects of production. Auditions are open to all students on campus.

The Department of Theatre also supports course work in Dance, offering a variety of basic and advanced studio courses.

For requirements for the M.F.A. degrees in theatre, see the Graduate School Catalog.

## Requirements for B.A. in Theatre with Design and Technology Concentration

## University and College Requirements for a Bachelor of Arts in Theatre

In addition to the Fulbright College of Arts and Sciences Graduation Requirements (see under Degree Completion Program Policy), the following course requirements must be met.

State Minimum Core (THTR 1003 or THTR 1003H may not fulfill the Fine Arts core requirement for Theatre majors.)

30 credit hours in theatre (THTR) and dance (DANC) courses listed below (DANC is only applicable in the Performance concentration). A grade of ' C ' or better is required in all THTR and DANC courses.

| THTR 1223 | Introduction to Theatre ${ }^{1}$ |
| :---: | :---: |
| THTR 1313 | Stage Technology: Costumes and Makeup |
| THTR 1323 | Stage Technology: Scenery and Lighting |
| THTR 1423 | Script Analysis |
| THTR 1883 | Acting I for Theatre Majors ${ }^{2}$ |
| THTR 2313 | Fundamentals of Theatrical Design |
| THTR 3001 | Production Practicum (one or the other to be completed twice for two credit hours total) |
| or THTR 301Performance Practicum |  |
| THTR 3653 | Directing I |
| THTR 4233 | History of the Theatre $\mathrm{I}^{3}$ |
| THTR 4333 | History of the Theatre II ${ }^{3}$ |
| THTR 4991 | Theatre Capstone |
| 8 credit hours in a single concentration of theatre. Students may hoose from 1) Design and Technology, 2) Performance, or 3) heatre Studies. |  |
| y Fulbright C Fher (number | ege credit hours numbered at the 3000 -level or credit hours depends on concentration) |

Stage Technology: Costumes and Makeup

THTR 1423 Script Analysis
THTR 1883 Acting I for Theatre Majors
THTR 2313 Fundamentals of Theatrical Design
THTR 3001 Production Practicum (one or the other to be completed twice for two credit hours total)
or THTR 301Performance Practicum
THTR 3653 Directing I
THTR 4233 History of the Theatre I
THTR 4333 History of the Theatre II

18 credit hours in a single concentration of theatre. Students may
higher (number of credit hours depends on concentration)

Any UA-Fayetteville credit hours numbered at the 3000-level or higheß-11 (number of credit hours depends on concentration)

Any credit hours numbered at the 3000-level or higher or any 2000level credit hours that have a course prerequisite (number of credit hours depends on concentration)
General Electives (number of credit hours depends on concentrationt)2-27

## Total Hours

1 Theatre majors who have already completed THTR 1003 or THTR 1003H may substitute this course for THTR 1223. Theatre majors may not receive degree credit for both THTR 1003/THTR 1003H and THTR 1223.
2 Fulfills the State Minimum Core--Fine Arts requirement.
${ }^{3}$ Fulfills the Fulbright College writing requirement.

Writing Requirement: The Fulbright College research/analytical paper requirement for theatre majors will be fulfilled in THTR 4233 or THTR 4333. Satisfactory completion of an honors project or senior thesis may fulfill the requirement.

Senior Capstone: All theatre majors are required, in the semester before graduation, to successfully complete the Senior Capstone, a faculty assessment of each student's accomplishments in performance and production.

## Requirements for a Concentration in Design and Technology

Required courses (9 hours)

| THTR 3213 | Costume Design | 3 |
| :--- | :--- | :--- |
| THTR 3733 | Lighting Design | 3 |
| THTR 4653 | Scene Design | 3 |
| Choose 9 hours from the following: | 9 |  |

| THTR 3513 | Drafting for the Theatre |
| :--- | :--- |
| THTR 3683 | Stage Management |
| THTR 3903 | Makeup Design |
| THTR 4063 | Playwriting |
| THTR 4123 | Rendering for the Theatre |
| THTR 4663 | Sound Design and Engineering |
| THTR 4833 | Scene Painting |
| THTR 491V | Special Topics |
| THTR 493V | Special Topics in Design and Technology |
| THTR 4953 | Theatre in London |

Total Hours

## Bachelor of Arts in Theatre with a Concentration in Design and Technology

## Eight-Semester Degree Plan

Students selecting to follow the eight-semester degree plan should see the Eight-Semester Degree Policy (p.67) in the Academic Regulations chapter for University requirements of the program as well as the Fulbright College requirements.

State minimum core requirements may vary by individual, based on placement and previous credit granted. Once all core requirements are met, students may substitute with general electives in consultation with their academic advisor.

| First Year | Units |  |
| :---: | :---: | :---: |
|  | Fall | Spring |
| ENGL 1013 Composition I (ACTS Equivalency = ENGL 1013) (Satisfies General Education Outcome 1.1) | 3 |  |

## Total Units in Sequence:

${ }^{1}$ THTR 1003 or THTR 1003H may be substituted for THTR 1223 if the student has already completed the course. Otherwise, Theatre majors should enroll in THTR 1223.
${ }^{2}$ THTR 1883 satisfies the State Minimum Core--Fine Arts requirement.
${ }^{3}$ The Social Sciences Elective courses which satisfy General Education Outcomes 3.3 and 4.1 include: ANTH 1023, COMM 1023, HDFS 1403, HDFS 2413, HIST 1113, HIST 1113H, HIST 1123 , HIST 1123H, HIST 2093, HUMN 1114H, HUMN 2114H, INST 2813, INST 2813H, PLSC 2013, PLSC 2813, PLSC 2813H, RESM 2853, SOCI 2013, SOCI 2013H, or SOCI 2033.
4 The Social Sciences Elective courses which satisfy General Education Outcome 3.3 include: AGEC 1103, AGEC 2103, ANTH 1023, COMM 1023, ECON 2013, ECON 2023, ECON 2143, EDST 2003,HDFS 1403, HDFS 2413, HDFS 2603, HIST 1113, HIST 1113H, HIST 1123, HIST 1123H, HIST 2003, HIST 2013, HIST 2093, HUMN 1114H, HUMN 2114H, INST 2813, INST 2813H,PLSC 2003, PLSC 2013, PLSC 2203, PLSC 2813, PLSC 2813H, PSYC 2003, RESM 2853, SOCI 2013, SOCI 2013H, or SOCI 2033.
5 Theatre majors must complete two semesters of THTR 3001 prior to graduation; however, students may not complete it more than two times.

6 The Humanities Elective courses which satisfy both the General
Education Outcomes 3.2 and 5.1 include: CLST 1003, CLST 1003H,
CLST 1013, HUMN 1124H, PHIL 2003, PHIL 2003C, PHIL 2003H,
PHIL 2103, or PHIL 2103C.

## Requirements for B.A. in Theatre with Performance Concentration

## University and College Requirements for a Bachelor of Arts in Theatre

below (DANC is only applicable in the Performance concentration). A
grade of ' C ' or better is required in all THTR and DANC courses.

THTR 1223 Introduction to Theatre ${ }^{1}$
THTR 1313 Stage Technology: Costumes and Makeup
THTR 1323 Stage Technology: Scenery and Lighting
THTR 1423 Script Analysis
THTR 1883 Acting I for Theatre Majors ${ }^{2}$
THTR 2313 Fundamentals of Theatrical Design
THTR 3001 Production Practicum (one or the other to be completed twice for two credit hours total)
or THTR 301Performance Practicum

| THTR 3653 | Directing I |  |
| :--- | :--- | :--- |
| THTR 4233 | History of the Theatre I |  |
|  |  |  |
| THTR 4333 | History of the Theatre II |  |

Writing Requirement: The Fulbright College research/analytical paper requirement for theatre majors will be fulfilled in THTR 4233 or THTR 4333. Satisfactory completion of an honors project or senior thesis may fulfill the requirement.

Senior Capstone: All theatre majors are required, in the semester before graduation, to successfully complete the Senior Capstone, a faculty assessment of each student's accomplishments in performance and production.

## Requirements for a Concentration in Performance

| Required courses (12 hours) |  |  |
| :---: | :---: | :---: |
| THTR 2483 | Stage Movement | 3 |
| THTR 2683 | Acting II | 3 |
| THTR 2473 | Voice and Speech for the Actor | 3 |
| THTR 4063 | Playwriting | 3 |
| Choose 6 hours from the following: |  | 6 |
| Any dance (DANC) courses |  |  |
| THTR 2461 | Alexander Technique Lessons (may be completed twice for two credit hours total) |  |
| THTR 3663 | Acting: Scene Study |  |
| THTR 3673 | Acting: Auditioning |  |
| THTR 4141 | Singing for Musical Theatre (may be completed twice for two credit hours total) |  |
| THTR 4153 | Musical Theatre Performance |  |
| THTR 4483 | Acting: Meisner I |  |
| THTR 4493 | Acting: Meisner II |  |
| THTR 4683 | Acting: Shakespeare |  |
| THTR 494V | Special Topics in Performance |  |

## Theatre B.A. with Concentration in Performance <br> Eight-Semester Degree Program

Students selecting to follow the eight-semester degree plan should see the Eight-Semester Degree Policy (p. 67) in the Academic Regulations chapter for university requirements of the program as well as the Fulbright College requirements.

State minimum core requirements may vary by individual, based on placement and previous credit granted. Once all core requirements are met, students may substitute with general electives in consultation with their academic advisor.

| First Year | Units |  |
| :---: | :---: | :---: |
|  | Fall | Spring |

5 The Humanities Elective courses which satisfy both the General Education Outcomes 3.2 and 5.1 include: CLST 1003, CLST 1003H, CLST 1013, HUMN 1124H, PHIL 2003, PHIL 2003C, PHIL 2003H, PHIL 2103, or PHIL 2103C.
${ }^{6}$ Theatre majors must complete two semesters of THTR 3011 prior to graduation; however, students may not complete it more than two times.

## Requirements for B.A. in Theatre with Theatre Studies Concentration

## University and College Requirements for a Bachelor of Arts in Theatre

In addition to the Fulbright College of Arts and Sciences Graduation Requirements (see under Degree Completion Program Policy), the following course requirements must be met.

State Minimum Core (THTR 1003 or THTR 1003H may not fulfill the
Fine Arts core requirement for Theatre majors.)
30 credit hours in theatre (THTR) and dance (DANC) courses listed
below (DANC is only applicable in the Performance concentration). A
grade of ' C ' or better is required in all THTR and DANC courses.
THTR 1223 Introduction to Theatre ${ }^{1}$
THTR 1313 Stage Technology: Costumes and Makeup
THTR 1323 Stage Technology: Scenery and Lighting
THTR 1423 Script Analysis
THTR 1883 Acting I for Theatre Majors ${ }^{2}$
THTR 2313 Fundamentals of Theatrical Design
THTR 3001 Production Practicum (one or the other to be completed twice for two credit hours total)
or THTR 301Performance Practicum
THTR 3653 Directing I
THTR 4233 History of the Theatre $I^{3}$
THTR 4333 History of the Theatre II ${ }^{3}$
THTR 4991 Theatre Capstone
18 credit hours in a single concentration of theatre. Students may 18 choose from 1) Design and Technology, 2) Performance, or 3) Theatre Studies.
Any Fulbright College credit hours numbered at the 3000-level or 0-5 higher (number of credit hours depends on concentration)
Any UA-Fayetteville credit hours numbered at the 3000-level or higheß-11 (number of credit hours depends on concentration)
Any credit hours numbered at the 3000-level or higher or any 2000- 7-9 level credit hours that have a course prerequisite (number of credit hours depends on concentration)
General Electives (number of credit hours depends on concentrationt)2-27

## Total Hours

1 Theatre majors who have already
completed THTR 1003 or THTR 1003H may substitute this course for THTR 1223. Theatre majors may not receive degree credit for both THTR 1003/THTR 1003H and THTR 1223.
2 Fulfills the State Minimum Core--Fine Arts requirement.
${ }^{3}$ Fulfills the Fulbright College writing requirement.

## Requirements for a Concentration in Theatre Studies

| Required courses (12 hours) |  |  |
| :--- | :--- | :--- |
| THTR 2473 | Voice and Speech for the Actor | 3 |

## Total Units in Sequence:

${ }^{1}$ THTR 1003 or THTR 1003 H may be substituted for THTR 1223 if the student has already completed the course. Otherwise, Theatre majors should enroll in THTR 1223.
${ }^{2}$ THTR 1883 satisfies the State Minimum Core Fine Arts requirement.
${ }^{3}$ Theatre majors must complete two semesters of THTR 3001 prior to graduation; however, students may not complete it more than two times.
${ }^{4}$ Students must complete the State Minimum Core (p. 81) and the requirements of their major(s) as outlined in the Catalog of Studies.

These courses also fulfill many, if not all, of the General Education Requirements (p. 72). Please visit these pages in the links provided and consult with your academic advisor when making course selections to fulfill these requirements.

Requirements for a Minor in Theatre: A minimum of 18 credit hours in theatre (THTR) courses with a grade of ' $C$ ' or better to be chosen from the list below.

12 credit hours in Theatre (THTR) or Dance (DANC) courses
numbered at the 1000-level or higher.
6 credit hours in Theatre (THTR) or Dance (DANC) numbered at the 3000-level or higher.

## Total Hours

Requirements for Graduation with Honors in Theatre: Both the College and the Departmental Honors Program in Theatre provide undergraduate students with an opportunity to participate formally in creative and/or scholarly activities. Honors candidates carry out independent study and research under the guidance of the Theatre faculty and participate in special honors classes, seminars and colloquia. Admission to the Fulbright Honors Program is open to Theatre majors with a minimum cumulative grade point average of 3.5 in all of their coursework. Honors candidates must complete a minimum of 12 hours of honors courses, three of which will be THTR 399VH Honors Thesis. (THTR 399VH may be repeated for up to six of these 12 hours.) To successfully complete the required thesis, students should choose an honors thesis adviser as early as possible. An adviser should be selected, and an Honors Agreement completed, no later than the first semester in a student's junior year.

Honors candidates must meet the college's requirements for an honors degree. Students graduating with honors will typically be recognized with the distinction "Theatre Scholar Cum Laude." Higher degree distinctions (magna cum laude and summa cum laude) are awarded by the Honors Council, are recommended only in truly exceptional cases, and are based upon the whole of the candidate's program of honors studies.

## Theatre (B.A.) Theatre/Speech Teacher Licensure Requirements:

Please refer to the Secondary Education Requirements (https://teacher-education.uark.edu/licensure/initial-teacher-licensure-programs.php) for Fulbright College Students.

## Faculty

Burrow, Jason E., M.M. (Ohio University), B.M. (University of Arkansas), Associate Professor, 2015, 2021.
Culhane, Michelle, M.A. (New York University), B.S. (Louisiana State University), Instructor, 2018.
Frank, Kate L., M.F.A. (University of Arkansas), B.F.A. (California State University-Los Angeles), Lecturer, 2006.
Hermanson, Karl, M.F.A. (University of South Dakota), B.A. (Dana College), Instructor, 2018.
Herzberg, Amy, M.F.A. (California Institute of the Arts), B.A. (Arizona State University), Distinguished Professor, 1989, 2015.
Hicks, Morgan, M.F.A. (University of Arkansas), M.A. (Missouri State University), B.F.A. (Arkansas State University), Teaching Assistant Professor, 2007.
Irish, Shawn D., M.F.A. (University of Arkansas), B.A. (Missouri Southern State University), Associate Professor, 2013, 2020.
Jilka, Elizabeth C., M.F.A., B.A. (University of Arkansas), Instructor, 2017.

Johnson, Noah, B.A. (Fort Lewis College), Instructor, 2020.
Landman, Michael, M.F.A. (Columbia University), B.A. (State University of New York at Binghamton), Associate Professor, 2004, 2011.
Lane, Valerie Jean, M.F.A. (Pennsylvania State University), B.F.A. (University of Memphis), Instructor, 2008.
Leblanc, Michelle, M.A (New York University), B.S. (Louisiana State University), Instructor, 2018.
Marzolf, Steven, M.F.A. (University of San Diego), B.A. (University of Wisconsin-Green Bay), Teaching Assistant Professor, 2015.
Micheel, Tyler, M.F.A. (University of South Dakota), B.S. (Dakota State University), Instructor, 2016.
Millett, Joseph D., M.F.A. (University of Southern California), B.A. (Union College), Teaching Assistant Professor, 2015.
Riha, Michael, M.F.A. (Indiana University at Bloomington), B.F.A.
(University of Wisconsin, Stevens Point), Professor, 1992, 2008.
Siebrits, Helene, M.F.A. (University of California, Los Angeles), B.A. (University of California, Los Angeles), Associate Professor, 2020.
Smith, Benjamin C., M.F.A. (University of Pittsburgh), B.A. (University of Dallas), Assistant Professor, 2019.
Vera, Eric, Ph.D (University of Texas at Austin), M.A. (University of Northern Colorado), B.F.A. (University of Texas at Austin), , Gordon Morgan Fellow, 2022.
Wade, Les, Ph.D. (University of California-Santa Barbara), M.F.A. (University of Georgia), M.A. (Duke University), B.A. (Tulane University), Professor, 2011.
Walch, John S., M.F.A. (University of Texas at Austin), B.A. (Colorado College), Associate Professor, 2016, 2022.
Wilkerson, Weston, M.F.A. (University of Tennessee), B.A. (Texas A\&M
University), Associate Professor, 2014.

## Courses

THTR 1003. Theatre Appreciation (ACTS Equivalency = DRAM 1003). 3 Hours. Introduction to theatre arts; playwriting, directing, acting, and design. For the general student. May not be presented towards satisfaction of the B.A. in fine arts requirement by theatre majors. (Typically offered: Fall, Spring and Summer)

THTR 1003H. Honors Theatre Appreciation. 3 Hours.
Introduction to theatre arts; playwriting, directing, acting, and design. For the general student. May not be presented towards satisfaction of the B.A. in fine arts requirement by theatre majors. Prerequisite: Honors candidacy. (Typically offered: Fall and Spring)
This course is equivalent to THTR 1003.
THTR 1013. Musical Theatre Appreciation. 3 Hours.
Includes reading, viewing, guided listening, critical thinking, creating, and writing about this quintessentially American art form and its role in society. (Typically offered: Fall, Spring and Summer)

## THTR 1013H. Honors Musical Theatre Appreciation. 3 Hours.

Includes reading, viewing, guided listening, critical thinking, creating, and writing about this quintessentially American art form and its role in society. Prerequisite: Honors candidacy. (Typically offered: Fall and Spring)
This course is equivalent to THTR 1013.
THTR 1223. Introduction to Theatre. 3 Hours.
This course is designed to create an ensemble of theatre students, passionate about all areas of discipline within the theatre art form. Theatre majors get acquainted with the practical expectations of being a student in the Department of Theatre while gaining a more in-depth appreciation of theatre as a collaborative art form. Prerequisite: Theatre major or minor. (Typically offered: Fall)
This course is equivalent to THTR 1003.

## THTR 1313. Stage Technology: Costumes and Makeup. 3 Hours.

Fundamentals of basic costume construction with an emphasis on techniques, materials, planning and process. Training in the basic principles of theatrical makeup application. Corequisite: Drill component. Prerequisite: Theatre major or instructor consent. (Typically offered: Fall and Spring)

## THTR 1323. Stage Technology: Scenery and Lighting. 3 Hours.

Fundamentals of scenery and lighting technology with emphasis on theatre tools, equipment, and basic drafting. Training in basic principles and skills of stage carpentry, scene painting, lighting technology and rigging. Prerequisite: Theatre major or instructor consent. Corequisite: Drill component. (Typically offered: Fall and Spring)

## THTR 1423. Script Analysis. 3 Hours.

Investigation of the dramatic forms and structures of play texts - from the classical era to the present - with special emphasis on how actors, directors, and designers encounter and realize texts in the production process. (Typically offered: Fall and Spring)

## THTR 1683. Acting I. 3 Hours.

An introductory acting studio course, exploring the physical, vocal, analytical, and imaginative processes required for the performance of dramatic texts. Through exercises and scene study, this course builds a vocabulary and technique for acting. (Typically offered: Fall and Spring)

## THTR 1883. Acting I for Theatre Majors. 3 Hours.

An introductory acting studio course for theatre majors, exploring the physical, vocal, analytical, and imaginative processes required for the performance of dramatic texts. Through exercises and scene study, this course builds a vocabulary and technique that serves as a foundation for theatre classes within the major. Corequisite: Theatre major or minor. (Typically offered: Fall and Spring)

## THTR 2313. Fundamentals of Theatrical Design. 3 Hours.

Principles and practices of theatre design including the elements of design and the fundamental principles of art and their application to the areas of set, costume, and lighting design. This course studies the designer's role in the theatre, design process, and aesthetics. Emphasis on the basic principles of two-dimensional art and graphic forms through the use of various media. Prerequisite: THTR 1313, THTR 1323 and THTR 1423. (Typically offered: Fall)
THTR 2461. Alexander Technique Lessons. 1 Hour.
Students will become aware of habitual patterns of tension and how these patterns interfere with performance, learning, and overall health. The Technique offers practical skills for improving coordination and for re-gaining a sense of ease of movement in all activities. (Typically offered: Fall and Spring) May be repeated for up to 2 hours of degree credit.

## THTR 2473. Voice and Speech for the Actor. 3 Hours.

Develops the student's free, natural voice for use on stage and in front of the camera. Topics address physical awareness, breath awareness, touch of sound, gathering vibrations, channel of sound, spine awareness, resonators, rib awareness, and articulation. Prerequisite: (THTR 1223 or THTR 1003), THTR 1423, and (THTR 1683 or THTR 1883). (Typically offered: Fall and Spring)

## THTR 2483. Stage Movement. 3 Hours.

An introduction to the Psycho-physical approach to acting and actor training developed by Michael Chekhov. Prerequisite: (THTR 1003 or THTR 1223), THTR 1423 and (THTR 1683 or THTR 1883). (Typically offered: Fall and Spring)

## THTR 2683. Acting II. 3 Hours.

An acting studio course deepening the exploration of techniques introduced in Acting I, including expanded work on characterization and script analysis through exercises, scene-work and monologue performance. Prerequisite: THTR 1683 or THTR 1883. (Typically offered: Fall and Spring)

THTR 3001. Production Practicum. 1 Hour.
Credit for participation in technical assignments related to mainstage or facultydirected productions: one (1) credit hour per production. Assignments shall be determined by the faculty. Credit will be awarded only after completion of assignments and only with faculty approval. Pre- or corequisite: Current standing as a THTR Major or Minor or with instructor permission. (Typically offered: Fall and Spring) May be repeated for up to 2 hours of degree credit.
THTR 3011. Performance Practicum. 1 Hour.
Credit for performance in faculty directed productions; one credit hour per production. Assignments shall be determined by the faculty. Credit will be awarded only after satisfactory completion of assignment and with faculty approval. (Typically offered: Fall and Spring) May be repeated for up to 2 hours of degree credit.

## THTR 3213. Costume Design. 3 Hours.

Learn the art and practice of costume design for theatrical productions. Emphasis will be placed on the elements and principles of design as it relates to character development. Additional emphasis will be placed on script analysis, research methods, fabric selection, collaboration, and rendering techniques. Prerequisite: THTR 2313. (Typically offered: Fall Odd Years)

THTR 3463. Introduction to the Alexander Technique. 3 Hours.
The Alexander Technique helps us to become aware of habits of tension and how these patterns interfere with performance, learning, and overall health. The technique offers a systematic process of re-learning how to move with more ease and coordination in all activities. (Typically offered: Summer) May be repeated for up to 6 hours of degree credit.

## THTR 3513. Drafting for the Theatre. 3 Hours.

Covers basic technical drawing and graphic skills necessary to communicate design ideas to fellow artisans. Both production and design-oriented drafting will be explored using both hand drafting and computer techniques. Prerequisite: THTR 1323 or instructor consent. (Typically offered: Fall Even Years)

## THTR 3653. Directing I. 3 Hours.

Basic principles and techniques of play direction, including play analysis, audition and rehearsal organization, staging and collaborating with actors. Pre- or Corequisite: Theatre major and junior or senior standing, or instructor consent. Prerequisite: (THTR 1223 or THTR 1003 or THTR 1003H), THTR 1313, THTR 1323, THTR 1423, and (THTR 1683 or THTR 1883). (Typically offered: Fall and Spring)

## THTR 3663. Acting: Scene Study. 3 Hours.

An advanced acting studio building on techniques introduced in Acting I and II. Intensive work on script analysis, emotional preparation, awakening the imagination, characterization, partner work and playing action. Prerequisite: THTR 2683. (Typically offered: Spring)

## THTR 3673. Acting: Auditioning. 3 Hours.

An advanced acting course, focusing on theatrical monologues and developing the actor's confidence and ability in theatre auditioning. In simulated auditions, students develop and explore contrasting monologues, including contemporary and classical pieces, comedy, and drama. Students practice slating techniques, cold and prepared callbacks, musical auditions, video submissions, and resume preparation. Prerequisite: THTR 2683. (Typically offered: Fall)

## THTR 3683. Stage Management. 3 Hours.

The study of the principles of stage management as practiced in academic and professional theatre. The course develops the core management skills of communication and organization through classroom exercises. The course also provides opportunities for stage management in University productions. Prerequisite: THTR 1313 and THTR 1323. (Typically offered: Spring)

THTR 3733. Lighting Design. 3 Hours.
The study of the art and practice of stage lighting design through demonstration and projects. The course includes lighting technology, history, electricity, fixtures, consoles and control systems. Emphasis is placed on collaboration and storytelling with light. Prerequisite: THTR 2313. (Typically offered: Fall Even Years)

## THTR 3903. Makeup Design. 3 Hours.

Learn the principles, techniques, materials, and tools used in makeup design for theatrical productions. Character analysis, character development, as well as period styles will be the basis for all makeup applications. Specialized make up includes an introduction to prosthetics, scars, and wounds. Prerequisite: THTR 2313. (Typically offered: Irregular)

## THTR 3923H. Honors Colloquium. 3 Hours.

Treats a special topic or issue, offered as part of the honors program. Prerequisite: Honors candidacy (not restricted to candidacy in THTR). (Typically offered:
Irregular) May be repeated for degree credit.
THTR 399VH. Honors Thesis. 1-6 Hour.
The Honor student will complete a thesis. Prerequisite: Junior standing. (Typically offered: Fall, Spring and Summer) May be repeated for up to 12 hours of degree credit.

## THTR 4063. Playwriting. 3 Hours.

A beginning workshop in the fundamentals of playwriting designed for students interested in exploring how their personal stories translate and get expressed theatrically. Exercises in dialogue, character development, conflict, and dramatic structure will culminate in the completion of an original one-act play. Prerequisite: Sophomore standing or greater. (Typically offered: Fall and Spring)

## THTR 4123. Rendering for the Theatre. 3 Hours.

Develops the vocabulary of visual communication for theatre using a variety of media and techniques. Investigation of traditional as well as digital drawing and painting methods and materials used by theatrical designers. Prerequisite: THTR 2313. (Typically offered: Spring Odd Years)

## THTR 4141. Singing for Musical Theatre. 1 Hour.

Private study of the singing voice focusing on musical theatre vocal technique and repertoire. (Typically offered: Irregular) May be repeated for up to 2 hours of degree credit.

## THTR 4153. Musical Theatre Performance. 3 Hours.

Principles and techniques of performing a singing role for the theatre. Examines the relationship between score and text. (Typically offered: Fall Even Years)

## THTR 4233. History of the Theatre I. 3 Hours.

A survey of dramatic literature, theatre practices and cultural contexts for dramatic presentation from classical Greece through the 19th century. The research component of this course fulfills the Fulbright Writing Requirement. Prerequisite: THTR 1223 or THTR 1003 or THTR 1003H. (Typically offered: Fall)

## THTR 4333. History of the Theatre II. 3 Hours.

A survey of dramatic literature from the rise of realism to the present, designed to examine historical context, theatrical convention, modes of storytelling and questions of diversity and inclusion in the theatrical cannon. Prerequisite: THTR 1223 or THTR 1003 or THTR 1003H. (Typically offered: Spring)
THTR 4463. African American Theatre History -- 1950 to Present. 3 Hours. A chronological examination of African-American theatre history from 1950 to the present through the study of African-American plays and political/social conditions. Upon completion of this course the student should be familiar with the major works of African-American theatre and have a deeper understanding of American History. (Typically offered: Irregular)
THTR 4483. Acting: Meisner I. 3 Hours.
This course introduces students to the Sanford Meisner approach to acting. A progressive series of exercises focus on listening, concentration, imagination, working from impulse, and actively connecting to given circumstances. This class is the first in a two course sequence of Meisner study. Prerequisite: THTR 2683. (Typically offered: Fall Odd Years)

## THTR 4493. Acting: Meisner II. 3 Hours.

Continuation of Beginning Meisner Technique. A progressive series of exercises focus on emotional preparation, connection to impulse, and living fully under imaginative circumstances. Prerequisite: THTR 4483. (Typically offered: Spring Even Years)

## THTR 4653. Scene Design. 3 Hours.

Theory and practice in the art of scenic design, including historical and contemporary styles and techniques. Prerequisite: THTR 2313. (Typically offered: Spring Even Years)

## THTR 4663. Sound Design and Engineering. 3 Hours.

The study and application of sound in a theatrical environment covering both technology and design aspects of sound in a live setting. Prerequisite: THTR 2313. (Typically offered: Irregular)

## THTR 4683. Acting: Shakespeare. 3 Hours.

An acting studio course exploring the performance of Shakespearean texts, with focus on scansion, verse and prose, poetry, characterization and voice and articulation. Prerequisite: THTR 2683. (Typically offered: Spring Odd Years)

THTR 4703. Theatre Education: Methods of Instruction. 3 Hours.
Introduces leading theories and practices in theatre instruction for junior high and high school students. Focuses on creating, adapting, and justifying pedagogical strategies as well as the design and implementation of effective theatre curriculum. Prerequisite: CIED 3033 or SEED 4022 or instructor's consent. (Typically offered: Fall)
THTR 4713. Theatre Education: Program Design and Leadership. 3 Hours. Introduces the skills necessary for the successful integration of theatre arts in the secondary school environment. Focuses on the promotion of theatre as a discipline, both in classes and as an co-curricular activity. Advances planning and leadership skills necessary for theatre program directors. Contains one required field experience. Prerequisite: THTR 4703. (Typically offered: Spring)

## THTR 4833. Scene Painting. 3 Hours.

A studio class in painting techniques for the theatre. Exercises in color, textures, styles, and execution. Prerequisite: THTR 2313. (Typically offered: Fall Even Years)

## THTR 490V. Independent Study. 1-3 Hour.

Individually designed and conducted programs of reading and reporting under the guidance of a faculty member. Prerequisite: Instructor consent. (Typically offered: Irregular) May be repeated for up to 3 hours of degree credit.

## THTR 491V. Special Topics. 1-3 Hour.

Classes not listed in the regular curriculum, offered on demand on the basis of student needs and changes within the profession. (Typically offered: Fall, Spring and Summer) May be repeated for degree credit.

THTR 492V. Internship. 1-12 Hour.
A practical, experiential approach to performance and production using the internship program to provide training and experience more advanced than that provided during the normal school year. Students will outline a contract of specific requirements based upon that individual's needs, goals, and skills. Prerequisite: Instructor consent. (Typically offered: Fall, Spring and Summer) May be repeated for up to 12 hours of degree credit.

## THTR 493V. Special Topics in Design and Technology. 1-3 Hour.

Topics not listed in the regular curriculum. Topics related to scenery, costumes, lighting, and sound will be offered on demand to accommodate Design \& Technology focused student needs and changes within the profession. (Typically offered: Irregular) May be repeated for up to 6 hours of degree credit.

## THTR 494V. Special Topics in Performance. 1-3 Hour.

Topics not listed in the regular curriculum. Topics related to acting, directing, and playwriting will be offered on demand to accommodate Design \& Technology focused student needs and changes within the profession. (Typically offered: Irregular) May be repeated for up to 6 hours of degree credit.

THTR 4953. Theatre in London. 3 Hours.
Immerses scholars in the world of theatre and culture in Britain. Students spend four weeks in London with excursions to Stratford-upon-Avon, Oxford and Bath. Literature, performance, design and history are all explored through lectures, field trips and writing prompts. (Typically offered: Summer)

THTR 4991. Theatre Capstone. 1 Hour.
A culminating experience in the major, students will develop a portfolio of work encompassing their undergraduate focus in Performance or Design and Technology. The course concludes with a presentation of their body of work to a panel of Theatre Department faculty akin to a professional audition or portfolio review. (Typically offered: Fall)

## World Languages, Literatures, and Cultures (WLLC)

Linda Carol Jones
Chair of Department
425 Kimpel Hall
479-575-2951
World Languages, Literatures and Cultures Website (http://
fulbright.uark.edu/departments/world-languages/)
The world languages requirement among the basic courses is satisfied based on each separate department's undergraduate degree program. Students should consult their adviser to confirm the total number of courses needed to satisfy their departmental world language requirement. Students who, on the basis of prior knowledge of language, omit one or more courses in the basic language sequence (1003-2013) may receive college credit for omitted courses if they validate their higher placement by passing an advanced course with a grade of " $C$ " or above.

Conversation courses $(3033,4033)$ and self-paced (correspondence) courses may not be used to validate such prior knowledge.

For majors in Greek and Latin, go to Classical Studies (p. 355).
For information on advanced degrees in world languages, go to the Graduate School Catalog.

## Requirements for B.A. in Arabic

Requirements for a Major in Arabic: In addition to the state minimum core (p. 81) and the Fulbright College of Arts and Sciences Graduation Requirements (http://catalog.uark.edu/undergraduatecatalog/ collegesandschools/jwilliamfulbrightcollegeofartsandsciences/), the following departmental and major course requirements must be met.

## State Minimum Core

Six hours of language-related courses to be fulfilled by completing six hours of a single world language different than the major, or six hours from any combination of language-related area/ethnic studies courses, department-approved WLLC courses (such as WLLC 3173, WLLC 4023, WLLC 4033), or classical studies (CLST) courses.
Arabic Courses (24 hours)
ARAB 3016 Immersive Arabic III ${ }^{1}$ 6
$\begin{array}{ccc}\text { or ARAB } & \text { 3016 Honors Immersive Arabic III } & \\ \text { ARAB } 4016 \quad \text { Immersive Arabic IV }\end{array}$
or ARAB 4016HHonors Immersive Arabic IV
ARAB 3033 Colloquial Arabic
3

Six hours of ARAB electives 3000-level or higher in language,
literature, and culture, selected in consultation with the major advisor.
Additional Studies Requirement
55 additional credit hours required for the degree must include whatever coursework is necessary for the completion of an additional major or minor in any field other than Arabic, or completion of the College Honors core. Within these 55 hours, also, 6 credit hours must be completed towards the University Residency Requirement, and 16 credit hours must be completed towards the 40-hour Rule. Any remaining credit hours can be completed as general electives or applied towards further additional major or minor requirements.

## Total Hours

1 ARAB 1016 and ARAB 2016 or equivalent may be required prior to taking ARAB 3016.

## Total Units in Sequence:

${ }^{1}$ The Humanities Electives that satisfy both General Education Outcomes 3.2 and 4.1 include:
ANTH 1033, CLST 1003, CLST 1003H, CLST 1013, HIST 1113, HIST 1113H, HIST 1123, HIST 1123H, HUMN 1124H, HUMN 2213, LALS 2013, MUSY 2003, MUSY 2003H, WLIT 1113, WLIT 1123, or Intermediate-level world language (usually 2003-level).
2 The Social Sciences Electives that satisfy both General Education Outcomes 3.3 and 5.1 include:
HDFS 1403, HDFS 2603, HIST 2093, HUMN 1114H, HUMN 2114H, INST 2813, INST 2813H, PLSC 2813, or PLSC 2813H.
${ }^{1}$ ARAB 1016 and ARAB 2016 or equivalent may be required prior to taking ARAB 3016.

Substitutions for courses in this list can be approved by Arabic major advisers (for example, for study abroad credits and transfer credits).

## Requirements for B.A. in French

University and College Requirements for a Bachelor of Arts in French: In addition to the Fulbright College of Arts and Sciences Graduation Requirements (see under Degree Completion Program Policy), the following course requirements must be met. The list of University/State Minimum Core courses can be found here (http:// catalog.uark.edu/undergraduatecatalog/academicregulations/ universitycore/).

## University/State Minimum Core

Six hours of language-related courses to be fulfilled by completing six hours of a single world language different than the major, or six hours from any combination of language-related area/ethnic studies courses, department-approved WLLC courses (such as WLLC 2413, WLLC 3173, WLLC 4023, WLLC 4033), or classical studies (CLST) courses.

## Total Hours

${ }^{1}$ FREN 1003, 1013, 2003, and 2013 or equivalent may be required prior to taking FREN 3003.

Writing Requirement: The college writing requirement may be satisfied by a term paper or other written work submitted for an upper-division world language literature class approved by the chair of the department.

## French B.A. <br> Eight-Semester Degree Program

Students wishing to follow the eight-semester degree plan should see the Eight-Semester Degree Policy (p. 67) for university requirements of the program. The following eight-semester plan refers to both University Core and additional departmental requirements as presented above. Hours may vary by individual, based on placement and previous credit granted. Once all core and departmental requirements are met, students may substitute a three-hour (or more) general elective in place of a core area.

## Total Units in Sequence:

${ }^{1}$ The Social Sciences Elective courses which satisfy General Education Outcome 3.3 include: AGEC 1103, AGEC 2103, ANTH 1023, COMM 1023, ECON 2013, ECON 2023, ECON 2143, EDST 2003, HDFS 1403, HDFS 2413, HDFS 2603, HIST 1113, HIST 1113H, HIST 1123, HIST 1123H,HIST 2003, HIST 2013, HIST 2093, HUMN 1114H, HUMN 2114H, INST 2013, INST 2813, INST 2813H, PLSC 2003, PLSC 2013, PLSC 2203, PLSC 2813, PLSC 2813H, PSYC 2003, RESM 2853, SOCI 2013, SOCI 2013H, or SOCI 2033.
2 The Social Sciences Elective courses which satisfies both General Education Outcomes 3.3 and 5.1 include: HDFS 1403, HDFS 2603, HIST 2093, HUMN 1114H, HUMN 2114H, INST 2013, INST 2813, INST 2813H, PLSC 2813, or PLSC 2813H.
${ }^{3}$ The Fine Arts Elective courses which satisfy General Education Outcome 3.1 include: ARCH 1003, ARHS 1003, COMM 1003, DANC 1003, LARC 1003, MLIT 1003, MLIT 1003H, MLIT 1013, MLIT 1013H, MLIT 1333, THTR 1003, THTR 1013, or THTR 1013H.
4 The FREN literature 4000-level or higher courses which satisfy General Education Outcome 6.1 include: FREN 4223, FREN 4233, or FREN 4243.

## Requirements for and Additional Major in French for Non-Arts and Science Students

Students in colleges and schools other than the Fulbright College of Arts and Sciences (Business; Education; Engineering; Agricultural, Food, \& Life Sciences; Architecture) must complete 24 hours of coursework in French at the 3000-level and above. This is the same amount of coursework in French in the undergraduate major in French in Fulbright College.

The normal course sequence of FREN courses fulfilling the major requirements for non-native speakers is as follows:

| FREN 3003 | Advanced French | 3 |
| :--- | :--- | ---: |
| FREN 3000 or higher elective | 3 |  |
| FREN 3113 | Introduction to Literature | 3 |
| FREN 4003 | French Grammar and Composition | 3 |
| FREN 4033 | French for Oral Proficiency | 3 |
| FREN 4213 | French Civilization | 3 |
| FREN 4000-level literature electives | 6 |  |
| Total Hours | $\mathbf{2 4}$ |  |

## Total Hours

Substitutions for courses in this list can be approved by French major advisers (for example, for study abroad credits and transfer credits).

## Requirements for B.A. in German

University of Arkansas and Fulbright College of Arts and Sciences Requirements for a Bachelor of Arts in German: The following credit hour requirements must be met (see Degree Completion Program Policy for additional information). In addition, the Fulbright College Writing Requirement may be satisfied by completing a term paper or other written work submitted for a German (GERM) course numbered 3000-level or higher approved by the chair of the department. Completion of an honors thesis will also satisfy this requirement.

State minimum core (p. 81) requirements may vary by individual, based on placement and previous course credit earned. Once all core requirements are met, students may substitute with general electives in consultation with their academic adviser.

## State Minimum Core

Six credit hours of language-related courses to be fulfilled by completing six credit hours of a single world language different than the major, or six credit hours from any combination of languagerelated area/ethnic studies courses, department-approved WLLC courses (such as WLLC 3173, WLLC 4023, or WLLC 4033), or classical studies (CLST) courses.
15 credit hours in the German (GERM) courses numbered at the 3000 -level or higher from the list below, with a minimum grade of " $C$ " in each course, including:

| GERM 3003 | Advanced German I $^{1}$ |
| :--- | :--- |
| GERM 3013 | Introduction to Literature |
| GERM 4003 | Advanced German II |
| GERM 4213 | German Civilization |
| GERM 3033 | Conversation |

Nine credit hours in German (GERM) electives numbered at the 9 3000-level or higher

## Additional Studies Requirement

An additional 55 credit hours required for the degree must include whatever coursework is necessary for the completion of an additional major or minor in any field other than German, or completion of the College Honors core. Within these 55 hours, also, six credit hours must be any UA-Fayetteville credit hours numbered at the 3000 -level or higher, and 13 credit hours must be any credit hours numbered at the 3000 -level or higher, or any 2000 -level credit hours that have a course prerequisite. Any remaining credit hours can be completed as general electives or applied towards further additional minor or major requirements.

## Total Hours

${ }^{1}$ GERM 1003, 1013, 2003, and 2013 or equivalent may be required prior to taking GERM 3003.

German (GERM) courses at the 5000 -level, such as GERM 5223 (Early German Literature), GERM 5273 (Enlightenment through Classicism), and GERM 5363 (Literature after 1945) may be taken by undergraduates with exceptional language skills after approval by the undergraduate adviser and a petition to the graduate school.

Writing Requirement: The college writing requirement may be satisfied by a term paper or other written work submitted for an upper-division world language literature class approved by the chair of the department.

## Eight-Semester Degree Plan for a Bachelor of

 Arts in GermanStudents enrolling in the eight-semester degree plan should review the Eight-Semester Degree Completion Policy (p. 67).

State minimum core requirements may vary by individual, based on placement and previous credit granted. Once all core requirements are met, students may substitute with general electives in consultation with their academic adviser.

Three credit hours in a single world language different than the major, language-related area/ ethnic studies courses, department-approved WLLC courses (such as WLLC 3173, WLLC 4023, or WLLC 4033), or classical studies (CLST) courses (CLST 1003 and/or CLST 1013 satisfies General Education Learning Outcomes 3.2, 4.1, and 5.1). ${ }^{1}$

## Requirements for an Additional Major in Spanish for Non-Arts and Sciences Students:

Students with majors in colleges and schools other than the Fulbright College of Arts and Sciences (Business, Education, Engineering, Agriculture, Architecture) can complete an additional major in Spanish by completing 27 hours of coursework in Spanish at the 3000-level and above. This is the same amount of coursework in Spanish in the undergraduate major in Spanish in Fulbright College.

The normal course sequence of SPAN courses fulfilling the major requirements for non-native speakers is as follows:

| SPAN 3003 | Advanced Spanish | 3 |
| :--- | :--- | :--- |
| SPAN 3103 | Cultural Readings | 3 |
| SPAN 3033 | Conversation and Composition | 3 |
| SPAN 3113 | Introduction to Literature | 3 |
| SPAN 4003 | Advanced Grammar | 3 |
| SPAN 4000-level electives in literature, culture, or special topic | 9 |  |
| SPAN 4623 | Advanced Proficiency in Spanish (or SPAN 4000- | 3 |
|  | level elective in literature, culture, or special topic) |  |

Total Hours
Substitutions for courses in this list can be approved by Spanish major advisors (for example, for study abroad transfers, and for students who are heritage and native speakers of Spanish).

The minor in Arabic has been added pending approval of the Arkansas Higher Education Coordinating Board.

Requirements for the Arabic Minor: 15 hours in courses numbered 3000 or above. Specific courses required are:

| ARAB 3016 Immersive Arabic III | 6 |
| :--- | :--- |
| or ARAB 3016 Honors Immersive Arabic III |  |
| ARAB 4016 Immersive Arabic IV |  |
| or ARAB 4016-Honors Immersive Arabic IV | 6 |
| Choose one from the following: |  |

| ARAB 4023 | Advanced Arabic I |
| :--- | :--- |
| ARAB 3033 | Colloquial Arabic |
| ARAB 470V | Special Topics (must be approved by the Arabic <br> adviser) |

## Total Hours

## French:

15 hours in courses numbered 3000 or above. Specific courses required are:

| or one of the electives listed below (must meet prerequisites for <br> electives) |  |  |
| SPAN 3113 | Introduction to Literature | 3 |
| SPAN 4003 | Advanced Grammar | $\mathbf{3}$ |
| Total Hours |  | $\mathbf{1 5}$ |

${ }^{1}$ Appropriate electives: SPAN 3883, SPAN 4073, SPAN 4103, SPAN 4113, SPAN 4133, SPAN 4193, SPAN 4213, SPAN 4223, SPAN 4243, SPAN 4253, SPAN 470V, SPAN 4623, and SPAN 4873.

## Minor in Spanish for Native and Heritage Language Learners

15 credit hours in Spanish (SPAN) courses numbered at the 3000level or higher, to include:

## SPAN 3123 Spanish for Heritage Speakers II

 or one of the electives listed below (must meet prerequisites for electives) ${ }^{1}$SPAN 4123 Spanish for Heritage Speakers III 3
SPAN 3113 Introduction to Literature 3
Six credit hours via Credit by Examination through the Department of World Languages, Literatures and Cultures, or two electives from the list below. Students must meet prerequisites for electives. ${ }^{1}$

## Total Hours

1 Appropriate electives: SPAN 3883, SPAN 4073, SPAN 4103, SPAN 4113, SPAN 4133, SPAN 4193, SPAN 4213, SPAN 4223, SPAN 4243, SPAN 4253, SPAN 470V, and SPAN 4873.

## Minor in Spanish for the Professions for Second Language Learners

15 credit hours in Spanish courses numbered at the 3000-level or higher, to include:

| SPAN 3003 | Advanced Spanish | 3 |
| :--- | :--- | :--- |
| SPAN 3103 | Cultural Readings | 3 |
| SPAN 3033 | Conversation and Composition | 3 |
| SPAN 4003 | Advanced Grammar | 3 |
| Select one course from the following: | 3 |  |
| SPAN 3883 | Translation and Interpretation I: Spa/Eng - Eng/Spa |  |
| SPAN 4333 | Business Spanish I |  |

| SPAN 4563 | Latino Youth Biliteracy Service Learning Project |
| :--- | :--- |
| SPAN 4583 | Advanced Spanish for Health Professions |

Total Hours

## Minor in Spanish for the Professions for Native and Heritage Language Learners

15 credit hours in Spanish (SPAN) courses numbered at the 3000level or higher, to include:

| SPAN 3123 | Spanish for Heritage Speakers II | 3 |
| :---: | :---: | :---: |
| or one of the electives listed below (must meet prerequisites for electives) ${ }^{1}$ |  |  |
| SPAN 4123 | Spanish for Heritage Speakers III | 3 |
| Choose one of the following courses: |  | 3 |
| SPAN 3883 | Translation and Interpretation I: Spa/Eng - Eng/Spa |  |
| SPAN 4333 | Business Spanish I |  |
| SPAN 4563 | , Youth Bilteracy Service Learning Pro |  |
| SPAN 4583 | Advanced Spanish for Health Professions |  |
| Six credit hours via Credit by Examination through the Department of World Languages, Literatures and Cultures, or two electives from the list below. Students must meet prerequisites for electives. ${ }^{1}$ |  |  |
| Total Hours |  | 15 |
| ${ }^{1}$ Appropriate electives: SPAN 3113, SPAN 3883, SPAN 4073, SPAN 4103, SPAN 4113, SPAN 4133, SPAN 4193, SPAN 4213, SPAN 4223, SPAN 4243, SPAN 4253, SPAN 4333, SPAN 4563, SPAN 4583, SPAN 470V, and SPAN 4873. |  |  |

## Requirements for a Minor in World Languages with a Business Orientation

Chinese: Students pursuing a minor in Chinese with a Business Orientation must complete 15 credit hours in Chinese (CHIN) courses numbered 3000-level or higher.

## Required Courses

| CHIN 3003 | Advanced Chinese | 3 |
| :--- | :--- | ---: |
| CHIN 3033 | Conversation | 3 |
| CHIN 4333 | Business Chinese Language in Speaking and <br>  <br> Writing | 3 |
| Choose two of the following elective courses: | 6 |  |
| CHIN 3983 | Special Studies |  |
| CHIN 3103 | Chinese Culture through Film (taught in English) |  |
| CHIN 4313 | Culture and Society in China (taught in English) |  |
| Total Hours |  | $\mathbf{1 5}$ |

In some cases, elective courses may be adjusted to the individual needs of the student with the permission of the Chinese faculty adviser.

French: Courses required are:

| FREN 3003 | Advanced French | 3 |
| :--- | :--- | :--- |
| FREN 3103 | Cultural Readings | 3 |
| FREN 4003 | French Grammar and Composition | 3 |
| FREN 4033 | French for Oral Proficiency | 3 |
| FREN 4333 | Introduction to Business French | 3 |

Japanese: Students in the Minor program in Japanese with a Business Orientation must complete 15 credit hours of upper-level Japanese courses. Required courses are:

## Advanced Japanese

JAPN 3116 Intensive Advanced Japanese (or equivalent) 6

| Core Requirements |  |  |
| :--- | :--- | :--- |
| JAPN 3033 | Advanced Japanese Conversation | 3 |
| JAPN 4333 | Professional Japanese I: Business Writing | 3 |

## Electives

Select one of the following:

| JAPN 3983 | Special Studies |
| :--- | :--- |
| JAPN 4033 | Oral Communication \& Composition in Japanese |
| JAPN 4313 | Language and Society of Japan |
| JAPN 4343 | Professional Japanese II: Translation |

In some cases, elective courses may be adjusted to the individual needs of the candidate with the permission of the Japanese adviser.

Requirements for Honors in World Languages: The Honors Program in World Languages gives students of high ability the opportunity to conduct independent research culminating in an honors thesis. In addition to satisfying general graduation requirements and all requirements for honors separately established by the Honors Council, candidates for honors in World Languages must:

1. Complete 12 hours of honors credit. One to six of these may be honors thesis hours; the remaining hours should be taken in disciplines chosen in consultation with the adviser;
2. Complete an honors thesis in the major field, and pass an oral examination on the thesis conducted by an honors committee, as evidence of substantial individual research skills;
3. Demonstrate superior competence in language, culture, and literature by achieving a GPA. of 3.5 in all upper-division courses submitted for the major.

Successful completion of these requirements will be recognized by the award of the distinction "Language Scholar Cum Laude." Higher degree distinctions are recommended only in truly exceptional cases and are based upon the whole of the candidate's program of honors studies.

## World Language (B.A.) Teacher Licensure Requirements:

Please refer to the Secondary Education Requirements (p. 276) for Fulbright College Students.

## Faculty

A
Almenara, Erika, Ph.D. (University of Michigan), M.A. (University of Wisconsin-Milwaukee), B.A. ( Feminine University of the Sacred Heart), Associate Professor, 2015, 2022.
Alzouwain, Hawraa, Ph.D., M.ED. (University of Arkansas), B.A. (Wasit University, Iraq), Instructor, 2021.
Arellano, Betina, M.A. (University of Arkansas), B.A. (Universidad Nacional del Sur, Argentina), Instructor, 2016.
Arenberg, Nancy M., Ph.D. (University of Arizona), M.A. (University of Illinois, Champaign-Urbana), B.A. (Grinnell College), Associate Professor, 1996, 2002.

## B

Bell, Steven M., Ph.D. (University of Kansas), M.A. (University of Kentucky), B.A. (University of Kansas), Associate Professor, 1992. Benton, Hilda Morayma, M.A. (University of Arkansas), B.A. (Chihuahua Institute of Technology), Instructor, 2009.
Berkovich, Nadja, Ph.D. (University of Illinois), M.A. (Boston College), B.A. (St. Petersburg Pedagogical Herzen University), Teaching Associate Professor, 2015, 2023.
Buchanan, Greg, M.A. (University of Arkansas), Instructor, 2008. C
Calabretta-Sajder, Ryan C., Ph.D. (Middlebury College), M.A. (Indiana University-Bloomington), B.A. (Dominican University), Associate Professor, 2013, 2022.
Castro Salas, Raquel, M.A. (University of Arkansas), B.A. (John Brown University), Teaching Assistant Professor, 2014, 2020.
Christiansen, Hope L., Ph.D. (University of Kansas), M.A., B.A. (Kansas State University), Associate Professor, 1990.
Clowney, Nicole, J.D. (Yale University), M.A. (University of Kentucky), B.A. (University of Chicago), Lecturer, 2014.

Comfort, Kathy, Ph.D. (University of Kansas), M.A., B.A. (Illinois State University), Professor, 2001, 2020.
Comsa, Maria, Ph.D. (Stanford University), M.A., B.A. (San José State University), B.A. (Université de Lyon 2 Lumière), Instructor, 2022.
Condray, Kathleen, Ph.D., M.A.. (University of Illinois-UrbanaChampaign), B.A. (University of Arkansas), Associate Professor, 1999, 2008.

## D

D'Eugenio, Daniela, Ph.D. (City University of New York), M.A. (University of Padua), M.A. (University of Florence), B.A. (University of Chieti), Assistant Professor, 2020.
Devich, Claudia Maria, M.A., B.A. (University of Arkansas), Instructor, 2011, 2016.
Doucet, Annie, Ph.D., M.A. (Tulane University), B.A. (Southeastern Louisiana University), Assistant Professor, 2020.
F
Fredrick, David Charles, Ph.D. (University of Southern California), M.A., B.A. (University of Kansas), Associate Professor, 1991, 1997.

Fukushima, Tatsuya, Ph.D., M.A. (Oklahoma State University), B.A.
(Kanto Gakuin University, Japan), Associate Professor, 2000, 2007.

## H

Haydar, Adnan Fuad, Ph.D. (University of California-San Diego), M.A., B.A. (American University of Beirut), Professor, 1993.

Haydar, Paula Marie, Ph.D., M.F.A. (University of Arkansas), M.Ed., B.S. (University of Massachusetts), Associate Professor, 2006, 2023.
Hernandez-Miranda, Michael, Ph.D., M.A. (Texas A\&M University), B.A. (University of Oriente), Instructor, 2015.
Hoyer, Jennifer M., Ph.D., M.A. (University of Minnesota-Twin Cities), B.A. (University of Tulsa), Associate Professor, 2007, 2013.

J
Jones, Linda Carol, Ph.D. (University of New Mexico), M.A. (University of Arkansas), M.A. (University of Arizona), B.A. (Northeast Louisiana University), Professor, 1988, 2022.
L
Levine, Daniel, Ph.D. (University of Cincinnati), B.A. (University of Minnesota), University Professor, 1980, 2016.
Lorenzo, Violeta, Ph.D. (University of Toronto), M.A., B.A. (University of Florida), Associate Professor, 2014, 2020.

## M

Magnetti, Brenda Monica, M.A. (University of Arkansas), B.A. (Ouachita Baptist University), Teaching Assistant Professor, 2007, 2020.
Mahmoud, Rania, Ph.D. (University of Washington), M.A. (Old Dominion University), B.A., (University of Alexandria, Egypt), Assistant Professor, 2017.

Miuri, Motoko, M.A. (Akita International University), Instructor, 2022.
Montejo Pizarro, Martha, Ph.D. (Texas A\&M University), B.A.
(Universidad de La Habana, Cuba), Instructor, 2015.
Morello, Valentina Angela, M.A. (Boston University), Instructor, 2022.
0
Offerman, Heather, Ph.D., M.A. (Purdue University), B.A. (University of Southern Indiana), Assistant Professor, 2022.
Olmedo Gobante, Manuel, Ph.D. (University of Chicago), M.A.
(University of Chicago), B.A. (Universidad de Sevilla), Assistant Professor, 2021.

Omura, Mafumi, M.A. (University of lowa), B.A. (Kansai Gaidai University), Instructor, 2016.

## P

Parrilla Recuero, Antonio, Ph.D. (Indiana University), M.A. (University of Memphis), Instructor, 2020.
Pérez Arroyo, Elkin Javier, M.A. (University of Arkansas), B.A.
(Universidad de Córdoba, Montería, Colombia), Instructor, 2017.

## R

Reeber, Joy Elisabeth, Ph.D., M.A. (University of Wisconsin-Madison), B.A. (University of North Carolina), Teaching Assistant Professor, 2012, 2022.

Restrepo, Luis Fernando, Ph.D., M.A. (University of Maryland-College Park), B.A. (Universidad Pontificia Bolivariana), University Professor, 1995, 2016.
Riva, Fernando, Ph.D. (Yale University), Visiting Assistant Professor, 2017.

## S

Sterling, Brett E., Ph.D., M.A. (Vanderbilt University), B.A. (University of Arkansas), Asociate Professor, 2013, 2022.
Su, Danjie, Ph.D. (University of California, Los Angeles), M.A., B.A. (Sun Yatsen University, China), Associate Professor, 2017, 2023.

## T

Tain Gutierrez, Laura, M.A. (Universidad Internacional de la Rioja), B.S. (Universidad de Sevilla), Instructor, 2020.
Ten Haaf, Rachel E., Ph.D. (University of Michigan), M.A. (University of Illinois, Urbana-Champaign), Assistant Professor, 2016, 2017.

## V

Vennarucci, Rhodora, Ph.D., M.A. (State University of New York at Buffalo), B.A. (University of Michigan), Assistant Professor, 2013, 2017. X
Xu, Jenny, M.A. (University of Texas at Austin), Clinical Associate Professor, 1992, 2009.
Y
Yang, Li, M.A. (Brandeis University and Beijing Language and Culture University), B.A. (Beijing Language and Culture University), Instructor, 2014.

## Arabic Courses

ARAB 1003. Elementary Arabic I. 3 Hours.
Stresses correct pronunciation, aural comprehension, simple speaking ability. Basic grammar is taught inductively through oral and written skills. (Typically offered:
Spring)

ARAB 1013. Elementary Arabic II. 3 Hours.
Continues to stress correct pronunciation, aural comprehension, simple speaking ability. Continued presentation of grammar with special attention to basic morphology. Prerequisite: ARAB 1003 or equivalent. (Typically offered: Fall)

## ARAB 1016. Immersive Arabic I. 6 Hours.

Equivalent to ARAB 1003 and ARAB 1013. Stresses rapid learning through daily interaction and immersion in a fun and friendly atmosphere. Supportive pedagogical practice focuses on developing communicative proficiency. Fundamentals of grammar are taught inductively through engaging assignments and activities designed to incrementally develop oral and written skills. (Typically offered: Fall)
ARAB 110V. Special Topics in Arab Culture. 1-3 Hour.
Formulates an informed picture of the Arab World. Through exploration of various aspects of the region and interaction with Arabs in the community, students are introduced to the richness and diversity of Arab cultures. (Typically offered: Irregular) May be repeated for up to 9 hours of degree credit.

## ARAB 2003. Intermediate Arabic I. 3 Hours.

Leads to greater oral comprehension and speaking ability and develops the more advanced reading and writing skills. Prerequisite: ARAB 1013 or ARAB 1016 or equivalent. (Typically offered: Spring)

## ARAB 2013. Intermediate Arabic II. 3 Hours.

Continued development of speaking, comprehension, reading, and writing.
Emphasizes morphology and syntax. (Typically offered: Irregular)
ARAB 2016. Immersive Arabic II. 6 Hours.
Continued emphasis on immersive learning through daily interaction. Leads to greater oral comprehension and speaking ability and develops the more advanced reading and writing skills. Emphasizes morphology and syntax. Focuses on expanding cultural awareness. Prerequisite: ARAB 1013 or ARAB 1016. (Typically offered: Spring)

ARAB 2016H. Honors Immersive Arabic II. 6 Hours.
Continued emphasis on immersive learning through daily interaction. Leads to greater oral comprehension and speaking ability and develops the more advanced reading and writing skills. Emphasizes morphology and syntax. Focuses on expanding cultural awareness. Prerequisite: Honors standing and (ARAB 1013 or ARAB 1016). (Typically offered: Spring)
This course is equivalent to ARAB 2016.
ARAB 3016. Immersive Arabic III. 6 Hours.
Leads to greater facility in the spoken language and continues to develop reading and writing skills. Continued broadening of cultural awareness and emphasis on morphology and syntax. Prerequisite: ARAB 2016. (Typically offered: Fall)

## ARAB 3016H. Honors Immersive Arabic III. 6 Hours.

Leads to greater facility in the spoken language and continues to develop reading and writing skills. Continued broadening of cultural awareness and emphasis on morphology and syntax. Prerequisite: Honors standing and (ARAB 2016 or ARAB 2016H). (Typically offered: Fall)
This course is equivalent to ARAB 3016.
ARAB 3033. Colloquial Arabic. 3 Hours.
Development of aural comprehension and speaking skills in one of the major Arabic dialects. Prerequisite: (ARAB 1003 and ARAB 1013) or ARAB 1016 or equivalent. (Typically offered: Irregular) May be repeated for up to 6 hours of degree credit.
ARAB 4016. Immersive Arabic IV. 6 Hours.
Continued development of speaking, comprehension, reading, writing. Reading assignments introduce a variety of styles ranging from classical to modern in both prose and verse. Prerequisite: ARAB 3016. (Typically offered: Spring)

## ARAB 4016H. Honors Immersive Arabic IV. 6 Hours.

Continued development of speaking, comprehension, reading, writing. Reading assignments introduce a variety of styles ranging from classical to modern in both prose and verse. Prerequisite: Honors standing and (ARAB 3016 or ARAB 3016H). (Typically offered: Spring)
This course is equivalent to ARAB 4016.

## ARAB 4023. Advanced Arabic I. 3 Hours.

Development of advanced speaking and writing skills. Extensive reading and writing assignments and translating exercises from English into Arabic. Prerequisite: ARAB 4016. (Typically offered: Irregular)

ARAB 4033. Advanced Arabic II. 3 Hours.
Continued advanced speaking, reading, and writing skills. Prerequisite: ARAB 4023. (Typically offered: Irregular)

## ARAB 4053. Arabic Readings. 3 Hours.

Develops skills in description, analysis, and argumentation within a workshop atmosphere. Readings are drawn from various styles of standard Arabic, ranging from newspapers to literary texts. The thematic focus of the course varies. Prerequisite: ARAB 4016 or equivalent. (Typically offered: Irregular) May be repeated for up to 6 hours of degree credit.

## ARAB 4113. Modern Arabic Literature. 3 Hours.

Selected readings from Arabic fiction and poetry from the 20th century to the present. Prerequisite: ARAB 4023 or equivalent. (Typically offered: Irregular)

ARAB 4213. Arab Culture and Civilization.. 3 Hours.
Selected readings from Arab history, literature, the Islamic Tradition, and the Holy Qur'an. Prerequisite: ARAB 4016 or equivalent. (Typically offered: Irregular)

ARAB 470V. Special Topics. 1-6 Hour.
May be offered in a topic not specifically covered by courses otherwise listed. (Typically offered: Irregular) May be repeated for degree credit.

## Cherokee Courses

CHRK 1003. Elementary Cherokee I. 3 Hours.
Introduction to the Cherokee language. Focuses on the sound and syllabary system of Cherokee, including grammar, vocabulary, culture, and heritage. (Typically offered: Fall)

## CHRK 1013. Elementary Cherokee II. 3 Hours.

Focuses on the sound and syllabary system of Cherokee, including grammar, vocabulary, culture, and heritage. Includes in-depth activities and experiences with the Cherokee language. Prerequisite: CHRK 1003 or instructor's consent. (Typically offered: Spring)

## Chinese Courses

CHIN 1003. Elementary Chinese I. 3 Hours.
Elementary Chinese. (Typically offered: Fall)
CHIN 1013. Elementary Chinese II. 3 Hours.
Elementary courses stress correct pronunciation, Aural comprehension, and simple speaking ability, and lead to active mastery of basic grammar and limited reading ability. (Typically offered: Spring)

CHIN 2003. Intermediate Chinese I. 3 Hours.
Intermediate courses lead to greater facility in spoken language and to more advanced reading skills. (Typically offered: Fall)

CHIN 2013. Intermediate Chinese II. 3 Hours.
Continued development of basic speaking comprehension and writing skills and intensive development of reading skills. (Typically offered: Spring)

CHIN 3003. Advanced Chinese. 3 Hours.
Continues to develop speaking, listening, reading and writing skills and presents more complex forms and structures of the language as well as additional characters. Prerequisite: CHIN 2013 (Typically offered: Fall)

CHIN 3033. Conversation. 3 Hours.
Guided conversation practice for the post-intermediate student. Prerequisite: CHIN 2013 or equivalent. (Typically offered: Spring)

CHIN 3103. Chinese Culture through Film. 3 Hours
This course explores Chinese culture through the lens of Chinese films. The course is designed to give students insights into Chinese culture by experiencing it through carefully selected Chinese films and thoughtful discussions. Through the film screenings, lectures, readings, discussions, and cultural reflections, students will learn about important dimensions of Chinese culture, especially regarding Chinese history, contemporary society, communication, education, romance, family, spiritual concepts, aesthetics, lifestyle, customs, and values. The course is taught in English; no knowledge of the Chinese language is required. (Typically offered: Fall) May be repeated for up to 6 hours of degree credit.
This course is cross-listed with AIST 3103.
CHIN 3983. Special Studies. 3 Hours.
May be offered in subject not specifically covered by courses otherwise listed. (Typically offered: Irregular) May be repeated for up to 6 hours of degree credit.

CHIN 4313. Culture and Society in China. 3 Hours.
Social, communicative, technological, and business contexts of contemporary Chinese culture and society, as well as implications for global citizens. Taught in English. No knowledge of the Chinese language required. (Typically offered: Spring) This course is cross-listed with AIST 4323.

CHIN 4333. Business Chinese Language in Speaking and Writing. 3 Hours. Introduction of Chinese vocabulary, formats, and expressions in business environments, such as company structures, management, banking and accounting, as well as how to read and write contracts, letters, and other business documents. Prerequisite: CHIN 3003 or equivalent Chinese proficiency. (Typically offered: Fall)

## French Courses

FREN 1003. Elementary French I (ACTS Equivalency = FREN 1013). 3 Hours. Elementary French I. (Typically offered: Fall and Spring)

FREN 1013. Elementary French II (ACTS Equivalency = FREN 1023). 3 Hours. Elementary courses stress correct pronunciation, aural comprehension, and simple speaking ability, and lead to active mastery of basic grammar and limited reading ability. (Typically offered: Fall and Spring)

FREN 2003. Intermediate French I (ACTS Equivalency = FREN 2013). 3 Hours. Intermediate courses lead to greater facility in spoken language and to more advanced reading skills. (Typically offered: Fall and Spring)

FREN 2013. Intermediate French II (ACTS Equivalency = FREN 2023). 3 Hours. Continued development of basic speaking comprehension and writing skills and intensive development of reading skills. (Typically offered: Fall and Spring)

FREN 3003. Advanced French. 3 Hours.
Further intensive practice for the purpose of strengthening written and oral expression. Includes a review of the essentials of French grammar. Prerequisite: FREN 2013 or equivalent. (Typically offered: Fall, Spring and Summer)

FREN 3103. Cultural Readings. 3 Hours.
A course designed to build vocabulary and to strengthen reading skills and oral expression through extensive practice with culturally authentic materials. Prerequisite: FREN 2013. (Typically offered: Spring)

FREN 3113. Introduction to Literature. 3 Hours.
Further development of reading skills and introduction to literacy commentary and analysis. Prerequisite: FREN 3003 or FREN 3103. (Typically offered: Spring)

FREN 3123. French Phonetics. 3 Hours.
Improves students' pronunciation of French while they acquire the basic rules of standardized spoken French. The course takes into account the major contrastive features of the sounds of French and English and addresses the particular challenges the native speaker of American English faces when learning to pronounce French. Prerequisite: FREN 3003. (Typically offered: Fall Even Years)

FREN 399VH. Honors French Course. 1-6 Hour.
Honors French. Prerequisite: Junior standing. (Typically offered: Fall and Spring) May be repeated for up to 12 hours of degree credit.

FREN 4003. French Grammar and Composition. 3 Hours.
French grammar and composition. Prerequisite: FREN 3003 or FREN 3103. (Typically offered: Fall)

## FREN 4033. French for Oral Proficiency. 3 Hours.

Three hours per week of conversation practice for the advanced undergraduate. Prerequisite: FREN 3003 or FREN 3103. (Typically offered: Fall and Spring)
FREN 4113. Special Themes in French. 3 Hours.
Topics not normally covered in period courses. Sample topics: "The Comic Tradition in French Literature," "French Cinema." Topics announced one semester in advance. Prerequisite: FREN 3113. (Typically offered: Irregular) May be repeated for up to 6 hours of degree credit.

FREN 4213. French Civilization. 3 Hours.
French civilization. Prerequisite: FREN 3113. (Typically offered: Spring)
FREN 4223. Survey of French Literature I. 3 Hours.
A survey of French literature, its forms and themes from the medieval period through the 18th century. Prerequisite: FREN 3113. (Typically offered: Irregular)
FREN 4233. Survey of French Literature II. 3 Hours.
A survey of French literature, its forms and themes from the 19th and 20th centuries. Prerequisite: FREN 3113. (Typically offered: Irregular)

FREN 4243. Studies in Francophone Literature. 3 Hours.
Introduction to seminal writers from Francophone cultures, mainly Quebec, the Maghreb, and West Africa. Exploration of national identity, morality, religion, exile, and socio-political and cultural problems, while discovering recent trends in the globalization of Francophone literature. Prerequisite: FREN 3113. (Typically offered: Irregular)

## FREN 4333. Introduction to Business French. 3 Hours.

Introduction and orientation to the French world of business and commerce through the study of vocabulary, forms, and formulas and expression used in commercial correspondence. Prerequisite: FREN 3113 or FREN 3103. (Typically offered: Irregular)

FREN 4433. Business Culture and Practices. 3 Hours.
A practical application of French to the business world focusing on the cultural challenges faced by Americans doing business in France and francophone countries. Case studies and translations of authentic documents from French to English and English to French reinforce the specialized vocabulary of the business world. Prerequisite: FREN 3103 or FREN 3113. (Typically offered: Irregular)

FREN 4663. French Short Story. 3 Hours.
Introduces the genre of the French Short Story, focusing on close readings and providing an overview of the most important literary movements from the Middle Ages to the twentieth century. Prerequisite: FREN 3113. (Typically offered: Irregular)
FREN 475V. Special Investigations. 1-6 Hour.
Special investigations. (Typically offered: Fall and Spring) May be repeated for degree credit.

## German Courses

GERM 1003. Elementary German I (ACTS Equivalency = GERM 1013). 3 Hours.
Elementary German I. (Typically offered: Fall, Spring and Summer)

GERM 1013. Elementary German II (ACTS Equivalency = GERM 1023). 3 Hours. Elementary courses stress correct pronunciation, aural comprehension, and simple speaking ability, and lead to active mastery of basic grammar and limited reading ability. (Typically offered: Fall, Spring and Summer)
GERM 2003. Intermediate German I (ACTS Equivalency = GERM 2013). 3 Hours.
Intermediate courses lead to greater facility in spoken language and to more advanced reading skills. (Typically offered: Fall, Spring and Summer)

GERM 2013. Intermediate German II (ACTS Equivalency = GERM 2023). 3 Hours.
Continued development of basic speaking comprehension and writing skills and intensive development of reading skills. (Typically offered: Fall, Spring and Summer)
GERM 3003. Advanced German I. 3 Hours.
Development of reading, writing, listening, and speaking skills. Some grammar review and translation exercises. Emphasis on vocabulary acquisition and the correct use of idiomatic expressions. Prerequisite: GERM 2013. (Typically offered: Fall)
GERM 3013. Introduction to Literature. 3 Hours.
Development of reading skills and introduction to literary analysis. Prerequisite: GERM 2013 or equivalent. (Typically offered: Fall)

## GERM 3033. Conversation. 3 Hours.

Three hours per week of guided conversation practice for the post-intermediate student. Prerequisite: GERM 2013 or instructor consent. (Typically offered: Spring)

GERM 399VH. Honors German Course. 1-6 Hour.
Honors thesis research and writing under the direction of a faculty member in the department. Prerequisite: Junior standing. (Typically offered: Fall and Spring) May be repeated for up to 12 hours of degree credit.

## GERM 4003. Advanced German II. 3 Hours.

Further development of reading, writing, listening, and speaking skills. Some grammar review and translation exercises. Emphasis on vocabulary acquisition and the correct use of idiomatic expressions. Prerequisite: GERM 3003. (Typically offered: Spring)
GERM 4013. Germany and the Holocaust: The Significance of the Holocaust in Differentiated Contexts. 3 Hours.
Taught in English. Topics covering the role of the Holocaust in German history, culture, art, language and German Studies. Equal emphasis will be placed on historical competence and philosophical/theoretical inquiry, addressed from a variety of media and primary and secondary sources. (Typically offered: Irregular) May be repeated for up to 6 hours of degree credit.

## GERM 4023. German Migration and National Identity. 3 Hours.

Examines the experiences of Germans who have migrated abroad, migrants in Germany, and those who have felt like migrants in their own country due to isolating historical experiences and are confronted with what it means to be a German. Incorporates traditional literary narrative, autobiography, film, and music. Prerequisite: GERM 3003 or GERM 3013, or instructor consent. (Typically offered: Irregular)

## GERM 4033. Advanced Conversation. 3 Hours.

Three hours per week of conversation practice for the advanced undergraduate. Prerequisite: GERM 3033 or instructor consent. (Typically offered: Irregular)

GERM 4043. German Cinema. 3 Hours.
Presents a range of German films in cultural-historical context; vocabulary and structures for discussing film, film history, and film theory in German. Prerequisite: GERM 3003. (Typically offered: Irregular)
GERM 4123. The German Novella. 3 Hours.
An intensive study of the novella as a genre from its origin to the present.
Prerequisite: GERM 3013. (Typically offered: Irregular)

## GERM 4133. The German Drama. 3 Hours.

A study of the development of the forms and themes of the German drama from the middle ages to the present. Prerequisite: GERM 3013. (Typically offered: Irregular)

GERM 4143. German Lyric Poetry. 3 Hours.
A study of the forms and themes of German lyric poetry from the middle ages to the present. Prerequisite: GERM 3013. (Typically offered: Irregular)

GERM 4213. German Civilization. 3 Hours.
Explores the politics, cultural developments, and language of German-speaking countries since written evidence of their existence. Readings are drawn from current events and archived material, as well as literary or visual texts; listening practice includes news, informational videos, and archives of recorded events. Prerequisite: GERM 3003 or equivalent. (Typically offered: Spring)

GERM 4333. Professional German I. 3 Hours.
Introduces students to the language of German used in the workplace and provides insights into business practices in German-speaking countries. Follows a project based approach and covers aspects of professional presentations, team assignments, business correspondence, resume writing and job application. Open to all majors; no business prerequisites. Prerequisite: GERM 3003 or GERM 3013 or consent of the instructor. (Typically offered: Irregular)

GERM 470V. Special Topics. 1-3 Hour.
May be offered in a topic not specifically covered by courses otherwise listed. (Typically offered: Irregular) May be repeated for up to 6 hours of degree credit.

## GERM 475V. Special Investigations. 1-6 Hour.

Special investigations. (Typically offered: Irregular) May be repeated for degree credit.

## Greek Courses

## GREK 1003. Elementary Ancient Greek I. 3 Hours.

The rudiments of classical Greek, with concentration on grammar, vocabulary, and syntax. Short selections from ancient authors lead to basic reading ability. (Typically offered: Fall)

## GREK 1013. Elementary Ancient Greek II. 3 Hours.

A continuation of the rudiments of classical Greek, with concentration on grammar, vocabulary, and syntax. Short selection from ancient authors lead to basic reading ability. Prerequisite: LATN 1003 or GREK 1003, or equivalent. (Typically offered: Spring)

GREK 2003. Intermediate Ancient Greek I. 3 Hours.
Ancient Greek grammar and syntax, with readings in Greek prose. Prerequisite: GREK 1013 or equivalent. (Typically offered: Fall)

GREK 2013. Homer. 3 Hours.
Selections from the Iliad or the Odyssey: a survey of Greek epic poetry. Prerequisite: GREK 2003 or equivalent. (Typically offered: Spring)

GREK 4003. Greek Lyric Poetry. 3 Hours.
Readings from selected Greek lyric poems, to be chosen from several appropriate authors from the 7th through the 5th centuries BCE: Archilochus, Hipponax, Sappho, Alcaeus, Tyrtaeus, Mimnermus, Semonides, Solon, Xenophanes, Theognis, Pindar, Bacchylides. Prerequisite: GREK 2013 or equivalent. (Typically offered: Irregular)

## GREK 4013. Greek Epic Poetry. 3 Hours.

Study of the primary works of Greek hexameter poetry, including Homer, Hesiod, and/or the Homeric Hymns, with special attention to issues of oral composition and performance. Prerequisite: GREK 2013. (Typically offered: Irregular)

GREK 4023. Greek Philosophy. 3 Hours.
Study of representative works of Greek philosophy, including those of the PreSocratics, Plato, and/or Aristotle. Prerequisite: GREK 2013 or equivalent. (Typically offered: Irregular)

GREK 4033. Herodotus or Thucydides. 3 Hours.
Readings of Herodotus, Book VII, and Thucydides, Book VI; collateral readings on the Persian and Peloponnesian Wars. Prerequisite: GREK 2013 or equivalent. (Typically offered: Irregular)

## GREK 4043. Greek Drama. 3 Hours.

Readings of 2 tragedies and one comedy; a study of the Greek theatre. Prerequisite: GREK 2013 or equivalent. (Typically offered: Irregular)

GREK 4053. Greek Syntax and Composition. 3 Hours.
Greek syntax and composition. Prerequisite: GREK 2013 or equivalent. (Typically offered: Irregular)

## GREK 4063. Hellenistic Poetry. 3 Hours.

Selections from significant post-classical authors, including Callimachus, Theocritus, Bion, Moschus, Herondas, Apollonios of Rhodes, and/or poets of the Greek Anthology. Special attention to archaic and classical influences, contemporary Hellenistic culture, and Roman responses. Prerequisite: GREK 2013. (Typically offered: Irregular)

## GREK 4073. Ancient Greek Novel. 3 Hours.

Study of the development of the Greek novel including the works of Lucian, Longus, Heliodorus, and/or Achilles Tatius. Prerequisite: GREK 2013 or equivalent. (Typically offered: Irregular)

## GREK 4083. Greek Epigraphy. 3 Hours.

Study of inscriptions, especially Attic, in their historical and social contexts, from the 8th century BCE to the Hellenistic/Roman period. Training in epigraphical conventions and symbols. Prerequisite: GREK 2013 or equivalent. (Typically offered: Irregular)

## GREK 4093. Biblical and Patristic Greek. 3 Hours.

Selected readings from appropriate texts, varying by semester, including the Septuagint, New Testament, Apostolic Fathers, and other patristic literature to the 5th century CE. Reading and discussion of selected texts in major genres. Prerequisite: GREK 2013 or equivalent. (Typically offered: Irregular)

GREK 4103. Greek Oratory. 3 Hours.
Readings from selected speeches, to be chosen from one or more appropriate authors: Lysias, Antiphon, Demosthenes, Isocrates, Andocides. Study of sophism and rhetoric of Athens in the 5th and 4th centuries BCE. Prerequisite: GREK 2013 or equivalent. (Typically offered: Irregular)

## GREK 475V. Special Investigations. 1-6 Hour.

Special investigations. (Typically offered: Fall, Spring and Summer) May be repeated for degree credit.

## Italian Courses

ITAL 1003. Elementary Italian I. 3 Hours.
Elementary Italian I. (Typically offered: Fall)
ITAL 1013. Elementary Italian II. 3 Hours.
Elementary courses stress correct pronunciation, aural comprehension, and simple speaking ability, and lead to active mastery of basic grammar and limited reading ability. (Typically offered: Spring)

## ITAL 1113. Italian for Romance Language Speakers I. 3 Hours.

Designed for students with previous knowledge of another Romance Language, this intensive Italian course provides an accelerated introduction to Italian, combining the material of two semesters (ITAL 1003 \& ITAL 1013) into one. Attention is devoted to the four skills of speaking, listening, reading, writing, as well as culture. Students cannot earn credit for ITAL 1113 if both ITAL 1003 and ITAL 1013 have been completed. Prerequisite: [Three years of high school French, Spanish, or Portuguese] or [two semesters of French, Spanish, or Portuguese], or [instructor's consent]. (Typically offered: Fall)

ITAL 2003. Intermediate Italian I. 3 Hours.
Intermediate courses lead to greater facility in spoken language and to more advanced reading and writing skills. (Typically offered: Fall and Spring)
ITAL 2013. Intermediate Italian II. 3 Hours.
Continued development of basic speaking comprehension, and writing skills and intensive development of reading skills. (Typically offered: Spring)
ITAL 2113. Italian for Romance Language Speakers II. 3 Hours.
Designed for students with previous knowledge of another Romance Language, this intensive Italian course provides an accelerated approach to Italian, combining the material of two semesters (ITAL 2003 \& ITAL 2013) into one. Attention is devoted to the four skills of speaking, listening, reading, writing, as well as culture. Prerequisite: ITAL 1013 or ITAL 1113 or instructor's consent. (Typically offered: Spring)
ITAL 2933. To Rome With Love. 3 Hours.
Focuses on the practical and hands-on use of Italian in everyday situations in Rome. Students engage in the neighborhoods of Rome through the communicative approach, using linguistic components from class and combined with cultural aspects of Roman life (i.e., Roman art, history, Made-in-Italy, cinema, and food). (Typically offered: Fall, Spring and Summer)

## ITAL 3033. Italian Conversation. 3 Hours.

Three hours per week of guided conversation practice for the post-intermediate student. Prerequisite: ITAL 2013. (Typically offered: Fall)
ITAL 3103. Italian Cinema. 3 Hours.
Examines Italian culture (history, language, politics, religion, and society) through the lens of the camera. Content begins with the 1860's, covers the Unification of Italy, and continues to contemporary Italy. Students will analyze and examine diverse cultural themes within films. (Typically offered: Fall)
ITAL 3113. Introduction to Literature. 3 Hours.
Development of reading skills and introduction to literary analysis. Prerequisite: ITAL 2013 or equivalent. (Typically offered: Spring) May be repeated for up to 3 hours of degree credit.

## ITAL 3123. Advanced Italian. 3 Hours.

Further intensive development of writing, listening and speaking skills. It will include a review of the essentials of Italian grammar. Prerequisite: ITAL 2013 or equivalent. (Typically offered: Spring)
ITAL 3333. Made In Italy. 3 Hours.
Based around the concept of MADE IN ITALY and its 4 As, Abbigliamento (clothes), Agroalimentare (food), Arredamento (furniture) and Automotive (automobiles), this course examines the economy of Italy through various perspectives. Prerequisite: ITAL 2013. (Typically offered: Irregular)

## ITAL 3983. Special Studies. 3 Hours.

May be offered in a subject not specifically covered by courses otherwise listed. (Typically offered: Irregular) May be repeated for up to 6 hours of degree credit.

ITAL 4023. Contemporary Images of and from Rome. 3 Hours.
Examines the many manifestations of Rome through literature, film, and onsite experiential learning. Introduces texts and places that highlight Rome as a protagonist from the late 19th century to the present. Taught in Italian. Prerequisite: ITAL 2013. (Typically offered: Summer)

## ITAL 4033. Advanced Italian Conversation. 3 Hours.

Conversation practice for advanced undergraduates. Intended to refine language comprehension while providing in-depth understanding of Italian life and culture.
Prerequisite: ITAL 3033 or ITAL 3113 or instructor consent. (Typically offered: Fall)

## ITAL 4043. Black Italia. 3 Hours.

Explores the history, representation, and lived experiences, both prejudices and successes, of marginalized persons in Italy, particularly those of African heritage through an interdisciplinary lens. (Typically offered: Spring Odd Years) This course is cross-listed with AAST 4043.

ITAL 4113. Italian Fairy Tales in Literature, Visual Arts, and Cinema. 3 Hours. Explores different typologies of fables and examines the evolution of the genre from the Middle Ages to contemporary times. Taught in Italian. Prerequisite: ITAL 3113 or ITAL 3123 or instructor's consent. (Typically offered: Spring Even Years) This course is cross-listed with MRST 4113.

ITAL 4123. Dante: A Journey Between Visions and Words. 3 Hours.
Explores the pivotal work of Dante Alighieri's Divine Comedy as well as its visual representations and critical interpretations from the Middle Ages to the contemporary time. Theme is variable. Taught in English. (Typically offered: Fall Odd Years)
ITAL 4133. The Power of Women: Representations of \& from Italian Women from Middle Ages to Early Modern Period. 3 Hours.
Examines the various representations of women through diverse genres, by both male and female authors, from the Middle Ages to the Early Modern period in Italy. Taught in English. (Typically offered: Spring)
This course is cross-listed with GNST 4133, MRST 4133.
ITAL 4143. Tracing the Italian American Experience. 3 Hours.
Explores and analyzes the historical experience of Italian American migration in North America through media, literature, and the arts. (Typically offered: Fall Odd Years)
ITAL 4333. Italian for International Business. 3 Hours.
Equips students with the linguistic and cultural knowledge needed for the business sector in Italy and/or with Italian businesses housed in North America. Taught in Italian. Prerequisite: ITAL 3033 or ITAL 3333. (Typically offered: Irregular)
ITAL 475V. Special Investigations. 1-6 Hour.
Special investigation of one or more topics related to the Italian language. (Typically offered: Irregular) May be repeated for up to 6 hours of degree credit.

## Japanese Courses

## JAPN 1003. Elementary Japanese I. 3 Hours.

Designed for true beginners of Japanese, this course aims to introduce general concepts of the Japanese language: the writing system, basic conversational expressions, vocabulary, and sentence patterns. (Typically offered: Fall)
JAPN 1013. Elementary Japanese II. 3 Hours.
Elementary courses stress correct pronunciation, aural comprehension, and simple speaking ability, and lead to active mastery of basic grammar and limited reading ability. (Typically offered: Spring)

## JAPN 1116. Intensive Elementary Japanese. 6 Hours.

Equivalent to JAPN 1003 and JAPN 1013. Intended for true beginners of Japanese who have never learned or spoken the language before. Emphasis on all skill areas: correct pronunciation, aural comprehension, speaking ability, reading, and writing. Focuses on developing the students' command of Japanese sentence patterns and vocabulary. (Typically offered: Spring)

JAPN 2003. Intermediate Japanese I. 3 Hours.
Intermediate courses lead to greater facility in spoken language and to more advanced reading skills. (Typically offered: Fall)
JAPN 2013. Intermediate Japanese II. 3 Hours.
Continued development of basic reading comprehension and writing skills and intensive development of reading skills. Prerequisite: JAPN 2003 or equivalent. (Typically offered: Spring)

## JAPN 2013H. Honors Intermediate Japanese II. 3 Hours.

Continued development of basic reading comprehension and writing skills and intensive development of reading skills. Prerequisite: Honors standing and JAPN 2003, or equivalent. (Typically offered: Spring)
This course is equivalent to JAPN 2013.

## JAPN 2116. Intensive Intermediate Japanese. 6 Hours.

Equivalent to JAPN 2003 and JAPN 2013. Emphasizes intensive oral/aural drills and reading/speaking exercises and intensive grammar drills. Prerequisite: JAPN 1013 or JAPN 1116 or equivalent. (Typically offered: Irregular)

## JAPN 3033. Advanced Japanese Conversation. 3 Hours.

Conversational practice for advanced learners of Japanese. Designed primarily for students who intend to use Japanese in business and other formal settings. Honorific and humble expressions will be emphasized. Prerequisite: JAPN 3116 or equivalent. (Typically offered: Spring)

JAPN 3033H. Honors Advanced Japanese Conversation. 3 Hours.
Conversational practice for advanced learners of Japanese. Designed primarily for students who intend to use Japanese in business and other formal settings. Honorific and humble expressions will be emphasized. Prerequisite: Honors standing and JAPN 2013. (Typically offered: Fall)
This course is equivalent to JAPN 3033.

## JAPN 3116. Intensive Advanced Japanese. 6 Hours.

This course aims to improve students' Japanese proficiency further in all skill areas through intensive practice. Prerequisite: JAPN 2013 or JAPN 2116 or equivalent Japanese proficiency. (Typically offered: Fall)

## JAPN 3116H. Honors Intensive Advanced Japanese. 6 Hours.

This course aims to improve students' Japanese proficiency further in all skill areas through intensive practice. Prerequisite: Honors standing and (JAPN 2013 or JAPN 2116 or equivalent Japanese proficiency). (Typically offered: Fall)
This course is equivalent to JAPN 3116.
JAPN 3983. Special Studies. 3 Hours.
May be offered in a subject not specifically covered by courses otherwise listed. (Typically offered: Irregular) May be repeated for up to 6 hours of degree credit.

## JAPN 4033. Oral Communication \& Composition in Japanese. 3 Hours.

Designed to strengthen Japanese language skills in oral communication and writing. Consists of conversational activities, presentations and debates, and composition in settings such as business, school, and everyday life. Prerequisite: JAPN 3116 or equivalent Japanese proficiency. (Typically offered: Fall)

## JAPN 4033H. Honors Oral Communication \& Composition in Japanese. 3

 Hours.Designed to strengthen Japanese language skills in oral communication and writing. Consists of conversational activities, presentations and debates, and composition in settings such as business, school, and everyday life. Prerequisite: JAPN 3116 or equivalent Japanese proficiency. (Typically offered: Fall)
This course is equivalent to JAPN 4033.
JAPN 4313. Language and Society of Japan. 3 Hours.
The primary objective of this course is to investigate the way the Japanese language reflects the beliefs and custom of the Japanese people as a social group. For comparison purposes, this course makes reference to studies in American language and culture. Proficiency in Japanese not required. Prerequisite: Junior standing. (Typically offered: Fall)

JAPN 4333. Professional Japanese I: Business Writing. 3 Hours.
This course aims to familiarize the students with formats, vocabulary, and expressions in Japanese business correspondence. Emphasizes career-ready Japanese language proficiency. Prerequisite: JAPN 3116 or equivalent Japanese proficiency. (Typically offered: Spring)

## JAPN 4333H. Honors Business Writing in Japanese. 3 Hours.

This course aims to familiarize the students with formats, vocabulary, and situationally specific expressions in Japanese business correspondence. Prerequisite: JAPN 2013 or equivalent Japanese proficiency. (Typically offered: Spring)
This course is equivalent to JAPN 4333.

## JAPN 4343. Professional Japanese II: Translation. 3 Hours.

Continuation of Professional Japanese I. Emphasizes translation, career-ready Japanese language proficiency, and further advancement of Japanese language proficiency in all skill areas. Completion of a professional translation project based on contemporary material is required. Prerequisite: JAPN 4333 or equivalent. (Typically offered: Fall)

JAPN 4343H. Honors Professional Japanese II: Translation. 3 Hours.
Continuation of Professional Japanese I. Emphasizes translation, career-ready Japanese language proficiency, and further advancement of Japanese language proficiency in all skill areas. Completion of a professional translation project based on contemporary material is required. Prerequisite: JAPN 4333 or equivalent. (Typically offered: Fall)
This course is equivalent to JAPN 4343.

## Latin Courses

LATN 1003. Elementary Latin I. 3 Hours.
The rudiments of classical Latin, with concentration on grammar, vocabulary, and syntax. Short selections from ancient authors lead to basic reading ability. (Typically offered: Fall)

## LATN 1013. Elementary Latin II. 3 Hours.

A continuation of the rudiments of classical Latin, with concentration on grammar, vocabulary, and syntax. Short selections from ancient authors lead to basic reading ability. Prerequisite: LATN 1003 or GREK 1003, or equivalent. (Typically offered: Spring)

## LATN 2003. Petronius' Satyricon. 3 Hours.

Development of reading skills through selections from Satyricon, and an introduction to imperial history and culture through critical study of the novel in translation. Prerequisite: LATN 1013 or equivalent. (Typically offered: Fall)

## LATN 2013. Catullus. 3 Hours.

Development of reading skills through selections from Catullus' poems, and an introduction to the culture and history of the late republic through critical study of Catullus in translation and secondary works. Prerequisite: LATN 2003 or equivalent. (Typically offered: Spring)

## LATN 3003. Virgil and Ovid. 3 Hours.

Selections from the Aeneid and/or the Metamorphoses, and an introduction to Roman literary history through the critical study of these works in translation. Prerequisite: LATN 2013 or equivalent. (Typically offered: Fall)

LATN 3013. Caesar. 3 Hours.
Selected readings from Caesar's commentaries on Gallic or Civil Wars, and an overview of Republican political and military history through the critical study of the commentaries in translation and secondary works. Prerequisite: LATN 3003 or equivalent. (Typically offered: Spring)

## LATN 3063. Intensive Elementary Latin Reading. 3 Hours.

Overview of Latin grammar, vocabulary and syntax, leading to reading prose texts. For undergraduates who want short, intensive introduction to Latin and graduate students working towards reading proficiency. Successful completion fulfills graduate student research reading proficiency requirement. LATN 3063 alone cannot fulfill the Foreign Language requirement in Fulbright College. No credit for this course and LATN 1003 and/or LATN 1013. (Typically offered: Summer)

## LATN 4003. Roman History. 3 Hours.

Selections from Sallust, Livy, Tacitus, or Suetonius. An overview of Roman Historiography through the critical study of complete works in translation and secondary works. Prerequisite: LATN 3013 or equivalent. (Typically offered: Irregular)

## LATN 4013. Roman Satire. 3 Hours.

Selections from the satires of Horace, Juvenal, Persius, or Seneca. An overview of Roman humor and the genre of satire through the critical study of complete works in translation and secondary works. Prerequisite: LATN 3013 or equivalent. (Typically offered: Irregular)

## LATN 4023. Roman Didactic Epic. 3 Hours.

Selections from Virgil's Georgics, Lucretius' De Rerum Natura, or Manilius' Astronomica. An overview of Roman philosophical poetry through the critical study of complete works in translation and secondary works. Prerequisite: LATN 3013 or equivalent. (Typically offered: Irregular)

LATN 4033. Roman Drama. 3 Hours.
Selections from Plautus, Terence, or Seneca. An overview of Roman theater through the critical study of complete works in translation and secondary works. Prerequisite: LATN 3013 or equivalent. (Typically offered: Irregular)

## LATN 4043. Roman Elegy. 3 Hours.

Selections from Propertius, Tibullus, or Ovid. An overview of the genre through the critical study of complete works in translation and secondary works. Prerequisite: LATN 3013 or equivalent. (Typically offered: Irregular)

## LATN 4073. Roman Novel. 3 Hours.

Selections from Petronius or Apuleius. An overview of the genre through the critical study of complete works in translation and secondary works. Prerequisite: LATN 3013 or equivalent. (Typically offered: Irregular)

LATN 4083. Roman Oratory. 3 Hours.
Selections from the orations and theoretical works of Cicero, Seneca the Elder, or Quintilian. An overview of the genre through the critical study of complete works in translation and secondary works. Prerequisite: LATN 3013 or equivalent. (Typically offered: Irregular) May be repeated for up to 6 hours of degree credit.

## LATN 4093. Roman Philosophy. 3 Hours.

Selections from the philosophical works of Cicero or Seneca. An overview of Roman philosophy through the critical study of complete works in translation and secondary works. Prerequisite: LATN 3013 or equivalent. (Typically offered: Irregular) May be repeated for up to 6 hours of degree credit.

LATN 475V. Special Investigations. 1-6 Hour.
Special investigations. (Typically offered: Irregular) May be repeated for degree credit.

## Portuguese Courses

## PORT 1003. Elementary Portuguese I. 3 Hours.

An introduction to basic Portuguese grammar with emphasis on listening comprehension and speaking skills. (Typically offered: Irregular)

## PORT 1013. Elementary Portuguese II. 3 Hours.

A continuation of PORT 1003. Prerequisite: PORT 1003 or equivalent. (Typically offered: Irregular)

PORT 1103. Portuguese for Romance Language Speakers I. 3 Hours.
This is the first course of a two-semester program to help Romance language speakers to develop their communicative skills in Portuguese. For students who have completed four semesters or more of Spanish, French, or Italian (2013 level or equivalent). Prerequisite: One of the following: SPAN 2013, FREN 2013, or ITAL 2013, or Native speakers must request approval from instructor. (Typically offered: Fall)

## PORT 2003. Intermediate Portuguese I. 3 Hours.

Review of basic grammar and further development of oral and reading skills. Prerequisite: PORT 1013 or equivalent. (Typically offered: Irregular)

PORT 2013. Intermediate Portuguese II. 3 Hours.
Continued development of basic speaking comprehension and writing skills and intensive development of reading skills. Prerequisite: PORT 2003 or equivalent. (Typically offered: Irregular)

PORT 2103. Portuguese for Romance Language Speakers II. 3 Hours.
This is the second course of a two-semester program to help Romance language speakers to develop their communicative skills in Portuguese. For students who have completed PORT 1103 Portuguese for Romance Language Speakers I. Prerequisite: PORT 1103 or equivalent. (Typically offered: Spring)

## PORT 3003. Portuguese Conversation. 3 Hours.

Continuation of the development of communicative skills in Portuguese with intensive readings on topics of Luso-Afro-Brazilian culture and expansion of vocabulary useful for conversation and composition. Prerequisite: PORT 2013 or PORT 2103 or equivalent. (Typically offered: Irregular)

## PORT 3013. Brazilian Cinema. 3 Hours.

Examines a variety of topics in Brazilian culture and history through films, documentaries, and literary and cultural texts. Prerequisite: PORT 3003 or equivalent. (Typically offered: Irregular)

## PORT 3013H. Honors Brazilian Cinema. 3 Hours.

Examines a variety of topics in Brazilian culture and history through films, documentaries, and literary and cultural texts. Prerequisite: Honors candidacy and PORT 3003 or equivalent. (Typically offered: Irregular)
This course is equivalent to PORT 3013.

## PORT 3203. Brazilian Cultural and Social Issues. 3 Hours.

Provides different perspectives on the elements that shape contemporary Brazilian culture and society, focusing on issues of race, class, gender, and sexuality. Taught in English. Prerequisite: Sophomore standing. (Typically offered: Irregular)

## PORT 3203H. Honors Brazilian Cultural and Social Issues. 3 Hours.

Provides different perspectives on the elements that shape contemporary Brazilian culture and society, focusing on issues of race, class, gender, and sexuality. Prerequisite: Honors candidacy and PORT 3003 or equivalent. (Typically offered: Irregular)
This course is equivalent to PORT 3203.

## Russian Courses

## RUSS 1003. Elementary Russian I. 3 Hours.

First semester of Russian intended for students who have not studied the language before. Students learn how to read and write in the Cyrillic alphabet, as well as communicate on basic topics and gain cultural awareness about the modern Russian-speaking world. (Typically offered: Fall)

## RUSS 1013. Elementary Russian II. 3 Hours.

A continuation of RUSS 1003. Continues developing basic listening, communicative, cultural, speaking, reading, and writing skills. Prerequisite: RUSS 1003. (Typically offered: Spring)

## RUSS 2003. Intermediate Russian I. 3 Hours.

Focuses on mastering speaking, writing, reading, listening skills and cultural awareness using a variety of different texts and cultural material. Prerequisite: RUSS 1013. (Typically offered: Fall)

## RUSS 2013. Intermediate Russian II. 3 Hours.

Continues expanding students' writing, reading, listening, and communicative skills by leading them to intermediate advanced level. Prerequisite: RUSS 2003. (Typically offered: Spring)

## RUSS 3003. Advanced Russian I. 3 Hours.

Through reading and discussing contemporary political and historical events students advance their speaking, listening, and writing skills. The course builds on and advances the language skills acquired in RUSS 2013 Intermediate Russian II. Prerequisite: RUSS 2013, or equivalent language skills that will be equal to four semesters of language instruction. (Typically offered: Irregular) May be repeated for up to 6 hours of degree credit.

## RUSS 4113. Special Themes in Russian. 3 Hours.

Covers topics not normally dealt with in period courses. Sample topics include gender and sexuality, war and memory, Holocaust, art and protest, modernism/ post-modernism, Jewish writers, and cinema. Topics announced one semester in advance. This course is taught in English. (Typically offered: Irregular) May be repeated for up to 9 hours of degree credit.
This course is cross-listed with WLIT 4113.
RUSS 4123. Survey of Russian Literature from Its Beginning to the 1917 Revolution. 3 Hours.
The instructor will discuss the historical and cultural backgrounds while focusing on major writers and will deal with literature as an outlet for social criticism. There will be textual analysis. It will be taught in English. (Typically offered: Irregular)

RUSS 4133. Survey of Russian Literature Since the 1917 Revolution. 3 Hours. The instructor will discuss the historical and cultural backgrounds while focusing on major writers and will deal with literature as an outlet for social criticism. There will be textual analysis. It will be taught in English with readings in English. (Typically offered: Irregular)
This course is cross-listed with WLIT 4133.
RUSS 475V. Special Investigations. 1-6 Hour.
Special investigations. (Typically offered: Fall and Spring) May be repeated for degree credit.

## Spanish Courses

SPAN 1003. Elementary Spanish I (ACTS Equivalency = SPAN 1013). 3 Hours. A first introduction of Spanish for true beginners--pronunciation, aural comprehension, speaking and reading in Spanish--with an objective towards active mastery of basic grammatical structures. (Typically offered: Fall and Spring)

SPAN 1013. Elementary Spanish II (ACTS Equivalency SPAN 1023). 3 Hours.
Elementary courses stress pronunciation, aural comprehension, and simple speaking ability, and lead to active mastery basic grammar and limited reading ability. (Typically offered: Fall and Spring)
SPAN 2003. Intermediate Spanish I (ACTS Equivalency = SPAN 2013). 3 Hours. Intermediate courses lead to greater facility in spoken language and to more advanced reading skills. (Typically offered: Fall and Spring)
SPAN 2013. Intermediate Spanish II (ACTS Equivalency = SPAN 2023). 3 Hours. Continued development of basic speaking comprehension and writing skills and intensive development of reading skills. (Typically offered: Fall and Spring)

## SPAN 2013H. Honors Intermediate Spanish II. 3 Hours.

Continued development of basic speaking comprehension and writing skills and intensive development of reading skills. (Typically offered: Fall and Spring) This course is equivalent to SPAN 2013.

SPAN 2123. Spanish for Heritage Speakers I. 3 Hours.
Designed for students from a Spanish-speaking background with limited to no formal study of the language. Literacy development in Spanish with emphasis on building vocabulary, plus reading and writing skills. Prerequisite: Students who have taken one year or less of Spanish. Placement by exam or by Spanish Advisor. (Typically offered: Irregular)
SPAN 3003. Advanced Spanish. 3 Hours.
Further intensive practice to strengthen written and oral expression. Includes a review of the essentials of Spanish grammar. Prerequisite: SPAN 2013 or equivalent. (Typically offered: Fall and Spring)

SPAN 3033. Conversation and Composition. 3 Hours.
Three hours per week of guided conversation (oral) and composition (written) practice for the post-intermediate student. Prerequisite: SPAN 3003. (Typically offered: Fall and Spring)

SPAN 3103. Cultural Readings. 3 Hours.
A course designed to build vocabulary and to strengthen reading skills and oral expression through extensive practice with culturally authentic materials. Prerequisite: SPAN 2013 or equivalent. (Typically offered: Fall and Spring)

## SPAN 3113. Introduction to Literature. 3 Hours.

Further development of reading skills and introduction to literary commentary and analysis. Prerequisite: (Both SPAN 3003 and SPAN 3103 or only SPAN 3123), or equivalent. (Typically offered: Fall and Spring)

SPAN 3113H. Honors Introduction to Literature. 3 Hours.
Further development of reading skills and introduction to literary commentary and analysis. Prerequisite: Honors standing, both SPAN 3003 and SPAN 3103 or only SPAN 3123. (Typically offered: Irregular)
This course is equivalent to SPAN 3113.

## SPAN 3123. Spanish for Heritage Speakers II. 3 Hours.

Designed for students from a Spanish-speaking background with some formal training in Spanish and/or the ability to read and write in the language. Continue developing language skills, plus introduction to the U.S. Latino literature and culture. Prerequisite: Students who have taken two years of Spanish in High School, SPAN 2123 or placement exam. (Typically offered: Fall and Spring)
SPAN 3883. Translation and Interpretation I: Spa/Eng - Eng/Spa. 3 Hours.
Designed for learners who want to improve their proficiency in both Spanish and English while introducing translation and interpretation theory with hands-on practice. Prerequisite: Both SPAN 3003 and SPAN 3103, or only SPAN 3123, or instructor consent. (Typically offered: Irregular)

SPAN 399VH. Honors Spanish Course. 1-6 Hour.
Honors thesis research and writing under the direction of a faculty member in the department. Prerequisite: Junior standing. (Typically offered: Fall and Spring) May be repeated for up to 12 hours of degree credit.

SPAN 4003. Advanced Grammar. 3 Hours.
For majors and advanced students covering the problematic areas of Spanish syntax and usage. Prerequisite: SPAN 3003 and SPAN 3103. (Typically offered: Fall)
SPAN 4073. Introduction to Hispanic Linguistics. 3 Hours.
Deepens students' knowledge of the Spanish language through an introduction to the discipline of Linguistics, which is the field of science that studies human language. Areas of Hispanic linguistics that will be covered include phonology (sound system), morphology (word structure), and syntax (sentence structure). Prerequisite: SPAN 4003. (Typically offered: Irregular)

## SPAN 4103. Monuments of Spanish Literature I. 3 Hours.

Monuments of the major works of Spanish literature from El Cid through the 17th century. Prerequisite: SPAN 3113. (Typically offered: Irregular)

SPAN 4113. Monuments of Spanish Literature II. 3 Hours.
Monuments of Spanish literature from the 18th century to the present. Prerequisite: SPAN 3113. (Typically offered: Irregular)
SPAN 4123. Spanish for Heritage Speakers III. 3 Hours.
Continued development and expansion of Spanish writing skills. Special emphasis given to active grammar, textual production, and critical thinking for writing in academic and professional settings. Students' work involves research, reading, composing, delivering presentations, writing and proofreading different types of essays. Prerequisite: Students who have taken three or more years of Spanish in high school, AP Spanish, SPAN 3123 or placement exam. (Typically offered: Irregular)
SPAN 4133. Survey of Spanish-American Literature I. 3 Hours.
Survey of Spanish-American literature from the Colonial period to mid-19th Century, including pre-Hispanic Indigenous Literatures. Prerequisite: SPAN 3113. (Typically offered: Irregular)

SPAN 4193. Survey of Spanish-American Literature II. 3 Hours.
Survey of Spanish-American literature from Modernism to the present. Prerequisite: SPAN 3113. (Typically offered: Irregular)

SPAN 4213. Spanish Civilization. 3 Hours.
A wide-ranging exploration of Spanish history and culture from the Middle Ages to the present. Prerequisite: SPAN 3113. (Typically offered: Irregular)
SPAN 4223. Latin American Civilization. 3 Hours.
Latin American civilization. Prerequisite: SPAN 3113. (Typically offered: Irregular)
SPAN 4243. Literature and Culture in the Hispanic United States. 3 Hours. An exploration of the history and culture, art and politics of the major Hispanic groups in the United States. Focus on contemporary attitudes and issues. Prerequisite: SPAN 3113. (Typically offered: Irregular)
SPAN 4253. Latin American Cinema and Society. 3 Hours.
This course examines key issues in Latin American culture and history through films, documentaries, and literary and cultural texts. Topics included are: Human Rights, Ethnicity, Gender, Revisions of the past. Prerequisite: SPAN 3113. (Typically offered: Irregular)

SPAN 4333. Business Spanish I. 3 Hours.
Enhances ability to interact in Spanish-language business environments by providing a solid foundation in vocabulary and structure in functional business areas such as company structure, banking and accounting, capital investment, goods and services, marketing, finance, and import-export. Students commit to 15 hours during the semester to work on business-related projects with the Spanish-speaking community of Northwest Arkansas. Prerequisite: (SPAN 3003 and SPAN 3103) or SPAN 3123. (Typically offered: Fall and Spring)
SPAN 4563. Latino Youth Biliteracy Service Learning Project. 3 Hours.
The Latino Youth Biliteracy Project is a service learning course for students in Spanish and Latin American and Latino Studies. Readings on Latino education policies and challenges, bilingualism, and the immigrant experience. Students commit from 15 to 30 hours of mentoring Latino youth at local schools during the semester (in addition to class meeting times) and complete a research project on Latino education. Prerequisite: SPAN 3113 or SPAN 3123 or instructor consent. (Typically offered: Irregular)

## SPAN 4583. Advanced Spanish for Health Professions. 3 Hours.

Advanced Spanish for Health Professions is an upper level service learning course for students in Spanish and Latin American and Latino Studies. Development of Spanish language for healthcare providers. Readings on the state of Latino health care in Arkansas and in the United States. Students will work 30 hours during the semester on health related projects with the Spanish speaking community of NWA. Prerequisite: SPAN 3003 and SPAN 3103 or SPAN 3123. (Typically offered: Irregular)

## SPAN 4623. Advanced Proficiency in Spanish. 3 Hours.

Work in translation and composition, oral proficiency, and phonetics and pronunciation for students who still seek further practice in skills development to extend their fluency and proficiency in the second language. Suitable for nonnative speaking students considering becoming teachers of Spanish. Prerequisite: SPAN 4003 or instructor consent. (Typically offered: Irregular)

## SPAN 470V. Special Topics. 1-3 Hour.

May be offered in a topic not specifically covered by courses otherwise listed. (Typically offered: Irregular) May be repeated for up to 6 hours of degree credit.

SPAN 475V. Special Investigations. 1-6 Hour.
Special investigations. (Typically offered: Fall and Spring) May be repeated for degree credit.

## SPAN 4873. Creative Writing in Spanish. 3 Hours.

Introduces students to basic skills and tools needed to be a creative writer in Spanish by exploring poetry, short story, and the short novel. Prerequisite: SPAN 3033 and SPAN 3103. (Typically offered: Fall Even Years)

## Swahili Courses

SWAH 1003. Elementary Swahili I. 3 Hours.
Stresses correct pronunciation, aural comprehension, simple speaking ability, and leads to mastery of basic grammar and limited reading ability. (Typically offered: Irregular)

SWAH 1013. Elementary Swahili II. 3 Hours.
Continues to stress correct pronunciation, aural comprehension, and speaking ability and continues to build mastery of basic grammar and limited reading ability. Prerequisite: SWAH 1003 (Typically offered: Irregular)
SWAH 2003. Intermediate Swahili I. 3 Hours.
Leads to greater facility in spoken language and develops more advanced reading and writing skills. Prerequisite: SWAH 1003 and SWAH 1013. (Typically offered: Irregular)

## SWAH 2013. Intermediate Swahili II. 3 Hours.

Leads to greater facility in spoken language and develops more advanced reading and writing skills. Prerequisite: SWAH 1003, SWAH 1013 and SWAH 2003. (Typically offered: Irregular)

## World Languages, Literatures and Cultures Courses

WLLC 3053. The Colonial French in the Mississippi Valley. 3 Hours. This course focuses on the French Colonial Mississippi Valley from 1698 until 1763. Activities for both French and non-French speaking students provide a rich environment to discuss encounters, subsistence strategies, and warfare faced by native peoples, missionaries, explorers, and colonists alike. Students will examine primary handwritten, transcribed, or translated sources. (Typically offered: Spring)

## WLLC 3063. Intro to Digital Humanities. 3 Hours.

Explores the myriad intellectual, technological, and aesthetic phenomena emerging from the intersection of the humanities and the digital. Students will critically reflect on the ideas of the innovators who paved the way to the digital age, review humanist responses to the digital age, engage with the field of digital humanities proper, addressing the methodologies, technologies, and histories the field entails, and apply theoretical insights to their practical engagement with a selection of digital tools and projects. (Typically offered: Fall)

WLLC 3073. Digital Humanities Special Topics. 3 Hours.
Topics in digital humanities which are not usually presented in depth in regular courses. Prerequisite: WLLC 3063. (Typically offered: Spring) May be repeated for up to 6 hours of degree credit.
WLLC 3173. Introduction to Linguistics. 3 Hours.
Introduction to language study with stress upon modern linguistic theory and analysis. Data drawn from various languages reveal linguistic universals as well as phonological, syntactic, and semantic systems of individual languages. Related topics: language history, dialectology, language and its relation to culture and society, the history of linguistic scholarship. Prerequisite: Junior standing. (Typically offered: Irregular)
This course is cross-listed with COMM 3173, ENGL 3173.

## WLLC 3923H. Honors Colloquium. 3 Hours.

Covers a special topic or issue, offered as part of the honors program. Prerequisite: Honors candidacy (not restricted to candidacy in foreign languages). (Typically offered: Irregular) May be repeated for degree credit.

WLLC 398V. Special Studies. 1-6 Hour.
A course (not independent study) which covers a topic or author not usually presented in depth in regular courses. (Typically offered: Irregular) May be repeated for degree credit.

WLLC 398VH. Honors Special Studies. 1-6 Hour.
A course (not independent study) which covers a topic or author not usually presented in depth in regular courses. (Typically offered: Irregular) May be repeated for degree credit.
This course is equivalent to WLLC 398V.
WLLC 4013. Ethno-Historic Approach to Native American Languages. 3 Hours. This course pursues an ethno-historic examination of Native American languages among Native nations primarily from the southeast and midwest including the Quapaws, the Cherokee, the Caddos, and the Illinois, though other nations are certainly discussed. This course examines the Native American group's history, European encounters, spoken and written language, nonverbal language, visual and ritual communication, devastation to language and culture through boarding schools, as well as current language revitalization. (Typically offered: Fall)

WLLC 4023. Languages, Cultures, and Teaching with Technology. 3 Hours. This course provides senior level undergraduate and graduate students with innovative ways to teach and communicate through the use of modern technologies as applied to second languages. Topics of discussion include instructional systems design, Web 2.0 technologies, presentation technologies, online facilitation, and pedagogical strategies for using technological tools in language and culture courses. Prerequisite: Senior standing. (Typically offered: Irregular)

WLLC 4033. Languages, Cultures and Teaching with Video. 3 Hours.
This course provides senior level undergraduates and graduate students with the knowledge and skills needed to teach and communicate through the use of video as applied to second languages. Topics of discussion include instructional systems design, development of strong pedagogical strategies for teaching with film, analysis of research focused on subtitling, learning strategies, mental effort, and language and culture development, as well as some videotaping and editing. Prerequisite: Senior standing. (Typically offered: Irregular)
WLLC 4043. The Early French in North America. 3 Hours.
This course focuses on French exploration in North America from 1508 until 1698. Activities for both French and non-French speaking students provide a rich environment to discuss first encounters, cultural differences, and colonization struggles throughout New France by indigenous peoples, missionaries, military and colonists alike. This course strongly familiarizes students with historic events leading up to beginnings of Colonial French Arkansas and Lower Mississippi Valley. Prerequisite: FREN 2013 or equivalent. (Typically offered: Fall)

WLLC 423V. Culture and Civilization: Field Studies. 1-18 Hour.
May be taken by students participating in overseas work study programs approved by the department. (Typically offered: Irregular) May be repeated for degree credit.

## Sam M. Walton College of Business

## Mission and Objectives <br> Vision Statement

Through our teaching, research, and service, the Sam M. Walton College of Business will be a thought leader and a catalyst for transforming lives in Arkansas, the United States and the world.

## Core Values

Excellence: We are driven to be the best in everything we do.
Professionalism: We operate with integrity, humility, respect, and Inclusion.

Innovation: We imagine possibilities, we create, and we inspire others.
Collegiality: We respect each individual, we value our differences, and we welcome all.

## Mission Statement

The mission of the Sam M. Walton College of Business is to advance and disseminate business knowledge using a diverse, inclusive, and global perspective and to encourage innovation in our primary strategic endeavors: Retail, Data Analytics, and Entrepreneurship.

## Facilities and Resources

The Walton College offers degree programs for undergraduate students and for graduate students at both the master's and doctoral levels.

The Walton College is housed in modern four buildings supporting on-campus programs. These attractive facilities provide technologyequipped classrooms and state-of-the-art computer laboratories for both business classes and individual use. The buildings also house faculty and administrative offices, an honors program study area with computer access, the George W. Edwards Jr. Career Suite, the Garrison Financial Institute, and large study areas equipped for individual as well as group studying.

The library of the college is part of the general University Libraries and is housed in Mullins Library. The business and economics collection comprises approximately 55,000 volumes and makes this library one of the best in the region.

Walton College also operates centers, hubs, labs and studios for research, outreach, and public service. Information about centers may be found in the University Centers and Research Units section of this catalog. Walton College centers include the following:

- Behavioral Business Research Lab
- Bessie B. Moore Center for Economic Education
- Blockchain Center for Excellence
- Center for Business and Economic Research
- Executive Education
- Garrison Financial Institute
- McMillon Innovation Studio
- Office of Entrepreneurship and Innovation
- Supply Chain Management Research Center
- The Sustainability Consortium
- Tyson Center for Faith and Spirituality in the Workplace

## Degrees Offered

Undergraduate students may pursue curricula leading to one of the following degrees: Bachelor of Science in Business Administration (B.S.B.A), Bachelor of Science in International Business (B.S.I.B.). In each of these degree programs, the pre-business requirements must be completed before students may enroll in upper division business courses. Students in Walton College may pursue an academic minor in business or in the Fulbright College of Arts and Sciences. Walton College also offers business minors for non-business students. Degree programs and minors are outlined on subsequent pages.

## College Admission Requirements

All students admitted to the University of Arkansas, Fayetteville, are eligible for admission to the Sam M. Walton College of Business. Students will be required to follow the degree program requirements set forth in the catalog corresponding to the student's first semester in Walton College, not the first semester of enrollment at the University of Arkansas.

## College Scholarships

High school graduates who expect to enroll in Walton College are encouraged to apply for scholarships made available to freshmen by individuals, business firms, and organizations. Also available to freshmen, regardless of degree program, are freshmen academic scholarships. Current Walton College students may apply for both college and departmental scholarships beginning in January of each year for the following academic year. Information on these financial awards may be secured from the University Scholarship Office and the Walton College Undergraduate Programs Office.

## Student Organizations

In addition to the general university student organizations, Walton College Student Ambassadors, Leadership Walton and a Business Dean's Student Advisory Board, there are several college societies open to Walton College students. These include the following:

- American Marketing Association
- Association for Information Systems
- Beta Alpha Psi (accounting honorary)
- Beta Gamma Sigma (business honorary)
- Enactus (formerly SIFE)
- Finance Club
- Future Women Business Leaders
- National Association of Black Accountants
- Omicron Delta Epsilon (economics honorary)
- Phi Beta Delta (international scholars honorary)
- S.A.K.E. (Students Acquiring Knowledge Through Enterprise)
- Society for Human Resource Management
- Student Society for Management Education
- Students of Retailing Excellence (STORE)
- Transportation and Logistics Association
- Women Impacting Supply Excellence (WISE)

## Eight-Semester Degree Program Policy <br> College Academic Regulations

## Pre-Business Requirements

Students pursuing a degree in Walton College are classified as prebusiness with an intended major until all pre-business requirements are fulfilled. The following policies apply to the pre-business program:

To be eligible to enroll in upper-division business courses in Walton College, a student must complete the Walton College computer competency requirement, ISYS 1123and maintain at least a 2.50 (on a 4.00 scale) overall grade-point average (GPA) in addition to completing the 31 credit hours listed below of pre-business core courses (or their equivalents), also with at least a 2.50 GPA. Further, a student must complete all courses offered to meet this requirement with a grade of "C" or better or the requirement for graduation. The pre-business core courses are as follows:

| ACCT 2013 | Accounting Principles | 3 |
| :--- | :--- | :--- |
| ACCT 2023 | Accounting Principles II |  |

| ECON 2013 | Principles of Macroeconomics (ACTS Equivalency <br> = ECON 2103) | 3 |
| :--- | :--- | :--- |
| ECON 2023 | Principles of Microeconomics (ACTS Equivalency <br> = ECON 2203) | 3 |
| ENGL 1013 | Composition I (ACTS Equivalency = ENGL 1013) | 3 |
| ENGL 1023 | Composition II (ACTS Equivalency = ENGL 1023) | 3 |
| ISYS 1123 | Business Application Knowledge - Computer <br> Competency | 3 |
| MATH 2043 | Survey of Calculus (ACTS Equivalency = MATH <br> 2203) | 3 |
| MATH 2053 | Finite Mathematics | 3 |
| BUSI 1111 | Freshman Business Connection | 1 |
| BUSI 1033 | Data Analysis and Interpretation | 3 |
| 1 Students majoring or minoring in Accounting or Finance must complete |  |  |
| ACCT 2023. |  |  |

Students' records will be evaluated each semester to determine whether a student should be moved to a major and have pre-business classification removed. After completing pre-business requirements and being admitted into his or her major, the student is expected to arrange for a pre-graduation check by the Undergraduate Programs Office to ascertain remaining degree requirements.

## Business Core Requirements

Students pursuing a degree in Walton College must complete the following business core courses.

| BLAW 2013 | The Legal Environment of Business (ACTS <br>  <br>  <br> Equivalency = BLAW 2003) | 3 |
| :--- | :--- | :--- |
| ISYS 2103 | Business Information Systems | 3 |
| FINN 2043 | Principles of Finance | 3 |
| MGMT 2103 | Managing People and Organizations | 3 |
| SEVI 3013 | Strategic Management | 3 |
| MKTG 3433 | Introduction to Marketing | 3 |
| SCMT 2103 | Integrated Supply Chain Management | 3 |

## Registration in Junior/Senior-Level Walton College Courses

Walton College students must complete the pre-business requirements prior to enrollment in junior- or senior-level courses in Walton College.

Non-degree seeking students and students enrolled in other colleges are subject to the same course prerequisites as students within Walton College. Specific exceptions to this policy must be addressed to the executive director for undergraduate programs in Walton College.

Restrictions on General Education Electives: Only three hours total of general education electives will be allowed in Physical Education Activity (PEAC) or Dance Education Activity (DEAC) courses.

## Transfer of Credit Policies

In addition to the university policies controlling the granting of credit for course work taken at other institutions, the following policies apply to transfer work applied to any undergraduate business program:

1. Transfer students considering admission to pursue a major in Walton College must have completed the pre-business courses and requirements listed above and have a 2.50 (on a 4.00 scale)
cumulative grade-point average in the pre-business courses and in his or her overall grade-point average. Transfer students will be classified as pre-business students until pre-business core requirements have been completed.
2. A pre-business and overall grade-point average for courses accepted for transfer by the University of Arkansas will be calculated and used to evaluate the completion of the pre-business requirements by students transferring courses from other institutions.
3. Unless exceptions are granted at the time of admission to the University of Arkansas, transfer courses accepted by the university will not be accepted by Walton College for degree purposes unless a grade of "C" or better has been earned in each of these courses. (See the university Transfer of Credit page (p. 89).)
4. A transferred course cannot carry more degree hours than are available in a similar University of Arkansas course. For example, a four-hour principles of economics course transfers as three degree hours.
5. Business courses completed at the freshman or sophomore level at another institution will not count as equivalents of junior- or seniorlevel courses offered in Walton College (University of Arkansas), and no transfer credit shall be granted for any such course(s) in Walton College.
6. At least 50 percent of program requirements in business and economics must be taken in residence.
7. SEVI 3013, 21-24 hours of upper division courses required for the completion of the major, and 3-6 hours of additional, upper division business courses are required degree must be taken in residence at the University of Arkansas, Fayetteville.
8. Junior- or senior-level core courses in business and economics may be transferred from a school accredited by AACSB International.
9. Junior- or senior-level core courses taken at a non-AACSB International-accredited, four-year institution must either be repeated or validated by procedures specified and approved by the assistant dean for undergraduate programs.
10. Junior- or senior-level electives in business and economics taken at a non-AACSB International-accredited, four-year institution may be accepted in transfer as junior/senior business electives.
11. In cases of minors or transfer, students who take courses with different names but with similar content at different institutions or in different colleges within the University of Arkansas, may be allowed degree credit for only one of the courses (i.e.: principles of economics and agricultural economics). Students pursuing degrees and minors within the Walton College must enroll in business courses as designated by their program of study.
12. Courses taken at any higher education institution where the course content is remedial are not acceptable for degree credit.
13. The student should be prepared to submit course descriptions, syllabi, or other course-related information for transfer course work if there is any question as to whether Walton College will grant degree credit for such work.
14. Exceptions: All requests for, exceptions to, and variations from the rules, regulations, and requirements of Walton College and the university should be made in writing to the executive director for undergraduate programs of Walton College. Consult the Undergraduate Programs Office in Walton College for these requests.

## Course Loads

The normal course load in Walton College is 15 to 17 hours per semester (and six hours per summer term). Students with a 2.75 grade-point
average the previous semester may take a maximum of 18 hours. Seniors may take 18 to 19 hours, if required for graduation, during their final semester. Students on academic warning are limited to a maximum course load of 12 hours. University regulations on the number of hours allowed per semester are found in the Orientation and Registration section of this catalog.

## Foreign Language Concentration

An undergraduate B.S.B.A. degree-seeking student may elect to substitute 12 hours in a single upper-level foreign language for 12-15 hours of the 12-15 hours required in the junior-senior business elective block of courses for the degree requirements. Students who choose to use 12 hours of foreign language, but who are pursuing majors requiring 15 hours of junior-senior business electives, must take an additional 3 hour junior-senior business elective to satisfy degree requirements.

## Double Major

A student may elect to obtain a double major by completing all required courses for two majors in Walton College (but not in two concentrations within a single major). The minimum hour requirement for a double major is 138 degree credit hours to include all requirements for both majors. If there are courses common to both majors, academic advisers will specify additional requirements in lieu of the common courses. The junior/senior business elective block can be reduced by three hours; however, choice of the junior/senior business electives is restricted to no more than three total hours from each department that offers the two majors. Students who have elected to substitute a foreign language course of study for junior/senior business electives must complete 12 hours of junior/senior language courses.

The student must notify the Undergraduate Programs Office in Walton College of intent to pursue a double major. All requirements for double majors must be completed prior to awarding of a degree.

## Business Minors

The Walton College offers a variety of minors for students desiring specific knowledge in another area of business (outside their major) to assist them in their business careers. Students may elect to obtain a business major and a business minor by completing all required courses for both the major and the minor in the Walton College (but not a major and minor within the same discipline). Students must complete all requirements for both the major and the minor and may not use more than six hours of major courses toward minor requirements. If there are common courses to both, the department chairs involved will agree upon and specify additional requirements. Business minors require the completion of 15 specific hours of study and all upper level courses applied toward the minor must be taken in residence.

Students may elect to obtain multiple business minors by completing all required courses for all minors in the Walton College (but not minors within the same discipline). Students must complete all requirements for minors and may not use more than three hours of courses toward each of the minor requirements. However, if there are common courses to both, the department chairs involved will agree upon and specify additional requirements.

Students who desire to earn a business minor must notify the Walton College Undergraduate Programs Office of their intent to pursue a minor. All requirements for the minor must be completed prior to the awarding of the student's undergraduate degree. All specific course prerequisites
must be met. Each students must have a 2.00 cumulative GPA in the courses offered for the minor.

## Additional Bachelor's Degrees

Students seeking a second bachelor's degree must contact the Undergraduate Programs Office to ascertain specific requirements. Degree candidates must meet the university's general graduation requirements. The university requires that 1) the student take a minimum of 30 semester hours over the requirements for the first degree, and 2) the 30 hours cover a minimum of 36 weeks in residency at the Fayetteville campus. Walton College also requires that the student complete all courses in the pre-business and business core and the major and any additional business requirements (if some of these have been completed on the first degree, they are waived). It is recommended that any additional courses needed to finish the university's 30-hour requirement be junior or senior business electives. The second degree may be taken after the first is awarded, or both degrees may be awarded simultaneously after completion of all requirements for both.

## College Graduation Requirements

1. University Requirements. Degree candidates must meet the following: the university's general entrance requirements, number of credit hours required in residence, and the "requirements for graduation," including the State Minimum Core American history.
2. Hour Requirements. Degree candidates must satisfactorily complete the total number of semester hours specified for the curriculum in courses approved for one of the majors outlined in the succeeding pages. No less than 50 percent of the total credits must be in approved subjects other than business.
NOTE: Not all courses offered by the university will be accepted for degree credit by Walton College. Courses falling into this category are ENGL 0002, MATH 0001L, MATH 0002L, and MATH 0131L. Developmental courses are defined as 1) any course so designated by the university, and 2) any lower-division course taken after a higher-level course is taken. Credit will not be given for duplicate course work.
3. Grade Requirements. Students must earn a grade of "C" or better in all pre-business core course requirements. Each student must have a 2.00 cumulative GPA in each of the following areas:
a. All work completed at the University of Arkansas.
b. All courses specifically designated for the major.
c. All required business core courses and required economics courses.
4. General Education Course Work. A student's general education course work must satisfy State Minimum Core Requirements, additional college/program course-specific requirements, as well as these two area requirements:
a. Social Issues, Multicultural Environment, and Demographic Diversity, and
b. Micro and Macroeconomics. If a student has not satisfied these area requirements within the fine arts and/or social sciences areas of the university core, these area requirements must be satisfied through general education electives to allow students to complete degree requirements within the hours indicated above.

Courses that satisfy these area requirements are listed below. Many of these courses will also satisfy State Minimum Core Requirements. Where possible, a student should select courses that satisfy both requirements.
A. Social Issues, Multicultural Environment, and
Demographic Diversity
$\left.\begin{array}{lll}\text { ANTH 1023 } & \begin{array}{l}\text { Introduction to Cultural Anthropology (ACTS }\end{array} & 3 \\ & \text { Equivalency = ANTH 2013) (University Core) }\end{array}\right)$

Any Foreign Language (State Minimum Core, if 2000-level or above, general education elective otherwise)
Any Walton College study abroad course
B. Micro/Macro Economics

| ECON 2013 | Principles of Macroeconomics (ACTS | 3 |
| :--- | :--- | :--- |
|  | Equivalency = ECON 2103) (business core) |  |
| ECON 2023 | Principles of Microeconomics (ACTS | 3 |
|  | Equivalency = ECON 2203) (business core) |  |

5. Enrollment Requirement: Students must earn a minimum of 30 semester hours on the Fayetteville campus - this includes study abroad classes, online and courses offered through the Global Campus. Other courses paid toward Fayetteville campus tuition and fees may be used with approval. These 30 semester hours must include SEVI 3013, 21-24 hours of upper division courses required for the completion of the major, and 3-6 hours of additional upper division courses required for the degree program. Specifically, required junior and senior courses in business or economics must be taken at the University of Arkansas or at an AACSB accredited school. At least 50 percent of the total hours in business and economics must be taken in residence.
6. Catalog/Curriculum Changes. Business is a dynamic profession, and the college and department curricula are updated continuously to keep pace with changes in the business world. Students entering under this catalog will be required to comply with such curricular changes to earn their degree. The total number of hours required for the degree, however, may not be increased, and all work completed in accordance with this catalog prior to the curriculum change will be applied toward the student's degree requirements. Furthermore, courses incorporated into the curriculum at a level lower than the one the student has completed are not required for that student unless there are specific prerequisites. Students entering under earlier catalogs are responsible for completing the graduation requirements as published in the catalog in effect when they entered the program. Students having interruptions of their academic programs that exceed two calendar years must complete the requirements published in the catalog in effect when they re-enter the program. Exceptions to the graduation requirements must be approved by the executive director for undergraduate programs.

The Walton College offers an eight-semester degree-completion program. In each of the majors listed in this chapter, at least one eight-semester schedule is shown. Some majors offer several concentrations, and eightsemester programs are available for each of the concentrations.

See more about the university's Eight-Semester Degree Policy (p. 67).

## Graduate Studies

The University of Arkansas offers the following advanced degrees in business: Master of Accountancy, Master of Applied Business Analytics, Master of Business Administration, Master of Arts in Economics, Master of Information Systems, Master of Professional Accounting, Master of Science in Finance, Master of Science in Economic Analytics, Master of Science in Marketing, Master of Science in Supply Chain Management, Doctor of Philosophy in Business Administration, and Doctor of Philosophy in Economics.

For further information about these programs and requirements for admission, see the Graduate School Catalog or write to the assistant director of marketing and recruiting, Graduate School of Business, 475 Willard J. Walker Hall.

## Accreditations

The college has been a member of and accredited by AACSB International-The Association to Advance Collegiate Schools of Business since 1931. The accounting program was accredited separately in 1986 at both the bachelor's and master's level. The master's degree in the business administration program was approved in 1963. Accreditation by and membership in AACSB signifies commitment by the college to the goals of promoting and actualizing the highest standards of business education.

## Office of the Dean of the College

- Innovation and Entrepreneurship (p. 687)
- International Business (p. 620)
- Management (p. 670)
- Marketing (p. 676)
- Nonprofit Studies (p. 693)
- Retail (p. 681)
- Supply Chain Management (p. 667)

## Minors in the J. William Fulbright College of Arts and Sciences

Students in Walton College may pursue an academic minor in the J . William Fulbright College of Arts and Sciences. Academic minors usually consist of 15 to 18 hours of course work. The available minors and course requirements are specified in the Fulbright College section of this catalog. Students must notify the Undergraduate Programs Office in Walton College of their intention to pursue a minor as early as possible. Walton College will certify that the requirements of the minor have been satisfied by graduation and, with the assistance of the Fulbright College, will advise students on the requirements to complete a minor. The minor will be designated on the student's transcript.

Courses that are part of the University Core Requirements or the additional General Education Requirements or any other non-business course that is part of a student's course of study may also be counted for credit in a minor. For example, ANTH 1023 Introduction to Cultural Anthropology, is a concentration in the B.S.B.A. social science block and can also be used to satisfy the requirements of the anthropology minor. Other courses in a minor can be counted as general education electives. Walton College economics majors in the business economics concentration or the international economics and business concentration may not obtain a Fulbright College minor in economics.

## Business Administration Minors for NonBusiness Students

Read about the options for non-business students to pursue business administration minors (p. 695).

## Undergraduate Certificates

- Cybersecurity and Data Management (p. 663)
- Diversity, Equity and Inclusion Management (p. 674) (DEIM)

## Other Programs

## Internships

Internships are opportunities for students to gain degree and non-degree related work experience prior to graduation. It is a planned, progressive educational strategy in which the student obtains work experience related to his or her academic major or minor and career goals. Participating students earn academic credit for their work experiences and are always paid by their employers. Students can maintain their status as full-time students while participating in an internship, even if their internship requires they spend a semester working full-time.

Walton College students are eligible for academic credit related to an internship if they have 1) completed the pre-business core and have obtained at least 60 hours of credit, 2) a cumulative grade-point average of 2.5 or better, and 3) a grade-point average of 2.5 or better for the last full-time term completed. Students may receive one hour of credit per semester for a job that requires 120 or more total hours worked or two hours of credit per semester for a job that requires 180 hours or more total hours worked. A maximum of six hours of degree credit may be awarded as a junior- senior-level business elective. Students may utilize credit toward major or minor course requirements as approved. Full-time students who work 240 or more total hours in an approved internship are eligible for three hours of academic credit per semester, or per full summer, provided they have a minimum GPA of 2.5 , as well as having received a GPA of at least 2.5 in the prior full-time semester.

Students may seek either to qualify a job they have found themselves for internship credit, or they may seek an employment opportunity through
the Walton Career Services, Willard J. Walker Hall 226. The employment opportunity may be either a full-time, off-campus work assignment that alternates with semesters spent on campus taking courses (an alternating internship), or it may be a part-time job undertaken concurrently with course work (a parallel internship). Once a student has been matched with an approved job, the internship coordinator, the faculty advisor, the student's work place supervisor, and the student work together to formulate career-related learning objectives for the coming semester of work. These objectives must be in writing and in to the internship coordinator or faculty advisor in order for a student to be registered for internship credit. At the end of each semester of work, the student is required to submit a three- to ten-page paper (depending on credit hours to be received) that re-states the student's learning objectives for the semester and discusses how the job experience fulfilled the objectives. The student is also required to submit an employer evaluation form, and the work supervisor is asked to submit an evaluation of the student's work.

For information on participating in Walton College internship programs, a current listing of internship opportunities, and phone numbers of people with whom you may discuss these opportunities, visit the Career Services home page at waltoncollege.uark.edu (http://waltoncollege.uark.edu/ coop/).

## Honors Program

Walton College honors program consists of two components: the fouryear Walton Scholars Program and the Departmental Scholars Program. Students participating in the honors program will be eligible to graduate cum laude, magna cum laude, or summa cum laude. Students who do not participate in the honors program are eligible to graduate with distinction, a classification separate from the cum laude awards. Honors program students will receive priority for participation in the Arkansas Cooperative Education Program, SAKE, the portfolio management class, and financial support for study-abroad programs. They also have access to an honors study area.

## Graduation with Honors

The bachelor's degree summa cum laude (with highest honors), magna cum laude (with high honors), or cum laude (with honors) may be conferred only upon those students who have successfully completed the Walton College Honors Program. Both Walton Scholars and Departmental Scholars are eligible for these designations. Students whose cumulative grade-point average place them in the top 10 percent of their graduating class but who have not completed the Honors Program are eligible for the designation "With Distinction" on their official transcript. Among those students completing the Honors Program, the designations summa cum laude, magna cum laude and cum laude shall be determined as follows:

- Top 20 percent of students completing the Honors Program: Summa Cum Laude
- Next 30 percent of students completing the Honors Program: Magna Cum Laude
- Next 50 percent of students completing the Honors Program: Cum Laude

No honors degree will be conferred upon a candidate who has not completed at least 50 percent of his or her degree work at the University of Arkansas or who, in the last four semesters of attendance, has a cumulative grade-point average of less than 3.00 or has received a "D" or " $F$ " in any course in the last semester. Certain other requirements will be outlined on request by the associate dean for undergraduate studies.

## Eligibility for the Honors Program

Admission will be offered to incoming freshmen with a minimum ACT/ SAT score of $28 / 1240$ or higher and a high school GPA of 3.75 . Honors students are required to maintain a cumulative GPA of 3.75 with no grades of " $D$ " or " F " in any course to remain in the program. All honors students are required to meet with the associate or assistant director for honors programs each semester to monitor progress of honors requirements. Students who maintain a GPA of 3.75 but do not complete honors requirements in a timely manner are subject to removal from the Honors Program at the discretion of the director of the honors program.

## Probation Guidelines

a. Honors Enrollment Exceptions

If students are admitted into the Walton Honors program as firstsemester freshmen with the qualifying criteria ( 3.75 minimum HS GPA and 28 ACT/1310 SAT), and have their HS GPA recalculated to be lower than the qualifying criteria after successful admission, those students will be placed on a one-semester probation during their first semester at the University of Arkansas.
b. First Time on Probation Students

Members of the Walton Honors program must maintain a cumulative GPA of 3.75 or higher. Should a student's GPA fall below 3.75 , that student will be placed on honors probation for the following semester. During this probationary period, the student will retain the privileges of membership in the Walton Honors Program and Honors College, and they will have the chance to raise their cumulative University of Arkansas GPA to 3.75 . If at the end of the probationary semester the student's cumulative GPA remains below 3.75 , the student will be removed from the Walton Honors program and the Honors College.

## Requirements for Walton Scholars Program:

1. Complete 21 hours in honors courses with a minimum of 9 hours completed from the following honors business courses: ACCT 2013H, ACCT 2023H, BLAW 2013H, ECON 2013H, ECON 2023H, ISYS 2103H, MGMT 2103H, MKTG 3433H, SCMT 2103H, BUSI 1033H or FINN 2043H (excluding BUSI 1111H). The remaining honors hours may be selected from the State Minimum Core. Completing honors courses in the Fulbright College will fulfill this requirement. MATH 2564 may be used as honors credit towards completion of the 21 required honors hours. Students must complete a minimum of 12 honors hours within the first 30 hours at the Fayetteville campus.
2. Students must also complete MATH 2554 with a grade of "C" within the first 45 hours at the Fayetteville campus prior to taking upper level business classes.
3. Complete the following honors courses in Walton College:
a. Two 3-hour colloquium courses chosen from the following: BUSI 3003H (may be repeated for up to 6 hours of credit), ACCT 4003H, ACCT 4123H, ECON 4003H, FINN 4003H, MKTG 4003H, SCMT 4003H, SEVI 4003H, HNRC 300VH, HNRC 301 VH , or HNRC 4013H (or other honors colloquium courses (3000/4000 level only) offered in other colleges with approval of the Honors Director). The following courses may be repeated for up to 6 hours of credit with prior approval: BUSI 3003H, ACCT 4003H, ECON 4003H, FINN 4003 H, MKTG 4003H, SCMT 4003H, SEVI 4003H. At least 3 hours of honors colloquium courses must be from the Walton College. Any course outside the Walton College would ordinarily count toward fulfilling general education electives and would not count toward junior/senior business elective credit.
b. A three-hour thesis (BUSI 499VH): The thesis is a major independent writing project under the leadership of a Walton College or University of Arkansas faculty member and arises from a research project, business plan, business competition, or internship.
4. Complete an alternate honors capstone course SEVI 3013H Honors Strategic Management, which should be completed within the first 90 hours at the Fayetteville campus.

## Requirements for the Departmental Scholars program:

Admission to the Honors Program as a departmental scholar will only be offered to current University of Arkansas students who have established a cumulative GPA of 3.75 upon completion of their freshmen year at the University of Arkansas. Transfer students may also apply upon completion of one semester at the University of Arkansas with a GPA of 3.75. All students must complete an application to be considered for acceptance into the departmental scholars program.

1. Complete 12 hours of honors courses to be selected from prebusiness core or State Minimum Core. MATH 2564 may be used as honors credit towards completion of the 12 required honors hours.
2. Students must also complete MATH 2554 with a grade of "C" or better within the first 60 hours at the Fayetteville campus and prior to taking upper level business courses.
3. Complete the following courses in Walton College::
a. Two 3-hour colloquium courses chosen from the following: BUSI 3003H (May be repeated for up to 6 hours of credit), ACCT 4003 H, ACCT 4123 H , ECON 4003 H , FINN 4003 H , MKTG 4003 H , SCMT 4003 H , SEVI 4003H, HNRC 300VH, HNRC 301VH, HNRC 4013H(or other honors colloquium courses (3000/4000 level only) offered in other colleges with approval of the Honors Director). The following courses may be repeated for up to 6 hours of credit with prior approval: BUSI 3003H, ACCT 4003 H, ECON 4003 H , FINN 4003H, MKTG 4003H, SCMT 4003H, SEVI 4003H. At least 3 hours of honors colloquium courses must be from the Walton College. Any course outside of the Walton College would count toward fulfilling general education electives and would not count toward junior/senior business elective credit.
b. A three-hour thesis (BUSI 499VH): The thesis is a major independent writing project under the leadership of a Walton College or University of Arkansas faculty member and arises from a research project, business plan, business competition, or internship.
4. Complete the honors capstone course SEVI 3013H Honors Strategic Management, which should be completed within the first 90 hours at the Fayetteville campus.

## Academic Integrity Policy for Honors Students

All Walton College honors students are held to the highest standard with regard to academic achievement and academic integrity. Students violating the Academic Integrity Policy that receive a sanction of 1.0 or greater at the University of Arkansas will be permanently removed from the Walton College Honors Program without the ability to reapply. The student may appeal the decision to the University's Academic Integrity Board; if the sanction is overturned and removed, the student will be reinstated into the Walton College Honors Program.

## B.S.B.A. Requirements

The Bachelor of Science in Business Administration (B.S.B.A.) degree is offered through an educational program in the business and organizational disciplines intended to prepare individuals to make sustained contributions to organizations and society in a global, diverse, and dynamic environment. To achieve this objective the curriculum focuses on developing an individual's interdisciplinary problem-solving skills, interpersonal and communication skills, ability to adapt to changing technology, spirit of entrepreneurial innovation, and ethical and professional values.

Walton College offers work in the following nine majors for the B.S.B.A. degree. Some majors have concentrations to allow additional specialization.

1. Accounting (p. 689) (ACCT)
2. Business Economics (p. 634) (BECO)
a. Business Economics
b. International Economics and Business
3. Finance (p. 641) (FINN)
a. Banking
b. Financial Analytics
c. Financial Management/Investment
d. Real Estate
e. Risk Management
4. General Business (p. 670) (GBUS)
5. Information Systems (p. 658) (ISYS)
a. Blockchain Enterprise Systems
b. Business Analytics
c. Enterprise Resource Planning
6. Management (p. 670) (MGMT)
a. Human Resource Management
b. Organizational Leadership
7. Marketing (p. 676) (MKTG)
8. Retail (p. 676) (RETL)
9. Strategy, Entrepreneurship and Venture Innovation (p. 685) (SEVI)
10. Supply Chain Management (p. 667) (SCMT)

## Requirements for B.S.B.A. Degree

Students pursuing a degree in Walton College are classified as prebusiness with an intended major until all pre-business requirements are fulfilled. To enroll in upper-division courses, a student must obtain at least a 2.50 (on a 4.00 scale) overall grade-point average in addition to the completion of all pre-business core courses (or equivalents), also with a minimum 2.50 GPA. Further, a student must earn a grade of " $C$ " or better in each pre-business core course for admission into the major or for the graduation requirement.

## Total Hours

120${ }^{1}$ The additional 15 hours required for University Core are met with the completion of Pre-Business and Business Core. These courses are denoted in bold within the course list.
2 Pre-Business requirement: These 34 hours must be completed with a GPA of 2.50 , an overall GPA of 2.5 , and a grade of "C" or better in each course before a student is allowed to take upper-division business courses. Students intending to pursue a major or minor in Accounting or Finance must complete ACCT 2023.
3 A total of 9 hours of general education electives are required for the Bachelor of Science in Business Administration (B.S.B.A.). General education electives should be non-business courses but may include up to six total hours of business courses and no more than three hours of PEAC or DEAC courses. Students may utilize general education electives to complete a minor outside the Walton College. In addition, these electives may fulfill requirements for Social Issues, Multicultural Environment, and Demographic Diversity if not otherwise completed in the University Core.

In addition to the core courses, each student will complete the required pre-business and business courses, junior- senior-level business electives, and major courses as specified by each major.

Each student must have a 2.00 cumulative grade-point average in each of the following areas: all work completed at this university, all courses specifically designated for the major, and all required Walton College core
and economics courses. Students must earn a grade of "C" or better in each of the pre-business core courses.

## Online B.S.B.A.

The Sam M. Walton College currently offers three undergraduate online degree programs. Business students may pursue an Online B.S.B.A. or minor in the areas of Accounting, General Business and Supply Chain Management. The Walton College Online B.S.B.A. degrees are intended to provide students the opportunity to enroll in a four-year degree program online. In addition, the online degrees afford students who have completed an Associate's Degree in Business or those who are near completion of their business degree, the option to complete a B.S.B.A. with a major in General Business.

For more information, read more on the program pages:

- Online Accounting B.S.B.A. (p. 689)
- Online General Business B.S.B.A. (p. 652)
- Online Supply Chain Management B.S.B.A. (p. 667)

Online Minors for Business Students: Walton College majors may pursue online minors in Accounting (p. 691) and Supply Chain Management (p. 667).

Online Minors for Non-Business Students: Non-business students may also pursue online minors in Accounting, General Business and Supply Chain Management. For more information, visit the Minors for Non-Business Students page (p. 695).

## B.S.I.B. Requirements

The Bachelor of Science in International Business degree is intended for students who wish to learn more about the international aspects of business. It provides preparation for a broad range of careers in business, including accounting, management, marketing, economics, information systems, finance, retail, and supply chain management. This degree is also well suited for students wishing to continue their studies in law, international affairs, or graduate education in business and economics.

This degree requires completion of the University Core and Walton College Core courses, as well as course work in international business, a single foreign language and an area of study related to that language. In addition, students must select a concentration in one of the following areas: accounting, business economics, information systems, finance, general business, management, marketing, retail or supply chain management.

Students pursuing a degree in the Sam M. Walton College of Business are classified as pre-business with an intended concentration until all pre-business requirements are fulfilled. For admission into the intended concentration, a student must obtain at least a 2.50 (on a 4.00 scale) overall grade-point average, in addition to the completion of all prebusiness core courses listed elsewhere in the catalog (or equivalents), also with a minimum 2.50 grade-point average. Further, a student must earn a grade of " $C$ " or better in each of the pre-business core courses for admission into the major or for the graduation requirement.

The International Business degree program has eight concentrations:

- Accounting
- Business Economics
- Finance
- General Business
- Information Systems
- Management
- Marketing
- Retail
- Supply Chain Management

In the eight-semester degree program for each concentration, the first four semesters of each of concentration are exactly the same.

## Graduation Requirements for the B.S.I.B. Degree

Each student must have a 2.00 cumulative grade-point average in each of the following areas: all work completed at this university, all courses in the business core, and all designated international business courses/ functional concentration/world language courses. In addition, students must earn a grade of " $C$ " or better in each of the pre-business core courses.

Courses that are required in either Walton College or the international business core and also are required in one of the business concentrations cannot be used to satisfy both requirements. For example, students who take FINN 3703 to satisfy the finance concentration requirements cannot also use it to satisfy the international business requirements.
A. State Minimum Core Requirements

${ }^{1}$ Students pursuing a concentration in Accounting or Finance must complete ACCT 2023.

## E. World Language Requirements (9 hours)*

Students whose native language is English or whose native language is not taught at the University of Arkansas must complete nine hours of university course work in a single world language - three hours of intermediate language and six hours of upper-division course work in communications and business language, or equivalent. Based on prior knowledge of language, students may receive degree credit for courses if they validate their higher placement by passing the business language course (or equivalent) with a grade of "C" or above. Students with no previous world language training or only rudimentary knowledge of a world language will be required to complete up to nine hours of additional world language requirements - in addition to the nine hours of specified language. No degree credit will be given for world language courses below 2003 course level. Students may select one of the following language tracks:

## Arabic

ARAB 2003 Intermediate Arabic I
ARAB 2016 Immersive Arabic II
ARAB 2016H Honors Immersive Arabic II
ARAB 3016 Immersive Arabic III
ARAB 3016H Honors Immersive Arabic III
Any upper level ARAB course

## Chinese

| CHIN 2003 | Intermediate Chinese I |
| :---: | :--- |
| CHIN 2013 | Intermediate Chinese II |

JAPN 3103H
JAPN 3116 Intensive Advanced Japanese
JAPN 3116H Honors Intensive Advanced Japanese
Any upper level JAPN course
Russian
RUSS 2003 Intermediate Russian I
RUSS 2013 Intermediate Russian II
RUSS 3003 Advanced Russian I (May be repeated for up to six hours of degree credit)
Any Upper Level RUSS course
Spanish
SPAN 2003 Intermediate Spanish I (ACTS Equivalency = SPAN 2013)
SPAN 2013 Intermediate Spanish II (ACTS Equivalency = SPAN 2023)
SPAN 2013H Honors Intermediate Spanish II
SPAN 3003 Advanced Spanish
SPAN 3033 Conversation and Composition
SPAN 4333 Business Spanish I
Any upper level SPAN course
Students whose native language is not English but is taught at the University of Arkansas must select a third language from the list above or substitute six hours of upper-division English language courses (i.e., speech, writing, or U.S. literature), to be selected with the consent of an adviser and department chair. Those students whose native language is not taught at the University of Arkansas will normally be required to select a third language.

## F. Area Studies Requirements (6 hours)*

For students taking a world language, six hours of upper-division coursework in the Fulbright College of Arts and Sciences are required. Domestic students can satisfy this requirement in one of three ways:

1. Any upper division foreign language course,
2. Minor in a foreign language, and/or
3. Select upper division courses related to the world language to include:
a. Arabic - any upper division course for Middle Eastern Studies (MEST) to include MEST 4003, MEST 4003H or additional courses listed under MEST in the university catalog
b. Chinese/Japanese/Asian Studies - any upper division course for Asian Studies (AIST)
c. French - any upper division course for EUST
d. German - any upper division course for EUST Italian - any upper division course for EUST
e. Russian - any upper division elective courses for Russian Studies minor, RUSS 4113/WLIT 4113 and RUSS 4133/WLIT 4133
f. Spanish - any upper division course for Latin American Studies (LALS) to include LALS 4003, LALS 4003H, or additional courses listed under LALS in the university catalog.

International students may satisfy this requirement in one of two ways:

1. For students who choose to take a third language, area studies requirements are the same as those for domestic students.
2. Students may choose to take six hours of upper division English (ENGL) coursework in the Fulbright College of Arts and Sciences.

## G. International Experience Requirement

At a minimum, a student must complete a study abroad program approved by the Walton College of at least four weeks and six credit hours, or work abroad, or work with the international division of a domestic company as part of their program. Students are strongly encouraged, but not required, to seek job experience in a company located in a country related to their foreign language requirement. International students may elect to meet this requirement by working in their home country by obtaining prior approval from their adviser and department chair.

## H. Concentrations (18 hours)

Students must take six courses in one of the following concentrations: Accounting
Business Economics
Finance
General Business
Information Systems
Management
Marketing
Retail
Supply Chain Management
Each concentration requires 3 hours of interdisciplinary electives.

[^9]
## Accounting Concentration

| ACCT 3723 | Intermediate Accounting I | 3 |
| :--- | :--- | :--- |
| ACCT 3753 | Intermediate Accounting II | 3 |
| ACCT 3843 | Fundamentals of Taxation I | 3 |
| Three hours Junior/Senior Interdisciplinary Electives | 3 |  |
| Choose two of the following three courses: |  | 6 |
| ACCT 3533 | Accounting Technology |  |
| ACCT 4673 | Product, Project and Service Costing |  |
| ACCT 4963 | Audit and Assurance Services |  |

## Total Hours

In the eight-semester degree programs of each concentration, the first four semesters are exactly the same. In addition to the coursework listed below, students must complete an International Experience Requirement. Courses in BOLD must be taken in the semester designated. Although other courses listed are not required to be completed in the designated sequence, the recommendations noted below are preferred.

## International Business B.S.I.B. with Accounting Concentration Eight-Semester Degree Program

Students who wish to pursue the eight-semester degree program should see the Eight-Semester Degree Policy (p. 67) for requirements of the program.

Courses in BOLD must be taken in the designated semester. Although other courses listed are not required to be completed in the designated sequence, the recommendations below are preferred.

| First Year |  |  |
| :---: | :---: | :---: |

In the eight-semester degree programs of each concentration, the first four semesters are exactly the same. In addition to the coursework listed below, students must complete an International Experience Requirement. Courses in BOLD must be taken in the semester designated. Although other courses listed are not required to be completed in the designated sequence, the recommendations noted below are preferred.

## International Business B.S.I.B. with Marketing Concentration

## Eight-Semester Degree Program

Students who wish to pursue the eight-semester degree program should see the Eight-Semester Degree Policy (p. 67) for requirements of the program.

Courses in BOLD must be taken in the designated semester. Although other courses listed are not required to be completed in the designated sequence, the recommendations below are preferred.

## International Business Minor for Business Students

The Walton College offers a minor for students desiring more knowledge in international programs to assist them with their business careers. The minor requires completion of 21 required hours of study (including equivalencies). The 21 hours include the following courses:

Select seven of the following:

| ECON 3843 | Economics of the Developing World |
| :--- | :--- |
| ECON 3853 | Emerging Markets |
| ECON 3933 | The Japanese Economic System |
| ECON 4633 | International Trade |
| ECON 4643 | International Macroeconomics and Finance |
| FINN 3703 | International Finance |
| MKTG 4633 | Global Marketing |
| 3 hours of Study Abroad led by Walton College faculty |  |
| SCMT 3643 | International Logistics |
| Other - Department Chair approval needed |  |
| Total Hours |  |

Total Hours
Students must also complete six hours of intermediate foreign language.
Students whose native language is English or whose native language is not taught at the University of Arkansas must complete six hours of university course work in a single foreign language. Students who, on the basis of prior knowledge of language, omit one or both courses in the intermediate language sequence - at 2003 and 2013 level - may receive degree credit for omitted courses if they validate their higher placement by passing the business language course (or equivalent) with a grade of " C " or above. Students with no previous foreign language training or only rudimentary knowledge of a foreign language will be required to complete up to six hours of elementary foreign language. Students whose native language is not English but is taught at the University of Arkansas must select a third language from the list below, or substitute six hours of upper-division English language courses (i.e., speech, writing, or U.S. literature), to be selected with the consent of the department chair. Those students whose native language is not taught at the University of Arkansas will normally be required to select a third language.

Students may select from one of the following language tracks:

## Arabic

Students who desire to earn an International Business minor must notify the Walton College Undergraduate Programs Office of their intent to pursue a minor. All requirements for the minor must be completed prior to the awarding of the student's undergraduate degree. All specific course prerequisites must be met. Each student must have a 2.00 cumulative grade-point average in the courses offered for the minor. All upper level minor requirements must be taken in residence.

## Blockchain Enterprise Systems (WBLC)

The Walton College offers an interdisciplinary minor in Blockchain Enterprise Systems for business majors. Blockchains are currently used by many companies for applications ranging from strategic management of data to day operations to customer insights to retail analytics to developing and maintaining a competitive edge.

## Minor in Blockchain Enterprise Systems for Business Majors

The minor requires completion of 15 hours of study with all of the upper division courses applied toward the minor in residence. Students who desire to earn a Blockchain Enterprise Systems minor must notify the Walton College Undergraduate Programs Office of intent to pursue a minor. All requirements for a minor must be completed prior to the awarding of the student's undergraduate degree. All specific course prerequisites must be met. Each student must have a 2.00 cumulative grade-point average in the courses offered for the minor. All upperdivision minor requirements must be taken in residence.

Requirements for Minor in Blockchain Enterprise Systems:

## Required Courses

| ISYS 4173 | Blockchain Fundamentals | 3 |
| :--- | :--- | :--- |
| ISYS 4453 | Introduction to Blockchain Applications | 3 |
| ISYS 4463 | Blockchain Enterprise Systems Development | 3 |
| Choose 6 hours from the following: | 6 |  |
| ACCT 3533 | Accounting Technology |  |
| ACCT 3723 | Intermediate Accounting I |  |
| ACCT 4963 | Audit and Assurance Services |  |
| ECON 3433 | Money and Banking |  |
| ECON 4433 | Experimental Economics |  |

| ECON 4633 | International Trade |
| :--- | :--- |
| ECON 4743 | Introduction to Econometrics |
| ECON 4753 | Forecasting |
| FINN 3053 | Financial Markets and Institutions |

|  | Planning and Launch |

## Total Hours

## Economics (ECON)

## Raja Kali

Department Chair
402 Business Building
479-575-ECON (3266)
Economics Department Website (https://walton.uark.edu/departments/ economics/)

The department of economics offers two concentrations within the business economics major:

1. Business Economics
2. International Economics and Business.

The concentration in business economics is intended for those students who are interested primarily in business, but at the same time have a desire to understand the more advanced tools of economic analysis. Such a background is excellent preparation for careers in corporate research and planning, as well as careers with government and regulatory agencies, for graduate study in business and economics, and for law school. Students who want to pursue an advanced degree in business economics can, with appropriate planning, complete a master's degree at the University of Arkansas within 12 months after receiving a B.S.B.A. degree. Please see the economics department chair for more information.

The international economics and business concentration is intended for students who wish to learn more about the international aspects of economics and business. It provides preparation for a broad range of careers in business, including management, marketing, and finance.

It is strongly recommended that economics majors who plan to continue their studies at the graduate level take at least two semesters of calculus (MATH 2554 and MATH 2564) and linear algebra (MATH 3083). These courses will substitute for the math courses required within Walton College core (MATH 2043 and MATH 2053).

## Economics Minors for Business Students

The Department of Economics offers two minors for Walton College students desiring more knowledge of economics to assist them in their business careers. The minors require completion of 15 hours of study and
all of the upper division courses applied toward the minor must be taken in residence.

## Business Economics Concentration

The major in Business Economics requires 21 hours of major and collateral courses in the discipline as well as satisfying the other requirements for the B.S.B.A. degree. A maximum of 27 hours is allowed in a WCOB major or discipline field of study (i.e., core, major, electives) unless the extra courses are part of an interdisciplinary minor or collateral track. See an adviser for selection of courses.

The courses required for the business economics concentration include those required in Walton College and Fulbright College. In addition, 12 hours of specified courses (listed below) are required:

| Major Course Requirements in the concentration |  |  |
| :--- | :--- | :--- |
| ECON 3033 | Microeconomic Theory | 3 |
| ECON 3133 | Macroeconomic Theory | 3 |
| ECON 4333 | Economics of Organizations | 3 |
| ECON 4743 | Introduction to Econometrics | 3 |

or ECON 4753 Forecasting
Nine hours of ECON 3000/4000
Maximum of 27 hours of ECON courses in department (core, major, elective). More than 27 hours allowed if the extra courses are part of interdisciplinary minor or collateral track.

## Total Hours

Junior/Senior Business Electives (15 hours)

## Economics B.S.B.A. with Business

## Economics Concentration

## Eight-Semester Degree Program

Students wishing to follow the eight-semester degree plan should see the Eight-Semester Degree Policy (p. 67) for university requirements of the program.

Courses in BOLD must be taken in the designated semester. Courses in ITALIC may be taken in varied sequences as long as other designated requirements for these course are met. Although other courses listed are not required to be completed in the designated sequence, the recommendations below are preferred.

| First Year | Fall | Units <br> Spring |
| :--- | :---: | ---: |
| ENGL 1013 Composition I (ACTS Equivalency | 3 |  |
| = ENGL 1013) (Satisfies General Education |  |  |

THTR 1013H, WLIT 1113, WLIT 1123, or intermediate-level world language (usually 2003-level).

## International Economics and Business Concentration

The major in International Economics requires 21 hours of major and collateral courses in the discipline as well as satisfying the other requirements for the B.S.B.A. degree. A maximum of 27 hours is allowed in the Economics major or discipline field of study (i.e., core, major,

## Total Hours

21
Junior/Senior Business Electives (15 hours)

## World Language Requirements (9 Hours)

Students whose native language is English or whose native language is not taught at the University of Arkansas must complete nine hours of university course work in a single world language - three hours of intermediate language and six hours of 3000 level or higher. Students who, on the basis of prior knowledge of language, may receive degree credit for courses if they validate their higher placement by passing the business language course (or equivalent) with a grade of "C" or above. Students with no previous world language training or only rudimentary knowledge of a world language will be required to complete up to six hours of elementary language - at 1003 and 1013 level - in addition to the hours of language specified above.

Students may select one of the following language tracks:

## Arabic

| ARAB 2016 | Immersive Arabic II | 6 |
| :--- | :--- | :--- |
| ARAB 3016 | Immersive Arabic III | 6 |
| Chinese |  | 3 |
| CHIN 2003 | Intermediate Chinese I | 3 |
| CHIN 2013 | Intermediate Chinese II | 3 |

| And any other upper division CHIN |  |  |
| :---: | :---: | :---: |
| French |  |  |
| FREN 2003 | Intermediate French I (ACTS Equivalency $=$ FREN 2013) | 3 |
| FREN 2013 | Intermediate French II (ACTS Equivalency $=$ FREN 2023) | 3 |
| FREN 4333 | Introduction to Business French | 3 |
| German |  |  |
| GERM 2003 | Intermediate German I (ACTS Equivalency = GERM 2013) | 3 |
| GERM 2013 | Intermediate German II (ACTS Equivalency = GERM 2023) | 3 |
| GERM 3003 | Advanced German I | 3 |
| GERM 4333 | Professional German I | 3 |
| Italian |  |  |
| ITAL 2003 | Intermediate Italian I | 3 |
| ITAL 2013 | Intermediate Italian II | 3 |
| Japanese |  |  |
| JAPN 2003 | Intermediate Japanese I | 3 |
| JAPN 2013 | Intermediate Japanese II | 3 |
| Spanish |  |  |
| SPAN 2003 | Intermediate Spanish I (ACTS Equivalency = SPAN 2013) | 3 |
| SPAN 2013 | Intermediate Spanish II (ACTS Equivalency = SPAN 2023) | 3 |
| SPAN 3003 | Advanced Spanish | 3 |
| SPAN 4333 | Business Spanish I | 3 |

Students whose native language is not English but is taught at the University of Arkansas must select a third language from the list above, or substitute six hours of upper-division English language courses (i.e., speech, writing, or U.S. literature), to be selected with the consent of the department chair. Those students whose native language is not taught at the University of Arkansas will normally be required to select a third language.

## Area Studies Requirements (3 Hours)

For students taking a world language, three hours of upper-division course work in the Fulbright College of Arts and Sciences are required. Domestic students can satisfy this requirement in one of three ways:

1. Any upper division world language course,
2. Minor in a world language, and/or
3. Select upper division courses related to the world language to include:

- Arabic - any upper division course for Middle Eastern Studies (MEST) to include MEST 4003, MEST 4003H or additional courses listed under MEST in the university catalog.
- Chinese/Japanese/Asian Studies - any upper division course for Asian Studies (AIST)
- French - any upper division course for EUST
- German - any upper division course for EUST
- Italian - any upper division course for EUST
- Spanish - any upper division course for Latin American Studies (LALS), to include LALS 4003 Latin American Studies Colloquium, LALS 4003H Honors Latin American Studies

> Colloquium, or additional courses listed under LALS in the university catalog.

International students may satisfy this requirement in one of two ways:

1. For students who choose to take a third language, area studies requirements are the same as those for domestic students.
2. For students who choose to take six hours of upper division English to satisfy their language requirement, six hours of upper division course work in the J. William Fulbright College of Arts and Sciences pertaining to the United States to include any upper division course in American Studies (AMST) listed in the university catalog.

Maximum of 27 hours of ECON courses in department (core, major, elective). More than 27 hours allowed if the extra courses are part of interdisciplinary minor or collateral track.

## Economics B.S.B.A. with Concentration in International Economics and Business Eight-Semester Degree Program

Students wishing to follow the eight-semester degree plan should see the Eight-Semester Degree Policy (p. 67) for University requirements of the program.

Courses in BOLD must be taken in the designated semester. Courses in ITALIC may be taken in varied sequences as long as other designated requirements for these course are met. Although other courses listed are not required to be completed in the designated sequence, the recommendations below are preferred.

| First Year | Fall | Units <br> Spring |

(University of Colorado Boulder, University of Wisconsin-Milwaukee), B.S. (University of Wisconsin-Madison), Teaching Assistant Professor, 2021.
White, Jessica, , Visiting Assistant Professor, 2021.

## Courses

ECON 2013. Principles of Macroeconomics (ACTS Equivalency = ECON 2103). 3 Hours.
Macroeconomic analysis, including aggregate employment, income, fiscal and monetary policy, growth and business cycles. Credit will be allowed for only one of ECON 2013 and AGEC 2103. Prerequisite: MATH 1203 or higher, or a score of 26 on the math component of the ACT exam, or 600 on the math component of the old SAT or 620 on the math component of the new SAT. (Typically offered: Fall, Spring and Summer)
This course is cross-listed with AGEC 2103.

## ECON 2013H. Honors Principles of Macroeconomics. 3 Hours.

Macroeconomic analysis, including aggregate employment, income, fiscal and monetary policy, growth and business cycles. Credit will be allowed for only one of ECON 2013H and AGEC 2103. Prerequisite: MATH 1203 or higher or a score of 26 on the math component of the ACT exam, or 600 on the math component of the old SAT or 620 on the math component of the new SAT, and honors standing. (Typically offered: Fall)
This course is cross-listed with ECON 2013, AGEC 2103.
ECON 2023. Principles of Microeconomics (ACTS Equivalency = ECON 2203). 3 Hours.
Microeconomic analysis, including market structures, supply and demand, production costs, price and output, and international economics. Credit will be allowed for only one of ECON 2023 and AGEC 1103. Prerequisite: MATH 1203 or higher, or a score of at least 26 on the math component of the ACT exam, or a score of at least 600 on the math component of the old SAT or 620 on the math component of the new SAT. (Typically offered: Fall, Spring and Summer) This course is cross-listed with AGEC 1103.

## ECON 2023H. Honors Principles of Microeconomics. 3 Hours.

Microeconomic analysis, including market structures, supply and demand, production costs, price and output, and international economics. Credit will be allowed for only one of ECON 2023H and AGEC 1103. Prerequisite: MATH 1203 or higher, or a score of 26 on the math component of the ACT exam, or 600 on the math component of the old SAT or 620 on the math component of the new SAT, and honors standing. (Typically offered: Spring)
This course is cross-listed with ECON 2023, AGEC 1103.

## ECON 2143. Basic Economics: Theory and Practice. 3 Hours.

Surveys basic micro, macro principles and analytical tools needed to study contemporary economic problems such as inflation, unemployment, poverty, and pollution. Walton College majors are not eligible to register for the course. No degree credit for Walton College majors. (Typically offered: Fall, Spring and Summer)

ECON 2143H. Honors Basic Economics: Theory and Practice. 3 Hours.
Surveys basic micro, macro principles and analytical tools needed to study contemporary economic problems such as inflation, unemployment, poverty, and pollution. Not open to students majoring in Economics or Business Administration. (Typically offered: Fall, Spring and Summer)
This course is equivalent to ECON 2143.

## ECON 3033. Microeconomic Theory. 3 Hours.

Nature, scope, and purpose of economic analysis; theories of demand, production, cost, firm behavior, allocation of resources, etc., in a market-oriented system. Prerequisite: (ECON 2013 and ECON 2023) or (ECON 2143) and (MATH 2043 or MATH 2554). (Typically offered: Fall, Spring and Summer)
ECON 3053. Economics for Elementary Teachers. 3 Hours.
For students who plan to become teachers in elementary schools. Acquaints students with basic concepts and functioning of the American economic system. Walton College majors are not eligible to register for the course. No degree credit for Walton College majors. Recommended to be completed in the fall semester of junior year. Prerequisite: 40 hours of completed course work. (Typically offered: Fall)

ECON 3063. Economics for Secondary Educators. 3 Hours.
Economics for Secondary Educators teaches basic economics understandings equipping students to make sound economics decisions as consumers, investors, voters and savers. Lessons and activities appropriate for secondary classes will be demonstrated. The course will survey materials available for government, economics, world and U.S. history, environmental science, language arts, business education, personal finance and entrepreneurship classes. Walton College majors are not eligible to register for the course. No degree credit for Walton College majors. Recommended to be completed in the fall semester of junior year. Prerequisite: 40 hours of completed course work. (Typically offered: Irregular)

ECON 3133. Macroeconomic Theory. 3 Hours.
Theoretical determinations of national aggregate employment, income, consumption, investment, price level, etc. Prerequisite: (ECON 2013 and ECON 2023) or ECON 2143) and ((MATH 2043 or MATH 2554)). (Typically offered: Fall and Spring)

## ECON 3143. Economics of Poverty and Inequality. 3 Hours.

This course provides the study of how labor markets work and how economic institutions and policy affect labor market outcomes. Topics include changes to the modern economy including forces like globalization and technical advances and how such forces have altered incomes, wealth and social mobility. The course will provide a clearer understanding of the trends, the reasoning behind the trends, and the impact of social policy on the welfare of the American worker. Prerequisite: (ECON 2013 and ECON 2023) or ECON 2143. (Typically offered: Fall)

ECON 330V. Economics Study Abroad. 3-6 Hour.
Open to undergraduate students studying abroad in officially sanctioned programs in Economics in the Walton College. Topics vary by location of study abroad opportunities. To be eligible for credit, students must have junior standing and Walton College majors must have completed all pre-business requirements prior to studying abroad. Prerequisite: Departmental consent, Junior standing and completion of pre-business course requirements, each with a grade of $C$ or better, a pre-business cumulative GPA of 2.5 or better and an overall GPA of 2.5 or better. (Typically offered: Irregular)

## ECON 3333. Public Economics. 3 Hours.

Governmental functions, revenues; tax shifting, incidence; public expenditures, their effects; and fiscal policy. Prerequisite: (ECON 2013 and ECON 2023) or ECON 2143. (Typically offered: Irregular)

ECON 3433. Money and Banking. 3 Hours.
Financial history; theory and practice of financial institutions; monetary policy in theory and practice. Prerequisite: (ECON 2013 and ECON 2023) or ECON 2143. (Typically offered: Irregular)

## ECON 3533. Labor Economics. 3 Hours.

Economic analysis of labor markets. Topics include analysis of labor demand and supply; human capital investment; wage differentials; discrimination; economic effects of labor unions and collective bargaining; public sector labor markets; unemployment; and labor market effects on inflation. Prerequisite: (ECON 2013 and ECON 2023) or ECON 2143. (Typically offered: Irregular)

## ECON 3633. Economics of Advertising. 3 Hours.

An examination of how economists define and categorize types of products and advertising campaigns. Alternative views of advertising -- persuasive vs. informative -- are discussed. Models of the relationship between advertising and sales, profits, market structure, product quality, and price are examined. Prerequisite: ECON 2023 or ECON 2143. (Typically offered: Irregular)

## ECON 3843. Economics of the Developing World. 3 Hours.

Examine theories and patterns of economic development in emerging economies. The role of the World Bank and IMF as multilateral lenders and examination of their success and failures in fostering development. Measures of poverty and inequality and their implications for economic development. Prerequisite: (ECON 2013 and ECON 2023) or ECON 2143. (Typically offered: Fall and Spring)

## ECON 3853. Emerging Markets. 3 Hours.

An analysis of the business and economic environment in emerging countries; focusing in Latin America, South East Asia and Transition Economies. The topics and issues covered include market structure and market failures, financial and legal background, current institutions and political economy issues, and current business opportunities. Prerequisite: ECON 2143; or ECON 2013 and ECON 2023. (Typically offered: Fall)

## ECON 3933. The Japanese Economic System. 3 Hours.

This class presents essential facts about the Japanese economy and then subjects them to modern economic analyses. Japanese institutions and policies are contrasted with their American counterparts, and these economies are compared in terms of performance. Current issues including contemporary economic conditions and US - Japanese trade relations are also examined. Pre- or Corequisite: ECON 2023. Prerequisite: ECON 2013 or ECON 2143. (Typically offered: Spring)

## ECON 399VH. Honors Course. 1-3 Hour.

Honors thesis research and writing under the direction of a faculty member in the department. (Typically offered: Irregular) May be repeated for up to 6 hours of degree credit.

## ECON 4003H. Honors Economics Colloquium. 3 Hours.

Explores events, concepts and/or new developments in the field of Economics. Prerequisite: Senior standing. (Typically offered: Fall)

## ECON 410V. Special Topics in Economics. 1-6 Hour.

Covers special topics in economics not available in other courses. Prerequisite: (ECON 2013 and ECON 2023) or ECON 2143. (Typically offered: Irregular) May be repeated for up to 6 hours of degree credit.

## ECON 410VH. Honors Special Topics in Economics. 1-6 Hour.

Covers special topics in economics not available in other courses. Prerequisite: (ECON 2013 and ECON 2023) or ECON 2143. (Typically offered: Irregular) May be repeated for up to 6 hours of degree credit
This course is equivalent to ECON 410 V .
ECON 4173. Nation Model United Nations. 3 Hours.
This class is designed to prepare students for their participation in a Nation Model United Nations (NMUN) Conference. The NMUN Conference is sponsored by The National Collegiate Conference Association (NCCA), which is the largest collegelevel Model United Nations conference. This course is designed to advance the research skills of the students by requiring extensive background position papers covering various economic and social issues of their assigned committee and ultimately preparing resolution documents they develop during the conference. They will present their positions via speeches and in caucus settings. This course will broaden the students' international perspective while they gain a thorough understanding of the primary activities of the United Nations. Prerequisite: Junior standing and departmental consent. (Typically offered: Fall)

## ECON 4333. Economics of Organizations. 3 Hours.

An economic perspective on the design of organizations. Applies developments in game theory and contract theory to analyze the role of information and incentives within and between firms. Covers the boundaries of firms, integration and outsourcing, authority and incentives, and alternative organizational structures in an evolving business environment. Prerequisite: ECON 3033. (Typically offered: Fall)

ECON 4423. Behavioral Economics. 3 Hours.
Both economics and psychology systematically study human judgment, behavior, and well-being. This course surveys attempts to incorporate psychology into economics to better understand how people make decisions in economic situations. The course will cover models of choice under uncertainty, choice over time, as well as procedural theories of decision making. Prerequisite: ECON 3033. (Typically offered: Fall)

ECON 4433. Experimental Economics. 3 Hours.
The course offers an introduction to the field of experimental economics. Included are the methodological issues associated with developing, conducting, and analyzing controlled laboratory experiments. Standard behavioral results are examined and the implications of such behavior for business and economic theory are explored. Prerequisite: ECON 2023 or ECON 2143. (Typically offered: Spring)

## ECON 450V. Independent Study. 1-6 Hour

Permits students on individual basis to explore selected topics in economics. (Typically offered: Irregular) May be repeated for up to 6 hours of degree credit.

ECON 4633. International Trade. 3 Hours.
Problems of the international economy from a microeconomic perspective. Topics include analysis of the pattern and content of trade; trade in factors of production; and the applications of trade theory to the study of trade barriers such as tariffs and quotas. Prerequisite: (ECON 2013 and ECON 2023) or ECON 2143. (Typically offered: Fall and Spring)

ECON 4643. International Macroeconomics and Finance. 3 Hours.
Problems of the international economy from a macroeconomic perspective. Topics include national income accounting and the balance of payments; exchange rates and the foreign exchange markets; exchange rate policy; macroeconomic policy coordination; developing countries and the problem of 3rd world debt; and the global capital market. Prerequisite: (ECON 2013 and ECON 2023) or ECON 2143. (Typically offered: Fall and Spring)

ECON 4743. Introduction to Econometrics. 3 Hours.
Introduction to the application of statistical methods to problems in economics. Prerequisite: ((ECON 2013 and ECON 2023) or ECON 2143) and ((MATH 2043 or MATH 2554 or higher)) and (BUSI 1033 or STAT 2303). (Typically offered: Spring)

## ECON 4753. Forecasting. 3 Hours.

The application of forecasting methods to economics, management, engineering, and other natural and social sciences. The student will learn how to recognize important features of time series and will be able to estimate and evaluate econometric models that fit the data reasonably well and allow the construction of forecasts. Prerequisite: (ECON 2013 and ECON 2023) or (ECON 2143) and (MATH 2043 or MATH 2554) and (BUSI 1033 or STAT 2303). (Typically offered: Fall)

## ECON 4763. Economic Analytics. 3 Hours.

This course provides an overview of modern statistical learning methods, including Machine Learning, for senior economics or business majors, along with handson experience of in-depth analytics projects using real data. Students will use the most advanced Machine Learning libraries available in Python, R and MATLAB to gather and organize data as well as to train, validate and test their empirical models. Knowledge of statistical software is recommended. Pre- or Corequisite: ECON 4743 or ISYS 4193. (Typically offered: Fall)

## Finance (FINN)

Alexey Malakhov
Department Chair
475 Business Building
479-575-4505
Email: amalakhov@walton.uark.edu
Finance Department Website (https://walton.uark.edu/departments/ finance/)

The academic mission of the department of finance is to provide an educational experience that:

- Stimulates student learning through open dialogue and informative discussion both inside and outside the classroom;
- Actively engages students in their own learning through problembased casework, participation in real-world business activities, and internships in the financial community; and
- Prepares students to successfully meet the rigors of the challenging and diverse career opportunities in finance.

Students who elect to major in finance can choose from one of five concentrations: banking, financial analytics, financial management/ investment, risk management, and real estate. This choice should reflect the student's primary career focus and electives should be used to complement the coursework in the chosen concentration. Careers in finance that are analytically oriented will generally require proficiency in accounting, economics, and quantitative methods. In contrast, careers in finance that are sales or management oriented will generally require marketing and management skills. Finance majors are strongly encouraged to consult with departmental faculty advisers and/or the department chair in developing their curriculum.

## Requirements for Finance Major with Banking Concentration

| Major Course Requirements |  |  |
| :--- | :--- | :--- |
| FINN 3013 | Financial Analysis | 3 |

${ }^{6}$ The Social Sciences Elective courses which satisfy General Education Outcomes 3.3 and 4.1, as well as the Social Issues, Multicultural Environment, and Demographic Diversity Requirement include: ANTH 1023, HIST 1113, HIST 1123, SOCI 2013, SOCI 2013H, or SOCI 2033.

## Finance Minors for Business Students

The Department of Finance offers two minor options for Walton College students in the areas of Banking/Financial Management/ Investment and Insurance/Real Estate. The minors require completion of 15 hours of study with all of the upper level courses applied toward the minor taken in residence. Students must complete ACCT 2023 as a prerequisite to upper division Finance course requirements. The 15 hours include the following options and courses:

| 1. Banking/Financial Management/Investment |
| :--- |
| FINN $3013 \quad$ Financial Analysis |
| Select two of the following: |
| FINN 3053 |
| FINN 3103 Financial Markets and Institutions <br> FINN 3703 Financial Modeling <br> Select two of the following:  <br> FINN 3063 Investments <br> FINN 3133 Commercial Banking <br> FINN 330 V Finance Study Abroad <br> FINN 3603 Corporate Finance <br> FINN 4133 Advanced Investments <br> FINN 4233 Advanced Corporate Finance |

| FINN 4313 | Advanced Commercial Banking |  |
| :--- | :--- | ---: |
| Total Hours |  | $\mathbf{1 5}$ |
| 2. Insurance/Real Estate |  |  |
| Select five of the following: |  |  |
| FINN 3003 | Personal Financial Management |  |
| FINN 330V | Finance Study Abroad |  |
| FINN 3623 | Risk Management |  |
| FINN 4733 | Life and Health Insurance I |  |
| FINN 4833 | Property and Casualty Insurance I |  |
| FINN 3933 | Real Estate Principles |  |
| FINN 4413 | Real Estate Appraisal |  |
| FINN 4433 | Real Estate Finance and Investment |  |

Total Hours

Students who desire to earn a Finance minor must notify the Walton College Undergraduate Programs Office of their intent to pursue a minor. All requirements for a minor must be completed prior to the awarding of the student's undergraduate degree. All specific course prerequisites must be met. Each student must have a 2.00 cumulative grade-point average in the courses offered for the minor.

## Faculty

Acrey, Cash, Ph.D., M.B.A. (University of Arkansas), B.A. (University of Arkansas at Little Rock), Clinical Assistant Professor, 2013.
Carlton, Dale, J.D. (University of Arkansas), B.A. (Ouachita Baptist University), Instructor, 2022.
Driver, Nelson G., B.S. (University of Arkansas), Instructor, 1997.
Hsu, Hung-Chia Scott, Ph.D. (University of North Carolina-Chapel Hill), M.A. (University of Southern California), B.A. (National Taiwan University), Associate Professor, 2015, 2021.
Huang, Lifa, Ph.D., M.B.A. (University of Arkansas), M.S. (Southern Illinois University), Teaching Assistant Professor, 2019.
Jandik, Dobrina, Ph.D. (University of Arkansas), M.Sc.Eng. (University of Chemical Technology), M.B.A. (University of Montana), Clinical Associate Professor, 2017.
Jandik, Tomas, Ph.D. (University of Pittsburgh), M.S., B.S. (Czech Technical University), Professor, Dillard Chair in Corporate Finance, 2000, 2016.

Lee, Wayne Y., Ph.D. (University of California-Los Angeles), M.B.A. (Santa Clara University), B.S.M.E. (De La Salle College, Philippines), Professor, Alice L. Walton Chair in Finance, Garrison Chair in Finance, 1998.

Li, Xi, Ph.D. (Vanderbilt University), M.A. (Tulane University), B.S. (Hunan University), Associate Professor, 2018.
Liu, Kuan, Ph.D. (Boston College, Rutgers University), M.S., B.S. (Wuhan University), Assistant Professor, 2020.
Liu, Pu, Ph.D., M.B.A. (Indiana University at Bloomington), B.S. (National Cheng Kung University), Professor, Harold Dulan Chair in Capital Formation, Robert E. Kennedy Chair in Finance, 1984, 2009.
Lynch, Andrew, Ph.D., M.A. (University of Missouri), B.S. (Southwest Baptist University), Assistant Professor, 2020.
Malakhov, Alexey, Ph.D. (Northwestern University), Ph.D. (University of North Carolina at Charlotte), M.S. (Moscow State University), Associate Professor, Edward W. Reed Endowed Professorship in Finance, 2006, 2013.

Morris, Noel, B.A. (Arkansas Tech University), Instructor, 2007.
Rennie, Craig, Ph.D. (University of Oregon), M.B.A. (Dalhousie University), B.A. (University of Toronto), Associate Professor, Clete and Tammy Brewer Professorship in Business, 2001, 2007.

Riley, Timothy B., Ph.D., M.B.A., B.S.S. (University of Kentucky), Assistant Professor, 2016.
Wang, Yu, Ph.D. (Rutgers University, Boston College), M.S., B.S. (Wuhan University), Assistant Professor, 2020.
Yeager, Timothy J., Ph.D., M.A. (Washington University in St. Louis), Professor, Arkansas Bankers Association Chair in Banking, 2006, 2016.
Zhang, Xinde, Ph.D. (University of North Carolina-Charlotte), M.S. (Youngstown State University), B.S. (Jilin University, China), Visiting Assistant Professor, 2020.

## Courses

FINN 1003. Your Money and Credit. 3 Hours.
Introduction to personal finance. Topics include building wealth, do's and don'ts of credit, car and home ownership. Lectures on theory and concepts; 'learning from the masters' video on best practices; financial simulations and case exercises. (Typically offered: Fall, Spring and Summer)

FINN 2043. Principles of Finance. 3 Hours.
Introduction to the financial system and financial management. Addresses the role and functions of financial intermediaries and markets for fixed income and equity securities; understand how interest rates are determined and assets valued; learn how firms effectively manage financial resources and create value through investment and financing decisions. Prerequisite: BUSI 1033, ACCT 2013 and (ECON 2013 or ECON 2023), all with a grade of C or better. (Typically offered: Spring)

## FINN 2043H. Honors Principles of Finance. 3 Hours.

Introduction to the financial system and financial management. Addresses the role and functions of financial intermediaries and markets for fixed income and equity securities; understand how interest rates are determined and assets valued; learn how firms effectively manage financial resources and create value through investment and financing decisions. Prerequisite: BUSI 1033, ACCT 2013 and (ECON 2013 or ECON 2023), all with a grade of C or better and honors standing. (Typically offered: Spring)
This course is equivalent to FINN 2043.
FINN 3003. Personal Financial Management. 3 Hours.
Topics covered include budgeting, financial planning, managing credit, taxes, insurance, investments, and retirement planning. (Typically offered: Fall and Spring)

FINN 3013. Financial Analysis. 3 Hours.
Focuses on how information contained in financial statements can be used in financial decision-making; in particular, to assess financial performance, evaluate credit and default risk, forecast future funds needs, weigh the risk-reward of debt vs. equity financing, and develop estimates of intrinsic value using relative valuation metrics and discounted cash flow methods. Prerequisite: FINN 2043 or FINN 3043. (Typically offered: Fall, Spring and Summer)

FINN 3053. Financial Markets and Institutions. 3 Hours.
Role and operations of financial markets and institutions in the economy. Supply of, demand for, funds, interest rates and flow of funds analysis. Financial policies, practices of bank and nonbank financial institutions. Prerequisite: (ECON 2013 and ECON 2023) or ECON 2143. (Typically offered: Fall, Spring and Summer)

## FINN 3063. Investments. 3 Hours.

Introduction to basic investment concepts including: risk-return and meanvariance efficient frontiers, diversification and the pricing of risk, security valuation. Corequisite: FINN 3013. Prerequisite: FINN 2043 or FINN 3043. (Typically offered: Fall, Spring and Summer)

FINN 3103. Financial Modeling. 3 Hours.
Develop strong computer skills in financial analysis by integrating conceptual material with spreadsheet-based numerical solution and simulation techniques. Prerequisite: FINN 2043 or FINN 3043. (Typically offered: Fall, Spring and Summer)

## FINN 3133. Commercial Banking. 3 Hours.

Commercial bank administration, management; loans; bond portfolios; credit analysis; public relations; analysis and interpretations of Federal Reserve regulations and publications. Prerequisite: FINN 2043 or FINN 3043. (Typically offered: Fall and Spring)

## FINN 3163. Fixed Income Securities I. 3 Hours.

The markets and institutional settings of fixed income securities; valuation and risk analysis of money market and capital market instruments; strategies and management of bond portfolios; taxable and tax-exempt securities; U.S. and non-U.S. fixed income securities; term structure of interest rate; and interest rate derivatives as hedging tools. Corequisite: FINN 3103 and FINN 3063. Prerequisite: Departmental consent. (Typically offered: Fall)

## FINN 3173. Fixed Income Securities II. 3 Hours.

Continuation of FINN 3163. The markets and institutional settings of fixed income securities; valuation, and risk analysis of money market and capital market instruments; strategies and management of bond portfolios; taxable and tax-exempt securities; U.S. and non-U.S. fixed income securities; term structure of interest rate; and interest rate derivatives as hedging tools. Prerequisite: FINN 3163. (Typically offered: Spring)

## FINN 330V. Finance Study Abroad. 1-3 Hour.

Providing a balance of theory and practical application, this course provides students with study abroad experiences in finance addressing strategic and operational processes within the global context by understanding international financial systems, culture, geography, history, and politics of other countries. Prerequisite: Departmental consent, completion of 30 hours, ENGL 1013, (MATH 2053 or MATH 2554), ECON 2013, ECON 2023, ISYS 1123, BUSI 1111 and ACCT 2013. (Typically offered: Summer)

FINN 330VH. Honors Finance Study Abroad. 1-3 Hour.
Providing a balance of theory and practical application, this course provides students with study abroad experiences in finance addressing strategic and operational processes within the global context by understanding international financial systems, culture, geography, history, and politics of other countries. Prerequisite: Departmental consent, completion of 30 hours, ENGL 1013, (MATH 2053 or MATH 2554), ECON 2013, ECON 2023, ISYS 1123, BUSI 1111, ACCT 2013 and honors standing. (Typically offered: Summer)
This course is equivalent to FINN 330V.

## FINN 3603. Corporate Finance. 3 Hours.

Develop analytical competencies in financial planning, cost of capital estimation, application of discounted cash flow approach to valuation and capital allocation, lease analysis, evaluation of merger and organizational restructuring strategies. Prerequisite: (FINN 2043 or FINN 3043) and FINN 3013. (Typically offered: Fall, Spring and Summer)

## FINN 3623. Risk Management. 3 Hours.

A survey of the extent and types of risk in business; ways of dealing with business risk; use of security and commodity exchanges; survey of insurance for risk bearing purposes. (Typically offered: Fall and Spring)

## FINN 3703. International Finance. 3 Hours.

Introduction to international financial markets, exchange rates and exchange rate determination, balance of trade measures, and vehicles for foreign trade financing. (Typically offered: Fall, Spring and Summer)

## FINN 3933. Real Estate Principles. 3 Hours.

Comprehensive, covering economics of real estate, real estate value, real estate finance, rights in real property and their transfer, public programs, policies relating to real property. (Typically offered: Fall and Spring)
FINN 4003H. Honors Finance Colloquium. 3 Hours.
Explores important concepts, significant events and/or new developments in the field of Finance. Prerequisite: Senior standing. (Typically offered: Fall)

FINN 4013. Seminar in Personal Financial Planning. 3 Hours.
Explores financial planning function, including contact, data acquisition, plan development and implementation; covers all areas of personal financial planning including investments, insurance, taxes, and estate planning; addresses planning techniques and financial planning ethical issues; emphasis on case studies. Preor Corequisite: FINN 4733. Prerequisite: FINN 3003, FINN 3063, FINN 3623, and ACCT 3843. (Typically offered: Spring)
FINN 410V. Special Topics in Finance. 1-6 Hour.
Explore current events, new developments and special topics in Finance not covered in other courses. Prerequisite: FINN 2043. (Typically offered: Irregular) May be repeated for up to 6 hours of degree credit.

## FINN 4123. Valuing New Ventures. 3 Hours.

Valuation methods of entrepreneurial, early-stage, and R\&D finance, including term sheets, valuing full and partial stakes, preferred and participating convertible preferred stock, options, later-round investments, complex structures, R\&D finance, monte carl simulation, real options, binomial trees, and game theory. Prerequisite: Junior Standing. (Typically offered: Fall, Spring and Summer)
FINN 4133. Advanced Investments. 3 Hours.
Sound training in the principles of security analysis and portfolio management and certain advanced techniques of financial management. Modern portfolio theory and its application to portfolio management practices will be emphasized. Prerequisite: FINN 3063. (Typically offered: Fall and Spring)

FINN 4143. Portfolio Management I. 3 Hours.
This course applies modern investment theory to the practical management of the Rebsament Trust. Students prepare a statement of investment objectives, recommend an asset allocation strategy based on a quantitative analysis of asset class returns, and select securities using fundamental analysis. Classes are organized as management meetings and visits to investment firms are an important part of the class. Application, interview and instructor approval are required. Corequisite: FINN 3063 and ACCT 3723. Prerequisite: Departmental consent. (Typically offered: Fall)

## FINN 4153. Portfolio Management II. 3 Hours.

This course is a continuation of FINN 4143. Topics covered include technical analysis, dynamic asset allocation and derivative strategies. Visits to major investments firms and organized exchanges in New York City or other locations are generally planned. Selection is by invitation. Prerequisite: FINN 4143 and by invitation only. (Typically offered: Spring)

## FINN 4163. Advanced Financial Modeling. 3 Hours.

The course applies Business Intelligence (BI), Cloud, Artificial Intelligent (AI) tools to business data for financial analysis and modeling. Data handling and modeling make use of the latest BI platforms such as Microsoft Power BI and Tableau. Prerequisite: FINN 3013 or FINN 3103. (Typically offered: Fall, Spring and Summer)

## FINN 4173. Energy Finance. 3 Hours.

This course is as a comprehensive introduction to the field of Energy Finance, i.e., the application of Finance principles to energy, energy-service, and related industries. Topics covered include: (1) physical fossil fuel markets; (2) physical electricity markets; (3) financially traded energy products; and (4) credit, counterparty, and country risk. Pre- or Corequisite: ACCT 3723. Prerequisite: FINN 3013 and (FINN 2043 or FINN 3043). (Typically offered: Fall and Spring)

## FINN 4233. Advanced Corporate Finance. 3 Hours.

Addresses complex and multifaceted issues and problems in financial decisionmaking. Prerequisite: FINN 3603. (Typically offered: Irregular)

## FINN 4243. New Venture Finance. 3 Hours.

Explores early-stage funding sources and the startup ecosystem, due diligence when seeking funding, and the issues that arise about governance and control when seeking funding, including a deep dive into term sheets and capitalization tables. Prerequisite: Junior Standing. (Typically offered: Fall, Spring and Summer)

## FINN 4313. Advanced Commercial Banking. 3 Hours.

Problems and cases emphasizing application of analytical tools and techniques in commercial bank risk measurement and management. Evaluation of small business credit risk; analysis of liquidity, capital, and interest rate risk; stress testing; hedging risk with derivatives. Prerequisite: FINN 3133. (Typically offered: Spring)

FINN 4323. Financial Data Analytics I. 3 Hours.
This course provides students with a broad understanding of: the general principles and techniques of advanced programming languages; familiarity with its applications to financial data warehousing and extraction; competency and proficiency in its use in processing, analyzing, and visualization of data; and the development, implementation, and evaluation of algorithmic strategies. Prerequisite: FINN 3013 or FINN 3103. (Typically offered: Fall, Spring and Summer)

## FINN 4333. Financial Data Analytics II. 3 Hours.

This course provides an in-depth study of financial data analysis and emphasizes popular financial models and trading strategies. We will particularly emphasize the use of quantitative methods and data-driven approaches in backtesting and analyzing the risk/return tradeoff of financial models and trading strategies. Prerequisite: FINN 4323. (Typically offered: Fall, Spring and Summer)

FINN 4413. Real Estate Appraisal. 3 Hours.
Valuation theories applied to real estate. Characteristics which affect value are studied and valuation methodologies are learned and performed by the students. Focus is on residential real estate but all types of real estate are addressed. Students prepare in actual residential appraisal report. Prerequisite: FINN 3933. (Typically offered: Fall)

FINN 4433. Real Estate Finance and Investment. 3 Hours.
Consideration of professional aspects of the real estate field. Emphasis is placed upon finance techniques and investment analysis. The focus is on commercial real estate. Brokerage, property management, appraisal, property development and current problems are also addressed. Students prepare a feasibly study on a commercial development project. Corequisite: FINN 3103. Prerequisite: FINN 3933. (Typically offered: Spring)

FINN 450V. Independent Study. 1-3 Hour.
Permits students on an individual basis to explore selected topics in finance, with the consent of instructor. (Typically offered: Irregular)

FINN 4733. Life and Health Insurance I. 3 Hours.
Basic principles, functions, uses of life and health insurance; types of policy contracts; calculation of premiums, reserves; organizations, management, supervision, of companies. (Typically offered: Fall)

FINN 4833. Property and Casualty Insurance I. 3 Hours.
Forms and functions of fire, marine, inland marine, automobile title, miscellaneous types insurance and bonds for business, personal use. (Typically offered: Spring)

## General Business (GBUS)

## John Delery

Management Department Chair
402 Business Building
479-575-4007
General Business is the broadest major in Walton College. It is offered by the Department of Management, which also offers a major in management (p.670). This online program provides the student exposure to all facets of the business process. Maximum flexibility is retained by the student. At the same time, careful use of general and junior/senior business electives allows the student to concentrate additional coursework in one or more selected functional areas.

The Walton College Online Bachelor of Science in Business Administration degree with a major in General Business is intended to provide students the opportunity to enroll in a four-year degree
program online. In addition, the online degree affords students who have completed an Associate's Degree in Business or those who are near completion of their business degree, the option to complete a B.S.B.A. with a major in General Business.

## Requirements for Online B.S.B.A. in General Business

## Admission

Students must apply to the University of Arkansas, Office of Admissions for consideration and indicate their interest in the online program on the admissions application. Students are required to submit an application for admission, official transcripts (either high school or college transcripts or both), and a $\$ 40$ application fee.

## Requirements for the Online Program

1. Walton College Policy for On-Campus Students Taking Online Courses
Any student pursuing an on-campus (face to face) undergraduate degree from the University of Arkansas may take up to 35 percent of the total credit hours of regular online (semester/summer) and self-paced online (correspondence) courses for degree credit. On-campus students will be restricted to 2 courses ( 8 hours) of online classes within their first 30 hours. WCOB 1111 Freshman Business Connection, however, cannot be taken online. Thereafter, students can take up to 12 hours of online classes per academic year. For students who have transferred academic credits from other institutions, the percentage of total credit hours obtained at the University of Arkansas through regular online (semester/summer) and self-paced online (correspondence) courses for degree credit cannot exceed 35 percent of the total remaining hours needed to complete the degree after transfer credits are accounted for. In addition, on-campus students cannot enroll in online courses unless they have a cumulative GPA of at least 2.0 (after their first 15 hours of undergraduate coursework) and they have no more than one outstanding incomplete in a previous online course.
2. Walton College Policy for Online Students Taking On-Campus Courses
Online students will be restricted to 8 hours of on-campus classes within their first 30 hours. Thereafter, students can take up to 12 hours of on-campus classes per academic year, but no more than 35 percent of their total credit hours on campus may be used in total toward their degree. Ordinarily, no more than 60 hours of coursework can be transferred from the online degree program into an on-campus degree program. Transfer credits for students who transfer into the online degree program will be evaluated the same as transfer credits for the on-campus program. For students who have transferred academic credits from other institutions, the percentage of total credit hours obtained at the University of Arkansas through regular online (semester/summer) and self-paced online (correspondence) courses for degree credit cannot exceed 35 percent of the total remaining hours needed to complete the degree after transfer credits are accounted for.
3. Online students will have priority registration for online courses.

For questions regarding the Online Degree in General Business, please visit online.uark.edu (http://online.uark.edu/) or contact the Undergraduate Programs Office at 479-575-4622.

## Course Requirements

Students must complete the following 21 hours by selecting one 3hour course from each of the following seven groups: (Sequencing of courses will be determined by choices made)

| Group 1 |  |
| :---: | :---: |
| ACCT 3533 | Accounting Technology |
| ACCT 3723 | Intermediate Accounting I |
| ACCT 3843 | Fundamentals of Taxation I |
| Group 2 |  |
| ECON 3033 | Microeconomic Theory |
| ECON 3133 | Macroeconomic Theory |
| ECON 4333 | Economics of Organizations |
| Group 3 |  |
| FINN 3013 | Financial Analysis |
| FINN 3053 | Financial Markets and Institutions |
| FINN 3623 | Risk Management |
| Group 4 |  |
| ISYS 2263 | Principles of Information Systems |
| ISYS 3293 | Systems Analysis and Design |
| ISYS 4213 | ERP Fundamentals |
| Group 5 |  |
| MGMT 4243 | Ethics and Corporate Responsibility |
| MGMT 4253 | Leadership |
| MGMT 4263 | Organizational Change and Development |
| Group 6 |  |
| MKTG 3553 | Consumer Behavior |
| MKTG 3633 | Marketing Research |
| MKTG 4433 | Retail Strategy |
| Group 7 |  |
| SCMT 3443 | DELIVER: Transportation and Distribution Management |
| SCMT 3613 | SOURCE: Procurement and Supply Management |
| SCMT 3643 | International Logistics |
| Maximum of 27 hours of courses in any one department (core, major, elective). More than 27 hours allowed if the extra courses are part of interdisciplinary minor or collateral track. |  |
| Junior/Senior B | usiness Electives |

## General Business B.S.B.A. Eight-Semester Degree Program:

Students wishing to follow the eight-semester degree plan for General Business should see the Eight-Semester Degree Policy (p. 67) for university requirements of the program.

Courses in BOLD must be taken in the designated semester. Although other courses listed are not required to be completed in the designated sequence, the recommendations below are preferred.

| First Year | Fall | Units <br> Spring |
| :--- | ---: | ---: |
| ENGL 1013 Composition I (ACTS Equivalency | 3 |  |
| $=$ ENGL 1013) (Satisfies General Education |  |  |
| Outcome 1.1) |  |  |
| MATH 2053 Finite Mathematics (Satisfies <br> General Education Outcome 2.1), 2,4 | $\mathbf{3}$ |  |

## Total Units in Sequence:

${ }^{1}$ Students have demonstrated successful completion of the learning indicators identified for learning outcome 2.1, by meeting the prerequisites for MATH 2053.
${ }^{2}$ Must be completed prior to BUSI 1033.
${ }^{3}$ Must be completed prior to SEVI 3013.
${ }^{4}$ Must be completed prior to taking any 3000 or 4000 level business courses.
${ }^{5}$ The Social Sciences Elective courses which satisfy General Education Outcomes 3.3 and 4.1, as well as the Social Issues, Multicultural Environment, and Demographic Diversity Requirement include: ANTH 1023, HIST 1113, HIST 1123, SOCI 2013, SOCI 2013H, or SOCI 2033.
${ }^{6}$ The Fine Arts Elective courses which satisfy the General Education Outcome 3.1 include: ARCH 1003, ARHS 1003, COMM 1003, DANC 1003, LARC 1003, MLIT 1003, MLIT 1003H, MLIT 1013, MLIT 1013H, MLIT 1333, THTR 1003, THTR 1013, or THTR 1013H.
${ }^{7}$ The Humanities Elective courses which satisfy the General Education Outcome 3.2 include: AAST 2023, ANTH 1033, ARCH 1013, CLST 1003, CLST 1003H, CLST 1013, COMM 1233, DANC 1003,

ENGL 1213, GNST 2003, HIST 1113, HIST 1113H, HIST 1123, HIST 1123H, HIST 2003, HIST 2013, HUMN 1124H, HUMN 2213, LALS 2013, MRST 2013, MUSY 2003, MUSY 2003H, PHIL 2003, PHIL 2003C, PHIL 2003H, PHIL 2103, PHIL 2103C, PHIL 2303, THTR 1003, THTR 1013, THTR 1013H, WLIT 1113, WLIT 1123, or intermediate-level world language (usually 2003-level).

## Courses

## MGMT 2103. Managing People and Organizations. 3 Hours.

Study of the process of acquiring and managing Human Capital, focusing on the organizational behavior, legal, economic, and technical issues concerned with business decisions about acquiring, motivating, and retaining employees; emphasis given to the development, implementation, and assessment of policies and practices consistent with legal, social, human, and environmental dynamics. Corequisite: Walton College students: MATH 2053 or MATH 2554 each with a grade of C or better. Prerequisite: Non-business students: BUSI 1033, ACCT 2013 and (ECON 2013 or ECON 2023), all with a grade of C or better. (Typically offered: Fall, Spring and Summer)

## MGMT 2103H. Honors Managing People and Organizations. 3 Hours.

Study of the process of acquiring and managing Human Capital, focusing on the organizational behavior, legal, economic, and technical issues concerned with business decisions about acquiring, motivating, and retaining employees; emphasis given to the development, implementation, and assessment of policies and practices consistent with legal, social, human, and environmental dynamics. Corequisite: Walton College students: MATH 2053 or MATH 2554 each with a grade of C or better and honors standing. Prerequisite: Non-business students: BUSI 1033, ACCT 2013 and (ECON 2013 or ECON 2023), all with a grade of $C$ or better and honors standing. (Typically offered: Fall, Spring and Summer) This course is equivalent to MGMT 2103.

MGMT 2423. Social Issues, Diversity and Ethics in a Global Business Environment. 3 Hours.

Ethics, diversity, and culture are significant issues organizations must address within their workforces as they strive for success in a global business environment. Organizations that understand these factors will be better positioned to attract and retain talent, ensure employee and firm success, and foster continued positive contributions to society. In this course, students will explore how organizations can embrace and address critical social issues directly and ethically. Students will leave the course with an enhanced understanding of the incredible diversity of employees in terms of personal characteristics, culture, and beliefs, and with an increased awareness of important tools for enhancing employee and organizational success in today's business climate. Prerequisite: BUSI 1111 with a grade of $C$ or better will only apply to business majors; there are no prerequisites for non-business majors. (Typically offered: Fall and Spring)

## MGMT 3533. Alternative Dispute Resolution. 3 Hours.

This immersion into the divergent forms of conflict/dispute resolution will expose students to the dynamics of one of the leading disciplines in the workplace and society as a whole. Students will be presented with a comprehensive analysis of divergent aspects of conflict resolution strategies such as negotiation, mediation, arbitration, neutral fact finding, settlement conferences, summary trials, conciliation and facilitation. Confrontational negotiating styles and illustrations will be contrasted with topical strategies such as mutual gains. Prerequisite: Junior standing. (Typically offered: Irregular)

MGMT 3563. Management Concepts and Organizational Behavior. 3 Hours.
Business students may not receive credit for this course. Course introduces students to fundamental concepts of management practice with particular emphasis on managing human behavior in organizations. Addresses the planning, organizing, directing, and controlling functions performed by managers as these functions relate to managing human resources. Provides survey of critical management concepts; enables students to develop analytical and problem solving skills through case studies and experimental exercises. Students may not receive credit for both MGMT 3563 and MGMT 2103. Walton College majors are not eligible to register for the course. No degree credit for Walton College majors. (Typically offered: Irregular)
MGMT 3653. Creating and Leading a Diverse Workforce. 3 Hours.
Study of the process of creating and leading a diverse workforce, focusing on the knowledge and skills necessary for creating a culture that embraces and makes diversity work; examines the many dimensions of diversity with emphasis on understanding the range of cultural behaviors and expectations, cultural communication, and building diverse work teams. Special attention will be given to developing talent management competencies, such as recruiting, coaching, mentoring, career development, and evaluating and measuring the effects of diversity initiatives. Prerequisite: Junior standing. (Typically offered: Irregular)

## MGMT 4103. Special Topics in Management. 3 Hours.

Explores trends, concepts, and important developments in management as they impact on organizational performance. Topics are selected by the Management Department faculty for each semester the course is offered. (Typically offered: Irregular) May be repeated for degree credit.

## MGMT 4243. Ethics and Corporate Responsibility. 3 Hours.

A comprehensive and critical examination of traditional and current ethical theories and approaches that guide business decision-making, ethical issues that affect business decisions, and ethics related to the various business disciplines. (Typically offered: Fall and Spring)

## MGMT 4253. Leadership. 3 Hours.

This course offers a foundation for understanding and evaluating organizational leadership. It is designed to assist students in developing frameworks for understanding and enacting leadership. This course examines topics such as the nature and foundation of the leader-follower relationship, models that explain effective leadership, and the interface of leadership with gender, ethics, and culture. Prerequisite: MGMT 2103 or MGMT 3563. (Typically offered: Fall and Spring)
MGMT 4263. Organizational Change and Development. 3 Hours.
This course will develop diagnostic and intervention skills that can be applied to identifying and overcoming problems of morale and productivity in organizations. A variety of behavioral methods will be covered. Prerequisite: MGMT 2103 or MGMT 3563. (Typically offered: Fall and Spring)
MGMT 4273. Leading Groups and Teams. 3 Hours.
This course focuses on applying theory and principles of leadership, groups, and teams to develop the knowledge and skills necessary to effectively lead and work in teams. It is designed to help students develop confidence as team leaders by focusing on (1) improving team leadership skills related to factors such as communication, decision-making, and conflict management, and (2) self-reflection of their own personalities, skills, and experiences as important and relevant predictors of their effectiveness as team leaders. Pre- or Corequisite: MGMT 4253. (Typically offered: Fall and Spring)
MGMT 450V. Independent Study. 1-3 Hour.
Permits students on individual basis to explore selected topics in management. (Typically offered: Irregular) May be repeated for up to 3 hours of degree credit.

MGMT 4633. Faith, Spirituality, and the Workplace. 3 Hours.
An in-depth and interactive survey of faith and spirituality in the workplace. Provides students with a foundational knowledge of various faith traditions and forms of spirituality, including non-theist perspectives. Highlights the interconnections between faith traditions. Encourages exploration and identification of personal value systems and their origins. Develops skills that enable meaningful interaction with individuals from diverse faith and spiritual backgrounds. Examines the growing body of academic research on faith and spirituality in the workplace. Studies the management challenges and opportunities inherent in developing faith-friendly workplaces. Examines the different ways modern organizations are approaching faith and spirituality in the workplace. Offers perspectives from, and provides the opportunity to engage with, multiple religious, spiritual, and business leaders. Prerequisite: Junior Standing. (Typically offered: Irregular)
MGMT 4943. Talent Acquisition and Management. 3 Hours.
In-depth study of theoretical, legal, methodological, and substantive issues related to selection, performance appraisal, and development of employees. Students participate in individual and group projects designed to provide theoretical and practical skills related to staffing. Prerequisite: BUSI 1033. (Typically offered: Fall and Spring)

## MGMT 4953. Organizational Rewards and Compensation. 3 Hours.

Develops an understanding of reward systems theory and its application to the design of compensation systems. Provides theoretical and legal background and practical applications for the use of reward systems in attracting, motivating, and retaining employees. Prerequisite: BUSI 1033. (Typically offered: Fall and Spring)

## MGMT 4963. People Analytics. 3 Hours.

There is a growing demand for data-based decision making in organizations, and Human Resources is no exception. In this course, students will gain an appreciation for the ways in which people data can be used to make more effective Human Resources decisions. Students will gain experience manipulating a data set, performing basic analyses, interpreting results, and make data-driven recommendations, while learning how people analytics fit into advancing larger organizational goals. Distilling and communicating results using visual media is also emphasized. Prerequisite: BUSI 1033. (Typically offered: Fall and Spring)

## MGMT 4983. Talent Development. 3 Hours.

A comprehensive approach to developing talent demonstrates an organization's commitment to its employees and facilitates the organization's ability to meet strategic goals. This course focuses on applying the theories and principles of coaching, mentoring, training, and development to cultivate the knowledge and skills necessary to effectively develop talent. It is designed to provide an understanding of how coaching, mentoring, training, and development can be performed in a variety of situations and to demonstrate the relevance of these functions for effective leadership. Key relational and communication skills essential for talent development are emphasized. Prerequisite: MGMT 2103 or MGMT 3563. (Typically offered: Fall and Spring)

## Human Resources Management (HMRG)

John Delery

Management Department Chair
402 Business Building
479-575-3266
Management Department Website (https://walton.uark.edu/departments/ management/)

The Human Resource Management Major is designed to prepare students for careers in human resource-related occupations. Among issues and areas addressed are Human Resource analytics, management-employee relations, quality of work life, compensation and other reward systems, talent acquisition, and training and development.

The Human Resource Management Major emphasizes the importance of integrating individual goals and organizational objectives.

## Requirements for B.S.B.A. in Human Resource Management

All Human Resource Management majors must complete the following 6 hours of coursework: MGMT 4943 and MGMT 4953. Students must also take at least 6 hours from the following courses: MGMT 3653, MGMT 4983, and MGMT 4963. An additional 12 hours of credit are required from specified management and non-management courses in order to complete the requirements for the major.

Human Resource Management Major Requirements: The major in Human Resource Management requires 24 hours of major and collateral courses in the discipline as well as satisfying the other requirements for the B.S.B.A. degree. A maximum of 27 hours is allowed in a management major or discipline field of study (i.e., core, major, electives) unless the extra courses are part of an interdisciplinary minor or collateral track. See an adviser for selection of courses.

## Human Resources Management B.S.B.A. Eight-Semester Degree Program

Students wishing to follow the eight-semester degree plan should see the Eight-Semester Degree Policy (p. 67) for university requirements of the program.

Courses in BOLD must be taken in the designated semester. Courses in ITALIC may be taken in varied sequences as long as other designated requirements for these courses are met. Although other courses listed are not required to be completed in the designated sequence, the recommendations below are preferred.

| First Year | Units |  |
| :---: | :---: | :---: |
|  | Fall | Spring |
| ENGL 1013 Composition I (ACTS Equivalency = ENGL 1013) (Satisfies General Education Outcome 1.1) | 3 |  |
| MATH 2053 Finite Mathematics (Satisfies General Education Outcome 2.1) ${ }^{1}$ | 3 |  |
| COMM 1313 Public Speaking (ACTS Equivalency = SPCH 1003) (Satisfies General Education Outcomes 1.2 and 5.1) | 3 |  |
| BUSI 1111 Freshman Business Connection | 1 |  |
| BLAW 2013 The Legal Environment of Business (ACTS Equivalency = BLAW 2003) ${ }^{2}$ | 3 |  |
| ISYS 1123 Business Application Knowledge Computer Competency | 3 |  |
| ENGL 1023 Composition II (ACTS Equivalency = ENGL 1023) (Satisfies General Education Outcome 1.1) |  |  |
| ACCT 2013 Accounting Principles |  |  |
| BUSI 1033 Data Analysis and Interpretation |  |  |
| ECON 2023 Principles of Microeconomics (ACTS Equivalency = ECON 2203) (Satisfies General Education Outcome 3.3) |  |  |
| Natural Science - State Minimum Core (Satisfies General Education Outcome 3.4) |  |  |
| Year Total: | 16 |  |

| Second Year | Fall | Units <br> Spring |
| :--- | ---: | ---: |
| SEVI 2053 Business Foundations | 3 |  |
| ISYS 2103 Business Information Systems ${ }^{2}$ | 3 |  |
| MATH 2043 Survey of Calculus (ACTS | 3 |  |
| Equivalency = MATH 2203) |  |  |
| Social Sciences - State Minimum Core (Satisfies <br> General Education Outcomes 3.3 and 4.1, as well | 3 |  |
| as the Social Issues, Multicultural Environment, <br> and Demographic Diversity Requirement) |  |  |
| Fine Art/Humanities - State Minimum Core <br> (Satisfies General Education Outcome 3.1 or 3.2) |  |  |
| 6 |  |  |

SCMT 2103 Integrated Supply Chain 3
Management ${ }^{2}$
MGMT 2103 Managing People and

Organizations ${ }^{2}$

## Total Units in Sequence:

${ }^{1}$ Students have demonstrated successful completion of the learning indicators identified for learning outcome 2.1, by meeting the prerequisites for MATH 2053.
2 Must be completed prior to SEVI 3013.
3 Must be completed prior to taking any 3000 or 4000 level business courses.
${ }^{4}$ The Social Sciences Elective courses which satisfy the General Education Outcomes 3.3 and 4.1, as well as the Social Issues, Multicultural Environment, and Demographic Diversity Requirement include:
ANTH 1023, HIST 1113, HIST 1123, SOCI 2013, SOCI 2013H, or SOCI 2033.
${ }^{5}$ The Fine Arts Elective courses which satisfy the General Education Outcome 3.1 include:

ARCH 1003, ARHS 1003, COMM 1003, DANC 1003, ENGL 2023, LARC 1003, MLIT 1003, MLIT 1003H, MLIT 1013, MLIT 1013H, MLIT 1333, THTR 1003, THTR 1013, or THTR 1013H.
6 The Humanities Elective courses which satisfy the General Education Outcome 3.2 include:
AAST 2023, ANTH 1033, ARCH 1013, CLST 1003, CLST 1003H, CLST 1013, COMM 1233, DANC 1003, ENGL 1213, ENGL 2023, GNST 2003, GNST 2003H, HIST 1113, HIST 1113H, HIST 1123, HIST 1123H, HIST 2003, HIST 2013, HUMN 1124H, HUMN 2213, LALS 2013, MRST 2013, MUSY 2003, MUSY 2003H, PHIL 2003, PHIL 2003C, PHIL 2003H, PHIL 2103, PHIL 2103C, PHIL 2303, THTR 1003, THTR 1013, THTR 1013H, WLIT 1113, WLIT 1123, or intermediate-level world language (usually 2003-level).

## Diversity, Equity and Inclusion Management Undergraduate MicroCertificate

The Diversity, Equity and Inclusion Management Undergraduate MicroCertificate certifies that students have completed coursework that prepares them for the rapidly growing area of DEI within organizations. Students will explore what diversity, equity and inclusion means to organizations and how they can successfully manage these three elements. This includes managing the regulatory environment associated with DEI, along with exploring how DEI influences organizations and organizational outcomes.

Diversity, Equity and Inclusion Management Undergraduate
MicroCertificate Requirements: The DEI Management Undergraduate MicroCertificate requires nine credit hours that may also be used to fulfill the requirements for an undergraduate degree. The specific requirements are listed below. See an advisor for course selection.

| Required Courses |  |  |
| :---: | :---: | :---: |
| MGMT 3653 | Creating and Leading a Diverse Workforce | 3 |
| Select two of the following: |  | 6 |
| BUSI 3033 | The African American Experience in Business |  |
| MGMT 4633 | Faith, Spirituality, and the Workplace |  |
| SEVI 4583 | International Management |  |
| Total Hours |  | 9 |

## Faculty

Delery, John, Ph.D. (Texas A\&M University), M.S. (Memphis State
University), B.S. (Tulane University of Louisiana), Professor, Raymond F. Orr Chair in Management, 1992, 2009.
Launder, John, M.A. (University of Missouri), B.A. (Westminster College), Instructor, 2011.
Lueke, Sarah B., Ph.D. (University of Akron), M.S. (Indiana UniversityPurdue University-Indianapolis), B.A. (University of Wisconsin-Madison), Teaching Assistant Professor, 2019.
O'Leary-Kelly, Anne M., Ph.D. (Michigan State University), B.A.
(University of Michigan), Professor, William R. and Cacilia Howard Chair in Management, 1997, 2012.
Pullen, Brian, M.A. (University of Arkansas), B.S. (Arkansas Tech University), Instructor, 2005.
Rosen, Chris, Ph.D. (University of Akron), M.A. (Appalachian State University), B.A. (Washington and Lee University), Professor, 2006, 2015.
Schaffer, Meline M., Ph.D., M.S. (Clemson University), Teaching Assistant Professor, 2019.
Simon, Lauren, Ph.D., B.S.B.A., B.S. (University of Florida), Associate
Professor, 2016, 2018.

Soignet, Denise Breaux, Ph.D. (Florida State University), M.B.A., B.S. (Nicholls State University), Teaching Associate Professor, 2010.
Sprandel, Heather, Ed.D., M.Ed. (University of Arkansas), B.A. (DePaul University), Instructor, 2019.
Stoverink, Adam, Ph.D. (Texas A\&M University), M.B.A. (St. Louis University), B.S.B.A. (University of Missouri), Associate Professor, 2017, 2021.

Wilmot, Michael, Ph.D. (University of Minnesota), M.S., B.A. (University of Nebraska), Assistant Professor, 2020.
Zhang, Ying, Ph.D. (University of Hong Kong), M.S. (Peking University), B.S. (Jilin University), Assistant Professor, 2021.

## Information Systems (ISYS)

Shaila Miranda
Department Chair
204 Business Building
479-575-4500
Email: smiranda@walton.uark.edu
Information Systems Department Website (https://walton.uark.edu/ departments/information-systems/)

The curriculum in information systems is designed to prepare graduates for careers in solving business problems with applications of computer technology.

Graduates with a degree in Information Systems are sought by hundreds of companies for many different types of positions, such as programmer, analyst, database administrator, and web developer, among others. Graduates are now programming, analyzing and designing systems, consulting, teaching, and solving business problems across the country.

Three concentrations are offered:

- Blockchain Enterprise Systems
- Business Analytics
- Enterprise Resource Planning

The department also offers three minors: one in business analytics, one in data and cybersecurity management and one in information systems for business students.

The department also offers a certificate of proficiency in cybersecurity and data management, and three microcertificates - Blockchain, Business Analytics and Business Cybersecurity.

## Information Systems Major Requirements

The major in Information Systems requires 27 hours of major in the discipline as well as satisfying the other requirements for the B.S.B.A. degree. A maximum of 30 hours is allowed in the Information Systems major or discipline field of study (i.e., core, major, electives) unless the extra courses are part of an interdisciplinary minor. The Information Systems department encourages its majors to seek an interdisciplinary minor. See an adviser for selection of courses.

NOTE: Course requirements in the Information Systems major total 27 credit hours. Because of prerequisites, students should allow two full years (24 months) to complete this coursework. Prerequisites are strictly enforced.

## Course Requirements in the Major for All Concentrations

## Total Units in Sequence:

${ }^{1}$ Students have demonstrated successful completion of the learning indicators identified for learning outcome 2.1, by meeting the prerequisites for MATH 2053.
2 Must be completed prior to SEVI 3013.
${ }^{3}$ Must be completed prior to taking any 3000 or 4000 level business courses.
${ }^{4}$ The Social Sciences Elective courses which satisfy General Education Outcomes 3.3 and 4.1, as well as the Social Issues, Multicultural Environment, and Demographic Diversity Requirement include: ANTH 1023, HIST 1113, HIST 1123, SOCI 2013, SOCI 2013H, or SOCI 2033.
${ }^{5}$ The Fine Arts Elective courses which satisfy the General Education Outcome 3.1 include:
ARCH 1003, ARHS 1003, COMM 1003, DANC 1003, LARC 1003, MLIT 1003, MLIT 1003H, MLIT 1013, MLIT 1013H, MLIT 1333, THTR 1003, THTR 1013, or THTR 1013H.
${ }^{6}$ The Humanities Elective courses which satisfy the General Education Outcome 3.2 include:
AAST 2023, ANTH 1033, ARCH 1013, CLST 1003, CLST 1003H, CLST 1013, COMM 1233, DANC 1003, ENGL 1213, GNST 2003, HIST 1113, HIST 1113H, HIST 1123, HIST 1123H, HIST 2003, HIST 2013, HUMN 1124H, HUMN 2213, LALS 2013, MRST 2013, MUSY 2003, MUSY 2003H, PHIL 2003, PHIL 2003C, PHIL 2003H, PHIL 2103, PHIL 2103C, PHIL 2303, THTR 1003, THTR 1013, THTR 1013H, WLIT 1113, WLIT 1123, or intermediate-level world language (usually 2003-level).

## Information Systems Major Requirements

The major in Information Systems requires 27 hours of major in the discipline as well as satisfying the other requirements for the B.S.B.A. degree. A maximum of 30 hours is allowed in the Information Systems major or discipline field of study (i.e., core, major, electives) unless the extra courses are part of an interdisciplinary minor. The Information Systems department encourages its majors to seek an interdisciplinary minor. See an adviser for selection of courses.

NOTE: Course requirements in the Information Systems major total 27 credit hours. Because of prerequisites, students should allow two full

## Business Analytics Minor

The Walton College offers an interdisciplinary minor in Business Analytics. Analytics are currently used by many companies for applications ranging from strategic management of data to day operations to customer insights to retail analytics to developing and maintaining a competitive edge.
3 The minor requires completion of 15 hours of study with all of the upper division courses applied toward the minor taken in residence. The 15 hours include:

| ISYS 4193 | Business Analytics and Visualization | 3 |
| :--- | :--- | :--- |
| ISYS 4293 | Business Intelligence | 3 |
| ISYS 4393 | Seminar in Applied Business Analytics | 3 |
| Select two courses (6 hours) from the following: | 6 |  |
| ACCT 3543 | Accounting Analytics |  |
| ISYS 4213 | ERP Fundamentals |  |
| FINN 3013 | Financial Analysis |  |
| ECON 4743 | Introduction to Econometrics |  |
| ECON 4753 | Forecasting |  |
| MGMT 4243 | Ethics and Corporate Responsibility |  |
| MKTG 3633 | Marketing Research |  |
| SCMT 3623 | PLAN: Inventory and Forecasting Analytics |  |

Students who desire to earn a Business Analytics minor must notify the Walton College Undergraduate Programs Office of intent to pursue a minor. All requirements for a minor must be completed prior to the awarding of the student's undergraduate degree. All specific course prerequisites must be met. Each student must have a 2.00 cumulative grade-point average in the courses offered for the minor. All upper division minor requirements must be taken in residence.

## Data and Cybersecurity Management Minor

The Data and Cybersecurity Management minor in the Information Systems Department of the Walton College of Business is designed to develop graduates able to help organizations assess and detect threats while securing and protecting data and data-driven systems against a myriad of threats such as malicious software, hacking, insider threats, and other cybercrimes. Students will also learn and apply best industry practices to minimize data collection, protect client and individual privacy, and otherwise further ethical data management. Students will not only learn about cybersecurity, crime, and privacy law, but will also learn about techniques of risk assessment, continuity planning, and threat detection. This will include learning with respect to behavioral aspects, ethics, legal considerations, and best practices in cyber security management. The minor requires completion of 15 hours of study with all of the upper-level courses applied toward the minor in residence. The 15 hours include the following courses:

| Required Core Courses (9 hours) |  |  |
| :--- | :--- | :--- |
| ISYS 4013 | Principles of Data and Cybersecurity | 3 |
| ISYS 4023 | Network and Data Security in a Changing World | 3 |
| ISYS 4043 | Cybersecurity, Crime and Data Privacy Law | 3 |
|  | Fundamentals |  |

## Total Hours

Students who desire to earn a Data and Cybersecurity Management minor must notify the Walton College Undergraduate Programs Office of intent to pursue a minor. All requirements for the minor must be completed prior to the awarding of the student's undergraduate degree. All specific course prerequisites must be met. Each student must have a 2.00 cumulative grade-point average in the courses offered for the minor.

## Information Systems Minor for Business Students

The Department of Information Systems offers a minor for Walton College students desiring more knowledge of information systems to assist them in their careers. The minor requires completion of 15 hours of study with all of the upper level courses applied toward the minor in residence. The 15 hours include the following courses:

| ISYS 2263 | Principles of Information Systems | 3 |
| :--- | :--- | :--- |
| ISYS 3293 | Systems Analysis and Design | 3 |
| ISYS 3393 | Business Application Development Fundamentals | 3 |
| ISYS 4213 | ERP Fundamentals | 3 |
| Select one of the following: | 3 |  |

ISYS 4223 ERP Configuration and Implementation
Any 3-hour Junior/Senior level ISYS course

## Total Hours

Students who desire to earn an Information Systems minor must notify the Walton College Undergraduate Programs Office of intent to pursue a minor. All requirements for the minor must be completed prior to the awarding of the student's undergraduate degree. All specific course prerequisites must be met. Each student must have a 2.00 cumulative grade-point average in the courses offered for the minor.

## Certificate of Proficiency in Cybersecurity and Data Management

Students pursuing the Certificate of Proficiency in Cybersecurity and Data Management Program in the Information Systems Department of the Sam M. Walton College of Business must meet the admission requirements for the University of Arkansas and have completed the following courses (or equivalent): ISYS 1123, ECON 2143, ACCT 2013, and WCOB 1033.

| Required Core Courses (3 hours) |  |  |
| :--- | :--- | :--- |
| ISYS 4013 | Principles of Data and Cybersecurity | 3 |
| ISYS 4023 | Network and Data Security in a Changing World | 3 |
| ISYS 4043 | Cybersecurity, Crime and Data Privacy Law | 3 |
|  | Fundamentals |  |

## Total Hours

All specific course prerequisites must be met. Each student must have a 2.00 cumulative grade-point average in the courses offered for the certificate. All upper-division certificate requirements must be taken in residence.

## Undergraduate Microcertificates

The undergraduate microcertificates in Information Systems are credentials designed to provide undergraduate business students with a microcertificate in specific IS knowledge areas - Business Analytics, Blockchain, Enterprise Resource Planning (ERP), and Business Cybersecurity. The demand for skilled professionals in information systems continues to outpace the supply of qualified applicants. Each
nine-hour microcertificate program is open to individuals with backgrounds in any business discipline.

## Blockchain Undergraduate MicroCertificate

Requirements: To receive the undergraduate Blockchain MicroCertificate, students are required to take 9 hours of coursework in the Walton College of Business. Students are advised to check prerequisites prior to enrolling in a course.

## Required Courses

ISYS 4173 Blockchain Fundamentals 3

Select both courses from the following:
ISYS 4453 Introduction to Blockchain Applications
ISYS 4463 Blockchain Enterprise Systems Development
Or, one from above and one of the following:
ISYS 3273 Cryptocurrency
ISYS 4013 Principles of Data and Cybersecurity
ISYS 4213 ERP Fundamentals
Total Hours

## Business Analytics Undergraduate MicroCertificate

Requirements: To receive the undergraduate Business Analytics MicroCertificate, students are required to take 9 hours of coursework in the Walton College of Business. Students are advised to check prerequisites prior to enrolling in a course.

## Required Courses

| ISYS 4193 | Business Analytics and Visualization | 3 |
| :--- | :--- | :--- |
| ISYS 4293 | Business Intelligence | 3 |

Select one of the following: 3

| ISYS 4013 | Principles of Data and Cybersecurity |
| :--- | :--- |
| ISYS 4173 | Blockchain Fundamentals |
| ISYS 4213 | ERP Fundamentals |
| ISYS 4393 | Seminar in Applied Business Analytics |

Total Hours

## Business Cybersecurity Undergraduate MicroCertificate

To receive the undergraduate Business Cybersecurity MicroCertificate, students are required to take 9 hours of coursework in the Walton College of Business. Students are advised to check prerequisites prior to enrolling in a course:

## Required Courses

| ISYS 4013 | Principles of Data and Cybersecurity |
| :--- | :--- |
| ISYS 4023 | Network and Data Security in a Changing World |

Select one course from the following:
ISYS 4033 Advanced Information Security Management
ISYS 4043 Cybersecurity, Crime and Data Privacy Law Fundamentals
ISYS 4173 Blockchain Fundamentals
ISYS 4213 ERP Fundamentals
Total Hours
The undergraduate microcertificates in the Information Systems are credentials designed to provide undergraduate business students with

MicroCertificate in specific IS knowledge areas - Business Analytics, Blockchain, Enterprise Resource Planning (ERP), and Business Cybersecurity. ## Faculty

Anand, Abhijith, Ph.D. (University of Waikato), M.I.S. (University of Wollongog), B.E. (K.S. Institute of Technology), Assistant Professor, 2017.

Bristow, Susan E., Ed.D., M.B.A., B.S.B.A. (University of Arkansas), Teaching Associate Professor, 1997, 2020.
Conway, Daniel, Ph.D., M.A. (Indiana University), B.A. (Augustana College), Teaching Professor, 2019.
Cronan, Timothy P., Ph.D. (Louisiana Tech University), M.S. (South Dakota State University), B.S. (University of Southwestern Louisiana), Professor, M.D. Matthews Endowed Chair in Information Systems, 1979. Davis, EmmaLe, Ph.D. (University of Arkansas), M.Ed., B.S. (University of Oklahoma), Teaching Assistant Professor, 2022.
Dereszynski, Michael, M.I.S. (University of Arkansas), B.S. (Milwaukee School of Engineering), Instructor, 2019.
Freeze, Ron, Ph.D. (Arizona State University), M.B.A. (University of Missouri-Kansas City), B.S. (General Motors Institute), Clinical Professor, 2015, 2021.
Gastineau, Jana, M.S., B.S. (Arkansas State University), Instructor, 2022.

Grover, Varun, Ph.D. (University of Pittsburg), M.B.A. (Southern Illinois University), B.S. (Indian Institute of Technology), Distinguished Professor, David D. Glass Chair in Information Systems, 2017.
Harmon, Kevin, Ph.D., M.B.A., M.S. (Texas Tech University), B.S. (Truman State University), Assistant Professor, 2022.
Hoehle, Hartmut, Ph.D., B.Com. (Victoria University of Wellington), Visiting Professor, 2013, 2022.
Kapoor, Gaurav, Ph.D. (University of Florida), M.S. (Drexel University), B.E. (University of Mumbai), Teaching Assistant Professor, 2023.

Keiffer, Elizabeth, Ph.D., M.A. (University of Arkansas), B.S. (East Central University), Teaching Assistant Professor, 2016, 2019. Lacity, Mary, Ph.D. (University of Houston), B.S.B.A. (Pennsylvania State University), Distinguished Professor, David D. Glass Chair in Information Systems, 2018, 2022.
Liu, Yanran, Ph.D. (Georgia State University), M.M., B.Mgt. (China University of Geosciences), Visiting Assistant Professor, 2021.

Mallampalli, Kamesh, Ph.D. (University of Georgia), M.M. (Indian Institute of Management), B.S. (University of Delhi), Visiting Assistant Professor, 2022.
Mullins, Jeff, Ph.D., M.A., B.S. (University of Arkansas), Assistant Professor, 2006, 2018.
Nolan, Steve, Ph.D., M.A. (University of Missouri-Columbia), B.A. (Westminster College), Instructor, 2017.
Pierce, Lisa, M.S. (University of Georgia), B.S. (University of Tennessee), Instructor, 2014.
Sabherwal, Rajiv, Ph.D. (University of Pittsburgh), P.G.D.M. (Indian Institute of Management), B.S.E.E. (Regional Engineering College, India), Distinguished Professor, Edwin and Karlee Bradberry Chair, 2011, 2019.
Shook, Carole, M.S.B.A., B.S.B.A. (University of Arkansas), Teaching Associate Professor, 1999, 2023.
Steelman, Zachary R., Ph.D., M.I.S. (University of Arkansas), B.B.A. (Northeastern State University), Associate Professor, 2017, 2022.
Sykes, Tracy Ann, Ph.D. (University of Arkansas), B.S. (University of Maryland-College Park), Associate Professor, 2011, 2016.
Syler, Rhonda A., Ph.D. (Auburn University), M.B.A. (Columbus State
University), M.S. (Kansas State University), B.S. (Middle Tennessee State University), Teaching Assistant Professor, 2016.
Weng, Qin, Ph.D. (University of Pittsburg), M.S. (Virginia Commonwealth University), B.A. (Beijing Foreign Studies University), Assistant Professor, 2018.

Young, Amber, Ph.D. (University of Oklahoma), M.B.A. (Oklahoma
Christian University), B.S.Ed. (University of Oklahoma), Associate Professor, 2018, 2023.

## Courses

ISYS 1123. Business Application Knowledge - Computer Competency. 3 Hours.
An introduction to computer literacy using information business application software; email/Internet; word processing; spreadsheets; presentation; database; collaborative/groupware; and integration of computer applications. Introduces the student to computer Concepts and Microsoft Office (Word, Excel, Windows, and PowerPoint) to manage finances, work with formulas, charts and graphics, and the development of professional worksheets and presentations. Students learn business computing through appropriate self-paced, computer-based instruction. (Typically offered: Fall, Spring and Summer)
ISYS 2001. Principles of Business Application Development. 1 Hour. An introduction to the principles of business application development and the development process for business applications using a current high level languages such as Python, Swift, etc. Discussions include topics such as development teams, project management, design thinking, coding, and entrepreneurship; essential skill sets for future leaders. Students learn about coding using languages such as Python and Swift while developing their own applications. (Typically offered: Fall and Spring)

## ISYS 2103. Business Information Systems. 3 Hours.

This course presents the fundamentals of business information systems (IS) topics essential to today's business graduate. Applied areas of business will be used to provide the context for the IS topics, business applications, and management challenges. The broad objective of this course is to present students with a business and information systems framework that will allow them to envision how business decisions are enabled and empowered by information systems and technology. Prerequisite: BUSI 1033, ACCT 2013 and (ECON 2013 or ECON 2023), all with a grade of C or better. (Typically offered: Fall, Spring and Summer)

ISYS 2103H. Honors Business Information Systems. 3 Hours.
This course presents the fundamentals of business information systems (IS) topics essential to today's business graduate. Applied areas of business will be used to provide the context for the IS topics, business applications, and management challenges. The broad objective of this course is to present students with a business and information systems framework that will allow them to envision how business decisions are enabled and empowered by information systems and technology. Prerequisite: BUSI 1033, ACCT 2013 and (ECON 2013 or ECON 2023), all with a grade of $C$ or better and honors standing. (Typically offered: Fall, Spring and Summer)
This course is equivalent to ISYS 2103.
ISYS 2263. Principles of Information Systems. 3 Hours.
This course presents the fundamental concepts used in developing information systems. It provides a framework for students to use throughout their software development coursework. Also includes management of information systems concepts. This course requires extensive use of computer systems. Prerequisite: ACCT 2013, MATH 2053 and ISYS 2103, each with a grade of $C$ or better. (Typically offered: Fall and Spring)
ISYS 3273. Cryptocurrency. 3 Hours.
This course will focus on topics such as a brief history of money, Bitcoin and the origin of cryptocurrency, blockchain system fundamentals (cryptography and consensus algorithms), real-world application with software clients and wallets, as well as assessing the current regulatory environment, financial applications and exchanges. Upon completion, students will understand what constitutes as digital money and how this phenomenon is currently transpiring within an economic, legal, and financial context; will be prepared to learn more about specific financial industry applications; make judgements on viability of certain crypto projects; and speak to challenges facing the future of cryptocurrency. Prerequisite: ISYS 2103 and ACCT 2013, each with a grade of C or better. (Typically offered: Fall and Spring)

## ISYS 3293. Systems Analysis and Design. 3 Hours.

Practice and application of one structured analysis methodology; development of structured analysis specification; exposure to other methodologies; quality assurance and walkthroughs; survey of real systems and their components. Prerequisite: ISYS 2263 or CSCE 2014 with a grade of C or better. (Typically offered: Fall and Spring)
ISYS 3393. Business Application Development Fundamentals. 3 Hours.
Principles of design and development of windows and web applications using cutting edge visual development tools. The programming language will be a modern language used widely in industry, and the focus will be on its use in client-server, web, and/or mobile applications. Pre- or Corequisite: ISYS 3293. Prerequisite: ISYS 2263 or CSCE 2014 with a grade of " C " or better. (Typically offered: Fall and Spring)

## ISYS 4003H. Honors Information Systems Colloquium. 3 Hours.

Explores events, concepts and/or new developments in the field of Computer Information Systems and Quantitative Analysis. Prerequisite: Senior standing and honors standing. (Typically offered: Fall)

## ISYS 4013. Principles of Data and Cybersecurity. 3 Hours.

This course provides students with insight into the cybersecurity and data issues surrounding businesses; fundamental concepts of the study of law - enabling students to understand the basics of reading and briefing a case as well as the process of legal analysis and case procedure and discovery; securing organizational data; detecting and responding to cyber-based security breaches; emerging technologies, and ensuring a secured computing environment for safeguarding company information will be explored. Prerequisite: ACCT 2013. (Typically offered: Fall and Spring)

## ISYS 4023. Network and Data Security in a Changing World. 3 Hours.

This course explores network and data security in the context of today's digital enterprise. In addition to traditional network protocol and security issues, this course will explore security issues unique to cloud environments, data protection, loT ecosystems, ERP systems, and Blockchain deployments. Prerequisite: ISYS 4013 with a grade of $C$ or better. (Typically offered: Fall and Spring)

ISYS 4033. Advanced Information Security Management. 3 Hours.
This course provides students with an in-depth, advanced understanding of cybersecurity and data management. Topics include risk assessment, continuity planning, data protection, threat detection, threat/risk mitigation, and recovery issues and techniques. Current topics in data and cybersecurity will also be included. Prerequisite: ISYS 4023 with a grade of C or better. (Typically offered: Fall and Spring)

## ISYS 4043. Cybersecurity, Crime and Data Privacy Law Fundamentals. 3 Hours.

This course examines the law governing computer crime, data privacy, and cybersecurity. Substantive crimes such as hacking, identity theft, economic espionage, and online threats are discussed. The Fourth Amendment, Privacy, the Wiretap Act, and other limits on law enforcement that might affect private industry developing surveillance tools used by governments are examined. Prerequisite: ISYS 4013. (Typically offered: Fall and Spring)

ISYS 4053. Advanced Cybersecurity, Crime and Privacy Law. 3 Hours.
The course will explore best practices for data privacy and security protection measures, mitigation techniques for privacy and security threats, and privacy and security law. The importance of informational privacy will be highlight and a highlevel overview of U.S. laws and regulations including FTC roles, and government surveillance will be provided. Prerequisite: ISYS 4023 and ISYS 4043. (Typically offered: Fall and Spring)

## ISYS 4173. Blockchain Fundamentals. 3 Hours.

This course provides the fundamental concepts underpinning blockchain technologies. This course focuses on blockchain applications for business. Students will learn about the overall blockchain landscape, including the investments, the size of markets, major players and the global reach, as well as the potential business value of blockchain applications and the challenges that must be overcome to achieve that value. Students will learn enough about the underlying technologies to be well-prepared to develop blockchain applications in future courses. Prerequisite: ISYS 2103 and ACCT 2013, each with a grade of C or better, or CSCE 2004 with a grade of C or better. (Typically offered: Fall and Spring)

ISYS 4193. Business Analytics and Visualization. 3 Hours.
Introductory study of business analytics, visualization, and systems to provide analytics-based information derived from data within and/or external to the organization. Business analytics used to support management in the decision making. Application of tools in business analytics, problem solving, visualization, and decision making. Prerequisite: (Non-business majors: (INEG 3313 or STAT 3013 with a grade of C or better)) or (Business majors: (BUSI 1033 with a grade of C or better)). (Typically offered: Fall)
ISYS 4213. ERP Fundamentals. 3 Hours.
An introduction to enterprise resource planning systems. Students should gain an understanding of the scope of these integrated systems that reach across organizational boundaries and can change how a company does business. Implementation issues are covered, including the importance of change management. Prerequisite: ISYS 2103 and ACCT 2013, each with a grade of C or better, or CSCE 2004, with a grade of C or better. (Typically offered: Fall and Spring)

## ISYS 4223. ERP Configuration and Implementation. 3 Hours.

The process of configuring and implementing an enterprise resource planning system. Business process analysis and integration. Students will develop a company and set up several modules in SAP R/3 for use. Develop understanding of how the business processes work and integrate. Prerequisite: ISYS 4213 with a grade of " C " or better. (Typically offered: Fall)

ISYS 4233. Seminar in ERP Development. 3 Hours.
ERP administration and system development practices. Advanced system support issues related to Enterprise Resource Planning systems that are used in global organizations. Basic ABAP programming. In addition, students will learn how to provide basic systems administration support of the operating system, database, and application systems software levels or ERP systems. Pre- or Corequisite: ISYS 4223 with a grade of "C" or better. (Typically offered: Spring)
ISYS 4243. Current Topics in Computer Information. 3 Hours.
Intensive investigation of selected developments in computer information systems hardware, software, and organization having current impact on computer information systems design and application. Offering an extension of lower-level CIS courses through individual student research and faculty team-teaching of advanced topics. Topical selection made with each course offering. Prerequisite: Junior standing. (Typically offered: Irregular) May be repeated for up to 6 hours of degree credit.

ISYS 4283. Business Database Systems. 3 Hours.
Introduces student to centralized information system design and implementation for business applications. In-depth study of logical systems modeling; physical file management; and software requirements. Pre- or Corequisite: ISYS 3393.
Prerequisite: ISYS 3293 with a grade of $C$ or better. (Typically offered: Fall)
ISYS 4293. Business Intelligence. 3 Hours.
Business intelligence focuses on creating, developing and storing information and knowledge from internal and external sources to better support business decisions. We will consider techniques from machine learning, data mining, and information retrieval to extract useful knowledge from data, which could be used for business intelligence, personalization or user profiling. Prerequisite: ISYS 4193 with a grade of "C" or better. (Typically offered: Spring)

## ISYS 4363. Business Project Development. 3 Hours.

Review of fundamentals of application processing systems design and development; implementation of such a system by class. Prerequisite: ISYS 3393 and ISYS 4283 each with a grade of $C$ or better. (Typically offered: Spring)
ISYS 4373. Application Development with Java. 3 Hours.
This course covers object-oriented programming concepts and illustrates them via an appropriate object-oriented programming language. Students will be exposed to the design of software objects, creation of software objects, and the use of objects in constructing an information system. Prerequisite: ISYS 3293 with a grade of $C$ or better. (Typically offered: Fall)

## ISYS 4393. Seminar in Applied Business Analytics. 3 Hours.

Application of business analytics, business intelligence, data mining, and data visualization to business problem solving. Business Analytics techniques using current and relevant software are applied to current business problems for presentation to management. Prerequisite: ISYS 4293. (Typically offered: Fall and Spring)

ISYS 4453. Introduction to Blockchain Applications. 3 Hours.
The focus of this course is to expose students to working with mainframe computer systems, large-scale data, and blockchain software \& technologies. This course provides the opportunity for students to gain valuable insight into mainframe coding concepts, SQL, and data in a mainframe operating environment. Prerequisite: ISYS 4173. (Typically offered: Fall)

## ISYS 4463. Blockchain Enterprise Systems Development. 3 Hours.

Accurately capturing and storing business transactions is an important processing function in many businesses. This course provides students with the necessary understanding and skills to develop blockchain and other large-scale data applications in a mainframe environment with high volume. Prerequisite: ISYS 4453 with a grade of "C" or better. (Typically offered: Spring)

## ISYS 450V. Independent Study. 1-3 Hour.

Permits students on individual basis to explore selected topics in data processing and/or Quantitative Analysis. (Typically offered: Fall and Spring)

# Supply Chain Management (SCMT) 

Brian Fugate
Department Chair
546 Willard J. Walker Hall
479-575-4051
J.B. Hunt Transport Department of Supply Chain Management Website (https://walton.uark.edu/departments/supplychain/)

The J.B. Hunt Transport Department of Supply Chain Management offers an undergraduate major leading to a Bachelor of Science in Business Administration degree. The major is designed to prepare students for careers in carrier management, logistics management, and at retailers or in companies that manufacture, sell, and distribute consumer goods to retailers. There is an emphasis on business process integration and students will learn to apply analytical techniques and use the systems approach in managing the flow of materials into and through the production and manufacturing processes of a firm to its customers. Employment opportunities exist in marketing, sales, and operations positions with carriers in all transportation modes, and in positions with shippers having responsibility in one or more areas under logistics management, warehousing, packaging, and materials handling. Opportunities also exist in governmental agencies.

Students may elect to pursue the B.S.B.A. in Supply Chain Management or a Minor in Supply Chain Management in an online format. Students must apply to the University of Arkansas, Office of Admissions for consideration to enroll in the B.S.B.A. and indicate their interest in the online program on the admissions application. Students are required to submit official transcripts (either high school or college transcripts or both), and an application fee. Students interested in pursuing a minor must notify the Walton College Undergraduate Programs Office.

## Requirements for B.S.B.A. in Supply Chain Management

| Major Course Requirements |  |  |
| :---: | :---: | :---: |
| SCMT 3443 | DELIVER: Transportation and Distribution Management | 3 |
| SCMT 3613 | SOURCE: Procurement and Supply Management | 3 |
| SCMT 3623 | PLAN: Inventory and Forecasting Analytics | 3 |
| SCMT 3663 | MAKE: Supply Chain Process Improvement | 3 |
| SCMT 4653 | Supply Chain Strategy and Change Management | 3 |
| SCMT 3103 | Supply Chain Management Internship (Alternative industry-based experiential coursework or work experience may be available as an exception through the SCMT 3103 Internship Application (https://walton.formstack.com/forms/scmt3103).) | 3 |
| Choose three hours from the following: |  | 3 |
| SCMT 3643 | International Logistics |  |
| SCMT 3653 | Project Management: Supply Chain New Product Planning and Launch |  |
| SCMT 3633 | Supply Chain Service and Customer Management |  |
| SCMT 4003H | Honors Supply Chain Management Colloquium |  |
| SCMT 4103 | Special Topics in Supply Chain Management |  |
| SCMT 4123 | Environmental, Social and Governance Strategies and Operations in Supply Chains |  |
| SCMT 4233 | Supply Chain Design and Optimization |  |

## SCMT 4633 Supply Chain Performance Management and Analytics

Maximum of 27 hours of SCMT courses in department (core, major, elective). More than 27 hours allowed if the extra courses are part of interdisciplinary minor or collateral track.
Junior/Senior Business Electives

## Supply Chain Management Eight-Semester Degree Program

Students wishing to follow the eight-semester degree plan for Information Systems should see the Eight-Semester Degree Policy (p. 67) in the Academic Regulations chapter for university requirements of the program.

Courses in BOLD must be taken in the designated semester. Although other courses listed are not required to be completed in the designated sequence, the recommendations below are preferred.

| First Year | Units |  |
| :---: | :---: | :---: |
|  | Fall | Spring |
| ENGL 1013 Composition I (ACTS Equivalency = ENGL 1013) (Satisfies General Education Outcome 1.1) ${ }^{3}$ | 3 |  |
| MATH 2053 Finite Mathematics (Satisfies General Education Outcome 2.1) ${ }^{1,3}$ | 3 |  |
| BUSI 1111 Freshman Business Connection ${ }^{3}$ | 1 |  |
| SCMT 2103 Integrated Supply Chain Management ${ }^{2}$ | 3 |  |

## Supply Chain Management Minor for Business Students

The Department of Supply Chain Management offers a minor for Walton College students desiring more knowledge of supply chain management to assist them in their careers. The minor requires the completion of 15 hours of study from the following courses:

| SCMT 3443 | DELIVER: Transportation and Distribution Management | 3 |
| :---: | :---: | :---: |
| SCMT 3613 | SOURCE: Procurement and Supply Managemen | 3 |
| Plus an additional nine hours of approved 3000/4000 level SCMT courses |  |  |
| Total Hours |  | 15 |
| Students who desire to earn a Supply Chain Management minor must notify the Walton College Undergraduate Programs Office of intent to pursue a minor. All requirements for the minor must be completed prior to the awarding of the student's undergraduate degree. All specific course prerequisites must be met. Each student must have a 2.00 cumulative |  |  |

grade-point average in the courses offered for the minor. All upper level minor requirements must be taken in residence.

## Faculty

## Courses

## SCMT 2103. Integrated Supply Chain Management. 3 Hours.

An introduction to integrated supply chain management. Core capabilities in plan, source, make, deliver, service/customer management, new product design, strategy, governance, project management, performance management, technology enablement, and supply chain finance are explored to provide students with a comprehensive cross-functional view of demand-driven value networks. Corequisite: Walton College students: MATH 2053 or MATH 2554 each with a grade of C or better. Prerequisite: Non-business students: BUSI 1033, ACCT 2013 and (ECON 2013 or ECON 2023), all with a grade of C or better. (Typically offered: Fall and Spring)

## SCMT 2103H. Honors Integrated Supply Chain Management. 3 Hours.

An introduction to integrated supply chain management. Core capabilities in plan, source, make, deliver, service/customer management, new product design, strategy, governance, project management, performance management, technology enablement, and supply chain finance are explored to provide students with a comprehensive cross-functional view of demand-driven value networks. Corequisite: Walton College students: MATH 2053 or MATH 2554 with a grade of $C$ or better and honors standing. Prerequisite: Non-business students: BUSI 1033, ACCT 2013 and (ECON 2013 or ECON 2023), all with a grade of $C$ or better and honors standing. (Typically offered: Fall and Spring)
This course is equivalent to SCMT 2103.

## SCMT 3103. Supply Chain Management Internship. 3 Hours.

This experience is designed to give students an internship opportunity to combine their formal academic preparation with an exposure to the supply chain profession. Prerequisite: Department consent, completion of pre-business core, junior standing, and SCMT 2103 with a grade of C or better. (Typically offered: Fall, Spring and Summer)

SCMT 3103H. Honors Supply Chain Management Internship. 3 Hours.
This experience is designed to give students an internship opportunity to combine their formal academic preparation with an exposure to the supply chain profession. Prerequisite: Department consent, completion of pre-business core, junior standing, honors standing and SCMT 2103 with a grade of C or better. (Typically offered: Fall, Spring and Summer)
This course is equivalent to SCMT 3103.
SCMT 3443. DELIVER: Transportation and Distribution Management. 3 Hours. Management of functional delivery and customer service capabilities in demanddriven value networks. Applicable interfaces with enabling capabilities such as governance, performance management, analytics, and technology enablement are evaluated. Prerequisite: ((ECON 2013 and ECON 2023) or ECON 2143) and SCMT 2103 with a grade of C or better. (Typically offered: Fall and Spring)

SCMT 3613. SOURCE: Procurement and Supply Management. 3 Hours. This course covers the critical sourcing and procurement processes: strategic sourcing, source to pay, and supplier relationship management. Additionally, it covers innovative efforts to grow sourcing contribution to demand-driven supply chain integration, including sustainability, technology, and risk management. Prerequisite: ((ECON 2013 and ECON 2023) or ECON 2143) and SCMT 2103 with a grade of C or better. (Typically offered: Fall and Spring)

## SCMT 3623. PLAN: Inventory and Forecasting Analytics. 3 Hours.

The intent of this course is to rigorously examine two key elements of logistics: inventory control and forecasting. Coverage of the former topic specifically focuses on inventory control methods for stochastic demand and lead times. Besides a review of the associated theoretical bases, the implementation of such policies in Excel is a central component of the course. Forecasting topics covered in this course include a review of a variety of forecasting techniques and forecast error measurement. Moreover, the linkage between forecasting and inventory control is discussed. As with inventory control, students will learn how to implement various forecasting techniques in Excel. Prerequisite: ((ECON 2013 and ECON 2023) or ECON 2143) and SCMT 2103 with a grade of $C$ or better. (Typically offered: Fall and Spring)

## SCMT 3633. Supply Chain Service and Customer Management. 3 Hours.

Management of supply chain service quality, relationships, and customer segmentation in demand-driven value networks. Applicable cross-functional interfaces, performance measurement, and integration opportunities for boundary spanning supply chain professionals are discussed with emphasis on value-added behavioral exchange dynamics. Prerequisite: SCMT 3613. (Typically offered: Irregular)

## SCMT 3643. International Logistics. 3 Hours.

Logistics activities in international business with special emphasis on international sourcing and distribution channels, international transportation, import and export procedures, international sale and payment terms, and documentation. Special emphasis is placed on current events and their effect on the management of operations of U.S.-based organizations. Prerequisite: ((ECON 2013 and ECON 2023), or ECON 2143) and SCMT 2103 with a grade of C or better. (Typically offered: Fall and Spring)

## SCMT 3653. Project Management: Supply Chain New Product Planning and

 Launch. 3 Hours.Applies principles and tools of project management to supply chain industry projects in the new product development launch process to ensure alignment with supply chain processes. Experiential learning in collaborative team settings facilitate new product development and launch solutions to demand-driven value network problems. Prerequisite: ((ECON 2013 and ECON 2023) or ECON 2143) and SCMT 2103 each with a grade of C or better. (Typically offered: Fall and Spring)

SCMT 3663. MAKE: Supply Chain Process Improvement. 3 Hours.
The course focuses on the fundamental concepts, techniques, and tools for managing production and improving business processes across the supply chain, in both manufacturing and service contexts. Philosophies, principles, approaches, and techniques students will learn and experience in this course include Lean, Total Quality Management, Theory of Constraints, Practical Scientific Thinking, and Toyota Kata. Prerequisite: SCMT 2103 with a grade of $C$ or better. (Typically offered: Fall and Spring)

## SCMT 4003H. Honors Supply Chain Management Colloquium. 3 Hours.

Explores events, concepts and/or new developments in the field of Supply Chain Management. Prerequisite: Honors standing and ((ECON 2013 and ECON 2023) or ECON 2143) and SCMT 2103 each with a grade of $C$ or better. (Typically offered: Irregular) May be repeated for up to 6 hours of degree credit.

## SCMT 4103. Special Topics in Supply Chain Management. 3 Hours.

Special topics in supply chain management not available in other courses. Topics are selected by the supply chain faculty for each semester each course is offered. Prerequisite: ((ECON 2013 and ECON 2023) or ECON 2143) and SCMT 2103 each with a grade of $C$ or better. (Typically offered: Irregular)

SCMT 4113. Supply Chain Management Executive in Residence. 3 Hours.
The focus of this course will be executive viewpoints in supply chain management as it relates to relational skill development. The growth of supply chain management has resulted in the need for relational skills and capabilities for supply chain professionals. The purpose of the course is to help students identify not only the current issues of the industry, but also gather various viewpoints about the topics. Each week, an executive will speak with students on a topic of his or her choice. The goal is to allow a broad collection of issues to be presented by and to the students.
Prerequisite: ((ECON 2013 and ECON 2023) or ECON 2143) and SCMT 2103 each with a grade of C or better. (Typically offered: Fall and Spring)

SCMT 4123. Environmental, Social and Governance Strategies and Operations in Supply Chains. 3 Hours.
Environmental, Social and Governance (ESG) issues can carry significant supply chain challenges, risks, and opportunities. This course focuses on the relationship between ESG and supply chain planning, sourcing, manufacturing and service operations and logistics. Topics may include values-based leadership; globalizing social and environmental sustainability; diversity, inclusion and ethics across the supply chain; and voluntary product standards and governance, stakeholder engagement, reverse logistics, humanitarian logistics, ethical sourcing, transparency, innovation, resource scarcity, waste reduction, carbon emissions, and human rights across the extended supply network. Prerequisite: ((ECON 2013 and ECON 2023) or ECON 2143) and SCMT 2103 each with a grade of $C$ or better. (Typically offered: Irregular)
SCMT 4233. Supply Chain Design and Optimization. 3 Hours.
This course focuses on supply chain network design and the underlying strategies needed to manage a supply chain as business conditions change and evolve. The purpose of this course is to provide the student with supply chain design thinking skills that they can employ to design solutions that optimize supply chain performance considering costs, constraints, and structure. The course is a combination of lecture and supply chain optimization case studies (network, transportation, and inventory). Prerequisite: SCMT 3443 and SCMT 3623. (Typically offered: Fall and Spring)

SCMT 4633. Supply Chain Performance Management and Analytics. 3 Hours. Integrates the strategic directives and successful execution by using supply chain performance management and analytics to drive supply chains from end-to-end. Examines and applies data analytics and visualization tools to better manage conflicting supply chain objectives and trade-offs. Prerequisite: SCMT 2103 with a grade of "C" or better. (Typically offered: Fall and Spring)

SCMT 4653. Supply Chain Strategy and Change Management. 3 Hours. Evaluate and select appropriate supply chain strategies and change management approaches for business situations. This capstone course leverages plan, source, make, deliver, customer service, and new product development capabilities to meet strategic and financial goals in demand-driven networks. Prerequisite: SCMT 3443, SCMT 3613 and SCMT 3623. (Typically offered: Fall and Spring)

SCMT 466V. Independent Study in Supply Chain Management. 1-3 Hour. Permits students to explore selected topics in supply chain management, logistics and transportation. Prerequisite: ((ECON 2013 and ECON 2023) or ECON 2143) and SCMT 2103 each with a grade of C or better. (Typically offered: Fall and Spring)

SCMT 4853. Cross-Sector Collaboration for Sustainability. 3 Hours.
This course explores how organizations in the three sectors of society work together in value creation by addressing social and environmental problems manifest in global supply chains. Focusing on business and nonprofit organizations, we investigate the forces that bring about and influence these collaborations from practical and theoretical perspectives. Prerequisite: ((ECON 2013 and ECON 2023) or ECON 2143) and SCMT 2103 each with a grade of C or better. (Typically offered: Spring)

## Management (MGMT)

John Delery

Department Chair
402 Business Building
479-575-3266
Management Department Website (https://walton.uark.edu/departments/ management/)

Management is the force responsible for directing organizations toward goals or objectives. Therefore, the management curriculum focuses on the nature and capabilities of human and other resources, as well as how the manager plans, organizes, staffs, coordinates, and evaluates those resources in an organization and its environment. The study of management prepares men and women for positions of leadership in profit and nonprofit organizations of all sizes. Management majors gain insight and skill needed for careers as professional managers throughout organizations. These skills include technical knowledge, communicative capacity, human understanding, and conceptual and problem-solving ability.

Two majors are offered in the management department.

- Human Resource Management
- Organizational Leadership

The Sam M. Walton College of Business also offers a general business (p. 620) major.

## Requirements for B.S.B.A. in Human Resource Management

All Human Resource Management majors must complete the following 6 hours of coursework: MGMT 4943 and MGMT 4953. Students must also take at least 6 hours from the following courses: MGMT 3653, MGMT 4983, and MGMT 4963. An additional 12 hours of credit are required from specified management and non-management courses in order to complete the requirements for the major.

Human Resource Management Major Requirements: The major in Human Resource Management requires 24 hours of major and collateral courses in the discipline as well as satisfying the other requirements for the B.S.B.A. degree. A maximum of 27 hours is allowed in a management major or discipline field of study (i.e., core, major, electives) unless the extra courses are part of an interdisciplinary minor or collateral track. See an adviser for selection of courses.

| Major Course Requirements |  | 6 |
| :---: | :---: | :---: |
| MGMT 4943 | Talent Acquisition and Management |  |
| MGMT 4953 | Organizational Rewards and Compensation |  |
| Select at least two of the following: |  | 6 |
| MGMT 3653 | Creating and Leading a Diverse Workforce |  |
| MGMT 4963 | People Analytics |  |
| MGMT 4983 | Talent Development |  |
| Select three or four of the following: |  | 9 |
|  |  | or 12 |
| MGMT 3533 | Alternative Dispute Resolution |  |
| MGMT 4103 | Special Topics in Management |  |
| MGMT 4243 | Ethics and Corporate Responsibility |  |
| MGMT 4253 | Leadership |  |
| MGMT 4263 | Organizational Change and Development |  |

| MGMT 4633 | Faith, Spirituality, and the Workplace |  |
| :--- | :--- | :--- |
| MGMT 4273 | Leading Groups and Teams |  |
| SEVI 3233 | Corporate Innovation |  |
| SEVI 3673 | Social Entrepreneurship |  |
| SEVI 3933 | Entrepreneurship and New Venture Development |  |
| SEVI 4433 | Small Enterprise Management |  |
| SEVI 4583 | International Management |  |
| SEVI 4993 | Entrepreneurship Practicum |  |
| ECON 3533 | Labor Economics |  |
| ECON 4333 | Economics of Organizations |  |
| HIST 4943 | U.S. Labor History, from 1877-present |  |
| PSYC 3013 | Social Psychology |  |
| PSYC 3063 | Psychology of Diversity |  |
| Total Hours |  | 24 |

## Human Resources Management B.S.B.A. Eight-Semester Degree Program

Students wishing to follow the eight-semester degree plan should see the Eight-Semester Degree Policy (p. 67) for university requirements of the program.

Courses in BOLD must be taken in the designated semester. Courses in ITALIC may be taken in varied sequences as long as other designated requirements for these courses are met. Although other courses listed are not required to be completed in the designated sequence, the recommendations below are preferred.

| First Year |  | Unit |
| :---: | :---: | :---: |
|  | Fall | Spring |
| ENGL 1013 Composition I (ACTS Equivalency = ENGL 1013) (Satisfies General Education Outcome 1.1) | 3 |  |
| MATH 2053 Finite Mathematics (Satisfies General Education Outcome 2.1) ${ }^{1}$ | 3 |  |
| COMM 1313 Public Speaking (ACTS Equivalency = SPCH 1003) (Satisfies General Education Outcomes 1.2 and 5.1) | 3 |  |
| BUSI 1111 Freshman Business Connection | 1 |  |
| BLAW 2013 The Legal Environment of Business (ACTS Equivalency = BLAW 2003) ${ }^{2}$ | 3 |  |
| ISYS 1123 Business Application Knowledge Computer Competency | 3 |  |
| ENGL 1023 Composition II (ACTS Equivalency = ENGL 1023) (Satisfies General Education Outcome 1.1) |  |  |
| ACCT 2013 Accounting Principles |  |  |
| BUSI 1033 Data Analysis and Interpretation |  |  |
| ECON 2023 Principles of Microeconomics (ACTS Equivalency = ECON 2203) (Satisfies General Education Outcome 3.3) |  |  |
| Natural Science - State Minimum Core (Satisfies General Education Outcome 3.4) |  |  |

## Total Units in Sequence:

1 Students have demonstrated successful completion of the learning indicators identified for learning outcome 2.1, by meeting the prerequisites for MATH 2053.
2 Must be completed prior to SEVI 3013.
3 Must be completed prior to taking any 3000 or 4000 level business courses.
4 The Social Sciences Elective courses which satisfy the General Education Outcomes 3.3 and 4.1, as well as the Social Issues, Multicultural Environment, and Demographic Diversity Requirement include:
ANTH 1023, HIST 1113, HIST 1123, SOCI 2013, SOCI 2013H, or SOCI 2033.
5 The Fine Arts Elective courses which satisfy the General Education Outcome 3.1 include:
ARCH 1003, ARHS 1003, COMM 1003, DANC 1003, ENGL 2023, LARC 1003, MLIT 1003, MLIT 1003H, MLIT 1013, MLIT 1013H, MLIT 1333, THTR 1003, THTR 1013, or THTR 1013H.
6 The Humanities Elective courses which satisfy the General Education Outcome 3.2 include:
AAST 2023, ANTH 1033, ARCH 1013, CLST 1003, CLST 1003H, CLST 1013, COMM 1233, DANC 1003, ENGL 1213, ENGL 2023, GNST 2003, GNST 2003H, HIST 1113, HIST 1113H, HIST 1123, HIST 1123H, HIST 2003, HIST 2013, HUMN 1124H, HUMN 2213, LALS 2013, MRST 2013, MUSY 2003, MUSY 2003H, PHIL 2003, PHIL 2003C, PHIL 2003H, PHIL 2103, PHIL 2103C, PHIL 2303, THTR 1003, THTR 1013, THTR 1013H, WLIT 1113, WLIT 1123, or intermediate-level world language (usually 2003-level).

## Management Major with Organizational Leadership Concentration

The Organizational Leadership Concentration prepares new students for leadership positions within organizations. Among the topics explored are employee motivation, how to manage power and influence within organizations, developing effective teams, managing diversity, organizational transformation and change, and globalization.

All management majors must complete MGMT 4243 Ethics and Corporate Responsibility. An additional 21 hours of credit are required for students majoring in management. Six of these credit hours are specified in the concentration. Beyond this, students can choose from specified management and non-management courses in order to complete the requirements for the major.

## Management Major Requirements

The major in management requires 24 hours of major and collateral courses in the discipline as well as satisfying the other requirements for the B.S.B.A. degree. A maximum of 27 hours is allowed in a management major or discipline field of study (i.e., core, major, electives) unless the extra courses are part of an interdisciplinary minor or collateral track. See an adviser for selection of courses.

## Management Minor for Business Students

The Department of Management offers a minor for students desiring more knowledge of management to assist them in their careers. The minor requires completion of 15 hours of study with all of the upper level courses applied toward the minor in residence. The 15 hours include the following courses:
Select five of the following:
MGMT 3533 Alternative Dispute Resolution 15

Total Hours
Students who desire to earn a Management minor must notify the Walton College Undergraduate Programs Office of intent to pursue the minor. All requirements for the minor must be completed prior to the awarding of a student's undergraduate degree. All specific course prerequisites must be met. Each student must have a 2.00 cumulative grade-point average in the courses offered for the minor. All upper level requirements must be taken in residence.

## Diversity, Equity and Inclusion Management Undergraduate MicroCertificate

The Diversity, Equity and Inclusion Management Undergraduate MicroCertificate certifies that students have completed coursework that prepares them for the rapidly growing area of DEI within organizations. Students will explore what diversity, equity and inclusion means to organizations and how they can successfully manage these three elements. This includes managing the regulatory environment associated with DEI, along with exploring how DEI influences organizations and organizational outcomes.

Diversity, Equity and Inclusion Management Undergraduate
MicroCertificate Requirements: The DEI Management Undergraduate MicroCertificate requires nine credit hours that may also be used to fulfill the requirements for an undergraduate degree. The specific requirements are listed below. See an advisor for course selection.

Pullen, Brian, M.A. (University of Arkansas), B.S. (Arkansas Tech University), Instructor, 2005.
Rosen, Chris, Ph.D. (University of Akron), M.A. (Appalachian State University), B.A. (Washington and Lee University), Professor, 2006, 2015.
Schaffer, Meline M., Ph.D., M.S. (Clemson University), Teaching Assistant Professor, 2019.
Simon, Lauren, Ph.D., B.S.B.A., B.S. (University of Florida), Associate Professor, 2016, 2018.
Soignet, Denise Breaux, Ph.D. (Florida State University), M.B.A., B.S. (Nicholls State University), Teaching Associate Professor, 2010.
Sprandel, Heather, Ed.D., M.Ed. (University of Arkansas), B.A. (DePaul University), Instructor, 2019.
Stoverink, Adam, Ph.D. (Texas A\&M University), M.B.A. (St. Louis
University), B.S.B.A. (University of Missouri), Associate Professor, 2017, 2021.

Wilmot, Michael, Ph.D. (University of Minnesota), M.S., B.A. (University of Nebraska), Assistant Professor, 2020.
Zhang, Ying, Ph.D. (University of Hong Kong), M.S. (Peking University), B.S. (Jilin University), Assistant Professor, 2021.

## Courses

MGMT 2103. Managing People and Organizations. 3 Hours.
Study of the process of acquiring and managing Human Capital, focusing on the organizational behavior, legal, economic, and technical issues concerned with business decisions about acquiring, motivating, and retaining employees; emphasis given to the development, implementation, and assessment of policies and practices consistent with legal, social, human, and environmental dynamics. Corequisite: Walton College students: MATH 2053 or MATH 2554 each with a grade of C or better. Prerequisite: Non-business students: BUSI 1033, ACCT 2013 and (ECON 2013 or ECON 2023), all with a grade of $C$ or better. (Typically offered: Fall, Spring and Summer)
MGMT 2103H. Honors Managing People and Organizations. 3 Hours.
Study of the process of acquiring and managing Human Capital, focusing on the organizational behavior, legal, economic, and technical issues concerned with business decisions about acquiring, motivating, and retaining employees; emphasis given to the development, implementation, and assessment of policies and practices consistent with legal, social, human, and environmental dynamics. Corequisite: Walton College students: MATH 2053 or MATH 2554 each with a grade of C or better and honors standing. Prerequisite: Non-business students: BUSI 1033, ACCT 2013 and (ECON 2013 or ECON 2023), all with a grade of $C$ or better and honors standing. (Typically offered: Fall, Spring and Summer)
This course is equivalent to MGMT 2103.

## MGMT 2423. Social Issues, Diversity and Ethics in a Global Business

 Environment. 3 Hours.Ethics, diversity, and culture are significant issues organizations must address within their workforces as they strive for success in a global business environment. Organizations that understand these factors will be better positioned to attract and retain talent, ensure employee and firm success, and foster continued positive contributions to society. In this course, students will explore how organizations can embrace and address critical social issues directly and ethically. Students will leave the course with an enhanced understanding of the incredible diversity of employees in terms of personal characteristics, culture, and beliefs, and with an increased awareness of important tools for enhancing employee and organizational success in today's business climate. Prerequisite: BUSI 1111 with a grade of $C$ or better will only apply to business majors; there are no prerequisites for non-business majors. (Typically offered: Fall and Spring)

## MGMT 3533. Alternative Dispute Resolution. 3 Hours.

This immersion into the divergent forms of conflict/dispute resolution will expose students to the dynamics of one of the leading disciplines in the workplace and society as a whole. Students will be presented with a comprehensive analysis of divergent aspects of conflict resolution strategies such as negotiation, mediation, arbitration, neutral fact finding, settlement conferences, summary trials, conciliation and facilitation. Confrontational negotiating styles and illustrations will be contrasted with topical strategies such as mutual gains. Prerequisite: Junior standing. (Typically offered: Irregular)

## MGMT 3563. Management Concepts and Organizational Behavior. 3 Hours.

Business students may not receive credit for this course. Course introduces students to fundamental concepts of management practice with particular emphasis on managing human behavior in organizations. Addresses the planning, organizing, directing, and controlling functions performed by managers as these functions relate to managing human resources. Provides survey of critical management concepts; enables students to develop analytical and problem solving skills through case studies and experimental exercises. Students may not receive credit for both MGMT 3563 and MGMT 2103. Walton College majors are not eligible to register for the course. No degree credit for Walton College majors. (Typically offered: Irregular)

## MGMT 3653. Creating and Leading a Diverse Workforce. 3 Hours.

Study of the process of creating and leading a diverse workforce, focusing on the knowledge and skills necessary for creating a culture that embraces and makes diversity work; examines the many dimensions of diversity with emphasis on understanding the range of cultural behaviors and expectations, cultural communication, and building diverse work teams. Special attention will be given to developing talent management competencies, such as recruiting, coaching, mentoring, career development, and evaluating and measuring the effects of diversity initiatives. Prerequisite: Junior standing. (Typically offered: Irregular)

## MGMT 4103. Special Topics in Management. 3 Hours.

Explores trends, concepts, and important developments in management as they impact on organizational performance. Topics are selected by the Management Department faculty for each semester the course is offered. (Typically offered: Irregular) May be repeated for degree credit.

## MGMT 4243. Ethics and Corporate Responsibility. 3 Hours.

A comprehensive and critical examination of traditional and current ethical theories and approaches that guide business decision-making, ethical issues that affect business decisions, and ethics related to the various business disciplines. (Typically offered: Fall and Spring)

## MGMT 4253. Leadership. 3 Hours.

This course offers a foundation for understanding and evaluating organizational leadership. It is designed to assist students in developing frameworks for understanding and enacting leadership. This course examines topics such as the nature and foundation of the leader-follower relationship, models that explain effective leadership, and the interface of leadership with gender, ethics, and culture. Prerequisite: MGMT 2103 or MGMT 3563. (Typically offered: Fall and Spring)

MGMT 4263. Organizational Change and Development. 3 Hours.
This course will develop diagnostic and intervention skills that can be applied to identifying and overcoming problems of morale and productivity in organizations. A variety of behavioral methods will be covered. Prerequisite: MGMT 2103 or MGMT 3563. (Typically offered: Fall and Spring)

MGMT 4273. Leading Groups and Teams. 3 Hours.
This course focuses on applying theory and principles of leadership, groups, and teams to develop the knowledge and skills necessary to effectively lead and work in teams. It is designed to help students develop confidence as team leaders by focusing on (1) improving team leadership skills related to factors such as communication, decision-making, and conflict management, and (2) self-reflection of their own personalities, skills, and experiences as important and relevant predictors of their effectiveness as team leaders. Pre- or Corequisite: MGMT 4253. (Typically offered: Fall and Spring)

## MGMT 450V. Independent Study. 1-3 Hour.

Permits students on individual basis to explore selected topics in management. (Typically offered: Irregular) May be repeated for up to 3 hours of degree credit.

## MGMT 4633. Faith, Spirituality, and the Workplace. 3 Hours.

An in-depth and interactive survey of faith and spirituality in the workplace. Provides students with a foundational knowledge of various faith traditions and forms of spirituality, including non-theist perspectives. Highlights the interconnections between faith traditions. Encourages exploration and identification of personal value systems and their origins. Develops skills that enable meaningful interaction with individuals from diverse faith and spiritual backgrounds. Examines the growing body of academic research on faith and spirituality in the workplace. Studies the management challenges and opportunities inherent in developing faith-friendly workplaces. Examines the different ways modern organizations are approaching faith and spirituality in the workplace. Offers perspectives from, and provides the opportunity to engage with, multiple religious, spiritual, and business leaders. Prerequisite: Junior Standing. (Typically offered: Irregular)

MGMT 4943. Talent Acquisition and Management. 3 Hours.
In-depth study of theoretical, legal, methodological, and substantive issues related to selection, performance appraisal, and development of employees. Students participate in individual and group projects designed to provide theoretical and practical skills related to staffing. Prerequisite: BUSI 1033. (Typically offered: Fall and Spring)

## MGMT 4953. Organizational Rewards and Compensation. 3 Hours.

Develops an understanding of reward systems theory and its application to the design of compensation systems. Provides theoretical and legal background and practical applications for the use of reward systems in attracting, motivating, and retaining employees. Prerequisite: BUSI 1033. (Typically offered: Fall and Spring)
MGMT 4963. People Analytics. 3 Hours.
There is a growing demand for data-based decision making in organizations, and Human Resources is no exception. In this course, students will gain an appreciation for the ways in which people data can be used to make more effective Human Resources decisions. Students will gain experience manipulating a data set, performing basic analyses, interpreting results, and make data-driven recommendations, while learning how people analytics fit into advancing larger organizational goals. Distilling and communicating results using visual media is also emphasized. Prerequisite: BUSI 1033. (Typically offered: Fall and Spring)

MGMT 4983. Talent Development. 3 Hours.
A comprehensive approach to developing talent demonstrates an organization's commitment to its employees and facilitates the organization's ability to meet strategic goals. This course focuses on applying the theories and principles of coaching, mentoring, training, and development to cultivate the knowledge and skills necessary to effectively develop talent. It is designed to provide an understanding of how coaching, mentoring, training, and development can be performed in a variety of situations and to demonstrate the relevance of these functions for effective leadership. Key relational and communication skills essential for talent development are emphasized. Prerequisite: MGMT 2103 or MGMT 3563. (Typically offered: Fall and Spring)

## Marketing (MKTG)

Judith Anne Garretson Folse
Department Chair
325 Business Building
479-575-4055
jagfolse@walton.uark.edu (DGauri@walton.uark.edu)
Marketing Department Website (https://walton.uark.edu/departments/ marketing/)

The Department of Marketing offers two majors leading to a Bachelor of Science in Business Administration degree: Marketing and Retail. Requirements for the Marketing major are listed here. Find out more about the major at the Retail page (p. 681).

The major in marketing is designed to prepare students for careers involving product planning, distribution, promotion, and pricing strategies in profit or nonprofit organizations. In addition to a broad overview of the marketing functions within organizations, students are provided with knowledge and skills in consumer behavior, marketing research, and strategic marketing.

Students majoring in marketing are actively subjected to problemsolving situations, both domestic and international, where a variety of contemporary tools are employed to stimulate the strategic decisionmaking process. Supportive disciplines with which the marketer should be familiar include psychology, sociology, accounting, economics, statistics, quantitative analysis, and research methodology.

The marketing major is intended to provide students with broad knowledge and skills in marketing applicable to a wide range of profit and nonprofit organizations.

Requirements for a Major in Marketing: The major in marketing requires 21 hours of major and collateral courses in the discipline as well as satisfying the other requirements for the B.S.B.A. degree. A maximum of 27 hours is allowed in a marketing major or discipline field of study (i.e., core, major, electives) unless the extra courses are part of an interdisciplinary minor or collateral track. See an adviser for selection of courses.
Major Course Requirements

| MKTG 3553 | Consumer Behavior |

## MKTG Elective

Junior Senior Business Elective
Fine Art/Humanities - State Minimum Core
(Satisfies General Education Outcome 3.1 or 3.2) ${ }^{5}$, 6

Year Total:

Total Units in Sequence:
${ }^{1}$ Students have demonstrated successful completion of the learning indicators identified for learning outcome 2.1, by meeting the prerequisites for MATH 2053.
2 Must be completed prior to SEVI 3013.
${ }^{3}$ Must be completed prior to taking any 3000 or 4000 level business course.
${ }^{4}$ The Social Sciences Elective courses which satisfy the General Education Outcomes 3.3 and 4.1, as well as the Social Issues, Multicultural Environment, and Demographic Diversity Requirement include:
ANTH 1023, HIST 1113, HIST 1123, SOCI 2013, SOCI 2013H, or SOCI 2033.
5 The Fine Arts Elective courses which satisfy the General Education Outcome 3.1 include:
ARCH 1003, ARHS 1003, COMM 1003, DANC 1003, LARC 1003, MLIT 1003, MLIT 1003H, MLIT 1013, MLIT 1013H, MLIT 1333, THTR 1003, THTR 1013, or THTR 1013 H .
${ }^{6}$ The Humanities Elective courses which satisfy the General Education Outcome 3.2 include: AAST 2023, ANTH 1033, ARCH 1013, CLST 1003, CLST 1003H, CLST 1013, COMM 1233, DANC 1003, ENGL 1213, GNST 2003, HIST 1113, HIST 1113H, HIST 1123, HIST 1123H, HIST 2003, HIST 2013, HUMN 1124H, HUMN 2213, LALS 2013, MRST 2013, MUSY 2003, MUSY 2003H, PHIL 2003, PHIL 2003C, PHIL 2003H, PHIL 2103, PHIL 2103C, PHIL 2303, THTR 1003, THTR 1013, THTR 1013H, WLIT 1113, WLIT 1123, or intermediate-level world language (usually 2003-level).

## Marketing Minor for Business Students

The Department of Marketing offers a minor for Walton College students desiring more knowledge of marketing to assist them in their careers. The minor requires the completion of 15 hours of study with all of the courses applied toward the minor taken in residence. The 15 hours include the following courses:

| MKTG 3433 | Introduction to Marketing | 3 |
| :--- | :--- | ---: |
| MKTG 3553 | Consumer Behavior | 3 |
| Select three of the following: | 9 |  |
| MKTG 3633 | Marketing Research |  |
| MKTG 3653 | Category Management Topics |  |
| MKTG 4103 | Marketing Topics (may count for a maximum of 3 |  |
|  | hours credit) |  |

student's undergraduate degree. All specific course pre-requisites must be met. Each student must have a 2.00 cumulative grade-point average in the courses offered for the minor. All upper level minor requirements must be taken in residence.

Velliquette, Anne M., Ph.D. (University of Arkansas), M.A.B., B.S.
(Southwest Missouri State University), Clinical Assistant Professor, 2014.
Villanova, Daniel, Ph.D. (Virginia Tech University), B.S.B.A.
(Appalachian State University), Assistant Professor, 2018.

## Courses

MKTG 3013. Retail Internship. 3 Hours.
This experience is designed to give students an internship opportunity to combine their formal academic preparation with an exposure to the retail, consumer products and related industries. Prerequisite: MKTG 3433 with a grade of $C$ or better, completion of the pre-business core, junior standing, and department consent. (Typically offered: Fall, Spring and Summer)

## MKTG 3433. Introduction to Marketing. 3 Hours.

Examines strategies, tactical, and operational decisions related to contemporary marketing activities. Topics covered include product, services and international strategies in consumer and business markets. Prerequisite: For business majors: BUSI 1033, ACCT 2013 and (ECON 2013 or ECON 2023), all with a grade of $C$ or better; For Non-business majors: (BUSI 1033 or STAT 2303) and ((ECON 2013 and ECON 2023) or ECON 2143). (Typically offered: Fall, Spring and Summer)

## MKTG 3433H. Honors Introduction to Marketing. 3 Hours.

Examines strategies, tactical, and operational decisions related to contemporary marketing activities. Topics covered include product, services and international strategies in consumer and business markets. Prerequisite: Honors standing and ((for business majors: BUSI 1033, ACCT 2013 and (ECON 2013 or ECON 2023), all with a grade of C or better); (for non-business majors: (BUSI 1033 or STAT 2303) and ((ECON 2013 and ECON 2023) or ECON 2143)). (Typically offered: Fall, Spring and Summer)
This course is equivalent to MKTG 3433.
MKTG 3553. Consumer Behavior. 3 Hours.
Analyzes consumer motivation, buying behavior, market adjustment, product innovation and adaptation; consumer market measurement, including survey of economic, behavioral science theories of consumer market behavior, producer and intermediary reactions. Consumer decision making is evaluated as to psychological drives, sociological concepts used by producers, channel intermediaries, consumers; considers methods, techniques for measuring consumer behavior, and analyzing consumer markets. Prerequisite: MKTG 3433. (Typically offered: Fall and Spring)
MKTG 3633. Marketing Research. 3 Hours.
Research designs, techniques, and analyses of primary and secondary data for the purposes of (1) developing market forecasts and segmentation analyses; (2) strategy implementation determining product development, pricing, distribution, and promotion decisions; and (3) monitoring customer attitudes, motivations and satisfaction. Prerequisite: MKTG 3433. (Typically offered: Fall, Spring and Summer)

## MKTG 3653. Category Management Topics. 3 Hours.

This course exposes new majors in Marketing and Supply Chain Management to the current thinking of management and supply chain professionals in consumer packaged goods (CPG) and the tools to determine consumer demand in the CPG industry. Pre- or Corequisite: MKTG 3433. Prerequisite: SCMT 2103. (Typically offered: Irregular)

## MKTG 3833. Digital Marketing. 3 Hours.

An exploratory introduction to the tools and tactics used by today's marketers to effectively promote products, brands, and companies in the digital age, with focus on digital content, website design, graphic and video design, digital advertising, social media, search-engine optimization, email marketing, and marketing analytics. Prerequisite: MKTG 3433. (Typically offered: Irregular)

MKTG 4003H. Honors Marketing and Transportation Colloquium. 3 Hours.
Explores events, concepts and/or new developments in the field of Marketing and/or Transportation. Prerequisite: Senior standing, honors standing, and only Marketing majors or minors. (Typically offered: Irregular)
MKTG 4103. Marketing Topics. 3 Hours.
Special topics in marketing not available in other courses. Topics are selected by the Marketing faculty for each semester each course is offered. Prerequisite: MKTG 3433. (Typically offered: Irregular) May be repeated for up to 6 hours of degree credit.

MKTG 4233. Integrated Marketing Communications. 3 Hours.
The theory, knowledge, and application relevant to the coordination of marketing communications including advertising, personal selling, sales promotion, public relations, and publicity. Prerequisite: MKTG 3433. (Typically offered: Fall and Spring)

## MKTG 4343. Selling and Sales Management. 3 Hours.

Examines how organizations and individuals communicate value and obtain desired results through the process of personal selling and customer relationship management, along with the role of sales management in the development of people and resource utilization within the firm. Pre- or Corequisite: MKTG 3433. (Typically offered: Fall and Spring)

MKTG 4353. Advanced Professional Selling. 3 Hours.
Applies best practices of the selling process with hands-on and practical approaches to developing long-term business-to-business and business to customer relationships, communicating value and earning desired long-term results. The usage of role-play, involvement in sales competitions, sales data analytics and utilizing practitioner mentorships are key elements of this class with the goal of having the student be prepared to enter the sales field upon class completion. Prerequisite: MKTG 4343. (Typically offered: Irregular)

## MKTG 4433. Retail Strategy. 3 Hours.

Concentrates on planning to meet the objectives and satisfy the retail marketing concept. Attention is devoted to retail format, competition among retail institutions, determination of store location, merchandise lines, atmospherics, and levels of customer service provided with the sale of consumer products. Prerequisite: MKTG 3433. (Typically offered: Fall and Spring)

## MKTG 4443. Retail Buying and Merchandise. 3 Hours.

Examination of supplier and buyer responsibilities and decisions associated with product assortment depth, budgets, promotions, inventory investment and control, and gross margin management for consumer goods including apparel, food, and durables. Prerequisite: MKTG 3433. (Typically offered: Fall and Spring)

## MKTG 4453. New Product Development. 3 Hours.

The course is structured along the three main dimensions of new product development: designing, manufacturing, and marketing of new products. An analytical approach is taken consistent with current thinking and practice of the industry. Students learn the best approaches from a marketing manager's perspective to effectively manage the NPD process. Prerequisite: MKTG 3433. (Typically offered: Fall)

## MKTG 450V. Independent Study. 1-3 Hour.

The Marketing Independent Study course permits students on an individual basis to explore select topics in Marketing and Retail. Independent study projects will explore topics relevant for marketing and retail that typically are not covered in the existing curriculum. Prerequisite: Junior standing. (Typically offered: Irregular)

## MKTG 4513. Nonprofit Marketing. 3 Hours.

This course is designed to give students a deeper understanding of marketing in the nonprofit sector, how it functions and how nonprofit marketing differs from traditional for profit marketing through leadership opportunities. Students will work with local nonprofits on various marketing projects throughout the semester. The class will use a service learning model of instruction where students take a leadership role in project development and execution. Prerequisite: MKTG 3433. (Typically offered: Fall and Spring)

MKTG 4633. Global Marketing. 3 Hours.
Examines differences in global environment; how cultural considerations, political, legal, and economic conditions affect market entry strategies and marketing mix decisions; development of marketing plan for global environments. Prerequisite: MKTG 3433. (Typically offered: Fall and Spring)

MKTG 4733. Social Media and Marketing. 3 Hours.
Social media and marketing will explore different strategies to develop and execute a successful social media plan for various businesses. The class will also teach students how to create engaging content, manage social media accounts, track social media metrics, and leverage social media advertising to reach their target audience. Students will also learn about the different social media platforms and how to choose the right ones for various businesses. By the end of the course, students will have a comprehensive understanding of social media marketing and the tools and techniques to build and manage a strong social media presence for businesses. Prerequisite: MKTG 3433. (Typically offered: Fall and Spring)

MKTG 4853. Marketing Management. 3 Hours.
Strategic planning and management of the marketing function within the firm from a managerial viewpoint. Focus on the development and management of marketing strategies and tactics related to product, pricing, promotion, and distribution decisions. Prerequisite: MKTG 3633 and MKTG 3553. (Typically offered: Fall and Spring)

## MKTG 4933. Search Marketing. 3 Hours.

A thorough examination of prevalent strategies, tactics, and tools used by today's marketers to generate qualified search traffic for their websites, content, ecommerce pages, and other digital properties. With a focus on the most powerful search and e-commerce platforms today, including Google, YouTube, Amazon, and Walmart.com, this course will demonstrate how effective content creation, search engine optimization (SEO), and search engine marketing (i.e., paid search) can help marketers accrue traffic, capture leads, drive sales, and grow a business. Prerequisite: MKTG 3433. (Typically offered: Fall and Spring)

## Organizational Management and Leadership (OMGL)

John Delery<br>Department Chair<br>402 Business Building<br>479-575-3266

Management Department Website (https://walton.uark.edu/departments/ management/)

The major in Organizational Management and Leadership leads to a B.S.B.A. and prepares students for leadership positions within organizations. Among the topics explored are employee motivation, how to manage power and influence within organizations, communication, developing and leading effective teams, managing diversity, organizational transformation and change, and globalization.

## Requirements for B.S.B.A. in Organizational Management and Leadership

Organizational Management and Leadership Major Requirements: All Organizational Management and Leadership majors must complete the following 6 hours of coursework: MGMT 4253, MGMT 4273. Students must also complete at least 6 hours of coursework from the following: MGMT 3653, MGMT 4983, and MGMT 4243. An additional 12 hours of credit are required from specified management and non-management courses in order to complete the requirements for the major.

The major in Organizational Management and Leadership requires 24 hours of major and collateral courses in the discipline as well as satisfying the other requirements for the B.S.B.A. degree. A maximum of 27 hours is allowed in a management major or discipline field of study (i.e., core, major, electives) unless the extra courses are part of an interdisciplinary minor or collateral track. See an adviser for selection of courses.

## Retail (RETL)

Judith Anne Garretson Folse Marketing Department Chair 325 Business Building
jagfolse@walton.uark.edu
The Department of Marketing offers a retail major that leads to a B.S.B.A. degree. The department also offers a marketing major (http://catalog.uark.edu/undergraduatecatalog/collegesandschools/ sammwaltoncollegeofbusiness/marketingmktg/).

The major in retail is designed to prepare students for careers in retailing or in companies that manufacture, sell, and distribute consumer goods to retailers. In addition to a broad view of the business and retail environments students can select to concentrate their retail studies in accounting, economics, finance, information systems, international retail, management, marketing, or supply chain management. A general retail concentration is also available.

## Retail Major Requirements

The retail major requires 24 hours of major courses in the discipline as well as satisfying the other requirements for the B.S.B.A. degree. A maximum of 27 hours is allowed in a retail major or discipline field of study (i.e., core, major, electives) unless the extra courses are part of an
interdisciplinary minor or collateral track. See an adviser for selection of courses.

(Southwest Missouri State University), Clinical Assistant Professor, 2014.
Villanova, Daniel, Ph.D. (Virginia Tech University), B.S.B.A.
(Appalachian State University), Assistant Professor, 2018.

## Courses

## MKTG 3013. Retail Internship. 3 Hours.

This experience is designed to give students an internship opportunity to combine their formal academic preparation with an exposure to the retail, consumer products and related industries. Prerequisite: MKTG 3433 with a grade of C or better, completion of the pre-business core, junior standing, and department consent. (Typically offered: Fall, Spring and Summer)

## MKTG 3433. Introduction to Marketing. 3 Hours.

Examines strategies, tactical, and operational decisions related to contemporary marketing activities. Topics covered include product, services and international strategies in consumer and business markets. Prerequisite: For business majors: BUSI 1033, ACCT 2013 and (ECON 2013 or ECON 2023), all with a grade of $C$ or better; For Non-business majors: (BUSI 1033 or STAT 2303) and ((ECON 2013 and ECON 2023) or ECON 2143). (Typically offered: Fall, Spring and Summer)

## MKTG 3433H. Honors Introduction to Marketing. 3 Hours.

Examines strategies, tactical, and operational decisions related to contemporary marketing activities. Topics covered include product, services and international strategies in consumer and business markets. Prerequisite: Honors standing and ((for business majors: BUSI 1033, ACCT 2013 and (ECON 2013 or ECON 2023), all with a grade of C or better); (for non-business majors: (BUSI 1033 or STAT 2303) and ((ECON 2013 and ECON 2023) or ECON 2143)). (Typically offered: Fall, Spring and Summer)
This course is equivalent to MKTG 3433.

## MKTG 3553. Consumer Behavior. 3 Hours.

Analyzes consumer motivation, buying behavior, market adjustment, product innovation and adaptation; consumer market measurement, including survey of economic, behavioral science theories of consumer market behavior, producer and intermediary reactions. Consumer decision making is evaluated as to psychological drives, sociological concepts used by producers, channel intermediaries, consumers; considers methods, techniques for measuring consumer behavior, and analyzing consumer markets. Prerequisite: MKTG 3433. (Typically offered: Fall and Spring)

## MKTG 3633. Marketing Research. 3 Hours.

Research designs, techniques, and analyses of primary and secondary data for the purposes of (1) developing market forecasts and segmentation analyses; (2) strategy implementation determining product development, pricing, distribution, and promotion decisions; and (3) monitoring customer attitudes, motivations and satisfaction. Prerequisite: MKTG 3433. (Typically offered: Fall, Spring and Summer)

## MKTG 3653. Category Management Topics. 3 Hours.

This course exposes new majors in Marketing and Supply Chain Management to the current thinking of management and supply chain professionals in consumer packaged goods (CPG) and the tools to determine consumer demand in the CPG industry. Pre- or Corequisite: MKTG 3433. Prerequisite: SCMT 2103. (Typically offered: Irregular)

MKTG 3833. Digital Marketing. 3 Hours.
An exploratory introduction to the tools and tactics used by today's marketers to effectively promote products, brands, and companies in the digital age, with focus on digital content, website design, graphic and video design, digital advertising, social media, search-engine optimization, email marketing, and marketing analytics. Prerequisite: MKTG 3433. (Typically offered: Irregular)

MKTG 4003H. Honors Marketing and Transportation Colloquium. 3 Hours.
Explores events, concepts and/or new developments in the field of Marketing and/or Transportation. Prerequisite: Senior standing, honors standing, and only Marketing majors or minors. (Typically offered: Irregular)

## MKTG 4103. Marketing Topics. 3 Hours.

Special topics in marketing not available in other courses. Topics are selected by the Marketing faculty for each semester each course is offered. Prerequisite: MKTG 3433. (Typically offered: Irregular) May be repeated for up to 6 hours of degree credit.

## MKTG 4233. Integrated Marketing Communications. 3 Hours.

The theory, knowledge, and application relevant to the coordination of marketing communications including advertising, personal selling, sales promotion, public relations, and publicity. Prerequisite: MKTG 3433. (Typically offered: Fall and Spring)

## MKTG 4343. Selling and Sales Management. 3 Hours.

Examines how organizations and individuals communicate value and obtain desired results through the process of personal selling and customer relationship management, along with the role of sales management in the development of people and resource utilization within the firm. Pre- or Corequisite: MKTG 3433. (Typically offered: Fall and Spring)

MKTG 4353. Advanced Professional Selling. 3 Hours.
Applies best practices of the selling process with hands-on and practical approaches to developing long-term business-to-business and business to customer relationships, communicating value and earning desired long-term results. The usage of role-play, involvement in sales competitions, sales data analytics and utilizing practitioner mentorships are key elements of this class with the goal of having the student be prepared to enter the sales field upon class completion.
Prerequisite: MKTG 4343. (Typically offered: Irregular)

## MKTG 4433. Retail Strategy. 3 Hours.

Concentrates on planning to meet the objectives and satisfy the retail marketing concept. Attention is devoted to retail format, competition among retail institutions, determination of store location, merchandise lines, atmospherics, and levels of customer service provided with the sale of consumer products. Prerequisite: MKTG 3433. (Typically offered: Fall and Spring)

MKTG 4443. Retail Buying and Merchandise. 3 Hours.
Examination of supplier and buyer responsibilities and decisions associated with product assortment depth, budgets, promotions, inventory investment and control, and gross margin management for consumer goods including apparel, food, and durables. Prerequisite: MKTG 3433. (Typically offered: Fall and Spring)

## MKTG 4453. New Product Development. 3 Hours.

The course is structured along the three main dimensions of new product development: designing, manufacturing, and marketing of new products. An analytical approach is taken consistent with current thinking and practice of the industry. Students learn the best approaches from a marketing manager's perspective to effectively manage the NPD process. Prerequisite: MKTG 3433. (Typically offered: Fall)

## MKTG 450V. Independent Study. 1-3 Hour.

The Marketing Independent Study course permits students on an individual basis to explore select topics in Marketing and Retail. Independent study projects will explore topics relevant for marketing and retail that typically are not covered in the existing curriculum. Prerequisite: Junior standing. (Typically offered: Irregular)

## MKTG 4513. Nonprofit Marketing. 3 Hours.

This course is designed to give students a deeper understanding of marketing in the nonprofit sector, how it functions and how nonprofit marketing differs from traditional for profit marketing through leadership opportunities. Students will work with local nonprofits on various marketing projects throughout the semester. The class will use a service learning model of instruction where students take a leadership role in project development and execution. Prerequisite: MKTG 3433. (Typically offered: Fall and Spring)

## MKTG 4633. Global Marketing. 3 Hours.

Examines differences in global environment; how cultural considerations, political, legal, and economic conditions affect market entry strategies and marketing mix decisions; development of marketing plan for global environments. Prerequisite: MKTG 3433. (Typically offered: Fall and Spring)

MKTG 4733. Social Media and Marketing. 3 Hours.
Social media and marketing will explore different strategies to develop and execute a successful social media plan for various businesses. The class will also teach students how to create engaging content, manage social media accounts, track social media metrics, and leverage social media advertising to reach their target audience. Students will also learn about the different social media platforms and how to choose the right ones for various businesses. By the end of the course, students will have a comprehensive understanding of social media marketing and the tools and techniques to build and manage a strong social media presence for businesses. Prerequisite: MKTG 3433. (Typically offered: Fall and Spring)

## MKTG 4853. Marketing Management. 3 Hours.

Strategic planning and management of the marketing function within the firm from a managerial viewpoint. Focus on the development and management of marketing strategies and tactics related to product, pricing, promotion, and distribution decisions. Prerequisite: MKTG 3633 and MKTG 3553. (Typically offered: Fall and Spring)

## MKTG 4933. Search Marketing. 3 Hours.

A thorough examination of prevalent strategies, tactics, and tools used by today's marketers to generate qualified search traffic for their websites, content, ecommerce pages, and other digital properties. With a focus on the most powerful search and e-commerce platforms today, including Google, YouTube, Amazon, and Walmart.com, this course will demonstrate how effective content creation, search engine optimization (SEO), and search engine marketing (i.e., paid search) can help marketers accrue traffic, capture leads, drive sales, and grow a business. Prerequisite: MKTG 3433. (Typically offered: Fall and Spring)

## Strategy, Entrepreneurship and Venture Innovation (SEVI)

Jason Ridge
Department Chair
515 Willard J. Walker Hall
jridge@walton.uark.edu
The Department of Strategy, Entrepreneurship and Venture Innovation offers undergraduate, master's, and doctoral programs for students who are interested in starting their own business or nonprofit organization or who are interested in developing innovation and creativity skills valuable to existing organizations.

The department offers a major in Innovation and Entrepreneurship. The major is most pertinent for students aiming to manage a small business or who have a clear idea for a venture they would like to create.

## Requirements for B.S.B.A. in Innovation and Entrepreneurship

 Innovation and Entrepreneurship MajorThe Innovation and Entrepreneurship major is aimed at Walton College Students who intend to start new for-profit, non-profit or for-benefit ventures, manage and grow small businesses, or enter the workforce with an entrepreneurial mindset and skills in innovation and technology commercialization.

The major requires 24 hours in addition to satisfying the other requirements for the B.S.B.A. degree. A maximum of 27 hours is allowed in a Strategy, Entrepreneurship and Venture Innovation (i.e. core, major, electives) unless the courses are part of an interdisciplinary minor or collateral track.

${ }^{1}$ Students have demonstrated successful completion of the learning indicators identified for learning outcome 2.1, by meeting the prerequisites for MATH 2053.
2 Must be completed prior to SEVI 3013 (http://catalog.uark.edu/search/? P=MGMT\%203013).
${ }^{3}$ Must be completed prior to taking any 3000 or 4000 level business courses.
${ }^{4}$ The Social Sciences Elective courses which satisfy General Education Outcomes 3.3 and 4.1, as well as the Social Issues, Multicultural Environment, and Demographic Diversity Requirement include: ANTH 1023, HIST 1113, HIST 1123, SOCI 2013, SOCI 2013H, or SOCI 2033.
${ }^{5}$ The Fine Arts Elective courses which satisfy the General Education Outcome for 3.1 include: ARCH 1003, ARHS 1003, COMM 1003, DANC 1003, LARC 1003, MLIT 1003, MLIT 1003H, MLIT 1013, MLIT 1013H, MLIT 1333, THTR 1003, THTR 1013, or THTR 1013H.
${ }^{6}$ The Humanities Elective courses which satisfy General Education Outcome 3.2 include:
AAST 2023, ANTH 1033, ARCH 1013, CLST 1003, CLST 1003H, CLST 1013, COMM 1233, DANC 1003, ENGL 1213, ENGL 2023, GNST 2003, HIST 1113, HIST 1113H, HIST 1123, HIST 1123H, HIST 2003, HIST 2013, HUMN 1124H, HUMN 2213, LALS 2013, MRST 2013, MUSY 2003, MUSY 2003H, PHIL 2003, PHIL 2003C, PHIL 2003H, PHIL 2103, PHIL 2103C, PHIL 2303, THTR 1003, THTR 1013, THTR 1013H, WLIT 1113, WLIT 1123, or Intermediatelevel world language (usually 2003-level).

## Minor in Innovation and Entrepreneurship for Business Majors

The Department of Strategy, Entrepreneurship and Venture Innovation offers a minor for Walton College students desiring more knowledge of innovation and entrepreneurship to assist them in their business careers. The minor requires the completion of 15 specific hours of study with all of the upper division courses applied toward the minor taken in residence. The 15 hours include the following courses:

Required course

| SEVI 2013 | Introduction to Venture and Value Creation | 3 |
| :--- | :--- | :--- |
| Choose one of the following Thematic Core courses: | 3 |  |
| SEVI 3233 | Corporate Innovation |  |
| SEVI 3673 | Social Entrepreneurship |  |
| SEVI 3933 | Entrepreneurship and New Venture Development |  |
| SEVI 4433 | Small Enterprise Management |  |

Choose three of the following courses:

## SEVI 3673 Social Entrepreneurship

SEVI 3933 Entrepreneurship and New Venture Development
SEVI 4433 Small Enterprise Management
SEVI 3233 Corporate Innovation *
MGMT 4103 Special Topics in Management
SEVI 4543 Students Acquiring Knowledge Through Enterprise (S.A.K.E.) Product Innovation Lab

SEVI 4003H Honors Strategy, Innovation and Entrepreneurship Colloquium
MGMT 4253 Leadership
MGMT 4263 Organizational Change and Development

| SEVI 4583 | International Management |
| :--- | :--- |
| MGMT 4943 | Talent Acquisition and Management |
| MGMT 4953 | Organizational Rewards and Compensation |
| SEVI 4993 | Entrepreneurship Practicum |
| * students may choose if not otherwise used toward the Thematic |  |
| Core course option |  |

Total Hours
Students who desire to earn an Innovation and Entrepreneurship minor must notify the Walton College Undergraduate Programs Office of intent to pursue a minor. All requirements for the minor must be completed prior to the awarding of the student's undergraduate degree. All specific course prerequisites must be met. Each student must have a 2.00 cumulative grade-point average in the courses offered for the minor. All upper level minor requirements must be taken in residence.

## Entrepreneurship Undergraduate Microcertificate

The Entrepreneurship Undergraduate Microcertificate will teach students the core tools necessary to start a new business venture, allowing them to learn the process by the practical building of their own new venture. The program aims to equip students with the knowledge, skills, and abilities to improve the probability of commercial success for an innovative new product and service of their choosing. The CiE program will consist of three 3-hour courses taken over the timeframe of at least two semesters.

The curriculum will cover the core principles of the Lean Canvas methodology and the use of Customer Discovery and other forms of research to validate the magnitude of the problem, determine the most likely solution for success and develop the business and financial models in preparation for investment. Students will bring problems they want to solve to these classes with the goal to vet potential solutions and prepare business models for presentation to investors, either through collegiatebased business pitch competitions or other means.

Required Courses

| SEVI 3303 | Startup Toolkit |
| :--- | :--- |
| SEVI 4303 | Venture Builders |

Electives--select any course from the following 3
SEVI 3673 Social Entrepreneurship
SEVI 4433 Small Enterprise Management
SEVI 4543 Students Acquiring Knowledge Through Enterprise (S.A.K.E.) Product Innovation Lab

SEVI 4583 International Management
SEVI 4993 Entrepreneurship Practicum
MGMT 4253 Leadership
Total Hours

## Microcertificate in Organizational Innovation

The Organizational Innovation Undergraduate MicroCertificate is designed to help further develop organizational innovation leaders through an undergraduate practicum-based program in organization innovation. The Undergraduate MicroCertificate will leverage the programs of the McMillon Innovation Studio. The Organizational Innovation Undergraduate MicroCertificate requires 9 hours of coursework to complete.

Organizational Innovation Undergraduate MicroCertificate Requirements:

The Organizational Innovation Undergraduate MicroCertificate requires 9 credit hours that may also be used to fulfill the requirements for an undergraduate degree. The specific requirements are listed below, See an adviser for course selection.

## Required Courses

SEVI 3233 Corporate Innovation
SEVI 4233 Corporate Innovation II
Select one of the following:
BUSI 330V Walton College Study Abroad
SEVI 310V Entrepreneurship Internship
Total Hours
9
Note: BUSI 330V credit allowed with Program Director approval only.

## Outdoor Products and Services Undergraduate Microcertificate

The Outdoor Products and Services Undergraduate Microcertificate is designed to provide students interested in pursuing careers or starting businesses in the outdoor products and services industries with the necessary background to be successful in these growing areas. The undergraduate microcertificate will provide specific instruction on such topics as the economics, culture, health benefits, infrastructure requirements, workforce diversity needs and ethical aspects of developing and managing appropriate products and services in the outdoor industries.

## Outdoor Products and Services Undergraduate Microcertificate Requirements:

The Outdoor Products and Services Undergraduate Microcertificate requires nine credit hours that may also be used to fulfill the requirements for an undergraduate degree. The specific requirements are listed below. See an advisor for course selection.

| Required Class |  |  |
| :--- | :--- | :--- |
| SEVI 2073 | Introduction to Outdoor Recreation Industries | 3 |
| Elective Courses: select two | 6 |  |
| SEVI 4703 | Outdoor Industries Capstone Experience |  |
| SEVI 4713 | Outdoor Industries Product Innovation Studio |  |
| SEVI 3673 | Social Entrepreneurship ${ }^{1}$ |  |
| SEVI 3933 | Entrepreneurship and New Venture Development ${ }^{1}$ |  |
| BUSI 330V | Walton College Study Abroad ${ }^{2}$ |  |
| SEVI 310V | Entrepreneurship Internship ${ }^{2}$ |  |

## Total Hours

${ }^{1}$ For SEVI 3673 and SEVI 3933 Outdoor Industries, program director approval is required.
${ }^{2}$ For BUSI 330V and SEVI 310V Outdoor Industries, program director approval is required.

## Undergraduate Microcertificate in Social Innovation

The Social Innovation Undergraduate Microcertificate is designed to provide students with a grounding in social entrepreneurship both as a social movement as well as an alternative to traditional business approaches. The Undergraduate Microcertificate will provide students with hands-on experience in learning about developing their own social venture from idea to pitch and it will enable them to determine the
viability, sustainability and scalability of their ideas. The Undergraduate Microcertificate also allows for opportunities to learn about social innovation strategies and techniques for consulting with social enterprises.

## Social Innovation Undergraduate Microcertificate

The Social Innovation Undergraduate Microcertificate requires nine credit hours that may be used to fulfill the requirements for an undergraduate degree. The specific requirements are listed below. See an adviser for course selection.

| Required Courses | - Select one or two of the following: | 3-6 |
| :---: | :---: | :---: |
| SEVI 3033 | Social Innovation Strategies |  |
| SEVI 3673 | Social Entrepreneurship |  |
| Elective Courses - Select one or two of the following: |  | 3-6 |
| BUSI 3003H | Honors College Colloquium ${ }^{1}$ |  |
| BUSI 330V | Walton College Study Abroad ${ }^{1}$ |  |
| SEVI 310V | Entrepreneurship Internship |  |
| SEVI 4333 | Biomedical Innovations for Global Impact |  |
| Total Hours |  | 9 |

${ }^{1}$ BUSI 3003 H credit is only for the Consulting for Social \& Environmental Impact Colloquium and BUSI 330 V credit only allowed for specified study abroad classes.

## Faculty

Callander, Adrienne, M.F.A. (Rutgers University), P.Bacc. (Maryland Institute College of Art), B.A. (Reed College), Clinical Assistant Professor, 2017.

Chen, Diana, Ph.D., M.S. (University of Arkansas), B.S. (Colorado State University), Lecturer, 2020.
Cummings, Michael, Ph.D. (University of Minnesota), J.D. and M.P.A. (Brigham Young University), B.S. (Utah Valley), Assistant Professor, 2017.

Cummings, Shaughan, J.D., M.P.A., B.A. (Brigham Young University), Teaching Assistant Professor, 2018.
Ellstrand, Alan E., Ph.D. (Indiana University at Bloomington), M.B.A. (North Illinois University), B.S. (University of Illinois-Urbana), Professor, 2000, 2002.
Garcia Contreras, Rogelio, Ph.D., M.A. (University of Denver), B.A. (Universidad Nacional Autonoma de Mexico), Teaching Assistant Professor, 2015.
Goforth, Sarah, M.A. (University of Wisconsin-Madison), B.A. (Hendrix College), Instructor, 2017.
Grandy, Jake, Ph.D. (University of Southern California), M.A. (University of New Mexico), B.S. (University of British Columbia), Assistant Professor, 2020.

Johnson, Jon, Ph.D. (Indiana University at Bloomington), M.B.A., B.S. (University of Arkansas), Professor, Walton College Professorship in Sustainability, 1996, 2007.
Osborne, Cara, M.S., Sc.D. (Harvard University), M.S.N. (Vanderbilt University), B.A. (Transylvania University), Assistant Professor of Practice, 2020.
Petrenko, Oleg, Ph.D. (Oklahoma State University), M.B.A., B.S.B.A. (University of Central Oklahoma), Assistant Professor, 2020.
Reeves, Carol, Ph.D. (University of Georgia), M.A. (University of South Carolina), B.S. (Georgia Southern College), Professor, Cecil and Gwendolyn Cupp Applied Professorship in Entrepreneurship, 1990, 2012.

Ridge, Jason, Ph.D., M.A., B.A. (Oklahoma State University), Associate Professor, 2015, 2017.
Worrell, Dan, Ph.D., M.S., B.S. (Louisiana State University), Professor, Corporate Responsibility Professorship in Management, 2005.
Zweig, Mark, M.B.A., B.S. (Southern Illinois University at Carbondale), Executive in Residence, 2005.

## Accounting (ACCT)

Jonathan Shipman
Department Chair
461 Business Building
479-575-6803
Accounting Department Website (https://walton.uark.edu/departments/ accounting/)

The mission of the William T. Dillard Department of Accounting is to cultivate an environment of educational excellence. We do so by pursuing the following endeavors:

- Providing a learning environment in which students interact with others to identify and solve accounting and business problems.
- Developing and disseminating knowledge that has the potential for significant impact on accounting, business, and education.
- Interacting with the accounting profession, the business and academic communities, and the community at large.

The Department of Accounting offers an undergraduate degree program in accounting and graduate programs at both the master's and doctoral levels. The department's programs are accredited by the AACSB - The International Association for Management Education, which ensures quality and promotes excellence and continuous improvement in undergraduate and graduate education. In addition, the accounting department offers courses in Business Law.

The objective of the B.S.B.A. accounting curriculum is to provide students with a broad overall education, solid grounding in the common body of knowledge of business administration, and exposure to accounting in sufficient depth to help them achieve entry-level competence for pursuit of a career in industry. The department also offers a five-year integrated program approach to receive the Master of Accountancy degree, which leads to the simultaneous award of the B.S.B.A. and the Master of Accountancy degrees. The integrated program is designed for students who wish to concentrate in accounting and obtain education in an accounting specialization. The objective of the integrated program is to provide students with advanced knowledge of accounting and business topics in order to obtain an accelerated position in accounting or help them launch a career in public accounting. Those students who are not accepted into the integrated program or choose not to enroll in the integrated program will be allowed to graduate with a B.S.B.A. upon successful completion of the B.S.B.A. degree requirements and Accounting Major Requirements.

Students may elect to pursue the B.S.B.A. in Accounting or a Minor in Accounting in an online format. Students must apply to the University of Arkansas, Office of Admissions for consideration to enroll in the B.S.B.A. and indicate their interest in the online program on the admissions application. Students are required to submit official transcripts (either high school or college transcripts or both), and an application fee. Students interested in pursuing a minor must notify the Walton College Undergraduate Programs Office.

## Accounting Major Requirements

| Course Requirements in the Major (27 hours) |  |  |
| :--- | :--- | :--- |
| ACCT 3533 | Accounting Technology | 3 |
| ACCT 3543 | Accounting Analytics | 3 |
| ACCT 3723 | Intermediate Accounting I | 3 |
| ACCT 3753 | Intermediate Accounting II | 3 |
| ACCT 3843 | Fundamentals of Taxation I | 3 |
| ACCT 4203 | Fundamentals of Taxation II | 3 |
| ACCT 4673 | Product, Project and Service Costing | 3 |
| ACCT 4703 | Governmental/Nonprofit Accounting | 3 |
| ACCT 4963 | Audit and Assurance Services | 3 |

Maximum of 30 hours of ACCT courses in department (core, major, elective). More than 30 hours allowed if the extra courses are part of interdisciplinary minor or collateral track.

## Total Hours

## Junior/Senior Business Electives (9 hours)

Selection of electives should be made in consultation with academic advisors.

The following courses are highly recommended to satisfy the junior/senior business elective requirement if not used toward the major: ACCT 310V, ACCT 310 VH , ACCT 3543, ACCT 410V, ACCT 4003H, FINN 3013, FINN 3103, ACCT 4123H, ISYS 4213 or any 3-hour Walton College Study Abroad Course. Students in the online program are encouraged to complete ACCT 310V, FINN 3013, ISYS 4213, or any 3-hour Walton College Study Abroad Course.

Maximum of 30 hours of ACCT courses in department (core, major, elective). More than 30 hours allowed if the extra courses are part of interdisciplinary minor or collateral track.

Accounting Students are encouraged to utilize ACCT 310V in the Spring of Year 4 for Internship Credit as a business elective (in combination with compressed sections of ACCT 4673 and ACCT 4963). To do so requires the student to defer 3 credit hours of General Education electives to an alternative Fall, Spring, or Summer semester. This also strengthens the ability of the student to transition into the Master of Accounting Program.

## Accounting B.S.B.A. Eight-Semester Degree Program:

Students wishing to follow the eight-semester degree plan should see the Eight Semester Degree Policy (p. 67) in the Academic Regulations chapter for university requirements of the program.

Courses in BOLD must be taken in the designated semester. Although other courses listed are not required to be completed in the designated sequence, the recommendations below are preferred.

| First Year | Fall | Units <br> Spring |
| :--- | ---: | ---: |
| ENGL 1013 Composition I (ACTS Equivalency | 3 |  |

Total Units in Sequence:
${ }^{1}$ Students have demonstrated successful completion of the learning indicators identified for learning outcome 2.1, by meeting the prerequisites for MATH 2053 or MATH 2554.
${ }^{2}$ Must be completed prior to SEVI 3013.
${ }^{3}$ Must be completed prior to taking any 3000 or 4000 level business courses.
${ }^{4}$ The Social Sciences Elective courses that satisfy General Education Outcomes 3.3 and 4.1, as well as the Social Issues, Multicultural Environment, and Demographic Diversity requirement, include: ANTH 1023, HIST 1113, HIST 1113H, HIST 1123, HIST 1123H, SOCI 2013, SOCI 2013H, or SOCI 2033.
5 The Fine Arts Elective courses that satisfy General Education Outcome 3.1 include: ARCH 1003, ARHS 1003, COMM 1003, DANC 1003, LARC 1003, MLIT 1003, MLIT 1003H, MLIT 1013, MLIT 1013H, MLIT 1333, THTR 1003, THTR 1013, or THTR 1013H.
6 The Humanities Elective courses that satisfy General Education Outcome 3.2 include: AAST 2023, ANTH 1033, ARCH 1013, CLST 1003, CLST 1003H, CLST 1013, COMM 1233, DANC 1003,

ENGL 1213, GNST 2003, HIST 1113, HIST 1113H, HIST 1123, HIST 1123H, HIST 2003, HIST 2013, HUMN 1124H, HUMN 2213, LALS 2013, MRST 2013, MUSY 2003, MUSY 2003H, PHIL 2003, PHIL 2003C, PHIL 2003H, PHIL 2103, PHIL 2103C, PHIL 2303, THTR 1003, THTR 1013, THTR 1013H, WLIT 1113, WLIT 1123, or Intermediate-level world language (usually 2003-level).

## Accounting Minor for Business Students

The Department of Accounting offers a minor for Walton College students desiring more knowledge of accounting to assist them in their business careers. The minor requires the completion of 15 specific hours of study with all of the upper division courses applied toward the minor taken in residence. The 15 hours include the following courses:

| ACCT 3723 | Intermediate Accounting I | 3 |
| :--- | :--- | :--- |
| ACCT 3753 | Intermediate Accounting II | 3 |
| ACCT 3843 | Fundamentals of Taxation I | 3 |
| Choose two of the following three courses: | 6 |  |
| ACCT 3533 | Accounting Technology |  |
| ACCT 4673 | Product, Project and Service Costing |  |
| ACCT 4963 | Audit and Assurance Services |  |

## Total Hours

Students who desire to earn an Accounting minor must notify the Walton College Undergraduate Programs Office of intent to pursue a minor. All requirements for the minor must be completed prior to the awarding of the student's undergraduate degree. All specific course prerequisites must be met. Each student must have a 2.00 cumulative grade-point average in the courses offered for the minor. All upper level minor requirements must be taken in residence.

## Admission

Students are admitted to the integrated program according to the following requirements. Admission is granted only for the fall semester; Feb. 15 of the Junior year is the application deadline for those who wish to begin the integrated program the following fall. Students interested in this program must have completed 90 credit hours of study towards the baccalaureate degree (including ACCT 2013, ACCT 3723 and ACCT 3843) by the Feb. 15 deadline.

Acceptance into the integrated program is based upon the discretion of the admissions committee. The committee considers the overall quality of the applications, including the overall grade point average and the grades in ACCT 2013, ACCT 3723 and ACCT 3843. In addition, they are expected to have already mastered basic accounting concepts or, demonstrated, with and official, Graduate Management Admission Test (GMAT) score, as well as other relevant examples of academic ability and leadership. To receive serious consideration by the admissions committee, a student should have a minimum GPA of 3.0 within the applicant's overall university and accounting coursework. Due to the demand for seats in the program, the admissions committee selectively restricts admission into the program based upon the availability of instructional resources. Students must complete at least two long-session semesters in residence in the Master of Professional Accounting or Master of Accountancy program.

Transfer students will be handled on a case-by-case basis.

## Satisfactory Progress

Students are expected to make continuous progress toward the degree by completing required accounting coursework each semester. Students who fail to meet the requirements for the M.P.Ac. or M.Acc. program must choose another major of study or finalize their B.S.B.A. in Accounting. Students will be notified before this action is taken and should meet with an academic advisor in the Undergraduate Programs Office upon notification.

## Probation

A student is placed on probation if his or her grade point average in core undergraduate accounting courses falls below 3.00. Except with the consent of the M.Acc./M.P.Ac. Program Director a student on probation may not take graduate accounting courses.

## Graduation

To receive an integrated B.S.B.A/M.Acc./M.P.Ac. degree, a student must have a grade point average of at least 3.00 in all coursework taken as part of the minimum 30-hour M.Acc. or M.P.Ac. degree. He or she must also have a grade point average in graduate accounting coursework of at least 3.00 .

## Degree Requirements

The requirements of B.S.B.A./M.Acc./M.P.Ac. Integrated program are:

## 1. Undergraduate coursework

a. Complete the B.S.B.A. degree requirements and Accounting Major Requirements detailed above.
b. Students are strongly encouraged, but not required, to participate in an accounting internship, ACCT 310V, ACCT 310VH, or ACCT 535V.
2. Graduate coursework

Students with appropriate backgrounds in business administration and economics and with an undergraduate concentration in accounting will be required to complete 30 semester hours of course work beyond the baccalaureate degree, at least 21 semester hours of which must be in courses reserved exclusively for graduate students..

All students must be enrolled for a minimum of 9 hours during consecutive fall/spring semesters during their graduate year. The student must be in residence a minimum of 24 weeks (see residency requirements of the Master of Arts/Master of Science).

Students must complete the specified graduate coursework of the M.Acc. or M.P.Ac. degrees as described in the Graduate Catalog.

The M.Acc./M.P.Ac. degree programs do not require a thesis. Successful completion of the integrated B.S.B.A/M.Acc./M.P.Ac. program from the University of Arkansas will qualify a student to take relevant professional examinations.

For further information, write to the M.Acc./M.P.Ac. Adviser, Department of Accounting, Walton College of Business, University of Arkansas, Fayetteville, AR 72701 or contact the Graduate School of Business at gsb@walton.uark.edu.

Rawson, Caleb, Ph.D. (University of Colorado at Boulder), B.S. (Colorado Christian University), Assistant Professor, 2018.
Raymundo, Fellipe, Ph.D. (University of Tennessee, University of Arkansas), M.A. (University of Arkansas), B.A. (Ibmec), Assistant Professor, 2020.
Reed, Chad, M.Acc. (University of Missouri-Columbia), Instructor, 2022.
Richardson, Vernon J., Ph.D. (University of Illinois-Urbana-Champaign), M.B.A., B.S. (Brigham Young University), Distinguished Professor, G. William Glezen Jr. Endowed Chair in Accounting, 2005, 2016.
Rowe, Stephen, Ph.D. (University of Illinois), M.S. (Loyola University Chicago), B.A. (Covenant College), Associate Professor, 2016, 2020.
Shipman, Jonathan, Ph.D. (University of Tennessee), B.S. (University of Central Arkansas), Associate Professor, 2015, 2019.
Terrell, Katie, M.B.A. (University of Arkansas), B.A. (University of Central Arkansas), Instructor, 2012.
Thomas, JaLynn D., B.S. (Louisiana Tech College Ruston Campus), Instructor, 2011.
Ward, Ryane, J.D. (University of Arkansas), B.A. (University of Kansas), Instructor, 2022.
Wiebe, Zac, Ph.D., M.Acc. (University of Kansas), B.S. (University of Saskatchewan), Assistant Professor, 2018.

## Accounting Courses

ACCT 2013. Accounting Principles. 3 Hours.
Introduction of accounting as an information system with emphasis on processing and presenting information in the form of financial statements for use in decision making. The course emphasizes business processes and double entry accounting. Prerequisite: (Non-business majors: (ISYS 1123 with a grade of C or better) or DASC 1003 or ASTM 2903) and MATH 2043 or higher with a grade of $C$ or better), or (Business majors: (ISYS 1123 with a grade of C or better)), BUSI 1111 with a grade of $C$ or better, and (MATH 2053 or MATH 2554 each with a grade of $C$ or better)). (Typically offered: Fall, Spring and Summer)
ACCT 2013H. Honors Accounting Principles. 3 Hours.
Introduction of accounting as an information system with emphasis on processing and presenting information in the form of financial statements for use in decision making. The course emphasizes business processes and double entry accounting. This course is equivalent to ACCT 2013. Prerequisite: (Non-business majors: Honors Standing, (ISYS 1123 with a grade of C or better)), and MATH 2043 or higher with a grade of C or better) or (Business majors: Honors standing, (ISYS 1123 with a grade of C or better), BUSI 1111 with a grade of C or better, and (MATH 2053 or MATH 2554 with a grade of C or better)). (Typically offered: Spring) This course is equivalent to ACCT 2013.
ACCT 2023. Accounting Principles II. 3 Hours.
In this course we study managerial accounting concepts and their use in business decisions. We will examine the development and analysis of cost information for management use in decision-making, income determination, and performance evaluation. Prerequisite: ACCT 2013 with a grade of C or better. (Typically offered: Fall, Spring and Summer)

## ACCT 2023H. Honors Accounting Principles II. 3 Hours.

In this course we study managerial accounting concepts and their use in business decisions. We will examine the development and analysis of cost information for management use in decision-making, income determination, and performance evaluation. Prerequisite: ACCT 2013 with a grade of C or better and honors standing. (Typically offered: Fall, Spring and Summer)
This course is equivalent to ACCT 2023.
ACCT 2403. Accounting Fundamentals for Planning and Control. 3 Hours. Use of accounting information for planning and control, including interpretation of financial statements and fundamentals of managerial accounting. Topics include financial statement structures and analysis, profitability and cash flow analysis, cost behaviors, production cost analysis, budgeting, standard costs and performance reporting, sources and uses of corporate capital, and other related topics. Walton College majors are not eligible to register for the course. No degree credit for Walton College majors. (Typically offered: Fall and Spring)

## ACCT 310V. Accounting Internship. 1-3 Hour.

This class is designed to give students an internship opportunity to combine their formal academic preparation with an exposure to the accounting profession.
Prerequisite: Department consent and ACCT 3723 with a grade of $C$ or better. (Typically offered: Spring) May be repeated for up to 3 hours of degree credit.

## ACCT 310VH. Honors Accounting Internship. 1-3 Hour.

This class is designed to give students an internship opportunity to combine their formal academic preparation with an exposure to the accounting profession. Prerequisite: Honors standing, Department consent and ACCT 3723 with a grade of C or better. (Typically offered: Fall, Spring and Summer) May be repeated for up to 3 hours of degree credit.
This course is equivalent to ACCT 310V.

## ACCT 3533. Accounting Technology. 3 Hours.

This course provides an overview of accounting information systems and illustrates the importance of technology to accountants. Students are exposed to a variety of information technologies including manual, file-oriented, and database systems. The relative advantages and disadvantages of each type of system are highlighted and discussed. Prerequisite: ACCT 2013 with a grade of B or better. (Typically offered: Fall and Spring)

ACCT 3543. Accounting Analytics. 3 Hours.
This course provides students with an overview of the data analytics process in accounting: asking appropriate accounting questions, finding and mastering appropriate accounting data to address those questions, performing test analysis and communicating the results of the data through data visualizations. Extensive hands-on, experiential learning using short Excel and Tableau labs is a key part of the course. Basic knowledge of excel is recommended. Prerequisite: (Non-business majors: (ACCT 2013 with a grade of B or better) and (INEG 2314 or STAT 3013 with a grade of C or better)) or (Business majors: (ACCT 2013 with a grade of $B$ or better) and (BUSI 1033 with a grade of C or better)). (Typically offered: Fall and Spring)

## ACCT 3723. Intermediate Accounting I. 3 Hours.

This course is designed to study the theoretical basis for financial accounting concepts and principles related to financial reporting. This course emphasizes researching technical accounting pronouncements for application to external financial reporting issues. Prerequisite: ACCT 2013 with a grade of B or better. (Typically offered: Fall and Spring)

## ACCT 3753. Intermediate Accounting II. 3 Hours.

This is the second financial accounting course designed to continue study of financial accounting concepts and principles. This course emphasizes research of technical accounting pronouncements for application to external financial reporting issues. Prerequisite: ACCT 3723 with a grade of C or better. (Typically offered: Fall and Spring)

## ACCT 3843. Fundamentals of Taxation I. 3 Hours.

Introduction to federal income taxation with a focus on individuals, including basic tax concepts, income tax principles applicable to individual taxpayers, primary tax law authorities, tax research techniques, and tax planning strategies. Prerequisite: ACCT 2013 with a grade of B or better. (Typically offered: Fall and Spring)

ACCT 4003H. Honors Accounting Colloquium. 3 Hours.
Explores events, concepts and/or new developments in the field of accounting. Prerequisite: Honors standing, Senior standing and ACCT 3723 with a grade of $C$ or better. (Typically offered: Fall)

## ACCT 410V. Special Topics in Accounting. 1-3 Hour.

Explore current events, concepts and new developments relevant to Accounting not available in other courses. Prerequisite: Department consent. (Typically offered: Irregular) May be repeated for up to 6 hours of degree credit.

ACCT 4123H. Professional Ethics and Corporate Governance. 3 Hours.
An examination of various aspects of accounting and business ethics including ethical theories; ethical reasoning; ethical values - including integrity, objectivity, auditor independence, and other values relevant for accountants; and ethics codes. The course provides students with a framework of ethical reasoning, professional values and attitudes for exercising professional skepticism and other behavior that is in the best interest of the public and accounting profession. Aspects of corporate governance related to establishing an ethical corporate culture will also be addressed. Prerequisite: Senior standing, Honors standing, and ACCT 3723 with a grade of C or better. (Typically offered: Spring)

## ACCT 4203. Fundamentals of Taxation II. 3 Hours.

Study of federal income taxation with a focus on entities other than individuals (C corporations, S corporations, partnerships, estates, and trusts) as well as an introduction to federal transfer taxes, state and local taxes, and multinational tax issues, including applicable tax principles and continued development of tax research techniques, and tax planning strategies. Prerequisite: ACCT 3723 and ACCT 3843 each with a grade of C or better. (Typically offered: Fall and Spring)

ACCT 4673. Product, Project and Service Costing. 3 Hours.
Cost systems with emphasis on information generation for cost management of products, projects and services. The course includes spreadsheet and other computer program analysis. Prerequisite: ACCT 2023 and ACCT 3723 each with grades of C or better. (Typically offered: Fall)

## ACCT 4703. Governmental/Nonprofit Accounting. 3 Hours.

Governmental and non-profit accounting, financial statement and internal controls compliance, and auditing for government and other non-profit organizations. Industry specific issues in accounting for health care organizations and colleges and universities; and federal governmental accounting. Prerequisite: ACCT 2013 and ACCT 2023 each with a grade of C or better. (Typically offered: Irregular)

## ACCT 4963. Audit and Assurance Services. 3 Hours.

Professional standards and procedures as applied to external and internal assurance engagements. Including coverage of the economic role of assurance providers, engagement planning, risk assessment, evidence gathering, and reporting. Prerequisite: ACCT 3723 with a grade of C or better. (Typically offered: Fall and Spring)

## Business Law Courses

BLAW 2013. The Legal Environment of Business (ACTS Equivalency = BLAW 2003). 3 Hours.

Introduction to the legal and ethical environment in which business operates. Topics covered in this survey course include: introduction to the legal system and the judicial resolution of disputes, constitutional law, administrative law, criminal law, torts, contracts, property law, advertising and marketing law, bankruptcy and credit transactions, business organizations, antitrust, employment law and ethics. (Typically offered: Fall, Spring and Summer)

## BLAW 2013H. Honors The Legal Environment of Business. 3 Hours.

Introduction to the legal and ethical environment in which business operates. Topics covered in this survey course include: introduction to the legal system and the judicial resolution of disputes, constitutional law, administrative law, criminal law, torts, contracts, property law, advertising and marketing law, bankruptcy and credit transactions, business organizations, antitrust, employment law and ethics. (Typically offered: Fall, Spring and Summer)
This course is equivalent to BLAW 2013.

## BLAW 3033. Commercial Law. 3 Hours.

A study of the laws applicable to commercial transactions. Topics covered include the common law of contracts, Articles Two (Sales) and Three (Commercial Paper) of the Uniform Commercial Code, secured transactions, suretyship, and bankruptcy. (Typically offered: Spring)

## Walton College of Business (WCOB)

Alan E. Ellstrand
Associate Dean for Programs and Research
328 Business Building
479-575-7105
Walton College offers five minor programs for business majors, each of which is interdisciplinary and not attached to a specific department in the college. Requirements for each of the minors are listed under the tabs.

Similarly, courses that are interdisciplinary and not assigned to a specific department in Walton College are listed here under the WCOB subject code.

## Minor in Blockchain Enterprise Systems for Business Majors

The minor requires completion of 15 hours of study with all of the upper division courses applied toward the minor in residence. Students who desire to earn a Blockchain Enterprise Systems minor must notify the Walton College Undergraduate Programs Office of intent to pursue a minor. All requirements for a minor must be completed prior to the awarding of the student's undergraduate degree. All specific course prerequisites must be met. Each student must have a 2.00 cumulative grade-point average in the courses offered for the minor. All upperdivision minor requirements must be taken in residence.

## Requirements for Minor in Blockchain Enterprise Systems:

## Required Courses

| ISYS 4173 | Blockchain Fundamentals | 3 |
| :--- | :--- | :--- |
| ISYS 4453 | Introduction to Blockchain Applications | 3 |
| ISYS 4463 | Blockchain Enterprise Systems Development | 3 |
| Choose 6 hours from the following: | 6 |  |
| ACCT 3533 | Accounting Technology |  |
| ACCT 3723 | Intermediate Accounting I |  |
| ACCT 4963 | Audit and Assurance Services |  |
| ECON 3433 | Money and Banking |  |
| ECON 4433 | Experimental Economics |  |
| ECON 4633 | International Trade |  |
| ECON 4743 | Introduction to Econometrics |  |
| ECON 4753 | Forecasting |  |
| FINN 3053 | Financial Markets and Institutions |  |
| FINN 3063 | Investments |  |
| FINN 3603 | Corporate Finance |  |

| ISYS 4193 | Business Analytics and Visualization |  |
| ISYS 4213 | ERP Fundamentals |  |
| SEVI 3933 | Entrepreneurship and New Venture Development |  |
| MGMT 4263 | Organizational Change and Development |  |
| SCMT 3613 | SOURCE: Procurement and Supply Management |  |
| SCMT 3623 | PLAN: Inventory and Forecasting Analytics |  |
| SCMT 3643 | International Logistics |  |
| SCMT 3653 | Project Management: Supply Chain New Product |  |

## Total Hours

## Data and Cybersecurity Management Minor

The Data and Cybersecurity Management minor in the Information Systems Department of the Walton College of Business is designed to develop graduates able to help organizations assess and detect threats while securing and protecting data and data-driven systems against a myriad of threats such as malicious software, hacking, insider threats, and other cybercrimes. Students will also learn and apply best industry practices to minimize data collection, protect client and individual privacy, and otherwise further ethical data management. Students will not only learn about cybersecurity, crime, and privacy law, but will also learn about techniques of risk assessment, continuity planning, and threat detection.

This will include learning with respect to behavioral aspects, ethics, legal considerations, and best practices in cyber security management. The minor requires completion of 15 hours of study with all of the upper-level courses applied toward the minor in residence. The 15 hours include the following courses:

Required Core Courses (9 hours)

| ISYS 4013 | Principles of Data and Cybersecurity | 3 |
| :--- | :--- | :--- |
| ISYS 4023 | Network and Data Security in a Changing World | 3 |
| ISYS 4043 | Cybersecurity, Crime and Data Privacy Law <br> Fundamentals | 3 |
| Choose six hours from the following: | 6 |  |
| ISYS 3273 | Cryptocurrency |  |
| ISYS 4033 | Advanced Information Security Management |  |
| ISYS 4053 | Advanced Cybersecurity, Crime and Privacy Law |  |
| ISYS 4173 | Blockchain Fundamentals |  |
| MGMT 4243 | Ethics and Corporate Responsibility |  |

## Total Hours

Students who desire to earn a Data and Cybersecurity Management minor must notify the Walton College Undergraduate Programs Office of intent to pursue a minor. All requirements for the minor must be completed prior to the awarding of the student's undergraduate degree. All specific course prerequisites must be met. Each student must have a 2.00 cumulative grade-point average in the courses offered for the minor.

## Enterprise Resource Planning Minor

The Walton College offers an interdisciplinary minor in Enterprise Resource Planning (ERP). ERP systems are large-scale programs, which are used by many large companies to integrate their business processes and run the organization using primarily one software system. The minor requires completion of 15 hours of study with all of the upper division courses applied toward the minor taken in residence.

## Requirements

| ISYS 4213 | ERP Fundamentals | 3 |
| :--- | :--- | :--- |
| ISYS 4223 | ERP Configuration and Implementation | 3 |
| Select three of the following: | 9 |  |
| ACCT 3533 | Accounting Technology |  |
| ACCT 3723 | Intermediate Accounting I |  |
| ISYS 4233 | Seminar in ERP Development |  |
| SCMT 3443 | DELIVER: Transportation and Distribution |  |
|  | Management |  |
| SCMT 3613 | SOURCE: Procurement and Supply Management |  |
| SCMT 3623 | PLAN: Inventory and Forecasting Analytics |  |

## Total Hours

Students who desire to earn an Enterprise Resource Planning minor must notify the Walton College Undergraduate Programs Office of intent to pursue a minor. All requirements for the minor must be completed prior to the awarding of the student's undergraduate degree. All specific course prerequisites must be met. Each student must have a 2.00 cumulative grade-point average in the courses offered for the minor. All upper level minor requirements must be taken in residence.

## Financial Economics Minor

The Walton College offers an interdisciplinary minor in Financial Economics. The minor will provide students with the background needed
for research in finance and industry. The minor requires completion of 15 hours of study with all of the upper division courses applied toward the minor taken in residence.

## Requirements

| FINN 3013 | Financial Analysis | 3 |
| :--- | :--- | :--- |
| ECON 4753 | Forecasting | 3 |
| Select three of the following: | 9 |  |
| FINN 3063 | Investments |  |
| FINN 3603 | Corporate Finance |  |
| ECON 3433 | Money and Banking |  |
| ECON 4743 | Introduction to Econometrics |  |

## Total Hours

Students who desire to earn a Financial Economics minor must notify the Walton College Undergraduate Programs Office of intent to pursue a minor. All requirements for the minor must be completed prior to the awarding of the student's undergraduate degree. All specific course prerequisites must be met. Each student must have a 2.00 cumulative grade-point average in the courses offered in the minor. All upper level minor requirements must be taken in residence.

## Nonprofit Studies Minor

The Walton College offers an interdisciplinary minor in Nonprofit Studies. This minor will prepare students for working in the nonprofit sector as well as educating students who may be on boards and participate in other civic organizations. The minor requires completion of 15 hours of study with all of the upper division courses applied toward the minor taken in residence.

## Requirements

Required Course:
MKTG $4513 \quad$ Nonprofit Marketing 3

Select four courses from the following: 12
Tier 1 (Must select at least two courses):

| ACCT 4703 | Governmental/Nonprofit Accounting |
| :--- | :--- |
| ECON 3143 | Economics of Poverty and Inequality |
| ECON 3843 | Economics of the Developing World |

| PLSC 4173 | Community Development |
| SCWK 3193 | Human Diversity and Social Work |
| SCWK 4153 | Social Welfare Policy |
| Total Hours | $\mathbf{1 5}$ |

Students who desire to earn a Nonprofit Studies minor must notify the Walton College Undergraduate Programs Office of intent to pursue a minor. All requirements for the minor must be completed prior to the awarding of the student's undergraduate degree. All specific course prerequisites must be met. Each student must have a 2.00 cumulative grade-point-average in the courses offered for the minor. All upper division level minor requirements must be taken in residence.

## Minors for Non-Business Students

For students who are business majors, the requirements for business minors are listed with each major business program.

For students who are business majors, the requirements for business minors are listed with each major business program.

To facilitate students outside Walton College in obtaining knowledge that will assist them in making sustained contributions to organizations and society in a global, diverse, and dynamic environment, the Walton College offers a business minor for non-business majors in a variety of disciplines.

Minors in Innovation and Entrepreneurship, as well as Leadership, are designed to focus more exclusively on core topics. These minors, therefore, require fewer hours of focused study, respectively, and only a general overview of business topics. The specific requirements for each of these minors are listed below.

Minors in General Business, Accounting, Business Economics, Economic Analytics, Enterprise Resource Planning, Enterprise Systems, Finance, Information Systems, International Business, Management, Marketing, Retail and Supply Chain Management provide broad exposure to specific business disciplines and have additional requirements including completion of 21 required hours of study (including equivalencies) with at least 50 percent of the courses applied toward the minor taken in residence. Each student must have a 2.00 cumulative grade-point average in the courses offered for the minor.

Non-business, degree-seeking students working toward these minors should note the following:

1. Students who elect to obtain a business minor must provide written notice of their intent to the dean's office of the college in which they are receiving a degree. This notice and all requirements for the business minor must be completed prior to the awarding of the student's undergraduate degree.
2. Business minor students must complete all 1000- and 2000-level courses required for the business minor and be a junior- or seniorlevel student to enroll in 3000- or 4000-level business courses.
3. All specific course prerequisites must be met. Although business minor students are not required to satisfy the entire pre-business core,
they must complete the required courses and any other prerequisite course specified prior to enrolling in a 3000/4000-level course.
4. Business minor students may complete multiple minors with the exception of General Business and an additional area of business study. Students may not use more than three hours of minor courses toward additional minor requirements.
5. ECON 2143 will substitute for ECON 2013/ECON 2023 for prerequisite purposes. In addition, students who take both ECON 2013 Principles of Macroeconomics (ACTS Equivalency = ECON 2103) and ECON 2023 Principles of Microeconomics (ACTS Equivalency $=$ ECON 2203) will satisfy the economics requirements of the minor.
6. Business minor students are ineligible to take SEVI 3013 Strategic Management.
7. ECON 3053 and BUSI 3043 may not count toward the junior- or senior-level course requirements for the minor.
8. All equivalencies must be approved by the assistant dean for undergraduate programs.
9. Students may choose to pursue Concentration 1-General Business online, as long as they adhere to the requirements for online programs (p. ).

All upper level minor requirements must be taken in residence. All students seeking a business minor in the second block are required to complete the Walton College computer competency requirement ISYS 1123 and the following courses:

| ECON 2143 | Basic Economics: Theory and Practice | 3 |
| :--- | :--- | :--- |
| ACCT 2013 | Accounting Principles | 3 |
| BUSI 1033 | Data Analysis and Interpretation | 3 |
| Total Hours |  | 9 |

In addition, students must select and complete one of the following disciplines:

## General Business Minor

Requirements for General Business Minor
Select four of the following (at least 6 hours must be at the 3000 or
4000 level):
ACCT 2023 Accounting Principles II
or SEVI 205: Business Foundations
BLAW 2013 The Legal Environment of Business (ACTS Equivalency = BLAW 2003)
ISYS 2103 Business Information Systems
SCMT 2103 Integrated Supply Chain Management
MGMT 2103 Managing People and Organizations
FINN 2043 Principles of Finance
MKTG 3433 Introduction to Marketing
Plus any other 3000- to 4000-level Walton College course (except
BUSI 3043)
Total Hours

## Accounting Minor

Requirements for Accounting Minor
ACCT 2023 Accounting Principles II
ACCT 3723 Intermediate Accounting I

## Business Economics Minor

Requirements for Business Economics Minor
ECON 3033 Microeconomic Theory 3

ECON 3133 Macroeconomic Theory 3
Plus an additional 6 hours of 3000- to 4000-level business economics 6 courses
Total Hours

## Economic Analytics Minor

Requirements for Economic Analytics Minor

| ECON 3033 | Microeconomic Theory | 3 |
| :--- | :--- | ---: |
| ECON 4743 | Introduction to Econometrics | 3 |

## College of Education and Health Professions

## Mission and Objectives

The mission of the College of Education and Health Professions is to enhance the quality of life of the citizens of Arkansas, the nation, and the world through the development of scholar-practitioners in education, health, and human services.

The goals of the College of Education and Health Professions are to:

- Strengthen the academic quality and reputation of the college by developing and enhancing programs of excellence in teaching, research, and service.
- Improve the quality and diversity of our students, faculty, and staff.
- Generate increased private and public support for the college's research, academic, and service initiatives.

## Facilities and Resources <br> The Sylvia Hack Boyer Center for Student Services

The office provides advising and student support services to undergraduate students in the College of Education and Health Professions from matriculation to graduation.

## The Office for Teacher Education

The office provides field placement, teacher licensure, and student assessment. The office also provides support to the academic departments as they pursue state and national accreditation.

## Organization

For administrative purposes, the undergraduate programs of the college are organized under five academic units, with majors shown after each unit:

1. Communication Disorders and Occupational Therapy
a. Communication Sciences and Disorders
b. Occupational Therapy
2. Counseling, Leadership and Research Methods
a. Human Resource Development
3. Curriculum and Instruction
a. Career and Technical Education
b. Childhood Education
c. Drama Education
d. Educational Studies
e. Elementary Education
f. English Education
g. French Education
h. German Education
i. Social Studies Education
j. Spanish Education
k. Special Education
4. Eleanor Mann School of Nursing a. Nursing
5. Health, Human Performance and Recreation
a. Exercise Science
b. Physical Education
c. Public Health
d. Recreation and Sport Management
e. Teaching K-12 Physical Education and Health

## Facilities

The Graduate Education Building, Peabody Hall, Epley Center for Health Professions, and the Health, Physical Education and Recreation Building serve as the nucleus of the College of Education and Health Profession's activities.

The Graduate Education Building houses the Department of Rehabilitation, Human Resources and Communication Disorders, an auditorium, several conference and seminar rooms, classrooms, and offices for individual professors, along with administrative and service units such as the Dean's office, OASIS, and computer laboratory.

Peabody Hall houses the Department of Curriculum and Instruction, classrooms and offices for individual professors, along with the Office for Teacher Education for the College and University.

The Health, Physical Education and Recreation (HPER) Building houses the majority of faculty offices and classrooms for Athletic Training, Public Health, Kinesiology, Recreation and Sport Management, the Office for Studies on Aging, and the Exercise Science Research Center.

The Communication Sciences and Disorders program and the Speech and Hearing Clinic are housed in Epley Center for Health Professions.

The clinic contains faculty offices, a classroom, a graduate seminar room, teaching and research laboratories, and space and facilities for the provision of services to the speech, language, and hearing impaired. University services are provided through the clinic to university students and the community.

The Eleanor Mann School of Nursing is also housed in Epley Center for Health Professions. The nursing program facilities include administrative offices, faculty offices, two classrooms, simulation laboratories, a conference room, and a computer classroom. The school has affiliation agreements for clinical practice with area health care agencies.

The West Avenue Annex building houses research and service units: the Center for Mathematics and Science Education (CMASE), the Center for Children and Youth, the Arkansas Leadership Academy (ALA) and the Office for Innovation in Education (OIE). Established in 1991, the Arkansas Leadership Academy is a nationally recognized statewide partnership of 13 universities, 9 professional associations, 15 educational cooperatives, the Arkansas Departments of Education, Higher Education, and Workforce Education, the Arkansas Educational Television Network, Tyson Foods Inc., Wal-Mart Stores Inc., and the Walton Family Foundation. The Center for Mathematics and Science Education provides quality resources to private and public educators. The center also serves as the Arkansas NASA Educator Resource Center, disseminating educational materials provided by NASA. The Office for Innovation in Education is funded by the Arkansas Department of Education to develop and test new approaches to deliver and assess K-12 education innovations.

Established in 1974, the Center for the Utilization of Rehabilitation Resources for Education, Networking, Training and Service (CURRENTS) provides customized training and consulting for organizations ranging from large state agencies to small not-for-profits and is nationally recognized for the high level of commitment and responsiveness to their customers and their efforts to expand, improve, and strengthen services to people with disabilities. The center is located at the Arkansas School for Mathematics, Sciences and the Arts, Hot Springs, Arkansas.

## Academic Journals

The college is host to the Journal of Research on the College President, edited by G. David Gearhart, a professor of higher education and Chancellor Emeritus, and the Journal of School Choice, edited by Robert Maranto, 21st Century Endowed Chair in Leadership in the Department of Education Reform.

## Degrees Offered

The college offers curricula leading to four degrees - the Bachelor of Science in Education degree (B.S.E.), the Bachelor of Science (B.S.), the Bachelor of Arts in Teaching (B.A.T.), and the Bachelor of Science in Nursing (B.S.N.). Some of these degree programs have concentrations and specialties that are described within their sections.

## College Admission Requirements

All entering students (including freshmen, international, and transfer) admitted to the University of Arkansas, Fayetteville, are eligible for admission to the college. Some undergraduate programs require additional admission criteria to complete.

## Transfer of Credit

The policies controlling the granting of credit for course work taken at other institutions apply as follows:

1. Courses completed at the lower-division (freshman or sophomore) level at another institution may not count as equivalents of upperdivision (junior or senior) level courses offered in the college unless student requests program modification with proper petition approvals.
2. Students should be prepared to submit official course descriptions of transfer course work if there is any question as to whether the college will grant degree credit for such work.

## Exploring Majors

Students enrolled in the College of Education and Health Professions are encouraged to declare a major as soon as possible. For assistance contact the Sylvia Hack Boyer Center for Student Services, 3rd floor Graduate Education Building, 479-575-4203.

## College Scholarships

Thanks to the generosity of donors, the College of Education and Health Professions offers several scholarship opportunities. These gifts allow the college to support the university's mission of recruiting and retaining highachieving students who enrich and diversify the academic environment. Scholarships are available for both graduate and undergraduate students. Please visit the college's scholarship webpage (https://coehp.uark.edu/ students/scholarships.php) for more information.

## Student Organizations

There are many general-interest societies and organizations on the campus, and nearly every department of the university maintains an honor society through which high scholarship is rewarded. Of special interest to students in the college are the following:

- Eta Sigma Gamma - honor society for Public Health
- Kappa Delta Pi — honor society for education
- Phi Delta Kappa - honor fraternity for graduate students
- Kinesiology Club - for kinesiology majors
- Recreation and Sport Management Majors Club - for recreation and sport management students
- Razorback Athletic Training Association (RATA) — for undergraduate kinesiology majors with a concentration in exercise science - preathletic training, entry level graduate athletic training students and graduate assistant athletic trainers in women's and men's athletics
- National Student Speech-Language-Hearing Association - for communication sciences and disorders majors
- Arkansas Nursing Students Association, National Student Nurse Association, and the Pi Theta chapter of Sigma Theta Tau International Honor Society of Nursing — for nursing majors

## College Academic Regulations Admission Process for Initial Teacher Licensure <br> Stage I: Enrollment

Enroll in an undergraduate degree program leading to a potential teacher licensure field. Potential fields include the following:

- Agricultural Education - B.S.A.
- Art Education - B.F.A.
- Career \& Technical Education (Business Education) - B.S. E. Licensure Program
- Career \& Technical Education (Family \& Consumer Science) - B.S. E. Licensure Program
- Career \& Technical Education(Technology Education) - B.S. E. Licensure Program
- Childhood Education - B.S.E.
- Elementary Education - B.S.E. Licensure Program
- Human Environmental Sciences Education - B.S.H.E.S.
- Kinesiology K-12 - B.S. Licensure Program
- Music Education - B.M.
- Secondary Education - B.A., B.S. B.A.T.
- Special Education - B.S.E. Licensure Program
- Speech-Language Pathology - B.S.

## Stage II: Admission to Teacher Education

Complete the Admission to Teacher Education application on the Office of Field Placement and Licensure website (http://teachereducation.uark.edu/admissions/) for details. Satisfactory completion of this form does not guarantee admission to the student teaching semester or the Masters of Arts in Teaching (M.A.T.) degree program or other teacher education programs.

## Stage III: Program Admission

The following minimum criteria are necessary to be eligible for consideration for admission to a teacher education program:

1. Meet all requirements in stages I and II.
2. Consult with faculty adviser for additional requirements set by the chosen program.

## Initial Licensure

Students who have completed the stages listed above must obtain a licensure packet from the Teacher Certification Officer, 338 Graduate Education Building, prior to entering internship/student teaching. A mandatory meeting is held each semester before starting either an internship or a student teaching experience.

Students should always consult the Teacher Certification Officer or adviser regarding licensure requirement changes. Students will not be licensed to teach in Arkansas until they have met all requirements for licensure as set forth by the Arkansas Department of Education.

## College Honor Roll

At the close of each semester, the college recognizes students who qualify for the Honor Roll. Students must carry a minimum of 12 semester hours to be eligible for the Honor Roll and obtain a minimum term GPA of 3.75 .

## Graduation with Distinction

Graduation with Distinction will be conferred to College of Education and Health Professions students (who are not participating in the college "Honors Program") based upon their University of Arkansas cumulative grade-point average at the time of graduation. To earn this distinction, a student must have completed at least one-half of the course work required for his or her degree at the University of Arkansas, Fayetteville. The graduation with distinction designation will be assigned as follows:

1. For highest distinction, the student must have a minimum cumulative grade point average of 3.95 .
2. For high distinction, the student must have a minimum cumulative grade point average of 3.80 .

## Degree Requirements

## Minimum Requirements for the B.S.E. or B.S. or B.S.N. or B.A.T. Degree

The candidates for a baccalaureate degree from the college must meet university requirements, which specify at least 120 semester hours of work with a grade-point average of at least 2.00 on all work attempted in the university. Students exempting any course must still meet the 120-hour graduation requirement and should consult their adviser for specific program requirements. Exemption of courses does not result in credit earned. The students must comply with the prescriptions and restrictions listed below and under General Studies and must complete the requirements in one or more of the approved degree programs.

Students must also meet all other university requirements for graduation, including the University Core requirements (http://catalog.uark.edu/ undergraduatecatalog/academicregulations/universitycore/). Students are required to have a pre-graduation check at least one semester prior to the graduation term. Students who complete the pre-graduation check and meet all university and College of Education and Health Professions requirements may apply for graduation under the guidelines detailed on the Graduation Requirements page (p. 86). All course work, university requirements, and college requirements must be completed by the deadline for the term in which applied. Students not graduating in spring, but wishing to participate in the spring commencement ceremony, must apply for graduation by the established priority deadline for the spring term. For clarification, please contact the Sylvia Hack Boyer Center for Student Services, 350 Graduate Education Building, at 479-575-4203.

## Graduate Studies

The Graduate School, in cooperation with the college, offers advanced work in education and health professions leading to the degrees of Master of Arts in Teaching, Master of Science, Master of Education, Educational Specialist, Doctor of Education, and Doctor of Philosophy.

The graduate programs include:

- Adult and Lifelong Learning
- Athletic Training
- Childhood Education
- Communication Sciences and Disorders
- Community Health Promotion
- Counselor Education
- Curriculum and Instruction
- Educational Leadership
- Educational Statistics and Research Methods
- Educational Technology
- Education Policy
- Elementary Education
- Higher Education
- Human Resource and Workforce Development
- Kinesiology
- Middle-Level Education
- Nursing
- Physical Education
- Recreation and Sport Management
- Rehabilitation
- Secondary Education
- Special Education

The Graduate School awards the graduate degrees. Students who are interested in registering for graduate courses or in becoming candidates for these degrees should consult the dean of the Graduate School and the Graduate School Catalog.

Students who plan to study for an advanced degree in the subjectmatter field should consult with the head of the department concerning course requirements to be eligible to begin graduate study. Specialization requirements for a B.S.E. degree in the College of Education and Health Professions may not be sufficient in every field to gain admission for graduate study without deficiencies.

## Accreditations

The University of Arkansas holds membership in and is accredited by the North Central Association of Colleges and Secondary Schools. The college is also a member of the American Association of Colleges for Teacher Education.

The graduate program in communication disorders is accredited by the Council on Academic Accreditation of the American Speech-LanguageHearing Association, but the program is currently on probation. Find out more in the Graduate Catalog (http://catalog.uark.edu/graduatecatalog/ programsofstudy/communicationdisorderscdis/).

The counselor education graduate program is nationally accredited through the Council for the Accreditation of Counseling and Related Educational Programs (CACREP).

The Bachelor of Science in Nursing (B.S.N.) degree program is accredited by the Commission on Collegiate Nursing Education. It is also approved by the Arkansas State Board of Nursing.

The M.S. degree program in Rehabilitation Counseling is accredited by the Council on Rehabilitation Education (CORE). Graduates of the accredited program are eligible to sit for the Certified Rehabilitation Counselor (CRC) examination.

The B.S. degree program in Public Health is accredited by the Council on Education for Public Health (CEPH).

The teacher education program of the College of Education and Health Professions is accredited by the Council for the Accreditation of Educator Preparation (CAEP). This accreditation covers the initial teacher preparation programs and/or advanced educator preparation programs. Because of the accreditation by the Council for the Accreditation of Educator Preparation, students who complete the curricula as outlined in this catalog are eligible to be recommended for licensure in states that agree to certify graduates who are recommended by the College of Education and Health Professions as having fulfilled its requirements. Students who complete the approved program of study leading to initial licensure are eligible to receive licenses to teach at the grade level or in the fields for which they have made preparation upon application and presentation of acceptable scores on the appropriate Praxis exams. However, students must follow licensure guidelines set forth by the Arkansas Department of Education to be licensed to teach.

Office of the Dean of the College

## Minors

- Educational Studies (p. 748)
- Human Resource Development (p. 794)
- Outdoor Leadership (p. 803)
- STEM Education (p. 822)

Undergraduate students in the college may declare any official academic minor available at the University of Arkansas. Students must notify the Sylvia Hack Boyer Center for Student Services of their intent to pursue a minor. The college, with the assistance of the college offering the minor, will certify that the requirements of the minor have been satisfied. The academic minor will be designated on the student's official transcript. Requirements for the minor are listed in the catalog under the department offering the minor.

## Certificates

- STEM Education (p. 822)

## Other Programs

## Curricula Offered for Initial Licensure

Nursing Licensure: Completing the minimum requirements for the degree of Bachelor of Science in Nursing will satisfy the academic requirements for licensure as a Registered Professional Nurse. Students must complete all of the requirements set forth by the Arkansas State Board of Nursing to be licensed as a registered nurse. See adviser for details.

## Teacher Licensure and Licensure of other School Personnel

The University of Arkansas offers approved undergraduate programs of study for initial licensure in childhood education, career and technical education (business education, family and consumer science, technology education), kinesiology (P-12 physical education), school counseling, special education, speech-language pathology, music and art education, and agriculture education, initial teacher licensure programs in secondary education (English/language arts, drama/speech, social studies, science, mathematics, world language), and childhood education in the Masters of Arts In Teaching (M.A.T.) degree program. The M.A.T. degree program is offered in consecutive summer, fall, and spring semesters with initial enrollment in the summer semester. The M.A.T. is a graduate degree program and requires a minimum of 33 semester hours. The M.A.T. degree program has two areas of emphasis: childhood education and secondary education in drama/speech, English, foreign language, mathematics, science and social studies. Consult the Admissions Process for Initial Teacher Licensure Stages I-III and the Graduate School Catalog for admission and graduation requirements for the M.A.T. degree program. The approved program of study for initial licensure in speechlanguage pathology is the Master of Science degree in Communication Disorders. Procedures for obtaining licensure parallel those used with M.A.T. graduates. There are some non-M.A.T. licensure programs. See the appropriate sections of this catalog for that information. For bachelor's degree licensure requirements in career and technical education, music and art education, and some areas of agriculture education, see appropriate sections of this catalog.

The State Board of Education issues the regulations governing the licensure of teachers in Arkansas. The Board specifies minimum cutoff scores for all Praxis exams. Each application for a teacher's license
requires completion of an approved program of study, completion of a state and national background check, and documentation of passing the Praxis exams. Those wishing to add an additional license or endorsement, should contact the Teacher Certification Officer in 338 Graduate Education Building for the approved programs of study or go to the menu "Additional Licensure Plan (http://coehp.uark.edu/ licensure.html)" on the college's website.

## University Teacher Education Board

The University Teacher Education Board is composed of the associate deans; faculty representatives from the College of Education and Health Professions; the Fulbright College of Arts and Sciences; the Dale Bumpers College of Agricultural, Food and Life Sciences; public school teachers and/or administrators, and students. The functions are to

- Govern the teacher education and licensure program.
- Establish general policies and procedures necessary to maintain quality in degree programs.
- Oversee the general coordination of the initial licensure process
- Approve new courses and course changes in individual licensure program.

The Board serves as a liaison for the faculties involved and emphasizes the importance of teacher education as one of the primary responsibilities of the university.

## Honors Program

The College of Education and Health Professions (COEHP) Honors Program is designed for students who value and want to be challenged by an exceptional educational experience and intensively focus their studies. The program creates and supports an academic environment of intellectual adventure and provides a carefully integrated and demanding curriculum. The rewards are immense: high academic achievement; involvement in undergraduate research; academic distinction of summa cum laude, magna cum laude, or cum laude and confirmation of an honors degree on the student's transcript; and recognition at commencement.

The mission of the Honors Program is to: establish and maintain an honors community of learning that is intellectually rigorous, personally and culturally enriching, and fosters learning and discovery through independent and collaborative inquiry; allow students to be creative, inquisitive and innovative; support student research and experiential learning; support student academic ventures through mentoring, travel funding, and research support; provide the opportunity to present work at undergraduate research symposia; challenge students to connect the classroom with the larger world by expanding social and cultural experiences and promoting leadership, and prepare students for admission to and success within graduate and professional schools in the United States and abroad.

Benefits of participating in the Honors Program include: small class sizes, close contact with talented faculty, opportunity for independent study that counts toward the requirements of the Honors Program, special academic counseling and priority registration, increased confidence and skill in writing, honors housing, Latin Honors designation on transcript, enhanced career opportunities, and increased advantages for graduate or professional school applicants.

Admission to the University of Arkansas Honors College assures automatic admission to the COEHP Honors Program for incoming freshmen. The student can apply for admission electronically through
the Honors College website (https://honorscollege.uark.edu/apply/). The following are admission criteria for students seeking admission to the COEHP Honors Program:

## Entering Freshmen

- Please visit the Honors College section (http://catalog.uark.edu/ undergraduatecatalog/collegesandschools/honorscollege/) of the catalog to view the admission criteria for new freshmen.

## Students Applying as Continuing or Transfer

(within and outside the University of Arkansas)

- 3.5 or greater cumulative GPA
- Applications from students who are currently on probation in another UA college's Honors Program will be evaluated following the conclusion of their probationary semester.
- Applications will not be accepted from students who are within three full semesters of anticipated graduation date.

## Expectations

At the end of each academic semester, the COEHP Honors Program will review academic records of all enrolled COEHP Honors students. A student's cumulative GPA must be 3.50 or greater to remain in good standing within the COEHP Honors Program; if the cumulative GPA falls between 3.00 and 3.49 , the student will be placed on probation for one academic semester. At that time, the student is strongly encouraged to remove any honors courses from their schedule. At the end of the probationary period if the student's cumulative GPA is 3.50 or greater, they will be reinstated in good standing within the COEHP Honors Program; if the cumulative GPA is less than 3.50 the student will be removed from the COEHP Honors Program and the student must remove any Honors courses from their schedule. If the student's cumulative GPA falls below 3.00 at any point, the student will be immediately removed from the COEHP Honors Program and the student must remove any Honors courses from their schedule.

All COEHP honors students are held to the highest standard with regard to academic achievement and academic integrity. Students violating the Academic Integrity Policy that receive a sanction of 1.0 or greater at the University of Arkansas will be permanently removed from the COEHP Honors Program without the ability to reapply. The student may appeal the decision to the University's Academic Integrity Board; if the sanction is overturned and removed, the student will be reinstated into the COEHP Honors Program.

## Honors Degrees

The College of Education and Health Professions is dedicated to providing programs designed to meet the Honors student's needs. To achieve this aim, the college faculty has developed the COEHP Honors Program - an honors program for students of superior academic talent.
Students successfully completing the COEHP Honors Program will receive the following academic accolades:

- GPA of 3.9 or greater - summa cum laude
- GPA of 3.7 or greater - magna cum laude
- GPA of 3.5 or greater - cum laude

Requirements for COEHP Honors Program: Requirements for the COEHP Honors Program include meeting all university, COEHP, and department degree requirements. Additionally, students must maintain a cumulative GPA of 3.5 , complete a minimum of 18 credit hours of honors courses, and complete and defend an honors thesis/project. Of
the 18 honors credit hours, a minimum of 10 must be completed within the student's program of study (except in situations as described in the following paragraphs), including the Honors Tutorial (3901H) and 3 hours of Honors Thesis $(498 \mathrm{VH})$, which may be split across multiple semesters. With prior approval from the student's academic adviser and the COEHP Honors Program, graduate level courses may be counted toward the 10 honors hours within the student's program of study.

Nursing students shall complete NURS 3842H in place of the Honors Tutorial (3901H). Non-nursing students who choose to complete their Honors thesis/project with a nursing faculty mentor shall also complete NURS 3842H in place of the Honors Tutorial (3901H). A nursing student who is completing their Honors thesis/project with a faculty mentor outside of their major or outside of COEHP shall complete NURS 3842H, but will still be required to complete 4 hours of thesis courses in their mentor's home department/program.

For Exercise Science students, Honors Research Methods in Exercise Science (EXSC 3723H) may be substituted for the Honors Tutorial (3901H).

For Public Health students, Honors Research Methods in Public Health (PBHL 3723H) may be substituted for the Honors Tutorial (3901H).

Students who wish to complete the Honors thesis/project with a COEHP faculty mentor outside of their major should enroll in the Honors Tutorial and Honors Thesis courses that correspond with the faculty member's department/program; these hours shall be counted toward the 10 hour requirement. Students who wish to complete the Honors thesis/project with a non-COEHP faculty mentor should accumulate a minimum of 4 hours of Honors research/independent study courses that correspond with the faculty mentor's department/program; these hours shall be counted toward the 10 hour requirement.

Honors courses must be completed in residence at the University of Arkansas, Fayetteville campus in order to satisfy the required 18 honors credits to receive the COEHP Honors distinction. Any honors credits awarded based on AP/IB results shall not be used to fulfill this requirement. Transfer students from other four-year institutions may initiate an appeal with the COEHP Honors Council if they wish to have transfer Honors credit satisfy part of the 18 hour requirement.

For more information about the COEHP Honors Program or to complete an application form, please visit coehphonors.uark.edu (https:// coehphonors.uark.edu/).

## Courses

EDHP 1600. Undergraduate Research Assistant. 0 Hours.
Undergraduate research. (Typically offered: Fall, Spring and Summer)
EDHP 2600. Undergraduate Research Assistant. 0 Hours.
Undergraduate research. (Typically offered: Fall, Spring and Summer)
EDHP 3600. Undergraduate Research Assistant. 0 Hours.
Undergraduate research. (Typically offered: Fall, Spring and Summer)
EDHP 3923. Education Seminar. 3 Hours.
Special topics or issues in education. (Typically offered: Irregular) May be repeated for degree credit.

## EDHP 3923H. Honors Education Seminar. 3 Hours.

Special topics or issues in education for the Honors student. Prerequisite: Honors candidacy. (Typically offered: Irregular) May be repeated for degree credit.

## EDHP 4001. Dean's Seminar. 1 Hour

The Dean's Seminar is a seminar course that leverages the expertise of our faculty to provide students from multiple disciplines an opportunity to study topics at the intersection of education and health. Each offering will focus on a different complex societal challenge and help students develop high-leverage interventions to address the issue through the lens of education and health. Topics vary by semester.
(Typically offered: Irregular) May be repeated for up to 3 hours of degree credit.
EDHP 4001H. Honors Dean's Seminar. 1 Hour.
The Dean's Seminar is a seminar course that leverages the expertise of our faculty to provide students from multiple disciplines an opportunity to study topics at the intersection of education and health. Each offering will focus on a different complex societal challenge and help students develop high-leverage interventions to address the issue through the lens of education and health. Topics vary by semester.
Prerequisite: Honors Standing. (Typically offered: Irregular) May be repeated for up to 3 hours of degree credit.
This course is equivalent to EDHP 4001.
EDHP 4600. Undergraduate Research Assistant. 0 Hours.
Undergraduate research. (Typically offered: Fall, Spring and Summer)

## Career and Technical Education (CATE)

Betsy Orr
Program Coordinator
315 Peabody Hall
479-575-6430
b (cswear@uark.edu)orr@uark.edu (borr@uark.edu)
The program in Career and Technical Education offers a degree program leading to a Bachelor of Science in Education for the preparation of teachers, supervisors, and administrators in career and technical education. Students must choose one of three concentrations, each of which leads to teacher licensure:

- The concentration in Business Education offers on-campus students the chance to become effective educators and communicators as they learn to teach the latest computer technologies and subject matter focused on the core areas of business. The concentration provides rigorous and intellectually stimulating programs that offer students a broad variety of professional careers in business education and technology.
- The concentration in Family and Consumer Sciences Education offers on-campus students the ability to learn critical and creative thinking skills through a variety of courses including parenting and human development; family studies; nutrition and foods; textiles and apparel production; and housing and design. The diverse curriculum offers studies that mirror real life, enabling students in this concentration to develop both personal and professional skills.
- The concentration in Technology Education prepares students to teach technology, pre-engineering, or other technical subject matter at the high school, middle-level, or community college. Additionally, the program prepares students to enter mid-level technical/management careers in business and industry.

Admission to the B.S.E. in Career and Technical Education is competitive and admission will be determined by the Career and Education faculty based on the items listed with the concentration requirements. Students seeking admission to the Career and Technical Education program at the University of Arkansas must be aware of the deadlines and admissions
policies. These deadlines and limitations are designed to ensure that all students have a high quality experience.

The University of Arkansas program in career and technical education has been approved by the State Board for Career and Technical Education for the preparation of teachers, supervisors, and administrators in career and technical education.

## Requirements for B.S.E. in Career and Technical Education with Business Education Concentration

## Stage I: Pre-CATE requirements (PCATE)

Complete 41 hours of program pre-requisites for the Career and Technical Education B.S.E.:

1. Obtain a GPA of 2.7 or better on UA coursework.
2. Obtain a grade of " C " or better in completed technical courses (see "III. Technical Requirements" in desired CATE BS concentration).
3. Obtain a grade of "C" or better in CIED 1013: Introduction to Education and CATE 3103: Introduction to Professionalism. CATE 3103 should be taken during the fall semester of the sophomore year.

The Department of Curriculum and Instruction offers programs that prepare candidates for initial teacher licensure in career and technical education.

The admission to the career and technical education program consists of a three-stage process; simply meeting the minimum admission requirements will not guarantee admission. Admission will be determined by the CATE faculty based on the items listed in Stage II.

## Stage II: Admission to the Career and Technical Education Program B.S.E.

The application process, which occurs during CATE 3103: Introduction to Professionalism includes:

1. Submission of the application to teacher education through the university-wide Teacher Education Office (see the Teacher Education Application Fee). See website (https://teacher-education.uark.edu/) for details.
2. Submission of the CATE application located here (https://teachereducation.uark.edu/).
3. Submission of transcripts for all coursework.
4. Oral interview with CATE faculty.
5. Current background check.

## Stage III: Requirements for Program Continuation and Student Teaching/Internship (CATE 406X)

1. Maintain a cumulative GPA of 2.7 or better.
2. Complete or present proof of registration for the Praxis II Content exam required by the Arkansas Department of Education Licensure area.
3. Maintain a current background check.
4. All "II. Professional Education" courses must have a grade of "C" or better. No teaching methods courses may be taken as self-paced (correspondence).

Requirements for teacher licensure vary from state to state and may differ in teacher preparation programs. Please note that Arkansas requires all applicants to successfully complete a criminal background check. Go to the Arkansas Teacher Licensure requirements (http://arkansased.org/ teachers/licensureinitial.html).

All CATE program courses must have a grade of "C" or better. No teaching methods courses may be taken as self-paced (correspondence) courses.

## Requirements for B.S.E. in Career and Technical Education with Technology Education Concentration <br> Stage I: Pre-CATE requirements (PCATE)

Complete 41 hours of program pre-requisites for the Career and Technical Education B.S.E.:

1. Obtain a GPA of 2.7 or better on UA coursework.
2. Obtain a grade of "C" or better in completed technical courses (see "III. Technical Requirements" in desired CATE BS concentration).
3. Obtain a grade of "C" or better in CIED 1013: Introduction to Education and CATE 3103: Introduction to Professionalism. CATE 3103 should be taken during the fall semester of the sophomore year.

The Department of Curriculum and Instruction offers programs that prepare candidates for initial teacher licensure in career and technical education.

The admission to the career and technical education program consists of a three-stage process; simply meeting the minimum admission requirements will not guarantee admission. Admission will be determined by the CATE faculty based on the items listed in Stage II.

## Stage II: Admission to the Career and Technical Education Program B.S.E.

The application process, which occurs during CATE 3103: Introduction to Professionalism includes:

1. Submission of the application to teacher education through the university-wide Teacher Education Office (see the Teacher Education Application Fee). See website (https://teacher-education.uark.edu/) for details.
2. Submission of the CATE application located here (https://teachereducation.uark.edu/).
3. Submission of transcripts for all coursework.
4. Oral interview with CATE faculty.
5. Current background check.

## Stage III: Requirements for Program Continuation and Student Teaching/Internship (CATE 406X)

1. Maintain a cumulative GPA of 2.7 or better.
2. Complete or present proof of registration for the Praxis II Content
 area.
3. Maintain a current background check.
4. All "II. Professional Education" courses must have a grade of " C " or better. No teaching methods courses may be taken as self-paced (correspondence).

Requirements for teacher licensure vary from state to state and may differ in teacher preparation programs. Please note that Arkansas requires all applicants to successfully complete a criminal background check. Equivalency $=$ PHYS 2034)
PSYC 2003 General Psychology (ACTS
Equivalency = PSYC 1103) (Satisfies General
Education Outcome 3.3)

CATE 406X. Teaching Internship. 12 Hours.
A minimum of 15 weeks will be spent in an off-campus school, at which time the student will have an opportunity under supervision to observe, to teach and to participate in other activities involving the school and the community. Successful completion of a criminal background check required before student can begin internship. Prerequisite: Senior status, CATE 3103, CATE 4013, CATE 4023, CATE 4033, (CIED 3023 or CIED 4023), CIED 3033 and admission to CATEBS major. (Typically offered: Spring)
CATE 4073. Introduction to Teaching Programming in the Secondary Schools. 3 Hours.
This course provides an introduction to the foundations of teaching methods for computer programming in the secondary schools. Methods of computer programming instruction will include teaching strategies in coding, developing computational thinking, problem-solving skills, and applying key programming concepts. This is an introductory level course. No prerequisites are required. (Typically offered: Irregular)

CATE 4443. Teaching Career Development in Public Schools. 3 Hours.
This course provides a study of curricula, methods, and techniques involved in teaching career development as related to the 16 occupational clusters. Successful completion of this course is required for licensed teachers to earn their 418 Career Development endorsement. (Typically offered: Summer)

CATE 4803. Word Processing and Multimedia. 3 Hours.
This course is designed to provide an overview of computer technology for prospective teachers in career and technical education. The main emphasis will be placed on the hands-on learning of word processing and multimedia applications that are widely used in career and technical education programs and emerging trends and issues in computer technology. (Typically offered: Fall, Spring and Summer)

## Childhood Education (CHED)

The Department of Curriculum and Instruction offers programs that prepare candidates for initial teacher licensure in Elementary Education (K-6). The B.S.E. degree in Childhood Education is not an initial teacher licensure program but instead leads to the Master of Arts in Teaching (M.A.T.), which is the initial teacher licensure preparation program. Information about the M.A.T. degree program can be found in the University of Arkansas Graduate Catalog. on the Elementary Education (http://catalog.uark.edu/graduatecatalog/programsofstudy/ elementaryeducationmat/) page or the Teacher Education (http:// catalog.uark.edu/graduatecatalog/programsofstudy/teachereducation/) page.

Students majoring in Childhood Education must choose from among four concentrations:

- English as a Second Language Concentration
- Gifted and Talented Concentration
- Reading Concentration
- Science, Technology, Engineering and Math Concentration

## Requirements for B.S.E. in Childhood Education with EASL Concentration

Admission to the B.S.E. in Childhood Education is competitive and consists of a three-stage process; simply meeting the minimum requirements will not guarantee admission to the program. Admission will be determined by the Childhood Education faculty based on the seven items listed below in Stage II.

Stage I: Pre-Elementary Education (PELED)

Complete 63 hours of program pre-requisites for the Childhood Education B.S. or the Elementary Education B.S.:

1. Obtain a GPA of 3.0 or better on UA coursework.
2. †Complete all program courses with a "C" or better.
3. Obtain a passing score on the Math, Reading, and Writing sections of the Praxis Core or ACT.
4. Complete a background check.

## Stage II: Admission to the Childhood Education Program (CHED)

Admission to the Childhood Education Program is competitive; not all applicants meeting the minimum requirements will be admitted to the program. Applications to the Childhood Education (CHED) program must be submitted by 11:59 p.m. Central Jan. 30.

The application process includes:

1. Submission of the application to teacher education (see the Teacher Education Application Fee (p. 53)) through the university-wide Teacher Education Office.
2. Submission of Childhood Education application.
3. Submission of transcripts for all coursework.
4. Oral Interview with Childhood Education faculty.
5. Submission of passing score on Math, Reading, and Writing sections of the Praxis Core Exam.
6. Current background check.

## Stage III: Requirements for Program Continuation

1. Declaration of endorsement area of ESL, GT, Reading, or STEM.
2. Maintain a cumulative GPA of 3.0 or better.
3. Passing score on Praxis II, Elementary Education: Multiple Subjects.
4. All non-methods math, science, social studies and English Language Arts courses must be completed prior to senior year.
$\dagger$ All program courses must have a grade of "C" or better. No teaching methods courses may be taken as self-paced (correspondence) courses.

For licensure, students must continue in the Master of Arts in Teaching program, which has limited enrollment. Find out more about the M.A.T. Program (http://catalog.uark.edu/graduatecatalog/programsofstudy/ elementaryeducationmat/) in the Graduate Catalog.

## Childhood Education Requirements

Students in the Childhood Education program must choose one of four concentrations: English as a Second Language Concentration, a Gifted and Talented Concentration, a Reading Concentration, or a STEM Concentration.

## Dismissal based on Unethical or Unprofessional Behaviors from Childhood Education B.S.E. program

The University of Arkansas' teacher preparation programs adhere to the Code of Ethics of the Education Profession as established by the National Education Association as described in NEA Code of Ethics (https://nam11.safelinks.protection.outlook.com/? url=http\%3A\%2F\%2Fwww.nea.org\%2Fhome
\%2F30442.htm\&data=04\%7C01\%7Ckmamisei\%40uark.edu \%7Cfddbbc3e102c494e5d4408d896ddc5c6\%7C79c742c4e61c4fa5be89a3cb566a8 \%7CTWFpbGZsb3d8eyJWIjoiMC4wLjAwMDAiLCJQljoiV2luMzliLCJBTil6Ik1haWwiL \%7C1000\&sdata=sFoXbbVeQF\%2FONOoiCaY4xAogtj \%2FyuQhynSiD\%2BQ2JKGo\%3D\&reserved=0), Arkansas

Division of Elementary and Secondary Education Code of Ethics (https://nam11.safelinks.protection.outlook.com/? url=http\%3A\%2F\%2Fdese.ade.arkansas.gov\%2Fdivisions \%2Feducator\%2520effectiveness\%2Fplsb-professional-ethics-discipline\%2Fcode-of-ethics-for-arkansaseducators\&data=04\%7C01\%7Ckmamisei\%40uark.edu \%7Cfddbbc3e102c494e5d4408d896ddc5c6\%7C79c742c4e61c4fa5be89a3cb5 ${ }^{\text { }}$ \%7CTWFpbGZsb3d8eyJWIjoiMC4wLjAwMDAiLCJQljoiV2luMzliLCJBTil6lk1he \%7C1000\&sdata=HAyKtJYGbZoSMPMzHTIYRBguhdsLD9\%2BEC3RHOnBKn $\% 3 D \& r e s e r v e d=0$ ), as well as discipline specific codes of ethics and standards found in program handbooks. Violation of these principles may result in probation, suspension, or dismissal of the internship as described:

1. Any incident of ethical misconduct or concern will be documented by the faculty member(s), discussed directly with the student and their mentor, and referred to the program's coordinator or supervising faculty. It may also be reported to the Teacher Candidate Professional Review Committee.
2. The Teacher Candidate Professional Review Committee evaluates the concerns and recommends a course of action, which may range from a zero score on the academic and/or internship work, a failing grade for the course, probation, up to dismissal from a teacher education program.
3. Any candidate may be suspended by a Teacher Education Program Coordinator for extreme, unforeseen circumstances such as endangerment of students or others, disruption of schools or classes, felonious behaviors, or ethical violations (i.e. Arkansas Code of Ethics, Code of Student Life). Such suspensions will be referred to the Teacher Candidate Professional Review Committee for review and may become permanent.

The Program Coordinator, in consultation with the Teacher Education Professional Review Committee and the Dean's Office for Academic and Student Affairs in the College of Education and Health Professions, has the authority and responsibility to dismiss a student from the teacher education program for unethical or unprofessional behavior and/or not recommend the student for licensure.

More detailed guidelines about the policies, supports, and other requirements are provided in the program's handbook, as well as on the Office of Teacher Education website (https://teacher-education.uark.edu/).

Students who have been dismissed on the basis of unethical or unprofessional conduct may appeal the decision following the procedures outlined under the Student Grievances and Appeals section of the Undergraduate Catalog of Studies (p. 87).

## EASL Concentration (EASL)

## Pre-Elementary Education (PELED) requirements ${ }^{\dagger}$

State Minimum Core
The following are specifically required for CHED program
ENGL 1013 Composition I (ACTS Equivalency = ENGL 1013)
ENGL 1023 Composition II (ACTS Equivalency = ENGL 1023)
MATH 1203 College Algebra (ACTS Equivalency $=$ MATH 1103)
or MATH 13 Quantitative Reasoning (ACTS Equivalency $=$ MATH 1113)

BIOL 1543 Principles of Biology (ACTS Equivalency $=\mathrm{BIOL}$
\& BIOL 1541L 1014 Lecture) and Principles of Biology Laboratory (ACTS Equivalency $=$ BIOL 1014 Lab)
or BIOL 1524Biological Principles (ACTS Equivalency $=$ BIOL 1004 Lecture)
HIST 2003 History of the American People to 1877 (ACTS Equivalency = HIST 2113)
or HIST 201‘'History of the American People, 1877 to Present (ACTS Equivalency $=$ HIST 2123)
GEOS 1113 Physical Geology (ACTS Equivalency = GEOL
\& GEOS 1111L1114 Lecture) and Physical Geology Laboratory (ACTS Equivalency = GEOL 1114 Lab)
GEOS 1123 Human Geography (ACTS Equivalency = GEOG 1113)
or ANTH 10ء́Introduction to Cultural Anthropology (ACTS Equivalency $=$ ANTH 2013)
HIST 1113 Institutions and Ideas of World Civilizations I (ACTS Equivalency $=$ HIST 1113)
or HIST 1123nstitutions and Ideas of World Civilizations II (ACTS Equivalency $=$ HIST 1123)
ARHS 1003 Basic Course in the Arts: Art Lecture (ACTS Equivalency = ARTA 1003)
or MLIT 100‘Experiencing Music (ACTS Equivalency = MUSC 1003)
or THTR 10CTheatre Appreciation (ACTS Equivalency = DRAM 1003)

PLSC 2003 American National Government (ACTS Equivalency = PLSC 2003)
WLIT 1113 World Literature: Beginnings to 1650 CE (ACTS Equivalency = ENGL 2113)
or WLIT 112:World Literature: 1650CE to Present (ACTS Equivalency = ENGL 2123)
Additional PELED requirements
CIED 1013 Introduction to Education
COMM 1313 Public Speaking (ACTS Equivalency = SPCH 1003)
or COMM 23Rßerpersonal Communication
COMM 1233 Media, Community and Citizenship

Total Units in Sequence:

1 Students must complete the State Minimum Core requirements (https://nam03.safelinks.protection.outlook.com/?url=https\%3A\%2F \%2Fnextcatalog.uark.edu\%2Fundergraduatecatalog\%2Fgened \%2Fstateminimum\%2F\&data=02\%7C01\%7Cagriffin\%40uark.edu \%7Ce4e632415f9b49eda9bf08d7f5c20b91\%7C79c742c4e61c4fa5be89a3cb566a \%2F1XG8924jwOx8pTlw8IWNAGp0s\%3D\&reserved=0) as outlined in the Catalog of Studies. The courses that meet the state minimum core also fulfill many of the university's General Education requirements (https://nam03.safelinks.protection.outlook.com/?url=https\%3A\%2F \%2Fnextcatalog.uark.edu\%2Fundergraduatecatalog\%2Fgened \%2Fgeneraleducation\%2F\&data=02\%7C01\%7Cagriffin\%40uark.edu \%7Ce4e632415f9b49eda9bf08d7f5c20b91\%7C79c742c4e61c4fa5be89a3cb566a \%2BDWRVEfAqIMsYNX4KXEgX2JdEJJY7Go\%3D\&reserved=0), although there are additional considerations to satisfy the general education learning outcomes. Students are encouraged to consult with their academic adviser when making course selections.

## Requirements for B.S.E. in Childhood Education with Gifted and Talented Concentration

Admission to the B.S.E. in Childhood Education is competitive and consists of a three-stage process; simply meeting the minimum requirements will not guarantee admission to the program. Admission will be determined by the Childhood Education faculty based on the seven items listed below in Stage II.

## Stage I: Pre-Elementary Education (PELED)

Complete 63 hours of program pre-requisites for the Childhood Education B.S. or the Elementary Education B.S.:

1. Obtain a GPA of 3.0 or better on UA coursework.
2. †Complete all program courses with a "C" or better.
3. Obtain a passing score on the Math, Reading, and Writing sections of the Praxis Core or ACT.
4. Complete a background check.

## Stage II: Admission to the Childhood Education Program (CHED)

Admission to the Childhood Education Program is competitive; not all applicants meeting the minimum requirements will be admitted to the program. Applications to the Childhood Education (CHED) program must be submitted by 11:59 p.m. Central Jan. 30.

The application process includes:

1. Submission of the application to teacher education (see the Teacher Education Application Fee (p. 53)) through the university-wide Teacher Education Office.
2. Submission of Childhood Education application.
3. Submission of transcripts for all coursework.
4. Oral Interview with Childhood Education faculty.
5. Submission of passing score on Math, Reading, and Writing sections of the Praxis Core Exam.
6. Current background check.

## Stage III: Requirements for Program Continuation

1. Declaration of endorsement area of ESL, GT, Reading, or STEM.
2. Maintain a cumulative GPA of 3.0 or better.
3. Passing score on Praxis II, Elementary Education: Multiple Subjects.
4. All non-methods math, science, social studies and English Language Arts courses must be completed prior to senior year.
$\dagger$ All program courses must have a grade of " $C$ " or better. No teaching methods courses may be taken as self-paced (correspondence) courses.

For licensure, students must continue in the Master of Arts in Teaching program, which has limited enrollment. Find out more about the M.A.T. Program (http://catalog.uark.edu/graduatecatalog/programsofstudy/ elementaryeducationmat/) in the Graduate Catalog.

## Childhood Education Requirements

Students in the Childhood Education program must choose one of four concentrations: English as a Second Language Concentration, a Gifted and Talented Concentration, a Reading Concentration, or a STEM Concentration.

## Dismissal based on Unethical or Unprofessional Behaviors from Childhood Education B.S.E. program

The University of Arkansas' teacher preparation programs adhere to the Code of Ethics of the Education Profession as established by the National Education Association as described in NEA Code of Ethics (https://nam11.safelinks.protection.outlook.com/? url=http\%3A\%2F\%2Fwww.nea.org\%2Fhome \%2F30442.htm\&data=04\%7C01\%7Ckmamisei\%40uark.edu \%7Cfddbbc3e102c494e5d4408d896ddc5c6\%7C79c742c4e61c4fa5be89a3cb! \%7CTWFpbGZsb3d8eyJWIjoiMC4wLjAwMDAiLCJQljoiV2luMzliLCJBTil6lk1hú \%7C1000\&sdata=sFoXbbVeQF\%2FONOoiCaY4xAogtj \%2FyuQhynSiD\%2BQ2JKGo\%3D\&reserved=0), Arkansas Division of Elementary and Secondary Education Code of Ethics (https://nam11.safelinks.protection.outlook.com/? url=http\%3A\%2F\%2Fdese.ade.arkansas.gov\%2Fdivisions \%2Feducator\%2520effectiveness\%2Fplsb-professional-ethics-discipline\%2Fcode-of-ethics-for-arkansaseducators\&data=04\%7C01\%7Ckmamisei\%40uark.edu \%7Cfddbbc3e102c494e5d4408d896ddc5c6\%7C79c742c4e61c4fa5be89a3cb! \%7CTWFpbGZsb3d8eyJWIjoiMC4wLjAwMDAiLCJQljoiV2luMzliLCJBTil6lk1he \%7C1000\&sdata=HAyKtJYGbZoSMPMzHTIYRBguhdsLD9\%2BEC3RH0nBKmZQIIST 2003 \%3D\&reserved=0), as well as discipline specific codes of ethics and standards found in program handbooks. Violation of these principles may result in probation, suspension, or dismissal of the internship as described:

1. Any incident of ethical misconduct or concern will be documented by the faculty member(s), discussed directly with the student and their mentor, and referred to the program's coordinator or supervising faculty. It may also be reported to the Teacher Candidate Professional Review Committee.
2. The Teacher Candidate Professional Review Committee evaluates the concerns and recommends a course of action, which may range
from a zero score on the academic and/or internship work, a failing grade for the course, probation, up to dismissal from a teacher education program.
3. Any candidate may be suspended by a Teacher Education Program Coordinator for extreme, unforeseen circumstances such as endangerment of students or others, disruption of schools or classes, felonious behaviors, or ethical violations (i.e. Arkansas Code of Ethics, Code of Student Life). Such suspensions will be referred to the Teacher Candidate Professional Review Committee for review and may become permanent.

The Program Coordinator, in consultation with the Teacher Education Professional Review Committee and the Dean's Office for Academic and Student Affairs in the College of Education and Health Professions, has the authority and responsibility to dismiss a student from the teacher education program for unethical or unprofessional behavior and/or not recommend the student for licensure.

More detailed guidelines about the policies, supports, and other requirements are provided in the program's handbook, as well as on the Office of Teacher Education website (https://teacher-education.uark.edu/).

Students who have been dismissed on the basis of unethical or unprofessional conduct may appeal the decision following the procedures outlined under the Student Grievances and Appeals section of the Undergraduate Catalog of Studies (p. 87).

## Gifted and Talented Concentration

## Childhood Education B.S.E. with Gifted and Talented Education Concentration Eight-Semester Degree Program

All coursework must be passed with a "C" or better to award degree credit.

## Childhood Education B.S.E. with Gifted and Talented Concentration <br> Eight-Semester Plan

Because this program requires admission to progress, it does not qualify for the university's Eight-Semester Degree Program; however, students who qualify to finish a degree in four years can follow the suggested order of classes below.

| First Year | Fall | Units <br> Spring |
| :--- | ---: | ---: |
| ENGL 1013 Composition I (ACTS Equivalency | 3 |  |

COMM 1233 Media, Community and Citizenship
(Satisfies General Education Outcome 3.2)
PHIL 2003 Introduction to Philosophy (ACTS
Equivalency = PHIL 1103) (Satisfies General
Education Outcome 3.2)
PHIL 2103 Introduction to Ethics (ACTS
Equivalency = PHIL 1003) (Satisfies General
Education Outcome 3.2)

PHIL 2203 Logic (ACTS Equivalency = PHIL 1003) (Satisfies General Education Outcome 5.1)

PHIL 3103 Ethics and the Professions (Satisfies General Education Outcome 5.1)
PSYC 2003 General Psychology (ACTS Equivalency = PSYC 1103)
ENGL 1023 Composition II (ACTS Equivalency
= ENGL 1023) (Satisfies General Education
Outcome 1.1) ${ }^{1}$
HIST 2003 History of the American People to 1877 (ACTS Equivalency $=$ HIST 2113) (Satisfies General Education Outcomes 3.2, 3.3, and 4.2) ${ }^{1}$ or HIST 2013 History of the American People, 1877 to Present (ACTS Equivalency = HIST 2123)
Satisfies General Education Outcomes 3.2, 3.3, and $4.1:^{1}$

HIST 1113 Institutions and Ideas of World
Civilizations I (ACTS Equivalency $=$ HIST 1113)
or HIST 1123 Institutions and Ideas of World Civilizations II (ACTS Equivalency = HIST 1123)
Satisfies General Education Outcome 3.4: ${ }^{1}$
GEOS 1113 Physical Geology (ACTS Equivalency = GEOL 1114 Lecture)
\& GEOS 1111L Physical Geology Laboratory
(ACTS Equivalency $=$ GEOL 1114 Lab)
MATH 2213 Survey of Mathematical Structures I

The courses that meet the state minimum core also fulfill many of the university's General Education requirements (https://nam03.safelinks.protection.outlook.com/?url=https\%3A\%2F \%2Fnextcatalog.uark.edu\%2Fundergraduatecatalog\%2Fgened \%2Fgeneraleducation\%2F\&data=02\%7C01\%7Cagriffin\%40uark.edu \%7Ce4e632415f9b49eda9bf08d7f5c20b91\%7C79c742c4e61c4fa5be89a3 \%2BDWRVEfAqIMsYNX4KXEgX2JdEJJY7Go\%3D\&reserved=0), although there are additional considerations to satisfy the general education learning outcomes. Students are encouraged to consult with their academic adviser when making course selections.

## Requirements for B.S.E. in Childhood Education with Reading Concentration

Admission to the B.S.E. in Childhood Education is competitive and consists of a three-stage process; simply meeting the minimum requirements will not guarantee admission to the program. Admission will be determined by the Childhood Education faculty based on the seven items listed below in Stage II.

## Stage I: Pre-Elementary Education (PELED)

Complete 63 hours of program pre-requisites for the Childhood Education B.S. or the Elementary Education B.S.:

1. Obtain a GPA of 3.0 or better on UA coursework.
2. †Complete all program courses with a " $C$ " or better.
3. Obtain a passing score on the Math, Reading, and Writing sections of the Praxis Core or ACT.
4. Complete a background check.

## Stage II: Admission to the Childhood Education Program (CHED)

Admission to the Childhood Education Program is competitive; not all applicants meeting the minimum requirements will be admitted to the program. Applications to the Childhood Education (CHED) program must be submitted by 11:59 p.m. Central Jan. 30.

The application process includes:

1. Submission of the application to teacher education (see the Teacher Education Application Fee (p. 53)) through the university-wide Teacher Education Office.
2. Submission of Childhood Education application.
3. Submission of transcripts for all coursework.
4. Oral Interview with Childhood Education faculty.
5. Submission of passing score on Math, Reading, and Writing sections of the Praxis Core Exam.
6. Current background check.

## Stage III: Requirements for Program Continuation

1. Declaration of endorsement area of ESL, GT, Reading, or STEM.
2. Maintain a cumulative GPA of 3.0 or better.
3. Passing score on Praxis II, Elementary Education: Multiple Subjects.
4. All non-methods math, science, social studies and English Language Arts courses must be completed prior to senior year.
$\dagger$ All program courses must have a grade of "C" or better. No teaching methods courses may be taken as self-paced (correspondence) courses.
cb566a80d1\%7C0\%7C0\%7C637248086069611524\&sdata=4bJ2Oob83N8KfTkGD
For licensure, students must continue in the Master of Arts in Teaching program, which has limited enrollment. Find out more about the M.A.T. Program (http://catalog.uark.edu/graduatecatalog/programsofstudy/ elementaryeducationmat/) in the Graduate Catalog.

## Childhood Education Requirements

Studersinthe concentrations: English as a Second Language Concentration, a Gifted and Talented Concentration, a Reading Concentration, or a STEM Concentration.

## Dismissal based on Unethical or Unprofessional Behaviors from Childhood Education B.S.E. program

The University of Arkansas' teacher preparation programs adhere to the Code of Ethics of the Education Profession as established by the National Education Association as described in NEA Code of Ethics (https://nam11.safelinks.protection.outlook.com/? url=http\%3A\%2F\%2Fwww.nea.org\%2Fhome \%2F30442.htm\&data=04\%7C01\%7Ckmamisei\%40uark.edu \%7Cfddbbc3e102c494e5d4408d896ddc5c6\%7C79c742c4e61c4fa5be89a3cb566a8 \%7CTWFpbGZsb3d8eyJWIjoiMC4wLjAwMDAiLCJQljoiV2luMzliLCJBTil6Ik1haWwiL \%7C1000\&sdata=sFoXbbVeQF\%2FONOoiCaY4xAogtj
\%2FyuQhynSiD\%2BQ2JKGo\%3D\&reserved=0), Arkansas Division of Elementary and Secondary Education Code of Ethics (https://nam11.safelinks.protection.outlook.com/? url=http\%3A\%2F\%2Fdese.ade.arkansas.gov\%2Fdivisions \%2Feducator\%2520effectiveness\%2Fplsb-professional-ethics-discipline\%2Fcode-of-ethics-for-arkansaseducators\&data=04\%7C01\%7Ckmamisei\%40uark.edu \%7Cfddbbc3e102c494e5d4408d896ddc5c6\%7C79c742c4e61c4fa5be89a3cb566a8 \%7CTWFpbGZsb3d8eyJWIjoiMC4wLjAwMDAiLCJQljoiV2luMzliLCJBTil6Ik1haWwiL \%7C1000\&sdata=HAyKtJYGbZoSMPMzHTIYRBguhdsLD9\%2BEC3RH0nBKmZQ \%3D\&reserved=0), as well as discipline specific codes of ethics and standards found in program handbooks. Violation of these principles may result in probation, suspension, or dismissal of the internship as described:

1. Any incident of ethical misconduct or concern will be documented by the faculty member(s), discussed directly with the student and their mentor, and referred to the program's coordinator or supervising faculty. It may also be reported to the Teacher Candidate Professional Review Committee.
2. The Teacher Candidate Professional Review Committee evaluates the concerns and recommends a course of action, which may range from a zero score on the academic and/or internship work, a failing grade for the course, probation, up to dismissal from a teacher education program.
3. Any candidate may be suspended by a Teacher Education Program Coordinator for extreme, unforeseen circumstances such as endangerment of students or others, disruption of schools or classes, felonious behaviors, or ethical violations (i.e. Arkansas Code of Ethics, Code of Student Life). Such suspensions will be referred to the Teacher Candidate Professional Review Committee for review and may become permanent.

The Program Coordinator, in consultation with the Teacher Education Professional Review Committee and the Dean's Office for Academic and Student Affairs in the College of Education and Health Professions, has the authority and responsibility to dismiss a student from the teacher education program for unethical or unprofessional behavior and/or not recommend the student for licensure.

More detailed guidelines about the policies, supports, and other requirements are provided in the program's handbook, as well as on the Office of Teacher Education website (https://teacher-education.uark.edu/).

Students who have been dismissed on the basis of unethical or unprofessional conduct may appeal the decision following the procedures outlined under the Student Grievances and Appeals section of the Undergraduate Catalog of Studies (p. 87).

## Requirements for B.S.E. in Childhood Education with STEM Concentration

Admission to the B.S.E. in Childhood Education is competitive and consists of a three-stage process; simply meeting the minimum 3 requirements will not guarantee admission to the program. Admission will 3 be determined by the Childhood Education faculty based on the seven items listed below in Stage II.

## Stage I: Pre-Elementary Education (PELED)

Complete 63 hours of program pre-requisites for the Childhood Education B.S. or the Elementary Education B.S.:

1. Obtain a GPA of 3.0 or better on UA coursework.
2. †Complete all program courses with a " $C$ " or better.
3. Obtain a passing score on the Math, Reading, and Writing sections of the Praxis Core or ACT.
4. Complete a background check.

## Stage II: Admission to the Childhood Education Program (CHED)

Admission to the Childhood Education Program is competitive; not all applicants meeting the minimum requirements will be admitted to the program. Applications to the Childhood Education (CHED) program must be submitted by $11: 59$ p.m. Central Jan. 30 .

The application process includes:

1. Submission of the application to teacher education (see the Teacher Education Application Fee (p. 53)) through the university-wide Teacher Education Office.
2. Submission of Childhood Education application.
3. Submission of transcripts for all coursework.
4. Oral Interview with Childhood Education faculty.
5. Submission of passing score on Math, Reading, and Writing sections of the Praxis Core Exam.
6. Current background check.

## Stage III: Requirements for Program Continuation

1. Declaration of endorsement area of ESL, GT, Reading, or STEM.
2. Maintain a cumulative GPA of 3.0 or better.
3. Passing score on Praxis II, Elementary Education: Multiple Subjects.
4. All non-methods math, science, social studies and English Language Arts courses must be completed prior to senior year.
$\dagger$ All program courses must have a grade of " C " or better. No teaching

For licensure, students must continue in the Master of Arts in Teaching program, which has limited enrollment. Find out more about the M.A.T. Program (http://catalog.uark.edu/graduatecatalog/programsofstudy/ elementaryeducationmat/) in the Graduate Catalog.

Students in the Childhood Education program must choose one of four concentrations: English as a Second Language Concentration, a Gifted and Talented Concentration, a Reading Concentration, or a STEM Concentration.

Dismissal based on Unethical or Unprofessional Behaviors from Childhood Education B.S.E. program

The University of Arkansas' teacher preparation programs adhere to the Code of Ethics of the Education Profession as established by the National Education Association as described in NEA Code of Ethics (https://nam11.safelinks.protection.outlook.com/? url=http\%3A\%2F\%2Fwww.nea.org\%2Fhome

Division of Elementary and Secondary Education Code of Ethics (https://nam11.safelinks.protection.outlook.com/? url=http\%3A\%2F\%2Fdese.ade.arkansas.gov\%2Fdivisions \%2Feducator\%2520effectiveness\%2Fplsb-professional-ethics-discipline\%2Fcode-of-ethics-for-arkansas-
educators\&data=04\%7C01\%7Ckmamisei\%40uark.edu
\%7Cfddbbc3e102c494e5d4408d896ddc5c6\%7C79c742c4e61c4fa5be89a3cb! \%7CTWFpbGZsb3d8eyJWIjoiMC4wLjAwMDAiLCJQljoiV2luMzliLCJBTil6lk1ha \%7C1000\&sdata=HAyKtJYGbZoSMPMzHTIYRBguhdsLD9\%2BEC3RHOnBKn, \%3D\&reserved=0), as well as discipline specific codes of ethics and standards found in program handbooks. Violation of these principles may result in probation, suspension, or dismissal of the internship as described:

1. Any incident of ethical misconduct or concern will be documented by the faculty member(s), discussed directly with the student and their mentor, and referred to the program's coordinator or supervising faculty. It may also be reported to the Teacher Candidate Professional Review Committee.
2. The Teacher Candidate Professional Review Committee evaluates the concerns and recommends a course of action, which may range from a zero score on the academic and/or internship work, a failing grade for the course, probation, up to dismissal from a teacher education program.
3. Any candidate may be suspended by a Teacher Education Program Coordinator for extreme, unforeseen circumstances such as endangerment of students or others, disruption of schools or classes, felonious behaviors, or ethical violations (i.e. Arkansas Code of Ethics, Code of Student Life). Such suspensions will be referred to the Teacher Candidate Professional Review Committee for review and may become permanent.

The Program Coordinator, in consultation with the Teacher Education Professional Review Committee and the Dean's Office for Academic and Student Affairs in the College of Education and Health Professions, has the authority and responsibility to dismiss a student from the teacher education program for unethical or unprofessional behavior and/or not recommend the student for licensure.

More detailed guidelines about the policies, supports, and other requirements are provided in the program's handbook, as well as on the Office of Teacher Education website (https://teacher-education.uark.edu/).

Students who have been dismissed on the basis of unethical or unprofessional conduct may appeal the decision following the procedures outlined under the Student Grievances and Appeals section of the Undergraduate Catalog of Studies (p. 87).

## STEM Concentration

Pre- Elementary Education (PELED) requirements ${ }^{\dagger}$
State Minimum Core

Specifically required for CHED program
ENGL 1013 Composition I (ACTS Equivalency = ENGL 1013)
ENGL 1023 Composition II (ACTS Equivalency = ENGL 1023)
MATH 1203 College Algebra (ACTS Equivalency = MATH 1103)
or MATH 13 Quantitative Reasoning (ACTS Equivalency $=$ MATH 1113)

BIOL 1543 Principles of Biology (ACTS Equivalency $=$ BIOL
\& BIOL 1541L 1014 Lecture)
and Principles of Biology Laboratory (ACTS Equivalency = BIOL 1014 Lab)
or BIOL 1524Biological Principles (ACTS Equivalency $=$ BIOL 1004 Lecture)
GEOS 1113 Physical Geology (ACTS Equivalency = GEOL
\& GEOS 1111L1114 Lecture) and Physical Geology Laboratory (ACTS Equivalency = GEOL 1114 Lab)
HIST 2003 History of the American People to 1877 (ACTS Equivalency = HIST 2113)
or HIST 201History of the American People, 1877 to Present (ACTS Equivalency $=$ HIST 2123)
GEOS 1123 Human Geography (ACTS Equivalency = GEOG 1113)
or ANTH 10ء́Introduction to Cultural Anthropology (ACTS Equivalency $=$ ANTH 2013)
HIST 1113 Institutions and Ideas of World Civilizations I (ACTS Equivalency $=$ HIST 1113)
or HIST 1123nstitutions and Ideas of World Civilizations II (ACTS Equivalency = HIST 1123)
ARHS 1003 Basic Course in the Arts: Art Lecture (ACTS Equivalency = ARTA 1003)
or MLIT 100‘Experiencing Music (ACTS Equivalency = MUSC 1003)
or THTR 10CTheatre Appreciation (ACTS Equivalency = DRAM 1003)

PLSC 2003 American National Government (ACTS Equivalency = PLSC 2003)
WLIT 1113 World Literature: Beginnings to 1650 CE (ACTS Equivalency = ENGL 2113)
or WLIT 112:World Literature: 1650CE to Present (ACTS Equivalency = ENGL 2123)

## Childhood Education B.S.E. with STEM Concentration

## Eight-Semester Plan

Because this program requires admission to progress, it does not qualify for the university's Eight-Semester Degree Program; however, students who qualify to finish a degree in four years can follow the suggested order of classes below.

| First Year |  | Units Spring |
| :---: | :---: | :---: |
| ENGL 1013 Composition I (ACTS Equivalency = ENGL 1013) (Satisfies General Education Outcome 1.1) ${ }^{1}$ | 3 |  |
| MATH 1203 College Algebra (ACTS Equivalency $=$ MATH 1103) (Satisfies General Education Outcome 2.1) ${ }^{1}$ <br> or MATH 1313 Quantitative Reasoning (ACTS Equivalency = MATH 1113) <br> Satisfies General Education Outcome 3.4: ${ }^{1}$ | 3 |  |
| BIOL 1543 Principles of Biology (ACTS Equivalency = BIOL 1014 Lecture) <br> \& BIOL 1541L Principles of Biology Laboratory <br> (ACTS Equivalency = BIOL 1014 Lab) <br> or BIOL 1524 Biological Principles (ACTS <br> Equivalency = BIOL 1004 Lecture) | 4 |  |
| CIED 1013 Introduction to Education | 3 |  |
| Choose one of the following: ${ }^{1}$ <br> COMM 1233 Media, Community and Citizenship (Satisfies General Education Outcome 3.2) <br> PHIL 2003 Introduction to Philosophy (ACTS <br> Equivalency = PHIL 1103) (Satisfies General Education Outcome 3.2) <br> PHIL 2103 Introduction to Ethics (ACTS <br> Equivalency = PHIL 1003) (Satisfies General Education Outcome 3.2) <br> PHIL 2203 Logic (ACTS Equivalency = PHIL 1003) (Satisfies General Education Outcome <br> 5.1) <br> PHIL 3103 Ethics and the Professions (Satisfies General Education Outcome 5.1) <br> PSYC 2003 General Psychology (ACTS Equivalency = PSYC 1103) | 3 |  |
| ENGL 1023 Composition II (ACTS Equivalency = ENGL 1023) (Satisfies General Education Outcome 1.1) ${ }^{1}$ |  | 3 |
| HIST 2003 History of the American People to 1877 (ACTS Equivalency = HIST 2113) (Satisfies General Education Outcomes 3.2, 3.3 and 4.2) ${ }^{1}$ or HIST 2013 History of the American People, 1877 to Present (ACTS Equivalency = HIST 2123) |  | 3 |
| Satisfies General Education Outcome 4.1:1 |  |  |
| HIST 1113 Institutions and Ideas of World Civilizations I (ACTS Equivalency = HIST 1113) or HIST 1123 Institutions and Ideas of World Civilizations II (ACTS Equivalency = HIST 1123) Satisfies General Education Outcome 3.4: ${ }^{1}$ |  | 3 |
| GEOS 1113 Physical Geology (ACTS Equivalency = GEOL 1114 Lecture) <br> \& GEOS 1111L Physical Geology Laboratory <br> (ACTS Equivalency $=$ GEOL 1114 Lab) |  | 4 |

## Faculty

Beasley, Jennifer G., Ed.D. (University of Virginia), M.A. (Wichita State University), B.A. (Kansas State University), Clinical Associate Professor, Department of Curriculum and Instruction, 2009, 2018.
Elsass, Angela Carlton, Ed.D., Ed.S. (University of Arkansas), M.Ed. (Harding University), B.S.E. (University of Central Arkansas), Clinical Associate Professor, Department of Curriculum and Instruction, 2010, 2016.

Imbeau, Marcia B., Ph.D. (University of Connecticut), M.Ed. (University of Arkansas at Little Rock), B.A. (Hendrix College), Professor, Department of Curriculum and Instruction, 1991, 2013.
Mounts, Denise Ann, Ed.D. (Saint Louis University), B.S.E. (Northwest Missouri State University), Clinical Associate Professor, Department of Curriculum and Instruction, 2005, 2016.

Wissehr, Cathy, Ed.D. (University of Missouri-Columbia), M.N.S.Ed., B.S. (Southeast Missouri State University), Clinical Associate Professor, Department of Curriculum and Instruction, 2009, 2016.

## Courses

CIED 1003. Introduction to Technology in Education. 3 Hours.
A study of computer technology as it relates to teacher education. This course introduces students interested in teacher education to the knowledge and skills required to demonstrate their proficiency in technology and learning. (Typically offered: Fall, Spring and Summer)

## CIED 1013. Introduction to Education. 3 Hours.

Integrates psychological, sociological, and philosophical foundations of education with concurrent involvement in field experiences. Encourages prospective teachers to become reflective practitioners by emphasizing organization of school systems, planning and implementation of effective classroom environments, development of teaching styles, and new directions in education. An 18-hour early field experience designed to give prospective teachers opportunities to observe and participate in a variety of school settings is incorporated in this introductory course to education. (Typically offered: Fall and Spring)

## CIED 2083. Innovation and Creativity in Daily Practice. 3 Hours.

Arts integration course including the ideas, design, and implementation of practices in the classroom, board room, and professional field that enrich the experiences of all stakeholders while building right-brain thinking skills for the new millennium. (Typically offered: Fall and Spring) May be repeated for up to 6 hours of degree credit.

CIED 2943. Foundations of Language and Literacy. 3 Hours.
A foundational study of language and literacy with an emphasis on content knowledge for teachers that is essential to the components and principles of science-based literacy. Corequisite: CIED 3113. (Typically offered: Fall and Spring)
CIED 3013. Development and Learning Theories in the K-6 Classroom. 3 Hours.
This course allows students to cultivate an understanding of how elementary students develop, process information, and learn; studies educational applications pertaining to theories of development, intelligence, and thinking dispositions. Students study various learning theories, their implications for instruction, and their role in the K-6 classroom. Field experience required. Prerequisite: PELED or CHEDBS or ELELBS major. (Typically offered: Fall and Spring)
CIED 3013H. Honors Development and Learning Theories in the K-6 Classroom. 3 Hours.
This course allows students to cultivate an understanding of how elementary students develop, process information, and learn; studies educational applications pertaining to theories of development, intelligence, and thinking dispositions.
Students study various learning theories, their implications for instruction, and their role in the K-6 classroom. Field experience required. Prerequisite: CHEDBS or ELELBS major and honors. (Typically offered: Fall and Spring)
This course is equivalent to CIED 3013.
CIED 3023. Survey of Exceptionalities. 3 Hours.
A survey of the characteristics of students with exceptional needs. Reviews the definitions of exceptionalities, learning and behavior characteristics of individuals with exceptionalities and the legal basis for the education of persons with exceptionalities in both elementary and secondary schools. Prerequisite: CIED 1013, or MUED 2012, or AGED 1123, or PSYC 2003. (Typically offered: Fall, Spring and Summer)

## CIED 3023H. Honors Survey of Exceptionalities. 3 Hours.

A survey of the characteristics of students with exceptional needs. Reviews the definitions of exceptionalities, learning and behavior characteristics of individuals with exceptionalities and the legal basis for the education of persons with exceptionalities in both elementary and secondary schools. Prerequisite: Honors standing, CIED 1013, or MUED 2012, or AGED 1123, or PSYC 2003. (Typically offered: Fall, Spring and Summer)
This course is equivalent to CIED 3023.

## CIED 3033. Classroom Learning Theory. 3 Hours.

A survey of the major theories of learning with special emphasis on human learning and implications for education. Field experience required. Prerequisite: CIED 1013; or MUED 2012; or PHED 1003; or AGED 1123; or PSYC 2003. (Typically offered: Fall, Spring and Summer)

## CIED 3033H. Honors Classroom Learning Theory. 3 Hours.

A survey of the major theories of learning with special emphasis on human learning and implications for education. Field experience required. Prerequisite: Honors standing and (CIED 1013; or MUED 2012; or PHED 1003; or AGED 1123; or PSYC 2003). (Typically offered: Fall, Spring and Summer)
This course is equivalent to CIED 3033.

## CIED 3053. The Emerging Adolescent. 3 Hours.

This course is a study of the developmental characteristics (social, emotional, physical, moral, and intellectual) of early adolescents (ages 10-15 years). The implications of these changes for motivation, instruction, learning, and classroom management in the classroom are emphasized. Course has field component. Prerequisite: CIED 1013. (Typically offered: Fall and Spring)

## CIED 3103. Children and Adolescent Literature. 3 Hours.

A survey of children's literary works, authors, and illustrators with emphasis on elementary grade and adolescent literature. Prerequisite: CHEDBS or ELELBS or HDFSBS BRKD or HDFSBS CDEV or PSPED major. (Typically offered: Fall and Spring)

## CIED 3103H. Honors Children and Adolescent Literature. 3 Hours.

A survey of children's literary works, authors, and illustrators with emphasis on elementary grade and adolescent literature. Corequisite: CIED 3113. Prerequisite: CHEDBS or ELELBS major and honors. (Typically offered: Fall and Spring) This course is equivalent to CIED 3103.

## CIED 3113. Emergent Literacy. 3 Hours.

An understanding of emergent literacy development through a study of sciencebased literacy pedagogy and practical field experiences. Field experience required. Corequisite: CIED 2943. Prerequisite: ENGL 1013, ENGL 1023, and CHEDBS or ELELBS or HDFSBS BRKD or HDFSBS CDEV or SPEDBS major. (Typically offered: Fall and Spring)

## CIED 3113H. Honors Emergent Literacy. 3 Hours.

This course focuses on theories of children's emerging literacy and on the continuing development of literacy abilities in pre-kindergarten and early elementary years.
Field experience required. Prerequisite: ENGL 1013, ENGL 1023, and CIED 3262, CHEDBS or ELELBS major and honors. (Typically offered: Fall and Spring) This course is equivalent to CIED 3113.
CIED 3123. Mathematics Methods in the K-6 Classroom. 3 Hours.
An examination of the content of elementary mathematics courses. Special emphasis given to methods of teaching the content as well as enrichment materials. Field experience required. Prerequisite: MATH 1203, MATH 2213, MATH 2223, and (CHEDBS or ELELBS major). (Typically offered: Fall and Spring)

CIED 3133. Integrated Social Studies for the K-6 Classroom. 3 Hours.
Focuses on the methodology of facilitating elementary students' development in language arts and social studies. Integrates the curriculum and teaching strategies in language arts and social studies. Field experience required. Prerequisite: CHEDBS or ELELBS major, and PLSC 2003 and (HIST 2003 or HIST 2013), and (HIST 1113 or HIST 1123), and (GEOS 1123 or ANTH 1023), and (ECON 3053 or ECON 2143), and (ARHS 1003 or MLIT 1003). (Typically offered: Fall and Spring)

CIED 3453. Developmental Literacy. 3 Hours.
A deep and comprehensive application of the development of literacy skills from decoding to fluent, comprehending readers. Field experience required. Prerequisite: CIED 2943, CIED 3113, and admission into ELELBS or CHEDBS programs. (Typically offered: Fall and Spring)

## CIED 3453H. Honors Developmental Literacy. 3 Hours.

A deep and comprehensive application of the development of literacy skills from decoding to fluent, comprehending readers. Field experience required. Prerequisite: CIED 2943, CIED 3113, admission into ELELBS or CHEDBS programs, and honors standing. (Typically offered: Fall and Spring)
This course is equivalent to CIED 3453.
CIED 3901H. Honors Curriculum and Instruction Education Thesis Tutorial. 1 Hour.

Designed to provide the foundation for the Honors Thesis. Students and faculty tutors work "one-on-one" exploring a specific topic which has been agreed upon by the student and the professor. Prerequisite: Honors candidacy and CATEBS, CHEDBS, DREDBA, EDSTBS, EGEDBA, ELELBS, FREDBA, GREDBA, SNEDBA, SPEDBS, or SSEDBA majors. (Typically offered: Fall, Spring and Summer)

## CIED 4003. Elementary Seminar. 3 Hours.

This course is designed to synthesize the foundational content presented in the Bachelor of Science in Education, Elementary Education program. It focuses on refinement of generalized knowledge to accommodate specialized content relevant to elementary students. Corequisite: CIED 4173. Prerequisite: CHEDBS or ELELBS major. (Typically offered: Fall)

CIED 4013. Capstone Course for Foreign Language Licensure. 3 Hours.
This course is designed to identify and provide evidence of content language specific proficiencies in the four skills of reading, writing, listening, and speaking a foreign language. (Typically offered: Spring)

## CIED 4023. Teaching in Inclusive Secondary Settings. 3 Hours.

This course is designed to prepare pre-service teachers to teach in inclusive classroom settings at the secondary level. Course content will focus on the ways in which exceptionality, specifically focused on high-incidence disabilities and culture, specifically focused on English language learners mediate the learning experiences of secondary level students. (Typically offered: Summer)

CIED 4113. Integrated Communication Skills for the K-6 Classroom. 3 Hours. Focuses on the methodology of facilitating elementary students' literacy development. Emphasis is on the integration of the communication skills of reading, writing, speaking, and listening across the curriculum. Prerequisite: COMM 1313 or COMM 2323 and CHEDBS or ELELBS major. (Typically offered: Fall and Spring)

CIED 4113H. Honors Integrated Communication Skills for the K-6 Classroom. 3 Hours.
Focuses on the methodology of facilitating elementary students? literacy development. Emphasis is on the integration of the communication skills of reading, writing, speaking, and listening across the curriculum. Prerequisite: COMM 1313 or COMM 2323 and CHEDBS or ELELBS major and honors. (Typically offered: Fall and Spring)
This course is equivalent to CIED 4113.

CIED 4123. Literacy Assessment and Interventions in the Elementary Classroom. 3 Hours
An undergraduate course focusing on literacy assessment and intervention for prospective classroom teachers. Participants become familiar with assessment procedures and instruments for identifying student strengths and weaknesses in literacy, determining effective intervention strategies for literacy improvement, and principles of reporting assessment and intervention outcomes. Corequisite: CIED 4173. Prerequisite: CHEDBS or ELELBS major. (Typically offered: Fall)

CIED 4131. Practicum for Secondary and Multilevel Tracks in Education. 1 Hour.
This practicum is a requirement for entry into the EDUC MA, Master of Arts in Teaching program. Students will be involved in documented experiences with children for a minimum of 60 hours in grades K-12. Students enrolled in the multilevel track will be placed in a combination of elementary, middle, and high school settings. Students enrolled in the secondary track will be placed in a combination of middle and high school settings. Prerequisite: Cleared background check. (Typically offered: Spring and Summer)

CIED 4133. Measurement and Research in the K-6 Classroom. 3 Hours. This course is designed to provide an introduction to educational assessment, research methods, and what research has to say about trends and topics in elementary education. Prerequisite: CHEDBS or ELELBS major. (Typically offered: Fall)

CIED 4143. Curriculum Design and Applications of Instructional Practice. 3 Hours.

A course in the design and adaptation of curriculum for students in regular, elementary classrooms. Theoretical bases and curriculum models will be reviewed. Corequisite: CIED 4173. Prerequisite: CHEDBS or ELELBS major. (Typically offered: Spring)

CIED 4153. Classroom Management in the Elementary Grades. 3 Hours
This course focuses on a number of different management techniques for elementary classrooms that can be used in general education settings. Prerequisite: CHEDBS or ELELBS major. (Typically offered: Fall and Spring)

## CIED 4163. Senior Project. 3 Hours.

This course is designed to provide students with the research skills necessary to complete their senior project. Prerequisite: CHEDBS or ELELBS major. (Typically offered: Summer)

CIED 4173. Student Teaching. 3 Hours.
Full-time student teaching in grades K-6 to be repeated both fall and spring semesters. Students will practice and master instructional strategies under the supervision of qualified mentor teachers and university faculty members. Prerequisite: CHEDBS or ELELBS major. (Typically offered: Fall and Spring) May be repeated for up to 6 hours of degree credit.

CIED 4183. Instruction and Assessment of Writing. 3 Hours.
Develop knowledge, skills and dispositions about writing processes, genres, and pedagogy. Field experience required. Corequisite: CIED 3453. Prerequisite: CIED 2943, CIED 3113, and admission into CHEDBS or ELELBS programs. (Typically offered: Fall and Spring)

CIED 4183H. Honors Instruction and Assessment of Writing. 3 Hours. Develop knowledge, skills and dispositions about writing processes, genres, and pedagogy. Field experience required. Prerequisite: CIED 2943, CIED 3113, CIED 3453, honors standing and admission into CHEDBS or ELELBS programs. (Typically offered: Fall and Spring)
This course is equivalent to CIED 4183.

CIED 4285. Teaching Experience. 5 Hours.
The teaching experience is an essential component of the Bachelor of Arts in Teaching degree. The two semester experience allows Teacher Candidates (TC) to make further application of theoretical principles of teaching and learning. Teacher Candidates will be assigned placement in area schools for both fall and spring semesters. Teacher candidates are placed in K-12 or 7-12 levels depending on their content area for licensure. The fall semester consists of a field experience including observation, co-planning, and co-teaching. The spring semester consists of an immersion experience for teacher candidates to plan and teach independently. Prerequisite: Admission to one of the following: EGEDBA, SSEDBA, FREDBA, GREDBA, SNEDBA, or DREDBA. (Typically offered: Spring)
CIED 4363. Disciplinary Literacy in the K-6 Classroom. 3 Hours.
Focuses on the methodology of extending K-6 learners' basic literacy development, as a foundation for intermediate and disciplinary literacy. Emphasis is on the engagement of students in the distinct reading, writing, speaking, and listening requirements of different disciplines. Prerequisite: CIED 3113 and CHEDBS or ELELBS major. (Typically offered: Fall and Spring)

## CIED 4403. Understanding Cultures in the Classroom. 3 Hours.

This course provides pre-and in-service teachers knowledge and skills necessary for educating ethnically and linguistically diverse classrooms. Students have the opportunity to understand positive relationships while removing stereotypes and prejudices. It addresses issues for social justice education through understanding ways that children learn and communicate in their homes and communities. Students will examine how topics in multicultural education inform instructional goals, curriculum planning/implementation, and teaching practices across content areas in public K-12 classrooms. This course meets the AR teaching license ESL endorsement requirements for a culture course. Some sections of this course will contain a service learning component. (Typically offered: Fall)

CIED 4413. Acquiring a Second Language. 3 Hours.
The course gives an introduction to the basics in research and learning theories involved in the acquisition of second languages and cultures, particularly of English. (Typically offered: Spring)
CIED 4423. Teaching English as a Second Language. 3 Hours.
This course is designed to provide teacher candidates with the basic knowledge and teaching skills necessary to address the linguistic needs of English language learners (ELLs) in regular classrooms. The students in this class will learn about and use multiple strategies for promoting ELLs' reading, writing, listening, and speaking skills. Emphasis will be placed especially on differentiating early reading instruction for ELLs. Prerequisite: CHEDBS or ELELBS major. (Typically offered: Spring)

## CIED 4433. The Moral Mind in Action. 3 Hours.

The Moral Mind in Action explores how people reason through moral dilemmas and prepares students to more effectively recognize and resolve moral problems. Best practices of teachers and administrators of K-16 character education programs are discussed. (Typically offered: Fall)

## CIED 4443. Moral Courage. 3 Hours.

Moral Courage explores the factors that support translating moral thinking into moral action. This course draws from the field of positive psychology to guide students as they leverage existing strengths and develop new strategies for acting with moral courage in their personal and professional lives. Best practices of teachers and administrators of K-16 character education programs are discussed. (Typically offered: Spring)

## CIED 4463. Culture and Learning. 3 Hours.

Culture, its meanings, dimensions, and manifestations are explored in this course. How these cultural elements impact perceptions of students, classroom practices, and educational processes are explored in this course. A strength-based approach is employed to explore the issues associated with including all students within classrooms. (Typically offered: Fall, Spring and Summer)

CIED 4483H. Honors Museum Matters: History, Practices, Culture and Controversy. 3 Hours.
Museums are respected institutions, but few visitors have likely thought about their history, purpose and role in society and culture. This class is an introduction to museology or the study of museums. Through field trips, guest lectures, discussions, and targeted readings we will explore issues such as collecting, exhibiting, controversies, architecture and the educational challenges found in the wide world of museums. Prerequisite: Honors standing. (Typically offered: Spring Odd Years)
CIED 4503H. Honors Charles Darwin and the Legacy of Evolution. 3 Hours. This highly integrated honors class draws on various perspectives to examine the life of Charles Darwin and the legacy and impact of evolution. Topics and guest instructors change each semester, but the course will focus on evolution from the perspectives of biology, anthropology, the law, philosophy, history, culture and literature. Prerequisite: Honors standing. (Typically offered: Spring Even Years)
CIED 4533. Reading Comprehension Through Children's and Adolescent Literature. 3 Hours.
An examination of the major genres of children and adolescent literature to develop and extend K-6 students' skills in reading comprehension. Field experience required. Prerequisite: CIED 2943, CIED 3113, CIED 3453, and admission into CHEDBS or ELELBS programs. (Typically offered: Fall and Spring)
CIED 4533H. Honors Reading Comprehension Through Children's and Adolescent Literature. 3 Hours.
An examination of the major genres of children and adolescent literature to develop and extend K-6 students' skills in reading comprehension. Field experience required. Prerequisite: CIED 2943, CIED 3113, CIED 3453, admission into CHEDBS or ELELBS programs, and honors standing. (Typically offered: Fall and Spring) This course is equivalent to CIED 4533.

## CIED 4953. Assessment for English Learners. 3 Hours.

This course addresses how to design appropriate assessments for English Learners taking into account their English language proficiency level and how to utilize the results of these assessments appropriately. (Typically offered: Spring)
CIED 498VH. Curriculum and Instruction Honors Thesis/Project. 1-3 Hour. Designed to provide facilitation of the Honors Thesis/Project. Students and faculty work "one-on-one" to complete the honors thesis/project. Prerequisite: Honors candidacy, CIED 3901H, and CATEBS, CHEDBS, DREDBA, EDSTBS, EGEDBA, ELELBS, FREDBA, GREDBA, SNEDBA, SPEDBS, or SSEDBA major. (Typically offered: Fall, Spring and Summer) May be repeated for up to 3 hours of degree credit.
CIED 499V. Special Topics in Curriculum and Instruction Education. 1-6 Hour. Discussion and advanced studies on selected topics in curriculum and instruction. Special focus on recent and emerging topics in education. (Typically offered: Fall, Spring and Summer) May be repeated for up to 18 hours of degree credit.
CIED 499VH. Honors Special Topics in Curriculum and Instruction Education. 1-3 Hour.
Discussion and advanced studies on selected topics in curriculum and instruction. Special focus on recent and emerging topics in education. (Typically offered: Fall, Spring and Summer)
This course is equivalent to CIED 499V.

## Communication Disorders and Occupational Therapy (CDOT)

Fran Hagstrom
Department Head
272 Epley Center for Health Professions
479-575-4891
fhagstr@uark.edu
Speech and Hearing Clinic

Epley Center for Health Professions
606 N. Razorback Road
479-575-4509
The Department of Communication Disorders and Occupational Therapy offers an undergraduate major in communication sciences and disorders that leads to the B.S. degree and prepares students for graduate studies (master's level) in speech-language pathology and/or the professional doctorate in audiology. The minimum requirements for all students in the college are listed under general studies (p. 698).

The department also offers graduate programs in communication sciences and disorders (http://catalog.uark.edu/graduatecatalog/ programsofstudy/communicationdisorderscdis/) and occupational therapy (http://catalog.uark.edu/graduatecatalog/programsofstudy/clinical-occupational-therapy/).

## Requirements for B.S. in Communication Sciences and Disorders

Admission to the B.S. degree program in Communication Sciences and Disorders is competitive and consists of a three-stage process. Students must apply for formal admission and be accepted to the undergraduate B.S. degree program in Communication Sciences and Disorders prior to taking junior- and senior-level classes in the major.

## Stage I: Pre-Communication Sciences and Disorders (PCDIS)

All students declaring a major in communication sciences and disorders are accepted as tentative candidates to the undergraduate program and assigned the pre-communication code - PCDIS.

The PCDIS program includes:

1. Complete all program pre-requisites courses.
2. Obtain a minimum cumulative grade-point average of 3.0 on all college level coursework.
3. Complete the following courses with a "C" or better: ENGL 1013 and ENGL 1023, MATH 1203 or equivalent, and COMM 1313.
4. Obtain passing scores on the Core Academic Skills for Educator: Math, Reading, and Writing sections of the Praxis Core Exam.

Students who do not meet admission criteria for the B.S. degree program in communication sciences and disorders in any given year may reapply in subsequent years.

## Stage II: Admission to the Communication Sciences and Disorders Program (CDIS)

Admission to the Communication Sciences and Disorders Program is competitive and occurs after completion of all Pre-Communication Sciences and Disorders requirements and prior to the beginning of the fall semester of the junior year.

Applications to the Communication Sciences and Disorders (CDIS) program must be submitted by January 30th.

The application process includes:

1. Submission of Communication Sciences and Disorders Application Form, Letter of Intent, and Curriculum Guide Form.
2. Submission of transcripts for all coursework
3. Submission of passing score on Math, Reading, and Writing sections of Praxis Core Exam
4. Satisfactory completion of an admission interview with designated faculty

As a result of the competitive process, not all applicants meeting the minimum requirements will be admitted to the program.

## Stage III: Requirements for Program Continuation and Completion

1. Maintain a minimum cumulative GPA of 3.0.
2. In order to enroll in CDIS 4003 Clinical Practicum: Undergraduate, students must have an overall GPA of 3.0 in the following courses: CDIS 2253, CDIS 3123, CDIS 3213, CDIS 3223, CDIS 3203, CDIS 4223 and a "B" in CDIS 3233. Clinical Practice is an elective for undergraduates and is taken for course credit hours, not a grade.
3. Meet all university requirements for graduation.

## Requirements for Communication Sciences and Disorders (CDIS)

State Minimum Core
Of which Communication Sciences and Disorders requires the following specific courses:

| BIOL 1543 | Principles of Biology (ACTS Equivalency = BIOL |
| :--- | :--- |
| \& BIOL 1541L | 1014 Lecture) |
|  | and Principles of Biology Laboratory (ACTS |
|  | Equivalency = BIOL 1014 Lab) (or higher level) |

PSYC 2003 General Psychology (ACTS Equivalency = PSYC 1103)

ANTH 1023 Introduction to Cultural Anthropology (ACTS Equivalency = ANTH 2013)
Select one of the following:
PHYS 1023 Physics and Human Affairs
\& PHYS 1021L and Physics and Human Affairs Laboratory (or higher level)
PHYS 2013 College Physics I (ACTS Equivalency = PHYS \& PHYS 2011L 2014 Lecture) and College Physics I Laboratory (ACTS Equivalency = PHYS 2014 Lab) (or higher level)
CHEM 1073 Fundamentals of Chemistry (ACTS Equivalency = \& CHEM 1071LCHEM 1214 Lecture) and Fundamentals of Chemistry Laboratory (ACTS Equivalency = CHEM 1214 Lab) (or higher level)
Program specific course requirements for Communication
Sciences and Disorders - 9 hours total
Select one of the following: 3

| ENGL 2003 | Advanced Composition |  |
| :---: | :--- | :--- | :--- |
| ENGL 2013 | Essay Writing |  |
| ENGL 3053 | Technical and Professional Writing (ACTS <br>  <br> Equivalency = ENGL 2023) |  |
| CDIS 498VH | Honors Communication Disorders Thesis/Project ${ }^{1}$ |  |
| COMM 1313 | Public Speaking (ACTS Equivalency $=$ SPCH <br> 1003) | 3 |
| STAT 2303 | Principles of Statistics (ACTS Equivalency = MATH <br> 2103) | 3 |

Communication Sciences and Disorders Major Requirements (42 hours)
CDIS 2253 Introduction to Communicative Disorders 3
CDIS 3103 Introduction to Audiology 3

| CDIS 3213 | Anatomy and Physiology of the Speech <br> Mechanism | 3 |
| :--- | :--- | ---: |
| CDIS 3123 | Normal Phonology and Articulatory Process <br> (Normal Phonology and Articulatory Processes) | 3 |

| CDIS 4183 | Clinical Assessment of Speech and Language | 3 |
|  | Disorders | 3 |
| CDIS 4223 | Language Disorders in Children | $\mathbf{3 4}$ |
| Electives |  | $\mathbf{1 2 0}$ |

1 Option only for students successfully completing Honors Program

## Communication Sciences and Disorders B.S. Eight-Semester Plan

All CDIS students are accepted as tentative candidates and thus not eligible for the eight-semester degree plan. Students must apply for formal admission to the undergraduate B.S. degree program in CDIS prior to taking junior- and senior-level classes in the major. However, students who qualify to finish a degree in four years can follow the suggested order of classes below.

| First Year | Units |  |
| :---: | :---: | :---: |
|  | Fall | Spring |
| ENGL 1013 Composition I (ACTS Equivalency = ENGL 1013) (Satisfies General Education Outcome 1.1) | 3 |  |
| MATH 1203 College Algebra (ACTS Equivalency = MATH 1103) (Satisfies General Education Outcome 2.1) | 3 |  |
| Satisfies General Education Outcome 3.4: <br> BIOL 1543 Principles of Biology (ACTS <br> Equivalency = BIOL 1014 Lecture) <br> \& BIOL 1541L Principles of Biology Laboratory <br> $(\text { ACTS Equivalency }=\text { BIOL } 1014 \mathrm{Lab})^{4}$ | 4 |  |
| U.S. History or Government State Minimum Core | 3 |  |
| Elective | 3 |  |
| ENGL 1023 Composition II (ACTS Equivalency = ENGL 1023) (Satisfies General Education Outcome 1.1) |  | 3 |
| Fine Arts or Humanities State Minimum Core (Satisfies General Education Outcome 3.1 or 3.2) ${ }^{1}$ |  | 3 |
| COMM 1313 Public Speaking (ACTS Equivalency = SPCH 1003) (Satisfies General Education Outcome 1.2 and 5.1) |  | 3 |
| Electives |  | 6 |
| Year Total: | 16 | 15 |

| Second Year |  |  |
| :---: | :---: | :---: |
|  | Fall | Spring |
| ANTH 1023 Introduction to Cultural Anthropology (ACTS Equivalency = ANTH 2013) (Satisfies General Education Outcome 3.3) ${ }^{2}$ | 3 |  |
| CDIS 2253 Introduction to Communicative Disorders | 3 |  |
| PSYC 2003 General Psychology (ACTS Equivalency = PSYC 1103) (Satisfies General Education Outcome 3.3) ${ }^{2}$ | 3 |  |
| Choose one science/lab from the following (Satisfies General Education Outcome 3.4): | 4 |  |
| PHYS 1023 Physics and Human Affairs \& PHYS 1021L Physics and Human Affairs Laboratory ${ }^{4}$ |  |  |
| CHEM 1073 Fundamentals of Chemistry (ACTS Equivalency = CHEM 1214 Lecture) \& CHEM 1071L Fundamentals of Chemistry Laboratory (ACTS Equivalency = CHEM 1214 Lab) ${ }^{4}$ |  |  |
| PHYS 2013 College Physics I (ACTS Equivalency = PHYS 2014 Lecture) \& PHYS 2011L College Physics I Laboratory $(\text { ACTS Equivalency }=\text { PHYS } 2014 \text { Lab })^{4}$ |  |  |
| Elective | 3 |  |
| STAT 2303 Principles of Statistics (ACTS Equivalency $=$ MATH 2103) (Satisfies General Education Outcome 2.1) |  | 3 |
| Social Sciences State Minimum Core (Satisfies General Education Outcome 3.3) ${ }^{1}$ |  | 3 |
| Fine Arts/Humanities State Minimum Core <br> (Satisfies General Education Outcome 3.1 or 3.2) ${ }^{1}$ |  | 3 |
| Electives |  | 6 |
| Year Total: | 16 | 15 |
| Third Year |  | Units |
|  | Fall | Spring |
| Process |  |  |
| CDIS 3213 Anatomy and Physiology of the Speech Mechanism | 3 |  |
| CDIS 3223 Language Development in Children | 3 |  |
| CDIS 4273 Communication Behavior and Aging | 3 |  |
| Elective | 3 |  |
| CDIS 3203 Articulation Disorders |  | 3 |
| CDIS 3233 Introduction to Clinical Practice |  | 3 |
| CDIS 4223 Language Disorders in Children |  | 3 |
| ENGL 2003 Advanced Composition or ENGL 2013 Essay Writing |  | 3 |
| or ENGL 3053 Technical and Professional Writing (ACTS Equivalency = ENGL 2023) |  |  |
| or CDIS 498VH Honors Communication Disorders |  |  |
| Thesis/Project |  |  |
| Elective |  | 3 |
| Year Total: | 15 | 15 |

| Fourth Year | Units |  |
| :---: | :---: | :---: |
|  | Fall | Spring |
| CDIS 3103 Introduction to Audiology | 3 |  |
| CDIS 4253 Neurological Bases of Communicatio | 3 |  |
| CDIS 4213 Introduction to Speech and Hearing Science | 3 |  |
| Electives (Recommend: CDIS 4003 Clinical Practicum: Undergraduate) | 4 |  |
| CDIS 3253 Cultural Diversity in Communication Disorders (Satisfies General Education Outcome 4.1, 4.2, and 6.1) |  | 3 |
| CDIS 4133 Introduction to Aural Rehabilitation |  | 3 |
| CDIS 4183 Clinical Assessment of Speech and Language Disorders |  | 3 |
| Electives |  | 6 |
| Year Total: | 13 | 15 |
| Total Units in Sequence: |  | 120 |
| ${ }^{1}$ Students must complete the State Minimum Core requirements (https://nam03.safelinks.protection.outlook.com/?url=https\%3A\%2F \%2Fnextcatalog.uark.edu\%2Fundergraduatecatalog\%2Fgened \%2Fstateminimum\%2F\&data=02\%7C01\%7Cagriffin\%40uark.edu \%7Ce4e632415f9b49eda9bf08d7f5c20b91\%7C79c742c4e61c4fa5be89 \%2F1XG8924jwOx8pTlw8IWNAGp0s\%3D\&reserved=0) as outlined in the Catalog of Studies. The courses that meet the state minimum core also fulfill many of the university's General Education requirements (https://nam03.safelinks.protection.outlook.com/?url=https\%3A\%2F \%2Fnextcatalog.uark.edu\%2Fundergraduatecatalog\%2Fgened \%2Fgeneraleducation\%2F\&data=02\%7C01\%7Cagriffin\%40uark.edu \%7Ce4e632415f9b49eda9bf08d7f5c20b91\%7C79c742c4e61c4fa5be89 \%2BDWRVEfAqIMsYNX4KXEgX2JdEJJY7Go\%3D\&reserved=0), although there are additional considerations to satisfy the general education learning outcomes. Students are encouraged to consult with their academic adviser when making course selections. <br> ${ }^{2}$ Required Social Science Core for CDIS majors. <br> ${ }^{3}$ CDIS 498VH: Option only for students successfully completing Honors Program. <br> ${ }^{4}$ or higher level |  |  |

## Faculty

Acurio, Danielle D., Ph.D. (Rocky Mountain University), B.S. (Louisiana State University), B.S. (Louisiana Tech University), Clinical Assistant Professor, 2023.
Bowers, Andrew L., Ph.D. (University of Tennessee Health Science Center), M.A., B.A. (University of Tennessee), Associate Professor, 2012, 2019.

Bowers, Lisa Marie, Ph.D. (University of Tennessee Health Science Center), M.A., B.A. (Louisiana State University), Associate Professor, 2012, 2019.
Danley, Jessica, M.S. (Tennessee State University), B.S. (University of North Texas), Clinical Instructor, 2021.
Frazier, Kimberly Frances, Ph.D. (University of South Carolina-
Columbia), M.S., B.S.E. (University of Arkansas), Associate Professor, 2007, 2013.
Glade, Rachel E., Ph.D. (University of Arkansas), M.S. (University of Arkansas for Medical Sciences), M.A. (University of Arkansas), B.S.
(University of Arkansas at Little Rock), Clinical Associate Professor, 2015, 2017.

Haghighi, Mohammad, Ph.D. (Ohio University), Assistant Professor, 2019.

Hagstrom, Fran W., Ph.D. (Clark University), M.S. (University of Texas Health Science Center-Houston), M.A. (St. Louis University), B.A.
(Southwest Baptist University), Associate Professor, 2002, 2008.
Holyfield, Christine E., Ph.D. (Pennsylvania State University), M.A.
(University of Kansas), B.S. (Central Michigan University), Associate 3 Professor, 2017, 2022.

Hux, Glenda, O.T.D. (Boston University), B.S. (University of Mississippi Medical Center), Assistant Professor, 2023.

University), Associate Professor, 2017.
Muriithi, Bernard, Ph.D. (Otto von Guericke University), M.A. (University of Southern California), M.A. (Kenyatta University), B.A. (Kenyatta University), Assistant Professor, 2023.
Muriithi, Jennifer, O.T.D. (University of Utah), M.S. (Grand Canyon University), M.A. (University of Southern California), B.A. (Baylor University), Clinical Assistant Professor, 2023.
Salter, Kandy S.L., O.T.D. (University of Kansas), M.S. (University of Central Arkansas), Clinical Assistant Professor, 2018.
Troillett, Amanda, O.T.D. (Washington University St. Louis), B.A.
(University of Cincinnati), Clinical Assistant Professor, 2021.

## conurses

 CDIS 2253. Introduction to Communicative Disorders. 3 Hours.An introductory course which surveys the professional interests of speech-language pathology and audiology with specific attention to the general recognition and classification of disorders of speech, language, and hearing, and general trends in rehabilitation. Consideration given to the classroom teacher's involvement in communication disorders. (Typically offered: Fall and Spring)

## 

## Disorders. 3 Hours.

This course introduces students to the research process in the field of communication sciences and disorders. Prerequisite: Acceptance into the COEHP Honors Program and instructor consent. (Typically offered: Spring)

## CDIS 3103. Introduction to Audiology. 3 Hours.

Introduction to the basic concepts for administering and interpreting hearing tests, including the anatomy and physiology of the auditory system, disorders of the ear, and techniques for administering and interpreting basic pure tone threshold tests. Corequisite: PHYS 1023 and PHYS 1021L, PHYS 2013 and PHYS 2011L or CHEM 1073 and CHEM 1071L. Pre- or Corequisite: CDIS 3213. Prerequisite: CDISBS major or departmental consent. (Typically offered: Fall and Spring)

## CDIS 3103H. Honors Introduction to Audiology. 3 Hours.

Introduction to the basic concepts for administering and interpreting hearing tests, including the anatomy and physiology of the auditory system, disorders of the ear, and techniques for administering and interpreting basic pure tone threshold tests. Corequisite: PHYS 1023 and PHYS 1021L, PHYS 2013 and PHYS 2011L or CHEM 1073 and CHEM 1071L. Pre- or Corequisite: CDIS 3213. Prerequisite: CDISBS major and honors standing, or departmental consent. (Typically offered: Fall and Spring)
This course is equivalent to CDIS 3103.
CDIS 3123. Normal Phonology and Articulatory Process. 3 Hours.
Analysis of the English speech sounds as a basis for speech improvement; physiological positions and movements; acoustic qualities and transcription in the international phonetic alphabet. Prerequisite: CDISBS major or departmental consent. (Typically offered: Fall)

CDIS 3203. Articulation Disorders. 3 Hours.
A study of the definition, etiology, pathology, and treatment procedures of problems of articulation. Prerequisite: CDIS 3123, CDIS 3213 and CDISBS major or departmental consent. (Typically offered: Spring)
CDIS 3213. Anatomy and Physiology of the Speech Mechanism. 3 Hours. Structure and function of the organic mechanisms responsible for speech and language. Pre or Corequisite: BIOL 1543 and BIOL 1541L or higher. Prerequisite: CDISBS major or departmental consent. (Typically offered: Fall and Spring)

## CDIS 3223. Language Development in Children. 3 Hours.

Study of typical development of speech and language functions for communicative purposes in children from infancy to early school-age years, including the major components of language as well as the social, cognitive, biological and cultural factors related to language acquisition. Pre- or Corequisite: PSYC 2003. Prerequisite: CDISBS major or departmental consent. (Typically offered: Fall)

CDIS 3223H. Honors Language Development in Children. 3 Hours.
Study of typical development of speech and language functions for communicative purposes in children from infancy to early school-age years, including the major components of language as well as the social, cognitive, biological, and cultural factors related to language acquisition. Pre- or Corequisite: PSYC 2003. Prerequisite: Honors candidacy and CDISBS major or departmental consent. (Typically offered: Fall)
This course is equivalent to CDIS 3223.

## CDIS 3233. Introduction to Clinical Practice. 3 Hours.

An introduction to the various aspects of clinical operations including technical and interpersonal relationship skills necessary for case management and a survey of professional standards. Pre- or Corequisite: COMM 1313, CDIS 3223, and CDIS 3213. Prerequisite: CDISBS major or departmental consent. (Typically offered:

## Fall and Spring)

## CDIS 3233H. Honors Introduction to Clinical Practice. 3 Hours.

An introduction to the various aspects of clinical operations including technical and interpersonal relationship skills necessary for case management and a survey of professional standards. Pre- or Corequisite: COMM 1313, CDIS 3223, and CDIS 3213. Prerequisite: Honors standing and CDISBS major or departmental consent. (Typically offered: Fall and Spring)
This course is equivalent to CDIS 3233.
CDIS 3253. Cultural Diversity in Communication Disorders. 3 Hours.
An introduction to various cultures, customs, and professional standards in healthrelated fields that helps to develop intercultural communication skills necessary to manage the increasingly diverse caseloads of health-related professionals. Pre- or Corequisite: COMM 1313. Prerequisite: CDISBS major or departmental consent. (Typically offered: Spring)
CDIS 3901H. Honors Communication Disorders Thesis Tutorial. 1 Hour. Designed to provide the foundation for the Honors Thesis/Project. Students and faculty tutors work "one-on-one" exploring a specific topic which has been agreed upon by the student and the professor. Prerequisite: Honors candidacy and CDISBS major. (Typically offered: Fall, Spring and Summer)

## CDIS 3923H. Honors Colloquium. 3 Hours.

Treats a special topic or issue, offered as part of the honors program. Prerequisite: Honors candidacy (not restricted to candidacy in speech or dramatic art). (Typically offered: Irregular) May be repeated for degree credit.
CDIS 399VH. Honors Course. 1-6 Hour.
Honors course. Prerequisite: Junior standing. (Typically offered: Irregular) May be repeated for up to 12 hours of degree credit.

CDIS 4003. Clinical Practicum Undergrad. 3 Hours.
Entry-level training in speech-language clinical practicum activities. This course is taken for satisfactory or unsatisfactory credit. Students are paired with a patient(s) at the UA Speech and Hearing Clinic to provide speech-language therapy while being supervised by a licensed and certified speech-language pathologist. The schedule for this course varies based on patient availability. Students are required to be on campus to provide clinical services (including session preparation) and to complete follow-up meetings with the instructor to discuss clinical practice and paperwork. Prerequisite: Admitted to the Communication Sciences and Disorders (CDISBS) major, CDIS 3213, CDIS 3223 and CDIS 3233, plus satisfactory completion of specific program requirements for admission to clinical practice. (Typically offered: Fall, Spring and Summer)

## CDIS 4003H. Honors Clinical Practicum Undergrad. 3 Hours.

Entry-level training in speech-language clinical practicum activities. This course is taken for satisfactory or unsatisfactory credit. Prerequisite: Honors standing, admitted to the Communication Sciences and Disorders (CDISBS) major, CDIS 3213, CDIS 3223 and CDIS 3233, plus satisfactory completion of specific program requirements for admission to clinical practice. (Typically offered: Fall and Spring)
This course is equivalent to CDIS 4003.

## CDIS 4133. Introduction to Aural Rehabilitation. 3 Hours.

Study of the technique used in the rehabilitation of speech and language problems of the hearing impaired including the role of amplification, auditory training, and speech reading in rehabilitation. Prerequisite: CDIS 3103. (Typically offered: Spring)

CDIS 4183. Clinical Assessment of Speech and Language Disorders. 3 Hours. Study of the basic diagnostic procedures used in speech-language pathology. Emphasis is placed on the clinical processes of assessment, including criteria for test selection, techniques in test administration, and interpretation of test. Pre- or Corequisite: Prior coursework in CDIS and ANTH 1023. Prerequisite: CDISBS major or departmental consent. (Typically offered: Spring)
CDIS 4213. Introduction to Speech and Hearing Science. 3 Hours.
Study of the acoustic structure of oral speech and the auditory skills underlying speech perception. Prerequisite: CDIS 3203, CDIS 3213, CDIS 3123 and its lab component and CDISBS major or departmental consent. Pre- or Corequisite: MATH 1203 or higher. (Typically offered: Fall and Spring)
CDIS 4223. Language Disorders in Children. 3 Hours.
Study of disorders of language acquisition and usage in children and adolescents, with emphasis upon the nature, assessment, and treatment of such disorders. Prerequisite: CDIS 3223 and CDISBS major or departmental consent. (Typically offered: Spring)

## CDIS 4223H. Honors Language Disorders in Children. 3 Hours.

Study of disorders of language acquisition and usage in children and adolescents, with emphasis upon the nature, assessment, and treatment of such disorders. Prerequisite: CDIS 3223 and CDISBS major and honors standing or departmental consent. (Typically offered: Spring)
This course is equivalent to CDIS 4223.

## CDIS 4253. Neurological Bases of Communication. 3 Hours.

A study of the structures and functions of the central and peripheral nervous systems as they relate to human speech, language, and cognition. Prerequisite: CDIS 3213 and CDISBS major or departmental consent. (Typically offered: Fall)

## CDIS 4253H. Honors Neurological Bases of Communication. 3 Hours.

A study of the structures and functions of the central and peripheral nervous systems as they relate to human speech, language, and cognition. Prerequisite: CDIS 3213, honors standing, and CDISBS major or departmental consent. (Typically offered:
Fall)
This course is equivalent to CDIS 4253.

CDIS 4273. Communication Behavior and Aging. 3 Hours.
Study of the effects upon communication of normal aspects of the aging process, from early adulthood throughout the lifespan. Changes in speech, language, and hearing functioning are identified; common alterations in communicative disorders commonly associated with advanced age are discussed. Prerequisite: CDISBS major or departmental consent. (Typically offered: Fall)

CDIS 4273H. Honors Communication Behavior and Aging. 3 Hours.
Study of the effects upon communication of normal aspects of the aging process, from early adulthood throughout the lifespan. Changes in speech, language, and hearing functioning are identified; common alterations in communicative disorders commonly associated with advanced age are discussed. Prerequisite: CDISBS major and honors standing, or departmental consent. (Typically offered: Fall) This course is equivalent to CDIS 4273.

CDIS 490V. Special Problems. 1-3 Hour.
Special problems. Prerequisite: Advanced standing. (Typically offered: Fall, Spring and Summer) May be repeated for up to 3 hours of degree credit.

CDIS 498VH. Honors Communication Disorders Thesis/Project. 1-3 Hour. Designed to provide facilitation of the Honors Thesis/Project. Students and faculty work "one-on-one" to complete the honors thesis/project. Prerequisite: Honors candidacy, CDISBS major, and CDIS 3901H. (Typically offered: Fall, Spring and Summer) May be repeated for up to 3 hours of degree credit.

An undergraduate major in communication sciences and disorders leads to the B.S. degree and prepares students for graduate studies (master's level) in speech-language pathology and/or the professional doctorate in audiology. The minimum requirements for all students in the college are listed under general studies (p. 698).

Admission to the B.S. Major Degree Program in Communication Sciences and Disorders is competitive and consists of a three-stage process. Students must apply for formal admission and be accepted to the undergraduate B.S. degree program in Communication Sciences and Disorders prior to taking junior- and senior-level classes in the major.

## Stage I: Pre-Communication Sciences and Disorders (PCDIS)

All students declaring a major in communication sciences and disorders are accepted as tentative candidates to the undergraduate program and assigned the pre-communication code - PCDIS.

The PCDIS program includes:

1. Complete all program pre-requisites courses.
2. Obtain a minimum cumulative grade-point average of 3.0 on all college level coursework.
3. Complete the following courses with a "C" or better: ENGL 1013 and ENGL 1023, MATH 1203 or equivalent, and COMM 1313.
4. Obtain passing scores on the Core Academic Skills for Educator: Math, Reading, and Writing sections of the Praxis Core Exam.

Students who do not meet admission criteria for the B.S. degree program in communication sciences and disorders in any given year may reapply in subsequent years.

## Stage II: Admission to the Communication Sciences and Disorders Program (CDIS)

Admission to the Communication Sciences and Disorders Program is competitive and occurs after completion of all Pre-Communication Sciences and Disorders requirements and prior to the beginning of the fall semester of the junior year.

Applications to the Communication Sciences and Disorders (CDIS) program must be submitted by January 30th.

The application process includes:

1. Submission of Communication Sciences and Disorders Application Form, Letter of Intent, and Curriculum Guide Form.
2. Submission of transcripts for all coursework
3. Submission of passing score on Math, Reading, and Writing sections of Praxis Core Exam
4. Satisfactory completion of an admission interview with designated faculty

As a result of the competitive process, not all applicants meeting the minimum requirements will be admitted to the program.

## Stage III: Requirements for Program Continuation and Completion

1. Maintain a minimum cumulative GPA of 3.0.
2. In order to enroll in CDIS 4003 Clinical Practicum: Undergraduate, students must have an overall GPA of 3.0 in the following courses: CDIS 2253, CDIS 3123, CDIS 3213, CDIS 3223, CDIS 3203, CDIS 4223 and a " $B$ " in CDIS 3233. Clinical Practice is an elective for undergraduates and is taken for course credit hours, not a grade.
3. Meet all university requirements for graduation.

## Requirements for Communication Sciences and Disorders (CDIS)

State Minimum Core
Of which Communication Sciences and Disorders requires the following specific courses:

BIOL 1543 Principles of Biology (ACTS Equivalency $=$ BIOL \& BIOL 1541L 1014 Lecture)
and Principles of Biology Laboratory (ACTS Equivalency = BIOL 1014 Lab) (or higher level)
PSYC 2003 General Psychology (ACTS Equivalency = PSYC 1103)

ANTH 1023 Introduction to Cultural Anthropology (ACTS Equivalency = ANTH 2013)
Select one of the following:
PHYS 1023 Physics and Human Affairs
\& PHYS 1021L and Physics and Human Affairs Laboratory (or higher level)

Fine Arts/Humanities State Minimum Core
(Satisfies General Education Outcome 3.1 or 3.2) ${ }^{1}$
Electives
Year Total: 16

| Third Year | Fall |
| :--- | ---: |
| CDIS 3123 Normal Phonology and Articulatory | 3 |
| Process |  |

## Total Units in Sequence:

${ }^{1}$ Students must complete the State Minimum Core requirements (https://nam03.safelinks.protection.outlook.com/?url=https\%3A\%2F \%2Fnextcatalog.uark.edu\%2Fundergraduatecatalog\%2Fgened \%2Fstateminimum\%2F\&data=02\%7C01\%7Cagriffin\%40uark.edu \%7Ce4e632415f9b49eda9bf08d7f5c20b91\%7C79c742c4e61c4fa5be89a \%2F1XG8924jwOx8pTIw8IWNAGp0s\%3D\&reserved=0) as outlined in the Catalog of Studies. The courses that meet the state minimum core also fulfill many of the university's General Education requirements (https://nam03.safelinks.protection.outlook.com/?url=https\%3A\%2F \%2Fnextcatalog.uark.edu\%2Fundergraduatecatalog\%2Fgened \%2Fgeneraleducation\%2F\&data=02\%7C01\%7Cagriffin\%40uark.edu
\%7Ce4e632415f9b49eda9bf08d7f5c20b91\%7C79c742c4e61c4fa5be89a3cb566a \%2BDWRVEfAqIMsYNX4KXEgX2JdEJJY7Go\%3D\&reserved=0), although there are additional considerations to satisfy the general education learning outcomes. Students are encouraged to consult with their academic adviser when making course selections.
${ }^{2}$ Required Social Science Core for CDIS majors.
${ }^{3}$ CDIS 498VH: Option only for students successfully completing Honors Program.
${ }^{4}$ or higher level

Bowers, Andrew L., Ph.D. (University of Tennessee Health Science Center), M.A., B.A. (University of Tennessee), Associate Professor, Department of Communication Disorders and Occupational Therapy, 2012, 2019.
Bowers, Lisa Marie, Ph.D. (University of Tennessee Health Science
Center), M.A., B.A. (Louisiana State University), Associate Professor, Department of Communication Disorders and Occupational Therapy, 2012, 2019.
Frazier, Kimberly Frances, Ph.D. (University of South CarolinaColumbia), M.S., B.S.E. (University of Arkansas), Associate Professor, Department of Communication Disorders and Occupational Therapy, 2007, 2013.
Glade, Rachel E., Ph.D. (University of Arkansas), M.S. (University of Arkansas for Medical Sciences), M.A. (University of Arkansas), B.S. (University of Arkansas at Little Rock), Clinical Associate Professor, Department of Communication Disorders and Occupational Therapy, 2015, 2017.
Haghighi, Mohammad, Ph.D. (Ohio University), Assistant Professor, Department of Communication Disorders and Occupational Therapy, 2019.

Hagstrom, Fran W., Ph.D. (Clark University), M.S. (University of Texas Health Science Center-Houston), M.A. (St. Louis University), B.A. (Southwest Baptist University), Associate Professor, Department of Communication Disorders and Occupational Therapy, 2002, 2008.
Holyfield, Christine E., Ph.D. (Pennsylvania State University), M.A. (University of Kansas), B.S. (Central Michigan University), Associate Professor, Department of Communication Disorders and Occupational Therapy, 2017, 2022.

## Courses

## CDIS 2253. Introduction to Communicative Disorders. 3 Hours.

An introductory course which surveys the professional interests of speech-language pathology and audiology with specific attention to the general recognition and classification of disorders of speech, language, and hearing, and general trends in rehabilitation. Consideration given to the classroom teacher's involvement in communication disorders. (Typically offered: Fall and Spring)

CDIS 2903H. Honors Introduction to Research in Communication Sciences and Disorders. 3 Hours.
This course introduces students to the research process in the field of communication sciences and disorders. Prerequisite: Acceptance into the COEHP Honors Program and instructor consent. (Typically offered: Spring)
CDIS 3103. Introduction to Audiology. 3 Hours.
Introduction to the basic concepts for administering and interpreting hearing tests,
includingtheanatomy and physiologn of the auditary system, disorders of the ear, and techniques for administering and interpreting basic pure tone threshold tests. Corequisite: PHYS 1023 and PHYS 1021L, PHYS 2013 and PHYS 2011L or CHEM 1073 and CHEM 1071L. Pre- or Corequisite: CDIS 3213. Prerequisite: CDISBS major or departmental consent. (Typically offered: Fall and Spring)

CDIS 3103H. Honors Introduction to Audiology. 3 Hours.
Introduction to the basic concepts for administering and interpreting hearing tests, including the anatomy and physiology of the auditory system, disorders of the ear, and techniques for administering and interpreting basic pure tone threshold tests. Corequisite: PHYS 1023 and PHYS 1021L, PHYS 2013 and PHYS 2011L or CHEM 1073 and CHEM 1071L. Pre- or Corequisite: CDIS 3213. Prerequisite: CDISBS major and honors standing, or departmental consent. (Typically offered: Fall and Spring)
This course is equivalent to CDIS 3103.
CDIS 3123. Normal Phonology and Articulatory Process. 3 Hours.
Analysis of the English speech sounds as a basis for speech improvement; physiological positions and movements; acoustic qualities and transcription in the international phonetic alphabet. Prerequisite: CDISBS major or departmental consent. (Typically offered: Fall)
CDIS 3203. Articulation Disorders. 3 Hours.
A study of the definition, etiology, pathology, and treatment procedures of problems of articulation. Prerequisite: CDIS 3123, CDIS 3213 and CDISBS major or departmental consent. (Typically offered: Spring)
CDIS 3213. Anatomy and Physiology of the Speech Mechanism. 3 Hours. Structure and function of the organic mechanisms responsible for speech and language. Pre or Corequisite: BIOL 1543 and BIOL 1541L or higher. Prerequisite: CDISBS major or departmental consent. (Typically offered: Fall and Spring)

## CDIS 3223. Language Development in Children. 3 Hours.

Study of typical development of speech and language functions for communicative purposes in children from infancy to early school-age years, including the major components of language as well as the social, cognitive, biological and cultural factors related to language acquisition. Pre- or Corequisite: PSYC 2003.
Prerequisite: CDISBS major or departmental consent. (Typically offered: Fall)
CDIS 3223H. Honors Language Development in Children. 3 Hours.
Study of typical development of speech and language functions for communicative purposes in children from infancy to early school-age years, including the major components of language as well as the social, cognitive, biological, and cultural factors related to language acquisition. Pre- or Corequisite: PSYC 2003. Prerequisite: Honors candidacy and CDISBS major or departmental consent. (Typically offered: Fall)
This course is equivalent to CDIS 3223.

## CDIS 3233. Introduction to Clinical Practice. 3 Hours.

An introduction to the various aspects of clinical operations including technical and interpersonal relationship skills necessary for case management and a survey of professional standards. Pre- or Corequisite: COMM 1313, CDIS 3223, and CDIS 3213. Prerequisite: CDISBS major or departmental consent. (Typically offered: Fall and Spring)
CDIS 3233H. Honors Introduction to Clinical Practice. 3 Hours.
An introduction to the various aspects of clinical operations including technical and interpersonal relationship skills necessary for case management and a survey of professional standards. Pre- or Corequisite: COMM 1313, CDIS 3223, and CDIS 3213. Prerequisite: Honors standing and CDISBS major or departmental consent. (Typically offered: Fall and Spring)
This course is equivalent to CDIS 3233.
CDIS 3253. Cultural Diversity in Communication Disorders. 3 Hours.
An introduction to various cultures, customs, and professional standards in healthrelated fields that helps to develop intercultural communication skills necessary to manage the increasingly diverse caseloads of health-related professionals. Pre- or Corequisite: COMM 1313. Prerequisite: CDISBS major or departmental consent. (Typically offered: Spring)

CDIS 3901H. Honors Communication Disorders Thesis Tutorial. 1 Hour.
Designed to provide the foundation for the Honors Thesis/Project. Students and faculty tutors work "one-on-one" exploring a specific topic which has been agreed upon by the student and the professor. Prerequisite: Honors candidacy and CDISBS major. (Typically offered: Fall, Spring and Summer)

## CDIS 3923H. Honors Colloquium. 3 Hours.

Treats a special topic or issue, offered as part of the honors program. Prerequisite: Honors candidacy (not restricted to candidacy in speech or dramatic art). (Typically offered: Irregular) May be repeated for degree credit.

## CDIS 399VH. Honors Course. 1-6 Hour.

Honors course. Prerequisite: Junior standing. (Typically offered: Irregular) May be repeated for up to 12 hours of degree credit.

## CDIS 4003. Clinical Practicum Undergrad. 3 Hours.

Entry-level training in speech-language clinical practicum activities. This course is taken for satisfactory or unsatisfactory credit. Students are paired with a patient(s) at the UA Speech and Hearing Clinic to provide speech-language therapy while being supervised by a licensed and certified speech-language pathologist. The schedule for this course varies based on patient availability. Students are required to be on campus to provide clinical services (including session preparation) and to complete follow-up meetings with the instructor to discuss clinical practice and paperwork. Prerequisite: Admitted to the Communication Sciences and Disorders (CDISBS) major, CDIS 3213, CDIS 3223 and CDIS 3233, plus satisfactory completion of specific program requirements for admission to clinical practice. (Typically offered: Fall, Spring and Summer)

## CDIS 4003H. Honors Clinical Practicum Undergrad. 3 Hours.

Entry-level training in speech-language clinical practicum activities. This course is taken for satisfactory or unsatisfactory credit. Prerequisite: Honors standing, admitted to the Communication Sciences and Disorders (CDISBS) major, CDIS 3213, CDIS 3223 and CDIS 3233, plus satisfactory completion of specific program requirements for admission to clinical practice. (Typically offered: Fall and Spring)
This course is equivalent to CDIS 4003.

## CDIS 4133. Introduction to Aural Rehabilitation. 3 Hours.

Study of the technique used in the rehabilitation of speech and language problems of the hearing impaired including the role of amplification, auditory training, and speech reading in rehabilitation. Prerequisite: CDIS 3103. (Typically offered: Spring)
CDIS 4183. Clinical Assessment of Speech and Language Disorders. 3 Hours. Study of the basic diagnostic procedures used in speech-language pathology. Emphasis is placed on the clinical processes of assessment, including criteria for test selection, techniques in test administration, and interpretation of test. Pre- or Corequisite: Prior coursework in CDIS and ANTH 1023. Prerequisite: CDISBS major or departmental consent. (Typically offered: Spring)
CDIS 4213. Introduction to Speech and Hearing Science. 3 Hours.
Study of the acoustic structure of oral speech and the auditory skills underlying speech perception. Prerequisite: CDIS 3203, CDIS 3213, CDIS 3123 and its lab component and CDISBS major or departmental consent. Pre- or Corequisite: MATH 1203 or higher. (Typically offered: Fall and Spring)
CDIS 4223. Language Disorders in Children. 3 Hours.
Study of disorders of language acquisition and usage in children and adolescents, with emphasis upon the nature, assessment, and treatment of such disorders. Prerequisite: CDIS 3223 and CDISBS major or departmental consent. (Typically offered: Spring)

## CDIS 4223H. Honors Language Disorders in Children. 3 Hours.

Study of disorders of language acquisition and usage in children and adolescents, with emphasis upon the nature, assessment, and treatment of such disorders.
Prerequisite: CDIS 3223 and CDISBS major and honors standing or departmental consent. (Typically offered: Spring)
This course is equivalent to CDIS 4223.

CDIS 4253. Neurological Bases of Communication. 3 Hours.
A study of the structures and functions of the central and peripheral nervous systems as they relate to human speech, language, and cognition. Prerequisite: CDIS 3213 and CDISBS major or departmental consent. (Typically offered: Fall)

CDIS 4253H. Honors Neurological Bases of Communication. 3 Hours.
A study of the structures and functions of the central and peripheral nervous systems as they relate to human speech, language, and cognition. Prerequisite: CDIS 3213, honors standing, and CDISBS major or departmental consent. (Typically offered: Fall)
This course is equivalent to CDIS 4253.
CDIS 4273. Communication Behavior and Aging. 3 Hours.
Study of the effects upon communication of normal aspects of the aging process, from early adulthood throughout the lifespan. Changes in speech, language, and hearing functioning are identified; common alterations in communicative disorders commonly associated with advanced age are discussed. Prerequisite: CDISBS major or departmental consent. (Typically offered: Fall)

CDIS 4273H. Honors Communication Behavior and Aging. 3 Hours.
Study of the effects upon communication of normal aspects of the aging process, from early adulthood throughout the lifespan. Changes in speech, language, and hearing functioning are identified; common alterations in communicative disorders commonly associated with advanced age are discussed. Prerequisite: CDISBS major and honors standing, or departmental consent. (Typically offered: Fall) This course is equivalent to CDIS 4273.

CDIS 490V. Special Problems. 1-3 Hour.
Special problems. Prerequisite: Advanced standing. (Typically offered: Fall, Spring and Summer) May be repeated for up to 3 hours of degree credit.

CDIS 498VH. Honors Communication Disorders Thesis/Project. 1-3 Hour. Designed to provide facilitation of the Honors Thesis/Project. Students and faculty work "one-on-one" to complete the honors thesis/project. Prerequisite: Honors candidacy, CDISBS major, and CDIS 3901H. (Typically offered: Fall, Spring and Summer) May be repeated for up to 3 hours of degree credit.

## Counseling, Leadership and Research Methods (CLRM)

Michael Stephen Hevel<br>Department Head<br>100 Graduate Education Building<br>479-575-4924<br>hevel@uark.edu (\%20hevel@uark.edu)

The Department of Counseling, Leadership and Research Methods offers an undergraduate major leading to a B.S.E. in Human Resource Development (p. 792) as well as an undergraduate minor in Human Resource Development (p. 794).

At the graduate level, the department also offers an M.S. with an emphasis in speech-language pathology, M.S. and Ed.D. in higher education (http://catalog.uark.edu/graduatecatalog/ programsofstudy/highereducation/), M.S. and Ed.D. in human resource development (http://catalog.uark.edu/graduatecatalog/programsofstudy/ humanresourceandworkforcedevelopmenteducation/), and an M.S. and Ph.D. in counselor education (http://catalog.uark.edu/graduatecatalog/ programsofstudy/counseloreducation/).

Blisard, Paul, Ed.D. (University of Arkansas), M.C., B.S., B.S. (Southwest Missouri State University), Clinical Assistant Professor, 2014.
Charkasova, Aynur, Ph.D., M.S. (Southern Illinois University, Carbondale), B.A. (Azerbaijan University of Languages), Teaching Assistant Professor, 2021.

Christian, David, Ph.D., M.S. (University of North Texas), B.A. (University of Texas at Dallas), Associate Professor, 2015, 2021.
Grover, Kenda Shea, Ed.D. (University of Arkansas), M.S., B.A. (Northeastern State University), Associate Professor, 2003, 2018.
Hevel, Michael Stephen, Ph.D. (University of lowa), M.A. (Bowling Green State University), B.A. (University of Kansas), Associate Professor, 2012, 2017.

Higgins, Kristin Kay, Ph.D., M.S. (University of Arkansas), B.A. (Vanderbilt University), Associate Professor, 2006, 2014.
Hughes, Claretha, Ph.D. (Virginia Polytechnic Institute and State University), M.S. (North Carolina State University), M.B.A. (University of Arkansas), B.A. (Clemson University), Professor, 2004, 2017.
Kacirek, Kit, Ed.D., M.Ed. (University of Arkansas), B.S. (University of Texas), Associate Professor, 1997, 2007.
Liang, Xinya, Ph.D. (Florida State University), B.S. (Zhejiang Gongshang University, China), Associate Professor, 2014, 2021.
Lo, Wen-Juo, Ph.D., M.A. (Arizona State University), B.S. (SooChow University), Associate Professor, 2008, 2014.
Lofton, Barbara A., Ed.D. (Grambling State University), M.A. (University of Iowa), B.S. (Jackson State University), Assistant Professor, 1996.
Lundeen, Lindsay, Ph.D. (University of Georgia), M.A. (Wake Forest University), B.S. (Kennesaw State University), Assistant Professor, 2023.
Mamiseishvili, Ketevan, Ph.D., M.A. (University of Missouri-Columbia),
B.A. (Akaki Tsereteli State University), Professor, 2008, 2017.

McCray, Suzanne, Ph.D. (University of Tennessee), M.A., B.A.
(University of Arkansas), Associate Professor, 2010.
Miller, Michael T., Ed.D. (University of Nebraska), M.S., B.A. (Southern Illinois University), Professor, 2003, 2005.
Murry, John, Ed.D., J.D., M.B.A., B.S.B.A., B.S. (University of Arkansas), Associate Professor, 1993, 1999.
Perryman, Kristi Leann, Ph.D. (University of Arkansas), M.S., B.S. (Southwest Missouri State University), Associate Professor, 2014, 2022.
Popejoy, Erin O., Ph.D. (University of Texas-San Antonio), M.A. (Texas State University), B.A. (Case Western Reserve University), Assistant Professor, 2015.
Roessger, Kevin, Ph.D., M.S., B.A. (University of Wisconsin-Milwaukee), Associate Professor, 2016, 2019.
Samuels, Mandel G., M.B.A. (University of Arkansas), B.A. (Oklahoma State University), Clinical Assistant Professor, 2012, 2018.
Shelton, Leslie Jo, Ph.D. (Michigan State University), M.Ed., B.A. (Ohio University), Associate Professor, 2014, 2018.
Williams, Brent Thomas, Ph.D. (University of Illinois, UrbanaChampaign), M.S. (University of Texas Southwestern Medical School), B.A. (Austin College), Associate Professor, 2002, 2008.

Zhang, Jihong, Ph.D. (University of lowa), M.S. (University of Kansas), B.A. (Soochow University), Assistant Professor, 2023.

## Curriculum and Instruction (CIED)

Ed Bengtson
Department Head
216 Peabody Hall
479-575-4209
Email: egbengts@uark.edu
Curriculum and Instruction Website (https://cied.uark.edu/)
The Department of Curriculum and Instruction sponsors initial teacher licensure programs in the areas of career and technical education (p. 704), elementary education (p. 765), childhood education (p. 711) and special education (p. 818). The department also offers additional licensure plans in ESL, gifted and talented, special education and selected other areas (please see College Web Site licensure link).

The Special Education Program also offers a Graduate Certificate in Autism Spectrum Disorders (ASD) as well as a Graduate Certificate in STEM education for Childhood Education candidates.

Five teacher licensure majors also lead to Bachelor of Arts in Teaching degrees: English Education (p. 771), French Education (p. 780), German Education (p. 786), Social Sciences Education (p. 806) and Spanish Education (p. 812). Additional secondary school licensure programs are made available with the cooperation of the Department of Health Science, Kinesiology, Recreation, and Dance; the Department of Rehabilitation, Human Resources and Communication Disorders; the Fulbright College of Arts and Sciences; and the Dale Bumpers College of Agricultural, Food and Life Sciences.

The department offers a non-licensure program in educational studies (p. 745) for students wishing to focus on general theory and practice of learning and teaching. This major gives students the cognitive ability to apply teaching strategies to a variety of employers in private sector businesses, nonprofit organizations, and community agencies.

The department also offers both a minor and a certificate of proficiency in STEM Education (p. 822), both of which are open to students in STEM fields.

## A

Airola, Denise T., Ph.D., M.S. (University of Arkansas), B.S. (University of New York), Assistant Professor, 2013.

## B

Beasley, Jennifer G., Ed.D. (University of Virginia), M.A. (Wichita State University), B.A. (Kansas State University), Clinical Associate Professor, 2009, 2018.
Beck, Dennis E., Ph.D. (University of Florida), B.S. (Pennsylvania State University), Associate Professor, 2010, 2016.
Bell, Karmen V., M.Ed. (Indiana Wesleyan University), Clinical Instructor, 2015.

Bengtson, Ed, Ph.D. (University of Georgia), Ed.S. (George Washington University), M.A. (California State University-Sacramento), B.S. (Pennsylvania State University), Associate Professor, 2010, 2016. Blair, Alissa, Ph.D. (University of Wisconsin-Madison), M.E.D. (University of Notre Dame), B.A. (Saint Mary's College), Assistant Professor, 2020.
Bowles, Freddie A., Ph.D., M.A. (University of Arkansas), B.A. (Arkansas State University), Associate Professor, 2004, 2013.
Brady, Kevin P., Ph.D. (University of Illinois-Champaign-Urbana), M.A. (Columbia University), B.A. (Binghamton University), Professor, 2014, 2020.

Burgin, Stephen, Ph.D., Ed.S., M.Ed., B.S. (University of Florida), Associate Professor, 2014, 2020.
Burks, Lizette Anita, Ed.D. (University of Kansas), Instructor, 2019.
C
Carter, Vinson R., Ph.D., M.A.T., B.S. (University of Arkansas), Associate Professor, 2008, 2019.
Collet, Vicki S., Ph.D. (State University of New York at Buffalo), M.A. (University of Northern Colorado), B.A. (University of Utah), Professor, 2012, 2023.
Collins, Kathleen, Ph.D., M.A., B.A. (University of California-Santa Barbara), Professor, 2002, 2012.
Connors, Sean P., Ph.D. (The Ohio State University), M.S. (Elmira College), B.A. (SUNY Geneseo), Associate Professor, 2010, 2016.

## D

Daugherty, Michael, Ed.D., M.S., B.S. (Oklahoma State University), Distinguished Professor, 2005.

Diaz, Eva I., Ph.D., M.Ed. (Pennsylvania State University), B.A. (University of Puerto Rico), Research Associate, 2014.

## E

Elsass, Angela Carlton, Ed.D., Ed.S. (University of Arkansas), M.Ed. (Harding University), B.S.E. (University of Central Arkansas), Clinical Associate Professor, 2010, 2016.
Endacott, Jason L., Ph.D., M.S. (University of Kansas), B.S. (Kansas State University), Associate Professor, 2011, 2016.

## G

Goering, Christian Z., Ph.D., M.S. (Kansas State University), B.A. (Washburn University), Professor, 2007, 2018.
Greene, Aleza R.S., Ph.D., M.A. (Brandeis University), B.A. (Tufts University), Clinical Assistant Professor, 2006.

## H

Howard, John E., Ed.D. (John Hopkins University), M.A. (Bowie State University), Lecturer, 2020.
Hutchins, Rhett J., Ph.D. (University of Georgia), M.Ed., B.S. (Clemson University), Clinical Associate Professor, 2014, 2020.
I
Imbeau, Marcia B., Ph.D. (University of Connecticut), M.Ed. (University of Arkansas at Little Rock), B.A. (Hendrix College), Professor, 1991, 2013. J
Johnson-Carter, Charlene M., Ph.D. (Emory University), M.B.A. (Atlanta University), M.Ed., B.A. (University of Cincinnati), Associate Professor, 1992, 1998.
Jones, Clinton G., Ed.D. (Arkansas Tech University), Ed.S. (Harding University), Assistant Professor, 2019.

## K

Kent, Laura B., Ph.D. (University of Wisconsin-Madison), M.S. (Purdue University Calumet), B.S. (Purdue University), Associate Professor, 2006. King, Bonnie, M.A.T., B.S.E. (University of Arkansas), Clinical Instructor, 2015.

Kucharczyk, Suzanne, Ed.D. (Columbia University Teacher's College), M.Ed., B.S. (University of Illinois-Urbana-Champaign), Associate Professor, 2014, 2020.
L
Lasater, Kara A., Ed.D. (University of Arkansas), Ed.S., M.S. (Pittsburg State University), B.A. (Drury University), Associate Professor, 2014, 2023.

Lee, Yi-Jung, Ph.D. (University of Georgia), M.S. (National Taiwan Normal University), B.Ed. (National Taitung University), Assistant Professor, 2019.
Lopez, Trish A., M.A.T. (Arkansas Tech University), Research Associate, 2020.

Lorah, Elizabeth R., Ph.D., M.S.Ed., B.A. (Temple University), Associate Professor, 2013, 2018.

## M

Mayes, Eric, Ph.D. (Howard University), Associate Professor, 2019.
McComas, Kim Krusen, Ph.D. (University of Arkansas), M.A. (West Chester University of Pennsylvania), B.A. (University of Arizona), Teaching Associate Professor, 2012, 2020.
McComas, William, Ph.D. (University of lowa), M.S. (West Chester University of Pennsylvania), B.S. (Lock Haven University of Pennsylvania), Distinguished Professor, Parks Family Professor of Science Education, 2006, 2018.
Mears, Derrick, Ph.D. (University of Arkansas), M.S., B.S. (University of Central Missouri), Teaching Associate Professor, 2014.

Mounts, Denise Ann, Ed.D. (Saint Louis University), B.S.E. (Northwest Missouri State University), Clinical Associate Professor, 2005, 2016.
Murphy, Cheryl Ann, Ed.D., M.A., B.A. (West Virginia University), Professor, 1996, 2017.

## 0

Orr, Betsy, Ed.D., M.Ed. (University of Arkansas), B.A. (University of Arkansas at Monticello), Associate Professor, 1989, 2000.
Owen, Donna S., M.S., B.S., B.A. (University of Arkansas), Clinical Instructor, 2005.

## P

Penner-Williams, Janet, Ed.D., M.Ed., B.S.E. (University of Houston), Associate Professor, 2005, 2016.
Pijanowski, John C., Ph.D., M.S. (Cornell University), B.A. (Brown University), Professor, 2007, 2010.
R
Raley, Sheida K., PH.D. (University of Kansas), M.Ed. (Vanderbilt University), B.S. (Boston University), Assistant Professor, 2023.
Ralston, Christine R., Ph.D. (Purdue University), M.Ed., B.S. (Indiana Wesleyan University), Clinical Associate Professor, 2015, 2020.

## S

Scaif, Jacquelyn, M.E. (Harding University), B.A. (Arkansas State University), Instructor, 2023.
Smith, Christy L., Ed.D., Ed.S., M.S.E., B.S.E. (University of Arkansas), Clinical Assistant Professor, 2019.
Speight, Dana Renee, Ph.D. (University of Arkansas), Assistant Professor, 2023.

## Courses

CIED 1003. Introduction to Technology in Education. 3 Hours.
A study of computer technology as it relates to teacher education. This course introduces students interested in teacher education to the knowledge and skills required to demonstrate their proficiency in technology and learning. (Typically offered: Fall, Spring and Summer)

## CIED 1013. Introduction to Education. 3 Hours.

Integrates psychological, sociological, and philosophical foundations of education with concurrent involvement in field experiences. Encourages prospective teachers to become reflective practitioners by emphasizing organization of school systems, planning and implementation of effective classroom environments, development of teaching styles, and new directions in education. An 18-hour early field experience designed to give prospective teachers opportunities to observe and participate in a variety of school settings is incorporated in this introductory course to education. (Typically offered: Fall and Spring)

CIED 2083. Innovation and Creativity in Daily Practice. 3 Hours.
Arts integration course including the ideas, design, and implementation of practices in the classroom, board room, and professional field that enrich the experiences of all stakeholders while building right-brain thinking skills for the new millennium. (Typically offered: Fall and Spring) May be repeated for up to 6 hours of degree credit.

## CIED 2943. Foundations of Language and Literacy. 3 Hours.

A foundational study of language and literacy with an emphasis on content knowledge for teachers that is essential to the components and principles of science-based literacy. Corequisite: CIED 3113. (Typically offered: Fall and Spring)

## CIED 3013. Development and Learning Theories in the K-6 Classroom. 3

Hours.
This course allows students to cultivate an understanding of how elementary students develop, process information, and learn; studies educational applications pertaining to theories of development, intelligence, and thinking dispositions. Students study various learning theories, their implications for instruction, and their role in the K-6 classroom. Field experience required. Prerequisite: PELED or CHEDBS or ELELBS major. (Typically offered: Fall and Spring)
CIED 3013H. Honors Development and Learning Theories in the K-6 Classroom. 3 Hours.
This course allows students to cultivate an understanding of how elementary students develop, process information, and learn; studies educational applications pertaining to theories of development, intelligence, and thinking dispositions.
Students study various learning theories, their implications for instruction, and their role in the K-6 classroom. Field experience required. Prerequisite: CHEDBS or ELELBS major and honors. (Typically offered: Fall and Spring)
This course is equivalent to CIED 3013.

## CIED 3023. Survey of Exceptionalities. 3 Hours.

A survey of the characteristics of students with exceptional needs. Reviews the definitions of exceptionalities, learning and behavior characteristics of individuals with exceptionalities and the legal basis for the education of persons with exceptionalities in both elementary and secondary schools. Prerequisite: CIED 1013, or MUED 2012, or AGED 1123, or PSYC 2003. (Typically offered: Fall, Spring and Summer)

## CIED 3023H. Honors Survey of Exceptionalities. 3 Hours.

A survey of the characteristics of students with exceptional needs. Reviews the definitions of exceptionalities, learning and behavior characteristics of individuals with exceptionalities and the legal basis for the education of persons with exceptionalities in both elementary and secondary schools. Prerequisite: Honors standing, CIED 1013, or MUED 2012, or AGED 1123, or PSYC 2003. (Typically offered: Fall, Spring and Summer)
This course is equivalent to CIED 3023.

## CIED 3033. Classroom Learning Theory. 3 Hours.

A survey of the major theories of learning with special emphasis on human learning and implications for education. Field experience required. Prerequisite: CIED 1013; or MUED 2012; or PHED 1003; or AGED 1123; or PSYC 2003. (Typically offered: Fall, Spring and Summer)

## CIED 3033H. Honors Classroom Learning Theory. 3 Hours.

A survey of the major theories of learning with special emphasis on human learning and implications for education. Field experience required. Prerequisite: Honors standing and (CIED 1013; or MUED 2012; or PHED 1003; or AGED 1123; or PSYC 2003). (Typically offered: Fall, Spring and Summer) This course is equivalent to CIED 3033.

## CIED 3053. The Emerging Adolescent. 3 Hours.

This course is a study of the developmental characteristics (social, emotional, physical, moral, and intellectual) of early adolescents (ages 10-15 years). The implications of these changes for motivation, instruction, learning, and classroom management in the classroom are emphasized. Course has field component. Prerequisite: CIED 1013. (Typically offered: Fall and Spring)

CIED 3103. Children and Adolescent Literature. 3 Hours.
A survey of children's literary works, authors, and illustrators with emphasis on elementary grade and adolescent literature. Prerequisite: CHEDBS or ELELBS or HDFSBS BRKD or HDFSBS CDEV or PSPED major. (Typically offered: Fall and Spring)

## CIED 3103H. Honors Children and Adolescent Literature. 3 Hours.

A survey of children's literary works, authors, and illustrators with emphasis on elementary grade and adolescent literature. Corequisite: CIED 3113. Prerequisite: CHEDBS or ELELBS major and honors. (Typically offered: Fall and Spring) This course is equivalent to CIED 3103.

CIED 3113. Emergent Literacy. 3 Hours.
An understanding of emergent literacy development through a study of sciencebased literacy pedagogy and practical field experiences. Field experience required. Corequisite: CIED 2943. Prerequisite: ENGL 1013, ENGL 1023, and CHEDBS or ELELBS or HDFSBS BRKD or HDFSBS CDEV or SPEDBS major. (Typically offered: Fall and Spring)

## CIED 3113H. Honors Emergent Literacy. 3 Hours.

This course focuses on theories of children's emerging literacy and on the continuing development of literacy abilities in pre-kindergarten and early elementary years.
Field experience required. Prerequisite: ENGL 1013, ENGL 1023, and CIED 3262, CHEDBS or ELELBS major and honors. (Typically offered: Fall and Spring) This course is equivalent to CIED 3113.

## CIED 3123. Mathematics Methods in the K-6 Classroom. 3 Hours.

An examination of the content of elementary mathematics courses. Special emphasis given to methods of teaching the content as well as enrichment materials. Field experience required. Prerequisite: MATH 1203, MATH 2213, MATH 2223, and (CHEDBS or ELELBS major). (Typically offered: Fall and Spring)

CIED 3133. Integrated Social Studies for the K-6 Classroom. 3 Hours.
Focuses on the methodology of facilitating elementary students' development in language arts and social studies. Integrates the curriculum and teaching strategies in language arts and social studies. Field experience required. Prerequisite: CHEDBS or ELELBS major, and PLSC 2003 and (HIST 2003 or HIST 2013), and (HIST 1113 or HIST 1123), and (GEOS 1123 or ANTH 1023), and (ECON 3053 or ECON 2143), and (ARHS 1003 or MLIT 1003). (Typically offered: Fall and Spring)

CIED 3453. Developmental Literacy. 3 Hours.
A deep and comprehensive application of the development of literacy skills from decoding to fluent, comprehending readers. Field experience required. Prerequisite: CIED 2943, CIED 3113, and admission into ELELBS or CHEDBS programs. (Typically offered: Fall and Spring)

## CIED 3453H. Honors Developmental Literacy. 3 Hours.

A deep and comprehensive application of the development of literacy skills from decoding to fluent, comprehending readers. Field experience required. Prerequisite: CIED 2943, CIED 3113, admission into ELELBS or CHEDBS programs, and honors standing. (Typically offered: Fall and Spring)
This course is equivalent to CIED 3453.
CIED 3901H. Honors Curriculum and Instruction Education Thesis Tutorial. 1 Hour.

Designed to provide the foundation for the Honors Thesis. Students and faculty tutors work "one-on-one" exploring a specific topic which has been agreed upon by the student and the professor. Prerequisite: Honors candidacy and CATEBS, CHEDBS, DREDBA, EDSTBS, EGEDBA, ELELBS, FREDBA, GREDBA, SNEDBA SPEDBS, or SSEDBA majors. (Typically offered: Fall, Spring and Summer)

CIED 4003. Elementary Seminar. 3 Hours.
This course is designed to synthesize the foundational content presented in the Bachelor of Science in Education, Elementary Education program. It focuses on refinement of generalized knowledge to accommodate specialized content relevant to elementary students. Corequisite: CIED 4173. Prerequisite: CHEDBS or ELELBS major. (Typically offered: Fall)

CIED 4013. Capstone Course for Foreign Language Licensure. 3 Hours.
This course is designed to identify and provide evidence of content language specific proficiencies in the four skills of reading, writing, listening, and speaking a foreign language. (Typically offered: Spring)

## CIED 4023. Teaching in Inclusive Secondary Settings. 3 Hours.

This course is designed to prepare pre-service teachers to teach in inclusive classroom settings at the secondary level. Course content will focus on the ways in which exceptionality, specifically focused on high-incidence disabilities and culture, specifically focused on English language learners mediate the learning experiences of secondary level students. (Typically offered: Summer)

CIED 4113. Integrated Communication Skills for the K-6 Classroom. 3 Hours. Focuses on the methodology of facilitating elementary students' literacy development. Emphasis is on the integration of the communication skills of reading, writing, speaking, and listening across the curriculum. Prerequisite: COMM 1313 or COMM 2323 and CHEDBS or ELELBS major. (Typically offered: Fall and Spring)

CIED 4113H. Honors Integrated Communication Skills for the K-6 Classroom. 3 Hours.

Focuses on the methodology of facilitating elementary students? literacy development. Emphasis is on the integration of the communication skills of reading, writing, speaking, and listening across the curriculum. Prerequisite: COMM 1313 or COMM 2323 and CHEDBS or ELELBS major and honors. (Typically offered: Fall and Spring)
This course is equivalent to CIED 4113.

## CIED 4123. Literacy Assessment and Interventions in the Elementary

 Classroom. 3 Hours.An undergraduate course focusing on literacy assessment and intervention for prospective classroom teachers. Participants become familiar with assessment procedures and instruments for identifying student strengths and weaknesses in literacy, determining effective intervention strategies for literacy improvement, and principles of reporting assessment and intervention outcomes. Corequisite: CIED 4173. Prerequisite: CHEDBS or ELELBS major. (Typically offered: Fall)

CIED 4131. Practicum for Secondary and Multilevel Tracks in Education. 1 Hour.
This practicum is a requirement for entry into the EDUC MA, Master of Arts in Teaching program. Students will be involved in documented experiences with children for a minimum of 60 hours in grades K-12. Students enrolled in the multilevel track will be placed in a combination of elementary, middle, and high school settings. Students enrolled in the secondary track will be placed in a combination of middle and high school settings. Prerequisite: Cleared background check. (Typically offered: Spring and Summer)

## CIED 4133. Measurement and Research in the K-6 Classroom. 3 Hours.

This course is designed to provide an introduction to educational assessment, research methods, and what research has to say about trends and topics in elementary education. Prerequisite: CHEDBS or ELELBS major. (Typically offered: Fall)

CIED 4143. Curriculum Design and Applications of Instructional Practice. 3 Hours.
A course in the design and adaptation of curriculum for students in regular, elementary classrooms. Theoretical bases and curriculum models will be reviewed. Corequisite: CIED 4173. Prerequisite: CHEDBS or ELELBS major. (Typically offered: Spring)

CIED 4153. Classroom Management in the Elementary Grades. 3 Hours.
This course focuses on a number of different management techniques for elementary classrooms that can be used in general education settings. Prerequisite: CHEDBS or ELELBS major. (Typically offered: Fall and Spring)

## CIED 4163. Senior Project. 3 Hours.

This course is designed to provide students with the research skills necessary to complete their senior project. Prerequisite: CHEDBS or ELELBS major. (Typically offered: Summer)

## CIED 4173. Student Teaching. 3 Hours.

Full-time student teaching in grades K-6 to be repeated both fall and spring semesters. Students will practice and master instructional strategies under the supervision of qualified mentor teachers and university faculty members.
Prerequisite: CHEDBS or ELELBS major. (Typically offered: Fall and Spring) May be repeated for up to 6 hours of degree credit.

## CIED 4183. Instruction and Assessment of Writing. 3 Hours.

Develop knowledge, skills and dispositions about writing processes, genres, and pedagogy. Field experience required. Corequisite: CIED 3453. Prerequisite: CIED 2943, CIED 3113, and admission into CHEDBS or ELELBS programs. (Typically offered: Fall and Spring)
CIED 4183H. Honors Instruction and Assessment of Writing. 3 Hours.
Develop knowledge, skills and dispositions about writing processes, genres, and pedagogy. Field experience required. Prerequisite: CIED 2943, CIED 3113, CIED 3453, honors standing and admission into CHEDBS or ELELBS programs. (Typically offered: Fall and Spring)
This course is equivalent to CIED 4183.

## CIED 4285. Teaching Experience. 5 Hours.

The teaching experience is an essential component of the Bachelor of Arts in Teaching degree. The two semester experience allows Teacher Candidates (TC) to make further application of theoretical principles of teaching and learning. Teacher Candidates will be assigned placement in area schools for both fall and spring semesters. Teacher candidates are placed in K-12 or 7-12 levels depending on their content area for licensure. The fall semester consists of a field experience including observation, co-planning, and co-teaching. The spring semester consists of an immersion experience for teacher candidates to plan and teach independently. Prerequisite: Admission to one of the following: EGEDBA, SSEDBA, FREDBA, GREDBA, SNEDBA, or DREDBA. (Typically offered: Spring)

CIED 4363. Disciplinary Literacy in the K-6 Classroom. 3 Hours.
Focuses on the methodology of extending K-6 learners' basic literacy development, as a foundation for intermediate and disciplinary literacy. Emphasis is on the engagement of students in the distinct reading, writing, speaking, and listening requirements of different disciplines. Prerequisite: CIED 3113 and CHEDBS or ELELBS major. (Typically offered: Fall and Spring)

## CIED 4403. Understanding Cultures in the Classroom. 3 Hours.

This course provides pre-and in-service teachers knowledge and skills necessary for educating ethnically and linguistically diverse classrooms. Students have the opportunity to understand positive relationships while removing stereotypes and prejudices. It addresses issues for social justice education through understanding ways that children learn and communicate in their homes and communities.
Students will examine how topics in multicultural education inform instructional goals, curriculum planning/implementation, and teaching practices across content areas in public K-12 classrooms. This course meets the AR teaching license ESL endorsement requirements for a culture course. Some sections of this course will contain a service learning component. (Typically offered: Fall)

CIED 4413. Acquiring a Second Language. 3 Hours.
The course gives an introduction to the basics in research and learning theories involved in the acquisition of second languages and cultures, particularly of English. (Typically offered: Spring)

CIED 4423. Teaching English as a Second Language. 3 Hours.
This course is designed to provide teacher candidates with the basic knowledge and teaching skills necessary to address the linguistic needs of English language learners (ELLs) in regular classrooms. The students in this class will learn about and use multiple strategies for promoting ELLs' reading, writing, listening, and speaking skills. Emphasis will be placed especially on differentiating early reading instruction for ELLs. Prerequisite: CHEDBS or ELELBS major. (Typically offered: Spring)
CIED 4433. The Moral Mind in Action. 3 Hours.
The Moral Mind in Action explores how people reason through moral dilemmas and prepares students to more effectively recognize and resolve moral problems. Best practices of teachers and administrators of K-16 character education programs are discussed. (Typically offered: Fall)

CIED 4443. Moral Courage. 3 Hours.
Moral Courage explores the factors that support translating moral thinking into moral action. This course draws from the field of positive psychology to guide students as they leverage existing strengths and develop new strategies for acting with moral courage in their personal and professional lives. Best practices of teachers and administrators of $\mathrm{K}-16$ character education programs are discussed. (Typically offered: Spring)

CIED 4463. Culture and Learning. 3 Hours.
Culture, its meanings, dimensions, and manifestations are explored in this course. How these cultural elements impact perceptions of students, classroom practices, and educational processes are explored in this course. A strength-based approach is employed to explore the issues associated with including all students within classrooms. (Typically offered: Fall, Spring and Summer)

## CIED 4483H. Honors Museum Matters: History, Practices, Culture and Controversy. 3 Hours.

Museums are respected institutions, but few visitors have likely thought about their history, purpose and role in society and culture. This class is an introduction to museology or the study of museums. Through field trips, guest lectures, discussions, and targeted readings we will explore issues such as collecting, exhibiting, controversies, architecture and the educational challenges found in the wide world of museums. Prerequisite: Honors standing. (Typically offered: Spring Odd Years)

CIED 4503H. Honors Charles Darwin and the Legacy of Evolution. 3 Hours. This highly integrated honors class draws on various perspectives to examine the life of Charles Darwin and the legacy and impact of evolution. Topics and guest instructors change each semester, but the course will focus on evolution from the perspectives of biology, anthropology, the law, philosophy, history, culture and literature. Prerequisite: Honors standing. (Typically offered: Spring Even Years)

## CIED 4533. Reading Comprehension Through Children's and Adolescent

 Literature. 3 Hours.An examination of the major genres of children and adolescent literature to develop and extend K-6 students' skills in reading comprehension. Field experience required. Prerequisite: CIED 2943, CIED 3113, CIED 3453, and admission into CHEDBS or ELELBS programs. (Typically offered: Fall and Spring)
CIED 4533H. Honors Reading Comprehension Through Children's and Adolescent Literature. 3 Hours.
An examination of the major genres of children and adolescent literature to develop and extend K-6 students' skills in reading comprehension. Field experience required. Prerequisite: CIED 2943, CIED 3113, CIED 3453, admission into CHEDBS or ELELBS programs, and honors standing. (Typically offered: Fall and Spring) This course is equivalent to CIED 4533.

## CIED 4953. Assessment for English Learners. 3 Hours.

This course addresses how to design appropriate assessments for English Learners taking into account their English language proficiency level and how to utilize the results of these assessments appropriately. (Typically offered: Spring)

CIED 498VH. Curriculum and Instruction Honors Thesis/Project. 1-3 Hour. Designed to provide facilitation of the Honors Thesis/Project. Students and faculty work "one-on-one" to complete the honors thesis/project. Prerequisite: Honors candidacy, CIED 3901 H , and CATEBS, CHEDBS, DREDBA, EDSTBS, EGEDBA, ELELBS, FREDBA, GREDBA, SNEDBA, SPEDBS, or SSEDBA major. (Typically offered: Fall, Spring and Summer) May be repeated for up to 3 hours of degree credit.

CIED 499V. Special Topics in Curriculum and Instruction Education. 1-6 Hour. Discussion and advanced studies on selected topics in curriculum and instruction. Special focus on recent and emerging topics in education. (Typically offered: Fall, Spring and Summer) May be repeated for up to 18 hours of degree credit.
CIED 499VH. Honors Special Topics in Curriculum and Instruction Education. 1-3 Hour.
Discussion and advanced studies on selected topics in curriculum and instruction. Special focus on recent and emerging topics in education. (Typically offered: Fall, Spring and Summer)
This course is equivalent to CIED 499V.

## Drama Education (DRED)

The Department of Curriculum and Instruction offers a Bachelor of Arts in Teaching degree that will prepare students in the humanities with the pedagogical skills, the content knowledge, and the dispositions for teaching and learning in 21st century classrooms in the area of Drama. University students are prepared to teach drama to students in grades $7-12$ by understanding how to plan effective instruction, design a classroom environment of respect and rapport, implement objectives, strategies, and assessments for learning, and become a professional in the field through participation in associations and continued learning opportunities.

## Requirements for B.A.T. in Drama Education Stage I: Pre-Drama Education (PDRED)

Complete all 46 hours of program pre-requisites for each content area (see below).

1. Obtain a GPA of 3.0 or better on UA coursework.
2. Complete all content and pedagogy courses with a 'C' or better.
3. Complete a background check.

## Stage II: Admission to the B.A.T. Program

Admission to the Bachelor of Arts in Teaching program (B.A.T.) occurs the semester after the candidate has completed all pre-B.A.T. requirements, including the first three courses in education - CIED 1013, CIED 1003, and CIED 2083 - prior to a student entering one of the individual programs of study the following fall term. The B.A.T. program is competitive, and meeting the minimum requirements does not guarantee admission to the program. Applications to the B.A.T. program must be submitted by deadlines stated on the Office of Teacher Education (https:// teacher-education.uark.edu/admissions/) website.

The application process includes:

1. Students must complete the application to teacher education (see the Teacher Education Application Fee (https://catalog.uark.edu/ undergraduatecatalog/feeandcosts/othergeneralfees/)) through the Teacher Education Office during the time period stated on the Office of Teacher Education website. This includes completion and passing the criminal background check.*
2. Submission of B.A.T. application.
3. Submission of writing sample to content area faculty.
4. Submission of transcripts for all coursework.

* Another background check will be required prior to graduation in order to be eligible for licensure.

## Stage III: Requirements for Program Continuation and Internship

1. Maintain a cumulative GPA of 3.0 or better.
2. All professional education courses and content courses must have a grade of 'C' or better (except SEED 3283 below). No teaching methods courses may be taken as self-paced (correspondence) courses.

## Stage IV: Requirements for Internship Semester (spring, senior year) and Program Completion

All students in the B.A.T. program must complete the following requirements prior to being admitted to the spring semester of their senior year.

1. Students must earn a 'B' or better in the fall semester, senior year SEED 3283 practicum course.
2. Earn a cumulative GPA of 3.0 or better by the end of the fall semester, senior year. Students are not permitted to intern in the spring if the GPA requirement has not been met.
3. Students must have taken the appropriate Praxis II-Content Knowledge exam to be admitted to the spring semester, senior year.
4. Candidate must complete a successful internship admission interview with B.A.T. faculty. Note these interviews are scheduled with all senior students during the fall semester.
5. Satisfactorily complete the internship/student teaching experience that has been approved by the Director of Field Placement.

All students seeking licensure in the state of Arkansas are subject to a criminal background check. Background checks can take up to six months to process; therefore, students are advised to complete and submit the forms to the proper authorities at least six months in advance of graduation (or six months prior to applying for a teaching license). Arkansas will not grant a teaching license to anyone who has been convicted of a felony.

## Requirements for Drama Education Major

## Pre-Drama Education Requirements

State Minimum Core
Courses specifically required for the Drama Education B.A.T. program ENGL 1013 Composition I (ACTS Equivalency = ENGL 1013) ENGL 1023 Composition II (ACTS Equivalency = ENGL 1023)

## Total Hours

${ }^{1}$ Complete all content and pedagogy courses with a 'C' or better, except for SEED 3283 which requires a 'B' or better.
${ }^{2}$ Major requires 2 enrollments of THTR 3001 to complete degree.

## Courses

## CIED 1003. Introduction to Technology in Education. 3 Hours.

A study of computer technology as it relates to teacher education. This course introduces students interested in teacher education to the knowledge and skills required to demonstrate their proficiency in technology and learning. (Typically offered: Fall, Spring and Summer)

## CIED 1013. Introduction to Education. 3 Hours.

Integrates psychological, sociological, and philosophical foundations of education with concurrent involvement in field experiences. Encourages prospective teachers to become reflective practitioners by emphasizing organization of school systems, planning and implementation of effective classroom environments, development of teaching styles, and new directions in education. An 18-hour early field experience designed to give prospective teachers opportunities to observe and participate in a variety of school settings is incorporated in this introductory course to education. (Typically offered: Fall and Spring)

CIED 2083. Innovation and Creativity in Daily Practice. 3 Hours.
Arts integration course including the ideas, design, and implementation of practices in the classroom, board room, and professional field that enrich the experiences of all stakeholders while building right-brain thinking skills for the new millennium. (Typically offered: Fall and Spring) May be repeated for up to 6 hours of degree credit.

## CIED 2943. Foundations of Language and Literacy. 3 Hours.

A foundational study of language and literacy with an emphasis on content knowledge for teachers that is essential to the components and principles of science-based literacy. Corequisite: CIED 3113. (Typically offered: Fall and Spring)

## CIED 3013. Development and Learning Theories in the K-6 Classroom. 3

Hours.
This course allows students to cultivate an understanding of how elementary students develop, process information, and learn; studies educational applications pertaining to theories of development, intelligence, and thinking dispositions. Students study various learning theories, their implications for instruction, and their role in the K-6 classroom. Field experience required. Prerequisite: PELED or CHEDBS or ELELBS major. (Typically offered: Fall and Spring)

CIED 3013H. Honors Development and Learning Theories in the K-6 Classroom. 3 Hours.
This course allows students to cultivate an understanding of how elementary students develop, process information, and learn; studies educational applications pertaining to theories of development, intelligence, and thinking dispositions. Students study various learning theories, their implications for instruction, and their role in the K-6 classroom. Field experience required. Prerequisite: CHEDBS or ELELBS major and honors. (Typically offered: Fall and Spring)
This course is equivalent to CIED 3013.

## CIED 3023. Survey of Exceptionalities. 3 Hours.

A survey of the characteristics of students with exceptional needs. Reviews the definitions of exceptionalities, learning and behavior characteristics of individuals with exceptionalities and the legal basis for the education of persons with exceptionalities in both elementary and secondary schools. Prerequisite: CIED 1013, or MUED 2012, or AGED 1123, or PSYC 2003. (Typically offered: Fall, Spring and Summer)

## CIED 3023H. Honors Survey of Exceptionalities. 3 Hours.

A survey of the characteristics of students with exceptional needs. Reviews the definitions of exceptionalities, learning and behavior characteristics of individuals with exceptionalities and the legal basis for the education of persons with exceptionalities in both elementary and secondary schools. Prerequisite: Honors standing, CIED 1013, or MUED 2012, or AGED 1123, or PSYC 2003. (Typically offered: Fall, Spring and Summer)
This course is equivalent to CIED 3023.

## CIED 3033. Classroom Learning Theory. 3 Hours.

A survey of the major theories of learning with special emphasis on human learning and implications for education. Field experience required. Prerequisite: CIED 1013; or MUED 2012; or PHED 1003; or AGED 1123; or PSYC 2003. (Typically offered: Fall, Spring and Summer)

## CIED 3033H. Honors Classroom Learning Theory. 3 Hours.

A survey of the major theories of learning with special emphasis on human learning and implications for education. Field experience required. Prerequisite: Honors standing and (CIED 1013; or MUED 2012; or PHED 1003; or AGED 1123; or PSYC 2003). (Typically offered: Fall, Spring and Summer) This course is equivalent to CIED 3033.

## CIED 3053. The Emerging Adolescent. 3 Hours.

This course is a study of the developmental characteristics (social, emotional, physical, moral, and intellectual) of early adolescents (ages 10-15 years). The implications of these changes for motivation, instruction, learning, and classroom management in the classroom are emphasized. Course has field component. Prerequisite: CIED 1013. (Typically offered: Fall and Spring)

CIED 3103. Children and Adolescent Literature. 3 Hours.
A survey of children's literary works, authors, and illustrators with emphasis on elementary grade and adolescent literature. Prerequisite: CHEDBS or ELELBS or HDFSBS BRKD or HDFSBS CDEV or PSPED major. (Typically offered: Fall and Spring)

## CIED 3103H. Honors Children and Adolescent Literature. 3 Hours.

A survey of children's literary works, authors, and illustrators with emphasis on elementary grade and adolescent literature. Corequisite: CIED 3113. Prerequisite: CHEDBS or ELELBS major and honors. (Typically offered: Fall and Spring) This course is equivalent to CIED 3103.

CIED 3113. Emergent Literacy. 3 Hours.
An understanding of emergent literacy development through a study of sciencebased literacy pedagogy and practical field experiences. Field experience required. Corequisite: CIED 2943. Prerequisite: ENGL 1013, ENGL 1023, and CHEDBS or ELELBS or HDFSBS BRKD or HDFSBS CDEV or SPEDBS major. (Typically offered: Fall and Spring)

## CIED 3113H. Honors Emergent Literacy. 3 Hours.

This course focuses on theories of children's emerging literacy and on the continuing development of literacy abilities in pre-kindergarten and early elementary years.
Field experience required. Prerequisite: ENGL 1013, ENGL 1023, and CIED 3262, CHEDBS or ELELBS major and honors. (Typically offered: Fall and Spring) This course is equivalent to CIED 3113.

## CIED 3123. Mathematics Methods in the K-6 Classroom. 3 Hours.

An examination of the content of elementary mathematics courses. Special emphasis given to methods of teaching the content as well as enrichment materials. Field experience required. Prerequisite: MATH 1203, MATH 2213, MATH 2223, and (CHEDBS or ELELBS major). (Typically offered: Fall and Spring)

CIED 3133. Integrated Social Studies for the K-6 Classroom. 3 Hours.
Focuses on the methodology of facilitating elementary students' development in language arts and social studies. Integrates the curriculum and teaching strategies in language arts and social studies. Field experience required. Prerequisite: CHEDBS or ELELBS major, and PLSC 2003 and (HIST 2003 or HIST 2013), and (HIST 1113 or HIST 1123), and (GEOS 1123 or ANTH 1023), and (ECON 3053 or ECON 2143), and (ARHS 1003 or MLIT 1003). (Typically offered: Fall and Spring)

CIED 3453. Developmental Literacy. 3 Hours.
A deep and comprehensive application of the development of literacy skills from decoding to fluent, comprehending readers. Field experience required. Prerequisite: CIED 2943, CIED 3113, and admission into ELELBS or CHEDBS programs. (Typically offered: Fall and Spring)

## CIED 3453H. Honors Developmental Literacy. 3 Hours.

A deep and comprehensive application of the development of literacy skills from decoding to fluent, comprehending readers. Field experience required. Prerequisite: CIED 2943, CIED 3113, admission into ELELBS or CHEDBS programs, and honors standing. (Typically offered: Fall and Spring)
This course is equivalent to CIED 3453.
CIED 3901H. Honors Curriculum and Instruction Education Thesis Tutorial. 1 Hour.

Designed to provide the foundation for the Honors Thesis. Students and faculty tutors work "one-on-one" exploring a specific topic which has been agreed upon by the student and the professor. Prerequisite: Honors candidacy and CATEBS, CHEDBS, DREDBA, EDSTBS, EGEDBA, ELELBS, FREDBA, GREDBA, SNEDBA SPEDBS, or SSEDBA majors. (Typically offered: Fall, Spring and Summer)

CIED 4003. Elementary Seminar. 3 Hours.
This course is designed to synthesize the foundational content presented in the Bachelor of Science in Education, Elementary Education program. It focuses on refinement of generalized knowledge to accommodate specialized content relevant to elementary students. Corequisite: CIED 4173. Prerequisite: CHEDBS or ELELBS major. (Typically offered: Fall)

CIED 4013. Capstone Course for Foreign Language Licensure. 3 Hours.
This course is designed to identify and provide evidence of content language specific proficiencies in the four skills of reading, writing, listening, and speaking a foreign language. (Typically offered: Spring)

## CIED 4023. Teaching in Inclusive Secondary Settings. 3 Hours.

This course is designed to prepare pre-service teachers to teach in inclusive classroom settings at the secondary level. Course content will focus on the ways in which exceptionality, specifically focused on high-incidence disabilities and culture, specifically focused on English language learners mediate the learning experiences of secondary level students. (Typically offered: Summer)

CIED 4113. Integrated Communication Skills for the K-6 Classroom. 3 Hours. Focuses on the methodology of facilitating elementary students' literacy development. Emphasis is on the integration of the communication skills of reading, writing, speaking, and listening across the curriculum. Prerequisite: COMM 1313 or COMM 2323 and CHEDBS or ELELBS major. (Typically offered: Fall and Spring)

CIED 4113H. Honors Integrated Communication Skills for the K-6 Classroom. 3 Hours.

Focuses on the methodology of facilitating elementary students? literacy development. Emphasis is on the integration of the communication skills of reading, writing, speaking, and listening across the curriculum. Prerequisite: COMM 1313 or COMM 2323 and CHEDBS or ELELBS major and honors. (Typically offered: Fall and Spring)
This course is equivalent to CIED 4113.

## CIED 4123. Literacy Assessment and Interventions in the Elementary

 Classroom. 3 Hours.An undergraduate course focusing on literacy assessment and intervention for prospective classroom teachers. Participants become familiar with assessment procedures and instruments for identifying student strengths and weaknesses in literacy, determining effective intervention strategies for literacy improvement, and principles of reporting assessment and intervention outcomes. Corequisite: CIED 4173. Prerequisite: CHEDBS or ELELBS major. (Typically offered: Fall)

CIED 4131. Practicum for Secondary and Multilevel Tracks in Education. 1 Hour.
This practicum is a requirement for entry into the EDUC MA, Master of Arts in Teaching program. Students will be involved in documented experiences with children for a minimum of 60 hours in grades K-12. Students enrolled in the multilevel track will be placed in a combination of elementary, middle, and high school settings. Students enrolled in the secondary track will be placed in a combination of middle and high school settings. Prerequisite: Cleared background check. (Typically offered: Spring and Summer)

## CIED 4133. Measurement and Research in the K-6 Classroom. 3 Hours.

This course is designed to provide an introduction to educational assessment, research methods, and what research has to say about trends and topics in elementary education. Prerequisite: CHEDBS or ELELBS major. (Typically offered: Fall)

CIED 4143. Curriculum Design and Applications of Instructional Practice. 3 Hours.
A course in the design and adaptation of curriculum for students in regular, elementary classrooms. Theoretical bases and curriculum models will be reviewed. Corequisite: CIED 4173. Prerequisite: CHEDBS or ELELBS major. (Typically offered: Spring)

CIED 4153. Classroom Management in the Elementary Grades. 3 Hours.
This course focuses on a number of different management techniques for elementary classrooms that can be used in general education settings. Prerequisite: CHEDBS or ELELBS major. (Typically offered: Fall and Spring)

## CIED 4163. Senior Project. 3 Hours.

This course is designed to provide students with the research skills necessary to complete their senior project. Prerequisite: CHEDBS or ELELBS major. (Typically offered: Summer)

## CIED 4173. Student Teaching. 3 Hours.

Full-time student teaching in grades K-6 to be repeated both fall and spring semesters. Students will practice and master instructional strategies under the supervision of qualified mentor teachers and university faculty members.
Prerequisite: CHEDBS or ELELBS major. (Typically offered: Fall and Spring) May be repeated for up to 6 hours of degree credit.

## CIED 4183. Instruction and Assessment of Writing. 3 Hours.

Develop knowledge, skills and dispositions about writing processes, genres, and pedagogy. Field experience required. Corequisite: CIED 3453. Prerequisite: CIED 2943, CIED 3113, and admission into CHEDBS or ELELBS programs. (Typically offered: Fall and Spring)

CIED 4183H. Honors Instruction and Assessment of Writing. 3 Hours.
Develop knowledge, skills and dispositions about writing processes, genres, and pedagogy. Field experience required. Prerequisite: CIED 2943, CIED 3113, CIED 3453, honors standing and admission into CHEDBS or ELELBS programs. (Typically offered: Fall and Spring)
This course is equivalent to CIED 4183.
CIED 4285. Teaching Experience. 5 Hours.
The teaching experience is an essential component of the Bachelor of Arts in Teaching degree. The two semester experience allows Teacher Candidates (TC) to make further application of theoretical principles of teaching and learning. Teacher Candidates will be assigned placement in area schools for both fall and spring semesters. Teacher candidates are placed in K-12 or 7-12 levels depending on their content area for licensure. The fall semester consists of a field experience including observation, co-planning, and co-teaching. The spring semester consists of an immersion experience for teacher candidates to plan and teach independently. Prerequisite: Admission to one of the following: EGEDBA, SSEDBA, FREDBA, GREDBA, SNEDBA, or DREDBA. (Typically offered: Spring)

CIED 4363. Disciplinary Literacy in the K-6 Classroom. 3 Hours.
Focuses on the methodology of extending K-6 learners' basic literacy development, as a foundation for intermediate and disciplinary literacy. Emphasis is on the engagement of students in the distinct reading, writing, speaking, and listening requirements of different disciplines. Prerequisite: CIED 3113 and CHEDBS or ELELBS major. (Typically offered: Fall and Spring)

## CIED 4403. Understanding Cultures in the Classroom. 3 Hours.

This course provides pre-and in-service teachers knowledge and skills necessary for educating ethnically and linguistically diverse classrooms. Students have the opportunity to understand positive relationships while removing stereotypes and prejudices. It addresses issues for social justice education through understanding ways that children learn and communicate in their homes and communities

Students will examine how topics in multicultural education inform instructional goals, curriculum planning/implementation, and teaching practices across content areas in public K-12 classrooms. This course meets the AR teaching license ESL endorsement requirements for a culture course. Some sections of this course will contain a service learning component. (Typically offered: Fall)

## CIED 4413. Acquiring a Second Language. 3 Hours.

The course gives an introduction to the basics in research and learning theories involved in the acquisition of second languages and cultures, particularly of English (Typically offered: Spring)

CIED 4423. Teaching English as a Second Language. 3 Hours.
This course is designed to provide teacher candidates with the basic knowledge and teaching skills necessary to address the linguistic needs of English language learners (ELLs) in regular classrooms. The students in this class will learn about and use multiple strategies for promoting ELLs' reading, writing, listening, and speaking skills. Emphasis will be placed especially on differentiating early reading instruction for ELLs. Prerequisite: CHEDBS or ELELBS major. (Typically offered: Spring)

CIED 4433. The Moral Mind in Action. 3 Hours.
The Moral Mind in Action explores how people reason through moral dilemmas and prepares students to more effectively recognize and resolve moral problems. Best practices of teachers and administrators of K-16 character education programs are discussed. (Typically offered: Fall)

CIED 4443. Moral Courage. 3 Hours.
Moral Courage explores the factors that support translating moral thinking into moral action. This course draws from the field of positive psychology to guide students as they leverage existing strengths and develop new strategies for acting with moral courage in their personal and professional lives. Best practices of teachers and administrators of $\mathrm{K}-16$ character education programs are discussed. (Typically offered: Spring)

## CIED 4463. Culture and Learning. 3 Hours.

Culture, its meanings, dimensions, and manifestations are explored in this course. How these cultural elements impact perceptions of students, classroom practices, and educational processes are explored in this course. A strength-based approach is employed to explore the issues associated with including all students within classrooms. (Typically offered: Fall, Spring and Summer)

## CIED 4483H. Honors Museum Matters: History, Practices, Culture and

 Controversy. 3 Hours.Museums are respected institutions, but few visitors have likely thought about their history, purpose and role in society and culture. This class is an introduction to museology or the study of museums. Through field trips, guest lectures, discussions, and targeted readings we will explore issues such as collecting, exhibiting, controversies, architecture and the educational challenges found in the wide world of museums. Prerequisite: Honors standing. (Typically offered: Spring Odd Years)

CIED 4503H. Honors Charles Darwin and the Legacy of Evolution. 3 Hours. This highly integrated honors class draws on various perspectives to examine the life of Charles Darwin and the legacy and impact of evolution. Topics and guest instructors change each semester, but the course will focus on evolution from the perspectives of biology, anthropology, the law, philosophy, history, culture and literature. Prerequisite: Honors standing. (Typically offered: Spring Even Years)

CIED 4533. Reading Comprehension Through Children's and Adolescent Literature. 3 Hours.

An examination of the major genres of children and adolescent literature to develop and extend K-6 students' skills in reading comprehension. Field experience required. Prerequisite: CIED 2943, CIED 3113, CIED 3453, and admission into CHEDBS or ELELBS programs. (Typically offered: Fall and Spring)

CIED 4533H. Honors Reading Comprehension Through Children's and Adolescent Literature. 3 Hours.
An examination of the major genres of children and adolescent literature to develop and extend $\mathrm{K}-6$ students' skills in reading comprehension. Field experience required. Prerequisite: CIED 2943, CIED 3113, CIED 3453, admission into CHEDBS or ELELBS programs, and honors standing. (Typically offered: Fall and Spring) This course is equivalent to CIED 4533.

## CIED 4953. Assessment for English Learners. 3 Hours.

This course addresses how to design appropriate assessments for English Learners taking into account their English language proficiency level and how to utilize the results of these assessments appropriately. (Typically offered: Spring)

CIED 498VH. Curriculum and Instruction Honors Thesis/Project. 1-3 Hour. Designed to provide facilitation of the Honors Thesis/Project. Students and faculty work "one-on-one" to complete the honors thesis/project. Prerequisite: Honors candidacy, CIED 3901 H , and CATEBS, CHEDBS, DREDBA, EDSTBS, EGEDBA, ELELBS, FREDBA, GREDBA, SNEDBA, SPEDBS, or SSEDBA major. (Typically offered: Fall, Spring and Summer) May be repeated for up to 3 hours of degree credit.
CIED 499V. Special Topics in Curriculum and Instruction Education. 1-6 Hour. Discussion and advanced studies on selected topics in curriculum and instruction. Special focus on recent and emerging topics in education. (Typically offered: Fall, Spring and Summer) May be repeated for up to 18 hours of degree credit.

CIED 499VH. Honors Special Topics in Curriculum and Instruction Education.

## 1-3 Hour.

Discussion and advanced studies on selected topics in curriculum and instruction. Special focus on recent and emerging topics in education. (Typically offered: Fall, Spring and Summer)
This course is equivalent to CIED 499V.

## Educational Studies (EDST)

The Department of Curriculum and Instruction offers both a bachelor's degree with two concentration options and a minor in Educational Studies.

The Bachelor of Science in Education in Educational Studies (B.S.E.) is a customizable degree for all students within the College of Education and Health Professions. It focuses on the general theory and practice of learning and teaching. This degree, in itself, does not include licensure. Students completing this program will have the cognitive ability to apply teaching strategies to a variety of employers such as private sector businesses, nonprofit organizations and community agencies. With additional training and licensure, students can also work in school settings.

## Requirements for B.S.E. in Educational Studies with Mixed Educational Environments Concentration

${ }^{1}$ For courses, go to the State Minimum Core (p. 81) requirements.
2 Pre-requisite for CIED 3033, CNED 3053, and CNED 4003.

Admission into the Concentration: This concentration is intended for para-professionals (or equivalent) in an Arkansas school district (or other related education provider). The nine hours of internship course credit, taken at the end of the degree, requires students to be at an educational site performing supervised para-pro related activities. Prior to admission to the concentration, applicants also must have completed a Para-Professional Associate Degree in Education or related field, OR have completed the following 60 hours of coursework (or equivalent):

- ENGL 1013 - Composition I
- ENGL 1023 - Composition II
- Mathematics - State Minimum Core
- Sciences - State Minimum Core w/Lab
- Social Sciences - State Minimum Core
- PSYC 2003 - General Psychology
- U.S. History or Government - State Minimum Core
- Fine Arts/Humanities - State Minimum Core
- CIED 1013 - Introduction to Education OR PHED 1003 - The Physical Education Profession OR EDST 2003 - Introduction to Educational Studies
- 22 hours of electives

## Minor in Educational Studies

The minor in Educational Studies is open to any majors interested in acquiring valuable knowledge in the complex field of education. Educational Studies approaches the entire field of education from a non-centered perspective examining a variety of educational systems where an interdisciplinary perspective is highly valued. Educational Studies is not a P-12 pedagogical or skills based training
program designed for the end goal of formalized P -12 classroom instruction.

The 15 -credit-hour minor in Educational Studies is not a teacher licensure program. These courses are designed to prepare a student and future graduate to understand how systems of education affect communities, states, and the nation in matters beyond teaching. A minor in Educational Studies can provide the necessary background exposure to future career or graduate work in the following areas: counseling, social work, ministry, teacher licensure via alternative certification, library/media services, educational technology, educational reform and policy, or higher education.

Students must achieve a minimum overall GPA of 2.0 for all coursework in the minor to be awarded the minor.

## Course Requirements

Choice of:
EDST 2003 Introduction to Educational Studies or 3000 level EDST or CIED course
EDST 3113 Legal Developments in Education 3
EDST 3223 American Educational History 3
Choice of: 3

EDST 399V Special Topics in Educational Studies
or any 3000 or 4000 level EDST course
EDST 4003 Philosophy of Education 3
Total Hours
15

## Courses

EDST 2003. Introduction to Educational Studies. 3 Hours.
The course explores the field of education through the lens of educational studies, a unique interdisciplinary association of looking at education as a function of society, psychology, politics, religion, and economic interests. This course introduces non-education field students to the difference between the various fields of study within education, including, but not limited to: instruction, curriculum, comparative education, multicultural education, informal education, content education, pedagogy, education policy, support services, and community education. No field observation hours are required for this course. (Typically offered: Fall and Summer)
EDST 3003. Formative Readings for Cultural Education. 3 Hours.
This course examines some of the historically important readings stemming from identification of the America Reads project produced by the Library of Congress (2014-2016). Special attention will be devoted to the understanding of the relevance of these historical documents and texts to the American identity. The course will focus on the role education plays in the creation of the current society through cultural transmission. The role of education through public schooling in the formations of citizens has been historically documented and deemed necessary under American political thought. This course is constructed to establish linkages of educational trends in the promotion of literacy and the popularization of popular cultural literature of the 18th, 19th, and 20th century that has shaped the social, economic, environmental, and political landscape that a citizen may navigate over their lifetime. (Typically offered: Spring)

EDST 3003H. Honors Formative Readings for Cultural Education. 3 Hours. This course examines some of the historically important readings stemming from identification of the America Reads project produced by the Library of Congress (2014-2016). Special attention will be devoted to the understanding of the relevance of these historical documents and texts to the American identity. The course will focus on the role education plays in the creation of the current society through cultural transmission. The role of education through public schooling in the formations of citizens has been historically documented and deemed necessary under American political thought. This course is constructed to establish linkages of educational trends in the promotion of literacy and the popularization of popular cultural literature of the 18th, 19th, and 20th century that has shaped the social, economic, environmental, and political landscape that a citizen may navigate over their lifetime. Prerequisite: Honors standing. (Typically offered: Spring)
This course is equivalent to EDST 3003.

## EDST 3113. Legal Developments in Education. 3 Hours.

This lecture provides an overview of issues in the field of education coming out of legal developments in the United States over the last two centuries involving the legal basis for public schooling, Constitutional issues in public schools, and contract law governing private schooling. Special interest is paid to education legislation and case law on educational issues. (Typically offered: Fall)
EDST 3203. Multicultural Education Issues. 3 Hours.
The purpose of this course is to give pre-service educators an opportunity to explore various facets of multiculturalism and their implications for future practice. We will examine the impact of race, class, gender, sexual orientation, religion, and other aspects of social group identities on teaching and learning as they relate to contexts in multiple learning environments. While this course is broad in scope, the primary aim is to assist future educators in exploring what it means to be an educator in a society that is multicultural, within a vast educational system (public and private) which is stratified according to multiple factors. Students should not be in enrolled in EDST 3203 \& CIED 4403 during the same semester. (Typically offered: Fall)

## EDST 3223. American Educational History. 3 Hours.

This course is designed to offer a comprehensive study of the history of the American education system. Students completing this course will be able to document the diverse and often competing influences into what has become the public school structure, as well as, the second system of American schools, parochial schools, arising out of the schooling conflict of the 1880's. Starting with the development of literacy skills and the formation of township or colony schools, the linage of schooling will be investigated from the late 1600's to the present time. (Typically offered: Fall, Spring and Summer)

## EDST 3223H. Honors American Educational History. 3 Hours.

This course is designed to offer a comprehensive study of the history of the American education system. Students completing this course will be able to document the diverse and often competing influences into what has become the public school structure, as well as, the second system of American schools, parochial schools, arising out of the schooling conflict of the 1880's. Starting with the development of literacy skills and the formation of township or colony schools, the linage of schooling will be investigated from the late 1600's to the present time. Prerequisite: Honors standing. (Typically offered: Fall, Spring and Summer) This course is equivalent to EDST 3223.

## EDST 3313. Trauma Based Educational Practices. 3 Hours.

Socio-emotional learning and trauma-based classroom instruction are needed pre-professional knowledge bases for classroom teachers that shape classroom management practices and student-engagement relationships. This course focuses on identifying and understanding daily classroom interactions with students having previously experienced out-of-school trauma that manifests itself in classroom environment. This course is intended for teacher-educators to modify student relationship engagement and not intended for diagnosis or clinical practices. Prerequisite: EDSTBS-PARA major. (Typically offered: Fall)

EDST 3333. Children's \& Young Adult Literature in Educational Settings. 3 Hours.
This course provides a comprehensive overview of children's, adolescent, and young adult literature across educational settings, both formal and informal. Picture books, novels, informational texts, and the novelization of movies and vice versa for children and adolescent audiences will be explored. (Typically offered: Fall)

EDST 3913. Formal Classroom Internship in Education. 3 Hours.
The internship is a prearranged onsite work experience serving in an educationally related field. The formal classroom internship is taken after the completion of CIED 1013 and either along with or after the completion of CIED 3033. Locations have been selected by the EDST program and Office of Teacher Education. Internships my be served at a variety of public or private based educational services or agencies. The internship experience must include a minimum number of practical work hours (120), reflective journaling, mid-semester evaluation, and final report. All arrangements for internships are coordinated through the COEHP Office of Field Placement by the Director of Field Placement. State of Arkansas background checks may be required for individuals completing internships at locations serving populations of minors. Prerequisite: CIED 1013. Pre- or Corequisite: CIED 3033. (Typically offered: Fall and Spring)

## EDST 3923. Informal Based or Outdoor Internship in Education. 3 Hours.

The internship is a prearranged onsite work experience serving in an educationally related field. The informal/outdoor internship is taken during or after taking EDST 4113. Locations have been selected by the EDST program and Office of Teacher Education; during the summer, students may petition for a camp based informal experience that is outside of the typical semester offering. Internships my be served at a variety of public or private based educational services or agencies. The internship experience must include a minimum number of practical work hours (120), reflective journaling, mid-semester evaluation, and final report. All arrangements for internships are coordinated through the COEHP Office of Field Placement by the Director of Field Placement. State of Arkansas background checks may be required for individuals completing internships at locations serving populations of minors. Prerequisite: EDST 4113. Pre- or Corequisite: CIED 3033. (Typically offered: Spring and Summer)
EDST 399V. Special Topics in Educational Studies. 1-3 Hour.
Discussion and advanced studies on selected topics in educational studies. Special focus on recent and emerging topics in education. Junior (3000) level course offerings. Course may be repeated only for unique topic enrollments. (Typically offered: Irregular) May be repeated for up to 15 hours of degree credit.

EDST 399VH. Honors Special Topics in Educational Studies. 1-3 Hour. Discussion and advanced studies on selected topics in educational studies. Special focus on recent and emerging topics in education. Junior (3000) level course offerings. Each offering of EDST 399VH must be unique. Student may not repeat the same topic for degree credit multiple times. (Typically offered: Irregular) May be repeated for up to 15 hours of degree credit.
This course is equivalent to EDST 399V.

## EDST 4003. Philosophy of Education. 3 Hours.

This course provides a review of philosophical ideas in education and an introduction to research, methodologies, foundation theories in education. Students explore historical ideas in philosophy pertaining to education and how those ideas contribute to current educational practices. Students in the course learn about the nature of research, both theoretical and applied, and the process of developing future research based agendas. Prerequisite: Junior or senior standing. (Typically offered: Spring)

EDST 4003H. Honors Philosophy of Education. 3 Hours.
This course provides a review of philosophical ideas in education and an introduction to research, methodologies, foundation theories in education. Students explore historical ideas in philosophy pertaining to education and how those ideas contribute to current educational practices. Students in the course learn about the nature of research, both theoretical and applied, and the process of developing future research based agendas. Prerequisite: Honors standing and (junior or senior standing). (Typically offered: Spring)
This course is equivalent to EDST 4003.
EDST 4033. Understanding Professional Teaching Standards I. 3 Hours.
This course provides preparation and review for the required initial post-graduation licensure testing requirements mandated by the State of Arkansas. Currently these testing requirements are Pearson Education's Foundation of Reading, Educational Testing Services' Praxis Series Assessments: Core Academic Skills for Educators, Principles of Learning \& Teaching, and Specific Licensure Area Content Assessments. Prerequisite: EDSTBS-PARA major. (Typically offered: Fall)

EDST 4043. Understanding Professional Teaching Standards II. 3 Hours. This is the second course in the professional test preparation series. This course provides preparation and review for the required initial post-graduation licensure testing requirements mandated by the State of Arkansas. Currently these testing requirements are Pearson Education's Foundation of Reading, Educational Testing Services' Praxis Series Assessments: Core Academic Skills for Educators, Principles of Learning \& Teaching, and Specific Licensure Area Content Assessments. Prerequisite: EDSTBS-PARA major and EDST 4033. (Typically offered: Spring)

EDST 4113. Teaching and Funding Outdoor \& Informal Education. 3 Hours. In-depth exploration of natural/outdoors education and informal education and grant writing for education will be covered. Methods and techniques in the preparation and delivery of teaching in nontraditional instructional settings (informal education) will be developed. Course participants will be required to teach an outdoor and/or informal education class and participate in a collaborative grant application process. (Typically offered: Spring)

EDST 4213. Religion, Education, \& Religious Education. 3 Hours.
This course provides a comprehensive introduction on the influences of religion in education, particularly in relation to the dynamic of religion in public education in the United States. Students in the course learn about the nature of the study of religion, religious studies, and religious education, as well as the teaching of religion. Prerequisite: Junior or senior level standing. (Typically offered: Fall)

EDST 4933. Capstone Seminar and Final Internship in Education. 3 Hours. The capstone course provides students with a culminating experience for Educational Studies. The course provides an opportunity for students to develop a portfolio of their learning and to evaluate their overall program performance in preparation for completion of their degrees. This course contains 100 hours of internship experience and will serve as the final internship experience for EDSTBS majors. This course includes 20 hours of coursework along with the required internship experience. This course should only be enrolled in after the completion of EDST 3913 and EDST 3923 and during the students final year of coursework. All internship placements are arranged by the Office of Field Placement and the Director of Field Placement. Prerequisite: EDST 3913, EDST 3923, and senior standing. (Typically offered: Fall and Spring)

EDST 4993. Para-Professional Internship. 3 Hours.
120-hour field/formal classroom-based experience including lesson planning, classroom activity, classroom management, and reflective experience integration. Prerequisite: Admission into the EDSTBS-PARA major. (Typically offered: Fall and Spring) May be repeated for up to 9 hours of degree credit.

## Eleanor Mann School of Nursing (NURS)

Jessie Casida

Executive Director
Eleanor Mann School of Nursing
479-575-3907
Email: nursing@uark.edu
Eleanor Mann School of Nursing Website (https://nurs.uark.edu/)
The Eleanor Mann School of Nursing contributes to the three purposes of the university: education, research and service. The mission of Eleanor Mann School of Nursing is to transform lives through nursing education and inspire leadership in nursing practice and academics to improve the health and well-being of society.

Professional nursing begins with a Bachelor of Science in Nursing (B.S.N.) degree. Nursing education offers a research base for nursing practice that promotes the ability of the nurse to effect change needed to improve health. In the study of professional nursing, the student builds on a planned general education for the academic disciplines and acquires theoretical and specific knowledge to meet health care needs of diverse clients in various settings. In addition, the curriculum provides opportunity for students with technical nursing education to expand their knowledge and scope of practice. The baccalaureate program establishes a foundation for graduate education in nursing and for continued personal and professional development.

Graduates of the pre-licensure B.S.N. program are eligible to apply to take the National Council Licensure Examination (NCLEX-RN) for licensure as a registered nurse (R.N.).

## Requirements for B.S.N. in Nursing Pre-Licensure B.S.N. Program (PNURS)

## Admission Policies

Conditional Admission to the Pre-Licensure B.S.N. Program
Students interested in nursing will be admitted to the University of Arkansas as pre-nursing majors. Admission to the Eleanor Mann School of Nursing requires an application in addition to the application to the University of Arkansas. In line with initiatives of the university and the College of Education and Health Professions, as well as the philosophy of the Eleanor Mann School of Nursing, a holistic admission process is utilized to enhance a diverse academic experience for all students and results in additional expertise in providing care to an increasingly diverse patient population. Admission is competitive, not all applicants who meet the minimum requirements will be admitted to the program.

- We value communication skills, leadership experience, initiative, community service, and clinical experience, as well as accomplishments in athletics, employment, and research. The school's goal is to recruit and educate a class which will serve the needs of a diverse population.
- We consider factors not reflected in the academic record, such as evidence of extracurricular achievement or work experience; evidence of having overcome social, economic, or physical barriers; evidence of exceptional motivation, maturity, or responsibility.

Conditional admission will be determined by the Eleanor Mann School of Nursing's faculty. To be eligible to apply, students must have a cumulative GPA of 3.0 or more.

The holistic admission process for the professional program of study is as follows:

1. Application to the Eleanor Mann School of Nursing completed. Please refer to current dates for the application window that can be located on our website. Please note that students need to apply almost a full year in advance of when they plan to start.
2. Students transferring from another nursing program must provide a letter from the nursing program indicating that they are eligible to return and are in good standing to be considered for admission.
3. Final transcripts will need to be submitted for any non-University of Arkansas coursework by the end of the application semester. (official dates on website)
4. Upon review of these transcripts, Nursing School faculty will review the following:

## Primary Academic Factors (50\% of total score)

1. $U$ of $A$ Cumulative GPA (for current $U$ of $A$ students) or Transfer Cumulative GPA (for transfer students) of 3.0 or more (GPA $\times 7$ ) $=u p$ to 28 points
2. Completion of 4 required science courses (see below) with at least a C grade in each. Points will be awarded as follows: 4 points for each course taken at the UA, and 4 points for $1^{\text {st }}$ attempt As and 2 points for first attempt Bs = up to 32 points
CHEM 1073 Fundamentals of Chemistry (ACTS Equivalency 4 \& CHEM 1071L = CHEM 1214 Lecture) and Fundamentals of Chemistry Laboratory (ACTS Equivalency = CHEM 1214 Lab)
BIOL 2013 General Microbiology (ACTS Equivalency = \& BIOL 2011L BIOL 2004 Lecture) and General Microbiology Laboratory (ACTS Equivalency = BIOL 2004 Lab)
BIOL 2213 Human Physiology (ACTS Equivalency = BIOL 4
\& BIOL 2211L 2414 Lecture)
and Human Physiology Laboratory (ACTS Equivalency = BIOL 2414 Lab)
BIOL $2443 \quad$ Human Anatomy (ACTS Equivalency = BIOL 4 \& BIOL 2441L 2404 Lecture)
and Human Anatomy Laboratory (ACTS
Equivalency = BIOL 2404 Lab)
3. Admitted Honors Program students with 18 or more honors credit hours and a 3. 75 GPA $=5$ points
4. Successful completion of required* nursing prerequisite courses

- 20 points for $75 \%$ completion of the required* nursing prerequisite courses at UA excluding electives
- 10 points for $50 \%$ required* nursing prerequisite courses at UA excluding electives
- 25 points for previous Bachelor's degree
- 30 points for previous Master's degree (points awarded for highest degree)
- a. *Required nursing prerequisite courses include: English 6 credits, Mathematics/Statistics 6 credits, Sciences 16 credits, Fine Arts/Humanities 6 credits, U.S. History 3 credits, Social Sciences 9 credits, Pre-Nursing 6 credits.
- b. For students entering the University of Arkansas as freshmen, credits transferred in from high school dual enrollment or AP/IB credit will be counted in the required nursing prerequisite courses at the UA.
- Completion of the CASPER Tool (Computer-Based Assessment for Sampling Personal Characteristics):
- Collaboration
- Communication
- Empathy
- Ethics
- Motivation
- Problem solving
- Professionalism
- Resilience
- Self-awareness
- The student will be responsible for the testing and distribution fee. Full instructions on how to access this test can be found on the School of Nursing website.

Candidates are ranked in order of total score. The cohort will be selected by rank with the top tier (exact number to be admitted is to be determined by the department each term) invited for conditional admission to the program.

Students who are conditionally accepted into the nursing program must maintain a C or higher in all coursework.

## PNURS Requirements for Pre-Licensure Bachelor of Science in Nursing:

Science with Labs (8 hours) must include:
4 hours of CHEM including a lab (Must be CHEM 1073/
CHEM 1071L or higher) ${ }^{1}$
BIOL 2443 Human Anatomy (ACTS Equivalency = BIOL 2404
\& BIOL 2441L Lecture)
and Human Anatomy Laboratory (ACTS
Equivalency $=$ BIOL 2404 Lab) ${ }^{1,2}$
Fine Arts (3 hours) ${ }^{1}$
Humanities (3 hours) Select one of the following: ${ }^{1}$
PHIL 2003 Introduction to Philosophy (ACTS Equivalency = PHIL 1103)
or PHIL 210 : Introduction to Ethics (ACTS Equivalency = PHIL 1003)
or PHIL 220́Logic (ACTS Equivalency = PHIL 1003)
or PHIL 310:Ethics and the Professions
History/Government (3 hours) ${ }^{1}$
Social Sciences (9 hours) ${ }^{1}$
Additional General Studies
BIOL 2213 Human Physiology (ACTS Equivalency = BIOL 4
\& BIOL 2211L 2414 Lecture)
and Human Physiology Laboratory (ACTS
Equivalency = BIOL 2414 Lab) ${ }^{1}$

## Non-academic Factors (50\% of total score)

| BIOL 2013 <br> \& BIOL 2011L | General Microbiology (ACTS Equivalency = BIOL <br> 2004 Lecture) <br> and General Microbiology Laboratory (ACTS | 4 |
| :--- | :--- | ---: |
|  | Equivalency = BIOL 2004 Lab) |  |
| 1 |  |  |

1 Denotes required nursing pre-requisite courses.
${ }^{2}$ BIOL $1543 / \mathrm{BIOL} 1541 \mathrm{~L}$ is a prerequisite for BIOL 2013/BIOL 2011L and BIOL 2443/BIOL 2441L and may be used as part of the elective hours.

## Full Admission to the Pre-Licensure B.S.N. Program (NURSBSPLRN)

Full admission to the Eleanor Mann School of Nursing is contingent upon meeting all the conditional requirements and successfully meeting the following requirements:

1. All prerequisite coursework for a fall admission into the Professional Program of Study in Nursing must be completed by the end of the spring semester. All coursework for spring admission must be completed by the end of the fall semester prior to entering the Professional Program of Study in Nursing.
2. Maintain at least a $C$ or higher in all coursework.
3. Provide proof of all required clinical paperwork as requested by the school of nursing. Please note that a criminal background check and regular drug screens are required. (The most current clinical requirements can be located in the student handbook.)

## Requirements for the Bachelor of Science in Nursing Pre-Licensure Option (NURSBSPLRN)

Completion of all PNURS requirements
Professional Nursing Program (59 hours)
Role Development (Level I)

| NURS 3313 | Pharmacology in Nursing | 3 |
| :--- | :--- | :--- |
| NURS 3314 | Pathophysiology | 4 |

| NURS 4712 | Seminar in Nursing | 3 |
| NURS 4722 | Professional Role Implementation VIII: Role 2 <br>  Synthesis | 2 |

## Total Hours

The minimum number of hours required to receive a baccalaureate degree at the University of Arkansas is 120 semester hours. The nursing major is exempt from the eight-semester degree plan since the program is admission-based. There is no guarantee that a student meeting the minimal GPA requirement will be admitted. Please refer to the College of Education and Health Professions website for specific information related to the admission criteria.

## Progression, Withdrawal, and Dismissal

1. For progression in the nursing program, only grades of " C " or above will be accepted. Students who make less than a "C" may not progress into courses for which that course is a prerequisite until the course is repeated and the required minimum grade attained. Note that the Eleanor Mann School of Nursing uses the following grading scale and exam policy:
a. Grading Scale: $A=92-100 \% B=83-91 \% C=75-82 \% D=$ $62-74 \%$ F = below $62 \%$
b. Exam Policy: A $75 \%$ average on class exams is necessary to pass the course. Once this criterion is met, other course grades will be factored into the final grade.
2. If a student earns a "D", "F", or "W" in a course, the course may be repeated once. The course must be passed on the second attempt. If a student earns a second "D", "F", or "W" in any course, the student will be dismissed from the program and will not be eligible for readmission.
3. Students who do not pass the Dosage Calculation Exam per handbook policy, will be administratively withdrawn from the clinical course and associated co-requisite courses. This may lead to a delay in graduation and/or dismissal from the program. See handbook (https://nursing.uark.edu/) for details.
4. A positive background check may impede or halt the student's progression in the program and may impact clinical placement and eligibility for licensure. If a student is arrested during their program of study, the school of nursing should be notified immediately and the
student will become ineligible for clinical courses pending the outcome of an investigation and/or judicial process.

## Didactic/Professional Role Implementation Courses

1. A student who needs to repeat a course in which they were unsuccessful must submit a petition to the Student Affairs Committee in nursing and are encouraged to do so as soon as they are aware of the need to repeat a course. An academic success plan will be implemented upon approval as outlined by this committee.
2. Students will be readmitted on a space-available basis according to the following priority system:
Priority Groups for Placement in Required Clinical Courses
a. First Priority - Continuing full-time students in good academic standing.
b. Second Priority - Continuing part-time students in good academic standing.
c. Third Priority - Students repeating a course due to an academic or clinical failure or were administratively withdrawn with a "W" for failing the medication calculation test who were unable to repeat a course for one or more semesters.
d. Fourth Priority - Students repeating a course due to an academic or clinical failure or were administratively withdrawn with a "W" for failing the medication calculation test who were in the preceding semester.
3. Spaces in clinical courses are limited and tightly controlled by accreditation, the Arkansas State Board of Nursing, and clinical agency policies. Enrollment in Didactic courses is limited to space available. A student re-enrolling in a Professional Role Implementation Course (whether due to illness, course failure, or other reasons) will not be assured a clinical placement space in subsequent courses.
4. NOTE: Readmission will not be considered for any student dismissed from the School of Nursing who obtained a "D" or "F" in one nursing course and was unable to make a "C'" or better upon repeating this course. Also, a student dismissed from a Professional Role Implementation Course due to safety, ethical, or dishonesty issues will be administratively withdrawn from a course, and may be subject to administrative withdrawal from the School of Nursing following a full review. Readmission is not guaranteed to these students.
5. Students should note that any violation of the Eleanor Mann School of Nursing policies or Code of Ethics can result in course failure and/ or dismissal from the program without prior warnings (see Student Handbook).

## Readmission Policies

Any student whose enrollment in the professional program of study has been interrupted may seek readmission following the steps below:

1. Seek readmission into the University of Arkansas (if applicable).
2. Complete Readmission Application to the School of Nursing during the application periods. (Readmission is limited by space availability).
3. Readmission will not be considered for any student dismissed from the School of Nursing who obtained a "D" or "F" in one nursing course and was unable to make a "C" or better upon repeating this course or who was dismissed from a Professional Role Implementation Course due to safety, ethical, or dishonesty issues. Exceptions to this policy will be considered by the Student Affairs Committee in nursing on an individual basis.

## Exit Policies

1. Students must complete the requirements for the degree within five years of enrolling in the first upper-division nursing course. If the student does not complete the Professional Program of Study within the five-year limit, nursing credits must be reevaluated.
2. All University of Arkansas requirements must be met.

In addition to the program requirements, students must meet the university and college graduation requirements. This curriculum is subject to change to comply with national accreditation and the Arkansas State Board of Nursing Standards.

## Bachelor of Science in Nursing Pre-Licensure Option (NURSBS-PLRN)

Because this program requires admission to progress, it does not qualify for the university's Eight-Semester Degree Program; however, students who qualify to finish a degree in four years can follow the suggested order of classes below.

| First Year | Units |  |
| :---: | :---: | :---: |
|  | Fall | Spring |
| ENGL 1013 Composition I (ACTS Equivalency = ENGL 1013) (Satisfies General Education Outcome 1.1) | 3 |  |
| MATH 1203 College Algebra (ACTS Equivalency = MATH 1103) (or higher) (Satisfies General Education Outcome 2.1) | 3 |  |
| Elective ${ }^{1}$ | 4 |  |
| Any Chemistry 1073/1071L or higher with lab (Satisfies General Education Outcome 3.4) | 4 |  |
| ENGL 1023 Composition II (ACTS Equivalency = ENGL 1023) (Satisfies General Education Outcome 1.1) |  | 3 |
| Social Sciences State Minimum Core elective (Satisfies General Education Outcome 3.3) ${ }^{2}$ |  | 3 |
| U.S. History or Government State Minimum Core elective (Satisfies General Education Outcome 4.2) ${ }^{2}$ |  | 3 |
| Satisfies General Education Outcome 3.4: |  |  |
| BIOL 2443 Human Anatomy (ACTS Equivalency = BIOL 2404 Lecture) |  | 4 |
| \& BIOL 2441L Human Anatomy Laboratory (ACTS |  |  |
| Equivalency = BIOL 2404 Lab) |  |  |
| Elective |  | 3 |
| Year Total: | 14 | 16 |
| Second Year |  | Units |
|  | Fall | Spring |
| Social Sciences State Minimum Core elective (Satisfies General Education Outcome 3.3) ${ }^{2}$ | 3 |  |
| Fine Arts State Minimum Core elective (Satisfies General Education Outcome 3.1) ${ }^{2}$ | 3 |  |

PHIL 2003 Introduction to Philosophy (ACTS
Equivalency = PHIL 1103) (Satisfies General
Education Outcomes 3.2 and 5.1) ${ }^{2}$
or PHIL 2103 Introduction to Ethics (ACTS

> Equivalency = PHIL 1003)
or PHIL 2203 Logic (ACTS Equivalency $=$ PHIL 1003)
or PHIL 3103 Ethics and the Professions

The courses that meet the state minimum core also fulfill many of the university's General Education requirements (https://nam03.safelinks.protection.outlook.com/?url=https\%3A\%2F \%2Fnextcatalog.uark.edu\%2Fundergraduatecatalog\%2Fgened \%2Fgeneraleducation\%2F\&data=02\%7C01\%7Cagriffin\%40uark.edu \%7Ce4e632415f9b49eda9bf08d7f5c20b91\%7C79c742c4e61c4fa5be89a3cb566a \%2BDWRVEfAqIMsYNX4KXEgX2JdEJJY7Go\%3D\&reserved=0), although there are additional considerations to satisfy the general education learning outcomes. Students are encouraged to consult with their academic adviser when making course selections. |  |  |
|  |  |  |

## R.N. to B.S.N. Option (NURSBS-RNBN) Program Admission Policies

## Step One

Complete the university admission application and associated requirements. Current practicing Registered Nurse (R.N.) applicants will select R.N. to B.S.N. program for their program of study.

## Step Two

Upon receipt of all required application material, the university determines applicant qualification for general university admission. If general admission is granted, the application then goes to the nursing department
to determine program admission eligibility. Admission criteria verified by the nursing department includes:

- Completion of an accredited/state board approved R.N. program.
- R.N. licensure status in Arkansas and /or any other state that has approved the program. Not all state boards of nursing will accept outside of state education. See program website for the current list of allowed states. The nursing license must be active and unencumbered. Students admitted to the program will be required to maintain this active, unencumbered status for the duration of their enrollment in the program.
- The applicant's R.N. employment status including the following:
- R.N.s with 12-months or greater since nursing program completion:
- Documentation from current and/or recent employer(s) where applicant is hired as an R.N. including institution or organization name, address, supervisor contact information, area or unit of service, position title, and employment status (e.g. full-time, part-time, per diem). Applicants should include documentation of one of the following:
- Employer verification of 1,000-R.N. practice-hours completed within 12-24 months of beginning the program.
- Completion of a state board of nursing approved R.N.refresher courses within 12-24 months of beginning the program.
- Nursing students enrolled in the final semester of an accredited nursing program may apply and be eligible for conditional program admission upon successful completion of their current nursing program. Students in this category will be required to submit the following:
- Verification of good standing provided from the director or dean of the respective nursing program from which the applicant is transferring (form provided in University application).
- Final transcripts (official) to the university and a copy (can be unofficial) to the nursing department upon completion of current nursing education program.
- Date of NCLEX exam once scheduled and testing outcome resulting in licensure. In addition, students may enroll in a maximum of 6 credit hours of course work within the R.N. to B.S.N. program of study and enrollment duration may not exceed one academic semester or 6 months following PreR.N. licensure program completion.

## Step Three

Once admitted an academic advisor will evaluate the general education requirements (state minimum core (p. 81) and nursing program prerequisites). Students must complete all program prerequisites before beginning the nursing program courses or in the first term of admission. The academic advisor will assist each student in developing an individualized course progression plan to meet the requirements of the program.

## Additional Program Information

- Professional nursing courses for R.N. to B.S.N. students are delivered online through University of Arkansas Global Campus.
- Students will be required to identify a qualified mentor (B.S.N. level or higher) for the NURS 4092 practicum course involving 75 clinical hours.
- Students admitted to the program may request up to 3 credit hours of previously completed B.S.N.-level course credit in substitution for a core R.N. to B.S.N. program of study course. The nursing faculty evaluate core R.N. to B.S.N course substitution petitions for eligibility. Only courses taken within the last five years will be eligible for review.

## Program Outline

Credit for courses listed below will be held in escrow. The student will receive credit for these courses upon successful completion of the program.

| NURS 2032 | Therapeutic and Interprofessional Communication | 2 |

| NURS 4452 | Professional Role Implementation VI: Role Synthesis | 2 |

## Total Hours

${ }^{1}$ Denotes required nursing pre-requisite courses.

The minimum number of hours required to receive a baccalaureate degree at the University of Arkansas is 120 semester hours. The Nursing major is exempt from the eight-semester degree plan since the program is admissions-based.

## Progression, Withdrawal, and Dismissal for R.N. to B.S.N. program (NURSBS-RNBN)

1. For progression in the nursing program, only grades of " C " or above will be accepted. Note that the Eleanor Mann School of nursing uses the following grading scale and exam policy:
a. Grading Scale: $\mathbf{A}=92-100 \% \mathbf{B}=83-91 \% \mathbf{C}=75-82 \% \mathbf{D}=$ 62-74\% F= below 62\%
b. Exam Policy: A $75 \%$ average on class exams is necessary to pass the course. Once this criterion is met, other course grades will be factored into the final grade.
2. Course Failure
a. If a student earns a "D" or "F" in a course, the course may be repeated once. Students who make less than a "C" may not progress into courses that require a prerequisite until the course is repeated and the required minimum grade attained. The course must be passed on the second attempt. If a student earns a "D," "F," or withdraws from the second attempt, this results in dismissal from the nursing program.
b. If a student earns a "D" or "F" in a second course, the student will be dismissed from the program and will not be eligible for readmission.
3. Course Withdrawal
a. If a student withdraws from a course, the course may be repeated. No more than two withdrawals from the same course will be allowed. If not passed on the third attempt, the student will be dismissed from the program.
4. Students must maintain an active, unencumbered licenses to practice. If at any point in the duration of the program, the student's nursing license becomes encumbered or inactive the student must notify the school of nursing immediately and will be dismissed from the program.
5. Students admitted prior to taking their NCLEX RN exam must report successful licensure within 6 months of program start. If unsuccessful on NCLEX RN exam, the student will not be permitted to enroll in subsequent semesters until licensed.
6. Students should note that any violation of the Eleanor Mann School of Nursing policies or code of ethics can result in course failure and/ or dismissal from the program without prior warnings (see student handbook).
a. Three performance improvement plans are evidence of a pattern of behavior that contradicts our policies and code of ethics. A student with three performance improvement plans will meet with program administration and will be subject to dismissal.
7. A student dismissed from the school of nursing will be asked to self-withdraw from all courses or will be subject to administrative withdrawal.

## Repeating Didactic/Clinical Practicum Courses (NURSBS-RNBN)

1. A student who needs to repeat a course in which they were unsuccessful must make a petition to the Student Affairs Committee in nursing and are encouraged to do so as soon as they are aware of the need to repeat a course. An academic success plan will be implemented upon approval as outlined by this committee.
2. Students that withdraw or are unsuccessful will be reenrolled on a space-available basis according to the following priority system: Priority Groups for Placement in Required Courses
a. First Priority - Continuing students in good academic standing ranked by admission cohort.
b. Second Priority - Students repeating a course due to withdrawal or failure.
3. Spaces in clinical practicum courses are limited and tightly controlled by accreditation, the State Boards of Nursing, and clinical agency policies. Space in Didactic courses are limited to space available. A student re-enrolling in a Clinical Practicum Course (whether due to
illness, course failure, or other reasons) will not be assured a clinical placement space in subsequent courses.

## Readmission Policies

Any student whose enrollment in the professional program of study has been interrupted may seek readmission following the steps below:

1. Seek readmission into the University of Arkansas (if applicable).
2. Readmission will not be considered for any student dismissed from the School of Nursing who obtained a "D" or "F" in one nursing course and was unable to make a "C" or better upon repeating this course, who fails a second course, or who was dismissed from a course due to safety, ethical, or dishonesty issues.
3. Exceptions to this policy will be considered by the Student Affairs Committee in nursing on an individual basis and only in the presence of extenuating circumstance.

## Exit Policies

1. Students must complete the requirements for the degree within five years of enrolling in the first upper-level nursing course. Nursing credits must be reevaluated (and may need to be repeated) if the student does not complete the Professional Program of Study within the five-year limit.
2. In addition to the program requirements, students must meet the university and college graduation requirements. This curriculum is subject to change to comply with national accreditation and the Arkansas State Board of Nursing Standards.

## R.N. to B.S.N. Option Semester Degree Program

The nature of the R.N. to B.S.N. major excludes it from ACT 1014 eightsemester degree-completion program requirements. The degree is a 120hour degree in accordance with ACT 747.

Presented below is a typical plan for completing this degree in four semesters; individual student plans may vary.

Students are not required to enroll in courses during the summer, but courses may be offered. Students may be able to finish the program sooner if they enroll in summer courses.

First and Second Year
RNBN Prerequisite courses ${ }^{1}$

| Credits earned prior to Fall Semester Year 3 |  | 53 |
| Credits in NURSBS RNBN sequence |  | 67 |
| Total Hours |  | 120 |
| ${ }^{1}$ The General Education Curriculum is designed to measure specific knowledge, skills, and attitudes developed by students at the University of Arkansas. Since the pre-program requirements are most likely completed at other institutions, learning outcomes 1.1, 2.1, 3.1, 3.2, 3.3, and 3.4 will not be measured in this program. |  |  |

## Requirements for L.P.N./L.P.T.N. to B.S.N. Option <br> Pre L.P.N. to B.S.N Option (PLNBN)

In line with the university and the College of Education and Health Professions initiatives, the Eleanor Mann School of Nursing seeks to enhance a diverse academic experience for all students. This results in additional expertise in providing care to an increasingly diverse patient population. The pre-nursing option for Licensed Practical Nurses (L.P.N.) provides an online platform for completing the required state minimum core and nursing program prerequisite for admission to the school of nursing.

Once admitted to the university, an academic adviser will evaluate the general education requirements (state minimum core and nursing program prerequisites) that the student has already completed. Students interested in the online L.P.N. to B.S.N. program option will be admitted to the University of Arkansas as pre-nursing majors. The academic adviser will assist each student in developing an individualized course progression plan to meet admission requirements to the nursing program.

## Program Admission Policies

## Step One - General Education Requirements

Successfully complete all general education requirements (state minimum core (p. 81) and nursing program prerequisites) and maintain good academic standing.

| English |  |  |
| :---: | :---: | :---: |
| ENGL 1013 | Composition I (ACTS Equivalency = ENGL 1013) | 3 |
| ENGL 1023 | Composition II (ACTS Equivalency = ENGL 1023) | 3 |
| Mathematics |  |  |
| MATH 1203 | College Algebra (ACTS Equivalency $=$ MATH 1103) (or higher) | 3 |

Sciences with labs must include: 16

Chemistry (4 hours)
Anatomy (4 hours)
Physiology (4 hours)
Microbiology (4 hours)

| Fine Arts |  | 3 |
| :---: | :---: | :---: |
| Humanities |  | 3 |
| American History | American Government (choose one) | 3 |
| HIST 2003 | History of the American People to 1877 (ACTS Equivalency = HIST 2113) |  |
| HIST 2013 | History of the American People, 1877 to Present (ACTS Equivalency = HIST 2123) |  |
| PLSC 2003 | American National Government (ACTS Equivalency = PLSC 2003) |  |
| Social Sciences |  | 9 |
| Statistics |  | 3 |
| Electives |  | 2 |
| Total Hours |  | 48 |

Upon completing the above courses, the academic adviser will initiate a review for program admission eligibility in conjunction with the department of nursing (see step two). All program and University core prerequisites must have a C grade or above to be eligible for nursing program admission. Pre-L.P.N. to B.S.N. online students taking general education courses must maintain a GPA that allows them to remain in good academic standing (minimum of 2.0) with the University of Arkansas to enter the nursing program of study.

## Program Requirements <br> Step Two - Program Admission Requirements

To be considered for nursing program admission, pre-L.P.N. to B.S.N. students will submit their application packet by the following dates:

Fall Start- see nursing.uark.edu
Spring Start- see nursing.uark.edu
Admission packet must include:

1. Eleanor Mann School of Nursing Application.
2. Completion of an accredited/state board approved L.P.N., L.V.N., or L.P.T.N. program. Official transcript required to be on file with the University of Arkansas.
3. Proof and maintenance of an active, unencumbered license to practice as an L.P.N., L.V.N., or L.P.T.N. in Arkansas and/or any other state that has approved of the program. Not all state boards of nursing will accept outside-of-state education. See the program website for current list of the allowed states. Students admitted to the program will be required to maintain this active, unencumbered status for the duration of their enrollment in the program. Nursing program personnel will verify licensure.
4. Employment/nursing experience status of applicant based on the following:

- Documentation from current and/or recent employer(s) where applicant is hired as an L.P.N. including institution or organization name, address, and supervisor contact information, area or unit of service, position title, and employment status (e.g., full-time, part-time, per diem). Employer verification of 2,000-L.P.N. practice-hours have been completed in the 24 months prior to the beginning of the program (form provided in University application).

## OR

- If the student has not worked 2000 hours in the last 24 months prior to the beginning of the program, but has worked the required hours previously as a licensed nurse, completion of a state board approved PN-refresher course within 12 months prior to beginning the program is required.

5. TEAS test score of $65 \%$ or above, taken within the last two years (information on the nursing website). The two-year period is defined as ending on the first day of the academic term in which the student plans to begin the nursing in-program courses.

## Completed applicant packets received by each deadline will be

 reviewed, and acceptance into the program will be dependent on quality of the application and space availability.
## Additional Program Information and Requirements

- Professional nursing courses for L.P.N. to B.S.N. students are delivered online through the University of Arkansas Global Campus. Clinical practicum hours can be completed within the student's geographic area with a qualified (B.S.N. level or higher) preceptor selected by the student.
- Students must provide proof of all required clinical paperwork requested by the school of nursing, including annual criminal background checks and regular drug screens (the most current clinical requirements can be located in the student handbook).
- Students admitted to the program may request up to 3 credit hours of previously completed B.S.N. level course credit in substitution for a core L.P.N. to B.S.N. program of study course. The nursing faculty evaluate core L.P.N. to B.S.N. course substitution petitions for eligibility. Only courses taken within the last five years will be eligible for review.
- Students who have started an L.P.N. to R.N. or L.P.N. to B.S.N. program at another institution are required to submit a letter from the nursing program director stating eligibility for readmission.

Credit for courses listed below will be held in escrow. The student will receive credit for these courses upon successful completion of the program.

| NURS 2032 | Therapeutic and Interprofessional Communication | 2 |

| :--- | :--- | ---: |
|  | Practice |  |
| NURS 3424 | Professional Role Implementation I: Caregiver | 4 |
| NURS 3644 | Professional Role Implementation II: Caregiver | 4 |
| Total Hours |  | $\mathbf{1 2 0}$ |

The minimum number of hours required to receive a baccalaureate degree at the University of Arkansas is 120 semester hours. The nursing major is exempt from the eight-semester degree plan since the program is admission-based.

## Progression, Withdrawal, and Dismissal for L.P.N. to B.S.N. program (NURSBS-LNBN)

1. For progression in the nursing program, only grades of " C " or above will be accepted. Note that the Eleanor Mann School of Nursing uses the following grading scale and exam policy:
a. Grading Scale: $\mathbf{A}=92-100 \% \mathbf{B}=83-91 \% \mathbf{C}=75-82 \% \mathbf{D}=$ $62-74 \%$ F = below 62\%
b. Exam Policy: A 75\% average on class exams is necessary to pass the course. Once this criterion is met, other course grades will be factored into the final grade.
2. Course Failure
a. If a student earns a "D" or "F" in any course, the course may be repeated once. Students who make less than a "C" may not progress into courses that require it as a prerequisite until the course is repeated and the required minimum grade attained. The course must be passed on the second attempt. If a student earns a D, F, or withdraws from the second attempt, this results in dismissal from the nursing program.
b. If a student earns a "D" or "F" in a second course, the student will be dismissed from the program and will not be eligible for readmission.
3. Course Withdrawal
a. If a student withdraws from a didactic course, the course may be repeated. No more than two withdrawals from the same didactic course will be allowed. If the didactic course is not passed on the third attempt, the student will be dismissed from the program.
b. If a student withdraws from a practicum course, the course may be repeated once. The course must be passed on the second attempt. If the student does not pass the course within the two allowed attempts, this results in program dismissal.
4. Students who do not pass the Dosage Calculation Exam \#per handbook policy will be administratively withdrawn from the course.\# This may lead to a delay in graduation and/or dismissal from the program.
5. Students must maintain an active, unencumbered license to practice nursing. If the student's license becomes encumbered or inactive at any point in the program's duration, the student must notify the school of nursing immediately and will be dismissed from the program.
6. For licensed nurses, the school of nursing is mandated to report positive drug screens to the board of nursing. Confirmation of a positive drug screen will result in administrative withdrawal from nursing courses and nursing program dismissal.
7. A positive background check may impede or halt the student's progression in the program and may impact clinical placement and eligibility for licensure. If a student is arrested during their program of study, the school of nursing should be notified immediately and the student will become ineligible for clinical courses pending the outcome of an investigation and/or judicial process.
8. The school of nursing will comply with the policies, rules, and regulations set by the Arkansas State Board of Nursing and that of the student's respective State Board of Nursing
9. Students who do not complete all required compliance documents as specified in the Student and Clinical Handbooks by the due date will not be enrolled into the clinical course and have to defer to the next available semester upon completion of pending compliance requirements.
10. If a student taking a didactic course with an associated practicum in the same semester decides to withdraw from the didactic course, they must also withdraw from the practicum.
11. Students should note that any violation of the Eleanor Mann School of Nursing policies or code of ethics can result in course failure and/ or dismissal from the program without prior warnings (see student handbook).
a. Three performance improvement plans are evidence of a pattern of behavior that contradicts our policies and code of ethics. A student with three performance improvement plans will meet with program administration and will be subject to dismissal.
12. A student dismissed from the school of nursing will be asked to self-withdraw from all courses or will be subject to administrative withdrawal.

## Repeating Didactic/Clinical Practicum Courses (NURSBS-LNBN)

1. A student who needs to repeat a course in which they were unsuccessful must make a petition to the Student Affairs Committee in nursing and are encouraged to do so as soon as they are aware of the need to repeat a course. An academic success plan will be implemented upon approval as outlined by this committee.
2. Students that withdraw or are unsuccessful will be reenrolled on a space-available basis according to the following priority system: Priority Groups for Placement in Required Courses
a. First Priority - Continuing students in good academic standing ranked by admission cohort.
b. Second Priority - Students repeating a course due to withdrawal or failure.
3. Spaces in clinical practicum courses are limited and tightly controlled by accreditation, the State Boards of Nursing, and clinical agency policies. Enrollment in didactic courses are limited to space availability. A student re-enrolling in a clinical practicum course (whether due to illness, course failure, or other reasons) will not be assured a clinical placement space in subsequent courses.

## Readmission Policies

Any student whose enrollment in the professional program of study has been interrupted may seek readmission following the steps below:

1. Seek readmission into the University of Arkansas (if applicable).
2. Readmission will not be considered for any student dismissed from the School of Nursing who obtained a "D" or "F" in one nursing course and was unable to make a " C " or better upon repeating this course, who fails a second course, or who was dismissed from a clinical practicum course due to safety, ethical, or dishonesty issues. Exceptions to this policy will be considered by the Student Affairs Committee in nursing on an individual basis and only in the presence of an extenuating circumstance.
3. Students must complete the requirements for the degree within five years of enrolling in the first upper-level nursing course. Nursing credits must be reevaluated (and may need to be repeated) if the student does not complete the Professional Program of Study within the five-year limit.
4. In addition to the program requirements, students must meet the university and college graduation requirements. This curriculum is subject to change to comply with national accreditation and the Arkansas State Board of Nursing Standards.

## L.P.N. to B.S.N. Option (NURSBS-LNBN) Semester Plan

The nature of the L.P.N. to B.S.N. major excludes it from ACT 1014 eightsemester degree-completion program requirements. The degree is a 120 credit hour degree in accordance with ACT 747.

The L.P.N. to B.S.N. major was built for working nurses and intended to be taken at a part time pace. Presented below is a typical plan for completing this degree in five years; individual student plans may vary.

Students are not required to enroll in courses during the summer, but courses may be offered. Students may be able to finish the program sooner if they enroll in summer courses.

| First Year |  |  | Units <br> Summer |
| :--- | ---: | ---: | ---: | ---: |
| Pre-program requirements ${ }^{1}$ | Fall | Spring |  |
| Year Total: | 48 |  |  |
| Second Year |  |  |  |
| Units |  |  |  |

## Exit Policies

| Fourth Year | Units |  |  |
| :---: | :---: | :---: | :---: |
|  | Fall | Spring | Summer |
| NURS 4013 Informatics for the Professional Nurse | 3 |  |  |
| NURS 4542 Critical Care Nursing | 2 |  |  |
| NURS 4552 Critical Care Practicum | 2 |  |  |
| NURS 4023 Health Promotion Across the Lifespan |  | 3 |  |
| NURS 4063 Population and Community Health Nursing |  | 3 |  |
| NURS 4073 Population and Community Health Practicum |  | 3 |  |
| NURS 4503 Introduction to Health Care Policy |  |  | 3 |
| Year Total: | 7 | 9 | 3 |
| Fifth Year |  |  | Units |
|  | Fall | Spring | Summer |
| NURS 4701 Professional Nursing Synthesis | 1 |  |  |
| NURS 4092 Professional Role Practicum | 2 |  |  |
| Escrow credit | 15 |  |  |
| NURS 2032 Therapeutic and Interprofessional Communication |  |  |  |
| NURS 3313 Pharmacology in Nursing |  |  |  |
| NURS 3422 Nursing Concepts: Foundations of Professional Practice |  |  |  |
| NURS 3424 Professional Role Implementation I: Caregiver |  |  |  |
| NURS 3644 Professional Role Implementation II: Caregiver |  |  |  |
| Year Total: | 18 |  |  |

## Total Units in Sequence:

${ }^{1}$ The General Education Curriculum is designed to measure specific knowledge, skills, and attitudes developed by students at the University of Arkansas. Since the pre-program requirements are most likely completed at other institutions, learning outcomes 1.1, 2.1, 3.1, 3.2, 3.3, and 3.4 will not be measured in this program.

## Faculty

Ballentine, Hope, D.N.P. (University of Arkansas), M.S.N. (Vanderbilt University), B.A. (Harding University), Teaching Assistant Professor, 2014, 2018.
Bowling, Hilary, D.N.P. (University of Pittsburgh), M.S.N., B.S.N. (University of Arkansas), Clinical Assistant Professor, 2014, 2022.
Bradley, Callie, D.N.P. (University of Utah), Visiting Clinical Assistant Professor, 2020.
Butler, Martha R., Ph.D. (Texas Woman's University), M.N., B.S.N. (Wichita State University), Assistant Professor, 2008, 2018. Casida, Jesse, Ph.D. (Seton Hall University), M.S.N. (Columbia University), B.S. (Bicol University, Phillipines), Professor, George M. and Boyce W. Billingsley Endowed Chair in Nursing, 2022.

Dunbar, Diana, M.S.N. (University of Central Arkansas), B.S.N. (University of Central Oklahoma), Clinical Instructor, 2015, 2019.
Emory, DeAnna Jan, Ph.D. (University of Arkansas), M.S., B.S.N. (University of Oklahoma Health Sciences Center), Associate Professor, 2012, 2018.
Franks, Lisa, D.N.P. (University of Missouri-Columbia), M.S.N., B.S.N. (University of Arkansas), Instructor, 2014.
Garrett, B. J., M.S.N. (Angelo State University), Instructor, 2018.
Gilmet, Kelsey, Ph.D. (University of Illinois-Chicago), M.S.N. (University of Minnesota), B.A. (Kalamazoo College), Instructor, 2016.
Hall, David, M.S.N., B.S.N. (University of Arkansas), Instructor, 2020.
Jarrett, Anna Lee, Ph.D., M.S.N. (University of Missouri-Columbia), B.S.N. (Missouri Southern State College), Associate Professor, 2012, 2018.

Johnson, Kelly Vowell, Ed.D. (University of Arkansas), M.N.Sc.
(University of Arkansas for Medical Sciences) B.S.N. (Arkansas Tech University), Associate Professor, 2013, 2021.
Kilmer, Michele, D.N.P. (University of Alabama), M.S.N (Texas Tech University), B.S.N. (Harding University), Assistant Professor, 2017, 2018. Kippenbrock, Thomas A., Ed.D. (Indiana University at Bloomington), M.S. (Indiana University-Purdue University-Indianapolis), B.S.N. (Indiana State University), Professor, 2003.
Lee, Peggy B., Ed.D. (University of Arkansas), M.S. (University of Southern Mississippi), B.S.N. (Mississippi College), Teaching Associate Professor, 2009, 2021.
Lofton, Annelle L., M.S.N. (University of Arkansas), B.S.N. (University of Arkansas), Clinical Instructor, 2013.
Miller, Bettie Gale, M.S.N. (University of Phoenix), M.S., B.S.E., B.S.N. (University of Arkansas), Instructor, 2003.
Murray, Lori M., D.N.P. (University of Kansas Medical Center), M.S., B.S.N. (University of Oklahoma Health Sciences Center), Teaching Assistant Professor, 2015, 2017.
Peterson, Katelyn, M.S.N., B.S.N. (University of Arkansas), Instructor, 2021.

Sabatini, Lindsey Rachel, D.N.P., M.S., B.S.N., B.S. (University of Arkansas), Instructor, 2012.
Scott, Allison L., D.N.P. (University of Missouri-Kansas City), M.S.N., B.S.N. (University of Arkansas for Medical Sciences), Associate Professor, 2006, 2021.
Shreve, Marilou D., D.N.P., M.S.N. (University of Missouri-Kansas City), B.S.N. (University of Arkansas), Associate Professor, 2013, 2021.

Throop, Kathy, M.S.N. (Northeastern Oklahoma State University), B.S.N. (Baylor University), Instructor, 2019.
Zayas, Fernanda, M.S.N. (Lenoir-Rhyne University), Clinical Instructor, 2018.

## Courses

NURS 2012. Nursing Informatics. 2 Hours.
This course focuses on how information technology is used in the health care system. The course describes how nursing informatics is currently being used by healthcare professionals and speculates about future applications. Prerequisite: Admission to the NURS-PLRN major. (Typically offered: Fall, Spring and Summer)

NURS 2022. Introduction to Professional Nursing Concepts. 2 Hours.
The course presents an overview of theories, principles and concepts essential to professional nursing practice. It includes ethical and legal implications relevant to health care systems. Focus is on the nursing process as the organizing framework for the delivery of care. It also explores the role of the professional nurse. This is a pre-nursing course. Prerequisite: For pre-nursing and nursing majors only. Must have sophomore standing or above and a GPA of 3.0 or above. (Typically offered: Fall, Spring and Summer)

NURS 2032. Therapeutic and Interprofessional Communication. 2 Hours.
Focuses on intrapersonal and interpersonal strategies necessary for effective nurseclient interactions. Introduces a variety of communication techniques skills including group process and dynamics. This is a pre-nursing course. Prerequisite: Admission to the NURS-PLRN major. (Typically offered: Fall, Spring and Summer)

NURS 3111. Clinical Skills for Professional Nurses. 1 Hour
Students apply nursing concepts and skills with emphasis on the caregiver role transition and use of the nursing process. Prerequisite: Admission to the Online Undergraduate BSN Professional Program or permission by the instructor or department head, and students must have completed all University core and program prerequisites. Pre- or Corequisite: NURS 4323. (Typically offered: Fall and Spring)

## NURS 3302. Older Adult Nursing. 2 Hours

This course builds on previous nursing knowledge by focusing on gerontologic theories, concepts, and principles as they relate to nursing care of older adults. Students explore socio-cultural context of gerontologic nursing, professional standards of practice, common health concerns, and future considerations. Prerequisite: NURS 4323, NURS 4313 and admission of to the Online Undergraduate BSN Professional Program or permission by the instructor or department head. (Typically offered: Fall, Spring and Summer)

NURS 3313. Pharmacology in Nursing. 3 Hours.
The use of therapeutic drugs in health care is the focus of the course. Nursing assessment, safety measures and client education related to drug therapy are emphasized. This is a Level I course. Prerequisite: Admission into the BSN professional program. (Typically offered: Fall and Spring)

## NURS 3314. Pathophysiology. 4 Hours.

The course focuses on underlying concepts common to pathophysiologic processes across the life span. Factors that contribute to altered physiological functioning and the body's adaptive and compensatory mechanisms are studied. Emphasizes concepts essential for understanding the rationale for preventive and therapeutic nursing interventions in health and illness. This is a Level I course. Prerequisite: Admission into BSN professional program. (Typically offered: Fall and Spring)

NURS 3321L. Health Assessment Practicum. 1 Hour.
The course focuses on the implementation of concepts and principles of health assessment, preparing students to complete a holistic health assessment of the well person. This is a Level I course. Corequisite: NURS 3342. Prerequisite: BIOL 2443 , BIOL 2441L, BIOL 2213, BIOL 2211L, and admission to the BSN professional program. (Typically offered: Fall, Spring and Summer)

## NURS 3332. Adult Health I for Nurses. 2 Hours.

The course focuses on the experience of acute problems across the health-illness continuum. Students learn to utilize the nursing process through care planning and case studies while focusing on the adult population. Prerequisite: NURS 4313, NURS 3302 and admission to the Online Undergraduate BSN Professional Program or permission by the instructor or department head. (Typically offered: Fall, Spring and Summer)

## NURS 3342. Health Assessment. 2 Hours.

This course focuses on concepts and principles of health assessment in a well person. Health status, environment, physical and psychosocial findings, and medical terminology are emphasized to create a holistic health assessment plan. This is a Level I course. Prerequisite: Admission into the BSN professional program of studies, BIOL 2443, BIOL 2441L, BIOL 2213 and BIOL 2211L. Corequisite: NURS 3321L. (Typically offered: Fall and Spring)

## NURS 3402. Nursing Concepts: Older Adult. 2 Hours.

This course focuses on gerontologic theories, concepts, and principles as they relate to nursing care of older adults. Students explore socio-cultural context of gerontologic nursing, professional standards of practice, common health concerns, and future considerations. This is a Level I course. Prerequisite: Admission into the BSN Professional Program of Studies. (Typically offered: Fall and Spring)

NURS 3422. Nursing Concepts: Foundations of Professional Practice. 2 Hours. Introduction to the nursing process and the scope of basic human needs. The student learns to use nursing diagnoses and care plans in case studies. This is a Level I course. Corequisite: NURS 3424. Prerequisite: Admission to BSN professional program. (Typically offered: Fall and Spring)

NURS 3424. Professional Role Implementation I: Caregiver. 4 Hours. Students apply basic nursing concepts and skills in laboratory and clinical settings. Emphasis is on the role of nurse as caregiver and use of the nursing process in the delivery of care. This is a Level I course. Pre- or Corequisite: NURS 3422, NURS 3321L, and NURS 3313. Prerequisite: Admission to the BSN program. (Typically offered: Fall and Spring)

NURS 3634. Nursing Concepts: Adult Health and IIIness I. 4 Hours. Focuses on the adult population experiencing acute problems in the health-illness continuum. Utilizing the nursing process, nursing, and medical treatments of selected conditions that will be emphasized in the acute care setting. This is a Level I course. Corequisite: NURS 3644. Prerequisite: NURS 3313, NURS 3314 , NURS 3321L, NURS 3402, and NURS 3422. (Typically offered: Fall and Spring)

NURS 3644. Professional Role Implementation II: Caregiver. 4 Hours. Emphasizes the role of caregiver in acute care settings. Course expands on assessment and includes advanced clinical skills. Emphasizes the use of clinical judgment to promote optimal health for adults experiencing illness and/ or undergoing surgery. This is a Level I course. Pre- or Corequisite: NURS 3634 Prerequisite: NURS 3313, NURS 3314, NURS 3321L, NURS 3402, NURS 3422, and NURS 3424. (Typically offered: Fall and Spring)

## NURS 3742. Nursing Concepts: Mental Health and IIIness. 2 Hours.

 Presents the basic concepts and theories of mental health and illness. Examines various therapeutic modalities in the care of clients experiencing mental health or psychosocial disorders. This is a Level I course. Corequisite: NURS 3752. Prerequisite: NURS 3313, NURS 3314, NURS 3321L, NURS 3402, and NURS 3422. (Typically offered: Fall and Spring)NURS 3752. Professional Role Implementation III: Caregiver. 2 Hours. Students work with clients who have mental health problems, observe group process in therapy sessions, and develop interpersonal communication skills. Students apply research-based knowledge in assisting assigned clients to meet mental and other health care needs. The caregiver role is emphasized. This is a Level I course. Preor Corequisite: NURS 3742. Prerequisite: NURS 3313, NURS 3314, NURS 3321L, NURS 3402, NURS 3422, and NURS 3424. (Typically offered: Fall and Spring)

NURS 3772. Mental Health Nursing. 2 Hours.
This course presents basic concepts and theories of mental health and illness. Students examine nursing care of clients with various mental health and psychosocial disorders. Therapeutic modalities and their use in a variety of settings are explored. Prerequisite: NURS 4323 and NURS 3111 and admission to the Online Undergraduate BSN Professional Program or permission by the instructor or department head. (Typically offered: Fall, Spring and Summer)

NURS 3782. Mental Health Practicum. 2 Hours.
Students will apply the theoretical principles learned in the NURS 3772: Mental Health Nursing to the care of clients with mental health disorders in a variety of settings. Prerequisite: NURS 4323, and NURS 3111 and admission to the Online Undergraduate BSN Professional Program or permission by the instructor or department head. Pre- or Corequisite: NURS 3772. (Typically offered: Fall, Spring and Summer)

NURS 3842. Foundations of Scientific Evidence in Nursing Practice. 2 Hours. Introduction to the use of scientific evidence in nursing through a comparative analysis of selected studies. Theoretical, methodological, and analytical approaches are explored. Students acquire basic competencies in evaluating, interpreting, and applying evidence-based knowledge for use in professional nursing practice. This is a Level I course. (Typically offered: Fall and Spring)

## NURS 3842H. Honors Foundations of Scientific Evidence in Nursing Practice.

 2 Hours.Introduction to the use of scientific evidence in nursing through a comparative analysis of selected studies. Theoretical, methodological, and analytical approaches are explored. Students acquire basic competencies in evaluating, interpreting, and applying evidence-based knowledge for use in professional nursing practice. This is a Level I course. (Typically offered: Fall and Spring)
This course is equivalent to NURS 3842.
NURS 4003. Transition to Professional Nursing Practice. 3 Hours.
This course supports educational mobility building on a core of common knowledge and skill from previous nursing education. The course emphasizes a transition to the professional nursing roles and competencies associated with professional nursing practice. Prerequisite: Admission to an online undergraduate BSN professional program, or instructor or departmental consent. (Typically offered: Fall and Spring)

## NURS 4013. Informatics for the Professional Nurse. 3 Hours.

This course focuses on how information technology is used in the health care system. The course describes how nursing informatics is currently being used by healthcare professionals, and speculates about future applications. Prerequisite: Admission to an online undergraduate BSN professional program, or instructor or departmental consent. (Typically offered: Fall and Spring)

NURS 4023. Health Promotion Across the Lifespan. 3 Hours.
This course introduces theories and concepts of teaching and learning, health and wellness, and health behavior in the context of health promotion in nursing. The complex relationships that exist among culture, family, community, and health are explored. Students apply evidence-based strategies to assess, implement, and evaluate health promotion interventions for individuals, families, communities, and populations. Prerequisite: NURS 4003, NURS 4013, NURS 4843 and admission to an online undergraduate BSN professional program or permission by the instructor or department head. (Typically offered: Fall, Spring and Summer)
NURS 4063. Population and Community Health Nursing. 3 Hours.
This course introduces general principles of population and community health nursing to provide a theoretical base for the care of families, aggregates, communities, and populations. Students apply the concepts of disease prevention and assessment to plan, implement, and evaluate interventions to address diverse health care issues across the lifespan. Prerequisite: NURS 4003, NURS 4843, NURS 4013, (ESRM 2403 or STAT 2303) and admission to an online undergraduate BSN professional program or permission by the instructor or department head and (NURS 3332, NURS 4102, NURS 4124, and NURS 4143 for LNBN students only). (Typically offered: Fall, Spring and Summer)

## NURS 4073. Population and Community Health Practicum. 3 Hours.

Practicum basis for applying knowledge from public health and nursing theory. Learners utilize evidence-based strategies for disease prevention and health promotion with individuals, families, and populations in a variety of community health settings. Prerequisite: NURS 4843, NURS 4013, NURS 3332, NURS 4102, NURS 4124, and NURS 4143 and admission to the Online Undergraduate BSN Professional Program or permission by the instructor or department head. Pre- or Corequisite: NURS 4063. (Typically offered: Fall, Spring and Summer)

## NURS 4092. Professional Role Practicum. 2 Hours.

This clinical practicum provides the licensed nursing student with an opportunity to synthesize and apply knowledge of concepts developed throughout the nursing program. Evidence based practice will guide development of a quality improvement project in an area of student's interest. The course provides an opportunity to collaborate with a mentor/preceptor and reflect professional goals. Requires a total of 75 clinical hours. Prerequisite: NURS 4701 and admission to an online undergraduate BSN professional program or permission by the instructor or department head. (Typically offered: Fall, Spring and Summer)

NURS 4102. Adult Health II for Nurses. 2 Hours.
Focuses on the adult population experiencing chronic problems in the health-illness continuum. Utilizing the nursing process, nursing and medical treatment of selected conditions will be emphasized across transitional care settings. Prerequisite: NURS 3332, NURS 3302, NURS 4313, and admission to the Online Undergraduate BSN Professional Program or permission by the instructor or department head. (Typically offered: Fall, Spring and Summer)
NURS 4112. Nursing Concepts: Teaching and Health Promotion. 2 Hours. The course focuses on teaching/learning and the professional nurse's role in health promotion and disease prevention. A variety of health education and health promotion strategies are presented and evaluated. This is a Level I course. Prerequisite: Admission to the nursing program and completion of NURS 3422 and NURS 3424. (Typically offered: Fall and Spring)

## NURS 4124. Child and Family Nursing. 4 Hours.

Students explore theory and evidence-based knowledge regarding holistic nursing care of children and families. Principles of health promotion and health education are utilized throughout the course. Prerequisite: NURS 4313, NURS 3111, and NURS 4323 and admission to the Online Undergraduate BSN Professional Program or permission by the instructor or department head. (Typically offered: Fall and Spring)

## NURS 4143. Child and Family Practicum. 3 Hours.

Clinical practicum experience for application of evidence-based knowledge and skills in the nursing care of children and families. Pre- or Corequisite: NURS 4124. Prerequisite: NURS 3111, NURS 4323, NURS 4313, and admission to the Online Undergraduate BSN Professional Program or permission by the instructor or department head. (Typically offered: Fall and Spring)
NURS 4154. Nursing Concepts: Children and Family. 4 Hours.
This course provides theory and research-based knowledge regarding holistic nursing care of children and families. Principles of health promotion and health education for expanding families are integral to this course. This is a Level II course. Corequisite: NURS 4164. Pre- or Corequisite: NURS 4112. (Typically offered: Fall and Spring)

## NURS 4164. Professional Role Implementation IV: Teacher. 4 Hours.

Clinical and laboratory experience for application of research-based knowledge and skills in the nursing care of children and families. Emphasis is on teaching role of the nurse. This is a Level II course. Pre- or Corequisite: NURS 4154. Prerequisite: Completion of Level I courses. (Typically offered: Fall and Spring)

## NURS 4203. Leadership for Professional Nurses. 3 Hours.

This course introduces theories and principles of management and leadership and the professional nurse's role within the health care system. Social issues, economic policy, and regulatory requirements are used to explore healthcare delivery systems and access, quality improvement, and patient safety. This course includes strategies for monitoring delivery of care, outcomes, and evaluating program effectiveness. Prerequisite: NURS 3111, NURS 3772, NURS 3782, NURS 4003, NURS 4323 and admission to an online undergraduate BSN professional program or permission by the instructor or department head. (Typically offered: Fall, Spring and Summer)

## NURS 4212. Leadership Practicum. 2 Hours.

Students will apply the theoretical principles learned in NURS 4203 to the delivery of healthcare. Prerequisite: NURS 3772, NURS 3782, NURS 4323, NURS 3111 and admission to the Online Undergraduate BSN Professional Program or permission by the instructor or department head. Pre- or Corequisite: NURS 4203. (Typically offered: Fall, Spring and Summer)

## NURS 4242. Leadership in Nursing. 2 Hours.

Introduces principles of leadership and the professional nurse's roles in the health care system. Considers the perspectives of management, organization, and change theory. Includes strategies for monitoring delivery of care, outcomes and evaluating program effectiveness. This is a Level II course. (Typically offered: Fall and Spring)

## NURS 4252. Professional Role Implementation V: Manager. 2 Hours.

Students will apply the theoretical principles learned in NURS 4242 and NURS 4262 to the delivery of care to adults with chronic conditions across transitions of care settings. The manager will be emphasized. This is a Level II course. Prerequisite: Completion of Level I courses. Pre- or Corequisite: NURS 4242 and NURS 4262. (Typically offered: Fall and Spring)

NURS 4262. Nursing Concepts: Adult Health and IIIness II. 2 Hours.
Focuses on the adult population experiencing chronic problems in the health-illness continuum. Utilizing the nursing process, nursing and medical treatment of selected conditions will be emphasized across transitional care settings. This is a Level II course. Prerequisite: Level I courses. (Typically offered: Fall and Spring)

NURS 4262H. Honors Nursing Concepts: Adult Health and IIIness II. 2 Hours. Focuses on the adult population experiencing chronic problems in the health-illness continuum. Utilizing the nursing process, nursing and medical treatment of selected conditions will be emphasized across transitional care settings. This is a Level II course. Prerequisite: Level I courses. (Typically offered: Fall and Spring) This course is equivalent to NURS 4262.

## NURS 4313. Pathophysiology in Nursing. 3 Hours.

The course focuses on the study of the underlying concepts of physiological functioning and the body's adaptive and compensatory mechanisms within a systems framework. Learners examine aspects of disease processes including etiology, pathogenesis, and clinical manifestations, as it applies to current nursing practice with diverse clients across the lifespan. Prerequisite: Admission to an online undergraduate BSN professional program or permission by the instructor or department head. (Typically offered: Fall, Spring and Summer)

NURS 4323. Health Assessment and Clinical Reasoning. 3 Hours.
This 3-credit theory course focuses on increasing knowledge of health assessment skills. Emphasis is placed on strengthening clinical reasoning skills through identifying normal findings, interpreting abnormal findings, and applying principles of evidence-based practice to the health assessment process. The role of documentation of assessment findings to third-party reimbursement is also explored. Prerequisite: Admission to an online undergraduate BSN professional program or permission by the instructor or department head. (Typically offered: Fall, Spring and Summer)

NURS 4442. Nursing Concepts: Critical Care. 2 Hours.
Focuses on the adult population experiencing multiple or critical illnesses or conditions necessitating admission to a critical care unit. The course emphasizes both nursing and medical treatment of selected conditions. This is a Level II course. Corequisite: NURS 4452. Prerequisite: Completion of Level I courses and NURS 4112, NURS 4154, NURS 4164, NURS 4242, NURS 4252, and NURS 4262. (Typically offered: Fall and Spring)

NURS 4452. Professional Role Implementation VI: Role Synthesis. 2 Hours. Clinical learning is focused on further developing and refining the knowledge, skills, and attitudes necessary to manage the care of an acutely ill or complex patient and/ or family within the context of an inter-professional team. This is a Level II course. Prerequisite or Corequisite: NURS 4442. Prerequisite: Completion of Level I and NURS 4112, NURS 4154, NURS 4164, NURS 4242, NURS 4252, and NURS 4262. (Typically offered: Fall and Spring)
NURS 4503. Introduction to Health Care Policy. 3 Hours.
This course provides an overview of health care policy orienting students to the political and social processes impacting the current health care environment. The course provides a basic framework for understanding the role of nursing in advocacy, leadership, economics and ethics associated with influencing health care policy. Recognizing the financing of health care and the impact on quality through policy changes will be discussed. Prerequisite: Admission to an online undergraduate BSN professional program or permission by the instructor or department head. (Typically offered: Fall, Spring and Summer)

## NURS 4542. Critical Care Nursing. 2 Hours.

Focuses on the adult population experiencing multiple or critical illnesses or conditions necessitating admission to a critical care unit. The course emphasizes both nursing and medical treatment of selected conditions. Prerequisite:
NURS 3111, NURS 3332, NURS 4102, NURS 4323, NURS 4124, NURS 4143, NURS 3302, NURS 4313, and admission to the Online Undergraduate BSN Professional Program or permission by the instructor or department head. (Typically offered: Fall, Spring and Summer)

## NURS 4552. Critical Care Practicum. 2 Hours.

Clinical learning is focused on further developing and refining the knowledge, skills, and attitudes necessary to manage the care of an acutely ill or complex patient and/ or family within the context of an inter-professional team. Prerequisite: NURS 3111, NURS 3332, NURS 4102, NURS 4323, NURS 4124, NURS 4143, NURS 3302, and NURS 4313 and admission to the Online Undergraduate BSN Professional Program or permission by the instructor or department head. Pre- or Corequisite: NURS 4542. (Typically offered: Fall, Spring and Summer)

## NURS 4603. Nursing Concepts: Community. 3 Hours.

The course focuses on theories and concepts in community health nursing. Health resources are explored in a variety of settings. This is a Level II course. Corequisite: NURS 4613. Prerequisite: Completion of Level I courses and NURS 4112, NURS 4154, NURS 4164, NURS 4242, NURS 4252, and NURS 4262. (Typically offered: Fall, Spring and Summer)

NURS 4603H. Honors Nursing Concepts: Community. 3 Hours.
The course focuses on theories and concepts in community health nursing. Health resources are explored in a variety of settings. This is a Level II course. Corequisite: NURS 4613. Prerequisite: Completion of Level I courses and NURS 4112, NURS 4154, NURS 4164, NURS 4242, NURS 4252, and NURS 4262. (Typically offered: Fall, Spring and Summer)
This course is equivalent to NURS 4603.
NURS 4613. Professional Role Implementation VII: Role Synthesis. 3 Hours. Application of community health concepts and the nursing process to promote community health and to restore health in a variety of settings. This is a Level II course. Pre- or Corequisite: NURS 4603. Prerequisite: Completion of Level I courses and NURS 4112, NURS 4154, NURS 4164, NURS 4242, NURS 4252, NURS 4262. (Typically offered: Fall and Spring)

## NURS 4701. Professional Nursing Synthesis. 1 Hour.

The course emphasizes reflection, integration, and synthesis of concepts from previous courses. Course enrollment occurs in the last semester of the program. Prerequisite: Admission to an online undergraduate BSN professional program or permission by the instructor or department head, and all university core and program prerequisites. (Typically offered: Fall, Spring and Summer)

## NURS 4712. Seminar in Nursing. 2 Hours.

Focuses on integrating the nursing caregiver, teacher and manager roles. Prepares students to analyze practice issues, trends and future demands. Explores the roles of baccalaureate prepared professional nurses and facilitates students to incorporate those roles as they enter professional practice. Must be taken in the final semester of the Professional Program of Study. This is a Level II course. Corequisite: NURS 4722. Prerequisite: Completion of Level I courses and NURS 4112, NURS 4154, NURS 4164, NURS 4242, NURS 4252, and NURS 4262. (Typically offered: Fall and Spring)

NURS 4722. Professional Role Implementation VIII: Role Synthesis. 2 Hours. Clinical immersion experience that approximates the role of a beginning BSN nurse generalist. Corequisite: NURS 4712. Prerequisite: Completion of Level I courses and NURS 4112, NURS 4154, NURS 4164, NURS 4242, NURS 4252, NURS 4262. (Typically offered: Fall and Spring)

## NURS 481V. Special Topics in Nursing. 1-6 Hour.

This course is the study of a special topic(s) in nursing. Content varies. (Typically offered: Irregular) May be repeated for up to 6 hours of degree credit.

NURS 4843. Scientific Foundation for Professional Nursing Practice. 3 Hours.
This course introduces the research process through a comparative analysis of selected studies exemplifying various theoretical, methodological, and analytical approaches. Students acquire the basic competencies to critically read, evaluate and interpret nursing research studies for use in professional nursing practice. Prerequisite: Admission to an online undergraduate BSN professional program or permission by the instructor or department head. (Typically offered: Fall and Spring)
NURS 491V. Independent Study in Nursing. 1-6 Hour.
A selected learning experience in nursing to enhance knowledge and/or practice of the profession. Objectives and experiences are designed on an individual basis with a faculty adviser. May be taken with any 3500-level nursing course or above. (Typically offered: Fall, Spring and Summer)
NURS 491VH. Honors Independent Study in Nursing. 1-6 Hour.
A selected learning experience in nursing to enhance knowledge and/or practice of the profession. Objectives and experiences are designed on an individual basis with a faculty adviser. May be taken with any 3500-level nursing course or above. (Typically offered: Irregular)
This course is equivalent to NURS 491V.

## NURS 498VH. Nursing Honors Thesis/Project. 1-3 Hour.

Designed to provide facilitation of the Honors Thesis/Project. Students and faculty work "one-on-one to complete the honors thesis/project. Prerequisite: Honors candidacy, Nursing Bachelor of Science (NURSBS) major, and NURS 3901H or NURS 3842H. (Typically offered: Fall, Spring and Summer) May be repeated for up to 3 hours of degree credit.

## Elementary Education (ELEL)

The Department of Curriculum and Instruction offers programs that prepare candidates for initial teacher licensure in Elementary Education (K-6).

Admission to the Elementary Licensure B.S.E. is competitive and consists of a three-stage process; simply meeting the minimum admission requirements will not guarantee admission. Admission will be determined by the Elementary Education faculty based on the six items listed in Stage II.

## Requirements for B.S.E. in Elementary Education

## Stage I: Pre-Elementary Education (PELED)

Complete 63 hours of program pre-requisites for the Childhood Education B.S. or the Elementary Education B.S.:

1. Obtain a GPA of 3.0 or better on UA coursework.
2. †Complete all program courses with a "C" or better.
3. Obtain a passing score on the Math, Reading, and Writing sections of the Praxis Core or ACT.
4. Complete a background check.

## Stage II: Admission to the Elementary Licensure B.S.E.

Admission to the Elementary Licensure Program is competitive; not all applicants who meet the minimum requirements will be admitted to the program. Applications to the Elementary Licensure (ELEL) program must be submitted by January 30.

The application process includes:

1. Submission of the application to teacher education (see the Teacher Education Application Fee (p. 53)) through the university-wide Teacher Education Office
2. Submission of Elementary Education application
3. Submission of transcripts for all coursework
4. Oral interview with Elementary Education faculty
5. Submission of passing score on Math, Reading, and Writing sections of the Praxis Core Exam or ACT
6. Current background check

## Stage III: Requirements for Program Continuation and Student Teaching/Internship

1. Maintain a cumulative GPA of 3.0 or better
2. Submission of Internship Application
3. Passing score on Praxis II, Elementary Education, Multiple Subjects
4. Successful teaching audition
5. Submission of letters of recommendation
6. Maintain a current background check
7. Earn a CPR card
8. Passing score on Praxis II, Principles of Learning and Teaching for graduation

This B.S.E. (4-year) degree includes approximately 9 months of student teaching/internship experience in public elementary schools. Senior-level students must therefore attend full-time.

Requirements for teacher licensure vary from state to state and may differ in teacher preparation programs. Please note that Arkansas requires all applicants to successfully complete a criminal background check. Arkansas Teacher Licensure requirements can be found at http:// arkansased.org/teachers/licensureinitial.html.
$\dagger$ All program courses must have a grade of "C" or better. No teaching methods courses may be taken as self-paced (correspondence) courses. A grade of " B " or better must be earned in both the fall and spring semesters of CIED 4173 Student Teaching.

## Elementary Education Requirements

## Pre-Elementary Education (PELED) requirements ${ }^{\dagger}$

State Minimum Core
Courses specifically required for ELEL program
ENGL 1013 Composition I (ACTS Equivalency = ENGL 1013)
ENGL 1023 Composition II (ACTS Equivalency = ENGL 1023)
MATH 1203 College Algebra (ACTS Equivalency = MATH 1103)

The University of Arkansas' teacher preparation programs adhere to the Code of Ethics of the Education Profession as established by the National Education Association as described in NEA Code of Ethics (https://nam11.safelinks.protection.outlook.com/? url=http\%3A\%2F\%2Fwww.nea.org\%2Fhome \%2F30442.htm\&data=04\%7C01\%7Ckmamisei\%40uark.edu \%7Cfddbbc3e102c494e5d4408d896ddc5c6\%7C79c742c4e61c4fa5be89a3cb566a8 \%7CTWFpbGZsb3d8eyJWIjoiMC4wLjAwMDAiLCJQljoiV2luMzliLCJBTil6lk1haWwiL \%7C1000\&sdata=sFoXbbVeQF\%2FONOoiCaY4xAogtj \%2FyuQhynSiD\%2BQ2JKGo\%3D\&reserved=0), Arkansas Division of Elementary and Secondary Education Code of Ethics (https://nam11.safelinks.protection.outlook.com/? url=http\%3A\%2F\%2Fdese.ade.arkansas.gov\%2Fdivisions \%2Feducator\%2520effectiveness\%2Fplsb-professional-ethics-discipline\%2Fcode-of-ethics-for-arkansaseducators\&data=04\%7C01\%7Ckmamisei\%40uark.edu \%7Cfddbbc3e102c494e5d4408d896ddc5c6\%7C79c742c4e61c4fa5be89a3cb566a8 \%7CTWFpbGZsb3d8eyJWIjoiMC4wLjAwMDAiLCJQljoiV2luMzliLCJBTil6Ik1haWwiL \%7C1000\&sdata=HAyKtJYGbZoSMPMzHTIYRBguhdsLD9\%2BEC3RHOnBKmZQ $\% 3$ \&\&reserved=0), as well as discipline specific codes of ethics and standards found in program handbooks. Violation of these principles may result in probation, suspension, or dismissal of the internship as described:

1．Any incident of ethical misconduct or concern will be documented by the faculty member（s），discussed directly with the student and their mentor，and referred to the program＇s coordinator or supervising faculty．It may also be reported to the Teacher Candidate Professional Review Committee．
2．The Teacher Candidate Professional Review Committee evaluates the concerns and recommends a course of action，which may range from a zero score on the academic and／or internship work，a failing grade for the course，probation，up to dismissal from a teacher education program．
3．Any candidate may be suspended by a Teacher Education Program Coordinator for extreme，unforeseen circumstances such as endangerment of students or others，disruption of schools or classes， felonious behaviors，or ethical violations（i．e．Arkansas Code of Ethics，Code of Student Life）．Such suspensions will be referred to the Teacher Candidate Professional Review Committee for review and may become permanent．

The Program Coordinator，in consultation with the Teacher Education Professional Review Committee and the Dean＇s Office for Academic and Student Affairs in the College of Education and Health Professions，has the authority and responsibility to dismiss a student from the teacher education program for unethical or unprofessional behavior and／or not recommend the student for licensure．

More detailed guidelines about the policies，supports，and other requirements are provided in the program＇s handbook， as well as on the Office of Teacher Education website（https：／／ teacher－education．uark．edu／）or the Teacher Education Support page（https：／／nam11．safelinks．protection．outlook．com／？ url＝https\％3A\％2F\％2Fteacher－education．uark．edu\％2Fsupport \％2Findex．php\＆data＝04\％7C01\％7Ckmamisei\％40uark．edu \％7Cfddbbc3e102c494e5d4408d896ddc5c6\％7C79c742c4e6 \％7CTWFpbGZsb3d8eyJWIjoiMC4wLjAwMDAiLCJQljoiV2luMzliLCJBTil6lk1hafatisties यA \％7C1000\＆sdata＝NtOYzldvfvZ7FJ10VmHnyTGpV5gYWW93pt7azy1y6\％2F8\％ほ巴

## Courses

CIED 1003. Introduction to Technology in Education. 3 Hours.
A study of computer technology as it relates to teacher education. This course introduces students interested in teacher education to the knowledge and skills required to demonstrate their proficiency in technology and learning. (Typically offered: Fall, Spring and Summer)

## CIED 1013. Introduction to Education. 3 Hours.

Integrates psychological, sociological, and philosophical foundations of education with concurrent involvement in field experiences. Encourages prospective teachers to become reflective practitioners by emphasizing organization of school systems, planning and implementation of effective classroom environments, development of teaching styles, and new directions in education. An 18-hour early field experience designed to give prospective teachers opportunities to observe and participate in a variety of school settings is incorporated in this introductory course to education. (Typically offered: Fall and Spring)
CIED 2083. Innovation and Creativity in Daily Practice. 3 Hours.
Arts integration course including the ideas, design, and implementation of practices in the classroom, board room, and professional field that enrich the experiences of all stakeholders while building right-brain thinking skills for the new millennium. (Typically offered: Fall and Spring) May be repeated for up to 6 hours of degree credit.
CIED 2943. Foundations of Language and Literacy. 3 Hours.
A foundational study of language and literacy with an emphasis on content
knowledge for teachers that is essential to the components and principles of science-based literacy. Corequisite: CIED 3113. (Typically offered: Fall and Spring)

CIED 3013. Development and Learning Theories in the K-6 Classroom. 3 Hours.
This course allows students to cultivate an understanding of how elementary students develop, process information, and learn; studies educational applications pertaining to theories of development, intelligence, and thinking dispositions. Students study various learning theories, their implications for instruction, and their role in the K-6 classroom. Field experience required. Prerequisite: PELED or CHEDBS or ELELBS major. (Typically offered: Fall and Spring)

## CIED 3013H. Honors Development and Learning Theories in the K-6

 Classroom. 3 Hours.This course allows students to cultivate an understanding of how elementary students develop, process information, and learn; studies educational applications pertaining to theories of development, intelligence, and thinking dispositions. Students study various learning theories, their implications for instruction, and their role in the K-6 classroom. Field experience required. Prerequisite: CHEDBS or ELELBS major and honors. (Typically offered: Fall and Spring)
This course is equivalent to CIED 3013.

## CIED 3023. Survey of Exceptionalities. 3 Hours.

A survey of the characteristics of students with exceptional needs. Reviews the definitions of exceptionalities, learning and behavior characteristics of individuals with exceptionalities and the legal basis for the education of persons with exceptionalities in both elementary and secondary schools. Prerequisite: CIED 1013, or MUED 2012, or AGED 1123, or PSYC 2003. (Typically offered: Fall, Spring and Summer)

## CIED 3023H. Honors Survey of Exceptionalities. 3 Hours.

A survey of the characteristics of students with exceptional needs. Reviews the definitions of exceptionalities, learning and behavior characteristics of individuals with exceptionalities and the legal basis for the education of persons with exceptionalities in both elementary and secondary schools. Prerequisite: Honors standing, CIED 1013, or MUED 2012, or AGED 1123, or PSYC 2003. (Typically offered: Fall, Spring and Summer)
This course is equivalent to CIED 3023.
CIED 3033. Classroom Learning Theory. 3 Hours.
A survey of the major theories of learning with special emphasis on human learning and implications for education. Field experience required. Prerequisite: CIED 1013; or MUED 2012; or PHED 1003; or AGED 1123; or PSYC 2003. (Typically offered: Fall, Spring and Summer)

## CIED 3033H. Honors Classroom Learning Theory. 3 Hours.

A survey of the major theories of learning with special emphasis on human learning and implications for education. Field experience required. Prerequisite: Honors standing and (CIED 1013; or MUED 2012; or PHED 1003; or AGED 1123; or PSYC 2003). (Typically offered: Fall, Spring and Summer)
This course is equivalent to CIED 3033.

## CIED 3053. The Emerging Adolescent. 3 Hours.

This course is a study of the developmental characteristics (social, emotional, physical, moral, and intellectual) of early adolescents (ages 10-15 years). The implications of these changes for motivation, instruction, learning, and classroom management in the classroom are emphasized. Course has field component. Prerequisite: CIED 1013. (Typically offered: Fall and Spring)
CIED 3103. Children and Adolescent Literature. 3 Hours.
A survey of children's literary works, authors, and illustrators with emphasis on elementary grade and adolescent literature. Prerequisite: CHEDBS or ELELBS or HDFSBS BRKD or HDFSBS CDEV or PSPED major. (Typically offered: Fall and Spring)

CIED 3103H. Honors Children and Adolescent Literature. 3 Hours.
A survey of children's literary works, authors, and illustrators with emphasis on elementary grade and adolescent literature. Corequisite: CIED 3113. Prerequisite: CHEDBS or ELELBS major and honors. (Typically offered: Fall and Spring) This course is equivalent to CIED 3103.

## CIED 3113. Emergent Literacy. 3 Hours.

An understanding of emergent literacy development through a study of sciencebased literacy pedagogy and practical field experiences. Field experience required. Corequisite: CIED 2943. Prerequisite: ENGL 1013, ENGL 1023, and CHEDBS or ELELBS or HDFSBS BRKD or HDFSBS CDEV or SPEDBS major. (Typically offered: Fall and Spring)

## CIED 3113H. Honors Emergent Literacy. 3 Hours.

This course focuses on theories of children's emerging literacy and on the continuing development of literacy abilities in pre-kindergarten and early elementary years. Field experience required. Prerequisite: ENGL 1013, ENGL 1023, and CIED 3262, CHEDBS or ELELBS major and honors. (Typically offered: Fall and Spring) This course is equivalent to CIED 3113.

## CIED 3123. Mathematics Methods in the K-6 Classroom. 3 Hours.

An examination of the content of elementary mathematics courses. Special emphasis given to methods of teaching the content as well as enrichment materials. Field experience required. Prerequisite: MATH 1203, MATH 2213, MATH 2223, and (CHEDBS or ELELBS major). (Typically offered: Fall and Spring)

## CIED 3133. Integrated Social Studies for the K-6 Classroom. 3 Hours.

Focuses on the methodology of facilitating elementary students' development in language arts and social studies. Integrates the curriculum and teaching strategies in language arts and social studies. Field experience required. Prerequisite: CHEDBS or ELELBS major, and PLSC 2003 and (HIST 2003 or HIST 2013), and (HIST 1113 or HIST 1123), and (GEOS 1123 or ANTH 1023), and (ECON 3053 or ECON 2143), and (ARHS 1003 or MLIT 1003). (Typically offered: Fall and Spring)

## CIED 3453. Developmental Literacy. 3 Hours.

A deep and comprehensive application of the development of literacy skills from decoding to fluent, comprehending readers. Field experience required. Prerequisite: CIED 2943, CIED 3113, and admission into ELELBS or CHEDBS programs. (Typically offered: Fall and Spring)

## CIED 3453H. Honors Developmental Literacy. 3 Hours.

A deep and comprehensive application of the development of literacy skills from decoding to fluent, comprehending readers. Field experience required. Prerequisite: CIED 2943, CIED 3113, admission into ELELBS or CHEDBS programs, and honors standing. (Typically offered: Fall and Spring)
This course is equivalent to CIED 3453.
CIED 3901H. Honors Curriculum and Instruction Education Thesis Tutorial. 1 Hour.
Designed to provide the foundation for the Honors Thesis. Students and faculty tutors work "one-on-one" exploring a specific topic which has been agreed upon by the student and the professor. Prerequisite: Honors candidacy and CATEBS, CHEDBS, DREDBA, EDSTBS, EGEDBA, ELELBS, FREDBA, GREDBA, SNEDBA, SPEDBS, or SSEDBA majors. (Typically offered: Fall, Spring and Summer)

## CIED 4003. Elementary Seminar. 3 Hours.

This course is designed to synthesize the foundational content presented in the Bachelor of Science in Education, Elementary Education program. It focuses on refinement of generalized knowledge to accommodate specialized content relevant to elementary students. Corequisite: CIED 4173. Prerequisite: CHEDBS or ELELBS major. (Typically offered: Fall)
CIED 4013. Capstone Course for Foreign Language Licensure. 3 Hours.
This course is designed to identify and provide evidence of content language specific proficiencies in the four skills of reading, writing, listening, and speaking a foreign language. (Typically offered: Spring)

## CIED 4023. Teaching in Inclusive Secondary Settings. 3 Hours.

This course is designed to prepare pre-service teachers to teach in inclusive classroom settings at the secondary level. Course content will focus on the ways in which exceptionality, specifically focused on high-incidence disabilities and culture, specifically focused on English language learners mediate the learning experiences of secondary level students. (Typically offered: Summer)

CIED 4113. Integrated Communication Skills for the K-6 Classroom. 3 Hours.
Focuses on the methodology of facilitating elementary students' literacy development. Emphasis is on the integration of the communication skills of reading, writing, speaking, and listening across the curriculum. Prerequisite: COMM 1313 or COMM 2323 and CHEDBS or ELELBS major. (Typically offered: Fall and Spring)

CIED 4113H. Honors Integrated Communication Skills for the K-6 Classroom. 3 Hours.

Focuses on the methodology of facilitating elementary students? literacy development. Emphasis is on the integration of the communication skills of reading, writing, speaking, and listening across the curriculum. Prerequisite: COMM 1313 or COMM 2323 and CHEDBS or ELELBS major and honors. (Typically offered: Fall and Spring)
This course is equivalent to CIED 4113.

## CIED 4123. Literacy Assessment and Interventions in the Elementary

 Classroom. 3 Hours.An undergraduate course focusing on literacy assessment and intervention for prospective classroom teachers. Participants become familiar with assessment procedures and instruments for identifying student strengths and weaknesses in literacy, determining effective intervention strategies for literacy improvement, and principles of reporting assessment and intervention outcomes. Corequisite: CIED 4173. Prerequisite: CHEDBS or ELELBS major. (Typically offered: Fall)

CIED 4131. Practicum for Secondary and Multilevel Tracks in Education. Hour.
This practicum is a requirement for entry into the EDUC MA, Master of Arts in Teaching program. Students will be involved in documented experiences with children for a minimum of 60 hours in grades K-12. Students enrolled in the multilevel track will be placed in a combination of elementary, middle, and high school settings. Students enrolled in the secondary track will be placed in a combination of middle and high school settings. Prerequisite: Cleared background check. (Typically offered: Spring and Summer)

CIED 4133. Measurement and Research in the K-6 Classroom. 3 Hours. This course is designed to provide an introduction to educational assessment, research methods, and what research has to say about trends and topics in elementary education. Prerequisite: CHEDBS or ELELBS major. (Typically offered: Fall)

CIED 4143. Curriculum Design and Applications of Instructional Practice. 3 Hours.
A course in the design and adaptation of curriculum for students in regular, elementary classrooms. Theoretical bases and curriculum models will be reviewed. Corequisite: CIED 4173. Prerequisite: CHEDBS or ELELBS major. (Typically offered: Spring)

CIED 4153. Classroom Management in the Elementary Grades. 3 Hours.
This course focuses on a number of different management techniques for elementary classrooms that can be used in general education settings. Prerequisite: CHEDBS or ELELBS major. (Typically offered: Fall and Spring)

CIED 4163. Senior Project. 3 Hours.
This course is designed to provide students with the research skills necessary to complete their senior project. Prerequisite: CHEDBS or ELELBS major. (Typically offered: Summer)

CIED 4173. Student Teaching. 3 Hours.
Full-time student teaching in grades K-6 to be repeated both fall and spring semesters. Students will practice and master instructional strategies under the supervision of qualified mentor teachers and university faculty members Prerequisite: CHEDBS or ELELBS major. (Typically offered: Fall and Spring) May be repeated for up to 6 hours of degree credit.

CIED 4183. Instruction and Assessment of Writing. 3 Hours.
Develop knowledge, skills and dispositions about writing processes, genres, and pedagogy. Field experience required. Corequisite: CIED 3453. Prerequisite: CIED 2943, CIED 3113, and admission into CHEDBS or ELELBS programs. (Typically offered: Fall and Spring)

CIED 4183H. Honors Instruction and Assessment of Writing. 3 Hours. Develop knowledge, skills and dispositions about writing processes, genres, and pedagogy. Field experience required. Prerequisite: CIED 2943, CIED 3113, CIED 3453, honors standing and admission into CHEDBS or ELELBS programs. (Typically offered: Fall and Spring)
This course is equivalent to CIED 4183.
CIED 4285. Teaching Experience. 5 Hours.
The teaching experience is an essential component of the Bachelor of Arts in Teaching degree. The two semester experience allows Teacher Candidates (TC) to make further application of theoretical principles of teaching and learning. Teacher Candidates will be assigned placement in area schools for both fall and spring semesters. Teacher candidates are placed in K-12 or 7-12 levels depending on their content area for licensure. The fall semester consists of a field experience including observation, co-planning, and co-teaching. The spring semester consists of an immersion experience for teacher candidates to plan and teach independently. Prerequisite: Admission to one of the following: EGEDBA, SSEDBA, FREDBA, GREDBA, SNEDBA, or DREDBA. (Typically offered: Spring)

CIED 4363. Disciplinary Literacy in the K-6 Classroom. 3 Hours.
Focuses on the methodology of extending K-6 learners' basic literacy development, as a foundation for intermediate and disciplinary literacy. Emphasis is on the engagement of students in the distinct reading, writing, speaking, and listening requirements of different disciplines. Prerequisite: CIED 3113 and CHEDBS or ELELBS major. (Typically offered: Fall and Spring)

CIED 4403. Understanding Cultures in the Classroom. 3 Hours.
This course provides pre-and in-service teachers knowledge and skills necessary for educating ethnically and linguistically diverse classrooms. Students have the opportunity to understand positive relationships while removing stereotypes and prejudices. It addresses issues for social justice education through understanding ways that children learn and communicate in their homes and communities. Students will examine how topics in multicultural education inform instructional goals, curriculum planning/implementation, and teaching practices across content areas in public K-12 classrooms. This course meets the AR teaching license ESL endorsement requirements for a culture course. Some sections of this course will contain a service learning component. (Typically offered: Fall)

CIED 4413. Acquiring a Second Language. 3 Hours.
The course gives an introduction to the basics in research and learning theories involved in the acquisition of second languages and cultures, particularly of English. (Typically offered: Spring)

CIED 4423. Teaching English as a Second Language. 3 Hours.
This course is designed to provide teacher candidates with the basic knowledge and teaching skills necessary to address the linguistic needs of English language learners (ELLs) in regular classrooms. The students in this class will learn about and use multiple strategies for promoting ELLs' reading, writing, listening, and speaking skills. Emphasis will be placed especially on differentiating early reading instruction for ELLs. Prerequisite: CHEDBS or ELELBS major. (Typically offered: Spring)

CIED 4433. The Moral Mind in Action. 3 Hours.
The Moral Mind in Action explores how people reason through moral dilemmas and prepares students to more effectively recognize and resolve moral problems. Best practices of teachers and administrators of K-16 character education programs are discussed. (Typically offered: Fall)

## CIED 4443. Moral Courage. 3 Hours.

Moral Courage explores the factors that support translating moral thinking into moral action. This course draws from the field of positive psychology to guide students as they leverage existing strengths and develop new strategies for acting with moral courage in their personal and professional lives. Best practices of teachers and administrators of K -16 character education programs are discussed. (Typically offered: Spring)

CIED 4463. Culture and Learning. 3 Hours.
Culture, its meanings, dimensions, and manifestations are explored in this course. How these cultural elements impact perceptions of students, classroom practices, and educational processes are explored in this course. A strength-based approach is employed to explore the issues associated with including all students within classrooms. (Typically offered: Fall, Spring and Summer)
CIED 4483H. Honors Museum Matters: History, Practices, Culture and Controversy. 3 Hours.
Museums are respected institutions, but few visitors have likely thought about their history, purpose and role in society and culture. This class is an introduction to museology or the study of museums. Through field trips, guest lectures, discussions, and targeted readings we will explore issues such as collecting, exhibiting, controversies, architecture and the educational challenges found in the wide world of museums. Prerequisite: Honors standing. (Typically offered: Spring Odd Years)

CIED 4503H. Honors Charles Darwin and the Legacy of Evolution. 3 Hours.
This highly integrated honors class draws on various perspectives to examine the life of Charles Darwin and the legacy and impact of evolution. Topics and guest instructors change each semester, but the course will focus on evolution from the perspectives of biology, anthropology, the law, philosophy, history, culture and literature. Prerequisite: Honors standing. (Typically offered: Spring Even Years)

CIED 4533. Reading Comprehension Through Children's and Adolescent

## Literature. 3 Hours.

An examination of the major genres of children and adolescent literature to develop and extend K-6 students' skills in reading comprehension. Field experience required. Prerequisite: CIED 2943, CIED 3113, CIED 3453, and admission into CHEDBS or ELELBS programs. (Typically offered: Fall and Spring)
CIED 4533H. Honors Reading Comprehension Through Children's and Adolescent Literature. 3 Hours.
An examination of the major genres of children and adolescent literature to develop and extend K-6 students' skills in reading comprehension. Field experience required. Prerequisite: CIED 2943, CIED 3113, CIED 3453, admission into CHEDBS or ELELBS programs, and honors standing. (Typically offered: Fall and Spring) This course is equivalent to CIED 4533.

## CIED 4953. Assessment for English Learners. 3 Hours.

This course addresses how to design appropriate assessments for English Learners taking into account their English language proficiency level and how to utilize the results of these assessments appropriately. (Typically offered: Spring)

CIED 498VH. Curriculum and Instruction Honors Thesis/Project. 1-3 Hour. Designed to provide facilitation of the Honors Thesis/Project. Students and faculty work "one-on-one" to complete the honors thesis/project. Prerequisite: Honors candidacy, CIED 3901 H , and CATEBS, CHEDBS, DREDBA, EDSTBS, EGEDBA, ELELBS, FREDBA, GREDBA, SNEDBA, SPEDBS, or SSEDBA major. (Typically offered: Fall, Spring and Summer) May be repeated for up to 3 hours of degree credit.

CIED 499V. Special Topics in Curriculum and Instruction Education. 1-6 Hour. Discussion and advanced studies on selected topics in curriculum and instruction. Special focus on recent and emerging topics in education. (Typically offered: Fall, Spring and Summer) May be repeated for up to 18 hours of degree credit.

CIED 499VH. Honors Special Topics in Curriculum and Instruction Education. 1-3 Hour.
Discussion and advanced studies on selected topics in curriculum and instruction. Special focus on recent and emerging topics in education. (Typically offered: Fall, Spring and Summer)
This course is equivalent to CIED 499V.

## English Education (EGED)

Freddie Bowles
Program Coordinator
306 Peabody Hall
479-575-3035
Email: fbowles@uark.edu
Curriculum and Instruction Website (https://cied.uark.edu/)
The Department of Curriculum and Instruction offers a Bachelor of Arts in Teaching in English Education that leads to licensure for 7-12 instruction. The program focuses on developing reflective practitioners based on the constructivist perspective that teachers are life-long learners, reflective practitioners themselves, and scholar researchers. The coursework is designed to develop these attributes so that students graduate as effective teachers with the knowledge, skills, and dispositions to engage students with meaningful and authentic instruction. The Bachelor of Arts in Teaching degree will also prepare students in the humanities with the pedagogical skills, the content knowledge, and the dispositions for teaching and learning in 21st century classrooms.

## B.A.T. in English Education Stage I: Pre-English Education (PEGED)

Complete all 46 hours of program pre-requisites for each content area (see below).

1. Obtain a GPA of 3.0 or better on UA coursework.
2. Complete all content and pedagogy courses with a "C" or better.
3. Complete a background check.

## Stage II: Admission to the B.A.T. Program

Admission to the Bachelor of Arts in Teaching program (B.A.T.) occurs the semester after the candidate has completed all preB.A.T. requirements, including the first three courses in education - CIED 1003, CIED 1013, and CIED 2083 - prior to a student entering one of the individual programs of study the following fall term. The B.A.T. program is competitive, and meeting the minimum requirements does not guarantee admission to the program. Applications to the B.A.T. program must be submitted by deadlines stated on the Office of Teacher Education (https://teacher-education.uark.edu/admissions/) website.

The application process includes:

1. Students must complete the application to teacher education (see the Teacher Education Application Fee (p. 53)) through the Teacher Education Office during the time period stated on the Office of Teacher Education (https://teacher-education.uark.edu/ admissions/) website. This includes completing and passing the criminal background check.*
2. Submission of B.A.T. application.
3. Submission of writing sample to content area faculty.
4. Submission of transcripts for all coursework.

* Another background check will be required prior to graduation in order to be eligible for licensure.

## Stage III: Requirements for Program Continuation and Internship

1. Maintain a cumulative GPA of 3.0 or better.
2. All professional education courses and content courses must have a grade of 'C' or better ( except SEED 3283, see below). No teaching methods courses may be taken as self-paced (correspondence) courses.

## Stage IV: Requirements for Internship Semester (spring, senior year) and Program Completion

All students in the B.A.T. program must complete the following requirements prior to being admitted to the spring semester of their senior year.

1. Students must earn a 'B' or better in the fall semester, senior year SEED 3283 practicum course.
2. Earn a cumulative GPA of 3.0 or better by the end of the fall semester, senior year. Students are not permitted to intern in the spring if the GPA requirement has not been met.
3. Students must have taken the appropriate Praxis II-Content Knowledge exam to be admitted to the spring semester, senior year.
4. Candidate must complete a successful internship admission interview with B.A.T. faculty. Note these interviews are scheduled with all senior students during the fall semester.
5. Satisfactorily complete the internship/student teaching experience that has been approved by the Director of Field Placement.

All students seeking licensure in the state of Arkansas are subject to a criminal background check. Background checks can take up to six months to process; therefore, students are advised to complete and submit the forms to the proper authorities at least six months in advance of graduation (or six months prior to applying for a teaching license). Arkansas will not grant a teaching license to anyone who has been convicted of a felony.

## English Education Requirements

## Pre-English Education Requirements

State Minimum Core
Courses specifically required for the English Education B.A.T. program

| ENGL 1013 | Composition I (ACTS Equivalency $=$ ENGL 1013) |
| :--- | :--- |
| ENGL 1023 | Composition II (ACTS Equivalency $=$ ENGL 1023) |
| MATH 1203 | College Algebra (ACTS Equivalency $=$ MATH <br> 1103) (or higher) |
| COMM 1023 $^{\text {Communication in a Diverse World }}{ }^{1}$ |  |
| ENGL 2023 | Creative Writing I (ACTS Equivalency $=$ ENGL <br> 2013) |
| Additional Pre-English Education requirements ${ }^{1}$ | $\mathbf{9}$ |

Additional Pre-English Education requirements ${ }^{1} 9$
CIED 1013 Introduction to Education
CIED 1003 Introduction to Technology in Education
CIED 2083 Innovation and Creativity in Daily Practice

## Dismissal based on Unethical or Unprofessional Behaviors from the B.A.T. program

The University of Arkansas' teacher preparation programs adhere to the Code of Ethics of the Education Profession as established by the National Education Association as described in NEA Code of Ethics (https://nam11.safelinks.protection.outlook.com/? url=http\%3A\%2F\%2Fwww.nea.org\%2Fhome \%2F30442.htm\&data=04\%7C01\%7Ckmamisei\%40uark.edu \%7Ca1b2cdf9639c4ba1b3ed08d897252433\%7C79c742c4e61c4fa5be89a3cb566a8 \%7CTWFpbGZsb3d8eyJWIjoiMC4wLjAwMDAiLCJQljoiV2luMzliLCJBTil6lk1haWwiL \%7C1000\&sdata=Rz4djbrQkGT\%2F6apKO7qqCfxSVIB \%2F1WVbxhHQ2C5AtBk\%3D\&reserved=0), Arkansas Division of Elementary and Secondary Education Code of Ethics (https://nam11.safelinks.protection.outlook.com/?

\%2FJFyUarqY5QAsdHdGE08O8yc32sq7svsTUJ78cV74\%3D\&reserved=0), as well as discipline specific codes of ethics and standards found in program handbooks. Violation of these principles may result in probation, suspension, or dismissal of the internship as described:

1. Any incident of ethical misconduct or concern will be documented by the faculty member(s), discussed directly with the student and their mentor, and referred to the program's coordinator or supervising faculty. It may also be reported to the Teacher Candidate Professional Review Committee.
2. The Teacher Candidate Professional Review Committee evaluates the concerns and recommends a course of action, which may range from a zero score on the academic and/or internship work, a failing grade for the course, probation, up to dismissal from a teacher education program.
3. Any candidate may be suspended by a Teacher Education Program Coordinator for extreme, unforeseen circumstances such as endangerment of students or others, disruption of schools or classes, felonious behaviors, or ethical violations (i.e. Arkansas Code of Ethics, Code of Student Life). Such suspensions will be referred to the Teacher Candidate Professional Review Committee for review and may become permanent.
