## ME 'N ANNA KARENINA .....LIVIN' IN THE FAST LANE .....

## Radley Gomez Metzger

I was just nineteen and sort of dumb when Anna came along wearing white polyester shorts and a quiana top made for slipping off

Cheri had split town, for sights unknown' and leaving this place with a bad rep and an aroma of cheap perfume from K-Mart

So Anna and I we get it on behind the desk and up the creek Sometimes we left in the afternoon to explore the broom closets

Anna's got a husband in Cuhayoga County and a kid in Reform school but I don't care I've got rhythm

So Anna makes hay and I sow oats. And we get our daily quota of fiber Real good for our systems

I was twenty when Anna went back to her cross-eyed lover on the other side of the tracks I cried her a river
