

East Campus Inclusivity Initiative

Julia Claxton (she/her)

The Problem

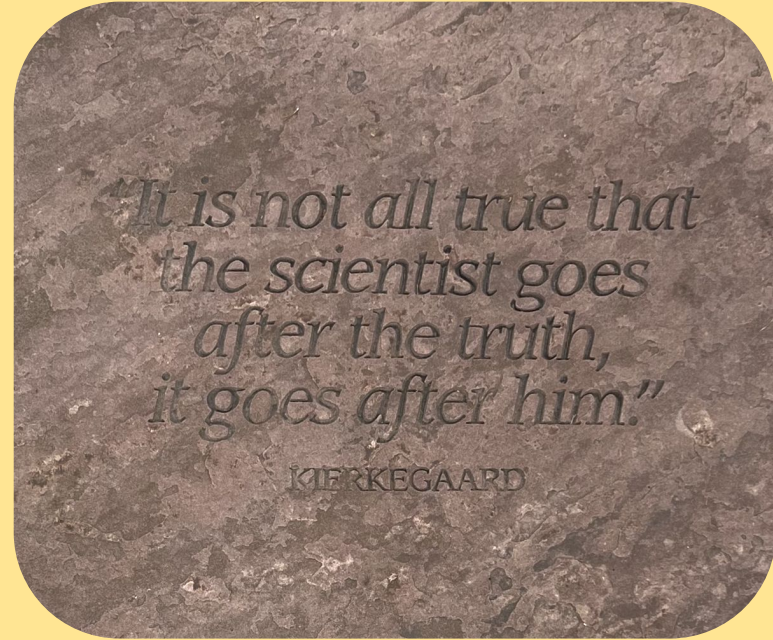

- Quote engraved on sidewalk on East Campus

*"It is not all true that
the scientist goes
after the truth,
it goes after him."*

KIERKEGAARD

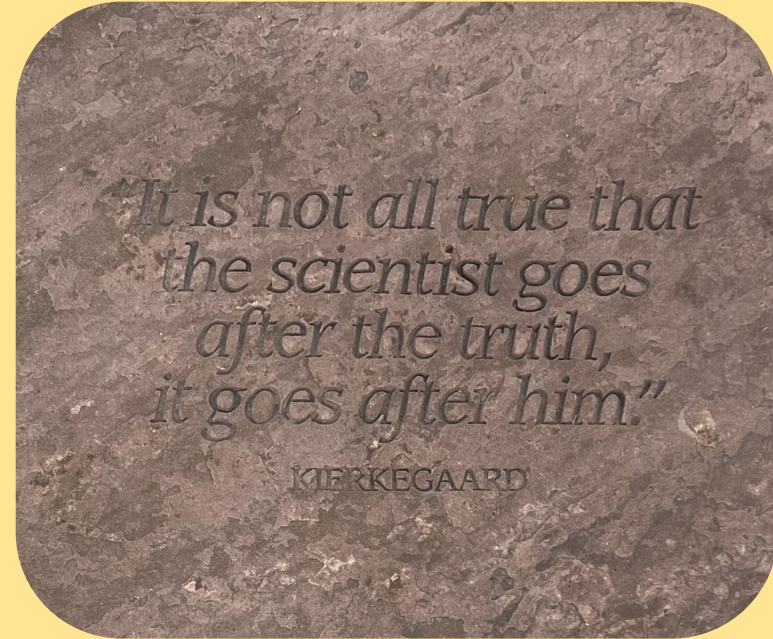

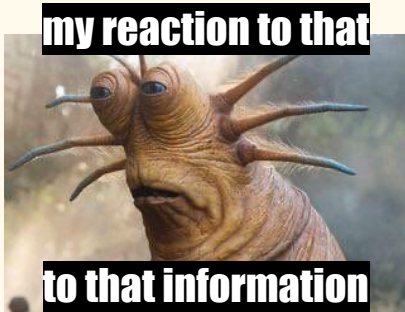

The Problem

- Quote engraved on sidewalk on East Campus
- Refers to scientists by he/him
 - I see this every day on my way to go to my scientific research job

The Problem

- Quote engraved on sidewalk on East Campus
- Refers to scientists by he/him
 - I see this every day on my way to go to my scientific research job
- Aerospace says 'him' actually means everyone. Incredible.

The Solution

- Get rid of it.

The Solution

- Get rid of it.
 - Replacement, alteration, removal

The Solution

- Get rid of it.
 - Replacement, alteration, removal
- Go over AES department's head
 - Which worked!

The Solution

- Get rid of it.
 - Replacement, alteration, removal
- Go over AES department's head
 - Which worked!
- “The future never just happened. It was created.”, Mae Jemison
 - Centers a Black woman
 - Represents the cutting-edge research happening on East Campus

Progress

As of this morning:

I wanted to follow up with you on the below request and share a few options. We can either replace the paver with a blank paver (no quote...this would be the cheapest option), or we can replace the paver with a new quote. Do you know what would be preferred? If a new quote, any thoughts or suggestions on what that quote should be?

Thanks,
Chris

- Appears we will not have to personally arrange resources

Timeline

December

- Quote approval
- Arranging construction logistics

January (?)

- Construction
 - Depends on contractor availability

January-May

- Evaluation
 - Future DEI surveys
 - Talking to students
