# Collections and Electronic Resources Updates – 2024 Q1

The following information contains updates to the University Libraries collections and electronic resources for the first quarter of 2024. We are providing this information to update you about resources you are gaining or losing access to in the collection. We plan to publish collections and electronic resource changes quarterly to keep the campus community updated. Below you will also find information about significant projects and changes related to collections and electronic resources. Past and future updates can be found at
https://ideaexchange.uakron.edu/erupdates/

## Additions

No additions this quarter.

## Cancellations

While UL continues to work hard on cost control and budget management, some cancellations are still necessary at this time for us to be able to meet all of our commitments.

University Libraries will provide as much notice as possible when resources are to be discontinued in an effort to lessen disruption to our users. Reductions to library collections will continue to be shared via Digest updates and directly with departments. Additionally, University Libraries provides and archives a quarterly update of resource changes (this report) via IdeaExchange@UAkron.

No cancellations this quarter.
