AMIRIS

Agent-based Market model for the Investigation of Renewable and Integrated energy Systems

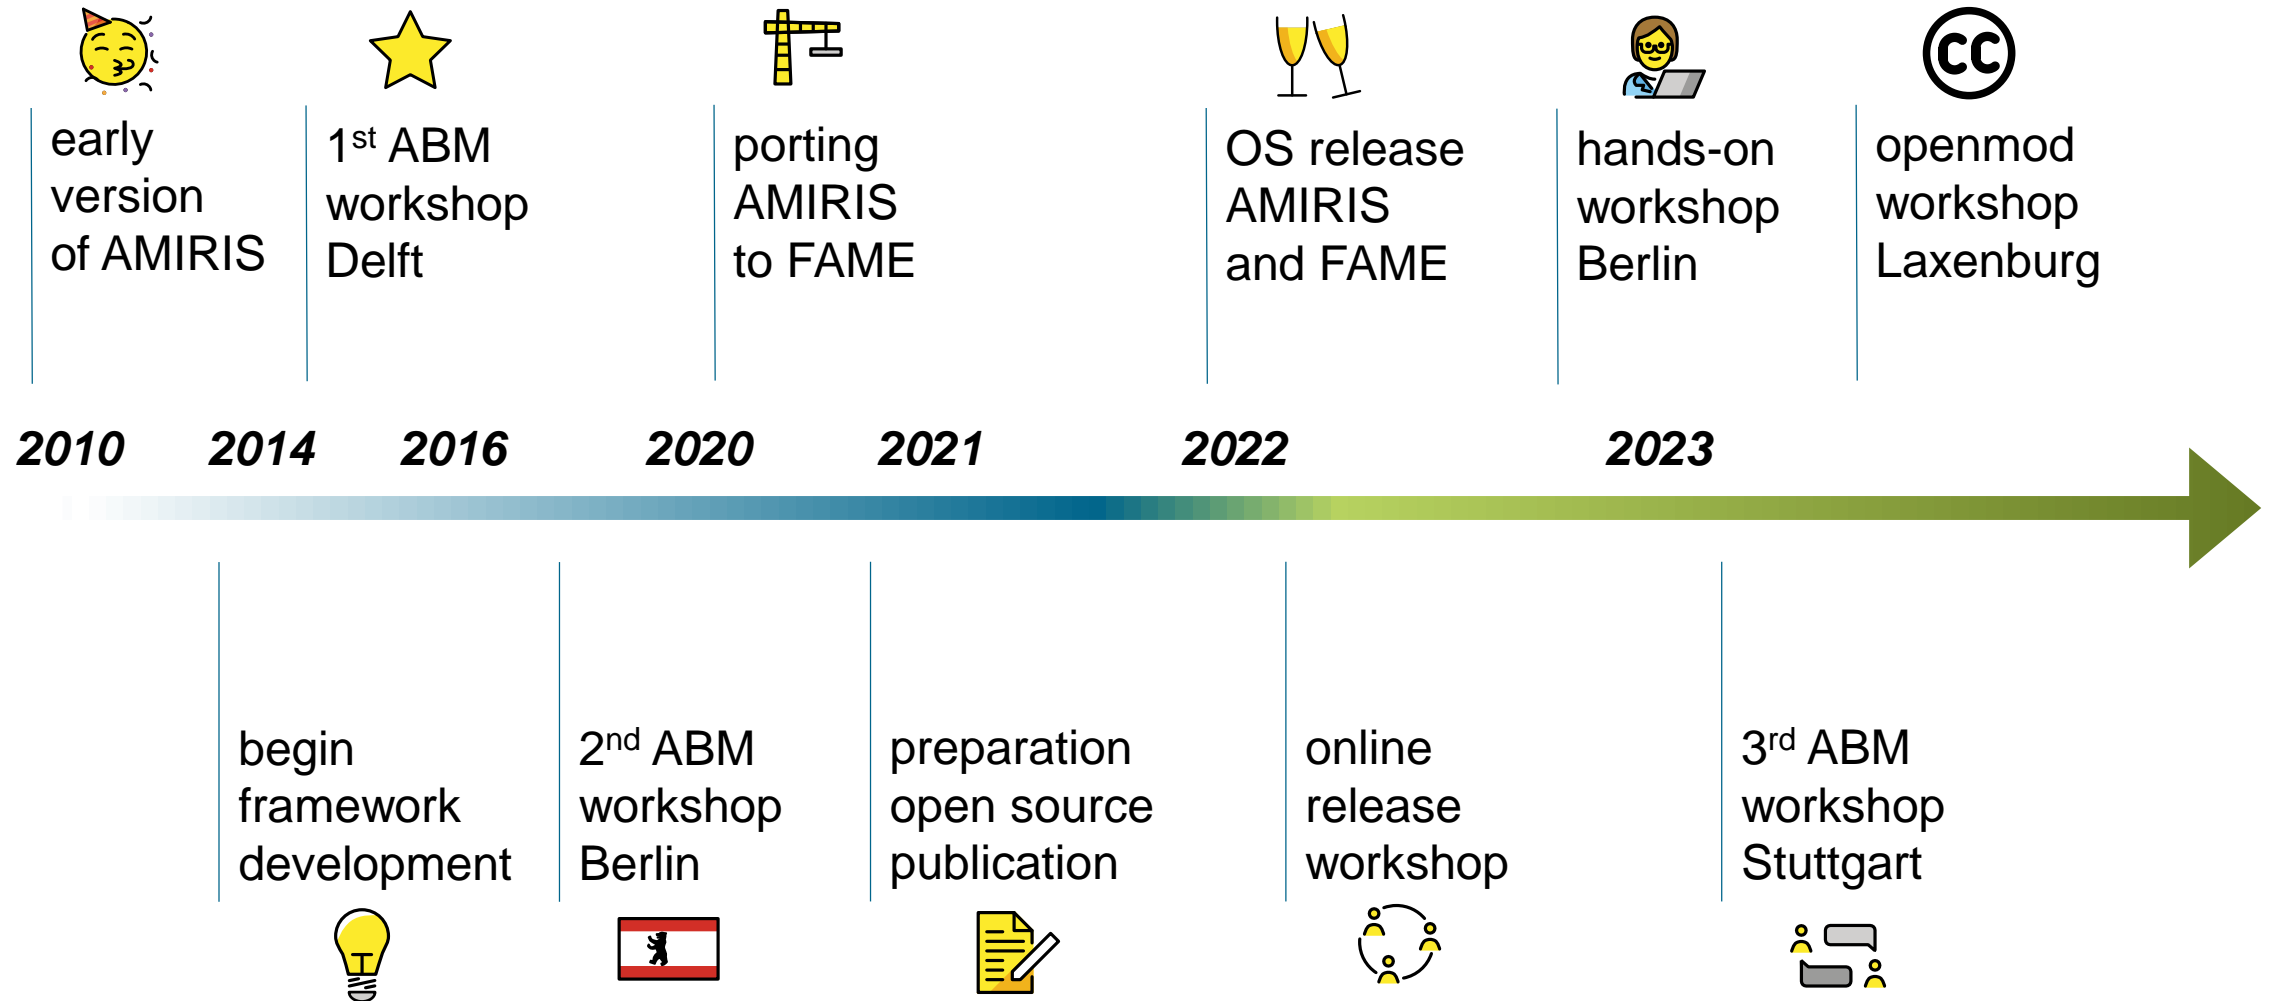

FAME

open Framework for distributed Agent-based Models of Energy systems

Timeline

From early versions to open source

Our Approach & Values

FAIR4RS Principles

Findable

- Unique identifier
- Wikipedia
- COMSES
- HECI
- OEP
- openmod

Accessible

- Git
- Maven
- PyPI

Interoperable

- API
- Workflow tools
- CSV
- YAML

(Re-)usable

- Apache 2.0
- REUSE
- Wiki
- Javadoc
- Win/Mac/Linux
- Scalable (H)PC

Online Community Building

openmod

Grass root initiative of modelers from various universities/institutes

Promoting use of OS software and open data in energy system modelling

User forum with search tags amiris & fame

We use openmod to:

- Announce releases
- Provide help by Q&A
- Offer open support to external users
- Increase visibility among our domain
