KEYWORDS

litchi chinensis, biodiesel, potato waste, response surface methodology and artificial neural network, microwave, sustainable environment

A Corrigendum on

Microwave-assisted transesterification of *Litchi chinensis* seed oil using extracted KOH from potato waste for sustainable development

by Asif T, Noor F, Imran S, Mujtaba MA, Farooq M, Fouad Y, Kalam MA and Uddin GM (2024). Front. Energy Res. 11:1339601. doi: 10.3389/fenrg.2023.1339601

In the published article, there was an error in the **Funding** statement. The correct Funding statement appears below.

"The authors extend their appreciation to the Researchers Supporting Project number (RSPD2023R698), King Saud University, Riyadh, Saudi Arabia for funding this research work."

Additionally, a correction has been made to the Acknowledgments.

The corrected sentence appears below:

"The authors extend their appreciation to the Researchers Supporting Project number (RSPD2023R698), King Saud University, Riyadh, Saudi Arabia for funding this research work. This research work is part of the project supported by Higher Education Commission Pakistan Project number (NRPU 20- 12879/NRPU/R&D/HEC/2020)."

The authors apologize for these errors and state that this does not change the scientific conclusions of the article in any way. The original article has been updated. Asif et al. 10.3389/fenrg.2024.1376594
