Place	Date 1941.	Hour	Summary of Events and Information	Remarks, references to Appendices and initials
BRIGHTON, ENG.	JAN. 1		THIS IS THE FIRST NEW YEAR'S DAY THAT THE BATTALION HAS SPENT ON ACTIVE SERVICE OUT OF CANADA. PIPER DAVIDSON, WHO PIPED FOR THE 31ST SEARCHLIGHT REGIMENTAL PARTY LAST NIGHT, PASSED ON THE INFORMATION THAT COLONEL HATT OF THAT REGIMENT PROPOSED A TOAST TO THE ESSEX SCOTTISH AND THAT IT WAS ENTHUSIASTICALLY RESPONDED TO. BRIGADIER TOPP, DSO, MC, AND BRIGADE-MAJOR ROY DROPPED INTO THE MESS TO EXTEND HIS COMPLIMENTS TO THE OFFICERS. THE DAY WAS A VERY BUSY ONE FOR ALL OFFICERS WHO WERE PREPARING FOR THE CHANGE IN DISPOSITIONS ORDERED BY THE DIVISIONAL COMMAND. A FLURRY OF EXCITEMENT WAS CAUSED EARLY IN THE EVENING BY AN INTELLIGENCE REPORT THAT THE COAST GUARD BATCH AT PORT HASTINGS HAS HEARD THE SOUND OF MOTOR BOAT ENGINES THREE MILES SOUTH OF THAT POINT APPARENTLY TRAVELLING WEST AT A HIGH SPEED. A SPECIAL WATCH WAS KEPT BY BOTH BN. O.Ps. BUT THERE WERE NO DEVELOPMENTS.	C.O.
	2		THE WHOLE CADRE OF OFFICERS WAS EXTREMELY BUSY MAKING RECCIES IN PREPARATION FOR THE PROPOSED CHANGE IN THE DEFENCE SCHEME FOR THE BRIGHTON AREA. COLONEL PEARSON AND THE I.O. SPENT MOST OF THE DAY VISITING COMPANY AREAS. AT ONE OF THE POSITIONS KNOWN AS CLOCK HILL THEY WERE MET BY MAJOR E.R. WILLIAMS AND LIEUT. D. L. MCGREGOR WHO IS TO COMMAND THE POST. COL. PEARSON HAS DUBBED LIEUT. MCGREGOR "CLOCK MCGREGOR." A DEMONSTRATION OF THE USE OF FOLETON BOMBS WAS GIVEN BY L.O.Vs. OPPOSITE "D" COY. AREA. A LARGE CONVOY OF BRITISH MERCHANT SHIPS WERE SEEN BY OUR O.Ps. IT IS HEARTENING TO KNOW THAT OUR SHIPS SAIL IN OBVIOUS DEFIANCE OF THE ENEMY UNDER THE SHADOW OF HIS VAUNTED LUFTWAFFE. AN ANTI-AIRCRAFT BARRAGE SOUNDED BUT NO ACTION DEVELOPED, THE ALL CLEAR SOUNDING AT 2145HRS.	C.O.
	3		ORDERS WERE ISSUED BY THE C.O. THAT BN.H.Q. AND C.Q. COY SHOULD CHANGE LOCATION AT 1100HRS TO-MORROW. THESE ORDERS NECESSITATED A GREAT AMOUNT OF PREPARATION AND OFFICERS AND OTHER RANKS WERE BUSY ENGAGED IN THE NORMAL MILITARY WAY. (SEE APPX 1 FOR O.O. #22 RE DONE) THE ADJUTANT, LIEUTENANT JOHN TILLIS, WAS TAKEN ILL ABOUT 1030HRS AND ON INSTRUCTION OF THE M.O. WAS REMOVED TO THE M.D.S. AND LATER TO THE HOSPITAL AT GRANGHOT. THE NATURE OF HIS ILLNESS WAS NOT DEFINITELY ESTABLISHED. LIEUT. L. A. DERAIL, THE I.O., TOOK OVER THE ADJUTANT'S DUTIES IN AN ACTING CAPACITY. THE BRIGADIER CAME IN ON AN INFORMAL VISIT AND AFTER A SHORT STAY LEFT TO INSPECT A AND B COY AREAS. A MEETING OF COY COMDS WAS HELD IN THE COLONEL'S OFFICE AT 2015HRS AND MANY MATTERS AFFECTING THE REGIMENT CHANGE WERE DISCUSSED.	C.O. APPENDIX 1
PORTSLADE, ENG.	4		THIS WAS MOVING DAY FOR BATTALION HEADQUARTERS AND TRANSPORT COMPANY FROM THE COTTESMORE SCHOOL TO THE BREWERY IN PORTSLADE. THE MOVE WAS CARRIED OUT WITH A MINIMUM OF CONFUSION AND AT 1100HRS THE FIRST TRUCK PASSED THE BN. STARTING POINT. A REAR PARTY UNDER MAJOR BOTHERSILL WAS LEFT BEHIND TO MAKE SURE THAT THE VACATED PREMISES WERE IN A TIDY AND FIT CONDITION TO BE TURNED OVER. THE PADRE, CAPT. R. PATON, WHO HAS BEEN ACTING AS BN. BILLETING OFFICER HAS BEEN CHIDED FOR HAVING TAKEN OVER THE BREWERY. THE COLONEL WAS OUT ON A RECCE MOST OF THE DAY AND CONSEQUENTLY MISSED MOST OF THE MOVING "JED." THE BREWERY IS SITUATED IN A NATURAL VALLEY IN PORTSLADE AND PROVIDES COMFORTABLE LIVING FOR ALL OTHER RANKS AND THE OFFICERS ARE BILLETED AT VARIOUS HOMES IN THE VICINITY OF THE BREWERY.	C.O.
	5		THIS WAS SUNDAY, USUALLY A DAY OF REST AND QUIET BUT NOT UNFORTUNATELY IN TIME OF WAR. A GIFT OF 4700 CIGARETTES FOR THE MEN WAS DELIVERED THROUGH BRIGADE FROM TIP TOP TAILORS, OF CANADA. THE ENGINEERING STORES REQUIRED FOR THE CONSTRUCTION OF THE POSTS REQUIRED BY THE NEW DEFENCE SCHEME WAS DRAWN BY THE COMPANIES. A TOTAL OF 6000 SANDBAGS AND LARGE QUANTITIES OF WIRE AND OTHER MATERIAL ARE NOW AVAILABLE.	C.O.
	6		THE REGIMENT WAS VISITED BY MAJOR-GENERAL, SIR OLIVER LEES, COMMANDING THE WEST SUSSEX DIVISION AND HE WAS ESCORTED AROUND THE VARIOUS DISPOSITIONS BY COLONEL PEARSON. A COY HAVE FINALLY LOCATED NEW BILLETS FOR THE MEN IN THE NEW AREA ASSIGNED TO IT. FROM ALL REPORTS THE NEW BILLETS ARE QUITE COMFORTABLE. COLONEL PEARSON HAD DINNER WITH A COY LAST EVENING.	C.O.
	7		A RATHER QUIET DAY IN COMPARISON TO THE OTHERS THE REGIMENT HAS SPENT IN BRIGHTON. (SEE APPX 2 FOR O.O.13 RE RIFLE COYS. MOVE) D COY MOVED INTO NEW LIVING QUARTERS IN ACCORDANCE WITH THE NEW SCHEME OF DEFENCE FOR THE AREA. ALL OTHER COYS MADE PREPARATION TO MOVE WITHIN TWENTY-FOUR HOURS. WORK IS PROCEEDING ON THE DEFENCE WORKS REQUIRED. A MEETING BETWEEN THE OCs. AND COY. COMDS OF THE REGT. AND THE S.I.O. WAS HELD TO CO-ORDINATE FIRE PLANS. THE MEETING WAS HELD AMID THE LUXURIOUS SURROUNDINGS OF TONY'S SEA SIDE HAUNT	C.O. APPENDIX 2

Place	Date 1941.	Hour	Summary of Events and Information	Remarks, references to Appendices and initials
PORTSLADE, ENG.	JAN. 9		A LETTER WHICH WAS RECEIVED YESTERDAY BY COLONEL A. E. PEARSON FROM BRIGADIER D. J. MACDONALD, DSO, O.C., GENERAL OFFICER COMMANDING MILITARY DISTRICT NO. 1, CANADA, APPEARED ON ORDERS TODAY. IT IS FLATTERINGLY COMFORTING TO KNOW THAT WE ARE NOT FORGOTTEN BY OUR FORMER FRIENDS. CENSORSHIP OF MAIL HAS BEEN IN EFFECT IN THIS UNIT FOR A PERIOD OF THREE DAYS SINCE 6 JAN. 41. A REPORT WAS SUBMITTED TO DOE. INDICATING THE RESULT OF THE CENSORSHIP FROM A SECURITY POINT OF VIEW. (SEE APPX. 3 FOR REPORT). COLONEL PEARSON ATTENDED AT DOE AT 1045HRS WHEN THE COMMANDER OF THE EAST SUSSEX DIVISION WAS TO BE PRESENT. DUE TO THE PRESSURE OF OTHER DUTIES HOWEVER THE GENERAL WAS UNABLE TO ATTEND. A CONFERENCE WAS HELD BETWEEN ALL BN. COMMANDERS TO THE DOE AND THE HOME GUARD BN. AND COY COMMANDERS AND THE R.C. AREA COMMANDER AT 1030HRS. COL. BUTTY, THE SUB-AREA COMMANDER, AND BRIG. TOPP ALSO ATTENDED. SUCH USUAL INFORMATION WAS DISSEMINATED. THE COYS HAVE NOW ALL MOVED TO THEIR NEW LOCATIONS AND BILLETS AND WORK CONTINUE APACE ON THE NEW DEFENCE WORKS REQUIRED.	APPENDIX 3
	8		A RATHER WORK NORMAL AND QUIET DAY THAT THE REGIMENT HAS HAD SINCE COMING TO THE BRIGHTON AREA. C COY REPORTED ALL LIAISON WITH H.M.S. [illegible], MTY. AND A/TK. BN. COMPLETED AND THAT ALL PLATOONS NOW OCCUPIED NEW POSNS. THIS WAS THE LAST COY. TO DETERMINE ITS NEW POSNS AND THE BN. MAY NOW BE CONSIDERED AS COMPLETELY MOVED. COLONEL PEARSON SPENT MOST OF THE DAY WITH A/T.O. EXAMINING COY AND PL. POSNS AND BILLETS. THERE WAS AN AIR-RAID ALARM AT APPROXIMATELY 1930HRS AND A BOMB FELL SOME DISTANCE AWAY AT APPROX. 2145HRS.	
	10		QUITE A ROUTINE DAY. W/CAPT. R. PATON, REGIMENTAL BILLETTING OFFICER, HAS JUST ABOUT COMPLETED THE TURNOVER OF ALLOCATED BILLETS TO THE BARRACKS OFFR. A SCHEME FOR THE EVACUATION OF INJURED AND CLEARING UP WORK IN THE EVENT OF A SERIOUS AIR RAID ON BRIGHTON HAS BEEN WORKED OUT AND THE REGIMENT WILL IN SUCH AN EVENT TAKE AN IMPORTANT PART TO PLAY. MAJOR F. K. JASPERSON, NOW ACTING AS LIAISON OFFR BETWEEN DOE. AND DIV., PAID A VISIT TO THE REGIMENT.	
	11		THE COLONEL SPENT THE MORNING INSPECTING THE NEW DEFENCE WORKS BEING CONSTRUCTED BY THE R.E. IN NEW POSNS. THE REGIMENT HAS BEEN REQUESTED BY DOE TO SUPPLY THREE LAWYERS TO ACT IN COURT MARTIAL PROCEEDINGS. MAJOR D. J. S. MACDONALD, CAPT. W.J.S. KNOX AND LIEUT. L. A. DEERE HAVE BEEN DETAILED AS PRESIDENT OF COURT MARTIAL, DEFENCE COUNSEL AND PROSECUTING OFFR RESPECTIVELY. IT IS CONSIDERED UNUSUAL THAT SO MANY INDIVIDUALS FROM ONE UNIT ARE CHOSEN. (SEE APPX. 4 FOR OPER. MEMORANDA NO. 4)	APPENDIX 4
	12		A VERY QUIET DAY. NOTHING OF UNUSUAL INTEREST TO RECORD.	
	13		THE COURT MARTIAL PROCEEDINGS MENTIONED ON JAN. WERE OPENED AT ROEDEAN SCHOOL, HEADQUARTERS OF THE R.ARTY.C. DUE TO CERTAIN CIRCUMSTANCES, THE SAID PROCEEDINGS WERE ADJOURNED TWENTY-FOUR HOURS. GENERAL VICTOR CRUM, COMMANDER 2ND CORPS DIV., MADE AN INSPECTION OF THE COASTAL DEFENCES OF THE AREA. HE WAS ACCOMPANIED BY GENERAL HORN, G.O.C. 12TH CORPS, WHO WAS AT ONE TIME MILITARY ATTACHE IN WASHINGTON, D.C. AND WHO KNOWS PRESIDENT ROOSEVELT PERSONALLY. DUE TO THE LIMITED TIME ALLOTTED TO THE UNIT ONLY A FLYING INSPECTION COULD BE MADE. THE REGIMENT RECEIVED ADVICE THAT IT WILL BE RELIEVED SHORTLY IN THIS AREA BY THE COLDSTM HIGHLANDERS. GENERAL CRUM WAS TO HAVE MADE A SOCIAL VISIT BETWEEN 2000 AND 2300HRS BUT DUE TO THE PRESSURE OF OTHER BUSINESS THE VISIT WAS CANCELLED.	
	14		A MESSAGE RECEIVED BY THE DUTY OFFR IN THE EARLY HOURS OF THE MORNING TO THE EFFECT THAT A TRUCK, LEFT WITH THE REAR PARTY IN ALDERSHOT, HAD BEEN INVOLVED IN AN ACCIDENT AND SEVEN MEN WERE INJURED. A CORPS SCHEME, DESIGNED TO TEST COMMUNICATION FACILITIES WAS CARRIED OUT DURING THE MORNING. IT WAS HANDLED FROM THE REGIMENTAL END BY MAJOR ROTHERHILL, LIEUT. BEARE AND LIEUT. BRICK. THE RESULTS OF THE SCHEME ARE TO BE COMMUNICATED AT A LATER DATE. GENERAL CRUM, GENERAL LEES AND BRIGADIER TOPP WERE VISITORS IN THE BN. CROCKLY NOON DURING THE SCHEME. THE COURT MARTIAL PROCEEDINGS MENTIONED EARLIER WERE COMPLETED TO-DAY. MAJOR ROTHERHILL, 2ND I/C, WAS TAKEN ILL WITH AN ATTACK OF FLU AND WAS COMPELLED TO GO TO BED.

	20		THE DAY WAS SPENT IN MOVING BACK TO ALDERSHOT ON ONE OF THE MOST MISERABLE DAYS THE REGIMENT HAS EXPERIENCED SINCE ITS ARRIVAL IN ENGLAND. THE RELIEF BY THE CALGARY HIGHLANDERS WAS EFFECTED WITHOUT MUCH CONFUSION, ALTHOUGH A NUMBER OF IMPORTANT LESSONS WERE LEARNED WHICH WILL BE OF VALUE IN THE FUTURE. THERE WERE NO INCIDENTS OF NOTE ON THE MOVE AND ON ARRIVAL IN ALDERSHOT A HOT MEAL WAS SERVED AND ALL MANS RETIRED TO WELL EARNED SLEEP.

1. INFORMATION HAS BEEN RECEIVED THAT SEC. 14, PARA 3, PAGE 21, PAMPHLET NO. 1 OF P.A.G. & A.R. WILL BE AMENDED. THIS AMENDMENT WILL STATE, IN EFFECT, THAT BLISTERS CAUSED BY LEWISITE ON THE SKIN WILL NOT BE PRICKED. BLISTERS CAUSED BY LEWISITE WILL, THEREFORE, NOW BE TREATED IN THE SAME MANNER AS BLISTERS CAUSED BY MUSTARD GAS.

2. RECENT EXPERIMENTS SHOW THAT A CONSIDERABLE PROPORTION OF THE LEWISITE WHICH CAUSES THE BLISTER IS ABSORBED INTO THE SKIN BEFORE THE BLISTER IS FORMED. IT IS THEREFORE NOW CONSIDERED THAT THE RISK OF INFECTION DUE TO PRICKING THE BLISTER IS MUCH GREATER THAN ANY POSSIBLE PREVENTION OF ARSENICAL POISONING BY RELEASING THEFLUID IN THE BLISTER.

THE DIVISION HAS HAD A NEW INSPIRATION. ITS KING AND QUEEN HAVE SEEN IT, AND HAVE WARMLY COMMENDED IT. WHATEVER IT MIGHT HAVE DONE BEFORE, IT WILL DO BETTER NOW.

I AM DEEPLY GRATEFUL TO EVERY OFFICER AND MAN WHO CONTRIBUTED TO THE SUCCESS OF THEIR MAJESTIES' VISIT, FOR IT WAS A SUCCESS. THE KING AND QUEEN WERE TOUCHED BY THE ENTHUSIASM OF THE WELCOME GIVEN THEM. ALL FORMATIONS PLAYED THEIR PARTS SPLENDIDLY.

IN YOUR NAMES, I HAVE SENT A MESSAGE OF THANKS TO THEIR MAJESTIES. IN IT I HAVE SAID THAT WE ARE ALL BETTER SOLDIERS BECAUSE WE HAVE SEEN OUR KING AND QUEEN.

I HAVE LONG BEEN PROUD OF THIS DIVISION. I HAVE HAD GREAT CONFIDENCE IN IT. MY PRIDE AND MY CONFIDENCE ARE NOW GREATER THAN EVER. I THANK YOU ALL FROM THE BOTTOM OF MY HEART.

NOTICE

FOLLOWING IS A LETTER RECEIVED AT THIS H.Q., Sunday, 13 April 41:-

"Thirteenth
April
1941.

Dear Colonel Pearson:-

Thank you very much indeed for the delicious Hot Cross buns that you so kindly sent to me the other day. I was astonished to find that it is possible to do such excellent baking under the conditions that exist here at the present time. The buns were fully equal to any I have had at home in times of peace.

Will you please congratulate your cook on my behalf and tell him how much I appreciate the good work he is doing for the troops. In my opinion nothing ismore important to the welfare of our men than good cooking and I full realize what a problem it is to produce appetizing things when our supplies are very limited. Your cook and his staff are making a most important contribution towards the maintainance of health and good spirits among the men.

Yours sincerely,
Signed.

NOTICE

The following letter has been forwarded to this Unit from H.Q., 2 Cdn. Div., 22 April 41:-

Subject:- Bomb Craters - Work of Filling in on Farm Land

N.A.A. No. 340/35 G.

Headquarters,
2nd Canadian Division

I wish to thank you heartily for your co-operation in providing personnel of the 2nd Cdn. Div. for the purpose of filling in bomb craters on farm land.

The work that these men put in, in the time allotted, was simply marvelous. They were cheery, worked with a will, and got the work done, though in many cases they were working under adverse conditions owing to the nature of the soil, they were always punctual on their work and performed their duties 100 per cent.

By your co-operation these men have earned the gratitude of all the farmers in the area on whose land they were working, and also the A.R.P. authorities.

(Signed)

B.C. Clarke, Brigadier,
Commanding North Aldershot Sub-Area.

2. BLACKOUT:

Night of 29/30 Apr 41: 2049 hrs until 0505 hrs.

3. CONTROL OF SCABIES:

1. While the incidence of scabies among personnel of Canadian Corps compares favourably with that of other formations and has shown a gradual decline, every effort should be made to effect a further reduction.

2. Scabies is a condition associated with poor personal hygiene and is frequently called one of the "dirt" diseases.

3. The attention of all ranks is drawn to K.R. (Can) para 36 and the following preventive measures:

i. Regular baths and keeping of bath register (Man. of Hyg. & San., page 73, paras 5 & 6.

ii. Weekly washing of underclothing and towels (Cdn. Corps Order 90 of 1940, sub-para c)

iii. Routine inspection by platoon, squadron, etc., Commanders carried out weekly and cases referred to Medical Officer.

iv. Medical Inspection on joining unit or on return from leave.

v. Regular disinfection and washing of blankets and paillasses. The straw from the paillasses should be burned and disinfection can be arranged with Fd Hygine Section.

vi. Education by sub-unit commanders
See F.S.R. Vol. I, 1930, Sec 145 and Man. of Hyg. and Sanitation., pages 7,9,20 and 199.

vii. Disciplinary Measures.
Orders regarding immediate reporting sick of personnel with itchy skin rash or any skin eruption and personal cleanliness should be published and enforced.

4. ECONOMY OF WATER

Owing to the greater number of consumers, both military and civil, in the Aldershot Area it is essential that the greatest economy in water be effected to ensure that no breakdown in supply shall occur.

1. SLIPPER BATHS: Will be prohibited in normal barrack bath houses where showers are provided and will be disconnected by R.E. In officer's messes and married quarters occupied by troops, Commanding Officers will arrange that only such baths as are essential shall be used and that the amount of water used in them is strictly regulated.

2. SHOWER BATHS: Although it is not intended actually to reduce the number of showers per unit it is essential that a rigid supervision of the use of showers is undertaken. The possibility of a reduction from the authorized 4 per cent for training units and 1 per cent for other units may have to be to 1 per cent or less all round if adequate economy is not affected.

3. BATH HOUSES: (a) the possibility of redundant bath houses must be considered. Where possible, the requirements of one or two units will be concentrated in one bath house and the others closed down. (b) Benn sprays will be used to replace large roses in showers wherever available. (c) Dripping taps waste a very large quantity of water. All taps will be turned right off after use, faulty spring taps will be reported at once and put out of action till repaired. All leaking taps will be reported at once to the Garrison Engineer concerned. (d) Deficient plugs for lavatory basins will be immediately replaced.

4. ABLUTIONS: Where ablutions benches are fixed, especially in tented camps, basins (bowls) will be provided. In these cases taps will be reduced by 50 per cent. In tented camps, 4 taps will be provided to each range of benches, placed at end of bench to give easy access. Washing under a running tap is strictly forbidden. Washing of clothes will be under strict supervision.

5. URINALS: Flush will be regulated once every two hours. As it is not practicable to shut them off entirely at night the action is continuous throughout the 24 hours. Overflow of cisterns due to faulty ball cocks will be immediately remedied. Constant inspections are necessary.

6. FLOORS: (a) Dining Rooms. Wooden floors will not be washed down more than once a week, except in very bad weather where floors become unduly muddy. Buckets, squeegees and scrubbing brushes will be used. They will be swept daily with dry scrubbers and stiff brooms. Other floors will be washed in a similar manner and only when essential. This order does not, of course, apply to floors which are waxed.

7. VEHICLES: The normal method of washing vehicles will be with bucket and brush. In the case of tracked vehicles, high pressure hoses are permitted, but their use will be limited to the minimum. The use of ordinary hose is forbidden except with the authority of the Officer Commanding unit on exceptional occasions.

5. MUSTER PARADE

A muster parade of all ranks of the Essex Scottish Regiment will be held today with Lieut. E.B. MCCORKELL as Muster Officer.

Aldershot	1		Reveille was sounded at 0500 hrs and fall in at 0615hrs. The Bn convoy moved off at 0730hrs in the worst weather this unit has experienced since landing in England. A thick heavy fog snow was falling and a penetrating breeze was blowing. The unit arrived in its concentration area at 1250hrs and coys took up positions assigned to them by Major J. H. Rotherhill who acted as O.C. Recce Party. Bn HQ was established at a fine old Estate farm and pre erations were made to provide sleeping accomodation in barns and out-buildings. At 1410hrs an order was received cancelling the whole exercise, as a result of which, orders were issued for Return to barracks. The move back was carried out without incident and the unit was installed at 1845hrs. Training programme for the week attached as appx 1.	APPENDIX 1
	2		Lieut.-Col. A. S. Pearson was notified of his appointment as 2 CAN DIV representative on the O.C.T.U. Selection Board. His duties with the board will be to interview N.C.O's recommended for OCTU and to select those to receive this training. A new training syllabus was completed to cover the three days during which the unit was supposed to participate in the DENITO exercise and training thereunder was carried out.(see appx 1)	
	3		Advice was received that the G.O.C., General Odlum, would make an inspection of vehicles of this unit on 4 Apr 41 at approximately 1500hrs, and arrangements were made accordingly. An issue of 50 cigarettes was made from the regimental stock to all ranks and this totalled 30000 distributed.	
	4		The G.O.C. inspected unit vehicles this date and was accompanied by Lieut.-Col. Weeks, Major Francis and Capt. Meighen, all of the divisional staff. After a very exhaustive inspection the G.O.C. expressed himself as thoroughly satisfied with the condition of the the Transport and indicated that he would give the drivers some extra leave for their excellent work.	
	5		The usual Saturday Battalion parade was witnessed by the GOC, General Odlum, who had to go by to another unit to inspect transport. He halted near the parade ground and he viewed the proceedings for some minutes.	
	6		The Protestant Padre, H/Captain Paton, announced from the pulpit of St. Andrew's Church that Germany had declared war on Jugo-Slavia and Greece. A short prayer was read for our new Allies.

Apr.	13		Easter Sunday! Church services were arranged to permit C. of E's, R.C's and other denominations to have separate parades. The R.C's went to St. Michael's Garrison Church, C of E's went to St. George's Church and all other denominations attended St. Andrew's Church. The day was spent quietly with a number of offrs making recces for the BENITO exercise. Instructions were received to the effect that 75% of unit transport would be dispersed outside Aldershot Town limits.	
	14		Normal training was carried out in accordance with the Training Programme.(atted for week.) A meeting of all officers was called by the Commanding Officer for the purpose of a preliminary discussion of arrangements for the BENITO Exercise.	APPENDIX 6
	15		Colonel Pearson, who is S Cdn Div representative on the C.C.T.U. Board was away and will continue to be employed in this capacity until 21 Apr 41. Preparations were made for the BENITO scheme move, trucks were loaded, equipment put into shape, etc. Three officers from Essex Scot Coy of No. 1 C.I.H.U. were attached to the Bn for the duration of the scheme. Lieuts A.D. Motherwill, D. Green and P. Ambrey reported at 1500hrs this date and were attached to A, B & C Coys respectively. Major J. H. Motherwill, acting C.O.,issued his orders at 2030hrs.	
	16		The Bn moved at 0005hrs in convoy arriving in a concentration area near WEMBLEY HILL GREEN at approximately 1300hrs and immediately settled down to await orders. There was considerable air activity during the early hours of the night which was plainly visible by the Bn personnel. Two enemy aircraft were reported to have been brought down in the area. The O/Cs of Bn.H.Q. were treated to dinner at DUNSHURST Farm, a picturesque old building dating back to the sixteenth century.	
	17		The A/O.C. received the Bde Comds orders at 0630hrs and a recce party reported to Bde H.Q. at 0730hrs. A recce was made by coy comds of both points of assembly and the fwl areas from 0930hrs until 1630hrs and during this quiet period the personnel of the Bn enjoyed a variety of sports and took advantage of the lull to obtain the rest which would be required for the nights activities. Orders were received at 1300hrs that the Bn would move to the point of readiness as recced earlier to arrive at 0230hrs and would then move to the starting line as laid down to make an attack at 0500hrs. The move to the assembly area was completed without incident.

Apr.	18		The Bn moved from the assembly area near Amberley Station to the fwd posns which constituted the attack Start Line and the attack was launched without incident at 0500hrs. There was extremely little opposition due to the fact that the Bn took such excellent advantage of the artillery barrage which was provided and both objectives as laid down in the Bde Coords orders were taken by 0707hrs. The first objective was taken by A & B Coys and the final objective by C & D Coys. All posns were consolidated and preparations were made to meet an expected counter attack which did not develop. At 1600hrs the Bn moved back to the assembly area used the night previous near Amberley Station and from there to the concentration area.	
	19		Food was served in the concentration area at 0830hrs and again at 0730hrs. Orders were received at 0800hrs that the Bn would move back to barracks at Aldershot at 0900hrs The return move was accomplished without incident and the Bn was back in time to enjoy a hot meal at 1245hrs. Captain Charles A. Turnbull's promotion to the rank of Major was promulgated this date.	
	20		All Church parades this date were voluntary and except for essential duties there was no activity of an unusual nature.	
	21		Training Programme for the week commencing this date attached as appx 4. Due to the restrictions on the use of M.T. on mondays all training was directed toward personal improvement of the individual in the use of weapons. Notifications was received of the appointment of Captain C. H. Clarke as Staff-Captain of the 4th Canadian Infantry Brigade. No news or notification has been received concerning Captain L. R. McDonald or Lieutenant K. W. MacIntyre, both of whom attended the same school as Capt. Clarke.	APPENDIX 4
	22		Lieut. MacIntyre reported to the Bn for duty; whether this is to be temporary or permanent is is not known. The Bde Comd notified the C.O. that the Bn would be visited by Sir Patrick Duff, an official of the British High Commissioner's Office in Canada. Lt.-Colonel A. B. Pearson completed his work on the C.C.T.U. Board for the present.

Aldershot	1941 Apr 25		Sir Patrick Duff visited the Bn this date accompanied by Major-General Odlum, Brigadier Topp and others. He inspected a display of special training staged for the occasion and also inspected transport, barrack facilities and messing arrangements. He was high in his commendation of the officers in charge of the various departments visited and was particularly pleased with the cakes and tea which were provided by the Messing Staff. At the lunch hour the Pipe-Band played for the members of "A" Mess and their guests. It was learned that Major A. R. Roy had been appointed G II of the Can. Corps and that Major H.W.J. Paterson had been appointed Bde-Major of the 4 Cdn Inf Bde. The new B.M. was a visitor at the Battalion Orderly Room this date. The loss of Major Roy will be keenly felt by this unit as he has at all times shown a keen and kindly interest in its welfare.	
	26		A normal day with nothing of interest to report. Operation Order No. 16 for the Bn route march scheduled for 25-26-27 Apr 41 were issued.(atted)	APPX. 5
	25		The Bn commenced the three day route march leaving barracks at 0750hrs. The scheduled distance was covered without incident and there was little evidence of ill effects. Billets for all personnel were found in outhouses and buildings in the vicinity of WOKINGHAM through the kind generosity of the owners of the various properties. Bn. Headquarters were accomodated on the farm estate of L. Gardiner, Esquire, and a very pleasant evening of entertainment and refreshments was provided for the officers. Brigadier Topp, Major A. R. Roy, Capt. H.W.J. Paterson and Capt. L. R. McDonald were interested visitors.	
	26		The scheduled distance this date was also covered without incident and the Bn was comfortably billetted in and around BASINGSTOKE with A & B coys in the village of BASING. Bn. H.Q. was quartered on the estate of Capt. W. Blythe, an officer in the SCOTS GUARDS. The accomodation and the courtesy and consideration extended by all concerned was exceptional.	
	27		The last lap was completed at 1700hrs which brought the Bn back to Bks, tired but happy. The Bde Comd reviewed the column as it entered Aldershot. There were exceptionally few casualties considering the arduous nature of the trip and the C.O. was pleased with the performance.	
	28		Captain L. R. McDonald was returned temporarily to the Bn for duty, having satisfactorily completed the Junior War Staff Course at Lingfield. Normal training was carried out and there were no reports of any ill effects from the route march exercise. (Syllabus for the week attached.) The Bde Staff entertained the Field Offrs & Adjutants of the Bde at the cocktail hour in honour of Major A.R.Roy who is to assume his duties as G II, Can. Corps on 1 May 41.	APPX. 6

	30		Capt. E. G. Stebbing has been attached to this unit from R. de St. H. for regimental duty for a period of three months, having recently satisfactorily completed the Junior War Staff Course at Lingfield. A test was made of the unit defences against fire bomb attack at 1700hrs when three Lysander 'planes flew over the bk area dropping imitation bombs; Capt. D. MacCrae, Bde. I.O. lurking in the shadows caused considerable consternation by dropping practise fire, Smoke and H.E., bombs and passing around casualty cards of various types.

2. Units will forward indents to the A.D.O.S., 2 Cdn. Div., quoting part number LV6/MT-2 CANST - 13824.

2D/9-6.

ILLUMINATION OF REAR AXLE OF LOAD-CARRYING VEHICLES

Cdn Corps R.O. 154 of 1940 as amended by Cdn. Corps R.O. 233 of 1941 is republished for information:

1. Provision is to be made to illuminate the rear axle pots of all load carrying vehicles so that they can be seen from behind without any light being visible from the air.

2. The lamp to be used is an ordinary standard rear lamp having the side aperture blanked off with cardboard, and a plain or frosted glass in place of the red glass. A cardboard mask having a $\frac{1}{4}$" diameter hole in the centre will be fitted behind the glass.

3. The lamp must be fitted on the underside of the body chassis in such a position that the light is directed forward and downward on to the centre of the rear axle.

4. A suitable lamp is made by Messrs. C.A.V. (Type AT 201) or Messrs. Butlers (Birmingham) T.BR 873.

5. This lamp will be wired by whichever of the following methods is applicable to the particular vehicle.

(a) Feed from terminal A of main lighting switch (Lucas equipment) with simple make and break single pole switch interposted. This switch will be fitted to the dashboard.

(b) On vehicles already having a switch which enables the red rear light to be used without any other lights, the feed wire to the red rear light will be disconnected from the dashboard two switch, and connected direct to the S and T terminal (Lucas equipment) of the main switch thus giving normal feed to side and red rear lamps on the first movement of the main switch. The two way switch will then be used as a simple make and break switch as described under (a).

6. Where an independent stop light is provided on the vehicle, its use as such will be discontinued, and the lamp used as under para 3.

7. Brackets will be made locally to suit.

8. This modification is to be carried out forthwith.

Continued Page 3.....

ILLUMINATION OF REAR AXLE OF LOAD-CARRYING VEHICLES - Cont'd.

9. In the case of trailers, gun carriages, etc., the above instructions will apply except that on the tractor, a plug socket will replace the additional lamp. The additional lamp will then be fitted to the trailer and a twin armoured flex carried forward to terminate in a plug which may be connected to the socket on the tractor as required. In this case, a suitable shield will be made under local arrangements to prevent upward diffusion of light.

10. The necessary stores will be demanded as follows:

M.G.O. Vehicles through D.A.D.O.S., 2 Cdn Div.
Q.M.G. Vehicles through R.C.A.S.C., 2 Cdn Div.

(C.C.R.O. 233)
(C.C.RO. 154)
2D/9-6-2.

RECOVERY OF VEHICLES

1. The driver will always be left and will stay with the vehicle - with sufficient rations. The only exception to this rule is to replace battle casualties.

2. In all cases of "derelicts", the following information will be forwarded through the proper channels:

(1) Registered number
(2) Type
(3) Location (map, etc.)
(4) Nature of the casualty, i.e. whether or not the vehicle can be towed, and if so, whether a "suspended tow" is necessary.

Recovery Posts will always be selected such that cover from air is provided.

Phase 1. Concentration

Recovery by L.A.Ds. and Recovery Sections will be limited to clearing the route. Corps will collect the vehicles.

The above detailed information will be supplied to the nearest T.C.P. by a designated officer or N.C.O., as the unit passes. Similar information will be sent by the unit, at the conclusion of the march, through to Div. H.Q.

Phase 11. Deployment

1st and 2nd line Recovery Posts will be used. Selection of the 1st line Recovery Posts is the responsibility of the formation the L.A.D. is servicing. L.A.Ds. will only perform simple running repairs. If vehicle cannot be towed, they must inform the recovery section and also, through the usual channels, to Div. H.Q. giving above detailed information.

Phase 111 Battle

Recovery similar to that during Deployment. L.A.Ds. will undertake running repairs of a heavier nature than in Deployment.

1. In the interests of economy it is essential that worn and unserviceable anklets should NOT be discarded, until they are definitely beyond repair. It has been found from experience that worn anklets can be classified in the following categories:

(a) Those requiring new straps or chapes.

(b) Those showing signs of wear on the counter or lining, or the instep or heel. (This wear is accelerated if too small a size is worn.)

(c) Those which are so badly worn that they are frayed out at the bottom or have holes through the canvas lining and body material.

(a) and (b) will be repaired as follows:

(a) This will be carried out within the unit. The undermentioned materials will be demanded through the A.D.O.S. in the normal manner, pending the introduction of issue of a standard strap or buckle:

Cat. No. A.A. 5239 - Web, drab, thin
Sec.H2 N.I.V. ½ in. - yds.

Cat. No. A.A. 1880 - Tips, brass, ½ in.
Sec. A-1.

Cat. No. A.A. 0373 - Buckles, brass 5/8 in.
Sec. A-1.

(b) Directly wear is apparent the worn points, which are usually those in contact with the instep and heel of the boot, will be reinforced. When the repair is carried out within the unit, scrap leather will be issued, if available.

Continued Overleaf.....

5. REPAIR OF ANKLETS, WEB (cont'd)

2. With regard to (c) anklets should NOT reach this condition if the instructions of (a) and (b) are followed. Anklets found in this condition will be submitted to a Board of Officers where they will be further examined before being recommended for salvage.

No A.F's. G. 1045 will be approved, after this date, for the disruptive painting of M.G.O. vehicles, such work being the responsibility of the unit concerned.

2D/9-6.

7. W.D. NUMBERS - M.T. VEHICLES

With reference to C.A.R.O. (O's) 774 of 1941. In the case of 2 Cdn. Div vehicles, the W.D. number will be repainted at the next routine repainting of the vehicles.

2D/9-6-3.

8. VEHICLE MARKINGS

During the course of exercises and ordinary routine duties, vehicles invariably become dirty and markings of all descriptions become illegible. It is appreciated that circumstances govern the condition in which vehicles are found, but there should be no reason why vehicle markings should remain obliterated. Instructions will be issued to all drivers that each time a vehicle halts while engaged on duties during adverse weather and ground conditions his first responsibility after the normal maintenance check-up will be to ensure that his vehicles markings are legible.

(44/20/AT)

9. MARKING OF RESPIRATORS

Police authorities report increasing difficulty in arranging the return of respirators lost by, or stolen from soldiers. In this connection, attention is directed to A.C.I. 338/41 which reads:-

'Respirator haversacks will be marked with regimental number (or personal number), rank and name inside the flap of the facepiece and container compartment. Markings will be stencilled and paint, prepared for use, black, will be used.'

Steps will be taken immediately by the Coy Comds to have all respirator haversacks marked with the following particulars:-

Officers - Rank and Name (Cdn)

O.Rs. - Regt'l No. and Name (Cdn)

Attention is also drawn to C.A.R.O. (Overseas) No. 12, dated 2 Feb 40 in this connection.

10. U.S.A. PISTOLS (REVOLVERS AND AUTOMATICS)

Special attention is drawn to A.C.I. 925/1941.

It is believed that there are a number of officers in Cdn Corps with privately owned pistols of .38 and .45 calibre which will not take British Service Ammunition.

British Service Ammunition is the only type which can be supplied, consequently all U.S.A. pistols should be examined by an armourer to ensure that it is safe to fire British Service Ammunition from them - a visual examination will not disclose this.

Owners of privately owned pistols of .38 and .45 calibre which will not take Service Ammunition may make application to the Formation A.D.O.S. to exchange for a Service Pistol.

6. COURT OF INQUIRY:

A Court of Inquiry, composed as hereunder, will assemble on 3 Jul 41, at a time and place to be designated by the president for the purpose of inquiring into and reporting on the loss of T23837 bicycle Coy. No. 22 on charge to the Signal Platoon:

Capt. W.J.S. KNOX -- PRESIDENT

Lieut. E.B. MC CORKELL -- Member
Lieut. J.C. BRICK -- Member

Proceedings are to be handed into Battalion Orderly Room NOT later than 1200 hrs 4 JUL 41.

7. DEPENDENTS ALLOWANCE AND ASSIGNED PAY:

1. Cases have come to notice where soldiers have demanded that their wives remit to them a portion of the dependents allowance and assigned pay received by their wives, and have threatened to have the allowance and assigned pay discontinued if such remittances are not forthcoming. In certain cases, soldiers have made allegations against their wives because such demands have not been complied with, and it has been established, after the Dependents Allowance Board has been put to the expense of an investigation, that the allegations were without foundation.

2. Soldiers on whose account dependents allowance and assigned pay are issued have no right to ask their dependents to remit to them any portion of the allowance or assigned pay, and to do so is contrary to the regulations, under which dependents allowance and assigned pay are issued to dependents solely for their maintenance.

3. Applications from soldiers to discontinue assigned pay to their wives in Canada on the grounds of alleged infidelity will not be entertained unless the soldier produces evidence, in the form of a letter or otherwise, of a nature and from a source which satisfies the Commanding Officer beyond reasonable doubt that the charges are well founded.

4. In cases where such evidence is produced, and the application is sent forward, it will be submitted to the Dependents Allowance Board The Board conducts an investigation of the case, and decides whether or not dependents allowance and assigned pay are to be discontinued. Until such decision is given and communicated to the soldier's unit paymaster through the usual channels, deduction of assigned pay is to be continued.

8. GRENADES NO. 36M--INCORRECT FUNCTIONING OF STRIKERS:

1. It has been found that a certain percentage of grenades No. 36M of dates before February, 1941, may contain sluggish striker mechanisms due to an excess of luting used in manufacture. This luting may have run down from the top of the striker and so may have jammed the striker and the spring.

2. This defect has been found in particular in those grenades No. 36M filled by N.S.E. The letters N.S.E. will be found marked on the boxes containing the grenades.

3. When units receive grenades No. 36M, Small Arms Training, Vol.I, Pamphlet No. 13, lesson 2, sub-para. ii (c), page II, will be put into operation. All the grenades will be stripped and any excess of grease or luting will be carefully removed.
It is essential that every grenade should be so treated, as blinds are liable to occur if this cleaning is not carefully carried out.

4. Steps have been taken to prevent this trouble in future manufacture.

A22012 Pte. VALIQUETTE, V.A. -- from 'H.Q.' Coy to 'B' Coy

4. APPOINTMENTS AND PROMOTIONS:

The undermentioned is to be Lance Corporal w.e.f. 10 Jul 41:

A21290 Pte. COPELAND, T.J.

5. VEHICULAR SPEED -- DISPERSAL:

It has been noted that W.D. vehicles, other than Canadian, in use in this area are being driven at much higher speeds than are permitted for 2 Cdn Div vehicles. This fact adds considerably to the accident hazard and all drivers should be constantly on the alert. In order to minimize traffic difficulties no vehicle will be driven at a speed in excess of 10 M.P.H. on the more narrow streets of RYE.

All drivers must understand that there must be NO congestion of vehicles at P.P's or elsewhere within the area at any time. Low level attack by hostile aircraft is a very distinct possibility and proper dispersal of transport must be rigidly applied at all times.

6. SECURITY:

There have been many instances during the past few days of letters intended for personnel of this unit arriving improperly addressed i.e. indicating the present location of the Regiment. Obviously this situation indicates a complete lack of understanding of the meaning of Security by the personnel concerned, and in the future addressees of such letters will be severely dealt with for infringement of security regulations.

The proper address of this Regiment is again repeated for all concerned:

South Eastern Command Order No. 457, dated 21 Jun 41, is repeated below for the information of all concerned:-

"During recent inspections, a large number of Boys rifles were found in a condition such that they could not fire a cartridge, owing to the firing pin being unable to reach the cartridge cap.

The firing pin cannot move sufficiently far forward when the cockingpiece on the bolt is not correctly positioned and when this is the case and the striker is in the fired position the safety catch cannot engage.

To avoid this when assembling the stiker, the cocking piece must be screwed right home, and then turned back about thirty degrees until the retaining notch is engaged.

This matter is mos important and will be brought to the notice of all concerned".

REGIMENTAL ORDERS

Lt.Col. A.S. PEARSON

OFFICER COMMANDING.

Order No. 171 Part I 21 July 1941.

1. DUTIES:

Regimental Duty Officer:

21 Jul 41:	Lieut. D.	MACKENZIE
22 Jul 41:	Capt. L.A.	DEZIEL
23 Jul 41:	Lieut. C.T.	ELLIOTT
24 Jul 41:	Lieut. J.C.	BRICK
25 Jul 41:	Lieut. D.W.	GUEST
26 Jul 41:	Lieut. K.W.	MAC INTYRE

2. BLACKOUT: Night of 21/22 Jul 41: 2249 hrs until 0515 hrs.

3. COURT OF INQUIRY:

The Court of Inquiry convened in Regimental Order Part I, No. 168, dated 16 Jul 41, on the injuries sustained by A21450 Pte. CHEESEMAN, J. of 'H.Q.' Coy of the Essex Scottish Regiment, is hereby cancelled.

4. PREVENTION OF DAMAGE TO PREMISES, ETC., AND REDUCTION OF WASTE:

1. Notwithstanding the issue of numerous orders and instructions regarding the conservation of our military material resources, and the prevention of avoidable damage to stores and buildings, abundant evidence is daily provided by some individuals, units or formations of disregard of the instructions issued.

2. Instances of waste are, food and petrol being wasted, mechanized vehicles making unnessary or unauthorized journeys or being driven without care causing avoidable wear and tear and reducing their value for future work; stores being indented for in unnecessarily large quantities, stored carelessly and hoarded indiscrimminately.

3. Avoidable damage done to requisitioned buildings and billets through wantonness and negligence on the part of individuals and units, not only wastes valuable material but causes considerable irritation to the owners.

It is essential that in all cases where avoidable damage occurs it is brought home to individuals or units responsible. Responsibility can be fixed only if the instructions regarding the handling and taking over of buildings, fixtures and chattels are properly carried out. Frequent inspections by regimental officers of buildings in which their men are quartered in order that damage may be noted are essential.

4. The cumulative effect of the disregard of orders is assuming proportions which the military authorities view with grave concern as the attitude of mind shown by many officers and other ranks towards their responsibility for Government stores and requisitioned property with which they are entrusted suggests that there are some who are incapable of properly assuming this trust.

It cannot be too strongly stressed that the Battle of the Atlantic is being fought in vain if the determination and resourcefulness of the Royal Navy and the Merchant Service on the high seas is not also applied in kitchens, garages, stores, buildings, and on roads in this country. Every ton of material reaching these shores and converted into army stores and equipment must be employed and conserved with scrupulous economy and it must be realized by all ranks that waste of any description is definitely harmful to our war effort.

Continued Overleaf.....

4. PREVENTION OF DAMAGE TO PREMISES, ETC., AND REDUCTION OF WASTE: (Cont'd)

5. The responsibility for the prevention of waste and damage in any form rests primarily with the C.Os. of units, but it is the duty of every commander down to the rank of section commander to ensure that waste and damage do not occur, and where they do, that the matter is reported immediately.

Severe disciplinary action will be taken against individuals who, through negligence, non-compliance with instructions or any other cause, occasion waste or avoidable damage in any form.

Charges will be so framed that offenders can if necessary be made to pay for the loss or damage caused.

Where applicable, losses and damage must be brought home to officers by action under Section 137 (4). and to units under Section 138 (4A) of the Army Act.

5. COURT OF INQUIRY:

1. A Court of Inquiry, composed as hereunder, will assemble on the 23 Jul 41, at a time and place to be designated by the president, for the purpose of inquiring into, and reporting on, injuries sustained by the undermentioned children at RYE HARBOUR, on Sunday, 20 Jul 41:

Alder. Area	JUL. 1		Dominion Day! A general holiday was ordered for all ranks not on essential duty and a variety of diversions was enjoyed by all ranks in excellent weather. Training programme for the week attached as appx.	CAP APPENDIX 1
	2		An Operation Order and Adm Instruction (attached as appendices) were published containing all information on the move to the RYE AREA scheduled for 5 JUL 41.	CAP APPENDIX 2 APPENDIX 3
	3		Except for continuing preparation for the forthcoming move and a visit to the unit by the Commanding Officer and Adjutant of the 6th Bn., HANCH REGT., there was nothing of unusual interest to report this date.	
	4		Preparations were completed for the evacuation of Haida Barracks and for the move to the new Bn Area. An inspection of all buildings was made by the C.O., 2 i/c and Adjutant at 1500 hrs. Last Post was sounded at 2100hrs and the tps turned in for some rest in anticipation of reveille at 0315hrs, 5 Jul 41.	CAP
	5		The bn moved from Barracks at 0630hrs leaving behind only a small rear party under command of Capt. J. Brown, QMR. The move to Rye was accomplished without incident and the relief of the 6 HANCH was completed by 1630hrs. As Command does not pass until 0700hrs 6 Jul there were no operational tasks immediately to concern the unit. A duty Officer from the 6 HANCH was on duty in the Adjutant's office. Bn.H.Q. are established in Salcote Place, a very comfortable residence.	CAP
	6		The first day in the regiment's new location was a very quiet one. This was due in part to the fact that the various formations H.Q's were busy establishing themselves and partly due to the fact that this date was Sunday. Padre Dalton said Mass in the D Coy area and in the B Coy area. There was no Protestant Service but many members of the Regiment attended local service. Brig. C.B. Topp and Lt-Col. Dasher of the R Regt C were visitors in the new Mess. A meeting of all coy comds was held by the C.O. at 1830hrs.	CAP
	7		The Commanding Officer spent most of this date inspecting coy posns and generally familiarising himself with the defences of the Area. Lieut. D.A. Daniel has been appointed Officer i/c of Camber - a town of about five hundred houses and which requires constant supervision.	CAP

by

Lt.Col. A.S. PEARSON — Officer Commanding.

Special Order of the Day — 10 Aug 1941.

I wish to draw the attention of all ranks to the special order issued by our Brigadier and which will be read to all ranks by Coy Comds.

The manner in which all ranks of the ESSEX SCOTTISH have carried out their duties both on parade and off is a matter of real satisfaction to me and in addition to their training and defence work, executed the recent scheme with great credit to themselves, their Regiment, and the Canadian Corps. This was particularly valuable inasmuch as we were the only Canadian Unit operating and we were very much in the limelight on this account.

May I say this is what I expect and appreciate from any member of the ESSEX SCOTTISH REGIMENT.

The townspeople of KYE are very sorry to see us go and many people have gone out of their way to express this thought, which I am sure is much appreciated by All Ranks.

N O T I C E

The following letter was received from a business man in RYE. This letter is relative to many such letters received at this H.Q.

Aug 6, 1941

The Commanding Officer
ESSEX SCOTTISH REGIMENT, C.A.(O's)

Sir:-

It is generally understood that you and your officers and men will soon be leaving RYE.

I sincerely hope that this is not the case, but if it is so I would like to express to you, which I know is the opinion of the majority of people in RYE, the pleasure it has been to have such a pleasant lot of men in the town. I know I am right in saying that we shall all be very sorry when you leave us.

I am not in any way connected with the Borough Council but thought you would like the opinion of the man in the street.

Wishing you all well wherever you may go,

I remain
Yours faithfully

4th Corps Order No.528 of 1941 is republished for information and compliance:-

"Soldiers not on the strength of forward Divisions on the coast or stationed in the areas of those Divisions, will only be permitted to enter the towns of Bognor Regis, Littlehampton, Shoreham-by-Seas, Brighton and Hove, Newhaven, Seaford, Eastbourne, Bexhill and Hastings when off duty if in possession of a C.O's pass.

Passes for this purpose will not exceed 10 per cent of the unit strength.

Within forward Divisions the same restrictions will apply to movement of troops from one forward Brigade area to another.

Soldiers on duty, e.g., mess caterers, etc., will carry a unit authority.

Vehicles' work tickets will be authority for their presence in the above areas.

Divisional Commanders may find it necessary from time to time to place "Out of Bounds" to their own troops certain houses, restaurants, etc. To avoid complications with the propietors of these establishments it is NOT generally proposed to publish formal orders placing these buildings "Out of Bounds," but Divisional Commanders concerned are arranging that their own Military Police will warn officers and O.Rs. from entering these particular establishments. This measure is only being taken after consultation with the civil police, who are in agreement.

All officers and O.Rs visiting these coastal towns must clearly understand that while doing so they must comply with the orders issued by the Divisional Commanders concerned putting certain places "Out of Bounds" to all military personnel either through the medium of Divisional Orders or through the intervention of the Military Police.

2. RESPIRATOR HAVERSACKS-SOLDERING OF "D" LOOPS

1. It has been represented that considerable wear is caused to respirator haversacks by the opening of the "D" loops to which the sling is hooked.

3. COTTON WASTE FOR ANTI-GAS PURPOSES

1. Cotton waste, for anti-gas purposes, is authorized for issue on the scale of 1 oz. for each officer, O.R., plus a unit reserve, varying in amount according to the nature and role of the unit.

2. There is reason to believe that personnel are not in possession of this cotton waste, and O.s.C. units will make arrangements to ensure that all officers and O.Rs. under their comd are in possession of and are carrying this material in the correct manner. (i.e., ½oz. in the pocket of the respirator haversack, and the other ½oz. in the pocket of the cape, anti-gas).

3. Indents to complete to the authorized scale will be submitted forthwith.

4. OUT OF BOUNDS

1. The following premises are placed out of bounds to all ranks of the Canadian Corps:-

5. SALVAGE

1. The Ministry of Shipping has been very lenient in allotting space for parcels and papers from Canada and an effort must be made by all units to see that these cartons and papers are carefully bundled and returned to salvage. It is not felt that the collection of wastepaper in Cdn Corps has reached a proper standard.

REGIMENTAL ORDERS

by

Lieut.-Colonel A.S. PEARSON, Officer Commanding

Order No. 187

23 Aug 41

I. TRAFFIC:

Unauthorized parking along public roads.

1. Much damage has been caused in the past by Units parking on verges and footpaths of public roads without authority or provision for such parking. Obstruction has also been caused, with consequent danger to pedestrian traffic.

2. This practice will cease forthwith.

3. Where formations or units consider that a good case exists for parking along public roads which calls for:-

i. The widening of a public carriageway.
ii. The closing of a public road to civilian traffic.
iii. Converting two-way traffic to a one way route; these cases will be put up for the approval of Corps Headquarters who will take subsequent action with the appropriate authorities.

4. It is important that the amount of hard standings or widening of carriageways should be kept to the absolute minimum.

II. Marking of Motorcycles - Formation and Unit Signs

1. Formation signs and unit serial numbers will be placed on motorcycles and motorcycle combinations as follows:

(a) Formation Sign - On the near forward side of the petrol tank. (the left side when facing in the sam direction as the machine.)

(b) Unit Serial number - On the off forward side of the petrol tank and on the rear plate, or the rear mudguard in the case of machines issued without plates. Space must be reserved at the tip of the rear mudguard for the unit tactical sign.

2. This order modifies the instructions contained in "Vehicle Marking, 1941"para3(c)insofar as motorcycles of the Cdn Corps are concerned.

III. Damage in Requisitioned Buildings.

1. Considerable damage is being caused to walls and internal woodwork of requisitioned buildings by fixing screws and nails upon which to hang heavy equipment and clothing.

2. This practice must cease forthwith.

3. Damage so caused will be charged against the unit concerned.

III. SALVAGE - 5 Gal Oil Drums

1. Some of the empty 5-gal oil drums sent to Salvage Transit Centres are in very bad condition owing to careless handling by units.

2. Care will be exercised that the necks of the drums are not levered up in the opening process. Such action renders the drums unserviceable for further use.

IV. HOME SERVICE RATION SCALE FOR FLOUR

1. It has been represented that certain units wish to underdraw bread and receive flour in lieu. There is no objection to this procedure subject to issues of flour being made at the equivalent of one ounce of bread to three-quarters ounce of flour.

V. PETROL POINTS (PUMPS AND TANKS)
2 CDN. DIV - ALDERSHOT AREA

1. In order to determine the full monthly consumption of petrol by the Division units will keep an accurate daily record of all petrol drawn from any source other than petrol pumps(points)operated by 2 dn Div Pet Coy. These figures for a calendar month will be submitted to 2 Cdn Div Pet Coy.(attn. Pet. Sup. O.)not later than the 4th day of the succeedingmonth.

The Essex Scottish Regt.

NOTICES

STOLEN W.D. VEHICLE

1. CZ-4206728, Ford 8 cwt. truck serial No. 1G-6071F was stolen from the vehicle park of the S.D. & G. Highrs. 6 Aug 41. This vehicle was a recent issue and consequently no formation sigh or unit serial number appears on it. If this vehicle is located, action will be taken to notify the nearest military or civilian police authority.

LOSS OF CUPS AND CUTLERY FROM CANTEENS

1. Voluntary Bodies and Local Organizations which run canteens at railway stations and elsewhere for the use of soldiers, have found that they have lost a large quantity of cups and cutlery owing to the fact that soldiers supplied with refreshments are often unable, in the time available, to return these articles.

2. Heretofore it was possible, to a large extent, to replace the articles lost. Under the present conditions the rephcement has become very difficult and paper cups can no longer be obtained. Consequently canteens are unable to continue on their present basis.

3. In view of this situation, soldiers who desire refreshment from these canteens should carry with them, and have readily available, mugs, mess-tins and such other utensils as are necessary.

5. DISPOSAL OF BY-PRODUCTS FROM SOLDIERS' MESSING:

1. Reference A.A.O. 1248 of 1941, para 9.

2. A case has just occurred of a unit using chloride of lime to disinfect the swill bins, as a result of which a number of pigs have died and several others are seriously ill.

3. Swill bins must be kept thoroughly clean but it is essential that nothing but hot or cold water is used in the process.

6. ORDNANCE - M.T. INDENTS:

1. Effective 4 Sep all M.T. Indents, other than those for original G.1098, issue, are to be passed to 2 Cdn Div Ord Fd Park instead of to the A.D.O.S. Office, 2 Cdn Div. The Ord Fd Park will be responsible for complete checking and reporting to the A.D.O.S. units whose indents are considered to be extravagent.

2. M.T. Indents from L.A.Ds. and units will be collected daily (except Sunday and Monday) under arrangements made by Officers i/c of each group of L.A.Ds. One D.R. at the most running from each group to the Ord Fd Park.

3. The Ord Fd Park will deliver M.T. Parts to units daily (except Sunday and Monday) by "milk round" timed to leave the Ord Fd Park after indents made out by the units the previous day have been acted upon. This "milk round" truck will collect salvage M.T. parts at the same time as it delivers the new parts.

Contin...

6. ORDNANCE - M.T. INDENTS - Cont'd:

4. No unit other than a Workshop or Recovery Section is permitted to visit the Ord Fd Pard to collect stores. Should they do so, no stores will be issued and the unit will be reported to H.Q. 2 Cdn Div.

5. In the event of a unit, after submission of its indent, finds it requires a part very urgently so that it cannot wait to be placed on the next day's indents, the L.A.D. Officer is permitted to telephone direct to the Ord Fd Pard and the part, if available, will be placed o on the next "milk round" truck.

6. The purpose of this order is:

(a) The speeding up of indents from unit to Ord Fd Park by the elimination of the A.D.O.S. Office;

and

(b) Economy in vehicle mileage and consequent saving of petrol.

It must be understood that it will not be possible to operate a "milk round" in active operations when delivery will probably be made through bulk breaking supply points.

7. M.T, indents for original G.1098 issues will continue to be sent to the A.D.O.S. Office.

RYE - AUG.	10		The Bn was relieved by the 6 HANCS at 1000hrs, the relief being completed at 1730hrs. Bn. HQ immediately opened at the Derny House Club, Rye, and the various coys moved to billet areas for the night 10/11 Aug 41. Lt-Col. A. S. Pearson and the Adjutant made several calls on people of Rye who had been friendly to the regiment among whom were R. Cheesman, who entertained at tea, Lt-Col. Howe Offr Commanding the Home Guard and miss H. Sinnett, who organised the army dances enjoyed by the various coys.	C.O. C.O.
	11		The bn moved from Rye at 0015hrs in a heavy downpour. It was as though the weather was in sympathetic harmony with the tinge of sadness that prevailed as the bn left this pleasant town. The move was completed by 1530hrs and the bn set about the task of establishing itself in new billets in area Camberley. Bn HQ was established at PENHURST HOUSE on Park Road.	C.O.
CAMBERLEY	12		The order of the day provided for a thorough cleanup of billets, weapons and equipment. It has been noted that conditions will necessitate at least two days cleaning to the exclusion of training. Communications have not as yet been provided and administration problems are complex. A meeting of all offrs was held at Bn HQ at 2000hrs. Matters of immediate interest pertaining to the present situation were discussed.	C.O.
	13		General cleaning fatigues were continued this date and plans for future training were discussed. Notice of a river crossing scheme to be held early in september was received.	C.O.
	14		Lt-Col. Pearson is acting Bde Comd during the absence of Brig. Topp who is on leave. Training programmes have been settled and work is progressing.	C.O.
	15		A very quiet routine day. Nothing of unusual interest to report.	C.O.
	16		The bn was visited by Vincent Sheehan, famous American author and newspaper correspondent. After a short visit with the coys Mr. Sheehan had luncheon at Bn HQ. He was most interested in the Pipe Band which played on the large lawn at the rear of HQ.	C.O.
	17		Church parades were held for protestant and roman catholic denominations at local churches. Offrs and other ranks took advantage of this first Sunday in the new area to become familiar with their new surroundings.	C.O.

3. INDENTS FOR M.T. STORES:

All indents for M.T. stores submitted to Ord Fd Parks or to Derby prior to 1 July 1941 have been cancelled. Any items still required off these indents must be re-demanded. This cancellation includes items outstanding off original G.1098 and 133 Scales.

4. S.A.A. ARMOUR PIERCING:

1. Characteristics - A limited quantity of .303 A.P. is now being made available to Cdn Corps for use with Bren Gun. Its characteristics are, generally, as follows:

(a) Penetrating Power - Definitely superior to ordinary .303 Ball and preferable for use against aircraft.

(b) Trajectory - Same as .303 Mk.VII.

(c) Wear effect - Ammn causes a severe effect on the barrel and should not be used steadily, but mixed with ball and tracer.

(d) Marking - A.P. amm is distinguished by the annulous ring of the cap being lacquered GREEN.

2. LOADING BREN MAGAZINE

(a) The present method of loading the 30-rd Bren magazine with ball and tracer only is:

The first 21 rds in the proportion of one tracer to 2 rds of ball.

Rds 22-28 Ball only (A.C.I. 449, 29 Mar 41)

(b) Recommended method of loading the 30-rd Bren magazine with tracer, Ball, and A.P. is a follows:

Rds 1 to 12 - 1 Tracer to 2 Ball

Rds 13 to 21-(incl) - 1 Tracer - 1 A.P. - 1 Ball

Rds 22 to 27 - 1 A.P. to 2 Ball.

Rd 28 - Ball

3. Amm Scales - As quantity of A.P. presently available is limited, the issue will NOT be more than sufficient to provide a first line of 300 rds for those L.M.Gs. designated in War Establishments for A.A. duties, and consequently, no amendment to amm scale is effected hereby.

5. COMMUNICATIONS TO THE PRESS, ETC

1. Commanding Officers will ensure that the attention of all ranks is drawn to this order and to K.R.(Can) 432 and 433, which so far as applicable shall be binding upon personnel of the Canadian Army (Overseas)

2. No officer or soldier will despatch or submit, directly or indirectly, for publication in any newspaper, book, pamphlet, magazine or other periodical either in Canada or elsewhere, any letter, press despatch, article or other communication containing any military information or views on any military subject without special authority from Canadian Military H.Q.

3. An officer or soldier who wishes to despatch or submit for publication any such communication will make written application in accordance with the provisions of K.R. (Can) 433(b) to his Commanding Officer who, if he recommends approval, will forward it direct to Senior Officer, C.M.H.Q. It is the duty of the Commanding Officer to examine carefully all material submitted and to forward it only if he is fully satisfied it is of such a nature as to be suitable in all respects for publication.

6. ORDNANCE Q.F. 40-M.M., MARKS I AND III, KEY, OPERATING COVER:

1. On a number of occasions, the key, operating cover, Ordnance Q.F. 40-mm., Marks I and III, part No. A.M. 3953, has failed to open the operating cover due to the spigot portion of the key being too short.

2. Any key that fails to open the operating cover will, therefore, be examined and if found less thatn 11-mm. long on the spigot (i.e., the 5mm diameter portion) will be built up by welding to 11-mm.

7. ORDNANCE Q.F. 2 PR., MARKS IX, IXa, X AND Xa, SHAFT ACTUATING ROLLER, PIN RETAINING COLLAR, PART No. F.L. 1358:

1. Instances of damage to the roller of the breech mechanism actuating shaft due to the pin retaining collar coming out during use, have been reported.

2. The pin, retaining collar, is made of piano wire (spring steel) and should be slightly bent before insertion, to minimise the possibility of it coming out during use, should the holes in the collar and roller coincide.

3. No other kind of wire will be used, except in emergency.

8. IMPROPER USE OF VEHICLES FOR RECOVERING VEHICLE CASUALTIES:

1. Where vehicles have become ditched, or otherwise rendered immovable except by towing, instances have occurred where units have used, for purposes of recovery, a vehicle of lighter load carrying capacity than the casualty, e.g. the use of an 8-cwt truck to recover a 30-cwt lorry.

2. This practice is extremely detrimental to the vehicle used, particularly to the latest type of light four-wheeled-drive vehicles now being brought into service, and will cease forthwith.

3. In general, in the absence of the assistance of a recovery section or breakdown lorry the procedure, under normal circumstances, will be to use a vehicle of equal or greater load-carrying capacity, having first removed any load from the casualty.

9. S.T. GRENADES -- PRECAUTIONS TO TAKE WHEN USING:

1. Experience has shown that it is unnecessary for the thrower of a S.T. grenade to take cover from the effect of the explosion, provided that he is about ten yards away. Tests have actually shown that the thrower is not affected by blast or concussion at five yards.

2. Users of this grenade should, therefore, be taught to throw at least one live grenade in the open. After throwing, men should lie down. If the grenade is placed by hand on the target, they should walk away quickly with their back towards it, and to the opposite side to that in which the handle of the grenade is pointing.

3. The above applies when using a proper target, such as a tank or steel plate, or when using an imaginary target on the ground. It does not apply when using a target such as an old car, or when throwing on to stony ground. In such cases pieces may fly about in all directions. Audiences will not be allowed within 50 yards of the target.

10. RECTANGULAR 11" SERVING DISHES:

1. Aluminium serving dishes are being replaced by rectangular 11" serving dishes. These dishes, which are manufactured in tinned iron, will be used as serving dishes and NOT as cooking utensils.

2. For service the dishes may be heated on a hot plate or over the cooking range, but they will on no account be allowed to come into contact with excessive oven or direct heat, as the tinning and solder is liable to melt and mix with the food.

11. IMPREGNATED BATTLE DRESS:

1. Battle Dress Suits which are marked A.V., and which require dry cleaning, will be sent to the following contractors:-

Messrs. Associate Dyers and Cleaners, Ltd.,
231, The Vale,
ACTON, London, W.3.

2. A.V. Battle Dress sent for dry cleaning, will not be returned from cleaners to Units. C.C. Units will submit indents, through the normal channel, for similar garments in replacement.

3. Under no circumstances will A.V. Battle Dress be sent to ordinary contractors for dry cleaning.

12. DISRUPTIVE PAINTING OF CANVAS AS COVERS AND HOODS OR VEHICLES:

1. As paint, spraying, khaki green, No.3 and paint, spraying, dark tarmac, No.4 have injurious effect on canvas covers and hoods of vehicles and hoods of vehicles, the use of these paints for disruptive painting of vehicle covers and hoods will be discontinued forthwith.

2. In future, the following paints will be used for the disruptive painting of the canvas covers and hoods of vehicles, and demands will be submitted as necessary through the D.A.D.O.S. of the formation to the Canadian Stores Depot, Crookham.

2. BLACKOUT: Night of 5/6 Nov 41: 1757 hrs until 0732 hrs.

3. THE MURRY RANGE-FINDER FOR USE IN SMALL ARMS A.A. FIRE:

1. The Murray Range-finder has been approved for use with small arms, A.A. weapons throughout the Canadian Army (Overseas)

2. This range-finder consists of steel plate in which are two apertures cut in relation to the average span of single and twin-engined aircraft at a range of 2,000 ft., when held at arm's length (2 feet).

3. The range-finder is attached to a button on the coat of the observer by a piece of string passed through the small hole at the bottom of the plate. When the wings of the aircraft are contained within the limits of the aperture (according to type), the aircraft will be out of range. As soon as the extremities of the wings are cut off by the limits of the aperture, effective fire can be opened. The range-finder, therefore, is a guide to show when an aircraft is in range, but it is not accurate unless held out exactly two feet and unless the aircraft is head on or tail on. Small Arms A.A. fire must not necessarily be opened at the maximum range.

4. This range-finder may also serve as a guide for ground targets when the shortest side of the small rectangle contains a man standing 200 yards away provided that the range-finder is held exactly two feet from the eye.

The following will be the scale of issue of the range-finder:—

1 for each section in the Infantry (including 4 for each A.A.L.M.G. platoon).

1 for each A.A.L.M.G. in other Arms.

5. Demands will be submitted forthwith through the usual ordnance channels. String will be provided by units using the range-finder.

(C.A.R.O.1169)

4. SPEED LIMITS:

1. Much damage and unnecessary expense in upkeep and repair to gravel drives of requisitioned buildings is caused by careless and thoughtless driving of W.D. vehicles.

2. A speed limit of 10 m.p.h. will be imposed on all W.D. Traffic using drives leading to requisitioned buildings.

(C.R.O.493)

5. GROUNDSHEETS, UNSERVICEABLE:

Units may indent on D.A.D.O.S. of formations, for Groundsheets, unserviceable, for covering, during inclement weather, maching guns permanently mounted. (Scale: 1 Groundsheet per machine gun.)

SPECIAL ORDER OF THE DAY

BY

MAJOR-GENERAL V.W. ODLUM, C.B., C.M.G., D.S.O., V.D.

Commanding 2 Canadian Division

I leave the Division with a nearly breaking heart. The Government of Canada has instructed me to undertake a new task, an important one; and in doing so it has honoured me. But the only honour I wanted was to be allowed to fight with MY Division -- with those officers and men who have been my comrades for so long a time.

In the new field I will do my best; but I will have to work without a heart, for my heart will be with the 2 Canadian Division.

Many words are not necessary on an occasion like this. I feel too deeply for words. And I think you will understand and forgive the awkwardness with which I express myself.

In you I have great confidence. I am proud of you. I know you will play your part of the game like men as I will try to play mine. Never before has so small an army faced so great a task. Only by the strength of the spirit can it win.

Good bye. May God bless every officer and man in the Division.

1. During field firing practices in which Universal Carriers are being exercised, both firing parties and butt parties will receive orders from the Control Point only.

2. Butt parties will be warned that they will not come out from the protection of the mantlet until so ordered by the Control Point. If it should be necessary for the butt party to come out of the mantlet before the completion of a practice, the red flag in the butts will be hoisted, but no member of the butt party will move out from cover until ordered by the Control Point.

3. On the completion of each practice or phase of a practice, carriers will halt, the motor will be switched off, the gun cleared and the signal "Gun Clear" will be made by hoisting a red flag in the carrier without exposing the crew.

4. On receipt of the "Gun Clear" signal from all carriers engaged in the practice, the Control Point will signal the carrier crews to dismount.

5. When all carrier crews have dismounted, the Control Point will give permission for butt parties to move out from the mantlet.

7. ORDNANCE Q.F. 40-M.M.—DAMAGE ARISING FROM INCORRECT HANDLING OF EQUIPMENT:

Attention is directed to the following causes of damage in the a/m equipment. Appropriate action will be taken to prevent such damage arising in future:

(i) Cylinder catch release spindle—This spindle is likely to be bent, if, when the auto-loader is removed and placed on a flat surface, the loader id tilted at the moment of contact.

(ii) Slide operating cover—Failure to ensure that this cover is correctly locked results in the roller of the crankshaft opening the cover. The breech block will then recoil against the front guide of the auto-loader, and the shock fractures the rear cover.
Visual inspection of the key aperture must be made to ensure that the cover is properly locked.

Should the key not be available or fail to function correctly, the lock can be closed by means of a small tommy screw-driver.

5. DISCIPLINE--SAFETY PRECAUTIONS TO BE OBSERVED BY TROOPS WALKING OUT DURING THE HOURS OF DARKNESS:

1. Owing to the regrettable number of accidents, involving loss of life, which have occurred during the hours of 'black-out', it is considered desireable that the attention of all ranks should be drawn to the necessity to taking the normal precautions when walking in public thoroughfares at night when off duty or on duty as individuals. It should be pointed out that drivers of vehicles are often unable to see pedestrians, particularly those dressed in khaki, in sufficient time to avert an accident.

2. In places where no footway is in existance and it becomes necessary to walk in a roadway, pedestrians should walk on the right-hand side of the road, i.e., against the oncoming traffic, and NOT on the left-hand side, where there is always the danger of being run down from the rear by overtaking traffic.

3. All traffic signals must be observed and thoroughfares crossed only at the appointed pedestrian crossings, when these are available.

C.A.R.O.(O's) 1222

6. CARE OF AMMUNITION:

1. Adjustment of ammunition racks, tray clamps, etc., in armoured fighting vehicles and gun limbers.--Where clamps and other securing devices exist, failure to adjust them properly will result in damage to the ammunition, and may lead to inaccurate shooting.

Care will be taken that projectiles are secured properly, particularly when the "cushions" in vehicles are worn.

2. Re-packing ammunition.--When ammunition is taken out of packages for exercises and subsequently replaced it is essential that the ammunition is correctly re-packed. All packing devices will be re-fastened.

4. TELEPHONE COMMUNICATION

1. In this area as in any other, efficient telephone communication is all important and this standard can only be achieved thru co-operation with the signals concerned. The more the time lost between subscribers, the sooner will an exchange become blocked and the sooner will the system break down. Consequently the original subscriber should follow the call thru to its destination and when the unit or formation exchange has been reached, then ask for the person desired either by name or appointment.

2. In addition, a switchboard operator should never be requested to take a message, for while so doing, other calls equally or more important will be forced to wait.

5. TRAFFIC DISCIPLINE:

1. Complaints have been received from the civil authorities that drivers of vehicles in this Division are failing to observe the road traffic signs to 'HALT at Major Raod Ahead'.

2. Attention is directed to the fact that this is an offence under Road Traffic Act, and disciplinary action will be taken in all offences of this nature reported in future.

Rot - Proof Sandbags.

1. The following is published for the information of, and compliance by all concerned with the storage, transport, and use of rot - proofed sandbags.

2. There are at the present two types in use:-

(a) Sandbags which have been rot-proofed by the creosote method and also by the tootal method. All such sandbags are brown in colour and smell strongly of creosote. These sandbags have a very serious fire risk, in that under pressure the exudation of the chemicals forms pockets of highly explosive gases which may be ignited by a spark or even noise or vibration. Consequently these sandbags will be used as soon as possible, and will not in any circumstances be stored in any storehouse, but will be stacked in the open, uncovered. During transport they will be in an open truck or lorry which will NOT be covered by tarpaulin.

(Rot - proofing by the above method has now been discontinued and an alternative process of proofing by cupro-ammonium or basic copper carbonate introduced.)

(b) Sandbags proofed by the new method, i.e., cupro-ammonium or basic copper carbonate, are not subject to the instructions in (a) above, and may be treated in all respects as unproofed sandbags in regard to storage, issue, and transport. They are non-smelling and of a dirty green colour.

NOTICE.

The Officer Commanding is pleased to publish the following letter which he received from Col. Mallinson, one of the officials of the County of Essex who, together with a number of other Essex gentlemen visited the H.Q. Mess recently.

We already have plans to serve turkeys although we do not know yet with how much success. There is no issue of fowl this year but there are other delicacies and it is the hope of the C.O. and Officers that our Christmas dinner and Christmas cheer will be fully equal to the occasion.

While elaborate plans may not be possible any one may submit ideas to the C.O. through the Coy member of the mess committee who will bring these ideas up at the weekly mess meeting.

30th November 1941

Dear Colonel Pearson.

At the meeting of the Essex War Welfare Committee on Tuesday last it was decided to ask you to accept a gift of £50. 0. 0. to aid your Companies in their Christmas cheer, and in due course this cheque will be forwarded to you, which we hope you will accept with the County's best wishes to the Essex Scottish.

There are three other points I should like to raise:-

1. We have three Hostels in the County for soldiers, one at Colchester, one at Chelmsford and one at Harnchurch. We should be very pleased to arrange for say up to 100 of your men to visit these Hostels, where we would provide free accommodation and breakfast. We could plan visits to places of interest in the neighborhood, and for those at the Harnchurch Hostel to see the Barracks at Warley. We should like to be advised a little in advance if you have any men who would like to come. Perhaps you might have some suggestions to offer as to how this could be arranged.

2. Colonel Coote, myself and other gentlemen in Essex would deem it a privilege to entertain any of your Officers if they would like to come into the County, and perhaps if this appeals to any they would let you have their names in due course.

3. Would you be free one Wednesday in December to attend one of the R.A.F.A.C. luncheons; they are held at The Dorchester at one o'clock. I do not know the name of the speaker, but immediately I do I will notify you. It would be so nice if you could bring two or three of your Officers with you.

Yours sincerely,
(sgd) STUART S. MALLINSON

Scabbard:

Exterior of locket and chape including laces. Should the face of the leather show signs of wear, the leather may also be painted.

Care must be taken when painting the bayonet to ensure that paint does not enter the nose cap boss hole in the crosspiece, or in the sword bar slot, bolt and nut recess, or clearing hole of the pommel.

When the paint is dry the bayonet should be tested to see that it positions correctly on the rifle, and that the bolt spring is functioning.

If the painting is carried out in R.C.O.C. workshops where a sandblasting plant is installed, the metal parts will first be sandblasted to allow a better surface for the painting.

(C.A.R.O. 1296)

APPENDIX "A"

TO REGIMENTAL ORDER NO. 253 DATED 6 DEC 41:

ADVANCES FROM DEFERRED PAY

Routine Order (Overseas) 455 is hereby cancelled.

1. Under article 736 of F.R. & I (Overseas) 50% of the daily rate of pay (including tradesmen's pay) is withheld from soldiers overseas who have not made an assignment. The pay so deferred is to be payed to the man on discharge from the Cdn. Army or on an appointment to commissioned rank. Articles 737-739 provide the conditions under which this deferment is suspended or an advance from accumulated balance is permitted during the mans service.

2. One object of deferred pay is to ensure that upon discharge a soldier will have a fund available fro use in re-establishing himself in civil life.

3. Advances from deferred pay will be approved only in the following exceptional circumstances:-

(a) Illness or other distress of near relatives or any other situation beyond the control of the soldier which would work undue hardship on the soldier, or on those to whom he would normally contribute under the same circumstances if he were not a soldier.

In all such cases the C.O. will satisfy himself that there is no other person or source from which the money required could and should be provided.

(b) Furlough to Canada at the soldier's own expense.

(c) Marriage of the soldier.

4. C.Os. will observe the following instructions in dealing with applications:-

(a) Before submitting an application for advance of deferred pay, full inquiry must be made as to the reason for the request and corroborative evidence must be obtained in support of it.

(b) The amount of money actually required must be established by statements showing how it is to be expended.

(c) In the case of applications made in pursuance of permission to marry, the following additional considerations will apply:-

(i) An amount of $200 must be reserved for provision of transportation to Canada of the soldier's wife and family, as and when accommodation becomes available.

(ii) Out of any balance, an advance not in excess of $75 may be recommended for the purpose of wedding and/or honeymoon expenses and upon production of marriage certificate, a further advance up to, but not in excess of $200 may be recommended to be paid to the wife of the soldier, provided that a detailed statement setting out how the money will be expended accompanies the application.

(d) Safeguards must be established to ensure that the money will actually be used for the purpose for which it is requested.

(e) Where the money is to be paid to a designated beneficiary the authority representing the Minister for the approval of advances from a deferred pay will take in to consideration whether the applicant has or has not demonstrated his acceptance of responsibility for such beneficiary by making an assignment in his or her favor.

(f) All supporting material will be attached and form part of the application. Where it is desired to retain original letters, etc., ~~mark~~ certified copies may be used.

5. Commanding Officers will take immediate steps to ensure that all ranks read and understand this order. In addition it will be explained to every applicant for permission to marry before such permission is granted. Insofar as this order affects applications for permission to marry it will be applicable after 15 Nov. 41

by

Lt. Col. A.S. PEARSON — Officer Commanding

Order No. 254 — Part. 1 — 8 Dec 42.

1. PITIES:

Reg'tal Duty Officer: 8 Dec 42: Lieut D.A. DEZIEL
9 Dec 41: Lieut D.W. GUEST
10 Dec 41: Lieut J.C. ERICK

2. BLACKOUT: Night of 8/9 Dec 42: 1731 hrs until 0833 hrs.

3. N.A.A.F.I. CONTAINERS:

1. In view of the extreme shortage of all types of packing cases used in the country, it is of national importance that containers be returned as soon as possible to their source. The R.A.S.C. or N.A.A.F.I. will issue the necessary credit notes.

2. On application to the Inspector of Catering, Can Army (Overseas), a specimen pro-forma of container account will be forwarded.

3. Attention of all units is directed to C.A.R.O. 1100

(C.C.O. 543)

4. BOOT REPAIRS:

1. A shoemaker can complete 9 - 10 soling and heeling jobs per day; consequently a unit holding 5 sets of shoemaker's tools with five shoemakers at work should not need to put any boot repairs out to contract.

2. Units having no shoemaker's on their establishment but having shoemaker's tools should ensure that men capable of carrying out boot repairs are employed at least half of their time on this work.

3. Output is highest when all unit's shoemakers work in one shop. Daily output should be recorded. Shoemaker should report name and sub-unit of any man whose boots are sent in too late. Boots should be sent in for repair as soon as a hole begins to appear in the outer sole, or the heel tip is worn through; failure to do this results in wastage of leather, slowed output and distortion of the boot's shape.

(C.C.O. 545)

5. CAPES, ANTI-GAS:

Capes, Anti-gas, may, in future, be worn not only for protection against gas but also as rainproofs at the discretion of local commanders, subject to the following conditions:-

(a) Precautions will be taken to ensure that capes are not damaged by unduly rough wear, e.g., they should not be worn when loading or unloading heavy stores, or when digging; nor should they be worn by men driving or travelling in mechanical vehicles.

(b) Capes will not be rolled when wet. They should be dried in natural temperatures and not in front of fires or near stoves.

(c) When not in use, they should, whenever possible, be left hanging up.

(C.A.R.O. 1516)

6. DETECTOR PAINT:

1. When present stocks of detector paint No. 1 become exhausted, detector paint No.2 will be brought into use.

2. Detector paint No. 2 is khaki in colour as opposed to the greenish yellow of detector paint No. 1. The tint developed by contamination is, however the same.

(C.A.R.O. 1523)

Continued Overleaf.....2/

7. OINTMENT, ANTI-GAS, No. 5

1. The existing stocks of ointment, anti-gas, No 3 will ultimately be replaced by a modified type of ointment known as ointment, anti-gas, No 5. Until sufficient stocks are available the initial output will be issued to replace only one of the two sets of ointment No 3, in possession of every individual.

2. As regards effectiveness against liquid mustard gas or lewisite, there is no significant difference between ointment No. 5 and No. 3 Ointment, anti-gas, No 5, has, however, the following two main additional advantages:

(a) It is non-irritant and can therefore be used more satisfactorily as a prophylactic against the vapour of mustard gas;

(b) it has a definite value in the prevention of systemic poisoning after gross contamination by lewisite.

3. The application of ointment, anti-gas, No. 5, is carried out in exactly the same manner as ointment, anti-gas, No. 3, and the procedure laid down in the Manual of Protection Against Gas and Air Raids, Pamplet No. 1, Section 67, as amended by amendments (No. 1), for ointments, anti-gas, Mark No. 3, should therefor be followed. These instructions will also apply to the decontamination of weapons.

4. A special grade of ointment No. 5, known as ointment, anti-gas No. 5A, will be issued for use in the tropics. It will be packed into specially welded tubes, and the tins marked with the words " tropical pack "

The above instructions regarding the effectiveness and application of ointment, anti-gas, No. 5, apply also to ointment, anti-gas No. 5A, but it may be found under cool conditions in the tropics that ointment, anti-gas, No. 5A, is somewhat stiff for easy application. In such circumstances it should be squeezed from the tube into the palm of the hand and then applied.

8. CHARGING SETS 300 WATT (CANADIAN PATTERN)

1. Further issue is restricted to those Trucks 8 cwt., Wireless, normally equipped with wireless sets.

Charging sets, 300 watt (Canadian Pattern)-

4. WEARING OF CRASH HELMETS BY MOTOR CYCLISTS:

1. An investigation into the injuries resulting from motor-cycle accidents has shown that a very high proportion are fractured skulls or other injuries to the head.

Exceptions will be made where operational or training conditions make it necessary for other forms of headgear (soft caps or steel helmets) to be worn, i.e.

(i) Steel helmets -- during active operations or in air raids.
(ii) Soft caps -- where these are specially ordered by higher authority for the purpose of distinguishing opposing sides during training.

Helmets, R.T.R. (with a large padded attachement to the outer surface) issued to crews of armoured fighting vehicles, are valueless as crash helmets for motor-cyclists, and must not be worn for this purpose.

25 Dec. 41.

"ORDER OF THE DAY"

For the sixth successive Christmas, three of them on active service, I have had the honour to command the Essex Scottish Regiment.

It has indeed been an honour to be associated with such a splendid group of Officers, N.C.O's and men, and I want to express my thanks and appreciation to you all for your loyalty and support.

Due to the widely separated areas we are working in at this particular time, it may not be possible for me to be with all of you at your Christmas dinner, but with the help of our local Y.M.C.A. Supervisor, Mr. Ginn, The Essex Scottish Ladies Auxiliary, and the Windsor Smokes Committee, together with our Messing Officer, staff and cooks, I believe that everything is laid on for a very happy and successful dinner.

May I wish you all a very happy Christmas and may your "ain" folk at home be happy too in the thought that, while you are absent from them in body, you and they are very much together in spirit. Again may I say, "A very happy Christmas".

4. FUNDS WHILE ON LEAVE:

It has been reported that soldiers on Leave in London have made application to C.M.H.Q. and to the Canadian Pay Office at Acton for advances of pay. Attention is directed to the provisions of Appendix to C.A.R.O.(O/S) 1017, paras 13 and 14 which read as follows:-

13. "Commanding Officers must ensure that other ranks proceeding on leave are in possession of sufficient money to cover the authorized period of leave. If a soldier has insufficient money, leave should not be granted or should be reduced commensurate with his available funds. All ranks must be in possession of return transportation when proceeding of leave."

14. "If a soldier on leave exhausts his funds, he should return to his unit forthwith. No advances of pay to personnel on leave will be given by Canadian Pay Office, Acton.

C.R.O. 587

5. SALVAGE OF ELECTRIC LIGHT BASES:

1. Officers Commanding all units, formations or detachments will take steps to ensure that all ranks are acquainted with the procedure and the necessity for salvaging and turning in to Engineer Stores all Electric Light Bases from burned out bulbs.

3. All burned out bulbs from M.T. and M.G. will be turned in to Formation Ordnance Field Parks, who will dispose of them to the nearest Salvage Depot when sufficient accumulations arise.

4. The reason of this salvage is the growing scarcity of copper and the maintenance of supply of bulbs for replacement depends largely on the co-operation obtained in the collection of bases from old bulbs.
