Dear Dr Alsagaff:

We have accepted for publication one or more letter(s) in response to your recent JAMA Internal Medicine article, and now offer you the opportunity to reply. Replies are limited to 3 or fewer authors, even if the JAMA Internal Medicine article had more authors. The reply must be double-spaced, be no longer than 500 words, have 6 or fewer references, including one to the original study, and include a word count.

Please prepare and submit your reply by May 24, 2022. If you decide not to submit a reply, please alert us as soon as possible.

For your convenience, a submission link has been placed on your Home Page in our online manuscript submission system. Use the link below to be taken directly to the site. You will be required to enter your password. If you are unable to locate your password please click the "Unknown/Forgotten password" link.

<https://manuscripts.jamainternalmed.com/cgi-bin/main.plex?el=A1i5BeT3A7BugT5J4A9ftdMUunmKpbJZduaaSIYCixAZ>

Do not share the link with anyone.

On your Home Page, click on the link 'Submit Commissioned Manuscript'. The next screen will have 2 sections at the bottom. Under 'Manuscript Items' -> 'Linked Data', a PDF file will appear. This is the manuscript upon which you have been asked to write your commissioned paper. Double click on the PDF line to open or save the linked manuscript.

You and your co-authors, if any, will be sent an email with further instructions for submitting the Authorship Form, which includes the ICMJE Disclosure of Potential Conflicts of Interest section.

The second section is called 'Manuscript Tasks' -> 'Submit Commissioned Manuscript'. Click on this link and follow the instructions to submit your commissioned manuscript. If you have any questions, please feel free to contact us.

Sincerely,

Rita F. Redberg, MD, MSc
