

AIHA - Semipalatinsk

Why? humanitarian and scientific

- builds on our developing environmental medicine and environmental assessment research programs (business and community relevance)
- we have numerous faculty who have been to FSU including those who went with Cathie Lyons this summer Key among them were Raye Hurwitz and Terry Hayes
- others with an interest at BCM/TMH are Ridha, Tom, Phil, Atilla, Interiano, Laufman, Adam, Nisin, Butler, GRLynch, ELynch
- molecular diagnostics, thyroid, cardiovascular, cancer, gastro-intestinal, psychological
- Russian speaking immigrants in Houston
- experience with training individuals from these regions
- expertise in establishing cancer registry

TMH existing educational affiliated institutions - Moscow, Bryansk, Kiev
