To the Superintending School Committee and citizens of Alexander.

I hereby submit my report of your schools.

I am pleased to report that the school accounts are in good condition, thanks to those who have been instrumental in making it possible to be able to pay the bills accrued in this department. Marked improvements were made on the school house in District No. 1 which was very much needed. I would suggest that repairs be made on the school house in District No. 2, as the building is in poor condition. The ceiling should be painted as the metal is rusting and if neglected will soon be in such condition that repairs will be expensive. A thorough inspection of the building will be made this spring in time for repairs to be made during the summer. You have a balance of \$136.75 but I would appropriate at least \$50.00 more because repairs run into money fast.

Your schools in each district are doing creditable work and the teachers are doing all they can for the welfare of the pupils. The attendance has been depleted on account of whooping cough, but now as this is over I feel that the attendance will be much improved during the spring term.

I appreciate the cooperation of the School Committee, parents and teachers because when these conditions exist your schools are on a progressive basis and the welfare of the pupils is secured.

Respectfully submitted,

F. A. DAY, Superintendent
