PROFILE OF DMACC

WELCOME

Des Moines Area Community College has become an integral part of our State's business and industry community. We have done so as a result of the important role we play in preparing Iowans for meaningful employment through providing comprehensive liberal arts curricula and career education.

We believe, however, that our job goes beyond the simple offering of good classroom instruction and learning experiences. We urge you to actively participate in the clubs, student activities, the Student Action Council, and other worthwhile college organizations at DMACC. In so doing, you are truly exercising your prerogatives as a student to get as much from your college experience as possible .

We want you to have an enjoyable learning experience and urge you to let us help you build toward your own success.

Joseph A. Borgen, President
Des Moines Area Community College

HISTORY

Des Moines Area Community College is a publicly supported two-year institution serving the Des Moines metropolitan area and surrounding counties. The College District includes all or major portions of Audubon, Boone, Carroll, Dallas, Guthrie, Jasper, Madison, Marion, Polk, Story, and Warren counties and minor parts of 11 adjacent counties. It encompasses 6,560 square miles or about 11 percent of the land area of the state. Approximately 20 percent of the state's population resides within the district.

Des Moines Area Community College was officially created March 18, 1966, and was designated as Merged Area XI. A nine-member Board of Directors was elected and formally installed that same year.

The College was established after extensive studies had indicated the need for such an institution. Leading figures throughout the College's District combined their talents and resources to assure proper planning for the College.

In 1968, the Board of Directors adopted Des Moines Area Community College as the official name of the institution. The first classes were held at the new Ankeny Campus location in 1968. Administrative and operational control of Boone Junior College was assumed in 1969 and Carroll Campus in Carroll, Iowa, was initiated in 1979. The Urban Campus began operation in metropolitan Des Moines in 1972, and a new facility was constructed at Seventh and Laurel in 1980. The first classes were held in the fall of 1993 at Newton Polytechnic as a result of the cooperative effort of the Maytag Corporation, Iowa State University, the City of Newton, and the DMACC Foundation. The DMACC West Campus, opening in Fall of 2001, will create training partnerships between business and industry, information technology hardware and software venders, institutions and students.

Paul Lowery was the first superintendent/president of the College, and was succeeded by Dr. Joseph A. Borgen in 1981.

MISSION AND GOALS

It is the mission of Des Moines Area Community College to offer quality programs and courses to meet the different community interests, student abilities and personal objectives of citizens of all ages and levels of education, for the purpose of improving the quality of life, the economic conditions, and the public welfare of our state.

Therefore, the Board of Directors, faculty and staff are committed to providing a variety of educational options on a non-discriminatory open-door basis.

DMACC exists to:
- prepare or retrain students for employment and advancement in their chosen occupation through career education.
- prepare or retrain students for employment and advancement through occupationally-oriented associate degree programs.
- assist students in becoming active, responsible citizens in our democratic society through a program of practical education.
- provide effective assistance to students in exploring their interests, identifying their aptitudes, and selecting the programs of study which best meet their needs and interests.
- provide counseling and other support services which improve a student's chances for success in their educational endeavors.
- provide learning experiences and co-curricular activities which promote personal, social, academic, and vocational development of students.
- prepare students for transfer, typically as juniors, to four-year colleges and universities.
- provide placement services for all students seeking full-time or part-time employment.
- provide opportunities for adults to complete their high school education.
- provide off-campus adult and continuing education programs as needs and interests are expressed.

NONDISCRIMINATION POLICY

Des Moines Area Community College shall not engage in nor allow discrimination covered by law. This includes harassment based on race, color, national origin, creed, religion, gender, age, and disability. Veteran status in its educational programs, activities, employment practices, or admission procedures is also included to the extent covered by law. Individuals who believe they have been discriminated against may file a complaint through the College Discrimination Complaint Procedure. Complaint forms may be obtained from the Human Resources Department, the campus Dean's office, or the EEO/AA Coordinator. Persons who wish additional information or assistance may contact the EEO/AA Coordinator, Executive Director, Human Resources, Bldg. 1, 515-964-6408.

STUDENT RIGHT TO KNOW

Institutions are required to provide students with information regarding campus security, alcohol and drug use, crime prevention, reporting of crimes, sexual assaults, Equal Employment Opportunity and Affirmative Action, college policy regarding HIV/AIDS, graduation rates and transfer data, and drug free schools and campus information. This data can be obtained at the Information Center on the Ankeny Campus.

or toll free in Iowa 800-362-2127
Opening Fall 2001
A new telephone number will be posted to the website in August, 2001.

THE CAMPUSES

Ankeny Campus is located on a 304 acre site six miles north of Des Moines within the city limits of Ankeny. The campus is easily accessible from both interstates 35 and 80. A directory of campus facilities is located at each entrance.

Boone Campus is located on a 37-acre site at the southeast edge of the city of Boone. Constructed in 1968, the campus is comprised of two buildings: the academic building which includes a 250 seat auditorium, and the physical education building.

Carroll Campus is located on a nine- acre site at 906 North Grant Road in the city of Carroll. The Carroll Campus was started in 1979.

Urban Campus is located on a six-acre site north of I-235 at 7th and Laurel in Des Moines.

Newton Polytechnic is located at 600 N. 2nd Ave. West in Newton and began operation in the fall of 1993.

West Campus, opening in the fall of 2001, will create learning partnerships between business and industry, information technology hardware and software vendors, instructors and students. West Campus is located west of interstate 35 on Grand Avenue.

Credit classes have been offered on the basis of need in other locations throughout the area. Community services and continuing education classes are offered in many additional communities within the College District.

ACCESS TO CAMPUS FACILITIES

The DMACC campuses are generally open to students and the public from 7:00 a.m. to 10:30 p.m., Monday through Friday and 7:00 a.m. to 12:00 p.m. on Saturday (Saturday hours may vary on some campuses). The campuses are closed during other times and holidays.

Visit our website: www.dmacc.org

ACCREDITATION

Des Moines Area Community College is accredited by the North Central Association of Colleges and Schools, 30 N LaSalle St., Suite 2400, Chicago, IL 60602-2504. The College is also approved by the Iowa State Department of Education and the Iowa Board of Regents. College transfer curricula meet the requirements of four-year colleges and universities. Both career option and college transfer curricula carry the approval of the United States Department of Education and are approved for veterans benefits.

The College also holds membership in the American Association of Community Colleges.

ADMISSIONS

Des Moines Area Community College is dedicated to assisting individuals reach their educational and vocational goals. Admission to the college is open to all who apply and can benefit from courses and programs offered by the college. The college does reserve the right to guide the course placement of students on the basis of counseling, examination, pre-enrollment interviews, and past academic achievement. Admission to the college does not guarantee acceptance into all courses or programs offered, and enrollment in some programs and courses may depend upon basic skill levels and/or available space.

DMACC operates under a continuous admissions process, so acceptance of applicants is granted as all admissions procedures and requirements have been completed. Therefore, applicants will find it to their advantage to apply as soon as they have decided to seek admission to a program. Applicants accepted into a program already at enrollment capacity will be placed on stand-by status until an enrollment opportunity occurs.

Each program establishes the minimum entrance requirements for applicants. Proficiency in reading, writing, and/or mathematics may be required for enrollment in selected courses within a program in addition to the program requirements.

Consideration will be given to admitting high school age students; requirements and guidelines can be found under the heading Admission of High School Students.

APPLYING FOR ADMISSION

1. Complete an admission application and submit it to:

   DMACC Admissions Office
   2006 South Ankeny Boulevard
   Ankeny, Iowa 50021
   or fax the form to 515-964-6391.

   Students may request a form by calling the admission office at 1-800-362-2127, ext. 6495, or 515-964-6595, use the Application for Admission located on the back pages of this catalog or visit the DMACC web site at www.dmacc.org. There is no fee for applying for admission to DMACC.

2. Complete any required assessment. Assessment guidelines can be found under the heading Guidelines for Required Assessment.

3. Complete any program or course prerequisites for the specific program for which application has been made.

4. Submit a copy of your high school transcript or GED scores if either is needed for entry to a specific program.

For admission requirements to any specific program, refer to the Program Entry Requirements in the informational material that proceeds each academic program.

After applicants have met all admission requirements, they will be notified. DMACC accepts students on a first-come, first-served basis. If a program is filled at the time all admission requirements are met, the applicants will be placed on stand-by and so notified.

GUIDELINES FOR REQUIRED ASSESSMENT

DMACC requires a skills assessment of all new, full-time students (full-time is defined as 12 credit hours or more during fall and spring semesters and 8 credit hours or more during the summer semester.) This assessment provides information about students' academic skills in reading, writing, and mathematics. Assessment information is used to assist with course selection and schedule planning.

The assessment requirement may be met by completing any one of the following options:

1. Complete COMPASS testing at any DMACC campus. The COMPASS test in math, reading and writing is given to students who do not qualify under options 2 or 3. There is no charge for this service.

2. Submit ACT Scores. ACT scores of 19 or above in reading, math, and English can be used to meet DMACC's assessment re-

Persons with disabilities are encouraged to attend and participate in all classes, activities, and events sponsored by or held at Des Moines Area Community College. If you are a person with a disability who requires reasonable accommodation, please contact the Vice President of Student Services (Accommodation Officer) at (515)964-6513 as soon as possible, but no later than one full business day in advance.

ADMISSIONS

quirement. ACT scores must be mailed to the Admissions Processing office. If the ACT scores are more than three (3) years old, it is recommended that students complete Option 1 - COMPASS testing.

3. Provide Evidence of Successful College Experience. An official college transcript, from each prior college attended, must be mailed to the Admissions Processing Office. The following criteria are used to grant assessment waivers:

   Writing - grade of C or higher in a college-level writing course.

   Reading - grade of C or higher in 6 hours of college-level academic course work such as psychology, sociology, economics, etc., and/or vocational technical course work requiring comparable reading skills.

   Math - grade of C or higher in a college-level mathematics course.

   If college experience is older than five (5) years, students are strongly encouraged to take the COMPASS test.

Students planning to enroll part-time are not required to be assessed, but assessment is strongly encouraged in the following instances:

1. A mathematics assessment before enrolling in a math class or a course with a math pre-requisite.
2. A writing assessment before in any course that has writing expectations or requirements.
3. A reading assessment before enrolling in a third course.

COMPASS testing is provided on all DMACC campuses. Call one of the numbers listed below to make a testing appointment at the campus of your choice:

Ankeny
515-964-6595 or 1-800-362-2127, ext 6595

Boone
515-432-5096 or 1-800-362-2127, ext 5096

Carroll
712-792-1755 or 1-800-622-3334

Newton
641-791-1730 or 1-800-362-2127, ext 1730

Urban
515-248-7218 or 1-800-362-2127, ext 7218

West
515-225-2575 (temporary) or 1-800-362-2127

Students needing the COMPASS test with an accommodation because of disability must provide documentation of the disability prior to the test and make the necessary accommodation arrangements with the testing center.

ADMISSION OF HIGH SCHOOL STUDENTS

DMACC offers the opportunity for high school students to enroll in credit courses. Juniors and seniors must complete steps 1 and 2 below if enrolling as a part-time student, steps 1, 2, and 3 if enrolling full-time. Freshmen and sophomores must complete all four steps.

Admission steps:
1. Submit a completed Application for Admission.
2. Submit written approval from parent/guardian and the high school counselor or principal.
3. Complete COMPASS testing or submit ACT scores. Course placement is mandatory based on the COMPASS or ACT scores.
4. Meet with a DMACC advisor or counselor prior to registration.

ADMISSION OF PRE-HIGH SCHOOL STUDENTS

In limited circumstances, DMACC may allow pre-high school students to enroll in credit courses. Completion of all the steps listed below is necessary before the college will make a decision about admitting and enrolling any persons who are not at least freshman in high school:

1. Approval of the school counselor or principal
2. Approval of the parent or guardian
3. COMPASS testing or submission of ACT scores. Students not meeting minimum scores for placement in college-level courses will not be allowed to enroll. Course placement based on test scores will be mandatory.
4. Any specific course or program prerequisite must be met.
5. Students are limited to no more than two credit courses per term.
6. Students must meet, without the parent being present, with the appropriate instructor, program chair, or dean for an evaluation of readiness for each desired course. A determination that students are not ready, either educationally or emotionally, will prohibit enrollment in that courses.

ADMISSION OF HOME-SCHOOLED STUDENTS

Home-schooled students may apply for admission by following the high school students or pre-high school students general guidelines that are appropriate for the student's age. Junior and senior level home schooled students will also be required to take the COMPASS test or submit ACT scores for placement purposes.

ADMISSION OF GUEST STUDENTS

Students who have been accepted for admission to another college or university or whose primary enrollment is at another college may enroll as a 'guest student' at DMACC. Guest students may, by submitting a DMACC Application for Admission and proof of acceptance at their primary college (or a valid student ID from that college), enroll at DMACC without taking the normally required COMPASS assessment test or providing ACT scores. Guest student status cannot be claimed for consecutive academic terms at DMACC.

ADMISSION OF INTERNATIONAL STUDENTS

International students are persons in the U.S. who are on a non-immigrant visa or students who have an F1 student visa. Specific requirements must be met before being considered for admission to the college. No admission decision will be made until an application is complete. A completed application includes:

1. A completed and signed application for admission form.
2. A completed International Student Data Sheet.
3. Submission of a non-refundable $110 International Student Processing Fee. Send the fee, payable to Des Moines Area Community College, in the form of a bank draft or an international postal money order.
4. Submission of a completed and notarized Statement of Financial Support to show evidence of ability to meet educational and living expenses of at least $11,000 per year.
5. Official evidence of the English proficiency required by the college by submission of one of the following:

   A. Official results of the Test of English as a Foreign Language (TOEFL) showing a minimum score of 500 on the paper test or 173 on the computerized test. (DMACC TOEFL code is 6177.)
   B. Official results of the Michigan Test showing a minimum score of 80
   C. An official transcript from an accredited U.S. college or university showing successful (grade "C" or higher) completion of freshmen level English.
6. Submission of official transcripts from all secondary and post-secondary schools attended, translated into English.
7. A deposit of $2000 (U.S.) to cover direct educational costs (tuition, fees, book, supplies, etc.) for the first semester.
8. Proof of valid medical insurance must be submitted to the Admission Office within 30 days of arrival in the U.S.

ADMISSIONS

The college issues an I-20 Certificate of Eligibility form to students who qualify for admission. Students present this form to a U.S. Consular Office in the country where they are applying for a student (F1) visa. The final decision of admission to the United States and permitted length of stay is made by the U.S. Immigration and Naturalization Service.

After arriving at DMACC, students must take the college's English, reading, and mathematics assessment tests. Final placement into courses is determined by performance on the assessment tests.

Tuition for International Students is assessed at the non-resident rate.

It is the responsibility of the students to maintain their visa status while enrolled at DMACC. Failure to do so can result in deportation.

RESIDENCY

Students may be considered a resident of Iowa for tuition and fee purposes if they are permanently domiciled in Iowa and have resided in the state for a period of not less than ninety (90) days prior to the start of the academic term. When residency is in question, the burden of proof of domicile is on the student.

To apply for reclassification from nonresident to resident status, students must complete a "Request for Residency Status" form and submit it together with a copy of their voter registration card and at least two additional documents evidencing Iowa domicile. Examples of acceptable documents include:

- Rent receipts
- Tax receipts
- Ownership of real property
- Iowa income tax return
- Iowa vehicle registration
- Iowa drivers license

All documents submitted must verify residency at least 90 days prior to the start of the academic term. Reclassification of residency status is not retroactive. International students cannot establish residency while studying in this country on a temporary visa.

Residency questions and documents should be routed to the Student Records Services/ International Student Office on the Ankeny campus. The phone number 515-964-6471.

READMISSION

In general, students who are in good standing and do not enroll for one or more consecutive semesters do not need to apply for readmission to the college. The only step necessary prior to registration is to contact the admission office to verify the accuracy of the address and phone number contained in college records.

Students accepted to a limited enrollment or selective admission program and who do not start when planned or withdraw for one or more semesters must contact the admission office for approval to re-enroll as "restart" student.

Students who have been suspended due to failure to meet the college's scholastic standards must meet the requirements for readmission as found in the Scholastic Standards section of the catalog before re-enrolling.

Students who have been suspended for disciplinary reasons may not re-enroll before meeting all requirements imposed at the time of suspension.

TRANSFERRING CREDIT TO DMACC

Evaluation of Previous Training and Education

Students must request that a transcript bearing the official seal and signature of the official in charge of the records be sent directly to the DMACC Admissions Office by each college or university previously attended. Transcripts which have been in the students' possession will not be considered official documents. Students submitting an official transcript in a language other than English must also submit an English translation of this transcript. Upon receipt, the Admissions Office will forward official transcripts to the Credentials Office for evaluation.

Transcripts must be sent from each previously attended institution even though all previous records may be summarized on one transcript. DMACC will accept credit only when submitted by the institution where the credit was earned.

A maximum of 43 semester credit hours of transfer credit is applicable toward associate degree requirements. The total grade point average of credits transferred to DMACC must equal 2.0 or higher. Some Health Service programs may require a minimum grade of "C" in each course that fulfills a degree requirement. Since the students' grade point averages are calculated from course work taken at DMACC only, grades earned at other colleges or universities will not be used in the computation of the students' GPA at DMACC.

Upon completion of the transfer credit evaluation, students will receive a report illustrating how the accepted transfer credit applies to their chosen program of study.

The acceptance and use of transfer credit is subject to limitations in accordance with the educational procedures of the College.

CREDIT FOR EDUCATIONAL EXPERIENCE IN THE ARMED FORCES

Credit earned through educational experiences in the armed forces can be validated and accepted by the College. Credit is accepted based on state-wide policies at Iowa colleges and universities and based on its applicability toward meeting the requirements in the students' program of study. An American Council on Education (ACE) publication, "Guide to the Evaluations of Educational Experiences in the Armed Services," is generally used in making these determinations.

Credit is awarded only for significant learning experiences as recommended by the ACE guide. No credit will be awarded based on the Military Occupational Specialties evaluation program.

Credit may be awarded for course work completed via correspondence, classroom study and/or examination through the United States Armed Forces Institute. Credit may also be granted on the basis of scores earned on the Subject Standardized Test of the Defense Activity for Non-Traditional Educational Support. Copies of transcripts showing such work will be evaluated by the Office of Credentials.

COLLEGE TOURS

Prospective students are invited to visit any or all of the DMACC campuses. Individual tours may be arranged by calling 1-800-362-2127 and selecting the campus of your choice, or by calling the individual campus at:

Ankeny Campus	515-964-6200
Boone Campus	515-432-5025
Carroll Campus	712-792-8332
Newton Campus	641-791-3622
Urban Campus	515-248-7234
West Campus	515-225-2575

REGISTRATION

REGISTRATION PROCEDURES

ADDING OR DROPPING A COURSE

NON-CREDIT COURSE REGISTRATION, ADD AND DROPS

Students may register for courses during the times and dates listed in the schedule of classes published prior to the beginning of each semester. Registration is not complete until students have paid their tuition and fees or when payment has been officially authorized by the Financial Aid Office or Business Office. Students with past-due obligations to the College will not be permitted to register for classes until the obligations are resolved.

REGISTRATION PROCEDURES

New, Full-time Students

Registration for all new full-time students (12 credits or more fall and spring semester or 8 or more credits summer term) is scheduled by the Student Development Office. New students who have been accepted for admission will be notified when to report for registration. Counselors and advisors will be available to assist with registration.

To help students make a successful transition to college, DMACC offers an Orientation to college course, CDEV100. The course uses short lectures, demonstrations, guest speakers, and practical exercises to help students understand the entire college experience from classroom expectations to learning resources. CDEV100 is required for students who fit these guidelines:

- Enrolled in an arts and sciences, preprofessional or general education program and
- Enrolled full-time and
- Have no previous college experience

New, Part-time Students

New part-time students (11 or fewer credits fall and spring semesters, 7 or fewer credits summer term) are encouraged to participate in orientation/registration, but are not required to do so. Registration during the time and dates published in the schedule of classes can be completed in person, by telephone, mail, fax, or via the internet.

Continuing Career Education Students

These students may register in person, by telephone, mail, fax, or via the internet in accordance with the times and dates published in the schedule of classes or via the internet.

Continuing Arts and Sciences Students

These students are assigned registration dates according to the number of DMACC credits already earned plus accepted transfer credits. These times and dates are published in the schedule or classes or on the internet.

ADDING OR DROPPING A COURSE

Students may add a credit course through the first five days of the semester. Course adds can be in person, by phone, mail, fax, or via the internet. Students are not permitted to attend a course unless officially registered for the course.

Students may drop a credit course through the 50th class day of the fall and spring semesters and the 30th class day of the summer term. The last day to drop a course offered during terms other than fall, spring, and summer semesters depends on the length of the term; the applicable date is published in the schedule of classes and is also available by contacting the registration office. Courses dropped during the first week of the semester will not show on the students' transcript. Courses dropped after the first week and through the deadline will be shown on the transcript and will be assigned a grade of "W".

Deadlines for dropping courses are different than refund deadlines. Information about refund deadlines can be found in the Education Expense/Student Accounts section of this catalog, in the schedule of classes published before each semester, and by contacting the registration office.

Students who withdraw from a course will not be permitted to continue attending the course. Students who have a financial "hold" on their records due to unpaid obligations will not be permitted to drop courses.

NON-CREDIT COURSE REGISTRATION, ADDS AND DROPS

Registration during the time and dates published in the Continuing Education schedule of classes can be accomplished in person, by telephone, mail, or fax, or via the internet.

TUITION AND FEE CHARGES

The DMACC Board of Directors establishes tuition and fee charges. The tuition and service/technology fees are charged on a per credit basis. Additional supplemental fees are described below under "other fees". Non-resident tuition, not including fees, is twice the amount of resident student tuition. See the following chart of tuition and fees.

SERVICE FEE

The service fee (including a general technology fee) mentioned above is used to support many college activities and services for all students. All students pay service fees on a per credit basis. These fees are mandatory.

OTHER FEES

Additional fees, including, but not limited to, supplemental course fees, lab fees, music fees, TV class and Internet fees are also Board approved. These fees are market driven.

INDEBTEDNESS POLICY

Students who have tuition and fees owed to the College may not register while the indebtedness remains. During this period the students' transcripts will not be released and graduation awards will not be conferred.

DEPOSITS

International students are required to pay a $2,000 deposit prior to admission to the college. This is coordinated through the International Student Office.

Scholarships received in advance are deposited to the individual student's account pending enrollment activity. Students are advised to notify Student Accounts when they have deposited money available for use. Additional deposit money will be released to student accounts for purchase of books at the college bookstore at the student's request.

Students may deposit money in advance of the next semester enrollment. Refer to the Student Accounts Office at the Ankeny campus for information.

CAMPUS BOOKSTORE PURCHASES

Bookstores are located at each DMACC campus. Students should purchase books at the campus they will be attending. Financial aid credits may be used at the bookstore after the authorized aid has been released to accounts.

PAYMENT POLICY

Payment for **Credit Class Enrollment** must be made by the published due date. If fees are paid through approved government agencies or private agencies or employers, it is the student's responsibility to notify the Student Accounts Office prior to the payment due date.

An installment plan is available upon request. An additional fee is assessed for each installment plan arrangement. See the Business Office at the campus you attend for more information.

Important: Failure to make complete payment or

establish a Payment Plan by the published due date will result in the cancellation of credit class enrollment unless special arrangement has been made with the Student Accounts Office or the Financial Aid Office. The Financial Aid Office reserves the right to "hold" students' enrollment pending verification of aid requested.

Payment for **Non-Credit Continuing Education** classes is required before the start of the class.

REFUNDS

Important considerations before dropping classes:

1. Students should consider consulting with an advisor or counselor.
2. Students should consider insurance issues affected by dropping classes.
3. Students should consider a possible reduction of financial aid. See the Financial Aid Recipients section of this catalog.

Student refunds are computed by using:

1. The date the Student Registration Office receives a formal drop form from the student or
2. The date the Student Registration Office receives a phone call or fax from the student requesting a class drop or
3. The date the student initiates a drop via the Internet.

NOTE: Students eligible for a refund will receive a check in the mail or a refund adjustment to their previous MasterCard/VISA payment.

REFUND SCHEDULE

(normal/full length term classes only)

First Week of term 100%
Second Week of term 75%
Third Week of term 50%
After Third Week of term...............No Refund

Important:

1. Refunds for classes other than the normal full term length will be prorated. A complete copy of the refund policy for all semesters is available at all campuses in the Business/Student Accounts Offices.

2. Refunds for TV classes are based on the published class/term dates - NOT the viewing dates.

EDUCATION TAX CREDITS

Federal income tax credits are available to persons who pay higher education costs. The amount of credit is determined by the amount of qualified tuition and related expenses paid for a student and the amount of the tax filer's adjusted gross income. Education tax credits are subtracted from the tax amount owed. For more information concerning how to qualify for these credits call the IRS Help Line at 1-800-829-1040 or call 1-800-829-3676 and ask for the IRS publication 970, *Tax Benefits for Higher Education*. Details are also available on the internet at http://www.ed.gov/inits/hope/.

FINANCIAL AID

HOW TO APPLY FOR FINANCIAL AID AT DMACC

Financial aid at DMACC is need-based. The College believes that the financing of an undergraduate education is a partnership between the student and college, and the student should pay to the extent they are capable.

Students apply for financial aid at DMACC by filing a Free Application for Federal Student Aid (FAFSA). Eligibility for funds is based on a federal formula and each student's financial situation, as well as DMACC's cost of attendance. The following topics provide basic information concerning the financial aid awarding process at DMACC.

Budget Allowances

In addition to tuition and fees, allowances are made for room and board, personal expenses, books and supplies, child care and transportation in determining financial need.

Cost of Attendance

Estimated costs for a full-time undergraduate student, based on the 2000-2001 budget, are as follows:

	Iowa Resident	Non-Resident
Tuition and Fees	2,082	3,912
Books and Supplies	620	620
Room and Board	4,165	4,165
Personal/Misc.	1,388	1,388
Transportation	1,480	1,480
	$ 9,735	$ 11,565

Filing Petition for Special Consideration

There are times, after receiving the award notification from the DMACC Student Financial Aid Office that a student/family may find it difficult to finance their expected contributions due to changes in their financial circumstances. If this is the case, a student/family may request a Petition for Special Consideration. If a student/family has new or additional information concerning their financial circumstances, it should be submitted in writing and sent to the attention of the Director of Student Financial Aid, Ankeny Campus. Any supporting documentation should be sent with the Petition for Special Consideration.

Free Application for Federal Student Aid (FAFSA)

One application is all it takes. Applications are available at all campuses. Students may access the Free Application for Federal Student Aid (FAFSA) on the Web at www.fafsa.ed.gov Students may access the Web by using computers available in the Student Financial Aid Office located on the Ankeny Campus.

1. Continuing students will be mailed a renewal FAFSA from the U.S. Department of Education between November and December.

2. New students may pick up a copy of the FAFSA from high school guidance offices or from the DMACC Financial Aid Office on the Ankeny Campus. Students may pick up FAFSA applications from the Business Office on the Boone, Carroll, Newton, Urban and West Campuses.

When to Apply

It is necessary to file a FAFSA each year. Priority consideration will be given students who apply by April 1 prior to the fall term.

1. Complete the FAFSA as soon after January 1 as possible.
2. Make sure the appropriate signatures are on all forms.
3. Review all data before mailing the FAFSA. Check the student's social security number and birth date. ESTIMATED tax data may be used, but it is preferred that taxes be completed before filing the FAFSA, when possible.
4. Mail the FAFSA in the attached envelope.
5. If the student will be filing the FAFSA by the Internet it is necessary to print the signature page and mail it to: Federal Student Aid Programs, PO Box 4008, Mt. Vernon, IL 62864-8608.

Financial Aid Updates on the WEB

Once students have enrolled at DMACC and applied for financial aid they may check on the status of their financial aid by reviewing DMACC's student website at www.dmacc.org. Students will need their DMACC student PIN numbers.

To Obtain a DMACC PIN

To request a PIN number, or if the student has forgotten their PIN number, contact 1-800-362-2127, Ext. 7300 or 515-964-7330 or email to: infosys@dmacc.cc.ia.us.

Helpful hints section:

1. Keep together copies of all forms, letters, award notices and financial aid-related documents.
2. Please include student's name and social security number on all correspondence.
3. Once the FAFSA process is complete the student will receive a Student Aid Report (SAR). If a SAR is not received within four weeks of mailing the FAFSA, call the Central Processor at (319) 337-5665 or at 1-800-433-3243.
4. The student will be contacted by the DMACC Financial Aid Office, if additional documents such as tax returns, are needed.

Financial Aid

Types of Aid
(Grants and Scholarships)

Federal Pell Grants
These grants are awarded based on financial need and are available if the student has filed a FAFSA, shows financial need, and does not have a bachelor's degree. Students should contact the DMACC Financial Aid Office concerning their eligibility.

Federal Supplemental Educational Opportunity Grants (SEOG)
SEOG is available if students have completed and filed a FAFSA and show exceptional financial need, and are an undergraduate enrolled at least half-time. The maximum amount is $500.00 for a full-time student.

Iowa Vocational-Technical Tuition Grants (IVTTG)
IVTT Grants are available for students enrolled in vocational-technical programs. The Iowa College Student Aid Commission through notification by DMACC awards IVTTG awards. The maximum annual award is $650.00.

Iowa Grant
These grants are available to undergraduate students enrolled at least half-time, who have applied for financial aid, and show exceptional need. The maximum amount offered is $1,000 per academic year.

State of Iowa Scholarship Program
This program was established by the Iowa Legislature to provide recognition and monetary awards to Iowa's top high school students. To be considered a state scholar, a student must: (1) meet the state's requirements and be a designated State of Iowa Scholar, (2) be entering as a freshman at DMACC, and (3) plan to enroll full-time. Students should see their high school counselor for assistance. The maximum amount is $400.00 for the freshman year only.

Miscellaneous Scholarships
Scholarships available from off-campus sources are posted on the Financial Aid bulletin boards on each DMACC campus.

Applying for DMACC and Outside Scholarships and Grants

DMACC Scholarships and Grants
The DMACC Foundation provides funds for DMACC students as scholarships and grants. Foundation money comes from private sources, including individual donations, business and industry support, and a variety of fund-raising activities. These awards are competitive and are awarded through an application process conducted before each of the college's three semesters. Awards are based on both financial need and academic achievement, with a few that are based solely on academic achievement. A full listing of Foundation scholarship awards available college-wide can be found on the Founda-

tion's web site www.dmacc.org/foundation, or can be obtained from the Foundation Office, Building 22, Ankeny Campus.

How to Apply
Students may apply for most DMACC Foundation scholarships by completing a Generic Scholarship Application form on the DMACC Foundation website at www.dmacc.org/foundation, or by calling 1-515-965-7105 or 1-800-362-2127 ext. 7105 and asking for an application form. Program specific forms are available from the Foundation Office, or from program chairs. **Deadline dates: Fall term, July 1; Spring term, November 1; Summer term, April 1.** Completed applications must be returned to the Scholarship Office, Building 1. Incomplete applications or those received after the deadline date will not be considered.

Criteria and Conditions for DMACC Awards
To be eligible for Foundation Scholarships, the Foundation requires all applicants to have a minimum verifiable cumulative grade point average (GPA) of 2.0, and be enrolled at DMACC (any campus) for a minimum of 6 credit hours. Specific scholarships, may have higher minimum criteria. GPAs can be from high school, other colleges, or from the student's prior or current DMACC attendance. If a GPA is not from DMACC, copies of transcripts must accompany applications. A student does not have to apply for federal financial aid to be eligible for DMACC Foundation awards.

DMACC Foundation Freshman Scholar Award
Application for this competitive award is open to all DMACC District graduating high school seniors who place in the top ten percent of their graduating class. The award is applied towards tuition, fees and books for the first year at DMACC. Awards are limited to a maximum of 15 credit hours per semester and are dependent on available funding. Term offered - Fall.

The Foundation Corporate Scholarship
Application for this award is open to students at all DMACC campuses who have a minimum 3.0 GPA. Award amounts vary. Terms Offered – FL, SP, SM

DMACC Pioneers Scholarships
This scholarship is funded by the DMACC Pioneers, an organization of retired DMACC and Iowa Department of Education employees. To be eligible a 2.75 GPA is required. Awards are $400 for full-time and $200 for part-time. Awards are renewable dependent on maintaining minimum criterion. Terms Offered – FL, SP, SM

Campus General Scholarships
Each of the DMACC campuses have a general scholarship category. These awards are based on a minimum 2.0 GPA. Award amount varies. Terms Offered - FL, SP, SM.

The Pella Rolscreen Scholarship
Application for this award is open to Ankeny and Carroll campus students only. This scholarship requires a 3.0 GPA and is need based. Awards are for $350. Terms Offered – FL,SP

Lue B McLain Trust Scholarship
Application for this award is limited to Jasper County resident students. This scholarship requires a 2.5 GPA and is need based. The award may be used at all campuses except Carroll. Award amounts vary. Terms Offered – FL, SP, SM

DMACC Alumni Association Scholarships and Grants
DMACC's Alumni Association annually awards scholarships to outstanding DMACC students and financial grants to students with financial need. These awards are made possible through special alumni fund-raising activities and gifts to the Association for this purpose. Contact the DMACC Alumni Office for more information. Terms Offered – SP

Sciences & Humanities Scholarship
Must be a Liberal Arts Student. Requires a 3.0 GPA. Preference given to non-traditional students. Term Offered – FL, SP

Al Borchers Memorial Scholarship
Awards to student enrolled full or part-time in a Business/math Program at the Newton Campus. Must be a Jasper County resident with a minimum 2.5 GPA. Term Offered – FL

How DMACC Awards are Paid
Unless otherwise stated on specific applications, all awards are for tuition, fees and books at DMACC only, and for the semester for which the award is given. Some awards are renewable for the following terms. All awards will be applied directly to a student's account at DMACC. If a recipient fails to maintain his/her original enrollment criteria, or drops out before the term ends, he/she may be required to repay the DMACC Foundation.

Outside Scholarships and Grants Websites
FASTWEB-http://www.fastweb.com
CollegeQuest-http://www.collegequest.com
CASHE-http://www.cashe.com

Tips for Applying for Outside Scholarships and Grants
- Focus on scholarships/grants with criteria that closely matches the student.
- Send a self-addressed stamped envelope when requesting applications and information about scholarships/grants.
- Be aware of deadlines.

FINANCIAL AID

EMPLOYMENT

College Work-Study Program (CWSP)

The College Work-Study Program is for students who show financial need. To be eligible a student must be enrolled and show financial need. The College Work-Study Program offers part-time jobs on and off-campus. Students should contact the DMACC Job Placement Office for available positions.

Community Service/America Reads/Counts

DMACC is an America Reads/Counts College. Students who are College Work-Study eligible may be employed as tutors for children in reading and math. As America Reads tutors, students may work in a child care center, a school, an after school program or a library. Community Service and America Reads/Counts opportunities are listed in the Job Placement Offices on all DMACC campuses.

Loans

Federal Direct Student Loan Program– Subsidized and Unsubsidized: These are need-based, variable interest rate loans available to assist students for educational costs. Students must file a completed Free Application for Federal Student Aid (FAFSA) and be enrolled at least half-time to apply for a loan. The government pays the interest on the subsidized loan during periods of enrollment and the six-month grace period. The student pays all interest after receiving an unsubsidized loan. Repayment for both loan types begins six months after terminating enrollment or dropping to less than half-time. The maximum annual subsidized/unsubsidized Direct Loan amounts are $2,625 for freshmen and $3,500 for sophomores. Independent students may be eligible to receive additional unsubsidized loans. Loan funds cannot be released until 30 days after the term starts if the student is a first-time borrower. Entrance and exit interviews are required.

Federal Direct Parent Loans for Undergraduate Students (PLUS)

A PLUS loan is a variable interest rate loan available to parents of dependent students. Students must be enrolled at least half-time. Parents can borrow the cost of the dependent student's education minus any financial aid the student receives. Parents apply through the DMACC Financial Aid Office.

Partnership Loans

The Partnership Loan Program provides low-interest loans to students and families who would not otherwise receive adequate amounts of student aid. Students may obtain additional information by calling 1-800-542-6005.

Entrance Counseling

All first-time borrowers at DMACC are required to attend an entrance interview session. Each DMACC campus will provide a schedule of dates and locations for entrance interviews. Students may use the Internet to complete an Entrance Interview, at www.IFAP.ed.gov.

Exit Counseling

Students leaving or graduating from DMACC must complete the Exit Counseling requirement. It is important for students to know the amount of their loans, as well as repayment options and requirements, and loan cancellation provisions. Students are encouraged to use the www.dlservicer.ed.gov/demo to complete the exit counseling requirement.

ADDITIONAL SOURCES OF AID

Veterans Educational Benefits

DMACC is an institutional member of Service Members Opportunity Colleges (SOC). The primary function of the Veterans Services Offices is to assist students in applying for Veterans Educational Benefits, act as a liaison between the student and the Veterans Administration, and serve as a resource to other DMACC departments and services.

Application for veteran benefits should be completed when applying for admission to DMACC. It takes a minimum of eight weeks for the Veterans Administration to process new claims for benefits; therefore appropriate paperwork should be submitted as early as possible. Applications are available at the DMACC Veterans Services Office, Ankeny Campus.

At DMACC, career and degree programs are approved for VA benefits. The amount of monthly payment will depend on the number of hours enrolled and the benefits category under which a veteran is eligible. Details may be obtained at the Office of Veterans Services, Ankeny Campus, 515-964-6284 or 1-800-362-2127 extension 6284.

Iowa National Guard

The Iowa National Guard Educational Assistance Program may pay up to $1,800 per year for undergraduate tuition for active members of the Iowa Army and Air National Guard. The Iowa Adjutant General determines eligibility for this tuition assistance program, and funding for the program is determined on an annual basis by the Iowa General Assembly. Individuals must apply for this grant through their Unit Commander. The Iowa Adjutant General notifies the Iowa College Student Aid Commission (ICSAC) of approved applications. DMACC is notified by the Iowa College Student Aid Commission of students' eligibility.

Iowa New Choices

The Iowa New Choices provides support to single parents who have full or joint custody of minor children, single pregnant women, or low-income Iowans receiving public assistance or preparing to enter the job market. The support services include: academic advising, career assessment and planning, referral services to various community agencies, and the promotion of non-traditional occupations. Financial assistance may be provided in the following forms: Bus passes on a first come, first serve basis; mileage allowance to the Ankeny and Urban

campuses if the student lives outside Polk County; childcare assistance if not eligible for State block grant. All financial assistance depends on availability of funds. Details may be obtained from the Iowa New Choices Office on the Urban campus, 515-248-7520.

Similar services are also available at the Boone and Carroll campuses.

Dislocated Workers

Adults whose jobs are being eliminated through downsizing or business closings should contact the Dislocated Worker Center in their county.

Strive

The STRIVE (Selected Training Received in Vocational Education) Program provides vocation education to special needs students from high school. Details may be obtained from the STRIVE coordinator on the Ankeny Campus.

Vocational Rehabilitation

Through a special agreement with the Iowa Division of Vocational Rehabilitation Services, a rehabilitation counselor is assigned to DMACC to provide rehabilitation services to eligible students. These services include assistance in obtaining medical evaluations, vocational evaluations, physical restoration, job training, financial aid, and job placement.

REQUIREMENTS FOR CONTINUED FINANCIAL AID ELIGIBILITY

Satisfactory Academic Progress (SAP)

Federal regulations require that students maintain satisfactory academic progress in the program of study they are pursuing in order to receive financial aid. At DMACC, a student must earn and maintain a minimum cumulative grade point average of 2.0. The student must also earn a minimum number of credits a year to continue receiving aid. Financial aid includes all federal and state grants, college work-study and loans, including the Federal Direct Student Loans. Academic records will be reviewed every semester.

FINANCIAL AID ACADEMIC PROGRESS STANDARDS

Financial Aid Academic Progress Standards are established to encourage students to successfully complete courses and progress satisfactorily toward program completion. Students shall maintain the following academic standards to continue receiving financial aid:

1. **Qualitative Measurement:**
   a. During the first term a student is enrolled and receiving financial aid at DMACC he/she must earn a minimum grade point average of 2.0.
   b. Subsequent terms will require the student to earn a cumulative GPA of at least 2.0.
   c. Acceptable grades to maintain a cumulative 2.0 GPA are: A (superior), B (above average), C (average), P (pass), T

FINANCIAL AID

(credit by testing). A grade of D (below average) will be acceptable only from the standpoint that it is figured into the cumulative GPA.

d. If a student receives an I (incomplete), W (withdraw or dropped), X (repeats), or F (failing), he/she may receive financial aid as long as the student completes the required minimum hours for each calendar year and maintains a cumulative 2.0 GPA.

2. **Quantitative Measurement:**
   a. If receiving aid as a full-time student (registered for 12 or more credits), a minimum of 8 credits must be earned each regular semester (16 credits per calendar year).
   b. If receiving aid as a 3/4 time student (registered for 9, 10, or 11 credits), a minimum of 6 credits must be earned each regular semester (12 credits per calendar year).
   c. If receiving aid as a 1/2 time student (registered for 6, 7, or 8 credits), a minimum of 4 credits must be earned each regular semester (8 credits per calendar year).
   d. Minimum credits not earned will result in deficit credits. The number of deficit credits must be eliminated the next term of enrollment.
   e. Summer credits earned will be included when totaling minimum credits completed for each calendar year.

3. **Warning Status**
   Students will be placed on Warning Status if either the qualitative or quantitative criteria are not met. During the next term of enrollment the student must increase his/her grade point average to a cumulative 2.0 GPA if the qualitative measurement was not met. If the student does not earn the minimum required credits, he/she must earn the deficit credits the next term that he/she is enrolled in addition to the minimum credits required by the next term. (Example: if a full-time student is deficient by 4 hours fall semester, a total of 4 +8 credits with an appropriate GPA must be maintained spring semester).

4. **Cancellation of Eligibility**
   The second consecutive term a student fails to meet one or more of the minimum progress standards, he/she will have his/her eligibility for financial aid cancelled.

5. **Regaining Eligibility**
   To regain eligibility for financial aid, the student will be required to regain a cumulative 2.0 GPA at his/her own expense. If the student did not earn the minimum credits for which he/she received aid, the student must earn the number of deficit credits, as indicated in point 3 above, at his/her own expense.

   If the student is re-enrolling after an absence of one or more terms, and has had financial aid cancelled, the minimum qualitative and quantitative standards to regain eligibility must be met. If he/she feels extenuating circumstances prevented these standards from being maintained, an appeal may be made in writing to the Financial Aid Appeal Committee.

   If the student is reinstated for financial aid as a result of an appeal, attendance and compliance with the committee's instruction letter will be monitored. If the student is reported as not attending classes, or complying with the terms of the appeal, any subsequent financial aid will be cancelled.

6. **Transfer Students**
   Students transferring to DMACC may have credits accepted at DMACC but accepted credits will not be figured into the cumulative GPA. Students will be held responsible only for academic progress made at DMACC.

7. **Appeals of Cancellation of Eligibility**
   A student may submit a written appeal documenting extenuating circumstances that prevented him/her from meeting minimum standards. Appeal forms will be mailed with the cancellation letters. The deadline for a written appeal will be indicated on the appeal form included with the letter of cancellation. Additional forms are available at the Financial Aid Office, Ankeny Campus; and the Business Offices at the Boone, Carroll, Newton, Urban and West campuses.

   A student may be required to meet with an academic counselor before aid is finalized. Following the Appeal Committee's meeting, staff will attempt to call all affected students concerning the Committee's decision. In addition, a written summary of the Committee's decision will be mailed to the individual student.

8. **Duration of Eligibility**
   Students who have earned two (2) Associate Degrees at DMACC will need to seek the advice of an academic counselor before receiving further financial aid.

   Students who have earned 150% of the number of credits required to graduate in their program will need to seek the advice of an academic counselor before receiving further financial aid. (Example: the student's program requires 64 credits for completion; the student has earned 96 credits without completing the program, he/she will need to seek advice from an academic counselor).

NOTE: The student's program of study may require more credit hours than the minimums stated by this policy.

DMACC REFUND POLICY

Refund Policy – All Campuses, Fall, Spring and Summer

Important considerations before dropping classes:

- Students should consider consulting with an advisor or counselor.
- Students should consider insurance issues affected by dropping classes.
- Students should consider a possible reduction of financial aid. (See the Financial Aid Recipients section below.)

Student refunds are computed by using:
1. The date the DMACC Student Records Office receives a formal drop form from the student **or**
2. The date the DMACC Student Records Office receives a phone call or fax from the student requesting a class drop or
3. The date the student initiates a drop via the Internet.

NOTE: Students eligible for a refund will receive a check in the mail or a refund adjustment to their previous MasterCard/VISA payment.

Refund Schedule
(normal/full length term classes only)

First Week	100%
Second Week	75%
Third Week	50%
After Third Week	No Refund

Refunds for classes other than the normal full term length will be prorated.

Refunds for TV classes are based on the class dates – NOT the viewing dates.

Leave of Absence
A leave of absence may be granted to a student who leaves DMACC for military reasons or for jury duty. Only one leave per academic year will be allowed. The student must return by the end of the leave of absence or the student is treated as a withdrawal.

Financial Aid Recipients
If any amount of tuition is paid with funds from a Title IV Program, and the student withdraws during the established refund period, the Title IV program funds will be adjusted and any unearned aid will be returned in the following order: Loans: Federal Unsubsidized, Federal Subsidized and Federal Plus. Grants: Federal Pell Grant, Federal Supplemental Educational Opportunity Grant and Other Title IV programs. Under federal law DMACC must return the funds as soon as possible, but no later than 30 days after DMACC determines the student's withdrawal date.

Return of Financial Aid Title IV Funds
A student's financial aid is based on the number of classes the student is enrolled in and the number of days the student is enrolled in classes. When a student initiates a withdrawal from one or more classes the amount of financial aid the student is eligible to receive is affected.

The Return of Title IV funds to the federal government is based on a calculation which determines how much aid the student is eligible to receive and how much the student is no longer eligible for, because he/she is no longer enrolled in school. This calculation is applicable

until the student has completed more than 60 percent of the semester. Once the student has completed more than 60 percent of the semester, all financial aid is considered earned.

For example:

If a student completed 10 percent of the semester, the student will have earned 10 percent of the financial assistance awarded for the semester. Any aid above and beyond the 10 percent is considered unearned and must be returned to the federal government.

Who Is Responsible for Returning the Unearned Funds

As prescribed by federal law DMACC is required to return the lesser of:

- The unearned amount of the financial aid;
  or
- An amount equal to the student's total institutional charges for the semester, multiplied by the percentage of unearned aid.

As prescribed by federal law the amount the student must return is:

- The unearned amount of Title IV assistance minus any funds DMACC returned.

If the student is required to repay unearned loan funds, these funds will be repaid in accordance with the terms of the promissory note. That is, through scheduled payments to the holder of the loan over a period of time.

If the student is required to repay unearned Pell and/or SEOG Grant funds, the law provides that the student is only required to return 50 percent of the unearned grant. Any unearned grant money must be repaid by either making arrangements with DMACC or with the U.S. Department of Education.

Example:

Penny Allowance is a returning student from Des Moines who was disappointed to have to withdraw from DMACC during the semester, particularly since she is doing very well in the twelve credit hours she is taking. Penny has to withdraw for personal reasons.

Penny was awarded the following financial aid, which was credited to her student account:

Federal Direct Student Loan	$1,261
Federal Pell Grant	998
Federal SEOG	250
Total Financial Aid Awarded	$2,509

Penny completed only 11 days of classes or 10 percent of the semester.

Penny's tuition and fee charges for the full semester are $951.

To determine how much money must be returned by DMACC and Penny the financial aid staff must first determine how much financial aid Penny did not earn.

Since Penny only attended 10 percent of the semester, she only earned 10 percent of her financial aid. Therefore, the unearned percent of her financial aid is 90 percent.

Total Financial Aid Awarded	$2,509
Multiply Percent of Unearned Aid	X .90
Amount of Unearned Aid	$2,258.10

Per federal requirements, DMACC and Penny must repay a total of $2,258.10.

DMACC is required to return the lesser of the unearned amount of financial aid, or the amount of total institutional charges multiplied by the percent of unearned aid.

In this example DMACC would be required to pay back the amount of institutional charges, because it is the lesser amount.

Total Institutional Charges	$951
Multiply Percent of Unearned Aid	X .90
Amount to be Repaid	$855.90

Penny is required to return the remaining unearned amount.

Total Unearned Aid	$2,258.10
Subtract Percent of Unearned Aid	-855.90
Amount Penny Must Repay	$ 1,402.20

Amount and Order of Repayment

In the example, both DMACC and Penny must return loan funds. After completing the calculations and following the repayment guidelines it was determined that DMACC should repay $855.90 to Penny's loan. Penny will be required to repay $405.10 to the Federal Direct Student Loan Program, through a repayment plan in accordance with the terms of her promissory note.

In addition, based on the calculations $997.10 of Penny's Pell Grant was unearned. As DMACC has already paid the total amount it owes to the loan program, Penny is responsible for paying back the unearned Pell Grant. However, because the unearned Pell Grant money is to be repaid by Penny (the student), only 50 percent of the unearned grant must be repaid.

Unearned Pell Grant	$997.10
	X .50
	$498.55

TITLE IV GRANT OVERPAYMENT

If a student is required to repay an unearned grant (overpayment), the student will remain eligible for Title IV aid up to 45 days after the student has been notified of the overpayment. The student may resolve the overpayment by repaying the overpayment in full to DMACC, by making satisfactory repayment arrangements with DMACC, or by making satisfactory repayment arrangements with the U.S. Department of Education.

Outstanding Balance on DMACC Account

If a student withdrawals from DMACC prior to completing more than the 60 percent point of the semester, the student is responsible for paying any outstanding tuition and fee charges that remain after DMACC has repaid any unearned financial aid to the federal government.

Example:

Penny's tuition and fee charges for the term are $951. Because Penny withdrew during the third week of classes (11 days), her tuition refund is calculated at 50 percent. DMACC refunded (adjusted) Penny's tuition bill to $475.50. Because Penny only earned 10 percent of her financial aid, only $250.90 of her DMACC bill was covered. Penny still owes DMACC $224.60. She will need to make payment arrangements with the DMACC Student Accounts Office.

Post Withdrawal Disbursement

The federal law provides that if a student did not receive all of his/her earned financial assistance prior to leaving school DMACC may credit a student's account for any outstanding institutional charges. However, DMACC must seek the student's written permission within 30 days of the student's withdrawal date to do so.

Questions Concerning Return of Financial Aid Title IV Funds

Contact the DMACC Financial Aid Office by calling 1-800-362-21-27, ext. 6282 for additional information concerning the Return of Title IV Aid or at DMACC.org/finaid.htm. As the regulations governing Return of Title IV aid are subject to change, refer to DMACC's financial aid web site www.DMACC.org/finaid.htm for up-to-date information.

ACADEMIC INFORMATION

ACADEMIC INTEGRITY

ACADEMIC RECOGNITION

AUDITING COURSES

GRADE REPORTS

GRADING SYSTEM

OTHER CREDIT OPTIONS AND SPECIAL OFFERINGS

TRANSFER CREDIT

TRANSCRIPT REQUESTS

TRANSFERRING FROM DMACC TO ANOTHER INSTITUTION

ACADEMIC INTEGRITY

Academic integrity, doing one's own work in course assignments and in tests, is one of the most important values in higher education. Receiving credit for plagiarizing or cheating violates that value. It is unacceptable for students to submit another person's work as their own. If students quote, summarize, paraphrase, or use an author's idea, they must acknowledge the source, otherwise they are plagiarizing. Allowing others to accept credit for work not their own in tests or in written and oral reports is also cheating. Students who plagiarize or cheat will be held accountable by their instructor and are subject to the sanctions outlined in the Student Academic Appeals Procedure.

ACADEMIC RECOGNITION

Dean's List: Students who have earned 6 credits in any term with a 3.500 to 3.99 grade point average are honored by being named to the Dean's List. Students are mailed a certificate from their respective Dean and the names of students on the list are published in their "hometown" newspaper.

President's List: Students who have earned 6 credits in any term with a 4.00 grade point average are honored by being named to the President's List. Students are mailed a certificate from the president and the names of students on the President's List are published in their "hometown" newspaper.

AUDITING COURSES

Students may enroll in any course on an audit basis if space is available. The same tuition and fees are due for audited courses. Each audited course will appear on the student's transcript with no credit and a mark of audit ("N"). Students auditing courses are not required to complete regular assignments or examinations, though attendance is expected. Enrollment on an audit basis does not qualify for financial aid or insurance purposes.

The deadline for changing a course from "credit" to "audit" is the same as the deadline for dropping classes. The completion of a Drop/Add form is required. Once a class has been placed on an audit status it cannot be changed back to credit.

GRADE REPORTS

Final grade reports are issued from the Office of Academic Records approximately one to two weeks after the end of a term.

Progress grade reports are issued from this same office prior to midterm and the deadline for dropping classes. This report notifies students who are not progressing satisfactorily (receiving F, D-, D, D+, or C-grades) of services available to help them improve their academic performance. Students who have quit attending class are also notified. Students should be aware that there is not 100% participation in progress reporting. If there is a question about their grades, students should contact their instructors.

GRADING SYSTEM

Grading Scale

The grading scale and designations for DMACC coursework are listed below. Please note that it is the option of each faculty member whether or not to incorporate the plus/minus values into their grading scale. The course syllabus should specify the grading scale.

Letter Grade	Numerical Value
A	4.00
A-	3.67
B+	3.33
B	3.00
B-	2.67
C+	2.33
C	2.00
C-	1.67
D+	1.33
D	1.00
D-	.67
F	.00

Other Grade Designations:

W - Withdrawn	P - Pass
I - Incomplete	T - Testing
N - Audit	L - Life Experience

Computing GPA

The method of computing grade point average (GPA) is as follows:

a. Multiply hours of credit in each course by the appropriate numerical value to find the quality points.

b. Total the quality points earned.

c. Divide the total quality points earned by the total number of semester hours taken (excluding courses in which a "W", "I", "N", "P", "T", or "L" was received).

Example:

	Semester Hours	Grade	Quality Points
Composition I	3 X	B+ (3.33) =	9.99
Fundamentals of Speech	3 X	A (4.00) =	12.00
Finite Mathematics	4 X	C- (1.67) =	6.68
Intro to Computer Literacy	3 X	C+ (2.33) =	6.99
Elementary Spanish	4 X	D+ (1.33) =	5.32
TOTAL	17 semester hours		40.98

Divide 40.98 points by 17 semester hours = 2.411

Repeat Coursework

Students may repeat a course previously taken at DMACC if the course is currently being offered. When a course is repeated, only the grade point value of the last grade earned will be included in calculating the grade point average. Earlier grades recorded for the repeated course will remain on the transcript record, but will be excluded from the GPA calculation. Withdrawing from a course that is being repeated and receiving a grade of "W" does not constitute a course repeat.

Repeat Symbols

I - Grade value included in the GPA calculation

E - Grade value excluded in the GPA calculation

The repeat symbol will be noted in the far right column on the transcript record next to the respective course.

Example:

| FL 92-93 | PSCH 101 | D | 3.00 | E |
| SP 95-96 | PSCH 101 | A | 3.00 | I |

Repeat, Incomplete and Failing Mark Policies

Students unable to complete some portion of assigned course work during the regular term may sign a contract with instructor approval for an "I" (Incomplete) grade. In such cases the students must complete the course by the midterm date of the following term. Should there be an extenuating circumstance, such as serious injury or illness, an extension of this period may be approved by the instructor. "Incomplete" grades automatically change to "F" grades if the work is not satisfactorily completed within the time period specified.

Students who fail a required course, must repeat and pass that course at Des Moines Area Community College in order to fulfill graduation requirements. Whenever a course is repeated, only the latter grade is included in the computation of the grade point average. This privilege does not pertain to courses failed while in attendance at other colleges and universities. Des Moines Area Community College cannot make changes in the grades issued by other institutions. Withdrawing from a course that is being repeated and receiving a grade of "W" does not constitute a course repeat.

OTHER CREDIT OPTIONS AND SPECIAL OFFERINGS

Advanced Placement (AP)

This program allows students, while still in high school, to take examinations for credit at the college level. DMACC awards credit for advanced placement through the Advanced Placement Program in art, computer science, English, foreign languages, history, mathematics, music, and sciences. AP credit will be applied to the students' permanent record as transfer (TRF) credit after a minimum of 12 semester hours of credit has been successfully completed at DMACC.

Advanced Standing Credit

A maximum of 30 semester hours of credit may be earned through proficiency examinations, military credit, national standardized tests, and employment experience. Advanced Standing credit with the exception of transfer credit will be included on the students' permanent record after 12 semester hours of credit have been successfully completed at the college. Credit will not be granted if students have successfully completed college courses representing the same content.

Alternative Methods for Obtaining Credit

Students may obtain college credit for competencies gained through formal training, work experience, or certain approved examinations. Some alternative methods available include:

- Converting DMACC continuing education coursework to credit.

- Converting DMACC corporate training to credit.

- Earning credit for experiential learning through portfolio development or skills demonstration.

- Earning credit through the assessment of work experience.

- Converting certification or licensure from a state or national examination to credit.

Students should first examine the competencies for courses to determine which course or courses provide instruction in the subject area. Course competencies are available on the Internet via the DMACC homepage. "Student Application for Alternative Credit" forms are available in the Academic Records Office. Students then contact the dean or department chairperson in that subject matter area who will determine if there is a possibility of obtaining credit and the method of assessment that may be available and appropriate for that course. Students may be required to complete a challenge test, develop a portfolio, and provide documentation. There is a charge for awarding alternative credit. Credit for employment experience is limited to courses that meet program requirements for internship, career courses, practicum, clinical experiences, field experiences, and seminars related to these types of courses.

Any credit awarded through alternative means will be posted to the transcript with marks of "T" or "L" which are not included in the grade point average.

Challenge Tests
(Local Department Examinations)

Students who have met the entrance requirements of the College and who are matriculating in a program of study leading to a degree, diploma or certificate may take locally constructed departmental examinations for credit in certain specified areas for which they and the department feel they have the necessary preparation.

- Students may challenge test a course only once. This can occur at any time prior to formal registration in that course or, if the students are enrolled in the course, by the designated drop date for the course.

- A course that is a prerequisite to a course that has been successfully completed cannot be challenged.

- A challenge test cannot be used as a course repeat.

- Credit earned by challenge testing is entered on students' permanent record only when students have earned 12 credit hours at DMACC. A "T" grade is earned and is not included when computing grade point average.

Students interested in taking a Challenge exam should contact the appropriate educational department for specific information on tests available and fees for testing.

Credit for Educational Experience in the Armed Forces

Educational experiences in the armed forces can be validated and accepted for credit by the College. Credit is granted based on state-wide policies at Iowa colleges and universities and based on the applicability of the educational experiences toward meeting the requirements in the student's program of study. An American Council on Education (ACE) publication, "Guide to the Evaluations of Educational Experiences in the Armed Services," is generally used in making these determinations.

Credit is awarded only for significant learning experiences as recommended by the ACE guide. No credit will be awarded based on the Military Occupational Specialties evaluation program.

Credit may be awarded for course work completed via correspondence, classroom study and/or examination through the United States Armed Forces Institute. Credit may also be granted on the basis of scores earned on the Subject Standardized Test of the Defense Activity for Non-Traditional Educational Support. Copies of transcripts showing such work will be evaluated by the Office of Credentials.

College Level Examination Program (CLEP)

Des Moines Area Community College will award credit based on scores obtained on the General examinations and Subject examinations. Up to 30 semester hours of credit may be granted. CLEP credit will not be granted if it duplicates credit for a course already taken. A minimum of 12 semester credit hours must be successfully completed at DMACC before the CLEP credit will be applied to the students' permanent records.

CLEP testing is available on the Ankeny campus. Contact the Assessment Center for more information.

Cross-Enrollment

Under a special agreement, a limited number of students may enroll, tuition free, in one course at Drake University, Grand View College, or Iowa State University fall or spring semester, provided they are taking at least 12 semester hours at DMACC, have earned 12 semester credits (including transfer credit), and have a cumulative 2.0 GPA. This credit will be added to the DMACC transcript according to transfer credit guidelines. This agreement does not apply to summer session. For more information on Cross Enrollment, contact the DMACC Registration Office.

ACADEMIC INFORMATION

High School Articulated Courses

DMACC has entered into joint enrollment agreements with some of the high schools in the district. Specific courses are offered in the high schools under curriculum guidelines jointly approved by DMACC and the high school. Credit earned through these agreements is recorded as transfer (TRF) credit.

Articulated credit is recorded on the students' permanent records after the students have applied for admission, earned 12 credits at DMACC and paid the required fee for each course being articulated.

Independent Study

Independent study provides an opportunity for the above-average student to do independent research in areas not covered in the regular curriculum or to explore in greater depth a topic covered in a course. Each independent study project must be arranged in advance through a supervising faculty member. The standard tuition charge will be made. Independent study may not be used to earn credit for any courses listed in the College catalog or substitute for any required or option courses in a program. Each independent study may be for one, two or three credits. A maximum of four hours of elective credit in any one term and eight hours in total may be earned through independent study. Students may register for course work in independent study at any time during the term.

International Travel/Study Courses

DMACC faculty in a range of disciplines have traveled extensively, lived or studied in countries around the globe. Wishing to share their interest in and expertise of a particular country or region of the world, these faculty members arrange international travel and travel/study opportunities for students. Since the tours are educational travel, students may receive academic credit on designated trips. These international travel/study programs permit students to spend one or two weeks exploring a country, with additional time spent at home reading, writing, and reflecting about the country, they have experienced. Most travel/study courses are independent study credits issued under a global studies (GLOS) acronym.

For information on the Study Abroad in England program or international travel/study courses, please contact the Global Studies chairperson at 515-965-9032.

Postsecondary Enrollment Options Act

Eligible high school students may be accepted for admission to DMACC under Iowa's Postsecondary Enrollment Options Act. Approval by the high school is mandatory before any high school student may be accepted under this program. If the student is approved and accepted, the high school will pay up to $250 per course of the cost of the tuition, fees, books, materials and supplies. Students enrolled under this program take DMACC courses and credit is earned as DMACC credit.

Semester Abroad

DMACC offers students an opportunity to take selected classes in English, speech, history, and humanities during a fall semester Study Abroad in England program. The program is offered by DMACC as part of the Iowa Community College International Association's Study Abroad Consortium. Students from all 15 of Iowa's community colleges spend 10 weeks in London studying with an Iowa community college instructor. A British professor at the University of London teaches British Life and Culture, a mandatory course in the curriculum. Classes are held on the University of London campus. Students reside with families in local homes. In addition to lectures and class discussions, students are able to take advantage of an expanded classroom, as they tour museums and historic monuments and attend live theatre performances in London and the surrounding area. Students are expected to enroll for 12 credits, which may include some independent study work. Program arrangements are made by the American Institute for Foreign Study, which specializes in study abroad programs for colleges and universities and which has an office in London. Financial aid is available for study abroad.

TRANSFER CREDIT

A maximum of 43 semester credit hours of transfer credit is applicable toward associate degree requirements. The total grade point average of credits transferred to DMACC must equal 2.0 or higher. Some programs, e.g. Health Service programs and Accounting Specialist, may require a minimum grade of "C" in specific courses that fulfill a degree requirement. Grades earned at other colleges or universities will not be used in the computation of students' GPA at DMACC. Refer to Admission section on the Evaluation of Previous Training and Education for more details on transcript processing and transfer credits.

TRANSCRIPT REQUESTS

Des Moines Area Community College will send or issue a transcript when students or former students submit a signed, written request. Students can mail or FAX requests to the Office of Academic Records. Transcript request forms are available at each campus, but a letter requesting a transcript will be honored.

Transcript requests should include the student's name, social security number, telephone number, dates of attendance, and the address to which the transcript should be mailed.

Except during peak periods, transcripts are sent within two working days after the receipt of the request. During peak periods transcript requests are processed in the order they are received. There is no fee for transcripts unless special services are requested. In order for the transcript to be official, it must be sent directly to the receiving institution. Any copy of a transcript that is issued to students is considered to be unofficial. Transcripts will not be issued for students who have an unpaid financial obligation to Des Moines Area Community college.

Students who have access to the DMACC Web Info System can view an unofficial copy of their transcript on the Internet.

TRANSFERRING FROM DMACC TO ANOTHER INSTITUTION

Transfer Tips
DMACC Assistance

Advance planning is strongly recommended for students who intend to transfer to another college or university to complete their program of study. DMACC Educational Advisors and Counselors play an important role in helping students understand the importance of transfer planning and the steps that are key to that process. Elements of the transfer planning process include:

- Helping students clarify their intended major
- Reviewing appropriate articulation and transfer plans
- Explaining the transfer planning steps

Steps for Students:
- Students considering transfer to another college or university should contact an admissions or transfer counselor at that institution early in the planning process.
- Official college or university transcripts and high school transcripts are required during the application process. Students should request these documents from all prior schools be sent directly to the transfer institution.
- A financial aid transcript may be required from each college or university attended in order to receive aid at the transfer institution.
- Students should keep a copy of all the catalogs of colleges attended. These may be needed when discussing transfer credit.

Copies should be kept of all documents completed as well as a record of names and phone numbers of people contacted at the transfer institution. This will help if there is a need to clarify information in the future. Applications for most major Iowa colleges and universities, and information on colleges and universities throughout the United States, are available in the Career Resource Center in Building 1, Ankeny campus.

PROGRAM REQUIREMENTS & GRADUATION

PROGRAMS OF STUDY

PRE-COLLEGE PROGRAMS OF STUDY

TRANSFER INFORMATION

GRADUATION ANALYSIS REPORT

GRADUATION HONORS

DEGREES AWARDED

PROGRAMS OF STUDY

Instruction is offered in a variety of courses and programs to meet the diverse needs of DMACC students. Students may engage in areas of study which emphasize:

Arts and Sciences

- **General Education** curriculum is designed for students intending to transfer to a four-year institution. Students may also take these courses for enrichment or with the intent of concluding their education with an associate degree.

- **Para-professional** curriculum prepares students for employment in a variety of public service fields. Students may also transfer to a four-year institution.

- **Pre-professional** curriculum provides the recommended courses for the first two years of study in various professions.

Vocational Education

- **Vocational/Technical** programs are designed to teach the essential skills and operational theory needed to ensure occupational competency. Vocational/Technical programs are designed to fulfill the employment needs of the community.

Continuing Education

- **Continuing Education** is designed for vocational training, professional advancement, personal enrichment, physical fitness, or just the pleasure of learning. Classes, workshops, and seminars are designed for those to whom academic credit is not required. These courses have no tests, grades, or homework.

PRE-COLLEGE PROGRAMS OF STUDY

- **Skill Building/Adaptor** courses are designed to aid students whose educational background requires strengthening to achieve success in regular college-level courses.

- **Adult Basic Education (ABE)** is designed to provide individualized instruction to adults who need development or review of basic reading, language, or mathematical skills. ABE services are provided to adults who are seeking high school completion, vocational advancement, further training, English as a Second Language, and general improvement of everyday living skills. Classes are offered in many locations throughout the college district.

- **The Adult High School Diploma** program is designed for adult students seeking a high school diploma. Courses required of all students enrolled in the program are:

  - Two credits in American History
  - One credit in American Government
  - Two credits in Mathematics
  - Two credits in Science
  - Four credits in English

  Elective courses shall be completed to meet a minimum requirement of 32 credits.

- **Iowa High School Equivalency Diploma** is awarded by the State of Iowa through the Iowa Department of Education. Eligible adults may earn this Diploma by achieving passing scores on the General Education Development (G.E.D.) test administered by the College.

TRANSFER INFORMATION

DMACC offers the first two years of most baccalaureate degree programs. Students can attend DMACC for their first two years and earn an Associate in Arts (AA) or Associate in Science (AS) degree.

Articulation agreements and major transfer plans have been developed to assist students in transferring. Four-year colleges/universities vary in the required number and nature of pre-professional and general education courses which should be completed at DMACC.

Following is a partial list of colleges that have articulation agreements with DMACC:
- Buena Vista
- Clarke University
- Des Moines University
- Creighton University
- Drake University
- Grand View College
- Iowa State University
- Iowa Wesleyan College
- Marycrest University
- Missouri Western State College
- Morningside College
- Northeast Missouri State University
- Northwest Missouri State University
- Palmer College of Chiropractic
- Simpson College
- University of Northern Iowa
- University of Iowa
- Upper Iowa University
- Weber State University

Transfer plans are available for the following majors:
- Business
- Chiropractic
- Computer Programming
- Computer Science
- Dentistry
- Education
- Engineering
- Journalism
- Law
- Medicine
- Nursing
- Pharmacy
- Physicians Assistant
- Social Work
- Veterinary Medicine

Transfer plans are available for some vocational programs to selected colleges.

The information included in the AA degree will change as four-year colleges/universities change their degree requirements, so students should contact the admissions office at the four-year institution they expect to attend as soon as possible after beginning at DMACC. Because other colleges can change their requirements, articulation agreements and transfer plans cannot be considered an agreement or contract between students and DMACC or its staff.

Copies of articulation agreements and transfer plans may be obtained from an advisor/counselor at each campus.

PROGRAM REQUIREMENTS & GRADUATION

The advisors and counselors are available to work with students in planning their program and assisting them in making decisions for a successful transfer. The following information is available for students:

- Transfer Plans for different majors at various colleges/universities
- General articulation agreements between DMACC and colleges/universities
- College/university catalogs
- Admission applications for some colleges/universities
- Dates of visits from college/university admission representatives
- Transfer scholarship information

Program to Assist College Transfer (PACT)

Students interested in transferring to Iowa State University in either the College of Business or the College of Family and Consumer Science after their course completion at DMACC are encouraged to participate in the Program to Assist College Transfers (PACT). PACT will assist students with a smooth transition between DMACC and ISU. Staff from the selected college will facilitate this transfer by:

1. Assigning students to an ISU advisor to help select appropriate coursework.

2. Inviting students to participate in ISU programs and activities appropriate to their major.

3. Assisting students with the ISU application process.

For more detailed information and program requirements contact any DMACC counselor or advisor.

GRADUATION REQUIREMENTS

Students must satisfy the requirements in effect at time of enrollment in their program or the requirements in effect at the time of graduation.

If program requirements are not satisfied within five years of the first term of enrollment in their program of study, students can no longer use those requirements effective at the time they initially enrolled in their program and must complete the program requirements effective at the time of their graduation.

All requirements of the chosen program must be satisfied, although adjustments may be made where program curriculum has changed and courses are no longer available. It is the responsibility of the students to know and to observe the requirements of their curriculum and the rules governing academic work.

Graduation Analysis Report

Students may visit the credentials/graduation office or mail a request to receive a report of their progress toward completion of requirements for a program of study. Students are encouraged to request a Graduation Analysis Report at least one semester prior to their planned graduation date to assist with planning their final semester.

Application for Graduation

Candidates for graduation must complete an application for graduation in order to receive their diploma. Students who do not complete requirements for graduation in the term for which they applied must submit a new application. Students who plan to participate in one of the annual commencement ceremonies indicate their intent on the application for graduation. There is no graduation fee. Students who plan to receive more than one degree, diploma or certificate need to complete a graduation application for each program. Candidates for graduation should submit their applications to the credentials/graduation office at the Ankeny campus or the Student Services Office at the other DMACC campuses by the following dates:

Fall ....October 1

Spring ......February 1

Summer....February 1 (if students plan to participate in the annual commencement ceremonies)

Summer....June 1

Commencement Ceremonies

Students who graduate at the end of Fall, Spring or Summer terms are invited to participate in the annual commencement ceremonies in May. Participation in commencement ceremonies is free. Ankeny, Newton, Urban and West campuses have a combined commencement ceremony. The Boone and Carroll campuses have individual ceremonies.

Diplomas

Diplomas are mailed to students approximately three to four weeks after final grades are posted. Students seeking degree verification may request a copy of their transcript showing the degree awarded and date granted from the transcript office. Transcripts may be ordered prior to the end of the term to be sent once grades and graduation status are finalized. There is no charge for transcripts unless special services are requested.

GRADUATION HONORS

Phi Theta Kappa

Phi Theta Kappa is a national scholastic honor society for students of two-year colleges. There are chapters on all DMACC Campuses. Membership may be conferred upon students who have completed at least 12 semester hours of course work with a 3.50 grade point average in courses that apply toward a two-year associate degree program. In addition, potential members must have high moral character and desirable qualities of citizenship and leadership. Interested students should contact the Phi Theta Kappa advisor at their campus for details about their campus chapter.

Graduation With Program Honors

Candidates for graduation who earn a cumulative grade point average of at least 3.50 in course work applicable to their program of study will graduate with program honors.

General Education

General education at Des Moines Area Community College is found in all degree and diploma programs. It is defined as that body of knowledge which contains skills relevant to the understanding and effective application of many fields. This includes written and oral communications, pure and applied science, mathematics, social and behavioral sciences, and humanities. The essential importance of general education remains a central principle in curriculum development at Des Moines Area Community College.

DEGREES AWARDED

DMACC awards the Associate in Arts (AA), Associate in Science (AS), Associate in Applied Science (AAS), and Associate in General Science (AGS) degrees plus Diplomas and Certificates of Specialization.

Degrees

The requirements for the AA, AS, AAS, AGS degrees and the Diploma and the Certificate listed below represent the minimum content required in any program offering these degrees at Des Moines Area Community College. Specific programs may, and often do, require additional course work. Students must refer to the programs of study, which are approved by the State Department of Education and published in this college catalog. For specific programs, see the program section for course requirements and listing.

Associate in Arts Degree (AA)

To receive an AA degree students must:

A. Maintain a 2.0 grade point average on all work applicable for the AA degree.

B. Earn at Des Moines Area Community College a minimum of 1/3 of the semester credit hours applicable to the degree being pursued. No more than 43 transfer semester credit hours may be applied toward the degree.

C. Complete the final 10 semester credit hours at DMACC (or petition to the Assistant Registrar for an exception).

D. Complete a minimum of 64 semester credit hours.

E. Include at least 48 semester credit hours of core courses.
- Communications ....9 credits
- Social & Behavioral Sciences ....9 credits
- Math & Sciences ....9 credits
- Humanities.......................................9 credits
- Distributed requirements ....12 credits

F. Include at least 16 semester credit hours of elective credit.

1. Students may include no more than 16 semester credit hours of vocational/technical credit.

PROGRAM REQUIREMENTS & GRADUATION

2. Students may have up to 8 semester credit hours of Independent Study courses; a limit of 4 semester credit hours of Independent Study may be earned in any single semester.

For specific programs, see program section for program requirements and course listing.

Associate in Science Degree (AS)

To receive an AS degree students must:

A. Maintain a 2.0 grade point average on all work applicable for the AS degree.

B. Earn at Des Moines Area Community College a minimum of 1/3 of the semester credit hours applicable to the degree being pursued. No more than 43 transfer semester credit hours may be applied toward the degree.

C. Complete the final 10 semester credit hours at DMACC (or petition to the Assistant Registrar for an exception).

D. Complete a minimum of 64 semester credit hours.

E. Include at least 28 semester credit hours of core courses.
   - Communications .... 9 credits
   - Social & Behavioral Sciences .... 6 credits
   - Math & Sciences .... 6 credits
   - Humanities .... 3 credits
   - Distributed requirements .... 4 credits

F. Include at least 36 semester credit hours of elective credit.

   1. Students may include 16 semester credit hours of vocational/technical credit.

   2. Students may have up to 8 semester credit hours of Independent Study courses; up to 4 semester credit hours of Independent Study may be earned in any single semester.

For specific programs, see program section for program requirements and course listing.

Associate in General Studies Degree (AGS)

To receive an AGS degree students must:

A. Maintain a 2.0 grade point average on all work applicable for the AGS degree.

B. Earn at Des Moines Area Community College a minimum of 1/3 of the semester credit hours applicable to the degree being pursued at DMACC. No more than 43 transfer semester credit hours may be applied toward the degree.

C. Complete the final 10 semester credit hours at DMACC (or petition to the Assistant Registrar for an exception).

D. Complete a minimum of 64 semester credit hours.

E. Complete the following core:
   - Communications .... 3 credits
   - Social & Behavioral Science/Humanities .... 3 credits
   - Math & Sciences .... 3 credits
   - Distributed requirements .... 3 credits

F. Electives - 52 credits
   Students may include no more than 8 semester credit hours of Independent Study courses; no more than 4 semester credits of Independent Study may be earned in any single semester.

Associate in Applied Science Degree (AAS)

Programs of study that lead to an Associate in applied Science degree include specific courses required for the degree in addition to the core and general education requirements listed below. Refer to individual A.A.S. programs of study in this catalog to learn degree requirements in addition to these general requirements.

To receive an AAS degree students must:

A. Maintain a 2.0 grade point average on all work applicable for the AAS degree.

B. Earn at Des Moines Area Community College a minimum of 1/3 of the semester credit hours applicable to the degree being pursued at DMACC. No more than 43 transfer semester credit hours may be applied toward the degree.

C. Complete the final 10 semester credit hours at DMACC (or petition to the Assistant Registrar for an exception).

D. Complete all required courses in a particular program of study. (Minimum of 64 semester credit hours)

E. Students must satisfy the following core:

   1. Communications - 3 credits
   ENGL 117, ENGL 118, ENGL 119, ENGL 410, OFFC 205

   2. Social & Behavioral Sciences/Humanities - 3 credits
   ARTS 101
   ANTH 120, 121
   DRAM 110
   ECON 101, 102
   FREN 101, 102, 103, 104,
   GEOG 141, 147, 148
   HIST 121, 122, 124, 125
   HUMN 115, 131, 133,
   LITR 120, 121, 122, 123, 125,
   MGMT 203
   MUSI 130, 131
   PHIL 110, 111, 112, 113
   PHOT 105
   PLSC 111, 112, 121, 122, 126
   PSCH 101, 103, 104, 105, 106, 108
   SOCY 101, 102, 103, 105
   SPAN 101, 102, 103, 104

   3. Mathematics or Sciences - 3 credits
   BIOL 118, 119, 126, 127, 132, 133, 134, 141, 142, 144, 147, 149, 154
   BSAD 152 or MATH 121, BSAD223
   CHEM 120, 131, 132, 151, 152, 161, 162
   ELEM 450
   ELHT 313, 323
   MATH 115, 118,
   MATH121 or BSAD152,
   MATH122, 123, 124, 129, 130, 132, 410, 411,
   PHYL 106, 111, 112, 121, 122, 401

   4. Distributed Requirement - 3 credits
   Choose one course from 1, 2, or 3 above or SPCH 110 or SPCH 111 or SPCH 117 or ELEM 451.

Diploma

To receive a diploma students must:

A. Maintain a 2.0 grade point average on all work applicable for the diploma.

B. Earn at DMACC a minimum of 1/3 of the semester credit hours applicable to the degree being pursued.

C. Complete the final 10 semester credit hours at DMACC (or petition to the Assistant Registrar for an exception).

D. Complete all required courses in a particular program of study. (Minimum of 30 semester credit hours)

E. Complete the following core:
   - One Communications course &
   - One Social & Behavioral Science or
   - One Math course

Course options for the above core are listed in specific programs of study.

Certificate of Specialization

To receive a certificate students must:

A. Maintain a 2.0 grade point average on all work applicable for the certificate.

B. Earn at DMACC a minimum of 1/3 of the semester credit hours applicable to the certificate being pursued.

C. Complete the number of semester credit hours required in a particular program of study.

D. Complete all required courses in a particular program of study.

Certificate of Completion

A certificate of completion is issued to signify that a student has satisfactorily completed a program of instruction other than those listed above. Certificates are normally issued to students at the completion of a specific short-term program of study.

ACADEMIC & STUDENT POLICES & PROCEDURES

STUDENT RIGHT TO KNOW

Institutions are required to provide students with information regarding campus security, alcohol and drug use, crime prevention, reporting of crimes, sexual assaults, Equal Employment Opportunity and Affirmative Action, college policy regarding HIV/AIDS, graduation rates and transfer data, and drug free schools and campus information. This data can be obtained at the Information Center on the Ankeny Campus.

DMACC students are expected to be familiar with policies and procedures affecting their activities. Ignorance of policies and procedures will not excuse violations.

ACADEMIC APPEALS

Students may appeal the following actions related to their academic performance:

1. **Assignment of a final grade** - Students should first attempt to resolve the matter with their instructors. If unsuccessful the students may proceed through the steps outlined in The Appeal Process for Final Grades. A copy of this outline is available at any DMACC Student Services Office.

2. **Sanctions taken for academic misconduct** - The following acts by students are considered academic misconduct and are prohibited:

   - Plagiarism.

   - Falsifying an exam, paper, project, transcript, etc. (or assisting another student to do so.)

   - Unauthorized use of materials or collaboration with another person during a test or assignment.

   - Substituting for a student, or permitting a substitute for oneself, to take an exam, course or test, or to provide the work for any assigned project.

   - The acquisition of grades, academic credits, degrees, honors, awards, certification, or professional endorsements by means of cheating.

   - Failure to comply with the policies of the student's program or department.

   Sanctions may be appealed through the steps outlined in The Appeal Process for Academic Misconduct. A copy of this outline is available at any DMACC Student Services Office.

3. **Other faculty/staff actions** - Students who feel they have been mistreated, feel departmental policies have been inconsistently applied, or believe they have extenuating circumstances that affect their educational progress, may appeal through the steps outlined in The Appeal Process for a General Complaint. A copy of this outline is available at any DMACC Student Services Office.

4. **Enrollment denial or drop** -
   Faculty/staff may deny enrollment or drop students in a course for either of the following reasons:

   - Prerequisites for a course have not been completed

   - Presence of the student would present a health or safety risk

   Students who have been denied access to a course may appeal through the steps outlined in The Appeal Process for a General Complaint. A copy of this outline is available at any DMACC Student Services Office.

5. **Sanctions taken for failure to make satisfactory academic progress** - Sanctions include academic probation, conditional enrollment, and academic suspension. Academic suspension may be appealed through the College's Judicial Board. Students who wish to consider an appeal should contact the omsbudperson on the campus they attend.

An ombudsperson is available on each campus to assist students through the appeal process.

ATTENDANCE AND ENROLLMENT

- The Financial Aid Office and the Academic Records Office will send preliminary rosters to all faculty at the beginning of each term. Faculty are asked to check these rosters to identify any students who never attended class and return the roster to the Academic Records Office or report over the internet. Students who were reported as never attending will be sent a letter. Students may remain in class if they obtain instructors' signatures and return the letters to the Information Center on the campus they attend by the deadline stated in the letter. Students who do not return the letter may be administratively dropped from the class(es) they did not attend. If students decide not to attend Des Moines Area Community College, it is still their responsibility to drop their classes. The Financial Aid Office may adjust the financial aid of students who were administratively dropped.

- When one-third of the term has passed (i.e., 5th week of a regular term; 3rd week of a summer term), a progress report will be sent to all faculty. Faculty members will report students with grades less than 2.0 ("C-" or less) and report students who stopped attending class. If students quit attending class, the instructor will indicate the last day the students attended class according to their records. The faculty will return the completed roster to the Academic Records Office or report students over the internet within a week after receipt of the progress report.

- The Financial Aid Office and Academic Records Office will notify the students of reports of low grades or that it was reported they stopped attending class(es). The Financial Aid Office will determine which students have quit attending all classes or have "unofficially withdrawn".

- If students have stopped attending all classes and receive financial aid, they will be withdrawn as of the most recent date of attendance or as of midterm if the date is unknown. Financial aid programs will be refunded accordingly. Any cash payments awarded to students will be repaid according to the federal repayment formula. The Financial Aid Office will notify the students of the amount to be repaid.

ACADEMIC & STUDENT POLICES & PROCEDURES

- If students wish to re-enroll after an administrative withdrawal has taken place, they will need the written permission of instructor(s) and will need to pay tuition and fees in full.

- The students will have the established options to an appeal in writing to the Financial Aid Appeals Committee or Policy Waiver Committee.

CONDUCT/DISCIPLINE APPEALS

The following student conduct is subject to sanctions by the College:

- Acting or failing to act in a manner which causes concern for the health and safety of the student or of others.

- Misuse or misappropriation of College property.

- Use or possession of unauthorized alcoholic or other intoxicating beverages on College property

- Unlawful use, possession or sale of controlled substances on College property.

- Unauthorized possession or use of firearms or other dangerous articles on College property.

- Making false alarms, tampering with alarm systems, and/or threatening, attempting or starting fires or explosions.

- Forgery, alteration or other misuse of College records, keys or ID cards.

- Failure to properly identify oneself or to comply with a proper order from an instructor or other College official acting within the scope of his or her authority.

- Disrupting College processes, obstructing or denying access to services/facilities, interfering with the lawful rights of other persons on campus or inciting others to do so.

- Unauthorized use of College computers and other technology resources.

- Making noise which disrupts the atmosphere of the College.

- Misrepresentation of one's status or academic performance.

- Conduct which seriously threatens an educational process or the health or safety of a member of the academic community.

- Discriminatory behavior, including harassment of other students or staff.

Complaints regarding alleged violations of student regulations may be brought by any person and are to be made to the Office of the Director of Student Development. The complaint will be investigated and may be informally resolved, or a formal charge will be recommended for a sanction to be issued. Sanctions may include reprimand, restitution or suspension.

Sanctions may be appealed through the steps outlined in the Student Conduct, Discipline and Appeals Procedure. A copy of this procedure is available at any DMACC Student Services Office.

An ombudsperson is available on each campus to assist students through the appeal process.

Reference: Educational Services Procedures on Student Conduct, Discipline and Appeals

NONDISCRIMINATION POLICY

Des Moines Area Community College shall not engage in or allow discrimination covered by law. This includes harassment based on race, color, national origin, creed, religion, gender, age, and disability. Veteran status in educational programs, activities, employment practices, or admission procedures is also included to the extent covered by law. Individuals who believe they have been discriminated against may file a complaint through the College Discrimination Complaint Procedure. Complaint forms may be obtained from the Human Resources Department, the campus Dean's office, or the EEO/AA Coordinator. Persons who wish additional information or assistance may contact the EEO/AA Coordinator, Vice President, Human Resources, Bldg. 1, 515-964-6408.

PARKING AND TRAFFIC REGULATIONS

Parking permits are required for all vehicles driven by daytime students on all campuses. Stickers and Parking Regulations will be provided by the Security Office in Building 12 and the Ankeny Campus Information Desk in Building 1, and the Business Offices on the Boone, Newton, and Carroll Campuses. Evening and Saturday students are not required to register their vehicles unless parked on the campus during daytime hours Monday through Friday.

Parking permits are required for all vehicles driven on the Urban Campus by students and staff, including evening and Saturday students and staff. Stickers will be provided by the Business Office.

Parking regulations will vary at the campuses. The registered holder of the parking permit, regardless of who drives or parks the vehicle, is responsible for that motor vehicle.

Parking lots are marked with signs designating areas for students, visitors, disabled, and staff/faculty parking.

REPORTING CRIMES

Students, staff, and faculty are encouraged to report all criminal incidents and/or suspicious activity to the following:

- **Ankeny Campus-Security Department-964-6500/cellular phone 24 hours a day (6500 on Campus), or 964-6259 7:30 a.m. through 4:30 p.m., Monday through Friday. Contact for the Evening/Weekend Dean is 964-6441 or 964-6286 (6441 or 6286 on campus) 4:00 through 9:00 p.m. Monday through Thursday; and 7:30 a.m. through 12:30 p.m. Saturday**

- **Urban Campus-Security -248-7200 (7200 on campus), 7:00 a.m.-10:30 p.m., Monday through Thursday; 8:00 a.m.-3:00 p.m. Friday and 8:00 a.m.-12:30 p.m. Saturday**

- **Boone Campus-Campus Dean-515-432-5020 (or Building and Grounds Supervisor @ Ext.#5052 or 515-290-5053 cell phone)**

- **Carroll Campus-Campus Operator-712-792-1755**

- **Newton Campus-Campus Operator-641-791-3622**

- **West Campus-Campus Operator-515-225-2575**

In the event of an emergency situation, call 911 to expedite the appropriate response by authorities.

All criminal and suspicious incidents reported to the Security Department will be investigated. The local Police Department will be immediately notified of all incidents of murder, rape, robbery, assault, burglary, motor vehicle theft, and any theft over $150 in value.

Timely warnings about crimes considered to be a threat to students and employees will be disseminated to the college community by methods which may include the student newspaper, College Bulletin announcements, press releases for local newspapers, radio, TV and/or posted notices. Copies of the DMACC Safety and Security Brochure containing Security and Personnel Safety information are available in numerous locations on all campuses.

ACADEMIC & STUDENT POLICES & PROCEDURES

RIGHTS & RESPONSIBILITIES

DMACC offers students the freedom to learn and the freedom to enjoy community college life in an orderly and lawful manner. In return, DMACC expects students to assume the obligation and responsibilities that accompany those freedoms.

By voluntary enrollment at DMACC, students voluntarily assume the obligation and responsibility of conducting themselves in accordance with the reasonable and lawful requirements of DMACC in its educational functions and processes. Violations of these responsibilities may result in sanctions that can include expulsion from the institution.

Rights

1. Students are guaranteed those rights and freedoms contained in the laws of the United States and the State of Iowa.

2. Students have the right to due process.

3. Students have the right to not be discriminated against or harassed because of race, color, national origin, creed, religion, sex, age or disability or disabled veteran or Vietnam era veteran status.

4. Students have the right to privacy of their records unless they consent in writing to have contents released.

5. Students have the right to be evaluated in the classroom solely on the basis of academic achievement and fulfillment of educational requirements with freedom of expression protected and respected.

Responsibilities

1. Students are expected to be aware of student conduct that is subject to sanctions.

2. Students are expected to exhibit proper behavior at all times. Unacceptable behavior includes, but is not limited to, verbal abuse, profanity, public disturbance, fighting, destruction of property or interference with class activity.

3. Students are expected to read the course syllabus to find out the attendance and grading policies for the course.

4. Students are expected to act in a manner that does not cause concern for the health and safety of themselves or others.

5. Students are expected to complete their work without cheating or committing plagiarism.

6. Students are expected to follow College regulations against possession or use of alcoholic beverages, drugs firearms, fireworks or other dangerous articles on campus.

7. Students are expected to follow motor vehicle safety and parking rules and regulations.

8. Students are expected to comply with reasonable and appropriate instructions and directives given by College faculty, staff and administrators within the scope of their duties for the purpose of maintaining a productive and safe educational environment.

SCHOLASTIC STANDARDS

The following applies only to credit enrollment at DMACC.

Passing grades are required in all courses outlined in the program of study. The cumulative grade point average of 2.000 in all course work applicable to the degree, diploma or certificate of specialization is required for satisfactory completion or progress.

Students who have attempted 12 or more credits with grades of A, A-, B+, B, B-, C+, C, C-, D+, D, D-, F or P at Des Moines Area Community College are subject to the following academic progress standards:

1. Satisfactory academic progress is indicated by a cumulative grade point average (GPA) of 2.000 or higher.

2. Guidelines for placing a student on "ACADEMIC PROBATION":

   a. A student whose cumulative GPA falls below 2.000 at the end of any term will be placed on ACADEMIC PROBATION for the next term of enrollment.

   b. Students on ACADEMIC PROBATION who are assigned more than one D or F grade at progress report time will be restricted from registering for future credit coursework until they have developed an Educational Achievement Plan with a counselor, advisor and/or program chairperson and obtained the appropriate signatures for approval.

   c. A student on ACADEMIC PROBATION will return to a status of "good academic standing" when his/her cumulative GPA is raised to 2.000 or higher.

   d. A student on ACADEMIC PROBATION will continue on probationary status if his/her term GPA for the term following his/her placement on probation is 2.000 or higher but the cumulative GPA remains below 2.000. This same rule will apply for the next term of enrollment.

   e. The College will not award a Certificate of Specialization, Diploma or Degree to a student who has a GPA below 2.000 in his/her chosen program of study. Only grades for coursework applicable to the chosen program of study will be calculated in the program GPA.

3. Guidelines for placing a student on "CONDITIONAL ENROLLMENT:"

   a. A student on probation who earns a term GPA of less than 2.000 will be placed on CONDITIONAL ENROLLMENT for the next term of enrollment.

   b. If the student is registered for the following term and is placed on CONDITIONAL ENROLLMENT for that term, he/she will be required to meet with a counselor/advisor no later than the first day of the CONDITIONAL ENROLLMENT term to review his/her course selections. Failure to comply will result in canceled classes.

   c. If the student placed on CONDITIONAL ENROLLMENT is not registered for the next term, he or she must meet with a counselor/advisor prior to re-enrolling in credit coursework.

   d. A student on CONDITIONAL ENROLLMENT who is assigned more than one D or F grade at progress report time will not be allowed to register for the following term until his/her conditional enrollment term final grades are recorded.

   e. A student on CONDITIONAL ENROLLMENT who earns a term GPA of 2.000 or higher, but the cumulative GPA remains below a 2.000, will be placed on ACADEMIC PROBATION.

   f. A student on CONDITIONAL ENROLLMENT who earns a term GPA and a cumulative GPA of 2.000 or higher will be placed in good standing.

4. Guidelines for placing a student on "ACADEMIC SUSPENSION": A student on CONDITIONAL ENROLLMENT who earns a term GPA of less than 2.000 will be placed on ACADEMIC SUSPENSION and will not be allowed to enroll in credit coursework for a period of one term.

5. Guidelines for RE-ENROLLMENT OF SUSPENDED students:

   a. After non-enrollment for a minimum of one term, a student on ACADEMIC SUSPENSION may apply for re-enrollment.

   b In all instances, a readmitted student will be placed on CONDITIONAL ENROLLMENT.

   c. A student seeking re-enrollment must develop an Educational Achievement Plan with a counselor/advisor and/or program chairperson and obtain the appropriate signatures for approval.

   d. Individual programs may impose additional re-enrollment requirements.

6. A student placed on ACADEMIC SUSPENSION may appeal that placement to the College's Judicial Board by following the procedures outlined in the Student Academic Appeals Procedure, ES 262. Copies of this procedure are available in the Student Services Offices on all campuses.

ACADEMIC & STUDENT POLICES & PROCEDURES

Sexual Harassment

Sexual harassment is a form of discrimination which is prohibited. Sexual harassment includes, but is not limited to, unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual or sexist nature when:

1. Submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment or education; or

2. Submission to or rejection of such conduct by an individual is used as the basis for employment or education decisions affecting such individual; or

3. Such conduct has the purpose or effect of unreasonably interfering with an individual's work or educational performance or creating an intimidating, hostile, or offensive working or educational environment.

The academic or campus dean should be contacted immediately. A complaint may be filed by contacting:

Vice President, Human Resources, Bldg. 1, Ankeny Campus (Phone: 964-6408 or Watts: 800-362-2127, Ext. # 6408)

References: -DMACC Policies on Nondiscrimination, Equal Employment Opportunity/ Affirmative Action and Sexual Harassment.

STUDENT RECORDS-CONFIDENTIALITY

Des Moines Area Community College complies with the laws of the United States and the State of Iowa in the maintenance of, access to, and release of student records.

No third-party access to non-directory information is allowed without the student's written consent, except as allowed by law. At its discretion, the institution may provide Directory Information which is defined as: student name, address, telephone number, date and place of birth, major field of study, dates of attendance, degrees and awards received, most recent previous educational agency or institution attended, participation by the student in officially recognized activities and sports, and weight and height of members of athletic teams.

More detailed information concerning the confidentiality of student information can be obtained by contacting the Registration Office on the Ankeny Campus

TOBACCO & ALCOHOL ON CAMPUS

Smoking shall be prohibited in all DMACC buildings. "No Smoking" signs are posted at the entrance to all buildings.

The use of alcohol and other controlled substances specified in the Iowa Code is prohibited at all attendance centers of the College district.

Reference: DMACC Tobacco and Alcohol Policy

WEAPONS & FIREARMS ON CAMPUS

Students are prohibited from having weapons and firearms on campus except in the following instances:

- The student holds a valid weapon permit and completely conceals the weapon at all times.

- The weapon or firearm is kept in accordance with state and federal law in a closed vehicle located on street, drive or parking facilities on College property.

Violations of this procedure will result in the following sanctions, subject to the review of the President.

VIOLATION & SANCTION

- Possession of firearms
- *Suspension for not less than one year*

- Display of weapons other than firearms in a threatening manner
- *Suspension for not less than one year*

- Use of weapons other than firearms to inflict harm or injury
- *Suspension for not less than one year*

- Display of weapons other than firearms
- *Suspension for not less than ten days*

- Possession of weapons other than firearms
- *Suspension for not less than five days*

Firearms are any weapons which are designed or may readily be converted to expel a projectile by the action of an explosive, the frame or receiver of any such weapons, a muffler or silencer of such weapons, or any explosive, incendiary, or poison gas.

Weapons include, but are not limited to, knives having a blade exceeding five inches in length, guns, firearms, fireworks, explosives or other chemicals, or any simulations of any such items. Canisters of mace, pepper gas and other such commercially available defensive devices carried and used by students or employees exclusively for personal protection are not deemed to constitute weapons unless displayed or used for purposes other than personal defense.

Reference: DMACC Weapons and Firearms Policy

STUDENT SERVICES

ACADEMIC ACHIEVEMENT CENTERS

The Academic Achievement Centers located on each campus are available to all full-time and part-time students in the following categories:

1. Students seeking assistance with college course work, especially in the areas of math, science, English, reading, and study skills.

2. Adults working toward high school completion (GED or adult high school diploma) or completing a program of basic literacy skills (ABE).

3. Students pursuing studies for academic upgrading, prerequisites, or enrichment.

Instructors will diagnose academic skill levels, establish individual programs of study, and assist in the learning process. Students progress at a pace based on ability, interest, needs, and time available for learning.

Computer services are also available in the Academic Achievement Centers. These services include various educational and support programs in many areas, and a computer-based educational system (PLATO).

Contact the Academic Achievement Centers at each campus for additional information.

ALUMNI ASSOCIATION

Des Moines Area Community College has an active Alumni Association. Headed by a volunteer Alumni Board of Directors, the Association strives to remain in contact and provide service and benefits to alumni. Through annual fundraising activities, the Association provides scholarships and grants to deserving DMACC students. For more information, contact the Alumni Office.

ASSESSMENT CENTERS

Ankeny Campus provides assessment services for current and prospective students. Some of the assessment services available are COMPASS testing, diagnostic testing for placement, and CLEP testing. Assessment services are also available on the Boone, Carroll, Newton, Urban and West campuses.

BULLETIN BOARDS

Bulletin boards are for information or announcements relevant to the College, students and staff. Items for posting must be approved, stamped and dated by the Student Activities office on the Ankeny campus, the Student Life Office at the Urban and Boone campuses and the Information Desk at the Newton and West campus. The Student Action Council Advisor approves items for posting at the Carroll campus. Items must not be applied to glass or painted surfaces.

CAMPUS SECURITY

Law enforcement and security is provided as warranted by existing conditions to help ensure the safety and security of our campuses. DMACC provides 24-hour/7 day security officer patrol of the Ankeny Campus. At the Urban Campus, security officer patrol is 7 a.m. through

10:30 p.m., Monday through Thursday; 7:00 a.m. through 3:00 p.m. Friday; and 8:00 a.m through 12:30 p.m. Saturday. Security measures may include uniformed security guards, closed circuit television, building security systems, exterior lighting, courtesy phones, and attention to landscape materials. In addition, the Ankeny, Des Moines, Boone, Carroll, Newton and West Des Moines Police Departments patrol and assist the College in their respective jurisdictions. DMACC Security personnel administer traffic and parking regulations and provide assistance to the college community.

CAREER RESOURCE CENTER (CRC) ANKENY CAMPUS

The CRC offers assistance and informational resources to students, prospective students, and as career changers for all stages of career planning. The CRC has up-to-date information about hundreds of occupations. There are many resources available in Iowa two-year and four-year colleges and universities as well as information on colleges throughout the United States. CHOICES, a computerized career-guidance system, is an excellent resource. Appointments are preferred, but walk-in assistance is also available. The Strong Interest Inventory is available on-line for career-decision making and requires an appointment with a counselor for interpretation and recommendations.

The CRC resources will enable persons to learn about job requirements, job trends, and salaries. Students will be better prepared for making decisions about school majors and costs. Jobseekers will organize personal interests and skills for making better career choices. Call for appointment at 515-964-6474.

CHILD CARE

The DMACC Child Development Center on the Ankeny Campus provides child care for the children of students and staff. Children ages 2 - 5 are eligible for child care during normal College business hours. Children must attend on a full or part-time regularly scheduled basis. The child care center is open year around on student contact days only. There is generally a waiting list. To make application or for more information call 515-964-6588.

COLLEGE BOOKSTORES

The College bookstores are located at all DMACC campuses to serve students, faculty, and staff.

In addition to course requirements, the bookstores stock supplemental study aids, paper products, office supplies, calculators, cassette recorders, computer supplies, seasonal and everyday greeting cards, imprinted gift items, and up-to-date college fashions.

Hours of operation vary at each campus. Check with each bookstore for more information. During the first two weeks of each semester, hours will be extended to accommodate evening and weekend students. During student breaks all bookstores will close early. Hours will be posted.

A cash register or financial aid receipt is required for a full refund or exchange of any text-

Student Services

book. Textbooks may be returned within 14 days from the beginning of each semester, as long as the textbook is in the same condition as when purchased. Check with the bookstore for further details of the Bookstore Return Policy. Materials purchased with a check require five working days for a cash refund.

Students whose books do not qualify for a refund are encouraged to use our book buyback at the end of each semester. Check with the bookstore about further details regarding the Buyback Policy. Representatives from wholesale companies may be present at the beginning of the semester and mid-term. Notices will be posted at least four weeks before the end of the semester with all necessary information.

Textbook purchases should be made at the campus location of your class. Students with classes in Des Moines, Urbandale and Indianola should purchase their books at the Urban Campus bookstore. Mail orders from the Ankeny Campus bookstore are available for other off-campus courses. MasterCard and VISA charge cards are accepted. A picture I.D. is required when writing a check in the bookstore. Students with prewritten checks from parents must also present a picture I.D. Checks must be written for the amount of purchase only and payable to DMACC or Knowledge Knook Bookstore.

Students receiving funds from an agency must pick up a voucher in Student Accounts before purchasing books and supplies.

COLLEGE CLOSINGS

If there is inclement weather such as a blizzard or ice storm, DMACC students, faculty and staff should listen to radio or television stations for possible college closing announcements. If DMACC is not mentioned, students may call the following phone numbers for a message regarding college closing:

Ankeny ....(515) 964-6200
Boone ....(515) 432-7203
Carroll ....(712) 792-1755
Newton ....(641) 791-3622
Urban ....(515) 244-4226
West......................................(515) 225-2575

There are no specific guidelines for college closing in terms of inches of snow or temperature since many factors including time of day, total snow fall, intensity of snow fall, wind, visibility, etc. all affect this decision.

DMACC gives very serious consideration to all inclement weather and is committed to making decisions to close the college as soon as possible. Weather conditions are monitored continuously in advance of winter storms and decisions are targeted to be made by 6 a.m. for day classes and 4 p.m. for evening classes. However, weather conditions often change very quickly, both for the worse and for the better. It may not be possible to make a closing decision by the target times.

Weather forecasts can often be inaccurate in predicting the severity of winter storms. Consequently, the decision to close a campus is based more on actual weather conditions, current Doppler Radar and short term forecasts rather than on weather forecasts more than 2 to 4 hours in advance.

Individual circumstances such as those caused by health, child care responsibilities, rural roads, distance from the college, etc. can vary greatly. It is always DMACC's intention to provide safe learning conditions as well as provide the opportunity for students to complete their classes on a timely basis. The intent is to provide the opportunity for students to attend classes when the vast majority are able to safely attend. The final decision to come to classes when DMACC remains open can only be made by the individual based on the specific or extenuating circumstances that may make it unsafe for them to travel. During adverse weather, DMACC faculty have been considerate of students who were unable to attend classes due to extenuating circumstances.

When the College is closed at a particular DMACC campus due to inclement weather, all classes and special non-traditional events occurring on that campus will also be canceled. Credit and/or Non-credit classes that are held off campus will abide by each local site's decision to remain open or cancel classes.

COUNSELING SERVICES

The College provides professional counselors to assist students in career and educational planning and in solving problems of a personal nature. Counselors help students make decisions and plan for a successful future. Counselors are available to help students choose an educational program or career direction, recommend and interpret career tests and inventories, examine mid-career options, discuss anticipated academic difficulties, and

develop an appropriate course of study.

Students who experience difficulty or dissatisfaction with their curriculum are encouraged to make use of the counseling services to explore options or an alternative course of action with a counselor. Counselors can also provide assistance with study skills, developing satisfying personal and social relationships, solving financial problems, and getting through a crisis.

Counselor services are available to assist all students including those in evening classes and at off-campus sites. Contact the most convenient campus for further information.

DENTAL SERVICES

Dental Hygiene students on the Ankeny campus provide the following preventive dental services for DMACC students and the community at a reduced fee: Cleaning of teeth, home care instruction, sealants, polishing fillings, fluoride treatment, x-rays, study models, nutritional counseling, blood pressure, and oral cancer screenings. To schedule an appointment call 515-964-6280.

DEVELOPMENTAL STUDIES PROGRAM

The Developmental Studies Program offers a variety of academic and personal support services to help students succeed in reaching their educational and career goals. These services are particularly designed for students who need to strengthen their academic skills before enrolling in college-level courses.

Staff is available to counsel and advise students prior to registration and during their enrollment. Instructional services provided by the program include a career planning course and adaptor courses in reading, writing, mathematics and study skills. Although credits from the adaptor courses do not count toward a degree or diploma, they do help students fill in any gaps in the skills needed for success in college-level courses. The Academic Achievement Centers provide the following support services to students enrolled in developmental courses: tutoring, individualized instruction, homework help, assessment of basic skills and vocational interest, and academic planning offered by the Academic Achievement Centers.

EDUCATIONAL ADVISING

Educational advisors are available to assist students in planning their educational programs, meeting graduation requirements, further developing their academic skills, and using resources of the College to meet their educational needs. Assistance is given in selecting a transfer institution and the transferring of credits. The value of the degree, diploma, and certificate programs is explained.

EMERGENCY AUTO SERVICE

On the Ankeny Campus, students with cars that won't start, have low tires, or locked keys in their car should contact Campus Security at Ext.#6500 (964-6500 off campus). Assistance may be obtained from the Security officer. If

STUDENT SERVICES

Security is not available, a commercial car service in Ankeny may be called. DMACC security service is provided free of charge, but charges of any commercial car service will be the full responsibility of the student. At the Boone and Carroll Campuses, maintenance staff will assist with starting cars. At the Newton Campus, jumper cables may be borrowed from the Newton SAB through the Information Desk. At the Urban Campus, jumper cables may be borrowed from Security.

EXERCISE CLASSES

Exercise class schedules are available in the gym office, Building 5, on the Ankeny Campus. Exercise classes begin the first week of each semester and are free to all students.

FOOD SERVICES

Food services are available at each campus. Each campus provides a variety of sandwiches, salads, beverages, and snack items. For more formal dining, the Culinary Arts students on the Ankeny Campus operate the Bistro.

GYMNASIUM

There are indoor recreational facilities on the Ankeny and Boone Campuses. Schedules of the events and guidelines for utilization of the facilities are available.

Recreation/Wellness Services serve students' recreational needs. All current Des Moines Area Community College students are eligible to participate in Recreation/ Wellness Activities.

At the Ankeny Campus, indoor facilities accommodate basketball, volleyball and indoor track. Free weights, universal machines, exercise bikes, stair climbers, treadmills, exercise mats, and locker rooms are also available for student use. Lockers, padlocks, and towels may be rented on a daily or semester basis.

Gym and Exercise Room Schedules are available at the Gym office and schedules may vary due to special events.

Open Recreation: Facilities may be used by current students, staff/faculty and alumni with current membership cards.

Family Recreation: Facilities may be used, by current students, staff/faculty and alumni with current membership cards. Members may bring only their immediate family or one guest.

Please do not bring children before 5:00 P.M., as they will not be permitted in the facilities until then. Students, staff/faculty, and alumni MUST be with their family when using the facility. Evening gym hours will be posted on the bulletin boards around campus.

HEALTH SERVICES

(Campus Nurse)

Student Health Services is located on the Ankeny Campus in Building 5 with some services extending to other campus locations.

Student Health Services offers emergency treatment for students and staff who become ill or injured while on campus. A registered nurse is on duty part-time during student contact days. A physician is available several hours per week during the fall and spring semesters. Check with the Campus Nurse for time and day.

Student Health Insurance is available for both full-time and part-time students.

Students and staff members are encouraged to stay healthy through preventative measures including blood pressure monitoring, weight control, and activities sponsored by the Health Services.

Confidential counseling and referral for health related problems is available from the campus nurse.

INFORMATION CENTER

The main DMACC Information Center is located in Building 1 on the Ankeny Campus. The Center is designed to help students, prospective students and visitors to the college . Material is available on all college programs, current course listings, and general DMACC information. Information can also be obtained at the Student Life or Student Development/ Counseling & Advising offices of the Boone, Carroll, Newton, Urban and West Campuses.

JOB PLACEMENT

Placement services include: lists of job openings (full-time and part-time) available in the area; assistance to students wanting to obtain work in the College Work-Study Program; referrals for internship and summer employment; on-campus recruitment and interviews by employers; and information about companies and the labor market.

Individual assistance with resume writing, application letters, interviewing, and job seeking skills is readily available.

In addition, students can place their resume on an interactive website where employers also post jobs. Access this website through DMACC's website: www.dmacc.org homepage/student services/job placement. It is fast, easy and free.

For further information contact the Ankeny Placement Office (515-964-6463), or the Student Services Offices on the Boone, Carroll, Newton, Urban and West campuses.

LIBRARIES

Library services are provided at the Ankeny, Boone, Carroll and Urban Campuses. The DMACC Libraries' website provides access to information from any computer on the college network at www.library.dmacc.cc.ia.us. DMACC provides access to INNOPAC, the online catalog; several EBSCO host databases which include full text articles from over 3,000 periodicals as well as abstracting and indexing for over 6,000 titles; other resources such as Electric Library, Encyclopedia Britannica On-line, and selected FirstSearch databases; on-line catalogs of other Iowa libraries; an on-line reference service; and library news and information. Selected sources, including INNOPAC and the EBSCOhost databases, are also available to students and staff from remote sites. The DMACC Libraries are full members of the On-line Computer Library Center, Inc. (OCLC), an internationally recognized bibliographic utility, which provides important products and services to libraries and their users. DMACC is a member of the Polk County Biomedical Consortium, a group of health science libraries affiliated with the National Library of Medicine. DMACC also participates in the State Library of Iowa's Open Access program, which allows our cardholders to borrow materials from other participating libraries.

Ankeny Campus

The Ankeny Campus Library has 45,000 volumes in the book collection, 300 periodical subscriptions, and 3,000 videos and other audiovisual materials. The collections emphasize subjects related to the College curriculum, including the humanities, social sciences, natural and health sciences, business and technology. Interlibrary loan service is available at no charge to DMACC students and staff for books and articles not owned by our libraries. Other services include reference assistance, coin-operated photocopiers, group study rooms, an individualized listening/viewing room, and library orientation sessions for individual classes at the request of the instructor.

Boone Campus

The Boone Campus Library has a collection of approximately 19,000 circulating and reference books, 175 periodical subscriptions, compact discs, audio books, and a large collection of videos. Material not owned by the Library can be obtained through interlibrary loan at no charge. It also participates in the Open Access program through the State Library. The Library also provides access to the 40-station student computer lab at the Boone Campus. In addition, Library Instruction classes (LIBS120) and Internet Research classes (LIBS123) are offered by the staff each semester.

Carroll Campus

The library at the Carroll campus has a collection of books, periodicals, audiovisual materials and electronic resources. The library collections of all DMACC campuses are located on the INNOPAC, the electronic database, and students can intra-campus loan these materials. Library orientation classes and additional instruction on computer database searching are provided upon request at the Carroll Campus Library. These resources provide students with the tools to locate the materials needed for assignments and life long learning. The Carroll Campus Library facilities include a computer lab, the testing center, academic achievement center, an elementary curriculum library and multi-media storage area for media equipment availability and check out.

Newton Polytechnic

The Interactive Learning Center (ILC) at the Newton Polytechnic campus houses a growing collection of academic, research, and leisure reading books, as well as a number of periodical, newspaper, and audiovisual titles. Students may conduct on-line research via the DMACC Library website (www.library.dmacc.cc.ia.us) at

STUDENT SERVICES

the computer stations located in the ILC or from their home computers. The ILC also houses instructor reserve materials and is the designated location for students to take make-up exams and quizzes. Students who enrolled in telecourses may view telecourse videotapes for these courses in the ILC. Students may borrow materials housed at any of the other DMACC libraries by processing an interlibrary loan request at the ILC. The staff of the ILC is trained to assist students in conducting research and will work closely with the student and instructor on research projects.

Urban Campus

The library at Urban Campus has a book collection of more than 13,000 volumes. This collection reflects the courses of study for the College, including a reference collection unique to the Urban Library that compliments the legal assistant program.

In addition to the book collection, the Urban Campus Library subscribes to a large number of periodicals and has many more periodicals available on-line along with other reference databases. There is a collection of video tapes that supplements the textbooks in accounting and mathematics, video tapes for the telecourse division of the College, and video tapes to amplify a variety of subjects. There is a pamphlet file of materials to use in research.

Students can access materials from other libraries through interlibrary loan services. Study facilities and audio-visual equipment are available in the Library. Assistance in the use of the library and its materials can be obtained from the library staff.

West Campus

The Interactive Learning Center (ILC) at West Campus will assist students to access the resources available through the Ankeny campus and other participating libraries.

LOST & FOUND

If students lose or find an item on campus, contact the Student Activities Office at the Ankeny Campus, the main office at Boone, Carroll or Urban; and the Information Desk at the Newton Campus, where the "lost and found" service is maintained.

NOTARY PUBLIC

Free Notary Public service is located at both the Information Center and the Student Activities Office on the Ankeny Campus, the main office at the Carroll Campus, the Business Office at the Urban Campus, the Information Desk at the Newton Campus, and the Executive Dean's office at the West campus.

PART-TIME & OFF CAMPUS STUDENTS

DMACC part-time and off-campus students, including those who are registered for an evening/weekend, or off campus, TV or Iowa Communication Network (ICN) class, are encouraged to utilize the College's service. They are also obliged to be familiar with the College's policies and procedures.

Departments that may be of particular assistance include:

- Evening /Weekend College, Ankeny Campus 964-6286
- Off-Campus Credit, District Wide 964-6475
- TV Courses, District Wide 964-6422
- ICN, District Wide 964-6856
- Educational & Career Planning (All Campuses) 800-362-2127

REHABILITATION COUNSELING

Through a special agreement with the Iowa Division of Vocational Rehabilitation Services, a rehabilitation counselor is assigned to the College to provide rehabilitation services to eligible disabled students. These services include assistance in obtaining Vocational and Learning Disability evaluations, physical restoration, job training, financial aid, and job placement.

Facilities constructed by the College have been designed to be accessible for students with mobility impairments.

SERVICES FOR STUDENTS WITH DISABILITIES

DMACC is committed to providing an accessible environment which supports students with disabilities in reaching their full potential. Support services are available for students who have visual, hearing, mobility, learning, or other types of disabilities to ensure equal access to educational opportunities. Specialized software, adaptive equipment, alternative testing, classroom accommodations, and oral interpreting are examples of the support services offered.

DMACC employs a Special Needs Coordinator to work with students to develop and coordinate these services based on individual student need. To access these services:

- contact 515-964-6850 to request an Application for Accommodations
- or send a letter requesting an Application for Accommodation to:
  Special Needs Coordinator
  Des Moines Area Community College
  2006 South Ankeny Boulevard, Bldg. 6
  Ankeny, Iowa 50021-3993
- or pick up an Application for Accommodation at the Counseling and Advising Office at any of the DMACC campuses.

STUDENT HOUSING

Student housing apartments are located on the Ankeny Campus. This housing is owned and operated by a private firm and managed by T. Quam Resources. For information about this housing contact Campus View Apartments at 515-964-7474. The College Information Center in Building 1 of the Ankeny campus also provides information on the student apartments as well as other housing options near the Ankeny and Urban Campuses.

Information about housing for the Boone and Carroll Campuses is available from the Student Services Offices at the respective campuses.

TELEPHONE USAGE & EMERGENCY CALLS

Outgoing calls may be made on any of the pay phones provided for students' use. Office phones are for the use of DMACC staff.

Incoming calls to students should be restricted to emergency situations (death, illness or accident). Students are rarely called out of class to answer a call. To facilitate student contact in an emergency situation, the student's name AND social security number or class schedule should be provided by the caller.

TESTING CENTER

The Testing Center provides a site for make-up testing when students have missed class on a test day. The center also serves as a site for administering correspondence tests for courses taken at other institutions and challenge tests for DMACC courses.

Students must arrange with their instructors to have tests sent to the Testing Center. When they arrive to take their exams, they will be required to present picture identification, such as a driver's license. For Testing Center hours, students should contact the Information Desk at the Newton Campus and the Testing Center or Academic Achievement Center at the Ankeny, Boone, Urban campuses, and the Learning Resource Center at the West campus.

TUTORING

The Tutoring Office provides peer tutors to assist students who have difficulty with a particular course or courses. Knowledgeable tutors can assist students by reviewing the course material, answering questions, and reviewing for exams. Students can be scheduled individually or with a group. For more information call the Tutoring Office on the Ankeny campus at 515-965-7004 or stop by building 6, room 30. Students interested in tutoring on the Boone, Carroll, Newton, and Urban and West campuses should contact the Academic Achievement Center at the campus attended. The college cannot guarantee that there will be a tutor available for every course offered.

Employment Opportunities. The Tutoring Offices hire students as peer tutors. Come work in a fun, flexible environment and earn extra money while on campus. Contact the Tutoring Office on the Ankeny Campus at 515-965-7004 or the Academic Achievement Center on the Boone, Carroll, Newton, Urban and West campuses.

STUDENT ACTIVITIES

DMACC CHOIRS

For students interested in choral music DMACC Ankeny Campus offers two student choral group experiences. The Concert Choir (MUSI 144) meets on MWF from 11:15 AM until 12:10 PM. This group, the larger of the two choirs, is available to everyone. No audition is required and no experience is necessary. The Chamber Choir (MUSI 145) is selected by audition from the Concert Choir membership. Chamber Choir rehearses MWF from 12:40 PM until 1:15 PM. Both choirs sing a wide variety of music ranging from serious to pop selections. Concert Choir is a 2 hour elective credit course. Chamber Choir is a one hour elective credit course. Students interested in Concert Choir should register for MUSI 144. Students may not register for Chamber Choir until after they have auditioned and been accepted.

RECREATION AND WELLNESS

Des Moines Area Community College offers well-rounded athletic, intramural, and campus recreation programs, plus physical education classes at the Boone Campus. Complete details can be obtained from the Recreation Services office on each campus.

INTRAMURAL

Intramural activities provide an opportunity for students to participate in a wide variety of sports activities on a recreational basis. A variety of sports and recreational equipment is available for check-out. A year-round program of tournaments and team sports provides for participation on an individual or team basis.

INTERCOLLEGIATE

Des Moines Area Community College is a member of the National Junior College Conference. Currently, the College offers women's intercollegiate athletics in basketball and volleyball as well as mens's intercollegiate athletics in basketball and baseball on the Boone Campus.

STUDENT ACTIVITIES COUNCIL

The Student Activities Council, as the primary student body representative, is an integral part of the College. Through its work, students are provided an opportunity to participate in the democratic process. Meetings are held on a regular basis. The Council serves as a liaison between the administration, faculty, staff and the student body in areas of mutual interest. The purpose of the organization is to promote college spirit, provide a focal point for discussions between students and the college staff, and to give students a representative voice in college affairs. Any student, administrator, or faculty member may attend meetings of the Student Activities Council and take part in discussion, but only members may vote. The Council offers student activities and services in two areas: campus activities and student life.

STUDENT ACTIVITIES

Much of a student's growth is the result of participation in activities, clubs, and organizations. It is the philosophy of the College that co-curricular activities complement the academic program. The activities are financed by a portion of the service fee which is charged each term in addition to regular tuition. Student representatives elected to the Student Activities Council are responsible for assessment and disbursement of these funds.

STUDENT CENTERS

Student lounge and recreation areas are provided for student use during nonclassroom hours. Various types of game equipment are available, and food and beverage facilities are located in or near each of these areas.

STUDENT CLUBS AND ORGANIZATIONS

Students are encouraged to participate in campus clubs and organizations. Students may form a new club by contacting the Student Activities Office for information. Most recognized organizations fall into one of the following classifications:

1. Pre-professional and departmental clubs are joined by students wishing to pursue interests which contribute to the development of career fields.

2. Service organizations have as their primary purpose activities which will contribute positively to the College and the community.

3. Scholastic honorary organizations offer membership on the basis of academic excellence and performance.

4. Special interest organizations are planned by students who desire to develop or broaden their interest in some particular aspect of their lives.

STUDENT PUBLICATIONS

On the Boone Campus students publish the "Bear Facts." Publications emphasize news features, entertainment, sports, and college events. For additional information, contact the publications advisors at the Ankeny or Boone Campus.

TICKET SALES

Discount tickets to various activities and attractions are available at the Student Activities office at Ankeny, the Advising Office at Carroll, or at the Business Offices at Boone, Urban, Newton, and West campuses. The Ankeny Campus offers discount tickets to Civic Center events, Worlds and Oceans of Fun, White Water University Park, Ankeny Springwood Theater, and Copper Creek Theater in Pleasant Hill, Woodland Hills Golf Course, and Carmike Movie Theaters in Des Moines. The Carroll Campus offers Worlds of Fun, Oceans of Fun and Carroll Theater V discounted tickets. Urban Campus offers discount tickets to Adventureland Park, White Water University Park, Carmike Theaters and discounted bus passes for Metro Transit Authority. Ticket offerings vary at the Boone, Newton and West campuses. Check in the main offices for details. Cash and personal checks are accepted.

TIPS FOR STUDENT SUCCESS

IMPORTANT COLLEGE TERMS

IMPORTANT TIPS IF YOU ARE UNDECIDED ABOUT YOUR CAREER OR MAJOR

IMPORTANT TIPS WHEN SCHEDULING COURSES

IMPORTANT STUDY STRATEGIES

IMPORTANT STEPS WHEN TRANSFERRING

IMPORTANT COLLEGE TERMS

Adaptor - courses designed to aid students whose educational background requires additional strengthening to achieve success in regular college level courses. Adaptor course credit does not transfer or apply to a student's program of study.

Application - a form that must be completed for admission to the college.

Audit - to attend a class without receiving credit.

Core - those courses that constitute the body of traditional liberal arts curriculum in the first two years of a baccalaureate degree. Essentially, these courses have universal transfer status among receiving institutions.

Corequisite - a course that must be taken concurrently with another course.

Course Description - statements identifying the contents of a course. Course descriptions are found in the college catalog and on-line.

Cross Enrollment - under a special agreement, students may cross enroll in a class at Drake, Grand View or Iowa State. Students must have earned 12 semester hours at DMACC and be a current, full-time student in good standing. The credits earned while on the cross-enrollment plan will be added to the DMACC transcript.

Degrees - a title conferred by a college or university upon completion of a particular program of academic work. Some typical college degrees are Associate in Arts (AA), Associate in Science (AS), Associate in Applied Science (AAS), Bachelor of Arts (BA) and Bachelor of Science (BS).

Drop/Add - after completing registration, students may change their schedules by "adding and/or dropping" classes. Students may add a class during the first week of classes and drop a class up to the end of the tenth week of the term for a full semester class. The drop period is prorated for classes with a duration less than the full term.

Elective - courses students elect to take outside of the core requirements. Depending on the number of elective courses required, electives may cover a variety of subject areas or concentrate on one major area.

Full-time Student - to be classified as full-time, students must take a minimum of 12 credit hours during the fall and spring terms. During summer term, 8 hours is considered full-time.

Part-time Student - to be classified as part-time, students carry from 1 through 11 credit hours during the fall and spring terms. During the summer term 1 to 7 credit hours is considered part-time.

Prerequisite - successful completion of a course or other criterion necessary for students to succeed in a higher level course.

Semester Credit Hour - a unit of measurement used to determine approximately how many hours students are required to spend in class each week, and how many units will be accumulated toward graduation.

Term or Semester - an enrollment period (15 weeks in the fall and spring sessions and 10 weeks in the summer).

Transfer - the conveyance of students' credits from one college to another.

IMPORTANT TIPS IF YOU ARE UNDECIDED ABOUT YOUR CAREER OR COLLEGE MAJOR/PROGRAM

Career Planning & Decision Making

Because many students pursue a general education at DMACC, some may find it advantageous to research the area or areas in which they will be majoring. Students need to gather information, evaluate the information, consider their personal values and goals, and make meaningful decisions based on consideration of alternatives and on the information gathered. They should spend time considering their choices and asking themselves questions such as:

- What are their long-range goals?
- What are the hobbies or interests they would like to pursue?
- Do they want a major that will teach a specific skill, or one that will lead to a broader education?
- What skill and talents do they have?
- What do they want out of college?
- Have all the possible alternatives been considered?

There are also paper and pencil assessment tools that will help students evaluate their interests, experiences, abilities and personality: Career Ability Placement Survey (CAPS), and Career Orientation Placement & Evaluation Survey (COPES), Self-Directed Search, Campbell Interest and Skill Inventory, and the Myers Briggs Type Indicator.

A computerized career guidance system called CHOICES will identify careers based on a personal interest checklist and provide up-to-date information for approximately 783 occupations. An on-line Strong Interest Inventory is also available. Carroll Campus features the computerized system DISCOVER with information on over 1200 occupations.

The Career Resource Centers located on the Ankeny and Urban Campuses provide information about school opportunities and job characteristics. Occupational information builds student awareness of educational requirements, skills needed, job comparisons in similar careers, and employment opportunities. The educational information describes majors available at all Iowa schools, schools outside Iowa, admission processes, costs, and transfer plans. Career counselors will help students further evaluate the information they have obtained and assist them in their career planning process.

TIPS FOR STUDENT SUCCESS

IMPORTANT TIPS TO CONSIDER

- Students should review background and skill level requirements for courses: ACT scores, COMPASS Placement Test Recommendations, and prior coursework are helpful indicators when selecting the appropriate level of coursework.

- Students should review graduation requirements for their selected major: Check the DMACC Catalog, Program Information Briefs and the Course Check Lists. Work closely with Counseling and Advising staff to monitor progress toward graduation.

- Students should review transfer requirements: Students should begin planning with the transfer institutions of their choice early (See Transfer Tips), obtain college articulation agreements, and work with advisors and counselors well in advance of returning student registration dates. This process will help define DMACC course equivalents for transfer.

- Students should review employment hours and family responsibilities: Plan a minimum of 2 hours study time for every 1 hour in class per week. More time is required for some courses.

Course Selection:

Students should not overload their schedules with constant discipline courses such as math or foreign language. Intersperse the schedule with reading and lecture-oriented courses as well as those of personal interest.

- Course descriptions are on line or in the catalog. Also visit instructor web-sites to review course syllabus if available. Many competencies are also on-line.

IMPORTANT STUDY STRATEGIES

Time Management

Record all weekly commitments on a schedule:

- Classes
- Meetings
- Extra curricular activities
- Appointments
- Work schedule
- Study time

Make a "To Do" list and prioritize tasks using the A, B, C Method:

A-Highest priority
B-Medium priority
C-Lowest priority

Notetaking Tips

Include the following

- Separate page of notes for each class or topic covered, including date taken
- Use outline form (main points and supporting ideas)
- Utilize common abbreviations
- Use left margin of paper to expand on material, clarify, add missing information
- Watch for instructor emphasis: repetition, change in tone of voice, pauses, board writing
- Record notes in wide column
- Review notes and summarize in own words at bottom of each page, anticipating possible test questions

Test Anxiety

Before test

- Contact Counseling/Advising for dates and times for Test Anxiety Seminars
- Attend ALL classes and be prepared (Most test anxiety comes from lack of preparation)
- Review at frequent, spaced intervals over a period of time so information will more likely enter long term memory and be more easily recalled under testing conditions
- Avoid long cramming sessions at the last minute
- Practice relaxation techniques
- Visualize success
- Go to bed early and eat breakfast

During test

- Arrive early
- Practice relaxation techniques
- Reduce internal mental distractions
- Combat negative self statements with positive feedback

After test

- Review test and examine questions
- Review study techniques
- Talk with instructor

Test Taking Strategies

During the Exam

- Scan entire exam
- Plan the time
- Listen carefully to all verbal directions
- Read directions carefully
- Underline key words
- Use clue words (all, never, sometimes, always)
- Skip difficult questions and come back to them later
- Outline answers to essay questions
- Use erasable ink

After the Exam

- Examine missed questions
- Determine the source of questions
- Consider what study technique did or did not work
- Explore support services on campus

Test Preparation

- Attend every class period
- Practice good notetaking skills
- Review notes daily
- Seek out study groups
- Explore support services on campus
- Cover all sources for test questions: lecture notes, study guides, handouts, text books
- Make flashcards
- Predict test questions

IMPORTANT STEPS WHEN TRANSFERRING

Students considering transfer to another college or university should:

- Contact an admission or transfer counselor at that institution early in the planning process. Do not assume all information needed will be in the transfer institution catalog. Appointments or phone contact with specific departments may be necessary.

- Request official college or university transcripts and high school transcripts. These transcripts are required during the application process from all prior schools and need to be sent directly to the transfer institution.

- Try to make transfer plans a year in advance and incorporate factors such as admissions timelines, educational costs and financial aid/scholarships, housing and employment opportunities in the planning process.

- Request a financial aid transcript.

- Keep college catalogs from all colleges attended, as well as syllabi for all courses completed. These may be needed when discussing transfer credit.

- Keep copies of all documents completed as well as a record of names and phone numbers of people contacted at the transfer institution. This will help if there is a need to clarify information in the future.

- Applications for most major Iowa colleges and universities , and information on colleges and universities throughout the United States, are available in the Career Resource Center in Building 1, Ankeny Campus.

ADVANCED TECHNOLOGY CENTER/BUSINESS DEVELOPMENT

ADVANCED TECHNOLOGY CENTER

ATC ACADEMIC PROGRAMS

ADVANCED TECHNOLOGY CENTER CONTINUING EDUCATION

BUSINESS DEVELOPMENT GROUP

ECONOMIC DEVELOPMENT GROUP (EDG)

IOWA MANUFACTURING TECHNOLOGY CENTER (IMTC)

SOFTWARE TRAINING CENTER

ADVANCED TECHNOLOGY CENTER

When students enroll at the Advanced Technology Center (ATC) they are taking an important step toward achieving and sustaining a higher quality of life. ATC graduates are employed as: computer systems engineers, engineers, computer network administrators, tool and die makers, safety engineers, quality engineers, computer aided design technologists, firefighters, manufacturing technologists, electronics systems technicians, automation and robotics technologists, self-employed machinists, and more!

The ATC faculty and staff are great people who want to help students to achieve their own goals. Students will use the very best equipment found in any college. Our faculty teach classes at businesses and industry in order to keep their skills up-to-date. The faculty have professional certifications in their fields so they know exactly what students need to be able to be successful in their careers. Call 515-965-7120, to visit us and enroll! Students may also email the ATC department at wlmerrell@dmacc.cc.i.us

ATC ACADEMIC PROGRAMS

Associate of Applied Science Degree Programs
- Computer-Aided Design Technology
- Control Systems Technology (automation/robotics
- Electronic Systems Servicing Technology
- Information Technology/Network Administration
- Manufacturing Technology
- Safety Science
- Tool & Die Making

Associate of Science Degree Program
- Fire Science

Diploma Program
- Job Shop Machinist

ATC Specialist Certificates
- A+ Certification
- Certified Novell Administrator (CNA)
- Certified Novell Engineer (CNE)
- Cisco Certified Network Associate (CCNA)
- Computer Integrated Manufacturing (CIM)
- Manufacturing Resource Planning
- Product Engineering
- Shop Floor Control
- High Tech Electronics
- Microsoft Certified Systems Engineer (MCSE)
- Network+ Certification
- Safety Science

ADVANCED TECHNOLOGY CENTER CONTINUING EDUCATION

In addition to credit offerings, the Advanced Technology Center (ATC) Continuing Education program offers evening and weekend programs in high tech areas - Microstation, Autocad, networking, UNIX, Fanuc CNC and other related tool and die programs. The ATC Continuing Education program also offers a full line of courses related to C language programming. ATC programming is designed to promote, operate, and apply state-of-the-market technology.

BUSINESS DEVELOPMENT GROUP

The Business Development Group provides contract training and consulting to assist in the growth and development of central Iowa businesses and governmental agencies. This college-based partnership brings together the full resources of DMACC to assist each organization with the functions of increasing quality and productivity.

The Business Development Group is organized into two functional divisions:

ECONOMIC DEVELOPMENT GROUP (EDG)

The Economic Development Group (EDG) of Des Moines Area Community College provides contract training and consulting to assist in the growth and development of central Iowa businesses and governmental agencies. This college-business partnership brings together the full resources of DMACC to develop and customize training to assist each organization to increase quality and productivity by developing employee skills.

EDG administers two Iowa Training Programs in central Iowa. The New Jobs Training Program provides an incentive to new or expanding businesses that are adding new positions to their payroll. The Retraining Program offers forgivable loans to businesses that must upgrade current employee skills to stay competitive in the marketplace. EDG consultants work with the companies' managers, supervisors, and employees to assess needs, design training, and tailor the delivery of training to meet the organizations' schedule and budget. This customized training can be conducted at the business site, one of DMACC's campuses, or at other convenient locations. The training ranges from adult basic education to highly technical training.

IOWA MANUFACTURING TECHNOLOGY CENTER (IMTC)

The IMTC is a statewide network that provides technical and business assistance to small and midsize manufacturers. IMTC Field Agents meet with clients to answer questions, identify areas for improvement, and provide links to resources that companies can use to increase their productivity and competitiveness. The IMTC Field Agents stand ready to conduct assessments in the following areas: Quality/Inspection, Material Engineering, Human Resources, Market Development, Process Improvement, Environmental, Plant Layout/Work Flow, CAD/CAM, Product/Design Development, and Business Systems/Management.

CONTINUING EDUCATION & SPECIALIZED PROGRAMS

ADULT BASIC EDUCATION

CONFERENCE CENTER - ANKENY

CONFERENCE CENTER - NEWTON

CONTINUING EDUCATION

DISTANCE LEARNING

EVENING/WEEKEND COLLEGE

OFF-CAMPUS CREDIT

TRANSPORTATION INSTITUTE

ADULT BASIC EDUCATION
ABE/HSE/ESL

The **Adult Basic Education Program** provides opportunities for adults in need of literacy skills and refresher basics in reading, writing, and math. ABE classes are offered at various locations in and around Des Moines and in cooperation with local schools and organizations. Individualized instruction allows students to focus on their immediate needs. ABE classes are provided free of charge.

GED classes, or High School Equivalency preparation, provide instruction to prepare adults for the General Education Development Test (GED) and earn the High School Equivalency Diploma. Individual and small group instruction allow students to progress through the five subject areas evaluated on the GED exam. These include: Test 1, Writing Skills; Test 2, Social Studies; Test 3, Science; Test 4, Literature & the Arts; and Test 5, Math.

GED Testing Centers
DMACC Ankeny Campus
DMACC Boone Campus
DMACC Carroll Campus
DMACC Urban Campus
Newton Polytechnic

GED 2002
Current candidates for a GED High School Equivalency diploma must successfully complete all five tests by December, 2001. After that date, all GED Testing Centers will be administering the 2002 edition of the tests. Scores from the current version of the GED tests cannot be combined or "converted to" scores on the new tests.

English as a Second Language is a program for people who speak, read, and write best in a language other than English and desire to improve their use of the English language. Entry-level English through college-prep English is available.

For more information call 515-964-6384 or 800-362-2127, ext. 6384.

CONFERENCE CENTER - ANKENY

Conference Center facilities on the Ankeny Campus are available for use on a rental or co-sponsorship basis. The facilities can accommodate groups from 10 to 300, with classroom facilities, dining areas, and an auditorium. Ample parking is provided just outside the facility with access to food services, audio visual equipment, and other services.

DMACC staff will assist you with your plans for a conference or a meeting. Call 515-964-6477 for further information.

CONFERENCE CENTER - NEWTON

The DMACC Newton Conference Center is located in the DMACC Newton Polytechnic Building in Newton, Iowa. Serving groups from 5 to 350, the DMACC Newton Conference Center offers a 325 seat state-of-the-art auditorium, a 4,800 square foot subdividing banquet room, reception area, and breakout rooms. Parking is conveniently located at the facility with access to complete food and beverage service, audio visual equipment and other conference services.

For further information please contact the conference center staff at 641-792-1850.

CONTINUING EDUCATION

The Continuing Education division provides a wide range of educational experiences. Activities for courses may begin at any time and do not necessarily coincide with the College's academic calendar. A variety of non-credit vocational and avocational classes, seminars, conferences, and workshops are offered at various locations to assist individuals in continued professional and personal development. Topic areas may include: business/management, health occupations and personal growth. Specific classes are also designed to meet the continuing education requirements for licensing and re-certification of professionals in areas such as child care, insurance, nursing, emergency medical services, cosmetology, real estate, long-term care and social work.

The West campus will provide continuing education that focuses on the technology industry.

The Conference Center on the Ankeny and Newton Polytechnic Campuses provide settings for many conferences and events offered in cooperation with DMACC. The Continuing Education division works with local businesses, service agencies, institutions, organizations, and associations to tailor courses or conferences specifically for employees or members.
For more information call 515-964-6648.

DISTANCE LEARNING

Distance learning provides alternative delivery of credit classes throughout the district with state wide capability as well. College credit classes are provided via the Iowa Communications Network (ICN), through television courses aired on TCI Cable, College Channel 38/98 and Iowa Public Television, Channel 11 in Central Iowa. Classes are available via the world-wide web. Non-credit and continuing education opportunities are also available through distance delivery. For more information, see the Distance Learning Homepage at www.dmacc.cc.ia.us/distance/distance.htm or call 515-964-6422.

EVENING/WEEKEND COLLEGE

Courses offered evenings and weekends provide opportunities for degree completion, career development/enhancement and cultural enrichment, in both credit and continuing education format, for students who are unable to take classes during the day.

The Evening/Weekend College provides support to the full range of services offered for students, faculty, and staff during evening and weekend hours. These include Registration, Student Accounts, Limited Financial Aid, Student Records and Admissions. Support is also provided for the Television, Iowa Communications Network (ICN), Off-Campus credit, and Continuing Education courses. For further information on the Ankeny Campus call 515-964-6286 or 1-800-362-2127, ext. 6286. For services available at the Boone, Carroll, Newton Polytechnic, Des Moines Urban, and West Campus in West Des Moines call their main campus numbers. Evening counselor and advisor appointments available 4:00-7:00 pm. Monday-Thursday.

OFF-CAMPUS CREDIT

Off-Campus credit is an extension of the six DMACC Campuses and offers arts and sciences and business courses throughout the district, including Ames, Indianola and Urbandale high schools. The courses are normally scheduled in the evenings on Monday through Thursday, starting at 6:00 p.m. Many of the courses are "starter courses" and require students to take additional courses on campus, if they desire to complete a degree.

TRANSPORTATION INSTITUTE

To meet the increasing needs of transportation companies, the Transportation Institute provides training for people entering the industry as a commercial vehicle operator. Students train for ten weeks (320-hour non-credit program) using the U.S. Department of Transportation Model Curriculum. This program is one of approximately 50 in the U.S. which has been certified by the Professional Truck Drivers Institute of America. The Institute also conducts customized programs and services to individuals and companies such as: remediation, evaluation, and advanced driver programs.

We also have a 24 hour Train the Trainer Program that allows transportation carriers the opportunity to qualify their drivers to become certified driver finishers.

CHOOSING A CAREER PATH

The following steps may help you identify a program of study if you are uncertain of a career path.

STEP 1: Complete this Personal Career Profile. Circle items from each category listed below that describe you. Understanding your interest, values, skills and talents is helpful information when selecting a successful career and work environment.

PERSONAL CAREER PROFILE

Values	Skills	School Subjects	Interests
The most important for the work place are:	The skill areas I most like to use are	The subjects I did well in and enjoy are:	The interest areas values I enjoy most are:
To influence others	Reasoning	Office courses	People
To help others	Communicating	Math	Things (hands on)
To compete	Investigating	English	Data
To think creatively	Hands-on	Science	Ideas
To be flexible	Organizing	Social Sciences	Other _____
To acquire knowledge/skills	Managing	Fine Arts	
To be physically challenged	Analyzing	Computers	
To have power/prestige	Working with details	Business Courses	
To be financially secure	Initiating	Voc/Tech; i.e., construction,	
Other _____	Working under pressure	mechanics	
	Working as a team	Family/Consumer Science	
	Serving the customer	Foreign Language	
	Other _____	Other _____	

Other areas to consider are:

Special awards received	Hobbies	Special talents
Enjoyable work experience	Clubs and organizations	

Take the information you circled above and write a statement that may help summarize your career profile.

My career profile is: _____

_____

_____

_____

STEP 2: Complete the "Are You a Match?" activity found on the introductory page for each academic department included in this catalog. Compare the items you identified in your "Personal Career Profile" to the items checked in the "Are You a Match" activity. If there is a match, you may want to explore programs offered within that division. Select the programs that appear to meet most of the items you checked in both activities.

STEP 3: Schedule an appointment with the program counselor/advisor at the campus offering the program(s) that interest you. This appointment will provide you with more details about the program and its requirements and will help confirm your program choice.

STEP 4: Contact the counseling/advising staff at the campus you plan to attend for more in-depth career assistance if needed. The Ankeny and Urban Campuses can also provide additional resources and services through their Career Resource Centers.

EDUCATIONAL PROGRAMS
ARTS & SCIENCES

The Arts and Science curriculum at Des Moines Area Community College assists students in acquiring skills necessary for life-long learning. This curriculum allows students to meet the general education requirements for transfer to four-year colleges and universities. It may also prepare students for initial entry into an occupation, for advancement within their current occupation, or for a change in careers.

Des Moines Area Community College students have the option of completing an Associate in Arts degree or an Associate in Science degree. It is important that students work closely with a Des Moines Area Community College counselor or advisor to determine which degree option will meet their educational goals.

A third option for students is to earn the Associate in General Studies degree. This degree provides students an opportunity to select their coursework to meet specific educational goals and interests. It is important to note that the Associate in General Studies degree is generally not designed to meet college transfer requirements. Students wishing to complete an Associate in General Studies degree are encouraged to consult with a counselor or advisor in the Student Development Office for assistance in making appropriate course selection.

The Associate in Arts, Associate in Science, and the Associate in General Studies degree may be completed in two years as a full-time student.

DEGREES
ASSOCIATE IN ARTS
ASSOCIATE IN SCIENCES
ASSOCIATE IN GENERAL STUDIES

ARE YOU A MATCH?

This activity, "Are You a Match," lists statements describing several skills, values, and subjects that are important for individuals wanting general education. Check the statements that best describe you. Compare the results of this activity with the Personal Career Profile on page 41. If similar strengths and interests are identified, you may want to explore programs offered in this career field. Select the program of study that appears to meet most of the items marked in both activities.

Contact the campus offering the program(s) that interest you and make an appointment with the program advisor/counselor. This visit will provide you with more program details and will help confirm your program choice.

If you find yourself still uncertain about your career path, DMACC's Counseling Center can provide more in-depth career planning assistance. To help you with further self-exploration, occupational exploration, decision-making and developing a plan of action, call the counselor/advisor at your campus. The Career Resource Center staff on the Ankeny and Urban Campuses can also provide resources to help you.

Are you intending to transfer to a four-year school? Are you trying to determine a career world that is best for you? Do you need knowledge in a broad area of studies?

Check the activities that best describe you:

_____**Need credit** in an academic area to enter a four-year plan of study.

_____Want to **improve your skill** in a certain academic area.

_____Want to **explore courses** to determine areas of interest.

_____Interested in **problem solving, decision making, and critical** thinking skills.

_____Interested in learning about the **arts and humanities**.

_____Interested in learning about **people, culture, and social issues**.

_____Want to use **written and oral communication skills**.

ARTS & SCIENCES

The Arts and Sciences division of the College offers traditional college freshman/sophomore courses in communications, humanities, math, science, and social sciences. It provides liberal arts and preprofessional courses; paraprofessional courses in disciplines such as biotechnology, criminal justice, and human services; selected general education courses for vocational programs; and remedial courses in mathematics, reading, and writing for students who need academic assistance before undertaking college-level work.

Students who graduate from the Arts and Science division are expected to demonstrate the ability to think and to communicate effectively both orally and in writing; to use mathematics meaningfully, not just punch in numbers on a calculator; to understand the modes of inquiry of the major disciplines; to be aware of our culture and of other cultures and times; to achieve insights gained through experience in thinking about ethical problems; to develop the capacity for self-understanding and problem solving; and finally, to gain sufficient depth in some field of knowledge to contribute to society.

Expected educational results of Arts and Sciences coursework:

DMACC students will acquire skills for lifelong learning by

1. Understanding and demonstrating effective communication.
2. Understanding and demonstrating logical and critical thinking.
3. Developing an understanding of fundamental scientific principles and their application.
4. Developing an understanding of fundamental mathematical principles and their application.
5. Developing an understanding of human society and cross cultural variation and perspectives.
6. Developing a knowledge of and appreciation for the human condition as expressed in works of human imagination and thought.

ASSOCIATE IN ARTS DEGREE (AA)

The Associate in Arts Degree provides the courses of study equivalent to those offered to freshman and sophomore level students attending any four-year college/university. If students receive the AA from DMACC, this degree, for the most part, will meet the lower division requirements of four-year colleges/universities and will admit them to the junior status level. The degree requirements consist of both their general education requirements and elective courses to be used in preparation for a major area of study.

Students should contact the specific institution to which they wish to transfer regarding any unique requirements of that institution. The DMACC Advising and Counseling staff can also assist students with the transfer process. (See transfer tips in the Tips for Student Success section of the catalog.)

College transfer work is offered in the following disciplines:

Accounting	Law
Anthropology	Literature
Architecture	Mathematics
Art	Medicine
Business Administration	Music
Chemistry	Nursing
Chiropractic	Optometry
Computer Science	Pharmacy
Drama	Philosophy
Dentistry	Physics
Education	Political Science
Engineering	Psychology
English	Physician's Assistant
French	Sociology
Geography	Social Work
History	Spanish
Humanities	Speech
Journalism	Veterinary

Many four-year colleges/universities have developed jointly with DMACC articulation agreements and specific major transfer guides to assist students. Students should visit personnel from each college for the most current information.

AA Degree requirements

To receive an AA degree, students must

A. Maintain a 2.0 grade point average on all work applicable for the AA degree.
B. Earn at DMACC a minimum of 1/3 of the semester credit hours applicable to the degree being pursued. No more than 43 transfer semester credit hours may be applied toward the degree.
C. Complete the final 10 semester credit hours at DMACC (or petition to the Credentials Office for an exception).
D. Complete a minimum of 64 semester credit hours.
E. Include at least 48 semester credit hours of core courses.
   - Communications   9 credits
   - Social & Behavioral Sciences   9 credits
   - Math & Sciences   9 credits
   - Humanities   9 credits
   - Distributed requirements   12 credits
F. Include at least 16 semester credit hours of elective credit.

   1. Students may include 16 semester credit hours of vocational/technical credit.
   2. Students may have up to 8 semester credit hours of Independent Study Courses; up to 4 semester credit hours of Independent Study may be earned in any single semester.

A. Communications   9 Credits

NOTE: Students must take ENGL 117, ENGL 118 or ENGL 119, and a speech course. Students who plan to transfer to a four-year institute are advised to take ENGL 117 and ENGL 118.

ENGL 117	Composition I
ENGL 118	Composition II
ENGL 119	Technical & Business Writing
SPCH 110	Fundamentals of Speech
SPCH 111	Public Communication
SPCH 117	Interpersonal and Small Group Communication

B. Social and Behavioral Science   9 Credits

NOTE: Students must complete at least 3 courses. Each course must be from a distinct discipline (reflected by a distinct acronym).

ANTH 120	Introduction to Anthropology
ANTH 121	Cultural Anthropology
ECON 101	Principles of Macroeconomics
ECON 102	Principles of Microeconomics
GEOG 141	Intro to Geography
GEOG 147	Developed World
GEOG 148	Third World
HIST 121	Western Civilization Beg to 1715
HIST 122	Western Civilization 1715 to Present
HIST 124	American History 1492 to 1877
HIST 125	American History 1877 to Present
PLSC 111	American National Government
PLSC 112	State & Local Government
PLSC 121	World Politics
PLSC 122	Comparative Political Systems
PLSC 126	Intro to Public Administration
PSCH 101	General Psychology
PSCH 103	Developmental Psychology
PSCH 104	Abnormal Psychology
PSCH 105	Social Psychology
PSCH 108	Human Sexuality & Gender Roles
SOCY 101	Intro to Sociology
SOCY 102	Social Issues
SOCY 103	Courtship, Marriage & Family
SOCY 105	Race, Ethnic & Gender Relations

ARTS & SCIENCES

C. Mathematics & Sciences   9 Credits
NOTE : Students must take one laboratory science course from BIOL, CHEM, or PHYL and BSAD 152 or one MATH course listed below.

BIOL 118	Environmental Conservation
BIOL 119	Environmental Conservation Lab (if student has credit for BIOL 118)
BIOL 126	Field Biology
BIOL 127	Human Biology
BIOL 141	Principles of Biology I
BIOL 142	Principles of Biology II
BIOL 144	General Zoology
BIOL 147	Intro to Botany
BIOL 149	General Microbiology
BIOL 154	General Anatomy & Physiology
BSAD 152	Business Statistics (Or MATH 121 Elementary Statistics)
CHEM 120	Survey of Chemistry
CHEM 131	General Chemistry I
CHEM 132	General Chemistry II
CHEM 151	General/Inorganic Chemistry I
CHEM 152	General/Inorganic Chemistry II
CHEM 161	Organic Chemistry I
CHEM 162	Organic Chemistry II
MATH 115	Finite Mathematics
MATH 118	Math for Elementary Educators
MATH 121	Elementary Statistics (OR BSAD 152 Business Statistics)
MATH 122	Calculus for Business/Social Science
MATH 123	Trigonometry
MATH 124	Precalculus
MATH 129	Calculus I
MATH 130	Calculus II
MATH 132	Differential Equat/Laplace Trans
PHYL 106	Survey of Physical Science
PHYL 111	College Physics I
PHYL 112	College Physics II
PHYL 121	Classical Physics I
PHYL 122	Classical Physics II

D. Humanities   9 Credits

ARTS 101	Art Appreciation
DRAM 110	Intro to Theatre
FREN 101	Elementary French I
FREN 102	Elementary French II
FREN 103	Intermediate French I
FREN 104	Intermediate French II

LITR 121	Major British Writers
LITR 122	Major American Writers I
LITR 123	Major American Writers II
LITR 125	Contemporary Literature
LITR 130	Science Fiction
LITR 131	Detective Fiction
LITR 132	Humor
LITR 133	Black American Literature
LITR 134	Women's Literature
MUSI 130	Music Appreciation
MUSI 131	Intro to Music
PHIL 110	Intro to Philosophy
PHIL 111	Intro to Logic
PHIL 112	Ethical Problems
PHIL 113	Comparative Religions
SPAN 101	Elementary Spanish I
SPAN 102	Elementary Spanish II
SPAN 103	Intermediate Spanish I
SPAN 104	Intermediate Spanish II

E. Distributed Requirement   12 Credits

Complete 12 additional credits from any of the courses in categories A,B,C,D.

F. Electives   16 Credits

1. Students may include no more than 16 semester credit hours of vocational courses.
2. Students may have up to 8 semester credit hours of Independent Study courses; up to 4 semester credit hours of Independent Study may be earned in any single semester.

ASSOCIATE IN SCIENCE DEGREE (AS)

The Associate in Science degree is awarded upon satisfactory completion of a program of college-level courses designed to prepare students for transfer to a four-year college/university or for skills preparation for entry level employment in a specific occupation (Career Option Programs) where a bachelor's degree is usually needed. For advancement in the field, a bachelor's degree is typically required.

Career Option Programs available at DMACC are:

> Accounting Paraprofessional
> Biotechnology
> Management Information Systems
> Business Administration
> Early Childhood Education
> Criminal Justice
> Exercise Science
> Fire Science
> Human Services
> Legal Assistant

Information on each program is found in this catalog. See Index for page numbers.

Associate in Science requirements
To receive an AS degree, students must

A. Maintain a 2.0 grade point average on all work applicable for the AS degree.
B. Earn at DMACC a minimum of 1/3 of the semester credit hours applicable to the degree being pursued. No more than 43 transfer semester credit hours may be applied toward the degree.
C. Complete the final 10 semester credit hours at DMACC (or petition to the Credentials Office for an exception).
D. Complete a minimum of 64 semester credit hours.
E. Include at least 28 semester credit hours of core courses.

• Communications	9 credits
• Social & Behavioral Sciences	6 credits
• Math & Sciences	6 credits
• Humanities	3 credits
• Distributed requirements	4 credits

F. Include at least 36 semester credit hours of elective credit.

AS Core Requirements

A. Communication   9 credits
NOTE: Students must take ENGL 117, ENGL 118 or ENGL 119, and a speech course. Students who plan to transfer to a four-year institute are advised to take ENGL 117 and ENGL 118.

ENGL 117	Composition I
ENGL 118	Composition II
ENGL 119	Technical & Business Writing
SPCH 110	Fundamentals of Speech
SPCH 111	Public Communication
SPCH 117	Interpersonal and Small Group Communication

B. Social and Behavioral Science   6 credits

E.   Distributed Requirement   4 credits
Select the remainder from any of the courses in categories A,B,C,D.

F.   Electives   36 credits

1. Students may include no more than 16 semester credit hours of vocational courses.
2. Students may include up to 8 semester credit hours of Independent Study courses; up to 4 semester credits of Independent Study may be earned in any single semester.

ASSOCIATE IN GENERAL STUDIES

The Associate in General Studies degree (AGS) provides students an opportunity to select their coursework to meet specific educational goals and interests. The AGS degree is generally not designed to meet college transfer requirements. Students wishing to complete an AGS degree are encouraged to consult with a counselor or advisor in the Student Development Office for assistance.

Associate in General Studies requirements:
To receive an AGS degree, students must

A. Maintain a 2.0 grade point average on all work applicable for the AGS degree.
B. Earn at DMACC a minimum of 1/3 of the semester credit hours applicable to the degree being pursued. No more than 43 transfer semester credit hours may be applied toward the degree.
C. Complete the final 10 semester credit hours at DMACC (or petition to the Credentials Office for an exception).
D. Complete a minimum of 64 semester credit hours.
E. Satisfy the following core.

• Communications	3 credits
• Social & Behavioral Science/Humanities	3 credits
• Math or Sciences	3 credits
• Distributed requirements	3 credits

F. Complete 52 credits of elective coursework.

Students may include no more than 8 semester credit hours of Independent Study courses; no more than 4 semester credits of Independent Study may be earned in any single semester.

AGS Core Requirement Classes (12 credit hours)

A. Communications   3 Credits

ENGL 410	Communication Skills
ENGL 117	Composition I
ENGL 118	Composition II
ENGL 119	Technical and Business Writing
OFFC 205	Business English

B. Social and Behavioral Sciences/Humanities 3 Credits

D. Distributed Requirement   3 Credits

Choose one course from A, B, or C above or SPCH 110 or SPCH 111 or SPCH 117 or ELEM 451.

E. Electives   52 Credits

Students may include no more than 8 semester credit hours of Independent Study courses; no more than 4 semester credits of Independent Study may be earned in any single semester.

Total AGS Degree Requirements   64 credits

AGRICULTURAL/NATURAL RESOURCES

These programs are designed for students interested in careers in the rapidly expanding fields of agri-business, biotechnology, and commercial horticulture.

The Agri-Business program is designed to prepare students for the rapidly expanding food fiber and natural resources industry. Students are given an option of emphasizing agricultural supply and service, farm management or veterinary technician.

The Biotechnology program is designed to prepare students to work as Biotechnology technicians in this rapidly expanding field which includes research, and development, quality control, manufacturing, or related areas. This program prepares students for various careers from developing improved seed corn to using DNA testing technology in crime labs.

The Commercial Horticulture program provides students with technical training in the broad horticultural field through classroom, greenhouse, turf lab, tree nursery and practical on-the-job employment experiences.

ARE YOU A MATCH?

This activity, "Are You a Match," lists statements describing several skills, values, and subjects that are important for individuals wanting general education. Check the statements that best describe you. Compare the results of this activity with the Personal Career Profile on page 41. If similar strengths and interests are identified, you may want to explore programs offered in this career field. Select the program of study that appears to meet most of the items marked in both activities.

Contact the campus offering the program(s) that interest you and make an appointment with the program advisor/counselor. This visit will provide you with more program details and will help confirm your program choice.

If you find yourself still uncertain about your career path, DMACC's Counseling Center can provide more in-depth career planning assistance. To help you with further self-exploration, occupational exploration, decision-making and developing a plan of action, call the counselor/advisor at your campus. The Career Resource Center staff on the Ankeny and Urban Campuses can also provide resources to help you.

Are you a nature lover? Are you practical, curious about the physical world, and interested in plants and animals?
Check the activities that best describe you:
____ Like to work **outdoors**
____ Have knowledge in **science**
____ Would enjoy growing and selling horticulture **products**
____ Would enjoy **managing** a farm or livestock operation
____ Enjoy **finding solutions** to problems
____ Prefer **physical activity**
____ **Managing/marketing** an agri-related business?

AGRICULTURAL/NATURAL RESOURCES

DEGREES

AGRI-BUSINESS

The Agri-Business program is designed to prepare students for the rapidly expanding food fiber and natural resources industry. Students are given an option of emphasizing agricultural supply and service, farm management or veterinary assistant.

This program provides the student with training in the latest developments in technical agriculture in both the classroom and industry settings. The program also includes on-the-job employment experience in the industry.

Those graduates electing the agricultural supply and service option will be capable of filling entry-level jobs including agronomist, livestock, grain and petroleum marketing specialist. Other job opportunities may be found within the seed, chemical, banking and commodity brokerage industry.

Graduates electing the farm management option enter production agriculture or find employment as a farm management specialist.

Graduates electing the veterinary assistant emphasis will find employment in local veterinary clinics and animal care facilities.

Students should visit with program instructors and counselors for information regarding courses that transfer to four-year institutions.

Location: Ankeny
Selected courses in this program are offered at other campuses.

Program Entry Requirements
Complete an application, satisfy the assessment requirement and attend any required information/registration session. Students start any term.

Graduation Requirements
To earn an Agri-Business AAS degree, students must complete all course work as prescribed and maintain a 2.0 grade point average.

Required Courses

AGRI201	Feeding & Animal Nutrition I		3
AGRI203	Feeding & Animal Nutrition II		3
AGRI411	Agricultural Economics		3
COMS181	Introduction to Computer Literacy		3
COOP220	Career-Seeking Skills		2
SPCH110	Fundamentals of Speech		3

Option Courses–Select 1 Course From Each Option

MATH115	Finite Mathematics	Opt1	4
MATH410*	Mathematics for Technicians I	Opt1	3
ACCT101	Principles of Accounting I	Opt2	4
ACCT301*	Accounting Fundamentals	Opt2	3
ENGL117	Composition I	Opt3	3
ENGL410*	Communication Skills	Opt3	3
MGMT203	Human Relations in Business	Opt4	3
PSCH101	General Psychology	Opt4	3
SOCY101	Introduction to Sociology	Opt4	3

Option Courses–Select 4 Courses From Option 5

AGRI304	Swine Production and Management	Opt5	3
AGRI305	Beef Production and Management	Opt5	3
AGRI306	Advanced Crop Management	Opt5	3
AGRI322	Agribusiness Management	Opt5	3
AGRI323	Farm Management	Opt5	3
AGRI333	Petroleum Products in Agriculture	Opt5	3
BUSL101	Business Law I	Opt5	3
MKTG103*	Principles of Selling	Opt5	3

In addition to the above listed required and option courses students must choose one of the following plans:

Plan 1. Agribusiness Emphasis
Additional Required Courses

AGRI202	Crop Scouting	3
AGRI204*	Animal Science	3
AGRI206	Crop Management	3
AGRI207	Livestock Disease Prevention	3
AGRI209*	Soils Laboratory	1
AGRI216	Commodity Marketing	3
AGRI217	Precision Agriculture Applications	3
AGRI219	Soils and Fertilizers	3
AGRI421	Chemical Technology	3
AGRI430	Agribusiness Internship I	2
AGRI436	Grain Management	2
AGRI455	Agribusiness Internship II	2

AGRI432	Veterinary Internship II	3

Total minimum credits required to complete this program- Plan 2   **66**

BIOTECHNOLOGY

The Biotechnology program is designed to prepare students to work as Biotechnology technicians in this rapidly expanding field which includes research, and development, quality control, manufacturing, or related areas. Biotechnology is a broad term spanning several different disciplines and specific career opportunities could require skills related to genetic engineering of plants or microorganisms, gene therapy to correct human health problems, DNA fingerprinting, vaccine development, or production of food, drugs and other consumer products.

The program is structured to allow students to develop marketable job skills while incorporating the requirements for a two-year liberal arts degree. Most of the credits will transfer to four-year institutions. The program includes many lab-based courses, which enables students to apply what they learn in chemistry, math and statistics, biology, microbiology, genetics and molecular biology. Specific skills such as written and oral communications, critical thinking, problem-solving, computer skills and small group collaboration are an integral part of the program. Students participate in internship in cooperation with potential employers.

Students planning to transfer to a four-year program after completion of this program should consider taking CHEM151 and 152 (instead of CHEM131 and 132) and CHEM161 and 162, depending on the program being considered. In addition, many programs will require calculus (MATH129 and/or 130), and physics (PHYL121 and 122 or PHYL111 and 112). Additional credit hours in humanities and the social sciences may also be helpful. Please check with the program chairperson for Biotechnology or an advisor for additional information or assistance.

Location: Ankeny
Selected courses in this program are offered at other campuses.

Program Entry Requirements
One year each of high school biology and chemistry or DMACC equivalents, two years of high school algebra or MATH092 and 094 and satisfactory writing skills. Complete an application, satisfy the assessment requirement and attend any required information/registration session. Students start fall or spring term.

Graduation Requirements
To earn a Biotechnology AS degree, a student must complete all course work as prescribed and maintain a 2.0 grade point average.

Required Courses

BIOL141	Biology I	4
BIOL142	Biology II	4
BIOL149	General Microbiology	4
BIOL161	Cell and Molecular Biology I	5
BIOL162	Cell and Molecular Biology II	5
BIOL165	Genetics	3

Select 3 Credits From Option 1 and 6 Credits From Option 2

Core Humanities		Opt1	3
Core Social and Behavioral Sciences		Opt2	6

Total minimum credits required to complete this program   **64**

COMMERCIAL HORTICULTURE

The Commercial Horticulture program provides students with technical training in the broad horticultural field through classroom, greenhouse, turf lab, tree nursery and practical on-the-job employment experiences.

Graduates of the program will be capable of filling jobs in fields such as greenhouse operator and management involving greenhouse production, scheduling and marketing, landscaping involving design, planting and maintaining trees, shrubs, turf and foliage plants for the beautification of home grounds, commercial, public and recreation. Other jobs may include turf management involving establishing, managing and maintaining grassed areas for ornamental and/or recreational purposes; nursery operation and management concerned with the production of trees, shrubs and turf for the purpose of transplanting or propagating them. Employment may also be found in garden center merchandising and management, merchandising of flowers and foliage plants and their design.

In addition to the required and option courses listed, there are five elective courses that may be taken for additional credit. Those courses are COMH433 Irrigation Systems, COMH435 Sports Turf, COMH483 Plant Propagation II, COMH497 Floral Design I and COMH485 Floral Design II.

Location: Ankeny

Program Entry Requirements
Complete an application, satisfy the assessment requirement and attend any required information/registration session. Students start any term.

Graduation Requirements
To earn a Commercial Horticulture AAS degree, a student must complete all course work as prescribed and maintain a 2.0 grade point average.

CERTIFICATES OF SPECIALIZATION
AGRI-BUSINESS - AGRONOMY

The Agronomy certificate prepares the student for an entry-level position in the agronomic field. Upon completion, the successful candidate will be able to formulate fertilizers, identify weeds, insects, and soil nutrient deficiencies. Marketing skills will be enhanced through the application of enterprise analysis and current commodity management tools.

The course work within this certificate will serve as a strong preparatory base for the "Certified Crop Advisor" (CCA) program.

Required Courses

AGRI202	Crop Scouting	3
AGRI206	Crop Management	3
AGRI209*	Soils Laboratory	1
AGRI216	Commodity Marketing	3
AGRI217	Precision Agriculture Applications	3
AGRI219	Soils and Fertilizers	3
AGRI306	Advanced Crop Management	3

Option Courses. . . Select 1 Course from Option 1

AGRI421	Chemical Technology	Opt1	3
AGRI430	Agribusiness Internship I	Opt1	2
AGRI436	Grain Management	Opt1	2

Total credits required to complete this certificate   **21**

Agricultural/Natural Resources

Agri-Business - Animal Science

The Animal Science certificate prepares the student for an entry-level position in the livestock industry. Upon completion, the successful candidate will be able to formulate livestock rations, identify common diseases, and select appropriate facilities for livestock handling. Marketing skills will be enhanced through the application of enterprise analysis and current commodity management tools.

Required Courses

AGRI201	Feeding and Animal Nutrition I		3
AGRI203	Feeding and Animal Nutrition II		3
AGRI204*	Animal Science		3
AGRI207	Livestock Disease Prevention		3
AGRI216	Commodity Marketing		3
AGRI430	Agribusiness Internship I		2

Option Courses–Select 1 Course from Option 1

AGRI304	Swine Production and Management	Opt1	3
AGRI305	Beef Production and Management	Opt1	3

Total credits required to complete this certificate   20

Agri-Business - Farm Management

The Farm Management certificate prepares the student for an entry-level position in farm management. Upon completion, the successful candidate will be able to operate an entrepreneurial enterprise in the crop or livestock industry. Marketing skills will be enhanced through the application of enterprise analysis and current commodity management tools.

Required Courses

AGRI202	Crop Scouting		3
AGRI204*	Animal Science		3
AGRI206	Crop Management		3
AGRI216	Commodity Marketing		3
AGRI323	Farm Management		3
AGRI411	Agricultural Economics		3

Option Courses–Select 1 Course from Option 1

ACCT301*	Accounting Fundamentals	Opt1	3
AGRI430	Agribusiness Internship I	Opt1	2
BUSL101	Business Law	Opt1	3
COMS181	Introduction to Computer Literacy	Opt1	3

Total credits required to complete this certificate   20

Agri-Business - Sales/Service

The Sales/Service certificate prepares the student for an entry-level position in the agricultural sales and service industry. Upon completion, the successful candidate will be able to utilize a general knowledge of the industry to more effectively serve the customers within the sales and service sector. Marketing skills will be enhanced through the application of enterprise analysis and management tools.

Required Courses

AGRI204*	Animal Science		3
AGRI206	Crop Management		3
AGRI216	Commodity Marketing		3
AGRI322	Agribusiness Management		3
AGRI411	Agricultural Economics		3

PSCH101	General Psychology	Opt1	3
SOCY101	Introduction to Sociology	Opt1	3

Total credits required to complete this certificate   20

Greenhouse Production

The Greenhouse Production certificate will allow students to earn recognition for work completed in the area of greenhouse production. This certificate will provide students with the opportunity to develop specific skills related to horticulture chemicals, botany, and greenhouse production techniques.

Required Courses

AGRI209	Soils Laboratory	1
AGRI219	Soils & Fertilizers	3
COMH410	Intro to Greenhouse	3
COMH411	Horticulture Chemical Techniques	2
COMH450	Botany	3
COMH478	Plant Propagation I	3
COMH490	Greenhouse Production Techniques	3
MATH410	Mathematics for Technicians I	3

Total credits required to complete this certificate   21

These credits are applicable to the AAS degree in Commercial Horticulture

Turf Maintenance

The Turf Maintenance certificate will allow students to earn recognition for work completed in the area of turf maintenance. This certificate will provide students with the opportunity to develop specific skills related to the maintenance of such turf grass areas as lawns, parks, sports fields, and golf courses.

Required Courses

AGRI209	Soils Laboratory	1
AGRI219	Soils and Fertilizers	3
COMH411	Horticulture Chemical Technology	2
COMH433	Irrigation Systems	2
COMH435	Sports Turf	2
COMH437	Turf I	2
COMH455	Turf II	3
MATH410	Mathematics for Technicians I	3

Option Courses–Select 1 Course from Option 1

BIOL118	Environmental Conservation	Opt1	3
COMH450	Botany	Opt1	3

Total credits required to complete this certificate   21

Veterinarian Assistant I

The Veterinarian Assistant I certificate prepares the student for an entry-level position in the animal care industry. Upon completion, the successful candidate will be abe to handle animals safely, convey customer concerns and work with the veterinarian. Skills will be enhanced through an understanding of terminology, pharmacology, anatomy and nursing procedures. An internship has been included.

Required Courses

AGRI201	Feeding & Animal Nutrition I	3
AGRI340	Veterinary Terminology	1
AGRI341	Veterinary Pharmacology	1
AGRI342	Animal Behavior/Kennel Management	1
AGRI343	Animal Anatomy & Physiology I	3
AGRI344	Animal Nursing I	3
AGRI345	Veterinary Clinic Pathology I	3
AGRI431	Veterinary Internship I	1

Total credits required to complete this certificate   16

Veterinarian Assistant II

The Veterinarian Assistant II certificate enhances the student's knowledge base for a position in the animal care industry. Upon completion, the student will be able to perform surgical preparation and assist the veterinarian with surgery. Skills will be enhanced through advanced anatomy, pathology and nursing procedures. An internship has been included.

Required Courses

AGRI346	Animal Anatomy & Physiology II	3
AGRI347	Veterinary Clinic Pathology II	3
AGRI348	Animal Nursing II	3
AGRI432	Veterinary Internship II	3

Total credits required to complete this certificate   12

ART

These programs provide students with the opportunity to gain experience in several media or to concentrate on a special area of interest. Instruction is offered in desktop publishing, design, typography and illustration, photography, printing, airbrush, lettering and copy preparation.

The development of portfolio quality work is stressed. When the program is completed, students may find employment in art studios, advertising agencies, in-house art departments, printing companies, publishing firms, and other businesses in need of creative communications.

ARE YOU A MATCH?

This activity, "Are You a Match," lists statements describing several skills, values, and subjects that are important for individuals wanting general education. Check the statements that best describe you. Compare the results of this activity with the Personal Career Profile on page 41. If similar strengths and interests are identified, you may want to explore programs offered in this career field. Select the program of study that appears to meet most of the items marked in both activities.

Contact the campus offering the program(s) that interest you and make an appointment with the program advisor/counselor. This visit will provide you with more program details and will help confirm your program choice.

If you find yourself still uncertain about your career path, DMACC's Counseling Center can provide more in-depth career planning assistance. To help you with further self-exploration, occupational exploration, decision-making and developing a plan of action, call the counselor/advisor at your campus. The Career Resource Center staff on the Ankeny and Urban Campuses can also provide resources to help you.

Are you a creative thinker? Are you imaginative, innovative and original?

Check the activities that best describe you:

____Operate **computers**

____Create or copy **drawings** to use in advertising

____Enjoy **expressing** my feelings

____Can visually express **ideas**

____Have good **spatial perception**

____Work **well** under **stress**

ART

DEGREES

COMMERCIAL ART

The Commercial Art program prepares students for a career in graphic communications. Skills emphasized stress the ability to successfully design and produce a wide variety of materials for use in this challenging field. The development of "portfolio quality" work is stressed throughout the training program.

Courses utilizing the traditional methods along with desktop publishing prepare students for entry level positions. Required courses such as design, typography, electronic photoediting and computer graphics allow students to seek advanced opportunities. Electives in photography, printing, airbrush and advanced computer graphics will allow students to specialize.

Internship and portfolio preparation courses focus on the placement of students in the "real world." Instructors have all been employed in the career field and are teaching courses directly related to their expertise.

When the program is completed, students may find employment in art studios, advertising agencies, in-house art departments, printing companies, publishing firms, and other establishments in need of creative communications.

Location: Ankeny

Program Entry Requirements
Complete an application and attend a Commercial Art Realities Exploration Day, obtaining a satisfactory score on an art portfolio. Although not a requirement for acceptance into this program, students are encouraged to take the COMPASS assessment. Students start fall term.

Graduation Requirements
To earn a Commercial Art AAS degree, a student must complete all course work as prescribed and maintain a 2.0 grade point average.

Required Courses

GRAPHIC ARTS

Graphic Arts is the study of producing printed material. This means students learn the basics of design and layout, with a focus on what steps it takes to have the artwork printed. The curriculum and instruction are geared to provide both lecture and hands-on settings which will introduce and develop the student's knowledge and skill in the fast paced and high tech field of Graphic Arts.

The DMACC Graphic Arts program is designed to provide graduates with the knowledge needed to enter any number of career options in the graphic arts industry. The program will provide students with hands-on training in the following areas: press operations, film assembly, basic design concepts and desktop publishing.

Graduates of the Graphic Arts program will find employment in an industry that is needing more qualified individuals. Graphic Arts/Printing is the third largest industry in the United States and the second largest in Iowa. It offers a wide variety of exciting career options and opportunities for advancement.

Upon successful completion of Terms 1, 2, and 3 of the Graphic Arts curriculum a student may receive a diploma. By completing the diploma program and Term 4, a student may receive an AAS Degree.

Location: Ankeny

Program Entry Requirements
Complete an application, satisfy the assessment requirement and attend the required Graphic Arts program information session. Obtain a satisfactory score on an English proficiency assessment or equivalent. Students start fall term.

Graduation Requirements
To earn a Graphic Arts diploma or AAS degree, a student must complete all course work as prescribed and maintain a 2.0 grade point average.

ART

CERTIFICATES OF SPECIALIZATION

AIRBRUSH ART

The purpose of the Airbrush Art certificate is to provide design theory and practice in the techniques of airbrush regardless of the specialized application.

Airbrush is used in practically every phase of the commercial art field--in illustration, such as figure, mechanical, advertising, architectural, and technical illustration; and in design, such as textile, plastic products, greeting cards, and posters.

Required Courses

CART449	Airbrush I	4
CART451	Airbrush II	4

Total credits required to complete this certificate   8

GRAPHIC ARTS

The Graphic Arts certificate is designed for individuals with prior graphic arts experience who are looking to update their skills or are seeking advancement in the graphic arts/printing industry. The program will provide up-to-date technical information regarding tools, equipment and processes.

The curriculum and instruction are geared to provide both lecture and laboratory settings that will build upon the individual's prior knowledge and experience. Instruction and practical experience will be provided in offset duplicators, process camera techniques, film assembly and carrier preparation, as well as offset press, advanced camera, contacting and four-color stripping.

Required Courses

GRPH410	Press I	4
GRPH412	Graphic Prepress I	4
GRPH413	Graphic Prepress II	4
GRPH420	Press II	4
GRPH421	Electronic Prepress I	4
GRPH426	Graphic Arts Design II	4

Total credits required to complete this certificate   24

PRODUCTION ART

The purpose of the Production Art certificate is to provide training for entry-level positions as production artists in large printing and publishing companies and companies with small publications departments.

Required Courses

CART407	Production Art I	3
CART415	Production Art II	3

Total credits required to complete this certificate   6

BUSINESS & INFORMATION MANAGEMENT

The business curriculum is designed to help students develop critical thinking skills, communication skills, and technical and professional skills with an emphasis toward problem-solving and decision making.

Programs offer two-year degrees leading to direct employment as well as degrees designed to transfer to a four-year college or university.

DIPLOMAS AND DEGREES

ACCOUNTING & BOOKKEEPING

The Accounting and Bookkeeping program prepares students for a career in the field of accounting. Upon graduation, the student will be able to distinguish, analyze, summarize, communicate, and record business transactions.

Technical courses in taxes, payroll, computers, and accounting allow students to seek advanced level placement. The internship part of the program provides a professional work environment under the combined guidance of a faculty member and a cooperating employer where many of the skills and procedures studied in the classroom are observed and practiced.

Employment opportunities are currently found in commercial businesses, government offices, public accounting firms, and similar establishments.

Locations: Boone, Urban
Selected courses in this program are offered at other campuses.

Program Entry Requirements
Complete an application, satisfy the assessment requirement and attend any required information/registration session. Students start fall term.

Graduation Requirements
To earn an Accounting and Bookkeeping diploma, a student must complete all course work as prescribed and maintain a 2.0 grade point average.

ACCOUNTING INFORMATION SYSTEMS

The Accounting Information Systems program prepares students to work in the accounting profession and act as a liaison between the accounting and computer programming departments. The emphasis is on strong information technology skills in addition to the traditional accounting skills in order to enhance the use of both commercial and customized accounting software and spreadsheets. The program is 64 credits and can be completed in four regular semesters. Math skills are extremely important for this program. Students need to have completed high school Algebra II or higher with a grade of "C" or better or MATH094 and MATH 115 at DMACC to be prepared for the math requirements in this program.

Locations: Boone, Urban
Selected courses in this program are offered at other campuses.

Program Entry Requirements
Complete an application, satisfy the assessment requirement and attend any required information/registration session. Successful completion of OFFC329 Keyboarding I or keyboarding skills of 25 WPM. Students start fall term.

Graduation Requirements
To earn an Accounting Information Systems AS degree, a student must complete all course work as prescribed and maintain a 2.0 grade point average.

Required Courses

ACCT101	Principles of Accounting I	4
ACCT102	Principles of Accounting II	4

ACCOUNTING PARAPROFESSIONAL

The Accounting Paraprofessional program prepares the student for a career in the field of accounting. It is a pre CPA track that will be articulated with designated four-year institutions to facilitate the student obtaining a Bachelor's degree. Upon graduation, the student will be able to distinguish, analyze, summarize, communicate and record business transactions.

Students in the program complete general education core requirements and accounting speciality courses. Professional and ethical behavioral case studies for business, as well as oral and written communication, are integrated throughout the program. The program offers technical courses in computerized accounting allowing students to seek advanced level placement as paraprofessionals in accounting firms or other businesses in the community. Math skills are extremely important for this program. Students need to have completed high school Algebra II or higher with a grade of "C" or better or MATH094 and MATH 115 at DMACC to be prepared for the math requirements in this program.

A program chairperson, a program counselor and experienced faculty are available to assist students with educational and career planning and the articulation with the four-year institution.

Graduates of the Accounting Paraprofessional program are employed in commercial businesses, government and public accounting firms.

Locations: Ankeny, Boone, Carroll, Urban
Selected courses in this program are offered at Newton.

Program Entry Requirements
Complete an application, satisfy the assessment requirement and attend any required information/registration session. Students start any term.

Graduation Requirements
To earn an Accounting Paraprofessional AS degree, a student must complete the standard core requirements for the degree plus the Accounting Paraprofessional required courses and maintain a 2.0 grade point average. A grade of "C" or better is required in all ACCT course work.

ACCOUNTING SPECIALIST

The Accounting Specialist program prepares the student for a career in the field of accounting. Upon graduation, the student will be able to distinguish, analyze, summarize, communicate and record business transactions. The program offers technical courses in intermediate accounting and computers, allowing students to seek advanced level placement. Math skills are extremely important for this program. Students need to have completed high school Algebra II or higher with a grade of "C" or better or MATH094 and MATH 115 at DMACC to be prepared for the math requirements in this program.

Oral and written communication is integrated throughout. The internship part of the program provides a professional work environment under the combined guidance of a faculty member and a cooperating employer where many of the skills and procedures studied in the classroom are observed and practiced.

Employment opportunities are found in commercial businesses, government offices, public accounting firms and similar establishments.

Locations: Boone, Urban
Selected courses in this program are offered at other campuses.

Program Entry Requirements

Complete an application, satisfy the assessment requirement and attend any required information/registration sessions. Students start any term.

Graduation Requirements

To earn an Accounting Specialist AAS degree, a student must complete the requirements for the degree, maintain a 2.0 grade point average, and receive a grade of "C" or above in all ACCT course work.

BUSINESS ADMINISTRATION

The Business Administration program offers the student a number of career and educational opportunities. The curriculum is designed for career oriented students who desire career positions in business; college transfer students who wish to complete a four-year degree; working adults who want to complete their associate degree, gain advancement opportunities, or who are considering a career change.

Unique features of the Business Administration curriculum include: introductory business studies in business administration areas, a complement of arts and science transfer courses, and an Associate in Science degree.

This program helps prepare the student for a career, or should the student decide to transfer to a four-year college, this program provides a curriculum that will satisfy most freshman and sophomore Business Administration requirements of four-year colleges. The Student Development Office can provide course check sheets from the various colleges identifying which DMACC courses should be taken for college transfer. Students planning on transferring to a four-year college should contact a counselor or advisor for course planning assistance.

Locations: Ankeny, Boone, Carroll, Newton, Urban

Program Entry Requirements

Complete an application, satisfy the assessment requirement and attend any required information/registration session. Students start any term.

Graduation Requirements

To earn a Business Administration AS degree, a student must complete the standard core requirements for the degree, plus the Business Administration required courses and options and maintain a 2.0 grade point average.

Required Courses

	Complete AS Degree Core Requirements	28
ACCT101	Principles of Accounting I	4
ACCT102	Principles of Accounting II	4
BSAD150	Intro to Business	3
BUSL101	Business Law I	3
COMS181	Intro to Computer Literacy	3
ECON101	Principles of Macroeconomics	3
ECON102	Principles of Microeconomics	3

NOTE: ECON101 and ECON102 can be used to satisfy the Social and Behavioral Sciences component of the AS core. Students choosing this option will need to complete an additional 6 credit hours from either core or elective course work to meet program requirements.

In addition to the required courses students must choose one of the following plans:

1. College Transfer Plan

Students planning to transfer to a four-year institution should complete:

Additional AS Degree Core Requirement Courses	6
Electives	7

Students should contact a counselor or academic advisor to assure transferrability of courses to the four-year institution.

2. General Business Option Course Plan– Select 4 Courses From Option 1

BSAD151	Personal Finance	Opt1	3

BUSINESS INFORMATION SYSTEMS

The Business Information Systems program is intended for the student who is interested in a programming career in a client/server environment or in the areas of electronic commerce or database applications. This is especially true of the career opportunities in the PC-related programming fields as well as the newer fields of electronic commerce and databases.

The BIS degree will allow a student to study a variety of different areas related to PC programming and related applications. This program emphasizes flexibility to allow a student to take courses that relate to specific areas of interest. It is also possible for the student to take course work from several different but related areas of study. For example: many electronic commerce applications use databases as an integral part of their business. These combined skills will give the student a more marketable background.

Information Technology careers require more diversity of skills and abilities than in the past. Employers are looking for employees with a variety of skills in related areas. Many projects today require a variety of computer-related skills and business knowledge. This degree will address those demands through more flexible course selection and exposure to a variety of programming skills and tools.

Location: Ankeny, Newton, Urban, West
Selected courses in this program are offered at other campuses.

Program Entry Requirements

Complete an application, satisfy the assessment requirement and attend any required information/registration session. Students start any term.

Graduation Requirements

To earn a Business Information Systems AAS degree, a student must complete all course work as prescribed and maintain a 2.0 grade point average.

FASHION/DESIGN

Challenges and rapid advancement opportunities set in an exciting atmosphere of change, fast paced business decisions and competition are offered to you in a fashion career. Take part in the action where style becomes a way of expression in apparel and accessories as well as interior design. A career in the fashion industry could include management, designing, buying, marketing or promotion, sales, customer service or visual merchandising.

The curriculum has been designed with the help of employers in both the apparel and interior design industries. Many students achieve management positions upon graduation or shortly thereafter because of the specialized course work and individual effort. Graduates interested in apparel design or interior design usually transfer to a four year program.

Instruction is based upon lectures, labs, internship, speakers and a variety of conferences and field studies in fashion centers such as New York City. These activities offer the student a chance to interact with key industry professionals and develop an invaluable employment network.

Two majors are offered in the Fashion program. Upon successful comple-

BUSINESS & INFORMATION MANAGEMENT

tion of the Fashion/Design program students will receive an AAS degree. Students with a shorter term educational goal may receive a diploma.

Fashion/Design emphasizes career development along with transfer options for students planning on attending a four year college. Contact a DMACC Fashion/Design instructor, counselor or advisor for transfer planning assistance.

Location: Ankeny
Selected courses in this program are offered at other campuses.

Program Entry Requirements
Complete an application, satisfy the assessment requirement and attend any required information/registration session. Students start any term.

MANAGEMENT

The Management program will prepare you with people skills and organizational systems knowledge to succeed and earn promotions in the company or institutional environment of your choice. Experience and leadership skills are gained through on-the-job training and participation in a local, state and national management development association.

Course work in the management program includes: communications and human relations, management and supervision, information processing, problem solving and computer applications, team building and leadership development, and organizational and human resource development.

Graduates of the program have found positions as general managers, supervisors, assistant personnel managers, office managers, manufacturing and distribution managers, production supervisors, parts and inventory managers, business owners, customer service representatives, training coordinators, sales managers, buyers, and purchasing agents. Advanced management positions are available to those who enter the work force and demonstrate strong, individual skills and knowledge.

The Management program emphasizes career development along with transfer options for students planning on attending a four-year college. Contact a DMACC Management instructor, counselor or advisor for transfer planning assistance.

Location: Ankeny, Newton
Selected courses in this program are offered at other campuses.

MARKETING

Looking for a growth-oriented career...something fast paced, ever changing and challenging, with opportunities for advancement and pay to match? Today a career in Marketing offers all this and more. You could be working for some of the fastest growing companies and brightest leaders in business today. By using your skills and creativity you will become part of the future in American business.

Course work is designed with the help of successful marketers who know what it takes to succeed. Classroom instruction is based on lectures, labs, speakers, internship, and study tours. Major areas of study include marketing, sales, advertising, promotion, and understanding buyer behavior in small business, retail and business-to-business marketing environments. The Marketing Program also offers many opportunities to develop and demonstrate leadership skills.

Many graduates of the Marketing Program have gone on to become marketing managers, regional marketing supervisors, professional sales and customer service representatives. Some have gone on to own their own businesses and others have found careers as managers, merchandisers and buyers in the retail community. Graduates from the Marketing Program are responsible for creating and/or executing marketing strategies, hiring, training, and supervising employees. They are also responsible for buying and selling product offerings, and planning promotions and advertising campaigns. Careers in marketing are listed as one of the fastest growing areas for the foreseeable future. Research indicates that about one-third of the labor force is now employed in marketing. Marketing careers offer flexibility, mobility, and pay to match your ability.

The Marketing Program emphasizes career development along with transfer options for students planning on attending a four-year college. Contact a DMACC Marketing instructor, counselor or advisor for transfer planning assistance.

BUSINESS & INFORMATION MANAGEMENT

MEDICAL ADMINISTRATIVE ASSISTANT

The Medical Administrative Assistant program is designed to prepare the student to work in a variety of medical settings, including hospitals/medical centers, clinics, physician offices, health insurance companies, and other health-related businesses.

In addition to detailed office duties, the medical administrative assistant acts as a liaison between the physician and the patient and is an important person in building and maintaining good relations with those people who are seeking medical assistance.

The medical administrative assistant has a variety of responsibilities such as receptionist, transcriptionist, insurance claims specialist, and/or bookkeeper.

Upon successful completion of Terms 1, 2, and 3 of the Medical Administrative Assistant curriculum, a student may receive a diploma. Upon completion of the diploma program and Term 4, a student may receive an AAS Degree.

Location: Ankeny
Selected courses in this program are offered at other campuses.

Program Entry Requirements

Complete an application, satisfy the assessment requirement and attend any required information/registration session. Submit evidence of typing skill of 40 WPM with no errors or enroll in Keyboarding I (OFFC 329) first term. Students start fall term.

RETAILING

Retail organizations are constantly recruiting individuals with training in the areas of retailing, sales, store management, and customer relations. Retailing provides a dynamic and exciting work environment that rewards high performance with rapid job promotions and pay increases to match.

Retailing is a growth industry with numerous career opportunities available to graduates of the program. Past graduates are now in careers that include: store managers, department managers, visual merchandisers, chain store supervisors, professional sales of automotive, home improvement and computer products, and owners of their own businesses.

Personal, professional and leadership development is provided through lectures, study tours, labs, and speakers. Practical experience is gained through paid internship with leading retail companies.

Students completing the retail program can transfer all their credits into any of DMACC's two-year Marketing or Management programs.

Location: Ankeny
Selected courses in this program are offered at other campuses.

Program Entry Requirements

Complete an application, satisfy the assessment requirement and attend any required information/registration session. Students start any term.

Graduation Requirements

To earn a Retailing diploma, a student must complete all course work as prescribed and maintain a 2.0 grade point average.

SALES AND MANAGEMENT

The Sales and Management program offers sales and management skill development. Many opportunities exist for the highly-motivated, people-oriented, goal-setting individual who wants to quickly move into a sales or management industry-sponsored training program.

Specific benefits of the program include rapid development of sales and management skills, total transferability into any of DMACC's two-year Marketing and Management AAS degree programs, and the satisfaction of gaining self-confidence as marketing skills are acquired.

The student will have the opportunity to enroll in the program during either days or evenings at the beginning of each term. In addition, the program offers: opportunities to earn as you learn through on-the-job training, opportunities to gain advanced standing with prior occupational experience (after evaluation by the program chairperson), and leadership training at local, state and national levels through involvement in the Sales and Management Club.

Location: Ankeny

Total credits required to complete this certificate   **18**

These credits are also applicable to the diploma in Sales & Management, the AAS degree in Management and the AAS degree in Marketing.

TECHNICAL MANAGEMENT

The Technical Management certificate is designed for employed workers who seek skills in a manufacturing environment.

The emphasis in the program is on course work which is directly related to the supervisory, financial, quantitative and marketing functions which impact on the manufacturing supervisor. The program is responsive to requests from industrial training directors.

Required Courses

ACCT101	Principles of Accounting I	4
ACCT102	Principles of Accounting II	4
BSAD152	Business Statistics	4
BSAD243	Quantitative Methods	4
COMS181	Intro to Computer Literacy	3
MGMT102	Introduction to Management	3
MGMT240	Principles of Managerial Finance	3
MGMT241	Production Management	3
MGMT101	Supervisory Management	3
MKTG102	Principles of Marketing	3

Total credits required to complete this certificate   **34**

BUSINESS & INFORMATION MANAGEMENT

HEALTH

Programs provide opportunities for students to address the various health care needs of individuals, families and communities. Students receive theoretical preparation in the classroom as well as practical clinical experience.

Careers available include dental assistant or hygienist in private dental offices, group practices or clinics; medical assistant or medical laboratory technician in private medical offices, clinics or labs; nurse; and respiratory therapist in hospitals, clinics or home health care agencies. All Health Service programs are fully accredited and lead to appropriate certification.

ARE YOU A MATCH?

This activity, "Are You a Match," lists statements describing several skills, values, and subjects that are important for individuals wanting general education. Check the statements that best describe you. Compare the results of this activity with the Personal Career Profile on page 41. If similar strengths and interests are identified, you may want to explore programs offered in this career field. Select the program of study that appears to meet most of the items marked in both activities.

Contact the campus offering the program(s) that interest you and make an appointment with the program advisor/counselor. This visit will provide you with more program details and will help confirm your program choice.

If you find yourself still uncertain about your career path, DMACC's Counseling Center can provide more in-depth career planning assistance. To help you with further self-exploration, occupational exploration, decision-making and developing a plan of action, call the counselor/advisor at your campus. The Career Resource Center staff on the Ankeny and Urban Campuses can also provide resources to help you.

Do you like to care for people? Are you interested in how the body works? Are you curious about preventing illness?
Check the activities that best describe you:
____Like to **help people**
____People **trust** me
____Enjoy **biology, chemistry or physics**
____Like working a **flexible** schedule
____Like to work with the **sick or injured**
____Think critically and **creatively**
____Can be **physically demanding**
____Like to work with **data accurately**
____Use **math** principles in practical situations

HEALTH

DIPLOMAS AND DEGREES

DENTAL ASSISTANT

The Dental Assistant program prepares the student, as a member of the dental health team, to assist the dentist in all phases of dentistry. The program includes general and specialty dentistry, chairside procedures, radiology, and laboratory and business office assisting.

An integral part of the educational program is clinical experience; this is provided by rotation through various dental facilities.

The Dental Assistant program is accredited by the Commission on Dental Accreditation, a specialized accrediting body recognized by the Council of Postsecondary Accreditation and the United States Department of Education.

Location: Ankeny

Program Entry Requirements

Complete an application, satisfy the assessment requirement and attend any required information/registration session. Keyboard skills of 35 WPM with no more than 5 errors is strongly recommended. High school biology is strongly recommended. Submit proof of high school graduation or GED prior to enrollment. Students start fall term.

Graduation Requirements

To earn a Dental Assistant diploma, a student must complete all course work as prescribed and maintain a 2.0 grade point average.

Term 1
DENA302	Dental Science I	4
DENA304	Dental Anatomy	2
DENA325	Dental Materials Lab	1
DENA320	Preclinical Dental Assisting	6
DENH201	Dental Materials	2
DENH257	Dental Radiography I	3

Term 2
DENA305	Dental Radiography II	2
DENA309	Dental Assisting Seminar	1
DENA310	Dental Assisting Clinical	3
DENA312	Dental Science II	2
DENA322	Clinical Dental Assisting	5
DENA323	Dental Business Office Procedures	2
ENGL117	Composition I	3

Term 3
DENA316	Ethics and Clinical Seminar	1
DENA318	Dental Assisting Clinical II	4
PSCH106	Psychology of Human Relations & Adjustment	3
SPCH110	Fundamentals of Speech	3

Total credits required to complete this program   47

DENTAL HYGIENE

The Dental Hygiene curriculum is designed to prepare graduates for positions in general and specialty dental offices, hospitals, schools, public health agencies and industrial agencies.

Students are trained in educational methods and preventive clinical services which qualify them as dental health educators and competent clinicians. Emphasis is placed on the correlation between prevention, education, and the clinical phases of dental hygiene practice as well as basic and social sciences.

The Dental Hygiene program is accredited by the Commission on Dental Accreditation, a specialized accrediting body recognized by the Council of Postsecondary Accreditation and the United States Department of Education.

Location: Ankeny

Program Entry Requirements

Complete an application, satisfy the assessment requirement and attend any required information/registration session including a Dental Hygiene Program information session. Submit to Admissions office evidence of completion of college level General Chemistry I and General Anatomy and Physiology with a grade of "C" or better (DMACC equivalent course numbers are CHEM 131 and BIOL 154 or BIOL 133 and 134).

NOTE: Students must send their final grade report to the Admissions office upon successful completion of General Chemistry I and General Anatomy and Physiology.

On February 1st and June 15th the applicants who have completed the program entry requirements will be accepted by date of application until such time as the program has filled. Applicants will be notified in writing and will be given seven working days to accept or deny their acceptance in the program.

After the program is full and the applicant has fulfilled all program entry requirements, he/she will be placed on a waiting list until a position in the program becomes available. Applicants will be notified in writing of placement on a waiting list. Students start fall term.

Graduation Requirements

To earn a Dental Hygiene AAS degree, a student must complete all course work as prescribed and maintain a 2.0 grade point average. Continuation in the program is dependent on achieving a grade of "C" or better in all DENH courses and maintaining a minimum cumulative grade point average of 2.0 in the program.

Term 1–CPR Certification
CHEM132	General Chemistry II		4
DENH208	Principles of Dental Hygiene		2
DENH209	Principles of Dental Hygiene Practicum		3
DENH210	Oral Histology and Embryology		2

HEALTH CARE ADMINISTRATION

The Health Care Administration program provides students with the opportunity to develop the abilities and skills needed to perform the duties of a health care administrator. Administrators play a vital role in planning, organizing, staffing, directing and controlling the operation of a health care facility. Students in this program will explore specific health care administration areas i.e., management, services, financial, legal, regulations, and human relations.

Students completing the AS degree will have the option of seeking employment in the health care administration or related field, or transferring to a four-year college/university.

HEALTH

IMPORTANT NOTE:
Licensure requirements have changed and are quite complex. Students are strongly advised to contact one of the staff members of Health Care Administration in Bldg. 6, Room 16A on the Ankeny Campus or call 515-964-6814, 515-964-6262 regarding additional important licensure information.

Students desiring to apply for licensure must complete 10 semester credit hours of option courses.

Location: Ankeny

Program Entry Requirements
Complete an application, satisfy the assessment requirement and attend any required information/registration session. Students start any term.

Graduation Requirements
To earn a Health Care Administration AS degree, a student must complete the standard core requirements for the degree, plus the Health Care Administration program required courses and options and maintain a 2.0 grade point average.

Required Courses

	Complete AS Degree Core Requirements	28
HCAD278	Management in Health Care	3
HCAD279	Health Care Human Resources	3
HCAD280	Health Care Delivery Systems	2
HCAD282	Services for Long-Term Care	2

MEDICAL ASSISTANT

The Medical Assistant program is designed to prepare students to be employed in a private physician's office, a clinic, hospital, or laboratory. As multi-skilled health professionals, medical assistants perform a variety of clinical procedures and administrative functions in these settings.

Students gain a basic knowledge of anatomy and physiology, laboratory procedures, administration procedures, and patient care techniques. These subjects are presented in the classroom, through laboratory experience, and in a 10-week supervised clinical experience in the field. The students will not receive pay during the clinical rotation.

The DMACC Medical Assistant program is accredited by the Commission of Accreditation of Allied Health Education Programs (CAAHEP), on recommendation of the Curriculum Review board of the American Association of Medical Assistants' Endowment (AAMAE). DMACC graduates are eligible to take the certification examination given by the certifying board of the American Association of Medical Assistants and the State of Iowa Limited Radiographer examination upon completion of the program.

Location: Ankeny

Program Entry Requirements
Complete an application, satisfy the assessment requirement and attend any required information/registration session. Submit evidence of grade "C" or better in one year of high school biology or equivalent (Academic Achievement Center Biology I & II or BIOL 127). Must also submit evidence of typing/word processing skill of 35 WPM with 5 errors or less. Submit proof of high school graduation or GED prior to enrollment. Students start fall term.

Graduation Requirements
To earn a Medical Assistant diploma, a student must complete all course work as prescribed and maintain a 2.0 grade point average. A grade of 2.0 (C) or better is required in all MEDA courses. A student must receive a grade of "C" or better in the first course of a sequential course offering before enrolling in the second level course of the sequence. Sequential courses include MEDA 461 & MEDA 471; MEDA 464 & MEDA 474; MEDA 465 & MEDA 475; MEDA 466 & MEDA 473; MEDA 472 & MEDA 482; and MEDA 473 & MEDA 483. Several courses have corequisites as listed in the catalog.

Term 1

MEDA461	Human Body-Health and Disease I	4
MEDA462*	Medical Terminology	1
MEDA464	Medical Laboratory Procedures I	4
MEDA465	Medical Office Procedures I	3
MEDA466	Medical Office Management I	2
MEDA467	Professional Development I	3
ENGL410*	Communication Skills	3

Term 2

MEDA471	Human Body-Health and Disease II	4
MEDA472	Diagnostic Radiography I	2
MEDA473	Medical Office Management II	4
MEDA474	Medical Laboratory Procedures II	3
MEDA475	Medical Office Procedures II	3
PSCH101	General Psychology	3

Term 3

MEDA480	Professional Development III	1
MEDA482	Diagnostic Radiography II	2
MEDA483	Medical Office Management III	1
MEDA485	Practicum	5

Total credits required to complete this program   **48**

MEDICAL LABORATORY TECHNOLOGY

The Medical Laboratory Technology program prepares the student to perform complex laboratory procedures with a limited amount of supervision. This training includes a six-month hospital laboratory assignment.

The program is accredited by the National Accrediting Agency for Clinical Laboratory Sciences (NAACLS). Graduates are eligible to take the national certification examination. Job opportunities are found in hospitals, clinics, doctors' offices, public health laboratories, veterinarians' offices, and industrial laboratories.

Location: Ankeny

Program Entry Requirements
Complete an application, satisfy the assessment requirement and attend any required information/registration session. Submit evidence of grade "C" or better in one year high school biology, algebra and chemistry or equivalent (Academic Achievement Center Biology I & II or BIOL 127; Academic Achievement Center Algebra I & II or MATH 092 and Academic Achievement Center Chemistry I & II). Students start fall term.

Graduation Requirements
To earn a Medical Laboratory Technology AAS degree, a student must complete all course work as prescribed and maintain a 2.0 grade point average. A grade of "C" or better is required in all MLTS courses.

Term 1

BIOL154	General Anatomy and Physiology	5
CHEM131	General Chemistry I	4
MLTS400	Intro to Medical Laboratory	6
PSCH101	General Psychology	3

Term 2

MLTS461	Medical Laboratory Review	1
MLTS463	Professional Development	1

Total credits required to complete this program **77**

NURSING - ADVANCED STANDING

This program offers the opportunity for current Iowa Licensed Practical Nurses to complete an Associate Degree in Nursing. Applicants with the equivalent of the first two terms of the Nursing Program are also eligible for admission. Students enter third term of the Associate Degree Nursing curriculum and upon completion of three terms and attainment of program objectives are eligible to take the NCLEX exam for Registered Nurse Licensure (NCLEX-RN). The program is approved by the Iowa Board of Nursing and accredited by the National League for Nursing Accrediting Commission (NLNAC).

NOTE: Curriculum begins Summer Term 2002.

Locations: Ankeny, Boone
Ankeny - Summer and Fall Term
Boone - Summer Term

Program Entry Requirements

- Complete an application

- Attend any required information/registration session including a nursing program orientation session

- Proof of high school graduation or GED completion

- Proof of completion of an approved PracticalNursing Program with a cumulative GPA of 2.0 or above

- Provide a copy of current Iowa LPN licensure (or state recognized by Iowa pursuant to the Nurse Licensure Compact)

- Complete required COMPASS testing obtaining satisfactory scores in reading (81 or above) and math (44 or above) or ACT of 19 or above

- Completion of following courses with a grade of C or above in each:
  BIOL133 Health Science Anatomy

  COMS181 Computer Literacy or

  OFFC355 Computer Applications

  PSCH101 General Psychology

  PSCH103 Developmental Psychology

  BIOL134 Health Science Physiology

  ENGL117 Composition I

Graduation Requirements

To earn an Associate Degree Nursing AAS degree, a student must complete all course work as prescribed and have a grade of "C" or above in all ASDN and support courses in the curriculum.

In both the Practical and Associate Degree levels of the nursing program, all nursing and liberal arts support courses must be successfully completed with a grade of "C" or above. In order to progress to the next term, courses must be successfully completed in the term identified or a previous term.
NOTE: Curriculum begins Summer Term 2002.

Term 3

BIOL132	Health Science Microbiology		4
NURS232	Passport to ADN Nursing		2
SPCH117	Interpersonal & Small Group Comm		3

Term 4–Select 2 Courses From Option 1

ASDN226	Nursing Practice II		2
SOCY101	Introduction to Sociology		3

Choose **two** from the following:

ASDN227	Family Health Nursing	Opt1	5
ASDN228	Adult and Older Adult Health	Opt1	5
ASDN229	Mental Health Nursing	Opt1	5

NURSING PROGRAM

PRACTICAL NURSING
ASSOCIATE DEGREE NURSING

The Nursing Program is designed as a career ladder program. The first two semesters provide a common core of nursing theory and skills for both the Practical Nursing and Associate Degree Nursing students.

The student who completes two terms is prepared to become a **Licensed Practical Nurse (LPN)**. LPNs provide nursing care under the supervision of a Registered Nurse or a physician. The LPN is prepared to provide basic therapeutic, rehabilitative, and preventative care for individuals of all ages, primarily in a structured care setting such as hospitals, long-term facilities or clinics.

Upon successful completion of Terms 1 and 2, the student will be eligible to take the National Council Licensure Exam for Practical Nurse Licensure (NCLEX - PN).

Program Locations: Ankeny, Boone, Carroll

An **Associate Degree in Nursing** and a career as a Registered Nurse are available to students who continue in the program and successfully complete Terms 3, 4, and 5. As members of the nursing profession, registered nurses are accountable for their own nursing practice. The Associate Degree Nurse utilizes more complex nursing knowledge and skills to assess, plan, provide, evaluate, and manage bedside nursing care for patients in hospitals, long-term care facilities, and a variety of community based health care settings.

Upon successful completion of Terms 1 - 5 of the nursing curriculum, the student is eligible to take the National Council Licensure Exam for Registered Nurse Licensure (NCLEX - RN).

Program Locations: Ankeny, Boone, (Carroll Terms 1, 2 and 3 only)
Selected liberal arts courses in this program are offered at other campuses.

The Nursing Program is approved by the Iowa Board of Nursing and accredited by the National League for Nursing Accrediting Commission (NLNAC).

Program Entry Requirements

1. Complete an application.

2. Attend any required information/registration sessions including a nursing program orientation session.

3. Successful completion of NRA0301 or an equivalent 75 hour (or more) Certified Nurse Assistant course from an approved program - January 1992 or after.

HEALTH

4. BIOL133 Health Science Anatomy with a grade of C (not C-) or better.

5. COMS181 Computer Literacy or OFFC355 Computer Applications with a grade of C (not C-) or better.

6. Complete required COMPASS testing obtaining satisfactory scores in reading (81 or above) and math (44 or above) or ACT of 19 or above.

7. Proof of high school graduation or GED completion.

Practical Nursing starts:
Ankeny - Fall and Spring Terms
Boone, Carroll - Fall Term Only

In both the Practical and Associate Degree levels of the program, all nursing and liberal arts support courses must be successfully completed with a grade of "C" or above. In order to progress to the next term, these courses must be successfully completed in the term identified or a previous term.

Continuation in the Associate Degree program requires successful completion of Terms 1 and 2 of the Practical Nursing curriculum. Associate Degree Nursing starts summer term.

Graduation Requirements

To earn a Practical Nursing diploma, a student must complete all course work as prescribed in Terms 1 & 2 and have "C" or above in all Nursing and support courses in the curriculum.

To earn an Associate Degree Nursing AAS degree, a student must complete all course work as prescribed in Terms 1-5 and have a grade of "C" or above in all NURS, ASDN and support courses in the curriculum.

PRACTICAL NURSING

Term 1
PSCH101	General Psychology	3
PSCH103	Developmental Psychology	3
NURS221	Health Assessment	3
NURS222	Foundation of Nursing Practice	3
NURS223	Skills and Technology	3

Term 2

RESPIRATORY THERAPY

The Respiratory Therapy program provides students the opportunity to learn the dynamic profession of respiratory care. Respiratory care is an allied medical specialty involved in the diagnosis, treatment and prevention of diseases and conditions which affect the respiratory and cardiovascular systems. Respiratory therapists work closely with physicians to plan, provide and evaluate direct care to persons with pulmonary and cardiovascular diseases.

The curriculum includes a variety of supervised clinical practicum experience in local health care facilities. Graduates will acquire the knowledge, skills and attitudes needed to begin successful careers in respiratory care.

Graduates of the program receive an Associate of Applied Science (AAS) degree. The program is accredited by the Commission on Accreditation of Allied Health Education Programs (CAAHEP) and graduates are eligible for all credentialing examinations currently offered by the National Board of Respiratory Care (NBRC) and licensure by the Iowa Department of Public Health.

Employment opportunities are found in hospitals, clinics, physicians' offices, home health care agencies, equipment and supply sales, and rehabilitation and continuing care.

Location: Ankeny

Program Entry Requirements

Complete an application, satisfy the assessment requirement and attend any required information/registration session. Meet with a Respiratory Therapy faculty advisor. Students must also:

- Submit proof of high school graduation or GED prior to enrollment.

- Submit evidence of grade "C" or above in two semesters of high school Algebra I or the equivalent (Academic Achievement Center Algebra I & II or MATH 092) and two semesters of Algebra II or the equivalent (Academic Achievement Center Algebra III & IV or MATH094) within five (5) years of admission.

- Submit to Admissions office evidence of completion of the equivalent of CHEM131 General Chemistry I with a grade of "C" or above.

- Submit to Admissions office evidence of completion of the equivalent of BIOL133 Health Science Anatomy or BIOL154 General Anatomy and Physiology or equivalent courses with a grade of "C" or above.

- Submit to Admissions office evidence of completion of the equivalent of COMS181 Introduction to Computer Literacy or the equivalent with a grade of "C" or above.

Students start fall term.

Graduation Requirements

To earn a Respiratory Therapy AAS degree, a student must complete all course work as prescribed and maintain a 2.0 grade point average. A minimum of grade "C" is required in all RESP courses.

Term 1
BIOL134	Health Science Physiology	3
RESP300	Fundamentals of Respiratory Therapy	3
RESP302	Gas, Humidity and Aerosol Therapy	4
RESP304	Cardiopulmonary Therapeutics	4

Term 2–Select 1 Course From Option 1

CERTIFICATES OF SPECIALIZATION

DIETARY MANAGER SPECIALIST

The Dietary Manager is responsible for the management of food operations in a dietary department. This includes the management of food service personnel, food/kitchen supplies, and the routine nutritional aspects of food service. Working with a dietary consultant, the dietary manager assists in providing quality nutritional care services in a food service department, hospital and health care facilities. All students must attend a Dietary Manager Specialist program orientation.

Required Courses

DMAS350	Health Field	1
DMAS351	Food Preparation	1
DMAS352	Sanitation/Meal Service	2
DMAS353	Nutrition Life Cycle	1
DMAS354	Modified Diets	1
DMAS355	Food Production Management	1
DMAS356	Food Service Management	2
DMAS361	Food Prep Field Experience	1
DMAS362	Sanitation/Meal Service Field Experience	1
DMAS363	Nutrition Life Cycle Field Experience	1
DMAS364	Modified Diet/Field Experience	1
DMAS365	Food Production Field Experience	1
DMAS366	Food Service Mgmt Field Experience	1

Total credits required to complete this certificate   **15**

EMERGENCY MEDICAL TECHNICIAN - BASIC

The Emergency Medical Technician-Basic certificate is designed to provide an introductory learning experience for persons interested in the field of emergency medicine. This course includes practical and written testing in the classroom as well as clinical experience in the area hospitals. National Registry Certification tests will be administered at course completion in both the written and skill areas. Area ambulance units utilize EMT-B's.

Required Course

HLCR307	Emergency Medical Tech Basic	6

HEALTH SERVICES MANAGEMENT

The purpose of the Health Services Management Specialist Certificate is to provide course work to qualify individuals for mid-management positions in the health care field. Mid-managers may be responsible for budgeting, staffing, supervision, management, human resources, and staff development. This is for individuals in medical offices, acute care, long-term care, health insurance, and managed care.

IMPORTANT NOTE:

Students are strongly advised to contact one of the staff members of Health Care Administration in Bldg. 6, Room 16A on the Ankeny Campus or call 515-964-6814 or 515-964-6262 regarding additional information.

Required Courses

HCAD260	Health Services Mangement Field Experience	3
HCAD274	Law and Ethics in Health Care	3

HCAD227	Integrating Comm Serv-MH/MR/DD	Opt1	4
HCAD277	Serv Delivery Systems-MH/MR/DD	Opt1	5
PSCH104	Abnormal Psychology	Opt1	3
HCAD280	Health Care Delivery Systems	Opt2	2
HCAD282	Services for Long-Term Care	Opt2	2
PSCH101	General Psychology	Opt2	3
SOCY101	Introduction to Sociology	Opt2	3
SOCY204	Social Gerontology/Applications	Opt2	4

Total minimum credits required to complete this certificate   **29**

HOSPITALITY

Programs prepare students for service in the broad-based hospitality industry, which encompasses hotels, motels, clubs, and restaurants. Career opportunities are excellent as nearly one out of every 10 jobs in the U.S. is related to the hospitality industry.

Course work in all three programs emphasizes communications, human relations, and other practical job skills. Positions filled by graduates range from guest services clerk and night auditor (hospitality business) to garde manager and chef (culinary arts).

HOTEL AND RESTAURANT MANAGEMENT

ARE YOU A MATCH?

This activity, "Are You a Match," lists statements describing several skills, values, and subjects that are important for individuals wanting general education. Check the statements that best describe you. Compare the results of this activity with the Personal Career Profile on page 41. If similar strengths and interests are identified, you may want to explore programs offered in this career field. Select the program of study that appears to meet most of the items marked in both activities.

Contact the campus offering the program(s) that interest you and make an appointment with the program advisor/counselor. This visit will provide you with more program details and will help confirm your program choice.

If you find yourself still uncertain about your career path, DMACC's Counseling Center can provide more in-depth career planning assistance. To help you with further self-exploration, occupational exploration, decision-making and developing a plan of action, call the counselor/advisor at your campus. The Career Resource Center staff on the Ankeny and Urban Campuses can also provide resources to help you.

Are you an innovative person? Do you like working with your hands? Do you work well with the customer?

Check the activities that describe you:

____ Enjoy **preparing** food

____ Use **math** principles in practical situations

____ Like **working with the public**

____ Comfortable working a **flexible** schedule, sometimes under pressure

____ Have a pleasant **accommodating** manner

____ Make **creative** designs with food

____ Good **organizational** skills

DIPLOMAS AND DEGREES

CULINARY ARTS

The Culinary Arts program prepares students to enter culinary positions with hotels, restaurants, clubs or institutions and some select jobs in dining room service, catering or management. By the end of the program graduates will have taken courses in food preparation, nutrition, menu planning, purchasing, garde manger and baking. International cuisine, restaurant management and advanced culinary cuisine are practicum courses and a valuable part of the training. These courses are management designed and offer students practical knowledge of the restaurant industry.

Upon successful completion of terms 1 through 5, students will receive a Culinary Arts AAS degree. The first three terms must be completed before enrollment is allowed in terms 4 and 5. Students with a shorter term educational goal may receive a diploma upon completion of terms 1, 2 and 3.

Location: Ankeny

Program Entry Requirements
Complete an application, satisfy the assessment requirement and attend any required information/registration session. Students start fall or spring term.

Graduation Requirements
To earn a Culinary Arts AAS degree or diploma, a student must complete all course work as prescribed and maintain a 2.0 grade point average.

Term 1–Select 1 Course From Option 1
HRMT315	Sanitation and Equipment		2
HRMT319	Sanitation and Equipment Lab		1

HOSPITALITY

HOTEL AND RESTAURANT MANAGEMENT

The Hotel & Restaurant Management program prepares students for a career in the hospitality field. Most graduates will enter the industry either in cooking positions or line management positions with hotels, restaurants, and clubs.

Students who complete the program will have taken courses in sanitation, dining room fundamentals, business math, food preparation, marketing, purchasing, hotel services, menu planning and hotel administration. These courses are management designed and offer the student practical knowledge of either the restaurant management industry or the hotel management industry, depending on the students' chosen emphasis.

Terms 1, 2 & 3 must be completed before entry is allowed into terms 4 & 5 to receive the AAS degree. Students planning on transferring to a four-year college should see an advisor or the program chair before registration.

Location: Ankeny

Program Entry Requirements
Complete an application, satisfy the assessment requirement and attend any required information/registration sessions. Students start fall or spring term.

Graduation Requirements
To earn a Hotel & Restaurant Management AAS degree, a student must complete all course work as prescribed and maintain a 2.0 grade point average.

Term 1
ENGL410*	Communication Skills		3
HRMT315	Sanitation and Equipment		2

DIPLOMAS AND DEGREES

ARCHITECTURAL MILLWORK

The Architectural Millwork program will give students the training to produce one of a kind cabinetry, millwork (wood trim), and solid surface products, such as solid surface counter tops. Students will receive classroom instruction as well as hands-on training and experience using modern millwork equipment. Graduates of the program will earn a diploma, which will prepare them for entry-level positions in the architectural millwork field.

Location: Ankeny

Program Entry Requirements

Complete an application, satisfy the assessment requirement and attend any required information/registration session. Students start fall term.

Graduation Requirements

To earn an Architectural Millwork diploma, complete all course work as prescribed and maintain a 2.0 (C) grade point average.

Term 1

MILL440	Blueprint Reading and Layout	3
MILL441	Material Identification and Usage	3
MILL442	Introduction to Portable Tools	3
MILL443	Stationary Equipment	4

Total credits required to complete this program		42

ARCHITECTURAL TECHNOLOGIES

The Architectural Technologies program is designed to develop the proper manual and computer skills and knowledge required for satisfactory entrance into the field of architectural drafting, and detailing.

Graduates are employed by architects, structural, mechanical and electrical engineers, contractors, subcontractors and building equipment and material suppliers. Students periodically visit construction sites to observe actual construction practices and architectural offices to experience their future work environment.

Location: Ankeny

Program Entry Requirements

Complete an application, satisfy the assessment requirement and attend any required information/registration session. Submit evidence of grade "C" or above in one year of high school algebra or the equivalent (Academic Achievement Center Algebra I & II or MATH 092). Students start summer term.

NOTE: DATA110 has a prerequisite of COMS181 Introduction to Computer Literacy.

Graduation Requirements

To earn an Architectural Technologies diploma or AAS degree, students must complete all course work as prescribed and maintain a 2.0 (C) grade point average.

Term 1

ASEP - GENERAL MOTORS

The Automotive Service Educational Program (ASEP), co-sponsored by DMACC and General Motors, is a two-year automotive program designed to prepare students for employment as a GM dealership technician. The curriculum, designed by General Motors and DMACC, leads to the associate degree in Automotive Technology. The program involves classroom lecture, laboratory experience, and dealership work experience.

Location: Ankeny

Program Entry Requirements

Complete an application, satisfy the assessment requirement, aptitude and ability tests and be accepted by General Motors as a participant. In addition, all program participants must be employed by a participating General Motors dealership. Students start in October each year.

Graduation Requirements

To earn an ASEP General Motors AAS degree, a student must complete all course work as prescribed and maintain a 2.0 grade point average.

Required Courses

ASEP312	GM Specialized Electronics Training	4
ASEP317	GM Shop Fund and Minor Service	3
ASEP318	GM Steering/Suspension/Brakes	4

AUTO MECHANICS TECHNOLOGY

The Auto Mechanics Technology program is designed to prepare students for employment in the high technology automotive service industry and to update those already employed.

There are two separate diploma options which can be taken individually or in combination. One option prepares graduates for job entry in current Automotive Technology Tune-Up and Engine Repair. The other option prepares graduates to enter the automotive industry trained in the latest Power Train and Chassis Repair techniques. By completing the two diploma options plus one course, students may receive an AAS degree.

Location: Ankeny

Program Entry Requirements
Complete an application, satisfy the assessment requirement and attend any required information/registration session. Students start fall or spring term.

Graduation Requirements
To earn an Auto Mechanics Technology AAS degree, a student must complete all course work as prescribed and maintain a 2.0 grade point average.

BUILDING TRADES

The Building Trades program provides students with the skills and knowledge necessary to enter either residential or commercial construction fields.

Classroom work focuses on familiarizing the students with basic knowledge of construction materials. Laboratory activities emphasize practical hands-on skills needed in the building trades.

The last term is devoted to applying classroom theory and lab skills in an actual construction job, either residential or commercial.

Location: Ankeny

Program Entry Requirements

Complete an application, satisfy the assessment requirement and attend any required information/registration session. Students start fall term.

Graduation Requirements

To earn a Building Trades diploma, a student must complete all course work as prescribed and maintain a 2.0 grade point average.

Term 1

BLDG451	Materials/Construction Theory	5
BLDG452	Construction Techniques	7
BLDG453*	Care/Use of Hand/Power Tools	1
BLDG455*	Construction Blueprint Reading	1
BLDG456	Materials Takeoff	1
HLCR314	Emergency Care	1
MATH410*	Mathematics for Technicians I	3

Term 2

BLDG461	Concrete Systems and Forming	4
BLDG462	Construction Drafting & Design	2
BLDG464	Interior Trim Practices	3
BLDG480	Construction Procedure/Application I	5
ENGL410*	Communication Skills	3

Term 3

BLDG481	Construction Procedure/Application II	5
BLDG482	Construction Procedure/Application III	5

Total credits required to complete the program   46

CAP - CHRYSLER

The Chrysler Automotive Program (CAP), co-sponsored by DMACC and Daimler/Chrysler Company, is a two-year automotive program designed to upgrade the technical competence and professional level of the incoming Daimler/Chrysler dealership technician. The curriculum, designed by Daimler/Chrysler and DMACC, leads to the associate degree in Automotive Technology. The program involves classroom lecture, laboratory experience, and dealership work experience.

Location: Ankeny

Program Entry Requirements

Complete an application, satisfy the assessment requirement, aptitude and ability tests and be accepted by Daimler/Chrysler as a participant. In addition, all program participants must be employed by a participating Chrysler dealership. Students start in October each year.

Graduation Requirements

To earn a CAP Chrysler AAS degree, a student must complete all course work as prescribed and maintain a 2.0 grade point average.

Required Courses

CAAP312	Chrysler Electrical/Electronics	4
CAAP317	Shop Fundamentals and Minor Service	4
CAAP318	Basic Brakes	4
CAAP320	Technical Internship I	3
CAAP328	Chrysler Electrical Systems Repair	4
CAAP329	Chrysler Steering & Suspension	3
CAAP330	Technical Internship II	3
CAAP335	Service/Repair Chrysler Engines	5
CAAP336	Chrysler Fuel Systems	3
CAAP340	Technical Internship III	3
CAAP346	Chrysler Engine Performance	5
CAAP347	Chrysler Heating & AC	3
CAAP350	Technical Internship IV	3
CAAP354	Chrysler Manual Drivetrains	4
CAAP355	Chrysler Automatic Drivetrains	4
CAAP356	Advanced Chrysler Systems	5
CAAP360	Technical Internship V	2
ENGL410*	Communication Skills	3
MATH410*	Mathematics for Technicians I	3
PHYL401*	Physics for Technicians	3
PSCH106	Psychology of Human Relations & Adjustment	3

Total credits required to complete this program   74

CATERPILLAR TECHNOLOGY

The Caterpillar Technician program prepares students for a career in the area of diesel repair, focusing on Caterpillar products. Instruction is in the repair, maintenance, and testing of diesel engines, power trains, and components of trucks and construction equipment.

Location: Ankeny

Program Entry Requirements

Complete an application, satisfy the assessment requirement and attend any required information/registration session. Students start any term.

Graduation Requirements

To earn a Caterpillar Technology AAS degree, a student must complete all course work as prescribed and maintain a 2.0 grade point average.

Required Courses

DISL401	Diesel Engines I	6
DISL402	Diesel Engines II	6
MATH410*	Mathematics for Technicians I	3
DISL404	Power Trains I	6
DISL406	Hydraulics and Brakes	5
DISL408	Basic Electricity	5
DISL420	Air Conditioning	3
DISL428	Operation and Maintenance	5
DISL405	Power Trains II	5
DISL409	Diesel Electronics	5
DISL430	Caterpillar Fuel Systems	4
DISL431	Caterpillar Failure Analysis	2
DISL432	Caterpillar LS/PC Hydraulics	2
DISL433	Caterpillar Service Information System	2
DISL470	Advanced Electricity	4
DISL434	Caterpillar Internship	4
DISL435	Caterpillar Multi-Media	2
WELD467*	Related Welding-Transportation Trades	2
ENGL410*	Communication Skills	3
PHYL401*	Physics for Technicians	3
MGMT203	Human Relations in Business	3

Total credits required to complete AAS degree   80

INDUSTRIAL TECHNOLOGY

INDUSTRIAL TECHNOLOGY

CIVIL ENGINEERING TECHNOLOGY

The Civil Engineering Technology program prepares the student for a career as a technician in the areas of design, construction, and inspection. These positions could include highway/bridge design, surveying, right-of-way legalities, materials testing, and highway/bridge construction techniques.

Upon completion of the program, graduates will be able to follow laboratory procedures and apply their knowledge through the use of high-tech instruments. They will have a working knowledge of surveying equipment, industry-based computer software, and laboratory testing instruments.

The program is designed to fill an increasing demand for technically skilled people in the civil engineering technology field and demand is expected to continue well into the 21st century.

Location: Boone

Program Entry Requirements
Complete an application, satisfy the assessment requirement and attend any required information/registration session. Students must have basic computer skills or successfully complete COMS181 Introduction to Computer Literacy prior to enrolling in this program. Students start fall term.

Graduation Requirements
To earn a Civil Engineering Technology AAS degree, a student must complete all course work as prescribed and maintain a 2.0 grade point average.

Term 1

CET-315	Fundamentals of Civil Engineering	3
CET-320	Survey I	3
CET-350	Materials I	4
CET-390	Automated Design I	4
MATH410*	Mathematics for Technicians I	3

Term 2

CET-325	Survey II	4
CET-330	Highway Design I	4
CET-340	Construction I	3
ENGL117	Composition I	3
MATH411	Mathematics for Technicians II	3

Term 3

CET-405	Field Coop	3

Term 4

CET-406	Advanced Field Coop	2
CET-380	Statics	3
CET-422	Survey III	4
CET-450	Materials II	3
CET-490	Automated Design II	4

Term 5–Select 1 Course From Option 1

CET-360	Soils and Foundations	3
CET-430	Highway Design II	4
CET-440	Construction II	3
CET-470	Structure Design and Construction	3
ENGL119	Technical and Business Writing	3

Option Courses–Select 1 Course From Option 1

MGMT203	Human Relations in Business	Opt1	3
PSCH101	General Psychology	Opt1	3
PSCH106	Psychology of Human Relations & Adj	Opt1	3

Total credits required to complete AAS degree — 72

COMPUTER-AIDED DESIGN TECHNOLOGY

Computer-Aided Design (CAD) Technology prepares students for a career in a variety of design drafting disciplines. The CAD technology student will be exposed to different CAD software packages and computer operating systems. Students will learn how to create CAD models and drawings to meet international and U.S. customary drafting standards.

Students can obtain a one year diploma or a two year associate degree in CAD technology. Students enrolled in the one year diploma will be taught basic drafting and CAD practices with emphasis on entry level drafting job skills. Students enrolled in the associate degree program will complete the first year diploma requirements and in the second year apply advanced CAD software operations including three-dimensional (solid) modeling, computer analysis and rendering. Associate degree students will also be taught a variety of specialized drafting standards in their respective field of interest.

Engineering and manufacturing design drafting, computer animation and graphics, technical publishing and independent CAD contracting are areas that computer-aided drafting technology graduates may find employment.

Location: Ankeny
Selected courses in this program are offered at other campuses.

Program Entry Requirements
Complete an application, satisfy the assessment requirement and attend any required information/registration session. Students start fall term.

Graduation Requirements
To earn a Computer-Aided Design Technology diploma or AAS degree, a student must complete all course work as prescribed and maintain a 2.0 grade point average.

Term 1

CADT405	Principles of Computer Operations	3
CADT410*	CAD Graphics I	6
ENGL117	Composition I	3
MATH410*	Mathematics for Technicians I	3

Term 2–Select 1 Course From Option 1

CADT411	CAD Graphics II		6
CADT431	Manufacturing Interface		3
MATH411	Mathematics for Technicians II		3
MGMT203	Human Relations in Business	Opt1	3
PSCH106	Psychology of Human Relations & Adj	Opt1	3

Term 3

CADT415	Engineering Disciplines & Practices	3
CADT420	Microstation CAD I	3
CADT425	Applied Materials and Processes	3

Total credits required to complete the diploma — 39

Term 4

CADT412	CAD Applications I	6
CADT421	Microstation CAD II	3
CADT426	Pro/Engineer CAD I	3
CADT451	Mechanical Systems	3

Term 5

CADT428	Introduction to CAD Analysis	3
CADT430	Networking Systems	3
CADT471	Layouts and Drawings	5
CADT472	Rendering and Animation	3
ENGL119	Technical and Business Writing	3

Total credits required to complete the AAS degree — 71

DIESEL TECHNOLOGY

The Diesel Technology program prepares students for a career in the area of diesel repair. Instruction is in the repair, maintenance, and testing of diesel engines, power trains, and components of trucks and heavy construction equipment.

Location: Ankeny

Program Entry Requirements
Complete an application, satisfy the assessment requirement and attend any required information/registration session. Students start any term.

Graduation Requirements
To earn a Diesel Technology diploma or AAS degree, a student must complete all course work as prescribed and maintain a 2.0 grade point average.

Required Courses - Diploma

DISL401	Diesel Engines I	6
DISL402	Diesel Engines II	6
MATH410*	Mathematics for Technicians I	3
DISL404	Power Trains I	6
DISL406	Hydraulics and Brakes	5
DISL408	Basic Electricity	5
DISL420	Air Conditioning	3

INDUSTRIAL TECHNOLOGY

Electronic Systems Servicing Technology

The Electronics Systems Servicing Technology program prepares students for a career as a technician for servicing electronic systems. Upon completion of this program, students should be able to diagnose and repair electronic equipment including personal, security systems, business machines and medical electronics.

The curriculum includes the fundamental technologies, systems applications and an internship. Upon program completion graduates may seek employment with local and regional electronic systems servicing companies.

Location: Ankeny

Program Entry Requirements
Complete an application, satisfy the assessment requirement and attend any required information/registration session.

Satisfactory completion of department algebra entrance exam, or a grade of "C" or better in MATH092 or ELHT313 or an equivalent course. Students start fall term.

Graduation Requirements
To earn an Electronics Systems Servicing Technology AAS degree, a student must complete all course work as prescribed and maintain a 2.0 grade point average.

Term 1
ELHT314	Circuit Analysis I	5
ELHT316	Circuit Analysis I Lab	3
ELHT315	Fabrication Techniques	3
ELHT323	Technical Math II	3
ENGL410	Communication Skills	3

Term 2–Select 1 Course from Option 1
ELHT332	Digital Electronics		3
ELHT364	Digital Electronics Lab		3
ELHT331	Circuit Analysis II		3

ESST388	Internship	5

Total credits required to complete the AAS degree **77**

Fire Science Technology

The Fire Science Technology program provides a fundamental base of knowledge for people seeking career opportunities in the broad field of fire protection.

During the program, students complete general education core requirements and specific fire science courses. The latter examine the causes and behavior of fire, and the means of minimizing its destructive effects through design, detection, suppression, and prevention.

Location: Ankeny

Program Entry Requirements
Complete an application, satisfy the assessment requirement and attend any required information/registration session. Students start any term.

Graduation Requirements
To earn a Fire Science Technology AS degree, a student must complete the standard core requirements for the degree, plus the Fire Science Technology required courses and maintain a 2.0 grade point average.

Required Courses
CHEM131	General Chemistry I	4
ENGL117	Composition I	3
ENGL118	Composition II	3
FIRE241	Fire Behavior and Investigation	3
FIRE242	Property Insurance and Fraud Investigation	3
FIRE243	Building Construction	3
FIRE244	Fire Protection Systems	3
FIRE245	Hazardous Materials	3
FIRE247	Planning for Fire Protection	3
FIRE248	Emergency Scene Management	3

| | Electives | 9-12 |

Complete remaining AS degree Core Requirements

Total minimum credits required to complete the AS degree **64**

Heating, AC, Refrigeration Technology

The Heating, Air Conditioning, Refrigeration Technology program provides the theory, knowledge, and skills of refrigeration, air conditioning, heating, and ventilation equipment for systems in residential and light commercial structures. Students in air conditioning and refrigeration are taught in the classroom and laboratory on models and equipment to prepare the student for satisfactory entrance and advancement in the HVAC-R field.

By completing the first three terms a student can receive a diploma. An AAS degree will be awarded upon completion of all five terms.

Location: Ankeny

Program Entry Requirements
Complete an application, satisfy the assessment requirement and attend any required information/registration session. Obtain a satisfactory score on a math proficiency assessment. Students start fall term.

INDUSTRIAL TECHNOLOGY

Graduation Requirements

To earn a Heating, Air Conditioning, Refrigeration Technology diploma or AAS degree, a student must complete all course work as prescribed and maintain a 2.0 grade point average.

Term 1

HACR451	Fundamentals of Refrigeration		5
HACR452	Trade Skills I		3
HACR453	Electricity		5
MATH410*	Mathematics for Technicians I		3

Term 2–Select 1 Course from Option 1

HACR454	Residential Heating and AC		5
HACR455	Electrical Controls and Circuits		5
HACR456	Trade Skills II		3
ENGL117	Composition I	Opt1	3
ENGL410	Communication Skills	Opt1	3

Term 3

HACR457	Applied Heating and AC		5
HACR458	HVAC Internship		4

Total credits required to complete the diploma   **41**

Term 4

HACR459	Advanced Heating and AC		5
HACR460	Advanced Sheetmetal		3

HIGH TECH-AUTOMATION/ROBOTICS

The High Tech-Automation/Robotics program prepares students for a career as a technician in industrial manufacturing. At the end of the program students should be able to diagnose and repair industrial equipment ranging from the basic motor control devices used in hard automation to the sophisticated industrial robots and computer integrated manufacturing cells that utilize microprocessors for programming and servo control.

The curriculum includes both the fundamental technologies and system applications. Upon program completion students may seek employment with area manufacturers maintaining plant equipment or with companies that produce process control or robotic devices.

Location: Ankeny

Program Entry Requirements

Complete an application, satisfy the assessment requirement and attend any required information/registration session. High school algebra or equivalent is recommended. Students start fall term.

Graduation Requirements

To earn a High Tech-Automation/Robotics AAS degree, a student must complete all course work as prescribed and maintain a 2.0 grade point average.

Term 1

ELHT314	Circuit Analysis I		5
ELHT316	Circuit Analysis I Lab		3
ELHT315	Fabrication Techniques		3
ELHT313	Technical Math I		3

Term 2

ELHT331	Circuit Analysis		3
ELHT363	Circuit Analysis II Lab		3
ELHT323	Technical Math II		3
ELHT324	Computer Programming		3
ELHT330	Digital Circuits		2
ELHT362	Digital Circuits Lab		2

Term 3–Select 1 Course from Option 1

ELHT345	Operating Systems		2
ENGL410*	Communication Skills		3
SOCY101	Introduction to Sociology	Opt1	3
PSCH101	General Psychology	Opt1	3

HTPC352	Hydraulics and Pneumatics Lab		2
HTPC355	Process Control Instrumentation		3
HTPC357	Process Control Instrumentation Lab		2
HTPC359	Programmable Logic Controllers		3
HTPC360	Industrial Electronics		2

Term 6

CIM-404	Robotics		2
CIM-413	Introduction to FMS Cell		3
HTPC363	Mechanisms		2
HTPC364	Mechanisms Lab		2

Total credits required to complete this program   **78**

INDUSTRIAL ELECTRO-MECHANICAL TECHNOLOGY

The Industrial Electro-Mechanical Technology program prepares students for a career as a maintenance technician in industrial manufacturing. At the completion of the program students should be able to troubleshoot and repair industrial equipment ranging from basic mechanical equipment and electrical motor controls to the more complex systems used in manufacturing environments.

Locations: Ankeny, Newton
Selected courses in this program are offered at other campuses.

Program Entry Requirements

Complete an application, satisfy the assessment requirement and attend any required information/registration session. Students start fall term.

Graduation Requirements

To earn an Industrial Electro-Mechanical Technology AAS degree, a student must complete all course work as prescribed and maintain a 2.0 grade point average.

Required Courses

BLDM330	Industrial Plumbing and Pipefitting	3
BPQI400	Total Quality Management	3
BPQI420	Preventative Maint & Troubleshooting Tech	3
CADD401	Intro to Computer Aided Drafting	3
COOP212	Coop Career Seminar	1
COOP222	Coop Career Experience	2
COOP225	Coop Career Experience	5
ELEM325	Basic Electricity	3
ENGL117	Composition I	3
ENGL119	Technical and Business Writing	3
HTPC358	Motor Controls	3
HTPC359	Programmable Logic Controls	3
HTPC351	Hydraulics and Pneumatics	3
HTPC352	Hydraulics and Pneumatics - Lab	2
HTPC370	Pump Overhaul and Repair	4
HTPC371	Mechanical Power Transmission I	3
HTPC372	Mechanical Power Transmission II	4
MATH410	Mathematics for Technicians I	3
MATH411	Mathematics for Technicians II	3
MGMT203	Human Relations in Business	3
SPCH11	Interpersonal & Small Group Communication	3

INDUSTRIAL TECHNOLOGY

TOOL480	Blueprint Reading I		2
TOOL475	Intro Basic Machining-Ind. Electro-Mech Tech		4
WELD460	Related Welding - Industrial Maintenance		3

Option Courses–Select 1 Course From Option 1

COMS181	Introduction to computer Literacy	Opt1	3
PHYL401*	Physics for Technicians	Opt1	3

Total minimum credits required to complete this program   **76**

INFORMATION TECHNOLOGY

The Information Technology program is designed to be a flexible technology degree. All students will have a base of technology courses and will then choose from a variety of technology areas such as telecommunications, computer programming, internet training and network administration to build their degrees to the specifications of personal and corporate needs. The degree allows for easy upgrade and adaptability as technology changes over short periods of time.

Locations: Ankeny, West
Selected courses in this program are offered at Boone, Carroll, Newton and Urban campuses.

Program Entry Requirements

Complete an application, satisfy the assessment requirement and attend any required information/registration session. Students start fall term.

Graduation Requirements

To earn an Information Technology AAS degree, a student must complete all course work as prescribed and maintain a 2.0 grade point average.

Required Courses

AAS Degree Core Communications Requirement		3
AAS Degree Core Social & Behavioral Science/Humanities		3
COMS111	Computers & Program Logic	3
COMS181	Intro to Computer Literacy	3

MATH Requirement

Select the Option 1 Courses, or the Option 2 Courses, or the Option 3 Courses

ELHT313*	Technical Math I	Opt1	3
ELHT323*	Technical Math II	Opt1	3

ELHT313 and 323 are required for the Telecommunications Emphasis Plan and the Networking Emphasis Plan

MATH410	Math for Technicians I	Opt1	3
MATH41	Math for Technicians II	Opt1	3

MATH410 and 411 are required for the Internet Technology Emphasis Plan

MATH115	Finite Mathematics	Opt1	4
MATH121	Elementary Statistics	Opt1	4

MATH115 and 121 are required for the Programming/Applications Emphasis Plan

Select 1 Course from Option 2

COOP220	Career Seeking Skills	Opt 2	2
COOP301	Portfolio Development	Opt 2	1

Select a Minimum of 6 Credits from Option 3

ACCT101	Principles of Accounting I	Opt 3	4
ACCT301	Accounting Fundamentals	Opt 3	3
BSAD150	Introduction to Business	Opt 3	3
MKTG102	Principles of Marketing	Opt 3	3

In addition to the required and option courses listed above, students must select a minimum of 21 credits from one of the following emphasis plans. An additional 18 credits must be chosen from any of the emphasis plans for a total of 64 credits.

Telecommunications Emphasis Plan

ELEM451	DC & AC Fundamentals	3
ELEM452	DC & AC Fundamentals Lab	3
ELEM462	Digital Electronics	3
ELEM463	Digital Electronics Lab	3
TELE410	Telecommunications I	3
TELE411	Telecommunications Experience I	6

Networking Emphasis Plan

ELHT324	Computer Programming	3

ITNA310	Networking Technologies	4
ITNA330	Networking Applications	4
ITNA332	Networking Applications Lab	2
ELHT346	Microcomputer Operating Systems	3
HTCT364	Microcomputer Systems (A+)	3
ITNA320	Technology Implementation	3
ELHT332	Digital Electronics	3
ELHT364	Digital Electronics Lab	3

It is strongly recommended that all 28 credits be taken for this emphasis plan.

Internet Technology Emphasis Plan

DATA309	COBOL on the World Wide Web	3
COMS301	Intro to JAVA Programming	3
COMS303	E-Commerce Scripting Languages	3
BSEN305	E-Commerce on the Web	3
BSEN306	E-Commerce Website I	3
BSEN307	E-Commerce Website II	3
LIBS123	Internet Research Techniques	1
MKTG305	Internet Marketing	3

Programming/Applications Emphasis Plan

DATA110	Computer Network Literacy	3
DATA103	BASIC	3
DATA104	BASIC-Advanced	3
DATA106	Microcomputers in Business	3
DATA309	COBOL on the World Wide Web	3
COMS125	Business Programming COBOL I	3
COMS126	Business Programming COBOL II	4
COMS301	Intro to JAVA Programming	3
DATA318	Intro C++ Programming	3
DATA320	Intermediate C++ Programming	3

To complete this AAS degree, additional courses should be chosen from any of the emphasis plans for a minimum of 64 credits.

INFORMATION TECHNOLOGY
NETWORK ADMINISTRATION

The ITNA program will provide students with a foundation in the basic technologies of computer networking, both as an objective and measurable skill set as well as a preface to certification. Course work such as the Microsoft MCSE and the NOVELL CNE. The modular design of the ITNA core/certification integration is designed to allow the future addition of other professional certifications.

Note: CISCO courses are being planned for possible Fall 2001 introduction. Please contact department chair, 515-965-6017.

Location: Ankeny, West

Program Entry Requirements

Complete an application, satisfy the assessment requirement and attend any required information/registration session.

Satisfactory completion of a department algebra entrance exam or a grade of "C" or better in MATH092 or ELHT313, or an equivalent course. Students start fall term.

Graduation Requirements

To earn an Information Technology Network Administrator AAS degree, a student must complete all course work as prescribed and maintain a 2.0 grade point average.

Term 1–Select 1 Course From Option 1

ELHT332	Digital Electronics		3
ELHT364	Digital Electronics Lab		3
ELHT346	Microcomputer Operating Systems		3
ELHT323	Technical Math II		3
MGMT203	Human Relations in Business	Opt1	3
PHIL111	Introduction to Logic	Opt1	3

Term 2.

HTCT364	Microcomputer Systems	3
ITNA310	Network Technologies	4
ELHT324	Computer Programming	3
ENGL410*	Communication Skills	3
ECON101	Principles of Macroeconomics	3

INDUSTRIAL TECHNOLOGY

Term 3

ITNA320	Technology Implementation	3
ITNA330	Network Applications	4
ITNA332	Network Applications Lab	2

For MCSE Specialization students must choose the following:

Term 4

MCSE305	Networking Essentials	3
MCSE310	MS Windows Workstation/Server	4
MCSE320	Windows Server Enterprise	3
MCSE318	Upgrading from Windows NT 4.0	3

Term 5

MCSE312	Designing MS Directory Services	2
MCSE314	Designing Security for MS Net	2
MCSE316	Designing MS Net Infrastructure	2
MCSE345	Supporting Windows 98	3
MCSE375	Implementing an SQL Database	3

For NOVELL Specialization students must choose the following:

Term 4

NECP342	Networking Technologies	2
NECP351	Netware 5 Administration	2
NECP301	Internet Business Strategies	1
NECP302	Mastering the Net/Netscape	1
NECP303	Web Authoring Publishing	1
NECP304	Advanced Web Authoring	1
NECP305	Designing Effective Websites	1
NECP306	Java Programming	2
NECP308	Web Server Management	1

Term 5

NECP352	Netware 5 Advanced administration	2
NECP344	Netware 4.x Design Implementation	2
NECP346	Novell Services and Support	2
NECP347	IntraNetWare Integrating NT	2
NECP314	Securing Intranets	2
NECP307	Advanced Java Programming	2

Minimum number of credits required to complete this AAS degree   **64**

INTEGRATED MANUFACTURING TECHNOLOGY

The Integrated Manufacturing Technology program prepares selected applicants for a wide variety of manufacturing tasks at the John Deere Des Moines Works. Successful applicants will learn the basic elements of welding, automation, computer numerical controlled machine operation, computer-aided drafting and design, machining, and workplace skills. Manufacturers in Iowa report that they will require more than 1,000 workers who have these skills by 2005. Graduates will be positioned for employment by a wide variety of manufacturers throughout the state and nation.

At completion of this two year Associate of Applied Science degree program, the top one-third of the graduating class will be offered immediate employment at the John Deere Des Moines Works with a salary/benefits package exceeding $40,000/year. The remaining graduates will be eligible for preferential hiring by the Des Moines Works and the other Iowa John Deere plants.

To apply for this program, call the Advanced Technology Center at DMACC, 515-965-7046 during business hours to request information regarding the John Deere Team Scholars program application process.

Location: Ankeny

Program Entry Requirements

Complete a DMACC application and take the basic skills evaluation. Successfully complete the following: a) the Deere "Job Fit Inventory," b) two personal interviews, and c) a mechanical comprehension assessment. Prior to the internship experience at the Des Moines Works, all program participants must submit to drug testing. Students start fall term.

Graduation Requirements

To earn an Integrated Manufacturing Technology AAS degree, a student must complete all course work as prescribed and maintain a 2.0 grade point average.

Term 1

CADD401*	Intro Computer Aided Design	3
ELEM325	General Electricity	3
ENGL410*	Communication Skills	3
MATH410*	Mathematics for Technicians I	3
TOOL480*	Blueprint Reading I	2
TOOL482	Machine Shop Measurements I	2

Term 2

BPQI411	Measuring Devices - SPC	1
CADD402	Intermediate CADD-Mechanical	3
CIM-404	Robotics	2
MATH411	Mathematics for Technicians II	3
WELD474*	Shielded Metal Arc Welding I	2
WELD478	Shielded Metal Arc Welding II	3
WELD481*	Blueprint Reading	3

Term 3

SFTY301	Introduction to Safety Science	3
TOOL481	Blueprint Reading II	3
TOOL497	Basic Lathe Operation	1
TOOL498	Vertical Mill Operation	1
WELD483*	Gas Metal Arc Welding	2

Term 4–Select 1 Course from Option 1

BPQI400	Total Quality Management		3
CIM-403	Introduction to CAD/CAM		3
CIM-418	IMT Internship		5
MGMT203	Human Relations in Business	Opt1	3
PSCH106	Psychology of Human Relations	Opt1	3

Term 5

BPQI412	Controlling Mfg. and Business Costs	2
HTPC382	Control System Overview	2
TOOL490	Machine Tool Operations Lab III	7
TOOL491	Machine Tool Operations III	4

Total minimum credits required to complete this program   **72**

LAND SURVEYING

The Land surveying program is designed to provide a two-year AAS degree that will provide necessary training for future licensure as a land surveyor in Iowa. The program consists of topics including: field surveying techniques, surveying laws and ethics, Global Positioning Systems, Land Information Systems, safety and drafting. Career opportunities are with consulting firms; construction companies; federal, state, and local government agencies; and large, land-owning companies. Many licensed surveyors own and operate their own surveying firms.

Location: Boone

Program Entry Requirements

Complete an application, satisfy the assessment requirement and attend any required information/registration session. Students start fall term.

Graduation Requirements

To earn an Information Technology Network Administrator AAS degree, a student must complete all course work as prescribed and maintain a 2.0 grade point average.

Required Courses

CET-315	Fundamentals of Civil Engineering	3
CET-320	Survey I	3
CET-325	Survey II	4
CET-390	Automated Design I	4
CET-422	Survey III	4
ENGL117	Composition I	3
ENGL119	Technical and Business Writing	3
SPCH110	Fundamentals of Speech	3
MATH123	Trigonometry	3
SURV310	Survey Drafting	3
SURV320	U.S. Public Lands Survey System	5
SURV430	Land Subdivision	3
SURV425	Surveying Ethics	2
SURV420	Boundary Surveying	3
SURV440	Boundary Law	4
SURV435	Intro to Geodesy	5
SURV415	Intro to Land Information Systems	2
SURV410	Safety in the Work Environment	1

MANUFACTURING TECHNOLOGY

The DMACC Manufacturing Technology program prepares applicants for a wide variety of manufacturing tasks in the industry. Successful applicants will learn the basic elements of welding, automation, computer numerical controlled machine operation, computer-aided drafting and design, machining, and workplace skills. Manufacturers in Iowa report that they will require more than 1,000 workers who have these skills by 2005. Graduates will be positioned for employment by a wide variety of manufacturers throughout the state and nation.

At completion of this two year Associate of Applied Science degree program, graduates will be prepared for a large number of skilled careers in the manufacturing industry. Opportunities exist in many different types of manufacturing.

To apply for this program, call the Advanced Technology Center at DMACC, 515-965-7046 during business hours to request information.

Location: Ankeny, Newton

Program Entry Requirements

Complete an application, satisfy the assessment requirement and attend any required information/registration sessions. Students start fall term.

Graduation Requirements

To earn a Manufacturing Technology AAS degree, a student must complete all course work as prescribed and maintain a 2.0 grade point average.

Term 1

CADD401*	Intro Computer Aided Design	3
ELEM325	General Electricity	3
ENGL410*	Communication Skills	3

SAFETY SCIENCE

Safety is a major concern of any business in today's world. The importance of competent professionals heading up business safety programs is an ever increasing concern. If you currently work in the field of safety or wish to pursue a career in this field, this program will provide the knowledge and expertise required.

This program provides not only the conceptual knowledge but the "hands on" skills and abilities so important and required in this field. Students will learn how to readily apply what is learned in the classroom to the workplace.

Upon completion of this AAS degree program, graduates will find themselves uniquely prepared for challenging careers in either the service or manufacturing sectors of business. Individuals with a competent, thorough working knowledge in the field of safety are highly sought after in today's job market.

Location: Ankeny

Program Entry Requirements

Complete an application, satisfy the assessment requirement and attend any required information/registration session. Students start any term.

Graduation Requirements

To earn a Safety Science AAS degree, a student must complete all course work as prescribed and maintain a 2.0 grade point average.

Term 1

CHEM131	General Chemistry I	4
COMS181	Introduction to Computer Literacy	3
HLCR314	Emergency Care	1
SFTY301	Introduction to Safety Science	3
SFTY310	Regulatory Safety Standards & Requirements	3

Term 2

BSAD152	Business Statistics	4
FIRE247	Planning for Fire Protection	3
ENGL117	Composition I	3
SFTY302	Accident Investigation and Workers Comp	3
SFTY311	Safety Program Management	3

Term 3—Select 1 Course from Option 1

BUSL101	Business Law		3
FIRE245	Hazardous Materials		3
SFTY315	Ergonomics in the Workplace		3
SFTY331	Industrial Hygiene-Chemical Hazards		3
MGMT203	Human Relations in Business	Opt1	3
PSCH106	Psychology of Human Relations & Adj.	Opt1	3

Term 4

BPQI320	Train the Trainer	3

TELECOMMUNICATIONS TECHNOLOGY

The Telecommunications Technology program begins with areas that are most familiar to the student and progresses to the new technologies that are the driving force of the information age. The program provides a blend of lecture and hands-on training courses that gradually introduce students to a variety of areas within the field of telecommunications. Graduates may pursue a career in several different areas of telecommunications.

Location: West
Selected courses in this program are offered at other campuses.

Program Entry Requirements

Complete an application, satisfy the assessment requirement and attend any required information/registration session. High school electronics and algebra is recommended. Students start fall term (day program) and spring term (evening program).

INDUSTRIAL TECHNOLOGY

Graduation Requirements

To earn a Telecommunications Technology AAS degree, a student must complete all course work as prescribed and maintain a 2.0 grade point average.

Term 1

ELEM450	Related Math	3
ELEM451*	DC and AC Fundamentals	3
ELEM452	DC and AC Fundamentals Lab	3
TELE410	Telecommunications I	3
TELE411	Telecommunications Experience I	4

Term 2

COMS181	Intro to Computer Literacy	3
ELEM462	Digital Electronics	3
OFFC329	Keyboarding I	1
TELE420	Telecommunications II	4
TELE421	Telecommunications Experience II	4

Term 3

COOP212	Coop Career Seminar	1
COOP226	Coop Career Experience	6

Term 4

ENGL410*	Communication Skills	3

PSCH101	General Psychology	Opt1	3
PSCH106	Psychology of Human Relations & Adjustment	Opt1	3
SOCY101	Introduction to Sociology	Opt1	3

Total credits required to complete this program   **64**

TOOL & DIEMAKING

The Tool and Diemaking program prepares students to meet the demands for qualified personnel in either conventionally controlled or computer numerical controlled (CNC) tooling industry.

There are two separate diploma options available: Job Shop Machinist or Diemaking. Job Shop Machinist graduates should have the skills required to work in a general machine shop. Diemaking graduates should have the skills necessary to work as tool planners, tool makers, die makers, etc. By completing the two diploma options plus one course, students may receive a Tool & Diemaking AAS degree.

Location: Ankeny

Program Entry Requirements

JOB SHOP MACHINIST

Complete an application, satisfy the assessment requirement and attend any required information/registration session. Students start fall term.

DIEMAKING

Complete an application, satisfy the assessment requirement and attend any required information/registration session. Submit proof of Job Shop Machinist Diploma or equivalent. Students start fall term.

Graduation Requirements

To earn a Job Shop Machinist or Diemaking diploma, or Tool and Diemaking AAS degree, a student must complete all course work as prescribed and maintain a 2.0 grade point average.

JOB SHOP MACHINIST

Required Courses

ENGL410*	Communication Skills	3
MATH410*	Mathematics for Technicians I	3
MATH411	Mathematics for Technicians II	3
TOOL480*	Blueprint Reading I	2
TOOL481	Blueprint Reading II	3
TOOL482	Machine Shop Measurements I	2
TOOL484	Machine Tool Operations I	3

TOOL485	Machine Tool Operations II	4
TOOL486	Machine Tool Operations Lab I	5
TOOL487	Machine Tool Operations Lab II	7
TOOL489	Heat Treatment of Materials	2
TOOL490	Machine Tool Operations Lab III	7
TOOL491	Machine Tool Operations III	4

Total credits required to complete Job Shop diploma   **48**

DIEMAKING

Required Courses

CADD401*	Intro Computer Aided Drafting/CADD	3
DIEM400	Basic Diemaking	4
DIEM401	Basic Diemaking Lab	6
DIEM402	Advanced Blueprint Reading	2
DIEM403	Progressive Die Design	3
DIEM404	Advanced Diemaking	4

Total credits required to complete the AAS degree   **85**

WELDING

Welding is the term used to describe numerous methods of joining metals. Students are provided with entry level welding skills and knowledge essential for employment in the industrial manufacturing, job shop, and pipe welding industries.

Ferrous and non-ferrous metals are joined using the oxy-acetylene, shielded metal arc, gas tungsten arc, and gas shielded arc welding processes. Freehand and machine flame cutting are also taught.

Classroom theory, blueprint reading and technical math are part of the instructional program. The listed sequence of course offerings may be altered.

The Welding program offers open entry and open exit courses. Students will be allowed to enroll in these open entry/open exit courses as long as there is space available.

Location: Ankeny

Program Entry Requirements

Complete an application, satisfy the assessment requirement and attend any required information/registration session. Students must meet with the program chair before admission to the program can be confirmed. Students start any term.

Graduation Requirements

To earn a Welding diploma, a student must complete all course work as prescribed and maintain a 2.0 grade point average.

Required Courses

ENGL410*	Communication Skills	3
MATH410*	Mathematics for Technicians I	3
WELD473*	Oxygen-Acetylene Welding/Cutting	2
WELD474*	Shielded Metal Arc Welding I	2
WELD478	Shielded Metal Arc Welding II	3
WELD479	Shielded Metal Arc Welding III	2
WELD481*	Blueprint Reading	3
WELD486	Shielded Metal Arc Welding IV	3
WELD487	Shielded Metal Arc Welding V	3
WELD488	Shielded Metal Arc Welding VI	2
WELD483*	Gas Metal Arc Welding	2
WELD493	Gas Tungsten Arc Welding	2

Total credits required to complete this program   **30**

INDUSTRIAL TECHNOLOGY

CERTIFICATES OF SPECIALIZATION

BUILDING MAINTENANCE

The Building Maintenance certificate is a series of job related courses which provide a person with an understanding of how to keep a commercial or industrial type of building operating efficiently and effectively. Skill training enables a maintenance specialist to do the job from the first day of employment.

Required Courses

BLDM325	Boiler Room Maintenance		1
ELEM325	General Electricity		3

Option Courses . . . Select 3 Credits From Option 1

BLDM326	Steam Plant Operations	Opt1	2
BLDM329	Basic Plumbing	Opt1	2
HLCR314	Emergency Care	Opt1	1

Total credits required to complete this certificate **7**

CIM - MANUFACTURING RESOURCE PLANNING

Courses in this certificate are designed to present the student with a detailed background in applying the principles of inventory management, computer based scheduling, control of production operations, and JIT techniques. Particular emphasis is placed on cause and effect relationships, such as how reductions in set up costs can reduce inventory requirements, how more effective control of production operations can reduce total product cost and delivery lead times, and how changing the manner in which we manage a company can allow for more employee involvement and problem solving. Three of the courses (CIM- 409, 410, and 412) help to prepare the student to pass APICS certification exams on those topics.

Required Courses

CIM-408	Intro to Computer Integrated Manufacturing	3
CIM-409	Inventory Management/Planning	3
CIM-410	Material Requirements Planning	3
CIM-411	Production and Capacity Management	3
CIM-412	Just In Time Inventory Control Techniques	3

Total credits required to complete this certificate **15**

CIM - PRODUCT ENGINEERING

The Product Engineering certificate covers many aspects of CAD. Beginning with an introductory course in mechanical AutoCAD, the program progresses to introduce the student to 3-D CAD. Finally, the student will generate computer-assisted part programs using CAM software. These programs are then post-processed and downloaded to CNC machines.

Required Courses

CADD401	Intro Computer Aided Drafting	3
CADD402	Intermediate CADD-Mechanical	3
CADD404	Computer Aided Design/Analysis	3
CIM-403	Introduction to CAD/CAM	3
CIM-408	Intro to Computer Integrated Manufacturing	3

Total credits required to complete this certificate **15**

CIM - SHOP FLOOR CONTROL

The Shop Floor Control certificate introduces the student to the programming and operation of the Manufacturing Cell components. It includes the programming and interfacing of PLC's, both Revolute and Scara robots and finally the integration of all components (PLC's, Robots, AS/RS and Vision) into a Flexible Manufacturing Cell. The objective of this certificate is to upgrade manufacturing technical personnel to state of the art systems and equipment.

Required Courses

CIM-404	Robotics	2
CIM-405	Programmable Controllers	3
CIM-408	Intro to Computer Integrated Manufacturing	3
CIM-413	Introduction to FMS Cell	3

Total credits required to complete this certificate **11**

FIRE SPECIALIST

The Fire Specialist certificate provides basic technical knowledge for people working in the fire protection field.

Course work covers the scientific principles that affect fire, its causes and behavior, and the means of minimizing its destructive effects through design, detection, suppression and prevention.

Required Courses

FIRE241	Fire Behavior and Investigation	3
FIRE242	Property Insurance and Fraud Investigation	3
FIRE243	Building Construction	3
FIRE244	Fire Protection Systems	3
FIRE245	Hazardous Materials	3
FIRE247	Planning for Fire Protection	3
FIRE248	Emergency Scene Management	3

Total credits required to complete this certificate **21**

SAFETY SCIENCE

The Safety Science certificate is designed to provide an introduction to the basics of safety policy, procedures and practices for individuals interested in the field of safety science.

Emphasis is placed on well rounded, basic, entry-level courses to supplement the individual who needs only specific information regarding occupational safety.

Required Courses

CHEM131	General Chemistry I	4
FIRE245	Hazardous Materials and Handling	3
FIRE247	Planning for Fire Protection	3
HLCR314	Emergency Care	1
SFTY301	Intro to Safety Science	3
SFTY302	Accident Investigation & Worker Compensation	3
SFTY310	Regulatory Safety Standards & Requirements	3
SFTY311	Safety Program Management	3
SFTY331	Industrial Hygiene - Chemical Hazards	3
SFTY332	Industrial Hygiene - Physical Hazards	3

Total credits required to complete this certificate **29**

INDUSTRIAL TECHNOLOGY

INDUSTRIAL TECHNOLOGY

WELDING

In an effort to meet the needs of interested students and local industry, the Welding program is offering open entry and open exit courses designed for the inexperienced as well as the more advanced and experienced welders. This flexibility allows students to take only those portions of the program they need at any given time. Students will be allowed to drop in and out as long as there is space available. Emphasis is placed on skill and knowledge that is required for the student to enter employment in the welding field, or for the student's own personal gain.

OXY-ACETYLENE WELDING

WELD473*	Oxygen-Acetylene Welding/Cutting	2

These credits are applicable to the diploma in Welding

SHIELDED METAL ARC WELDING

WELD474*	Shielded Metal Arc Welding I	2
WELD478	Shielded Metal Arc Welding II	3
WELD479	Shielded Metal Arc Welding III	2
WELD486	Shielded Metal Arc Welding IV	3
WELD487	Shielded Metal Arc Welding V	3
WELD488	Shielded Metal Arc Welding VI	2

Total credits required for Shielded Metal Arc Welding **15**
These credits are applicable to the diploma in Welding

GAS METAL ARC WELDING

WELD483*	Gas Metal Arc Welding	2

These credits are applicable to the diploma in Welding

GAS TUNGSTEN ARC WELDING

WELD493	Gas Tungsten Arc Welding	2

These credits are applicable to the diploma in Welding

BLUEPRINT READING

WELD481*	Blueprint Reading	3

These credits are applicable to the diploma in Welding

STRUCTURAL WELDING

WELD497	Advanced Shielded Metal Arc Welding I	2
WELD498	Advanced Shielded Metal Arc Welding II	3

PIPE WELDING

WELD499	Intro-Shielded Metal Arc Pipe Welding	3

CERTIFICATE OF COMPLETION
COMMERCIAL VEHICLE OPERATOR TRAINING

The Transportation Institute provides a training program that offers participants the opportunity to enter the transportation industry as a commercial vehicle driver. The 10-week, 320-hour, non-credit program utilizes the U.S. Department of Transportation Model Curriculum for it's training program. The course is certified by the Professional Truck Drivers Institute of America.

Features

1. Placement with companies prior to beginning of training.
2. Extensive in-truck training with two students per truck ratio.
3. Student loan availability for most students.
4. Graduation with a Commercial Drivers License (CDL)
5. Earning potential - $25,000 - $35,000 first year.
6. Excellent career opportunities within the industry.

Required Courses	Contact Hours
Basic Operations	112.00
Safe Operational Practices	112.75
Advanced Operating Procedures	22.00
Vehicle Maintenance	26.00
Non-Vehicle Activities	47.25

INDUSTRIAL TECHNOLOGY

PUBLIC & HUMAN SERVICES

Programs prepare students for direct employment in a variety of public service fields or for further study at a four-year institution.

When programs are completed, students find work in day care centers and preschools (child development); corrections facilities (criminal justice); municipal fire departments (fire science); treatment centers, group homes and state or county departments of social services (human services); private law firms (legal assistant); and health spas, YMCAs-YWCAs, retirement communities and public and private institutions (leisure studies).

ARE YOU A MATCH?

This activity, "Are You a Match," lists statements describing several skills, values, and subjects that are important for individuals wanting general education. Check the statements that best describe you. Compare the results of this activity with the Personal Career Profile on page 41. If similar strengths and interests are identified, you may want to explore programs offered in this career field. Select the program of study that appears to meet most of the items marked in both activities.

Contact the campus offering the program(s) that interest you and make an appointment with the program advisor/counselor. This visit will provide you with more program details and will help confirm your program choice.

If you find yourself still uncertain about your career path, DMACC's Counseling Center can provide more in-depth career planning assistance. To help you with further self-exploration, occupational exploration, decision-making and developing a plan of action, call the counselor/advisor at your campus. The Career Resource Center staff on the Ankeny and Urban Campuses can also provide resources to help you.

Do you like to work with people to help solve problems? Is it important to you to do something that makes things better for other people?

Check the activities that describe you:

____ Can take the **initiative**

____ Be involved in **helping persons** with personal problems

____ Help **people** in **legal** situations

____ Work with **small children**

____ **Persuade** persons to take certain actions

____ Have good **communication skills**

____ A **team player**

____ Have **flexible schedule**

____ Like **social science** courses

DIPLOMAS AND DEGREES

CRIMINAL JUSTICE - AA OR AS

The Criminal Justice program prepares students for a career in such areas as law enforcement, corrections, security, and juvenile justice. The program allows students to choose either an AA or AS degree. All students must complete the basic Criminal Justice requirements, then select other Criminal Justice classes in areas of primary interest.

Location: Ankeny
Selected courses in this program are offered at other campuses.

Program Entry Requirements
Complete an application, satisfy the assessment requirement and attend any required information/registration session. Students start any term.

Graduation Requirements
To earn a Criminal Justice AA or AS degree, a student must complete the standard core requirements for the degree, plus the Criminal Justice required courses and options and maintain a 2.0 grade point average.

AA DEGREE

Required Courses

	Complete AA Degree Core Requirements		48
CRIM101	Intro to Criminal Justice		3
CRIM103	Community Relations		3
CRIM105	Constitutional Law		3
CRIM235	Survey/Criminal Justice Agencies		3
PLSC126	Intro to Public Administration		3
SOCY107	Criminology		3

EARLY CHILDHOOD EDUCATION

The Early Childhood Education program prepares students for careers working with children. By the end of the program, they can assume a position of responsibility in early childhood education.

Course work includes instruction in human development, observation and guidance techniques, curriculum planning, nutrition, and emergency care.

Students will have the opportunity each term to participate in the Des Moines Area Community College Day Care Center and will also complete a practicum for one-half of a term in a community child care program.

When course work is completed, students will be qualified to work in day care centers, preschools, or public and private schools working with infants, preschoolers, or school-aged children. This program also allows a graduate to become a nanny or day care home provider. A second career option, Early Childhood Education Associate, is also available.

Location: Ankeny
Selected courses in this program are offered at other campuses.

Program Entry Requirements
Complete an application, satisfy the assessment requirement and attend any required information/registration session. Students start fall term.

Graduation Requirements
To earn an Early Childhood Education diploma, a student must complete all course work as prescribed and maintain a 2.0 grade point average.

Recommended Course of Study
A recommended course of study, listed below, has been created to insure that each student completes the program in the minimal amount of time required. However, the course of study can be tailored to meet the specific needs of each student.

Required Courses 1st Semester

CHLD110	Early Childhood Development	3
CHLD210	Intro to Early Childhood Education	1
CHLD211	Guidance Techniques for Young Children	2
CHLD212	Assessment and Planning for Young Children	1

EARLY CHILDHOOD EDUCATION-ASSOCIATE

The Child-Development Associate program is designed to build on those skills developed in the Child Development diploma program and to broaden the students' background in general education. Further competence in early childhood education is developed through course work in administration of programs for children and field practicum settings.

Students completing the Child Development diploma program plus the additional requirements listed, will earn a Child Development Associate in Science degree. They may choose to transfer to a four-year institution or take one of the many jobs available in early childhood education.

Students who intend to transfer to a four-year institution should contact the Early Childhood Education program chair or program counselor to obtain information about articulation agreements.

Location: Ankeny
Selected courses in this program are offered at other campuses.

Program Entry Requirements
Complete an application, satisfy the assessment requirement and attend any required information/registration session. Students start any term.

Graduation Requirements
To earn a Child Development AS Degree, a student must complete the standard core requirements for the degree plus the Child Development required courses and options and maintain a 2.0 grade point average.

Recommended Course of Study
A recommended course of study, listed below, has been created to insure that each student completes the program in the minimal amount of time required. However, the course of study can be tailored to meet the specific needs of each student.

Required Courses 1st Semester

CHLD110	Early Childhood Development	3
CHLD210	Intro to Early Childhood Education	1
CHLD211	Guidance Techniques for Young Children	2
CHLD212	Assessment and Planning for Young Children	1
CHLD213	Group Exp for Early Childhood Programs	2
CHLD214	Curriculum for Preschool Children	3
CHLD240*	Emergency Care	1
CHLD410	Student Participation I	3
	Total	**16**

Required Courses 2nd Semester

CHLD215	Child Health Safety and Nutrition	3
CHLD216	Infant and Toddler Care and Education	2
CHLD217	Professional Relationships	2
CHLD411	Student Participation II	3
CHLD420	Early Childhood Education Practicum	2
	Total	**12**

Required Courses for Remaining Semesters

Additional AS Degree Core Requirements		**28**
CHLD220	Admin of Programs/Children	3
CHLD421	Early Childhood Ed Assoc Practicum	3
Elective courses		2

Total minimum credits required to complete this program	**64**

EXERCISE SCIENCE

Exercise Science includes the study of the effects of physical activity on the human body. The interest in exercise to maintain health and fitness is increasing in our society in both the young and older population. It is a well-known fact that exercise has a positive effect on the health and well being of all people regardless of age. More and more corporations and communities are offering wellness programs to fight the escalating cost of health care and to improve the quality of life in seniors/elderly. There has been an increase in the fields of cardiac rehabilitation and adult fitness programs in hospitals and clinics as well as sports and rehabilitative medicine. The expanding of these areas has increased the marketplace for professionals in the field of exercise and sports medicine.

The Exercise Science AS degree is a transfer degree for students who want some career specialization during the first two years of college. The main focus of this program is to provide a two-year curriculum with a strong science foundation, which will prepare students for an easy transfer into an exercise-related field in four-year institutions. Graduates of this program would also be prepared to work in entry level positions as exercise and fitness technicians in health and fitness centers and corporate fitness programs, technicians in chiropractic clinics, retirement communities and in nursing facilities.

Location: Boone
Selected courses in this program are offered at other campuses.

Program Entry Requirements
Complete an application, satisfy the assessment requirement and attend any required information/registration session. A program orientation will be required for all students entering the program. Students start any term.

Graduation Requirements
To earn an Exercise Science AS degree, a student must complete all course work as prescribed and maintain a 2.0 grade point average.

Required Courses

PUBLIC & HUMAN SERVICES

PUBLIC & HUMAN SERVICES

HUMAN SERVICES

The Human Services program prepares students for entry level jobs or for transfer to a four-year degree program. By the end of the program students will be able to interact effectively with clients in a human services agency.

The program emphasizes skills needed in working with clients such as interviewing, determining eligibility for services, making appropriate referrals, and assisting with counseling. A supervised field experience allows students to apply their skills in a work setting.

Specializations are offered in chemical dependency counseling, mental health, psychosocial rehabilitation and social services.

When the program is completed, students may find employment in a wide variety of settings, including public and private social services agencies, treatment centers, group homes, institutions, hospitals, supported living and work programs, and state or county departments of social services.

Locations: Ankeny, Urban, Newton
Selected courses in this program are offered at other campuses.

Program Entry Requirements
Complete an application, satisfy the assessment requirement and attend any required information/registration session. Students start any term.

Graduation Requirements
To earn a Human Services AS degree, a student must complete the standard core requirements for the degree, plus the Human Services required courses and options, and maintain a 2.0 grade point average.

LEGAL ASSISTANT

Legal Assistants perform a variety of legal tasks under the supervision of an attorney. They work for attorneys in private practice, state agencies, and public service organizations. Legal assistants work with the attorney in virtually every area of legal practice. They do not give advice or represent clients since that would be the actual practice of law.

Our objective is to educate students to become legal assistants who are capable of performing a variety of legal tasks. Graduates of the program should be able to provide a broad spectrum of services needed by attorneys. This objective is met by providing intensive and practical instruction by attorneys with experience and expertise in their fields of instruction. This program is approved by the American Bar Association.

Students in the program complete general education core requirements and legal specialty courses. Course offerings include torts and litigation, family law, business law, probate, and income tax. All students complete an internship, under the supervision of an attorney, during which they use the skills and apply the knowledge gained in the classroom. Interested applicants who hold a prior college degree may seek the Legal Assistant Certificate.

A program chairperson and a program counselor are available to assist students with educational and career planning.

Graduates of the Legal Assistant program are employed in private law firms, the courts, public agencies, and legal departments of large companies. Additionally, some students work in law related jobs such as investigation, collections, and bank trust departments.

Location: Urban

Program Entry Requirements
Complete an application, satisfy the assessment requirement and attend any required information/registration session. Students may start any term.

Important Note: Students entering the program need satisfactory computer skills. OFFC 355 Computer Applications is highly recommended as a developmental course. (OFFC 355 will not satisfy program requirements.)

Graduation Requirements
To earn a Legal Assistant AS degree, a student must complete the standard core requirements for the degree, plus the Legal Assistant required courses and options, maintain a 2.0 grade point average, and receive a grade of "C" or above in all LEGA course work.

CERTIFICATES OF SPECIALIZATION
CHEMICAL DEPENDENCY COUNSELING

This one year certificate is offered cooperatively with Powell Chemical Dependency Center (Powell CDC) at Iowa Lutheran Hospital.

This certificate is designed for individuals with a Bachelor's Degree, Graduate Degree or Associate in Arts or Associate in Science degree who wish to update or develop skills in chemical dependency counseling. For those who do not have a degree, this certificate may be completed as a part of the two-year Associate in Science degree in Human Services.

Please Note . . .
A limited number of practicum/field experience spaces are available at Powell CDC. Powell CDC reserves the right to establish admissions procedures and select their practicum/field experience students. Powell CDC charges a substantial fee for their practicum training. This is in addition to the usual tuition and fees paid to DMACC for the required credit course work.

For information about and admission procedures for the practicum phase, contact Training Coordinator, Powell CDC, Iowa Lutheran Hospital, 700 East University, Des Moines, Iowa 50316-2392.

ADJUNCT - Adjunct courses may be temporary or experimental and may be used to fulfill elective credit in programs that lead to a degree or diploma. Adjunct courses may not be used to fulfill or substitute for required or option courses in any degree or diploma program.

General non-core courses identified as freshman-sophomore courses.	Open occupationally specific courses corresponding to courses in certain professional programs at four-year institutions.	Vocational = occupationally specific	Core = traditional liberal arts courses in the first two years of a baccalaureate degree.	Adaptor developmental and remedial courses. *Adaptor courses cannot be used to fulfill degree*	(P/F) indicates courses taken pass/fail.

* PREREQUISITES   successful completion of a course or other criterion necessary for a student to succeed in a higher level course.

COREQUISITES   a course that must be taken concurrently with or prior to the course

* An instructor may deny enrollment in or drop a student from a specific course if the course prerequisite has not been met.

ACCT101   4 4 0 0 0
Principles of Accounting I   General
Introduces the student to the principles of accounting with emphasis placed on the users and uses of accounting information. The double-entry bookkeeping system is presented with a focus on the end result of the accounting cycle, the financial statement.

ACCT102   4 4 0 0 0
Principles of Accounting II   General
A continuation of Principles of Accounting I. Introduces accounting procedures related to corporations, manufacturing, and branch operations. The course also includes an introduction to capital budgeting, analysis of financial statements and decision-making by managers. PREREQUISITE: ACCT101

ACCT103   4 4 0 0 0
Intermediate Accounting I   Open
Emphasis on theory, standards and principles—the "why" of accounting. The framework goes beyond the procedural level to the conceptual level. Topics include: preparation of income statements, balance sheets and related footnotes. Applicable FASB pronouncements are presented. PREREQUISITE: ACCT102

ACCT104   4 4 0 0 0
Intermediate Accounting II   Open
Continuation of Intermediate Accounting I, topics include: long-term debt, investments, equity, pensions, leases, accounting changes, earnings per share and accounting for inflation. PREREQUISITE: ACCT103

ACCT105   3 3 0 0 0
Nonprofit Accounting   Open
An introduction to the accounting and reporting principles, standards, and procedures applicable to federal, state, and local government. Also includes nonprofit institutions such as hospitals and universities. PREREQUISITE: ACCT101

ACCT203   4 4 0 0 0
Cost Accounting   Open
An introduction to accounting concepts of product costing systems. Topics include: classification of costs, process costing, job order costing, joint and by-product costs, and standard cost systems, with variable analysis. PREREQUISITE: ACCT102

ACCT206   3 3 0 0 0
Income Tax   Open
An introduction to personal income tax. Emphasizes computation of federal and state income taxes and preparation of tax forms. PREREQUISITES: ACCT101 or ACCT301

ACCT208 - ADJUNCT****   3 2 2 0 0
Tax Assistance Institute   *Voc/Tech*
An opportunity to participate in a Volunteer Income Tax Assistance Program by applying classroom skills to actual experience. Includes training to provide community service of free tax assistance and preparation of basic tax returns for older, handicapped and low income taxpayers. (P/F) PREREQUISITE: ACCT206

ACCT301   3 3 0 0 0
Accounting Fundamentals   Open
An introductory course in accounting fundamentals and procedures. Includes capturing and analyzing business data and financial statement preparation.

ACCT308 - ADJUNCT****   3 3 0 0 0
Managerial Accounting for Non-Accts *Voc/Tech*
Managerial Accounting for Non-Accountants is a course designed to provide managers and supervisors with the basic skills essential for interpreting financial statements and financial performance measures. It also covers how the cost of a product or service is determined and the development and use of budgets.

ACCT309 - ADJUNCT****   1 0 2 0 0
Computerized Personal Finance   *Voc/Tech*
Hands-on instruction using Quicken. Special features include check writing, balancing statements, preparing financial reports, tracking payments, and trying "what if" scenarios with retirement, investments, etc.

ACCT310   3 3 0 0 0
Internal Auditing   *Voc/Tech*
Introduces the activities performed by auditors who function within an organization. Acquaints students with the methods, tool and techniques used by internal staff to evaluate the effectiveness and efficiency of operations. Special attention is given to internal control systems. PREREQUISITE: ACCT102

ACCT312   4 4 0 0 0
Accounting Information Systems   *Voc/Tech*
Identifies the information required by accountants as it relates to financial and managerial accounting. It provides an overview of systems design and development process. PREREQUISITE: ACCT102, COMS181

ACCT314 - ADJUNCT****   3 3 0 0 0
Business Tax   *Voc/Tech*
This course provides an overview of the forms of business organization and the fundamentals of taxation for sole proprietorship, C corporations, S corporations, limited liability companies, and partnerships. PREREQUISITE: ACCT101

ACCT351   3 2 2 0 0
Financial Accounting/Computers   *Voc/Tech*
Emphasizes application of computerized financial software used in business. Topics include setting up a company, receivables, payables, inventory control, payroll, time tracking and job estimating. PREREQUISITES: ACCT101 or ACCT301

ACCT352   3 2 2 0 0
Managerial Accounting/Computers   *Voc/Tech*
Computer operations with an emphasis on managerial uses. Includes topics in spreadsheet modeling, spreadsheet commands, manufacturing systems, budgeting, profit analysis. PREREQUISITES: ACCT203, COMS181

ACCT390 - ADJUNCT****   3 3 0 0 0
Auditing   *Voc/Tech*
An introduction to auditing concepts, internal control procedures, preparation of audit programs and working papers, application of methods and procedures for conducting an audit. The legal and ethical responsibilities of auditors. Preparation of audit reports. PREREQUISITE: ACCT103

ACCT395 - ADJUNCT****   3 3 0 0 0
Treasury & Cash Management   *Voc/Tech*
Introduces the requisite skills and knowledge for entry-level positions in the treasury and cash management operation. Utilizes case studies and articles relevant to treasury management practice. Relates directly to accounting and financial management topics.

ACCT403   3 0 0 0 12
Accounting Internship   Open
An opportunity to gain practical experience through on-the-job training in an approved business or governmental office. (P/F) PREREQUISITE: Successful completion of 11 hours of ACCT and/or BKKA credit courses; permission of the department and demonstrable job readiness with computer literacy. COREQUISITE: ACCT404

ACCT404   1 1 0 0 0
Accounting Career Seminar   *Voc/Tech*
Designed to provide in-depth discussion of accounting/bookkeeping/accounting technician work experiences. PREREQUISITE: Successful completion of 11 hours of ACCT and/or BKKA credit courses; permission of the department and demonstrable job readiness with computer literacy. COREQUISITE: ACCT403

*** Adaptor Courses cannot be used to fulfill degree requirements
**** Adjunct Courses cannot be used to fulfill or substitute for required or option courses in any degree or diploma program

ACCT407 1 1 0 0 0
Accounting Professional Dev Voc/Tech
Includes how individuals fit into organizations. Development of individual career values and opportunities in the accounting profession. (P/F)

ACCT411 3 3 0 0 0
Payroll Accounting Voc/Tech
Covers payroll laws, state and federal withholding taxes, state and federal forms, salary deductions including cafeteria insurance plans and pension plans and computerized payroll software packages. PREREQUISITES: ACCT101 or ACCT301

ACCT430 4 3 2 0 0
Accounting Procedures/Mgmt Voc/Tech
A project approach to accounting systems and records management. Includes topics in receivables, payables, banking records, planning and organizing; leadership, human relations, and communications. PREREQUISITES: ACCT101, BSAD223, OFFC324

AGRI201 3 3 0 0 0
Feeding & Animal Nutrition I Voc/Tech
The identification and study of feed ingredients, nutrients and additives. Determine feed requirements of various livestock classes. Ration balancing and feed formulation are computed.

AGRI202 3 2 2 0 0
Crop Scouting Voc/Tech
The course develops an understanding of the factors which affect plant growth. Plant nutrients are considered as students gain experience in identifying major and micro nutrient deficiency symptoms in plants by means of soil tests, plant tests and observations.

AGRI203 3 3 0 0 0
Feeding & Animal Nutrition II Voc/Tech
The practical application of feeding principles. An in-depth study of the various nutrients, their requirements and uses. An analysis of research feeding trials, research procedures and manufacturing terminology. PREREQUISITE: AGRI201

AGRI204 3 3 0 0 0
Animal Science Voc/Tech
An analysis of the livestock industry with emphasis on reproduction, inheritance, performance testing, selection and marketing.

AGRI206 3 3 0 0 0
Crop Management Voc/Tech
An introductory course in the general principles of crop production and management. Major areas of study are food production, crop classification, plant growth factors, seed production and variety selection.

AGRI207 3 3 0 0 0
Livestock Disease Prevention Voc/Tech
A survey of diseases of large domestic animals, including discussion of causes, transmission, prevention and control.

AGRI209 1 0 2 0 0
Soils Laboratory Voc/Tech
An introductory course in soils and nutrients. A study of the physical, chemical and biological properties of soils. Also includes the study of nutrients, land measurement and environmental concerns and soil management. COREQUISITE: AGRI219

AGRI216 3 3 0 0 0
Commodity Marketing Voc/Tech
Focus on the futures market and how it can be used as a marketing tool. Major areas of study include hedging, speculation, price forecasting, spreading, technical and fundamental analysis. The use of options as an economical marketing tool will be covered.

AGRI217 3 2 2 0 0
Precision Agriculture Applications Voc/Tech
This course is an introduction to the general principles of Precision Agriculture. Major topic areas will include Global Positioning Systems (GPS), yield mapping, Geographic Information Systems (GIS) and remote sensing equipment.

AGRI219 3 3 0 0 0
Soils & Fertilizers Voc/Tech
An extended course in soils and fertilizers. A study of the physical, chemical and biological properties of soils. Also includes the study of fertilizers, their composition, manufacture and use. COREQUISITE: AGRI209

AGRI304 3 3 0 0 0
Swine Production & Management Voc/Tech
The practical application of technical information to life-cycle swine production including production systems, breeding and genetics, herd health, housing, marketing, management and nutrition. PREREQUISITE: Permission of instructor or AGRI201, 204

AGRI305 3 3 0 0 0
Beef Production & Management Voc/Tech
The practical application of technical information to life-cycle beef production with emphasis on cow-calf production and feedlot management. PREREQUISITE: Permission of instructor or AGRI201, 204

AGRI306 3 3 0 0 0
Advanced Crop Management Voc/Tech
An advanced course using the problem solving approach to crop management. Principles and practices of agronomic science are used in the discussion of management problems related to corn, soybeans, forage, small grain, sorghum, and alternative crops. PREREQUISITE: Permission of instructor or AGRI202, 206, 219

AGRI322 3 3 0 0 0
Agri-Business Management Voc/Tech
A study of the role and organization of several aspects of agribusiness including financial management and control, marketing, operation and resource management in agribusiness.

AGRI323 3 3 0 0 0
Farm Management Voc/Tech
Includes management problem identification and solution using business and economic principles, enterprise and total farm budgeting, adjusting to uncertainty, investment decisions, farm business organization, farm records and business analysis.

AGRI333 3 3 0 0 0
Petroleum Products in Agriculture Voc/Tech
Designed to acquaint students with the petroleum industry and its terminology. Major areas of study will be fuels and lubricants with emphasis on applications and selection, equipment operations, storage and handling procedures, and federal regulations.

AGRI340 1 1 0 0 0
Veterinary Terminology Voc/Tech
Course is designed to help logically understand medical terminology with a veterinary emphasis. Basic prefixes, suffixes and root words are emphasized as a method of acquiring and retaining knowledge. PREREQUISITE: High School Biology

AGRI341 1 1 0 0 0
Veterinary Pharmacology Voc/Tech
Studies medications and products commonly used in veterinary medicine. PREREQUISITE: AGRI340

AGRI342 1 0 2 0 0
Animal Behavior/Kennel Mgt. Voc/Tech
Studies basic animal behavior and the influences that modify behavior, kennel management includes understanding laws, regulations, records and daily operation of kennels. Practical experience is included. PREREQUISITE: AGRI340

AGRI343 3 2 2 0 0
Animal Anatomy and Physiology I Voc/Tech
Beginning anatomy and physiology with veterinary clinical emphasis. Provides the basis for study of conformation, production and pathological processes of diseases of dogs, cats, horses, sheep, cattle, swine and laboratory animals. PREREQUISITE: AGRI340

AGRI344 3 2 2 0 0
Animal Nursing I Voc/Tech
Introduces the fundamentals of animal nursing, including handling, restraint, patient history and admissions. Emphasis will be placed on preparation and administration of vaccines and medications for hospitalized animals. PREREQUISITE: AGRI340

AGRI345 3 2 2 0 0
Veterinary Clinic Pathology I Voc/Tech
Introduces basic laboratory procedures including specimen collection and preservation, hematology, urinalysis, and fecal exam preparation. Hematology will include preparation and performance of PCV, Hbg, WBC, RBC counts and the staining of blood smears. PREREQUISITE: AGRI340

AGRI346 3 2 2 0 0
Animal Anatomy and Physiology II Voc/Tech
Studies anatomy and physiologic principles of domestic animals. Continuation of physiological principles of Animal Anatomy and Physiology I PREREQUISITE: AGRI343

AGRI347 3 2 2 0 0
Veterinary Clinic Pathology II Voc/Tech
Continues Veterinary Clinic Pathology I with emphasis on coagulation studies and clinical chemistry. Selected serological tests will also be covered. PREREQUISITE: AGRI345

AGRI348 3 2 2 0 0
Animal Nursing II Voc/Tech
Continuation of Animal Nursing I with emphasis on radiology and anesthesiology. Limited to Veterinarian Technician students. PREREQUISITE: AGRI344

AGRI411 3 3 0 0 0
Agricultural Economics Voc/Tech
A study of economic principles and the application of these principles to the distribution of agricultural supplies.

AGRI421 3 3 0 0 0
Chemical Technology Voc/Tech
Common features of pests, methods of control, how pesticides work, pesticide labels, application equipment, calibration, laws and regulation governing pesticide use.

AGRI430 2 0 0 0 8
Agribusiness Internship I Voc/Tech
Students will have the opportunity to experience an agricultural career through participation in an internship experience. The internship will provide career exploration through a structured evaluation. PREREQUISITES: AGRI204 or AGRI206

AGRI431 1 0 0 0 4
Veterinary Internship I Voc/Tech
Internship experience within a veterinarian related business. PREREQUISITE: AGRI340, 342

AGRI432 3 0 0 0 12
Veterinary Internship II Voc/Tech
Internship experience within a veterinarian related business with emphasis on animal care procedures. PREREQUISITE: AGRI348, 431

AGRI436 2 2 0 0 0
Grain Management Voc/Tech
Designed to acquaint the student with the complete cycle of grain from the farm to the country elevator. Major areas of study are the management of facilities, equipment, personnel and finances, warehouse requirements, grain grading, grain conditioning and grain inventory management.

AGRI455 2 0 0 0 8
Agribusiness Internship II Voc/Tech
Students will have the opportunity to participate in an internship within the agribusiness industry. The internship may provide experiences within the agronomic, animal science, management, sales and service sectors that affect the food, fiber and environmental sciences. PREREQUISITE: AGRI430

ANTH120 3 3 0 0 0
Introduction to Anthropology Core
This course is an introduction to the comparative study of humankind from biological and cultural perspectives. It surveys anthropological theory, methods and major findings regarding human origins and variations, cultural development and change, cultural systems, and cross-cultural comparisons of people throughout the world.

*** Adaptor Courses cannot be used to fulfill degree requirements*
**** Adjunct Courses cannot be used to fulfill or substitute for required or option courses in any degree or diploma program*

COURSE DESCRIPTIONS

ANTH121   3 3 0 0 0
Cultural Anthropology   **Core**
The application of anthropological theory and perspective to the comparison of different types of cultures throughout the world, and to the analysis of contemporary human problems. Using ethnographic techniques, students conduct research on selected cultural aspects of the surrounding community.

ANTH122   3 3 0 0 0
Peoples & Cultures Of Mexico   **General**
This course traces the rise and development of the Indian civilization, the Spanish conquest, and the emergence of Mestizo Mexico through such events as its independence from Spain and its 20th century revolution. The course also examines the varieties of cultures and contemporary Mexico.

ARCH410   2 2 0 0 0
Architectural Drafting I   **Voc/Tech**
An introduction to drafting and related equipment, along with a preliminary look at construction drawings and building codes.

ARCH420   2 2 0 0 0
Architectural Drafting II   **Voc/Tech**
Complete sets of residential working drawings involving plans, elevations, sections, details, and schedules will be developed. PREREQUISITE: ARCH410

ARCH460   3 0 6 0 0
Architectural Drafting Lab I   **Voc/Tech**
Practical application of the basic skills of drafting involving the mechanics and the necessary thought process in developing a set of residential drawings.

ARCH461   3 0 6 0 0
Architectural Drafting Lab II   **Voc/Tech**
Practical application of architectural CAD techniques necessary to develop a set of residential drawings. PREREQUISITE: ARCH460

ARCH462   2 2 0 0 0
Architectural Drafting III   **Voc/Tech**
Commercial building drawings will be developed in CAD. PREREQUISITE: ARCH420

ARCH463   3 0 6 0 0
Architectural Drafting Lab III   **Voc/Tech**
Involvement in the practical drawing of commercial buildings using architectural CAD techniques. PREREQUISITE: ARCH461

ARCH464   2 2 0 0 0
Construction Techniques I   **Voc/Tech**
An introduction to building materials through the Construction Specification Institutes' accounting and management systems.

ARCH465   2 2 0 0 0
Building Assemblies II   **Voc/Tech**
This course is a continuation of ARCH473 as an introduction to building assemblies and the relationship of materials within those assemblies. This course continues the focus on the assemblage of materials and is intended to expound upon the material investigation of ARCH470 and ARCH471. PREREQUISITE: ARCH473

ARCH470   2 2 0 0 0
Construction Techniques II   **Voc/Tech**
An ongoing look into the Construction Specification Institute's system of categorizing building materials. PREREQUISITE: ARCH464

ARCH471   3 3 0 0 0
Construction Techniques III   **Voc/Tech**
Complete the Construction Specification Institute's uniform system of design. PREREQUISITE: ARCH470

ARCH472   2 2 0 0 0
Construction Estimating   **Voc/Tech**
An orderly process of accounting for the items involved in the construction project.

ARCH473   2 2 0 0 0
Building Assemblies I   **Voc/Tech**
Introduction to building assemblies and the relationship of materials within those assemblies. This course focuses on the assemblage of materials and is intended to expand upon the material investigation of ARCH 464 and ARCH470.

ARCH475   2 2 0 0 0
Technical Report & Specs   **Voc/Tech**
A look into the building codes and contracts used in architecture as well as the technical section called specifications. Study material will include aspects for certification as C.S.I. Construction Document Technologist.

ARTS101   3 3 0 0 0
Art Appreciation   **Core**
A general survey course which explores in chronological sequence many artists, their lives, styles and media. The student will use art to recognize global cultural diversity and connect to universal human experience as expressed through art.

ARTS102   3 0 6 0 0
Fundamentals of Drawing   **General**
Lab study of tools and techniques necessary for entry level visual arts in drawing. Emphasis on still life using gesture, contour, shape, plane, volume and value/tonal techniques. Basic drawing skills with pencil, charcoal and eraser are explored.

ARTS103   3 0 6 0 0
Life Drawing   **General**
Drawing and painting a live model. Emphasis on structure, movement and expression.

ARTS104   3 0 6 0 0
Fundamentals of Painting   **General**
Acrylic painting with emphasis on still life, landscape and individual composition.

ARTS105   3 2 2 0 0
Art in the Elementary School   **General**
Designed for students in Education and Recreation to assist them with design, construction, and planning of multi-art forms and materials for instructional situations.

ARTS109   3 3 0 0 0
Design: Exploring Art Media   **General**
An introduction to basic techniques in media such as papermaking, clay, fibers and soft sculptures. Students will explore variety of traditional approaches to express a contemporary vision.

ARTS111 - ADJUNCT ****   3 0 6 0 0
Landscape Painting   *General*
Landscape painting using any water based media. Study of the elements of art to aid in composition and development of a personal painting style. Field trips will be required.

ASDN226   2 1 2 0 0
Nursing Practice II   **Open**
Focuses on advanced nursing skills and health assessment techniques utilized with individuals, families and groups. Methods of care plan revision and nursing roles of the Registered Nurse are investigated. PREREQUISITES: BIOL132, 134, ENGL117, NURS224, 225, SPCH117

ASDN227   5 3 0 6 0
Family Health Nursing   **Open**
Provides an in-depth study of pregnancy and it's complications , the high risk infant, acute and chronic illnesses of children and young adults. The student participates in health and illness care in a variety of traditional and community-based settings. PREREQUISITES: BIOL132, 134, ENGL117, NURS224, 225, SPCH117, COREQUISITES: ASDN226

ASDN228   5 3 0 6 0
Adult and Older Adult Health   **Open**
Focuses on holistic nursing care using the nursing process. Conditions affecting the health of adults and older adults and their influences on family are examined. Pathophysiology, collaborative care and the nursing roles of advocate and teacher are emphasized. The student practices in a variety of health care settings. PREREQUISITES: BIOL132, 134, ENGL117, NURS224, 225, SPCH117, COREQUISITES: ASDN226

ASDN229   5 3 0 6 0
Mental Health Nursing   **Open**
Discusses mental health and illness across the lifespan emphasizing a holistic viewpoint. The student participates in mental health and illness care to clients in a variety of traditional and community-based settings. PREREQUISITES: BIOL132, 134, ENGL117, NURS224, 225, SPCH117, COREQUISITES: ASDN226

ASDN230   3 1 0 6 0
Nursing Management   **Open**
Allows the student to discuss issues then apply theoretical concepts of management with a group of clients, peers and subordinates. Communications within organizational structures, principles of conflict resolution, delegation, advocacy and collaboration with health care professionals will be emphasized. PREREQUISITES: ASDN226, 227, 228, 229, SOCY101

ASDN231   3 1 0 6 0
Nursing Seminar   **Open**
Professional practice is emphasized through the study of professional issues and role development. Includes exposure to research and licensure issues. This course culminates in clinical preceptor and community based experiences which assist the student to formulate a philosophy of practice. PREREQUISITES: ASDN226, 227, 228, 229, SOCY101

ASEP312   4 3 2 0 0
Specialized Electronics Training   **Voc/Tech**
A study of the electrical and electronics systems used in General Motors vehicles. The instruction includes fundamentals of electricity, series and parallel circuits, schematics, wire repair, diodes, transistors and microprocessors. PREREQUISITE: Admission to Automotive Service Educational Program

ASEP317   3 2 2 0 0
GM Shop Fund & Minor Service   **Voc/Tech**
A study of dealership organizational structure as it relates to the technician. Use of service manuals, electronic troubleshooting manuals and service bulletins are practiced. Also provides entry level automotive task competencies. PREREQUISITE: Admission to Automotive Service Educational Program

ASEP318   4 3 2 0 0
GM Steering/Suspension/Brakes   **Voc/Tech**
Instruction in the theory of operation and service procedures used in the maintenance and repair of General Motors steering, suspension and brake systems. PREREQUISITE: Admission to Automotive Service Educational Program

ASEP320   3 0 0 18
Technical Internship I   **Voc/Tech**
The technician will work in a participating dealership. The work will be full-time approximately 40 hours per week. The tasks will be consistent with the technician's ability and previous course work. A task list will be issued to each dealer. PREREQUISITES: ASEP312, 317, 318

ASEP326   3 2 2 0 0
GM Auto Air Conditioning Systems   **Voc/Tech**
Theory of operation of General Motors air conditioning systems leading to the diagnosis, service and repair of current models of GM vehicles. PREREQUISITES: ASEP312, 317

ASEP327   3 2 2 0 0
Minor Service/Repair-GM Engines   **Voc/Tech**
Principles of operation of General Motors engines. Minor service procedures and engine component repair or replacement will be emphasized. Will also include diagnostic procedures. PREREQUISITES: ASEP317, AUTO464

ASEP328   3 2 2 0 0
Diagnosis/Repair-GM Electrical Sys   **Voc/Tech**
Instruction in the diagnosis, repair and service of electrical and electronic components and accessories used on current GM vehicles. PREREQUISITES: ASEP312, 317

ASEP330   3 0 0 18
Technical Internship II   **Voc/Tech**
Work experience at a participating dealership. The tasks will be consistent with the technician's ability and previous course work. PREREQUISITES: ASEP320, 328

ASEP333   3 2 2 0 0
Major Service Procedures/GM Engines   **Voc/Tech**
Evaluating, reconditioning and replacing of major components of GM engines. Instruction will also include diagnostic routines. PREREQUISITES: ASEP327

*** Adaptor Courses cannot be used to fulfill degree requirements
**** Adjunct Courses cannot be used to fulfill or substitute for required or option courses in any degree or diploma program

COURSE DESCRIPTIONS

ASEP336   3 2 2 0 0
GM Carb & Fuel Induction Sys   Voc/Tech
Theory of carburetion principles and current model fuel delivery systems to include diesel fuel systems, electromechanical carburetors and gasoline fuel injection. PREREQUISITES: ASEP328

ASEP337   4 3 2 0 0
GM Tune-Up Proc & Emission Con   Voc/Tech
Diagnosis and service of microprocessor controlled fuel and ignition systems. Oscilloscopes, engine analyzers, digital meters and other high technology instruments will be used. PREREQUISITES: ASEP336

ASEP340   3 0 0 018
Technical Internship III   Voc/Tech
Work experience at a sponsoring dealership. Tasks will be consistent with the technician's ability and previous course work. PREREQUISITES: ASEP330, 344, 345

ASEP344   4 2 4 0 0
GM Manual Drivetrains   Voc/Tech
Provides an understanding of the principles of operation in manual power trains including manual transmissions and transaxles, front and rear differentials, driveshafts and transfer cases. Proper diagnosis, service, and repair procedures of these systems are studied and practiced. PREREQUISITES: ASEP317, AUTO464

ASEP345   4 2 4 0 0
GM Automatic Drivetrains   Voc/Tech
Provides an understanding of the principles of operation in automatic transmissions and transaxles, Proper diagnosis, service, and repair procedures of these systems are studied and practiced. PREREQUISITES: ASEP317, AUTO464

ASEP350   3 0 0 018
Technical Internship IV   Voc/Tech
Work experience at a participating dealership. Tasks will be consistent with the technician's ability and previous course work. PREREQUISITES: ASEP340

ASEP354   5 3 4 0 0
Advanced GM Motors Systems   Voc/Tech
Instruction in techniques and procedures required to diagnose and service current vehicles. New systems developed by GM will be included. PREREQUISITES: ASEP350

ASST312   5 3 4 0 0
Ford Automotive Electronics   Voc/Tech
A study of the electrical and electronics systems used in Ford Motor Company vehicles. The instruction will include fundamentals of electricity, series and parallel circuits, schematics, wire repair, diodes, transistors, microprocessors, and digital displays. PREREQUISITE: Admission to Automotive Student Service Ed Training

ASST317   3 2 2 0 0
Ford Shop Fund & Minor Service   Voc/Tech
A study of dealership organizational structure as it relates to the technician. Use of service manuals, electronic troubleshooting manuals and service bulletins are practiced. Also provides entry level automotive task competencies. PREREQUISITE: Admission to Automotive Student Service Ed Training

ASST318   6 2 8 0 0
Ford Steering/Suspension/Brakes   Voc/Tech
Instruction in the theory of operation and service procedures used in the maintenance and repair of Ford Motor Company steering, suspension, and brake systems. PREREQUISITE: Admission to Automotive Student Service Ed Training, ASST328

ASST320   3 0 0 018
Technical Internship I   Voc/Tech
Work experience at a sponsoring dealership. The tasks will be consistent with the technician's ability and previous course work. PREREQUISITE: Admission to Automotive Student Service Ed Training, ASST312, 317

ASST326   3 2 2 0 0
Ford Auto Air Conditioning Systems   Voc/Tech
Theory and operation of Ford Motor Company air conditioning systems leading to the diagnosis, service, and repair of current models of vehicles. PREREQUISITE: Admission to Automotive Student Service Ed Training, ASST328

ASST328   5 3 4 0 0
Diagnosis/Repair Ford Elec System   Voc/Tech
Instruction in the diagnosis, repair and service of electrical and electronic components and accessories used on current Ford Motor Company vehicles. PREREQUISITE: Admission to Automotive Student Service Ed Training, ASST312

ASST330   3 0 0 018
Technical Internship II   Voc/Tech
Work experience at a participating dealership. The tasks will be consistent with the technician's ability and previous course work. PREREQUISITE: Admission to Automotive Student Service Ed Training, ASST318, 320, 328

ASST333   4 2 4 0 0
Ford Engine Diagnosis/Repair   Voc/Tech
Evaluating, reconditioning, and replacing of major components of Ford Motor Company engines. Will include instruction in machining operations performed in Ford Motor Company dealerships. PREREQUISITE: Admission to Automotive Student Service Ed Training, ASST317

ASST336   3 2 2 0 0
Ford Fuel Systems and Injection   Voc/Tech
Theory of carburization principles and current model fuel delivery systems to include diesel fuel systems, feedback carburetors, gasoline fuel injection, electronic engine controls and Ford EEC specialist certification. PREREQUISITE: Admission to Automotive Student Service Ed Training; ASST328; COREQUISITE: ASST337

ASST337   4 3 2 0 0
Ford Tune-Up Proc & Emission Con   Voc/Tech
Diagnosis and service of microprocessor controlled fuel and ignition systems. Oscilloscopes, engine analyzers, digital meters, and other high technology instruments will be used. PREREQUISITE: Admission to Automotive Student Service Ed Training; ASST328; COREQUISITE: ASST336

ASST340   3 0 0 018
Technical Internship III   Voc/Tech
Work experience at a participating dealership. The tasks will be consistent with the technician's ability and previous course work. PREREQUISITE: Admission to Automotive Student Service Ed Training; ASST330, 326, 336, 337, PHYL401

ASST344   2 1 2 0 0
Ford Driveline and 4X4 Diag/Repair   Voc/Tech
Students will study rear axle and differential design and operation, driveshaft construction, transfer case design and operation. Students will also perform diagnosis and repair operation of each. PREREQUISITE: Admission to Automotive Student Service Ed Training

ASST345   2 1 2 0 0
Ford Manual Transmissions   Voc/Tech
This course is the study of Ford manual transmissions design and operation, and clutch systems. It will include diagnosis and repair of clutches and transmissions. PREREQUISITE: Admission to Automotive Student Service Ed Training

ASST346   4 3 2 0 0
Ford Transmissions & Transaxles   Voc/Tech
Standard and automatic transmissions and transaxles including all components in front and rear drive power trains and 4-wheel drive vehicles. PREREQUISITE: Admission to Automotive Student Service Ed Training;

ASST350   3 0 0 018
Technical Internship IV   Voc/Tech
Work experience at a participating dealership. The tasks will be consistent with the technician's ability and previous course work. PREREQUISITE: Admission to Automotive Student Service Ed Training; ASST333, 343

ASST354   5 3 4 0 0
Ford Adv Engine Controls, Elect   Voc/Tech
Instruction in techniques and procedures required to diagnose and service current vehicles. New systems developed by Ford Motor Company will be included. PREREQUISITE: Admission to Automotive Student Service Ed Training; ASST333, 343

AUTC403   2 1 2 0 0
Basic Shop Safety   Voc/Tech
A course designed to acquaint the student with the hazards in an auto collision facility. Emphasis on EPA regulations, OSHA guidelines and personal health and safety in the shop area.

AUTC405   5 2 6 0 0
Basic Shop Operations/Metal   Voc/Tech
Automobile design, the materials used in construction, collision, and corrective forces, and procedures for repair and services are analyzed through class and lab study. PREREQUISITE: WELD468 must be taken concurrently with or prior to this course.

AUTC408   5 3 4 0 0
Basic Shop Operations/Paint   Voc/Tech
This course will give the student an overall understanding of the complexities of today's auto refinishing. Developing industry standard preparation habits and spray painting skills with various chemicals will be studied.

AUTC410   2 1 2 0 0
Basic Estimating   Voc/Tech
Vehicle damage estimating skills are needed to provide a written report. This report can then be used as a repair guide, a legal document, an analysis report and for business evaluation. Ability to use estimating guides and write estimates accurately will be emphasized.

AUTC412   7 3 8 0 0
Get Ready for Paint   Voc/Tech
This course covers the application techniques and equipment used in auto collision repair shops for refinishing and will deal with potential problems with chemicals. Sheet metal and plastic parts repair and replacement in preparation for painting will also be studied in the lab. Shop and personal safety will be emphasized. PREREQUISITE: AUTC408

AUTC413   4 2 4 0 0
Plastic Repair & Refinishing   Voc/Tech
The wide variety of solid plastics, flexible panels, plastic compounds and reinforced plastic panels now used in automobile manufacturing require separate repair procedures. Repair, replacement and refinishing of the substrates will be studied in classroom and lab. PREREQUISITE: AUTC408

AUTC414   2 1 2 0 0
Collision Analysis/Measuring   Voc/Tech
Unibody design and construction has created a need for methods of damage analysis, gauging, measuring, and sequencing total collision repair. This course emphasizes these new technologies.

AUTC420   6 3 6 0 0
Advanced Refinishing   Voc/Tech
Industry application of colors and clear coats require the latest information on repair and refinishing of today's vehicles. This course covers the latest manufacturer's preferred methods for repair using current colors and chemicals. Color matching will be emphasized. PREREQUISITE: AUTC412, 413

AUTC421   3 2 2 0 0
Adv Estimating/Ownership/Mgt   Voc/Tech
Estimating, customer relations and service selling are all important skills of ownership and managership. Hand and computer estimates will be written. Labor, parts, and material cost and profits will be studied. Customer and employee relations will be studied. PREREQUISITE: AUTC410

*** *Adaptor Courses cannot be used to fulfill degree requirements*
**** *Adjunct Courses cannot be used to fulfill or substitute for required or option courses in any degree or diploma program*

COURSE DESCRIPTIONS

AUTC440   5 1 8 0 0
Frame/Unibody Structural Repair   Voc/Tech
This course builds upon the knowledge and skill in previous auto collision courses to prepare the student to diagnose and repair conventional frame and unibody structural components. The theory and operating principles of unibody structural components will be emphasized. Lab instruction on late model vehicles will be included. PREREQUISITES: AUTC414, WELD468

AUTO464   3 2 2 0 0
Auto Measurement & Tools   Voc/Tech
This course provides instruction in the correct selection and use of mechanic's tools and precision measuring devices. Shop safety will be emphasized.

AUTO466   4 2 4 0 0
Fuel Systems   Voc/Tech
A course designed to acquaint the student with basic fuel system principles. Instruction will be offered in the theory, cleaning, repair and adjustment of automotive fuel systems.

AUTO468   6 2 8 0 0
Automotive Electricity   Voc/Tech
A course to provide instruction in basic electricity and circuitry used in the automobile. Components, diagnosing, and servicing will be emphasized.

AUTO469   3 1 4 0 0
Basic Automotive Electricity   Voc/Tech
Provides instruction in theory and operation of automotive electrical circuits. Safety, meters and services information will be emphasized.

AUTO470   3 1 4 0 0
Advanced Automotive Electricity   Voc/Tech
Provides instruction in the diagnosis, repair and service of electrical and electronic components found on current vehicles. PREREQUISITE: AUTO469

AUTO472   4 2 4 0 0
Auto AC & Heating   Voc/Tech
Provides instruction in the theory of operation of auto air conditioning and heating systems as well as diagnosing and servicing automotive air conditioning and heating systems.

AUTO474   3 2 2 0 0
Automotive Engine Fundamentals   Voc/Tech
A course to provide instruction in the theory and operation of the four stroke automotive engine. Emphasis will be placed on cylinder head service and repair. PREREQUISITE: AUTO464

AUTO476   6 3 6 0 0
Electronic Engine Controls   Voc/Tech
This course builds upon the knowledge and skills in previous automotive courses to prepare the student to service electronically controlled vehicles. The theory and operating principles of automotive computers, sensors, and control devices will be emphasized. Lab instruction on late model cars will be included. PREREQUISITES: AUTO466, 468

AUTO478   4 2 4 0 0
Advanced Tune-Up   Voc/Tech
Provides instruction in testing, diagnosis, and repair of the automobile's ignition, electrical, and fuel systems. Modern test equipment, procedures, and technology are utilized. PREREQUISITE: AUTO476

AUTO479   2 1 2 0 0
Service Management   Voc/Tech
Provides instruction in customer relations, service sales, shop management and business practices in the automotive shop.

AUTO482   3 1 4 0 0
Advanced Engines   Voc/Tech
Provides instruction in proper diagnosis of engine malfunctions and repair or replacement of defective components and assemblies. Diagnosis procedures, repair, and adjustment will be emphasized. PREREQUISITE: AUTO474

AUTO484   6 3 6 0 0
Basic Power Train   Voc/Tech
Principles of operation and construction of automotive power trains. Includes instruction in the theory of hydraulic and mechanical systems used in automatic transmissions.

AUTO486   3 2 2 0 0
Basic Brakes   Voc/Tech
Instruction in the theory of operation and service procedures of automotive brakes.

AUTO488   4 2 4 0 0
Basic Suspension/Alignment   Voc/Tech
Instruction in the theory of operation and service procedures of automotive alignment and suspension systems.

AUTO490   6 2 8 0 0
Advanced Power Train   Voc/Tech
The student will study power train and drive line systems. Proper diagnosis procedures, service and repair will be emphasized through hands-on experience. PREREQUISITE: AUTO484

AUTO492   5 2 6 0 0
Advanced Brakes & Alignment   Voc/Tech
The student will study advanced brakes and alignment theory, practice proper diagnosis, service and repair procedures through hands-on experience. PREREQUISITES: AUTO486, 488

BIOL118   3 3 0 0 0
Environmental Conservation   Core
This course combines the basic principles of ecology with current environmental issues. Includes energy, land use, pesticides, and pollution. Wildlife, fisheries, forestry, soil and water conservation practices are emphasized. Designed for the non-science major.

BIOL119   1 0 2 0 0
Environmental Conservation Lab   Core
Lab supplements discussion course BIOL 118. Lab includes measurement of soil nutrients and water pollutants. Selected field trips deal with soil conservation, wildlife management, wastewater treatment and other aspects of environmental conservation. PREREQUISITE: Enrollment in or prior completion of BIOL118 or equivalent

BIOL126   3 2 2 0 0
Field Biology   Core
Field and laboratory studies of native plants and animals of Iowa. Emphasis is placed on ecological relationships. Selected field trips are conducted to forest, prairie, marsh, and riparian habitats in the local area.

BIOL127   3 2 2 0 0
Human Biology   Core
A study of biology which emphasizes the human body. Topics such as the cell, basic chemistry, basic genetics and human ecology are included. Designed for the non-science and inadequately prepared health science major.

BIOL132   4 3 2 0 0
Health Science Microbiology   Open
Basic concepts and applications of medical microbiology. Topics include morphology and physiology of microorganisms, pathology, epidemiology and immunology. Designed for the health science major. It is recommended that high school chemistry be taken prior to this course. PREREQUISITE: H.S. biology or equivalent

BIOL133   3 2 2 0 0
Health Science Anatomy   Open
Offers the student basic concepts in human anatomical structure with relation to body functions. The course covers all major body systems with emphasis on structure. The accompanying lab will reinforce lecture with cat dissection. PREREQUISITE: H.S. biology and chemistry or equivalent

BIOL134   3 2 2 0 0
Health Science Physiology   Open
Detailed human physiology of the nervous, circulatory, respiratory, digestive, urinary and endocrine systems. Designed for the health science major. PREREQUISITE: BIOL133 OR 154 or equivalent

BIOL141   4 3 2 0 0
Principles of Biology I   Core
First semester of biology for majors. Topics covered include: chemistry of life, cells, bioenergetics, genetics, evolution, viruses, prokaryotes and protists. PREREQUISITE: H.S. biology and H.S. chemistry or equivalent

BIOL142   4 3 2 0 0
Principles of Biology II   Core
Second semester of biology for majors. Topics covered include: fungi, plants, animals and ecology.
It is recommended that BIOL141 be taken prior to this course. PREREQUISITE: H.S. biology and H.S. chemistry or equivalent

BIOL144   5 3 4 0 0
General Zoology   Core
A progressive study of the animal kingdom. Topics emphasize the anatomy, physiology, development, classification, evolution, and ecology of representative animals of each phylum. PREREQUISITE: BIOL141 or equivalent

BIOL147   3 2 2 0 0
Introduction to Botany   Core
Course covers structure, functions and development of plants. Study of morphology and taxonomy of representative species of algae, fungi, bryophytes, and the vascular plants, with emphasis on the local flora. Includes study of plant ecology. PREREQUISITE: BIOL141 or equivalent

BIOL149   4 2 4 0 0
General Microbiology   Core
A general microbiology course with laboratory designed for the science major. Emphasis is placed on microbial morphology, physiology, and genetics as well as virology and basic immunology. PREREQUISITE: one semester of any college-level biology course

BIOL150   1 0 2 0 0
Ecology Field Experience   General
This course involves an extended field trip to study unique natural ecosystems. Topics may include field studies of forest, prairie, wetland and wildlife ecology. May be taken twice for credit with permission of instructor.

BIOL154   5 3 4 0 0
General Anatomy & Physiology   Core
A classic integration of human anatomy and physiology at the cellular level and organ/ system level. Includes cat dissection. PREREQUISITE: H.S. biology and H.S. chemistry or equivalent

BIOL155   3 3 0 0 0
Ecology of Iowa   General
Surveys the major landforms of Iowa including the Mississippi River Valley, northern prairie lakes region, loess hills, and southern hills area. Landforms are emphasized from the standpoint of climate, soils, geology, water resources, forestry, wildlife and environmental concerns. One Saturday field trip.

BIOL161   5 2 6 0 0
Cell and Molecular Biology I   Open
This is the first semester of Cell and Molecular Biology for Biotechnology program majors. Topics covered include: cell structure and function, DNA and RNA structure and function; characterization, manipulation and cloning of DNA; tissue culture, and monoclonal antibodies; and applications of biotechnology for agriculture and human therapeutics. Laboratory methods and instrumentation will be emphasized. It is recommended that BIOL149 and CHEM132 be taken prior to this course. PREREQUISITE: MATH121 and BIOL165 or equivalent

BIOL162   5 2 6 0 0
Cell and Molecular Biology II   Open
Second semester of Cell and Molecular Biology for Biotechnology majors. Topics covered include: immunochemistry; recombinant DNA methods and principles; the human genome project; protein analysis and characterization; and chromatography principles and methods. PREREQUISITE: BIOL161

BIOL165   3 3 0 0 0
Genetics   Open
An introductory genetics course for Biology and Biotechnology majors. Topics covered include: DNA and chromosome structure and function; Mendelian genetics; molecular genetics in eucaryotes, prokaryotes and viruses; recombinant DNA technology; gene expression; and the genetic basis of immunology. PREREQUISITE: BIOL141 or BIOL149

*** *Adaptor Courses cannot be used to fulfill degree requirements*
**** *Adjunct Courses cannot be used to fulfill or substitute for required or option courses in any degree or diploma program*

COURSE DESCRIPTIONS

BIOL167   3 0 0 0 12
Biotechnology Internship   Open
This internship is the final requirement for completion of the Biotechnology AS degree requirements. It will be conducted in cooperation with potential employers. During this period, students will be expected to demonstrate their technical skills and practicum competencies in a professional manner, showing progressive independence, greater efficiency and confidence. PREREQUISITE: permission of instructor

BIOL260   3 3 0 0 0
Biology of Aging   General
This course is designed for individuals planning to work with the elderly population. The course describes changes that occur in body systems due to the normal aging process as well as some of the most common dysfunctions and diseases associated with aging. Furthermore, environmental factors, effects of diet and exercise in the aging process will be discussed.

BLDG451   5 5 0 0 0
Materials/Construction Theory   Voc/Tech
An introduction to the materials used in the construction industry and the methods involved in the application of these building materials.

BLDG452   7 0 15 0 0
Construction Techniques   Voc/Tech
A practical "hands-on" introductory experience that covers the construction process including rough and finish carpentry.

BLDG453   1 0 2 0 0
Care/Use of Hand/Power Tools   Voc/Tech
Proper care, use and selection of hand and power tools with an emphasis on maintenance and safety.

BLDG455   1 0 2 0 0
Construction Blueprint Reading   Voc/Tech
Fundamentals of blueprint reading designed to allow the student to translate plans into practical job experiences.

BLDG456   1 0 2 0 0
Materials Takeoff   Voc/Tech
A study of the techniques needed to create a materials list by reading a blueprint. PREREQUISITE: BLDG455 should be taken concurrently with or prior to this course

BLDG461   4 1 6 0 0
Concrete Systems & Forming   Voc/Tech
An introduction to concrete as a material; concrete design, placement and finish. Identification and application of forming systems will be studied in the classroom and applied in the lab. PREREQUISITE: BLDG453

BLDG462   2 1 2 0 0
Construction Drafting & Design   Voc/Tech
An introduction to the fundamentals of design and basic drafting methods. Includes the preparation of the blueprint used to construct the student built project. PREREQUISITE: BLDG455

BLDG464   3 0 7 0 0
Interior Trim Practices   Voc/Tech
Advanced lab experience that emphasizes complex finish skills. The student will be able to demonstrate the skills and work habits necessary to complete tasks in a safe manner and to adapt previously learned skills to complete more complex building tasks. PREREQUISITE: BLDG452

BLDG480   5 0 10 0 0
Const. Procedure/Application I   Voc/Tech
This course includes footings, drainage, foundation, basement insulation and decking. (5 week session) PREREQUISITES: BLDG451, 461, 464

BLDG481   5 0 10 0 0
Const Procedure/Application II   Voc/Tech
Course includes exterior wall construction, interior wall construction, ceiling joist framing, rafter framing, exterior trim, window installation and roofing. (5 week session) PREREQUISITE: BLDG480

BLDG482   5 0 10 0 0
Const Procedure/Application III   Voc/Tech
Course includes concrete flatwork, insulation, drywall application, cabinet work and interior trim. (5 week session) PREREQUISITE: BLDG481

BLDM325   1 1 0 0 0
Boiler Room Maintenance   Voc/Tech
Boiler accessories, fittings, controls, water treatment and fundamentals for beginners.

BLDM326   2 2 0 0 0
Steam Plant Operations   Voc/Tech
High-pressure steam boilers, operation, controls, burning equipment instruments. PREREQUISITE: BLDM325

BLDM329   2 2 0 0 0
Basic Plumbing   Voc/Tech
Plumbing, plumbing components, plumbing codes, and reading blueprints.

BLDM330   3 2 2 0 0
Industrial Plumbing and Pipefitting   Voc/Tech
A course in fundamental plumbing and pipefitting. Topics covered include the properties of torque, the use of torque, and the application of torque; the development and use of piping schematics; elementary pipe layout and joint construction with various materials; the purpose, use, construction, and operation of valves and process control equipment used in manufacturing.

BPQI320   3 3 0 0 0
Train the Trainer   Voc/Tech
This course provides students with the ability to design and perform adult training sessions for a company or business. Emphasis is placed on how to train the adult learner for maximum training retention.

BPQI400   3 3 0 0 0
Total Quality Management   Voc/Tech
The basis of this course is to provide an understanding of the principles and concepts of continuous improvement and the ability to apply them to an organization. Team concepts and the tools of SPC are also discussed.

BPQI401   3 3 0 0 0
Intro to Statistical Process Control   Voc/Tech
Introduction to the concepts of variability and statistical process control. The student will develop the ability to utilize the basic SPC tools, monitor and interpret charts and exercise statistical methods for continuous improvement.

BPQI402   3 3 0 0 0
Applications of Statistical Methods   Voc/Tech
An in-depth study in applying the concepts of BPQI401. Additional areas of concentration include sampling plan theory, FMEA study, alpha and beta calculations, reliability values and applying these concepts in case studies. PREREQUISITES: BPQI401

BPQI403   3 3 0 0 0
Practices - Continuous Improvement   Voc/Tech
Course provides understanding of the theories, methods and concepts of continuous improvement. Includes detailed, in-depth study of current theories and practices used in business and provides the student with the knowledge to implement these techniques. PREREQUISITES: BPQI400

BPQI405   3 3 0 0 0
Statistical Process Control II   Voc/Tech
This course continues to build upon the concepts of control charts covered in BPQI401. It will also continue to cover the SPC of short runs and applying SPC to the non-manufacturing sectors of business. PREREQUISITES: BPQI402

BPQI406   3 3 0 0 0
Quality Standards & Compliance   Voc/Tech
Study of the current quality system standards such as ISO 9000, MBNQA and QS 9000. Emphasis is placed on techniques such as implementing, maintaining, auditing, complying and assessing techniques. PREREQUISITE: BPQI400

BPQI407   3 3 0 0 0
Teams & Teamwork   Voc/Tech
Study of the concepts of teams, teamwork, participation and work teams. The participant will develop the knowledge and ability to work in and develop a team and team environment. PREREQUISITE: BPQI400, 401

BPQI408   3 3 0 0 0
Intro to Quality Control Management   Voc/Tech
This course provides the student with an in-depth knowledge of the skills, tools and management techniques unique to supervising and managing a quality function within an organization. PREREQUISITE: BPQI401, 403

BPQI409   3 2 2 0 0
Advanced Statistical Process Control   Voc/Tech
The purpose of this course is to study the application of advanced statistics and SPC to formulating and conducting tests on case studies and industry examples. PREREQUISITE: BPQI403, BPQI405

BPQI410   3 0 6 0 0
Quality Technician Program Project   Voc/Tech
This course challenges the student to utilize the content of much of the course work and knowledge covered in this program. This project shall involve a faculty preapproved business partner. A final, formal management presentation shall be required to complete this course. PREREQUISITE: BPQI409

BPQI411   1 1 0 0 0
Measuring Devices, SPC   Voc/Tech
An introduction to quality-control measuring devices, their use, and application of data in Statistical Process Control.

BPQI412   2 2 0 0 0
Controlling Mfg. Business Costs   Voc/Tech
The purpose of this course is to provide an understanding of the principles and concepts of production and work costs, the cost impact of shop floor activities and the various contributions company employees have on costs and profitability. Emphasis is placed on the effect individuals have on costs on a day to day basis.

BPQI420   3 3 0 0 0
PM & Diagnosing Mech & Elec Sys   Voc/Tech
Provide understanding in the concepts and methods of preventative maintenance. Includes the development of a maintenance and documentation system. Provide fundamental troubleshooting methods and concepts.

BSAD150   3 3 0 0 0
Intro to Business   General
An overview of the ever-changing world of business. Provides information in the areas of ownership, management, marketing, insurance, economic systems, and finance as well as the role of government.

BSAD151   3 3 0 0 0
Personal Finance   Open
This course emphasizes family financial planning including financial statements, budgeting, taxes, risk management, and retirement.

BSAD152   4 4 0 0 0
Business Statistics   Core
Tabular and graphical presentation, measures of central tendency and variability, standard elementary procedures involving the binomial, normal, student's t's, chi-squares and f distributions, correlation, regression, analysis of variance, and several nonparametric procedures. Same content as MATH121, credit will not be granted credit for both BSAD152 and MATH121. PREREQUISITE: 2 years of H.S. algebra or MATH094 or dept permission

BSAD201   3 3 0 0 0
Principles of Banking   Open
This course surveys the banking functions. It provides a comprehensive introduction to the diversified services offered by the banking industry today.

*** *Adaptor Courses cannot be used to fulfill degree requirements*
**** *Adjunct Courses cannot be used to fulfill or substitute for required or option courses in any degree or diploma program*

COURSE DESCRIPTIONS

BSAD223   3 3 0 0 0
Business/Financial Math   Open
Mathematical computations are reviewed and strengthened with emphasis on facility and accuracy. Includes topics in the mathematics of buying and selling, banking, payroll, markups and markdowns, discounts, interest, consumer math and other related business applications.

BSAD224   3 3 0 0 0
Introduction To Investments   Open
Provides basic information to familiarize students with various investments including securities, options, commodities, tax shelters, and other investment alternatives. Topics include analyzing investment opportunities, review of risks and returns, averages and indexes, and analyzing securities.

BSAD225   3 3 0 0 0
Principles of Insurance   Open
An introduction to managing risks and making the best use of insurance. Various forms of personal and property insurance coverages are introduced. Insurance coverages as they relate to both business operations and personal situations are discussed.

BSAD226   3 3 0 0 0
Principles of Real Estate   Open
Fundamental principles, economics, law, working concepts, and terminology. Focuses on real estate law, and assists those preparing for the apprentice salesperson examination.

BSAD243   4 4 0 0 0
Quantitative Methods   General
An introduction to management research methods which are used in business. Topics include probability, break-even analysis, inventory control, statistics and transportation models. PREREQUISITES: MATH094

BSAD265   1 1 0 0 0
Investing in Financial Assets   Open
This course explores personal investment in financial assets. Investing in stocks, bonds, and mutual funds is the focus of investigation. Concepts, techniques and strategies related to realizing financial goals with these types of assets are considered.

BSAD266   1 1 0 0 0
Investing in Real Assets   Open
Course analyzes procedures in residential real estate purchases. An evaluation of residential home, mobile home and condominium purchasing versus renting is discussed. Additional topics include investments in REITs, commercial property, undeveloped land, limited partnership, collectibles and gold.

BSAD267   1 1 0 0 0
Estate Planning   Open
The goal of this course is to establish a desirable and efficient dissolution of one's assets and liabilities at death. Course includes identifying goals for estate planning, both pre death and postmortem. Estate tax and gift tax issues are examined.

BSAD268   1 1 0 0 0
Long Range Financial Planning   Open
This course is designed to increase awareness of the need for identifying a desired retirement life-style within the context of the anticipated financial retirement inflows. Assessment will be made of retirement resources from employee, business and government sources. Individual retirement resource strategies are investigated. Health care and housing issues are examined.

BSEN229   3 3 0 0 0
Small Business Management   Open
Examines introductory business applications and strategies needed to start and operate a small business. Topics include: entrepreneurship preparation, idea feasibility, business plan content, introductory marketing, management, and finance concepts for small business.

BSEN301   2 1 2 0 0
Sm Business Computerized Acct   Voc/Tech
Provides introductory computer applications for a small business accounting system. Topics include: invoicing, billing, payroll, financial statements, inventory management, time tracking, job costing and customized reporting. PREREQUISITE: Basic computer skills; ACCT301 or ACCT101

BSEN302   3 3 0 0 0
Small Business Management Strat   Voc/Tech
Emphasizes human resource concepts and their applications to small business operations. Leadership development, management styles and decision making strategies are stressed.

BSEN303   3 3 0 0 0
Small Business Marketing   Voc/Tech
Discussions and focus is on marketing applications. Workshops and strategies such as: market research, product development, pricing, distribution, promotion, marketing campaigns and budgets.

BSEN304   2 2 0 0 0
Small Business Start-Up   Voc/Tech
This course includes information, examples, forms and activities needed for business start-up and for development of a successful business operation. Topics include: market research and assessment; naming your business; finding a location; determining asset needs and forecasting sales; identifying job tasks and determining human resource needs; and writing a business plan.

BSEN305   3 3 0 0 0
E-Commerce on the Web   Voc/Tech
This course will introduce the student to the basic elements of electronic commerce. It will focus on business and technical issues faced by a company that enters into the e-commerce marketplace. Topics include products, advertising, resource requirements, third party options, technical and operational issues.

BSEN306   3 2 2 0 0
E-Commerce Website I   Voc/Tech
This course introduces the student to basic concepts, languages and tools used in the development of an e-commerce website. Student will identify effective design concepts and characteristics of successful websites. They will use current tools and techniques to design and create e-commerce website. PREREQUISITE: COMS181 or OFFC355

BSEN307   3 3 0 0 0
E-Commerce Website II   Voc/Tech
Introduces Dynamic HTML, cascading style sheets, and XML, work with advanced features of Frontpage and will introduce another website development tool. PREREQUISITE: BSEN306

BSEP405   4 2 4 0 0
Basic GM Shop Operations/Metal   Voc/Tech
Automobile design, the materials in construction, collision and corrective forces, and procedures for repair and services are analyzed through class and lab studies on GM vehicles. COREQUISITES: AUTC403, HLCR314, WELD468

BSEP408   3 2 2 0 0
Basic GM Shop Operations/Paint   Voc/Tech
Course will give an overall understanding of complexities of todays auto refinishing. Industry-standard preparation habits and spray painting skills with various chemicals used to refinish GM vehicles will be studied. PREREQUISITE: AUTC403

BSEP412   4 2 4 0 0
GM Refinishing Techniques   Voc/Tech
Course covers application techniques and equipment used in today's auto collision repair shops and deals with potential problems with chemicals when refinishing GM vehicles. Shop and personal safety emphasized. PREREQUISITE: BSEP408

BSEP413   2 1 2 0 0
GM Plastic Repair/Refinishing   Voc/Tech
This course covers the wide variety of solid plastics, flexible panels, plastic compounds, and fiberglass reinforced plastic panels now used in manufacturing GM vehicles. Repair, replacement and refinishing of the substrates will be studied in the classroom and lab.

BSEP420   5 2 6 0 0
Advanced GM Refinishing   Voc/Tech
This course covers the latest preferred methods for repair and refinishing using current colors and chemicals. Color matching, mixing, and blending will be emphasized. PREREQUISITE: BSEP413

BSEP421   2 2 0 0 0
Adv. GM Estimating/Managership   Voc/Tech
This course covers estimating skills, customer and employee relations and service selling techniques for business ownership and management. Labor, parts, material cost and profits will be studied. Hand and computer estimates will be written. PREREQUISITE: AUTC410

BSEP440   5 2 6 0 0
GM Unibody Structural Repair   Voc/Tech
This course builds upon the knowledge and skills developed in previous auto collision courses to prepare the student to diagnose and repair unibody structural components. The theory and operating principles of unibody structural components will be emphasized. Lab instruction on late model GM vehicles will be included. PREREQUISITE: AUTC414, BSEP405, WELD468

BSEP450   3 0 0 0 18
Internship I   Voc/Tech
Work experience at a participating dealership or body shop. PREREQUISITES: AUTC403, 410, BSEP405, 408, HLCR314, UPHL433, WELD468

BSEP460   3 0 0 0 18
Internship II   Voc/Tech
Work experience at a participating dealership or body shop. PREREQUISITE: BSEP412, 413

BSEP470   3 0 0 0 18
Internship III   Voc/Tech
Work experience at a participating dealership or body shop. PREREQUISITES: ASEP420, 421

BSEP472   4 3 2 0 0
A/C & Heating Systems   Voc/Tech
This course provides instruction in the theory of operation of auto air conditioning and heating systems as well as diagnosing and servicing automotive air conditioning and heating systems.

BSEP480   3 0 0 0 18
Internship IV   Voc/Tech
Work experience in a participating dealership or body shop. PREREQUISITES: AUTC414, BSEP440

BUSL101   3 3 0 0 0
Business Law I   General
Provides introductory overview of the sources of law of the American legal system, the structure of the court systems, torts, contract law and sales law.

BUSL102   3 3 0 0 0
Business Law II   General
Provides an overview of negotiable instruments, debtor/creditor law (collecting judgments,) secured transactions, agency relationships, and selecting the right business formation. PREREQUISITE: BUSL101

BUSL301 - ADJUNCT****   3 3 0 0 0
Legal Aspects of Management   *Voc/Tech*
Provides an overview of the history, structure and principles of our legal environment with special emphasis on managerial issues such as product liability, discrimination law, employment law and environmental law.

BUSL310   2 2 0 0 0
Basic Law for the Entrepreneur   Voc/Tech
This course is designed to acquaint business students and those currently involved in operating small businesses with the general areas of law that may be problematic for the entrepreneur and create risks resulting in lawsuits.

BUSL312   3 3 0 0 0
Law of Purchasing & Sales   Voc/Tech
This course covers U.C.C. Article 2, Sales of Goods: relationship of agents and employers, creation of sales-purchase contracts and the performance and remedies of buyer and seller. PREREQUISITE: BUSL101

*** *Adaptor Courses cannot be used to fulfill degree requirements*
**** *Adjunct Courses cannot be used to fulfill or substitute for required or option courses in any degree or diploma program*

COURSE DESCRIPTIONS

BUSL345 - ADJUNCT**   1 0 2 0 0**
Legal Study Tour   *Voc/Tech*
The student will participate in a supervised study tour in which time will be spent touring a government center to view how the government runs, including the history of this country to current legal policies and procedures. PREREQUISITE: BUSL101

CAAP312   4 2 4 0 0
Chrysler Electrical/Electronics   Voc/Tech
A study of the electrical and electronics systems used in Chrysler vehicles. The instruction will include fundamentals of electricity, magnetism, series, parallel, series-parallel circuits, service information, wire repair, diodes, transistors and microprocessors. PREREQUISITE: Admission to CAAP (Chrysler Automotive Apprenticeship Program)

CAAP317   4 3 2 0 0
Shop Fundamentals & Minor Service   Voc/Tech
A study of dealership organizational structure as it relates to the technician. Use of service manuals, electronic troubleshooting manuals and service bulletins are practiced. Also provides entry level maintenance related to automotive task competencies. PREREQUISITE: Admission to CAAP (Chrysler Automotive Apprenticeship Program)

CAAP318   4 3 2 0 0
Basic Brakes   Voc/Tech
Instruction in the theory of operation and service procedures of Chrysler brakes. PREREQUISITE: Admission to CAAP (Chrysler Automotive Apprenticeship Program)

CAAP320   3 0 0 0 18
Technical Internship I   Voc/Tech
The technician will work in a participating dealership. The work will be full-time approximately 40 hours per week. The tasks will be consistent with the technicians ability and previous course work. A task list will be issued to each dealer. CAAP328 and CAAP329 are required the same semester.

CAAP328   4 3 2 0 0
Chrysler Electrical Systems Repair   Voc/Tech
Instruction in the diagnosis, repair and service of electrical and electronic components and accessories used on current Chrysler vehicles. PREREQUISITE: CAAP312, MATH410

CAAP329   3 1 4 0 0
Chrysler Steering & Suspension   Voc/Tech
Instruction in the theory of operation and service procedures of Chrysler steering and suspension systems. PREREQUISITE: CAAP317, CAAP318

CAAP330   3 0 0 0 18
Technical Internship II   Voc/Tech
Work experience at a participating dealership. The tasks will be consistent with the technicians ability and previous course work. PREREQUISITE: CAAP328, 329

CAAP335   5 3 4 0 0
Service/Repair Chrysler Engines   Voc/Tech
Principles and operation of Chrysler engines. Service procedures and engine component repair or replacement will be emphasized. Diagnosis of engine problems will also be covered. PREREQUISITE: CAAP317

CAAP336   3 1 4 0 0
Chrysler Fuel systems   Voc/Tech
A course designed to acquaint the student with basic fuel system principles. Instruction will be offered in the theory, service, repair and adjustment of automotive fuel systems. PREREQUISITE: CAAP328

CAAP340   3 0 0 0 18
Technical Internship III   Voc/Tech
Work experience at a sponsoring dealership. The tasks will be consistent with the technicians ability and previous course work. PREREQUISITE: CAAP335

CAAP346   5 3 4 0 0
Chrysler Engine Performance   Voc/Tech
Diagnosis and service of microprocessor controlled fuel and injection systems. Oscilloscopes, engine analyzers, digital meters, and other high technology instruments will be used. PREREQUISITE: CAAP335, 336

CAAP347   3 1 4 0 0
Chrysler Heating and A/C   Voc/Tech
Theory and operation of Chrysler air conditioning systems leading to the diagnosis, service and repair of current models of Chrysler vehicles. PREREQUISITE: CAAP312, 317

CAAP350   3 0 0 0 18
Technical Internship IV   Voc/Tech
Work experience at a participating dealership. Tasks will be consistent with the technicians ability and previous course work. PREREQUISITE: CAAP340

CAAP354   4 2 4 0 0
Chrysler Manual Drivetrains   Voc/Tech
Provides an understanding of the principles of operation in manual drivetrains including manual transmissions, transaxles, front and rear differentials, driveshafts and transfer cases. Proper diagnosis, service and repair procedures of these systems are studied and practiced. PREREQUISITE: CAAP340

CAAP355   4 2 4 0 0
Chrysler Automatic Drivetrains   Voc/Tech
Provides an understanding of the principles of operation in automatic transmissions and transaxles including electronic controls. Proper diagnosis, service and repair procedures of these systems are studied and practiced. PREREQUISITE: CAAP317, 346

CAAP356   5 3 4 0 0
Advanced Chrysler Systems   Voc/Tech
Instruction in techniques and procedures required to diagnose and service current vehicles. New systems developed by Chrysler will be included. PREREQUISITE: CAAP346

CAAP360   2 0 0 0 12
Technical Internship V   Voc/Tech
Work experience at a participating dealership. Tasks will be consistent with the technicians ability and previous course work. PREREQUISITE: CAAP350

CADD401   3 2 2 0 0
Intro to Computer Aided Drafting   Voc/Tech
This course will introduce the student to computer-aided drafting and design. Basic computer hardware, software and operating systems will be discussed. Basic two-dimensional CADD drawing creation and editing techniques will be covered. Drawings will be created and plotted. PREREQUISITE: Basic computer literacy

CADD402   3 2 2 0 0
Intermediate CADD-Mechanical   Voc/Tech
This course will introduce the student to advanced computer-aided drafting and design applications. Program customization, file manipulation/translation and library creation/usage will be covered. Three-dimensional concepts will be discussed. PREREQUISITE: CADD401

CADD403   3 2 2 0 0
Intermediate CADD-Architectural   Voc/Tech
This course will apply architectural drafting practices to the CADD environment. Two-dimensional plans (including plumbing, HVAC, electrical, etc.) will be developed. Site plans and presentation are some of the topics that will be discussed. PREREQUISITE: CADD401

CADD404   3 2 2 0 0
Computer Aided Design/Analysis   Voc/Tech
This course will introduce the student to analysis of simple structures. Basic statics will be taught. Analysis will be taught and then verified using analysis software in conjunction with CAD. PREREQUISITE: CADD402

CADD410 - ADJUNCT**   3 2 2 0 0**
Introduction to Multimedia   *Voc/Tech*
Basic three dimensional concepts and applications are covered. Rendering, animating and application of basic color manipulation are discussed and used. PREREQUISITE: CADD401

CADT405   3 2 2 0 0
Principles of Computer Operations   Voc/Tech
Basic computer operating systems will be examined. System commands and file management will be addressed. Computer hardware/software relationships and their compatibilities and conflicts will be taught.

CADT410   6 4 4 0 0
CAD Graphics I   Voc/Tech
Drawing formats, geometric construction and lettering will be taught on computer-aided drafting (CAD) software. Drafting standards will be covered. CAD operations and commands will be addressed. Sketching and fundamentals of orthographic projection are stressed. Prints will be prepared. PREREQUISITE: Basic computer skills

CADT411   6 4 4 0 0
CAD Graphics II   Voc/Tech
Advanced geometric description applicable to all fields of drafting will be emphasized. Auxiliary views will be created. Descriptive geometry principles will be examined. Intermediate and advanced dimensioning techniques will be covered including dimensional tolerance analysis. CAD applications will be taught. PREREQUISITE: CADT410, MATH410

CADT412   6 4 4 0 0
Computer-Aided Drafting Appl. I   Voc/Tech
Mechanical components and processes that are used in product design will be covered. Geometric dimensioning and tolerancing will be taught. Preparation of welding drawings will be presented with the emphasis on proper usage of American Welding Society symbols. Precision bending of sheet metal will be covered. PREREQUISITE: CADT411, MATH411

CADT415   3 2 2 0 0
Engineering Disciplines & Practices   Voc/Tech
Types of engineering disciplines and their application of drawings will be examined. Drawing styles, engineering units and professional standards (ANSI, ASME, etc.) will be covered. PREREQUISITE: CADT405, 410

CADT420   3 2 2 0 0
MicroStation CAD I   Voc/Tech
This course will introduce the student to MicroStation CAD software. Basic two-dimensional CAD drawings will be taught. Drawings will be created and plotted. PREREQUISITE: CADT405, CADT410

CADT421   3 2 2 0 0
MicroStation CAD II   Voc/Tech
This course will introduce the student to intermediate MicroStation CAD commands. Advanced two-dimensional CAD drawing and editing techniques will be taught. Basic three-dimensional applications and editing will be introduced. Drawings will be created and plotted. PREREQUISITES: CADT 411, 420, MATH411

CADT425   3 2 2 0 0
Applied Materials and Processes   Voc/Tech
Standard industrial raw materials and forming processes will be examined. Students will see various machining, forming and welding operations. Field trips to industry will be offered.

CADT426   3 2 2 0 0
Pro/Engineer CAD I   Voc/Tech
Pro/Engineer CAD basics will be taught. Solid CAD models will be built and edited. Drawings will be created and plotted. Model rendering and application module interfaces will be discussed. PREREQUISITES: CADT411, 425, MATH411

CADT428   3 2 2 0 0
Introduction to CAD Analysis   Voc/Tech
This course will introduce CAD students to analysis of simple structures. Analysis shall be examined then verified using computer analysis software in conjunction with CAD. Basic engineering statics will be taught. PREREQUISITES: CADT412 426

COURSE DESCRIPTIONS

CADT430   3 2 2 0 0
Networking Systems   Voc/Tech
Network system key features and functionality will be covered. System file management will be addressed. Operating systems and hardware will be discussed. PREREQUISITES: CADT405, 411, MATH411

CADT431   3 2 2 0 0
Manuf. Interfaces CAD/CAM/CIM   Voc/Tech
Computer interfaces between manufacturing and engineering will be the primary focus of the class. File exchange formats, data compilation and machining interpretation of the model file will be addressed. Tool path generation and robotic controls will be discussed. Manufacturing system integration will be covered. PREREQUISITES: CADT405, MATH410

CADT451   3 2 2 0 0
Mechanical Systems   Voc/Tech
Standard and non-standard fastening systems will be examined. CAD part libraries and applications will be covered. Basics of power train/mechanical components will be introduced. Mechanical bearings and hydraulic/pneumatic sealing systems will be addressed. PREREQUISITES: CADT411, MATH411

CADT471   5 2 6 0 0
CAD Layouts & Drawings   Voc/Tech
Detailing individual parts, types of assembly drawings and parts lists will be covered on an individual basis. Design process and procedures will be discussed. The student shall conform to industry standards for their design project. PREREQUISITES: CADT412, 451

CADT472   3 2 2 0 0
CAD Rendering & Animation   Voc/Tech
This course pertains to all disciplines of drafting. Axonometric, exploded view and perspective drawings will be covered. Renderings of computer models will be created. Emphasis will focus on computer-aided model presentations and catalog illustrations. Animations will be examined and developed. PREREQUISITES: CADT412, 426

CAAP330   3 0 0 0 18
Technical Internship II   Voc/Tech
Work experience at a participating dealership. The tasks will be consistent with the technicians ability and previous course work. PREREQUISITE: CAAP328, 329

CAAP335   5 3 4 0 0
Service/Repair Chrysler Engines   Voc/Tech
Principles and operation of Chrysler engines. Service procedures and engine component repair or replacement will be emphasized. Diagnosis of engine problems will also be covered. PREREQUISITE: CAAP317

CAAP336   3 1 4 0 0
Chrysler Fuel systems   Voc/Tech
A course designed to acquaint the student with basic fuel system principles. Instruction will be offered in the theory, service, repair and adjustment of automotive fuel systems. PREREQUISITE: CAAP328

CAAP340   3 0 0 0 18
Technical Internship III   Voc/Tech
Work experience at a sponsoring dealership. The tasks will be consistent with the technicians ability and previous course work. PREREQUISITE: CAAP335

CAAP346   5 3 4 0 0
Chrysler Engine Performance   Voc/Tech
Diagnosis and service of microprocessor controlled fuel and injection systems. Oscilloscopes, engine analyzers, digital meters, and other high technology instruments will be used. PREREQUISITE: CAAP335, 336

CAAP347   3 1 4 0 0
Chrysler Heating and A/C   Voc/Tech
Theory and operation of Chrysler air conditioning systems leading to the diagnosis, service and repair of current models of Chrysler vehicles. PREREQUISITE: CAAP312, 317

CAAP350   3 0 0 0 18
Technical Internship IV   Voc/Tech
Work experience at a participating dealership. Tasks will be consistent with the technicians ability and previous course work. PREREQUISITE: CAAP340

CAAP354   4 2 4 0 0
Chrysler Manual Drivetrains   Voc/Tech
Provides an understanding of the principles of operation in manual drivetrains including manual transmissions, transaxles, front and rear differentials, driveshafts and transfer cases. Proper diagnosis, service and repair procedures of these systems are studied and practiced. PREREQUISITE: CAAP340

CAAP355   4 2 4 0 0
Chrysler Automatic Drivetrains   Voc/Tech
Provides an understanding of the principles of operation in automatic transmissions and transaxles including electronic controls. Proper diagnosis, service and repair procedures of these systems are studied and practiced. PREREQUISITE: CAAP317, 346

CAAP356   5 3 4 0 0
Advanced Chrysler Systems   Voc/Tech
Instruction in techniques and procedures required to diagnose and service current vehicles. New systems developed by Chrysler will be included. PREREQUISITE: CAAP346

CAAP360   2 0 0 0 12
Technical Internship V   Voc/Tech
Work experience at a participating dealership. Tasks will be consistent with the technicians ability and previous course work. PREREQUISITE: CAAP350

CART363 - ADJUNCT****   2 1 2 0 0
Electronic Photo Editing   *Voc/Tech*
Electronic photo manipulation, scanning and editing. Class covers projects dealing with line art, gray-scale, half tone, and full color photographs. PREREQUISITES: DKTP401

CART401   3 3 0 0 0
Commercial Art Orientation   Voc/Tech
A prerequisite for all commercial art courses. Commercial art terminology, tools and techniques are practiced.

CART403   3 2 2 0 0
Communication Design I   Voc/Tech
This course will create awareness of design use. Topics of lecture and lab study will include design fundamentals, the creative process, principles of design, and basic advertising design formats with application of design theories in simple design projects.

CART404   3 2 2 0 0
Typography II   Voc/Tech
Typography course including the principles and basic skills in typographic design on computer. PREREQUISITE: CART405

CART405   3 2 2 0 0
Typography I   Voc/Tech
A study of the history of typography as it relates to advertising design. Includes emphasis on use of copyfitting and the use of typography in design.

CART407   3 2 2 0 0
Production Art I   Voc/Tech
First of a two-part course which will enable the student to seek an entry-level position in production art. Problems and solutions in the preparation of camera ready art for printing are studied.

CART410   3 2 2 0 0
Illustration I   Voc/Tech
Lab and lecture study of tools and skills necessary for entry level visual communication in a graphic arts studio environment. Emphasis on line art, marker rendering, perspective concepts and basic drawings skills.

CART411   3 2 2 0 0
Communication Design II   Voc/Tech
Lab and lecture study will develop a solid base in technical and creative skills necessary in the field of graphic design. Emphasis on packaging design, continuous page layout and grid design. PREREQUISITE: CART403

CART414   3 2 2 0 0
Illustration II   Voc/Tech
Lab and lecture study of tools and skills necessary to create color marker illustrations. Study includes a variety of surfaces and products as well as the human figure. The illustrations will be conceived within the context of publication advertisements.

CART415   3 2 2 0 0
Production Art II   Voc/Tech
This will add to the student's qualifications from taking Production Art I by emphasizing two-color & advance camera-ready art for printing. PREREQUISITE: CART407

CART419   2 0 4 0 0
Lettering & Sign Art   Voc/Tech
The study of traditional letter forms, typography, hand lettering skills and design principles for the production of posters, signs, logos and other graphic images.

CART421   2 2 0 0 0
Internship Preparation   Voc/Tech
Students seeking an internship will be required to develop job interviewing techniques and a presentation portfolio. The student develops a knowledge of human relations in the profession through use of goal setting, interpersonal and group skills.

CART424   3 1 0 0 8
Commercial Art Internship I   Voc/Tech
On-the-job training for commercial art students. Included is a weekly seminar for exchange of information, review and evaluation. PREREQUISITE: CART421

CART425   3 1 0 0 8
Commercial Art Internship II   Voc/Tech
Second semester elective on-the-job training for commercial art students. Included is a weekly seminar for the exchange of advanced techniques and skills learned on the job. PREREQUISITE: CART424

CART426   3 2 2 0 0
Communication Design III   Voc/Tech
An advanced course using skills and understanding developed in Communication Design I and II. Emphasis is on image generation, integration of type and design, development of a direct mail advertising campaign and outdoor advertising. PREREQUISITE: CART411

CART428   3 2 2 0 0
Illustration III   Voc/Tech
Lab and lecture study of color theory, and various media. Emphasis on creative solutions to specific communication projects. PREREQUISITE: CART414

CART430   3 2 2 0 0
Production Art III   Voc/Tech
Computer technology is used in the preparation of material to be printed. Included are lectures and experiences in the production of printed portfolio samples. PREREQUISITES: CART415

CART436   3 3 0 0 0
Portfolio Preparation I   Voc/Tech
A student seeking employment must have a well prepared portfolio. Such a portfolio will be developed and reviewed by the Commercial Art Advisory Committee in this course. PREREQUISITES: CART424

CART437   3 2 2 0 0
Communication Design IV   Voc/Tech
Lab and lecture study of advanced design problems with emphasis on the development of professional quality portfolio pieces. Projects will include development of multipage publication, corporate identity package and newspaper advertising. PREREQUISITE: CART426

CART440   3 2 2 0 0
Production Art IV   Voc/Tech
To complete the study of production art, emphasis will be onthe development of portfolio projects. PREREQUISITE: CART430

CART444   3 3 0 0 0
Portfolio Preparation II   Voc/Tech
"Portfolio night" is the highlight of completing this course. The student will be required to present a completed portfolio to commercial art professionals and prospective employers at the annual event. PREREQUISITE: CART436

*** Adaptor Courses cannot be used to fulfill degree requirements
**** Adjunct Courses cannot be used to fulfill or substitute for required or option courses in any degree or diploma program

COURSE DESCRIPTIONS

CART449   4 2 4 0 0
Airbrush I   Voc/Tech
The fundamental principles of airbrush techniques and application to advertising design and use of airbrush as an illustrative tool.

CART451   4 2 4 0 0
Airbrush II   Voc/Tech
Advanced course in airbrush techniques as necessary for portfolio samples. Emphasis in utilization of advanced skills learned in Airbrush I. PREREQUISITE: CART449

CART459   3 2 2 0 0
Computer Graphics I   Voc/Tech
Use of Adobe Illustrator to produce electronic drawings in 2-D in full color. Includes study of typeface as a design and illustration element with all creative projects produced electronically.

CART462   3 1 4 0 0
Computer Graphics II   Voc/Tech
Use of Adobe Illustrator and Adobe Dimensions. Advanced study of electronic drawing programs including graph creation, introduction to color separation and creation of full color art from electronic scanner sources. PREREQUISITE: CART459

CART463   3 2 2 0 0
Electronic Photo Editing   Voc/Tech
Introduction to using Adobe Photoshop. The student will learn how to electronically merge and edit color images such as scanning, color seperation, combining photos, using channels and working with type will be covered. PREREQUISITE: DKTP401

CDEV100   1 1 0 0 0
Orientation to College   Open
This course is designed to introduce students to college resources, services, and expectations and to assist them in gaining maximum benefit from their college experience.

CDEV110   1 1 0 0 0
Career Planning   Open
Provides help in choosing a career goal. Emphasis will be placed on how to access labor market information, interests, abilities and values, explore options and make decisions that will lead to career satisfaction and success.

CET-315   3 3 0 0 0
Fundamentals of Civil Engineering   Voc/Tech
Introduces concepts of the civil engineering technician career. Topics include civil engineering technician disciplines and career structures.; construction and civil engineering industry; introduction to basic engineering principles; layout of civil plans; introduction to design methods; standards and equipment used in design and manual drafting.

CET-320   3 3 0 0 0
Survey I   Voc/Tech
This course will develop a working knowledge of surveying fundamentals. Topics will include an introduction to: surveying instruments and equipment; measurement of distances and angles; determining elevation; note keeping, traversing, triangulation, mapping, researching of monuments and benchmarks, cross sections and earthwork; introduction to right of way and property plats. PREREQUISITE: CET-315 or department approval

CET-325   4 3 2 0 0
Survey II   Voc/Tech
A continuation of Survey I. Topics will include: control surveys; topographic survey, construction survey, coordinate systems (i.e. state plane); spheres; watersheds; aerial photography; photogrammetry; legal descriptions; right of way; electronic data collection and global positioning will be utilized; data downloading and editing. Legal principles of land boundaries, public domain survey systems. PREREQUISITE: CET-320 or department approval

CET-330   4 4 0 0 0
Highway Design I   Voc/Tech
This course will develop a working knowledge of civil design plans and design principles. Topics will include: design criteria and standards; typical roadway sections; traffic data; cross sections; earthworks;

survey data, historical project information, bid items, design manuals, geometric design, hydrology, staging, records management, vertical profile design, environmental project information. GEOPAK will be utilized. PREREQUISITE: CET-315 or department approval

CET-340   3 3 0 0 0
Construction I   Voc/Tech
This course will develop a working knowledge of construction inspection fundamentals. Topics will include introduction to: construction reviews, pre-construction planning, permits process, embankment construction, drainage solutions, stabilization methods, equipment used in construction, placement work, paving procedures, estimating of time and materials. PREREQUISITE: CET-315 or department approval

CET-350   4 3 2 0 0
Materials I   Voc/Tech
Students will develop a working knowledge of soils and materials used in the construction industry. Topics will include: soil types, foundations and aggregates; subsurface explorations; engineering property of soils and aggregates, such as moisture content, compaction, permeability; soils plan creation; soil borings; concrete properties; concrete mixes; asphalt properties; sampling methods (J); testing of materials; testing equipment; calibration of equipment. PREREQUISITE: CET-315 or department approval

CET-360   3 3 0 0 0
Soils and Foundations   Voc/Tech
This course will develop a working knowledge of soil mechanics and soil relationship to roadway construction. Topics include: definitions, types, properties, classifications, and distributions of soil. This course will examine how to transfer soils mechanics principles to roadway construction. The application of differing soil type and properties and how soils materials are incorporated into the design will be presented. PREREQUISITE: CET-315 or department approval

CET-380   3 3 0 0 0
Statics   Voc/Tech
Designed to develop and present basic structural concepts. Emphasis is placed on the use of tree-body diagrams in understanding the forces acting on a structural member. Topics presented will be demonstrated in model form to reinforce the ideas through visual images. PREREQUISITE: MATH411 or department approval

CET-390   4 4 0 0 0
Automated Design I   Voc/Tech
This course will introduce the student to Micro Station CAD software. Basic two-dimensional CAD drawings will be taught. Drawings will be created and plotted. Drawing formats, geometric construction and lettering will be taught on computer-aided drafting (CAD) software. Drafting standards will be covered. Sketching and fundamentals of orthographic projection are stressed. PREREQUISITE: CET-315 or department approval

CET-405   3 0 0 0 12
Field Coop   Voc/Tech
Practical experience through on-the-job training in an approved civil engineering technician setting. Tasks will be consistent with student's career objectives, skills, and knowledge. PREREQUISITE: Successful completion of 32 credit hours of CET- credit courses and/or departmental approval

CET-406   2 0 0 0 8
Advanced Field Coop   Voc/Tech
Practical experience through on-the-job training in an approved civil engineering technician setting. Tasks will be consistent with student's career objectives, skills, and knowledge. PREREQUISITE: CET-405

CET-422   4 3 2 0 0
Survey III   Voc/Tech
This course illustrates the application of survey concepts to a highway survey. Topics will include: legal description research, route surveying, horizontal and vertical curve layout, closed and open loop survey, bench level circuits; subdivision surveying, construc-

tion surveying; electronic data collection and global positioning will be utilized. PREREQUISITE: CET-325 or department approval

CET-430   4 4 0 0 0
Highway Design II   Voc/Tech
Application of design concepts and standards to a highway design project. A complete project design is required with a written and oral presentation. The finished project will be created utilizing GEOPAK that includes: determining design criteria; determining horizontal and vertical alignment layout; intersection and interchange design, selection of typical, standard notes, and design standards; hydrology; generating and analyzing cross sections; determining right of way needs; earthwork to include quantities, a mass diagram and mass ordinates; detailed material list and cost estimates (preliminary and final). The presentation will include a three-dimensional drive through of the project. PREREQUISITE: CET-330 or department approval

CET-440   3 3 0 0 0
Construction II   Voc/Tech
This course will involve the definition, interpretation and utilization of drawings, specifications, agreements, bidding forms, general considerations, bonds, subcontracts, shop drawings, material approvals and related documents, record keeping and materials measurement, as built plans. PREREQUISITE: CET-340 or department approval

CET-450   3 2 2 0 0
Materials II   Voc/Tech
This course will develop a working knowledge of soils and materials used in the construction industry. Topics will include: soil types; aggregates; subsurface explorations, engineering property of soils and aggregates such as moisture content, compaction, permeability; soils plan creation; soil borings; concrete properties; concrete mixes; asphalt properties; sampling methods; testing of materials; testing equipment; calibration of equipment. PREREQUISITE: CET-350 or department approval

CET-470   3 3 0 0 0
Structural Design and Construction   Voc/Tech
This course is an introduction to the understanding of load and resistance factor design (LRFD) method. Topics considered include material properties, tension, compression, bending, beam columns, simple connections, base plates, bearing plates, open web steel joists, steel roof decks, concrete structures, mixes, placement, precast and pre-stressed. PREREQUISITE: CET-315 or department approval

CET-490   4 4 0 0 0
Automated Design II   Voc/Tech
This course will introduce the student to intermediate MicroStation CAD commands. Advanced two-dimensional CAD drawing and editing techniques will be taught. Basic three-dimensional applications and editing will be introduced. Drawings will be created and plotted. GEOPAK fundamentals will be taught to include: project manager, horizontal alignment, vertical alignment, point manipulation, chains, existing cross section creation, proposed cross section creation, quantity outputs and criteria. PREREQUISITE: CET-390 or department approval

CHEM120   3 2 2 0 0
Survey of Chemistry   Core
An introduction to chemical topics with little mathematics. Topics include energy, food chemistry, air and water pollution, agricultural chemicals, detergents, and drugs. For students who need one semester of laboratory science.

CHEM131   4 3 2 0 0
General Chemistry I   Core
A study of the concepts of general chemistry including atomic structure, bonding, reactions, stoichiometry, gas laws, solutions, acids and bases, equilibrium, nuclear chemistry and an introduction to organic chemistry. Problem solving is emphasized. For non-science majors and students in health related programs. PREREQUISITE: 1 year H.S. algebra or MATH092

*** *Adaptor Courses cannot be used to fulfill degree requirements*
**** *Adjunct Courses cannot be used to fulfill or substitute for required or option courses in any degree or diploma program*

COURSE DESCRIPTIONS

CHEM132   4 3 2 0 0
General Chemistry II   Core
A continuation of the study of organic chemistry and a study of biochemistry. Organic topics include the structure of organic molecules, the nature and reactions of functional groups, and stereochemistry. Biochemistry topics include carbohydrates, proteins, lipids, nucleic acids, enzymes and metabolism. PREREQUISITE: CHEM131 or equivalent

CHEM151   4 3 2 0 0
General/Inorganic Chemistry I   Core
A thorough treatment of general chemistry including atomic structure, stoichiometry, chemical bonding, states of matter, solutions, acids and bases, reaction rates, equilibrium, thermodynamics and electrochemistry. This course is intended for science, engineering, pre-vet, pre-med, pre-dental and pre-optometry majors. PREREQUISITE: 1 yr. H.S. chem or CHEM 131 & 2 yrs. H.S. algebra or MATH094

CHEM152   4 3 2 0 0
General/Inorganic Chemistry II   Core
A continuation of General and Inorganic Chemistry I. PREREQUISITE: CHEM151 or equivalent

CHEM161   5 3 4 0 0
Organic Chemistry I   Core
A study of the principles of organic chemistry including the nomenclature and chemistry of the various organic functional groups. Structure, bonding, synthesis, reaction mechanisms and spectroscopy are emphasized. The sequence is designed to satisfy the one year of organic chemistry required by most medical schools. PREREQUISITE: CHEM132 or 152 or 1 year college level general chemistry.

CHEM162   5 3 4 0 0
Organic Chemistry II   Core
A continuation of Organic Chemistry I. PREREQUISITE: CHEM161 or equivalent

CHLD110   3 3 0 0 0
Early Child Development   Open
Course covers typical and atypical development of children from birth through eight years of age in the areas of physical/motor, language/cognitive and social/emotional growth. Emphasis is placed on the effects of interactions between child, family and society within a variety of cultural contexts.

CHLD210   1 1 0 0 0
Intro to Early Childhood Education   Open
Course prepares students for employment in the field of early childhood education. State of Iowa child care center licensing/day care home registration requirements are reviewed. Basic job skills are discussed. Training requirements for universal precautions/infectious disease control and mandatory reporting of child abuse are met.

CHLD211   2 2 0 0 0
Guidance Techniques - Young Children   Open
Course covers various philosophies of and techniques for the application of developmentally and individually appropriate guidance for typically and atypically developing young children.

CHLD212   1 1 0 0 0
Assess & Planning for Young Children   Open
Course presents students with individually and developmentally appropriate assessment and planning skills for the care and early education of children in a variety of inclusive settings. Curriculum planning approached through the use of emergent curriculum concepts, thematic approaches, webbing, curriculum strands and individual education plans and individual family service plans.

CHLD213   2 2 0 0 0
Group Experience for EC Programs   Open
Topics include assessment, planning and presentation of individually and developmentally appropriate small and large group activities for an inclusive program for preschool age children. Areas of focus include language, music, movement and literature.

CHLD214   3 3 0 0 0
Curriculum for Preschool Children   Open
Planning of developmentally and individually appropriate activities for children 3 through 5 years of age. Planning of activities to enhance development in the curricular areas of art, sensory, dramatic play, science, math, literacy, motor and cognitive skills.

CHLD215   3 3 0 0 0
Child Health, Safety & Nutrition   Open
Provision of a safe and healthy environment for young children in a group setting. Specifically covered are nutrition analysis, menu planning, indoor and outdoor safety principles and assessments, health assessments and policies, and the care of children with chronic health problems.

CHLD216   2 2 0 0 0
Infant & Toddler Care & Education   Open
Course focuses on best practices for care and education of children birth through 2 years of age in an integrated setting. Health and safety issues as well as presentation of developmentally appropriate activities are covered.

CHLD217   2 2 0 0 0
Professional Relationships   Open
Course designed to give students an overview of expected professional behaviors and responsibilities as a member of an early childhood team. Focus on relationships with parents, communication skills with parents and co-workers, job-seeking skills, job performance, and professional associations and educational opportunities.

CHLD220   3 3 0 0 0
Administration Programs-Young Child   Open
Course covers basic principles involved in setting up and administering an early childhood program. Emphasis placed on funding, bookkeeping, business procedures, insurance, enrollment, and record keeping. Designed for second-year students and persons interested in becoming a center director.

CHLD240   1 1 0 0 0
Emergency Care   Open
Cardiopulmonary resuscitation according to Iowa Heart Guidelines. Childhood diseases, immunization laws, and environmental safety for children are discussed. Designed for day care personnel. Certificate for first aid and CPR awarded upon successful completion. Course may be repeated for a maximum of 3 credits.

CHLD250- ADJUNCT****   1 1 0 0 0
Parenting Today   Open
Course covers a wide variety of parenting topics through class discussion and reading from current literature. Topics included are child development principles, guidance, developmentally appropriate activities and expectations, health, safety and nutrition principles.

CHLD364   1 1 0 0 0
Activities-School-age Children   Open
Course focuses on ideas for working with children ages 6-12 years. Includes a variety of activities that are designed to enhance children's day after school.

CHLD410   3 0 0 9 0
Student Participation I   Open
Participation with children in the inclusive day care center on campus under the supervision of a lead teacher. Students have limited responsibilities for curriculum planning. Daily student -teacher conferences are held. PREREQUISITE: enrollment in or completion of a minimum of 8 credits of early childhood education or permission of instructor.

CHLD411   3 0 0 9 0
Student Participation II   Open
A continuation of Student Participation I in which students assume full responsibility for assessment, planning, lead teaching and parent communications in the inclusive day care center on campus under the supervision of a lead teacher. PREREQUISITE: completion of 10 credits in early childhood education including CHLD410 (minimum of a 2.0 in CHLD 410) or permission of instructor.

CHLD420   2 0 0 0 8
Early Childhood Education Practicum   Open
Placement in a community-based program for typically or atypically developing young children in an inclusive setting. Emphasis is on the development of competencies necessary for employment in a similar setting. PREREQUISITE: completion of 10 credits in early childhood education with a minimum of a 2.0 GPA or permission of instructor.

CHLD421   3 0 0 0 12
Early Childhood Ed Associate Practicum   Open
Placement for the associate degree student in a community-based program for typically and atypically developing young children in an inclusive setting. The practicum is designed to further build competencies necessary for employment and to develop competencies in the area of program administration. PREREQUISITE: cumulative GPA of 2.0 in all early childhood courses , enrollment in or completion of CHLD220. PREREQUISITE: CHLD420

CIM-403   3 3 0 0 0
Introduction to CAD/CAM   Voc/Tech
The objectives of this course will be to apply Computer Aided Design software and Computer Aided Manufacturing software for the purpose of generating computer assisted part programs. These are to be post processed and downloaded to Computer Numerically Controlled (CNC) machine tools, where the student will cut chips on the shop floor.

CIM-404   2 1 2 0 0
Robotics   Voc/Tech
Course provides an introduction to robotic fundamentals. The student will examine parameters of robot operation and program robots for various applications.

CIM-405   3 3 0 0 0
Programmable Controllers   Voc/Tech
This course is an introduction to programmable logic controllers. The student will examine hardware and software aspects and program various programmable controllers with relay logic, timers, counters and sequencers. PREREQUISITES: CIM-421 or HTPC358

CIM-406 - ADJUNCT****   3 3 0 0 0
Programmable Controllers II   *Voc/Tech*
A continuation of Programmable Controllers (CIM-405). This course includes analog I/O, networking, remote I/O, non-standard I/O, workstation interfacing and advanced programming techniques. PREREQUISITE: CIM-405

CIM-408   3 3 0 0 0
Intro to Computer Integrated Mfg.   Voc/Tech
Designed to familiarize the student with computer aided design, computerized production planning, and automated shop floor control.

CIM-409   3 3 0 0 0
Inventory Management/Planning   Voc/Tech
This course examines the variety of inventory ordering and lot-sizing techniques available to firms. Includes methods for reducing the investment in inventory without reducing the ability of firm to maintain production or deliver customer orders promptly. Computer spreadsheets for controlling inventory orders and levels are also used.

CIM-410   3 3 0 0 0
Material Requirements Planning   Voc/Tech
This course is designed to present the student with the information to successfully implement and use an MRP system. The course includes a case study problem using a computer-based MRP program.

CIM-411   3 3 0 0 0
Production & Capacity Management   Voc/Tech
This course studies such topics as break-even analysis, time and motion studies, forecasting of demand, scheduling, statistical process control, and make versus buy analysis to provide manufacturing managers with simple but effective tools to control plant operations to maximize productivity and minimize cost.

COURSE DESCRIPTIONS

COURSE DESCRIPTIONS

CIM-412   3 3 0 0 0
Just In Time Inventory Control Tech.   Voc/Tech
This course examines the effects that a JIT environment has on a firm including the topics of setup reduction, inventory control, accounting practices, marketing, quality control, management, plant layout, scheduling and implementation. Industry case studies are used to demonstrate real-world applications and problems.

CIM-413   3 2 2 0 0
Introduction to FMS Cell   Voc/Tech
This course introduces the student to all aspects of a flexible manufacturing system cell. It is designed to familiarize the student with cell software and hardware. It includes labs on all cell components. PREREQUISITE: HTPC358 & 359 or instructor permission

CIM-417 - ADJUNCT****   3 3 0 0 0
Advanced Purchasing Operations   *Voc/Tech*
This course addresses the issues of material flow, inventory control, basic uses of SPC & MRP, forecasting, supplier relationships, the use of computer systems, and control and disposal issues of materials as they relate to purchasing.

CIM-418   5 0 0 0 20
IMT Internship   Voc/Tech
Supervised work experience with employer based upon individual training plan which enables student to apply his/her skills and knowledge. PREREQUISITE: Successful completion of courses in Terms 1, 2, 3 of Integrated Manufacturing Technology program

CIM-419 - ADJUNCT****   3 3 0 0 0
Master Planning   *Voc/Tech*
This course covers topics related to the preparation and use of master planning systems in manufacturing companies. It addresses the topic of forecasting, demand management, production planning systems, and the developing and use of a master planning schedule based on product forecasts. This is also an APICS certification review course.

CIM-420 - ADJUNCT****   3 3 0 0 0
Systems and Technology   *Voc/Tech*
This course covers topics related to the implementation of management systems and technologies designed to enhance the competitive position of a firm. It will address the topics of overall corporate strategy, infrastructure considerations, role of quality, and the interface of production of control systems. This is also an APICS certification review course.

CIM-421 - ADJUNCT****   3 3 0 0 0
Motor Control   *Voc/Tech*
Troubleshoot electro-mechanical motor controls, gain an understanding of ladder diagrams. Students should have a general knowledge of electricity to take this course.

COMH410   3 2 2 0 0
Introduction to Greenhouse   Voc/Tech
An introduction to greenhouse structures, heating and environmental control systems and watering. Winter and spring commercial pot plants, cut flowers, and bedding plant crops will be explored vocationally in the college greenhouses. PREREQUISITE: COMH450, AGRI209, 219

COMH411   2 2 0 0 0
Horticulture Chemical Techniques   Voc/Tech
Types of chemicals will be identified and how to use and apply them properly will be studied. The safe handling of chemicals and calibration of spray equipment will be covered. Includes study of core manual and category for commercial pesticide license.

COMH433   2 1 2 0 0
Irrigation Systems   Voc/Tech
A study of the design, installation, use, maintenance and repair of the different types of irrigation systems used in the production of a wide variety of horticulture crops. Irrigation system components, materials, and estimates of installation, maintenance and operation costs will be addressed. PREREQUISITES: AGRI209, 219, COMH437

COMH435   2 1 2 0 0
Sports Turf   Voc/Tech
Introduction to the variety of sports contests played on turfgrass fields. Students will study the sport, site selection and preparation, turfgrass species selection, establishment, and maintenance of the field, Pre-competition practices of field layout along with post-competition practices of repair and field recovery will be discussed.   PREREQUISITES: AGRI209, 219, COMH437

COMH437   2 2 0 0 0
Turf I   Voc/Tech
The study of soil and turf relationships as to planning, seed bed preparation, seed selection, fertilization, sowing and establishing of turf and lawn. The student receives practical experience in starting and maintaining new lawn areas. PREREQUISITE: COMH450, AGRI209, 219

COMH440   3 1 4 0 0
Landscape Design I   Voc/Tech
Fundamentals of landscape design for homes presented. Introduction to principles of landscaping as they apply to residential landscaping. Student is given opportunity to draw basic residential landscape plans. PREREQUISITE: The following courses should be completed or be currently enrolled: COMH441, 488

COMH441   1 1 0 0 0
Landscape Drafting   Voc/Tech
Introduction to landscape drafting and associated drafting equipment and materials. COREQUISITE: COMH488

COMH450   3 3 0 0 0
Botany   Voc/Tech
A course designed to introduce the student to the principles of botany that are basic to plant life. Topics covered include plant cell chemistry, cell structure, functions, photosynthesis, transpiration.

COMH452   3 2 2 0 0
Arboriculture   Voc/Tech
A study of tree culture with emphasis on propagation, pruning, transplanting, pest control, urban environmental concerns and recognition of hazards and liabilities. Methods of evaluation of values also studied. PREREQUISITE: COMH450, AGRI209, 219

COMH453   3 1 4 0 0
Landscape Design II   Voc/Tech
Course will include design of residential, commercial, public areas and annual and perennial flower beds. Use of landscape construction materials in design and materials and labor estimates will be developed. PREREQUISITE: The following courses should be completed or be currently enrolled: COMH440, 441, 488. COREQUISITE:COMH489

COMH454   3 0 0 0 15
Horticulture Internship I   Voc/Tech
Experience in a business setting related to the student's career objective. Taken over a five week period. (P/F) PREREQUISITES: COMH410, 437, 488

COMH455   3 2 2 0 0
Turf II   Voc/Tech
Turf management practices on golf and recreation areas with practical experience in maintaining turf on outdoor campus facilities. PREREQUISITE: COMH437

COMH457   3 2 2 0 0
Fruit & Vegetable Science   Voc/Tech
A study of tree fruits, small fruits and vegetable culture, including varietal selection, planting, pruning, fertilizing, disease and insect control programs. PREREQUISITE: COMH450, AGRI209, 219

COMH458   2 2 0 0 0
Insects & Diseases   Voc/Tech
Identification of diseases and insects which frequently infest horticultural crops and plant materials. Structures, functions and life cycles of those pests will be studied with environmental conditions favoring development. Chemical, organic, biological and mechanical control methods will be presented. A collection will aid I.D. process.

COMH469   3 3 0 0 0
Garden Center Management   Voc/Tech
Display, promotion and merchandising in the modern garden center will be stressed. Problems of distribution functions of marketing and their costs will be studied. Management's role in organizing a business and financial planning will be discussed.

COMH478   3 2 2 0 0
Plant Propagation I   Voc/Tech
An introduction to plant propagation with emphasis on grafting, herbaceous and hardwood cuttings, and greenhouse and nursery seeds. Propagation schedules, equipment, structures and growth regulators will be discussed. PREREQUISITE: COMH450, AGRI209, 219

COMH479   3 2 2 0 0
Nursery Production I   Voc/Tech
Introduces the student to site selection, equipment and supplies with an introduction to field production, harvesting and marketing. Basic nursery and landscape skills will be developed on and off campus. PREREQUISITE: COMH450, AGRI209, 219

COMH483   1 0 2 0 0
Plant Propagation II   Voc/Tech
Summer methods of plant propagation including softwood and semi-hardwood cuttings, budding, layering, divisions and an overview of apical meristem culture. PREREQUISITE: COMH478

COMH485   1 0 2 0 0
Floral Design II   Voc/Tech
An advanced class in commercial floral design, flower shop organization and management. Advanced wedding work, funeral work and commercial flower arrangements will be taught. PREREQUISITE: COMH497

COMH486   1 0 2 0 0
Horticulture Equip Safety/Maint   Voc/Tech
A practical course in the proper care and use of hand tools and power equipment, including the repair and maintenance of the small gasoline engines used in horticulture mechanics.

COMH488   2 1 2 0 0
Plant Materials I   Voc/Tech
The study of plant materials using the plant materials in their growing environment. Course will cover use of identification keys and plant families. COREQUISITE: COMH441

COMH489   2 0 4 0 0
Plant Materials II   Voc/Tech
The study of plant materials will be expanded to include annuals and perennials. PREREQUISITE: The following courses should be completed or be currently enrolled: COMH488, COREQUISITE: COMH453

COMH490   3 2 2 0 0
Greenhouse Prod Techniques   Voc/Tech
Greenhouse maintenance, nutrition, watering, cooling systems and pest control shall be developed further in college greenhouse facilities. Summer and fall crops will be grown by students. PREREQUISITE: COMH410

COMH497   1 0 2 0 0
Floral Design I   Voc/Tech
Construction and mechanics of merchandising flowers and plants at retail.

COMH498   3 0 0 0 15
Horticulture Internship II   Voc/Tech
A final opportunity for the student to gain employment experience in their specialization. In many instances they will continue as full time employees upon completion of the program. Taken over a five week period. (P/F) PREREQUISITE: COMH499

COMS111   3 3 0 0 0
Computers & Program Logic   Open
This course provides students with a firm foundation in problem solving methods in computer programming and facilitates the development of good structured programming skills for solving business problems. Students will define and analyze problems, design computer solution algorithms, and prove the correctness of the solutions. PREREQUISITE: COMS181

*** Adaptor Courses cannot be used to fulfill degree requirements
**** Adjunct Courses cannot be used to fulfill or substitute for required or option courses in any degree or diploma program

COURSE DESCRIPTIONS

COURSE DESCRIPTIONS

COMS112   3 3 0 0 0
Computers & Programming II   Open
A block structured language will be used to introduce commonly used data structures. Programs using these data structures will be developed, written, tested and debugged. PREREQUISITE: COMS111

COMS125   3 3 0 0 0
Business Programming COBOL I   Open
Introduces the programming language COBOL. Topics include move, logical testing, control & page breaks, totals and others. Emphasis is given to business applications. PREREQUISITE: COMS111 or 176

COMS126   4 4 0 0 0
Business Programming COBOL II   Open
Introduces advanced COBOL programming techniques. Emphasis is given to the SORT verb, multiple level tables and ISAM file access techniques. PREREQUISITE: COMS125

COMS160   3 3 0 0 0
Computational Structures   Open
Relates mathematics as a tool and language to the computer. A block structured language will be used to acquaint students with application areas in computer science. PREREQUISITES: COMS112, MATH129

COMS172   2 2 0 0 0
Computer Programming-FORTRAN   Open
For students desiring an introductory background in the programming language of FORTRAN. Included are FORTRAN structures, i/d statements, arrays, subscripting, control statements, data storage, and retrieval. PREREQUISITE: MATH129, COMS111

COMS174   3 3 0 0 0
Applied Programming I Pascal   Open
Introduction to structured programming using a blocked structured language. Emphasis will be on an algorithmic approach to program development. Programs will be developed, written, tested and debugged. PREREQUISITE: MATH115, 123

COMS176   4 4 0 0 0
Applied Programming II   Open
Data structures as related to computer programming will be emphasized. Programs using these data structures will be developed, written, tested and debugged. The programs written will also be business application oriented. PREREQUISITE: COMS174

COMS181   3 2 2 0 0
Intro to Computer Literacy   Open
Presents the basic concepts of computers and the effect that computers are having, and will continue to have, in the future. Incorporates theory as well as hands-on practice. Includes an introduction to Windows, Word, Excel, Access and the Internet.

COMS301   3 3 0 0 0
Intro Java Programming   Voc/Tech
Students will learn the basic features of the Java programming language and explore the concepts of object-oriented programming, event handling, user interface programming, and graphics techniques. Students will gain practical experience creating and modifying Java applications and applets, and embedding Java applets in web pages. PREREQUISITE: DATA310/COMS111

COMS303   3 3 0 0 0
E-Commerce Scripting Languages   Voc/Tech
This course focuses on current website programming languages such as Javascript, VB Script and CGI-Perl. Make web pages interactive, add special functions, and special handling. Cookies and shopping carts will be created. PREREQUISITE: BSEN306 or DATA110

COOP212   1 1 0 0 0
Coop Career Seminar   Voc/Tech
Examination of topics relevant to the internship experience, sharing workplace problems encountered and the solutions found to those problems. This course may be repeated for a maximum of 4 credits. COREQUISITE: COOP221 or 222 or 223 or 224 or 225 or 226

COOP220   2 2 0 0 0
Career-Seeking Skills   Voc/Tech
Covers all aspects of professional job placement procedures including career goal setting, developing prospective employer lists, resume writing, job application forms, employment tests, personal appearance, interviewing, and follow-up.

COOP221   1 0 0 0 4
Coop Career Experience   Voc/Tech
Practical experience through on-the-job training in an approved business setting. Tasks will be consistent with student's career objectives, skills, and knowledge. (P/F) COREQUISITE: COOP212

COOP222   2 0 0 0 8
Coop Career Experience   Voc/Tech
Practical experience through on-the-job training in an approved business setting. Tasks will be consistent with student's career objectives, skills, and knowledge. (P/F) COREQUISITE: COOP212

COOP223   3 0 0 0 12
Coop Career Experience   Voc/Tech
Practical experience through on-the-job training in an approved business setting. Tasks will be consistent with student's career objectives, skills, and knowledge. (P/F) COREQUISITE: COOP212

COOP224   4 0 0 0 16
Coop Career Experience   Voc/Tech
Practical experience through on-the-job training in an approved business setting. Tasks will be consistent with student's career objectives, skills, and knowledge. (P/F) COREQUISITE: COOP212

COOP225   5 0 0 0 20
Coop Career Experience   Voc/Tech
Practical experience through on-the-job training in an approved business setting. Tasks will be consistent with student's career objectives, skills, and knowledge.. (P/F) COREQUISITE: COOP212

COOP226   6 0 0 0 24
Coop Career Experience   Voc/Tech
Practical experience through on-the-job training in an approved business setting. Tasks will be consistent with student's career objectives, skills, and knowledge. (P/F) COREQUISITE: COOP212

COOP301   1 1 0 0 0
Building a Professional Portfolio   Voc/Tech
This course provides the writing and research skills necessary to compile a professional portfolio highlighting abilities, experiences and accomplishments. The portfolio will include a resume, reference letters, certificates, sample demonstrations of work performance, documentation that shows knowledge of subject area and other applicable items.

CRIM101   3 3 0 0 0
Intro to Criminal Justice   General
An in-depth examination of the three components of the criminal justice system and the roles they play in society.

CRIM103   3 3 0 0 0
Community Relations   Open
Examination of the role of criminal justice personnel in a democratic society; emphasis on ethical uses of discretion, analysis of officer stress and the popular perceptions of the criminal justice system.

CRIM104   3 3 0 0 0
Criminal Law   General
An examination of the elements of offenses and the procedural safeguards in the criminal process.

CRIM105   3 3 0 0 0
Constitutional Law   General
A study of the application of constitutional principles to social and political questions including the powers of the national government versus state government through focus on the incorporation issue, examination of the evolution of civil liberties guarantees.

CRIM106   3 3 0 0 0
Juvenile Law   General
The social and legal aspects of juvenile delinquency, examination of procedures, legislation, juvenile court and prevention programs.

CRIM107   3 3 0 0 0
Theories of Interviewing   Open
The process of gathering information from others: the interviewee, the setting, types of questions, non verbal communication, deception, and theories of communication.

CRIM110   3 3 0 0 0
Penology   Open
Social organization and goals of correctional programs. Principles of institutional corrections and the social structure within institutions. Examination of non-institutional alternatives include probation and parole.

CRIM211   3 3 0 0 0
Correctional Treatment   Open
Institutional options for preventing recidivism. Introduction to therapeutic techniques. Comparison of punishment, freudian treatments and behavior modification systems. Student presentation required.

CRIM212   3 3 0 0 0
Correctional Law   Open
Law in the field of corrections: procedural and substantive rights of both convicts and the state, "good time" detainers, multiple sentences and double jeopardy. Emphasis on sentencing and classification; efforts to reduce sentencing disparity.

CRIM214   3 3 0 0 0
Criminal Investigation   Open
Rudiments of criminal investigation: techniques, principles, problems, sources of information, and evidentiary processes.

CRIM235   3 2 2 0 0
Survey/Criminal Justice Agencies   Open
Study of the criminal justice system through an examination of actual agencies, focusing on theoretical versus real roles and functions of the agencies. Includes on-site visits. PREREQUISITE: 24 hours of CRIM courses or instructor permission

CRIM236   3 0 0 0 12
Internship   Open
Involves one-hundred fifty hours of active internship for students in an agency other than one in which they may be employed. Synthesis paper required. (P/F) PREREQUISITES: 24 hrs of CRIM courses with minimum grade of C in each, CRIM235

CRIM255   3 3 0 0 0
Scientific Investigation I   Open
An in-depth study of investigative techniques as applied to specific offenses. Court room presentation will also be emphasized.

CRIM273   3 3 0 0 0
Introduction to Security   Open
Fundamental principles and practices of physical security, internal security, defense systems, and fire safety are discussed in detail. Specific problems in hospital, transportation, retail and computer security are analyzed.

CRIM275   3 3 0 0 0
Scientific Investigation II   Open
An introduction to investigative techniques which stresses the identification and examination of physical evidence from the time of its discovery until a final disposition by the courts.

CRIM285   3 3 0 0 0
Criminal Justice Ethics   Open
Focuses on philosophical and theoretical issues and analyzes research findings to determine their implications for future practice. The student will learn how to identify and confront difficult ethical decisions they are likely to face in their daily routines.

CRIM410 - ADJUNCT****   3 3 0 0 0
Orientation to Public Safety   Voc/Tech
An introduction to the three areas of public safety; law enforcement, corrections, and firefighting. This course covers the internal organization culture, the changing external culture, and public safety work requirements. The course involves observing and riding with police officers, community corrections officers, visiting a correctional facility, and touring a firefighter's work area.

COURSE DESCRIPTIONS

CULA340 2 0 4 0 0
Baking Voc/Tech
Course offers instruction in baking fundamentals and procedures as applied to bread, rolls, cakes, pastries and cake decorating. Practical experience in sanitation, safety and the use of large equipment is also emphasized in this course. PREREQUISITES: HRMT316, HRMT320

CULA349 3 0 6 0 0
International Cuisine Lab II Voc/Tech
Application of gourmet cooking through actual quantity preparation of eight course international dinners. Four evening gourmet dinners will be prepared and served during the semester. PREREQUISITES: CULA446, 456

CULA365 2 0 4 0 0
Advanced Baking/Buffet Decorating Voc/Tech
Advanced principles and procedures of producing baked goods, decorative work and display pieces. PREREQUISITES: CULA340, 386

CULA386 2 0 4 0 0
Garde Manger Voc/Tech
Application of techniques used in preparation of hot and cold hors d'oeuvres, decorative food displays and ice carvings. Emphasis is placed on aspics, galantines and buffet presentations. PREREQUISITE: HRMT316, 320

CULA446 3 0 6 0 0
International Cuisine Lab I Voc/Tech
Application of gourmet cooking through actual quantity preparation of eight course international dinners. Four evening gourmet dinners will be prepared and served during the semester. PREREQUISITES: HRMT326, 328 COREQUISITE: CULA456

CULA451 4 0 8 0 0
Culinary Cuisine Lab Voc/Tech
Preparation of intricate and difficult classical cuisine dishes. Students will rotate through the cooking stations of the traditional brigade kitchen and then prepare food for service to the public. A la carte preparation is emphasized. PREREQUISITE: HRMT357 COREQUISITE: CULA452

CULA452 2 2 0 0 0
Advanced Culinary Cuisine Voc/Tech
Discussion of the more intricate and difficult cooking principles and techniques of classical cuisine and planning for advanced culinary cuisine. PREREQUISITE: HRMT357 COREQUISITE: CULA451

CULA456 2 2 0 0 0
International Cuisine Voc/Tech
Students research and plan international dinners. Emphasis is on menu and production planning for eight course gourmet dinners. The lecture will also focus on the pronunciation and definition of French terms. PREREQUISITE: HRMT326, 328 COREQUISITE: CULA446

DATA102 3 3 0 0 0
New Literacy/Intro to Computers Voc/Tech
A television course giving a comprehensive introduction to computer principles and presenting a broad overview of data processing concepts.

DATA103 3 3 0 0 0
BASIC Voc/Tech
An elementary course in the use of the Visual BASIC programming language. The various commands will be presented; and students design, code, and test several programs including file processing. PREREQUISITES: COMS181

DATA104 3 3 0 0 0
BASIC - Advanced General
"Applications" approach developed around data file programming. Manipulation of string variables, data entry, formats, error checking routines, SQL and database processing. PREREQUISITE: DATA103

DATA106 3 2 2 0 0
Microcomputers in Business General
This course provides the person already familiar with microcomputer usage, additional skill development in the areas of the operating system (DOS/Windows), word processing, spreadsheets and database management software. Course features extensive hands-on usage combined with lecture and discussion. PREREQUISITES: COMS181

DATA110 3 2 2 0 0
Computer Network Literacy Voc/Tech
This course is an introduction to basic concepts and terminology in computer networks and data communications. Topics include data communications equipment and media network basics and the Internet. Student will develop a personal web page. PREREQUISITES: COMS181

DATA231 3 3 0 0 0
RPG/II General
Study of basic steps of programming. Students design, code and debug various problems written in report program generator language. PREREQUISITE: COMS181

DATA301 4 3 2 0 0
DOS Job Control Voc/Tech
Provides an individual with a working knowledge of disk operating systems/virtual storage extended (DOS/VSE) job control language. PREREQUISITE: DATA304

DATA304 4 3 2 0 0
COBOL - Beginning Voc/Tech
Introduces the student to structured COBOL design and coding including control break processing and screen I/O. PREREQUISITE: COMS181 and DATA310 must be taken concurrently with or prior to this course

DATA306 4 3 2 0 0
COBOL - Intermediate Voc/Tech
COBOL VSE structured programming involving sequential disk, table processing and file update processing, using IBM ICCF text editor, VSE/ESA JCL on an IBM ES/900 Mainframe. PREREQUISITE: COMS125 or DATA304

DATA308 3 2 2 0 0
COBOL - Advanced Voc/Tech
ANS COBOL involving advanced editing programs, table processing, VSAM file process, programs linkage, and report writer. PREREQUISITE: DATA301 and 306

DATA309 3 3 0 0 0
COBOL on the World Wide Web Voc/Tech
Apply COBOL to the WWW using Net Express. Topics include CGI programs, data access on the server, GUI development for HTML based sites. PREREQUISITE: DATA304 or COMS125

DATA310 4 3 2 0 0
Program Logic Design Voc/Tech
The study of the logical design of programs using the structured method. Various design tools and applications will be covered. PREREQUISITE: COMS181 must be taken concurrently with or prior to this course

DATA318 3 2 2 0 0
Intro C++ Programming Voc/Tech
Students will examine the structure of typical C++ programs, explore the concepts of object oriented programming and design eight small to medium sized programs in C++. PREREQUISITE: DATA310

DATA319 4 3 2 0 0
Assembler - Beginning Voc/Tech
An introductory course in the syntax rules of assembler language programming. Business problems are analyzed and programmed. PREREQUISITES: COMS181 and DATA304

DATA320 3 2 2 0 0
Intermediate C++ Programming Voc/Tech
A second course in Object Oriented Programming using C++. Review and extend the concepts of class hierachies, encapsulation, inheritance and polymorphism. Explore class libraries, templates, streamable classes and exception handling. Use a CASE tool to generate code for both MS-DOS and Windows applications. PREREQUISITES: DATA318

DATA321 4 3 2 0 0
Assembler - Intermediate Voc/Tech
An intermediate course in the concepts and techniques of using assembler language, including machine language and table processing. PREREQUISITES: DATA319, 301

DATA327 4 4 0 0 0
Assembler - Advanced Voc/Tech
An advanced course in the more complex concepts of assembler type instructions, including VSAM and macro processing with inter-program linkage. PREREQUISITE: DATA321

DATA328 1 0 2 0 0
MS DOS An Introduction Voc/Tech
An introduction to PC disk operating system. Topics include: directory, direct commands, format, chkdsk, copy, diskcopy, rename and other DOS commands.

DATA329 2 1 2 0 0
MS DOS An Advanced Course Voc/Tech
An advanced disk operating system course. Topics include: advanced utilities (EDLIN, shell commands, system files, network considerations and DOS environment menu systems). PREREQUISITE: DATA328

DATA330 1 0 2 0 0
dBase An Introduction Voc/Tech
An introduction to Data Base Management using dBase III+. Topics include: create, edit, update, report, delete, modify. Students will generate reports from Data Base file they have created. PREREQUISITE: COMS181

DATA331 2 1 2 0 0
dBase An Advanced Course Voc/Tech
An advanced study of dBase III+ concentrating on the creation of dBase programs - menu driven, screen generation and file manipulation. PREREQUISITE: DATA330 or DATA106

DATA332 1 0 2 0 0
Lotus 1-2-3 Introduction Voc/Tech
Orientation to Lotus 1-2-3. Topics include spreadsheet layout, totals, report generation. Designed for uses of Lotus 1-2-3.

DATA333 2 1 2 0 0
Lotus 1-2-3 Advanced Voc/Tech
Advanced topics on Lotus 123. Topics include macro, graphic and menu design. PREREQUISITES: DATA332 or DATA106

DATA334 6 4 4 0 0
Applications Programming Voc/Tech
Individual projects are assigned which require the student to apply the programming knowledge gained in prerequisite courses to the design and implementation of assigned business applications. PREREQUISITES: DATA352

DATA335 1 0 2 0 0
Excel-An Introduction Voc/Tech
Orientation to Excel. Topics include spreadsheet layout and terminology, charting, enhancing a worksheet and chart. Designed for beginning users of Excel.

DATA341 3 3 0 0 0
Database Programming Voc/Tech
This course provides a comprehensive foundation that enables students to understand and use commercially available relational DBMS products effectively. PREREQUISITES: COMS181, COMS111, COMS125

DATA343 3 2 2 0 0
Introduction to SQL Voc/Tech
This course is an introduction to SQL as a database programming language to those already familiar with basic relational database concepts. Students will write executable SQL statements to create and maintain database objects. PREREQUISITE: DATA341

DATA345 1 0 2 0 0
Spreadsheets Voc/Tech
Orientation to P.C. spreadsheets. Topics include spreadsheet layout, totals, report generation.

DATA346 2 1 2 0 0
Advanced Spreadsheets Voc/Tech
Advanced topic within spreadsheets, including macros, graphics, and menu driven systems. PREREQUISITE: DATA345

*** Adaptor Courses cannot be used to fulfill degree requirements
**** Adjunct Courses cannot be used to fulfill or substitute for required or option courses in any degree or diploma program

COURSE DESCRIPTIONS

DATA347   1 0 2 0 0
P.C. Database   Voc/Tech
Introduction to database management systems on the P.C. Topics include create, update, report, delete, modify. Students will generate reports from database file they have created. PREREQUISITE: COMS181

DATA348   2 1 2 0 0
Advanced P.C. Database   Voc/Tech
Students will use advanced techniques to retrieve data, format reports, and create script files to generate SQL. The course also provides the opportunity for students to write COBOL programs that utilize embedded SQL statements. PREREQUISITE DATA347

DATA349   3 2 2 0 0
Advanced PC/ SQL Program Units   Voc/Tech
An advanced study of P.C. database concentrating on programs that are menu driven; screen generation and file manipulation. PREREQUISITE DATA330

DATA350   3 3 0 0 0
Relational Database Design   Voc/Tech
Students learn a systematic approach to database development using entity-relationship models, normalization and relational database design. Students will use this approach to identify and define business information requirements, create entity-relationship models, and transform the requirements into an initial database design. PREREQUISITE DATA341

DATA352   4 4 0 0 0
Telecommunications/CICS Prog   Voc/Tech
Provides theory and working knowledge of telecommunication programming. Students will code programs using CICS. PREREQUISITES: DATA308, 321

DATA382   4 4 0 0 0
Systems Analysis   Voc/Tech
Designed to acquaint the student with the various considerations in the design of a system. The course considers project initiation, fact gathering, procedures, forms, system implementation and evaluation. PREREQUISITES: COMS181, DATA304 or COMS125

DENA302   4 4 0 0 0
Dental Science I   Voc/Tech
Introduction to the various sciences necessary for the dental assistant. Microbiology and oral pathology are covered. PREREQUISITE: DENA304 must be taken concurrently with or prior to this course

DENA304   2 2 0 0 0
Dental Anatomy   Voc/Tech
The study of head, neck and dental anatomy is combined to give the student background information for application in dental assisting courses.

DENA305   2 1 2 0 0
Dental Radiography II   Voc/Tech
A continuation of Dental Radiography I. Weekly seminars for basic interpretation of radiographs and laboratory experience to develop student competence in making oral radiographic surveys. PREREQUISITES: DENA302, 304, 320, DENH257

DENA309   1 1 0 0 0
Dental Assisting Seminar   Voc/Tech
Discussion and problem solving from clinical practice. Provides an awareness of types of office situations and discussion of clinical aspects of dental assisting and dentistry. Oral reports and weekly evaluations are required. PREREQUISITES: DENA302, 304, 320, 325, DENH201, 257 COREQUISITE: DENA310

DENA310   3 0 0 12
Dental Assisting Clinical   Voc/Tech
Application of knowledge and skills as students rotate through dental offices, clinics and hospital clinics. General and speciality practices are included in rotations.PREREQUISITE: Current CPR certification DENA302, 304, 320, 325, DENH201, 257 COREQUISITE: DENA309

DENA312   2 2 0 0 0
Dental Science II   Voc/Tech
A continuation of Dental Science I. Emphasis on effects of drugs, and emergency procedures. PREREQUISITE: CPR certification DENA302, 304

DENA316   1 1 0 0 0
Ethics & Clinical Seminar   Voc/Tech
Continuation of DENA 309. Also includes the study of the ethics and legal responsibilities of the dental profession, as well as the functions and jurisprudence of the auxiliary personnel. PREREQUISITE: Second semester standing in Dental Assisting program. COREQUISITE: DENA318

DENA318   4 0 0 016
Dental Assisting Clinical II   Voc/Tech
Continuation of DENA310. COREQUISITE: DENA316

DENA320   6 4 4 0 0
Preclinical Dental Assisting   Voc/Tech
Basic concepts of chairside assisting are covered with emphasis on the role of the team in delivery systems. Terminology, instruments, equipment and basic procedures are covered. PREREQUISITE: DENA302, 304, 325 and DENH201 must be taken concurrently with or prior to this course

DENA322   5 3 4 0 0
Clinical Dental Assisting   Voc/Tech
A continuation of Preclinical Dental Assisting (DENA 320) with emphasis on operative dentistry, dental specialties and advanced functions. The laboratory phase develops students' competencies in clinical assisting. PREREQUISITES: DENA302, 304, 320, 325, DENH201, 257

DENA323   2 2 0 0 0
Dental Business Office Procedure   Voc/Tech
Covers the business aspects of the dental office: patient relations, appointment book management, financial records, telephone communications, credits and collections, dental insurance, tax records, supply and inventory systems. PREREQUISITE: 35 wpm keyboard skills and computer literacy

DENA325   1 0 2 0 0
Dental Materials Lab   Voc/Tech
Through laboratory experience the student learns techniques in preparation and utilization of dental materials. PREREQUISITE: DENA304

DENH201   2 2 0 0 0
Dental Materials   Open
A study of materials utilized in the practice of dentistry. Properties of dental materials and ADA requirements are presented. COREQUISITE: DENA304 and DENA325 or DENH230 and DENH203

DENH203   1 0 2 0 0
Dental Materials Lab   Open
Through laboratory experience the student learns techniques in preparation and utilization of dental materials. COREQUISITE: DENH201

DENH208   2 2 0 0 0
Principles of Dental Hygiene   Open
Basic principles of clinical dental hygiene are introduced. The etiology of deposits and their effect on oral tissue and the theory and techniques of instrumentation in removal of deposits are emphasized in the practicum portion. PREREQUISITES: BIOL154, CHEM131 COREQUISITE: DENH209

DENH209   3 0 6 0 0
Principles of Dental Hygiene Practicum   Open
See DENH208. PREREQUISITES: BIOL154, CHEM131 COREQUISITE: DENH208

DENH210   2 2 0 0 0
Oral Histology & Embryology   Open
General and oral histology beginning with a consideration of cytology, which is followed by a study of the fundamentals of oral embryology and the normal microscopic anatomy of oral tissues. PREREQUISITE: BIOL154

DENH227   3 2 2 0 0
Dental Health Education   Open
An introduction to the principles of instruction in health care. The course will include developing, presenting, and evaluating dental health education programs for public schools and community groups. PREREQUISITES: DENH208, 209

DENH228   2 2 0 0 0
Dental Hygiene I   Open
A continuation of instrumentation techniques. Emphasis is placed on patient assessment and principles of patient education in chairside instruction. Topics include polishing techniques, topical application of fluoride and supplementary procedure. PREREQUISITES: DENH208, 209 COREQUISITE: DENH229

DENH229   4 0 8 0 0
Dental Hygiene I Practicum   Open
See DENH228. PREREQUISITES: DENH208, 209 COREQUISITES: DENH228, 259

DENH230   4 4 0 0 0
Dental Anatomy   Open
Programmed dental anatomy/ supplemented by lectures, quizzes and discussions on the development, morphology and functions of the teeth. Anatomy and physiology of the head and neck, including mastication. PREREQUISITE: BIOL154

DENH240   4 4 0 0 0
Nutrition/Preventative Dentistry   Open
Lecture-discussion course relating the nutrients and their effects on general and oral health throughout the life cycle. An introduction to the principles of counseling and instruction in preventive dentistry necessary to maintain optimum oral health. PREREQUISITES: BIOL154, CHEM132

DENH241   1 1 0 0 0
Nutrition/Dental Counseling   Open
A combined teaching, learning and practice course emphasizing the identification and analysis of diet as it relates to dental health. Students will evaluate caries and periodontal disease risk levels and perform counseling and instruction in elements of nutrition as they relate to the prevention of dental disease. PREREQUISITES: BIOL154, CHEM132, HRMT334

DENH257   3 2 2 0 0
Dental Radiography I   Open
Lecture includes radiation physics, biological effects, radiation safety and protection, properties of x-ray film and techniques of exposing, processing, mounting and evaluating film. Laboratory experiences develop competence in exposing, processing, mounting and evaluating radiographs. COREQUISITE: DENA304 and DENA320 or DENH230

DENH259   2 1 2 0 0
Dental Radiography II   Open
A continuation of Dental Radiography I. Weekly seminars for basic interpretation of radiographs and laboratory experience to develop student competence in taking oral radiographic surveys. PREREQUISITE: DENH257 COREQUISITE: DENH229

DENH278   2 2 0 0 0
Dental Hygiene II   Open
A continuation of clinical practices. Further instruction and application in techniques for a complete oral prophylaxis and Phase I therapy. Topics include smoking cessation, intraoral photography, sonic scaling and air polishing. PREREQUISITES: DENH228, 229 COREQUISITE: DENH279

DENH279   2 0 0 6 0
Dental Hygiene II Practicum   Open
See DENH278. PREREQUISITES: DENH228, 229 COREQUISITE: DENH278

DENH280   2 2 0 0 0
Periodontology   Open
The clinical characteristics, histopathology, etiology, and treatment of periodontal diseases are presented. Special emphasis is placed on the role of the dental hygienist in the prevention and management of periodontal diseases. PREREQUISITES: DENH210, 228, 229 COREQUISITE: DENH279

DENH281   5 0 015 0
Dental Hygiene III Practicum   Open
See DENH288. PREREQUISITES: DENH278, 279 COREQUISITE: DENH288

*** Adaptor Courses cannot be used to fulfill degree requirements
**** Adjunct Courses cannot be used to fulfill or substitute for required or option courses in any degree or diploma program

COURSE DESCRIPTIONS

DENH282 3 3 0 0 0
Dental Pharmacology Open
The study of drugs and their action on living tissue including their use as an aid in the diagnosis and treatment and prevention of disease or to control or improve any physiological or pathological condition. PREREQUISITES: CHEM132, DENH230, 228, 229

DENH288 2 2 0 0 0
Dental Hygiene III Open
A continuation of clinical practices. Topics include dental hygiene care for individuals with special needs, care planning, third party payment applications, substance abuse and dependent adult abuse. PREREQUISITES: DENH278, 279 COREQUISITE: DENH281

DENH290 3 2 2 0 0
Community Dentistry Open
Concepts of dental public health and preventive dentistry including principles of biostatistics, epidemiology, dental manpower and delivery systems. Students plan, implement and evaluate a community dental health project. PREREQUISITE: DENH227

DENH291 5 0 015 0
Dental Hygiene IV Practicum Open
See DENH298. PREREQUISITES: DENH281, 288 COREQUISITE: DENH298

DENH293 3 3 0 0 0
General & Oral Pathology Open
Basic concepts of disease process and the oral manifestations of inflammation, degenerative changes, neoplasms and developmental anomalies of the oral cavity. PREREQUISITES: BIOL154, DENH210, 230

DENH298 2 2 0 0 0
Dental Hygiene IV Open
A continuation of clinical practices. Legal, ethical, and management aspects of the dental care system are considered. Career alternatives and job seeking skills are demonstrated. PREREQUISITES: DENH281, 288 COREQUISITE: DENH291

DEVS072* 3 3 0 0 0
Thinking Skills Adaptor
To increase awareness of thinking as a skill which can be improved. Students will develop the ability to identify and improve the use of basic patterns of cognition. Activities will include personal, academic, and career applications.

DEVS080* 3 3 0 0 0
Study Skills Adaptor
Emphasis on improving time management, developing listening skills, development of critical thinking skills, and taking class notes and tests. Guidance in developing study habits and using the library and textbooks.

DIEM400 4 4 0 0 0
Basic Diemaking Voc/Tech
Introduction to diemaking principles covering die sets, die components, cutting and forming applications, and material utilization. Experienced individuals may contact the instructor to gain admittance to this course. PREREQUISITE: TOOL491; COREQUISITE: DIEM401

DIEM401 6 012 0 0
Basic Diemaking Lab Voc/Tech
Introducing the student to basic diemaking procedures as they construct a blank die, piercing die and a forming die. PREREQUISITE: TOOL490 or equivalent COREQUISITE: DIEM400

DIEM402 2 0 4 0 0
Advanced Blueprint Reading Voc/Tech
An interpretation of progressive die blueprints, jig and fixture blueprints including assembly drawings, plan and section views, and detailing. PREREQUISITE: TOOL481 or equivalent COREQUISITE: CADD401

DIEM403 3 1 4 0 0
Progressive Die Design Voc/Tech
Hands-on drafting experience in the design, drawing, and detailing of a progressive die using Computer Aided Design (CAD). PREREQUISITE: DIEM402

DIEM404 4 4 0 0 0
Advanced Diemaking Voc/Tech
Complex die making procedures, including CAM actuated dies and exposure to cost estimating and quoting. PREREQUISITE: DIEM400

DIEM405 6 012 0 0
Advanced Diemaking Lab Voc/Tech
Constructing a more complex stamping die, including a progressive die that has been partially designed and detailed by the student. PREREQUISITE: DIEM401, DIEM404 must be taken concurrently with or prior to this course

DIEM407 3 2 2 0 0
Plastic Moldmaking Voc/Tech
The student is presented with the basic fundamental of plastic mold construction and molding processes. Experienced individuals may contact the instructor to gain admittance to this course. PREREQUISITE: DIEM400 & DIEM401

DIEM413 3 2 2 0 0
Electrical Discharge Machining Voc/Tech
Operation of both conventional and wire EDM machines. Construction of EDM electrodes.

DISL401 6 110 0 0
Diesel Engines I Voc/Tech
Instruction provided in the technical and non-technical aspects of diesel engines. This information will give the students the basic understanding needed to continue in the Diesel Mechanic program.

DISL402 6 110 0 0
Diesel Engines II Voc/Tech
Instruction in diagnosing problems and the nature of repairs needed. Information on preventative measures to eliminate failures. PREREQUISITE: DISL401

DISL404 6 2 8 0 0
Power Trains I Voc/Tech
Class and lab activities in the design and operation of drive train components including clutches, manual transmissions, drive lines, rear axles, and wheel bearings.

DISL405 5 1 8 0 0
Power Trains II Voc/Tech
Instruction will include the basics of automatic transmissions, power shift transmissions, final drives, and hydrostat drives. Experienced individuals may contact the instructor to gain admittance to this course. PREREQUISITE: DISL404, 406

DISL406 5 1 8 0 0
Hydraulics & Brakes Voc/Tech
The study of basic mobile hydraulics. Introduces principles, components, fluid systems and circuits of hydraulic systems. Vehicle braking includes study of hydraulic and air brake systems.

DISL407 6 110 0 0
Diesel Fuel Systems Voc/Tech
The student will be introduced to basic fuel systems principles and operational theory of some commonly used systems as well as general repair and diagnostic procedures. Experienced individuals may contact the instructor to gain admittance to this course. PREREQUISITE: DISL402

DISL408 5 1 8 0 0
Basic Electricity Voc/Tech
An introduction to basic electricity and electronic principles that apply to diesel powered equipment. Systems and components covered include starting, charging, lighting and accessories.

DISL409 5 2 6 0 0
Diesel Electronics Voc/Tech
A study of electronic fundamentals, lab work with electronic components, and testing equipment. Diesel engines which are computer controlled are used in lab to demonstrate applications of electronics on diesel power which meet demands of the future. Experienced individuals may contact the instructor to gain admittance to this course. PREREQUISITE: DISL408

DISL417 5 1 8 0 0
Heavy Equipment Repair Voc/Tech
Instruction in the repair and service of equipment relating to the heavy equipment industry. This includes all phases normally done in a general repair shop. Instruction is given under structured lab and field conditions. Experienced individuals may contact the instructor to gain admittance to this course. PREREQUISITES: DISL402, 404, 406, 408

DISL418 5 1 8 0 0
Truck Repair Voc/Tech
Instruction in the repair and service of equipment relating to the trucking industry. This includes all phases normally done in a general repair shop. Instruction is given under structured lab and field conditions. Experienced individuals may contact the instructor to gain admittance to this course. PREREQUISITES: DISL402, 404, 406, 408

DISL420 3 1 4 0 0
Air Conditioning Voc/Tech
A course on basic air conditioning theory and design. Emphasis will be placed on various system controls and on service operations.

DISL428 5 1 8 0 0
Operation & Maintenance Voc/Tech
Instruction in the proper methods of maintaining all equipment. Safety will be emphasized.

DISL430 4 2 4 0 0
Caterpillar Fuel Systems Voc/Tech
The student will be introduced to basic Caterpillar fuel system principles and theory for mechanical and electronic engines. General repair and diagnostic procedures will also be covered. Experienced individuals may contact the instructor to gain admittance to this course. PREREQUISITE: DISL402, 404, 406, 408

DISL431 2 1 2 0 0
Caterpillar Failure Analysis Voc/Tech
The student will determine the root cause of failure, how to properly prepare the parts for inspection, and determine what is normal and abnormal wear. Experienced individuals may contact the instructor to gain admittance to this course. PREREQUISITE: DISL402, 404, 406

DISL432 2 1 2 0 0
Caterpillar LS/PC - Hydraulics Voc/Tech
This course will cover the design and theory of LS/PC hydraulic systems. This course will cover the function, operation and diagnosis of LS/PC hydraulics. Experienced individuals may contact the instructor to gain admittance to this course. PREREQUISITE: DISL406, 408

DISL433 2 2 0 0 0
Caterpillar Service Information Sys Voc/Tech
Instruction covers basic computer skills related to Caterpillar computer systems. Students will learn how to operate SIS, Parts Integrator, DBS Parts orders and work orders.

DISL434 4 0 0 0 16
Caterpillar Internship Voc/Tech
Work experience at a local Caterpillar dealership. The work experience will be compatible with the students ability and previous course work. PREREQUISITE: DISL402, 404, 406, 408

DISL435 2 0 4 0 0
Caterpillar Multi-Media Voc/Tech
The student will complete Caterpillar computerized tests and review modules. PREREQUISITE: DISL402, 404, 406, 408

DISL470 4 1 6 0 0
Advanced Electricity Voc/Tech
The electrical circuitry on diesel powered equipment is covered. Included are troubleshooting, diagnosing, and repair procedures. Experienced individuals may contact the instructor to gain admittance to this course. PREREQUISITE: DISL408

*** Adaptor Courses cannot be used to fulfill degree requirements
**** Adjunct Courses cannot be used to fulfill or substitute for required or option courses in any degree or diploma program

COURSE DESCRIPTIONS

COURSE DESCRIPTIONS

DKTP401   3 1 4 0 0
Intro To Desktop Publishing   Voc/Tech
Course introduces student to operating system of the Macintosh computer. Industry standard electronic layout program is used to introduce the student to the field of electronic desktop publishing.

DMAS350   1 1 0 0 0
Health Field   Voc/Tech
Roles of dietary personnel in health facilities, state and federal guidelines. Explore managerial aspects within facilities.

DMAS351   1 0 2 0 0
Food Preparation   Voc/Tech
Basic principles and development of techniques as they apply to preparation of each food group, criterion for evaluating product quality, laboratory experience.

DMAS352   2 2 0 0 0
Sanitation/Meal Service   Voc/Tech
Methods of efficiently serving safe, pleasing food. An awareness of sanitation will be created for all areas of food service.

DMAS353   1 1 0 0 0
Nutrition Life Cycle   Voc/Tech
An in-depth study (social, physiological and psychological need) of residents from infancy to geriatric. Explore the therapeutic role of food.

DMAS354   1 1 0 0 0
Modified Diets   Voc/Tech
Assessment of special diets, using approved diet manual, a review of food guidelines and hints for making modified diets more appetizing.

DMAS355   1 1 0 0 0
Food Production Management   Voc/Tech
Total production needs, equipment layout, work methods, food storage, food preparation, service, sanitation and use of computers in food service.

DMAS356   2 2 0 0 0
Food Service Management   Voc/Tech
The management functions required to organize and maintain an efficient quality dietary department are developed.

DMAS361   1 0 0 0 4
Food Prep Field Experience   Voc/Tech
Application and evaluation of food preparation in health care facility. Practical experience in selected health care facility supervised by a registered dietitian. (P/F)

DMAS362   1 0 0 0 4
Sanitation/Meal Service Field Exp   Voc/Tech
Application/evaluation of sanitation and meal service in health care facility. Practical experience in selected health care facility supervised by a registered dietitian. (P/F)

DMAS363   1 0 0 0 4
Nutrition Life Cycle Field Experience   Voc/Tech
Application/evaluation of nutritional aspects in health care facility. Practical experience in selected health care facility supervised by a registered dietitian. (P/F)

DMAS364   1 0 0 0 4
Modified Diet/Field Experience   Voc/Tech
Application/evaluation of modified diets in health care facility. Practical experience in selected health care facility supervised by a registered dietitian. (P/F)

DMAS365   1 0 0 0 4
Food Production Field Experience   Voc/Tech
Application/evaluation of food production in health care facility. Practical experience in selected health care facility supervised by a registered dietitian. (P/F)

DMAS366   1 0 0 0 4
Food Service Mgmt Field Experience   Voc/Tech
Application/evaluation of food service management in health care facility. Practical experience in selected health care facility supervised by a registered dietitian. (P/F)

DRAM110   3 3 0 0 0
Introduction to Theatre   Core
A survey of the elements and techniques of theatre with emphasis on acting, directing and playwriting. Attendance at dramatic production encouraged.

DRAM111   3 3 0 0 0
Techniques of Acting   General
Training of the body, voice and mind as acting instruments. Course includes acting exercises, scene analysis, and performance.

DRAM113   3 3 0 0 0
Creative Drama School/Rec   General
Elements of improvisational acting. Students will learn approaches for participating in as well as leading creative drama activities.

DRAM114   2 0 4 0 0
Theatre Production   General
Practical experience in acting, directing, and stage design. Students will be involved in all stages of production, from auditions to final performance. May be repeated for up to eight semester hours of credit.

DRAM115   3 0 6 0 0
Theatre Production   General
See DRAM114

DRAM116   4 0 8 0 0
Theatre Production   General
See DRAM114

ECON101   3 3 0 0 0
Principles of Macroeconomics   Core
This course is an introduction to basic macroeconomic concepts and principles. It deals with the problems of resource allocation, supply and demand, national income, employment, price levels, fiscal and monetary policy, money and banking systems, and elements of global finance. ECON101 is not a prerequisite for ECON102.

ECON102   3 3 0 0 0
Principles of Microeconomics   Core
This course covers a survey of demand and supply conditions, cost structure, market structure, and how these elements affect individual households, business firms, government and global trade. ECON101 is not a prerequisite for ECON102.

EDCR101   3 3 0 0 0
Intro to Education   Open
Presents a broad overview of the field of education including foundations of American education, roles of teachers and students, history and philosophy, and curriculum. Students will complete a 40 hour practicum at the elementary, middle, or high school level. Recommended for students who plan to major in education.

EDCR165   3 3 0 0 0
Education of Exceptional Learners   Open
A survey of exceptional learners in the classroom will be explored. History, philosophy, current issues, trends, and mainstreaming will be discussed.

EDCR207   2 0 0 0 8
Internship Teaching Experiences   Open
Provides opportunity to assist in the school as a teacher aide or to assess one's potential and interest in teaching as a career. PREREQUISITE: EDCR101

ELEM325   3 3 0 0 0
General Electricity   Voc/Tech
For beginners, theory, controlling electricity, voltage, amps, resistance, wattage, series and parallel circuits, DC and AC, batteries, electric lighting, generators, and motors.

ELEM450   3 3 0 0 0
Related Math   Voc/Tech
Mathematics related to basic electronics. It includes basic algebra, right triangle trigonometry, scientific notation, with applications to DC and AC circuitry.

ELEM451   3 3 0 0 0
DC & AC Fundamentals   Voc/Tech
An introductory course in DC and AC fundamentals. Subject matter includes Ohm's law, series and parallel circuits, and measuring instruments.

ELEM452   3 0 6 0 0
DC & AC Fundamentals Lab   Voc/Tech
This laboratory will enable the student to analyze basic L-C-R circuitry. Basic test equipment usage will also be presented. PREREQUISITE: ELEM451 must be taken concurrently with or prior to this course.

ELEM462   3 3 0 0 0
Digital Electronics   Voc/Tech
An introduction to the principles of basic TTL and CMOS digital circuits. Included are basic gates, counters, registers, and multiplexer configurations.

ELEM463   3 0 6 0 0
Digital Electronics Lab   Voc/Tech
This laboratory consists of experiments on basic TTL and CMOS circuits. Included are gates, counters, registers and multiplexer configurations. PREREQUISITE: ELEM462 must be taken concurrently with or prior to this course.

ELHT313   3 3 0 0 0
Technical Math I   Voc/Tech
Introduction to mathematical skills needed by electronics technician with emphasis on algebra and its application to electronics. Topics include algebra, conversion of units, powers of 10, using electronic calculators and solving equations.

ELHT314   5 5 0 0 0
Circuit Analysis I   Voc/Tech
An analytical introduction to direct and alternating current fundamentals essential in all phases of electricity and electronics. Topics covered include , Ohm's law, Kirchoff's law, Thevenin-Norton-Millman's theorems, impedance, resonance, series and parallel circuits, resistors, capacitors, inductors, batteries and meters. COREQUISITES: ELHT316

ELHT315   3 1 4 0 0
Fabrication Techniques   Voc/Tech
Rendering of isometric and orthographic projection drawings. Also soldering techniques, fabrication of sheet metal enclosures, production of printed circuit boards using photographic and etching methods.

ELHT316   3 0 6 0 0
Circuit Analysis I Lab   Voc/Tech
Basic experiments in AC & DC circuit analysis including familiarization with basic test instruments, series and parallel circuits (using resistors, capacitors, inductors, batteries and power supplies) and applications of electrical laws and theorems. COREQUISITES: ELHT314

ELHT323   3 3 0 0 0
Technical Math II   Voc/Tech
Continuation of Technical Math I. Topics include exponents, radicals, quadratic equations, simultaneous equations, trigonometry, graphing, phasor algebra and logarithms.

ELHT324   3 3 0 0 0
Computer Programming   Voc/Tech
Basic programming techniques such as writing algorithms, drawing of flow charts, and developing programs that include loops and subroutines.

ELHT330   2 2 0 0 0
Digital Circuits   Voc/Tech
An analysis of those circuits which form basic building blocks for a digital system to include logical gates, such as OR, NOR, AND, and NAND, storage registers, and counters. COREQUISITE: ELHT362

ELHT331   3 3 0 0 0
Circuit Analysis II   Voc/Tech
Deals with principles and electrical properties of semi-conductor diodes, transistors, integrated circuits, and integrated circuit amplifiers complete with mathematical analysis of equivalent circuits and their evaluation. PREREQUISITES: ELHT314, 316; COREQUISITE: ELHT363

ELHT332   3 3 0 0 0
Digital Electronics   Voc/Tech
An analysis of those circuits which form basic building blocks for a digital system, to include logical gates, such as OR, NOR, AND, and NAND, storage registers, counters, and microprocessors. COREQUISITE: ELHT364

*** *Adaptor Courses cannot be used to fulfill degree requirements*
**** *Adjunct Courses cannot be used to fulfill or substitute for required or option courses in any degree or diploma program*

2001-2002

COURSE DESCRIPTIONS

ELHT340   3 3 0 0 0
Microprocessors   Voc/Tech
This course covers two major areas of microcomputers and microprocessors. The first is an investigation of the specific architecture of microprocessors and fundamental microcomputer hardware. The second area is software and studies specific assembly language instructions for common routines and program structures. PREREQUISITES: ELHT330, 362, COREQUISITE: ELHT341

ELHT341   5 0 10 0 0
Microprocessors Lab   Voc/Tech
Includes experiments which exercise microprocessor instruction sets and microcomputer central processing units, memory, and I/O devices. Routines and subroutines are written in assembly language, assembled, downloaded and tested. PREREQUISITES: ELHT330, 362, COREQUISITE: ELHT340

ELHT345   2 2 0 0 0
Operating Systems   Voc/Tech
An introduction to the disk operating system and Windows. Objectives are to enable the user to load and execute programs, maintain an orderly system of files on the disk and to coordinate input or output devices.

ELHT346   3 3 0 0 0
Microcomputer Operating Systems   Voc/Tech
This course is a user's introduction to the Windows, MS, DOS, and UNIX Operating Systems. Objectives are to enable the user to load and execute programs, create and modify files, and maintain an orderly file system.

ELHT362   2 0 4 0 0
Digital Circuits Lab   Voc/Tech
Laboratory evaluation of small-scale integrated circuits and medium-scale integrated circuits. In addition to basic and/or gates, it includes decoders, encoders, counters, and multiplexers. COREQUISITE: ELHT330

ELHT363   3 0 6 0 0
Circuit Analysis II Lab   Voc/Tech
Analysis of solid state circuitry. Includes transistor and integrated circuit experiments. Linear amplifiers and active filters are evaluated. PREREQUISITES: ELHT314, 316; COREQUISITE: ELHT331

ELHT364   3 0 6 0 0
Digital Electronics Lab   Voc/Tech
Laboratory evaluation of small-scale integrated circuits and medium-scale integrated circuits. In addition to basic and/or gates, it includes comparators, decoders, encoders, counters, multiplexers, and microprocessors. COREQUISITE: ELHT332

ENGL082*- ADJUNCT******   3 2 2 0 0
ESL Listening/Conversation Skills I   *Adaptor*
For intermediate-level students to improve the accuracy of their pronunciation and to develop the listening and speaking skills needed to communicate in diverse settings. Classroom activities are supplemented by individualized listening and pronunciation exercises.

ENGL083*- ADJUNCT******   3 2 2 0 0
ESL Listening/Conversation Skills II   *Adaptor*
For advanced students to develop fluency in English and to improve the listening and conversation skills needed for careers and academic study. Classroom activities are supplemented by individualized listening and pronunciation exercises.

ENGL084**   3 2 2 0 0
Communicative Grammar for ESL   Adaptor
This course provides nonnative speakers of English with intensive practice in advanced English grammar while promoting the development of communicative skills. Areas of instruction include tenses, passive voice, reported speech, conditions, etc. PREREQUISITE: Minimum scores on the TOEFL or Michigan Test.

ENGL085**   3 2 2 0 0
Read English as a Second Language   Adaptor
This course is designed for nonnative speakers of English. Reading comprehension skills are developed through vocabulary work, guided reading activities and discussion. Reading material is intellectually stimulating but not beyond the students' level of comprehension. PREREQUISITE: Minimum scores on the TOEFL or Michigan Test.

ENGL089* ADJUNCT ******   3 3 0 0 0
Introduction to Writing Skills-ESL   *Adaptor*
An introduction to the mechanics of word order and sentence patterns of English. Writing skills are designed to meet the needs of ESL students preparing to take basic writing.

ENGL090**   3 3 0 0 0
Basic Writing   Adaptor
Introduces students to the writing process of planning, drafting and revising. Covers basic sentence and paragraph structure, grammar, punctuation, spelling and proofreading techniques. Students will compose 3-4 essays, learning to develop main ideas with specific support. Preparation for ENGL091 & 117.

ENGL091**   3 3 0 0 0
Writing Skills Review   Adaptor
An introductory course which prepares students for college-level writing. Confidence and skills are built as students write and revise 4-6 essays, learning to develop and organize material to support main ideas. Students review sentence and punctuation patterns and learn to proofread. For students who have taken ENGL090 or meet that course's objectives.

ENGL117   3 3 0 0 0
Composition I   Core
Designed to help students read and write effectively. Exploration of the relationship of audience to writer and material. Emphasis on developing concrete detail to support main ideas. PREREQUISITE: Satisfactory writing skills

ENGL118   3 3 0 0 0
Composition II   Core
Expository and persuasive writing developed through critical reading. The course explores structure, style, research, and documentation. PREREQUISITE: ENGL117

ENGL119   3 3 0 0 0
Technical & Business Writing   Core
A study of technical/business communication with emphasis on writing in the workplace. Course material includes written and oral communication to a variety of audiences in different situations. There will be special focus on individual career goals. PREREQUISITE: ENGL117

ENGL121   3 3 0 0 0
Creative Writing   General
An introduction to the techniques of writing poetry and fiction. Students will read the works of professional writers and apply the principles of imaginative writing to their own work.

ENGL124 - ADJUNCT ****   3 3 0 0 0
Fiction Writing   *General*
A course devoted to the advanced study and writing of fiction, emphasizing the development of narrative techniques and an expanded understanding of contemporary fiction writers and their work. Admittance to this course is by permission of instructor only.

ENGL125 - ADJUNCT****   3 3 0 0 0
Poetry Writing   *General*
A course devoted to the advanced study and writing of poetry, emphasizing the development of poetic techniques and an expanded understanding of contemporary poets and their work. Admittance to this course is by permission of instructor only.

ENGL410   3 3 0 0 0
Communication Skills   Voc/Tech
Reading, writing, speaking, and listening are studied as methods of exploring and evaluating technological advances in trades and industry. Adapting communication for different audiences, evaluating industry-related literature, and basic business writing are emphasized.

ENGR155   2 2 0 0 0
Engineering Computations   Open
This course includes the organization, solution and presentation of engineering problems. Topics include S.I. units and selected engineering topics. PREREQUISITE: MATH123 must be taken concurrently with or prior to this course.

ENGR160   2 2 0 0 0
Engineering FORTRAN   Open
The FORTRAN language in batch and interactive modes with an emphasis on solutions to engineering problems. PREREQUISITE: MATH123 must be taken concurrently with or prior to this course.

ENGR165   4 2 4 0 0
Engr Graphics/Conceptual Design   Open
An integration of conceptual design, engineering graphics and computer aided design. This course includes orthographic projection applied to three dimensional geometry and engineering drawing. Instrument and free hand application to an open ended project that includes a formal engineering report. PREREQUISITE: MATH123 must be taken concurrently with or prior to this course.

ENGR175   3 3 0 0 0
Engineering Statics   Open
This course includes the vector and scalar analysis of coplanar and non-coplanar force systems, equilibrium concepts, friction, centroids, moments and products of inertia. Mohr's circle, radius of gyration, internal forces, shear and bending moment diagram. PREREQUISITE: PHYL121; COREQUISITE MATH130 must be taken concurrently with or prior to this course

ESST376   3 3 0 0 0
Electro-Mechanical Systems   Voc/Tech
The basic theories, concepts, and principles of electro-mechanical devices such as relays, contactors, and DC/AC motors will be covered, as well as the basic principles of mechanical relationships including gears, pulleys, belt drives, wheel and axle, inclined plane, screw, wedge, and levers. Pneumatic devices such as compressors, motors, valves and actuators are covered. Basic sensors will also be covered. PREREQUISITES: ELHT331, 363 COREQUISITE: ESST377

ESST377   3 0 6 0 0
Electro-Mechanical Systems Lab   Voc/Tech
Application of the basic theories, concepts, and principles of electromechanical devices. Projects are applications of principles used in business machines, security systems, and medical electronics systems including construction of various examples of compound machines using wheel and axle, gears, levers and belt drives. Projects using basic sensors, pneumatic valves, cylinders, and actuators will be constructed. PREREQUISITES: ELHT331, 363 COREQUISITE: ESST376

ESST378   2 2 0 0 0
Basic Imaging Devices   Voc/Tech
Analysis of various imaging systems, including laser printers, copiers, fax machines, scanners, and accessories such as document feeders and sorters, monitors, cameras, LCD displays.   PREREQUISITES: ELHT331, 363 COREQUISITE: ESST379

ESST379   2 0 4 0 0
Basic Imaging Devices Lab   Voc/Tech
Experience in troubleshooting, service, and repair of copiers, laser printers, fax machines, scanners, and peripherals, monitors, cameras, LCD displays. PREREQUISITES: ELHT331, 363 COREQUISITE: ESST378

ESST380   3 3 0 0 0
Communications Systems   Voc/Tech
The analysis of communications systems including transmission and reception of AM and FM radio, television, satellite, and microwave including antenna and transmission line theory.   PREREQUISITES: ELHT331, 363 COREQUISITE: ESST381

ESST381   3 0 6 0 0
Communications Systems Lab   Voc/Tech
Laboratory experiments in radio, television, satellite, and microwave systems including the construction and alignment of a broadcast radio receiver. PREREQUISITES: ELHT331, 363 COREQUISITE: ESST380

ESST382   2 2 0 0 0
Security Systems   Voc/Tech
Analysis of video monitoring systems, fire and intruder alarm systems, climate control systems. PREREQUISITES: ESST376, 377 COREQUISITE: ESST383

*** *Adaptor Courses cannot be used to fulfill degree requirements*
**** *Adjunct Courses cannot be used to fulfill or substitute for required or option courses in any degree or diploma program*

COURSE DESCRIPTIONS

ESST383   2 0 4 0 0
Security Systems Lab   Voc/Tech
Installation, maintenance, and troubleshooting of various security systems. PREREQUISITES: ESST376, 377 COREQUISITE: ESST382

ESST384   2 2 0 0 0
Medical Electronics Systems   Voc/Tech
This course trains the student in electrical safety testing and the repair, calibration, and preventative maintenance of patient monitoring equipment such as ECG, blood pressure, defibrillators, ICU, CCU central station monitoring systems, and the respiratory instrumentation. Included will be a self-paced study of medical terminology. PREREQUISITES: ESST376, 377 COREQUISITE: ESST385

ESST385   2 0 4 0 0
Medical Electronics Systems Lab   Voc/Tech
Repair calibration, and preventative maintenance of critical care, diagnostic, life support equipment in a "hands-on" environment. PREREQUISITES: ESST376, 377 COREQUISITE: ESST384

ESST386   2 2 0 0 0
Systems Troubleshooting   Voc/Tech
A study of electronic systems troubleshooting theory, methods, and techniques. PREREQUISITES: ESST378, 379, 380, 381, 382, 383 COREQUISITE: ESST387

ESST387   5 0 10 0 0
Systems Troubleshooting Lab   Voc/Tech
A "hands-on" experience troubleshooting and repairing a variety of electronic equipment such as copiers, security monitors and cameras, radio, televisions, and satellite systems. PREREQUISITES: ESST378, 379, 380, 381, 382, 383 COREQUISITE: ESST386

ESST388   5 0 0 0 20
Internship   Voc/Tech
A semi-structured experience in the student's chosen field working as an intern with a sponsoring organization. Student has the opportunity to network with professionals and employers in his field. Student will write a resume suitable for employment applications. PREREQUISITE: ESST378, 379, 380, 381, 382, 383

EXSP145   2 2 0 0 0
First Aid   General
Discussion and application of the basic techniques in administering first aid will be covered in this course. Cardiopulmonary resuscitation will be covered and other emergency situations will be discussed. Red Cross certification will be awarded to those who qualify.

EXSP220   2 2 0 0 0
Physical Fitness & Conditioning   Open
Development of personal fitness using a variety of conditioning and exercise techniques, including weight training, aerobics and aquatic fitness. Instruction on acute and chronic responses to exercise, and the role of exercise in health promotion and weight management.

EXSP221   2 2 0 0 0
Leadership Tech for Fitness Programs   Open
This course covers the development of exercise leadership skills for a variety of activities. Includes the planning and promotion, as well as the teaching techniques for developing fitness in others using a variety of exercise modalities. Aerobics, weight training and aquatic fitness are included. PREREQUISITE: EXSP220

EXSP250   3 3 0 0 0
Intro to Exercise Physiology   Open
This course is designed to introduce students to the basic concepts of exercise physiology. Students will study the control of body movements and how normal body functions are altered, and subsequently restored in response to the stress of exercise. PREREQUISITE: BIOL154

FIRE241   3 3 0 0 0
Fire Behavior & Investigation   Open
Covers the behavior of fire in confined structures and the methods used to determine point of origin, cause and travel of fire within a structure.

FIRE242   3 3 0 0 0
Property Insurance-Fraud Investigation   Open
Covers principles of property insurance and investigation of incendiary fires with an emphasis on the investigation of the insurance fire fraud.

FIRE243   3 3 0 0 0
Building Construction   Open
Study of building materials, components, and design features with regard to their reactions under fire conditions. Course also includes interpretation of Life Safety Code and its application to proposed and existing structures. PREREQUISITE: FIRE241

FIRE244   3 3 0 0 0
Fire Protection Systems   Open
An examination of devices and systems installed and utilized to support the fire service in the detection and suppression of fire. PREREQUISITE: FIRE241

FIRE245   3 3 0 0 0
Hazardous Materials   Open
This course concentrates on principles of response planning for incidents involving the manufacture, transportation, storage, and use of hazardous materials, with the objective of minimizing harm to people, property, and the environment. PREREQUISITES: CHEM131, FIRE241 or SFTY301

FIRE247   3 3 0 0 0
Planning for Fire Protection   Open
This course is designed to help develop strategic plans for fire protection of an area, community, multiple building complex, and single building. Through the use of data collection systems and other management tools, the student will be able to identify and analyze fire problems and develop alternative solutions.

FIRE248   3 3 0 0 0
Emergency Scene Management   Open
Covers emergencies and incident command systems to maintain control in emergencies of fire suppression, mass casualty and hazardous materials. Information, logistics, press, finance, other areas are addressed in incident command system.

FREN101   4 4 0 0 0
Elementary French I   Core
An introduction to the basic skills in understanding, speaking, reading and writing French. Grammar analysis, classroom conversational practice, and some exploration of French culture.

FREN102   4 4 0 0 0
Elementary French II   Core
Continued practice of the four basic skills and grammar analysis begun in French 101. Introduction to short prose selections with conversational emphasis. PREREQUISITE: FREN101 or permission of instructor

FREN103   4 4 0 0 0
Intermediate French I   Core
Review of essential grammatical constructions emphasizing major areas of difficulty for English speakers. Use of cultural and literary materials to develop conversational skills. PREREQUISITE: FREN102 or permission of instructor

FREN104   4 4 0 0 0
Intermediate French II   Core
Continued review of grammatical constructions using cultural materials. Reading, writing, and conversation will be emphasized in the context of cultural issues and current events. PREREQUISITE: FREN103 or permission of instructor

GEOG141   3 3 0 0 0
Intro to Geography   Core
Course utilizes basic concepts of cultural geography (area, landscape, ecology, diffusion and integration) in a systematic examination of the contemporary world. Course is intended to provide elementary acquaintance with field of geography.

GEOG147   3 3 0 0 0
Developed World   Core
This course systematically surveys the peoples, cultures, resources, and problems of the cultural realms commonly designated as the developed world (Anglo-America, Europe, Russia, Japan and Australia).

GEOG148   3 3 0 0 0
Third World   Core
This course systematically surveys the peoples, cultures, resources, and problems of the cultural realms commonly designated as the Third World (Latin America, Black Africa, the Islamic World, India and China).

GLOS199   2 2 0 0 0
Japan: The Changing Tradition   General
Focuses on history and changing cultural traditions of Japan's modern era and the brief period during which Japan has developed its own distinctive urbanized, industrialized, and democratic society.

GRPH400   4 2 4 0 0
Graphic Arts Orientation   Voc/Tech
A prerequisite for all graphic arts courses as an introduction to graphic arts technology, terminology and related graphic areas. Course will involve lecture and lab work in offset printing, prepress and bindery.

GRPH401   3 3 0 0 0
Methods of Graphic Arts   Voc/Tech
Introduction to the various chemicals used in the graphic arts industry. Safety, environmental concerns and basic chemistry and physics from pH to how silver reacts to light.

GRPH406   4 2 4 0 0
Graphic Arts Design I   Voc/Tech
Introduces the beginning student to the basic fundamentals and techniques in preparing camera ready artwork for production. The function and purpose of design will be studied closely as will basic principles of design.

GRPH410   4 2 4 0 0
Press I   Voc/Tech
Introduction to basic offset principles and practices. This course will involve the student in small press operations covering ink and water balance, single side and two side printing. PREREQUISITES: GRPH400, 401

GRPH412   4 2 4 0 0
Graphic Prepress I   Voc/Tech
Introduction to conventional prepress techniques. Students will receive hands on training in basic process camera, film assembly and contacting techniques. This course will involve the student in spot color, work and turn, and step and repeat film assembly. Contacting and various plates and platemaking techniques will also be studied. PREREQUISITES: GRPH400, 401

GRPH413   4 2 4 0 0
Graphic Prepress II   Voc/Tech
A continuation of Graphic Prepress I, students will study more advanced film assembly, plate making and proofing techniques. This hands-on workshop environment will focus on multi-colored, multi-page projects. PREREQUISITES: GRPH400, 401, 412

GRPH416   3 1 4 0 0
Desktop Publishing II   Voc/Tech
This intermediate level desktop publishing course will stress creation of complex multiple page documents using Quark Xpress software. Typesetting and graphic formats relative to page layout, importing and exporting files. PREREQUISITE: DKTP40 1

GRPH420   4 2 4 0 0
Press II   Voc/Tech
A specialization course in offset lithography. The student will do advance press work in two, three, and process color printing. This class will also cover all bindery operation from folding, cutting and stitching. PREREQUISITES: GRPH410, 412, 413

GRPH421   4 2 4 0 0
Electronic Prepress I   Voc/Tech
This course is an introduction to electronic prepress. Students will study desktop publishing and electronic prepress systems and procedures and learn to operate electronic prepress equipment. Color science, calibration techniques, digital scanning, and halftone imaging will also be studied. PREREQUISITES: GRPH400, 401, DKTP401

*** Adaptor Courses cannot be used to fulfill degree requirements
**** Adjunct Courses cannot be used to fulfill or substitute for required or option courses in any degree or diploma program

2001-2002

COURSE DESCRIPTIONS

GRPH425   4 2 4 0 0
Electronic Image Control   Voc/Tech
This introductory course will acquaint the student with electronic scanning and prepress technologies. Industry standard software will be used with special emphasis on how it handles color prepress technology. PREREQUISITES: DKTP401, GRPH416

GRPH426   4 2 4 0 0
Graphic Arts Design II   Voc/Tech
Continuation of Graphic Arts Design I. This course will develop advanced skills in layout and design. Students will explore various techniques used for multiple color layouts, new advances in equipment used for page and product layout. PREREQUISITE: GRPH406

GRPH431   4 2 4 0 0
Electronic Prepress II   Voc/Tech
This course is a continuation of electronic Prepress I. Students will study more in-depth principles of electronic prepress including digital workflows, file analysis and repair, and digital scanning techniques. Students learn to operate electronic prepress equipment in a workshop setting. PREREQUISITES: GRPH 421

GRPH454   4 2 4 0 0
Graphic Arts Production Methods   Voc/Tech
A management based course designed to actively involve the student in all phases of the graphic arts production process. PREREQUISITES: GRPH410, 412, 413

GRPH456   3 3 0 0 0
Cost Estimating   Voc/Tech
This course is designed to give the student an overview of information on processes used in estimating production costs, budgets for departments within company. PREREQUISITES: GRPH410, 412, 413

HACR451   5 2 6 0 0
Fundamentals of Refrigeration   Voc/Tech
This course consists of the principles of refrigeration, domestic systems and equipment.

HACR452   3 1 4 0 0
Trade Skills I   Voc/Tech
This course covers all types of soldering and brazing used in the heating, air conditioning, refrigeration industry.

HACR453   5 2 6 0 0
Electricity   Voc/Tech
A study of basic electricity principles including Ohm's law, series and parallel circuits as applied to HVAC and refrigeration. Course also includes hands-on practice with training boards in the lab.

HACR454   5 2 6 0 0
Residential Heating & AC   Voc/Tech
Residential heating and cooling basics. Study of installation and service procedures through class and lab practices. PREREQUISITE: HACR451

HACR455   5 2 6 0 0
Electrical Controls & Circuits   Voc/Tech
The application of control circuits used in the HVAC/R field. These applications include contactors, starters, starting relays, interlocks, relays, thermostats, split phase, shaded pole, capacitor start motors and three-phase motors. PREREQUISITE: HACR453

HACR456   3 1 4 0 0
Trade Skills II   Voc/Tech
This course covers all types of sheet metal fabrications pertaining to the HVAC profession. PREREQUISITE: HACR452

HACR457   5 2 6 0 0
Applied Heating & AC   Voc/Tech
This course covers installation and troubleshooting techniques dealing with residential heating and cooling systems. PREREQUISITE: HACR454

HACR458   4 0 0 0 16
HVAC Internship   Voc/Tech
On the job training for Heating, Air Conditioning, Refrigeration Technology program students who have a "C" average or better in the program. PREREQUISITE: Valid driver's license; PREREQUISITES: HACR454, 455, 456

HACR459   5 2 6 0 0
Advanced Heating & AC   Voc/Tech
This course covers installation, advanced troubleshooting, maintaining, and repairing of geo-thermal heat pumps, gas, fuel oil, and electric heating systems. PREREQUISITE: HACR457

HACR460   3 1 4 0 0
Advanced Sheetmetal   Voc/Tech
This course covers all types of sheetmetal fabrication pertaining to the HVAC profession. PREREQUISITE: HACR456

HACR461   3 2 2 0 0
Air Distribution   Voc/Tech
This course involves the study of fans, blowers, and dampers; the design of duct systems for proper air delivery; and allows for final system balancing; includes lab practice. PREREQUISITE: HACR457

HACR462   5 2 6 0 0
Commercial HVAC & Refrigeration   Voc/Tech
This course covers basic commercial refrigeration systems, components and their use, applications, methods of installation, maintenance, diagnosis and repairs. PREREQUISITES: HACR459, 461

HACR463   2 1 2 0 0
Computer Load Calculations   Voc/Tech
Course is designed to deliver instruction in the area of heating/cooling load calculations, air flow, and air supply/return layout. Extensive use of computers and CAD systems will be incorporated to enhance student productivity. PREREQUISITE: HACR461

HACR464   5 2 6 0 0
Environmental Controls   Voc/Tech
This course covers basic understanding of building environmental and energy management systems, computerized (DDC), pneumatic, and electro-mechanical controls. PREREQUISITES: HACR451, 455, 461 COREQUISITE: HACR462

HCAD227   4 4 0 0 0
Integrating Comm Service-MH/MR/DD   Open
Emphasis will be placed on physical, psychosocial and cultural dynamics of mental health, mental retardation, and developmental disabilities and the various perspectives that may be encountered. Special attention will be given to the integration of community based services.

HCAD238   3 3 0 0 0
Health Care Financial Management   Open
Emphasis on financial practices in the long-term care facility, health care facilities and health care organizations. Cost and labor hour controls, third party payment, evaluation of profit/loss and fiscal reports will be addressed. PREREQUISITE: ACCT301 or ACCT101

HCAD239   2 1 2 0 0
Information Systems in Health Care   Open
Emphasis will be on the analysis of health care information needs and the development of methods to meet these needs. Fundamental components of health care computer systems will be addressed including administrative application, specialized information systems and patient rights issues. PREREQUISITE: Computer literacy, including word processing, data management, and spreadsheet analysis.

HCAD241 - ADJUNCT****   *2 2 0 0 0*
Assisted Living Structure and Org   *Open*
An introduction to the assisted living facility mission, tenant care issues, management, staffing, and organization. Includes topics in legislative changes and updates, governance, funding, grant writing, and licensure exam preparation.

HCAD248 - ADJUNCT****   *3 3 0 0 0*
Quality Improvement in Health Care   *Open*
The basis for this course is to provide an understanding of TQM and the principles and concepts of continuing quality improvement in health care organizations. Team concepts, the basic tools of quality improvement, and implementation strategies are included.

HCAD251   1 0 0 0 4
Practicum: Social Services   Open
Focus on the social services in the long-term care facility. Emphasis on residents needs, services and rights.

HCAD252   1 0 0 0 4
Practicum: Dietary   Open
Focus on the dietary department in the long-term care facility. Food ordering, inventory processes, food preparation, serving and staffing patterns are explored.

HCAD253   1 0 0 0 4
Practicum: Legal Aspects/Gov't Organ   Open
Emphasis on the legal aspects and government organizations affecting long-term care facilities.

HCAD254   1 0 0 0 4
Practicum: Nursing   Open
Nursing services in the long-term care facility. The relationship of nursing services to administration.

HCAD255   1 0 0 0 4
Practicum: Environmental Services   Open
Emphasis on the administrator's responsibilities in the housekeeping, laundry, and maintenance departments.

HCAD256   1 0 0 0 4
Pract: Activities/Community Resources   Open
Activity and volunteer programs in the long-term care facility. The use of community resources will be explored.

HCAD257   1 0 0 0 4
Practicum: Business Administration   Open
Emphasis on business practices in the long-term care facility.

HCAD258   1 0 0 0 4
Practicum: Administrative Organization   Open
Emphasis on concepts and practices involved in the administration of a long-term care facility.

HCAD259   1 0 0 0 4
Pract: Human Resource Management   Open
Emphasis on theories and practices in human resource management in the long-term care facility.

HCAD260 - ADJUNCT****   *3 0 0 0 12*
Health Services Management Field Exp.   *Open*
An opportunity to gain in-depth knowledge and apply theoretical principles in a supervised work experience. This will require instructor approval of the health care organization, clinic, or agency. The emphasis is placed on management principles, human resources, customer service, and interfacing with other health services. PREREQUISITE: HCAD274, 278, 279, 280

HCAD265   1 1 0 0 0
Practicum: Seminar   Open
Practicum experience and problems will be discussed. Additional information and topics relating to long-term care will be addressed. Classes will be held in a variety of long-term care facilities. (Must be taken 3 times for a total of 3 credits.)

HCAD274   3 3 0 0 0
Law & Ethics in Health Care   Open
An introduction to law and ethics and how they relate to the health care industry. A study of case law, court structure and procedures, torts, litigation, contracts and record keeping. Additional topics include decision making power, health care fraud, individual rights and other ethical concerns in health care.

HCAD277   5 5 0 0 0
Service Delivery Systems-MH/MR/DD   Open
Provides a comprehensive overview of MH/MR/DD resident needs and presents an interdisciplinary approach to developing, implementing and evaluating services. Reviews behavior modification techniques and addresses future trends.

HCAD278   3 3 0 0 0
Management in Health Care   Open
Relates fundamental management principles in the health care setting. Focuses on management processes and organizational behavior in health care organizations, facilities, and services.

*** Adaptor Courses cannot be used to fulfill degree requirements
**** Adjunct Courses cannot be used to fulfill or substitute for required or option courses in any degree or diploma program

COURSE DESCRIPTIONS

COURSE DESCRIPTIONS

HCAD279   3 3 0 0 0
Health Care Human Resources   Open
Study of the policies, procedures and the processes in human resources planning. This would include securing, developing and maintaining human resources, labor laws and employee/management rights.

HCAD280   2 2 0 0 0
Health Care Delivery Systems   Open
This correspondence course provides a comprehensive overview of the delivery systems and services. Includes studies in accessing and financing health care services and evaluating the delivery of care.

HCAD282   2 2 0 0 0
Services for Long-Term Care   Open
Relates physical, psychological and sociological needs of residents to services provided in a long-term care setting. Includes services in a therapeutic environment: nursing, dietary, environmental, activities and social services enhanced by quality assurance.

HCAD283   2 2 0 0 0
Regulatory Management   Open
Emphasis on the changing dynamics of health care and the regulatory system. Special attention will focus on the federal and state regulations which govern the industry. This will include the agencies which originate, implement and monitor the regulations.

HCAD285   2 2 0 0 0
Case Management   Open
Emphasis will include the purpose and types of case management, the key terms used and the role of restructuring for effective outcomes of care and efficient use of resources.

HCAD293 - ADJUNCT****   3 3 0 0 0
Job Coaching   *Open*
Covers issues related to working as a job coach with adults who have disabilities in supported employment settings. Students will complete independent projects. PREREQUISITE: One year of experience working with people with disabilities.

HCAD294 - ADJUNCT****   3 0 0 0 12
Job Coaching Field Experience   *Open*
Places the student in a supported employment setting working as a job coach. Students develop specific objectives related to program competencies. Biweekly seminars are held to assess progress and student experiences. PREREQUISITE: One year of experience working with people with disabilities.

HIST121   4 4 0 0 0
Western Civ Beg to 1715   Core
The student surveys the great civilizations from Greece and Rome through the rise of Christianity, to Europe in the Middle Ages, the Renaissance and Reformation, the modern state, the new science and the secular outlook, parliamentary government in England, and political absolutism in France and eastern Europe.

HIST122   4 4 0 0 0
Western Civ 1715 to Present   Core
Survey of political, economic, social, and intellectual developments from the 18th century to the present. Enlightenment, revolutions and reactions, national unifications, national rivalries, world wars, and postwar developments.

HIST124   4 4 0 0 0
American History 1492 To 1877   Core
A survey of main themes of American history from 1492 to 1877 with emphasis on the political, social, economic, religious, and intellectual aspects of the pre-settlement, Colonial, Revolutionary, Antebellum Civil War and Reconstruction eras.

HIST125   4 4 0 0 0
American History 1877 To Present   Core
A survey of main themes of American history from 1877 to the present with emphasis on political, social , economic, religious and intellectual aspects of the Gilded Age, the Progressive Era, WWI, the Roaring Twenties, the Great Depression, WWII and post WWII era.

HIST126   3 3 0 0 0
Iowa History   General
A broad survey of Iowa history from Indian cultures and pioneer farming through modern agriculture, gradual social changes and long-term political trends.

HIST139   3 3 0 0 0
African-American History   General
A survey of the history of the African-American community with emphasis on the role of individuals, institutions, and ideas in the development of the community from its origins in West Africa to the present.

HLCR307   6 4 4 0 0
Emergency Medical Tech Basic   Voc/Tech
Prepares rescue personnel for the role and responsibilities of an EMT-B. Includes specific patient assessment and emergency treatment procedures. Students should be 18 years of age prior to course completion. State Health Department Certification Exam after successful course completion.

HLCR308   3 2 2 0 0
First Responder   Voc/Tech
A 60 hour emergency care course which emphasizes life threatening emergencies, wounds, fractures, medical and environmental emergencies and other emergency situations as outlined by the U.S. Department of Transportation.

HLCR314   1 1 0 0 0
Emergency Care   Voc/Tech
Learn to perform care for medical emergencies: fractures, burns, resuscitation, basic CPR (Cardio-Pulmonary Resuscitation, American Heart Level II standards) certification.

HLCR322 - ADJUNCT****   1 1 0 0 0
Survey of Health Careers   *Voc/Tech*
This course introduces both the variety and requirements for health care careers. Basic core knowledge and professional expectations common to all health careers are explored. Workplace safety, and an overview of the health system and current trends are also covered.

HLCR324 - ADJUNCT****   6 5 0 3 0
Nursing Assistant 120 Hours   *Voc/Tech*
Learn skills to seek employment in a hospital, doctor's office, long-term care facility, home health agency or human service organization.

HLCR332 - ADJUNCT****   6 4 4 0 0
EMT Iowa Paramedic I   *Voc/Tech*
An advanced care EMT training program developed by US Dept. of Transportation and approved by the Iowa State Dept. of Public Health. Covers techniques and emergency medical care within the scope of responsibilities of the Iowa EMT Paramedic. PREREQUISITE: Current certification by State of Iowa as EMT Basic or EMT Intermediate. High school diploma or GED. Evidence of successful completion of BCLS Health Care Provider CPR.

HLCR333 - ADJUNCT****   7 5 4 0 0
EMT Iowa Paramedic II   *Voc/Tech*
Continuation of EMT Paramedic I with emphasis on respiratory emergencies, diabetic and allergic reactions, poisonings, environmental, OB/GYN, neonatal and pediatric emergencies. PREREQUISITE: Successful completion of HLCR332 and current certification by State of Iowa as EMT Basic or EMT Intermediate. Current CPR Health Care Provider course completion.

HLCR334 - ADJUNCT****   6 0 0 18 0
EMT Iowa Paramedic III   *Voc/Tech*
Clinical and field experience which emphasizes skills., knowledge and theory acquired in HLCR332 and HLCR333. PREREQUISITE: Successful completion of HLCR333 and current certification by State of Iowa as EMT Basic or EMT Intermediate. Current CPR Health Care Provider course compleiton.

HLSC202 - ADJUNCT****   3 3 0 0 0
Introduction to Health Careers   *Voc/Tech*
Students will discover the many options available, including roles and responsibilities, in health career options. This course is designed to provide the student with the information necessary to make their health career choice.

HNRS100   2 2 0 0 0
Honors Seminar   General
Discussion seminar whose topics will include a range of subjects determined by students' interest. Students will write in preparation for and response to in-class discussions. May be repeated up to eight semester hours. Admission is by permission of instrucror only.

HRMT315   2 2 0 0 0
Sanitation & Equipment   Voc/Tech
Principles and methods of sanitation safety and equipment. Equipment selection and facilities planning. Also includes preventive maintenance.

HRMT316   3 3 0 0 0
Food Preparation I   Voc/Tech
Introduces the student to the scientific principles used in food preparation. Involves preparation procedures and techniques to be used with fruits, vegetables, starch products, cheese, eggs, meat, poultry, and fish. Establishes criteria needed to produce a standard product. COREQUISITE: HRMT320

HRMT319   1 0 2 0 0
Sanitation & Equipment Lab   Voc/Tech
The lab consists of sanitation practices. The student will carry out the practice of table service for international cuisine dinners and apply sanitation measures. (P/F)

HRMT320   3 0 6 0 0
Food Preparation I Lab   Voc/Tech
Preparation of small servings of salads, starch, cheese, egg, meat, poultry and fish products using the techniques studied in lecture. Oral and written evaluation of each product. COREQUISITE: HRMT316

HRMT321   2 0 4 0 0
Dining Room Fundamentals   Voc/Tech
A dining room service course in an actual restaurant experience with emphasis on using sound management techniques and quality customer service.

HRMT326   2 2 0 0 0
Food Preparation II   Voc/Tech
The study of the principles and procedures of quantity food production as they apply to salads, soups, vegetables, entrees, and desserts. Emphasis is on organization and recipe standardization. PREREQUISITES: HRMT316, 320

HRMT328   2 0 4 0 0
Food Preparation II Lab   Voc/Tech
The production of quick breads, desserts, salads, vegetables, soups, and main entrees to be sold to the public. Time is spent on an individual recipe production project. PREREQUISITES: HRMT316, 320

HRMT330   2 2 0 0 0
Intro to Hospitality Industry   Voc/Tech
Course introduces students to the broad world of hospitality while preparing them for careers in the field. Discussed will be the three primary areas of hospitality - food and beverage, lodging and tourism, along with an introduction to business basics.

HRMT334   3 3 0 0 0
Human Nutrition   General
Understanding and implementing present day knowledge of nutrition; the use of food for health and satisfaction of the individual and the family.

HRMT335   2 2 0 0 0
Restaurant Management   Voc/Tech
Students will plan menus and meal service in actual restaurant experience. Emphasis is on using sound management techniques for producing high quality food and service to the public. PREREQUISITES: HRMT326, 328

HRMT347   3 0 0 0 12
Work Experience   Voc/Tech
An approved program of experience in one of the many hospitality areas: restaurant, hospital, club, school food service, hotel, or motel. (P/F)

HRMT348   2 2 0 0 0
Food Service Purchasing   Voc/Tech
Principles and methods of food purchasing with emphasis on specifications and grading of various food products. Includes financial procedures and controls used in the food service industry.

*** Adaptor Courses cannot be used to fulfill degree requirements
**** Adjunct Courses cannot be used to fulfill or substitute for required or option courses in any degree or diploma program

2001-2002

COURSE DESCRIPTIONS

COURSE DESCRIPTIONS

HRMT350   2 2 0 0 0
Nutrition   Voc/Tech
An overview of nutrition-related topics including the psychology of eating and evaluation of food intake.

HRMT351   2 2 0 0 0
Menu Planning   Voc/Tech
Course applies the principles of menu planning & layout to the development of menus for a variety of types of facilities and service.

HRMT357   3 0 6 0 0
Culinary Skill Development   Voc/Tech
Students produce and serve meals for the public in an actual restaurant experience. Emphasis is on the various management functions required to serve quality foods efficiently and intermediate culinary preparation techniques. PREREQUISITES: HRMT326, 328

HRMT364   2 2 0 0 0
Hotel Administration   Voc/Tech
A management course which introduces the student to advanced studies of property management, catering, sales, legal aspects, security, and maintenance of all departments of the hotel.

HRMT366   5 0 0 0 20
Hotel Services Internship   Voc/Tech
An approved program of work experience in one of the many hotel/motel properties in the area. PREREQUISITE: HRMT330 COREQUISITE: HRMT368

HRMT367   2 2 0 0 0
Beverage Seminar   Voc/Tech
Course will familiarize the students with all aspects of beverage service including wine & alcohol laws. Basic mechanics of beverage preparation, sales and promotion will be covered.

HRMT368   2 2 0 0 0
Hotel Services   Voc/Tech
An in-depth look at the management and operations of key services within hotel properties. Included are guest services, housekeeping, maintenance & security. Course will examine the intricacies of these services from a management perspective.

HTCT353   3 3 0 0 0
Microprocessor Interfacing   Voc/Tech
A study of microprocessor/microcomputer interface methods. It includes parallel interfacing using the 8255 PPI and serial interlacing using UART and USARTS. Digital-to Analog and Analog-to-Digital converters are also examined. PREREQUISITE: ELHT340, 341, COREQUISITE: HTCT354

HTCT354   4 0 8 0 0
Microprocessor Interfacing Lab   Voc/Tech
An evaluation of microprocessor interface techniques. The experiments include parallel devices such as 8255 Programmable Peripheral Interface chip, UART and USART serial devices, D/A and A/D converters. PREREQUISITES: ELHT340, 341, COREQUISITE: HTCT353

HTCT355   2 2 0 0 0
UNIX Operating System   Voc/Tech
Concepts of the UNIX operating system commands. Use of shells, shell scripts, facilities and management commands. COREQUISITE: HTCT356

HTCT356   1 0 2 0 0
UNIX Operating System Lab   Voc/Tech
Course includes working with UNIX commands. Students will work with shells, write shell scripts, run facilities, work with management commands. COREQUISITE: HTCT355

HTCT360   4 4 0 0 0
Network Compatibility Products   Voc/Tech
Concepts of the software and hardware used to link various computers and operating systems. PREREQUISITE: HTCT355, 356 COREQUISITE: HTCT363

HTCT363   2 0 4 0 0
Network Compatibility Products Lab   Voc/Tech
Installing and configuring compatibility software and hardware. Use of the software to share data between dissimilar system types. PREREQUISITE: HTCT355, 356 COREQUISITE: HTCT360

HTCT364   3 0 6 0 0
Microcomputer Systems   Voc/Tech
An evaluation of microcomputer systems. Includes computer diagnostics and repair. Also includes peripheral troubleshooting. PREREQUISITES: ELHT346

HTCT366   3 3 0 0 0
TCP/IP Networking   Voc/Tech
Concepts of the TCP/IP protocol suite. Includes protocol formats, usage and network commands. Concepts of design, installation and management are introduced. PREREQUISITE: HTCT355, 356 COREQUISITE: HTCT367

HTCT367   1 0 2 0 0
TCP/IP Networking Lab   Voc/Tech
Hands on command manipulation of a TCP/IP network. Also includes installation and management. PREREQUISITE: HTCT355, 356 COREQUISITE: HTCT366

HTCT371   2 2 0 0 0
Netware 3.x Administration   Voc/Tech
Course is designed to prepare students to function competently as a Netware system manager. Topics covered correspond to the responsibilities of a system manager.

HTCT372   2 2 0 0 0
Netware 3.1x Adv Administration   Voc/Tech
Designed to provide higher-level training for Novell Netware v3.1x system manager. Provides instructions that will enable student to follow basic management strategies, monitor network usage and perform software-oriented maintenance and prevention procedures. PREREQUISITE: HTCT371

HTCT373   2 2 0 0 0
Networking Technologies   Voc/Tech
Provides a technical level of understanding in the areas of mainframe networking connectivity, data communications concepts and protocol communication concepts.

HTCT374   2 2 0 0 0
Netware 4.x Administration   Voc/Tech
Course covers the knowledge and skills needed to perform Netware 4.x network administration or system management tasks effectively.

HTCT375   2 2 0 0 0
Service & Support   Voc/Tech
Provides a technical level of competence installing network interface cards, replacing hard drives, installing communications software and hardware and troubleshooting 3.1x and 4.x systems. PREREQUISITES: HTCT371 OR 374

HTPC351   3 3 0 0 0
Hydraulics & Pneumatics   Voc/Tech
The basic principles of fluid power and the operation and application of fluid power components are introduced. Devices such as valves, linear and rotary actuator are evaluated in the laboratory. In addition, pneumatic position control servomechanisms are evaluated. COREQUISITE: HTPC352

HTPC352   2 0 4 0 0
Hydraulics & Pneumatics Lab   Voc/Tech
The basic principles of fluid power and the operation and application of fluid power components are introduced. Devices such as valves, linear, and rotary activators are evaluated in the lab. COREQUISITE: HTPC351

HTPC355   3 3 0 0 0
Process Control Instrumentation   Voc/Tech
A comprehensive study of process control characteristics such as elements, modes, and stability along with detailed knowledge of measurement technique, control mode implementation, and final control element functions. In keeping with modern trends, the digital aspects of process control technology are stressed. PREREQUISITE: ELHT340, 341 and 345 or 346; COREQUISITE: HTPC357

HTPC357   2 0 4 0 0
Process Control Instrumentation Lab   Voc/Tech
This lab includes experiments on transducers used in process control as well as experiments on proportional, integral, and derivative control. PREREQUISITE: ELHT340, 341, 345, COREQUISITE: HTPC355

HTPC358   3 2 2 0 0
Motor Controls   Voc/Tech
An introduction to industrial motor controls. During this course students will use ladder diagrams and control devices to implement practical control systems.

HTPC359   3 2 2 0 0
Programmable Logic Controllers   Voc/Tech
This course covers PLC operation and programming techniques to include relay logic, timers, counters, sequencers, discrete I/O, analog I/O, networking, remote I/O, workstations, advanced programming techniques and interfacing with personal computers. PREREQUISITE: HTPC358

HTPC360   2 2 0 0 0
Industrial Electronics   Voc/Tech
The devices and circuits used in thyristor control of machines are presented. It includes phase control of DC motors, triac control of AC motors as well as various speed control circuits. PREREQUISITES: HTPC358

HTPC363   2 2 0 0 0
Mechanisms   Voc/Tech
Introductory course covers linear and angular displacement, velocities, and accelerations of linkages, gear trains, and belt and friction drives. Topics are vectors, simple and complex machines, and toggle and intermittent motions mechanisms. COREQUISITE: HTPC364

HTPC364   2 0 4 0 0
Mechanisms Lab   Voc/Tech
The principles of drives and linkages discussed in HTPC 363 are evaluated using precision components. Major principles evaluated are speed ratios, torque, power and efficiency. Lab projects are applications of principles of process control & robotics interfacing mechanical motion & energy requirements with programmable control concepts. COREQUISITE: HTPC363

HTPC370   4 3 2 0 0
Pump Overhaul and Repair   Voc/Tech
Overview of internal parts, principles of operation and maintenance of positive displacement and centrifugal pumps.

HTPC371   3 2 2 0 0
Mechanical Power Transmission I   Voc/Tech
A course in fundamental mechanical power transmission used in manufacturing. Topics covered include the inspection, maintenance and repair of chain and belt drive equipment. This will include the sizing of belts and pulleys, determining speed ratios and the importance of proper sizing for process control.

HTPC372   4 3 2 0 0
Mechanical Power Transmission II   Voc/Tech
A fundamental course in the principles of mechanical power transmission. Topics include the use of gears to effect speed changes, the identification and use of bearings, clutches, couplings and brakes. PREREQUISITE: HTPC371

HTPC382   2 2 0 0 0
Control Systems Overview   Voc/Tech
An overview of control systems in an industrial environment including hydraulic, pneumatic, and electrical/electronic systems. Topics include valves, actuators, motor starters, relays, timers and programmable controllers.

HUMN115   3 2 2 0 0
Introduction to Film   Core
An introduction to the conventions, scope, purposes, and techniques of films. Includes viewing and writing about a variety of films.

HUMN131   3 3 0 0 0
Humanities Through Arts   Core
An interdisciplinary course exploring the human condition through literature, painting, sculpture, architecture, music and dance. The course examines the cultural context of individual works and movements, the thematic relationships between the arts, and the relevance of the arts in our lives today.

*** *Adaptor Courses cannot be used to fulfill degree requirements*
**** *Adjunct Courses cannot be used to fulfill or substitute for required or option courses in any degree or diploma program*

COURSE DESCRIPTIONS

HUMN132 - ADJUNCT**** 3 3 0 0 0
Art of Being Human General
This telecourse explores themes from both Eastern and Western cultures. Themes include aesthetics, myth, morality, love and death which are explored through art, music, literature, philosophy, drama and religion.

HUMN133 3 2 2 0 0
America in the Movies Core
An interdisciplinary course that combines the insights of history and literature by examining popular American movies. The course explores the social, cultural, and ethical questions raised in such films.

HUMN137 3 3 0 0 0
Mythology General
An introduction to world mythology. The course explores classical, Nordic, Eastern, African, and American/British myths.

HUMS101 3 3 0 0 0
Introduction to Human Services General
History and introduction to the social welfare institution. Theoretical perspectives, concepts, values, and intervention strategies are examined. Systems theory is used to explore legislation and services designed to meet client needs.

HUMS104 3 3 0 0 0
Community Organization Open
A study of various theories, methods, and techniques to bring about needed and desirable changes in political, economic, social, and bureaucratic structures and processes. Emphasis is placed upon application of learned skills. PREREQUISITE: 6 hours of social sciences

HUMS109 3 3 0 0 0
Survey Mental Health Treatment Open
Introduction to major counseling theories including psychoanalytic, gestalt, existential, family systems, reality therapy, behavior therapy, and person centered therapy. Applications in mental health and social services settings are considered.

HUMS202 3 3 0 0 0
Interviewing/Interpersonal Relations Open
Study of interviewing theories including roles and relationships between the interviewer and the interviewee. Methodology of developing questions, conducting interviews, recording data and analyzing it, and writing assessments and histories are emphasized.

HUMS205 3 3 0 0 0
Intervention Theories/Practice I Open
Study of several management and planning theories and practices which are used to assess client needs, establish goals, identify resources, and make appropriate referrals. Community resources are explored. PREREQUISITE: HUMS101, 202

HUMS206 3 3 0 0 0
Intervention Theories/Practice II Open
Theories and values of the social sciences, including human services, are used to interpret and respond to client behaviors. Written analysis is emphasized. Evaluation theory and its applications are also stressed. PREREQUISITES: HUMS205 COREQUISITES: HUMS208

HUMS208 3 0 0 0 13
Field Experience Open
Supervised experience in a human services agency enables students to apply their skills and knowledge by working directly with clients. PREREQUISITES: HUMS205 COREQUISITE: HUMS206

HUMS210 3 3 0 0 0
Counseling Techniques Open
Several counseling models are considered. The theories, methods, and applications of client-centered and directive counseling are emphasized. PREREQUISITE: HUMS202

HUMS211 3 3 0 0 0
Counseling with Women Open
This course explores selected concerns that women are likely to bring into a counseling situation. Topics include sex roles, gender and socialization, and their impact on women's lives.

HUMS213 6 0 0 0 27
Pract: Chemical Depend Counsel I Open
Supervised experience in three of these treatment programs for chemically dependent people: inpatient, outpatient, follow-up care, halfway house, and family therapy. PREREQUISITE: Admission- Powell CDC at Iowa Lutheran Hospital. PREREQUISITE: HUMS205

HUMS214 3 0 0 0 12
Pract: Chemical Depend Counsel II Open
Supervised experience in one of the following treatment programs for chemically dependent people: inpatient, outpatient, residential, adolescent, or family services. PREREQUISITE: Admission - Powell CDC or Iowa Lutheran Hospital. PREREQUISITE: HUMS205

HUMS216 3 3 0 0 0
Survey of Addictive Disease Open
A historical and theoretical background to current concepts of addiction. A variety of addictive behaviors are examined with special focus on psychoactive drug dependency.

HUMS217 3 3 0 0 0
Psychosocial Rehabilitation Open
The course will emphasize the rehabilitation model, values and techniques for direct service delivery to persons with severe mental disabilities. The student will develop the knowledge and basic skills necessary for rehabilitation goal planning, functional assessment, and direct skills teaching along with job development, analysis, matching and retention.

ITNA310 4 2 4 0 0
Network Technologies Voc/Tech
This course provides the student a technical level of understanding in the areas of PC and mainframe networking connectivity, data communications concepts and protocol communication concepts. PREREQUISITE: ELHT346

ITNA320 3 2 2 0 0
Technology Implementation Voc/Tech
This course is an examination and discussion of industry-standard methods for the evaluation of technology and technology products. Methods of product examination and benchmarking will be demonstrated.

ITNA330 4 4 0 0 0
Network Applications Voc/Tech
This course provides the student with an understanding of the software systems and applications which provide network services across differing networks and operating system platforms. PREREQUISITE: ITNA310, COREQUISITE: ITNA332

ITNA332 2 0 4 0 0
Network Applications Lab Voc/Tech
This course will provide the student with hands-on experience in installing and configuring the software systems and applications that provide network services across differing networks and operating system platforms. PREREQUISITE: ITNA310, COREQUISITE: ITNA330

JNAD120 3 3 0 0 0
Intro to Mass Communication Open
An introduction to mass communication in a global market place. Emphasizes print and electronic media, advertising and public relations, ethics and new technology.

JNAD121 3 3 0 0 0
Basic Reporting Principles Open
Designed to provide students with experiences in gathering, organizing, and writing news stories.

JNAD123 3 1 4 0 0
Publications Production Open
Special work in journalism. Students will produce a DMACC newspaper, the Challenger (Ankeny) or the Bear Facts (Boone), and will gain experience in writing, copy-editing, layout and design. May be repeated for three additional semesters.

JNAD125 3 3 0 0 0
Principles of Advertising Open
Course explores advertising as a tool and socioeconomic force.

LEGA240 3 3 0 0 0
Introduction to Law Open
A general introduction to the American legal system including case briefing, court structure, and civil, criminal and administrative procedure. An examination of ethical and professional practice standards applicable to the legal profession. Understanding of the roles of the judge, jury, attorney, and legal assistant.

LEGA242 3 3 0 0 0
Torts & Litigation I Open
A study of the basic law relating to personal and property damage. Topics include intentional torts, negligence, nuisance, strict liability and automobile law. Principles of trial practice including drafting basic pleadings, gathering and organization of materials for trial. PREREQUISITE: instructor permission or LEGA240, 260

LEGA243 3 3 0 0 0
Torts & Litigation II Open
A continuation of Torts and Litigation I. Areas of concentration will be premise liability, family torts, defamation, governmental immunity, malpractice, and wrongful death. Advanced trial practice including drafting of pleadings and discovery documents. PREREQUISITE: LEGA242

LEGA244 3 3 0 0 0
Family Law Open
Legal aspects of the family relationship. Rights and duties of the parties in marriage, annulment, divorce, child custody, and adoption. The course will emphasize the use of domestic law forms. PREREQUISITE: instructor permission or LEGA240, 260

LEGA246 3 3 0 0 0
Business & Corporate Law I Open
Study of fundamentals of law of contracts, uniform commercial code and rights of creditors in transactions.

LEGA247 3 3 0 0 0
Business & Corporate Law II Open
Continuation of Business and Corporate Law I. Survey of rights of debtors and creditors in collections and bankruptcy. Formation of proprietorships, partnerships, and corporations and a survey of the law applicable to each. Preparation of documents necessary to the organization and operation of each. PREREQUISITE: LEGA246

LEGA248 3 3 0 0 0
Real Estate Law Open
Study of law of real property and a survey of more common types of real estate transactions. Emphasis is on the preparation of the instruments necessary to complete various real estate transactions. PREREQUISITE: instructor permission or LEGA240, 260

LEGA249 3 3 0 0 0
Probate Procedure Open
A study of wills including validity requirements, modification, and revocation. Formation of trusts and the characteristics and requirements of each type. Laws of testate and intestate succession. Forms and procedures for probating an estate. PREREQUISITE: instructor permission or LEGA240, 260

LEGA250 4 1 0 0 15
Legal Internship & Ethics Open
Application of the theoretical knowledge gained in the classroom by interning in a private law office, governmental agency, or private business which utilizes attorneys. Students will participate in seminars concerning their internship experience and legal ethics. Total internship requirement is 225 hours. (P/F) PREREQUISITE: Minimum of "C" in all LEGA courses & complete minimum 8 LEGA classes

LEGA251 3 3 0 0 0
Wills, Estate Planning & Taxation Open
Basic principles of estate planning in order to minimize estate and gift tax consequences. Preparation of federal estate, gift tax returns and Iowa inheritance tax returns. Drafting of wills designed to carry out estate plans. PREREQUISITE: LEGA249

COURSE DESCRIPTIONS

LEGA252   3 3 0 0 0
Administrative Practice   Open
A study of administrative law and procedures for administrative hearings in various governmental agencies. Drafting and researching administrative rules and regulations will be covered. PREREQUISITE: instructor permission or LEGA240, 260

LEGA254   3 3 0 0 0
Evidence: Theory & Practice   Open
Study of substantive and procedural laws of evidence. Introduction to Rules of Evidence. Methods of discovering, preserving, and presenting evidence in civil and criminal trials. PREREQUISITE: instructor permission or LEGA242

LEGA256   3 3 0 0 0
Debtor/Creditor Law   Open
Procedures in non-bankruptcy debt collection. Fundamentals of bankruptcy law and bankruptcy procedure. Examination of alternatives to formal bankruptcy proceedings. PREREQUISITE: instructor permission or LEGA240, 260

LEGA258   1 1 0 0 0
Computerized Legal Research   Open
Introduction to computer assisted legal research. Training in legal research search strategies using both the Lexis and Westlaw systems. PREREQUISITE: LEGA260

LEGA259   3 3 0 0 0
Adv Legal Research & Writing   Open
Research and analysis of complex and multiple factual and legal issues. Preparation of legal documents using analysis and application of legal research. Use of specialized research sources. PREREQUISITE: LEGA261

LEGA260   3 3 0 0 0
Legal Research & Writing I   Open
The nature of legal authority and tools and techniques of basic legal research and writing. Emphasis will be on Iowa law. Degree Students: If transcript has not been submitted, you must contact the registration office to register for this course. PREREQUISITE: ENGL117

LEGA261   3 3 0 0 0
Legal Research & Writing II   Open
Advanced application of principles of legal research. Preparation of interoffice memorandums and demand letters. Out of state and federal law. PREREQUISITES: LEGA240, 260

LEGA265   3 3 0 0 0
Mediation   Open
Classroom study of mediating legal disputes. Students will study the purposes of mediation using "objective" criteria, impediments to resolution, moving beyond impass and reaching an agreement. PREREQUISITE: LEGA240, 260 and or instructor permission

LIBS120   1 1 0 0 0
Library Instruction   General
Study of classification systems, use of library resources and the compilation of bibliographies.

LIBS123   1 1 0 0 0
Internet Research Techniques   General
Students will learn how information resources are organized on the Internet, how to reference and evaluate information on particular topics. PREREQUISITES: Basic computer literacy

LITR120   3 3 0 0 0
Intro to Literature   Core
Introduction to the study and appreciation of poetry, fiction and drama. Basic critical approaches are emphasized, and a broad range of authors from a variety of cultural and ethnic groups and a wide span of historical periods is presented.

LITR121   3 3 0 0 0
Major British Writers   Core
Introduction to the study and appreciation of major British writers particularly from the post-Renaissance through the contemporary period. Basic critical approaches are emphasized.

LITR122   3 3 0 0 0
Major American Writers I   Core
Study of works of selected major writers (including Native American) particularly from Puritan times to 1865. Basic critical approaches are emphasized.

LITR123   3 3 0 0 0
Major American Writers II   Core
Examines American literature from early 20th Century through contemporary America. Emphasizes major literary works and their social and cultural contexts.

LITR124   3 3 0 0 0
Children's Literature   General
Study historical, sociocultural contexts surrounding children's literature; examine current trends and issues in the field; analyze and evaluate children's literature; and develop an awareness and appreciation for the variety of literature available.

LITR125   3 3 0 0 0
Contemporary Literature   Core
Introduction to the study and appreciation of significant contemporary writers and literary movements since 1945. The relationship of current literature to society and basic critical approaches are emphasized.

LITR130   3 3 0 0 0
Science Fiction   Core
A critical survey of speculative fiction. Primarily, short literacy works are used to examine basic issues and themes pertaining to humankind.

LITR131   3 3 0 0 0
Detective Fiction   Core
Introduction to the study and appreciation of detective fiction. A literary investigation of the components of detective fiction and basic critical approaches are emphasized.

LITR132   3 3 0 0 0
Humor   Core
Introduction to the study and appreciation of humor as literary genre. An investigation of origins, types, techniques and purposes of humor and basic critical approaches are emphasized.

LITR133   3 3 0 0 0
Black American Literature   Core
Introduction to the study and appreciation of literature written by African-American writers. A broad range of Black American authors will be presented.

LITR134   3 3 0 0 0
Women's Literature   Core
Introduction to the study and appreciation of literature written by women writers, primarily of the twentieth century. A broad range of female authors from a variety of cultural and ethnic groups is presented.

MATH091***   3 3 0 0 0
Arithmetic   Adaptor
A review of the fundamental operations of arithmetic including addition, subtraction, multiplication and division of whole numbers, decimals and fractions. This is an adaptor course designed for those students who need to review and improve their knowledge of the fundamentals of mathematics.

MATH092***   4 4 0 0 0
Introductory Algebra   Adaptor
A beginning algebra course covering most elementary topics of algebra. This includes the real number system, solving equations and inequalities, polynomials, fractional equations, and radical expressions. This is an adaptor course designed for students with no algebra background or for students who need review.

MATH094***   4 4 0 0 0
Intermediate Algebra   Adaptor
A review of elementary algebra along with the new topics including exponents and radicals, functions and graphs, quadratic equations, inequalities and systems of equations. PREREQUISITE: 1 year H.S. algebra, department permission or MATH092

MATH115   4 4 0 0 0
Finite Mathematics   Core
General education course in practical mathematics for students not majoring in mathematics or science. Include such topics as set operations and applications, methods of counting, probability, systems of linear equations, matrices, geometric linear programming and an introduction to Markov chains. PREREQUISITE: 1 year H.S. algebra or MATH092

MATH118   4 4 0 0 0
Math for Elementary Educators   Core
Provides future elementary teachers a modern approach to mathematics. Sets, relations, number systems, nature of proof, algorithms, elements of algebra and geometry, basic computational skills and problem solving. This course is for students in education fields and is not appropriate for students in other majors. This is not a methods course. PREREQUISITE: 1 year H.S, algebra, department permission or MATH092

MATH121   4 4 0 0 0
Elementary Statistics   Core
Tabular and graphical presentation, measures of central tendency and variability, standard elementary procedures involving the binomial, normal, student's t, chi-square and f distributions, correlation, regression, analysis of variance, and several nonparametric procedures. Same content as BSAD152, credit will not be granted for both BSAD152 and MATH121. PREREQUISITE: 2 years H.S. algebra, department permission or MATH094

MATH122   4 4 0 0 0
Calculus for Business/Social Science Core
Functions, graphs, differential calculus, integral calculus, introduction to max-min theory for functions of two variables. Emphasis on application of calculus to business problems. Not a substitute for MATH129 and MATH130. PREREQUISITE: 2 years H.S. algebra and MATH115, or MATH094 and MATH115

MATH123   3 3 0 0 0
Trigonometry   Core
Circular functions and their inverses, trigonometric identities, trigonometric equations, solving triangles and graphing. PREREQUISITE: 2 years H.S. algebra, department permission or MATH094

MATH124   5 5 0 0 0
Precalculus   Core
Real and complex number systems, inequalities, exponential and logarithmic functions, mathematical induction, limits, sequences, elementary theory of equations, linear systems, matrices, vectors and topics of analytic geometry. PREREQUISITE: MATH 123 or equivalent or department permission

MATH129   5 5 0 0 0
Calculus I   Core
Absolute values, inequalities, functions, limits, continuity, differentiation, definite integral, exponential and logarithmic functions. PREREQUISITE: MATH124 or equivalent or department permission

MATH130   5 5 0 0 0
Calculus II   Core
Continuation of MATH129. Techniques of integration, hyperbolic functions, polar coordinates, indeterminate forms, improper integrals, infinite series, partial derivatives, multiple integrals. PREREQUISITE: MATH129

MATH132   4 4 0 0 0
Differential Equat/Laplace Trans   Core
Ordinary differential equations, systems of ordinary differential equations, Laplace transforms, numerical methods and applications. PREREQUISITE: MATH130 or equivalent must be taken concurrently with or prior to this course

MATH410   3 3 0 0 0
Mathematics for Technicians I   Voc/Tech
A course in elementary mathematical skills for technicians. Topics covered include fundamental operations with whole numbers, fractions, decimals, and signed numbers; percents; geometric figures and basic constructions; area and volume formulas; English/Metric systems; measurements; and the interpretation of graphs and charts.

*** Adaptor Courses cannot be used to fulfill degree requirements
**** Adjunct Courses cannot be used to fulfill or substitute for required or option courses in any degree or diploma program

COURSE DESCRIPTIONS

MATH411   3 3 0 0 0
Mathematics for Technicians II   Voc/Tech
A course in algebra and trigonometry for technicians. Topics covered include polynomials, equations, systems of linear equations, factoring, quadratic equations, trigonometry, powers, roots and logarithms. PREREQUISITE: MATH410

MCSE305   3 3 0 0 0
Networking Essentials   Voc/Tech
This course covers the current curriculum in Microsoft Certified Professional Networking Essentials. For more information contact the Advanced Technology Center or www.dmacc.cc.ia.us (ITNA program) PREREQUISITE: A+ certification or working knowledge of personal computer operation, systems and hardware.

MCSE310   4 2 4 0 0
MS Windows Workstation and Server   Voc/Tech
This course covers the current curriculum in Microsoft courses for Windows workstation and server. For more information contact the Advanced Technology Center or www.dmacc.cc.ia.us (ITNA program) PREREQUISITE: MCSE305 or Microsoft exam for Networking Essentials

MCSE312   2 2 0 0 0
Designing MS Directory Service   Voc/Tech
This course covers the current curriculum for designing MS directory services. For more information contact the Advanced Technology Center or www.dmacc.cc.ia.us (ITNA program)

MCSE314   2 2 0 0 0
Designing Security for MS Network   Voc/Tech
This course covers the current curriculum for Designing Security for an MS Network. For more information contact the Advanced Technology Center or www.dmacc.cc.ia.us (ITNA program) PREREQUISITE: MCSE310

MCSE316   2 2 0 0 0
Designing MS Net Infrastructure   Voc/Tech
This course covers the current curriculum for Designing the MS Network Infrastructure. For more information contact the Advanced Technology Center or www.dmacc.cc.ia.us (ITNA program) PREREQUISITE: MCSE310

MCSE318   3 3 0 0 0
Upgrading from WIN NT 4.0   Voc/Tech
This course covers the current curriculum for upgrading to the newest version of Windows Workstation/Server software from WIN NT 4.0. For more information contact the Advanced Technology Center or www.dmacc.cc.ia.us (ITNA program) PREREQUISITE: MCSE310

MCSE320   3 2 2 0 0
Windows Server Enterprise   Voc/Tech
This course covers the current curriculum on Windows Server Enterprise Technologies.. For more information contact the Advanced Technology Center or www.dmacc.cc.ia.us (ITNA program) PREREQUISITE: MCSE310 or Microsoft Enterprise certification

MCSE322   3 3 0 0 0
Design/Implement Data Warehouse   Voc/Tech
This course covers the current curriculum for Designing and Implementing MS Data Warehouse. For more information contact the Advanced Technology Center or www.dmacc.cc.ia.us (ITNA program) PREREQUISITE: MCSE310

MCSE330   3 3 0 0 0
Internetworking MS TCP/IP   Voc/Tech
This course covers the current curriculum in Microsoft courses for Internetworking TCP/IP. For more information contact the Advanced Technology Center or www.dmacc.cc.ia.us (ITNA program) PREREQUISITE: MCSE310

MCSE335   3 3 0 0 0
Supporting MS Windows 95   Voc/Tech
This course covers the current curriculum in Microsoft Windows 95. For more information contact the Advanced Technology Center or www.dmacc.cc.ia.us (ITNA program) PREREQUISITE: MCSE310

MCSE340   4 3 2 0 0
Microsoft Exchange Server   Voc/Tech
This course covers the current curriculum in the Microsoft Exchange Server series. For more information contact the Advanced Technology Center or www.dmacc.cc.ia.us (ITNA program) PREREQUISITE: MCSE310

MCSE345   3 3 0 0 0
Supporting MS Windows 98   Voc/Tech
This course covers the current curriculum in Microsoft Windows 98. For more information contact the Advanced Technology Center or www.dmacc.cc.ia.us (ITNA program) PREREQUISITE: MCSE310

MCSE350   3 3 0 0 0
Supporting MS SNA Server   Voc/Tech
This course covers the current curriculum in Supporting Microsoft SNA Server Operation. For more information contact the Advanced Technology Center or www.dmacc.cc.ia.us (ITNA program) PREREQUISITE: MCSE310

MCSE355   4 3 2 0 0
MS Systems Management Server   Voc/Tech
This course covers the current curriculum in administering and deploying the Microsoft Systems Management Server. For more information contact the Advanced Technology Center or www.dmacc.cc.ia.us (ITNA program) PREREQUISITE: MCSE310

MCSE360   2 2 0 0 0
MS Internet Information Server   Voc/Tech
This course covers the current curriculum for creating and managing a web server. For more information contact the Advanced Technology Center or www.dmacc.cc.ia.us (ITNA program) PREREQUISITE: MCSE350

MCSE365   1 1 0 0 0
Microsoft Proxy Server   Voc/Tech
This course covers the current curriculum for MS Proxy Server. For more information contact the Advanced Technology Center or www.dmacc.cc.ia.us (ITNA program) PREREQUISITE: MCSE360

MCSE370   1 1 0 0 0
Implementing MS Internet Explorer   Voc/Tech
This course covers the current curriculum for implementing MS Internet Explorer. For more information contact the Advanced Technology Center or www.dmacc.cc.ia.us (ITNA program) PREREQUISITE: MCSE310

MCSE375   3 3 0 0 0
Implementing an SQL Database   Voc/Tech
This course covers the current curriculum for implementing a database in Microsoft SQL Server. For more information contact the Advanced Technology Center or www.dmacc.cc.ia.us (ITNA program) PREREQUISITE: MCSE310

MCSE380   3 3 0 0 0
MS SQL System Administration   Voc/Tech
This course covers the current curriculum for System Administration on Microsoft SQL Server. For more information contact the Advanced Technology Center or www.dmacc.cc.ia.us (ITNA program) PREREQUISITE: MCSE375

MEDA461   4 4 0 0 0
Human Body-Health & Disease I   Voc/Tech
Basic biological concepts, structure and function of the body. Interrelationship of body systems in the healthy individual is stressed. Symptoms of disease, diagnostic aids used by the physician, possible methods of treatment, and prognosis are presented.

MEDA462   1 0 2 0 0
Medical Terminology   Voc/Tech
Designed to help logically understand medical terms. Basic prefixes, suffixes and root words are emphasized as a method of acquiring and retaining knowledge. Exercises stressing the spelling, pronunciation and use of medical terms are included.

MEDA464   4 3 2 0 0
Medical Laboratory Procedures I   Voc/Tech
Introduction to medical laboratory procedures, ethics, laboratory personnel and OSHA regulations. Includes use of basic lab equipment, and application of basic microbiological principles. Routine urinalysis: physical, chemical and microscopic examination. Quality control is emphasized. COREQUISITE: MEDA465

MEDA465   3 2 2 0 0
Medical Office Procedures I   Voc/Tech
Designed as a basis for understanding and performing clinical skills including vital signs and patient exam preparation. Experience in taking patient histories, charting and patient education. Introduction to medical and surgical asepsis and emphasis on OSHA regulations. COREQUISITE: MEDA464

MEDA466   2 1 2 0 0
Medical Office Management I   Voc/Tech
Emphasizes administrative responsibilities of the medical assistant. Includes classroom work in records management, banking and payroll. Introduction to the computer with practical application in word processing.

MEDA467   3 3 0 0 0
Professional Development I   Voc/Tech
Emphasizes professional opportunities and responsibilities of the Medical Assistant. Medical specialities are studied. Study of first aid procedures prepares the student to cope with emergency situations in the office as well as in the community. Medical ethics and law are studied as they affect the practice of medicine.

MEDA471   4 4 0 0 0
Human Body-Health & Disease II   Voc/Tech
The study of the body systems is completed. PREREQUISITE: Grade of "C" or better in MEDA461

MEDA472   2 2 0 0 0
Diagnostic Radiography I   Voc/Tech
This course includes radiological principles, film evaluation, processing and techniques, positioning of patients, and radiation protection of patients and workers. This course partially meets the requirements for a "limited diagnostic radiographer" set by the Radiologic Division of the Iowa Department of Health. PREREQUISITE: MEDA464

MEDA473   4 3 2 0 0
Medical Office Management II   Voc/Tech
Study of health insurance, HMOs, workers' compensation, Medicare and Medicaid, proper use of telephone, appointment scheduling, and recordkeeping. Through computer applications and practice sets, the student keeps patients' medical and financial records and transcribes medical dictation. PREREQUISITE: Grade of "C" or better in MEDA466

MEDA474   3 2 2 0 0
Medical Laboratory Procedures II   Voc/Tech
Blood collection by venipuncture and finger puncture. Pregnancy tests, mono tests and EKGs performed. Practical experience performing complete blood counts, differentials and blood chemistries. Emphasis on OSHA regulations and quality control in the physician's office laboratory. PREREQUISITE: Grade of "C" or better in MEDA464; COREQUISITE: MEDA475

MEDA475   3 2 2 0 0
Medical Office Procedures II   Voc/Tech
Student learns how to assist with examinations, tests and treatments and how to care for and use medical and surgical equipment used in the examining room. Includes principles of pharmacology, administration of injections, sterile procedures, pulmonary functions, bandaging and patient education. PREREQUISITE: Grade "C" or better in MEDA465; COREQUISITE: MEDA474

MEDA480   1 0 2 0 0
Professional Development III   Voc/Tech
Provides an opportunity for the student to discuss situations that arise in the clinical experience. Oral reports by students are supplemented by a review of weekly clinical evaluations. In addition, the student is made aware of community health service available to the patient. COREQUISITE: MEDA485

*** Adaptor Courses cannot be used to fulfill degree requirements
**** Adjunct Courses cannot be used to fulfill or substitute for required or option courses in any degree or diploma program

2001-2002

COURSE DESCRIPTIONS

COURSE DESCRIPTIONS

MEDA482   2 2 0 0 0
Diagnostic Radiography II   Voc/Tech
A continuation of Diagnostic Radiology I with emphasis on evaluation of films exposed by the student under supervision in a physician's office. PREREQUISITE: Grade of "C" or better in MEDA472 COREQUISITE: MEDA485

MEDA483   1 0 2 0 0
Medical Office Management III   Voc/Tech
Provides an opportunity for the student to become adept in using dictation transcription equipment. Case histories, consultations, physical examinations and surgical reports on prepared tapes are used to provide material that is of immediate practical use. PREREQUISITE: Grade of "C" or better in MEDA473

MEDA485   5 0 0 0 21
Practicum   Voc/Tech
A course designed especially for the preparation of students involving supervised practical application of previously studied theory. New material is integrated as the student progresses. The student receives experience in a physician's office working under the direct supervision of the physician and office staff. There is no financial remuneration. PREREQUISITE: Satisfactory completion of all courses in first 2 terms. COREQUISITE: MEDA482

MGMT101   3 3 0 0 0
Supervisory Management   Open
A unique view of organizational structure, the managerial function, and the role of the supervisor as it relates to the human relationship between supervisors, peers, and subordinates and the practice of sound personnel techniques.

MGMT102   3 3 0 0 0
Introduction to Management   General
Explore basic management principles, concepts, and practices in the areas of planning, organizing, leading, and controlling. Paradigm shifts include motivation, leadership, group dynamics, job design, organizational structure, decision making, social responsibility and global competition.

MGMT103   3 3 0 0 0
Sales Management   Open
Expands on the selling process by training the trainer in functional aspects of sales force management. Emphasis on recruitment, selection and training procedures; motivation, group presentations, and meeting management; compensation plans, territory management, forecasting, and performance evaluation.

MGMT104   3 3 0 0 0
Organizational Behavior   Voc/Tech
Course introduces the concepts, methodologies, and techniques used in the field of organizational development. Topics covered include: fundamental concepts, leadership, organizational environment, social environment, group process, and operating activities.

MGMT153   3 3 0 0 0
Office Management   Open
Introduces concepts of office management aimed at increasing efficiency and productivity in operation of the office. Areas covered include: planning and organizing, leadership and human relations, and controlling office operations.

MGMT203   3 3 0 0 0
Human Relations in Business   Open
Emphasizes the importance of the development of proper attitudes toward self, others, and organizational settings. Stresses the development of a good self image and the relationship this has to energy levels, emotions, defensiveness, verbal and nonverbal communication.

MGMT240   3 3 0 0 0
Principles of Managerial Finance   Open
This course provides a general background in managerial finance through financial statement analysis, time values, long range investment strategy and cost analysis of alternative financial strategies. PREREQUISITES: ACCT101, 102

MGMT241   3 3 0 0 0
Production Management   Open
An introductory course in production management with emphasis on facilities layout and planning, forecasting, inventory systems, and quality control.

MGMT242   3 3 0 0 0
Human Resource Management   Voc/Tech
This course studies the role of human resource management as it applies to the challenges, problems, techniques, opportunities, ethical considerations and social dynamics in organizations. Emphasis on human resource activities of both managers and human resource specialists.

MGMT243   3 3 0 0 0
Management of Information   Voc/Tech
An introduction of managing information for decision-making. Planning what information to obtain, sources and methods of collecting information; interpreting and analyzing; presenting and using information for decisions.

MGMT244   3 3 0 0 0
Leadership Development   Voc/Tech
The central focus of this course is the development of leadership ability. The course provides a basic understanding of leadership and group dynamics theory, assists participants in developing a personal philosophy of leadership and an awareness of one's own ability and style of leadership.

MGMT250   3 3 0 0 0
Fundamentals of Purchasing Mgmt. Voc/Tech
This course provides information on the basic functions, terminology and systems used in a modern purchasing department. Topics include supplier analysis, negotiation techniques, contracts and administration of a purchasing department for both service and manufacturing firms.

MGMT341   6 0 0 0 24
Business Internship I   Voc/Tech
One semester of full-time successful introductory on-the-job training in a cooperating training station. Emphasis is placed on customer service and sales promotion strategies. (P/F) COREQUISITE: MGMT342

MGMT342   2 1 2 0 0
Internship Seminar I   Voc/Tech
Field experience problems will be discussed, new occupational information will be presented, and business people will speak on the functions, institutions, and products found in the field of sales promotion. COREQUISITE: MGMT341

MGMT344   2 1 2 0 0
Field Experience I Seminar   Voc/Tech
Field experience problems will be discussed, new occupational information will be presented, and business people will speak on the functions, institutions, and products found in the field of management. COREQUISITE: MGMT345

MGMT345   6 0 0 0 24
Field Experience I   Voc/Tech
Consists of one term of full-time successful introductory on-the-job management training in a cooperating training station. Development and supervision of a training plan will be made by a teacher-coordinator. (P/F) COREQUISITE: MGMT344

MGMT353   4 0 0 0 16
Business Internship II   Voc/Tech
Sales promotion training of the level prescribed in the individual training plan. Exposure will be given to merchandising techniques. The training will be scheduled in an approved cooperating training station. Supervision of the training plan will be made by a teacher/coordinator. (P/F) COREQUISITE: MGMT348

MGMT356   1 1 0 0 0
Field Experience II Seminar   Voc/Tech
Field experience problems will be discussed, new occupational information will be presented, and topics relating to supervision and management will be discussed. COREQUISITE: MGMT363

MGMT358   1 1 0 0 0
Internship Seminar II   Voc/Tech
Students are exposed to areas of sales promotion through guest speakers, visual aids and discussion of business. COREQUISITE: MGMT353

MGMT362   4 0 0 0 16
Business Internship III   Voc/Tech
Consists of one term of part-time on-the-job training of the level prescribed in the individual training plan. Exposure will be given to merchandising control and supervision. Supervision of the training plan will be made by a teacher/coordinator. (P/F) COREQUISITE: MGMT367

MGMT363   4 0 0 0 16
Field Experience II   Voc/Tech
Consists of field training of the level prescribed in the individual training plan. The training is scheduled in an approved cooperating management training station. The training plan will be supervised by a teacher/coordinator. (P/F) COREQUISITE: MGMT356

MGMT364   4 0 0 0 16
Field Experience III   Voc/Tech
Consists of continued field training of the level scheduled in the individual field training plan. The training is scheduled for a half day. The training plan will be supervised by a teacher/coordinator. (P/F) COREQUISITE: MGMT369

MGMT367   1 1 0 0 0
Internship Seminar III   Voc/Tech
Students are exposed to areas of marketing through guest speakers, visual aids, and discussion of business internship experiences. COREQUISITE: MGMT367

MGMT369   1 1 0 0 0
Field Experience III Seminar   Voc/Tech
Field experience problems will be discussed. New occupational information will be presented and topics relating to management will be discussed. COREQUISITE: MGMT364

MGMT406   2 2 0 0 0
Relationship Strategies in Business Voc/Tech
Includes the awareness of communication styles and how to manage successful interpersonal and organizational relationships.

MGMT407   1 1 0 0 0
Leadership Strategies in Business Voc/Tech
Presents insights into how individuals with the right insights sense and fit into organizations. A researched set of organizational values used by excellent companies will be presented and used as a model for development of individual career values.

MILL440   3 2 2 0 0
Blueprint Reading and Layout   Voc/Tech
An introduction to blueprint reading and layout and the application of this knowledge with the use of specific tools.

MILL441   3 2 2 0 0
Material Identification and Usage Voc/Tech
An introduction to the materials used in making architectural millwork products.

MILL442   3 2 2 0 0
Introduction to Portable Tools   Voc/Tech
An introduction to safe use and the proper care and selection of power tools.

MILL443   4 2 4 0 0
Stationary Equipment   Voc/Tech
The purpose of this course is to train the student in the identification, operation and maintenance of stationary equipment.

MILL444   3 2 2 0 0
Advanced Equipment Techniques Voc/Tech
This course will provide the students with maintenance experience and advanced machining skills. PREREQUISITE: MILL440, 441, 442, 443

MILL445   3 2 2 0 0
32 Millimeter Cabinet Techniques Voc/Tech
This course is an introduction to the rationale of cabinet making and millwork. PREREQUISITE: MILL440, 441, 442, 443

*** Adaptor Courses cannot be used to fulfill degree requirements
**** Adjunct Courses cannot be used to fulfill or substitute for required or option courses in any degree or diploma program

2001-2002

COURSE DESCRIPTIONS

MILL446   3 2 2 0 0
Millwork Techniques   Voc/Tech
This course is an introduction to the initial steps of applying various millwork techniques to projects. PREREQUISITE: MILL440, 441, 442, 443

MILL447   3 2 2 0 0
Introduction to Application   Voc/Tech
This course will allow students to begin combining their knowledge of the previous courses in Architectural Millwork to produce mock up projects. PREREQUISITE: MILL440, 441, 442, 443

MILL448   5 1 8 0 0
Advanced Millwork Application I   Voc/Tech
This course will combine the skills learned from the previous courses to begin producing completed projects. PREREQUISITE: MILL444, 445, 446, 447

MILL449   5 1 8 0 0
Advanced Millwork Application II   Voc/Tech
This course will combine the students' previous courses to produce a completed project from beginning to installation. PREREQUISITE: MILL448

MKTG102   3 3 0 0 0
Principles of Marketing   General
Marketing effectively and efficiently results in better customer loyalty, higher share of customer, relief from margin erosion, and higher customer satisfaction. Explore strategies used to get, keep, and grow customers. Theoretical concepts blend with real world applications in the areas of planning, decision-making, consumer behavior, ethics, product, price, distribution, promotion, service and international marketing.

MKTG103   3 3 0 0 0
Principles of Selling   Open
Emphasizes the "consultative style" of personal selling. Covers the importance of establishing good relationships, finding prospect needs, providing a solution to these needs, and closing a high percentage of sales interviews.

MKTG104   3 3 0 0 0
Advertising/Sales Promotion   Open
The area of promotional communication is studied to achieve an understanding of the market place, the various advertising media and the development of an effective promotional campaign.

MKTG211   3 3 0 0 0
Business Marketing   Open
Presents functional methods of business-to-business marketing. Examines all forms of wholesaler service and manufacturer type marketing activities.

MKTG231   3 3 0 0 0
Fashion Analysis & Design   Voc/Tech
Emphasis is on how the fashion business works, from concept to consumer. The fashion business entails buying supplies, creating and developing a new product and marketing the product. Fashion designers, manufacturers, buyers, as well as retailers work together to develop and sell "good" design. Focus is on analyzing styles and creating and implementing the elements of design into product development as well as researching past and present designers to understand their contribution to fashion.

MKTG232   3 3 0 0 0
Advanced Selling Strategies   Voc/Tech
Explores strategies related to working effectively with high-level decision makers. Focuses on the individual adding value to the transaction to become the supplier of choice. Examines sales automation in depth. Experienced individuals may contact the instructor to gain admittance to this class. PREREQUISITES: MKTG103

MKTG233   3 3 0 0 0
Design Concepts   Voc/Tech
Includes a study of the history of fashion design, the effective use of design principles and analysis of future fashion trends. New industry based computer design software will be used to design contemporary fashion apparel for women, men or children.

MKTG234   3 3 0 0 0
Interior Design Analysis   Voc/Tech
Acquiring knowledge and expertise to create pleasing and effective interior design will be emphasized. Focus will be on space planning, furniture styles, color schemes, wall coverings, and floor and window treatments. Also includes exploration of the interior design profession and related career areas.

MKTG235   3 3 0 0 0
Interior Design Planning   Voc/Tech
Focuses on the development of interior design plans and the execution of these plans. Builds upon knowledge acquired in Interior Design Analysis through analyzing client needs and creating design boards and presentations to meet those needs. Experienced individuals may contact the instructor to gain admittance to this class. PREREQUISITE: MKTG234

MKTG305   3 3 0 0 0
Internet Marketing   Voc/Tech
Study of the Internet as a marketing tool. Investigation of the relevant issues and uses of web-based marketing including influence on traditional marketing mix topics such as product, place, price and promotion. Focus will be on the use of technology rather than the technology itself.

MKTG306   3 3 0 0 0
Sports/Entertainment Marketing   Voc/Tech
Exploration of the essentials of effective Sport/Entertainment Marketing. Topics include application of the marketing principles in the sports/entertainment area, licensing issues, sponsorships and endorsements, stadium and arena marketing, broadcasting and media considerations, public policy and the unique challenges for sports/entertainment specific products (concerts, special events, concessions, football, basketball, baseball, motor sports, etc.)

MKTG321   3 3 0 0 0
Retail Management I   Voc/Tech
Course examines developments in retailing, organization of retail institutions, merchandise handling processes, understanding retail customers, and future directions in retailing.

MKTG322   3 3 0 0 0
Retail Management II   Voc/Tech
A problem-solving approach to the operating principles and methods in the retail field. Management decision making is emphasized. PREREQUISITE: MKTG321

MKTG323   2 1 2 0 0
Visual Merchandising/Design   Voc/Tech
Includes design/display planning activities, store fixturing and the total merchandise presentation in a store. Emphasis is placed on actual design of window and interior displays by students.

MKTG324   3 3 0 0 0
Fashion Buying   Voc/Tech
Fashion moves quickly and the buyer must be in tune with current trends, and suppliers who can provide the best quality merchandise, delivery and pricing. Vender analysis, open-to-buy and timing are studied, including the development of a six-month merchandise plan.

MKTG331   3 3 0 0 0
Fashion Coordination/Promotion   Voc/Tech
Focus is on researching, analyzing and forecasting fashion trends. Information on emerging fashion trends is communicated through a power point computer presentation. Use of this information results in creation of a promotional plan to establish fashion leadership. PREREQUISITE: MKTG231

MKTG332   3 3 0 0 0
Textiles   Voc/Tech
Focus will be on an application oriented study of natural and manufactured fibers. Popular weaves, technologies used to produce, qualities achieved, and costs incurred will be analyzed. Printing and dyeing processes, in addition to the finishes available today will be studied.

MKTG345   1 0 2 0 0
Fashion Study Tour   Voc/Tech
The student will participate in a supervised study tour, location to be announced, in which a concentrated time will be spent touring a market center and researching a variety of fashion businesses from manufacturing and marketing to merchandising, promoting and selling apparel. Experienced individuals may contact the instructor to gain admittance to this class. PREREQUISITES: MKTG231

MLTS400   6 4 4 0 0
Intro to Medical Laboratory   Open
A course designed to acquaint the student with the field of laboratory medicine, laboratory structure, and staffing. Instrumentation, medical terminology, clinical chemistry assays, kidney function tests, and basic hematology procedures are presented. PREREQUISITE: H.S. biology or chemistry or equivalent

MLTS411   6 4 4 0 0
Hematology   Open
A review of basic procedures, followed by a study of normal and abnormal blood smears as they relate to anemia and leukemia. Hematology instrumentation, quality control and coagulation are studied. PREREQUISITE: MLTS400

MLTS422   8 6 4 0 0
Clinical Chemistry   Open
Study and analysis of electrolytes, protein, lipids, enzymes, hormones, drugs and kidney and liver function. Test results related to the patient's condition. PREREQUISITE: MLTS400

MLTS431   6 4 4 0 0
Clinical Microbiology   Open
A study of clinically important microorganisms. Techniques used to isolate and identify pathogenic bacteria, parasites and fungus. PREREQUISITE: BIOL132

MLTS442   5 3 4 0 0
Immunohematology   Open
Principles of immunohematology with the practices of blood banking are presented. ABO and RH typing and pre-transfusion testing procedures are performed. Blood group antigens and antibodies are studied. PREREQUISITE: MLTS411

MLTS450   2 0 0 0 8
Clinical Practicum I   Open
Students report to a local hospital to join the phlebotomy team to practice patient approach and to draw blood specimens. PREREQUISITE: MLTS400

MLTS455   12 0 0 0 48
Clinical Practicum II   Open
Students rotate through the various departments (hematology, chemistry, microbiology, blood bank, and urinalysis) of the hospital laboratory applying the knowledge and skills learned in the classroom. PREREQUISITE: Completion of first four terms of MLTS curriculum; MLTS442

MLTS460   1 1 0 0 0
Clinical Seminar   Open
Students share their experience in the clinical area and present topics of interest. Case studies are presented for knowledge and review. COREQUISITE: MLTS455

MLTS461   1 1 0 0 0
Medical Laboratory Review   Open
Medical laboratory subjects are reviewed; a mock registry examination is given. COREQUISITE: MLTS463

MLTS463   1 1 0 0 0
Professional Development   Open
The student studies human relations, job seeking skills, continuing education opportunities, legal responsibilities, and professional organizations. COREQUISITE: MLTS461

MUSI130   3 3 0 0 0
Music Appreciation   Core
A survey of the development of western art music through study of representative compositions of many periods and styles. Includes definitions of musical terminology and a major emphasis on listening.

*** Adaptor Courses cannot be used to fulfill degree requirements
**** Adjunct Courses cannot be used to fulfill or substitute for required or option courses in any degree or diploma program

2001-2002

COURSE DESCRIPTIONS

MUSI131 3 3 0 0 0
Introduction to Music Core
This course introduces students to the elements of music through performance on recorder and piano. Includes instruction in teaching the elements of music to pre-school and elementary school children.

MUSI136 1 0 2 0 0
Voice General
Individual instruction in voice. Weekly half-hour lessons in tone production, breath control, diction, literature, and stage presence. May be repeated for a maximum of four credits.

MUSI137 1 0 2 0 0
Piano General
Individual instruction in piano. Weekly half hour lessons. Beginning, intermediate, and advanced students accepted. May be repeated for a maximum of four credits.

MUSI139 1 0 2 0 0
Instrumental Music General
Individual instruction in all instruments. Weekly one half-hour lessons. May be repeated for a maximum of four credits.

MUSI143 2 1 2 0 0
Introduction to Piano General
This course is especially for the beginner in piano. Students will be introduced to the fundamentals of piano playing, including beginning note reading for the keyboard, technical development and appropriate repertoire.

MUSI144 2 1 2 0 0
Concert Choir General
The concert choir is open to all students. Varied literature is chosen. May be repeated for a maximum of eight credits.

MUSI145 1 0 2 0 0
Chamber Choir General
Course is open to members of the Concert Choir who are selected by auditioning with the director. Chamber Choir sings a variety of musical styles, and the music is generally more difficult than the music in Concert Choir. Prior choir experience is most helpful. May be repeated for a maximum of four credits. PREREQUISITE: Audition with director; COREQUISITES: MUSI 144

MUSI147 4 3 2 0 0
Materials of Music I General
All aspects of music theory will be introduced and explored with the experienced music student. Activities will include ear training, sight singing, keyboard training and written theory assignments.

MUSI148 4 3 2 0 0
Materials of Music II General
As a sequel to Materials of Music I, this course will examine music theory in greater complexity and will emphasize the harmonic aspects of music. Activities include ear training, sight singing, keyboard training and written theory assignments.

MUSI149 2 1 2 0 0
Instrumental Ensembles General
This course is open to any student with an instrumental music background. It will provide an opportunity for the rehearsal and possible performance of music in groups with students having similar levels of technical skill. May be taken for a maximum of eight credits. PREREQUISITE: Approval of instructor

NECP301 1 1 0 0 0
Internet Business Strategies Voc/Tech
Novell Course 660 teaches how to place a business on the Internet and how to manage the development of a web site from inception to evaluation. PREREQUISITE: Working knowledge of personal computer operation systems, and hardware.

NECP302 1 1 0 0 0
Mastering the Net/Netscape Voc/Tech
Novell Course 650. Browse the web, create HTML documents, participate in conference collaborative computing. Students will use Netcaster to view active content "pushed" to their PCs. PREREQUISITE: NECP301

NECP303 1 1 0 0 0
Web Authoring & Publishing Voc/Tech
Novell Course 654. Design and publish web documents using HTML and CGI scripts such as PERL and BASIC. Create objects using NetObjects Fusion. PREREQUISITE: NECP302

NECP304 1 1 0 0 0
Advanced Web Authoring Voc/Tech
Novell Course 655. Learn to use and modify many types of scripts and commands to enhance a web site. PERL, SSI, JavaScripts and Java Applets. PREREQUISITE: NECP303

NECP305 1 1 0 0 0
Designing Effective Web Sites Voc/Tech
Novell Course 660 Addresses concepts involved in completing job tasks web designers accomplish every day. Includes principles of web design, implementing your web site. PREREQUISITE: NECP304

NECP306 2 2 0 0 0
Java Programming Voc/Tech
Novell Course. Learn to program in Java for developing active web sites. PREREQUISITE: NECP301, 302

NECP307 2 2 0 0 0
Advanced Java Programming Voc/Tech
Novell Course. Advanced Java programming for developing active web sites. PREREQUISITE: NECP306

NECP308 1 1 0 0 0
Web Server Management Voc/Tech
Novell Course 656. Learn how to configure a NetWare server for Internet access and publishing. PREREQUISITE: NECP304, 401 or 501

NECP311 1 1 0 0 0
NetWare TCP/IP Transport Voc/Tech
Novell Course 605. Learn how to install and configure NetWare TCP/IP software on a NetWare server. PREREQUISITE: CNE certification

NECP312 1 1 0 0 0
Fundamentals of Internetworking Voc/Tech
Novell Course 216. Learn the internetworking devices and protocols commonly used to connect networks. PREREQUISITE: NECP311

NECP313 1 1 0 0 0
DNS & FTP Server Installation Voc/Tech
Novell Course 658. Learn to incorporate internet technologies with existing network infrastructures. PREREQUISITE: NECP312

NECP314 2 2 0 0 0
Securing Intranets Voc/Tech
Novell Course 770. Learn to implement Border Manager as part of an intranet security solution. PREREQUISITE: NECP313

NECP341 2 2 0 0 0
NetWare 4.11 Administration Voc/Tech
Novell Course 520, Test 50-613 provides knowledge and skills to perform competently the role of Network Administrator or System Manager for NetWare 4.11. PREREQUISITE: Working knowledge of personal computer operation systems, and hardware, or A+ certification.

NECP342 2 2 0 0 0
Networking Technologies Voc/Tech
Novell Course 200, Test 50-147. Course covers basics of computer networking including terms and concepts. "Core" requirement for CNE certification. PREREQUISITE: Working knowledge of personal computer operation systems, and hardware, or A+ certification.

NECP343 2 2 0 0 0
NetWare 4.x Advanced Admin. Voc/Tech
Novell Course 525, Test 50-614. Advanced administrative skills such as tuning the network and server for better performance and managing complex tree structures. PREREQUISITE: NECP341, 342

NECP344 2 2 0 0 0
NetWare 4.x Design & Implement Voc/Tech
Novell Course 532, Test 50-601. Work as a design team using a case company. Create a design document for IntranetWare and create an implementation schedule. PREREQUISITE: NECP343

NECP345 1 1 0 0 0
NetWare 4.x Install & Configure Voc/Tech
Novell Course 804. Install IntranetWare, determine appropriate settings for installation, and create and manage NDS Building Intranet. PREREQUISITE: NECP344

NECP346 2 2 0 0 0
Novell Service & Support Voc/Tech
Novell Course 801, Test 50-636 focuses on the prevention, diagnosis, and resolution of hardware-related problems network professionals encounter while working with the network. PREREQUISITE: NECP345

NECP347 2 2 0 0 0
IntraNetWare Integrating NT Voc/Tech
Novell Course 555, Test 50-636. Integrate a Windows NT environment with an IntranetWare environment. Streamline NT administration by using NDS for NT. PREREQUISITE: NECP343

NECP351 2 2 0 0 0
NetWare 5 Administration Voc/Tech
Novell Course 560, Test 50-639 provides knowledge and skills to perform competently in the role of network administrator or system manager for NetWare 5. PREREQUISITE: Working knowledge of personal computer operation systems, and hardware, or A+ certification.

NECP352 2 2 0 0 0
NetWare 5 Advanced Administration Voc/Tech
Novell Course 525, Test 50-640. Advanced administrative skills to design, configure and administer a complex NetWare 5 network. PREREQUISITE: NECP351, NECP342

NRAO301 - ADJUNCT**** 3 2 0 3 0
Nurse Aide 75 Hours Voc/Tech
Entry level skills to seek employment in Iowa skilled facilities. Meets OBRA87 standards.

NURS221 3 1 2 3 0
Health Assessment Open
Introduces basic techniques of client health assessment across the life-span, emphasizing an organized, holistic, body system approach. Screening exams, environmental and safety assessments, and diagnostic tests commonly performed are also introduced.

NURS222 3 3 0 0 0
Foundation of Nursing Practice Open
Introduces the art and science of nursing practice across the life-span. Nursing heritage, professionalism, nursing roles, ethical and legal aspects will be emphasized. The concepts of nursing process, communication, management, safety, pharmacology, nutrition, and health care services are introduced.

NURS223 3 1 2 3 0
Skills and Technology Open
Focuses on the introduction of skills and technology utilized in the routine nursing care of clients in traditional and community-based healthcare settings. Principles and safe implementation are emphasized.

NURS224 5 3 0 6 0
Health: Birth to Middle Adult Open
Promotion of health from birth to middle age is discussed. Issues of normal pregnancy, child rearing, and common illnesses of this age group are included. A holistic viewpoint including the influence of the family will be maintained. The student participates in health and illness care in a variety of settings. PREREQUISITES: NURS221, 222, 223, PSCH101, 103

NURS225 4 2 0 6 0
Older Adult Health Open
Introduces the normal aging process and common health conditions of the older adult. Holistic nursing care for the individual is promoted through use of the nursing process. The student participates in health and illness care for the individual in a variety of settings. PREREQUISITES: NURS221, 222, 223, PSCH101, 103

*** *Adaptor Courses cannot be used to fulfill degree requirements*
**** *Adjunct Courses cannot be used to fulfill or substitute for required or option courses in any degree or diploma program*

COURSE DESCRIPTIONS

COURSE DESCRIPTIONS

NURS232 2 1 2 0 0
Passport to ADN Nursing Open
Assists preparation for a successful transition to the ADN program. Focuses on curriculum design, knowledge components, student expectations, stud/time management skills. PN to RN role changes, application of nursing process with emphasis on health assessment and nursing skills across the life span. PREREQUISITES: Acceptance into Advanced Standing Program

OFFC204 3 2 2 0 0
Office Procedures Voc/Tech
Office Procedures is the integration of knowledge and skills needed to function in an office environment. Topics include telecommunication techniques, components of customer relations, and various responsibilities of the administrative assistant. PREREQUISITES: OFFC205, 305

OFFC205 3 3 0 0 0
Business English Voc/Tech
The fundamentals of proofreading grammar, spelling, punctuation, word usage, capitalization, abbreviations, and number usage.

OFFC206 3 3 0 0 0
Business Correspondence Tech Voc/Tech
Principles and procedures of effective business communication. The student is required to be computer literate as computer software programs are used to develop communication skills for office correspondence and presentations. Recommend keyboarding skills of at least 25 NWPM. PREREQUISITE: OFFC205, 355

OFFC207 3 2 2 0 0
Administrative Office Applications Voc/Tech
This course incorporates simulated office activities into realistic workplace integration. Students use integrated software to complete specialized tasks. Workplace basic skills including interpersonal skills, communication, teamwork, creative thinking and problem solving will be developed. PREREQUISITE: OFFC204, 356

OFFC221 3 3 0 0 0
Medical Terminology I Voc/Tech
Builds a medical vocabulary through an understanding of anatomic roots for words denoting body structures, prefixes, suffixes, and body functions.

OFFC222 3 3 0 0 0
Medical Terminology II Voc/Tech
Continues to build a medical language vocabulary by studying body systems such as musculoskeletal, endocrine, nervous, and integumentary systems. PREREQUISITE: OFFC221

OFFC223 3 2 2 0 0
Medical Transcription III Voc/Tech
A continuation of Medical Transcription II. Concentrates on transcription of case histories and physicals, discharge summaries, and operative reports with a variety of dictating styles. PREREQUISITE: OFFC431

OFFC304 3 2 2 0 0
Legal Typing Voc/Tech
Preparation of a wide range of legal documents with continuing emphasis on increasing production rates. PREREQUISITE: OFFC 305

OFFC305 4 2 4 0 0
Word Processing Skill Dev I Voc/Tech
Review of alphabetic and numeric keyboard reaches using a computer. Develop a strong keyboarding foundation using the touch method while utilizing correct techniques. Introduces fundamental word processing functions. Instruction covers word processing concepts, terminology, features and other related skills. Must key at least 25 NWPM for 3 minutes

OFFC306 3 2 2 0 0
Word Processing Skill Dev II Voc/Tech
Emphasis on developing speed, accuracy and proofreading techniques in preparation of business documents using word processing software. Students develop a broader understanding of software capabilities as they continue to study concepts, vocabulary and additional features. Continued development of speed and accuracy is emphasized. PREREQUISITES: OFFC305 or 325

OFFC312 3 0 6 0 0
Data Entry Voc/Tech
Competency based course to give students an introduction to current practices, equipment and various job related applications in data entry. The main focus is on speed and accuracy in entering data in a terminal. Recommend keyboarding skills of at least 30 NWPM

OFFC320 3 3 0 0 0
Human Body-Health and Disease Voc/Tech
Designed to provide specialized knowledge of the human body relating to disease processes and possible methods of treatment. Includes CPR training. Drug terminology is added, as well as basic knowledge of symbols and abbreviations. PREREQUISITE: OFFC221

OFFC324 1 0 2 0 0
Office Calculators Voc/Tech
Electronic calculator operations. Emphasis on speed and accuracy. Includes topics in addition, subtraction, multiplication and division; also the use of constants, chain computations and prorations.

OFFC325 3 2 2 0 0
Medical Computer Applications Voc/Tech
This course presents basic word processing, computer language and applications, including medical management software required in various medical settings. Theory and hands-on experience will be included.

OFFC326 3 3 0 0 0
Medical Insurance Voc/Tech
Course provides a practical approach in medical insurance billing. Emphasis placed on current procedural codes (CPT-4) and international classification of diseases codes (ICD-9-CM) used to facilitate proper coding in submitting claims. Pertinent billing tips will be offered for each type of insurance. PREREQUISITES: OFFC221

OFFC328 4 0 0 0 16
Internship for Medical Secretaries Voc/Tech
Work in a medical facility to learn the many office procedures and policies as they exist in a job situation. (P/F) PREREQUISITES: OFFC222, 320, 431, 433

OFFC329 1 0 2 0 0
Keyboarding I Voc/Tech
Basic instruction on a personal computer to learn the touch system for the alphabetic keyboard, number keyboard, and ten-key numeric pad.

OFFC331 3 3 0 0 0
Legal Terminology Voc/Tech
Provides training in spelling, defining and pronouncing terms common in the legal field.

OFFC332 3 2 2 0 0
Legal Office Transcription Voc/Tech
Designed to prepare the student to transcribe legal dictation using realistic office-style dictation. The correct formatting for various legal documents will be incorporated. Emphasis will be on English skills, formatting decisions and the application of reference materials to produce mailable business documents. PREREQUISITES: OFFC205, 306, 331

OFFC333 3 3 0 0 0
Citations & Legal Procedure Voc/Tech
Study of proper citation forms used in legal writing. Students develop a working knowledge of universally accepted methods of referring to federal, state and local law including statutes, cases and administrative materials. Procedures and sequencing of document filing discussed. PREREQUISITE: OFFC331

OFFC334 3 3 0 0 0
Legal Office Overview Voc/Tech
An overview of substantive areas of law and applicable procedure. Topics include criminal practice, domestic relations, income tax, probate, wills, trust and estate planning, real estate, business organization and torts. PREREQUISITE: OFFC331

OFFC349 1 0 2 0 0
WORD Voc/Tech
Hands-on instruction using Word in the Windows environment. Special features include working with windows, speller , Thesaurus, merge and sort.

OFFC350 1 0 2 0 0
PowerPoint Voc/Tech
Introduction to presentation software. Topics include creating, enhancing, embellishing and illustrating a presentation with charts, graphs, special effects; converting existing material, printing presentations, speaker's notes and handouts.

OFFC351 1 0 2 0 0
Access Voc/Tech
Introduction to Access database management system. Topics include creating, editing, querying, using forms, reports, customizing and managing data and files.

OFFC352 1 1 0 0 0
CPS Review Sec. I-Economics & Law Voc/Tech
Section I assists students to pass part one of the Certified Professional Secretary Examination by reviewing economic, accounting and business law fundamentals. In addition to 1 hour of credit, students will be awarded 1.5 CEUs.

OFFC353 1 1 0 0 0
CPS Review Sec. II - Office Systems Voc/Tech
Section II assists students to pass part two of the Certified Professional Secretary Examination by reviewing office technology, administration and communications. In addition to 1 hour of credit, students will be awarded 1.5 CEUs.

OFFC354 1 1 0 0 0
CPS Review Sec. III - Management Voc/Tech
Section III assists students to pass part three of the Certified Professional Secretary Examination by reviewing behavioral science in business and human resource management. In addition to 1 hour of credit, students will be awarded 1.5 CEUs.

OFFC355 3 2 2 0 0
Computer Applications Voc/Tech
The focus of this course is to use computer hardware and software as business productivity tools. Training includes a hands-on introduction to computer applications vital in today's business and industry. Course covers operating system, e-mail, internet, word processing, spreadsheet, database and presentation applications.

OFFC356 3 2 2 0 0
Advanced Computer Applications Voc/Tech
Develop a proficiency in decision-making using computer software applications. Producing final documents for real business applications such as file integration, on-line forms, linked spreadsheets, and desktop publishing are emphasized. PREREQUISITES: OFFC355 or COMS181

OFFC357 3 3 0 0 0
Emerging Technologies Voc/Tech
Students will explore changing trends in peripheral equipment and software, review technology within the framework of today's business environment and analyze the future of hardware and software usage in various business fields.

OFFC358 3 3 0 0 0
PC Desktop Publishing Voc/Tech
In a PC environment, use image enhancement software such as Adobe Photoshop to manipulate photo and graphic files. Apply principles of desktop publishing in the development of publications using software such as Microsoft Publisher. Convert files into web-ready format.

OFFC359 2 2 0 0 0
Project Management Basics Voc/Tech
This class teaches basic project management theory using project management software. The student will learn to use software to create projects, organize schedules, customize reports, plus work with calendars, multiple projects, evaluate and adjust resources, costs, and time factors.

OFFC405 3 3 0 0 0
Professional Development Voc/Tech
Designed to make students aware of their personal strengths and identify areas for improvement. Concentrates on helping students develop marketable personal and professional skills. Presents strategies to assist students in maintaining employment and in demonstrating a professional image and work behavior.

*** Adaptor Courses cannot be used to fulfill degree requirements
**** Adjunct Courses cannot be used to fulfill or substitute for required or option courses in any degree or diploma program

COURSE DESCRIPTIONS

OFFC410   2 0 0 0 8
Office Internship   Voc/Tech
Practical experience through on-the-job training in an approved business setting. Tasks will be consistent with student's career objectives, skills and knowledge. (P/F) PREREQUISITE: OFFC205, 305, 355; COREQUISITE: OFFC411

OFFC411   1 1 0 0 0
Office Seminar   Voc/Tech
An examination of topics relevant to the office internship experience, sharing work place problems encountered, and the solutions found to those problems. PREREQUISITE: OFFC205, 305, 355; COREQUISITE: OFFC410

OFFC421   4 0 0 0 16
Legal Internship   Voc/Tech
Part-time placement in a legal environment working with an employer and under the supervision of legal teaching coordinators. (P/F) PREREQUISITES: OFFC306, COOP220

OFFC430   3 2 2 0 0
Medical Transcription I   Voc/Tech
Designed to prepare the student to transcribe from physician dictation. The course covers the various medical specialities and introduces the student to a variety of formats for medical materials. PREREQUISITE: OFFC205, 221, 325 and 329 must be taken concurrently with or prior to this course.

OFFC431   3 2 2 0 0
Medical Transcription II   Voc/Tech
A continuation of Medical Transcription I. PREREQUISITE: OFFC430

OFFC433   3 3 0 0 0
Medical Techniques   Voc/Tech
A study of medical science, ethics and medical law. Various management duties and responsibilities, such as filing, insurance processing, mail schedules, computerized accounting, and telephone procedures. PREREQUISITES: OFFC221, 306

PHIL110   3 3 0 0 0
Introduction to Philosophy   Core
Exploration of basic questions in epistemology, metaphysics and ethics. Emphasis on western philosophy tradition.

PHIL111   3 3 0 0 0
Introduction to Logic   Core
Learn to recognize and construct good arguments. Study of deduction including categorical and truth functional arguments. Study of induction. Examination of informal fallacies.

PHIL112   3 3 0 0 0
Ethical Problems   Core
Comparative study of different traditional moral theories. Application of moral theories to different contemporary moral problems.

PHIL113   3 3 0 0 0
Comparative Religions   Core
Study of major living religions; commonalities and contrasts. How these religions enrich human lives.

PHLE310   4 2 2 0 6
Phlebotomy with Practicum   Voc/Tech
Student learn to perform techniques of blood collection: venipuncture, syringe draws and finger puncture. Practicum takes place at a local hospital with phlebotomy staff, where students draw blood from atients. Applicable communication skills, terminology, ethics and safety precautions are taught.

PHOT105   3 2 2 0 0
Principles of Photography   Open
Students will learn the basic principles of photography. Topics will include basic camera operation, film developing, darkroom techniques and special effects. The camera will become an instrument to explore and communicate ideas, goals, and visions effectively.

PHOT106   3 2 2 0 0
Advanced Photography   Open
For students who have mastered basic photographic principles and processes. Topics will include photographic lighting and filtration, photojournalism, documentary photography, advanced darkroom techniques, print finishing, and display. PREREQUISITE: PHOT105

PHOT210- ADJUNCT**   3 2 2 0 0
Travel Photography   Open
Advanced principles of image making, printing and presentation will be explored with spirit and knowledge that is expected to engender an appreciation for photography, travel and the state of Iowa. PREREQUISITE: PHOT105

PHOT407   3 2 2 0 0
Studio Photography   Voc/Tech
Students will learn to compose a photograph in a deliberate process. Students will arrange and analyze elements in a scene and use artificial light to produce the desired effect. Projects will test for student imagination, creativity, technical skills and willingness to experiment, while improving their photographic expertise. PREREQUISITE: PHOT106

PHYE128   3 1 4 0 0
Lifeguard Train/Water Safety Instruction   Open
Provides the student with the practical, cognitive, behavioral and decision making skills needed for lifeguarding and the necessary skills to conduct/instruct all levels of Red Cross swimming and water safety lesson programs. Upon satisfactory completion, student will receive Red Cross certification in lifeguarding and water safety instructor.

PHYE129   1 0 2 0 0
Advanced Lifesaving   Open
Purpose is to provide the student with the skills/techniques to successfully rescue a person in need. Focus on water safety, personal and self rescue, swimming rescues, and artificial resuscitation. Upon satisfactory completion, the student will receive Red Cross certification. PREREQUISITE: Students must pass a swim test

PHYE130   1 0 2 0 0
Physical Fitness   Open
Various exercises and activities to improve physical fitness.

PHYE133   1 0 2 0 0
Bowling   Open
Beginning skills only

PHYE135   1 0 2 0 0
Cheerleading   Open
Men and women desiring to be basketball cheerleaders for Varsity Basketball season.

PHYE136   1 0 2 0 0
Weight Training   Open
Introduction to basics of weight training. Emphasizes increasing physical capacity, that is increased muscular strength and power.

PHYE137   1 0 2 0 0
Recreational Swimming   Open
Recreational swimming at Heartland Health Center. Some swimming experience expected.

PHYE138   1 0 2 0 0
Varsity Men's Basketball   Open
For students on Varsity Men's Basketball team only. May be repeated for a maximum of 2 credits.

PHYE139   1 0 2 0 0
Varsity Women's Basketball   Open
For students on Varsity Women's Basketball team only. May be repeated for a maximum of 2 credits.

PHYE140   3 3 0 0 0
Sports Officiating   Open
Study of the rules and official's mechanics for high school football, basketball and baseball. Provides guidelines for students to become licensed officials in Iowa for these sports.

PHYE142   1 0 2 0 0
Varsity Baseball   Open
For students on Varsity Baseball team only. May be repeated for a maximum of 2 credits.

PHYE143   1 0 2 0 0
Varsity Women's Softball   Open
For students on Varsity Women's Softball team only. May be repeated for a maximum of 2 credits.

PHYE144   3 3 0 0 0
Intro to Physical Education Open
History of physical education. Careers and professional leadership in physical education, with emphasis on teaching. Examines the four areas of most vital concern to the physical educator: recreation and leisure, sports, curriculum, and research and evaluation.

PHYE146   3 3 0 0 0
Personal/Community Health   Open
Provides the student with information on physical, emotional, and social factors as they relate to personal and community health.

PHYE149   3 3 0 0 0
Wellness Prog/Planning/Organization   Open
The purpose of this course is to familiarize the student with wellness programs in the workplace. Emphasis will be on program design, health assessment, corporate management issues and promotion.

PHYE150   3 3 0 0 0
Fitness Testing/Programming Open
The purpose of this course is to prepare the student to be able to organize and implement fitness programs for employees in agencies and organizations. Emphasis will be on introduction/recruitment of employees, fitness testing, prescription of individual and group fitness programs, and fitness retesting procedures.

PHYE157   2 1 2 0 0
Introduction to Athletic Training   Open
Entry level course designed to introduce the potential coach or athletic trainer to the field of athletic training. Basic care and prevention of athletic injuries will be dealt with in order to equip the coach or trainer with the knowledge to make intelligent decisions regarding common athletic injuries.

PHYE158   1 0 2 0 0
Golf   Open
Beginning skills only.

PHYE160 ADJUNCT**   1 0 2 0 0
Volleyball   Open
Beginning skills only.

PHYE161   1 0 2 0 0
Aerobics   Open
Introduces aerobic concept of physical fitness. Includes aerobic activities, aerobic exercising, and aerobic dance. Course designed for men and women.

PHYE162   1 0 2 0 0
Tennis I   Open
Introduction to basic skills (forehand, backhand, service, and volley) and basic knowledge of game play.

PHYE163   1 0 2 0 0
Badminton I   Open
Introduction to basic skills (serve, clear, drop, drive and smash) and basic knowledge of game play.

PHYE164 ADJUNCT**   2 2 0 0 0
Personal Wellness   General
This course will aide in the enhancement of knowledge, skills and attitudes necessary to promote positive life-long wellness decisions. Students will look at the physical, social, intellectual, emotional, occupational, and spiritual components of wellness.

PHYL106   4 3 2 0 0
Survey of Physical Science   Core
Student is exposed to scientific method with an emphasis on elementary problem solving. Review of basic mathematics, the topics of weights and measures, mechanics, heat, gas laws, electricity, magnetism, sound, light and modern physics are covered.

*** *Adaptor Courses cannot be used to fulfill degree requirements*
**** *Adjunct Courses cannot be used to fulfill or substitute for required or option courses in any degree or diploma program*

COURSE DESCRIPTIONS

PHYL111   4 3 2 0 0
College Physics I   Core
This course is the first semester of a two semester sequence in non-calculus physics. Topics include forces, linear and rotational motion, energy, momentum, fluids, gases, and heat. PREREQUISITE: MATH123 or high school trigonometry

PHYL112   4 3 2 0 0
College Physics II   Core
Course is second semester of a two semester sequence in non-calculus physics. Topics include wave motion, sound, electricity, magnetism, optics and modern physics. PREREQUISITE: PHYL111 or equivalent

PHYL121   6 5 2 0 0
Classical Physics I   Core
Course is calculus based and intended for engineering and science majors. Topics include statics, dynamics, kinematics, fluid behavior, wave motion, vibrating systems, heat and thermodynamics. COREQUISITE: MATH129 or equivalent must be taken concurrently with or prior to this course

PHYL122   6 5 2 0 0
Classical Physics II   Core
This course is a continuation of Classical Physics I. Topics covered include static electricity, electrical circuits magnetism, time-dependent electric and magnetic fields, optics, and modern physics. PREREQUISITE: PHYL121 or equivalent; COREQUISITE: MATH130 must be taken concurrently with or prior to this course

PHYL401   3 2 2 0 0
Physics for Technicians   Voc/Tech
A physics course for students of technology. Topics include: forces, work, energy, heat, electricity and magnetism with a strong emphasis on practical applications. PREREQUISITE: MATH410 or equivalent

PLSC111   3 3 0 0 0
American National Government   Core
A study of the American political system and how and why the citizenry relate to the government as they do. Emphasis is placed upon the organization and functioning of the presidential, legislative and judicial subsystems.

PLSC112   3 3 0 0 0
State & Local Government   Core
Study of organization, operations and politics of state and local governments. Emphasis on an analysis of legislative, executive and judicial roles and processes.

PLSC121   3 3 0 0 0
World Politics   Core
International system is examined from several perspectives including United States, Russia, and China. Emphasis upon ideology, national interest, the use of power, international law and organization.

PLSC122   3 3 0 0 0
Comparative Political Systems   Core
Examination of the government and politics of such countries as Great Britain, Mexico, Germany, and Russia. Each nation is viewed in terms of its political culture, party system, executive, legislative, and legal organization.

PLSC126   3 3 0 0 0
Intro to Public Administration   Core
Study of the theory & practice of public administration examining alternate organizational theories & practices, personnel administration, problems of communications within organizations, and styles of leadership. Course emphasizes the interrelationships of professional and political influences on decision making

PSCH101   3 3 0 0 0
General Psychology   Core
A survey of psychology including theoretical and experimental findings and applications from areas such as neurobiology, learning, memory, personality, social, abnormal, and therapy.

PSCH103   3 3 0 0 0
Developmental Psychology   Core
The study of factors that affect human development from conception to death, with emphasis on topics such as physical, cognitive, and social changes, methods of study and current issues. Recommend PSCH101 be taken prior to this course.

PSCH104   3 3 0 0 0
Abnormal Psychology   Core
An introduction to the study of abnormal behavior, with emphasis on anxiety, depression, schizophrenia and personality disorders. Includes the dynamics of mental disorder along with the biopsychosocial factors involved in the etiology and treatment of disorders. Recommend PSCH101 be taken prior to this course.

PSCH105   3 3 0 0 0
Social Psychology   Core
This course surveys selected topics in social psychology including social perception, social influence, attraction, altruism aggression, persuasion, attitude formation, group processes, and applications of research to everyday situations.

PSCH106   3 3 0 0 0
Psych of Human Relations and Adj   General
Emphasizes awareness of factors inherent in human relationships and psychological adjustment patterns of individuals and groups. Effort is made to develop techniques of interpersonal relations and coping.

PSCH107   3 3 0 0 0
Principles of Behavior Modification   General
The principles of learning theory with a major emphasis on operant conditioning will be studied. Emphasis will be on the practical application of these principles to the areas of mental health, mental retardation and education.

PSCH108   3 3 0 0 0
Human Sexuality & Gender Roles   Core
This course provides students with definitive and precise information about the nature of human sexuality and gender roles. An interdisciplinary approach will be used to present a more comprehensive view, stressing the biological, social, and psychological aspects of sexuality and gender roles.

PSCH109   3 3 0 0 0
Educational Psychology   General
The principles of psychology applied to classroom teaching, with emphasis on such topics as development, learning, motivation, evaluation, adjustment, and educational techniques and innovations.

PSCH110   3 3 0 0 0
Stress and Stress Management   General
Basic instruction in understanding stress reactions, their causes and effects and theory and application of stress management techniques. Includes theories of stress and stress reduction, physiological/psychological reactions to stress, measurement of stress reactions, and application of stress reduction.

READ087***   3 3 0 0 0
Developmental Reading I   Adaptor
The first in a series of two courses designed to help students succeed with college-level reading assignments. Emphasis will be placed on vocabulary development and basic comprehension skills, particularly the skill of recognizing the main idea and supporting details. PREREQUISITE: Compass score of 35 or higher on COMR

READ088***   3 3 0 0 0
Developmental Reading II   Adaptor
For students who want to improve reading and reasoning skills for college work. Reading material includes newspaper and magazine articles as well as textbook passages. Emphasis is on strengthening comprehension and vocabulary. PREREQUISITE: READ087 or a Compass score of 57 or higher on COMR

READ116   3 3 0 0 0
Speed Reading   General
An advanced reading course designed to improve reading speed and comprehension. Emphasis on adapting to varying content, levels of difficulty, and reading purposes. PREREQUISITE: READ088 or a Compass score of 81 or higher on COMR or ACT score of 19 or higher on ACTR

RESP300   3 3 0 0 0
Fundamentals of Respiratory Therapy   Open
This initial course in the Respiratory Therapy program emphasizes the assessment and evaluation of patients. Also included will be a history of health care, medical specialties, communication skills, and medical terminology. Students must demonstrate skill in the assessment of patient vital signs. PREREQUISITES: CHEM131 and BIOL133 or BIOL134

RESP302   4 3 2 0 0
Gas, Humidity & Aerosol Therapy   Open
This course introduces the student to basic therapeutic techniques utilized in respiratory care. Major topics include medical gas therapy, humidity and aerosol, cylinder systems and physical principles of gases and liquids. Students will be required to demonstrate competence in the techniques to receive a passing grade in the course. PREREQUISITE: RESP300 must be taken concurrently with or prior to this course; COREQUISITE: RESP304

RESP304   4 3 2 0 0
Cardiopulmonary Therapeutics   Open
Students will learn basic patient care techniques of hyperinflation therapy, secretion clearance, airway care, patient assessment, pulmonary rehabilitation, subacute respiratory care and assessment of the effectiveness of therapies. Students will be required to demonstrate competence in procedures to succeed in course. PREREQUISITE: RESP300 must be taken concurrently with or prior to this course; COREQUISITE: RESP302

RESP310   5 5 0 0 0
Cardiopulmonary Renal Pathophys   Open
This course provides an in-depth study of the normal functioning of the cardiovascular, pulmonary and renal systems emphasizing their interactions. Progresses to study of the common adolescent and adult diseases affecting the three systems. Students will learn to interpret the results of arterial blood gas pH data. PREREQUISITES: RESP304, BIOL134 or BIOL154

RESP315   3 3 0 0 0
Respiratory Therapy Pharmacology   Open
Course provides a study of actions and interactions of drugs with and within the body. Students will learn theories of drug action, pharmacodynamics and methods for drug administration. Drugs affecting the cardiovascular, pulmonary and renal systems will be emphasized. PREREQUISITES: RESP304, BIOL134 or BIOL154

RESP320   5 4 2 0 0
Advanced Respiratory Therapy   Open
Techniques of initiation, monitoring, maintenance and discontinuation of mechanical ventilation in a variety of care settings will be learned. Students will develop skill in ABG analysis and electrocardiography. Adjuncts for advanced life support will be learned . Students will become proficient in the analysis of arterial blood gases and basic techniques of electocardiography. Students will learn the use of adjuncts for the treatment of cardiopulmonary arrest. PREREQUISITES: BIOL134 or 154, PHYL106, RESP310

RESP325   3 3 0 0 0
Neonatal/Pediatric Respiratory Therapy   Open
Embryonic development of the respiratory and cardiovascular systems will begin this course which progresses to the learning of normal function and a consideration of the common neonatal and pediatric diseases. Therapeutic techniques and monitoring of the patients will be learned. PREREQUISITES: BIOL134 or 154, RESP310

RESP330   3 3 0 0 0
Cardiopulmonary Diagnostics   Open
Principles and techniques of testing of cardiovascular and pulmonary function will be learned with an emphasis on the evaluation and interpretation of the results of the tests. Integration of test results with clinical picture with emphasis on therapeutics, and principles of polysomnography will be learned. PREREQUISITES: BIOL134 or 154, PHYL106, RESP310, 315

*** Adaptor Courses cannot be used to fulfill degree requirements
***** Adjunct Courses cannot be used to fulfill or substitute for required or option courses in any degree or diploma program

COURSE DESCRIPTIONS

RESP335   3 3 0 0 0
Respiratory Therapy Mgmt & Ethics   Open
Begins with study of the organization and management of a respiratory therapy department. Consideration of issues of jurisprudence and medicolegal aspects of health care. Tactful interactions and ethical practices will be emphasized. Will also serve to review much of what has been assimilated in the program. PREREQUISITE: RESP372

RESP352   4 2 0 8 0
Respiratory Therapy Practicum I   Open
This is the initial hospital experience. Consists of supervised care of patients with respiratory disorders. Students will administer IPPB, aerosol, postural drainage and incentive breathing therapies. Other therapeutic modalities which have been learned will be introduced as well. PREREQUISITE: RESP304 COREQUISITES: RESP310, 315

RESP362   5 2 0 10 0
Respiratory Therapy Practicum II   Open
This practicum will continue the supervised experience in provision of basic patient care techniques to therapies from practicum I. Arterial puncture, arterial line sampling and analysis of blood samples will be introduced. Suctioning of airways will be emphasized. PREREQUISITES: RESP 352

RESP372   7 2 0 16 0
Respiratory Therapy Practicum III   Open
This practicum continues supervised experience in basic therapeutic techniques with emphasis on increased speed and efficiency. Neonatal intensive care will be introduced. Students will continue development of skills in sampling and analyzing arterial blood. ECG and other cardiac diagnostic tests will be observed. PREREQUISITES: RESP325, 362

RESP382   7 2 0 16 0
Respiratory Therapy Practicum IV   Open
Hospital respiratory care with the addition of mechanical ventilation and care of patients in critical care units will complement the techniques from the prior practicums. Observation and performance of pulmonary function testing will be introduced. PREREQUISITES: RESP320, 372; RESP330 must be taken concurrently with or prior to this course

RESP392   5 2 0 120 0
Respiratory Therapy Practicum V   Open
The fourth clinical experience with emphasis on the care of patients in critical care areas of the hospital. All techniques and procedures previously performed will continue to be administered to patients. PREREQUISITES: RESP330, 382

SFTY301   3 3 0 0 0
Introduction to Safety Science   Voc/Tech
This course will cover the introduction to safety in business and industry. It will familiarize students with economic, social, environmental, ethical and regulatory pressures regarding occupational safety. Overview of physical safety, protection and chemical, biological, mechanical hazards.

SFTY302   3 3 0 0 0
Accident Invest & Worker Comp   Voc/Tech
This course addresses the requirements and important procedures regarding worker compensation laws and guidelines. The basics of worker compensation are emphasized including accident reporting, completing worker compensation forms, investigating accidents and implementing corrective actions.

SFTY310   3 3 0 0 0
Regulatory Safety Standards & Req   Voc/Tech
This course will cover the regulatory agencies and their standards to which all businesses are required to conform. Standards such as those promulgated by OSHA, EPA and ISO will be reviewed. Emphasis will be placed on understanding the regulations.

SFTY311   3 3 0 0 0
Safety Program Management   Voc/Tech
Course provides a background in creating, implementing and maintaining an effective safety program. Topics include effective management techniques of safety awareness, employee training, safety inspections and audits. Program development is stressed. PREREQUISITE: SFTY301

SFTY315   3 2 2 0 0
Ergonomics in the Workplace   Voc/Tech
Course provides students with the background for assessing proper ergonomic practices in any business. Emphasis is on prevention as well as investigation and corrective action. Focus includes back injury, cumulative trauma and repetitive motion disorders. PREREQUISITE: SFTY301

SFTY331   3 2 2 0 0
Industrial Hygiene-Chemical Haz   Voc/Tech
This course will address chemical and biological hazards in the work environment. Air sampling techniques and problem analysis is used to evaluate the workplace for airborne contaminants such as dusts, vapors, gases and fibers. Various body systems affected by these contaminants is also studied. PREREQUISITE: CHEM131, SFTY301

SFTY332   3 2 2 0 0
Industrial Hygiene-Physical Haz   Voc/Tech
This course will address physical hazards in the work environment. Instrumentation and problem analysis is used to evaluate the workplace for proper illumination, ventilation, temperature, noise levels and non-ionizing radiation. PREREQUISITE: SFTY301

SFTY390   4 1 0 90 0
Safety Science Internship   Voc/Tech
This course allows the student to demonstrate the knowledge and experiences gained through the safety science program. The internship must involve a faculty pre-approved business/industry. The student will conduct the project with the business/industry partner and present it to a panel of DMACC ATC faculty/industry   representatives   PREREQUISITE: SFTY311, 315

SOCY101   3 3 0 0 0
Introduction to Sociology   Core
The study of human interaction, groups and society. Topics included are culture, socialization, organizations, deviance, inequality, institutions, health, population, ecology, social change and research methods.

SOCY102   3 3 0 0 0
Social Issues   Core
This course is an analysis of the nature, dimensions, causes, and characteristics of selected social problems of major interest. Consideration is given to theories research and programs for prevention and treatment.

SOCY103   3 3 0 0 0
Courtship, Marriage & Family   Core
This course analyzes the sociological, physical, psychological, legal and economic aspects of the American family. Included are investigations of courtship and marriage relationships, preparation for marriage, family, parenthood, interpersonal relationships, and marital adjustment.

SOCY105   3 3 0 0 0
Race, Ethnic & Gender Relations   Core
This course is the study of the relations between racial, ethnic and gender categories. Focus on stereotypes, prejudices, discrimination and exploitation. Major emphasis upon group relations in the United States. SOCY101 is recommended

SOCY106   3 3 0 0 0
Juvenile Delinquency   General
An investigation of juvenile delinquency in American society, sociological theories and research of delinquency, impact of groups, juvenile justice system, and prevention programs. PREREQUISITE: SOCY101 or instructor permission

SOCY107   3 3 0 0 0
Criminology   General
The nature and extent of crime and criminality, society's efforts to control crime, theories of causation, emphasis on social processes, systems and methods of correction. PREREQUISITE: SOCY101 or instructor permission

SOCY204   4 4 0 0 0
Social Gerontology/Applications   Open
Societal aspects of aging as they relate to the delivery of services to the aging. Students will develop a project which serves a specific community need.

SOCY205   2 2 0 0 0
Issues in Aging   Open
This course will address the issues of aging: in transition, explore the conflicts of change, and examine the needs and strategies to best meet the demands and challenges presented to this fast-growing segment of our population.

SPAN101   4 4 0 0 0
Elementary Spanish I   Core
Development of the basic skills of understanding, speaking, reading, and writing Spanish. Grammar analysis, classroom conversational practice, and some exploration of the Hispanic culture.

SPAN102   4 4 0 0 0
Elementary Spanish II   Core
Continued practice of the four basic skills and grammar analysis. Introduction of short prose selections with conversational emphasis. PREREQUISITE: SPAN101 or instructor's permission

SPAN103   4 4 0 0 0
Intermediate Spanish I   Core
Review of essential grammatical constructions emphasizing major areas of difficulty for English speakers. Use of Hispanic cultural and literary materials to develop conversational skills. PREREQUISITE: SPAN102 or instructor's permission

SPAN104   4 4 0 0 0
Intermediate Spanish II   Core
Continued review of grammatical constructions using Hispanic cultural materials. Reading, writing and conversation will be emphasized in the context of cultural issues and current events. PREREQUISITE: SPAN103 or instructor's permission

SPCH110   3 3 0 0 0
Fundamentals of Speech   Core
Explores the fundamentals of speech-communication through the study and practice of interpersonal and small group communication and the composition and delivery of short speeches.

SPCH111   3 3 0 0 0
Public Communication   Core
Analysis, preparation, and practice of forms of public address with emphasis on critical thinking, audience analysis, speech composition and style, and nonverbal communication. PREREQUISITE: SPCH110

SPCH117   3 3 0 0 0
Interpersonal & Small Group Comm   Core
An introduction to interpersonal and group communication theories and their application in relationship development, conflict resolution, group problem solving, and group presentations.

SPCH119   3 3 0 0 0
Professional Communication   General
Communication theory applied to organizational settings in such forms as interviewing, group work; conflict resolution; and public, impromptu, and ceremonial speaking. Topics: organizational perspectives, leadership, power, intercultural diversity, nonverbal communication, and perception. PREREQUISITE: SPCH110 or 117 or permission of instructor

SURV310   3 3 0 0 0
Survey Drafting   Voc/Tech
This course includes the application of manual and computer-aided techniques in survey drafting. The topics include plat maps, topography, field notebook sketches, and property descriptions. Third party software will be utilized. PREREQUISITE: CET-390

SURV320   5 4 2 0 0
U.S. Public Lands Survey System   Voc/Tech
This course will develop a working knowledge of the United States Public Land Survey System and its application in Iowa surveying. Topics will include: the general plan; methods of surveying; the system of rectangular surveys; monumentation; restoration of lost or obliterated corners; resurveys; special surveys and special instructions; field notes; and plats. PREREQUISITE: CET-315

*** *Adaptor Courses cannot be used to fulfill degree requirements*
**** *Adjunct Courses cannot be used to fulfill or substitute for required or option courses in any degree or diploma program*

COURSE DESCRIPTIONS

SURV410   1 1 0 0 0
Safety in the Work Environment   Voc/Tech
This course will address the various safety hazards and causes of illness and injury in the work environment. Topics will include acceptable safety conduct and positive safety attitudes and practices, basic first aid techniques; proper traffic control procedures; avoiding the effects of temperature extremes; recognizing and avoiding hazardous materials; potential hazards from poisonous plants and animals; and ergonomic principles to prevent musculoskeletal disorders.

SURV415   2 2 0 0 0
Intro to Land Information Systems   Voc/Tech
An introduction to Land Information System and Land Records Research. Mapping information analysis compiled from country records for environmental protection, land uses, land values and the responsibility of the professional surveyor to a land information system will be covered. An introduction to LIS software will be included. PREREQUISITE: CET-320.

SURV420   3 1 4 0 0
Boundary Surveying   Voc/Tech
This course will develop a working knowledge of land boundary surveying including liability, professional stature, original surveys, apportionment procedures and description writing. Field work in both urban and rural settings will be performed. PREREQUISITE: SURV320

SURV425   2 2 0 0 0
Surveying Ethics   Voc/Tech
Introduction to ethical and business issues involved in the surveying profession. Case studies and problems included. PREREQUISITE: SURV320

SURV430   3 3 0 0 0
Land Subdivision   Voc/Tech
Covers different phases of the land development process: study financing of the project, site analysis, design of preliminary plat and a final plat. PREREQUISITE: MATH123

SURV435   5 4 2 0 0
Introduction to Geodesy   Voc/Tech
This course deals with concepts of astronomy and geodesy that are relevant to the practice of surveying. They include theory, field techniques, coordinate systems, gravity, and leveling; control surveys and networks; GPS surveying; an introduction to the figure of the earth and its geometric and physical characteristics; solar and Polaris observation; photogrammetry and computations involved in the determination of true north. PREREQUISITE: MATH123

SURV440   4 4 0 0 0
Boundary Law   Voc/Tech
This is an in depth course dealing with evidence and procedures used in the determination and location of property boundaries and recognized landlines. Laws and administrative rules relating to land surveying in the State of Iowa will be addressed. The role of the surveyor in issuing opinions regarding boundary locations and in resolving boundary disputes will be examined. PREREQUISITE: SURV420

TELE311   3 3 0 0 0
Basic Electricity/Electronic I   Voc/Tech
For beginners to solve basic electronic problems involving voltage, resistance and power. Relationship between electricity and magnetism, operation of resistors, meters, switches, relays, capacitors, inductors and batteries will be explained.

TELE312   2 2 0 0 0
Basic Electricity/Electronic II   Voc/Tech
For those who have an understanding of volts, Ohms, amps and series parallel circuits. Explain the difference between alternating current (AC) and direct current (DC), the AC generator; analyze simple AC currents, transformer action, series and parallel resonant circuits. May also be taken as a study course.

TELE316   2 2 0 0 0
Electronic Circuits   Voc/Tech
Basic and operational amplifiers, power supplies, oscillators, pulse circuits, and modulation. Must have prior knowledge in electricity/electronics. PREREQUISITE: TELE312

TELE318   3 3 0 0 0
Semiconductor Devices   Voc/Tech
N-type, P-type, PN junctions, diodes, zener diode, transistors, bipolar characteristics, field effect, thyristors, integrated circuits and opto electronics. Should have knowledge in AC/DC electronics.

TELE410   3 3 0 0 0
Telecommunications I   Voc/Tech
Provides an overview of telecommunications and covers basic telecommunications circuits, equipment and diagnostic procedures for lines, basic key systems, station carrier and associated equipment.

TELE411   4 0 8 0 0
Telecommunications Experience I   Voc/Tech
Provides hands-on experience in installation and fault isolation of lines and basic key systems, access and station data modification for a digital multiplex switch, basic cable counts and splicing procedures. COREQUISITE: TELE410

TELE420   4 4 0 0 0
Telecommunications II   Voc/Tech
Covers basic telecommunications equipment used by businesses and its connection to a switched public or private network. Covered subjects include electronic key systems, private branch exchange systems (PBX), trunks and associated equipment. Analog and digital communications and associated equipment are also covered. Experienced individuals may contact the instructor to gain admittance to this course. PREREQUISITES: TELE410

TELE421   4 0 8 0 0
Telecommunications Experience II   Voc/Tech
Provides hands-on training on a private branch exchange system, and user data modification for a digital central office switch, digital key systems and associated equipment. Experiences include wiring, call routing, fault isolation, and modular splicing. PREREQUISITES: TELE411; COREQUISITE: TELE420

TELE430   3 3 0 0 0
Telecommunications III   Voc/Tech
Covers advanced digital switching principles and practices, system configuration, and diagnostic procedures common to digital central office switching systems and private branch exchanges. Experienced individuals may contact the instructor to gain admittance to this course. PREREQUISITE: TELE420

TELE431   4 0 8 0 0
Telecommunications Experience III   Voc/Tech
Provides hands-on learning experience in system configuration, operation & diagnostic procedures using a digital central office switching system, private branch exchanges, fiber optic multiplexors and intelligent channel banks. PREREQUISITE: TELE421; COREQUISITE: TELE430

TELE432   3 3 0 0 0
Data Communications   Voc/Tech
An introduction to data communications and data networks. Includes digital communications, analog communications LAN, WAN and Packet Networks. PREREQUISITES: TELE420

TELE440   3 3 0 0 0
Telecommunications IV   Voc/Tech
Covers new and emerging technologies including LSDN, SONET, XDSL, Frame Relay, ATM, STM, wireless and computer telephony technologies. Experienced individuals may contact the instructor to gain admittance to this course. PREREQUISITES: TELE430. It is recommended that students take ELEM462 prior to this course.

TELE441   4 0 8 0 0
Telecommunications Experience IV   Voc/Tech
Provides hands-on learning experiences on digital carrier, twisted pair and fiber optic facilities, point to point and switched data circuits, DMS-10M, and local area networks. PREREQUISITES: TELE431.

TOOL475   4 2 4 0 0
Machining - Electromechanical Tech   Voc/Tech
A basic course in machine tool use.

TOOL480   2 0 4 0 0
Blueprint Reading I
A beginning and intermediate blueprint reading course covering basic visualization of shapes and sizes, and freehand sketching of objects. Includes section lining, print alterations and projections.

TOOL481   3 1 4 0 0
Blueprint Reading II   Voc/Tech
An advanced blueprint reading course involving study of industrial metal work drawings as they apply to planning and laying out of jigs and fixtures. PREREQUISITE: TOOL480

TOOL482   2 1 2 0 0
Machine Shop Measurements I   Voc/Tech
A study of measurements as used in industry. Units of instruction include tools, gauges, comparators, gauge blocks, and inspection practices.

TOOL484   3 3 0 0 0
Machine Tool Operations I   Voc/Tech
Machine shop procedures beginning with hand tools and benchwork. Lecture on safety, layout, and tool grinding operations on saws, drill press, and lathes.

TOOL485   4 4 0 0 0
Machine Tool Operations II   Voc/Tech
Theoretical procedures of the vertical and horizontal milling machines. PREREQUISITE: TOOL484

TOOL486   5 0 10 0 0
Machine Tool Operations Lab I   Voc/Tech
Machine shop procedures beginning with hand tools and benchwork. Lab activities in safety, layout and tool grinding operations on saws, drill press, and lathes. PREREQUISITE: TOOL484 must be taken concurrently with or prior to this course

TOOL487   7 0 14 0 0
Machine Tool Operations Lab II   Voc/Tech
Practical experience with the following machine shop equipment: vertical and horizontal milling machines. PREREQUISITE: TOOL485 must be taken concurrently with or prior to this course. PREREQUISITE: TOOL486

TOOL489   2 1 2 0 0
Heat Treatment of Materials   Voc/Tech
Introduction to physical and mechanical characteristics of metals directly associated with area of heat treatment. Also structure and composition of metals, testing, hardening, tempering and annealing.

TOOL490   7 0 14 0 0
Machine Tool Operations Lab III   Voc/Tech
Practical experience with surface grinders. Writing programs for and running CNC Mill and CNC Lathe. PREREQUISITE: TOOL487; TOOL491 must be taken concurrently with or prior to this course.

TOOL491   4 4 0 0 0
Machine Tool Operations III   Voc/Tech
Theoretical explanation of procedures in surface grinding. CNC lathe and milling and manual programming of CNC mill. PREREQUISITE: TOOL485

TOOL497   1 0 2 0 0
Basic Lathe Operation   Voc/Tech
This course covers set-up and operation of the metal lathe including lathe parts, materials and safety procedures.

TOOL498   1 0 2 0 0
Vertical Mill Operation   Voc/Tech
Vertical mill operation is explained and reinforced with practical experience using vertical milling machines.

*** Adaptor Courses cannot be used to fulfill degree requirements
**** Adjunct Courses cannot be used to fulfill or substitute for required or option courses in any degree or diploma program

2001-2002

COURSE DESCRIPTIONS

UPHL433   3 0 6 0 0
Auto Upholstery Installation   Voc/Tech
Automobile upholstery and interior trim must be
removed and replaced to facilitate access for auto col-
lision repairers. Types of interior and exterior uphol-
stery and trim and their removal, repair and replace-
ment will be studied in the lab. Also removal,
replacement and adjustment of outer automobile
panels, to include proper fit and wind noise and
water leak testing. PREREQUISITES: AUTC403,
HLCR314, WELD468

WELD460   3 2 0 0 0
Related Welding-Industrial Maint   Voc/Tech
A related welding course for industrial maintenance
techniques to include the following topics. Theory and
oepration of welding equipment related safety issues,
metallurgy and related properties.

WELD467   2 0 4 0 0
Related Welding-Industrial Maint   Voc/Tech
A related welding course for industrial maintenance
technicians to include the following topics: theory and
operation of welding equipment, related safety issues,
metallurgy and related properties.

WELD468   2 0 4 0 0
Related Welding/Auto Collision   Voc/Tech
Basic skills will be developed in oxygen-acetylene
fusion welding and flame cutting. Gas Metal Arc
(MIG) welding equipment; and attain basic under-
standing of procedures related to auto collision area.
Safety is emphasized.

WELD473   2 0 4 0 0
Oxygen-Acetylene Weld/Cutting   Voc/Tech
Skills will be developed in oxy-acetylene welding,
cutting and repair. Safety is emphasized.

WELD474   2 0 4 0 0
Shielded Metal Arc Welding I   Voc/Tech
Skills will be developed in welding beads and build-
up surfacing in the flat position. Safety is emphasized.

WELD478   3 0 6 0 0
Shielded Metal Arc Welding II   Voc/Tech
Skills will be developed in welding multiple pass tee
fillet welds in the horizontal position. Safety is em-
phasized. PREREQUISITE: WELD474

WELD479   2 0 4 0 0
Shielded Metal Arc Welding III   Voc/Tech
Skills will be developed in welding corner fillet joints,
weld arounds, and sheet metal weldments in the flat
position. Safety is emphasized. PREREQUISITE:
WELD478

WELD481   3 3 0 0 0
Blueprint Reading   Voc/Tech
The basic skills needed to read shop drawings (in-
cluding welding symbols) will be learned. PREREQ-
UISITE: MATH410

WELD483   2 0 4 0 0
Gas Metal Arc Welding   Voc/Tech
Practical application in the use of the gas metallic arc
welding process including submerged arc and flux
cored arc. Safety is emphasized.

WELD486   3 0 6 0 0
Shielded Metal Arc Welding IV   Voc/Tech
Skills will be developed in welding beads, buildup
surfacing, and fillet weldments in the horizontal posi-
tion. Safety is emphasized. PREREQUISITE:
WELD479

WELD487   3 0 6 0 0
Shielded Metal Arc Welding V   Voc/Tech
Skills will be developed in welding fillet joints in the
vertical downhill and vertical uphill position. Safety
is emphasized. PREREQUISITE: WELD486

WELD488   2 0 4 0 0
Shielded Metal Arc Welding VI   Voc/Tech
Skills will be developed in welding fillet joints in the
overhead position. Air carbon arc gouging and plas-
ma arc cutting will also be practiced. Safety is empha-
sized. PREREQUISITE: WELD487

WELD493   2 0 4 0 0
Gas Tungsten Arc Welding   Voc/Tech
A course to develop skills in the gas tungsten arc
welding process using mild steel, stainless steel and
aluminum. Safety is emphasized. PREREQUISITE:
WELD473

WELD497   2 0 4 0 0
Adv Shielded Met Arc Welding I   Voc/Tech
Skills will be developed in welding and testing vee
groove joints in the flat and horizontal positions.
Safety is emphasized. PREREQUISITE: WELD488

WELD498   3 0 6 0 0
Adv Shielded Met Arc Welding II   Voc/Tech
Skills will be developed in welding and testing in the
vertical and overhead positions. Safety is empha-
sized. PREREQUISITE: WELD497

WELD499   3 0 6 0 0
Intro-Shield Met Arc Pipe Welding   Voc/Tech
Welding practice and testing on open groove plate
weldments in the 1G, 2G, 3G, and 4G positions, and,
as time permits, on pipe weldments in the 2G, 5G, and
6G positions. Safety is emphasized. PREREQUISITE:
WELD498

COURSE DESCRIPTIONS

FACULTY/STAFF

Adhav, Jagdeesh, 1980, *English as a Second Language. B.A., University of Pona; M.A., Drake University*

Alberts, Mark, 1983, *Mathematics. B.S., Northwest Missouri State; M.S., Western Illinois University; Iowa State University*

Albertson, Marcia, 1974, *P.C. Applications. B.A., University of Northern Iowa*

Alexander, Jeffrey H., 1998, *Computer/Information Technology. University of Iowa; Drake University*

Allbee, Dawn M., 1995, *Child Development Specialist. A.S., Des Moines Area Community College*

Amdahl, Maynard, 1978, *Tool & Die. Diploma, Dunwoody Industrial Institute; Certificate, U.S. Department of Labor Journeyman Tool & Diemaker*

Anderson, Robert L., 1974, *Hospitality Careers. A.O.S., Culinary Institute of America; Mankato Area Vocational Technical Institute; C.C.E.; C.E.C.*

Anderson, Ron D., 1999, *HVAC. A.A., Arapahoe Community College; B.S. University of Colorado-Denver*

Arbuckle, John, 1969, *Electronics. A.A.S., B.S., M.S., Iowa State University*

Baker, Dorothy, 1986, *Counselor. B.S., Upper Iowa University; M.S. Drake University*

Barrett, Larry, 1988, *Respiratory Therapy. A.A.S., Des Moines Area Community College; B.S., Iowa State University*

Beck, Thomas, 1970, *Political Science. B.A., Wartburg College; M.A., University of Northern Iowa*

Bell, Deborah P., 1987, *Dental Assistant. A.A., A.S., Des Moines Area Community College*

Bendy, Steve J., 2000, *Desktop Publishing. B.F.A., B.S.Ed., University of Nebraska*

Bennett, James, 1980, *Data Processing. B.S., Northwest Missouri State University; A.A., Des Moines Area Community College; Iowa State University*

Bergin, Timothy M., 1996, *Biology. B.S., Kansas State University; M.S., University of Nebraska-Lincoln; Ph.D., Bowling Green State University*

Bisat, Talal A., 2001, *Accounting. B.S.B.A., M.B.A., Ph.D., American University*

Bishop, Patrick J., 1995, *Diesel. A.A.S., Des Moines Area Community College; Iowa State University*

Bittner, James W., 1990, *English. A.B., University Illinois; M.A., Southern Illinois University; Ph. D., University of Wisconsin*

Bittner, Sharon G., 2000, *Supervisor of Student Support Services. B.S., Indiana StateUniversity; M.A., Drake University*

Blanchfield, Sylvia Louise, 1988, *Nursing. B.S., Walla Walla College; M.S.N., Drake University*

Booth, Connie, 1982, *Nursing. B.S.N., Creighton University; M.S.N., University of Nebraska Medical Center*

Borgen, Joseph, 1981, *President. B.S., M.S., Stout State University; Ph.D., University of Illinois*

Boulware, Anna M., 1998, *Business Administration. B.S., B.S., M.B.A., University of Kansas*

Bova, Craig A., 1992, *English/Volunteerism. B.A., Wartburg College*

Bradley, Jane, 1996, *Biology. A.S., Seminole State University; B.S., Oklahoma State University; M.S., University of Oklahoma*

Brand, Sonja K., 1995, *Academic Achievement Center. B.S., Northwest Missouri State University*

Brandmeyer, Vivian, 1974, *Academic Dean, Business/Management. B.A., University of Northern Iowa; M.A., Viterbo College; Iowa State University*

Brend, Joseph, 1998, *Building Trades.*

Briles, Dory L., 1999, *Senior Vice-President, Development. B.G.S., M.A., A.B.D., University of Iowa*

Brockelsby, John W., 1987, *Business Administration. B.G.S., University of Nebraska at Omaha; M.A., Webster University*

Brown, Georgia K., 1971, *Academic Achievement Center. B.A., Simpson College; M.S.E., Drake University*

Brown III, Cyrus J., 1996, *Mathematics. B.A., Louisiana State University; M.A., University of Nebraska-Lincoln*

Butin, Patricia, 1992, *Coordinator, Veterans/Scholarships. A.A., Des Moines Area Community College; B.A., Drake University*

Calkin, Jeffrey B., 1988, *Automotive Technology.*

Campbell, Karen J., 1999, *Medical Laboratory Technology. B.A., M.A.T., Drake University*

Campos, Kyle Ann, 1988, *Psychology. B.F.A., M.S., M.S., Drake University*

Carroll, Barbara, 2000, *Educational Advisor. B.S., University of Iowa; M.S., Winona State Universtiy*

Carson, Linda A., 1972, *Child Development. B.S., M.S. Iowa State University*

Cash-Wiese, Lisa, 1990, *Educational Advisor. B.A., University of Northern Iowa*

Chacko, Sandra J., 1980, *Nursing. R.N., Iowa Lutheran Hospital School of Nursing; B.S.N., M.A., University of Iowa; Ph.D., Iowa State University*

Chapman, Richard, 1970, *English. B.A., M.A., University of Iowa*

Chase, Hal S., 1989, *History. B.A., Washington & Lee University; M.A., Stanford University; Ph.D., University of Pennsylvania*

Cherry, Michael R., 2000, *Safety/Fire Science. A.A., Des Moines Area Community College; B.A., Simpson College*

Chopard, Lois, 1987, *Educational Advisor. B.A., University of Northern Iowa*

Christman, Rick L., 1989, *English. B.A., University of Wisconsin-Madison; M.A., Mankato State University; D.A., Drake University*

Claassen, Alan D., 1983, *Academic Achievement Center. B.A., University of Northern Iowa*

Clauson, Larry, 1974, *Counselor. B.A., University of Northern Iowa; M.S., Drake University; University of Iowa; Iowa State University*

Clauson, Linda, 1987, *Instructional Assistant. B.A., Drake University*

Cleveland, Ole S., 1995, *Agri-Business. A.A., Waldorf College, B.S., Iowa State University*

Clinkenbeard, Theodore, 1969, *Mathematics. B.A., Yankton College; M.A., University of South Dakota*

Collier, Kenneth, 1971, *Welding. Des Moines Area Community College; Iowa State University*

Conis, Peter J., 2000, *Sociology. A.A., Des Moines Area Community College; B.S., M.S., Ph.D., Iowa State University*

Corwin, Marilyn K., 1984, *Dental Hygiene. B.A., University of Iowa; Drake University; Iowa State University*

Cory, Cynthia, 1980, *Nursing. B.S.N., University of Iowa; M.S.N., Clarkson College*

Crall, Kathleen, 1983, *Business/Management Support Systems. B.S., University of Northern Iowa; M.A., Colorado State University; University of Wisconsin, Superior; Drake University; University of Iowa*

Crenshaw, Lynn E. 1990, *International Student Advisor. B.A., University of Toronto; M.Div., Phillips Theological Seminary*

Cullinan, Thomas E., 1992, *Biology. B.A., University of Northern Iowa; M.A., Iowa State University*

Dally, Judith, 1973, *Child Development. B.S., Iowa State University*

Davey, James, 2000, *Criminal Justice. B.S., Central Missouri State University; M.P.A., University of Nebraska, Omaha*

DeHart, Rebecca L., 1998, *Director, Community Education. B.S. Milligan Christian College; M.Ed., Iowa State University; Ed.S., Drake University; Ph.D., Iowa State University*

DeJong, Alice L., 2001, *Correctional Education Program. B.A., Central University*

DeJongh-Slight, Lori K., 1999, *Academic Achievement/Coach, Women's Athletics. B.S., Buena Vista University; Iowa State University*

Delaney, Michael, 1972, *Sociology. B.A., St. Joseph's College; M.A., Northern Illinois University*

Dickson, Valree M., 1992, *Nursing. Diploma, Marshalltown Community School of Nursing; B.S.N., Grand View College; M.S.N., Drake University*

Diercks, Lois M., 1997, *Nursing. B.S.N., University of Iowa; M.S., University of Kansas*

Dimit, Catherine M., 1991, *Lab Assistant. B.A., Grand View College*

Dodds, Jack G., 1992, *Accounting. A.A., Phoenix College; B.A., Northern Arizona University; M.B.A., Western Illinois University; University of Iowa; Iowa State University; CPA; CIA; CGFM; CMA; CFE; CFSA; EA-IRS; CFM; CPP; CCM.*

Doidge, Mary, 1986, *Child Development. B.S., Iowa State University*

Doran, John M., 1980, *Mathematics. B.A., University of Northern Iowa; M.A., San Diego State University*

Doron, Bonne B., 1994, *English. A.A., Colby-Sawyer College; B.A., M.A., East Texas State University; Ph.D., Texas Woman's University*

Doud, Tim J., 1999, *Commercial Horticulture. B.S., Iowa State University*

Dowie, Lori K., 1986, *Hospitality Careers. A.A.A., Des Moines Area Community College*

Doyle-Eddy, Judith, 1974, *Nursing. Diploma, West Suburban Hospital; B.S.N., University of Dubuque; M.S.N., University of Minnesota; Iowa; Cedarville College; Marycrest College*

Drinnin, Beverly, 1983, *Psychology. B.S., M.Ed., University of Illinois*

Eischeid, Diane, 1992, *Lab Assistant. Certificate, Des Moines Area Community College*

Emley, Bob, 1990, *Psychology. B.A., Central College; M.S., Drake University; Iowa State University; University of Iowa. R.P.R.P., L.M.H.C.*

Emmerson, Janet E., 2000, *Adult Basic Education. B.F.A., University of Wisconsin, Milwaukee*

Entz, Mary J., 1992, *Coordinator, ABE/HSE/ESL. B.A., M.A., University of Iowa*

Erickson, Ron, 1993, *LAN Equipment Specialist. A.A.S, Iowa State University.*

Esbeck, David M., 1985, *Library Technician. B.A., M.A., University of Iowa*

Ethington, Lisa., 1993, *Physical Sciences. A.A., Des Moines Area Community College; B.A., University of Northern Iowa; M.A., Drake University*

Eubank, Cynthia C., 1987, *Nursing. B.A., Central College; M.Ed., East Carolina University; B.S.N., Grandview College; M.S.N., Drake University*

Fara, Kimberly J., 1991, *Academic Achievement Center. B.S., University of Iowa; M.S.E., Drake University; University of Northern Iowa*

Fetters, Alicia L., 1993, *Total Quality Management. B.S., M.S., Iowa State University*

Fowler, Katherine M., 1998, *Nursing*

Frazer, Doug L., 1993, *Educational Advisor. A.L.S., Black Hawk College; B.A., M.S., Ed.D., Drake University*

Friess, Ciel A., 1993, *Coordinator, Outreach Services. A.S., Des Moines Area Community College; B.A., Grand View College; M.S.E., Drake University*

Frohling, Judith, 1987, *Instructional Assistant. B.S., Northeast Missouri State University*

Gaines, Peggy, 1971, *Academic Achievement Center. A.A., Des Moines Area Community College; B.S.E., M. S.E., Drake University*

Gano, Barbara, 1989, *Nursing. R.N., St. Joseph Mercy School of Nursing; B.S.N., University of Iowa; M.S.N., Drake University*

Gardner Marvin., 1999, *Data/Computer Science. B.S., M.A., University of Iowa*

Garvey, Patrick, 1974, *Chemistry. B.S., DePaul University; M.S., Iowa State University*

Gatzke, Michael L., 1997, *Architectural Drafting. B. Arch., Iowa State University; Assoc. AIA; CDT; ACP.*

Gavin, David, 1999, *English. B.A., Portland State University, M.F.A., University of Arkansas*

George, Kerry, 1977, *Respiratory Therapy. B.S., University of Illinois; University of Chicago Hospital and Clinic Schools; University of Iowa; Iowa State University*

George, William, 1996, *HVAC. Iowa State University*

Giese, Barbara J., 1987, *Associate Dean, West Campus. B.S.E., Central Missouri State University; M.A., University of Northern Colorado*

FACULTY/STAFF

Gilbert, Jr., Fred D., 1987, *Executive Dean, Urban Campus. B.A., Dillard University; M.Ed., Loyola University; Ph.D., Iowa State University*

Giudicessi, Richard, 1980, *Marketing. B.B.A., University of Iowa*

Glassman, Donald L., 1998, *Biology. B.S., M.S., University of Maryland; D.V.M., University of Minnesota*

Gocken, Raymond D., 1992, *Electronics. B.S., Iowa State University; Illinois Institute of Technology*

Goode, Terry L., 1989, *Diesel. A.A.S., Des Moines Area Community College*

Gorman, William G., 1989, *Diesel. A.A.S., Des Moines Area Community College; Iowa State University; Drake University*

Granseth, George J., 2000, *Architectural Millwork. B.A., University of Iowa*

Granstra, Patricia R., 1997, *English. B.A., Buena Vista College; M.A., University of South Dakota*

Grattan, Helen G., 1985, *Management Support Systems. M.A., Andrews University, Michigan*

Green, Mary Jane, 1985, *Management Support Systems. B.A., Buena Vista College, M.A., University of Northern Iowa*

Greimann, David L, 1988, *Computer Science/Information Technology. B.A., University of Northern Iowa; M.S., Drake University*

Griffith, Judi A, 1999, *Computer/Information Technology. B.S., B.G.S., Northern Illinois University*

Grimm, Carol, 1986, *Counselor. B.A., Quincy College ; M.Ed., University of Illinois; Iowa State University*

Gullion, Jeff H., 1998, *Computer Science/Information Technology. B.S.B.A., M.B.A., Drake University*

Habermann, Patrick J., 1997, *Ford Motor Project. Diploma, Wyoming Technical Institute; Diploma, Iowa Central Community College; Iowa State University*

Halverson, Patricia, 1979, *Director, Academic Achievement. B.S., University of South Dakota; M.S., Illinois State University*

Hann, Bruce, 1969, *English/Speech Communication. B.A., Simpson College; M.A., University of New Mexico; Ed.S., Drake University*

Hann, Sharon, 1983, *Art. B.A., University of Northern Iowa; M.A., University of New Mexico*

Hansen, Barbi N., 1994, *STRIVE. B.S., Iowa State University; M.A., University of Iowa; Drake University*

Hansen, Dennis, 1973, *Business Administration. B.B.A., University of Iowa*

Hansen, Paula, 1989, *Business Administration. B.S., University of South Dakota; M.A., Western Michigan University*

Hanson, Dennis L., 1996, *Diesel. B.S., Iowa State University*

Harris, Rudolph, 1972, *Sociology. B.A., Bemidji State University,; M.A., University South Dakota; University of North Dakota; Howard University; Iowa State University*

Harstad, Ruthanne, 1989, *English. A.A., Kirkwood Community College; B.A., University Without Walls; M.A., Ed.S., University of Iowa*

Hauser, David W., 1992, *Philosophy. B.A., M.S., Iowa State University; M.A., University of Arizona; Ph.D., Duquesne University*

Hauser, Judith A., 1996, *English. B.F.A., Drake University; M.A., Florida State University; M.A., Iowa State University*

Hawkins, DeLores W., 1999, *Director of Financial Aid. B.S., M.S., Iowa State University.*

Headley, Patricia L., 1994, *Coordinator, HCOP. B.S., University of Iowa; M.S.E., Drake University*

Hedrick, Dale A., 1999, *Lab Assistant. Diploma, Des Moines Area Community College*

Heimbaugh, Nancy J., 1977, *Educational Advisor. B.S. Ed., Drake University*

Helgeson, A. Scott, 1994, *Biology. B.A., M.A., University of Nebraska*

Hemenway, Horace Eli, 1991, *Biology. A.A., Worthington State Junior College; B.S., Mankato State University; M.S., University of Minnesota*

Hendrick, William, 1979, *Automotive Technology. A.A.S., Des Moines Area Community College*

Herrmann, Jane M., 1990, *Executive Director, Continuing and Distance Education. B.S., Iowa Wesleyan College*

Heuer, Karen K., 1976, *Marketing. B.S., Iowa State University*

Heysinger, Sue, 1986, *Counselor. B.A., American University; M.A., University of Iowa*

Hildreth, Shelby., 1999, *College Recruiter. A.A., Des Moines Area Community College.; B.A., Upper Iowa University*

Hilgers, Daniel, 1983, *Business Administration. B.S., Moorehead State University; M.S., Emporia State University*

Hill, Sherry, 1991, *Educational Interpreter. A.A.S., Iowa Western Community College*

Hitesman, William L., 2000, *Executive Dean, Boone Campus. Diploma, Northeast Iowa Community College; B.S., Winona State University; M.Ed., Iowa State University*

Hofferber, Barbara A., 1987, *Nursing. B.S., R.N., Fort Hays Kansas State College; M.N., Wichita State University*

Hoffman, Dean R, 1998, *Integrated Manufacturing*

Hoffman-Toubes, Rose M., 1988, *English/Journalism. B.S.E., M.A., Drake University*

Hollinrake, William J., 1999, *Computer Programming/Information Technology. B.B.A., Iowa State University, M.S.E., Drake University*

Holmes, Patricia H., 1972, *Accounting. B.A., Simpson College; M.A., Iowa State University; Des Moines Area Community College; Drake University; Iowa State University; University of Iowa; New York University; CPA*

Howell, Amy, 1999, *Educational Advisor. B.S.W., University of Northern Iowa*

Hupfer, A. Michael, 1997, *Vice President, Human Resources. B.S.E., M.A., Truman University; Ph. D., Iowa State University; J.D., Northern Kentucky University*

Husak, Sheri, 1976, *Educational Advisor. A.S., Des Moines Area Community College; Iowa State University*

Hutchison, Alan J., 1988, *English. A.A., Iowa Central Community College; B.A., University of Northern Iowa; M.A., D.A., Drake University*

Jackson, Kim, 1998, *Career and Academic Specialist*

Jedele, Randall E., 1993, *English. B.A., Western Kentucky University; M.A., Eastern Kentucky University*

Johnson, Delores, 1970, *Commercial Art. B.S., Iowa State University*

Johnson, Faye, 1983, *Director, Student Development. B.A., University of Northern Iowa; M.S., Iowa State University*

Johnson, Jean T., 1999, *Academic Achievement Center. B.A., University of Northern Iowa, M.A., University of South Dakota*

Johnson, Roslea, 1974, *Human Services. B.A., Berea College; M.S., University of Kentucky; Colorado State University; Iowa State University; University of Iowa*

Kayser, Lori J. , 1990, *Educational Advisor. B.A., Briar Cliff College*

Kelly, Bruce, 1988, *Political Science/History. B.A., Kearney State College; M.A., Iowa State University*

Kelly-Benck, Lora M., 1988, *Coordinator, Iowa New Choices. B.A., Wartburg College; M.S., Iowa State University*

Kenealy, Larry J., 1997, *Counselor. B.A.E., M.S.E., Wayne State College*

Kessler, Vicky B., 1988, *STRIVE. B.S., Iowa State University; M.A., Drake University*

Keul, Ralph, 1969, *Data Processing. B.A., Drake University; M.S., Ph.D., Iowa State University*

Kirschman, Kim, 1999, *Director, Student Affairs/Registrar. B.S., Northern State University; J.D., University of South Dakota*

Klaver, Sheila R., 1989, *Instructional Assistant. B.S., Iowa State University*

Klinker, Janet R., 1979, *Management Support Systems. B.S., Drake University*

Knorr, Lou Ann V., 1985, *Management Support Systems. B.A., Concordia College; M.A., Moorehead State University; Bemidji State University*

Knott, James E., 1987, *Executive Dean, Carroll Campus. B.A., Buena Vista College; M.A., Drake University*

Knowles, Keith A., 1987, *Educational Advisor. B.A., Adrian College*

Knutsen, Monna M., 1986, *Management Support Systems. B.A., University of Northern Iowa*

Kockler, Lois M., 1988, *Mathematics. B.S., Valpar-aiso University; M.S., Ph.D., Iowa State University*

Krick, Frederick M., 1988, *Lab Assistant. A.A., Des Moines Area Community College; B.A., M.A., Drake University*

Krogh, Beth, 1990, *Mathematics/Science. B.A., University of Northern Iowa*

Krumhardt, Barbara, 1990, *Biology. M.T., Mercy Hospital; B.S., Ph.D., Iowa State University*

Lambert, Kenneth N., 2000, *Data/Computer Science. B.S., California State Polytechnic University*

LaVille, Janet, 1991, *English. B.S., Northwest Missouri State University; M.A., Iowa State University*

Lawyer, Catherine, 1990, *Librarian/Media Specialist. B.A., Mt. Marty College; M.S., Iowa State University*

Leetch, John, 1990, *CADD Technology. A.S.M.E.T., Scott Community College; Palmer Junior College; Kirkwood Community College; University of Iowa; Iowa State University*

Leggett, Sandra K., 1980, *Dental Hygiene. R.D.H., University of Iowa; B.G.S., Drake University; M.A., University of Northern Iowa*

Lenihan-Clark, Vickie L., 1986, *Nursing. B.S.N., Grand View College; M.S.N., Drake University*

Leonardi, James W., 1997, *Correctional Education Program. B.A., Drake University*

Liepa, John, 1985, *History. B.S., M.A., Iowa State University*

Linduska, Kim J., 1981, *Senior Vice President, Academic Affairs. B.A., Augustana College; M.S., Iowa State University*

Lonsdale, Mary, 1977, *Coordinator, Student/Alumni Activities. A.S., Des Moines Area Community College*

Loos, Jim, 1997, *Music. B.M., University of Iowa; M.A., University of Northern Iowa*

Loss, Florence, 1974, *Psychology. B.S., B.A., M.S., Creighton University, Ed. D., Drake University*

Lowry, Dennis W., 1988, *Auto Collision. Iowa State University; University of Iowa; University of Northern Iowa; Drake University; Indian Hills Community College*

Luloff, Terry, 1990, *Math/Science., B.A., Wartburg College; M.S.E., Drake University*

Macklin, Sandra, 1985, *Child Development Specialist. A.A., Des Moines Area Community College; B.A., University of Northern Iowa; Iowa State University*

Mann, Robert S., 1975, *English. B.A., M.A., Ed.S., University of Iowa*

Markow, Suzanne K., 2000, *Information Technology. B.A., Central College; M.B.A., Drake University*

Marmon, James, 1981, *Automotive Technology. A.A.S., Des Moines Area Community College*

Martin, Cynthia J., 1995, *Chemistry. B.A., University of Northern Iowa; M.S., University of Iowa*

Martin, Gregory C., 1996, *Vice President, Information Solutions. A.A., Des Moines Area Community College; B.A., University of Northern Iowa*

Martino, Jane Harris, 1996, *Psychology. B.A., Clarke College; M.A., University of Iowa; Ph.D., Iowa State University*

ADMISSION CHECKLIST

ADMISSION PROCEDURES CHECKLIST

Full-time student enrollment (12 or more credits fall and spring semester; 8 or more credits summer semester.)

GENERAL PROCEDURES
Check when complete

☐ Schedule a campus visit.
Call 1-800-362-2127

☐ Schedule a meeting with a DMACC advisor or counselor to determine which DMACC program is right for you.

> **To make an appointment call:**
>
> Ankeny Campus..............515-964-6246
> Boone Campus..............515-432-7203
> Carroll Campus.............712-792-1755
> Newton Campus 641-791-3622
> Urban Campus 515-244-4226
> West Campus 515-225-2575

ADMISSION CHECKLIST

☐ 1. Send a completed admission application to the DMACC Admission Processing Office. Be sure to indicate your intended major and the campus you wish to attend.
Admission Processing Office
Des Moines Area Community College
2006 S. Ankeny Boulevard
Ankeny, IA 50021

☐ 2. Submit an official copy of either your high school transcripts or GED scores, and/or tran scripts showing previous college credits to the DMACC Admission Processing Office.

☐ 3. Complete the required assessment.
(See Assessment Section for details.)

☐ 4. Complete necessary program entry requirements. (Refer to Program Section to determine if your program has specific entry requirements.)

☐ 5. Attend an Orientation/Registration session. (Refer to Orientation/Registration Section.)
Note: The DMACC Admission application is separate from the financial aid application (FAFSA).

FINANCIAL AID CHECKLIST
Check when completed

☐ 1. Complete the Free Application for Federal Student Aid (FAFSA) form any time after January 1.

The FAFSA can be filed on the Internet at the following website: http://www.fafsa.ed.gov

You may be eligible for the following grants:
- Pell Grant
- Supplemental Education Opportunity Grant (SEOG)
- DMACC Grant
- Iowa Vocational Technical Tuition Grant (IVTTG)*
- Iowa Grant
* Career education students should note a July 1st FAFSA filing deadline for Iowa Vocational Technical Tuition Grant consideration.

☐ 2. Within 4-6 weeks of the postmark date, you will receive a Student Aid Report (SAR), confirming the information you reported on your financial aid application.
Please review the SAR for accuracy and, if changes need to be made, you may submit your SAR to DMACC's Financial Aid Office for corrections.

☐ 3. When you receive the initial information letter from DMACC's Financial Aid Office and if they are requesting additional information, please return the requested information immediately.

After your financial aid information has been con firmed, you will receive a financial aid award letter. A William D. Ford Direct Loan may be processed through the DMACC Financial Aid Office. An application will be sent with your Financial Aid Award Letter. Refer to the Financial Aid Section for more details or go to the DMACC Financial Aid website at www.dmacc.org/financial.htm.

Note: The FAFSA is a separate application from the DMACC Admission application.

Des Moines Area Community College requests this information for the purpose of processing your application for admission. No persons outside the College are routinely provided this information. Responses to items marked "optional" are not required for admission; responses to all other items are required. If you plan to receive financial aid assistance, additional applications must be completed and filed in a timely manner.

Des Moines Area Community College shall not illegally discriminate on the basis of race, color, national origin, creed, religion, sex, age or disability. Any inquires may be directed to the EEO/AA Coordinator at (515) 964-6408.

Des Moines Area Community College provides a wide array of support services to students with disabilities. If you have a need for accommodations due to a disability, please contact the campus you plan to attend.

DMACC FOUNDATION GENERIC SCHOLARSHIP APPLICATION

DMACC
DES MOINES AREA COMMUNITY COLLEGE
FOUNDATION

The *Generic Application* is offered as an alternative to the Foundation's web page application. The Foundation will make every effort to place an applicant in every pool* they are eligible for. If there are specific scholarships an applicant has a particular interest in, separate forms can be obtained from either campus financial aid offices or by calling the calling the Foundation Office at 515-965-7105.

All applicants must meet the Foundation's minimum requirements – Enrolled for 6 credit hours and have a minimum 2.0 GPA.

DEADLINES: Fall Term-July 1, Spring Term-November 1, Summer Term-April 1. Applicants will be notified of award status by letter no earlier than 4 weeks after deadline date. AWARD INFORMATION WILL NOT BE GIVEN OVER THE PHONE.

RETURN COMPLETED APPLICATIONS TO THE SCHOLARSHIP OFFICE, BLDG. 1

If you have any questions regarding this application, call the Scholarship Office at 515-964-6278
