# Artificial Intelligence is a Poor Bio Inspired Design

- Attempts to mirror God's glorious design in concept only
- Uses math in place of biology
- A poor replica in many ways

# Artificial Intelligence Coined in 1956 at Dartmouth

- Artificial Intelligence is older than most people realize
- Quickly gained popularity and captured the imagination

# Over Promising of Artificial Intelligence Capabilities

- New York Times - July 7th, 1958
  - “The Navy revealed the embryo of an electronic computer today that it expects will be able to walk, talk, see, write, reproduce itself and be conscious of its existence.”
