## ***Independent Auditor's Report***

To the Board of Directors of  
Charleston Naval Complex Redevelopment Authority /  
Naval Base Museum Authority  
North Charleston, South Carolina

### **Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities and the aggregate remaining fund information of the Charleston Naval Complex Redevelopment Authority / Naval Base Museum Authority (the Authority), as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements as listed in the table of contents.

### ***Management's Responsibility for the Financial Statements***

The Authority's management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### ***Auditor's Responsibility***

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### ***Opinions***

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position the governmental activities and aggregate remaining fund information of the Authority, as of June 30, 2021, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## **Other Matters**

### *Required Supplementary Information*

Management has omitted management’s discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Accounting principles generally accepted in the United States of America require that the budgetary comparison information and pension schedules, on page 29, and pages 30-33, respectively, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management’s responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

## Notes to the Financial Statements

---

### I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### A. The Reporting Entity

The General Assembly of the State of South Carolina created the Charleston Naval Complex Redevelopment Authority (the Authority) in 1994. The Authority's purpose is to oversee the disposition of real and personal federal property that allows the turning over of such property to the State or the Authority as referred to in the Defense Base Closure and Realignment Act by the federal government. The Authority acts as a liaison to coordinate activities and planning for base re-use between the affected Trident region communities. It establishes and implements plans and programs related to the conversion, redevelopment, and future use of the facilities.

The South Carolina Restructuring Act of 2014 created the Charleston Naval Base Museum Authority (Museum Authority) as a division of the Authority. The Act also added four new board members to the current seven-member board of the Authority, for a maximum total of eleven board members. The Authority and the Hunley Commission entered into a "memorandum of understanding" to set forth the operating relationship between the Authority and the Museum Authority. The Board members and executive director will simultaneously serve both entities.

The accompanying financial statements conform to accounting principles generally accepted in the United States of America as applicable to governments. Accounting principles generally accepted in the United States of America require that the reporting entity include (1) the primary government, (2) organizations for which the primary government is financially accountable and (3) other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete. The criteria provided by the Codification, Section 2100 has been considered as a result, there are no agencies or entities that should be, but are not, included in the financial statements of the Authority.

#### B. Basis of Presentation

##### *Government-wide Financial Statements:*

The government-wide financial statements (i.e., the Statement of Net Position and the Statement of Activities) report information on all of the non-fiduciary activities of the Authority. Governmental activities, which normally are supported by intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. The Authority does not have any business-type activities. Intergovernmental revenue included on the Statement of Revenue, Expenditures, and Changes in Fund Balances – General Fund includes state sourced revenue.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

# Charleston Naval Complex Redevelopment Authority / Naval Base Museum Authority

## Notes to the Financial Statements

---

### *Fund Financial Statements:*

The Authority uses funds to maintain its financial records during the fiscal year. Fund accounting is designed to demonstrate legal compliance and to aid management by segregating transactions related to certain Authority functions and activities. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. Separate financial statements are provided for governmental funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements.

### Major Fund

General fund – The general fund is the primary operating fund of the Authority and is always classified as a major fund. It is used to account for all activities except those legally or administratively required to be accounted for in other funds. The general fund is the only fund of the Authority.

### Non-major Funds

The Authority did not have any non-major funds as of June 30, 2021.

## **C. Measurement Focus and Basis of Accounting**

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Authority considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. General capital asset acquisitions are reported as expenditures in governmental funds.

## **D. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Equity**

### Cash and Cash Equivalents

The Authority's cash and cash equivalents are considered to be cash-on-hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

### Receivables

In the government-wide statements, receivables consist of all revenues earned at year-end and not yet received. Allowances for uncollectible accounts receivable are based upon historical trends and the periodic aging of accounts receivable. Accounts receivable consists primarily of state monies. The allowance for uncollectible accounts is \$0 at June 30, 2021.

**Charleston Naval Complex Redevelopment Authority / Naval Base Museum Authority**  
**Notes to the Financial Statements**

---

Capital Assets

Capital assets, which include property, facilities, and equipment are capitalized at acquisition cost or fair market value for assets transferred to the Authority by the U.S. Navy. Depreciation is recorded on all depreciable capital assets on a straight-line basis over the following estimated useful lives:

Description	Governmental Activities
Computer equipment	5 years
Furniture and fixtures	5 - 7 years
Vehicles	7 years
Leasehold improvements	10.5 years

Compensated Absences

It is the Authority’s policy to permit employees to accumulate earned but unused vacation benefits in accordance with personnel policies. There is no liability for unpaid sick leave since the Authority does not have a policy to pay any amounts when employees separate from service. All vacation pay is accrued when earned.

Pension

The Authority reports its portion of the State of South Carolina’s net pension liability in accordance with Governmental Accounting Standards Board (GASB) Statement 68, *Accounting and Financial Reporting for Pensions- an Amendment of GASB Statement 27* and GASB Statement 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*. For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the South Carolina Retirement System (SCRS) and additions to/deductions from SCRS’s fiduciary net position have been determined on the same basis as they are reported by SCRS. For this purpose, benefit payments (including refunds or employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Other Post-Employment Benefits

The Authority provides its retirees the opportunity to maintain health insurance coverage by participating in the Authority’s self-insurance plan. The Authority reports the total liability for this plan on the government-wide financial statements. The actual cost recorded in the governmental fund financial statements is the cost of the health benefits incurred on behalf of the retirees less the premiums collected from the retirees. Information regarding the Authority’s total liability for this plan is obtained through a report prepared by the Authority’s third-party actuary in compliance with GASB Statement 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*.

Deferred Outflows of Resources and Deferred Inflows of Resources

Changes in net pension and Other Post-Employment Benefits (OPEB) liability, not included in pension and OPEB expense, are reported as deferred outflows of resources or deferred inflows of resources. Employer contributions subsequent to the measurement date of the net pension or OPEB liability are reported as deferred outflows of resources.

# Charleston Naval Complex Redevelopment Authority / Naval Base Museum Authority

## Notes to the Financial Statements

---

### Equity Classifications

#### *Government-wide Financial Statements*

Equity is classified as net position and displayed in three components:

Net investment in capital assets – Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.

Restricted – Includes amounts that are constrained by specific purposes which are externally imposed by (a) other governments through laws and regulations, (b) grantors or contributions through agreements, (c) creditors through debt covenants or other contracts, or (d) imposed by law through constitutional provisions or enabling legislation.

Unrestricted – All other net position that does not meet the definition of “Net investment in capital assets” or “Restricted”.

#### *Fund Financial Statements*

The Authority’s fund balance amounts are reported within one of the following fund balance categories:

*Nonspendable* – Includes fund balance amounts that cannot be spent either because it is not in spendable form or because of legal or contractual constraints (such as inventories, prepaids, long-term loans and notes receivable, and property held for resale).

*Restricted* – Represents amounts with external constraints placed on the use of these resources (such as debt covenants, grantors, other governments, etc.) or imposed by enabling legislation.

*Unassigned* – The residual classification for the government’s general fund and includes all spendable amounts not contained in the other classifications.

### **E. Accounting Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions. Those estimates and assumptions affect the reported amounts of assets, deferred outflows of resources, liabilities, and deferred inflows of resources and disclosure of these balances as of the date of the financial statements. In addition, they affect the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates and assumptions.

### **F. Recent Accounting Pronouncement**

In May 2020, the GASB issued GASB Statement 95, *Postponement of the Effective Dates of Certain Authoritative Guidance*. The objective of Statement 95 was to provide temporary relief to governments and other stakeholders in light of the COVID-19 pandemic. The Statement extended the effective date of various GASB statements by one year. Additionally, Statement 95 extended Statement 87, *Leases* by 18 months (effective for fiscal years beginning after June 15, 2021).

**Charleston Naval Complex Redevelopment Authority / Naval Base Museum Authority**  
**Notes to the Financial Statements**

---

**G. Restatement for Correction of Error**

The Authority has restated the financial statements for the year ended June 30, 2020 to correct the rental revenue reported. The effect of this restatement would have increased rent revenue by \$29,328 for the year ended June 30, 2020, and increased deferred inflow and total unassigned fund balance by \$266,440 as of June 30, 2020.

**II. DETAILED NOTES ON ALL FUNDS AND ACTIVITIES**

**A. Deposits**

Custodial credit risk for deposits – Custodial credit risk for deposits is the risk that, in the event of a bank failure, the government’s deposits might not be recovered. The Authority has no formal policy regarding custodial credit risk but follows the investment policy statutes of the State of South Carolina. As of June 30, 2021, none of the Authority’s bank balance is exposed to custodial credit risk.

Concentration of credit risk – Concentration of credit risk is the risk of loss attributed to the magnitude of the Authority’s investments in single issuer. The Authority places no limit on the amount of money it may be invested in any one issuer.

The Authority has not formally adopted a deposit and investment policy but follows the investment policy statutes of the State of South Carolina. The Authority has no investments as of June 30, 2021.

**B. Due From Other Governmental Units**

Intergovernmental receivables at June 30, 2021 consisted of the following:

Rural Development Act Receivable - State of South Carolina	\$ 3,185,188
--	--------------

The Authority’s primary source of funding was a result of the Rural Development Act of 1996 (the Rural Development Act). The Rural Development Act provides funding to the Authority by providing redevelopment fees to the Authority. The redevelopment fees are based on South Carolina individual income tax withholding equal to five percent of all South Carolina wages paid with respect to employees that are employed by a federal employer at a closed or realigned military installation, and the redevelopment fees are capped at the amount remitted for the year ended June 30, 2015, or \$8,097,497.

Rural Development Act receivables are stated at the gross amount due. A liability has been accrued for the portion of the receivable shared with the City of North Charleston, the South Carolina Ports Authority, and Palmetto Railways. There is no allowance for doubtful accounts at June 30, 2021.

**Charleston Naval Complex Redevelopment Authority / Naval Base Museum Authority**  
**Notes to the Financial Statements**

---

**C. Capital Assets**

Capital asset activity for the Authority's governmental activities for the year ended June 30, 2021 was as follows:

	Beginning Balance	Increases	Decreases	Transfers	Ending Balance
<b>Governmental Activities:</b>					
Capital Assets, Non-Depreciable:					
Land	\$ 111,530	\$ -	\$ -	\$ -	\$ 111,530
Construction in process	5,921,924	1,590,294	-	(6,703,555)	808,663

Capital Assets, Depreciable:					
Computer equipment	18,447	-	-	-	18,447
Furniture and fixtures	55,132	-	-	-	55,132
Vehicles	26,840	-	-	-	26,840
Leasehold improvements	8,454,895	-	(6,192,388)	6,703,555	8,966,062
Total Capital Assets, Depreciable	8,555,314	-	(6,192,388)	6,703,555	9,066,481
Less: Accumulated Depreciation for:					
Computer equipment	(18,447)	-	-	-	(18,447)
Furniture and fixtures	(55,132)	-	-	-	(55,132)
Vehicles	(26,840)	-	-	-	(26,840)
Leasehold improvements	(3,526,362)	(820,299)	1,877,309	-	(2,469,352)
Total Accumulated Depreciation	(3,626,781)	(820,299)	1,877,309	-	(2,569,771)
Total Capital Assets, Depreciable, Net	4,928,533	(820,299)	(4,315,079)	6,703,555	6,496,710
Governmental Activities Capital Assets, Net	<u>\$ 10,961,987</u>	<u>\$ 769,995</u>	<u>\$ (4,315,079)</u>	<u>\$ -</u>	<u>\$ 7,416,903</u>

Assets are depreciated using straight-line methods over their estimated useful lives. Depreciation expense was \$820,299 for the year ended June 30, 2021.

**D. Risk Management**

The Authority pays premiums to the South Carolina Insurance Reserve Fund and State Accident Fund to cover risks that may occur during operation. The risks of loss to which the Authority is exposed include loss of property, general tort liability, and workmen's compensation claims. The South Carolina Reserve Fund is self-sustaining through member premiums and through commercial companies that reinsure claims in excess of \$5 million for each insured event.

For the above risk management programs, the Authority has neither significantly reduced insurance coverage from the previous year nor settled claims materially in excess of insurance coverage for the last three years.

# Charleston Naval Complex Redevelopment Authority / Naval Base Museum Authority

## Notes to the Financial Statements

---

### E. Office Space Agreement

The Authority entered into an agreement with Palmetto Railways (PR) to occupy a building owned by PR. The Authority agreed to fund construction and renovation costs of the several buildings (including the occupied building) and the surrounding grounds owned by PR and received the right to occupy the building rent free for an initial period of seven years. Ownership of the property was transferred from PR to the City of North Charleston (City) and the Authority's right to occupy the premises was subsequently extended. The current lease expires on December 31, 2027.

### III. OTHER INFORMATION

#### A. Significant Commitments

In August 2018, the Authority's Board voted to approve a development agreement with the International African American Museum (IAAM) and to commit \$11 million towards the construction of a museum in Charleston County. This was subsequently paid after the year ended June 30, 2021 (see Note III E).

In May of 2018, the Authority signed a revised Memorandum of Understanding with the Hunley Commission. The Authority agrees to be responsible for accomplishing the Mission of the Museum Authority and includes a capital project of up to \$80 million.

#### B. Deferred Compensation Plans

Several optional deferred compensation plans are available to State employees and employees of its political subdivisions. Certain employees of the Authority have elected to participate in such plans. The multiple-employer plans, created under Internal Revenue Code Section 457, 401(k), and 403(b), are administered by third parties and are not included in the Annual Comprehensive Financial Report (ACFR) of the State of South Carolina. Compensation deferred under the plans is placed in trust for the contributing employees. The State has no liability for losses under the plans. Employees may withdraw the current value of their contributions when they terminate State employment. Employees may also withdraw contributions prior to termination if they meet requirements specified by the applicable plan.

#### C. Pension Plans

The South Carolina Public Employee Benefit Authority (PEBA), created July 1, 2012, is the state agency responsible for the administration and management of the various Retirement Systems (Systems) and retirement programs of the State of South Carolina, including the State Optional Retirement Program and the S.C. Deferred Compensation Program, as well as the state's employee insurance programs. As such, PEBA is responsible for administering the South Carolina Retirement Systems' five defined benefit pension plans. PEBA has an 11-member Board of Directors, appointed by the Governor and General Assembly leadership, which serves as custodian, co-trustee, and co-fiduciary of the Systems and the assets of the retirement trust funds. The Retirement System Investment Commission (Commission as the governing body, RSIC as the agency), created by the General Assembly in 2005, has exclusive authority to invest and manage the retirement trust funds' assets. The Commission, an eight-member board, serves as co-trustee and co-fiduciary for the assets of the retirement trust funds. By law, the State Fiscal Accountability Authority (SFAA), which consists of five elected officials, also reviews certain PEBA Board decisions regarding the actuary of the Systems.

## Charleston Naval Complex Redevelopment Authority / Naval Base Museum Authority

### Notes to the Financial Statements

---

For purposes of measuring the net pension liability, deferred outflows and inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Systems and additions to/deductions from the Systems' fiduciary net position have been determined on the accrual basis of accounting as they are reported by the Systems in accordance with generally accepted accounting principles (GAAP). For this purpose, revenues are recognized when earned and expenses are recognized when incurred. Benefit and refund expenses are recognized when due and payable in accordance with the terms of the plan. Investments are reported at fair value.

PEBA issues a ACFR containing financial statements and required supplementary information for the Systems' Pension Trust Funds. The ACFR is publicly available through PEBA's website at [www.peba.sc.gov](http://www.peba.sc.gov), or a copy may be obtained by submitting a request to PEBA, 202 Arbor Lake Drive, Columbia, South Carolina 29223. PEBA is considered a division of the primary government of the State of South Carolina and therefore, retirement trust fund financial information is also included in the ACFR of the state.

#### Plan Description

The South Carolina Retirement System (SCRS), a cost-sharing multiple-employer defined benefit pension plan, was established July 1, 1945, pursuant to the provisions of Section 9-1-20 of the South Carolina Code of Laws for the purpose of providing retirement and other benefits for teachers and employees of the state and its political subdivisions. SCRS covers employees of state agencies, public school districts, higher education institutions, other participating local subdivisions of government, and individuals newly elected to the South Carolina General Assembly at or after the 2012 general election.

#### Membership

Membership requirements are prescribed in Title 9 of the South Carolina Code of Laws. A brief summary of the requirements under each system is presented below.

SCRS – Generally, all employees of covered employers are required to participate in and contribute to the system as a condition of employment. This plan covers general employees, teachers, and individuals newly elected to the South Carolina General Assembly beginning with the November 2012 general election. An employee member of the system with an effective date of membership prior to July 1, 2012, is a Class Two member. An employee member of the system with an effective date of membership on or after July 1, 2012, is a Class Three member.

#### Benefits

Benefit terms are prescribed in Title 9 of the South Carolina Code of Laws. PEBA does not have the authority to establish or amend benefit terms without a legislative change in the code of laws. Key elements of the benefit calculation include the benefit multiplier, years of service, and average final compensation/current annual salary. A brief summary of the benefit terms for each system is presented below.

SCRS – A Class Two member who has separated from service with at least five or more years of earned service is eligible for a monthly pension at age 65 or with 28 years credited service regardless of age. A member may elect early retirement with reduced pension benefits payable at age 55 with 25 years of service credit. A Class Three member who has separated from service with at least eight or more years of earned service is eligible for a monthly pension upon satisfying the Rule of 90 requirement that the total of the member's age and the member's creditable service equals at least 90 years. Both Class Two and Class Three members are eligible to receive a reduced deferred annuity at age 60 if they satisfy the five- or eight-year earned service requirement, respectively. An incidental death benefit is also available to beneficiaries of active and retired members of employers who participate in the death benefit program.

**Charleston Naval Complex Redevelopment Authority / Naval Base Museum Authority**  
**Notes to the Financial Statements**

---

The annual retirement allowance of eligible retirees or their surviving annuitants is increased by the lesser of one percent or five hundred dollars every July 1st. Only those annuitants in receipt of a benefit on July 1st of the preceding year are eligible to receive the increase. Members who retire under the early retirement provisions at age 55 with 25 years of service are not eligible for the benefit adjustment until the second July 1st after reaching age 60 or the second July 1st after the date they would have had 28 years of service credit had they not retired.

**Contributions**

Actuarial valuations are performed annually by an external consulting actuary to ensure applicable contribution rates satisfy the funding parameters specified in Title 9 of the South Carolina Code of Laws. Under these provisions, SCRS contribution requirements must be sufficient to maintain an amortization period for the financing of the unfunded actuarial accrued liability (UAAL) over a period that does not exceed the number of years scheduled in state statute. Legislation in 2017 increased, but also established a ceiling for SCRS employee contribution rates. Effective July 1, 2017, employee rates were increased to a capped rate of 9.00 percent for SCRS. The legislation also increased employer contribution rates beginning July 1, 2017, for SCRS by two percentage points and further scheduled employer contribution rates to increase by a minimum of one percentage point each year in accordance with state statute. However, the General Assembly postponed the one percent increase in the SCRS employer contribution rates that was scheduled to go into effect beginning July 1, 2020. If the scheduled contributions are not sufficient to meet the funding periods set in state statute, the Board shall increase the employer contribution rates as necessary to meet the funding periods set for the applicable year. The maximum funding period of SCRS is scheduled to be reduced over a ten-year schedule from 30 years beginning fiscal year 2018 to 20 years by fiscal year 2028.

Additionally, the Board is prohibited from decreasing the SCRS contribution rates until the funded ratio is at least 85 percent. If the most recent annual actuarial valuation of the Systems for funding purposes shows a ratio of the actuarial value of system assets to the actuarial accrued liability of the system (the funded ratio) that is equal to or greater than 85 percent, then the Board, effective on the following July 1st, may decrease the then current contribution rates upon making a finding that the decrease will not result in a funded ratio of less than 85 percent. If contribution rates are decreased pursuant to this provision, and the most recent annual actuarial valuation of the system shows a funded ratio of less than 85 percent, then effective on the following July 1st, and annually thereafter as necessary, the Board shall increase the then current contribution rates until a subsequent annual actuarial valuation of the system shows a funded ratio that is equal to or greater than 85 percent.

Required **employee** contribution rates for fiscal years 2021 and 2020 are as follows:

**SCRS**

Employee Class Two	9.00%
Employee Class Three	9.00%

Required **employer** contribution rates for fiscal years 2021 and 2020 are as follows:

**SCRS**

Employee Class Two	15.41%
Employee Class Three	15.41%
Employer Incidental Death Benefit	0.15%

**Charleston Naval Complex Redevelopment Authority / Naval Base Museum Authority**  
**Notes to the Financial Statements**

---

Contributions to the SCRS pension plan from the Authority totaled \$72,875 for the year ended June 30, 2021.

Actuarial Assumptions and Methods

Actuarial valuations of the plan involve estimates of the reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and future salary increases. Amounts determined regarding the net pension liability are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. South Carolina state statute requires that an actuarial experience study be completed at least once in each five-year period. An experience report on the Systems was most recently issued for the period ending June 30, 2019, for first use in the July 1, 2021 actuarial valuation.

The total pension liability (TPL) is calculated by the Systems' actuary, and each plan's fiduciary net position is reported in the Systems' financial statements. The Net Pension Liability (NPL) is disclosed in accordance with the requirements of GASB 67 in the Systems' notes to the financial statements and required supplementary information. Liability calculations performed by the Systems' actuary for the purpose of satisfying the requirements of GASB 67 and 68 are not applicable for other purposes, such as determining the plans' funding requirements.

The following table provides a summary of the actuarial assumptions and methods used to calculate the TPL as of June 30, 2020.

Actuarial assumptions:	SCRS
Actuarial cost method	Entry age
Investment rate of return	7.25%
Projected salary increases*	3.0% to 12.5% (varies by service)*
Includes inflation at	2.25%
Benefit adjustments	lesser of 1% or \$500 annually

The post-retiree mortality assumption is dependent upon the member's job category and gender. The base mortality assumptions, the 2016 Public Retirees of South Carolina Mortality table (2016 PRSC), was developed using the Systems' mortality experience. These base rates are adjusted for future improvement in mortality using published Scale AA projected from the year 2016.

Assumptions used in the determination of the June 30, 2020, TPL are as follows.

Former Job Class	Males	Females
Educators	2016 PRSC Males multiplied by 92%	2016 PRSC Females multiplied by 98%
General Employees and Members of the General Assembly	2016 PRSC Males multiplied by 100%	2016 PRSC Females multiplied by 111%
Public Safety and Firefighters	2016 PRSC Males multiplied by 125%	2016 PRSC Females multiplied by 111%

**Charleston Naval Complex Redevelopment Authority / Naval Base Museum Authority**  
**Notes to the Financial Statements**

---

Net Pension Liability

The NPL is calculated separately for each system and represents that particular system's TPL determined in accordance with GASB No. 67 less that System's fiduciary net position. NPL totals, as of June 30, 2020, for SCRS are presented below.

System	Total Pension Liability	Plan Fiduciary Net Position	Employers' Net Pension Liability (Asset)	Plan Fiduciary Net Position as a Percentage of the Total Pension
SCRS	\$51,844,187,763	\$26,292,418,682	\$25,551,769,081	50.7%

The TPL is calculated by the Systems' actuary, and each plan's fiduciary net position is reported in the Systems' financial statements. The NPL is disclosed in accordance with the requirements of GASB 67 in the Systems' notes to the financial statements and required supplementary information. Liability calculations performed by the Systems' actuary for the purpose of satisfying the requirements of GASB Nos. 67 and 68 are not applicable for other purposes, such as determining the plans' funding requirements.

At June 30, 2021, the Authority reported a liability of \$1,019,488 for its proportionate share of the SCRS net pension liability. The net pension liability was measured as of June 30, 2020, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The Authority's proportionate share of the net pension liability was based on a projection of the Authority's long-term share of contributions to the pension plans relative to the projected contributions of all participating employers, actuarially determined. At June 30, 2021, the Authority's proportionate share of the SCRS plan was 0.003990%.

Pension Expense

Components of collective pension expense reported in the Schedules of Pension Amounts by Employer for the year ended June 30, 2020 are presented below:

Service cost (annual cost of current service)	\$ 29,797
Interest on the total pension liability	108,491
Plan administrative costs	434
Plan member contributions	(28,181)
Expected return on plan assets	(59,767)
Recognition of current year amortization - difference between expected and actual experience and assumption changes	14,498
Recognition of current year amortization - difference between projected and actual investment earnings	22,017
Other	46
Total	\$ 87,335

Additional items included in Total Employer Pension Expense in the Schedules of Pension Amounts by Employer are the current period amortized portions of deferred outflows and/or inflows of resources related to changes in employers' proportionate share of the collective NPL and differences between actual employer contributions and proportionate share of total plan employer contributions. These two deferrals are specific to cost-sharing multiple-employer defined benefit pension plans as discussed in paragraphs 54 and 55 of GASB 68.

**Charleston Naval Complex Redevelopment Authority / Naval Base Museum Authority**  
**Notes to the Financial Statements**

---

Deferred Inflows of Resources and Deferred Outflows of Resources

As of June 30, 2021, the Authority reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred outflows of resources	Deferred inflows of resources
<u>SCRS:</u>		
Differences between expected and actual experience	\$ 11,764	\$ 3,855
Changes of assumptions	1,249	-
Net difference between projected and actual earnings on pension plan investments	74,991	-
Changes in proportion and differences between Authority contributions and proportionate share of plan contributions	10,572	12,787
Authority contributions subsequent to the measurement date	72,875	-
Total	\$ 171,451	\$ 16,642

The \$72,875 reported as deferred outflows of resources related to pensions resulting from the Authority contributions subsequent to the measurement date for the SCRS plan, during the year ended June 30, 2021 will be recognized as a reduction of the net pension liabilities in the year ending June 30, 2021.

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows for the SCRS plan:

Year ended June 30:	SCRS
2021	\$ 7,864
2022	27,461
2023	27,472
2024	19,137
	\$ 81,934

Long-term Expected Rate of Return

The long-term expected rate of return on pension plan investments is based upon 20-year capital market assumptions. The long-term expected rates of return represent assumptions developed using an arithmetic building block approach primarily based on consensus expectations and market-based inputs. Expected returns are net of investment fees.

The expected returns, along with the expected inflation rate, form the basis for the target asset allocation adopted at the beginning of the 2020 fiscal year. The long-term expected rate of return is produced by weighting the expected future real rates of return by the target allocation percentage and adding expected inflation and is summarized in the table below. For actuarial purposes, the 7.25 percent assumed annual investment rate of return used in the calculation of the TPL includes a 5.00 percent real rate of return and a 2.25 percent inflation component.

**Charleston Naval Complex Redevelopment Authority / Naval Base Museum Authority**  
**Notes to the Financial Statements**

Allocation / Exposure	Policy Target	Expected Arithmetic Real Rate of Return	Long-Term Expected Portfolio Real Rate of Return
<b>Global Equity</b>	<b>51.0%</b>		
Global Public Equity	35.0%	7.81%	2.73%
Private Equity	9.0%	8.91%	0.80%
Equity Options Strategies	7.0%	5.09%	0.36%
<b>Real Assets</b>	<b>12.0%</b>		
Real Estate (Private)	8.0%	5.55%	0.44%
Real Estate (REITs)	1.0%	7.78%	0.08%
Infrastructure (Private)	2.0%	4.88%	0.10%
Infrastructure (Public)	1.0%	7.05%	0.07%
<b>Opportunistic</b>	<b>8.0%</b>		
Global Tactical Asset Allocation	7.0%	3.56%	0.25%
Other Opportunistic Strategies	1.0%	4.41%	0.04%
<b>Credit</b>	<b>15.0%</b>		
High Yield Bonds / Bank Loans	4.0%	4.21%	0.17%
Emerging Markets Debt	4.0%	3.40%	0.13%
Private Debt	7.0%	5.79%	0.40%
<b>Rate Sensitive</b>	<b>14.0%</b>		
Core Fixed Income	13.0%	1.60%	0.21%
Cash and Short Duration (Net)	1.0%	0.56%	0.01%
Total Expected Real Return	100.0%		5.80%
Inflation for Actuarial Purposes			2.25%
Total Expected Nominal Return			8.05%

**Discount Rate**

The discount rate used to measure the TPL was 7.25 percent. The projection of cash flows used to determine the discount rate assumed that contributions from participating employers in SCRS will be made based on the actuarially determined rates based on provisions in the South Carolina Code of Laws. Based on those assumptions, the System's fiduciary net position was projected to be available to make all the projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the TPL.

**Sensitivity Analysis**

The following table presents the collective NPL of the participating employers calculated using the discount rate of 7.25 percent, as well as what the employers' NPL would be if it were calculated using a discount rate that is 1.00 percent lower (6.25 percent) or 1.00 percent higher (8.25 percent) than the current rate.

**Sensitivity of the Net Pension Liability to Changes in the Discount Rate**

System	1.00% Decrease (6.25%)	Discount Rate (7.25%)	1.00% Increase (8.25%)
SCRS	\$ 1,263,565	\$ 1,019,488	\$ 815,732

## Charleston Naval Complex Redevelopment Authority / Naval Base Museum Authority

### Notes to the Financial Statements

---

#### Additional Financial and Actuarial Information

Information contained in these Notes to the Schedules of Employer and Nonemployer Allocations and Schedules of Pension Amounts by Employer (Schedules) was compiled from the Systems' audited financial statements for the fiscal year ended June 30, 2020, and the accounting valuation report as of June 30, 2020. Additional financial information supporting the preparation of the Schedules (including the unmodified audit opinion on the financial statements and required supplementary information) is available in the Systems' ACFR.

#### **D. Other Postemployment Benefits**

The PEBA was created by the South Carolina General Assembly as part of Act No. 278 effective July 1, 2012. PEBA – Insurance Benefits is a state agency responsible for the administration and management of the state's employee insurance programs, other post-employment benefits trusts, and retirement systems, and is part of the State of South Carolina primary government.

The governing board of PEBA is a board of 11 members. The membership composition is three members appointed by the Governor, two members appointed by the President Pro Tempore of the Senate, two members appointed by the Chairman of the Senate Finance Committee, two members appointed by the Speaker of the House of Representatives, and two members appointed by the Chairman of the House Ways and Means Committee. Individuals appointed to the PEBA board must possess certain qualifications. Members of the PEBA board serve for terms of two years and until their successors are appointed and qualify. Terms commence on July 1st of even numbered years. The PEBA board appoints the Executive Director. The laws of the State and the policies and procedures specified by the State for State agencies are applicable to all activities of PEBA. By law, the State Fiscal Accountability Authority (SFFA), which consists of five elected officials, also reviews certain PEBA Board decisions in administering the State Health Plan and OPEB.

#### Plan Descriptions

The Other Post-Employment Benefits Trust Funds (OPEB Trusts), collectively refers to the South Carolina Retiree Health Insurance Trust Fund (SCRHITF) and the South Carolina Long-Term Disability Insurance Trust Fund (SCLTDITF), were established by the State of South Carolina as Act 195, which became effective in May 2008. The SCRHITF was created to fund and account for the employer costs of the State's retiree health and dental plans. The SCLTDITF was created to fund and account for the employer costs of the State's Basic Long-Term Disability Income Benefit Plan. The Authority does not participate in the SCLTDITF.

In accordance with Act 195, the OPEB Trusts are administered by the PEBA – Insurance Benefits and the State Treasurer is the custodian of the funds held in trust. The Board of Directors of PEBA has been designated as the Trustee.

The OPEB Trusts are cost-sharing multiple-employer defined benefit OPEB plans. Article 5 of the State Code of Laws defines the two plans and authorizes the Trustee to, at any time, adjust the plans, including its benefits and contributions, as necessary to insure the fiscal stability of the plans. In accordance with the South Carolina Code of Laws and the annual Appropriations Act, the State provides post-employment health and dental and long-term disability benefits to retired State and school district employees and their covered dependents.

## Charleston Naval Complex Redevelopment Authority / Naval Base Museum Authority

### Notes to the Financial Statements

---

#### Benefits

The SCRHITF is a healthcare plan that covers retired employees of the State of South Carolina, including all agencies, and public-school districts. The SCRHITF provides health and dental insurance benefits to eligible retirees. Generally, retirees are eligible for the health and dental benefits if they have established at least ten years of retirement service credit. For new hires beginning employment May 2, 2008, and after, retirees are eligible for benefits if they have established 25 years of service for 100% employer funding and 15-24 years of service for 50% employer funding.

#### Contributions and Funding Policies

Section 1-11-710 of the South Carolina Code of Laws of 1976, as amended, requires the postemployment and long-term disability benefits to be funded through non-employer and employer contributions for active employees and retirees to the PEBA – Insurance Benefits. Non-employer contributions consist of an annual appropriation by the General Assembly and the statutorily required transfer from PEBA – Insurance Benefits reserves.

The SCRHITF is funded through participating employers that are mandated by State statute to contribute at a rate assessed each year by the Department of Administration Executive Budget Office on active employee covered payroll. The covered payroll surcharge for the year ended June 30, 2020 was 6.05 percent. The South Carolina Retirement System collects the monthly covered payroll surcharge for all participating employers and remits it directly to the SCRHITF. Other sources of funding for the SCRHITF also include the implicit subsidy, or age-related subsidy inherent in the healthcare premiums structure. The implicit subsidy represents a portion of the health care expenditures paid on behalf of the employer's active employees. For purposes of GASB Statement No. 75, this expenditure on behalf of the active employee is reclassified as a retiree health care expenditure so that the employer's contributions towards the plan reflect the underlying age-adjusted, retiree benefit costs. Non-employer contributions include the mandatory transfer of accumulated PEBA – Insurance Benefits' reserves and the annual appropriation budgeted by the General Assembly. It is also funded through investment income.

In accordance with part (b) of paragraph 69 of GASB Statement No. 75, participating employers should recognize revenue in an amount equal to the employer's proportionate share of the change in the collective net OPEB liability arising from contributions to the OPEB plan during the measurement period from non-employer contributing entities for purposes other than the separate financing of specific liabilities to the OPEB plan. Therefore, employers should classify this revenue in the same manner as it classifies grants from other entities.

For purposes of measuring the net OPEB liability, deferred outflows and inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the OPEB Trusts, and additions to/deductions from the OPEB Trusts fiduciary net position have been determined on the same basis as they were reported by the OPEB Trusts. For this purpose, revenues are recognized when earned and expenses are recognized when incurred. Therefore, benefit and administrative expenses are recognized when due and payable. Investments are reported at fair value.

PEBA – Insurance Benefits issues audited financial statements and required supplementary information for the OPEB Trust Funds. This information is publicly available through the PEBA – Insurance Benefits' link on PEBA's website at [www.peba.sc.gov](http://www.peba.sc.gov) or a copy may be obtained by submitting a request to PEBA – Insurance Benefits, 202 Arbor Lake Drive, Columbia, South Carolina 29223. PEBA is considered a division of the primary government of the state of South Carolina and therefore, OPEB Trust fund financial information is also included in the ACFR of the state.

## Charleston Naval Complex Redevelopment Authority / Naval Base Museum Authority

### Notes to the Financial Statements

---

#### Actuarial Assumptions and Methods

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Actuarially determined amounts are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive plans (as understood by the employer and plan participants) and include the types of benefits provided at the time the valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point.

Additional information as of the latest actuarial valuation for SCRHITF:

Valuation Date:	June 30, 2019
Actuarial Cost Method:	Entry Age Normal
Inflation:	2.25%
Investment Rate of Return:	2.75%, net of PEB Plan investment expense; including inflation
Single Discount Rate:	2.45% as of June 30, 2020
Demographic Assumptions:	Based on the experience study performed for the South Carolina Retirement Systems for the five-year period ending June 30, 2015
Mortality:	For healthy retirees, the 2016 Public Retirees of South Carolina Mortality Table for Males and the 2016 Public Retirees of South Carolina Mortality Table for Females are used with fully generational mortality projections based on Scale AA from the year 2016. Multipliers are applied to the base tables based on gender and employment type
Health Care Trend Rate:	Initial trend starting at 6.40% and gradually decreasing to an ultimate trend rate of 4.00% over a period of 15 years
Retiree Participation:	79% for retirees who are eligible for funded premiums, 59% participation for retirees who are eligible for Partial Funded Premiums, 20% participation for retirees who are eligible for Non-Funded Premiums
Notes:	The discount rate changed from 3.13% as of June 30, 2019 to 2.45% as of June 30, 2020; updates were also made to the healthcare trend rate assumption, including an adjustment to reflect the repeal of the "Cadillac Tax"

#### Roll Forward Disclosure

The actuarial valuations were performed as of June 30, 2019. Update procedures were used to roll forward the total OPEB liabilities to June 30, 2020.

**Charleston Naval Complex Redevelopment Authority / Naval Base Museum Authority**  
**Notes to the Financial Statements**

---

Net OPEB Liability

The Net OPEB Liability (NOL) is calculated separately for each OPEB Trust Fund and represents that particular Trust's Total OPEB Liability (TOL) determined in accordance with GASB No. 74 less that Trust's fiduciary net position. The allocation of each employer's proportionate share of the collective Net OPEB Liability and collective OPEB Expense was determined using the employer's payroll-related contributions over the measurement period. This method is expected to be reflective of the employer's long-term contribution effort as well as be transparent to individual employers and their external auditors.

At June 30, 2020, the Authority reported a liability of \$871,704 for its proportionate share of the net OPEB liability. The net OPEB liability was measured as of June 30, 2020, and the total OPEB liability used to calculate the net OPEB liability is based on an actuarial valuation as of June 30, 2019, and a measurement date of June 30, 2020. The Authority's proportionate share of the net OPEB liability was based on a projection of the Authority's long-term share of contributions to the plans relative to the projected contributions of all participating employers, actuarially determined. At June 30, 2021 the Authority's proportionate share of the SCRHITF plan was 0.004829%.

The following table represents the components of the net OPEB liability as of June 30, 2020:

OPEB Trust	Total OPEB Liability	Plan Fiduciary Net Position	Employers Net OPEB Liability (Asset)	Plan Fiduciary net Position as a % of Total OPEB Liability
SCRHITF	\$ 19,703,745,672	\$ 1,652,299,185	\$ 18,051,446,487	8.39%

The TOL is calculated by the Trusts' actuary, and each Trust's fiduciary net position is reported in the Trust's financial statements. The NOL is disclosed in accordance with the requirements of GASB No. 74 in the Trusts' notes to the financial statements and required supplementary information. Liability calculations performed by the Trusts' actuary for the purpose of satisfying the requirements of GASB Nos. 74 and 75 and are not applicable for other purposes, such as determining the Trusts' funding requirements.

Single Discount Rate

The Single Discount Rate of 2.45% was used to measure the total OPEB liability for the SCRHITF. The accounting policy for this plan is to set the Single Discount Rate equal to the prevailing municipal bond rate. Due to the plan's investment and funding policies, the difference between a blended discount rate and the municipal bond rate would be less than several basis points (several hundredths of one percent).

Long-term Expected Rate of Return

The long-term expected rate of return represents assumptions developed using an arithmetic building block approach primarily based on consensus expectations and market-based inputs. The expected returns, along with the expected inflation rate, form the basis for the target asset allocation adopted at the beginning of the 2018 fiscal year. The long-term expected rate of return is produced by weighting the expected future real rates of return by the target allocation percentage and adding expected inflation. This information is summarized in the following table:

<u>Asset Class</u>	<u>Target Asset Allocation</u>	<u>Expected Arithmetic Real Rate of Return</u>	<u>Allocation-Weighted Long-Term Expected Real Rate of Return</u>
U.S. Domestic Fixed Income	80%	0.60%	0.48%
Cash equivalents	20%	0.35%	0.07%
<b>Total</b>	<b>100%</b>		<b>0.55%</b>
Expected Inflation			2.25%
<b>Total Return</b>			<b>2.80%</b>
<b>Investment Return Assumption</b>			<b>2.75%</b>

Sensitivity Analysis

The following table presents the SCRHITF's net OPEB liability calculated using a Single Discount Rate of 2.45%, as well as what the plan's net OPEB liability would be if it were calculated using a Single Discount Rate that is one percent lower or one percent higher:

	<u>1.00% Decrease 1.45%</u>	<u>Current Discount Rate 2.45%</u>	<u>1.00% Increase 3.45%</u>
SCRHITF Net OPEB Liability	\$ 21,538,999,118	\$ 18,051,446,487	\$ 15,264,631,112
Authority's Proportionate Share of the net OPEB liability	\$ 1,040,118	\$ 871,704	\$ 737,129

Regarding the sensitivity of the SCRHITF's net OPEB liability to changes in the healthcare cost trend rates, the following table presents the plan's net OPEB liability, calculated using the assumed trend rates as well as what the plan's net OPEB liability would be if were calculated using a trend rate that is one percent lower or one percent higher:

	<u>1.00% Decrease</u>	<u>Current Healthcare Cost Trend Rate</u>	<u>1.00% Increase</u>
SCRHITF Net OPEB Liability	\$ 14,610,913,265	\$ 18,051,446,487	\$ 22,569,856,822
Authority's Proportionate Share of the net OPEB liability	\$ 705,561	\$ 871,704	\$ 1,089,898

OPEB Expense

Components of collective OPEB expense reported in the Schedule of OPEB Amounts by Employer for the fiscal year ended June 30, 2020 are presented below.

Service cost	\$ 29,885
Interest on the total OPEB liability	24,345
Projected earnings on plan investments	(1,901)
OPEB plan administration expense	48
Recognition of outflow (inflow) of resources due to liabilities	12,271
Recognition of outflow (inflow) of resources due to assets	<u>(137)</u>
Total	<u>\$ 64,511</u>

Additional items included in Total Employer OPEB Expense are the current period amortized portions of deferred outflows and/or inflows of resources related to changes in employers' proportionate share of the collective NOL and differences between actual employer contributions and proportionate share of total plan employer contributions.

Deferred Outflows and Inflows of Resources

As discussed in paragraph 86 of GASB Statement No. 75, differences between expected and actual experience and changes in assumptions are recognized in OPEB expense using a systematic and rational method over a closed period equal to the average of the expected remaining service lives of all employees that are provided OPEB through the OPEB plan (active and inactive members) determined as of the beginning of the measurement period.

Additionally, differences between projected and actual earnings on OPEB plan investments should be recognized in OPEB expense using a systematic and rational method over a closed five-year period. For this purpose, the deferred outflows and inflows of resources are recognized in the OPEB expense as a level dollar amount over the closed period identified above.

The schedule below reflects the amortization of collective deferred outflows/ inflows of resources related to OPEB outstanding at June 30, 2020.

**Charleston Naval Complex Redevelopment Authority / Naval Base Museum Authority**  
**Notes to the Financial Statements**

---

For the year ended June 30, 2021, the Authority recognized OPEB expense related to the SCRHITF of \$64,511. At June 30, 2020, the Authority reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Net differences between expected and actual experience	\$ 24,932	\$ 19,852
Net differences between projected and actual investment experience	-	2,034
Assumption changes	129,720	34,716
Changes in proportion and differences between employer contributions and proportionate share of plan contributions	16,953	21,025
Contributions subsequent to the measurement date	29,272	-
 Total	 \$ 200,877	 \$ 77,627

Deferred outflows related to pensions resulting from the Authority's contributions made subsequent to the measurement date of \$29,272 for the SCRHITF will be recognized as a reduction of the net pension liability in the year ended June 30, 2021. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30:	
2021	\$ 10,662
2022	10,381
2023	9,938
2024	17,663
2025	23,669
Thereafter	21,665
Total	\$ 93,978

Additional Financial and Actuarial Information

Information contained in these Notes to the Schedules of OPEB Amounts by the Authority (the Schedules) were compiled from the OPEB Trust Funds audited financial statements for the fiscal year ended June 30, 2020, and the accounting and financial reporting actuarial valuations as of June 30, 2020. Additional financial information supporting the preparation of the Schedules (including the unmodified audit opinion on the financial statements and required supplementary information) is available in the OPEB Trust Funds audited financial statements. Employers are encouraged to review Illustration II in Appendix C of GASB Statement No. 75, which provides a sample footnote disclosure and required supplementary information for a cost-sharing multiple-employer defined benefit OPEB plan.

**Notes to the Financial Statements**

---

**E. Subsequent Events**

Subsequent events are events or transactions that occur after the statement of net position date but before the financial statements are available to be issued. The Authority recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the Statement of Net Position, including the estimates inherent in the process for preparing the financial statements. The Authority's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the Statement of Net Position but arose after the Statement of Net Position and before the financial statements were available to be issued.

Management has evaluated subsequent events through the date of the audit report, which is the date the financial statements were available to be issued.

In July 2021, the Authority paid out \$11 million to IAAM, which had been previously restricted by the Authority in August 2018.

The COVID-19 pandemic has caused business disruptions domestically and is anticipated to continue for the foreseeable future. The Authority expects the ramifications of COVID-19 to have an impact on its results. The extent of the impact of COVID-19 on the Authority's operational and financial performance will depend on future developments, including the duration and spread of the outbreak and related restrictions, all of which are highly uncertain and cannot be predicted.
