Correction: Selective particle and cell capture in a continuous flow using micro-vortex acoustic streaming

David J. Collins,^{a,d,e} Bee Luan Khoo,^b Zhichao Ma,^a Andreas Winkler,^c Robert Weser,^c Hagen Schmidt,^c Jongyoon Han^{b,d,e} and Ye Ai^{*a}

DOI: 10.1039/c7lc90042b

rsc.li/loc

Correction for ‘Selective particle and cell capture in a continuous flow using micro-vortex acoustic streaming’ by David J. Collins *et al.*, *Lab Chip*, 2017, DOI: 10.1039/c7lc00215g.

The authors regret that a citation to a relevant paper was missed. The following sentence and reference (ref. 1 shown below) should be added in the Introduction after the sentence ending “...of the applied flow rate.^{5,37}”:

“For example, Lee *et al.* acoustically oscillate air/liquid interfaces using a ~50 kHz piezoelectric transducer to produce acoustic streaming fields for size-based separation of cells and particles”.¹

The Royal Society of Chemistry apologises for these errors and any consequent inconvenience to authors and readers.
