Dear Roger:

It is a real pleasure to send you congratulations and to commend you on the tone and quality of your campaign.

Having been with you the night that your offices were destroyed, I can appreciate how difficult it must have been for you the last few days to deal with an exacting campaign schedule and simultaneously try to recall commitments and reconstruct records. All of us in Guilderland empathized with you during this most trying period.

I know you will be an outstanding judge and I hope you will find the experience exciting and challenging.

Sincerely,

*Harry L. DuBrin, Jr.*
