Case Study Report

October 20, 2023

Abstract

This study was conducted for the non-profit Mainstreet Uptown Butte to provide insight into the characteristics of attendees of the 2023 Montana Folk Festival. Paper surveys were completed by 860 attendees of the event. Results show that 82% of respondents were residents of Montana, and of those Montana residents, 45% were from Butte-Silver Bow County. Out-of-county respondents spent an average of 3.43 nights in Butte-Silver Bow County and more people spent money on restaurants/bars and hotel/motel while visiting the area than any other spending categories. Respondents to the survey reported a total spending of \$199,074.00 in the Butte-Silver Bow County area. Results provide event organizers and Mainstreet Uptown Butte with useful data for future event planning, making improvements to the event, event marketing/promotion, and understanding the visitor spending associated with the event.

Executive Summary

The 2023 Montana Folk Festival attracted many out-of-county Montana residents (45%) and out-of-state (18%) visitors to the Butte-Silver Bow County area. The attendees of the event make important economic contributions to the Butte-Silver Bow County area. The results of the study are worth considering for future planning of the Montana Folk Festival.

- 83% of respondents indicated the event was their primary reason for being in the area.
- 66% of visitors who reside outside of Butte-Silver Bow County spent at least one night away from home. The mean number of nights spent in Butte-Silver Bow County was 3.43.
- More money was spent by respondents in restaurant/bar (\$54,466.00), hotel/motel/b&b (\$52,145.00), gasoline (\$25,004.00), groceries/snacks (\$21,819.00), and retail (\$19,253.00) than other spending categories. 69% of respondents reported that they were spending for a travel group size of at least two or more people (including respondent).
- 14% of respondents reported staying in the home of a friend or relative, 7% at a hotel/motel/b&b, 7% used public land camping, and 4% stayed at a private campground.
- Attendees were mostly traveling with family and friends (28%) or as a couple (25%). The average travel group size was 2.23 people (travel group spending size).
- Respondents traveled with a variety of age categories in their group – the highest percentages were 25-34 years old (32%), 65-74 years old (27%), 35-44 years old (27%), and 55-64 years old (26%).
- Attendees heard about the event mostly from word of mouth (71%), public radio (22%), the Montana Folk Festival Facebook Page (15%), and posters (11%).
- Overall, attendees of the event were very satisfied or satisfied with the Montana Folk Festival.
- 87% of respondents indicated that they would attend the event next year and 99% indicated they would attend within the next five years.

Management Implications

Montana Folk Festival event attendees are travelling from all over to attend the Montana Folk Festival. This event brings both residents and nonresident visitors to the Butte-Silver Bow County area, and the attendees of the event make a variety of economic contributions while visiting.

The largest percentage of spending reported by attendees was in restaurants/bars. This is a changing trend from 2019 when the majority of spending was in the hotel/motel/b&b category, although lodging remained a close second in spending. There has also been a shift with 14% of respondents indicating staying in the homes of family/friends and 7% in hotel/motel/b&b and public land camping. Although 10% of respondents reported spending on a hotel/motel/bed and breakfast. This decrease may be related to less respondents spending nights away from home for the festival (63% in 2018 to 72% in 2019 down to 69% in 2023) and possible changes in recreation and expectations since the pandemic. There is also a change in attendee makeup, 82% of respondents were Montana residents compared to 55% in 2019.

It is recommended that the organizers review the respondents' comments from Appendix B to gain more insight into people's likes and dislikes of the festival's organization, music, vendors, and other aspects of the event. Changes based on this input could help bring back repeat visitors to Butte-Silver Bow County in the future.

Introduction

The 2023 Montana Folk Festival was hosted in Butte, Montana, over three days from July 14th through July 16th, 2023. It was the 11th Montana Folk Festival event and took place in Uptown Butte. The Montana Folk Festival evolved out of the National Folk Festival which was held in Butte for three years from 2008-2010. The festival survived the pandemic starting after a two-year break in 2022. Butte's Montana Folk Festival is one of the Northwest's largest free outdoor music events and features some of the nation's finest musicians.

This event is organized by Mainstreet Uptown Butte and Butte-Silver Bow County. The Montana Folk Festival has many business sponsors and support that make the event possible. Mainstreet Uptown Butte is a non-profit organization located in Butte, Montana. This organization is committed to community revitalization, as well as encouraging economic development, historic preservation, and supporting Uptown merchants in Butte.

This is the first time this survey has been completed since the pandemic and subsequent changes. The purpose of this study was to provide the organizers of the 2023 Montana Folk Festival event with an understanding of the characteristics of visitors of the festival, visitor spending in Butte-Silver Bow County, and levels of satisfaction with different aspects of the festival.

Methods

Surveyors intercepted festival attendees 18 years of age or older for on-site completion of a questionnaire during the three-day event. Surveys were given to people by random selection in an attempt to represent the event attendee population. People willing to fill out the questionnaire were given a clipboard, pen, and a survey. No documentation of the number of refusals was recorded.

Limitations

As in all research, there are limitations to the study. Limitations for the Montana Folk Festival study include the following:

- Data was collected by Butte area volunteers who received a short training from ITRR's survey contact person (George Everett-Mainstreet Uptown Butte) on how to intercept people and how to obtain completed surveys.
- ITRR personnel were not present during the data collection for quality control.

Results

Of the 860 valid respondents, 82 percent (703 people) were from Montana and 18 percent (157 people) were from out of state or overseas (see Tables 1, 2, 3, and 4). Of all Montana respondents, 45 percent (315 people) were from Butte-Silver Bow County while 55 percent (384 people) were from other Montana counties. Less than 1 percent (4 people) were from Montana and did not specify what area.

I could only come on Sunday:(
I don't love long walks
I missed the misters over The Original walkway this year.
I'd like more veggie foods
If there were more activities
I'm not local so knowing where I can legally park is a bit of an issue- I drove a ton before finding a spot
It didn't last all week!
It is not long enough. Gate (keep gates up to prevent people from using the stage as picnic table)
It is relatively short, so I was only able to attend one day.
It was hot!
It's hot
Just that it seems like there used to be more variety every year now closes with Zydeco or jazz a high intensity blues- lots of it every year- good stuff just quite a bit of it.

People not respecting the service animals only signs
People that don't donate
People with large tents setting up right in front of The Original blocking view of hundreds (not the sound booth)
Please enforce no smoking
Please get louder amps

The seating
The ticket prices for beer
The too old-fashioned blues and jazz acts need to be replaced
The walk up there
There are a lot of people but I'm glad everyone and anyone can attend
There should NEVER be dogs here
This is more of an observation, but every year the type of blues music sounds the same- it is always funk- sounding. Maybe try someone who sounds more like John Lee Hooker, Muddy Waters, etc. Also, try to have a French-Canadian band as often as possible:)
This year: a little too much funk/rock and roll
Too loud
Too many drunk people at night
Too many lines for drinks, expensive
Too many people
Traffic
