Into the Fire

Bm G D

   Bm

You were my idol

   G

Breathed in every word you said

   D

Like it was Bible

   Bm

I made excuses

   G

Told myself it was just love

    D

But I misused it

   Bm

And by the time I realized

   A

I didn't love, I idolized

    G

I was too far gone

Or so I thought

    D

I throw into the fire

     Bm

All the altars and the shrines

      A

Give my whole heart back to Jesus

        G

Make him the love of my life

       D

I throw into the fire

         Bm

Every monument to you

         A

All the lies that I told myself

         G

Gonna fill my heart with truth

       Bm

I throw into the fire

  A.   D

My idol that was you

    Bm

Gave my heart to you

    G

I was practically singing

   D

Hallelujah

     Bm

A temporary

    G

 Way I tried to bear the

    D

Heavy load I carry

    Bm

And by the time I realized

       A

I didn't love, I idolized

        G

I was too far gone

Or so I thought

         D

I throw into the fire

            Bm

All the altars and the shrines

               A

Give my whole heart back to Jesus

           G

Make him the love of my life

         D

I throw into the fire

           Bm

Every monument to you

          A

All the lies that I told myself

           G

Gonna fill my heart with truth

        Bm

I throw into the fire

   A.   D

My idol that was you

G

I've always known

    A

That God alone

    D

Can fill the void

             G

And mend all broken hearts

G

I made mistakes

      A

Put you in his place

     D

Had to learn the hard way

       G

But now I'll restart

       D

And throw into the fire

         Bm

All the altars and the shrines

           A

Give my whole heart back to Jesus

       G

Make him the love of my life

    D

I throw into the fire

     Bm

Every monument to you

      A

All the lies that I told myself

      G

Gonna fill my heart with truth

         Bm

I throw into the fire

   A.   D

My idol that was you
