AUDITOR'S REPORT FOR YEAR 1940

Machias, Maine, July 14, 1941

Board of Selectmen,
Alexander, Maine,

Gentlemen:

I submit herewith my report of Audit for the year ending March 1941, prepared from your records.

All Cash correctly accounted for.

All payments were properly vouched by signed warrants.

Payments except those deducted by the State are made by check. State retentions are handled by journal vouchers.

Books of Assessors were well kept and descriptions of real estate were made in accordance with statute.

Assessors books and commitment books were added and found in agreement.

ANNUAL REPORT OF THE TOWN OF ALEXANDER

No supplemental tax was assessed.

Distribution book and warrants were regularly written up and kept in balance.

A new listing was made of tax deeds and liens and the report balance reconciled with schedule.

Treasurer's accounts were reconciled with bank balance monthly.

It is not probable that the full amount shown on on tax deed and lien list can be realized from their disposal.

Very truly,

S. M. HOLWAY, Auditor

To the Superintending School Committee and Citizens of
Alexander:

The financial report of your schools may be discouraging to you but it is correct for what we have paid showing expenditures for a school year of 32 weeks. If you will compare it with page 22 of your 1940 report you will find that the cost of the Cedar School was only shown for 27 weeks, Hale School 31 weeks, Four Corner School 31 weeks. This of course is something which I did not consider was happening until it was too late to remedy the overdraft by closing school and carrying the cost of schools over into next year. In addition to this complication, we have had added teaching expense, more expensive conveyance and a deluge of unpaid accounts. I am sorry to report that there are still some outstanding accounts. To your Town Officers it must be very discouraging and I see no solution other than to raise more money for Schools.

Even with an expenditure of considerable money during the past years the schools are still poorly equipped and this is partly due to the carelessness of the pupils.

The teachers have worked hard this year to bring the pupils of your schools up to grade levels, but this will not be possible in one year. The Four Corner School should be operated on a 36 week schedule as the grade levels there are in a more serious condition. We are fortunate to have good teachers and without a reasonable salary for next year I fear that we may have to

ANNUAL REPORT OF THE TOWN OF ALEXANDER

endure teachers who are inferior to those we now have. Without an appropriation larger than last year it will probably be necessary to close schools when the money is expended.

I have enjoyed working with you and wish to express my appreciation to the School Committee, Town Officials and Parents for their helpful cooperation.

Respectfully submitted,
REGINALD H. DORITY, Supt. of Schools
