dedication

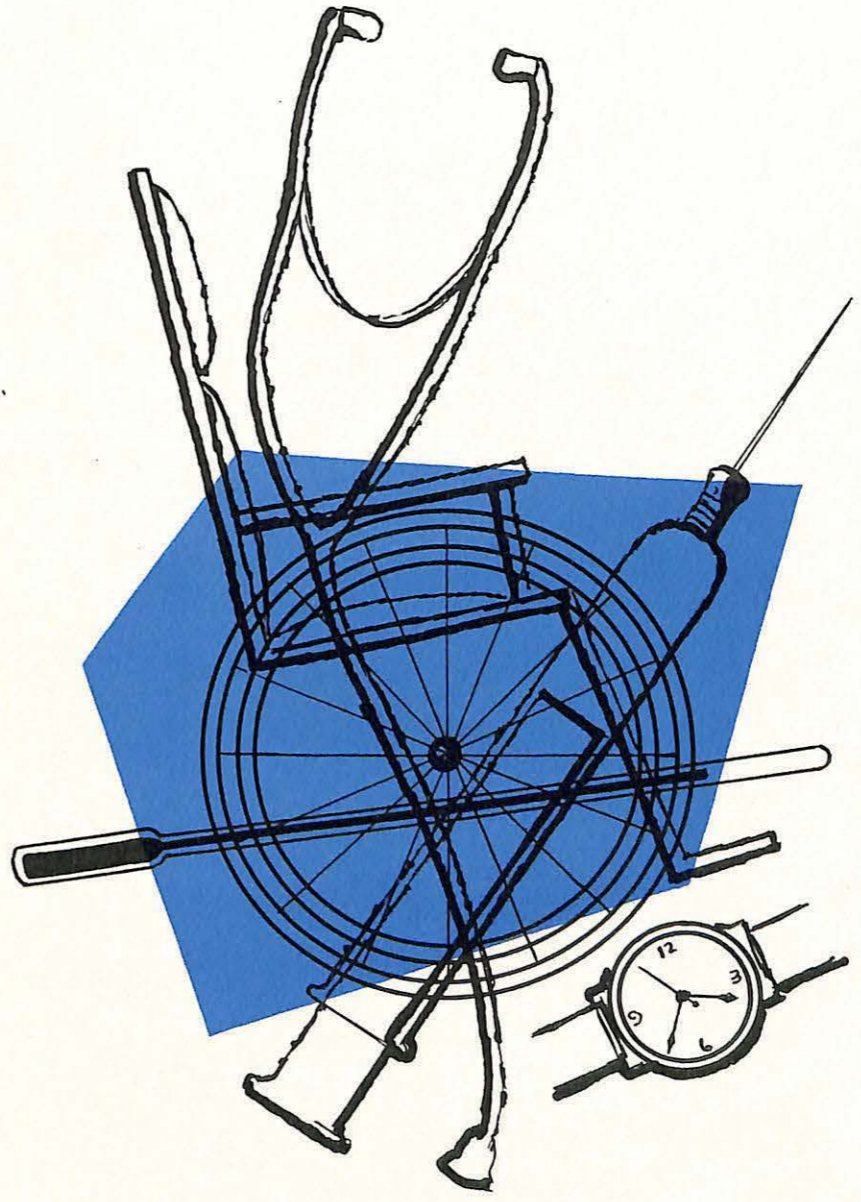

Miss Bessie Williams, who acted as health nurse, counselor, guide and leading educator in a time when education is the hope of the world, we offer our sincere admiration and this book.

Dedication

administration

The three years that you have spent at Good Samaritan Hospital have made you a part of it, and the hospital a part of you. We hope that it is for the better of both. In the future everything that you do will reflect upon the School of Nursing, and the School of Nursing will be reflected in your professional reputation. Let us both be confident that the order will uphold their end.

Frank J. Walters
Administrator

With the increasing complexity of medical care, nurses must receive educational opportunities that will allow them to keep abreast of diseases being discovered each day. Good Samaritan Hospital is a progressive hospital and is furnishing these opportunities for our student nurses.

The patient is still our reason for being nurses and we must have our interests patient-centered while gaining our education to become registered nurses.

Hazel Hinds, R.N.
Director of Nursing

Nursing is a rewarding career for any young woman who is not only planning her future but is fulfilling her desire to serve mankind. It is a challenge to all of those who work with you to guide you in achieving skill in your chosen career and in helping prepare you for your future roles as graduate nurses, homemakers and mothers. Student nurses contribute a great deal to the hospital in better nursing care for our patients and are a very essential part of our organization. We are proud to have you as student nurses of Good Samaritan School of Nursing and shall be ever watchful to recognize the success which you achieve in your future lives.

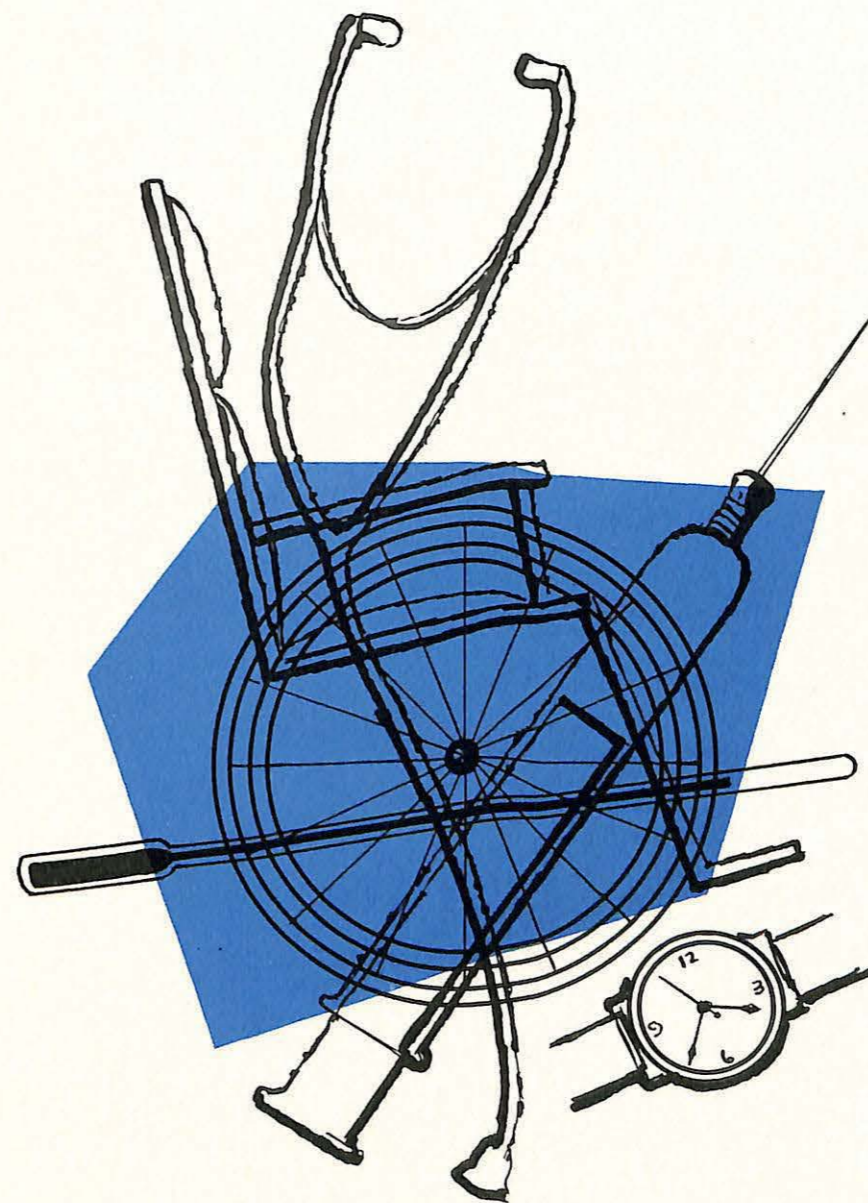

Lloydena Grimes, R.N.
Director, School of Nursing

The School of Nursing of Good Samaritan Hospital, Portland, has a long and distinguished record. For many years it has been recruiting, training and graduating young women who have high ideals of public service. It has been one of the pleasant experiences of my ministry to meet these women in Portland and around Oregon and in other areas of the country. The G.S.H. pin worn by our graduates is, indeed, a badge of honor. I have enjoyed my service with the hospital and it's school of nursing, and am sure that Bishop Carmen will enjoy his service equally as well.

Faithfully yours,
Benjamin D. Dagwell.

The Year—1968
The Place—Battleground, Washington
The People—Class of 1958
The Occasion—An Unforgettable Class Reunion

One day while slaving away at Cora's old job in the cafeteria, I received a phone call. Who should it be but CORINNE ARMSTRONG, an old buddy from student days at Good Sam. She was working as a used car dealer on Union Avenue—it seems nursing didn't suit her after all. She wanted to let me know about a class reunion. Man, was I excited and anxious to see how much everyone had changed. I called JOYCE HAUSER (who was playing fat lady at Janzten Beach) to see if she wanted to go. Then IDA MAE CLARK, who just flew in from Kentucky on one of those flying horses she was raising for Mobile Gas. They agreed to go so the next day at noon we piled in my Cadillac and took off.

Driving down Burnside we saw KATHY EVANS DOYLE and husband selling pencils. Larry didn't make it after all. Then crash! We were hit in the rear by JOAN STODDARD, who had to hurry back to O.S.C. (she's still working on her B.S.). She said JEAN THOMAS STORM is more or less a widow now (Jack is a 20 year man).

In the middle of the Interstate Bridge who should we see but ROBIN RIXIE in her Carmen Gia, sideways. In the car with her were BETH teHENNEPE (lifeguard and nurse at Blue Lake), CONNIE JONES (whose son plays football in the little league), MARY BAILLIE and children (five to be exact) and JUDY BUSHLOPER DUMONT (who is now official hog caller at Tiny's). Man, no wonder they were stalled. We stuck her car in the trunk of mine and started off again.

Robin said that DOREEN CABLE wouldn't be able to attend because she is traveling with Elvis Presley as his guitar holder and official hairdresser. Judy informed us that MARY MORRIS was in France as the '68 version of Bridgette Bardot.

Passing through Vancouver, we picked up EMILIE SCHAFER, who was still waiting for George (he should have caught that plane by now, it's been ten years). She told us that NINA DAWKINS was now Queen of Siam. She met and married the King while specializing at Good Samaritan.

While speeding on the freeway we were overtaken by PAT KERSTEN and ISSABELLE McSKIMMING who are traffic cops in that district. We told them about the picnic and the ticket was forgotten. They escorted us officially to the park.

We stopped at MILDRED YODER'S on the way (who now has four sets of triplets) and she climbed in. The kids rode with Pat and Izzy.

Upon arrival we saw RUTH SIDEBOTTOM munching on a celery stick. She announced, "I'm still on a diet, I never will be a stewardess, I guess." With Ruthie was VIRGINIA SHERMAN COLT with little colts prancing around her. On the picnic table sat DOROTHY HORN, forlornly watching her husband water ski. Then I noticed she had casts on both her legs. Poor girl, she'll never learn, she also had a terrific sunburn.

I noticed PRISCILLA WHITE JILLSON and YVONNE WALES were mixing up a potato salad and discussing their new homes side by side in the Portland Heights. YVONNE, better known as "Bunny" is working as car "hop" at the Hill Villa and Pris is playing nurse maid to her three children who all acquired staphylococcus infection. It seems that LOIS HOUCK was their nurse until two weeks ago. Lois is now head nurse of 2 West at Good Samaritan.

MILDRED JOSI, LaVERNE WEHMEIER and CAROL MEADOWS just came tramping up the beach sopping wet. LaVerne wasn't too steady. When I asked them what they were doing they all spoke up at once. Finally I deciphered that Carol was running a first aid station on the border of Kentucky and Tennessee, on the side was interpreter for the Governor of Tennessee. LaVerne is teaching professional ethics at Good Sam and Josi had just left Alaska where she and JOANNE COOPER are running a home for retired single R.N.'s. It seems that ratio is 4-1 up there in favor of the MEN. I found COLLEEN REED and CAROL SYDOW lying on a blanket. Colleen was trying to regain her tan (Jim is stationed in Greenland). Carol is writing the Ann Landers Column.

LORRAINE PURDUE just sneaked around the corner and informed me that she was on a hot trail. Seems she is working as an undercover agent for the F.B.I. TAMARA PETERSON, supervisor of surgery, was eating a foot long hot dog. I finally figured out that she was explaining MARY MORGAN'S absence. Mary had eight craniotomy's scheduled. (She's taken over as head brain surgeon). MARIANNE REIMERS and twins just came up from a swim in the lake and Marianne told us she was working as nurse on the Indian reservation in Grants Pass.

JOANNE BOOTHE was sitting on the ground crocheting a flag with 54 stars to present to the new president of the United States. It's a well paid job but the hours are long and tedious. All of a sudden here came PAULA COFER in her outer space suit. Seeme she's planning to be the first nurse on Mars. Then we received a telegram from VALDENE NEWMAN who sent her regrets from New York. She hadn't finished writing her gossip column.

LAURIE PETERSON ALBRIGHT drove up just as we were about to leave. When asked what she was doing she said that she and NOREEN BERWALD had just discovered the surgical treatment for nebulous medussa of the anterior karachi and Noreen was unable to come as she was on her way to Mayo Clinic with the news.

We packed things up and prepared to leave after talking things over all day. My car was full of tired but happy classmates still remembering those three years in training. All of a sudden we noticed a car with a flat tire on the side of the road. Thinking we could give some aid we stopped. To everyone's delight it was JAN BERG who had just returned from a singing tour abroad.

Never will any of us forget that day at Battleground. It was such fun seeing each other after ten years. The friendships made from 1955 to 1958 at Good Samaritan School of Nursing are strong yet. The next day however we held an unscheduled class reunion at Good Samaritan Hospital—it seems there were several cases of food poisoning.

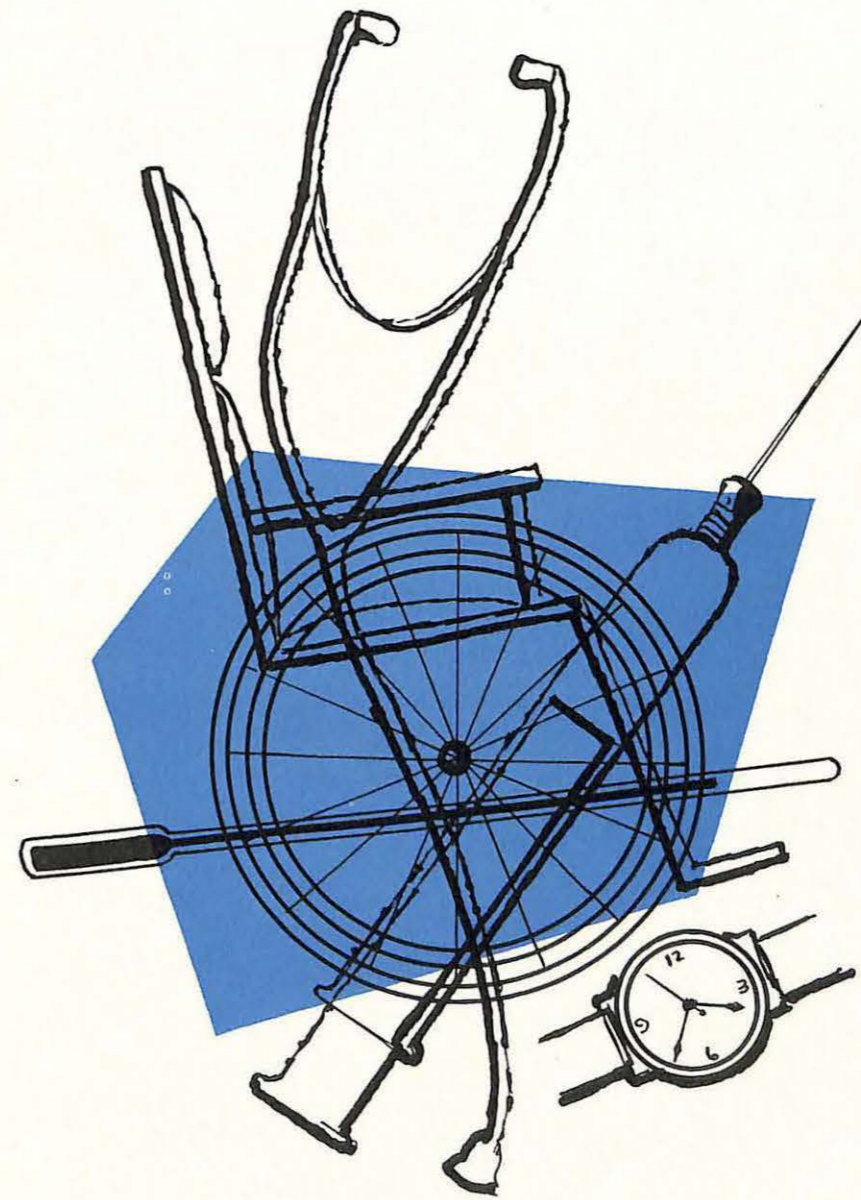

Sincerely,
SANDRA FOSTER

ANNUAL STAFF

The unruly paper with dogeared corners, erasure, and crossouts is a page by page Chart plan, the nucleus about which the staff revolves, striving to complete pages for the last check before the final deadline. Pictured left to right are: Norma Bralier, assistant business manager; LaVonne Smith, picture and index editor; Miss Carol McCleary, advisor; June Pike, Editor-in-Chief; Harriet Buffam, assistant editor; and Alicia Davidson. Not pictured include Elsie Ferguson, business and sales manager; Janet Fellers, art and index editor; Doris Phillips and Geraldine Bergman, lay-out editors; and Ida Mae Clark, typist.

BIG AND LITTLE SISTER COMMITTEE

(Not shown)—Planning parties, assisting with the days of orientation, Capping services and reception, and welcoming new students to the school were among the many duties of this committee.

DANCE COMMITTEE

Advertisement of the student dances was the prime factor in determination of the success of these events. Here Delores Pyle, Lorraine Owen, Carlotta Hundley, chairman; and June Pike pose with a sample of January's choice.

EDUCATIONAL COMMITTEE

The promotion of desire in attaining and maintaining the highest standards in both theory and practice is the utmost concern of these committee members. Another responsibility of this committee is that of forming the honor roll and in seeing to it that study hours are carried out.

Miss C. McCleary leads a discussion in sociology here.

HOUSE AND GROUNDS

Periodic room and house inspection and maintenance of an orderly appearance is perhaps the basic concern of the house and grounds committee. Shown left to right are Mrs. Van Warmer, house mother; Dell Houston, Ann Scales, Sandra West, chairman; Miss Bessie Williams, advisor; and LaVonne Smith.

LIBRARY COMMITTEE

This year found the students with a new asset . . . namely, the opening of a new library on 5 West Back. Pictured is June Pike.

NEWSPAPER STAFF

The revision of the Draw Sheet was a successful attempt of the junior class during the past year. Current events and hospital happenings were tactfully, factually and humorously captured in a journalistic manner by Rosemary Traill, Miss Shirley Harlow, advisor; Linda Thiesen, and Lorraine Owen.

NOMINATING COMMITTEE

Nominees for student body officers are selected by this committee from those students having a three point or above grade point average, placing a great deal of responsibility in the hands of the committee members. Pictured here are Sara Turner and Norma Brallier.

SOCIAL COMMITTEE

The responsibility of social events of the school, including parties and teas, is one of great value and requires a considerable amount of work in organization.

Gathered here: Norma Brallier, Linda Hardie, Mickey Owen, Lavaughan Bennett, Lavaughn Bozak, Mildred Counts, and Delores Hoagland.

STUDENT COUNCIL

The executive powers of the Cooperative Student-Faculty Association meet in a closed session monthly with the primary purpose of promoting school objectives, discussing student body activities, and approving appointments of the chairmen for committees. Members are: Olga Mickelson, freshman class president; Nadine Thomas, junior class representative; Mickey Owen, student body historian; Joyce Houser, second vice-pres.; Beth te Hennepe, first vice-pres.; Joan Stoddard, treasurer; Lois Houck, student body parliamentarian; Alicia Davidson freshman class representative; and June Pike, annual editor.

UNIFORM COMMITTEE

"Miss Smith, your cap is folded incorrectly." "Miss Brown, you mustn't wear earrings while in uniform," these and other statements are commonly heard from members of the uniform committee who endeavor to increase personal attention regarding improvement in professional appearance. Left to right: Judy Caufield, and Alicia Davidson

Nurse's Christian Fellowship

Nurse's Christian Fellowship, a branch of InterVarsity Christian Fellowship, is composed of Christian girls seeking to develop their knowledge of God's Word and apply fellowship with other Christians. The members enjoy Bible studies, missionary speakers, and singspirations in the weekly Monday evening meetings. The purpose of the group is to increase each member's knowledge of Christ so that they are ready to meet the spiritual needs of others and—" . . . that all things He might have the pre-eminence."—Colossians 1:18.
