## ANNUAL REPORT OF THE TOWN OF ALEXANDER

To the Superintending School Committee and the Citizens of Alexander:

I hereby submit my report for your schools for 1936-1937.

Our schools, as well as others in the State, have been invaded by epidemics which have depleted the attendance of the pupils, but fortunately there were no serious results.

You will observe that your accounts are in good condition and by reason of this I would strongly recommend that you increase your school year to thirty-four weeks. The added expense for the extra two weeks would be less than \$100.00 and the advantage of two weeks' schooling for the pupil would give him a better preparation for entering High School.

You have a balance of \$86.04 in your repairs account, which will take care of ordinary repairs for next year, but if you plan to do any painting, clapboarding or shingling, quite a sum would have to be raised in addition to the unexpended balance.

Although there has been quite a marked falling off in the attendance, the pupils have made good progress and undoubtedly will make up all deficiencies by the end of the school year.

In conclusion I wish to express my appreciation for the cooperation of the School Committee, and the many courtesies shown me by the citizens. Also I wish to commend the teachers for their loyalty toward their work and their cooperation.

Respectfully submitted,

FRANK A. DAY, Supt.
