

Correction to: 3D modelling of the impact of stellar activity on tidally locked terrestrial exoplanets: atmospheric composition and habitability

This is a correction to: R. J. Ridgway, M. Zamyatina, N. J. Mayne, J. Manners, F. H. Lambert, M. Braam, B. Drummond, E. Hébrard, P. I. Palmer, K. Kohary, 3D modelling of the impact of stellar activity on tidally locked terrestrial exoplanets: atmospheric composition and habitability, Monthly Notices of the Royal Astronomical Society, Volume 518, Issue 2, January 2023, Pages 2472–2496, <https://doi.org/10.1093/mnras/stac3105>.

In the originally published version of this manuscript, table A5 contained two errors: it should read ‘ $\text{H}_2\text{O} + h\nu \rightarrow \text{H} + \text{H} + \text{O}(^3\text{P})$ 129 JPL2019’ instead of ‘ $\text{H}_2\text{O} + h\nu \rightarrow \text{H} + \text{H} + \text{O}(^1\text{D})$ 175 JPL2019’.

One of the other values was also incorrectly written as 557. The correct value is 329.

These errors have now been corrected.
