

# GUN CONTROL: A SELECTIVE BIBLIOGRAPHY

JOHN J. HASKO\*

A bibliography on gun control is, by the nature of its subject, interdisciplinary in coverage. Consequently, although the following bibliography gives primary consideration to materials dealing with legal and criminological aspects of gun control issues, it also includes materials from the other social sciences, journals of opinion, and additional sources. Because gun control is an issue that gives rise to strong emotions, the bibliography also contains a sampling of writings from advocates and opponents of stricter gun control legislation.

The bibliography includes material published between 1975 and 1984. Four earlier bibliographies cover material from before 1975; all but Dardick's have some overlap with the current effort:

Cook, Earleen H., and Joseph Lee Cook. *Gun Control and the Second Amendment* (Public Administration Series, bibl. no. P554). Monticello, Ill.: Vance Bibliographies, 1980.

Dardick, Nathan. *A Comprehensive Bibliography on Gun Control*. Chicago: University of Chicago, Center for Studies in Criminal Justice, 1972.

Ray, Marla Wilson. *Firearm Use in Violent Crime: A Selected Bibliography*. Rockville, Md.: Department of Justice, Law Enforcement Assistance Administration, National Institute of Law Enforcement and Criminal Justice, 1978.

Wright, James D., Huey-tsyh Chen, Joseph Pereira, Kathleen Daly, and Peter H. Rossi. *Weapons, Crime, and Violence in America: An Annotated Bibliography*. Washington, D.C.: National Institute of Justice, 1981.

Public interest in gun control issues also has generated several recent symposia on the subject:

"Firearms and Firearms Regulation: Old Premises, New Research." *Law and Policy Quarterly* 5, no. 3 (1983).

"Gun Control." *The Annals of the American Academy of Political and Social Science*, no. 455 (1981).

"Second Amendment Symposium: Rights in Conflict in the 1980's." *Northern Kentucky Law Review* 10, no. 1 (1982).

"Symposium on Firearms Legislation and Litigation." *Hamline Law Review* 6, no. 2 (1983).

Individual articles from the symposia are listed below in the Articles section of the bibliography.
