Dear Ms. Werner,

Please direct this message to Ms. Jennifer Swain as her e-mail address is not posted.

What a performance! Although Carousel was never a favorite of ours, your portrayal of this show added a delightfully new dimension to the characters and the music. The voices were beautifully prepared, the "pit" sounded like a full orchestra and the lighting was highly effective. We hope the music and drama departments will be "busting out all over" with many more works of this caliber in the future.

Congratulations to all involved: students and faculty- directors, performers, musicians and technicians!

Sincerely,

Dr. Stanley E. and Mrs. Florence D. Blyskal
