

## Simulated Patients in Healthcare Education: a UK Conference, 15 November 2023

8.40-9.00	Registration and Conversations	
9.00-9.10	Welcome and Introduction. <i>Louise Smith and Sam Rogers</i>	
9.10-9.55	<b>Keynotes:</b>	Chair: Sarah Collins
9.15-9.30	<b>My journey as a simulated patient.</b> <i>Janine Marshall</i>	
9.30-9.55	<b>Imagine if we had a simulated patient time capsule.</b> <i>Debra Nestel</i>	
10.00-10.20	Micro-aggressions and Bystander Training for Tutors and SPs. <i>Anna Hammond, Tom Frere, Jane Whittaker, Cal Stockbridge</i>	Chair: Vivienne Crawford
10.20-10.40	Involving simulated patients in Domestic Violence and Abuse (DVA) training. <i>Catriona O'Hare, Amanda Beresford</i>	Chair: Bryan Allan
10.40-11.00	<b>BREAK</b>	
11.00-11.20	Developing cultural competence in pharmacy undergraduates using interactive role-play: experiences of simulated patients. <i>Sarah Knighton, Harsha Parmar</i>	Chair: Lucy Morris
11.20-11.40	Has the tide turned on using simulated patients to teach clinical communication skills? <i>Harvey Wells</i>	Chair: Sam Rogers
11.40-12.00	<b>BREAK</b>	
12.00-12.20	How can SPs provide constructive feedback to their tutors? <i>Benedict Shaw, Rachael Grant, Janet Lefroy</i>	Chair: Bryan Allan
12.20-12.40	The development of a model to support simulated patients in delivering feedback. <i>Hannah Fairclough, Lucy Morris</i>	Chair: Lucy Morris
12.40-13.15	<b>LUNCH</b>	
13.15-14.00	<b>Keynotes:</b>	Chair: Sarah Collins
13.20-13.35	<b>Picture postcards: learning with simulated patients.</b> <i>Medical Students from Queen's University Belfast</i>	
13.35-14.00	<b>The Simulated Patient Skills Framework.</b> <i>Frank Coffey, University of Nottingham</i>	
14.00-14.45	<b>Workshops &amp; Round Table Discussions</b> (parallel sessions)	
	Unconscious Bias Training for Simulated Patients. <i>Anna Hammond, Tom Frere, Jane Whittaker, Cal Stockbridge</i>	Chair: Janet Rogers
	Portraying patients who have low health literacy. <i>Lucy Morris</i>	Chair: Lucy Morris
	Feeding Back. <i>Helen Mosby</i>	Chair: Bryan Allan
	How might AI impact on simulated patients? <i>Harvey Wells, Susan Aderin</i>	Chair: Sam Rogers
	Working with actors with learning disabilities. <i>Susan Kingman</i>	Chair: Vivienne Crawford
	From simulated patient to doctor: a journey in 3 stages. <i>Natalie Paisey</i>	Chair: Sarah Collins
14.45-15.00	<b>BREAK</b>	
15.00-15.20	Using simulation to consolidate learning on a blended unit of study. <i>Claire Burns, Samantha Freeman</i>	Chair: Vivienne Crawford
15.20-15.40	Embodying the Sick Role: simulated patients' experiences in simulation. <i>Linda Ní Chianáin</i>	Chair: Janet Rogers
15.40-16.00	Conference Close. <i>Louise Smith and Sam Rogers</i>	Chair: Sarah Collins
