ID Registration Process

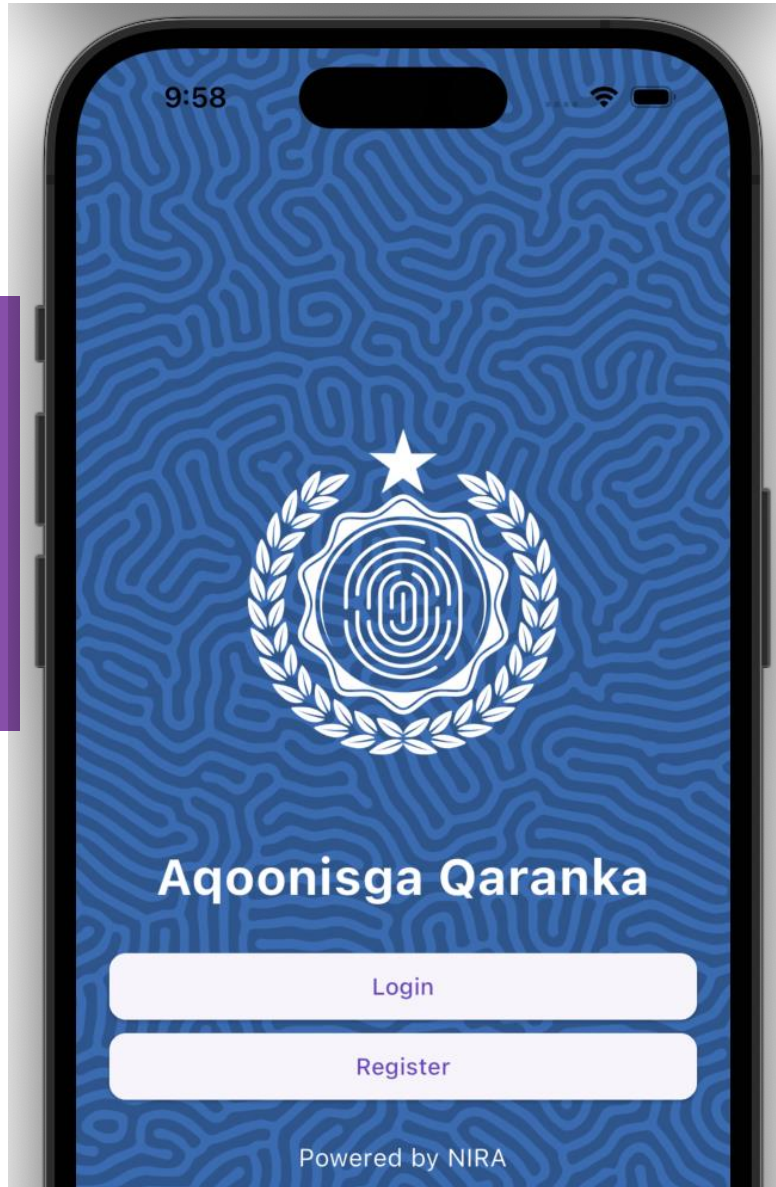

SNIDS Credentials

NIRA Mobile App

NIRA Mobile App is Somalia's go-to for digital identity, soon to be your universal key for both online and offline verification. More features and services are on the way, making your life easier and more secure

The NIRA Mobile App is just as official as your physical card, and it's always in your pocket. Stay tuned—soon you'll get even more services and perks right on your phone!

NIRA Mobile App

Convenience ID

Available 24/7, making it easier for you to interact with both public and private services anytime, anywhere.

Instant Verification:

Prove your identity on-the-go, online and offline, without needing to carry a physical card

Secure Information

Your personal data is encrypted and stored safely, accessible only by you.

Upcoming Features

Stay tuned for added functionalities that will make NIRA MobileID your go-to for an expanding range of services and transactions.

Digital Transformation Opportunities

- Justice (e-notary, digital attestation of documents, e-signatures, etc., contracts authentication and verification)
- Security (digital access controls, security, terrorism, corruption, etc.)
- Digital public service delivery (issuance of functional identification) such as driving licenses, business licenses, etc.
- Public administration (digital document authentication and verification, etc.)
- Education sector
- E-commerce Sector and revenue collection

SNIDS – Key DX considerations

- **Cloud and data privacy issues**
- **Seamless systems integration with one key that connects all the services**
- **Data sovereignty**

Somalia National ID: Your Right
