ADMINISTRATION

May I extend my congratulations to the members of the Class of 1961 upon their graduation.

You have come a long way on the road of learning but graduation from George Fish High is not the end, it is a new beginning.

The years and the grades took their toll. Many of your classmates dropped out but you survived and now stand ready to continue your education in Institutions of higher learning. If you are able to attend college, while there, put study first.

I wish to thank you for your loyalty to the Faculty at George Fish and to me.

FIRST

GRADES

CLASS POEM

Comrades we have been friends together
In fair and stormy weather;
At work and at play
And now amid our happiness,
There comes a thought of sadness
For we must part to-day.

Our time has been spent successfully
In old George Fish High,
Deep in our recollection
We'll keep a strong affection,
And never say good-bye
To dear old George Fish High.

When we grow old and weary
And bowed with sorrow dreary
As busy years go by,
Our smiles will all grow brighter
Our hearts will be gayer, lighter,
As we think of George Fish High.

CLASS HYMN

(Tune - How Great Thou Art)

Dear Alma Mater, Injoyous proclamation,
We sing thy praise in adoration
We look at Thee, with hearts of inspiration
As thou hath inspired us in our preparation.

CHORUS

Now we will sing our farewell hymn to thee;
Within these walls, our thoughts shall be.
Dear Alma Mater Gratefully we sing.
Our hymn of praise, our hymn of praise.

As life grows old and memories flee
We shall remember time spent at thy knee.
And Alma Mater we will honor thee,
On bended knee we bow before thee.

CLASS HISTORY

We are approaching the end of our journey, with a feeling of pride mixed with sadness and hope for the future. We watch the train of memories slowly pause on these four years - the exciting years which began in 1957. There a group of eager and willing Freshmen stood at the George Fish Terminal Station, waiting to get their tickets. However having passed through this terminal in elementary grades, it still proved an entirely new adventure for these pupils to become full pledged high school pupils.

Mr. Castle, the ticket agent, had little, if any, trouble making out the tickets which we passed to our conductor, Mr. Matthews. At first the trip was rough, but as we became acquainted with new rules and regulations the way seemed easier to travel. We were thrilled to learn that we could participate in various organizations, and were represented on the Glee Club, Band and the F. H. A. This was a happy successful year.

Enroute to "Sophomore Land" where we landed September 1, 1958, our advisor was Mr. Reid. The class leaders were Willie H. Brown, Sam W. Starr, Roemaine Hayden and Mary A. Potts. At the end of our Sophomore year, the girls and boys were awarded certificates for completing two years of homemaking and woodwork respectively. Mary A. Potts, Mary Kirk, Roemaine Hayden, Emanuel Barrett, Willie H. Brown and James Dixon, Jr. served as hostesses and host of the Junior Senior Prom.

The "Mighty Juniors" as we were called while traveling through our third year, started the term off with a bang! Roemaine Hayden won second place in the Omega Psi Phi Talent Hunt for singing. Many of us participated in the High School Play, entitled, "Mystery Mayhem and Murder". The participating juniors were a booming success on the Band, Basketball Teams and the Glee Club. Willie H. Brown was our president for the third time. Miss Littlejohn was our advisor and performed the great task of suggesting plans for our Junior - Senior Prom which was a tremendous success.

Finally we reached the last stop of our journey with fourteen members. We who have showed faith and courage have fulfilled our desires. There was an atmosphere of gaiety that even the thought of study could not dispel! Mary Ann Potts was elected "Miss George Fish High" for 1960 - 61.

Our years at George Fish High School have been eventful. As we leave these halls of learning and strive to explore new horizons we are aware of our achievements and accomplishments, and how these are to aid us in our coming endeavors. We as individuals feel that we owe George Fish School and all therein our greatest respect and sincere gratitude.

Mary Ann Potts

A PEEP INTO THE FUTURE

As the year 1971 arrives, we find the members of the class of 1961 dispersed all over "the land of the free." And I, Annie Mae Fetherson, being a telephone operator with Bell Telephone Company, was able to contact and inform them of their classmate's achievements.

Emanuel Barrett has opened a barbering and hairdressing shop in Charlotte, N.C. Lillie M. Miller is a beautician there.

Willie H. Brown is a criminal lawyer in New York City, and has a thriving business.

Mary L. Culp has established a dress shop and is a qualified dress designer in far away Paris.

Attention please! James Dixon, Jr. has opened one of the latest styled garages on the corner of Tom Hall and Steele Streets in Fort Mill, S.C. He is his own mechanic.

I hear that Roemaine Hayden is secretary to a Senator from South Carolina in Washington, D.C.

Can you fathom this? Charlie L. Potts is head electrician at the General Electric Plant in Philadelphia, Pa.

Sam W. Starr is an Industrial Arts Instructor at the Dunbar High School in Washington, D.C.

Eugene Wallace is back at our Alma Mater, as Physical Education Instructor and boy's basketball coach.

Head of the Business Department of Benedict College is Aaron Watts. He is really happy - playing executive.

I must return to my station now, with the hope that you have enjoyed hearing of your classmate's success.
