

Using the definitions that follow identify seven pairs of longer switchables that do not employ the D/R transposal. The first five pairs are seven letters per word, the sixth pair eight, and the seventh pair nine:

1. fasteners/a small carrying bag
2. hair style detail/something that provokes excitement
3. an athletic jersey or undershirt/causes a thrilling sensation
4. wastes time/rushed forth
5. shrinks/sexual enticer
6. becomes steadily smaller/obtained something fraudulently
7. confers dignity upon/meant

Their identities can be found in Answers and Solutions.

A POEM

SIR JEREMY MORSE
London, England

NATURAL ORDER

The quaking jungle
Becomes a zone
Of unvexed order
When the lion preys –
 A buck dies fighting;
 Jackals moan;
 Opaque forest
 Curves in waxy haze.
