[sheet wrapped like a burnoose. about his head]

Douglas A. Powell

for Victor, 1954-1990

sheet wrapped like a burnoose. about his head
tubes fill his mouth like opium: diversions

keep him occupied: a palestine whose defenses
are suppressed. territory lost. frail arms
impuissant: his sky is a rattling dry gourd

here is a man from a country without borders
anyone can cross over: share his bed. lazaretto
