Although this file was scanned from the highest-quality microfilm held by Boise State University, it reveals the limitations of the source microfilm. It is possible to perform a text search of much of this material; however, there are sections where the source microfilm was too faint or unreadable to allow for text scanning. For assistance with this collection of student newspapers, please contact Special Collections and Archives at [archives@boisestate.edu](mailto:archives@boisestate.edu).

## College Rejoices Over U. S. Grant For Landscaping

Beautiful shrubs, lawns, trees, sidewalks and a winding road have all been made possible for Boise Junior college by the \$63,049 which was granted by the United States government.

United States Senator D. Worth Clark made the announcement of receiving the money in the following telegram to President Eugene B. Chaffee: "Glad to advise president has approved WPA project No. 40115 to improve grounds of Boise Junior College district. Amount \$63,049.

### West End First

This money will be used entirely for the landscaping of the new B. J. C. building site. Without this money it would have been impossible to do any extensive improving upon the grounds. The west end will be the first to be developed. There will be very little done to the eastern portion at present.

Charles M. Davidson, landscape architect from Sun Valley, has been loaned by the Union Pacific. He arrived in Boise this week and is lining up and working out a plan for the architectural arrangement.

### Surfacing Needed

President Chaffee said that it would be necessary to bring in new surface dirt before any landscaping can be done. He acknowledged the help that many of the business agencies in town are giving in this project.

According to President Chaffee it is very unlikely that any tennis courts will be built on the campus this year. However it is possible that we will have them next year.

## Orchestra Gives Concert

Music lovers of Boise enjoyed a concert last Wednesday evening, given by the College orchestra and ensemble.

Included on the program were Overture to Titus by Mozart, Beethoven's 1st Movement from Symphony No. 2; Waltz and Lullaby by Brahms, from Petite Suite, Debussy; Praeludium by Jornerfelt and Beethoven's highly acclaimed Overture to King Stephen.

The ensemble added their part with Come Along and Dance, by Noel Pennington, Confidant by Hewitt and Astrid and Her Ten Sutors, Wendt, in which the solo was taken by Miss Jane Harris.

The orchestra was directed by J. L. Strachan and the ensemble by Mrs. Lucille T. Forter.

## Food In Plenty Fills Bill of Ideal Luncheon

"Pass the cake and give me some chocolate," chorused some of B. J. C.'s fairer co-eds one Monday noon. "I want some potato salad, and how about some of the olives?" was the conversation of Eleanor Eakin, Francis Matthews, Betty Taylor, Lois Malnati, Eleanor Vogel, Bernice Heisner and Virginia Peterson. Pots and pans were borrowed from Mrs. Ronald M. Power, dean of women, and the girls made up a delicious luncheon.

## A Cappella Choir Awaits An Intresting Future

"An interesting future awaits the junior college a cappella choir," says Mr. James L. Strachan, director.

February 28, the group of 50 will sing at the Lutheran Church. March 1, will see them visiting Emmett, Fruitland and New Plymouth, at which towns concerts are to be given.

March 19 is the date on which Boiseans may witness the spectacle of the combined choirs of the University of Idaho and junior college. This collegiate performance will take place at St. Michael's cathedral.

Members of the choir are eagerly awaiting April 1, when the spring trip will be taken into Southern Idaho to Pocatello. Twin Falls will be one of the towns visited.

## College Quintet May Enter A. A. U. Tourney

Idaho's first American amateur basketball tournament will be held at the Y. M. C. A. and high school gymnasiums February 29 through March 2, of which B. J. C. quintet will have a chance to enter.

The winner will journey to Denver to play in the national tournament.

President Eugene B. Chaffee stated that the Broncos would have to win half of their remaining games before they could enter the tournament.

The tournament will consist of 24 teams, 16 of which are to be independent and eight college. The college teams who will be invited include Boise Junior college, College of Idaho, Northwest Nampa Nazarenes, Weiser Institute, Albion Normal, Idaho Southern Branch and Ricks college. Lewiston Normal will be invited to make the eighth entry.

## Tennis Club Gets Emblems

Tennis club emblems are here, and those receiving emblems are Jim Linn, Mary Ertter, Barbara Bilderback, Rita Weber, Rosemary Reed, Alice Power, Nat Adams, John Lejardi, Don Bergquist, Julia Uberuaga, Howard Copenhagen, Tom Barber, Dick Olson, Ervin Talbot, Glen Davis, Dr. Francis Haines, Bud Davis, Jay Collins, Bud Blaine, Francis Clark, Betty Taylor, Winona Ellis, Marguerite Collins, Wayne Moulton, Kay Werry, Bettina Kroeger, John Faught, Lee Harter, Betty Lough, Rosie Uranga, Joe Gough, Bill Richards and Barbara Green.

Tennis members have had one practice in the gym, and will practice on Tuesdays at 4 from now on. Dr. Haines is coach.

## B. J. C. Victorious Over College of I. Coyotes

Boise Junior college Broncos trounced the College fo Idaho hoopers for the second time with a score of 47 to 37 at the high school gym last Tuesday night. The first half of the basketball game kept the crowd in an uproar as first one team and then the other would sink shots into the basket to keep the score close.

At the beginning of the second half of the game the Broncos showed marvelous team work, and they took an early lead which they kept throughout the remainder of the game.

## Executive Board Meets

Dee Anderson, freshman representative on the executive board, made a motion at the last meeting, February 10, 1940, that \$22.60 be appropriated to the Music department for expenses of the choir and orchestra.

Bob Day, treasurer, moved that \$2.50 be appropriated to the Tennis Club for the purchase of stamps and stationery to use in corresponding with other schools for arrangements of tennis matches.

## 'Chinker' Checkers, Cards, Games to Feature Party

### Catalog Sent To Printers

Copy for B. J. C.'s 1940-41 catalog will be sent to the printers late this week, Miss Virginia Leach, office secretary, announced Tuesday.

The catalog has been totally revised for the coming school year, Miss Leach revealed. New changes in courses and curriculum to better cope with the expected enlargement of the student body are being made.

Details of the new campus and building will also be included in the catalog.

## Winona Ellis Newly Elected Valkyrie Pres.

Winona Ellis, sophomore, won the election for president of the Valkyrie Club at the weekly meeting Thursday, February 15. Other officers elected were Elise Smith, vice president, and secretary-treasurer, Jane Heisner.

The retiring officers were Bettina Kroeger, Jackie Mitchell and Helen Marr Archibald.

## Expenses Announced For The Yearbook

Le Bois will cost \$1837 this year, according to estimates announced by Glen Davis. This money is raised by the sale of books, by advertisements, and from the Student Body Funds. Of this sum, \$1059 would go for engraving, but if the book is sent in at an earlier date this price will be reduced to \$775; \$200 will be spent for photography, \$803 for covers, binding and printing and \$50 for miscellaneous.

If the Student Council will grant \$1300 no organization will be taxed but if this grant is cut, the clubs will have to pay for their cuts.

Seventy dollars was saved on the photography by having the students do it, and printers and engravers are greatly pleased with the excellent work being done by our photographers.

## Stroup Selected As Passage Girl

Miss Eileen Stroup, Boise Junior college freshman, was announced state winner of the "Northwest Passage Girl" contest today by the Boise Capital News, sponsor of the contest.

Miss Stroup was selected because she most nearly resembled Ruth Hussey of the M. G. M. epic "Northwest Passage" for the privilege of being official hostess at the world premiere in Boise Tuesday evening.

She wore the costume worn by Miss Hussey in the picture at the premiere to greet the stars and presided over the entertainment planned for the day.

The fifty-eight girls who competed in the contest were judged on their appearance, general figure measurements, charm and grace. Runner-up was Miss Vivian Gullickson, and Miss Frances Clark won third place.

## FUN FEST IS PLANNED

### Varied Program Planned to Give Every Student Chance To Have Good Time

Fun and frolic for every B. J. C. student are planned for Saturday night in the Talbot gymnasium in the first game party of the school year, announced Dolly Bates, general chairman, this week.

The idea is, she explained, that some students don't dance but maybe they play cards; or maybe they don't play cards but like some other kinds of games. So, there'll be something for everybody and a lot of fun for all.

### Games Varied

"If you're a whiz at Chinese checkers, for instance," said the chairman, "you'll have a chance to match your wits with the best 'Chinker checkers' players the college has. If you take like a duck to the Professor Quiz idea, there'll be a chance for you to shine."

One thing is sure, somebody is going to win the door prize and it will be worth winning, declared sponsors of the party.

### Committees Named

Jim Thrailkill will be master of ceremonies.

Other committees are Jackie Mitchell and John Regan, game chairmen; Joe Gough and John Lejardi, prizes; Dorothy Montgomery and Barbara Green, cards and tables; Dorothy Daniel and Rita Weber, refreshments; Jim Thomas and Eldred Renk, entertainment; Marie Myers, publicity.

Mr. Calvin Emerson and Mrs. Mary T. Hershey will be chaperones.

There will be refreshments.

## Nampa Nazarenes Defeat Broncs In Return Game

With big Earl Mosteller leading the way the Nampa Nazarenes hoopsters fought off the scrappy Boise Junior College cagers at Nampa Saturday night with a 37-to-32 victory to even the score for their Friday night defeat at the hands of the Broncos.

It was a nip-and-tuck game all through the first half with the score being tied three times. There was never more than a four-point difference with the Broncos leading most of the way.

Mosteller started hitting the hoop in the last half and paced his team through the remainder of the game. It was a fast clean game throughout with neither team losing a man on fouls.

Earl Mosteller walked away with high scoring honors—18 points. Jack Kelly, aggressive guard, playing under the strain of a severe cold, and Darrel Parente paced the Boise Broncos with 10 tallies apiece.

Canning, Gray and Kelly can be given credit for their fine floor work and accurate passing.

## No Parking In Front Of Clinic

President Eugene B. Chaffee requests all students to refrain from parking on First street and on Bannock street in front of the Clinic.

Miss Eileen Stroup, "Northwest Passage Girl," and Alan Curtis, M. G. M. star.

(Cut courtesy of Boise Capital News)

### German Students Will Present Play

First year German students will hunt deer out of season on the night of March 9 when the curtain ascends on the annual German play, "Die Sonntagjager" or "The Sunday Hunters," in the L. D. S. tabernacle on Main street.

Don Howard who will step into the character of Herr Hirschtoter, and Robert Davidson as Herr Barenfeind are two amateur hunters who never hit anything but always arrive home with plenty of game (gotten at the meat market).

#### Carver Plays Elmer

Diana, Harriet Thomas, is Herr Hirschtoter's daughter. She loves Elmer, Monroe Carver, but unfortunately Papa Hirschtoter does not like Elmer because he makes fun of him. But when Elmer promises to drive the deer where Hirschtoter can shoot it, his heart softens.

Hirschtoter is also opposed to the marriage of Heinrich, Eldred Renk, to his ward, Trudchen, better known as Emily Foster, because Heinrich has made fun of his hunting too.

Barenfeind and Hirschtoter start out on their hunt, but Barenfeind shoots at a rabbit and hits his own dog. In the meantime, Gottfried and Hans, Robert Monk and Jimmy Sales, put up a little job on the wouldbe hunters. They pretend Hirschtoter has shot Hans and held him up for money.

#### Hunters Lose Guns

Then they get into more trouble by getting on the wrong hunting preserve and Heinrich takes their guns. Martha, Harriet Westfall, who is Trudchen's mother, claims Hirschtoter shot her cat. She jumps all over him and says Trudchen shall marry Heinrich to spite Hirschtoter.

About this time the two hunters see wild stags approaching and climb a tree for safety. The stags turn out to be horses. Elmer and Heinrich rescue them from their predicaments and are allowed to marry the girls.

Helen Marr Archibald plays the wife of Herr Hirschtoter. Joseph Kannegeard, Jeanne Steel, Joyce Rowell are Friedrich, Anna and Rosine, servants.

### Dr. Chenoweth Speaks At Lincoln's Assembly

Boise Junior College celebrated Lincoln's birthday last Monday with several numbers from the a cappella choir. Lois Malnati, vice president of the freshman class, opened the assembly by asking President Eugene Chaffee to introduce the main speaker, Dr. Chenoweth, head of the department of philosophy at Moscow, Idaho.

Betty Jane Qualey played a violin solo, accompanied by Jackie Mitchell. The choir sang the concluding selection of the assembly, with Jane Harris singing the solo.

#### Cameras Clicked Pictures Last Week For Les Bois

Cameras clicked on freshmen and sophomores last week as pictures for the Les Bois were taken. Glamour girl poses were effected and Barrymore profiles attempted.

Some students were disappointed with the results, but others were surprised and delighted. A few thought that smiling for the birdie was equivalent to having their wisdom teeth yanked out.

In spite of the painfulness, however, no fatalities have been reported, and the representations of Boise Junior College students in the yearbook will be close to the 400 mark.

### Coach Jacoby As "The Eye"

Harry Jacoby, Boise Junior college coach also known as "The Eye," entertained himself and several students by staring into the eyes of Leonard Robinson, who was playing a vicious game of ping pong with Stan Jones. It wasn't long before Leonard was under the influence of "The Eye" and he played a hard fought but losing game with Stan Jones—thanks to "The Eye."

### Banister Proved To Be No Help When Needed

Alas! Our sacred institution is gradually falling apart. Olive Gorsline, in a frantic effort to prevent a stair-falling catastrophe, grabbed for a banister spindle. To her amazement and horror, instead of helping her, it accommodated her by coming off.

The evidence of this accident can be seen if you go to the third floor. There you will see a banister spindle bandaged in friction tape. DON'T GRAB THAT ONE!

### New Classes Are Started

"Great Books," a new course being offered to English students, is at the present the most informal class on the B. J. C. campus. It is under the instruction of Mrs. Hatch.

The class convenes Monday, Wednesday and Friday at 10 o'clock, and is a 3-credit course. Helen Marr Archibald, Alice Oppenheim, Mimie Laughtery, Elise Smith, Barbara Green, Carmelita Leonardson, Dorothy Jean Baker and Bill Knight are the only students enrolled in the class and they all say "It's plenty Okay."

"Where were you born, my fine little man?"  
"Ireland."  
"Why?"  
"To be near my mother, you imbecile."—The Pup Tent.

Boyd Moore, tennis player for B. J. C. in '35, is attending University of Idaho, Moscow.

### Speeches In Radio Class Delivered By Safety Men

Facts in safety were delivered by Eldon E. Beck and C. E. Tappen, safety men employed by the Idaho Power company, last Tuesday to the radio class.

Beck stated, "More deaths and serious illnesses are caused by shock than by any other accidents." Beck and Tappen gave a demonstration of applying artificial respiration and asked that by next Friday the class will be able to report that they have learned to apply artificial respiration 100 per cent.

"The deaths caused by electrical shock in the power company are the result of not applying artificial respiration in time," stated Beck. He also stated, "Seventy-five per cent of those injured are saved by applying artificial respiration before three minutes, 60 per cent before four minutes and 30 per cent before five minutes."

### Students Rejoice Over Washington's Birthday

B. J. C. students were not required to come to classes all day on Washington's birthday, Thursday, February 22. Many freshmen students rejoiced for having a holiday on this date so that they could put the finishing touches on their English research papers which are due next Monday.

A number of B. J. C. students went on ski trips to nearby hills. Some students worked during the holiday; the majority probably stayed in bed later than usual and made it a day of leisure.

### Chinese Musical Sounds Found In New Volumes

"Chinese believe there are eight different musical sounds in nature: the sound of skin, stone, metal, baked earth, silk, wood, bamboo and gourd."

This is only a sample of interesting information to be found in the library's new 10-volume encyclopedia of Modern Music and Musicians presented by Mr. James L. Strachan.

The volumes are divided into sections, each having different information. The first three volumes are on the theory of technique, history and opera of music. The rest of the volumes are piano compositions. The original price was \$50.

Each of these symbols have been fashioned into instruments characteristic to the Chinese; the stone to cymbals; metal to bells, baked earth to horns, wood to castanets, bamboo to flutes and the gourd into mouth-organs.

### Emotional Stability Of B. J. C. Students

Are girls more emotional than boys? This question was the basis for a psychology experiment in lab last Saturday.

Two types of personality tests were given. Type S referred to self-efficiency or independence. Type C measured self-confidence.

Polly Kroeger scored the highest in Type S with a score of 18 points out of 25. This test indicated that she had a tendency to do things alone rather than with others, solve problems by herself and endure her troubles alone rather than seeking help or sympathy. Others scoring high were Bernice Heisner, Barbara Blumenaue, Katherine Long, Lois High, Florence Thompson and Lawrence Brant.

Loren Bush and Genevieve Grant scored the lowest, with four points, indicating a tendency to work with other people, and to ask for assistance in solving problems. Others scoring low were Barbara Bilderback, Grace Newman and Kay Ash.

Jim Linn and Lawrence Brant made the highest point, 21 out of a possible 25. This indicates that they are sure of themselves, confident of their abilities, and not injured by criticism. Bernice Heisner, Jim Thomas, Genevieve Grant, Melvin Wymer, Florence Thompson, Polly Kroeger, Katherine Long, Alice Oppenheim, Lois High and Olive Gorsline were high-point scorers. Alice Power received the lowest score, five. This meant that she had a tendency of being inferior, incapable, sensitive to criticism and avoided public appearance.

### Engineers Club Watch Interesting Experiments

Last Friday afternoon members of the Engineers' club met at the state materials laboratory. Various experiments performed by the men in charge of the lab proved to be highly interesting to the members of the club. A steel rod was pulled apart to test its strength. Another experiment performed for the club members was the crushing of a concrete block.

### Topic Of Discussion For Town Meeting Assembly

Gene Frazier made a resolution at the last Forensic club meeting to be the topic of discussion at our next town meeting assembly.

The question was whether or not students are going to allow any person or organization the propriety of asking donation from the student body without discussion and proper representation relating specifically to the incident of Finnish relief.

Arthur Mink, chairman of the forum, announced that the forum discussion Tuesday night, sponsored by the Forensic club, would be Should Government Take Over Railroads.

### B. J. C. Forensic Club Admits New Members

The Forensic Club of B. J. C. has just admitted three new members. They are Kay Werry, Perry O'Neill and Bob Dewey. With the addition of these members the Club now has a membership of approximately twenty-five.

Under the direction of Jim Thomas the club is going to put on an old-fashioned meller-drammer. This dramatic production will start rehearsals in the near future. The cast is open to any Junior College student.

The mock trial of the Forum Club of the High School for which the Forensic Club is to act as a jury was postponed until next week because of the premiere and the Caldwell game.

## Boise Junior College Defeats Nampa In Overtime Game

Darrell Parente hit the basket for the only field goal of the overtime period to give the B. J. C. Broncs a 39-to-37 win over the Nampa Nazarenes Friday night in their first overtime game of the current season.

Harland Storey, rangy forward, started the scoring by making a one-handed shot from the corner, when the game was only thirty seconds old. Stan Jones followed up with a pivot shot. Here the Crusaders through the efforts of Powell and Mosteller with two counters a piece, gained the lead.

The junior college quintet suffered a severe blow when their high-scoring center, Stan Jones, was forced to leave the game on fouls early in the second half.

The Nampa cagers kept the lead throughout most of the game. With less than five minutes left, the Broncs tied the score at 32 all. Again the Crusaders pushed ahead with a basket by Powell and a free throw by Mosteller, but Parente looped one in from the side and Storey sank a free throw to tie up the regular game at 37 all.

High scorer of the game was Powell of N. N. A. with 17 points. Parente led the B. J. C. team with 15 counters.

### Parente Loses Candy; Canning Rides 700 Miles

Questions to ask basketball players on how they spent their time on the last trip to McCall, Lewiston and LaGrande.

**Parente**—Where the box of candy went he got for his high school flame?

**Jones**—What he did in Lewiston and why?

**Storey**—What he did to Jones' hat and why?

**Kelly**—Where he got his cold?  
**Wildman**—Who was the blond he dated?

**Gray**—Why the team was late in leaving Pendleton?

**Canning**—Why he took so long to ride 700 miles.

**Ettles**—What he did before the game at LaGrande?

**Robinson**—What he hid in the snow at McCall and went off and left?

**Talbot**—Why he isn't speaking to women?

**Dr. Francis Haines**—Ask him his newly acquired name.

### Getting Stuck In Mud Isn't Alibi This Time

This is one time when that old alibi of getting stuck in the mud was really the case with John Fought.

About two o'clock in the morning following the A. W. dance a group of B. J. C. students was found stuck in the mud on a lonely hillside not too far from Boise.

It sounds fishy to us because if reports are true, the road was paved. Lee Harter and Johnny got their gal friends, Bernice Heisner and Eleanor Vogel, home, but they used almost a half a tank of gas trying to get out.

If Johnny told you he stayed up till 5:30 o'clock to work on an accounting problem don't believe him, because it was about that time before he got home.

**Roche Bush**: My girl is trying to reduce but isn't succeeding very well.

**Jim Thrallkill**: Tell her to have faith. Remember, faith will move mountains.

**Roche Bush**: You may have seen mountains, but you've never seen my girl.

### Bob's Black Eye Explained

That black eye that Bob Day is sporting these days wasn't the result of running into a door—or a fight with his girl friend—it was a product of a hard fought basketball game in the gym the other day during gym class. It seems that Bob ran into the elbow of Henry Warwick during an exciting period of the game and the black eye was the result. At least that is the story circulating around B.J.C. and Bob swears it's true.

### Broncs Win Two Basketball Games

Paced by Stan Jones and Darrell Parente, the B. J. C. Broncs basketball team returned home Sunday afternoon, February 11, after a successful road trip, winning two out of three games.

McCall, being Boise's first stop, was beaten by the Broncs, 39 to 29. Parente was high point man with 12 tallies. Jones was close behind with 10 counters.

The Broncs took the Lewiston Loggers right in stride, 47 to 41. Again Jones and Parente were high scorers, both making 16 points.

Eastern Oregon Normal proved to be a stumbling block for the B. J. C. Broncs, beating them 61 to 41. The Broncs were sparked by Jones and Parente, making 20 points and 11 points, respectively.

These two constantly sparked the team throughout the whole trip. Jones, a stellar center, rang up a total of 48 points in three games and was followed up close by Parente's 39 points.

### ALUMNI

Edna Mae Fox '38, having completed a course at Boise Business University, is now employed at the Electrical Products company in Boise, where she is stenographer and commercial artist. Her brother Don is now attending the University of Idaho, where he is a junior.

Aileen Foster, ex-'38, who, after completing a course of study at B. J. C., attended Link's school of business, acquired a position with Consolidated Freight Lines, a Boise company. Shortly afterward she resigned to accept a stenographic job with United Air Lines at Los Angeles, where she is now living.

Two former B. J. C. students are working on their Ph. D. degrees at the present time, both having been graduated at the University of Idaho. Bill Jorgensen, '35, is at University of California, and Loren Strawn, '34, is in Seattle, after having taught for one year in North Dakota. Both were Phi Bet's.

Stanford University has had several B. J. C. alums, among whom are James McClary, George Doerr (both of the class of '36), and Albert Bush, president of junior college student body in 1937. Valborg Kjosness, also attending Stanford, has made an enviable scholastic record there, consistent with her accomplishments in that line here.

Bill Piedmont, '37, is now at the U. of Idaho, Moscow, and is continuing his good pace in football.

Cliff Anderson, '37 is with Morrison-Knudsen Construction Company.

(Cut courtesy of The Statesman)

### Regan Meets Movie Stars

John Regan, except for Eileen Stroup, Idaho's Northwest Passage girl, undoubtedly is the best informed B. J. C. student on the actions and appearance of the M. G. M. stars who attended the "Northwest Passage" premiere Tuesday night.

John attended a party after the premiere given in honor of the stars at the home of Mrs. Margaret Cobb Ailshie, owner of The Idaho Daily Statesman.

The most beautiful star in John's opinion was Miss Ilona Massey.

And there was the tenor who sang "Now I Lay Me Down to Sleep" just before the sermon.

There is nothing like alcohol to take the veneer off a person.

### Les Bois Picture Taking Is Like Pulling Teeth

Ivar Holliday and Allen Campbell think taking pictures of clubs for the Les Bois is like pulling teeth. And how they can keep straight faces when they get ready to flash the bulb is more than I can see because to me it is one of the funniest sights in the world to see a whole room full of guys and gals posing for their picture.

## CO-OPERATION

### YESTERDAY AND TODAY

Today the Old Oregon Trail is paralleled by lines of the Idaho Power Company, different in character—but dedicated to a similar purpose. "Working together" is still the keynote of the Snake River Valley. For nearly 25 years Idaho Power has played its part with the other forces that have developed this region. Rates have been reduced, service improved, the benefits of Cheap Electricity extended to the entire territory. Idaho Power has been a leader rather than a follower in doing its share.

**IDAHO POWER**  
Electricity... Does So MUCH—Costs So LITTLE!
