President of the Union of the Populations of Angola, Holden Roberto, has said of his people's massacres of whites and Africans, "We are not conducting a racist war against the Portuguese people as our enemies claim. We are at war against oppression."

All students are invited to attend the movie.

Diercks Is An Accomplished Composer, Pianist, Critic

by Sylvia Doughty

Professor John H. Diercks has been appointed chairman of the Hollins department of music. He will replace retiring Professor Arthur S. Talmadge who has been professor and chairman of the department for the past 26 years.

The appointment was made at the end of last month by President John A. Logan, Jr. Mr. Diercks will begin his duties as chairman next September.

congratulations to another, we recognize that both men have brought to the college a dedication and an active interest in the field of music, both on and off the campus.

A native of Montclair, N. J., Mr. Diercks began his college studies at Oberlin where he received his bachelor of music degree. He had been as interested in chemistry as he is in music and was offered a scholarship to M.I.T. as well as Oberlin. It was not until his discharge from the Navy in 1946, however, that he definitely decided upon music as a career.

He continued his studies, majoring in composition and piano, at Oberlin and at the Eastman School of Music, where he was awarded the master of music degree in 1950 and the Ph. D. in

Professor Diercks taught piano at the College of Wooster in Ohio from 1950-54. He has taught music theory at Hollins since 1954, with a year out in 1958-59 as a pianist and composer at the Kronman Dance Studio in Rochester, N. Y.

His compositions have been chosen for programming at recent University Composer Festivals, at Southern Composers League Festivals, and at the University of Redlands Symposium. Other performances of his works have been given by the Wooster Chamber Orchestra as well as by the Canton (Ohio) Symphony, the Cleveland Philharmonic and other community orchestras. He has composed music extensively for the Hollins chapel choir and dance programs, some of which, written in collaboration with Miss Paula Levine, dance instructor, have been presented on television.

The natives of West Africa and the Belgian Congo must have been quite intrigued by Mr. Diercks when he, safari and all, travelled through their territory several years ago. Mr. Diercks' excursion through Africa was only one of the interesting trips he has taken in search of the "musical inspiration native music might offer." He has also studied Japanese, Korean and Chinese music at the University of Hawaii on a Danforth Foundation grant.

This issue of Hollins Columns is illegitimate. It is also compact and unusually brief. It also lacks the usual fascinating advertising, thought-provoking editorial material, and exciting, timely feature stories. In short, it presents to you only the vital, earth-shaking news of the week without the trimmings. This issue will fold neatly into your hip pocket, or tuck itself quietly away in your box of sentimental keepsakes from dear old Holly Colly

Our news, make-up, advertising and business departments got together this week and decided, in their dedicated way, to give you an issue that was never scheduled. Few things can stop the Hollins Columns from going to press when there is news to be spread-in fact about the only thing that can stop Hollins Columns from going to press is a lack of funds.

We plunged anyway, because neither vacations, exams, weekends, nor studying can stop our teletype minds. And after all, what's more important than our newspaper?

Published weekly during the school year by students at Hollins College.

Next Tuesday Forum will pre- | Gortner. sent a program featuring the general topic of de Gaulle, France and Algeria. This program, intended to turn Hollins eyes to a situation of particular international concern, is designed to describe and explain briefly some aspects of France's colonial and domestic problems.

Three Hollins Abroaders, Pattie Crary, Carol Schmedman, and Kit Gortner, will discuss specific topics taken from the areas of study they chose for their major projects. This "on the spot coverage" will discuss the following topics: "de Gaulle's Political Philosophy in Action," Pattie Crary; "Ferat Abbas and the F. L. N.," Carol Schmedeman; "de Gaulle and Algeria: 1961" (with emphasis on the action of political parties), Kit

(Continued from Page 1) sic. He has said he realizes the responsibility of the music department to keep up with contemporary development in music. Professor Diercks also said he feels that the "steady flexibility" of our music department under Mr. Talmadge has been one of its strong factors.

Mr. Diercks' wife, Thelma Chock Diercks, is a native of Honolulu. She earned her master of music degree at the Eastman School, where she and Mr. Diercks met. Mrs. Diercks is an active teacher of piano and she often accompanies and performs jointly in programs with her husband.

Professor Diercks' comment on his new appointment was "All of us regret the retirement of Arthur Talmadge. In every way we will endeavor to maintain and improve the offerings of the music department better to serve the college."

Pattie Crary, in describing the program, stated the following:

"This will be worked into a program which will cover de Gaulle's rise to power in 1958, the making of the 1958 Constitution (and the relationship of both of these to de Gaulle's personal philosophy as shown by history; i.e. the resistence to the IV Republic, etc.), Algerian problems from the French point of view with concentration on the events of 1961, Algerian problems from the native point of view with concentration on Ferat Abbas, and the F. L. N."
