W. H. HARBAUGH, V. S.,
Veterinary Hospital,
110 and 112 S. Adams St.,

Ambulance for Conveying Disabled Horses and Mules.

Richmond, Va., Nov. 20th 1893

I have examined today for Mr. Jas. W. Allison
a clipped sorrel mare, four white legs, stripe in
face, docked tail

I find that she is five years old past,
has a splint on each fore leg - has scratches, all
four legs stocked, wound on right hind fetlock joint,
knuckles over on left fore and hind fetlock joints
She is unsound
