How to Use This Catalog

This catalog serves many audiences, but it is primarily directed at students. In the first part of the catalog you will find an overview of Boise State University, along with information on admission, registration, fees, financial aid, housing, student activities, student services, and other policies and procedures.

Of course, your most important concern will be choosing an academic or technical program of study that fits your interests. Consequently, you will need to understand the requirements for the particular degree or certificate you decide to pursue. Most of this catalog is devoted to describing the various programs and courses offered at Boise State University.

Chapter 11 is your starting point for choosing an academic or technical program of study. It describes the various types of degrees and certificates offered, the general requirements for each type, and other policies and procedures that apply to all degrees. It also tells you how to read the table of requirements for your chosen program.

Chapter 12 will help you find the information you need about specific programs and course offerings. It lists every program of study offered at Boise State and describes which unit administers the program and on what page you will find its specific requirements listed. Chapter 11 also lists all course prefixes and their meanings.

Chapter 12 describes in detail all the undergraduate academic programs and course offerings, while Chapter 13 does the same for the applied technology programs. Within each chapter, programs are listed alphabetically (with cross-references as needed).

We have tried to make this catalog as easy to use as possible, but you will probably still have questions. For questions regarding your academic program, you should contact your advisor (or the Advising Center, if you have not chosen a major). For questions on other issues (for example, admission, registration, fees) contact the offices listed in the appropriate chapter.

Policy Statement Concerning Catalog Contents

The purpose of the Boise State Catalog is to provide current, articulate and accurate information about Boise State University for guidance of prospective students, for faculty and administrative officers, for students currently enrolled, and for other education or allied agencies.

Catalogs, bulletins, course and fee schedules, etc., are not to be considered as binding contracts between Boise State University and students. The university and its divisions reserve the right at any time, without advance notice, to: (a) withdraw or cancel classes, courses, and programs; (b) change fee schedules; (c) change the academic calendar; (d) change admission and registration requirements; (e) change the regulations and requirements governing instruction in, and graduation from, the university and its various divisions; and (f) change any other regulations affecting students. Changes shall go into force whenever the proper authorities so determine, and shall apply not only to prospective students but also to those who are degree-seeking at the time in the university. When economic and other conditions permit, the university tries to provide advance notice of such changes. In particular, when an instructional program is to be withdrawn, the university will make every reasonable effort to ensure that students who are within two years of completing the graduation requirements, and who are making normal progress toward the completion of those requirements, will have the opportunity to complete the program, which is to be withdrawn.

It is the policy of Boise State University to provide equal educational and employment opportunities, services, and benefits to students and employees without regard to race, color, national origin, sex, creed, age or handicap in accordance with Title VII of the Civil Rights Act of 1964, Title IX of the Educational Amendments of 1972. Sections 799A and 845 of the Public Health Act, and Sections 503 and 504 of the Rehabilitation Act of 1973, where applicable, as enforced by the U.S. Department of Health, Education, and Welfare.

NOTE: The courses contained in this catalog do not preclude or limit the university in its offerings for any semester or session nor do they restrict the university to the time block (semester) represented by the approved academic calendar.

Boise State University attempts to respond to the educational needs and wants of any and all students when expressed. Requests for courses to be offered whenever they are desired will be favorably received providing that a minimum of 12 qualified students enrolls in the class and a competent faculty member is available to teach the course.

April 16, Friday	Specialized Orientation, Advising and Registration programs begin for new students. By appointment only, contact the Orientation Office at (208) 426-1679 or http://orientation.boisestate.edu for details.
June 1, Tuesday.....	Priority deadline for international student application materials to be received for fall semester consideration.
June 28, Monday.....	BroncoWeb registration only for fall 2004 new degree-seeking students begins. Registration online by appointment only.
July 14, Wednesday.....	Last day for undergraduate, degree-seeking applicants for fall semester to have all admission materials received by the Admissions Office. Students who miss this deadline will be considered for nondegree-seeking (part-time) status only.
July 14, Wednesday.....	Last day for graduate, degree-seeking applicants for fall semester to have all admission materials received by the Graduate Admissions Office. Applications received after this date might not be processed in time to admit students to degree programs.
August 9-10, Mon-Tues.....	Orientation, Advising, and Registration Program for new, returning, and transfer students (by appointment).
August 11-12, Wed-Thurs.....	Orientation, Advising, and Registration Program for nondegree-seeking undergraduate students (by appointment).
August 16, Monday.....	Faculty orientation/meetings.
August 19, Thursday.....	Fee-payment deadline for registered students. Unpaid accounts will be assessed a \$50 penalty. Students who do not plan to attend must cancel/drop by this date.
August 20, Friday.....	Residence Halls open (Noon).
August 23, Monday.....	Classes begin. Academic advising available throughout the semester.
August 25, Wednesday.....	Last day to drop a first 4-week or first 5-week class without a "W" appearing on the transcript and to receive a refund.
August 27, Friday.....	Weekend University classes begin.
August 27, Friday.....	Last day for faculty initiated drops for nonattendance during the first week of the semester to be turned in to the Registrar's Office.
August 27, Friday.....	Last day to file application for graduation for degrees and certificates for December graduation.
August 27, Friday.....	Last day to submit "Application for Admission to Candidacy" form to the Graduate Admissions Office for graduate degrees to be awarded in December.
August 27, Friday.....	Last day to drop a first 8-week class without a "W" appearing on the transcript and to receive a refund.
August 28, Saturday.....	Instructor permission required to register or add classes.
August 31, Tuesday.....	Last day to drop a first 10-week class without a "W" appearing on the transcript and to receive a refund.
September 1, Wednesday.....	Last day to withdraw from first 4-week classes.
September 3, Friday.....	Last day to register; add classes; add directed research, or project credit; add directed research; or change from credit to audit or audit to credit. Pell Grant eligibility determined by number of credits registered on this date.
September 3, Friday.....	Last day to drop a regular session class without a "W" appearing on the transcript and to receive a refund.
September 3, Friday.....	Last day to waive student health insurance.
September 3, Friday.....	Last day to withdraw from first 5-week classes.
September 6, Monday.....	Labor Day Holiday (no classes - University offices closed).
September 13, Monday.....	Last day to submit Residency Information Form with documentation to Registrar's Office to declare Idaho residency.
September 14, Tuesday.....	Last day to withdraw from first 8-week classes.
September 17, Friday.....	First 4-week classes end.
September 20, Monday.....	Second 4-week classes begin.
September 20, Monday.....	Last day to withdraw from first 10-week classes.
September 22, Wednesday.....	Last day to drop a second 4-week class without a "W" appearing on the transcript and to receive a refund.
September 24, Friday.....	Last day to file application with department for final master's or doctoral written exam.
September 24, Friday.....	First 5-week classes end.
September 27, Monday.....	Second 5-week and second 10-week classes begin.
September 29, Wednesday.....	Last day to drop a second 5-week class without a "W" appearing on the transcript and to receive a refund.
September 29, Wednesday.....	Last day to withdraw from second 4-week classes.
October 4, Monday.....	Last day to drop classes or completely withdraw.
October 4, Monday.....	Last day to add a challenge course, internship, independent study, or readings and conference.
October 5, Tuesday.....	Last day to drop a second 10-week class without a "W" appearing on the transcript and to receive a refund.
October 8, Friday.....	Last day to withdraw from second 5-week classes.
October 11, Monday.....	Columbus Day (classes in session).
October 15, Friday.....	First 8-week and second 4-week classes end.
October 16, Saturday.....	Final day for written comprehensive exam for graduate degrees for December graduation.
October 18, Monday.....	Third 4-week and second 8-week classes begin.
October 20, Wednesday.....	Last day to drop a third 4-week class without a "W" appearing on the transcript and to receive a refund.
October 22, Friday.....	Last day for final oral dissertation, thesis, or project defense for December graduation.
October 22, Friday.....	Last day to drop a second 8-week class without a "W" appearing on the transcript and to receive a refund.
October 22, Friday.....	Last day to withdraw from second 10-week classes.
October 27, Wednesday.....	Last day to withdraw from third 4-week classes.
October 29, Friday.....	Second 5-week and first 10-week classes end.
November 1, Monday.....	Third 5-week classes begin.
November 3, Wednesday.....	Last day to drop a third 5-week class without a "W" appearing on the transcript and to receive a refund.
November 8, Monday.....	Last day to withdraw from second 8-week classes.
November 11, Thursday.....	Veterans Day (classes in session).
November 12, Friday.....	Last day to withdraw from third 5-week classes.
November 12, Friday.....	Third 4-week classes end.
November 12, Friday.....	Last day to submit final signed copies (2) of dissertation, thesis, or project to Graduate Dean's Office for December graduation.
November 15, Monday.....	Fourth 4-week classes begin.
November 17, Wednesday.....	Last day to drop a fourth 4-week class without a "W" appearing on the transcript and to receive a refund.
November 24, Wednesday.....	Last day to withdraw from fourth 4-week classes.
November 24-28, Wed-Sun.....	Thanksgiving Holiday (no classes - University offices closed November 25-28).
December 3, Friday.....	Third 5-week and second 10-week classes end.

 May 13, FridayResidence Halls close (Noon).
 May 14, SaturdayCommencement.
 May 17, TuesdayGrade reports due to Registrar's Office by Noon.

Chapter 1—An Introduction to Boise State University

Boise

Idaho's state capital and center of business, Boise is the largest metropolitan area between Portland, Oregon, and Salt Lake City, Utah. Set against a backdrop of the Rocky Mountain foothills, Boise is one of the most attractive and enjoyable cities in the nation. As a growing city of more than 186,000 people, Boise enjoys a varied economy based on high technology, agricultural products, tourism, government agencies, and manufacturing.

Known as the City of Trees, Boise is located in a land of infinite variety. To the south are rich farmlands, a rugged, high-mountain desert, North America's tallest sand dunes, and the famous Birds of Prey Natural Area. To the north, forests, whitewater rivers, and mountain lakes provide opportunities for kayaking, fishing, hunting, and hiking. For example, Bogus Basin ski resort is just 16 miles from the Boise State University campus, and world-famous Sun Valley is less than three hours away.

The Boise Greenbelt, a network of city parks and riverside paths, runs through the campus. Three city parks are within walking distance of Boise State University, and a footbridge spans the Boise River, linking the campus to Julia Davis Park, where the Boise Art Museum, Idaho State Historical Museum, and Zoo Boise are located. An array of outdoor activities—fishing, hiking, skiing, river rafting, golf, tennis, and camping—are available only a short distance from campus.

The city and campus offer many cultural opportunities, such as the Boise Philharmonic, American Festival Ballet, Boise Civic Opera, Idaho Shakespeare Festival, Gene Harris Jazz Festival, and a variety of other theatrical and musical productions. Touring artists frequently perform in the Morrison Center and The Pavilion, both on the Boise State University campus. In addition, a variety of national sporting events are held at The Pavilion.

The University's Mission

Boise State University exists to educate people. Our goal is to foster an intellectual atmosphere that produces educated, literate people—people knowledgeable of public affairs, committed to life-long learning, and capable of creative problem solving. As a student at Boise State University, you have an opportunity to receive an education that will prepare you not only for employment and career advancement, but also for participation in society as an active, informed citizen.

Since its inception, the university has responded to the wide-ranging academic needs of the community, serving Boise and the surrounding area with undergraduate and graduate programs, research, and public service. An urban university, Boise State University reflects the character and spirit of Boise—Idaho's center of business and government. In fact, to ensure that Boise State University's mission takes its cue from the university's urban setting, the Idaho State Board of Education has mandated that we place primary emphasis on education in the following areas:

- business and economics
- engineering
- social sciences
- public affairs
- performing arts
- teacher preparation

At the same time, the university places continuing emphasis on the health professions and the physical and biological sciences and education, while maintaining basic strengths in the sciences and liberal arts.

As shown in Table 1.1., Boise State University is organized into eight colleges.

The colleges that make up Boise State University offer the opportunity to pursue your education in over 180 major fields of interest. Within these major fields of interest, the university awards a wide variety of degrees and certificates. (See Chapter 12 for a complete list of degrees, majors, minors, certificates, and transfer programs offered at Boise State University.)

Table 1.1 — Organization of Boise State University

College	Departments
College of Arts and Sciences	Art; Biology; Chemistry; English; Geosciences; Mathematics; Modern Languages and Literatures; Music; Philosophy; Physics; Theatre Arts
College of Business and Economics	Accountancy; Economics; Management; Marketing and Finance; Networking, Operations, and Information Systems
College of Education	Counselor Education; Bilingual Education; Curriculum, Instruction, and Foundational Studies; Early Childhood Studies; Educational Technology; Kinesiology; Literacy; Special Education
College of Engineering	Civil Engineering; Computer Science; Construction Management; Electrical and Computer Engineering; Instructional and Performance Technology; Materials Science and Engineering; Mechanical Engineering
College of Health Sciences	Health Studies; Nursing; Radiologic Science; Respiratory Care
College of Social Sciences and Public Affairs	Anthropology; Communication; Criminal Justice Administration; History; Military Science; Political Science; Psychology; Public Policy and Administration; Social Work; Sociology
Larry G. Selland College of Applied Technology	Business and Management Technology; Construction and Transportation Technology; Culinary Arts, Horticulture, and Health and Human Services; Information Technology; Manufacturing and Engineering Technology; Workforce Training; Learning Center for Adult Basic Education
Graduate College	Coordinates the graduate programs of the respective colleges and departments

The University's History

In 1932, the Episcopal Church founded Boise Junior College, the first post-secondary school in Idaho's capital. When the Episcopal Church discontinued its sponsorship in 1934, Boise Junior College became a nonprofit, private corporation, sponsored by the Boise Chamber of Commerce and by the community. In 1939, the State Legislature created a junior-college taxing district to fund the college through local property taxes. By the end of the 1930s, Boise Junior College boasted an enrollment of 600 students. Originally located at St. Margaret's Hall, near the present site of St. Luke's Regional Medical Center, the school was moved in 1940 to its present location alongside the Boise River. In 1965, Boise Junior College became a 4-year institution and was renamed Boise College. In 1969, the school was brought into the state system of higher education as Boise State College and was designated Boise State University in 1974. In 1971, the Graduate College was established.

During its 67-year history, Boise State University has operated under the leadership of six presidents:

- Bishop Middleton Barnwell (1932-34)
- Eugene B. Chaffee (1934-67)
- John B. Barnes (1967-77)
- John H. Keiser (1978-1991)
- Charles P. Ruch (1993-2003)
- Robert W. Kustra (2003-present)

Accreditation

The university is a fully accredited member of the Northwest Commission on Colleges and Universities and holds permanent membership on the College Entrance Examination Board and in the College Scholarship Service Assembly.

Chapter 1 — An Introduction to Boise State University

Many of Boise State University's academic programs have special accreditation or endorsement from one or more of the following organizations:

- Accreditation Board for Engineering and Technology
- The Association to Advance Collegiate Schools of Business (AACSB) — International
- American Bar Association
- American Chemical Society
- American Council for Construction Education
- American Culinary Federation Accrediting Commission
- American Dental Association Commission on Dental Accreditation
- American Health Information Management Association
- Commission on Accreditation of Allied Health Education Programs
- Committee on Accreditation Respiratory Care
- Council on Social Work Education
- Idaho State Board of Nursing
- International Association of Counseling Services
- Joint Review Committee on Education in Radiologic Technology
- National Association of Schools of Music
- National Association of Schools of Public Affairs and Administration
- National Association of Schools of Theatre
- National Association of State Directors of Teacher Education and Certification
- National Automotive Technicians Education Foundation
- National Council for Accreditation of Teacher Education
- National Council in Economic Education
- National Environmental Health Science and Protection Accreditation Council
- National League for Nursing

Students and Faculty

Each semester, Boise State University enrolls more than 17,500 students in its academic and applied technology programs. Students come to Boise State University from every county in Idaho, from nearly every state in the nation, and from numerous foreign countries. The university's urban setting both attracts and complements this diverse student body, which includes many nontraditional students as well as traditional students enrolling directly from high school.

Because Boise is the commercial, financial, health care, and governmental center of Idaho, as a Boise State University student you can reach beyond the classroom for experiences unavailable elsewhere in the state. For instance, you can enhance classroom learning and gain valuable work experience by serving as an intern with the State Legislature, government agencies, or private business and industry. In addition, you can attend a wide variety of civic, cultural, and social events hosted by Boise State University.

You will find that the university attracts faculty who are dedicated to excellence in teaching, creative in generating new knowledge, and generous in using their expertise to solve society's problems. Moreover, the faculty at Boise State University recognize that high-quality teaching is their primary goal, giving you the opportunity to work with some of the West's most respected scientists, artists, researchers, and educators.

In addition to helping students learn, Boise State University faculty assist business, industry, educational institutions, government agencies, and professional groups with educational programs and research-and-development efforts. The university also assists organizations in upgrading the knowledge and skills of employees.

A Tour of the Campus

Boise State University's 113-acre main campus is bordered to the north by the Boise River, to the south by University Drive, to the east by Broadway Avenue, and to the west by Ann Morrison Park. Step across the footbridge spanning the Boise River, and you are in the open green space of Julia Davis Park, home to the Idaho Historical Museum, the Boise Art Museum, and Zoo Boise. Just a few

minutes' walk from campus is downtown Boise, where you will find inviting shops, fine restaurants, and vibrant nightlife.

On campus, the **Administration Building** contains the offices of several student services, including enrollment services, financial aid, student housing, and the registrar. The **Counseling and Testing Center** is located in the **Education Building**, while the **Student Health Center** and the **Boise State University Career Center** are located across University Drive from the main campus.

The **Business Building** features computer labs and three electronic classrooms furnished with the latest in teleconferencing equipment. In addition, three **Engineering and Technology Buildings** contain modern classrooms and laboratories—many equipped with computers—for use in engineering, construction management, and other technical programs. Both the **Education Building** and the **Liberal Arts Building** offer comfortable, well-equipped classrooms and computer labs, as do the **Math/Geosciences Building** and the **Public Affairs/Art West Building**. In addition, a new **Multi-Purpose Classroom Facility** opened the 1997-1998 year with state-of-the-art classroom and computer laboratory facilities.

Other notable features of the campus include the **Albertsons Library** as well as the **Centennial Amphitheatre**—an outdoor venue for lectures, concerts, and plays. The **Morrison Center for the Performing Arts**—houses the music department, the theatre arts department, a 2,000-seat performance hall, a 200-seat recital hall, and a 200-seat theater. The **Student Recreation Center**—houses informal recreation, intramural sports, outdoor programs, fitness opportunities, a wellness center, as well as athletic training facilities.

In the **Simplot/Micron Building**, Boise State University through Academic Technologies is pioneering the use of technology to improve the effectiveness of instruction and to provide learning opportunities at remote locations. For instance, a satellite earth station and an inter-campus microwave system enable students scattered throughout the state to participate in classes conducted on campus.

Boise State University students also enjoy a contemporary **Student Union**, which provides facilities for social, recreational, and cultural activities. In addition to a quick-copy center, and three dining areas, the Student Union contains a game room, several lounges, the Boise State University Bookstore, and the Bronco Shop. While at the Student Union, you can stop by the Information Desk to pick up tickets for campus programs and community events, or visit the offices of more than 140 recognized student organizations.

The **Pavilion** is Idaho's largest multi-purpose arena. When not filled with fans of Bronco basketball, gymnastics, or volleyball, the Pavilion is the site of concerts, professional sporting events, and family entertainment. Nearby is **Bronco Stadium**, with a seating capacity of 30,000.

The Albertsons Library

The Albertsons Library and its collections support the curricular and research efforts of the university. The Library's holdings exceed 2 million items, including:

- 518,000 monograph volumes
- 82,700 bound periodicals
- 5,707 current periodicals, newspapers, and other serials
- 102,600 maps
- 96,500 U. S. government publications
- 1,457,000 microform pieces

<http://library.boisestate.edu> is the URL for the Albertsons Library website through which the user can gain access to the online catalog and a host of other resources, including full text articles from 8,700 journals.

You may use the Library's computerized catalog to quickly identify material that the Library owns. The catalog is accessible from any computer connected to the world wide web. In addition to the public use computers in the Library there are 70 data outlets for lap top computers equipped with network interface cards as well as provisions for lap tops equipped with wireless networking cards.

The **Curriculum Resource Center** houses print and nonprint materials for elementary and secondary education, a collection of juvenile and young-adult books, a circulating collection of music CD's, and nonprint materials for college-level instruction. The Library's **Government Documents** collection

is a depository for selected United States publications. Canadian documents to support the Canadian Studies program and Idaho State documents are included in the general collection. The Library's **Map Collection** provides detailed coverage of Idaho as well as maps that cover a wide array of subjects.

The **Reference Area** is the information hub of the Library where staff are available to provide assistance and guidance in using Library Resources. These resources include an extensive collection of periodical indexes in print and electronic formats, handbooks, encyclopedias, dictionaries, and other types of reference materials. The reference area also provides basic and advanced bibliographic search materials and instruction in their use.

The print periodical and newspaper collections are augmented by web delivered electronic periodical indexes and databases that provide access to full-text periodicals.

The **Special Collections Area** contains manuscript collections, rare books, and the university archives. In addition to housing the papers of Senator Len B. Jordan, Senator Frank Church, and Interior Secretary/Governor Cecil Andrus, this area also maintains the Cecil D. Andrus and Frank Church Rooms. The **Warren McCain Reading Room**, located on the second floor, contains a growing collection of books and materials about the literature, anthropology, and history of the American West.

Computer Resources

The university provides student access to a variety of computer resources. There are many computer labs to support classroom assignments and discipline specific needs. All Boise State University offices and computer labs are connected to the campus fiber-optic network. This allows access to the campus network or the Internet. Wireless access to the internet is also available. See www.boisestate.edu/oitlabs for more information.

Boise State University provides e-mail accounts for all students. Students who want access to e-mail and the Internet from home will need to purchase access through an Internet service provider (ISP).

As a student at Boise State University, you will have the opportunity to learn to use computers in ways appropriate to your discipline. For more information about the computer skills required in your discipline, please consult your academic advisor.

Athletics

The purpose of the intercollegiate athletic program at Boise State University is twofold. First, to provide opportunities for a meaningful athletic experience for as many students as possible. Second, to develop and maintain a competitive Division I athletic program that competes on a regional and national basis and strives for excellence in both men's and women's athletics within the boundaries of integrity and honesty.

The athletic program is an integral part of the university and its total educational purpose. The objectives of the athletic program are in harmony with the mission and role of the university.

The university adheres to the principles of fair play and amateur athletic competition as defined by the NCAA. The university is concerned with the welfare of the student-athlete and strives to ensure that every student-athlete has the opportunity to succeed academically and obtain a degree.

The university competes as a member of the Western Athletic Conference (WAC) in football, women's volleyball, men's and women's basketball, men's and women's track and field and cross country, women's soccer, men's and women's golf, and men's and women's tennis. The university competes in the PAC-10 in wrestling, the Western Gymnastics Conference in women's gymnastics, and in the Rocky Mountain Intercollegiate Ski Association in women's alpine skiing. Students that wish to participate in intercollegiate athletics should contact the head coach of the sport for which they wish to participate. A listing of head coaches is provided by calling the Athletic Department at 208 426-1288, or on the web at www.broncosports.com.

Student ticket policies to athletic events are listed in the *Boise State University Student Handbook*.

The *Equity in Athletics Disclosure Report* for Boise State University is available at the Athletic Department, the reserve book room in the library, and the Associated Students of Boise State University Office in the Student Union Building. The report provides participation rates, financial support, and other information on men's and women's intercollegiate athletic programs.

Campus Recreation

Operating under the Division of Student Affairs, The REC has definitely proven to be an exceptional addition to the Boise State campus. This 86,000 sq. ft., state-of-the-art fitness and recreation facility provides university students, faculty, staff, and alumni with a modern and convenient way to participate in physical activity. Whether you want personalized training, competitive sports, club activities, group exercise, or outdoor recreation, you'll find a huge variety of opportunities to climb, dunk, splash, spin, and spike life's stresses away.

Informal recreation opportunities include cardio equipment, running track, 3-court gymnasium, 4 racquetball courts, pool, strength training equipment and free weights.

The Fitness Program offers group exercise classes, aquatics, personal training, fitness assessments, workshops and monthly incentives to challenge your skills.

Club and Intramural Sports include basketball, badminton, flag football, softball, soccer, volleyball, lacrosse, ice hockey and tennis.

The Outdoor Program offers rock-climbing, outdoor education, four-season equipment rental, trip planning assistance, adventure outings, and an outdoor reference library.

Other services and amenities at The REC include Kid Fit (babysitting), sauna, massage, equipment checkout and nutritional counseling.

Remember... activity is good for the mind, body, and soul. For more information, come visit the facility, call 208 426.5641, or click www.boisestate.edu/recreation.

Colleges

The university is organized into eight colleges: The College of Arts and Sciences, the College of Business and Economics, the College of Education, the College of Engineering, the College of Health Science, the College of Social Sciences and Public Affairs, the Larry G. Selland College of Applied Technology, and the Graduate College.

College of Arts and Sciences

Dean: Phillip M. Eastman, Ph.D.

Telephone 208 426-1414

Fax 208 426-3006

Associate Dean: Martin Schimpf, Ph.D.

Telephone 208 426-1414

Philosophy

As the university's largest and most comprehensive academic unit, the College of Arts and Sciences enjoys a broad mission in teaching, research and creative activity, and service. In teaching, the College of Arts and Sciences offers a core curriculum that prepares undergraduate students by developing their communication, numerical, and analytical skills; enhancing their creative abilities; fostering in them a greater awareness of human values and needs; and encouraging in them a lifelong appreciation of learning for its own sake.

Additionally, the College offers strong undergraduate and graduate programs for students of the arts, humanities, and sciences, and a full array of elective and service courses for students majoring in other subjects.

In research, the College generates and disseminates knowledge through basic and applied research, scholarship, and creative activity, thereby enhancing the scientific, technological, humanistic, and cultural environment of the state, the region, and the larger society.

In service, the College meets the educational, economic, and cultural needs of the state through research, publications, workshops, and a rich diversity of cultural and entertainment events.

Objectives

The College of Arts and Sciences has the following objectives:

1. To offer programs of study leading to baccalaureate degrees in the following fields:

- **Arts** (art, graphic design, illustration, music, and theatre arts)
 - **Humanities** (art history, English, French, German, Spanish, and philosophy)
 - **Sciences** (biology, chemistry, earth science, environmental studies, geology, geophysics, mathematics, and physics)
 - **Interdisciplinary Studies**
2. To offer programs of study leading to the master's degree in the following fields:
 - art (master of arts)
 - biology (master of arts or master of science)
 - creative writing (master of fine arts)
 - earth science (master of science)
 - mathematics education (master of science)
 - English (master of arts)
 - geology (master of science)
 - geophysics (master of science)
 - interdisciplinary studies (master of arts and master of science)
 - music education, pedagogy, performance, (master of music)
 - raptor biology (master of science)
 - technical communication (master of arts)
 - visual arts (master of fine arts)
 3. To offer a program of study leading to a Doctor of Philosophy degree in Geophysics.
For more information, see the *Boise State Graduate Catalog*.
 4. To offer undergraduate programs of study leading to minors in art, biology, chemistry, English, environmental studies, French, German, Japanese, mathematics, music, philosophy, physics, Spanish, and theatre arts.
 5. To offer undergraduate preparation in pre-architecture and pre-forestry and pre-wildlife management.
 6. To offer elective and service courses for students majoring in other colleges or schools.

Activities

Departments within the College of Arts and Sciences sponsor a variety of activities that complement and enhance the traditional curriculum. For instance, the English Department is the home of several publishing ventures, including *cold-drill* (Boise State University's national award-winning student literary magazine), *Ahsahta Press* (poetry by western poets and others), the Western Writers Series (booklets about the lives and works of Western authors), *Poetry in Public Places* (posters distributed throughout the Northwest), and the *Idaho Review* (a national literary journal published by the M.F.A. in Creative Writing Program and featuring the work of the best writers in this country).

The biology department is affiliated with the World Center for Birds of Prey, a research and breeding center for raptors, located near Boise. In addition, the biology department is the home of the Raptor Research Center.

The geosciences department is affiliated with Center for Geophysical Investigation of the Shallow Subsurface (CGISS), a research center focused on investigating engineering applications and environmental problems in the shallow subsurface of the earth. The geosciences are also affiliated with the Permian Research Institute (PRI), and the Geospatial Research Facility (GRF). Both of these research units are designed for students to learn geology and geographical information systems.

The theatre arts department produces a season of plays and dance concerts and is affiliated with Idaho Shakespeare Festival, Idaho Dance Theatre, and Idaho Theatre for Youth. The Hemingway Western Studies Center works with various university departments and organizations to co-sponsor exhibitions, symposia, performances, plays, and films. The Hemingway Western Studies Center also sponsors an annual national book competition and has been designated by the Library of Congress as the Idaho Center for the Book, responsible for initiating and coordinating statewide exhibitions and events related to books and publishing.

Students can participate in many activities sponsored by the departments in the College, including art exhibits, productions of plays during the academic year and in the summer, student recitals and ensemble concerts, and a variety of scientific field trips.

College of Business and Economics

Dean: William Lathen, Ph.D.

Telephone 208 426-1125

Fax 208 426-1135

<http://cobe.boisestate.edu>

e-mail: cobe-info@boisestate.edu

Associate Dean: Diane Schooley-Pettis, Ph.D.

Telephone 208 426-3110

Fax 208 426-3637

Director of College of Business and Economics Student Services Center: Janet M. Centanni, M.Ed.

The College of Business and Economics at Boise State University is composed of five academic departments, the Global Business Consortium and International Business Program, and four centers:

- Department of Accountancy
- Department of Economics
- Department of Management
- Department of Marketing and Finance
- Department of Networking, Operations, and Information Systems
- Global Business Consortium and International Business Program (Nancy Napier, Director)
- Idaho Small Business Development Center (Jim Hogge, Director)
- Idaho Council on Economic Education (Jody Hoff, Acting Director)
- Center for Management Development (Ron Melchiorre, Director)
- TechHelp Center (Gary Thompson, Director)

Mission

The mission of the College of Business and Economics is to advance the success of individuals and organizations primarily in Idaho, by providing responsive, accessible, and high-quality educational services in business and economics.

Accreditation

Undergraduate and graduate programs in the College of Business and Economics are accredited by the AACSB International – The Association to Advance Collegiate Schools of Business. This is a distinction held by approximately 35% of the 1,200 institutions in the U. S. that grant business degrees.

The College's accountancy programs are also accredited by AACSB International – The Association to Advance Collegiate Schools of Business. Only about 20% of accounting programs have attained this recognition.

Student Advising

Students are assisted in selecting appropriate courses and a business major through the joint efforts of faculty advisors and the College's Student Services Center. Freshmen, sophomores, and new transfer students should contact the College of Business and Economics Student Services Center, in the Business Building, Room 117, 208 426-3859, or e-mail the Center at: stuserv@boisestate.edu.

Student Scholarships

Scholarships are available to students demonstrating potential for excellence in business studies. Over \$250,000 is distributed each year among College of Business and Economics majors. Students must submit the appropriate applications by February 1. Interested students should contact Student Financial Aid, Administration Building, Room 117, 208 426-1664.

Student Organizations

The way to get the best experience is to participate in one of the excellent college student organizations. Among the many student organizations of interest to business majors are the following:

- Ad Club (marketing)
- Alpha Kappa Psi (national business fraternity)

- American Production and Inventory Control Society (operations management)
- Association of Information Technology Professionals (networking and telecommunications)
- Beta Alpha Psi (national accounting)
- Economics Club (economics)
- Financial Management Association (finance)
- Human Resource Association (management)
- International Business Organization
- Pi Sigma Epsilon (national marketing fraternity)
- Student Consulting Group (management)

In addition, the College of Business and Economics has a chapter of Beta Gamma Sigma, the national scholastic honor society for business students in AACSB accredited schools.

Special Requirements and Options

Students may obtain a bachelor of business administration (B.B.A.) degree by completing all requirements for that degree. Additionally, students may qualify for the B.A. or B.S. degree by completing the additional liberal arts or science course requirements for those degrees. Students should consult with faculty advisors about these additional requirements.

Internships Boise-area companies and governmental institutions provide exceptional opportunities for students to develop business skills in a “professional” environment. In addition, students may do internships overseas or spend a semester or year abroad. Students’ internship assignments are jointly supervised by company management and Boise State College of Business and Economics faculty members. Academic credit is awarded for internships and financial compensation is usually available. Over 50% of graduating seniors have had relevant professional internships and half of these students accept full-time career offers from the internship employer. More information is available from the department offering your major.

College of Education

Dean: TBD
Telephone 208 426-1134
Fax 208 426-4365
e-mail:
<http://education.boisestate.edu>

Interim Associate Dean: Ross E. Vaughn, Ph.D.
Telephone 208 426-1134
e-mail: rvaughn@boisestate.edu

The College of Education at Boise State University is comprised of eight academic departments and five centers. They are the:

- Department of Bilingual Education
- Department of Counselor Education
- Department of Curriculum, Instruction, and Foundational Studies
- Department of Early Childhood Studies
- Department of Educational Technology
- Department of Kinesiology
- Department of Literacy
- Department of Special Education
- Center for Economic Education (William Parrett, Director)
- Center for School Improvement and Policy Studies (William Parrett, Director)
- Center for Multicultural Educational Opportunities (Scott Willison, Director)
- Center for Orthopaedic and Biomechanics Research (Ron Pfeiffer, Co-director)
- Center for Physical Activity and Sport (TBD, Director)

The College of Education offers degrees at the bachelors, masters, and doctoral levels. Bachelor degree in Curriculum, Instruction and Foundational Studies in Elementary and Secondary Education are described under the

Department of Curriculum, Instruction, and Foundational Studies and the departments that house the area of content study. Graduate program descriptions are available both in the graduate catalog and at www.boisestate.edu.

Mission

The mission of the College of Education is to prepare professionals who integrate teaching and learning practices to enhance knowledge and skills; physical, psychological, and social well being; and respect for diversity, collegiality, and democratic principles. As part of Idaho’s metropolitan university, serving both urban and rural populations, the College accomplishes its mission through teaching, service, research, and other scholarly activities that advance and translate knowledge into improved practice at the local, regional, national, and international levels.

The College of Education offers students a blend of well designed campus-based course work and field experiences that are housed in eight departments and five centers. The College offers seven degree programs and works collaboratively with the Colleges of Arts and Sciences and Social Sciences and Public Affairs to prepare teachers in 16 additional undergraduate degree programs.

Accreditation

The National Council for the Accreditation of Teacher Education (NCATE) accredits all undergraduate and graduate teacher education programs and the Professional Standards Commission of the Idaho State Board of Education approves all teacher education programs. The Council for Accreditation of Counselor Education and Related Programs (CACREP) accredits the School Counseling Program. The Athletic Training Program is fully accredited by the commission on accreditation of Applied Health Education Programs (CAAHEP). Other programs in the Education Unit that prepare school personnel are accredited by the Association of Social Work Education, the Association to Advance Collegiate Schools of Business, the National Association of Schools of Music and the National Association of Schools of Theater.

Teacher Certification

The College of Education is responsible for ensuring that teacher education candidates who wish to become certified teachers in the state of Idaho meet all requirements outlined in the Idaho Education Laws and Rules. Candidates must:

- be duly admitted to an approved teacher education program
- complete all course work requirements in an approved program of study
- complete student teaching
- maintain a minimum grade point average overall, in general education courses, and in education courses
- be of good moral character
- have no criminal conviction that would be grounds for revocation of a teaching certificate (section 33-1208 of the Idaho Education Laws and Rules)
- be approved for recommendation by the dean of the College

Academic Advising

The College of Education offers advising to students through several different avenues. In teacher education, Program Coordinators are responsible for advising. In large programs, such as elementary education, students may be assigned a specific faculty advisor to assist them. Secondary teacher education students are advised by the faculty of the department in which the program major is housed, with assistance from the faculty in Curriculum, Instruction, and Foundational Studies. The Office of College School Partnerships and Field Experiences assists students with questions related to field placements and certification requirements, including scheduling required tests, filing application for admission to the teacher education program, and completing the application process for licensure.

Office of College School Partnerships and Field Experiences

Director: Wenden W. Waite, Ph.D.
Telephone: 208 426-1991
Fax: 208 426-4403
Email: wwaite@boisestate.edu

The Director of the Office of College School Partnerships and Field Experiences is responsible for overseeing the development of cooperative and collaborative arrangements with our public and private school partners, including professional development schools. In addition, this office coordinates all field experiences and applications for certification.

Student Organizations

- Bilingual Education Student Organization
- Council for Exceptional Children Student Organization
- Physical Education Majors Club
- Student Athletic Trainers Association
- Teacher Education Association
- Over 10 Specialty Area Clubs/Organizations

College of Engineering

Dean: Cheryl B. Schrader, Ph.D.
Telephone 208 426-1153
Fax 208 426-4466
<http://coen.boisestate.edu/>
e-mail: nroutree@boisestate.edu

The College of Engineering at Boise State University is made up of seven departments: Civil Engineering, Computer Science, Electrical and Computer Engineering, Mechanical Engineering, Construction Management, Materials Science and Engineering, and Instructional & Performance Technology. The program in construction management offers the bachelor of science degree, while the program in instructional & performance technology offers a master of science degree. The engineering and computer science programs offer both bachelor's and master's degrees.

Accreditation

The undergraduate programs in civil, electrical, and mechanical engineering are accredited by the Engineering Accreditation Commission of the Accreditation Board for Engineering and Technology (ABET), 111 Market Place, Suite 1050, Baltimore, MD 21202-4012, telephone 410 323-7700.

The undergraduate program in computer science is accredited by the Computing Accreditation Commission of the Accreditation Board for Engineering and Technology (ABET), 111 Market Place, Suite 1050, Baltimore, MD 21202-4012, telephone 410 323-7700.

The program in construction management is accredited by the American Council for Construction Education, 1300 Hudson Lane, Suite 3, Monroe, LA 71201-6054; telephone 318 323-2816.

Mission Statement

To provide accessible, high-quality, nationally recognized programs of instruction, research, and service that prepare students for engineering and other high technology careers and for life-long learning, and that support individuals and organizations in Idaho, the Northwest region, and the nation.

Approach to Learning and Instruction

Students are our top priority, and our faculty are the most important contributors to their success in their educational programs at Boise State. We value experimentation and change in the learning process, and believe that continued and intensive intellectual interactions between faculty and students are essential to the students' success. We encourage all students to develop and maintain a life-long enthusiasm for learning, and to recognize that such life-long learning is vital to their career success.

Faculty members are dedicated to providing the best education possible. Faculty members are active in professional societies and serve in leadership roles in those societies. Professional registration of engineering faculty who teach upper-division engineering design subjects is a legal requirement in the State of Idaho, and almost all engineering faculty members are registered professional engineers. Most courses are presented by the faculty in conventional lecture or laboratory fashion, but some faculty members are utilizing new delivery systems including the offering of some courses, specifically selected for distance delivery, over a compressed-video network. Instructional & Performance Technology courses are delivered not only in the traditional manner but all over the world from Boise State University by distance techniques which utilize the Internet. Laboratories are equipped with excellent quality, state-of-the-art equipment. Networked computer lab facilities include both PC and UNIX environments with the latest versions of software. Classrooms are designed to encourage both individual and teamwork efforts. Faculty members have been instrumental in obtaining substantial gifts and grants from industry and college partners for equipment to support both introductory and advanced studies in microelectronics, integrated design, device mechanics, robotics, fluid mechanics, and soil mechanics.

Student Organizations

Professionalism among the students is encouraged, and student chapters of professional societies are organized and active. The following student organizations are of interest to many of the students in the College:

- American Society of Civil Engineering (ASCE) Student Chapter
- American Society of Heating, Refrigeration and Air-Conditioning Engineers (ASHRAE) Student Chapter
- American Society of Mechanical Engineers (ASME) Student Chapter
- Institute of Electrical and Electronics Engineers (IEEE) Student Chapter
- Associated General Contractors (AGC) Student Chapter
- Society of Automotive Engineers (SAE) Student Chapter
- Society of Hispanic Professional Engineers (SHPE) Student Chapter
- Society of Women Engineers (SWE) Student Chapter
- Eta Kappa Nu (National Honorary Electrical Engineering Society)
- Sigma Lambda Chi (International Construction Honor Society)

Scholarships/Internships

Students are encouraged to apply for scholarships. About \$100,000 is awarded each year to students in the College who demonstrate high scholastic achievement. Applications for scholarships are available from the Financial Aid Office, Administration Building, Room 117, 208 426-1664. Students are also strongly encouraged to participate in internship experiences during their college career. These internships, which provide university credit, can be in the form of part time employment during the school year or full- or part-time employment during the summer. Information on the requirements that must be met in fulfilling internships is available from the departments within the College of Engineering.

Cooperative/International Agreements

The College of Engineering has cooperative agreements with Albertson College of Idaho (ACI), Fort Lewis State College (FLSC), Lewis-Clark State College (LCSC), and Northwest Nazarene University (NNU) for dual degree programs in engineering. In these agreements students may attend either ACI, FLSC, LCSC, or NNU for three years and then Boise State for two years. Upon completion of the academic requirements from the cooperating institutions, the student will be concurrently awarded a bachelor's degree from the first institution (ACI, FLSC, LCSC, or NNU) and a bachelor's degree in engineering from Boise State. Additional articulation agreements have been established with Blue Mountain Community College (BMCC), and BYU of Idaho (BYUI), in which students may attend BMCC or BYUI for two years, completing an associates degree, and transferring to Boise State to earn a bachelor's degree in engineering or construction management. Students interested in these programs should contact admissions officers at ACI, FLSC, LCSC, NNU, BMCC, BYUI, or Boise State.

The College of Engineering participates in several exchange programs which allow an undergraduate engineering student to attend a university in another country for a semester and apply credits from that institution toward their Boise State degree. A sample cooperating institution is The Instituto Tecnológico y de Estudios Superiores de Monterrey, Guadalajara, Mexico. The College of Engineering is also a member of the Global Engineering Education Exchange

(Global E³), an international program designed specifically for engineering students. Participating universities can be found at www.iiie.org/pgms/global-e3. Students interested in participating in such an exchange program should contact their advisor at Boise State.

College of Health Sciences

Dean: James Girvan, Ph.D.
Health Sciences Riverside Building, Room 207
Telephone 208 426-4116
Fax 208 426-3469
<http://hs.boisestate.edu>
e-mail: jgirvan@boisestate.edu

The College of Health Sciences dedicates itself to providing quality educational programs for students wishing to enter health professions. Integrated into the students' program are opportunities for multicultural, multiethnic experiences. The college is also dedicated to providing the general student body and Boise State University service area with educational programs that increase awareness of healthy lifestyles. Program goals are achieved through collaboration with area health partners: including medical centers, public health agencies, and health care professionals. Innovative program curricula, excellence in teaching, and faculty scholarly activities are also essential for achieving these goals.

The College of Health Sciences takes great pride in its programs:

- environmental health (baccalaureate degree)
- health information technology (2-year associate degree)
- health information management (baccalaureate degree)
- health science studies (baccalaureate degree)
- nursing (practical nursing certificate, associate degree and baccalaureate degree registered nurse)
- radiologic sciences (3-year associate and baccalaureate degree)
- respiratory care (3-year associate and baccalaureate degree)
- health science (master's degree)

The College of Health Sciences also assists students who want to pursue health-professional degrees at other institutions. Graduate study is available through a master's of health science with emphasis on health policy, environmental health, health promotion, health services leadership, and general health research. In addition, the college has graduate certificates programs in addictions studies and health services leadership.

Cooperating Agencies

Boise State University offers students a unique opportunity to learn a health profession in a state-of-the-art regional medical center. As a foundation, this learning environment has a supportive relationship among public, private, and nonprofit health agencies, thereby providing students dynamic education, research, and community-service opportunities. Through these cooperative relationships, students can interact with professionals and the public to address a host of personal and environmental health care issues.

Examples of these community partners in health professional and community education include:

Boise Samaritan Village, Boise, Idaho
Booth Memorial Home (Salvation Army), Boise, Idaho
Central District Health Department, Boise, Idaho
Community Home Health, Boise, Idaho
El Ada Head Start, Boise, Idaho
Grand Oakes Health Care, Boise, Idaho
Hillcrest Care Center, Boise, Idaho
Idaho Department of Health and Welfare, Boise, Idaho
Idaho Elks Rehabilitation Hospital, Boise, Idaho
Idaho Veterans Nursing Home, Boise, Idaho
Independent School District of Boise City, Boise, Idaho
Intermountain Hospital, Boise, Idaho
Magic Valley Regional Medical Center, Twin Falls, Idaho
Mercy Medical Center, Nampa, Idaho
Mountain States Tumor Institute, Boise, Idaho

Nelson Institute, Boise, Idaho
Patient and Family Support Institute, Inc., Boise, Idaho
Saint Alphonsus Regional Medical Center, Boise, Idaho
St. Luke's Regional Medical Center, Boise, Idaho
St. Mary's School, Boise, Idaho
Treasure Valley Manor, Boise, Idaho
Veterans Administration Medical Center, Boise, Idaho
Walter Knox Memorial Hospital, Emmett, Idaho
West Valley Medical Center, Caldwell, Idaho
YWCA (Battered Women's Unit), Boise, Idaho

Accreditation

The college's degree programs in nursing, respiratory therapy, radiologic sciences, health information technology, and environmental health have all received accreditation from their national professional accrediting agencies. This recognition assures students that the program meets or exceeds the technical competencies required by the specific accreditation agency.

Student Advising and Program Admission

Each department provides specialized advising for students and is the initial contact point for determining classes and program admission criteria. Four programs—health information technology, nursing, respiratory therapy, and radiologic sciences—have limitations on the numbers of new students they take into their programs each year. Admission criteria for these programs may be obtained from the departments. Given the competition for these programs, students need to perform well in courses required for admission into individual programs.

Center for Health Policy

The College of Health Sciences hosts a Center for Health Policy that collaborates with a variety of agencies in providing independent analysis of issues relating to health care in Idaho. The center also provides an opportunity for students to participate in research and education activities related to health policy development and health-care reform.

Center for Excellence in Environmental Health and Safety (CEEHS)

The College serves as the home for the CEEHS. The CEEHS exists to provide training and certificate programs for environmental health professions throughout Idaho. In addition, the Center serves as a repository of information on environmental issues and houses the federally funded Occupational Safety and Health Administration (OSHA) consultation program for Idaho.

Multiculture/Multiethnic Diversity

The College of Health Sciences is committed to a diverse student and employee population and to providing opportunities for students, faculty, and staff to expand their knowledge and awareness of cultural and ethnic diversity. One such opportunity involves students and employees in a cooperative program with the Boise State University Studies Abroad Program in Morelia, Mexico. In this program, students spend five weeks in Morelia during the summer, studying Spanish and the Mexican culture. In addition, the college has arranged internship opportunities for students to enhance their learning experience.

Program Advisory Boards

The college uses various advisory boards to ensure that Boise State University provides high-quality programs for our students and appropriate professional education programs for health agencies in the Boise State University service area. For instance, serving in a college-wide advisory capacity is a coalition between Boise State University and the area health community that seeks to further health professional education and research in the Boise State University service area. The board of directors consist of area health professionals and representatives from the area's regional medical centers, state health professional associations, area businesses, and the public. In addition, each department has its own advisory board consisting of professionals, agency representatives, and students.

College of Social Sciences and Public Affairs

Dean: Michael B. Blankenship, Ph.D.
Telephone 208 426-3776
Fax 208 426-4318
<http://sspa.boisestate.edu>

Associate Dean: L. Shelton Woods, Ph.D.
Telephone 208 426-1368

About the College of Social Sciences and Public Affairs (SSPA)

The mission of the College of Social Sciences and Public Affairs (SSPA) includes the following:

- SSPA is the lead institution in the state of Idaho for providing education and scholarship in Public Affairs and Social Sciences.
- SSPA promotes excellence in teaching, research, and service to address major social and political issues, with an emphasis on urban issues.
- SSPA faculty and administration work to balance the theoretical and applied natures of our disciplines to best meet the needs of our student and community constituents.

The College's location in the state's population, business, and government hub provides outstanding opportunities for students to serve as interns in government agencies, the Idaho legislature, corporations, nonprofit agencies, and numerous other places in the public and private sector. The 2,500 students majoring in social sciences participate in a variety of activities sponsored by the College, including an Archaeology Field School, Boise State University's Speech and Debate Team, University Television Productions, an undergraduate research initiative, and the Public History Program. In addition, many students assist with faculty research and attend such conferences as the Frank Church Conference on Public Affairs.

Degrees in the social sciences prepare students for careers in public and private sectors, as well as for advanced graduate studies. Faculty within the college teach a full range of social science classes, comprising 22% of Boise State University's total offerings. They conduct research in areas of vital concern to public policy, human behavior, and the working of society. In addition, faculty provide leadership as expert consultants to local, state, and national groups and participate in public-service activities within the local community. The College also prepares students for careers in secondary education in history and the social sciences.

Degree Programs

As the lead institution within Idaho for public policy and the social sciences, the College is composed of the following academic departments:

- Anthropology
- Communication
- Criminal Justice Administration
- History
- Military Science
- Political Science
- Psychology
- Public Policy and Administration
- Social Work
- Sociology

The College offers the following programs of study:

- major in Multi-Ethnic Studies (Department of Sociology)
- major in Social Sciences (Department of Sociology)
- Associate of Arts in Social Science (Department of Sociology)
- Associate of Science in Criminal Justice Administration
- minor in Latin (Department of History)
- minor in Canadian Studies (various academic departments and courses)

- minor in Native American Studies (Department of Anthropology)
- minor in Mexican-American Studies (Department of Sociology)
- minor in Gender Studies (various academic departments and courses)
- Dispute Resolution certificate (various academic programs and courses)
- Legal Assistant certificate (various academic programs and courses)

Center for Public Policy and Administration

Housed in the Department of Public Policy and Administration, the Center for Public Policy and Administration conducts applied research and training programs for state and local officials and nonprofit organizations. Telephone: 208 426-1476. <http://ppa.boisestate.edu/CPA.htm>

Conflict Management Services

Conflict Management Services provides information and training about conflict management to the general public and students, provides referral services and technical assistance in conflict resolution, conducts conferences and educational forums, and provides support for conflict management programs and organizations. Telephone 208 426-3928.

Environmental Finance Center

The Region 10 Environmental Finance Center (EFC), housed in the Department of Public Policy and Administration, serves communities in the Pacific Northwest and intermountain states of Oregon, Washington, Idaho, and Alaska. The Center also provides training, education and assistance programs nationwide. The mission of the EFC is to help communities and states with the financial issues related to environmental protection. The EFC is also assisting the states in improving institutional capacity, in formulating and implementing strategies for enhancing drinking-water program capacity, and in improving the financial and managerial capacity of public water systems and wastewater systems. Director: Bill Jarocki. Telephone: 208 426-1567. <http://sspa.boisestate.edu/efc/>

Family Studies Research Initiative

The Family Studies Research Initiative (FSRI) is housed in the Applied Cognition Research Institute, Department of Psychology. The mission of the FSRI is fourfold: (1) to develop an interdisciplinary culture of family studies research among faculty and students, (2) to develop family studies research programs that are supported by external funding sources, (3) to provide students with opportunities to engage in interdisciplinary coursework in family studies research related areas, and (4) to provide the community with expertise in family studies. Subject matters in this family-focused research, conducted by faculty across the university, (e.g., Psychology, Communication, Nursing, Kinesiology, Health Sciences, Criminal Justice), include children and poverty, mother-infant communication, child sex abuse, domestic violence, childhood immunizations, adolescent alcohol use, child cancer prevention, pregnancy prevention, adolescent incarceration, and date rape. Director: Rob Turrisi. Telephone: 208 426-1901. <http://psych.boisestate.edu/>

Institute for Urban and Regional Planning

Housed in the College of Social Sciences and Public Affairs, the Institute's mission is to assist in the development, implementation, and evaluation of public policies that facilitate regional planning among various entities in the Treasure Valley and to become a repository of public policy information related to urban and regional planning. Telephone 208 426-3776.

Social Science Research Center

The Social Science Research Center was established to conduct surveys for individuals, government agencies, and public-interest groups and to fulfill the primary emphasis area in social sciences and public affairs, as mandated for Boise State by the State Board of Education. The Center's goal is to provide research that will assist Idaho's citizens and policy makers in their efforts to solve state and local problems. The Center conducts the annual Idaho Policy Survey, an omnibus poll of Idaho residents on major public policy issues. Telephone 208 426-1835.

Larry G. Selland College of Applied Technology

Dean: Larry Barnhardt, Ed.D.
Associate Dean: Stan Brings, Ed.M.
Telephone 208 426-2238
Fax 208 426-4135
<http://selland.boisestate.edu>

The Larry G. Selland College of Applied Technology is a two-year technical college located on the Boise State campus. Our focus is two-fold — literacy training/development and work force training. Our primary focus is to prepare skilled technicians, craft workers, and professionals requiring up to two years of training. The Selland College is designed to effectively address the needs in these areas and to create an environment conducive to attracting new industry, while helping existing industry to prosper. The College's role is consistent with Boise State University's mission to provide special emphasis in applied technology.

The programs and services offered through the Selland College are in direct response to the needs of current and emerging industries throughout southwest Idaho. Increasingly, workers at all levels must possess an ever-broader base of technical knowledge and skills to be productive and competitive.

The Selland College provides full-time applied technology course offerings through eight Centers of Distinction: Business and Management Technology; Construction Technology; Culinary Arts; Health and Human Services; Horticulture; Information Technology; Manufacturing and Engineering Technology; Transportation Technology. The College provides numerous technical certificates and Associate of Applied Science degree majors. The degree and certificate program descriptions and course offerings for these instructional divisions are detailed in Chapter 14. Selland College offers a Bachelor of Applied Science degree, 2 + 2 opportunity for those students earning an A.A.S. degree.

Instructional content in all programs is delivered through competency based curricula blended with small group and individualized instructional techniques. A comprehensive outcomes assessment model ensures program focus on stated objectives. Job placement is of high priority and serves as an essential indicator of program quality.

Selland College has a Student Support Unit which serves as the educational entry point for services and is designed to provide a seamless system of student supportive activities including assessment, counseling, and advising for both Applied Technology and Basic Education students. These services are focused on assisting individuals towards achievement of competencies that will support their educational, training, retraining and/or employment goals. Through a "one stop shop" approach, the Unit is committed to an "Open Door" philosophy, customer service, program quality, and accountability.

Selland College's Applied Academics provides developmental and academic skills instruction, tutoring services, and applied courses in math, communication and human relations.

Selland College embraces Tech Prep, which is a program designed to enhance the secondary/post-secondary technical education experience to improve student opportunities for better jobs, higher wages and promotions. Technical course work in high school is compared to technical course work in college. Wherever there is common curriculum, high school students may begin earning college credits towards certificate and/or degree programs — at the same time fulfilling their high school graduation requirements. To take advantage of this opportunity students must fill out a Tech Prep enrollment form available through their high school counselor.

The College's Center for Workforce Training responds to the specific needs of employers and individuals of southwest Idaho by providing short term non-credit training in a variety of areas. Training is open to the general public in workskill areas such as Computer Software, Certified Nursing Assistant, Apprenticeships in the building trades, and Professional Development Skills. Some of this training is customized to meet the specific needs of a specific employer.

The Learning Center for Adult Basic Education program provides quality education for out of school youth and adults residing within the ten-county region of in Southwest Idaho. The program serves the educational needs of a diverse population by providing adult literacy programs, English as a second language classes, computer literacy, basic skill instruction for the workplace and GED preparation.

Graduate College

Dean: John R. Pelton, Ph.D.
Math/Geosciences Building, Room 140
Telephone 208 426-3647
Fax 208 426-4061
<http://www.boisestate.edu/gradcoll>
e-mail: gradcoll@boisestate.edu

Graduate Admissions Manager: Jim Allen
Math/Geosciences Building, Room 141
Telephone 208 426-3903

Graduate programs at Boise State University were first offered in 1971. Today, the Graduate College provides master's or doctoral degree programs in a variety of fields for qualified students to pursue advanced study and research under the mentorship of the graduate faculty. The reasons for enrolling in the Graduate College are as varied as the people who make up the graduate student population of over 2,000. Students enroll to prepare for academic or other professional careers, to improve skills used in employment, or to gain personal intellectual enrichment and professional development. A decision to continue education at the graduate level means joining other graduate students and faculty in the adventure of discovery— discovery of new understanding and information, discovery of new skills and techniques, discovery of the excitement of intellectual achievement, and discovery of new friends and associates. The Graduate College and the graduate faculty are committed to providing the opportunity and the guidance to support efforts of all graduate students as they achieve their academic goals.

Graduate Credit Options for Seniors

Senior undergraduate students may receive graduate credit according to the following policies:

Graduate Courses for Undergraduate Credit Boise State seniors may take up to two 500-level courses for upper-division credit applied to their baccalaureate degree program. M.B.A. courses are excluded from this policy. The dean of the Graduate College determines whether a student is to be considered a senior under this policy.

Graduate Courses Reserved for Graduate Credit If you are a senior, you may enroll in 300G, 400G, or 500-level courses during your senior year. However, you must first obtain approval from the dean of the Graduate College and the chair of the department offering the courses. Credits earned in this fashion are applied toward a graduate degree at Boise State University, not to your undergraduate degree. M.B.A. courses are excluded from this policy.

To take graduate courses under either of these policies, you must first complete the *Permit for Seniors to Take Graduate Courses*, available in the Registrar's Office, Administration Building, Room 110.

Boise State University Graduate Catalog

A catalog describing graduate programs at Boise State University is available from Graduate Admissions, Math/Geosciences Building, Room 141, 208 426-3903.

Division of Extended Studies

Dean: Michael Stockstill, Ph.D.
1015 Grant Avenue
Telephone 208 426-1709
Fax 208 426-3467
<http://www.boisestate.edu/extendedstudies/>
e-mail: : ESTellUs@boisestate.edu

The Division of Extended Studies is committed to responding to diverse student populations as they discover and fulfill their potential in today's rapidly changing world. Our programs expand the range of educational opportunities offered by the seven academic colleges - on campus, at area and international sites, through the use of current technologies and in convenient time frames. Programs administered by Extended Studies include off-campus sites, summer programs, Weekend University, courses delivered at a distance through the use

Chapter 1 — An Introduction to Boise State University

of technology, specialized certificate programs, international programs, and university-wide noncredit programming to serve the needs of area business, industry, and government.

Summer Programs

Academic programs, courses, and services are offered during the summer, including graduate, undergraduate, and noncredit courses in 3-week, 5-week, 8-week sessions, and a 10-week session. A variety of workshops is also offered each summer. The *Boise State University Summer Schedule of Classes* is available to students each spring. For more information, call 208 426-1709.

Weekend University

A large selection of academic classes is offered on campus on Friday evenings, in two time blocks on Saturday and on Sunday afternoons, to allow students more flexibility in scheduling. Courses are taught by Boise State University faculty and Boise State University adjunct faculty. For more information, call 208 426-1709.

Other Campus Centers

The Division of Extended Studies offers a wide range of academic courses at locations off the main campus. Required courses for associate degrees are offered at all sites. Advising, registration, book sales, and library services are available at most off-campus sites, and many locations serve as receiving sites for Knowledge Network, a series of interactive, televised classes broadcast from the Boise campus. The off-campus locations are:

Boise State University Canyon County Campus
2407 Caldwell Boulevard, Nampa ID 83651
208 426-4700

Gowen Field Campus
Harvard Street, Building #521, Gowen Field, Boise, ID
208 422-3758 or 208 426-3293

Mountain Home Air Force Base
665 Falcon, Mountain Home Air Force Base, ID 83648
208 828-6746 or 208 426-3293

Twin Falls
Taylor Administration Building
College of Southern Idaho Campus
208 736-2161

Distance Education Classes

Boise State University offers classes and programs through technologically-mediated distance education methods such as: Knowledge Network, interactive and cable television, telecourses, videoconferencing, and the Internet.

Courses Offered Via the Internet Instruction using computers, the Internet, and/or multimedia allows students throughout Idaho and the United States to participate in Boise State courses. Undergraduate classes are available, as are classes leading to master's degrees in instructional and performance technology and educational technology. For more information, call 208 426-1709.

Knowledge Network and Cable Television Using one-way video and two-way audio, Boise State faculty broadcast live, interactive classes to such receiving locations as the Boise State Campus, Canyon County Campus, Mountain Home AFB, and Gowen Field Campus. At these locations, students view the broadcast on monitors and talk with the main-campus class through a phone line. In addition, cable television subscribers can access these courses in their own homes. For more information, call 208 426-1709.

Telecourses (Idaho Public Television) Each semester, Boise State students have the opportunity to earn university credits at home through a mix of televised lectures and textbook readings. These courses require some on-campus attendance. You may count a 299 telecourse only as a general elective, and you may count toward graduation no more than 12 credits earned in 299 telecourses. Other restrictions apply to 299 telecourses if you are seeking a bachelor of business administration degree; for further information, see Chapter 11, "Obtaining a Degree at Boise State University," *Credit Requirements for Various Degrees*, Table 11.9. For more information, call 208 426-1709.

Concurrent Enrollment for High School Students

Jump Start Program provides eligible students the opportunity to take college level courses on the high school campus and earn university and high school credit simultaneously. Accumulating college credit while in high school can accelerate a student's degree completion and result in cost savings. Boise State credit is transferable to most other colleges and universities. This program is for high school juniors and seniors in academic courses. For additional information call Fabiola Juarez-Coca at 208 426-2047. For information about applied technology programs call Nancy Ness at 208 426-4029. For information about taking classes on the university campus while still in high school, contact Undergraduate Admissions Office at 208 426-1156.

Correspondence Study

In the Boise area, the Division of Extended Studies is the point of contact for the statewide correspondence study program. The correspondence study program is administered by the statewide Correspondence Study Office, located at the University of Idaho. Program materials are distributed through Extended Studies. Courses are developed and graded by approved faculty at Boise State University, Lewis-Clark State College, Idaho State University, and the University of Idaho. Tests are proctored at Boise State by the Student Services Office, call 208 426-1583. See also Chapter 11, "Obtaining a Degree at Boise State University; Extension and Correspondence Courses." For more information, call 208 426-3293.

International Programs

Intensive English Boise State's Intensive English Program offers 20 hours of classroom instruction per week plus field experiences. The program is organized into 8-week and 16-week sessions during the fall and spring semesters and two 4-week sessions during the summer. Students may enroll until language proficiency goals are achieved. Language skills are developed through a thematic approach using discussions, readings, writing, and communicative grammar. Program components include skill development in reading, writing, listening, and speaking; literacy strategies for academic success; TOEFL preparation; and individualized tutoring. Students are engaged in critical thinking - analyzing, synthesizing, and evaluating cultural ideas and values - while improving English language skills through classroom practice and field experiences. For more information, call the International Programs Office at 208 426-3652 or check the web site at <http://www.boisestate.edu/international/iep>

Studies Abroad Participate in an overseas study or internship program. We offer programs around the world for almost every discipline. Summer campuses are located in Spain, France, Italy, England, Denmark, China, Thailand, Mexico, Costa Rica, Canada, and the Czech Republic. Staying in local homes or in apartments with international students, studying a balanced curriculum, and making frequent field trips create a rich cultural and academic experience for University students, who receive Boise State University credit for studies in these programs. For more information call 208 426-3652

Professional Education Program for Public School Teachers and School District Employees

Working closely with local school districts, the Idaho State Department of Education, campus Academic Departments and the Boise State College of Education, the Professional Education program enables teachers, para-professionals, and professional employees of school districts to earn credit required for certification/re-certification and salary increases. The program offers courses for both academic credit and non-credit. For more information, call 208 426-1709.

Certificate Programs

The Division of Extended Studies offers certificates of completion in several credit and noncredit programs. Please see the semester schedule for more information.

Graduate Preparation Courses

Assisting students to prepare for graduate admission exams is the focus of short courses on the Graduate Record Exam (GRE) and the Graduate Management Admissions Test (GMAT) offered by the Division of Extended Studies, 208 426-3492.

Corporate Relations Program

Established in response to the needs of local corporations, the Corporate Relations Program provides a variety of services for local corporations, including educational programming, on-site registration, and on-site courses. For more information, call 208 426-1689.

Continuing Education Units (CEUs)

A Continuing Education Unit (CEU) is a nationally standardized unit documenting participation in noncredit programs, courses, or workshops. The Division of Extended Studies approves and transcribes CEUs, which can be provided to employers as verification that you have completed a course in which CEUs were granted. CEUs cannot be converted to academic credit. For more information, call 208 426-3492.

Renaissance Institute

This program, designed for learners over 50, provides a number of lectures and short courses each academic year. Membership in the Institute provides you

with access to special classes designed to expand intellectual horizons and enrich your life. For more information, call 208 426-1709.

Non-Credit Program

Extended Studies coordinates and offers a wide range of non-credit learning opportunities for the community on and off campus. For more information, call 208 426-1709.

- 1-800-824-7017 (toll-free nationwide)

Chapter 2—General Policies

This chapter defines the general policies governing the following matters:

- your rights and responsibilities as a student
- academic honesty
- student records
- student classification
- right of appeal

Additional information on these policies is available in the *Boise State University Student Handbook* and the *Boise State University Policy Manual*. The *Boise State University Student Handbook* may be obtained from the WEB at <http://www.boisestate.edu/stuaff/handbook/index.htm>, while the *Boise State University Policy Manual* is available for inspection on the WEB at <http://diamond.boisestate.edu/~margene/policies/Toc.html>.

Your Rights and Responsibilities

Boise State University challenges its students to reach their highest levels of performance, encourages them to excel in academics and sports, and invites them to participate in the many cultural and social activities available at the university. At the same time, Boise State University expects students to conduct themselves in a manner compatible with the university's function as an institution of higher learning. Therefore, we have published this catalog and the *Boise State University Student Handbook* to acquaint you with your rights and responsibilities as a student. In the *Boise State University Student Handbook*, for instance, you will find the Student Bill of Rights and the Code of Conduct, along with information on:

- fees
- health insurance
- parking
- services for students
- student organizations
- university committees
- civic and cultural events
- academic regulations
- university policies and procedures governing sanctions, judicial procedures, and hearing boards

Each student is expected to be familiar with the information in the *Boise State University Student Handbook*. You can obtain a copy from the WEB at <http://www.boisestate.edu/stuaff/handbook/index.htm>.

Academic Honesty

The university's goal is to foster an intellectual atmosphere that produces educated, literate people. Because cheating and plagiarism are at odds with that goal, they shall not be tolerated in any form. Therefore, all work submitted by a student must represent that student's own ideas and effort; when the work does not, the student has engaged in academic dishonesty.

Plagiarism occurs when a person passes in another person's work as his or her own or borrows directly from another person's work without proper documentation. For example, academic dishonesty occurs whenever a student:

- buys a paper or other project, then seeks to receive credit for the paper or project
- copies from another student's exam, either before, during, or after the exam
- uses "crib notes" while taking an exam or uses information stored in a computer or calculator (if prohibited from doing so)
- allows another person to take an exam in his or her place or takes an exam for another person
- collaborates on take-home exams when such collaboration is forbidden
- copies the work of another person and attempts to receive credit for that work
- fails to properly document source material in a paper or project
- receives editorial assistance that falls outside the scope of acceptable assistance

NOTE: The list above is intended only to provide general guidelines for recognizing and avoiding common types of academic dishonesty. It is in no way an exhaustive or comprehensive list of all the types of academic dishonesty.

Except in cases of major offenses, responding to academic dishonesty is the responsibility of the instructor of the course in which the dishonesty occurs. If a student is guilty of academic dishonesty, the student may be dismissed from the class and may receive a failing grade. Other penalties may include suspension or expulsion from school.

For more information about academic honesty, see the following publications:

- *Boise State University Policy Manual*
- *Boise State University Student Handbook*

Student Records

Universities routinely collect, store, and maintain many kinds of information about prospective, current, and former students. Boise State University is no exception. For instance, the Admissions Office maintains a file for each student who has applied for admission to the university. Your file is likely to contain such items as your application for admission and any correspondence related to that application. Other files at the Registrar's Office contain your permanent transcript and all materials that document that transcript. And, of course, faculty members maintain files containing advising records, grades sheets, and correspondence.

In general, you have the right to review the documents that constitute your official record, and you have the right to request copies of those documents. If you request copies, Boise State University will provide them in a timely and efficient manner.

The following sections provide more detail about your official record at Boise State University, about your rights and responsibilities regarding that record, and about Boise State University policies and procedures governing the information that your record contains. Other publications discussing these matters include the *Boise State University Policy Manual* and the *Boise State University Student Handbook*.

Transcript Records

The Registrar's Office makes every effort to ensure that transcript records are up-to-date and accurate. You have the right to appeal any information on your transcript that inaccurately reflects your academic history. However, information on a transcript is changed only in extraordinary or extenuating circumstances.

If there is an error or omission on your transcript, send a detailed description of the error or omission, along with copies of the relevant documents, to the Registrar's Office, Administration Building, Room 102, 208 426-4249.

Confidentiality and Privacy

Following the guidelines established by the Family Educational Rights and Privacy Act of 1974 (FERPA), the university strives to protect your personal privacy and the confidentiality of your official student record. This section generally describes Boise State University's policy on confidentiality and privacy, as defined by the *Boise State University Administrative Handbook*, (<http://diamond.boisestate.edu/~margene/policies/Toc.html>).

Most of the information in your student record is considered confidential, with the following exceptions:

- your local address
- your e-mail address
- your local telephone number
- your major field of study
- the dates you attended Boise State University
- your student classification (freshman, sophomore, junior, senior, or graduate)
- your enrollment status (for example, whether you are a full-time student or a part-time student)

- the type of any degree you have earned from Boise State University and the date on which you received it
- the Dean's list and other honors released to the newspapers

The information listed above is considered public information; however, the university does not sell lists of students or name-and-address labels to businesses or agencies outside the university. If you wish to limit access to this information, you should notify the Registrar's Office that you want the information treated as confidential. You can do so by completing a privacy request form, available at the BroncoWeb Help Center, Administration Building, Room 110.

In discharging their official duties, Boise State University employees may read, review, photocopy, and distribute to appropriate persons within the university any information contained in your student record. However, before distributing confidential information outside the university—even to members of your family—Boise State University faculty and staff must first secure your written permission to do so.

Verification of Your Enrollment Status

Every day, Boise State University fields phone calls or letters from people wanting to verify an individual's enrollment status. Requests for verification often come from such businesses as employment agencies, insurance companies, and lending agencies. For example, a lending agency may request verification of your enrollment status to determine if you are enrolled at least half-time and therefore are eligible for continued deferment of a student loan.

Your enrollment status is public information unless you have notified the university that you want it to be treated as confidential (see "Confidentiality and Privacy" above). In responding to inquiries from outside the university, Boise State University calculates your enrollment status according to Table 2.1.

Table 2.1
Schedule Used to Determine Undergraduate Enrollment Status (in Response to Outside Inquiries)

Number of Credits (currently enrolled)	Enrollment Status
12 or more	Full-Time
9 to 11	Three-Quarter-Time
6 to 8	Half-Time
5 or fewer	Less Than Half-Time

NOTE: If you are receiving benefits under the G.I. Bill, you should contact the Veteran's Services Office, Administration Building, Room 111, to determine your enrollment status.

Address Changes

Whenever Boise State University policies or procedures call for a university office to send written notification to a student, that obligation is fulfilled when that office mails the notification to the student's last address on record. Past students may update their address in person, by telephone, or by sending in a change-of-address card from the post office to the Registrar's Office, Administration Building, Room 110. Currently enrolled students must update address information on BroncoWeb (<http://www.boisestate.edu> and select BroncoWeb).

Name Changes

Currently enrolled students should promptly report a change of name to the BroncoWeb Help Center, Administration Building, Room 110. You may do so by completing a Student Information Update form and return the form to the BroncoWeb Help Center, Administration Building, Room 110. You must provide evidence showing that your name has officially changed, such as a certified copy of a court order, a marriage certificate, or a dissolution decree reflecting the new name in full. If you are also an employee of the University you must report your name change to the Department of Human Resource Services, Administration Building, Room 218 and documentation requirements may differ.

Student Classification

The university classifies each student according to the definitions provided in Table 2.2, below.

Table 2.2
Student Classifications

Classification	Definition
Freshman	Has earned 0 to 25 credits.
Sophomore	Has earned 26 to 57 credits. Sophomore is the maximum classification for students in associate or certificate programs.
Junior	Has earned 58 to 89 credits.
Senior	Has earned 90 or more credits or is pursuing a second baccalaureate degree.
Graduate	Has earned a baccalaureate degree, has been admitted to the Graduate College, and is pursuing a graduate degree.

Right of Appeal

You have the right to appeal any academic policy or requirement if either of the following conditions are present:

- Extenuating circumstances make it impossible for you to comply with the policy or requirement.
- An undue hardship would result from a strict application or interpretation of the policy or requirement.

Please note, however, that extenuating circumstances must be beyond your control and that undue hardship must be a condition far more serious than simple inconvenience. Documentation will be required and the timeliness of the appeal will be taken into consideration.

If you appeal an academic policy or requirement, that appeal will most likely be reviewed by the dean of the college responsible for your major or the Academic Appeals Committee. Appeals for current semester complete withdrawals should be directed to the Dean of Student Services. For more information about appeals and grievances, see the *Boise State University Student Handbook* and the *Boise State University Administrative Handbook*. Contact the Dean of Student Services, Administration Building, Room 114, 208 426-1583.

Questions About These Policies?

If you have questions about these policies, contact the Registrar's Office, Administration Building, Room 102, 208 426-4249 or the Dean of Students, Administration Building, Room 210, 208 426-1418.

Chapter 3—Admissions

The Admissions Office consists of the New Student Information Center, located at the northeast entrance to the Student Union, and the Admissions Office, located in Room 101 of the Administration Building. The New Student Information Center furnishes application forms and information about Boise State and arranges for admissions counseling and campus visits. The Admissions Office evaluates your application materials to verify that you meet university admission standards. In addition, the Admissions Office coordinates international student admissions and other programs for entering students.

The following sections define the deadlines for applying for admission, the process by which the Admissions Office determines your admission status, and the standards that you must meet to be admitted to Boise State. Also included are instructions for applying for admission (Table 3.1).

NOTE: If you are planning to pursue graduate studies, you apply for admission through Graduate Admissions. For more information, see the *Boise State Graduate Catalog* or contact the Graduate Admissions Office, Math/Geosciences Building, Room 141, 208 426-3903.

Application Deadlines

To encourage prospective students to begin planning early, Boise State University has established firm deadlines for applying for admission. Deadlines for all applicants seeking admission as degree-seeking students are as follows:

- Fall Semester 2004: July 14, 2004
- Spring Semester 2005: December 2, 2004
- Summer Sessions: One week before classroom instruction begins

These deadlines for fall and spring semesters are strictly enforced. Therefore, you must ensure that the Admissions Office receives all of your application materials before the deadline. If you fail to do so, you may still be admitted to the university; however, you will be admitted as a *nondegree-seeking student*. As a nondegree-seeking student you can register for any combination of courses totaling 7 or fewer credits, or a maximum of 2 courses, even if these courses total more than 7 credits. Nondegree-seeking students are not eligible to receive federal financial aid.

You may submit application materials at any time before the deadline; in fact, we encourage you to apply as early as possible. The earlier you apply, the more likely you are to be considered for admission, to secure an early registration time and a seat in the courses you want to take.

Admission Standards

To encourage students to be adequately prepared for college-level study, Boise State has implemented the following admission standards.

Standards for Freshmen

Graduated from an Accredited High School

If you graduated from an accredited high school and are under 21, you will be considered for *general admission* based on your combined high school grades and test scores on either the ACT or SAT. Boise State's admission index (Table 3.2) is used to determine your admissibility. This index assigns more weight to your high school grades than your test scores.

In addition, you must have completed all courses in the Idaho Admission Core (Table 3.3) with at least a 2.0 average. If you have met the requirements of the index but have not completed all core classes, you will be considered for *provisional admission*.

If you graduated from high school in 1989 or later and are 21 or older, you will be considered for *general admission* if you had at least a 2.0 cumulative high school GPA. In addition, you must have completed all courses in the Idaho Admission Core (Table 3.3) with at least a 2.0 average. If you did not complete all core classes, you will be considered for *provisional admission*.

If you graduated from high school before 1989 and never attended college, you will be considered for *general admission*.

Completed GED Certificate

If you completed the GED and are under 21, you will be considered for *provisional admission* if you meet the minimum standard score on the GED

(see below) and have a minimum ACT composite score of 17 or a minimum SAT combined score of 810.

If you completed the GED in 1989 or later and are 21 or older, you will be considered for *provisional admission* if you meet the minimum standard score on the GED (see below).

If you completed the GED prior to 1989 and your standard score average is at least 50, you will be considered for *general admission*.

Minimum standard score requirements:

- 50 if GED completed prior to January 1, 2002.
- 500 if GED completed after January 1, 2002.

Home School or Unaccredited High School Graduate

If you graduated from an unaccredited high school or home school program and did not complete a GED, you will be considered for *provisional admission* with an ACT composite score of at least 17 (or SAT combined score of at least 810) and the following minimum scores on the ACT COMPASS exam (46 on Algebra, 68 on Writing and 85 on Reading).

Table 3.3
Idaho College Admission Core

Subject Area	Semesters	Courses	Restrictions
English	8	Composition, Literature	None
Social Science	5	American Government, Geography, U.S. History, World History, Economics, Philosophy, Psychology, Sociology	None
Mathematics	6	Applied Math I, Applied Math II Algebra I, Algebra II, Geometry, Analytic Geometry, Calculus Statistics, Trigonometry	At least 4 semesters taken in grades 10 through 12
Natural Science	6	Anatomy, Biology, Chemistry, Earth Science, Geology Physiology, Physical Science Physics, Zoology	Selected applied science courses may count for up to 2 semesters. At least 2 semesters must be for courses that include a laboratory science experience.
Humanities/ Foreign Language	2	Literature, History, Philosophy, Foreign Language, and related study of two or more of the traditional humanities disciplines	None
Other College Preparation	3	Speech, Studio/Performing Arts (Art, Dance, Drama, Music), additional Foreign Language	Up to 2 semesters of approved vocational courses may apply; consult your high school counselor.

NOTE: Students who have not completed the Idaho College Admissions Core upon graduation may be considered for *provisional admission* status.

Standards for Transfer Students If you have earned fewer than 14 transferable credits, you will be considered for admission on the basis of your high school transcript or GED and your college transcript. If you are under 21, your ACT or SAT scores will be considered as well.

If you have earned 14 or more transferable credits, you will be considered for admission on the basis of your college transcript. You will be admitted with *general admission* status if you were in good academic standing at the last institution you attended and have a cumulative GPA (grade-point average) of at least 2.0 (based on transferable credits from all colleges and universities). If you have a GPA of less than 2.0, you will be considered for admission on

Table 3.1 — How to Apply for Admission to Boise State University

To apply for undergraduate admission, submit to the Admissions Office all materials indicated in the appropriate list below. For degree-seeking students, all admission materials must be received in the Admissions Office by the posted deadline (see "Application Deadlines," on page 18).

New Freshmen in Academic Programs

- *Application for Undergraduate Admission* with one-time, nonrefundable \$30 application fee.
- *Official high school transcript** showing all courses completed and date of graduation (or *GED test scores*). **Note:** If you are currently enrolled in high school, you may receive a preliminary admission decision by submitting high school transcripts after your junior year.
- *Official ACT or SAT results* posted on your high school transcript or received directly from the testing agency.**

Transfer Applicants in Academic Programs

- *Application for Undergraduate Admission* with one-time, nonrefundable \$30 application fee.
- *Official transcript** from each college or university attended. **Note:** If you are attending another college you may receive a preliminary admission decision by sending an in-progress transcript of your work to date.

If you will transfer to Boise State with fewer than 14 earned transferable semester credits, also submit the following:

- *Official high school transcript** showing date of graduation or *GED test scores*.
- *Official ACT or SAT results*.**

Returning Applicants in Academic Programs

If you are a Boise State student who has not attended for one semester or more (not including summer), you must reapply for admission. Submit the following:

- *Application for Undergraduate Admission*.

Also submit any of the following that are needed to complete your file:

- *One-time, nonrefundable \$30 application fee*.
- *Official transcripts** from all other colleges attended.
- *Official high school transcript** or *GED test scores*, if you have earned fewer than 14 transferable semester credits.
- *Official ACT or SAT results*, if you have earned fewer than 14 transferable semester credits.**

Note: Boise State retains admission materials for five years after your last term of enrollment. You may need to submit new materials if you have not attended for five years.

Second Baccalaureate Applicant in Undergraduate Academic Programs

- *Application for Undergraduate Admission* with one-time, nonrefundable \$30 application fee.
- *Official transcripts** from each college or university attended.

Nondegree-seeking Applicants

- *Application for Undergraduate Admission* or *Nondegree-seeking Application*.
- *One-time, nonrefundable \$30 application fee*.

Applicants in Larry G. Seland College of Applied Technology Programs

If you are applying for a post-secondary technical certificate, technical certificate, advanced technical certificate, or associate of applied science program, complete items listed below. At any time, contact the College Student Services offices, (Boise) 208 426-1431 or (Nampa) 208 426-4700, for information and/or an advisement appointment:

- Submit an *Application for Undergraduate Admission* with your one-time, nonrefundable \$30 application fee.
- A one-time \$50 nonrefundable enrollment processing fee will be assessed.
- Submit official high school transcript, or GED certificate and/or all college transcripts, if applicable.
- Submit Basic Skills Assessment (BSA) results: COMPASS, ACT, SAT or equivalent. If necessary to take a BSA, contact the College Assessment Centers (Boise) 208 426-3681 or (Nampa) 208 426-4715 to obtain current assessment schedule and fee schedule.

Applicants in Graduate Programs

If you wish to pursue graduate studies, apply through the Boise State Graduate Admissions Office. For more information, see the *Boise State University Graduate Catalog*.

Applicants from Other Countries

Refer to "Admission of International Students" in this chapter.

*To be official, transcripts must be sent by the issuing institution directly to the Boise State Undergraduate Admissions Office.

**Test results are not required if you are 21 or older, as of the first day of class of the semester for which you are applying.

Table 3.2 — Boise State University Admission Index

The Boise State Admission Index

The Boise State Admission Index is used to evaluate your admissibility to Boise State. It combines high school GPA and ACT or SAT scores, placing the most weight on GPA. Find your GPA across the top and your test score down the left side. Draw a line from each toward the center until they intersect. If the intersection indicates you are an Excellent Candidate, you are highly likely to be admitted. If you are a Possible Candidate, admission will depend on several factors, including your academic record, date of application, class availability, and level of state funding received by Boise State. Some applicants in this range may be required to participate in the Summer Bridge Program. Upon completion of specific summer classes, you are eligible to continue into fall semester. Unlikely Candidates will most likely not be admitted as degree-seeking, academic students. Students in this range are encouraged to apply to programs in Boise State’s Selland College of Applied Technology or attend as nondegree-seeking students.

ACT	SAT	HIGH SCHOOL GPA RANGE																				
		From 3.14 To 4.00	3.09 3.13	3.03 3.08	2.97 3.02	2.91 2.96	2.86 2.90	2.80 2.85	2.74 2.79	2.69 2.73	2.63 2.68	2.57 2.62	2.51 2.56	2.46 2.50	2.40 2.45	2.34 2.39	2.29 2.33	2.23 2.28	2.17 2.22	2.11 2.16	2.06 2.10	2.00 2.05
36	1600																					
35	1580																					
34	1520																					
33	1470																					
32	1420																					
31	1380																					
30	1340

28	1260																					
27	1220																					
26	1180																					
25	1140																					
24	1110																					
23	1070																					
22	1030																					
21	990																					
20	950																					
19	910																					
18	870																					
17	830																					
16	780																					
15	740																					
14	680																					
13	620																					
12	560																					
11	500																					

Note: If your GPA or test score is not shown, contact the Boise State Admissions Office for specific information.

probation. However, if you were dismissed from your last college or university during the most recent semester, you will be required to remain out of Boise State classes for at least one semester (fall or spring).

Standards for Returning Students If you have earned fewer than 14 academic semester credits, you will be considered for admission on the basis of your high school transcript or GED and your college record. If you are returning to Boise State with 14 or more earned credits, you will be considered for admission based on your academic record at Boise State and at any colleges or universities you have attended since. To be admitted with *general admission* status, you must have left Boise State in good academic standing and must have earned at least a 2.0 cumulative grade-point average for your work at the colleges or universities you have attended since leaving Boise State. If you were on academic probation when you left Boise State, you will be considered for admission with *probation*. However, if you were dismissed from Boise State during the most recent semester, you will be required to remain out of classes for at least one semester (fall or spring). If you were dismissed twice, you must remain out for at least one year.

Standards for Second Baccalaureate Degree Students If you already have a baccalaureate degree and will take undergraduate courses, either as a nondegree or degree-seeking student, you apply through the Undergraduate Admissions Office. If applying for degree-seeking status, a 2.0 grade-point average is required for *general admission*. Once admitted, you are advised to meet with the department chair of your major to determine your course requirements.

If you already have a baccalaureate degree and will take graduate courses and your intent is to ultimately pursue a graduate degree, either as a nondegree or degree-seeking student, you apply through the Graduate Admissions Office. For more information, see the *Boise State University Graduate Catalog*.

Standards for Nondegree-seeking Students If you are applying for admission solely to take courses of interest, applying for nondegree-seeking status is a convenient option. *Nondegree-seeking* status simply requires that you have a high school diploma or a GED. As a nondegree-seeking student, you can register for any combination of courses totaling 7 or fewer credits, or a maximum of 2 courses, even if these courses total more than 7 credits. Any

credits that you earn as a nondegree-seeking student are applicable toward earning a degree. Please be aware that students taking 7 or fewer credits per semester pay part-time fees; those taking 8 or more credits pay full Boise State fees and, if deemed nonresidents of Idaho, nonresident tuition. Also, nondegree-seeking students are not eligible to receive federal financial aid. Students who were dismissed from any college or university within the last semester are ineligible for nondegree-seeking status.

Standards for Larry G. Selland College of Applied Technology Students

If you intend to pursue the bachelor of applied science degree, the Boise State University academic admission standards will be used to evaluate your application. If you intend to pursue a post-secondary technical certificate, technical certificate, advanced technical certificate or associate of applied science degree program in the Selland College of Applied Technology, you will be assigned one of three types of admission statuses. The amount of space available in a program may also affect admission; even qualified applicants must sometimes be denied admission to programs with limited space for new students for the semester they desire.

Applied Technology General Admission status may be granted to students who meet the following minimum standards:

If you graduated from high school or received a GED prior to 1997, you must verify graduation from an accredited high school with a minimum 2.0 GPA or earn a 45 or better standard score average on the GED or verify 14 or more transferable academic college credits, **AND** take a Basic Skills Assessment (BSA): COMPASS, ACT, SAT or equivalent. The BSA will be utilized for appropriate program placement.

If you graduated from high school in 1997 or later, you must verify graduation from an accredited high school with a minimum 2.0 GPA and complete the Idaho Vocational-Technical Admission Core (Table 3.4) or earn a 45 or better standard score average on the GED or verify 14 or more transferable academic college credits, **AND** take a Basic Skills Assessment (BSA): COMPASS, ACT, SAT or equivalent. The BSA will be utilized for appropriate program placement.

Applied Technology Provisional Admission status may be granted to students who do not meet the requirements for general admission (see above). You have been accepted for admission, but with provisions.

Students must verify graduation from an accredited high school or earn a 45 or better standard score average on the GED; **AND** take a Basic Skills Assessment (BSA): COMPASS, ACT, SAT or equivalent. The BSA will be utilized for appropriate program placement. You may be required to sign a *Provisional Admission Agreement* arranged through the Selland College Student Services.

Students granted Applied Technology Provisional Admission status can receive Applied Technology General Admission status upon completion of fourteen (14) semester credits of required program course work with a minimum of 2.0 GPA.

Applied Technology Conditional Admission status may be granted to students as described below. You have been accepted for admission, but with conditions.

16 or older and have not graduated from high school or earned a GED but meet the Basic Skills Assessment (BSA): COMPASS scores for program placement which demonstrates they have the ability to benefit **AND** provide a completed Career Plan form and required documentation acceptable to the College. (Applied Technology Conditional Admission status may not be available in programs having prescriptive state and federal certification or licensing policies.)

Table 3.4
Idaho Applied Technology Admission Core

High School Course	Required Semesters
English	8 semesters
Mathematics (Algebra Applied Math and above)	4 semesters (6 recommended)
Natural Science	4 semesters (Including at least 2 in laboratory science)

Jumpstart for High School Students

Academic Classes If you would like to attend high school and college courses simultaneously, you may be eligible for Jumpstart at Boise State University. Options include taking Boise State courses at your high school campus or taking courses at one of Boise State's campuses. To take courses on your high school campus, consult your high school counselor. To take courses on the Boise State campus, complete the *Jumpstart at Boise State Application*. You will need to obtain the signature of your parent and high school counselor or principal. You must be at least 16 years of age or have completed half of your high school graduation requirements. You must also have a cumulative high school GPA of at least 3.0. For more information, call 208 426-1156.

Applied Technology Classes To participate in high school and Applied Technology college courses simultaneously through Tech Prep opportunities, you must be 16 or have completed half of your high school graduation requirements. You must also have a cumulative high school GPA of at least 2.0. For more information, call 208 426-4029.

Admission of International Students

Standards for Freshman Admission You will be considered for admission on the basis of your secondary school transcript or marksheets and the results of the Test of English as a Foreign Language (TOEFL). Your secondary school grades must convert to a minimum U.S. GPA (grade-point average) of 2.0, along with completing the pre-university requirements of your home country. If the transcript or marksheets are not in English, you must submit the official documents in the native language along with translated copies that have been verified or attested by the school you attended. In addition, you must achieve a minimum score of 500 on the paper-based TOEFL or I73 on the computer-based TOEFL.

Standards for Transfer Admission If you have completed some coursework or a degree at the college or university level, you will be considered for admission as a transfer student on the basis of your college or university transcripts or marksheets and the results of the Test of English as a Foreign Language. Your transcripts or marksheets must convert to a minimum U.S. GPA of 2.0. If the transcripts or marksheets are not in English, you must submit the official documents in the native language along with translated copies that have been verified or attested by the school you attended. You must provide transcripts or marksheets from each college or university you have attended, along with a syllabus or course description in English (for any courses taken outside the U.S.), in order to receive transfer credit.

Transcripts submitted for transfer credit from schools located outside the U.S. will be evaluated by a National Association of Credential Evaluation Services (NACES), recognized nonprofit organization; they prepare evaluation reports that identify the U.S. equivalent of education completed in other countries. Evaluation of foreign credits is an automatic process that occurs once you have been admitted as degree-seeking and have enrolled and paid for classes at Boise State. If you have completed the equivalent to a U.S. bachelor's degree, your transcripts will not be evaluated.

Transfer students must achieve a minimum score of 500 on the paper-based TOEFL or I73 on the computer-based TOEFL. However, if you have completed English composition at a U.S. college or university and received a grade of "C" or better, you may request to have the TOEFL requirement waived.

Along with the academic records and official TOEFL scores noted above, all international students must submit the following:

- International Student Application for Admission
- nonrefundable application fee of \$30
- verification of financial resources to cover one full year of expenses

All application materials must be received in the International Student Admissions Office by the following priority deadlines:

Fall Semester 2004: June 1, 2004

Spring Semester 2005: October 15, 2004

You may submit your application materials at any time before the priority deadline. Early application is encouraged.

If you meet all admission requirements, the International Student Admissions Coordinator will issue an I-20 form, which you need to obtain an F-1 student visa. For more information, please contact the International Student Admissions Office, Administration Building, Room 107, 208 426-1757.

Health Insurance Coverage Full-time international students must be covered by the university's student health insurance policy. The cost of this policy is included in student fees. If you have your own health insurance policy, you may be able to have this requirement waived by providing evidence that your own policy is equivalent to Boise State's. This evidence must be submitted within the first 10 working days of the semester.

Your Admission Status

After reviewing your application and supporting materials, the Admissions Office assigns to you a particular admission status. Specifically, you will either be admitted with general, provisional, conditional, special, probationary, or nondegree-seeking status, or be denied admission to the university. Each type of admission status is defined below, along with any special restrictions associated with that type of status.

General Status You meet all requirements for admission to the university. No special restrictions apply to your admission.

Provisional Status You have been accepted for admission, but with provisions. Specifically, within three semesters you must complete 14 credits of course work. Those 14 credits must include one English composition course and one class from each of the three areas that make up the General Education Core (arts/humanities, social sciences, and natural sciences/mathematics). You must earn a grade of C or better in the composition course and in each of the core courses. (For more information about core courses, see Chapter 11, "Obtaining a Degree at Boise State University.")

You are assigned provisional status if any of the following apply:

- You met Boise State's requirements for high school grade-point average and ACT/SAT scores, but did not complete the Idaho College Admission Core (see Table 3.3).
- You earned a General Equivalency Diploma (GED) or graduated from an unaccredited high school or home school.
- You were originally denied admission to the university, but were then admitted by the Special Admissions Committee after requesting that the committee review your unique circumstances.

Conditional Status You have been accepted for admission, but have been granted this status because the transcript you submitted was incomplete. Once the Admissions Office reviews your complete, official transcript, you will be assigned a final admission status. Your admission under conditional status may remain in effect for no longer than one semester. You will not be able to register for subsequent semesters until your status changes.

Special Status You have been accepted for admission on a temporary basis until you submit final, official grade transcripts or test scores. This is a temporary status given mainly to students who are admitted with unofficial transcripts around the application deadline and allows students to attend class. Once the Admissions Office reviews your complete, official transcript and test scores, you will be assigned a final admission status. Your admission under special status may remain in effect for no longer than one semester. You will not be able to register for subsequent semesters until your status changes.

Probationary Status You must attain at least a 2.0 grade-point average in your first semester at Boise State. If you fail to do so, you will be dismissed from the university and will be ineligible to attend Boise State for at least one semester. If you are dismissed from the university a second time, you will be ineligible to attend for at least one year.

You are assigned probationary status if any of the following apply:

- You transferred to Boise State with less than a 2.0 grade-point average for your previous college-level study.
- You attended Boise State and left the university on academic probation. Even if you have successfully completed courses at another institution since leaving Boise State, you will reenter on probationary status.

Denied Status You do not meet the standards for admission and are denied as a degree-seeking student. You may inquire about enrolling as a part-time, nondegree-seeking student or appeal this decision.

Nondegree-seeking Status Designed for students applying solely to take courses of interest, nondegree-seeking status allows you to enroll in up to seven credits or two classes per semester. These credits are applicable toward a degree if you are later admitted as a degree-seeking student. However, nondegree-seeking students register for classes after degree-seeking students and are ineligible for federal financial aid.

Summer Bridge Program

Designed specifically for undergraduate academic students who would otherwise not be admitted to Boise State. The Admissions Office selects participants from applicants placing in the *Possible Candidate for Admission* range on the Admission Index. Admitting select students into the university through this program enhances their likelihood for academic success.

You will engage in a rigorous full-time, eight-week program that includes math, English, communication, and freshmen seminar classes. Class sizes are small and you will become well acquainted with each other. You will also be assigned mentors to provide assistance both in and out of the classroom. Upon successful completion of the three summer classes, you will have earned college credits towards your degree and the right to continue into fall semester.

You are encouraged to apply for admission before February 15, 2005 for Summer Bridge Program consideration. Space in the program is limited and lead-time is needed to facilitate course registration and financial aid processing. For more information, contact Academic Support, 208 426-4049.

When You Are Admitted

Once admitted, you will receive notice of your admission status as well as an appointment for an orientation/advising/registration session. On the date of this appointment, you will receive important information about the University, meet with an advisor, take any necessary placement exams, select classes, and register for those classes.

Retention of Admission Records

The Admissions Office retains your admission file for five years after the date of your last attendance. If you applied for admission but never enrolled, your records are kept for two years. If you reapply to Boise State beyond these retention periods, you may be asked to furnish new application materials, such as a college transcript.

Petitions

If you do not meet the admission standards for general or provisional admission, you are encouraged to apply to Boise State as a nondegree-seeking student, explore admission to applied technology programs, or attend a community college. If you believe unusual or extraordinary circumstances prevented you from meeting the standards or the application deadline, you may petition for special consideration. To file a petition, contact the Director of Admissions Office, Administration Building, Room 107, 208 426-1177.

Questions About These Policies?

If you have questions about these policies, contact the Admissions Office, Administration Building, Room 101, 208 426-1156.

Chapter 4—Registration Policies and Procedures

This chapter discusses the process of registration, during which students meet with advisors to select courses, then register to attend those courses and (if necessary) drop or add courses after the semester has begun. Registration takes place each semester and summer session. It consists of two distinct phases: priority registration and open registration. Each offers students the opportunity to select courses before classroom instruction begins. General descriptions of both priority and open registration are provided below; specific procedures for registration are defined in the *Boise State University Schedule of Classes*.

In addition, this chapter defines the policies and procedures governing complete withdrawals from the university, faculty-initiated withdrawals, and administrative withdrawals from the university. Finally, this chapter defines policies governing credit status and audit status.

Academic and Fee Policy

Once you register for classes, you will remain registered and will be held responsible for the fees and grades assessed for these classes unless you cancel your registration even if you do not pay for the courses or do not plan to attend. If you decide not to attend any classes, you must drop all your classes (including classes and workshops that begin later in the semester) by going through BroncoWeb at <http://broncoweb.boisestate.edu> not later than the tenth day of classes. If you do not cancel your registration or pay your fees by the fee payment deadline, you will remain registered, you will be charged course fees, and you will be assessed a \$50 late penalty.

Please note: cancellation of courses may have financial aid impacts. You may be required to repay all, or a portion of, any financial aid awarded to you.

Priority Registration

If you are a continuing, degree-seeking student, you may register during priority registration, which is held in April (for the upcoming summer sessions and fall semester) and held again in November (for the upcoming spring semester). For exact dates, consult the current academic calendar or the *Boise State University Schedule of Classes*. During priority registration, students register by appointment, on BroncoWeb (<http://www.boisestate.edu> and select **BroncoWeb**), according to a schedule established by the Registrar's Office. Once appointments have been assigned, the Registrar's Office will notify you, via university e-mail, to check your appointment time on BroncoWeb. If you are a new degree-seeking student and are admitted to the university before the deadline for admission, you will be notified, by mail, of your registration appointment. Nondegree-seeking students may register at the end of priority registration for new degree-seeking students.

Open Registration

Open registration begins after the fee-payment deadline for preregistered students and runs through the tenth day of the semester. (See the *Boise State University Schedule of Classes* for specific dates.)

Registration Cancellation

Once you register for classes, you will remain registered and will be held responsible for the fees and grades assessed for these classes unless you take action to cancel your registration. If you decide not to attend classes for which you have registered you must cancel your registration by dropping all of your classes on BroncoWeb (<http://www.boisestate.edu> and select **BroncoWeb**). If you do not cancel (drop all classes) your registration or pay your fees by the cancellation deadline/fee-payment deadline, you will remain registered, you will be charged course fees, plus you will be assessed a \$50.00 late fee.

If you wish to adjust your schedule by adding or dropping a class, see instructions concerning the drop-add process. If you wish to withdraw from classes after the first day of instruction, see the instructions for Complete Withdrawal.

Credit/Audit Status

During open registration, if space in the class is available, you may register for a course under audit status; that is, you may register for the course with the

understanding that you will receive neither credit nor a grade. On your transcript, audit status indicates that you had a seat in the class, but may or may not have participated in class activities. You may change your registration status from credit to audit or audit to credit until the tenth day of the semester. Contact the BroncoWeb Help Center at 208 426-2932 to complete the process. If you fail to meet the audit requirements established by the instructor, the instructor may give you a final grade of "UAU" (Unsatisfactory Audit).

Adding Classes and Dropping Classes

For a short time at the beginning of each semester, enrolled students may add classes to their schedule or drop classes from their schedule. You may drop and add classes on BroncoWeb (<http://www.boisestate.edu> and select **BroncoWeb**). For more information about dropping or adding classes, see the *Boise State University Schedule of Classes* or call the BroncoWeb Help Center at 208 426-2932.

Before the semester begins, you may add classes to your schedule, on BroncoWeb (<http://www.boisestate.edu> and select **BroncoWeb**), without first obtaining the instructor's permission, if there is space available in the class. You may continue to add classes after the first day of classroom instruction, up until the 10th day of the semester (see the academic calendar in the *Boise State University Schedule of Classes* for the exact deadline). However, after the fifth day of the semester you must obtain the instructor's approval to add the class. Instructors may refuse to grant permission if the class is full. They may also refuse permission if your late entry would prevent you from benefitting fully from the class or would prevent other students in the class from doing so. (If you are registering for or adding an independent study, internship, or credit for prior learning, you may do so through the end of the sixth week of the semester.)

You may drop classes, on BroncoWeb (<http://www.boisestate.edu> and select **BroncoWeb**), from your schedule through the sixth week of the semester. (See the academic calendar in the *Boise State University Schedule of Classes* for the exact deadline.) If you drop a class before the tenth day of the semester, the class will not appear on your transcript. However, if you drop a class after the tenth day, your transcript will show a grade of W (for *withdrawal*) for that class. Grades of W will not be used in GPA calculation. Short courses, five week, and eight week block courses have different deadline dates. (See the academic calendar in the *Boise State University Schedule of Classes* for the exact deadline.)

Boise State University limits the number of withdrawals (W's) a student may receive while enrolled at Boise State University. If you are pursuing an associate degree, advanced technical certificate, or technical certificate, you may receive up to five W's. If you are pursuing a baccalaureate degree, you may receive up to ten W's, including any received while in an associate degree, advanced technical certificate, or technical certificate program. (W's received before fall semester 1995 are not counted toward the total allowed.) Once you have exhausted the allowed number of W's, you may receive only an A, B, C, D, P, or F in any succeeding course.

Exceptions Withdrawals from co-requisite courses that must be taken together (primarily lecture/lab courses) will count as one course for permitted withdrawal purposes. Withdrawals received as a result of a complete withdrawal from the university will not count toward the allowed total.

NOTE: The university has placed limits on the number of times you may enroll in a course. For more information, see Chapter 5 "Grades."

NOTE: If you intend to drop a class in which you have been issued university property—such as uniforms, instruments, or lab equipment—you must return the property before dropping the class. If you fail to do so, the Registrar's Office will place a hold on your record and reinstate you in the class.

Faculty-Initiated Withdrawals

An instructor can withdraw a student from a course if any of the following conditions are present:

- The student fails to attend one of the first two meetings of a class that meets more than once each week.
- The student fails to attend the first meeting of a class that meets once each week.
- The student has not satisfied the entrance requirements for the class.

Chapter 4 — Registration Policies and Procedures

To withdraw a student for **failing to attend one of the first two meetings of a class that meets more than once each week or the first meeting of a class that meets once each week**, the instructor submits a *Faculty Initiated Withdrawal* form to the Registrar's Office. Students withdrawn from a course for failing to attend these specified class meetings may re-enroll in the course with the instructor's permission through the 10th day of the semester. (See the *Boise State University Schedule of Classes* for the exact deadline.) To withdraw a student for **failing to satisfy entrance requirements**, the instructor or the department must notify the student of the impending withdrawal and then request the withdrawal through the Registrar's Office. All faculty-initiated withdrawals will be removed from the student's record and will not appear on the student's transcript.

Students should not expect that an instructor will withdraw them for nonattendance. The primary responsibility for course withdrawal rests with the student.

Complete Withdrawal from Boise State University

Students who wish to leave the University in **GOOD STANDING** (drop all courses) must drop all their classes on BroncoWeb (<http://www.boisestate.edu> and select **BroncoWeb**). If the complete withdrawal is made after the 10th day of classes and the student has not paid their fees, the student is still responsible for the entire amount of fees incurred plus a \$25.00 administrative processing fee. Applied Technology students must clear with the College of Applied Technology Student Services office, Technical building, room 111. Extended Studies students can initiate a complete withdrawal via BroncoWeb or in Extended Studies Building, 1015 Grant.

Students who are physically unable to drop their classes via BroncoWeb because of hardship or health reasons should telephone or write to the **Registrar's Office** and request an *Authorization for Complete Withdrawal*. The authorization must be completed, legally signed, and returned by the student requesting the withdrawal **within two weeks of the request and by the end of the sixth week of the semester** before the student's records can be officially closed for that semester. See refund information in the *Boise State University Schedule of Classes*.

Students who do not cancel their registration, completely withdraw prior to the end of the sixth week of the semester, or who fail to complete the course requirements by deadlines discussed previously will be awarded a final grade of "F." Complete withdrawal after the published deadline will only be granted by special appeal and because of extraordinary circumstances. See the Vice President for Student Affairs. For information on refunds of tuition and fees following a complete withdrawal, see Chapter 6, "Tuition and Fees".

Important Information Concerning Withdrawals for Students Receiving Financial Aid Students who withdraw from the University need to be aware of a federal law impacting financial aid eligibility. Complete withdrawals will result in a financial obligation by the student to return the unearned portion of any federal aid disbursed. A student will have earned aid if he or she withdraws prior to completing 60 percent of the semester. The student will have to repay Boise State for the unearned aid which had applied toward tuition and fee charges. A repayment may also be required for unearned aid disbursed directly to the student. If you are considering withdrawing from Boise State, we strongly recommend that review the information on the web at: <http://financialaid.boisestate.edu/cwd.htm>. After reviewing that information, if you still have questions, contact the Financial Aid Office.

Administrative Withdrawal from Boise State University

An administrative withdrawal is the process by which Boise State University formally withdraws a student from the university, usually without the student's consent or cooperation. Students may be administratively withdrawn for a variety of reasons, including the following:

- failing to pay library fines, overdue loans, deferred fee payments, housing accounts, or other such charges
- falsifying information on an admissions application or other university record or document
- failing to respond to an official summons issued by the university
- exhibiting behavior that constitutes a clear and present danger to themselves or to others

Administrative withdrawals due to nonpayment of financial obligations (library fines, overdue loans, deferred fees, housing accounts, etc.) will be recorded with a grade of 'W' and will appear on the student's transcript if processed after the 10th day of the semester.

Administrative withdrawals due to ineligibility to be in a course or continue in school for reasons other than nonpayment of financial obligations will not appear on the student's transcript.

Questions About These Policies?

If you have questions about these policies, contact the Registrar's Office, Administration Building, Room 102, 208 426-4249.

Chapter 5—Grades

This chapter defines the grading system used at Boise State University. In addition, this chapter contains information on probation and dismissal, as well as instructions for calculating your grade-point average (GPA). Finally, the chapter defines the university's policy on attendance and the policies governing final examinations.

Boise State University's Grading System

Boise State University uses a 4.0 grading scale. Table 5.1 lists the letter grades that instructors use to document their evaluation of your work and to document your academic status in the class. In addition, Table 5.1 defines the meaning of each letter grade and specifies the number of quality points that correspond to each grade. Quality points are used to determine your grade-point average (GPA). The procedure for calculating your GPA is described below, in "How to Calculate Your Grade-Point Average (GPA)."

Letter Grade	Meaning	Quality Points per Credit Hour	Used to Calculate GPA?
A	Distinguished work	4	Yes
B	Superior work	3	Yes
C	Average work	2	Yes
D	Below-average work	1	Yes
F	Failure	0	Yes
P	Pass: satisfactory work equivalent to C or higher; credits earned	0	No
I	Incomplete (See "Incompletes" in this chapter.)	0 (until changed to a letter grade)	No
W	Student withdrew from the course	0	No
AUD	Course was taken under audit status	0	No
UAU	Unsatisfactory Audit Did not meet requirements set by instructor	0	No
NR	No Report on Record Instructor has not yet turned in a grade	0 (until changed to a letter grade)	No
CW	Student completely withdrew from all classes that semester	0	No

How to Calculate Your Grade-Point Average (GPA)

For each student, Boise State University calculates and documents three types of grade-point average (GPA):

- cumulative GPA
- semester GPA
- Boise State University GPA

Each of the three types of GPA is calculated with the same formula: total quality points you have earned divided by the total number of GPA units you have attempted, as shown in Figure 5.1.

$\frac{\text{Total Quality Points Earned}}{\text{GPA Units Attempted}} = \text{GPA}$
--

Figure 5.1. Formula for Calculating Grade Point Average (GPA)

In calculating your *cumulative GPA*, Boise State University uses courses you have taken at the university in your current "career" and all courses you have transferred from other post-secondary institutions—but only if you received a final letter grade (A, B, C, D, or F) in those transferred courses. During any semester you can be enrolled in **one** of three possible careers — undergraduate, graduate, or applied technology.

- Courses repeated prior to Fall 1995 use a grade replacement policy. Only the most recent grade was used in calculating the cumulative GPA.
- Courses repeated Fall 1995 through Summer 2001 used a grade averaging policy. Courses repeated will be averaged, using both grades in the calculation of the GPA.)
- Beginning Fall 2001 and on, courses repeated will use a grade replacement policy. Only the most recent grade will be used in calculation of the cumulative GPA.

In calculating *semester GPA*, the formula uses only the quality points earned and GPA units attempted that semester. For *Boise State University GPA*, the formula uses only quality points earned and GPA units attempted at Boise State University in your current career.

All GPA calculations exclude credits for:

- pass/fail courses in which you received a final grade of P
- courses that you registered for but later dropped from your schedule, even though the course may appear on your transcript with a final grade of W or CW
- courses you took under audit status (AUD)(UAU)
- courses in which you have received the grade of I, for *incomplete*, or NR, for *no record* (until the I or NR is changed to a letter grade)

Incompletes

Instructors can enter a grade of I—for *incomplete*—if both of the following conditions are present:

- Your work has been satisfactory up to the last three weeks of the semester.
- Extenuating circumstances make it impossible for you to complete the course before the end of the semester.

In order to receive an incomplete, you and your instructor must write and sign a contract stipulating the work you must do and the time in which it must be completed for you to receive a grade in the class. The contract time may not exceed one year. If no grade other than incomplete has been assigned one year after the original incomplete, the grade of 'F' will automatically be assigned. The grade of 'F' may not be changed without approval of the University Appeals Committee. **You may not remove the incomplete from your transcript by re-enrolling in the class during another semester.** A grade of incomplete is excluded from GPA calculations until you receive a final grade in the course.

Dean's List

The Dean's List is a roster of undergraduate students who have received very high grades during a particular semester of full-time enrollment. To be included in the Dean's List, you must meet both of the following criteria:

- You must complete 12 or more credit hours in a given semester, excluding classes graded Pass/Fail.
- For that semester, you must attain a semester grade-point average (GPA) of 3.50 or higher.

You will receive an *Honors* designation on the Dean's List if you attain a GPA of 3.50 to 3.74; *High Honors* for a GPA of 3.75 to 3.99; and *Highest Honors* for a GPA of 4.00.

Repeating a Course

If you wish to improve your grade in a course to meet core or degree requirements, you may register to repeat a course. You may register only three times for any Boise State University course. Courses dropped within the first ten days of the semester are excluded from the three registration maximum. Also

Chapter 5 — Grades

excluded from this policy are courses that can be taken multiple times for additional credit, such as kinesiology (fitness) activity courses, private music lessons, and art studio classes. Prior Learning credits cannot be used to repeat a class already completed. If you do repeat a course, you may count toward your degree only the number of credits you would have received if you had taken the course only once. When you repeat a course, both grades appear on your transcript.

- Courses repeated prior to Fall 1995 use a grade replacement policy. Only the most recent grade was used in calculating the cumulative GPA.
- Courses repeated Fall 1995 through Summer 2001 used a grade averaging policy. Courses repeated will be averaged, using both grades in the calculation of the GPA.
- Beginning Fall 2001 and on, courses repeated will use a grade replacement policy. Only the most recent grade will be used in calculation of the cumulative GPA.

Grade Exclusion

You may petition to exclude from GPA calculation any grades earned at Boise State University or at another institution in one or two semesters in which your GPA is less than 2.0. You must meet all of the following criteria:

- You must not have been a student at any institution of higher education for at least five years, or at least eight years must have elapsed since you received the grades you wish to have excluded.
- Before applying for grade exclusion, you must complete 12 consecutive credits at Boise State University with a GPA of 2.50 or higher, or 24 consecutive credits with a GPA of 2.25 or higher.
- You have not previously been granted grade exclusion at Boise State University.

If you request grade exclusion, you must have all grades excluded in the semester or semesters chosen; you may not choose individual grades. If you wish to exclude grades from two semesters, you must petition for both semesters at the same time (on the same form). All grades, past and present, will remain on your transcript, but the excluded grades will not count toward graduation or be calculated in your GPA. **However**, all grades, including those that have been excluded, will be used to calculate graduation honors. You may receive grade exclusion only once. If you possess a post-secondary degree or certificate, you may not have any grades earned prior to receiving that degree or certificate excluded from your GPA.

Probation and Dismissal

To remain in good academic standing, you must maintain a minimum grade-point average (GPA) for the number of credits you have earned. Table 5.2, below, shows the minimum Boise State GPA you must have in relation to the total cumulative credits earned (includes both transfer and Boise State credits) for determining probation or dismissal status.

Cumulative Credits Earned (Transfer and Boise State)	Minimum Boise State Cumulative GPA BSU GPA only—Transfer GPA not included
0 to 6	1.00
7 to 32	1.60
33 to 64	1.80
65 or more	2.00

If you fail to maintain the minimum Boise State University GPA shown in Table 5.2, you are placed on probation. At the end of your next semester at Boise State University, the university reviews your record and takes one of the following actions:

- removes you from probation (if your cumulative Boise State University GPA is at or above the minimum specified in Table 5.2)
- continues your probation (if your cumulative Boise State University GPA is below the minimum specified in Table 5.2 but your semester GPA is 2.0 or higher)
- dismisses you from the university (if your cumulative Boise State University GPA is below the minimum specified in Table 5.2 and your semester GPA is below 2.0)

NOTE: If you transfer credits to Boise State University and are admitted on probation, you must attain at least a 2.0 GPA in your first semester. If you fail to do so, you will be dismissed from the university. For more information on transferring credits and admission status, see Chapter 3, “Admissions,” and Chapter 11, “Obtaining a Degree at Boise State University.”

If you leave the university while on probation, you will remain on probation when you return—even if in the meantime you have attended another institution. While on probation, you may be ineligible to receive financial aid and you may be ineligible to participate in extracurricular activities sponsored by the university. For more information on these restrictions, see Chapter 7, “Financial Aid,” and the *Boise State University Student Handbook*.

If you are dismissed from the university, you are barred from enrolling for one semester (fall or spring) after the dismissal and for one year after any subsequent dismissal. If you wish to appeal this waiting period, you must file an appeal with the University Appeals Committee. This form is available from the Registrar’s Office, Administration Building, Room 102.

Attendance Policy

You are responsible for attending courses for which you are enrolled. You are also responsible for making up any work you may have missed by failing to attend class, even if the absence was approved by the university, necessitated by illness, or necessitated by a personal emergency. In this sense, then, there are no “excused” absences. Please note, as well, that you may be automatically withdrawn from a course if you fail to attend one of the first two meetings of a class that meets more than once each week, or if you fail to attend the first meeting of a class that meets once each week (see “Faculty-Initiated Withdrawal” in Chapter 4).

Last Week of Classes

No test or examination is to be given during the last seven calendar days preceding the first day of the officially scheduled final exam period for the fall or spring semester (Please see Academic Calendar for final exam period dates) with the following exceptions:

- In lab or performance classes where it is necessary
- No take home test or exam is to be due prior to the beginning of the officially scheduled examination period although a take home final test or examination may be distributed during this time period.
- Homework, papers, problem sets, and projects may be due during this time frame

Final Examinations

Each semester, a schedule for final examinations is published in the Boise State University Schedule of Classes. This schedule defines the dates and times during which all final examinations must be scheduled. All in-class final exams must be given during the officially scheduled final examination periods. An exception to the schedule is allowed only on an individual basis with the exception to be arranged between the instructor and the student.

Questions About Grades?

If you have questions about grades, contact the Registrar’s Office, Administration Building, Room 102, 208 426-4249.

Chapter 6—Tuition and Fees

In general, the costs of attending Boise State University arise from tuition, institutional fees, and special fees (such as fees for private music lessons or laboratory classes). Your actual costs depend on how many classes you take, the type of classes you take, and your status as a resident or nonresident student. For instance, Idaho state law stipulates that Idaho residents cannot be charged tuition (the direct cost of instruction); for Idaho residents, then, the principal cost of attending Boise State University arises from institutional fees. In addition to these fees, you may also have to pay such additional charges as workshop fees or materials charges, depending on the type of classes you take. You may pay with cash, check, VISA, MasterCard, or Discover.

This chapter defines the current tuition and fees for attending Boise State University and provides other information about tuition and fees, including information on deadlines, deferred payment, the senior-citizen rate, and insurance coverage for full-time students. Also included in this chapter are some of the more commonly asked questions about Idaho residency requirements.

Deadlines for Paying Tuition, Fees, and Other Charges

You are expected to pay all tuition, fees, and other charges by the deadline specified in the current academic calendar. If you register after the deadline, you will be expected to pay all tuition, fees, and other charges when you register.

Access your student account on BroncoWeb to find out deadlines for paying tuition, fees, and other charges. **Boise State does not mail out paper statements.** Login to <http://www.boisestate.edu> and select BroncoWeb. Once you are in, select: For Students, Financial Services, and View Your Account. Please contact the Payment and Disbursement Office, Administration Building, Room 211 or call 208 426-1212 for specific fee information. Other financial information is available on the Student Financials website at <http://finad.boisestate.edu/sfs.htm>.

Deferred Payment of Tuition, Fees, and Other Charges

If you are unable to pay tuition and fees before the deadline established by the current academic calendar, you may be able to defer payment of some of your tuition and fees. To do so, however, you must be registered for two or more billable credits, and you must have no delinquent or past-due accounts with the university.

To enroll in the program, a completed IPAY contract and 1/3 of the unpaid balance of fees must be received in the Payment and Disbursement Center by the payment deadline. A \$30.00 nonrefundable application fee will be charged to use the plan. The remaining balance (including application fee) is to be paid in equal installments on or before September 25th and October 25th for the fall semester and on or before February 25th and March 25th for the spring semester.

NOTE: Delinquent balances will be assessed a late charge of 1.75% per month or \$10.00, whichever is greater, and you will forfeit any opportunity to defer payment in the future.

If financial aid arrives before your IPAY is repaid, the financial aid will be applied to the amount you still owe. This application of financial aid takes precedence over any other method of repayment. If you defer payment and then withdraw from the university, Boise State University will deduct the amount owed on your account from any refund you may be eligible to receive. You will also be charged a \$25.00 complete withdrawal fee.

For more information or to enroll in the IPAY program, visit the Payment and Disbursement Center, Administration Building, Room 211, or telephone 208 426-1212.

If your tuition, fees or other charges remain unpaid, you may be sent to an outside collection agency and will be responsible for any additional collections costs.

How Boise State University Calculates Your Tuition and Fees

When you apply for admission to Boise State University, you pay a one-time, nonrefundable fee (\$30) for processing your application. To calculate your

other tuition and fees, Boise State University uses a milestone of eight credits per semester. Once you register for 8 or more credits, you are required to pay the full tuition and fees shown in Table 6.1, below.

Table 6.1
Full Tuition and Fees, Per Semester, as of Fall, 2002
(8 credits or more)

Tuition and Fees	Resident	Nonresident
Tuition	\$0	\$3,360.00
Institutional Fees	\$1,995.00	\$1,995.00
Total (for up to 19 credits)	\$1,995.00	\$5,355.00

In determining whether you have reached the milestone of 8 credits per semester, Boise State University counts all credit hours on your registration form, including credit hours under audit status, credit hours for courses you are repeating, and credit hours for workshops. In short, nearly every combination of any type of credit hour counts toward that 8-credit milestone. Please note, also, that developmental courses (such as ENGL 90 Developmental Writing or MATH 25 Elementary Algebra) count as 3 credits each toward the 8-credit milestone, even though you earn no credits by taking the course.

Special Note: Paying full tuition and fees doesn't necessarily make you a full-time student. Instead, the university determines if you're a full-time student according to the policies defined in Chapter 2, "General Policies."

NOTE: Fees for off-campus applied technology programs may vary from on-campus applied technology programs.

NOTE: Tuition, fees, and other charges are subject to change at any time by the Idaho State Board of Education, acting as the Board of Trustees for Boise State University.

Other Fees and Charges

If you enroll for fewer than eight credits, your fees are calculated by the credit hour, as shown in Table 6.2, below. Nonresident tuition is not charged if you are enrolled in 7 credits or less.

NOTE: Fees are calculated based on the courses you are registering for.

Table 6.2
Partial Fees, Per Semester, as of Fall, 2002
(less than 8 credits)

Type of Credit	Fall or Spring Semester	Summer Session
Undergraduate	\$162.40 per credit hour	\$157.50 per credit hour
Graduate	\$199.15 per credit hour	\$194.25 per credit hour

If you enroll in private music lessons, you pay a music fee according to the schedule shown in Table 6.3, below.

Table 6.3
Fees for Private Music Lessons

2 Credits	4 Credits
\$140	\$280

These music fees may be waived, however, if you are a music major enrolled for 12 or more credits. To be eligible to receive the waiver, you must be taking the class in order to satisfy a requirement for private performance study in a B.A. or B.M. degree program. You must also be concurrently enrolled, for credit, in a major ensemble and in a concert class. You must receive a grade of C or higher in the ensemble and a grade of P (for *Pass*) in the concert class. For more information about this policy, and to apply for the waiver, contact the music department.

Senior Citizen Rate If space in a course is available, Idaho residents who are at least 60 years old may register for the course and pay \$5 per credit hour, a \$20 registration fee (per semester), and any special fees (such as for private music lessons, workshops, or laboratory fees). To register at the senior citizen rate, first apply for admission, then request the form *Idaho Senior*

Chapter 6 — Tuition and Fees

Citizen's Fee Reduction from the Payment and Disbursement Center, Administration Building, Room 211. Fill out the form according to the instructions. When you pay your registration charges, you will need to show the cashier your driver's license, birth certificate, or other proof of your age.

Refund Policy

In general, if you completely withdraw from Boise State University **on or before the tenth day of the semester**, you are eligible to receive a full refund of the money you paid to register (less a \$25.00 administrative fee). If you withdraw after the tenth day of classroom instruction, you receive no refund. No refunds for private music lessons can be granted after the first five days of classroom instruction.

NOTE: In determining whether you have met the deadline and are therefore eligible for a refund, Boise State University considers only the date on which you officially withdraw—not the date on which you stopped attending class. Please note, also, that registering late has no effect on refund deadlines; Boise State University cannot extend the deadlines to take into account a late registration. In summary, you must completely withdraw from the university no later than the tenth day of classroom instruction.

This general refund policy applies to full-time and part-time students regularly enrolled at the time of the withdrawal. However, the policy may not necessarily govern refunds for short courses, special workshops, and continuing education classes. Because refund policies for such classes may vary, you should direct any request for a refund to the academic unit or organization offering the class.

In some circumstances, you may be expecting a full refund of tuition and fees, yet receive less than the amount you have paid to Boise State University. If you owe money to the university, that money will be deducted from the refund before it is issued. Similarly, Boise State University will take a deduction from the refund check if you used financial aid to pay all or part of room-and-board costs, tuition, or registration charges. In such cases, Boise State University reimburses the government agency or other organization that furnished the financial aid. Any balance that remains is forwarded to you, usually three to four weeks after you withdraw from the university.

Information on fee appeals may be obtained in the Account Maintenance Center, Administration Building, Room 209, 208 426-2134.

Student Health Insurance Program

ATTENTION: Due to changes in State Board of Education policy, beginning Fall semester 2003 students will be required to show proof of comparable health insurance by the 10th day of classes in order to waive insurance which has been automatically assessed on the student account. Please see BroncoWeb for details.

All full-fee paying students (those enrolled in 8 or more credit hours) are covered under the university's Student Health Insurance Program, unless they complete a Student Health Insurance Declination Form and submit prior to the tenth day of the semester to the Payment and Disbursement Center, Administration Building, Room 211. The premium is included in the fee schedule for each semester except summer. Coverage begins on the first day of classroom instruction, or if the fees are paid late, on the day the fees are paid. Students are insured at home or school, while traveling, and during all vacation periods 24 hours a day for the policy period. Coverage for the fall semester begins on the first day of classroom instruction and ends on the first day of the spring semester. Spring semester benefits continue until the first day of the fall semester.

Part-time students enrolled for 3 or more credit hours may enroll in the Student Health Insurance Program by contacting the Student Health Insurance Representative at the Student Health Center, 2103 University Drive, Room 114, 208 426-2158 during the first 14 days of each semester. No billings will be sent for the insurance premium.

Dependent coverage is available to dependents of the above students. In order to purchase dependent coverage, the student must also be insured under the Student Health Insurance Program. Students may enroll their dependents by completing the Enrollment form which is attached to the brochure, and paying the premium to the Student Health Insurance Representative in the Student Health Center, 2103 University Drive, Room 114,

208 426-2158. Dependent coverage is on a voluntary basis and billings will not be sent.

Refund Policy Any student with existing health insurance coverage may be exempt from participation in the Student Health Insurance Program by completing a Student Health Insurance Declination Form and submitting the form to the Payment and Disbursement Center, Administration Building, Room 211, prior to the tenth day of the semester. Students charged for the Student Health Insurance and who have not waived the insurance prior to the tenth day of the semester, will be considered insured and will be held responsible for the related health insurance fee.

For consultation on the program, refunds, and claim procedures, contact the Insurance Representative, Insurance Office, Student Health Center, 2103 University Drive, Room 114, 208 426-2158.

NOTE: All enrolled students may obtain medical assistance or services at the Student Health Center located at 2103 University Drive, telephone 208 426-1459. The Student Health Center has no connection to the insurance program covering Boise State University students.

Idaho Residency Requirements

When you are first admitted to Boise State University, the university classifies you as either a resident student or a nonresident student, then uses this classification to determine your tuition and fees. This section briefly answers two of the most frequently asked questions about residency requirements. It is the student's responsibility to apply for residency status. Please refer to Table 6.4 for complete resident/nonresident classification information. For further information, please contact the Registrar's Office, Administration Building, Room 102, telephone 208 426-4249.

Q: When I first enter the university, what determines my residency status?

A: For the purpose of calculating tuition and fees, your status is determined by your responses to several questions on your application for admission. In general, students are considered residents of Idaho if they or their parents have resided in Idaho for 12 consecutive months before the first day of classroom instruction, and have in fact established a bona fide domicile in this state primarily for purposes other than educational.

Q: Can I appeal Boise State University's decision to classify me as a nonresident student?

A: Yes. To do so, obtain a *Residency Information Form* from the Registrar's Office, Administration Building, Room 102. Complete the form and submit it with a letter to the Residency Appeals Committee, according to the instructions provided, by the 15th day of class during the semester in which they are enrolled. Turn all paperwork into the Residency Coordinator, Registrar's Office, Administration Building, Room 102.

Questions About Tuition and Fees?

If you have questions about tuition and fees, contact the Account Maintenance Center, Administration Building, Room 209, 208 426-2134.

Questions About Student Loans?

If you have questions about existing Perkins or short term emergency loans, contact the Account Maintenance Center, Administration Building, Room 209, 208 426-2134.

Questions About Other Financial Aid?

If you have questions about financial aid, contact the Financial Aid Office, Administration Building, Room 117, 208 426-1664.

Questions About Residency Status?

If you have questions about residency status, contact the Registrar's Office, Administration Building, Room 102, 208 426-4249.

Table 6.4
Resident/Nonresident Classification Information

**Procedures to be Observed in Determining
Residency for Tuition Purposes
Boise State University**

The legal residence of a student for fee purposes is determined at the time of initial application for admission to BSU and remains unchanged in the absence of satisfactory written evidence to the contrary. The burden of proof in requesting reclassification to resident status rests with the individual in providing clear and convincing evidence of residency for tuition purposes as defined by the law. Individuals applying to change a nonresident classification made at the point of application or are requesting consideration for reclassification based upon satisfying state law criteria must follow the procedure outlined below:

1. Contact the Residency Coordinator in the Registrar's Office, Room 102, Administration Building.
2. Complete the *Residence Information Form* and return it to the Residency Coordinator with supporting documentation. A form requesting reclassification to resident status may be filed after qualifying criteria have been satisfied but no later than 15 school days after the opening of the semester for which the change in status is requested.
3. The Residency Coordinator will determine if the individual meets the criteria for residency and will notify the individual in writing of the decision.
4. The applicant may appeal the decision in writing to the Residency Appeals Committee. To file an appeal the applicant must specify in writing why they believe they have met the criteria and on what basis they should be given residency. The appeal should be turned in to the Residency Coordinator. The applicant will be notified in writing of the decision of the Residency Appeals Committee.
5. If an applicant contests the determination of the Residency Appeals Committee that the applicant is not a qualified resident, the applicant may petition the State Board of Education for review. The petition must be submitted to the President of Boise State University in writing and must set forth the applicant's reasons for contesting the decision. The President will submit the petition to the Executive Director of the Office of the state Board of Education who will determine whether the Board or the Board's designated representatives will hear the appeal. If the Board decides to hear the appeal, it will set forth the scope of review and notify the applicant of the time, date, and place of the hearing. The decision of the Board is final and binding on all parties concerned. The student must agree to the release of information to the review body and must comply with deadlines established by the institution for requesting an appeal.

**Qualifying Criteria for Establishing
Idaho Residency for Educational Purposes**

1. Have one (1) or more parent or parents or court-appointed guardians who are domiciled in the state of Idaho. To qualify under this section, the parent, parents or guardian must have maintained a bona fide domicile in the state of Idaho for at least one (1) year prior to the opening day of the term for which the student matriculates.
2. **Receive less than fifty percent (50%), or none, of your support from a parent, parents or legal guardians and have continuously resided in the state of Idaho for twelve (12) months preceding the opening day of the term during which you propose to attend BSU and have in fact established a bona fide domicile in this state primarily for purposes other than educational.** The establishment of a new domicile in Idaho by a person formerly domiciled in another state has occurred if such person is physically present in Idaho primarily for purposes other than educational for 12 consecutive months and can show satisfactory proof that such person is without a present intention to return to such other state or to acquire a domicile at some other place outside of Idaho. The determination will be based on but not limited to consideration of the following factors:
 - a. Registration and payment of Idaho taxes or fees on a motor vehicle, mobile home, travel trailer, other item of personal property for which state registration and the payment of a state tax or fees is required.
 - b. Filing of Idaho state income tax returns.
 - c. Permanent full-time employment or the hourly equivalent thereof in the state of Idaho.
 - d. Registration to vote for state elected officials in Idaho at a general election.
 - e. Purchase of a house or other real estate which is or will become your permanent residence.
 - f. Obtain Idaho driver's license or state identification card.
 - g. Establishment and duration of account records with state financial institutions.
 - h. And other similar factors indicating intent to be domiciled in Idaho.

3. Graduate from an accredited secondary school in the state of Idaho and enter BSU the term immediately following such graduation regardless of the residency for the student's parent or guardian. The individual must be a citizen of the United States of America, have permanent resident status, or hold "refugee-parolee" or "conditional entrant" status with the United States Immigration and Naturalization Service to qualify under this criteria.
4. Be married to a person who is classified, or is eligible for classification, as a resident of the state of Idaho for the purposes of attending a college or university. Request for classification under this criteria will require that a copy of the marriage certificate be filed, and the qualifying spouse may be required to submit proof of residency in the form of an affidavit.
5. Be a member of the armed forces of the United States, stationed in the state of Idaho on military orders. A certified copy of the military orders may be requested in support of this qualification for residency classification.
6. Have a parent or guardian who is a member of the armed forces and stationed in the state of Idaho on military orders, or has Idaho as their "home of record," and receive fifty percent (50%) or more of support from the parent or legal guardian. The student, while in continuous attendance, shall not lose that residency when the student's parent or guardian is transferred on military orders. A certified copy of the military orders may be requested in support of this qualification for residency classification.
7. Be separated, under honorable conditions, from the United States armed forces after at least two (2) years of service and at the time of separation designate the state of Idaho as your intended domicile or have Idaho as the home of record in service and enter a college or university in the state of Idaho within one (1) year of the date of separation. A certified copy of the DD-214 separation papers may be requested in support of this qualification for residency classification.
8. Have been domiciled in the state of Idaho, have met the qualifications for residency and have been away from the state for a period of less than one (1) calendar year and have not established legal residence elsewhere provided a twelve (12) month period of continuous residency had been established immediately prior to departure.
9. Be a member of any of the following Idaho Native American Indian tribes, regardless of current domicile. Members of the following Idaho Native American Indian tribes, whose traditional and customary tribal boundaries included portions of the state of Idaho, or whose Indian tribe was granted reserved lands within the state of Idaho: (1) Coeur d'Alene tribe; (2) Shoshone-Paiute tribes; (3) Nez Perce tribe; (4) Shoshone-Bannock tribes; (5) Kootenai tribe.

Definitions:

Resident student: Any student who meets the criteria specified in items 1 - 9 above.

Nonresident student: Any student who does not qualify as a "resident student" under the provisions of items 1-9 listed above and includes:

- A. A student attending BSU with the aid of financial assistance provided by another state or governmental unit or agency thereof, such nonresidency continuing for one (1) year after the completion of the semester for which such assistance is last provided.
- B. A person who is not a citizen of the United States of America, who does not have permanent resident status, or does not hold "refugee-parolee" or "conditional entrant" status with the United States Immigration and Naturalization Service.

Domicile: An individual's true, fixed and permanent home and place of habitation. It is the place where that individual intends to remain, and to which that individual expects to return when that individual leaves without intending to establish a new domicile elsewhere.

One (1) year: twelve (12) consecutive months immediately preceding the opening date of the term for which resident status is requested.

Armed Forces: the U.S. Army, Navy, Air Force, Marine Corps, and Coast Guard. Uniformed services such as the National Guard or other reserve force do not qualify for residency requirements.

Two (2) years of service: two (2) years of active duty service. Reserve duty status does not qualify for residency requirements.

Chapter 7—Financial Aid

Through the Financial Aid Office, Boise State University administers a comprehensive financial aid program to assist students who would otherwise be unable to attend the University. It is expected that a student, and his or her family, will first contribute to the cost of education through their own resources. Need-based aid, such as scholarships, loans, grants, and part-time employment are available to fill the gap between students' financial resources and their educational expenses.

The information contained in this publication reflects current procedures and rules affecting the delivery of financial aid. The University reserves the right to change, at any time, schedules, rules and regulations. Appropriate notice of such changes is given, whenever possible, before they become effective. More information about financial aid is available over the Web at <http://financialaid.boisestate.edu/>. General information is also available through the U.S. Department of Education's 2004/2005 Student Guide. Copies can be obtained at the Financial Aid Office, or at www.studentaid.ed.gov.

The following sections describe the eligibility requirements for receiving federal aid, the types of financial aid available at Boise State University, procedures for distributing that financial aid, and procedures for applying for financial aid. The rights and responsibilities of students who receive financial aid are included within the following information.

Eligibility Requirements

The following is a summary of the most common criteria affecting student eligibility for financial aid. Eligibility requirements are explained in more detail at <http://financialaid.boisestate.edu/aidhandbook.htm>

- Complete the *Free Application for Federal Student Aid (FAFSA)*. You are strongly encouraged to file this application over the internet at www.fafsa.ed.gov. You may use your PIN to electronically sign your application. For more information, refer to the section on "How to Apply for Federal Aid".
- Be admitted to Boise State University, and be matriculated into a degree-seeking program or a certificate program approved for financial aid.
- Classes must be added by the 10th day of the semester in order to count towards Pell eligibility.
- Maintain Satisfactory Academic Progress standards (see detail on following pages).
- Have a high school diploma, or GED. In most cases, students who have been home-schooled and have been admitted to Boise State into an approved degree or certificate program are also eligible.
- Be a U.S. citizen, permanent resident, or eligible non-citizen. Students attending Boise State on a student visa are not eligible for federal aid but may apply for scholarships or graduate assistantships.
- If you are male, you must be registered with Selective Service.
- You must not owe a repayment of any federal aid to Boise State, to any other school previously attended, or to the U.S. Department of Education.
- You must not be in default on a federal student loan.
- Submit all materials requested by the Financial Aid Office as soon as possible, but no later than the specified deadlines. Examples of requested documents include copies of federal tax returns and W-2 forms, citizenship documents, or proof of untaxed income.
- You must meet all other eligibility requirements. Please contact the Financial Aid Office if you have any questions.

Sources of Financial Aid

The foundation for financial aid is the **Federal Pell Grant**, a federal grant available to undergraduate students with documented financial need. Pell Grants range from \$400 to \$4050, though these figures are subject to change each year. If a Pell Grant is insufficient to pay your educational expenses, you may be eligible to receive other types of aid, including a **Federal Supplemental Educational Opportunity Grant (SEOG)** or a **Leveraging Education Assistance Partnership Program (LEAP) Grant**. Students who meet the priority filing deadlines are among the first to be considered for these grants. (See "How to Apply for Financial Aid" on the following page).

Available to graduate and undergraduate students with exceptional financial need, **Federal Perkins Loans** are long-term, low-interest loans that must be

repaid to the university according to federal guidelines. Repayment begins nine months after you graduate or after your enrollment drops below half-time. Table 7.1 shows estimated repayment schedules.

Table 7.1
Federal Perkins Loans Estimated Repayment Schedule
(based on 5% interest rate)

Loan Amount	Number of Payments	Monthly Payment	Total Interest	Total Amount
\$ 4,000.00	120	\$ 42.43	\$1,091.01	\$ 5,091.01
\$ 5,000.00	120	\$ 53.03	\$1,364.03	\$ 6,364.03
\$15,000.00	120	\$159.10	\$4,091.73	\$19,091.73

William D. Ford Federal Direct Loans are long-term loans available to undergraduate and graduate students who are enrolled at least half-time. There are two types of Direct Loans: subsidized and unsubsidized. Borrowers of unsubsidized loans are responsible for the interest while attending school. The Financial Aid Office will determine which loan you will receive, based on your financial need. If you receive a Direct Loan, you must complete a debt-management training session available on the Web before Boise State University releases your funds. All Direct Loan recipients must complete a Master Promissory Note, which will be valid for borrowing during subsequent semesters. In addition, you must complete an exit interview when you graduate or withdraw from the University. Repayment of a Direct Loan begins six months after you graduate or six months after your enrollment drops below half-time. Table 7.2 shows estimated repayment schedules for Direct Loans in various amounts. There are terms and conditions under which students receiving this assistance may obtain deferral of the repayment of the principal and interest of the loan for service under the Peace Corps Act (22 U.S.C.2501); service under the Domestic Volunteer Service Act of 1973 (42 U.S.C.4951); or comparable service as a volunteer for a tax-exempt organization of demonstrated effectiveness in the field of community service. Please see the exit counseling information link on the following web site for more information: <http://financialaid.boisestate.edu/loancounseling.htm>. The interest rate is variable but will not exceed 8.25%.

Table 7.2
Federal Direct Loan Estimated Repayment Schedule
(based on 8.25% interest rate)

Loan Amount	Number of Payments	Monthly Payment	Total Interest	Total Amount
\$ 2,625.00	66	\$ 50	\$ 617.00	\$ 3,242.00
\$ 5,000.00	120	\$61.00	\$ 2,359.00	\$ 7,893.00
\$10,000.00	120	\$123.00	\$ 4,717.00	\$14,717.00
\$15,000.00	120	\$184.00	\$ 7,076.00	\$22,076.00
\$25,000.00	120	\$307.00	\$11,794.00	\$36,794.00

Emergency Short-Term Loans are available to students with a minimum grade-point average of 2.00. However, these loans are made only to students who experience a significant financial emergency during the academic year and require a \$25 processing fee. The loan must be repaid within 90 days. Only one loan is given per semester. The maximum amount available is \$250. Applications are available in the Account Maintenance Office, Room 209 Administration Building.

The Federal Work-Study Program provides employment opportunities for selected undergraduate and graduate students with demonstrated financial need. The **Atwell J. Parry College Work-Study Program** also provides employment opportunities for students; however, only Idaho residents are eligible to participate in the program. The **Boise State University Work-Study Program** has limited funding available to students who are ineligible for federal or state work-study.

Scholarships

Many students finance part of their education with scholarships, which may be awarded for academic achievement, special skills, or talent, or because of the recipient's financial need. Most scholarship decisions are based on information contained in the student's admissions application, or for a continuing student, his or her academic record. However, some scholarships require a separate

application. A complete listing of scholarship information is available at <http://financialaid.boisestate.edu/scholarships>.

The university scholarship deadline is February 15 for incoming freshmen and transfer students, and March 15 for continuing students. All new freshmen and transfer students who have completed the admission application by the deadline and who have at least a 3.0 GPA will be considered. Continuing students need a 3.0 GPA to be considered.

- **Brown Honors Scholarships** offer awards of full fees plus room and board worth up to \$12,000, that is renewable for four consecutive years. Contact the Honors College for more information.
- **Department Scholarships** are available from each department. Departments set the criteria and the scholarship amounts. All students with a cumulative grade point average of at least a 3.0 will be considered. A list of departments requiring additional information is available at <http://financialaid.boisestate.edu/scholarships>.
- **Presidential and Dean's Scholarships** are available to a limited number of first year students enrolling directly from high school or first year transfer students; to be eligible, you must be an Idaho resident. Awarded for one year, these scholarships are given in recognition of outstanding academic achievement. To apply, complete the admissions application.
- **State of Idaho Scholarship Awards** are available to incoming first-year students who are Idaho residents. Applications can be obtained from high school counselors or from the Office of the Idaho State Board of Education, 650 West State Street, Boise, Idaho 83720.
- **Gem Scholarships** (in the amount of nonresident tuition) are available to new nonresident undergraduate and graduate students with strong academic records (3.0 or higher). Students must maintain a full credit load and a 3.0 GPA. Recipients of Gem Scholarships may qualify to have their awards renewed as long as they continue to make reasonable progress toward their current degree and meet the minimum GPA and credit completion requirements, checked at the end of each spring term. Simply submit all admissions materials by February 15 to be automatically considered. After February 15, or for spring semester admission, submit all admissions materials by the admission deadline for the semester you want to begin taking classes. Qualified individuals will be considered on a space-available basis. Final selection is competitive.
- **Western Undergraduate Exchange (WUE) Awards** reduce the cost of nonresident tuition for students with strong academic records (3.0 or higher) coming to Boise State from Alaska, Arizona, Colorado, Hawaii, Montana, Nevada, New Mexico, North Dakota, Oregon, South Dakota, Utah, Washington or Wyoming. Students must maintain a full credit load and a 2.0 GPA. Award recipients may qualify to have their awards renewed as long as they continue to make reasonable progress toward their current degree and meet the minimum GPA and credit completion requirements, checked at the end of each spring term. Simply submit all admissions materials by February 15 to be automatically considered. After February 15, or for spring semester admission, submit all admissions materials by the admission deadline for the semester you want to begin taking classes. Qualified individuals will be considered on a space-available basis. Final selection is competitive. More detailed information is available at <http://financialaid.boisestate.edu/scholarships>.

How to Apply for Financial Aid

1. Obtain a PIN from the U.S. Department of Education. If you applied for aid last year, your PIN should have been sent to you. If you do not have a PIN, or if you have forgotten your PIN, you may request to have one mailed to you. Please visit www.pin.ed.gov. A PIN will allow you to electronically sign your federal aid application. If you are a dependent student, your parent(s) may also obtain a PIN.
 2. **Complete the Free Application for Federal Aid (FAFSA).** You must submit the FAFSA each year to be determined eligible for most grant, loan, work-study, or need-based scholarship programs. You may use one of the following methods to apply:
 - Apply using FAFSA on the web (www.fafsa.ed.gov). Please note that unless you (and a parent, if you are a dependent student) have a PIN, you will be required to print and send a signature page within 14 days of transmitting your FAFSA.
 - Apply using renewal FAFSA on the web (also at www.fafsa.ed.gov). The renewal application is simply a FAFSA that contains most of the information you provided last year, if you applied for aid the previous year. Updating the information may be faster for you than filling out a new FAFSA. You will need your PIN to access and complete the renewal FAFSA on the web.
 3. **Apply using the paper FAFSA.** The paper FAFSA is available for students who prefer to apply by mail. However, students are warned that filing a paper FAFSA may add weeks to the time required to process your application.
- Tips in Completing the FAFSA:**
- Boise State University Title IV Code is 001616.
 - Boise State University Financial Aid address: 1910 University Dr., Boise, ID, 83725-1315.
 - Ensure that all information you provide on the application is entered correctly.
 - Provide all required signatures. If you apply electronically and do not have a PIN, you must send in the signature page within 14 days of transmitting your FAFSA.
 - Do not send tax documents or other materials with your application or signature page.
 - If you provided an e-mail address on the FAFSA, you will receive an email with a link to your Student Aid Report (SAR). If you did not provide an email address, then you will receive your SAR through the regular mail. Review your SAR and make any necessary corrections. Please note that marital status cannot be updated if it changes after filing the FAFSA.
3. **Submit Verification materials, if requested.** Certain applicants are requested to provide documents to verify information reported on the FAFSA. If you are selected for verification, the Financial Aid Office will send to you a list of required documents. Examples of requested documents include:
 - Verification Form.
 - Tax Forms. Submit a signed copy of your federal income tax return. Submit a signed copy of your spouse's federal income tax return if you are married, but your spouse filed a separate return. If you are a dependent student, submit a copy of your parents' federal income tax return. If you do not have a copy of these forms, you may request a transcript of your tax return from the Internal Revenue Service (IRS) by completing Form 4506.
 - W-2 Forms. Submit a copy of all W-2 forms corresponding to the requested tax returns. Duplicate copies of W-2 forms may be requested from your employer(s).
 4. **Be aware of the following deadlines:**
 - February 15** Deadline for incoming freshmen and transfer students to submit application materials, the FAFSA, and the supplemental scholarship application. Students who meet this deadline will be considered for scholarships, and are given priority status for federal aid programs such as the Perkins Loan, work-study, and certain grant programs with limited funding.
 - March 15** Deadline for continuing students to submit the FAFSA and the supplemental scholarship application. Students who submit the FAFSA by this date are given priority status, and are among the first to be considered for Perkins Loans, work-study, and certain grants with limited funding.
 - June 1** All documents and other information requested by the Financial Aid Office must be submitted by this date in order to retain priority status. Students who miss these deadlines may still apply for federal aid. However, processing of applications may not be completed in time for aid to be disbursed prior to the fall fee payment deadline.
 5. **Applying for Scholarships.** Most scholarship decisions are based on information contained in the student's admissions application, or for a continuing student, his or her academic record. However, some scholarships require a separate application. A complete listing of scholarship information is available at <http://financialaid.boisestate.edu/scholarships>. Need-based scholarships require a student to submit the FAFSA by the deadlines described above.
 6. **Applying for Summer Aid.** Most financial aid is awarded for use during the fall or spring semester. The University has limited financial aid available for the summer session, and not all students have remaining eligibility for summer. See <http://financialaid.boisestate.edu> and click on Timely Tips for details on applying for summer aid, deadlines, etc. Please note that your Free Application for Federal Student Aid should be submitted by April 1 for you to be considered for financial aid for summer sessions.

How Financial Aid Is Distributed

In March, the Financial Aid Office begins awarding aid for the following year. Students should check their BroncoWeb account regularly for financial aid information and updates.

Financial aid is first applied to your registration fees, University housing charges, or other standard University charges; any remaining balance is then distributed to you. During the fall and spring semesters, the remaining balance will be electronically deposited to your bank account, or a check will be mailed about one week before the start of classroom instruction. Electronic deposit of your financial aid balance checks to a checking or savings account continues throughout the semester.

Change in Enrollment

Any change in your enrollment status may affect your ability to maintain satisfactory academic progress (see "Satisfactory Academic Progress," below).

• Partial withdrawals

Adjustments may be made to your financial aid eligibility if enrollment changes after disbursement of aid has occurred. You may be required to repay a portion of the aid disbursed to you or to your account. Also, please be aware that withdrawals will negatively impact your satisfactory academic progress performance (see below).

• Complete withdrawals

In general, students receive no refund of fees if they withdraw from the university after the tenth day of classroom instruction. Federal financial aid regulations state that eligibility for aid be recalculated whenever a student withdraws from Boise State University, either officially or unofficially. The recalculation determines the amount of aid a student has "earned," by prorating according to the percent of the term completed before withdrawing. For example, a student who withdraws after completing only 30 percent of the term will have "earned" only 30 percent of original aid eligibility. A student who completes more than 60 percent of the term is considered to have "earned" 100 percent of his/her aid eligibility.

Once a student officially withdraws, the Financial Aid Office will determine if/what is owed and will provide notification of adjustments to financial aid funding. Students may be asked to provide proof of class attendances. For more information, including examples of calculations, go to <http://financialaid.boisestate.edu/cwd.htm>. If you have questions after reviewing that information please contact the Financial Aid Office.

Unofficial Withdrawals

Students who unofficially withdraw from the University, or receive a failing grade for each course within a term, may be asked to verify attendance. Students who cannot demonstrate attendance will be required to repay all financial aid received for that term.

Satisfactory Academic Progress Standards

Students applying for or receiving financial aid must make satisfactory academic progress at the University, as defined below:

- You must be enrolled in an approved degree or certificate program.
- Your BSU GPA must be maintained at a satisfactory level (that is, you cannot be on probation).
- You are allowed to attempt* no more than 150% of the credits required to complete a degree or certificate program.
- You must complete at least 75 percent of all credits attempted* at Boise State.

* For the purposes of this policy, credits attempted are defined as all classes for which a student receives a passing grade ("A", "B", "C", "D", or "P"), or an "F", "I", "W", "NR", "CW", or "IP", whereas credits completed are defined as all classes for which a student receives a passing grade.

- Developmental credits (MATH 25, ENGL 90, etc.) will be counted as credits attempted. They will also be counted as credits completed if a passing grade is received for the course.

- Repeated courses count as credits attempted during each semester the student is enrolled in the course. They will be counted once as credits completed the first time a passing grade is received for the course.
- Audit credits do NOT count either as credits attempted or completed. Audit credits do not count towards determining your financial aid eligibility.

The complete financial aid satisfactory academic progress policy is found on the web at <http://financialaid.boisestate.edu/sappolicy.htm>

In addition to the above requirements, you must satisfactorily complete at least 1 credit during any term in which you receive federal/state aid.

Satisfactory Academic Progress Review

The university reviews most financial aid files annually (at the end of spring term). Students who are in programs of one year or less are reviewed more often. In addition, the term completion portion is reviewed at the end of summer and fall. If you are not making satisfactory academic progress or do not meet the term completion requirements (as defined in the policy on the web and briefly outlined above), you will be ineligible for financial aid until you are once again making satisfactory academic progress.

Appeals

If there were extenuating circumstances impacting your ability to meet the *Satisfactory Academic Progress Standards*, you have the right to file a written appeal for temporary exemption from this policy. Examples of extenuating circumstances include the death of an immediate family member, illness or injury to the student, or similar circumstances. In filing an appeal, you must document any extenuating circumstances that prevented you from making satisfactory academic progress. If your appeal is granted, the exemption from this policy will remain in effect for only a short time (usually no longer than one semester). Appeal forms may be downloaded from the web at <http://financialaid.boisestate.edu/sappolicy.htm>.

Study Abroad

Federal financial aid is available to qualified students who wish to participate in a study abroad program approved for credit by Boise State. Students must complete the FAFSA, and meet all eligibility requirements pertaining to the federal aid programs.

International Students

If you are an international student and encounter financial difficulties, contact the International Programs Office, 1136 Euclid, (208) 426-3652. International students who are in the United States with a visa or who plan to attend Boise State with the F-1 student visa do not qualify for any type of aid program that is federally funded. International students may apply for any scholarships that are not federally funded, are not need based (do not require the FAFSA to be filed), or do not require US citizenship. Scholarship information is available on the web at <http://financialaid.boisestate.edu/scholarships/>. A limited number of nonresident tuition waivers are available. New international students should contact the International Programs Office for information about these waivers; continuing students should contact the International Admissions Office, Room 107 Administration Building, 208 426-1757.

Privacy Notice

The Financial Aid Office will release no information to your parents, your spouse, or any other individual without first obtaining your written permission. If you wish to give your permission to release this information, obtain a release form from the Financial Aid Office. For more information about the university's privacy policy, see Chapter 2, "General Policies and Procedures."

Questions About Financial Aid?

If you have questions about financial aid, contact the Financial Aid Office, Administration Building, Room 113, 208 426-1664 or 800 824-7017 or by e-mail: faquest@boisestate.edu.

Chapter 8—Student Housing

Student housing is available through the Office of Student Housing, which administers housing in the four residence halls located on campus and the five apartment complexes located within walking distance from campus. This chapter describes the student housing available at Boise State University, provides cost information for the residence halls and university apartments, and describes the assistance Boise State University provides to students seeking off-campus housing.

NOTE: If you wish to live in university housing while attending Boise State University, you must submit two applications: one for housing and another for admission to the university. If you apply for housing, the Office of Student Housing accepts your application for housing, processes the application, and accepts payment from you for housing. However, none of those actions constitutes acceptance or approval of your application for admission to the university. Likewise, being accepted for admission to the university does not mean that your application for housing has been accepted and approved.

Fair-Housing Policy

Boise State University is an equal-opportunity institution and offers its living accommodations and makes housing assignments without regard to race, color, national origin, or handicap (as provided for in Title VI and Title IX and Sections 503 and 504 of the Rehabilitation Act of 1973). Furthermore, Boise State University accepts listings of off-campus, privately-owned accommodations with the understanding that the accommodations are operated in a manner consistent with this fair-housing policy.

University Residence Halls

Altogether, the four on-campus residence halls accommodate 890 students. Of those students, most are undergraduate students living in **Chaffee Hall** (430 students) or **John B. Barnes Towers** (300 students). All residence halls have computer internet access through direct ethernet connection.

All residence hall rooms are equipped with telephone and cable television jacks. However, students are required to bring their own phone.

- **Chaffee Hall** is divided into three separate 3-story units; enclosed corridors connect the units to a common area containing a lounge, office, and recreational facility. Each floor is air conditioned, has a small informal lounge, study room, bathrooms, and laundry facilities. Two students occupy each room. The D wing of Chaffee Hall has double rooms with connecting semi-private bathrooms. Chaffee Hall also houses a computer lab.
- **John B. Barnes Towers** consists of six residential floors: the first five floors are coed only, the top floor is for women only. The carpeted and air-conditioned residence hall is equipped with study lounges, laundry facilities, and a computer lab. Four students occupy each suite. Each suite has its own bathroom.
- **Morrison Hall** and **Driscoll Hall** are both coed and nearly identical in design. Each hall contains 54 single and 13 double rooms, arranged into suites housing 7 to 12 students. Preference will be given to students who are 21 years or older for Morrison Hall. These preferences do not apply to Driscoll Hall, though applicants requesting housing in Driscoll Hall are given priority if they are students participating in the Honors College.
- **New suites opening for Fall 2004.** The new, suite-style residence halls will accommodate 336 students in mostly single rooms, arranged in suites of four to eight people that include living rooms and semi-private bathrooms.

If you wish to stay in a residence hall during semester break, the cost will be in addition to the charges covered by your housing contract. Meal service is suspended during these times.

Cost Information

When the Office of Student Housing accepts your application for housing in one of the residence halls, your contract covers room and board for one academic year, as well as the costs of local telephone service, cable TV

service, and state sales tax. Housing prices also include a nonrefundable fee of \$25 to cover the expense of student government programs and special events held in the residence halls. Table 8.1, below, lists 2003-2004 prices for housing in the residence halls, along with the meal options available.

NOTE: Students occasionally ask if they can pay a reduced rate for housing if they omit the meal option from the housing contract. However, the economics of on-campus housing require Boise State University to base its charges on both room **and** board. If you apply for on-campus housing, you must select one of the meal options shown in Table 8.1.

Table 8.1
Meal Options and 2002-2003 Prices

Options	Room Choices	
	Double	Single
Option 1: (19 meals per week, 3 each weekday and 2 on Saturday and Sunday)	\$4,513	\$5,126
Option 2: (Any 15 meals of the 19 available per week)	\$4,371	\$4,983
Option 3: (Any 10 meals of the 19 available per week)	\$4,168	\$4,780
Option 4: 135 meals and \$150 of Flex Dollars per semester	\$4,513	\$5,126
Option 5: 110 meals and \$200 of Flex Dollars per semester	\$4,371	\$4,983
Option 6: 75 meals and \$235 of Flex Dollars per semester	\$4,168	\$4,780

NOTE: When you pay your bill for housing, you pay for the meals specified in the option you have selected. However, the university cannot give you a refund for any meals you do not eat. All room and board prices and other charges are subject to change at any time by the State Board of Education, acting as Trustees for Boise State University.

Rules and Regulations Rules and regulations governing student housing are defined generally in this chapter and more specifically in the *Boise State University Student Handbook*, the *Residence Hall Contract*, and the *Residence Hall Handbook*. Housing contracts issued by the Office of Student Housing incorporate by reference all of these rules and regulations.

Housing Preferences If your application for residence hall housing is accepted, Boise State University will assign you to a room in one of the four residence halls. In doing so, Boise State University will make every effort to accommodate the preferences you have indicated on the application. However, priority is given to continuing residence hall students over new residence hall students. Room assignments are based on the date your application is received (along with the \$125.00 application fee/security deposit). If you have a roommate preference, the two of you should arrange for your applications to arrive at about the same time, so you will be about equal in priority. In any event, you should apply for housing as soon as possible, so that you can enhance your chances of receiving the accommodations you prefer. Finally, please note that the preferences you indicate on the housing contract are not themselves contractually binding, though they will be honored whenever possible.

How to Apply for Residence Hall Housing

The easiest and quickest way is to apply online at <http://housing.boisestate.edu>. You may also apply by requesting an application from the New Student Information Center, Boise State University, 1910 University Drive, Boise, ID 83725. To request an application by telephone, call 208 426-1820. Complete the application according to the instructions and return it to the Payment and Disbursement Center, Administration Building, Room 211 with the \$125.00 deposit. The residence hall application is part of the admission packet.

University Apartments

Married students, single students, and single students with children may apply to rent apartments in one of four Boise State University complexes: University Heights, University Manor, University Park, and University Village. Approximately 200 apartments are available, all within walking distance of the campus. A community center and computer lab are open to all apartment residents.

- **University Heights** and **University Manor** consist of one-bedroom and two-bedroom apartments, each of which is fully carpeted, air conditioned, and equipped with a stove and refrigerator. Coin-operated laundry facilities are located on site. Tenants pay all utilities except water, sewer, and trash.
- **University Park** consists of two-bedroom and three-bedroom apartments, each of which is fully carpeted, air conditioned, and equipped with a stove and refrigerator. Coin-operated laundry facilities are located on site. Tenants at University Park pay all utilities except water, sewer, and trash.
- **University Village** consists of two-bedroom apartments, each of which is fully carpeted, air conditioned, and equipped with a stove, refrigerator and dishwasher. Coin-operated laundry facilities are located on site. A computer lab is located at University Village. Tenants at University Village pay all utilities except water, sewer, and trash.
- **New Apartment Complex Opening for Fall 2004.** The new apartment community will house 304 residents in the west end of campus, just off University Drive across from the parking structure. The complex will include 76 four-bedroom apartments designed for single students and 100 two-bedroom family units.

Eligibility The Boise State University apartments are reserved for undergraduate students taking 8 credits or more and graduate students taking 6 credits or more. Priority is given to married students and married or single students with children. Single students without children may rent one- and two-bedroom apartments.

Cost Information Table 8.2 contains 2002-2003 monthly rental rates for units in the apartment complexes operated by Boise State University.

Table 8.2
Rental Rates Per Month (2002-2003- Prices)

Apartment Complex	Monthly Rent
University Heights: One Bedroom	\$458
Two Bedroom	\$498
University Manor: One Bedroom	\$458
Two Bedroom	\$498
University Park: Two Bedroom	\$503
Three Bedroom	\$539
University Village: Two Bedroom	\$548
NOTE: All rental rates and other charges are subject to change at any time by the State Board of Education, acting as Trustees for Boise State University.	

Applying to Rent an Apartment

You can apply to rent an apartment online at <http://housing.boisestate.edu>, by using the application in the university application packet, request an application form from the New Student Information Center, 1910 University Drive, Boise, ID 83725, 208 426-1820, or from the Office of Student Housing, Chaffee Hall, 1424 Campus Lane, Boise, ID 83706, 208 426-3986. After completing the application, return it to the Payment and Disbursement Center, Administration Building, Room 211, along with a check or money order for \$125. The university will conduct a credit check and a review of your references. If your application is accepted, Boise State University will apply the \$125 to the deposit.

Boise State University will notify you when an apartment is ready. When you move in, you must sign a month to month lease. Finally, you must pay a security/damage deposit of \$250 (minus the \$125 you enclosed with your application).

When you move out of the apartment, Boise State University deducts a \$25 processing fee from your security/damage deposit. If no damage is present, Boise State University refunds the balance of your deposit; if damage is present, some or all of your deposit may be applied to the cost of repairing the damage. You may also be liable for repair costs that exceed the amount of your deposit.

Off-Campus Student Housing

The Office of Student Housing maintains a list of houses and apartments available for rent or lease from private parties. The university does not inspect any of the listed property, and does not verify the accuracy of the listings. The university therefore assumes no responsibility for the consequences of using these lists to locate suitable housing; that responsibility lies solely with the student. The university recommends that you put in writing any agreement you reach with a landlord or property owner, specifying the obligations and expectations of each party.

Questions About Student Housing?

If you have questions about student housing, contact the Student Housing Office, Chaffee Hall, 208 426-3986.

Chapter 9—Student Services

Boise State University provides a variety of services, programs, and activities to help students obtain the maximum benefit from their university experience; most are free for currently enrolled students. Described below, these services, programs, and activities are grouped alphabetically in the following categories:

- Academic
- Family and Health
- Student Organizations
- Other Student Services

Academic

The following services are available to students seeking assistance with academic matters, from improving their writing, reading, and study skills to planning for a career.

Academic Support If you are currently enrolled but have not yet selected a major, work with an advisor in Academic Support at 2055 University Drive, 208 426-4049 for assistance in selecting courses, meeting general university requirements, and exploring academic opportunities.

Career Center For all students and Boise State graduates, the Career Center, located in the Alumni Center at 1173 University Drive, 208 426-1747, offers career counseling, assistance in selecting a major, and employment assistance (including instruction in writing resumes and cover letters), interview training, and coordinates the university's internship programs. The Career Center has an automated career-guidance system, as well as a resource library containing career-oriented publications and information about job prospects, salaries, and job descriptions. In addition to sponsoring an annual career fair and graduate/professional program day, the center maintains reference files for graduating students and, upon request, forwards copies of the files to potential employers. Graduating students and alumni can review job listings from businesses, industries, government agencies, and school districts and schedule on-campus interviews with employers. Further information is available at <http://career.boisestate.edu>.

National Student Exchange Program Involving over 175 colleges and universities, the National Student Exchange Program enables students to spend up to one year attending one of the host institutions located in the United States, Canada, Puerto Rico, the Virgin Islands, or Guam. While attending the host institution, students may pay either the current Boise State fees or in-state tuition at the host school. Credits and grades earned at the host institution are recorded at the home campus as part of the student's regular transcript. To be eligible, student must be enrolled full-time at Boise State, have sophomore or junior standing during the exchange, and have a minimum grade-point average of 2.5. Additional information and application materials may be obtained from the National Student Exchange, International Programs Office, 208 426-3652.

New Student Information Center An arm of the Admissions Office, the New Student Information Center, located at the northeast entrance of the Student Union Building, 208 426-1820, provides information to prospective students. You may contact the center for information on admission, campus visits, housing, financial aid, and special programs for prospective students.

Orientation Before and during your first semester at Boise State University, all new freshman, returning and transfer students participate in the academic and social events offered by the offices of Orientation, Academic Support, and Student Activities. The events are designed to assist new students in making the transition into the university community as a successful student. Orientation includes advising and registration for classes and academic and social events. There is a positive correlation with student success and new student orientation programs. For more information, call 208 426-1679.

Student Success Classes A variety of student success classes are offered to all students at Boise State. These courses are developed to provide students with information and experiences promoting academic success. Nationwide, students who participate in such courses have a higher graduation rate than those who do not. Following is a list of student success classes at Boise State University. For more information contact Academic Support, 208 426-4049.

UNIV 101 FRESHMAN SEMINAR (V-0-V). Students will develop life skills and attitudes needed to achieve educational and personal goals. Exploration of university resources,

services, and policies. 10-hour service-learning component required in 3-credit hour sections. May not be repeated for credit. PREREQ: Freshmen only.

UNIV 105 READING AND STUDY STRATEGIES (1-2-2)(F/S). Strategies included: reading, textbooks, selecting key information from various types of text, note taking, preparing for tests, and test taking. (Pass/Fail).

UNIV 106 LIBRARY SKILLS (0-2-1)(F/S). Designed to assist students in gaining proficiency in use of both computerized and printed library materials. Independent, self-paced course. (Pass/Fail).

UNIV 108 CAREER AND LIFE PLANNING (3-0-3)(F/S). Designed to assist students in knowing self, the world of work, identifying resources, career planning, and proposed implementation of career and life plans. (Pass/Fail).

Test Preparation Assisting students to prepare for graduate school is the focus of short courses on the Graduate Records Exam (GRE) and the Graduate Management Admissions Test (GMAT) offered by Boise State University Extended Studies, 208 426-3492.

Tutorial Services Tutorial Services, located in the Gateway Center for Academic Support, 2055 University Drive, provides tutoring services to complement classroom instruction in university core math and science courses. Currently enrolled students are eligible to receive tutoring through campus drop-in centers or tutor-led study groups. A variety of academic skill building workshops are available free of charge throughout the year. Check the website for dates and how to register. The study skills resource center also provides students with a place to study and improve skills necessary for academic success. If you wish to hire a private tutor, a list of qualified tutors is posted on the website. Tutors are advanced students recommended by their academic departments who have earned an overall grade-point average of 3.0 and at least a B in the courses they tutor.

- Current tutor schedules and workshops are posted on the Tutorial Services Web site. <http://tutoring.boisestate.edu>
- The Math Tutoring Centers are located in the Math/Geosciences Building, Room 243 and The Ed Peterson Learning Center, Pavilion.

Writing Center The Writing Center is a free service open to all students enrolled at Boise State, a place where you can find support for your writing efforts in any subject. You may either walk in for an appointment or call and schedule one ahead of time. We're located in the Liberal Arts Building, Room 200, and our phone number is 208 426-1298. Our normal hours:

- Monday through Thursday, 9:00 a.m. to 6:00 p.m.
- Friday, 9:00 a.m. to 4:00 p.m.
- For evening and weekend hours, please call.

To make the best use of the Writing Center, please bring the piece of writing that you are working on and a copy of the assignment (if possible). If you have no draft because you are having trouble getting started, come anyway. A consultant can help you generate ideas.

Check the Writing Center's website <http://www.boisestate.edu/wcenter> for more information about us. You'll find a list of our policies as well as a host of other online writing resources.

Family and Health

The organizations listed below offer services related to family and health, from counseling and testing to child care and medical treatment.

Children's Center The University Children's Center provides care for children of students enrolled for six or more credits. Operating hours are 7:00 a.m. – 5:30 p.m., five days a week during fall and spring semesters and ten weeks of summer session. Care is provided for children six weeks – five years of age. It is located at the corner of Beacon and Oakland Streets. The Center is licensed through the City of Boise and accredited through the National Academy of Early Childhood Programs. For more information and rates telephone 208 426-4404.

Counseling Services The Counseling Services primary purpose is to help students deal more effectively with concerns that influence their pursuit of personal and academic goals. The Counseling Services is staffed with psychologists, counselors, para-professionals, and graduate counseling students. Services range from individual counseling and crisis intervention to workshops and classes aimed at enhancing the overall learning environment at

Chapter 9 — Student Services

Boise State University. In particular, the Counseling Services assists students in resolving such matters as interpersonal conflicts, test anxiety, stress-related problems, depression, couple's concerns, and social and emotional problems. Counseling services are free to all students. To make an appointment, call 208 426-1601 or 426-1661 between 8:00 a.m. and 5:00 p.m., Monday through Friday, or stop by the Counseling Services (sixth floor of the Education Building).

Health/Medical Services All students may receive outpatient medical care at the Health and Wellness Center, located at 2103 University Drive, 208 426-1459. The Health Center is equipped to address most of the student's outpatient health care needs, and makes referrals to community providers for more specialized tests and procedures. Primary clinical care services are student-focused, accessible and affordable. Emphasis is placed upon early screening and prevention, and empowering students with self care knowledge and skills. Costs are covered through student fees, but additional fee for service charges are incurred for laboratory tests, medications, and specialized procedures. Students are financially responsible for any services received outside of the Health Center. Located directly across University Drive from the Public Affairs/Arts West Building, the clinic is open from 8:00 a.m. to 5:00 p.m., Monday and Wednesday through Friday, and 9:00 a.m. to 5:00 p.m. on Tuesday whenever classes are in session. Summer hours are 8:00 a.m. to 2:30 p.m., Monday through Thursday, and 8:00 a.m. to 12:00 noon on Friday when classes are in session. Students not enrolled in summer school, but who were full-fee paying during spring semester are eligible for summer services for a minimal cost. Part-time students may also use the Health Center during the academic year for a fee for services and miscellaneous lab and medication costs.

Student Health Insurance Plan (SHIP) The Health, Wellness, and Counseling Services also coordinates the university-sponsored SHIP program. SHIP provides supplemental health care coverage for students, seamlessly integrating campus primary care services with community specialty care, emergency services, and hospitalization. SHIP also educates students on how to be savvy consumers of health care, focusing on how to effectively access and utilize all health-related services and insurance/financing options.

Insurance Coverage All full-fee-paying students (those enrolled for 8 or more credit hours) are automatically covered by the health insurance program on the first day of classroom instruction or the day fees are paid (if the student is paying late). Students are insured at home or school, while traveling, and during all vacation periods 24 hours a day for the policy period. Coverage for the fall semester begins on the first day of classroom instruction and ends on the first day of the spring semester. Spring semester benefits continue to the beginning of the fall term. Student health insurance benefits are available to dependents and to part-time students who pay less than full fees but are enrolled in at least three credit hours each semester.

Refund Policy Any student with existing health insurance that provides comparable coverage may be exempt from participating in the SHIP program by completing and submitting a **Declination of Coverage** form by the tenth day of classes. The declination form MUST be turned in to the Payment & Disbursement office Administration Building, room 211 by that date. Forms are located on BroncoWeb or in the SHIP office. For questions please call 208 426-2134 or email sfinfo@boisestate.edu.

All students enrolled at Boise State University are eligible for medical assistance or service from the Health, Wellness, and Counseling Services with or without health insurance coverage.

Boise State University carries liability insurance covering all on-campus and official functions.

Wellness/Health Promotion Services Health promotion focuses on primary prevention, implementing proven population-based risk reduction strategies for a diverse student population. Programming focuses on the overall education of students in the areas of lifestyle and behavior change that promote physical, psychological, spiritual, and social health. Resources are available to all students on-line and in the Health and Wellness Center and the Recreation Center on campus.

Student Activities

Boise State University offers students the opportunity to participate in over 160 student organizations. Such organizations represent the interests and concerns

of a broad spectrum of special-interest groups, from music lovers to rodeo fans. In addition, honorary and professional societies are well-represented on campus, with student chapters for nearly every field of study.

Among the services funded by student fees are the *Arbiter* (the student newspaper) and the Volunteer Services Board (Community Service). In addition, the Student Programs Board presents a variety of performing-arts events, lectures, concerts, comedians, films, special events, and family activities. For additional information call Student Activities at 208 426-1223.

Student Government The Associated Students of Boise State University (ASBSU) strives to represent the interests of all Boise State University students and to encourage student participation in university life. The ASBSU Executive Branch is composed of the president, who acts as the voice and representative of the students; and the vice-president, who is the chief officer of the ASBSU Senate. The ASBSU Senate develops and coordinates ASBSU-sponsored activities, passes legislation for the general welfare of all students, and grants funds to officially recognized student organizations. The ASBSU Judiciary approves recognition of student organizations and determines the constitutionality of questions brought before it. Other advisory and governing boards serve as forums for student comment on vital policy and administrative decisions that affect the ASBSU and the university. For additional information on student organizations and student government, call the ASBSU Office at 208 426-1440.

Student Government Courses Students who are currently serving in major student government offices may participate in independent study in student government. This study will be coordinated by the vice president for student affairs and may be taken in any department of the college (provided that an instructor is willing to direct the study). Credits may not exceed three in any one semester or six in one academic year. A maximum of nine credits in all independent study will be accepted toward graduation. To receive credit for this study you must complete an *Application for Independent Study* form and register for:

STUDGOV 188, 496 STUDENT GOVERNMENT INDEPENDENT STUDY (1-3 credits)

Other Student Services

Listed below are a number of services and programs provided to students, staff, and faculty, including services offered by the Student Services Office, the Veterans Services Office, and the Women's Center.

Cultural Center Located in the Student Union Building Annex II, 208 426-4259, the Cultural Center is a place where students can meet in a relaxed, friendly atmosphere. The Cultural Center promotes cultural diversity and appreciation through campus-wide cultural awareness programs and through the support of Boise State University's ethnic organizations' festivals and events. The Cultural Center also provides a forum for workshops aimed at helping students learn the skills they need for a successful experience at Boise State University.

The Dean of Students is located in the Administration Building, Room 210, 208 426-1418. The Office provides support and service to students who need clarification and advice regarding a wide range of issues or problems. Service is provided in an atmosphere of confidentiality and concern.

The Dean of Students along with the other office staff provide the resources for students to work through issues including academic concerns, personal concerns, personal and family emergencies, and formal grievance procedures. Assistance in understanding and navigating University academic and appeal policies and procedures is also provided. Personalized referrals to other University resources and services is key to providing proactive and comprehensive advocacy to students.

Disabilities Services Office is responsible for providing support services that enable all students with disabilities to participate in Boise State University's educational programs and activities. Provides students, faculty, and staff with information about specific disabilities. The office consists of the Special Services Coordinator and the Learning Disabilities Specialist. Among the services provided are:

- student advocacy
- screening interviews

- referrals to local diagnosticians and community services
- accommodation letters for instructors
- information and orientation to the university
- registration assistance
- interpreter and reading services
- help setting up note taking services
- testing accommodations
- various other support services

In addition, a limited amount of equipment is available for temporary use by students with disabilities, including a TTY, modified computer terminals, talking spell checkers, and FM loop hearing systems. Other equipment is available at the Albertsons Library, including a Braille typewriter, Braille dictionary, a Talking Book player, and various reading accessories.

Student Conduct Program Boise State is committed to maintaining a strong, academically honest environment, free from harassing and disruptive behavior. The Student Conduct Program serves as the central coordinating office for students who violate University student conduct regulations. For further information please call 426-1583 or visit www2.boisestate.edu/studentconduct.

International Students The International Programs Office, located at 1136 Euclid Avenue, 208 426-3652 advises all international students, assisting with orientation, immigration regulations, visa issues, and cultural adjustment. Upon arrival in Boise, new international students must report to the International Programs Office and attend the international student orientation. This office serves as a central source of information for all international students.

Coordinator of Services for Diverse Students Provides academic support, services, and resources across campus and to the greater community of Boise. Works with diverse 'at risk', and disadvantaged students. Services include information on academic requirements, self-development, academic advising, diversity training and intervention, as well as advocacy. A primary objective is to promote awareness, understanding, and cooperation among students, faculty, and staff and encourage an appreciation for diversity in general. Located in the Gateway Center for Academic Support, 2055 University Drive, 208 426-4049.

Student Employment Currently registered, part-time and full-time students are eligible for referral to on- and off-campus employers. Part-time, full-time, temporary, and seasonal positions are available. Both skilled and unskilled jobs are available. This service is available at the Career Center in the Alumni Center at 1173 University Drive, 208 425-1747. Further information is available at <http://career.boisestate.edu>.

Student Success Program The Student Success Program provides individualized counseling and tutoring services to students who are low-income or first-generation college students, or who have a documented disability. The counseling services assist students with their academic, career, financial, and personal needs. Qualified tutors provide one-to-one or small-group tutoring in various academic areas. The Student Success Program is located at 1885 University Drive, across from the Administration Building, 208 426-3583.

Veterans Services The Veterans Services Office, located in the Administration Building, Room 111, 208 426-3744, provides counseling assistance to all of Idaho's armed forces veterans, National Guard members and reservists, as well as dependents who qualify. Peer counselors assist student veterans and dependents with Veterans Administration educational benefits, individual educational goals, and admission requirements. Tutorial and work-study programs for veterans and dependents are also coordinated through the Veterans Services Office.

Women's Center The Women's Center empowers students to achieve their goals and promotes social change by providing educational outreach, support services, and a safe place. Services include a mentoring program for "non-traditional" women students, support groups, educational workshops, academic internships, a resource lending library, supportive referrals, a single parents club, publication of a monthly newsletter, and sexual assault crisis response. The center sponsors educational programs such as Eve Ensler's play, *The Vagina Monologues*, Women's History month activities, and violence prevention initiatives. For a full list of programs and services visit the website at <http://womenscenter.boisestate.edu> or stop by the center, located at the corner of Lincoln and University Drive, 208 426-4259.

Chapter 10—Obtaining a Degree at Boise State University

Table 10.1 lists the types of degrees and certificates offered at Boise State University. Table 11.1 lists the degrees, majors, minors, certificates, and transfer programs offered at Boise State University, arranged by the program of study in which the degree, major, minor, certificate, or transfer program is available.

Table 10.1 Types of Degrees and Certificates Offered at Boise State University

Code	Description	Code	Description

Ed.D.	Doctor of Education	T.C.	Technical Certificate (Applied Technology)
M.A.	Master of Arts		

Undergraduate degrees available at Boise State fall into one of two categories: *associate degrees* and *baccalaureate degrees* (also known as *bachelor degrees*). Both degrees are academic titles granted to students who have completed a specific course of study; that particular course of study constitutes a *major* (for example, accountancy, biology, or English). Depending on the major you choose, you will receive one of the many degrees offered by Boise State. For instance, if you major in biology, you will receive a bachelor of science degree. If you major in English, you will receive a bachelor of arts degree. If you major in child care and development, you will receive an associate of applied science degree.

Traditionally, obtaining a baccalaureate degree has required four years or more of full-time study, while obtaining an associate degree has usually required two or more years of full-time study.

This chapter defines the minimum credit requirements for each degree available at Boise State, as well as general policies applying to all degrees. After reading this chapter, you should turn to Chapter 12, “Academic Departments and Courses,” where you will find additional requirements you must meet in order to obtain a degree. These additional requirements (known as *major requirements*) are specified by the department or interdisciplinary program responsible for the degree you wish to obtain. From time to time, as your academic work progresses, review this chapter and other relevant sections of the catalog to verify that you are making satisfactory progress toward your academic goals and that you are meeting all the requirements for the degree you seek.

In addition to the information contained in this catalog, you can receive information and assistance from your academic advisor. Use this opportunity to consult your advisor about your academic goals and your plans for achieving them. If you have selected a major, you will work with an advisor in the academic department responsible for your major. If you have not selected a major, you will work with an advisor from the Academic Advising Center, Gateway Center, 2055 University Drive, 208 426-3664.

Academic and Career Advising

Academic and career advising are the processes by which students receive help in forming their educational and career goals and planning ways to achieve them. Based on students’ individual circumstances, personal development and skills, advisors provide information and support and foster a sense of responsibility in students to achieve their own goals. Academic and career advising at Boise State University are integrated because there is a strong relationship for most students between their educational and career goals. Boise State University is proactive about assisting students to explore this relationship for themselves and about raising awareness of the need for both academic and career planning throughout students’ programs of study. Academic and career advising include:

- Ongoing contact with an informed and supportive representative of the campus community
- Degree planning, including introduction to and explanation of academic requirements, policies and procedures

- Exploration of necessary skills
- Referral to campus resources
- Career exploration, information and preparation

Most advisors are faculty members, although some departments also employ professional and peer advisors. In most cases, once you have selected a major, you will work with a faculty advisor from your department. Advisor assignments are handled differently in each department and to get accurate information, you must contact the department directly regarding advisor selection and appointment scheduling.

If you have not selected a major, you will work with an advisor in Academic Support, 2055 University Drive. If you are a freshman, sophomore or new transfer student majoring in any business program, you will work with an advisor from the College of Business and Economics Student Services Center, located in the Business Building, Room 107. If you are interested in any program in the Larry G. Selland College of Applied Technology, contact the Larry G. Selland College of Applied Technology Student Services, Technical Services Building, Room 101.

Boise State encourages you to seek academic advising whenever you have questions about academic planning.

General Degree Requirements

To obtain an **associate degree**, you must successfully complete the number of credits specified for that degree (see “Credit Requirements for Various Degrees,” below). You must complete the final 15 of your last 18 credits at Boise State. In addition, you must:

- meet the English Composition Requirement (except for some majors)
- meet the Mathematics Requirement (except for some majors)
- complete a specified number of *core courses* (defined below), receiving a grade of C or higher in each course
- attain a cumulative grade-point average (GPA) of 2.0 or higher
- complete all other requirements specified by the program or department offering the degree
- apply for graduation

To obtain a **baccalaureate degree**, you must complete a minimum of 128 credits. Of those 128 credits, at least 40 must be in upper-division courses (courses numbered 300 or higher). You must complete 30 of your last 36 credits at Boise State. In addition, you must:

- meet the English Composition Requirement (defined below)
- meet the Mathematics Requirement (defined below)
- complete a specified number of *core courses* (defined below), receiving a grade of C or higher in each course
- attain a cumulative grade-point average (GPA) of 2.0 or higher and meet any other grade requirements stipulated for your major
- attain a grade of C or higher in all upper-division courses required by your major

- complete all major requirements specified by the program or department offering the degree
- apply for graduation

English Composition Requirement

Because the ability to read, write, and think critically are characteristics of an educated person, Boise State University requires students to demonstrate proficiency in English. All students seeking a baccalaureate degree—and, with a few exceptions, those seeking an associate degree—must either complete six credits in English composition or demonstrate English proficiency in one of several other ways.

The English Composition Requirement is administered by the Writing Program Office within the English Department. Call the Writing Program Office at 208 426-1622 or 426-4209 if you have questions about this requirement.

How to Meet the English Composition Course Requirement

In order to satisfy the English Composition Requirement, you must successfully complete with a grade of C or higher one of the following sequences:

- ENGL 101 and ENGL 102 English Composition
- ENGL 101 and ENGL 112 Honors Composition

or earn test score credit based on the ACT, SAT, or COMPASS exams as indicated in Table 10.2.

You may also need to take ENGL 90 Developmental Writing, if your placement score so indicates. You may wish to take ENGL 90 if you feel that your previous writing experience has been inadequate, even if your placement score indicates that you are eligible to take ENGL 101.

NOTE: ENGL 90 carries no academic credit, but is equivalent to 3 credits for purposes of computing fees and determining eligibility for financial aid. To take ENGL 90 you do not need a placement score.

The course sequence you take depends on your score on the English portion of the ACT, SAT, or COMPASS as indicated in Table 10.2.

Table 10.2
Course Placement or Sequence for Meeting the English Composition Course Requirement

ACT* English	SAT* Verbal	COMPASS*	SEQUENCE INDICATED
0-17	200-440	0-67	Take ENGL 90, then ENGL 101 and ENGL 102
18-24	450-560	68-94	Take ENGL 101, then ENGL 102
25-30	570-690	95-99	3 credits (P) for ENGL 101 and placement in ENGL 102
31-36	700-800		Credit (P) for both ENGL 101 and ENGL 102 (6 total credits)

NOTE: The COMPASS does **NOT** give credit for ENGL 102.

International Students If English is not your native language, you must take the **Michigan Exam** instead of the COMPASS exam to determine what courses you should take; see the *Schedule of Classes* for details.

Transfer Students If you have transferred English composition courses from another institution to Boise State, the Registrar's Office will determine whether your courses satisfy all or part of the English Composition Course Requirement. If your courses do not transfer as equivalent to ENGL 101 (and/or ENGL 102), call the English Writing Program office at 208 426-4209.

Mathematics Requirement

Because the ability to think quantitatively is a characteristic of an educated person, Boise State University requires students to demonstrate proficiency in mathematics. All students seeking a baccalaureate degree—and, with a few exceptions, those seeking an associate degree—must complete 3-5 credits in mathematics.

Mathematics and Computer Science Placement Exam Policy

NOTE: ACT/SAT/COMPASS are for placement only. All students must take a mathematics course; the placement tests do not waive the mathematics requirement.

Placement Exams: Boise State uses an “adaptive” computerized exam that covers up to four areas of mathematics (pre-algebra, algebra, college algebra, and trigonometry). The areas covered will depend on your background and your performance as the exam proceeds.

The exam is untimed and the number of questions you will be given will vary due to the adaptive nature of the exam, but you should generally allow about an hour. Your exam will be scored immediately and you will be given a printout of your results telling you which classes you are permitted to take.

An exam fee is payable in the Payment and Disbursement Center, Administration Building, Room 211, prior to taking the test. Bring the fee receipt and **photo ID** (required) to the lab. You may take the exam **at most twice** during a given semester, and results are valid for placement **only for the designated semester**.

Prerequisite Courses: You may be exempt from the placement exam if you have taken an appropriate prerequisite course. The following table groups the courses for which placement exams are given into four categories. You may take a course in a given category if you have received a C or higher in either the prerequisite course listed for that category, or another course in the same or higher numbered category.

Table 10.3

Category	Courses in Category	Prerequisite
1	COMPSCI 115, MATH 108, MATH 124, MATH 130	MATH 25
2	COMPSCI 119, MATH 143, MATH 147, MATH 157, MATH 254	MATH 108
3	MATH 144, MATH 160, MATH 187	MATH 143
4	COMPSCI 117, COMPSCI 125, MATH 170	MATH 147

Transfer students will need to contact the department to determine whether transfer courses not equivalent to a Boise State course will count as prerequisites for placement purposes.

Scores on the Mathematics portion of the ACT or SAT may be used for placement, but if in doubt, you should take the placement exam.

University Core Requirements for Baccalaureate Degrees

Requirements for baccalaureate degrees are fulfilled by taking a combination of *core* courses, courses in the student's *major* (a primary field of study, such as history or philosophy), and *electives* (additional courses falling outside the major that count toward the total number of credit hours required for the degree). Core courses provide students with a broad educational experience that provides a foundation and wider context for more advanced study in the major field.

Philosophy of the Core

The general-education core curriculum is fundamental to Boise State's mission. Preparing educated, literate people for careers and participation in society is accomplished, in part, as students gain foundational knowledge in English, the arts and humanities, social sciences, and natural sciences and mathematics. This breadth of knowledge in a variety of disciplines is essential for people living in a constantly changing world, for knowledge alone is not enough; students must also acquire certain skills while completing their general-education requirements. Critical thinking and problem-solving strategies, communication skills in a variety of modes and contexts, and an awareness of diverse intellectual and cultural perspectives are all outcomes achieved by successful students. Acquiring these skills and others enables students to become educated citizens who will actively contribute to and participate in society.

Learning Outcomes of the Core Curriculum

The faculty of Boise State University have identified learning outcomes for the core curriculum. Specific learning outcomes for each course are listed in course syllabi for core courses, while general learning outcomes for the overall core experience are defined below. Critical thinking and problem-solving strategies vary from discipline to discipline and from one context to another. However, graduating students are expected to be able to do at least the following effectively, in a variety of subject matters and contexts:

Critical Thinking/Problem Solving Skills

- clearly identify and analyze a problem; identify possible solutions
- distinguish questions of fact from questions of value and explain the interrelationship between the two
- employ, analyze, and evaluate arguments in terms of argument assumptions and logical structure
- employ, analyze, and evaluate both qualitative and quantitative methods of reasoning

Communication Skills

Appropriate modes and strategies of communication also differ from discipline to discipline and from context to context, but graduating students are expected to be able to do at least the following effectively, in a variety of subject matters and contexts:

- read, interpret, analyze, and evaluate written discourse
- write clearly and appropriately for a variety of purposes and for different audiences
- employ speaking, listening, and interpersonal communication skills appropriate to various rhetorical situations
- interpret, analyze, and evaluate spoken discourse
- identify and make appropriate use of information sources in both written and spoken discourse

Cultural Perspective

As a result of their university education, graduating students are expected to be able to do at least the following with regard to cultural perspective:

- explain their own cultural perspective and make meaningful comparisons between it and other cultural perspectives
- demonstrate reflective self-awareness with regard to their own individual perspectives and values and make meaningful comparisons between these and the perspectives and values of others
- make meaningful comparisons between the creative accomplishments of their own and other cultures
- recognize and understand the choices and responsibilities of involved citizenship

Breadth of Knowledge and Intellectual Perspective

As a result of satisfying general-education core requirements, graduating students are expected to have demonstrated the ability to do at least the following, at the introductory level, in relation to a sampling of fields of study in the arts and humanities, the social sciences, and mathematics and the natural sciences:

- articulate relevant basic assumptions, concepts, theoretical constructs, and factual information
- understand and apply relevant discipline-specific methodologies and strategies of inquiry
- apply appropriate critical-thinking/problem-solving skills and communication skills in discipline-specific contexts
- identify some of the fundamental similarities and differences between different fields of study
- appreciate the complexity and multiplicity of methods and standards of inquiry, as well as the diversity of opinion among informed inquirers within and among different fields of study

Because core courses serve as a foundation for specialized work and can enhance your understanding of your chosen major, you should work carefully with your advisor to select appropriate core courses. Specific educational objectives for each degree and certificate program are available on the Boise

State Institutional Assessment web site (<http://www.boisestate.edu/assessmt/>) and on the web sites of individual programs.

NOTE: Core courses deemed crucial to a particular discipline are often incorporated into the major requirements within the discipline. For example, the mathematics department requires its majors to take MATH 170 Calculus I, and MATH 175 Calculus II – courses that also satisfy Area III core requirements. If you carefully compare the core requirements with the requirements for your major, you may find that certain core courses will count toward both requirements.

Tables 10.4, 10.5, and 10.6 list the approved courses offered at Boise State in Areas I, II, and III. Each area is further divided into courses offered in various fields of study. For example, Area I includes art, music, and philosophy among its fields of study. Each degree requires that you complete a certain number of core courses; in addition, each degree specifies the distribution of those core courses among Area I, Area II, and Area III. The following section, "Credit Requirements for Various Degrees," defines the core requirements for various types of degrees, including the core requirements associated with each degree.

If you are a transfer student, you may be exempt from some specific requirements identified here. For more information, see "Transferring Credits to Boise State," on page 45.

Course Prerequisite

A *prerequisite* is a course (or courses) that you must have successfully completed before you can enroll in another course. For instance, before you can enroll in SPAN 102 Elementary Spanish II, you must first have completed SPAN 101 Elementary Spanish I. If a course has a prerequisite, the prerequisite is listed in Chapter 12, “Academic Departments and Courses” or in the *Schedule of Classes*.

Students must complete prerequisites listed in the catalog descriptions or *Schedule of Classes* with a grade of “C” or higher prior to enrolling in the course. Requests to waive certain course prerequisites may be approved by the department offering the course. Requests must be justified on the basis of background, education, or experience.

Admission to Upper Division

To enroll in upper-division courses (those numbered 300 to 499), you must have completed all course prerequisites and have met all other requirements of your department or college. In most instances, you must also have attained junior standing. If you are a sophomore, you may enroll in upper-division courses with the permission of the department, provided that you have completed all course prerequisites. Some academic programs require students to be formally admitted to the major before they may enroll in upper-division courses. To determine if this policy applies to your major, consult the requirements specified for your major in Chapter 12, “Academic Departments and Courses.”

Credit Requirements for Various Degrees

Tables 10.7 through 10.19 define the minimum credit requirements for each degree offered at Boise State University.

— continued —

Minimum Requirements for B.A.S. Degree (continued)

Area of Emphasis	Of the required 34 upper-division hours, a minimum of 15 credits must be in one area of emphasis OR a minimum of 18 credits with 9 credits in each of two areas of emphasis OR a minimum of 15 credits interdisciplinary. (Students must see their advisors for approved areas of emphasis.)	15-18
Upper-division Electives	Upper-division courses to total 34 credits (Up to 6 credits may come from BASCI 493, or other approved internship options.	16-19
Technical Education	40 credits in technical education courses	40
Electives	Electives to total 128 credits (May be technical or academic credits not otherwise counted. Up to three credits may come from KIN-ACT courses)	2-4

To be admitted to the program leading to a B.A.S., you must be a graduate of a technical program meeting Idaho standards for the A.A.S. degree. Furthermore, the technical program must be accredited by a regional accrediting body recognized by the Council of Postsecondary Education. Exceptions to these policies must be reviewed by the Program Director of the Bachelor of Applied Science program.

Chapter 10 — Obtaining a Degree at Boise State University

Minimum Requirements for A.S. Degree (continued)

Area II or III Electives	These courses do not have to be selected from the approved core list, but are to be chosen from anthropology, biology, chemistry, communication, criminal justice administration, economics, education, engineering, geography, geology, history, mathematics, physical science, physics, political science, psychology, social work, and sociology.	9
Electives	Electives to total 64 credits	12-14
Education (EDUC/TEACH-ED) and Social Work (SOCWRK) courses cannot be used to meet the statewide articulation agreement requirements in Area II. This program does comply with the Idaho Statewide Articulation Policy. *The A.S. degrees awarded in criminal justice administration, nursing, health information technology, and radiologic sciences do not meet the university core requirements and do not comply with the Idaho Statewide Articulation Policy.		

**Table 10.16
Minimum Credit Requirements for the
Associate of Arts Degree (A.A., Social Science)**

Content	Notes	Credits
ENGL 101-102	English Composition See "How to Meet the English Composition Requirement" (above).	6
Area I	Area I core course in literature	3
	Area I core course in a second field	3
	Area I core course in a third field	3
	Area I core course in any field	3
Area II	Area II core course in history	3
	Area II core course in a second field	3
	Area II core course in a third field	3
	Area II core course in any field	3
Area III	Area III core course in mathematics	3-5
	Area III core courses 12 credits are recommended	4
Major Requirements	Social Science These courses are in addition to those listed under Area II and should include a fourth field. SOC 210 Computer Applications in Social Sciences is highly recommended.	12
Electives	Electives to total 64 credits	13 to 15
This program, leading to the A.A. degree, offers a curriculum focused on general education courses. Students completing the program will have met all core requirements, with the possible exception of one Area III course. This program does not comply with the Idaho Statewide Articulation Policy.		

**Table 10.17
Minimum Credit Requirements for the
Associate of Applied Science Degree (A.A.S.)**

Content	Notes	Credits
Technical Course Work	Credits must be in program elements that contain instruction directly related to a specific technical area to include mastering of skills and knowledge appropriate for the degree. Course content is determined through task analysis of the occupation for which the training is provided with assistance from local advisory committees. <i>A minimum grade of 'C' is required in technical education courses.</i>	44
General Education	ENGL 101 and ENGL 102 or COMM 101 or APPACAD 111	6
	Area I or II core course in any field	3
	Area III core course in mathematics	3-5
	Area I, II, or III core course in any field	3-4
	<i>A minimum grade point average of '2.00' is required in all General Education course work.</i>	
Major	See Chapter 13, "Applied Technology Programs."	
Your last 15 credits must be taken at Boise State during regular academic sessions; of those 15 credits, at least 6 must be in technical course work required by your major. Students in apprenticeship programs and the fire service technology program are exempt from these requirements.		

**Table 10.18
Advanced Technical Certificate (A.T.C.)**

Content	Notes	Credits
Technical Course Work	A credential awarded for completion of a minimum of 52 credit hours and mastering of specific competencies drawn from requirements of business/industry. Credits must be in program elements that contain instruction directly related to a specific technical area. Course content is determined through task analysis of the occupation for which the training is provided, with assistance from local advisory committees. A minimum of a 'C' grade in the technical education course work is required.	52
Technical Support Courses	You must have a minimum grade point average of 2.0 in all General Education (Technical Support) course work.	
Major	See Chapter 13, "Applied Technology Programs."	

**Table 10.19
Technical Certificate (T.C.)**

Content	Notes	Credits
Technical Course Work	A credential awarded for completion of 30 credits and mastering of specific competencies drawn from the requirements of business/industry. Credits must be in program elements that contain instruction directly related to a specific technical area. Course content is determined through task analysis of the occupation for which the training is provided, with assistance from local advisory committees. A minimum of a 'C' grade in the technical education course work is required.	30
Technical Support Courses	You must have a minimum grade point average of 2.0 in all General Education (Technical Support) course work.	
Major	See Chapter 13, "Applied Technology Programs."	

Double Majors

You may earn a single baccalaureate degree with more than one major if you satisfy all requirements for each major.

If you are earning two degrees at the same time, i.e., B.A. and B.S., you must complete an additional 30 credit hours.

Additional Baccalaureate Degrees

If you have earned a baccalaureate degree, either at Boise State or elsewhere, you must complete at least 30 additional credits for each additional degree you wish to earn. Those 30 credits must be earned at Boise State. In addition, you must meet all of the course requirements in your major and meet any other requirements of the university.

In order to determine what requirements you need to complete, you will need to take a copy of your transcript(s) to the department chair of your major. The chair will review your transcript(s) and compile a list of courses you must complete at Boise State in order to earn the additional degree. Your major may require that the dean of the college also approve this list. A copy of the approved list must be sent to the Graduation Evaluators in the Registrar's Office. You do not have to meet the core requirements (discussed on page 40), though you may have to take core courses required for your major.

NOTE: If you already have a baccalaureate degree and you are pursuing graduate studies, you must apply for admission to Boise State through the Graduate Admissions Office, Math/Geosciences Building, Room 140, 208 426-3647. If you already have a baccalaureate degree and will be taking undergraduate courses, you need to apply through Undergraduate Admissions, Administration Building, Room 101, 208 426-1156.

How to Read a Degree-Requirements Table

NOTE: The following information is provided as a supplement to the general degree requirements specified above and in Tables 10.7 through 10.19.

One of the most important purposes of this catalog is to tell you what requirements you must meet to earn a particular degree at Boise State University. To learn about these requirements, you will need to read carefully two parts of this catalog:

- This chapter, "Obtaining a Degree at Boise State University," explains the general requirements for all undergraduate degrees.
- The section of the catalog devoted to the department or other academic unit that offers the degree you are interested in obtaining. That section explains the specific requirements for the degree. You will

find the section relevant to your degree in either Chapter 12, "Academic Departments and Courses," or Chapter 13, "Applied Technology Programs."

As you plan your academic career, you should be able to use your degree's table as a checklist, though other useful information may be available from the department offering your major. In addition, your advisor can assist you in creating a schedule for your academic work. Ideally, that schedule will enable you to meet all the requirements shown in the degree-requirements table, and to do so in a logical, coherent sequence that takes into account your particular circumstances.

Figure 10.2., is a typical degree-requirements table. You should carefully review this table and the explanations of its elements before you begin planning how you will meet the requirements for your degree. And, as mentioned above, you should consult with your advisor and with other faculty members within the department offering your major.

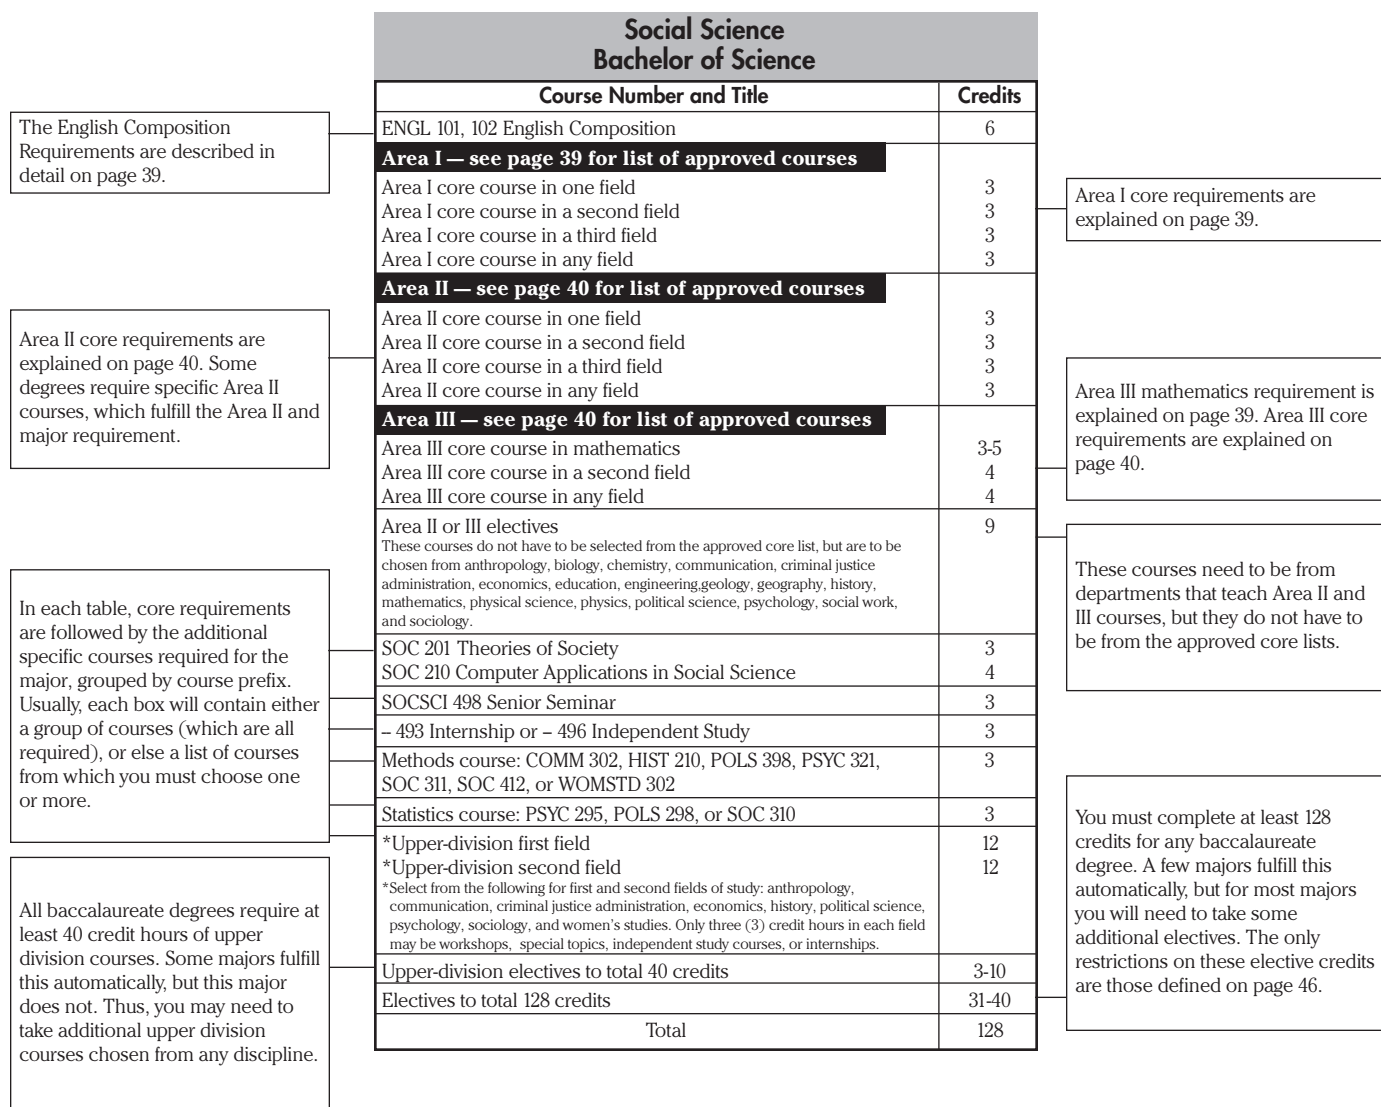

Figure 10.2. A Typical Degree-Requirements Table

Technical Certificates, Other Certificates, and Minors

Chapter 11, “Summary of Programs and Courses,” lists the certificates and minors available at Boise State, along with the degrees offered by Boise State. A technical certificate is granted after a student completes a 9-month program or an 11-month program in the Larry G. Selland College of Applied Technology. Other certificates and minors are available in selected fields, as are minor certification endorsements in secondary education programs. Requirements for all certificates, endorsements, and minors are listed in Chapter 12, “Academic Departments and Courses” and Chapter 13, “Applied Technology Programs.”

NOTE: For a minor to be officially recorded on your transcript, you must complete all required course work in that minor **before** you receive your degree. Certificates are recorded on your transcript once your department or program notifies the Registrar’s Office that you have completed all required course work. Minor certification endorsements are awarded by the State Department of Education and are not recorded on Boise State transcripts.

Credit Limitations Experiential Learning

You may earn up to one-third of your total credits required for graduation (42 credits for a baccalaureate degree and 21 for an associate degree) in a combination of all forms of experiential learning (portfolio, challenge, CLEP credits, AP credit, DANTES credits, PEP credits, Credit for Prerequisites Not Taken, ACE Guide credits, etc.). No more than one-quarter may be earned in portfolio credit (32 credits for a baccalaureate degree and 16 for an associate degree). **Credits earned through any form of experiential learning/prior learning shall not count toward the 30-credit graduation residency requirement or as a repeat of another course.**

Extension and Correspondence Courses

You may count toward graduation as many as 32 credits of extension or correspondence courses. However, your department may further limit the type and number of these credits that you can count toward your major. If you wish to count an extension or correspondence course toward degree requirements, you must complete the course and have an official transcript sent to the Registrar’s Office by mid-term of the semester in which you begin the last 30 of your last 36 credit hours.

Kinesiology Activity Courses

Kinesiology activity courses are courses offered by the Kinesiology department in general-interest sports and recreation activities, such as bowling, kayaking, tennis, and aerobics. You may count toward graduation as many as 8 credits of kinesiology activity courses. Other restrictions apply to kinesiology activity courses if you are seeking a Bachelor of Business Administration degree; for further information, see Table 10.9, above, in *Credit Requirements for Various Degrees*.

Independent Study

Any department offering a baccalaureate degree may offer independent study, which allows you to pursue a special interest in an area not covered by a regularly offered course. Independent study is designed to complement your major and is not intended to be used to complete requirements for a regularly offered course. You may not use independent study to improve a grade you received in a class. To participate in independent study, you must have attained junior standing and have a GPA of 2.0 or higher. If you are a junior or senior, you may take up to 4 credits of independent study in a semester, though you may take no more than 6 credits in a given academic year. You may apply no more than 9 credits of independent study toward your degree. If you are a freshman or sophomore in the Honors Program, you may take up to 4 credits of independent study in a semester, up to a total of 6 lower-division credits.

Internships

Most departments provide internships or cooperative-education programs that provide academic credit for on-the-job experience in an area of interest or in your major. You may apply up to 12 credits of internship toward your graduation requirements. Departments that offer internship and cooperative-education programs have faculty coordinators for these programs. More information about internships is available from your department.

Religion Courses

You may count toward graduation as many as 8 credits of nonsectarian religion courses. However, the courses must be taken at regionally accredited colleges or universities, and you may count the credits only as general elective credits.

Service-Learning

Service-Learning provides you with a way to link community service to your course work. You can become involved by enrolling in a designated service-learning course which is linked to a specific section of an already established course. In the *Schedule of Classes*, the service-learning lab will be designated by the base course prefix and number followed by the suffix **SL** (i.e. MKTG 307 base course; MKTG 307SL service-learning component). Through service-learning, you will receive course credit for participating in service opportunities that are intentionally designed to promote learning while helping meet human and community needs. You may take up to 3 service-learning credits in a semester. You may apply no more than 9 service-learning credits toward your degree. For more information, contact the Service-Learning Program office at 208 426-1004.

Many classes integrate service-learning as a teaching method. In these courses, service-learning is an integral part of the course work. These “fully integrated” service-learning classes are identified with a note indicating *Service-Learning* below the course name in the *Schedule of Classes*. Classes using this model include a related service experience (sometimes required, sometimes optional) that is used as the basis for papers, class presentations, discussion, and other assignments. Instructors deliberately link the course content with the service experience. Service ranges from 10 to 30 hours, and is at the discretion of the faculty member. For more information, contact the Service-Learning Program office at 208 426-1004. There is no limit to the number of fully integrated service-learning courses you can take.

299 Telecourses

299 telecourses are courses offered for credit through public television. They are offered by several academic departments and carry the designation 299. You may count a telecourse only as a general elective, and you may count toward graduation no more than 12 credits earned in 299 telecourses. Other restrictions apply to 299 telecourses if you are seeking a Bachelor of Business Administration degree; for further information, see Table 10.9, above, in *Credit Requirements for Various Degrees*.

Undergraduate Enrollment in 500-Level Courses

If you are a senior, you may apply up to two 500-level (graduate) courses toward the credit requirements for an undergraduate degree. You may also count these courses toward the 40-credit requirement for upper-division courses. To count 500-level courses toward graduation, complete the form *Permit for Seniors to Take Graduate Courses*, available in the Registrar’s Office, Administration Building, Room 110.

Graduation Honors

Graduation honors are awarded to students receiving their first baccalaureate degree, according to the scale shown in Table 10.20 below. Honors are awarded on the basis of all semesters completed, and the student’s final transcript remains the official record of any honors granted. However, in honoring a student at commencement, Boise State uses the student’s grade point average (GPA) at the end of either spring or summer semester for the December ceremony and fall semester for the May ceremony.

Table 10.20
Graduation Honors

Cumulative Grade-Point Average	Honor
3.50 - 3.74	Cum Laude
3.75 - 3.94	Magna Cum Laude
3.95 - 4.00	Summa Cum Laude

NOTE: All grades, including those that have been excluded from GPA calculation in accordance with the grade exclusion policy, will be used to calculate graduation honors.

Catalog Policy

In determining if you are eligible to graduate, the Registrar's Office follows the requirements defined in a single edition of the university catalog. You may select any edition of the catalog, provided that the catalog was published and in force while you were enrolled at Boise State and provided that the catalog is no older than six academic years at the time of your graduation.

Transferring Credits to Boise State

Transferring credits is a process by which some or all of the credits you have earned at another institution of higher learning are applied toward your degree at Boise State. The Registrar's Office evaluates your transcript to determine if the courses you have taken elsewhere are equivalent to courses offered at Boise State. If a course you have taken is equivalent, you can count toward graduation the credits earned in that course, just as if you had earned those credits at Boise State. If the course is not equivalent, those credits count as general elective credits. You may transfer all credits from a junior or community college, but only 70 credits may be used toward graduation.

Boise State accepts college-level credit for both academic and applied technology programs, if those credits were granted by institutions accredited by regional accrediting associations, as reported in *Accredited Institutions of Post-Secondary Education* (published by the Council on Post-Secondary Accreditation). If you earn credits from an institution not listed in *Accredited Institutions of Post-Secondary Education*, you may still be able to transfer those credits to Boise State. In such cases, the department offering similar courses will review the credits you wish to transfer and will decide which credits—if any—to accept. You may request this department approval after you have completed 15 credits at Boise State, with a cumulative GPA in those courses of 2.0 or higher.

As a transfer student, you are exempt from meeting the core requirements at Boise State if **all** of the following conditions apply:

- You have been granted an associate of arts degree or an associate of science degree from the College of Southern Idaho, North Idaho College, or Treasure Valley Community College, or you have been granted an associate of arts and science degree from Brigham Young University-Idaho.
- The degree was granted no earlier than spring semester of 1989.
- Your transcript shows that you have met the general education core requirements outlined in the *Idaho Statewide Articulation Policy*.

Likewise, you are exempt from the Boise State core requirements if all of the following conditions apply:

- You are transferring from the University of Idaho, Idaho State University, or Lewis-Clark State College.
- Your transcript shows that you have met all of the core requirements at the University of Idaho, Idaho State University, or Lewis-Clark State College.

For purposes of counting lower- or upper-division credit required for graduation, the university uses the course number of the transferring institution, e.g. if the course is numbered at the 100 or 200 level by the transfer institution, it will be counted as lower-division at Boise State. If the course is numbered at the 300 or 400 level at the transfer institution then the course will be counted toward meeting the upper-division requirement for graduation purposes. See general degree requirements for details on minimum upper-division credits needed for obtaining a degree.

NOTE: If your major requires completion of a specific general education course that was not completed as a transfer course, you would need to complete the additional course to earn a degree.

In all other cases, your transcript is evaluated on a course-by-course basis to determine which Boise State core requirements you must meet. For more information about core requirements, see the section titled "Core Requirements," above.

If you wish to transfer applied technology credits to academic programs at Boise State, you must count them as either major-requirement credits or elective credits (as determined by the appropriate academic department, following approval of the dean overseeing that department). You may also

transfer academic credits from a regionally accredited institution and apply those credits to applied technology programs (as determined by the appropriate technical department, following approval of the dean overseeing that department). You may apply such credits only to the degree requirements stipulated by the department or program originally approving the transfer. If you switch from that department or program to another, the new department or program will evaluate the appropriateness of the transfer credits and decide whether to allow you to apply them toward the department or program requirements.

Credit for Prior Learning

Many colleges and universities, including Boise State, accept satisfactory performance on national standardized examinations, satisfactory performance on locally written examinations, or satisfactory evaluation of other training and experience as alternatives by which a student may satisfy certain general education, specific course, or major requirements.

You may earn up to one-third of your total credits required for graduation (42 credits for a baccalaureate degree and 21 for an associate degree) in a combination of all forms of experiential learning (portfolio, challenge, CLEP credits, AP credit, DANTES credits, PEP credits, Credit for Prerequisites Not Taken, ACE Guide credits, etc.). No more than one-quarter may be earned in portfolio credit (32 credits for a baccalaureate degree and 16 for an associate degree). **Credits earned through any form of experiential learning/prior learning shall not count toward the 30-credit graduation residency requirement or as a repeat of another course.**

Students must be currently enrolled at Boise State to apply for prior learning credits. The Registrar will transcript credits awarded through prior learning after a student has successfully completed 12 credit hours at Boise State University.

You can earn credits required for graduation by receiving credit for prior learning in the following ways:

- satisfactory performance on approved national standardized examinations, departmental examinations, or evaluations
- military training and experience
- other training programs recognized and evaluated by the American Council on Education
- credit granted through a prior learning portfolio (described below)

Specific course equivalencies and credits awarded are determined by academic departments. Credit may be awarded for specific courses or as general elective credit. In granting credit for prior learning, Boise State University generally will follow the guidelines provided by *The American Council on Education (ACE) Guide to Educational Credit by Examination* and *The ACE Guide to Military and Other Training Programs*. Credits awarded through *The ACE Guide* recommendations and national standardized tests (CLEP, AP, PEP, etc.) are transcribed with a grade of P (*Pass*) after you have enrolled in course work at Boise State University.

A brochure, *Credit for Prior Learning at Boise State University* (<http://registrar.boisestate.edu/>) provides a detailed list of all the forms of prior learning for which you may receive credit. More information about prior learning credit is available through the Registrar's Office, Administration Building, Room 102, 208 426-4249.

The following is a brief review of the prior learning credit that is available:

- The **College Level Examination Program (CLEP)** consists of general and subject exams in a variety of subject areas. The general exams measure college-level achievement in five areas: English composition, natural sciences, social sciences and history, mathematics, and humanities. The subject exams test achievement in more specific college-level subjects.
- **Advanced Placement Exams (AP)** are administered nationally each year in May, primarily at participating high schools. The exams are the culminating exercise for high school students taking honors or advanced courses that parallel standard college-level courses. Listed below are the specific departmental credits available at Boise State for acceptable AP exam scores.

AP EXAM TITLE	SCORE	BOISE STATE EQUIVALENT COURSE(S) & NUMBER OF CREDITS	
Art: History of	3	ART 101-102 Surv of Western Art I (6)	Area I
Biology	3	BIOL 100 Concepts of Biology (4)	Area III
Biology	4	BIOL 191 General Biology I (4)	Area III
Chemistry	3	CHEM 111-112 College Chemistry (9)	Area III
Computer Science A/AB	4	COMPSCI 125 Intro to Computer Science I (4)	
Economics: Macro	4	ECON 201 Prin Macroeconomics (3)	Area II
Economics: Micro	4	ECON 202 Prin Microeconomics (3)	Area II
English	3, 4	ENGL 101 English Composition (3)	
English	5	ENGL 101-102 English Composition (6)	
European History	4	HIST 102 Western Civilization (3)	Area II
French, German, Spanish	3	101-102 First two semesters (8)	Area I
French, German, Spanish	4	101-201 First three semesters (12)	Area I
French, German, Spanish	5	101-202 First four semesters (16)	Area I
Govt & Politics: U.S.	3	POLS 101 American Nat'l Govt (3)	Area II
Latin: Literature	3	LATIN 491 Adv Class Latin Lang & Lit (4)	
Mathematics: Calculus AB	3	MATH 170-171 Calculus I and Lab (5)	Area III
Mathematics: Calculus BC	3	MATH 170-171, 175 Calculus I, II (9)	Area III
Physics B	3	PHYS 111 General Physics (4)	Area III
Psychology	3	PSYC 101 General Psychology (3)	Area II
Statistics	3	MATH 254 Appl Statistics with Computers (4)	
United States History	3	HIST 111-112 U.S. History (6)	Area II

- **PEP Exams** are similar to CLEP subject exams in that they test achievement in college-level subjects.
- **USAFI/DANTES Exams** are primarily available to personnel on active duty in the Army, Navy, Air Force, Marine Corps, and Coast Guard, and to the cadets and midshipmen of the military academies. These are also similar to CLEP subject exams in that they test achievement in college-level subjects.

Other Training Programs

You may earn credit for training programs listed in the *National Guide to Education Credit for Training Programs*, published by the American Council on Education (1984-85 edition or later). You may also earn credit for training programs listed in *A Guide to Educational Programs in Noncollegiate Organizations*, published by the University of the State of New York (1982 edition or later).

Military Training Credit

You may receive credit for selected military training or experience. To do so, you must furnish the Registrar's Office with a copy of your DD 214, DD 220, or similar official documents. If you have completed two or more years of active military service, you may also request that the Boise State Military Science department evaluate your military service for possible credit toward the ROTC Basic Course. Credit for the ROTC Basic Course is only awarded to those who have committed to pursuing the ROTC Advanced Course.

Prior Learning Portfolio

Credit for prior learning experiences is also possible in some departments through development of a formal, professional, written portfolio. The portfolio outlines, in depth, the knowledge you have gained outside the college classroom and shows the relationship to college-level learning. Assessment of portfolios and credit recommendations are determined by the academic department in which the credit is being requested. To apply for credit through this method, you will be required to pay a \$75.00 per course fee to have your portfolio reviewed. For further information on this process, contact the BroncoWeb Help Center, Administration Building, Room 110, 208 426-4249. For further information on specific applications, contact the appropriate academic department.

Course Challenge

If you feel that your background, education, and experience have given you sufficient knowledge in a subject area, you may *challenge* certain courses. That is, you may be able to receive credit for the course by passing a challenge exam. Each department selects which courses are available for challenge and may develop screening procedures to determine if you are eligible to take the challenge exam. **You may not challenge a course to improve a previous grade earned in that course.**

After you have completed 12 semester credits at Boise State University, and you have received permission from the appropriate academic department to register for a challenge exam, you must complete the form *Credit for Prior Learning—Challenge* and submit it to the BroncoWeb Help Center, Administration Building, Room 110. A \$50.00 per course fee will be charged to challenge a test prepared by an academic department. For externally-prepared challenge exams, a \$20.00 per course fee is paid to the University. Any fees for tests are paid directly by the student. Any proctoring/testing center fees are paid by the academic department out of the University fee. Fees charged are the same regardless of whether a student is full-time or part-time. For departmentally prepared exams, the department determines the grading system. Grades may be recorded as either Pass or as a letter grade (A or B or C). Grades of D or F will not be transcribed. Before you take the exam, the department will tell you what type of grading is available.

Credit for Prerequisites Not Taken

A *prerequisite* is a course (or courses) that you must have successfully completed before you can enroll in another course. For instance, before you can enroll in SPAN 102 Elementary Spanish, you must first have completed SPAN 101 Elementary Spanish with a grade of 'C' or higher. If a course has a prerequisite, the prerequisite is listed in Chapter 12, "Academic Departments and Courses" or in the Boise State *Schedule of Classes*.

Depending on your background or experience, you may be allowed to take some courses without first taking a prerequisite course. In some cases, you may also be able to receive credit for the prerequisite course. To take a course without first taking the prerequisite, you must obtain the approval of the head of the appropriate academic department. Complete the form *Credit for Prior Learning—Credit for Prerequisites Not Taken* and submit it to the BroncoWeb Help Center, Administration Building, Room 110. A \$20 per course fee will be charged to apply for credit for prerequisites not taken and to take the appropriate test. Any fees for externally-prepared tests are paid by the student. Any proctoring/testing center fees are paid by the academic department out of the University fee. Fees charged are the same regardless of whether a student is full-time or part-time. Grading will be done on a Pass/Fail system. Only Pass grades will be transcribed. **Grades will be transcribed if/when you complete the advanced course and earn a grade of C or higher.** Academic departments determine which courses can qualify for this credit.

How to Apply for Graduation

To apply for graduation, request an *Application for Graduation* from the Registrar's Office, Administration Building, Room 102. Complete it and return it to the Registrar's Office. After receiving your application, the Registrar's Office evaluates your transcripts and other university records to verify that you meet all the requirements for graduation. You should apply for graduation the semester before you intend to graduate but no later than the end of the first week of the semester you intend to graduate (see the academic calendar for the exact date).

NOTE: The *Application for Graduation* must be accompanied by a \$20 nonrefundable graduation application fee. All graduating students must pay this fee, regardless of whether they intend to participate in commencement and regardless of whether they wish to receive a diploma.

Questions About These Policies?

If you have questions about these policies, contact the Registrar's Office, Administration Building, Room 102, 208 426-4249

*See the *BOISE STATE UNIVERSITY Graduate Catalog*.

**NOTICE: This new graduate program has been approved for implementation by the Idaho State Board of Education but has not yet received full funding. Therefore, some or all of the courses required for the degree may not be available during this academic year. Because the funding status of this program may have changed since the publication of the catalog, you are encouraged to inquire about course offerings by calling the chair of the department or the Dean of the Graduate College.

Boise State University's Course Numbering System

Each course offered at Boise State University is assigned a unique number, indicating what type of course it is and what sort of credits may be earned in the course. Throughout this catalog, you will find courses numbered as follows:

00 through 099	noncredit courses that do not count toward degree requirements
100 through 199	freshman-level courses (lower-division courses)
200 through 299	sophomore-level courses (lower-division courses)
300 through 499	junior- and senior-level courses (upper-division courses)
500 and above	graduate-level courses

Ordinarily, courses numbered below 500 carry undergraduate credit. However, the university sometimes grants graduate credit in select upper-division courses (those numbered 300 through 499). If an upper-division course carries graduate credit, its unique number will be followed by a G (for *graduate*). Students enrolling in such courses may earn either graduate or undergraduate credit; however, students who wish to earn graduate credit are required to do additional work beyond that required of students earning undergraduate credit.

Throughout the catalog, a hyphen appearing between course numbers indicates that the first numbered course is a prerequisite (PREREQ:) to a second numbered course (i.e., ENGL 101-102); a comma between course numbers indicates that either course may be taken independently of the other (i.e., HIST 111, 112).

The unique course number of each course is followed by a sequence of three numbers that indicate the number of lecture hours per week that the course meets, number of lab hours per week that the course meets, and the number of credits a student earns by completing the course. The following examples show typical uses of these additional numbers:

(3-0-3)	a 3-hour lecture class carrying 3 credits
(3-4-5)	a 3-hour lecture class with a corresponding 4-hour laboratory class, carrying 5 credits
(0-4-0)	a 4-hour laboratory class that carries no credit
(0-2-1)	a 2-hour studio art class or fitness activity class, carrying 1 credit

Classes in Applied Technology Programs are lecture, lab, and/or supervised practical experience, as shown in the examples below. In accordance with Idaho State Board of Education policy, one credit represents approximately 45 hours of study per semester. Study may involve time spent in lecture, laboratory, supervised practical experience, and/or self-guided activities:

(1-0-1)	a one-hour lecture class for one credit
(0-2-1)	a two-hour laboratory class for one credit
(0-3-1)	a three-hour supervised practical experience for one credit
(1-2-2)	a one-hour lecture class with a two-hour laboratory for two credits

Course Abbreviations

Abbreviations are added to course numbers to indicate the academic session in which the course is offered, as in the following examples:

F	fall semester only
S	spring semester only
F,S	fall and spring semester

F/S	fall semester, spring semester, or both
F,SU	fall semester and summer session only
S,SU	spring semester and summer session only

If none of these abbreviations appear in the course description, then the course is offered during the fall semester, spring semester, and summer sessions (though there may be some exceptions).

Other authorized abbreviations are PREREQ, COREQ, PERM/INST, and PERM/CHAIR. Generally, a *prerequisite* is a condition that must be met before a student may enroll in a particular course. In most instances a prerequisite is a course that the student must successfully complete before enrolling in another, related course. For instance, before enrolling in ENGL 402 Advanced Technical Communication, a student must have successfully completed ENGL 302 Technical Rhetoric. In contrast, a *corequisite* is a course that must be taken concurrently with another course; the most common type of corequisite is a laboratory class that must be taken at the same time as a related science course.

PERM/INST indicates that students must obtain the instructor's permission before enrolling in the class, while PERM/CHAIR indicates that students must obtain the permission of the department chair.

University-Wide Course Numbers

Some course numbers have been made standard throughout the university, indicating a particular type of course. Each standard course number is defined below.

97, 197, 297, 397, and 497 Special Topics (0 to 4 credits). Special-topics courses address special or unusual material not covered by the regular course offerings. Special Topics courses may be offered no more than three times; after that, the course must be approved by the University Curriculum Committee before it can be offered again. Credits earned in courses numbered 197, 297, 397, or 497 count toward the total credits required for graduation.

188 Honors Independent Study (1 to 3 credits). Honors students may earn credits in independent study, usually through directed reading or by completing a special project. Students may earn no more than three credits each academic session and no more than six credits during a single academic year. Before enrolling for independent study, a student must first obtain the approval of the dean or department chair, acting on the recommendation of the student's advisor.

239, 439 Foreign Study (number of credits varies). Foreign study credits are granted by academic departments that participate in Studies Abroad (see Chapter 10, "Extended Studies") or that conduct approved international studies programs.

293, 493 Internship (number of credits varies). Internship credits are earned in supervised field work specifically related to a student's major. To enroll in courses numbered 293 or 493, a student must have attained a cumulative grade-point average of 2.00 or higher. No more than 12 internship credits may be used to meet degree requirements or university graduation requirements.

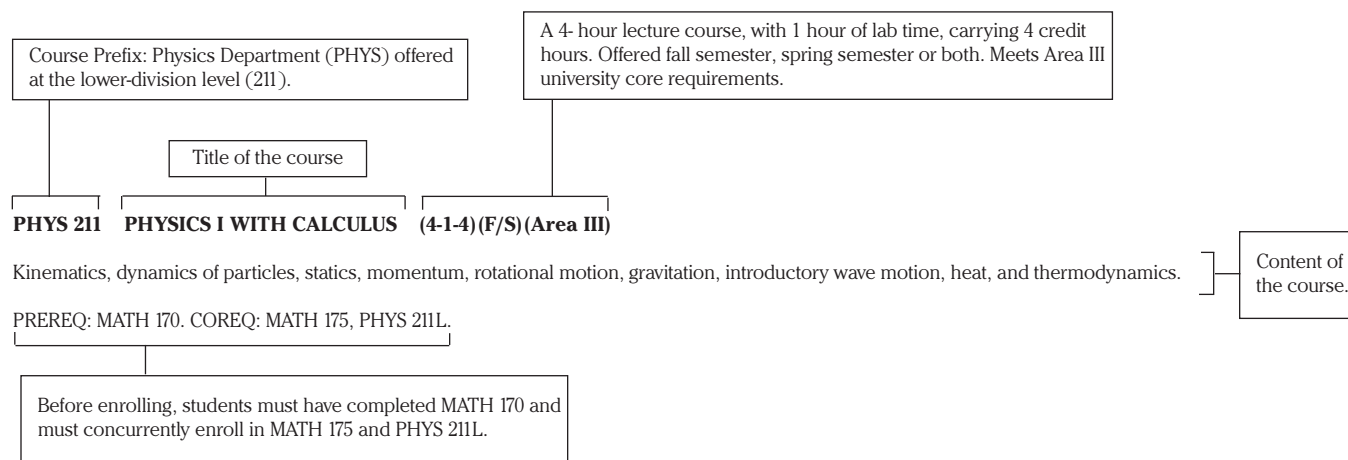

294, 494 Conference or Workshop (0 to 4 credits). Conferences and workshops are short courses conducted by qualified faculty or another expert in a particular field.

299 Telecourse (1 to 3 credits). Telecourses provide an opportunity for students to earn credits at home or at work through a mix of televised lectures, reading assignments, writing assignments, and examinations. Credits earned in telecourses numbered 299 may be counted only as elective credits. No more than 12 telecourse credits may be applied toward graduation requirements. Telecourses may not be counted toward the 20-23 nonbusiness electives

Chapter 11 — Summary of Programs and Courses

Figure 11.1. A Typical Course Description

Figure 11.1., below, shows a typical course description, with definitions for each part of the description.

required for the bachelor of business administration degree.

496 Independent Study (1 to 4 credits). Upper-division students may earn credits in independent study, usually through directed reading or by completing a special project. Students may earn no more than four credits in a semester and no more than six credits during a single academic year, and no more than a total of nine credits may be used to meet degree requirements or university graduation requirements. Before enrolling for independent study, a student must obtain the approval of the department chair, acting on the recommendation of the instructor who will be supervising the independent study. An independent study cannot be substituted for a course regularly offered at Boise State, nor can independent study credits be used to improve a grade in a course the student has already taken.

498, 499 Seminar (1 to 4 credits). A seminar is a small class that examines a particular topic. Seminars are typically discussion oriented and are most commonly offered at the junior, senior, or graduate level.

Course Prefixes

Table 11.2, below, lists all of the course prefixes used at Boise State University. A course prefix is the one- or two-letter code preceding a course number; it indicates the subject area of the course.

Academic Programs and Courses

Department of Accountancy

Business Building, Room 214

Telephone 208 426-3461

Chair and Professor: Thomas English. *Professors:* Lathen, Koeppen. *Associate Professors:* Bahnson, D. English, Gore, Novak. *Assistant Professors:* Allen, Renner. *Special Lecturers:* Christensen, Ilett, Shannon.

Degrees Offered

- B.B.A., B.A., B.S., and Minor in Accountancy
- B.B.A., B.A., B.S., and Minor in Accountancy, Internal Audit Option
- B.B.A., B.A., B.S., in Accountancy/Finance
- M.S. in Accountancy (See the *BSU Graduate Catalog*.)
- M.S. in Accountancy, Taxation Emphasis (See the *BSU Graduate Catalog*.)

Department Statement

The undergraduate degree programs are designed to provide students with the necessary knowledge and skills required for entry-level positions in the accounting profession broadly defined. It is also designed to provide the knowledge and skills required for entry into graduate business programs. These skills include written and oral communication, analytical reasoning, the ability to use technology, as well as technical accounting skills.

The mission of the accountancy department is to provide high quality, accessible educational services in accounting in order to serve the accounting profession, the business community, and the community at large.

Objectives:

To accomplish our mission we strive to fulfill three broad objectives:

1. To provide a rich **learning environment** that is accessible to all qualified students.
2. To encourage **faculty** to continuously acquire new skills and knowledge.
3. To provide **service** by interacting with the accounting profession, the business and academic communities, and the community at large.

Frequently students take a professional examination during or immediately following their last semester. For undergraduate students, this includes examinations to gain designations as Certified Management Accountants (CMA's) and Certified Internal Auditors (CIA's). For graduate students, the list includes the Certified Public Accountant (CPA) examination. Students should anticipate 250-350 hours of intensive study for each examination.

Degree Requirements

Accountancy OR Accountancy, Internal Audit Option Bachelor of Business Administration	
Course Number and Title	Credits
ENGL 101-102 English Composition	6
Area I — see page 39 for list of approved courses	
Area I core courses	6
Area II — see page 40 for list of approved courses	
COMM 101 Fundamentals of Speech Communication	3
ECON 201 Principles of Macroeconomics	3
ECON 202 Principles of Microeconomics	3
Area II core course other than economics	3
Area III — see page 40 for list of approved courses	
Area III core course - (MATH 143 or MATH 147)	3-5
Area III core course - (MATH 160 or MATH 170)	4
Area III core course in a lab science	4

— continued —

Accountancy or Accountancy, Internal Audit Option (continued)

Nonbusiness courses: Must include courses in at least two of the three following disciplines: Arts and Humanities (art, foreign language, humanities, literature, music, philosophy, theatre arts); Social Sciences (anthropology, communication, criminal justice administration, education, geography, history, political science, psychology, social work, sociology); Natural Sciences and Mathematics (biological sciences, physical sciences, mathematics). No more than 3 credits may be fitness/kinesiology activity courses. 299 telecourses are excluded. The total of Area III and nonbusiness electives must be at least 31 credits.	18-20

Accountancy or Finance course chosen from ACCT 351, ACCT 451, FINAN 410, or FINAN 411	3
Total	21

NOTE: These courses must be completed with a grade of C or better.

An Accountancy/Finance dual major is much more powerful than the degrees in the individual disciplines. This integrative major overcomes the artificial distinctions between the disciplines and addresses the basic fact that finance and accounting have become increasingly intertwined in the business world. Compared to degrees in both Accountancy and Finance, the dual major simplifies the requirements to avoid overlap and students can still graduate with the minimum 128 credits.

Course Offerings

See page 52 for a definition of the course-numbering system.

ACCT — ACCOUNTANCY

Lower Division

ACCT 205 INTRODUCTION TO FINANCIAL ACCOUNTING (3-0-3). Introduction to contemporary financial reporting in the business world. The primary objective is to make the student aware of the importance of accounting information as a powerful tool in the decision-making process. The emphasis of the course is on the uses of financial information in making investment and credit decisions rather than the preparation of that information.

ACCT 206 INTRODUCTION TO MANAGERIAL ACCOUNTING (3-0-3) (F/S). Emphasizes the use of accounting information in business planning, control, and decision making. Students should develop their abilities to: (1) identify and gather relevant financial information for decision making and prepare elementary reports; (2) understand and evaluate published financial reports; and (3) communicate this information to assist in managerial decision making. PREREQ: ACCT 205.

Upper Division

Upper-division courses in the department of accountancy (those with a course number 300 or higher) provide higher-level instruction to students who have the skills necessary to perform at this level. In addition to fulfilling the specific prerequisites listed and meeting the general university requirements for junior standing, every student admitted to a course is expected to communicate clearly and correctly so that assignments such as term papers and presentations can be completed effectively; to organize and solve problems using the techniques of intermediate level high school algebra; and to use a microcomputer for simple word processing and spreadsheet applications.

ACCT 302 SURVEY OF FEDERAL INCOME TAXATION (3-0-3) (F/S). Introduction to the theory and practice of federal income taxation, including concepts of taxation as they apply to businesses, individuals, flow-through entities, and corporations. Specific topics include property transactions, individual tax rules, business revenue and expense issues, and state taxation. Emphasis will be placed on social, political, and ethical considerations of tax law. Degree credit will be allowed for either ACCT 302 or ACCT 320. PREREQ: ACCT 205.

ACCT 304 INTERMEDIATE ACCOUNTING I (3-0-3) (F/S). Study of financial reporting, including the effects of economic, legal, political, social and ethical influences on the formulation of generally accepted accounting principles. A comprehensive analysis of basic financial reporting, including the preparation of the statements of income and financial position and in-depth study of current and noncurrent assets. Electronic spreadsheets are used as a tool in analyzing complex reporting problems. PREREQ: ACCT 206 and satisfactory completion of computer competency exam.

ACCT 306 INTERMEDIATE ACCOUNTING II (3-0-3) (F/S). Continuation of ACCT 304. Study of current and noncurrent liabilities, stockholders' equity, investments in securities, income taxes, pensions, and revenue recognition. PREREQ: ACCT 304 with a grade of 'C' or better.

ACCT 308 INTERMEDIATE ACCOUNTING III (3-0-3) (F/S). Continuation of ACCT 306. Topics include leases, accounting changes, the statement of cash flows, financial statement analysis, governmental, and not-for-profit accounting. PREREQ: ACCT 306 with a grade of 'C' or higher.

ACCT 320 TAX FACTORS IN BUSINESS DECISIONS (3-0-3) (Offered when possible). Introduction to the impact of federal income taxes on business operating and financing decisions. Degree credit not allowed for both ACCT 320 and ACCT 302. PREREQ: ACCT 205.

ACCT 350 ANALYSIS, DESIGN AND AUDIT OF ACCOUNTING INFORMATION SYSTEMS (3-0-3) (F/S). Introduces accounting information systems. Topics include the elements, cycles, and procedures of accounting information systems, systems documentation techniques, the data processing cycle, the systems development process, controlling accounting information systems, and the auditing of computer-based systems. The course involves hands-on projects in spreadsheet, database, flowchart, and accounting software. PREREQ: ACCT 304 and satisfactory completion of computer competency exam.

ACCT 351 COST ACCOUNTING (3-0-3) (F/S). Traditional cost accounting including topics such as standard costing, variance analysis, cost-volume-profit analysis, and budgeting. The role of the management accountant, including ethical responsibilities, is examined. Emphasis is placed on cost management and the use of information for decision making. Current cost management techniques are covered. PREREQ: ACCT 206 and BUSSTAT 207.

Chapter 12 — Academic Programs and Courses Department of Accountancy

ACCT 405 INTERNAL AUDITING (3-0-3) (F/S). Study of the scope and purpose of auditing. Topics include risk analysis, internal control, ethics, operational auditing, sampling, fraud, and communications with auditees. PREREQ: ACCT 306.

ACCT 430 INTERNATIONAL ACCOUNTING (3-0-3) (F). An introduction to international accounting. Provides an overview of international financial reporting from the perspective of the user of financial information, not the preparer of the information. The impact of cultural forces on the evolution of accounting standards is emphasized. Degree credit not available for accountancy majors. PREREQ: ACCT 205 or PERM/INST.

ACCT 450-450G INFORMATION SYSTEMS AUDITING (3-0-3). Theory and application of auditing in a computerized accounting system environment. Course coverage emphasizes the standards by which information systems auditors should perform. Those standards address the evaluation of computer security, program development, program modification, computer processing, and source data controls. Current issues in auditing are addressed. Hands-on projects focusing on the review of security and the use of computer-assisted audit tools are utilized. PREREQ: ACCT 350, ACCT 405.

ACCT 451-451G MANAGERIAL ACCOUNTING (3-0-3) (F/S). The development and use of cost information for strategic cost management is emphasized. The uses of accounting information for management planning, production, and control decisions are covered. Examples include operations and capital budgeting, computer applications, and an in-depth application of cost accounting concepts. Emphasis is placed on the understanding and use of current cost management techniques. PREREQ: ACCT 351 and OPERMGT 345.

ACCT 480 SELECTED ACCOUNTING TOPICS (3-0-3). Current accounting topics and issues are investigated in this class. PREREQ: PERM/INST.

Addictions Studies Minor — See Department of Health Studies

Interdisciplinary Studies in Aging

Health Science Riverside, Room 104
http://hs.boisestate.edu/aging/
e-mail: ghill@boisestate.edu

Telephone 208 426-3832

Coordinator: Glenda Hill.

Students have the opportunity to earn a minor in gerontology through a structured, upper-division, interdisciplinary studies program administered by the Department of Health Studies. Courses provide students from any major an opportunity to become knowledgeable about the biological, psychological, and sociological aspects of the aging process. Additionally, required course work furnishes students with an excellent understanding of health and aging, as well as an understanding of the social welfare policy and programs related to the older person.

Gerontology Minor

Department of Anthropology

Hemingway Western Studies Center, Room 55
e-mail: fbrigha@boisestate.edu

Telephone 208 426-3023
Fax 208 426-4329

Chair and Professor: Mark Plew. *Associate Professor:* McCarl. *Assistant Professors:* Hill, Ziker. *Adjunct Assistant Professors:* House. *Special Lecturers:* Klikunas, Plager, Yu.

Degrees Offered

- B.A. and Minor in Anthropology
- B.A. in Anthropology, Social Science, Secondary Education
- Minor in Native American Studies

Department Statement

The department of anthropology is central to the mandate by the State Board of Education that Boise State be the lead institution in social sciences and public affairs. Our role in this mandate is reflected in the dedication of the faculty to the creation of an intellectual environment crucial to the development of skills for critical analysis, problem solving, understanding and explaining cultural diversity, and to a full participation in public affairs. The department of anthropology offers two baccalaureate degree programs and a minor for teaching certification. The department also offers a liberal arts minor and a Native American studies minor and participates in the Canadian Studies program.

The Anthropology, Secondary Education program combines content knowledge, theories of learning and human development, study of curriculum, and methodology, to help students develop the knowledge, skills and dispositions essential for success in secondary school teaching. The program is grounded in the conceptual framework of reflective practitioner. Reflective practitioners adjust their teaching approaches and learning environment to the needs and backgrounds of their students. Candidates who complete this program have demonstrated evidence of meeting the Idaho Beginning Teacher Standards and are eligible for recommendation for state certification.

Students wishing to pursue this degree must meet the requirements and standards for admission to teacher education, which are described fully under the Department of Curriculum, Instruction, and Foundational Studies or at <http://education.boisestate.edu>. Students must meet all knowledge, skill, and disposition requirements to remain in the program.

The social science, secondary education emphasis programs are cooperative, multidisciplinary programs involving the departments of economics, history, political science, sociology, and anthropology. Each of these departments, except history, provides a major emphasis with the social science, secondary education emphasis. Students choosing this emphasis must:

1. complete a minimum of 42 credits in anthropology
2. complete a minimum of 21 credits in one of the above departments (other than anthropology) to satisfy graduation requirements. See the department listings for each of these departments for additional information.
3. complete six credits in U.S. history and three credits of American national government for certification requirements

ANTH — ANTHROPOLOGY

Lower Division

ANTH 101 PHYSICAL ANTHROPOLOGY (3-0-3) (Area II). Introduction to the fossil evidence for human evolution, genetics, modern human variation, the study of living primates, and the relationship between biology and culture.

ANTH 102 CULTURAL ANTHROPOLOGY (3-0-3) (Area II). Introduction to the descriptions, analysis, and explanations of the different ways of life, or cultures, through which human groups have adapted to their environments. Explanation of the nature and characteristic of culture as an adaptive mechanism for human survival.

ANTH 103 INTRODUCTION TO ARCHAEOLOGY (3-0-3) (F/S) (Area II). Introduction to the historic background and basic techniques of anthropological archaeology. Methods and theory used to reconstruct prehistoric cultures, their environmental settings, activities, and histories.

ANTH 209 ISSUES IN CULTURAL DIVERSITY (3-0-3) (F/S). Designed to provide the introductory student with the skills necessary to recognize and analyze issues of cultural diversity, using basic anthropological strategies. The course will approach cultural diversity from the local and global perspective and will study issues of concern about cultural ecology, cultural pluralism, cross-cultural communication, human reproduction, family life and organization, religion, and art. PREREQ: ANTH 102.

ANTH 215 CULTURAL CONCEPTS IN ANTHROPOLOGY (3-0-3). Introduction to concepts, theories, and methods utilized in cultural anthropology; emphasizing both humanistic and scientific orientations. PREREQ: ANTH 102.

ANTH 218 ETHNOGRAPHIC METHODS (3-0-3) (F/S). A survey of ethnographic literature, approaches to ethnographic field work and data gathering, creating field records through participant-observation and interviewing, sampling and mixing formal with informal methods, hypothesis development and testing, and experimenting with various approaches to ethnographic description. PREREQ: ANTH 102.

ANTH 220 ARCHAEOLOGICAL METHODS (3-0-3) (F/S). Methods of data collection and analysis, description and classification of archaeological materials in cataloging and documentation, methods used in artifact analysis, typology and seriation, ecofactual analyses, and methods of preparation of technical reports and papers for publication. PREREQ: ANTH 103.

Upper Division

ANTH 300 AFRICAN PREHISTORY (3-0-3) (F/S) (Odd years). A survey of the archaeology of Africa, beginning with a discussion of Hominid origins and evolution. Emphasis upon culture history with reference to Oldowan, Acheulian and Mousterian culture, the Later Prehistory, and the Iron Age. Environmental adaptations, origins of food production, and social complexity will be discussed. PREREQ: ANTH 103.

ANTH 301 HISTORY OF ANTHROPOLOGY (3-0-3) (F/S). Investigation of scientific events in the development of the basic concepts, theory, and methods of contemporary anthropology. PREREQ: ANTH 215 or PERM/INST.

ANTH 302 EUROPEAN PREHISTORY (3-0-3) (F/S) (Even years). A survey of pre-historic European cultures and peoples from the earliest Stone Age evidence through the Iron Age.

Special emphasis will be given to ancient technology, economics, demography, art, and social organization. PREREQ: ANTH 103 or PERM/INST.

ANTH 305 PEOPLES OF THE PACIFIC ISLANDS (3-0-3) (F/S) (Alternate years). A survey of the ethnographic area Oceania. Will include a study of the ethnographic data from the islands of Polynesia, Melanesia, and Micronesia, from original settlement to present time. PREREQ: ANTH 102 or PERM/INST.

ANTH 307 INDIANS OF NORTH AMERICA (3-0-3) (F/S). An ethnographic survey of the native peoples of North America, emphasizing cultural diversity and adaptation. Ethnographic data will cover the time span from the settling of North America to the present. PREREQ: ANTH 102 or PERM/INST.

ANTH 308 INDIANS OF SOUTH AMERICA (3-0-3) (F/S). A survey and analysis of native South American cultures, emphasizing cultural-environmental adaptations and historical events affecting the acculturation of the region's native peoples. PREREQ: ANTH 102 or PERM/INST.

ANTH 310 JAPANESE CULTURE AND SOCIETY (3-0-3) (F/S) (Alternate years). Introduction to the structure and substance of Japanese culture. Investigation into the development of Japanese culture from prehistory to present, the development of the Japanese world view, cultural patterns, beliefs, behaviors, values, and norms that are reflected in Japanese culture today. PREREQ: ANTH 102 or PERM/INST.

ANTH 311 PEOPLES AND CULTURES OF THE WORLD (3-0-3) (F/S). Ethnographic description/comparative analysis of subsistence, family life, political economy, and belief systems within selected world cultures. PREREQ: ANTH 102 or PERM/INST.

ANTH 312 ARCHAEOLOGY OF NORTH AMERICA (3-0-3) (F/S). Survey of prehistoric cultures of North America north of Mexico. Includes a history of ideas about native America origins and antiquities, along with demonstrating regional societal complexity on the continent. Special emphasis is given to the study of early man and the cultures of the Eastern Woodlands, the America Southwest, and the intermountain West. PREREQ: ANTH 103 or PERM/INST.

ANTH 313 ARCHAEOLOGY OF SOUTH AMERICA (3-0-3) (F/S) (Even years). A comprehensive survey of the culture history of South America, from the earliest Paleo-Indians to the Peruvian high cultures. Emphasis is placed on regional chronologies, environmental adaptations, origins of American agriculture, social complexity, and culture change. PREREQ: ANTH 103 or PERM/INST.

ANTH 315 INDIAN PEOPLES OF IDAHO (3-0-3) (F/S). A study of the pre-historic and recent cultures of the native peoples of Idaho. Topics will include the interpretation of ancient Idaho cultures, the distinctiveness of the recent tribal groupings, and the relationship between past and present Idaho societies to those of the Great Basin, Interior Plateau and Northern Plains. PREREQ: ANTH 102 or PERM/INST.

ANTH 319 ARCHAEOLOGY OF MESOAMERICA (3-0-3) (F/S) (Even years). A survey of pre-Columbian cultures of Central America, with an emphasis on Mexico. Special focus on the transition from Pre-Classical to Classic civilization, with consideration of the Maya and Aztec. PREREQ: ANTH 103 or PERM/INST.

ANTH 325 HUMAN VARIATION (3-0-3) (F/S) (Alternate years). Examination of human evolution during the past 5 million years, with emphasis on evolutionary theory and both the human fossil record and present patterns of variability among humans. PREREQ: ANTH 101 or PERM/INST.

ANTH 410 EXPRESSIVE CULTURE (3-0-3) (Alternate years). Explores the crucial part culture plays in artistic creation and the cultural patterning of expressive behavior. Concerned with the purposeful arrangement of forms, colors, sounds, language and body movements in ways that have meaning and are aesthetically appealing. PREREQ: ANTH 102 or PERM/INST.

ANTH 411 (LING 411) LANGUAGE, CULTURE AND SOCIETY (3-0-3) (S) (Alternate years). Provides an introduction to the nature of the relationships among language, culture, and society. Major topics explored are language and thought; conversational theory; the ethnography of communication; language change; language variation; speech communities; pidgins and creoles; diglossia, code switching and mixing, and solidarity and politeness. Several languages are examined in specific social and cultural contexts. ANTH 102, LING 305, or a foreign language recommended. This course may be taken for LING or ANTH credit, but not both.

ANTH 425 MEDICAL ANTHROPOLOGY: DISEASE, CULTURE, AND HEALING (3-0-3) (F/S). Introduces the student to the dynamic relationship that exists between health and culture. Topics include epidemiology, medical ecology, nutrition, ethnomedicine, the social meaning of illness, medical and cultural change, and alternative health models. Emphasis will be on a cross-cultural approach. Ethnographic data will be provided from cultures around the world. PREREQ: ANTH 102 or PERM/INST.

ANTH 428 URBAN ANTHROPOLOGY (3-0-3) (F/S) (Alternate years). Examines the varieties of cultural experiences within urban settings. Will include cross-cultural comparisons of urban cultures, with a focus on such topics as population pressure and cultural changes; ethnic and occupational uses of urban space; and understanding the built environment and its reflection of cultural values. PREREQ: ANTH 102 or PERM/INST.

ANTH 430 APPLIED ANTHROPOLOGY (3-0-3) (F/S). Examination of the use of anthropology to solve human problems. How applied anthropologists use the knowledge, skills, and perspective of their discipline to help solve human problems and facilitate change. The relationship between theory and application is stressed and the use of anthropology in nonacademic settings. PREREQ: ANTH 102 or PERM/INST.

ANTH 480 SEMINAR IN ANTHROPOLOGY (3-0-3) (F/S). Philosophical and theoretical issues in anthropology. Developments in methodology and technical advances in anthropology research. Seminar topics will vary. PREREQ: ANTH 102 or PERM/INST.

ANTH 490 ARCHAEOLOGY FIELD SCHOOL (1-20-6) (SU). Six weeks on-site field training in the archaeological techniques of site reconnaissance and excavation. Focus will be placed on the observation, recording, and recovery of field data. Instruction includes preliminary laboratory processing and artifact analysis. Special fee required for room and board. PREREQ: ANTH 103 and PERM/INST.

ANTH 492 SENIOR PRACTICUM - PORTFOLIO (1-0-1)(F). A capstone course designed to help seniors develop and construct their senior portfolio. Included in the course is the departmental "portfolio review." (Pass/Fail). PREREQ: senior standing.

ANTH 495 SENIOR THESIS (0-6-3)(F/S). Designed to provide the student an opportunity to write a formal research paper drawing on primary sources and appropriate secondary materials. A research proposal will be submitted to a supervising faculty member and approved by the chair during the semester prior to initiation of the project. The research paper will be read by two faculty members. Recommended for students planning graduate studies.

Department of Art

Liberal Arts Building, Room 252

Telephone 208 426-1230

Chair and Associate Professor: Richard Young. *Professors:* Blankenship, Hanlon, Rosine, Shurtleff-Young, Smith, Taye, Taylor. *Associate Professors:* Bacon, Budde, Carman, McNeil, Miller, Turner. *Assistant Professors:* Blakeslee, Elder, Fox, Francis, Heer, Mitroi, Miyoshi, Newman, Smulovitz. *Visiting Professor:* Carver, Keys.

Degrees Offered

- B.A. and B.F.A. in Art Education 6-12
- B.A. and B.F.A. in Art Education K-12
- B.A. and B.F.A. in Graphic Design
- B.A. and Minor in History of Art and Visual Culture
- B.F.A. in Illustration
- B.A., B.F.A., and Minor in Visual Art
- Pre-Architecture Program
- M.A. in Art (See the *BSU Graduate Catalog*.)
- M.F.A. in Visual Arts (See the *BSU Graduate Catalog*.)

Degree Requirements

Visual Art Bachelor of Arts

Electives to total 128 credits	5-7
Total	128

The Art Education program combines content knowledge, theories of learning and human development, study of curriculum, and methodology, to help students develop the knowledge, skills and dispositions essential for success in secondary school teaching. The program is grounded in the conceptual framework of reflective practitioner. Reflective practitioners adjust their teaching approaches and learning environment to the needs and backgrounds of their students. Candidates who complete this program have demonstrated evidence of meeting the Idaho Beginning Teacher Standards and are eligible for recommendation for state certification.

Students wishing to pursue a B.A. or B.F.A. in Art Education must meet the requirements and standards for admission to teacher education, which are described fully under the Department of Curriculum, Instruction, and Foundational Studies or at <http://education.boisestate.edu>. Students must meet all knowledge, skill, and disposition requirements to remain in the program.

Minimum Criteria for Upper-Division Admission in Graphic Design

The major in graphic design requires admission to upper-division standing in graphic design by application to the art department. The upper-division program begins with ART 388. Before applying to upper division in graphic design, students pursuing the B.A. and B.F.A. are required to meet the following criteria:

1. Admission to Boise State University.
2. Successful completion of these courses: ART 101-102 Survey of Western Art I and II, ART 105-106 Basic Design, ART 111-112 Drawing I and II, ART 117 Introduction to Typography and Graphic Design, ART 118 Digital Tools for Graphic Design and Illustration, and ART 203 Graphic Design Studio I, ART 204 Graphic Design Studio II (completed or in progress during the semester of application), ART 251 Introduction to Creative Photography (completed or in progress during the semester of application).
3. Completion of 50 hours of course work (includes courses in progress).
4. Cumulative GPA of 2.5, art GPA of 3.0.

Your application for upper-division standing must include the following:

1. A letter of application and a copy of your transcript, submitted by March 1.
2. A portfolio that meets the criteria and requirements for admittance into the upper-division program in graphic design. You should submit selected works drawn primarily from ART 117, 118, 203, and 204. Because upper-division space is limited, your portfolio will be ranked with the others submitted. For you to be admitted to upper-division standing, your portfolio must receive a grade of 'B' or better in the Portfolio Review.
3. An essay of 500–1000 words, reflecting your observations and insights relevant to questions in art and design. Language skills and originality will be evaluated.

No later than the first day of classroom instruction in March, you must submit these to a designated representative of the program in graphic design.

Chapter 12 — Academic Programs And Courses Department of Art

Graphic Design Bachelor of Arts	
Course Number and Title	Credits

Total	128

Minimum Criteria for Upper-Division Admission in Illustration

The major in illustration requires admission to upper-division standing by special application to the art department. All prospective illustration majors are therefore required to meet the following minimum criteria for upper-division admission before applying to upper-division:

1. Admission to Boise State University.
2. Successful completion of the following courses (or equivalent courses):
ART 101-102 Survey Western Art I and II, ART 105-106 Basic Design, ART 111-112 Drawing I and II, ART 118 Digital Tools for Graphic Design and Illustration, ART 211 Anatomy/Life Drawing, ART 215 Introduction to Painting, ART 361 Illustration I.
3. GPA of 3.0 in art.
4. Completion of at least 50 credit hours, including courses in progress.
5. Submission of a portfolio that meets the criteria and requirements for admittance into the upper-division program. The primary focus of the portfolio is to be illustration/painting/drawing.
6. Submission of a 500–1000 word essay that reflects your insights regarding the major.
7. Application with transcript, essay, and portfolio by October 1 for spring semester and March 1 for fall semester.

Pre-Architectural Program

Boise State University offers courses that can be used for a 2 to 2 1/2 year pre-architectural program. This program will satisfy the first two years of most architectural programs and should be transferable. Some universities offer a degree in architectural engineering. If you are interested in this type of degree, you should follow the civil option under the engineering curriculum.

Pre-Architectural Program	
Course Number and Title	Credits
ENGL 101-102 English Composition	6
ART 100 Introduction to Art OR ART 101 Survey of Western Art I OR ART 102 Survey of Western Art II	3
ART 105, 106 Basic Design	6

Total	62-63
NOTE: University core classes may be used in place of optional courses in the program, or to extend the time you take courses at Boise State University.	

Course Offerings

See page 52 for a definition of the course-numbering system.

ART — ART

The Art Department reserves the right to withhold selected student work for the Permanent Collections. Certain art courses are subject to a lab fee. Several courses may be "repeated" for credit. This should be interpreted, "taken again" for credit, not to raise a D or F grade.

Lower Division

ART 100 INTRODUCTION TO ART (3-0-3)(F/S)(Area I). Designed to acquaint the general college student with the aesthetics of painting, sculpture, architecture, and related art forms.

ART 101 SURVEY OF WESTERN ART I (3-0-3)(F)(Area I). An historical survey of painting, sculpture, and architecture from prehistoric art through the Middle Ages.

ART 102 SURVEY OF WESTERN ART II (3-0-3)(S)(Area I). An historical survey of painting, sculpture, and architecture from the Renaissance to the present.

ART 103 SURVEY OF FAR EASTERN ART (3-0-3)(F/S). A survey of the arts of India, China, Korea, Japan, Tibet, and Southeast Asia, as they developed from the earliest times until the first influences of Western culture.

ART 105 BASIC DESIGN (2-2-3)(Area I). A two-dimensional, theoretical, and applied study of the basic design elements underlying all art areas.

ART 106 BASIC DESIGN (2-4-3)(Area I). An exploration of three-dimensional design elements. Emphasis on the theoretical and applied study of the structural organization underlying three-dimensional art forms.

ART 107 LETTERING (0-4-2)(F/S). A study of lettering techniques and various alphabetical forms. Emphasis upon modern styles, spacing, and layout.

Chapter 12 — Academic Programs

Department of Art

ART 111 DRAWING I (0-6-3)(F,S). Observational drawing with an introduction to basic skills, media, and visual thinking. Concepts include perspective, space, line, value, volume, composition, and expression.

ART 112 DRAWING II (0-6-3)(F,S). Continuation of ART 111, with an emphasis on composition. Concepts include representational and abstract drawing from observation and imagination. Experimentation with various media and color. Introduction to figure drawing. PREREQ: ART 111.

ART 115 LANDSCAPE PAINTING (0-6-3)(SU). Various styles and techniques in landscape painting in oil, watercolor, and related media. Field trips. First summer session.

ART 116 LANDSCAPE PAINTING (0-6-3)(SU). (Description same as ART 115 above.) Second summer session.

ART 117 INTRODUCTION TO TYPOGRAPHY AND GRAPHIC DESIGN (0-6-3)(F,S). Exploration of type as a design element. Introduction to issues and practices in the professional design fields. Students are advised to take ART 105 before or concurrent with ART 117.

ART 118 DIGITAL TOOLS FOR GRAPHIC DESIGN AND ILLUSTRATION (2-2-3)(F/S). An introduction to the use of the Macintosh computer in the graphic design and illustration professions, including relevant vector, raster and page layout software. Students are advised to take ART 117 before or concurrent with ART 118.

ART 120 ART FOUNDATION ORIENTATION (1-0-1)(F). Provides students with a comprehensive orientation of the study of Visual Arts and to the various disciplines represented by the Department of Art. (Pass/Fail)

ART 123 CRAFTS (0-4-2)(F/S). Lectures will be in the nature of crafts, the design principles, craftsmanship, and creativity. Several areas of crafts applicable to the public school classroom will be introduced. Simple crafts, leather work, mosaic, ceramic tile construction, batik, tie and dye, creative stitchery, enameling, macrame, simple ceramic work, sheet plastic, and others may be assigned. The proper use of hand tools and their safety will be stressed. This course is open to nonart majors.

ART 124 ART FOUNDATION ORIENTATION (1-0-1)(S). Comprehensive orientation of the study of Visual Arts and to the various disciplines represented by the Department of Art. (Pass/Fail)

ART 130 BASIC DRAWING AND PAINTING FOR NONART MAJORS (0-4-2)(F/S). One-semester course with emphasis on media, techniques, and philosophy, designed to acquaint the general college student with the basic fundamentals of drawing and painting.

ART 131 INTERIOR DESIGN (2-1-2)(F/S). Aid in understanding and appreciating interior design. The most basic components of home decorating will be studied. These include color, wallpaper, fabrics, carpet, and furniture.

ART 156 ARCHITECTURAL GRAPHIC COMMUNICATION (1-4-3)(S). Introduction to the process of architectural graphic communication; to explore graphics through projects and lectures.

ART 203 GRAPHIC DESIGN STUDIO I (2-2-3)(F). Focus on studio problems that emphasize technical, stylistic and conceptual development. PREREQ: ART 118.

ART 204 GRAPHIC DESIGN STUDIO II (2-2-3)(S). Focus on studio problems of increasing complexity that emphasize technical, stylistic and conceptual development. Students in ART 204 will prepare a portfolio to apply for upper-division admission in Graphic Design. PREREQ: ART 203.

ART 208 WEAVING (0-4-2)(F/S)(Taught intermittently). Skills and techniques in four-harness loom weaving, off-loom weaving, and tapestry weaving will be emphasized through construction and study of traditional and contemporary fiber arts.

ART 209 INTRODUCTION TO PRINTMAKING (0-6-3)(F/S). Introduction to historical and contemporary printmaking media and techniques and their creative potential. Advisable to have some experience in drawing and design.

ART 210 PRINTMAKING (0-6-3)(F/S). Designed to be a transitional class between the introduction to printmaking ART 209 and the advanced class, ART 309. Emphasis will be placed on the use of the techniques to accommodate one's own personal statement while utilizing sound design practices.

ART 211 ANATOMY/LIFE DRAWING (0-6-3)(F,S). A structural and aesthetic approach to drawing the nude. Study of proportions, skeletal and muscle structure and surface anatomy; some compositional emphasis. Model fee. PREREQ: ART 112.

ART 215 INTRODUCTION TO PAINTING (0-6-3)(F,S). An introduction to the fundamentals of painting from observation. This course will focus on an objective analysis and description of the visual perception of form. Oil or acrylic media. May be repeated once for credit. PREREQ: ART 111 or PERM/INST.

ART 217 WATERCOLOR AND RELATED MEDIA (0-6-3)(F,S). An introductory course emphasizing methods of traditional and contemporary water media. Emphasis on use of transparent watercolor. May be repeated once for credit. PREREQ: ART 215 or PERM/INST.

ART 219 FIGURE AND PORTRAIT PAINTING (0-6-3)(F). Objective studies from observation of the human figure, with a study of light, form, and color relationships used in traditional representational painting. Techniques and methods will be demonstrated. Oil or acrylic media. Model fee. May be repeated for credit. PREREQ: ART 211 and ART 215 or PERM/INST.

ART 221 ART METALS: INTRO TO METALSMITHING (2-4-3)(F). Explore issues of the vessel, hollowware, and flatware. Basic hands-on knowledge, soldering, and fabrication. Introduction to historical and contemporary metalwork. PREREQ: ART 105 or PERM/INST.

ART 222 ART METALS: INTRO TO ADORNMENT (2-4-3)(S). Basic hand-tool knowledge, soldering, and fabrication covered. Introduction to historical and contemporary metalwork adornment. PREREQ: ART 105 or PERM/INST.

ART 225 CERAMICS (2-4-3)(F). An introduction to ceramics technique and materials. Hand building, wheel-throwing, decoration, glazing, and firing instruction will be given. Enrollment is limited.

ART 226 CERAMICS (2-4-3)(S). Continued use of the potter's wheel, molding, and hand building.

ART 231 BEGINNING SCULPTURE (2-4-3)(F/S). Fundamentals of sculpture as a means of three-dimensional expression. Variety of materials and processes including carving and modeling.

ART 251 INTRODUCTION TO CREATIVE PHOTOGRAPHY (2-2-3)(F/S). An aesthetic approach to the basic photographic skills of camera operation, film development, and enlargement of negatives. All work in black and white. Adjustable camera required.

ART 252 HISTORY OF PHOTOGRAPHY (3-0-3)(F)(Even years). Designed to provide a basic understanding of both the technical and visual history of photography. Through slide presentations, important photographers of the 19th and 20th centuries will be discussed in terms of their role in the development of photography as an art form.

ART 255 ADVANCED ARCHITECTURAL GRAPHICS (1-4-3)(F). Three-dimensional drawing, applying various delineation techniques; preliminary presentation techniques and use of color in graphics.

ART 256 BASIC ARCHITECTURAL DESIGN (1-4-3)(S). Introduction to the process of architectural design. Combines basic architectural projects with presentation techniques learned in ART 156 Architectural Graphic Communication or ART 255 Advanced Architectural Graphics. Advisable to take ART 156 or ART 255 before enrolling in ART 256 Basic Architectural Design.

ART 270 HISTORY OF AMERICAN ARCHITECTURE I (3-0-3)(F). History of early American architecture from developments after Plymouth Rock landing in early 17th century through mid-19th century.

ART 271 HISTORY OF MODERN AMERICAN ARCHITECTURE II (3-0-3)(S). History of modern American architecture from the late 19th century through mid 20th century. Includes introductory review of American architecture from early 17th Century through late 19th century.

ART 290 MATERIALS AND METHODS OF ARCHITECTURE (3-0-3)(F). Identification of construction materials, elements, and systems, to locate theoretical and proprietary information about them, and to sketch sections of various construction systems and combinations thereof. At completion, students should be able to select materials based on physical and psychological criteria and design with sensitivity to the appropriate use of various materials.

Upper Division

ART 300 MULTICULTURAL ARTS (1-3-2)(F/S). Designed to prepare art and art education majors in the history and practices of a variety of world cultures in two- and three-dimensional folk arts. Includes basic history, anthropology, and aesthetics of art forms studied. Students will demonstrate proficiency in basic technical and artistic skills, research and present multicultural art lessons to peers, and participate in assessment of outcomes. Materials fee. PREREQ: Upper-division standing.

ART 301-301G NINETEENTH CENTURY ART HISTORY (3-0-3)(F). A study of important artists and movements from Neoclassicism through Post-Impressionism. Critical writing will be assigned.

ART 302-302G HISTORY OF TWENTIETH CENTURY MOVEMENT IN ART (3-0-3)(S). An analysis of important European artistic movements up to World War II, including Fauvism, German Expressionism, Cubism, Futurism, Constructivism, Dada, and Surrealism. Critical writings will be assigned.

ART 305-305G STUDIO IN VISUAL DESIGN (0-6-3)(F/S). Advanced exploration of two-dimensional or three-dimensional design, continuing with problems in line, form, color, texture, and space. Advisable to take ART 105 and ART 106 prior to ART 305.

ART 307 CONTEMPORARY IDEAS IN ART METALS (0-6-3)(F/S). Advanced exploration of design and techniques related to conceptual problems. Content varies by term with a focus on individual processes or topics. Repeatable for credit. PREREQ: ART 221 and ART 222 or PERM/INST.

ART 308 ADVANCED WEAVING (0-6-3)(F/S)(Taught intermittently). Continuing development of skills and techniques in weaving will be emphasized through specialized areas of study such as drafting and designing complex weave structures, block theory, multi-layered and three-dimensional fiber construction, ikat and warp painting, and dyeing with natural and chemical dyes. Repeatable for credit. PREREQ: ART 208 or PERM/INST.

ART 309-309G STUDIO IN PRINTMAKING (0-6-3)(F/S). Advanced printmaking techniques and media. May be repeated once for credit. PREREQ: ART 209.

ART 311-311G INTERMEDIATE DRAWING (0-6-3)(F,S). Continuation of concepts introduced in ART 112, with an emphasis on creative and experimental approaches to content, technique, and composition. May be repeated for credit. PREREQ: ART 211.

ART 312-312G INTERMEDIATE LIFE DRAWING (0-6-3)(F,S). Structural and classical work from the model, with an increased emphasis on composition and expressive drawing. May be repeated for credit. Model fee. PREREQ: ART 211.

ART 315-315G INTERMEDIATE PAINTING (0-6-3)(F,S). A study of relevant historical, ideological, and aesthetic positions in painting. A personal and creative exploration of diverse styles, methods, structures and ideations. Oil, acrylic or other media. May be repeated once for credit. Admission by portfolio review the semester prior to enrollment. PREREQ: ART 217 or ART 219 or PERM/INST.

ART 317-317G WATERCOLOR AND RELATED MEDIA (0-6-3)(F,S). Emphasis on developing individual interests and expressive strengths in painting with watercolor and related media, allowing further exploration of objectives. May be repeated once for credit. Admission by portfolio review the semester prior to enrollment. PREREQ: ART 217 and ART 315 or PERM/INST.

ART 319-319G FIGURE AND PORTRAIT PAINTING (0-6-3)(F,S). Painting the human figure in objective and interpretive modes of expression. Students will paint in realistic and semi-abstract manners. Oil or acrylic media. Model fee. May be repeated once for credit. Admission by portfolio review the prior semester. PREREQ: ART 219 and ART 315 or PERM/INST.

ART 321-321G ELEMENTARY SCHOOL ART METHODS (3-1-3). Prepares future elementary and special education teachers in awareness, skills, theories, and practices in K-8 art education. Child growth and development, curriculum selection and planning, classroom management and assessment strategies, and basic historical and aesthetic learning methods will be addressed. Students will demonstrate technical and artistic skills and mastery with K-8 art materials and will design, teach, and assess art lessons. Optional lab hours available. Materials fee. PREREQ: Upper-division standing.

ART 322-322G ELEMENTARY SCHOOL ART METHODS FOR ART EDUCATION MAJORS (3-2-4)(S). Prepares future art education teachers in awareness, skills, theories, and practices in K-8 art education. Child growth and development, curriculum selection and planning, classroom management and assessment strategies, and basic historical and aesthetic learning methods will be addressed. Students will use their technical and artistic skills and mastery with K-8 art materials and will design, teach, and assess art lessons. 30 hours of on-site clinical experience will be arranged. Additional lab hours available. Materials fee. Graduate students will assume supervisory/leadership roles as appropriate. PREREQ: Art education major; upper-division standing.

ART 325-325G STUDIO IN CERAMICS (0-6-3)(F/S). Advanced instruction in clay and glaze materials, and fabrication methods. May be repeated once for credit. PREREQ: ART 225 or ART 226.

ART 331 CARVING (2-4-3)(F/S). Techniques of hand carving in a variety of materials, including wood and stone, with references to historical and contemporary approaches. May be repeated once for credit. PREREQ: ART 231.

ART 332 FIGURE SCULPTURE (2-4-3)(F/S). Fundamentals of classical figure sculpture in wax, clay and other additive media. Gesture, proportion, anatomical structure and the expressive possibilities of the figure. May be repeated once for credit. PREREQ: ART 211 and ART 231.

ART 334 ASSEMBLED FORM (2-4-3)(F/S). Assembled sculpture in wood, metal and mixed media. Concepts of three-dimensional assemblage and installation in contemporary sculpture. Variety of technical processes including welding, wood construction, and methods for assembling mixed materials. May be repeated once for credit. PREREQ: ART 231.

ART 335-335G ART OF THE BRONZE AGE (3-0-3)(F/S)(Alternate years). A survey of the art and architecture of the Bronze Age (3000-1100 BC) Mediterranean civilizations including Egypt, Mesopotamia, Minoan Crete, and Mycenaean Greece. Recommended: ART 101.

ART 336-336G GREEK ART (3-0-3)(F/S)(Alternate years). A survey of the art and architecture of ancient Greece, from the Iron Age through the Hellenistic Period (1100-33 BC), with emphasis on the artistic achievements of Classical Athens. Recommended: ART 101.

ART 337-337G ART OF ANCIENT ITALY (3-0-3)(F/S)(Alternate years). A survey of the art and architecture of ancient Italy from the time of the Etruscans through the Roman Republic and Imperial Periods (700 BC-330 AD), with emphasis on the artistic achievements of the Roman Empire. Recommended: ART 101.

ART 338-338G MEDIEVAL ART (3-0-3)(F/S)(Alternate years). A survey of the art and architecture of the Medieval world (5th-15th centuries AD) including Byzantine Greece and Turkey, the Islamic Near East and Spain, and Europe from the time of the migrations through the Carolingian, Ottonian, Romanesque, and Gothic periods. Recommended: ART 101.

ART 339 CAST FORM (2-4-3)(F/S). Casting processes in sculpture. Mold making and casting techniques with an emphasis on the "lost wax" bronze casting process. May be repeated once for credit. PREREQ: ART 231 and one other 300-level sculpture course.

ART 341-341G CREATIVE PHOTOGRAPHY (2-4-3)(F/S). Intermediate study of photographic techniques; emphasis on the creative approach to picture-making and printing. Adjustable camera required. PREREQ: ART 251.

ART 342 DIGITAL PHOTOGRAPHY (2-4-3)(F/S). An introduction to computer imaging technologies related to photographic image making. PREREQ: ART 251.

ART 344-344G CREATIVE PHOTOGRAPHY, COLOR PRINTING (2-4-3)(F/S). Advanced study of photographic techniques; emphasis on the creative approach to picture-taking and printing in color. Adjustable camera required. May be repeated for credit. PREREQ: ART 251 or PERM/INST.

ART 351-351G SECONDARY SCHOOL ART METHODS (3-2-4)(F). For students expecting to teach art at the junior and senior high school levels. Includes pedagogical, philosophical, and methodological issues and guidelines for grades 6-12 instructional design, development and assessment, essential information about materials, safety, and aesthetics. An educational portfolio and 30 hours of clinical experience are required in a 6-12 setting.

ART 352-352G ART OF CHINA (3-0-3)(F/S)(Alternate years). A survey of the art and architecture of China from the earliest times to the end of the Ch'ing Dynasty. Emphasis will be placed on the relationship of Chinese art to native and foreign philosophies and religions. Recommended ART 103.

ART 354-354G NORTHERN RENAISSANCE ART (3-0-3)(F/S)(Alternate years). An examination of the painting, sculpture, architecture, and decorative arts of the Netherlands, France, England, and Germany from 1400-1550 and the role these arts played in the culture that produced them. Recommended: ART 102.

ART 355-355G ITALIAN RENAISSANCE ART (3-0-3)(F/S)(Alternate years). A survey of the key artistic monuments in Renaissance Italy (1200-1600 AD), from the work of Cimabue to that of Caravaggio. Recommended: ART 102.

ART 356-356G ART OF INDIA (3-0-3)(F/S)(Alternate years). A survey of the art and architecture of India from the earliest times until the end of the Mughal period, emphasizing artistic expression as a reflection of the general culture and religion. Recommended ART 103.

ART 357-357G ART OF JAPAN (3-0-3)(F/S)(Alternate years). A survey of the traditional arts of Japan from the earliest times until the first influences of Western culture, including painting, sculpture, architecture, calligraphy, prints, and ceramics. Recommended ART 103.

ART 359-359G PRE-COLUMBIAN ART (3-0-3)(F/S)(Alternate years). A survey of the Middle American art of the Olmecs, Nayarit, Colima, Maya, Teotihuacan, Zapotecs, Toltecs, and Aztecs from ancient times until the arrival of the Spanish in the 16th century.

ART 361-361G ILLUSTRATION I (0-6-3)(F). Survey of historical and contemporary illustration materials, techniques, and styles. Focus on creative communicative solutions to visual problems. PREREQ: ART 105, ART 106 and ART 112.

ART 362-362G ILLUSTRATION II (0-6-3). Continued exploration of illustration as a profession and as an expressive communicative medium. Focus on interpretive problem solving. Individually selected media. PREREQ: ART 361 and PERM/INST.

ART 365-365G BAROQUE ART (3-0-3)(F/S)(Alternate years). A survey of European visual culture during the late sixteenth and seventeenth centuries. Emphasis will be placed on the relationship of the arts to such concurrent events as the exploration and expansion into the New World, urban growth, the development of nation-states, and religious controversy. Recommended: ART 102.

ART 366-366G EIGHTEENTH CENTURY ART (3-0-3)(F/S)(Alternate years). A survey of the art of the Enlightenment from the time of Louis XIV through the Napoleonic Wars. Emphasis will be placed on the relationship between eighteenth century visual culture and developments in science, philosophy, and the changing political and social ideologies of the newly industrial nations of Europe and North America. Recommended: ART 102.

ART 371-371G HISTORY OF TWENTIETH CENTURY AMERICAN ART (3-0-3)(F). Beginning with a short survey of American art from the Ashcan School through the Thirties, with concentration on Abstract Expressionism, Pop, Op, and Minimal. Critical writings will be assigned. Advisable to take ART 302 prior to ART 371.

ART 388-388G GRAPHIC DESIGN STUDIO III (0-6-3)(F/S). Focus on advanced studio problems that emphasize visual and conceptual research and development. Problems may require two- or three-dimensional solutions, written as well as visual materials, collaborative work, and design work for clients from the community. May be repeated once for credit. PREREQ: Upper-division standing in graphic design.

ART 400 HISTORY OF VISUAL RHETORIC (3-0-3)(F/S). Explores the layers of meaning in visual communication. Within this context, the work of selected designers and illustrators will be presented.

ART 409-409G STUDIO IN PRINTMAKING (0-6-3)(F/S). Individual projects in printmaking. May be repeated for credit. PREREQ: ART 309.

ART 410 PROFESSIONAL PRACTICES IN ART (2-2-3)(F/S). Provides the student with practical knowledge in business, legal, and organizational aspects of art including an examination of gallery and museum procedures. Students will organize and produce an exhibition of their artwork or write a research paper depending on area of emphasis. Students participating in the exhibition will supply slide records of their artwork and other relevant material. PREREQ: Senior standing. BFA candidates only or by PERM/INST.

ART 411-411G ADVANCED DRAWING STUDIO (0-6-3)(F,S). Individual problems in drawing. Model fee. May be repeated for credit. PREREQ: ART 311 or ART 312.

ART 415-415G STUDIO IN PAINTING (0-6-3)(F/S). Individual problems in painting in any media. Students will participate in one-person senior show projects. May be repeated for credit. PREREQ: ART 315.

ART 417-417G STUDIO IN PAINTING-WATERCOLOR (0-6-3)(F,S). Advanced study in selected watercolor and related media. Emphasis on developing individual interests and expressive strengths. Students will participate in one-person senior show projects. May be repeated once for credit. PREREQ: ART 317 or PERM/INST.

ART 419 STUDIO IN ART METALS (0-6-3)(F/S). Individual problems in Art Metals. Repeatable for credit. PREREQ: 9 credits of ART 307 or PERM/INST.

ART 420-420G STUDIO IN FIGURE- PORTRAIT PAINTING (0-6-3)(F/S). Advanced figure painting with emphasis on personal direction. Students will participate in one-person senior show projects. May be repeated for credit. Model fee. PREREQ: ART 319 or PERM/INST.

ART 425-425G STUDIO IN CERAMICS (0-6-3)(F/S). Advanced study, including individual instruction in clay and glaze materials, fabrication methods, and professional practices. May be repeated twice for credit. PREREQ: ART 325.

ART 431-431G STUDIO IN SCULPTURE (0-6-3)(F/S). Individual problems in sculpture. May be repeated for credit. PREREQ: Two of the following four courses: ART 331, ART 332, ART 334, ART 339.

ART 444-444G Advanced Photography (2-4-3)(F/S). Individual problems in photography. May be repeated for credit. PREREQ: ART 341 and ART 344.ART

ART 450-450G ART HISTORY PRACTICUM (2-0-2)(F/S). Directed practical experience in organizing and illustrating art history classes, leading exam review sessions, and evaluating student performance. Students will receive credit for working as an assistant in selected classes designated by art history faculty each semester. May be repeated for a maximum of 4 credit hours. (Pass/Fail). PREREQ: 12 credits of art history and PERM/INST.

ART 451-451G CONTEMPORARY CONCEPTS IN ART (3-0-3)(F/S)(Alternate years). An exploration of contemporary art in the context of current theoretical concepts. The pluralistic nature of art during the postmodern era will be emphasized and recent developments in criticism will be introduced. Critical writings will be assigned. PREREQ: ART 302, ART 371, or PERM/INST.

Chapter 12 — Academic Programs and Courses Department of Art

ART 452-452G METHODS AND THEORY IN ART HISTORY (3-0-3)(F). A critical analysis of the historiographical, theoretical, and methodological approaches taken by art historians in their consideration and interpretation of visual culture, past and present. PREREQ: 9 credits of art history, graduate status, or PERM/INST.

ART 461-461G STUDIO IN ILLUSTRATION (0-6-3)(S). Continued exploration of illustration as a profession and as an expressive communicative medium. Focus on development of an individual visual voice through advanced interpretive problem-solving. PREREQ: ART 362 and PERM/INST.

ART 462-462G ADVANCED STUDIO IN ILLUSTRATION (0-6-3)(F). Exploration of the editorial applications of illustration (for example, book, magazine, visual essay). Focus on the continued development of an individual visual voice through the exploration of sequential imagery. Individually selected media. PREREQ: ART 461 and PERM/INST.

ART 465 SENIOR PROJECT IN ILLUSTRATION (0-6-3)(S). Culminating original project for illustration majors, including a formal presentation or exhibition. PREREQ: ART 462 and PERM/INST.

ART 483-483G NEW MEDIA DESIGN (2-2-3)(F/S). An introduction to the visual and conceptual design of emerging digital technologies, including multimedia, animation, interface and website design. PREREQ: Upper-division standing in Graphic Design and PERM/INST.

ART 488-488G GRAPHIC DESIGN STUDIO IV (0-6-3)(F/S). Focus on continuing advanced studio problems that emphasize visual and conceptual research and development. Problems may require two- or three-dimensional solutions, written as well as visual materials, collaborative work, and design work with clients from the community. May be repeated once for credit. PREREQ: Upper-division standing in Graphic Design.

ART 495 PORTFOLIO DEVELOPMENT (2-2-3)(F/S). Students prepare a portfolio which they may use to enter the professional market. The course assists students in revising and editing their existing work, adding new work as needed, selecting an appropriate presentational format, developing self-promotional strategies and sharing their portfolios with the civic and professional communities. Recommended that students take this course in their final semester. PREREQ: Upper-division standing in Graphic Design or Illustration.

ART 498 SEMINAR (3-0-3)(F,S). Challenging and controversial works, practices, and problems within contemporary visual culture. Develops conceptual and critical skills through readings, papers, class discussion, and the examination of various types of representations and media. Intended as preparation for Senior year exit requirement courses. PREREQ: Upper-division standing.

Athletic Training — see Department of Kinesiology

Bachelor of Applied Science Degree

Larry G. Selland College of Applied Technology
<http://selland.boisestate.edu>

Contact: Larry G. Selland College of Applied Technology Student Services Office(s): *Boise:* Technical Services Building, 1464 University Dr., Room 109; telephone 208 426-1431; fax 208 426-1029 **OR** *Canyon County Center in Nampa:* 2407 Caldwell Blvd., telephone 208 426-4700, fax 208 426-4745.

The bachelor of applied science (B.A.S.) degree is a baccalaureate degree designed for applied technology students who choose to complete the requirements associated with a full baccalaureate program.

The purpose of the degree is to provide students the opportunity to combine applied technology course work with both general education core and elective course work. Building upon the learning outcomes of their AAS program, students achieve the learning outcomes of the university core curriculum. Additionally, students cluster a portion of their elective course work within one or more academic disciplines resulting in specialized knowledge designed to complement their course work and enhance their career potential.

Eligibility Requirements for Admission to the B.A.S. Program

You must meet one of the following requirements to be admitted to the B.A.S. program:

- graduate of an A.A.S. degree program approved by the Idaho State Board of Education
- graduate of an institution accredited by a regional accrediting association (as reported in *Accredited Institutions of Post Secondary Education*) that meets Idaho Standards for an A.A.S. degree (minimum of 60 credits or equivalent quarter credits.)

- satisfactory completion of the general university requirements (core) and upper-division requirements for the B.A.S. degree AND enrollment in an A.A.S. degree program at Boise State University

Application Procedures for Admission to the B.A.S. Program

To apply for admission to the B.A.S. program, either of the College Student Services offices noted above:

- official transcript(s) documenting successful completion of an accredited A.A.S. degree (or its equivalent) or an official transcript(s) documenting successful completion of core requirements and upper-division requirements
- Completed "Application for Acceptance into Bachelor of Applied Science Program" form.

Degree Requirements

Applied Technology Bachelor of Applied Science	
Course Number and Title	Credits
ENGL 101-102 English Composition	6
Area I — see page 39 for list of approved courses	
Area I core in one field	3
Area I core in a second field	3
Area I core in a third field	3
Area I core in any field	3
Area II — see page 40 for list of approved courses	
Area II core in one field	3
Area II core in a second field	3
Area II core in a third field	3
Area II core in any field	3
Area III — see page 40 for list of approved courses	
Area III core in mathematics	3-5
Area III core in a second field	4
Area III core in any field	4
Area II and III electives	
Area II and III Electives	9
These courses do not have to be selected from the approved core list but are to be chosen from anthropology, biology, chemistry, communication, criminal justice administration, economics, education, engineering, geography, geology, history, mathematics, physical science, physics, political science, psychology, social work, and sociology.	
Areas of Emphasis	15-18
Of the required 34 upper-division hours, a minimum of 15 credits must be in one area of emphasis OR a minimum of 18 credits with 9 credits in each of two areas of emphasis OR a minimum of 15 credits interdisciplinary. (Students must see their advisors for approved areas of emphasis.)	
Upper-division courses	16-19
Technical Education courses	40
Electives to total 128 credits (Up to three credits may come from KIN-ACT courses)	2-4
Total	128
To be admitted to the program leading to a B.A.S., you must be a graduate of a technical program meeting Idaho standards for the A.A.S. degree. Furthermore, the technical program must be accredited by a regional accrediting body recognized by the Council on Postsecondary Education. Exceptions to these policies must be reviewed by the Dean of the Larry G. Selland College of Applied Technology.	

Course Offerings

See page 52 for a definition of the course-numbering system.

BASCI — Bachelor of Applied Science

BASCI 293, 493 BACHELOR OF APPLIED SCIENCE INTERNSHIP (Variable Credit).

Field learning in the technical environment under supervision of both a manager and an instructor. To enroll in courses numbered 293 or 493, a student must have attained a cumulative grade-point average of 2.0 or higher. BASCI 293, 493 may be repeated for a maximum of 6 credits. (Pass/Fail). PREREQ: PERM/INST/ CHAIR.

BASCI 294, 494 BACHELOR OF APPLIED SCIENCE CONFERENCE AND/OR WORKSHOP (Variable Credit).

Conference and workshops conducted by outstanding business and industry leaders or qualified faculty in a technical field sponsored under the auspices of Boise State University. May be repeated for a maximum of 6 credits. (Pass/Fail.)

BASCI 296 BACHELOR OF APPLIED SCIENCE INDEPENDENT STUDY (Variable Credit). Independent study for technical competency upgrade, applied research project, or specialized advanced skill experience or study. May be repeated for a maximum of six credits. (Pass/Fail.) PREREQ: PERM/ INST/CHAIR.

BASCI 496 BACHELOR OF APPLIED SCIENCE INDEPENDENT STUDY (Variable Credit). Upper-division students may complete an independent study for technical competency upgrade, applied research project, or specialized advanced skill experience or study. Before enrolling for independent study, a student must obtain the approval of the department chair, acting on the recommendation of the instructor who will be supervising the independent study. An independent study cannot be substituted for a course regularly offered at Boise State University, nor can independent study credits be used to improve a grade in a course the student has already taken. BASCI 496 may be repeated maximum of 6 credits. (Pass/Fail.) PREREQ: PERM/INST/CHAIR.

BASCI 498 BACHELOR OF APPLIED SCIENCE SEMINAR (Variable Credit). Designed to provide an opportunity for study of a particular area in a technical field at an advanced level. The topics offered will be selected on the basis of their timely interest to technical fields and a particular expertise of the faculty or related industry. May be repeated for a maximum of 6 credits. (Pass/Fail.) PREREQ: Upper-division standing and PERM/INST/CHAIR.

Fax: 208 426-2360

Chair and Professor: Jay Fuhrman. *Professor:* Robert Bahruth. *Assistant Professor:* Claudia Peralta-Nash. *Lecturer:* Fernanda Morales.

Degrees Offered

- B.A. in Elementary Education, Bilingual/ESL
- M.A. in Education, Bilingual/ESL

Department Statement

Reflective teachers adjust their teaching approaches and learning environment to the needs and backgrounds of their students. This is particularly critical when teaching children who come from different cultures and whose language is not English. Professional courses in the bilingual education/ESL degrees are designed to assist candidates in developing knowledge, skills, values and dispositions essential for success in teaching all children, especially linguistic and culturally diverse students. The course work prepares candidates to teach in two languages and to integrate the children's culture into the teaching-learning process. Course work is based on two assumptions: (1) successful teachers are committed to the acquisition of and continuous renewal of knowledge in the substantive areas they teach and (2) they are committed to the development of pedagogy conducive to a high level of achievement for all students. Therefore, coursework in the bilingual education/ESL degrees offered by the department combines content knowledge with the study of theory, curriculum, methodology, second language acquisition and Spanish and English as a Second Language.

In preparatory course work, candidates will examine theories of learning and human development. They will learn how children learn a second language and how to teach effectively in the children's native language. They will also learn how to teach children English without sacrificing their progress in the academic subject areas. Course work and practicum experiences will acquaint candidates with the rich diversity they will find in their K-12 classrooms and provide opportunities to practice methods of teaching appropriate for the content being taught. Course work emphasizes the development of values aimed at a healthy society within a global community. Candidates who complete the approved program of study are exemplary teachers. They accept the difficult challenge of teaching children identified as limited in their English language proficiency as well as all other students and acknowledge the importance of educating a citizenry who will contribute to society as caring, responsible, and thoughtful citizens. Candidates can make effective instructional decisions and demonstrate that they meet the Idaho Beginning Teacher Standards.

In addition to the pre-service and graduate education program, the department also serves teachers and local school districts through cooperatively developed in-service programs. The department supports change efforts and provides assistance to school districts, government agencies, and the private sector. Faculty members in the department are encouraged and supported in their efforts to conduct applied and action research in school settings.

Additional Information

Please refer to the Department of Curriculum, Instruction, and Foundational Studies for information regarding:

- Admission to Elementary Teacher Education
- Limitations to Admission
- Continued Enrollment
- Admission to the Professional Year
- Special Information for the Professional Year
- Special Information for Transfer students or Students with a Prior Degree
- Elementary Education Certification Requirements

Degree Requirements

Elementary Education Bilingual/ESL Bachelor of Arts	
Course Number and Title	Credits
ENGL 101-102 English Composition NOTE: Students not required to take ENGL 101 must complete an additional 3 credits of English. For certification purposes, bilingual/ESL majors must complete a total of 12 hours of English, including both composition and literature. LING 305 will fulfill this requirement.	6
Area I — see page 39 for list of approved courses	
ENGL 277 or 278 Survey of American Literature	3
SPAN 201-202, or SPAN 201, SPAN 203 Intermediate Spanish	8
Area I core course in a third field (ART 100 recommended)	3
Area II — see page 40 for list of approved courses	
ANTH 102 Cultural Anthropology	3
HIST 111 or HIST 112 U. S. History	3
PSYC 101 General Psychology	3
SOC 230 Introduction to Multiethnic Studies	3
Area III — see page 40 for list of approved courses	
BIOL 100 Concepts of Biology	4
MATH 257 Geometry and Probability for Teachers	4
Area III core course in a third field	4
NOTE: Bilingual/ESL majors must have courses in at least two of the following disciplines: biological sciences, earth science, or physical science.	
ART 321 Elementary School Art Methods OR MUS 374 Music Methods for Elementary School Teacher	3
ED-BLES 201 Foundations of Teaching Bilingual Education/ESL	3
ED-BLES 202 Mexican-American Tradition and Culture	2

Chapter 12 — Academic Programs and Courses Department of Bilingual Education

Elementary Education, Bilingual/ESL (continued)

EDTECH 202 Educational Technology – Classroom Applications	3
KINES 355 Elementary School Health and PE Curriculum and Instruction	3
LING 305 Introduction to Language Studies	3
MATH 157 Structure of Arithmetic for Teachers	4
*+SPAN 303 Advanced Spanish Conversation and Composition	3

Total 128

NOTE: *Students who successfully complete SPAN 303 with a grade of 'C' or better may apply for credit for prerequisites not taken and may use SPAN 201, 202, or 203 in fulfillment of Area 1 core requirements.

**Students must take this class in order to student teach in a kindergarten classroom.

† Prior to the professional (senior) year, Bilingual Education/ESL majors must demonstrate oral and written proficiency in Spanish by successfully passing the Department's Spanish Proficiency Assessment and/or ED-BLESL 305.

Completion of this degree as outlined in this catalog qualifies students to receive a Standard Elementary Teaching Certificate from the State of Idaho, valid in K-8, thus enabling them to teach in a regular or bilingual elementary classroom. The certificate will also be endorsed for Bilingual Education, K-12 and English as a Second Language, K-12.

Pre-Endorsement

English as a Second Language (ESL) Pre-Endorsement Students majoring in Elementary Education who pursue the pre-endorsement sequence in English as a Second Language (ESL) receive additional background knowledge, skills, and techniques that will assist them in teaching students who are learning English as a new language.

English as a Second Language (ESL) Pre-Endorsement

Course Number and Title	Credits

Total	14-15

Course Offerings

See page 52 for a definition of the course-numbering system.

ED-BLESL — Bilingual Education/English as a Second Language

Lower Division

ED-BLESL 200 CULTURAL DIVERSITY IN THE SCHOOL (2-0-2)(F/S). An introduction to cultural diversity in education, including an historical overview of programs for students from linguistically and culturally diverse backgrounds, contemporary multicultural and bilingual education, and education for social justice and equity. PREREQ: ED-CIFS 260. COREQ: ED-CIFS 261 and ED-SPED 250.

ED-BLESL 201 FOUNDATIONS OF TEACHING BILINGUAL EDUCATION/ESL (3-0-3)(F). Psychological, legal, and cultural foundations of bilingual education and teaching English as a Second Language. Current trends in the field and bilingual education/ESL teacher preparation.

ED-BLESL 202 MEXICAN-AMERICAN TRADITION AND CULTURE (2-0-2)(S). Mexican-American traditions, culture, and history. Mexican-American people including their influence on contemporary American language, customs, and beliefs in Mexican-American and educational institutions. COREQ: ED-CIFS 261 and ED-SPED 250.

Upper Division

ED-BLESL 301 IDENTIFICATION AND DIAGNOSIS OF LIMITED ENGLISH PROFICIENT STUDENTS (3-0-3)(F). Language proficiency tests and theory. Reviews language assessment instruments currently in use. Interpretation of the results of these instruments in order to place children at the proper level of bilingual education or ESL. Practical experience in administering assessment instruments. PREREQ: Admission to teacher education and SPAN 202. PREREQ/COREQ: ED-BLESL 201.

ED-BLESL 302 TEACHING READING BILINGUALLY (1-0-1)(F). Theories of teaching reading and language arts to limited English proficient students. Approaches and opportunities to teach early literacy in Spanish. Instruction is given in both English and Spanish. PREREQ: Admission to Teacher Education, SPAN 202, or SPAN 203, and either ED-BLESL 201 or PERM/INST. PREREQ/COREQ: ED-LTCY 340.

ED-BLESL 303 TEACHING CONTENT IN THE BILINGUAL/ESL CLASSROOM (3-0-3)(S). Instructional strategies, techniques, and methods across the content areas for use in the elementary bilingual/ESL classroom. Instruction presented in both Spanish and English. PREREQ: Admission to Teacher Education and SPAN 202, or PERM/INST.

ED-BLESL 304 METHODS OF TEACHING ENGLISH AS A SECOND LANGUAGE (3-0-3)(S). Current approaches, resources and classroom organizational patterns. Problem-solving strategies for dealing with issues and problems regarding the development of communicative competency. PREREQ: Admission to Teacher Education and ED-BLESL 201.

ED-BLESL 305 SPANISH FOR THE BILINGUAL CLASSROOM (2-0-2)(S). A literature based oral and written communication course for the extended opportunities in expressing and comprehending ideas in Spanish, as it relates to the context of the bilingual classroom. Students may be assigned to local public schools and/or community to gain practice in using the language for the local speech community. Course conducted in Spanish. PREREQ/COREQ: SPAN 303. COREQ: ED-BLESL 306.

ED-BLESL 306 FIELD EXPERIENCE IN THE BILINGUAL OR ESL CLASSROOM (3-0-1)(S). A field placement in a bilingual education or English as a Second Language class in a public school setting. Students in bilingual placements translate school correspondence, form, newsletters, and other written items, and provide oral translation and interpretation in the classroom setting. PRE/COREQ: SPAN 303. COREQ: ED-BLESL 305.

ED-BLESL 401 PROFESSIONAL YEAR III: TEACHING EXPERIENCE IN BILINGUAL EDUCATION/ESL (0-21-7)(F/S). The concluding teaching experience in the Professional Year for students pursuing an endorsement in Bilingual Education/ESL, with a full-time teaching experience in a bilingual and/or ESL classroom. Students will complete a teaching experience consistent with the calendars of the assigned partnership schools. (Pass/Fail). PREREQ: ED-CIFS 460, completion of Bilingual Education requirements. COREQ: ED-CIFS 430 and ED-CIFS 461.

Chair and Professor: James C. Munger. *Professors:* Bechard, Belthoff, Centanni, Dufty, McCloskey, Rychert, Smith, Wicklow-Howard. *Associate Professors:* Jorcyk, Koetsier, Long, Novak, Oxford, Serpe. *Assistant Professors:* Robertson, Rohn, Wingett.

Degrees Offered

- B.S. and Minor in Biology
- B.S. in Biology, Botany Emphasis
- B.S. in Biology, Clinical Laboratory Science Emphasis
- B.S. in Biology, Ecology Emphasis
- B.S. in Biology, Environmental Biology Emphasis
- B.S. in Biology, Human Biology Emphasis
- B.S. in Biology, Microbiology Emphasis
- B.S. in Biology, Molecular and Cell Biology Emphasis
- B.S. in Biology, Zoology Emphasis
- B.S. in Biology, Secondary Education
- M.A. and M.S. in Biology (see the *BSU Graduate Catalog*.)
- M.S. in Raptor Biology (see the *BSU Graduate Catalog*.)
- Pre-Forestry and Pre-Wildlife Management Coursework

Department Statement

The bachelor's degree in biology provides students with the intellectual and technical skills to succeed in a career in biology or medicine. Students gain an understanding of living organisms, of how these organisms interact with their environment, and of the process of biological investigation. The biology curriculum provides students with a knowledge base in molecular, cellular, organismal, ecological, and evolutionary biology, as well as allowing students to emphasize their areas of interest.

Pre-Medical, Pre-Dental, Pre-Veterinary, Pre-Chiropractic, and Pre-Physician Assistant students who graduate with a degree in biology have in general been highly successful at gaining admission to excellent professional schools. These students typically find themselves better prepared than their cohorts from other institutions. Biology graduates have also been successful at gaining admission to M.S. and Ph.D. programs in the biological sciences throughout the United States. Other students have begun working in their field immediately after completing their B.S. degree. Finally, many graduates find that the skills developed and knowledge acquired as biology students benefit them in non-biological fields.

The Department of Biology also offers a B.S. in Biology, Secondary Education for students who wish to obtain teaching certification and pursue the noble career of teaching at the secondary school level. A nondegree curriculum in Pre-Forestry and Pre-Wildlife Management allows students to complete two years of course work at Boise State University before transferring to a

professional program at other institutions. Alternatively, some of our students have successfully entered wildlife and fisheries positions with a Biology degree from Boise State University.

Acquisition of experience outside the classroom is often very important in the pursuit of biological careers. To gain such experience, students may participate in independent study projects, either assisting faculty with their research or developing student-initiated projects with faculty guidance. Students may also pursue internships with governmental agencies, local businesses, hospitals, and other professionals in the area.

NEW BIOLOGY STUDENTS should take the appropriate mathematics course (determined by placement exam) in their first semester at Boise State; mathematics is a prerequisite for several biology and chemistry courses. All students are urged to meet each semester with their advisors regarding class scheduling and career plans. See the department website for extensive advising information.

Degree Requirements

Biology Bachelor of Science	
Course Number and Title	Credits
ENGL 101-102 English Composition	6
Area I — see page 39 for list of approved courses	
Area I core course in one field	3
Area I core course in a second field	3
Area I core course in a third field	3
Area I core course in any field	3
Area II — see page 40 for list of approved courses	
Area II core course in one field	3
Area II core course in a second field	3
Area II core course in a third field	3
Area II core course in any field	3
COMM 101, COMM 112 and PSYC 101 are approved Area II courses and may count in various situations below.	
Area III	
Area III requirements are automatically met by specific courses included in the major requirements below.	
BIOL 191-192 General Biology I & II	8
*BIOL 198 Perspectives in the Biological Sciences	(1)
BIOL 301 Cell Biology	3
BIOL 323 Ecology	4
BIOL 343 Genetics Lecture	3
BIOL 401 Organic Evolution	3
BIOL 488 Senior Outcomes Assessment	0
*Biology 198 is not required, but is recommended for new majors, and will count as general elective credit.	
CHEM 111-112 College Chemistry	9
CHEM 317, 319 Organic Chemistry and Lab	5
Two or more of these communications courses including at least one COMM course: COMM 101 Fundamentals of Speech Communication COMM 112 Reasoned Discourse COMM 231 Public Speaking COMM 311 Speech Communication for Teachers COMM 356 Communication in the Small Group ENGL 202 Technical Communication COMM 101 and COMM 112 can be counted as fulfilling part of Area II core requirements.	6
MATH 143 College Algebra AND MATH 144 Analytic Trigonometry OR MATH 147 Precalculus	5
MATH 160 Survey of Calculus OR *MATH 170 Calculus I	4
MATH 254 Applied Statistics with the Computer *MATH 170 is recommended for students planning to enter graduate or professional school.	4
In addition, complete either the following course work to graduate with a B.S. in Biology (without an emphasis) OR complete the courses listed under one of the emphases below to graduate with a B.S. in Biology with an emphasis.	

— continued —

Biology (continued)	
Physiology (one course) BOT 401 Plant Physiology ZOO 401 Human Physiology ZOO 409 General and Comparative Physiology	4

Electives to total 128 credits**	21-23
Total	128
*Workshops may not be counted towards upper-division biology credit; A maximum of 4 credits total of any combination of internship and independent study credit may be counted towards upper-division biology credit.	
**Can include workshops and excess independent study and internship credits up to University limits. For students planning to pursue graduate school or professional school, the following are recommended: Physics, Calculus, and second semester Organic Chemistry or Biochemistry. Students are urged to determine the exact requirements of schools they wish to attend and meet with an advisor.	

Biology Minor

Course Number and Title	Credits
BIOL 191-192 General Biology I & II	8
BIOL 205 Microbiology	4
Upper division biology courses	11
Total	23

The Biology, Secondary Education program combines content knowledge, theories of learning and human development, study of curriculum, and methodology, to help students develop the knowledge, skills and dispositions essential for success in secondary school teaching. The program is grounded in the conceptual framework of reflective practitioner. Reflective practitioners adjust their teaching approaches and learning environment to the needs and backgrounds of their students. Candidates who complete this program have demonstrated evidence of meeting the Idaho Beginning Teacher Standards and are eligible for recommendation for state certification.

Students wishing to pursue this degree must meet the requirements and standards for admission to teacher education, which are described fully under the Department of Curriculum, Instruction, and Foundational Studies or at <http://education.boisestate.edu>. Students must meet all knowledge, skill, and disposition requirements to remain in the program. Students are encouraged to increase their employability by developing their ability to lead extracurricular activities, such as by coaching a sports team or a debate team.

Chapter 12 — Academic Programs and Courses Department of Biology

The pre-forestry and pre-wildlife management program is designed to satisfy the lower division course work typically completed during the freshman and sophomore year in a school of forestry. For their junior and senior years, students wishing to earn a bachelor's degree in this area of study may transfer to the University of Idaho College of Forestry, Wildlife, and Range Sciences. Alternatively, students may choose to earn a bachelors degree in biology from Boise State. A number of our students have successfully entered fisheries and wildlife positions. Success is increased with relevant experience. In addition, a B.S. Biology from Boise State provides an excellent preparation for masters and Ph.D. programs in wildlife and fisheries biology.

Pre-Forestry and Pre-Wildlife Management

Course Number and Title	Credits
ENGL 101-102 English Composition	6
ENGL 202 Technical Communication	3
Area I core courses	6
COMM 101 Fundamentals of Speech	3
ECON 202 Principles of Microeconomics	3
Area II core course	3
BIOL 191-192 General Biology I & II	8
BIOL 323 Ecology	4
CHEM 101-102 Essentials of Chemistry	8
CIS 104 Operating Systems and Word Processing Topics AND CIS 105 Spreadsheet Topics AND CIS 106 Database Topics	1 1 1
MATH 160 Survey of Calculus OR MATH 170 Calculus I	4
MATH 254 Applied Statistics with Computers	4
Total	55

Notes: Other courses offered that are applicable to various programs within the College of Forestry, Wildlife and Range Sciences at the University of Idaho include BIOL 205, 343, 401, 427, 433, BOT 305, 401, 424, CHEM 431, ECON 201, 333, GEOL 101, 305, 451, MKTG 301, PHYS 111-112, ZOOL 301, 341, 409, 421, 434. In many cases, it is possible to attend Boise State for three years and complete the program of study at the University of Idaho in two additional years. Consult the Department of Biology or the University of Idaho for information as to which courses will apply to the field you wish to enter.

Course Offerings

See page 52 for a definition of the course-numbering system.

BIOL — BIOLOGY

Lower Division

BIOL 100 CONCEPTS OF BIOLOGY (3-2-4)(F/S)(Area III). An introduction to the fundamental biological principles of cell and molecular biology, genetics, ecology, and evolution. Introduction to organismal diversity, physiology, and morphology.

BIOL 107 INTRODUCTION TO HUMAN BIOLOGY (3-2-4)(F,S)(Area III). An introduction to human structure and function and the interrelationships of various human systems. Homeostasis, disease, health and their relationships to human anatomy and physiology. This is a nonmajor course that does not satisfy biology or allied health program requirements.

BIOL 191 GENERAL BIOLOGY I (3-3-4)(F,S)(Area III). Designed for biology and health science majors. The basic characteristics of living systems including the chemical and physical structure of cells, genetics, development, evolution, and ecology. Recommended: Solid preparation in high school biology and chemistry. PREREQ: MATH 108 or appropriate placement score.

BIOL 192 GENERAL BIOLOGY II (3-3-4)(F,S)(Area III). Organismal biology in an evolutionary context, including biodiversity, structure and function, reproduction, physiology, and morphology of viruses, bacteria, protists, fungi, plants, and animals. PREREQ: BIOL 191.

BIOL 198 PERSPECTIVES IN THE BIOLOGICAL SCIENCES (1-0-1)(F). Designed to give new biology majors an introduction to the careers of biology, the concepts of biological research, the research of faculty, and the tools necessary to be a successful biology student. Pass/Fail.

BIOL 200 MAN AND THE ENVIRONMENT (3-0-3)(F/S). The impact of biological, economic, and social factors on man's environment are discussed. Participants become aware of important issues and factors involved in environmental decision-making.

BIOL 205 MICROBIOLOGY (3-2-4)(F/S). A survey of microbial diversity, structure, function, and metabolism; principles of microbial control; host-parasite relationships; immunology; and medically important microorganisms. PREREQ: CHEM 101 or CHEM III, and BIOL 227-228 or BIOL 191-192.

BIOL 227-228 HUMAN ANATOMY AND PHYSIOLOGY (3-3-4)(Area III). A two-semester sequence for students whose career objectives require a thorough study of human anatomy and physiology. BIOL 107 cannot be substituted for either semester of this sequence. One semester of this sequence cannot be substituted for BIOL 107. Prior or concurrent enrollment in CHEM 101 is recommended.

BIOL 279, 479 RESEARCH IN THE BIOLOGICAL SCIENCES (1-0-1)(F/S). Seminars by biologists on a wide range of subjects. Students will attend seminars, write summaries, and search for relevant literature. Pass/Fail. May be repeated once for credit.

Upper Division

BIOL 300 BIOLOGY OF AGING (3-0-3)(F)(Offered even-numbered years). Focuses on biological aspects of aging and the major types of anatomical and physiological changes which may impair normal functioning during the aging process. This course is not appropriate for biology majors and may not be counted toward major requirements. PREREQ: Upper-division standing and BIOL 191-192 and CHEM 112, or BIOL 191 and CHEM 317, or BIOL 227-228 and CHEM 317.

BIOL 301 CELL BIOLOGY (3-0-3)(S). Structure and function of prokaryotic and eukaryotic cells. PREREQ: BIOL 191-192 and CHEM 112, or BIOL 191 and CHEM 317, or BIOL 227-228 and CHEM 317.

BIOL 303 GENERAL BACTERIOLOGY (2-6-4)(F). An examination of concepts, problems, and techniques in bacterial and archaeal biology. Included are discussions of structure, metabolism, control, genetics, taxonomy, pathogenicity, ecology, and evolution. Laboratory topics include growth and physiology, microbial genetics, bacteriophages, and biotechnology. PREREQ: BIOL 301.

BIOL 310-310G PATHOGENIC BACTERIOLOGY (2-6-4)(S)(Offered odd-numbered years). Medically important bacteria, rickettsia, and chlamydia are surveyed with emphasis on their pathogenicity, host-parasite relationships, and the clinical and diagnostic aspects of the diseases they produce in humans and animals. PREREQ: BIOL 205 or BIOL 303, and BIOL 301.

BIOL 323 ECOLOGY (3-3-4)(F,S). A survey of how physical and biological factors determine the abundance and distribution of plants and animals. Concepts at the physiological, population, community, and ecosystems level will be discussed. Field and laboratory exercises will investigate questions concerning habitat, populations, and communities. Weekend field trips may be taken. PREREQ: BIOL 191-192 and MATH 254.

BIOL 343 GENETICS LECTURE (3-0-3)(F). A study of the principles of genetics as they relate to living organisms. PREREQ: BIOL 301. PREREQ/COREQ: CHEM 317.

BIOL 344-344G MOLECULAR AND CELL BIOLOGY LABORATORY (0-6-2)(F). Explores modern molecular and cellular techniques including cloning, computer analysis of DNA sequences, karyotyping, DNA amplification, and use of Southern and Western blots for transgene detection and expression analysis. Periodic reports will be submitted. Some laboratory time will be arranged. PREREQ/COREQ: BIOL 343.

BIOL 351-351G DEVELOPMENTAL BIOLOGY (2-6-4)(S)(Offered odd-numbered years). Germ cell development, comparative patterns of cleavage and gastrulation, neurulation and induction, and development of human organ systems with emphasis on molecular and cellular mechanisms. Laboratory studies of sea urchin, frog, chick, and pig development. PREREQ: BIOL 191-192 and BIOL 301.

BIOL 401-401G ORGANIC EVOLUTION (3-0-3)(S). Philosophical basis of evolutionary theory. Detailed examination of genetic variation, mechanisms of evolutionary change, adaptation, speciation, and phylogeny. Genetics recommended. PREREQ: BIOL 323 and BIOL 343 or PERM/INST.

BIOL 409 MOLECULAR ECOLOGY AND PHYLOGEOGRAPHY (3-0-3)(F)(Offered odd-numbered years). Theory and methodologies used in molecular ecology and phylogeography. Molecular genetic markers currently used to study ecological phenomena (e.g., mating systems, parentage and kinship, population structure, gene flow, dispersal, natural selection). Emphasis on an hypothesis-testing approach. Determination of which molecular techniques are most appropriate for specific research questions. PREREQ: BIOL 323 and BIOL 343.

BIOL 412-412G GENERAL PARASITOLOGY (2-3-3)(Offered intermittently). Study of animal parasites with emphasis on those of man and his domestic animals. Lectures cover general biology, life history, structure, function, distribution, and significance of parasites. Laboratory provides experience in identification and detection. PREREQ: BIOL 301 or PERM/INST.

BIOL 415-415G APPLIED AND ENVIRONMENTAL MICROBIOLOGY (3-3-4)(S) Microbial populations and processes in soil and water. Water- and food-borne pathogens. Microbial and biochemical methods of environmental assessment. PREREQ: BIOL 205 or BIOL 303, and CHEM 317-319, or PERM/INST.

BIOL 420-420G IMMUNOLOGY (3-0-3)(S). A survey of the principles of immunology, host defense systems, the immune response, immune disorders, serology, and other related topics. PREREQ: BIOL 205 or BIOL 303, and BIOL 301.

BIOL 422 CONSERVATION BIOLOGY (3-0-3)(S)(Offered odd-numbered years). An introduction to the field of conservation biology; the applied science concerned with understanding the effects of human activities on natural biological systems and with developing practical approaches to prevent the loss of biodiversity. Topics covered will include conservation genetics, demographic analysis, habitat degradation, over exploitation, and restoration ecology. Discussion of the social, political, and economic aspects of conservation biology. PREREQ: BIOL 323.

BIOL 426 INSECT ECOLOGY (3-0-3)(S)(Offered even-numbered years). Life history evolution, insect-plant interactions, predation and parasitism, reproduction, insect societies, chemical ecology, biodiversity and pest management. PREREQ: BIOL 323 or PERM INST.

BIOL 427 STREAM ECOLOGY (3-3-4)(F)(Offered odd-numbered years). The biology and ecology of flowing waters is emphasized; their biota, management, and ecology at both the community and ecosystem level will be discussed. PREREQ: BIOL 323 or PERM/INST.

BIOL 431-431G PHARMACOLOGY (3-0-3)(F). Basic pharmacological principles including mechanisms of drug action in relation both to drug-receptor interactions and to the operation of physiological and biochemical systems. Pharmacokinetics, metabolism, receptor theory and an

examination of major classes of therapeutic agents used in humans. PREREQ: BIOL 227-228 or BIOL 191-192, and BIOL 301.

BIOL 433 BEHAVIORAL ECOLOGY (3-0-3)(F)(Offered odd-numbered years). Focuses on the evolutionary significance of animal behavior in relation to the ecology of the organisms. Using theoretical background and recent empirical evidence, mating systems, foraging, parental care, selfishness and altruism, competition, territoriality, and other behavioral patterns will be assessed in relation to the survival and reproduction of animals. PREREQ: BIOL 323 or PERM/INST.

BIOL 441 MOLECULAR BIOLOGY OF CANCER (3-0-3)(S) A treatment of the basic biology of cancer and the process of tumor progression. Topics examined will include oncogenes, tumor suppressor genes, and the causes of cancer. PREREQ: BIOL 301, BIOL 343.

BIOL 442 MOLECULAR NEUROBIOLOGY (3-0-3)(F). Cells of the nervous system, neurochemical transmission, nerve terminals, membrane structure and function, electrical signaling, neural development, process outgrowth and myelination and glia, and specific neural diseases including Alzheimer's disease, Parkinson's disease, and Lou Gehrig's disease. PREREQ: BIOL 301.

BIOL 443 ADVANCED DEVELOPMENTAL BIOLOGY (1-6-2)(F)(Offered odd-numbered years). Application of molecular and cellular methods to current topics in developmental biology. Analysis of current literature in biology with emphasis on the coordinated regulation of gene expression, cellular differentiation and migration. Laboratory studies include model systems such as chick, zebrafish, sea urchin and mouse, utilizing cell/tissue culture, histology, immunohistochemistry, RT-PCR, protein purification, DSD-PAGE, western blot and others. Previous enrollment in BIOL 344 and ZOO 351 recommended.

BIOL 445-445G HUMAN GENETICS (3-0-3)(S)(Offered intermittently). Discussion of important aspects of human heredity. Topics include the reproductive system, single gene disorders, chromosome abnormalities, hemoglobinopathies, inborn errors of metabolism, somatic cell and molecular genetics, immunogenetics, gene screening, and human variation and evolution. PREREQ: BIOL 343 or PERM/INST.

BIOL 446 BIOINFORMATICS (2-3-3)(F). Practical training in bioinformatics methods: accessing sequence data bases, BLAST tools, analysis of nucleic acid and protein sequences, detection of motifs and domains of proteins, phylogenetic analysis, gene arrays, and gene mapping. PREREQ: BIOL 343 or PERM/INST.

BIOL 461 ADVANCED TOPICS IN AQUATIC BIOLOGY (1-0-1)(F/S). An exploration of the current primary literature in aquatic biology. Topics vary, and may include community dynamics of algae, fish, zooplankton, and benthic invertebrates; trophic relationships; stream and reservoir management; primary and secondary production; organic matter and nutrient dynamics; and wetland ecology. May be repeated once for credit. PREREQ: BIOL 323 and PERM/INST.

BIOL 462 ADVANCED TOPICS IN ANIMAL BEHAVIOR (2-0-2)(F/S). Exploration of current animal behavior and behavioral ecology literature through group discussion and presentations. Topics vary and may include animal mating systems, foraging, group living, behavioral endocrinology, conservation and wildlife management related to behavior, behavioral genetics, dispersal, orientation and migration, neurobiology of behavior, and others. May be repeated once for credit. PREREQ: BIOL 433 or 533 or ZOO 434 or 534 or PERM/INST.

BIOL 465 ADVANCED TOPICS IN MOLECULAR BIOLOGY TECHNIQUES (1-0-1)(F). Discussion of scientific literature with emphasis on modern molecular biology techniques. Students will lead discussions and present articles. Topics will include Southern-, western-, and northern-blot analysis; sequencing; cloning; transfection and transduction; immunoprecipitation, and other molecular, cellular, and genetic techniques. PREREQ: BIOL 343 and PERM/INST.

BIOL 466 ADVANCED TOPICS IN THE BIOLOGY OF CANCER (1-0-1)(S). Discussion of current research in the field of cancer biology, with emphasis on prostate and mammary cancer. Students will lead discussions and present articles, as well as monitor recent literature on cancer. Topics will include tumor suppressor genes, cell cycle regulation, apoptosis, signal transduction, and other cancer-related systems. May be repeated once for credit. Previous enrollment in BIOL 465 is recommended. PREREQ: BIOL 343 and PERM/INST.

BIOL 488 SENIOR OUTCOMES ASSESSMENT (0-0-0)(F,S). Required to graduate. Senior biology and biology, secondary education students will take an outcomes assessment examination lasting approximately 3 hours. (Pass/Fail). PREREQ: Senior standing.

BIOL 498, 499 BIOLOGY SEMINAR (1-0-1)(F/S). A review of pertinent literature on selected topics. Restricted to senior biology majors.

BOT — BOTANY

Upper Division

BOT 302-302G PLANT ANATOMY AND MICROTECHNIQUE (3-3-4)(S)(Offered odd-numbered years). A study of the structure and development of vascular plant tissues, regions, and organs. Emphasis will be placed on the Angiosperms. Laboratory work includes preparation of hand and paraffin sections, staining, and observation of plant tissues using various types of light microscopy. PREREQ: BIOL 191-192.

BOT 305-305G SYSTEMATIC BOTANY (2-6-4)(S). Fundamental problems of taxonomy. Discussion of historical development of classification systems and comparison of recent systems. Instruction on use of keys and manuals. PREREQ: BIOL 191-192 or PERM/INST.

BOT 311-311G PLANT DIVERSITY AND EVOLUTION (3-3-4)(S)(Offered even-numbered years). A comparative study of the structure, function, reproduction, and development of major plant groups. Phylogeny, paleobotany, and economic importance of various plant groups will be considered. PREREQ: BIOL 191-192 or PERM/INST.

BOT 330-330G MYCOLOGY (3-3-4)(F). A study of the biology of fungi with emphasis on their classification, morphology and development, identification, ecology, and economic significance. Laboratory work will include projects and field trips. PREREQ: BIOL 191-192 or PERM/INST.

BOT 401-401G PLANT PHYSIOLOGY (3-3-4)(F)(Offered odd-numbered years). A study of plant biophysical and biochemical processes. Includes coverage of cell, tissue, and organ function, photosynthesis, water relations, mineral nutrition, transport mechanisms, growth and development, secondary metabolites, and plant responses to the environment. PREREQ: BIOL 191-192 and BIOL 301.

BOT 424 PLANT COMMUNITY ECOLOGY (3-3-4)(F)(Offered even-numbered years). A study of the properties, structure, method of analysis, classification, and dynamic nature of plant communities. Topics for discussion will include the strengths and weaknesses of various sampling techniques, the role of disturbance events and succession on community structure, and the role of biological interactions as factors influencing the assembly of communities. Laboratory work will emphasize vegetation sampling methods and habitat type classification for plant communities in this region as well as methods of analyzing and reporting this data. PREREQ: BIOL 323 or PERM/INST.

BOT 441 PLANT DEVELOPMENTAL BIOLOGY (3-3-4)(S)(Offered even-numbered years). A description of plant development from a molecular and cellular perspective. Topics discussed include gene expression and cell signalling pathways, and their roles in the control of embryogenesis, plant growth, flowering, and fruit maturation. Examination of techniques and model systems used in the study of plant development. PREREQ: BIOL 301.

FOREST — FORESTRY

Lower Division

FOREST 101 GENERAL FORESTRY (2-0-2)(S). A survey of forestry, timber management and economics, and the propagation of important trees of the United States.

ZOOL — ZOOLOGY

Upper Division

ZOOL 301-301G COMPARATIVE VERTEBRATE ANATOMY (2-6-4)(F). The evolutionary development of vertebrate anatomy, fishes through mammals. Dissection of the shark, salamander, and cat plus demonstrations of other vertebrate types. PREREQ: BIOL 191-192 or PERM/INST.

ZOOL 305-305G ENTOMOLOGY (2-6-4)(F). The general anatomy, physiology and developmental biology of insects, and ecological and evolutionary relationships and interactions of insects with humans. Field trips to collect and identify local species. PREREQ: BIOL 191-192 or PERM/INST.

ZOOL 307 INVERTEBRATE ZOOLOGY (2-6-4)(S)(Alternate years). Morphology, taxonomy, and natural history of the marine invertebrate animals and terrestrial arthropods exclusive of the insects. PREREQ: BIOL 191-192 or PERM/INST.

ZOOL 341-341G ORNITHOLOGY (2-3-3)(S)(Offered odd-numbered years). Birds as examples of biological principles: classification, identification, ecology, behavior, life histories, distribution, and adaptations of birds. Two weekend field trips. PREREQ: BIOL 191-192 and PERM/INST.

ZOOL 355 VERTEBRATE NATURAL HISTORY (2-6-4)(F). Classification, identification, evolution, ecological relationships, behavior, and life histories of fish, amphibians, reptiles, birds, and mammals. Two weekend field trips. PREREQ: BIOL 191-192 or PERM/INST.

ZOOL 361 MICROTECHNIQUE (1-6-3)(S)(Alternate years). Theory and practical application of procedures involving fixation, staining, preparation of paraffin sections and whole mounts, and histochemical techniques. PREREQ: BIOL 191-192 or PERM/INST.

ZOOL 400-400G VERTEBRATE HISTOLOGY (2-6-4)(S)(Offered even-numbered years). Microscopic anatomy of cells, tissues, and organ systems of vertebrates. Major emphasis will be on mammalian systems. PREREQ: BIOL 301 or ZOO 301.

ZOOL 401-401G HUMAN PHYSIOLOGY (3-3-4)(S). Functional aspects of human tissues and organ systems with emphasis on regulatory and homeostatic mechanisms. PREREQ: BIOL 301 or PERM/INST.

ZOOL 403-403G HEAD AND NECK ANATOMY (1-3-2)(F). Use of human cadavers to study projections of head and neck with emphasis on clinical relevance. Integument, osteology, myology, circulatory system, lymphatics, oral and dental tissues, neuroanatomy, cranial nerves, general innervation, and salivary glands. PREREQ: BIOL 191-192 or BIOL 227-228 or PERM/INST.

ZOOL 409 GENERAL AND COMPARATIVE PHYSIOLOGY (3-3-4)(S). Physiological principles common to all forms of animal life are discussed. Physiological adaptations required to live in a variety of environments are presented. PREREQ: BIOL 301 and BIOL 323.

ZOOL 421-421G MAMMALOLOGY (2-3-3)(S)(Offered even-numbered years). The biology of mammals: ecology, life histories, reproduction, classification, identification, distribution, and adaptations. One weekend field trip. PREREQ: BIOL 323 or an upper-division zoology course.

ZOOL 425 AQUATIC ENTOMOLOGY (3-3-4)(F)(Offered even-numbered years). The taxonomy and ecology of the insects most commonly encountered in freshwater environments. Emphasis on identification and biology of individual taxa, aquatic insect community ecology, environmental pollution assessment, and natural resource management. PREREQ: BIOL 323.

ZOOL 434 ANIMAL BEHAVIOR (3-3-4)(F)(Offered even-numbered years). Focuses on the concepts and processes of animal behavior, with particular emphasis on proximate perspectives. The history of the study of animal behavior, behavioral genetics, the nervous system and behavior, hormones and behavior, ontogeny of behavior, learning and motivation, and other aspects of behavior such as migration, orientation, and navigation will be presented. PREREQ: BIOL 323 or PERM/INST.

e-mail: stuserv@boisestate.edu

Telephone 208 426-3859
Fax 208 426-4989

Students seeking a business minor must register with the Student Services Center in the College of Business and Economics. A student pursuing a major other than business at Boise State may earn a business minor by satisfying the requirements listed below, in addition to requirements of the student's major.

Business Minor	
Course Number and Title	Credits
ACCT 205 Introduction to Financial Accounting	3
ACCT 206 Introduction to Managerial Accounting	3
BUSSTAT 207 Statistical Techniques for Decision Making I <small>Upon approval through the College of Business and Economics Student Services Center, you may substitute a statistical techniques class required in your major.</small>	3
ECON 201 Principles of Macroeconomics	3
ECON 202 Principles of Microeconomics	3
GENBUS 202 The Legal Environment of Business	3
Upper-division business courses <small>At least two subject areas of business must be represented.</small>	12
Total	30
<small>Students must complete all courses with a grade of C or better.</small>

Canadian Studies Minor

Hemingway Western Studies Center, Room 55

Telephone 208 426-3444
Fax 208 426-4329

Contact: Director: Mark Plew

The Canadian studies minor is designed to complement any university major. The program is interdisciplinary in its approach and at the same time permits students to pursue their interest areas in Canadian studies. Students in business, health, education, and the liberal arts are encouraged to pursue the program. Upon successful completion of the 18 credit hours, students receive a certificate of completion from the Canadian government.

Canadian Studies Minor	
Course Number and Title	Credits
CANSTD 101 Canada: Land and People	3
CANSTD 102 Contemporary Canada	3
*Interdisciplinary courses chosen from list below	12
Total	18
<small>*Courses that will meet the 12 hours of electives to be chosen from two or more disciplines: ANTH 209, ANTH 307, ANTH 312, COMM 300, CANSTD Special Topics and Workshop courses in Canadian Studies, CJA 452, FREN 202, FREN 485, POLS 327.</small>	

Course Offerings

See page 52 for a definition of the course-numbering system.

CANSTD — CANADIAN STUDIES

CANSTD 101 CANADA: LAND AND PEOPLE (3-0-3) (F) (Alternate odd-numbered years.) Cultural history of Canada using an interdisciplinary approach to geography, anthropology, history and conflict of cultures, political economy and perspectives of First Nations people. Focus on changing forces of Canadian identity internally and Canada's historical and contemporary role in the world community. Open to all students. Required of Canadian Studies Minors.

CANSTD 102 CONTEMPORARY CANADA (3-0-3) (S) (Alternate Even Years). An introductory, interdisciplinary survey focused on issues of contemporary Canadian society as they relate to the concerns of North America at large. Topics discussed will include: provincial/national relationships, Canadian economy, social issues, environmental policies, immigration, cultural diversity, influence of founding nations (France and Britain), and Canada and the world community. Open to all students. Required of Canadian Studies Minors.

Department of Chemistry

Science/Nursing Building, Room 339 Telephone 208 426-3000
http://chemistry.boisestate.edu Fax 208 426-1311 or 208 426-3027
e-mail: chemistry@chem.boisestate.edu

Chair and Professor: Clifford LeMaster. *Professors:* Ellis, Matjeka, Mercer, Russell, Schimpf, Shadle. *Associate Professor:* Bammel. *Assistant Professors:* Charlier, Peloquin, Warner.

Degrees Offered

- B.S. in Chemistry, Biochemistry Emphasis
- B.S. in Chemistry, General Emphasis
- B.S. in Chemistry, Professional Emphasis
- B.S. in Chemistry, Secondary Education
- Minor in Chemistry

Department Statement

The chemistry department's goal is to provide degree candidates with a thorough understanding of the fundamentals of chemistry, interwoven with training in up-to-date procedures and state-of-the-art instrumentation.

By choosing from a variety of courses, a Boise State graduate with a major in chemistry will be prepared to enter graduate school, enter medical or other professional school, teach in high school, or work as a chemist in a variety of careers.

The chemistry curriculum of Boise State offers students an education based on the employment requirements of industry, educational institutions, and government agencies, while emphasizing the individual needs and capabilities of each student. The faculty of the chemistry department recognizes that students are most successful if their training has prepared them for a specific career field, but also recognizes that a broad background affords students the best opportunity for a future career.

Boise State offers three emphases in the bachelor of science degree in chemistry. The general emphasis prepares students for employment as chemists or for admission to medical school. The professional emphasis includes the necessary courses for students to receive degree certification by the American Chemical Society. The biochemistry emphasis prepares students for admission to medical or dental school or for employment in technical fields requiring a strong background in chemistry, with knowledge of theories and techniques in genetics and molecular biology. In addition to a chemistry core of general, analytical, organic, inorganic and physical chemistry, requirements of the biochemistry emphasis include zoology, cell biology, and genetics. All three emphases require a full sequence of calculus and one year of physics.

Degree Requirements

Chemistry Bachelor of Science	
Course Number and Title	Credits
ENGL 101-102 English Composition	6
Area I — see page 39 for list of approved courses	
Area I core course in one field	3
Area I core course in a second field	3
Area I core course in a third field	3
Area I core course in any field	3
Area II — see page 40 for list of approved courses	
Area II core course in one field	3
Area II core course in a second field	3
Area II core course in a third field	3
Area II core course in any field	3
Area III	
Area III requirements are automatically met by specific courses included in the major requirements below.	
CHEM 111-112, College Chemistry	9
CHEM 211, 212 Analytical Chemistry I and Lab	4
CHEM 317, 318, 319, 320 Organic Chemistry and Labs	10
CHEM 321, 322 Physical Chemistry	6
CHEM 323 Advanced Chemistry Laboratory I	2
CHEM 440 Spectrometric Identification	3
CHEM 495 Directed Research in Chemistry	2
CHEM 498 Chemistry Seminar	1
MATH 170, 171 Calculus I and Lab	5
MATH 175 Calculus II	4
MATH 275 Multivariable and Vector Calculus	4
PHYS 211, 211L, 212, 212L Physics I, II with Calculus and Labs	10
Biochemistry Emphasis	
BIOL 191 General Biology I	4
BIOL 301 Cell Biology	3
BIOL 343 Genetics	3
CHEM 324 Advanced Chemistry Laboratory II	2
CHEM 431, 432, 433 Biochemistry and Lab	8
Upper-division electives to total 40 credits	3
Electives to total 128 credits	15
Total	128
General Emphasis	
CHEM 324, 412 Advanced Chemistry Laboratory II, III	6
CHEM 401 Advanced Inorganic Chemistry	3
CHEM 411 Analytical Chemistry II	3
Upper-division electives to total 40 credits	6
Electives to total 128 credits	20
Total	128
Professional Emphasis	
CHEM 324, 412 Advanced Chemistry Laboratory II, III	6
CHEM 401 Advanced Inorganic Chemistry	3
CHEM 411 Analytical Chemistry II	3
CHEM 431 Biochemistry	3
Upper-division electives to total 40 credits	3
Electives to total 128 credits	20
Total	128
NOTE: Recommended electives are foreign language, upper-division mathematics, upper-division chemistry, upper-division physics, advanced topics in chemistry, and life science courses.	

Chemistry Minor	
Course Number and Title	Credits
CHEM 111-112 College Chemistry	9
CHEM 211, 212 Analytical Chemistry I and Lab	4
CHEM 317, 318, 319 Organic Chemistry and Lab	8
Total	21

The Chemistry, Secondary Education program combines content knowledge, theories of learning and human development, study of curriculum, and methodology, to help students develop the knowledge, skills and dispositions essential for success in secondary school teaching. The program is grounded in the conceptual framework of the reflective practitioner. Reflective practitioners adjust their teaching approaches and learning environment to the needs and backgrounds of their students. Candidates who complete this program have demonstrated evidence of meeting the Idaho Beginning Teacher Standards and are eligible for recommendation for state certification.

Students wishing to pursue this degree must meet the requirements and standards for admission to teacher education, which are described fully under the Department of Curriculum, Instruction, and Foundational Studies or at <http://education.boisestate.edu>. Students must meet all knowledge, skill, and disposition requirements to remain in the program.

Chapter 12 — Academic Programs and Courses

Department of Chemistry

Course Offerings

See page 52 for a definition of the course-numbering system.

CHEM — CHEMISTRY

CHEMISTRY LABORATORY FEE: A \$25 laboratory fee per course is charged to all students enrolling in a chemistry laboratory.

Lower Division

CHEM 099 PREPARATION FOR CHEMISTRY (2-0-0). Preparation course for students who intend to take CHEM 105 or CHEM 111 and who have not taken a prior chemistry course in high school. Introduction to basic chemistry concepts with emphasis on problem solving. PREREQ: MATH 025 or satisfactory placement score.

CHEM 100 CONCEPTS OF CHEMISTRY (3-3-4)(S)(Area III). Acquaint students with chemistry and its relationship to other fields of study and modern life. Students who have received credit for CHEM 102 or CHEM 112 may not receive credit for CHEM 100.

CHEM 101 ESSENTIALS OF CHEMISTRY (3-3-4)(Area III). The first semester of a sequence course for nonscience majors who require only one year of chemistry. Basic concepts of inorganic and organic chemistry. PREREQ: M 025 or satisfactory placement score.

CHEM 102 ESSENTIALS OF CHEMISTRY (3-3-4)(Area III). A continuation of CHEM 101 to include basic concepts of biochemistry. PREREQ: CHEM 101.

CHEM 105 ACCELERATED ESSENTIALS OF CHEMISTRY (4-3-5)(S). Chemistry and its importance to fields of study in health sciences. Basic concepts of inorganic and organic chemistry and biochemistry. Assumes that students without one year of high school chemistry have completed a semester preparative course (see CHEM 099). PREREQ: MATH 025 or satisfactory placement score.

CHEM 111 COLLEGE CHEMISTRY (3-3-4)(Area III). The first semester of a one-year sequence course. A thorough study of the fundamentals of chemistry, including atomic and molecular structure, stoichiometry, physical states, and solutions. CHEM 111 assumes that students without one year of high school chemistry have completed a semester preparative course (see CHEM 99). PREREQ: MATH 143 or MATH 147 or successful completion of the CHEM 111 Math exam.

CHEM 112 COLLEGE CHEMISTRY (4-3-5)(Area III). A continuation of CHEM 111 to include equilibrium, redox, and complex ions. PREREQ: CHEM 111.

CHEM 115 MATERIALS SCIENCE CHEMISTRY (3-3-4)(F)(Area III). Chemistry and physics as they are applied to the electronics and semiconductor industry. PREREQ: MATH 25 or satisfactory placement score.

CHEM 211 ANALYTICAL CHEMISTRY I (3-0-3)(S). Study of the equilibrium relationships and methods used in gravimetric, volumetric, and some instrumental analysis. PREREQ: CHEM 112, MATH 143 and MATH 144 or MATH 147 or equivalent.

CHEM 212 ANALYTICAL CHEMISTRY I LABORATORY (0-4-1)(S). Practical application of analytical techniques through analysis of unknown samples using gravimetric, volumetric, and instrumental methods. PREREQ/COREQ: CHEM 211.

CHEM 286/386 DIRECTED READING IN CHEMISTRY (VARIABLE CREDIT). An individual study of a topic in chemistry arranged by the student in conjunction with a supervising member of the chemistry faculty.

CHEM 296/396 RESEARCH IN CHEMISTRY (VARIABLE CREDIT). An individual laboratory research project in chemistry arranged by the student in conjunction with a supervising member of the chemistry faculty. May be repeated for credit.

Upper Division

CHEM 317 ORGANIC CHEMISTRY LECTURE (3-0-3)(F). An overview of organic chemistry covering the fundamental principles of nomenclature, reactions, synthesis, mechanisms, stereochemistry, proteins, and carbohydrates. Will fulfill the requirements for an elementary organic course and partially fulfill the requirements for a more rigorous course. PREREQ: CHEM 111-112. COREQ: CHEM 319.

CHEM 318 ORGANIC CHEMISTRY LECTURE (3-0-3)(S). An in-depth study of organic reaction mechanisms, reaction theory, and advanced organic synthesis. PREREQ: CHEM 317, 319.

CHEM 319 ORGANIC CHEMISTRY LABORATORY (1-3-2)(F). Basic organic laboratory techniques and simple organic syntheses. One three-hour laboratory and one hour of recitation per week. COREQ: CHEM 317.

CHEM 320 ORGANIC CHEMISTRY LABORATORY (1-3-2)(S). More advanced organic laboratory techniques, syntheses, classical organic qualitative analysis, and an introduction to

spectroscopic methods. Three hours of laboratory and one hour of recitation per week. PREREQ: CHEM 319. COREQ/PREREQ: CHEM 318.

CHEM 321, 322 PHYSICAL CHEMISTRY LECTURE (3-0-3)(F/S). Comprehensive study of the theoretical aspects of physical-chemical phenomena. Emphasis is placed on classical and statistical thermodynamics, kinetics, symmetry, spectroscopy, and quantum chemistry. A year's sequence (fall and spring). PREREQ: PHYS 212 and 212L or PERM/INST. MATH 275 or equivalent; CHEM 317.

CHEM 323 ADVANCED CHEMISTRY LABORATORY I (0-6-2)(F). Integrates concepts and procedures from several subdisciplines including analytical, physical, inorganic and biochemistry. Topics include chemical synthesis and preparation, separation, isolation, spectroscopic characterization, quantification and characterization of various analytes, as well as characterization of physical properties and the processes involved. Technical report writing, computational chemistry, use of the chemical literature, and computerized data acquisition. PREREQ: CHEM 212 and CHEM 320. PREREQ/COREQ: CHEM 321.

CHEM 324 ADVANCED CHEMISTRY LABORATORY II (0-6-2)(S). A continuation of CHEM 323. PREREQ: CHEM 323. PREREQ/COREQ: CHEM 322.

CHEM 341, 342 GLASSBLOWING (0-3-1)(Offered on demand.) CHEM 341 acquaints students with the basics of scientific glassblowing. CHEM 342 gives students practice in techniques and in construction of more complex apparatus. PREREQ: junior standing.

CHEM 380 CHEMICAL LITERATURE (2-0-2)(S). Comprehensive survey of the chemical literature, including the use of chemical abstracts, computer searching, and writing reports in accepted format. PREREQ: CHEM 317.

CHEM 401-401G ADVANCED INORGANIC CHEMISTRY (3-0-3)(F). Atomic structure, molecular structure using valence bond and molecular orbital theories, elementary group theory, transition metal coordination chemistry, acid/base theory. PREREQ: CHEM 322 or PERM/INST.

CHEM 411-411G ANALYTICAL CHEMISTRY II (3-0-3)(F). Advanced analytical methodology with a focus on modern chemical instrumentation, signal processing, and error analysis. PREREQ: CHEM 212 and CHEM 322.

CHEM 412 ADVANCED CHEMISTRY LABORATORY III (0-6-2)(S). A continuation of CHEM 324. PREREQ: CHEM 324, CHEM 401, and CHEM 411.

CHEM 422 ADVANCED TOPICS IN CHEMISTRY (3-0-3)(Offered on demand.) Selected advanced topics from chemistry such as mass spectrometry, nuclear magnetic resonance spectroscopy, radiochemistry, environmental chemistry, and polymer chemistry. PREREQ: CHEM 322 or PERM/INST.

CHEM 431-431G BIOCHEMISTRY I (3-0-3)(F). A study of the chemistry of biologically important compounds and an introduction to metabolism. PREREQ: CHEM 317.

CHEM 432-432G BIOCHEMISTRY LABORATORY (0-6-2)(F/S). Identification, isolation, and reactions of biologically important compounds. PREREQ or COREQ: CHEM 431.

CHEM 433-433G BIOCHEMISTRY II (3-0-3)(S). The function of biological compounds, including intermediary metabolism and synthesis of proteins. Cellular control mechanisms of these processes are integrated into the material. PREREQ: CHEM 431.

CHEM 440-440G SPECTROMETRIC IDENTIFICATION (3-0-3)(S). Identification of compounds using modern spectrometric techniques. PREREQ: CHEM 318 and CHEM 321.

CHEM 441-441G SPECTROMETRIC IDENTIFICATION LABORATORY (0-3-1)(S). Laboratory course to accompany CHEM 440-440G. PREREQ: CHEM 320. COREQ: CHEM 440-400G.

CHEM 443-443G ADVANCED CHEMICAL PREPARATION LABORATORY (0-4-1)(S). Advanced techniques in the preparation, isolation, and characterization of chemical compounds, with emphasis on inorganic compounds. PREREQ: CHEM 401 and CHEM 324 or PERM/INST.

CHEM 495 RESEARCH IN CHEMISTRY (Variable credit). An individual laboratory research project in chemistry selected by the student in conjunction with a supervising member of the chemistry faculty. Library research and written reports required. May be repeated for credit. PREREQ: CHEM 318. PRE/COREQ: CHEM 322.

CHEM 498 SEMINAR (1-0-1)(S). Group discussions of individual reports on selected topics in the various fields of chemistry. PREREQ: CHEM 380, chemistry major and senior standing.

Department of Civil Engineering

Engineering and Technology Building, Room 201
http://coen.boisestate.edu/dep/ce.htm

Telephone 208 426-3764
Fax 208 426-4800

Chair and Professor: Stephen Affleck. Associate Professors: Gribb, Hamilton, Haws, Khanal, Murgel, Sener.

Degrees Offered

- Bachelor of Science in Civil Engineering and Minor (B.S.C.E.)
- Master of Science in Engineering (M.S.E.) (See the *BSU Graduate Catalog*)

Department Statement

Civil engineering is critical to our modern way of life. It integrates socioeconomic, political, environmental, and technical considerations in the planning, design, and construction of many structures that define our civilization.

These structures include buildings, canals, tunnels, highways, water and wastewater treatment facilities, landfills, harbors, airports, and others.

Civil engineers are involved in

- developing and implementing innovative solutions to characterize and remediate contaminated sites
- the design of engineering treatment and disposal facilities for hazardous and solid wastes
- preserving and fostering sustainable development of natural resources
- protecting society from natural hazards such as earthquakes, landslides and hurricanes
- rebuilding our nation's deteriorating infrastructure.

Program Educational Objectives

Upon successful completion of the Civil Engineering undergraduate course of study, graduates can be expected to:

1. Use their technical knowledge and expertise in math, science, and engineering to identify, formulate and solve problems involving design, experimentation, and/or analysis for a wide variety of Civil Engineering applications.
2. Demonstrate a proficiency in all forms of communication, perform well in a multi-disciplinary team environment and demonstrate the highest standards of personal and professional integrity and ethical responsibility.
3. Demonstrate an understanding of contemporary issues relating to the ethical, economic, and social contexts of our local, national, and global society in association with their professional work responsibilities.
4. Continue their education, both formally and informally, through use of their developed research and study skills and utilization of formal continuing education opportunities locally and elsewhere.

Civil Engineering Design

Civil engineering students gain design experience throughout their undergraduate careers at Boise State. As freshmen, students are introduced to the fundamentals of design in the Introduction to Civil Engineering course in which team projects and planning are emphasized. As sophomores, students take Statics, Dynamics, and Mechanics of Materials classes in which students learn to solve open ended-problems and select alternative designs. In the junior year, students take courses in fluid mechanics, and environmental, materials, soils, structural and transportation engineering. These courses include laboratory sections and have significant design components in the form of practical problems, alternative approaches to solutions, feasibility considerations and specifications of systems. Students also take a required reinforced concrete design course. In their final year, students participate in a capstone senior design course in which they work on a complex, multidisciplinary project. Students interact closely with local engineers from industry or state government to prepare drawings, preliminary reports, feasibility studies, and evaluation of alternatives. Final written and oral presentations are key elements of this course. Students also take a required civil engineering design elective in their senior year, and may elect to take other design courses to fulfill other technical elective requirements.

Degree Requirements

Civil Engineering B.S.C.E.	
Course Number and Title	Credits
ENGL 101-102 English Composition	6
*Area I — see page 39 for list of approved courses	
Area I core course in one field	3
Area I core course in a second field	3
*Area II — see page 40 for list of approved courses	
COMM 101 Fundamentals of Speech Communication	3
Area II core course in a second field	3
*Area II-III Depth Elective	
Area I core courses in a third field AND an elective depth - course** which is a second course in an Area II field that has been approved by the student's advisor, not necessarily from the list of core courses. OR	6
Area II core course in a third field AND an elective depth course** which is a second course in an Area I field that has been approved by the student's advisor, not necessarily from the list of core courses.	
Area III	
Area III requirements are automatically met by specific courses included in the major requirements below.	
CE 120 Introduction to Civil Engineering	3
CE 210, 211 Engineering Surveying and Lab	3
CE 280 Civil Engineering Case Studies	1
CE 320, 321 Principles of Environmental Engineering and Lab	4
CE 340, 341 Engineering Properties of Construction Materials and Lab	4
CE 352 Structures I	3
CE 360, 361 Engineering Properties of Soils and Lab	4
CE 370 Transportation Engineering Fundamentals	3
CE 400 Engineering Practice	3
CE 450 Reinforced Concrete Design	3
CE 480 Senior Design Project	4
CHEM 111-112 College Chemistry and Lab	9
ENGL 202 Technical Communication	3
ENGR 210 Engineering Statics	3
ENGR 220 Engineering Dynamics	3
ENGR 240 Introduction to Electric Circuits	3
ENGR 320 Thermodynamics I	3
ENGR 330, 331 Fluid Mechanics and Lab	4
ENGR 350 Engineering Mechanics of Materials	3
MATH 170, 175 Calculus I, and Calculus II	8
MATH 275 Multivariable and Vector Calculus	4
MATH 333 Differential Equations with Matrix Theory	4
PHYS 211, 211L-212, 212L Physics I & II with Calculus and Lab	10
*Civil Engineering Design elective	3
*Civil Engineering Technical electives	3
*Technical electives	6
Total	128
NOTE: *All university core courses and technical and design electives must be approved by the student's advisor.	
**Courses that instill cultural values are acceptable while routine exercises of personal craft are not.	

Civil Engineering Minor	
Course Number and Title	Credits
Three of the following: CE 320, 321 Principles of Environmental Engineering and Lab CE 340, 341 Engineering Properties of Construction Materials and Lab CE 352 Structures I	10-12

— continued —

Chapter 12 — Academic Programs and Courses Department of Civil Engineering

Civil Engineering Minor (continued)

CE 360, 361 Engineering Properties of Soils and Lab CE 370 Transportation Engineering Fundamentals ENGR 330, 331 Fluid Mechanics and Lab	
Upper-division Civil Engineering courses	7-9
Total	19

Course Offerings

See page 52 for a definition of the course-numbering system.

CE — CIVIL ENGINEERING

Lower Division

CE 120 INTRODUCTION TO CIVIL ENGINEERING (1-4-3)(F/S). Fundamentals of engineering and the design process, including principles and applications of graphics and computer programming. Design projects emphasize critical thinking, teamwork and oral and written presentations. PREREQ: MATH 147 or MATH 143 and MATH 144.

CE 210 ENGINEERING SURVEYING (2-0-2)(F/S). Use of transits, theodolites, levels and EDM's to measure horizontal and vertical distances, and angles. Error analysis, traverse, route and land surveying, construction surveying, and accompanying methods and calculations. PREREQ: MATH 147 or equivalent. COREQ: CE 211.

CE 211 ENGINEERING SURVEYING LAB (0-3-1)(F/S). Lab work and demonstrations in surveying. COREQ: CE 210.

CE 280 CIVIL ENGINEERING CASE STUDIES (1-0-1)(S). Review of projects, historical and ongoing, from various aspects of Civil Engineering. PREREQ: CE 120 or ENGR 120 and sophomore standing.

Upper Division

CE 310 ADVANCED SURVEYING (2-3-3)(S). A continuation of CE 210 including mapping, state plane coordinate systems, title searches and an introduction to GIS. PREREQ: CE 210 and CE 211.

CE 320 PRINCIPLES OF ENVIRONMENTAL ENGINEERING (3-0-3)(F/S). General overview of fundamentals of environmental engineering. Emphasis on water and wastewater for engineers. Problems in air pollution, solid waste, hazardous waste, groundwater and noise pollution. PREREQ: CHEM 112.

CE 321 PRINCIPLES OF ENVIRONMENTAL ENGINEERING LAB (0-3-1)(F/S). Environmental engineering problems with emphasis on analysis and presentation. Significance of results as compared with theory and practice. PREREQ/COREQ: CE 320.

CE 332 HYDROLOGY (3-0-3)(F/S). Water cycle analysis, precipitation and surface runoff events, climatology, evaporation, transpiration, floods and routing, groundwater and snow melt. PREREQ: MATH 175 and junior standing.

CE 336 HYDRAULICS (3-0-3)(F/S). Applied principles of fluid mechanics, pipe flow, open channel flow, flow nets, and hydraulic machinery. Design. PREREQ: ENGR 330.

CE 340 ENGINEERING PROPERTIES OF CONSTRUCTION MATERIALS (3-0-3)(F/S). Physical and engineering properties, behavior, design, and utilization of various construction materials. PREREQ: ENGR 306 or ENGR 350.

CE 341 ENGINEERING PROPERTIES OF CONSTRUCTION MATERIALS LAB (0-3-1)(F/S). Evaluation of materials used in construction. PREREQ or COREQ: CE 340.

CE 352 STRUCTURES I (3-0-3)(F/S). Analysis and design of statically determinate and indeterminate structures, under static or moving loads, using classical methods. Equilibrium, stress-strain relations, and compatibility. PREREQ: ENGR 306 or ENGR 350.

CE 354 STRUCTURES II (3-0-3)(S)(Offered odd-numbered years). Analysis and design of structural systems. Stiffness method including the development of element properties, coordinate transformations, and global analysis theory. Three-dimensional building systems and an introduction to the Finite Element Method. PREREQ: CE 352.

CE 360 ENGINEERING PROPERTIES OF SOILS (3-0-3)(F/S). Descriptive terminology, physical and engineering properties, measurement techniques, and behavior of soils. PREREQ: ENGR 306 or ENGR 350.

CE 361 ENGINEERING PROPERTIES OF SOILS LAB (0-3-1)(F/S). Use of test apparatus in the evaluation of soils. PREREQ/COREQ: CE 360.

CE 370 TRANSPORTATION ENGINEERING FUNDAMENTALS (3-0-3)(F/S). Planning, design, and operations of multi-modal transportation systems. PREREQ/COREQ: MATH 272 or MATH 275.

CE 390 CODES AND OFFICIAL DOCUMENTS (3-0-3)(S)(Even years). Survey of codes and related works influencing the design and construction of projects. Requirements generated by the IBC, ASCE-7, and the Americans with Disabilities Act. Determination of structural loads, resolution of conflicts among governing codes, and interpretation of documents. PREREQ: Junior standing.

CE 400 ENGINEERING PRACTICE (3-0-3)(F). Engineering applications of probability and statistics, project management and engineering economics. PREREQ: CE 280. PREREQ/COREQ: CE 320, CE 352, and CE 360; or PERM/INST.

CE 412 (GEOL 412) HYDROGEOLOGY (3-0-3)(F). The study of subsurface water and its relationship to surface water, the hydrologic cycle, and the physical properties of aquifer systems. Flow nets and flow through porous and fractured media. Methods of determination of aquifer characteristics and performance and groundwater modeling. This course may be taken for either CE or GEOL credit, but not both. PREREQ: MATH 170, junior standing.

CE 422 HAZARDOUS WASTE ENGINEERING (3-0-3)(F/S). Physical, chemical, and biological treatment of hazardous wastes. Consideration of legal and political issues. PREREQ: CHEM 112.

CE 424 WATER AND WASTEWATER TREATMENT PLANT DESIGN (3-0-3)(F/S). Design of treatment systems for water supply and wastewater disposal. PREREQ: CE 320.

CE 426 ENVIRONMENTAL PROCESS CHEMISTRY (3-0-3)(S)(Even years). Chemical principles of water and wastewater treatment processes and reactions in receiving waters. Topics include chemical thermodynamics, reaction kinetics, acid-base equilibria, mineral precipitation/dissolution, and electrochemistry. PREREQ: CHEM 112 or PERM/INST.

CE 438 WATER RESOURCES ENGINEERING (2-3-3)(F/S). Flood frequency analysis, reservoir characteristics and design, open channel flow applications, water project design, model studies, pump and turbine hydraulics and other water resources engineering topics. PREREQ: ENGR 330.

CE 433 CONTAMINANT TRANSPORT (3-0-3)(S). The fate and transport of dissolved solutes and non-aqueous phase liquids in groundwater systems. Students will analyze field data and develop conceptual models for contaminated sites. The role of engineers and hydrologists in environmental litigation will be addressed through case studies. PREREQ: CE 412 or GEOL 412 or PERM/INST.

CE 440 PAVEMENT DESIGN AND EVALUATION (3-0-3)(F/S). Pavement design processes, materials selection and characterization methods, design of flexible pavement s, design of rigid concrete pavements, condition survey and ratings, distress evaluation, and maintenance and rehabilitation techniques. PREREQ: CE 340, CE 341, and CE 370.

CE 450 REINFORCED CONCRETE DESIGN (2-3-3)(F/S). Design of reinforced concrete structures, such as beams, columns, one way slabs, and simple footings, in accordance with latest ACI Code for Reinforced Concrete. PREREQ: CE 352.

CE 452-452G STRUCTURAL STEEL DESIGN (2-3-3)(F/S). Design of steel structures, such as beams and columns, in accordance with latest AISC Manual of Steel Construction, LRFD edition. PREREQ: CE 352.

CE 454 TIMBER DESIGN (3-0-3)(F/S). Design of wood, and wood composite, structures and systems based on mechanical and structural characteristics and specifications. PREREQ: CE 352.

CE 460-460G GEOTECHNICAL ENGINEERING DESIGN (3-0-3)(F/S). Subsoil exploration and site investigation methodologies. Soil mechanics in design of earth retaining structures, shallow and deep foundations, embankments, slopes, and excavations. PREREQ: CE 360 and CE 361.

CE 462 FOUNDATION DESIGN (3-0-3)(F/S). Design of foundations, slope stabilization, and retaining structures. PREREQ: CE 460.

CE 470 HIGHWAY AND TRAFFIC SYSTEMS DESIGN (2-2-3)(F/S). Planning, design, and operations of urban and rural highway systems. PREREQ: CE 360 and CE 370.

CE 480 SENIOR DESIGN PROJECT (0-8-4)(F/S). Capstone design experience integrating previous course work with modern design theory and methodology. Applied through a comprehensive individual or group project, integrating criteria based on customer, code, and engineering requirements. Includes a series of progress reports and a final formal presentation. PREREQ: CE 400. PREREQ/COREQ: CE 340 and CE 370.

Chair and Professor: Marvin Cox. *Professors:* McCorkle, McLuskie, Mills, Parker. *Associate Professors:* Craner, Lutze, Moore, Rohlfling, Rudd, Traynowicz, Wollheim. *Assistant Professors:* Dube, Morris, Most, Reeder.

Degrees Offered

- B.A. and Minor in Communication
- B.A. in Mass Communication/Journalism
- B.A. in Communication Training and Development
- B.A. in Communication, Secondary Education
- B.A. in Communication/English, Journalism Emphasis
- B.A. in Communication/English, Humanities/Rhetoric Emphasis
- M.A. in Communication (See the *BSU Graduate Catalog*.)

Department Statement

The communication discipline looks at how theories, philosophies, and the roles people assume, operate in personal and public arenas. We study how people articulate their ideas, create and interpret meaning, interact, and produce and analyze messages both face to face and through the media. All programs emphasize critical thinking, problem-solving, research, and independent scholarship. Issues of specific concern are cultural perception,

social ethics, creativity, and freedom of expression. Most classes are speaking and/or writing-intensive, and all focus on the interdependence of theory and practice.

Students may enliven their learning through participation in the campus newspaper (*the Arbiter*), KBSU Radio, University Television Productions, intercollegiate debate and speech competition, campus readers' theater, and internships. Students are encouraged to participate in internships and practica. A total of 6 credits from internships and practica may count toward departmental major requirements; additional credits may count toward general education electives. The work of many students participating in these activities has been recognized through regional and national awards.

Admission to Upper-Division Core Courses in Communication

Prior to admission to the first of the required upper-division core courses in communication, COMM 304 Perspectives of Inquiry, students must have completed the following courses with a minimum grade of C in each:

- ENGL 102; COMM 160; COMM 161;
- One of the following from Area I: PHIL 101 or PHIL 201;
- One of the following from Area II: SOC 101 or SOC 102 or SOC 230;
- One of the following from Area III: MATH 124, MATH 130, MATH 147, MATH 160, MATH 170-171, or MATH 175.

Degree Requirements

Communication Bachelor of Arts	
Course Number and Title	Credits
ENGL 101, *102 English Composition	6
Area I — see page 39 for list of approved courses	
*PHIL 101 Introduction to Philosophy OR *PHIL 201 Introduction to Logic	3
Area I core course in literature	3
Area I core course in a third field	3
Area I core course in any field	3
Area II — see page 40 for list of approved courses	
*SOC 101 Introduction to Sociology OR *SOC 102 Social Problems OR *SOC 230 Introduction to Multiethnic Studies	3
Area II core course in history	3
Area II core course in a third field	3
Area II core course in any field	3
Communication majors may not use communication courses to satisfy Area II requirements.	
Area III — see page 40 for list of approved courses	
*Mathematics chosen from MATH 124, 130, 147, 160, 170, or 175	4
Area III core course in a second field	4
Area III core course in any field	4
Additional Area I and II courses Communication majors may not use communication courses to satisfy Area II requirements.	9
*COMM 160 Communication and Culture I	3
*COMM 161 Communication and Culture II	3
COMM 304 Perspectives of Inquiry	3
**COMM 421 Theory and Philosophy of Communication	3
COMM 498 Communication Seminar	3
**PREREQ: C or above in COMM 304, and any one of the following courses: COMM 302, HIST 291, or SOC 311.	
Upper-division communication courses	18
Upper- lower-division Communication course	3
Upper-division electives to total 40 credits Credits from all 300- and 400-level courses, whether elective or required, are applicable. The number in the right-hand column is the approximate number of additional upper-division credits required beyond those automatically accumulated in satisfying the communication requirement.	13
Electives to total 128 credits The number in the right-hand column is the approximate number of elective credits remaining that can be taken at either the upper- or lower-division levels.	28
Total	128
NOTE: *Students must complete each of these courses with a grade of C or higher before being admitted to upper-division core courses in communication.	

Mass Communication/Journalism Bachelor of Arts	
Course Number and Title	Credits
ENGL 101, *102 English Composition	6
Area I — see page 39 for list of approved courses	
*PHIL 101 Introduction to Philosophy OR *PHIL 201 Introduction to Logic	3
Area I core course in literature	3
Area I core course in a third field	3
Area I core course in any field	3
Area II — see page 40 for list of approved courses	
*SOC 101 Introduction to Sociology OR *SOC 102 Social Problems OR *SOC 230 Introduction to Multiethnic Studies	3
Area II core course in history	3
Area II core course in a third field	3
Area II core course in any field	3
Communication majors may not use Communication courses to satisfy Area II requirements	
Area III — see page 40 for list of approved courses	
*Mathematics chosen from MATH 124, 130, 147, 160, 170, or 175	4
Area III core course in a second field	4
Area III core course in any field	4
Additional Area I and II courses Communication majors may not use communication courses to satisfy Area II requirements.	9
*COMM 160 Communication and Culture I	3
*COMM 161 Communication and Culture II	3
COMM 304 Perspectives of Inquiry	3
**COMM 421 Theory and Philosophy of Communication	3
COMM 498 Communication Seminar	3
**PREREQ: C or above in COMM 304, and any one of the following courses: COMM 302, HIST 291, or SOC 311.	
At least 2 of the following: COMM 268 Introduction to Video Production COMM 269 Introduction to Radio Production COMM 273 Reporting and News Writing COMM 363 Advanced Writing Workshop COMM 364 Visual Communication COMM 368 Advanced Audio Production COMM 369 Video Post-Production COMM 370 Advanced Video Production COMM 373 Reporting Public Affairs COMM 486 Special Studies in Media Production	6
At least 4 courses from the following: COMM 360 Media Aesthetics and Culture COMM 362 Legal and Ethical Issues of Mass Media COMM 365 Film Styles and Genres COMM 466 Communication Technology and Social Change COMM 467 Mass Communication and Democracy COMM 487 Special Studies in Media Theory	12
Upper- or lower-division Communication course	3
Upper-division electives to total 40 credits Credits from all 300- and 400-level courses, whether elective or required, are applicable. The number in the right-hand column is the approximate number of additional upper-division credits required beyond those automatically accumulated in satisfying the communication requirement.	10-19
Electives to total 128 credits The number in the right-hand column is the approximate number of elective credits remaining that can be taken at either the upper- or lower-division levels.	22-31
Total	128
NOTE: *Students must complete each of these courses with a grade of C or higher before being admitted to upper-division core courses in communication.	

The Communication, Secondary Education program combines content knowledge, theories of learning and human development, study of curriculum, and methodology, to help students develop the knowledge, skills and dispositions essential for success in secondary school teaching. The program is grounded in the conceptual framework of reflective practitioner. Reflective practitioners adjust their teaching approaches and learning environment to the needs and backgrounds of their students. Candidates who complete this

Chapter 12 — Academic Programs and Courses Department of Communication

program have demonstrated evidence of meeting the Idaho Beginning Teacher Standards and are eligible for recommendation for state certification.

Students wishing to pursue this degree must meet the requirements and standards for admission to teacher education, which are described fully under the Department of Curriculum, Instruction, and Foundational Studies or at <http://education.boisestate.edu>. Students must meet all knowledge, skill, and disposition requirements to remain in the program.

Communication, Secondary Education Bachelor of Arts	
Course Number and Title	Credits
ENGL 101, *102 English Composition	6
Area I — see page 39 for list of approved courses	
*PHIL 101 Introduction to Philosophy OR *PHIL 201 Introduction to Logic	3
Area I core course in literature	3
Area I core course in a third field	3
Area I core course in any field	3
Area II — see page 40 for list of approved courses	
ED-CIFS 201 Foundations of Education	3
*SOC 101 Introduction to Sociology OR *SOC 102 Social Problems OR *SOC 230 Introduction to Multiethnic Studies	3
Area II core course in history	3
Area II core course in any field	3
Communication majors may not use Communication courses to satisfy Area II requirements.	
Area III — see page 40 for list of approved courses	
*Mathematics chosen from MATH 124, 130, 147, 160, 170, or 175	4
Area III core course in a second field	4
Area III core course in any field	4
Additional Area I and II courses Communication majors may not use communication courses to satisfy Area II requirements.	9
*COMM 160 Communication and Culture I	3
*COMM 161 Communication and Culture II	3
COMM 304 Perspectives of Inquiry	3
**COMM 421 Theory and Philosophy of Communication	3
COMM 498 Communication Seminar	3
**PREREQ: C or above in COMM 304, and any one of the following courses: COMM 302, HIST 291, or SOC 311.	
Required emphasis courses:	
COMM 112 Reasoned Discourse	3
COMM 114/314 Communication Activities	2-4
COMM 221 Interpersonal Communication	3
COMM 231 Public Speaking	3
COMM 356 Communication in the Small Group	3
COMM 401 Methods of Teaching Communication	3
COMM 493 Internship in Directing Forensics	1-2
An additional 9 credits chosen from the following:	
COMM 171 Mass Media and Society	3
COMM 214/414 Intercollegiate Debate	3
COMM 321 Rhetorical Theories	3
COMM 341 Nonverbal Communication	3
COMM 351 Intercultural Communication	3
COMM 390 Conflict Management	3
COMM 412 Persuasion	3
COMM 484 Studies in Rhetoric and Public Presentation	3
*ED-CIFS 301 Teaching Experience I	1
*ED-CIFS 302 Learning and Instruction	4
*ED-CIFS 401 Professional Year - Teaching Experience II	2
*ED-LTCY 444 Content Literacy for Secondary Students	3

— continued —

Communication, Secondary Education (continued)	
*ED-SPED 350 Teaching Students with Exceptional Needs at the Secondary Level	3
*Teaching Experience III/IV	16
NOTE: **You must apply for admission to secondary teacher education in order to enroll in these upper-division education courses. It is strongly recommended that students seeking a teacher certification endorsement in communication complete a teaching minor or minors in theatre arts, English, journalism, or other fields commonly taught in secondary schools. A student with a single teaching field must complete at least 45 credits in that field. Completion of all requirements for graduation with a secondary education option may require more than 128 credit hours. See "Department of Curriculum, Instruction, and Foundational Studies" for more information.	
EDTECH 202 Educational Technology – Classroom Applications	3
Upper-division electives to total 40 credits Credits from all 300- and 400-level courses, whether elective or required, are applicable. The number in the right-hand column is the approximate number of additional upper-division credits required beyond those automatically accumulated in satisfying the communication requirement.	0-2
Electives to total 128 credits The number in the right-hand column is the approximate number of elective credits remaining that can be taken at either the upper or lower-division levels.	9-12
Total	128
NOTE: *Students must complete each of these courses with a grade of C or higher before being admitted to upper-division core courses in communication.	

Communication, Training and Development Bachelor of Arts	
Course Number and Title	Credits
ENGL 101, *102 English Composition	6
Area I — see page 39 for list of approved courses	
*PHIL 101 Introduction to Philosophy OR *PHIL 201 Introduction to Logic	3
Area I core course in literature	3
Area I core course in humanities	3
Area I core course in any field	3
Area II — see page 40 for list of approved courses	
ECON 201 Principles of Macroeconomics	3
*PSYC 101 General Psychology OR *SOC 101 Introduction to Sociology	3
Area II core course in history	3
Area II core course in any field	3
Communication majors may not use Communication courses to satisfy Area II requirements.	
Area III — see page 40 for list of approved courses	
*MATH 130 Finite Mathematics	4
*MATH 160 Survey of Calculus	4
Area III core course in second field	4
Additional Area I or II courses chosen from ANTH 102, PSYC 295, PSYC 441, SOC 210, SOC 310, EDTECH 202, or EDTECH 356. Communication majors may not use communication courses to satisfy Area II requirements.	9
*COMM 160 Communication and Culture I	3
*COMM 161 Communication and Culture II	3
COMM 255 Introduction to Communication Training and Development	3
COMM 304 Perspectives of Inquiry	3
COMM 355 Developing Communication Training	3
**COMM 421 Theory and Philosophy of Communication	3
COMM 498 Communication Seminar	3
**PREREQ: C or above in COMM 304, and any one of the following courses: COMM 302, HIST 291, or SOC 311.	
At least one course from each of the following: Presentation/Production Competencies (COMM 231, 268) Interpersonal Competencies (COMM 131, 221, 307, 341, 390, 481) Group and Organizational Competencies (COMM 356, 361, 431) Writing Competencies (COMM 273, 363) COMM 493 Internship	15

— continued —

Communication, Training and Development (continued)	
Approved minor in a related field (for example, art, biology, business, or economics). Chapter 11 contains a list of approved minors. The exact number of credits varies from minor to minor. The number in the right hand column is the approximate number of credits needed to complete an approved minor, the exact number will depend on the approved minor chosen.	21
Upper-division electives to total 40 credits Credits from all 300- and 400-level courses, whether elective or required, are applicable. The number in the right-hand column is the approximate number of additional upper-division credits required beyond those automatically accumulated in satisfying the communication requirement.	13
Electives to total 128 credits The number in the right-hand column is the approximate number of elective credits remaining that can be taken at either the upper- or lower-division levels.	7
Total	128
NOTE: *Students must complete each of these courses with a grade of C or higher before being admitted to upper-division core courses in communication.	

Communication/English Bachelor of Arts Journalism or Humanities/Rhetoric Emphasis	
Course Number and Title	Credits
ENGL 101, *102 English Composition	6
Area I — see page 39 for list of approved courses	
*PHIL 101 Introduction to Philosophy OR *PHIL 201 Introduction to Logic	3
Area I core course in literature	3
Area I core course in a third field	3
Area I core course in any field	3
Area II — see page 40 for list of approved courses	
*SOC 101 Introduction to Sociology OR *SOC 102 Social Problems OR *SOC 230 Introduction to Multiethnic Studies	3
Area II core course in history	3
Area II core course in a third field	3
Area II core course in any field	3
May not use communication courses to satisfy Area II requirements.	
Area III — see page 40 for list of approved courses	
*Mathematics chosen from MATH 124, 130, 147, 160, 170, or 175	4
Area III core course in a second field	4
Area III core course in any field	4
Additional Area I or II courses May not use communication courses to satisfy Area II requirements	9
*COMM 160 Communication and Culture I	3
*COMM 161 Communication and Culture II	3
COMM 304 Perspectives of Inquiry	3
**COMM 421 Theory and Philosophy of Communication	3
COMM 498 Communication Seminar	3
**PREREQ: C or above in COMM 304, and any one of the following courses: COMM 302, HIST 291, or SOC 311.	
ENGL 275 Intro to Literary Studies	3
LING 305 Introduction to Language Study	3
British literature or American literature survey course	3
Journalism Emphasis	
COMM 273 Reporting and Newswriting	3
6 credits chosen from the following: COMM 362 Legal and Ethical Issues of Mass Media COMM 466 Communication Technology and Social Change COMM 467 Mass Communication and Democracy COMM 487 Studies in Media Theory	6
Upper-division mass communication or journalism courses	6
English to total 27 credits: Composition above the basic sequence, to be chosen from ENGL 201 Nonfiction Writing, the creative writing sequence, and technical communication.	9
Upper-division literature courses (at least 3 credits in courses before 1800)	9

— continued —

Communication/English (continued)	
Upper-division electives to total 40 credits Credits from all 300- and 400-level courses, whether elective or required, are applicable. The number in the right-hand column is the approximate number of additional upper-division credits required beyond those automatically accumulated in satisfying the communication requirement.	3-6
Electives to total 128 credits The number in the right-hand column is the approximate number of elective credits remaining that can be taken at either the upper- or lower-division levels.	14-17
Humanities/Rhetoric Emphasis	
COMM 221 Interpersonal Communication	3
COMM 231 Public Speaking OR COMM 484 Studies in Rhetoric and Public Presentation	3
COMM 321 Rhetorical Theories OR COMM 331 Message Analysis and Criticism	3
Upper-division communication courses	6
English courses to total 27 credits HUM 207, 208 Intro to Humanities Advanced writing and linguistics Upper-division courses	3 6 9
Upper-division electives to total 40 credits Credits from all 300- and 400-level courses, whether elective or required, are applicable. The number in the right-hand column is the approximate number of additional upper-division credits required beyond those automatically accumulated in satisfying the communication requirement.	12-15
Electives to total 128 credits The number in the right-hand column is the approximate number of elective credits remaining that can be taken at either the upper- or lower-division levels.	5-8
Total	128
NOTE: *Students must complete each of these courses with a grade of C or higher before being admitted to upper-division core courses in communication.	

Communication (Speech) Minor Certification Endorsement

Communication Minor	
Notes	Credits
Students majoring in another department may select a 25 hour communication minor. At least 10 hours of the minor must be upper-division credit. No more than a total of 3 hours may be selected from COMM 114, 293, 314, 451, or 493.	15
At least 10 hours of the minor must be upper-division credit.	10
Total	25

Chapter 12 — Academic Programs and Courses

Department of Communication

Course Offerings

See page 52 for a definition of the course-numbering system.

COMM — COMMUNICATION

Lower Division

COMM 101 FUNDAMENTALS OF SPEECH COMMUNICATION (3-0-3) (Area II).

Fundamental principles of effectively preparing, presenting, and critically consuming messages in one-to-one, small group, and public speaking contexts.

COMM 112 REASONED DISCOURSE (3-0-3) (Area II) (F/S). Introduction to logical reasoning and the role of the advocate in a free society. Analysis of propositions, issues, arguments, evidence, fallacies of arguments, and various systems of reasoning. Preparation for and participation in activities designed to apply the principles of logical reasoning in the public forum.

COMM 114 COMMUNICATION ACTIVITIES (Variable 1 to 3) (F/S). Preparation for and participation in communication activities: competitive forensics and community speaking, university television productions, or other co-curricular communication activities. Not more than four credits total of COMM 114, COMM 214, COMM 314, or COMM 414 may be applied toward fulfillment of Communication departmental major requirements. Not more than 12 credits total of COMM 114, COMM 214, COMM 314, or COMM 414 may be counted toward any undergraduate degree requirements. PREREQ: PERM/INST.

COMM 115 INTRODUCTION TO COMMUNICATION STUDIES (1-0-1) (F/S). Dimensions of human communication, historical and contemporary concepts, communication degree programs and career opportunities (Pass/Fail).

COMM 121 VOICE AND DICTION (3-0-3) (F/S). Study voice science, voice expression, speech articulation and dialects, broadcast announcing, and the International Phonetic Alphabet. Considers student's individual speech problems.

COMM 122 INTRODUCTION TO SIGN LANGUAGE (3-0-3) (F/S). An introduction to sign language using American Sign Language (ASL). Emphasis is placed on initial skills and the history of sign language.

COMM 131 LISTENING (3-0-3) (F/S). Theory and practice of our most-used communication skill. Analysis of variables as they promote or impede the process of listening.

COMM 160 COMMUNICATION AND CULTURE I (3-0-3) (F/S). Introduction to the study of communication and culture. Examination of central concepts and theories in the field of communication and cultural studies, and focus upon current issues and theoretical perspectives in the study of rhetoric, communication relationships, and the art and performance of communication.

COMM 161 COMMUNICATION AND CULTURE II (3-0-3) (F/S). An introduction to the study of communication and culture. Focus upon current issues and theoretical perspectives in the study of mass media, communication ethics, communication technologies and freedom of expression.

COMM 171 MASS MEDIA AND SOCIETY (3-0-3) (F/S). An examination of the role of mass media in contemporary society. Emphasis on the inter-relationships between media and other social and political institutions, and on critical analysis of current media issues.

COMM 214 INTERCOLLEGIATE DEBATE (1-0-1) (F/S). Preparation for and participation in intercollegiate tournament debate. Not more than four credits total of COMM 114, COMM 214, COMM 314, or COMM 414 may be applied toward fulfillment of Communication departmental major requirements. Not more than 12 credits total of COMM 114, COMM 214, COMM 314, or COMM 414 may be counted toward any undergraduate degree requirements. COREQ: COMM 114 or 314.

COMM 221 INTERPERSONAL COMMUNICATION (3-0-3). Examination of interaction between persons. Focuses on an awareness of how the self, the communication process, and contexts affect interpretations, outcomes, and relationships.

COMM 231 PUBLIC SPEAKING (3-0-3) (F/S). Analysis of methods and techniques of message composition. Practice in the presentation of public speeches.

COMM 255 INTRODUCTION TO COMMUNICATION TRAINING AND DEVELOPMENT (3-0-3) (F/S). Designed primarily for students interested in communication-based training and development careers. A survey of theories and techniques of communication training and development in human organizations.

COMM 268 INTRODUCTION TO VIDEO PRODUCTION (3-0-3) (F/S). Introduction to the theory and practice of video production. Emphasis is placed on using video as an effective means of human communication and self-expression.

COMM 269 INTRODUCTION TO RADIO PRODUCTION (3-0-3) (F/S). Introduction to the technologies of radio production, as well as aesthetic approaches and production strategies for different types of radio programs. Emphasis is placed on using radio as an effective means of human communication and self-expression. Students will have the opportunity to develop proposals and programs for Boise State Radio.

COMM 273 REPORTING AND NEWS WRITING (3-0-3) (F/S). Fundamentals of reporting, from techniques of interviewing and fact-gathering through the construction of the news story. Emphasis on accuracy, conciseness, and clarity in writing. Study of newspaper styles, usage, grammar, punctuation, capitalization, and the use of copy editing symbols. PREREQ: ENGL 102 and ability to use typewriter or PERM/INST.

Upper Division

COMM 300 COMMUNICATION ISSUES, INDUSTRIES AND INQUIRY IN CANADA (3-0-3) (S). Describes Canadian communication industries, issues, and inquiry, especially the question of cultural identity for Canada. Discusses governmental communication policy as a tool for preserving national, regional, and tribal identity. Examines Canadian scholars of communication.

COMM 302 RESEARCH METHODS (3-0-3) (F/S). Historical, critical, descriptive, and experimental research methods and tools in communication. Students design, conduct, report, and evaluate research projects.

COMM 304 PERSPECTIVES OF INQUIRY (3-0-3) (F/S). A study of the sources and nature of knowledge, assumptions about knowledge, processes by which knowledge is developed, and perspectives of theoretical inquiry. PREREQ: Completion of the following courses with a minimum grade of C in each: ENGL 102, COMM 160, COMM 161; One of the following from Area I: PHIL 101 or PHIL 201; One of the following from Area II: SOC 101 or SOC 102 or SOC 230; One of the following from Area III: MATH 124, MATH 130, MATH 147, MATH 160, MATH 170, or MATH 175.

COMM 307 INTERVIEWING (3-0-3) (F/S). Communication behavior in two-person situations. Practical experience in various types of interviews as confronted in business, in education, and in the professions.

COMM 311 SPEECH COMMUNICATION FOR TEACHERS (3-0-3) (F/S). Designed to improve the prospective teacher's awareness of communicative processes related to effective teaching; emphasis on various communication situations confronted by teachers, and strategies for achieving good student-teacher relationships. PREREQ: COMM 255 or admission to teacher education program.

COMM 314 COMMUNICATION ACTIVITIES (Variable, 1 to 3) (F/S). Preparation for and participation in communication activities: competitive forensics and community speaking, university television productions, or other co-curricular communication activities. Not more than four credits total of COMM 114, COMM 214, COMM 314 or COMM 414 may be applied toward fulfillment of Communication departmental major requirements. Not more than 12 credits total of COMM 114, COMM 214, COMM 314, COMM 414 may be counted toward any undergraduate degree requirements. PREREQ: PERM/INST.

COMM 321 RHETORICAL THEORIES (3-0-3) (F/S). Examination of theories concerning the complexity of interaction among ideas, messages, and people, including analysis of various message strategies.

COMM 322 INTERMEDIATE SIGN LANGUAGE (3-0-3) (F/S). A continuation in building skills, vocabulary, and techniques in American Sign Language (ASL). A refining of abilities in communication will be stressed. Techniques for using a total communication with the deaf will be expanded to cover various educational and social situations. PREREQ: COMM 122.

COMM 331 MESSAGE ANALYSIS AND CRITICISM (3-0-3) (F/S). An evaluation of methods of analyzing and criticizing messages and their application to making critical appraisals of public communication.

COMM 332 CONTEMPORARY PUBLIC COMMUNICATION (3-0-3) (F/S). The nature, function, and influence of public communication in contemporary society. An examination of major events and issues in an attempt to identify particular characteristics of public dialogue which reflect, reinforce, and alter public opinion.

COMM 341 NONVERBAL COMMUNICATION (3-0-3) (F/S). An examination of the function of nonverbal behavior codes in communication.

COMM 351 INTERCULTURAL COMMUNICATION (3-0-3). An analysis of societal and cultural influences on interpersonal communication. A critical examination of communication within and among subcultures as well as across cultural boundaries.

COMM 355 DEVELOPING COMMUNICATION TRAINING (3-0-3) (F/S). Analysis of processes of communication training. Developing skills in designing, preparing, presenting, and evaluating training activities. PREREQ: COMM 255 and COMM 302.

COMM 356 COMMUNICATION IN THE SMALL GROUP (3-0-3) (F/S). A study of human interaction in small groups. A blending of theory and practical experience focusing upon group development, roles, norms, team building, problem-solving, conflict, and leadership.

COMM 360 MEDIA AESTHETICS AND CULTURE (3-0-3) (S). Examination of the form and cultural values of mass media programs, the relationship between audiences and media products, and approaches to critical analysis of media products.

COMM 361 ORGANIZATIONAL COMMUNICATION (3-0-3) (F/S). The application of communication theory and methodology to the study of communication within the formal organization. Theories and problems of human communication within and between organizations.

COMM 362 LEGAL AND ETHICAL ISSUES OF MASS MEDIA (3-0-3) (F/S). Examination of media-related ethical and legal issues facing media practitioners and the public.

COMM 363 ADVANCED WRITING WORKSHOP (3-0-3) (F/S). Advanced instruction in various forms of journalistic writing, including feature and critical writing. PREREQ: COMM 273.

COMM 364 VISUAL COMMUNICATION (3-0-3) (F/S). Theory and practice of various forms of visual communication, including photography and graphics.

COMM 365 FILM STYLES AND GENRES (3-0-3) (S). In this film studies course students will view a variety of international cinema masterpieces from different periods. Students will learn how to analyze and discuss these films in terms of formal elements, historical/social context, and industrial constraints. Concepts of genre, authorship and ideology will also be introduced, providing students with the requisite critical tools for analysis of a wide range of film art.

COMM 368 ADVANCED AUDIO PRODUCTION (3-0-3) (F/S). Advanced work in the theory and practice of audio-production, including advanced production techniques, aesthetic strategies, and multi-track recording and computer-based nonlinear editing. PREREQ: COMM 268 or COMM 269.

COMM 369 VIDEO POST-PRODUCTION (3-0-3) (F/S). Production strategies and techniques of computer-based video editing, graphics and animation. PREREQ: COMM 268.

COMM 370 ADVANCED VIDEO PRODUCTION (3-0-3) (F/S). Advanced work in theory and practice of video production. Development and production of full-length video programs. PREREQ: COMM 268.

COMM 373 REPORTING PUBLIC AFFAIRS (3-0-3)(F/S). Theory and practice of covering governmental and community affairs. Examination of the beat system and developing sources. PREREQ: COMM 273 or PERM/INST.

COMM 390 CONFLICT MANAGEMENT (3-0-3)(S). Examination of the causes of conflict, conflict management theory, and conflict management techniques applied in interpersonal, intergroup, organizational, and community settings. Discussion and skill development through experiential learning will focus on such conflict management techniques as interpersonal management, mediation, arbitration, negotiation, and reconciliation. Students may not receive credit for both SOC 390 and COMM 390. PREREQ: SOC 290 or COMM 101, upper-division standing.

COMM 401 METHODS OF TEACHING COMMUNICATION (3-0-3)(S). Analysis and planning of curriculum for speech communication. A study of instructional materials, classroom techniques and methods, development of behavioral objectives, and management of curricular programs.

COMM 412 PERSUASION (3-0-3)(F/S). Emphasis on theories of persuasion. Examination of variables and message strategies relevant to the persuasive process. Application of theory through the analysis and/or construction of persuasive messages.

COMM 414 INTERCOLLEGIATE DEBATE (1-0-1)(F/S). Preparation for and participation in intercollegiate tournament debate. Not more than four credits total of COMM 114, COMM 214, COMM 314, or COMM 414 may be applied toward fulfillment of Communication departmental major requirements. Not more than 12 credits total of COMM 114, COMM 214, COMM 314, or COMM 414 may be counted toward any undergraduate degree requirements. COREQ: COMM 114 or 314.

COMM 421 THEORY AND PHILOSOPHY OF COMMUNICATION (3-0-3)(F/S). Explores various generic philosophies of communication and the perspectives of inquiry they imply, culminating in the articulation of a theory of communication. PREREQ: C or above in COMM 304, and any one of the following courses: COMM 302, HIST 291, or SOC 311.

COMM 431 SMALL GROUP THEORY AND RESEARCH (3-0-3)(F). Advanced study of variables affecting and theories explaining the communicative interaction of small groups.

COMM 451 COMMUNICATION PRACTICUM (Variable 1 to 4)(F/S). Directed study emphasizing the practical application of skills and theory relevant to human communication. An opportunity to focus on areas of special interest to the student. May be repeated for a total of four credits.

COMM 466 COMMUNICATION TECHNOLOGY AND SOCIAL CHANGE (3-0-3)(F/S). The history and evolution of communication and mass communication technologies, focusing upon the social/cultural impact of such technologies.

COMM 467 MASS COMMUNICATION AND DEMOCRACY (3-0-3)(F/S). Study of the role of mass communication in the democratic process, focusing upon the ways mass media both contribute to and inhibit the development of a viable public sphere and effective political process.

COMM 478 PUBLIC RELATIONS (3-0-3)(S). Analysis of public relations media and methods. Public relations as a management tool. Identifying and reaching the various publics. Practice in writing publicity releases.

NOTE: The next seven courses below cover a variety of technical and theoretical subjects in human communication. They involve a variety of approaches and activities. These courses are scheduled as necessary to meet student and community needs. Consult the *Schedule of Classes* for specific courses and content offerings. Each general course is repeatable, but the specific topic of study within the course is not repeatable.

COMM 480 STUDIES IN JOURNALISTIC COMMUNICATION (3-0-3)(F/S). Advanced instruction in theories about, history of, and preparation of nonfiction content for the mass media. Content varies from semester to semester. Subjects may include public affairs reporting, journalism history, documentary scriptwriting, etc. Course may be repeated for credit.

COMM 481 STUDIES IN INTERPERSONAL COMMUNICATION (3-0-3)(F/S). Examination of issues, contexts, and particulars of interpersonal communication. Content varies from semester to semester. Subjects may include: conflict management, general semantics, male-female communication, etc. Course may be repeated for credit.

COMM 483 STUDIES IN ORGANIZATIONAL COMMUNICATION (3-0-3)(F/S). Study of basic communication principles as applied to or affected by the organizational setting. Content varies from semester to semester. Subjects may include communication theories of organizational management, negotiation, human relations training, etc. Course may be repeated for credit.

COMM 484 STUDIES IN RHETORIC AND PUBLIC PRESENTATION (3-0-3)(F/S). Historical, theoretical, and practical study in various forms of communication presentation. Content varies from semester to semester. Subjects may include advanced public speaking, group interpretation, theory of debate, etc. Course may be repeated for credit.

COMM 485 STUDIES IN THE INTER-RELATIONSHIP BETWEEN GENDER AND COMMUNICATION (3-0-3)(F/S). Instruction in gender as a variable in communicative behaviors. Content varies semester to semester. Subjects may include: gender issues in interpersonal and organizational communication; power, gender and nonverbal communication; feminist rhetoric. Course may be repeated for credit.

COMM 486 STUDIES IN MEDIA PRODUCTION (3-0-3)(F/S). Advanced work in the production of media programs, including journalism, audio and video. Specific content varies from semester to semester. Course may be repeated for credit.

COMM 487 STUDIES IN MEDIA THEORY (3-0-3)(F/S). Critical evaluation of contemporary theoretical trends and issues in the study of mass media. Content varies from semester to semester. Course may be repeated for credit.

COMM 493 INTERNSHIP (Variable credits). Supervised field work. For more information on internships, see "University-Wide Course Numbers" in Chapter 11.

COMM 496 INDEPENDENT STUDY (1-4 Credits). Individual study of either a reading or project nature. For more information on independent study, see "University-Wide Course Numbers" in Chapter 11.

COMM 498 COMMUNICATION SEMINAR (3-0-3)(F/S). Students demonstrate their ability to theorize, discover, analyze, evaluate, report, and defend a project about human communication. PREREQ: COMM 421 and senior standing.

Degrees Offered

- Bachelor of Science in Computer Science (B.S.C.S.)
- Master of Science in Computer Science (M.S.C.S.) (See the *BSU Graduate Catalog*.)

Department Statement

Computer science is a discipline which is concerned with the study of computing, which includes programming, automating tasks, creating tools to enhance productivity, and the understanding of the foundations of computation.

The computer science program provides the breadth and depth needed to succeed in this rapidly changing field. Graduates of this program are well-prepared for immediate employment in either the computer industry or many other businesses that increasingly rely on computer science. Our students have also been successful at strong graduate schools.

The B.S. in computer science is accredited by the Computing Accreditation Commission of the Accreditation Board for Engineering and Technology (ABET), 111 Market Place, Suite 1050, Baltimore, MD 21202-4012, telephone 410 347-7700.

Degree Requirements

Computer Science Bachelor of Science	
Course Number and Title	Credits
ENGL 101-102 English Composition	6
Area I — see page 39 for list of approved courses	
Area I core course in one field	3
Area I core course in a second field	3
Area I core course in a third field	3
Area I core course in any field	3
Area II — see page 40 for list of approved courses

Two COMPSCI courses numbered 242 or higher (excludes Seminar and Internship)	6-8
Total	27-29

Course Offerings

See page 52 for a definition of the course-numbering system.

COMPSCI — COMPUTER SCIENCE

Lower Division

COMPSCI 115 INTRODUCTION TO C (2-0-2) (F/S). An introduction to the syntactic and execution characteristics of C, including selection statements, loops, arrays, functions, and pointers. Construction, compilation, debugging, and execution of complete programs that implement given algorithms or solve simple problems. Previous programming experience is recommended, though not mandatory; C is not ideal as a first programming language. PREREQ: Satisfactory placement score.

COMPSCI 117 INTRODUCTION TO C++ (3-0-3) (F/S). An introductory course in computer programming, using the C++ language in a Unix environment. Topics include: scalar types; aggregate types; pointers and reference types; statements; expressions; functions; libraries; and a brief introduction to classes, objects, and overloading. Emphasis is on: development, compilation, debugging, and execution of complete programs implementing given algorithms for numerical, scientific, and engineering applications. PREREQ: MATH 147 or satisfactory placement score.

COMPSCI 119 INTRODUCTION TO JAVA (2-0-2) (F,S). Syntactic and execution characteristics of Java. Translating simple algorithms into Java programs; coding, compiling,

finding, and correcting errors, and executing the programs. PREREQ: MATH 108 or a satisfactory math placement score.

COMPSCI 125 INTRODUCTION TO COMPUTER SCIENCE I (4-0-4) (F,S). Data and procedure abstraction. Problem solving techniques, recursive algorithms, basic searching and sorting techniques. Introduction to object-based programming. Software development process (specification, design, stepwise refinement), social and ethical issues in computing. Note: students with no prior computing experience should consider taking a language course prior to this course. PREREQ: MATH 147 or MATH 160 or satisfactory math placement score.

COMPSCI 225 INTRODUCTION TO COMPUTER SCIENCE II (4-0-4) (F,S). Proofs of program correctness, including induction and recursion. Introduction to the analysis of time and space requirements. Object-oriented programming, including hierarchies and inheritance. Abstract data types - both basic (list, tree, set, and relation) and derived (queues, stacks, priority queues, and dictionaries) - and their implementation and applications. Concrete data structures (linked lists, binary search trees, hash tables, etc.) PREREQ: COMPSCI 125.

COMPSCI 230 ETHICAL ISSUES IN COMPUTING (1-0-1) (F/S). Privacy, intellectual property rights, computer crime, codes of conduct. Risks and liabilities of computer-based systems. Electronic information and free speech. PREREQ: COMM 101 and COMPSCI 225 and ENGL 102.

COMPSCI 242 DATA STRUCTURES AND ALGORITHMS (4-0-4) (F,S). Basic data structures (continued from COMPSCI 225), introduction to design and analysis of algorithms, fundamental algorithms for sequences, sets, graphs and combinatorial problems, introduction to complexity of problems and to parallel and distributed algorithms. Examples are drawn from various areas of computer science. PREREQ: COMPSCI 225, MATH 170, and MATH 187, or PERM/INST.

Upper Division

COMPSCI 341 INTRODUCTION TO COMPUTER GRAPHICS (3-0-3) (S). The mathematics and programming techniques for computer graphics, including line drawing, presentation graphics, two- and three-dimensional transformations, hidden line and surface removal, and clipping. PREREQ: COMPSCI 242 and MATH 175.

COMPSCI 354 PROGRAMMING LANGUAGES (3-0-3) (S). Principles of programming languages: design, syntax, semantics, information binding, strings, arithmetic, input/output, recursion, and extensibility. PREREQ: COMPSCI 225 or PERM/INST.

COMPSCI 357 INTRODUCTION TO ARTIFICIAL INTELLIGENCE (3-0-3) (F). Topics in artificial intelligence: heuristic search, game playing, rule-based systems, genetic algorithms, and neural networks. Significant project work demonstrating various AI techniques. PREREQ: COMPSCI 225.

COMPSCI 367 (MATH 307) CRYPTOLOGY I (4-0-4) (F). Introduction to modular arithmetic. The study of: the RSA, El-Gamal, Diffie-Hellman, and Blum-Blum-Shrub public key cryptosystems, authentication and digital signatures, anonymity protocols. Protocol failures for these systems. Crosslisted with COMPSCI 367 and COMPSCI 567; credit may be received for only one of these three courses. PREREQ: MATH 170, MATH 171, and MATH 187.

COMPSCI 368 (MATH 308) CRYPTOLOGY II (4-0-4) (S). Introduction to groups, fields, polynomial rings and Lucas numbers. The study of: the Elliptic Curve, LUC, and NTRU public keys cryptosystems, authentication and digital signatures, anonymity protocols. Crosslisted with MATH 308 and COMPSCI 368/568; credit may be received for only one of these three courses. PREREQ: MATH 170, MATH 171, and MATH 187.

COMPSCI 410 DATABASE THEORY (4-0-4) (S). A study of the theoretical foundations of database management systems. Design and implementation of alternatives for various database models, including but not limited to, hierarchical, network, and relational models. Comparison of the reliability, security and integrity of various database systems. Implementation of a simple system. PREREQ: COMPSCI 242 or PERM/INST.

COMPSCI 430 PARALLEL COMPUTING (4-0-4) (F). Motivation for parallel computation and survey of different models. Fundamental techniques used in parallel algorithms. Implementation on parallel machines and on clusters of workstations. PREREQ: COMPSCI 242 or PERM/INST.

COMPSCI 441 (EE 432) COMPUTER ARCHITECTURE (3-0-3) (S). Structure of computer systems using processors, memories, input/output (I/O) devices as building blocks. Computer system instruction set design and implementation, including memory hierarchies, microprogramming, pipelining and multiprocessors. Issues and trade-offs involved in the design of computer system architectures with respect to the design of instruction sets. Applications of Hardware Description Languages (HDL) in the design of computer systems. This course may be taken for either COMPSCI or EE credit, but not both. PREREQ: COMPSCI 117 or COMPSCI 125, and EE 332 or PERM/INST.

COMPSCI 451 PROGRAMMING LANGUAGE TRANSLATION (4-0-4) (S). Assembler language programming, theory and practice of formal language translation, experience with compiler construction tools under UNIX. Students work on significant projects. PREREQ: COMPSCI 354.

COMPSCI 453 OPERATING SYSTEMS (4-0-4) (F). Process management, concurrency, inter-process communication, synchronization, scheduling, memory management, file systems and security. PREREQ: COMPSCI 225 and EE 332.

COMPSCI 461 INTRODUCTION TO THE THEORY OF COMPUTATION (3-0-3) (F). Grammars, automata, Turing machines, decidability and complexity, language hierarchies, normal forms, NP completeness and reducibilities. Applications will be drawn from various areas of computer science. PREREQ: COMPSCI 242 or PERM/INST.

COMPSCI 471 SOFTWARE ENGINEERING (3-0-3) (F). A formal study of the software development process. Topics include: life cycle models, requirements definition, specification, design, implementation, validation, verification, maintenance, and reuse. Students work in small teams on significant projects. PREREQ: COMPSCI 225 or PERM/INST.

COMPSCI 488 SENIOR OUTCOME ASSESSMENT (0-0-0) (F,S). Required to graduate. In their last semester, senior students will take an outcome-assessment examination. (Pass/Fail). PREREQ: Senior Standing.

COMPSCI 498 SEMINAR (1-0-1) (F/S). Current topics in computer science. May be repeated for credit with the permission of the department chair.. (Pass/Fail). PREREQ: COMPSCI 242 or PERM/INST.

Department of Construction Management

Engineering Technology Building, Room 201 Telephone 208 426-3764

Chair and Associate Professor: John Martin. Professor: Gabert. Associate Professor: Gains.

Degrees Offered

- B.S.C.M.and Minor in Construction Management

Program Statement

The vision of the Construction Management Program is to provide quality education that builds innovative leaders with skill, responsibility, and integrity for the construction industry.

The objective of the Construction Management Program is to provide an education of the highest possible quality, given current constraints, in an accredited program with studies in engineering, business, communication, mathematics, physics, and construction management so that the constructor can intelligently relate to and coordinate the efforts of owners, engineers, architects, craftsmen, contractors, and other professionals. The Construction Management Program is accredited by the American Council for Construction Education (ACCE).

Students interested in the Construction Management Program should note the following:

1. All construction management majors must complete at least 57 credits and have a cumulative grade point average of 2.40 or better before being admitted to any upper-division business or construction management classes.
2. All construction management classes take several field trips during the semester (normally scheduled on Friday afternoons).
3. No more than 32 credits may be taken from the College of Business and Economics.
4. Where a class is included in more than one list of electives, it may be used to fulfill only one requirement.

The program in construction management is accredited by the American Council for Construction Education, 1300 Hudson Lane, Suite 3, Monroe, LA 71201-6054, telephone 318 323-2816.

CMGT 417 Project Scheduling	3
Upper-division CMGT courses	2-3
Total	22

Course Offerings

See page 52 for a definition of the course-numbering system.

CMGT — CONSTRUCTION MANAGEMENT

Lower Division

CMGT 141 CONSTRUCTION MATERIALS AND METHODS (1-3-2)(F/S). The application of construction materials, safety, and building codes, and an opportunity for some hands-on construction experiences, such as excavation, compaction, and site work; formwork and concrete; steel; carpentry; or other construction operations.

CMGT 240 INTRODUCTION TO MANAGEMENT OF CONSTRUCTION (3-0-3)(F/S). Study of industry practice emphasizing business organizations and management techniques. Topics include organizational environments, decision making, design, technology, leadership, and basic construction management including terminology, quantity take-offs, estimating, and scheduling. Occasional Friday field trips required. PREREQ: MATH 108 or equivalent.

CMGT 245 DRAWINGS, SPECIFICATIONS & CODES (3-0-3)(F,S). The interpretation and visualization of the contents of architectural and engineering working drawings, other construction drawings, the organization, wording, meaning and analysis of construction specifications, the meaning and analysis of building codes and the complementary relationship between them. Occasional Friday field trips required. COREQ: CMGT 246 or ENGR 105.

CMGT 246 CONSTRUCTION ENGINEERING GRAPHICS (0-3-1)(F,S). Orthographic projections, graphic communication and 3 dimensional visualization with an awareness of standard drafting tools & techniques, computer aided drafting and free hand sketching. COREQ: CMGT 245.

Upper Division

CMGT 320 CONSTRUCTION EQUIPMENT AND METHODS (3-0-3)(F). Characteristics, capabilities, limitations, and employment of general building and heavy construction equipment. Friday field trips required. PREREQ: ENGR 205.

CMGT 330 SOIL MECHANICS AND FOUNDATION CONSTRUCTION (3-0-3)(S). Fundamentals of soil mechanics as it relates to foundation and earthwork construction problems: interaction of water and soil, compaction, bearing capacity, lateral pressures, drainage and waterproofing, spread footings, retaining walls, pile foundations, and special foundation construction problems. PREREQ: ENGR 205 or PERM/INST. COREQ: GEOL 305.

CMGT 350 MECHANICAL AND ELECTRICAL INSTALLATIONS (3-0-3)(F/S). The fundamentals of mechanical and electrical contracting. Terminology, components, and basic design features of HVAC systems; plumbing systems; and electrical circuits and service equipment. Current mechanical and electrical drawings, specifications and building codes are presented. Occasional Friday field trips required. PREREQ: CMGT 245 and PHYS 112, or equivalent.

CMGT 351 MECHANICAL INSTALLATIONS (3-0-3)(F/S). The fundamentals of mechanical installations and associated construction problems including heat loss and gain, heating,

ventilating, air-conditioning, fluid flow in pipes and open channels, water supply, and sewage systems. Occasional Friday field trips required. PREREQ: CMGT 245 and PHYS 111 or PHYS 211.

CMGT 352 ELECTRICAL INSTALLATIONS (3-0-3)(F/S). The fundamentals of electrical installations and associated construction problems including electrical circuits, conduits, conductors, switch gear; other service equipment, and electrical transmission. Occasional Friday field trips required. PREREQ: CMGT 245 and PHYS 112 or PHYS 212.

CMGT 367 CONSTRUCTION ESTIMATING (2-3-3)(F). Extracting quantity take-offs from drawings, classifying the work in accordance with the specifications, compiling and pricing estimates, developing zero-based cost estimates using CSI divisions and work break-down structure, and preparation of bids. Occasional Friday field trips required. PREREQ: CMGT 245 and MATH 147 or equivalent.

CMGT 374 CONSTRUCTION OPERATIONS & IMPROVEMENTS (3-0-3)(S). The use of statistical sampling, time and motion studies, crew balance analysis, flow and process charts to improve methods, labor efficiency, equipment and materials usage, safety and employee motivation, analysis of management methods for employee motivation and efficiency. Occasional Friday field trips required. PREREQ: CMGT 240.

CMGT 380 ADVANCED ESTIMATING (1-0-1)(S). Students estimate and bid a building, heavy civil, or highway project, which includes: error detection, estimate accuracy, constructability, resource allocation/utilization, capital commitment, market conditions, and profitability analysis. Computerized estimating in the modern-day workplace is introduced. Occasional Friday field trips required. PREREQ: CMGT 367. COREQ: CMGT 381 or CMGT 382.

CMGT 381 BUILDING PROJECT ESTIMATING LAB (0-3-1)(S). The estimating and bidding of complete building projects using computers as an estimating tool. PREREQ: CMGT 367 and COREQ: CMGT 380.

CMGT 382 HEAVY AND HIGHWAY PROJECT ESTIMATING LAB (0-3-1)(S). The estimating and bidding of complete heavy civil or highway projects using computers as an estimating tool. PREREQ: CMGT 367 and COREQ: CMGT 380.

CMGT 385 CONSTRUCTION CONTRACTS AND LAW (3-0-3)(F/S). Covers contracts, contract documents, and the construction law environment including contractor licensing, lien law, local and national labor law and dispute resolution. Occasional Friday field trips required. PREREQ: GENBUS 202.

CMGT 410 CONCRETE AND FORMWORK CONSTRUCTION (3-0-3)(F). Design and methods of formwork construction. Study of the properties of concrete, methods of mixing, placing, curing, and finishing. Friday field trips required. PREREQ: ENGR 306.

CMGT 417-417G PROJECT SCHEDULING (2-2-3)(F/S). The use of Gantt charts, S-curves, Critical Path Method (CPM) using both Arrow Diagramming and Precedence Diagramming Methods (ADM and PDM), computerized scheduling, P.E.R.T. charts, resource leveling and time cost trade offs used as planning, scheduling, and management techniques. PREREQ: CMGT 374 and ENGR 107 or PERM/INST.

CMGT 420 REINFORCED CONCRETE AND STEEL CONSTRUCTION (3-0-3)(F/S). The structural analysis and construction of reinforced concrete and structural steel systems; including vertical and horizontal loads on beams and columns; bending, shear, compressive and tensile stresses and deflection analysis, and construction methods. PREREQ: ENGR 306.

CMGT 441-441G CONSTRUCTION SAFETY AND SUPERVISION (2-3-3)(F/S). Students plan and supervise safety procedures, quality control, and monitor/inspect construction operations. Emphasis is placed on leadership, teamwork, the safety plan and safety procedures. PREREQ: CMGT 374 or PERM/INST.

CMGT 460 PROJECT COST CONTROLS (3-0-3)(S). Theory of cost accounting and cost control, with emphasis on cost determination as a tool of management and project cost control. Includes bidding, budgeting, and developing project cost record-keeping system for managing cash, receivable, payroll, and subcontractors. PREREQ: ACCT 206 and CMGT 367.

CMGT 475-475G PROJECT MANAGEMENT (3-0-3)(F/S). Application of professional construction management techniques including site investigation, contractor and subcontractor qualifications, conceptual estimating and budgeting, quality assurance, business development, risk management, and ethics; preparation of proposals, claims, and negotiations. PREREQ: CMGT 240, CMGT 385, and senior status, or PERM/INST.

CMGT 487 PRINCIPLES OF PROJECT PROPOSAL PREPARATION AND PRESENTATION (2-0-2)(F/S). Problem analysis, strategic thinking, organization, and communication of a team's solution & proposal. Typical project areas: Heavy Civil, Commercial, Residential, Design-Build, Mechanical/Electrical or another appropriate topic area. PREREQ: CMGT 240 or PERM/INST.

CMGT 488 PROPOSAL SEMINAR (0-2-1)(F/S). The formation and delivery of a formal, competitive, construction industry proposal. Research, prepare and present a proposal before a group of industry professionals. PREREQ: CMGT 487 or PERM/INST.

CMGT 493 INTERNSHIP. Cooperative education/internship in construction management provides practical, on-the-job experience in blueprint reading, material takeoffs, estimating, equipment management, and project planning.

CMGT 496 INDEPENDENT STUDY. Construction studies as supervised by a construction faculty member.

Degrees Offered

- A.S., B.A., and B.S. in Criminal Justice Administration
- M.A. in Criminal Justice Administration (See the *BSU Graduate Catalog*)

Department Statement

The Department of Criminal Justice Administration is central to the mandate by the State Board of Education that Boise State University be Idaho's lead institution in social sciences and public affairs. Our central role in this mandate is reflected in the dedication of the faculty to the creation of an intellectual environment crucial to the development of skills for critical analysis, problem solving, and full participation in public affairs. The department offers an associate, baccalaureate, and masters degree in criminal justice administration, and participates in the Canadian Studies Program.

The mission of the Department of Criminal Justice is to offer high quality contributions to local and national criminal justice agencies. Given the comprehensive orientation of the University, our educational focus is to prepare students to be fully informed participants at all levels of the justice field. In order to provide the highest quality education, faculty actively participate in scholarship. Faculty also provide service to justice entities, the community, and the profession.

Degree Requirements

Upper Division Admission

Chair: Dr. Craig Hemmens
Library, Room 166-A, Telephone 208 426-3407

The department of criminal justice administration requires all criminal justice majors to apply for admission to upper-division standing. To be admitted to upper-division standing, a student must meet the following criteria prior to enrolling in 300-level criminal justice courses. Criminal justice majors enrolling in upper-division criminal justice courses without approved upper-division standing will be withdrawn administratively from the courses. Upper-division nonmajors will be permitted to enroll in specific courses with permission from the department chair and the instructor.

Minimum Criteria for Admission to Upper-division Standing

1. Admission to Boise State University.
2. Successful completion of a minimum of 32 credits of the lower-division university core, including ENGL 101-102 English Composition; SOC 101 Introduction to Sociology; PSYC 101 General Psychology; POLS 101 American National Government; COMM 101 Fundamentals of Speech Communication; three credits of history (B.A. only); 6 credits of Area I; and eight credits of Area III lab science and/or mathematics.
3. All required lower-division criminal justice courses must be completed with no less than a C average: CJA 101, CJA 201, CJA 215, and CJA 281.
4. Cumulative GPA of 2.75 or higher at the time of application is required.
5. Completion of at least 58 credits (including course work in progress at the time of application).
6. Submission of a completed application and current transcript by due date published by the department each semester.

Transfer Students Students transferring into the Criminal Justice Program from other institutions will be evaluated by the department chair on an individual basis. Failure to meet the above minimum requirements will result in a delayed entrance into upper-division courses until the deficiencies have been addressed.

Criminal Justice Administration Bachelor of Arts or Science	
Course Number and Title	Credits

Course Offerings

See page 52 for a definition of the course-numbering system.

CJA — CRIMINAL JUSTICE ADMINISTRATION

Lower Division

CJA 101 INTRODUCTION TO LAW AND JUSTICE (3-0-3)(S)(Area II). Examines issues of social justice; e.g., poverty, racism, sexism, alienation, and use of law for social control.

CJA 201 INTRODUCTION TO CRIMINAL JUSTICE ADMINISTRATION (3-0-3)(F). Philosophy, history, objectives, and functions of the criminal justice system as a social institution. The relationship of this system to society; and a general overview of the administration of justice.

CJA 215 POLICE IN THE UNITED STATES (3-0-3)(F). A study of police behavior in urban and rural areas with an emphasis on the police response to community change, attitudes, special interest groups, and minority relations. PREREQ: CJA 201.

CJA 275 LAW OF CRIMINAL EVIDENCE (3-0-3)(F). Presentation of the laws and rules of evidence, burden of proof, exclusionary rule, presumption, opinion evidence, and leading court cases involving the presentation and acceptability of evidence. Witness examination procedures and related legal problems are presented. PREREQ: CJA 201.

CJA 276 LAW OF ARREST, SEARCH AND SEIZURE (3-0-3)(S). A highly concentrated study of the legalities and decision-making processes associated with arrest, search, and seizure in accordance with statutes, case law and Supreme Court decisions as they relate to constitutional protections. PREREQ: CJA 201.

CJA 281 INTRODUCTION TO CORRECTIONS (3-0-3)(S). History, theory, practices, and research in adult, community, and institutional corrections.

CJA 290 (SOC 290) SOCIAL CONFLICT AND PEACEMAKING (3-0-3)(F). (Cross listed as SOC 290.) An introductory survey course covering broadly the kinds of conflict that occur between persons, groups, organizations, and societies, with attention to why these conflicts arise, and a range of peaceful solutions to conflicts using nonviolent, nonadversarial methods. The course ranges from inner personal conflict to the international nuclear arms race. This course may be taken for either CJA or SOC credit, but not both.

Upper Division

CJA 301 ADMINISTRATION OF JUSTICE (3-0-3)(F). The administration of criminal justice from arrest to sentencing. Federal and state rules of criminal procedure and laws of evidence as they apply to and affect constitutional due process. PREREQ: Upper-division criminal justice standing.

CJA 315 PUBLIC POLICY AND CRIMINAL BEHAVIOR (3-0-3)(F). Explores the biological, psychological, and sociological theories of crime and criminality. Explores the policy options for the criminal justice system and society. PREREQ: Upper-division criminal justice standing.

CJA 317 THE JUVENILE JUSTICE SYSTEM (3-0-3)(S). Study of the philosophy and function of the juvenile court, court procedures and law, theories of causation, and intervention strategies for juveniles. Includes an evaluation and analysis of law, institutions, policies, and practices of the court since inception. PREREQ: Upper-division criminal justice standing.

CJA 321 CRIMINAL LAW (3-0-3)(S). Elements and application of federal and state criminal statutes. The effect of differential enforcement on the tolerance limits of society. PREREQ: Upper-division criminal justice standing.

CJA 331 CORRECTIONS IN THE COMMUNITY (3-0-3)(S). Development, organization, operation, and results of post-conviction release programs. Traditional court- and institutional-supervised probation and parole, work release, halfway houses, diversion, furlough concept, and various community/social agency rehabilitative programs of both traditional and innovative nature.

CJA 340 INTERVIEWING AND COUNSELING IN CRIMINAL JUSTICE (3-2-4)(F). Theory and skills involved in effective communication, interviewing, and counseling for criminal justice personnel. Basic communication skills and process of problem solving with criminal justice clients emphasized. PREREQ: Upper-division criminal justice administration standing.

CJA 341 ADVANCED INTERVIEWING AND COUNSELING IN CRIMINAL JUSTICE (3-2-4)(S). Analysis of major theoretical counseling models. Development of advanced skills in interviewing and counseling strategies focusing on the unmotivated, involuntary client. PREREQ: Upper-division criminal justice standing and CJA 340.

CJA 350 METHODS OF LEGAL RESEARCH (3-0-3)(F). An introduction to methods of legal research with emphasis on the utilization of law library resources, private and government organizations as courses of legal information, and on the formulation of briefs, memoranda, and other documents appropriate to legal practice. PREREQ: Upper-division criminal justice administration standing.

CJA 362 (SOC 362) CONTEMPORARY CORRECTIONAL THEORY AND PRACTICE (3-0-3)(F). The historical development, processes, and methods of operating the adult correctional system. Detailed study of the philosophy and development of treatment strategies in local, state, and federal correctional institutions. This course may be taken for CJA or SOC credit, but not both. PREREQ: Upper-division criminal justice administration standing.

CJA 363 CRIMINAL JUSTICE MANAGEMENT (3-0-3)(F). An overview of organizational theory and administrative behavior in criminal justice agencies. Effects of leadership, technology, information systems, decision-making, court cases, personnel policies, budgeting, and planning on the justice system are analyzed. PREREQ: Upper-division criminal justice administration standing.

CJA 371 CORRECTIONS LAW (3-0-3)(S). Inmate rights, habeas corpus procedures, civil and criminal liability issues, and the history of corrections law. PREREQ: Upper-division criminal justice administration standing.

CJA 425 CRIMINAL JUSTICE RESEARCH METHODS (3-0-3)(F/S). Quantitative and qualitative research methodologies. PREREQ: Upper-division criminal justice administration standing.

CJA 426 RESEARCH STATISTICS (3-0-3)(F/SU). An introduction to basic research methods in criminal justice. Exploration of the philosophy of science, research designs and their implementation, and elementary statistical techniques. Emphasis is placed on guiding students in interpreting criminal justice statistics and research. PREREQ: Upper-division criminal justice administration standing.

CJA 451 COMPARATIVE CRIMINAL JUSTICE ADMINISTRATION (3-0-3)(S). An analysis and comparison of law enforcement systems at the federal, state, and local levels and international systems. PREREQ: Upper-division criminal justice standing.

CJA 452 COMPARATIVE CANADIAN JUSTICE (1-6-3)(S)(Offered even numbered years). An analysis and comparison of U.S.-Canadian criminal justice systems at all levels, and of the U.S. Constitution versus the Canadian Charter of Rights and Freedom. Requires classroom attendance at the final six weeks of CJA 451 and residence at the University of British Columbia during the two weeks following final examination week. Either CJA 451 or CJA 452 satisfies applicable graduation requirements in criminal justice. PREREQ: Upper-division criminal justice standing or PERM/INST.

CJA 461 CONTEMPORARY ISSUES IN AMERICAN POLICING (3-0-3)(S). Study and discussion of the major contemporary issues facing the modern police organization. Utilization of knowledge gained in CJA 363 to address specific areas of enforcement at the local, state, and federal levels of government. Major areas of enforcement concerns involving drugs, street gangs, and increased use of firearms. PREREQ: Upper-division criminal justice administration standing.

CJA 471 CRIMINALISTICS (3-0-3)(F/S). Major concepts of forensic science and investigator role in crime scene evidence collections.

CJA 489 SENIOR TUTORIAL (3-0-3)(F/S). Directed research in relevant contemporary issues in criminal justice and criminology. Research proposal will be submitted to and approved by criminal justice faculty prior to the initiation of the project. The culmination of the course will be the submission and presentation of an appropriate written project paper. PREREQ: Senior standing in criminal justice administration.

CJA 491 FIELD WORK I (V-V-3). Placement in selected criminal justice agencies with assigned duties of regular personnel. Relevant research project required. Weekly seminar meeting with instructor to review research and agency progress. Requires completion of 150 contact hours in one semester. Required of all BA/BS students without one year of full-time criminal justice experience. PREREQ: Upper-division criminal justice administration standing.

CJA 492 FIELD WORK II (V-V-3). Continuation of CJA 491. PRE/COREQ: CJA 491.

CJA 498 SENIOR SEMINAR IN CONTEMPORARY CRIMINAL JUSTICE PROBLEMS (3-0-3)(S). Exploration of current and anticipated critical issues and problems in the criminal justice system. PREREQ: Senior criminal justice administration standing, or PERM/INST.

Department of Curriculum, Instruction, and Foundational Studies

Education Building, Room 228
http://education.boisestate.edu

Telephone: 208 426-1672
Fax: 208 426-4006

Chair and Professor: Michael Heikkinen. *Associate Chair and Associate Professor:* Rickie Miller. *Professors:* Anderson, Barr, Lyons, Parrett, Singletary. *Associate Professors:* Kelly, Willison. *Assistant Professors:* Brendefar, Franklin, Harrison, Rogien, Snow-Gerono.

Degrees Offered

- B.A. in Elementary Education
- M.A. and M.S. in Education with emphases in curriculum and instruction (See the *BSU Graduate Catalog*).
- Ed.D. in Curriculum and Instruction (See the *BSU Graduate Catalog*)

Department Statement

Reflective teachers adjust their teaching approaches and learning environment to the needs and backgrounds of their students. Professional courses in teacher education are designed to assist students in developing the knowledge, skills, values, and dispositions essential for success in teaching. Course work is based on two assumptions: (1) successful teachers are committed to the acquisition of and continuous renewal of knowledge in the substantive areas they teach and (2) they are committed to the development of pedagogy conducive to a high level of achievement for all students. Therefore, course work in education programs combines content knowledge with the study of theory, curriculum, and methodology.

In preparatory course work, candidates will examine theories of learning and human development. Course work and practicum experiences will acquaint candidates with the rich diversity they will find in their K-12 classrooms and

provide opportunities to practice methods of teaching appropriate for the content being taught. Course work emphasizes the development of values aimed at a healthy society within a global community. Candidates who complete an approved program of study are exemplary teachers who accept the challenge of teaching all students and acknowledge the importance of educating a citizenry who will contribute to society as caring, responsible, and thoughtful citizens. Candidates can make effective instructional decisions and demonstrate that they meet the Idaho Standards for initial certification.

In addition to pre-service and graduate education programs, the department also serves teachers and local school districts through cooperatively developed in-service programs. The department supports school improvement efforts and provides assistance to school districts, government agencies, and the private sector. Faculty members in the department are encouraged and supported in their efforts to conduct applied and action research in school settings.

Department Programs

Elementary Education

The department offers programs in elementary education that lead to a recommendation to the Idaho State Department of Education for certification in Elementary Education, K-8. For endorsements in specialized areas see programs offer by the following departments: Bilingual Education/ESL, Early Childhood Studies, Literacy, and Special Education.

Secondary Education

In secondary teacher education courses, candidates will examine theories of learning and human development. Course work and practicum experiences will acquaint candidates with the rich diversity they will find in their K-12 classrooms and provide opportunities to practice methods of teaching appropriate for the content area(s) being studied. Course work in secondary teacher education emphasizes the development of values aimed at a healthy society within a global community. Candidates who complete an approved program of study are exemplary teachers who accept the challenge of teaching all students and acknowledge the importance of educating a citizenry who will contribute to society as caring, responsible, and thoughtful citizens. Candidates can make effective instructional decisions and demonstrate that they meet the Standards for Initial Certification of Professional School Personnel: Teachers.

Secondary Teacher Certification

Undergraduate students seeking secondary certification must complete a bachelor's degree in the university department offering the content courses in their chosen subject area. Completion of an approved program of study in a major endorsement area (at least 30 credit hours) and required professional education course work leads to Idaho certification. To enhance employment options, it is highly recommended that students complete a minor endorsement area (at least 20 credit hours) in another field. Endorsements are discussed at the end of this section. Students who do not have an endorsement in a second area must have at least 45 credit hours in the major endorsement area.

Professional course work for the secondary education option is taken through the Department of Curriculum, Instruction, and Foundational Studies.

Secondary teacher education programs are offered and degrees conferred by the college in which the subject area program is located. Programs are listed below by the college and department in which they are offered.

Admission to Elementary Teacher Education

Students preparing to become elementary school teachers must be accepted for admission to the elementary teacher education program. Admission to elementary teacher education is required before a student may enroll in upper-division teacher education courses. All admission requirements must be completed before admission will be granted.

It is the student's responsibility to provide transcripts and other documentation to demonstrate requirements have been met. Application is made through the Office of College School Partnership and Field Experiences, Education Bldg, room 222.

The admission requirements are:

1. Application Package:

- A completed application form with appropriate signatures
- A transcript indicating the completion of prerequisite course work
- Approved Academic Adjustment Forms (if appropriate)

- PRAXIS Pre-professional Skills Test in mathematics and writing (passing scores). For information please access the PRAXIS web site at <http://www.ets.org/praxis/> or pick up a registration packet in the Education Building, room 222.

- A record of a passing score on the Educational Technology Assessment

2. Deadline:

- First Friday in February for fall semester admission
- Third Friday in September for spring semester admission

3. Academic Requirements:

- **English Composition.** Six credits of English composition must be completed with a minimum grade of C in each course. (Students who score in the 80th percentile or above on the ACT or SAT may be exempted from ENGL 101, but ENGL 102 is required.)
- **Mathematics.** MATH 157 and MATH 257 with a grade of C or better in one and at least a B in the other. Neither class can be taken by correspondence.
- **Science.** Eight credits of laboratory science in two areas with a grade of C or better.
- **Area I and Area II Core Courses.** Twelve credits in each area with a minimum grade of C in each course.
- **Teacher Education Pre-Professional Courses.** ED-CIFS 030 with a pass and ED-BLES 210, ED-CIFS 201, ED-CIFS 203, ED-ECS 220, ED-CIFS 230, and ED-SPED 250 with a minimum grade of C in each course and an average GPA of at least 2.75 for all teacher education courses.
- **Advisor.** Students must complete an interview with a program advisor before admission is completed.

No other exams will be accepted in lieu of the PRAXIS. Required tests can be taken no more than three times.

Limitations to Admission

Because of the large number of students seeking admission to elementary teacher education, not all applicants can be admitted. Each academic year, a target number of applicants are established and applicants are accepted until that number is reached. Priority is given to those with the highest academic grade point average and to those majoring in specialty areas that have been identified as shortage areas in Idaho. (Shortage areas may change over time.)

Continued Enrollment

Professional Standards Each student's record must be reviewed and approved before s/he is permitted to continue in the program. Approval is based on:

- Student's academic record
- Faculty judgment about student's knowledge, skills, and dispositions. Further information on these traits can be found in the *Advising Handbook for Elementary Education* (<http://education.boisestate.edu>), in the *Code of Ethics of the Idaho Teaching Profession* (www.sde.state.id.us), and *Idaho's MOST* (www.sde.state.id.us/MOST).

Any student denied continued enrollment in the program is entitled to due process through the academic appeals procedures described in the *Boise State University Student Handbook* at www.boisestate.edu (click on Current Students, scroll to Opportunities for Students, click on Code of Conduct and scroll to Article 7, Appeals Process).

Admission to the Professional Year

The following requirements apply to all early childhood education/early childhood special education, elementary education, and elementary education bilingual/ESL majors, including those seeking special education endorsements. It is the student's responsibility to provide transcripts and other documentation to show that the requirements have been met. Applications are made through the Office of College School Partnership and Field Experiences in the Education Building, room 222.

1. Application Package:

- A completed application form with appropriate signatures
- A transcript indicating academic requirements have been met

2. Deadlines:

- First Friday in February for students desiring to enter the professional year fall semester
- Third Friday in September for students desiring to enter the professional year spring semester.

Chapter 12 — Academic Programs and Courses

Department of Curriculum, Instruction, and Foundational Studies

3. Academic Requirements:

- Senior standing and completion of Blocks 1-3.
- Recommendation of quality teaching in the area of emphasis.
- A cumulative grade point average of at least 3.0 in all teacher education courses and an overall grade point average of at least 2.75.
- Passing scores on the Idaho Comprehensive Literacy Competency Examination, Standards 1 and 3.

Special Information for the Professional Year

1. Students who transfer to Boise State University must meet requirements for admission to teacher education and complete at least 6 semester hours at the university before being placed in the professional year.
2. During the professional year, students are expected to engage in responsible teaching, participate in co-curricular activities, maintain close contact with faculty and students in the public schools, and participate in seminars and conferences with their university liaisons.
3. Any student may be dismissed from a program leading to certification if found guilty of any offense which would be grounds for revocation or denial of an Idaho teaching certificate. This includes conviction in a court of law of an offense other than a minor traffic violation. Questions regarding this policy should be addressed to the director of field experiences in Education Building, room 220.
4. The professional year can be taken only once.

Special Information for Transfer Students or Students with a Prior Degree

1. Transfer students are granted provisional admission to elementary teacher education during their first semester at Boise State. During the first semester, students must complete all requirements for regular admission with a minimum GPA of 2.75 in order to be granted regular admission.
2. Students with a prior degree are granted provisional admission to elementary teacher education during their first semester at Boise State. During the first semester, students must complete all requirements for regular admission with a GPA of 2.75 in order to be granted regular admission.

Elementary Education Certification Requirements

Students from Boise State are recommended to the State Department of Education for an elementary teaching certificate after meeting the following requirements:

1. Completion of program requirements in Early Childhood Studies, Elementary Education, or Elementary Education Bilingual/ESL.
2. A recommendation by the dean of the College of Education indicating that the candidate has the approval of the Department of Curriculum, Instruction, and Foundational Studies. Such approval is to be based primarily on evidence of knowledge of subject matter taught, demonstrated teaching techniques, and ability and aptitude to work with students and adults.
3. A record of a passing score on the Idaho Comprehensive Literacy Exam, Standards 1, 2, and 3.
4. A passing score on the PRAXIS II: Elementary Content Knowledge and PRAXIS II Principles of Learning and Teaching.
5. Students who choose not to or do not satisfactorily complete the professional year cannot earn a bachelor's degree in education.

Pre-Endorsements and Endorsements

Subject Area Endorsements

Students majoring in elementary education may select a subject area endorsement, which will strengthen them as teachers and may improve their employability. Students may select from the list below and become qualified to teach in the selected area in junior high/middle school, including ninth grade.

Subject area endorsements listed below are cited from the *Idaho Department of Education Professional School Personnel Certification Standards*, and are listed under Standards for Subject Area Endorsements on Standard/Advanced Secondary Certificates. A minimum of 20 semester credit hours is required for each endorsement.

Pre-Endorsement Sequences

All students pursuing the B.A. in Elementary Education will complete a pre-endorsement sequence totaling a minimum of 13 hours in courses in an area of specialization. These pre-endorsement sequences are designed to provide future elementary education teachers with enhanced knowledge and skills in specific and focused areas. Students select their own particular pre-endorsement areas of study. Enrollment caps will be placed upon pre-endorsement areas as appropriate. Students completing a pre-endorsement area may then choose to continue and complete the full subject area endorsement when available and appropriate.

Within the College of Education, pre-endorsement areas are offered in the following:

- Early Childhood Studies
- English as a Second Language (ESL)
- Reading
- Special Education
- Technology- Integrating Curriculum Using Technology

Pre-endorsement sequences outside the College of Education are offered in the following areas:

- American Government
- Art
- Biology
- Drama-Theatre Arts
- English
- Journalism
- Mathematics
- Modern Languages and Literatures
- Music

Please see below for specific requirements for the pre-endorsement sequences in each of these areas. Students should seek a pre-endorsement advisor in the appropriate department or program. (Note: Courses taken to fulfill other university, college, or department requirements cannot also be used to meet pre-endorsement requirements.)

American Government Pre-Endorsement Students majoring in Elementary Education who pursue the pre-endorsement sequence in American Government receive additional content in governmental functions at the local, state, national, and international levels.

American Government Pre-Endorsement	
Course Number and Title	Credits
POLS 101 American National Government	3
POLS 102 State and Local Government	3
POLS 141 Contemporary Political Ideologies	3
POLS 231 International Relations	3
One of the following: POLS 303, 309, 312, 320, 331, 351	3
Total	15

American Government Government Endorsement No fewer than six semester credit hours in American government, six semester credit hours in American history, and three semester credit hours in comparative government. The remaining work is to be history or political science.

Art Pre-Endorsement Students majoring in Elementary Education who pursue the pre-endorsement sequence in Art receive additional background knowledge about and skills in aesthetics and design in art.

Art Pre-Endorsement	
Course Number and Title	Credits
ART 101 Survey of Western Art I OR ART 102 Survey of Western Art II	3
ART 105 Basic Design	3
ART 106 Basic Design	3
ART 111 Drawing I	3
ART 321 Elementary School Art Methods OR ART 322 Elementary School Art Methods for Art Education Majors	3-4
Total	15-16

Arts and Crafts Endorsement Credits to include a minimum of six hours each in design and drawing and three hours each in art history and painting. Students will select three hours of one of the following courses: ceramics, sculpture, photography, printmaking, multicultural arts (two hours), or art metals. Both ART 322 and ART 351 are required (eight hours plus 60 clinical experience hours.)

Biology Pre-Endorsement Students majoring in Elementary Education who pursue the pre-endorsement sequence in Biology receive additional background knowledge about and skills in the biological, botanical, and/or zoological sciences. Students seeking a pre-endorsement in Biology should complete at least 13 hours from the following courses in Biology, Botany, and/or Zoology. (Note: BIOL 300, 305, 311, 323, 330, and ZOO 305, 341, and 355 all have a prerequisite of BIOL 190-191. BIOL 422, 427, 433, and ZOO 434 each have an additional prerequisite of BIOL 323 or PERM/INST.)

English Pre-Endorsement Students majoring in Elementary Education who pursue the pre-endorsement sequence in English receive additional background knowledge about and skills in British and American Literature, and in writing.

English Pre-Endorsement

Course Number and Title	Credits
ENGL 267 Survey of British Literature to 1790 OR ENGL 268 Survey of British Literature: 1790 to Present	3
ENGL 275 Introduction to Literary Studies	3
ENGL 277 Survey of American Literature: Beginnings to Civil War OR ENGL 278 Survey of American Literature: Civil War to the Present	3
ENGL literature course (300-400 level)	3
ENGL writing course (200 level or higher)	3
Total	15

English Endorsement Credits to include at least six semester credits of composition, including course credit in advanced composition, three semester credits of English literature, three semester credits in American literature, and a course in writing methods for teachers. The remainder must be English credit courses such as linguistics, grammar, modern literature, classical literature, creative writing, advanced writing, mythology or folklore. In compliance with the above, at least 20 semester credit hours must be taken in the English department for an English minor endorsement.

English as a Second Language (ESL) Pre-Endorsement Students majoring in Elementary Education who pursue the pre-endorsement sequence in English as a Second Language (ESL) receive additional background knowledge, skills, and techniques that will assist them in teaching students who are learning English as a new language.

English as a Second Language (ESL) Pre-Endorsement

Course Number and Title	Credits
ED-BLESL 201 Foundations of Teaching Bilingual Education/ESL	3

ED-BLESL 202 Mexican American Tradition and Culture OR ED-BLESL 303 Teaching Content in the Bilingual/ESL Classroom	2
Total	14-15

Health Education Endorsement Credits distributed to include course work in health instructional areas, science applicable to health education, organization and administration of health education and methodology.

History Endorsement No fewer than nine semester credits in U.S. history and no fewer than three semester credits in American government. The remaining work is to be in history and political science.

Journalism Pre-Endorsement Students majoring in Elementary Education who pursue the pre-endorsement sequence in Journalism receive additional background knowledge about and skills in media, news reporting and writing, and associated communication activities.

Journalism Pre-Endorsement

Course Number and Title	Credits
COMM 114 Communication Activities OR COMM 314 Communication Activities	1
COMM 273 Reporting and News Writing	3
COMM 362 Legal and Ethical Issues of Mass Media	3
COMM 363 Advanced Writing Workshop	3
COMM 364 Visual Communication	3
Total	13

Journalism Endorsement No fewer than 16 semester credits in journalism. The remainder, if any, to be in English, or hold an English endorsement with at least six semester credits in journalism.

Mathematics Pre-Endorsement Students majoring in Elementary Education who pursue the pre-endorsement sequence in Mathematics are able to structure a specific program to provide additional background knowledge about and skills in mathematics.

Mathematics Pre-Endorsement

Course Number and Title	Credits
MATH 124 Mathematics as a Liberal Art OR MATH 130 Finite Mathematics OR MATH 160 Survey of Calculus OR MATH 170 Calculus I	4
MATH 147 Precalculus OR MATH 143-144 College Algebra-Analytic Trigonometry	5
MATH 254 Applied Statistics with Computers OR MATH 187 Discrete and Foundational Mathematics	4
Total	13

Mathematics Endorsement There are two levels of mathematics endorsement.

Basic Mathematics (limited to teaching up to and through the level of algebra I): Credits in mathematics to include college credits in algebra, geometry and trigonometry.

Standard Mathematics Credits in mathematics to include course work in calculus and analytical geometry. The remainder may be selected from courses such as abstract algebra or linear algebra, probability and statistics, and geometry.

Modern Languages Pre-Endorsement Students majoring in Elementary Education may pursue one of three pre-endorsement sequences in Modern

Chapter 12 — Academic Programs and Courses

Department of Curriculum, Instruction, and Foundational Studies

Languages: French, German, or Spanish. Each sequence provides additional background knowledge about and skills in its respective language and culture.

Modern Languages Pre-Endorsement	
Course Number and Title	Credits
French Option	
FREN 201 Intermediate French I	3
FREN 202 Intermediate French II	3
FREN 203 Intermediate French Conversation	2
FREN 303 Advanced French Conversation and Composition	3
FREN 304 Introduction to French and Francophone Literature OR FREN 376 French Culture	3
Total	14
German Option	
GERM 201 Intermediate German I	4
GERM 202 Intermediate German II	4
GERM 303 Advanced German Conversation and Composition	3
GERM 304 Introduction to German Literature OR GERM 377 German Culture and Civilization	3
Total	14
Spanish Option	
SPAN 201 Intermediate Spanish I	4
SPAN 202 Intermediate Spanish II OR SPAN 203 Intermediate Spanish for the Native or Near-Native Speaker	4
SPAN 303 Advanced Spanish Conversation and Composition	3
SPAN 304 Introduction to Hispanic Literature OR SPAN 376 Spanish Peninsular Civilization and Culture OR SPAN 377 Latin American Civilization and Culture OR SPAN 385 Mexican American Civilization and Culture	3
Total	14

Modern Languages Endorsement Credits must be at the 200 level or above in the language in which the endorsement is sought.

Music Pre-Endorsement Students majoring in Elementary Education who pursue the pre-endorsement sequence in Music receive additional background knowledge about and skills in music instruction.

Music Pre-Endorsement	
Course Number and Title	Credits
MUS 119 Materials of Music I	3
MUS 120 Materials of Music II	3
MUS 121 Ear Training I	1
MUS 122 Ear Training II	1
MUS 261 Basic Conducting	1
MUS 256 Vocal Techniques and Methods	2
MUS-APL course(s) selected by student	2
Total	13

Music Endorsement Credits to include course work in theory and harmony, applied music (voice, piano, organ, band and orchestra instruments), history and appreciation, conducting, and music methods and materials.

Natural Science Endorsement Credits to include no fewer than six semester credits in biological science, six semester credits in physical science, and six semester credits in earth science. The remainder shall be selected from any of the natural science areas.

Physical Education Endorsement Credits distributed to include course work in movement skills, science applicable to physical education, organization and administration of physical education, health education, physical education methodology and evaluation.

Physical Science Endorsement Twenty semester credit hours to include at least eight semester credits in chemistry and eight semester credits in physics.

Reading Pre-Endorsement Students majoring in Elementary Education who pursue the pre-endorsement sequence in Reading receive a broader base of content and experience in the area of literacy. While the courses listed below count towards a reading endorsement they will not fulfill all of the necessary requirements. Please check with an advisor for additional information.

Reading Pre-Endorsement	
Course Number and Title	Credits
ED-LTCY 343 Reading Diagnosis and Intervention	3
ED-LTCY 345 Writing Process and Assessment for K-8 Classrooms	3
ED-LTCY 364 Field Experience in Literacy	1
Any course listed under the Reading Endorsement K-12	3
ED-LTCY 348 Psycholinguistics and Literacy OR LING 305 Introduction to Language Studies OR LING 306 Modern English Grammar OR LING 406 Psycholinguistics	3
Total	13

Reading Endorsement The endorsement in reading provides enhanced depth and breadth of course work in reading and language arts. This enhanced knowledge allows the student to be endorsed in reading education K-12. Twenty semester credits are required, which includes a minimum of one or more courses from each of the five following areas: Foundations of Reading or Developmental Reading, Content Area Reading, Corrective/ Diagnostic/Remedial Reading, Psycholinguistics/Language Development and Reading, and Literature for Children and Adolescents. The courses listed here represent suggestions that fulfill the 20 credit endorsement.

Of the minimum twenty (20) semester credit hours needed for this endorsement, sixteen (16) credit hours must be divided among Areas I-V so that credit hours are earned from each area. Elementary Education majors seeking this endorsement must also take ED-LTCY 345 (3 credits). One additional credit hour taken from Area VI: Electives will count towards this endorsement.

Reading Endorsement K-12	
Course Number and Title	Credits
Area I: Foundations of Developmental Reading ED-LTCY 340 Idaho Comprehensive Literacy Course	4
Area II: Reading in the Content Area (ED-LTCY 440 & 444 are required for K-12 endorsement) ED-LTCY 440 Content Area Language Arts: K-8 (Required for K-8 endorsement only) ED-LTCY 441 Content Area Language Arts: K-3 ED-LTCY 444 Content Literacy for Secondary Students (Required for 6-12 endorsement only)	3-6
Area III: Corrective/Diagnostic/Remedial Reading ED-LTCY 341 Literacy, Learning and Assessment: K-3 AND ED-LTCY 342 Literacy, Learning and Assessment: 4-8 OR ED-LTCY 343 Reading Diagnosis and Intervention	3-4
Area IV: Psycholinguistics/Language Development and Reading ED-ECS 320 Language Development, Assessment and Intervention OR ED-LTCY 348 Psycholinguistics and Literacy OR LING 305 Introduction to Language Studies OR LING 306 Modern English Grammar OR LING 406 Psycholinguistics	3
Area V: Literature for Children or Adolescents ED-LTCY 346 Children's Literature ED-LTCY 447 Young Adult Literature ENGL 481 Literature for Use in Junior and Senior High Schools	3
Area VI: Electives to total 20 credits from the following list ED-BLES 311 Teaching Reading Bilingually ED-LTCY 345 Writing Process and Assessment: K-8 Classroom ED-LTCY 364 Field Experience in Literacy ED-LTCY 493 Internships in Reading (Reading/Study Skills Internship with UNIV 105 and Internship in Classrooms) ED-LTCY 494 Workshops in Literacy	0-4

Total	13

Special Education Generalist K-12 Endorsement The Special Education Generalist K-12 Endorsement program emphasizes provision of educational services for students who have disabilities in inclusive school settings, and results in the Idaho Special Education Generalist K-12 Endorsement appended to either an elementary or secondary teaching certificate. All students seeking this endorsement, including students who already possess an elementary or secondary teaching certificate, must meet all admission requirements for the Department of Elementary Education and Specialized Studies. Students should plan their programs early, consulting with a member of the Special Education faculty.

Special Education Generalist K-12 Endorsement

Course Number and Title	Credits
Completion of pre-endorsement area in special education	13
ED-SPED 356 Instruction for Students with Severe Disabilities	2
ED-SPED 357 Formal Assessment for Special Education	2
ED-SPED 451 Special Education and the Law	2
ED-SPED 452 Instruction for Adolescents with Disabilities	2
Total	21

NOTE: In addition to the above courses, for Elementary Education students the Idaho Special Education Generalist K-12 Endorsement also requires ED-SPED 250, ED-CIFS 261, ED-LTCY 340, and ED-SPED 467. Each of these courses or their equivalents is already required in the BSU Elementary Education B.A. program. For Secondary Education students, in addition to the above courses, the Idaho Special Education Generalist K-12 Endorsement also requires ED-SPED 350, ED-CIFSC 301, ED-LTCY 340, and ED-SPED 467. ED-SPED 350 and ED-CIFS 301 are already required in the BSU Secondary Education B.A. program.

Severe Disabilities Endorsement The Special Education Severe Disabilities K-12 Endorsement program emphasizes provision of educational services for students who have severe disabilities.

Special Education Severe Disabilities K-12 Endorsement

 Political Science (Political Science, Social Science, Secondary Education)
 Sociology (Sociology, Social Science, Secondary Education)
 Sociology (Interdisciplinary Social Science, Secondary Education)

Admission to Secondary Teacher Education

Admission to secondary teacher education is required before a student can enroll in Block I. All admission requirements must be completed before admission is granted. Application is made through the Office of College School Partnerships and Field Experiences (OCSPE), Education Building, room 222.

The admission requirements are:

1. Application Package:

- A completed application form with appropriate signature(s)
- A transcript indicating the completion of prerequisite course work

- Approved Academic Adjustment Forms (if applicable)

2. Deadline:

- First Friday in February for fall semester admission
- First Friday in September for spring semester admission

3. Academic Requirements:

- A minimum cumulative grade point average of 2.5.
- A minimum grade point average of 2.75 in all education classes.
- A minimum grade of C in ED-CIFS 201 Foundations of Education or its equivalent.
- Successful completion of the PRAXIS I** for writing. For information please access the PRAXIS* web site at <http://www.ets.org/praxis/> or pick up a registration packet in the Education Building, room 222.
- A minimum grade of C in EDTECH 202 Educational Technology-Classroom Applications or its equivalent and a passing score on the Idaho Technology Competency Exam
- A passing score on the PRAXIS I for mathematics is required for those seeking an endorsement in special education.**

*No other test will be accepted in lieu of the Praxis
 **Each of these test may be taken up to three times

Limitations to Admission:

Because a large number of students seek admission to secondary teacher education, not all applicants can be admitted. Each academic year, a target number of applicants is established and applicants are accepted until the number is reached. Priority is given to those with the highest academic grade point average and to those specialty areas that have been identified as shortage areas in Idaho. Shortage areas may change over time.

Continued Enrollment

To continue taking course work in teacher education, every secondary education student must be reviewed and approved. Approval is based on:

- The student's academic record
- Faculty judgment regarding the student's knowledge, skills, and disposition necessary for success as a teacher, determined through coursework, observation, and interviews.

Further information about these traits may be found in the *Secondary Education Handbook* (<http://education.boisestate.edu>), the *Code of Ethics of the Idaho Teaching Profession* (www.sde.state.id.us), and in the *Idaho MOST Beginning Teacher Standards* (www.sde/state.edu.us/MOST).

Any student who is denied continued enrollment in the program is entitled to due process through the academic appeals procedures described in the *Boise State University Student Handbook* at www.boisestate.edu (click on Current Students, scroll to Opportunities for Students, click on *Code of Conduct* and scroll to *Article 7, Appeals Process*).

Admission to the Professional Year

The following requirements apply to all students seeking certification as K-12 or secondary teachers. Student teaching is scheduled through the Office of College School Partnerships and Field Experiences, Education Building, room 222.

Admission requirements for the Professional Year include:

Application Package:

- A completed application form with appropriate signatures
- A transcript indicating academic requirements have been met

Deadlines:

- First Friday in February for students desiring to student teach in the fall semester
- Third Friday in September for students desiring to student teach in the spring

Academic Requirements:

- Recommendation of the faculty advisor or the chair of the student's department.
- Minimum cumulative grade point average of 2.5
- Minimum grade point average of 2.75 in the major field, minor field (if applicable), and in all required education courses

- Completion of major field, minor field (when appropriate), and required education courses.
- Senior standing and successful completion of Block I (see description of Secondary Education Courses below)
- Completion of sufficient credit hours in subject areas assigned for student teaching (varies by program).
- Passing score on PRAXIS II before Block III
- Fingerprinting may be required to student teach in some districts

Special Information about Student Teaching in Secondary Education

- Student teachers are expected to do responsible teaching, participate in co-curricular activities, maintain close contact with faculty and students in the public schools, and participate in seminars and conferences with their university supervisors.
- Any student may be dismissed from a program leading to certification if s/he is found guilty of any offense that would be grounds for revocation or denial of an Idaho teaching certificate, including conviction in a court of law of an offense other than a minor traffic violation. Questions regarding this policy should be addressed either to the Director of the Office of College School Partnerships and Field Experiences, Education Building, room 222 or the Dean of the College of Education, Education Building, room 705.
- Student teaching may be taken only once, except in some cases of administrative initiated withdrawal.
- Students must give six weeks notice prior to the beginning date for student teaching if they wish to withdraw their application for student teaching.
- Students accepted to student teach who opt to postpone student teaching must reapply.

Special Information for Transfer Students or Students with a Prior Degree

- Transfer students must meet requirements for admission to secondary teacher education and student teaching and complete at least 6 semester hours in secondary teacher education at Boise State prior to student teaching.
- Students with a prior degree who seek secondary certification must apply to the Boise State Graduate Admissions Office. Upon admission to graduate studies, the Department of Curriculum, Instruction, and Foundational Studies conducts academic advising and coordination for the post-B.A./B.S. secondary teacher certification program.

Secondary Teacher Education Courses

The following are the professional courses required for secondary teacher certification unless noted differently by specific content area majors.

Courses	Titles	Credits
Pre-admission courses		
ED-CIFS 201	Foundations of Education	3
EDTECH 202	Educational Technology - Classroom Applications	3
Block I		
ED-CIFS 301	Teaching Experience I	1
ED-CIFS 302	Learning and Instruction	4
ED-SPED 350	Teaching Students with Exceptional Needs at the Secondary Level	3
Block II		
ED-CIFS 401	Professional Year - Teaching Experience II	2
ED-LTCY 444	Content Literacy for Secondary Students	3
	Content Methods Course	3
Block III		
ED-CIFS 484/485	Professional Year - Teaching Experience III	16
ED-CIFS 481	Professional Year - Teaching Experience III*	8
Block IV		
ED-CIFS 482/483	Year - Teaching Experience IV*	8

*Candidates majoring in Art, Music, and Physical Education complete two eight-week, 8 credit student teaching experiences (Blocks III and IV), one at the elementary level and one at the middle or secondary level, rather than just one experience (Block III) for 16 credits.

Chapter 12 — Academic Programs and Courses

Department of Curriculum, Instruction, and Foundational Studies

Certification Requirements for Secondary Education and Endorsements

Standards for the certification of teachers for the State of Idaho are listed in the *Idaho Department of Education Professional School Personnel Certification Standards Revised April, 2000*, as prepared by the Idaho Department of Education. The following requirements are based on that document and other policies of the Idaho State Board of Education.

Certificate Requirements for Secondary Education:

Students from Boise State University are recommended to the State Department of Education for a secondary teaching certificate after meeting the following requirements and demonstrating the following dispositions:

- Demonstrate good moral character.
- Complete required coursework in an academic department in the program designed for secondary education majors.
- Complete secondary teacher education requirements that include a minimum of 25 semester credits hours in the philosophical, psychological, methodological, and technological foundations of education, including at least 16 credit hours of student teaching.
- Successfully complete PRAXIS II examination in all endorsement areas.
- Obtain the recommendation of the dean of the College of Education. The recommendation verifies that the department of subject area specialization and the Department of Curriculum, Instruction, and Foundational Studies have approved the candidate for certification.

Minor Endorsements for Certification

- Candidates in a secondary teacher education program are encouraged to complete additional credits in a minor endorsement area. Endorsements require 20-29 credits depending on the discipline. Certification endorsements are offered in a broad range of areas including:

Anthropology	Health Education
Art	History
Biology	Mathematics
Chemistry	Music (Instrumental)
Classical Languages (Latin)	Music (Choral)
Communication (Speech)	Natural Science
Earth Science	Physical Science
Economics	Political Science
English	Psychology
Foreign Language	Sociology
(French, German, or Spanish)	Theatre Arts
Geography	

- The sequence of courses for each of these minor endorsement areas is listed under the department, which offers the program, except Natural Science. Natural Science involves taking courses in more than one science. The program is listed below:

Natural Science Teacher Certification Endorsement

Course Number and Title	Credits
BIOL 191-192 General Biology I, II	8
CHEM 101-102 Essentials of Chemistry	8
GEOG 101 Environmental Geology	4
GEOG 102 Historical Geology	4
PHYS 111-112 General Physics	8
Total	32

Course Offerings

See page 52 for a definition of the course-numbering system.

ED-CIFS — EDUCATION-CURRICULUM, INSTRUCTION, AND FOUNDATIONAL STUDIES

Lower Division

ED-CIFS 201 FOUNDATIONS OF EDUCATION (3-0-3) (Area II). Social, multicultural, philosophical, and historical perspectives in education; current educational issues; and problems of education. It provides a conceptual framework from which students will learn to reflect upon and question ways of knowing, both individually and as members of a larger community.

Upper Division

ED-CIFS 301 TEACHING EXPERIENCE I (0-3-1) (F,S). A 50-hour teaching experience in the

public schools. Students will observe the teaching/learning process and demonstrate teaching competence in a classroom setting. PREREQ: Admission to Secondary Education. COREQ: ED-CIFS 302 and ED-SPED 350.

ED-CIFS 302 LEARNING AND INSTRUCTION (4-0-4) (F,S). Introduction to educational psychology, principles of learning and instruction, and general methods of teaching. Theories and models of learning and teaching, cognitive development, motivation and self-concept, classroom management and educational measurement. PREREQ: Admission to Secondary Education. COREQ: ED-CIFS 301 and ED-SPED 350.

ED-CIFS 393 BEGINNING DRIVER EDUCATION (2-1-2). Designed to aid teachers in the instruction of beginning drivers and in the use of dual controlled automobiles. It includes the functioning of the vehicle, its proper operation, and traffic control safety.

ED-CIFS 394 ADVANCED DRIVER EDUCATION (2-1-2). Designed to provide advanced preparation in principles and practices of driver and traffic safety education for teachers, supervisors, and administrators. Prerequisite: ED-CIFS 393.

ED-CIFS 395 GENERAL SAFETY EDUCATION (3-0-3). Provides a comprehensive survey of general safety education, applied to all fields in general but to public schools in particular. Includes the study of accidents, safety, accident prevention, and the school's role in safety relative to other public and private agencies.

ED-CIFS 401 PROFESSIONAL YEAR - TEACHING EXPERIENCE II (0-6-2) (F,S). Students will work with a master teacher for a minimum of 100 hours. They will observe the teaching/learning process and demonstrate teaching competence in a P-12 classroom setting. (Pass/Fail). PREREQ: Admission to Secondary Education. COREQ: ED-LTCY 444 and the content methods course for the students declared major.

ED-CIFS 403 SECONDARY FOREIGN LANGUAGE METHODS (3-0-3) (F/S). Students participate in discussions of problems of learning a foreign language. Current approaches to language teaching. This knowledge is applied to practical activities, cultural presentations, teaching aids, and resource material. PREREQ: Admission to Secondary Education, 6 upper-division credits in one foreign language or PERM/INST, ED-SPED 350 or ED-SPED 560. COREQ: ED-CIFS 401 and ED-LTCY 444; or ED-LTCY 544 and ED-CIFS 561.

ED-CIFS 404 TEACHING SECONDARY SCIENCE (3-0-3) (F/S). Local, state and national science curricula and standards. Materials, methods and instructional technologies to develop science lessons to develop scientific inquiry skills, an understanding of the nature of science, and critical understanding of selected science concepts and procedures. PREREQ: Admission into Secondary Education and ED-SPED 350. COREQ: ED-CIFS 401 and ED-LTCY 444.

ED-CIFS 405 TEACHING SECONDARY SOCIAL STUDIES (3-0-3) (F/S). Prepares teachers to engage young people in an inquiry about fundamental ideas and values from history and/or social science disciplines as well as to assist and encourage them to become informed, active participants in a democratic society. Examine professional literature on best teaching practices. PREREQ: Admission to Secondary Education and ED-SPED 350. COREQ: ED-CIFS 401 and ED-LTCY 444.

ED-CIFS 457 CLASSROOM MANAGEMENT SKILLS (3-0-3) (F/S). This course is designed to help prospective teachers develop an approach to classroom management. The course of study will focus on ecological factors that contribute to a positive classroom atmosphere, including the teacher, the student, the school, and parents. The course will emphasize principles that strengthen desirable behavior and reduce inappropriate behavior for individuals and for groups of students. PREREQ: ED-CIFS 203, PSYC 309, and admission to teacher education. (NOTE: Bilingual Education/ESL majors are exempt from ED-CIFS 203).

ED-CIFS 481 PROFESSIONAL YEAR - ELEMENTARY TEACHING EXPERIENCE III DUAL OPTION (0-15-8) (F,S). Supervised student teaching in an elementary school. Students will be placed with a master teacher for one half-semester (full-time) in their major/minor field under the supervision of university faculty. Available for Art, Music, and Physical Education major only. Attendance at seminars is required. (Pass/Fail). PREREQ: Admission to Professional Year. COREQ: ED-CIFS 482 or ED-CIFS 483.

ED-CIFS 482 PROFESSIONAL YEAR - JUNIOR HIGH TEACHING EXPERIENCE IV DUAL OPTION (0-25-8) (F,S). Supervised student teaching in a junior high school. Students will be placed with a master teacher for one half-semester (full-time) in their major/minor fields under the supervision of university faculty. Available for Art, Music, and Physical Education majors only. Attendance at seminars is required. (Pass/Fail). PREREQ: Admission to Professional Year. COREQ: ED-CIFS 481 or ED-CIFS 483.

ED-CIFS 483 PROFESSIONAL YEAR - SENIOR HIGH TEACHING EXPERIENCE IV DUAL OPTION (0-15-8) (F,S). Supervised student teaching in a senior high school. Students will be placed with a master teacher for one half-semester (full-time) in their major/minor fields under the supervision of university faculty. Available for Art, Music, and Physical Education majors only. Attendance at seminars is required. (Pass/Fail). PREREQ: Admission to Professional Year. COREQ: ED-CIFS 481 or ED-CIFS 482.

ED-CIFS 484 PROFESSIONAL YEAR - JUNIOR HIGH TEACHING EXPERIENCE III (1-40-16) (F/S). Supervised student teaching in a junior high school. Students will be placed with a master teacher for one semester (full-time in their major/minor fields under the supervision of university faculty. Attendance at seminars is required. (Pass/Fail). Not available for Art, Music, or Physical Education majors. PREREQ: Admission to Professional Year.

ED-CIFS 485 PROFESSIONAL YEAR - SENIOR HIGH TEACHING EXPERIENCE III (1-40-16) (F,S). Supervised student teaching in a senior high school. Student will be placed with a master teacher for one semester (full-time) in their major/minor fields under the supervision of university faculty. Attendance at seminars is required. (Pass/Fail). Not available for Art, Music, or Physical Education majors. PREREQ: Admission to Professional Year.

Dispute Resolution Certificate

Public Affairs and Arts West, Room 123A
e-mail: smccork@boisestate.edu

Telephone 208 426-3928
Fax 208 426-4318

Information: Suzanne McCorkle, Ph.D

Mediation, in which a trained facilitator helps individuals resolve their differences outside of the courtroom, increasingly is being used by community members, businesses, and the judicial system. Within the Boise State Dispute Resolution Certificate Program, students learn negotiation and mediation skills, acquire technical and advanced skills within one area of specialization and apply those skills in the public arena. A performance-based test comprises the capstone experience.

The dispute resolution certificate may be pursued by students who are seeking a degree or by others who are working toward the requirements for mediators established by the courts or mediation professional organizations. While mediation potentially could be used in nearly every occupation, the certificate may be of particular interest to students who seek management, personnel, or court-related careers.

A portion of the credits for this certificate are earned in workshops offered through the Division of Extended Studies and staffed by local and national mediation experts. Workshops within the Dispute Resolution Certificate Program are designed to support the requirements set by the Idaho Supreme Court, Idaho 4th District Court, Idaho Mediation Association, and the Academy of Family Mediators.

The Dispute Resolution Certificate Program is housed in the Department of Public Policy and Administration, and managed by the Director of the Boise State Office of Conflict Management Services, who is assisted by an Academic Advisory Board.

Dispute Resolution Certificate

Course Number and Title	Credits
COMM/SOC 390 Conflict Management	3
DISPUT 400 Basic Mediation Skills	3
DISPUT 446 Mediation Competency Boards	1
DISPUT 493/590 Internship	2
DISPUT 494/594 Workshops in Area of Emphasis	3
Total	12

NOTE: The Dispute Resolution Certificate will be awarded following completion of an associate or baccalaureate degree.

Course Offerings

See page 52 for a definition of the course-numbering system.

DISPUT — Dispute Resolution Courses

DISPUT 400 BASIC MEDIATION SKILLS (3-0-3)(F/S). Students learn the theoretical foundations of negotiation and mediation, types of mediation, mediation models, mediation case work skills, building the mediation plan, interpersonal communication skills for mediation, and various resolution techniques. Students will mediate several simulated and/or actual practice cases.

DISPUT 446 MEDIATION COMPETENCY BOARDS (0-0-1)(F/S). Competency-based testing is required by several mediation professional organizations. Students conduct case work and mediate a case from within their emphasis area before a panel of expert mediators. Students discuss issues related to mediation within their specialty area. (Pass/Fail). PREREQ: PERM/PROGRAM DIRECTOR.

Department of Early Childhood Studies

Education Building, Room 228
http://education.boisestate.edu/early childhood

Telephone: 208 426-2814
Fax: 208 426-4006

Chair and Professor: Judy French. Assistant Professors: Darling, Mori.

Degrees Offered

- A.A., B.A. in Early Childhood Studies
- M.A. in Education, with emphasis in Early Childhood Studies. (See the *BSU Graduate Catalog*.)

Department Statement

The Department of Early Childhood Studies is committed to the education of professionals who are qualified to work with ALL (typical and atypical) young children and their families. To accomplish this mission, the program blends two fields of study, Early Childhood Education and Early Childhood Special Education. The goal of the Department of Early Childhood Studies is to develop professionals who are knowledgeable in the science of child development and learning, reflective in their practice, and unbiased in their approach to work with ALL young children and their families.

Admission to Upper-division Standing and the Professional Year

Students must be admitted to the program before enrolling in upper-division courses in the Department of Early Childhood Studies. Students also must be admitted to the Professional Year before beginning their final teaching experiences. Requirements and special information about admission procedures and certification are explained in the section titled, Admission to Elementary Education, in the Department of Curriculum, Instruction, and Foundational Studies.

Degree Requirements

The B.A. in Early Childhood Studies assists students in developing the knowledge, skills and dispositions essential for success in working with ALL (typical and atypical) young children, birth to age eight, and their families. Students successfully completing the program qualify for the Early Childhood Studies, Birth-grade 3 Certificate and meet the criteria for professional employment in a variety of settings: Public Schools (P-grade 3), Head Start, Infant/Toddler, and pre-school/childcare programs.

Early Childhood Studies Bachelor of Arts

Course Number and Title	Credits
ENGL 101-102 English Composition NOTE: Students not required to take ENGL 101 must complete an additional 3 credits of English. For certification purposes, ECS majors must complete a total of 12 hours of English, including both composition and literature.	6
Area I — see page 39 for list of approved courses	
ENGL 277 or 278 Survey of American Literature	3
Area I core course in a second field in art (ART 100; ART 101, 102; ART 105)	3
Area I core course in third field in music (MUS 100; MUS 101)	3
Area I core course in literature Recommended: ENGL 215; ENGL 257/258; ENGL 267; ENGL 268	3

ED-ECS — EARLY CHILDHOOD STUDIES

Lower Division

ED-ECS 220 CHILD FAMILY AND COMMUNITY (2-0-2)(F/S). Emphasis on children's development and its universal characteristics across all cultures and individual variations from conception through middle childhood (age 12). Family and community influences are examined as they relate to development and learning. PREREQ: PSYC 101. COREQ: ED-CIFS 203, ED-CIFS 230, and ED-CIFS 260. (NOTE: Bilingual Education/ESL students are exempt from ED-CIFS 203).

ED-ECS 221 FOUNDATIONS OF PROFESSIONAL PRACTICES: ECE/ECSE (2-0-2)(F). Principles and practices of early childhood education/early childhood special education. Developmentally appropriate practices in the teaching/learning process of young children with and without special needs, in natural learning environments. COREQ: ED-ECS 262 or PERM/INST.

ED-ECS 222 FAMILY AND COMMUNITY RELATIONS: ECE/ECSE (2-0-2)(F). Partnering with families of young children, both typically and atypically developing. Family systems theory, roles and functions of special service colleagues and community resources. COREQ: ED-ECS 262.

ED-ECS 262 FIELD EXPERIENCE IN PROGRAMS FOR YOUNG CHILDREN, BIRTH TO FIVE: ECE/ECSE (0-3-1)(F). Key concepts of foundations of professional practices and family and community relations will be applied in programs for young children, birth to five. A minimum of forty-five hours is required in a field placement. COREQ: ED-ECS 221 and ED-ECS 222.

Upper Division

ED-ECS 320 LANGUAGE DEVELOPMENT, ASSESSMENT, AND INTERVENTION:

ECE/ECSE (3-0-3)(F). Typical and atypical language development of young children, from birth through grade three. PREREQ: Admission to Teacher Education. PREREQ/COREQ: ED-ECS 221.

ED-ECS 322 CURRICULUM K-3: ECE/ECSE (3-0-3)(F). Overview of general education curriculum in kindergarten through third grade. Developmentally appropriate learning environments and materials for children with and without special needs. PREREQ: Admission to Teacher Education and ED-ECS 221. NOTE: Students in the Bilingual Education Program are exempt from the prerequisite ED-ECS 221.

ED-ECS 323 ASSESSMENT AND PROGRAM PLANNING K-3: ECE/ECSE (2-0-2)(S). Formal and informal assessment with emphasis on program planning. Procedures for screening and eligibility determination and development of Individualized Education Plans. PREREQ: Admission to Teacher Education and EDECS 221.

ED-ECS 326 NATURAL ENVIRONMENTS, BIRTH TO THREE: ECE/ECSE (3-0-3)(F). Development of infants, both typically developing and those with delays and disabilities. Focus on attachment processes, learning in naturalistic environments, and communication with families. PREREQ: Admission to Teacher Education of PERM/INST.

ED-ECS 327 ASSESSMENT AND PROGRAM PLANNING, BIRTH TO FIVE: ECE/ECSE (2-0-2)(S). Development of infants, both typically developing and those with delays and disabilities. Focus on attachment processes, learning in naturalistic environments, and communication with families. PREREQ: Admission to Teacher Education of PERM/INST.

ED-ECS 328 PRESCHOOL PROGRAMS: ECE/ECSE (3-0-3)(S). Developmentally appropriate curriculum and materials for preschool age children, both typically developing and those with delays and disabilities. PREREQ: Admission to Teacher Education or PERM/INST.

ED-ECS 329 CHILD BEHAVIOR, GUIDANCE, AND INTERVENTION (3-0-3)(S). Development and guidance of preschool age children. Emphasis on environment and strategies, including functional behavior analysis, that assist young children in developing social skills. PREREQ: Admission to Teacher Education or PERM/INST.

ED-ECS 362 FIELD EXPERIENCE IN PROGRAMS FOR YOUNG CHILDREN, K-3: ECE/ECSE (0-3-1)(S). Planning and implementing programs for young children, both typically and atypically developing, in a field setting. Minimum of 45 hours in a field placement required. (Pass/Fail). PREREQ: ED-ECS 221, ED-ECS 222, ED-SPED 252, ED-ECS 262, ED-ECS 320, and ED-ECS 322. PREREQ/COREQ: ED-ECS 323.

ED-ECS 426 SOCIAL STUDIES, SCIENCE, AND MATH CURRICULA AND INSTRUCTION K-3 (3-0-3)(S). Kindergarten through third grade social studies, science, and math curricula, philosophy, and goals. Developmentally appropriate content and materials, with integration across disciplines emphasized. PREREQ: Admission to Professional Year. COREQ: ED-ECS 329, ED-LTCY 441, and ED-ECS 462.

ED-ECS 462 TEACHING EXPERIENCE IN PRIMARY GRADES: ECE/ECSE (0-21-7)(F/S). Primary grade teaching experience for students pursuing the ECE/ECSE blended certificate. Teaching responsibility in inclusive and pull-out classrooms for children with and without delays and disabilities. Seminars are conducted. Students will complete a full-time teaching experience consistent with the calendars of the assigned partnership programs. (Pass/Fail). PREREQ: ED-ECS 362. PREREQ/COREQ: ED-ECS 329, ED-ECS 426, and ED-LTCY 441.

ED-ECS 463 TEACHING EXPERIENCE IN PRESCHOOL PROGRAMS: ECE/ECSE (0-21-7)(F/S). Preschool teaching experience for students pursuing the ECE/ECSE blended certificate. Teaching responsibilities in programs for children with and without delays and disabilities with an emphasis on inclusive environments. Seminars are conducted. Students will complete a full-time teaching experience consistent with the calendars of the assigned partnership programs. (Pass/Fail). PREREQ: Admission to Teacher Education and ED-ECS 362. PREREQ/COREQ: ED-ECS 327 and ED-ECS 328.

ED-ECS 464 TEACHING EXPERIENCE IN NATURAL ENVIRONMENTS, BIRTH TO THREE: ECE/ECSE (0-21-7)(F/S). Infant/toddler program experience for students pursuing the ECE/ECSE blended certificate. Responsibilities in a natural environment, center or home, for infants and toddlers with and without disabilities including family contact. Seminars are conducted. Students will complete a full-time teaching experience consistent with the calendars of the assigned partnership programs. (Pass/Fail). PREREQ: ED-ECS 362. PREREQ/COREQ: ED-ECS 326 and ED-ECS 327.

Chair and Professor: Peter Lichtenstein. *Professors:* Loucks, Payne, Reynolds, Twilight. *Associate Professor:* Black. *Visiting Professor:* Donald Holley. *Special Lecturer:* John Church.

Degrees Offered

- B.A. and Minor in Economics
- B.A. in Economics, Social Science, Secondary Education
- B.B.A. in Business Economics

Department Statement

Economists study how people and societies decide what goods and services to produce, how to allocate resources for production, and how to divide the income created in the process. Economics courses deal with national economic health and the behavior of industries and individual firms, as well as the decisions made by individuals in households and families.

Economics majors who plan to enter the job market immediately after college find the degree useful in obtaining jobs in management and other areas where training in systematic thinking and empirical analysis are prized. A degree in economics is excellent preparation for law school, for M.B.A. programs, for teaching, or for graduate work in economics or other social sciences.

Boise State offers two paths to a degree in economics: 1) a bachelor of arts, which includes economics and elective courses in social sciences; 2) a bachelor of business administration, which includes economics and standard business courses. Students may also choose to pursue a bachelor of arts with an emphasis in social science, secondary education.

Degree Requirements

Those students planning on graduate study in economics should complete MATH 170-171 Calculus I and Lab, MATH 175 Calculus II, MATH 275 Multivariable and Vector Calculus, MATH 301 Linear Algebra, and MATH 333 Differential Equations with Matrix Theory.

Economics Bachelor of Arts

Total	128

The Economics, Social Science, Secondary Education program combines content knowledge, theories of learning and human development, study of curriculum, and methodology, to help students develop the knowledge, skills and dispositions essential for success in secondary school teaching. The program is grounded in the conceptual framework of reflective practitioner. Reflective practitioners adjust their teaching approaches and learning environment to the needs and backgrounds of their students. Candidates who complete this program have demonstrated evidence of meeting the Idaho Beginning Teacher Standards and are eligible for recommendation for state certification.

Students wishing to pursue this degree must meet the requirements and standards for admission to teacher education, which are described fully under the Department of Curriculum, Instruction, and Foundational Studies or at <http://education.boisestate.edu>. Students must meet all knowledge, skill, and disposition requirements to remain in the program.

The social science, secondary education emphasis programs are cooperative, multidisciplinary programs involving the departments of economics, history, political science, sociology, and anthropology. Each of these departments, except history, provides a major emphasis with the social science, secondary education emphasis. Students choosing this emphasis must:

1. complete a minimum of 30 credits in economics.
2. complete a minimum of 21 credits in one of the above departments (other than economics) to satisfy graduation requirements. See the department listings for each of these departments for additional information.
3. complete six credits in U.S. history and three credits of American national government for certification requirements.

ECON — ECONOMICS

Lower Division

ECON 201 PRINCIPLES OF MACROECONOMICS (3-0-3)(Area II). Economic principles are used to analyze the aggregate performance of developed economies. Analysis is applied to domestic and international macroeconomic issues. The goals and problems of high employment, price stability, growth, and the balance of payments are analyzed. Monetary, fiscal, and other national policies are discussed.

ECON 202 PRINCIPLES OF MICROECONOMICS (3-0-3)(Area II). An introduction to microeconomic analysis covering supply and demand, basic market structures, the operation of the price system, and the distribution of income. Provides an introduction to some applied areas of economics such as international, regional, the public sector, and economic development.

Upper Division

Upper-division courses in the department of economics (those with a course number 300 or higher) provide higher-level instruction to students who have the skills necessary to perform at this level. In addition to fulfilling the specific prerequisites listed and meeting the general university requirements for junior standing, every student admitted to a course is expected to communicate clearly and correctly so that assignments such as term papers and presentations can be completed effectively, to organize and solve problems using the techniques of intermediate level high school algebra, to use a microcomputer for simple word processing and spreadsheet applications.

ECON 301 MONEY AND BANKING (3-0-3). Analysis of the role of money, credit, and the financial system in the U.S. economy through the economics of commercial and central banking. Study of monetary theory and monetary policy as they affect both domestic and international economic policy goals. PREREQ: ECON 201 and ECON 202.

ECON 303 INTERMEDIATE MICROECONOMICS (3-0-3). An analysis of the price mechanism and its role in resource allocation, output composition, and income distribution. Topics include consumer choice and demand, theories of production and cost, and the economic performance of various market structures. The usefulness of price theory in the analysis of social problems and managerial decisions is stressed. PREREQ: ECON 202.

ECON 305 INTERMEDIATE MACROECONOMICS (3-0-3). Analysis of the determinants of the level of national income, employment, productivity, and the price level. Analysis of the effects of economic policy instruments and decisions on aggregate economic performance goals. PREREQ: ECON 201.

ECON 310 (POLS 310) PUBLIC FINANCE (3-0-3)(S). A study of the role and impact of government on the functioning of the free enterprise economic system. The theory and rationale of government spending, taxing, and indebtedness will be examined, as well as the effects of government activity on allocation of resources and distribution of income. Attention will be paid to state and local problems. This course may be taken for either ECON or POLS credit, but not both. PREREQ: ECON 201 and ECON 202 or PERM/INST.

ECON 311 HISTORY OF ECONOMIC THOUGHT (3-0-3)(F). Study of the origin and development of economic theories that have influenced western civilization. Particular attention will be given to the period since 1750. PREREQ: ECON 201 and ECON 202.

ECON 315 GLOBAL ECONOMIC DEVELOPMENT (3-0-3)(F/S)(Alternate years). Economic development within the context of the global economy. Alternative development paradigms and policy prescriptions and the record of successes and failures of developing countries. Problems of transitional post-socialist and post-colonial economies, economic growth, income distribution, resource mobilization, agricultural and industrial development, human resource development, the role of international agencies, and international trade and financial relations. PREREQ: ECON 201 and ECON 202.

ECON 317 INTERNATIONAL ECONOMICS (3-0-3)(S). The benefits and pattern of world trade and investment. Tariffs, quotas, and the commercial policies of nations. The foreign exchange market and the balance of payments. Consequences of balance-of-payments disequilibrium for national policy. The analysis of international payments adjustment and the nature and institutions of international monetary systems. PREREQ: ECON 201 and ECON 202.

ECON 321 REGIONAL ECONOMICS (3-0-3)(F). Application of economic analysis to regional problems of structure, growth, and policy. Location theory, various growth models, and specific techniques such as input-output analysis, base multipliers, and cost/ benefit analysis are developed. PREREQ: ECON 201 and ECON 202.

ECON 322 URBAN ECONOMICS (3-0-3)(S). Focus on the structure of the urban areas, locational patterns, housing, crime, pollution, poverty, financial, and transportation problems. Tools of economic analysis will be used to analyze the problems and existing and proposed policies. PREREQ: ECON 201 and ECON 202 or PERM/INST.

ECON 325 RADICAL ECONOMICS (3-0-3)(F). Analysis of radical political-economic thought and its applications to the study of socioeconomic problems. Topics include Marxian socialist economic theory, libertarianism, anarchist theory, evolutionary economic theory, and other radical models. Issues such as imperialism, economic and social inequality, and alienation will be considered. PREREQ: ECON 201 and ECON 202 or PERM/INST.

ECON 327 LABOR ECONOMICS (3-0-3)(F). Characteristics and structure of the U.S. labor force are examined and labor markets are analyzed to emphasize the micro- and macroeconomic factors affecting workplace decisions. Development of the U.S. industrial relations system is reviewed along with public policies, and these are contrasted with those of other western industrialized societies. PREREQ: ECON 201 and ECON 202.

ECON 333 NATURAL RESOURCE ECONOMICS (3-0-3)(F). The theoretical and policy issues associated with the use of natural resources are addressed, including property rights issues that arise when considering collective goods, externalities, and common property resources. Tools used in the design and evaluation of resource policy, such as benefit/cost analysis, are covered. PREREQ: ECON 202.

ECON 417 (HIST 417) U.S. ECONOMIC HISTORY (3-0-3)(S)(Alternate years). Major factors in the economic growth and development of the United States from colonial times to the present. Particular emphasis is given to the interaction of economic factors and other aspects of American society. This course may be taken for either ECON or HIST credit, but not both. PREREQ: ECON 201 and ECON 202 or PERM/INST.

ECON 421, 421G QUANTITATIVE METHODS IN ECONOMICS (3-0-3)(F). The first of a 2-semester sequence in quantitative economic analysis, this course emphasizes the application of mathematics to the construction of economic models. Topics will include equilibrium analysis, input-output analysis, comparative static analysis, optimization techniques, and dynamic analysis. The methodological issues surrounding the use of quantitative techniques in economics are also strongly emphasized. May be taken for graduate credit. PREREQ: ECON 201, ECON 202, MATH 160 or equivalent, and BUSSTAT 207.

ECON 422, 422G ECONOMETRICS (3-0-3)(S). The second of a 2-semester sequence in quantitative economic analysis. This course emphasizes the application of statistics to the construction, estimation, and evaluation of econometric models. Other related topics will include history and methodology of econometrics, forecasting, computer applications, and the use of econometrics in business and government. May be taken for graduate credit. PREREQ: ECON 421.

ECON 440, 440G HEALTH ECONOMICS (3-0-3)(S). Examines the economic issues associated with those individual and social decisions that influence the health of particular groups. Examines the production and delivery of health care and the economic and ethical

Chapter 12 — Academic Programs and Courses Department of Economics

aspects of health policy issues. Various economic approaches to the analysis of health policy are presented and evaluated. The focus is on the U.S. health care system. Comparisons will also be made to the health care systems of other nations. PREREQ: ECON 201 and ECON 202 or PERM/INST.

ECON 480, 480G SEMINAR IN INTERNATIONAL ECONOMICS (3-0-3) (F/S). An in-depth study of a particular subject of restricted scope in international economics. Students will survey the literature, discuss assigned topics, and prepare and present research papers. Consult the *Boise State Schedule of Classes* for specific selection offered. Seminar may be repeated. PREREQ: ECON 201 and ECON 202 or PERM/INST.

ECON 493 ECONOMICS INTERNSHIP (number of credits varies). Opportunity to apply economic principles in a business, nonprofit, government, or academic setting. (Pass/Fail). PREREQ: ECON 303, ECON 305, BUSSTAT 207, and PERM/INST.

Department of Educational Technology

Education Building, Room 331
e-mail edtech@boisestate.edu

Telephone 208 426-1966
FAX 208 426-1451

Chair and Professor: Carolyn Thorsen. *Professor:* Pollard. *Associate Professors:* Christensen, Johnson. *Adjunct Professors:* Breithaupt, Dawley, Shrader, Nelson. *Instructors:* Foster, Rice, Schroeder.

Degrees Offered

- Master of Science in Education, Educational Technology (See the *BSU Graduate Catalog*)

Department Statement

The department is a service department to undergraduate programs in elementary and secondary education. Our role is to provide undergraduates with both skills and instructional methods for computer technology effectively in the teaching/learning process. Teacher education students experience how technologies are altering our society and the role they play in aiding instruction and fostering communication and performance. Along with its teaching duties, the department is also responsible for maintaining and administering the Idaho Technology Competency Examination to both pre- and in-service teachers. Passing this test is a certification requirement in the State of Idaho.

Pre-endorsement

Technology - Integrating Curriculum Using Technology Pre-Endorsement Area The Integrating Curriculum Using Technology pre-endorsement area addresses the growing need for the integration of technology into the content areas.

Technology - Integrating Curriculum Using Technology Pre-Endorsement Area

Course Number and Title	Credits
EDTECH 331 Integrating Curriculum Using Software Tools and Computer	3
EDTECH 332 Integrating Internet Resources Into the Curriculum	3
EDTECH 333 Integrating Curriculum Using Visual Technology	3
EDTECH 363 Field Experience: Implementing Technology Into the Classroom	1
EDTECH 408 Integrating Technology Into Classroom Curricula	3
Total	13

Course Offerings

See page 52 for a definition of the course-numbering system.

EDTECH — EDUCATIONAL TECHNOLOGY

Lower Division

EDTECH 202 EDUCATIONAL TECHNOLOGY - CLASSROOM APPLICATIONS (2-2-3). Basic word processing competency is recommended. The Internet as a research, instructional, and learning tool, databases, spreadsheets, presentation software, and word processing to create classroom appropriate-instructional/learning models are covered.

Upper Division

EDTECH 331 INTEGRATING CURRICULUM USING SOFTWARE AND TOOLS AND COMPUTER PERIPHERALS (3-0-3) (F). Integrating instruction of language arts, mathematics, science, and social studies curricula using tool software, computer assisted instruction and tools such as data collection hardware and software. PREREQ: Admission to Teacher Education and EDTECH 202.

EDTECH 332 INTEGRATING INTERNET RESOURCES INTO THE CURRICULUM (3-0-3) (S). Internet research, storyboarding, and designing web pages to produce educational materials for classroom uses. PREREQ: Admission to Teacher Education and EDTECH 202.

EDTECH 333 INTEGRATING CURRICULUM USING VISUAL TECHNOLOGY (3-0-3) (S). Inquiry and project-based learning using photographing, scanning, drawing, editing, and manipulating images with a variety of software applications and use digital images in project work, student publishing, preparation of teaching materials, and record keeping. PREREQ: Admission to Teacher Education and EDTECH 202.

EDTECH 356 VIDEO TECHNOLOGY - CLASSROOM APPLICATION (1-2-2) (S). A competency based video technology course designed to prepare teachers to use video technology in the classroom. Students will master a variety of classroom video applications such as production of video essays, reports, tests, demonstrations, and magazines. Lab fee required. PREREQ: Admission to teacher education.

EDTECH 363 FIELD EXPERIENCE: IMPLEMENTING TECHNOLOGY INTO THE CLASSROOM (0-3-1) (F/S). Applying software, visual technology, Internet resources and other computer technology skills and techniques in a classroom setting. COREQ: EDTECH 331 or EDTECH 332 or EDTECH 333.

EDTECH 408 INTEGRATING TECHNOLOGY INTO THE CLASSROOM (3-0-3) (F/S). Computer hardware and operating systems in networked computing environments found in educational settings; use advanced features of spreadsheets and relational database management systems to develop classroom strategies and lessons. PREREQ: EDTECH 202, or passing score on the Educational Technology Assessment.

Department of Electrical and Computer Engineering

Interim Chair and Professor: R. Jacob Baker. *Professor:* Erikson. *Associate Professors:* Ahmed-Zaid, Baker, Hartman, Parke, Rafla. *Assistant Professors:* Barney Smith, Jessing, Knowlton, Smith.

Degrees Offered

- Bachelor of Science in Electrical Engineering (B.S.E.E.)
- Master of Science in Engineering (M.S.E.) (See the *BSU Graduate Catalog*)

Program Statement

Today's electrical engineer must be able to find solutions to new complex technical problems. He/she must have strong people skills and be able to integrate technical concepts with those of management, public policy, safety, and environmental areas in a team environment. Boise State offers five major areas of concentration:

- semiconductor processing
- integrated circuit design
- communication systems
- computer engineering
- power and energy systems

The many laboratory courses in the program provide students with significant hands-on experience which is attractive to potential employers.

Educational Objectives

Graduates of the electrical engineering program will be:

1. prepared with broad fundamentals rooted in the mathematics, science, and engineering, as well as contemporary skills in one or more select areas of electrical engineering needed primarily by high-tech companies and industries;
2. able to readily apply their extensive laboratory and design experience to solve new and challenging engineering problems using modern instrumentation and software tools;
3. able to communicate effectively and to function both independently and in group environments;

- able to adapt to changing technology and human needs and will be prepared for continued professional development, advanced training and specialization, and/or graduate education;
- able to function as responsible decision makers following professional codes of ethics and standards and to understand the broad impact of their profession in the global/societal business and environmental context.

Engineering Design in Electrical Engineering

Design is central to the practice of engineering. The department requires each student to develop design skills and knowledge. The curriculum has been carefully formulated to emphasize: 1) design as a process in the freshman year; 2) solving open-ended problems during the sophomore year; 3) component and system design in the junior year; and 4) the capstone design project in the senior year.

Degree Requirements

Electrical Engineering B.S.E.E.	
Course Number and Title	Credits
ENGL 101-102 English Composition	6
*Area I — see page 39 for list of approved courses	
Area I core course in one field	3
Area I core course in a second field	3
*Area II — see page 40 for list of approved courses	
COMM 101 Fundamentals of Speech Communication	3
Area II core course in a second field	3
*Area I-II Depth Elective	
Area I core courses in a third field AND an elective depth - course** which is a second course in an Area II field that has been approved by the student's advisor, not necessarily from the list of core courses. OR	6
Area II core course in a third field AND an elective depth course** which is a second course in an Area I field that has been approved by the student's advisor, not necessarily from the list of core courses.	
Area III	
Area III requirements are automatically met by specific courses included in the major requirements below.	
CHEM 111 College Chemistry	4
COMPSCI 117 Introduction to C++ OR COMPSCI 125 Introduction to Computer Science I	3-4
EE 225, 225L Circuit Analysis and Design Lab	4
EE 230, 230L Digital Systems and Lab	4
EE 320 Semiconductor Devices	3
EE 322, 322L Microelectronic Circuits and Lab	4
EE 332, 332L Microprocessors and Lab	4
EE 350, 350L Signals and Systems and Lab	4
EE 360 System Modeling and Control	3
EE 390 Electromagnetic Theory	3
EE 480, 482 Senior Design Project I, II	6
ENGL 202 Technical Communication	3
ENGR 120 Introduction to Engineering	3
ENGR 240 Introduction to Electric Circuits	3
ENGR 245 Introduction to Materials Science and Engineering	3
MATH 170, 175 Calculus I and Calculus II	8
MATH 275 Multivariable and Vector Calculus	4
MATH 333 Differential Equations with Matrix Theory	4
MATH 360 Engineering Statistics OR MATH 361 Probability and Statistics I	3-4
PHYS 211, 211L-212, 212L Physics I & II with Calculus and Lab	10
*Electrical Engineering electives	9
*Technical electives	9
Elective to total 129 hours	1-3
Total	128

NOTE: *All university core courses and technical electives must be approved by the student's advisor.
**Courses that instill cultural values are acceptable while routine exercises of personal craft are not.

Course Offerings

See page 52 for a definition of the course-numbering system.

ENGR — ENGINEERING SCIENCE

See page 97 for the listing of ENGR courses.

EE — ELECTRICAL ENGINEERING

Lower Division

EE 225 CIRCUIT ANALYSIS AND DESIGN (3-0-3) (F,S). Single-phase and three-phase AC circuits. Mutual inductance and transformers. Laplace transforms and circuit applications. Transfer functions, Bode plots, frequency response, and resonant circuits. Fourier series and filter circuit design. Two-port networks. PREREQ: MATH 333 and ENGR 240.

EE 225L CIRCUIT ANALYSIS AND DESIGN LAB (0-3-1) (F,S). Lab work to accompany EE 225 Circuit Analysis and Design. COREQ: EE 225.

EE 230 DIGITAL SYSTEMS (3-0-3) (F/S). Number systems, Boolean algebra, logic gates, Karnaugh mapping, combinational circuits, flip-flops, registers, counters, sequential state-machines. Construction of small design projects. PREREQ: COMPSCI 117 or COMPSCI 225.

EE 230L DIGITAL SYSTEMS LAB (0-3-1) (F/S). Design, construction, and test of small digital logic circuits using TTL and CMOS gates, flip-flops, registers, counters, LED's. COREQ: EE 230.

Upper Division

EE 320 SEMICONDUCTOR DEVICES (3-0-3) (S). Fundamentals of solid-state electronic devices. Energy band theory, drift, diffusion, generation and recombination of carriers. Physics, modeling, and biasing of diodes, MOSFETs, BJTs. Electronics of metal-semiconductor junctions and the MOS capacitor structure. SPICE model development. Introduction to 2-D device design software. PREREQ: ENGR 245, EE 225, EE 390.

EE 320L DEVICE CHARACTERIZATION LAB (0-3-1) (S). Measurement of PN junction, BJT, and MOSFET I-V and C-V characteristics by on-wafer probing. SPICE model parameter extraction. COREQ: EE 320.

EE 322 MICROELECTRONIC CIRCUITS (3-0-3) (F). Single and multistage MOS and MJT amplifiers, differential amplifiers, frequency response, stability and feedback, operational amplifiers, CMOS digital gate design. Includes a semester design project. PREREQ: EE 225.

EE 322L MICROELECTRONIC CIRCUITS LAB (0-3-1) (F). Design, construction, and test of multistage amplifiers, digital gates, and op-amp circuits utilizing SPICE computer-aided design, breadboards, signal generators, oscilloscopes, spectrum analyzers. COREQ: EE 322.

EE 332 MICROPROCESSORS (3-0-3) (F/S). Microprocessor architecture, software development tools, and hardware interfacing. Emphasis is placed on 16 and 32 bit microprocessor systems. Machine and assembly language programming, instruction set, addressing modes, programming techniques, memory systems, I/O interfacing, and interrupt handling are among the topics studied with practical applications in data acquisition, control, and interfacing. PREREQ: EE 230.

EE 332L MICROPROCESSORS LAB (0-3-1) (F/S). Lab work on microprocessors using a Macroassembler and a hardware experimentation kit. COREQ: EE 332.

EE 350 SIGNALS AND SYSTEMS (3-0-3) (F). Signal and system properties. Fourier transforms. Basics of amplitude and frequency modulation. Sampling and aliasing. Z-transforms and digital filters. Nondeterministic signals. PREREQ: EE 225. COREQ: MATH 360 or MATH 361.

EE 350L SIGNALS AND SYSTEMS LAB (0-3-1) (F). Lab work on signals and systems. COREQ: EE 350.

EE 360 SYSTEM MODELING AND CONTROL (3-0-3) (S). Modeling and simulation of physical systems. Transfer functions, block diagrams, and signal-flow graphs. State-variable analysis of linear systems and stability. Steady-state and transient specifications. Root locus technique. Design of feedback control systems. PREREQ: EE 225.

EE 376 INDUSTRIAL POWER DISTRIBUTION (3-0-3) (S). Codes and standards, three-phase and single-phase system planning and design, voltage considerations, equipment protection, grounding design, power switching and motor control, lighting design, substation design, PLC system architecture design, and programming, equipment specification, construction drawings and specifications. PREREQ: EE 225 or PERM/INST.

EE 390 (PHYS 381) ELECTROMAGNETIC THEORY (3-0-3) (F). Electrostatic fields, potentials, Gauss'law, solutions of Laplace's equation, electrostatics of conductors and dielectric materials, vector potentials, Maxwell's equations, and electromagnetic radiation. This course may be taken for either PHYS or EE credit, but not both. PREREQ: MATH 275, MATH 333 and PHYS 212.

EE 410 INTEGRATED CIRCUIT PHYSICAL DESIGN (3-0-3) (F/S). CMOS IC layout, modeling, parasitic capacitance extraction, SPICE simulation. Design of static and dynamic logic gates, counters, registers, memories. Students will produce a verified layout file that can be used to build a set of photomasks for fabrication in either a foundry or in EE 440. PREREQ: EE 322. COREQ: EE 320.

EE 411 CMOS ANALOG IC DESIGN (3-0-3) (F/S). Design, layout, and simulation of CMOS analog integrated circuits. Current mirrors, voltage and current references, amplifiers, and op-amps. PREREQ: EE 322, EE 410.

EE 412 VLSI DESIGN (3-0-3) (F/S). The design of ultra large scale integrated circuits using VERILOG and VHDL, or other hardware description languages. Using a silicon compiler to turn the HDL circuit description into a file that can be used to make the circuit. Includes packaging, testing and reliability issues. PREREQ: EE 230 and COMPSCI 117 or COMPSCI 125.

EE 413 RF IC DESIGN (2-1-3) (F/S). Design and characterization of RF-CMOS integrated circuits, including RF transceivers, oscillators, design approaches for handheld wireless systems, ultra-low-power circuit design techniques, on-wafer microwave measurement techniques. S-parameter device evaluation methods, low-noise design and measurement, analysis of distortion in amplifiers, power amplifiers with application to wireless transmitter design, transmission lines

Chapter 12 — Academic Programs and Courses

Department of Electrical and Computer Engineering

and distributed circuit elements. The laboratory component will teach wafer-level microwave measurement techniques. PREREQ: EE 410 or EE 411.

EE 420 ADVANCED DEVICE DESIGN AND SIMULATION (3-0-3)(F/S). MOSFET device physics, scaling rules, analytical short channel models, hot-electron effects/modeling, LDD design, gate oxide breakdown and reliability, TDD, GIDL, channel mobility, electromigration, BSIM3 device modeling, 2-D TCAD device simulation. PREREQ: EE 320.

EE 420L ADVANCED DEVICE CHARACTERIZATION LAB (0-3-1)(F/S). Advanced measurement and parameter extraction techniques for MOSFETs. High frequency CV, Quasistatic CV, Charge-Pumping measurements. COREQ: EE 420.

EE 421 ADVANCED SEMICONDUCTOR DEVICES (3-0-3) (F/S). Study of advanced semiconductor devices, particularly photonic, microwave, power, and high temperature/radiation resistant devices, including physics and applications. TCAD simulation and modeling of these devices will be included. PREREQ: EE 420.

EE 422 MICROWAVE SEMICONDUCTOR DEVICES (3-0-3)(F/S). Covers the various aspects of design, fabrication, and characterization of ultra-low-power, RF-CMOS devices, on-wafer microwave measurement techniques and calibration techniques, short-channel CMOS device physics, parasitic CMOS device elements, advanced small-signal build and SOI RF-CMOS device models, and s-parameter device evaluation methods. PREREQ: EE 420.

EE 430 DIGITAL HARDWARE DESIGN (3-0-3)(F/S). Advanced topics in digital system design emphasizing the specification and design of complex digital hardware systems. Applications include design of synchronous state machines, asynchronous digital systems, and simple digital control circuits using hardware descriptive languages for field programmable gate arrays and complex programmable logic. PREREQ: EE 230, and COMPSCI 117 or COMPSCI 125.

EE 430L DIGITAL HARDWARE DESIGN LAB (0-3-1)(F/S). Lab work using UNIX-based CAD tools for hardware design of digital systems employing FPGAs and CPLDs. COREQ: EE 430.

EE 432 (COMPSCI 441) COMPUTER ARCHITECTURE (3-0-3)(F/S). Structure of computer systems using processors, memories, input/output (I/O) devices as building blocks. Computer system instruction set design and implementation, including memory hierarchies, microprogramming, pipelining, and multiprocessors. Issues and tradeoffs involved in the design of computer systems. Applications of Hardware Description Languages (HDL) in the design of computer systems. This course may be taken for either EE or COMPSCI credit, but not both. PREREQ: EE 332 and COMPSCI 117 or COMPSCI 125.

EE 433 EMBEDDED AND PORTABLE COMPUTING SYSTEMS (3-0-3)(F/S). Comparison of commercially available microcontrollers and their use in embedded communications and control applications. Power consumption, software development, interprocessor communication, and interfacing with sensors, actuators, and input/output devices. Use of microcontroller cores implemented in programmable logic devices as an alternative to hardwired microcontrollers. An embedded system project is designed and built. PREREQ: EE 332.

EE 434 COMPUTER NETWORKS (3-0-3)(F/S)(Offered on demand). Concepts of computer networks and architectures. Network topology, connectivity analysis, delay analysis, local access design. Physical layer, data link layer, higher layer protocols. Study of networks as distributed embedded systems. Routing, flow control, congestion control. Local area networks. PREREQ: EE 332, and MATH 360 or MATH 361.

EE 440 INTRO TO INTEGRATED CIRCUIT AND MEMS PROCESSING (3-0-3)(F). Fundamentals of integrated circuit and micro-electromechanical systems (MEMS) fabrication technology; semiconductor substrates; theory of unit processes such as diffusion, oxidation, ion implantation, rapid thermal processing, photolithography, wet etching and cleaning, dry etching, thin-film deposition; chemical mechanical polishing; process integration; metrology; statistical process control; TCAD. PREREQ: ENGR 320 or PERM/INST. COREQ: EE 440L.

EE 440L ADVANCED INTEGRATED CIRCUIT PROCESSING LAB (0-3-1)(F/S). Cleanroom wafer processing lab accompanying EE 440. Use of TCAD software and the semiconductor processing lab to fabricate a CMOS test chip. PREREQ: EE 340. COREQ: EE 440.

EE 441 ADVANCED SILICON TECHNOLOGY (3-0-3) (S). Advanced models for unit processes such as diffusion, oxidation, ion implantation, thin film deposition, etching, rapid thermal processing, chemical mechanical polishing, and lithography. CMOS, bipolar, and micro-electromechanical systems (MEMS) process integration. Process and device modeling using TCAD. PREREQ: EE 440.

EE 442 PHOTOLITHOGRAPHY (3-0-3)(F/S). Principles of optics, diffraction, interference, superposition of waves, imaging systems, fundamentals of microlithography, resolution, contact and projection lithography, photoresist processing, metrology. Phase shift masks, anti-reflective coatings, deep-ultraviolet lithography, off-axis annular illumination. Use of TCAD lithography simulation software. COREQ: EE 340.

EE 442L PHOTOLITHOGRAPHY LAB (0-3-1)(F/S). Cleanroom lab experience accompanying EE 442, utilizing a projection-printing wafer stepper, photoresist wafer track, SEM, and optical metrology equipment. Use of TCAD lithography simulation software. PREREQ: EE 342. COREQ: EE 442.

EE 450 COMMUNICATION SYSTEMS (3-0-3)(S). Signals, noise, propagation and protocol in analog and digital communication systems. Bandwidth, Fourier transforms, signal to noise ratio and receiver noise figures. Introduction to modern wireless communication systems such as cellular, wireless data and satellite data systems. PREREQ: EE 350, and MATH 360 or MATH 361.

EE 450L COMMUNICATION SYSTEMS LAB (0-3-1)(S). Lab experience accompanying EE450 utilizing AM/FM modulation, spectrum analysis, receiver design and analysis. PREREQ: EE 350. COREQ: EE450.

EE 452 WIRELESS COMMUNICATIONS (3-0-3)(F/S). Modern cellular communication systems, including propagation, handoff, noise, and interference studies. CDMA and other spread-spectrum systems. PREREQ: EE 450.

EE 454 DIGITAL SIGNAL PROCESSING (3-0-3)(F/S). Modern digital signal processing in engineering systems. Review of continuous-time and discrete-time signals, spectral analysis;

design of FIR and IIR digital filters. Fast Fourier Transform, two-dimensional signals, realization structure of digital filters, and filter design. PREREQ: EE 350.

EE 456 PATTERN RECOGNITION (3-0-3)(S)(Alternate years). Basic concepts of statistical and neural pattern recognition. Structure of pattern classification problems. Mathematics of statistical decision theory: multivariate probability functions, discriminant, parametric and nonparametric techniques. Bayesian and maximum likelihood estimation, feature selection, dimensionality reduction, neural network recognition and clustering. PREREQ: COMPSCI 117 or COMPSCI 125, and MATH 360 or MATH 361.

EE 457 DIGITAL IMAGE PROCESSING (3-0-3)(S)(Offered alternate-numbered years years). Pictures and their computer representation. Image digitization, transformation, and prediction methods. Image coding and image data compression. Digital enhancement techniques, histogram equalization, differencing, smoothing and geometric corrections. Restoration and filtering. Edge detection and picture segmentation. PREREQ: EE 350 or PERM/INST.

EE 460 CONTROL SYSTEMS (3-0-3)(F/S)(Offered on demand). Time-domain and frequency-domain analysis and design of feedback control systems. State-space design techniques, observability, controllability, pole placement, and observer design. Discrete systems and digital control. Introduction to multivariable and optimal control. PREREQ: EE 350 and EE 360.

EE 464 ROBOTICS AND AUTOMATED SYSTEMS (3-0-3)(F/S). An introduction to robotics with emphasis on automated systems applications. Topics include: basic components of robotic systems; selection of coordinate frames; homogeneous transformations; solutions to kinematic equations; velocity and force/torque manipulator dynamics; digital simulation of manipulator motion; motion planning; actuators of robots; sensors of robots; obstacle avoidance; and control design. PREREQ: EE 360.

EE 470 ELECTRIC MACHINES (3-0-3)(S). Magnetic materials and magnetic circuits. Transformers. Principles of electromechanical energy conversion, energy and coenergy concepts, forces and torques of electromagnetic origin. Introduction to rotating machines including synchronous machines and induction machines. PREREQ: EE 225 and EE 390.

EE 470L ELECTRIC MACHINES LAB (0-3-1)(S). Lab work on electric machines. COREQ: EE 470.

EE 471 ELECTRIC MOTOR DRIVES (3-0-3)(F)(Offered even-numbered years). Induction machines and drives, direct-current and permanent-magnet machines and drives, synchronous machines and drives. Control of single-phase and special machines. PREREQ: EE 360 and EE 470.

EE 471L ELECTRIC MOTOR DRIVES LAB (0-3-1)(F)(Offered even-numbered years). Lab work on electric motor drives. COREQ: EE 471.

EE 472 POWER ELECTRONICS (3-0-3)(F). Power electronic switches, diode and controlled rectifiers, AC-AC phase control, DC-DC converters, inverters, introduction to electric drives and power quality fundamentals. PREREQ: EE 225.

EE 472L POWER ELECTRONICS LAB (0-3-1)(F). Lab work on power electronic circuits and devices. COREQ: EE 472.

EE 473 POWER SYSTEM ANALYSIS (3-0-3)(S). Three-phase AC systems, generators, transformers, transmission lines, one-line diagrams, per-unit system, network calculations, power-flow studies, power-flow control and regulation. PREREQ: EE 225, EE 390.

EE 474 POWER SYSTEM CONTROL (3-0-3)(F/S)(Offered on demand). Faulted power system operation, symmetrical components, power system protection, transient stability, economic dispatch, automatic generation control, voltage and reactive power control. PREREQ: EE 473.

EE 480, 482 SENIOR DESIGN PROJECT I, II (2-3-3)(F/S). Capstone design experience integrating previous design work with design theory and methodology. Applied through group project to integrate specifications based upon customer and engineering requirements, computer modeling, simulation, and reliability analysis. Includes a series of project reports, formal presentations, and a written report. Development of skills used in the engineering profession: teamwork, effective meetings, safety, ethics, project management, and time management. PREREQ: EE 320 or EE 322, EE 350 or EE 360, and EE 332. For EE 482: PREREQ: EE 480.

Fax 208 426-4800

Coordinator: Dr. Robert Hamilton

Engineering Science courses are included as major elements in the program curricula of Civil, Electrical and Mechanical Engineering and of Construction Management. These courses are administered and taught by the Departments in the College of Engineering.

Course Offerings

See page 52 for a definition of the course-numbering system.

ENGR — ENGINEERING SCIENCE

Lower Division

ENGR 100 ENERGY FOR SOCIETY (3-2-4)(Area III)(F/S). A general interest course having no prerequisite. A basic understanding of energy and how it has been put to use is developed to promote a better understanding of our present technological society with its energy,

environmental, social, and political problems. Alternative as well as conventional energy solutions are considered.

ENGR 101 ENGINEERING FOR HUMANITY (4-0-4)(F/S)(Area III). How engineered works are designed, and the social obligations that exist between engineers and non-engineers. Includes the application of engineering science and engineering ethics. Discusses the aesthetics of engineered works, the collaborative nature of engineering, the psychology of engineering decisions, and the professionalization of engineers.

ENGR 105 ENGINEERING GRAPHICS (2-2-2)(F,S). Engineering graphical analysis and graphic transmission of information including use of microcomputer design and drafting systems. PREREQ: MATH 108 or equivalent mathematics background.

ENGR 107 COMPUTER FUNDAMENTALS AND PROGRAMMING (3-0-3)(F/S). Overview of the engineering and construction professions utilizing the computer for engineering analysis and problem-solving emphasizing programming, spreadsheets, and other computer applications. PREREQ: MATH 108 or equivalent.

ENGR 120 INTRODUCTION TO ENGINEERING (1-4-3)(F/S). The engineering profession and professional organizations, application of computer software to solving engineering problems, and introduction to the design process. Student design projects emphasize critical thinking and teamwork, and require oral and written presentations. PREREQ: MATH 147 or MATH 143 and MATH 144.

ENGR 130 PROBLEM SOLVING WITH COMPUTERS (2-0-2)(F,S). Engineering problem solving methods and techniques. Analysis of problems, iterative solutions, and documentation using spreadsheets. Flow charting, graphing, importing data, numerical mathematics, solving simultaneous equations, VBA and macro applications. PREREQ: MATH 160 or MATH 147.

ENGR 205 MECHANICS/STATICS (3-0-3)(F/S). Covers basic statics including equilibrium, analysis of trusses, frames and machines, centroids, static friction, moments of inertia. PREREQ: MATH 160 or MATH 170 or PERM/INST.

ENGR 210 ENGINEERING STATICS (3-0-3)(F/S). Force and moment equilibria applied to engineering systems including structures and machines. Two and three dimensional applications of scalars and vectors, free body diagrams, and methods and procedures of engineering analysis. PREREQ: MATH 175, PHYS 211 and ENGR 120 or CE 120.

ENGR 220 ENGINEERING DYNAMICS (3-0-3)(F/S). Kinematics and kinetics of particles and rigid bodies using concepts of force and acceleration, working and energy, and impulse and momentum. PREREQ: ENGR 210.

ENGR 223 MATERIAL AND ENERGY BALANCES (3-0-3)(F)(Alternate years). Conservation of mass and energy in chemical process systems. PREREQ: CHEM 112, MATH 175.

ENGR 240 INTRODUCTION TO ELECTRIC CIRCUITS (3-0-3)(F,S). Fundamental laws, basic network analysis, and circuit theorems. Capacitors, inductors, and operational-amplifier circuits. First- and second-order circuits. Sinusoidal steady-state analysis of AC circuits. Introduction to computer-aided circuit simulation. PREREQ: ENGR 120 or CE 120. PREREQ/COREQ: MATH 333.

ENGR 245 INTRODUCTION TO MATERIALS SCIENCE AND ENGINEERING (3-0-3)(F,S). Application of basic principles of physics and chemistry to the engineering properties of materials. Development of a fundamental understanding of structure, property, processing, and performance relationships in all classes of materials including metals, ceramics, polymers and electronic materials. PREREQ: CHEM 111 and PHYS 211.

ENGR 245L MATERIALS SCIENCE AND ENGINEERING LABORATORY (0-3-1)(F,S). Practical experience in testing and processing of engineering materials, data acquisition, data analysis, and technical communication. COREQ: ENGR 245.

Upper Division

ENGR 306 MECHANICS OF MATERIALS (3-0-3)(F/S). Elasticity, strength, and modes of failure of engineering materials, stress-strain theory for beams, shafts, and columns. PREREQ: ENGR 205 or ENGR 210.

ENGR 320 THERMODYNAMICS I (3-1-3)(F/S). Thermodynamic properties of fluids, 1-D heat transfer, compression and expansion work, system and process analysis applying the first and second laws of thermodynamics, basic heat engine and heat pump theory, and cycles. PREREQ: CHEM 111, MATH 175, and PHYS 211.

ENGR 330 FLUID MECHANICS (3-0-3)(F/S). Physical properties of fluids, fluid mechanics, measurements, viscous flow, turbulent flow, momentum, lift, drag, boundary layer effects, pipe flow, and open channel flow. PREREQ: ENGR 210, MATH 333, and either MATH 275 or MATH 272.

ENGR 331 FLUID MECHANICS LAB (0-3-1)(F/S). Fluid mechanics experiments, measurements, data acquisition, and data analysis. Viscosity, fluid statistics, hydraulics, computational fluid dynamics, pipe flow, turbulence, drag, and lift. COREQ: ENGR 330.

ENGR 350 ENGINEERING MECHANICS OF MATERIALS (3-0-3)(F/S). Principles of stress, strain, and deformation applied to the analysis of engineering structures including beams, shafts, and columns. PREREQ: ENGR 210.

ENGR 360 ENGINEERING ECONOMY (3-0-3)(F/S). Economic analysis and comparison of engineering alternatives by annual-cost, present-worth, capitalized cost, and rate-of-return methods; income tax considerations. PREREQ: Junior standing.

ENGR 440 ELECTRICAL, OPTICAL, AND MAGNETIC PROPERTIES OF MATERIALS (3-0-3)(F/S). Introduction to the physical principles underlying the electric, optical and magnetic properties of modern solids. Crystalline and energy band structure of materials, thermal properties and electrical conduction in semiconductors and metals, optical and magnetic properties of solids are covered. PREREQ: ENGR 245.

ENGR 441 SEMICONDUCTOR MATERIALS (3-0-3)(F/S). Examination of the physical properties of semiconductors including electronic structure, free carrier statistics, optical properties, crystallography, and defects. Study of thermodynamic properties as related to lattice vibrations and diffusion. PREREQ: ENGR 245

ENGR 442 BONDING AND STRUCTURE OF MATERIALS (3-0-3)(F/S). Bonding, atomic arrangements, and crystal structures of metals, ceramics, electronic materials and polymers; physical properties of solids; defects in solids; relationship between processing, microstructure and properties of materials. PREREQ: ENGR 245.

ENGR 444 MECHANICAL PROPERTIES OF MATERIALS (3-0-3)(F/S). Study of deformation and fracture in engineering materials, including elastic and plastic deformations; dislocation theory; alloy hardening and creep deformation; fracture mechanisms; linear elastic and nonlinear elastic fracture mechanics; toughening of metals, ceramics, and composites; environmentally assisted failure. PREREQ: ENGR 245.

ENGR 445 SOLID STATE THERMODYNAMICS AND KINETICS (4-0-4)(F/S). The laws of thermodynamics, fundamental equation for multicomponent elastic solids and electromagnetic media, equilibrium criteria. Application to solution thermodynamics, point defects in solids, phase diagrams. Phase transitions, Landau rule, symmetry rules. Interfaces, nucleation theory, elastic effects. Kinetics: diffusion of heat, mass and charge; couples flows. PREREQ: CHEM 332 or ENGR 320 or PHYS 432.

ENGR 449 ADVANCED TOPICS IN MATERIALS SCIENCE AND ENGINEERING (3-0-3)(F/S)(Offered on demand). Selected advanced topics from current research in Materials Science and Engineering such as defects in solids, physics of thin films, nanomaterials, optoelectronics, computational materials science, corrosion, reliability physics. May be repeated for a maximum of 9 credits. PREREQ: ENGR 245.

Department of English

Chair and Associate Professor: Bruce Ballenger. *Director of Graduate Studies in English and Professor:* Carol Martin. *Director of Technical Communication and Professor:* Mike Markel. *Director of Writing Program and Associate Professor:* Michelle Payne. *Assistant Director of Writing Program and Associate Professor:* Devan Cook. *Director of Creative Writing and Assistant Professor:* Janet Holmes. *Professors:* Dayley, Lojek, Maguire, Trusky, Widmayer, Zaerr. *Associate Professors:* Battalio, Robbins, Ryder, R. Sanderson, R. K. Sanderson, Uehling, Wieland, Wilhelm. *Assistant Professors:* Blackwell, Campbell, Corless-Smith, Evett, Mattison, McGuire, Munger, Newman, O'Connor, Olsen-Smith, Peele, Penry, Shuck, Simon.

Degrees Offered

- B.A. in English, Linguistics Emphasis
- B.A. and Minor in English, Literature Emphasis
- B.A. in English Teaching
- B.A. in English, Technical Communication Emphasis
- B.A. in English, Writing Emphasis
- M.A. in English (See the *BSU Graduate Catalog*.)
- M.A. in Technical Communication (See the *BSU Graduate Catalog*.)
- M.F.A. in Creative Writing (See the *BSU Graduate Catalog*.)
- Certificate and Graduate Certificate in Technical Communication

Department Statement

The major in English provides excellent preparation for many professional degrees and for a variety of careers demanding strong critical thinking and communication skills. The major also prepares students for traditional English graduate degrees in literature, rhetoric and composition, creative writing, linguistics, technical communication, and English teacher education.

To serve students' personal and professional goals, the department has designed several options that prepare students for lifelong learning; for graduate work in literature, language, and writing, as well as in the professions and business; and for careers in government, business, and industry. The Linguistics Emphasis provides the opportunity for close study of how language works and of the connections between linguistics and such related fields as anthropology, sociology, and psychology; the linguistics emphasis also leads to graduate study and careers in linguistics and teaching English as a second language. The Literature Emphasis allows students to explore a wide range of authors, genres, and periods in English and American literature, as well as English-language literature produced in post-colonial and ethnic minority cultures. The English Teaching Emphasis fulfills Idaho certification requirements and prepares students to teach in school districts around the

Chapter 12 — Academic Programs and Courses Department of English

country. The Writing Emphasis, with components in poetry, fiction, non-fiction prose, and courses in book arts, give students an opportunity to write, design, edit, and publish their own work; it prepares students for work in the fiction, nonfiction, and poetry markets, and for work in the many professions that require strong writing skills. In the Technical Communication Emphasis students learn to produce a wide variety of print and online documents for users in the computer industry, in the health sciences, and in many other fields.

Degree Requirements

English, Linguistics Emphasis Bachelor of Arts	
Course Number and Title	Credits
ENGL 101 English Composition and either ENGL 102 or ENGL 112 English/Honors Composition	6
Area I — see page 39 for list of approved courses	
Area I core course in literature	3
Area I core course in a second field	3
Area I core course in a third field	3
Area I core course in any field	3
Area II — see page 40 for list of approved courses	
ANTH 102 Cultural Anthropology	3
Area II core course in history	3
Area II core course in a third field	3
Area II core course in any field	3
Area III — see page 40 for list of approved courses	
Area III core course in mathematics	3-5
Area III core course in a second field	4
Area III core course in any field	4
ENGL 275 Intro to Literary Studies	3
ENGL 498 Senior Seminar	3
LING 305 Introduction to Language Studies	3
Linguistics courses in addition to LING 305	18
Upper-division literature courses	3
Upper-division electives (subject to prior approval by the Department of English) that are relevant to area of interest, to be chosen from English, linguistics, foreign language (classical or modern), philosophy, psychology, history, communication and anthropology.	6
One year of a foreign language (COMM 122 and COMM 322 may be used to satisfy this requirement)	6-8
A second year of foreign language or one year of a second foreign language	6-8
Upper-division electives to total 40 credits	7
Electives to total 128 credits	26-32
Total	128
All courses used toward the English degree must be passed with a grade of "C" or higher.	

English, Literature Emphasis Bachelor of Arts	
Course Number and Title	Credits
ENGL 101 English Composition and either ENGL 102 or ENGL 112 English/Honors Composition	6
Area I — see page 39 for list of approved courses	
ENGL 267 Survey of British Literature	3
Area I core course in a second field	3
Area I core course in a third field	3
Area I core course in any field	3
Area II — see page 40 for list of approved courses	
Area II core course in history	3
Area II core course in a second field	3
Area II core course in a third field	3
Area II core course in any field	3

— continued —

English, Literature Emphasis (continued)	
Area III — see page 40 for list of approved courses	
Area III core course in mathematics	3-5
Area III core course in a second field	4
Area III core course in any field	4
ENGL 275 Intro to Literary Studies	3
ENGL 268 Survey of British Literature	3
ENGL 393 History of Literary Criticism	3
ENGL 498 Senior Seminar	3
Completion of an additional 27 credits in English or linguistics, excluding ENGL 101-102, or ENGL 112	27
a. Of these credits, 24 must be upper division	
b. Of the upper-division credits, 12 must be in pre-Twentieth century literature	
No more than 9 credits may be in English or linguistics special topics courses.	
LING 305 Introduction to Linguistics	3
Upper-division electives to total 40 credits	7
Electives to total 128 credits	36-38
Total	128
NOTE: Students considering graduate work in English are advised to reach a level of competency in a foreign language equivalent to two years of college-level work. All courses used toward the English degree must be passed with a grade of "C" or higher.	

The English Teaching program combines content knowledge, theories of learning and human development, study of curriculum, and methodology, to help students develop the knowledge, skills and dispositions essential for success in secondary school teaching. The program is grounded in the conceptual framework of reflective practitioner. Reflective practitioners adjust their teaching approaches and learning environment to the needs and backgrounds of their students. Candidates who complete this program have demonstrated evidence of meeting the Idaho Beginning Teacher Standards and are eligible for recommendation for state certification.

Students wishing to pursue this degree must meet the requirements and standards for admission to teacher education, which are described fully under the Department of Curriculum, Instruction, and Foundational Studies or at <http://education.boisestate.edu>. Students must meet all knowledge, skill, and disposition requirements to remain in the program.

English Teaching Bachelor of Arts	
Course Number and Title	Credits
ENGL 101 English Composition and either ENGL 102 or ENGL 112 English/Honors Composition	6
Area I — see page 39 for list of approved courses	
ENGL 267, 268, 277, or 278	6
Area I core course in a second field	3
Area I core course in a third field	3
Area II — see page 40 for list of approved courses	
COMM 101/112 Communication course	3
ED-CIFS 201 Foundations of Education	3
Area II core course in history	3
Area II core course in any field	3
Area III — see page 40 for list of approved courses	
Area III core course in mathematics	3-5
Area III core course in a second field	4
Area III core course in any field	4
To be approved for student teaching in English, students must complete:	
a. all required courses. In some cases the department may approve enrollment in no more than two courses concurrent with student teaching.	
b. at least one American literature and one British literature course.	
c. a speech communication class. The department recommends COMM 101 or COMM 112 which will also give partial fulfillment of Area II core.	

— continued —

English Teaching (continued)

d. a 2.50 cumulative grade point average and a 2.50 grade point average in the major.	
e. Idaho certification requirements.	
ED-CIFS 201 Foundations of Education	3
*ED-CIFS 301 Teaching Experience I	1
*ED-CIFS 302 Learning and Instruction	4
*ED-CIFS 401 Professional Year - Teaching Experience II	2
*ED-LTCY 444 Content Literacy for Secondary Students	3
*ED-SPED 350 Teaching Students with Exceptional Needs at the Secondary Level	3
*Teaching Experience III/IV	16
NOTE: *You must apply for admission to secondary teacher education in order to enroll in these upper-division education courses. Completion of all requirements for graduation with a secondary education option may require more than 128 credit hours. See "Department of Curriculum, Instruction, and Foundational Studies" for more information.	
EDTECH 202 Educational Technology – Classroom Applications	3
ENGL 275 Intro to Literary Studies	3
ENGL 301 Teaching English Composition	3
ENGL 381 English Teaching: Writing, Reading, and Language	3
ENGL 481 Literature for Use in Junior and Senior High School	3
Writing courses 200-level or higher	6
LING 305 Introduction to Language Studies	3
Linguistics course	3
English and linguistics course credits (of these 18, 15 must be upper division and no more than 3 credits may be internship)	18
Electives to total 128 credits	11-13
Total	128
All courses used toward the English degree must be passed with a grade of "C" or higher.	

**English, Technical Communication Emphasis
Bachelor of Arts**

Course Number and Title	Credits
ENGL 101 English Composition and either ENGL 102 or ENGL 112 English/Honors Composition	6
Area I — see page 39 for list of approved courses	
Area I core course in literature	3
Area I core course in a second field	3
Area I core course in a third field	3
Area I core course in any field	3
Area II — see page 40 for list of approved courses

Area III core course in a second field	4
Area III core course in any field	4
ENGL 201 Nonfiction Writing	3
ENGL 202 Technical Communication OR ENGL 302 Technical Rhetoric (Students take ENGL 302 if they plan to go on to ENGL 402 Advanced Technical Communication.)	3
ENGL 205, 206 Creative Writing	3
ENGL 275 Intro to Literary Studies	3
ENGL 493 Writing Internship	3
ENGL 498 Senior Seminar	3
LING 305 Introduction to Language Studies	3
Additional writing courses 200-level or above (9 upper-division credits) May include courses in rhetoric, tutoring and teaching writing, and technical communication. May also include feature writing, critical writing, playwriting, and other writing courses offered outside the Department of English if writing is clearly the central subject of the course (prior approval of the Department of English is required). Does not include writing-intensive courses.	12
Upper-division literature courses	9
Additional upper-division English or linguistics courses	6
Upper-division electives to total 40 credits	7
Electives to total 128 credits	30-32
Total	128
All courses used toward the English degree must be passed with a grade of "C" or higher.	

English Minor

Course Number and Title	Credits
ENGL 267 or 268 Survey of British Literature	3
ENGL 275 Introduction to Literary Studies	3
ENGL 277 or 278 Survey of American Literature	3
Linguistics course	3
Upper-division English and/or linguistics courses	6
Writing course numbered 200 or higher	3
Total	21
All courses used toward the English degree must be passed with a grade of "C" or higher.	

English Minor Certification Endorsement

Course Number and Title	Credits
ENGL 267 or 268 Survey of British Literature	3
ENGL 275 Introduction to Literary Studies	3
ENGL 277 or 278 Survey of American Literature	3
ENGL 301 or 381 methods course	3
LING 305 Introduction to Language Studies	3
Upper-division literature course	3
Writing courses numbered 200 or higher	6
Total	24

All courses used toward the English Minor Certification Endorsement must be passed with a grade of "C" or higher.

Combined Major, Communication and English

The combined major is designed for students interested in jobs in business, industry, or mass communication. It offers an opportunity to combine courses in complementary subject areas. Students select an emphasis in journalism or in communication under the combined major. See the Department of Communication listing in this catalog for specific requirements.

Technical Communication

The Certificate in Technical Communication and the Advanced Certificate in Technical Communication are intended to enhance the education of students who are seeking a baccalaureate degree or who already have a baccalaureate degree. Each certificate consists of five courses: three required courses in technical communication, as well as two related, approved electives. Students who wish to substitute an alternative course for one of the two listed electives may petition the Director of Technical Communication.

The Certificate in Technical Communication is intended for undergraduate students or post-baccalaureate students who wish to improve their skills as communicators. The Advanced Certificate in Technical Communication is intended for advanced undergraduate and graduate students.

Certificate in Technical Communication

Total	14-15

English Proficiency Requirement

Because the ability to read, write, and think critically are characteristics of an educated person, Boise State University requires students to demonstrate proficiency in English. All students seeking a baccalaureate degree — and, with few exceptions, those seeking an associate degree — must either complete a certain number of credits in English composition or demonstrate English proficiency in one of the ways described in Chapter 10, "Obtaining a Degree at Boise State University."

Course Offerings

While the courses listed below are generally offered in the scheduling patterns indicated, factors such as staffing or demand result in some courses being offered at irregular intervals.

See page 52 for a definition of the course-numbering system.

ENGL — ENGLISH

Lower Division

ENGL 90 DEVELOPMENTAL WRITING (3-0-0). Introduction to college writing with attention to fluency, development, organization, revision, and editing/proofreading. Required if writing sample or placement tests demonstrate need. Also for basic review.

ENGL 101 ENGLISH COMPOSITION (3-0-3)(Core). Introduction to critical reading and to writing processes, including invention, revision, and editing. Emphasis on writing thoughtful explorations of readings, observations, ideas, and experiences; developing the author's voice and inventiveness; editing for style and conventions of standard usage. PREREQ: Any one of the following: (1) ACT score of 18-24; (2) SAT score of 450-560; (3) COMPASS exam score of 68-94; (4) P (Pass) in ENGL 90; (5) P (Pass) in ENGL 123.

ENGL 102 ENGLISH COMPOSITION (3-0-3)(Core). An inquiry-based course that continues work with critical reading and writing processes and provides experiences with methods and genres of researched writing. Students will initiate research projects, gather information from a range of sources, and demonstrate they can write about that information purposefully, using appropriate documentation. PREREQ: Any one of the following: (1) Grade of C or above in ENGL 101 (2) ACT score of 25-30; (3) SAT score of 570-690; (4) COMPASS exam score of 95-99.

ENGL 112 HONORS COMPOSITION (3-0-3)(Core). Provides students with practice in writing as an act of inquiry. Students will develop writing projects that influence or explore some aspect of community, investigating its languages and conventions, and sharing their findings or discoveries. Emphasizes critical reading, research methodologies, rhetorical principles, persuasion, genre, and advanced writing techniques. PREREQ: Admission to the Honors College and SAT or ACT score of 80th percentile or above; or permission of Chair.

ENGL 121 ENGLISH AS A SECOND LANGUAGE (5-0-3)(F/S). Special emphasis on vocabulary development, reading, and development of skills in written English. Graded Pass/Fail. PREREQ: Placement exam and recommendation from Foreign Student Admissions.

ENGL 122 COMPOSITION AND READING FOR FOREIGN STUDENTS (5-0-3)(F/S). Practice in reading and composition, development of special vocabulary skills related to individual needs, and advanced English sentence structure. Graded Pass/Fail. PREREQ: Placement exam and recommendation from Foreign Student Admissions or grade of Pass in ENGL 121.

ENGL 123 ADVANCED ENGLISH COMPOSITION FOR FOREIGN STUDENTS (5-0-3)(F/S). Study of and practice in the principles of formal and informal written English, principles of the essay and research paper, continuation of vocabulary development, and mastery of the more complex types of English structure. Successful completion of the competency exam required. Graded Pass/Fail. Successful completion of ENGL 123 qualifies the student for entrance into ENGL 101. PREREQ: Placement exam and recommendation from Foreign Student Admissions or grade of Pass in ENGL 122.

ENGL 201 NONFICTION WRITING (3-0-3)(F,S). Further development of skills and strategies learned in ENGL 102. Student will study and write nonfiction prose, particularly research and persuasive writing. Writing practice will stress the writer's awareness of his or her own style and the manipulation of stylistic elements. PREREQ: ENGL 102.

ENGL 202 TECHNICAL COMMUNICATION (3-0-3)(F/S). An overview of the principles and applications of technical communication for those students who expect to write on the job. Assignments are related to each student's background and field of interest. Topics include letters, instructions, reports, and technical presentations, as well as audience analysis, the writing process, graphics, document design, and the ethics of technical communication. PREREQ: ENGL 102 or PERM/INST.

ENGL 205 POETRY WRITING (3-0-3)(F). Based on evaluation of student's original work. May be repeated for a total of nine credit hours.

ENGL 206 FICTION WRITING (3-0-3)(S). Introduction to fiction writing with a concentration on descriptive technique. Readings in the short story. May be repeated for a total of nine credit hours.

ENGL 211 THE BIBLE AS LITERATURE (3-0-3)(S). Examines selected historical, biographical, poetic, dramatic teaching, and letter-writing portions of Hebrew-Christian testaments. Emphasis on literary aspects with discussions of notable concepts in major writings. PREREQ: ENGL 102.

ENGL 213 AFRICAN-AMERICAN LITERATURE (3-0-3)(S). The African-American experience reflected in the development of African-American literature. The course relates African-American writing to its social and cultural conditions, exploring recurrent, characteristic themes, techniques, and genres from slavery to present. Emphasis on such writers as Frederick Douglass, Langston Hughes, Richard Wright, Zora Neale Hurston, Alice Walker, and contemporaries. PREREQ: ENGL 102.

ENGL 216 CULTURAL EXCHANGE IN TRANSNATIONAL LITERATURES (3-0-3)(F/S) Area I. Multiethnic and global literatures with an emphasis on cross-cultural exchange. Addresses relationships between literature and the formation of national and ethnic identities, with special emphasis on the anthropological, historical and political contexts that contribute to the production of transnational literatures. PREREQ: ENGL 102.

ENGL 217 MYTHOLOGY (3-0-3)(F). Mythologies and mythological concepts having most influence on Western civilization. Emphasis on Greek, Norse, and Judeo-Christian mythologies and their relation to religion, literature, art, and modern psychology. PREREQ: ENGL 102.

ENGL 257 WESTERN WORLD LITERATURE (3-0-3)(F) (Area I). Introduction to writings of the great minds in the Western tradition which have shaped our cultural and literary past and present. Reading includes selections from ancient Greece, Imperial Rome, and medieval and renaissance Europe. PREREQ: ENGL 102.

ENGL 258 WESTERN WORLD LITERATURE (3-0-3)(S) (Area I). An introduction to the Western literary tradition as it has developed during the last four centuries. Attention will be paid to the way in which the older values and attitudes are challenged by the new spirit of skepticism and rebellion. PREREQ: ENGL 102.

ENGL 267 SURVEY OF BRITISH LITERATURE TO 1790 (3-0-3)(F) (Area I). Examines the dominant cultural movements and literary forms in England from the middle ages through the 18th century. PREREQ: ENGL 102.

ENGL 268 SURVEY OF BRITISH LITERATURE: 1790 TO PRESENT (3-0-3)(S) (Area I). The reflection of social and cultural changes in the poetry and prose of Romantic, Victorian, and modern England. PREREQ: ENGL 102.

ENGL 275 INTRODUCTION TO LITERARY STUDIES (3-0-3)(F/S). Preparation for upper-division literature courses. Emphasizes literary critical thinking and writing. Introduces principal types of literature, central questions in literary studies, ways of conducting literary research, and writing literary papers. PREREQ: ENGL 102 or PERM/INST.

ENGL 277 SURVEY OF AMERICAN LITERATURE: BEGINNINGS TO CIVIL WAR (3-0-3)(F/S) (Area I). This course traces the artistic, philosophic, social, scientific, and intellectual influences on American writers and the emergence of an independent American outlook, as seen in the literary works of such authors as Bradstreet, Thoreau, Hawthorne, Melville, Emerson, Whitman, and Stowe. PREREQ: ENGL 102.

ENGL 278 SURVEY OF AMERICAN LITERATURE: CIVIL WAR TO PRESENT (3-0-3)(F/S) (Area I). This course traces the continued development of American literary thought as revealed in the works of such authors as Dickinson, Twain, James, Wharton, Cather, Hemingway, Eliot, Faulkner, and Morrison. PREREQ: ENGL 102.

Upper Division

ENGL 301 TEACHING ENGLISH COMPOSITION (3-0-3)(F,S). Theories and techniques for teaching English composition in secondary schools, with emphasis on individualization of instruction, student-centered activity, creativity, and relationships between composition and other aspects of English. Intended for students with a teaching option and a major or minor in English, and for teachers. PREREQ: Upper-division standing or PERM/INST. COREQ: ENGL 481.

ENGL 302 TECHNICAL RHETORIC (3-0-3)(F/S). An introduction to the rhetoric of technical communication for technical communication emphasis students and others who are considering a career in the field. Topics include information design, technical communication ethics, instructional writing, and strategies of visual and verbal rhetoric. PREREQ: ENGL 102 and Technical Communication Emphasis, or PERM/INST.

ENGL 303 THEORY AND PRACTICE OF TUTORING WRITING (3-0-3)(F/S). Preparation for tutoring for the Boise State Writing Center. Emphasis on writing processes, interpersonal dynamics, questioning techniques, evaluation of writing-in-progress, and rhetorical theory as it pertains to tutoring. Includes four hours per week of observation and supervised tutoring in the Writing Center. PREREQ: ENGL 102 and PERM/INST.

ENGL 309 INTRODUCTION TO BOOK ARTS (3-0-3)(F/S). The course introduces students to the study of basic history of books, including papermaking, typography, printing, binding, book decoration, and contemporary bookworks. Students produce a classroom edition of their own text and/or visual material.

ENGL 336 NINETEENTH-CENTURY CONTINENTAL LITERATURE (3-0-3)(S) (Alternate years). Major European writers in the 19th century in translation. Reading maintains a chronological approach stressing the relationship of the literature to the socioeconomic and political conditions of the times. Works of Goethe, Stendahl, Flaubert, Nietzsche, Schopenhauer, Dostoevsky, and Tolstoy are included. PREREQ: ENGL 275 or PERM/INST.

ENGL 338 TWENTIETH-CENTURY CONTINENTAL LITERATURE (3-0-3)(S) (Alternate years). Twentieth-century philosophical trends and cultural themes are emphasized in the reading. Includes works by Mann, Mauriac, Kafka, Hesse, Grass, and Solzhenitzyn, which examine mythological, existential, religious, and political themes in relation to contemporary human values. PREREQ: ENGL 275 or PERM/INST.

ENGL 340 CHAUCER (3-0-3)(F) (Alternate years). Emphasis on *The Canterbury Tales* and *Troilus and Criseyde*. Also representative minor works. PREREQ: ENGL 275 or PERM/INST.

ENGL 341 MEDIEVAL NARRATIVE (3-0-3)(F/S) (Alternate years). Representative English and continental narrative literature, including such works as *Beowulf*, *Sir Gawain and the Green Knight*, Arthurian romances by Chretien de Troyes and Marie de France, *The Song of Roland*, and Dante's *Divine Comedy*. PREREQ: ENGL 275 or PERM/INST.

ENGL 342 MEDIEVAL DRAMA (3-0-3)(F/S) (Alternate years). An investigation of the development of theater in Europe from the early Middle Ages through the early Renaissance. Readings will provide a survey of representative works, but the focus will be on the English Corpus Christi plays. Production of one of these plays will be a part of the course. PREREQ: ENGL 275 or PERM/INST.

ENGL 343 MEDIEVAL ARTHURIAN LITERATURE (3-0-3)(F/S) (Alternate years). The origins of the Arthurian legend. Beginning with the earliest references to King Arthur, the material traces the development of the tales through Geoffrey of Monmouth, Chretien de Troyes, the Welsh *Mabinogion*, miscellaneous isolated tales, and Thomas Malory's *Le Morte D'Arthur*. PREREQ: ENGL 275 or PERM/INST.

ENGL 345 SHAKESPEARE: TRAGEDIES AND HISTORIES (3-0-3)(F/S). A selection of the tragic plays including *Romeo and Juliet*, *Hamlet*, and *King Lear* and the best plays concerning English history. PREREQ: ENGL 275 or PERM/INST.

ENGL 346 SHAKESPEARE: COMEDIES AND ROMANCES (3-0-3)(F/S). Representative plays such as *The Taming of the Shrew*, *A Midsummer Night's Dream*, *As You Like It*, *Twelfth Night*, and *The Tempest*. PREREQ: ENGL 275 or PERM/INST.

ENGL 348 BRITISH RENAISSANCE POETRY AND PROSE (3-0-3)(F/S) (Alternate years). A study of the poetry and prose of the English Renaissance, including works by More, Marlowe, Spenser, Shakespeare, and Bacon. PREREQ: ENGL 275 or PERM/INST.

ENGL 349 ELIZABETHAN AND JACOBEAN DRAMA (3-0-3)(F/S) (Alternate years). Tragic and comic plays by Shakespeare's contemporaries such as *Kyd*, Marlowe, Jonson, Tourneur, Chapman, Middleton, Marston, Webster, and Ford. PREREQ: ENGL 275 or PERM/INST.

ENGL 350 SEVENTEENTH CENTURY POETRY AND PROSE (3-0-3)(S) (Alternate years). The works of English authors such as Francis Bacon, Ben Jonson, John Donne, George Herbert, Andrew Marvell, Robert Burton, and Thomas Browne, who flourished in the first 60 years of the 17th century. The social, philosophical, and scientific background of this period. PREREQ: ENGL 275 or PERM/INST.

ENGL 351 MILTON (3-0-3)(S) (Alternate years). A study of John Milton's major poetry and prose, with special emphasis on *Paradise Lost*, *Paradise Regained*, and *Samson Agonistes*. PREREQ: ENGL 275 or PERM/INST.

ENGL 356 BRITISH DRAMA: THE RESTORATION TO THE DECADENT MOVEMENT (3-0-3)(F/S) (Alternate years). A study of Restoration tragedy, the comedy of manners, sentimental comedy, and comic opera. Playwrights read include Wycherley, Dryden, Etherege, Congreve, Gay, Sheridan, Goldsmith, Gilbert and Sullivan, and Wilde. PREREQ: ENGL 275 or PERM/CHAIR.

ENGL 358 RESTORATION AND EIGHTEENTH CENTURY POETRY AND PROSE (3-0-3)(F/S) (Alternate years). A study of literary currents in the British Enlightenment from satiric to sentimental, reasonable to fanciful. Emphasis: Dryden, Pope, Swift, and Johnson, plus works by Addison and Steele, Thomson, Boswell, Gray, Gibbon, Burke, and others. PREREQ: ENGL 275 or PERM/INST.

ENGL 359 BRITISH NOVEL: BEGINNINGS THROUGH AUSTEN (3-0-3)(F). An investigation of the novel tracing its roots and exploring the work of Defoe, Richardson, Fielding, Smollett, Sterne, Austen, and others. The emergence of the most popular genre of literature helps us to understand how fiction reflects our assumption about the world around us. PREREQ: ENGL 275 or PERM/INST.

ENGL 360 BRITISH ROMANTIC POETRY AND PROSE (3-0-3)(F). Readings in Blake, Wordsworth, Coleridge, Byron, Shelley, Keats, and others. These Romantics provide freshly imagined patterns of emotional and intellectual response to nature and our place in it. PREREQ: ENGL 275 or PERM/INST.

ENGL 365 VICTORIAN POETRY (3-0-3)(S) (Alternate years). Readings in Tennyson, Browning, Arnold, and others. Their poems are the sometimes sane, sometimes shocking results of trying to find and keep artistic and moral hope amidst vital but unhealthy times. PREREQ: ENGL 275 or PERM/INST.

ENGL 366 VICTORIAN NON-FICTION PROSE (3-0-3)(F/S) (Alternate Years). Examines non-fiction prose writings from newspapers, journals, and books, on such issues as the rights of women and working classes, labor and factory legislation, health and sanitation, education, the arts, travel, politics, and empire. Includes authors such as Thomas Carlyle, Frances Power Cobbe, George Eliot, Harriet Martineau, John Stuart Mill, John Henry Newman, John Ruskin, Edith Simcox. PREREQ: ENGL 275 or PERM/INST.

ENGL 369 BRITISH NOVEL: SCOTT THROUGH HARDY (3-0-3)(S). An investigation of the development of the English novel during the nineteenth century with particular attention to the impact of Victorian thought on the genre and to the emergence of the modern novel. Includes Scott, Dickens, Gaskell, Thackeray, the Brontes, Trollope, Eliot, and Hardy. PREREQ: ENGL 275 or PERM/INST.

ENGL 375 EARLY AMERICAN LITERATURE (3-0-3)(F/S). American literary origins from the period of Discovery to the Early National period, addressing European exploration and colonization of the New World, the American Revolution, and the New Republic. May include such writers as Alvar Nuñez Cabeza de Vaca, Captain John Smith, Anne Bradstreet, Benjamin Franklin, Thomas Jefferson, Hannah Foster, and Washington Irving. PREREQ: ENGL 275 or PERM/INST.

Chapter 12 — Academic Programs and Courses

Department of English

ENGL 376 NINETEENTH-CENTURY AMERICAN NONFICTION (3-0-3)(F/S). Studies some of our nation's most central texts selected from the expression prompted by slavery, the Civil War, westward expansion, and rapid social and intellectual changes. Includes writers such as John Burroughs, George Catlin, Mary Boykin Chesnut, Frederick Douglass, Charlotte Perkins Gilman, Ulysses S. Grant, and Harriet Jacobs. PREREQ: ENGL 275 or PERM/INST.

ENGL 377 AMERICAN RENAISSANCE (3-0-3)(F/S). A study in the second generation of the American literary experience when such leading writers as Hawthorne, Melville, Emerson, Thoreau, Poe, and Whitman, acting under the varied impulses of Puritanism, Romanticism, and idealism, created the first universal vision of human experience to appear in American literature. PREREQ: ENGL 275 or PERM/INST.

ENGL 378 AMERICAN REALISM (3-0-3)(F/S). American literature from the Civil War to World War I. Mark Twain, Stephen Crane, Henry James, W. D. Howells, Kate Chopin, and fellow Realists wrote about the average person in the light of common day. Their works show how American writers were increasingly influenced by science, business, and art. PREREQ: ENGL 275 or PERM/INST.

ENGL 381 ENGLISH TEACHING: WRITING, READING, AND LANGUAGE (3-0-3)(F/S). Theories and methods of teaching secondary school English language arts, instructional planning, and integration of composition, literature, and language. PREREQ: ENGL 275. COREQ: ED-CIFS 401 and ED-LTCY 444.

ENGL 384 LITERATURE OF THE AMERICAN WEST (3-0-3)(F/S). The literary merits of works by representative Western writers such as Wallace Stegner, Owen Wister, H.L. Davis, John Steinbeck, and Willa Cather. Also discussed are regional values and Western types such as the mountain man, the cowboy, and the pioneer. PREREQ: ENGL 275 or PERM/INST.

ENGL 386 TWENTIETH-CENTURY BRITISH FICTION (3-0-3)(F/S). This course studies the varied literary movements in British fiction against the background of British historical and cultural change in the 20th century. Representative writers will include such names as Joseph Conrad, Ford Madox Ford, E. M. Forster, Virginia Woolf, James Joyce, D. H. Lawrence, Joyce Cary, Doris Lessing, William Golding, Fay Weldon, Wole Soyinka, Peter Carey, Martin Amis, Jeanette Winterson, Anita Brookner, and Margaret Forster. PREREQ: ENGL 275 or PERM/INST.

ENGL 387 TWENTIETH-CENTURY AMERICAN FICTION (3-0-3)(F/S). A comprehensive investigation of the form and modes of modern American thought and literary directions through a study of representative fiction of the 20th century. Readings will be selected from such American writers as Willa Cather, F. Scott Fitzgerald, Richard Wright, William Faulkner, Ernest Hemingway, Flannery O'Connor, Saul Bellow, Ishmael Reed, Leslie Marmon Silko, and Paul Auster. PREREQ: ENGL 275 or PERM/INST.

ENGL 389 TWENTIETH-CENTURY DRAMA WRITTEN IN ENGLISH (3-0-3)(F/S). A study of plays, theory, and dramatic practice as they developed in the twentieth century, including such playwrights as G. B. Shaw, J. M. Synge, Sean O'Casey, Arthur Miller, Eugene O'Neill, Samuel Beckett, Lorraine Hansberry, Tom Stoppard, Peter Shaffer, Caryl Churchill, Athol Fugard, August Wilson, and Wole Soyinka. PREREQ: ENGL 275 or PERM/INST.

ENGL 390 FOLKLORE (3-0-3)(F/S). Study of what folklore is, its written and oral traditions, and its different genres. PREREQ: ENGL 102.

ENGL 391 NORTH AMERICAN INDIAN FOLKLORE AND LITERATURE (3-0-3)(F/S). An examination of traditional Native American world views and belief systems as reflected in oral narratives and written literature. Study topics include aspects of cosmology, religious life, seasonal round, and life cycle as presented in the oral redactions of specific tribal/culture areas and in the literary poetry and prose of major creative writers. PREREQ: ENGL 275 or PERM/INST.

ENGL 393 HISTORY OF LITERARY CRITICISM (3-0-3)(F). A survey of critical approaches to literature from Plato to the twentieth century. PREREQ: ENGL 275 or PERM/INST.

ENGL 401-401G ADVANCED NONFICTION WRITING (3-0-3)(F/S). Advanced practice in nonfiction genres, and study of how writers read and learn from other writers. Experimentation with subjects, voice, organization, and style. Students may take the course twice, for a total of 6 credits. Students seeking graduate credit will produce a greater quantity and high quality of original work, will have a separate and more extensive reading list, and will be expected to participate more fully in class activities. PREREQ: ENGL 201.

ENGL 402 ADVANCED TECHNICAL COMMUNICATION (3-0-3)(F/S). An advanced study of technical communication for those students who are considering a career in the field. Assignments are related to each student's background and field of interest. Topics include in-depth work in technical style, technical presentations, and the common kinds of documents produced in business and industry, including proposals, progress reports, formal reports, and Web sites. PREREQ: ENGL 302 or PERM/INST.

ENGL 403 TECHNICAL EDITING (3-0-3)(F). An introduction to the role of the technical editor in organizational settings. Topics include copyediting, comprehensive editing, proofreading, working with authors, and preparing documents for publication. PREREQ: ENGL 402 or PERM/INST.

ENGL 405-405G PRINT DOCUMENT PRODUCTION (3-0-3)(F/S). An advanced study and application of the principles of producing effective technical documents. Topics include the relationship between layout and readability, techniques for combining textual and nontextual information, and the use of desktop publishing and graphics software. Students will produce basic print documents, such as brochures, data sheets, flyers, and manuals. PREREQ: ENGL 402 or PERM/INST.

ENGL 406-406G ADVANCED POETRY WRITING (3-0-3)(S). Advanced practice in poetry writing, and the study of how poets read and learn from other poets. May be repeated for nine credit hours. Students seeking graduate credit will produce a greater quantity and higher quality of

original work, will have a separate and more extensive reading list, and will be expected to participate more fully in class activities. PREREQ: ENGL 205 or PERM/INST.

ENGL 407-407G ADVANCED FICTION WRITING (3-0-3)(F). Exploration of narrative technique, dialogue form, and the short story. Students seeking graduate credit will produce a greater quantity and higher quality of original work, will have a separate and more extensive reading list, and will be expected to participate more fully in class activities. Recommended: ENGL 206. May be repeated for nine credit hours.

ENGL 410 TWENTIETH-CENTURY AMERICAN NONFICTION (3-0-3)(F/S). American nonfiction prose from 1900 to present, including autobiography, biography, history, journalism, social and cultural criticism, science and nature writing. Typical authors include W. E. B. Dubois, H. L. Mencken, James Agee, Norman Mailer, Joan Didion, John McPhee, Annie Dillard, Tom Wolfe, Truman Capote, Leslie Marmon Silko, Maxine Hong Kingston, Loren Eiseley, and Wallace Stegner. PREREQ: ENGL 275 or PERM/INST.

ENGL 412 WOMEN WRITERS (3-0-3)(F/S)(Alternate years). Literature by English speaking women, with special attention to cultural contexts, the themes and methods used by women writers, and how women writers have created their own tradition. The course may focus on writings of a particular period. PREREQ: ENGL 275 or PERM/INST.

ENGL 413 THE NEW LITERATURES IN ENGLISH (3-0-3)(F/S). An introduction to the important authors, themes, characteristics, and developments in the newly emerging literatures written in English outside the traditions of Britain and the United States. Focus on contemporary writers from Africa, Australia, Canada, India, New Zealand, Pakistan, and West Indies, with an introduction to the cultural and socio-political background of each country. PREREQ: ENGL 275 or PERM/INST.

ENGL 415 ON-SCREEN DOCUMENT PRODUCTION (3-0-3)(F/S). An advanced study and application of the principles involved in designing, creating, and managing information on the screen. Topics include the relationship between screen layout and readability; techniques for integrating text, graphics, and multimedia; principles of writing and indexing on-screen instructional materials; and the use of online help and Web-authoring software. Students will practice effective hypertext and screen-design techniques in producing basic electronic documents, such as online help and Web sites. PREREQ: ENGL 402 or PERM/INST.

ENGL 481 LITERATURE FOR USE IN JUNIOR AND SENIOR HIGH SCHOOL (3-0-3)(F,S). A literary content course designed for prospective or experienced teachers of secondary school English. Primary emphasis is on critical reading of literature ordinarily used with adolescents in secondary schools. Secondary emphasis is on methods of critical analysis appropriate to secondary students. All genres will be discussed. Both classical and popular authors will be included. PREREQ: Either ENGL 275 and two literature courses, or PERM/INST. COREQ: ENGL 301.

ENGL 485 BRITISH AND AMERICAN POETRY: 1900-1945 (3-0-3)(F/S)(Offered alternately with ENGL 486). A study of the radical changes that W. B. Yeats, T. S. Eliot, Ezra Pound, William Carlos Williams, and others made in poetry's traditional aesthetic and thematic concerns, as seen in their work from the turn of the century through two world wars. PREREQ: ENGL 275 or PERM/INST.

ENGL 486 BRITISH AND AMERICAN POETRY: 1945-PRESENT (3-0-3)(F/S)(Offered alternately with ENGL 485). A study of significant poets beginning or reaching the culmination of their careers in post-World War II England and America. Concerns include the influences on their writing of earlier poets, including the Modernists, and the nature of the categories, such as those designated "Movement," "Confessional," and "Feminist," into which critics, scholars, and their peers place these poets. PREREQ: ENGL 275 or PERM/INST.

ENGL 498 SENIOR SEMINAR (3-0-3)(S). Required of all senior English majors. PREREQ: Senior standing or PERM/CHAIR.

HUM — HUMANITIES

HUM 207, 208 INTRODUCTION TO HUMANITIES (3-0-3)(F/S)(Area I). The human intellectual and creative heritage as reflected in art, literature, philosophy, and architecture. PREREQ: ENGL 102 or PERM/CHAIR.

LING — LINGUISTICS

LING 305 INTRODUCTION TO LANGUAGE STUDIES (3-0-3)(F/S). A general survey of contemporary language study as it is carried on in the fields of linguistics, anthropology, and psychology, with emphasis on meaning, sounds, words, and sentence formation in English. PREREQ: ENGL 102 or PERM/CHAIR.

LING 306 MODERN ENGLISH GRAMMAR (3-0-3)(F/S). An approach to modern English grammar based on linguistic principles. The course will cover word formation and sentence structure, including transformational, structural, and newly developing theories of grammar. PREREQ: LING 305.

LING 307 APPLIED ENGLISH LINGUISTICS (3-0-3)(F/S)(Alternate years). A survey of applied linguistics with emphasis on theories, concepts, and methods relevant to the teaching of English. Topics include word meaning, language variation, language and context, oral and written discourse, writing systems, literature analysis, dictionaries and grammars, bilingualism, and language planning and problems in teaching English as a first and second language. PREREQ: LING 305.

LING 309 HISTORY OF THE ENGLISH LANGUAGE (3-0-3)(F/S). A study of the periods in the development of English; Indo-European and Germanic backgrounds; development of writing; internal and social forces of change; dialects of English. Concentrated work with written documents in English language history. PREREQ: LING 305 or PERM/CHAIR.

LING 406 PSYCHOLINGUISTICS (3-0-3)(F/S). The study of language in relation to mind and cognition. Topics include the relationship between language, thought, and memory; language acquisition; language disorders; and the psychological processes involved in speaking, listening, reading, writing, and spelling. PREREQ: LING 305.

LING 407-407G APPLIED LINGUISTICS IN TEACHING ENGLISH AS A SECOND LANGUAGE (3-0-3)(F/S)(Alternate years). Designed to help teachers in the bilingual classroom or teachers of students of limited proficiency in speaking English to understand how to deal with the process of learning English. It will focus on identifying, defining, and remedying the specific problems that confront learners of a second language. PREREQ: LING 305.

LING 411 (ANTH 411) LANGUAGE, CULTURE AND SOCIETY (3-0-3)(S)(Cross listed ANTH 411)(Alternate years). The course provides an introduction to the nature of the relationships among language, culture, and society. Major topics explored are: language and thought; conversational theory; the ethnography of communication; language change; language variation; speech communities; pidgins and creoles; diglossia, code switching, and mixing; solidarity and politeness. Several languages are examined in specific social and cultural contexts. LING 305 or a foreign language recommended. This course may be taken for LING or ANTH credit, but not both.

Degrees Offered

- B.A. and Minor in Environmental Studies

Department Statement

The Bachelor of Arts degree in Environmental Studies is an interdisciplinary liberal arts degree with a basic background in mathematics, science, social sciences, and environmental policy. The degree differs from science and engineering degrees because of its focus on communication, critical thinking, and problem solving. The environmental studies program provides an excellent preparation for law school, for graduate school in public policy, the social sciences, the humanities, and for jobs with environmental organizations, governmental agencies, and industry. Students wishing more depth in environmental science or engineering should (1) consider a B.S. in Biology, Chemistry, Environmental Health, Geology, or Geophysics, either alone or in combination with a B.A. in Environmental Studies as a double major, or (2) consider combining a B.A. in Environmental Studies with a minor in Biology, Chemistry, Civil Engineering, or Geographic Information Systems. Further information is available at the Coordinator's office.

Environmental Studies Bachelor of Arts

Course Number and Title	Credits
ENGL 101-102 English Composition	6
Area I - see page 39 for list of approved courses	
Area I core course in literature	3
Area I core course in a second field	3
Area I core course in a third field	3
Area I core course in any field	3
Area II	
Area II core course in history	3
The remaining Area II requirements are automatically met by specific courses included in the major requirements below.	

— continued —

Environmental Studies (continued)

Area III	
Area III requirements are automatically met by specific courses included in the major requirements below.	
ANTH 103 Introduction to Archeology	3
BIOL 191-192 General Biology I-II	8
BIOL 323 Ecology	4
CHEM 101-102 Essentials of Chemistry OR CHEM 105 Accelerated Essentials of Chemistry OR *CHEM 111-112 College Chemistry <i>*May be a prerequisite for courses chosen below.</i>	5-9
COMM 101 Fundamentals of Speech Communication	3
ENGL 202 Technical Communication	3
ENVHLTH 450 Environmental Health Law	2
ENVSTD 121 Introduction to Environmental Studies	3
ENVSTD 491-492 Senior Project I & II	6
*ENVSTD 493 Internship	4-6
<i>*Students must complete at least two internships worth two to three credits each in two of the following areas: natural resource industry, conservation organization, and government agency involved in natural resource management or environmental regulation.</i>	
ECON 202 Principles of Microeconomics	3
ECON 333 Natural Resource Economics	3
GEOG 100 Introduction to Geography	3
GEOG 321 Conservation of Natural Resources	3
GEOG 360 Geographic Information Systems	3
GEOL 101 Environmental Geology	4
HIST 351 Natural Environmental in U. S. History	3
MATH 143 College Algebra	3
MATH 254 Applied Statistics with a Computer OR PSYC 295 Statistical Methods	3-4
POLS 101 American National Government	3
POLS 340 Environmental Politics	3
One course chosen from: *CE 320, CHEM 321, *ENVHLTH 310, *ENVHLTH 380, *ENVHLTH 417, ENVHLTH 442	2-4
Two courses chosen from: COMM/SOC 390, DISPUT 400, or MGMT 301	6
Two courses chosen from: BIOL 422, *CHEM 211, CHEM 212, *CHEM 317, CHEM 319, CHEM 431, or GEOL 313	6-8
**Electives to total 128 credits	7-18
Total	128
<small>* require CHEM 111 and/or CHEM 112 as prerequisite **Any courses given at the University may be used as electives. Taking courses from the following list would give a student more depth in environmental studies. BIOL 415, 422, 427; BOT 425; CE 320,321; CHEM 211, 212, 317, 432; COMM 356, 361, 390, 478; ENGL 302, 402; ENGR 360; ENVHLTH 380, 417, 442; GEOG 360, 361; GEOL 201, 305, 313, 412, 451; LEGAST 431; MGMT 401; PHIL 201, PHIL 211, PHIL 406; PHIL 337; POLS 303, 320, 467, 469; SOC 487</small>	

Environmental Studies Minor

Course Number and Title	Credits
BIOL 191-192 General Biology I-II	8
CHEM 101-102 Essentials of Chemistry OR CHEM 105 Accelerated Essentials of Chemistry OR *CHEM 111-112 College Chemistry <i>*May be a prerequisite for courses chosen below.</i>	5-9
GEOG 100 Introduction to Geography	3

Chapter 12 — Academic Programs and Courses Environmental Studies

Environmental Studies Minor (continued)

One of the following four groups: 1. Environmental Biology Group BIOL 323 Ecology BIOL 422 Conservation Biology 2. Environmental Geosciences Group 2 geosciences courses from list 'c.' below 3. Environmental Chemistry Group CHEM 317, 319 Organic Chemistry and Lab CHEM 211, 212 Analytical Chemistry I and Lab OR CHEM 431 Intro to Biochemistry 4. General Group: three courses from the following four lists, but no two courses from the same list. a. Biology: BIOL 323, BIOL 415, ZOO 305, ZOO 355, ZOO 341, ZOO 421 b. Chemistry/Environmental Health: CHEM 422, ENVHLTH 442, ENVHLTH 310, ENVHLTH 380 c. Geosciences: GEOG 331, GEOL 201, GEOL 313, GEOL 412, GEOPH 300 d. Political Science/Economics/Psychology: POLS 320, POLS 303, ECON 333	8-11
Total	34-41
*GEOL 101 is recommended. However, you may substitute GEOL 100 if you receive a grade of B or higher.	
**Courses in this section applied toward the minor may not also be counted towards fulfilling a major requirement.	

Course Offerings

See page 52 for a definition of the course-numbering system.

ENVSTD — ENVIRONMENTAL STUDIES

Upper Division

ENVSTD 121 INTRODUCTION TO ENVIRONMENTAL STUDIES (3-0-3)(S). Introduction to the interdisciplinary nature of environmental concepts and issues. Integrates scientific, socio-political, and humanistic approaches to the understanding of nature and of how humans interact with the rest of nature. Includes a service learning component.

ENVSTD 491, 492 SENIOR PROJECT I, II (1-6-3)(F/S). Two semester capstone course that integrates science, policy, and the social sciences to address a real-life problem. Students will identify a problem, gather data, consult with experts, study policy, then recommend a solution. Includes progress reports, oral presentations, and a written final report. PREREQ: BIOL 323, ENVHLTH 450, GEOG 321, and POLS 340, or PERM/INST. For ENVSTD 492: ENVSTD 491.

ENVSTD 493 INTERNSHIP (2-3 credits). Work with industries, organizations and agencies that have a stake in the environment. Students must complete a minimum of 50 hours of work per credit of internship. Pass/Fail.

Exercise Science, Exercise Physiology Emphasis — see Department of Kinesiology

Exercise Science, Fitness Evaluation and Programming Emphasis — see Department of Kinesiology

Finance — see Department of Marketing and Finance

Fitness (Kinesiology) Activity courses — see Department of Kinesiology

Forestry — see Department of Biology

French — see Department of Modern Languages and Literatures

General Business Management — see Department of Management

Gender Studies Minor

Library, Room 177

<http://genderstudies.boisestate.edu>

Information: gjohnson@boisestate.edu

Director: Lisa McClain

Telephone 208 426-1255

Program Statement

Multicultural and interdisciplinary in perspective, the course work in gender studies seeks to recognize the diversity of human experience. Students examine the experiences of women and men and concepts of gender and sexuality within different cultural, social, economic, and religious contexts through the study of scholarship and creative works in a variety of fields. Thus, the course work seeks to provide students with essential preparation for lives and careers deeply impacted by the ongoing debate regarding gender and sexuality in our society.

Gender Studies Minor

Course Number and Title	Credits
GENDER 300 Introduction to Gender Studies	3
GENDER 301/SOC 471 Feminist Theory	3
GENDER 302 Research Methods and Perspectives	3
Electives*	12
Upper-division gender studies courses selected in consultation with program director or advisor which meet the interests and needs of the student. Contact program office for list of approved electives.	
Total	21
* No more than 6 credit hours total of independent study, internship, practica, service learning, or workshop may be applied toward the Gender Studies Minor.	

Course Offerings

See page 52 for a definition of the course-numbering system.

GENDER — GENDER STUDIES

GENDER 300 INTRODUCTION TO GENDER STUDIES (3-0-3)(F/S). Interdisciplinary, multicultural introduction to gender studies that provides foundation for further study. Draws selectively from scholarship and creative work of various fields to examine how concepts of gender shape lives, personal relationships, and social institutions. Gender issues will be studied from a multicultural perspective across lines of class, race, and ethnicity.

GENDER 301 (SOC 471) FEMINIST THEORY (3-0-3)(F/S). Students encounter new perspectives by examining major theories directly useful to scholars in search of understanding and explaining gender relations. May be taken for GENDER or SOC credit, but not for both. PREREQ: GENDER 300 and upper-division standing, or PERM/INST.

GENDER 302 RESEARCH METHODS AND PERSPECTIVES (3-0-3)(F/S) (Alternate Years). Examines practical problems of researching and writing about women and gender from an interdisciplinary, multicultural perspective. Emphasizes major bibliographic sources and services in gender studies. PREREQ: GENDER 300 or PERM/INST.

GENDER 371 (SOC 371) THE SOCIAL PSYCHOLOGY OF GENDER (3-0-3)(F/S) (Alternate Years). Multinational social psychological research and theories are used to explore the processes by which societies apply gender definitions, social change, institutional policies, and relationships between women and men. May be taken for GENDER or SOC credit, but not for both. PREREQ: PSYC 101 or SOC 101, and upper-division standing.

GENDER 380 COLLOQUIUM IN GENDER STUDIES (3-0-3). Intensive studies of a particular topic relating to the field of gender studies. PREREQ: Upper-division standing or PERM/INST.

GENDER 480 SEMINAR IN GENDER STUDIES (3-0-3)(F/S). Critical analysis of source material and literature on a topic of restricted scope in gender studies. PREREQ: Upper-division standing or PERM/INST.

GENDER 498 SENIOR SEMINAR (3-0-3)(F/S). Capstone course focusing on intensive individual research projects on topics of interest to the students. PREREQ: GENDER 300, a research methods course, and PERM/INST.

Department of Geosciences

Mathematics-Geosciences Building, Room 225 Telephone 208 426-1631
http://earth.boisestate.edu Fax: 208 426-4061
e-mail: ejohanse@boisestate.edu, kpierce@boisestate.edu, or
cjohnorth@boisestate.edu

Chair and Associate Professor: Claude Spinosa. *Professors:* Donaldson, Hollenbaugh, Pelton, Snyder, White, Wood. *Associate Professor:* Michaels. *Assistant Professors:* McNamara, McNamara, Wilkins. *Research Professors:* Barrash, Clemo, Clement, Davydov, Gillerman, Knoll, Lyle, Schiappa, Zollweg.

Degrees Offered

- B.S. in Geology
- B.S. in Geophysics
- B.S. in Earth Science Education, Secondary Education
- M.S. in Geology (See the *BSU Graduate Catalog*.)
- M.S. in Geophysics (See the *BSU Graduate Catalog*.)
- M.S. in Earth Science (See the *BSU Graduate Catalog*.)
- Ph.D. in Geophysics (See the *BSU Graduate Catalog*.)
- Minor in Geospatial Information Analysis

Department Statement

The curriculum leading to the B.S. degree in geology is designed for students who plan a career in geology or who plan to attend graduate school. The curriculum leading to the B.S. degree in earth science education is designed to prepare students to teach earth science in secondary schools and to meet the teacher certification requirements of the State of Idaho. The curriculum leading to the B.S. degree in geophysics prepares students for a broad variety of careers in quantitative geoscience or for graduate school in many scientific and engineering disciplines.

A geophysics major receives a thorough preparation in geophysics, an introductory background in chemistry, computer science, geology, mathematics, and physics, and more focused study in one of nine elective areas: applied mathematics, chemistry, computer science, electrical engineering, environmental geoscience, geology, geotechnical engineering, hydrogeology, or physics.

In addition to the courses formally offered in all degree programs, students are encouraged to earn credit for independent study, internship, undergraduate or graduate thesis, and for participation in departmental research projects.

Nondegree course offerings in geography meet the 15 credit requirement under the 30-15-15 Social Science, Secondary Education Degree Program offered in the departments of anthropology, economics, history, political science, psychology, and sociology.

Degree Requirements

Geology Bachelor of Science	
Course Number and Title	Credits
ENGL 101-102 English Composition	6
Area I — see page 39 for list of approved courses	
Area I core course in one field	3
Area I core course in a second field	3
Area I core course in a third field	3
Area I core course in any field	3
Area II — see page 40 for list of approved courses	
Area II core course in one field	3
Area II core course in a second field	3
Area II core course in a third field	3
Area II core course in any field	3
Area III	
Area III requirements are automatically met by specific courses included in the major requirements below.	
CHEM 111-112 College Chemistry	9

— continued —

Geology (continued)	
*GEOL 100 Fundamentals of Geology	4
GEOL 221 Earth Materials	4
GEOL 280 Field Geology	3
GEOL 310 Sedimentation and Stratigraphy	4
GEOL 313 Surficial Processes	3
GEOL 314 Structural Geology	3
GEOL 425 Geochemistry	3
GEOL 482 Summer Field Camp	4
GEOL 498 or 499 Senior Seminar	1
*GEOL 100 is recommended; however, you may substitute GEOL 101 if you receive a grade of B or higher.	
Geology courses	9
GEOPH 300 Physics of the Earth	3
GEOPH 360 Geographic Information Systems	3
MATH 170, 175* Calculus I and Calculus II	8
Mathematics through MATH 275 is recommended for students planning graduate studies. *an approved statistics course may be substituted for MATH 175.	
Physics Option I: (Recommended for students planning graduate studies)	8-10
PHYS 211, 211L-212, 212L Physics I & II with Calculus and Lab	
*CHEM 321-323 Physical Chemistry and Lab may be substituted for PHYS 212, 212L.	
Physics Option II:	
PHYS 111-112 General Physics	
Select from one of the following emphasis areas	
Geology Emphasis	
GEOL 324 Petrography	1
GEOL 345 Igneous and Metamorphic Petrology	3
Geology or approved science course from list available in department office	6
Hydrology Emphasis	
GEOL 412 Hydrogeology	3
GEOL 413 Hydrogeology Lab	1
GEOL 416 Physical Hydrology	3
Geology or approved science course from list available in department office	3
Upper-division electives to total 40 credits	6
Electives to total 128 credits	20-22
Total	128

The Earth Science Education program combines content knowledge, theories of learning and human development, study of curriculum, and methodology, to help students develop the knowledge, skills and dispositions essential for success in secondary school teaching. The program is grounded in the conceptual framework of reflective practitioner. Reflective practitioners adjust their teaching approaches and learning environment to the needs and backgrounds of their students. Candidates who complete this program have demonstrated evidence of meeting the Idaho Beginning Teacher Standards and are eligible for recommendation for state certification.

Students wishing to pursue this degree must meet the requirements and standards for admission to teacher education, which are described fully under the Department of Curriculum, Instruction, and Foundational Studies or at <http://education.boisestate.edu>. Students must meet all knowledge, skill, and disposition requirements to remain in the program.

Earth Science Education Bachelor of Science

Earth Science Education (continued)

Area II — see page 40 for list of approved courses	
ED-CIFS 201 Foundations of Education	3
GEOG 100 Introduction to Geography	3
PSYC 101 General Psychology	3
Area II core course in any field	3
Area III	
Area III requirements are automatically met by specific courses included in the major requirements below.	
BIOL 191-192 General Biology I-II	8
CHEM 111-112 College Chemistry	9
*ED-CIFS 301 Teaching Experience I	1
*ED-CIFS 302 Learning and Instruction	4
*ED-CIFS 401 Professional Year - Teaching Experience II	2
*ED-CIFS 404 Teaching Secondary Science	3
*ED-LTCY 444 Content Literacy for Secondary Students	3
*ED-SPED 350 Teaching Students with Exceptional Needs at the Secondary Level	3
*Teaching Experience III/IV	16
NOTE: *You must apply for admission to secondary teacher education in order to enroll in these upper-division education courses. Completion of all requirements for graduation with a secondary education option may require more than 128 credit hours. See "Department of Curriculum, Instruction, and Foundational Studies" for more information.	
EDTECH 202 Educational Technology – Classroom Applications	3
GEOG 213 Introduction to Meteorology	3
GEOG 101 Environmental Geology	4
GEOG 201 Introduction to Oceanography	3
GEOG 221 Earth Materials	4
GEOG 313 Surficial Processes	3
GEOG 498 or 499 Senior Seminar	1
Upper-division geology courses	6
GEOG 331 Climatology OR GEOG 300 Physics of the Earth	3
MATH 147 Precalculus	5
PHYS 105 Introduction to Descriptive Astronomy	4
PHYS 111-112 General Physics	8
Electives to total 128 credits	2
Total	128

Earth Science Minor Certification Endorsement

Course Number and Title	Credits
GEOG 213 Introduction to Meteorology	3
GEOG 101 Environmental Geology	4
GEOG 201 Introduction to Oceanography	3
GEOG 221 Earth Materials	4
PHYS 105 Introduction to Descriptive Astronomy	4
Geology/geophysics courses selected from: GEOG 313, GEOG 351, GEOPH 300	3
Total	21

Geography Minor Certification Endorsement

Course Number and Title	Credits
GEOG 100 Introduction to Geography	3
GEOG 102 Cultural Geography	3
Upper-division geography courses	6
Additional geography courses	8
Total	20

Geophysics Bachelor of Science

Course Number and Title	Credits
ENGL 101-102 English Composition	6
Area I — see page 39 for list of approved courses	
Area I core course in one field	3
Area I core course in a second field	3
Area I core course in a third field	3
Area I core course in any field	3
Area II — see page 40 for list of approved courses	
Area II core course in one field	3
Area II core course in a second field	3
Area II core course in a third field	3
Area II core course in any field	3
Area III — see page 40 for list of approved courses	
Area III requirements are automatically met by specific courses included in the major requirements below.	
CHEM 111-112 College Chemistry	9
COMPSCI 115 Introduction to C	2
COMPSCI 125 Introduction to Computer Science I	4
GEOG 100 Fundamentals of Geology	4
GEOG 221 Earth Materials	4
GEOG 280 Field Geology	3
GEOPH 300 Physics of the Earth	3
GEOPH 303 Basic Geophysical Theory	5
GEOPH 305 Applied Geophysics	3
GEOPH 308 Data Acquisition and Interpretation Laboratory	2
GEOPH 402 Geophysical Applications of Digital Signal Processing	3
GEOPH 498 Geophysics Senior Seminar	1
Upper-division geophysics electives	6
MATH 170-171, 175 Calculus I and Lab, and Calculus II	9
MATH 275 Multivariable and Vector Calculus	4
MATH 333 Differential Equations with Matrix Theory	4
PHYS 211, 211L-212, 212L Physics I & II with Calculus and Lab	10
Courses chosen from one of the following areas: 1. Applied mathematics: MATH 301, MATH 465 and either MATH 326, MATH 360, MATH 361, MATH 436, or MATH 464. 2. Chemistry: CHEM 211, CHEM 212, CHEM 317, CHEM 318, CHEM 319. 3. Computer science: COMPSCI 225, COMPSCI 354, MATH 187. 4. Electrical engineering: EE 230, EE 230L EE 320, 320L. 5. Environmental geoscience: any four of the following GEOG 321, GEOG 331, GEOG 412, or GEOG 451. 6. Geology: GEOG 310, GEOG 313, GEOG 314. 7. Geotechnical engineering: CE 360, CE 361, ENGR 210, ENGR 220, ENGR 350. 8. Hydrogeology: GEOPH 410, GEOG 412, GEOG 413, HYDRO-UI 569. 9. Physics: PHYS 309, PHYS 310, and two courses chosen from PHYS 311, PHYS 312, PHYS 332, PHYS 341, PHYS 381, PHYS 382, or PHYS 432. Sequences must be taken in order.	10-13
Electives to total 128 credits	6-9
Total	128
NOTE: Electives include courses selected to meet an individual student's needs. Students must have a minimum of 40 upper-division (300/400 level) credit hours. See your advisor for assistance.	

This minor is interdisciplinary in its application of geospatial technologies towards solving problems with spatial elements, and is open to students of any major where geospatial information technologies and analysis may be applied. This alignment of courses is designed to meet the demands in industry and research where demonstrable literacy in these technologies is required.

Geospatial Information Analysis Minor

Course Number and Title	Credits
GEOG 100 Introduction to Geography OR GEOG 102 Cultural Geography OR GEOL 280 Field Geology	3
CIS 104 Operating Systems and Word Processing	1
CIS 105 Spreadsheet Topics	1
CIS 106 Database Topics	1
MATH 254 Applied Statistics with Computers OR MATH 361 Probability and Statistics	4
GEOG 360 Introduction to Geographic Information Systems	3
GEOG 361 Remote Sensing	3
GEOG 460 Geographic Information Analysis OR GEOG 493 Internship	3
Total	19

Course Offerings

See page 52 for a definition of the course-numbering system.

GEOG — GEOGRAPHY

Lower Division

GEOG 100 INTRODUCTION TO GEOGRAPHY (3-0-3) (F/S) (Area II). A survey of Earth environments, basic concepts and techniques used in geography, and the utilization of natural resources.

GEOG 102 CULTURAL GEOGRAPHY (3-0-3) (F/S) (Area II). A study of the distribution and character of cultural activities throughout the world with emphasis on human landscapes.

GEOG 210 SURVEY OF WORLD REGIONAL GEOGRAPHY (3-0-3) (F/S). A survey of human populations and their relationship to their physical environments. Countries, regions, cultures, ethnic geography, religion, language, and major economic units will be discussed. Students will learn to use maps, aerial photos, and reference materials.

GEOG 213 INTRODUCTION TO METEOROLOGY (3-0-3) (F). A study of weather phenomena in terms of origin, distribution, and classification. Instruments and research methods are also investigated. PREREQ: GEOG 100, GEOL 101 or PERM/INST.

GEOG 221 GEOGRAPHY OF IDAHO AND THE PACIFIC NORTHWEST (3-0-3) (F/S). Physical and cultural geography of the Pacific Northwest with emphasis on Idaho. Study includes the continuing physical, biological, social, political, and economic changes and the role of the region in relationship to the United States. Current problems and problem-solving in accordance with the known resource base.

Upper Division

GEOG 321 CONSERVATION OF NATURAL RESOURCES (3-0-3) (F/S). Informative study of resources, their use and relative values. Discussions will include perception, attitudes, character of resources, demand factors, social implications, and population characteristics. Local and regional examples are emphasized. Local experts on conservation issues will serve as guest speakers. PREREQ: GEOG 100 or GEOG 102.

GEOG 331 CLIMATOLOGY (3-0-3) (F/S). Atmospheric processes, global heat and moisture balance, radiation budget, and world climate zones. Applied climatological concepts, evaporation, soil water conditions, regional and global climatic trends, climate change, and climate modification. PREREQ: GEOL 101 or GEOG 100.

GEOG 340 GEOGRAPHY OF THE SLAVIC STATES (3-0-3) (F/S). A study of physical and cultural phenomena that have shaped the urban and rural landscapes of the fifteen republics. PREREQ: GEOG 100 or GEOG 102, PERM/INST.

GEOG 360 INTRODUCTION TO GEOGRAPHIC INFORMATION SYSTEMS (2-2-3) (F/S). Concepts and principles underlying the operations of geographic information systems (GIS). Cartographic fundamentals, global positioning systems, data collection, data entry, data management. Competency in Windows and associated software strongly recommended. PREREQ: GEOG 100 or GEOG 102 or GEOL 280.

GEOG 361 REMOTE SENSING (2-2-3) (F/S). Acquisition, interpretation, and analysis of digital imagery. Remote sensing applications including forestry, geology, ecology, and urban planning. Labs focus on processing, interpretation, and analysis of digital imagery. Introductory course in geographic information systems strongly recommended. PREREQ: GEOG 100 or GEOL 280.

GEOG 370(GEOL 370) VOLCANOES AND SOCIETY (3-0-3) (F). Impact volcanic eruptions on human societies in the past and ways that potentially dangerous volcanoes are being studied and monitored today. Aimed at teachers and others interested in the topic; no background in geology is required. This course may be taken for GEOG or GEOL credit, but not both.

GEOG 460 GEOGRAPHIC INFORMATION ANALYSIS (2-2-3) (F/S). Operations and spatial analysis capabilities of a GIS. Problem identification, GIS project design, development, and implementation. PREREQ: GEOG 360, and MATH 254 or MATH 361.

GEOG 470(GEOL 470) EARTH SYSTEM SCIENCE AND GLOBAL WARMING (3-0-3) (F/S). Survey of interactions among physical biogeochemical processes involved in climate and climate feed back. Explore global warming scenarios for the next century and their reliability. This course may be taken for GEOG or GEOL credit, but not both. PREREQ: GEOL 201 or GEOG 331.

GEOL — GEOLOGY

Lower Division

GEOL 100 FUNDAMENTALS OF GEOLOGY (3-2-4) (Area III) (Lab fee). An introduction to the principles of physical and historical geology. Topics include weathering, erosion, glaciation, volcanism, earthquakes, rocks, minerals, maps, and the origin of the earth and its physical and biological development. Open to all students except those with previous credit in geology, or earth science majors and those nonscience majors who plan an eight-hour sequence in geology. Field trips required.

GEOL 101 ENVIRONMENTAL GEOLOGY (3-2-4) (F/S) (Area III). A study of earth materials and systems, the use of earth resources, and the interactions of geologic processes and human activities. Includes geologic hazards, mineral resources, water supply, and waste disposal. Labs use maps and specimens to illustrate case studies.

GEOL 102 HISTORICAL GEOLOGY (3-3-4) (S) (Area III). A study of the origin and progressive development of the earth and evolution of plants and animals. The geologic history of the earth is treated in considerable detail. Pre-historic life and fossil study as well as field trips to fossil beds are included in the laboratory work. Field trips required.

GEOL 103 HISTORY OF THE EARTH (3-0-3) (F/S). Exploration of the dynamic history of our planet and evolution of life on Earth for the past three billion years. A nonlab course for nonmajors.

GEOL 105 ROCKS AND MINERALS (2-3-3) (F/S). A systematic study of rocks and minerals, with emphasis on physical characteristics and methods of identification. Field trips and laboratory sessions are part of the course for those taking the class for credit. PREREQ: High school chemistry or PERM/INST.

GEOL 111 GEOLOGY OF IDAHO AND THE PACIFIC NORTHWEST (3-0-3). A study of the geologic setting and history of Idaho and its immediate surroundings. Includes major topographic and scenic features, structural and stratigraphic features, mineral deposits, fossil and gem areas, and current problems in natural resource products. Field trips required. PREREQ: GEOL 102 or PERM/INST.

GEOL 201 INTRODUCTION TO OCEANOGRAPHY (3-0-3) (F/S). A general study of physiography, biological oceanography, and ocean geology, including the physiography, circulation patterns, waves, tides, and the sedimentation and biologic processes that occur in the various ocean environments. PREREQ: GEOL 102.

GEOL 221 EARTH MATERIALS (3-3-4) (F). Minerals and rocks, including their classification, chemical properties and environments of origin. Labs focus on identification of hand specimens, study of structure models, and interpretation of rock textures. Completion of, or concurrent enrollment in, CHEM 111 is strongly advised. PREREQ: GEOL 100.

GEOL 280 FIELD GEOLOGY (1-6-3) (F). Techniques of field mapping to solve geologic problems. Field exercises will use topographic maps, stereo-pair air photos, Brunton compass, transit and plane table alidade for mapping. A detailed geologic map and written geologic report will be made, interpreting one area of moderate complexity and regional significance. Two weekend field trips required. Required field work on Friday afternoons. PREREQ: GEOL 100, ENGL 102. COREQ: MATH 147.

Upper Division

GEOL 310 SEDIMENTATION AND STRATIGRAPHY (3-1-4) (F). The study of the transportation and deposition of sediments and their depositional environments. Emphasis is placed on the identification and correlation of sedimentary facies and on basin analysis. Field trips required. PREREQ: GEOL 221.

GEOL 313 SURFICIAL PROCESSES (2-3-3) (S). The processes that form the surface of the earth, including weathering, erosion by rivers, rainfall, glaciers and tides. Labs consist of map studies and field investigations. Field trips required. PREREQ: GEOL 100, ENGL 102.

GEOL 314 STRUCTURAL GEOLOGY (3-0-3) (S). Fundamentals of descriptive, kinematic, and dynamic analysis of structures within the Earth's crust, and a theoretical treatment of stress and strain. Field trips required. PREREQ: MATH 147, GEOL 221, GEOL 280.

GEOL 324 PETROGRAPHY (0-3-1) (S). Principles of optical mineralogy and a study of igneous, sedimentary, and metamorphic rocks in thin section utilizing the polarizing microscope. The origins and histories of rocks are interpreted by examining their mineral assemblages, textures, fabrics, and alteration. PREREQ: GEOL 221.

GEOL 345 IGNEOUS AND METAMORPHIC PETROLOGY (2-2-3) (S). Igneous and metamorphic rocks, emphasizing the physical and chemical processes that control their formation. PREREQ: GEOL 324, CHEM 112.

GEOL 351 INVERTEBRATE PALEONTOLOGY (2-3-3) (F). The study of the invertebrate phyla represented in the fossil record. Special emphasis is placed on hardpart morphology, ontogeny, phylogeny, and taxonomy of geologically important groups. Laboratory work based on standard collections. Special project. Field trips required. PREREQ: GEOL 102.

GEOL 370(GEOL 370) VOLCANOES AND SOCIETY (3-0-3) (F). Impact of volcanic eruptions on human societies in the past and ways that potentially dangerous volcanoes are being studied and monitored today. Aimed at teachers and others interested in the topic; no background in geology is required. This course may be taken for GEOL or GEOG credit, but not both.

GEOL 410 OPTICAL MINERALOGY (1-3-2) (F) (Alternate years). A study of the behavior of light in crystals and the use of the polarizing microscope in the examination and identification of minerals in immersion media and thin sections. PREREQ: GEOL 324.

GEOL 412 (CE 412) HYDROGEOLOGY (3-0-3) (F). The study of subsurface water and its relationship to surface water, the hydrologic cycle, and the physical properties of aquifer systems. Flow nets and flow through porous and fractured media. Methods of determination of aquifer characteristics and performance and groundwater modeling. This course may be taken for either CE or GEOL credit, but not both. PREREQ: MATH 170, junior standing.

GEOL 413 HYDROGEOLOGY COMPUTATION LABORATORY (0-2-1) (F). Practice with hydrogeology computer programs and field measurements. PREREQ/COREQ: GEOL 412.

Chapter 12 — Academic Programs and Courses

Department of Geosciences

GEOL 414 ADVANCED STRUCTURAL GEOLOGY (2-3-3) (F) (Alternate years). A study of the geometric properties of deformed rocks, their measurement, and analysis. Course will emphasize structural analysis of folded and faulted terrains and metamorphic tectonics, mapping procedures, map interpretation, and data analysis. Study will include review and comparison of tectonic styles of deformation of different geologic provinces throughout North America. Field trips required. PREREQ: GEOL 314.

GEOL 415 ADVANCED STRATIGRAPHY (3-0-3) (S). Study of the formation and evolution of sedimentary basins; emphasis on the concepts and qualitative and quantitative tools necessary to understand how sedimentary basins are formed, their specific stratigraphic architectures, and on modern approaches to correlation. PREREQ: GEOL 310. COREQ: GEOL 314.

GEOL 416 (GEOH 416) WATERSHED HYDROLOGY (3-0-3) (S). Interdisciplinary earth science concerned with movement and occurrence of water. Watershed-based hydrologic phenomena including precipitation, evapotranspiration, snow/snowmelt, streamflow, and runoff. Study of processes driving the hydrologic cycle. Application of analytical techniques to solve water resource problems. May be taken for GEOL or GEOH credit, but not both. PREREQ: GEOL 101, MATH 170.

GEOL 419 (GEOH 419) FIELD METHODS IN MARINE GEOLOGY AND GEOPHYSICS (4-0-4) (F/S) (Offered intermittently). Participation in a research oceanographic cruise. Modern navigation methods, geophysical data acquisition, and sediment sampling. Offered only as research cruises are available. Will require 15-60 days at sea. May be taken for GEOL or GEOH credit, but not both. PREREQ: PERM/INST.

GEOL 421 ORE DEPOSITS (2-3-3) (F). Modern theories of ore deposition, the origin and migration of ore-bearing fluids, the processes of alteration and secondary enrichment, the controls of ore occurrence, and the economics of exploration, development and use of ores. Labs consist of detailed studies of ore and alteration suites using hand specimens and transmitted and reflected-light microscopy. Field trips required. PREREQ: GEOL 221.

GEOL 422 EXPLORATION AND MINING GEOLOGY (3-0-3) (S). A discussion of geologic, engineering, and economic factors as they relate to exploring for and developing mineral deposits. The philosophy and methodology of systematically gathering, evaluating, and presenting data pertinent to exploration and development. Field trips required. PREREQ: GEOL 221.

GEOL 425 GEOCHEMISTRY (3-0-3) (S). Modern geochemistry necessary to study Earth processes, including essentials of thermodynamics and kinetics, aqueous chemistry, isotope and trace element chemistry. Topics include formation of the elements, formation and chemical differentiation of the Earth and Solar System, isotope systems as tracers and chronometers, chemical geodynamics of the solid Earth, chemical weathering and aqueous geochemistry of the continents and oceans, global geochemical cycles. PREREQ: GEOL 221, CHEM 112.

GEOL 429 FIELD HYDROGEOLOGY (0-3-2) (S). Field observations and data collection at applied projects in the area. Water-well design and construction, geologic data collection from drill holes, borehole geophysics, well testing, operation of municipal water systems, water rights, and water quality considerations. PREREQ/COREQ: GEOL 412 or PERM/INST.

GEOL 431-431G PETROLEUM GEOLOGY (2-3-3) (F) (Alternate years). A study of the nature and origin of petroleum, the geologic conditions that determine its migration, accumulation and distribution, and methods and techniques for prospecting and developing. GEOL 452 NATURE OF SCIENCE (3-0-3) (F/S). Explores basic questions of how the earth works from the perspective of the scientist. Emphasis on the conceptual approach to science. Open to students with varied backgrounds. PREREQ: GEOL 102, petroleum fields. Field trips required. PREREQ: GEOL 310, 314.

GEOL 440 TECTONICS SEMINAR (2-0-2) (F/S). Examination of specific orogenic systems, tectonic environments, and tectonic processes. PREREQ: GEOL 314 or PERM/INST.

GEOL 441 PLATE TECTONICS (3-0-3) (F/S) (Offered on demand). Reviews and identifies geologic and geophysical foundations of plate tectonic theory and characteristics of modern tectonic environments and their use in interpreting Earth's geologic history. PREREQ: GEOL 314.

GEOL 450-450G GEOLOGY OF NATIONAL PARKS (3-0-3) (S) (Odd years). A systematic study of geologic materials, structures, processes, and landforms in the national parks. The course is structured by geological regions and emphasizes geological knowledge as a key to greater appreciation and understanding of these scenic areas. PREREQ: GEOL 102.

GEOL 451-451G PRINCIPLES OF SOIL SCIENCE (3-0-3) (F/S) (Alternate years). Major aspects of soil science, including the physical, chemical, and biological characteristics of soils, will be presented in the classroom lectures. Demonstration laboratory exercises and field trips will be required. PREREQ: Background in geology and chemistry.

GEOL 452 NATURE OF SCIENCE (3-0-3) (F/S). Explores basic questions of how the earth works from the perspective of the scientist. Emphasis on the conceptual approach to science. Open to students with varied backgrounds. PREREQ: GEOL 102.

GEOL 460 VOLCANOLOGY (3-0-3) (F) (Offered on demand). A study of volcanic processes and the deposits of volcanic eruptions. Emphasis is on the origin and interpretation of the physical features observed in volcanic rocks. Field trip required. PREREQ: GEOL 221.

GEOL 470 (GEOG 470) EARTH SYSTEM SCIENCE AND GLOBAL WARMING (3-0-3) (F/S). Survey of interactions among physical biogeochemical processes involved in climate and climate feed back. Explore global warming scenarios for the next century and their reliability. This course may be taken for GEOG or GEOL credit, but not both. PREREQ: GEOL 201 or GEOG 331.

GEOL 471 REGIONAL FIELD STUDY (1-3 CR) (F/S). Field trips and field exercises to study geology of selected localities in North America. Review of pertinent literature and maps, recording of geologic observations, and the preparation of a comprehensive report on the geology of the areas visited. May be repeated for credit. PREREQ: GEOL 102 or PERM/INST.

GEOL 472 ISOTOPE GEOCHEMISTRY AND GEOCHRONOLOGY (3-0-3) (F/S). Comprehensive overview of theory, methods, and applications of isotope geochemistry and geochronology to a wide range of earth science problems. PREREQ: GEOL 425.

GEOL 482 GEOLOGY SUMMER FIELD CAMP (0-0-4) (SU). The study of geology in its natural environment—the field. Emphasis is upon geologic mapping, the collection, plotting and analysis of data to solve geologic field problems, and mapping on aerial photograph and topographic base. Student should expect to be in the field 8-10 hours per day, 6 days per week for 4 weeks. Students working toward a professional degree in geology (Bachelor of Science) must take COREQ: GEOL 483.

GEOL 483 GEOLOGY SUMMER FIELD CAMP REPORT (0-0-2) (SU). A comprehensive geologic report, map, and cross-section based upon mapping experiences at summer field camp. Map, report, and cross-section must be of professional quality. COREQ: GEOL 482.

GEOL 493 INTERNSHIP (4-6 credits).

GEOL 495 SENIOR THESIS (4-6 credits). Field study involving an original investigation in geology or geophysics, carried out independently, but supervised by one or more faculty members. Problem must be well-stated and method of study designed to give a conclusive result. Project may be substituted for GEOL 480 upon approval of a written proposal by a committee of three department faculty members. PREREQ: Senior standing.

GEOL 498, 499 GEOLOGY SENIOR SEMINAR (1-0-1). Research project based on field and/or literature studies. Fundamentals of geologic report preparation and oral presentations. PREREQ: geology or earth science education major.

GEOH — GEOPHYSICS

Upper Division

GEOH 300 PHYSICS OF THE EARTH (3-0-3) (S). Introduction to the earth's gravity, magnetism, electricity, seismicity, heat, and radioactivity, with a discussion of the significance of these properties to geological processes. PREREQ: GEOL 100, PHYS 112 or PHYS 212.

GEOH 301 INTRODUCTION TO APPLIED GEOPHYSICS (3-0-3) (F/S). Survey of geophysical methods for geologists and engineers, including elementary theory, field practice, data reduction, interpretation techniques, and economic considerations. Seismic, gravimetric, magnetic, and electrical/electromagnetic techniques. Applications to exploration geology (mining and petroleum), engineering geology, and hydrogeology. GEOH 301 is not intended for geophysics majors. PREREQ: GEOL 100, PHYS 112 or PHYS 212.

GEOPH 303-303G BASIC GEOPHYSICAL THEORY (3-4-5) (F/S). General geophysical theory to provide background for more specialized courses in applied geophysics and quantitative geoscience. Emphasis on an introduction to convolution, the Fourier Transform, Correlations, Sampling Theorem and related topics; solutions of differential equations representative of geophysical problems. PREREQ: MATH 275, MATH 333, PHYS 212, or PERM/INST.

GEOPH 305-305G APPLIED GEOPHYSICS (2-2-3) (F/S). Geophysical methods for investigation of the subsurface, including instrumentation, data acquisition and reduction, and interpretation. Seismic, gravimetric, magnetic, and electrical/electromagnetic techniques. Applications to exploration geology (mining and petroleum), engineering geology, hydrogeology, and global geology. Students who desire more comprehensive study of a particular method are advised to enroll for GEOH 455, GEOH 460, GEOH 465 as appropriate. PREREQ: GEOH 303 or PERM/INST.

GEOPH 308-308G DATA ACQUISITION AND INTERPRETATION LABORATORY (0-4-2) (F/S). Field and laboratory experiments using the methods of applied geophysics including definition of objectives, preliminary survey design, choice of instrumentation and field parameters, data acquisition and quality control, and computer-assisted interpretation. PREREQ or COREQ: GEOH 305 or PERM/INST.

GEOPH 340-340G GEOPHYSICS FIELD CAMP (4 weeks-6 credits) (SU). Field experience in significant geophysical mapping projects. Survey design and hands-on operation of seismic, magnetic, gravimetric, and electrical/electromagnetic field and borehole geophysical instrumentation. Reduction and interpretation of acquired data. Preparation of appropriate reports. PREREQ: GEOH 301 or GEOH 305 or PERM/INST.

GEOPH 410-410G BOREHOLE GEOPHYSICS (2-3-3) (F/S). Principles of geophysical, geological, and hydrological measurements in boreholes with emphasis on applications to hydrogeology and petroleum geology. Design of water wells and methods of data collection while drilling. Geological interpretation and formation evaluation of conventional petroleum industry well logs. Integration of borehole geophysics, seismic reflection data, and geology for water resource studies and petroleum exploration. Field work in borehole logging and digital data acquisition using electrical, natural gamma, temperature, fluid resistivity, caliper, casing-locator, and flowmeter tools. PREREQ: GEOH 301 or GEOH 305 or PERM/INST.

GEOPH 416 (GEOL 416) PHYSICAL HYDROLOGY (3-0-3) (S). Interdisciplinary earth science concerned with movement and occurrence of water. Surface hydrologic phenomena including precipitation, evapotranspiration, snow/snowmelt, streamflow, runoff, and watershed hydrology. Study of processes driving the hydrologic cycle. Application of analytical techniques to solve water resource problems. May be taken for GEOL or GEOH credit, but not both. PREREQ: GEOL 101, MATH 170.

GEOPH 419 (GEOL 419) FIELD METHODS IN MARINE GEOLOGY AND GEOPHYSICS (4-0-4) (F/S) (Offered intermittently). Participation in a research oceanographic cruise. Modern navigation methods, geophysical data acquisition, and sediment sampling. Offered only as research cruises are available. Will require 15-60 days at sea. May be taken for GEOL or GEOH credit, but not both. PREREQ: PERM/INST.

GEOH 420 GEOPHYSICAL APPLICATIONS OF DIGITAL SIGNAL PROCESSING (2-2-3) (F/S). Review of digital linear system theory. Digital representation of geophysical data. Geophysical applications of convolution, fast-Fourier transform (FFT), correlations, least squares filters, deconvolution, multi-channel, and two-dimensional operations. Emphasis is on processing of seismic reflection data, potential field maps, and earthquake seismograms. Computer laboratory exercises. PREREQ: GEOH 301 or GEOH 305, EE 222, or PERM/INST.

GEOPH 430 MATHEMATICAL METHODS IN GEOPHYSICS (2-2-3) (F/S). Examination of important mathematical methods in geophysics. Topics depend on the interests of students and

instructor. Emphasis is on problem-solving and the development of skills in applied mathematics. PREREQ: MATH 333 or PERM/INST.

GEOPH 455 GRAVIMETRIC AND MAGNETIC METHODS (2-2-3)(F/S). Comprehensive discussion of modern gravimetric and magnetic methods of subsurface investigation. Applications to exploration geology (mining and petroleum), engineering geology, hydrogeology, and crustal geology. PREREQ: GEOL 101, GEOPH 308 or PERM/INST.

GEOPH 460 ELECTRICAL AND ELECTROMAGNETIC METHODS (2-2-3)(F/S). Comprehensive discussion of modern electrical and electromagnetic methods of subsurface investigation, including ground penetrating radar. Applications to exploration geology (mining and petroleum), engineering geology, hydrogeology, and crustal geology. PREREQ: GEOL 101, GEOPH 308 or PERM/INST.

GEOPH 465 SEISMIC METHODS (2-2-3)(F/S). Comprehensive discussion of modern seismic methods of subsurface investigation. Applications to exploration geology (mining and petroleum), engineering geology, hydrogeology, and crustal geology. PREREQ: GEOL 101, GEOPH 308 or PERM/INST.

GEOPH 498, 499 GEOPHYSICS SENIOR SEMINAR (1-0-1). Research project based on field and/or literature studies. Fundamentals of report preparation and oral presentations. PREREQ: geophysics major.

GENSCI — GENERAL SCIENCE

GENSCI 305 TEACHING SCIENCE IN THE SECONDARY SCHOOL (3-0-3)(S)(Alternate years). A course designed to introduce the prospective secondary school science teacher to an understanding of the nature of science, both as subject matter and as processes of scientific inquiry. Special emphasis is placed on problems of communicating scientific ideas, effective modes of instruction and evaluation, and curricular materials for secondary school science teaching.

Chair and Professor: Elaine Long. *Associate Professors:* Elison-Bowers, La Riviere. *Assistant Professors:* Baker, Stephenson. *Instructor:* Osgood. *Advisors:* Hill, Quinn.

Degrees Offered

- A.S. in Health Information Technology
- B.S. in Environmental Health
- B.S. in Health Information Management
- B.S. in Health Science Studies
- B.S. in Pre-Dental Studies
- B.S. in Pre-Medical Studies
- B.S. in Pre-Veterinary Medicine Studies
- Minor in Addictions Studies

Department Statement

Students in this department may choose to study environmental health, health information management, health science studies, a pre-professional area, or addictions studies. Students are encouraged to work closely with an advisor to ensure that the courses they take will meet degree requirements.

Faculty in the department also advise students who are interested in a health-care career but have not yet decided which discipline to enter.

Environmental Health

Environmental health specialists play an important role in assisting communities to ensure a healthful environment. Specific activities may include helping private businesses and public agencies maintain sanitary conditions in food establishments, in recreational facilities, and in public and private water supplies. Other activities may include assisting communities in properly disposing of toxic wastes; pest control; minimizing community air, water, and noise pollution; and assisting businesses in promoting safe and healthful working conditions.

The environmental health curriculum provides a broad background in understanding public health problems and in working with people effectively to arrive at solutions to these problems. During the first two years, students take general college education courses. These may be taken at Boise State or at other accredited 2- or 4-year colleges or universities, with students transferring to Boise State for the junior and senior years. Upper-division students must complete an internship with public health agencies or private business.

Health Information Management

Health information management concerns the techniques used in securing, analyzing, integrating, and managing health information. A health information career is a blend of patient care, management, and technology. The associate and baccalaureate programs combine clinical practice in acute care and non-acute care facilities, with courses of study such as classification systems, computerization of data, and administration of health data. Internships are completed by upper division students in public or private computerized information areas.

Health Science Studies

The bachelor of science degree in health science studies provides a curriculum for students who wish to gain an education in health science studies as a foundation for additional professional or graduate work in several health science professions, including medicine, dentistry, hospital administration, medical technology, and physical therapy. Employment with public health agencies or institutions is also an option. Undecided health science majors can use the curriculum to obtain the beginning courses until they decide on a major. Those students should work closely with an advisor to ensure that they take courses that will meet requirements.

Minor in Addictions Studies

Undergraduate students may complete a minor in addictions studies. At the graduate level, students may complete a master of health science with an emphasis in addiction studies.

Pre-Professional Studies

Pre-professional studies is designed for students who intend to apply to a professional school. This option serves students who have declared a major in pre-medicine, pre-dental, pre-dental hygiene, pre-dietetics, pre-occupational therapy, pre-optometry, pre-pharmacy, pre-physical therapy, pre-clinical laboratory science/medical technology, pre-veterinary medicine, pre-chiropractic, pre-speech-language pathology, or pre-physician assistant. Students should seek regular counsel with the advisor who has been designated for his or her major field of interest.

Environmental Health (continued)	
Area II — see page 40 for list of approved courses	
COMM 101 Fundamentals of Speech Communication	3
PSYC 101 General Psychology	3
SOC 101 Introduction to Sociology	3
Area II core course in any field	3
Area III	
Area III requirements are automatically met by specific courses included in the major requirements below.	
BIOL 191-192 General Biology I-II	8
BIOL 205 Microbiology OR BIOL 303 Bacteriology	4
BIOL 415 Applied and Environmental Microbiology	4
CHEM 111-112 College Chemistry	9
CHEM 317, 319 Organic Chemistry and Lab	5
COMM 356 Communication in Small Group OR COMM 390 or SOC 390 Conflict Resolution	3
ENGL 202 Technical Communication	3
ENVHLTH 100 Introduction to Environmental Health	2
ENVHLTH 310 Water Supply and Water Quality Management	3
ENVHLTH 320 Community Environmental Health Management	3
ENVHLTH 380 Air Quality Management	2
ENVHLTH 415 Occupational Safety and Health	3
ENVHLTH 417 Principles of Toxicology	2
ENVHLTH 442 Hazardous Waste Management	2
ENVHLTH 450 Environmental Health Law	2
ENVHLTH 493 Internship	4
GEOG 360 Intro to Geographic Information Systems OR ZOO 305 Entomology	3-4
HLTHST 217 Human Disease Mechanisms	3
HLTHST 304 Public Health Administration	3
HLTHST 480 Epidemiology	3
MATH 147 Precalculus OR MATH 170 Calculus I	4-5
MATH 254 Applied Statistics with the Computer	4
PHYS 111-112 General Physics	8
ZOO 305 Entomology	4
*Electives to total 128 credits	9-10
Total	128
*Suggested electives chosen from BIOL 310, BIOL 412, BIOL 423, ECON 201, GEOL 101, HLTHST 498-499, MATH 361, MGMT 301, POLS 101, POLS 102, and ZOO 401. NOTE: Environmental health students must earn at least a grade of C in their required professional courses. The professional courses are (1) all ENVHLTH courses; (2) all HLTHST courses; (3) ENGL 202; and (4) COMM 356/SOC 390.	

Course Offerings

See page 52 for a definition of the course-numbering system.

ENVHLTH — ENVIRONMENTAL HEALTH

Lower Division

ENVHLTH 100 INTRODUCTION TO ENVIRONMENTAL HEALTH (2-0-2)(F/S). Discussion of human ecology and interaction with the chemical, physical, biological and social environments. Overview of environmental health management and strategies to control air and water quality, solid and hazardous wastes, workplace and recreational safety.

ENVHLTH 160 ENVIRONMENTAL HEALTH PRACTICUM (0-V-1)(F/S). Field observations in public health agencies and industry. Requires a minimum 20 hours in the field and periodic seminars with a university instructor. (Pass/Fail).

Upper Division

ENVHLTH 310 WATER SUPPLY AND WATER QUALITY MANAGEMENT (2-3-3)(F) (Offered even-numbered years). Engineering, biological, and management principles of community water supply and water pollution control. PREREQ: BIOL 191-192 and CHEM 111-112.

ENVHLTH 320 COMMUNITY ENVIRONMENTAL HEALTH MANAGEMENT (2-3-3)(F) (Offered odd-numbered years). Sanitation and management practices for community problems dealing with waste disposal, vector control, food and milk protection, swimming pools, and recreation activities. PREREQ: BIOL 191-192 and CHEM 111-112.

ENVHLTH 380 AIR QUALITY MANAGEMENT (2-0-2)(F) (Offered odd-numbered years). Chemical, engineering, and management principles of community and industrial air quality control. PREREQ: CHEM 111-112.

ENVHLTH 415 OCCUPATIONAL SAFETY AND HEALTH (2-3-3)(S) (Offered even-numbered years). Recognition, evaluation, and control of environmental health hazards or

stresses (chemical, physical, biological) that may cause sickness, impair health, or cause significant discomfort to employees or residents of the community. PREREQ: PHYS 111-112. COREQ: CHEM 317.

ENVHLTH 417 PRINCIPLES OF TOXICOLOGY (2-0-2)(S) (Offered odd-numbered years). An examination of the absorption, distribution, and excretion of toxicants in humans and the health effects on target organs. Toxicologic evaluation, risk assessment, fate of hazardous substances in the environment and policies for the control of such substances will also be discussed. PREREQ: CHEM 111-112.

ENVHLTH 442 HAZARDOUS WASTE MANAGEMENT (2-0-2)(S). Historical, regulatory and technical aspects of hazardous waste management, relating primarily to the requirements of the Resource Conservation and Recovery Act and the Comprehensive Environmental Reclamation, Compensation, and Liability Act.

ENVHLTH 450 ENVIRONMENTAL HEALTH LAW (2-0-2)(S) (Offered even-numbered years). Various aspects of environmental and health protection law are discussed, including sources of regulatory authority, legal procedures, agency roles, and specific statutes. Graduate students will complete extra assignments. PREREQ: Upper-division standing and environmental health major or PERM/INST.

ENVHLTH 493 ENVIRONMENTAL HEALTH INTERNSHIP (0-V-V)(F/S). Three or more hours of internship per week in a business or governmental agency. The student works within the organization, keeps a record of the experience, and discusses these experiences at a seminar. PREREQ: Upper-division standing; recommendation of faculty advisor; consent of instructor. (Pass/Fail).

Health Information Management

Director: Patt Elison-Bowers

Telephone 208 426-1130

Faculty: Linda Osgood

Health Science Riverside, Room 109

<http://hs.boisestate.edu/hlthinfo/>

Health information management concerns the application of techniques used in the development, implementation, and retention of health information. The associate degree program is a combination of clinical practice and study in areas such as classification systems, health data, record retention systems, and computerization of health data. Completion of the 2-year associate of science degree in health information technology makes students eligible for the national certification examination.

The associate degree program is accredited by the Council on Accreditation of Allied Health Accreditation Programs (CAAHEP).

The health information management (B.S.) curriculum provides a broad background in theory and administration of information. Students are trained to administer health information and solve problems in information technology. Students complete internships in health information in cooperation with facilities in the public or private sector.

Admission Requirements for the A.S. Degree

- First Year
 - Admission to Boise State University.
 - Student must see a health information technology advisor.
 - First-year GPA of 2.00 or higher.
- Second Year
 - Only students who have completed or are in the process of completing the first-year curriculum with a GPA of 2.00 or higher will be considered for acceptance into the second year of the program.
 - Submit a negative tuberculosis report (PPD test), Hepatitis B or declination and documentation of Rubella immunity by September 1 of the sophomore year.

Pre-health information students should contact Patt Elison-Bowers, Health Science Riverside or the department secretary, 208 426-1130, for advising information or to make an appointment.

Application Process for A.S. Degree

- Complete and return to the Health Information Management Program office a "Special Programs Application" on or before March 1.
- Complete the application process.
- Submit \$15.00 per academic year for name pin and lab fee, payable with academic lab fees.

Promotion and Graduation

- Students must maintain a GPA of at least 2.00 in order to enter the second year of the program.

2. A grade of lower than C in any professional course (numbered HLTHST or HLTHINFO) must be repeated and raised to C or higher before continuing in the program.

Admission Requirements for the B.S. Degree

To be admitted to the bachelor of science degree program, each student must have met and satisfactorily completed all requirements for the associate degree in health information technology at Boise State, or have an associate degree in health information technology at Boise State, or have an associate degree in health information technology, or have permission from the program director.

Of the credits listed below, 64 will have been completed in conjunction with the associate degree in health information technology.

Course Offerings

See page 52 for a definition of the course-numbering system.

HLTHINFO — HEALTH INFORMATION

Lower Division

HLTHINFO 115 INTRODUCTION TO HEALTH RECORDS (3-0-3)(S). Principles of medical record technology, the professional organizations, medical record practitioners, and the content of the hospital chart.

HLTHINFO 120 INTRODUCTION TO COMPUTERS IN HEALTH SCIENCE (3-0-3)(F,S). Word processing, database management, spread sheet analysis, and graphical presentation of health science information. The acquisition of information on selected topics requiring the use of microcomputers in health information management and medical informatics.

HLTHINFO 200 HEALTH INFORMATION MANAGEMENT TOPICS (2-0-2)(S). Current health information management topics including transcription, data quality, and other information specific areas.

HLTHINFO 201 HEALTH INFORMATION I (3-0-3)(F). Preparation, analysis, preservation, and retrieval of health information manually and by computer. The value of this information to the patient, the doctor, and the community. PREREQ: HLTHINFO 115. COREQ: HLTHINFO 202.

HLTHINFO 202 HEALTH INFORMATION I LABORATORY (0-4-2)(F). Practice in the various methods of numbering, filing, and retrieving health records manually and by computer. COREQ: HLTHINFO 201.

HLTHINFO 203 HEALTH INFORMATION II (3-0-3)(S). Study the uses of coded data and health information in reimbursement and payment systems appropriate to health care settings and managed care. Introduce the principles of quality assessment and other resource management processes in order to collect and analyze data. PREREQ: HLTHINFO 201. COREQ: HLTHINFO 204.

HLTHINFO 204 HEALTH INFORMATION II LABORATORY (0-4-2)(S). Application of coded data in payment and reimbursement systems including DRG assignment. Application of quality assessment collection tools, data analysis, data reporting techniques. Application of resource management, case management tools, and utilization review. COREQ: HLTHINFO 203.

HLTHINFO 205 HEALTH DATA (3-0-3)(S). Collection and presentation of routine data for daily, monthly, and annual hospital statistical reports. Formulas, preparation of birth certificates, and abstracting data for the computer. PREREQ: PERM/INST.

HLTHINFO 207 CLINICAL CLASSIFICATION SYSTEMS (3-0-3)(F). Focus on coding and classifications systems to assign valid diagnostic and/or procedure codes. Principles and applications of coding systems will include those used in the computer based patient record, the validation of coded clinical information, and case mix/severity of illness data. PREREQ: PERM/INST.

Chapter 12 — Academic Programs and Courses

Department of Health Studies

HLTHINFO 208 CPT CODING AND ALTERNATIVE CARE RECORDS (2-0-2)(S). Coding principles and applications for statistical and reimbursement purposes utilizing Physicians' Current Procedural Terminology. PREREQ: HLTHINFO 207.

HLTHINFO 215 CLINICAL PRACTICE (0-V-2)(S). Students will complete directed clinical practice in health information areas of affiliated health care facilities for a total of 120 hours. (Pass/Fail.)

Upper Division

HLTHINFO 309 INTRODUCTION TO HEALTH DATA MANAGEMENT (3-0-3)(F/S). Issues of health database management. Includes medical data systems and software, patient information systems, health agency systems, case mix management systems, and other specialized health information systems. Special attention to current applications of database in health care delivery. PREREQ: HLTHINFO 120, CIS 104, CIS 105, CIS 106, EDTECH 202 or PERM/INST.

HLTHINFO 409 HEALTH DATA RESEARCH (3-0-3)(F/S). Applied research issues and procedures. Issues in health database management: research design, validity and reliability; data set design and manipulation, database security, and protection, retrieval programming, and statistical output. PREREQ: Upper-division standing and one of the following HLTHINFO 120, CIS 104-CIS 105-CIS 106, EDTECH 202, or PERM/INST.

HLTHINFO 493 HEALTH INFORMATION INTERNSHIP (1-4-3)(F/S). An internship in a health data area under the direction of a preceptor who is a practicing professional. Student keeps a record of experiences and discusses them at a weekly one-hour seminar. PREREQ: Upper-division standing; recommendation of faculty advisor; consent of instructor. (Pass/Fail).

Degree Requirements

Health Science Studies Bachelor of Science	
Course Number and Title	Credits
ENGL 101-102 English Composition	6
Area I — see page 39 for list of approved courses	
Area I core course in one field	3
Area I core course in a second field	3
Area I core course in a third field	3
Area I core course in any field	3
Area II — see page 40 for list of approved courses	
Area II core course in one field	3
Area II core course in a second field	3
Area II core course in a third field	3
Area II core course in any field	3
(Strongly recommended: PSYC 101, SOC 101, COMM 101)	
Area III — see page 40 for list of approved courses	
CHEM 111-112 College Chemistry OR CHEM 101-102 Essentials of Chemistry	8-9
MATH 147 Precalculus OR MATH 143-144 College Algebra and Analytical Trigonometry OR MATH 160 Survey of Calculus	4-5
BIOL 191-192 General Biology I-II OR BIOL 227-228 Human Anatomy and Physiology	8
HLTHST 101 Medical Terminology	3
HLTHST 202 Health Delivery Systems	3
HLTHST 207 Nutrition	3
HLTHST 413 Introduction to Health Law and Ethics	3
HLTHST 480 Epidemiology	3
Health science courses (3 courses from the following) HLTHST 109 Drugs: Use and Abuse HLTHST 217 Human Disease Mechanisms HLTHST 220 Cardiopulmonary Renal Physiology HLTHST 300 Pathophysiology HLTHST 304 Public Health Administration HLTHST 306 Applied Pharmacotherapeutics HLTHST 448 Counseling Techniques for Health Professionals HLTHST 464 Assessment of Alcohol and Drug Problems, Part I	9-10

— continued —

Health Science Studies (continued)

Statistics course chosen from: MATH 254 Applied Statistics with the Computer OR PSYC 295 Statistical Methods OR SOC 310 Elementary Social Statistics	3-4
Emphasis — select one: science or general health science Students should consider completing a formal minor to fulfill part of an emphasis.	39-41
Science emphasis (natural/physical/and mathematics) BIOL 205 Microbiology or BIOL 303 General Bacteriology BIOL 301 Cell Biology BIOL 310 Pathogenic Bacteriology BIOL 343/344 Genetics BIOL 412 General Parasitology BIOL 420 Immunology CHEM 211, 212 Analytical Chemistry I and Lab CHEM 317, 319-318, 320 Organic Chemistry and Lab CHEM 321, 324 Physical Chemistry CHEM 431, 432 Biochemistry with Laboratory COMPSCI 115 Introduction to C HLTHST 493 Internship HLTHST 498 Senior Seminar MATH 170, 171 Calculus I and Lab PHYS 111-112 General Physics PHYS 207 Biophysics ZOO 301 Comparative Anatomy ZOO 351 Vertebrate Embryology ZOO 400 Histology ZOO 401 Human Physiology ZOO 409 General and Comparative Physiology (Or other courses as approved by the advisor and department chair)	
General health emphasis ACCT 205 Introduction to Financial Accounting ACCT 206 Introduction to Managerial Accounting BIOL 205 Microbiology BIOL 300 Biology of Aging CHEM 317, 319-318, 320 Organic Chemistry and Lab COMM 356 Communication in the Small Group COMPSCI 115 Introduction to C ECON 201 Principles of Macroeconomics ECON 202 Principles of Microeconomics ECON or POLS 310 Public Finance ENGL 202 Technical Communication HLTHST 410 Health and Aging HLTHST 444 Alcohol/Drug Abuse and the Family HLTHST 493 Internship HLTHST 498 Senior Seminar MATH 170 Calculus I MGMT 301 Leadership Skills MGMT 305 Human Resource Management MKTG 301 Principles of Marketing KINES 270, 271 Applied Anatomy and Lab KINES 330, 331 Exercise Physiology and Lab KINES 370, 371 Biomechanics and Lab KINES 442 Consumer Health PHYS 111-112 General Physics POLS 303 Introduction to Public Administration PSYC 213 Psychology of Aging PSYC 301 Abnormal Psychology PSYC 309 Child Development PSYC 310 Adolescent and Adult Development PSYC 331 The Psychology of Health PSYC 335 Physiological Psychology SOC 325 Sociology of Aging SOC 340 Sociology of the Family SOC 390 Conflict Management OR COMM 390 Conflict Management SOCWRK 433 Aging: Social Policy and Programs (Or other courses as approved by the advisor and department chair.)	
Electives to total 128 credits	6-12
Total	128
NOTE: Health science students must earn at least a grade of C in all health (HLTHST) courses and all courses in their emphasis. Students who intend to apply to colleges of medicine, dentistry or veterinary medicine should consider taking CHEM 317, 318, 319, 320 and PHYS 111-112.	

Course Offerings

See page 52 for a definition of the course-numbering system.

HLTHST — HEALTH SCIENCE

Lower Division

HLTHST 100 INTRODUCTION TO HEALTH PROFESSIONS (1-0-1)(F). Various health disciplines and their clinical functions. Information on educational requirements, opportunities, and advancement for each discipline. Lectures by health faculty and guest speakers from the medical community. Orientation to health care in clinical facilities. (Pass/Fail).

HLTHST 101 MEDICAL TERMINOLOGY (3-0-3)(F/S). Introduction to Greek and Latin prefixes, suffixes, combining forms and roots used in medical terminology, as well as the study of anatomical, physiological, and pathological terms, clinical procedures, abbreviations, and lab tests according to systems of the body. Medical terminology is treated as a medical language and clinical application is stressed.

HLTHST 109 DRUGS: USE AND ABUSE (3-0-3)(F/S). An introductory course which deals with the basic medical, social, and psychopharmacological considerations related to the use of therapeutic and non-therapeutic (recreational) drugs.

HLTHST 143 (KINES 143) WEIGHT MANAGEMENT (1-0-1)(F/S). A health-focused approach to weight management is presented. Behavioral changes in the areas of nutrition and exercise are identified. Students engage in a behavior change project. May be taken for Kinesiology or Health Studies credit, but not both. (Pass/Fail).

HLTHST 144 (KINES 144) STRESS MANAGEMENT (1-0-1)(F/S). Exercises to help students identify the various sources of stress in their lives, expand their repertoire of appropriate stress management techniques, and develop an action plan for the effective management of stress. May be taken for Kinesiology or Health Studies credit, but not both. (Pass/Fail).

HLTHST 145 (KINES 145) FAMILY SKILL BUILDING STRATEGIES (1-0-1)(F/S). Identify and practice positive parenting skills that help build protective factors to reduce the risk that children will develop addiction/substance abuse problems. May be taken for Kinesiology or Health Studies credit, but not both. (Pass/Fail).

HLTHST 170 CONCEPTS OF NUTRITION (1-0-1)(F/S). Concepts of nutrition for health professionals. Focuses on nutrients, nutrition assessment, dietary guidelines, diet planning guides, dietary reference intakes, and the role of nutrition in health promotion and disease prevention. Students will complete a nutrition assessment.

HLTHST 202 HEALTH DELIVERY SYSTEMS (3-0-3)(F,S). Consideration of processes, professionals, politics, programs, laws, and institutions which are involved in the maintenance of health and treatment of disease.

HLTHST 207 NUTRITION (3-0-3). Study of fundamentals of nutrition as a factor in maintaining good health. Present day problems in nutrition are also discussed. Previous or concurrent enrollment in CHEM 101 and BIOL 227 is suggested.

HLTHST 213/413 INTRODUCTION TO HEALTH LAW AND ETHICS (3-0-3)(F,S). Study of the basic legal and ethical concepts considered to be essential in the care of clients by health providers, including informed consent, patient rights, and the role of professional codes of ethics. Upper-division students will complete extra assignments.

HLTHST 216 LABORATORY VALUES (1-0-1)(F). Introduction to the clinical significance of selected laboratory tests. PREREQ: PERM/INST.

HLTHST 217 HUMAN DISEASE MECHANISMS (3-0-3)(F). Introduction to the general principles of disease mechanisms: etiology, signs, symptoms, diagnoses, treatment and management of disease.

HLTHST 220 CARDIOPULMONARY RENAL PHYSIOLOGY (3-0-3)(F). Normal and clinical physiological functions of the pulmonary, circulatory and renal systems. PREREQ: BIOL 227-228.

HLTHST 255 INTRODUCTION TO THE FIELD OF ADDICTIONS (3-0-3)(F/S). Addictions, impact of drugs on society, treatment modalities, and career opportunities.

HLTHST 270 NUTRITION ACROSS THE LIFESPAN (1-0-1)(F/S). Overview of human nutrition throughout pregnancy, infancy, childhood, and adulthood. Current topics including feeding practices, weight management, fad diets, and nutritional supplements. Students will complete a case study. PREREQ: HLTHST 170.

Upper Division

HLTHST 300 PATHOPHYSIOLOGY (4-0-4)(F). Emphasis on dynamic aspects of human disease. Disruption of normal physiology and alterations, derangements, and mechanisms involved. PREREQ: CHEM 101 or equivalent and BIOL 227-228 or equivalent.

HLTHST 304 PUBLIC HEALTH ADMINISTRATION (3-0-3)(F/S). Functions of local, state, and federal health agencies, and factors which have an impact on agency programs. Those students registered for graduate credit will complete extra work. PREREQ: Upper-division standing and college of health science major or PERM/INST.

HLTHST 306 APPLIED PHARMACOTHERAPEUTICS (3-0-3)(F/S). Emphasis on use of drugs in relation to health and illness in any setting, on legal aspects, and on patient education. Students will be expected to use prerequisite information in pathophysiology to study drugs and their inter-system relationships. Fall offering, by computer-assisted program, is for RNs only. PREREQ: HLTHST 300 or PERM/INST.

HLTHST 410 HEALTH AND AGING (3-0-3)(F). Focuses on major health problems and issues of the elderly. Includes discussion of: 1) the continuity of care for the older person; 2) the organizations and personnel providing care; and 3) the agencies involved with licensure, certification, or other types of regulations for health care providers. Includes some discussion of nontraditional health centers for the older person, for example, work site, community, social organizations, and senior centers. PREREQ: Upper-division standing or PERM/INST.

HLTHST 431 QUALITY ISSUES IN HEALTH CARE (3-0-3)(F). The mind set, management, and improvement of quality, including the use of quality improvement tools and techniques to find and solve problems in the health care setting.

HLTHST 432 CRITICAL REVIEW OF HEALTH CARE RESEARCH (3-0-3)(S). Critically evaluate published literature and scientific basis for practice. Familiarity with using the Internet required. A background in statistics is useful, but not required.

HLTHST 433 DEATH AND DYING: A MODERN CONUNDRUM (2-0-2)(F). Provides participants with an opportunity to confront the complex reality of death, in their own lives, and in the lives of those they care most about. Includes an explanation of issues, such as fear(s) of death, pain management, suffering, and the role of technology. Looks at the ethical theory as it applies to the above issues, as well as some common myths and misperceptions about the law, medicine, and the ethics regarding death.

HLTHST 434 BEDSIDE BIOETHICS (3-0-3)(S). Discuss ideas, issues, and language in the ethics of health care. Provide a model to use in analyzing bioethical issues using case studies as a learning tool.

HLTHST 444 ALCOHOL/DRUG ABUSE AND THE FAMILY (3-0-3)(F,S). An examination of the effects of chemical abuse on the family system. Included are the roles family members assume to accommodate the chemically dependent person, and the financial and emotional costs to the entire family. Special attention is given to intervention and other treatment approaches.

HLTHST 448 COUNSELING TECHNIQUES FOR HEALTH PROFESSIONALS (3-0-3)(F). Topics to include interviewing and questioning techniques, client observation and influencing skills, and ethics. Special emphasis is given to confrontation techniques which can help break through the denial system of patients and help determine sound treatment plans. PREREQ: Upper-division or graduate standing.

HLTHST 464 ASSESSMENT OF ALCOHOL AND DRUG PROBLEMS, PART I (3-0-3)(F). Screening, assessment tools/procedures, and interventions for substance abuse. Legal, social, and health implications.

HLTHST 465 ASSESSMENT OF ALCOHOL AND DRUG PROBLEMS, PART II (3-0-3)(S). Emphasis on case management techniques. Continued legal, social, ethical and health implications. PREREQ: HLTHST 464 or PERM/INST.

HLTHST 466 COMPLEMENTARY MEDICINE (2-0-2)(F/S). Medical practices other than allopathic medicine, including Chinese and Indian medicine, guided imagery, naturopathy, and massage therapy. Explores the ethical, legal and policy issues surrounding these modalities. Current research on efficacy and consumer acceptance accompanies clinical demonstration of selected modalities, such as acupuncture and massage therapy.

HLTHST 480-480G EPIDEMIOLOGY (3-0-3)(F/S). Study of the distribution and determinants of disease within human populations. PREREQ: Upper-division standing and HLTHINFO 205 or MATH 254 or PSYC 295 or SOC 310, or PERM/INST.

HLTHST 493 PRE-PROFESSIONAL INTERNSHIP (Variable credit). Internship opportunities in health sciences are available through the department. PREREQ: Upper-division standing, cumulative GPA above 3.25, recommendation of faculty advisor, and PERM/INST. (Pass/Fail).

HLTHST 498-499 SEMINAR (1-0-1 or 2-0-2)(F/S). Presentation of selected health science topics under faculty direction.

Pre-Professional Studies

Advisors:

Glenda C. Hill, Health Science Riverside, Room 104 208 426-3832

e-mail: ghill@boisestate.edu

Sandra Quinn, Health Science Riverside, Room 102 208 426-2506

e-mail: squinn@boisestate.edu

http://hs.boisestate.edu/preprof/

Pre-professional studies is designed for students who need to have undergraduate studies prior to applying to a professional school, including students who have declared a major in pre-medicine, pre-dental, pre-dental hygiene, pre-dietetics, pre-occupational therapy, pre-optometry, pre-pharmacy, pre-physical therapy, pre-veterinary medicine, pre-chiropractic, pre-physician assistant, pre-speech therapy, or clinical laboratory science/medical technology.

In view of the specialized nature of each program, the student should seek regular counsel with the advisor who has been designated for his or her major field of interest.

Students need to be aware of deadlines established by professional schools and testing organizations. Admissions examinations (such as the Medical College Admission Test, Dental Admission Test, Pharmacy College Admission Test, the Veterinary College Admission Test, Allied Health Professions Admission Test, the Graduate Record Exam, etc.) must be taken at specific times. These examinations may or may not be administered on the Boise State campus. Deadlines for applying to professional schools vary yearly from school to school. Students are responsible for determining the specific deadlines and fees which pertain to their field of interest.

In addition to academic course work, the pre-professional studies students have opportunities to work in a clinical environment and observe at first hand the practice and delivery of health care through arranged internships. Qualified students may register for an internship. These students work and study in a clinical environment with a practicing physician, dentist, veterinarian, etc. To register for an internship, students must have upper-division standing, cumulative GPA above 3.25, approval of the advisor, and consent of the instructor. See the course description for HLTHST 493 Internship.

Information is available from advisors concerning state-supported tuition programs for qualified Idaho residents to professional schools outside the state of Idaho. These programs are:

1. WWAMI (Washington-Wyoming-Alaska-Montana-Idaho) for medical school
2. Idaho contract with the University of Utah for medical school
3. IDEP (Idaho Dental Education Program) for dental school
4. WOI (Washington-Oregon-Idaho) for veterinary medicine school
5. WICHE (Western Interstate Consortium of Higher Education) for schools of optometry.

Pre-Medical and Pre-Dental Information

Students planning on gaining admission to medical or dental school must successfully combine an academic major with the specific prerequisite requirements of the professional school they wish to attend. Most medical and dental schools provide substantial latitude in the academic majors that students may pursue at the baccalaureate level; for this reason, students are encouraged to select degrees other than the pre-medical or pre-dental degrees listed below. Students must work closely with their pre-medicine or pre-dental advisor to successfully and efficiently meet both the academic requirements of the major they select and the professional school requirements. Most medical/dental school applicants have earned a baccalaureate degree prior to acceptance into professional school. The prerequisite courses required by most medical/dental schools include, but are not limited to the following: ENGL 101-102 English Composition; CHEM 111-112 College Chemistry and Labs; BIOL 191-192 General Biology I-II; PHYS 111-112 General Physics; and CHEM 317, 318, 319, 320 Organic Chemistry with BIOL 301 Cell Biology and CHEM 431 Biochemistry highly recommended.

Students should consult either the *Medical School Admission Requirements* handbook or the *Admission Requirements of U.S. and Canadian Dental Schools* handbook for requirements specific to their professional school of interest.

Pre-Medical and Pre-Dental Advisor Information Students with general questions and pre-medical and pre-dental students should contact Glenda Hill, 208 426-3832, Health Science Riverside, Room 104, e-mail: ghill@boisestate.edu or Sandra Quinn, 208 426-2506, Health Science Riverside, Room 102, e-mail: squinn@boisestate.edu.

Degree Requirements

Pre-Dental or Pre-Medical Studies Bachelor of Science

Course Number and Title	Credits
ENGL 101-102 English Composition	6
Area I — see page 39 for list of approved courses	
Area I core course in one field	3
Area I core course in a second field	3
Area I core course in a third field	3
Area I core course in any field	3
Area II — see page 40 for list of approved courses	
PSYC 101 General Psychology	3
Area II core course in a second field	3
Area II core course in a third field	3
Area II core course in any field	3
Area III	
Area III requirements are automatically met by specific courses included in the major requirements below.	
BIOL 191-192 General Biology I-II	8
BIOL 301 Cell Biology	3
BIOL 343, 344 Genetics with or without Lab	3-5
BIOL 351 Developmental Biology	4
CHEM 111-112 College Chemistry	9
*CHEM 317, 318, 319, 320 Organic Chemistry and Labs	8-10
MATH 147 Precalculus OR	5
MATH 143-144 College Algebra and Analytical Trigonometry	
MATH 160 Survey of Calculus OR	4
MATH 170 Calculus I	
PHYS 111-112 General Physics	8
ZOOL 301 Comparative Anatomy	4
Biology Option	
BIOL 303 General Bacteriology	4
CHEM 431, 432 Biochemistry with or without Lab	3-4
ZOOL 400 Vertebrate Histology	4
ZOOL 401 Human Physiology OR	4
ZOOL 409 General and Comparative Physiology	
**Electives to total 128 credits	18-22
Total	128
Chemistry Option	
CHEM 321, 322, 323, 324 Physical Chemistry	8
CHEM 411 Analytical Chemistry II	4
CHEM 431, 432 Introduction to Biochemistry OR	4-5
CHEM 211, 212 Analytical Chemistry I and Lab	
CHEM 496 Chemistry Independent Studies	2
CHEM 499 Chemistry Seminar	2
MATH 175 Calculus II	4
MATH 275 Multivariable and Vector Calculus	4
*Electives to total 128 credits	4-9
Total	128
* Pre-dental students must earn at least 8 credits. Pre-medical students must earn at least 10 credits. ** Additional upper-division credits so that upper-division credits total at least 40.	

Pre-Veterinary Medicine

Advisors:

Glenda C. Hill, Health Science Riverside, Room 104 208 426-3832

Sandra Quinn, Health Science Riverside, Room 102 208 426-2506

http://hs.boisestate.edu/preprof/

The states of Idaho and Washington have an agreement under which a number of places in the Washington State University School (WSU) of Veterinary Medicine are guaranteed each year to qualified Idaho residents. Idaho residents who plan on veterinary medicine as a career should satisfy the entrance requirements for the WSU School of Veterinary Medicine. Students should seek regular counseling from the pre-veterinary medicine advisor. Student must maintain either at least 3.20 overall GPA, at least 3.30 GPA the last

45 credits, and at least a 3.30 GPA in the prerequisite core requirements. Candidates with the greater depth and breadth of academic background are given preference by WSU.

Students should take either the Graduate Record Examination (GRE) in the summer of the year in which they apply to enter the WSU School of Veterinary Medicine.

Veterinary medicine is an animal-oriented profession; therefore, an applicant's experience in working with animals and an understanding of the veterinary profession are viewed by professional schools' admissions committees as important considerations in the selection process.

Pre-Veterinary Medicine Bachelor of Science	
Course Number and Title	Credits
ENGL 101-102 English Composition	6
Area I — see page 39 for list of approved courses	
Area I core course in one field	3
Area I core course in a second field	3
Area I core course in a third field	3
Area I core course in any field	3
Area II — see page 40 for list of approved courses	
Area II core course in one field	3
Area II core course in a second field	3
Area II core course in a third field	3
Area II core course in any field	3
Area III	
Area III requirements are automatically met by specific courses included in the major requirements below.	
BIOL 191-192 General Biology I-II	8
BIOL 301 Cell Biology	3
BIOL 303 General Bacteriology	4
BIOL 343 Genetics	3
CHEM 111-112 College Chemistry	9
CHEM 317, 318, 319, 320 Organic Chemistry and Labs	10
CHEM 431, 432 Biochemistry	4
MATH 147 Precalculus OR MATH 143-144 College Algebra and Analytical Trigonometry	5
MATH 160 Survey of Calculus OR MATH 170 Calculus I	4
PHYS 111-112 General Physics	8
Upper-division electives to total 40 credits	26
Electives	14
Total	128

NOTES: WSU now requires one semester each of algebra and trigonometry, organic chemistry, statistics, and general physics. However, two semesters are still needed to satisfy Boise State degree requirements.

Nondegree Programs

Advisors:

Glenda C. Hill, Health Science Riverside, Room 104 208 426-3832
Sandra Quinn, Health Science Riverside, Room 102 208 426-2506
<http://hs.boisestate.edu/preprof/>

A number of health-related nondegree programs are available at Boise State. Each is described below.

Pre-Chiropractic

Advisors:

Glenda C. Hill, Health Science Riverside, Room 104 208 426-3832
Sandra Quinn, Health Science Riverside, Room 102 208 426-2506
<http://hs.boisestate.edu/preprof/>

The 3-year pre-chiropractic program satisfies the minimum requirements of most chiropractic institutions in the country. Students must earn a minimum of 90 credits and maintain a minimum 2.50 GPA for consideration by chiropractic schools. Internships are available with local chiropractors; for more information, see the course description for HLTHST 493 Internship.

Pre-Chiropractic	
Course Number and Title	Credits
ENGL 101-102 English Composition	6
PSYC 101 General Psychology	3
Area II core course in social science	3
Humanities or social science electives	12
BIOL 227-228 Human Anatomy and Physiology	8
CHEM 111-112 College Chemistry	9
CHEM 317, 318, 319, 320 Organic Chemistry and Lab	10
MATH 147 Precalculus MATH 143-144 College Algebra and Analytical Trigonometry	5
PHYS 111-112 General Physics	8
Additional course work (see advisor)	26
Total	90

Suggested electives: BIOL 205, COMM 101, GENBUS 101, HLTHST 101, HLTHST 202, HLTHST 207, HLTHST 493, ZOO 301.

Pre-Dietetics

Advisor: Dr. Elaine M. Long

Telephone 208 426-3260

Health Science Riverside, Room 106

<http://hs.boisestate.edu/preprof/>

Pre-Dietetics	
Course Number and Title	Credits
ENGL 101-102 English Composition	6
Area I core courses	6
ECON 201 Principles of Macroeconomics OR ECON 202 Principles of Microeconomics	3
PSYC 101 General Psychology	3
SOC 101 Introduction to Sociology	3
ACCT 205 Introduction to Financial Accounting	3
BIOL 205 Microbiology	4
BIOL 227-228 Human Anatomy and Physiology	8
CHEM 101-102 Essentials of Chemistry	9
ENGL 202 Technical Communication	3
HLTHST 207 Nutrition	3
MATH 108 Intermediate Algebra	4
MATH 254 Applied Statistics with the Computer	4
Elective (consult with your advisor)	6
Total	65

Pre-Dental Hygiene

Advisors:

Glenda C. Hill, Health Science Riverside, Room 104 208 426-3832
Sandra Quinn, Health Science Riverside, Room 102 208 426-2506
<http://hs.boisestate.edu/preprof/>

A career in dental hygiene requires either an associate degree or a bachelor of science degree in dental hygiene. Students may take the first two years of general education courses at Boise State and then apply for admission to professional school. The program suggested here is based upon the prerequisites at Idaho State University. Students should consult an advisor and pattern their program at Boise State on the requirements of the specific professional school to which they expect to apply.

Pre-Dental Hygiene	
Course Number and Title	Credits
ENGL 101-102 English Composition	6
Area I core courses (Select with advisor)	6
COMM 101 Fundamentals of Speech Communication	3
PSYC 101 General Psychology	3
SOC 101 Introduction to Sociology	3
Area II core (history, economics, or anthropology)	3

— continued —

Chapter 12 — Academic Programs

Department of Health Studies

Pre-Dental Hygiene (continued)

BIOL 100 Concepts of Biology	4
BIOL 205 Microbiology	4
BIOL 227-228 Human Anatomy and Physiology	8
CHEM 101-102 Essentials of Chemistry	9
HLTHST 207 Nutrition	3
MATH 108 Intermediate Algebra OR MATH 147 Precalculus OR MATH 143-144 College Algebra and Analytical Trigonometry	4-5
MATH 254 Applied Statistics with the Computer	4
Total	60-61
NOTE: Students should take Dent 201 Principles of Dental Hygiene (a 2 credit correspondence course from ISU) in their sophomore year.	
HLTHST 100 Introduction to the Health Professions (1 credit) is highly recommended.	

Pre-Clinical Laboratory Science/ Medical Technology

Advisors:

Glenda C. Hill, Health Science Riverside, Room 104 208 426-3832
Sandra Quinn, Health Science Riverside, Room 102 208 426-2506
<http://hs.boisestate.edu/preprof/>

Clinical laboratory scientist/medical technologists perform many routine and specialized tests in the clinical laboratory to develop data for use in determining the presence and extent of disease, as well as implications as to the cause of disease. Clinical laboratory scientist/medical technologists work in areas of hematology, serology and immunology, chemistry, blood banking, microbiology and parasitology, urinalysis, histology, and cytology.

To become a certified clinical laboratory scientist/medical technologists candidates must have:

- Graduated from an accredited college or university with a bachelor's degree in medical technology, or graduated with a bachelor's degree with a major in one of the biological or chemical sciences and completed at least one year of approved laboratory experience.
- Completed at least 90 semester hours or 135 quarter credit hours in an accredited college. This can include junior college credit and must include 40 semester hours or 60 quarter hours in those disciplines that comprise clinical laboratory scientist/medical technologists. In addition, applicant must complete at least one year of approved laboratory experience. This route is valid only if the program awarded a baccalaureate degree or if the individual has otherwise earned a B.S. degree.

A criterion for admission to many professional schools of clinical laboratory scientist/medical technologists is a bachelor of science degree. The bachelor of science degree in Health Science Studies or Biology (Microbiology, Molecular and Cell Biology, or CLS emphasis) usually satisfies this requirement. Other clinical laboratory scientist/medical technologists programs have specific prerequisite requirements, but do not require a bachelor's degree prior to admission.

The only clinical laboratory scientist/medical technologists program within Idaho is located at Idaho State University. ISU strongly recommends that applicants earn a bachelor's degree in a related science area (Biology/Microbiology/Health Science Studies) prior to entry into their program.

Although prerequisite requirements vary for each clinical laboratory scientist/medical technologists program, common prerequisite course work may include: College Chemistry (note prerequisite math requirements), Organic Chemistry, General Biology, Microbiology, and General Physics. Other related elective courses may include: Cell Biology, Immunology, Pathogenic Bacteriology, Biochemistry, Human Physiology, Parasitology, Histology, Genetics, Quantitative Analysis, and statistics. Students are encouraged to work closely with their academic advisor for appropriate course selection.

Pre-Occupational Therapy

Advisors:

Glenda C. Hill, Health Science Riverside, Room 104 208 426-3832
Sandra Quinn, Health Science Riverside, Room 102 208 426-2506
<http://hs.boisestate.edu/preprof/>

Occupational therapy schools differ considerably in their pre-professional requirements. A minimum of two pre-professional years is required, with

completion of an undergraduate degree required to enter the only OT program in Idaho – at Idaho State University. A student interested in this career is advised to consult the advisor, determine which of the several schools would be the student's choice, and pattern the pre-professional curriculum in line with the requirements of the desired schools.

Pre-Occupational Therapy

Course Number and Title	Credits
ENGL 101-102 English Composition	6
Area I core courses (determined by professional school or degree choice)	6-12
COMM 101 Fundamentals of Speech Communication	3
PSYC 101 General Psychology	3
SOC 101 Introduction to Sociology	3
Area II core course (determined by professional school or degree choice)	3-6
BIOL 100 Concepts of Biology OR BIOL 191-192 General Biology I-II	4 8
BIOL 227-228 Human Anatomy and Physiology	8
HLTHST 101 Medical Terminology	3
MATH 108 Intermediate Algebra OR MATH 147 Precalculus OR MATH 143-144 College Algebra and Analytical Trigonometry Depends on math requirements at professional school	4-5
PSYC 295 Statistical Methods or other statistics course	3
PSYC 301 Abnormal Psychology	3
PSYC 309 Child Development	3
Other recommended courses depend on the selected professional occupational therapy school. Frequently required prerequisites: CHEM 101, PHYS 111, ART 105, ART 106, ART 123, ART 225 or other applied art courses.	Varies
Total	Varies

Pre-Optometry

Advisors:

Glenda C. Hill, Health Science Riverside, Room 104 208 426-3832
Sandra Quinn, Health Science Riverside, Room 102 208 426-2506
<http://hs.boisestate.edu/preprof/>

Students interested in preparing for optometry training should take science courses and laboratories designed for science majors. Brief survey courses in the sciences will not prepare a student for the schools and colleges of optometry.

Although a minimum of two years of pre-optometry study is required, most students accepted by a school or college of optometry have completed a baccalaureate degree.

The requirements for admission to the schools and colleges of optometry vary. Students should write to the optometry schools of their choice for a list of specific courses. However, all optometric schools and colleges require at least two-three years of pre-optometric study, as shown below.

Pre-Optometry

Course Number and Title	Credits	
ENGL 101-102 English Composition	6	
BIOL 191-192 General Biology I-II	8	
BIOL 205 Microbiology	4	
BIOL 227-228 Human Anatomy and Physiology	8	
*CHEM 111-112 College Chemistry CHEM 317, 318, 319, 320 Organic Chemistry and Lab	9 10	
MATH 147 Precalculus OR MATH 143-144 College Algebra and Analytical Trigonometry	5	
*MATH 170 Calculus I	4	
PHYS 111-112 General Physics	8	
Total	63	
*Requirement varies with school		
Additional courses that may be needed for the pre-optometric program:		
Psychology	Differential Calculus	Comparative Anatomy
Philosophy	Art History	Statistics
Social Science	Analytic Geometry	Biochemistry
Literature	Integral Calculus	Physiology
Microbiology	Introduction to Theatre	Internship
Business courses		

Pre-Pharmacy

Advisors:

Glenda C. Hill, Health Science Riverside, Room 104 208 426-3832
Sandra Quinn, Health Science Riverside, Room 102 208 426-2506
<http://hs.boisestate.edu/preprof/>

Boise State students who wish to receive a Doctor of Pharmacy (Pharm. D.) usually plan to take their pre-professional courses at Boise State and then apply for admission to the College of Pharmacy at Idaho State University (ISU). The pharmacy program consists of two-three years of preparatory studies followed by four years in the College of Pharmacy at ISU. The curriculum outlined below is based on the minimum requirements of ISU. Students who intend to apply to pharmacy schools other than ISU are advised to consult the pre-pharmacy advisor and pattern their curriculum after that of the school to which they expect to transfer. The suggested English, Area I, and Area II credits apply toward the 30 semester credits required by the American Council on Pharmaceutical Education in oral and written communication, humanities, and social sciences. The Pharmacy College Admissions Test (PCAT) may be required.

Pre-Pharmacy	
Course Number and Title	Credits
ENGL 101-102 English Composition	6
Area I core courses	6-12
COMM 101 Fundamentals of Speech Communication	3
ECON 201 Principles of Macroeconomics OR	3
ECON 202 Principles of Microeconomics	3
Area II core course	3
*BIOL 191 General Biology I	4
BIOL 227-228 Human Anatomy and Physiology	8
BIOL 205 Microbiology	4
CHEM 111-112 College Chemistry	9
CHEM 317, 319-318, 320 Organic Chemistry and Labs	10
MATH 147 Precalculus OR	5
MATH 143-144 College Algebra and Analytical Trigonometry	
MATH 160 Survey of Calculus OR	4
MATH 170 Calculus I	
*PHYS 111 General Physics	4
Total	73-80
*varies depending on school Other suggested courses: HLTHST 101, CHEM 431, 433	

Pre-Physical Therapy

Advisors:

Glenda C. Hill, Health Science Riverside, Room 104 208 426-3832
Sandra Quinn, Health Science Riverside, Room 102 208 426-2506
<http://hs.boisestate.edu/preprof/>

The curriculum listed below is designed for students interested in a professional career in physical therapy. Physical therapy schools can differ significantly in their pre-professional requirements. Therefore, students interested in transferring to a physical therapy program should consult the advisor, determine physical therapy programs of interest, and pattern their specific pre-professional curriculum in line with these schools.

Because of the highly competitive nature of admittance into physical therapy programs, along with the transition to at least a master's entry-level physical therapy programs, **students should anticipate earning a baccalaureate degree before being accepted into a professional program.** As with medicine, physical therapy programs provide substantial latitude in the academic major selected at the bachelor's level.

The curriculum listed below indicates commonly required physical therapy prerequisites. Degree requirements, along with prerequisites specific to individual physical therapy programs of interest, will need to be added.

Pre-Physical Therapy

Course Number and Title	Credits
ENGL 101-102 English Composition	6
Area I (Refer to requirements of major and professional school requirements.)	12
COMM 101 Fundamentals of Speech Communication	12
PSYC 101 General Psychology	
SOC 101 Introduction to Sociology	
other Area II (Refer to additional requirements of major and professional school requirements.)	
BIOL 100 Concepts of Biology OR	4-8
BIOL 191-192 General Biology I-II	
BIOL 227-228 Human Anatomy and Physiology	8
CHEM 111-112 College Chemistry	9
MATH 147 Precalculus OR	5
MATH 143-144 College Algebra and Analytical Trigonometry	
PHYS 111-112 General Physics	8
PSYC 295 Statistical Methods or other statistics course	3
PSYC 301 Abnormal Psychology AND/OR	3
PSYC 309 Child Development	3
Total	70
Other suggested courses: CHEM 317, 319, BIOL 205, KINES 270, 271, KINES 330, 331, KINES 370, 371, Computer class, upper-division biology, core electives and other selected courses should be chosen with respect to meeting the requirements of the student's major and the school to which the student expects to transfer.	

Pre-Physician Assistant

Advisors:

Glenda C. Hill, Health Science Riverside, Room 104 208 426-3832
Sandra Quinn, Health Science Riverside, Room 102 208 426-2506
<http://hs.boisestate.edu/preprof/>

Physician assistants are taught at educational programs located primarily in university schools of medicine and allied health. Most physician assistant programs require 21 to 27 months to complete, although programs vary in length. Most programs require applicants to have completed a minimum of two-three years of college prior to admission and to have had previous health care experience. Most successful applicants to PA programs have earned a bachelors degree as many PA programs are at the graduate level.

Prerequisite course requirements vary from school to school. Students are encouraged to consult with their advisor, determine which physician assistant programs are of interest, and pattern their course work to fulfill these specific program requirements.

In order to be fully licensed in Idaho, physician assistants must have a baccalaureate degree. The health science studies degree (see department of health studies) is very compatible with the requirements of most physician assistant professional schools.

Pre-Physician Assistant

Course Number and Title	Credits
ENGL 101-102 English Composition	6
Area I (depends on requirements of professional school or degree choice)	6-12
Area II (depends on requirements of professional school or degree choice)	6-12

Chapter 12 — Academic Programs Department of Health Studies

Pre-Speech-Language Pathology

Advisors:

Glenda C. Hill, Health Science Riverside, Room 104 208 426-3832
Sandra Quinn, Health Science Riverside, Room 102 208 426-2506
<http://hs.boisestate.edu/preprof/>

The curriculum below reflects a partnership between Boise State University and Idaho State University in allowing students to complete a Bachelors degree in Speech-Language Pathology in Boise. Students must complete the two years of course work indicated below at Boise State and apply to the Idaho State undergraduate Speech Pathology Program-Boise Center. Upon acceptance to this competitive program, students can complete a bachelor's degree in preparation for further education at the graduate level. A master's degree is required for entry into the profession.

Pre-Speech-Language Pathology	
Course Number and Title	Credits
ENGL 101-102 English Composition	6
Area I core courses (select with advisor)	6
COMM 101 Fundamentals of Speech Communication	3
PSYC 101 General Psychology	3
Area II core course (select with an advisor)	6
BIOL 227-228 Human Anatomy and Physiology	8
SOC 230 Intro to Multi-Ethnic Studies	3
COMM 122 Introduction to Sign Language	3
ENGL 202 Technical Writing	3
MATH 108 Intermediate Algebra	4
MATH 254 Applied Statistics with Computers	4
PSYC 309 Child Development	3
PSYC 441 Psychology of Learning	3
Suggested electives: LING 305 Introduction to Language Studies	3
Other electives as selected with advisor	10-16
Total	68-74

NOTE: The preceding pathway meets the criteria to fulfill prerequisite requirements for entry into the ISU Speech-Language Pathology Program. The ISU general education core must be fulfilled.

Department of History

Albertsons Library, Room 192 Telephone 208 426-1255
<http://history.boisestate.edu/> Fax 208 426-4058

Chair and Professor: Peter Buhler. *Professors:* Jones, Odahl, Shallat, Zirinsky.
Associate Professors: Miller, Schackel, Woods. *Assistant Professor:* Barbour, Gill, Klein, Lubamersky, McClain.

Director of Graduate Studies and Associate Professor: Nicholas Miller.
Director of Classical Languages and Professor: Charles Odahl.
Director of Internships and Professor: Errol Jones.

Degrees Offered

- B.A. and Minor in History
- B.A. in History, Secondary Education
- M.A. in History (See the *BSU Graduate Catalog*.)
- Minor in Latin Languages and Literature
- Minor Certification Endorsement in Latin

Department Statement

The department of history offers two baccalaureate degree programs: history, bachelor of arts (45 hours of history) and history, secondary education, bachelor of arts (45 hours of history; 32-38 hours of state teacher certification requirements). The history, bachelor of arts degree helps students prepare for either graduate study in history or careers related to history; in addition, it provides a broad liberal arts training. The history, secondary education, bachelor of arts degree prepares students for teaching careers.

Students majoring in history, bachelor of arts, and history, secondary education, bachelor of arts are required to take 27 credits of upper division

history course work distributed as follows: a seminar of 3 credits, twelve credits in major field of emphasis, 6 credits in one minor field and 6 credits in another minor field. There are three history fields each representing one of the following geographic regions: 1) United States and Canada, 2) European, 3) regional history which includes Asia, Africa, Latin America, and the Middle East. (Note that HIST 291 Introduction to the Study of History is a department requirement and must be passed with a grade of 'C' or better). Specific requirements for each degree are listed below.

A history liberal minor consisting of 9 credit hours of lower-division history core courses, and 12 credit hours of upper-division history courses. This minor is available for students with majors outside of history.

A history minor certification endorsement consisting of 12 credits of lower-division history core courses, three credits of political science, and 12 credits of upper-division history is available for students with secondary education majors outside of history.

The department also offers course work in classical languages and literature, with a 29-hour academic minor in Latin language and literature and a 20-hour minor certification endorsement for teaching Latin in secondary schools.

Degree Requirements

History Bachelor of Arts	
Course Number and Title	Credits
ENGL 101-102 English Composition	6
Area I — see page 39 for list of approved courses	
Area I core course in literature	3
Area I core course in a second field	3
Area I core course in a third field	3
Area I core course in any field	3

HIST 121 Eastern Civilizations	3
*HIST 291 Introduction to the Study of History	3
*Must be completed with a grade of 'C' or better	
One year of college level foreign language in sequence Language equivalency required by the history department will be determined by the department of modern languages or the classical language program director.	8
History Seminar	3
Upper-division history major emphasis	12
Upper-division history minor field I	6
Upper-division history minor field II	6
Upper-division electives to total 40 credits	13
Electives to total 128 credits	12
Total	128

NOTE: Majors must have upper-division course work distributed between U.S., European, and regional history, with at least 12 hours in one area and at least 6 hours in each of the other two.

The History, Secondary Education program combines content knowledge, theories of learning and human development, study of curriculum, and methodology, to help students develop the knowledge, skills and dispositions essential for success in secondary school teaching. The program is grounded in the conceptual framework of reflective practitioner. Reflective practitioners adjust their teaching approaches and learning environment to the needs and

backgrounds of their students. Candidates who complete this program have demonstrated evidence of meeting the Idaho Beginning Teacher Standards and are eligible for recommendation for state certification.

Students wishing to pursue this degree must meet the requirements and standards for admission to teacher education, which are described fully under the Department of Curriculum, Instruction, and Foundational Studies or at <http://education.boisestate.edu>. Students must meet all knowledge, skill, and disposition requirements to remain in the program.

Chapter 12 — Academic Programs

Department of History

Course Offerings

See page 52 for a definition of the course-numbering system.

HIST — HISTORY

All History courses specifically required for the major are offered each semester allowing for some flexibility in student scheduling. **However, the Department strongly encourages history majors to take HIST 291 by the second semester sophomore year before taking any upper-division history courses.**

Lower Division

HIST 101 HISTORY OF WESTERN CIVILIZATION (3-0-3)(Area II). A political, economic, and cultural survey of western civilization from the earliest settled communities of the ancient Near East in the fourth millennium B.C. up through the cultural renaissance and religious reformation of western Europe in the sixteenth and seventeenth centuries of the Christian era.

HIST 102 HISTORY OF WESTERN CIVILIZATION (3-0-3)(Area II). A political, economic, and cultural survey of western civilization from the end of the religious wars of the seventeenth century up through the worldwide expansion of western culture in the twentieth century of the modern era.

HIST 111, 112 UNITED STATES HISTORY (3-0-3)(Area II). First semester: History of American civilization from Pre-Columbian days to 1877 with emphasis given to the development of the Union and expansion. Second semester: A survey of the significant factors influencing American development from the Civil War to the present, including the growth of American business and the emergence of the nation to a world power.

HIST 121 EASTERN CIVILIZATIONS (3-0-3)(F/S)(Area II). A topical and chronological historical survey of China and Japan. The course will introduce the philosophies, religions, cultures, and social patterns of China and Japan. Western intrusion (missionaries, trading companies, military personnel) into Asia, and the Asians' reactions to the West are included in this class. Other areas of Asia, including India, Korea, and Southeast Asia will be integrated into the class lectures and reading assignments.

HIST 201 PROBLEMS IN WESTERN CIVILIZATION (3-0-3)(F/S)(Area II). A study of selected historiographical problems the researcher encounters when interpreting the history of western civilization from ancient Near Eastern to early modern European times. Not open to students with credit in HIST 101. PREREQ: High school course in world history or related subject matter or PERM/INST.

HIST 202 PROBLEMS IN WESTERN CIVILIZATION (3-0-3)(F/S)(Area II). A study of selected historiographical problems the researcher encounters when interpreting the history of western civilization from early modern European times through the modern twentieth century. Not open to students with credit in HIST 102. PREREQ: High school course in world history or related subject matter or PERM/INST.

HIST 211 PROBLEMS IN U.S. HISTORY (3-0-3)(F)(Area II). Selected problems from colonial times through reconstruction following the Civil War. Not open to students who have completed HIST 111. PREREQ: High school history course or PERM/INST.

HIST 212 PROBLEMS IN U.S. HISTORY (3-0-3)(S)(Area II). Selected problems from the rise of industrialism after the Civil War to the present. Not open to students who have completed HIST 112. PREREQ: High school history course or PERM/INST.

HIST 251 HISTORY OF MULTICULTURAL AMERICA (3-0-3)(F/S)(Alternate years). An examination of America's multicultural history, with emphasis on how race and ethnicity have shaped American experience and identity.

HIST 291 INTRODUCTION TO THE STUDY OF HISTORY (3-0-3). An introduction to the study of history for liberal arts students, exploring the nature of the discipline, and dealing with practical problems of historical research and writing, including the applications of various methodological approaches to the analysis of data. Required of all history majors, prior to taking any upper-division history courses.

Upper Division

HIST 301 ANCIENT GREECE (3-0-3)(F/S)(Alternate years). A study of the ancient Greek world from the Minoan sea empire of the second millennium to the empire of Alexander the Great in the late fourth century B.C. Political, economic, and cultural history are emphasized with special attention given to the outstanding achievements of the Greeks in political and philosophical thought, epic and dramatic poetry, historical writing, and visual arts. PREREQ: HIST 101, PERM/INST

HIST 302 ANCIENT ROME (3-0-3)(F/S). A survey of Rome from its earliest beginnings under Etruscan tutelage through its late imperial phase in the fifth century of the Christian era. Emphasis on political and military developments, social and religious changes, outstanding personalities and literary, legal and artistic achievements. PREREQ: HIST 101 or PERM/INST.

HIST 303 EARLY CHRISTIANITY (3-0-3)(F/S)(Alternate years). A study of the rise and development of Christianity from its Jewish and Greek origins in the first century through its establishment and elaboration as the state religion of the late Roman empire in the fifth century. Doctrinal, ethical, organizational, liturgical, and aesthetic developments within the Christian movement, and the political, social, and cultural roles of the Church within the late empire are analyzed through the media of early Christian and contemporary pagan writings and artistic remains.

HIST 304 THE BYZANTINE EMPIRE (3-0-3)(F/SU)(Alternate years). A survey of the history and culture of the Byzantine Empire from the foundation of Constantinople by the Christian emperor Constantine in A.D. 330 to the final conquest of the empire by the Ottoman Turks in 1453. Provides a detailed study of the eastern Greek Orthodox imperial successor civilization to the ancient Roman empire, and its role in converting and civilizing the peoples of eastern Europe and Anatolia in the middle ages.

HIST 305 MEDIEVAL EUROPE (3-0-3)(F/S)(Alternate years). A survey of the political, religious, economic, and cultural development of Western Europe from the fourth to the fourteenth century. Special emphasis given to the Constantinian revolution, the rise and elaboration of monasticism, the Carolingian empire, feudalism and chivalry, the Gregorian papacy, and the outstanding cultural achievements of the twelfth century renaissance.

HIST 306 POPULAR RELIGION AND CULTURE IN EUROPE, 800-1600 (3-0-3)(F/S)(Alternate years). Study of how ordinary people in turbulent eras of European history bound themselves together for protection, community, and salvation through religious and social customs rich in ritual, symbolism, and tradition. PREREQ: HIST 101 and upper-division standing.

HIST 308 THE AGE OF RENAISSANCE AND REFORMATION (3-0-3)(F/S)(Alternate years). The connections between and the consequences of the Renaissance, the development of reformed religions, and the ideological clashes among Protestants and Catholics in European history between 1350-1650 are examined.

HIST 309 THE OLD REGIME AND THE FRENCH REVOLUTION (3-0-3)(F/S)(Alternate years). Cultural, economic, and social history of Europe in the seventeenth and eighteenth centuries, focusing upon continuity and change in the daily life of peasants, causes of discontent, and French Revolution as a defining moment in European history.

HIST 311 HISTORY OF IRELAND (3-0-3)(F/S)(Alternate years). The development of the concept of an Irish nationality, the effects of the long colonial relationship between Ireland and Great Britain, the struggle for Irish independence, the contemporary Ulster issue.

HIST 312 HISTORY OF ENGLAND TO THE GLORIOUS REVOLUTION (3-0-3)(F/S)(Alternate years). Survey of the political, economic, cultural and religious history of England from Roman antiquity to the Glorious Revolution of 1688.

HIST 313 HISTORY OF ENGLAND IN MODERN TIMES (3-0-3)(F/S)(Alternate years). Survey of the political, economic, cultural and religious history of England and the United Kingdom from the late seventeenth to the early twenty-firsts century.

HIST 314 MODERN FRANCE SINCE 1815 (3-0-3)(F/S)(Alternate years). Exploring the different ways in which the French people grappled with their revolutionary heritage and attempted to put "Liberty, Fraternity, Equality" into action. Recommended: HIST 102.

HIST 315 MODERN GERMANY: UNIFICATION AND REUNIFICATION (3-0-3)(F/S)(Alternate years). Germany from 1800 through the present, including the emergence of German nationalism, debates over what the German nation should mean, and the different "Germanys" that have existed over the past two centuries. Recommended: HIST 102.

HIST 317 THE HISTORY OF THE HAPSBURG MONARCHY, 1526-1918 (3-0-3)(S)(Alternate years). The Habsburg monarchy dominated the lands of Central and Eastern Europe from the sixteenth century to the end of the First World War. This course will examine the reasons for its long survival as well as the sources of its collapse.

HIST 318 THE HISTORY OF THE BALKANS SINCE 1453 (3-0-3)(S)(Alternate years). History of the southeast European region since 1453 and will evaluate Ottoman rule in the Balkan peninsula, the collapse of Ottoman authority, and the rise of the independent nation-states of Bulgaria, Serbia, Albania, Greece, and Romania.

HIST 319 EASTERN EUROPE SINCE THE SECOND WORLD WAR (3-0-3)(F)(Alternate years). Examines the history of Eastern Europe since the Second World War. The war itself, the communist takeover in Eastern Europe, and the overthrow of communist regimes will be the focus of the course.

HIST 320 HISTORY OF TSARIST RUSSIA (3-0-3)(F/S)(Alternate years). A survey of the political, economic, social and cultural history of Russia under the tsars from the late medieval period to the end of World War I.

HIST 321 HISTORY OF MODERN RUSSIA (3-0-3)(F/S)(Alternate years). A survey of the political, economic, social and cultural history of Russia from the early twentieth to the early twenty-first century, focusing upon its leadership of the Communist Soviet Union for seven decades, and its fate in the post Cold War era.

HIST 322 SAINTS AND SINNERS: WOMEN IN CHRISTIANITY (3-0-3)(F/S)(Alternate years). Exploration of female participation in the Christian faith as lay persons, nuns, scholars, saints, missionaries and social activists, and Church attitudes toward women from antiquity to the present.

HIST 323 THE HISTORY OF MARRIAGE AND THE FAMILY IN EUROPE (3-0-3)(F/S)(Alternate years). Institution of the family in Europe from medieval to modern times, including sexuality and contraception, marriage and family structures, childbirth and the raising of children. PREREQ: HIST 101 and HIST 102.

HIST 324 THE HISTORY OF WOMEN IN EARLY MODERN AND MODERN EUROPE (3-0-3)(F/S)(Alternate years). Explores evolving roles of European women as seen in the writings of contemporary women authors and in the analyses of modern social historians, examining the roles women created for themselves and the roles forced upon them by social norms.

HIST 325 HISTORY OF SOCIALISM (3-0-3)(F/S)(Alternate years). Survey of European egalitarian ideas and movements. Emphasis given to nineteenth and twentieth centuries.

HIST 331 EUROPEAN EXPLORATION OF NORTH AMERICA (3-0-3)(F/S)(Alternate Years). North American exploration from the pre-Columbian era through the late 19th century: imperial rivalries, economic interests, technological advances, the development of "modern" science, government-assisted expeditions, and the modern legacies of these processes are studied.

HIST 332 COLONIAL AMERICA (3-0-3)(F/S)(Alternate Years). The colonizing activities of Spain, France, and England in North America, and how the different political, social, economic, and cultural policies of each resulted in different legacies throughout modern America are studied. Special attention is given to the American Revolutionary War. PREREQ: HIST 111 or PERM/INST.

HIST 333 THE NATIONAL ERA, 1815-1848 (3-0-3)(S)(Alternate years). The development of American nationalism, the Era of Good Feelings, the emergence of Jacksonian democracy, Manifest Destiny, the beginnings of sectional rivalry, and the Mexican War. PREREQ: HIST 111 or PERM/INST.

HIST 334 CIVIL WAR AND RECONSTRUCTION (3-0-3)(F/S)(Alternate years). A study of the origins of the conflict between the states, the encounter, and the problems of reunification. PREREQ: HIST 111 or PERM/INST.

HIST 335 THE GILDED AGE (3-0-3)(S)(Alternate years). A study of United States history from 1877 to 1917, with emphasis upon industrial and concomitant social developments,

emergence as a world power, and national responses to these changes, culminating with the Progressive Movement and Woodrow Wilson's "New Freedom." PREREQ: HIST 112 or PERM/INST.

HIST 336 RECENT UNITED STATES, 1917 to Present (3-0-3)(S)(Alternate years). Versailles and post-war disillusionment, boom and bust of the 1920's, the Great Depression and FDR's New Deal, reappearance on the world scene, World War II and its aftermath. HIST 112 recommended.

HIST 337 UNITED STATES CONSTITUTIONAL HISTORY (3-0-3)(F)(Alternate years). A study of the origins, writing, and development of the American constitution with emphasis on the role of the Supreme Court. PREREQ: HIST 111, 112 or PERM/INST.

HIST 338 DIPLOMATIC HISTORY OF THE UNITED STATES (3-0-3)(F/S)(Alternate years). Development of diplomacy from the foundation of the republic to the present with emphasis on the emergence and continuance of the United States as a world power, and the impact of domestic developments upon the formulation of foreign policies. HIST 111, 112 recommended.

HIST 341 THE INDIAN IN UNITED STATES HISTORY (3-0-3)(F/S)(Alternate years). The history of Native Americans, and the development of U.S. Indian policy from colonial antecedents to modern times with selected tribal histories are covered. Special attention is given to a comparison of U.S. and Canadian policies.

HIST 342 WESTERN AMERICA (3-0-3)(F/S)(Alternate years). The frontier as a region in transit from the Atlantic seaboard to the Pacific coast, but largely the settlement and development of the Trans-Mississippi West. HIST 111 Recommended.

HIST 343 IDAHO AND THE PACIFIC NORTHWEST (3-0-3)(F/S)(Alternate years). Political, economic, and social development of the Pacific northwest with emphasis on the people, customs, and institutions of Idaho. HIST 111 recommended.

HIST 344 WOMEN IN AMERICA FROM THE COLONIAL ERA TO THE PRESENT (3-0-3)(F)(Alternate years). A survey of the changing roles, experiences and contributions of women to American history from the seventeenth century to the present. Emphasis on race, class, and ethnicity. Designed to introduce the student to some of the major issues in women's history and to understand how changes in women's lives are related to other changes in American history.

HIST 346 WOMEN IN AMERICA: THE WESTERN EXPERIENCE (3-0-3)(F/S)(Alternate years). Lives of women in the region west of the Mississippi from the early nineteenth to the early twenty-first century, dealing with how women of different classes and ethnic backgrounds interacted with one another and participated in the development of frontier culture and society.

HIST 347 AMERICA IN THE 1960s (3-0-3)(F/S)(Alternate years). Background, causes, character and impact of the "Sixties Era" on the United States and its citizens, focusing on the political, social and cultural movements of the era, the war in Vietnam, and debates over "freedom." Recommended: HIST 112.

HIST 348 AMERICAN RELIGIOUS HISTORY (3-0-3)(F/S)(Alternate years). Relationship between religion and American Culture from the colonial period to the present time, examining effects of politics, war, economics, gender, sexuality, and modernization have affected it. Recommended: HIST 111 and HIST 112.

HIST 351 NATURAL ENVIRONMENT IN U. S. HISTORY (3-0-3)(F)(Alternate Years). Examines various historical issues concerning American history and the natural world. Issues include cultural values related to philosophical and religious perspectives on the meaning of nature, the landscape's function in economic development, and forces that produced government policy. Considers the American environment as a vital facet of national identity.

HIST 361 COLONIAL LATIN AMERICA (3-0-3)(F)(Alternate years). A study of the development of distinctive Latin American societies through the fusion of late medieval Iberian with American and African cultures in Middle and South America, with emphasis upon the creation of colonial institutions in the context of Spain's and Portugal's imperial rise and decline and the early nineteenth century wars of independence. Recommended HIST 102.

HIST 362 MODERN LATIN AMERICA (3-0-3)(S)(Alternate years). An examination of Latin America in the aftermath of the wars of independence and the struggles for political and economic stability during the nineteenth century. Particular emphasis placed upon twentieth century socioeconomic change and the role of the United States in that process. Recommended: HIST 112.

HIST 363 HISTORY OF MEXICO (3-0-3)(F/S)(Alternate years). Cultural, social, political, and economic factors affecting the historical development of Mexico from pre-conquest times to the present, with emphasis upon the conquest era, the revolution, and post-revolutionary periods. Recommended: HIST 361.

HIST 366 HISTORY OF MODERN AFRICA; 1750-Present (3-0-3)(F)(Alternate years). History of the African continent from 1750 to the present with emphasis on the sub-Saharan regions, including the slave trade, its abolition, the pre-colonial eras, independence movements, and the emergence of the modern African state. Mediterranean, black, and white African states will be included.

HIST 368 THE ISLAMIC MIDDLE EAST (3-0-3)(F)(Alternate years). A history of the people, institutions, and culture of the Near and Middle East from Muhammad to the decline of the Ottoman and Safavid empires in the eighteenth century.

HIST 369 THE MODERN MIDDLE EAST (3-0-3)(S)(Alternate years). A history of the Near and Middle East during the nineteenth and twentieth centuries, the decline of the Ottoman empire, the breakdown of cosmopolitan Islam, and the rise of Turkish, Iranian, Arab, and Israeli nationalism. HIST 102 recommended.

HIST 371 HISTORY OF MODERN SOUTH ASIA: India, Pakistan and Burma from 1750 to the Present (3-0-3)(F/S)(Alternate years). The Mughal empire, its decline; the rise of British power, its social, political, and economic impact; South Asian reaction to British rule; the rise of nationalism and independence; and Indian and Pakistani history since 1947.

HIST 372 THE HISTORY OF MODERN SOUTHEAST ASIA (3-0-3)(S)(Alternate years). Examines Southeast Asian history from the middle of the nineteenth century to the present. The profound outside influences and the strength of the Southeast Asian indigenous world views are explored throughout the course.

HIST 373 THE HISTORY OF TWENTIETH CENTURY CHINA (3-0-3)(S)(Alternate years). China's transition from the Qing Dynasty (1912) to the Nationalist period (1928-1949) will introduce twentieth century China. The emphasis in this course will be on post World War II China and China's growth in the post-Mao Zedong era.

HIST 374 CRITICAL ISSUES IN MODERN ASIAN HISTORY (3-0-3)(F)(Alternate years). Examines how the historic rural/urban relations, gender issues, and interregional trade and conflict throughout Asia have changed since World War II.

HIST 375 LIVING RELIGIONS: A Comparative Historical Study (3-0-3)(F)(Alternate years). A comparative analysis of the major active religious traditions of the world, treating their historical development, philosophical foundations, and social and political ramifications, especially in modern times, with emphasis on Islam, Hinduism, Buddhism, Taoism, Shinto, Judaism, and Christianity. Recommended: HIST 121.

HIST 380 COLLOQUIUM IN EUROPEAN HISTORY (3-0-3). Intensive studies of a particular period, topic, or problem in American history. Reading and discussion format. Consult current class schedule for specific selections offered each term. May be repeated. PREREQ: Upper-division standing.

HIST 381 COLLOQUIUM IN U.S. HISTORY (3-0-3). Intensive studies of a particular period, topic, or problem in European history. Reading and discussion format. Consult current class schedule for specific selections offered each term. May be repeated. PREREQ: Upper-division standing.

HIST 382 COLLOQUIUM IN REGIONAL HISTORY (3-0-3). Intensive studies of a particular period, topic, or problem in regional history. Reading and discussion format. Consult current class schedule for specific selections offered each term. May be repeated. PREREQ: Upper-division standing.

HIST 417 (ECON 417) UNITED STATES ECONOMIC HISTORY (3-0-3)(F/S). Major factors in the economic growth and development of the United States from colonial times to the present. Particular emphasis is given to the interaction of economic factors and other aspects of American society. PREREQ: ECON 201 and ECON 202 or PERM/INST. May be taken for HIST or ECON credit, but not for both.

HIST 480 SEMINAR IN EUROPEAN HISTORY (3-0-3). Critical analysis of source materials and historical literature on a topic of restricted scope in American history. Preparation and presentation of research papers. Consult current class schedule for specific selections offered each term. Seminar may be repeated. PREREQ: Upper-division standing.

HIST 481 SEMINAR IN U.S. HISTORY (3-0-3). Critical analysis of source materials and historical literature on a topic of restricted scope in European history. Preparation and presentation of research papers. Consult current class schedule for specific selections offered each term. Seminar may be repeated. PREREQ: Upper-division standing.

HIST 482 SEMINAR IN REGIONAL HISTORY (3-0-3). Critical analysis of source materials and historical literature on a topic of restricted scope in regional history. Preparation and presentation of research papers. Consult current class schedule for specific selections offered each term. May be repeated. PREREQ: Upper-division standing.

HIST 498 HISTORY SEMINAR (3-0-3).

CLASSICAL LANGUAGES

GREEK — GREEK

Lower Division

GREEK 211 ELEMENTARY ANCIENT GREEK LANGUAGE and LITERATURE (3-2-4)(F)(Alternate years). An intensive introduction to the basic vocabulary, grammar, and syntax of ancient Greek with emphasis on comprehension of the nominal declension and verbal conjugation forms of the language; and a survey of classical Greek literature from the eighth to the fourth century B.C., with short reading passages excerpted from the ancient authors.

GREEK 212 ADVANCED ANCIENT GREEK LANGUAGE and LITERATURE (3-2-4)(S)(Alternate years). Second semester of the intensive introduction to the study of ancient Greek with emphasis on comprehension of the advanced grammatical forms and syntactical patterns of the language; and a survey of late classical and early Christian Greek literature to the fourth century A.D., with translations and analyses of extended passages from the ancient authors. PREREQ: GREEK 211.

LATIN — LATIN

Lower Division

LATIN 211 ELEMENTARY CLASSICAL LATIN LANGUAGE and LITERATURE (3-2-4)(F)(Alternate years). An intensive introduction to the basic vocabulary, grammar and syntax of classical Latin with emphasis on comprehension of the nominal declension and verbal conjugation forms of the language; and a survey of Roman republican literature with illustrative reading passages excerpted from the ancient authors. Recommended: HIST 302 Ancient Rome.

LATIN 212 ADVANCED CLASSICAL LATIN LANGUAGE and LITERATURE (3-2-4)(S)(Alternate years). Second semester of the intensive introduction to the study of classical Latin with emphasis on comprehension of the advanced grammatical forms and syntactical patterns of the language; and a survey of Roman imperial literature with translations and analysis of extended historical and literary texts from the ancient authors. PREREQ: LATIN 211, or a year of high school Latin.

Upper Division

LATIN 323, 323G EARLY CHURCH LATIN LITERATURE (2-2-3)(F)(Alternate years). Translation and analysis of selections from the major writings of the Latin Fathers of the early Church, such as Tertullian, Cyprian, Lactantius, Ambrose, Jerome and Augustine. Recommended: A year of college Latin and HIST 303 Early Christianity.

LATIN 324, 324G MEDIEVAL LATIN LITERATURE (2-2-3)(S)(Alternate years). Translation and analysis of selections from significant medieval Latin writers, such as the papal biographers, Egeria, Gregory of Tours, the Venerable Bede, Einhard, Pope Gregory VII, Fulcher of Chartres, Abelard and Jacques De Vitry. Recommended: A year of college Latin and HIST 324 Medieval Europe.

Chapter 12 — Academic Programs Department of History

LATIN 491, 491G ADVANCED LATIN TUTORIAL - AUGUSTAN AGE (2-2-3)(SU/F) (Alternate years). Translation and analysis of classical texts from authors of the "Golden Age of Latin Literature," such as Cicero, Caesar, Vergil, and Livy. Survey of materials and methods of teaching Latin in secondary schools. Recommended: HIST 481/581 European Seminar on Augustus and the Golden Age of Rome. PREREQ: PERM/INST.

LATIN 492, 492G ADVANCED LATIN TUTORIAL - CONSTANTINIAN ERA (2-2-3)(SU/F) (Alternate years). Translation and analysis of Christian texts from the Constantinian Era, such as imperial biographies, laws, letters, and creeds. Survey of materials and methods of teaching Latin in secondary schools. Recommended: HIST 481/581 European Seminar on Constantine and the Late Roman Empire. PREREQ: PERM/INST.

Honors College

Driscoll Hall

http://www.boisestate.edu/honors

e-mail: graymon@boisestate.edu

Telephone 208 426-1122

Fax 208 426-1247

Director and Professor: Dr. Gregory A. Raymond.

Activities Coordinator: Wendi Story-McFarland.

Statement of Purpose

The Honors College at Boise State University provides exceptional undergraduate students with a challenging interdisciplinary curriculum and a variety of co-curricular activities focusing on the environment. Open to majors from all academic fields, the goal of the college is to enrich their educational experience by creating a community of scholars in the midst of a large metropolitan university. By nourishing a close working relationship between honors students and some of Boise State's most acclaimed faculty members, the college encourages the spirited exchange of ideas among people who share a commitment to excellence.

Admission and Retention

The Honors College welcomes applications from students in all university departments. Admission to the college is based on an evaluation of the applicant's academic record. Both a 3.5 high-school GPA and a score at or above the 90th percentile on the combined portion of the ACT or SAT are required for students applying on the basis of high school graduation. A cumulative GPA of at least 3.5 for a minimum of 15 college credits is required for all others, including continuing students, transfers, and students whose admission to Boise State has not been based upon regular high school graduation and ACT or SAT scores.

A cumulative GPA of at least 3.3 is required for retention during the freshman year. After attaining sophomore standing, a cumulative GPA of at least 3.5 is a fixed requirement for retention in the Honors College. Any student whose GPA falls below the required minimum for his or her class standing for two consecutive semesters will be automatically dropped from the college. Students who complete no honors work for two consecutive semesters also will be withdrawn unless they can demonstrate, to the satisfaction of the Director, continuing progress toward the completion of Honors graduation requirements. Rare exceptions to Admission and Retention requirements may be granted by the upon written petition by the student, justifying the exception on the basis of other evidence of academic potential. The petition must be accompanied by a letter of support from a previous college instructor. Granting such an exception shall apply for one semester only; during that semester the student must achieve the minimum criteria for retention.

To apply, contact the Honors College Office, Driscoll Hall, or telephone 208 426-1122.

Honors Courses

Honors courses are designed to be thorough, rigorous, and, in some cases, unique offerings specially designed for Honors students. In many Honors courses a seminar format is used to encourage critical, creative thinking in a more personalized atmosphere.

All Honors courses are designated by Honors on a student's transcript, so graduate schools and employers can easily determine the extent of each student's academic involvement in the program.

Honors Course Descriptions The following courses are offered regularly. With approval of the University Curriculum Committee, the Honors Colloquium may satisfy certain core requirements.

HONORS 100, 200, 300, 400 SUMMER READING (1-3 credits)(F). An opportunity and incentive for students to continue their studies during the summer when they are away from campus and faculty. Students must select their area of interest, contact a faculty supervisor and coordinate through the Honors College Director concerning testing and credit for the work prior to the end of the spring semester. Students will register during fall registration and will complete written and oral testing as required no later than October 15 in order to receive a letter grade.

HONORS 198, 298, 398, 498 HONORS SEMINAR (1 credit)(F/S). Small group discussion of issues built around a specific theme. Because themes change from semester to semester, seminar may be repeated. Consult current *Schedule of Classes* for specific seminars offered each semester.

HONORS 391 PROSPECTUS PREPARATION FOR SENIOR HONORS PROJECT (1 credit)(F/S). The student will prepare a prospectus for the Senior Honors Project, consisting of three parts: a description of the proposed project, a preliminary bibliography, and a topical or procedural outline.

HONORS 392 HONORS COLLOQUIUM (3 credits)(F/S). Interdisciplinary studies of selected topics. Because the topics change from semester to semester, colloquium may be repeated. Consult current *Schedule of Classes* for specific topics offered each semester.

HONORS 491 SENIOR HONORS PROJECT (3 credits)(F/S). A Senior Honors Project is required of all students wishing to graduate with honors or distinguished honors. Such a project will be the result of significant individual effort by the student, with appropriate faculty supervision. The project may involve library, laboratory, or field work; or maybe a creative activity if appropriate to the discipline as determined by the department involved and the director of the Honors College.

In addition to these courses, various academic departments offer honor sections of Area I, II, III core courses.

Honors Graduation

Honors/Distinguished Honors Requirements

Course Number and Title	Credits
HONORS 198 or 298 Honors Seminar	1
HONORS 391 Prospectus Writing for Senior Honors Project	1
HONORS 491 Senior Honors Project	3
A minimum of 15 credit hours selected from any combination of honors sections of English composition and Area I, II, and III core courses	15
Students who have completed most or all of their composition and core courses before entering the program must consult with the program director for approval of alternative ways of fulfilling this requirement. With written approval other honors courses may be counted toward these 15 credits.	
A minimum of 6 credit hours selected from HONORS 392 Honors Colloquia	6
Total	26

To graduate with honors, a student must have a cumulative undergraduate GPA of 3.5 in addition to meeting the requirements listed above.

Distinguished Honors may be granted to a student whose cumulative undergraduate GPA is at least 3.75 and whose records of academic and co-curricular activities indicate outstanding performance in both areas. Co-curricular activities may include, but are not limited to: publication of undergraduate work, presentations at regional or national conferences, and outstanding service in the Honors Student Association. In selecting students for graduation with Distinguished Honors, particular attention will be given to evidence that a student has demonstrated independence and initiative in pursuing academic goals.

Additional Academic Opportunities

The Honors College is both directly and indirectly involved in several other programs that benefit its students, including independent study and internships. In addition, it provides summer fellowships for students who wish to conduct study abroad or research.

While the Honors College aims at enrichment more than acceleration, an honors student may graduate in less than the usual four years through advanced placement, summer reading, and extra courses.

Scholarships

Several renewable Brown Honors Scholars awards in amounts worth up to \$14,000 are available each year for incoming honors students. The college also has various other scholarships for transfer and continuing students. The honors staff assists students in applying for prestigious graduate and undergraduate scholarships such as the Rhodes, Marshall, and Truman.

Telephone 208 426-1414
Fax 208 426-3006

Director: Martin Schimpf, Ph.D.

The Bachelor of Arts and Bachelor of Science Degrees in Interdisciplinary Studies are offered by Boise State University and administered by the College of Arts and Sciences.

The purpose of this degree program is to permit students to assume responsibility for developing a plan of study with a theme that suits their individual interests and particular needs. Students formulate their own plans of study by using both intercollege and interdepartmental combinations of courses that will provide either a specialized or broad pattern of educational experience. Plans of study that focus on work in a single department or follow an established interdisciplinary major are excluded from the interdisciplinary studies degree. Though the bachelor's degrees are not designed as vocational or pre-professional programs, students may wish to develop plans of study that will prepare them for graduate study in a specific subject or for teaching in secondary education.

The associate dean of the College of Arts and Sciences serves as the director of the Interdisciplinary Studies Program. Overseeing the program is a university-wide Interdisciplinary Studies Committee consisting of one member from each academic school or college. The director of Interdisciplinary Studies serves as the chair of that committee. Each student in the program has an Advisory Committee composed of at least two, but not more than three faculty members from the disciplines making up the interdisciplinary program. The student's Advisory Committee is responsible for helping the student select his or her particular plan of study and recommends to the Interdisciplinary Studies Committee that the plan of study be accepted. The Interdisciplinary Studies

Committee is responsible for approving the members of the student's Advisory Committee, the student's plan of study, and the student's prospectus for the final project.

Students may withdraw from the program by presenting a letter of notification or by taking appropriate action to enter a program leading to another degree.

Admission Requirements

General admission to the university is required but does not guarantee admission to the Interdisciplinary Studies Program. To apply for admission to the Interdisciplinary Studies Program, an undergraduate must satisfy the following prerequisites:

1. Completion of at least 30 credit hours with a minimum GPA of 2.75.
2. Completion of the university's general English Composition requirement.
3. Completion with a "C" or better of at least one university core course in each of areas I, II, III.

An applicant who satisfies these prerequisites will be admitted to the program and allowed to pursue a baccalaureate degree in Interdisciplinary Studies upon having successfully completed the following application process:

1. Consultation with the program director about the intended plan of study and confirmation by the director that the above prerequisites have been satisfied.
2. Selection by the student and preliminary approval by the program director of an Advisory Committee consisting of at least two, but not more than three faculty members.
3. Submission of a degree proposal and approval of that proposal by the Interdisciplinary Studies Committee. The proposal must include the following:
 - a. a completed Personal Data form.
 - b. a completed Degree Plan, which lists courses to be included in the proposed interdisciplinary major, which satisfies degree requirements listed below for either the B.A. or B.S. in Interdisciplinary Studies, and which has been signed by all members of the proposed faculty Advisory Committee. The proposed interdisciplinary major must include at least 48 credit hours, 30 of which remain to be completed at the time of application.
 - c. a three-page Statement of Justification which (1) states intellectual, professional, or vocational reasons for requesting entry into the program, and (2) explains why established majors at Boise State do not meet the applicant's needs.
 - d. justification of the selection of courses in relation to the conception of the individualized program of study as a whole.

Advisory Committee

The student's Advisory Committee shall be selected by the student with the approval of the university-wide Interdisciplinary Studies Committee. The Advisory Committee shall consist of at least two, but not more than three members chosen from disciplines relevant to the student's program of study. The Advisory Committee shall have responsibility for approving the student's proposed program of study and prospectus for the final project, and for recommending acceptance of both of these to the Interdisciplinary Studies Committee.

Interdisciplinary Studies Senior Project

A prospectus of the senior Interdisciplinary Studies Senior Project must be submitted to the director of the program by October 1st or March 1st of the semester prior to doing the senior project. The prospectus will be prepared under the direction of the student's Advisory Committee and will state the project's topic, its hypothesis or goal, and the activities to be carried out; it will also clearly reveal how the project is related to the approved plan of study as a whole. The student will enroll for the project during the senior year under the Interdisciplinary Studies number INTDIS 491 Project. The project prospectus must be approved by the Interdisciplinary Studies Committee prior to registration for INTDIS 491 (which requires approval by the IDS program director). The student is expected to consult on a regular basis with Advisory Committee members during the process of completing the project. The project is also expected to result in a written report, essay, or thesis which will be submitted to the Advisory Committee members and to the program director. Upon completion of the project and written report, essay, or thesis, the chair of the Advisory Committee will, after consultation with other Advisory Committee members, assign a letter grade.

Chapter 12 — Academic Programs Interdisciplinary Studies Program

Interdisciplinary Studies Bachelor of Arts or Bachelor of Science	
Course Number and Title	Credits
ENGL 101, 102 English Composition	6
Area I — see page 39 for list of approved courses	
Area I core course in one field	3
Area I core course in a second field	3
Area I core course in a third field	3
Area I core course in any field (B.A. must complete three credits of Area I core literature.)	3
Area II — see page 40 for list of approved courses	
Area II core course in one field	3
Area II core course in a second field	3
Area II core course in a third field	3
Area II core course in any field (B.A. must complete three credits of Area II history.)	3
Area III — see page 40 for list of approved courses	
Area III core course in mathematics	3-5
Area III core course in a second field	4
Area III core course in any field	4
Bachelor of Arts Area I or II electives	
Area I or II electives These courses do not have to be selected from the approved core list, but are to be chosen from anthropology, art, communication, criminal justice administration, economics, education, foreign language, geography, history, humanities, literature, music, philosophy, political science, psychology, social work, sociology, and theatre arts.	9
Bachelor of Science Area II or III electives	
Area II or III electives These courses do not have to be selected from the approved core list, but are to be chosen from anthropology, biology, chemistry, communication, criminal justice administration, economics, education, engineering, geography, geology, history, mathematics, physical science, physics, political science, psychology, and social work, and sociology.	9
INTDIS 491 Project: in completing the project, you must draw critically from two or more disciplines you have studied and integrate disciplinary insights you have gained.	3
Major: At least two fields must be represented. No more than 30 credits from the College of Business and Economics, or from any one department may be included.	45
Upper-division electives to total 40 credits Credits from all 300- and 400-level courses, whether elective or required, are applicable. The number in the right-hand column is an estimated number of additional upper-division credits that may be needed to satisfy this requirement.	0-17
Electives to total 128 credits The number in the right-hand column is an estimated number of remaining elective credits that can be taken at either upper- or lower-division level.	2-21
Total	128

Course Offerings

See page 52 for a definition of the course-numbering system.

INTDIS — INTERDISCIPLINARY STUDIES

Upper Division

INTDIS 491 PROJECT (3-0-3) (F/S). The prospectus will be prepared under the direction of the student's Advisory Committee and will state the project's topic, its hypothesis or goal, and the activities to be carried out; it will also clearly reveal how the project is related to the approved plan of study as a whole.

Degrees Offered

- B.B.A., B.A., B.S. and Minor, in International Business

Program Statement

The International Business Degree combines business, history, political science, and language courses to provide students with a strong interdisciplinary degree. As INTBUS graduates often initially enter their careers in positions requiring expertise in one or more traditional business areas (e.g. marketing, management, finance, ...) studying an additional business area as a minor or second degree will make graduates more attractive to employers.

The 24-credit INTBUS minor is offered for business students who seek more specialized courses in the international area. To obtain the INTBUS minor, nonbusiness students must also complete additional general requirements for a business minor.

Academic advisors come from the International Business Program as well as from departments throughout the College of Business and Economics, with experience and expertise in a number of different disciplines. Students may choose an advisor that matches their interests.

INTBUS majors are encouraged to participate in work or travel opportunities offered through the program or in conjunction with other programs in the university or business community. Such programs include studies abroad and internships, both domestic and foreign.

Students intending to major in INTBUS are strongly encouraged to consult an advisor early. Contact the IBP office.

International Business Bachelor of Business Administration	
Course Number and Title	Credits
ENGL 101-102 English Composition	6
Area I — see page 39 for list of approved courses	
**** Language 201-202	8

Course Offerings

See page 52 for a definition of the course-numbering system.

Upper-division courses in the international business consortium and programs (those with a course number 300 or higher) provide higher-level instruction to students who have the skills necessary to perform at this level. In addition to fulfilling the specific prerequisites listed and meeting the general university requirements for junior standing, every student admitted to a course is expected to communicate clearly and correctly so that assignments such as term papers and presentations can be completed effectively, to organize and solve problems using the techniques of intermediate level high school algebra, to use a microcomputer for simple word processing and spreadsheet applications.

INTBUS — INTERNATIONAL BUSINESS

INTBUS 320 MANAGING IN A GLOBAL ECONOMY (3-0-3)(F). An overview of (1) the international business environment facing business firms, whether engaged in business overseas or not; (2) country characteristics and conditions affecting firms that conduct business overseas; and (3) firm-level decisions about strategy, entry into overseas markets, and functional areas including marketing, finance and personnel.

INTBUS 440 CULTURES, COMMUNICATION, AND GLOBAL BUSINESS (3-0-3)(S). Defines both culture and communication broadly and explores their influence on the conduct of

business in the international arena. Includes linkages between culture and communication in general; and specifically, the impact of dimensions such as education, language, historical experience, social structure, and diplomatic relations on bilateral and international trade.

INTBUS 443 IMPORTING AND EXPORTING PROCEDURES (3-0-3)(F). Focusing on exporting and importing, this course offers practical experience in international trade. Specifically, the course will cover payment and financial procedures, export procedures and documents, shipment methods, counter trade, and resources available for importers and exporters. PREREQ: INTBUS 320.

INTBUS 444 INTERNATIONAL MANAGEMENT SIMULATION (3-0-3)(S). The course uses a computer-simulated business game to provide teams of students the opportunity to learn how firms from Japan, the U.S., and Germany compete in a global economy. PREREQ: INTBUS 320.

INTBUS 445-445G INTERNATIONAL TRADE AND INVESTMENT LAW (3-0-3)(S). The law and policy of international economic institutions (e.g., World Trade Organization, NAFTA), national government regulation and private law affecting international transactions in trade in goods, services, technology, and investment. Also selected issues in U. S. foreign/trade policy and ethical/social responsibility. PREREQ: Senior standing or PERM/INST.

INTBUS 455 SENIOR SEMINAR IN GLOBAL STRATEGY (3-0-3)(S). This capstone course for international business majors will help students integrate material learned in international business, economics, history and political science courses. Students apply knowledge by helping global organizations decide whether and how to be more competitive in a global economy. PREREQ/COREQ: Limited to international business majors who have completed all core international business courses and GENBUS 450.

INTBUS 493 INTERNATIONAL BUSINESS INTERNSHIP (number of credits varies). Internships with local and overseas companies who work in international business are available to INTBUS majors who meet internship requirements. PREREQ: cumulative GPA of 2.5; business GPA of 3.0; a current resume submitted to the INTBUS office; recommendation of faculty advisor and PERM/INST.

Chair : TBA. *Professors*: Hoeger, Kozar, Petlichkoff, Pfeiffer, Vaughn. *Associate Professors*: Bell, Gibson, Harris, McChesney, Spear. *Assistant Professors*: DeBeliso, Lucas, Shimon, Wallace. *Special Lecturers*: Armstrong, Craner, Hammann, Mondin, Moore. *Educational Consultant*: Wade.

Degrees Offered

- B.S. in Athletic Training
- B.S. in Exercise Science, Biomechanics Emphasis
- B.S. in Exercise Science, Exercise Physiology Emphasis
- B.S. in Exercise Science, Fitness Evaluation and Programming Emphasis
- B.S. in Health Promotion
- B.S. in K-12 Physical Education
- M.S. in Exercise and Sport Studies (See the *BSU Graduate Catalog*.)

Department Statement

The Department of Kinesiology provides comprehensive undergraduate and graduate degree programs that incorporate scientific and professional methods of inquiry to study physical activity, exercise, sport, and health-related issues; advances the body of knowledge through scholarly inquiry; and offers a wide-range of fitness and sport activities that help promote lifelong well-being.

Admission to Upper-Division Standing

Students must be formally admitted to the program before enrolling in upper-division classes in the Department of Kinesiology. To qualify for admission to upper division, students must complete lower-division requirements with a grade of 'C' or better, and achieve a cumulative 2.50 GPA. Applications must be submitted **NO LATER THAN** October 1 or March 1, depending on when your total credit hours, including current course load, exceeds 57 credits. Forms can be picked up from academic advisors and should be returned to K-209, along with a copy of your transcript.

Degree Requirements

K-12 Physical Education assists students in developing the knowledge, skills, and dispositions essential for success in teaching physical education in the elementary and secondary schools. Course work combines content knowledge, theories of learning and human development, study of curriculum and methodology. The program advances the conceptual framework of reflective practitioners who adjust their teaching approaches and learning environment to the needs and backgrounds of their students. Before enrolling in upper division classes, students must be formally admitted to both the Department of Kinesiology (see Admission to upper-division standing) and to secondary teacher education. (See Department of Curriculum, Instruction, and Foundational Studies.) Candidates who complete this program will have demonstrated evidence of meeting the Idaho Beginning Teacher Standards and are eligible for recommendation for state certification.

Boise State Athletic Training Education Program focuses on the care and prevention of injuries to athletes. The program is accredited by the Commission on Accreditation of Allied Health Education Programs. Completion of this program prepares the graduates to sit for the National Athletic Trainers' Association Board of Certification national certification examination.

Admission to the Boise State-Athletic Training Education Program is on a competitive basis. In order to be considered for admission students must:

1. be admitted to Upper-Division Standing within the Department of Kinesiology.
2. submit a Boise State-Athletic Training Education Program application, three letters of recommendation, and resume by the second Monday in April.
3. take the Boise State-Athletic Training Education Program admissions examination.
4. submit a 500 word essay describing why they chose a career in athletic training and submit an ATEP Technical Standards for Admissions form.
5. complete a pre-admission interview.

The Boise State-ATEP curriculum includes both an academic and clinical instructional component. The clinical portion of the program is designed to be

completed in four semesters, and is supervised by clinical instructors. For more information, contact the Boise State-Athletic Training Education Program Director in the Department of Kinesiology, 208-426-1481.

National Standards for Athletic Coaching developed by the National Association for Sport and Physical Education reflect the fundamental competencies that society should expect of athletic coaches. The following curriculum is designed to provide course study consistent with those standards, and is recommended for any prospective coach planning to enter the profession.

Athletic Coaching

Course Number and Title	Credits
KINES 180 Introduction to Coaching	2
KINES 141 Standard First Aid and CPR	1
KINES 220 Introduction to Athletic Injuries	3
KINES 360 Psychology of Coaching	2
KINES 375, 376 Human Growth and Motor Learning & Lab	3
KINES 432 Conditioning Procedures	3
KINES 493 Internship in Interscholastic Athletics	3
One of the following: KINES 280 Coaching Baseball KINES 281 Coaching Basketball KINES 282 Coaching Football KINES 288 Coaching Track and Field KINES 289 Coaching Volleyball	2
Total	19

Course Offerings

See page 52 for a definition of the course-numbering system.

KINES — Kinesiology

Lower Division

KINES 101 FOUNDATIONS OF KINESIOLOGY (2-0-2)(F/S). An introduction to the profession, including the interaction of humanities, exercise physiology, biomechanics, psychosocial aspects, human growth and motor development as related to the field of kinesiology.

KINES 110 RACQUET SPORTS (0-3-1)(F/S). Instruction and practice in racquet sports emphasizing concepts, fundamental skills, rules, strategies, teaching progressions and learning cues. PREREQ: Restricted to Kinesiology majors.

KINES 111 BASKETBALL/VOLLEYBALL (0-3-1)(F/S). Instruction and practice in basketball and volleyball activities emphasizing fundamental skills, rules, strategies, teaching progressions and learning cues. PREREQ: Restricted to Kinesiology majors.

KINES 112 FITNESS FOUNDATIONS (0-3-1)(F/S). Instruction and practice in a variety of fitness activities, emphasizing cardiovascular endurance, strength, flexibility. PREREQ: Restricted to Kinesiology majors.

KINES 113 GOLF/ARCHERY/BOWLING (0-3-1)(F/S). Instruction and practice in golf, archery, and bowling, emphasizing fundamental skills, rules, strategies, teaching progressions and learning cues. Special fee required. PREREQ: Restricted to Kinesiology majors.

KINES 114 OUTDOOR ADVENTURE ACTIVITIES (0-3-1)(F/S). Instruction and practice in a variety of wilderness sports and recreation activities, emphasizing safety, fundamental skills, teaching progressions and learning cues. PREREQ: Restricted to Kinesiology majors.

KINES 115 INTRAMURAL ORGANIZATION/FLAG FOOTBALL/SOFTBALL (0-3-1)(F/S). Introduction to planning and organizing intramural and recreational activities. Instruction and practice in flag football and softball, emphasizing fundamental skills, rules, strategies, teaching progressions, and learning cues. PREREQ: Restricted to Kinesiology majors.

KINES 116 RHYTHMIC SKILLS/DANCE (0-3-1)(F/S). Instruction and practice in rhythmic skills and dance, emphasizing fundamental skills, teaching progressions and learning cues. PREREQ: Restricted to Kinesiology majors.

KINES 117 SOCCER ACTIVITIES/EDUCATIONAL GYMNASTICS (0-3-1)(F/S). Instruction and practice in soccer and gymnastic activities, emphasizing fundamental skills, rules, strategies, teaching progressions, and learning cues. PREREQ: Restricted to Kinesiology majors.

KINES 118 AQUATICS (0-3-1)(F/S). Swimming and basic water safety skills, emphasizing teaching progressions and learning cues. PREREQ: Restricted to Kinesiology majors.

KINES 119 TRACK AND FIELD (0-3-1)(F/S). Instruction and practice in track and field activities emphasizing fundamental skills, rules, strategies, teaching progressions and learning cues. PREREQ: Restricted to Kinesiology majors.

KINES 120 TRAINING ROOM PROCEDURES (0-2-1)(F/S). Instruction in clinical aspects of campus athletic training programs, emphasizing practical application of basic Athletic Training principles. A prerequisite for admission to the Athletic Training Education Program.

KINES 121 TAPING AND WRAPPING TECHNIQUES IN ATHLETIC TRAINING (0-2-1)(F/S). Instructs students in a variety of wrapping and taping procedures used in the field of athletic training as forms of external support. A prerequisite for admission to the Athletic Training Education Program. Special fee required.

KINES 140 PERSONAL HEALTH (3-0-3)(F/S). Covers nutrition, diseases, health needs, services, drugs, family living, and personality structure and development. Enhances student adjustment toward effective functioning in a changing environment.

KINES 141 STANDARD FIRST AID AND CPR (1-1-1)(F/S). Instruction in and application of basic skills, utilizing the multi-media approach to first aid and CPR training. Special fee required.

KINES 142 FIRST AID INSTRUCTOR TRAINER COURSE (1-2-1)(S)(Offered odd-numbered years). Instruction in methods of teaching CPR and standard first aid. Special fee required.

KINES 143 (HLTHST 143) WEIGHT MANAGEMENT (1-0-1)(F/S). A health-focused approach to weight management is presented. Behavioral changes in the areas of nutrition and exercise are identified. Students engage in a behavior change project. May be taken for Kinesiology or Health Studies credit, but not both. (Pass/Fail).

KINES 144 (HLTHST 144) STRESS MANAGEMENT (1-0-1)(F/S). Exercises to help students identify the various sources of stress in their lives, expand their repertoire of appropriate stress management techniques, and develop an action plan for the effective management of stress. May be taken for Kinesiology or Health Studies credit, but not both. (Pass/Fail).

KINES 145 (HLTHST 145) FAMILY SKILL BUILDING STRATEGIES (1-0-1)(F/S). Identify and practice positive parenting skills that help build protective factors to reduce the risk that children will develop addiction/substance abuse problems. May be taken for Kinesiology or Health Studies credit, but not both. (Pass/Fail).

KINES 180 INTRODUCTION TO COACHING (2-0-2)(F/S). An overview of the various elements that are critical to the coaching process, including coaching philosophy, sport psychology, practice planning, conditioning principles, injury prevention/rehabilitation, and sport management. Successful completion leads to American Sport Education Program (ASEP) Level I certification.

KINES 220 INTRODUCTION TO ATHLETIC INJURIES (3-0-3)(F/S). A survey course introducing the principles of care and prevention of sport induced injury. Emphasis will be on identification and differentiation of minor and major trauma related to sports participation. A prerequisite for admission to the Athletic Training Education Program.

KINES 240 FOUNDATIONS OF HEALTH PROMOTION (2-0-2)(F/S). An overview course covering the fundamental concepts, theories and direction of the health promotion field. Career opportunities and future trends in health promotion will be explored.

KINES 251 INTRODUCTION TO TEACHING PHYSICAL EDUCATION(2-0-2)(F/S). Foundational pedagogical strategies and theory. Basic tenets of sound teaching will be discussed, modeled, and applied to a variety of physical education settings. PREREQ: Restricted to Kinesiology majors.

KINES 260 PSYCHOLOGY OF HUMAN MOVEMENT (2-0-2)(F/S). An introduction to the fundamental concepts and principles of the psychology of human movement. Topics include personality and assessment, motivation, anxiety, arousal and attention, competition and cooperation, group processes, aggression and violence, and psychological growth and development.

KINES 270 APPLIED ANATOMY (2-0-2)(F/S). Investigation of human osteology, myology, arthrology, and neurology as they relate to movement. Emphasis is on application of gross human anatomy to principles of simple and complex movement. PREREQ: BIOL 107 or BIOL 227. COREQ: KINES 271.

KINES 271 LABORATORY FOR APPLIED ANATOMY (0-2-1)(F/S). The laboratory to accompany KINES 270. Lab fee required. COREQ: KINES 270.

KINES 280 COACHING BASEBALL (2-0-2)(S)(Alternate years). Instruction in methods of coaching baseball with emphasis on fundamentals, strategy, conditioning, and practical application. PREREQ: Sophomore standing.

KINES 281 COACHING BASKETBALL (2-0-2)(F). Instruction in methods of coaching basketball with emphasis on fundamentals, strategy, conditioning, and practical application. PREREQ: Sophomore standing.

KINES 282 COACHING FOOTBALL (2-0-2)(S). Instruction in methods of coaching football with emphasis on fundamentals, strategy, conditioning, and practical application. PREREQ: Sophomore standing.

KINES 288 COACHING TRACK AND FIELD (2-0-2)(S)(Alternate years). Instruction in methods of coaching track and field with emphasis on fundamentals, conditioning, meet

Chapter 12 — Academic Programs and Courses

Department of Kinesiology

organization/ administration, and practical application. PREREQ: Sophomore standing and KINES 119.

KINES 289 COACHING VOLLEYBALL (2-0-2)(F). Instruction in methods of coaching volleyball with emphasis on fundamentals, strategy, conditioning, and practical application. PREREQ: Sophomore standing.

KINES 293 INTERNSHIP (1-3 credits)(F/S). Practicum field experience in physical education-related areas. Practical experience utilizing theory and practice of the assigned activity in various settings. Required in some options.

Upper Division

KINES 301 EVALUATION IN PHYSICAL EDUCATION (2-2-3)(F/S). Instruction in philosophy of evaluation, test construction/evaluation/administration, statistical analysis and interpretation of test scores, and computer applications for statistical analysis. PREREQ: Admission to upper-division standing.

KINES 305 ADAPTED PHYSICAL EDUCATION (3-0-3)(F/S). Course is designed to acquaint physical educators with the unique needs of the disabled. Emphasis will be on planning activities, games, sports, and exercise programs that will contribute to the special student's developmental health and wellness. PREREQ: Admission to upper-division standing.

KINES 321 ATHLETIC TRAINING CLINICAL INSTRUCTION I (0-2-1)(F). Instruction in a variety of clinical psychomotor skills as delineated by the Commission on Accreditation of Allied Health Education Programs. Includes instruction in first-aid procedures, specialized taping and wrapping techniques, splinting, bracing, and ambulatory techniques. (Pass/Fail). PREREQ: Admission into the clinical instruction component of the Athletic Training Education Program.

KINES 322 ATHLETIC TRAINING CLINICAL INSTRUCTION II (0-2-1)(S). Instruction in a variety of clinical psychomotor skills as delineated by the Commission on Accreditation of Allied Health Programs. Includes clinical instruction in regional assessment and documentation procedures for musculoskeletal injuries, neurologic injuries and diseases commonly incurred by athletes. (Pass/Fail). PREREQ: KINES 321.

KINES 324 INJURY EVALUATION (4-0-4)(F). Instruction in theory and application of basic physical examination techniques of traumatic conditions and illnesses resulting from sports participation. PREREQ: Upper-division standing in Kinesiology and admission to the Athletic Training Education Program.

KINES 326 TRAINING ROOM MODALITIES (2-0-2)(F)(Offered even-numbered years). Instruction in theory and application of various therapeutic modalities for care and treatment of athletic injuries, emphasizing cryotherapy, thermal therapy, and electrical modalities. PREREQ: Admission to upper-division standing, and the Athletic Training Education Program.

KINES 330-330G EXERCISE PHYSIOLOGY (2-0-2)(F/S). Instruction in the physiological and biochemical changes accompanying exercise and training with emphasis on application of scientific principles to training program design. PREREQ: Admission to upper-division standing. COREQ: KINES 331-331G.

KINES 331-331G LABORATORY FOR EXERCISE PHYSIOLOGY (0-2-1)(F/S). The laboratory to accompany KINES 330-330G. COREQ: KINES 330-330G.

KINES 335 STRATEGIES FOR EXERCISE LEADERSHIP (1-2-2)(F/S)(Alternate years). Instruction and participation in the delivery of exercise lessons for groups and individuals including class management, organization, instructional methodology, and evaluation of teaching. PREREQ: Admission to upper-division standing.

KINES 340 COMMUNITY AND PUBLIC HEALTH (3-0-3)(F/S)(Offered alternate-years). Examines the breadth of community health information, historical perspectives, current health trends, health care delivery systems, and environmental health and safety issues. PREREQ: KINES 240 and Admission to upper-division standing.

KINES 342 HEALTH PROMOTION METHODS (3-0-3)(F/S)(Alternate years). This course will examine effective methods for assessing and planning health promotion programs. Topics will include developing objectives, selecting interventions and presenting health programs. PREREQ: KINES 240 and junior standing in Kinesiology.

KINES 351 ELEMENTARY SCHOOL PHYSICAL EDUCATION METHODS (3-0-3)(F/S). Instruction in methods of teaching elementary school physical education emphasizing movement needs, analysis and development of skills, and practical application. PREREQ: Upper-division standing in Kinesiology and admission to Teacher Education. COREQ: ED-CIFS 301 and ED-CIFS 302.

KINES 355 ELEMENTARY SCHOOL HEALTH AND PHYSICAL EDUCATION CURRICULUM AND INSTRUCTION (3-0-3)(F/S). Planning, organization, and management techniques for teaching elementary school health and physical education. The health content focuses on issues, trends, practices, individual/ social health problems, and topic sequencing, while the physical education portion emphasizes movement needs, skill analysis/development, and activity progressions. PREREQ: Admission to teacher education.

KINES 360 PSYCHOLOGY OF COACHING (2-0-2)(F/S). An examination of different coaching styles and psychological aspects of the coaching profession. Students will learn how to communicate effectively, establish discipline, handle outside pressures, and enhance team cohesion. PREREQ: Junior standing.

KINES 362 PSYCHOLOGY OF INJURIES (1-0-1)(F/S)(Alternate years). Issues related to an athlete's ability to cope with injury, including how athletes resist and recover from injury. Includes psychological aspects of how injuries occur, models that describe injury as a process, intervention strategies, and the roles of sport medicine personnel. PREREQ: Admission to upper-division standing.

KINES 363 PSYCHOLOGY OF PHYSICAL ACTIVITY (2-0-2)(F/S). Issues related to the differentiation between physical activity and exercise, benefits and determinants of physical activity, and models for involvement in physical activity as well as theories of change. Focus on cognitive and social psychological perspectives. PREREQ: Admission to upper-division standing.

KINES 365-365G SOCIAL PSYCHOLOGY OF PHYSICAL ACTIVITY (2-0-2)(F/S).

Examination of current topics in psycho-social aspects of physical activity including history of sport and competition, establishment of learning/performance environments, moral development, and social context of performance. PREREQ: PSYC 101 and KINES 260, admission to upper-division standing.

KINES 370-370G BIOMECHANICS (2-0-2)(F/S). Anatomical and mechanical considerations applied to human motion in sport and exercise. PREREQ: Admission to upper-division standing. COREQ: KINES 371-KINES 371G.

KINES 371-371G LABORATORY FOR BIOMECHANICS (0-2-1)(F/S). The laboratory to accompany KINES 370-370G. COREQ: KINES 370-370G.

KINES 375-375G HUMAN GROWTH AND MOTOR LEARNING (2-0-2)(F/S). Designed to provide the student with an understanding of human growth, movement development, motor learning, and control. Application to skilled behavior is emphasized. PREREQ: Admission to upper-division standing. COREQ: KINES 376-376G.

KINES 376-376G LABORATORY FOR HUMAN GROWTH AND MOTOR LEARNING (0-2-1)(F/S). The laboratory to accompany KINES 375-375G. COREQ: KINES 375-375G.

KINES 421 ATHLETIC TRAINING CLINICAL INSTRUCTION III (0-2-1)(F). Instruction in a variety of psychomotor skills as delineated by the Commission on Accreditation of Allied Health Programs. Instruction covers the indications, contraindications and clinical application of the therapeutic modalities utilized by Athletic Trainers in the treatment of injuries to athletes. Basic rehabilitative protocols for commonly injured joints are also covered. (Pass/Fail). PREREQ: KINES 322.

KINES 422 ATHLETIC TRAINING CLINICAL INSTRUCTION IV (0-2-1)(S). Instruction includes a review of all aspects of Athletic Training that have been covered in the Boise State Athletic Training Education Program. This includes a review of the organization and administration of Athletic Training, as well as the education and counseling of athletes. There is also instruction in the techniques of prevention, evaluation, and treatment of common injuries/illnesses. This class provides an environment where the Student Athletic Trainer may practice and be scrutinized on the application of various clinical Athletic Training skills. (Pass/Fail). PREREQ: KINES 421.

KINES 424 THEORY AND APPLICATION OF THERAPEUTIC EXERCISE (2-2-3)(S)(Offered even-numbered years). Introduction to the theory and application of physical exercise for the treatment of musculoskeletal disorders in athletics. Topics will include passive, assistive, active, and resistive forms of exercise, as well as the current therapeutic modalities available. PREREQ: Admission to upper-division standing and the Athletic Training Education Program.

KINES 426 ORGANIZATION AND ADMINISTRATION OF ATHLETIC TRAINING (3-0-3)(S)(Offered odd-numbered years). Instruction in the principles of organization and administration of Athletic Training services at the interscholastic, private, and professional levels. PREREQ: Admission to upper-division standing, acceptance to the Athletic Training Education Program.

KINES 430 PHYSICAL ACTIVITY AND AGING (3-0-3)(F/S). An examination of the physiological aspects of aging and the influence of physical activity on the aging process, functional abilities, independence, and quality of life. PREREQ: KINES 330, 331 and KINES 370, 371.

KINES 432 CONDITIONING PROCEDURES (2-2-3)(F/S). Instruction in conditioning procedures with emphasis on program planning, objectives, exercise analysis, and prescription. PREREQ: KINES 330, 331.

KINES 434 LABORATORY TECHNIQUES IN FITNESS ASSESSMENT (0-2-1)(F/S)(Alternate years). Instrumentation, calibration, and methodology of laboratory and field tests for assessing energy expenditure, body composition, and pulmonary function, muscular strength, muscular power, and flexibility. PREREQ: KINES 330, 331.

KINES 435 APPLIED RESISTANCE TRAINING (0-2-1)(F/S). Applied exercise procedures with emphasis on exercise technique, application of origin, insertion and action to specific stretching and resistance exercises, knowledge of multiple modes of each action, formation of exercises by body area and specific student teaching involvement. PREREQ: Admission to upper-division standing.

KINES 436 EXERCISE TESTING AND PRESCRIPTION (2-2-3)(F/S). Current procedures for clinical exercise testing including patient screening, pre-test procedures, basic electrocardiography, submaximal assessments, symptom limited graded exercise testing, test result interpretation and exercise prescription. PREREQ: KINES 330, 331.

KINES 440 HEALTH PROMOTION (3-0-3)(F/S). A critical examination of health promotion and education policy with an emphasis on planning, implementation and evaluation of health programs for various public sectors. PREREQ: KINES 240 and upper-division standing in Kinesiology.

KINES 442 CONSUMER HEALTH (3-0-3)(F)(Offered even-numbered years). Instruction in factors involved in the selection and evaluation of health services and products, emphasizing quackery awareness, consumer protection laws and organizations, and health insurance considerations. PREREQ: Upper-division standing.

KINES 445 SECONDARY SCHOOL HEALTH METHODS AND ADMINISTRATION (3-0-3)(F/S). Issues, trends, and current administrative practices in public school health education. Emphasis placed on topics sequencing, individual and social health problems, and methods of teaching health-related topics. PREREQ: Admission to upper-division standing.

KINES 451 SECONDARY SCHOOL PHYSICAL EDUCATION METHODS (3-0-3)(F/S). Instruction and practice in developing effective styles, techniques, and reflective skills in class management, organization, methodology, observation, evaluation for teaching Physical Education

at the secondary (6-12) level. Includes field experience. PREREQ: Upper-division standing in Kinesiology and admission to the Professional Year. COREQ: ED-CIFS 401 and ED-LTCY 402.

KINES 455 ORGANIZATION AND ADMINISTRATION OF PHYSICAL EDUCATION (2-0-2) (F/S). Instruction in organization and administration of physical education and athletic programs. Emphasis on the role of physical education and athletics in the total education program. Required of all physical education teaching majors. PREREQ: Admission to upper-division standing.

KINES 458 CURRICULUM DESIGN IN PHYSICAL EDUCATION (2-0-2) (F/S). The planning of a school physical education program including the activity selection, sequencing, unit development, program model, and evaluation. PREREQ: Admission to upper-division standing.

KINES 493 INTERNSHIP IN PHYSICAL EDUCATION (1-6 Credits) (F/S). Practical field experience in physical education-related areas. Opportunity to apply knowledge and theory learned in classroom to practical setting. Required in some options. PREREQ: Admission to upper-division standing, 2.5 GPA and PERM/INST.

KIN-ACT — KINESIOLOGY ACTIVITY

The Kinesiology Activity Program provides instruction in a variety of activities. **Eight credits of fitness activity courses may be counted as electives toward graduation.** No kinesiology activity course may be challenged for credit. All kinesiology activity courses are graded pass/fail; therefore, credits earned count toward graduation but earn no quality points used in calculating the grade point average.

Certain KIN-ACT classes may be repeated. See course descriptions for further information.

Kinesiology activity course numbers provide the following information:

- 100-level courses are designed for the beginner who has had little or no instruction in the activity, or for activities that focus on the development or maintenance of physical fitness.
- 200-level courses are for the individual who has command of basic skills and is of intermediate or advanced performance level.
- The second digit indicates the activity classification (1—aquatics, 2—dance, 3—individual sports, 4—martial arts, 5—outdoor pursuits, 6—personal fitness, 7—racquet and court sports, 8—team sports, 9—participation sports).
- The third digit indicates the specific activity (example: 1—kayaking, 2—skin and scuba diving, etc.).

Lower Division

KIN-ACT 111 KAYAKING I (0-2-1) (F/S). Basic skills of kayaking. Covers safe handling, self-rescue skills, and helping or rescuing others. Students must be able to maintain themselves in deep water, fully clothed, for ten minutes. Special fee required. (Pass/Fail).

KIN-ACT 112 SKIN AND SCUBA DIVING I (0-2-1) (F/S). Basic skin and scuba diving skills. Proper use of mask, fins, and snorkel, mechanical use of equipment, safety techniques, and panic control are stressed. Students must swim 400 yards, tread water for 15 minutes, and carry a ten pound weight 25 yards. Certification is optional. Special fee required. (Pass/Fail).

KIN-ACT 113 SWIMMING I (0-2-1) (F/S). Basic water safety, skill, and knowledge; floating, bobbing, diving, rhythmic breathing, treading water, and introduction to the crawl, side, and elementary backstroke. For students who do not know how to swim. May be repeated, maximum four credits. (Pass/Fail).

KIN-ACT 114 RAFTING (0-2-1) (S). Basic skills of rafting. Covers safe handling, self-rescue skills, and helping or rescuing others. Students must be able to maintain themselves in deep water, fully clothed, for ten minutes. (Pass/Fail).

KIN-ACT 119 CYCLING (0-2-1) (F/S). Learn proper cycling technique, bicycle mechanics, road safety, and tour planning. Special fee: full-time students exempt. May be repeated, maximum eight credits. (Pass/Fail).

KIN-ACT 120 ROCK CLIMBING (0-2-1) (F/S). Learn the challenge of rock climbing. Basic knots, repelling, belaying, and other climbing skills are taught. No experience necessary. Special fee required. (Pass/Fail).

KIN-ACT 121 RAPPELLING (0-2-1) (F/S). Basic skills of rappelling, including setting anchors, belaying, communication, and equipment care. Special fee required. (Pass/Fail)

KIN-ACT 122 FOLK DANCE I (0-2-1). Instruction and participation in techniques and application of basic steps and patterns used in folk dances from different countries. May be repeated, maximum four credits. (Pass/Fail).

KIN-ACT 124 SOCIAL DANCE I (0-2-1) (S). Instruction and participation in dance fundamentals including waltz, polka, jitterbug, foxtrot, western swing, cha cha, samba, tango, folk, square, round dances, and mixers. May be repeated, maximum four credits. (Pass/Fail).

KIN-ACT 130 BASIC RIFLE MARKSMANSHIP (0-2-1) (F/S). Fundamental skills of small caliber rifle marksmanship. Sighting procedures, shooting techniques in various positions, and safety are stressed. May be repeated, maximum two credits. (Pass/Fail).

KIN-ACT 133 BOWLING (0-2-1) (F/S). Instruction and participation in bowling for development of fundamental skills, rules, handicaps, and scorekeeping. Special fee required. May be repeated, maximum four credits. (Pass/Fail).

KIN-ACT 135 GOLF I (0-2-1) (F/S). Instruction and participation in golf for development of fundamental skills, rules, and proper etiquette of the game. Special fee required. May be repeated, maximum four credits. (Pass/Fail.)

KIN-ACT 142 JUDO I (0-2-1). Principles and philosophy of judo and techniques of falling, throwing, and grappling. A 'Gi' is required. May be repeated, maximum four credits. (Pass/Fail.)

KIN-ACT 143 KARATE I (0-2-1) (F/S). Presentation of techniques based on the theory of energy conservation. Exercises coordinating the mental and physical powers possessed by every individual. A 'Gi' is required. May be repeated, maximum four credits. (Pass/Fail.)

KIN-ACT 144 SELF-DEFENSE I (0-2-1) (F/S). Defensive tactics of Aikido, Judo, and Karate. Coordination of mind and body and nonaggressive application of laws of gravity and force. Improvement of coordination and condition of the participant. A 'Gi' is required. May be repeated, maximum four credits. (Pass/Fail.)

KIN-ACT 145 TAEKWONDO (0-2-1) (F/S). A martial art based on ancient Korean methods of self-defense. It is an Olympic sport with powerful kicks and punches that emphasizes continuous action, flexibility, endurance, skill, mental discipline and sportsmanship. May be repeated, maximum four credits. (Pass/Fail).

KIN-ACT 149 SNOWBOARDING (0-2-1) (S). Basic skills and techniques of snowboarding. Students furnish equipment and transportation. Special fee required. May be repeated, maximum four credits. (Pass/Fail).

KIN-ACT 150 WINTER CAMPING (0-2-1) (S). Coping with the mountain winter environment in comfort and safety. Review of equipment for snow camping, construction of snow shelters, avalanche avoidance and rescue, winter survival techniques, and map and compass use. Includes an overnight snow camping trip. Special fee required. (Pass/Fail).

KIN-ACT 151 ALPINE SKIING I (0-2-1) (S). Basic skills and techniques of alpine skiing. Students furnish equipment and transportation. Special fee required. May be repeated, maximum four credits. (Pass/Fail.)

KIN-ACT 152 BACKPACKING, CAMPING AND SURVIVAL SKILLS I (0-2-1) (F/S). Fundamental skills in backpacking, overnight camping, and basic survival. Includes choice and care of equipment, camping sites, outdoor cooking skills, and ecology. Students furnish equipment and transportation. (Pass/Fail).

KIN-ACT 153 CROSS COUNTRY SKIING I (0-2-1) (S). Basic skills and techniques of cross country skiing. Students furnish equipment and transportation. Special fee required. May be repeated, maximum four credits. (Pass/Fail).

KIN-ACT 154 FLY CASTING AND STREAM STRATEGY I (0-2-1) (F/S). Techniques of fly casting, including single and double haul methods. Presentation of insect, minnow, and terrestrial imitations. Techniques of catching and releasing of warm water, cold water, and anadromous fishes. Students furnish equipment and transportation. Special fee required. May be repeated, maximum four credits. (Pass/Fail).

KIN-ACT 155 FLYTYING I (0-2-1) (F/S). A practical orientation and application of flytying skills for the beginning or experienced fly tier. The course will focus on tying dry and wet flies, nymphs, bucktails, and streamers. Special fee required. May be repeated, maximum four credits. (Pass/Fail).

KIN-ACT 156 TRAP AND SKEET SHOOTING I (0-2-1) (F/S). Fundamental skills of shotgun shooting. Sighting procedures, gun parts, care of equipment, and safety are stressed. Shotgun trap loading is also taught. Students must furnish shotgun, shells, and trap range fees. Special fee required. May be repeated, maximum four credits. (Pass/Fail).

KIN-ACT 157 CAVE EXPLORATION (0-2-1) (F/S). Instruction includes information about types of caves, formations, formation growth, essential equipment, and utilization of proper safety techniques. Conservation of natural resources is emphasized as part of cave exploration field trips. Special fee required. (Pass/Fail).

KIN-ACT 158 RECREATIONAL OUTDOOR PHOTOGRAPHY (0-2-1) (F/S). The mechanics of camera and flash systems are covered along with troubleshooting, use of shutter speed, aperture, and composition. The course consists of four (4) classroom sessions plus weekend field trips to various recreational settings where hiking is involved. Art students may not substitute this class for another photography course required as part of their major. (Pass/Fail).

KIN-ACT 159 MOUNTAIN BIKING (0-2-1) (F/S). Equipment orientation, basic mechanics, maintenance, riding techniques, trip planning, and logistics are all part of the itinerary. Several evening rides as well as an overnight trip in the backcountry are scheduled. Students must provide their own mountain bikes and helmets. May be repeated, maximum eight credits. (Pass/Fail.)

KIN-ACT 162 ADAPTED PHYSICAL EDUCATION I (0-2-1) (F/S). Adaptive and corrective exercise programs to aid men and women who are unable to participate in a regular activity class. Course is structured to meet the special needs of the individual. May be repeated for credit. (Pass/Fail.)

KIN-ACT 164 PERSONAL FITNESS AND WEIGHT CONTROL I (0-2-1). Introduction to the essential components of total fitness with prescribed fitness programs for individual needs. May be repeated, maximum eight credits. (Pass/Fail).

KIN-ACT 165 WEIGHT TRAINING I (0-2-1). Instruction and participation in progressive body-building and conditioning exercises with resistance for development of beginning skills and fitness. May be repeated, maximum eight credits. (Pass/Fail).

KIN-ACT 166 YOGA AND STRESS MANAGEMENT I (0-2-1). Introduction to yoga theory, practice, and tradition; introduction to stress/distress theories; in-depth practice of Hatha Yoga postures: in-depth breath control (abdominal breath.) May be repeated, maximum four credits. (Pass/Fail).

KIN-ACT 168 AEROBIC ACTIVITIES (0-2-1) (F/S). Instruction and participation in various aerobic activities for the development of cardiovascular and neuromuscular fitness. Will include activities such as aerobic dance, jogging, and aerobic swimming (refer to class schedule for specifics). May be repeated for credit. (Pass/Fail).

KIN-ACT 171 BADMINTON I (0-2-1). Instruction and participation in badminton to encourage skill development, understanding, and appreciation of the game. May be repeated, maximum four credits. (Pass/Fail).

KIN-ACT 172 RACQUETBALL I (0-2-1) (F/S). Instruction and participation will emphasize basic techniques and skills of racquetball with emphasis on playing procedures. Students furnish

Chapter 12 — Academic Programs and Courses

Department of Kinesiology

racquets and balls. Protective eyewear required. May be repeated, maximum four credits. (Pass/Fail).

KIN-ACT 173 TENNIS I (0-2-1)(F/S). Instruction and participation in tennis for development of fundamental skills, rules, and basic strategy. Students furnish racquets and balls. May be repeated, maximum four credits. (Pass/Fail).

KIN-ACT 181 BASKETBALL I (0-2-1)(F/S). Instruction and participation in basketball for development of fundamental skills, rules, and basic team strategy. May be repeated, maximum four credits. (Pass/Fail).

KIN-ACT 182 SOFTBALL I (0-2-1). Instruction and participation in softball for development of fundamental skills, rules, and basic team strategy. May be repeated, maximum four credits. (Pass/Fail).

KIN-ACT 186 VOLLEYBALL I (0-2-1)(F/S). Instruction and participation in volleyball for development of fundamental skills, rules, and basic team strategy. May be repeated, maximum four credits. (Pass/Fail).

KIN-ACT 187 SOCCER I (0-2-1)(F). Instruction and participation in soccer for development of fundamental skills, rules, and basic team strategy. May be repeated, maximum four credits. (Pass/Fail).

KIN-ACT 211 KAYAKING II(0-2-1)(F/S). Intermediate and advanced skills of kayaking. Covers stroke modifications, boat angle, boat lean, boat control, ferrying, eddy turns, peel outs, and reading water. Special fee required. May be taken two times for credit. (Pass/Fail). PREREQ: KIN-ACT 111.

KIN-ACT 213 SWIMMING II (0-2-1)(F/S). Instruction and participation in swimming for development of intermediate skills and techniques. Instruction in self-rescue skills, games, diving, and contests. Students must be able to swim 50 yards. May be repeated, maximum eight credits. (Pass/Fail).

KIN-ACT 220 INTERMEDIATE ROCK CLIMBING (0-2-1)(F/S). Instruction covers techniques for mid-fifth class climbing, protection and placements, belaying, and repelling in a safe manner. Content will help improve skill level and develop leading ability on suitable terrain. Personal climbing equipment required. May be repeated, maximum two credits. (Pass/Fail). PREREQ: KIN-ACT 120 or PERM/INST.

KIN-ACT 222 FOLK DANCE II (0-2-1). Instruction and participation in folk dance for development of advanced skills. May be repeated, maximum four credits. (Pass/Fail).

KIN-ACT 224 SOCIAL DANCE II (0-2-1). Instruction and participation in social dance for development in the waltz, cha cha, fox trot, rumba, tango, lindy, western swing, folk, square, and various novelty dances. May be repeated, maximum four credits. (Pass/Fail).

KIN-ACT 233 BOWLING II (0-2-1). Instruction and participation in bowling for development of intermediate skills and techniques. Special fee required. May be repeated, maximum four credits. (Pass/Fail). PREREQ: KIN-ACT 133.

KIN-ACT 235 GOLF II (0-2-1). Instruction and participation in golf for development of intermediate skills and techniques. Special fee required. May be repeated, maximum four credits. (Pass/Fail). PREREQ: KIN-ACT 135.

KIN-ACT 243 KARATE II (0-2-1). Instruction and participation in karate for development of advanced skills and techniques. A 'Gi' is required. May be repeated, maximum four credits. (Pass/Fail.) PREREQ: KIN-ACT 143.

KIN-ACT 244 SELF-DEFENSE II (0-2-1). Instruction and participation in advanced defensive tactics of Aikido, Judo, and Karate. Coordination of mind and body and nonaggressive application of laws of gravity and force. A 'Gi' is required. May be repeated, maximum four credits. (Pass/Fail.) PREREQ: KIN-ACT 144.

KIN-ACT 266 YOGA II (0-2-1)(F/S). Basic poses will be refined, with emphasis on all standing poses. Inverted poses (head stand, plow, shoulder stand) will be introduced, as well as a more in-depth exploration of restorative yoga. May be repeated, maximum eight credits. (Pass/Fail).PREREQ: KIN-ACT 166 or permission of instructor.

KIN-ACT 272 RACQUETBALL II (0-2-1)(F/S). Instruction and participation in racquetball for development of intermediate skills and techniques. Students furnish racquets and balls. Protective eye wear is required. May be repeated, maximum four credits. (Pass/Fail). PREREQ: KIN-ACT 172.

KIN-ACT 273 TENNIS II (0-2-1). Instruction and participation in tennis for development of intermediate skills and techniques. Students furnish racquets and balls. May be repeated, maximum four credits. (Pass/Fail). PREREQ: KIN-ACT 173.

KIN-ACT 281 BASKETBALL II (0-2-1)(F/S). Instruction and participation in basketball for development of intermediate skills and techniques. May be repeated, maximum four credits. (Pass/Fail). PREREQ: KIN-ACT 181.

KIN-ACT 286 VOLLEYBALL II (0-2-1)(F/S). Instruction and participation in volleyball for development of intermediate skills and techniques. May be repeated, maximum four credits. (Pass/Fail). PREREQ: KIN-ACT 186.

KIN-ACT 290 CLUB SPORTS (0-2-1)(F/S). Instruction and participation in club sports approved by BSU Student Senate. Club advisor's approval required. May be repeated, maximum four credits. (Pass/Fail).

KIN-ACT 291 VARSITY SPORTS (0-2-1)(F/S). Instruction and participation in BSU department of athletics-approved sports. Coach's approval required. May be repeated, maximum four credits. (Pass/Fail).

Legal Assistant Program

Health Science Building, room 219

e-mail: lassist@boisestate.edu

Administrative Director and Associate Professor: Patt Elison-Bowers.

Academic Director and Associate Professor: Craig Hemmens.

Program Statement

The legal assistant program is an optional minor/certificate program within the framework of a baccalaureate degree preparation, regardless of the major program designation. However, a student may enroll in the Legal Assistant Program without concurrently seeking a baccalaureate degree. The curriculum includes general background courses (University Core) and nine hours of law-related classes. In addition to these, the student must complete 24 credit hours of law-specialty classes and possess computer literacy. (Note that a student must also meet the requirements of the major, where this pertains.) The program is approved by the American Bar Association.

Program applicants are screened for suitability by the directors of the program. After completing the program, the student will receive a certificate in paralegal studies and this will be entered on the student's transcript.

Law-Specialty Courses The student is required to take at least twenty-four (24) semester credits of course work in special areas of law. This includes six (6) hours of required courses, i.e., LEGAST 301, LEGAST 302, LEGAST 304, LEGAST 305, and in most cases, three hours of LEGAST 493 Internship, and fifteen 15 credit hours of course work selected from the alternative law-specialty courses. These courses provide substantive knowledge of the law as well as emphasizing practical skills, tasks, and responsibilities of the legal assistant. All law-specialty courses are taught by practicing lawyers who serve as adjunct faculty members. In certain law-specialty courses, qualified legal assistants may assist the lawyers in a team-teaching arrangement; the legal assistant will focus on the responsibilities of the paralegal.

For admission to the program, an applicant must be in one of the following categories and complete the admission process;

- students who have completed the university core requirements, and have nine credits of law-related classes
- students who have completed a baccalaureate degree (any discipline). Depending on the respective programs, these students may not need the law-related courses
- students who have completed 30 hours of college credit (primarily core classes) and have three years experience in a law-related position

Graduates are not authorized to provide direct legal services to the public. The Legal Assistant program provides training for paralegals/legal assistants who are authorized to perform substantive legal work under the supervision of a lawyer.

Course Offerings

See page 52 for a definition of the course-numbering system.

LEGAST — LAW SPECIALTY COURSES

Students must complete nine credits in law-related courses and provide evidence of computer literacy before enrolling in any of the law-specialty courses. In addition, students must complete LEGAST 301, LEGAST 302, LEGAST 304, and LEGAST 305 before enrolling in any of the law-specialty courses in the 400 series. (Exceptions may be made only for good and substantial reasons.) Before enrolling in any law-specialty course, you must obtain the program director's approval.

LEGAST 301 INTRODUCTION TO LAW PRACTICE AND ROLE OF THE LEGAL ASSISTANT (2-0-2) (F/S).

Familiarization of students with specific operations of law firms and legal departments and the role of the legal assistant. Essential skills of assertiveness, interviewing,

investigation and formal/informal advocacy are introduced. Training in presenting a thorough, well-reasoned written legal analysis. PREREQ: Nine credits in law-related courses and evidence of computer literacy or PERM/PROG DIR.

LEGAST 302 LEGAL ETHICS AND LAW OFFICE PROCEDURES (1-0-1) (F/S). Introduction to the Code of Professional Responsibility and the Code of Judicial Ethics. Explores the boundaries of authorized practice, delegation of authority, and confidentiality. Review of office procedures, including billing, time keeping, docketing, calendaring and filing systems. PREREQ: LEGAST 301 or PERM/PROG DIR.

LEGAST 304 LEGAL RESEARCH AND WRITING (2-0-2) (F/S). Use of law references to develop research skills for the legal assistant in the formulation of briefs, memoranda, and other documents relative to legal practice. Emphasis is given to accurate, analytical writing of legal terms and forms. PREREQ: LEGAST 302 or PERM/PROG DIR.

LEGAST 305 WESTLAW ADVANCE RESEARCH (1-0-1) (F/S). Development of computerized skills in the use of "Westlaw." PREREQ: LEGAST 304 or PERM/PROG DIR.

LEGAST 401 ESTATES, WILLS, AND TRUSTS (3-0-3) (F/S). Principles, provisions, and documents relative to wills and trusts. Includes jurisdictions of probate courts, estate and inheritance taxation and estate planning. The role and responsibilities of the legal assistant will be emphasized. PREREQ: LEGAST 305 or PERM/PROG DIR.

LEGAST 403 CORPORATE LAW (3-0-3) (F/S). The law regarding contracts, agency, partnerships, corporations, negotiable instruments and sale of personal property. The role and responsibilities of the legal assistant will be emphasized. PREREQ: LEGAST 305 or PERM/PROG DIR.

LEGAST 405 REAL ESTATE AND PROPERTY LAW (3-0-3) (F/S). Personal and real-property documents and law relating to mineral and energy resources, mortgages, zoning and covenants, titles, legal descriptions, appraisals, common problems of property ownership, government regulation of subdivisions, condemnation, boundary disputes, adverse possession, leases, joint ventures, liens and encumbrances, foreclosure, inter alia. The role and responsibilities of the legal assistant will be emphasized. PREREQ: LEGAST 305 or PERM/PROG DIR.

LEGAST 407 BANKRUPTCY (3-0-3) (F/S). Examines basic concepts in the debtor-creditor relationship, including the rights and interests of both parties in a transaction. Principles of bankruptcy, creditor rights, and consumer protection are stressed. The role and responsibilities of the legal assistant will be emphasized. PREREQ: LEGAST 305 or PERM/PROG DIR.

LEGAST 411 CIVIL LITIGATION AND PROCEDURES (3-0-3) (F/S). In-depth coverage of civil litigation in state and federal courts from client interview through trial and appeal. Idaho court practice emphasized but with sufficient understanding to be adapted to other states. Federal court practice based on federal and local rules. The role and responsibilities of the legal assistant will be emphasized. PREREQ: LEGAST 305 or PERM/PROG DIR.

LEGAST 413 CRIMINAL LAW PRACTICE (3-0-3) (F/S). Substantive criminal law, definition of a crime, defenses to criminal accusation, joinder of parties and criminal allegations, instituting criminal action, formal pleading, the court process, negotiated pleas, probation and sentencing practice and procedure, constitutional safeguards and requirements. The role and responsibilities of the legal assistant will be emphasized. PREREQ: LEGAST 305 or PERM/PROG DIR.

LEGAST 421 FAMILY LAW PRACTICE (3-0-3) (F/S). Legal provisions and documents relative to marriage, separation, divorce, communal property, child custody, child support, adoption, and other concerns. The role and responsibilities of the legal assistant will be emphasized. PREREQ: LEGAST 305 or PERM/PROG DIR.

LEGAST 431 NATURAL RESOURCE LAW (3-0-3) (F/S). Federal public lands and resources; historical development of federal policy; federal/state relations; relations among the legislative, executive, and judicial branches of the federal government; individual treatment of water, mineral, range, timber, wildlife, recreation, and preservation of natural resources. The role and responsibilities of the legal assistant will be emphasized. PREREQ: LEGAST 305 or PERM/PROG DIR.

LEGAST 471 TORT LAW (3-0-3) (F/S). Principles of the law of torts, including consideration of concepts of liability based upon fault and without fault, negligence and compensation for industrial injuries, defenses thereto and damages. Functions of Workers' Compensation. The role and responsibilities of the legal assistant will be emphasized. PREREQ: LEGAST 305 or PERM/PROG DIR.

Degrees Offered

- M.A. in Education with emphasis in Reading (See the *BSU Graduate Catalog*)
- Endorsements
Reading K-8, 6-12, or K-12

Department Statement

The Literacy faculty is committed to offering courses that enhance a balanced reading and language arts program. To achieve this balance we recommend that candidates in teacher education obtain as many reading courses towards the Idaho State Reading Endorsement as possible.

NOTE: Refer to the Department of Curriculum, Instruction, and Foundational Studies for complete requirements toward admission to elementary and secondary teacher education.

Reading Pre-Endorsement Students majoring in Elementary Education who pursue the pre-endorsement sequence in Reading receive a broader base of content and experience in the area of literacy. While the courses listed below count towards a reading endorsement they will not fulfill all of the necessary requirements. Please check with an advisor for additional information.

Reading Pre-Endorsement	
Course Number and Title	Credits
ED-LTCY 343 Reading Diagnosis and Intervention	3
ED-LTCY 345 Writing Process and Assessment for K-8 Classrooms	3
ED-LTCY 364 Field Experience in Literacy	1
Any course listed under the Reading Endorsement K-12	3
Choose at least one of the following ED-LTCY 348 Psycholinguistics and Literacy OR LING 305 Introduction to Language Studies OR LING 306 Modern English Grammar OR LING 406 Psycholinguistics	3
Total	13

Reading Endorsement The endorsement in reading provides enhanced depth and breadth of course work in reading and language arts. This enhanced knowledge allows the student to be endorsed in reading education K-12. Twenty semester credits are required, which includes a minimum of one or more courses from each of the five following areas: Foundations of Reading or Developmental Reading, Content Area Reading, Corrective/ Diagnostic/Remedial Reading, Psycholinguistics/Language Development and Reading, and Literature for Children and Adolescents. The courses listed here represent suggestions that fulfill the 20 credit endorsement.

Of the minimum twenty (20) semester credit hours needed for this endorsement, sixteen (16) credit hours must be divided among Areas I-V so that credit hours are earned from each area. Elementary Education majors seeking this endorsement must also take ED-LTCY 345 (3 credits). One additional credit hour taken from Areas II-VI: Electives will count towards this endorsement.

Reading Endorsement K-12	
Course Number and Title	Credits
Area I: Foundations of Developmental Reading ED-LTCY 340 Idaho Comprehensive Literacy Course	4

Course Offerings

See page 52 for a definition of the course-numbering system.

ED-LTCY — EDUCATION - LITERACY

Upper Division

ED-LTCY 340 IDAHO COMPREHENSIVE LITERACY COURSE (3-2-4)(F/S) Provides pre-service teachers with knowledge and strategies involving children's oral language, the structures of language, assessment and intervention and the role these play in developing literacy. Prepares pre-service teachers to meet part of the literacy requirements for an Idaho teaching credential. Strongly recommended for students who are required to pass the Idaho Comprehensive Literacy Exam: Standard One, the Structure of Language and Standard Three Assessment. Includes a field-based experiential component two hours per week.

ED-LTCY 341 LITERACY, LEARNING AND ASSESSMENT: K-3 (2-0-2)(Offered on demand). Examines how children learn to read and write and the teacher's role in these processes. Using a balanced approach to literacy instruction, students learn to select materials; employ strategies to meet the cognitive and affective literacy needs of all children; and collect, integrate, and use data from various forms of assessment to inform teaching and learning processes. Includes a field-based experiential component. PREREQ: Admission to Teacher Education. COREQ: ED-LTCY 342 (NOTE: Except for Early Childhood Education/Early Childhood Special Education).

ED-LTCY 342 LITERACY, LEARNING, AND ASSESSMENT: 4-8 (2-0-2)(Offered on demand). Expands on students' understandings of children's literacy development, emphasizing middle level learning, and the teacher's role in these processes. Uses a balanced approach to literacy instruction with import given to the promotion and development of comprehension strategies, learning to select and use materials appropriately; employ strategies to meet the cognitive and affective literacy needs of all children; and collect, integrate, and use data from various forms of assessment to inform teaching and learning processes. Includes a field-based experiential component. PREREQ: Admission to Teacher Education. COREQ: ED-LTCY 341.

ED-LTCY 343 READING DIAGNOSIS AND INTERVENTION (3-0-3)(F/S). A study of reading difficulties of elementary or secondary students with emphasis on diagnosis, as well as intervention materials and methods for teaching reading. After a period of classroom instruction students tutor an elementary or secondary student for approximately 20 sessions. PREREQ: Admission to Teacher Education, ED-LTCY 340 and ED-LTCY 346. COREQ: ED-LTCY 364.

ED-LTCY 345 WRITING PROCESS AND ASSESSMENT FOR K-8 CLASSROOMS (3-0-3)(S). Writing process models, strategies, and assessment for narrative and expository text. Relationship among writing, reading, and spelling in the classroom. PREREQ: Admission to Teacher Education and ED-LTCY 340.

ED-LTCY 346 CHILDREN'S LITERATURE (3-0-3)(F/S). Books and other resources designed for children are studied and evaluated in terms of literary theory, aesthetic appreciation,

collection development and applications with children. Emphasis is placed on literature across the genres with all children in mind.

ED-LTCY 348 PSYCHOLINGUISTICS AND LITERACY (3-0-3)(F). Studies psychological processes and strategies by which readers and writers construct and reconstruct the message of a text. Application of theoretical conclusions to teaching practices.

ED-LTCY 364 FIELD EXPERIENCE IN LITERACY (0-3-1)(F/S). Literacy-related activities including a variety of skills in the area of reading, writing, and literacy assessment. COREQ: ED-LTCY 343.

ED-LTCY 440 CONTENT AREA LANGUAGE ARTS: K-8 (3-0-3)(F/S). Provides pre-service teachers with knowledge, strategies, and tools for assessing children in writing, spelling, handwriting/keyboarding, medial literacy, comprehension and writing for a variety of genres. Extends literacy skills to the concepts and learning tasks required in content areas. This course prepares pre-service teachers for Standard 2 of the Idaho Comprehensive Literacy Assessment. PREREQ: Admission to Professional Year. COREQ: ED-CIFS 460.

ED-LTCY 441 CONTENT AREA LANGUAGE ARTS: K-3 (2-0-2)(F/S). Extension of literacy skills to the concepts and learning tasks demanded by content area subjects as appropriate for kindergarten through third grade. Emphasis on assisting learners in developing comprehension strategies, study skills, and metacognition. PREREQ: Admission to Professional Year. COREQ: ED-ECS 426.

ED-LTCY 444 CONTENT LITERACY FOR SECONDARY STUDENTS (3-0-3)(F/S). Instructional materials in the various content subjects and developing instructional skills to meet the reading, writing, and studying needs of all learners in today's diverse society. Prepares pre-service teachers for Standard 2 of the Idaho Comprehensive Literacy Assessment. PREREQ: Admission to Secondary Education and ED-CIFS 350. Instructor permission to waive prerequisites may be given to students not enrolled in the secondary education certification program (Blocks I-III) including students working on a Reading Endorsement. COREQ: ED-CIFS 401 and the content methods course for the students declared major.

ED-LTCY 447 YOUNG ADULT LITERATURE (3-0-3)(S). Diverse perspectives in young adult literature, including issues in book selection. Intended for teachers, librarians, media generalists, and other working with young adults.

LIBSCI — LIBRARY SCIENCE

Lower Division

LIBSCI 201 INTRODUCTION TO THE USE OF LIBRARIES AND THE TEACHING OF LIBRARY SKILLS (2-2-3)(On demand). Teaches efficient use of library materials, catalogs, indexes, and reference sources in various subject fields and prepares teachers and librarians to teach library skills to elementary and secondary school students.

Upper Division

LIBSCI 301 LIBRARY ORGANIZATION AND ADMINISTRATION (3-0-3)(On demand). An introduction to the development, organization, and management of all types of libraries with emphasis upon the school library and its place in the instructional program. PREREQ: LIBSCI 201 or PERM/INST.

LIBSCI 311 REFERENCE AND BIBLIOGRAPHY (3-0-3)(On demand). Introduction to evaluation and use of basic reference sources, principles, techniques, and issues of reference service. Includes coverage of standard reference books, indexes, abstracts, and bibliographies found in school or small public libraries. PREREQ: LIBSCI 201 or PERM/INST.

LIBSCI 321 BASIC BOOK SELECTION (3-0-3)(On demand). Principles and techniques for evaluating and selecting library materials; introduction to reviewing media and to basic tools for selecting and acquiring all types of book and nonbook materials. Includes discussions of discarding and weeding, and materials for slow and gifted readers. PREREQ: LIBSCI 201 or PERM/INST.

LIBSCI 331 CATALOGING AND CLASSIFICATION (3-0-3)(On demand). Theory and principles of classification and cataloging of book materials, practice using Dewey Decimal Classification, preparing catalog cards, assigning subject headings, and library filing. Bibliographic utilities and cooperative cataloging are discussed. PREREQ: LIBSCI 201 or PERM/INST.

Department of Management

Business Building, Room 313
http://mg.boisestate.edu

Telephone 208 426-1313
Fax 208 426-1857

Chair and Associate Professor: Newell Gough. *Professors:* Baughn, Bigelow, Bixby, Kaupins, Ruud, Wanek. *Associate Professors:* Buchanan, Glen, Wanek. *Assistant Professor:* Ward. *Special Lecturers:* Park, Suci.

Degrees Offered

- B.B.A., B.A., B.S. in General Business Management
- B.B.A., B.A., B.S., and Minor in Management, Entrepreneurial Option
- B.B.A., B.A., B.S., and Minor in Management, Human Resource Management Option

Department Statement

The department of management offers two majors: general business management and management.

The general business management major provides a broad-based curriculum, and is designed for students who do not wish to specialize in any single area of business. Emphasis is placed on the development of logical thinking and the use of technical tools directed at recognizing and solving problems that occur in the business community.

A major in general business management is appropriate for those students who wish to enter management-trainee programs offered by business corporations, ranging from the fast-food industry to public utilities to financial institutions.

The Management major emphasizes two important management areas:

- Entrepreneurial Management
- Human Resource Management

The entrepreneurial management option is appropriate for students who may wish to start their own business someday, work in a family-owned business and/or work for smaller businesses.

The human resource management option provides a solid foundation for those interested in the human resource management process of a business and the administration and operation of a company's programs as they apply to employees.

Degree Requirements

General Business Management Bachelor of Business Administration	
Course Number and Title	Credits
ENGL 101-102 English Composition	6
Area I — see page 39 for list of approved courses	
Area I Core courses	6

Course Offerings

See page 52 for a definition of the course-numbering system.

Upper-division courses in the department of management (those with a course number 300 or higher) provide higher-level instruction to students who have the skills necessary to perform at this level. In addition to fulfilling the specific prerequisites listed and meeting the general university requirements for junior standing, every student admitted to a course is expected to communicate clearly and correctly so that assignments such as term papers and presentations can be completed effectively, to organize and solve problems using the techniques of intermediate level high school algebra, to use a microcomputer for simple word processing and spreadsheet applications.

GENBUS — GENERAL BUSINESS

Lower Division

GENBUS 101 INTRODUCTION TO BUSINESS (3-0-3)(F/S). Acquaints students with business organizations and current issues in business and society. Presents the strengths and limitations of the business enterprise as a dominant social institution, the global context in which businesses compete today, the need for social responsibility and ethics in conducting business transactions, the nature of business and government interaction, and contemporary business issues such as cultural diversity, innovations, quality, and human relations. CLASS LEVEL EXCLUDED: Juniors and seniors with declared business majors.

GENBUS 202 THE LEGAL ENVIRONMENT OF BUSINESS (3-0-3). Emphasis will be on both the external and internal legal environment of a business organization. Topics will include the nature and function of the legal process, administrative regulations, the interaction of business with the judicial, legislative, and executive branches of government, and the legal responsibilities of business. Freshmen excluded.

Upper Division

GENBUS 302 COMMERCIAL LAW (3-0-3). This course provides an in-depth study of the legal principles relating to commercial transactions. Special emphasis will be placed on the following areas of law: agency, contracts, sales, commercial paper, secured transactions, and bankruptcy. PREREQ: GENBUS 202.

GENBUS 304 LAW FOR ACCOUNTANTS I (3-0-3)(F). Covers introduction to law, contracts, sales and commercial paper and secured transactions. First of two courses required for accountancy majors.

GENBUS 305 LAW FOR ACCOUNTANTS II (3-0-3)(S). Covers suretyship, bankruptcy and property law, agency, partnerships and corporations, estates and trusts, government regulation and the role of the CPA in law. Second of two courses required for accountancy majors. PREREQ: GENBUS 304.

GENBUS 360 BUSINESS ETHICS AND SOCIAL RESPONSIBILITY (3-0-3)(F). An exploration of business conduct and social responsibility in the light of existing ethical, moral, and social values. Designed to enable students to form individual positions on ethical conduct and social responsibility.

GENBUS 441-441G BUSINESS, GOVERNMENT, AND SOCIETY (3-0-3)(F/S). Intensive study of and the relationships between business, government, and society. Course also explores moral and ethical conduct and social responsibility. PREREQ: GENBUS 202, (GENBUS 302 recommended).

GENBUS 450 BUSINESS POLICIES (3-0-3). To develop analytical, problem-solving, and decision-making skills in situations dealing with complex organizations, with the ultimate objective of formulating policies and strategies, both domestic and worldwide. To build upon and integrate the knowledge and methods acquired to examine all functional areas of the organization. PREREQ: Senior standing, plus FINAN 303, MGMT 301, MKTG 301, OPERMGT 345 with grades of C or higher.

MGMT — MANAGEMENT

Upper Division

MGMT 301 LEADERSHIP SKILLS (3-0-3)(F/S). Application of behavioral science principles and skills to the practice of leadership in a variety of contexts. Topics include team building, motivation, problem solving, negotiation, and self-management.

MGMT 334 INTERNATIONAL MANAGEMENT (3-0-3)(S). The course addresses issues of managing multinational corporations, both American firms overseas and non-American firms in the U.S. Specifically, the course provides insights into structure, human resource management practices, managing motivation, communication, staffing and related issues PREREQ: MGMT 301.

MGMT 401 ORGANIZATIONAL BEHAVIOR (3-0-3). Emphasis on action skills useful for managers. Topics include managing of self, communicating, motivating, innovating, managing a group, use of formal and social power, persuading, and dealing with uncertainty. PREREQ: MGMT 301.

MGMT 405 MANAGEMENT OF CONTINUOUS LEARNING (3-0-3)(F/S). This course examines how managers can facilitate organizational, team, and individual learning. It reviews the organizational and managerial innovations needed to support quality management and customer satisfaction. It will draw upon a variety of disciplines, including: learning theory, Japanese management, socio-technical systems theory, and social psychology of group problem-solving. Special emphasis will be placed on skills in developing effective teams. PREREQ: MGMT 301.

MGMT 410 ADVANCED MANAGEMENT TOPICS (3-0-3)(F/S). An advanced study of a major topic in management. Example topics: self-management, motivation and work, management of technology, e-commerce, organizational theory, and organizational change. May be repeated once for credit. PREREQ: MGMT 301.

MGMT 415 THE ART OF BARGAINING IN BUSINESS (3-0-3)(Offered on-demand). A conceptual and practical survey of the theory and practice of bargaining and its central role in managing business. Bargaining strategies and tactics are examined through use of readings, lecture, and simulated bargaining situations. PREREQ: MGMT 301 and Junior standing or PERM/INST.

MGMT 493 INTERNSHIP (number of credits varies). Internship credits are earned in supervised field work specifically related to a students major. To enroll in 493, a student must have attained a cumulative grade-point average of 2.00 or higher. No more than 12 internship credits may be used to meet university graduation requirements. PREREQ: PERM/INST.

MGMT-ENT — MANAGEMENT - ENTREPRENEURIAL

Upper Division

MGMT-ENT 320 ENTREPRENEURIAL SKILLS (3-0-3)(F). Covers opportunity recognition, feasibility planning, family business considerations, cash flow planning, written and oral presentation of feasibility plans, and marketing, accounting, legal and human resource issues for start-up businesses. PREREQ: Junior status or PERM/INST.

MGMT-ENT 418 MANAGING AN EMERGING BUSINESS (3-0-3)(F). Study of problems encountered by newer business organizations. Covers planning to achieve growth, organizational and legal issues, financial statement analysis, cash flow analysis, financing tactics, and marketing and sales strategies. PREREQ: FINAN 303, MGMT 301, MGMT 320, MKTG 301.

MGMT-ENT 419 NEW VENTURE CREATION (3-0-3)(S). This capstone course for entrepreneurship students integrates material from earlier courses. Each student will develop a comprehensive business plan. PREREQ: CIS 310, FINAN 410, MGMT 418, and OPERMGT 345.

MGMT-HR — MANAGEMENT - HUMAN RESOURCE

Upper Division

MGMT-HR 305 HUMAN RESOURCE MANAGEMENT (3-0-3)(F/S). Overview and application of the major human resource management functions: selection and placement, compensation and benefits, training and development, employee and labor relations, health, safety, and security, and management practices. Legal, motivational, and international issues are included. PREREQ: ENGL 102 and GENBUS 202.

MGMT-HR 330 HUMAN RESOURCE LAW (3-0-3)(F). The general principles of the law and the effective application of these principles. Such issues as organizing campaigns, unfair labor practices, picketing, work stoppages, and the mechanism of conflict resolution are discussed. PREREQ: ENGL 102 and GENBUS 202.

MGMT-HR 340 EMPLOYEE AND LABOR RELATIONS (3-0-3)(F/S). History, structure, policies, and operations of labor unions, the functioning of industrial relations activities within organizations, and important concepts and terminology in labor management relations. Contract administration is emphasized with a focus on the day-to-day relationships. International comparisons are made. PREREQ: ENGL 102 and GENBUS 202.

MGMT-HR 406 COMPENSATION AND BENEFITS (3-0-3)(F/S). Implementation, administration, maintenance, and control of a comprehensive compensation program. Job analysis, job evaluation, pricing of jobs, supplemental benefits, incentive plans, performance appraisal, variable pay, and international compensation issues are included. PREREQ: MGMT 305 or PERM/INST.

MGMT-HR 408 EMPLOYEE STAFFING AND TRAINING (3-0-3)(F/S). Current trends in selection and training, measurement of individual differences for decision making in hiring, promoting, training, and dismissal; evaluation of HRM processes and systems; formal and informal training program design; and evaluation of training effectiveness. PREREQ: MGMT 305.

e-mail: mkfi-info@boisestate.edu

Telephone 208 426-3356
Fax 208 426-5384

Chair and Associate Professor: Kirk Smith. *Professors:* Barney, Frankle, Lincoln, McCain, Ray, Schooley, White. *Associate Professors:* Maher, Sarin, Sego. *Assistant Professors:* Harvey, MacDonald.

Degrees Offered

- B.B.A., B.A., B.S., in Accountancy and Finance (See Department of Accountancy.)
- B.B.A., B.A., B.S., and Minor in Finance
- B.B.A., B.A., B.S., and Minor in Marketing

Department Statement

The Department of Marketing and Finance offers courses leading to undergraduate degrees in either marketing or finance. Finance majors may choose a general program of study or concentrate course selections in investment and portfolio management, corporate finance, or financial institutions. Marketing majors may choose a general program of study or concentrate their studies in an area such as high-tech marketing, promotion, professional selling, international marketing, or marketing strategy. Students not majoring in marketing or finance may be interested in enrolling in department offerings such as personal finance, real estate, customer satisfaction, or professional selling. Also available is a dual Accounting/Finance degree that simplifies the requirements and avoids overlap compared to degrees in both Accounting and Finance.

The goal of the department is to prepare students for careers in the business world or for graduate school by helping them develop fundamental skills in finance and marketing. The curriculum for both majors addresses current business trends and the developing global economy through such courses as International Finance, International Marketing, and special topics courses which vary each semester. Students gain practical experience through internships at local companies and case studies in both marketing and finance courses. These activities teach students to identify and solve business problems in today's rapidly changing business environment.

Degree Requirements

The finance curriculum is designed with major emphasis in the three areas of finance: corporate finance, investment and portfolio management, and financial institutions and markets. Students can select a general program or may concentrate course selection around the broad areas of finance. The course offerings are preparation for financial decision making using accounting and market information within a framework of economic theory. A major in the area of finance prepares students to deal with a wide range of financial situations, including those that concern businesses, individuals, and government.

Total	128

NOTES: *At least 32 of these business credits must be taken at Boise State University.
**Must be completed with grades of 'C' or higher before taking GENBUS 450.
***Please refer to the B.B.A., B.A., or B.S. requirements in Chapter 11 for explanation.
Upper-division majors are assumed to have basic database, spreadsheet, and word processing skills.
Students lacking these skills should take CIS 104, 105, 106.

Students pursuing a degree from the College of Business and Economics may earn a minor in finance by satisfying the requirements listed below (in addition to the requirements of their major).

Finance Minor	
Course Number and Title	Credits
FINAN 303 Principles of Finance	3
FINAN 410 Working Capital Management	3
FINAN 411 Capital Budgeting and Planning	3
FINAN 450 Investment Management	3
Any two of the following: FINAN 420 Management of Financial Institutions FINAN 430 International Finance FINAN 440 Financial Modeling FINAN 451 Frontiers in Financial Markets	6
Total	18

An Accountancy/Finance major is a powerful integrative program that overcomes the artificial distinctions between the disciplines and addresses the fact that finance and accounting have become increasingly intertwined in the business world. Compared to a double major in Accountancy and Finance, this major streamlines requirements to avoid overlap in the two majors; and students will be able to graduate with the required minimum of 128 credits.

Combined Major, Accountancy and Finance

The combined major is designed for students who seek positions in business that have combined accountancy and finance managerial responsibilities. It offers an opportunity to combine courses in complementary subject areas. See the Department of Accountancy listing in this catalog for specific requirements.

The marketing curriculum is designed to provide students with a comprehensive background in marketing while still providing flexibility to adapt to individual and career goals. Therefore, the major requirements allow a student to choose from an array of courses. The course work stresses practical applications of marketing concepts through cooperative programs with the local business community. The marketing program is designed to prepare students for a variety of career positions, including new product development, industrial sales, advertising, and marketing research.

Course Offerings

Upper-division courses in the department of marketing and finance (those with a course number 300 or higher) provide higher-level instruction to students who have the skills necessary to perform at this level. In addition to fulfilling the specific prerequisites listed and meeting the general university requirements for junior standing, every student admitted to a course is expected: to communicate clearly and correctly so that assignments such as term papers and presentations can be completed effectively, to organize and solve problems using the techniques of intermediate level high school algebra, to use a microcomputer for simple word processing and spreadsheet applications.

See page 52 for a definition of the course-numbering system.

BUSCOM — BUSINESS COMMUNICATION

Lower Division

BUSCOM 201 BUSINESS COMMUNICATION(3-0-3)(F/S). Effectiveness and correctness of writing and psychology of letter and report writing stressed through the preparation of a variety of business correspondence. Specific writing problems used in conjunction with various cases with realistic opportunities to develop writing skills following a designated style. Oral presentation skills included. PREREQ: ENGL 102.

Upper Division

BUSCOM 338 TECHNICAL WRITING FOR BUSINESS (3-0-3)(S). A study and application of the principles and logic of effective writing in the preparation of business reports and technical papers. Specific as well as general instruction in the gathering and interpreting of data, organizing of information, and writing of the final report. The case study approach will be used. PREREQ: BUSCOM 201.

FINAN — FINANCE

Lower Division

FINAN 101 ORIENTATION TO BUSINESS AND FINANCE (1-0-1)(F). Introduction to the world of business and finance. Designed to survey the functional areas within business, acquaint student with career alternatives, and provide background information pertaining to the policies and programs within the College of Business and Economics.

FINAN 201 FUNDAMENTALS OF REAL ESTATE (3-0-3)(F/S). Essentials of real estate practice, listings, sales, financing, land descriptions, investments, brokerage, advertising, market analysis, and fundamentals arising from real estate transactions.

FINAN 208 PERSONAL FINANCE (3-0-3)(F/S). This course addresses the growing complexity of financial decision-making faced by the individual: how to avoid financial entanglements; installment buying; borrowing money; owning or renting a home; budgeting and money management; savings and investment alternatives; life, health, accident and auto insurance; and personal income taxes and estate planning.

FINAN 231 PRINCIPLES OF INSURANCE (3-0-3)(F/S). Fundamental legal principles involved in insurance contracts. Company practices in relation to insurance management are stressed, as is the field of regulation on both the theoretical and practical applications. All areas of insurance are covered including life, casualty, liability, and medical.

FINAN 250 PERSONAL INVESTING (3-0-3)(F/S). The basic mechanics and principles of investing are introduced to acquaint students with investment vehicles, markets, and processes. Other topics will include speculation, options, and commodities.

Chapter 12 — Academic Programs and Courses

Department of Marketing and Finance

Upper Division

FINAN 303 PRINCIPLES OF FINANCE (3-0-3)(F/S). An introductory course focusing on financial management for business concerns. Topics include: allocation of resources for investment in short- and long-term assets, decisions with respect to debt and equity financing, and dividend policy. Lectures and reading are blended with problems and cases for class discussion. PREREQ: ACCT 206, ECON 201, ECON 202 and BUSSTAT 207.

FINAN 304 SPREADSHEETS AND DATA BASES (1-0-1)(F,S). This course focuses on applications of computer spreadsheets and data bases in financial decision making. The standard software products utilized in financial analysis are introduced, with emphasis placed on using available software to solve problems that frequently arise in finance. Applications include the development of loan amortization schedules, financial statement analysis, capital budgeting, and the valuation of financial securities. PREREQ or COREQ: FINAN 303.

FINAN 410-410G WORKING CAPITAL MANAGEMENT (3-0-3)(S). This course considers the short-term financial management of a firm. Financial analysis of past, present, and future operations is emphasized. Cash flow analysis, management of current accounts, and cost benefit analysis are stressed. Case discussions provide a merging of theoretical concepts and practical application. PREREQ: FINAN 303.

FINAN 411-411G CAPITAL BUDGETING AND PLANNING (3-0-3)(F). Acquisition and allocation of long-term sources of funds are the subject of this course. Emphasis is placed on fund raising and the problems associated with measurement and structural influences on the firm's cost of capital. Cash-flow analysis and alternative investment decision rules are examined. Cases are used for classroom discussion as a link between theory and practice. PREREQ: FINAN 303 and BUSSTAT 208.

FINAN 420-420G MANAGEMENT OF FINANCIAL INSTITUTIONS (3-0-3)(F). The interaction between financial institutions and financial markets are examined and their roles in the economy are discussed. Emphasis is placed on the changes taking place within the financial community, the effects on financial institutions in general, and commercial banking in particular. PREREQ: FINAN 303.

FINAN 430-430G INTERNATIONAL FINANCE (3-0-3)(F). Builds a strong foundation on the relationship among international financial markets. Included is exchange rate determination and parity conditions across countries. Once the foundation is built, the multinational firm is examined in this framework. Included is working capital management, capital budgeting, and cost of capital for the multinational firm. PREREQ: FINAN 303.

FINAN 440 FINANCIAL MODELING (3-0-3)(S). Provides hands-on experience using spreadsheets to solve financial problems. Concentrates on bringing classic financial theory into practical settings. Cost of capital, financial statement modeling, valuation, portfolio models and the efficient set, option pricing, and bond mathematics. PREREQ: FINAN 304.

FINAN 450-450G INVESTMENT MANAGEMENT (3-0-3)(F). Examines the U.S. securities markets from both a theoretical and a practical viewpoint. Topics include mechanics of direct investment, measurement and management of risk and return, the Efficient Market Hypothesis, Modern Portfolio Theory, the Capital Asset Pricing Model, and analysis of investment performance. Class format incorporates lecture and readings and may include guest lecturers. PREREQ: FINAN 303 and BUSSTAT 208.

FINAN 451-451G FRONTIERS IN FINANCIAL MARKETS (3-0-3)(S). Focuses on both recent and past innovations in the securities markets. Futures contracts and options and the theory of hedging, using both agricultural and financial futures contracts, options writing, and index options, are stressed. A combination of theory and practice will be sought relying on lecture, text material and journal and trade articles, and may include guest speakers. PREREQ: FINAN 303 and BUSSTAT 208.

FINAN 460 ASSET ALLOCATION AND SECURITY SELECTION (2-0-2)(F). An applied course in security selection. Students invest donated monies in stocks and mutual funds to generate a return to be used to provide scholarships and software to support the education of future finance students. Students apply tools of financial analysis to choose and manage a portfolio of stocks and mutual funds. PREREQ: FINAN 303 and PERM/INST.

FINAN 461 PORTFOLIO PERFORMANCE MEASUREMENT (2-0-2)(S). Students manage a portfolio of stocks and mutual funds to generate a return to be used to provide scholarships and software to support future generations of finance students. Students measure portfolio returns and report those returns to the Advisory Board of the College of Business and Economics. PREREQ: FINAN 460 and PERM/INST.

FINAN 498-499 SENIOR SEMINAR IN FINANCE (3-0-3)(F/S). Designed to provide an opportunity for study of a particular area of finance at an advanced level. Builds background developed in the regularly scheduled finance courses. The topics offered will be selected on the basis of their timely interest to finance students and a particular expertise of the instructor. PREREQ: FINAN 303 and PERM/INST.

MKTG — MARKETING

Lower Division

MKTG 101 CURRENT ISSUES IN MARKETING AND SOCIETY (3-0-3)(F). Introduction to basic principles of marketing in the context of social issues, current events, and popular culture. Students are exposed to and analyze contemporary marketing topics and apply concepts learned to a marketing plan project. PREREQ: Freshmen only.

Upper Division

MKTG 301 PRINCIPLES OF MARKETING (3-0-3)(F,S). Describes the methods of identifying and interpreting wants and needs of people; selecting the particular wants and needs the organization will satisfy; and determining the product, price, promotion, and place in a proper mix. PREREQ: ACCT 205 and ECON 202.

MKTG 306 MARKETING COMMUNICATIONS (3-0-3)(S). A comprehensive approach to creating and implementing marketing communications activities, including advertising, sales promotions, event sponsorships, direct marketing, public relations, and business/store image. Students complete a course project involving development of an actual marketing communications plan for a local business. Relevant social, cultural, and ethical issues also are emphasized. PREREQ: MKTG 301.

MKTG 307 CUSTOMER BEHAVIOR (3-0-3)(F). Concepts in and analysis of consumer and group satisfaction attributes, methods of measurement, and processes to guide decisions using this knowledge. PREREQ: MKTG 301.

MKTG 321 PROFESSIONAL SELLING (3-0-3)(F). A basic selling course providing an overview of professional selling techniques and careers in sales. Emphasis is on identifying potential customers and building customer-supplier long-term relationships. Applicable to both consumer and organizational markets.

MKTG 340 SERVICES MARKETING (3-0-3)(F). Examines the problems and strategies used in services marketing. Methods of evaluating quality in service development and delivery will be analyzed. Design and implementation of the services marketing mix will be studied through discussion, readings, and selected case analysis. PREREQ: MKTG 301.

MKTG 401 ADVERTISING AGENCY MANAGEMENT I (3-0-3)(F). Functions as a full-service advertising agency to develop a complete promotion and advertising campaign. Students develop a marketing and advertising plan complete with advertising and media objectives and strategies, comprehensive ad designs, and sales promotion plans. PREREQ: Junior standing, PERM/INST, and formal application through the department.

MKTG 402 ADVERTISING AGENCY MANAGEMENT II (3-0-3)(S). Functions as a full-service advertising agency in the latter stages of developing a complete promotion and advertising campaign for a real client. Includes a marketing and advertising plan with advertising and media objectives, strategies, comprehensive ad designs, and sales promotion plans for their client. PREREQ: MKTG 401, PERM/INST, and formal application through the department.

MKTG 415-415G INTERNATIONAL MARKETING RESEARCH (3-0-3)(F/S). Theory and the use of research for marketing decisions faced by global managers. Emphasizes planning, designing, and implementing research activities within a cross-cultural context. PREREQ: MKTG 301 and BUSSTAT 208.

MKTG 418 CUSTOMER SATISFACTION MEASUREMENT (3-0-3)(F/S). This course introduces students to the concept and process of measuring customer satisfaction. The specific issues connected with designing and implementing customer satisfaction programs will be presented. Included will be an analysis of how customer satisfaction data can be integrated into the operations of the organization. Such topics as internal and external benchmarking, survey techniques, and survey data analysis will be discussed. PREREQ: MKTG 301.

MKTG 420 MARKETING MANAGEMENT (3-0-3)(F,S). Marketing principles and theories integrated with analytical and behavioral decision processes. Emphasis on problem and opportunity recognition, marketing strategies, and planning and administering marketing programs. Consumer, industrial, institutional, and international markets are considered. PREREQ: MKTG 301 and satisfactory completion of the College of Business and Economics computer competency exam.

MKTG 421 SALES ADMINISTRATION (3-0-3)(F/S). Management of sales organizations with emphasis on selection, motivation, and supervision of salespeople. Ethics, social responsibilities, and coordination with other functional areas also considered. PREREQ: MKTG 301, MKTG 321.

MKTG 422 NEW PRODUCT DEVELOPMENT (3-0-3)(F). Basic strategies and processes used in the introduction of new products (goods and services). Includes concept generation and evaluation for production and market value. Other topics include perceptual mapping, positioning, integrated design, quality functional deployment, and test marketing. Guest speakers will discuss current applications. PREREQ: MKTG 301.

MKTG 425 MARKETING PLANNING APPLICATIONS (3-0-3)(F/S). Real world study of marketing problems. Emphasis on live marketing problem definition, situational analysis, identification and evaluation of alternative solutions, decision criteria, presentation of a "best" solution, and programmatic design to accomplish desired objectives. PREREQ: MKTG 320.

MKTG 430 INTERNATIONAL MARKETING (3-0-3)(F/S). An analysis of the creation, planning, and implementation of marketing strategies that cross national and cultural borders. PREREQ: MKTG 301.

MKTG 440 INDUSTRIAL MARKETING (3-0-3)(F/S). An analysis of activities related to the marketing of products and services to organizations including government agencies, profit and nonprofit institutions, and commercial enterprises. PREREQ: MKTG 301.

MKTG 460 INTERNET MARKETING STRATEGY (3-0-3)(S). How end consumers and business customers buy products on the Internet, how to enhance customer relationships through use of the Internet, and how the Internet fits within traditional marketing tactics such as advertising and pricing. PREREQ: MKTG 301.

MKTG 493 INTERNSHIP (number of credits varies). Internship credits are earned in supervised field work specifically related to a student's major. No more than 3 credits of internship maybe used to meet the upper-division marketing elective requirement. PREREQ: MKTG 301 and PERM/INST.

MKTG 498 SEMINAR IN CONTEMPORARY TOPICS IN MARKETING. Provides an opportunity for the study of topics of current interest in marketing. The topics will be selected based upon the interests of students and expertise of faculty. PREREQ: MKTG 301.

Department of Materials Science and Engineering

Engineering & Technology Bldg. Room 240 208-426-4078
http://coen.boisestate.edu/mse/ Fax 208-426-5633

Chair and Associate Professor: Amy J. Moll. Associate Professors: Knowlton, Müllner. Assistant Professor: Gopal.

Degrees Offered

- Bachelor of Science in Materials Science and Engineering and Minor (B.S.M.S.E.)
- Master of Science in Materials Science and Engineering (M.S.E.) (See the *BSU Graduate Catalog*)

Department Statement

A fundamental understanding of how properties, structure, processing and performance of materials are interrelated is an essential aspect of engineering education. Understanding how these materials properties can be altered, or how the properties change in different applications and environments, is a critical focus for all engineering disciplines. The Materials Science and Engineering program focuses on the fundamental aspects for the common classes of materials including metals, ceramics, polymers, electronic materials and composites. Laboratory emphasis is placed on the measurement and characterization of these materials systems, providing hands-on experience with various process operations typical in the materials fabrication industry.

The study of materials properties has held fascination with scientists for many years. However, it is in the application of materials to product design and manufacturing where economic growth is realized. In today's technology focused environment, the engineer and scientist work to modify materials to optimize performance, reduce cost, and to develop materials with a greater range of capabilities.

Materials Science and Engineering B.S.M.S.E.	
Course Number and Title	Credits
ENGL 101-102 English Composition	6
*Area I — see page 39 for list of approved courses	
Area I core course in one field	3
Area I core course in a second field	3
*Area II — see page 40 for list of approved courses	
COMM 101 Fundamentals of Speech Communication	3
Area II core course in a second field	3
*Area I-II Depth Elective	
Area I core courses in a third field AND an elective depth-course** which is a second course in an Area II field that has been approved by the student's advisor, not necessarily from the list of core courses OR	6
Area II core course in a third field AND an elective depth-course** which is a second course in an Area I field that has been approved by the student's advisor, not necessarily from the list of core courses.	
Area III	
Area III requirements are automatically met by specific courses included in the major requirements below.	
CHEM 111-112 College Chemistry	9
COMPSCI 115 Introduction to C OR COMPSCI 117 Introduction to C++ OR COMPSCI 119 Introduction to JAVA	2-3
ENGL 202 Technical Communication	3
ENGR 120 Introduction to Engineering	3
ENGR 210 Engineering Statics	3
ENGR 240 Introduction to Electric Circuits	3
ENGR 245, 245L Introduction to Materials Science and Engineering and Lab	4

— continued —

Materials Science and Engineering (continued)

MATH 170, 175 Calculus I and Calculus II	8
MATH 275 Multivariable and Vector Calculus	4
MATH 333 Differential Equations with Matrix Theory	4
MATH 360 Engineering Statistics OR MATH 361 Probability and Statistics I	3-4
MSE 215 Materials Processing	2
MSE 305 Bonding, Crystallography, and Crystal Defects	3
MSE 308 Thermodynamics of Materials	3
MSE 310 Electrical Properties of Materials	3
MSE 380 Materials Science and Engineering Lab	2
MSE 404, 404L Materials Analysis and Lab	4
MSE 408 Phase Transformations and Kinetics	3
MSE 412 Mechanical Behavior of Materials	3
MSE 480, 482 Senior Project I and II	4
MSE 485 Materials Selection	2
PHYS 211, 211L Physics I with Calculus and Lab	5
PHYS 212, 212L Physics II with Calculus and Lab	5
PHYS 309, 310 Introductory Modern Physics and Lab	4
*Technical electives in an area of concentration	18
Total	131-133

NOTE: *All university core courses and technical and design electives must be approved by the student's advisor.
**Courses that instill cultural values are acceptable while routine exercises of personal craft are not.

Materials Science and Engineering Minor

Courses chosen from the following list CE 340, CE 341, CHEM 401, EE 320, EE 340, ENGR 440, ENGR 441, ENGR 442, ENGR 444, ENGR 449, ME 442, ME 444, ME 454, PHYS 422, PHYS 423	9
Total	20-23

Course Offerings

See page 52 for a definition of the course-numbering system.

MSE — MATERIALS SCIENCE AND ENGINEERING Lower Division

MSE 215 MATERIALS PROCESSING (2-0-2)(F/S). Survey of manufacturing and processing techniques for technological materials including ceramics, metals and polymers. PREREQ: ENGR 120 and ENGR 245.

Upper Division

MSE 305 BONDING, CRYSTALLOGRAPHY, AND CRYSTAL DEFECTS (3-0-3)(F/S). Bonding, atomic arrangements, and crystal structures of metals, ceramics, electronic materials and polymers; physical properties of solids; defects in solids; relationship between processing, microstructure and properties of materials. PREREQ: CHEM 112, ENGR 245 and PHYS 309.

MSE 308 THERMODYNAMICS OF MATERIALS (3-0-3)(F/S). Basic thermodynamics principles including energy, entropy, and free energy; equilibrium states, phases and phase transitions of various materials systems; covers metals, ceramics, polymers, and electronic materials. Includes the application of phase diagrams; introduces the statistical interpretation of thermodynamics on the atomistic level. PREREQ: ENGR 245, MATH 333 and PHYS 309.

MSE 310 ELECTRICAL PROPERTIES OF MATERIALS (3-0-3)(F/S). Introduction to the physical principles underlying the electrical properties of modern solids. The effects of energy band structure, thermal properties and impurities on electrical conduction in solids. Concepts covered are applied to electrical device operation and performance. PREREQ: MATH 275, MSE 305, and MSE 308.

MSE 380 MATERIALS SCIENCE AND ENGINEERING LAB (1-4-2)(F/S). Introduction to use of laboratory test instruments used in Materials Engineering. Experiments using optical and scanning electron microscopy, various thermal and thermodynamic measuring techniques and characterization of mechanical, transport, and magnetic-electric properties of materials. PREREQ: MSE 305 and MSE 308.

Chapter 12 — Academic Programs and Courses

Department of Materials Science and Engineering

MSE 404 MATERIALS ANALYSIS (3-0-3) (F/S). Physical and chemical characterization of materials: diffraction, imaging, and spectroscopy using optical, electron, and X-ray methods to determine bulk and physical properties. PREREQ: MSE 310 and MSE 380.

MSE 404L MATERIALS ANALYSIS LAB (0-3-1)(F/S). Use of characterization techniques in materials science and engineering analysis including microscopy, spectroscopy and diffraction techniques. COREQ: MSE 404.

MSE 408 PHASE TRANSFORMATIONS AND KINETICS (3-0-3)(F/S). Kinetics of phase transformations, nucleation, crystallization, decomposition, chemical reactions, and atomic and molecular diffusion. Examines surface and interface phenomena, sintering, grain growth, recovery and recrystallization. PREREQ: MSE 308.

MSE 412 MECHANICAL BEHAVIOR OF MATERIALS (3-0-3)(F/S). Deformation and fracture in engineering materials including elastic and plastic deformations, dislocation theory, alloy hardening and creep deformation, fracture mechanisms, linear elastic and nonlinear elastic fracture mechanics, toughening of metals, ceramics, and composites, environmentally assisted failure. PREREQ: ENGR 210 and MSE 215.

MSE 480, 482 SENIOR PROJECT I, II (1-4-2)(F/S). Culminating major design experience incorporating engineering standards and realistic constraints that include most of the following: economic, environmental, manufacturability, ethical, health and safety, social and political. PREREQ: MSE 404, MSE 408, and MSE 412. PREREQ for MSE 482: MSE 480

MSE 485 MATERIALS SELECTION (2-2-2)(F/S). Mechanical, chemical and thermal behavior of different classes of materials will be compared and contrasted. Consideration of the trade-offs in selecting materials for specific applications will be considered and exemplified by case studies. PREREQ: MSE 310 and MSE 412.

Chair and Professor: Alan Hausrath. *Professors:* Bartoszynski, Eastman, Kania-Bartoszynska, Kerr, Lamet, Scheepers, Walen. *Associate Professors:* Brill, Bullock, Feldman, Grantham, Holmes, Kenny, Rohrig, Smith. *Assistant Professors:* Kaiser, Kinzel, Lee, Mead, Moore, Qu, Zubik-Kowal.

Degrees Offered

- B.S., and Minor in Applied Mathematics
- B.A., B.S., and Minor in Mathematics
- B.A. and B.S. in Mathematics, Secondary Education Option
- M.S. in Mathematics Education (See the *BSU Graduate Catalog*.)

Department Statement

Mathematics is concerned with abstraction, precision, patterns, and problem-solving and is a theoretical discipline with a wide array of applications.

The mathematics, secondary education option prepares students to teach mathematics at the junior high or senior high school level. It combines a broad background in mathematics with a firm foundation in educational theory and methodology.

The options for majoring in Mathematics or Applied Mathematics are more flexible; they require a certain amount of breadth in mathematical preparation but allow a student to choose which area or areas of mathematics to study in more depth.

Degree Requirements

Applied Mathematics Bachelor of Science	
Course Number and Title	Credits
ENGL 101-102 English Composition	6
Area I — see page 39 for list of approved courses

Electives to total 128 credits	27-32
Total	128

The Mathematics, Secondary Education program combines content knowledge, theories of learning and human development, study of curriculum, and methodology, to help students develop the knowledge, skills and dispositions essential for success in secondary school teaching. The program is grounded in the conceptual framework of the reflective practitioner. Reflective practitioners adjust their teaching approaches and learning environment to the needs and backgrounds of their students. Candidates who complete this program have demonstrated evidence of meeting the Idaho Beginning Teacher Standards and are eligible for recommendation for state certification.

Students wishing to pursue this degree must meet the requirements and standards for admission to teacher education, which are described fully under the Department of Curriculum, Instruction, and Foundational Studies or at <http://education.boisestate.edu>. Students must meet all knowledge, skill, and disposition requirements to remain in the program.

Course Offerings

See page 52 for a definition of the course-numbering system.

Evening and summer sections of large-enrollment, multi-section service courses are offered on a regular basis. For other courses, evening and summer sections are offered only upon sufficient demand. Students should contact the department well in advance (at least a semester) to request such course offerings.

MATH — MATHEMATICS

Lower Division

MATH 15 PRE-ALGEBRA (3-0-0)(F,S). Fundamental algebraic skills needed for MATH 25. Review of arithmetic (fractions, negative numbers, and percents), an introduction to graphing, and an introduction to variables, simplifying algebraic expressions, and solving linear equations.

MATH 25 ELEMENTARY ALGEBRA (3-0-0). Brief review of arithmetic operations and their properties. Positive integer exponents, variables, algebraic expressions, solution of linear equations, definition of absolute value. Expansion of product of two binomials, factorization of quadratics, solution of quadratic equations by factoring. Two-dimensional Cartesian coordinate systems, slope, equations of lines, solution of 2-by-2 linear systems. Simple "word problems."

MATH 108 INTERMEDIATE ALGEBRA (4-0-4). Radicals, negative and rational exponents, completing the square, quadratic formula. Linear and quadratic inequalities (including absolute value); simple systems of equations and inequalities. Multiplication of polynomials; basic factorization techniques. Manipulation of rational expressions, compound fractions, rationalization of denominator (or numerator). Introduction to the concept of function, graphs of functions and equations. Introduction to exponential and logarithmic expressions. MATH 108 is NOT a Core course, and cannot be taken for credit after any MATH course numbered MATH 143 or higher. PREREQ: MATH 25 or satisfactory placement score.

MATH 124 INTRODUCTION TO MATHEMATICAL THOUGHT (4-0-4)(F,S)(Area III). A survey of selected mathematical topics from areas such as logic, number theory, probability, and geometry. Emphasis on the nature of mathematical reasoning, discovery, and invention, and on the aesthetic, biographical, historical, and philosophical aspects of mathematics. PREREQ: MATH 25 or satisfactory placement score.

MATH 130 FINITE MATHEMATICS (4-0-4)(Area III). Systems of linear equations and inequalities, elementary matrix algebra, introduction to linear programming, elementary discrete probability and statistics. Emphasis on applications to business, economics and social sciences. MATH 130 cannot be taken for credit after any of MATH 301, MATH 360 or MATH 361. PREREQ: MATH 25 or satisfactory placement score.

MATH 143 COLLEGE ALGEBRA (3-0-3)(Area III). Emphasis on the concept of functions as mathematical entities; domain, range, algebraic operations, composition, inverses, graphing. Polynomial functions, division of polynomials, roots, factor theorem, complex numbers, fundamental theorem of algebra. Rational functions and asymptotes. Logarithmic and exponential functions. Multi-level algebraic manipulation of functional expressions—e.g.,

difference quotients. Conic sections and other topics from analytic geometry as time permits. Credit cannot be granted for both MATH 143 and MATH 147. PREREQ: MATH 108 or satisfactory placement score.

MATH 144 ANALYTIC TRIGONOMETRY (2-0-2). Right-triangle and circular function approaches to trigonometry. Trigonometric identities. Graphs of trigonometric functions; amplitude, frequency, phase shift. Inverse trigonometric functions and their graphs. Polar coordinates, polar representations of complex numbers. Credit cannot be granted for both MATH 144 and MATH 147. PREREQ: MATH 143 or satisfactory placement score.

MATH 147 PRECALCULUS (5-0-5)(Area III). A single course equivalent to College Algebra (MATH 143) plus Analytic Trigonometry (MATH 144). Credit cannot be granted for both MATH 143 and MATH 147, nor for both MATH 144 and MATH 147. PREREQ: MATH 108 or satisfactory placement score.

MATH 157 STRUCTURE OF ARITHMETIC FOR TEACHERS (4-0-4)(F,S). Number systems from whole numbers through the reals: numeration, number operations, algorithms, and properties. Includes an integrated materials component which makes use of physical models and technology. PREREQ: MATH 108 or satisfactory placement score.

MATH 160 SURVEY OF CALCULUS (4-0-4)(Area III). A survey of the essentials of calculus, intended mainly for students in business and social sciences; emphasis on applications to such areas. Basic concepts and computational techniques for functions, derivatives, and integrals, with emphasis on polynomial, rational, exponential and logarithmic functions. Very brief introduction to calculus of functions of several variables. MATH 160 cannot be taken for credit after MATH 170. PREREQ: MATH 143 or satisfactory placement score.

MATH 170 CALCULUS I (4-0-4)(Area III). Definitions of limit, derivative and integral. Computation of the derivative, including logarithmic, exponential and trigonometric functions. Applications of the derivative, approximations, optimization, mean value theorem. Fundamental Theorem of Calculus, brief introduction to applications of the integral and to computations of antiderivatives. Intended for students in engineering, mathematics and the sciences. PREREQ: MATH 143 and MATH 144, or MATH 147, or satisfactory placement score.

MATH 171 CALCULUS I COMPUTER LABORATORY (0-1-1). Introduction to a general-purpose mathematical software system such as Maple or Mathematica which provides symbolic, numerical and graphical capabilities; emphasis on the use of such a system in understanding, visualizing, and applying the ideas of calculus. Students are expected to spend additional lab time during open lab hours. PREREQ: MATH 170.

MATH 175 CALCULUS II (4-0-4)(Area III). A continuation of MATH 170. Applications of the integral, symbolic and numerical techniques of integration. Sequences and series, with an emphasis on power series and approximations, convergence and error bounds. Separable differential equations. Parametric curves in the plane and polar coordinates. Includes use of mathematical software such as Maple or Mathematica. PREREQ: MATH 170.

MATH 187 DISCRETE AND FOUNDATIONAL MATHEMATICS I (4-0-4)(F/S)(Area III). An introduction to the language and methods of reasoning used throughout mathematics and computer science, and to selected topics in discrete mathematics. Propositional and predicate logic; elementary set theory; introduction to proof techniques including mathematical induction; functions and relations; and basic principles of elementary number theory, combinatorial enumeration, and graph theory. PREREQ: MATH 143, MATH 147 or satisfactory placement score.

MATH 254 APPLIED STATISTICS WITH COMPUTERS (4-0-4)(S)(Area III). Pre-calculus treatment of descriptive statistics, confidence intervals, hypothesis testing, regression, correlation. Selected topics from probability theory. Emphasis on concepts and applications to a wide variety of disciplines. Use of computer statistics packages to handle computations. Carries no credit after MATH 360 or MATH 361. PREREQ: MATH 108, MATH 130, or MATH 143, or satisfactory placement score.

MATH 257 GEOMETRY AND PROBABILITY FOR TEACHERS (4-0-4)(F,S)(Area III). Probability, statistics, geometric concepts, principles, and measurement. Includes the use of physical materials and technology. PREREQ: MATH 157.

MATH 270 TECHNOLOGY IN THE SECONDARY MATHEMATICS CLASSROOM (3-0-3)(S). Essential skills and techniques for using technology in teaching and learning mathematics, problem solving, and mathematical thinking and reasoning. Mathematical topics selected from areas such as algebra, probability, statistics, and geometry. PREREQ: MATH 143.

MATH 271 MATHEMATICAL SOFTWARE (0-1-1)(F/S). Introduction to general-purpose mathematical software systems which provide symbolic, numerical and graphical capabilities; emphasis on multidimensional problems. PREREQ: MATH 275 and one of COMPSCI 115, COMPSCI 117, COMPSCI 119, or COMPSCI 125.

MATH 275 MULTIVARIABLE AND VECTOR CALCULUS (4-0-4). Vector algebra and geometry, functions of several variables, partial and directional derivatives, gradient, chain rule, optimization, multiple and iterated integrals. Parametric curves and surfaces, vector fields, divergence and curl, line and surface integrals, Green's, Stokes' and divergence theorems. Use of software such as Maple or Mathematica for visualization, exploration and solutions of "real-world" problems. PREREQ: MATH 175.

MATH 291 PUTNAM PRACTICE I (1-0-1)(F/S). Solving problems from previous Putnam examinations and related problems. May be repeated once for credit. (Pass/Fail).

Upper Division

MATH 301 LINEAR ALGEBRA (4-0-4)(F,S). Matrix algebra, determinants, vector spaces, and linear transformations. PREREQ: MATH 275, or both MATH 175 and MATH 187.

MATH 305 ABSTRACT ALGEBRA I (3-0-3)(S). Introduction to abstract algebraic systems — their motivation, definitions, and basic properties. Primary emphasis is on group theory (permutation and cyclic groups, subgroups, homomorphism, quotient groups), followed by a brief survey of rings, integral domains, and fields. PREREQ: MATH 187 and MATH 301.

MATH 306 NUMBER THEORY (3-0-3)(F). Diophantine equations, residues, quadratic reciprocity, and continued fractions. PREREQ: MATH 175 and MATH 187.

MATH 307/COMPSCI 367/567 CRYPTOLOGY I (4-0-4)(F). Introduction to modular arithmetic. The study of: the RSA, El-Gamal, Diffie-Hellman, and Blum-Blum-Shrub public key cryptosystems, authentication and digital signatures, anonymity protocols. Protocol failures for these systems. Crosslisted with COMPSCI 367 and COMPSCI 567; credit may be received for only one of these three courses. PREREQ: MATH 170, and MATH 187.

MATH 308/COMPSCI 368/568 CRYPTOLOGY II (4-0-4)(S). Introduction to groups, fields, polynomial rings and Lucas numbers. The study of: the Elliptic Curve, LUC, and NTRU public keys cryptosystems, authentication and digital signatures, anonymity protocols. Crosslisted with MATH 308 and COMPSCI 368/568; credit may be received for only one of these three courses. PREREQ: MATH 170, and MATH 187.

MATH 311 FOUNDATIONS OF GEOMETRY (3-0-3)(S). Euclidean, non-Euclidean, and projective geometries from an axiomatic point of view. PREREQ: MATH 175 and MATH 187.

MATH 314 FOUNDATIONS OF ANALYSIS (3-0-3)(F). The real number system, completeness and compactness, sequences, continuity, foundations of the calculus. PREREQ: MATH 175 and MATH 187.

MATH 326 COMPLEX ANALYSIS (3-0-3)(S)(Offered on demand even-numbered years). Complex numbers, functions of a complex variable, analytic functions, infinite series, integration, the residue theorem and conformal mapping. PREREQ: MATH 275.

MATH 333 DIFFERENTIAL EQUATIONS WITH MATRIX THEORY (4-0-4). Use of differential equations to model phenomena in sciences and engineering. Solution of differential equations via analytic, qualitative and numerical techniques. Linear and nonlinear systems of differential equations. Introduction to matrix algebra, determinants, eigenvalues, and solutions of linear systems. Laplace transforms. PREREQ: MATH 175.

MATH 360 ENGINEERING STATISTICS (3-0-3). Calculus-based survey of statistical techniques used in engineering. Data collection and organization, basic probability distributions, sampling, confidence intervals, hypothesis testing, process control, simple regression techniques, design of experiments. Emphasis on examples and applications to engineering, including product reliability, robust design and quality control. PREREQ: MATH 275.

MATH 361 PROBABILITY AND STATISTICS I (4-0-4). Calculus-based treatment of probability theory, random variables, distributions, conditional probability, central limit theorem, descriptive statistics, regression and correlation, tests of hypotheses, design of experiments, and sampling surveys. Differs from MATH 360 by providing more thorough coverage of theoretical foundations and wider variety of applications, which are drawn from natural and social sciences as well as engineering. PREREQ: MATH 175.

MATH 387 DISCRETE AND FOUNDATIONAL MATHEMATICS II (4-0-4)(S). A continuation of MATH 187, exploring more advanced topics in logic, set theory, and discrete mathematics. Proof techniques in predicate logic; diagonalization arguments in logic, set theory and computer science; ordered sets; mathematical methods in cryptography; advanced techniques of combinatorial enumeration; selected topics in graph theory. PREREQ: MATH 187.

MATH 405 ABSTRACT ALGEBRA II (4-0-4)(F)(Offered on demand odd-numbered years). Sylow theorems, solvable groups, rings and ideals, rings of polynomials, factorization, fields and extensions, Galois theory. PREREQ: MATH 301 and MATH 305.

MATH 411 INTRODUCTION TO TOPOLOGY (3-0-3)(S)(Offered on demand even-numbered years). Sets, metric spaces, topological spaces, continuous mappings, connectedness, and compactness. PREREQ: MATH 314.

MATH 414 ADVANCED CALCULUS (4-0-4)(S)(Offered on demand odd-numbered years). Infinite series, sequences and series of functions, uniform convergence, theory of integration (Riemann and Stieltjes), further topics as time permits. PREREQ: MATH 275, MATH 301, MATH 314.

MATH 436 PARTIAL DIFFERENTIAL EQUATIONS (3-0-3)(F)(Offered on demand even-numbered years). Theory of partial differential equations and boundary value problems with applications to the physical sciences and engineering. Detailed analysis of the wave equation, the heat equation, and Laplace's equation using Fourier series and other tools. PREREQ: MATH 333.

MATH 456-456G LINEAR PROGRAMMING (4-0-4)(F)(Offered on demand even-numbered years). Simplex algorithm, two-phase method, simplex algorithm for problems with bounded variables, duality theory, post-optimality analysis, network simplex method, and the transportation and assignment problems. PREREQ: MATH 301.

MATH 462 PROBABILITY AND STATISTICS II (4-0-4)(F)(Offered on demand odd-numbered years). A review of the concept of probability space and random variable; expectation and moment-generating functions leading to the central limit theorem; multiple factor analysis of variance; multiple linear regression; nonparametric tests. PREREQ: MATH 275, 301, and MATH 361.

MATH 464 MATHEMATICAL MODELING (3-0-3)(F). Introduction to mathematical modeling through case studies. Deterministic and probabilistic models. Optimization. Examples will be drawn from the physical, biological, and social sciences. PREREQ: MATH 361 or PERM/INST.

MATH 465 NUMERICAL ANALYSIS (4-0-4)(S)(Offered on demand odd-numbered years). The application of numerical methods to the interpretation and analysis of data, solution of equations, general iterative methods, approximation of functions, and error analysis. PREREQ: MATH 301 or MATH 333 or PERM/INST.

MATH 466 INTRODUCTION TO NUMERICAL METHODS FOR DIFFERENTIAL EQUATIONS (4-0-4)(F)(Offered on demand odd-numbered years). First order initial value problems, systems of differential equations, second order boundary value problems, nonlinear problems, finite difference and finite element methods, the basic partial differential equations of mathematical physics. PREREQ: MATH 333.

MATH 471 DATA ANALYSIS (4-0-4)(S)(Offered on demand even-numbered years). The application of probability theory and statistics to the analysis of a wide range of data sets. Emphasis on the differences between theory and practice, classification, prediction, regression, and time series analysis. Classical statistical data analysis tools versus some recently developed techniques such as artificial neural networks. PREREQ: MATH 361 or MATH 462.

MATH 488 SENIOR OUTCOME ASSESSMENT (0-0-0)(F,S). Required to graduate. Senior students will take an outcome assessment examination. Mathematics, Secondary Education students may be permitted to submit a portfolio in place of the examination. Mathematics, Secondary Education students must take MATH 488 before their final student-teaching semester. (Pass/Fail). PREREQ: Senior standing.

MATH 480 SENIOR PROJECT (3-4 credits)(Offered on demand). Research on a mathematical problem in the form of a thesis, or work on an applied problem which could be provided by local industry. PREREQ: Senior standing.

MATH 490-490G MATHEMATICS IN SECONDARY SCHOOLS (3-0-3)(F). Objectives, content, and methods of secondary school mathematics programs. PREREQ: MATH 270 and six hours of mathematics completed at or above the 300-level or PERM/INST.

MATH 491 PUTNAM PRACTICE II (1-0-1)(F/S). Solving problems from previous Putnam examinations and related problems. May be repeated once for credit. (Pass/Fail).

Department of Mechanical Engineering

Engineering & Technology Bldg, Room 240
<http://coen.boisestate.edu/me/>

Telephone 208 426-4078
Fax 208 426-5633

Chair and Professor: John Gardner. *Professors:* Dawson, Eggert, Guarino, Parks, Russell, Tennyson. *Associate Professor:* Ferguson. *Assistant Professors:* Moll, Sabick.

Degrees Offered

- Bachelor of Science in Mechanical Engineering (B.S.M.E.)
- Master of Science in Engineering (M.S.E.) (See the *BSU Graduate Catalog*)

Department Statement

The Mechanical Engineering program prepares students for the rewards and challenges of careers in research, design, and manufacturing of a wide array of mechanical components and systems. From mountain bikes to disk drives, mechanical engineers are involved in all aspects of mechanical and electromechanical systems.

The curriculum was carefully developed with input from engineering professionals to provide a sound foundation in basic engineering while enabling students to specialize in diverse topics such as machine design, product development, mechatronics, thermal systems, vibrations and controls, and HVAC. Graduates are well prepared to enter the workplace or to further their education in graduate schools.

The department sponsors student chapters of the American Society of Mechanical Engineers (ASME) and the American Society of Heating and Refrigerating and Air-Conditioning Engineers (ASHRAE) and the Society of Automotive Engineers (SAE).

Educational Objectives

Upon successful completion of the course of study encompassed by our undergraduate program, our students will be able to:

1. use their knowledge and expertise in mathematics, science, and engineering to solve problems from a wide range of fields and use these problem-solving skills in an integrated and intelligent manner for the analysis of complex engineering systems and the competent design of engineering systems and components
2. recognize the need for experiments and be able to design, carry out and interpret the results of an experimental program
3. successfully communicate the content and importance of their work to a broad range of audiences using a wide variety of media. This includes communication and operations of a multi-disciplinary team environment. In addition, our students are expected to maintain the highest standards of personal and professional integrity and ethical responsibilities
4. continue their education, both formally and informally, by making use of their research and study skills that were developed at Boise State. These skills are essential to the extension of the students' technical skills and the proper understanding of their work in a social, ethical, and economic context

Engineering Design in Mechanical Engineering

Design is central to the practice of engineering. The department requires each student to develop design skills and knowledge. The curriculum has been

Chapter 12 — Academic Programs and Courses

Department of Mechanical Engineering

carefully formulated to emphasize: 1) design as a process in the freshman year; 2) solving open-ended problems during the sophomore year; 3) component and system design in the junior year; and 4) the capstone design project in the senior year.

Degree Requirements

Mechanical Engineering B.S.M.E.	
Course Number and Title	Credits
ENGL 101-102 English Composition	6
*Area I — see page 39 for list of approved courses	
Area I core course in one field	3
Area I core course in a second field	3
*Area II — see page 40 for list of approved courses	
COMM 101 Fundamentals of Speech Communication	3
Area II core course in a second field	3
*Area I-II Depth Elective	
Area I core courses in a third field AND an elective depth - course** which is a second course in an Area II field that has been approved by the student's advisor, not necessarily from the list of core courses OR	6
Area II core course in a third field AND an elective depth course** which is a second course in an Area I field that has been approved by the student's advisor, not necessarily from the list of core courses.	
Area III	
Area III requirements are automatically met by specific courses included in the major requirements below.	
CHEM 111 College Chemistry	4
ENGL 202 Technical Communication	3
ENGR 120 Introduction to Engineering	3
ENGR 210 Engineering Statics	3
ENGR 220 Engineering Dynamics	3
ENGR 240 Introduction to Electric Circuits	3
ENGR 245, 245L Introduction to Materials Science and Engineering and Lab	4
ENGR 320 Thermodynamics I	3
ENGR 330, 331 Fluid Mechanics and Lab	4
ENGR 350 Engineering Mechanics of Materials	3
MATH 170, 175 Calculus I and Calculus II	8
MATH 275 Multivariable and Vector Calculus	4
MATH 333 Differential Equations with Matrix Theory	4
MATH 360 Engineering Statistics OR	3-4
MATH 361 Probability and Statistics I	
ME 105 Mechanical Engineering Graphics	3
ME 280 Mechanical Engineering Design	3
ME 320, 321 Heat Transfer and Lab	4
ME 352 Applied Mechanics of Materials	3
ME 380 Kinematics and Machine Dynamics	4
ME 410 Mechanical Engineering Lab	3
ME 424 Thermal and Fluids Systems Design	3
ME 462 Machine Design	3
ME 480 Senior Design Project	4
PHYS 211, 211L Physics I with Calculus and Lab	5
PHYS 212, 212L Physics II with Calculus and Lab	5
*Mechanical Engineering Applied Thermodynamics elective (ME 325 or ME 420 or ENGR 445)	3
*Mechanical Engineering Design elective	3
*Mechanical Engineering Technical electives	3
*Technical electives	3
Total	128 - 129
NOTE: *All university core courses and technical and design electives must be approved by the student's advisor. Technical electives are any ME, CE, EE, or ENGR courses numbered above 300 not required in the ME curriculum. Other suitable courses may be used as technical electives subject to approval of the Department of Mechanical Engineering.	
**Courses that instill cultural values are acceptable while routine exercises of personal craft are not.	

Course Offerings

See page 52 for a definition of the course-numbering system.

ENGR — ENGINEERING SCIENCE

See page 97 for the listing of ENGR courses.

ME — MECHANICAL ENGINEERING

Lower Division

ME 105 MECHANICAL ENGINEERING GRAPHICS (3-0-3)(F/S). Theory and practice of creating graphical models for engineered products. PREREQ: MATH 147 or satisfactory placement score for MATH 170.

ME 280 MECHANICAL ENGINEERING DESIGN (2-3-3)(F/S). Modern engineering design and production processes. Use of computer programs to develop 3-D geometric models for visualization, documentation, and generation of automated machining code. Concepts and methodologies reinforced through design projects. PREREQ: ENGR 120, ME 105, PHYS 211.

Upper Division

ME 320 HEAT TRANSFER (3-0-3)(F/S). Steady and unsteady heat transfer by conduction, free and forced convection, and radiation. PREREQ: ENGR 320, ENGR 330, MATH 275, and MATH 333. COREQ: ME 321.

ME 321 HEAT TRANSFER LAB (0-3-1)(F/S). Heat transfer experiments, measurements, data acquisition and data analysis. Conduction, free and forced convection, radiation and computational heat transfer. COREQ: ME 320.

ME 325 HVAC PRINCIPLES (3-0-3)(F/S). Heating, ventilating and air conditioning applications of thermodynamic and psychometric principles. Calculation of heating and cooling loads based on thermal comfort and design of processes and equipment that maintain desired indoor air quality. PREREQ: ENGR 320. COREQ: ENGR 330.

ME 352 APPLIED MECHANICS OF MATERIALS (3-0-3)(F/S). Multidimensional stress and strain, energy methods, and failure theories. Introduction to plasticity, fatigue, nonlinearity, and stress concentrations. Analysis of thick-walled cylinders, pressure vessels, columns, buckling, plates, beams, and shells using computer methods. PREREQ: ENGR 350.

ME 370 ADVANCED ENGINEERING MATHEMATICS (3-1-3)(F/S). Application of advanced mathematics to engineering problems. Laplace and Fourier transforms, linear and nonlinear systems of equations, vector calculus, Greens and Stokes theorems, divergence, gradient, and curl. Numerical methods used for modeling and analysis. PREREQ: MATH 333 and either MATH 272, or MATH 275.

ME 380 KINEMATICS AND MACHINE DYNAMICS (3-3-4)(F/S). Analysis, synthesis, and simulation techniques to characterize, analyze, and design mechanisms and machines to meet performance and functional criteria. Design projects reinforce concepts and methodologies. Both student-generated code and commercial program use emphasized. PREREQ: ENGR 220, MATH 275, MATH 333, and structured programming.

ME 402-402G APPLIED NUMERICAL METHODS FOR ENGINEERS (3-0-3)(F/S). Approximate and numerical methods for solving systems of linear and nonlinear equations, and ordinary and partial differential equations with engineering applications. Finite difference and finite element techniques; roots, curve fitting, and numerical integration. PREREQ: MATH 333 and structured programming.

ME 410 MECHANICAL ENGINEERING LAB (1-6-3)(F/S). Theoretical and practical techniques for designing and conducting engineering experiments. Student projects emphasize design of experiments, data acquisition, data analysis, and error analysis. Emphasis on technical communication. PREREQ: ME 320, ME 352, ENGR 240, and MATH 360.

ME 420-420G THERMODYNAMICS II (3-0-3)(F/S). Advanced topics and applications of thermodynamics include power and refrigeration cycles, combustion, mixed gas properties, chemical equilibrium, and psychometric applications. PREREQ: ENGR 320 and MATH 275.

ME 424 THERMAL AND FLUIDS SYSTEMS DESIGN (3-0-3)(F/S). Applied thermodynamics, fluid mechanics, and heat transfer in design of HVAC systems, thermal power plants and engines, related piping or ducting systems. Design for system optimization, simulation, and economics. PREREQ: ENGR 330 and ME 320.

ME 430 FLUID DYNAMICS (3-0-3)(F/S). Advanced fluid mechanics theory and applications in potential flow, viscous flow, boundary layer theory, turbulent flow and turbulence modeling, compressible flow, turbomachinery, and computational fluid dynamics. PREREQ: ENGR 330, MATH 333, and either MATH 272 or MATH 275.

ME 432 ACOUSTICS (3-0-3)(F/S). Basic theories of acoustics, wave equations, acoustic response, sound generation, transmission, and attenuation. Measurement techniques and nomenclature. PREREQ: ENGR 330 and MATH 333.

ME 433 DYNAMIC METEOROLOGY (3-1-3)(F/S). Atmospheric dynamics and thermodynamics, planetary boundary layer, jet stream dynamics and global circulation systems, numerical modeling and forecasting, climate change topics, and weather analysis. A weekly one-hour lab includes weather analysis topics and weather-related activities on the WEB. PREREQ: MATH 333 and either MATH 272 or MATH 275.

ME 442 CORROSION ENGINEERING (3-0-3)(F/S). Electrochemical principles, thermodynamics, types of corrosion, corrosion measurements, and corrosion prevention with examples from selected industries. PREREQ: ME 240.

ME 444 FATIGUE AND FRACTURE MECHANICS (3-0-3)(F/S). Fatigue and fracture of materials. Fatigue nucleation, crack growth, temperature effects, fracture toughness and resistance, and design considerations. PREREQ: ENGR 350, ME 240, MATH 333, and either MATH 272 or MATH 275, or PERM/INST.

ME 450 ADVANCED MECHANICS OF MATERIALS (3-0-3)(F/S). Extension of stress-strain concepts to three-dimensions, plate and shell analysis, failure theories, and fatigue. Analysis and visualization techniques include Finite Element Analysis and photoelasticity. PREREQ: ENGR 350.

ME 454 COMPOSITES (3-0-3)(F/S). Mechanics of composite materials. Solid mechanics principles used to analyze layered composites, long and short fiber composites, and woven composites. Finite Element Analysis reinforces content. PREREQ: ENGR 350 and MATH 275.

ME 460 COMPUTER AIDED DESIGN (3-0-3)(F/S). Computer programs used to develop 3-D CAD database for design, analysis, simulation, and manufacturing. Machinery design to meet functional, performance, reliability and manufacturing requirements. Design projects reinforce concepts and methodologies. For students desiring higher level CAD skills prior to taking ME 480. PREREQ: ME 320 and ME 352.

ME 462 MACHINE DESIGN (3-0-3)(F/S). Development and application of methods for the design of machine components such as brakes, bearings, clutches, shafts, springs, gears and fasteners. PREREQ: MATH 360, ME 240, ME 280, ME 352, and ME 380.

ME 464 PRODUCTION ENGINEERING (3-0-3)(F/S). Engineering design and control of production or manufacturing systems. Concurrent engineering, product design and process planning, facilities layout, quality control, management, inventory systems, scheduling, and information systems. PREREQ: ME 320 and ME 350.

ME 466 COMPUTER INTEGRATED DESIGN AND MANUFACTURING (3-0-3)(F/S). Integration of computer aided design with manufacturing practices. Geometric modeling, CAD, concurrent engineering, group technology, process planning and control, numerical control, robotics, and automation. PREREQ: ENGR 350.

ME 470 FINITE ELEMENT METHODS (3-0-3)(F/S). Theoretical development of finite element methods, solution algorithm formulation, and problem solving in stress analysis, heat transfer, and fluid flow. PREREQ: ENGR 220, ENGR 350, structured programming, and senior standing.

ME 472-472G VIBRATIONS (3-0-3)(F/S). Theory and methods for analysis of vibrating physical systems. Natural frequencies, mode shapes, damping, forced vibrations, and frequency-response functions are analyzed by using computer simulation. PREREQ: ENGR 220 and MATH 333.

ME 474-474G CONTROLS (2-2-3)(F/S). Theory and application of analysis and control of physical systems using classical and modern computer based methods. PREREQ: ENGR 220 and MATH 333.

ME 478 DESIGN AND ANALYSIS OF MECHATRONIC SYSTEMS (3-0-3)(F/S). Design and analysis of engineering systems containing mechanical, electro-mechanical and embedded computer elements. The course provides an overview of basic electronics, digital logic, signal processing and electromechanical devices, and fundamentals of event-driven programming. PREREQ: ENGR 240.

ME 480 SENIOR DESIGN PROJECT (3-3-4)(F/S). Capstone design experience integrating previous course work with modern design theory and methodology. Applied through a comprehensive individual or group project, integrating criteria based on customer and engineering requirements, design specifications, and Quality function deployment. Multiple aspects of concept design, preliminary design, final product design, documentation and presentation. PREREQ: ME 462 and ME 424.

ME 482 OPTIMAL DESIGN (3-0-3)(F/S). Analytical and computer methods used to provide optimal design of products or processes. Formulation, specification, figures of merit, controllable variables, constraints, and relationships among design variables. Single and multi-variable optimization algorithms using linear and nonlinear programming methods to design problems in structures, machine components, and energy systems. PREREQ: MATH 272 or MATH 275, PHYS 211, PHYS 211L.

ME 484 ROBUST DESIGN (3-0-3)(F/S). Statistics and probability applied to the design of products and processes. Stochastic modeling and analysis of mechanical systems. Product reliability, series and parallel systems reliability, structural reliability, Taguchi methods, failure modes and effects analysis, and Monte Carlo simulation. PREREQ: ENGR 330 and ENGR 350.

ME 486-486G HUMAN FACTORS DESIGN (3-0-3)(F/S). Anthropometry, biomechanics, and psychology applied to machinery and systems designs which involve human interaction. Design considerations include efficiency, productivity, environmental factors, human capabilities, comfort, and safety. Design projects demonstrate concepts and methodologies. PREREQ: Senior/Graduate standing.

ME 488 DESIGN FOR MANUFACTURE AND ASSEMBLY (3-0-3)(F/S)(Alternate years). Development and application of design methods for cost-effective and timely product manufacture and assembly. Concept, configuration, and parametric product design refinements evaluated with respect to alternative manufacturing and assembly processes. Case studies and design projects. PREREQ: ME 240, ME 280, ENGR 350.

CADRE: Chair and Professor: LTC Michael J. Mikitish. Assistant Professors: Madery, Nelson. Instructor: Jones.

Department Statement

The Reserve Officers' Training Corps (ROTC) was established at Boise State University in 1976 under provisions recommended to the State Board of Education and in accordance with national requirements. Participation by students in the program is voluntary.

The objective of senior Army ROTC, is to provide world-class leadership training to transform Scholar - Athlete - Leaders at Boise State University into commissioned officers prepared to lead small units upon arrival to their first unit of assignment in the United States Army, Army Reserves, and Army National Guard.

Scope of Instruction

Instruction in ROTC is divided into the basic course and the advanced course. Each is described below.

General The complete course of instruction leading to a commission as a Second Lieutenant consists of four years of academic classes and one 6-week summer camp, or two years of academic classes and two summer camps. Training in leadership is emphasized. Instruction is given on subjects common to all branches of the Army, with emphasis placed on the following: organization of the Army and ROTC; individual weapons and marksmanship; military history; management; leadership; map reading, land navigation and orienteering; U.S. Army and national security; military teaching principles; tactics; communications; operations; logistics; administration; military law; and the role of the United States military in world affairs.

Basic Course There is no military obligation in the basic course, which consists of the first two years of military science, normally taken during the freshman and sophomore years. Satisfactory completion of the basic course fulfills one of the requirements for continuation in the four-year program and acceptance into the advanced course. Those students desiring to take the advanced course, but lacking the credit for the basic course, may satisfy the requirements by attending a five-week summer camp between their sophomore and junior year, or by completing Military Basic Training. Veterans and Reserve/National Guard members may receive credit for the basic course.

Advanced Course In addition to the requirements of the basic course, the advanced course requires two additional years of military science and a four-week summer camp. The camp provides practical application of instruction previously given. Admission to the advanced course is by permission of the chair of the department of military science.

Admission Requirements

All Advanced Course ROTC students must be United States citizens. Non-citizens desiring to enroll in ROTC may attend classroom instruction only for the Basic Course.

Advanced program cadets must:

1. Have satisfied **one** of the following requirements: completion of the basic course; successful completion of the five-week leadership training course; completion of Basic Training. All students must have a minimum of 58 semester hours.
2. Be able to complete all requirements for commissioning before their 30th birthday.
3. Successfully complete the prescribed survey and general screening tests.
4. Be admitted to Boise State University in good standing.
5. Execute an individual contract with the government in which they agree to complete the advanced course at Boise State University or any other institution at which they may thereafter be enrolled where such a program is offered.
6. Devote a minimum of eight hours a week to the military training prescribed by the Secretary of the Army.

Chapter 12 — Academic Programs and Courses

Department of Military Science

- Attend a four-week Leadership Development and Assessment course between the junior and senior year, or in exceptional cases, at the end of the senior year.
- Enlist in the ROTC Control Group. This enlistment does not involve additional training or duty but is to ensure compliance with the terms of the contract signed by the student.
- Agree to accept a commission if tendered.
- Serve as a commissioned officer for nonscholarship Cadets: three years active duty with five years in the Inactive Ready Reserve Control Group as a Reinforcement Designee, or for eight years in either the Army Reserves or Army National Guard; for scholarship Cadets four years active duty with four years in the Inactive Ready Reserve Control Group as a Reinforcement Designee. If the Army does not require service on active duty, students must agree to serve an initial period of active duty for training of three to six months and remain a member of, and participate satisfactorily in, a reserve component until the eighth anniversary of such appointment; unless sooner relieved under other provisions. Guaranteed Reserve Forces (GRF) assignments are available for those who do not want to compete for the active duty assignments. The GRF assignment allows Officers to remain in Idaho and continue their civilian career plans as well as serve in the reserves with an Army Commission.
- Complete the requirements for Pre-commissioning Training (PCT). The PCT system is designed to articulate skills and knowledge that are required of all U.S. Army Officers. The professional military education component consists of four parts, a baccalaureate degree; completion of Military Science Leadership Advanced Course (MILSCI 301 through 402) and the Leadership Development and Assessment course; completion of the Enhanced Skills Training Program (ESTP) and demonstrated proficiency in Military History.

Military History Recommended Courses: upper-division course in American military history that improves the cadet's understanding of the evolution of war, the evolution of the professionalism in the American military, and the place of the American military in its society. *Alternative Courses:* upper-division course in the history of war, history of U.S. foreign policy in the 20th century, and advanced history course approved by the Professor of Military Science that meets the requirement.

Scholarships

Two and three year on-campus scholarship applications are available through the Military Science Department. Each scholarship recipient can receive up to \$10,000 per year while on scholarship. Four-year scholarships are available only to high school seniors. Scholarships pay for tuition and associated fees. There is an additional \$600 per year for books and supplies. Students receive a tiered educational stipend during the school year which pays freshmen/sophomores \$300 per month; juniors \$350 per month; and seniors \$400 per month. Students selected for a scholarship must serve as a Commissioned Officer in the National Guard, Reserves, or active duty Army.

Financial Assistance

All contracted or advanced course cadets receive tiered stipends as mentioned above. Students may contact local National Guard or Reserve units to inquire about educational benefits available. For more information contact the Department of Military Science at 208 426-3500.

Uniforms

Basic and advanced course students will be provided uniforms and equipment for ROTC classes. All such items of clothing and equipment are the property of the U.S. government and are provided solely for the purpose of furthering the military training of the student. Students are responsible for the safekeeping, care, and return of the property issued to them.

Course Offerings

See page 52 for a definition of the course-numbering system.

MILSCI — MILITARY SCIENCE - No military obligation at lower-division level

Lower Division

MILSCI 101 INTRODUCTION TO MILITARY SCIENCE (1-1-1). Provides an overview of ROTC to include the purpose and history of ROTC, introduction to land navigation, customs and courtesies of the military, rifle marksmanship, and first aid. Laboratory consists of progressive participation in leadership exercises, adventure training, and military branch orientation.

MILSCI 102 INTRODUCTION TO MILITARY SCIENCE (1-1-1). This course is a continuation of MILSCI 101. The student will receive further instruction in such military subjects as small-unit tactics, individual tactical movement, first aid, and introduction to leadership. Laboratory consists of progressive participation in leadership exercises, adventure training, and military skills orientation. PREREQ: MILSCI 101 or PERM/INST.

MILSCI 104 RANGER CHALLENGE (0-4-2) (F,S). Augments existing military science classes. Instruction in several basic military survival skills such as field expedient bridging, marksmanship, land navigation, individual weapons familiarization, individual tactical movement, and physical readiness. Culminates in team competitions among various colleges and universities throughout the Northwest that have military science departments. May be repeated for credit.

MILSCI 201 INTRODUCTION TO LEADERSHIP (2-1-2). Prepares student for ROTC advanced course. Areas of emphasis will include leadership, land navigation, oral and written communications, and general military subjects as outlined by Pre-commissioning Training (PCT) guidance. Laboratory consists of progressive instruction in land navigation, individual military skills, adventure training, and military professionalism.

MILSCI 202 APPLIED LEADERSHIP (2-1-2). Prepares the student for the ROTC advanced course. The applied leadership course will concentrate on the instruction and practical application of military professional development, first aid, and small-unit tactics. Laboratory consists of progressive participation in leadership exercises, adventure training, military skills orientation, and tactical instruction.

Upper Division

MILSCI 301 LEADERSHIP AND MANAGEMENT (3-1-3) (F). Increases the student's poise and confidence as a military instructor and leader. Provides information on the branches of the army available for assignment and prepares each student to make his/her selection during the senior year. Prepares the student for participation in ROTC Advanced Camp. Laboratory consists of progressive participation in advanced leadership exercises, adventure training, and orienteering.

MILSCI 302 BASIC TACTICS (3-1-3) (S). Introduces the student to the fundamentals of combat operations. Prepares the student for ROTC National Leadership Advanced Camp. Develops leadership abilities, promotes confidence, and readies students for military service as commissioned officers. Laboratory consists of progressive participation in advanced leadership exercises, adventure training, and tactical operations.

MILSCI 390 MILITARY SCIENCE PRACTICUM (V-V-6) (SU). Provides students with the opportunity to apply the skills they have learned. It is completed at the 5-week ROTC National Advanced Leadership Camp at Fort Lewis, Washington. NOTE: This is required of all contracted students and is usually required between the junior and senior year.

MILSCI 401 ADVANCED TACTICS (3-1-3) (F). Prepares the prospective army officer for initial army assignment. Covers military staff organization and responsibilities; military intelligence; logistics, maintenance and supply, and an introduction to military justice. Students apply principles of advanced leadership by planning and conducting laboratory training.

MILSCI 402 PROFESSIONAL PREPARATION (3-1-3) (S). Includes discussions of: ethics and human relations; counseling techniques; military service in today's society; obligations and responsibilities of an officer on active duty; and coordination and operation of the military team. Students receive thorough leadership assessment and are responsible for planning and executing laboratory training.

MILSCI 493 MILITARY SCIENCE INTERNSHIP (V-V-6). Provides senior students with the opportunity to apply the skills they have learned. Is completed by simultaneous membership in ROTC and Army Reserve/National Guard (P/N). PERM/CHAIR.

Department of Modern Languages and Literatures

Library, Room 140-B Telephone 208 426-3956
http://modlang.boisestate.edu Fax 208 426-4285
e-mail: ldawkins@boisestate.edu or jbalzar@boisestate.edu

Chair and Associate Professor: Teresa Boucher. *Associate Professors:* Browning, Garza, Henderson, Moorhead-Rosenberg. *Spanish Language Coordinator:* Figueras. *Special Lectures:* Lete, Sibrian.

Degrees Offered

- B.A. and Minor in French
- B.A. in French, Secondary Education
- B.A. and Minor in German
- B.A. in German, Secondary Education
- B.A. and Minor in Spanish
- B.A. in Spanish, Secondary Education
- Minor in Japanese Studies

Department Statement

The study of languages gives students a sound foundation in the liberal arts. Graduates with language backgrounds possess a resource for continuing intellectual growth and personal fulfillment, a passport for moving easily within the world community and its diverse cultures, and a practical tool for earning a living.

Programs in the department of modern languages and literatures concentrate on the acquisition of language and a knowledge of the cultures that the language expresses. The department offers baccalaureate degrees in French, German, and Spanish, as well as basic instruction in Japanese.

Special encouragement is given to students who wish to pursue a minor emphasis in a modern language to support a major taken outside the department. With the changing population of the United States and the growing interdependence of the international community, career opportunities are expanding rapidly for graduates who know a second language. Second language competency has become highly desirable in teaching, government, social services, diplomacy, law, medicine, mass communications, science, technology, international trade, and marketing. The programs in modern languages have the latitude and flexibility to fit nearly any career goal.

The department of modern languages and literatures encourages students who wish to acquire proficiency at a “professional” or “near-native” level to spend time in the country whose language they are studying. Programs available through the Office of International Programs give students a chance to master a language and learn more about the culture and customs, often while studying at foreign universities and living with local families.

French, German, and Spanish Placement Exam

If you have any knowledge of French, German, or Spanish, you must take the French, German, or Spanish placement exam in order to be placed into the correct class. The exam fee is \$2.00 which may be charged to your student account by giving your name and student ID number (confirmed with a picture ID) at the Testing Center, Education Building, room 417, OR by paying the fee at the Payment and Disbursement Center, Administration Building, room 211, prior to taking the test. Bring the fee receipt and photo ID to the exam. For testing hours, call 208 426-1435. Scoring is immediate. If you have questions, contact the Department of Modern Languages and Literatures at 208 426-3956.

Language Resource Center

Computers, language software, videos, DVDs, conversation lab, and satellite TV in the Modern Languages Resource Center, Library, Room 144, assist students in their language studies. Most 100-, 200-, and 303-level language classes include a laboratory fee to support the extensive set of enrichment activities including conversation labs with native speakers.

Credit for Prior Learning

Credit for Prerequisite Not Taken: Students who have successfully completed a language course beyond the 101-level with a grade of ‘C’ or higher may petition to receive credit for all courses that are prerequisites to that course.

Challenge Exams: Departmentally prepared challenge exams are available for French, German, Japanese, Mandarin Chinese, and Spanish. External challenge exams are available for other languages.

Secondary Education

The French, German, or Spanish, Secondary Education program combine content knowledge, theories of learning and human development, study of curriculum, and methodology to help students develop the knowledge, skills and dispositions essential for success in secondary school teaching. The program is grounded in the conceptual framework of the reflective practitioner. Reflective practitioners adjust their teaching approaches and the learning environment to the needs and backgrounds of their students. Candidates who complete this program have demonstrated evidence of meeting the Idaho Beginning Teacher Standards and are eligible for recommendation for state certification.

Students wishing to pursue this degree must meet the requirements and standards for admission to teacher education, which are described fully under the Department of Curriculum, Instruction, and Foundational Studies or at <http://education.boisestate.edu>. Students must meet all knowledge, skill, and disposition requirements to remain in the program, and must successfully complete PRAXIS II examination in all endorsement areas.

Degree Requirements

1. To begin the program for the B. A. in French, the student must demonstrate competency in French equivalent to the completion of elementary (FREN 101, 102) and intermediate (FREN 201, 202, 203) French — 16 credit hours. Competency must be demonstrated by course work or placement/challenge procedures.
2. The program must be developed in consultation with a major advisor in French.
3. The student must demonstrate advanced levels of competency in French by means of an oral proficiency interview administered as part of the senior seminar (FREN 498), which must be taken during the last year of the program.
4. Secondary Education majors should also consult with the Department of Curriculum, Instruction, and Foundational Studies catalog listing for current education requirements.

Course Offerings

See page 52 for a definition of the course-numbering system.

FORLNG — FOREIGN LANGUAGE

Upper Division

FORLNG 340 TOPICS IN FRENCH AND FRANCOPHONE LITERATURE (3-0-3)(F/S). A focused study of French and/or Francophone literature in translation organized around a historical period, a genre, a movement, an author, or a theme. Topics will vary each time the course is offered. Frequent writing assignments. Course conducted in English. May be repeated for credit with PERM/INST. Available once as an upper-division elective toward the French major or minor if writing assignments are done in French. PREREQ: ENGL 102.

FORLNG 350 TOPICS IN GERMANIC LITERATURE (3-0-3)(F/S). A focused study of Germanic literature in translation organized around a historical period, a genre, a movement, an author, or a theme. Topics will vary each time the course is offered. Frequent writing assignments. Course conducted in English. May be repeated for credit with PERM/INST. Available once as an upper-division elective toward the German major or minor if writing assignments are done in German. PREREQ: ENGL 102.

FORLNG 360 TOPICS IN HISPANIC LITERATURE (3-0-3)(F/S). A focused study of Hispanic literature in translation organized around a historical period, a genre, a movement, an author, or a theme. Topics will vary each time the course is offered. Frequent writing assignments. Course conducted in English. May be repeated for credit with PERM/INST. Available once as an upper-division elective toward the Spanish major or minor if writing assignments are done in Spanish. PREREQ: ENGL 102.

FORLNG 410 APPROACHES TO FOREIGN LANGUAGE EDUCATION (3-0-3)(S). An overview of theories of language acquisition and of changing pedagogical practices in secondary foreign language education. Examination of contemporary approaches to language teaching and learning, from practical as well as theoretical perspectives. Topics may include communicative competence, the oral proficiency interview, assessment techniques, syllabus preparation, development of lesson plans, and the integration of cultural components with the four skills: listening, speaking, reading, and writing. PREREQ: Minimum of six credits upper-division language or PERM/INST. PREREQ/COREQ: LING 305.

FREN — FRENCH

Lower Division

FREN 101 ELEMENTARY FRENCH I (4-1-4)(F/S)(Area I). Develops beginning abilities in all four language skills: speaking, reading, writing, and listening. Offers basic study of grammatical structures and vocabulary in a communicative context. Introduces students to Francophone cultures. Students who have had more than one year of high school French may not enroll in FREN 101 for credit except by PERM/INST.

FREN 102 ELEMENTARY FRENCH II (4-1-4)(F/S)(Area I). Continues to develop beginning abilities in all four language skills: speaking, reading, writing, and listening. Offers basic study of grammatical structures and vocabulary in a communicative context. Introduces students to Francophone cultures. PREREQ: FREN 101 or equivalent as determined by placement exam.

FREN 201 INTERMEDIATE FRENCH I (3-1-3)(F/S)(Area I) Further development of all four language skills: listening, speaking, reading, and writing. Intensive review of fundamentals of structure and vocabulary in a communicative context. Topics for conversation focus on Francophone cultures. Course conducted in French. PREREQ: FREN 102 or equivalent as determined by placement exam or PERM/INST.

FREN 202 INTERMEDIATE FRENCH II (3-1-3)(F/S)(Area I) Further development of all four language skills: listening, speaking, reading, and writing. Intensive review of fundamentals of structure and vocabulary in a communicative context. Topics for conversation focus on Francophone cultures. Course conducted in French. PREREQ: FREN 201 or equivalent as determined by placement exam or PERM/INST.

FREN 203 INTERMEDIATE FRENCH CONVERSATION (2-1-2)(F/S). Cultural readings from various disciplines and from a wide range of sources will serve as the point of departure for conversation and discussion as well as further refinement of linguistic skills. May be repeated once for credit. Course conducted in French. PREREQ: FREN 102 or equivalent or PERM/INST.

Upper Division

FREN 303 ADVANCED FRENCH CONVERSATION AND COMPOSITION (3-0-3)(F/S). Expands ability in all four skills: reading, writing, speaking, and listening with special emphasis on accuracy in the formal registers of spoken and written French. Offers analysis of grammar and expansion of vocabulary through cultural readings. Discussion of topics related to contemporary French and Francophone trends. Includes frequent writing assignments. Course conducted in French. PREREQ: FREN 202 and FREN 203 or PERM/INST.

FREN 304 INTRODUCTION TO FRENCH AND FRANCOPHONE LITERATURES (3-0-3)(F/S). Develops and expands composition and conversation skills through the use of literary terms and forms in French. A broad introductory course for students wishing to concentrate in culture and literature and for those students who will be teaching at any level. Includes frequent writing assignments. Course conducted in French. PREREQ: FREN 303.

FREN 307 FRENCH FOR BUSINESS (3-0-3)(F/S)(Alternate years). Introduction to the terminology and etiquette of business practice in the French-speaking world. Emphasis on appropriate vocabulary and structures for business letters and other forms of communication, including telephone, fax, and e-mail. Simulation of a commercial enterprise from beginning to end: creation, location, legal aspects, hiring, contracts, preparation of resumes, etc. Frequent writing assignments. Course conducted in French. PREREQ: FREN 303.

FREN 376 FRENCH CULTURE (3-0-3)(F/S). An overview of various aspects of French culture, including geography, history, social structure, art, music, and science. The course will include readings, discussions, and frequent writing assignments. Course conducted in French. PREREQ: FREN 202.

FREN 404 SURVEY OF FRENCH LITERATURE (3-0-3)(F/S). A global survey of the forms and genres of French literature from the Middle Ages to the present. Analysis of literary texts and their socio-historical circumstances. Frequent writing assignments. Course conducted in French. PREREQ: FREN 304.

FREN 412 ADVANCED FRENCH GRAMMAR AND PRONUNCIATION (3-0-3)(F/S). An intensive study of the formal written and spoken registers of French. Addresses the subtleties of French phonology, morphology and syntax. Also develops awareness of and sensitivity to the variety of spoken and written registers of French. Frequent writing assignments. Course conducted in French. PREREQ: FREN 303.

FREN 420 TOPICS IN FRENCH LITERATURE (3-0-3)(F/S)(Alternate years). A focused study of French literature organized around a historical period, a genre, a movement, an author, or a theme. Topics will vary each time the course is taught. Frequent writing assignments. Course conducted in French. May be repeated once for credit with PERM/INST. PREREQ: FREN 304.

FREN 430 TOPICS IN FRANCOPHONE LITERATURE (3-0-3)(F/S)(Alternate years). A focused study of the literature of a Francophone region: North Africa, West Africa, the Caribbean, Quebec. The course will be organized around a historical period, a genre, a movement, an author, or a theme. Topics will vary each time the course is taught. Frequent writing assignments. Course conducted in French. May be repeated once for credit with PERM/INST. PREREQ: FREN 304.

FREN 475 FRANCE TODAY (3-0-3)(F/S)(Alternate years). An analysis of contemporary problems and events in France. Readings and discussion will be interdisciplinary, drawing from social, economic, political, educational, artistic, and scientific sources. Emphasizes the

comparative study of French and American customs and viewpoints in their socio-historical contexts. Course conducted in French. PREREQ: FREN 303.

FREN 485 THE FRANCOPHONE WORLD TODAY (3-0-3)(F/S)(Alternate years). Topics in contemporary Francophone cultures, including recent historical background, and developments in society, literature, cinema, and politics. Content will rotate to cover various Francophone regions, including 1) Quebec, 2) North Africa, and 3) West Africa and the Caribbean. Course conducted in French. May be repeated once for credit with PERM/INST. PREREQ: FREN 303.

FREN 490 TOPICS IN FRENCH AND FRANCOPHONE CINEMA (3-2-3)(F/S)(Alternate years). An advanced culture course using films from French and Francophone cultures for further refinement of linguistic and analytical skills. Topics will vary each time the course is taught. Film lab required. Readings will include critical articles on the films and/or literary texts from which films were adapted. Frequent writing assignments. Course conducted in French. May be repeated once for credit with PERM/INST. PREREQ: FREN 304.

FREN 498 SENIOR SEMINAR (3-0-3)(F/S)(Alternate years). A capstone, exit requirement course. Topic chosen by instructor on a rotating basis. Discussion of literary and cultural subject matter. Students will demonstrate proficiency in the written, spoken, and cultural codes of French by means of a research paper and an expanded oral presentation on the topic of the paper. Course must be taken at least one semester prior to graduation and includes an exit oral proficiency. Course conducted in French. PREREQ: FREN 304 or PERM/INST.

GERM — GERMAN

Lower Division

GERM 101 ELEMENTARY GERMAN I (4-1-4)(F/S)(Area I). Develops beginning abilities in all four language skills: speaking, reading, writing, and listening. Offers basic study of grammatical structures and vocabulary in communicative context. Introduces students to Germanic cultures.

GERM 102 ELEMENTARY GERMAN II (4-1-4)(F/S)(Area I). Continues to develop beginning abilities in all four language skills: speaking, reading, writing, and listening. Offers basic study of grammatical structures and vocabulary in a communicative context. Introduces students to Germanic cultures. PREREQ: GERM 101 or PERM/INST.

GERM 201 INTERMEDIATE GERMAN I (4-1-4)(F/S)(Area I). Intended to further develop all four language skills: speaking, reading, writing, and listening. Intensive review of fundamentals of structure and vocabulary in a communicative context. Topics for conversation, reading, and writing focus on Germanic cultures. Course conducted in German. PREREQ: GERM 102 or PERM/INST.

GERM 202 INTERMEDIATE GERMAN II (4-1-4)(F/S)(Area I). Intended to further develop all four language skills: speaking, reading, writing, and listening. Intensive review of fundamentals of structure and vocabulary in a communicative context. Topics for conversation, reading, and writing focus on Germanic cultures. Course conducted in German. PREREQ: GERM 201 or PERM/INST.

Upper Division

GERM 303 ADVANCED GERMAN CONVERSATION AND COMPOSITION (3-0-3)(F/S). Practice towards idiomatic fluency. Readings from newspapers, magazines, and essays, and discussion of slides, tapes, and films. Frequent writing required. PREREQ: GERM 202 or PERM/INST.

GERM 304 INTRODUCTION TO GERMAN LITERATURE (3-0-3)(F/S). Develops and expands composition and conversation skills through the use of German literary terms and forms. Introduction to methods of literary analysis and interpretation. Prepares students for advanced upper division classes in German literature. Frequent writing assignments. Course conducted in German. PREREQ: GERM 202 or PERM/INST.

GERM 307 BUSINESS GERMAN (3-0-3)(F/S). This course introduces students to the terminology and etiquette of business practice in the German-speaking world. It develops a basic ability to function linguistically and socially in a business setting and introduces students to the appropriate terminology and structures for all forms of business communication. Special attention is given to those activities making up the *Prüfung Deutsch für den Beruf*. Course conducted in German. PREREQ: GERM 202 or PERM/INST.

GERM 377 GERMAN CULTURE AND CIVILIZATION (3-0-3)(F/S)(Alternate years). Introduction to German culture and civilization from prehistoric times to the present, with a special emphasis on the time since 1800. Discussion of topics such as political and social history, the question of national identity, and the role of arts, literature, philosophy, music, and architecture. Analysis of German, Austrian, and Swiss contributions to Western civilization. Course conducted in German. PREREQ: GERM 303 or PERM/INST.

GERM 404 SURVEY OF GERMAN LITERATURE I (3-0-3)(F/S)(Alternate years). Introduction to a wide range of literary texts from the Middle Ages to 1850. Analysis of not only the literature, but also the social and historical context in which this literature was produced. All genres. Course conducted in German. PREREQ: GERM 304 or PERM/INST.

GERM 405 SURVEY OF GERMAN LITERATURE II (3-0-3)(F/S)(Alternate years). Introduction to a wide range of literary texts from the 1850 to the present. Analysis of not only the literature, but also the social and historical context in which this literature was and is produced. All genres. Course conducted in German. PREREQ: GERM 304 or PERM/INST.

GERM 412 ADVANCED GERMAN GRAMMAR AND SYNTAX (3-0-3)(F/S)(Alternate years). An intensive study of grammar and syntax rules and their application in written and spoken German. Also develops an awareness of, and sensitivity to, the variety of spoken and written registers. Frequent writing assignments. PREREQ: GERM 303 or PERM/INST.

GERM 420 TOPICS IN GERMAN LITERATURE (3-0-3)(F/S)(Alternate years). Discussion of topics in literature such as nation, family, minorities, or gender roles. Analysis of not only the literature, but also the social and historical context in which the literature was and is produced.

Chapter 12 — Academic Programs and Courses

Department of Modern Languages and Literatures

May focus on a particular period or genre. Course conducted in German. May be repeated for credit with a different topic. PREREQ: GERM 304 or PERM/INST.

GERM 455 CONTEMPORARY GERMAN LITERATURE (3-0-3)(F/S)(Alternate years).

Introduction to a wide range of literary texts by contemporary German-speaking writers, covering the years 1945 to the present. Austrian, Swiss, East- and West-German writers as well as literature by migrants and ethnic minorities. Course conducted in German. PREREQ: GERM 304 or PERM/INST.

GERM 475 THE GERMAN-SPEAKING WORLD TODAY (3-0-3)(F/S)(Alternate years). An in-depth analysis of contemporary nonliterary events in the German-speaking world. Discussion includes social and political structure, educational systems, economic and business life, science, theater, arts, music, and recreation. Course conducted in German. PREREQ: GERM 303 or PERM/INST.

GERM 477 WOMEN'S LITERATURE OF THE GERMAN-SPEAKING WORLD (3-0-3)(F/S)(Alternate years). Introduction to a wide range of literary texts by women in the German-speaking world. Discussion of topics such as representation of women in literature and the social and historical climate in which the literature was and is produced. Course conducted in German. PREREQ: GERM 304 or PERM/INST.

GERM 480 ADVANCED BUSINESS GERMAN(3-0-3)(F/S)(Alternate years). An in-depth analysis of business etiquette, practices and climate in the German-speaking world. Discussion of topics such as appropriate forms of correspondence, advances in technology, and the impact of the social and political climate on business practices. Special attention given to those activities making up the *Prüfung Wirtschaftsdeutsch International*. Course conducted in German. PREREQ: GERM 307 or PERM/INST.

GERM 498 SENIOR SEMINAR (3-0-3)(F/S). A capstone, exit requirement course. Topic chosen by instructor on a rotating basis. Discussion of literary and cultural subject matter. Students will demonstrate proficiency in the written, spoken, and cultural codes of German by means of a research paper and an expanded oral presentation on the topic of the paper. Course includes an exit oral proficiency interview. Required of all German majors in their senior year. Course conducted in German. PREREQ: Senior standing or PERM/INST.

JAPN — JAPANESE

Lower Division

JAPN 101 ELEMENTARY JAPANESE I (4-1-4)(F/S)(Area I). Develops beginning abilities in all four language skills: speaking, reading, writing, and listening. Offers basic study of grammatical structures and vocabulary in a communicative context. The course also introduces Katakana, Hiragana, and a limited number of Chinese characters. Course conducted in Japanese.

JAPN 102 ELEMENTARY JAPANESE II (4-1-4)(F/S)(Area I). Continues to develop beginning abilities in all four language skills: speaking, reading, writing, and listening. Offers basic study of grammatical structures and vocabulary in a communicative context. The course also introduces Katakana, Hiragana, and a limited number of Chinese characters. Course conducted in Japanese. Introduces students to Japanese culture. PREREQ: JAPN 101 or PERM/INST.

JAPN 201 INTERMEDIATE JAPANESE I (4-1-4)(F/S)(Area I). Develops conversational skills including the casual, honorific, and humble styles of Japanese speaking. Additional emphasis placed on formal and colloquial writing through a combination of Katakana, Hiragana, and Kanji. These oral and written skills are practiced through study of Japanese culture and literature. Course conducted in Japanese. PREREQ: JAPN 102 or PERM/INST.

JAPN 202 INTERMEDIATE JAPANESE II (4-1-4)(F/S)(Area I). Continues to develop conversational skills including the casual, honorific, and humble styles of Japanese speaking. Additional emphasis placed on formal and colloquial writing through a combination of Katakana, Hiragana, and Kanji. These oral and written skills are practiced through study of Japanese culture and literature. Course conducted in Japanese. PREREQ: JAPN 201 or PERM/INST.

SPAN — SPANISH

Lower Division

SPAN 101 ELEMENTARY SPANISH I (4-1-4)(F/S)(Area I). Develops beginning abilities in all four language skills: speaking, reading, writing, and listening. Offers a basic study of grammatical structures and vocabulary in communicative context. Introduces students to Hispanic culture. Students who successfully complete this course may not receive credit for SPAN 111 or SPAN 112.

SPAN 102 ELEMENTARY SPANISH II (4-1-4)(F/S)(Area I). Continues to develop beginning abilities in all four language skills: speaking, reading, writing, and listening. Offers a basic study of grammatical structures and vocabulary in a communicative context. Introduces the student to Hispanic culture. Students who successfully complete SPAN 113 and SPAN 114 may not receive credit for SPAN 102. PREREQ: SPAN 101 or SPAN 112 or satisfactory placement score.

SPAN 108 INTENSIVE ELEMENTARY SPANISH (8-2-8)(F/S)(Area I). Develops beginning abilities in all four language skills: speaking, reading, writing, and listening. Offers a fast-paced study of basic grammatical structures and vocabulary in a communicative context. Introduces students to Hispanic cultures. Covers combined material of SPAN 101 and SPAN 102 in one semester. Students who successfully complete this course may not receive credit for SPAN 101, SPAN 102, SPAN 111, SPAN 112, SPAN 113, or SPAN 114.

SPAN 111 ELEMENTARY SPANISH ONLINE 101A (2-1-2)(F,S)(Area I). Develops beginning abilities in all four language skills: speaking, reading, writing, and listening. Offers basic study of grammatical structures and vocabulary in a communicative context. Introduces students to Hispanic cultures. Internet access, CD-ROM capability and telephone required for this online, mastery-based course with no classroom instruction. First half of SPAN 101. Students who successfully complete this course may not receive credit for SPAN 101 or SPAN 108, and must successfully complete SPAN 112 with a grade of 'C' or higher in order to receive Area I credit for SPAN 111.

SPAN 112 ELEMENTARY SPANISH ONLINE 101B (2-1-2)(F,S)(Area I). Continuation of SPAN 111. Internet access, CD-ROM capability and telephone required for this online, mastery-

based course with no classroom instruction. Second half of SPAN 101. Students who successfully complete this course may not receive credit for SPAN 101 or SPAN 108, and must successfully complete SPAN 111 with a grade of 'C' or higher in order to receive Area I credit for SPAN 112.

PREREQ: SPAN 111.

SPAN 113 ELEMENTARY SPANISH ONLINE 102A (2-1-2)(F,S)(Area I). Develops beginning abilities in all four language skills: speaking, reading, writing, and listening. Offers basic study of grammatical structures and vocabulary in a communicative context. Introduces students to Hispanic cultures. Internet access, CD-ROM capability and telephone required for this online, mastery-based course with no classroom instruction. First half of SPAN 102. Students who successfully complete this course may not receive credit for SPAN 102 or SPAN 108, and must successfully complete SPAN 114 with a grade of 'C' or higher in order to receive Area I credit for SPAN 113. PREREQ: SPAN 112 or SPAN 101 or satisfactory placement score.

SPAN 114 ELEMENTARY SPANISH ONLINE 102B (2-1-2)(F,S)(Area I). Continuation of SPAN 113. Internet access, CD-ROM capability and telephone required for this online, mastery-based course with no classroom instruction. Second half of SPAN 102. Students who successfully complete this course may not receive credit for SPAN 102 or SPAN 108, and must successfully complete SPAN 113 with a grade of 'C' or higher in order to receive Area I credit for SPAN 114. PREREQ: SPAN 113.

SPAN 120 SPANISH FOR HEALTH CARE PROFESSIONALS I (3-0-3)(F/S). This course is designed as an introduction to prepare health care professionals to better serve and assist their Spanish-speaking patients. Specific cultural aspects and practices related to health care professionals and patient communication will be addressed. Emphasis on vocabulary building and linguistic forms related to health care issues. Course conducted in Spanish.

SPAN 121 SPANISH FOR HEALTH CARE PROFESSIONALS II (3-0-3)(F/S). Continued preparation of health care professionals to better serve and assist their Spanish-speaking patients. Specific cultural aspects and practices related to health care professionals and patient communication will be addressed. Emphasis on vocabulary building and linguistic forms related to health care issues. Course conducted in Spanish.

SPAN 201 INTERMEDIATE SPANISH I (4-1-4)(F/S)(Area I). Intended to further develop all four language skills: speaking, reading, writing, and listening. Intensive review of fundamentals of structure and vocabulary in a communicative context. Topics for conversation, reading, and writing focus on Hispanic cultures. Course conducted in Spanish. PREREQ: SPAN 102 or SPAN 108 or SPAN 114 or satisfactory placement score.

SPAN 202 INTERMEDIATE SPANISH II (4-1-4)(Area I)(F/S). Intended to further develop all four language skills: speaking, reading, writing, and listening. Intensive review of fundamentals of structure and vocabulary in a communicative context. Topics for conversation, reading, and writing focus on Hispanic culture. Course conducted in Spanish. PREREQ: SPAN 201 or satisfactory placement score.

SPAN 203 INTERMEDIATE SPANISH FOR THE NATIVE OR NEAR-NATIVE SPEAKER (4-1-4)(Area I)(F/S)(SPAN 102). A course designed for students with native or near-native speaking ability, but with little or no formal training in grammar, reading and writing. Provides introduction to and practice in the formal register in all four skills: reading, writing, listening, and speaking. Topics for conversation, reading and writing focus on U.S. Latino cultures. Students who qualify for this course may not receive credit for SPAN 202. Course conducted in Spanish. PREREQ: SPAN 201 or equivalent as determined by placement exam and/or PERM/INST.

Upper Division

SPAN 303 ADVANCED SPANISH CONVERSATION AND COMPOSITION (3-0-3)(F/S). Expands ability in all four skills: reading, writing, speaking, and listening with special emphasis on accuracy in the formal registers of spoken and written Spanish. Offers analysis of grammar and expansion of vocabulary through cultural and literary readings. Discussion of topics related to Hispanic contemporary trends. Frequent writing assignments. Course conducted in Spanish. PREREQ: SPAN 202 or SPAN 203 or satisfactory placement score or PERM/INST.

SPAN 304 INTRODUCTION TO HISPANIC LITERATURE (3-0-3)(F/S). Develops and expands composition and conversation skills through the use of Hispanic literary terms and forms. A broad introductory course for students wishing to concentrate in culture and literature and for those students who will be teaching at any level. Frequent writing assignments. Course conducted in Spanish. PREREQ: SPAN 303 or SPAN 313.

SPAN 305 SPANISH FOR BUSINESS (3-0-3)(F/S). Introduction to the terminology and etiquette of business practice in the Spanish-speaking world. Emphasis on appropriate terminology and structures for business letters and other forms of business communication. This course is highly recommended for students majoring/minoring in international business and for those who wish their Spanish major or minor emphasis to be in business. Frequent writing assignments. Course conducted in Spanish. PREREQ: SPAN 303.

SPAN 311 ADVANCED CONVERSATION (1-0-1)(F/S). Expands listening and speaking skills through intensive conversation. Vocabulary activities designed to strengthen students ability to converse about a variety of topics of general interest. Concurrent enrollment in SPAN 303 recommended. Course conducted in Spanish. (Pass/Fail). PREREQ: SPAN 202 or SPAN 203, or satisfactory placement score or PERM/INST.

SPAN 312 GRAMMAR REVIEW (1-0-1)(F,S). Review of grammar concepts. Topics include *ser* and *estar*, preterite/imperfect, present and past subjunctive, and other grammar topics. Concurrent enrollment in SPAN 303 recommended. Course conducted in Spanish. (Pass/Fail). PREREQ: SPAN 202 or SPAN 203, or satisfactory placement score or PERM/INST.

SPAN 313 ADVANCED SPANISH CONVERSATION AND COMPOSITION FOR NATIVE SPEAKERS (3-0-3)(F/S). Course content equivalent to SPAN 303. Designed for students with native or near-native speaking ability. PREREQ: SPAN 202 or SPAN 203 or satisfactory placement score or PERM/INST.

SPAN 376 SPANISH PENINSULAR CIVILIZATION AND CULTURE (3-0-3)(F/S). Spanish Peninsular civilization from earliest Iberian beginnings to the present. Special attention given to

the impact of Peninsular culture on the Western world. Discussions of topics such as music, economic and business environment, literature, and the Conquest. Frequent writing assignments. Course conducted in Spanish. PREREQ: SPAN 303.

SPAN 377 LATIN AMERICAN CIVILIZATION AND CULTURE (3-0-3)(F/S). Latin American civilization and culture from the Pre-Columbian period to the present. Discussion of topics such as an analysis of historical, political, economic, social, and cultural development in the Spanish-speaking Latin American nations, as well as the impact on the Conquest and its implications for Latin American identity formation and nationhood. Frequent writing assignments. Course conducted in Spanish. PREREQ: SPAN 303.

SPAN 385 MEXICAN AMERICAN CIVILIZATION AND CULTURE (3-0-3)(F/S). Mexican American culture and civilization from the conquest of Mexico and the Colonial period of New Spain to the present. Discussion of topics such as Pre-Columbian culture and its relation to Mexican American cultural practices. Analysis of the impact of the Mexican American War and the resulting incorporation of Mexican territory into the United States on Mexican American culture and identity formation from 1848 to the present. Readings may be in English and Spanish. Frequent writing assignments in Spanish. Course conducted in Spanish. PREREQ: SPAN 303.

SPAN 403 SURVEY OF LATIN AMERICAN LITERATURE I (3-0-3)(F). A global survey of the forms and genres of Latin American literature from the Pre-Columbian epoch to Modernism. Analysis of literary texts and the socio-historical circumstances in which they were produced. Frequent writing assignments. Course conducted in Spanish. PREREQ: SPAN 304.

SPAN 404 SURVEY OF LATIN AMERICAN LITERATURE II (3-0-3)(S). A global survey of the forms and genres of Latin American literature from Modernism to the present. Analysis of literary texts and the socio-historical circumstances in which they were and are produced. Frequent writing assignments. Course conducted in Spanish. PREREQ: SPAN 304.

SPAN 405 SURVEY OF SPANISH PENINSULAR LITERATURE I (3-0-3)(F). A global survey of the forms and genres of Spanish Peninsular literature from the Middle Ages to the end of the Golden Age. Analysis of literary texts and the socio-historical circumstances in which they were produced. Frequent writing assignments. Course conducted in Spanish. PREREQ: SPAN 304.

SPAN 406 SURVEY OF SPANISH PENINSULAR LITERATURE II (3-0-3)(S). A global survey of the forms and genres of Spanish Peninsular literature from the 18th century to the present. Analysis of literary texts and the socio-historical circumstances in which they were and are produced. Frequent writing assignments. Course conducted in Spanish. PREREQ: SPAN 304.

SPAN 412 ADVANCED SPANISH GRAMMAR AND SYNTAX (3-0-3)(F/S). An intensive study of the formal written and spoken registers of Spanish. Also develops an awareness of and sensitivity to the variety of spoken and written registers, especially those of Spanish in the United States. Special emphasis on appropriateness in the written register. Frequent writing assignments. Course conducted in Spanish. PREREQ: SPAN 303.

SPAN 425 MEXICAN AMERICAN LITERATURE (3-0-3)(F/S)(Alternate years). A survey of writings by Mexican American authors. Discussion of topics such as an analysis of Mexican American cultural and identity formation from 1848 to the present as represented in literature. Primary genres and movements, as well as gender issues within the field of Mexican American literature, with special attention given to works produced during or after the Chicano Renaissance (1960's). Frequent writing assignments in Spanish. Course conducted in Spanish. May be repeated once for credit with PERM/INST. PREREQ: SPAN 304.

SPAN 430 TOPICS IN LATIN AMERICAN LITERATURE (3-0-3)(F/S)(Alternate years). A focused study of Latin American literature organized around a historical period, a genre, a movement, an author, or a theme. Topics will vary each time the course is taught. Frequent writing assignments. Course conducted in Spanish. May be repeated once for credit with PERM/INST. PREREQ: SPAN 304.

SPAN 440 TOPICS IN SPANISH PENINSULAR LITERATURE (3-0-3)(F/S)(Alternate years). A focused study of Spanish Peninsular literature organized around a historical period, a genre, a movement, an author, or a theme. Topics will vary each time the course is taught. Frequent writing assignments. Course conducted in Spanish. May be repeated once for credit with PERM/INST. PREREQ: SPAN 304.

SPAN 477 WOMEN'S LITERATURE OF THE SPANISH-SPEAKING WORLD (3-0-3)(F/S)(Alternate years). An introduction to literature written by women in the Spanish-speaking world. All periods, all genres. Discussion of topics such as issues concerning women writers, representation of women in literature, and/or the social and historical climate in which the literature was and is produced. Frequent writing assignments. Course conducted in Spanish. May be repeated once for credit with PERM/INST. PREREQ: SPAN 304.

SPAN 480 ADVANCED BUSINESS SPANISH (3-0-3)(F/S). An in-depth analysis of business etiquette, practices and climate in the Spanish-speaking world. Discussions of topics such as appropriate forms of correspondence, advances in technology, the impact of the social and political climate on business practice, as well as the changing demographics of the Spanish-speaking population in the United States. Course conducted in Spanish. PREREQ: SPAN 303 and SPAN 305.

SPAN 490 TOPICS IN HISPANIC CINEMA (3-2-3)(F/S)(Alternate years). An advanced culture course using films from Hispanic cultures for further refinement of linguistic and analytic skills. Topics will be chosen from Spanish Peninsular, Latin American, and/or U.S. Latino Cinema. Film lab required. Readings will include critical articles on the films and/or literary texts from which films were adapted. Frequent writing assignments. Course conducted in Spanish. May be repeated once for credit with PERM/INST. PREREQ: SPAN 304.

SPAN 498 SENIOR SEMINAR (3-0-3)(F/S). A capstone, exit requirement course. Topic chosen by instructor on a rotating basis year-to-year. Discussion of topics such as literary, linguistic, and/or social and historical subject matter. Students will demonstrate proficiency in the written and oral codes by means of a 10-15 page research paper and an expanded oral presentation on the topic of the paper. Frequent writing assignments. Course must be taken at least one semester prior to graduation and includes an exit oral proficiency interview. Course conducted in Spanish. PREREQ: SPAN 304.

Multi-Ethnic Studies — see Department of Sociology

Department of Music

Morrison Center, Room C-100
http://www.boisestate.edu/music/musicdpt.html
e-mail: hcalkins@boisestate.edu

Telephone 208 426-1596
Fax 208 426-1771

Chair and Professor: James D. Cook. *Professors:* Baldassarre, Baldwin, Belfy, Berg, Mathie, Parkinson. *Associate Professors:* Bratt, Brown, Gould, Jirak, Samball, Rushing-Raynes, Saunders, Wells. *Assistant Professors:* Fischer, Kline-Lamar, Maynard, Purdy, Wyers.

Degrees Offered

- B.M. in Composition
- B.A. and Minor in Music
- B.A. in Music/Business
- B.M. in Music Education
- B.M. in Performance
- M.M. in Music Education, Pedagogy, and Performance (See the *BSU Graduate Catalog*).

Department Statement

The goal of the department of music is twofold: (1) to train students to become successful and productive professional musicians, musician teachers, or musician/business people, giving them as thorough and comprehensive a background in the art and practice of music as is possible to do; and (2) to heighten musical awareness in the general, nonmajor student. In training the aspiring professional, the goal of excellence in musicianship is defined by the faculty in the courses, degree programs, and majors offered by the department at both the undergraduate and graduate levels.

In addition, the department of music serves the needs of the university community, as well as the larger community of metropolitan Boise and the State of Idaho, by offering courses, by presenting musical performances for the public's cultural growth and entertainment, by making available faculty and student performers at various community functions, and by providing leadership for many cultural activities in the community.

The department of music offers a B.M. in music with three emphases: performance, composition, and music education. The performance and composition emphases are designed to train performers, performing artists, teachers, and composers. These emphases are basic to preparing students for graduate work in the creative and performing arts and for work as educators at the college and university level.

The music education emphasis is designed to prepare students for careers in teaching music at the elementary or secondary level; in addition, this emphasis prepares students for graduate study in music.

The B.A. in music is appropriate for students who wish to pursue general music studies within a broad-based program of liberal arts study.

A variety of music scholarships is available from the department. In addition, scholarships are offered for joining the marching band. For more information, contact the department of music.

Degree Requirements

Bachelor of Arts/Bachelor of Music Programs

General Requirements All full-time music majors must attend concert class during each semester of residency at Boise State University until the required number of semesters of Pass grade in concert class has been achieved, as follows:

- bachelor of arts, music and music/business majors, and bachelor of music performance, and composition emphases majors—8 semesters
- bachelor of music-music education emphasis—7 semesters (see course description for MUS-APL 10 for additional details.)

All students must perform on their major instrument before a faculty jury at the end of each semester. Students presenting MUS-APL 444, 445, or 446 recitals are exempt from faculty jury during the semester in which the recital is given.

Chapter 12 — Academic Programs and Courses

Department of Music

All bachelor of music majors in performance or composition are required to pass, no later than the end of the junior year, the Piano Proficiency Examination as a prerequisite for taking MUS 313 Keyboard Harmony and Basic Improvisation. Students should have reached the level comparable to three semesters of class piano before taking the exam. A grade of 'C' or better in MUS 213 will satisfy this requirement. Details are available from the music department.

Ensemble All full-time bachelor of music majors must register in a major ensemble (Symphonic Winds, University Orchestra, Meistersingers, University Singers, Women's Chorus, or for keyboard or guitar majors, the appropriate course as specified), each semester until the minimum number of semesters for graduation has been met. Only one major ensemble per semester may be counted toward graduation requirements.

Minimum ensemble requirements

Bachelor of Music:

Performance Majors:

Keyboard – 8 semesters, 2 may be Accompanying, 2 may be

Duo-Piano

Guitar – 8 semesters, 4 may be Guitar Ensemble

Voice – 8 semesters, 2 may be Opera Workshop

All Others – 8 semesters

Composition Majors – 8 semesters

Music Education Majors – 7 semesters

Bachelor of Arts:

Music and Music/Business – 4 semesters

Music Minors – 2 semesters

Additional details are available from the music department.

The following **core of music courses** are included in all bachelor of music curricula:

Concert Class MUS-APL 10	0
(Attendance required each semester of full-time enrollment until a minimum number of semesters of Pass grade is met.)	
Major Ensemble	7-8
Materials of Music I-IV MUS 119, 120, 219, 220	12
Ear Training I-IV MUS 121, 122, 221, 222	4
Survey of Western Art Music MUS 101	3
Basic Form and Analysis MUS 223	2
Basic Conducting MUS 261	1
Music History and Literature III MUS 351, 352, 353	9
Total	38-39

Music Education Emphasis Additional Requirements

In addition to the above general requirements, all music education majors in the Bachelor of Music program must fulfill the requirements listed below:

- pass a vocal proficiency exam prior to their application for student teaching. Successful completion of MUS 221 Ear Training III and of the folk/art song singing section of MUS 256 Vocal Techniques and Methods will satisfy this requirement. Further information is available from the Music Department.
- successfully complete the Music Education interview with Music Education faculty who will contact the student following completion of MUS 230 Foundations of Music Education. Successful completion of the interview will allow the student to continue in the music education program and to enroll in music methods courses MUS 372 Teaching Music in the Elementary Classroom, MUS 384 Choral Methods and Materials, and MUS 387 Band and Orchestra Methods and Materials. Music Education Interview Committee approval for continuation is based upon the student's academic record, demonstrated ability to complete all departmental requirements outlined above, and the Committee's judgment regarding the student's music skills, behavioral characteristics, and temperament necessary for success as a teacher. A further description of these traits can be found in the *Secondary Education Student Handbook* and in the *Code of Ethics of the Idaho Teaching Profession*. The Music Education Interview Committee may exclude from further music education course work any student identified as lacking the above characteristics and competencies. A student thus excluded is entitled to due process through the Department of Music's Appeals Committee and normal appeals procedures as described in the *Boise State University Student Handbook*.
- receive the grade of C or better in MUS 119 to have ED-LTCY 444 waived.
- pass the Piano Proficiency Examination before a faculty committee. Students should have reached the level comparable to three semesters of class piano before taking the exam. A grade of 'C' or better in MUS 213 will also satisfy the piano proficiency requirement.

- pass the state-mandated technology exam. EDTECH 202 Educational Technology - Classroom Applications has been designed to assist in preparing for the exam.
- complete a technology requirement established by the College of Education.
- Successfully complete the PRAXIS II music examinations.

The music education program is designed to assist student in developing the knowledge, skills, and dispositions essential for success in teaching music education in the elementary and secondary schools. The course work combines content knowledge, theories of learning, study of curriculum and methodology. The program is grounded in the conceptual framework of the reflective practitioner, one who adjusts his or her teaching approaches and learning environments to the needs and backgrounds of the students. Students who complete the music education program demonstrate evidence of meeting the Idaho Beginning Teacher Standards and are eligible for K-12 state certification.

MUS-APL — MUSIC APPLIED PERFORMANCE CLASSES, RECITALS

Lower Division

MUS-APL 10 CONCERT CLASS (0-1-0)(F/S). Student, guest, and/or faculty performances. Class meets weekly. Additional attendance at concerts outside of class is also a class requirement. (Pass/Fail).

MUS-APL 107 RECORDER CLASS (1-0-1)(S). The class is designed to improve the technical ability of the classroom teacher or anyone interested in playing the recorder and to discover the classroom value of the instrument. Baroque ensembles will be emphasized. The class will meet once a week. Students must supply their own instrument. May be repeated once for credit.

MUS-APL 108, 109 CLASS PIANO (1-1-1)(F, S). Intended for music education majors. Covers major and minor scales and cadences, basic accompanying, transposition, harmonization, score-reading and sight-reading as needed for teaching music in the public schools.

MUS-APL 127 BEGINNING GUITAR CLASS (0-2-1)(F/S). Technical fundamentals in playing the acoustical guitar for beginners. Use of popular and folk songs. Course is based on written notation and aural instruction, stressing chord playing, correct posture, and holding positions. Students must provide their own instrument. May be repeated once for credit.

MUS-APL 128 INTERMEDIATE GUITAR CLASS (0-2-1)(F/S). Continuation of MUS-APL 127. Emphasis on understanding fret-board theory, reading music notation for guitar, and solo playing. Concept of form levels as it relates to upper position work. Students must provide their own instrument. May be repeated once for credit. PREREQ: MUS-APL 127 or PERM/INST.

MUS-APL 129 JAZZ IMPROVISATION I (1-0-1)(F/S). Intended primarily for instrumental majors, this performance-oriented course deals with the principles of jazz harmony and scalar theory. These principles will be applied to selected exercises and standard jazz literature. Students should possess above-average technical facility on their instrument and should have a working knowledge of music theory. May be repeated once for credit. PREREQ: MUS 119 or PERM/INST.

MUS-APL 150 BEGINNING PIANO CLASS (0-1-1)(F/S). This course is for music majors who have had little or no previous instruction in piano playing. May be taken a maximum of two times for credit. PREREQ: Music majors.

MUS-APL 153 INTERMEDIATE PIANO CLASS (0-1-1)(F/S). Class instruction for music majors in level one intermediate piano. PREREQ: Music major, MUS-APL 150 or equivalent; or PERM/INST.

MUS-APL 154 INTERMEDIATE PIANO CLASS (0-1-1)(F/S). Class instruction for music majors in level two intermediate piano. PREREQ: Music major, MUS-APL 150 or MUS-APL 153 or equivalent; or PERM/INST.

MUS-APL 180 BEGINNING VOICE CLASS (0-1-1)(F/S). This course is intended for students who have had little or no previous instruction in singing. May be taken for a maximum of two times for credit.

MUS-APL 229 JAZZ IMPROVISATION II (1-0-1)(F/S). The second level and continuation of Jazz Improvisation. More advanced principles and skills will be dealt with. May be repeated once for credit. PREREQ: MUS-APL 129 or PERM/INST.

Upper Division

MUS-APL 307 RECORDER CLASS (1-0-1)(F/S). The class is designed to enhance the technical ability of the classroom teacher or anyone interested in playing the recorder and to discover the classroom value of the instrument. Baroque ensembles will be emphasized. The classes will meet once a week. Students must supply their own instrument. May be repeated once for credit. PREREQ: MUS-APL 107 or PERM/INST.

MUS-APL 327 ADVANCED GUITAR CLASS (0-3-2)(F/S). Study of music and technical problems in solo guitar playing: chord construction and progression, analysis of intervals, functional harmonic relationships, principals of guitar transcriptions, and introduction of improvisation. Students must provide their own instrument. May be repeated once for credit. PREREQ: MUS-APL 128 or PERM/INST.

MUS-APL 328 JAZZ GUITAR CLASS (0-2-1)(F/S). A course in jazz improvisation for the guitarist with at least 1 year of playing experience. The use of the guitar in jazz is approached within a historical perspective beginning with the 1930's. Students must provide their own instrument. May be repeated once for credit. PREREQ: MUS-APL 128 or PERM/INST.

MUS-APL 329 JAZZ IMPROVISATION III (0-1-2)(F/S). Private lessons in Jazz Improvisation. Extra fee, nonwaivable, per private lesson fee schedule, required. May be repeated once for credit. PREREQ: MUS-APL 229 or PERM/INST.

MUS-APL 410 MUSIC COMPOSITION (2-0-2)(F/S). Instruction and supervised experience in composing for various instruments and voices, individually and in combination, utilizing small and large musical forms. May be repeated for a total of 8 credits. PREREQ: PERM/INST.

MUS-APL 429 JAZZ IMPROVISATION IV (0-1-2)(F/S). Private lessons in Jazz Improvisation. Extra fee, nonwaivable, per private less fee schedule, required. May be repeated once for credit. PREREQ: MUS-APL 329 or PERM/INST.

MUS-APL 444 BACHELOR OF MUSIC, MUSIC EDUCATION/BACHELOR OF ARTS SENIOR RECITAL (0-V-1). This course is a one-half recital to be presented as the culminating performance project for bachelor of music, music education majors and for bachelor of arts, music majors emphasizing performance. Graded pass/fail. PREREQ: 300-level performance ability and PERM/INST.

MUS-APL 445 RECITAL (0-V-2). Performance majors may elect to perform a solo recital for two credits prior to the required senior solo recital at any time subsequent to the freshman year. Graded pass/fail. PERM/INST/CHAIR.

MUS-APL 446 SENIOR PERFORMANCE RECITAL (0-V-2). This course is a full recital to be presented as the culminating project for performance emphasis majors within the bachelor of music program. Graded pass/fail. PREREQ: 400-level performance ability and PERM/INST.

MUS-APL 447 SENIOR COMPOSITION RECITAL (0-V-2). A recital for the performance of original compositions by the composition major. Students must make their own arrangements with personnel required for the recital. Required of composition majors. Graded pass/fail. PREREQ: Major in composition and PERM/INST.

MUS-PRV — MUSIC-PRIVATE LESSON PERFORMANCE STUDIES

MUS-PRV courses carry an extra fee. For details, see Chapter 6, "Tuition and Fees" in this catalog.

Students enrolling in private lesson (MC) studies must secure the consent of the instructor prior to registration.

A entering student will enroll initially in 100-level MUS-PRV private lesson studies; nonmusic majors must enroll in 100-level studies. Before permission is granted to any student to enroll in a higher level, the student must audition before a faculty jury to determine assignment to an appropriate level. Juries are held during exam week each semester. Students transferring into the Music Department as music majors from another institution or from another department within Boise State may audition during the first two weeks of the semester to determine the appropriate level. Details in performance level requirements for each instrument and voice are available from the music department office. All MUS-PRV undergraduate courses may be repeated for credit (no limit).

Private Lesson Performance Studies Course Numbering System:

The three-digit course number conveys the following information: first digit (1, 2, etc.) = performance level; second digit = instrumental family (-0- woodwinds, -1- brass, -2- percussion, -3- voice, -4- keyboard, -5- fretted string instruments, -6- bowed string instruments, -7-harp); third digit (-1, 2, 4) = credit value. Four-credit studies are reserved for performance emphasis majors in the bachelor of music program. Nonperformance majors may enroll for 4 credits only with permission of the instructor and the department chair. Suffix letters identify the particular instrument in each instrumental family: woodwinds: A flute, B oboe, C clarinet, D bassoon, E saxophone, F recorder; Brasses: A horn, B trumpet, C trombone, D tuba, E-Euphonium; Keyboard: A piano, B organ; Fretted stringed instruments: A guitar; Bowed string instruments: A violin, B viola, C cello, D string bass. The class schedule printed prior to each semester lists particular studio courses available for the semester.

Major area minimum practice requirements
For 4 hours credit: 18 hours practice per week.
For 2 hours credit: 12 hours practice per week.

Minor area practice requirements. For 2 hours credit: 6 hours practice per week.

MUS-PRV 101, 102, 104, 201, 202, 204, 301, 302, 304, 401, 402, 404 WOODWIND INSTRUMENTS Private lessons.

MUS-PRV 111, 112, 114, 211, 212, 214, 311, 312, 314, 411, 412, 414 BRASS INSTRUMENTS private lessons.

MUS-PRV 121, 122, 124, 221, 222, 224, 321, 322, 324, 421, 422, 424 PERCUSSION INSTRUMENTS private lessons.

MUS-PRV 131, 132, 134, 231, 232, 234, 331, 332, 334, 431, 432, 434 VOICE private lessons.

MUS-PRV 141, 142, 144, 241, 242, 244, 341, 342, 344, 441, 442, 444 KEYBOARD INSTRUMENTS private lessons.

MUS-PRV 151, 152, 154, 251, 252, 254, 351, 352, 354, 451, 452, 454 FRETTED STRING INSTRUMENTS private lessons.

MUS-PRV 161, 162, 164, 261, 262, 264, 361, 362, 364, 461, 462, 464 BOWED STRING INSTRUMENTS private lessons.

MUS-PRV 171, 172, 174, 271, 272, 274, 371, 372, 374, 471, 472, 474 HARP private lessons.

Course numbers ending in 1: (0-1-1)(SU).

Course numbers ending in 2: (0-5-2)(F/S).

Course numbers ending in 4: (0-1-4)(F/S).

MUS-ENS — MUSIC, ENSEMBLE

All MUS-ENS Courses may be repeated for credit.

Lower Division and Upper Division

MUS-ENS 101, 301 UNIVERSITY SINGERS (0-2-1)(F/S). A general chorus open to all university students. No audition is necessary. Major choral works from all periods will be sung. Public performance(s) will be expected each semester.

MUS-ENS 105, 305 MEISTERSINGERS (0-5-1)(F/S). Essentially a course in unaccompanied singing, open to all university students. The Meistersingers is the concert-touring select choir of the university. PREREQ: Enrollment is by audition and music department approval.

Chapter 12 — Academic Programs and Courses

Department of Music

MUS-ENS 106, 306-306G CHAMBER SINGERS (0-2-1)(F/S). Concentrates on choral literature in the madrigal style and on twentieth-century choral selections. Open to all students, but final admission will be by audition and director selection. Limited to 15 singers. PREREQ: Audition and/or PERM/INST.

MUS-ENS 110, 310 VOCAL ENSEMBLE (0-2-1)(F/S). Designed to promote participation in and repertoire knowledge of small vocal ensembles. Literature includes music of all periods. Public performances given each semester. PREREQ: PERM/INST.

MUS-ENS 111, 311 VOCAL JAZZ CHOIR (0-2-1)(F/S). Designed to promote participation in and repertoire knowledge of literature for vocal jazz choirs. Public performance given each semester. PREREQ: PERM/INST.

MUS-ENS 112, 312 WOMEN'S CHORUS (0-3-1)(F/S). Designed for female singers who are interested in performing a wide repertoire of music composed for a women's chorus. Enrollment is open to all university women students. Public performance(s) will be expected each semester.

MUS-ENS 113, 313 MEN'S CHORUS (0-3-1)(F/S). Open to all male singers, the Men's Chorus performs a broad variety of choral music written for a men's chorus. Public performances are given each semester.

MUS-ENS 115, 315 OPERA THEATRE (0-5-1). A course in the study and production of operas. PREREQ: PERM/INST.

MUS-ENS 118, 318 EARLY MUSIC ENSEMBLE (0-3-1). Course explores European vocal and instrumental music from the Middle Ages, Renaissance and Baroque periods through performance. Concert performances by students enrolled in the course are expected each semester.

MUS-ENS 120, 320 SYMPHONIC WINDS (0-5-1)(F/S). The Symphonic Winds is the select concert band of the university. PREREQ: Audition and/or PERM/INST.

MUS-ENS 121, 321-321G MARCHING BAND (0-V-1)(F). Designed to promote participation in, and repertoire knowledge of literature for marching bands. The marching band performs at all home and at least one away football game and occasionally at other university or civic events. Open to all students with the approval of the director. Graduate music students will be expected to assume leadership roles or will be assigned extra duties within the band and/or its organization.

MUS-ENS 122, 322 ALL-CAMPUS CONCERT BAND (0-2-1)(F/S). Open to all students and community members who are able to play a band instrument.

MUS-ENS 125, 325 BRASS ENSEMBLE (0-2-1)(F/S). A course designed to promote playing in and increasing repertoire knowledge for small brass ensembles. A public performance is required each semester. PREREQ: PERM/INST.

MUS-ENS 126, 326 JAZZ ENSEMBLE (0-3-1)(F/S). A course designed to promote playing repertoire of large jazz ensembles. Includes performance of dixieland, be-bop, swing, rock, and contemporary jazz. Class rehearsals include study of rhythm problems, notation, improvisation, ear training, and chord construction in jazz. Public performance each semester. PREREQ: PERM/INST.

MUS-ENS 130, 330 WOODWIND ENSEMBLE (0-2-1)(F/S). A course designed to promote playing in and increasing repertoire knowledge of small woodwind ensembles. A public performance is required each semester.

MUS-ENS 140, 340 PERCUSSION ENSEMBLE (0-2-1)(F/S). A course designed to promote playing in and repertoire knowledge of percussion ensembles. A public performance is required each semester. PREREQ: PERM/INST.

MUS-ENS 141, 341 KEYBOARD PERCUSSION ENSEMBLE (0-2-1)(F/S). In conjunction with the preparation of music for public performance, students will acquire a first-hand knowledge of phrasing, mallet selection and application, general ensemble techniques, musical style and interpretation, and repertoire. Students will also be encouraged to compose original music and/or arrange or adapt existing music for the ensemble.

MUS-ENS 150, 350-350G ORCHESTRA (0-5-1)(F/S). The Boise State University Symphony is composed of students and experienced musicians and prepares several concerts each season from the standard repertoire. An elective for nonmusic majors. Graduate music students will be expected to assume leadership roles or will be assigned extra duties within the orchestra and/or its organization. Audition is required for new students.

MUS-ENS 160, 360 STRING ENSEMBLE (0-2-1)(F/S). A course designed to promote playing in and increasing repertoire knowledge for small string ensembles. A public performance is required each semester. PREREQ: PERM/INST.

MUS-ENS 167, 367 GUITAR ENSEMBLE (0-2-1)(F/S). A course designed to promote playing in and repertoire knowledge of ensembles of or including guitar(s). PREREQ: PERM/INST.

MUS-ENS 170, 370 TROMBONE CHOIR (0-2-1)(F/S). Study and performance of music for trombone ensemble. Literature consists of original and transcribed works for multiple tenor and bass trombones. Public performances are given each semester. PREREQ: PERM/INST.

MUS-ENS 180, 380 ACCOMPANYING (0-2-1)(F/S). Practical experience in accompanying vocal and instrumental students. Open to keyboard students with sufficient technique.

MUS-ENS 185, 385 DUO-PIANO ENSEMBLE (0-2-1)(F/S). A basic survey of duo-piano literature from the Baroque to the present. Students will learn how to cope with ensemble problems in rehearsal and performance. Class sessions will consist of performance, listening and discussion. A public performance will be presented. PREREQ: PERM/INST.

MUS — MUSIC, GENERAL

Lower Division

MUS 100 INTRODUCTION TO MUSIC (3-0-3)(Area I). Open to all students, with no background assumed, this course will familiarize the listener with the variety of styles and genres

of Western concert music through an historical approach. Attendance at least two approved live concerts/recitals is required.

MUS 101 SURVEY OF WESTERN ART MUSIC (3-0-3)(F)(Area I). A preliminary course designed to acquaint the student with music history (from the Middle Ages to the present), literature, materials, library and listening skills, and writing about music. Though open to all students with a serious interest in music, the course presupposes the student has a basic background in music. The course is writing-intensive, with research, journal and essay assignments.

MUS 119 MATERIALS OF MUSIC I (3-0-3)(F/S). Music fundamentals review: notation, intervals, scales and modes, triads, key signatures, etc.; melody and cadences. Emphasis is on aural and visual recognition, analysis and compositional skills involving the above.

MUS 120 MATERIALS OF MUSIC II (3-0-3)(F/S). 4-voice textures (linear and vertical); homophony; diatonic chords and harmonic relationships; cadences; inversions; dominant sevenths; aural and visual analysis; compositional skills. PREREQ: MUS 119 or equivalent and piano as per MUS 119.

MUS 121-122 EAR TRAINING I-II (0-2-1)(F/S). Designed to correlate with Materials I and II. Emphasizes aural training in scales, intervals and rhythms. Includes drill in solfeggio and sight singing, leading to aural recognition of 3- and 4-part harmonic structures. PREREQ: Previous or concurrent enrollment in MUS 119 and 120.

MUS 147 SURVEY OF OPERA AND MUSIC THEATRE (0-2-1)(F). An historical survey of the development and growth of opera and music theatre through chronological study of scores, recordings, sound filmstrips, and library resource materials from the beginning of the Baroque period to contemporary modern opera and music theatre compositions. Required of voice majors.

MUS 148, 348 FRENCH HORN REPERTOIRE (1-0-1)(S) Course covers repertoire important to student of French horn in areas of solo, chamber, and orchestral literature. Focus deals with problems unique to the instrument in terms of tone quality, intonation, style, and rhythm. May be repeated for credit.

MUS 208 MUSIC TECHNOLOGY (1-3-2)(S)(Offered odd-numbered years). Develops essential basic skills and technology in the field of music. Students will become familiar with music software including educational, sequencing and notational software; will use word processing, database applications, spreadsheet programs, and graphics to produce sample classroom materials; and will learn sound reinforcement, recording technology, MIDI applications and programs, and CD-ROM applications.

MUS 213 FUNCTIONAL PIANO (2-0-2)(F/S). Building of basic keyboard skills needed for music education majors in areas of sight reading, transposition, harmonization, improvisation, and repertoire materials; piano music and 2-4 line scores will be used. May be repeated once for credit. PREREQ: MUS 120 and one year of piano study.

MUS 219 MATERIALS OF MUSIC III (3-0-3)(F/S). Continuation of 4-part textures. Diatonic sevenths; secondary dominants and introduction to altered chords, augmented sixth and neapolitan chords; modulations; compositional skills involving the above. PREREQ: MUS 120 or equivalent and piano per MUS 119.

MUS 220 MATERIALS OF MUSIC IV (3-0-3)(F/S). Continuation of 4-part textures. Eleventh and thirteenth chords; twentieth century melody and harmony; atonality and serial techniques. Compositional skills involving the above. PREREQ: MUS 219 or equivalent and piano per MUS 119.

MUS 221-222 EAR TRAINING III-IV (0-2-1)(F/S). Continuation of ear training I-II: solfeggio, dictation of more advanced rhythms, 2-, 3-, and 4-parts. Student expected to play at keyboard simpler forms of basic chords in 4-part harmony. PREREQ: MUS 121-122; MUS 120; at least one year of piano study or concurrent enrollment in piano study.

MUS 223 BASIC FORM AND ANALYSIS (2-0-2)(F/S). A study of the basic and elementary formal structures of music from both design and harmonic structure viewpoints. Analysis of the motif, phrase, period and simpler binary and ternary forms. An overview of larger common forms: sonata, variation, rondo, etc. PREREQ: MUS 219 or equivalent or PERM/INST.

MUS 230 FOUNDATIONS OF MUSIC EDUCATION (2-1-2)(S). Introduction to the fundamentals of music education and teaching techniques for music at all levels. Includes observations of various school music programs. Lab period devoted to visitation in public schools.

MUS 231 MARCHING BAND TECHNIQUES AND METHODS (1-1-1)(F). Intended for music education majors. Survey of methods and materials necessary for the organization, administration, and instruction of public school marching bands. Required for all wind, brass and percussion music education majors. PREREQ or COREQ: MUS-ENS 121 or MUS-ENS 321.

MUS 256 VOCAL TECHNIQUES AND METHODS (1-2-2)(S). Designed for the music education major, this course deals with teaching skills to help develop the vocal potentials of young students, describing basic physical components of the voice and their coordination, understanding the young and "changing" voice, and learning phonetic components of Latin, Italian, and German.

MUS 257 STRING INSTRUMENT TECHNIQUES AND METHODS (1-2-2)(F). Primarily for music education majors, this course deals with methods and materials of string-class teaching in the public schools, while providing the student with a basic performing technique on two or more of the orchestral string instruments: violin, viola, cello, and string bass.

MUS 261 BASIC CONDUCTING (0-2-1)(F/S). Fundamental techniques of conducting: baton fundamentals, group rehearsal techniques, and simple score reading. PREREQ: MUS 120 and MUS 122.

Upper Division

MUS 313, 314 KEYBOARD HARMONY AND BASIC IMPROVISATION (2-0-2)(F/S)
(Alternate years, beginning fall semester, even-numbered years). Keyboard application

of basic harmonic principles: playing and harmonizing figured and unfigured basses and melodies, modulation, transposition, accompanying familiar tunes, and beginning improvisation. PREREQ: MUS 120-122 and a grade of C or better in MUS 213 Functional Piano, or Piano Proficiency passed, or 200-level private piano study.

MUS 323 CHORAL ARRANGING (1-1-1)(F)(Alternate, even-numbered years). Designed to give music education students experiences in arranging music for a variety of choral ensembles. PREREQ: MUS 220.

MUS 324 ORCHESTRATION/BAND ARRANGING (2-0-2)(F/S). Primarily for music majors. A study of scoring, notation, and arranging for brass, woodwind, percussion, and stringed instruments, and of their textures and uses in various combinations. PREREQ: MUS 220.

MUS 325-326 INSTRUMENTAL TECHNIQUES AND METHODS (1-2-2)(F,S). Primarily for music education majors. Two-semester sequence covers methods and materials of teaching various woodwind, percussion and brass instruments in the public schools, while providing basic performing techniques on two or more instruments from each family. PREREQ for MUS 326: MUS 325.

MUS 327 JAZZ TECHNIQUES (1-1-1)(F)(Offered odd-numbered years). Intended for music education majors. Covers lead instrumental and vocal jazz ensembles in the public schools through the study of rehearsal planning and procedures, jazz articulations and styles, as well as the materials and methods for teaching improvisation.

MUS 328 ADVANCED PIANO AND ACCOMPANYING (1-1-1)(S)(Offered even-numbered years). Intended for music education majors. Covers choral music in the elementary grades through high school. Covers choral accompaniments and choral parts, as well as accompaniments, for art songs and folk songs using both printed notation and chord symbols. PREREQ: MUS-APL 108-109 or PERM/INST.

MUS 331 AMERICAN MUSICAL THEATRE (3-0-3)(F). An historical overview will be presented along with a look at behind-the-scenes work necessary in the presentation of musical theatre productions. Includes an in-depth look at all the responsibilities of the entire production crew, from promotion and box office to stage crews, and from make-up crews to cast.

MUS 332 MUSICAL THEATRE PRODUCTIONS (0-10-4)(S). Specific apprenticeships in the operations of actual musical theatre productions will be given to gain experience in the practical application of knowledge learned in MUS 331. Graded pass/fail. May be repeated two times for credit. PREREQ: MUS 331, PERM/INST.

MUS 349 FLUTE REPERTOIRE I (1-0-1)(F). Intended for advanced flute students. Technique, study and performance of a broad range of flute repertoire including solo literature, chamber music, and orchestral excerpts. Develop critical listening skills. Regular performance in class is required. May be repeated for credit. PREREQ: PER/INST.

MUS 350 FLUTE REPERTOIRE II (1-0-1)(S). A continuation of Flute Repertoire I with additional and more advanced flute literature. May be repeated for credit. PREREQ: PERM/INST.

MUS 351 MUSIC HISTORY AND LITERATURE I (3-0-3)(S). The analysis of the development of Western art music from early Christian times through the early baroque era. Consideration of music from these periods as artistic entities, their relationships to their contemporary societies, and as foundations for subsequent expressions. PREREQ: MUS 101 and MUS 120 or PERM/INST.

MUS 352 MUSIC HISTORY AND LITERATURE II (3-0-3)(F). Encompasses the periods from the mid-baroque through the early 19th century. Attention to the changes in music forms and genres through listening, score-reading, analysis and discussion. PREREQ: MUS 351, MUS 220 or PERM/INST.

MUS 353 MUSIC HISTORY AND LITERATURE III (3-0-3)(S). Encompasses the music of the mid-19th century to the present. Attention to the changes in musical styles and aesthetics through listening, score-reading, analysis and discussion. PREREQ: MUS 352 or PERM/INST.

MUS 355-355G ROCK MUSIC: ITS PERFORMANCE AND HISTORY (3-0-3)(S)(Offered odd-numbered years). Survey of history and theory of rock music from primitive beginnings in nineteenth century to the present with primary focus on music from 1950 through 1970. Includes a final performance component. Graduate students will be expected to engage in current research on the subject matter. PREREQ: MUS 220 and PERM/INST.

MUS 365 CHORAL CONDUCTING (0-2-1)(F). A course designed to deal with the problems and techniques of choral conducting. Students will work with ensemble groups as laboratories for conducting experience. PREREQ: MUS 261 or PERM/INST.

MUS 366 INSTRUMENTAL CONDUCTING (0-2-1)(S). A course designed to deal with the problems of instrumental conducting. Includes baton technique and score reading. Students will work with ensembles as laboratories for conducting experience. PREREQ: MUS 261.

MUS 367 CHORAL LITERATURE (2-0-2)(F/S). Survey of choral works from all time periods. Though secular works are discussed, special emphasis is placed on tracing the development of the Mass, Motet and Requiem throughout history. Strategies for teaching and performing these works. Special projects cover programming for elementary, secondary and collegiate choirs.

MUS 370 GUITAR FOR CLASSROOM TEACHERS (2-0-2)(F/S). Designed for teachers or prospective teachers who wish to use the guitar in classroom situations. Emphasis is on accompaniment skills, elementary chord theory, melody playing, proper hand position, and note reading. Musical material is drawn from popular and folk styles useful in elementary classes. May be repeated once for credit.

MUS 372 TEACHING MUSIC IN THE ELEMENTARY CLASSROOM (2-2-2)(F). For music majors. Includes special methods, materials and teaching techniques for the elementary classroom music program. Lab period devoted to teaching in public schools. PREREQ: MUS 230 and successful completion of Music Education Interview.

MUS 374 MUSIC FUNDAMENTALS AND METHODS FOR THE ELEMENTARY CLASSROOM TEACHER (3-0-3)(F/S) Course prepares future elementary and special education teachers in awareness, skills, theories, and practices in K-8 general music education.

Students will demonstrate skills and mastery with general music materials, facility in music reading, conducting, and playing of classroom instruments, and will design, teach, and assess music lessons.

MUS 375 REHEARSAL PRACTICUM CHORAL (0-1-1)(F). Provides the music education major with the skills necessary for rehearsal planning, score preparation, rehearsal techniques, and choice of appropriate literature for public school choral music programs. Significant time will be devoted to in-class rehearsals with students as conductors. PREREQ: MUS 261; COREQ: MUS 365 or PERM/INST.

MUS 376 REHEARSAL PRACTICUM INSTRUMENTAL (0-1-1)(S). Provides the music education major with the skills necessary for rehearsal planning, score preparation, rehearsal techniques, and choice of appropriate literature for public school instrumental music programs. Significant time will be devoted to in-class rehearsals with students as conductors. PREREQ: MUS 261; COREQ: MUS 366 or PERM/INST.

MUS 380 CLASSROOM GUITAR (2-1-2)(S)(Offered even-numbered years). Intended for music education majors. Includes music methods, materials, and teaching strategies for teaching classroom guitar. Fundamentals of guitar technique and accompaniment will also be taught.

MUS 385 CHORAL METHODS AND MATERIALS (2-2-2)(S). Designed for music education majors who will be teaching vocal groups in junior and/or senior high schools. A practical workshop in selection and conducting of choral materials, rehearsal techniques, use of small ensembles, planning and organization of vocal groups. Lab period devoted to teaching in public schools. PREREQ: MUS 230 and successful completion of Music Education Interview.

MUS 387 BAND AND ORCHESTRA METHODS AND MATERIALS (2-2-2)(F). The study of the organization and administration of bands and orchestras at the secondary school level, including equipment purchasing, budgets, public relations, planning, rehearsal techniques, scheduling, programming, and emergency repairs of instruments. Lab period devoted to teaching in public schools. PREREQ: MUS 230 and successful completion of Music Education Interview.

MUS 401 MUSIC THEORY REVIEW (2-0-1)(F/S). The course is a review of undergraduate music theory materials and is designed for graduate students planning to take the Predictive exam in music theory. Meets the first 8 weeks of the semester only. PREREQ: Baccalaureate Degree.

MUS 402 (MUS 502) SURVEY OF JAZZ (3-0-3)(F). Explores interpretation of America's original musical art form through listening and through discussion of socio-cultural contexts of jazz. Survey covers stylistic influences of nineteenth-century Africa and western Europe through current living exponents of jazz. PREREQ: MUS 100 or MUS 101.

MUS 404 SURVEY OF MUSIC OF WORLD CULTURES (3-0-3)(S)(Alternate years). Musical traditions beyond the scope of Western art music. PREREQ: Grade of B or better in MUS 353, or upper-division status in music; or PERM/INST.

MUS 410-410G ADVANCED FORM AND ANALYSIS (2-0-2)(F/S). Analysis of harmonic and formal structures of the larger binary and ternary forms; the sonata, the symphony, the concerto, Baroque forms. PREREQ: MUS 223 or equivalent or PERM/INST.

MUS 423-423G SIXTEENTH CENTURY COUNTERPOINT (3-0-3)(F)(Offered odd-numbered years). Study of 16th century compositional techniques. Compositions will be written in 2 to 4 voices, 5 species, C clefs and Latin texts. Analysis of/listening to music of the period. Additional compositions and/or research for graduate credit. PREREQ: MUS 220 or equivalent.

MUS 424-424G COUNTERPOINT SINCE 1600 (3-0-3)(F)(Offered even-numbered years). Study and writing in contrapuntal styles from Baroque period to present day. Invertible counterpoint, canon, fugue, invention, and analysis of procedures in representative works. Additional compositions and/or research for graduate credit. PREREQ: MUS 220 or equivalent.

MUS 454-454G SECONDARY GENERAL MUSIC METHODS (2-0-2)(S)(Offered alternate, odd-numbered years). Methods and materials emphasizing the development of discriminating listening skills, expressive singing, reading and notating music, creating music, and understanding music's role in contemporary society.

MUS 457 MAJOR INSTRUMENT LITERATURE (2-0-2)(F/S)(Alternate years with MUS 463/464). A survey of important literature written for the major instrument. PREREQ: Upper-division standing in performance.

MUS 463 MAJOR INSTRUMENT PEDAGOGY I (2-0-2)(F)(Alternate years with MUS 457). A survey and comparative study of pedagogical materials, principles and procedures. The course will consist of reading, lecture, listening, and observation in teaching studios. PREREQ: Upper-division standing in performance.

MUS 464 MAJOR INSTRUMENT PEDAGOGY II (2-0-2)(S)(Alternate years with MUS 457). Practical application of pedagogical methods and procedures through supervised studio teaching. Further reading, lecture, listening, and discussion involving pedagogical techniques. PREREQ: MUS 463.

MUS 465-465G DICTION FOR SINGERS I (2-0-2)(F)(Offered odd-numbered years). A course designed for singers, devoted to the understanding of the International Phonetic Alphabet (IPA) system and the learning of the rules of pronunciation in Italian, Latin, and Spanish languages. Graduate students will additionally transcribe an entire song cycle or the songs of a proposed graduation recital. Required for all vocal performance majors and Master of Music vocal performance majors and strongly recommended for all voice emphasis majors. PREREQ: 1 year of "MUS-PRV voice performance studies.

MUS 466-466G DICTION FOR SINGERS II (2-0-2)(S)(Offered even-numbered years). A continuation of MUS 465 Diction for Singers I, with emphasis on German, French, and English languages. Graduate students will additionally transcribe an entire song cycle or the songs of a proposed graduation recital. Required for all vocal performance majors and Master of Music vocal performance majors and strongly recommended for all voice emphasis majors. PREREQ: MUS 465 or PERM/INST.

Chapter 12 — Academic Programs and Courses Department of Music

MUS 472-472G ADVANCED METHODS FOR ELEMENTARY MUSIC TEACHING (3-0-3)(F) (Offered alternate, even-numbered years). Primarily for music majors. Emphasis on methods and materials for individualized instruction, special education, related arts, and listening lessons, as well as a study of the major contributions made to music education from the fields of educational philosophy and psychology. PREREQ: MUS 374.

MUS 498 MUSIC SEMINAR (2-0-2)(F/S). A seminar project under faculty direction. PREREQ: Senior standing.

Native American Studies Minor — see Department of Anthropology

Department of Networking, Operations, and Information Systems

Business Building, Room 308

Fax 208 426-1135

Chair and Professor: Patrick Shannon. *Professors:* Anson, Foster, P. Fry, Green, Groebner, LaCava, Minch, G. Wojtkowski, W. Wojtkowski. *Associate Professors:* Gallup, Maxson, Nagasundaram, Tabor. *Special Lecturer:* Cavaiani, Erickson, S. Fry.

Degrees Offered

- B.B.A., B.A., B.S., and Minor in Computer Information Systems
- B.B.A., B.A., B.S., and Minor in Networking and Telecommunications
- B.B.A., B.A., and B.S. in Operations Management

Department Statement

Computer Information Systems (CIS) merges several disciplines, including organizational behavior, management, accounting, management science, and computing technology to support organizational business processing and decision making. The basic purpose of the program is to prepare students for careers in end-user computing, database administration, application programming, systems analysis and development, information center service, operations, and information resource management. While providing a thorough education in computing and general business, along with a broad background in the arts and sciences, the CIS program emphasizes a balance between technological, human, and organizational considerations in the application of information technology.

The Operations Management (OM) program integrates fundamentals from most of the functional areas of business with the analytical techniques and skills necessary for competent decision making. Classes emphasize real applications and interaction with practitioners from local businesses and government. The OM major prepares students for work in both quality and customer issues in service and manufacturing areas involving purchasing, manufacturing scheduling; uses of technology and quantitative modeling. Students can add depth to their study through internships and independent study.

The Networking and Telecommunication (NTCOMM) major will educate students in telecommunications, data communications, computer networks, network management, and related areas including technological, business, and environmental (legal, social, etc.) issues. It will prepare graduates to plan for, implement, and manage computer networks and telecommunications infrastructures in businesses and other organizations. The core of the major will require 36 credit hours, with 21 of these specifically in NTCOMM and the remaining 15 in existing or modified Computer Information Systems (CIS) classes.

Degree Requirements

Computer Information Systems Bachelor of Business Administration

Course Number and Title	Credits
ENGL 101-102 English Composition	6
Area I — see page 39 for list of approved courses	
Area I core courses	6
Area II — see page 40 for list of approved courses	
ECON 201 Principles of Macroeconomics	3
ECON 202 Principles of Microeconomics	3
Area II core course other than economics	3
Area II core course other than economics	3
Area III — see page 40 for list of approved courses	
Area III core course - (MATH 143 or MATH 147)	3-5
Area III core course - (MATH 160 or MATH 170)	4
Area III core course in a lab science	4
Nonbusiness courses: Must include courses in at least two of the three following disciplines: Arts and Humanities (art, foreign language, humanities, literature, music, philosophy, theatre arts); Social Sciences (anthropology, geography, history, political science, psychology, social work, sociology); Natural Sciences and Mathematics (biological sciences, physical sciences, mathematics). No more than 3 credits may be fitness/kinesiology activity courses. 299 telecourses are excluded. The total of Area III and nonbusiness electives must be at least 32 credits.	19-21
*ACCT 205 Introduction to Financial Accounting	3
*ACCT 206 Introduction to Managerial Accounting	3
*BUSCOM 201 Business Communications	3
BUSSTAT 207-208 Statistical Techniques for Decision Making I & II	6
*CIS 121 Introduction to Systems Architecture	3
*CIS 125 Introduction to Programming	3
*CIS 217 Database Systems	3
*CIS 320 Systems Analysis and Design	3
*CIS 490 Information Resource Management	3
*CIS 491 Senior Project: Practice of Information Technology	3
*.***FINAN 303 Principles of Finance	3
*GENBUS 202 The Legal Environment of Business	3
*GENBUS 441 Business, Government, and Society	3
*GENBUS 450 Business Policies	3
*.***MGMT 301 Leadership Skills	3
*.***MKTG 301 Principles of Marketing	3
*NTCOMM 305 Telecommunications	3
*.***OPERMGT 345 Principles of Production Management	3
*CIS major credits	12
Four CIS elective courses chosen from ACCT 351, ACCT 450, CIS 417, CIS 430, CIS 460, CIS 493, CIS 497, ENGL 402, ENGL 405, ENGL 415, NTCOMM 315, NTCOMM 325, NTCOMM 335, NTCOMM 355, NTCOMM 415, NTCOMM 405, NTCOMM 425, NTCOMM 435, NTCOMM 445, NTCOMM 465, NTCOMM 475, OPERMGT 366, OPERMGT 380, OPERMGT 381, OPERMGT 408, OPERMGT 409, OPERMGT 416, OPERMGT 435, OPERMGT 497, an upper-division International Business course. No more than three credits of internship (CIS 493) may be used and at least two of the four electives must be designated CIS or NTCOMM.	
Programming second language requirement Suggested courses: CIS 221, CIS 226, COMPSCI 115, COMPSCI 117, COMPSCI 119, or COMPSCI 125. (The course selected to fill this requirement must cover a language other than the language taught in CIS 125. Students are encouraged to meet with a CIS advisor when selecting the course to satisfy this requirement.)	2-4
***Electives to total 128 credits	0-1
Total	128

NOTES: *At least 32 of these business credits must be taken at Boise State University.
**Must be completed with grades of 'C' or higher before taking GENBUS 450.
***Please refer to the B.B.A., B.A., or B.S. requirements in Chapter 11 for explanation.
Computer Literacy must be demonstrated either by completing CIS 104, CIS 105, and CIS 106 with a 'C' or above, or by passing the COBE Computer Placement Exam for CIS 104, CIS 105, CIS 106.
CIS 310 may not be used for CIS major requirement nor CIS elective.
All courses used toward the CIS degree must have a grade of 'C' or better.

Chapter 12 — Academic Programs and Courses

Department of Networking, Operations, and Information Systems

For students who wish to major in another field, the Department of Networking, Operations, and Information Systems offers a minor in Computer Information Systems. **Each student seeking this minor must first get approval from the Department of Networking, Operations, and Information Systems.**

Computer Information Systems Minor	
Course Number and Title	Credits
CIS 121 Introduction to Systems Architecture	3
CIS 125 Introduction to Programming	3
CIS 217 Database Systems	3
CIS 320 Systems Analysis and Design	3
NTCOMM 305 Introduction and Survey of Business Telecommunications	3
Programming second language requirement Suggested courses: CIS 221, CIS 226, COMPSCI 115, COMPSCI 117, COMPSCI 119, or COMPSCI 125. (The course selected to fill this requirement must cover a language other than the language taught in CIS 125. Students are encouraged to meet with a CIS advisor when selecting the course to satisfy this requirement.)	2-4
Elective courses chosen from: CIS 417, CIS 430, CIS 460, CIS 490, CIS 491, CIS 497, NTCOMM 315, NTCOMM 325, NTCOMM335, NTCOMM 355, NTCOMM 405, NTCOMM 415, NTCOMM 425, NTCOMM 435, NTCOMM 445, NTCOMM 465, NTCOMM 475	6
Total	23-25
NOTE: All course prerequisites are enforced for students pursuing the CIS minor. No more than 3 credits of internship (CIS 493) may be used to satisfy elective requirement. Computer Literacy must be demonstrated either by completing CIS 104, CIS 105, and CIS 106 with a 'C' or above, or by passing the COBE Computer Placement Exam for CIS 104, CIS 105, CIS 106. CIS 310 may not be used for a CIS minor requirement or CIS elective. All courses used toward the CIS minor must have a grade of 'C' or better.	

Networking and Telecommunications Bachelor of Business Administration	
Course Number and Title	Credits
ENGL 101-102 English Composition	6
Area I — see page 38 for list of approved courses	
PHIL 201 Introduction to Logic	3
Area I core course	3
Area II — see page 39 for list of approved courses	
ECON 201 Principles of Macroeconomics	3
ECON 202 Principles of Microeconomics	3
Area II core course other than economics	3
Area II core course other than economics	3
Area III — see page 39 for list of approved courses	
Area III core course - (MATH 143 or MATH 147)	3-5
Area III core course - (MATH 160 or MATH 170)	4
Area III core course in a lab science	4
Nonbusiness courses: Must include courses in at least two of the three following disciplines: Arts and Humanities (art, foreign language, humanities, literature, music, philosophy, theatre arts); Social Sciences (anthropology, communication, criminal justice administration, education, geography, history, political science, psychology, social work, sociology); Natural Sciences and Mathematics (biological sciences, physical sciences, mathematics). No more than 3 credits may be fitness/kinesiology activity courses. 299 telecourses are excluded. The total of Area III and nonbusiness electives must be at least 34 credits.	21-23
*ACCT 205 Introduction to Financial Accounting	3
*ACCT 206 Introduction to Managerial Accounting	3
*BUSCOM 201 Business Communications	3
BUSSTAT 207-208 Statistical Techniques for Decision Making I & II	6
*CIS 121 Introduction to Systems Architecture	3
*CIS 217 Database Systems	3
*CIS 320 Systems Analysis and Design	3
*CIS 490 Information Resource Management	3
*-**FINAN 303 Principles of Finance	3
*GENBUS 202 The Legal Environment of Business	3
*GENBUS 450 Business Policies	3

— continued —

Networking and Telecommunications (continued)	
*-**MGMT 301 Leadership Skills	3
*-**MKTG 301 Principles of Marketing	3
*NTCOMM 305 Introduction and Survey of Telecommunications	3
*NTCOMM 315 Computer Networking	3
*NTCOMM 325 Network Applications Development	3
*NTCOMM 335 Electronic Commerce	3
*NTCOMM 415 Network Management	3
*-**OPERMGT 345 Principles of Production Management	3
PHIL 211 Ethics	3
*Networking and Telecommunications electives Two approved 400-level Networking and Telecommunications courses. See department web page for current electives. No more than three credits of internship (NTCOMM 493) may be used to satisfy this requirement.	6
*Operations Management course (chosen from department-approved list)	3
Programming language requirement (chosen from department-approved list)	2-4
Total	132-134
NOTES: *At least 32 of these business credits must be taken at Boise State University. **Must be completed with grades of 'C' or higher before taking GENBUS 450. ***Please refer to the B.B.A., B.A., or B.S. requirements in Chapter 11 for explanation. Upper-division majors are assumed to have basic database, spreadsheet, and word processing skills. Students lacking these skills should take CIS 104, 105, 106. All courses used toward the Networking and Telecommunications major must have a grade of C or better. A minimum GPA of 2.5 overall and a minimum GPA of 2.7 in the Computer Information Systems and Networking and Telecommunications courses are required. CIS or Networking and Telecommunications courses older than 5 years may not apply toward major requirements.	

For students majoring in another field, the department of Networking, Operations, and Information Systems offers a minor in Networking and Telecommunications.

Each student seeking this minor must apply for and be accepted into the Networking and Telecommunications minor program.

Networking and Telecommunications Minor prerequisite courses: ACCT 205 Introduction to Financial Accounting, MATH 143 College Algebra, BUSSTAT 207 Statistical Techniques for Decision Making I, PHIL 201 Introduction to Logic, and Computer Competency (demonstrated by successful completion of CIS 104, CIS 105, and CIS 106, or the COBE Computer Placement Exam). **A minimum overall GPA of 2.5 is required.**

All course prerequisites in the minor are required and will be enforced.

Networking and Telecommunications Minor	
Course Number and Title	Credits
CIS 121 Introduction to Systems Architecture	3
CIS 217 Database Systems	3
Programming language requirement: chosen from department approved list.	2-4
NTCOMM 305 Introduction and Survey of Business Telecommunications	3
NTCOMM 315 Computer Networking	3
3 of the following: NTCOMM 335 Electronic Commerce NTCOMM 405 Regulatory, Social, & Legal Issues in Telecommunications NTCOMM 415 Network Management NTCOMM 425 Advanced Telecommunications Topics NTCOMM 435 Advanced Network Application Development	9

Chapter 12 — Academic Programs and Courses

Department of Networking, Operations, and Information Systems

Networking and Telecommunications (continued)	
NTCOMM 445 Internet and TCP/IP Protocols	
NTCOMM 465 Computer and Network Security	
NTCOMM 475 Hands-On Network Management	
Total	23-25
NOTES: All students must apply for and be accepted into the Networking and Telecommunications Minor program. All courses used toward the Networking and Telecommunications Minor must have a grade of C or better. Both a minimum overall GPA of 2.5 in all course work and a minimum GPA of 2.7 in the CIS and NTCOMM courses are required. CIS or NTCOMM courses older than 5 years may not apply toward minor requirements. All of the following CIS 497 Special Topics courses must have prior written approval for use in the Networking and Telecommunications Minor: Hands-On Network Management; Computer Networking; Advanced Network Services; Internet Services Management; Wide Area Networks; Local Area Networks; Internet Computer Information Systems majors may NOT use CIS electives as Networking and Telecommunications Minor electives. CIS 310 may not be used as a Networking and Telecommunications Minor elective. All course prerequisites are enforced for students pursuing the Networking and Telecommunications Minor	

Operations Management Bachelor of Business Administration	
Course Number and Title	Credits
ENGL 101-102 English Composition	6
Area I — see page 38 for list of approved courses	
PHIL 201 Introduction to Logic	3
Area I core course	3
Area II — see page 39 for list of approved courses

OPERMGT 497 Special Topics: Operations Strategy	
***Electives to total 128 credits	4-10
Total	128
NOTES: *At least 32 of these business credits must be taken at Boise State University. **Must be completed with grades of 'C' or higher before taking GENBUS 450. ***Please refer to the B.B.A., B.A., or B.S. requirements in Chapter 11 for explanation. The department recommends that each operations management major take OPERMGT 493 Internship during the student's junior year for a minimum of 3 credits of electives. Computer Literacy must be demonstrated either by completing CIS 104, CIS 105, and CIS 106 with a 'C' or above, or passing the College of Business and Economics Computer Placement Exam for CIS 104, CIS 105, and CIS 106. Completion of this requirement is a prerequisite for BUSSTAT 207, and OPERMGT 345. All courses used toward the Operations Managements degree must have a grade of 'C' or better.	

Course Offerings

See page 52 for a definition of the course-numbering system.

Upper-division courses in the department of networking, operations, and computer information systems (those with a course number 300 or higher) provide higher-level instruction to students who have the skills necessary to perform at this level. In addition to fulfilling the specific prerequisites listed and meeting the general university requirements for junior standing, every student admitted to a course is expected: to communicate clearly and correctly so that assignments such as term papers and presentations can be completed effectively, to organize and solve problems using the techniques of intermediate level high school algebra, to use a microcomputer for simple word processing and spreadsheet applications. **The prerequisite "No D Rule" is strongly enforced for all BUSSTAT, CIS, NTCOMM, and OPERMGT courses.**

BUSSTAT — BUSINESS STATISTICS

Lower Division

BUSSTAT 207 STATISTICAL TECHNIQUES FOR DECISION MAKING I (3-0-3) (F/S).

Designed to provide an understanding and working knowledge of the concepts and techniques pertaining to basic descriptive and inferential statistics. Business applications of such statistics concepts as the binomial and normal distributions, interval estimates, and hypothesis testing are covered. PREREQ: MATH 143, and computer competency is required. Computer competency may be demonstrated by CIS 104 and CIS 105 or successful completion of a computer placement exam for these courses.

BUSSTAT 208 STATISTICAL TECHNIQUES FOR DECISION MAKING II (3-0-3) (F/S).

This course provides extensions to basic statistical inference with an emphasis on using the techniques for business decision making. Typical topics covered include analysis of variance, simple and multiple linear regression, forecasting, and nonparametric statistics. Established computer software is used, when appropriate, to assist in the learning process. PREREQ: BUSSTAT 207 and MATH 160.

CIS — COMPUTER INFORMATION SYSTEMS

Lower Division

CIS 104 OPERATING SYSTEMS AND WORD PROCESSING TOPICS (1-1-1) (F,S).

Introduces computer and technology concepts, and develops skills using current home/office and internet productivity software. Basic functions of the operating system, basic to intermediate word-processing skills, introduction to hardware, software, internet and networking concepts for use in the workplace, educational settings, and the home.

CIS 105 SPREADSHEET TOPICS (1-1-1) (F,S).

Basic to intermediate spreadsheet skills development, hardware, software, internet and networking concept materials for use in the workplace, educational settings, and the home. PREREQ: CIS104 or successful completion of a placement exam for CIS 104.

CIS 106 DATABASE TOPICS (1-1-1) (F,S).

Basic to intermediate database skills development, hardware, software, internet and networking concept materials for use in the workplace, educational settings, and the home. PREREQ: CIS 104 and CIS 105 or successful completion of a placement exam for CIS 104 and CIS 105.

CIS 121 INTRODUCTION TO SYSTEMS ARCHITECTURE (3-0-3) (F,S).

Introduction to computer hardware, multiple operating systems, software, file management, and data types and principles, and their integration in a computing environment. Includes some hands-on experiences. PREREQ: CIS 104, CIS 105, CIS 106, or COBE Computer Placement Exam.

CIS 125 INTRODUCTION TO PROGRAMMING (3-0-3) (F,S).

Development of business applications using an object-oriented programming language, rapid development tools and Personal Software Process (PSP). Includes essential procedural concepts of sequence, selection, and iteration, arrays and string manipulation, and the PSP concepts of software size measurement, process management, design and code reviews. PREREQ: CIS 104, CIS 105, CIS 106, or COBE Computer Placement Exam, and MATH 143.

CIS 217 DATABASE SYSTEMS (3-0-3) (F,S).

Introduction to design, development and administration issues of relational databases and DBMS, and their applications to real-business

Chapter 12 — Academic Programs and Courses

Department of Networking, Operations, and Information Systems

problems. Special emphasis on SQL, logical data design techniques, and rapid prototyping of end user business applications. PREREQ: CIS 121, CIS 125.

CIS 221 INTERMEDIATE TOPICS IN BUSINESS APPLICATIONS PROGRAMMING (3-0-3) (F/S). Intermediate program development for business applications in a legacy language using rapid development tools, techniques, and quality development techniques. PREREQ: CIS 121, CIS 125.

CIS 226 INTERMEDIATE TOPICS IN PROGRAMMING LANGUAGES (3-0-3) (F/S). Develops business applications using rapid development tools and the quality development techniques. Includes multiple level arrays, database connections and the quality development technique elements of time and defect recording, software size estimation, time estimation and defect reduction techniques. PREREQ: CIS 121, CIS 125.

Upper Division

CIS 310 INTRODUCTION TO MANAGEMENT INFORMATION SYSTEMS (3-0-3) (F,S). An introduction to the fundamental concepts of management information systems in business organizations. Management information is the framework tying together business decision makers in an organization. This course includes: information systems concepts and planning; end-user computing; hardware, software, and database systems; systems analysis, design, and implementation; computer-human interface; data communications and networks; international, social, political, legal, behavioral, and ethical issues of MIS. Not accepted for CIS majors. PREREQ: Junior standing.

CIS 320 SYSTEMS ANALYSIS AND DESIGN (3-0-3) (F,S). Utilization of methods for working with users to analyze and develop business applications. The life cycle of development, project management, process of interface with users, documentation, database interface, and productivity tools will be discussed. PREREQ: CIS 217.

CIS 417 ADVANCED DATA MANAGEMENT TOPICS (3-0-3) (F/S). Addresses technical and managerial aspects of data management organizations with emphasis on distributed and client/server database issues and the data/database administration functions. Other topics may include: file structures, emerging database models, large scale systems. PREREQ: CIS 320.

CIS 430 ADVANCED SYSTEMS DEVELOPMENT (3-0-3) (S). Covers systems analysis and design using object techniques in a business environment. Includes an overview of the various analysis and design tools and methods such as object-oriented programming and CASE which have been developed over the last decade. In-depth discussion of one analysis and design method and one programming language. PREREQ: CIS 320.

CIS 444-444G CREATIVE THINKING AND PROBLEM SOLVING (3-0-3) (F). Seeks to help improve the student's abilities to think and act more creatively. Introduces concepts, exercises and techniques for use individually and in groups. These are augmented by discussions designed to help students reflect on what they learned through the exercises. PREREQ: Upper-division standing or PERM/INST.

CIS 460 ADVANCED TOPICS IN PROGRAMMING LANGUAGES (3-0-3) (F/S). Develops business applications using rapid development tools and quality development techniques. Builds on the foundation and programming language developed in CIS 125. Includes multiple tier programming models in a distributed environment. PREREQ: CIS 121, CIS 125, CIS programming language requirement, or PERM/INST.

CIS 490 INFORMATION RESOURCE MANAGEMENT (3-0-3) (F/S). A capstone course covering the management of the information systems function. Topics include the technical, operational, developmental, and support functions, acquisitions and management of resources, organizational structure, human resource issues, end-user computing, ethical and legal considerations, and managing emerging technologies. PREREQ: CIS 320.

CIS 491 SENIOR PROJECT: PRACTICE OF INFORMATION TECHNOLOGY (3-0-3) (F/S). A practicum capstone course to design and develop a complete system from initial requirements through implementation in a team-development environment. Applies knowledge of project planning and methodologies, requirements specification, analysis modeling, system design, programming languages, database, and networking. Various technologies appropriate to the problem at hand will be utilized. Incorporates principles of personal system productivity and team system productivity. PREREQ: CIS 320, Programming Language Requirement, Senior standing.

CIS 493 INTERNSHIP (Variable Credit) (F,S). Field learning in an MIS environment under supervision of both a manager and professor. PREREQ or COREQ: CIS 320.

NTCOMM — NETWORKING AND TELECOMMUNICATIONS

Upper Division

NTCOMM 305 INTRODUCTION AND SURVEY OF BUSINESS TELECOMMUNICATIONS (3-0-3) (F/S). Discussion of telecommunications technology and related managerial issues in a business environment. Topics include basic concepts of data communication, related hardware and software technology, standards and protocols, local and wide area networks, network management, common carrier services, strategic business applications, and emerging trends. Emphasis is on basic concepts, business applications, and telecommunications management rather than details of hardware and software technology. PREREQ: CIS 120.

NTCOMM 315 COMPUTER NETWORKING (3-0-3) (F,S). Concepts, technology, and applications of computer networking in business. Topics include networking hardware, topologies, media, protocols, and standards; network operating system server and client software, internetworking devices; network planning and administration. Local area networks, metropolitan area networks, and wide area networks will be considered, with emphasis on local networks. Some hands-on experience installing and managing network components will be included to the extent that facilities, equipment, and technical support permit. PREREQ: NTCOMM 305.

NTCOMM 325 NETWORK APPLICATIONS DEVELOPMENT (3-0-3) (F,S). Analysis, design, and implementation of on-line systems using Internet and World Wide Web standards. Topics include client-server architectural alternatives, tools and development environments, database

interfaces, use of multimedia, and challenges unique to the delivery environments. Students may implement projects using client-side scripting, server-side programming tools, or other distributed/cooperative processing approaches. PREREQ: NTCOMM 305, a procedural programming language class from the department-maintained approved list.

NTCOMM 335 ELECTRONIC COMMERCE (3-0-3) (F,S). Exploration of both technical and business topics related to conducting business electronically, including the Internet and other networks. Topics include strategy, technology, payment systems, security and privacy issues, legal and regulatory considerations, and other topics as appropriate during the semester. Analysis of case studies and student projects, including electronic commerce prototype development using current Web technologies. PREREQ: ACCT 205, MKTG 301, NTCOMM 305, NTCOMM 325.

NTCOMM 355 VOICE COMMUNICATIONS (3-0-3) (Offered on-demand). Voice communications and telephony in public and private environments. Public switched telephone system in the US and other countries, private telephony systems such as computerized private branch exchanges, long-distance and wide-area voice network alternatives, and emerging topics such as voice/data integration, Integrated Services Digital Networks (ISDN), Asynchronous Transfer Mode (ATM), multimedia communication and computer-telephony integration. PREREQ: NTCOMM 305.

NTCOMM 405 REGULATORY, SOCIAL, AND LEGAL ISSUES IN TELECOMMUNICATIONS (3-0-3) (F/S). A survey of how business is impacted by various laws and regulations in the telecommunications field. Additionally, social, ethical, and privacy issues resulting from our increasingly information-bound society will be explored. PREREQ: GENBUS 202, NTCOMM 305.

NTCOMM 415 NETWORK MANAGEMENT (3-0-3) (F/S). A technical and managerial view of network operations and how our increasingly complex network architectures are managed. Various current network management tools, security and access policies, commonly used processes, and business policies will be explored. PREREQ: NTCOMM 315.

NTCOMM 425 ADVANCED TELECOMMUNICATIONS TOPICS (3-0-3) (F,S). Study of current technologies and methodologies in the rapidly changing telecommunications field. Topics include business and technical issues relating to the selection, adoption, and implementation of new technologies in the organization such as Voice over IP, Computer Telephony Integration, and other current technologies as appropriate. PREREQ: NTCOMM 315, NTCOMM 325, NTCOMM 335

NTCOMM 435 ADVANCED NETWORK APPLICATION DEVELOPMENT (3-0-3) (F,S). Network application development including the methodologies of distributed and n-tier systems, new development tools and environments, and business requirements for digital solutions. Includes technical and business issues related to the development of Internet, Intranet, and distributed business applications. PREREQ: NTCOMM 325, NTCOMM 335.

NTCOMM 445 INTERNET AND TCP/IP PROTOCOLS (3-0-3) (F/S). An in-depth study of the protocols of the Internet including the TCP/IP suite. Standards and standards bodies, implementation issues, current applications, and future directions of proposed protocols will be discussed. PREREQ: NTCOMM 315, NTCOMM 325.

NTCOMM 465 COMPUTER AND NETWORK SECURITY (3-0-3) (F/S). An in-depth exploration of security issues and challenges for the business enterprise. Technology, tools, and business policy will be addressed. PREREQ: NTCOMM 315.

NTCOMM 475 HANDS-ON NETWORK MANAGEMENT (1-2-3). A limited-enrollment seminary and laboratory approach to advanced, current and emerging subjects in computer networking. Topics include TCP/IP protocols and standards. Students in the class will operate, maintain, and enhance a dedicated laboratory facility of networked client and server computers, obtaining hands-on experience in the process. PREREQ: NTCOMM 305 with a grade of B or better, experience with UNIX and/or Windows NT, and PERM/INST.

NTCOMM 493 INTERNSHIP (3-0-3). Internship requirements are defined by the department internship coordinator. PREREQ: NTCOMM 305, NTCOMM 315, NTCOMM 325, NTCOMM 335, NTCOMM 355.

OPERMGT — PRODUCTION AND OPERATIONS MANAGEMENT

Upper Division

OPERMGT 345 PRINCIPLES OF PRODUCTION MANAGEMENT (3-0-3) (F/S). Management of the production function: analysis, design, planning, and control of production processes, plant location, design and layout, scheduling, time and motion study, quality control, material acquisition, and systems theory. Quantitative techniques are considered. PREREQ: ACCT 206, BUSSTAT 207, ECON 202, MATH 160, and computer competency is required. Computer competency may be demonstrated by CIS 104 and CIS 105 or successful completion of a computer placement exam for these courses.

OPERMGT 366 OPERATIONS MODELING (3-0-3) (F/S). Quantitative techniques useful in analyzing and solving problems encountered in production and operations management. Quantitative techniques useful in resource management, production planning, scheduling, transportation, location analysis, project management, budgeting, staffing, and other areas will be examined. Emphasis is on modeling problems and interpreting computer-generated solutions. PREREQ: OPERMGT 345 or PERM/INST.

OPERMGT 380 IMPLEMENTING QUALITY IN OPERATIONS (3-0-3) (F). Introduces the basic tools of quality and quality planning tools widely used by organizations in the U.S. and around the world. Emphasis will be placed on understanding how the tools are implemented to aid in quality improvement. Examples of successful and unsuccessful applications will be presented. PREREQ: OPERMGT 345 or PERM/INST.

OPERMGT 381 QUALITY MANAGEMENT IMPLEMENTATION (3-0-3) (Offered on-demand). Planning, assuring, controlling and managing the quality efforts within a manufacturing or service organization. The critical elements of implementing a successful quality management program. Current quality thought, Kaizen techniques, benchmarking, quality maturity analysis, supplier/customer partnering, value-adding management, and quality leadership issues. PREREQ: OPERMGT 345 or PERM/INST.

Chapter 12 — Academic Programs and Courses

Department of Networking, Operations, and Information Systems

OPERMGT 390 MANAGING BUSINESS PROCESS FLOWS (3-0-3)(F/S)(Offered on demand). Conceptual and practical approach to understanding and managing business processes. Modeling and understanding the process and its flows, and recognizing how managing cycle times, inventory, capacity, and variability can affect process performance. Connections between operational and financial measurements are discussed. PREREQ: OPERMGT 345 or PERM/INST.

OPERMGT 408 LEAN MANUFACTURING SYSTEMS (3-0-3)(F). Further develops manufacturing resource management concepts and theories, including master schedules, bill of materials, and inventory records systems. Additional topics include Just-In-Time manufacturing, computer-aided manufacturing, flexible manufacturing systems, and techniques used by international competitors. Focus on the elimination of organizational waste and its constraints on manufacturing management. PREREQ: OPERMGT 345 or PERM/INST.

OPERMGT 409 MANAGEMENT OF SERVICE OPERATIONS (3-0-3)(Offered on demand). Principles of production management to service operations. The problems associated with service operations will be considered and contrasted to those of production systems. Special demands for organization and control will be reviewed, as well as the identification of elements of success. PREREQ: OPERMGT 345 or PERM/INST.

OPERMGT 416 SUPPLY CHAIN MANAGEMENT (3-0-3)(F). Fundamentals issues including identifying and describing requirements from external suppliers, qualifying suppliers, maintaining supplier relationships, managing supply chain costs, transporting parts and materials, and other related procurement issues. PREREQ: OPERMGT 345 or PERM/INST.

OPERMGT 435 PROJECT MANAGEMENT (3-0-3)(S). Provides an overview of current topics in project management and discusses such issues as team selection, the role of the project manager, common conflicts found in major projects and techniques used to address these conflicts. Techniques such as PERT/CPM will be discussed as both a planning and controlling tool. Project management software will be introduced. PREREQ: Upper-division standing.

OPERMGT 440 OPERATIONS STRATEGY (3-0-3)(F/S). Capstone course. Synthesizes quantitative and managerial approaches to develop a framework for planning organizational improvement. The relationships among operations, marketing, management information systems, finance, and human resources strategies are explored. A combination of readings, cases, and experiential learning provides a basis for applying operations management strategies and models. Course to be taken during the last year of the major. PREREQ: OPERMGT 380 and OPERMGT 408 or PERM/INST.

OPERMGT 493 INTERNSHIP (Variable Credit)(F/S). Field learning in a production and operations management environment under supervision of both a manager and a professor. PREREQ: OPERMGT 345 and PERM/INST.

OPERMGT 495 CURRENT TOPICS IN OPERATIONS MANAGEMENT (3-0-3)(F/S)(Offered on demand). Introduction to one or more key topics in operations management currently receiving heavy emphasis in business practitioner journals and/or in academic literature. PREREQ: OPERMGT 345 or PERM/INST.

Department of Nursing

Science/Nursing Building, Room 107
<http://nursing.boisestate.edu>
 e-mail: nursing@boisestate.edu

Telephone 208 426-4143
 Fax 208 426-1370

Chair and Associate Professor: Pamela Springer . *Professors:* Brudenell, Taylor. *Associate Professors:* Clark, Downey, Gehrke, Hereford, Mixon, Otterness, Payne, Schrader, Stoffels. *Assistant Professors:* Allerton, Leahy, Macy, Morris, Parslow, Pomerance, Reavy, Satterwhite, Weiler. *Senior Instructor:* Towle. *Standard Instructor:* Shaw. *Instructors:* Ahten, Allen, Black, F. Carlson, S. Carlson, Carnosso, Floyd, Gilbert, Hine, Severance, Strohfus, Walker, Witman.

Degrees Offered

- C.P.N., Certificate in Practical Nursing
- A.S., B.S. in Nursing

Department Statement

The department of nursing is one of four departments in the College of Health Sciences. The nursing education program has three educational options for students: the Certificate in Practical Nursing (C.P.N.) for those desiring to license as a Practical Nurse, an Associate of Science (A.S.) degree and a Bachelor of Science (B.S.) degree for those desiring licensure as a professional registered nurse. A key feature of the nursing program is that students choosing any of the educational options will take many of the same courses thus facilitating readmission should students decide to seek another degree. Contact the department of nursing at the above telephone, FAX, e-mail, or web site to obtain more information on the nursing educational program at Boise State University.

The Idaho State Board of Nursing approves the nursing program. The Bachelor of Science and Associate of Science programs options are accredited by the National League for Nursing Accreditation Commission (NLNAC), 61 Broadway, New York, NY 10006, 212 363-5555, ext. 153.

Degree Requirements

Nursing	
Course Number and Title	Credits
Certificate in Practical Nursing Option	
ENGL 101, 102 English Composition	6
Area II	
COMM 101 Fundamentals of Speech Communication OR COMM 112 Reasoned Discourse	3
ANTH 102 Cultural Anthropology OR SOC 101 Introduction to Sociology OR SOC 102 Social Problems OR SOC 230 Introduction to Multiethnic Studies	3
Area III	
BIOL 227-228 Human Anatomy and Physiology	8
HLTHST 170 Concepts of Nutrition	1
HLTHST 270 Nutrition Across the Lifespan	1
NURS 100 Concepts of Nursing and Health Care	2
NURS 105 Interdisciplinary Patient Care Skills Lab	2
NURS 106 Concepts of Psychology for Practical Nursing (C.P.N. only)	1
NURS 120 Professional Concepts of Community Based Nursing Practice	1
NURS 122 Health Assessment and Promotion	2
NURS 123 Health Assessment and Promotion Lab	1
NURS 126 Science for Practical Nursing (C.P.N. only)	1
NURS 127 Introduction to Clinical Practice Lab (C.P.N. only)	2
NURS 200 Professional Concepts for Case Delivery I	1
NURS 202 Health Across the Life Span	3
NURS 204 Nursing Therapeutics I	2
NURS 205 Nursing Therapeutics Across the Life Span Lab	3
NURS 220 Professional Concepts for Care Delivery II	1
NURS 222 Alterations in Health	3
NURS 224 Nursing Therapeutics II	4
NURS 225 Nursing Therapeutics II Lab	4
NURS 227 Preceptorship for the Practical Nurse (C.P.N. only)	2
Total	57
Associate of Science in Nursing Option	
Credits from C.P.N. Option	51
Area II	
PSYC 101 General Psychology	3
Area III	
Area III core course in mathematics	3-4
BIOL 205 Microbiology	4
CHEM 105 Accelerated Essentials of Chemistry	5
NURS 300 Professional Concepts of Care Management I	1
NURS 302 Chronic Alterations in Health	3
NURS 303 Chronic Alterations in Health Lab	4
NURS 305 Managing Client Care: Preceptorship	2
Total	76-77
Bachelor of Science in Nursing Option	
Credits from A.S., Nursing Option	76-77
Area I — see page 39 for list of approved courses	
Area I core course in one field	3
Area I core course in a second field	3
Area I core course in a third field	3
Area I core course in any field	3
Area II — see page 40 for list of approved courses	
Area II core course in any field	3
HLTHST 480 Epidemiology	3
NURS 320 Professional Concepts of Care Management II	1
NURS 322 Community Based Case Management	3
NURS 323 Community Based Case Management Lab	3
NURS 392 Introduction to Nursing Research	3

— continued —

Nursing (continued)	
NURS 402 Nursing Leadership and Management in Health Care	3
NURS 404 Professional Practice Seminar	1
NURS 405 Professional Practice Internship	4
NURS 412 Public Health Nursing	2
NURS 413 Public Health Nursing Lab	2
NURS 420 Policy, Power, and Voice	3
Nursing elective courses	4
Statistics course	3-4
Electives to total 128 credits	0-2
Total	128

Special Lab Fees

Students who are admitted to the Nursing program pay an additional laboratory fee at the time of enrollment for some courses. See the *Schedule of Classes* for specific courses and amounts. This fee is used for purchasing such things as liability insurance, expendable laboratory equipment and supplies, name tags, handbooks, standardized achievement tests, professional pamphlets, additional copies of high-use audiovisual and CAI programs, and replacement practice models. The fee may vary from course to course, and some courses may not require a fee. Elective courses may include a fee that provides travel and per diem support for faculty teaching the course.

Advanced Placement

Advanced placement options for LPN's and RN's are available. Refer to the website or contact the department of nursing for details.

Course Offerings

See page 52 for a definition of the course-numbering system.

NURS — NURSING

Lower Division

NURS 100 CONCEPTS OF NURSING AND HEALTH CARE (2-0-2)(F/S). Introduces nursing careers/opportunities in a variety of health care delivery systems. Explores skills essential to success in a nursing career. Includes observational experience. PREREQ: Admission to program. COREQ: NURS 105.

NURS 105 INTERDISCIPLINARY PATIENT CARE SKILLS LAB (0-6-2)(F/S). An interdisciplinary team approach is used to teach basic patient care skills and interventions to restore and protect health. (Pass/Fail) PREREQ: Admission to program. COREQ: NURS 100.

NURS 106 CONCEPTS OF PSYCHOLOGY FOR PRACTICAL NURSING (1-0-1)(F/S). Basic concepts of psychology and mental health for the practical nursing student. PREREQ: Admission to program. COREQ: NURS 100.

NURS 120 PROFESSIONAL CONCEPTS OF COMMUNITY BASED NURSING PRACTICE (1-0-1)(F/S). Concepts of nursing theory, community based nursing practice, health promotion, illness prevention, standards of care, evidence based practice, and legal/ethical practice. PREREQ: NURS 100. COREQ: NURS 122, NURS 123, HLTHST 170.

NURS 122 HEALTH ASSESSMENT AND PROMOTION (2-0-2)(F/S). Introduces nursing process, health assessment across the life span, including concepts of health promotion and preventive care. COREQ: NURS 120.

NURS 123 HEALTH ASSESSMENT AND PROMOTION LAB (0-3-1)(F/S). Application of concepts from NURS 120, NURS 122 in selected clinical settings. (Pass/Fail). COREQ: NURS 120, NURS 122.

NURS 126 SCIENCE FOR PRACTICAL NURSING (1-0-1)(F/S). General concepts of Chemistry and Microbiology. PREREQ: NURS 100, NURS 106. COREQ: NURS 120, NURS 127.

NURS 127 INTRODUCTION TO CLINICAL PRACTICE LAB (0-6-2)(S). Clinical application of theory for the practical nursing student. (Pass/Fail). PREREQ: NURS 100, NURS 106. COREQ: NURS 120, NURS 126.

NURS 200 PROFESSIONAL CONCEPTS FOR CARE DELIVERY I (1-0-1)(F). Community based nursing practice related to the health of families, environmental safety and risk screening. Introduction to concepts of leadership and management. PREREQ: NURS 120. COREQ: NURS 202, NURS 204, NURS 205, HLTHST 270.

NURS 202 HEALTH ACROSS THE LIFE SPAN (3-0-3)(F). Health patterns and psychophysiological processes during life span transitions. COREQ: NURS 200.

NURS 204 NURSING THERAPEUTICS I (2-0-2)(F). Holistic approach to nursing interventions that promote physical, mental and spiritual health during life span transitions. COREQ: NURS 200.

NURS 205 NURSING THERAPEUTICS ACROSS THE LIFE SPAN LAB (0-9-3)(F). Clinical application of concepts from NURS 200, 202 and 204. (Pass/Fail). COREQ: NURS 200.

NURS 220 PROFESSIONAL CONCEPTS FOR CARE DELIVERY II (1-0-1)(S). Concepts of professional roles in community based nursing, secondary prevention, reimbursement systems, change theory, conflict negotiation, crisis management, team leadership. PREREQ: NURS 200. COREQ: NURS 222, NURS 224, NURS 225.

NURS 222 ALTERATIONS IN HEALTH (3-0-3)(S). Pathophysiological processes across the life span with integration of related epidemiological and clinical manifestations. Emphasis on disruption of normal physiology. COREQ: NURS 220.

NURS 224 NURSING THERAPEUTICS II (4-0-4)(S). Concepts of nursing therapies with individuals and families in acute care settings and/or with individuals and families in transition to community settings. COREQ: NURS 220.

NURS 225 NURSING THERAPEUTICS II LAB (0-12-4)(S). Clinical application of knowledge acquired in NURS 220, 222, and 224. (Pass/Fail). COREQ: NURS 220.

NURS 227 PRECEPTORSHIP FOR THE PRACTICAL NURSE (0-6-2)(S). Clinical preceptorship with emphasis on socialization into the roles and responsibilities of the Practical Nurse, multiple client care and application of clinical judgment. (Pass/Fail). COREQ: NURS 220.

NURS 250 TRANSITIONS IN NURSING FOR THE LPN (3-0-3)(F/S). Designed to meet the learning needs of licensed practical nurses who want to continue their education and become registered nurses. Focus on concepts of community based nursing, role transition, and change theory. Must meet with an advanced placement advisor. PREREQ: PERM/INST. COREQ: NURS 122, NURS 123.

Upper Division

NURS 300 PROFESSIONAL CONCEPTS OF CARE MANAGEMENT I (1-0-1)(F). Continued development of the professional nurse role. Focuses on principles and concepts in tertiary prevention. PREREQ: BIOL 205, NURS 220. COREQ: NURS 302, NURS 303, NURS 305.

NURS 302 CHRONIC ALTERATIONS IN HEALTH (3-0-3)(F). Nursing roles and theoretical application of tertiary prevention, health promotion of chronically ill individuals. Impact of chronic illness on community systems. COREQ: NURS 300.

NURS 303 CHRONIC ALTERATIONS IN HEALTH LAB (0-12-4)(F). Clinical application of theory content from NURS 300 and NURS 302. (Pass/Fail) COREQ: NURS 300.

NURS 305 MANAGING CLIENT CARE: PRECEPTORSHIP (0-6-2)(F). Clinical preceptorship with emphasis on socialization into the nursing profession, multiple client management and application of clinical judgment skills. (Pass/Fail) COREQ: NURS 300.

NURS 320 PROFESSIONAL CONCEPTS OF CARE MANAGEMENT II (1-0-1)(S). Ethical/legal/political issues related to client case management, application of research findings to practice, and developing vision, mission and value statements. PREREQ: NURS 300. COREQ: NURS 322, NURS 323.

NURS 322 COMMUNITY BASED CASE MANAGEMENT (3-0-3)(S). Role of case manager, developing collaborative partnerships with individuals, families, interdisciplinary care teams. COREQ: NURS 320.

NURS 323 COMMUNITY BASED CASE MANAGEMENT LAB (0-9-3)(S). Clinical application of theory content from NURS 320 and NURS 322 (Pass/Fail). COREQ: NURS 320.

NURS 350 PROFESSIONAL TRANSITIONS IN NURSING FOR THE RN (3-0-3)(F/S). Designed to meet the learning needs of Registered Nurses who want to continue their professional education and receive a baccalaureate degree in nursing. Focus on concepts of community based nursing, advanced concepts of role transition, and change theory. Must meet with an advanced placement advisor. PREREQ: PERM/INST.

NURS 392 INTRODUCTION TO NURSING RESEARCH (2-3-3)(S/SU). Introduction to the research process. Emphasis on defining researchable problems, analyzing steps in the research process, and providing opportunities for practical experiences. PREREQ: A college statistics course.

NURS 402 NURSING LEADERSHIP AND MANAGEMENT IN HEALTH CARE (3-0-3)(F/S). Utilization of theory and research to develop skills in nursing management and leadership in a variety of health care organizations. PREREQ: NURS 320.

NURS 404 PROFESSIONAL PRACTICE SEMINAR (1-0-1)(F/S). Seminar focused on analysis and synthesis of clinical management and leadership principles in clinical practice. PREREQ: NURS 320. COREQ: NURS 405.

NURS 405 PROFESSIONAL PRACTICE INTERNSHIP (0-12-4)(F/S). Clinical internship tailored to student expertise and professional goals. (Pass/Fail). COREQ: NURS 404.

NURS 412 PUBLIC HEALTH NURSING (2-0-2)(F/S). Principles and concepts of public health nursing applied to communities and populations. PREREQ: NURS 320. COREQ: NURS 413.

NURS 413 PUBLIC HEALTH NURSING LAB (0-6-2)(F/S). Clinical application of public health nursing concepts from NURS412. (Pass/Fail). COREQ: NURS 412.

NURS 420 POLICY, POWER, AND VOICE (3-0-3)(F/S). Use of personal power to plan career goals. Exploration of nurses' personal and collective power and voice to participate as leaders and advocates in health policy process. PREREQ: NURS 320.

Option for Licensed RN Students (Last admitted class fall 2004)

The advanced placement option provides an opportunity for RNs to individualize educational plans to complete a baccalaureate degree with a major in nursing. RN applicants should contact the Department of Nursing at 208 426-4143 for academic advisement and advanced placement options.

The B.S., Nursing (Advanced Placement Option for RN's) curriculum listed below is being phased out. Last date of admission will be fall, 2004.

Chapter 12 — Academic Programs and Courses

Department of Nursing

Nursing Bachelor of Science (Advanced Placement Option for RN's)	
Course Number and Title	Credits
ENGL 101, 102 English Composition	6
Area I — see page 39 for list of approved courses

Nursing elective courses or Independent Study	4
*NLN Mobility Tests or credit for prior learning	37
*Statistics course	3-4
Electives to total 128 credits	1-4
Total	128
*NOTE: These courses must be successfully completed before your senior year.	

Course Offerings

See page 52 for a definition of the course-numbering system.

NURS-B — NURSING

Upper Division

NURS-B 300 CHANGING PROFESSIONAL ROLES IN NURSING (2-0-2) (F/S). Overview of concepts related to professional nursing. Focuses on the relationship of values, ethics, critical thinking and communication processes in the roles of the professional nurse. PREREQ: Must be a Registered Nurse.

NURS-B 312 NURSING CARE OF THE CHILDBEARING FAMILY (2-0-2) (F/S). Focus is on exploration of nursing and psychosocial theories and concepts relevant to the nursing care of the individual and family during the childbearing cycle. PREREQ: NURS-B 210. COREQ: NURS-B 313.

NURS-B 313 NURSING CARE OF THE CHILDBEARING FAMILY LAB (0-6-2) (F/S). Application of theory and concepts from NURS-B 312 in providing nursing care for the childbearing family. (Pass/Fail). COREQ: NURS-B 312.

NURS-B 314 NURSING IN HEALTH AND ILLNESS I (4-0-4) (F). Focuses on nursing knowledge and skills which use growth and development principles and the nursing process to restore and maintain health across the lifespan of individuals from diverse cultures, or to support them in deteriorating health. PREREQ: NURS-B 210, HLTHST 306. COREQ: NURS-B 315.

NURS-B 315 NURSING IN HEALTH AND ILLNESS I LAB (0-9-3) (F). Applies knowledge and skills from NURS-B 314 in providing care for persons experiencing health alterations in a variety of clinical settings. Application of the nursing process with an emphasis on care planning and implementation. (Pass/Fail). COREQ: NURS-B 314.

NURS-B 316 MENTAL HEALTH/ILLNESS NURSING (2-0-2) (F/S). Theoretical concepts of mental health promotion, group theory, and nursing management of major mental illnesses and selected other mental disorders using a stress adaptation framework. PREREQ: NURS-B 210. COREQ: NURS-B 317.

NURS-B 317 MENTAL HEALTH/ILLNESS NURSING LAB (0-6-2) (F/S). Application of theory from NURS-B 316 with emphasis on therapeutic communication in work with individuals and in groups. (Pass/Fail). COREQ: NURS-B 316.

NURS-B 318 NURSING IN HEALTH AND ILLNESS II (4-0-4) (S). Builds on nursing knowledge and skills taught in NURS-B 314. PREREQ: NURS-B 314. COREQ: NURS-B 319.

NURS-B 319 NURSING IN HEALTH AND ILLNESS II LAB (0-9-3) (S). Applies knowledge and skills taught in NURS-B 314, 315 and 318 in providing care for persons experiencing health alterations in a variety of clinical settings. Application of the nursing process with greater emphasis on evaluation. (Pass/Fail). COREQ: NURS-B 318.

NURS-B 370 NURSING FOR HOLISTIC CARE (2-0-2). Explores frameworks and professional roles in theory-based nursing for mind-body-spirit wellness and healing. Supervised practice in a variety of holistic therapeutic nursing interventions. (Pass/Fail). PREREQ: Nursing students, registered nurses, or PERM/INST.

NURS-B 392 INTRODUCTION TO NURSING RESEARCH (3-0-3) (S/SU). Research process as applied in health care research. Emphasis on defining researchable problems, conceptualizing research design, and analyzing steps in the research process. Critical review of research articles to evaluate findings for application to nursing practice. PREREQ: a college statistics courses.

NURS-B 418 COMMUNITY HEALTH NURSING (3-0-3) (F/S). Principles and concepts basic to community health nursing of individuals, families, groups, and communities. Major content areas include: roles and responsibilities of the community health nurse, home health care, epidemiology, community assessment, health promotion and maintenance, and health policy formulation. PREREQ: NURS-B 312, 316, 318, 392. COREQ: NURS-B 419.

NURS-B 419 COMMUNITY HEALTH NURSING LAB (0-9-3) (F/S). Application of community health nursing concepts to individuals, families, groups, and communities. (Pass/Fail). PREREQ: NURS-B 313, 317, 319. COREQ: NURS-B 418.

NURS-B 434 PROFESSIONAL ISSUES IN NURSING (3-0-3) (F/S). An analysis of contemporary professional nursing and its reciprocal interaction with current social, political, and economic issues. PREREQ: NURS-B 312, 316, 318, 392.

NURS-B 438 NURSING LEADERSHIP (3-0-3) (F/S). Principles and concepts of the role of the nurse as Leader/Manager. Concepts include allocation of human, financial, and material resources, and effective human relations in health care organizations. PREREQ: NURS-B 312, 316, 318, 392. COREQ: NURS-B 439.

NURS-B 439 NURSING LEADERSHIP LAB (0-9-3) (F/S). Application of principles and concepts from NURS-B 438 in various health care settings to include acute, long-term, and community health organizations. (Pass/Fail). PREREQ: NURS-B 313, 317, 319. COREQ: NURS-B 438.

NURS-B 450 INTENSIVE CLINICAL NURSING ELECTIVE (0-12-4) (SU). Management of multiple patients with support of qualified preceptors in selective clinical sites. Content includes application of medical/surgical/psychosocial concepts in a nursing practice setting. Pass/Fail. Offered intermittently. PREREQ: Sophomore standing in an accredited associate program or junior standing in an accredited baccalaureate program and the approval of the instructor.

NURS-B 456 NURSING STRATEGIES IN HIGH RISK CHILDBEARING FAMILIES (2-0-2) (F/S) (Offered intermittently). Concepts relative to childbearing families at risk for poor maternal/fetal outcomes. Nursing interventions and resources are presented with emphasis on supporting the family in the home or rural setting as well as acute and primary health care facilities. PREREQ: NURS-B 312, 313 or equivalent or PERM/INST.

NURS-B 460 APPLICATIONS OF LEGAL AND ETHICAL CONCEPTS TO CONTEMPORARY NURSING PRACTICE (2-0-2) (F/S) (Offered intermittently). Course provides current legal and ethical concepts and their application to contemporary nursing practice in a variety of institutional and community settings. Course enrollment limited to Registered Nurses, or to students enrolled in nursing programs preparing to write the Registered Nurse Examination.

NURS-B 462 CARING FOR DIVERSE HIV/AIDS CLIENTS (2-0-2) (F/S). Course deals with multiple issues facing nursing professionals as they learn to deal with the challenges of caring for HIV/AIDS clients. Students will confront their own feelings about diverse HIV/AIDS groups and investigate the gamut of issues faced by the clients. Experiences with clients, social support systems, families, and other group/agencies involved in client care are scheduled. (Graded Pass/Fail.) PREREQ: Sophomore standing (B.S. program), freshman standing (A.S. program), or PERM/INST.

Telephone 208 426-3304
Fax 208 426-4332

Chair and Professor: Andrew Schoedinger. Professor: Harbison. Associate Professor: Cortens. Assistant Professor: Roark. Adjunct Professor: Pearson.

Degree Offered

- B.A. and Minor in Philosophy

Department Statement

Philosophy involves a reasoned attempt to answer questions that arise from reflection on basic concepts and assumptions about the world and our experience of it. Some of these questions are of obvious practical importance; for example, "How should moral decisions be made?" Others are more abstract; for example, "What is the nature of knowledge (or reality, or goodness)?" Serious philosophical inquiry into such questions is typically grounded in careful study of the efforts of earlier thinkers; thus, an important aspect of the major is the study of the history of philosophy.

The undergraduate major in philosophy does not in itself prepare the student for a specific vocation. For students who aspire to academic careers in philosophy, the major provides the basis for graduate work in the field. For other students, it develops intellectual skills useful in life and in other fields of advanced study, such as law, religion, and public affairs.

The program requirements for a major in philosophy, in addition to the necessary requirements to obtain a bachelor of arts degree from Boise State University, consist of 30 hours of philosophy credit, 21 of which are specifically required courses and 9 of which are electives from other courses in philosophy. Philosophy majors should bear in mind that the university requires the completion of a total of 40 hours of upper-division credit by all graduating seniors.

Philosophy Bachelor of Arts

PHIL — PHILOSOPHY

Lower Division

PHIL 101 INTRODUCTION TO PHILOSOPHY (3-0-3) (F,S) (Area I). A general introduction to some basic philosophical problems and concepts, with attention to selected major philosophers and with an emphasis on philosophical method.

PHIL 201 INTRODUCTION TO LOGIC (3-0-3) (F,S) (Area I). A study of the concepts and methods used in the analysis and evaluation of arguments with emphasis on the structure of arguments.

PHIL 211 ETHICS (3-0-3) (F/S). An investigation of the validity of moral claims, the use of moral language, and the evaluation of classical efforts, for example, utilitarianism, to provide a test of moral rightness.

PHIL 221 ORIENTAL PHILOSOPHY (3-0-3) (S) (Offered even-numbered years). An examination of the philosophical teachings of the great oriental thinkers through a study of classical texts selected from the traditions of Hinduism, Confucianism, Taoism, and Buddhism.

PHIL 231 PHILOSOPHY OF RELIGION (3-0-3) (F) (Offered odd-numbered years). An introduction to basic philosophical issues connected with religious belief such as the nature and existence of God, the problem of evil, miracles, and the significance of religious experience.

Upper Division

PHIL 304 SYMBOLIC LOGIC (3-0-3) (S) (Offered even-numbered years). A study of techniques of validation in propositional and predicate logic, with emphasis on the construction of formal proofs. Some attention will be given to metalogical notions such as consistency and completeness. PREREQ: PHIL 201 or MATH 187.

PHIL 305 ANCIENT PHILOSOPHY (3-0-3) (F). An introduction to the origins of Western philosophy in the ancient world, with emphasis on Plato and Aristotle. PREREQ: PHIL 101.

PHIL 307 MEDIEVAL PHILOSOPHY (3-0-3) (S) (Offered odd-numbered years). A survey of major developments in Western philosophy from St. Augustine through William of Ockham, with emphasis on selected figures. PREREQ: PHIL 101.

PHIL 309 MODERN PHILOSOPHY (3-0-3) (F) (Offered odd-numbered years). A survey of developments in Western philosophy from Descartes through Kant, with emphasis on selected figures. PREREQ: PHIL 101.

PHIL 315 PHENOMENOLOGY AND EXISTENTIALISM (3-0-3) (S) (Offered odd-numbered years). An exploration of the nature of conscious experience and the place of dread and choice in human existence, with emphasis on selected figures in the tradition of European philosophy established by Kierkegaard and Husserl. PREREQ: PHIL 101.

PHIL 337 AESTHETICS (3-0-3) (F) (Offered even-numbered years). The philosophy of the fine arts covering such topics as the existence and nature of works of art, aesthetic experience, artistic creativity, the species of aesthetic value, and the nature of beauty.

PHIL 406 PHILOSOPHY OF SCIENCE (3-0-3) (S) (Offered on demand). A study of philosophical issues raised by reflection on the nature of science and the results of scientific inquiry. PREREQ: PHIL 101 and either PHIL 201 or MATH 187.

PHIL 410 PHILOSOPHY OF MIND (3-0-3) (F/S) (Offered on demand). An examination of various solutions to the mind/body problem, the problem of other minds, as well as related mental concepts. Problems of action theory may be explored. PREREQ: PHIL 101.

PHIL 413 ANALYTIC PHILOSOPHY (3-0-3) (S) (Offered even-numbered years). A critical examination of the development of the analytic method in Anglo-American philosophy with attention to such selected figures as Frege, Russell, Moore, Wittgenstein, and Austin. PREREQ: PHIL 101 and either PHIL 201 or MATH 187.

PHIL 433 METAPHYSICS (3-0-3) (F) (Offered odd-numbered years). An investigation of basic problems about the nature of reality. Possible topics include personal identity, the nature of mind, freedom and determinism, and the problems of universals. PREREQ: PHIL 101.

PHIL 435 EPISTEMOLOGY (3-0-3) (F) (Offered even-numbered years). An investigation of basic problems concerning knowledge and the justification of belief. Possible topics include attempts to define knowledge and related concepts, the problem of skepticism, and the problem of other minds. PREREQ: PHIL 101.

PHIL 441 (POLS 441) CLASSICAL POLITICAL THOUGHT (3-0-3) (F) (Alternate years). Development of political philosophy from Socrates to Machiavelli. This course may be taken for either POLS or PHIL credit, but not both. PREREQ: POLS 101, 141 or PHIL 101.

PHIL 442 (POLS 442) MODERN POLITICAL THOUGHT (3-0-3) (F) (Alternate years). Development of political thought since Machiavelli. This course may be taken for either POLS or PHIL credit, but not both. PREREQ: POLS 101, 141 or PHIL 101.

PHIL 443 (POLS 443) CONTEMPORARY POLITICAL THOUGHT (3-0-3) (F/S). Major trends in political thought from the post-French Revolutionary era, which may include German

Chapter 12 — Academic Programs and Courses

Department of Philosophy

idealism, historicism, existentialism, nihilism, and Marxism. This course may be taken for either POLS or PHIL credit, but not both. PREREQ: POLS 101, 141 or PHIL 101.

PHIL 489 SENIOR TUTORIAL (3-0-3) (F). Directed research culminating in the writing of a senior essay to be approved by the members of the philosophy faculty. PREREQ: Senior standing in philosophy major and approval by the department chair of a Tutorial Project Proposal by April 1 of the semester preceding the semester when the Tutorial is taken.

Associate Professor: Lamelas. *Assistant Professors:* Maccomb, Punnoose.

Degrees Offered

- B.S. and Minor in Physics
- B.S. in Physics, Secondary Education

Department Statement

The scope of the program is applied physics. However, flexibility is maintained in order to direct students toward their desired objectives. If the student is interested in going on into graduate physics, more math would be recommended. Depending on the particular field of interest in physics, the student could select electives in biology, chemistry, engineering, math, or geophysics.

Degree Requirements

Physics Bachelor of Science	
Course Number and Title	Credits

PHYS 432 Thermal Physics	3
PHYS 481 Senior Lab	3
PHYS 499 Seminar	1
Electives to total 128 credits	19
Total	128

The Physics, Secondary Education program combine content knowledge, theories of learning and human development, study of curriculum, and methodology, to help students develop the knowledge, skills and dispositions essential for success in secondary school teaching. The program is grounded in the conceptual framework of reflective practitioner. Reflective practitioners adjust their teaching approaches and learning environment to the needs and backgrounds of their students. Candidates who complete this program have demonstrated evidence of meeting the Idaho Beginning Teacher Standards and are eligible for recommendation for state certification.

Students wishing to pursue this degree must meet the requirements and standards for admission to teacher education, which are described fully under the Department of Curriculum, Instruction, and Foundational Studies or at <http://education.boisestate.edu>. Students must meet all knowledge, skill, and disposition requirements to remain in the program.

Course Offerings

See page 52 for a definition of the course-numbering system.

PHYS — PHYSICS

Lower Division

PHYS 100 FOUNDATIONS OF PHYSICAL SCIENCE (3-2-4) (Area III). Selected concepts of matter and energy that are widely applicable toward understanding our physical environment. A one-semester course for nonscience majors.

PHYS 105 INTRODUCTION TO DESCRIPTIVE ASTRONOMY (3-2-4) (F/S) (Area III). A study of galaxies, stars and planets and their physical relationships, beginning with our own solar system and moving outward. Several scheduled evening viewing sessions and planetarium visits are required. A one-semester course for nonscience majors.

PHYS 106 RADIOLOGICAL PHYSICS (2-2-3) (F). Fundamental concepts of radiation physics involving structure of the atom, radioactivity, electricity, magnetism, and electromagnetic radiation. Includes the physical principles of magnetic resonance and diagnostic ultrasound. COREQ: RADSCI 226 or PERM/INST

PHYS 109 INTRODUCTION TO COMPUTERS (3-2-4). The potential and limitations of computers and their impact on society. The course includes an introduction to computer hardware and programming. Designed for nonscience majors.

PHYS 111-112 GENERAL PHYSICS (3-3-4) (F/S) (Area III). Mechanics, sound, heat, light, magnetism and electricity. This course satisfies the science requirement for the bachelor of arts and bachelor of science curricula and may be taken by forestry, pre-dental and pre-medical students. PREREQ for PHYS 111: MATH 144 or MATH 147 or satisfactory placement score into MATH 170. PREREQ for PHYS 112: PHYS 111.

PHYS 115 CULTURAL APPROACH TO PHYSICS (3-3-4). Designed for liberal arts students. Students should gain an appreciation for the basic ideas in physics and how these ideas have

contributed to the development of western culture by their influence on philosophy, religion and technology.

PHYS 125 INTRODUCTORY PHYSICS COLLOQUIUM (1-0-1). Informal seminars introducing current areas of interest in physics, introduction to the physics faculty, requirements for graduation, jobs and graduate school. Intended for new physics majors, but open to all interested students. Pass/Fail.

PHYS 207 INTRODUCTION TO BIOPHYSICS (3-3-4) (S). A course relating physical principles to biological applications. Lectures stress concepts of atomic physics, basic electricity, energetics, heat, and optics. The variety of instruments normally found in biological laboratories are used in lab to study biological systems. PREREQ: MATH 147 or MATH 108.

PHYS 211 PHYSICS I WITH CALCULUS (4-1-4) (F/S) (Area III). Kinematics, dynamics of particles, statics, momentum, rotational motion, gravitation, introductory wave motion, heat and thermodynamics. PREREQ: MATH 170, COREQ: PHYS 211L, MATH 175.

PHYS 211L PHYSICS I WITH CALCULUS LAB (0-3-1) (F/S) (Area III). Lab to be taken with PHYS 211. Basic experiments in mechanics, wave motion, and heat. COREQ: PHYS 211.

PHYS 212 PHYSICS II WITH CALCULUS (4-1-4) (F/S) (Area III). Coulombs law, fields, potential, magnetism, induced emf, simple circuits, geometrical optics, interference, diffraction, and polarization. PREREQ: PHYS 211. COREQ: PHYS 212L

PHYS 212L PHYSICS II WITH CALCULUS LAB (0-3-1) (F/S) (Area III). Lab to be taken concurrently with PHYS 212. Basic experiments in electricity, magnetism, and optics. COREQ: PHYS 212.

PHYS 225 INTERMEDIATE APPLIED PROGRAMMING (2-0-2) (S). Science and engineering computer application with emphasis on procedural and object-oriented programming including graphics. An extensive individual project is required. PREREQ: Computer programming experience. COREQ: MATH 175 or MATH 160.

PHYS 295/395 RESEARCH IN PHYSICS (1-4 credits) (F/S). Individual research project carried out by the student in collaboration with a supervising member of the physics faculty. May be repeated for up to 5 credits maximum.

Upper Division

PHYS 301 ANALOG ELECTRONICS (2-6-4) (F). An introduction to basic electronic test instrumentation and to some of the more common discrete semiconductor devices and integrated circuits. Included are diodes, silicon control rectifiers, transistors, operational and instrumentation amplifiers, voltage regulators, timers, and analog-to-digital converters. The devices will be utilized in simple electronic circuits for rectification, amplification, waveform creation, and other applications. PREREQ: PHYS 212L.

PHYS 304 TRANSDUCERS AND INSTRUMENTATION (1-6-3) (S). An introduction to some common devices used to convert energy forms into electrical signals and their appropriate signal conditioning. Included are photomultiplier tubes, photoconductive cells, photodiodes, phototransistors, linear variable differential transformers, thermocouples, thermistors, Hall Effect devices, strain gauges, and piezoresistive elements. The IEEE-488 BUS Controller will be introduced and used throughout the course for data acquisition from the transducers. PREREQ: PHYS 225 and PHYS 301.

PHYS 309 INTRODUCTORY MODERN PHYSICS (3-0-3) (S). An introduction including wave motion with resonances, the Maxwell distribution, and the special theory of relativity, plus atomic, molecular, solid state, nuclear, and elementary particle physics. PREREQ: PHYS 212, MATH 275. COREQ: PHYS 310.

PHYS 310 INTRODUCTORY MODERN PHYSICS LAB (0-3-1) (S). Lab to be taken concurrently with PHYS 310. Experiments with resonances and basic modern physics including some computer simulations. PREREQ: PHYS 212, MATH 275. COREQ: PHYS 309.

PHYS 311 MODERN PHYSICS (3-0-3) (F/S). Basic ideas and statistical methods of elementary quantum mechanics with applications to atomic, molecular, solid state, nuclear and elementary particle physics. PREREQ: MATH 333 and either PHYS 309 or PERM/INST.

PHYS 330 OPTICS (3-0-3) (F/S). Geometrical and physical optics, including lenses, fiber optics, Fourier optics, polarization, interference, diffraction, lasers, and holography. PREREQ: PHYS 212, MATH 333. COREQ: PHYS 334.

PHYS 334 OPTICS LABORATORY (0-3-1) (F/S). Laboratory to be taken concurrently with PHYS 330. Experiments in optics, including optical systems, thick lenses, interference, diffraction, Fourier optics, image processing, and holography. COREQ: PHYS 330.

PHYS 341 MECHANICS (4-0-4) (F/S). An upper-division course which approaches classical mechanics with the aid of vector calculus and differential equations. Numerical techniques and computer applications will be used. PREREQ: MATH 333 and PHYS 211.

PHYS 381 (EE 390) — PHYS 382 ELECTROMAGNETIC THEORY (3-0-3) (F-S). Electrostatic fields, potentials, Gauss' law, solutions of Laplace's equation, electrostatics of conductors and dielectric materials, vector potentials, Maxwell's equations, and electromagnetic radiation. This course may be taken for either PHYS or EE credit, but not both. PREREQ: MATH 275, MATH 333, PHYS 212.

PHYS 412 INTRODUCTORY QUANTUM MECHANICS (3-0-3) (Offered on Demand). Fundamentals including Schroedinger equation, energy levels, angular momentum, electron spin, perturbations, and scattering. Applications, such as tunneling, orbitals, magnetic resonance, and nanoscale effects. PREREQ: PHYS 309.

PHYS 415 SOLID STATE PHYSICS (3-0-3) (Offered on demand). Quantum physics applied to understanding the properties of materials, including semiconductors, metals, superconductors, and magnetic systems. PREREQ: PHYS 309.

PHYS 422 ADVANCED TOPICS (3-0-3) (F/S) (Offered on demand). Selected topics from the major fields of physics such as astrophysics, nuclear, solid state, solar applications, biophysics, or medical physics. PREREQ: Upper-division standing and PERM/INST.

Chapter 12 — Academic Programs and Courses Department of Physics

PHYS 423 PHYSICAL METHODS OF MATERIALS CHARACTERIZATION (3-0-3)(S).

Physical principles and practical methods used in determining the structural, electronic, optical, and magnetic properties of materials. Optical, electron, and scanning microscopies, diffraction, surface analysis, optical spectroscopy, electrical transport, and magnetometry. PREREQ: PHYS 309 or PERM/INST.

PHYS 432 THERMAL PHYSICS (3-0-3)(S). Discussion of temperature, work, specific heat, and entropy. The laws of thermodynamics are discussed and applied to physical problems. Ideal gases, statistics, Gibbs free energy, and cryogenics. PREREQ: PHYS 212, MATH 333.

PHYS 481 SENIOR LAB (1-6-3)(F). A senior laboratory course designed to acquaint the student with the concepts of modern physics, laboratory techniques, and measurements. PREREQ: PHYS 310.

PHYS 482 SENIOR PROJECT (0-6-2)(S). 1 or 2 credits depending on the project. Elective. A sophisticated library or laboratory project in some area of physics. PREREQ: PHYS 481.

PHYS 495 RESEARCH IN PHYSICS (1-4 credits)(F/S). Individual research project carried out by the student in collaboration with a supervising member of the physics faculty. May be repeated for up to 5 credits maximum.

PHYS 499 PHYSICS SEMINAR (1-0-1)(S). Individual reports on selected topics. PREREQ: Senior status.

Department of Political Science

Public Affairs and Art West Building, Room 127

Telephone 208 426-1458

<http://polisci.boisestate.edu/>

Fax 208 426-4370

e-mail: pfreder@boisestate.edu

Chair and Professor: Patricia Fredericksen. *Professors:* Alm, Freemuth, Kinney, Moncrief, Raymond, Witt. *Associate Professors:* Burkhart, Fredericksen, Sallie, Weatherby. *Assistant Professors:* Lochner, Mason, Wampler, Yenor.

Degrees Offered

- B.A. and B.S. in Political Science (with emphasis areas in American government and public policy, international relations, and public law - political philosophy)
- B.A. and B.S. in Political Science, Social Science, Secondary Education
- Minor in Political Science
- Master of Public Administration (See the *BSU Graduate Catalog*.)

Department Statement

The department offers courses leading to a B.A. or B.S. degree in political science, with a choice of specified areas of emphasis. The department also provides courses in support of the social science, secondary education option for teachers, as well as a minor in political science.

Political science majors at Boise State University have an opportunity to enjoy a unique and challenging educational experience. The university's location in the capital city provides many resources not readily available at other schools, including such resources as the state law library, state archives, and state and federal government offices.

Majors in political science are prepared for further study at the graduate level or for a variety of careers. Many of our students become teachers or lawyers. Others work for large corporations as public-affairs officers or for federal, state, or local governments in numerous capacities. Some become reporters, lobbyists, or campaign managers; some have been elected to public office.

Political Science Internship Program

Participation in the internship program is strongly encouraged for political science majors. Students may serve as interns with offices such as: the Governor, the Attorney General, the Secretary of State and the Lieutenant Governor; as well as with lobbyists, state institutions, interest groups, city government, state legislature, U.S. Congress election campaigns and organizations. In addition to providing valuable work experience, students may earn six credits toward their upper-division political science elective courses. Interns are also placed with local governments and the public affairs offices of major corporations.

Degree Requirements

Political Science Bachelor of Arts or Bachelor of Science	
Course Number and Title	Credits
ENGL 101-102 English Composition	6
Area I — see page 39 for list of approved courses	
Area I core course in one field	3
Area I core course in a second field	3
Area I core course in a third field	3
Area I core course in any field (B.A. must complete 3 credits of Area I core literature)	3
Area II — see page 40 for list of approved courses	
POLS 101 American National Government	3
POLS 141 Contemporary Political Ideologies	3
Area II core course in a second field	3
Area II core course in a third field (B.A. must complete 3 credits of Area II core history)	3
Area III — see page 40 for list of approved courses	
Area III core course in mathematics (must be 4 or more credits)	4-5
Area III core course in a second field	4
Area III core course in any field	4
POLS 102 State and Local Government	3
POLS 231 International Relations	3
POLS 298 Introduction to Political Inquiry	3
POLS 398 Advanced Political Science Methods	3
Upper-division political science elective courses	12
Area of Emphasis Requirements. A minimum of 15 credits must be completed in the student's chosen area of emphasis (see specific courses below).	15
American Government and Public Policy Emphasis	
POLS 301 Political Parties, Public Opinion, and Interest Groups	
POLS 302 Campaigns and Elections	
POLS 303 Introduction to Public Administration	
POLS 308 Urban Politics	
POLS 309 American Chief Executive	
POLS 310 Public Finance	
POLS 312 Legislative Behavior	
POLS 320 American Policy Process	
POLS 331 American Political Theory	
POLS 340 Environmental Politics	
POLS 351 Constitutional Law	
POLS 352 Civil Liberties	
POLS 355 Law, Politics, and Society	
POLS 381 American Political Economy	
POLS 455 The Legal Regulation of American Democracy	
POLS 469 Intergovernmental Relations	
International Relations Emphasis	
POLS 311 Comparative Foreign Policy	
POLS 321 Introduction to Comparative Politics	
POLS 324 Politics in Russia and Eastern Europe	
POLS 325 Latin American Politics	
POLS 327 Canadian Politics	
POLS 328 Politics in Japan	
POLS 329 Politics of Industrialized Nations	
POLS 333 Comparative Government and Politics of Developing Nations	
POLS 335 United States Foreign Policy	
POLS 421 International Law and Organization	
POLS 429 International Political Economy	
Public Law and Political Philosophy Emphasis	
POLS 331 American Political Theory	
POLS 351 Constitutional Law	
POLS 352 Civil Liberties	
POLS 355 Law, Politics, and Society	
POLS 441 Classical Political Thought	
POLS 442 Modern Political Thought

POLS 455 The Legal Regulation of American Democracy	
POLS 467 Administrative Law	
Upper-division electives to total 40 credits	9
Electives to total 128 credits	37-38
Total	128

The social science, secondary education emphasis programs are cooperative, multidisciplinary programs involving the departments of anthropology, economics, history, political science, and sociology. Each of these departments, except history, provides a major emphasis within the social science, secondary education emphasis. Students choosing this emphasis must:

1. complete a minimum of 30 credits in political science.
2. complete a minimum of 21 credits in one of the above departments (other than political science) to satisfy graduation requirements. See the department listings for each of these departments for additional information.
3. complete six credits in U.S. history, six credits of American government, and three credits of comparative government for certification requirements.
4. meet the requirements and standards for admission to teacher education, which are described fully under the Department of Curriculum, Instruction, and Foundational Studies or at <http://education.boisestate.edu>. Students are expected to meet all knowledge, skill, and dispositional requirements for continued enrollment in the program.
5. must keep informed of the requirements and standards for certification, including the successful completion of the Praxis II examinations in their endorsement area(s). For information on the Praxis II examination, please consult with your advisor in the department of political science.

This program is designed to assist students in developing the knowledge, skills, and dispositions essential for success in teaching American government in secondary schools. Course work combines content knowledge, theories of learning and human development, study of curriculum, and methodology. The program is grounded in the conceptual framework of the reflective practitioner. Reflective practitioners adjust their teaching approaches and learning environment to the needs and backgrounds of their students. Candidates who complete this program demonstrate evidence of meeting the Idaho Beginning Teachers Standards and are eligible for recommendation for state certification.

For students who wish to major in another field, the department of political science offers a minor in political science. Students must complete 21 credits in political science in addition to the requirements for their major. Students are required to take 9 lower-division credits and 12 upper-division credits from the following course offerings.

Political Science Minor

Course Number and Title	Credits
Courses from the following: POLS 101 American National Government POLS 102 State and Local Government POLS 141 Contemporary Political Ideologies POLS 231 International Relations POLS 298 Introduction to Political Inquiry	9
Upper-division political science courses except POLS 439, POLS 494, POLS 496, POLS 498, or POLS 499. Only 3 credits of POLS 493 and POLS 497 are allowed	12
Total	21

Course Offerings

See page 52 for a definition of the course-numbering system.

POLS — POLITICAL SCIENCE

Lower Division

POLS 101 AMERICAN NATIONAL GOVERNMENT (3-0-3)(F/S)(Area II). Institutions and processes of the American political system, emphasizing social, ideological, and constitutional background.

POLS 102 STATE AND LOCAL GOVERNMENT (3-0-3)(F/S). Institutions and processes of state and local government, with emphasis on the changing nature of federalism, the role of political participation, and the variation among the state polities and subnational political economies.

POLS 141 CONTEMPORARY POLITICAL IDEOLOGIES (3-0-3)(F/S)(Area II). Analysis of the main ideas shaping the politics of the modern world (e.g., liberty, equality, democracy, justice, culture) through the perspectives of different authors and schools of thought.

Chapter 12 — Academic Programs and Courses

Department of Political Science

POLS 231 INTERNATIONAL RELATIONS (3-0-3) (F/S) (Area II). Nature of relations among nations with particular reference to contemporary international issues. Analysis of the causes of war and efforts to promote peace. Study of national sovereignty and its relation to international cooperation.

POLS 298 INTRODUCTION TO POLITICAL INQUIRY (3-0-3) (F,S). Techniques of political science inquiry; behavioral and attitudinal, using data analysis and introductory statistics.

Upper Division

POLS 301 POLITICAL PARTIES, PUBLIC OPINION, AND INTEREST GROUPS (3-0-3) (F/S). Examines the functions and importance of political parties, public opinion, and interest groups within the American political system. Considers the organization and activities of political parties and interest groups. PREREQ: POLS 101 or POLS 102.

POLS 302 CAMPAIGNS AND ELECTIONS (3-0-3) (F/S). Examines the nature of electoral campaigns in the United States, including candidacy, the role of the media, how to run a campaign at the local level, and campaign finance issues. Also investigates the American electoral structure and voting behavior of the American electorate. PREREQ: POLS 101 or POLS 102.

POLS 303 INTRODUCTION TO PUBLIC ADMINISTRATION (3-0-3) (F/S). Theory, administrative organization, functions, and problems of governmental units PREREQ: POLS 101 or POLS 102.

POLS 308 URBAN POLITICS (3-0-3) (S) (Offered alternate years). An inquiry into different urban political systems and issues. Included are investigations into different governing arrangements in urban jurisdictions, including variations in electoral structures, types of governing bodies, and different government structures. Also included is an analysis of the role of political parties and interest groups, as well as urban issues such as transportation, waste disposal, service delivery, and financing. PREREQ: POLS 102.

POLS 309 AMERICAN CHIEF EXECUTIVE (3-0-3) (F/S). Consideration of the importance and involvement of the President in the political and policy-making processes and powers of the Presidency. Presidential campaigns and elections. The role of the President as policy-maker and administrator. The effect of the personality of a President on performance in office. PREREQ: POLS 101.

POLS 310 (ECON 310) PUBLIC FINANCE (3-0-3) (S). Fiscal aspects of planning and control of governmental units. Principles of taxation and other revenues, government indebtedness, and policy-making. (Interdepartmental course with department of economics. Students cannot receive credit for both POLS 310 and ECON 310). PREREQ: ECON 201, 202.

POLS 311 COMPARATIVE FOREIGN POLICY (3-0-3) (F/S). Examination of foreign policies and objectives of world's major powers, analysis of contemporary international problems, and consideration of theories of international politics. PREREQ: POLS 101 or POLS 231.

POLS 312 LEGISLATIVE BEHAVIOR (3-0-3) (F/S). Analysis of behavior of American state and national legislatures. Special consideration given to impact of constituencies, parties, interest groups, interpersonal relations, and other factors on legislators, and the role of the legislature in the American political system. PREREQ: POLS 101 or POLS 102.

POLS 320 AMERICAN POLICY PROCESS (3-0-3) (F/S). The process through which policy is determined, implemented, and adjusted, with emphasis on the role of administrators. PREREQ: POLS 101 or POLS 102.

POLS 321 INTRODUCTION TO COMPARATIVE POLITICS (3-0-3) (F/S). An introduction to the cross-national analysis of the structure and functioning of various types of political systems, with special emphasis on the problems of political change. PREREQ: POLS 101 or POLS 231.

POLS 324 POLITICS IN RUSSIA AND EASTERN EUROPE (3-0-3) (F/S) (Offered alternate years). A comparative analysis of the political systems of the former Soviet republics and Eastern Europe, with primary emphasis on Russia. Special attention will be given to the collapse of communism, the problem of democratization, and the transition from state to socialism to a market economy. PREREQ: POLS 101 or POLS 231.

POLS 325 LATIN AMERICAN POLITICS (3-0-3) (F/S). Covers twentieth-century Latin American politics, focusing on regime change, economic development, and political conflict. Particular attention is paid to Mexico, Cuba, and Brazil. The last section of the course focuses on current problems and political dilemmas in the region. PREREQ: POLS 101 or POLS 231.

POLS 327 CANADIAN POLITICS (3-0-3) (F/S) (Offered alternate years). An analysis of the Canadian political system, with emphasis on political culture, governmental institutions and processes, and selected public policy issues. PREREQ: POLS 101.

POLS 328 POLITICS IN JAPAN (3-0-3) (F/S) (Offered alternate years). An analysis of the political system of Japan, with special emphasis on the development of Japanese political culture and its impact on the policy process. PREREQ: POLS 101 or POLS 231.

POLS 329 POLITICS OF INDUSTRIALIZED NATIONS (3-0-3) (F/S) (Offered alternate years). Political systems of selected industrialized European nations, including Great Britain, France, the German Federal Republic, and the countries of Scandinavia. Analysis of patterns of political culture, political interests, political power, and selected public policy issues. PREREQ: POLS 101 or POLS 231.

POLS 331 AMERICAN POLITICAL THEORY (3-0-3) (F/S). Genesis and development of political thought in the United States from the colonial period to the present. PREREQ: POLS 101 or POLS 102.

POLS 333 COMPARATIVE GOVERNMENTS AND POLITICS OF DEVELOPING NATIONS (3-0-3) (F/S) (Alternate years). Political systems of selected nations in developing areas of the world, including nation-states in Africa, Asia and Latin America. Patterns and problems of political development and modernization in the nations will be analyzed. PREREQ: POLS 101 or POLS 231.

POLS 335 UNITED STATES FOREIGN POLICY (3-0-3) (F/S). Development of diplomacy from the foundation of the republic to the present, with emphasis on emergence and continuance of United States as a world power; impact of domestic developments on formulation of foreign policies. PREREQ: POLS 101 and POLS 231.

POLS 340 ENVIRONMENTAL POLITICS (3-0-3) (F/S). This course explores the political context of natural resource and environmental issues and examines how various aspects of the political process influence natural resource and environmental policy outcomes. PREREQ: POLS 101.

POLS 351 CONSTITUTIONAL LAW (3-0-3) (F/S). Examination of the Constitution, as interpreted by the Supreme Court, through the case method. Powers and limitations of the judicial, legislative, and executive branches and legal significance of federalism. PREREQ: POLS 101.

POLS 352 CIVIL LIBERTIES (3-0-3) (F/S). Examination of constitutional rights and liberties, as interpreted by U. S. Supreme Court, through the case method. Rights of free speech, press, association, religious exercise, privacy, and protection of civil rights that were denied on basis of race or gender. Students are advised to complete POLS 351 before taking this course. PREREQ: POLS 101.

POLS 355 LAW, POLITICS, AND SOCIETY (3-0-3) (F/S). Study of the social and political context of the American judicial system, with an emphasis on legal culture, institutions, and process in the field of civil law. PREREQ: POLS 101.

POLS 381 AMERICAN POLITICAL ECONOMY (3-0-3) (F/S) (Offered alternate years). Focuses on the interface between American politics and economics. Topics include: theories of the capitalist state and society, and different interpretations of American political economy through competing theoretical approaches. PREREQ: POLS 101 or POLS 141.

POLS 398 ADVANCED POLITICAL SCIENCE METHODS (3-0-3) (F,S). Examination of the discipline of political science, its central problems and unifying concerns using advanced research methods and computer applications. PREREQ: POLS 298 or PERM/INST.

POLS 421 INTERNATIONAL LAW AND ORGANIZATION (3-0-3) (F/S). The law of peace, international intercourse, war and threat of war, pacific settlement, and the principles and practice of international law. Historical background of international organizations, including the United Nations. PREREQ: POLS 231.

POLS 429 INTERNATIONAL POLITICAL ECONOMY (3-0-3) (F/S) (Offered alternate years). Examines the relationship between international politics and international economics across different levels of analysis. Includes a discussion of the contending paradigms of international relations, as well as an analysis of the many relationships between/among different nation-state groupings within the world system. PREREQ: POLS 231.

POLS 441 (PHIL 441) CLASSICAL POLITICAL THOUGHT (3-0-3) (F) (Offered alternate years). Development of political philosophy from Socrates to Machiavelli. This course may be taken for either POLS or PHIL credit, but not both. PREREQ: POLS 101, 141 or PHIL 101.

POLS 442 (PHIL 442) MODERN POLITICAL THOUGHT (3-0-3) (F) (Offered alternate years). Development of political thought since Machiavelli. This course may be taken for either POLS or PHIL credit, but not both. PREREQ: POLS 101, 141 or PHIL 101.

POLS 443 (PHIL 443) CONTEMPORARY POLITICAL THOUGHT (3-0-3) (F/S). Major trends in political thought from the post-French Revolutionary era, which may include German idealism, historicism, existentialism, nihilism, and Marxism. This course may be taken for either POLS or PHIL credit, but not both. PREREQ: POLS 101, 141 or PHIL 101.

POLS 445 PHILOSOPHY OF LAW (3-0-3) (F/S) (Offered alternate years). Philosophical examination of forms of legal reasoning and of principles underlying civil and criminal law. PREREQ: POLS 141 or PHIL 101 or HIST 337.

POLS 455 THE LEGAL REGULATION OF AMERICAN DEMOCRACY (3-0-3) (F/S). Examination of how the American legal system regulates political institutions and actors, as well as discussion of possible alternatives to present institutional structures. PREREQ: POLS 101 or POLS 102.

POLS 467 ADMINISTRATIVE LAW (3-0-3) (F/S). Sources of power and duties of administrative agencies, rules and regulations made by agencies through investigation and hearings, judicial decisions and precedents relating to administrative activities. PREREQ: POLS 303 or POLS 351 or POLS 352.

POLS 469 INTERGOVERNMENTAL RELATIONS (3-0-3) (F/S). Interunit cooperation and conflict in the American federal system, including state-local relationships and metropolitan dispersion and integration. PREREQ: POLS 101 and POLS 102.

POLS 487 (SOC 487) ORGANIZATIONAL THEORY AND BUREAUCRATIC STRUCTURES (3-0-3) (F/S). Sociopolitical analysis of theories and concepts of complex social organizations, their application to public administration, and the inter-relationship between political science and sociological organizational theory. This course may be taken for POLS or SOC credit, but not for both.

POLS 493 INTERNSHIP (Variable credit). Upper-division students may arrange through the department for an internship program. The legislative internship is a part of this program and application for it should be made in early October. PREREQ: Cumulative GPA of 2.50 or higher and POLS 101 or 102 or PERM/INST.

Practical Nursing — see Department of Nursing

Pre-Professional Programs:

- **Architectural — see Department of Art**
- **Chiropractic, Dental, Dietetics, Medical Technology, Medicine, Occupational Therapy, Optometry,**

Pharmacy, Physical Therapy, Physician Assistant, and Veterinary — see Department of Health Studies

- **Pre-Forestry and Pre-Wildlife Management — see Department of Biology**

Public Affairs and Art West, Room 126A
Information: Todd Lochner.

Telephone 208 426-2651

Boise State University does not prescribe a pre-law curriculum; therefore, students' plans should be based on the students' interests and objectives in studying law. In general, the pre-law student should place emphasis not only on acquiring knowledge of the fundamental elements that define the nature and character of society but also on developing methods of study, thought, and communication. Present-day law students have undergraduate degrees in political science, English, business, natural science, history, linguistics, communications, and a host of other disciplines.

For additional information, see the current *U.S. Guide to Law Schools*, published annually in October and prepared by the Law School Admission Council and the Association of American Law Schools. This book includes material on the law and lawyers, pre-law preparation, application to law schools, and the study of law, along with information on most American law schools. The Boise State University Pre-Law Society also provides resources for those students considering a legal career.

Department of Psychology

Education Building, Room 629

Telephone 208 426-1207
Fax 208 426-4386

Chair and Professor: Pennie S. Seibert. *Professors:* Anooshian, Honts, Landrum, Turrisi. *Assistant Professors:* Doumas, Fortunate, Goodfriend, McDonald, Pritchard.

Degrees Offered

- B.A., B.S., and Minor in Psychology

Department Statement

The College of Social Sciences and Public Affairs, through its department of psychology, confers a baccalaureate degree in psychology. Because of the core requirements for all candidates, it is regarded as a degree in general psychology, though some latitude is allowed within the framework set by those requirements. Students should be aware that the total program is designed to produce a graduate with a strong background in basic psychology; in other words, students should not regard successful completion of that program as preparation for professional work in psychology. Rather, the student should think of it as (1) a demonstration of educational attainment, as with any other successful academic experience, and (2) preparation for more specialized training in professional or academic psychology or in some related field.

Psychology is classified as a social science by the university, but not by the State Department of Education. You can apply psychology toward a baccalaureate degree in social sciences. (In this catalog, see the sections on economics, history, political science, anthropology, and sociology.) If you do apply psychology toward a baccalaureate degree in social sciences, you may be certified to teach the subjects that are classified by the State as "social studies," but you will not be certified to teach psychology unless you also meet the requirements for the Minor Certification Endorsement.

Students planning a career of counseling in the schools should major either in elementary education or in some subject matter area that includes a secondary education option. Psychology courses often are explicitly prescribed parts of such programs; additional courses may be taken as electives.

Degree Requirements

In every psychology course that is specifically required for the baccalaureate degree in psychology, students must pass with a grade of C or better.

Psychology Bachelor of Arts or Bachelor of Science	
Course Number and Title	Credits
ENGL 101-102 English Composition	6
Area I — see page 39 for list of approved courses

PSYC — PSYCHOLOGY

Lower Division

PSYC 101 GENERAL PSYCHOLOGY (3-0-3) (F,S) (Area II). Provides the basis for understanding psychological science. Topics considered may include: scientific method, biopsychology, consciousness, sensation, perception, development, learning, cognitive processes, motivation, emotion, health psychology, personality, individual differences, social psychology, psychopathology, and psychotherapy.

PSYC 120 INTRODUCTION TO THE PSYCHOLOGY MAJOR (1-0-1) (F,S). This course is designed to orient the prospective psychology major to the field of psychology and to inform the student about academic requirements, expectations, opportunities, career options and limitations. Pass/Fail. PREREQ: PSYC 101.

PSYC 213 PSYCHOLOGY OF AGING (3-0-3) (F/S). An examination of the functional changes occurring during the aging process. Topics will include contemporary methods in the study of aging, aging as a part of life-span development in perception, cognition, personality, achievement, and family relations. Attention will be given to mental health problems of the aged, diagnosis and therapy. PREREQ: PSYC 101.

PSYC 261 HUMAN SEXUALITY (3-0-3) (F,S). An overview of human sexuality emphasizing both physiological and psychological aspects of sexuality. Topics include sexual anatomy and physiology, sexual response cycle, childbirth, contraception, sexual dysfunction, sex role development, and sexual deviation. Cross-cultural values will be examined and a values clarification unit will be included.

PSYC 295 STATISTICAL METHODS (3-0-3) (F,S). Statistical concepts and methods commonly used in treatment of data in the social sciences. Topics covered will include: measures of central tendency and of variability, correlation measures, probability, and analysis of variance. PREREQ: PSYC 101, high school algebra.

Upper Division

PSYC 301 ABNORMAL PSYCHOLOGY (3-0-3) (F,S). A descriptive approach to the study of the etiology, development, and dynamics of behavioral disorders, together with a review of current preventive and remedial practices. PREREQ: PSYC 101.

PSYC 309 CHILD DEVELOPMENT (3-0-3) (F,S). Designed for psychology majors, the course emphasizes theories of human development including psychodynamic, behavioral, social-learning, and cognitive. Contemporary views of genetic and environmental contributions will be examined. Research designs appropriate to developmental issues will be explored. The emphasis will be on development from the prenatal period to adolescence. PREREQ: PSYC 101.

PSYC 310 ADOLESCENT AND ADULT DEVELOPMENT (3-0-3) (F,S). Designed for psychology majors, the course emphasizes theories of human development including psychodynamic, behavioral, social-learning, and cognitive. Includes contemporary views of genetics, the environmental, and research designs appropriate to developmental issues. PREREQ: PSYC 101.

PSYC 321 RESEARCH METHODS (3-1-4) (F,S). The application of scientific methodology to the study of behavior. Design of experiments, methods of analysis, and interpretation of data; reporting of behavioral research. PREREQ: PSYC 120, PSYC 295.

PSYC 331-331G THE PSYCHOLOGY OF HEALTH (3-0-3) (F/S). Principles that have emerged from the experimental analysis of behavior will be examined. The principles include, but are not limited to, operant and classical conditioning. The course will deal with applications of these principles to the understanding and change of phobias, obesity, smoking, alcoholism, aberrant sexual behavior, and similar problems. PREREQ: PSYC 101.

PSYC 335 PHYSIOLOGICAL PSYCHOLOGY (3-0-3) (F). Classical and current issues in physiological psychology, including central and peripheral nervous systems, processing of information and organization of behavior, perception, motivation, emotion, and learning. PREREQ: PSYC 101, BIOL 227.

PSYC 341 PERCEPTION (3-0-3) (S). A survey of the basic concepts in the psychology of perception. Present day research and findings from the human information processing approach are emphasized. Processes are stressed, although coverage of receptor structure, and neural pathways is included. PREREQ: PSYC 101, BIOL 227.

PSYC 343 COGNITIVE PSYCHOLOGY (3-0-3) (F). Foundation for understanding the issues, principles, and models involved in the study of mental processes. Topics range from classic cognitive psychology to more current neuroscience. Applications are emphasized. PREREQ: PSYC 321.

PSYC 351 PERSONALITY (3-0-3) (F). A study of the major contemporary theories and concepts of personality, with special emphasis on psychoanalytic, humanistic, and behavioral approaches. PREREQ: PSYC 101.

PSYC 357 INTRODUCTION TO COUNSELING SKILLS (3-0-3) (F,S). This course will explore relevant dimensions of the helping relationship, especially the role of the helper. Emphasis will be on developing effective communications and fundamental counseling skills through required student participation in role-playing, audio taping and especially videotaping, and group activities. Limited enrollment. Pass/Fail. PREREQ: PSYC 101.

PSYC 398 PSYCHOLOGY SEMINAR (3-0-3) (S). Selected topics of special interest to persons planning careers in psychology. Pass/Fail.

PSYC 401 SENIOR REVIEW PRACTICUM (0-3-3) (F,S). A systematic coverage of the general principles of psychology and an opportunity to teach them to others. Practical experience in rendering academic assistance to beginning students and managing large classes. Seminar discussion of difficulties encountered by those students. PREREQ: Senior or 2nd-semester junior standing in psychology with an upper-division GPA above 3.0 and PERM/INST.

PSYC 405-405G ADVANCED STATISTICAL METHODS (3-0-3) (S). Advanced topics in univariate statistics (for example, repeated measures designs) and multivariate techniques such as discriminant analysis, factor analysis, and principal component analysis. PREREQ: PSYC 321 or equivalent or PERM/INST.

PSYC 421-421G PSYCHOLOGICAL MEASUREMENT (3-0-3) (F). Theory and nature of psychological measurement together with a survey of types of psychological tests currently used. PREREQ: PSYC 321.

PSYC 431 (SOC 431) SOCIAL PSYCHOLOGY (3-0-3) (S). The primary focus is the individual; the unit of analysis, the interpersonal behavior event. A study of individual motives, emotions, attitudes, and cognition with reference to interactions with other human beings. This course may be taken for either psychology or sociology credit, but not both. SOC 101 and a course in statistics or research design are strongly recommended. PREREQ: PSYC 101.

PSYC 438 COMMUNITY PSYCHOLOGY (3-0-3) (F,S). Focuses on human and social problems in a systemic context. Primary prevention and community empowerment strategies employed for individual, community, and social benefit are emphasized.

PSYC 441 LEARNING (3-0-3) (F/S). Fundamental concepts of learning, with emphasis on classical conditioning, operant conditioning, and observational learning. Human applications of animal learning principles are stressed. PREREQ: PSYC 321.

PSYC 455 INDUSTRIAL/ORGANIZATIONAL PSYCHOLOGY (3-0-3) (S). This course examines the psychological theories and methodologies used to respond to the needs of industries and other organizations and to those of the individuals and groups within organizational settings. Topics include organizational theory, organizational behavior, motivation, job satisfaction, job design, group processes, leadership, performance evaluation, selection, placement, training, and development. PREREQ: PSYC 101.

PSYC 459 PSYCHOLOGY AND LAW (3-0-3) (F). The course provides an overview of research in the field of psychology and the law, and documents how psychological research relates to pressing issues facing the judicial system. A partial list of the topics covered includes: eyewitness testimony, jury deliberations, criminal behavior, evidence, and the structure and function of the legal system. A course in statistics or research design is strongly recommended. PREREQ: PSYC 101.

PSYC 488 DIRECTED RESEARCH IN PSYCHOLOGY (Variable credit). An undergraduate student assists on a research project, supervised by a member of the psychology faculty. Enrollment is contingent on a voluntary commitment to a research project by both parties (faculty and student). Course may be repeated for a maximum of 9 credits. PREREQ: Psychology major, cumulative GPA above 3.00, and PERM/INST.

PSYC 489 CAPSTONE PERSPECTIVES ON PSYCHOLOGICAL ISSUES (3-0-3) (S). Controversial issues and social problems are addressed. Students analyze how different areas of psychology contribute to the understanding of contemporary problems making psychological theory and research relevant and understandable to community agencies/groups. PREREQ: PSYC 321 and senior standing in psychology.

PSYC 493 INTERNSHIP IN PSYCHOLOGY (Variable Credit). Some internship experiences are available through the department. Credit may be granted for psychological activities in applied settings. PREREQ: Psychology major, a cumulative GPA above 3.00, and PERM/INST.

PSYC 495 SENIOR THESIS (0-3-3)(F,S). An individual research project in psychology selected by student. Proposal must be approved by instructor before enrolling. Recommended projects are those which will contribute to the body of psychological knowledge or will apply psychological principles to practical problems. Recommended for psychology students planning on graduate school. PREREQ: PSYC 101 and PSYC 321, PERM/INST.

PSYC 496 INDEPENDENT STUDY IN PSYCHOLOGY (Variable Credit). Independent study is an opportunity to earn academic credit outside of the established curriculum. It assumes the confluence of two streams of interest that of a student and that of a professor. Thus, enrollment is contingent on a voluntary commitment to the project by both parties. PREREQ: Psychology major, a cumulative GPA above 3.00, and PERM/INST.

Public Administration — see Department of Political Science

Department of Radiologic Sciences

Health Science Riverside Telephone 208 426-1996
http://radsci.boisestate.edu Fax 208 426-4459
e-mail: jburns@boisestate.edu

Chair, DMS Program Director, and Associate Professor: Joie Burns. Radiologic Sciences Program Director and Assistant Professor: Darlene Travis. Assistant Professor: Staley. CT/MRI Program Director and Associate Professor: Lorrie Kelley. Instructor: Rosenkoetter.

Degrees Offered

- A.S. and B.S. in Radiologic Sciences

Department Statement

The Radiologic Sciences department is one of four departments in the College of Health Sciences. The Diagnostic Radiology program is a three-year associate of science degree program whose graduates are eligible for the national certification examination offered by the American Registry of Radiologic Technologists. Students with prior misdemeanor / felony convictions may be barred from completing the national credentialing examinations. A special program application is required in addition to the BSU application.

Graduates may continue their education by pursuing one of four bachelor degree emphases: Computed Tomography, Magnetic Resonance Imaging, Diagnostic Medical Sonography or General Studies. Each program has a very specific application and acceptance process with various academic / personal requirements. Contact the Radiologic Sciences department at the above telephone, FAX, E-mail, or website to obtain more information about the medical imaging education programs at Boise State University. It is highly recommended that all interested students seek advising prior to application submission.

The Radiologic Technology A.S. program is accredited by the Joint Review Committee on Education in Radiologic Technology. The Diagnostic Medical Sonography program is accredited by the Commission on Accreditation of Allied Health Education Programs upon the recommendation of the Joint Review Committee on Education in Diagnostic Medical Sonography.

Pre-professional Curriculum

All students who are considering entry into the Radiologic Sciences Program must have completed or be in the process of completing the pre-professional curriculum at the time of application. Courses in the pre-professional curriculum are designated with an asterisk (*) in the following degree-requirements tables. The pre-professional curriculum need not be taken at Boise State.

Radiologic Sciences Associate of Science	
Course Number and Title	Credits
*ENGL 101-102 English Composition	6
Area I — see page 39 for list of approved courses	
*Area I core course in one field	3
Area I core course in a second field	3
Area I core course in any field	3
Area II — see page 40 for list of approved courses

Upper-division Area II or Area III course OR upper-division elective	0-2
Total	138-146
*Application and Acceptance Required	

Course Offerings

See page 52 for a definition of the course-numbering system.

Only students officially admitted to one of the Radiologic Sciences programs may take RADSCI courses without permission of the instructor.

RADSCI — RADIOLOGIC SCIENCES

Lower Division

RADSCI 104 PATIENT ASSESSMENT (1-0-1)(F). Theory and skill application with clinical focus to perform physical assessment to include assessment techniques, standardized data collection formats, body system assessment, normal findings, relevant variations from normal, and documentation. Pass/Fail. COREQ: RADSCI 105.

RADSCI 105 INTERDISCIPLINARY PATIENT CARE SKILLS LAB (0-6-2)(F). An interdisciplinary team approach is used to teach basic patient care skills and interventions to restore and protect health. Pass/Fail. COREQ: RADSCI 104.

RADSCI 211 LABORATORY PRACTICUM (0-3-1)(F). Laboratory demonstration and practice of the radiographic positions and procedures discussed in RADSCI 222. COREQ: RADSCI 222.

RADSCI 221 LABORATORY PRACTICUM (0-3-1)(S). Laboratory demonstration and practice of the radiographic positions and procedures discussed in RADSCI 242.

RADSCI 222 RADIOGRAPHIC POSITIONING I (4-0-4)(F). The basic concepts and procedures used in obtaining diagnostic radiographs of the upper and lower extremities, chest, and abdomen. COREQ: RADSCI 211.

RADSCI 226 RADIOGRAPHIC TECHNIQUE AND CONTROL I (1-0-1)(F). An introduction to the basic principles of x-ray machine operation, production of x-radiation, and its interaction with matter. The factors affecting exposure values, fog, scatter, density, contrast, and detail will be evaluated during image analysis. COREQ: RADSCI 227 and PHYS 106.

RADSCI 227 RADIOGRAPHIC TECHNIQUE AND CONTROL LABORATORY (0-2-1)(F). A laboratory experience where students apply the principles of x-ray machine operation and practical application of all image materials. COREQ: RADSCI 226.

RADSCI 228 RADIOGRAPHIC TECHNIQUE AND CONTROL II (3-0-3)(S). An in-depth analysis of all factors affecting the radiographic image to include the photographic properties of density and contrast and the geometric properties of definition, visibility of detail, and distortion. Primary emphasis will be placed on problem solving and reasoning for practical image quality analysis. Included will be processing, image intensification, and photo timing. PREREQ: RADSCI 226.

RADSCI 230 RADIATION BIOLOGY-PROTECTION (2-0-2)(S). General survey of radiation hazards and the potential consequences to both technologist and patient. The most appropriate means of minimizing the radiation dose will be emphasized. PREREQ: RADSCI major or PERM/INST.

RADSCI 234 INTRODUCTION TO RADIOGRAPHY CLINICAL EXPERIENCE (1-0-1)(F). Introduction to clinical agency structure, health law and ethics, professionalism and initial clinical practice. Professional observation required. PREREQ: RADSCI major or PERM/INST.

RADSCI 242 RADIOGRAPHIC POSITIONING II (4-0-4)(S). Continuation of RADSCI 222. Basic concepts and procedures used in obtaining diagnostic radiographs of the bony thorax, pelvic girdles, pelvis, hips, spine and craniofacial anatomy. Laboratory demonstration included in RADSCI 221.

RADSCI 262 CONTRAST MEDIA EXAMINATIONS (1-0-1)(S). Study of radiographic procedures that require the use of contrast media and advanced equipment, sterile technique, advanced methods and/or invasive patient procedures. PREREQ: RADSCI 105.

RADSCI 285 RADIOLOGIC SCIENCES CLINICAL EXPERIENCE (0-16-4)(S). Supervised clinical hospital experience. The student must complete 75% minimum of recently taught radiographic exams. PREREQ: RADSCI 234.

Upper Division

RADSCI 310 PHARMACOLOGY AND CONTRAST MEDIAS (1-0-1)(F/S). Concepts of pharmacology as it relates to the delivery of contrast medias and selected medications associated with contrast media reactions. PREREQ: HLTHST 216.

RADSCI 321 RADIOGRAPHIC PRACTICUM (0-3-1)(S). An evaluation of the synthesis of advanced radiographic concepts. Identified areas of weakness will be addressed. PREREQ: PHYS 106, RADSCI 226, RADSCI 228.

RADSCI 330 INTRODUCTION TO SECTIONAL ANATOMY (1-0-1)(S). Identification of sectional anatomy utilizing various acquisition modes and modalities. PREREQ: BIOL 228.

RADSCI 338 DIGITAL RADIOGRAPHY AND PACS (3-0-3)(F). Analysis of new radiographic imaging systems to include digital image data management and information management with PACS, RIS, and HIS for computed and direct digital imaging applications. PREREQ: RADSCI 228.

RADSCI 340 RADIOGRAPHIC QUALITY ASSURANCE (3-0-3)(S). Theory and application of quality assurance techniques for radiographic equipment. Includes demonstrations with various quality assurance instruments. Principles and techniques of daily photographic quality assurance will be introduced. PREREQ: RADSCI 226.

RADSCI 350 MEDICAL AND SURGICAL DISEASES (3-0-3)(S). General survey of various diseases and pathology of the human body as they pertain to radiology. Emphasis on how pathology is demonstrated on medical images and its effect on radiographic diagnosis. PREREQ: RADSCI 242.

RADSCI 360 SPECIAL RADIOGRAPHIC PROCEDURES (2-0-2)(S). Fundamental concepts of the more specialized radiographic procedures with emphasis on the systemic circulatory system, mammography, and bone density studies. PREREQ: RADSCI 262.

RADSCI 375 RADIOLOGIC SCIENCES CLINICAL EXPERIENCE (0-40-4)(SU). Supervised clinical hospital experience. The student must demonstrate competency of recently taught radiographic exams plus continued competency of the exams previously evaluated. PREREQ: RADSCI 285.

RADSCI 376 RADIOLOGIC SCIENCES CLINICAL EXPERIENCE (0-40-4)(SU). Supervised clinical hospital experience. The student must demonstrate competency of recently taught radiographic exams plus continued competency of the exams previously evaluated. PREREQ: RADSCI 375.

RADSCI 385 RADIOLOGIC SCIENCES CLINICAL EXPERIENCE (0-24-6)(F). Supervised clinical hospital experience. The student must complete a minimum 40% of exams involving the skull, 40% exams in special procedures, and 50% continued competency exam list. PREREQ: RADSCI 375.

RADSCI 392 RADIOLOGIC COLLOQUIUM (1-0-1)(S). Topics will be selected from current health care issues. These topics will be presented for discussion by appropriate health care professionals. PREREQ: RADSCI major or PERM/INST.

RADSCI 395 RADIOLOGIC SCIENCES CLINICAL EXPERIENCE (0-24-6)(S). Supervised clinical hospital experience. The student must complete a minimum 40% of special procedures and 50% continued competency exam list. Plus rotation in minor affiliates. PREREQ: RADSCI 385.

RADSCI 400 DEVELOPMENT OF AN IMAGING DEPARTMENT (3-0-3)(S). Introduction to the set up and operation of a radiology department including design principles, projection of demands, and providing for growth and development. Structural and shielding requirements will be discussed. PREREQ: PERM/INST.

RADSCI 430 COMPARATIVE SECTIONAL IMAGING IN THE RADIOLOGIC SCIENCES (3-0-3)(F). Identification of basic anatomy on medical images produced by ultrasound, computed tomography, and magnetic resonance. Application will include imaging of the sagittal, coronal, and transverse body planes. Limited to Certified Radiologic Technologists. PREREQ: PERM/INST.

RADSCI 440 PRINCIPLES OF MAGNETIC RESONANCE IMAGING I (3-0-3)(F). Provides an introduction to the physical and biological principles of MRI. Includes physics of electricity and magnetism, image production, image weighting and basic pulse sequences as well as safety

procedures and bioeffects of MRI. Limited to Certified Radiologic Technologists. PREREQ: PERM/INST.

RADSCI 440L PRINCIPLES OF MAGNETIC RESONANCE IMAGING I LABORATORY (0-2-1)(F). Clinical applications of patient positioning, coil selection, choice of pulse sequence parameters, post-processing techniques, cardiac and respiratory gating procedures, and patient assessment and monitoring. COREQ: RADSCI 440.

RADSCI 441 PROCEDURAL CASE STUDIES IN MAGNETIC RESONANCE IMAGING I (0-3-1)(F). Use of case studies to demonstrate the correlation of image acquisition and manipulation to common pathologic processes of the musculoskeletal and central nervous systems. COREQ: RADSCI 445.

RADSCI 442 PRINCIPLES OF MAGNETIC RESONANCE IMAGING II (3-0-3)(S). Provides a comprehensive overview of advanced physical principles and applications of MRI. Includes MR angiography, spectroscopy, diffusion/perfusion studies, subsecond imaging methods and quality assurance procedures. PREREQ: RADSCI 440.

RADSCI 442L PRINCIPLES OF MAGNETIC RESONANCE IMAGING II LABORATORY (0-2-1)(S). Clinical applications to correlate the physical principles of the advanced MRI applications. COREQ: RADSCI 442.

RADSCI 443 PROCEDURAL CASE STUDIES IN MAGNETIC RESONANCE IMAGING II (0-3-1)(S). Use of case studies to demonstrate the correlation of image acquisition and manipulation of common pathologic processes of the thorax, abdomen and vascular systems. COREQ: RADSCI 446.

RADSCI 445 CLINICAL EXPERIENCE IN MAGNETIC RESONANCE IMAGING I (0-20-4)(F). Supervised clinical experience in the special imaging area of magnetic resonance. Limited to students in the magnetic resonance imaging program. PREREQ: or COREQ: RADSCI 440.

RADSCI 446 CLINICAL EXPERIENCE IN MAGNETIC RESONANCE IMAGING II (0-20-4)(S). Supervised clinical experience in the special imaging area of magnetic resonance. Students will provide evidence of proficiency for required examinations. PREREQ: RADSCI 445.

RADSCI 450 PRINCIPLES OF COMPUTED TOMOGRAPHY (3-0-3)(F). Provides descriptive information of the basic principles of physics and instrumentation relative to computed tomography. Historical development, mathematical and physical concepts of operation, component and systems integration, and peripheral apparatus will be included. Limited to Certified Radiologic Technologists. PREREQ: PERM/INST.

RADSCI 450L PRINCIPLES OF COMPUTED TOMOGRAPHY LABORATORY (0-2-1)(F). Analysis of application principles relating the physics and instrumentation of computed tomography to the final image. COREQ: RADSCI 450.

RADSCI 451 PROCEDURAL CASE STUDIES IN COMPUTED TOMOGRAPHY (0-3-1)(F/S). Provides discussion and evaluation of current clinical applications in computed tomography, allowing for analysis of procedural variation depending upon patient characteristics and pathologic processes. COREQ: RADSCI 455.

RADSCI 455 CLINICAL EXPERIENCE IN COMPUTED TOMOGRAPHY (0-20-4)(F/S). Supervised clinical experience in a computed tomography imaging facility; Requires performance and documentation of clinical competencies. PREREQ or COREQ: RADSCI 450. COREQ: RADSCI 451.

RADSCI 460 SONOGRAPHIC PHYSICS AND INSTRUMENTATION (3-0-3)(F). Provides the student with a thorough knowledge of basic acoustic physics and its application in the field of diagnostic medical sonography. Content includes an examination of the different types of equipment available for medical ultrasonic procedures, quality control, and safety features. PREREQ: PERM/INST.

RADSCI 461 ABDOMINAL SONOGRAPHY (3-0-3)(F). Provides descriptive information on the sonographic procedures of the abdomen, to include: normal sonographic anatomy, pathology, pathophysiology, clinical signs and symptoms of disease, differential diagnosis, equipment set-up, scanning techniques, and echographic patterns of abdominal vasculature. PREREQ: PERM/INST.

RADSCI 462 OBSTETRICS/GYNECOLOGY SONOGRAPHY (3-0-3)(S). Provides information on the basic female pelvic anatomy and anomalies, obstetrical scanning for the placenta from the first trimester through term, assessment of the gestational age, pathological complication, and patient care and preparation. Also includes general gynecological exams and scanning techniques. PREREQ: PERM/INST.

RADSCI 463 DOPPLER PROCEDURES (1-0-1)(S). Provides the foundation needed to understand concepts of producing diagnostic images and information utilizing the various Doppler tools currently available. PREREQ: PERM/INST.

RADSCI 464 SPECIAL SONOGRAPHIC PROCEDURES (1-0-1)(S). Provides descriptive information for special sonographic studies to include imaging of the thyroid, parathyroid, neck masses, superficial structures, breast, male reproductive organs, and chest. Also includes orthopedic, pediatric, ophthalmic, and thoracentesis application. PREREQ: PERM/INST.

RADSCI 467 CLINICAL EXPERIENCE IN MEDICAL SONOGRAPHY I (0-24-4)(F). Supervised clinical experience in diagnostic medical sonography. Students will be given the opportunity to apply sonographic theory as presented in lecture. Limited to students in the ultrasound program.

RADSCI 468 CLINICAL EXPERIENCE IN MEDICAL SONOGRAPHY II (0-24-5)(S). Supervised clinical experience in diagnostic medical sonography. Students will be given the opportunity to apply sonographic theory as presented in lecture. PREREQ: RADSCI 467.

RADSCI 469 CLINICAL EXPERIENCE IN MEDICAL SONOGRAPHY III (0-29-6)(SU). Supervised experience in diagnostic medical sonography. Students will be given the opportunity to apply sonographic theory as presented in lecture. PREREQ: RADSCI 468.

Department of Respiratory Care

Health Sciences Riverside
http://respther.boisestate.edu/
e-mail: ccollins@boisestate.edu

Telephone 208 426-3383
Fax 208 426-4093

Chair and Professor: Lonny J. Ashworth. *Director of Clinical Education and Associate Professor:* Jeffrey M. Anderson. *Medical Director:* D. Merrick, M.D. *Associate Professor:* Lester. *Instructors:* Haan, Wing.

Degrees Offered

- A.S. and B.S. in Respiratory Care

Department Statement

Respiratory care is an allied health specialty concerned with the treatment, management, control, and care of the patient's breathing. The respiratory therapist is a specialist in the use of therapeutic and evaluation techniques in respiratory care. The respiratory care curriculum consists of a pre-professional year followed by two years of professional study, leading to an associate of science degree in respiratory care. The associate of science degree qualifies students for the examination of the National Board for Respiratory Care. Students may continue on for an additional year, to earn the baccalaureate degree.

The Respiratory Care Program has been granted accreditation by the Committee on Accreditation for Respiratory Care.

Degree Requirements

Requirements for Admission to Respiratory Care

1. Pre-Professional Year
See Chapter 3 for admission policies.
2. Professional Program
 - A. Only students who have completed or are in the process of completing the pre-professional curriculum with a GPA of 2.00 or higher will be considered for acceptance into the Respiratory Care Program.
 - B. Health status must be adequate to ensure performance of hospital activities in accordance with ADA guidelines.

All students admitted to the Respiratory Care Program are required to submit a negative PPD and document positive rubella and rubeola immunity report to the department by August of the year in which the student enters the professional program. A chest x-ray is required if the PPD is positive. The department recommends hepatitis B immunizations.

Application Process

1. Pre-professional Year
See Chapter 3 for admission policies.
2. Professional Program
 - A. All respiratory care program applicants must submit to the department of respiratory care a completed "Special Programs Application" on or before March 1 of the year in which they plan to attend the professional program.
 - B. Applicants may be required to have an interview during the spring semester of the pre-professional year. Contact the department chair for specific dates.
 - C. Applicants will be notified of their status by the fourth week of April. Due to the limited number of clinical sites, the program can accept only a limited number of students each year.
 - D. Students accepted into the program are required to pay \$5.50 for a name pin at the time of fall semester registration.
 - E. Lab fees of \$16.00 and clinical insurance fees of \$14.50 must be paid once each academic year at the time of fall semester registration.
 - F. A fee of \$80.00 is required for the Patient Assessment course.
 - G. All fees noted in D, E, and F above are to be paid directly to the Boise State Payment and Disbursement Office.

Promotion and Graduation

Students who do not meet the following requirements may be removed from the program.

- A. Students must earn at least a C in every biology, health science, mathematics, chemistry, and respiratory care course.
- B. A grade of less than a C in any professional course (HLTHST, RESPCARE) must be repeated and raised to a C or higher.

Preprofessional Curriculum

All students who are considering entry into the Respiratory Care Program must have completed or be in the process of completing the following pre-professional curriculum. Courses in the pre-professional curriculum are denoted with an asterisk (*) in the degree-requirements tables below. The pre-professional curriculum need not be taken at Boise State.

Respiratory Care Associate of Science	
Course Number and Title	Credits
*ENGL 101-102 English Composition	6
Area I — see page 39 for list of approved courses	
*Area I core course in one field	3
*Area I core course in second field	3
Area I core course in third field	3
Area I core course in any field	3
Area II — see page 40 for list of approved courses	
Area II core course in one field	3
*Area II core course in second field	3
*Area II core course in third field	3
Area II core course in any field	3
Area III — see page 40 for list of approved courses	
*BIOL 227-228 Human Anatomy and Physiology	8
*Area III core course in mathematics	3-5
*CHEM 101 Essentials of Chemistry	4
HLTHST 216 Laboratory Values	1
HLTHST 220 Cardiopulmonary Renal Physiology	3
RESPCARE 104 Patient Assessment	1
RESPCARE 105 Interdisciplinary Patient Care Skills Lab	2
RESPCARE 200 Recitation and Application I	1
RESPCARE 203 Respiratory Care Theory I	3
RESPCARE 204 Respiratory Care Laboratory I	1
RESPCARE 208 Clinical Practicum I	2
RESPCARE 217 Pulmonary Assessment	1
RESPCARE 221 ECG Interpretation	1
RESPCARE 222 Interpretation of Chest Images	1
RESPCARE 223 Respiratory Care Theory II	3
RESPCARE 224 Respiratory Care Laboratory II	1
RESPCARE 225 Pulmonary Function Lecture	2
RESPCARE 226 Pulmonary Function Laboratory	1
RESPCARE 227 Pulmonary Medicine	2
RESPCARE 228 Clinical Practicum II	4
RESPCARE 250 Recitation and Application II	1
RESPCARE 300 Recitation and Application III	1
RESPCARE 301 Principles of Pharmacotherapeutics	3
RESPCARE 302 General Pathology	2
RESPCARE 303 Respiratory Care Theory III	3
RESPCARE 304 Respiratory Care Laboratory III	1
RESPCARE 308 Clinical Practicum III	5
RESPCARE 323 Respiratory Care Theory IV	3
RESPCARE 324 Respiratory Care Laboratory IV	1
RESPCARE 328 Clinical Practicum IV	5
RESPCARE 350 Recitation and Application IV	2
*UNIV 106 Library Skills	1
Total	103-105
*Indicates a course in the preprofessional curriculum	

Baccalaureate Degree Curriculum

To receive a baccalaureate degree in respiratory care each student must have met and satisfactorily completed all requirements for the associate of science degree at Boise State, or have an associate degree in respiratory care or a related discipline from a comparable college or university program and have permission of the department chair.

Respiratory Care Bachelor of Science	
Course Number and Title	Credits
Successful completion of Associate of Science, Respiratory Care	103-105
*ENGL 101-102 English Composition	6
Area I — see page 39 for list of approved courses	
*Area I core course in one field	3
*Area I core course in a second field	3
*Area I core course in a third field	3
*Area I core course in any field	3
Area II — see page 40 for list of approved courses	
*Area II core course in one field	3
*Area II core course in a second field	3
*Area II core course in a third field	3
*Area II core course in any field	3
Area III — see page 40 for list of approved courses	
*Area III core course in mathematics	3-5
*Area III core course in a second field	4
*Area III core course in any field	4
Area II or III	
Area II or III electives	9
HLTHST 431 Quality Issues in Health Care	3
HLTHST 432 Critical Review of Health Care Research	3
HLTHST 434 Bedside Bioethics	3
RESPCARE 403 Respiratory Care Theory V	3
RESPCARE 493 Respiratory Care Internship	2-6
Electives to total 128 credits	0-6
Total	128

*Indicates a course in the associate degree curriculum.

Course Offerings

See page 52 for a definition of the course-numbering system.

RESPCARE — RESPIRATORY CARE

Lower Division

RESPCARE 104 PHYSICAL ASSESSMENT (1-0-1)(F). Theory and skill application with clinical focus to perform physical assessment to include assessment techniques, standardized data collection formats, body system assessment, normal findings, relevant variations from normal, and documentation. (Pass/Fail). COREQ: RESPCARE 105.

RESPCARE 105 INTERDISCIPLINARY PATIENT CARE SKILLS LAB (1-4-2)(F). An interdisciplinary team approach is used to teach basic patient care skills and interventions to restore and protect health. (Pass/Fail). COREQ: RESPCARE 104.

RESPCARE 200 RECITATION AND APPLICATION I (1-0-1)(F). Review, discussion, and application of information presented in theory and lab with reference to clinical situations. COREQ: RESPCARE 203, RESPCARE 204, RESPCARE 208.

RESPCARE 203 RESPIRATORY CARE THEORY I (3-0-3)(F). Medical gas therapy to include clinical gases, gas mixtures, and various equipment. Theory and technique of aerosol and humidification therapy. Basic concepts of microbiology, cardiopulmonary resuscitation, medical terminology and respiratory care practice. COREQ: RESPCARE 200, RESPCARE 204, RESPCARE 208.

RESPCARE 204 RESPIRATORY CARE LABORATORY I (0-2-1)(F). Medical gas techniques. COREQ: RESPCARE 200, RESPCARE 203, RESPCARE 208.

RESPCARE 208 CLINICAL PRACTICUM I (0-6-2)(F). Experience in the hospital with patients, techniques, and equipment. Emphasis on use of medical gases. COREQ: RESPCARE 200, RESPCARE 203, RESPCARE 204.

RESPCARE 217 PULMONARY ASSESSMENT (1-0-1)(S). Theory and application of basic pulmonary assessment including inspection, palpation, percussion, and auscultation. PREREQ: BIOL 227-228.

RESPCARE 221 ECG INTERPRETATION (1-0-1)(S). Basic interpretation of the electrocardiogram and recognition of cardiac arrhythmias. PREREQ: BIOL 227-228.

RESPCARE 222 INTERPRETATION OF CHEST IMAGES (1-0-1)(S). Clinical interpretation of chest images. PREREQ: Respiratory Care major or PERM/INST.

RESPCARE 223 RESPIRATORY CARE THEORY II (3-0-3)(S). Principles, application, and equipment used for hyperinflation therapy. Therapeutic techniques and applications of chest physiotherapy. Introduction to long-term mechanical ventilation. PREREQ: RESPCARE 203. COREQ: RESPCARE 224, RESPCARE 228, RESPCARE 250.

RESPCARE 224 RESPIRATORY CARE LABORATORY II (0-2-1)(S). Use of hyperinflation therapy devices, chest physiotherapy, and mechanical ventilation. PREREQ: RESPCARE 203. COREQ: RESPCARE 223, RESPCARE 228, RESPCARE 250.

RESPCARE 225 PULMONARY FUNCTION LECTURE (2-0-2)(S). Theory of pulmonary diagnostic procedures to include spirometry, lung volumes, diffusing capacity, clinical exercise tests, lung mechanics, blood gas analysis and arterial puncture. PREREQ: PERM/INST.

RESPCARE 226 PULMONARY FUNCTION LABORATORY (0-2-1)(S). Practice in pulmonary function testing and techniques. PREREQ: PERM/INST.

RESPCARE 227 PULMONARY MEDICINE (2-0-2)(S). Discussion of pulmonary diseases, certain cardiac diseases, and the clinical management of these diseases. PREREQ: BIOL 227-228; Respiratory Care major or PERM/INST.

RESPCARE 228 CLINICAL PRACTICUM II (0-12-4)(S). Experience in the hospitals with patients, techniques, and equipment used in hyperinflation therapy and chest physiotherapy. PREREQ: RESPCARE 203. COREQ: RESPCARE 223, RESPCARE 224, RESPCARE 250.

RESPCARE 250 RECITATION AND APPLICATION II (1-0-1)(S). Review, discussion, and application of information presented in theory and lab with reference to clinical situations. PREREQ: RESPCARE 203. COREQ: RESPCARE 223, RESPCARE 224, RESPCARE 228.

Upper Division

RESPCARE 300 RECITATION AND APPLICATION III (1-0-1)(F). Review, discussion, and application of information presented in theory and lab with reference to clinical situations. PREREQ: RESPCARE 223. COREQ: RESPCARE 303, RESPCARE 304, RESPCARE 308.

RESPCARE 301 PRINCIPLES OF PHARMACOTHERAPEUTICS (3-0-3)(F). Principles, practical uses, and interaction of drugs and their relationship to disease. PREREQ: BIOL 227-228.

RESPCARE 302 GENERAL PATHOLOGY (2-0-2)(F). Human pathology pertaining to systems of defense, modes of injury, diseases of development and function, heart, hematopoietic lymphoreticular, and respiratory systems. PREREQ: BIOL 227-228.

RESPCARE 303 RESPIRATORY CARE THEORY III (3-0-3)(F). Theory and clinical application of mechanical ventilation, including care and management of artificial airways, and hemodynamic monitoring. PREREQ: RESPCARE 223. COREQ: RESPCARE 300, RESPCARE 304, RESPCARE 308.

RESPCARE 304 RESPIRATORY CARE LABORATORY III (0-2-1)(F). Practice using mechanical ventilators and suctioning devices. PREREQ: RESPCARE 223. COREQ: RESPCARE 300, RESPCARE 303, RESPCARE 308.

RESPCARE 308 CLINICAL PRACTICUM III (0-16-5)(F). Experience in the hospital with patients, techniques, and equipment as applied to mechanical ventilation and artificial airways. PREREQ: RESPCARE 223. COREQ: RESPCARE 300, RESPCARE 303, RESPCARE 304.

RESPCARE 323 RESPIRATORY CARE IV (3-0-3)(S). Theory and application of techniques and equipment to neonatology and pediatrics. PREREQ: RESPCARE 303. COREQ: RESPCARE 324, RESPCARE 328, RESPCARE 350.

RESPCARE 324 RESPIRATORY CARE LABORATORY IV (0-2-1)(S). Use of infant ventilators and special techniques pertaining to pediatrics. PREREQ: RESPCARE 303. COREQ: RESPCARE 323, RESPCARE 328, RESPCARE 350.

RESPCARE 328 CLINICAL PRACTICUM IV (0-16-5)(S). Experience in the hospital and other health care environments with any or all aspects of respiratory care. PREREQ: RESPCARE 303. COREQ: RESPCARE 323, RESPCARE 324, RESPCARE 350.

RESPCARE 350 RECITATION AND APPLICATION IV (2-0-2)(S). Review, discussion, and application of information presented in theory and lab with reference to clinical situations. PREREQ: RESPCARE 303. COREQ: RESPCARE 323, RESPCARE 324, RESPCARE 328.

RESPCARE 403 RESPIRATORY CARE THEORY V (3-0-3)(F). Theory and application of the latest advances in Respiratory Care. Includes critical care, floor care, home care, and rehabilitation. PREREQ: RESPCARE 323.

RESPCARE 493 RESPIRATORY CARE INTERNSHIP (0-V-V). Supervised practice in various health care facilities. PREREQ: RESPCARE 323 and PERM/INST.

School of Social Work

Education Building, Room 716
http://www.boisestate.edu/socwork

Telephone 208 426-1568
Fax 208 426-4291

Director and Associate Professor: Martha Wilson. *B.A. Coordinator and Associate Professor:* Robin Allen. *M.S.W. Coordinator and Professor:* William Whitaker. *Practicum Director:* Jim Knapp. *Professors:* Harkness, Hepler, Huff. *Associate Professors:* Cotrell, Liley.

Degrees Offered

- B.A. in Social Work
- Master of Social Work (See the *BSU Graduate Catalog*.)

School Statement

The baccalaureate degree program in social work has been accredited by the Council on Social Work Education since 1974. A major in social work prepares students for beginning generalist, strength-based social work practice, graduate level social work education, and social work licensure.

Social work is a profession that is indispensable in contemporary society. Social workers help people cope with the stresses and challenges of everyday life. Students are prepared to work with individuals, families, households, groups, organizations, and communities to address issues of coping and emotional support and also deal with broader challenges—such as violence and social inequality—that affect all people. Students earning a bachelors degree in social work practice in a variety of social welfare settings and with a variety of populations.

The School does not approve academic credit for prior work or life experience.

Requirements for Admission to the Professional Curriculum

Students who wish to enroll in the professional curriculum in social work must first apply and be accepted to upper-division status (candidacy) for the B.A. degree in social work (BSW degree). The School welcomes diversity and invites interest and applications from persons who seek to participate in a profession committed to helping people. Admission to candidacy for the BSW degree is determined by:

1. Faculty evaluation of student applications.
2. Courses required for BSW program candidacy completed with a C or higher: ENGL 101-102, Area I course in literature, three Area I courses in arts and humanities, Area II history course, COMM 101, POLS 101 or POLS 102, SOC 230 or ANTH 209, SOC 101, PSYC 101, ECON 201 or ECON 202, SOCWRK 101 (earning a grade of B or better), SOCWRK 201 (earning a grade of B or better), PSYC 309, BIOL 100, Area III mathematics course, Area III core course.
3. Minimum cumulative GPA of 2.5 OR a minimum GPA of 2.8 during the two contiguous semesters of full-time enrollment of 12 or more credits prior to application.

In order to maintain candidacy status, students must have a GPA of 3.0 or higher in required social work courses.

Application Procedures

The School of Social Work reviews and approves applications for admission to BSW upper-division status (candidacy) each October and March. Applications for students to begin upper-division course work in the following Spring semester should apply by the first Friday of October. To begin upper-division courses the following Fall semester students should apply by the first Friday of March. Students may apply for upper-division status (candidacy) during the semester in which they are completing their 59-61 prerequisite credit hours. Interested students may obtain current application materials and procedures at the Social Work office or on the School of Social Work web page (<http://www.boisestate.edu/socwork/>).

Degree Requirements

Social Work Bachelor of Arts	
Course Number and Title	Credits
ENGL 101-102 English Composition	6
Area I — see page 39 for list of approved courses	
Area I core course in literature	3
Area I core course in a second field	3
Area I core course in a third field	3
Area I core course in a any field	3
Area II — see page 40 for list of approved courses	
ECON 201 Principles of Macroeconomics OR ECON 202 Principles of Microeconomics	3
PSYC 101 General Psychology	3
SOC 101 Introduction to Sociology	3
Area II core course in history	3
Area III — see page 40 for list of approved courses	
BIOL 100 Concepts of Biology	4
Area III core course in mathematics	3-5
Area III core course in any field	4
COMM 101 Fundamentals of Speech Communication	3
POLS 101 American National Government OR POLS 102 State and Local Government	3
PSYC 309 Child Development	3
PSYC 310 Adolescent and Adult Development	3
SOC 230 Introduction to Multi-Ethnic Studies OR ANTH 209 Issues of Cultural Diversity	3
SOCWRK 101 Introduction to Social Welfare	3
SOCWRK 201 Foundations of Social Work	3
SOCWRK 301 Social Welfare Policy	3
SOCWRK 321 Human Behavior in Social Environment	3
SOCWRK 333 Generalist Social Work Practice I: Individuals	3
SOCWRK 380 Social Work Research Methods and Statistics	3
SOCWRK 444 Generalist Social Work Practice II: Households Families, and Groups	3
SOCWRK 455 Generalist Social Work Practice III: Organizations and Communities	3
SOCWRK 480, 481 Social Work Field Practicum I & II	10
SOCWRK 498, 499 Senior Seminar I & II	2
Upper-division social work electives	6
Diversity Cluster courses chosen from: ANTH 307, ANTH 311, ANTH 315, COMM 122, COMM 322, ENGL 213, ENGL 215, ENGL 391, ENGL 412, GENDER 300, HIST 251, HIST 344, HIST 363, HIST 366, HIST 369, HIST 371, HIST 372, SOC 278, SOC 279, SOC 305, SOC 306, SOC 307, SOC 325, SOC 333, SOC/GENDER 371, SOC 471/GENDER 301, SOC 481, Modern Language.	6-9
Electives to total 128 credits	19-24
Total	128

Course Offerings

See page 52 for a definition of the course-numbering system.

SOCWRK — SOCIAL WORK

Lower Division

SOCWRK 101 INTRODUCTION TO SOCIAL WELFARE (3-0-3)(F/S)(Area II). Survey of contemporary social welfare programs, their historical development, underlying philosophy, and the need for social services in a modern society.

SOCWRK 201 FOUNDATIONS OF SOCIAL WORK (2-3-3)(F/S). Introduction to knowledge, values, and skills of strengths-based generalist practice. Skill development in interviewing and generalist process of data collection, assessment, planning, implementation, evaluation and termination. Survey of history of social work and practice in contemporary social service delivery systems. Service learning component of 45 clock hours in approved social service organization. PREREQ/COREQ: SOCWRK 101.

SOCWRK 293-493 SOCIAL WORK INTERNSHIP (F/S). Provides students practical, on-the-job social work experience in a social services agency. Forty-five hours worked equals one credit hour; no retroactive credits earned. Maximum of six internship credits per semester; maximum of

twelve internship credits applied to degree. Internships are excluded from fulfilling nine credits of social sciences and public affairs electives; they can fulfill general electives only. With approval of internship coordinator.

Upper Division

SOCWORK 301 SOCIAL WELFARE POLICY (3-0-3)(F/S). Explores the effects of social welfare policy by analyzing current policy within the context of historical and contemporary factors that shape it, by considering the political and organization processes used to influence policy; the process of policy formulation; and social policy analysis frameworks in light of principles of social and economic justice and evidence-based knowledge. PREREQ: Admission to BSW candidacy.

SOCWORK 321 HUMAN BEHAVIOR IN THE SOCIAL ENVIRONMENT (3-0-3)(F/S). Presents theories and knowledge of social systems effects on human development, behavior, health, and well-being. A range of theories is critically analyzed relative to a variety of social issues, with emphasis on social and economic justice, in the context of social work values, ethics, and practice. PREREQ: Admission to BSW candidacy and PSYC 309. PREREQ/COREQ: PSYC 310.

SOCWRK 333 GENERALIST SOCIAL WORK PRACTICE I: INDIVIDUALS (3-0-3)(F/S). Social work practice from a strengths-based generalist perspective integrating human behavior theories with models of practice, relationship building, ethical issues, ethnic and cultural dimensions and foundation methods of evidence-based practice with individuals. PREREQ: Admission to BSW candidacy and SOCWRK 201. PREREQ/COREQ: SOCWRK 301 and SOCWRK 321.

SOCWRK 380 SOCIAL WORK RESEARCH METHODS AND STATISTICS (3-0-3)(F/S). Introduction to qualitative and quantitative research methodology and statistics for an understanding of a scientific, analytic, and ethical approach to building knowledge for generalist social work practice. Will prepare to develop, use, and effectively communicate empirically-based knowledge, including evidence-based interventions, for initiating change, evaluating social work practice, and providing services that improve client outcomes. PREREQ: Upper-division standing and Area III math course.

SOCWRK 414 CHILD WELFARE (3-0-3)(F/S). Systemic intervention and response to issues such as substance abuse, child abuse, domestic violence, and other issues affecting the well being of children and families. Emphasis on strengths-based social work practice and current policy issues.

SOCWRK 433 AGING: SOCIAL POLICY AND PROGRAMS (3-0-3)(F/S)(Offered alternate-years). Includes policy issues and services that are or should be available to all aged, and special services that must be available for the frail, impaired, and isolated aged. Available programs are explored, including local organizations and related social services. Emphasis on strengths-based social work practice.

SOCWRK 444 GENERALIST SOCIAL WORK PRACTICE II: HOUSEHOLDS, FAMILIES, AND GROUPS (3-0-3)(F/S). Social work practice from a strengths-based generalist perspective including models of practice integrating human behavior theories and various evidence-based interventive models with households, families, and groups. PREREQ: SOCWRK 333. COREQ: SOCWRK 455.

SOCWRK 455 GENERALIST SOCIAL WORK PRACTICE III: ORGANIZATIONS AND COMMUNITIES (3-0-3)(F/S). Social work practice from a strengths-based generalist perspective including models of practice integrating human behavior theories and various evidence-based interventive change models with organizations and communities. PREREQ: SOCWRK 333, COREQ: SOCWRK 444.

SOCWRK 480 SOCIAL WORK FIELD PRACTICUM I (0-16-5)(F). Requires sixteen clock hours per week as a practicing generalist social worker under the teaching supervision of a licensed social worker. (Pass/Fail). PREREQ: Admission to BSW candidacy, Major GPA: 3.0, Department approval. PREREQ/COREQ: SOCWRK 444, SOCWRK 455, SOCWRK 498.

SOCWRK 481 SOCIAL WORK FIELD PRACTICUM II (0-16-5)(S). Continuation of SOCWRK 480. (Pass/Fail). PREREQ: Admission to BSW candidacy, Major GPA: 3.0, Department approval, SOCWRK 480 and SOCWRK 498. COREQ: SOCWRK 499.

SOCWRK 498 SENIOR SEMINAR I (1-0-1)(F). Facilitates and encourages the student's development as an entry level strengths-based generalist practitioner through the synthesis of social work theory, practice and values. COREQ: SOCWRK 480.

SOCWRK 499 SENIOR SEMINAR II (1-0-1)(S). Continuation of SOCWRK 498. COREQ: SOCWRK 481.

Degrees Offered

- A.A. in Social Science
- B.A. and Minor in Multi-Ethnic Studies
- B.A. and B.S. in Social Science
- B.A., B.S., and Minor in Sociology
- B.A. in Sociology, Interdisciplinary Social Science, Secondary, Education
- B.A. in Sociology, Social Science, Secondary Education
- Minor in Mexican-American Studies

Department Statement

The faculty of the department of sociology are committed to the democratic belief in the power of scientific reason to solve human social problems. As a faculty, we believe that an ability to think critically about public affairs is one of the marks of an educated person and a key to the resolution of many important problems. Consistent with these beliefs and commitments, the faculty's primary aims are to provide high quality teaching, research, and public service in social science.

The degree programs administered by the department of sociology are central to the State Board of Education's mandate that Boise State University be the lead institution in social sciences and public affairs. Departmental programs include five baccalaureate degrees, one associate of arts degree in social science, and three minors. Faculty also participate in the following interdisciplinary studies programs: women's studies, Canadian studies, a gerontology minor, and the master of interdisciplinary studies degree program.

Degree Requirements

The social science degree is a cooperative program involving the departments of anthropology, communication, criminal justice administration, economics, history, political science, psychology, sociology, and women's studies. Its purpose is to provide students with the opportunity to pursue an interdisciplinary program of study in social science tailored to their specific academic and/or vocational interests.

Sociology is a social science devoted to the empirical analysis of human societies. The goal of the sociology degree program is to train students to engage in social scientific analysis and to think critically about public affairs. Each student is required to complete courses in theory, social research methods, computer-applications, and statistical analysis.

The Sociology, Interdisciplinary Social Science, Secondary Education program combine content knowledge, theories of learning and human development, study of curriculum, and methodology, to help students develop the knowledge, skills and dispositions essential for success in secondary school teaching. The program is grounded in the conceptual framework of reflective practitioner. Reflective practitioners adjust their teaching approaches and learning environment to the needs and backgrounds of their students. Candidates who complete this program have demonstrated evidence of meeting the Idaho Beginning Teacher Standards and are eligible for recommendation for state certification.

Students wishing to pursue this degree must meet the requirements and standards for admission to teacher education, which are described fully under the Department of Curriculum, Instruction, and Foundational Studies or at <http://education.boisestate.edu>. Students must meet all knowledge, skill, and disposition requirements to remain in the program.

The social science, secondary education emphasis programs are cooperative, multidisciplinary programs involving the departments of economics, history, political science, sociology, and anthropology. Each of these departments, except history, provides a major emphasis with the social science, secondary emphasis. Students choosing this emphasis must:

1. complete a minimum of 39 credits in sociology.
2. complete a minimum of 21 credits in one of the departments listed above (other than sociology) to satisfy graduation requirements. See the department listings for each of these departments for additional information.
3. complete six credits in U.S. history and three credits of American national government for certification requirements.

4. meet the requirements and standards for admission to teacher education, which are described fully under the Department of Curriculum, Instruction, and Foundational Studies or at <http://education.boisestate.edu>. Students are expected to meet all knowledge, skill, and dispositional requirements for continued enrollment in the program.

This program is designed to assist students in developing the knowledge, skills, and dispositions essential for success in teaching American government in secondary schools. Course work combines content knowledge, theories of learning and human development, study of curriculum, and methodology. The program is grounded in the conceptual framework of the reflective practitioner. Reflective practitioners adjust their teaching approaches and learning environment to the needs and backgrounds of their students. Candidates who complete this program demonstrate evidence of meeting the Idaho Beginning Teachers Standards and are eligible for recommendation for state certification.

Chapter 12 — Academic Programs and Courses

Department of Sociology

The sociology minor in Mexican-American studies requires a student to complete 18 hours of core courses in specified Mexican-American studies courses and an additional 6 credits in related topics selected from other disciplines. Students will be introduced to the issues and problems facing Mexican-Americans in the United States and Idaho. Students will have the opportunity to explore Mexican-American culture and how America's social institutions and social organizations relate to and react to the Mexican-American population. Special emphasis in the sociology classes is placed on examining the work of practitioners from applied sociology, clergy, legal profession, and social service agencies to ameliorate the problems facing Mexican-Americans.

The Multi-Ethnic Studies major is an interdisciplinary program leading to a B.A. degree. The primary emphasis of the major is producing professionals capable of identifying sources of intercultural conflict, promoting intercultural resolution, and advocating multicultural access to all facets of U.S. society. The course work will examine the current issues, trend, controversies, and practices involving multiculturalism and diversity in the U.S.

The program is supervised by an interdisciplinary group of faculty. To develop a program of study, prospective majors must contact one of the following: Dr. Robert McCarl, Department of Anthropology; Dr. Errol Jones, Department of History; Dr. Richard Baker, Department of Sociology.

Course Offerings

See page 52 for a definition of the course-numbering system.

SOC — SOCIOLOGY

Lower Division

SOC 101 INTRODUCTION TO SOCIOLOGY (3-0-3) (Area II). An introduction to groups, organizations, and societies, and their impact on human behavior. Emphasis is on sociological perspectives, concepts, methods, and applications in areas such as organization, socialization, inequality, institutions, intergroup relations, change, etc.

SOC 102 SOCIAL PROBLEMS (3-0-3)(Area II). A study of problems that arise due to breakdown of norms and value consensus in society, the causes and solutions to these problems. The student is challenged to continually reexamine his/her own values in reference to the problems under consideration.

SOC 121 DATING AND MARRIAGE (3-0-3)(S). An informative study and discussion of mate selection, marital relationships and adjustments, parenthood and related subjects, each exploited at length in popular culture but usually ignored as a serious subject of academic examination. The course will emphasize factual knowledge, self understanding, and a sociological perspective on marriage in a changing society.

SOC 201 THEORIES OF SOCIETY (3-0-3)(F). Introduction to the major analytical and interpretive theories of society, history, and human behavior, with an emphasis on the common theoretical concerns of the specific disciplines within the social sciences. PREREQ: SOC 101.

SOC 210 COMPUTER APPLICATIONS IN SOCIAL SCIENCE (3-2-4)(F/S). The objectives of this course are (a) to develop an understanding of computer applications of social science data, and (b) to provide students an experience in the collection and analysis of social data with increased ease via the computer.

SOC 230 INTRODUCTION TO MULTI-ETHNIC STUDIES (3-0-3)(F/S)(Area II). This course views majority and minority relations and confronts, challenges, and motivates students to know themselves better and understand some societal problems: for example, racism, prejudice, etc. The course deals with the degree to which ethnic relations involve questions of economic and political power and the distribution of the power. It looks at American society's institutional role in maintaining and perpetuating systematic inequality.

SOC 278 MEXICAN-AMERICAN TRADITION AND CULTURE (3-0-3)(S). This class provides an exploration of Mexican-American traditions and culture. It explores the history of the Mexican-American people including their influence on contemporary American language, customs and beliefs.

SOC 279 CONTEMPORARY MEXICAN SOCIETY (3-0-3)(F/S). The course will consist of an examination of the major social institutions in modern Mexico. The course will also focus on the social life and problems facing contemporary Mexico. Students will study the cultural diversity of contemporary Mexico and review Mexican social thinkers who analyze its national character. The complex relationship of Mexico with the United States will be explored including such topics as undocumented workers, drug trafficking, international politics, and transnational corporations.

SOC 290 (CJA 290) SOCIAL CONFLICT AND PEACEMAKING (3-0-3)(F). (Cross listed CJA 290.) An introductory survey course covering broadly the kinds of conflict that occur between persons, groups, organizations and societies, with attention to why these conflicts arise, and to a range of peaceful solutions to conflicts using nonviolent, nonadversarial methods. The course ranges from interpersonal conflict to the international nuclear arms race. This course may be taken for SOC or CJA credit, but not both.

Upper Division

SOC 301 SOCIOLOGICAL THEORY I (3-0-3)(F). Examination of the development of sociological theory from its philosophical precursors through the first decades of the twentieth century. PREREQ: SOC 101.

SOC 302 SOCIOLOGICAL THEORY II (3-0-3)(S). Examination of the development of sociological theory in the twentieth century and of the state of sociological theory today. PREREQ: SOC 301.

SOC 305 RACIAL AND CULTURAL MINORITIES (3-0-3)(S)(Alternate odd years). Comparative study of inter-ethnic relations. Problems and possibilities of genocide, oppression, integration, pluralism and equality. PREREQ: SOC 101 or PSYC 101 and upper-division standing.

SOC 306 SOCIOLOGY OF AFRICAN AMERICANS (3-0-3)(F/S). Examination of the African American presence and experience in the contemporary United States will emphasize political, socio-economic, and cultural issues. Sociological and other perspectives will be introduced which offer promise in reconciling problems that separate peoples.

SOC 307 THE ASIAN AMERICAN SOCIAL EXPERIENCE (3-0-3)(F/S)(Alternate years). Examination of the Asian presence and experience in the United States emphasizing current social, economic, political, and cultural issues.

SOC 310 ELEMENTARY SOCIAL STATISTICS (3-2-4)(F/S). The application of measurements to social research data. Basic statistical measures, and techniques for their application, meaning, and use in research. Recommended for majors to be taken in the junior year and followed by SOC 311. PREREQ: SOC 101, high school algebra, and upper-division status.

SOC 311 SOCIAL RESEARCH (3-0-3)(S). An introduction to the empirical basis of modern sociological methods of research design and the statistical analysis of social data. PREREQ: SOC 101.

SOC 312 POPULATION DEMOGRAPHY (3-0-3)(F/S). Techniques and methods for analyzing population growth, trends, and movement as reflected in actuarial data, birth-death rate; mobility, fertility and fecundity as these affect the societal patterns, especially planning for human service programs.

SOC 320 RADICAL SOCIOLOGY (3-0-3)(F)(Alternate years). Analysis of contemporary radical power theory and its application in the study of modern socioeconomic problems. This course will examine issues of social importance from the perspective of conflict theory, neo-Marxian and Elitist theory. PREREQ: SOC 101 and upper-division standing.

SOC 325 SOCIOLOGY OF AGING (3-0-3)(F/S). Analysis of aging as a social process, emphasizing the changing roles as a result of the process, the demands made on and by society because of the way it defines and deals with age, and the problems created for society and for the aged as a result of values, attitudes, and beliefs. PREREQ: SOC 101 and upper-division standing.

SOC 330 SOCIOLOGY OF VIOLENCE (3-0-3)(F)(Alternate years). The incidence of deliberate injury of one human by another is analyzed in terms of social and cultural patterns that

act to produce, alter, or discourage acts of violence. The various forms violence may take are examined from a sociological perspective. PREREQ: SOC 101 and upper-division status.

SOC 331 DEVIANT BEHAVIOR (3-0-3)(F)(Alternate odd years). Analysis of behaviors which violate the norms of society, and the causes of and solutions for these forms of behavior. The challenge for students is to decide where the problem lies with those labeled deviant or with those doing the labeling. PREREQ: SOC 101, upper-division status.

SOC 333 MEXICAN-AMERICAN LIFE THROUGH SOCIOLOGY, LITERATURE, AND PRACTICE (3-0-3)(F/S). This course provides readings in sociological theory and research concerning Mexican-Americans. The student will have the opportunity to study contemporary Mexican-American literature. The course will also provide a close examination of problems facing Hispanics in Idaho through the use of community scholars who are working to improve Mexican-American/Anglo relations.

SOC 340 SOCIOLOGY OF THE FAMILY (3-0-3)(F/S). An analysis of courtship, marriage, kinship, and family patterns in the United States and selected societies. Theories and facts about the relationships of these patterns to the larger society. PREREQ: SOC 101 and upper-division status.

SOC 351 SOCIAL INSTITUTIONS (3-0-3)(F)(Alternate years). Comparative analysis of the ways societies organize behavior around those values deemed necessary for survival, including family, religion, economy, government, etc. PREREQ: SOC 101 and upper-division standing.

SOC 361 SOCIOLOGY OF WORK (3-0-3)(F/S)(Alternate even years). The social organization of work is examined in historical and contemporary perspectives. PREREQ: SOC 101, upper-division standing.

SOC 362 (CJA 362) CONTEMPORARY CORRECTIONAL THEORY AND PRACTICE (3-0-3)(F). Historical development, processes, and methods of operating the adult correctional system. Philosophy and development of treatment strategies to local, state, and federal correctional institutions. This course may be taken for SOC or CJA credit, but not both.

SOC 370 SOCIOLOGY OF LAW (3-0-3)(S)(Alternate years). Law enactment, enforcement, and adjudication are studied as social acts with social consequences. Theories and practices of legal action are reviewed as emerging from and impacting on the social structure. PREREQ: SOC 101 and upper-division standing.

SOC 371 (GENDER 371) THE SOCIAL PSYCHOLOGY OF GENDER (3-0-3)(F/S)(Alternate Years). Multinational social psychological research and theories are used to explore the processes by which societies apply gender definitions, social change, institutional policies, and relationships between women and men. May be taken for GENDER or SOC credit, but not for both. PREREQ: PSYC 101 or SOC 101, and upper-division standing.

SOC 380 POLITICAL SOCIOLOGY (3-0-3)(F)(Alternate years). A survey of research literature and theory in political sociology, including attitudes, values, power structure, parties, and political participation in the U.S. This course will examine the pluralistic nature of society from the sociological perspective. PREREQ: SOC 101 and upper-division standing.

SOC 390 CONFLICT MANAGEMENT (3-0-3)(F). Examination of the causes of conflict, conflict management theory, and conflict management techniques applied in interpersonal, intergroup, organizational, and community settings. Discussion and skill development through experiential learning will focus on such conflict management techniques as interpersonal management, mediation, arbitration, negotiation, and reconciliation. This course may be taken for SOC or COMM credit, but not both. PREREQ: COMM 101 or SOC 101

SOC 395 THE SOCIOLOGY OF PEACE AND WAR (3-0-3)(S). This course will focus on resolving violent conflicts between nations. It will survey the interpretations of sociologists and others in two basic areas: 1) the relationship between the enabling institutions of war and the nature and evolution of modern societies, and 2) emergent proscriptions, strategies, and social movements which invoke actions, attitudes, and ways of life directed towards creating a more peaceful future. PREREQ: SOC 101 and upper-division standing.

SOC 403 SOCIAL CHANGE (3-0-3)(F/S)(Alternate years). Social factors which generate innovation, influence its acceptance or rejection, and determine its effects on society. Planning, collective behavior, diffusion, conflict, and other efforts to create change. PREREQ: SOC 101, upper-division standing.

SOC 407 SOCIOLOGY OF RELIGION (3-0-3)(F/S)(Alternate years). Social science perspectives on religion. Religion viewed as human activity influencing and being influenced by social organization and social conditions.

SOC 410 ADVANCED SOCIAL STATISTICS (3-0-3)(S). The methods of nonparametric statistics in the analysis of sociological data are examined in depth with application to research. PREREQ: SOC 101 and SOC 310 or equivalents as determined by consultation with department chair.

SOC 412 QUALITATIVE SOCIAL RESEARCH METHODS (3-0-3)(F). An intensive course in interpretive social science, covering the practice of field work ethnography, the use of computers in qualitative research, techniques of qualitative data analysis, and the writing of qualitative research reports. PREREQ: SOC 101 and upper-division standing.

SOC 415 JUVENILE DELINQUENCY (3-0-3)(S). Social causes of juvenile delinquency. Solutions that are discussed arise from theories which suggest changing society more than the individual delinquent. Positive and negative activities of the juvenile justice system are also reviewed. PREREQ: SOC 101, upper-division standing.

SOC 417 CRIMINOLOGY (3-0-3)(F). An examination of the social and intellectual heritage of criminological theory. The student is challenged to understand crime as a sociological problem which is "explained" by theories that can be tested scientifically and evaluated critically. PREREQ: SOC 101 and upper-division standing.

SOC 421 SOCIAL INEQUALITY (3-0-3)(S)(Alternate years). How inequalities of wealth, income, and prestige occur. How such inequalities affect behavior, personal philosophy, and life

Chapter 12 — Academic Programs and Courses

Department of Sociology

chances. Arguments for and against more equality will be examined in relation to issues such as: constraint and mobility; education and opportunity; consumerism and poverty; public policy and the politics of wealth and welfare. PREREQ: SOC 101 and upper-division standing.

SOC 425 URBAN SOCIOLOGY (3-0-3) (F/S). Examination of urban processes with a comparative examination of metropolitan and other urban communities. Emphasis is on urbanization and the institutions and policies shaping metropolitan life.

SOC 431 (PSYC 431) SOCIAL PSYCHOLOGY (3-0-3) (S). The primary focus is the individual; the unit of analysis, the interpersonal behavior event. A study of individual motives, emotions, attitudes, and cognitions with reference to interactions with other human beings. This course may be taken for either psychology or sociology credit, but not for both. PREREQ: PSYC 101, SOC 101, and upper-division standing.

SOC 435 DRUGS IN SOCIETAL CONTEXT (3-0-3) (F/S). This class applies the sociological perspective on social problems to drug use. It examines how different social groups use drugs, attempt to control and prohibit the use of drugs, and the societal effects of using and controlling the use of drugs.

SOC 440 ENVIRONMENTAL SOCIOLOGY (3-0-3) (F/S). Sociological approach to the study of environmentalism, social implications of environmental policy, environmental conflicts, and the distributive justice nature of environmental issues.

SOC 471 (GENDER 301) FEMINIST THEORY (3-0-3) (F/S). Students encounter new perspectives by examining major theories directly useful to scholars in search of understanding and explaining gender relations. May be taken for GENDER or SOC credit, but not for both. PREREQ: GENDER 300 and upper-division standing, or PERM/INST.

SOC 480 SEMINAR IN MULTI-ETHNIC STUDIES (3-0-3) (F/S) (Alternate years). A capstone course for majors. Through advanced interdisciplinary reading from the social sciences as they pertain to ethnic issues in the United States, students will gain an appreciation of other cultures, examine complex ethnic issues and explore strategies to reduce interethnic tensions.

SOC 481 SOCIOLOGY OF GENDER AND AGING (3-0-3) (F/S). A sociological examination of the myths and stereotypes that impact men and women as they age. The course will explore research efforts focused on aging in a gendered society and examine the myths and stereotypes; seek to discover the source of cultural beliefs, social structures of gendered identities, and how gender stratification creates disadvantage for older men and women. PREREQ: SOC 101 and upper-division standing.

SOC 487 (POLS 487) ORGANIZATIONAL THEORY AND BUREAUCRATIC STRUCTURE (3-0-3) (F/S). An examination of complex formal organizations, bureaucracy and human interaction, theory, research, and findings are covered. This course may be taken for SOC or POLS credit, but not for both. PREREQ: Senior standing, PERM/INST.

SOC 490 SENIOR PRACTICUM (V-V-3) (F/S). A capstone course where senior sociology majors complete experiential learning at sites selected in consultation with advisor and/or internship coordinator. Students meet weekly with internship coordinator or designee to discuss academic relatedness and progress of experiential learning. PREREQ: Senior sociology major with a minimum cumulative GPA of 2.5.

SOC 493 INTERNSHIP (V-V-V) (F/S). Upper-division students may select an internship program in consultation with department faculty and internship coordinator. The intent of the internship is to provide an experiential learning experience for students in a variety of settings in the community or on campus. PREREQ: upper-division standing and a cumulative GPA of 2.5 or better.

SOC 498 SOCIOLOGY SEMINAR (3-0-3) (S). Intensive study of selected problems in sociology. PREREQ: Senior standing in sociology major.

SOC 499 SENIOR SEMINAR IN MEXICAN-AMERICAN STUDIES (3-0-3) (F/S). As the culminating course for the Mexican-American Studies minor students will examine advanced theoretical and research issues concerning Mexican-Americans in a seminar setting. One objective will be for students to utilize their previous course work in the minor to enable them to read specialized studies in specific topics and case studies such as the dropout problem facing Mexican-American students; the role of fundamentalist religions in the Mexican-American community; and employment patterns of Mexican-Americans. The primary objective of the readings and class discussions will be to integrate the diverse course materials from the previous required classes in this minor.

SOCSCI — SOCIAL SCIENCE

Upper Division

SOCSCI 498 SEMINAR: SOCIAL SCIENCES AND PUBLIC AFFAIRS (3-0-3) (S). An intensive seminar focusing on selected topics from theory and research, which bear on the contributions of the social sciences to public affairs. Completion of a research methods course strongly recommended.

Degrees Offered

- M.A. in Education, Special Education (Mild Disabilities or Severe Disabilities) (See the BSU Graduate Catalog)
- Generalist and Severe Endorsement on Standard Exceptional Child Certificate
- Pre-endorsement in Special Education

Department Statement

The Department of Special Education at Boise State prepares teachers at the pre-service and inservice levels to more effectively serve all students K-12, with special emphasis on those students with disabilities. To this end the Department of Special Education has three specific functions.

The first of these is to enable all students who are preparing to be teachers to better understand, accept, appreciate, and meet the instructional needs of the diverse learners who are part of the general education classrooms of today. To do this, the Special Education faculty offer courses at both the undergraduate and graduate levels that provide an overview of exceptionality and special education programs to all elementary and secondary education majors.

The second function is to offer a pre-endorsement sequence in Special Education to majors in Elementary Education who wish to gain additional knowledge, skills, and expertise in Special Education. This is achieved through the provision of a carefully structured 12 hour sequence of courses accompanied by a public school field experience with students with disabilities.

The third and final function is to prepare special educators who will move into specialized instructional roles in the public school setting. At the completion of their special education programs, these students will be certified to teach K-12 students with disabilities. They will be equipped to provide direct services to both students with disabilities and to their families, to facilitate their students' participation in inclusive public school settings, and to collaborate with general educators and other support staff in meeting the needs of all learners.

In order to be recommended for special education certification, candidates must satisfy appropriate Comprehensive Literacy requirements and pass appropriate PRAXIS II exams in special education.

Admission Requirements

All students preparing to become elementary teachers while concurrently pursuing special education certification must meet all admission requirements for the Elementary Education program. All students preparing to become secondary teachers while concurrently pursuing special education certification must meet all admission requirements for the Secondary Education program, as well as obtain a passing score on the PRAXIS Pre-professional Skills Test (PPST) in mathematics. Please see complete Teacher Education Admission requirements under the Department of Curriculum, Instruction, and Foundational Studies.

Post-baccalaureate students who are already certified as elementary or secondary teachers and who are pursuing special education certification must meet the following admission requirements:

- **Pre-professional Skills Test (PRAXIS).** Passing scores on the PRAXIS Pre-professional Skills Test PPST in mathematics and writing. For information please access the PRAXIS web site at <http://www.ets.org>. No other exams will be accepted in lieu of the PRAXIS. Required tests can be taken no more than three times.
- **Educational Technology Assessment (ETA).** Passing score on the Educational Technology Assessment.
- **Grade Point Average.** A minimum cumulative grade point average of 2.5

Post-baccalaureate students must meet with a program advisor, develop an appropriate course of study, and supply unofficial transcripts and other pertinent documents. Students must apply for admission at the outset but may be permitted to enroll in course work during the first semester while working to satisfy admission requirements. Students will not be permitted to enroll in

upper-division certification courses thereafter without being admitted into Teacher Education.

Pre-endorsement and Endorsement

All students should plan their programs early, consulting with a member of the Special Education faculty.

Special Education Pre-Endorsement Area Students majoring in Elementary Education who pursue the pre-endorsement area in Special Education receive additional skills in curricular and instructional accommodations for successful inclusive classrooms. This professional preparation assists K-8 teachers in making elementary school programs more accessible for all students, including those who have disabilities.

Special Education Pre-Endorsement	
Course Number and Title	Credits
ED-SPED 251 Collaboration in the School and Community	2
ED-SPED 252 Assistive Technology	1
ED-SPED 351 Access to the General Education Curriculum	1
ED-SPED 352 Differentiated Instruction for Academic Skills	2

Course Offerings

See page 52 for a definition of the course-numbering system.

ED-SPED — EDUCATION-SPECIAL EDUCATION Lower Division

ED-SPED 250 EXCEPTIONALITY IN THE SCHOOLS (2-0-2)(F/S). An overview of student ability and disability in the schools, including characteristics of students with disabilities, legal requirements for educating students with disabilities, and basic educational strategies. PREREQ: ED-CIFS 260. COREQ: ED-CIFS 261 and ED-BLESLS 200. (Note: for students in the Elementary Education Bilingual/ESL program, PREREQ/COREQ: ED-CIFS 260 and COREQ: ED-CIFS 261 and ED-BLESLS 202.)

ED-SPED 251 COLLABORATION IN SCHOOL AND COMMUNITY (2-0-2)(F). Benefits of and barriers to implementing collaborative programs. Special emphasis on the most common collaborative models in contemporary practice, and on those interpersonal skills required in effective collaboration.

ED-SPED 252 ASSISTIVE TECHNOLOGY (1-0-1)(S). Assessment of student needs in assistive technology (AT), including Augmentative and Alternative Communication (AAC); selection and development of AT services and devices; and identification of resources in AT. PREREQ: ED-SPED 250, ED-SPED 350, or ED-SPED 550. PRE/COREQ: EDTECH 202 or documentation of passing the Idaho Technology Competency Exam.

Upper Division

ED-SPED 350 TEACHING STUDENTS WITH EXCEPTIONAL NEEDS AT THE SECONDARY LEVEL (3-0-3)(F,S). Characteristics of students from common areas of exceptionality, relevant litigation and legislation, assessment techniques, instructional strategies, and collaboration. PREREQ: Admission to Secondary Education. COREQ: ED-CIFS 301 and ED-CIFS 302.

ED-SPED 351 ACCESS TO THE GENERAL EDUCATION CURRICULUM (1-0-1)(F/S). Curricular and instructional design, including Universal Design for Learning principles, to facilitate access to the general education curriculum for students with disabilities. PREREQ: Admission to Teacher Education and ED-SPED 250, ED-SPED 350, or ED-SPED 550. PRE/COREQ: EDTECH 202 or documentation of passing the Idaho Technology Competency Exam.

ED-SPED 352 DIFFERENTIATED INSTRUCTION FOR ACADEMIC SKILLS (2-0-2)(F). Instructional design features to respond to diverse student needs found in inclusive K-8 classrooms. Emphasis on skills needed for academic success in language arts and mathematics. PREREQ: Admission to Teacher Education and ED-SPED 250, ED-SPED 350, or ED-SPED 550. PRE/COREQ: ED-SPED 351.

ED-SPED 353 DIFFERENTIATED INSTRUCTION IN THE CONTENT AREAS (2-0-2)(S). Instructional design procedures to respond to diverse student needs found in inclusive K-8 classrooms. Emphasis on concepts and principles in social studies and science. PREREQ: Admission to Teacher Education and ED-SPED 250, ED-SPED 350, or ED-SPED 550. PRE/COREQ: ED-SPED 351.

ED-SPED 354 ASSESSMENT FOR DIFFERENTIATED INSTRUCTION (2-0-2)(F). Formal and informal assessment of diverse learners, including strengths and limitations of various assessments, appropriate selection of assessment tools, and collection and utilization of assessment data for instructional decision-making. PREREQ: Admission to Teacher Education and ED-SPED 250, ED-SPED 350, or ED-SPED 550. PRE/COREQ: ED-SPED 351.

ED-SPED 355 POSITIVE BEHAVIOR INTERVENTION (2-0-2)(S). Functional behavioral assessment and positive behavior intervention strategies, with special attention to behavioral issues with students who have disabilities. PREREQ: Admission to Teacher Education and ED-SPED 250, ED-SPED 350, or ED-SPED 550.

ED-SPED 356 INSTRUCTION FOR STUDENTS WITH SEVERE DISABILITIES (2-0-2)(F). Curriculum development and instructional strategies for students with severe disabilities in inclusive and specialized settings. PREREQ: Admission to Teacher Education; ED-SPED 250, ED-SPED 350, or ED-SPED 550; and ED-SPED 252.

ED-SPED 357 FORMAL ASSESSMENT FOR SPECIAL EDUCATION (2-0-2)(S). Administration, interpretation, and utilization of individual and group psychological and educational assessments in special education, with special attention to issues of eligibility and program development. PREREQ: Admission to Teacher Education and ED-SPED 250, ED-SPED 350, or ED-SPED 550.

ED-SPED 365 FIELD EXPERIENCE IN SPECIAL EDUCATION (2-0-2)(S). A school-based inclusive field placement with students who have disabilities, with structured assignments in professional collaboration, assessment, curriculum, and instruction, assistive technology, and positive behavior intervention. PRE/COREQ: ED-SPED 251, ED-SPED 252, ED-SPED 351, ED-SPED 352, ED-SPED 353, ED-SPED 354, ED-SPED 355.

ED-SPED 451 SPECIAL EDUCATION AND THE LAW (2-0-2)(F). Federal and state laws and regulations impacting the delivery of services to individuals with disabilities, with primary emphasis on the Individuals with Disabilities Education Act and the development of

Chapter 12 — Academic Programs

Department of Special Education

Individualized Education Programs. PREREQ: Admission to Teacher Education and ED-SPED 250, ED-SPED 350, or ED-SPED 550.

ED-SPED 452 INSTRUCTION FOR ADOLESCENTS WITH DISABILITIES (2-0-2)(S). Curriculum development and instructional strategies for providing successful access to secondary general education curricula to adolescents with disabilities. Instructional adaptations and strategies for effective transitions to community services. PREREQ: Admission to Teacher Education and ED-SPED 250, ED-SPED 350, or EDUC 550. PRE/COREQ: ED-SPED 351 and ED-SPED 353.

ED-SPED 456 CONTEMPORARY PRACTICES IN SEVERE DISABILITIES (2-0-2)(S)(Offered Even-numbered Years). Advanced studies in the field of severe disabilities, including definitional issues, etiology, multiple and physical disabilities, autism and related disorders, behavioral supports, health issues, vocational programming, family, residential options, and ethical issues relevant to individuals with severe disabilities. PREREQ: Admission to Teacher Education; ED-SPED 356.

ED-SPED 467 PROFESSIONAL YEAR III: TEACHING EXPERIENCE IN SPECIAL EDUCATION GENERALIST (0-21-7)(F/S). The concluding teaching experience in the Professional Year for students pursuing an endorsement in Special Education, with a full-time teaching experience in a special education classroom. Students will complete a teaching experience consistent with the calendars of the assigned partnership schools. (Pass/Fail). PREREQ: ED-CIFS 460 and completion of all Special Education Generalist requirements. COREQ: ED-CIFS 430, ED-CIFS 461.

ED-SPED 468 PROFESSIONAL YEAR III: TEACHING EXPERIENCE IN SPECIAL EDUCATION SEVERE DISABILITIES (0-21-7)(F/S). The concluding teaching experience in the Professional Year for students pursuing an endorsement in Special Education Severe Disabilities, with a full-time teaching experience in an special education severe disabilities classroom. Students will complete a teaching experience consistent with the calendars of the assigned partnership schools. (Pass/Fail). PREREQ: ED-CIFS 460 and completion of all Special Education Severe Disabilities requirements. COREQ: ED-CIFS 430 and ED-CIFS 461.

Chair and Professor: Richard Klautsch. *Professors:* Atlakson, Hoste. *Associate Professors:* Baltzell, Hansen. *Assistant Professors:* Durham, Reinhart, Wynn. *Special Lecturer:* Fee, A. Klautsch.

Degrees Offered

- B.A. and Minor in Theatre Arts
- B.A. in Theatre Arts, Secondary Education

Department Statement

The Department of Theatre Arts strives to serve the College of Arts and Sciences, Boise State University, the City of Boise, and the State of Idaho as the primary institution for learning about and practicing theatre arts within an active arts community and a modern urban university.

- It provides a variety of classes for general undergraduate education and for specialized theatre study within a liberal arts environment.
- It provides a season of performances that educates students and offers cultural enrichment to the community at large.
- It interacts with the Treasure Valley arts community to raise general arts awareness and it supports the growth of professional theatre for the mutual benefit of the profession and the department.

Theatre Arts, Secondary Education

The Theatre Arts, Secondary Education program is designed to assist students in developing the knowledge, skills, and dispositions essential for success in teaching theatre and drama at the secondary level. Course work combines content knowledge and production experience, theories of learning and human development, study of curriculum, and methodology. The program is grounded in the conceptual framework of the reflective practitioner. Reflective practitioners adjust their teaching approaches and learning environment to the needs and backgrounds of their students. Candidates who complete this program demonstrate evidence of meeting the Idaho Beginning Teacher Standards and are eligible for recommendation for state certification.

Students wishing to pursue this degree must meet the requirements and standards for admission to teacher education, which are fully described under the Department of Curriculum, Instruction, and Foundational Studies or at <http://education.boisestate.edu>. Students are expected to meet all knowledge, skill, and dispositional requirements for continued enrollment in the program.

THEA — THEATRE ARTS

Lower Division

THEA 10 THEATRE SYMPOSIUM (no credit) (F/S). A forum for the presentation and discussion of appropriate theatre-related topics and activities. Class meets weekly. Required of all full-time theatre arts majors each semester, but open to any person. Theatre arts majors may miss no more than four sessions in one semester.

THEA 101 INTRODUCTION TO THEATRE (3-0-3) (Area I). A survey course designed to stimulate an appreciation of drama and allied art forms, through the study of the history of theatre, dramatic literature, and production techniques.

THEA 102 BEGINNING BALLET I (0-2-1) (F). Basics of classical dance. Beginning barre work and center training to build strength and flexibility. Designed for students with no prior experience. May be repeated for a maximum of two credits. (Pass/Fail).

THEA 103 BEGINNING BALLET II (0-2-1) (S). A continuation of THEA 102. May be repeated for a maximum of two credits. (Pass/Fail). PREREQ: THEA 102 or PERM/INST.

THEA 105 PLAY ANALYSIS (3-0-3) (F/S). Analysis of plays, both modern and historical, to provide tools for the student to read a text critically and creatively for use in production.

THEA 112 BALLET I (0-3-1) (F/S). Beginning/intermediate classical ballet technique and movement vocabulary, for improving strength, flexibility, and correct body alignment. May be repeated for a maximum of four credits. PREREQ: THEA 103 or PERM/INST.

THEA 116 BEGINNING/INTERMEDIATE POINTE TECHNIQUE (0-2-1) (F/S). Pointe technique with emphasis on strength and alignment. PREREQ: PERM/INST. COREQ: THEA 112, THEA 213, THEA 314, or THEA 316.

THEA 117 TECHNICAL THEATRE I (3-3-4) (F). Provides practical knowledge and skill in the principles of the technical aspects of theatre.

THEA 118 TECHNICAL THEATRE II (3-3-4) (S). Development of drafting skills, problem-solving in staging, and the rudiments of lighting and design. PREREQ: THEA 117 or PERM/INST.

THEA 123 MODERN DANCE (0-2-1) (F/S). Opportunities for developing a sensitivity to the use of body movement, space, and time for creative expression. Improvement of flexibility, balance, coordination, and relaxation by using modern dance techniques and movement exploration. May be repeated for a maximum of two credits. (Pass/Fail).

THEA 125 JAZZ DANCE (0-2-1) (F/S). Basic fundamentals and techniques of jazz dance. May be repeated for a maximum of two credits. (Pass/Fail).

THEA 162 STAGE MAKE-UP (3-0-3) (F). Investigation and production analysis of stage makeup; the relationship of actor to play and audience, an integration of make-up, and other technical aspects that influence this particular art. Practical application emphasized.

THEA 205 MEN'S BALLET TECHNIQUE (0-2-1) (F/S). Emphasis is on body strengthening necessary to accomplish male-oriented ballet technique. Focuses on jumps, turns, and gran allegro required of male dancers in a classical and contemporary repertoire. May be repeated for credit. PREREQ: THEA 102 or PERM/INST.

THEA 210, 410 REPERTORY DANCE (0-3-2) (F/S). Choreography class for the creatively inclined dance student. Designed to give the student an opportunity to work with a professional

Chapter 12 — Academic Programs

Department of Theatre Arts

choreographer to learn methods of choreography, to rehearse, and to prepare for performance. Requirements involve choreographing a dance piece during the semester and perform in the faculty choreography. At least one year of dance training is recommended. May be repeated once at each level for credit.

THEA 212, 412 MOVEMENT AND DANCE FOR THE PERFORMING ARTIST (3-0-3). This course is designed to increase a student's capacity and versatility for movement that may be required in all types of theatrical productions. A large amount of material is covered including the basics of: body awareness, strengthening and stretching, partnership, tap, musical theatre, fight choreography, turning, Elizabethan dance, fencing, polkas, waltzes, mazurkas, working with props, and movement studies reflecting character and situation.

THEA 213 BALLET II (0-3-1) (F/S). An intermediate classical ballet technique class designed to follow THEA 112 Ballet I. May be repeated for a maximum of four credits. PREREQ: Two semesters of THEA 112 or PERM/INST.

THEA 215 ACTING I (3-0-3) (F/S). Beginning level exploration and development of the fundamental creative, physical, and analytical skills of acting. The study of basic acting terminology and theory will be augmented by writing assignments and selected reading.

THEA 216 ACTING II (3-0-3) (F). Intermediate acting study based on the continued exploration of the elements of physical action and their application to scene work. Class exercises and scenes will reinforce the development of basic acting tools learned in THEA 215 and will introduce methods of analyzing dramatic events, actions, characters, relationships and environments. Preparation and performance of various scenes will be augmented by writing assignments and selected reading. Concurrent enrollment in THEA 233 required for theatre arts majors. PREREQ: THEA 105 and THEA 215, or PERM/INST.

THEA 218 SCENE PAINTING (0-6-3) (S) (Offered even-years). Beginning and intermediate research and preparation through color theory and faux finishes.

THEA 220 CINEMA: HISTORY AND AESTHETICS (3-0-3) (F/S) (Area I). An examination of the beginnings and development of motion pictures with attention given to the qualities peculiar to cinema which give it validity as a unique art form.

THEA 221-222 THEATRE HISTORY (3-0-3) (F/S). Investigation of the periods of major importance in the development of theatre. The first semester will include the period from 800 BC through Elizabethan; the second semester, from the Elizabethan period through mid-20th century. PREREQ: ENGL 102.

THEA 223 MODERN DANCE II (0-2-1) (F/S). Instruction and participation in intermediate modern dance for development of flexibility, balance, coordination, and movement control leading to dance choreography and production work. May be repeated for a maximum of four credits. PREREQ: THEA 123 or PERM/INST.

THEA 225 JAZZ DANCE II (0-2-1) (F/S). Expands jazz dance training, exploring fundamentals used in jazz dance, while focusing on different styles including hip-hop, classical jazz and lyrical, leading to choreography and production work. May be repeated for credit. PREREQ: THEA 125 or PERM/INST.

THEA 231 MAJOR PRODUCTION PARTICIPATION (0-3-1) (F/S). Participation in a major college production in some aspect of technical theatre or management. May be repeated once for credit. PREREQ: THEA 117 or PERM/INST.

THEA 233 STAGE VOICE I (2-1-2) (F/S). An exploration of basic vocal techniques. Students learn vocal anatomy, relaxation techniques and a series of exercises designed to improve breath control, resonance, energy, and vocal range. These skills will be applied to a variety of texts to achieve an appreciation of the flexibility of the voice and its ability to respond to language and imagery.

THEA 234 STAGE VOICE II (2-1-2) (F/S). Basics of articulation with work on the articulatory mechanisms and individual American English speech sounds through the International Phonetic Alphabet. Work on specific interpretive techniques of operative word identification and scoring. Speech skills will be applied to works of various poets and playwrights. PREREQ: THEA 233 or PERM/INST.

THEA 287 CHILDREN'S THEATRE (3-0-3) (F). An examination of the literature, theory, and history of theatre for children. Includes practical participation in an on-campus production of a play for children.

Upper Division

THEA 300 STAGE MANAGEMENT (2-1-3) (S) (Offered odd-years). Backstage operation, organization and management of theatrical productions. Emphasis on methods of communication and practical application of management techniques.

THEA 311 ADVANCED ACTING (3-0-3) (F/S). Designed to offer continual "on-feet" scene study with particular emphasis upon characterization, the interaction of characters, and the further exploration of circumstances, properties, and environments. Scene projects will be drawn from the modern drama. Class projects will be augmented by writing assignments and selected reading, including play and character analysis. Concurrent enrollment in THEA 234 required for theatre arts majors. PREREQ: THEA 215 and 216, or PERM/INST.

THEA 314 BALLET III (0-6-2) (F/S). An advanced classical ballet technique class designed as a follow to THEA 213, Ballet II. The class is designed for the serious, advanced student and demands rigorous discipline. A comprehensive barre is followed by center work that covers adagio, pirouettes, petite allegro, gran allegro, etc. Admission to class by permission of instructor. May be repeated for a maximum of eight credits. PREREQ: PERM/INST.

THEA 316 ADVANCED POINTE TECHNIQUE CLASS (0-3-1) (F/S). Pointe technique class for the advanced ballet dancer. Emphasis is on strengthening the feet and perfecting the ballet technique imperative for performing a classical repertoire. PREREQ: THEA 314 or PERM/INST. May be repeated for credit.

THEA 318 METHODS OF TEACHING SECONDARY SCHOOL THEATRE (2-0-2) (S) (Odd years). Study of methods of teaching acting, play structure, and theatre production at the secondary level. Twenty hours of directed observation required. PREREQ: THEA 105, THEA 216, THEA 212 or THEA 412.

THEA 331 ADVANCED MAJOR PRODUCTION PARTICIPATION (0-3-1) (F/S). Advanced participation in a major college production in some aspect of technical theatre, management, or design. May be repeated once for credit. PREREQ: THEA 118 or PERM/INST.

THEA 335 STAGE VOICE (2-0-2) (F/S). Advanced dialects and "character" voices. Interpretative work on vocal reaction in scene studies, verse drama, and Shakespeare. Final overview and individual analysis. PREREQ: THEA 234 or PERM/INST.

THEA 340 PLAYWRITING (3-0-3) (F). Experience in creating a play script for the theatre, culminating in the construction and staged reading of an original one-act. May be repeated for credit.

THEA 341 WESTERN WORLD DRAMA 500 BC-1642 (3-0-3) (F). Study of outstanding selections of dramatic literature. The plays are studied from a theatrical point of view, i.e., they are approached as scripts intended for production as well as examples of literary form.

THEA 342 WESTERN WORLD DRAMA SINCE 1642 (3-0-3) (S). Study of outstanding selections of dramatic literature. The plays are studied from a theatrical point of view, i.e., they are approached as scripts intended for production as well as examples of literary form.

THEA 350 SCREENWRITING (3-0-3) (S). Creating a premise, synopsis, treatment, and first draft of a full-length feature screenplay. May be repeated once for credit.

THEA 351 ELEMENTS OF SCENIC DESIGN (3-0-3) (S) (Even years). Major skills of beginning design. Included will be art techniques for the theatre, research in periods of scenic design, examination of designers' works, and practical experience in designing for various types of stages. PREREQ: THEA 117-118.

THEA 352 COSTUME DESIGN (3-0-3) (S) (Odd years). Skills of beginning costume design, including techniques for theatre, research in periods of costume design, examination of major costume designers' works, and practical experience in designing for all manner of productions. PREREQ: THEA 117-118.

THEA 362 STAGE LIGHTING DESIGN (3-0-3) (F) (Even years). A study of the theories, principles and practices of stage lighting including both aesthetic conception and practical application. Script analysis and lighting theory applied to actual designs for various stages and productions. PREREQ: THEA 117-118.

THEA 401 DIRECTING (3-0-3). Basic theory and techniques of stage directing. Includes the direction of scenes and one-act plays. Special problems of directing are presented. PREREQ: THEA 221, THEA 222 and upper-division standing.

THEA 402 DIRECTING (3-0-3). Basic theory and techniques of stage directing. Includes the direction of scenes and one-act plays. Special problems of directing are presented. PREREQ: THEA 401.

THEA 415 ACTING STYLES (3-0-3) (S) (Odd years). This studio course is a concentrated study in acting styles; scene work from Shakespeare, Restoration, Moliere, and absurdist. May be repeated for credit. PREREQ: THEA 215, THEA 216 and THEA 311.

THEA 440 THEATRE MANAGEMENT (3-0-3) (F) (Even years). Operational procedures for high school, university, community, and professional theatre. Includes consideration of organization, personnel, budgeting, purchasing, accounting, ticket sales, publicity, audience development, house management, and season development.

THEA 445 CONTEMPORARY THEATRE (3-0-3) (S) (Alternate years). A study of world theatre and drama since 1960 with an emphasis on current research materials and techniques.

THEA 491 SENIOR PROJECTS (0-6-3) (F/S). The student will prepare and execute a major creative task in theatre. The student will completely research, plan, and execute a theatrical endeavor relative to his emphasis in theatre, culminating with a formally written evaluation of the entire experience. The project, upon completion, will be evaluated and graded by every appropriate faculty member. PREREQ: PERM/CHAIR.

Applied Technology Programs

Program offerings are dependent upon sufficient student interest and availability of instructors.

Applied Academics

Instructors: Brennon, Hill, Miller, Reese.

Course Offerings

See page 52 for a definition of the course-numbering system.

APPACAD — APPLIED ACADEMICS

APPACAD 65 SKILLS FOR CAREER AND LIFE PLANNING DECISIONS (1-0-0). Develop skills in evaluating choices, values and strategies for making informed decisions about career planning. Develops personalized process of self-assessment and career search.

APPACAD 70 BASIC MATH REVIEW (3-0-0). Whole numbers, fractions, decimals, ratios, proportions, percents, averages, and measurements. PREREQ: Satisfactory placement score.

APPACAD 80 READING AND STUDY SKILLS (3-0-0). Develops reading and study skills. Reading speed and comprehension improvement, textbook reading, note and test taking, and library use.

APPACAD 85 BASIC COMPOSITION (3-0-0). Fundamental skills in grammar, word usage, and punctuation. Builds sentence, paragraph, and basic essay skills. PREREQ: Satisfactory placement score.

APPACAD 88 INTRODUCTION TO ALGEBRA (3-0-0). For students who have no previous algebra experience or who need a thorough review. Real numbers, unit conversions, linear equations, word problems, polynomials, integer exponents, scientific notation, ratio, factoring quadratic trinomials. PREREQ: Satisfactory placement score or APPACAD 70 or MATH 15.

APPACAD 90 ELEMENTARY ALGEBRA (3-0-0). Designed for students with existing or prior algebra knowledge; a continuation of APPACAD 88. Rational expressions, graphing, linear equations, linear systems, linear inequalities, and application problems. PREREQ: Satisfactory placement score or APPACAD 88.

APPACAD 111 APPLIED COMMUNICATION (3-0-3)(F/S). Provides tools for increasing personal communication competency in interpersonal relationships, small groups, and public presentations. This course can be used in place of COMM 101 as an Area II core requirement on completion of the A.A.S. degree.

APPACAD 130 MECHANICAL MATH (1-0-1)(F/S). Introduces mathematical skills relevant to the mechanical industry. Topics include: whole numbers, fractions, decimals, percents, proportions, basic electrical calculations, and angles. First five-week block. PREREQ: Satisfactory placement score or APPACAD 70 or MATH 15.

APPACAD 136 APPLIED TECHNICAL MATH (3-0-3)(F/S). Basic mathematical concepts and algebraic problem solving with strong emphasis on practical applications. Topics include estimating, fractions, decimals, ratios/proportions, percents, calculator usage, units of measurement, signed numbers, exponents and roots, algebraic operations, solutions of linear equations, scientific notation, and geometry of plane and solid figures. PREREQ: Satisfactory placement score or APPACAD 70 or MATH 15.

APPACAD 137 APPLIED GEOMETRY (1-0-1)(F/S). Principles of basic geometry and trigonometry relating to applied technology. PREREQ: APPACAD 136.

APPACAD 138 APPLIED BUSINESS MATH (3-0-3)(F/S). Basic mathematical concepts, applied business math principles, word problems analysis, and practical applications. Topics include estimating, calculator usage, percents, ratios/proportions, banking, payroll, cash/trade discounts, retail mark up/mark down, interest and present value, promissory notes, and depreciation. PREREQ: Satisfactory placement score or APPACAD 70 or MATH 15.

APPACAD 139 APPLIED ALGEBRA AND TRIGONOMETRY (3-0-3)(F/S). Intermediate principles of algebra, geometry, and trigonometry for applied technology. PREREQ: Satisfactory placement score or APPACAD 88.

APPACAD 141 APPLIED INTERMEDIATE ALGEBRA (3-0-3)(F/S). Intermediate math for applied technology. Topics cover concepts of statistics, direct applications of algebra, and graphing of functions. PREREQ: APPACAD 139.

APPACAD 143 MATH FOR MACHINE TOOL TECHNOLOGY (3-0-3)(S). Applied mathematics relating to machine tool technology including fundamentals of algebra, principles of plane geometry, trigonometry, and compound angles. PREREQ: APPACAD 136.

APPACAD 181 OCCUPATIONAL RELATIONS (3-0-3)(F/S). Dynamics of organizational culture. Skills for succeeding in the workplace: interviewing, conflict management, team-building, meeting facilitation, employee rights, workplace diversity, and professional work ethics.

APPACAD 221 TECHNICAL REPORT WRITING (3-0-3)(F/S). Students will study and apply principles of workplace communications to complete the kinds of practical writing projects often required in industry, with an emphasis on creating technical reports. PREREQ: Satisfactory placement score or APPACAD 85 or ENGL 90 or ENGL 101.

Apprenticeship Program

Degrees Offered

- A.A.S. and B.A.S. in Apprenticeship Program

Program Statement

The associate of applied science degree for apprentices is a technical degree with emphasis on technical content and supervised, on-the-job experience. All related course work and on-the-job experience (except the general education requirements) are graded pass or fail.

To be eligible for this program, students must be registered with the Larry G. Selland College of Applied Technology. After completion of at least 544 hours in related course work and 8000 hours on-the-job instruction has been verified by the student's employer(s) and the Larry G. Selland College of Applied Technology, a transcript listing the student's course work and area of specialty is forwarded to the registrar; this information is then listed on an official Boise State transcript.

This program normally requires four years to complete. Special fees apply to this program.

Students interested in this program should contact the Larry G. Selland College of Applied Technology, Center for Workforce Training, Technical Services Building, Room 105, telephone 208 426-1974.

Degree Requirements

Apprenticeship Program Associate of Applied Science	
Course Number and Title	Credits
APPREN 101 Apprenticeship Training Technology	56
ENGL 101 and ENGL 102 or COMM 101 or APPACAD 111	6
Area I or II core course in any field	3
Area III core course in mathematics	3-5
Area I, II, or III core course in any field	3-4

Total	72

Course Offerings

See page 52 for a definition of the course-numbering system.

APPREN — APPRENTICESHIP

APPREN 101 APPRENTICESHIP TRAINING TECHNOLOGY (V-V-56). This program provides the student with related instruction and supervised, on-the-job experience. Content of the related instruction provides the student with the technical support course work needed to function on the job. The on-the-job experience is located at work sites (union and nonunion). (Pass/Fail). PREREQ: Registered with the Larry G. Selland College of Applied Technology.

Auto Body

Instructors: Parke, Paul

Degrees Offered

- T.C., A.T.C., A.A.S., and B.A.S. in Auto Body

Program Statement

The Auto Body Program provides students with the skills necessary for employment in the collision and refinishing trade. First year training includes theory and lab covering: welding, minor repair, polishing, priming, panel replacement, plastic bumper repair, estimating, structural and non-structural repair. Second year training includes theory and lab covering: refinishing, and related equipment, blending, color match, primers, detailing, custom painting, estimating, structural and non-structural repair.

Degree Requirements

Auto Body Technical Certificate	
Course Number and Title	Credits
APPACAD 130 Mechanical Math	1
APPACAD 181 Occupational Relations	3
AUTOBD 101 Minor Body Repair Lab	7
AUTOBD 102 Collision Repair Lab	7

16 credits chosen from above. Please refer to the A.A.S. requirements in Chapter 11 for explanation.	
Total	71

Course Offerings

See page 53 for a definition of the course-numbering system.

AUTOBD — AUTO BODY

AUTOBD 101 MINOR BODY REPAIR LAB (0-21-7) (F/S). Lab course to support AUTOBD 151, AUTOBD 161, AUTOBD 171, and AUTOBD 191.

AUTOBD 102 COLLISION REPAIR LAB (0-21-7) (F/S). Lab course to support AUTOBD 162, AUTOBD 172, and AUTOBD 192.

AUTOBD 151 SAFETY (2-0-2) (F/S). Orientation of tools, safety, shop procedures, and industry needs and standards.

AUTOBD 161 WELDING (2-0-2) (F/S). Mild steel, brazing, wire feed welding on car sheet metals, basic oxyacetylene, MIG welding, plasma air arc cutting, equipment, tools and safety.

AUTOBD 162 COLLISION REPAIR (3-0-3) (F/S). Advanced theory skills in minor collision damage, major bench repair techniques, panel replacement, and rubber panel repair.

AUTOBD 171 MINOR REPAIRS (2-0-2) (F/S). Basic theory in metal finishing and minor body damage using plastic body fillers, roughing metal and grinding sheet metals, sandpapers, sanding techniques of plastic fillers, and air tools.

AUTOBD 172 PRIMERS/PAINT PREP (1-2-2) (S). Primers, paint prep, basic sanding, and preparing of painted surfaces.

AUTOBD 191 DETAIL AND POLISHING (2-0-2) (F/S). Basic theory in car polishing, paint surface cleaning, interior and exterior detailing, and shop management.

AUTOBD 192 ESTIMATING (1-2-2) (S). Measuring, analysis, and estimating. Basic measuring systems, estimating collision damaged, and painting surfaces.

AUTOBD 201 PAINT/REFINISHING LAB (0-21-7) (F/S). Lab course to support AUTOBD 231 and AUTOBD 261.

AUTOBD 202 ADVANCED COLLISION REPAIR LAB (0-9-3) (F/S). Lab course to support AUTOBD 242, AUTOBD 252, and AUTOBD 272.

AUTOBD 222 AUTO BODY CO-OP (0-12-4) (F/S). Coursework with local dealerships and independent shops. Development of interpersonal and job-readiness skills needed in the auto body/collision repair field.

AUTOBD 231 TWO- AND FOUR-WHEEL ALIGNMENT (2-1-2) (F/S). Hands-on operation and servicing of two- and four-wheel alignment and suspension systems.

AUTOBD 242 AUTOMOTIVE ELECTRICAL SYSTEMS (2-1-2) (F/S). Basic automotive electrical systems, testing equipment, charging systems, and wire repair as they apply to collision repair.

AUTOBD 251 AUTO BODY THEORY (3-1-3) (F). Collision damage repair. Advanced knowledge of panel replacement, unibody collision repair, bench repair systems, frame alignment, and measuring analysis.

AUTOBD 252 ADVANCED COLLISION REPAIR (3-0-3) (F/S). Collision damage repair, welding or gluing of panel replacement, unibody collision repair, bench repair systems, frame alignment, and measuring analysis.

AUTOBD 261 PAINT REFINISHING (3-0-3) (F). Painting, advanced knowledge of painting, color matching, blending, color sanding, and polishing. Custom painting, graphics, stripes, flames, shading.

AUTOBD 272 AUTOMOTIVE HEATING AND AIR CONDITIONING (2-1-2) (F/S). Basic understanding of automotive heating and air conditioning including evacuation and charging of air conditioning refrigerants.

Automated Industrial Technician Degrees Offered

- A.T.C., A.A.S., and B.A.S. in Automated Industrial Technician

Program Statement

Automotive Technology

Instructors: Doughty, Gaines, Hall, Martinez, Neal.

Degrees Offered

- P.T.C. in Maintenance and Light Repair
- T.C., A.T.C., A.A.S., and B.A.S. in Automotive Technology

Program Statement

The Automotive Technology Program covers diagnosis, service, and repair of automobiles and light trucks.

The postsecondary technical certificate (P.T.C.) in Maintenance and Light Repair, offered in partnership with Ford Motor Company, offers a quick, low-intensity opportunity for students to enter the field of automotive service. Students will acquire the necessary skills to perform regular maintenance, minor or light repairs, and parts installation on automobiles and light trucks.

The technical certificate (T.C.) covers general principles and specific product information. Lab work emphasizes a hands-on orientation with extensive training on functional vehicles. In all cases, courses are oriented toward high levels of technical understanding to provide the skills needed for employment.

In addition to advanced technical theory in the classroom, the advanced technical certificate (A.T.C.) includes laboratory work in a practicum setting with local dealerships, independent garages, and specialty shops. In addition to the A.T.C., students may choose to continue their education by completing the university core requirements for the associate of applied science degree.

The Automotive Technology program is fully accredited by the National Automotive Technicians Education Foundation (NATEF), and the instructors are master technicians certified by Automotive Service Excellence (ASE).

AUTOTEC — AUTOMOTIVE TECHNOLOGY

AUTOTEC 120 AUTOMOTIVE BRAKES, SUSPENSION AND ALIGNMENT (5-0-5) (F/S).

Focuses on design, construction, and operation of various brake, suspension, and steering systems, power assist units, and anti-lock brake systems. Includes theory of wheel alignment and wheel balancing. PREREQ OR COREQ: CORBLK 110 COREQ: AUTOTEC 120L.

Chapter 13 — Applied Technology Programs

Automotive Technology

AUTOTEC 120L AUTOMOTIVE BRAKES, SUSPENSION AND ALIGNMENT LAB (0-6-2) (F/S). COREQ: AUTOTEC 120.

AUTOTEC 130 ELECTRICAL SYSTEMS, HEATING AND AIR CONDITIONING (5-0-5) (F/S). Theory of basic electrical systems and power accessories. Identification and use of basic and sophisticated electronic test equipment. Focuses on the design characteristics and principles of automotive heating and air conditioning. PREREQ OR COREQ: CORBLK 110 COREQ: AUTOTEC 130L.

AUTOTEC 130L ELECTRICAL SYSTEMS, HEATING AND AIR CONDITIONING LAB (0-6-2) (F/S). COREQ: AUTOTEC 130.

AUTOTEC 140 ENGINES, MANUAL TRANSMISSION AND DIFFERENTIAL REPAIR (5-0-5) (F/S). Engine, manual transmission, study of differential design and theory. Proper parts evaluation, disassembly, and assembly techniques. PREREQ OR COREQ: CORBLK 110. COREQ: AUTOTEC 140L.

AUTOTEC 140L ENGINES, MANUAL TRANSMISSION AND DIFFERENTIAL REPAIR LAB (0-6-2) (F/S). COREQ: AUTOTEC 140.

AUTOTEC 150 AUTOMATIC TRANSMISSION AND ENGINE PERFORMANCE (5-0-5) (F/S). Focuses on fundamentals of automatic transmissions and the study of transaxle design features, and theory of operation. Includes the theory, design and operation of the fuel, ignition, and computer-controlled systems with emphasis on engine performance. PREREQ OR COREQ: CORBLK 110. COREQ: AUTOTEC 150L.

AUTOTEC 150L AUTOMATIC TRANSMISSION AND ENGINE PERFORMANCE LAB (0-6-2) (F/S). COREQ: AUTOTEC 150.

AUTOTEC 270 ADVANCED BRAKES, SUSPENSION AND ALIGNMENT (1-5-3) (F/S). Advanced wheel alignment and brake system principles and concepts in the diagnosis and repair of two- and four-wheel drive vehicles utilizing computerized equipment. PREREQ: AUTOTEC 150.

AUTOTEC 271 ADVANCED ELECTRICAL AND ELECTRONIC SYSTEMS (1-5-3) (F/S). Advanced electrical systems principles and concepts in the diagnosis and repair of electrical problems utilizing the latest technology in testing equipment. PREREQ: AUTOTEC 150.

AUTOTEC 272 ADVANCED ENGINE REPAIR AND HEAVY LINE (1-5-3) (F/S). Advanced engine repair principles and concepts in diagnosis, disassembly, inspection, repair, and assembly of domestic and foreign car engines and accessories. PREREQ: AUTOTEC 150.

AUTOTEC 273 ADVANCED TRANSMISSIONS/TRANSAXLES AND DIFFERENTIALS (1-5-3) (F/S). Advanced principles and concepts in diagnosis, disassembly, inspection, repair, and assembly of domestic and foreign automobile automatic and manual transmissions, transaxles and differentials. PREREQ: AUTOTEC 150.

AUTOTEC 274 ADVANCED ENGINE PERFORMANCE (1-5-3) (F/S). Advanced principles and concepts in the diagnosis of problems and adjustment of vehicle computer control system. PREREQ: AUTOTEC 150.

AUTOTEC 275 ADVANCED HEATING AND AIR CONDITIONING (1-5-3) (F/S). Advanced troubleshooting and repair techniques used on heating and air conditioning systems. PREREQ: AUTOTEC 150.

Broadcast Technology

Instructors: McArthur, Paluzzi.

Degrees Offered

- A.T.C., A.A.S., and B.A.S. in Broadcast Technology

Program Statement

The broadcast technology program prepares students to operate and maintain broadcast audio and video equipment in the context of broadcast station operations. An emphasis is placed on analog and digital electronics. Additionally, technicians develop competencies in multi-track recording technology, studio facilities design and construction, field production, videotape technology, broadcast operations, broadcast technology management, and broadcast equipment maintenance. Through opportunities offered by internship programs, technicians develop a realistic understanding of professional work ethics under actual working conditions.

BRDTEC — BROADCAST TECHNOLOGY

BRDTEC 121 BROADCAST OPERATIONS (3-0-3) (F/S). Theory and practice of master control operations for radio and television, including master control switching, character generators, audiotape and videotape recorder operations, time-based correction, camera operations, satellite and microwave operations, metering functions, and rf transmission systems.

BRDTEC 122 BROADCAST OPERATIONS LABORATORY (0-3-1) (F/S). Lab to support BRDTEC 121.

BRDTEC 217 ELECTRONIC FIELD PRODUCTION (3-0-3) (F/S). Broadcast field equipment maintenance techniques, utilization of audio and video broadcast equipment in the field. PREREQ: BRDTEC 221.

BRDTEC 218 ELECTRONIC FIELD PRODUCTION LABORATORY (0-3-1) (F/S). Lab to support BRDTEC 217.

BRDTEC 221 BROADCAST FACILITIES MAINTENANCE (3-0-3) (F/S). Preventive maintenance for studio and field-based broadcast systems. Procedures for routine repair of broadcast equipment. Conceptual knowledge of electronic components within broadcast systems. SBE certification exam preparation. PREREQ: ELCTEC 163 and BRDTEC 121.

BRDTEC 222 BROADCAST FACILITIES MAINTENANCE LABORATORY (0-3-1) (F/S). Lab to support BRDTEC 221.

BRDTEC 230 RF FOR BROADCASTING (3-0-3) (F/S). Transmitters, receivers, transmission lines, fiber optics and antennas. PREREQ: BRDTEC 221.

BRDTEC 232 RF FOR BROADCASTING LABORATORY (0-3-1) (F/S). Lab to support BRDTEC 230.

BRDTEC 293 BROADCAST TECHNOLOGY INTERNSHIP (0-50-1) (F/S). Practical experience within a professional broadcast environment. Course can be repeated for credit.

Business Technology

Instructors: Benson, Harbacheck, Hartman, Metzgar, Orr.

Degrees Offered

- T.C. in Business Technology
- A.T.C., A.A.S., and B.A.S. in Accounting Technology
- A.T.C., A.A.S., and B.A.S. in Administrative Office Technology
- A.T.C., A.A.S., and B.A.S. in Legal Office Technology

Program Statement

The Business Technology Program develops strong basic skills, technical skills, knowledge, and attitudes required for successful employment in a variety of business offices in private industry and government. Students in the program may pursue a 1-year technical certificate in business technology or a specialized 2-year advanced technical certificate or associate of applied science degree in accounting technology, administrative office technology, or legal office technology.

The Business Technology Program is competency-based, specifying student performance objectives required for employment. Previous training or experience may be substituted for course work if competence is demonstrated through testing (with permission of the program head and the instructor).

The technical certificate program provides students with the basic skills necessary to work in such entry-level office positions as office clerk, receptionist, office assistant, or information processing assistant. After completing the program, students will be able to perform such routine office tasks as filing, answering the telephone, and record keeping, as well as using microcomputers for word processing and basic business applications. Emphasis is placed on developing communication and problem-solving skills in addition to technical skills. A technical certificate is awarded upon successful completion of the required business technology courses. All credits earned for a technical certificate may be applied toward an advanced technical certificate or associate of applied science degree.

Degree Requirements

Business Technology Technical Certificate	
Course Number and Title	Credits
APPACAD 138 Applied Business Math	3
BUSTEC 104 Leadership Development	1
BUSTEC 110 Document Formatting	3
BUSTEC 111 Document Processing	3
BUSTEC 112 Office Procedures	3
BUSTEC 118 Career Development	3

BUSTEC 151 Applied Accounting I	3
BUSTEC 162 Business Computer Applications I	3
BUSTEC 164 Business Computer Applications II	3
Total	31

The program leading to an associate of applied science degree in accounting technology provides students with the basic knowledge of accounting processes necessary for employment as accounting clerks, payroll clerks, bookkeepers, accounting technicians, and accounting associates. After completing the program, students will be able to record day-to-day financial transactions and prepare summary statements of business conditions for a small business, or assist with the accounting functions of a larger business or government agency. Emphasis is placed on using microcomputers to perform accounting functions and prepare reports. As a capstone training experience, students complete a one-semester internship in an accounting technician trainee position. This internship allows students to apply competencies previously learned to on-the-job situations.

The program leading to an associate of applied science degree in administrative office technology provides students with the technical skills and knowledge necessary for employment in a variety of office positions and for advancement toward administrative assistant and office management positions. After completing the program, students will be able to perform a variety of administrative duties in an office as well as use microcomputers and business application software to perform advanced information processing functions. Emphasis is placed on developing problem-solving and decision-making abilities in addition to technical skills. As a capstone training experience, students complete a one-semester internship in an administrative support trainee position. This internship allows students to apply competencies previously learned to on-the-job situations.

The program leading to an associate of applied science degree in legal office technology provides students with the technical skills and knowledge necessary for employment in a legal office as a legal secretary or legal word processor. After completing the program, students will be able to perform a variety of administrative and technical duties essential to the efficient operation of a legal office. Specialized training is provided in legal terminology and transcription, legal office procedures, and legal document preparation. Emphasis is placed on legal systems and procedures as well as using microcomputers and business application software to perform advanced information-processing functions. Problem-solving and decision-making abilities are developed in addition to technical skills. As a capstone training experience, students will complete a one-semester internship in a legal secretary trainee position. This internship allows students to apply competencies previously learned to on-the-job situations.

BUSTEC — BUSINESS TECHNOLOGY

BUSTEC 104 LEADERSHIP DEVELOPMENT (1-1-1)(F/S). Emphasis on leadership skills, parliamentary procedures, interpersonal communication, and occupational skill enhancement. Competence developed through business-oriented community/campus projects and state/national leadership conferences/competition.

BUSTEC 110 DOCUMENT FORMATTING (2-3-3)(F/S). Introduction to the alphabetic and numeric computer keyboard and basic keyboarding techniques. Develops skill and proficiency in formatting basic business documents including correspondence, reports, and tables using word processing features and functions. Emphasis on mailability, keyboarding speed, and accuracy.

BUSTEC 111 DOCUMENT PROCESSING (1-5-3)(F/S). Develops skill in producing business documents including specialized tables, reports, correspondence, forms, and graphics using word processing functions and features. Emphasis on productivity and continued improvement in keyboarding speed and accuracy. PREREQ: BUSTEC 110 and demonstrated keyboarding speed of 30 net words per minute on a 3 minute timing.

BUSTEC 112 OFFICE PROCEDURES (3-2-3)(F/S). An introduction to the role of the office professional in the modern office environment. Develops skills in telephone communication, mail handling procedures, organization and time management, records management, meeting and travel planning, and other administrative support responsibilities.

BUSTEC 118 CAREER DEVELOPMENT (3-2-3)(F/S). Strategies and techniques for establishing and succeeding in a career. Emphasizes self-analysis, developing a job search strategy, preparing a professional portfolio, effective interview techniques, human relations, and current career topics.

BUSTEC 133 BUSINESS ENGLISH (3-2-3)(F/S). Comprehensive review of English skills with emphasis on correct grammar usage, sentence structure, word usage, spelling, and vocabulary. Covers mechanics of punctuation, capitalization, number usage, and abbreviations. Provides strong foundation for effective communication in business.

BUSTEC 135 BUSINESS EDITING (2-3-3)(F/S). Application of proofreading and editing techniques to written business communications. Develops skill in detecting and correcting errors in format, punctuation, spelling, grammar, and word usage as well as editing for clarity and conciseness. Includes transcription of business documents from recorded dictation. PREREQ: BUSTEC 133.

BUSTEC 151 APPLIED ACCOUNTING I (3-2-3)(F/S). Introduction of fundamental double-entry accounting concepts and terminology. Emphasis on analyzing and recording business transactions and completing adjusting and closing entries for the accounting cycle of a service business. Includes procedures for banking, cash funds, calculating and recording payroll.

BUSTEC 161 INTRO TO MICROCOMPUTERS (2-2-3)(F/S). An introduction to the fundamentals of microcomputers and specialized software used in business, including word processing, database, spreadsheets, and operating systems.

BUSTEC 162 BUSINESS COMPUTER APPLICATIONS I (1-4-3)(F/S). Introduction to computer components and terminology, the Windows environment, and current productivity software with emphasis on spreadsheet, database, and electronic presentation applications.

BUSTEC 164 BUSINESS COMPUTER APPLICATIONS II (1-4-3)(F/S). Intermediate course in computer software for business with emphasis on business problem solving and productivity in spreadsheet, database, and electronic presentation applications. PREREQ: BUSTEC 162.

BUSTEC 210 LEGAL WORD PROCESSING (1-4-3)(F/S). Introduction to legal document formatting and production using WordPerfect word processing software. PREREQ: BUSTEC 111.

BUSTEC 211 WORD PROCESSING PRODUCTION I (1-5-3)(F/S). Develops skill in creating and revising complex business documents and integrated office projects using advanced functions and desktop publishing features of word processing software. Emphasis on decision-making, productivity, and high-quality work. PREREQ: BUSTEC 111 and demonstrated keyboarding speed of 40 net words per minute on a 5 minute timing.

BUSTEC 212 WORD PROCESSING PRODUCTION II (1-5-3)(F/S). Develops proficiency in using advanced word processing functions of multiple software packages. This course will allow students to maximize their effectiveness in using word processing capabilities to produce impressive documents in the business office. PREREQ: BUSTEC 211 and demonstrated keyboarding speed of 50 net words per minute on a 5 minute timing.

BUSTEC 231 APPLIED BUSINESS COMMUNICATION (3-0-3)(F/S). Principles and strategies for effective written and oral communication in business. Develops ability to analyze communication problems; organize ideas logically; and express ideas correctly and persuasively in business letters, memos, reports, and oral presentations. Emphasis on systematic and creative approaches to solving business communication problems. PREREQ: BUSTEC 133.

BUSTEC 252 APPLIED ACCOUNTING II (3-2-3)(F/S). Continuation of BUSTEC 151. Includes accounting for sales, purchases, cash payments, and cash receipts; completing adjusting and closing entries; and preparing financial statements for a merchandising business. Introduces accounting for notes payable and receivable as well as valuation of receivables, inventories, and plant assets. PREREQ: BUSTEC 151.

BUSTEC 253 APPLIED ACCOUNTING III (3-2-3)(F/S). Introduction of advanced accounting topics. Includes voucher systems, accounting procedures for partnerships and corporations, statement of cash flows, analysis of financial statements, and an overview of departmental and manufacturing accounting. PREREQ: BUSTEC 252.

BUSTEC 255 COMPUTERIZED ACCOUNTING (1-5-3)(F/S). Introduction to computerized systems for establishing and maintaining small business accounting records. Includes integrated

modules for general ledger, invoicing, cash receipts, purchasing, accounts payable/receivable, fixed assets, and payroll; performing end-of-period and end-of-year closing operations; and generating financial reports. PREREQ: BUSTEC 252.

BUSTEC 257 PAYROLL ACCOUNTING (2-3-3)(F/S). Comprehensive coverage of payroll operations and reporting. Provides practice in calculation of payroll and payroll taxes and preparation of records and reports that form the foundation of an efficient payroll system. PREREQ: BUSTEC 151.

BUSTEC 261 INTEGRATED MICROCOMPUTER APPLICATIONS (1-5-3)(F/S). Explores software applications in the graphical operating environment including basic concepts and features, multi-tasking, and data transfer. Expands knowledge of microcomputer applications used in typical business information systems with emphasis on problem-solving. PREREQ: BUSTEC 110 and BUSTEC 161.

BUSTEC 267 DESKTOP PUBLISHING (1-5-3)(F/S). Develops skill in professional document preparation using specialized software. Presents layout and design concepts and software functions applied to business documents such as flyers, brochures, newsletters, forms, and presentation media. PREREQ: BUSTEC 261 or MRKTEC 250 or PERM/INST.

BUSTEC 271 LEGAL TERMINOLOGY AND TRANSCRIPTION (1-5-3)(F/S). Introduction to legal vocabulary, including Latin terms, and transcription of dictated legal documents. Emphasis on producing high-quality work. PREREQ: BUSTEC 135.

BUSTEC 273 LEGAL OFFICE TECHNOLOGY I (3-2-3)(F/S). Introduction to basic procedures in the legal office including legal document preparation, records management, use of law library, and an overview of court systems and administrative agencies. Emphasis on legal ethics and responsibilities of a legal office professional.

BUSTEC 274 LEGAL OFFICE TECHNOLOGY II (3-2-3)(F/S). Advanced legal office procedures required for civil and criminal litigation, business organizations, contracts, real estate, bankruptcy, and wills/estates. Emphasis on understanding legal systems and processes. PREREQ: BUSTEC 271, BUSTEC 273.

BUSTEC 277 LEGAL DOCUMENTATION (2-3-3)(F/S). Provides experience in preparing legal documents associated with areas of substantive law introduced in BUSTEC 274. Emphasis on use of legal references, records management, and problem-solving techniques in a legal office. PREREQ: BUSTEC 271, BUSTEC 273.

BUSTEC 285 ADMINISTRATIVE OFFICE SYSTEMS (2-3-3)(F/S). Provides a capstone training experience as students develop advanced skills in computer applications, telecommunications, records management, and other administrative support functions. Skills reinforced through simulated office activities. Emphasis on efficiency, decision-making, and high-quality work. PREREQ: BUSTEC 211, BUSTEC 261.

BUSTEC 293 BUSINESS TECHNOLOGY INTERNSHIP (0-10-3)(F/S). Application of technical knowledge and skills in community business and office settings to gain practical work experience. Individual contract arrangement involving student, instructor and employer; monitored and evaluated by appropriate faculty in consultation with training site supervisor. PREREQ: Permission of internship coordinator.

Child Care and Development

Instructors: Britton, Noonan, Shockley.

Degrees Offered

- T.C., A.T.C, A.A.S., and B.A.S. in Child Care and Development

Program Statement

The Child Care and Development Program provides entry- and advanced-level courses for individuals interested in providing quality care and educational services to children from birth to age eight. Classes and practical experience prepare students for teaching and supervisory roles in early care and education programs. Courses emphasize curriculum development and planning, health and safety, assessment of children's growth, program management, and parent communication. Field experiences with young children in a variety of programs on campus and in the community connect theory with practice. General education electives assure that students have a well-rounded education that supports early education practices.

CHLDCR — CHILD CARE AND DEVELOPMENT

CHLDCR 100 ORIENTATION TO CHILD CARE AND EARLY EDUCATION (2-0-2)(F,S).

Introduction to the field including teacher's role, program planning, creating healthy and safe environments, play and learning, developmentally appropriate practice, and communication with parents.

CHLDCR 101 CHILD DEVELOPMENT AND GUIDANCE (2-0-2)(F). Explores the interrelationship of developmental age/stage and the growth of self-control from birth to age eight. Models of positive guidance techniques for parents and caregivers will be studied. Resources for atypical child behavior will be presented.

CHLDCR 102 CHILD GROWTH AND DEVELOPMENT (3-0-3)(S). Principles of physical, cognitive, social and emotional growth from prenatal development through age eight. Study of theories and individual variations with application to care and learning in early care and education settings. Course will emphasize multicultural research in development.

CHLDCR 105 TEACHING YOUNG CHILDREN I (1-6-4)(F,S). Supervised laboratory experience. Students will function as learning area supervisors planning activities and guiding behavior. Includes various techniques for assessing development and learning. PREREQ/COREQ: CHLDCR 171 or CHLDCR 173 and PERM/INST.

Chapter 13 — Applied Technology Programs Child Care and Development

CHLDCR 106 TEACHING YOUNG CHILDREN II (1-6-4) (F,S). Advanced laboratory experience. Students will be lead teachers, supervising staff, planning program activities and communication with parents. Formal child assessments and parent conferences will be conducted. PREREQ: CHLDCR 105 and PERM/INST.

CHLDCR 141 HEALTH, SAFETY AND NUTRITION FOR CHILDREN (3-0-3) (F). Studies in health, safety and nutritional practices in group settings; accident and illness prevention; nutritional requirements and menu planning; and development of good health habits in children. Maintenance of caregiver's health included.

CHLDCR 171 CURRICULUM OF THE YOUNG CHILD (3-0-3) (F). Integrated curriculum approach to activities in art, literature, storytelling, music, dance, and dramatic play for young children in a multicultural and anti-bias context. PREREQ/COREQ: CHLDCR 100.

CHLDCR 173 ENVIRONMENTS FOR LEARNING (2-4-4) (S). Relationship of physical, emotional and social environment to learning. Focus on schedules, transitions, science, math, blocks, social studies and group time. Fieldwork included. PREREQ/COREQ: CHLDCR 100.

CHLDCR 183 PROFESSIONAL DEVELOPMENT IN CHILD CARE AND EARLY EDUCATION (1-0-1) (S). Professionalism and career opportunities in the field. Topics include developing a philosophy, code of ethics, decision-making, value clarification, professional organizations, and job seeking skills.

CHLDCR 184 PARENT INVOLVEMENT IN CHILD CARE AND EARLY EDUCATION (2-0-2) (S). Rationale and techniques for collaborative relationships with parents; how to access resources for families and programs. Emphasis on understanding and working with diverse families.

CHLDCR 203 CHILD CARE PRACTICUM (1-13-7) (F,S). Students assume responsibility for all aspects of curriculum planning, implementation, classroom management and parent communication under the supervision of head teacher and program instructor in a child care classroom in the community. Includes weekly seminar. PREREQ: CHLDCR 101, 102, 105, 106, 171, 173, 183, 184 and PERM/INST.

CHLDCR 232 PROGRAM MANAGEMENT IN CHILD CARE AND EARLY EDUCATION (3-0-3) (S). Establishing and operating a child care home, center or preschool, developing a business plan, budgeting, legal requirements, marketing, working with parents and staff, grouping children, and designing the environment. Emphasis on the interpersonal climate of the organization.

CHLDCR 257 INFANT AND TODDLER CARE AND EDUCATION (2-5-4) (S). Care and education of children from birth to age three in group settings. Emphasis on supporting the unique needs of very young children and their parents, developing appropriate policies, procedures, environments, and activities. Includes supervised fieldwork.

CHLDCR 258 PROGRAMS FOR SCHOOL AGE CHILDREN (2-5-4) (F). Examination of issues related to implementation and day-to-day operation of school age programs. Topics include developmental needs of school age children, appropriate environments, creative curriculum ideas, guidance techniques, and working with schools and parents. Includes fieldwork.

Computer Network Technology

Instructors: Borge, Bowers, Friend, Kirkendall, Otto, Pfautsch.

Degrees Offered

- T.C. in Network Technician
- A.T.C., A.A.S., and B.A.S. in Computer Network Technology

Program Statement

The Computer Network Technology program prepares technicians to design, build, implement, and maintain small-to medium-sized computer network systems. Participants develop entry-level technical skills in hardware and software implementation, local and wide area networking, network administration, and the troubleshooting of common problems associated with network operating systems.

Degree Requirements

Network Technician Technical Certificate	
Course Number and Title	Credits
APPACAD 111 Applied Communications	3
APPACAD 139 Applied Algebra & Trigonometry	3
APPACAD 221 Technical Report Writing	3
CNET 101 Operating System Basics	4
CNET 121 Computer Networking I	4
CNET 125 Computer Networking II	4

CNET — COMPUTER NETWORK TECHNOLOGY

CNET 101 OPERATING SYSTEM BASICS (3-3-4) (F/S). Hard disk management skills, batch file creation, system configuration, installation of operating systems and application software, advanced use and configuration of graphical user interfaces.

CNET 121 COMPUTER NETWORKING I (2-4-4) (F/S). OSI reference model; network addressing; subnetting; TCP/IP network-layer protocols; LAN media and topology; networking devices, tools, meters, and connector types. PREREQ/COREQ: CNET 101.

CNET 125 COMPUTER NETWORKING II (2-4-4) (F/S). Routing theory, components, and protocols; router setup and startup; router configuration, control, and backup procedures. Includes building and troubleshooting simple LANs. PREREQ/COREQ: CNET 121.

CNET 205 NETWORK OPERATING SYSTEMS I (3-3-4) (F/S). Planning, installing, and configuring network servers and clients in a server environment. Protocols, sharing, policies, migration, optimization, architectural, and administration issues. PREREQ/COREQ: CNET 125.

CNET 220 NETWORK OPERATING SYSTEMS II (3-3-4) (F/S). UNIX or Linux operating system administration. PREREQ/COREQ: CNET 205.

CNET 230 NETWORK OPERATING SYSTEMS III (2-2-3) (F/S). Administration tasks with emphasis on security, including controlling access to resources, authentication and the support of file and print services in a network environment. PREREQ: COMPCOR 140, COMPCOR 170, COMPCOR 180, and admission to Computer Network Support Technology program.

CNET 240 NETWORK INFRASTRUCTURE SUPPORT (3-3-4) (F/S). Implementation of various protocols including IPX/SPX and TCP/IP. Host name resolution methods including DNS and WINS. Support of DHCP, NAT, and RAS. PREREQ/COREQ: CNET 205.

CNET 255 DESIGNING DIRECTORY SERVICES (3-3-4) (F/S). Design and support of network systems in a directory services environment. PREREQ/COREQ: CNET 240.

CNET 266 NETWORK APPLICATIONS SUPPORT (3-3-4) (F/S). Planning application deployment and upgrading in an enterprise environment. Installation technologies, desktop standardization, roaming user support, and Web technology integration at the desktop. PREREQ/COREQ: CNET 205.

CNET 270 END-USER SUPPORT (1-0-1) (F/S). Effective communication with and support of nontechnical end-users.

CNET 272 TECHNICAL CAREER EXPLORATION (1-0-1) (F/S). Industry research and liaison activities including technical employment interviewing strategies. PREREQ/COREQ: CNET 270.

CNET 280 DATABASE PRINCIPLES (3-3-4) (F/S). Designing, scripting, installing, configuring, administering, and troubleshooting of an SQL-based client-server database management system. PREREQ/COREQ: CNET 240.

CNET 282 NETWORKING TECHNOLOGY I (2-4-4)(F/S). Introduction to LAN design and segmentation, LAN switching, VLANs, dynamic routing protocol, router configuration, and Ethernet and IPX addressing. Includes hands-on troubleshooting of network design and analysis of networking equipment configuration. PREREQ/COREQ: CNET 255.

CNET 284 NETWORKING TECHNOLOGY II (2-4-4)(F/S). Introduction to WAN concepts and technologies, PPP process, ISDN technology, Frame Relay sub interfaces, ACLs, and network management. Includes hands on experimentation and troubleshooting of network devices. PREREQ/COREQ: CNET 282.

CNET 286 ENTERPRISE SECURITY (3-3-4)(F/S). Security issues relating to the directory, including design, management, groups, and auditing; security of file and print servers; assessing an organization's security needs and developing an implementation plan. Emphasis on group policy design and implementation. PREREQ/COREQ: CNET 280.

CNET 293 COMPUTER NETWORK TECHNICIAN INTERNSHIP II (0-45-1). A supervised work internship conducted at an approved work site. Course may be repeated for credit.

Computer Service Technology

Instructors: Cadwell, Dunbar, Venable, Wood.

Degrees Offered

- T.C. in Computer Peripheral Service
- T.C. in PC/LAN Specialist
- A.T.C., A.A.S., and B.A.S. in Computer Network Technology

Program Statement

The Computer Service Technology program prepares technicians to work in a variety of computer and peripheral service-related fields including laser printer repair, computer service and support, technical customer support, network service and design, and electromechanical service where mechanics, electronics, and computer control knowledge are required. This unique program provides theory instruction supported by hands-on labs where students develop entry-level skills required by the computer and peripheral service industry.

Degree Requirements

Computer Peripheral Service Technical Certificate	
Course Number and Title	Credits
APPACAD 111 Applied Communication	3
APPACAD 136 Applied Technical Math	3
APPACAD 181 Occupational Relations	3
BUSTEC 161 Intro to Microcomputers OR CIS 104-CIS 105-CIS 106 Computer Applications	3
CST 102 Technical Basics	5
CST 111 Computer Peripheral Electronics	4
CST 120 Introduction to Electromechanical Service	4
CST 130 Computer Peripheral Communication Electronics	4
CST 140 Advanced Printer Hardware Service	4
CST 150 Introduction to PC and Macintosh	4
CST 160 Customer Support	1
Total	38

PC/LAN Specialist Technical Certificate	
Course Number and Title	Credits
APPACAD 111 Applied Communications	3
APPACAD 136 Applied Technical Math	3
APPACAD 181 Occupational Relations	3
BUSTEC 161 Introduction to Microcomputers OR CIS 104-CIS 105-CIS 106 Computer Applications	3
CST 205 Computer Hardware Technology	4
CST 210 Computer Software Technology	4
CST 215 PC Troubleshooting and Support	3
CST 218 Introduction to Telephony	1

— continued —

PC/LAN Specialist, Technical Certificate (continued)	
CST 220 Technical Career Exploration	1
CST 225 Principles of Network Technologies	3
CST 230 Advanced Network Technologies	5
CST 235 Applications of Office Productivity	2
CST 240 Client Network Support	2
CST 245 Advanced Technical Support	1
Total	38

Computer Service Technology Advanced Technical Certificate	
Course Number and Title	Credits
Successful completion of Computer Peripheral Service technical certificate	38
Successful completion of Computer Service Technology PC/LAN Specialist technical certificate, except APPACAD 111, 136, 181, and BUSTEC 161	26
Total	64

Computer Service Technology Associate of Applied Science	
Course Number and Title	Credits
Successful completion of Computer Service Technology courses	52
ENGL 101 and ENGL 102 or COMM 101 or APPACAD 111	6
Area I or II core course in any field	3
Area III core course in mathematics	3-5
Area I, II, or III core course in any field	3-4
16 credits chosen from above. Please refer to the A.A.S. requirements in Chapter 11 for explanation.	
Total	68

Course Offerings

See page 52 for a definition of the course-numbering system.

CST — COMPUTER SERVICE TECHNOLOGY

CST 102 TECHNICAL BASICS (4-3-5)(F/S). Field service call procedures; position descriptions; mechanical understanding of drive systems and motors; adjustments; soldering techniques; and electricity with training in metric prefixes, binary numbers, and technical color code systems.

CST 111 COMPUTER PERIPHERAL ELECTRONICS (3-3-4)(F/S). Electronic safety, DC/AC circuit applications for electromechanical devices, meter use, and wiring/timing diagram applications. PREREQ/COREQ: CST 102.

CST 120 INTRODUCTION TO ELECTROMECHANICAL SERVICE (3-3-4)(F/S). Mechanical components and the interaction between processes. Includes drive systems, mechanical adjustments, and component identification. Develops troubleshooting skills through lab mock-up equipment and actual service call experience. PREREQ/COREQ: CST 111.

CST 130 COMPUTER/PERIPHERAL COMMUNICATION ELECTRONICS (3-3-4)(F/S). Electrostatic static discharge, communication transfer between devices, digital and microprocessor function, including chip sets and input/output devices. PREREQ/COREQ: CST 120.

CST 140 ADVANCED PRINTER HARDWARE SERVICE (3-3-4)(F/S). Desktop and network printing devices including interfacing techniques, printer language, drivers, utilities, and fonts. PREREQ/COREQ: CST 130.

CST 150 INTRODUCTION TO PC AND MACINTOSH (3-3-4)(F/S). Industry computer language, PC/Mac hardware, monitors, hardware for operating system and application software, and security and data recovery techniques. PREREQ/COREQ: CST 140.

CST 160 CUSTOMER SUPPORT (1-0-1)(F/S). Customer technical support, technical marketing techniques, and customer relations. PREREQ/COREQ: CST 102.

CST 205 COMPUTER HARDWARE TECHNOLOGY (3-3-4)(F/S). Overview of the role hardware plays in computer dynamics. Hands-on training in hardware identification, installation, and upgrading. Students will build a personal computer and study hardware troubleshooting techniques. PREREQ/COREQ: CST 150.

CST 210 COMPUTER SOFTWARE TECHNOLOGY (3-3-4)(F/S). Multiple PC platforms including DOS, Windows 9x, Windows 2000, and Windows XP. Students will install, upgrade, and support each operating system. PREREQ/COREQ: CST 205.

Chapter 13 — Applied Technology Programs Computer Service Technology

CST 215 PC TROUBLESHOOTING AND SUPPORT (2-3-3)(F/S). Develops knowledge and skills for troubleshooting PC hardware and software in the user support industry. Course uses a hands-on approach to critical problem solving and communication skills. PREREQ/COREQ: CST 210.

CST 218 INTRODUCTION TO TELEPHONY (1-0-1)(F/S). Survey of voice transmission over Internet protocols and the growing industry relationship between telephone systems and computer networking. PREREQ/COREQ: CST 210.

CST 220 TECHNICAL CAREER EXPLORATION (1-0-1)(F/S). Industry research and liaison activities including technical employment interviewing strategies. PREREQ/COREQ: CST 160.

CST 225 PRINCIPLES OF NETWORK TECHNOLOGIES (2-3-3)(F/S). Basic concepts of network design, connectivity, and implementation including WAN protocols, data structure, network printing, back-up protocols, and fault tolerance. PREREQ/COREQ: CST 215.

CST 230 ADVANCED NETWORK TECHNOLOGIES (4-3-5)(F/S). Office connectivity, LAN and WAN protocols, MAC layer switching, routing fundamentals, client-server architecture, and supporting printers in an enterprise environment. Includes overview of wireless technology. PREREQ/COREQ: CST 225.

CST 235 APPLICATIONS OF OFFICE PRODUCTIVITY (2-0-2)(F/S). Deploying and maintaining office applications. Fundamentals of supporting office applications in a networked environment, including service pack application, upgrades, licensing, and remote installations. PREREQ/COREQ: CST 230.

CST 240 CLIENT NETWORK SUPPORT (2-0-2)(F/S). Support of client computers in a mixed operating system environment, shared file access, client deployment, and advanced printing administration. PREREQ/COREQ: CST 230.

CST 245 ADVANCED TECHNICAL SUPPORT (0-3-1)(F/S). Hands-on training to support computer and printer product repair. PREREQ/COREQ: CST 215.

CST 271 NETWORKING III (6-0-3)(F/S). Theory course aimed at analyzing network equipment, LAN design goals methodology, design issues, dynamic routing protocol, configure router Ethernet and IPX addresses. First 8 weeks. COREQ: CST 272.

CST 272 NETWORKING III LAB (0-12-3)(F/S). Experiments and troubleshooting exercises in analyzing network equipment configuration and design aimed at the processes learned in CST 271. First 8 weeks. COREQ: CST 271.

CST 274 NETWORKING TECHNOLOGY (6-0-3)(F/S). Study of the benefit of a network layered system, and gain knowledge of each layers' network function. Examination of components of ISDN and how they work. Student will gain knowledge on how to configure Frame Relay subinterfaces and other network devices. Second 8 weeks. COREQ: CST 275.

CST 275 NETWORKING TECHNOLOGY LAB (0-12-3)(F/S). Experiment and troubleshooting involving network components learned in CST 274. Second 8 weeks. COREQ: CST 274.

Core Block Courses

All 100-level Core Block (CORBLK) classes, or equivalent, must be completed prior to enrolling in the Automotive Technology, Heavy Duty Mechanics—Diesel, and Mechanical Welding Technician programs.

Course Offerings

See page 52 for a definition of the course-numbering system.

CORBLK — CORE BLOCK

CORBLK 110 AUTOMOTIVE/HD DIESEL SERVICE FUNDAMENTALS (4-0-4)(F/S).

Principles of mechanics, including shop safety, tools and equipment, measuring, fasteners, service information, under hood maintenance, and under vehicle maintenance including tires, suspension, brakes, power train, and wheel bearings. Principles of electricity, electrical circuits, engine operation, and identification. COREQ: CORBLK 110L.

CORBLK 110L AUTOMOTIVE/HD DIESEL SERVICE FUNDAMENTALS LAB (0-6-2)(F/S).

COREQ: CORBLK 110.

CORBLK 257 ELECTRO-MECHANICAL THEORY (4-1-4)(F). Theory and hands on experiments which assist understanding of DC circuits, Ohm's Law, magnetism, and properties of electronic components.

CORBLK 257 ELECTRO-MECHANICAL THEORY (4-1-4)(F,S). Students gain experience through theory and hands on experiments which assist student understanding of DC circuits, OHMS Law, magnetism and properties of electronic components. (Note: This is an optional/elective course for skill enhancement.)

Culinary Arts

Instructors: Dever, Hickman, Kulm.

Degrees Offered

- P.T.C., T.C., A.T.C., A.A.S., and B.A.S. in Culinary Arts

Program Statement

The Culinary Arts Program provides training for careers in the food service industry. The core of the Culinary Arts Program is hands-on training backed by theory. The curriculum offers an opportunity to:

- Build a strong foundation in the basic concepts, methods, and chemistry of cooking.
- Develop both the artist and business person within each student.
- Apply sanitation, customer service, math, science, and nutrition principles.
- Gain experience in the proper use and maintenance of food-service equipment.
- Become familiar with the layout and work flow of professional kitchens and bakeshops.
- Gain industry experience through internship.

The program is fully accredited by the American Culinary Foundation Educational Institute. A.A.S. graduates are eligible to apply for ACF certification.

CULART — CULINARY ARTS

CULART 102 CULINARY SKILLS DEVELOPMENT (3-2-3) (F/S). An introduction to the food service industry and basic cooking methods, tools, and equipment. Recipe and menu make-up and basic knife skills are taught.

CULART 103 SANITATION, SAFETY AND HEALTH (2-0-2) (F/S). Theory and practice of food and environmental sanitation in a food production area are stressed, with attention to food-related diseases and their origins. The sanitation course has been reviewed for compliance and approved by the Federal Food and Drug Administration. Students conduct a sanitation inspection of one of the Culinary Arts Program's facilities in their production areas.

CULART 106 BAKING I (2-1-2) (F/S). Fundamental principles of baking and working with a variety of dough and batters. The bread baking process: technology, ingredients, formula conversion, weights and measures, mixing methods and presentation.

CULART 107 DINING ROOM (1-3-2) (F/S). Front-of-the-house service techniques and procedures. Basic skills in table and banquet service, guest relations, and cash handling procedures. PREREQ/COREQ: CULART 103.

CULART 110 BAKERY LAB I (0-3-1) (F/S). Practical application of bakeshop orientation, sanitation, weights and measures, mixing methods, cookies, quick breads and yeast bread skills, techniques, and procedures. PREREQ/COREQ: CULART 103.

CULART 111 KITCHEN LAB I (0-6-2) (F/S). Hands-on experience to demonstrate kitchen sanitation, knife handling, pantry, basic cooking skills, techniques, and procedures. PREREQ/COREQ: CULART 103.

CULART 112 INTRODUCTORY HOT FOODS (3-2-3) (F/S). Fundamental technique of basic hot menu items such as soups, sauces, stocks, vegetables and entrees are demonstrated and/or practiced.

CULART 113 PANTRY, BASIC GARDE MANGER (3-2-3) (F/S). A basic course in the fundamentals of pantry, cold food preparation, and breakfast cookery. Students are instructed in the proper techniques and procedures for preparing a variety of lunch and dinner salads and salad dressings, hot and cold sandwiches, garnishes, canapes, and breakfast items.

CULART 120 BAKERY LAB II (0-6-2) (F/S). Practical application of baking sanitation, organization, preparation, and presentation skills, techniques and procedures. Supervisory skills of training, planning, delegating, and maintaining records. PREREQ: CULART 106 and CULART 110.

CULART 121 KITCHEN LAB II (0-6-2) (F/S). Hands-on experience to demonstrate kitchen sanitation, knife handling, pantry, and basic cooking skills, techniques and procedures. Supervisor skills of training, planning, delegating, and maintaining records. PREREQ: CULART 111 and CULART 112.

CULART 122 CATERING LAB (0-4-2) (F/S). Back- and front-of-the-house experience in buffet service, platter presentation, catering logistics, and other catering skills. PREREQ: CULART 103.

CULART 125 CENTER OF THE PLATE (2-2-3) (F/S). Identification and fabrication of meat, poultry, and fish. Classification, grading, butcher yield test, storage, handling, composition, cooking principles, and techniques. PREREQ: CULART 103.

CULART 126 COST CONTROLS (1-0-1) (F/S). An introduction to the food service cost control method, procedures and math.

CULART 128 GLOBAL CUISINE (1-3-2) (F/S). Production and discussion of flavor principles, regional history, ingredient tasting, examination and use of equipment unique to

specific cuisine. Impact on American regional cooking is a primary focus. PREREQ: CULART 103 and CULART 112.

CULART 132 NUTRITION FOR FOODSERVICE (2-1-2) (F/S). Basic understanding of nutrients, functions, methods to minimize nutrient loss, food labeling laws, dietary concerns, nutrient analysis, and recipe modification. PREREQ: CULART 103.

CULART 205 ADVANCED COST CONTROLS (3-0-3) (F/S). Theory of hospitality operations: food, beverage, labor, and sales income. Basic concepts of menu planning, formats and evaluation, break-even analysis, and menu engineering functions. PREREQ: CULART 105.

CULART 206 BAKING II (1-3-2) (F/S). Techniques to develop skills in advanced and complex preparations of pastry confections. Emphasis is on flavor, eye appeal, and technique. PREREQ: CULART 120.

CULART 208 BEVERAGE MANAGEMENT (2-0-2) (F/S). Theory of beverage service, principles of liquor management, production and classification of alcoholic beverages, liquor laws, pricing, pairing with food, and banquet and catering operations.

CULART 209 HOSPITALITY PURCHASING (2-0-2) (F/S). Management concepts of specific techniques in purchasing, receiving, storing, issuing, and inventory control of commodities essential in hospitality operations. PREREQ: CULART 126.

CULART 210 BAKERY LAB III (0-6-2) (F/S). Bakeshop sanitation, organization and plated dessert skills, techniques and procedures. Supervisory skills of training, planning, delegating, and maintaining records. PREREQ: CULART 120.

CULART 211 KITCHEN LAB III (0-9-3) (F/S). Hands-on experience to demonstrate kitchen sanitation, garde manger, saucier, and a la carte cooking skills, techniques and procedures. Supervisory skills of training, planning, delegating, and maintaining records. PREREQ: CULART 121, CULART 125, and CULART 128.

CULART 216 GARDE MANGER (1-2-2) (F/S). Instruction, demonstration, and production of cold buffet food preparation and presentation techniques including garnishes, show pieces and centerpieces, and charcuterie items of forcemeats, pate, galantine, and aspic.

CULART 219 HOSPITALITY PURCHASING LAB (0-3-1) (F/S). Management concepts and specific techniques in purchasing, receiving, storing, issuing, and inventory control of commodities essential in hospitality operations. Current computer applications for food service purchasing functions.

CULART 293 CULINARY INTERNSHIP (0-10-3) (F/S). Supervised food service work experience in approved food establishments, analyze job and career-related performance, growth, and achievements of goals. PREREQ: Successful completion of culinary technical certificate.

Dental Assisting

Instructors: Beckman, Tollinger.

Degrees Offered

- T.C., A.A.S., and B.A.S. in Dental Assisting

Program Statement

The dental assisting curriculum includes theory and laboratory instruction, as well as clinical experiences in local dental offices. Entrance requirements are high school diploma or equivalency certificate, current Standard First Aid card, CPR card, and keyboarding skills. The program is accredited by the Commission on Dental Accreditation and is recognized by the Council on Postsecondary Accreditation and the United States Department of Education. Graduates are eligible to take the Dental Assisting National Board Certification Examination.

Degree Requirements

Dental Assisting Technical Certificate	
Course Number and Title	Credits
APPACAD 111 Applied Communication	3
APPACAD 181 Occupational Relations	3
DNTASST 101 Dental Laboratory	5
DNTASST 102 Dental Laboratory	4

Course Offerings

See page 52 for a definition of the course-numbering system.

DNTASST — DENTAL ASSISTING

DNTASST 101 DENTAL LABORATORY I (1-12-5)(F). Experience in handling dental materials, instruments, and chairside assisting.

DNTASST 102 DENTAL LABORATORY II (1-9-4)(S). Laboratory experience for clinical competency in chair-side skills and expanded dental assisting functions.

DNTASST 104 DENTAL RADIOGRAPHY (1-6-3)(F). Dental x-ray theory and procedures.

DNTASST 106 DENTAL ASSISTING CLINICAL EXPERIENCE (0-20-6)(S). Supervised experience in private dental offices and clinics.

DNTASST 108 DENTAL OFFICE MANAGEMENT (1-0-1)(F). Fundamentals of business practices related to dentistry.

DNTASST 109 PUBLIC HEALTH AND DENTAL HYGIENE (1-0-1)(F). Preventive dentistry and patient education.

DNTASST 151 DENTAL THEORY I (4-2-5)(F/S). Basic dental sciences and dental specialties.

DNTASST 152 DENTAL THEORY II (4-2-5)(F/S). Continuation of basic dental sciences and dental specialties.

DNTASST 225 ADVANCED DENTAL ASSISTING PRACTICUM (0-12-4)(F/S). Directed study emphasizing the practical application of advanced skills and theory relevant to dental assisting. This contracted practicum allows the student the opportunity to focus on areas of special interest. Documentation consistent with practicum will be required. (Pass/Fail.) PREREQ: PERM/CHAIR.

DNTASST 226 ADVANCED DENTAL ASSISTING PRACTICUM II (0-12-4)(F/S). Continuation of DNTASST 225. (Pass/Fail.) PREREQ: PERM/CHAIR.

Drafting Technology

Instructors: Benton, Shinn.

Degrees Offered

- T.C., A.T.C., A.A.S., and BAS in Drafting Technology
- A.A.S., and B.A.S. in Drafting Technology, Advanced Option

Program Statement

The Drafting Technology Program is designed to prepare students to meet the employability demands of varying engineering, architectural, and manufacturing firms. Graduates from this program will be especially qualified as computer-assisted drafters who are able to solve basic design problems and provide engineering support.

Degree Requirements

Drafting Technology Technical Certificate	
Course Number and Title	Credits
APPACAD 111 Applied Communications	3
APPACAD 139 Applied Algebra and Trigonometry	3
APPACAD 141 Applied Intermediate Algebra	3
BUSTEC 161 Intro to Microcomputers	3

Course Offerings

See page 52 for a definition of the course-numbering system.

DRAFTEC — DRAFTING TECHNOLOGY

Lower Division

DRAFTEC 101 MACHINE DRAFTING (1-0-1)(F/S). Theory of projection, properties of points, lines, planes, solids, basic drafting applications, standards, methods, and manufacturing fits. COREQ: DRAFTEC 101L and DRAFTEC 109.

DRAFTEC 101L MACHINE DRAFTING LAB (0-6-2)(F/S). Lab to support DRAFTEC 101. COREQ: DRAFTEC 101.

DRAFTEC 102 ARCHITECTURAL DRAFTING (1-0-1)(F/S). Facility planning, codes and standards. PREREQ: DRAFTEC 101L. COREQ: DRAFTEC 102L AND DRAFTEC 110.

DRAFTEC 102L ARCHITECTURAL DRAFTING LAB (0-6-2)(F/S). Lab to support DRAFTEC 102. COREQ: DRAFTEC 102.

DRAFTEC 109 FUNDAMENTALS OF COMPUTER-AIDED DRAFTING AND DESIGN (2-1-2)(F/S). Introductory applications of computer graphics and production systems to industry standards. COREQ: DRAFTEC 101L.

DRAFTEC 110 ADVANCED COMPUTER-AIDED DRAFTING AND DESIGN (2-1-2)(F/S). Isometrics, paper space, attributes, attachments, X-referencing, and dimensioning. PREREQ: DRAFTEC 109. COREQ: DRAFTEC 102L.

DRAFTEC 114 MICROSTATION (1-1-1)(F/S). Basic commands, setting properties, editing, geometry, dimensioning. PREREQ: DRAFTEC 101L or PERM/INST.

DRAFTEC 201 CIVIL DRAFTING AND MATH (2-0-2)(F/S). Mapping applications to highway curves, traverse closures, and earthwork. PREREQ: DRAFTEC 110 and APPACAD 141. COREQ: CE 211 and DRAFTEC 201L.

DRAFTEC 201 CIVIL DRAFTING AND MATH (2-0-2)(F/S). Mapping applications to highway curves, traverse closures, and earthwork. PREREQ: DRAFTEC 110 and APPACAD 141. COREQ: CE 211 and DRAFTEC 201L.

DRAFTEC 202 STRUCTURAL DRAFTING AND MATH (2-0-2)(F/S). AISC and ACI processes applied to steel structures and reinforced concrete. PREREQ: DRAFTEC 110 and APPACAD 141. COREQ: DRAFTEC 202L.

DRAFTEC 202L STRUCTURAL DRAFTING LAB (0-9-3)(F/S). Lab to support DRAFTEC 202. COREQ: DRAFTEC 202.

DRAFTEC 203 MACHINE DRAFTING AND DESIGN (2-6-4)(F/S). Design principles, materials, precision dimensioning and tolerancing, jigs, fixtures, and tools. PREREQ: DRAFTEC 110, MFGTEC 100, MFGTEC 231, and APPACAD 141.

DRAFTEC 204 ARCHITECTURAL DRAFTING AND DESIGN (2-6-4)(F/S). Design principles, code applications, materials, facilities planning and design. PREREQ: DRAFTEC 110, MFGTEC 100, and APPACAD 141.

DRAFTEC 207 CIVIL DRAFTING AND DESIGN (2-6-4)(F/S). Design projects relating to traverse, road and utilities, earthwork, subdivision layout. PREREQ: DRAFTEC 201L, CE 211, and APPACAD 141.

DRAFTEC 208 STRUCTURAL DRAFTING AND DESIGN (2-6-4)(F/S). Design calculations and detail of multifloor buildings. PREREQ: DRAFTEC 202L and APPACAD 141.

DRAFTEC 209 INTRODUCTION TO 3-DIMENSIONAL CAD (2-3-3)(F/S). 3-D wire frame drawing, surfaces, and introduction to solid modeling and rendering techniques. PREREQ: DRAFTEC 110.

DRAFTEC 241 STATICS (3-0-3)(F). Introduces statics with emphasis on analysis of simple structures and drafting concepts. PREREQ: APPACAD 141 or MATH 144 or MATH 147.

DRAFTEC 242 STRENGTH OF MATERIALS (3-0-3)(F/S). Analysis of stress and strain in tension, compression and bending stress. Introduction to limited structural design and drafting concepts. PREREQ: APPACAD 141, or MATH 144 or MATH 147.

DRAFTEC 243 ADVANCED MACHINE PROCESS (1-6-3)(F/S). Covers safety, the use of special attachments, bench work, layout, heat treating, hardness testing, layout inspection, and computer numerical control mill set-up, operation, and programming. PREREQ: DRAFTEC 101, DRAFTEC 110, MFGTEC 100.

DRAFTEC 264 TECHNICAL ILLUSTRATION (1-3-2)(S). Intensive study of axonometric, and perspective illustration drawing emphasizing shading, shadowing and color techniques. PREREQ: DRAFTEC 101.

Upper Division

DRAFTEC 301 ADVANCED MACHINE DRAFTING AND DESIGN (2-4-3)(F/S). Tool design, jigs, fixtures, and production flow processes. PREREQ: DRAFTEC 101, DRAFTEC 110, and DRAFTEC 242.

DRAFTEC 302 ELECTRICAL AND HYDRAULIC DRAFTING (2-4-3)(F/S). Industrial and manufacturing applications of circuit layout and symbols. PREREQ: DRAFTEC 101, DRAFTEC 109 and ELCTEC 100.

DRAFTEC 310 3-DIMENSIONAL MODELING AND ANIMATION (2-3-3)(F/S). Advanced 3-D drawing and rendering, presentation drawings, solid modeling, and animation. PREREQ: DRAFTEC 209.

DRAFTEC 311 AutoLISP PROGRAMMING (2-1-2)(F/S). An introduction to AutoLISP principles, creating and editing usable routines. PREREQ: DRAFTEC 209.

DRAFTEC 350 PRODUCT DESIGN DEVELOPMENT (2-6-4)(F/S). Application of design, materials, and manufacturing processes to product development. PREREQ: DRAFTEC 101, DRAFTEC 110, DRAFTEC 241, and DRAFTEC 242 or PERM/INST.

Electrical Lineworker

Instructor: Cantrell.

Degrees Offered

- T.C. in Electrical Lineworker

Program Statement

Leading to a technical certificate, the Electrical Lineworker Program provides students with the best and most complete basic preparation possible in overhead and underground construction and maintenance procedures. Focusing on a basic program of performance-based objectives, instructional materials, and field experiences, the program provides students with the skills and knowledge needed in this rapidly advancing field. The program is designed to produce a highly skilled, well-informed, entry-level lineworker who is familiar with the use of all tools, materials, and equipment of the trade. The areas of first aid, personal safety, and occupational safety are stressed as integral parts of each area of the craft. Students are required to obtain a class A commercial driver's license before graduation.

Degree Requirements

Electrical Lineworker Technical Certificate	
Course Number and Title	Credits
APPACAD 111 Applied Communications	3
APPACAD 136 Applied Technical Math	3
ELLINE 101 Electrical Lineworker Laboratory	6
ELLINE 102 Electrical Lineworker Laboratory	6
ELLINE 151 Electrical Lineworker Basics	4
ELLINE 152 Electrical Lineworker Basics	4
ELLINE 161 Electrical Lineworker Systems Design/Construction	2
ELLINE 162 Electrical Lineworker Systems Design Construction	2
ELLINE 262 Occupational Relations	3
Total	33

Course Offerings

See page 52 for a definition of the course-numbering system.

ELLINE — ELECTRICAL LINEWORKER

ELLINE 101 ELECTRICAL LINEWORKER LAB (1-15-6)(F). Live climbing experiences using ropes and rigging, pole setting and removal with suitable guys and anchors, installation of transformers, construction and maintenance of underground distribution networks, troubleshooting all systems (including hot stick care and use), and preventative maintenance on associate systems or equipment.

ELLINE 102 ELECTRICAL LINEWORKER LAB (1-15-6)(S). Advanced experience includes pole top and bucket rescue, OSHA 1910 safety training, installing ties with sticks, and 35-ton compression sleeves. PREREQ: ELLINE 101.

ELLINE 151 ELECTRICAL LINEWORKER BASICS (4-1-4)(F). Basics of electrical theory, power generation, materials identification and application, over-current and protective devices, related equipment application and personal/ occupational safety.

ELLINE 152 ELECTRICAL LINEWORKER BASICS (4-1-4)(S). Basic operations and maintenance of electrical substation equipment, analysis of electrical equipment, and power systems standards. PREREQ: ELLINE 151.

ELLINE 161 ELECTRICAL LINEWORKER SYSTEMS DESIGN/CONSTRUCTION (2-1-2)(F). Electrical power systems, power systems designing and construction techniques, transformer theory, transformer design and their construction, and transmission networks.

ELLINE 162 ELECTRICAL LINEWORKER SYSTEMS DESIGN/CONSTRUCTION (2-1-2)(S). Advanced electrical power systems, power systems designing and construction techniques, transformer theory, transformer design and their construction, and transmission networks. Students will get experience on university field site or with a local employer. PREREQ: ELLINE 161.

ELLINE 262 OCCUPATIONAL RELATIONS (3-1-3)(S). Designed to enable a student to become skilled in dealing effectively with people and for applying, getting, maintaining and advancing in employment.

Electronics Technology

Instructors: Dodson, Douglas, Palagi, Stack.

Degrees Offered

- A.T.C., A.A.S., and B.A.S. in Electronics Technology

Program Statement

The Electronics Technology Program prepares students for employment as entry-level electronic technicians. These individuals are prepared to work as individuals or as team members with scientists, engineers, and manufacturing or research specialists. Graduates of this program obtain broad-based experience in digital electronics systems, electronic communications systems, and electronic measurement and control systems.

Degree Requirements

Electronics Technology Advanced Technical Certificate

ELCTEC — ELECTRONIC TECHNOLOGY

ELCTEC 100 INTRODUCTORY ELECTRONICS AND LABORATORY (4-1-5)(F/S).

Overview electronics course covering basic electricity and DC/AC principles, digital electronics, and transistor device theory. Introductory course for nonelectronics majors or preparatory course for potential electronics technology majors prior to entering program. Laboratory work to complement ELCTEC 100. Directed study labs utilizing computer simulation of experiments. PREREQ: MATH 108 or APPACAD 139 or PERM/INST.

ELCTEC 101 DC ELECTRONICS LABORATORY (0-4-2)(F/S).

Laboratory to complement ELCTEC 151. COREQ: ELCTEC 151.

ELCTEC 102 AC ELECTRONICS LABORATORY (0-4-2)(F/S).

Laboratory to complement ELCTEC 152. COREQ: ELCTEC 152.

ELCTEC 105 DRAFTING ELECTRONICS (2-0-2)(F/S).

Basic electronics course in electronic symbols, electronic component identification, series and parallel circuit concepts, electronic measures, drafting and reading electronic schematics, and use of selected drafting software.

ELCTEC 115 INTRODUCTION TO DC ELECTRONICS (2-3-3)(F/S).

Theory of direct current electricity offered in electron flow format for electronics technology nonmajors. The student will study DC series, parallel, and series-parallel circuits (consisting of capacitors, resistors, and inductors), resistance, power, voltage and current laws, and troubleshooting. (Taught in eight-week block). PREREQ or COREQ: APPACAD 139 or MATH 108.

ELCTEC 116 INTRODUCTION TO AC ELECTRONICS (2-3-3)(F/S).

Theory of AC circuits for electronics technology nonmajors. A focus on the theory and general application of AC electronics. Use of passive devices in series, parallel, and series-parallel. Calculation of instantaneous voltage, current, power, and power factors in RC, RL, and RCL circuits. Establishes a foundation of RF theory. (Taught in eight-week block). PREREQ or COREQ: ELCTEC 115.

ELCTEC 117 SOLID STATE AND LINEAR DEVICES (3-9-6)(F/S).

A comprehensive study and practical application of electron control devices including semiconductors, power supplies, transistor amplifiers, oscillators, operational amplifiers and test equipment. For non-Electronics Technology majors. PREREQ: ELCTEC 116.

ELCTEC 151 DC ELECTRONICS THEORY (3-0-3)(F/S).

Theory of direct current electricity and its behavior in DC circuits. Resistance, DC power and energy, DC voltage and current laws, DC circuit analysis, DC circuit calculations and interpretation. PREREQ or COREQ: MATH 108 or APPACAD 139.

ELCTEC 152 AC ELECTRONIC THEORY (2-0-2)(F/S).

Theory of alternating current electricity, its behavior in AC circuits. Reactance and impedance, AC circuit analysis, resonance and tuned circuits, mutual inductance and transformers. PREREQ: ELCTEC 151. PREREQ or COREQ: MATH 147 or APPACAD 141.

ELCTEC 162 INTRO TO DIGITAL SYSTEMS (3-0-3)(F/S).

Introductory digital concepts, the binary and hexadecimal number systems, Boolean functions and operations, basic logic gates, and combinational logic. PREREQ: ELCTEC 151.

ELCTEC 163 INTRO TO DIGITAL SYSTEMS LAB (0-3-1)(F/S).

Laboratory to complement ELCTEC 162. COREQ: ELCTEC 162.

ELCTEC 172 SOLID STATE DEVICES (3-0-3)(F/S).

AC and DC properties of diodes and transistors. Bipolar and field effect transistor biasing and circuit implementation. Amplifier analysis and construction using transistor devices. PREREQ or COREQ: ELCTEC 152, and MATH 147 or APPACAD 141.

ELCTEC 173 SOLID STATE DEVICES LAB (0-9-3)(F/S).

Laboratory exercises dealing with solid state devices including diodes, bipolar and field effect transistors to complement ELCTEC 172. See ELCTEC 172 course description. COREQ: ELCTEC 172.

ELCTEC 200 CET CERTIFICATION (1-0-1)(F/S).

Refresher course for electronics skills with content addressing the Associate Certified Electronics Technicians examination. (Pass/Fail.) PREREQ: ELCTEC 162 and ELCTEC 172 or PERM/INST.

ELCTEC 201 LINEAR SYSTEMS LAB (0-3-1)(F/S).

Laboratory exercises dealing with linear amplification and signal processing circuits to complement ELCTEC 251. See ELCTEC 251 course description. COREQ: ELCTEC 251.

ELCTEC 202 TELECOMMUNICATIONS SYSTEM LAB (0-3-1)(F/S).

Laboratory exercises dealing with radio frequency generation and measurements, communication signal processing circuits, and fiber optic systems to complement ELCTEC 252. See ELCTEC 252 course description. COREQ: ELCTEC 252.

ELCTEC 215 INTRODUCTION TO DIGITAL ELECTRONICS (2-3-3)(F/S).

An introductory overview of digital circuitry for electronics technology nonmajors. The basics of combinational logic gates, their truth tables, and sequential logic circuits. Circuitry for math operations, counters, shift registers, and memory circuits. PREREQ: ELCTEC 116.

ELCTEC 225 PROGRAMMABLE LOGIC CONTROLLERS (1-0-1)(F/S).

Fundamental concepts of using Programmable Logic Controllers. PLC systems, input and output modules, PLC addressing schemes, and basic ladder logic programming. PREREQ: ELCTEC 162 or PERM/INST.

ELCTEC 226 PROGRAMMABLE LOGIC CONTROLLERS LAB (0-2-1)(F/S).

Laboratory to complement ELCTEC 225. COREQ: ELCTEC 225.

ELCTEC 227 INDUSTRIAL CONTROL SYSTEMS (0-2-1)(F/S).

Technology used in automated manufacturing environments. Includes project with guidelines and requires student self-study. Primary focus on designing team projects, programming PLC controllers, and construction and implementation of project. PREREQ or COREQ: ELCTEC 225.

ELCTEC 231 ELECTRONIC CALCULUS (3-0-3) (F/S). Differentiation and integration with electronic system applications. Use of electronic differentiation and integration in electronic control. PREREQ: MATH 108 or APPACAD 141.

ELCTEC 241 INSTRUMENTATION (3-0-3) (F/S). Electronic measurement and control through the use of sensors, transducers, detectors and actuators. Open and closed loop control systems. Position, force, pressure, temperature, flow, level, light and radiation sensors. Signal conditioning and processing. PREREQ: ELCTEC 152 and ELCTEC 251.

ELCTEC 242 INSTRUMENTATION LAB (0-3-1) (F/S). Laboratory exercises with various sensors, electro-mechanical and measurement systems to complement ELCTEC 241. See ELCTEC 241 course description. COREQ: ELCTEC 241.

ELCTEC 251 LINEAR SYSTEMS (3-0-3) (F/S). Linear circuit signal amplification and processing using discrete and monolithic integrated circuits. Operational amplifier circuits including comparators, oscillators, active filters and instrumentation amplifiers. PREREQ: ELCTEC 152, ELCTEC 172.

ELCTEC 252 TELECOMMUNICATIONS SYSTEMS (3-0-3) (F/S). Radio and lightwave communications. Amplitude modulation, frequency modulation, pulse modulation, and video systems. PREREQ: ELCTEC 172 and ELCTEC 251 or PERM/INST.

ELCTEC 264 ADVANCED DIGITAL SYSTEMS (3-0-3) (F/S). Advanced study of digital devices and concepts. Includes flip-flops, counters, shift registers, memory devices, and electronic circuit interfacing methods. PREREQ: ELCTEC 162 or PERM/INST.

ELCTEC 265 ADVANCED DIGITAL SYSTEMS LAB (0-3-1) (F/S). Laboratory to complement ELCTEC 264. COREQ: ELCTEC 264.

ELCTEC 277 MICROPROCESSOR SYSTEMS (2-0-2) (F/S). Microprocessor/microcontroller functions, operations and interfacing. Architecture, instruction sets, input and output, and programming. Eight-week course. PREREQ: ELCTEC 251 and ELCTEC 264.

ELCTEC 278 MICROPROCESSOR SYSTEMS LAB (0-3-1) (F/S). Laboratory to complement ELCTEC 277. Eight-week course. COREQ: ELCTEC 277.

ELCTEC 279 MICROPROCESSOR APPLICATIONS (2-0-2) (F/S). Microprocessor/microcontroller applications dealing with interfacing microprocessors and microcontrollers to external devices. Includes sampling, data acquisition and transmission, and programming interfaces. Eight-week course. PREREQ: ELCTEC 241 and ELCTEC 277.

ELCTEC 280 MICROPROCESSOR APPLICATIONS LAB (0-3-1) (F/S). Laboratory course to complement ELCTEC 279. Eight-week course. COREQ: ELCTEC 279.

ELCTEC 285 FIBER OPTICS TECHNOLOGY (1-0-1). Introduction to fiber optics systems and use of fiber optics in electronic instrumentation and communication. Course will cover basic fiber measurements and terminology, fiber optic end systems, fiber characteristics and handling.

ELCTEC 289 SPECIAL PROJECT (1-0-1) (F/S). An electronics project involving the planning, staging, and construction and testing of an electronic system. The project must be approved by the instructor. PREREQ: PERM/INST.

EXTENDED PROGRAMS OFFERINGS

The following offerings are not required in the Electronic Technology, A.A.S. degree program. These courses are designed for technical upgrading of individuals working in industry and are offered whenever demand warrants.

ELCTEC 290 LASER SYSTEMS (3-0-3). Course in LASER mechanics and optics. Coherent light, monochromaticity and polarization. Diffraction, refraction and reflection. Types of LASER devices and principles of operation. Safety considerations and BRH ratings. Applications of LASER devices including precision positioning and gaging, interferometric distance measurements, diffraction pattern analysis, LASER welding and communications and holography. PERM/INST.

ELCTEC 295 INTRODUCTORY FIBER OPTIC SYSTEMS (3-0-3). Basic electronics overview including voltage, current and power. Introductory digital electronics overview including the binary number system, pulse code modulation, sampling, analog-to-digital and digital-to-analog conversions and data transmission. Optical fiber qualities and use. Electrical-to-optical and optical-to-electrical conversion. Time division multiplexing of signals. Course designed for nonelectronic technology majors.

ELCTEC 296 FIBER OPTIC SYSTEMS (3-0-3). Fiber optic systems for electronic technology majors. Properties of fiber material. Propagation of pulses in optical fiber, refraction laws and optical principles, propagation modes, temporal and chromatic dispersion, path loss calculations. Optical sources and detectors. Analog and digital transmission using optical fiber. Time, frequency and wavelength division multiplexing. Coherent heterodyne multiplexing techniques. Splicing techniques and safety considerations. PREREQ: ELCTEC 252 or PERM/INST.

Upper Division

ELCTEC 385 FIBER OPTICS TECHNOLOGY (1-0-1). Course of fiber optics systems and use of fiber optics in electronic instrumentation and communication. Course will cover fiber measurements and terminology to advanced levels, fiber optic end systems, fiber characteristics and handling. Will include additional detail and student requirements beyond those of ELCTEC 285.

Environmental Control Technician Degrees Offered

- A.T.C., A.A.S., and B.A.S. in Environmental Control Technician

Program Statement

Leading to an advanced technical certificate or an associate of applied science degree, this double-major option combines the Industrial Maintenance Technology and Refrigeration, Heating, and Air Conditioning curriculums. Graduates of the program maintain equipment and control the industrial environment in a variety of settings, ranging from light manufacturing to heavy industry.

Degree Requirements

Environmental Control Technician Advanced Technical Certificate

Farm Business Management

Instructor: Wells.

Degree Offered

- P.T.C. in Farm Business Management

Program Statement

Leading to a postsecondary technical certificate, the Farm Business Management Program is designed to help farm businesses and family farms through improved management, organization, and efficiency of farming operations.

This program is not a production agricultural program, but instead emphasizes the business and management skills needed to operate a successful farming operation during a widely fluctuating economic cycle. The use of the computer in this program is to aid the farm manager in making sound management decisions. The program also provides a solid background in record-keeping and accounting.

Participants meet on campus for the classroom portion of the program. They are also assisted in their own operations, at their individual locations, by the instructor. Emphasis during the first year is on setting up the farming operation's records system. Special fees apply to this program.

Degree Requirements

Farm Business Management Postsecondary Technical Certificate	
Course Number and Title	Credits
FARMBUS 175 Farm Business Records and Accounting	5
FARMBUS 176 Technical Support I	0
FARMBUS 178 Farm Business Analysis and Evaluation	5
FARMBUS 179 Technical Support II	0
FARMBUS 181 Fundamental Financial Management	5
FARMBUS 182 Technical Support III	0
Total	15

Course Offerings

See page 52 for a definition of the course-numbering system.

FARMBUS — FARM BUSINESS MANAGEMENT

FARMBUS 175 FARM BUSINESS RECORDS AND ACCOUNTING (4-2-5)(S). First-year participants will study the fundamentals of farm accounting with a systematic approach to keeping accurate records. This course offers the opportunity to place these records on microcomputer for general farm use. This course is designed for both experienced and inexperienced computer users and includes farm accounting procedures, account structure, enterprise accounting, balance sheet, and income statements.

FARMBUS 176 TECHNICAL SUPPORT I (0-2-0)(S). Students will have up to 30 hours of instructor technical assistance at their locations over a one year period to implement concepts learned in FARMBUS 175.

FARMBUS 178 FARM BUSINESS ANALYSIS AND EVALUATION (4-2-5)(F,S). Second-year participants will learn financial statement analysis. This will involve the interpretation of balance sheets, income statements, and statements of cash flow. Ratio relationships between the financial statements will be explored. Short term (less than one year) and long term (up to five years) computerized budgeting using electronic spreadsheets will also be explored.

FARMBUS 179 TECHNICAL SUPPORT II (0-2-0)(S). Students will have up to 30 hours of instructor technical assistance at their locations over a one year period to implement concepts learned in FARMBUS 178.

FARMBUS 181 FUNDAMENTAL FINANCIAL MANAGEMENT (2-8-5)(F,S). Third-year participants will study fundamental financial management. This will include calculating interest, analyzing the cost of using funds, determining impact of depreciation on investments, projecting returns on investments and evaluating lease and/or purchase decisions. Students will implement the principles learned in class in their own operations and will have a full year of instructor support to do so.

FARMBUS 182 TECHNICAL SUPPORT III (0-2-0)(S). Students will have up to 30 hours of instructor technical assistance at their locations over a one year period to implement concepts learned in FARMBUS 181.

Fire Service Technology

Degree Offered

- A.A.S. and B.A.S. in Fire Service Technology
- A.A.S. and B.A.S. in Wildland Fire Management

Program Statement

Leading to an associate of applied science degree, the Fire Service Technology Program is designed to upgrade the skills and knowledge of volunteer and paid fire fighters in all phases of fire fighting. The intent of this program is to provide fire fighters with the latest technology needed to save lives and protect property in a safe and efficient manner. Participants must be members of paid or volunteer fire departments because specific activities in these courses require access to facilities and equipment located at fire departments. Courses are delivered through local fire departments, on demand, when sufficient enrollment is secured.

Leading to an associate of applied science degree, the Wildland Fire Management Program is designed to develop the skills and knowledge of volunteer and paid fire fighters in wildland fire fighting. The intent of this program is to provide fire fighters with the latest technology needed to save lives and protect property in a safe and efficient manner. Courses are delivered through local fire departments and state and federal wildland fire fighting agencies.

Special fees apply to these programs. Students interested in these programs should contact the Larry G Selland College of Applied Technology, Center for Workforce Training, Technical Services Building, Room 105, 208 426-1974.

Degree Requirements

FIRESV — FIRE SERVICE TECHNOLOGY

FIRESV 100 FIRE TRAINING TECHNOLOGY (V-V-42). This program is designed to upgrade paid and volunteer fire fighters in the latest fire fighting and life saving techniques. The course work listed (except general education requirements) for the Idaho State Fire Fighters certification, associate of applied science degree program, is delivered through statewide fire departments. All courses except general education requirements will be graded Pass/Fail. PREREQ: PERM/INST.

WFMGMT — WILDLAND FIRE MANAGEMENT

WFMGMT 100 WILDLAND FIRE MANAGEMENT (V-V-44). This program is designed to develop the skills and knowledge of wildland fire fighters in all phases of wildland fire fighting. The course work listed, except general education requirements, will be delivered through state and federal wildland fire fighting agencies. Pass/Fail. PREREQ: PERM/INST.

Heavy Duty Mechanics—Diesel

Instructors: Doughty, Gaines, Hall, Martinez, Neal.

Degrees Offered

- T.C., A.T.C., A.A.S., and B.A.S. in Heavy Duty Mechanics — Diesel

Program Statement

The Heavy Duty Mechanics—Diesel program covers diagnosis, service, and repair of heavy-duty trucks and equipment. Students are offered entry into the program at the beginning of the fall and spring semesters, depending on available seating as determined by the instructor.

The Heavy Duty Mechanics-Diesel Program is a two-part program. The first-year program covers general principles and specific product information. Laboratory work emphasizes a hands-on orientation with extensive training on functional vehicles and equipment. In all cases, courses are oriented toward high levels of technical understanding to provide the skills needed for employment. In addition to specific technical training, supporting courses enable students to develop interpersonal skills needed to advance within the Heavy Duty Mechanics-Diesel service industry.

The second year Advanced Technical Certificate program will include additional advanced technical theory in the classroom, and offers laboratory work in an agreement with local dealerships, independent garages, and specialty shops. In addition to the Advanced Technical Certificate students may choose to continue their education by completing the University Core requirements for the Associate of Applied Science degree.

Degree Requirements

Heavy Duty Mechanics—Diesel Technical Certificate	
Course Number and Title	Credits

DIESEL — HEAVY DUTY MECHANICS-DIESEL

DIESEL 150 BRAKES, SUSPENSION, ALIGNMENT, AND HYDRAULICS (5-0-5) (F/S). Theory and principles of operation of a hydraulic brake system including abs, air brake systems, and engine brakes. Suspension systems, alignment, steering, and hydraulic systems including pumps, actuators, motors, and valves. PREREQ OR COREQ: CORBLK 110. COREQ: DIESEL 150L.

DIESEL 150L BRAKES, SUSPENSION, ALIGNMENT, AND HYDRAULICS LAB (0-6-2) (F/S). COREQ: DIESEL 150.

DIESEL 160 ELECTRICAL AND ENGINE PERFORMANCE (5-0-5) (F/S). Theory of basic electrical systems and power accessories. Identification and use of basic and sophisticated electronic test equipment. Theory and principles of electronic computer-controlled systems with emphasis on engine performance. PREREQ OR COREQ: CORBLK 110. COREQ: DIESEL 160L.

DIESEL 160L ELECTRICAL AND ENGINE PERFORMANCE LAB (0-6-2) (F/S). COREQ: CORBLK 160.

DIESEL 170 FUEL SYSTEMS, ENGINE CONTROLS, AND ENGINE REPAIR (5-0-5) (F/S). Theory and principles of fuel system types, pumps, filters and conditioners, injection systems, injection nozzles, governors, acceleration, and engine controls. Focuses on engine design characteristics, engine disassembly, parts evaluation, proper assembly, and repair techniques. PREREQ OR COREQ: CORBLK 110. COREQ: 170L.

DIESEL 170L FUEL SYSTEMS, ENGINE CONTROLS, AND ENGINE REPAIR LAB (0-6-2) (F/S). COREQ: DIESEL 170.

DIESEL 180 PREVENTIVE MAINTENANCE, DRIVETRAINS, AND HEATING AND AIR CONDITIONING (5-0-5) (F/S). Importance of setting up a workable PM program and accurate record keeping. Theory and function of the clutch, standard transmission, drive shafts, heavy-duty axles, and heating and air conditioning systems. PREREQ OR COREQ: CORBLK 110. COREQ: DIESEL 180L.

DIESEL 180L PREVENTIVE MAINTENANCE, DRIVETRAINS, AND HEATING AND AIR CONDITIONING LAB (0-6-2) (F/S). COREQ: DIESEL 180.

DIESEL 255 ADVANCED PREVENTIVE MAINTENANCE, AND HEATING AND AIR CONDITIONING (1-5-3) (F/S). Preventive maintenance pre-trip inspections, scheduling, and deadlining. Recover and recharge air conditioning systems. Performance test, leak test, purge and flush, retrofit the air conditioning and heating systems.

DIESEL 256 ADVANCED ENGINE REPAIR (1-5-3). Advanced engine repair principles and concepts in diagnosis, disassembly, inspection, repair, and assembly.

DIESEL 257 ADVANCED ENGINE PERFORMANCE (1-5-3). Advanced principles and concepts in diagnosis of problems and adjustment of vehicle computer control systems.

DIESEL 258 ADVANCED DRIVETRAINS (1-5-3) (F/S). Advanced transmission principles and concepts in diagnosis, disassembly, inspection, repair, and assembly of automatic and manual transmissions.

DIESEL 259 ADVANCED BRAKES, SUSPENSION, AND ALIGNMENT (1-5-3) (F/S). Advanced wheel alignment and brake system principles and concepts in the diagnosis and repair problems of two- and four-wheel drive vehicles utilizing computerized equipment.

DIESEL 260 ADVANCED ELECTRICAL SYSTEMS (1-5-3) (F/S). Advanced electrical systems principles and concepts in the diagnosis and repair of electrical problems utilizing computerized testing equipment.

Horticulture Technology

Instructors: Blackburn, Moen, Vogel.

Degrees Offered

- T.C. in Horticulture Technology, Horticulture Assistant
- A.T.C., A.A.S., and B.A.S. in Horticulture Technology, Horticulturist

Program Statement

The curriculum includes art principles in floral, garden, and landscape design, as well as theory and practice in plant propagation, production and management of nursery and greenhouse crops, planting and maintenance of landscapes, and interiorscapes.

The 9-month Horticulture program is intended for individuals interested in entry-level horticulture sales, floriculture, greenhouse and landscape maintenance

Degree Requirements

Horticulture Technology Horticulture Assistant Technical Certificate

HORTEC — HORTICULTURE TECHNOLOGY

HORTEC 105 FLORAL DESIGN I (1-2-2)(F). Basic floral design concepts and practical lab experience in constructing floral designs. PREREQ: PERM/INST.

HORTEC 106 PLANT MATERIALS I (1-4-3)(F/S). Identification, cultural requirements, and landscape use of annuals, perennials, vines, and ornamental grasses.

HORTEC 107 LANDSCAPE MAINTENANCE AND PRUNING (1-2-2)(F). Cultivation and care of specific landscape crops, including practical experience in maintenance and pruning of exterior and interior plant materials. Lawns, roses, fruits, vegetables, herbs, ornamentals and exotic plants. PREREQ: PERM/INST.

HORTEC 108 PLANT PRODUCTION AND MANAGEMENT (1-4-3)(F). Develop and understanding of plants utilized in the horticulture industry by propagating, growing and analyzing factors affecting growth of plants and costs involved to raise crops. Provides Greenhouse and nursery experience. PREREQ: PERM/INST.

HORTEC 110 HORTICULTURE BOTANY (1-4-3)(F/S). Introduction to plant classification, anatomy, and basic plant growth processes. Emphasis on function of plant parts, reproductive structures and their application to the study of horticulture.

HORTEC 135 PLANT MATERIALS II (1-2-2)(F/S). Identification, cultural requirements, and landscape use of floral, foliage, and greenhouse crops.

HORTEC 136 PLANT PRODUCTION AND MANAGEMENT (1-4-3)(F/S). Selecting, managing, and growing specific crops for consumption and sales. Business and propagation records, job projects, bids and continued study of ornamental culture and maintenance.

HORTEC 140 SOILS AND PLANT NUTRITION (1-4-3)(F/S). Examination of the physical, chemical, and biological properties of soils, Review of chemical properties of fertilizer components in soil solution. Study of the diagnosis and correction of plant deficiencies.

HORTEC 143 HORTICULTURE INTERNSHIP SEMINAR (1-0-1)(S). Weekly seminar designed to survey and discuss work experience situations. Group discussion of interpersonal dynamics on the job. Time cards, business communications and record keeping emphasized. COREQ: HORTEC 144 and PERM/INST.

HORTEC 203 PLANT MATERIALS III (0-6-3)(F/S). The identification, cultural requirements, and landscape use of deciduous and evergreen trees.

HORTEC 204 LANDSCAPE MANAGEMENT I (0-6-3)(F/S). Installation and maintenance of landscapes using large and small engine equipment and hand tools.

HORTEC 205 WEED SCIENCE (1-2-2)(F). The principles and practices of weed identification with field and computer experiences. The cultural, biological and chemical controls will be explored with emphasis on landscape and nursery growing environments. PREREQ: PERM/INST.

HORTEC 207 TURFGRASS MANAGEMENT (2-2-3)(F). A study of grass anatomy, turfgrass selection, environmental conditions and cultural operations necessary for installation and maintenance of turf. COREQ: HORTEC 205 or PERM/INST.

HORTEC 253 PLANT MATERIALS IV (0-6-3)(F/S). The identification, cultural requirements, and landscape use of evergreen and deciduous shrubs.

HORTEC 254 LANDSCAPE MANAGEMENT II (0-6-3)(F/S). A continuation of HORTEC 204 with hands-on opportunities for installing and maintaining complete landscapes. Focusing on woody plants, hardscapes, color, sprinkler systems, and turf.

HORTEC 255 INSECT AND DISEASE SCIENCE (1-2-2)(S). A practical study of identification, life cycles and host symptoms diagnosis; explore cultural, biological, and chemical controls for landscape plants and nursery growing environments. PREREQ: PERM/INST.

HORTEC 256 LANDSCAPE DESIGN PRINCIPLES (1-4-3)(S). An exploration of the culture and history of landscape architecture and its impact on modern landscape architecture. Applying the principles and elements of design for the development of functional, aesthetically pleasing outdoor environments. PREREQ: PERM/INST.

HORTEC 271 INDIVIDUAL HORTICULTURAL PROJECTS (1-4-3)(S). Providing the opportunity for the student to apply all his/her prior education in planning, designing, and completing a portion of a unique, practical approved horticulture project. PREREQ: HORTEC majors and PERM/INST.

HORTEC 293 INTERNSHIP (0-20-4)(F/S). Supervised horticulture work experience in local horticultural businesses. Student will be paid for a minimum of 200 hours work experience in his/her interest area and be under the supervision and guideline of university faculty. COREQ: HORTEC 143.

Idaho Professional Driver Training Program

Instructors: Dean, Leffler, McDannel, Reeves, Urlezaga.

Degree Offered

- P.T.C. in Idaho Professional Driver Training

Program Statement

Leading to a postsecondary technical certificate, the Idaho Professional Driver Training Program is designed to provide the student with the necessary skills and background for employment as an over-the-road entry-level driver. The program is 15 weeks in length with three, 3-week courses and a 6-week internship. Initially, controlled driving takes place in nontraffic areas and advances to the open road, progressing from an empty to a loaded truck and trailer. The student learns skills and procedures for handling freight, dock backing, and trailer combinations and their uses. Ample time is given to familiarize the student with the problems of negotiating large rigs in traffic and over the highway. Department of Transportation and interstate rules and requirements, including the Federal Commercial Driver's License law, are covered. Log-keeping, accident avoidance, and reporting procedures are stressed throughout the course. All students must meet the Department of Transportation's physical standards, have a Department of Motor Vehicles driver's record print-out, and pass the state commercial driver's license exam. Special fees apply to this program.

Degree Requirements

Idaho Professional Driver Training Postsecondary Technical Certificate	
Course Number and Title	Credits
IPDT 102 Basic Knowledge Development and Theory	6
IPDT 106 Driving Skills Development	4
IPDT 112 Driving Skills Enhancement	4
IPDT 193 Professional Truck Driving Internship	5
Total	19

Course Offerings

See page 52 for a definition of the course-numbering system.

IPDT — IDAHO PROFESSIONAL DRIVER TRAINING

IPDT 102 BASIC KNOWLEDGE DEVELOPMENT AND THEORY (100-20-6). This three-week course includes orientation to the program and history of the industry. The students will be introduced to basic vehicle operation, mechanics, control systems, safety, vehicle inspections, log books, laws, commercial motor vehicle safety regulations, metric conversions, hazardous materials, and Commercial Driver's License requirements.

IPDT 106 DRIVING SKILLS DEVELOPMENT (0-120-4). This three-week course is lab instruction and includes nondriving safety, vehicle inspections, speed and space management, backing techniques, shifting, ports of entry, DOT inspections, weight distribution, defensive driving, and special component use.

IPDT 112 DRIVING SKILLS ENHANCEMENT (0-120-4). This three-week course is lab instruction and includes more challenging terrain and progresses to city driving. It focuses on increased proficiency on all basic techniques and skills necessary to pass the federally mandated State Commercial Driver's License, vehicle inspections and road test.

IPDT 193 PROFESSIONAL TRUCK DRIVING INTERNSHIP (0-240-5). This six-week course is on-the-job training with a trucking firm. It is real life experience as the student participates in the daily routine of a truck driver. The student will be attended at all times by a training driver selected by the training station management and approved by the Professional Truck Driving Program.

Chapter 13 — Applied Technology Programs Industrial Electronics Technology

Industrial Electronics Technology

Instructors: Dodson, Douglas, Dunn, Jozwiak, Lonsdale, McArthur, Palagi, Sluder, Stack.

Degree Offered

- A.T.C., A.A.S., and B.A.S. in Industrial Electronics Technology

Program Statement

The Industrial Electronics Technology certificate and degree will prepare students for entry-level technician work with engineers and scientists as well as internal and external customers.

Industrial Maintenance Technology

Instructor: Allen.

Degree Offered

- T.C. in Industrial Maintenance Technology

Program Statement

The Industrial Maintenance Technology Program is designed to prepare students for entry-level employment in industrial environments. Emphasis is on design, operation, maintenance, diagnosis, and troubleshooting of modern systems in the workplace in industrial and agricultural endeavors. Preventive maintenance skills and job safety are stressed. Career options may include Plant Engineer, Facilities Technician, Industrial Maintenance Mechanic, or Agricultural Maintenance Mechanic. Upon successful completion of the nine-month Technical Certificate program, a student can pursue or may be eligible for an Advanced Technical Certificate or an Associate of Applied Science in Automated Industrial Technician or Environmental Control Technician Options.

Degree Requirements

Course Offerings

See page 52 for a definition of the course-numbering system.

IMTEC — INDUSTRIAL MAINTENANCE TECHNOLOGY

IMTEC 101 MAINTENANCE WELDING TECHNOLOGY (3-1-3)(F). Principles of welding and metal joining techniques as found in industry or agriculture includes welding using special techniques or electrodes for ferrous and nonferrous metals, TIG/GTAW and GMAW to weld stainless steel or aluminum.

IMTEC 102 MAINTENANCE MACHINE FUNDAMENTALS (3-1-3)(S). Combines hand tools and machine tools (lathe, milling machine, drill press, shaper, grinding, and pipe/bolt machine) to allow students ability to learn basic skills and to study how machines work. Preventive maintenance techniques are emphasized using this equipment.

IMTEC 114 ELECTROMECHANICAL SYSTEMS (3-1-3)(F). Concentrates on electric motor controls for split phase/fractional horsepower electric motors. Basic skills, elementary through advanced circuits, test meter use, operating characteristics, troubleshooting skills, and maintenance considerations are covered.

IMTEC 115 ELECTROMECHANICAL SYSTEMS (3-1-3)(S). Concentrates on three phase and direct-current motor/control systems. Wiring skills, diagnostic equipment, elementary through advanced circuits including variable frequency drives and programmable logic controllers is offered. Training equipment duplicates industrial installations.

IMTEC 124 BASIC FLUID POWER APPLICATIONS-HYDRAULICS (3-1-3)(F). Principles of basic hydraulics, components and controls, introductory through advanced circuitry, schematics, and electrohydraulics as found in mobile, agricultural, or industrial systems is offered.

IMTEC 125 BASIC FLUID POWER APPLICATIONS-PNEUMATICS (3-1-3)(S). Covers use of compressed air or pneumatics to operate production equipment. Specialized compressors, directional valves, flow control valves, actuators, and related equipment are included. Schematics and circuitry emphasized.

IMTEC 134 INDUSTRIAL TECHNOLOGY LABORATORY (1-8-5)(F). Subjects emphasized are reflective of classroom or lecture topics and include metal joining, hydraulics, electric motors and controls, and preventive maintenance. Systems are enhanced by computer assistance where applicable.

IMTEC 135 INDUSTRIAL TECHNOLOGY LABORATORY (1-10-6)(S). Subjects emphasized are reflective of classroom or lecture topics and include machine tool use for maintenance, use of compressed air or pneumatics, property of materials, and electric motors and controls. Systems are enhanced by computer assistance where applicable.

Machine Tool Technology

Instructors: Sperry, Starkey.

Degrees Offered

- T.C., A.T.C., A.A.S., and B.A.S. in Machine Tool Technology

Program Statement

Leading to a technical certificate, advanced technical certificate, or an associate of applied science degree, the Machine Tool Technology Program is designed for students who wish to become machine tool operators. Students receive instruction in the set-up and use of all basic machines, including engine lathes, milling machines, grinders, surface grinders, and computer numerical control machines. Students also learn about the many different materials and processes used by industry. In addition, students receive classroom instruction and practical experience in the use of various precision measurement and test equipment used by metals-manufacturing industries.

MACHTEC — MACHINE TOOL TECHNOLOGY

MACHTEC 103 MACHINE SHOP LABORATORY (1-12-6)(F). Basic safety, shop practice, work habits, and production rates. Also, the set-up and operation of inspection and layout tools, engine lathe, vertical milling machine, horizontal milling machine and power saws. COREQ: MACHTEC 153.

MACHTEC 104 MACHINE SHOP LABORATORY (1-12-6)(S). Advanced safety, shop practice, work habits, and production rates. Also, the set-up and operation of drill press, jig bore, surface grinders, and computer numerical control milling machine. PREREQ: MACHTEC 103. COREQ: MACHTEC 153.

MACHTEC 126 RELATED BLUEPRINT READING (2-1-2)(F). Basic principles and techniques of reading orthographic projection drawings and technical sketching as applied to machine shop practice.

MACHTEC 127 RELATED BLUEPRINT READING (2-1-2)(S). Advanced principles to understand the reading of more complicated machine shop detail and assembly drawings with emphasis on machining specifications and materials. PREREQ: MACHTEC 126.

MFGTEC 153 MACHINE SHOP LAB (0-6-3)(F/S). Lab course to support MACHTEC 153. COREQ: MACHTEC 153.

MACHTEC 154 MACHINE SHOP THEORY (3-1-3)(S). Machining processes and their application as practiced in the laboratory course. Safety and sound work habits are emphasized in all phases of instruction. Includes the set-up, care and maintenance of drill presses, jig bore, surface grinders, and basic computer numerical grinders, and basic computer numerical control milling machine. PREREQ: MACHTEC 153. COREQ: MACHTEC 104.

MFGTEC 154 MACHINE SHOP LAB (0-6-3)(F/S). Lab course to support MACHTEC 154. PREREQ: MFGTEC 153. COREQ: MACHTEC 154.

MFGTEC 172 SOLID STATE DEVICES (1-0-1)(F/S). Device physics/nomenclature/schematic symbols, and basic applications. PREREQ: ELCTEC 152.

MFGTEC 173 SOLID STATE DEVICES LAB (0-3-1)(F/S). Lab course to support MFGTEC 172. COREQ: MFGTEC 172.

MFGTEC 201 QUALITY ASSURANCE AND STATISTICAL PROCESS CONTROL (4-0-4)(F/S). Statistical methods of manual and computerized manufacturing control will be examined and include generating and evaluating control charts for both attributes and characteristics, probability, error detection vs. prevention techniques, and inspection criteria. PREREQ: APPACAD 139.

MACHTEC 203 ADVANCED MACHINE SHOP LABORATORY (1-12-6)(F). Set-up and operation involving manipulative development and advanced skill in the use of engine lathes, vertical milling machines, drill presses, power saws, surface grinders, advanced computer numerical control milling machines, and basic computer numerical control lathe. PREREQ: MACHTEC 104.

Chapter 13 — Applied Technology Programs

Machine Tool Technology

MACHTEC 204 ADVANCED MACHINE SHOP LABORATORY (1-12-6)(S). Set-up and operation involving manipulative development and advanced skills in the use of inspection and layout tools, engine lathe, vertical milling machine, advanced computer numerical control lathe, operation and programming. PREREQ: MACHTEC 203.

MFGTEC 210 INTRODUCTORY ROBOTICS (2-3-3)(F/S). Overview course of automated manufacturing using 3-D pick and place technology and articulated arm robotics. Course will emphasize limits of precision and accuracy, stepper motor control, and connectivity with other computerized manufacturing operations. PREREQ/COREQ: ELCTEC 225 and ELCTEC 241.

MACHTEC 211 FUNDAMENTALS OF COMPUTER-AIDED DRAFTING AND DESIGN (2-1-2)(F). Introduction to computer-aided drafting and design systems to prepare students for keyboarding, operating the systems, and understanding the applications of computer graphics to machine standards. Students will learn to use an interactive computer graphics system to prepare drawings on CRT.

MACHTEC 212 (MFGTEC 212) COMPUTER AIDED MANUFACTURING (2-3-3)(S). Writing computer numerical control (CNC) machine tool programs using computer-assisted techniques to generate machine firm-ware, set up and operation, development of tooling concepts, preset cutting tooling, machining methods, definition of part geometry, writing of tool motion statements, use of the computer to process program inputs, analysis, and debugging of computer outputs to develop a functional program. This course may be taken for either MFGTEC or MACHTEC credit, but not both. PREREQ: MACHTEC 253 or MFGTEC 180.

MACHTEC 224 TOOL DESIGN FOR MANUFACTURING (2-1-2)(S). Introduction to tool design for the machinist. It will prepare the student to understand design of fixtures, jigs and tools used in the machining trade. PREREQ: MACHTEC 223.

MACHTEC 225 GEOMETRIC DIMENSIONING AND TOLERANCING (3-1-3)(F). Basic geometric dimensioning and tolerancing (GD&T) methods as interpreted in ASME Y14.5M. The student will learn to read and use geometric tolerancing symbolism and terms. PREREQ: MACHTEC 127.

MACHTEC 253 ADVANCED MACHINE SHOP THEORY (2-1-2)(F). Advanced programming of computer numerical control milling machine and basic programming of computer numerical controlled lathe. PREREQ: MACHTEC 154.

MACHTEC 254 ADVANCED MACHINE SHOP THEORY (2-1-2)(S). Advanced programming of computer numerical control lathe and building of fixtures and jigs.

Manufacturing Systems Technology

Instructor: Lonsdale.

Degrees Offered

- A.T.C., A.A.S., and B.A.S. in Manufacturing Systems Technology

Program Statement

The Manufacturing Systems Technology Program is designed to prepare entry-level technicians to troubleshoot, repair, install, maintain, and upgrade electro-mechanical systems in high tech manufacturing facilities. Program graduates are prepared with a technical understanding of how subsystems operate and integrate into the complete manufacturing process.

Degree Requirements

Manufacturing Systems Technology Advanced Technical Certificate

MFGTEC — MANUFACTURING SYSTEMS TECHNOLOGY

MFGTEC 100 MATERIAL AND PROCESS MANUFACTURING (3-0-3)(S). A lecture and visual-aid presentation overview of the production and general properties of common engineering materials such as iron, steel, zinc, copper, aluminum and plastics; the fundamentals of material processing such as powder metallurgy, hot and cold forming and shearing; and an introduction to semiconductor manufacturing.

MFGTEC 153 MACHINE SHOP LAB (0-6-3)(F/S). Lab course to support MACHTEC 153. COREQ: MACHTEC 153.

MFGTEC 154 MACHINE SHOP LAB (0-6-3)(F/S). Lab course to support MACHTEC 154. PREREQ: MFGTEC 153. COREQ: MACHTEC 154.

MFGTEC 172 SOLID STATE DEVICES (1-0-1)(F/S). Device physics/nomenclature/schematic symbols, and basic applications. PREREQ: ELCTEC 152.

MFGTEC 173 SOLID STATE DEVICES LAB (0-3-1)(F/S). Lab course to support MFGTEC 172. COREQ: MFGTEC 172.

MFGTEC 185 PRACTICUM: FACILITIES TOURS (0-2-1)(F). Course will take students on periodic field trips to various manufacturing facilities within the greater Boise area, giving the students opportunities to observe modern manufacturing. The level of computerization and automation will be discussed.

MFGTEC 201 QUALITY ASSURANCE AND STATISTICAL PROCESS CONTROL (4-0-4)(F/S). Statistical methods of manual and computerized manufacturing control will be examined and include generating and evaluating control charts for both attributes and characteristics, probability, error detection vs. prevention techniques, and inspection criteria. PREREQ: APPACAD 139.

MFGTEC 210 INTRODUCTORY ROBOTICS (2-3-3)(F/S). Overview course of automated manufacturing using 3-D pick and place technology and articulated arm robotics. Course will emphasize limits of precision and accuracy, stepper motor control, and connectivity with other computerized manufacturing operations. PREREQ/COREQ: ELCTEC 225 and PREREQ/COREQ: ELCTEC 241.

MFGTEC 215 PNEUMATIC CONTROL (2-3-3)(F/S). Overview of pneumatics used to control manufacturing processes. Includes air theory, pneumatic circuit diagrams and components, PLC control, and circuit simulation. PREREQ/COREQ: ELCTEC 225 and ELCTEC 241.

MFGTEC 231 TECHNICAL PHYSICS (3-3-4)(F/S). The study of technical and their applications in different technologies. The subjects include vectors, statics, dynamics, Newton's laws, work, energy, power, machines, and properties of materials. Course blends the technical principles with laboratory demonstrating those principles. (May be taken in either the freshman or sophomore year.) PREREQ: APPACAD 139 or equivalent.

Marketing/Management Technology

Instructor: Haislip.

Degrees Offered

- T.C., A.T.C., A.A.S., and B.A.S. in Marketing/Management Technology

Program Statement

The Marketing/Management Technology Program prepares students for supervisory positions in retail, finance, or service-oriented businesses or for ownership of a small business. Students develop strong basic skills, technical skills, and an understanding of the business environment.

After completing the program, students will possess skills in selling, retail operations, marketing and promotion strategies, supervision and management principles and techniques, computer applications, and written and oral communication. Emphasis is placed on developing problem-solving and decision-making abilities in addition to technical skills.

As a complement to their technical education, students complete a supervised internship in a local business. This experience enables them to apply marketing and management skills learned in the classroom to on-the-job business situations, expand their perceptions of the work environment, and gain practical experience.

Course Offerings

See page 52 for a definition of the course-numbering system.

MRKTEC — MARKETING/MANAGEMENT TECHNOLOGY

MRKTEC 101 SALESMANSHIP (3-0-3)(F/S). A basic course in personal selling techniques as applied in working situations in modern retail, wholesale, and manufacturing establishments; analysis of customer behavior and motivation; methods of creating customer attention, interest, desire, and action. Special emphasis is given to ethical sales techniques.

MRKTEC 104 LEADERSHIP DEVELOPMENT (1-1-1)(F/S). Emphasis on leadership skills, parliamentary procedures, interpersonal communication, and occupational skill enhancement. Competence developed through business-oriented community and campus projects and state and national leadership conferences and competition.

MRKTEC 121 BUSINESS CONCEPTS (3-0-3)(F/S). Introduction to current management and marketing practices in business enterprises. Develops an understanding of the role and functions of the small business in today's local and national economy.

MRKTEC 125 INTRODUCTION TO MARKETING (3-0-3)(F/S). Marketing concepts, consumer demand and behavior, location analysis, marketing functions, institutions, channels, prices, and international marketing. Situational analysis, market research techniques, and marketing strategies are applied to develop a marketing plan for an organization.

MRKTEC 167 MICROCOMPUTER APPLICATIONS FOR BUSINESS (1-4-3)(F/S). Develops skill in using microcomputer applications for business problem-solving, decision-making, and information management. Includes word processing, spreadsheet and database applications, electronic presentations, and an introduction to web page development. PREREQ: BUSTEC 161.

MRKTEC 201 ELEMENTS OF MARKETING (3-2-3)(F). The study of activities by which goods and services flow from producer to ultimate consumer. Includes methods, policies and evaluation of the various marketing institutions according to the function performed.

MRKTEC 203 PRINCIPLES OF PROMOTION (3-0-3)(F/S). Introduction to integrated marketing communications elements, including advertising, direct response, sales promotion and public relations and their functions in today's communication environment. Explores research, media and message elements involved in the creation of a campaign, governmental regulations, and social and economic considerations.

MRKTEC 204 RETAILING MANAGEMENT (3-2-3)(F/S). A study of fundamental principles and practices of managing a retail business. Covers the full range of decisions made by retailers from developing a retail strategy to managing a store and its employees. Includes merchandise planning and control, expense and cost-reduction, purchasing for resale, pricing of goods, and retail control systems. PREREQ: APPACAD 138.

MRKTEC 209 APPLIED BUSINESS COMMUNICATION (3-0-3)(F/S). Principles and strategies for effective written and oral communication in business. Develops ability to analyze communication problems; organize ideas logically; and express ideas correctly and persuasively in business letters, memos, reports, and oral presentations. Emphasis on systematic and creative approaches to solving business communication problems. PREREQ: BUSTEC 133.

MRKTEC 212 INTEGRATED MARKETING COMMUNICATIONS (3-0-3)(F/S). Application of business, research, media and creative principles used in the formulation of persuasive messages to solve marketing communications problems and develop integrated campaigns. Projects include advertising, public relations, and sales promotion cases. PREREQ: MRKTEC 203.

Chapter 13 — Applied Technology Programs Marketing/Management Technology

MRKTEC 240 PRINCIPLES OF SELLING (3-0-3)(F/S). The role of influence and persuasion in professional selling and other organizational settings. Students practice sales skills, apply selling theory and examine consumer buying behavior, negotiation, communication, customer-service and sales management. Emphasis is on ethical sales strategies.

MRKTEC 243 MARKETING APPLICATIONS (3-0-3)(F/S). Analysis and management of customer satisfaction in goods and services markets by profit and nonprofit organizations. Emphasis is on the strategies and interaction of various marketing alternatives available to all types of organizations. Case-based and project approach to studying marketing management. PREREQ: MRKTEC 125.

MRKTEC 250 MICROCOMPUTER APPLICATIONS FOR BUSINESS (1-5-3)(F/S). Develops skill in utilizing microcomputer applications for business problem-solving, decision-making, and information management. Includes word processing, spreadsheet and database applications and introduction to graphical operating environment. PREREQ: BUSTEC 161.

MRKTEC 257 PRINCIPLES OF MANAGEMENT (3-0-3)(F/S). Introduction to the basic management functions of planning, organizing, staffing, directing, and controlling. Focus on practical applications of job design and analysis, employee training and development, motivation, leadership, negotiation, improving team performance and productivity, and creative problem-solving as they relate to retail, service, and wholesale fields.

MRKTEC 262 SMALL BUSINESS MANAGEMENT (3-0-3)(F/S). Concepts of planning, organizing, and managing a small business enterprise with emphasis on the procedures and regulations that influence success. Includes an overview of entrepreneurship and the essential factors for launching a new venture including the business plan, legal requirements, and financing.

MRKTEC 293 MARKETING/MANAGEMENT INTERNSHIP (0-10-3)(F/S). Cooperative work experience for students in the Marketing/Management Technology program. Provides opportunity to apply marketing and management skills learned in the classroom to on-the-job experiences in retail, wholesale, or service businesses. Students follow a training plan and are evaluated by both the employer and the internship coordinator. Maximum of 6 credits internship allowed, including 3 elective credits.

Mechanical Welding Technician

This double major option combines the Welding and Metals Fabrication and Heavy Duty Mechanics — Diesel curricula.

Degrees Offered

- A.T.C., A.A.S., and B.A.S. in Mechanical Welding Technician

Office Occupations

Instructors: Gunner, Holcomb.

Degree Offered

- P.T.C. in Office Occupations

Program Statement

The Office Occupations Program is designed to provide the basic knowledge and skills necessary for graduates to gain entry-level employment in the clerical field in a short period of time. Students in the program develop general office and technical skills while refining job search and interviewing techniques. Work attitudes and ethics are cultivated to ensure successful employment. The program is competency-based, which requires that the student perform the skills and objectives of the program as required for employment at entry level.

Students choosing to continue their education may transfer Office Occupations program credits into the Business Technology program's technical certificates or A.A.S. degrees.

Degree Requirements

Office Occupations Postsecondary Technical Certificate	
Course Number and Title	Credits
OFFOCC 102 Keyboarding Skill Development	1
OFFOCC 112 Office Procedures	2
OFFOCC 115 Job Readiness	2
OFFOCC 131 Business English	3

OFFOCC — OFFICE OCCUPATIONS

OFFOCC 102 KEYBOARDING SKILL DEVELOPMENT (0-3-1)(F/S). Diagnostic approach to improving keyboarding speed and accuracy using timed writings, speed, and accuracy drills.

OFFOCC 112 OFFICE PROCEDURES (1-2-2)(F/S). Introduction to the role of the office professional in the modern office environment. Develops skills in telephone communication, mail handling procedures, organization and time management, records management, meeting and travel planning, and other administrative support responsibilities.

OFFOCC 115 JOB READINESS (1-2-2)(F/S). Preparation for successfully competing in today's job market. Emphasizes self-analysis, job search strategy, preparing a professional portfolio, interviewing skills, and interpersonal relations in the workplace.

OFFOCC 131 BUSINESS ENGLISH (2-3-3)(F/S). Comprehensive review of English skills with emphasis on correct grammar usage, sentence structure, word usage, punctuation, spelling, and vocabulary. Provides strong foundation for effective communication in business.

OFFOCC 141 BUSINESS MATH/10-KEY OPERATIONS (1-2-2)(F/S). Introduction to business math applications as used in accounting, management, and retailing. Functions of the

Chapter 13 — Applied Technology Programs Recreational and Small Engine Repair Technology

electronic calculator are introduced along with correct fingering for efficient use of the electronic calculator in business applications.

OFFOCC 160 INTRO TO COMPUTERS AND SOFTWARE (0-2-1)(F/S). Introduction to computer components and terminology, the Windows environment, and survey of current productivity software.

OFFOCC 161 SPREADSHEET SOFTWARE (1-2-2)(F/S). Concepts and applications of electronic spreadsheets. Includes creating and modifying worksheets, designing and printing charts/graphs, and using spreadsheet functions for business decision-making. Eight week course.

OFFOCC 162 WORD PROCESSING (1-4-3)(F/S). Develops skill in producing a variety of business documents with special features using automated office equipment. Emphasis on correct document formatting and producing mailable documents.

OFFOCC 165 DATABASE SOFTWARE (1-2-2)(F/S). Concepts and applications of electronic database management. Includes creating, modifying, and querying databases and generating reports commonly used in business. Eight week course.

Practical Nursing — see Department of Nursing in Chapter 12.

Professional Truck Driving Program — See Idaho Professional Driver Training Program

Recreational and Small Engine Repair Technology

Instructors: Beumeler, Schroeder.

Degrees Offered

- T.C., A.T.C., A.A.S., and B.A.S. in Recreational and Small Engine Repair Technology

Program Statement

Leading to a technical certificate, advanced technical certificate, or an associate of applied science degree, the Recreational and Small Engine Repair Technology Program includes classroom, lab, and shop experiences directed at maintaining and repairing a variety of 2- and 4- cycle engines used on recreational vehicles and outdoor power equipment including snowmobiles, motorcycles, four-wheelers, watercraft, lawn and garden, and portable power equipment. The instructional units emphasize the complete repair of various types of small engines and the equipment related to its use.

The second year of the program is designed for students, in consultation with the instructor, to specialize in advanced areas of the program.

In addition to advanced technical theory and laboratory, the second year may include laboratory work in a practicum agreement with local industry.

SMENGTEC — RECREATIONAL AND SMALL ENGINE REPAIR

SMENGTEC 101 SMALL ENGINE LABORATORY (1-18-9)(F). Includes basic application and instruction in repair and overhaul of small engine units with emphasis on lawn and garden equipment.

SMENGTEC 102 SMALL ENGINE LABORATORY (1-18-9)(S). Options include basic repair and maintenance of outdoor power equipment, recreational vehicles, motorcycles, snowmobiles and/or outboard marine engines.

SMENGTEC 129 INTRODUCTION TO MICROCOMPUTERS (1-1-1)(S). Introduces the student to microcomputer skills related to the mechanical technology service field, including DOS and basic word processing.

SMENGTEC 141 SMALL ENGINE THEORY (5-1-5)(F). Includes basic application and instruction of the internal combustion engine and principles of two and four cycle engines, carburetion, and electrical systems are covered.

SMENGTEC 142 SMALL ENGINE THEORY (5-1-5)(S). Includes basic instruction in power train, trouble shooting, fuel systems, ignition systems, and tune-up, on preselected recreational and small engine equipment.

SMENGTEC 201 ADVANCED SMALL ENGINE LABORATORY (1-18-9)(F). Includes advanced application and instruction in repair and overhaul of recreational and small engine units.

SMENGTEC 202 ADVANCED SMALL ENGINE LABORATORY (1-18-9)(S). Includes advanced repair and maintenance of one or more of the following: recreational All Terrain Vehicles (ATV), motorcycles, snowmobiles, personal water craft, outboard marine engines, and outdoor power equipment.

SMENGTEC 241 ADVANCED SMALL ENGINE THEORY (3-1-3)(F). Provides advanced principles and instruction of the two and four cycle engines internal combustion engine, carburetion, and electrical systems.

SMENGTEC 242 ADVANCED SMALL ENGINE THEORY (3-1-3)(S). Includes advanced principles and instruction in power train, clutching, trouble shooting, ignition systems, fuel systems, tune up, and overhaul on preselected recreational and small engine equipment.

Refrigeration, Heating, and Air Conditioning

Instructors: Davis, Miller.

Degrees Offered

- T.C., A.T.C., A.A.S., and B.A.S. in Refrigeration, Heating, and Air Conditioning

Program Statement

Leading to a technical certificate, advanced technical certificate, or an associate of applied science degree, the Refrigeration, Heating, and Air Conditioning Program offers laboratory experience and theory classes designed to prepare students for entry-level employment. Emphasis is on the servicing of commercial and residential equipment. The program covers all skills and knowledge necessary to repair the equipment, with a strong emphasis on safety.

REFHTEC — REFRIGERATION, HEATING, AND AIR CONDITIONING

REFHTEC 110 HVAC/R ELECTRICAL APPLICATIONS (3-0-3)(F/S). Introduction to electricity and electronics as applied to heating, refrigeration, and air conditioning. Basic Ohm's law, DC/AC theory, transformers, motors, relays, and electrical generation/distribution.

REFHTEC 115 CONTROL AND SCHEMATIC FUNDAMENTALS (3-0-3)(F/S). Basic controls and wiring schematics used on residential and light commercial heating, refrigeration, and air conditioning equipment. Emphasizes generic approach while studying specific manufacturer's pictorial and ladder schematic diagrams. PREREQ: REFHTEC 110.

REFHTEC 123 PRINCIPLES OF REFRIGERATION (3-0-3)(F/S). Introduction to the basic refrigeration cycle, thermodynamics, application of pressure-enthalpy diagrams, and major refrigeration components and systems. Refrigerant properties, transferring, evacuation, and system reprocessing. COREQ: REFHTEC 124.

REFHTEC 124 PRINCIPLES OF REFRIGERATION (0-15-5)(F/S). Lab to support REFHTEC 123. COREQ: REFHTEC 123.

REFHTEC 133 HEATING SYSTEMS (2-0-2)(F/S). Heating equipment used in residential, light commercial, and industrial: gas, electric, oil, and hot water. Combustion analysis, tools, instruments, efficiency measurements, troubleshooting, maintenance, and repair procedures.

REFHTEC 134 HEATING SYSTEMS LAB (0-9-3)(F/S). Lab to support REFHTEC 133. COREQ: REFHTEC 133.

REFHTEC 143 AIR CONDITIONING SYSTEMS (2-0-2)(F/S). Mechanical air conditioning equipment used in comfort cooling and heat pump applications. Duct sizing, heat load calculation, psychrometrics, capacity testing, mechanical/electrical troubleshooting of residential and light commercial applications. PREREQ: REFHTEC 123. COREQ: REFHTEC 144.

REFHTEC 144 AIR CONDITIONING SYSTEMS LAB (0-9-3)(F/S). Lab to support REFHTEC 143. COREQ: REFHTEC 143.

REFHTEC 223 INTRODUCTION TO DDC CONTROL OPERATION (3-0-3)(F/S). DDC (Direct Digital Control) system architecture and operator use. Manipulating system inputs/outputs from operator terminals, navigating through system front ends, trending system operation, and an introduction to DDC panels and hardware.

REFHTEC 224 ADVANCED HVAC SYSTEM CONTROL STRATEGY (3-0-3)(F/S). Hot and chilled water loop system control strategy. Energy saving practices used in the HVAC (Heating, Ventilation, and Air Conditioning) industry including duty cycling, start/stop time optimization, economizers, warm-up and setback methods, and temperature control reset.

REFHTEC 225 AIR DELIVERY SYSTEM OPERATING, TESTING, AND BALANCING (2-0-2)(F/S). Installation, operation, testing and balancing of air systems. Fan-type analysis and selection, flow measurement and calculations; and damper sizing, selection and operation. Variable air volume and constant volume air systems. COREQ: REFHTEC 226.

REFHTEC 226 AIR DELIVERY SYSTEM OPERATING, TESTING, AND BALANCING LAB (0-3-1)(F/S). Lab to support REFHTEC 225. COREQ: REFHTEC 225.

REFHTEC 227 WATER SYSTEM OPERATING, TESTING, AND BALANCING (3-0-3)(F/S). Installation, operation, testing and balancing of hydronic systems. Pump-type analysis and selection, flow measurement and calculations, water treatment; and valve sizing, selection and operation. PREREQ: REFHTEC 225 or PERM/INST.

REFHTEC 229 COMMERCIAL AND INDUSTRIAL HVAC/R SYSTEMS I (2-0-2)(F/S). Commercial and industrial refrigeration system configurations, components, and applications.

REFHTEC 230 COMMERCIAL AND INDUSTRIAL HVAC/R SYSTEMS II (2-0-2)(F/S). Commercial and industrial refrigeration systems and auxiliary support equipment with emphasis on compressor capacity control, defrost, oil separation, and refrigerant control.

REFHTEC 231 DDC CONTROL PROGRAMMING I (3-0-3)(F/S). Introduction to HVAC control programming. Step-by-step procedures for creating logical control programs and databases. Basic computer operations required for using DDC Systems will also be covered. PREREQ: REFHTEC 223 or PERM/INST. COREQ: REFHTEC 232.

REFHTEC 232 DDC CONTROL PROGRAMMING LAB I (0-6-2)(F/S). Lab to support REFHTEC 231. COREQ: REFHTEC 231.

REFHTEC 233 DDC CONTROL PROGRAMMING II (3-0-3)(F/S). Write, test, and troubleshoot programs used in real-world HVAC control applications. PREREQ: REFHTEC 231. COREQ: REFHTEC 234.

REFHTEC 234 DDC CONTROL PROGRAMMING LAB II (0-6-2)(F/S). Lab to support REFHTEC 233. COREQ: REFHTEC 233.

Semiconductor Manufacturing Technology

Instructors: Dunn, Jozwiak, Lonsdale, Sluder.

Degrees Offered

- T.C., A.T.C., A.A.S., and B.A.S. in Semiconductor Manufacturing Technology

Program Statement

Leading to an advanced technical certificate and an associate of applied science degree, the Semiconductor Manufacturing Technology Program prepares students as entry-level semiconductor manufacturing technicians within the industry. Graduates can expect to install, update, and maintain the close tolerance equipment and facilities used to manufacture, encapsulate, test, and ship semiconductor products.

Degree Requirements

Semiconductor Manufacturing Technology, Process Emphasis Technical Certificate	
Course Number and Title	Credits
APPACAD 139 Applied Algebra and Trigonometry	3
APPACAD 221 Technical Report Writing	3
CHEM 115 Materials Science Chemistry	4
ELCTEC 101 DC Electronics Laboratory	2
ELCTEC 102 AC Electronics Laboratory	2
ELCTEC 151 DC Electronics Theory	3
ELCTEC 152 AC Electronics Theory	2
MFGTEC 201 Quality Assurance and Statistical Process Control	4
SEMITEC 110 Basic Hand Tools	1
SEMITEC 181 Integrated Circuit Processing I	4
SEMITEC 210 RF Energy and Plasma	2
SEMITEC 212 Vacuum	2
SEMITEC 282 Integrated Circuit Processing II	3
Total	35

Semiconductor Manufacturing Technology Advanced Technical Certificate	
Course Number and Title	Credits
Successful completion of technical certificate	35
APPACAD 111 Applied Communications	3
APPACAD 181 Occupational Relations	3
ELCTEC 162 Digital Systems I	3
ELCTEC 163 Digital Systems I Lab	1
ELCTEC 172 Solid State Devices	3
ELCTEC 173 Solid State Devices Lab	3
ELCTEC 200 CET Certification (Recommended but not required)	(1)
ELCTEC 225 Programmable Logic Controllers	1
ELCTEC 226 Programmable Logic Controllers Lab	1
ELCTEC 241 Instrumentation	3
ELCTEC 242 Instrumentation Lab	1
MFGTEC 210 Introductory Robotics	3
MFGTEC 215 Pneumatic Control	3
MFGTEC 231 Technical Physics	4
Total	67

Semiconductor Manufacturing Technology Associate of Applied Science	
Course Number and Title	Credits
Successful completion of technical certificate except for APPACAD 111, APPACAD 181, and APPACAD 221	58
ENGL 101 and ENGL 102 or COMM 101 or APPACAD 111	6
Area I or II core course in any field	3
Area III core course in mathematics	3-5
Area I, II, or III core course in any field (this requirement is satisfied by CHEM 115)	3-4
16 credits chosen from the above. Please refer to the A.A.S. requirements in Chapter 11 for explanation.	
Total	74

Course Offerings

See page 52 for a definition of the course-numbering system.

SEMITEC — SEMICONDUCTOR TECHNOLOGY

SEMITEC 110 BASIC HAND TOOLS (0-3-1)(F/S). An introduction to the safe and proper use of tools and fasteners commonly found in a manufacturing facility.

SEMITEC 181 INTEGRATED CIRCUIT PROCESSING I (3-3-4)(F/S). Includes cleanroom protocol and microcontamination concerns, overview of process flows from bare silicon to finished product, introduction to several types of process equipment, and review of techniques for measuring and evaluating process wafers.

SEMITEC 210 RF ENERGY AND PLASMA (1-3-2)(F/S). Introduces high power radio frequency (RF) application and matching situations within the semiconductor field, as well as application to the generation and control of plasma. PREREQ: ELCTEC 152 or equivalent.

SEMITEC 212 VACUUM (1-3-2)(F/S). Explores the uses of high vacuum systems for material handling and control. Introduces principles of generation, control, leak detection, and safety of high vacuum systems.

SEMITEC 282 INTEGRATED CIRCUIT PROCESSING II (2-3-3)(F/S). An in-depth review of semiconductor fabrication processes. Includes micro-contamination concerns, devices, and products, detailed process flow, coverage of process modules, process troubleshooting, defect analysis, and different types of process and metrology equipment. PREREQ: CHEM 115, SEMITEC 181.

Surgical Technology

Instructor: Bourbonnais.

Degree Offered

- T.C. in Surgical Technology

Program Statement

Leading to a technical certificate, the Surgical Technology Program consists of competency-based classroom, laboratory, and clinical instruction, offered in conjunction with area hospitals. The program is accredited by the Commission on Accreditation of Allied Health Education Programs (CAHEP). After completing the program, students are eligible to take the National Certification Exam for Surgical Technologists.

Classroom and laboratory work includes instruction and practice in operating room techniques, infection prevention and control, care of surgical patients, and human anatomy and physiology. Clinical experience includes supervised hands-on hospital experience in scrubbing for a variety of surgical procedures. Failure to meet requirements in the theory or clinical areas may result in termination from the program.

Degree Requirements

Surgical Technology Technical Certificate	
Course Number and Title	Credits
SURGTEC 100 Introduction & Basic Sciences	3
SURGTEC 101 Operating Room Techniques	4
SURGTEC 102 Sterilization & Disinfection	1
SURGTEC 110 Preparation of Surgical Patient	3
SURGTEC 111 Surgical Procedures	7
SURGTEC 116 Peri Operative Care Surgical Patient	1
SURGTEC 132 Surgery Clinical Practice	9
SURGTEC 150 Job-Seeking Skills	1
ZOOL 107 Introduction to Human Biology	4
Total	33

Course Offerings

See page 52 for a definition of the course-numbering system.

SURGTEC — SURGICAL TECHNOLOGY

SURGTEC 100 INTRODUCTION AND BASIC SCIENCES (3-0-3)(F). The study of: (1) the health care team and its language; (2) the evolution of asepsis; (3) ethical, moral and legal responsibilities; (4) the operating room suite; (5) principles of asepsis; (6) introduction to pharmacology; (7) introduction to oncology; (8) disease conditions; (9) diagnostic procedures; and (10) communication in surgical technology; including introduction to computers.

SURGTEC 101 OPERATING ROOM TECHNIQUES (3-3-4)(F). The study of: (1) safety and economy in the operating room; (2) duties of the scrub and circulating technician; (3) surgical hand scrub, gown and glove procedures; (4) draping techniques; (5) sutures and needles; (6) sponges, dressings, drains, care of specimens; and (7) instruments and special equipment.

SURGTEC 102 STERILIZATION AND DISINFECTION (1-1-1)(F). Introduction to microorganisms with emphasis on sterilization and disinfection methods.

SURGTEC 110 PREPARATION OF THE SURGICAL PATIENT (2-3-3)(F). The study and practice designed to enable the student to become skilled in assisting with the preparation, transportation, positioning, and anesthesia of the surgical patient.

SURGTEC 111 SURGICAL PROCEDURES (6-3-7)(S). The study of: (1) general surgical procedures; (2) general abdominal procedures; (3) orthopedic surgery; (4) obstetric and gynecological procedures; (5) genitourinary and transplant surgery; (6) plastic surgery; (7) ophthalmic surgery; (8) ear, nose, throat, oral surgery; (9) neurosurgery; (10) microsurgery; (11) cardiovascular and thoracic surgery; and (12) pediatric and geriatric surgery. Each of the modules includes a brief history, procedures, special considerations, and the drugs used.

SURGTEC 116 PERI OPERATIVE CARE OF SURGICAL PATIENT (1-2-1)(S). The study of patient care in recovery room, outpatient surgery, and emergency room procedures.

SURGTEC 132 SURGERY CLINICAL PRACTICE (0-36-9)(S). Clinical experience in surgery, scrubbing, and orientation to circulating.

SURGTEC 150 JOB-SEEKING SKILLS (1-0-1)(F/S). The study and application of principles for the workplace including customer relations, employee rights, interpersonal relations, and resume writing.

Welding and Metals Fabrication

Instructor: Martinez.

Degree Offered

- T.C. in Welding and Metals Fabrication

Program Statement

Leading to a technical certificate, the Welding and Metals Fabrication Program provides students with instruction, practical experience, and related theory in shielded metal arc welding, gas metal arc welding, flux-cored arc welding, gas tungsten arc welding, manual and automatic oxyacetylene burning, brazing, soldering, air carbon arc gouging, and plasma arc gouging and cutting.

Students learn blueprint reading and layout skills and apply them by using common hand layout tools, mechanical metal shears, mechanical metal-bending equipment, drilling equipment, precision automated oxyacetylene burning equipment, computer numerical controlled plasma cutting equipment, precision computer numerical controlled metal shearing equipment, precision computer numerical controlled oxyacetylene shape-cutting equipment, computer numerical controlled assisted metal-bending equipment, and other tools of the trade.

Degree Requirements

Welding and Metals Fabrication Technical Certificate	
Course Number and Title	Credits
APPACAD 111 Applied Communications	3
APPACAD 181 Occupational Relations	3
WELD 106 Welding Laboratory	8
WELD 107 Welding Laboratory	8
WELD 125 Blueprint Reading and Layout	3
WELD 126 Blueprint Reading and Layout	7
WELD 155 Welding Theory	4
WELD 156 Welding Theory	1
Total	37

Course Offerings

See page 52 for a definition of the course-numbering system.

WELD — WELDING AND METALS FABRICATION

WELD 106 WELDING LABORATORY (1-16-8)(F). Students apply and practice those skills discussed in the welding theory and blueprint reading and layout courses. Emphasis will be on acquiring new skills in a number of areas related to the occupation including shielded metal arc welding (SMAW) (stick welding); oxyacetylene burning (manual and automatic); oxyacetylene brazing, soldering and welding (OAW); gas metal arc welding (GMAW)(MIG); flux cored arc welding (FCAW); material identification; electrode selection; and layout and fabrication skill.

WELD 107 WELDING LABORATORY (1-16-8)(S). Students apply and practice those skills discussed in the welding theory and blueprint reading and layout courses. Emphasis will be on acquiring job entry level skills in the following areas: shielded metal arc welding (SMAW); oxyacetylene burning (manual and automatic); oxyacetylene brazing, soldering and welding (OAW); gas metal arc welding (GMAW)(MIG); flux cored arc welding (FCAW); material identification; electrode selection; layout and fabrication skill; air arc gouging; and welder qualification tests. PREREQ: WELD 106 or PERM/INST.

WELD 125 BLUEPRINT READING AND LAYOUT (3-1-3)(F). Basics of orthographic drawing, layout and fabrication techniques for plate and gauge material developments or rectangular and triangular shapes, flat pattern development of rectangular shapes, and the related math required to accomplish the above listed developments.

WELD 126 BLUEPRINT READING AND LAYOUT (7-1-7)(S). Advanced blueprint reading and layout techniques to develop triangular constructions, rectangle to rectangle transitions, round to round transitions, circles and rolled shapes as well as the related math. Also included will be structural detailing, layout and fabrication of structural shapes and the related symbols, y abbreviations and ordering information. PREREQ: WELD 125 or PERM/INST.

WELD 155 WELDING THEORY (4-1-4)(F). Practical working knowledge of the following topics: basic welding theory; oxyacetylene burning; electrode selection; continuous wire feed welding processes; oxyacetylene brazing; soldering and welding; properties of materials; material identification and basic metallurgy.

WELD 156 WELDING THEORY (1-1-1)(S). Practical working knowledge of the following topics: welding sheet metal with the SMAW and GMAW processes; control of arc blow and welding distortion; air arc gouging; and welder qualification testing. PREREQ: WELD 155 or PERM/INST.

Boise State University Faculty Full-Time Official Faculty as of March 2004

NOTE: The date in parentheses is the year of first appointment.

A

- Affleck Stephen B(1981)
Chair Professor, Civil Engineering; Ph.D., Iowa State University
- Ahmed-Zaid Said(1996)
Associate Professor, Electrical and Computer Engineering; Ph.D., University of Illinois at Urbana-Champaign
- Ahten Sara M.(2002)
Instructor, Nursing; B.S. University of Illinois, Springfield
- Allen Marni(2001)
Instructor, Nursing; M.S., University of Portland
- Allen Mary F(2001)
Assistant Professor, Accountancy; Ph.D., Washington State University
- Allen Robert L(1976)
Program Head and Senior Instructor, Industrial Maintenance Technology; B.A., Boise State University
- Allen Robin W(1997)
B.A. Coordinator and Associate Professor, Social Work; Ph.D., University of Illinois at Urbana-Champaign
- Allerton Barbara(1993)
Assistant Professor, Nursing; M.S., Virginia Commonwealth University
- Alm Leslie(1991)
Director of Graduate Studies and Professor, Political Science; Ph.D., Colorado State University
- Andersen Timothy(2001)
Assistant Professor, Computer Science; Ph.D., Brigham Young University
- Anderson Holly L(1989)
Professor, Curriculum, Instruction, and Foundational Studies; Ph.D., Utah State University
- Anderson Jeffrey M.....(1986)
Director, Clinical Education and Associate Professor, Respiratory Care; M.A., Boise State University
- Anooshian Linda James.....(1988)
Professor, Psychology; Ph.D., University of California, Riverside
- Anson Robert(1990)
Professor, Networking, Operations, and Information Systems; Ph.D., Indiana University
- Arambarri Gary(1976)
Manager, Center for Construction and Transportation Technology and Senior Instructor, Welding; M.Ed., University of Idaho
- Armstrong James(1992)
Professor, Literacy; Ph.D., University of Illinois
- Ashworth Lonny J(1977)
Chair and Professor, Respiratory Care; M.Ed., College of Idaho
- Atlakson Philip(1985)
Professor, Theatre Arts; M.A., State University of New York, Binghamton
- ### B
- Bacon Stephanie(1996)
Associate Professor, Art; M.F.A., Brooklyn College
- Bahnon Paul R(1999)
Professor, Accountancy; Ph.D., University of Utah
- Bahruth Robert(1988)
Professor, Bilingual Education; Ph.D., University of Texas, Austin
- Bajo Elise Blackwell(2003)
Assistant Professor, English; M.F.A., University of California, Irvine
- Baker Ed(2002)
Assistant Professor, Health Studies; Ph.D., Temple University
- Baker Richard P.....(1973)
Professor, Sociology; Ph.D., Washington State University
- Baker Russel Jacob.....(2000)
Professor, Electrical and Computer Engineering; Ph.D., University of Nevada
- Baldassarre Joseph A(1975)
Professor, Music; D.M.A., Case Western Reserve University
- Baldwin John B(1971)
Professor, Music; Ph.D., Michigan State University
- Ballenger Bruce(1995)
Chair and Associate Professor, English; Ph.D., University of New Hampshire
- Baltzell Michael L.....(1991)
Associate Professor, Theatre Arts; M.F.A., Idaho State University
- Bammel Brad P(1988)
Associate Professor, Chemistry; Ph.D., University of New Orleans
- Barbour Barton(2001)
Assistant Professor, History; Ph.D., University of New Mexico
- Barney L. Dwayne(1986)
Professor, Marketing and Finance; Ph.D., Texas A&M University
- Barney-Smith Elisa(1999)
Assistant Professor, Electrical and Computer Engineering; Ph.D., Rensselaer Polytechnic Institute
- Barnhardt Larry(1997)
Dean, Larry G. Selland College of Applied Technology and Professor; Ph.D., Oregon State University
- Barr Robert.....(1991)
Professor, Curriculum, Instruction, and Foundational Studies; Ph.D., Purdue University
- Bartoszynski Tomasz(1990)
Professor, Mathematics; Ph.D., Warsaw University, Poland
- Battalio John T(1995)
Associate Professor, English; Ph.D., Texas A & M University
- Baughn Christopher.....(1995)
Professor, Management; Ph.D., Wayne State University
- Bazemore Norris S Jr(1998)
Reference Librarian, Library and Associate Professor, Library Science; M.L.S., University of South Carolina, Columbia
- Beach John(2001)
Associate Professor, Literacy; Ph.D., State University of New York-Albany
- Bechard Marc Joseph(1983)
Graduate Program Coordinator, Raptor Biology and Professor, Biology; Ph.D., Washington State University
- Beckman Terrie L(1990)
Senior Instructor, Dental Assisting; B.S., University of Idaho
- Belfy Jeanne Marie(1983)
Graduate Program Coordinator and Professor, Music; Ph.D., University of Kentucky
- Bell Kenneth(1997)
Professor, Kinesiology; Ph.D., Virginia Polytechnic Institute and State University
- Belthoff James(1993)
Professor, Biology; Ph.D., Clemson University
- Benson Lynda(2000)
Program Head and Standard Instructor, Business Technology; B.S.Ed., University of Idaho
- Benton Danny(1983)
Program Head and Standard Instructor, Drafting Technology; B.S., La Salle Extension University
- Berg Lynn R(1984)
Professor, Music; D.M.A., University of Wisconsin, Madison
- Beumeler Gene(2000)
Standard Instructor, Recreation and Small Engine Repair Technology
- Bigelow John D(1982)
Professor, Management; Ph.D., Case Western Reserve University
- Birdsall, Bobbie A(1995)
Associate Professor, Counselor Education; Ph.D., Oregon State University
- Bixby Michael B(1981)
Professor, Management; J.D., University of Michigan
- Black Geoffrey Alan(2000)
Assistant Professor, Economics; Ph.D., University of Washington
- Blackburn Leslie(1992)
Program Head and Advanced Instructor, Horticulture; B.A.S., Boise State University
- Blain Michael.....(1982)
Chair and Professor, Sociology; Ph.D., University of Colorado
- Blakeslee Laurie(2001)
Assistant Professor, Art; M.F.A., University of Arizona
- Blankenship Jim(1977)
Professor, Art; M.F.A., Otis Art Institute
- Blankenship Michael(2002)
Dean, College of Social Sciences and Public Affairs and Professor, Criminal Justice Administration; Ph.D., Sam Houston State University
- Borge Matthew(2001)
Interim Instructor, Computer Network Technology; A.A.S., Treasure Valley Community College
- Bostaph Lisa G(2003)
Assistant Professor, Criminal Justice Administration; Ph.D., University of Cincinnati
- Boucher Teresa(1994)
Chair and Associate Professor, Modern Languages and Literatures; Ph.D., Princeton University
- Bourbonnais Mona(2001)
Program Head and Interim Instructor, Surgical Technology; Certificate, Boise State University
- Brady Lisa Marie(2003)
Assistant Professor, History; M.Ed., Montana State University, Billings
- Bratt J Wallis.....(1970)
Associate Professor, Music; M.M., University of Utah
- Brendefur Jonathan(2000)
Assistant Professor, Curriculum, Instruction, and Foundational Studies; Ph.D., University of Wisconsin, Madison
- Brennan James(1999)
Advanced Instructor, Applied Academics; M.S., University of California, Davis
- Brill Stephen H(1998)
Associate Professor, Mathematics; Ph.D., University of Vermont
- Brin Beth L.....(1995)
Reference Librarian and Associate Professor, Library Science; M.L.S., San Jose State University
- Brings Stanley D(1999)
Associate Dean and Assistant Professor, Larry G. Selland College of Applied Technology; D.Ed., University of Oregon
- Britton Jean(2003)
Standard Instructor, Child Care and Development; M.A., Boise State University
- Brouillette Leslyn.....(2001)
Instructor, Nursing; M.S.N., University of Missouri-Kansas City
- Brown Marcellus(1989)
Associate Professor, Music; M.M., University of Michigan
- Brown Timothy(1977)
University Librarian and Associate Professor, Library Science; M.S., University of Illinois
- Browning William(1996)
Associate Professor, Modern Languages and Literatures; D.M.L., Middlebury College
- Brudenell Ingrid(1991)
Professor, Nursing; Ph.D., Oregon Health Sciences University
- Buchanan Mark A(1996)
Associate Professor, Management; LL.M., University of Illinois at Urbana-Champaign
- Budde James(1994)
Associate Professor, Art; M.F.A., California State University, Fullerton
- Buffenbarger James.....(1991)
Associate Professor, Computer Science, Ph.D., University of California-Davis
- Buhler Peter(1977)
Chair and Professor, History; Ph.D., University of California-San Diego
- Bullock Douglas(1995)
Associate Professor, Mathematics; Ph.D., University of Iowa
- Burkhardt Ross E.....(1997)
Associate Professor, Political Science; Ph.D., University of Iowa

Boise State University Faculty

Burns Joie(1994)
Chair and Associate Professor, Radiologic Sciences;
M.S., Boise State University

C

Cadwell Dan E.....(1981)
Program Head and Senior Instructor, Computer Service
Technology; B.S.E., University of Idaho

Campbell Ann(2003)
Assistant Professor, English; Ph.D., Emory University

Cantrell Thomas(1993)
Program Head and Standard Instructor, Electrical
Lineworker; B.S., Boise State University

Carman William(1998)
Associate Professor, Art; M.F.A., Brigham Young
University

Carnosso Joan(2000)
Instructor, Nursing; B.S., Boise State University

Centanni Russell(1973)
Professor, Biology; Ph.D., University of Montana

Charlier Henry A.....(2000)
Assistant Professor, Chemistry; Ph.D., Medical College
of Wisconsin

Chenoweth Timothy C(2003)
Assistant Professor, Networking, Operations, &
Information Systems; Ph.D., Washington State
University

Christensen Steve(1987)
Associate Professor, Educational Technology; Ph.D.,
University of Idaho

Chyung Seung Yun(1999)
Assistant Professor, Instructional & Performance
Technology; Ed.D., Texas Tech

Clark Cynthia(1997)
Associate Professor, Nursing; M.S., Colorado State
University

Coll Kenneth M(1998)
Chair and Professor, Counselor Education; Ph.D.,
Oregon State University

Constant Isabelle.....(1997)
Associate Professor, Modern Languages and
Literatures; Ph.D., University of Arizona

Cook Devan(1997)
Associate Director, Writing Program and Professor,
English; Ph.D., Florida State University

Cook James D(1992)
Chair and Professor, Music; D.M.A., University of
Southern California

Cooper Peggy(2000)
Collection Development Librarian and Assistant
Professor, Library; M.L.S., Louisiana State University

Corless-Smith Martin(2000)
Assistant Professor, English; Ph.D., University of Utah

Cortens Andrew(1996)
Associate Professor, Philosophy; Ph.D., Syracuse
University

Cotrell Gretchen(1991)
Associate Professor, Social Work; Ph.D., University of
California, Berkeley

Cox David(1992)
Chair, Graduate Program Coordinator, and Associate
Professor, Instructional & Performance Technology;
Ph.D., University of Minnesota

Cox Marvin.....(1977)
Chair, Graduate Program Coordinator, and Professor,
Communication; Ph.D., University of Kansas

Craner G Dawn(1973)
Associate Professor, Communication; M.A., Purdue
University

Crotteau Mark Douglas(1998)
Catalog Librarian, Library and Assistant Professor,
Library Science; M.S., University of North Carolina,
Chapel Hill

D

Darling Sharon(2002)
Assistant Professor, Early Childhood Studies; Ph.D.,
Georgia State University

Davis David E(1999)
Interim Instructor, Refrigeration, Heating, and Air
Conditioning; B.A., Idaho State University

Dawson Paul(1993)
Professor, Mechanical Engineering; Ph.D., Washington
State University

Dayley Jon Philip.....(1982)
Professor, English; Ph.D., University of California,
Berkeley

Dean Fernanda(2003)
Lecturer, Bilingual Education; Ed.D., Boise State
University

DeBeliso Mark.....(2000)
Assistant Professor, Kinesiology; Ph.D., Oregon State
University

Dever Kellie(1998)
Program Head and Standard Instructor, Culinary Arts;
A.S., Culinary Institute of America

Dodson Robert B(1979)
Program Head and Senior Instructor, Electronics
Technology; B.S.E.E., Seattle University

Donaldson Paul R.....(1975)
Director, CGIS and Professor, Geosciences; Ph.D.,
Colorado School of Mines

Doughty Michael T(1996)
Standard Instructor, Automotive Technology; Master
Technician Certificate - ASE

Douglas Mikel(1995)
Advanced Instructor, Electronics Technology; A.A.S.,
Boise State University

Doumas Diana M(2003)
Assistant Professor, Psychology; Ph.D., University of
Southern California

Downey Margaret(1993)
Associate Professor, Nursing; M.S.N., Idaho State
University

Dube Renu(2002)
Assistant Professor, Communication; Ph.D., University
of Pittsburgh

Dubert LeeAnn(1992)
Associate Professor, Literacy; Ph.D., University of
Wisconsin Madison

Duffy Alfred M(1988)
Graduate Program Coordinator and Professor, Biology;
Ph.D., State University of New York, Binghamton

Dunbar Don.....(1999)
Standard Instructor, Computer Service Technology;
A.A., Boise State University

Dunn Jim(2001)
Interim Instructor, Semiconductor Manufacturing
Technology; A.A.S., Idaho State University

Durham Leslie Atkins(2001)
Assistant Professor, Theatre Arts; Ph.D., University of
Kansas

Dykstra Dewey I, Jr(1981)
Professor, Physics; Ph.D., University of Texas Austin

E

Eastman Phillip(1977)
Dean, College of Arts and Sciences and Professor,
Mathematics; Ph.D., University of Texas

Eggert Rudolph(1996)
Professor, Mechanical Engineering; Ph.D., State
University of New York, Buffalo

Elder Thomas(2001)
Assistant Professor, Art; M.F.A., Iowa State University

Elison-Bowers Patt.....(1986)
Administrative Director, Legal Assistant Program and
Associate Professor, Health Studies; Ph.D., University of
Idaho

Ellis Robert W(1971)
Professor, Chemistry; Ph.D., Oregon State University

English Denise M.....(1987)
Associate Professor, Accountancy; Ph.D., Indiana
University

English Thomas J(1987)
Chair and Professor, Accountancy; Ph.D., Arizona State
University

Erickson Gary(1996)
Professor, Electrical and Computer Engineering; Ph.D.,
University of Wyoming

Evert Stuart D(1972)
Assistant Professor, English; M.A., Vanderbilt University

F

Farnsworth Judy(1989)
Associate Professor, Nursing; Ph.D., University of Utah

Feldman Alex(1988)
Graduate Program Coordinator and Associate
Professor, Computer Science, and Associate Professor,
Mathematics; Ph.D., University of Wisconsin, Madison

Ferguson James.....(1996)
Associate Professor, Mechanical Engineering; Ph.D.,
Washington State University

Fischer Michael(2002)
Assistant Professor, Music; DMA, University of North Texas

Floyd Evelyn(2002)
Instructor, Nursing; B.S., Idaho State University

Foster Thomas.....(1993)
Professor, Networking, Operations, and Information
Systems; Ph.D., University of Missouri, Columbia

Fox Francis(1999)
Assistant Professor, Art; M.F.A., University of Wyoming

Francis John(2001)
Assistant Professor, Art; M.S., Florida State University

Frankle Alan W.....(1984)
Professor, Marketing and Finance; Ph.D., University of
Arizona

Frederickson Patricia(1999)
Chair and Associate Professor, Political Science; Ph.D.,
Washington State University

Freemuth John C.....(1986)
Professor, Political Science; Ph.D., Colorado State
University

French Judith(1976)
Chair and Professor, Early Childhood Studies; Ph.D.,
Florida State University

Friend Terry(2002)
Interim Instructor, Computer Network Technology

Fry Phillip C(1987)
Director of Graduate Studies, College of Business and
Economics and Professor, Networking, Operations, and
Information Systems; Ph.D., Louisiana State University

Fuhrman Jay R(1977)
Chair and Professor, Bilingual Education; Ed.D., Texas
A & M University

Fulton J. Michael(1999)
Assistant Professor, Modern Languages and Literatures;
Ph.D., University of Arizona

G

Gabert Marvin C(1979)
Professor, Construction Management; M.S., Stanford
University

Gaines Marlin L(1980)
Program Head; Standard Instructor, Automotive
Technology

Gains Charles R.....(1988)
Associate Professor, Construction Management; M.B.A.,
Boise State University

Gallup V Lyman(1977)
Associate Professor, Networking, Operations, and
Information Systems; Ph.D., University of Oregon

Gardner John F(2000)
Chair and Professor, Mechanical Engineering; Ph.D.,
Ohio State University

Garza Maria Alicia.....(1996)
Associate Professor, Modern Languages and
Literatures; Ph.D., University of Arizona

Gehrke Pamela(1987)
Associate Professor, Nursing; M.S., University of
Portland

Giacomazzi Andrew(1998)
Associate Professor, Criminal Justice Administration;
Ph.D., Washington State University

Gibson Terry-Ann Spitzer(1981)
Associate Professor, Kinesiology; Ph.D., University of
Idaho

Gilbert Virginia(2002)
Instructor, Nursing; M.S.N., Idaho State University

Gill Jill K.....(2000)
Assistant Professor, History; Ph.D., University of
Pennsylvania, Philadelphia

Girvan James.....(1999)
Dean and Professor, College of Health Sciences; Ph.D.,
University of Oregon

Glackin Barbara C.....(2003)
Head of Cataloging, Online Catalog and Assistant
Professor, Albertsons Library; M.L.S., University of
Texas at Austin

Glen Roy(1982)
Associate Professor, Management; Ph.D., Case Western
Reserve University

Gore Richard.....(1999)
Associate Professor, Accountancy; Ph.D., Washington
State University

Gough Newell "Sandy"(1989)
Chair and Professor, Management; Ph.D., University of
Utah

Gould Elizabeth(1998)
Associate Professor, Music; D.M.A., University of
Oregon

Grantham Stephen B.....(1982)
Associate Professor, Mathematics and Manager,
Enrollment Information Systems; Ph.D., University of
Colorado

Gravitt Faye(2002)
Instructor, Nursing; M.S.N., Idaho State University

Green Gary I(1988)
Professor, Networking, Operations, and Information
Systems; Ph.D., University of Washington

Gregory Anne E.(2002)
Assistant Professor, Literacy; Ph.D., Purdue University

Gribb Molly M(2000)
Associate Professor, Civil Engineering; Ph.D., University
of Wisconsin, Milwaukee

Griffin Dennis(1989)
Director and Standard Instructor, Canyon County
Campus; Ed.D., University of Idaho

Griffin John(1983)
Chair and Associate Professor, Computer Science;
Ph.D., Washington State University

Groebner David F(1973)
Professor, Networking, Operations, and Information
Systems; Ph.D., University of Utah

Guarino Joseph(1991)
Professor, Mechanical Engineering; Ph.D., University of
Idaho

Guilford Charles.....(1981)
Associate Professor, English; Ph.D., Northwestern
University

H

Haislip Starla(1992)
Program Head and Senior Instructor,
Marketing/Management; B.A., Oregon State University

Hall Lee Edward(1979)
Senior Instructor, Automotive Technology

Hambelton Benjamin E.....(1975)
Director, Academic Technologies and Assistant
Professor, Education; M.Ed., Utah State University

Hamilton Robert W(1995)
Associate Professor, Civil Engineering, Ph.D., University
of Maine

Hanlon Heather.....(1991)
Professor, Art; Ed.D., University of Oregon

Hanna Charles B(1996)
Associate Professor, Physics; Ph.D., Stanford

Hansen Marla.....(1991)
Associate Professor, Theatre Arts; M.F.A., University of
Utah

Harbacheck Teresa(1998)
Program Head and Advanced Instructor, Business
Technology; Certificate, Hamilton Business College

Harbison Warren(1977)
Professor, Philosophy; Ph.D., Syracuse University

Harkness Daniel(1993)
Professor, Social Work; Ph.D., University of Kansas

Harris Chad(1995)
Associate Professor, Kinesiology; Ph.D., Oregon State
University

Harrison Teresa(1997)
Graduate Program Coordinator and Assistant Professor,
Curriculum, Instruction, and Foundational Studies;
Ed.D., University of Nevada, Las Vegas

Hartman Darien(2000)
Advanced Instructor, Business Technology; M.A., Boise
State University

Hartman Joseph A(2000)
Associate Professor, Electrical and Computer
Engineering; Ph.D., Carnegie Institute of Technology

Harvey Keith(2000)
Assistant Professor, Marketing and Finance; Ph.D.,
University of Tennessee, Knoxville

Hausrath Alan R(1977)
Chair and Professor, Mathematics; Ph.D., Brown
University

Haws David R(1996)
Associate Professor, Civil Engineering; Ph.D., Brigham
Young University

Heer Lisa(1998)
Assistant Professor, Art; Ph.D., Bryn Mawr College

Heikkinen Michael(2002)
Chair and Professor, Curriculum, Instruction and
Foundational Studies; Ph.D., Utah State University

Hemmens Craig(1995)
Chair, Associate Professor, Criminal Justice
Administration and Academic Director, Legal Assistant
Program; J.D. North Carolina Central University, Ph.D.,
Sam Houston State University

Henderson Heike(1997)
Associate Professor, Modern Languages and
Literatures; Ph.D., University of California, Davis

Hepler Juanita(1991)
Professor, Social Work; Ph.D., University of Wisconsin-
Madison

Hereford Mary(1997)
Assistant Professor, Nursing; M.S., Idaho State
University

Hickman Vernon L(1987)
Advanced Instructor, Culinary Arts; Certificate

Hill Charles(1999)
Advanced Instructor, Applied Academics; B.S.,
Willamette University

Hill Christopher L(2002)
Assistant Professor, Anthropology; Ph.D., Southern
Methodist University

Hine Lois(2001)
Instructor, Nursing; M.S., Clarkson College

Hoeger Werner W K(1986)
Director, Human Performance Laboratory; Professor,
Kinesiology; Ed.D., Brigham Young University

Holmes Janet.....(1999)
Director of Creative Writing and Assistant Professor,
English; M.F.A., Warren Wilson College

Holmes Randall(1991)
Associate Professor, Mathematics; Ph.D., State
University of New York, Binghamton

Honts Charles R(1995)
Professor, Psychology; Ph.D., University of Utah

Hoste Ann(1990)
Professor, Theatre Arts; M.F.A., University of Texas at
Austin

Hourcade Jack Joseph(1987)
Professor, Special Education; Ph.D., University of
Missouri, Columbia

House Terrie(2003)
Assistant Professor, Counselor Education; Ph.D.,
Oregon State University

Huff Daniel D(1970)
Professor, Social Work; M.S.W., University of Kansas

Hurlbut Jene(2001)
Assistant Professor, Nursing; M.S., Northern Arizona
University

Husting Virginia A(1999)
Assistant Professor, Sociology; Ph.D., University of
Illinois, Urbana-Champaign

Hyde Kenneth A(1979)
Instructional Product Development Specialist,
Academic Technologies and Assistant Professor,
Education; M.Ed., Utah State University

J

Jain Amit(1994)
Associate Professor, Computer Science; Ph.D.,
University of Central Florida

Jarratt Smith Mary(1987)
Associate Professor, Mathematics; Ph.D., Montana State
University

Jessings Jeff(2002)
Assistant Professor, Electrical and Computer
Engineering; Ph.D., Texas A&M University

Jirak James(1994)
Associate Professor, Music; D.A., University of
Northern Colorado

Johnson Richard.....(2001)
Associate Professor, Educational Technology; Ph.D.,
Kansas State University

Jones Daryl E(1986)
Provost and Vice President for Academic Affairs and
Professor, English; Ph.D., Michigan State University

Jones Errol D(1982)
Professor, History; Ph.D., Texas Christian University

Jorcyk Cheryl.....(1997)
Associate Professor, Biology; Ph.D., Johns Hopkins
University

Jozwiak James.....(1999)
Program Head and Standard Instructor, Semiconductor
Manufacturing Technology; M.A., Purdue University

K

Kaiser Uwe(2001)
Assistant Professor, Mathematics; Ph.D., Siegen
University

Kania-Bartoszynska Joanna(1993)
Professor, Mathematics; Ph.D., University of California,
Berkeley

Kaupins Gundars Egons(1986)
Professor, Management; Ph.D., University of Iowa

Kelley Lorrie Lynn(1991)
CT/MRI Program Director and Associate Professor,
Radiologic Sciences; M.S., Boise State University

Kelly Phil(2001)
Associate Professor, Curriculum, Instruction, and
Foundational Studies; Ph.D., Michigan State University

Kenny G Otis(1976)
Associate Professor, Mathematics; Ph.D., University of
Kansas

Kerr Charles R(1969)
Professor, Mathematics; Ph.D., University of British
Columbia

Khanal Mandar(1997)
Associate Professor, Civil Engineering; Ph.D., University
of California, Irvine

Kincaid Larry G(1989)
Reference Librarian; Associate Professor, Library
Science; Ph.D., John Hopkins University

Kinney Richard(1976)
Professor, Political Science; Ph.D., University of Notre
Dame

Kinzel, Margaret N(2000)
Assistant Professor, Mathematics; Ph.D., Pennsylvania
State University

Kirkendall K.R.(2002)
Interim Instructor, Computer Network Technology; B.A.,
St. Leo College

Klaustch Richard.....(1992)
Chair and Associate Professor, Theatre Arts; Ph.D.,
Wayne State University

Klein Joanne(2001)
Assistant Professor, History; Ph.D., Rice University

Kline-LaMar Linda(2000)
Assistant Professor, Music; D.A., University of Memphis

Knowlton William B(2000)
Assistant Professor, Electrical and Computer
Engineering; Ph.D., University of California, Berkeley

Koeppen David R(1986)
Associate Professor, Accountancy; Ph.D., University of
Wisconsin, Madison

Koetsier Peter.....(1995)
Associate Professor, Biology; Ph.D., Idaho State
University

Kozar Bill(1989)
Professor, Kinesiology; Ph.D., University of Iowa

Krumwiede Kip(2003)
Assistant Professor, Accountancy; Ph.D., University of
Tennessee

Kulm Julia Hosman(1987)
Advanced Instructor, Culinary Arts; A.A.S., Boise State
University

L

LaCava Gerald(1982)
Professor, Networking, Operations, and Information
Systems; Ph.D., University of Kansas

Lamelas Francisco J(2000)
Associate Professor, Physics; Ph.D., University of
Michigan

Lamet Daniel G(1970)
Professor, Mathematics; Ph.D., University of Oregon

Landrum R Eric(1992)
Professor, Psychology; Ph.D., Southern Illinois
University

La Riviere Sara.....(1989)
Associate Professor, Health Studies; Ed.D., University of
LaVerne

Lathen William(1984)
Dean, College of Business and Economics and
Professor, Accountancy; Ph.D., Arizona State University

Leahy Margaret K(1983)
Assistant Professor, Nursing; M.S., Idaho State
University

Lee Jaechoul(2003)
Assistant Professor, Mathematics; Ph.D., University of
Georgia

LeMaster Clifford.....(1990)
Chair and Professor, Chemistry; Ph.D., University of
California, Davis

Lester Daniel(1990)
Network Information Coordinator and Professor,
Library Science; M.A., Northern Illinois University

Lester Jody.....(1982)
Associate Professor, Respiratory Care; M.A., Boise State
University

Boise State University Faculty

Lichtenstein Peter M(1975)
Chair and Professor, Economics; Ph.D., University of Colorado

Liley Denise Goodrich(1996)
Associate Professor, Social Work; Ph.D., University of Utah

Lincoln Douglas J(1980)
Professor, Marketing and Finance; Ph.D., Virginia Polytechnic Institute and State University

Lindsey Melinda(1987)
Chair and Professor, Special Education; Ph.D., University of Oregon

Lochner Todd R(2001)
Assistant Professor, Political Science; Ph.D., University of California at Berkeley

Lojek Helen(1979)
Professor, English; Ph.D., University of Denver

Long Elaine M(1975)
Chair and Professor, Health Studies; Ph.D., University of Idaho

Long James A(1974)
Associate Professor, Biology; Ph.D., Iowa State University

Lonsdale Edward A(1990)
Program Head and Senior Instructor, Manufacturing Systems Technology; B.S., Boise State University

Loo Sin Ming(2003)
Assistant Professor, Engineering; Ph.D., University of Alabama in Huntsville

Loucks Christine(1989)
Professor, Economics; Ph.D., Washington State University

Lubamersky Lynn(2001)
Assistant Professor, History; Ph.D., Indiana University

Lucas Shelley Marie(2001)
Assistant Professor, Kinesiology; Ph.D., University of Iowa

Luke Robert A(1968)
Chair and Professor, Physics; Ph.D., Utah State University

Lutze Peter C(1990)
Associate Professor, Communication; Ph.D., University of Wisconsin

Lyons Lamont S(1977)
Professor, Curriculum, Instruction, and Foundational Studies; Ed.D., University of Massachusetts

Lyons Michael(1997)
Manager, Center for Manufacturing and Engineering Technology and Advanced Instructor, Electronics; M.Ed., Idaho State University

M

MacDonald Jason B(2000)
Assistant Professor, Marketing and Finance; Ph.D., University of Texas-Pan American

Macomb Daryl J(2001)
Assistant Professor, Physics; Ph.D., Iowa State University

Macy Rosemary(1999)
Assistant Professor, Nursing; M.S., Idaho State University

Madarieta, Susan(1992)
Manager, Center for Business and Management Technology and Center for Information Technology, Advanced Instructor, Business Technology; B.B.A., Boise State University

Madden Terry Jo(1983)
Reference Librarian, Library and Associate Professor, Library Science; M.L., University of Washington

Maguire James H(1970)
Professor, English; Ph.D., Indiana University

Maher Matthew(1989)
Associate Professor, Marketing and Finance; Ph.D., University of Illinois

Markel Michael(1990)
Director of Technical Communication and Professor, English; Ph.D., Pennsylvania State University

Marsh Robert L(1974)
Associate Professor, Criminal Justice Administration Ph.D., Sam Houston State University

Martin Carol A(1972)
Director of Graduate Studies and Professor, English; Ph.D., Catholic University of America

Martin John W(2001)
Chair and Associate Professor, Construction Management; Ed.D., Oklahoma State University

Martin Leslie(2003)
Assistant Professor, Sociology; Ph.D., Emory University

Martin Susan(2003)
Assistant Professor, Literacy; Ph.D., University of Washington

Martinez Juan(2002)
Special Lecturer, Welding & Metal Fabrication

Martinez Ronnie(1998)
Standard Instructor, Heavy Duty Mechanics; Certificate, Boise State University

Mathie David(1992)
Professor, Music; D.M.A., University of Georgia

Matjeka Anne L(1978)
Reference Librarian, Library and Associate Professor, Library Science; M.L.S., State University of New York, Albany

Matjeka Edward R(1976)
Professor, Chemistry; Ph.D., Iowa State University

Mattison Michael(2003)
Assistant Professor, English; M.A., Iowa State University

Maxson Emerson C(1968)
Associate Professor, Networking, Operations, and Information Systems; D.B.A., Texas Tech University

Maynard Richard(1990)
Assistant Professor, Music; M.A., University of Iowa

McArthur Lorin F(2000)
Program Head and Advanced Instructor, Broadcast Technology; B.A., Boise State University

McCain Gary(1979)
Professor, Marketing and Finance; Ph.D., University of Oregon

McCarl Robert S III(1994)
Associate Professor, Anthropology, Ph.D., Memorial University of Newfoundland

McChesney John W(1995)
Associate Professor, Kinesiology; Ph.D., University of Oregon

McClain Lisa(2001)
Director, Women's Studies and Assistant Professor, History; Ph.D., University of Texas

McCloskey Richard(1976)
Professor, Biology; Ph.D., Iowa State University

McCorkle Suzanne(1978)
Director, Conflict Management Services and Professor, Communication; Ph.D., University of Colorado

McCrink Vera(1991)
Manager, Center for Health and Human Services and Senior Instructor; Ph.D., University of Idaho

McDonald Theodore W(2001)
Assistant Professor, Psychology; Ph.D., University of Wisconsin-Milwaukee

McGuire Sherry(1967)
Assistant Professor, English; M.A., Washington State University

McLuskie C Ed Jr(1981)
Professor, Communication; Ph.D., University of Iowa

McNamara James P(1997)
Associate Professor, Geosciences; Ph.D., University of Alaska, Fairbanks

McNeil Larry(1999)
Associate Professor, Art; M.F.A., University of New Mexico

Mead Jodi L(2000)
Assistant Professor, Mathematics; Ph.D., Arizona State University

Mercer Gary D(1975)
Professor, Chemistry; Ph.D., Cornell University

Metzgar Wanda M(1976)
Senior Instructor, Business Technology; A.A.S., Boise State University

Michaels Paul(1993)
Associate Professor, Geosciences; Ph.D., University of Utah

Miller Beverly A(1968)
Reference Librarian, Library and Professor, Library Science; M.A., University of Denver

Miller, Christopher W(1999)
Standard Instructor, Refrigeration, Heating, and Air Conditioning

Miller Jenny(1999)
Advanced Instructor, Applied Academics; B.B.A., Boise State University

Miller Margaret(1994)
Professor, Counselor Education; Ph.D., University of Idaho

Miller Merlin(1982)
Associate Professor, Art; M.F.A., Brigham Young University

Miller Nicholas(1993)
Director of Graduate Studies and Associate Professor, History; Ph.D., University of Indiana

Miller Rickie(1992)
Assistant Chair and Associate Professor, Curriculum, Instruction, and Foundational Studies; Ph.D., New Mexico State University

Mills Janet Lee(1989)
Professor, Public Policy and Administration; Ph.D., University of Kansas

Minch Robert P(1986)
Professor, Networking, Operations, and Information Systems; Ph.D., Texas Tech University

Mitroi Tudor(2003)
Assistant Professor, Art; M.S., University of North Texas

Mixon Diana(1996)
Assistant Professor, Nursing; M.S., Northern Illinois University

Miyoshi Kimiko(2003)
Assistant Professor, Art; M.F.A., University of New Mexico

Moen Gary D(1986)
Advanced Instructor, Horticulture; B.S., Mayville State College

Moll Amy J(2000)
Assistant Professor, Mechanical Engineering; Ph.D., University of California, Berkeley

Moncrief Gary F(1976)
Professor, Political Science; Ph.D., University of Kentucky

Moore Justin(2001)
Assistant Professor, Mathematics; Ph.D., University of Toronto

Moore Rick Clifton(1994)
Associate Professor, Communication; Ph.D., University of Oregon

Moorehead-Rosenberg Florence(1993)
Associate Professor, Modern Languages and Literatures; Ph.D., University of California, Davis

Mori Carrie L(2002)
Assistant Professor, Early Childhood Studies; Ph.D., University of Idaho

Morris Daniel N(1986)
Assistant Professor, Communication; Ph.D., University of Missouri

Morris Magdalena(2001)
Assistant Professor, Nursing; M.S., University of California at San Francisco

Most Marshall(1987)
Assistant Professor, Communication; M.A., Boise State University

Mueller David G(2001)
Assistant Professor, Criminal Justice Administration; Ph.D., Washington State University

Munger James C(1988)
Chair and Professor, Biology; Ph.D., University of Arizona

Munger Roger(2001)
Assistant Professor, English; Ph.D., Rensselaer Polytechnic Institute

Murgel George A(1996)
Associate Professor, Civil Engineering; Ph.D., Cornell University

N

Nagasundaram Murli(1994)
Associate Professor, Networking, Operations, and Information Systems; Ph.D., University of Georgia

Napier Nancy K(1986)
Director of Business Consortium, College of Business and Economics and Professor, Management; Ph.D., Ohio State University

Neal A Patrick(2001)
Advanced Instructor, Automotive Technology and Heavy Duty Mechanics-Diesel; A.A.S., Lewis Clark State College

Neupert Kent(2000)
Associate Professor, International Business; Ph.D., University of Western Ontario

Newman Marcy J Knopf(2001)
Assistant Professor, English, Ph.D., Miami University

Newman Nick(2002)
Assistant Professor, Art; M.A., Binghamton University

Nicholson James A(1984)
Director, Counseling Center, Counseling Psychologist and Professor, Counselor Education; Ph.D., University of Missouri, Columbia

- Noonan Elizabeth(1989)
Program Head, Senior Instructor, Child Care and Development; M.S., Bank Street College of Education
- Northrup Clyde J(1998)
Chair and Associate Professor, Geosciences; Ph.D., Massachusetts Institute of Technology
- Novak E Shawn(1996)
Associate Professor, Accountancy; Ph.D., University of Houston
- Novak Stephan(1993)
Associate Professor, Biology; Ph.D., Washington State University
- O**
- O'Connor Jacqueline(2001)
Assistant Professor, English; Ph.D., University of California at Davis
- Odahl Charles M(1975)
Professor, History; Ph.D., University of California, San Diego
- Olsen-Smith Steven(2000)
Assistant Professor, English; Ph.D., University of Delaware
- Orr Dona(1992)
Senior Instructor, Business Technology; A.A.S., Boise State University
- Orr Martin(1998)
Associate Professor, Sociology; Ph.D., University of Oregon
- Osgood Linda(2002)
Instructor, Health Studies; B.S., Boise State University
- Ostrander-Dykstra Gloria J(1971)
Assistant University Librarian for Technical Services and Coordinator of Collection Development, Library; Associate Professor, Library Science; M.L.S., University of Washington
- Otto Linda(2000)
Instructor, Computer Network Technology; B.A., Mt. Vernon Nazarene College
- Otterness Nancy(1982)
Associate Professor, Nursing; M.S. Idaho State University
- Oxford Julia Thom(2000)
Associate Professor, Biology; Ph.D., Washington State University, Pullman
- Owens John(2001)
Vice President for Research and Professor; Ph.D., Stanford University
- P**
- Palagi Vincent(2000)
Standard Instructor, Electronics Technology; M.Ed., Idaho State University
- Palmer Rosemary(1998)
Assistant Professor, Literacy; Ph.D., University of Wyoming
- Paluzzi James V(1989)
General Manager, Boise State Radio and Professor, Broadcast Technology; Ph.D., Kent State University
- Park Borinara(2002)
Assistant Professor, Construction Management; Ph.D., Virginia Technological University
- Parke Charles R(1980)
Program Head; Senior Instructor, Auto Body Technology; Certificate, Idaho State University
- Parke Stephen A(1996)
Associate Professor, Electrical and Computer Engineering; Ph.D., University of California, Berkeley
- Parker Ben L(1977)
Professor, Communication; Ph.D., Southern Illinois University, Carbondale
- Parkinson Del R(1985)
Professor, Music; D.M., Indiana University
- Parks Donald J(1973)
Professor, Mechanical Engineering; Ph.D., University of Minnesota
- Parrett William(1996)
Professor, Curriculum, Instruction, and Foundational Studies; Ph.D., Indiana University
- Parslow Susan(2002)
Assistant Professor, Nursing; M.S., Idaho State University
- Patrick Steven(1991)
Associate Professor, Sociology; Ph.D., University of California-Riverside
- Paul Brian(2001)
Interim Instructor, Auto Body Technology; Certificate, Boise State University
- Payne Anne(1988)
Associate Professor, Nursing; Ed.D., University of Tulsa
- Payne Michelle Marie(1997)
Director, Writing Program and Associate Professor, English; Ph.D., University of New Hampshire
- Payne Richard D(1970)
Professor, Economics; Ph.D., University of Southern California
- Peele Thomas(2002)
Assistant Professor, English; Ph.D., University of South Florida
- Peloquin Jeffrey M(2003)
Assistant Professor, Chemistry; Ph.D., Arizona State University
- Pelton John R(1981)
Dean, Graduate College and Professor, Geosciences; Ph.D., University of Utah
- Penry Tara(2000)
Assistant Professor, English; Ph.D., Fordham University
- Peralta-Nash Claudia(2003)
Associate Professor, Bilingual Education; Ph.D., University of Colorado
- Petlichkoff Linda M(1987)
Professor, Kinesiology; Ph.D., University of Illinois
- Pfautsch Glenn(2000)
Standard Instructor, Computer Network Technology; B.B.A., Idaho State University
- Pfeiffer Ronald(1979)
Graduate Program Coordinator and Professor, Kinesiology; Ed.D., Brigham Young University
- Plew Mark G(1984)
Chair and Professor, Anthropology; Ph.D., Indiana University, Bloomington
- Pollard Constance(1993)
Professor, Educational Technology; Ph.D., University of Nebraska, Lincoln
- Pomerance Andrea Lynn(1989)
Assistant Professor, Nursing; M.S., University of Minnesota
- Punnoose Alex(2002)
Assistant Professor, Physics; Ph.D., Aligarh Muslim University of India
- Purdy Craig A(1987)
Associate Professor, Music; M.M., New England Conservatory
- Q**
- Qu Leming(2002)
Assistant Professor, Mathematics; Ph.D., Purdue University
- R**
- Rafia Nader(1996)
Associate Professor, Electrical and Computer Engineering; Ph.D., Case Western Reserve University
- Ray Nina M(1986)
Professor, Marketing and Finance; Ph.D., Texas Tech University
- Raymond Gregory A(1974)
Director, Honors Program and Professor, Political Science; Ph.D., University of South Carolina
- Reavy Kathleen(2000)
Assistant Professor, Nursing; M.S., University of Utah
- Reeder Heidi M(2000)
Assistant Professor, Communication; Ph.D., Arizona State University
- Reese Melanie J(2000)
Assistant Professor, Applied Academic; Ph.D., University of Nebraska, Lincoln
- Reimann Richard J(1975)
Professor, Physics; Ph.D., University of Washington
- Reinhart Gordon(1999)
Assistant Professor, Theatre Arts; M.F.A., West Virginia University
- Reischl Uwe(2002)
Director, Center for Health Policy and Professor of Health Studies; Ph.D., University of California, Berkeley
- Renner Celia J(2002)
Assistant Professor, Accountancy; Ph.D., University of Colorado at Boulder
- Reynolds R Larry(1979)
Professor, Economics; Ph.D., Washington State University
- Roark Anthony P(2001)
Assistant Professor, Philosophy; Ph.D., University of Washington
- Robbins Bruce(1990)
Associate Professor, English; Ph.D., Indiana University
- Robertson Ian C(2000)
Assistant Professor, Biology; Ph.D., Simon Fraser University
- Rogien Lawrence(1993)
Assistant Professor, Curriculum, Instruction, and Foundational Studies; Ph.D., Indiana University
- Rohlfing Mary E(1992)
Associate Professor, Communication; Ph.D., University of Iowa
- Rohn Troy T(2000)
Assistant Professor, Biology; Ph.D., University of Washington
- Rohrig Ayers Kathleen L(1983)
Associate Professor, Mathematics; Ph.D., University of Idaho
- Rosenkoetter Leslie(2001)
Instructor, Radiologic Science; B.S., Boise State University
- Rosine Gary(1995)
Professor, Art; Ph.D., Pennsylvania State University
- Routh Partha(2003)
Assistant Professor, Geosciences; Ph.D., University of British Columbia
- Rudd Robert A(1985)
Associate Professor, Communication; Ph.D., University of Oregon
- Rushing-Raynes Laura(1998)
Associate Professor, Music; D.M.A., University of Arizona
- Russell Dale(1995)
Professor, Chemistry; Ph.D., University of Arizona, Tucson
- Rychert Robert C(1975)
Professor, Biology; Ph.D., Utah State University
- Ryder Mary Ellen(1988)
Associate Professor, English; Ph.D., University of California, San Diego
- S**
- Sabick Michelle(2002)
Assistant Professor, Mechanical Engineering; Ph.D., University of Iowa
- Sadler Norma J(1973)
Professor, Literacy; Ph.D., University of Wisconsin, Madison
- Sallie Steven(1981)
Associate Professor, Political Science; Ph.D., University of Nebraska
- Samball Michael(1976)
Associate Professor, Music; D.M.A., North Texas State University
- Sanderson Irene(1994)
Associate Professor, English; Ph.D., University of Colorado, Boulder
- Sanderson Richard K(1971)
Associate Professor, English; Ph.D., New York University
- Sarin Shikhar(2002)
Associate Professor, Marketing and Finance; Ph.D., University of Texas at Austin
- Satterwhite Janet(1991)
Assistant Professor, Nursing; M.S., University of Maryland
- Saunders David(1996)
Associate Professor, Music; D.M.A., State University of New York, Stony Brook
- Schackel Sandra K(1989)
Graduate Program Coordinator and Associate Professor, History; Ph.D., University of New Mexico
- Scheepers Marion(1988)
Professor, Mathematics; Ph.D., University of Kansas
- Schimpf Martin E(1990)
Associate Dean, Program Coordinator Interdisciplinary Studies, College of Arts and Sciences, and Professor, Chemistry; Ph.D., University of Utah
- Schmitz Mark(2003)
Assistant Professor, Geosciences; Ph.D., Schoedinger Andrew B(1972)
Chair and Professor, Philosophy; Ph.D., Brown University
- Schooley-Pettis Diane(1989)
Associate Dean College of Business and Economics and Professor, Marketing and Finance; Ph.D., University of Colorado, Boulder
- Schrader Cheryl B(2003)
Dean and Professor, College of Engineering; Ph.D., University of Notre Dame

Boise State University Faculty

- Schrader Vivian(1997)
Associate Professor, Nursing; M.S., Idaho State University
- Schroeder Jeff D(1981)
Program Head and Senior Instructor, Recreational and Small Engine Repair Technology; A.A.S., Boise State University
- Sego Trina Ann(2002)
Associate Professor, Marketing and Finance; Ph.D., University of Texas at Austin
- Seibert Pennie S(1990)
Chair and Professor, Psychology; Ph.D., University of New Mexico
- Sener Joseph(1996)
Associate Professor, Civil Engineering; Ph.D., Northwestern University
- Serpe Marcelo(1998)
Associate Professor, Biology; Ph.D., University of California, Davis
- Severance Nancy(2001)
Instructor, Nursing; M.S., University of Arizona
- Shadle Susan(1996)
Associate Professor, Chemistry; Ph.D., Stanford University
- Shallat Todd A(1985)
Professor, History; Ph.D., Carnegie-Mellon University
- Shannon Patrick(1974)
Chair and Professor, Networking, Operations, and Information Systems; Ph.D., University of Oregon
- Shaw Joy(1998)
Standard Instructor, Nursing; B.S.N., Idaho State University
- Shimon Jane(2001)
Assistant Professor, Kinesiology; Ed.D., University of Northern Colorado
- Shinn N. Reed(1994)
Program Head and Interim Instructor, Drafting Technology; M.A., Harvard Graduate School of Design
- Shockley Rosemary(2003)
Standard Instructor, Child Care and Development; Ph.D., University of Idaho
- Shook Gary(1995)
Director, Environmental Health Program and Professor, Health Studies; Sc.D., Tulane University School of Public Health and Tropical Medicine
- Shuck Gail(2001)
Assistant Professor, English; Ph.D., University of Arizona
- Shurtleff-Young Cheryl(1978)
Professor, Art; M.A., University of Oregon
- Silva Charlotte(2000)
Assistant Professor, Special Education; Ph.D., University of New Mexico
- Simon Louis P(1998)
Assistant Professor, English; Ph.D., Loyola University
- Singletary Ted J(1989)
Professor, Curriculum, Instruction, and Foundational Studies; Ph.D., University of Illinois, Urbana-Champaign
- Sluder Stanley(1983)
Senior Instructor, Electronics Technology; B.A.S., Boise State University
- Smith Brent(1980)
Professor, Art; M.F.A., Utah State University
- Smith James F(1992)
Professor, Biology; Ph.D., University of Wisconsin
- Smith Kirk(1993)
Chair and Associate Professor, Marketing and Finance; Ph.D., University of Houston
- Smith William S(1973)
Professor, Physics; Ph.D., University of Wisconsin, Madison
- Smulovitz Anika(2003)
Assistant Professor, Art; M.F.A., University of Wisconsin
- Snow-Geron Jennifer(2003)
Assistant Professor, Curriculum, Instruction, and Foundational Studies; M.A., West Virginia University
- Snyder Walter S(1984)
Professor, Geosciences; Ph.D., Stanford University
- Spear Caille E(1996)
Associate Professor, Kinesiology; Ph.D., University of Arkansas
- Sperry David(1997)
Program Head and Advanced Instructor, Machine Tool Technology; M.Ed. University Idaho
- Springer Pamela(1989)
Chair and Associate Professor, Nursing; Ph.D., Idaho State University
- Stack James D(1984)
Advanced Instructor, Electronics Technology; M.S., New Jersey Institute of Technology
- Staley Orland Scott(1989)
Assistant Professor, Radiologic Sciences; M.A., Boise State University
- Starkey William L(2000)
Standard Instructor, Machine Tool Technology; B.S., Boise State University
- Steiner Stanley(1992)
Professor, Literacy; Ph.D., University of Wyoming
- Stewart Roger(1995)
Professor, Literacy; Ph.D., Purdue University
- Stephenson Dale(2003)
Director of Environmental Health and Assistant Professor, Health Studies; Ph.D., Colorado State University
- Stepich Donald(2002)
Associate Professor, Instructional & Performance Technology; Ph.D., Purdue University
- Stoffels-Sharpe Sharon(1998)
Associate Professor, Nursing; M.S.N., California State University, Dominguez Hills
- Stohr Mary K(1993)
Professor, Criminal Justice Administration; Ph.D., Washington State University
- Stroh Pam(2003)
Instructor, Nursing; M.A., Webster University
- Strong Janet(1973)
Orientation Librarian, Coordinator of User Services, and Professor, Library Science; M.L.S., University of Washington
- T**
- Tabor Sharon W(1998)
Associate Professor, Networking, Operations, and Information Systems; Ph.D., University of North Texas
- Taye John A(1975)
Professor, Art; M.F.A., Otis Art Institute
- Taylor Adrien P Jr(1977)
Coordinator of Reference Services, Library; Professor, Library Science; M.A., University of Denver
- Taylor Patricia A(1975)
Director of BSN Nursing and Professor, Nursing; M.S., Idaho State University
- Taylor Ronald S(1975)
Professor, Art; M.F.A., Utah State University
- Tennyson Stephen A(1995)
Professor, Mechanical Engineering; Ph.D., Wayne State University
- Thorsen Carolyn(1987)
Chair and Professor, Educational Technology; Ph.D., Utah State University
- Toevs Sarah L(2000)
Director and Associate Professor, Master of Health Science Program; Ph.D., University of Utah
- Tollinger Bonnie J(1976)
Program Head and Senior Instructor, Dental Assisting; Certificate, State University of New York
- Towle Mary Ann(1976)
Program Head, Senior Instructor, Nursing; M.Ed., University of Idaho
- Travis Darlene K(1989)
Assistant Professor, Radiologic Sciences; B.S., Idaho State University
- Traynowicz Laurel(1981)
Associate Professor, Communication; Ph.D., University of Iowa
- Trusky Tom(1970)
Professor, English; M.A., Northwestern University
- Turner Lee Ann(1996)
Associate Professor, Art; Ph.D., University of Pennsylvania
- Turrisi Robert(1995)
Professor, Psychology; Ph.D., State University of New York at Albany
- Twight Charlotte(1986)
Professor, Economics; Ph.D., University of Washington
- Tyson Liana L(1998)
Associate Professor, Music; D.M.A., Eastman School of Music
- U**
- Uehling Karen S(1981)
Associate Professor, English; M.A., University of California, Davis

 Assistant Professor, Music; D.M.A., University of
 Arizona

Wynn Geneva Sutter.....(2002)
 Assistant Professor, Theatre Arts; MFA, Florida State
 University

Y

Yeh Jyh-haw.....(2000)
 Assistant Professor, Computer Science; Ph.D.,
 University of Florida

Yenor Scott E.....(2000)
 Assistant Professor, Political Science; Ph.D., Loyola
 University, Chicago

Young Melinda.....(2001)
 Instructor, Computer Network Support Technology;
 B.S., Utah State University

Young Richard.....(1994)
 Chair, Gallery Director and Associate Professor, Art;
 M.F.A., Washington State University

Z

Zaerr Linda M.....(1987)
 Professor, English; Ph.D., Washington State University

Ziker John P.....(2003)
 Assistant Professor, Anthropology; Ph.D., University of
 California, Santa Barbara

Zirinsky Michael P.....(1973)
 Professor, History; Ph.D., University of North Carolina
 Chapel Hill

Zubik-Koval Barbara.....(2002)
 Assistant Professor, Mathematics; Ph.D., Adam
 Mickiewicz University

Boise State University Emeriti Faculty

Louise Weitman Ackley, Assistant Professor, English (1970-
2002)

Carmen Adams, Assistant Professor, Nursing (1993-2003)

John W. Allen, Professor, Physics (1971-2001)

Rudy A. Andersen, Chair and Associate Professor, Health
Studies (1993-2003)

Robert M. Anderson, Professor, Mathematics (1970-2002)

Charles W. Baker, Professor, Biology (1968-2000)

Ronald Baldwin, Program Head and Senior Instructor,
Welding (1978-2003)

Richard C. Banks, Professor, Chemistry (1968-2002)

John B. Barnes, President, Boise State University (1967-
1977)

Gwynn W. Barrett, Professor, History (1968-1992)

Wylla D. Barness, Professor, Psychology (1968-1992)

John Beitia, Professor, Teacher Education (1970-1985)

Elton B. Bentley, Professor, Geosciences (1977-1999)

John H. Best, Professor, Music (1947-1983)

Robert R. Boren, Professor, Communications (1971-1999)

Karen J. Bounds, Professor, Business and Office Education
(1973-1995)

Bill Bowman, Department Chair and Professor, Physical
Education (1969-1985)

Phyllis Bowman, Assistant Professor, Physical Education
(1969-1985)

Dale K. Boyer, Professor, English (1969-2002)

Jean C. Boyles, Assistant Professor, Physical Education
(1949-1957, 1962-1984)

C. Griffith Bratt, Professor, Music (1946-1976)

Susan Brender, Professor, Computer Information Systems
(1977-1998)

Alan P. Brinton, Associate Vice President for Academic
Affairs, Professor, Philosophy (1975-2000)

James R. Buchanan, Assistant Professor, Welding (1959-
1978)

Ralph Burke, Program Head and Senior Instructor,
Drafting Technology (1983-2003)

Clara Burtch, Associate Professor, Teacher Education,
Library Science (1969-1978)

Stephen R. Buss, Associate Professor, Theatre Arts (1979-
2002)

Sherman G. Button, Professor, Kinesiology (1977-2002)

Tom J. Cade, Director, Raptor Research, Professor, Raptor
Biology (1987-1993)

Erma M. Callies, Department Head and Counselor,
Vocational Student Services (1969-1985)

L. Jean Carey, Assistant Professor, Nursing (1970-2003)

Janet LaRae Mary Carlton, Senior Instructor, Business
Programs (1974-1998)

Loren Carter, Professor, Chemistry (1971-2003)

Garvin D. Chastain, Professor, Psychology (1978-2000)

Acel H. Chaburn, Professor, Education (1944-1977)

Marvin L. Clark, Professor, Computer Information Systems
and Production Management (1969-1993)

Conrad Colby, Chair and Professor, Respiratory Therapy
(1971-2003)

Doran L. Connor, Assistant Professor, Physical Education
(1966-1989)

A. Robert Corbin, Assistant Professor, Sociology (1968-
2004)

Robert Cornwell, Professor, Business Communication
(1969-1994)

T. Virginia Cox, Chair and Associate Professor,
Anthropology (1968-2003)

David Crane, Head Catalog Librarian (1969-1991)

E. John Dahlberg, Professor, Teacher Education (1970-
1989)

Norman Dahm, Chair and Professor, Construction
Management and Pre-Engineering (1953-1990)

Mary Dallas, Program Head, Senior Instructor, Practical
Nursing (1976-1989)

Jack L. Dalton, Professor, Chemistry (1958-1995)

Charles G. Davis, Professor, English (1964-2004)

Jerry P. Dodson, Professor, Psychology (1971-2003)

Dennis J. Donoghue, Professor, Political Science (1973-
2002)

Patricia Dorman, Chair and Professor, Sociology (1967-
2002)

Dorothy Douglas, Professor, Biology (1981-1998)

Richard R. Downs, Associate Professor, Counseling &
Testing Center (1976-2004)

Gerald F. Draayer, Professor, Economics (1976-2000)

Catherine Elliott, Professor, Music (1969-1997)

Wilber D. Elliott, Professor, Music (1969-1994)

Robert Ericson, Associate Professor, Theatre Arts, (1969-
1993)

Evelyn C. Everts, Associate Professor, Library Science
(1957-1977)

Marjorie Fairchild, Associate Professor, Library Science
(1966-1975)

David Ferguson, Associate Professor, Mathematics (1970-
1997)

Allan W. Fletcher, Professor, History (1971-2002)

Carol E. Fountain, Associate Professor, Nursing (1967-
1999)

E. Coston Frederick, Professor, Teacher Education, (1971-
1992)

Robert L. Friedli, Professor, Foundations, Technology, and
Secondary Education (1973-2002)

Albert Fuehrer, Instructor, Auto Mechanics Technology
(1965-1978)

Eugene G. Fuller, Professor, Biology (1967-2000)

Margaret Gourley, Advanced Instructor, Child Care and
Development (1977-1992)

James Haefer, Associate Professor, Engineering (1982-
1996)

Ralph W. Hansen, Associate University Librarian,
Professor, Library Science (1979-1989)

Richard L. Hart, Dean, College of Education and Professor
of Teacher Education (1977-1991)

Felix A. Heap, Professor, Art (1979-2003)

Robert A. Hibbs, Professor, Chemistry (1965-1990)

Ken L. Hill, Associate Dean, College of Education,
Professor of Teacher Education (1968-1991)

Ted H. Hopfenbeck, Associate Professor, Criminal Justice
Administration (1967-1995)

Gaye Hoopes, Associate Professor, Art (1978-2002)

Kenneth Hollenbaugh, Dean, Graduate College and
Research, Professor, Geosciences (1969-2002)

Madeline DeMory Hsu, Professor, Music (1971-1997)

Howard L. Huff, Professor, Art (1965-1999)

Robert B. Hughes, Professor, Mathematics (1971-2001)

Gail Ison, Professor, Psychology (1970-1990)

Paul R. Jansson, Senior Instructor, Center for
Manufacturing Technology (1982-2003)

John H. Jensen, Professor/Int. Assoc. Dean, Teacher
Education/Coll. of Education. (1969-2000)

George Jocums, Associate Professor, Modern Languages
(1973-1997)

Robert C. Juola, Professor, Mathematics (1970-2000)

John Killmaster, Professor, Art (1970-1997)

Jay A. King, Assistant Professor, English (1976-2002)

Louis J. King, Instructor, Auto Mechanics Technology
(1970-1985)

William Kirtland, Professor, Elementary Education and
Specialized Studies (1969-1995)

Leo L. Knowlton, Professor, Marketing (1965-1985)

Alfred J. Kober, Professor, Art (1968-1999)

Carroll C. Lambert, Professor, Elementary Education &
Specialized Studies (1977-2003)

Ellis W. Lamborn, Professor, Economics (1968-1989)

Max Lamborn, Instructor, Parts Counterperson (1972-1981)

Charles E. Lauterbach, Professor, Theatre Arts (1972-2002)

Richard (Rick) Leahy, Professor, English (1972-2003)

John Leigh, Jr., Instructor, Drafting Technology (1971-1983)

Ray Lewis, Associate Professor, Health, Physical
Education, and Recreation (1956-1994)

Mohan Limaye, Professor, Marketing & Finance (1993-
2003)

Joan Lingenfelter, Program Head and Instructor, Child
Care Services (1973-1988)

Hugh T. Lovin, Professor, History (1965-1992)

Briattha Lvkken, Associate Professor, English (1968-1994)

Tom MacGregor, Instructor, Civil Engineering (1990-1997)

D. Jean MacInnis, Program Head and Senior Instructor,
Dental Assisting (1962-1990)

Giles W. Maloof, Professor, Mathematics (1968-2000)

Darwin W. Manship, Professor, Business Communication
(1970-1991)

Constance Matson, Associate Professor, Nursing (1968-
1992)

C. Michael Merz, Professor, Accountancy (1974-1999)

Carroll Meyer, Professor, Music (1948-1985)

Charles Mikesell, Senior Instructor, Applied Technology
(Auto Mechanics) (1976-1995)

Florence M. Miles, Professor, Nursing (1955-1980)

Judith A. Murray, Associate Professor, Nursing (1990-2002)

Anne Marie Nelson, Associate Professor, Counselor
Education (1968-2003)

Boise State University Emeriti

Gary R. Newby, Professor, Physics (1966-2000)
Ross Nickerson, Assistant Professor, English (1969-1997)
David Nix, Associate Professor, Accountancy (1974-1999)
Fredrick J. Norman, Professor, Theatre Arts (1969-1994)
Donald R. Oakes, Associate Professor, Music (1966-1996)
Donald J. Obee, Professor, Botany (1946-1977)
Thomas E. Olson, Standard Instructor, Drafting (1975-1990)
David L. Oravez, Chair and Professor, Art (1964-1994)
Patricia K. Ourada, Professor, History (1962-1993)
Willard Overgaard, Professor, Political Science (1972-1994)
Neldon D. Oyler, Program Head and Standard Instructor, Horticulture (1966-1992)
Herbert D. Papenfuss, Professor, Botany (1967-1992)
Ethel Pearson, Associate Professor, Foundations, Technology and Secondary Education (1966-1994)
Louis A. Peck, Chair and Professor, Art (1955-1989)
Margaret Peek, Associate Dean, College of Arts and Sciences, Professor, English (1967-1987)
John L. Phillips, Chair and Professor, Psychology (1954-1989)
Gordon D. Pirrong, Professor, Accountancy (1979-2003)
C. Harvey Pitman, Associate Professor, Communication (1966-1994)
Glenn R. Potter, Associate Dean and Professor, College of Education (1986-2003)
David W. Rayborn, Associate Professor, Communication (1969-1996)
John Robertson, Associate Professor, Modern Languages (1974-1997)
Elaine C. Rockne, Director and Instructor, Health Information Management (1968-1986)
Michon Rozmajzl, Professor, Music (1986-1998)
Lynn Darnell Russell, Dean and Professor, College of Engineering (1998-2003)
Chaman L. Sahni, Professor, English (1975-2001)
Martin Scheffer, Professor, Sociology (1964-1997)
Gerald H. Schroeder, Professor, Music (1978-2000)
Duston R. Scudder, Professor, Marketing (1964-1987)
Carol Seddon, Associate Professor, Health Studies, (1979-2004)
Glenn E. Selander, Assistant Professor, English (1967-2002)
Melvin Shelton, Professor, Music (1968-1992)
Robert C. Sims, Professor, History (1970-1999)
Ramlaykha Singh, Professor, Foundations, Technology, and Secondary Education (1975-1995)
William G. Skillern, Professor, Political Science (1971-2000)
Charles L. Skoro, Chair and Professor, Economics (1983-2003)
Amy R. Skov, Professor, Art (1967-1995)
Frank Smart, Assistant Professor, Mathematics (1958-1981)
Donald D. Smith, Professor, Psychology (1967-1984)
Lyle H. Smith, Director, Intercollegiate Athletics, Professor, Physical Education (1946-1981)
Mark Snow, Professor, Psychology (1971-2000)
Claude Spinosa, Chair and Professor, Geosciences (1971-2003)
Frank W. Stark, Professor, Chemistry (1957-2000)
Harry L. Steger, Professor, Psychology (1972-1990)
Thomas E. Stitzel, Professor, Finance (1975-2000)
Lee W. Stokes, Professor, Environmental & Occupational Health (1988-2002)
Hilary G. Straub, Associate Professor, Nursing (1985-2003)
Robert Sulanke, Professor, Mathematics (1970-2002)
Joan A. Suedmeyer, Associate Professor, Elementary Education and Specialized Studies (1986-1995)
Bonnie J. Sumter, Advanced Instructor, Center for Health & Human Services, Horticulture Technology, & Culinary Arts (1978-2002)
Yozo Takeda, Professor, Mathematics (1968-1994)
John S. Takehara, Professor, Art (1968-1993)
David S. Taylor, Professor, Psychology (1972-1998)
Albert Tennyson, Instructor, Industrial Communications (1966-1977)
George L. Thomason, Associate Professor, Music (1971-1999)
Connie M. Thorngren, Associate Professor, Kinesiology (1970-2001)
Carl W. Tipton, Associate Professor, Management (1965-1980)
JoAnn T. Vahey, Accreditation Coordinator, Professor, Nursing (1973-1995)
Luis J. Valverde, Professor, Languages (1965-1992)

Warren L. Vinz, Professor, History (1969-2002)
Charles Waag, Professor, Geosciences (1981-1998)
Larry L. Waldorf, Associate Professor, Marketing/Management Technology (1970-2002)
William B. Warberg, Associate Professor, Computer Information Systems and Production Management (1977-1994)
Frederick R. Ward, Professor, Mathematics (1969-2002)
Mont M. Warner, Professor, Geosciences; (1967-1984)
Donald L. Wertman, Senior Instructor, Machine Tool Technology (1979-2000)
Marguerite Wilcox, Associate Professor, Nursing (1972-1991)
Edwin E. Wilkinson, Dean, Student Special Services, Professor, Psychology (1958-1992)
Marjorie Williamson, Associate Professor, College of Technology (1967-1997)
