A conceptual image featuring several thick, colorful felt-like strips in shades of pink, yellow, blue, green, red, and black. The strips enter from the left and are intricately braided together on the right side, forming a complex, multi-colored knot. The background is a smooth, light gray gradient. The word "Collaboration" is written in a clean, white, sans-serif font, centered horizontally and partially overlaid by the braided strips.

Collaboration

Creating a Learning Community with a Research Assignment

The Proposal

- 1 Credit or 3 credit
- Piloting it with a Sociology course (have a faculty member on board)
- ACRL Framework as a guiding document
- Critical thinking skills, ethical dimensions, information literacy rationale, and written communication

Initial concerns and questions:

- Assessment Fellow
- College Success Seminar
- High Impact Practices
- Discipline Chair
- Professional Staff
- Arts & Humanities
- Curriculum Fellow

Librarian Concerns

More positives
than negatives

Learning Outcomes

- ❖ Identify, locate & utilize college resources
 - ❖ Identify and apply personalized learning and study skills
 - ❖ Formulate academic and career goals
 - ❖ Develop basic financial literacy
- ❖ Identify the appropriate source for the information need
- ❖ Analyze the authoritative claims of sources with informed skepticism and recognize the quality of evidence in different sources.

CSS

- ❖ Differentiate competing influences, interests, agendas, or bias in sources
- ❖ Create proper source citations and identify intellectual property; Use information ethically and legally
- ❖ Determine appropriate scope of investigation, and construct a proper research question
- ❖ Locate and evaluate information through a variety of sources

OER Textbooks - Table of Contents

CSS 101 TOC (OpenStax) – 12 Chapters

- Exploring College
- The Truth about Learning Styles

- Studying, Memory and Test Taking
- Thinking ✓
- Communicating
- Understanding Civility and Cultural Competence
- Understanding Financial Literacy ✓
- Engaging in a Healthy Lifestyle
- Planning Your Future ✓

Information Literacy TOC (Intro to College Research) - 12 Chapters

- Introduction
- The Age of Algorithms
- Disinformation
- Fact-checking
- Types of Information Sources
- Getting Your Research Started
- Search Strategies
- Finding Materials in the Library
- Using Library Databases
- Searching the Web
- Ethical and Legal Use of Information
- Citing Sources

Chapters we can possibly mesh?

It's going to be interesting!

- ❖ Introductions
- ❖ Reading & Note Taking (css) & Research (IL)
- ❖ Thinking (css) and Algorithms & Fact-Checking (IL)
- ❖ Career Exploration (css) – Search Strategies/Databases (IL)

Pilot in Spring of 2024

Questions for you:

What is your experience with an information literacy class?

What have been your frustrations teaching information literacy courses?

What are your thoughts of pairing it with a research heavy course?
