The author regrets, that the manuscript made an inadvertent error in the layout of composite Fig. 10 (the corners of Fig. 10B and 10C for different experimental conditions overlapped). After investigating the causes of the error and carefully checking the source data, the error noted by the interested Reader (<https://www.pubpeer.com/publications/8C7547CE40467671FA999B10747399>) was corrected. The authors express their gratitude to the Reader who discovered this error. Corrected Fig. 10 is shown below.

The authors would like to apologize for any inconvenience caused. DOI of original article: 10.1016/j.toxrep.2020.04.011
