Custodial history

Deed-3

Scope and content

The collection deals primarily with Dr. Cady's tenure in the Veterans Administration from 1946-1963. Most of the materials concern his role as Director of the Veterans Hospital in Houston, Texas. Some of the earlier materials relate to his work with the VA in Dallas.

In addition to various administrative records, the VA Hospital materials in this collection include significant groups of Public Relations Files, Reading Files, and Telephone Conversation Transcriptions. There are also some sound recordings relating to the VA Hospital.

The collection also includes some of Dr. Cady's personal and professional materials such as correspondence, scholarly works and reprints, and materials from his retirement.

While the bulk of the records correspond to his work from 1946-1963, some of the personal materials and scholarly works date as early as 1921, and some of the artifacts and retirement-era materials come from as late as 1985.
