Pleasant, Harare, Zimbabwe<sup>4</sup> Food and Agriculture Organization of the United Nations (FAO), Rome, Italy<sup>5</sup> University of Bonn, Department of Earth Sciences, Germany<sup>6</sup> Université Laval, Département de Phytologie, Québec, QC G1V 0A6, CanadaE-mail: [remi.cardinael@cirad.fr](mailto:remi.cardinael@cirad.fr)

In Table 2:

- An error in the legend of table 2 occurred in the published article.

The published version says: 'SOC storage rates for hedgerows are presented per **kilometer** of hedgerows, not per hectare of agricultural field [...]. For hedgerows, tree density is presented per kilometer of hedgerows'.

Whereas, it should say: 'SOC storage rates for hedgerows are presented per **hectare** of hedgerows, not per hectare of agricultural field [...]. For hedgerows, tree density is presented per kilometer of hedgerows'.

- An error occurred for the 95% confidence interval (CI) of the SOC storage/loss rate for:
  - Cool temperate > All regions > Cropland to Hedgerow. The 95% CI should be 0.16 instead of 10 (page 7).
- An error occurred for the tree density for:
  - Tropical moist > Asia > Cropland to Alley cropping. It should be  $40\ 000 \pm 0$  instead of  $4000 \pm 0$  (page 8).
  - Tropical moist > Asia > Cropland to Hedgerow. It should be  $4000 \pm 0$  instead of  $40\ 000 \pm 0$  (page 8).
- An error occurred for the number of observations (N) for:

Tropical (all) > Forest to Parkland. It should be  $N = 10$  instead of  $N = 5$  (page 10)

- Three values are missing for the 95% confidence interval (CI) of the response ratio ( $F_{LU}$ ):
  - Warm temperate > Europe > Cropland to Hedgerow: 95% CI = 0.15 (page 7).
  - Tropical moist > All regions > Grassland to Silvopasture: 95% CI = 0.30 (page 9).
  - Tropical (all) > Forest to Shaded Perennial: 95% CI = 0.11 (page 10)

In Table 3:

- An error occurred for the tree density for:
  - Cool temperate > All regions > Hedgerow. It should be  $816 \pm 853$  instead of  $400 \pm 0$  (page 11).
  - Tropical dry > All regions > Hedgerow. It should be  $1667 \pm 471$  instead of  $5833 \pm 1179$  (page 11)
- An error occurred in the labelling of the agroforestry system for:
  - Tropical wet > All regions > Intercropping. 'Intercropping' should be replaced by 'Alley cropping' (page 13)
