Teachers College Board Prints Board Proceedings

At a regular meeting of the Teachers College Board, with Hon. Frank G. Thompson presiding, the board voted to cause all the proceedings that were not published in printed form since 1936 up to the beginning of the administration of Governor Dwight H. Green and thereafter, to be printed.

The cost of the printing was to be taken from elapsed printing appropriations of the 1943-1945 biennium of the Department of Registration and Education and Superintendent of Public Instruction.

NORMAL SCHOOL BOARD MINUTES

The Normal School Board met in the Office of the Superintendent of Public Instruction at Springfield, Ill., on Monday, May 17, 1937, at 10 A.M.

On roll call the following members were present:

Hon. John J. Hallihan, Chairman Hon. John A. Wieland, Secretary Mr. Alschuler Mrs. Green Mr. O'Harra Mr. Dill

Miss McIntire

Dr. Sunderman

Mr. Beich

It was moved by Mr. Dill and seconded by Dr. Sunderman that the reading of the minutes be dispensed with and they be approved as presented. Motion carried.

It was moved by Mr. Wieland and seconded by Mr. Dill that the Board refer the matter of the \$3,000 additional appropriation for the road at the Western Illinois State Teachers College to the Advisory Committee of that college with full power to act. Motion carried.

The Chair appointed Mr. Beich as a member of the Advisory Committee of the Illinois State Normal University and to the Advisory Committee of the Western Illinois State Teachers College. Mr. Beich is to be the chairman of the Illinois State Normal Advisory Committee.

Mr. Alschuler. Chairman of the Budget Committee, made a report. It was moved by Mr. Wieland and seconded by Mr. Dill that the Board recess until 1:30 P.M. Motion carried.

The meeting was called to order by Mr. Hallihan and the same

members were present.

The report of the Illinois State Normal University was read by President Fairchild. In reading this report President Fairchild noticed a discrepancy on Page 3 and asked that "Amount Due Illinois State Normal University Revolving Fund from the General Revolving Fund" be changed to read "Amount Due Illinois State Normal University Revolving Fund from the General Revenue Fund." It was moved by Mr. Wieland and seconded by Mr. Dill that President Fairchild's report be accepted. Motion carried.

It was moved by Mr. Dill and seconded by Dr. Sunderman that the Chairman appoint a committee of three to look after the drafting and presentation of a bill to amend the revision of the Code pertaining to the powers of the Normal School Board, especially respecting emeritus salaries. Motion carried. The following committee was ap-

pointed by Mr. Hallihan, Chairman of the Board:

Mr. O'Harra Dr. Sunderman Mr. Alschuler

TEACHERS COLLEGE BOARD

The report of the Eastern Illinois State Teachers College was read by President Buzzard. It was moved by Mr. Dill and seconded by Mr. Wieland that President Buzzard's report be accepted. Motion carried.

The report of the Southern Illinois State Normal University was read by President Pulliam. It was moved by Mr. O'Harra and seconded by Dr. Sunderman that President Pulliam's report be accepted. Motion carried.

It was moved by Mr. O'Harra and seconded by Mr. Dill that a committee of five be appointed by the Chair for the purpose of reporting to the Board on the division and allocation of the different schools with regard to the assumed \$1,250,000 building fund. Motion carried. Mr. Hallihan, Chairman of the Board, appointed the following committee:

Mr. Alschuler Mr. O'Harra Dr. Sunderman Mrs. Green Mr. Beich

The report of the Western Illinois State Teachers College was read by President Morgan. In reading this report President Morgan asked that the name "Mr. Evan Chatterton" on Page 8 be changed to read "Mr. Wm. Lewis McGann." It was moved by Mr. O'Harra and seconded by Miss McIntire that President Morgan's report be accepted. Motion carried.

It was moved by Mr. O'Harra and seconded by Mr. Dill that the Grant of Easement presented to the Board be executed on behalf of the Board by the Chairman and Secretary of the Board, granting to the city of Macomb the right to lay a sewer in accordance with the terms of the written easement across the campus as located in the grant. Motion carried.

It was moved by Mr. O'Harra and seconded by Mr. Dill that the resolution relative to the agreement with the Western Illinois State Teachers College at Macomb for the construction of a pumping unit lift station be adopted by the Board and that the Chairman and Secretary of this Board be authorized to enter into contract to this effect. Motion carried.

The report of the Northern Illinois State Teachers College was read by President Adams. It was moved by Mr. Wieland and seconded by Miss McIntire that the report of President Adams be accepted. Motion carried.

It was moved by Mr. Wieland and seconded by Mr. Dill that the Board adjourn subject to the call of the Chair. Motion carried.

John A. Wieland, Secretary Normal School Board.

3. Under the requirements of the new Scholarship Law, which became effective July 1, 1936, I am reporting a list of the students who presented these scholarships, with the amount due the college on this account. This list of students, with the amounts due, needs to be certified to the State Treasurer prior to July 1, in order that the proper sum to cover this amount may be transferred to the funds available for the Western Illinois State Teachers College.

II. THE FACULTY

1. Resignations.

a. Under date of March 27, 1937, Mr. Clel T. Silvey, who was granted a leave of absence last year, tendered his resigna-

tion as a member of the music staff of the college, and Mr. Carl Nelson, who has been occupying this position while Mr. Silvey was on leave, is carrying the work nicely and will be available for re-appointment next year.

- b. Mr. Donald Feller, who was appointed as a member of the Department of Commercial Subjects and began his work last fall, has been elected to a similar position at an increased salary at Syracuse University, Syracuse, New York. He is therefore tendering his resignation.
- c. Dr. Amy Jones, who has been the Health Adviser for Women since 1931, is resigning at the end of the college year to go into active practice of medicine in Texas, which is her home state.
- d. Miss Ruth Shriver, who has been a teacher in the Mathematics Department since 1923, is tendering her resignation to take effect at the end of the college year.
- e. Dr. Genevieve Chase, who was appointed as Dean of Women two years ago, tenders her resignation under date of May 8, to take effect at the end of the college year. She has been appointed Dean of Women at Kalamazoo College at an increased salary.

2. Appointments

- a. No new appointments have been necessary during the regular college year, but Mr. Virgil Bolen, a graduate of the college, has been appointed to assist in the Chemistry and Physics Departments during the Mid-Spring Term, at a salary of \$160.00 a month.
- b. The following is a list of faculty members recommended for the First Summer Term, the first three weeks of the salaries to be paid from the Salary and Wage item of this biennium, and the second three weeks to be paid from the Salary and Wage item of the appropriations for the next biennium.

III. OTHER EMPLOYEES

1. It is not possible to make any recommendations at this time, due to the fact that the appropriations for the next biennium have not been made, but these, too, ought to be attended to at the earliest possible opportunity.

IV. THE ORGANIZATION

1. No changes of any significance have been made in the college staff during the present year, nor are any planned for the coming year. The work of the various departments has proceeded rather satisfactorily during the year, and no new plans are necessary unless the Board should approve some type of graduate work to be added to the courses now offered.

V. THE CURRICULUM

- 1. Very few changes are being made in the various curriculums which will be printed in the new catalogue. We are, however, having some difficulty in arranging a curriculum for Vocational Agriculture, because we have not as yet been able to secure approval for this work from the State Vocational Agriculture Director. The Vocational work in Home Economics, however, has been quite satisfactory to the State Director in that subject for many years, and we are as able to prepare teachers for Vocational Agriculture as for Home Economics.
- 2. See below

VI. BUILDINGS AND GROUNDS

1. As most members of the Board probably know, the funds were finally made available for the construction of the new training school building, and bids were taken on seven different divisions of its construction and contracts were let to the companies indicated below for the amounts indicated:

to the companies inclicated selow for the unfollings in	militaren.
Jacobson Brothers, general contractors\$	498,500.00
Otis Elevator Company, installation of elevator	8,046.00
Standard Asbestos Manufacturing Co., pipe covering	8.550.00
J. W. Holt Plumbing Company, plumbing	53.990.00
Carstens Brothers, heating and ventilating	66,975.00
Marrs-Tanner Co., general electrical work	59,918.00
Marrs-Tanner Co., tunnel work, cable connections	17,890.00

This leaves a balance in the original fund of \$12,381.

Total\$52,278.59

It is clear, therefore, that the difference between the amount left in the original fund and the total for equipment is approximately \$40,000, which is needed to equip this building and make it ready for use.

Homocoming October 90 and 20 1027

The general contractor started work rather promptly on January 11, as required by the federal government, and at present the excavation is completed, the footings and foundations are in, and the cement floors for the first story have been poured, as well as the tunnel connecting the new building with the main administration building. The stone work and brick work are now ready to proceed, and the contractor gives every evidence of working with full force until his part of the contract is completed. The plumbing contractor, the heating contractor, and the electrical contractor are also on the job taking care of their work as the construction will permit. My own opinion is that the building will be fully completed by September, 1938.

- 2. The swimming pool, without the super-structure to enclose it, has been completed, and will be used this summer as an out-door pool. A request for an appropriation of \$60,000.00 to enclose the pool is now included as one of the items in the request for new appropriations.
- 3. The grading of an athletic field for high school students and a hockey field for the women of the college is completed.
- 4. The other project which was developed and presented to W.P.A. for grading, for the sidewalks and drives about the new building and for a parking space for the college, as well as the building of a storm sewer to drain the western part of the campus, has been approved by the federal government as W.P.A. Project No. 6698. The federal government is to furnish \$17,481.00, and the college is to furnish \$6,267.00. It was necessary, however, to anticipate the part the college was to do, because of its relation to the new training school building, and most of that has been completed. It will now be possible, therefore, to go forward with the part of the work which was to be done by using federal funds. When this work is completed, everything will be in readiness for putting in the paving and sidewalks provided for in an item of \$25,000.00 which is now in the appropriation request for the next biennium.
- 5. Nothing has as yet been undertaken with respect to providing additional electrical machinery at the power plant to provide sufficient light for the present buildings and likewise care for the new ones. As has been reported, this is estimated to cost \$40,000.00, and that item is also in the request for appropriations now in the hands of the Normal School Board. This ought by all means to be completed before next winter.
- 6. Final plans have been made for the roads about the campus, and bids were taken on April 16. Cameron Joyce Construction Company seems to have been the low bidder, and the award of the contract is pending. It is now necessary to get property owners to sign easement agreements, since some of the dirt for the fills will extend over onto their property. These agreements are with Mr. John B. Martin and Mr. Virgil Riggs. Copies of these are available for the inspection of the members of the Board.
- 7. It is needless to say that the present condition of the campus is very much disturbed by the construction and grading which has been going on, but it is hoped that it can be put back in shape before another winter comes.

VIII. STUDENT LIFE

1. There is nothing special to report under this item except that there seems to have been a bit more illness this year than usual, and the funds set apart from the Student Activity Fund for student hospitalization and health have already been exhausted.

IX. MISCELLANEOUS

1. Several years ago when a new disposal plant known as the Northwest Disposal plant for the City of Macomb was constructed, an eight inch sewer was constructed across the campus of the college to connect with this and various campus sewers were re-constructed so as to make use of this new disposal plant. In addition, manholes were put in at various points on the campus with which to connect future buildings. This disposal plant has now been condemned, but in the meantime another large disposal plant has been built southwest of the city. and the City of Macomb is now undertaking to divert the sewage from the first plant described to this new plant by installing a pumping station near the north side of the campus, and laying a pressure line across the campus to a section of the sewer that leads to this new disposal plant, so that the sewage may be pumped to it. The City of Macomb has prepared an easement contract for the Normal School Board to approve, which will permit this pressure line to be laid across the campus.

This matter was taken up with Mr. O'Harra, the local member of the Board, and he in turn discussed it with members of the Budget Committee, which is the only group of the Board which has been together since the matter came up. After explaining it to them, they, too, agreed that it was proper for the Board to approve it, and with that understanding, the federal government, which is contributing to the project, is permitting the City of Macomb to proceed. This easement contract, however, must be officially approved by the Board and signed by the president and secretary to make it fully satisfactory. This easement contract is submitted for your approval.

2. The City of Macomb also has a small residence section near the campus which it has been impossible to connect with the main city sewage system without a small pumping station, and recently the city has decided to install such a station just across the street from the south side of the campus and a half block west of the small lake on the campus.

When the sewer outlet for the new training school building was planned, it was arranged to connect the sewage with a manhole on the campus near the present academy building. This manhole was installed when the campus sewer was built several years ago. This involves also electric pumps in a small

sump near the new training school building to be operated by electric motors. After the city decided to install the small pumping station described above, it was found that the training school sewer could be connected with it for \$1,640.00 less than the cost of the original layout as planned. This would also avoid the use of a sump and electric motors for pumping the sewage from the training school building and be a considerable saving to the State. The city has requested, therefore, that the college contribute this \$1,640.00 which is saved by this initial change to the construction of this small pumping station which will then be maintained by the city. The local Board member and I are recommending this to this Board for approval. Copies of the contract between the city and the Board are submitted for your consideration.

3. Members of the faculty and employees are still hopeful that the Board will be able to secure authority from the State Legislature which will permit the Board to work out some plan of retirement. It is my own opinion that the best way to do this is to amend the Code in Section 59, paragraph three, so that the Board may be vested with this authority.

X. SUMMARY

Action of the Normal School Board is requested on the following matters:

- 1. Approval of the five resignations from the faculty, namely, Mr. Clel Silvey, Mr. Donald Feller, Dr. Amy Jones, Miss Ruth Shriver and Miss Genevieve Chase.
- 2. Approval of the scholarship list, and authorization of the officers of the Board to certify this to the State Treasurer.
- 3. The appointment of Mr. Virgil Bolen at \$160.00 a month for the Mid-Spring Term.
- 4. The approval of the faculty for the First Summer Term, with salaries stated.
- 5. The approval of the faculty for the Second Summer Term, at salaries stated.
- 6. The approval of the calendar for the school year 1937-1938.
- 7. The approval of W.P.A. project Number 6698.
- 8. The approval of the easement contract with the City of Macomb for crossing the campus with a pressure line for pumping sewage to the new disposal plant.
- 9. The approval of the contract with the City of Macomb for an allotment of \$1,640.00 towards the construction of a new pumping station, which will receive the sewage from the training school building.
- 10. Some action which will make it possible for this Board to provide a plan of retirement.

Respectfully submitted,

W. P. Morgan, President

II. and III. FACULTY AND OTHER SCHOOL EMPLOYEES

1. I am sorry to report officially the death of Mr. Charles Neely, a member of the English Department of our Faculty. From 1932 until two years ago Mr. Neely was a critic in the Carterville Community High School, one of our affiliated practice schools. At the beginning of last year he was appointed as a regular member of the English Faculty. Last summer he was married to Miss Julia Jonah, then a member of the English

TEACHERS COLLEGE BOARD

Department, who resigned because of her marriage. After Mr. Neely's death, Mrs. Neely was temporarily appointed to take his classes.

Mrs. Julia Jonah Neely has her master's degree from Washington University, St. Louis, Missouri, and has done one year's work beyond her master's. She has been a member of our English Department since 1926. She is eminently qualified to fill the place. I recommend, therefore, that the Board approve the reappointment of Mrs. Julia Jonah Neely to the English Department at a salary of \$2,250 for the nine month term to take the place of Mr. Charles Neely. This salary is the same salary that Mrs. Neely was receiving when she resigned, which, incidentally, happens to be the salary we were paying Mr. Neely.

2. I am presenting below the pay roll for the summer session. In order to pay all salaries and wages provided for on this pay roll up to the end of this fiscal year on July 1, it will be necessary to draw \$9,178 from the Revolving Fund. The money is available in this fund.

Twelve of the regular members of the Faculty did not desire to teach during the summer session. Since the affiliated public schools are not in session during the summer, it is necessary to fill only one of these vacancies. For this vacancy left by Mrs. Mary Louise Barnes in the Household Arts Department I am submitting the name of Miss Luella Williams, who is to be employed for the summer only. Miss Williams received the Bachelor of Education degree in 1928 from the Illinois State Normal University and has additional graduate work at the Colorado State College of Agriculture and Mechanic Arts.

I recommend the employment of Miss Williams at a salary of \$320 for the eight weeks' session which is \$100 less than Mrs. Barnes would have received.

VI. BUILDINGS AND GROUNDS

I am pleased to report that the various building projects that were undertaken during the biennium are nearing completion. The PWA project for remodeling the Library and Old Science Building is practically complete. These two buildings have now been restored to excellent condition. The remodeling of the electric wiring system of the campus lacks only a small amount of work of being complete.

The Stadium project which was undertaken without an appropriation is more than half complete. The materials which the College was obligated to buy have practically all been purchased so that we have spent nearly as much as it will be necessary for us to spend. Thanks to the courtesy of the State Architect's office and to a fine spirit of cooperation by the WPA authorities, the building will be a most attractive structure. A complete report of all financial transactions connected with the project, prepared by Mr. Edward V. Miles, Business Manager of the College, is given below. We anticipate no trouble in meeting the remaining financial obligations of the College from donations and gate receipts.

VI. AUXILIARY ENTERPRISES

At the last meeting of the Board, the Board gave permission for us to consider a book rental plan for Carbondale similar to that in use at Normal and at Charleston. During the interval a committee of the faculty has been studying several phases of the problem. One committee studied the question of how many students were getting along without all or part of the books required for them to carry their work. This committee among other things found that only thirty-two per cent of the students now secure all the books they need to do efficient work. This is the principal reason for establishing the book exchange. After considering carefully all aspects of the problem, the Faculty voted sixty to thirty-three in favor of a rental plan.

Since the setting up of the book rental plan would practically destroy the business of Mr. W. C. Fly, the one local book dealer, we should like to have the approval of the Board to take over the usable new stock of his store, if it can be arranged through the regular channels of the State Purchasing Department, and to put him on the staff as an assistant librarian at \$150 a month to operate the book rental exchange. This salary is to be charged against the rental plan as a regular part of the cost of operating it. It is the feeling of the college administration that reasonable provision should be made for Mr. Fly, since he is sixty-two years old and has no other means of support to fall back on except his bookstore, which he has operated for fifteen years.

X. SUMMARY

The approval of the Normal School Board is asked for the following items which I am recommending:

- 1. The reappointment of Mrs. Julia Jonah Neely to the English Department at the salary indicated.
- 2. The employment of Miss Luella Williams in the Household Arts Department for the summer session only at the salary indicated.
- 3. The salary schedule for the Faculty for the summer session, 1937.
- 4. The adoption of the calendar for the year 1937-1938 presented above.
- 5. The establishment of the Book Rental Plan to go into effect the Fall Term, 1937.

Respectfully submitted,

ROSCOE PULLIAM

3. This college wishes to report fifty-six students who have presented scholarships under the law enacted at the last session of the legislature. We should like to be authorized to present, through this Board to the Department of Finance, a detailed

statement of these persons with the time that they have been in residence this year. The money from this source is to be credited to the Normal School Revolving Fund for this college.

II. FACULTY

- 1. I wish to call the attention of the Board to the fact that Maude Uhland, a member of the English Department, completed her requirements for the Ph.D. degree during the college year. The degree was conferred by Cornell University.
- 2. I wish to report the retirement of Miss L. Eveline Merritt, Head of the Fine Arts Department. Miss Merritt has been connected with the college since 1909 and will retire emeritus at the close of the college year.
- 3. I wish to report the resignation of Mrs. Mary Prissinger Werking, a member of the Foreign Language Department. Mrs. Werking was married during the Christmas vacation and asked to be relieved of her duties at the close of the college year.
- 4. Mr. Carl Appell, a member of the Department of Physical Education for Men and Assistant Coach, has requested a leave of absence for next year to complete the work for his doctor's degree at Ohio State University. I recommend that this leave be granted.
- 5. I wish to recommend the appointment of Miss Mary Jane Seed in the Home Economics Department. Miss Seed has her bachelor's degree from DePauw University and will receive her master's degree from Teachers College, Columbia University, in June. She has had high school and university teaching experience and has also been employed as assistant director of dormitories at DePauw University and Kalamazoo College. Miss Seed's appointment will begin in September, 1937, at a salary of \$2,050 for thirty-six weeks.
- 6. It is not possible at the present time to submit the salary schedule for next year due to the uncertainty of our budget.
- 7. I am submitting herewith the salary schedule for the summer session of 1937:

VI. BUILDINGS AND GROUNDS

The college is still desperately in need of a new library and science building, as well as a home management house. In event that a new power plant is not constructed this biennium, it will be necessary that \$7,500 be spent in repairs on the present plant. This is the report of the State inspector which came to my desk just today.

II. FACULTY

1. Resignations

- a. Nell Holtman, third grade critic, has submitted her resignation in order to accept a position in a State Teachers College in New Mexico.
- b. The resignations of Miss Rose Samuell, who has recently been married, and Miss Verna Hoyman, who wishes to continue her education, are merely reported, since they are on the payroll of the Department of Public Welfare and serve at the Illinois Soldiers and Sailors Children's School.

2. Leaves of Absence

- a. Edna M. Gueffroy, Assistant Professor of Geography, has requested a leave of absence for the regular year and summer session, dating from September 1937 to September 1938 for the purpose of continuing graduate study.
- b. Mabel Clare Allen, Assistant Professor of Speech, requests a leave of absence in order to continue graduate work during the first semester of the 1937-1938 school year.
- c. Ruth Yates, Assistant Professor of Speech, requests a leave of absence for the second semester of the 1937-1938 school year in order to continue graduate work.

3. Returning from Leave of Absence

It is expected that Miss M. Regina Connell, Miss Grace Shea, and Miss Neva McDavitt will return at the opening of the 1937 summer session following their leaves of absence for graduate study. Mrs. Stella Henderson, Miss Rowena Noe, Mr. J. W. Carrington, and Mr. C. N. Mills will return in September for the opening of the 1937-1938 school year.

4. New Appointments Recommended

- a. Mary E. Moody, Assistant Professor of Education and Director of the Kindergarten, to take the place of Rowena Noe, who was granted a leave of absence for the second semester of the 1936-1937 school year. Miss Moody has her bachelor's degree from the National College of Education and a master's degree from the University of Michigan. She has done work in Middlebury College in Vermont, Antioch College in Ohio, and Smith College in Massachusetts. She has had teaching experience in Smith College, Shover Nursery School at Indianapolis, Indiana, and for two years was State Supervisor of Nursery Schools for the State of Ohio. She was employed at the annual salary rate of \$2,025.
- b. I'Anna Jontz, as school nurse, to take the place of Miss Grace Shea, who was granted a leave of absence for the second semester of the 1936-1937 school year. Miss Jontz, in addition to being a registered nurse, has a bachelor's degree from Northwestern University and has done additional graduate work at Columbia University where she is completing work for a master's degree. In addition to general nursing experience and working with boys clubs and with the Y. W. C. A. at Providence, Rhode Island, Miss Jontz has served for the past two years as supervisor of health and instructor in biology at the State Teachers College at Spearfish, South Dakota. She was employed at an annual salary rate of \$1,620.
- c. Dr. Anna L. Keaton, an Assistant Dean of Women and Associate Professor of English, to fill an existing vacancy created by the resignation of Dr. Laila Skinner. Dr. Keaton is Dean of Women at Dakota Wesleyan University at the present time, but has had teaching experience in Southwestern College at Winfield, Kansas, and in the University of Chicago. Her training has been at Southwestern College at Winfield, Kansas, where she received her bachelor's degree, the University of Kansas, from which the master's degree was granted, and from the University of Chicago, where her Ph.D. degree was received. Her salary is to be \$2,400 for a period of twelve months, aside from living at Fell Hall, and her services are effective from September, 1937.
- d. H. W. Peithman, as Assistant Professor of Music, A.B., Central Missouri Wesleyan College, B.M.E. and M.S. in Education, Northwestern University. Teaching experience in rural school, high school and college with special emphasis on band and orchestra. At present director of music in Mendota High School. Salary \$2,160 for the regular year of nine months and appointment effective September 1937 to fill vacancy resulting from reorganization of Music Department.

Since the following people are not on the payroll of Illinois State Normal University through the Department of Registration and Education but receive their salary as teachers in the Soldiers and Sailors Children's School through the Department of Public Welfare, their employment is herewith noted but without calling for any action by the Normal School Board. John F. Foy, in physical education to take the place of Edson White on leave of absence until September 1, 1937. Mrs. Margaret Allison, in junior high school English, to take the place of Pauline Powell, resigned. Miss Ethel E. Lewis to take the place of Mrs. Dorothy Stillman, resigned. Mr. Foy and Mrs. Allison are working this year, but the appointment of Miss Lewis is effective September 1, 1937.

4. The faculty list and scheduled salaries for the summer session of 1937 is recommended for appointment as follows:

III. OTHER SCHOOL EMPLOYEES

1. Leave of Absence

a. A leave of absence was granted Simon Kniery, fireman, for the months of January and February and during that time Mr. George M. Gerdson, who filled the vacancy for a week, and Mr. Vernor Foreman, who stayed during the rest of the time, were appointed through Springfield to substitute for Mr. Kniery. The leave of absence was reported in regular form to the Civil Service Commission and appointments were made in accordance with their knowledge. Mr. Kniery returned on March 1 and has since regularly assumed his work.

2. New Appointments Recommended

a. Due to decidedly increased need for help on the grounds force, it is recommended that Mr. Vernor Foreman be hired to work in such a capacity beginning May 15, 1937, at a salary of \$100.00 per month, to be paid from the Revolving Fund. This position is being reported through the proper channels and since Mr. Foreman was recommended for the substitute position as fireman, it is presumed that his employment will be to the satisfaction of those concerned.

IV. THE ORGANIZATION

1. Extension Work

The demand for extension courses in off-campus centers continues to increase. While it has been impossible to meet all demands, it is a pleasure to report the following increased service which represents the largest number of students in such work for the past several years. It is hoped an even more extensive program may be provided next year to meet the insistent demands in Central Illinois.

Center	Size of Class
Springfield (Guidance)	 36
Springfield (Social Science)	
Decatur (English)	 25
Decatur (Social Science)	
Kankakee (Psychology)	 30
Virden (Education)	 40
Pontiae (History)	
Watseka (Social Science)	
Morris (Social Science)	 33
Bloomington-Normal (Social Science)	 19
Total	 300

The above class enrollment of 300 less those taking more than one course indicates 270 different persons availing themselves of this service from Illinois State Normal University the second semester of this year.

2. Change in Entrance Requirements

After careful study by a special committee the following recommendations to the University Senate were adopted and later ratified by the faculty as a whole.

"That Illinois State Normal University admit students who are graduates of recognized or accredited four year high schools and who meet our other entrance requirements without setting up specific requirements in academic credits."

The foregoing step in liberalizing entrance requirements is in keeping with recent changes along this line in many progressive colleges and universities. By such a plan the high schools are freed from the necessity of concentrating upon fixed admission requirements affecting all of their students and may thus concern themselves with organized procedures best suited to meet the needs of all of their students, a majority of whom will never go to college. Standards are not lowered by such liberality in entrance requirements but greater responsibility is placed upon the high schools. Beyond the general entrance requirements the selective admission plan of the present school year is continued at Illinois State Normal University.

3. The following calendar for the school year 1937-1938 is submitted for your reaction:

V. THE CURRICULUM—No report.

VI. BUILDINGS AND GROUNDS

- The new greenhouse is under construction and should be completed by July 1. The total cost will be \$25,000 covered by an appropriation of \$15,000 by the 59th General Assembly and a grant of \$10,000 by Governor Horner from the appropriation of one million dollars for permanent improvements among the five state teachers colleges. The building will meet a longfelt need on the campus.
- 2. Although the WPA program has of necessity been much curtailed during the past few weeks, the work on the University High School recreational area, the university athletic field and the campus amphitheater is nearing completion. Several parts of the projects remain untouched and it is hoped these may be re-written into new projects after July 1.
- The need for additional buildings becomes more imperative from day to day and it is hoped that the proposed new library, the auditorium-music-speech-administration building and the home management house may be provided for by legislative appropriation as now recommended by the budget committee of the Normal School Board.

VII. AUXILIARY ENTERPRISES—No report.

VIII. STUDENT LIFE—No report.

IX. MISCELLANEOUS

The past few weeks have been crowded with numerous state conventions that have come to the campus of the University. Some of these were invited but most of them, because of our central location, were anxious to have their meetings on our campus. Among such state meetings since March 19 and through May 8 are those of the Illinois Chemistry Association, the Illinois Conference on Temperance in the Schools, the Illinois Congress of Parents and Teachers, the Illinois Conference of Supervisors and Directors of Education, the Illinois Vocal and Instrumental High School Music Contest, the Big Brother and Big Sister Association, the Illinois Probation Officers Association, the Illinois College Press Association, and the State Oratorical and Speech League, with almost 11,000 persons attending these various meetings. In addition to the State meetings, numerous divisional and district conferences have utilized the campus to advantage for their meetings.

X. SUMMARY

Action was also obtained by the presidents, from the Board, on the following items:

Illinois State Normal University

Action of the Normal School Board is requested on the following items:

- 1. Approval of the State scholarship list as reported and certification to the State Treasurer of the total amount of \$4,860 due Illinois State Normal University.
- 2. Acceptance of the resignation of Miss Nell Holtman.
- 3. Granting of leaves of absence to Edna M. Gueffroy, Mabel Clare Allen, and Ruth Yates.
- 4. Approval of the appointment as faculty members of Mary E. Moody, \$2,025; I'Anna Jontz, \$1,620; Anna L. Keaton, \$2,400; and H. W. Peithman, \$2,160.
- 5. Approval of the summer session faculty list at salaries indicated, totalling \$61,131.50.
- 6. Approval of the leave of absence granted Simon Kniery, fireman.
- 7. Approval of the appointment of Vernor Foreman to the grounds force at \$100 month.
- 8. Approval of the University Calendar for the 1937-1938 school year.

Respectfully submitted,

R. W. FAIRCHILD

III. OTHER EMPLOYEES

1. Mrs. Lucile Mills Schaudt, university graduate stenographer, secretary to the Registrar and the Dean, resigned as of May 1, 1937, in order to accept a secretarial position at the University of Illinois. Requisition for a successor of similar grade has been filed through official channel to the Civil Service Commission, and Miss Loretta Harvey, of Coffeen, Illinois, will be sent to us for trial on June 1, 1937.

2. Miss Dorothy Davis, Mattoon, Illinois, who has taken the civil service examination for junior stenographer, has been sent to us on a thirty-day permit for the month of May, at a salary of \$60.00.

IV. THE ORGANIZATION

- 1. It is necessary that Eastern Illinois State Teachers College begin to offer extension work in our area of the State, similar to that given by the four sister institutions. Dr. Paul W. Sloan, Assistant Professor of Education, is recommended for transfer to the directing of this work, beginning in September, 1937.
- 2. The interest created in speech in the past three years, and the need for increased speech training, recommends the separation of speech from English, with Dr. J. Glenn Ross as head of this department.

V. THE CURRICULUM

1. Slight shifting in curriculum organization will be shown by the 1936-37 catalog, now in press. Curriculum studies of the current year. The suggested change in English-Speech has already been mentioned, as has the proposed expansion in Extension work. It is hoped that the appropriation will be sufficient to add some work in commercial teacher training.

VI. BUILDINGS AND GROUNDS

- a. Contracts totalling \$458,348.28 for the construction of a Health Education Building were awarded January 11, 1937. Construction on the building was sufficiently advanced to lay the cornerstone on Alumni Day, May 8, 1937. Completion of the building is scheduled for mid-December.
- b. On April 12, 1937, bids for the construction of a Science Building were received, totalling \$343,109.00. On May 2, 1937, the advisory committee for the college met, and canvassed the financial situation. On May 5, 1937, conference was had with Governor Henry Horner, Director John J. Hallihan, and Mr. C. Herrick Hammond, State Supervising Architect. Governor Horner referred the problem of financing the Science Building through Director Hallihan to the State Normal School Board. Copy of the memorandum prepared for the State Supervising Architect is as follows:

"Memorandum for C. Herrick Hammond, Supervising Architect, in connection with conference held May 5, 1937, regarding Health Education and Science Buildings at Eastern Illinois State Teachers' College, Charleston, Illinois.

Total	funds	available:
		/ A =

PWA Grant	(45%))
State Funds	(55%)	350,000.00

Total\$635,750.00

If Science Building is not constructed, the PWA Grant for the entire project will be based on the estimated cost, as per our letter of December 21, 1936, (copy attached) of \$384,000.00 for Health Education Building alone, and will be \$172,800. On this basis the Health Education Building will cost the State the difference between \$172,800.00 and the actual contract cost of \$430,731.00, or \$257,931.00 plus the Associate Architect's fees (\$25,903.86) and contingencies (\$2,365.14) of \$29,269.00, or \$287,200.00. The State has provided by requisition \$350,000.00 for the project, and the balance of \$62,800.00 will lapse and revert to the General Revenue fund.

The State will lose from the PWA Grant the difference between the base grant of \$285,750.00 and the grant which will be received for the Health Education Building only of \$172,800.00, or \$112,950.00.

The institution will lose both the \$62,800.00 of State funds, which will revert to the General Revenue fund, plus the \$112,950.00 lost on the grant, or a total of \$175,750.00.

The expenditure of the additional \$175,000.00 of State funds required for the entire project will save to the State this \$112,950.00 of the grant.

NOTE: The amount of \$62,800.00 mentioned above as reverting to the General Revenue fund will, however, be reduced by the Associate Architect's fees for preparing the drawings of the Science Building, in the amount of approximately \$14,500.00.

VII. AUXILIARY ENTERPRISES—No report.

VIII. STUDENT LIFE—No report.

IX. MISCELLANEOUS

- 1. Mention is made of the high degree of achievement of the college paper, The Teachers College News. Three outstanding ratings have been secured this year, (a) Medallist ranking by the Columbia University Department of Journalism, (b) All-American ranking by the University of Minnesota Intercollegiate Press Association, and (c) for the seventh consecutive year, first rank among the colleges of Illinois.
- 2. A senior in our Teachers College High School, John Mac-Gregor by name, after winning first place in the State contest, won third place in humorous reading in the National High School Speech contest, recently held at Jacksonville, Illinois.
- 3. Professor Simeon E. Thomas, head of the Department of Social Science since 1906, will receive an honorary degree of Doctor of Laws (LL.D.) from the Upper Iowa University, from which he received the bachelor's degree with the Class of 1898.

Action of the State Normal School Board is requested on the following items:

- 1. Submission of Teachers College Scholarship List of 61 persons, totalling \$1,700 tuition due, to the Department of Finance for payment.
- 2. Transfer of Miss Grace Geddes to the inactive list, effective at the close of summer school.
- 3. Granting of leaves of absence for study, without salary, to Clara Attebery, Eugene M. Waffle, Rose Zeller, Florence Mc-Afee, Harold M. Cavins, Walter M. Scruggs, Russell H. Landis, and Robert A. Shiley, as stated in report.

4. Employment of Ruth Schmalhausen, \$900.00, Dorothy M. West, \$600.00, and Wayne W. Wantland, \$2,250.00, for positions and salaries stated.

- 5. Resignation of Mrs. Lucile Mills Schaudt, and the temporary employment of Dorothy Davis as stated.
- 6. Employment of summer school faculty for work and salaries stated in report, totalling \$24,916.00.
- 7. Expansion of college activity to include extension work and speech if funds permit.
- 8. Inclusion in 1937-39 budget for permanent improvements, sufficient funds (\$175,500.00) for completion of Science Building as a part of the present PWA building project.

Respectfully submitted,
ROBERT G. BUZZARD,
President

NORMAL SCHOOL BOARD MEETING

The Normal School Board met in the Administration Building at Western Illinois State Teachers College, Macomb, Ill., on Tuesday, July 13, 1937, at 10 A.M.

On roll call the following members were present:

An examination of the above table shows that insofar as totals are concerned, there has been very little shift in the enrollment during the last year from that of the former year, and, while the number of freshmen is almost identical for the two years, this year there are hardly so many sophomores, quite a good many more juniors, and a few less seniors.

The postgraduates who have enrolled for the two years exceed 100 in each case, although it has been impossible to offer them any graduate work and they have taken additional courses on the undergraduate level in the hope of being better prepared for the work which they have or may choose as a teaching field. It seems conservative to assume that many more postgraduates would enter the college if graduate work were offered on a graduate level and could be counted toward advanced degrees, and since graduate work is now usually required as a preparation for teaching in the better high schools, as well as for principalships and superintendencies, perhaps the Teachers Colleges are confronted immediately with the necessity for decision as to whether such work shall be offered.

4. Per capita cost for college year, 1936-37

c. Per capita cost: To Revolving Fund = $$42,921.69 \div 1032.7, \pm \dots$

 $333,663.81 \div 1032.7 = \dots$ d. During the year ending June 30, 1936, the per capita cost was as follows: To state \pm \$290,466.06 ÷ 1078 =\$269.45

To Revolving Fund \pm \$32,180.60 \div 1078 \pm Total = \$322.646.66 \div 1078 =\$299.30

In comparing the above figures, it is observed that the per capita cost for the year just closed is \$23.79 greater than it was for last year. This is due to the fact that the average attendance on the basis of thirty-six weeks is this year between 40 and 50 less than last year. This in turn is due to the fact that quite a number of students who enrolled remained only a short while and dropped out, and a good many who remained through a term were dropped at the end of the term because of their inability to do satisfactory work, so by raising the standards we have decreased the average enrollment and increased the per capita cost.

6. Scholarship students in the Freshman Class for 1936-37 as compared with other freshmen are shown to be quite superior by the following table. In the table fifty-six scholarship students are represented in a total of three hundred thirty-three freshmen.

MEDIAN AND QUARTILE POINTS FOR AVERAGE HONOR POINTS EARNED EACH TERM BY THE ENTIRE FRESHMAN CLASS AND THE SCHOLARSHIP STUDENTS DURING THE ACADEMIC YEAR 1936-1937 AT WESTERN ILLINOIS STATE TEACHERS COLLEGE.

	Median	$\mathbf{Q}3$	Q1
All Freshmen	\dots 1.56	2.05	1.09

This table shows very definitely the advantage of the Scholarship Law which has been in force but a single year, and it is hoped that as more students enter the Teachers Colleges on basis of this scholarship, the quality will continue to improve.

II. THE FACULTY

1. Resignations

Four resignations were reported at the last meeting of the Board and these places are to be filled. In addition, Miss Margaret McCain, one of the assistant librarians, had a nervous breakdown last April and has not been able to return to her work, nor will she take it up again here. She has not filed a formal resignation, but her place needs to be filled.

2. New appointments recommended

- a. For the position of Health Adviser for college women vacated by Dr. Amy Jones, Dr. Esther Handcock is recommended at a salary of \$1,800 for the regular college year. Dr. Handcock holds her Bachelor's and Master's degrees from George Washington University, and her Doctor's degree in Medicine from the University of Colorado. She has taught Biology and Chemistry at Blackstone College in Virginia, at Stonewall Jackson College in Virginia, and Biology and Health Education at the State Teachers College at Boone, North Carolina, and has been resident physician and professor of Biology in Mary Baldwin College during most of the past year. She did her interneship at Asbury Hospital in Minneapolis, Minnesota. She comes well recommended by the Medical Department of the University of Colorado and the hospital authorities in Minneapolis.
- b. Mr. Lewis R. Toll is recommended at a salary of \$1,800.00 for the term of 36 weeks for the position as teacher of commercial subjects resigned by Mr. Donald Feller. Mr. Toll graduated from high school at Berkeley, California, spent two years in the Oregon State College at Corvallis, Oregon, and two additional years in the University of Illinois, from which he received his B.S. degree. He will receive his Master's degree from the University of Illinois this summer. He has taught one year as principal of the Gladstone High School in Illinois, two years as teacher of commercial subjects in the High School at Morris, Illinois, and two years as teacher of commercial subjects in

- the Quincy High School. He is recommended highly by the University of Illinois and by the various school officials under whom he has worked in the high schools where he has taught.
- c. A telegram just arrived from Mr. H. Glenn Ayre, in which he accepts the position in the Mathematics Department caused by the resignation of Miss Ruth Shriver, at a salary of \$2,115.00 for the nine months. I am therefore recommending him for the position, and have included him in the above salary schedule. Mr. Ayre holds his Bachelor's degree from Southern Illinois State Normal University, his Master's degree from the University of Michigan, and expects to receive his Ph.S. degree from George Peabody College at Nashville, Tennessee, during the summer of 1937. He has taught in the high schools at Carterville, Benton and Waukegan, Illinois, at Southern Illinois State Teachers College at Carbondale, and at George Peabody College for Teachers, and comes well recommended.
- d. At the time of preparing this report, no recommendations are ready to make with respect to the other vacancies.
- e. Faculty list and salary schedule recommended for the regular college year of thirty-six weeks during 1937-38. The salaries are to be paid out of the appropriation for Salaries and Wages.

III. OTHER COLLEGE EMPLOYEES

1. Resignations

a. There has come into my hands recently the resignation of Mr. George Bugg, who has been one of the firemen for the college for a number of years. His resignation, however, will not become effective until September 1, at which time it will be necessary to secure someone to take his place. It is my recommendation that Mr. Ellis Locke be promoted at that time to the position vacated by Mr. Bugg, at his salary, which is recommended at \$115.00 per month, and that some new appointee be secured to take the place of Mr. Locke at his salary, which is \$110.00 per month.

2. Employees list and salary schedule recommended for the year beginning July 1, 1937, and ending June 30, 1938. These salaries are to be paid from the appropriations for Salaries and Wages.

VI. BUILDINGS AND GROUNDS

1. During the past biennium much has been done in the way of permanent improvements. Through the help of W.P.A. a swimming pool and athletic field have been built at a cost of \$21,162.50 to the college and \$33,264.00 to the federal govern-

ment. The former is for the use of all college students, high school students and elementary children, as well as the faculty who are on the campus, and the latter is intended for a hockey field for the college girls, an athletic field for the high school students and a playground for the elementary children in such sports as are adapted to this field and are not provided for sufficiently by the playground near the new training school building.

It ought to be determined very soon whether the swimming pool is to be enclosed, because the most extreme care will need to be taken to protect it during the winter weather if it is to be left open. Plans for a superstructure have already been drawn by the office of the State Architect, and an estimate of the cost has been secured. It will probably require \$60,000.00 to build this superstructure, and it may be possible that federal aid can be had to add to state funds for its erection.

2. The training school building was let by contract, and the construction began on January 11 of this year. This was made possible by an allotment of \$400,000.00 from state funds and \$326,250.00 from the Public Works Administration. The work on this building is now progressing rapidly, and the corner stone is to be laid today.

The delay in getting this building started gave it an unexpectedly high cost because of rising prices while it was necessary to wait for approval by the federal government. On this account almost the entire funds were required for the construction of the building and little if anything has been left with which to purchase equipment. Additional funds, therefore, of some \$50,000.00 will have to be found somewhere if the building is to be equipped during the biennium which has just opened.

- 3. In looking ahead, we find an addition to the heating and power plant is an emergency, for the State Architect's office, after a careful survey of the college plant, has reported that it is impossible to light it properly with the present equipment. The Architect's Office recommends that a small room be added to the heating plant, and a much larger generator be installed to furnish light and power for the campus buildings. They have estimated that this will cost \$40,000.00, but it is not known whether federal aid can be secured on this project or not.
- 4. When the new training school was located, it made it necessary to develop a number of new drives and sidewalks, and to land-scape anew a considerable part of the campus adjacent to the new building. A project has been developed under W.P.A. and has recently been approved by the federal government to provide all of the grading for these walks and drives, and likewise for the landscaping as planned by the State Architect's

Office. This project involves also the installation of a storm sewer for the same part of the campus. The estimated cost of this entire project is \$6,267.00 to the college and \$17,481.00 to W.P.A., making a total of \$23,748.00. It is estimated, however, that it will require, in addition to the grading and land-scaping, approximately \$25,000.00 for placing concrete slab on the drives and sidewalks adjacent thereto, and it will not be clear whether this additional cost can be cooperated in by the federal government until the new regulations are sent out.

Recently, through the cooperation of the State Architect's Office, one of its representatives came to the campus and went over all of the buildings in the entire plant and listed certain repairs, including painting, varnishing and redecorating, a new roof for the heating plant, a new automatic system of control for the heat in the administration building, new wiring for the women's dormitory, a repair of the telephone system for the dormitory, and other long needed repairs which could not be made during the past biennium because of lack of funds. It has been intimated through the State Planning Department, under Mr. Kellogg, that perhaps W.P.A. funds might be available to assist in this work, but no definite information to that effect has been sent out. It is evident, however, to anyone who takes the time to examine into conditions at the college that the buildings have been badly neglected for the past four years. This was due to the fact that sufficient funds were not available to keep them in their usual repair.

It would be well if the Board could make arrangements so that the Advisory Committee for this college, in cooperation with the president, could proceed with such of the above projects as have been outlined as rapidly as funds are available to carry them out.

IX. MISCELLANEOUS.

1. Senate Bill No. 490, which was intended to provide additional powers for the Normal School Board with respect to salaries, tenure, and retirement was passed unanimously by the Senate, but was lost in the Committee on Education in the House in the final days of the General Assembly. This bill had no opposition in the Senate and none in the House except for the last section, which was copied after the similar bill extending the powers of the trustees of the University of Illinois, and allowing the Board to lease, transfer and hold land and other property. Perhaps this part is sufficiently cared for in the general provisions of the law of the State, and need not be included, if it is objectionable, but a bill similar to Senate Bill 490 should be introduced into the General Assembly at the first opportunity to properly extend the powers of the Normal School Board.

X. SUMMARY

The approval of the Board is requested on the following items:

- 1. List of four, two, and two and one-half year graduates of June 3, 1937.
- 2. An extended leave of absence for Miss Margaret McCain.
- 3. The appointment of Dr. Esther Handcock as health advisor for women, at a salary of \$1,800.00 for the regular year.
- 4. The appointment of Mr. Lewis R. Toll as a member of the staff of the Department of Commercial Subjects at a salary of \$1,800.000 for thirty-six weeks.
- 5. The appointment of Mr. H. Glenn Ayre as a member of the Mathematics Department at a salary of \$2,115.00 for the regular college year.
- 6. The faculty list and salary schedule for the regular college year of thirty-six weeks.
- 7. The list of employees and salary schedule for the college for the year beginning July 1, 1937, and ending June 30, 1938.
- 8. The list of employees and salary schedule for the women's dormitory for the year beginning July 1, 1937, and ending June 30, 1938.
- 9. The list of employees and salary schedule for the cafeteria for the year beginning July 1, 1937, and ending June 30, 1938.
- 10. Authority for the Advisory Committee of the Board for the Western Illinois State Teachers College, in cooperation with the president, to proceed with the new projects outlined in the report when the funds are available.
- 11. The introduction of a bill in the General Assembly similar to Senate Bill No. 490 when the opportunity comes.

Respectfully submitted,

W. P. Morgan, President

Our summer term opened Monday, June 7. Today we have 1,252 men and women enrolled in college classes, the largest number since the depression reduced summer enrollments.

2. Graduates.

The list of June graduates together with the list of those students who will finish their work for the degree in July will be submitted at the next meeting of the Board.

3. Extension.

Dr. Russell M. Nolen, Director of the Extension Service of Southern Illinois State Normal University, reports that 427 persons in southern Illinois cities were enrolled in the 20 classes offered by the Extension Department during the school year 1936-37.

Fifteen instructors from the regular college staff met the classes once a week during each of the three terms, and regular college credits were given to the students who completed the courses successfully.

The cities in which courses were offered were Christopher, West Frankfort, Fairfield, Nashville, Belleville, Alton, Mound City, Harrisburg, Pinckneyville, Waterloo, and Herrin. All students were teachers in active service in the public schools.

II. and III. FACULTY AND OTHER SCHOOL EMPLOYEES

- 1. Mr. W. O. Brown, Supervisor of the Rural Training Schools, requests retirement on an emeritus basis. Mr. Brown is seventy years old and has been a member of this Faculty for the past twenty-three years. It is recommended that his request for emeritus status be granted.
- 2. For the position of Superintendent of Rural Training Schools, I am submitting the name of Mr. Troy Stearns. Mr. Stearns has been a critic in the Rural Training Schools since 1929. He has the Bachelor of Education degree from this College, the A.M. degree from the University of Michigan, and has completed the residence requirements for the Ph.D. degree at Teachers College, Columbia University. It is recommended that he be employed as Superintendent of Rural Training Schools as an Assistant Professor at a salary of \$2,700 for the thirty-six weeks.
- 3. Miss Kathryn Cavelia, who has been a member of our Faculty since 1933, presents her resignation in order to be married. I am not ready at this time to recommend anyone to take Miss Cavelia's place.
- 4. It is practically certain that Mr. Russell Nolen, Head of the Economics Department, will present his resignation, since he is being recommended to the Board of Trustees at the University of Illinois at an annual salary which is \$1,045 higher than his present salary. His appointment, however, has not yet been formally approved by the Board of Trustees.
- 5. The following Faculty members are asking for leaves of absence for the year 1937-38:
 - a. Miss Mary Goddard, who has been a member of our Botany Department since 1929, requests leave in order to do graduate work. Miss Martha Scott, who has been away on leave of absence, will return to take her place.
 - b. Miss Frances Barbour and Miss Esther Power, members of our English Department since 1925 and 1929 respectively, ask leave in order to work toward the Doctorate. Mr. Robert Faner, who has been away on leave of absence, will return to fill one of these places, and it is possible that the other will not need to be filled. It is planned not to fill it for the fall term at least.

- c. Miss Annemarie E. Krause, a member of the Geography Department since 1930, is asking to be away next year in order to complete the residence work for the doctor's degree. Her place will be filled by Mr. Rappenecker, whose credentials are presented in Section 7a.
- d. Mr. F. G. Warren, Principal of the University High School and a member of the Education Department, requests part-time leave in order to complete the requirements for the Doctor of Philosophy degree at St. Louis University. This place will be filled by Mr. Ted R. Ragsdale, who has been away on leave of absence.
- e. Mr. Emerson Hall, a critic in the Rural Training Schools, asks to be away next year to do graduate work. His place will be filled by Miss Gladys L. Smith, who has been away on leave of absence.
- 6. Miss Sara Baker and Mr. Clarence Cramer, members of our History Department, are requesting leaves of absence for the Fall Term, 1937, to travel in Europe. These places will be left vacant for the fall term, by shifting courses in the History Department.
- 7. New Staff Members for the Regular School Year.
 - a. I am submitting the name of Mr. Casper Rappenecker as Assistant Professor of Geography to be employed for the year only as substitute instructor to take Miss Krause's place during her leave of absence. He received the A.B. degree in 1927 and the Ph.D. degree in 1936 from Cornell University. It is recommended that Mr. Rappenecker be employed as an Assistant Professor of Geography at a salary of \$2,250 for the thirty-six weeks.
 - b. To fill the vacancy created by the resignation of Miss Opal Stone last year, which has been temporarily filled on a part-time basis by Miss Julia Minette Barber of our English Department, I am recommending Mr. Howard Bosley. Mr. Bosley was born and reared on a farm in White County near Carmi. He has the A.M. degree from Teachers College, Columbia University, and has done an additional year of graduate work there. For the past six years he has been Superintendent of Schools at Mt. Vernon, Illinois. He will be Director of the College Library and will teach one-half time in the Department of Education. It is recommended that Mr. Bosley be employed as Director of the Library and Associate Professor of Education at a salary of \$2,500 for the thirty-six weeks.
 - c. I am submitting the name of Miss Madelyn Scott to be employed cooperatively by the College and the Carbondale City Schools as a critic in the Brush Training School to take the place of Miss Verna Gent who has been transferred to a position in the Carbondale City Schools not affiliated with the College.

Miss Scott received the Bachelor of Education degree in 1931 from this College and the M.A. degree from the University of Chicago in 1936. For the past seven years she has taught in the public schools of Carbondale. It is recommended that the Board concur with the Board of Education of Carbondale in transferring Miss Scott to the Brush Training School. The College portion of Miss Scott's salary will be \$855 for the thirty-six weeks.

- d. At the last meeting of the Normal School Board permission for the establishment of a book rental plan to go into effect the Fall Term, 1937, was granted this College. Approval was also given for the employment of Mr. W. C. Fly as an assistant in the Library to manage the Book Store. Mr. Fly's name appears on the payroll, but his salary is to be paid from the Revolving Fund and charged to the Book Store.
- e. For the past two years the task of administering Federal Student Aid and other student employment of the College has been done by Mrs. Wanda Newsum Gum on a part-time basis. She was paid from the Revolving Fund. At that time Mrs. Gum was a student in the College. She had formerly been a member of the Faculty in the Women's Physical Education Department, had been out for a time, and during the last two years was working part-time finishing her Bachelor of Education degree.

She has now completed her work for the bachelor's degree. I am recommending her for a full time position as Assistant to the Dean of Women and Director of Student Employment. In this connection, it may be pointed out that the Dean of Women is also at the head of the Home Economics Department, and in addition to this, teaches full-time in her department. Mrs. Gum is a mature woman, well qualified for the work for which she is recommended. She will do no teaching.

- f. I am asking that a new position be created for an instructor in the Economics Department. During the past few years, there has been an increasing demand for courses in the social sciences, especially those in the field of economics. A survey of all the courses in the College revealed the fact that the Economics Department carried far the heaviest student load per teacher of any department during the past year. I am not ready, at this time, to recommend anyone for this position.
- 8. Before presenting the total payroll for approval, I am submitting the following summary:

Expenditures from the Appropriation for Salaries and Wages for the First Year of the Biennium, 1937-39:

Total Appropriation for Salaries and	
Wages, 1937-39	\$745,170.00
Allotment First Year (One-half)	372,585,00
Summer Session, 1937 (July portion) \$ 26,174.00 School Year, 1937-38 (Faculty) 290,315.00	
Piscal lear, 1937-38 (President, Secretary to	
President, and Employees) 32,976.00 Summer Session, 1938 (June portion) 23,120.00	
23,120.00 23,120.00	<u>372.585.00</u>

In addition, there are five people employed in Auxiliary Enterprises, three at the dormitory, one on the farm, and one at the Book Store, who are paid from the Revolving Fund. The Revolving Fund payroll amounts to \$5,713 annually.

In all but a few instances, the salary listed for each position is the salary paid for the position in 1931-32. For three positions much lower salaries have been set than the old salaries for the positions in question, because the professors who formerly occupied these three positions are no longer on the Faculty and their places have been taken by younger men at much smaller salaries. In seven other cases increases slightly larger than the regular ones have been given to individuals who have received doctor's degrees, published books or have been promoted to positions of greater responsibility since the last salary adjustments were made and are, therefore, entitled to special consideration.

VI. BUILDINGS AND GROUNDS

The appropriation for the teachers colleges for the new biennium includes \$1,000,000 for permanent improvements. In the disposition of this money among the five colleges by the Board, with the approval of the Governor, this College will receive an equitable share. Until a definite policy on this matter has been formulated by the Board, I am not ready to present a full list of the allotments requested by this Correspond from the fund. There are, however, two matters which are the urgent that it appears that an allotment should be made for the urgent this meeting.

At the meeting of the Teach. Illege Board on December 21, 1936, a plan for the acquisition of some vacant land adjacent to the campus was presented to the Board. The Board gave tentative approval to a proposal to ask the Carbondale Business Men's Association to take options on the land for the College. These options have been taken. Most of them will expire on December 1, 1937. One of them expired July 1, with the privilege of renewal for another period of three months during the month of July.

I am asking, therefore, that \$33,500 be allotted from the appropriation for permanent improvements for the purchase of this land and that the Chairman of the Board and the Advisory Committee of the College be authorized to request the Governor's approval of this allotment and, if his approval is secured, to proceed forthwith to complete the purchase of this land.

I am also asking an allotment of \$16,215 for urgently needed alterations on the third floor of Parkinson Laboratory to accommodate the Physics Department, which has been working under unfavorable conditions ever since it was moved two years ago from its former quarters in the Old Science Building. A broad analysis of the cost of this project is presented below:

Remodeling third floor of Parkinson Laboratory for installation of Physics Laboratory equipment according to the following estimates made by the State Architect's Office in November, 1935:

1.	Building Alterations \$ 1,600.00
2.	Mechanical Trade
3.	Electrical Work 8,500.00
	Sub-total
4.	Add for increase in price of labor and
	material since estimate was made—
	15% $2,115.00$
	Total\$16,215.00

X. SUMMARY

The approval of the Normal School Board is asked for the following items which I am recommending:

- 1. Authority to grant Mr. W. O. Brown the status of Professor Emeritus.
- 2. The appointment of Mr. Troy Stearns as Superintendent of the Rural Training Schools, \$2,700.
- 3. The acceptance of the resignation of Miss Kathryn Cavelia and the authority to fill the position at the same salary Miss Cavelia would have received.
- 4. Authority to accept the resignation of Mr. Russell Nolen when presented and to fill his position at a salary not to exceed \$3,000 a year.
- 5. Granting of leaves of absence to Miss Goddard, Miss Barbour, Miss Power, Miss Krause, Miss Baker, Mr. Warren, Mr. Hall, and Mr. Cramer.
- 6. The appointment of Mr. Casper Rappenecker as a substitute instructor, for one year in the Geography Department at the salary of \$2,250.
- 7. The appointment of Mr. Howard E. Bosley as Director of the Library and Associate Professor in the Department of Education at the salary of \$2,500.

- 8. The appointment of Miss Madelyn Scott as critic teacher in the Brush school to take the place of Miss Verna Gent.
- 9. The appointment of Mr. W. C. Fly as an assistant in the Library to manage the Book Store.
- 10. The appointment of Mrs. Wanda Newsum Gum as Director of Student Employment and Assistant to the Dean of Women.
- 11. Authority to appoint an additional instructor in the Economics Department.
- 12. The approval of the salary schedule for Faculty and Employees for the year, 1937-38.
- 13. The allotment of \$33,500 from the appropriation for permanent improvements for the purchase of land optioned for the College.
- 14. The allotment of \$16,215 for urgently needed alterations in rooms occupied by the Physics Department.

Respectfully submitted,

Roscoe Pulliam

II. FACULTY

- 1. Mrs. Bessie Valentine, rural critic at the Five Points School, is asking for a leave of absence for one year to attend Teachers College, Columbia University. I recommend that this request be granted. Mrs. Valentine will return to the college in the same capacity at the beginning of the fall quarter, 1938.
- 2. I wish to recommend the appointment of Mrs. Olive Carr Montgomery as rural critic teacher in the affiliated Five Points School. Mrs. Montgomery has attended the Northern Illinois State Teachers College and has had experience in rural schools. Mrs. Montgomery has been approved by the Director of Training, the Rural Supervisor, and the Five Points School Board. The college participates in her salary to the extent of \$450 for the nine months.

- 3. Mr. Otto J. Gabel, principal of the McMurry Training School, is transferring to the Department of Education of the College. This increase in the Department of Education is necessitated by our increased demand for extension work. I am not prepared at this time to recommend his successor.
- 4. I wish to recommend the appointment of Miss Sylvia Resnikow to fill the vacancy in the Department of Foreign Languages. Miss Resnikow has her bachelor's and master's degrees from the University of Chicago. During this summer session she expects to complete all of her requirements for the Ph.D. degree, with the exception of her dissertation, at the University of Wisconsin. Miss Resnikow has been an assistant in the German Department at the University of Wisconsin during the past year and was reappointed again for next year. Her appointment will begin in September, 1937, at a salary of \$1,800 for thirty-six weeks.
- 5. I wish to recommend the appointment of Mr. John B. Parsons in the Physical Education Department for Men to fill the vacancy caused by the leave of absence granted to Mr. Carl Appell. Mr. Parsons has his bachelor's degree from the University of Maryland and his master's degree from Teachers College, Columbia University. He has had teaching and coaching experience in the high school at Winchester, Virginia, and has been swimming instructor and director of activities in summer camps for boys and girls. He has also been employed as Junior Assistant in the Library of Congress. Mr. Parsons' appointment will begin in September, 1937, at a salary of \$2,400 for thirty-six weeks.
- 6. There is an increased consciousness on the part of those training teachers that we must do more and more with the speech activities of teachers in training. As a means of developing this part of our program, I wish to add to our staff a teacher who has had clinical training with speech difficulties in children and who has had college training sufficient to teach college classes in speech correction. Such a person will fill a long-felt need in our college—a service which is demanded by the superintendents in our area. I wish authorization to employ such a person at a salary not to exceed \$2,400 for thirty-six weeks.
- 7. I am not prepared at this time to recommend a successor to Miss L. Eveline Merritt in the Department of Fine Arts.
- 8. I am submitting herewith the salary schedules for the year 1937-38:

III. OTHER SCHOOL EMPLOYEES

At the time that the previous report was made we were not prepared to validate the appointment of Miss Clara Sperling, University Graduate Stenographer. We are asking at this time that this appointment be made permanent.

IV. THE ORGANIZATION—No report

^{*} For 11 months.

V. THE CURRICULUM—No report

VI. BUILDINGS AND GROUNDS

I should like to recommend for consideration of the Board, that the committee of the five colleges and the five presidents meet for consideration of the allocation and use of the permanent improvement funds for this biennium. Each college is tremendously anxious to make use of the allotment so as to have it available for student use as soon as possible. I should like to recommend that a date for this meeting be set at this time.

VIII. STUDENT LIFE

The improvements that have been made in the college plant and equipment during the last biennium have contributed in a marked way to a more wholesome and richer life on the part of students in training at this college. At no other time in my personal experience have I felt the response of students to the increased facilities which the State is contributing for their use. I wish, at this time, to express to the Board and to the Administration the approval of the students and faculty of our college to the efforts which are being made in behalf of teacher training.

IX. MISCELLANEOUS—No report

X. SUMMARY—Action is requested on the following:

- 1. Approval of the awarding of degrees and diplomas to the students who completed the requirements for graduation at the close of the spring quarter, June 2, 1937.
- 2. The granting of leave of absence to Mrs. Bessie Valentine.
- 3. The approval of the transfer of Mr. Gabel to the Department of Education.
- 4. The appointment of Miss Sylvia Resnikow at the salary indicated.
- 5. The appointment of Mrs. John B. Parsons at the salary indicated.
- 6. Authorization to employ an additional faculty member in the Department of English to handle the clinical work in speech correction and to teach half time in the speech classes.
- 7. Approval of the salary schedules for 1937-38.
- 8. The making of Miss Clara Sperling's appointment permanent under Civil Service.
- 9. The setting of a date for a meeting of the committee to allocate the permanent improvement funds.

Respectfully submitted,

KARL L. ADAMS, President

ILLINOIS STATE NORMAL UNIVERSITY, NORMAL PRESIDENT'S REPORT

4,926.81 Total Appropriations\$475,079.11 Revolving Fund

31,325.96

Total Expenditures\$549,883.37

c. Computation of Per Capita Cost

 $\$549,883.37 \div 2290 = \240.12

The per capita cost for the preceding fiscal year was \$249.63, which indicates that increased demands for an even larger service than in previous years have been met with an actual decrease for the 1936-37 school year.

Teacher Placement.

Although it is too early to make a very complete report on the placement of the 1937 graduates, it is interesting to note that there has been an unprecedented demand for teachers and that at the time of this report there have been 232 placements in the elementary field and 131 in the secondary and special fields. It is expected that the high record of placement of last year will be equalled or surpassed by the opening of schools in September. Placements to date-363.

Limitation on Enrollment.

It becomes increasingly necessary to adhere to the limitation of enrollment made possible by Board action of October 7, 1935. The entering freshman group will be limited to 700 with the hope that the number of returning students will be such as to keep the enrollment very close to the 1,850 mark.

A number of interesting observations might be made regarding our experience with selective admission during the past year. It has some advantages and there are also some disadvantages and obvious considerations that cause one to doubt the effectiveness of part of the procedure. Some persons who appeared doubtful material and were admitted on such a basis proved themselves to be better students than others who entered without such misgivings on the part of those concerned with the admission of students.

After further experience a detailed report will be made upon this plan which is not one entirely of choice but more the result of necessity.

- 6. Graduates, at close of 1936-37 regular year.
 - a. The students whose names are listed below completed the requirements for graduation from their various courses at the close of the spring quarter, June 7, 1937. I recommend that these students be sanctioned as graduates.

Kindergarten-Primary Rural				
Total Two-Year Course (Gradua	tes	148	

II. FACULTY

1. Resignations.

- a. Dr. Paul Royalty, Associate Professor of English and in charge of the journalism activities of the school, has resigned in order to accept a position as head of the English Department, in Ball State Teachers College at Muncie, Indiana.
- b. As a matter of record, since the position is paid for by the Department of Public Welfare, I am reporting the resignation of Mr. H. O. Hebert, Director of Music at the Illinois Soldiers and Sailors Children's School. Mr. Hebert plans to go on with his graduate work.

2. Leaves of Absence.

- a. Miss Gladys L. Bartle for the entire 1937-1938 school year in order to continue further graduate work beyond her master's degree.
- b. Mr. Dewey Fristoe and Mrs. Lois Fristoe, supervising teachers in the Houghton affiliated rural school, for the school year 1937-1938 in order to continue their education at New York University.
- c. Miss Jessie E. Rambo, Head of the Home Economics Department, has requested an extension of her leave of absence for another year until September, 1938, due to home conditions.

3. New Positions Needed.

- a. Biology-agriculture, in order to take care of the increased class enrollment in the Biology Department and provide an additional phase of agriculture in addition to two phases now represented, all of which is required for the training of Smith-Hughes teachers of agriculture.
- b. Agriculture-biology, a position to care for the fourth special phase required for Smith-Hughes agriculture and care for the additional demands of the Biology Department.
- c. Commerce education, to meet the decidedly increased enrollment in this special department, which is now the largest of the special fields in the University.
- d. Physical education for men, to meet specific needs resulting from limited staff and large classes, together with present inability to offer some needed courses.
- e. Faculty assistant in research and records to meet an imperative demand for information and records required by the faculty, to work in conjunction with the offices of registrar and recorder.

4. New Appointments to the Faculty.

- a. Mr. Ralph L. Boyd, as Assistant Professor of Commerce Education, to serve in a newly created position above mentioned. Mr. Boyd has his B.Ed. from Illinois State Normal University and his M.S. from the University of Illinois. His teaching experience covers high school work for several years at Urbana and for the past three years a staffman at the Bowling Green College of Commerce at Bowling Green, Kentucky. Mr. Boyd's appointment will be effective September, 1937, at an annual salary rate of \$2,250.
- b. Miss Margaret Scovell, Assistant Professor of English in the University High School, to fill an existing vacancy, this appointment effective September, 1937, at an annual salary rate of \$2,250. Miss Scovell has the B.S. degree from Kansas State Teachers College (Pittsburg), M.A. from Kansas University, and has had considerable additional work on her doctor's degree at Teachers College, Columbia University, and Oxford University in England. Her teaching experience has been in Columbus, Kansas, Carthage and Joplin, Missouri, high schools, and for the past two years in the high school at Niles, Michigan, where she has been head of the English department.
- c. Miss Anna M. Goldsmith as Instructor and Supervising Teacher in the Third Grade at the Illinois Soldiers and Sailors Children's School, at an annual salary of \$1,710, effective from September, 1937. Miss Goldsmith has her B.A. degree from Dakota Wesleyan University and M.A.

degree from the State University of Iowa. She has had rural school experience in South Dakota and for the past four years has been County Superintendent of Schools at Highmore, South Dakota.

- d. Miss Ruth E. Tice, as Instructor and Supervising Teacher in a combination of grades one to three at the Illinois Soldiers and Sailors Children's School, at an annual salary of \$1,710, effective from September, 1937. Miss Tice has the B.S. degree from Kansas State Teachers College at Emporia and M.A. degree from Teachers College, Columbia University. She has also attended Stephens College at Columbia, Missouri, where she has obtained an Associate Art Degree. Her teaching experience has been in the primary grades in two cities of Kansas, a critic teacher for two years in the State Normal School at Danbury, Connecticut, and most recently a teacher in the laboratory school at Kansas State Teachers College at Emporia.
- e. Miss Hazel Brenneman, as Faculty Assistant in Research and Records, at a twelve months' salary of \$1,440, effective from July 1, 1937. Miss Brenneman has a Bachelor of Education degree from Illinois State Normal University and has had high school teaching experience.
- f. As a matter of record the appointment of Miss Ethel E. Lewis as Instructor in Home Economics at the Illinois Soldiers and Sailors Children's School is reported. Miss Lewis will be paid by the Department of Public Welfare and will begin her duties in September, 1937. She is a graduate of Illinois State Normal University and has just completed her work for the M.A. degree at Teachers College, Columbia University. Her teaching experience of seven years covers rural schools and high school work in Illinois.
- g. As a matter of record the appointment of Mr. Charles Newton as Instructor in Music at the Illinois Soldiers and Sailors Children's School is reported. Mr. Newton will be paid by the Department of Public Welfare and will begin his duties in September, 1937. Mr. Newton has his B.Ed. degree from Illinois State Normal University.
- 5. The following faculty members are recommended for election or reelection for the school year 1937-1938 at salaries indicated, which are to be paid for the thirty-six weeks of the regular school year from Salaries and Wages Account.

3. If information is correct, Illinois State Normal University is the only Illinois state teachers college having one night watchman. Because of the size of the plant and the need for longer hours of service, I recommend the appointment of an additional night watchman to be certified from Civil Service at a salary of \$1,380, effective for an eleven months' period, from August 1, 1937.

IV. THE ORGANIZATION

- 1. Affiliated Schools.
 - a. It is recommended that the affiliation with the Houghton, Little Brick, Grove, Maple Grove and Walker rural schools, involving the part payment of salaries of the six teachers in the five schools, be continued for the 1937-1938 school year.
 - b. The affiliation with Towanda schools, both elementary and high school, was suspended for the 1936-1937 school year. Due to needed additional student teaching facilities and the unanimous request of the Towanda School Board, following a petition to the school board from the school patrons, it is recommended that this affiliation be reestablished on the basis of Illinois State Normal University paying approximately forty per cent of the salaries of teachers in elementary and high schools and to the extent indicated in part in an earlier portion of this report.

2. Extension Division.

a. Demands continue to multiply in number and intensity for extension classes in the territory served by Illinois State Normal University. We hope that some of these demands can be met, although it now seems impossible to consider any greater number of teaching centers than during the 1936-1937 school year. These requests are met by faculty members handling such work as a part of their teaching load.

V. CURRICULUM—No report

VI. BUILDINGS AND GROUNDS

1. New Buildings.

Illinois State Normal University, because of its crowded conditions and forced limitation of enrollment and the only school among the five state teachers colleges that has shown a marked increase, presents a very strong claim for consideration, for buildings are absolutely necessary to meet the present emergency. In the presentation of such claim, recognition is given to the fact that Northern Illinois State Teachers College has a justifiable claim on the basis of chronological order of buildings and that funds to the extent of \$175,000 are being ear-marked for the completion of buildings at Charleston and that there is apparent need for the purchase of land at Carbondale and the completion of the superstructure over the swimming pool at Macomb. Those considerations are enumerated to dispel any belief that Illinois State Normal University should be given any undue consideration. Specifically, our needs as to nature of buildings and the minimum cost of construction and equipment are as follows:

- a. University Library. There is urgent need for a University Library at an early date to care for the student groups wishing such service and to house in a fireproof structure the 75,000 volumes in the present library, as well as to care for needed expansion in additional books. Such a structure of sufficient size to meet our needs can not be built and equipped for less than \$400,000.
- b. Home Management House. Due to the uncertainty of renewal of lease for the present Home Management House and the fact that our senior classes are becoming of such size as to call for either two houses or a double house, the construction of a Home Management House is very urgent. It is hoped that such a house can be built and furnished for \$30,000.

2. Needed Repairs.

Two major items, both to be paid from the regular Repair and Equipment fund appropriated as a standard account to this school, will claim early consideration in the matter of repairs.

- a. University Farm, where certain repairs will have to be made to the house and other buildings to the extent of approximately \$6,000.
- b. The rewiring of Cook Hall (Old Castle) is necessary in order to safeguard that building. The approximate cost of this work will be \$5,000. With such rewiring all of the buildings on the campus will be in good condition with only slight additional needs as to some rewiring in the Metcalf and Industrial Arts Buildings.

VIII. STUDENT LIFE

1. Federal Aid.

It is hoped that the N.Y.A. program may be continued during the next year, since many of our students are absolutely dependent upon such aid in the continuance of their college education. It was hoped that a summary of the N.Y.A. activities for the year might be presented in this report but this information will have to be included in a later report.

IX. MISCELLANEOUS

1. Expression of Appreciation.

This opportunity is taken to express appreciation to the members of the Normal School Board for their understanding and active support of requests for appropriations for the new biennium. At a time when there are so many demands made upon state revenue the program of the teachers colleges can

only go forward by the staunch support of those who are in position to realize the needs of the teachers colleges. This understanding and support has been very heartening during a period in which there have been many discouraging moments. Speaking specifically for Illinois State Normal University, the present appropriation for Standard Accounts will enable the work of this institution to progress in a manner that would have been utterly impossible with lessened income and improper distribution among the various accounts.

X. SUMMARY

Addenda July 13, 1937

The board acted on the following matters presented by the schools:

- 1. Granting of degrees and diplomas to the students who completed the requirements for graduation at the close of the second semester, June 7, 1937.
- 2. Acceptance of the resignation of Dr. Paul Royalty.
- 3. Granting of leaves of absence to Miss Gladys L. Bartle, Mr. Dewey Fristoe, and Mrs. Lois Fristoe, and the continuance of the leave of absence for Miss Jessie E. Rambo, all for the entire school year of 1937-1938.
- 4. Authorization of new positions in biology, agriculture, commerce, physical education, and faculty assistant in research and records.
- 5. Appointment of Mr. Ralph L. Boyd as Assistant Professor of Commerce Education at \$2,250.
- 6. Appointment of Miss Margaret Scovell as Assistant Professor of English in the University High School, salary, \$2,250.
- 7. The appointment of Miss Anna M. Goldsmith as Instructor and Supervising Teacher in third grade at \$1,710.
- 8. Appointment of Miss Ruth E. Tice as Instructor and Supervising Teacher in a combination of grades one to three, \$1,710.
- 9. Appointment of Miss Hazel Brenneman as Faculty Assistant in Research and Records, \$1,440.
- 10. Faculty list at scheduled salaries for the regular school year of thirty-six weeks.
- 11. List of Other Employees at salaries scheduled for the twelve months period beginning July 1, 1937, and ending June 30, 1938.
- 12. The authorization of the employment of an additional night watchman.
- 13. Reestablishment of the affiliation with the Towanda public schools.
- 14. Consideration of building needs at Illinois State Normal University in connection with the allocation of available funds for Permanent Improvements.

Respectfully submitted,

R. W. Fairchild

V. THE CURRICULUM

Demands for training in commercial work, particularly in connection with the teaching of other subjects, in eastern Illinois are such, that the inclusion of a beginning curriculum in commerce is recommended. One instructor can care for this addition during the coming year. The projected payroll covers this cost.

VI. BUILDINGS AND GROUNDS

- a. Construction of the Health Education Building is well under way. Most of the steel framework is in place, and the brickwork is well along. Construction of the Science Building is being delayed because of failure to receive needed materials. The concrete footings have been poured, and preparations are being made for the initial stone and brick work.
- b. Attention of the State Normal School Board is called to the projected allocation of \$175,000.00 from funds for buildings and betterments appropriated by the 60th General Assembly, which was promised the P.W.A. authority, with the consent of Governor Henry Horner, so that contracts might be let for the Science Building.
- c. Attention is also called to the budget presented at the December 21, 1936, and May 17, 1937, meetings, wherein the items of:
 - 1. additional boiler, vacuum pumps, water heater, and water reservoir, to care for two additional buildings, \$25,500,
 - 2. Equipment, Health Education Building \$30,000, and
 - 3. Equipment, Science Building \$50,000, were regarded as a part of the 1937-39 budget. Governor Horner in his allocation of \$350,000 for the P.W.A. building project agreed that the equipment was to be taken from the appropriation from the 60th General Assembly.

VII. AUXILIARY ENTERPRISES—No report

VIII. STUDENT LIFE—No report

IX. MISCELLANEOUS

a. Since the nine-months faculty are paid in nine equal installments, attention of the Board is called to the need for but one monthly payroll for all employees, thus fixing the first day of the months October, to June inclusive, as the date for salary payment. At least two of the five colleges already use such a plan.

X. SUMMARY

- 1. Graduation of list of students submitted for the degree of Bachelor of Education and the Junior College diploma, respectively, as of May 31, 1937.
- 2. Acceptance of the resignations of Lloyd F. Sunderman, Jay B. MacGregor, Beth Kassabaum, Nathile McKay, Vivla P. Russell and Annabelle Thomson as stated.

- 3. Appointment to the faculty of Irving W. Wolfe, \$2,700; William H. Zeigel, Jr., \$2,430; Jessie M. Hunter, \$1,800; Catherine F. Stilwell, \$3,600; Bryan Heise, \$2,430; Avis E. Edgerton, \$2,070; Merlin R. Wagner, \$2,160; Henry Meyer, \$2,250; Esther Duggleby, \$1,620; Cathryn J. Morphew, \$1,800; Grace M. Williams, \$1,980; James M. Thompson, \$2,700, and Cyril Stout, \$2,250, for the positions as stated.
- 4. Change in faculty status of Mabel Hupprich, J. Glenn Ross and Paul W. Sloan, as indicated.
- 5. Employment of the faculty for nine months as submitted.
- 6. Employment of the persons indicated on the twelve months payroll as submitted.
- 7. Employment of the persons on dormitory service as indicated.
- 8. Approval of the college calendar for 1937-38 as stated.
- 9. Establishment of commercial teacher training in the functioning of the college.
- 10. Submission of proposed allotments from the fund appropriated by the 60th General Assembly for the completion of the Science Building, adding the needed boiler, and equipping the Health Education and Science Buildings, to the committee appointed for this function of the Board.
- 11. Establishment of payroll dates for nine-months employees as the first of the month, October to June inclusive.

Respectfully submitted ROBERT G. BUZZARD President

A meeting of the Normal School Board was held July 29th, 1937, in Springfield, Illinois.

The meeting was called to order by the chairman, John J. Hallihan; the following members were present on roll call:

Absent: Dr. Preston Bradley

A motion was made by Mr. Dill and seconded by Mr. Alschuler to dispense with the reading of the minutes. Motion carried.

A motion was made by Dr. Sunderman and seconded by Mr. Alschuler to make the salaries of the Presidents of the Teachers Colleges \$6,750 per annum. Motion carried.

A motion was made by Mr. O'Harra and seconded by Mr. Alschuler to accept the report of the Southern Illinois State Teachers College except that portion caring for salaries and wages; to restore the salaries ten per cent and to make up such deficit as might accrue from such restoration from the revolving fund; and to eliminate items 7, 14 and 15 of the summary. Motion carried.

A motion was made by Mr. O'Harra and seconded by Mr. Mc-Morris that items 14 and 15 of the summary of Mr. Pulliam's report of the Southern Illinois State Teachers College be referred to a committee heretofore appointed for allocation of a million dollar permanent improvement fund. Motion carried.

A motion was made by Miss McIntire and seconded by Mr. Dill to accept the report of Mr. Fairchild of the Illinois Normal University. Motion carried.

A motion was made by Mr. O'Harra and seconded by Mrs. Green to accept and approve the report of Mr. Morgan, President of Western Illinois State Teachers College. Motion carried.

A motion was made by Dr. Sunderman and seconded by Mr. Alschuler to accept the report of Dr. Buzzard, President of Eastern Illinois State Teachers College, as presented. Motion carried.

A motion was made by Mr. Alschuler and seconded by Mr. Mc-Morris to accept and approve the report of President Adams of Northern Illinois State Teachers College. Motion carried.

A motion was made by Mr. Alschuler and seconded by Dr. Sunderman to employ a co-ordinator for the Normal School Board and that each school set aside \$1,000 for his salary and expenses. Motion carried. Mr. Dill voted no.

A motion was made by Mr. Alschuler and seconded by Dr. Sunderman to employ Mr. Lucien File as co-ordinator, on a monthly basis, at \$300.00 per month. Motion carried.

A motion was made by Mr. Dill that the Board adjourn. Motion carried.

(Signed) JOHN A. WIELAND, Secretary.

Approval of the board was given on the reports of the five teachers college presidents as follows:

Western Illinois State Teachers College

- 1. Approval of scholarship lists, to be presented to the state treasurer, for reimbursement to the school.
- 2. Approval of faculty appointments for the summer school as follows: Instrumental instructor in Music, Mr. Maurits Kestnar, salary \$300 for six weeks. Miss Loretta M. Miller, assistant in the department of English, salary \$300 for the six weeks; Mrs. Erma Foster Thomson, seventh grade critic in the grade school, salary \$300 for six weeks. Dr. Virgil Nestrick, Industrial Arts, salary \$300 for the six weeks. Burdette Graham, Agricultural Department, at a salary of \$250.
 - 3. College calendar for the year 1937-'38.

4. Approval of W.P.A. projects for the \$2,500 allotted to the school, including the straightening of the channel of a small stream running across the campus, improving outdoor theatre, building of concrete tennis courts, installation of light posts along drives, repair of sidewalks, steps and areaways, construction of machinery hall, a small storage building, and the paving of a roadway leading to the heating plant.

Respectfully submitted, W. P. Morgan.

The list of students who will finish their work for the degree July 30 will be submitted at the next meeting of the Board.

3. Extension.

Dr. Russell M. Nolen, Director of the Extension Service of Southern Illinois State Normal University, reports that 449 persons in southern Illinois cities were enrolled in the 20 classes offered by the Extension Department during the school year 1936-37.

Fifteen instructors from the regular college staff met the classes once a week during each of the three terms, and regular college credits were given to the students who completed the courses successfully.

The cities in which courses were offered were Christopher, West Frankfort, Fairfield, Nashville, Belleville, Alton, Mound City, Harrisburg, Pinckneyvlile, Waterloo, and Herrin. All students were teachers in active service in the public schools.

II. and III. FACULTY AND OTHER SCHOOL EMPLOYEES

- 1. Mr. W. O' Brown, Supervisor of the Rural Training Schools, requests retirement on an emeritus basis. Mr. Brown is seventy years old and has been a member of this faculty for the past twenty-three years. It is recommended that his request for emeritus status be granted.
- 2. For the position of Superintendent of Rural Training Schools, I am submitting the name of Mr. Troy Stearns. Mr. Stearns has been a critic in the Rural Training Schools since 1929. He has the Bachelor of Education degree from this College, the A.M. degree from the University of Michigan, and has completed the residence requirements for the Ph.D. degree at Teachers College, Columbia University. It is recommended that he be employed as Superintendent of Rural Training Schools as an Assistant Professor at a salary of \$2,700 for the thirty-six weeks.

- 3. Miss Kathryn Cavelia, who has been a member of our Faculty since 1933, presents her resignation in order to be married. I am not ready at this time to recommend anyone to take Miss Cavelia's place.
- 4. Mr. Russell Nolen, Head of the Economics Department, presents his resignation in order to accept a position at the University of Illinois at an annual salary which is \$1,045 higher than his present salary. I am not now ready to recommend anyone for this position.
- 5. The following Faculty members are asking for leaves of absence for the year 1937-38:
 - a. Miss Mary Goddard, who has been a member of our Botany Department since 1929, requests leave in order to do graduate work. Miss Martha Scott, who has been away on leave of absence, will return to take her place.
 - b. Miss Esther Power, a member of our English Department since 1929, asks leave in order to work toward the Doctorate.

 Mr. Robert Faner, who has been away on leave of absence, will return to fill this place.
 - c. Miss Annemarie E. Krause, a member of the Geography Department since 1930, is asking to be away next year in order to complete the residence work for the doctor's degree.
 - d. Mr. F. G. Warren, Principal of the University High School and a member of the Education Department, requests part-time leave in order to complete the requirements for the Doctor of Philosophy degree at St. Louis University. This place will be filled by Mr. Ted R. Ragsdale, who has been away on leave of absence.
 - e. Mr. Emerson Hall, a critic in the Rural Training Schools, asks to be away next year to do graduate work. His place will be filled by Miss Gladys L. Smith, who has been away on leave of absence.
- 6. Miss Sara Baker and Mr. Clarence Cramer, members of our History Department, are requesting leaves of absence for the Fall Term, 1937, to travel in Europe. These places will be left vacant for the fall term, by shifting courses in the History Department.
- 7. New Staff Members for the Regular School Year.
 - b. To fill the vacancy created by the resignation of Miss Opal Stone last year, which has been temporarily filled on a part-time basis by Miss Julia Minette Barber of our English Department, I am recommending Mr. Howard Bosley. Mr. Bosley was born and reared on a farm in White County

near Carmi. He has the A.M. degree from Teachers College, Columbia University, and has done an additional year of graduate work there. For the past six years he has been Superintendent of Schools at Mt. Vernon, Illinois. He will be Director of the College Library and will teach one-half time in the Department of Education. It is recommended that Mr. Bosley be employed as Director of the Library and Associate Professor of Education at a salary of \$2,520 for the thirty-six weeks.

c. I am submitting the name of Miss Madelyn Scott to be employed cooperatively by the College and the Carbondale City Schools as a critic in the Brush Training School to take the place of Miss Verna Gent, who has been transferred to a position in the Carbondale City Schools not affiliated with the College.

Miss Scott received the Bachelor of Education degree in 1931 from this College and the M.A. degree from the University of Chicago in 1936. For the past seven years she has taught in the public schools of Carbondale. It is recommended that the Board concur with the Board of Education of Carbondale in transferring Miss Scott to the Brush Training School. The College portion of Miss Scott's salary will be \$855 for the thirty-six weeks.

- d. At the last meeting of the Normal School Board permission for the establishment of a book rental plan to go into effect the Fall Term, 1937, was granted this College. Approval was also given for the employment of Mr. W. C. Fly as an assistant in the Library to manage the Book Store. Mr. Fly's name appears on the pay roll, but his salary is to be paid from the Revolving Fund and charged to the Book Store.
- e. For the past two years the task of administering Federal Student Aid and other student employment of the College has been done by Mrs. Wanda Newsum Gum on a part-time basis. She was paid from the Revolving Fund. At that time Mrs. Gum was a student in the College. She had formerly been a member of the Faculty in the Women's Physical Education Department, had been out for a time, and during the last two years was working part-time finishing her Bachelor of Education degree.

She has now completed her work for the bachelor's degree. I am recommending her for a full-time position as Assistant to the Dean of Women and Director of Student Employment. In this connection, it may be pointed out that the Dean of Women is also at the head of the Home Economics Department, and in addition to this teaches

full time in her department. Mrs. Gum is a mature woman, well qualified for the work for which she is recommended. She will do no teaching.

- f. I am asking that a new position be created for an instructor in the Economics Department. During the past few years there has been an increasing demand for courses in the social sciences, especially those in the field of economics. A survey of all the courses in the College revealed the fact that the Economics Department carried far the heaviest student load per teacher of any department during the past year. I am not ready, at this time, to recommend anyone for this position.
- 8. Before presenting the total pay roll for approval, I am submitting the following summary:

To keep up our present summer school standard it will be necessary to draw \$6,500 additional from the Revolving Fund for salaries and wages for the June portion of the summer session plus our share of the Coordinator's salary, namely \$1,000.

In addition, there are five people employed in Auxiliary Enterprises, three at the dormitory, one on the farm, and one at the Book Store, who are paid from the Revolving Fund. The Revolving Fund pay roll amounts to \$5,700 annually.

In all but a few instances the salary listed for each position is the salary paid for the position in 1931-32. In a number of positions slightly lower salaries have been set than the old salaries for the positions in question, because the instructors who formerly occupied these positions are no longer on the Faculty and their places have been taken by younger men at much smaller salaries. In seven cases increases slightly larger than the regular ones have been given to individuals who have received doctor's degrees, published books or have been promoted to positions of greater responsibility since the last salary adjustments were made and are, therefore, entitled to special consideration.

VI. BUILDINGS AND GROUNDS

The appropriation for the teachers colleges for the new biennium includes \$1,000,000 for permanent improvements. In the disposition of this money among the five colleges by the Board, with the approval of the Governor, this College will receive an equitable share. Until a definite policy on this matter has been formulated by the Board, I am not ready to present a full list of the allotments requested by this College from the fund. There are, however, two matters which are so urgent that it appears that an allotment should be made for them at this meeting.

At the meeting of the Teachers College Board on December 21, 1936, a plan for the acquisition of some vacant land adjacent to the campus was presented to the Board. The Board gave tentative approval to a proposal to ask the Carbondale Business Men's Association to take options on the land for the College. These options have been taken. Most of them will expire on December 1, 1937. One of them expired July 1, with the privilige of renewal for another period of three months, during the month of July.

I am asking, therefore, that \$33,500 be allotted from the appropriation for permanent improvements for the purchase of this land and that the Chairman of the Board and the Advisory Committee of the College be authorized to request the Governor's approval of this allotment and, if his approval is secured, to proceed forthwith to complete the purchase of this land.

I am also asking an allotment of \$16,215 for urgently needed alterations on the third floor of Parkinson Laboratory to accommodate the Physics Department, which has been working under unfavorable conditions ever since it was moved two years ago from its former quarters in the Old Science Building. A broad analysis of the cost of this project is presented below:

Remodeling third floor of Parkinson Laboratory for installation of Physics Laboratory equipment according to the following estimates made by the State Architect's Office in November, 1935:

2.	Building alterations \$ 1,600.00 Mechanical trade 4,000.00 Electrical work 8,500.00
	Sub-total
4.	Add for increase in price of labor and material since estimate was made
	- Total\$16,215.00

X. SUMMARY

The approval of the Normal School Board was given for the following items:

- 1. Validation of the graduation of the students whose names are listed on the preceding pages.
- 2. Authority to grant Mr. W. O. Brown the status of Professor Emeritus.
- 3. The appointment of Mr. Troy Stearns as Superintendent of the Rural Training Schools.
- 4. The acceptance of the resignation of Miss Kathryn Cavelia and the authority to fill the position at the same salary Miss Cavelia would have received.
- 5. Acceptance of the resignation of Mr. Russell Nolen and authority to fill his position at a salary not to exceed \$3,000 a year.
- 6. Granting of leaves of absence to Miss Goddard, Miss Power, Miss Krause, Miss Baker, Mr. Warren, Mr. Hall, and Mr. Cramer.
- 7. Authority to employ a substitute instructor, for one year, in the Geography Department at the salary indicated.
- 8. The appointment of Mr. Howard E. Bosley as Director of the Library and Associate Professor in the Department of Education at the salary indicated.
- 9. The appointment of Miss Madelyn Scott as critic teacher in the Brush school to take the place of Miss Verna Gent.
- 10. The appointment of Mr. W. C. Fly as an assistant in the Library to manage the Book Store.
- 11. The appointment of Mrs. Wanda Newsum Gum as Director of Student Employment and Assistant to the Dean of Women.
- 12. Authority to appoint an additional instructor in the Economics Department at the salary indicated.
- 13. The approval of the salary schedule for Faculty and Employees for the year 1937-38.

At the request of the Board the following items are referred to the committee appointed by the Board to allocate funds for permanent improvements among the schools.

- 1. The allotment of \$33,500 from the appropriation for permanent improvements for the purchase of land optioned for the College.
- 2. The allotment of \$16,215 for urgently needed alterations in rooms occupied by the Physics Department.

Respectfully submitted,
Roscoe Pulliam

II. FACULTY

- 1. Mrs. Bessie Valentine, rural critic at the Five Points School, is asking for a leave of absence for one year to attend Teachers College, Columbia University. I recommend that this request be granted. Mrs. Valentine will return to the college in the same capacity at the beginning of the fall quarter, 1938.
- 2. I wish to recommend the appointment of Mrs. Olive Carr Montgomery as rural critic teacher in the affiliated Five Points School. Mrs. Montgomery has attended the Northern Illinois State Teachers College and has had experience in rural schools. Mrs. Montgomery has been approved by the Director of Train-

- ing, the Rural Supervisor, and the Five Points School Board. The college participates in her salary to the extent of \$450 for the nine months.
- 3. I wish to recommend the appointment of Miss Sylvia Resnikow to fill the vacancy in the Department of Foreign Languages. Miss Resnikow has her bachelor's and master's degrees from the University of Chicago. During this summer session she expects to complete all of her requirements for the Ph.D. degree, with the exception of her dissertation, at the University of Wisconsin. Miss Resnikow has been an assistant in the German Department at the University of Wisconsin during the past year and was reappointed again for next year. Her appointment will begin in September, 1937, at a salary of \$1,800 for thirty-six weeks.
- 4. I wish to recommend the appointment of Mr. John B. Parsons in the Physical Education Department for Men to fill the vacancy caused by the leave of absence granted to Mr. Carl Appell. Mr. Parsons has his bachelor's degree from the University of Maryland and his master's degree from Teachers College, Columbia University. He has had teaching and coaching experience in the high school at Winchester, Virginia, and has been swimming instructor and director of activities in summer camps for boys and girls. He has also been employed as Junior Assistant in the Library of Congress. Mr. Parsons' appointment will begin in September, 1937, at a salary of \$2,400 for thirty-six weeks.
- 5. I am not prepared at this time to recommend a successor to Miss L. Eveline Merritt in the Department of Fine Arts.
- 8. I am submitting herewith the salary schedule for the year 1937-38.

III. OTHER SCHOOL EMPLOYEES

At the time that the previous report was made we were not prepared to validate the appointment of Miss Clara Sperling, University Graduate Stenographer. We are asking at this time that this appointment be made permanent.

IV. THE ORGANIZATION—No report.

V. THE CURRICULUM—No report.

VI. BUILDINGS AND GROUNDS

- 1. I should like to recommend for consideration of the Board that the committee of the five colleges and the five presidents meet for consideration of the allocation and use of the permanent improvement funds for this biennium. Each college is tremendously anxious to make use of the allotment so as to have it available for student use as soon as possible. I should like to recommend that a date for this meeting be set at this time.
- 2. I wish to recommend to the Board an allotment of \$12,000 from the permanent improvement funds be set aside for this biennium for emergency use in the Power Plant. This matter was presented to the Committee of this College and was discussed in all its details. The office of the Supervising Architect has sent a statement to the Department of Registration and Education calling attention to the fact that certain of these changes must be made before fire can be put into these boilers next fall. We wish to start work on these as soon as school closes this week-end.

3. Per Capita Cost for University Year, 1936-37

a. University attendance by semesters, summer session and extension groups

				Equivalent for
	Men	Women	Total	36 Weeks
Eight week summer 1936		1,283	1,692	423
Three week summer 1936	7	12	19	2
First semester 1936-37	658	1,214	1.872	936

Extension 1936-37	71	330	401	33
Eight week Music Camp 1936	6	S	14	3
				2,290 .

b. Cost of operating the University for the year beginning July 1, 1936, and ending June 30, 1937, including all items except Permanent Improvements:

Salaries and Wages	2.501.06 $3.270.99$ $5.008.83$ $1.325.96$
Total Appropriations \$47. Revolving Fund 99 Total Expenditures \$566	1,368.62

c. Computation of Per Capita Cost

State Appropriation	$.\$475,079.11 \div 2290 = \207.46
Revolving Fund	$. 91.368.62 \div 2290 = 39.89$
	$\$566,447.73 \div 2290 = \247.35

The student per capita cost for the preceding fiscal year was \$249.63, which indicates that increased demands for an even larger service than in previous years have been met with an actual slight decrease of \$2.28 per student for the year 1936-1937 school year.

4. Teacher Placement.

Although it is too early to make a very complete report on the placement of the 1937 graduates, it is interesting to note that there has been an unprecedented demand for teachers and that at the time of this report there have been 248 placements in the elementary field and 136 in the secondary and special fields. It is expected that the high record of placement of last year will be equalled or surpassed by the opening of schools in September. Placements to date—384.

5. Limitation on Enrollment.

It becomes increasingly necessary to adhere to the limitation of enrollment made possible by Board action of October 7, 1935. The entering freshman group will be limited to 700 with the hope that the number of returning students will be such as to keep the enrollment very close to the 1850 mark.

A number of interesting observations might be made regarding our experience with selective admission during the past year. It has some advantages and there are also some disadvantages and obvious considerations that cause one to doubt the effectiveness of part of the procedure. Some persons who appeared doubtful material and were admitted on such a basis proved

themselves to be better students than others who entered without such misgivings on the part of those concerned with the admission of students.

After further experience a detailed report will be made upon this plan, which is not one entirely of choice but more the result of necessity.

- 6. Graduates, at close of 1936-37 regular year.
 - a. The students whose names are listed below completed the requirements for graduation from their various courses at the close of the spring quarter, June 7, 1937. I recommend that these students be sanctioned as graduates.

II. FACULTY

1. Resignations.

- a. Dr. Paul Royalty, Associate Professor of English and in charge of the journalism activities of the school, has resigned in order to accept a position as head of the English Department, in Ball State Teachers College at Muncie, Indiana.
- b. Dr. Julius Miller, Professor of Art and Head of the Art Department, has resigned in order to accept a position as Head of the Art Department at Allegheny College, Meadville, Pennsylvania.
- c. As a matter of record, since the position is paid for by the Department of Public Welfare, I am reporting the resignation of Mr. H. O. Hebert, Director of Music at the Illinois Soldiers and Sailors Children's School. Mr. Hebert plans to go on with his graduate work.

2. Leaves of Absence.

- a. Miss Gładys L. Bartle for the entire 1937-1938 school year in order to continue further graduate work beyond her master's degree.
- b. Mr. Dewey Fristoe and Mrs. Lois Fristoe, supervising teachers in the Houghton affiliated rural school, for the school year 1937-1938 in order to continue their education at New York University.

c. Miss Jessie E. Rambo, Head of the Home Economics Department, has requested an extension of her leave of absence for another year until September, 1938, due to home conditions.

3. New Positions Needed.

- a. Head of English Department in order to make possible the placing of this department upon the same basis as the other departments and provide needed additional teaching help.
- b. Biology-agriculture, in order to take care of the increased class enrollment in the Biology Department and provide an additional phase of agriculture in addition to two phases now represented, all of which is required for the training of Smith-Hughes teachers of agriculture.
- c. Agriculture-biology, a position to care for the fourth special phase required for Smith-Hughes agriculture and care for the additional demands of the Biology Department.
- d. Commerce education, to meet the decidedly increased enrollment in this special department, which is now the largest of the special fields in the University.
- e. Physical education for men, to meet specific needs resulting from limited staff and large classes, together with present inability to offer some needed courses.
- f. Faculty assistant in research and records, to meet an imperative demand for information and records required by the faculty, to work in conjunction with the offices of registrar and recorder.

4. New Appointments to the Faculty.

- a. Mr. Ralph L. Boyd, as Assistant Professor of Commerce Education, to serve in a newly created position above mentioned. Mr. Boyd has his B.Ed. degree from Illinois State Normal University and his M.S. from the University of Illinois. His teaching experience covers high school work for several years at Urbana and for the past three years a staff member at the Bowling Green College of Commerce at Bowling Green, Kentucky. Mr. Boyd's appointment will be effective September, 1937, at an annual salary rate of \$2,250.00.
- b. Miss Margaret Scovell, Assistant Professor of English in the University High School, to fill an existing vacancy, this appointment effective September, 1937, at an annual salary rate of \$2025.00 (\$2160) (\$2205) (\$2250). Miss Scovell has the B.S. degree from Kansas State Teachers College (Pittsburg), M.A. from Kansas University, and has had considerable additional work on her doctor's degree at Teachers College, Columbia University, and Oxford Uni-

- versity in England. Her teaching experience has been in Columbus, Kansas, Carthage and Joplin, Missouri, high schools, and for the past two years in the high school at Niles, Michigan, where she has been head of the English department.
- c. Miss Anna M. Goldsmith as Instructor and Supervising Teacher in the Third Grade at the Illinois Soldiers and Sailors Children's School at an annual salary of \$1800, effective from September, 1937. Miss Goldsmith has her B.A. degree from Dakota Wesleyan University and M.A. degree from the State University of Iowa. She has had rural school experience in South Dakota and for the past four years has been County Superintendent of Schools at Highmore, South Dakota.
- d. Miss Ruth Tice, as Instructor and Supervising Teacher in a combination of grades one to three at the Illinois Soldiers and Sailors Children's School, at an annual salary of \$1800, effective from September, 1937. Miss Tice has the B.S. degree from Kansas State Teachers College at Emporia and M.A. degree from Teachers College, Columbia University. She has also attended Stephens College at Columbia, Missouri, where she has obtained an Associate Art Degree. Her teaching experience has been in the primary grades in two cities of Kansas, a critic teacher for two years in the State Normal School at Danbury, Connecticut, and most recently a teacher in the laboratory school at Kansas State Teachers College at Emporia.
- e. Miss Hazel Brenneman, as Faculty Assistant in Research and Records, at a twelve months salary of \$1440, effective from July 1, 1937. Miss Brenneman has a Bachelor of Education degree from Illinois State Normal University and has high school teaching experience.
- f. As a matter of record the appointment of Miss Ethel E. Lewis as Instructor in Home Economics at the Illinois Soldiers and Sailors Children's School is reported. Miss Lewis will be paid by the Department of Public Welfare and will begin her duties in September, 1937. She is a graduate of Illinois State Normal University and has just completed her work for the M.A. degree at Teachers College, Columbia University. Her teaching experience of seven years covers rural schools and high school work in Illinois.
- g. As a matter of record the appointment of Mr. Charles Newton as Instructor in Music at the Illinois Soldiers and Sailors Children's School is reported. Mr. Newton will be paid by the Department of Public Welfare and will begin his duties in September, 1937. Mr. Newton has his B.Ed. degree from Illinois State Normal University.

5. The following faculty members are recommended for election or reelection for the school year 1937-1938 at salaries indicated, which are to be paid for the thirty-six weeks of the regular school year from Salaries and Wages Account.

3. If information is correct, Illinois State Normal University is probably the only Illinois State Teachers College having one night watchman. Because of the size of the plant and the need for longer hours of service, I recommend the appointment of an additional night watchman to be certified from Civil Service at a salary of \$1380.00, effective for an eleven months period, from August 1, 1937.

IV. THE ORGANIZATION

1. Affiliated Schools.

- a. It is recommended that the affiliation with the Houghton, Little Brick, Grove, Maple Grove and Walker rural schools, involving the part payment of salaries of the six teachers in the five schools, be continued for the 1937-1938 school year.
- b. The affiliation with Towanda schools, both elementary and high school, was suspended for the 1936-1937 school year. Due to needed additional student teaching facilities and the unanimous request of the Towanda School Board, following a petition to the school board from the school patrons, it is recommended that this affiliation be reestablished on the basis of Illinois State Normal University paying approximately forty per cent of the salaries of teachers in elementary and high schools and to the extent indicated in part in an earlier portion of this report.

2. Extension Division.

a. Demands continue to multiply in number and intensity for extension classes in the territory served by Illinois State Normal University. We hope that some of these demands can be met, although it now seems impossible to consider any greater number of teaching centers than during the 1936-1937 school year. These requests are met by regular faculty members handling such work as a part of their teaching load.

V. CURRICULUM—No report.

VI. BUILDINGS AND GROUNDS

1. New Buildings.

Illinois State Normal University, because of its crowded conditions and forced limitation of enrollment and the only school among the five state teachers colleges that has shown a marked

increase, presents a very strong claim for consideration, for buildings are absolutely necessary to meet the present emergency. In the presentation of such claim, recognition is given to the fact that Northern Illinois State Teachers College has a justifiable claim on the basis of chronological order of buildings and that funds to the extent of \$175,000 are being earmarked for the completion of buildings at Charleston and that there is apparent need for the purchase of land at Carbondale and the completion of the superstructure over the swimming pool at Macomb. These considerations are enumerated to dispel any belief that Illinois State Normal University should be given any undue consideration. Specifically, our needs as to nature of buildings and the minimum cost of construction and equipment are as follows:

- a. University Library. There is urgent need for a University Library at an early date to care for the student groups wishing such service and to house in a fireproof structure the 75,000 volumes in the present library, as well as to care for needed expansion in additional books. Such a structure of sufficient size to meet our needs can not be built and equipped for less than \$400,000.
- b. Home Management House. Due to the uncertainty of renewal of lease for the present Home Management House and the fact that our senior classes are becoming of such size as to call for either two houses or a double house, the construction of a Home Management House is very urgent. It is hoped that such a house can be built and furnished for \$30,000.

2. Needed Repairs.

Two major items, both to be paid from the regular Repair and Equipment fund appropriated as a standard account to this school, will claim early consideration in the matter of repairs.

- a. University Farm, where certain repairs will have to be made to the house and other buildings to the extent of approximately \$6,000.
- b. The rewiring of Cook Hall (Old Castle) is necessary in order to safeguard that building. The approximate cost of this work will be \$5,000. With such rewiring all of the buildings on the campus will be in good condition with only slight additional needs as to some rewiring in the Metcalf and Industrial Arts Buildings.

VIII. STUDENT LIFE

1. Federal Aid

It is hoped that the N. Y. A. program may be continued during the next year, since many of our students are absolutely dependent upon such aid in the continuance of their college education. It was hoped that a summary of the N. Y. A. activities for the year might be presented in this report but this information will have to be included in a later report.

IX. MISCELLANEOUS—No report.

X. SUMMARY

The approval of the Board is requested on the following items:

- 1. Granting of degrees and diplomas to the students who completed the requirements for graduation at the close of the second semester, June 7, 1937.
- 2. Acceptance of the resignations of Dr. Paul Royalty and Dr. Julius Miller.
- 3. Granting of leaves of absence to Miss Gladys L. Bartle, Mr. Dewey Fristoe, and Mrs. Lois Fristoe, and the continuance of the leave of absence for Miss Jessie E. Rambo, all for the entire school year of 1937-1938.
- 4. Authorization of new positions in English, Biology, Agriculture, Commerce, Physical Education, and faculty assistant in research and records.
- 5. Appointment of Mr. Ralph L. Boyd as Assistant Professor of Commerce Education.
- 6. Appointment of Miss Margaret Scovell as Assistant Professor of English in the University High School.
- 7. The appointment of Miss Anna M. Goldsmith as Instructor and Supervising Teacher in third grade.
- 8. Appointment of Miss Ruth E. Tice as Instructor and Supervising Teacher in a combination of grades one to three.
- 9. Appointment of Miss Hazel Brenneman as Faculty Assistant in Research and Records.
- 10. Faculty list at scheduled salaries for the regular school year of thirty-six weeks.
- 11. List of Other Employees at salaries scheduled for the twelve months period beginning July 1, 1937, and ending June 30, 1938.
- 12. The authorization of the employment of an additional night watchman.
- 13. Continuation of the affiliation with the present group of five rural schools.
- 14. Reestablishment of the affiliation with the Towanda public schools.
- 15. Consideration of building needs at Illinois State Normal University in connection with the allocation of available funds for Permanent Improvements.

Respectfully submitted,

R. W. FAIRCHILD

THE CURRICULUM

Demands for training in commercial work, particularly in connection with the teaching of other subjects, in eastern Illinois are such that the inclusion of a beginning curriculum in commerce is recommended. One instructor can care for this addition during the coming year. The projected payroll covers this cost.

BUILDINGS AND GROUNDS VI.

- (a) Construction of the Health Education Building is well under way. Most of the steel framework is in place, and the brickwork is well along. Construction of the Science Building is being delayed because of failure to receive needed materials. The concrete footings have been poured, and preparations are being made for the initial stone and brick work.
- (b) Attention of the State Normal School Board is called to the projected allocation of \$175,000.00 from funds for buildings and betterments appropriated by the 60th General Assembly, which was promised the P.W.A. authority, with the consent of Governor Henry Horner, so that contracts might be let for the Science Building.
- (c) Attention is also called to the budget presented at the December 21, 1936, and May 17, 1937, meetings, wherein the items of:
 - (1) additional boiler, vacuum pumps, water heater, and water reservoir, to care for two additional buildings, \$25,500,
 - (2) Equipment, Health Education Building \$30,000,
 - (3) Equipment, Science Building \$50,000, were regarded as a part of the 1937-39 budget. Governor Horner in his allocation of \$350,000 for the P.W.A. building project agreed that the equipment was to be taken from the appropriation by the 60th General Assembly.

VII. AUXILIARY ENTERPRISES—No report.

VIII. STUDENT LIFE—No report.

IX. MISCELLANEOUS

(a) Since the nine-months faculty are paid in nine equal installments, attention of the Board is called to the need for but one monthly payroll for all employees, thus fixing the first day of the months October to June, inclusive, as the date for salary payment. At least two of the five colleges already use such a plan.

X. SUMMARY

Action of the State Normal School Board is requested on:

- 1. Graduation of list of students submitted for the degree of Bachelor of Education and the Junior College diploma, respectively, as of May 31, 1937.
- 2. Acceptance of the resignations of Lloyd F. Sunderman, Jay B. MacGregor, Beth Kassabaum, Nathile McKay, Vivla P. Russell and Annabelle Thomson as stated.
- 3. Appointment to the faculty of Irving W. Wolfe, William H. Zeigel, Jr., Jessie M. Hunter, Catherine F. Stilwell, Bryan Heise, Merlin R. Wagner, Esther Duggleby, Cathryn J. Morphew, Grace M. Williams, James M. Thompson, Cyril Stout, and Roy K. Wilson, for the positions as stated at the salaries indicated.
- 4. Change in faculty status of Mabel Hupprich, J. Glenn Ross and Paul W. Sloan, as indicated.
- 5. Employment of the faculty for nine months as submitted.
- 6. Employment of the persons indicated on the twelve months payroll as submitted.
- 7. Employment of the persons on dormitory service as indicated.
- 8. Employment of persons to fill faculty vacancies as indicated.
- 9. Approval of the college calendar for 1937-38 as stated.
- 10. Establishment of commercial teacher training in the functioning of the college.
- 11. Submission of proposed allotments from the fund appropriated by the 60th General Assembly for the completion of the Science Building, adding the needed boiler, and equipping the Health Education and Science Buildings, to the committee appointed for this function of the Board, with the request that Governor Horner be asked to consider such allotment.
- 12. Establishment of payroll dates for nine-months employees as the first of the month, October to June, inclusive.

Respectfully submitted,

Robert G. Buzzard President

NORMAL SCHOOL BOARD MINUTES

The Normal School Board met in the Office of the Superintendent of Public Instruction at Springfield, Illinois, on Monday, October 25th, 1937, at 10 A. M.

The meeting was called to order by the Chairman, John J. Hallihan. The following members were present on roll call:

25,000.00—Walk and Drives to New Building, Macomb 40.000.00—Training School Equipment, Macomb

^{\$196,000.00—}Total

A motion was made by Mr. Beich and seconded by Mrs. Green to survey the needs of the following State Teachers Colleges: Illinois State Normal University, Northern Illinois State Teachers College, and Southern Illinois State Normal University. Motion carried.

A motion was made by Mr. O'Harra and seconded by Dr. Sunderman to hold the next meeting of the Board in Chicago on Monday, December 13th, 1937. Motion carried.

A motion was made by Dr. Sunderman and seconded by Mrs. Green that the following resolution be accepted:

RESOLUTION

"WHEREAS, the new Science and Physical Education Buildings and Training School Buildings at Charleston and Macomb are nearing completion; and

"WHEREAS, these buildings are monuments to the administration's efforts in behalf of the Normal School System;

"THEREFORE, BE IT RESOLVED, that a committee of the Board be appointed for and charged with the duty of arranging a date and suitable exercises to dedicate these buildings, and to invite the Governor and such other officials as they deem advisable; also to arrange for a plaque to suitably commemorate the occasion and place the name of the Governor, members of the Normal School Board, and Presidents of the respective institutions thereon."

Motion carried.

A motion was made by Mrs. Green and seconded by Dr. Bradley that the following resolution be accepted:

RESOLUTION

"WHEREAS, the United States of America has passed certain legislation and is considering further legislation for the construction of a dam to be located on the Embarass (sometimes known as the Ambraw) River, as a part of the Flood Control Program in the Wabash Valley, the exact location of said dam having not yet been finally determined by the army engineers; and

"WHEREAS, the said army engineers have considered the said proposed dam on the Embarass River at a point approximately FOUR (4) miles south and east of Charleston, Illinois, thereby causing a large body of water to be accumulated above the said proposed dam; and

"WHEREAS, the building of the proposed dam at the above described location would be highly beneficial to the EASTERN ILLINOIS STATE TEACHERS COLLEGE at Charleston, Illinois, by way of furnishing an ample supply of water for domestic purposes and fire protection to remedy the present inadequate supply.

"NOW, THEREFORE, BE IT, AND IT IS, HEREBY RESOLVED by the MEMBERS OF THE NORMAL BOARD OF THE STATE OF ILLINOIS:

"THAT it would be beneficial to the said EASTERN ILLINOIS STATE TEACHERS COLLEGE to have the proposed dam constructed at the above described location near Charleston, Illinois, and

"THAT a copy of this Resolution be forwarded at once to the United States Congressmen from the State of Illinois requesting that they assist in whatever way possible in building the proposed dam at the above location."

Motion carried.

A motion was made by Dr. Sunderman and seconded by Mr. Alschuler that a course of instruction be instituted in the five normal schools, where such instruction does not now exist, such course to be designed to acquaint graduates with the services and usages of the facilities of the Department of Public Health. Motion carried.

A motion was made by Mr. O'Harra and seconded by Mr. Beich to accept the report of President Morgan of Western Illinois State Teachers College except such items as were passed by the Board, and with the following insertion:

"To the Advisory Committee of the Normal School Board for the Western Illinois State Teachers College at Macomb:

"The original specifications for all linoleum for all floors in the new building, with the exception of the kindergarten floor and that of one of the libraries, was specified as plain green. The total cost for this linoleum was approximately \$8,200.00. "Those of us who are immediately interested in the building and its appearance, and who will use it after its completion, prefer a type of Jaspe linoleum named Heather, No. 012, 1/8 inch gauge, for all of the classrooms, group rooms, teachers offices, in fact for all floors in the building except for the high school study hall, high school library, the auditorium, and one or two other special rooms. We ask, therefore, to substitute this new type of linoleum for that specified in the rooms listed, at an increase in cost of not to exceed \$750.00.

"This request is presented after extended conferences and the approval of all faculty members concerned.

"WPM:DD

"Yours very truly, (Signed) W. P. Morgan

"The change above outlined has the approval of the advisory committee of Western Illinois State Teachers College. Oct. 25th, 1937.

(Signed) R. B. O'HARRA (Signed) OTTO A. BEICH Members of Committee."

Motion carried.

A motion was made by Mrs. Green and seconded by Mr. Alschuler to accept the report of President Pulliam of Southern Illinois State Normal University except such items as adopted by the Board in previous minutes of this meeting. Motion carried.

A motion was made by Dr. Sunderman and seconded by Mr. Mc-Morris to accept the report of Dr. Buzzard of Eastern Illinois State Teachers College except such items as modify it by previous Board action. Motion carried.

A motion was made by Mr. Alschuler and seconded by Mrs. Green to accept the report of President Adams of Northern Illinois State Teachers College. Motion carried.

A motion was made by Mr. O'Harra and seconded by Dr. Sunderman that the Board adjourn. Motion carried.

John A. Wieland Secretary.

II. THE FACULTY

1. Resignations.

- a. On August 7, 1937, Dr. James E. Ernst, who was assistant professor of English from 1934 to 1937, tendered his resignation to become head of the English Department at Potomac State College, Keyser, West Virginia.
- b. On September 4, 1937, Dr. L. A. Pennington, who had been a member of the Department of Education and had been teaching psychology and educational sociology, resigned to accept a position in the State University of Arkansas.

2. New appointments.

a. To fill the vacancy caused by the resignation of Miss Margaret McCain, reported at the meeting last July, Miss Margaret Wardell has been secured as assistant librarian.

Miss Wardell holds her B.A. degree from Carleton College, her B.S. degree in Library Science from the University of Ilinois, and last summer completed her work for her Master of Arts degree in Library Science at the University of Illinois. She has had three years of teaching experience, has assisted in the University of Iowa library in the Order Department for two years, and has been assistant in the Library School at the University of Illinois for the past two years. The salary recommended for her is \$1,800.00 for thirty-six weeks.

- b. Dr. Genevieve Chase's resignation as Dean of Women was reported at the May meeting of the Board. Dr. D. Louise Sharp is recommended for her position at a salary of \$2,115.00 for the nine months. Her services, however, will be needed for eleven months. Dr. Sharp holds her Bachelor's, Master's and Doctor's degrees from the University of Iowa. She served as instructor of psychology in that institution for three years, had charge of mental testing for three years, and was head preceptress and social director for a dormitory housing 300 girls in connection with the University for six years.
- c. Dr. Clifford Pearce is recommended for the position vacated by Dr. Pennington. Dr. Pearce received his Bachelor's degree from Browne University and continued to do graduate work there for a number of years. He then transferred to Princeton University and continued his work for his Doctor's degree, which he received in 1936. He has been an assistant in each of these institutions, and during the past year was an Assistant Clinical Psychologist in the Bradley Hospital for Children in Providence, Rhode Island. A short time ago he was appointed Assistant State Psychologist of Rhode Island, which position he resigned to accept the position here.
- d. Mr. Kellogg W. Hunt is recommended for the position vacated by Dr. Ernst, at a salary of \$2,097.00 for the regular year of thirty-six weeks. He will teach English and Journalism, and supervise the publication of the college paper. Mr. Hunt holds his Bachelor's degree from Cornell College, Mount Vernon, Iowa, and his Master's degree from the University of Iowa, where he did about one year of additional graduate work. He then transferred to the University of Chicago, and has spent one year there. He had a graduate fellowship at the University of Iowa for one year, and a teaching position there for two years.
- 3. At the Board meeting in July, an error was made in recommending Miss Jennette Terrill's salary, a training teacher for whom \$1,800.00 was provided for the regular year of thirty-six weeks. Her salary should have been \$2,025.00 after the

ten per cent was restored, and it should be changed to this amount beginning with this college year.

III. OTHER COLLEGE EMPLOYEES

- 1. Resignations.
 - a. Since the last Board meeting, Miss M. C. Brazil and Mrs. Mary E. Miner, domestics at the Women's Dormitory, have resigned. Their combined salaries were \$1,020.00 for the year.
- 2. New appointments recommended.
 - a. At a former meeting of the Board, the resignation of Mr. George Bugg as fireman was reported. A requisition to the Civil Service Commission brought the certification of Mr. Daniel Clifford Webb as an eligible, and his appointment is recommended at \$1,200.00 a year, beginning September 1, 1937.
 - b. To take the place of the two domestics who resigned, we have requested the appointment of an assistant dietitian, and Mrs. Lela Oitker is recommended at a salary of \$720.00 a year with maintenance. This is a saving of \$300.00 in the employees salary list for Monroe Hall, and likewise the maintenance of one person.

IV. THE ORGANIZATION—No report.

V. THE CURRICULUM—No report.

VI. BUILDINGS AND GROUNDS

- 1. The new training school building is approximately enclosed and the remainder of the work with few exceptions can go on without interruption during the winter weather.
- 2. The W.P.A. project for grading the grounds about the new building and providing parking space has not as yet gotten under way, due to the fact that the quota of workmen for McDonough County is being reduced more rapidly than the County Engineer can finish the projects already under way. Perhaps this work can be started soon.
- 3. The new building cannot be occupied until arrangements have been made for additional light and power at the college switchboard in the heating and power plant. The original estimate for an additional room on the building and a new generator is \$40,000.00, but it seems that the heating pipes now installed in the new tunnel from the heating plant anticipated the use of steam under 60 pounds pressure, instead of 10 or less which is used throughout the other buildings. If low pressure steam is conducted to the new building it will require additional steam pipes, and a rough estimate by the State Architect's Office placed the additional cost at \$10,000.00. Perhaps it will be possible to submit more exact figures at the present meeting of the Board.

- 4. Neither can the building be occupied until money is set aside from some fund for the purchase of equipment. The figures that have been submitted repeatedly for this are \$50,000.00, the last report of which was made at the Board meeting in July.
- 5. The other items referred to at that time were \$25,000.00 for roadways, walks and paving and parking space, and \$60,000.00 for the super-structure to enclose the present outdoor swimming pool in order to make it useable during the entire year.
- Several of the buildings are in need of rather extensive repairs, as indicated by an inspection from the State Architect's Office. The roof on the heating plant needs replacement, and the price has been estimated at somewhat over \$2,000.00. The gutters and flat roof on the main building need replacement, but no estimate has been as yet received covering the cost. The outside doors on the main building need replacement. This would involve an expense of probably \$2,500.00 if the metal doors and steel frames are installed. The outside doors on the gymnasium are approximately falling to pieces, and the installation of new doors and frames here, if made of metal, would probably cost \$1,000.00 to \$1,500.00. In addition to these major items there are many minor repairs which have been long needed. It seems a bit hazardous, however, to undertake to make them with the limitations that have been placed upon our Repair and Equipment Fund. I should like to have the Board authorize the Advisory Committee for the Western Illinois State Teachers College to cooperate with the president in caring for such of these repairs as can be made with the funds which can be secured.

VII. AUXILIARY ENTERPRISES—No report.

VIII. STUDENT LIFE—No report.

IX. MISCELLANEOUS

At various times during the construction of the training school building questions have come up about the plans and specifications that have had to be adjusted through conferences with representatives of the contractors and the State Architect's Office. All of these, however, have been satisfactorily arranged.

The problem of the kind of linoleum to be placed on some of the floors is still open, and I have presented it to the Advisory Committee for the college, and that committee has a report which ought to be approved by the full Board.

Other problems may come up as the building approaches completion, and I should like to have the Advisory Committee given power to act in any cases which may need to be referred to it or the Board, due to the fact that the Board may not be anticipating a meeting in time to provide for some emergencies which may arise.

The matter of protecting the outdoor swimming pool for the coming winter has been referred to the State Architect's Office,

after advice has been sought from the construction company which furnished the equipment and from the State Department of Health, and that office is now in the process of preparing what seem to be rather elaborate plans for this purpose. It is not as yet clear whether funds will be available to carry out their proposal. At any rate, the plan which is being developed will be much more expensive than was anticipated by anyone at the time of the construction of the pool, and the approach of winter may make it necessary that the matter be taken up with the Advisory Committee, who ought to have power to act and to make recommendations for the allotment of funds concerning its permanent enclosure.

The Advisory Committee should also begin the consideration of the walks and roads and landscaping of the west campus, in order that recommendations may be made to the entire Board, and such funds as are necessary considered.

X. SUMMARY

The Normal School Board is asked to approve the following:

- 1. The resignation of Dr. James E. Ernst.
- 2. The resignation of Dr. L. A. Pennington.
- 3. The appointment of Miss Margaret Wardell as assistant librarian at \$1,800 for thirty-six weeks.
- 4. The appointment of Dr. D. Louise Sharp at a salary of \$2,115 for thirty-six weeks.
- 5. The appointment of Dr. Clifford Pearce at a salary of \$2,115 for thirty-six weeks.
- 6. The appointment of Mr. Kellogg W. Hunt at a salary of \$2,097 for thirty-six weeks.
- 7. The change in salary for Miss Jennette Terrill from \$1,800 to \$2,025 for the thirty-six weeks.
- 8. The resignation of Miss M. C. Brazil.
- 9. The resignation of Mrs. Mary E. Miner.
- 10. The appointment of Mrs. Lela Oitker at \$720 for twelve months, with maintenance.
- 11. An appropriate sum for providing additional light and power, \$50,000.00 for the college plant.
- 12. An appropriate sum for the equipment of the new building, \$40,000.00.
- 13. The recommendations of the Advisory Committee with respect to linoleum.
- 14. The request that the Advisory Committee be given power to act in emergency matters with respect to the new building and its equipment.
- 15. The request for the assistance of the Advisory Committee, with power for them to act, in settling other emergency matters that cannot wait for a meeting of the full Board.

Respectfully submitted,

W. P. Morgan, President.

REPORT OF THE SOUTHERN ILLINOIS STATE NORMAL UNIVERSITY CARBONDALE

To be presented at the meeting of the Normal School Board to be held at Springfield, Illinois, October 25, 1937

I. STUDENTS

1. Attendance, Summer Term, 1937.

II. and III. FACULTY AND OTHER SCHOOL EMPLOYEES

- 1. I am sorry to report officially the death of Mr. Fuller Combs, a member of the Foreign Language Department of our faculty. Mr. Combs had been a member of this department for the last fourteen years. He taught Latin and French in the College and in the University High School. In Mr. Combs, the College loses a successful teacher, and a man of fine character. Mr. Combs was sixty-four years old.
- 2. Pursuant to authority given at the last meeting of the Board, on July 29, I have made the following appointments to the faculty, beginning with the opening of the Fall Term, 1937:
 - a. To fill the position as Head of the Economics Department made vacant by the resignation of Mr. Russell Nolen, I am submitting the name of Dr. Harry G. Brainard.

Dr. Brainard received his B.S. and M.S. degrees in Commerce at the University of North Carolina, and his Ph.D. degree at the University of Illinois. While completing his graduate work he taught at the University of North Carolina and at the University of Illinois, where he served as an instructor from 1931-1935. During the year 1935-36, he served as Assistant Professor of Economics at the

Citadel, a military college located at Charleston, South Carolina. During the summers of 1936 and 1937, Dr. Brainard served as an Industrial Economist in the United States Department of Labor.

I am asking the Board to validate the appointment of Dr. Brainard as Head of the Economics Department with the rank of Associate Professor at a salary of \$3,015 for the thirty-six weeks beginning September, 1937.

b. At the last meeting of the Board, permission was given to create a new position in the Department of Economics. To fill this position, I am submitting the name of Mr. Melvin J. Segal.

Mr. Segal received the A.B. degree from Amherst College in 1932. During 1932-33 he attended Harvard University. The following two years he did special graduate work at the University of Illinois, receiving the M.A. degree in 1935. All residence work is now completed for the Ph.D. degree which he expects to receive early this Fall. He has had teaching experience at the University of Illinois, where he had a Teaching Fellowship. During the year 1936 he served as Senior Research Assistant in the Works Progress Administration in Washington.

I am asking the Board to validate the appointment of Mr. Segal at a salary of \$2,340 for the thirty-six weeks, beginning September, 1937.

c. To fill the vacancy created in the Commerce Department by the resignation of Miss Cavelia, I am submitting the name of Mr. Van A. Buboltz.

Mr. Buboltz received the M.A. degree at Northwestern University, majoring in Commercial Education. From 1932 to 1935 he taught Commerce in the Greenfield, Illinois, High School. During the past year he taught Commerce in the high school at Springfield.

I am asking the Board to validate the appointment of Mr. Buboltz as an instructor in the Commerce Department at a salary of \$1,800 for the thirty-six weeks beginning in September, 1937.

d. Mr. Herman R. Friis has been selected as an Assistant Professor of Geography to be employed for the year only as a substitute teacher to take Miss Krause's place during her leave of absence.

Mr. Friis received the B.A. degree from the University of California at Los Angeles in 1931 and the M.A. degree at the University of California at Berkeley in 1934. He has done additional graduate work at the University of Wisconsin from 1934 to 1936, where he served as a Research Assistant in the Geography Department. His teach-

ing experience includes work at the Y.M.C.A. School in Tokyo, Japan, in 1931. During the year 1932-33 he taught in the Oakland, California, City Schools.

I am asking the Board to validate the appointment of Mr. Friis as an Assistant Professor of Geography to be employed for one year only at a salary of \$2,250.

e. I am submitting the name of Mrs. Evelyn Davis Rieke for the position in the Foreign Language Department made vacant by the death of Mr. Combs.

Mrs. Rieke received the B.S. degree in 1925 and the M.A. degree in 1930 from the University of Illinois, majoring in Latin. She has had seven years of teaching experience in the high schools of Illinois.

I am asking the Board to validate the appointment of Mrs. Rieke as an instructor at a salary of \$1,800 for the thirty-six weeks beginning November 1, 1937. Mrs. Rieke is now working on temporary appointment as a substitute instructor.

f. Miss Olive Lilly, a member of the faculty of the Carterville Community High School, an affiliated practice school, presents her resignation in order to accept another position. For the time being Mrs. Georgia Lingle is filling the vacancy. The appointment of a successor to Miss Lilly is in the hands of the Carterville School Board subject to confirmation of the Teachers College Board.

THE ORGANIZATION

IV.

1. Report of the Registrar.

After the close of the fiscal year on July 1, the Registrar of the College presented a most complete and interesting report. The report consists of statistics on many matters of vital import to the College. Among the many facts that are presented, the following are selected as examples:

During the year 1936-37 we carried 346 different individuals in extension courses taught by fourteen different members of the College staff in thirteen different centers in the region which the College serves.

The number of degrees granted by the College has increased from forty-seven in 1926 to 188 in 1937. We have granted a total of 1,348 degrees since 1926. The average grade of the class which received the degree in 1936 was 3.598.

The distribution of junior and senior majors among the various departments of the College is fairly general. The history department is carrying the largest number of majors of any of the departments with 55, the English department is second with 48, and the commerce department is third with 41. The departments with the smallest number of majors are

agriculture and industrial arts with three each. This latter fact would seem to be a somewhat unfortunate one for a teachers college which serves an area like ours.

Among the high schools which send a large number of freshmen to the College, the West Frankfort High School, with twenty-two freshmen in this year's class, makes the highest scholarship record, an average of 3.24 for all freshmen registered. Christopher, Harrisburg, Marion, and Eldorado, all with more than twenty freshmen enrolled, are scattered along not so very far below West Frankfort. Among high schools sending six or more students, but fewer than twenty, the Marissa, Fairfield, and Salem High Schools rank very high. An interesting fact is that the Carriers Mills High School, which is reputed to be the poorest financed high school in the state of Illinois, sent us six students whose average grades were among the highest in the College.

The whole report is full of interesting information of this sort. Typed copies of the report have been filed in the President's Office and in the College Library where they are accessible to anyone who is interested in the details of the report.

2. Report of the Business Office.

The annual report of the Business Manager, giving detailed accounts of the financial transactions of all the enterprises connected with the College, has been presented to me for approval, and is now being mimeographed and bound. As soon as some portions of it that had to be handled through the State Department of Printing are returned, a complete copy of the report will be mailed to each member of the Board.

In the meantime the following summary report of the Business Office for the biennium ending July 1, 1937, is presented for the information of the Board.

VI. BUILDINGS AND GROUNDS

The appropriation for the teachers colleges for the new biennium includes \$1,000,000 for permanent improvements. In the disposition of this money among the five colleges by the Board, with the approval of the Governor, this College will receive an equitable share. Until a definite policy on this matter has been formulated by the Board, I am not ready to present a full list of the allotments requested by this College from the fund. There are, however, two matters which are so urgent that it appears that an allotment should be made for them at this meeting.

At the meeting of the Teachers College Board on December 21, 1936, a plan for the acquisition of some vacant land adjacent to the campus was presented to the Board. The Board gave tentative approval to a proposal to ask the Carbondale Business Men's Association to take options on the land for the College. These options have been taken. Most of them will expire on December

1, 1937. One of them expired July 1, and was renewed for an indefinite period with the privilege of sale at any time after October 1.

I am asking, therefore, that \$33,500 be allotted from the appropriation for permanent improvements for the purchase of this land and that the Chairman of the Board and the Advisory Committee of the College be authorized to request the Governor's approval of this allotment and, if his approval is secured, to proceed forthwith to complete the purchase of this land.

I am also asking an allotment of \$16,215 for urgently needed alterations on the third floor of Parkinson Laboratory to accommodate the Physics Department, which has been working under unfavorable conditions ever since it was moved two years ago from its former quarters in the Old Science Building. A broadanalysis of the cost of this project is presented below:

Remodeling third floor of Parkinson Laboratory for installation of Physics Laboratory equipment according to the following estimates made by the State Architect's Office in November, 1935:

1.	Building Alterations	\$ 1,600.00
2.	Mechanical Trade	4,000.00
3.	Electrical Work	8,500.00
	Sub-total	\$14,100.00
4.	Add for increase in price	
	of labor and material since	
	estimate was made—15%	2,115.00
	Total	\$16,215.00

VII. AUXILIARY ENTERPRISES

REPORT OF THE STUDENT EMPLOYMENT SERVICE

The Student Employment Office is conducted to assist students who need to earn all or a part of their expenses. Three programs of work are available: Federal, State, and private employment. It is in charge of Wanda Newsum Gum, Assistant to the Dean of Women. Six Federal Student Aid students assist with this work, interviewing students, prospective employers, keeping records, and making the payroll for the Federal program.

FEDERAL STUDENT AID: The National Youth Administration allocation for this year is greatly reduced as is shown by the following figures:

Last Year—Based on 12% of the total enrollment of the preceding year.

Beginning September, 1936						
Drought relief Oct., 1936	112	students	at	\$15	per	mo.
Flood relief Jan., 1937	11	students	at	\$15	per	mo.

Total allocation—\$4,375 292 students at \$15 per mo.

However, not all students received \$15 per month. This amount was divided according to the most urgent needs so that some students received less, making it possible during May to give employment to 314 students. The total number of different individuals helped during the year was 384.

This Year—Based on 8% of the enrollment under 25 years of age of the preceding year.

Beginning September, 1937—116 students at \$15 per mo. Total allocation—\$1,740—175 students now working.

The work program is divided into the following classifications: clerical, construction of supplies and apparatus, departmental service, library, copying and mimeographing, home economics, laboratory assistance, research and surveys, recreation, and miscellaneous (school health service, state farm, museum, and local colored school).

Eight hundred fifty (850) prospective students requested applications, either by mail or personal interview, and five hundred fifty (550) are now on file. Some of those who did not receive N.Y.A. appointments were unable to enter school, some found other employment or were able to get loans, while many have made only temporary arrangements and are waiting for vacancies or any increased allocation.

VIII. SUMMARY

The approval of the Normal School Board was given for the following items which I am recommending:

- 1. Validation of the graduation of the students whose names are listed on the preceding pages.
- 2. The confirmation of the appointment of Dr. Harry G. Brainard at the salary indicated.
- 3. The confirmation of the appointment of Mr. Melvin J. Segal at the salary indicated.
- 4. The confirmation of the appointment of Mr. Van A. Buboltz at the salary indicated.
- 5. The confirmation of the appointment of Mr. Herman R. Friis for one year only at the salary indicated.
- 6. The confirmation of the appointment of Mrs. Evelyn Davis Rieke at the salary indicated.
- 7. The acceptance of the resignation of Miss Olive Lilly and the temporary employment of Mrs. Georgia Lingle.
- 8. Allocation of \$35,000 from the appropriation for permanent improvements for the purchase of the land optioned by the College for the addition to the campus.
- 9. Allocation of \$16,000 from the permanent improvements appropriation for urgently needed improvements in the Physics laboratories.

Respectfully submitted,
Roscoe Pulliam.

II. FACULTY

- 1. I wish to report the resignation of Dr. William Angus, a member of the English Department. Dr. Angus asked to be released at the beginning of the school year to accept a position at Queens University, Kingston, Ontario.
- 2. I wish to recommend the appointment of Dr. Doris G. Yoakam to fill the vacancy caused by the resignation of Dr. Angus. Dr. Yokam has her bachelor's, master's, and doctor's degrees from the University of Southern California. She has had teaching experience at Stephens College, Columbia, Missouri. Dr. Yoakam will receive a salary of \$2,500 for nine months.
- 3. I wish to recommend the appointment of Miss Wilma Hill in the Fine Arts Department to fill the vacancy caused by the retirement of Miss L. Eveline Merritt. Miss Hill has her bachelor's degree from Kansas State Teachers College and her master's degree from Teachers College, Columbia University.

She has had teaching experience in the junior and senior high school at Neodesha, Kansas, the University of Arkansas, and Winthrop College, Rock Hill, South Carolina. Miss Hill will receive a salary of \$2,400 for nine months.

III. OTHER SCHOOL EMPLOYEES

A requisition for a University Graduate Stenographer was sent to the Department of Registration and Education on September 29. This position was necessitated by additional work in connection with extension records in the Office of the Registrar. The position will pay a salary of \$100 per month, the minimum set up by the Civil Service Commission.

IV. THE ORGANIZATION

Extension classes have been organized in the following cities: Geneva, Joliet, Wheaton, Waukegan, Rochelle, Dixon, Polo, Freeport, and Belvidere. Twelve courses are being offered and eleven members of the faculty are doing part-time work on the campus in order to meet these extension classes. The registration is not complete but at the present time 334 have enrolled for extension work.

V. THE CURRICULUM—No report.

VI. BUILDINGS AND GROUNDS

- 1. I wish to report to the Board that the special improvements made by the college under the allotment from the fund for permanent improvements appropriated for the last biennium are now practically complete and that they have added much to the beauty and usefulness of our plant.
- 2. The special amount of \$12,000 for emergency use in the Power Plant was allocated by the Governor and most of the work in connection with the boilers is now complete. The additional repairs in the Power Plant of an emergency nature are not as yet complete.
- 3. The allocation of funds for the building at DeKalb has not as yet been made. I should like to recommend that this allotment be made at an early date. It is difficult to plan the work for the biennium without considering definitely the new building program.

VII. AUXILIARY ENTERPRISES

II. FACULTY

1. Resignations:

- a. Paul W. Sloan, Ph.D., Assistant Professor of Education and Director of Extension for 1937-38, salary \$2,880 for nine months, to become Professor of Education, State Teachers College, Buffalo, New York, salary \$4,000, with an annual increase of \$250 per year for the next four years.
- b. Cathryn Jayne Morphew, Ph.B., nominated as second grade critic on July 29, 1937, vice Grace Geddes, retiring, due to inability to secure the master's degree before school opened, as per written agreement.

2. New Appointments:

- a. Marion Adams Maxim, A.B., Oberlin College, 1928; Graduate student, Radcliffe College, 1935-37, as Head of Pemberton Hall, vice Nathile McKay, resigned, at a salary of \$150 and maintenance, for eleven months. Miss Maxim has had several years' high school teaching experience, and for the past two years has been in charge of a dormitory at Radcliffe College.
- b. Florence I. Scoular, B.S., The Stout Institute, 1919; M.S., Iowa State College, 1929; Ph.D., State University of Iowa, 1937, as Assistant Professor and Head of the Department

- of Home Economics, at a salary of \$2,835 for nine months. Miss Scoular has had fourteen years of high school and college teaching experience, her last position, 1936-37, being acting-head, Department of Home Economics at Skidmore College, Saratoga, New York.
- c. Leora Ellsworth, A.B., University of Wisconsin, 1926; A.M., Columbia University, 1930; with one-half year additional graduate work, University of Wisconsin, as substitute Instructor in Physical Education for Women, vice Florence McAfee on leave for study, at a salary of \$1,800 for nine months. Miss Ellsworth has had considerable experience in teaching physical education, her 1936-37 position being at the State Normal School, Spearfish, South Dakota.
- d. Sidney B. Goff, B.S., University of Wisconsin, 1924, M.D., Rush Medical College, 1930, Interneship, Wisconsin General Hospital, Madison, 1930-31, Tulane University and Charity Hospital, 1931-32, as substitute instructor in Hygiene and part-time College Physician, vice Harold M. Cavins on leave for study, at a salary of \$2,250 for nine months. Dr. Goff is licensed to practice in Illinois. He had six years of high school teaching experience, and for the past five years has been doing general medical practice at Prophetstown, Illinois.
- e. Arthur U. Edwards, A.B., Iowa State Teachers College, 1924; A.M., 1928, Ph.D. State University of Iowa, 1932, as Assistant Professor of Education and Principal of the Elementary School, at a salary of \$2,430 for nine months. Dr. Edwards has had ten years of teaching experience, his last position at the South Dakota State College. His work will consist of a portion of the classwork of Dr. Paul W. Sloan, resigned, plus supervisory duties in the elementary school.
- f. Olive Thompson, A.B., Iowa State Teachers College, 1930; A.M., State University of Iowa, 1936, as second grade critic vice Cathryn J. Morphew, resigned, and Grace Geddes, retired, at a salary of \$1,980 for nine months. Miss Thompson has had considerable teaching experience, her last position in the Edina-Morningside school, Minneapolis.
- g. Oliver M. Fischer, B.S., Bradley Polytechnic Institute, 1930; A.M., University of Missouri, 1936; as critic teacher in Industrial Arts in the Teachers College High School and in the seventh and eighth grades of the elementary school, at a salary of \$1,890 for nine months. This position replaces that of a substitute Instructor in English, authorized July 27, 1937, and does not increase the salary budget. The substitute position in English, vice Robert A. Shiley, on leave for study, is left vacant for 1937-38.

h. Louise Stillions, B.Ed., Eastern Illinois State Teachers College, 1935, as Intermediate Grade Teacher in the Humboldt affiliated school, vice Mrs. Argola I. Walk, resigned, at a salary of \$225 for nine months for supervisory work.

3. Change in Status

- a. Bryan Heise, Ph.D., Assistant Professor of Education to same rank and Director of Extension Work, vice Dr. Paul Sloan, resigned, at a salary of \$2,700 for nine months.
- b. Grace Geddes, retiring second grade critic at the end of the 1937 summer school, was recalled as a substitute third grade critic for the first two weeks of the school year 1937-38 at a salary of \$100, vice Nannilee Saunders, due to Miss Saunders' illness.

III. OTHER SCHOOL EMPLOYEES

- a. Loretta Harvey, A.B., University of Illinois, 1936, has rendered satisfactory service for the usual probationary period as University Graduate Stenographer, vice Mrs. Lucile Mills Schaudt, resigned, and is recommended for permanent employment at \$100 per month. Miss Harvey was secured through the usual Civil Service procedure.
- b. Dorothy Davis, Junior Department Stenographer, has completed the probationary period after a 30-day leave of absence, and is recommended for permanent employment at \$70 per month. Miss Davis was secured through the usual Civil Service procedure.
- c. Frances Weber, vice Ethel Sprouse, student assistant in the dormitory kitchen, has passed a satisfactory probationary period as Domestic, with duties in the dormitory dining-room, and is recommended for permanent employment for eleven months at \$50 per month plus maintenance. The Civil Service Commission, through the Department of Registration and Education, authorized local employment, and Dr. Sunderman assisted in finding Miss Weber.
- d. The College is greatly in need of continued carpenter repair and painting work. Securing one person to handle both types of work will be difficult. A painter and a carpenter for three days service per week, at no more than \$65 per month for each, can be met by the salary budget plan submitted. It is hoped that the Board will approve such additions to the staff of employees.

IV. THE ORGANIZATION

1. The Extension Courses requested for several years by the county superintendents and teachers of eastern Illinois are now under way, directed by Dr. Bryan Heise. The nine years of extension experience which Dr. Heise brought to Eastern

from the Michigan State Normal College at Ypsilanti has proven of great value in organizing the work. Courses are taught by regular members of the college faculty, thus taking the full services of the staff to the teachers in the field. Courses are arranged for completion during the first half of the school year, and will be followed by a second series.

The Extension Courses now under way are:

	Center	Day	Course	Instructor	Students

2. The Home Economics Department and the Home Management House were inspected by the Federal and State Supervisors on October 5th and 6th. The department now meets all requirements for participating in federal aid, as is the case with Macomb and Normal, and we hope that at the end of the school year such aid will be granted.

V. THE CURRICULUM

1. The curriculum study that has been progressing during the past three years has reached a stage nearing completion. It is hoped that this material can be placed in the hands of the Board early in the winter.

VI. BUILDINGS AND GROUNDS

- 1. The system whereby electric current is received from a high power line, transformed and then distributed by cables to the various buildings is rapidly approaching completion. This system should make an appreciable lowering in the college monthly bill for electrical current.
- 2. Construction of the Health Education Building continues to progress. It is hoped that the date of completion set for early January will be realized. Construction of the Science Building is moving slowly. The walls are but ready for the cement work of the first floor.
- 3. Attention of the Committee to Allot Funds from the \$1,000,000 Appropriation is called to the need for:

- a. Allocation of the \$175,000 from funds for buildings and betterments appropriated by the 60th General Assembly and ear-marked by Governor Horner at the request of the Board, for completing the construction of the Science Building as a P.W.A. project.
- b. Allocation of funds for items in the 1937-39 budget covering:

 - 2. equipment, Health Education Building...... 30,000
 - 3. equipment, Science Building...... 50,000
- c. It is also considered highly important by the State Supervising Architect and by the local P.W.A. Engineer, that the Committee consider the problem of grading about the Health Education Building, so that earth material may settle properly during the winter, and so the approaches to the building may be constructed for winter and spring use.

VII. AUXILIARY ENTERPRISES-No report.

VIII. STUDENT LIFE

- 1. The student body at Eastern is very happy over the ratings given the 1937 yearbook, The Warbler, copies of which were sent the members of the Board last June. Judged along with year-books from teachers' colleges, the ratings were:
 - a. first class by the National Scholastic Press Association, sponsored by the Department of Journalism of the University of Minnesota.
 - b. Medallist class by the Columbia Scholastic Press Association, sponsored by the Department of Journalism of Columbia University.

IX. MISCELLANEOUS

- 1. The graduate course in Education, offered by the University of Illinois on Saturday from 10:00 A.M. until 12:00 noon, "Education 119, Principles of Curriculum Building," has attracted an enrollment of 32.
- 2. Eastern Illinois State Teacheers College has been invited by The University of Chicago to join with the group of teacher-training institutions that have been meeting for several years on the Chicago campus for conferences concerning our common problems.
- 3. The Registrar informs that the college has never had an official seal, simply using the design of the State seal. A design showing the entrance of the Main building of the college sur-

- rounded by the name of the institution, is recommended by the Registrar. A seal of this type will lend itself measurably to use in the official publications, invitations, decorations, etc.
- 4. Since June, 1937, the college has been using the furnished home of Harold M. Cavins, faculty member on leave, at 805 Sixth St., Charleston, as a Home Management House for the Department of Home Economics, at a cost of \$40 per month, plus the cost of water, light, and heat. The house is an unusually well-furnished one, and was approved with a high rating by the State and federal inspectors. Considerable difficulty has been met by the college due to lease forms satisfactory to the Department of Finance. The Teachers College Co-Ordinator, Mr. Lucien A. File, has been of great service in helping get the use of this necessary laboratory aid for the Department of Home Economics. Approval of the rental of this house will be asked to cover the period July 1, 1937, to August 31, 1938, so as to insure the continuance of this necessary laboratory work.

X. SUMMARY

Action of the State Normal School Board is requested on:

- 1. The list of diploma and degree graduates for August 6, 1937.
- 2. Resignations of Paul W. Sloan and Cathryn Jayne Morphew.
- 3. Appointments of Marion Adams Maxim, Florence I. Scoular, Leora Ellsworth, Sidney B. Goff, Arthur U. Edwards, Olive Thompson, Oliver M. Fischer, and Louise Stillions in the positions and at the salaries stated.
- 4. Change in the status of Bryan Heise and Grace Geddes as described and at salaries stated.
- 5. Employment of Loretta Harvey, Dorothy Davis, and Frances Weber in the positions and at salaries stated.
- 6. Employment of a half-time carpenter and a half-time painter, at a salary not to exceed \$65 each per month.
- 7. Adoption of a design for the college seal which embodies the tower of the Main Building.
- 8. Rental of the furnished house of Harold M. Cavins, 805 Sixth St., Charleston, for \$40 per month, July 1, 1937-August 31, 1938, as a Home Management House.
- 9. Consideration of the requested allocations from the Million Dollar Fund.

Respectfully submitted,

Robert G. Buzzard,

President

MINUTES OF MEETING, STATE NORMAL SCHOOL BOARD Chicago, December 13, 1937

A regular meeting of the Normal School Board was held on December 13, 1937, in Chicago, Illinois.

The meeting was called to order by the chairman, John J. Hallihan.

A motion was made by Mr. McMorris, seconded by Mr. Dill, that Dr. Sunderman act as secretary in the absence of Mr. Wieland. Motion carried.

On roll call the following members were present:

John J. Hallihan, Chairman

Roswell B. O'Harra

Charles E. McMorris

Mrs. Reed Green

Miss Harriet McIntire

Jacob Alschuler

Preston Bradley

J. D. Dill

W. E. Sunderman

Absent: John Wieland and Otto G. Beich.

A motion was made by Mr. Dill, seconded by Mrs. Green, that the minutes of the previous meeting be approved. Motion carried.

President Pulliam presented his report. The matter of options for the purchase of land for the college at Carbondale was discussed and further action was deferred until the advisory committee of that college could confer with the Governor. A motion was made by Mr. Dill, seconded by Miss McIntire, that the report be approved. Motion carried.

President Fairchild submitted his report. After some discussion relative to janitors, Dr. Bradley made a motion that the report be approved, excepting that part pertaining to the matter of janitors. Seconded by Mr. Dill. Motion carried.

At this time State Planning Engineer Col. H. L. Kellogg came before the Board and the presidents and presented the matter of W.P.A. projects that might be of benefit to the various Normal Schools. A very interesting and instructive discussion followed. Col. Kellogg emphasized the fact that he was willing to cooperate in every way possible.

President Buzzard presented his report. A motion was made by Miss McIntire, seconded by Mr. Dill, that the report be approved. Motion carried.

A motion was made by Mr. Dill, seconded by Mr. O'Harra, that the Acting Secretary write a letter to Governor Horner, asking for \$50,000 to be allotted to Eastern Illinois State Teachers College for the purchase of equipment for the new Science Building. Motion carried.

PROCEEDINGS

President Morgan presented his report, a supplementary report, and a report by Mr. O'Harra of the Advisory Committee, to be entered in the minutes as follows: That a bill for \$101.00 for a broken sewer be paid. Also that Item No. 4 in the supplementary report, that a bill be presented to the next General Assembly for the payment of a special pavement tax levied by the City of Macomb against State property at the college to the amount of \$6,704.38. Also that Item No. 3 in the original report, relative to a six months leave of absence due to illness be granted to Mr. Gallaher. A motion was made by Mr. O'Harra, seconded by Miss McIntire, that the report as stated be adopted. Motion carried.

President Adams being ill, Mr. Alschuler made a motion that the first to the third items inclusive in Mr. Adams' report be approved. Seconded by Miss McIntire. Motion carried.

Mr. Alschuler made a motion, seconded by Mrs. Green, that the Board adjourn until three o'clock, to reconvene in executive session. Motion carried.

The Board reconvened at 3:30 o'clock.

Co-Ordinator Lucien File made his report of the Survey Committee, appointed to make a survey of three of the Normal Schools, viz., Central at Normal, Northern at DeKalb and Southern at Carbondale. Mr. McMorris made a motion that this Survey Committee make a survey of the two remaining colleges, Charleston and Macomb, as to repairs needed and report at the next meeting of the Board. Seconded by Mr. O'Harra. Motion carried.

The Board adjourned. Next meeting to be at Springfield on January 17, 1938, at 9:30 A.M.

John J. Hallihan, Chairman

W. E. SUNDERMAN, Acting Secretary

299 graduates of the two- and four-year classes of 1937, former graduates, and sophomores, juniors, and seniors, secured new positions for 1937-38. The Bureau assisted in placing 2 graduates of other colleges who had formerly attended Western, assisted 75 former degree graduates to new positions, 59 of which were promotions, and assisted 16 who had not been able to secure positions before. 63 students of sophomore, junior, and senior standing were assisted to new positions. 646 sets of credentials were sent out after January 1, 1937.

II. THE FACULTY

1. Resignations

a. Miss Helen Felber, who has been the kindergarten teacher for the past two years and during the first quarter of this college year, has tendered her resignation to get married during the Christmas vacation. Her successor will be recommended as soon as one who is satisfactory has been found.

2. Leaves of absence

a. Miss Mabel Corbin, a member of the English Department, has not had the best of health during the past few years. She is asking for a leave of absence during the Winter Quarter. An additional member of the faculty will be needed during Miss Corbin's absence, but some shifts are being planned by which it may be possible to place the substitute in the Department of Health and Physical Education, and allow a member of the faculty who has been doing considerable English work to take Miss Corbin's place during her absence. A recommendation with respect to this matter will be made as soon as arrangements can be completed.

III. OTHER COLLEGE EMPLOYEES

1. Mr. Ray Gallaher, who has been a janitor under Civil Service for several years, has not been well for several months, and suffered a light stroke on November 11. Prior to his becoming totally incapacitated, he had secured a man to help him with his work, and had paid him for it from his own salary. Since Mr. Gallaher's stroke the man who had been helping him, Mr. L. M. Vaughn, has been doing all of his work. It should

- now be decided whether Mr. Gallaher shall be continued on the payroll until it is definitely known whether he can return to his work. If so, he will need to be certified along with other employees whose names appear on the payroll, and from his monthly check he will need to pay Mr. Vaughn for his work. Perhaps there will be a small sum left for Mr. Gallaher for his own personal use during his illness. This matter has been referred to the Director of this Department, and perhaps he will make some recommendation to the Board.
- On the 10th of November, the Superintendent of Construction on the new training school building, from the State Architect's Office, notified the head engineer of the college that temporary heat would be needed in the new building throughout the twenty-four hours of the day. Since it has been the custom at the college to close the heating plant from 10:30 P.M. to 5:00 A.M., it was necessary to put on an additional fireman for this time. This situation was presented to the president on November 11, and he in turn called the Director's office, which was closed because of the holiday. He then called the secretary of the Civil Service Commission, at his home, and raised the question as to whether any eligible fireman on the Civil Service list would accept such an appointment, which is necessarily temporary. He said there was no one available, and suggested that some local man be appointed for the temporary work. It happened that Mr. George Bugg, who had been a fireman at the college for many years, had resigned to take effect September 1, last. At the time of his resignation he had expressed a willingness to help out in case of illness of any of the employees, or other emergencies. He was called, and volunteered to take this six and one-half hour shift while needed. Later this matter was reported to the Director of the Department for approval or other suggestions. Some action should be taken. Perhaps he will make a suggestion at this time, which should be approved.

IV. THE ORGANIZATION—No report.

V. THE CURRICULUM—No report.

VI. BUILDINGS AND GROUNDS

1. The new training school building is now under roof and completely enclosed, although the permanent doors have not as yet been installed. Much of the plastering is completed. The plumbing, heating and general contractors have their work well under way. On November 26, 1937, Governor Horner approved the allotments which the Board made at its last meeting, including \$40,000.00 for equipment for this new building. Requisitions are now being made up to cover the items of equipment. These will be submitted to the proper departments for approval in the near future.

- 2. Included in these allotments was \$50,000.00 for an addition to the heating plant, to provide additional power and light for the present plant and that which is needed for the new building. A requisition for this amount has been prepared and sent to the departments. The Architect's Office no doubt will prepare plans and specifications immediately.
- 3. The roads north and west of the campus have been completed and approved by the Superintendent of Highways. Arrangements have been made with the Division of Highways to inspect these roads and keep them in repair. At all times this Division is willing to furnish the necessary repair machinery if the college will pay for the material needed.
- 4. An item of \$25,000.00 for walks and drives about the campus in the vicinity of the new training school building was likewise approved, and plans and specifications will be prepared as soon as the requisition is released.

VIII. STUDENT LIFE—No report.

IX. MISCELLANEOUS

- 1. When the roads were built on the north and west of the campus, a sewer drain was uncovered by the contractor. This sewer was broken and had to be replaced. The contractor submitted an extra item of \$101.00 for this work. There was some question as to whether he was justified in making such a charge. All of the conditions have been submitted to the Advisory Committee for the college, and their recommendation is presented.
- 2. Permission was granted at the last Board meeting to change the type of linoleum in certain parts of the new building at a total extra cost of not to exceed \$750.00. This matter has been worked out with the contractor at an estimated cost of \$511.37.
- 3. In the report made to the Board on July 13, 1937, on the Revolving Fund, it showed that \$3,650.00 had been transferred during the last quarter of the last biennium from the Monroe Hall fund to the General Fund, in order that necessary bills against Operation and Repair and Equipment might be paid. After this transfer the balance was \$1,223.87.

At the beginning of the last biennium the balance in the general Revolving Fund was \$26,698.14. Hence the general Revolving Fund during the biennium had been reduced the difference between the balance at the beginning, \$26,698.14, and the balance at the end of the biennium, \$1,223.87, or \$25,474.27. To get the real depletion, however, there should be added to this \$3,650.00, which was transferred to it from

the Dormitory fund during the biennium and which must be returned. That makes the real depletion in this fund \$29,124.27. It is perfectly clear, therefore, that the expenditures from the Revolving Fund have been quite in excess of what can continue to be spent therefrom, and whereas during the last biennium over \$27,000.00 was spent for Operation from this fund, and over \$34,000.00 was spent for Repair and Equipment during the same time, such amounts are not available to supplement the state appropriations during the present biennium. Furthermore it ought to be reported that there is now left available in the Operating Fund from the State for the first year of this biennium only \$6,109.00, and that the requisition against this balance for the third quarter is \$3,745.00, which leaves a balance for the fourth quarter of only \$2,364.00.

At the same time, based on estimates for the last biennium, it has been planned to supplement this fund by \$4,400.00 for coal, but we are already using additional coal to heat the new building partially, and we shall need much additional coal to keep it heated the remainder of the year. Perhaps the extra amount of coal alone needed will completely exhaust the balance in the fund for Operation, and there will be no money of any kind left for other operating expenses for the last quarter of the year.

Likewise it should be pointed out that on November 30, 1937, there was a balance available in the Repair and Equipment Fund of \$7,303.00, but requisition No. 83, which has not been as yet charged against this fund, amounted to \$3,855.00. In addition to that, a special requisition has been sent in for \$3,000.00 to cover the rehabilitation of the heat control system in the main building. The Architect's Office recommended that this special requisition be drawn for \$3,500.00, but by thus reducing it there is only \$448.00 left available in the Repair and Equipment Fund for the fourth quarter.

In addition, these are some of the things that demand immediate attention, and for which no provision is made: (1) A new roof is needed on the heating plant, and was recommended early last summer. The estimated cost by the Architect's Office is \$1,600.00. (2) Recently the inspector from the State Architect's Office has examined the main roof on the administration building. He says that the entire flat portion must be replaced, and, while no accurate estimate has as yet been submitted for the cost of this repair, the inspector thought it would require somewhere from \$10,000.00 to \$12,000.00 to do the work.

With the above facts as presented, it would seem doubtful whether, if the entire amount of the appropriations for this

biennium in these two funds, amounting to \$50,000.00 for Operation and \$40,000.00 for Repair and Equipment, were available during the biennium, there would be any balance in either of them at the end of the biennium if Operation were made as conservative as possible and the barest needs in Repair and Equipment were met. Some plan should be outlined at once with respect to this situation.

4. When the new building is opened, two or three new janitors will be required to take care of the building. These will be in addition to any needs which the college has thus far experienced. It seems that the only way to provide their salaries is from an additional fund to be allowed from the Salary and Wage appropriation, from which a part has thus far been withheld.

X. SUMMARY

The approval of the Normal School Board is requested on the following items:

- 1. The resignation of Miss Felber.
- 2. The leave of absence of Miss Corbin.
- 3. Some plan for caring for Mr. Gallaher's work during his illness.
- 4. Some arrangement for extra help in the power plant while temporary heat is needed in the new building.
- 5. The report of the Advisory Committee on the item of \$101.00 for replacing a broken sewer under the new pavement on the north side of the campus.
- 6. Some plan with respect to the funds for Operation, which will make possible the use of the new training school building when it is ready for occupancy.
- 7. Some plan with respect to the fund for Repair and Equipment which will permit some deferred emergency repairs to be made and the necessary equipment replacements and additions to be purchased.
- 8. Some plan by which the additional help for the care of the new building may be provided when it is ready to operate.

Respectfully submitted,

W. P. Morgan, President.

REPORT OF THE

WESTERN ILLINOIS STATE TEACHERS COLLEGE

December 13, 1937

(Supplementary to the report made earlier this week)

After sending out the first report for this meeting, other matters have occurred which make it possible to add the following items for action.

THE FACULTY

II.

- 1. Appointments.
 - Mr. Charles W. Garner is available for the position in the Department of Health and Physical Education, from which Mr. Maneikis is transferred to the English Department for the Winter Quarter. Mr. Garner graduated from the two year course at the Northern Illinois State Teachers College in 1921, took his Bachelor's degree from the University of Illinois in 1924, and his Master's degree from the University of Iowa in 1937. He has taught physical education in the DeKalb Township High School for five years, and assisted in football at the Northern Illinois State Teachers College in 1929. For several summers he has been in charge of the Country Club at Rochelle, where he has given lessons in golf. He is highly recommended by members of the staff in the Physical Education Department and by the athletic coach at the State University of Iowa. President Adams and Mr. Evans, of the Physical Education staff at DeKalb, also recommend him highly. I am recommending him, therefore, for the approval of the Board at a salary of \$200.00 per month for three months.
 - b. Since dictating the original report, I have been in correspondence with Miss Marjorie Burke, of Superior, Wisconsin, and received a telegram from her late Thursday afternoon, in which she stated that she was willing to accept the kindergarten position beginning January 3. I am therefore recommending her for employment at a salary of \$225.00 per month for the remainder of this year. Miss Burke holds her two year diploma from the Superior State Teachers College, and, after doing some work at the University of Chicago, returned to the Teachers College and received her Bachelor of Education degree in 1931. Since that time she has attended Teachers College, Columbia University, for six summers, where she received her Master's degree in 1935. During last school year she was on leave from her position in Superior for the first half of the year and took graduate work at Northwestern University and taught in the National College in Evanston.

She returned to her position in Superior at the mid-year, and has also been teaching there up until this time this year.

In all her work she has specialized in the kindergarten and primary field, and has likewise done all of her teaching except one-half year in that field. She is highly recommended for that type of work by Dr. Thomas Alexander, of Teachers College, Columbia University, by the director of kindergarten-primary work at the Superior State Teachers College, and by others who have known of her teaching experience.

III. OTHER COLLEGE EMPLOYEES

1. This week Mr. Ray Gallaher, concerning whom I reported in my regular report to the Board, was able to come to my office for a short conference. He is not entirely recovered, and is not as yet able to assume his duties, although he may soon be able to assist Mr. Vaughn slightly. If the present arrangements cannot be continued until he is able to take full charge, he would like to take advantage of a leave of absence for six months, which is permissible under the Civil Service regulations.

This of course would make it impossible for him to receive any compensation whatever during his leave, and would make it very difficult for him to support his family. These facts are submitted in addition to the ones with which you are familiar in order to give you full information as a basis for any action you may desire to take.

Since sending out my original report I have received a letter from the Assistant Director of Registration and Education in which he notified me that Mr. Earl Graves had been appointed to take the temporary place as fireman which Mr. George Bugg has had since November 11, and for which we had to arrange because heat was needed in the new building throughout twenty-four hours during the day. Mr. Graves appeared, and seems to have had about three years of experience as a fire-man in the roundhouse for the Northwestern Railroad at East Clinton in this state. He is quite willing, however, on his own time to spend several days in getting acquainted with our plant, and does not desire to take up his duties until he is sure he is sufficiently acquainted with the details of it to get along without danger to himself or to the plant. When he takes up the work he will be on for six and one-half hours a day, seven days a week, at 50c an hour, or at about \$22.75 a week. I am recommending that he be put to work at this salary as soon as our head engineer thinks it is safe to put him in charge.

VI. BUILDINGS AND GROUNDS

1. Last Tuesday there came to my desk from the City Clerk of Macomb two assessment notices, one for \$674.38 for paving on two sides property the college owns across Adams Street in front of the college, consisting of a frontage of 183 feet 9 inches at \$2.50 per foot on Sherman Avenue, and a sideage of 174 feet at \$1.25 per foot on Adams Street, the first payment of which is \$80.38 due January 2, 1938, with \$66.00 due annually for ten years with interest at six per cent; the other for \$5,800.00 for a campus frontage of 2,320 feet on Adams Street at \$2.50 a foot, the first payment of which is \$580.00 due January 2, 1938, with \$580.00 due annually with interest at six per cent. These annual installments may of course be paid when the first installment is paid, and stop all interest. To do this work, the city has secured a federal grant of 45 per cent of the cost of the project, and the college is therefore getting the work done for about 55 per cent of the actual cost. At the time the petition for federal aid was filed, a conference was held with the local board member, and it was agreed that the president of the college should sign the petition for the state. However, this request for a federal grant was reported almost a year ago as rejected, and the city determined not to do the work, but recently the federal grant was approved and the matter has been revised and the assessment has just been spread.

Of course the city cannot assess the state property, but it has been the policy of the state to cooperate in all such ventures. This matter has been referred to the Advisory Committee, which has a recommendation to make.

X. SUMMARY

In addition to the items which you have been asked to approve in the general report, further approval is asked for the following:

- 1. Appointment of Mr. Charles W. Garner as a member of the Department of Health and Physical Education at \$200.00 a month for three months.
- 2. The appointment of Miss Marjorie Burke as kindergarten teacher at \$225.00 a month for the remainder of the year.
- 3. The temporary appointment of Mr. Earl Graves at 50c an hour as fireman at the heating plant.
- 4. The plan for dealing with the assessment which has been submitted by the City of Macomb for the improvement of the streets in front of the college property on Sherman Avenue and Adams Street.

Respectfully submitted,

W. P. Morgan, President

Our Winter Term opened Monday, November 29. We now have 1,452 men and women enrolled in college classes, an increase of 82 over last year's Winter Term enrollment in spite of the severe policy of elimination which is described in Section 2.

2. Elimination of low scholarship students.

At the close of the Fall Term it was necessary for us to drop 65 students because in the judgment of the faculty their scholarship was not up to the standard that ought to be maintained in the training of teachers. Since we had an increase in enrollment this year of 67 students and could afford to increase the faculty by only one instructor, thus greatly aggravating a condition of over-crowding with which the College has suffered for a number of years, we are not justified under present conditions in keeping these students in school when it is reasonably certain that we will not be able to recommend them as teachers. At present the only reasonable solution for the College is to drop them without ceremony.

However, from the standpoint of the state and the nation as a whole, this business of unceremoniously dropping these

people has some disturbing implications. The all important question for the people who are dropped is: What is going to become of them when they leave here? We may be certain that in ninety per cent of the cases it will be one of two things, neither of which is particularly wholesome for society at this time. They will either return to the coal mining towns, where no work is to be had for young people, and will loaf the best years of their lives away acquiring habits of idleness and attitudes of rebellion and despair that will permanently unfit them for successful, happy living and good work, or they will return to these same towns and, through the influence of their families or on their own initiative, will take jobs away from the heads of families who are now working. At all events, it is certain that they will not get new jobs because there are not enough jobs now to go around, and the situation grows worse instead of better in the larger communities of Southern Illinois; neither will they establish businesses of their own because most of them have neither the necessary capital nor experience.

Each time one of these young people goes home, and through the influence of friends or relatives takes away a job from the head of a family, the man who loses the job is pushed off on WPA or on relief, and the taxpayer takes over the burden of supporting another family.

The conclusion of the whole matter is that, in an industrial society like ours, some sort of school has to be provided for the students who are good enough to finish high school and have enough ambition and ability to use their idle time for further education, while they wait for a chance at a job. It is not a question of whether the middle and upper classes can afford to provide suitable schools for them. It is a dead certainty that they cannot afford not to do so. If anybody has any doubts on this point let him have a look at Russia and Mexico, and some of the other countries where the upper and middle classes have refused or failed to keep the educational gateway wide open. When the abler and more ambitious members of the lower classes always have a chance to work their way up, no strong leaders of discontent are left among the proletariat. Revolution is only possible when society denies a chance to some of its young potential leaders.

True, many of the young people whom we are dismissing for poor scholarship could probably get by in small liberal arts colleges where, since they do not emphasize teacher training, lower scholastic standards are acceptable, but the students cannot afford to pay the tuition. Under present conditions, the teachers colleges have neither the room nor the right to keep them unless they are definitely up to the high standard

that ought to be maintained for teaching. Thus, these reasonably good high school graduates are turned out without any further chance at education at all.

The October number of Fortune Magazine carried a report of a very careful study of the unemployment and relief situation in the United States. One of the important conclusions to which this study points is that it is the unskilled, the untrained people who are still on relief, that skilled tradesmen and trained workers of all kinds have long ago been re-absorbed in industry except in a few spots where a whole region has fallen under the blight of economic change, or in individual cases where there are temperamental idiosyncrasies that make the person unadaptable.

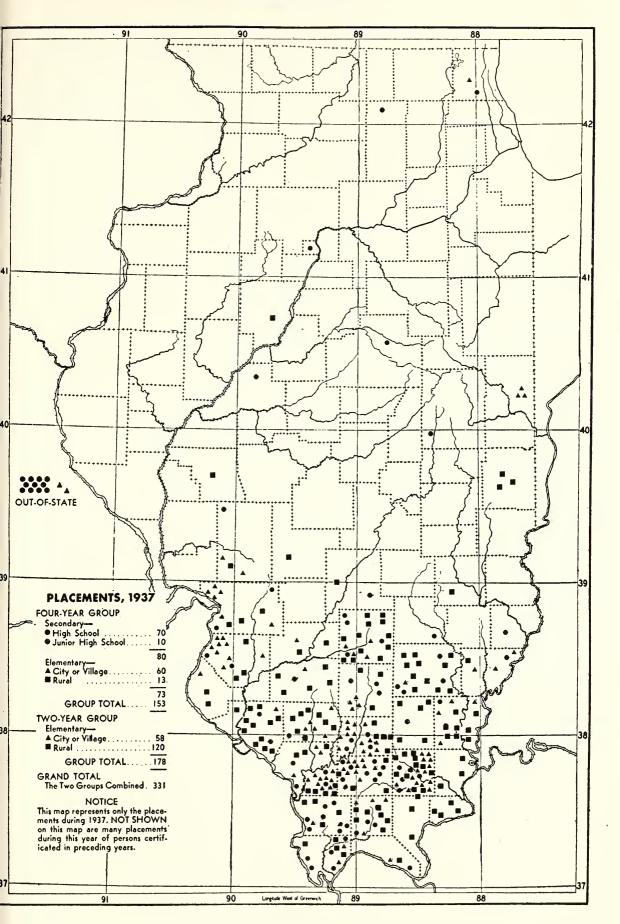

This biennium the state alone is spending \$72,000,000 for relief, besides what the townships, the cities, the private agencies and the Federal Government will spend. In addition to this the state is appropriating \$31,000,000 for welfare institutions to take care of other types of human failure and \$25,000,000 for old age assistance. Together the charges for welfare relief and old age assistance amount to \$128,000,000. \$128,000,000 is 8 times the total amount now appropriated by the state for higher schools. Yet, in any long range view, education is the one solution for the twin problem of individual failure and public relief.

These ideas we need to ponder seriously in Illinois.

3. Placements map.

I am submitting as a supplement to this report a map of Southern Illinois showing the placement of students who were certificated from this College last summer. The map includes only students who were in school last year. It does not include cases where the College was instrumental in securing the promotion of a graduate who was already in the field. Mr. Wham, who handles the placements work, states that this is the best placement record the College has ever had. We are ready to furnish to anyone who is interested the name and position of each student who is represented on the map.

The fact that we placed last year a total of nearly one-fourth of our enrollment—more than the total number of graduates of the school—should be a conclusive answer to the criticism which is sometimes made that the teachers colleges of Illinois are training more teachers than it is possible for them to place. The map also shows the degree to which the College at Carbondale renders service to the region in which it is situated. There is not a single county in our area into which we did not send teachers last year.

If it were possible to prepare one, another map showing the total number of former students of this College who are now teaching in Southern Illinois would be an impressive sight and would show the tremendous importance of the College to the public schools of Southern Illinois, as well as the great influence which the College wields through those schools for good or ill depending upon the quality of work and the standards that it sets and maintains.

II. AND III. FACULTY AND OTHER SCHOOL EMPLOYEES

Following the usual procedure, I sent a requisition through the Department of Registration and Education to the State Civil Service Commission for an extra fireman for the months of December, January, February, and March.

I am asking the Board to validate the appointment of the man who is finally sent as extra fireman for a period of four months at a salary of \$105 per month.

- IV. ORGANIZATION-No report.
- V. THE CURRICULUM-No report.

VI. BUILDINGS AND GROUNDS

- 1. The money requested for the purchase of additional land for the campus, approved by the Board at its last meeting, has not yet been released. On this point I am presenting an informal explanation to the Board, which I prefer not to make a matter of record.
- 2. The \$10,000 for the repair of the Auditorium and the \$16,000 for the Physics Laboratory have been approved, and requisitions for these amounts were initiated on November 30th.
- VII. AUXILIARY ENTERPRISES—No report.
- VIII. STUDENT LIFE—No report.

II. FACULTY

I reported verbally to the Board at the last meeting that three members of our faculty, Miss Wilma Hill, Mr. Romeo Zulauf, and Mr. Homer Hall, were rather seriously injured in an automobile accident while returning from extension classes at Freeport and Polo. This accident occurred on October 19. The members of the group, according to all evidence, were in no measure contributory factors to this accident, but it seems that the party causing the accident has no funds or responsibility. I imagine that the three faculty members mentioned above will present a claim against the State for their expenses connected with this accident. I have informed them of the point of view of the Board and of the State with respect to matters of this type. I am reporting this at this time so that it may be a matter of record.

III. OTHER SCHOOL EMPLOYEES

1. On November 20, Miss Clara Sperling, University Graduate Stenographer, was taken to the hospital with an acute attack

of appendicitis and was operated on. Miss Sperling is recovering her strength slowly and expects to be back at work at the beginning of the week of December 13. I wish to ask for permission to pay Miss Sperling her full salary for the time she has been away for this operation. It will be in the neighborhood of three weeks.

2. Mr. Charles Davy, janitor in the McMurry Elementary School, has been sick for three weeks and is still away from school. Mr. Davy has received his pay for the last two weeks in November. He has not, as far as the records of the college show, been absent at any time before for more than two weeks. What disposition does the Board wish to make of this condition?

IV. THE ORGANIZATION

On October 10, 1932, and again on July 15, 1935, this College through the Normal School Board entered into an agreement with the DeKalb Township High School to handle our high-school student teaching in their institution. This agreement has been continued in force since that time. As compensation, we agreed to pay to the High School Board and to the critic teachers who participate in this activity an amount of \$90 per student teacher per semester. The Department of Finance feels that this agreement should be reinstated by the Board at the beginning of each biennium as a matter of good business procedure. I am recommending that the Board approve this arrangement. It is by far the cheaper and, we believe, the better method for handling student teaching on the high-school level for such a large group.

V. THE CURRICULUM—No report.

PROCEEDINGS

I am presenting this picture to the Board so that they may understand why Northern Illinois State Teachers College feels that it is entitled to the first building in any additional building program for the five colleges. We are located in the center of a region housing over half the population of Illinois and some of the finest school systems in the entire country, and yet this college has science facilities that do not rate with those of an ordinary high school in our area. We believe that what we have at DeKalb is in the best condition that it is possible for us to keep it, but that we do need, and need badly, a new modern science building, fully equipped. If this Board is to speak for the entire State of Illinois, it cannot ignore the needs of half the citizens of the State nor of the region housing some of our finest school systems.

I shall be glad to explain any part of this chart to the Board—collectively, or to individual members.

VII. AUXILIARY ENTERPRISES—No report.

VIII. STUDENT LIFE—No report.

IX. MISCELLANEOUS—No report.

X. SUMMARY. Action is requested on the following:

- 1. Approval of the payment of salary to Miss Clara Sperling.
- 2. Approval of the payment of salary to Mr. Charles Davy.
- 3. Approval of the agreement with the DeKalb Township High School.
- 4. The approval of the allocation of \$368,000 for a Science Building at the Northern Illinois State Teachers College as recommended by the Committee at the last meeting of the Board.

3. Selective Admission

We have had a second year of experience with the limited enrollment and selective admission plan and, while it can not be said to be entirely efficient and satisfactory, it does seem to be a good solution of the use of our limited physical facilities. The regulation of the Normal School Board under date of October 7, 1935, limited the enrollment in any semester of the regular year to 1,850 students. It has been found that, if we try to restrict the entering freshman group to 700, the unknown quantity of upper classmen of the semester immediately preceding or any previous attendance period will adjust in a remarkably accurate manner to the figure, 1,850. The enrollment of 1,853 for the present school year is indicative of the accuracy of such procedure.

There has been some belief that limited enrollment and restrictive admission at Illinois State Normal University is nothing different than would be found at any institution without such limitation and that perhaps it becomes merely a good publicity feature. I wish that the implications of this type of procedure were based entirely upon such conjectures, since it would certainly relieve the administrative officers of the University of considerable embarrassment and many difficult situations. It should be emphasized that accurate figures and materials are available to indicate that Illinois State Normal University could have had an enrollment of 2,000 students this semester if all those who applied and really expected to enter had been admitted. Fewer applications for admission were rejected than a year ago because of undesirability but a much larger number of very capable persons was discouraged from entering because of departmental quotas being filled. While those discouraged may consider that they were rejected, they do form a group that any teachers college would be glad to receive. The rejections along this line were exceedingly large in the fields of home economics, agriculture, art, and mathematics.

The following statistics will indicate the quota set for various departments, the number of permits issued and the number who actually reported. It should be noted that in issuing permits our experience in the past has indicated a shrinkage of ten per cent and this accounts for more permits being issued than those who actually enrolled. In some of the departments,

especially home economics and agriculture, the reduction in those who actually enrolled did not conform to the general supposition which resulted in an actual enrollment in excess of the quota. Further experience with limited enrollment and selective admission will enable us to more accurately adjust to all of these conditions.

4. Scholarships

While a final report on scholarships for reimbursement purposes is not made at this time, it is of interest to note the following use of scholarships in Illinois State Normal University. The freshmen are listed separate in order that the trend as to the use made of both Lindley and High School Scholarships may be followed.

6. Teacher Placement

The report of the Bureau of Appointments of Illinois State Normal University is provided as a supplement to this general report to the Normal School Board. The report is very complete and I am sure merits the careful consideration it is hoped will be given by members of the Board. Attention is called to the increased efficiency of the Bureau of Appointments, both as to organization and procedure, as well as to the continued enlargement of service rendered and results obtained. It is hoped that Illinois State Normal University, with the limited enrollment based upon quotas for the various departments, will soon reach the point where 100 per cent of all graduates will be of a type readily placed, although at the present time practically all of the graduates who would make an appeal to prospective employers are in teaching positions.

II. FACULTY

1. Resignations

a. As a matter of record the resignation of Miss Marianna Irwin, teacher of special help room at the Soldiers and Sailors Children's School, is reported. The salary of Miss Irwin was paid by the Department of Public Welfare.

2. Leaves of Absence

- a. Janet K. Smith, Assistant Professor of Art, for the entire year 1938-1939, in order to continue work toward her doctor's degree at Columbia University.
- b. Arthur H. Larsen, Assistant Professor of Mathematics and Assistant Principal of the University High School, for the entire school year 1938-1939 to complete the work for his Ph.D. degree at the University of Wisconsin.
- c. Clarence Cross, Associate Professor of Physics, for the entire school year 1938-1939 in order to complete work for his Ph.D. degree at the University of Iowa.

3. New Appointments.

Since the meeting of the Normal School Board on July 29 the following new members of the faculty have been appointed to fill existing vacancies.

a. Campus positions

- (1) Dr. Herbert I. Hiett, Professor of English and Head of the Department of English, A.B. Nebraska Wesleyan University, A.M., University of Nebraska, Ph.D., University of Maryland. Teaching experience of 14 years in the public schools of Nebraska and in the State Teachers Colleges at Pittsburg, Kansas, and Aberdeen, South Dakota. Dr. Hiett's salary is \$3,510 for the regular school year with the appointment effective from September 1, 1937, and covers a newly authorized position, since I.S.N.U. has operated only with an acting head in this department for the past several years.
- (2) Dr. Edward R. Johnson, Associate Professor of Journalism, B.A. Wittenberg College, M.A. and Ph.D., Ohio State University, with teaching experience in a number of Ohio high schools and for the past 11 years teacher of English and journalism in the South High School at Columbus, Ohio. Dr. Johnson's salary is \$2,835 for the regular school year and the appointment effective September 1, 1937. He takes the place of Dr. Paul Royalty, who resigned to accept a position in the Ball State Teachers College at Muncie, Indiana.

- (3) Dr. Stanley S. Marzolf, Assistant Professor of Psychology, A.B., Wittenberg College, M.A., Ph.D., Ohio State University, with teaching experience in Ohio high schools and at Ohio State University. Dr. Marzolf's salary is \$2,250 for the regular school year and the appointment effective September 1, 1937. Dr. Marzolf fills a newly created position in the department of psychology.
- (4) William I. De Wees, Assistant Professor of Agriculture, B.S. and M.A., University of Illinois, with teaching and administrative experience in the public schools of Illinois and for the past several years at Amboy. Mr. De Wees' salary is \$2,250 for the regular school year and the appointment effective September 1, 1937. He fills one of two newly created positions in agriculture.
- (5) La Vern E. Laubaugh, Assistant Professor of Agriculture, B.S., Michigan State College, M.A., University of Michigan, with teaching and administrative experience in several high schools in Michigan, the past seven years of which was at Dowagiac. Mr. Laubaugh's salary is \$2,250 for the regular school year and the appointment effective September 1, 1937. He fills the other of two newly created positions in agriculture.
- (6) Burton L. O'Connor, Assistant Professor of Physical Education in the University High School, B.A., Cornell College, M.A., University of Iowa, with teaching and coaching experience in high schools in Iowa and at Cornell College. Mr. O'Connor's salary is \$2,250 for the school year. He takes the place of Edwin G. Struck, who has been transferred to a new position in physical education in the University.
- (7) Dr. William R. Lueck, Assistant Professor of Education, B.A. and M.S., University of North Dakota, Ph.D., University of Iowa, with teaching experience in several high schools in North Dakota and Iowa. Dr. Lueck's salary is \$2,250 for the regular year, and the appointment effective from October 1, 1937. Dr. Lueck was on the staff last year, taking the place of Mr. Mills, who was on a leave of absence. The great demand for extension course instructors demanded continuance of Dr. Lueck, whose salary is paid from the Revolving Fund and from added financial resources in excess of the salary received.

- (8) Marion G. Miller, Instructor in Art, Ph.B., University of Chicago, M.A., University of California, with teaching experience in the public schools of Iowa and California and in teachers colleges in Wisconsin and Pennsylvania. Miss Miller's salary is \$2,025 for the school year and the appointment effective September 1, 1937. She takes the work of Miss Marion Allen, Assistant Professor of Art, who is temporarily serving as head of the art department and taking the work of Dr. Julius Miller, who resigned last July as head of the department.
- (9) Mildred Ione Card, Instructor in Art, B.S. and M.S., University of Wisconsin, with teaching experience in Wisconsin High School. Mrs. Card's salary is \$2,025 for the regular school year, effective September 1, 1937. She takes the place of Miss Gladys Bartle, Instructor in Art, who is on a leave of absence from the University for the present school year.

b. Children's School

The following have been elected to fill positions at the Illinois Soldiers and Sailors Children's School and, since all of these salaries are paid by the Department of Public Welfare, the election of this group is reported as a matter of record.

- (1) Gertrude P. O'Connor, Instructor in Special Room Work, B.A., Ohio State University, M.A., Northwestern University, with experience in high schools in Ohio and Illinois. Mrs. O'Connor's salary is \$1,710 for the regular school year, effective September 1, 1937. She takes the place of Marianna Irwin, who resigned last August.
- (2) Louise Pedigo, Instructor and Supervising Teacher in the Junior High School, A.B., J. B. Stetson University, DeLand, Florida, M.S., University of Chicago, with teaching experience in the public schools of Florida and Wyoming. Miss Pedigo's salary is \$1,710 for the regular school year, effective September 1, 1937. She takes the place of Miss Verna Hoyman, who resigned last July.
- (3) Alice Ralston, Instructor and Supervising Teacher in the First Grade, B.S. in Ed., University of Oklahoma, M.A., University of Chicago, with teaching experience in several Oklahoma public schools. Miss Ralston's salary is \$1,710 for the regular school year, effective September 1, 1937. She takes the place of Lethal Kiesling, whose work for the past year has been handled by Mrs. Lois Cline, a substitute teacher.

(4) Esther L. Stroup, Instructor in Home Economics, B.S. and M.A., Purdue University, with teaching experience in several Indiana schools. Miss Stroup's salary is \$1,710 for the regular school year, effective September 1, 1937. She takes the place of Mrs. Dorothy Stillman, whose work for the past year has been handled by Mrs. Christine Stombaugh, a substitute teacher.

c. Towanda Schools

The following teachers have been elected to the elementary and high school positions at Towanda, a school system entirely affiliated with Illinois State Normal University. The salaries of most of these people are paid in part by the Towanda School Board.

- (1) George C. Wright, Superintendent, B.A., State Teachers College, Valley City, North Dakota, M.A., Northwestern University, with teaching and administrative experience in several high schools in North Dakota and for the last three years principal of a Junior High School in Blue Island, Illinois. Mr. Wright's salary is \$2,025 for the regular school year—\$1,035 Towanda; \$990 I.S.N.U.
- (2) Ruth Charlotte Huggins, Instructor in English and Latin, A.B. Knox College and M.A., University of Illinois, with teaching experience for six years in Knoxville, Illinois, High School and for the 1936-1937 school year in the State Teachers College at Chadron, Nebraska. Miss Huggins' salary is \$1,440 for the regular school year—\$720 Towanda; \$720 I.S.N.U.
- (3) Burtyce J. Lincoln, Instructor in Social Science and Physical Education, B.A. Iowa State Teachers College and M.A., State University of Iowa, with teaching experience for three years in the high school at Fulton, Illinois. Miss Lincoln's salary is \$1,440 for the regular school year—\$720 Towanda; \$720 I.S.N.U.
- (4) Robert R. Rush, Instructor in Science and Physical Education and Director of Athletics, Ph.B. University of Chicago and M.A., University of Iowa, with teaching and coaching experience in high schools in Iowa, Illinois and New York, and Coe College and University of Iowa. Mr. Rush's salary is \$1,440 for the regular school year—\$720 Towanda; \$720 I.S.N.U.
- (5) Ernestine Wene, Instructor in Commerce, B.Ed., Illinois State Normal University, with teaching experience in two Illinois high schools. Miss Wene's salary is \$1,530 for the regular school year—\$1,530 I.S.N.U.

- (6) Ruby M. Hundley, Instructor and Supervising Teacher in the Seventh and Eighth Grades, A.B., Iowa State Teachers College, with teaching experience in several Iowa schools. Miss Hundley's salary is \$1,215 for the regular school year—\$630 Towanda; \$585 I.S.N.U.
- (7) Gladys E. Laubhan, Instructor and Supervising Teacher in the Fifth and Sixth Grades, B.Ed., Illinois State Normal University, with teaching experience in two Illinois schools. Mrs. Laubhan's salary is \$1,215 for the regular school year—\$630 Towanda; \$585 I.S.N.U.
- (8) Nepha Eyman McNamara, Instructor and Supervising Teacher in the First and Second Grades, B.Ed., Illinois State Normal University, with teaching experience in several Illinois schools. Mrs. McNamara's salary for the regular school year is \$1,215—\$630 Towanda; \$585 I.S.N.U.
- (9) Geneva R. Taylor, Instructor and Supervising Teacher in the Third and Fourth Grades, B.A., State Teachers College, Valley City, North Dakota, M.A. University of North Dakota, with teaching experience in elementary and secondary schools in North Dakota and Montana, and for the last several years in Illinois. Miss Taylor's salary is \$1,215 for the regular school year—\$630 Towanda; \$585 I.S.N.U.

d. Affiliated Rural Schools

The only changes among the six teachers of the affiliated rural schools were due to the request of Mr. and Mrs. Dewey Fristoe for leaves of absence to do graduate work during the present school year. The granting of these leaves of absence resulted in the following appointments with salaries paid in part by the local school district and the balance by I.S.N.U.

- (1) Frank A. Sabine, Instructor and Supervisor of Student Teaching in the Houghton School, B.Ed., Illinois State Normal University, with teaching experience in several Illinois schools. Mr. Sabine's salary for the regular school year—\$765 Houghton School Board; \$585 I.S.N.U.
- (2) Lucile Sabine, Instructor and Supervisor of Student Teaching in the Houghton School (lower grades) A.B., Teachers College, Columbia University, with teaching experience in Springfield, Illinois. Mrs. Sabine's salary for the regular school year is \$1,170 for the regular school year—\$585 Houghton School Board; \$585 I.S.N.U.

4. Changes in Faculty Assignments

- a. Due to a granting of further leave of absence to Jessie E. Rambo, Head of the Home Economics Department, Frances Conkey, Assistant Professor of Home Economics and a member of the staff, has been asked to serve as acting head of the department without alteration in salary during the absence of Miss Rambo.
- b. Inability to secure a proper person to head the Art Department following the resignation of Dr. Julius Miller resulted in asking Marion C. Allen, Assistant Professor of Art and a member of the staff, to serve as acting head for the 1937-1938 school year with an alteration in annual salary for this additional service from \$2,250 to \$2,430.
- c. Edwin G. Struck, Assistant Professor of Physical Education, has been transferred from the University High School staff to the University staff to fill an existing vacancy.

5. Improvement in Qualifications of Faculty

a. Aside from the general improvement of most of the faculty as a result of added experience in various teaching positions and through definite contributions in their fields, it is interesting to note the difference in scholastic attainment as represented by percentages on the 1933 as compared with the 1937 report to the American Association of Teachers Colleges.

	1933	1937
Doctor's degree or equivalent		
preparation	15.7%	29.2%
60 semester hours of graduate	,	,
study, excluding persons		
listed above	7.4%	9.8%
Master's degree or equivalent	·	,
preparation	53.8%	59.1%
Bachelor's degree or equivalent	,	,
preparation	18.2%	1.3%
Less than bachelor's degree	4.1%	
M.D. degree	.8%	.6%

It is interesting to note that there is just one member of the present staff who does not have a master's degree and this person reaches the age for retirement and will retire before the opening of school in September, 1938.

While the foregoing information is not of a startling nature, since the other teachers colleges, with a possible exception of one, have attained such scholastic proficiency at an earlier date, it is a worthwhile achievement in a school with a staff the size of the one at I.S.N.U. and with the distance necessary to travel for such attainment as indicated by the 1933 report. At the present time there are

eight members of the staff who expect to obtain their doctors' degrees before or during the school year 1938-1939. Many with masters' degrees are continuing graduate work.

III. OTHER EMPLOYEES

- 1. Changes in Assignment.
 - a. Following the approval of the Board for the appointment of an additional night watchman, effective from August 1, 1937, Frank Janick, serving as janitor in the Main Building, was assigned work as night watchman at the same salary of \$1,380 for twelve months, effective from September 1, 1937.
 - b. To take the place of Frank Janick, transferred from janitor service to night watchman, Roscoe Nice, laborer with the buildings and grounds department, was transferred to the position of janitor at the same salary of \$1,380, effective September 1, 1937.

2. New Appointment.

a. To take the place of Roscoe Nice, laborer with the buildings and grounds department, Carl Hauptman was appointed at a salary of \$1,380 for twelve months, effective September 1, 1937.

All of the foregoing changes in assignment and classification, together with the appointment of Mr. Hauptman, were carried out through the regular channel of reporting needs to the Department of Registration and Education and to the Civil Service Commission. All changes in assignments and appointments were duly approved by all proper authorities in Springfield before any of the above plans were carried out on September 1, 1937.

3. Janitorial Service.

a. Evidence has been lacking to indicate whether Illinois State Normal University has sufficient janitorial help, too much help, a wrong distribution of help, or an ineffective use of the help available. There has been a great deal of dissatisfaction on the part of the faculty and others concerned with the janitorial service and, while it is not believed that the difficulties represent inefficiency, it does seem advisable to have a survey made by a competent and absolutely neutral outside party in order to determine what should be done to improve this service.

It is recommended that, if the State of Illinois does not have available for the use of Illinois State Normal University any such person who can be supplied without expense, that permission be granted to find out the cost of such a survey by a competent outside party. In the in-

PROCEEDINGS

terim a faculty committee composed of one staff member from each of the buildings on the campus is undertaking to obtain and classify difficulties with our present service.

IV. THE ORGANIZATION

1. Extension work.

The demands for extension classes in various centers in the territory served by Illinois State Normal University have increased this year decidedly over even the heavy demand of a year ago. It has been impossible to meet all of these needs but the following table of information concerning centers, size of classes and names of instructors will serve to indicate the extent to which we have met at least part of the demand. It will be noted that there is a total of 664 persons registered in the 20 classes in the various centers with a total of 637 different persons registered in these courses. This number compared with 239 of a year ago indicates the increased demand and the manner in which Illinois State Normal University has been able to meet at least part of the requests from the field for professional advancement.

It should be noted that the extension courses are handled by regular staff members offering their regular type of campus courses as a part of their total teaching load.

2. Affiliated schools.

After the suspension of the affiliation for the 1936-1937 school year, the Towanda Public Schools, both elementary and high school, again have become an off-campus teaching center. This is an important affiliation, since it not only affords much

needed student teaching facilities, but offers a typical setting for prospective teachers who may begin work in small communities.

With the continuance of five affiliated rural schools providing six rooms, special work in music, art, physical education and agriculture in the Normal Public Schools, commerce in Trinity High School in Bloomington, and kindergarten and grades one through six and junior high school at the Illinois Soldiers and Sailors Children's School, the off-campus student teaching facilities care for an unusually large number of students who could not be accommodated in the regular campus facilities of the Metcalf Elementary School and the University High School. It takes a generous amount of such student teaching facilities to care for over 500 graduates each year and Illinois State Normal University is exceedingly fortunate in getting all of the off-campus facilities at a very low cost, as has been reported to the Co-ordinator in a recent report made at his request.

V. THE CURRICULUM—No report.

VI. BUILDINGS AND GROUNDS

1. Greenhouse

The much talked of and long expected greenhouse has at last been completed. This structure first entered the records of the Normal School Board as early as 1929 and has appeared at various times in the nature of appropriations, partial building, further appropriations, cancellation of grant, re-appropriation and special grant from the Governor. The building was started last January and was recently accepted by the Division of Architecture and Engineering and is now ready for occupancy. It will be used to grow plants for use of the buildings and grounds department in connection with campus beautification, the development of plants for decoratve purposes in and around the University and for scientific study in connection with the departments of agriculture and natural science.

2. Repairs

A recent visit to the campus by a special committee authorized by the Normal School Board disclosed needs for repairs of both major and minor nature. While this report in detail will be made to the Normal School Board, it is evident that the University Farm calls for the expenditure of funds for varied repairs and the re-wiring of Cook Hall (Old Castle) is becoming more imperative with each passing year.

3. New buildings.

No attempt will be made in this report to further substantiate the needs of the University for certain new buildings. The immediate and very imperative needs are for a new University Library and a Home Management House. The demand is of equal importance for the two structures, although one of them is of a minor nature as far as cost is concerned. The reasons for these needs have been made known to the Normal School Board committee on allocation of funds and to the special committee that recently visited the school in connection with needed repairs and alterations.

VII. AUXILIARY ENTERPRISES—No report.

VIII. STUDENT LIFE

1. Financial report of organizations.

The financial report properly audited, covering expenditures in all student organizations and activities for the year ending June 30, 1937, was mailed to each of the Board members a few weeks ago. It will be noted from this report that all of the organizations are in good financial condition and that there has been no accumulation of funds, thus indicating that moneys collected each year from students are used for those who provide the fund.

2. Hospitalization.

The hospitalization plan explained in detail in one of the reports of last year continues to operate successfully from both a financial standpoint and from the standpoint of caring for the physical disabilities of the students. This is a great asset to students and to their parents with the knowledge that even slight indispositions may be observed under the best of conditions and possible serious difficulties avoided.

3. Student financial aid.

The curtailment of the funds through the National Youth Administration in all of the colleges and universities in the country has been a decided handicap to institutions attempting to assist worthy students. Illinois State Normal University in common with these many other colleges and universities has found it necessary to reduce the allotments to students and to eliminate many worthy applicants from consideration they might otherwise have received. Employment through other sources has helped to a slight degree but, with this major source of financial aid reduced, it is quite remarkable that the enrollment has not been reduced decidedly over the corresponding period of last year.

IX. MISCELLANEOUS

1. The University of Illinois is conducting a graduate course known as Education E115 "Personality Adjustment" on our campus each Monday evening. There are fifty graduate students in Bloomington, Normal, and surrounding territory who are availing themselves of the opportunity of taking this course, which is being offered by Dr. Coleman R. Griffith, Professor of Education and Director of the Bureau of Institutional Research.

- 2. The November issue of the Alumni Quarterly, published by the Alumni Association through the University, has recently come from the press. Each member of the Board will receive a copy of this Quarterly which many persons insist is the equal of the best alumni publications of any colleges or universities in the country. It is hoped that Board members will find the Quarterly of interest and that these issues will enable them to keep in touch with certain activities of the University.
- 3. It is probably not out of place to mention in this report that Illinois State Normal University completed their football season without a defeat for the first time since 1907 and is in position to claim a share in the conference title, despite two scoreless ties with two of the state teachers colleges. The cross country team again won the conference championship, making six such championships in the last seven years.
- 4. The Fifth Annual Round-up of Administrators of Central Illinois was held on our campus last Saturday, December 4. The attendance was the largest of any of these administrative conferences held to date and all reports indicate a very effective program in the interest of both pre-service and inservice improvement of teacher education.

X. SUMMARY

Consideration and suitable action by the Normal School Board is requested upon the following matters presented in the foregoing part of this report.

- 1. Approval of the granting of degrees and diplomas to students who completed the requirements for graduation at the close of the summer session August 6, 1937.
- 2. Granting of leaves of absence to Janet K. Smith, Arthur H. Larsen and Clarence L. Cross, as requested.
- 3. Sanction of the appointment of the following new members of the faculty at salaries stated: Herbert R. Hiett, E. R. Johnson, Stanley S. Marzolf, William I. De Wees, L. E. Laubaugh, Burton O'Connor, W. R. Lueck, Marion Miller, Mildred Card, George C. Wright, Ruth Huggins, Burtyce Lincoln, Robert R. Rush, Ernestine Wene, Ruby Hundley, Gladys Laubhan, Nepha McNamara, Geneva Taylor, Frank Sabine, Lucile Sabine.
- 4. Sanction of the changes in assignment of Frances Conkey, Marion C. Allen, Edwin G. Struck.
- 5. Sanction of the changes in assignment of Frank Janick and Roscoe Nice.
- 6. Sanction of the employment of Carl Hauptman.
- 7. Consideration of a survey of janitorial service.

Respectfully submitted,

R. W. FAIRCHILD.

REPORT OF THE

EASTERN ILLINOIS STATE TEACHERS COLLEGE CHARLESTON

December 13, 1937

To the Chairman, Secretary, and Members of the State Normal School Board:

Ladies and Gentlemen: I have the honor of presenting the following report on the Eastern Illinois State Teachers College:

I. STUDENTS

2. Preliminary registration for the Winter Quarter, 1937-38, beginning Monday, December 6, shows 717 students, a loss of 24 from the fall quarter registration.

II. FACULTY

- 1. Leaves of absence.
 - a. Isabel McKinney, Head of the Department of English, for the Winter Quarter, 1937-38, in order to be with an invalid sister in Florida.
 - b. Clara Attebery, Instructor in Home Economics, for three weeks, Nov. 29-Dec. 17, inclusive, in order to complete the writing of a doctor's dissertation. This leave, when combined with the Thanksgiving and Christmas vacations, affords Miss Attebery a five and one-half week period for concentration in her study.
- 2. New faculty.
 - a. Wilma L. Kennedy, B.A., University of Manitoba, 1921; M.A., University of Minnesota, 1929; Ph.D., Yale Uni-

versity, expected June, 1938, as substitute Instructor in English, vice Isabel McKinney on leave, for the winter quarter 1937-38, at a salary of \$720.

b. Nancy Case Hughes (Mrs. Wayne P. Hughes), B.S., Purdue University, 1923, former instructor in Home Economics, as substitute Instructor in Home Economics vice Clara Attebery on leave, for period Nov. 29-Dec. 17, at a salary of \$125.

3. Affiliated faculty.

Mrs. Elizabeth Renshaw, teacher in the Lafferty Affiliated Rural School, after several weeks of illness, resigned on November 2, 1937, married and moved to California. Miss Elizabeth Gabel, B.Ed., Eastern Illinois State Teachers College, 1937, was secured by the Board of Directors to succeed Mrs. Renshaw.

III. OTHER EMPLOYEES

Requisition was made through official channels on October 26, 1937, for the half-time carpenter and half-time painter authorized by the Board on October 25, 1937. By letter of November 4, 1937, Henry H. Ryder of Charleston was sent to the college as half-time carpenter and Roscoe Miller of Charleston as half-time painter. On December 3, 1937, Mr. Ryder was discharged because of inability to do satisfactory carpentry, and a successor was requested, both actions through regular channels. I am not yet ready to recommend Roscoe Miller for permanent employment as half-time painter.

IV. ORGANIZATION—No report.

V. THE CURRICULUM—No report.

VI. BUILDINGS AND GROUNDS

- 1. Funds allocated by the Board at the October 25 meeting were released on November 26. Requisition has been made for competitive bids on the necessary earthfill around the Health Education Building, for which \$3,900 out of the allotted \$5,000 is set aside. The remaining \$1,100 will be used for the finished grading and landscaping.
- 2. Specifications for the equipment of the Health Education Building are now complete, and ready for competitive bidding, under the direction of the Associate Architects. The reduction of \$5,000 for the requested \$30,000 for equipping this building will leave out considerable desired equipment, since the associate architects' fee must also be included in the \$25,000 allotted.
- 3. Inability to secure sufficient skilled labor in Charleston and vicinity is advancing the date for completing the Health Education Building from mid-January to probably late March.

PROCEEDINGS

- 4. The walls of the Science Building are now well up on the second floor. Weather conditions will probably bring a cessation of work until early spring, with completion in time for use in summer school quite likely.
- 5. Attention of the Board is called to the need for allotting funds for the equipment of the Science Building, so that specifications may be drawn and bids received. Most of the science equipment is constructed for the building in which it is used, and several months are necessary for manufacture. The amount carried in all former budgets for equipping this building is \$50,000.

VII. AUXILIARY ENTERPRISES

The financial report for the fiscal year July 1, 1936-June 30, 1937, has been mailed to each member of the Board since the October meeting.

VIII. STUDENT LIFE—No report.

IX. MISCELLANEOUS

- 1. The report of Teacher Placement is offered as a supplement to this report.
- 2. The visits of the Survey Committee appointed by the Board at the October meeting indicate much needed repairs at the institutions examined. Charleston is still considerably behind in the needed repair program. Since biennial budgeting must be done in the autumn of 1938, request is made for an inspection of the buildings and grounds at Charleston, by this committee, so that an appraisal of the condition may be had by the Board.

X. SUMMARY

Action of the Board is requested on the following items:

- 1. Leave of absence for Isabel McKinney and Clara Attebery, as stated.
- 2. Employment of Wilma L. Kennedy and Nancy Case Hughes, substitute instructors, as stated.
- 3. Employment of Elizabeth Gabel in the Lafferty Rural School, as an item of record.
- 4. Discharge of Henry H. Ryder as half-time carpenter on grounds as stated.
- 5. Allotment of \$50,000 needed to equip the Science Building.
- 6. Inspection of the buildings and grounds at Charleston by the Committee appointed at the October 25, 1937, meeting.

Respectfully submitted,

ROBERT G. BUZZARD,

President
